(b) Prior to admission to either student teaching under any professional preparation program approved by the commission, or participation in a field experience program as described in Section 44324, a candidate for a credential shall obtain a certificate of clearance from the commission which shall be issued when the commission has verified the candidate's personal identification and health status. Article 3.5. Amendment of Birth Certificate to Delete Racial Slurs

10425. The purpose of this article is to provide a remedy for correction of birth certificates which contain entries regarding race or color which, in the opinion of the registrant, constitute racial slurs or are otherwise offensive.

10425.5. Any person who was born in this state and whose birth is registered in this state may apply to the State Registrar for the establishment and issuance of a new birth certificate and the sealing of the original if the person certifies that the entry or entries in the original birth certificate regarding race or color contain a term or terms which in the opinion of the registrant, constitute racial slurs or are otherwise offensive. The application shall identify the offensive terms to be deleted and indicate the proper entries for race or color to be substituted. The determination as to whether the entries to be deleted are offensive shall be left to the judgment of the applicant and the State Registrar shall give deference to that determination.

10426. Upon receipt of the application and payment of the required fee, the State Registrar shall establish a new birth certificate for the person.

10426.5. The entry for race or color in the new certificate shall be as indicated in the application. No reference shall be made in the new birth certificate that it is not the original birth certificate of the registrant. The new birth certificate shall supplant any birth

certificate previously registered for the registrant and shall be the only birth certificate open to public inspection.

10427. The State Registrar shall transmit a certified copy of a birth certificate newly established under this article to the registrant without additional charge.

10427.5. When a new birth certificate is established pursuant to this article, the State Registrar shall inform the local registrar and the county recorder whose records contain copies of the original certificate, who shall forward the copies to the State Registrar for filing with the original certificate, if it is practical for him or her to do so. If it is impractical for him or her to forward the copy to the State Registrar, he or she shall effectually seal a cover over the copy in a manner as not to deface or destroy the copy and forward a verified statement of his or her action to the State Registrar.

SEC. 2. Section 10613 of the Health and Safety Code is amended to read:

10613. A fee of eleven dollars ($11) shall be paid to the State Registrar by the applicant for an amendment to a birth, death, or marriage record under provisions of Articles 1 (commencing with Section 10400), 3 (commencing with Section 10420), and 3.5 (commencing with Section 10425) of Chapter 8, except for those amendments which are filed within one year of the date of occurrence of the event.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. [Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Our nation and state owe a great debt to those men and

women who have honorably served their country, often at great personal risk and cost, in the armed forces.

(b) Upon discharge, disabled veterans must make an often difficult readjustment to civilian life.

(c) California's disabled veterans are a valuable resource whose development should be encouraged and enhanced for the benefit of the entire state.

(d) Small businesses are a powerful source of economic growth, jobs, and new products.

(e) Small businesses owned and operated by disabled veterans should be encouraged by state government.

SEC. 2. Section 14838 of the Government Code is amended to read:

14838. In order to facilitate the participation of small business in state procurement and in construction contracts under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts.

(b) Provide for small business preference in construction or the procurement of goods where responsibility and quality are equal. The preference to small business shall be 5 percent of the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars ($50,000) for any bid, and the combined cost of preferences granted pursuant to this chapter and any other provision of law shall not exceed one hundred thousand dollars ($100,000). In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

(c) Give special consideration to small businesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.

(f) Except as provided in Sections 10392 and 10398 of the Public Contract Code, small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall

business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. In the event of a precise tie between the low responsible bid of a bidder meeting specifications of a small business, and the low responsible bid of a bidder meeting the specifications of a disabled veteran-owned small business, the contract shall be awarded to the disabled veteran-owned small business. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).

SEC. 3. Section 14838.6 is added to the Government Code, to read:

14838.6. (a) For purposes of this chapter, "disabled veteran-owned small business" means a small business concern which is all of the following:

(1) At least 51 percent owned by one or more disabled veterans.

(2) Managed by, and the daily business operations are controlled by, one or more disabled veterans.

(b) For purposes of this section, "disabled veteran" means a person to whom both of the following apply:

(1) The person has served in the United States Air Force, Army, Navy, Marine Corps, or Coast Guard in time of war, or national emergency declared by the President of the United States of America, and who has been discharged or released under honorable conditions.

(2) The person is currently declared by the United States Veterans Administration to be 10 percent or more disabled as a result of service in the armed forces.

CHAPTER 612

An act to amend Section 65943, as amended by Section 3 of Chapter 985 of the Statutes of 1987 of, and to repeal Section 65943, as added by Section 4 of Chapter 985 of the Statutes of 1987 of, the Government Code, relating to development projects.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 65943 of the Government Code, as amended by Section 3 of Chapter 985 of the Statutes of 1987, is amended to read:

65943. (a) Not later than 30 calendar days after any public

agency has received an application for a development project, the agency shall determine in writing whether the application is complete and shall immediately transmit the determination to the applicant for the development project. If the written determination is not made within 30 days after receipt of the application, and the application includes a statement that it is an application for a development permit, the application shall be deemed complete for purposes of this chapter. Upon receipt of any resubmittal of the application, a new 30-day period shall begin, during which the public agency shall determine the completeness of the application. If the application is determined not to be complete, the agency's determination shall specify those parts of the application which are incomplete and shall indicate the manner in which they can be made complete, including a list and thorough description of the specific information needed to complete the application. The applicant shall submit materials to the public agency in response to the list and description.

(b) Not later than 30 calendar days after receipt of the submitted materials, the public agency shall determine in writing whether they are complete and shall immediately transmit that determination to the applicant. If the written determination is not made within that 30-day period, the application together with the submitted materials shall be deemed complete for purposes of this chapter.

(c) If the application together with the submitted materials are determined not to be complete pursuant to subdivision (b), the public agency shall provide a process for the applicant to appeal that decision in writing to the governing body of the agency or, if there is no governing body, to the director of the agency, as provided by that agency. A city or county shall provide that the right of appeal is to the governing body or, at their option, the planning commission, or both.

There shall be a final written determination by the agency on the appeal not later than 60 calendar days after receipt of the applicant's written appeal. The fact that an appeal is permitted to both the planning commission and to the governing body does not extend the 60-day period. Notwithstanding a decision pursuant to subdivision (b) that the application and submitted materials are not complete, if the final written determination on the appeal is not made within that 60-day period, the application with the submitted materials shall be deemed complete for the purposes of this chapter.

(d) Nothing in this section precludes an applicant and a public agency from mutually agreeing to an extension of any time limit provided by this section.

(e) A public agency may charge applicants a fee not to exceed the amount reasonably necessary to provide the service required by this section. If a fee is charged pursuant to this section, the fee shall be collected as part of the application fee charged for the development permit.

SEC. 2. Section 65943 of the Government Code, as added by

Section 4 of Chapter 985 of the Statutes of 1987, is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 620

An act to repeal and add Section 11011.8 of the Government Code, to amend Section 5007.1 of, and to add Section 5007.4 to, the Public Resources Code, to amend Section 4 of Chapter 1190 of the Statutes of 1983, to amend Section 2 of Chapter 304 of the Statutes of 1988, to repeal Section 12 of Chapter 1617 of the Statutes of 1982, to repeal Section 4.5 of Chapter 1190 of the Statutes of 1983, to repeal Section 66.7 of Chapter 268 of the Statutes of 1984, and to repeal Section 6 of Chapter 1358 of the Statutes of 1987, relating to public property.

(b) Any sale, exchange, or lease of the parcels described in this act is exempt from Chapters 3 (commencing with Section 21100) to 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code.

SEC. 15. (a) The Department of General Services shall be reimbursed for any cost or expense incurred in the disposition of the parcels described in this act, upon appropriation therefor by the Legislature, from the proceeds of the parcels disposed.

(b) After deducting the amount necessary for the purposes of subdivision (a), the net proceeds of any moneys received from the disposition of the parcels described in this act shall be deposited in the General Fund, except as follows:

(1) The net proceeds of any moneys received from the disposition of Parcels 3, 4, and 5 in Section 4 shall be deposited in the Wildlife Restoration Fund.

SEC. 16. As to any property conveyed pursuant to this act containing 15 acres or less, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, below a depth of 500 feet, without surface rights of entry. As to any property conveyed pursuant to this act containing more than 15 acres, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, together with the right to prospect for, mine, and remove the deposits. The rights to prospect for, mine, and remove shall be limited to those areas of the property conveyed which the director, after consultation with the State Lands Commission, determines to be reasonably necessary for the removal of the resources and deposits.

SEC. 17. Section 12 of Chapter 1617 of the Statutes of 1982 is repealed.

SEC. 18. Section 4 of Chapter 1190 of the Statutes of 1983 is amended to read:

PARCEL 2. Approximately 1.02 acres being a portion of Chino Hills located adjacent to the westerly boundary of Baldwin Company Ltd. at the terminus of Valley Center Drive in the City of Yorba Linda, Orange County.

PARCEL 3. Approximately 10.01 acres and the public pier at Avila State Beach, San Luis Obispo County.

PARCEL 4. Approximately 0.80 acre at Moonlight State Beach comprised of seven undeveloped lots in the Community of Encinitas, San Diego County.

SEC. 19. Section 4.5 of Chapter 1190 of the Statutes of 1983 is repealed.

SEC. 21. Section 6 of Chapter 1358 of the Statutes of 1987 is

repealed.

SEC. 22. Section 2 of Chapter 304 of the Statutes of 1988 is amended to read:

Sec. 2. (a) The sum of two million five hundred thousand dollars ($2,500,000) is hereby transferred from the State Energy Conservation Assistance Account in the General Fund to the Environmental License Plate Fund as a loan for the purpose of carrying out this section. This loan shall be repaid to the Energy Resources Programs Account in the General Fund in the 1989–90 fiscal year from the Environmental License Plate Fund with interest to be determined in accordance with Section 16314 of the Government Code.

(b) The sum of two million five hundred thousand dollars ($2,500,000) is hereby appropriated from the Environmental License Plate Fund to the State Coastal Conservancy for expenditure, together with as much of the funds appropriated in Section 1 of this act as may be necessary, for acquisition of all or part of the Jones Ranch, near Westport, Mendocino County. The first two million five hundred thousand dollars ($2,500,000) encumbered from the appropriations made by this section and Section 1 shall consist of the funds transferred from the State Energy Conservation Assistance Account pursuant to subdivision (a).

(c) Upon completion of the acquisition, the State Coastal Conservancy shall prepare a property disposition plan in cooperation with the Department of Parks and Recreation and the County of Mendocino. Upon completion of the plan, those portions of the property acquired by the state and suitable for the expansion of Westport-Union Landing State Beach shall be transferred to the Department of Parks and Recreation. Any remaining portions of the property held by the conservancy may be disposed of by the conservancy pursuant to Division 21 (commencing with Section 31000) of the Public Resources Code and in accordance with the applicable local coastal program. Any remaining portions of the property held in trust, as provided in subdivision (d), and not held by the conservancy, may also be disposed of by the conservancy if the trustee consents. After deduction of an amount necessary to reimburse the conservancy for its costs incurred pursuant to this act, the net proceeds of any property thus disposed of, which was previously held in trust, shall be deposited in the trust described in subdivision (d), and the net proceeds of any property thus disposed of, which was previously held by the conservancy, up to the sum of two million five hundred thousand dollars ($2,500,000) plus interest calculated pursuant to subdivision (a), shall be deposited to the credit of the Environmental License Plate Fund. In no event, however, shall the amount deducted exceed 5 percent of the proceeds. Any net proceeds received by the conservancy in excess of the amount necessary to reimburse the two million five hundred thousand dollars ($2,500,000) plus interest expended from the Environmental License Plate Fund shall be deposited in the trust

described in subdivision (d).

(d) This section shall not become operative until the Registrar of Charitable Trusts in the Department of Justice confirms in writing to the Secretary of State that the owner of the Jones Ranch has transferred title, in trust, to all of the Jones Ranch, less any part of the ranch, the sale of which was determined by the owner to be necessary to satisfy an existing encumbrance that would otherwise impair the owner's ability to transfer title in trust, and that the charitable remainder of the trust is for the exclusive benefit of the Statewide Air Pollution Research Center.

SEC. 23. Pursuant to Section 9 of Article XIX of the California Constitution, the Director of Transportation may transfer to the Department of Parks and Recreation all or part of the following real property:

PARCEL 1. Approximately 1.57 acres, as an addition to Cardiff State Beach, San Diego County.

PARCEL 2. Approximately 0.41 acre, as an addition to San Elijo State Beach, San Diego County.

SEC. 24. (a) The Director of Transportation may transfer to the State Coastal Conservancy all or any part of approximately 133.0 acres, consisting of right-of-way holdings in Mendocino County south of Westport in the vicinity of Bruhel Point that were acquired with funds pursuant to the federal Highway Beautification Act of 1965 (23 U.S.C. Sec. 131), subject to the following conditions:

(1) The Department of Transportation may establish specifications for the management and maintenance of the scenic turnout on State Highway Route 1 by any successor public agency.

(2) The property transferred shall continue to be managed and maintained in accordance with the terms under which funds were orignally granted for its acquisition pursuant to the Highway Beautification Act.

(b) Upon completion of the property disposition plan required by Section 2 of Chapter 304 of the Statutes of 1988, and subject to the requirements set forth in subdivision (a), the State Coastal Conservancy may, with the concurrence of the Director of Transportation, further transfer all or part of the real property to the Department of Parks and Recreation or another public agency for management as park, open space, or coastal resource lands in perpetuity and in a manner compatible with the management of the real property acquired pursuant to Chapter 304 of the Statutes of 1988.

(c) Because tax revenues designated in Sections 1 and 2 of Article XIX of the Constitution were not expended for the acquisition of the property described in this section, Section 9 of Article XIX does not apply to any transfer made pursuant to this section.

SEC. 25. Pursuant to Sections 5096.96 and 5096.137 of the Public Resources Code, public recreational uses may be terminated on not more than 2.5 acres of Palm Desert Community Center Park, a portion of which was improved with local assistance grants from the

State Beach, Park, Recreation, and Historical Facilities Fund of 1974 and the State, Urban, and Coastal Park Fund as, respectively, projects Nos. 33-0035 and 76-33012, if all of the following conditions are met:

(a) The City of Palm Desert and the Palm Desert Redevelopment Agency enter into an agreement with the Coachella Valley Recreation and Park District (1) to construct, or cause to be constructed, at the Palm Desert civic center site and by a time specified in the agreement, but in no event later than December 31, 1994, a community recreation facility, which is of at least comparable value to, and in replacement of, similar facilities at Palm Desert Community Center Park, for use by the district and at no cost to the district, (2) to grant the exclusive use of that facility to the district, at no cost to the district, for public recreational use until at least January 1, 2015, (3) to authorize at the civic center site only those uses of land in the immediate vicinity of that facility that are compatible with that facility's use, and (4) prior to completing construction of the community recreation facility, to keep available for public recreational use the temporary facility occupied by the district at the civic center site.

(b) The City of Palm Desert and the Palm Desert Redevelopment Agency agree, as an amendment to existing grant agreements to be submitted to the Department of Parks and Recreation for approval, (1) to maintain in perpetuity at least 5.0 acres at the civic center site for outdoor recreational use that are in addition to the land at the site required for the purposes of subdivision (a) and (2) to maintain in perpetuity the tennis courts and the surrounding land, consisting of approximately 27.0 acres, at Palm Desert Community Center Park for public recreational use and to assure the continuing availability at all times of public parking for recreational users at that park.

(c) The City of Palm Desert and the Coachella Valley Recreation and Park District jointly hold at least one public hearing concerning the transactions authorized by this section prior to undertaking any transaction so authorized.

(d) Any reference in this section to the Coachella Valley Recreation and Park District shall be deemed to refer also to any successor public agency to that district.

CHAPTER 621

An act to amend Section 8690.4 of the Government Code, relating to natural disaster assistance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 8690.4 of the Government Code is amended to read:

8690.4. The Controller shall establish the following four special accounts in the Natural Disaster Assistance Fund:

(a) The Public Facilities and Local Agency Disaster Response Account, into which shall be paid all moneys appropriated by the Legislature for allocation for (1) the repair, restoration, reconstruction, or replacement of public facilities belonging to local agencies damaged as a result of natural disasters, (2) matching fund assistance for cost sharing required under federal disaster assistance programs, as specified in subdivisions (b) and (c) of Section 8685, and (3) local agency personnel overtime costs and supplies used during eligible disaster response and recovery activities, including the cost of administering those activities, as specified in subdivisions (a) and (e) of Section 8685.

(b) The Street and Highway Account, into which shall be paid all resources transferred from the Street and Highway Disaster Fund, any money received from the federal government as reimbursement to any city or county for expenditures from funds allocated, transferred or expended pursuant to this chapter for a street and highway project, any money hereafter appropriated by the Legislature for allocation for street and highway projects, and any income from investment of moneys in the account and payments by local agencies in reimbursement of moneys disbursed from the account including deferred payments with charges, pursuant to Section 8686.8.

(c) The Office of Emergency Services Disaster Administration Support Account, into which shall be paid all moneys appropriated by the Legislature for allocation for (1) state administrative and engineering support required for the implementation and administration of the state disaster assistance program authorized under this chapter or (2) other assistance deemed necessary to carry out the requirements of this chapter, as specified in subdivision (d) of Section 8685.

(d) The Earthquake Emergency Investigations Account, into which shall be paid all moneys appropriated by the Legislature to the Seismic Safety Commission for allocation for the purpose of enabling immediate investigation of damaging earthquakes. Allocations may

be made by the commission to assist organizations which have incurred expenses in the course of conducting earthquake investigations. Allocations may be made to cover the following expenses:

(1) Travel, meals, and lodging.

(2) Publishing of findings.

(3) Contractor assistance in the investigation.

(4) Other expenses which the commission may allow as necessary to assist the investigation.

The unpredictable nature of earthquakes necessitates immediate access to funds for investigative purposes. For this reason, notwithstanding any other provision of law, funds in the Earthquake Emergency Investigations Account shall be available for expenditure without regard to fiscal years.

(e) It is the intent of the Legislature that the Public Facilities and Local Agency Disaster Response Account and the Office of Emergency Services Administration Support Account each have an unencumbered balance of one million dollars ($1,000,000) at the beginning of each fiscal year.

In the event that any of these two accounts require additional moneys to meet claims against the account, the Director of Finance may transfer moneys from the Special Fund for Economic Uncertainties to the account in that amount sufficient to pay the amount of the claims exceeding the unencumbered balance in the account, provided that the transfer is not made sooner than 30 days after notification in writing of the necessity therefor is provided to the Joint Legislative Budget Committee.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act continuously appropriates the moneys in the Earthquake Emergency Investigations Account in the Natural Disaster Assistance Fund. However, the existing moneys in the account will revert to the General Fund on December 31, 1989. In order to avoid this reversion of funds in the account, and to facilitate the orderly administration of the investigation of earthquakes, it is necessary that this act go into immediate effect.

CHAPTER 622

An act to amend Sections 11614, 11710, and 11713.1 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11614 of the Vehicle Code is amended to read:

11614. It is unlawful and a violation of this code for a lessor-retailer licensed under this chapter in connection with any activity for which this license is required:

(a) To make or disseminate or cause to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by oral representation, or in any other manner or means whatever, any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or to so make or disseminate or cause to be so disseminated any statement as part of a plan or scheme with the intent not to sell any vehicle or sell service so advertised at the price stated therein, or as so advertised.

(b) To advertise or offer for sale in any manner, any vehicle not actually for sale at the premises of the lessor-retailer or available within a reasonable time to the lessor-retailer at the time of the advertisement or offer.

(c) To fail within 48 hours to give, in writing, notification to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) To advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(e) To advertise the total price of a vehicle without including all costs to the purchaser at the time of delivery at the lessor-retailer's premises, except sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance fees not exceeding twenty-five dollars ($25) pursuant to any statute, and any dealer documentary preparation charge. The dealer documentary charge shall not exceed thirty-five dollars ($35).

(f) To exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute , finance charges, or any dealer documentary preparation charge.

For purposes of this subdivision, "newspaper display

advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(g) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on the lessor-retailer's behalf or at the lessor-retailer's place of business, that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(h) To refuse to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance pursuant to any statute and any dealer documentary preparation charge, which charges shall not exceed thirty-five dollars ($35) for the documentary preparation charge and twenty-five dollars ($25) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold or unleased unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(i) To engage in the business for which licensee is licensed without having in force and effect a bond as provided in Section 11612.

(j) To engage in the business for which the lessor-retailer is licensed without at all times maintaining a principal place of business and a branch office location or locations as required by this chapter.

(k) To permit the use of the lessor-retailer license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of vehicles required to be registered under this code, or to permit the use of the lessor-retailer license, supplies, or books to operate a branch office location to be used by any other person, if, in either situation, the licensee has no financial or equitable interest or investment in the vehicles sold by, or the business of, or branch office location used by, the person, or has no interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the lessor-retailer license, supplies, or books to engage in the sale of vehicles.

(*l*) To violate any of the provisions of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

(m) To represent the dealer documentary preparation charge, or certificate of compliance or noncompliance fee, as a governmental fee.

SEC. 2. Section 11710 of the Vehicle Code is amended to read:

11710. (a) Before any dealer's or remanufacturer's license is issued or renewed by the department to any applicant therefor, the applicant shall procure and file with the department a bond executed by an admitted surety insurer, approved as to form by the Attorney General, and conditioned that the applicant shall not practice any fraud or make any fraudulent representation which will cause a monetary loss to a purchaser, seller, financing agency, or

governmental agency.

(b) A dealer bond shall be in the amount of ten thousand dollars ($10,000). A dealer holding a dealer's license that was issued before July 1, 1990, that does not expire until 1990 or 1991, which has a bond in the amount of five thousand dollars ($5,000) on file with the department, and whose license and bond remain continuously in full force and effect until the expiration of the license in 1990 or 1991, may continue to conduct business until that expiration date. Before the license is renewed by the department, the dealer shall procure and file a bond in the amount of ten thousand dollars ($10,000). A remanufacturer bond shall be in the amount of twenty-five thousand dollars ($25,000).

(c) Liability under the bond is to remain at full value. If the amount of liability under the bond is decreased or there is outstanding a final court judgment for which the dealer or remanufacturer and sureties are liable, the dealer's or remanufacturer's license shall be automatically suspended. In order to reinstate the license and special plates, the licensee shall either file an additional bond or restore the bond on file to the original amount, or shall terminate the outstanding judgment for which the dealer or remanufacturer and sureties are liable.

(d) A dealer's or remanufacturer's license, or renewal of the license, shall not be issued to any applicant therefor, unless and until the applicant files with the department a good and sufficient instrument, in writing, in which the applicant appoints the director as the true and lawful agent of the applicant upon whom all process may be served in any action, or actions, which may thereafter be commenced against the applicant, arising out of any claim for damages suffered by any firm, person, association, or corporation, by reason of the violation of the applicant of any of the terms and provisions of this code or any condition of the dealer's or remanufacturer's bond. The applicant shall stipulate and agree in the appointment that any process directed to the applicant, when personal service of process upon the applicant cannot be made in this state after due diligence and, in such a case, is served upon the director or, in the event of the director's absence from the office, upon any employee in charge of the office of the director, shall be of the same legal force and effect as if served upon the applicant personally. The applicant shall further stipulate and agree, in writing, that the agency created by the appointment shall continue for and during the period covered by any license that may be issued and so long thereafter as the applicant may be made to answer in damages for a violation of this code or any condition of the bond. The instrument appointing the director as the agent for the applicant for service of process shall be acknowledged by the applicant before a notary public. In any case where the licensee is served with process by service upon the director, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A

fee of five dollars ($5) shall also be paid to the director at the time of service of the copy of the summons and complaint. Service on the director shall be a sufficient service on the licensee if a notice of service and a copy of the summons and complaint are immediately sent by registered mail by the plaintiff or the plaintiff's attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or the plaintiff's attorney to the surety on the applicant's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt. The director shall keep a record of all process so served upon the director, which record shall show the day and hour of service and shall retain the summons and complaint so served on file. Where the licensee is served with process by service upon the director, the licensee shall have and be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. However, for purposes of venue, where the licensee is served with process by service upon the director, the service is deemed to have been made upon the licensee in the county in which the licensee has or last had an established place of business.

SEC. 3. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) To advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(b) To advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except sales tax, vehicle registration fees, certificate of compliance or noncompliance fees not exceeding twenty-five dollars ($25) pursuant to any statute, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed thirty-five dollars ($35).

(c) To exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer documentary preparation charge.

For purposes of this subdivision, "newspaper display advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(d) To represent the dealer documentary preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) To fail to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or

noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer documentary preparation charge, which charges shall not exceed thirty-five dollars ($35) for the documentary preparation charge and twenty-five dollars ($25) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(f) To advertise for sale as new any new vehicle of a line-make for which the dealer does not hold a franchise.

This subdivision does not apply to any transaction involving a mobilehome as defined in Section 396 of this code, a recreational vehicle as defined in Section 18010.5 of the Health and Safety Code, a commercial coach as defined in Section 18012 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012, or a commercial vehicle as defined in Section 260.

(g) To sell a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) To advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term "free" includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) To advertise vehicles and related goods or services with intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(j) To use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) To require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) To advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) To misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) To advertise a vehicle at a specified amount above, below, or at the manufacturer's or distributor's invoice price to the dealer, unless the advertisement clearly and conspicuously states that the

invoice amount may exceed the actual dealer cost because of allowances provided to the dealer by the manufacturer or distributor.

(o) To violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) To make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(q) To affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additonal price of each item. If the supplemental sticker price is greater than the sum of the manufactuer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as "added mark-up."

(r) To advertise any underselling claim, such as "we have the lowest prices" or "we will beat any dealer's price," unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other dealer in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) To advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision "incentive" means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

679.03. With respect to the conviction of a defendant involving a violent offense, as defined in subdivision (b) of Section 12021.1, the county district attorney, probation department, and victim-witness coordinator shall confer and establish an annual policy within existing resources to decide which one of their agencies shall inform each witness involved in the conviction who was threatened by the defendant following the defendant's arrest and each victim or next of kin of the victim of that offense of the right to request and receive a notice pursuant to Section 3058.8. If no agreement is reached, the presiding judge shall designate the appropriate county agency or department to provide this notification.

SEC. 2. Section 1203.1e of the Penal Code is amended to read:

1203.1e. (a) In any case in which a defendant is ordered to serve a period of confinement in a county jail or other local detention facility, and the defendant is eligible to be released on parole by the county board of parole commissioners, the court shall, after a hearing, make a determination of the ability of the person to pay all or a portion of the reasonable cost of providing parole supervision. The reasonable cost of those services shall not exceed the amount determined to be the actual average cost of providing parole supervision.

(b) If the court determines that the person has the ability to pay all or part of the costs, the court may set the amount to be reimbursed and order the person to pay that sum to the county in the manner in which the court believes reasonable and compatible with the person's financial ability. In making a determination of whether a person has the ability to pay, the court shall take into account the amount of any fine imposed upon the person and any amount the person has been ordered to pay in restitution.

If practicable, the court shall order payments to be made on a monthly basis as directed by the court. Execution may be issued on the order in the same manner as a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

(c) For the purposes of this section, "ability to pay" means the overall capability of the person to reimburse the costs, or a portion

of the costs, of providing parole supervision and shall include, but shall not be limited to, consideration of all of the following factors:

(1) Present financial position.

(2) Reasonably discernible future financial position. In no event shall the board consider a period of more than six months from the date of the hearing for purposes of determining reasonably discernible future financial position.

(3) Likelihood that the person shall be able to obtain employment within the six-month period from the date of the hearing.

(4) Any other factor or factors which may bear upon the person's financial capability to reimburse the county for the costs.

(d) At any time during the pendency of the order made under this section, a person against whom an order has been made may petition the court to modify or vacate its previous order on the grounds of a change of circumstances with regard to the person's ability to pay. The court shall advise the person of this right at the time of making the order.

(e) All sums paid by any person pursuant to this section shall be deposited in the general fund of the county.

(f) The parole of any person shall not be denied or revoked in whole or in part based upon the inability or failure to pay under this section.

(g) The county board of parole commissioners shall not have access to offender financial data prior to the rendering of any parole decision.

SEC. 3. Section 3075.3 is added to the Penal Code, to read:

CHAPTER 625

An act to amend Sections 1026 and 1370 of the Penal Code, and to amend Section 702.3 of the Welfare and Institutions Code, relating to criminal procedure, and making an appropriation therefor.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1026 of the Penal Code is amended to read:

1026. (a) When a defendant pleads not guilty by reason of insanity, and also joins with it another plea or pleas, the defendant shall first be tried as if only such other plea or pleas had been entered, and in that trial the defendant shall be conclusively presumed to have been sane at the time the offense is alleged to have been committed. If the jury shall find the defendant guilty, or if the defendant pleads only not guilty by reason of insanity, then the question whether the defendant was sane or insane at the time the offense was committed shall be promptly tried, either before the same jury or before a new jury in the discretion of the court. In that trial, the jury shall return a verdict either that the defendant was sane at the time the offense was committed or was insane at the time the offense was committed. If the verdict or finding is that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court, unless it shall appear to the court that the sanity of the defendant has been recovered fully, shall direct that the defendant be confined in a state hospital for the care and treatment of the mentally disordered or any other appropriate public or private treatment facility approved by the community program director, or the court may order the defendant placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2.

(b) Prior to making the order directing that the defendant be confined in a state hospital or other treatment facility or placed on outpatient status, the court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of the order a written recommendation as to whether the defendant should be placed on outpatient status or confined in a state hospital or other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program director or a designee. If, however, it appears to the court that the sanity of the defendant has been recovered fully, the defendant shall be remanded to the custody of the sheriff until the issue of sanity shall have been finally determined in the manner prescribed by law. A defendant

committed to a state hospital or other treatment facility or placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2 shall not be released from confinement, parole, or outpatient status unless and until the court which committed the person shall, after notice and hearing, find and determine that the person's sanity has been restored. Nothing in this section shall prevent the transfer of the patient from one state hospital to any other state hospital by proper authority. Nothing in this section shall prevent the transfer of the patient to a hospital in another state in the manner provided in Section 4119 of the Welfare and Institutions Code.

(c) If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to that facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, order the defendant transferred to a state hospital or to another public or private treatment facility approved by the community program director. Where either the defendant or the prosecuting attorney chooses to contest either kind of order of transfer, a petition may be filed in the court requesting a hearing which shall be held if the court determines that sufficient grounds exist. At that hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same procedures and standards of proof as used in conducting probation revocation hearings pursuant to Section 1203.2.

(d) Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(e) When the court, after considering the placement recommendation of the community program director required in subdivision (b), orders that the defendant be confined in a state hospital or other public or private treatment facility, the court shall provide copies of the following documents which shall be taken with the defendant to the state hospital or other treatment facility where the defendant is to be confined:

(1) The commitment order, including a specification of the charges.

(2) A computation or statement setting forth the maximum term of commitment in accordance with Section 1026.5.

(3) A computation or statement setting forth the amount of credit for time served, if any, to be deducted from the maximum term of commitment.

(4) State Summary Criminal History information.

(5) Any arrest reports prepared by the police department or other law enforcement agency.

(6) Any court-ordered psychiatric examination or evaluation reports.

(7) The community program director's placement recommendation report.

(f) If the defendant is confined in a state hospital or other treatment facility as an inpatient, the medical director of the facility shall, at six-month intervals, submit a report in writing to the court and the community program director of the county of commitment, or a designee, setting forth the status and progress of the defendant. The court shall transmit copies of these reports to the prosecutor and defense counsel.

(g) When directing that the defendant be confined in a state hospital pursuant to subdivision (a), the court shall select the state hospital in accordance with the policies established by the State Department of Mental Health.

(h) For purposes of this section and Sections 1026.1 to 1026.6, inclusive, "community program director" means the person, agency, or entity designated by the State Department of Mental Health pursuant to Section 1605 of this code and Section 5709.8 of the Welfare and Institutions Code.

SEC. 2. Section 1370 of the Penal Code is amended to read:

1370. (a) (1) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent, the trial or judgment shall be suspended until the person becomes mentally competent, and the court shall order that (i) in the meantime, the defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered or to any other available public or private treatment facility approved by the community program director which will promote the defendant's speedy restoration to mental competence, or placed on outpatient status as specified in Section 1600, and (ii) upon the filing of a certificate of restoration to competence, the defendant be returned to court in accordance with the provisions of Section 1372. The court shall transmit a copy of its order to the community program director or a designee.

(2) Prior to making the order directing that the defendant be confined in a state hospital or other treatment facility or placed on outpatient status, the court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of such order a written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program

director or a designee.

(3) When the court, after considering the placement recommendation of the community program director that is required in paragraph (2), orders that the defendant be confined in a state hospital or other public or private treatment facility, the court shall provide copies of the following documents which shall be taken with the defendant to the state hospital or other treatment facility where the defendant is to be confined:

(A) The commitment order, including a specification of the charges.

(B) A computation or statement setting forth the maximum term of commitment in accordance with subdivision (c).

(C) A computation or statement setting forth the amount of credit for time served, if any, to be deducted from the maximum term of commitment.

(D) State Summary Criminal History information.

(E) Any arrest reports prepared by the police department or other law enforcement agency.

(F) Any court-ordered psychiatric examination or evaluation reports.

(G) The community program director's placement recommendation report.

(4) When directing that the defendant be confined in a state hospital pursuant to this subdivision, the court shall select the hospital in accordance with the policies established by the State Department of Mental Health.

(5) If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to that facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, transfer the defendant to a state hospital or to another public or private treatment facility approved by the community program director. In the event of dismissal of the criminal charges before the defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). Where either the defendant or the prosecutor chooses to contest either kind of order of transfer, a petition may be filed in the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At the hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as are used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the medical director of the state hospital or other treatment facility to which the defendant is confined shall make a written report to the court and the community program director for the county or region of commitment, or a designee, concerning the defendant's progress toward recovery of mental competence. Where the defendant is on outpatient status, the outpatient treatment staff shall make a written report to the community program director concerning the defendant's progress toward recovery of mental competence. Within 90 days of placement on outpatient status, the community program director shall report to the court on this matter. If the defendant has not recovered mental competence, but the report discloses a substantial likelihood that the defendant will regain mental competence in the foreseeable future, the defendant shall remain in the state hospital or other treatment facility or on outpatient status. Thereafter, at six-month intervals or until the defendant becomes mentally competent, where the defendant is confined in a treatment facility, the medical director of the hospital or person in charge of the facility shall report in writing to the court and the community program director or a designee regarding the defendant's progress toward recovery of mental competence. Where the defendant is on outpatient status, after the initial 90-day report, the outpatient treatment staff shall report to the community program director on the defendant's progress toward recovery, and the community program director shall report to the court on this matter at six-month intervals. A copy of these reports shall be provided to the prosecutor and defense counsel by the court. If the report indicates that there is no substantial likelihood that the defendant will regain mental competence in the foreseeable future, the committing court shall order the defendant to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the community program director or a designee.

(2) Any defendant who has been committed or has been on outpatient status for 18 months and is still hospitalized or on outpatient status shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the community program director or a designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court. The court shall transmit a copy of its order to the community program director or a designee.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of

imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered mental competence, the defendant shall be returned to the committing court. The court shall notify the community program director or a designee of such return and of any resulting court orders.

(2) Whenever any defendant is returned to the court pursuant to paragraph (1) or (2) of subdivision (b) or paragraph (1) of this subdivision and it appears to the court that the defendant is gravely disabled, as defined in paragraph (2) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall order the conservatorship investigator of the county of commitment of the defendant to initiate conservatorship proceedings for the defendant pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Any hearings required in the conservatorship proceedings shall be held in the superior court in the county which ordered the commitment. The court shall transmit a copy of the order directing initiation of conservatorship proceedings to the community program director or a designee and shall notify the community program director or a designee of the outcome of the proceedings.

(d) The criminal action remains subject to dismissal pursuant to Section 1385. If the criminal action is dismissed, the court shall transmit a copy of the order of dismissal to the community program director or a designee

(e) If the criminal charge against the defendant is dismissed, the defendant shall be released from any commitment ordered under this section, but without prejudice to the initiation of any proceedings which may be appropriate under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

(f) As used in this chapter, "community program director" means the person, agency, or entity designated by the State Department of Mental Health pursuant to Section 1605 of this code and Section 5709.8 of the Welfare and Institutions Code.

SEC. 3. Section 702.3 of the Welfare and Institutions Code is amended to read:

702.3. Notwithstanding any other provision of law:

(a) When a minor denies, by a plea of not guilty by reason of insanity, the allegations of a petition filed pursuant to Section 602 of the Welfare and Institutions Code, and also joins with that denial a general denial of the conduct alleged in the petition, he or she shall first be subject to a hearing as if he or she had made no allegation of insanity. If the petition is sustained or if the minor denies the allegations only by reason of insanity, then a hearing shall be held on the question of whether the minor was insane at the time the offense was committed.

(b) If the court finds that the minor was insane at the time the offense was committed, the court, unless it appears to the court that

the minor has fully recovered his or her sanity, shall direct that the minor be confined in a state hospital for the care and treatment of the mentally disordered or any other appropriate public or private mental health facility approved by the community program director, or the court may order the minor to undergo outpatient treatment as specified in Title 15 (commencing with Section 1600) of Part 2 of the Penal Code. The court shall transmit a copy of its order to the community program director or his or her designee. If the allegations of the petition specifying any felony are found to be true, the court shall direct that the minor be confined in a state hospital or other public or private mental health facility approved by the community program director for a minimum of 180 days, before the minor may be released on outpatient treatment. Prior to making the order directing that the minor be confined in a state hospital or other facility or ordered to undergo outpatient treatment, the court shall order the community program director or his or her designee to evaluate the minor and to submit to the court within 15 judicial days of the order his or her written recommendation as to whether the minor should be required to undergo outpatient treatment or committed to a state hospital or another mental health facility. If, however, it shall appear to the court that the minor has fully recovered his or her sanity the minor shall be remanded to the custody of the probation department until his or her sanity shall have been finally determined in the manner prescribed by law. A minor committed to a state hospital or other facility or ordered to undergo outpatient treatment shall not be released from confinement or the required outpatient treatment unless and until the court which committed him or her shall, after notice and hearing, in the manner provided in Section 1026.2 of the Penal Code, find and determine that his or her sanity has been restored.

(c) When the court, after considering the placement recommendation for the community program director required in subdivision (b), orders that the minor be confined in a state hospital or other public or private mental health facility, the court shall provide copies of the following documents which shall be taken with the minor to the state hospital or other treatment facility where the minor is to be confined:

(1) The commitment order, including a specification of the charges.

(2) The computation or statement setting forth the maximum time of commitment in accordance with Section 1026.5 and subdivision (e).

(3) A computation or statement setting forth the amount of credit, if any, to be deducted from the maximum term of commitment.

(4) State Summary Criminal History information.

(5) Any arrest or detention reports prepared by the police department or other law enforcement agency.

(6) Any court-ordered psychiatric examination or evaluation

reports.

(7) The community program director's placement recommendation report.

(d) The procedures set forth in Sections 1026, 1026.1, 1026.2, 1026.3, 1026.4, 1026.5, and 1027 of the Penal Code, and in Title 15 (commencing with Section 1600) of Part 2 of the Penal Code, shall be applicable to minors pursuant to this section, except that, in cases involving minors, the probation department rather than the sheriff, shall have jurisdiction over the minor.

(e) No minor may be committed pursuant to this section for a period longer than the jurisdictional limits of the juvenile court, pursuant to Section 607, unless, at the conclusion of the commitment, by reason of a mental disease, defect, or disorder, he or she represents a substantial danger of physical harm to others, in which case the commitment for care and treatment beyond the jurisdictional age may be extended by proceedings in superior court in accordance with and under the circumstances specified in subdivision (b) of Section 1026.5 of the Penal Code.

(f) The provision of a jury trial in superior court on the issue of extension of commitment shall not be construed to authorize the determination of any issue in juvenile court proceedings to be made by a jury.

SEC. 4. To the extent that this act requires court personnel to perform activities which they previously did not perform in making judicial commitments to state hospitals, the courts may obtain reimbursement from the State Department of Mental Health for the incremental expenses which they incur.

CHAPTER 626

An act to add Sections 21081.7 and 21092.4 to the Public Resources Code, relating to environmental quality.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 21081.7 is added to the Public Resources Code, to read:

21081.7. Transportation information resulting from the reporting or monitoring program required to be adopted by a public agency pursuant to Section 21081.6 shall be submitted to the transportation planning agency in the region where the project is located when the project has impacts that are of statewide, regional, or areawide significance according to criteria developed pursuant to Section 21083. The transportation planning agency shall adopt guidelines for the submittal of those reporting or monitoring programs.

SEC. 2. Section 21092.4 is added to the Public Resources Code, to read:

21092.4. (a) For a project of statewide, regional, or areawide significance, the lead agency shall consult with transportation planning agencies and public agencies which have transportation facilities within their jurisdictions which could be affected by the project. Consultation shall be conducted in the same manner as for responsible agencies pursuant to this division, and shall be for the purpose of the lead agency obtaining information concerning the project's effect on major local arterials, public transit, freeways, highways, and rail transit service within the jurisdiction of a transportation planning agency or a public agency which is consulted by the lead agency. A transportation planning agency or public agency which provides information to the lead agency shall be notified of, and provided with copies of, environmental documents pertaining to the project.

(b) As used in this section, "transportation facilities" includes major local arterials and public transit within five miles of the project site and freeways, highways, and rail transit service within 10 miles of the project site.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 627

If the state board determines that the revenue collected during the preceeding year was greater than or less than the revenue levels set forth in the Budget Act, the state board may further adjust the annual and filing fees to compensate for the over and under collection of revenue.

(2) The emergency regulations adopted pursuant to this subdivision, or subsequent adjustments to the annual fees, shall be adopted by the state board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. (j) Facilities for confined animal feeding or holding operations, including dairy farms, which have been issued waste discharge requirements or exempted from waste discharge requirements prior to January 1, 1989, are exempt from subdivision (d). If the facility is required to file a report under subdivision (c) after January 1, 1989, the report shall be accompanied by a filing fee, to be established by the state board in accordance with subdivision (f), not to exceed two thousand dollars ($2,000), and the facility shall be exempt from any annual fee.

(d) (1) Each person for whom waste discharge requirements have been prescribed pursuant to Section 13263 shall submit an annual fee not to exceed ten thousand dollars ($10,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved.

(2) Any fees collected pursuant to this section shall be deposited in the Waste Discharge Permit Fund which is hereby created. The money in the fund is available for expenditure by the state board, upon appropriation by the Legislature, for the purposes of carrying out this division.

(2) The emergency regulations adopted pursuant to this subdivision, or subsequent adjustments to the annual fees, shall be adopted by the state board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state board, or adjustments to the annual fees made by the state board pursuant to this section, shall not be subject to review by the

Office of Administrative Law and shall remain in effect until revised by the state board.

(1) A report on the physical and chemical characteristics of the waste that could affect its potential to cause pollution or contamination. The report shall include the results of all tests required by regulations adopted by the board, any test adopted by the State Department of Health Services pursuant to Section 25141 of the Health and Safety Code for extractable, persistent, and bioaccumulative toxic substances in a waste or other material, and any other tests that the state board or regional board may require, including, but not limited to, tests needed to determine the acid-generating potential of the mining waste or the extent to which hazardous substances may persist in the waste after disposal.

(2) A report that evaluates the potential of the discharge of the

mining waste to produce, over the long term, acid mine drainage, the discharge or leaching of heavy metals, or the release of other hazardous substances.

SEC. 3. Section 13261 of the Water Code is amended to read:

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 628

An act to amend Section 19356.6 of the Welfare and Institutions Code, relating to developmental disabilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The terms used in this section shall have the following meanings:

(1) "Supported employment" means substantial paid work that is integrated in the community for persons with developmental disabilities whose vocational handicap is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Substantial paid work" means work of at least 20 hours per week which is paid for in accordance with applicable standards set forth by the Department of Labor and the State Department of Industrial Relations.

(3) "Integrated work" means the engagement of an employee with a disability in work in a natural community employment setting, including, but not limited to, work crews, enclaves, and individual placements, in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals other than those providing direct support services to the disabled employee.

(4) "Work crew" means a group of workers in the community typically containing no more than eight persons with developmental disabilities who engage in paid work together on service contracts in the community.

(5) "Enclave" means a group typically containing no more than eight persons with developmental disabilities that engages in paid work at employer sites in the community and represents a minority of the employer work force.

(6) "Individual placement" means placing a person with a developmental disability with an employer in the community and providing specialized services which are intended to lead to

employer-paid and employer-supervised employment, and which decrease as the individual adjusts to the job; and ongoing postemployment services necessary for the individual to retain the job.

(7) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for persons with developmental disabilities, which may include any of the following:

(A) Work-activity program staff time spent conducting task analysis on a supported employment opportunity for a specific client or group of clients.

(B) Work-activity program staff time spent in the direct supervision or training of a client or clients while they are engaged in integrated work designed to achieve supported employment unless other arrangements for client supervision, such as employer supervision reimbursed by the work-activity program, are approved by the Habilitation Services Program.

(C) Social skills training which is necessary to ensure job adjustment and retention, and which is provided in an integrated setting, unless otherwise approved by the Habilitation Services Program.

(D) Training in certain independent living skills, such as independent travel or money management, which is necessary to ensure job adjustment and retention and which is provided in the community, unless otherwise approved by the Habilitation Services Program.

(E) Counseling with family, care providers, or others to ensure necessary support to clients' job adjustment or to overcome problems affecting their job performance.

(F) Direct action to advocate on behalf of a client to resolve problems affecting the client's work adjustment or retention of an integrated job.

(G) Intervention with the employer to review a client's job performance, resolve job problems or facilitate the employer's hiring of the client as an employee.

(H) In the case of work crews, the time crew members spend preparing for and ending the day's work.

(I) In the case of individual placements, job development to the extent authorized by the Habilitation Services Program, and ongoing postemployment support services needed to ensure the client's retention of the job.

(J) In the case of enclaves, the staff time spent obtaining and arranging the enclave for a specific group of clients.

(b) Notwithstanding subdivision (c) of Section 19353, the department's habilitation services and vocational rehabilitation programs may mutually serve individuals whose individual written rehabilitation program provides for placement into supported

employment, or who are participating in vocational rehabilitation extended evaluation services.

(c) (1) Commencing in the 1986–87 fiscal year, the Habilitation Services Program shall set hourly rates for supported employment in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide community-integrated services under former paragraph (3) of subdivision (d) of Section 19356.5, and to new programs or components approved by the Habilitation Services Program to provide supported employment services following enactment of this section. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for work crews and enclaves shall be four dollars ($4) per client or, in the case of new components of existing programs, the work-activity program's daily rate converted to an hourly rate according to the formula set forth in subdivision (d), whichever hourly rate is the higher. In addition, the Habilitation Services Program may, at its discretion, negotiate a higher hourly rate for work crews or enclaves, based upon a submitted budget that is approved by the Habilitation Services Program, when there is documentation that demonstrates a need for a higher rate because of the nature and severity of the disabilities of the clients served or unique local needs, as determined by the Habilitation Services Program. All negotiated rate increases based on unique local needs shall be contingent upon review and approval by the Department of Finance.

(3) The hourly rate for individual placement shall be twenty dollars ($20) per client for one-to-one services. If more than one client is receiving placement services simultaneously at the same site, the amount to be reimbursed per hour of service provided shall not exceed twenty dollars ($20) regardless of the number of clients receiving service during the hour.

(4) These hourly rates shall be subject to rate adjustments provided by law commencing with the 1987–88 fiscal year.

(d) (1) When a client receives traditional work-activity services and supported employment services during the same payment period, the Habilitation Services Program shall convert the daily rate for the traditional work-activity services into an hourly rate for the purpose of paying for those traditional work-activity services received by that client. In its conversion of the daily rate into any hourly rate the Habilitation Services Program shall use the formula in paragraph (2)

(2) The daily rate of the work-activity program shall be divided by the number of hours in the program day of the traditional work-activity program during the historical period on which its rate is based, or as of the date the Habilitation Services Program approved

the work-activity program as a new provider of habilitation services plus 5 percent.

(e) This section shall become inoperative on October 1, 1992, and, as of January 1, 1993, is repealed unless a later enacted statute which becomes effective on or before January 1, 1993, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for services under this act for vocational rehabilitation extended evaluation participants to be implemented by the Department of Rehabilitation as soon as possible in the 1989–90 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 635

An act to amend Section 23198 of the Vehicle Code, relating to driving offenses.

[Approved by Governor September 21, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 23198 of the Vehicle Code is amended to read:

23198. (a) (1) Upon its own motion or upon motion of the prosecutor in a criminal action for a violation of any of the following offenses, the court with jurisdiction over the offense, notwithstanding Section 86 of the Code of Civil Procedure and any other provision of law otherwise prescribing the jurisdiction of the court based upon the value of the property involved, may declare the motor vehicle driven by the defendant to be a nuisance if the defendant is the registered owner of the vehicle:

(A) A violation of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code.

(B) A violation of Section 23152 which occurred within seven years of two or more separate offenses of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or Section 23152 or 23153, or any combination thereof, which resulted in convictions.

(C) A violation of Section 23153 which occurred within seven years of one or more separate offenses of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or Section 23152 or 23153, which resulted in convictions.

(2) The court or the prosecutor shall give notice of the motion to the defendant, and the court shall hold a hearing before a motor vehicle may be declared a nuisance under this section.

(b) Except as provided in subdivision (g), upon the conviction of the defendant and at the time of pronouncement of sentence, the court with jurisdiction over the offense shall order any vehicle declared to be a nuisance pursuant to subdivision (a) to be sold. Any vehicle ordered to be sold pursuant to this subdivision shall be surrendered to the sheriff of the county or the chief of police of the city in which the violation occurred. The officer to whom the vehicle is surrendered shall promptly ascertain from the department the names and addresses of all legal and registered owners of the vehicle and, within five days of receiving that information, shall send by certified mail a notice to all legal and registered owners of the vehicle other than the defendant, at the addresses obtained from the department, informing them that the vehicle has been declared a nuisance and will be sold or otherwise disposed of pursuant to this section and of the approximate date and location of the sale or other

disposition. The notice shall also inform any legal owner of its right to conduct the sale pursuant to subdivision (c).

(c) Any legal owner which in the regular course of its business conducts sales of repossessed or surrendered motor vehicles may take possession and conduct the sale of the vehicle declared to be a nuisance if it notifies the officer to whom the vehicle is surrendered of its intent to conduct the sale within 15 days of the mailing of the notice pursuant to subdivision (b). Sale of the vehicle pursuant to this subdivision may be conducted at the time, in the manner, and on the notice usually given by the legal owner for the sale of repossessed or surrendered vehicles. The proceeds of any sale conducted by the legal owner shall be disposed of as provided in subdivision (e).

(d) If the legal owner does not notify the officer to whom the vehicle is surrendered of its intent to conduct the sale as provided in subdivision (c), the officer shall offer the vehicle for sale at public auction within 60 days of receiving the vehicle. At least 10 days but not more than 20 days prior to the sale, not counting the day of sale, the officer shall give notice of the sale by advertising once in a newspaper of general circulation published in the city or county, as the case may be, in which the vehicle is located, which notice shall contain a description of the make, year, model, identification number, and license number of the vehicle and the date, time, and location of the sale. For motorcycles, the engine number shall also be included. If there is no newspaper of general circulation published in the county, notice shall be given by posting a notice of sale containing the information required by this subdivision in three of the most public places in the city or county in which the vehicle is located, and at the place where the vehicle is to be sold, for 10 consecutive days prior to and including the day of the sale.

(e) The proceeds of a sale conducted pursuant to this section shall be disposed of in the following priority:

(1) To satisfy the costs of the sale, including costs incurred with respect to the taking and keeping of the vehicle pending sale.

(2) To the legal owner in an amount to satisfy the indebtedness owed to the legal owner remaining as of the date of sale, including accrued interest or finance charges and delinquency charges.

(3) To the holder of any subordinate lien or encumbrance on the vehicle to satisfy any indebtedness so secured if written notification of demand is received before distribution of the proceeds is completed. The holder of a subordinate lien or encumbrance, if requested, shall reasonably furnish reasonable proof of its interest and, unless it does so on request, is not entitled to distribution pursuant to this paragraph.

(4) To any other person who can establish an interest in the vehicle, including a community property interest, to the extent of his or her provable interest.

(5) If the vehicle was forfeited as a result of a felony violation of Section 191.5 of the Penal Code, or of Section 23153 which resulted in serious bodily injury to any person other than the defendant, the

balance, if any, to the city or county in which the violation occurred, to be deposited in its general fund.

(6) Except as provided in paragraph (5), the balance, if any, to the city or county in which the violation occurred, to be expended for community-based adolescent substance abuse treatment services.

The person conducting the sale shall disburse the proceeds of the sale as provided in this subdivision, and provide a written accounting regarding the disposition to all persons entitled to or claiming a share of the proceeds, within 15 days after the sale is conducted.

(f) If the vehicle to be sold under this section is not of the type that can readily be sold to the public generally, the vehicle shall be destroyed or donated to an eleemosynary institution.

(g) No vehicle shall be sold pursuant to this section in either of the following circumstances:

(1) The vehicle is stolen, unless the identity of the legal and registered owners of the vehicle cannot be reasonably ascertained.

(2) The vehicle is owned by another, or there is a community property interest in the vehicle owned by a person other than the defendant and the vehicle is the only vehicle available to the defendant's immediate family which may be operated on the highway with a class 3 or class 4 driver's license.

(h) The Legislature finds and declares it to be the public policy of this state that no policy of insurance shall afford benefits which would alleviate the financial detriment suffered by any person as a direct or indirect result of a confiscation of a vehicle pursuant to this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 636

An act to amend Section 4606 of, and to add Section 4608.1 to, the Civil Code, relating to family law.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4606 of the Civil Code is amended to read:

4606. (a) In any initial or subsequent proceeding under this part where there is in issue the custody of or visitation with a minor child, the court may, if it determines it would be in the best interests of the minor child, appoint private counsel to represent the interests of the minor child.

(b) Counsel, upon entering an appearance on behalf of a minor pursuant to this section shall continue to represent that minor unless relieved by the court upon the substitution of other counsel by the court or for cause.

(c) The counsel shall be charged with the representation of the child's interests. The counsel has the following duties, unless under the circumstances it is inappropriate to exercise these duties, which include interviewing the child, reviewing the court files and all accessible relevant records available to both parties, and making any further investigations as he or she deems necessary to ascertain facts relevant to the custody or visitation hearings. Counsel may introduce and examine his or her own witnesses, present arguments to the court concerning the child's welfare, and participate further in the proceeding to the degree necessary to adequately represent the child.

(d) Counsel shall have the following rights when ordered by the court: reasonable access to the child with adequate notice; notice of any and all proceedings including any request for examinations affecting the child; access to medical and school records for the child; the right to veto any physical or psychological examination or evaluation, for purposes of the proceeding, which has not been ordered by the court; the right to assert on behalf of the child any privilege for discovery purposes; the right to seek independent psychological or physical examination or evaluation of the child for purposes of the pending proceeding, upon application to the court.

(e) The child's counsel may, upon noticed motion to all parties and the local child protective services agency, request the court to authorize release of relevant reports or files, concerning the child represented by the counsel, of the relevant local child protective services agency. The court shall review the reports or files in camera in order to determine whether they are relevant to the pending action and whether and to what extent they should be released to the child's counsel. Neither the review by the court nor the release to

counsel shall constitute a waiver of the confidentiality of these records and files. Counsel shall not disclose the contents or existence of these files or records to anyone unless otherwise permitted by law.

(f) When the court appoints counsel to represent the minor, counsel shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. This amount shall be paid by the parties in proportions as the court deems just.

SEC. 2. Section 4608.1 is added to the Civil Code, to read:

4608.1. (a) In any proceeding under this part where custody of, or visitation with, a minor child is at issue, the court may require the parents of the child who are involved in the custody or visitation dispute, and the minor child to participate in outpatient counseling with a licensed mental health professional, or through other community programs and services that provide appropriate counseling, including, but not limited to, mental health or substance abuse services, for not more than six months if the court finds that the dispute between the parents or between a parent and the child poses a substantial danger to the best interests of the child and that the counseling is in the best interests of the minor child. The court shall fix the cost and shall order the entire cost of the services to be borne by the parties in the proportion as the court deems reasonable. The court, in its finding, shall set forth reasons why it has found the dispute poses a substantial danger to the best interests of the child and the counseling is in the best interest of the minor child, and that the financial burden created by the court order for counseling does not otherwise jeopardize a party's other financial obligations. The court shall not order the parties to return to court upon the completion of counseling. Either party may file a new order to show cause or motion after counseling has been completed, and the court may again order counseling consistent with the provisions of this section.

The counseling shall be specifically designed to facilitate communication between the parties regarding their minor child's best interest, to reduce conflict regarding visitation or custody, and to improve the quality of parenting skills of each parent.

(b) In any proceeding in which counseling is ordered pursuant to subdivision (a), where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure, and where an order is in effect pursuant to paragraph (2) or (3) of subdivision (a) of Section 4359, Section 4516, or paragraph (1) or (2) of subdivision (a) of Section 7020, or Section 546 of the Code of Civil Procedure, at the request of the party protected by the order the parties shall meet with the mental health professional, or attend other community programs or services, separately at separate times. This subdivision shall only be operative until January 1, 1992.

CHAPTER 637

An act relating to education.

[Approved by Governor September 21, 1989. Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Subject to the appropriation of funding for that purpose, the State Department of Education, in consultation with the Office of Criminal Justice Planning, shall conduct an assessment on the use of schoolsites before and after the regular instructional day. The focus of the study shall be the usage of schoolsites to reduce juvenile delinquency and gang activities through the identification and dissemination of information on school-based activities. The study shall also identify before and after school programs which have been successful in reducing or preventing juvenile delinquency and gang activities and shall analyze the level of coordination with other local public and private nonprofit agencies, especially those providing recreational, medical, counseling, and other social services important to youth. The department shall submit to the Legislature, on or before July 1, 1991, a report on this assessment that shall include recommendations for legislation.

SEC. 2. It is the intent of the Legislature that funding necessary for the State Department of Education to conduct the assessment and to submit the report to the Legislature required by Section 1 of this act shall be included in the Budget Act of 1990.

CHAPTER 638

An act to amend Sections 503, 503.5, 6833, 6838, and 6920 of the Elections Code, relating to elections, and making an appropriation therefor.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

I am deleting the appropriation contained in Section 6 of Assembly Bill No. 633 for $99,000 from the General Fund.

In addition to several non-controversial changes to the Election Code, this bill appropriates $99,000 to the Secretary of State for the purpose of funding the provisions of Chapter 235 of this year (AB 986) regarding ballot box security measures.

At the time AB 986 was signed, it was indicated to me that the Secretary of State would absorb this year's fiscal costs. If additional resources are needed in the upcoming year, those costs can be addressed in the annual budget bill.

With this deletion, I am signing Assembly Bill No. 633.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 503 of the Elections Code is amended to read:

503. (a) Except as provided in Section 503.5, the affidavit of registration shall show all the facts required to be stated.

(b) If the affidavit does not contain all of the information required, but the telephone number of the affiant is legible, the county clerk shall telephone the affiant and attempt to collect the missing information.

(c) If the affidavit does not contain all of the information required, and the county clerk is not able to collect the missing information by telephone, but the mailing address of the affiant is legible, the county clerk shall inform the affiant of the reason for rejection and shall send to the affiant a new voter registration card.

SEC. 2. Section 503.5 of the Elections Code is amended to read:

503.5. In the event that the county clerk receives an affidavit of registration that does not include portions of the information for which space is provided, the county clerk or registrar of voters shall apply the following rebuttable presumptions:

(a) If no middle name or initial is shown, it shall be presumed that none exists.

(b) If no occupation is shown, it shall be presumed that the affiant declined to state his or her occupation.

(c) If the total number of signatures submitted to a county elections official for an office entirely within that county does not equal the number of signatures needed to qualify the candidate, the county elections official shall declare the petition void and is not required to verify the signatures. If the district falls within two or more counties, the county elections official shall within two working days report in writing to the Secretary of State the total number of signatures submitted.

(d) If the Secretary of State finds that the total number of signatures submitted in the district or state is less than the minimum number required to qualify the candidate he or she shall within one working day notify in writing the counties involved that they need not verify the signatures.

CHAPTER 639

An act to amend Section 4701 of the Civil Code, relating to family law.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4701 of the Civil Code is amended to read:

4701. (a) (1) On and after January 1, 1987, in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court shall order either parent or both parents to assign to an assigned payee, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child, unless the parent ordered to pay support demonstrates to the satisfaction of the court that the support payments ordered will be made. This demonstration may include proof of timely payment of previously ordered support for the minor children subject to the action. The wage assignment shall be ordered at the time of trial or entry of a judgment establishing child support, other than a temporary order pending trial. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order of assignment may be modified at any time by the court or, in the case of an arrearage, revoked as provided in subdivision (b).

(2) Notwithstanding paragraph (1), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to an assigned payee that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court. This paragraph shall not operate to limit the provisions of paragraph (1) but shall add to the powers set forth in that paragraph, by providing general authority for an order assigning wages or salary in any proceeding where the court has ordered either

or both parents to pay any amount for the support of a minor child, and under any circumstance.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding after January 1, 1987, where the court has ordered either or both parents to pay any amount for the support of a minor child and has not otherwise ordered an assignment of wages or salary pursuant to subdivision (a), that order for support shall contain a provision assigning the wages of the obligor to the assigned payee. Any order for the modification of child support entered after January 1, 1987, which does not otherwise contain a provision for wage assignment or an order assigning wages or salary pursuant to subdivision (a), shall also contain a provision assigning the wages of an obligor to the assigned payee. All provisions for wage assignment required pursuant to this subdivision shall be effective only upon an application signed under penalty of perjury by the assigned payee that the obligor is in arrears in payment in a sum equal to the amount of support payable for one month. Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the payee that portion of the salary or wages of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the obligor ordered to pay support upon whom a copy of the order is served.

(2) In cases in which the order for child support does not contain a provision for wage assignment, the application shall state that the assigned payee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The obligor may at any time waive the written notice required by this subdivision.

(3) The assigned payee shall notify the employer of the obligor, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to the district attorney, the parent to whom support has been ordered to be paid shall notify the court and the district attorney, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or district attorney is unable to deliver payments under the assignment for a period of six months due to the failure of the individual to whom

support has been ordered to be paid to notify the employer or district attorney of a change of address, the employer or district attorney shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment. The Judicial Council shall adopt a form for the statement.

(6) An obligor alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that there is an error in the amount of current or overdue support, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code, to the extent that the amount required to be withheld exceeds the limits specified in federal law. The obligor may also move to quash the assignment if he or she states under oath that a default in payment in a sum equal to the amount of support payable for one month has not occurred. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion. If a finding of an error in the amount of overdue support results in an amount due which is less than one month's support, the assignment of wages shall be quashed accordingly. However, if a finding of an error in the amount of overdue support results in an amount in excess of one month's support, such a finding in the amount of overdue support shall not affect the assignment of that portion of the obligor's wages withheld to pay for current support. A finding of an error in the amount of current support subject to withholding does not affect the assignment of that portion of the obligor's wages withheld to pay overdue support.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. The employer shall send the amounts withheld to the assigned payee within 10 days of the date the obligor is paid. An employer who willfully fails to withhold and forward support pursuant to a currently valid order

entered and served upon the employer pursuant to this section is liable to the assigned payee for the amount of support not withheld, forwarded, or otherwise paid to the assigned payee. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment and the fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to enter the order for the assignment.

(10) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this subdivision if past due support has been paid in full and if one of the following conditions exists: (A) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or district attorney of a change of address; or (B) the death or emancipation of the child to whom support is owed; or (C) the assignment has continued for 24 months after payment in full of any past due support. However, if the assignment was pursuant to a second or subsequent application, it shall not be terminated unless, upon a petition by the parent ordered to pay support, the court determines that there is good cause to terminate the assignment.

(11) The amounts withheld under this subdivision shall include both current support and payments towards the liquidation of arrearages. However, priority shall be given to the current support obligation.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation. The state agency or the local agency designated to enforce child support obligations, as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check.

(e) Orders for wage assignment required or authorized by this

section shall include a requirement that the obligor notify the assigned payee of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) This section applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court

unless the public entity has informed the court in writing that the moneys shall be released to the defaulting obligor. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the district attorney for those purposes, or upon the district attorney's or obligor's request, the court shall issue an order for a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b), but a finding of error in the amount of the arrearage is not sufficient in and of itself to quash the wage assignment for that portion of the obligor's wages withheld to pay current support.

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) As used in this section, "assigned payee" means either the person to whom support has been ordered to have been paid or the district attorney, designated by the court to receive the payment. For the purposes of this section, the district attorney shall be the assigned payee for all cases in which an application for services has been filed under Title IV-D of the Social Security Act.

(n) In any case where support for a minor child is ordered to be paid through the district attorney on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the district attorney shall forward the support received to the custodial parent or other person having care or control of the minor child or children involved within seven working days of receipt.

(o) This section shall become operative on January 1, 1987.

SEC. 2. Section 4701 of the Civil Code is amended to read:

4701. (a) (1) On and after January 1, 1987, in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court shall order either parent or both parents to assign to an assigned payee, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child, unless the parent ordered to pay support demonstrates to the satisfaction of the court that the support payments ordered will be made This demonstration may include proof of timely payment of previously ordered support for the minor children subject to the action. The wage assignment shall be ordered at the time of trial or entry of a judgment establishing child support, other than a temporary order

pending trial. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order of assignment may be modified at any time by the court or, in the case of an arrearage, revoked as provided in subdivision (b).

(2) Notwithstanding paragraph (1), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to an assigned payee that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court. This paragraph shall not operate to limit the provisions of paragraph (1) but shall add to the powers set forth in that paragraph, by providing general authority for an order assigning wages or salary in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, and under any circumstance.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding after January 1, 1987, where the court has ordered either or both parents to pay any amount for the support of a minor child and has not otherwise ordered an assignment of wages or salary pursuant to subdivision (a), that order for support shall contain a provision assigning the wages of the obligor to the assigned payee. Any order for the modification of child support entered after January 1, 1987, which does not otherwise contain a provision for wage assignment or an order assigning wages or salary pursuant to subdivision (a), shall also contain a provision assigning the wages of an obligor to the assigned payee. All provisions for wage assignment required pursuant to this subdivision shall be effective only upon an application signed under penalty of perjury by the assigned payee that the obligor is in arrears in payment in a sum equal to the amount of support payable for one month. Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the payee that portion of the salary or wages of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the obligor ordered to pay support upon whom a copy of the order is served.

(2) In cases in which the order for child support does not contain a provision for wage assignment, the application shall state that the assigned payee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or

personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The obligor may at any time waive the written notice required by this subdivision.

(3) The assigned payee shall notify the employer of the obligor, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to the district attorney, the parent to whom support has been ordered to be paid shall notify the court and the district attorney, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or district attorney is unable to deliver payments under the assignment for a period of six months due to the failure of the individual to whom support has been ordered to be paid to notify the employer or district attorney of a change of address, the employer or district attorney shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment. The Judicial Council shall adopt a form for the statement.

(6) An obligor alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that there is an error in the amount of current or overdue support, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code, to the extent that the amount required to be withheld exceeds the limits specified in federal law. The obligor may also move to quash the assignment if he or she states under oath that a default in payment in a sum equal to the amount of support payable for one month has not occurred. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the

notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion. If a finding of an error in the amount of overdue support results in an amount due which is less than one month's support, the assignment of wages shall be quashed accordingly. However, if a finding of an error in the amount of overdue support results in an amount in excess of one month's support, such a finding in the amount of overdue support shall not affect the assignment of that portion of the obligor's wages withheld to pay for current support. A finding of an error in the amount of current support subject to withholding does not affect the assignment of that portion of the obligor's wages withheld to pay overdue support.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. The employer shall send the amounts withheld to the assigned payee within 10 days of the date the obligor is paid. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the assigned payee for the amount of support not withheld, forwarded, or otherwise paid to the assigned payee. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment and the fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to enter the order for the assignment.

(10) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this subdivision if past due support has been paid in full and if one of the following conditions exists: (A) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or district attorney of a change of address; or (B) the death or emancipation of the child to whom support is owed; or (C) the assignment has continued for 24 months after payment in full of any past due support. However, if the assignment was pursuant to a second or subsequent application, it shall not be terminated unless, upon a petition by the parent ordered to pay support, the court determines that there is good cause to terminate the assignment.

(11) The amounts withheld under this subdivision shall include

both current support and payments towards the liquidation of arrearages. However, priority shall be given to the current support obligation.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation. The state agency or the local agency designated to enforce child support obligations, as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the obligor notify the assigned payee of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) This section applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the

extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting obligor. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the district attorney for those purposes, or upon the district attorney's or obligor's request, the court shall issue an order for a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b), but a finding of error in the amount of the arrearage is not sufficient in and of itself to quash the wage assignment for that portion of the obligor's wages withheld to pay current support.

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) As used in this section, "assigned payee" means either the person to whom support has been ordered to have been paid or the district attorney, designated by the court to receive the payment. For the purposes of this section, the district attorney shall be the assigned payee for all cases in which an application for services has been filed under Title IV-D of the Social Security Act.

(n) In any case where support for a minor child is ordered to be paid through the district attorney on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200)

of Part 3 of Division 9 of the Welfare and Institutions Code), the district attorney shall forward the support received to the custodial parent or other person having care or control of the minor child or children involved within seven working days of receipt.

(o) This section shall become operative on January 1, 1987.

(p) This section shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 2 of this bill incorporates amendments to Section 4701 of the Civil Code, proposed by both this bill and AB 1904. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1990, (2) each bill amends Section 4701 of the Civil Code, and (3) this bill is enacted after AB 1904, in which case Section 1 of this bill shall not become operative.

CHAPTER 640

An act to amend Sections 10148, 10150, 10151, 10156.6, 10156.7, and 10240 of the Business and Professions Code, and to amend Section 830.11 of the Penal Code, relating to real estate brokers.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10148 of the Business and Professions Code is amended to read:

10148. (a) A licensed real estate broker shall retain for three years copies of all listings, deposit receipts, canceled checks, trust records, and other documents executed by him or her or obtained by him or her in connection with any transactions for which a real estate broker license is required. The retention period shall run from the date of the closing of the transaction or from the date of the listing if the transaction is not consummated. After notice, the books, accounts, and records shall be made available for examination, inspection, and copying by the commissioner or his or her designated representative during regular business hours; and shall, upon the appearance of sufficient cause, be subject to audit without further notice, except that the audit shall not be harassing in nature.

(b) The commissioner shall charge a real estate broker for the cost of an audit, if prior to the audit the commissioner has found, in a final desist and refrain order issued under Section 10086 or in a final decision following a disciplinary hearing held in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code that the broker has violated Section 10145 or a regulation or rule of the commissioner

interpreting Section 10145.

The commissioner may maintain an action for the recovery of the cost in any court of competent jurisdiction. In determining the cost incurred by the commissioner for an audit, the commissioner may use the estimated average hourly cost for all persons performing audits of real estate brokers.

SEC. 2. Section 10150 of the Business and Professions Code is amended to read:

10150. (a) Application for the real estate broker license examination shall be made in writing to the commissioner. The commissioner may prescribe the format and content of the broker examination application. The application for the broker examination shall be accompanied by the real estate broker license examination fee.

(b) Persons who have been notified by the commissioner that they passed the real estate broker license examination may apply for a real estate broker license. Application for the real estate broker license shall be made in writing to the commissioner. The commissioner may prescribe the format and content of the broker license application. The application for the real estate broker license shall be accompanied by the appropriate fee.

SEC. 3. Section 10151 of the Business and Professions Code is amended to read:

10151. (a) Application for the real estate salesperson license examination shall be made in writing to the commissioner. The commissioner may prescribe the format and content of the salesperson examination application. The application for the salesperson examination shall be accompanied by the real estate salesperson license examination fee.

(b) Persons who have been notified by the commissioner that they passed the real estate salesperson examination may apply for a real estate salesperson license. Application for the real estate salesperson license application shall be made in writing to the commissioner. The commissioner may prescribe the format and content of the salesperson license application. The application for the real estate salesperson license shall be accompanied by the appropriate fee.

SEC. 4. Section 10156.6 of the Business and Professions Code is amended to read:

10156.6. A restricted license issued pursuant to Section 10156.5 as the commissioner in his or her discretion finds advisable in the public interest may be restricted:

(a) By term.

(b) To employment by a particular real estate broker, if a salesperson.

(c) By conditions to be observed in the exercise of the privileges granted.

(d) If a salesperson licensee or applicant has not complied with Section 10153.4 within 18 months after issuance of the license.

SEC. 5. Section 10156.7 of the Business and Professions Code is amended to read:

10156.7. (a) A restricted license issued pursuant to Section 10156.5 does not confer any property right in the privileges to be exercised thereunder, and the holder of a restricted license does not have the right to the renewal of the license.

(b) Except as provided in subdivision (c), the commissioner may without hearing issue an order suspending the licensee's right to further exercise any privileges granted under a restricted license pending final determination made after formal hearing.

(c) A restricted salesperson license containing a condition requiring compliance with Section 10153.4 shall be automatically suspended upon the licensee's failure to comply with the condition. The suspension shall not be lifted until the suspended licensee has submitted the required evidence of course completion and the commissioner has given written notice to the licensee of the lifting of the suspension.

SEC. 6. Section 10240 of the Business and Professions Code is amended to read:

10240. (a) Every real estate broker acting within the meaning of subdivision (d) of Section 10131 who negotiates a loan to be secured directly or collaterally by a lien on real property shall, before the borrower becomes obligated to complete the loan, cause to be delivered to the borrower a statement in writing, containing all the information required by Section 10241. It shall be personally signed by the borrower and by the real estate broker negotiating the loan or by a real estate licensee acting for the broker in negotiating the loan. When so executed, an exact copy thereof shall be delivered to the borrower at the time of its execution. The real estate broker negotiating the loan shall retain on file for a period of four years a true and correct copy of such statement as signed by the borrower.

No real estate licensee shall permit such statement to be signed by a borrower if any information required by Section 10241 is omitted. This section is not applicable with respect to a loan for a lender enumerated in paragraph (1) of subdivision (a) of Section 10133.1 on which the broker receives a commission from the borrower not in excess of 2 percent of such loan.

(b) For the purposes of applying the provisions of this article, a real estate broker is acting within the meaning of subdivision (d) of Section 10131 if he or she solicits borrowers, or causes borrowers to be solicited, through express or implied representations that the broker will act as an agent in arranging a loan, but in fact makes the loan to the borrower from funds belonging to the broker.

SEC. 7. Section 830.11 of the Penal Code is amended to read:

830.11. (a) The following persons are not peace officers but may exercise the powers of arrest of a peace officer as specified in Section 836 and the power to serve warrants as specified in Sections 1523 and 1530 during the course and within the scope of their employment, if they receive a course in the exercise of those powers pursuant to

Section 832. The authority and powers of the persons designated under this section shall extend to any place in the state:

(1) Persons employed by the State Banking Department designated by the Superintendent of Banks, provided that the primary duty of those persons shall be the enforcement of, and investigations relating to, the provisions of law administered by the State Banking Department.

(2) Persons employed by the Department of Savings and Loan designated by the Commissioner of Savings and Loan, provided that the primary duty of those persons shall be the enforcement of, and investigations relating to, the provisions of law administered by the Department of Savings and Loan.

(3) Persons employed by the Department of Real Estate designated by the Real Estate Commissioner, provided that the primary duty of these persons shall be the enforcement of the laws set forth in Part 1 (commencing with Section 10000) and Part 2 (commencing with Section 11000) of Division 4 of the Business and Professions Code. The Real Estate Commissioner may designate persons under this section, who at the time of their designation, are assigned to the Special Investigations Unit, internally known as the Crisis Response Team.

(b) Notwithstanding any other provision of law, persons designated pursuant to this section shall not carry firearms.

(c) Persons designated pursuant to this section shall be included as "peace officers of the state" under paragraph (2) of subdivision (c) of Section 11105 for the purpose of receiving state summary criminal history information and shall be furnished that information on the same basis as peace officers of the state designated in paragraph (2) of subdivision (c) of Section 11105.

SEC. 8. Section 830.11 of the Penal Code is amended to read:

830.11. The notice of the cotton plowdown date shall serve as notice to the owner of the plant or parts thereof that the plant or parts constitute a public nuisance if not brought into compliance with the orders by that date. Thereafter, the commissioner may take any abatement action as is reasonably necessary to bring the plant and parts thereof into compliance.

(c) The person who produced the cotton plant and parts thereof shall pay 150 percent of all costs associated with the commissioner's abatement of the nuisance. The producers may, when making the payment of the amount, submit a written appeal of the payment to the director.

This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 22, 1989]

The people of the State of California do enact as follows:

SECTION 1 Section 8601 of the Fish and Game Code is amended to read:

8601. Any net or line used to take fish that is anchored to the bottom on each end and is not free to drift with the tide or current is a set net or set line. Any net so placed that it will catch or impound

fish within a bight, bay, or estuary, or against the shore upon the receding of the tide is a set net. Fyke nets, shrimp nets, or crab nets are not set nets.

SEC. 2. Section 8601.5 is added to the Fish and Game Code, to read:

8601.5. (a) Set nets and set lines shall be marked at both ends with buoys displaying above their waterlines, in numerals at least 2 inches high, the fisherman's identification number.

(b) Each piece or panel of a set net shall be marked along the corkline of the net, in a manner determined by the department to adequately identify the net, with the fisherman's identification number. The distance between the markings shall not exceed 45 fathoms. If the lost or abandoned net is recovered by the department or persons designated by the department, the commission may require the owner of the lost or abandoned net to pay for all recovery costs. The commission may revoke the owner's set net permit issued pursuant to Section 8681 for failure to comply with this subdivision.

(c) If a person is unable to recover a set net or portion of a set net, the person shall contact one of the department offices located in the City of Menlo Park, Monterey, Long Beach, or San Diego, not later than 72 hours after returning to port following the loss and shall report all of the following information:

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) As used in this section, "legal right" means the freedom of use and enjoyment generally exercised by owners and occupiers of land.

(c) Nothing in this section shall be construed to prevent a city, county, or city and county from imposing reasonable restrictions as to the time, place, and manner of placement or display of a Flag of the United States when necessary for the preservation of the public's health, safety, or order. However, no restrictions solely to promote aesthetic considerations may be imposed.

SECTION 1. Section 96.8 is added to the Labor Code, to read:

96.8. The Labor Commissioner shall determine the manner in which this information is publicized.

(b) The costs of publicizing the existence of the Industrial Relations Unpaid Wage Fund shall be paid from the fund.

(c) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1995, deletes or extends that date.

CHAPTER 658

An act to add Section 15977 to the Government Code, and to amend Section 99401.5 of the Public Utilities Code, relating to transportation.

[Approved by Governor September 21, 1989 Filed with Secretary of State September 22, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 15977 is added to the Government Code, to read:

15977. The Director of Transportation shall submit to the Legislature, by July 1, 1990, and biennially thereafter, a summary of the reports received by the director pursuant to Section 15973. That summary shall include, but not be limited to, all of the following:

(a) An inventory of all existing public and private social service transportation services within the state.

(b) A description of the amount and source of funding utilized by those services.

(c) The type and number of social service recipients being served.

(d) A concise statement on the drivers and management of the services, with an evaluation of the operating, capital, and administrative costs for the services.

(e) A synopsis of the average miles of vehicle travel to provide services during each month and a brief analysis of the eligibility requirements for obtaining services.

(f) A description of the background of social service transportation in the state and any other pertinent information necessary to adequately document and describe the service.

SEC. 2. Section 99401.5 of the Public Utilities Code is amended to read:

99401.5. Prior to making any allocation not directly related to public transportation services, specialized transportation services, or facilities provided for the exclusive use of pedestrians and bicycles, the transportation planning agency shall annually do all of the following:

(a) Consult with the social services transportation advisory council established pursuant to Section 99238.

(b) Identify the transit needs of the jurisdiction which have been considered as part of the transportation planning process, including the following:

(1) An annual assessment of the size and location of identifiable groups likely to be transit dependent or transit disadvantaged, including, but not limited to, the elderly, the handicapped, and

persons of limited means.

(2) An analysis of the adequacy of existing public transportation services and specialized transportation services, including privately and publicly provided services, in meeting the transit demand identified pursuant to paragraph (1).

(3) An analysis of the potential alternative public transportation and specialized transportation services and service improvements that would meet all or part of the transit demand.

(c) Identify the unmet transit needs of the jurisdiction and those needs that are reasonable to meet. The transportation planning agency shall hold at least one public hearing pursuant to Section 99238.5 for the purpose of soliciting comments on the unmet transit needs that may exist within the jurisdiction and that might be reasonable to meet by establishing or contracting for new public transportation or specialized transportation services or by expanding existing services. The definition adopted by the transportation planning agency for the terms "unmet transit needs" and "reasonable to meet" shall be documented by resolution or in the minutes of the agency. The fact that an identified transit need cannot be fully met based on available resources shall not be the sole reason for finding that a transit need is not reasonable to meet. An agency's determination of needs that are reasonable to meet shall not be made by comparing unmet transit needs with the need for streets and roads.

(d) Adopt by resolution a finding for the jurisdiction, after consideration of all available information compiled pursuant to subdivisions (a), (b), and (c). The finding shall be that (1) there are no unmet transit needs, (2) there are no unmet transit needs that are reasonable to meet, or (3) there are unmet transit needs, including needs that are reasonable to meet. The resolution shall include information developed pursuant to subdivisions (a), (b), and (c) which provides the basis for the finding.

(e) If the transportation planning agency adopts a finding that there are unmet transit needs, including needs that are reasonable to meet, then the unmet transit needs shall be funded before any allocation is made for streets and roads within the jurisdiction. If the finding is inconsistent with the regional transportation plan, then the transportation planning agency shall resolve the inconsistency by timely amendment or supplement to the plan.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

The established program rate shall serve as the base for those negotiations.

(d) (1) Notwithstanding any other provision of law, any records maintained by the authority which would enable a determination to be made regarding rates negotiated pursuant to Article 5.1 (commencing with Section 14165) of chapter 7, shall be exempt from the Public Records Act (Chapter 3.5 (commencing with Section

(c) That public understanding of the nature and role of cooperatives is minimal. In general, the public does not understand how the cooperative form of business structure is being utilized for their benefit.

(d) That public understanding about the benefits of the cooperative form of business could be greatly improved through a coordinated effort by the University of California and other institutions of higher education to focus on the role of cooperatives in the California economy.

(e) That in the fast changing world economic environment it is important to California that its cooperatives remain a dynamic sector within the state's economy. In order to enhance this sector's development the state is asked to support the establishment of a Center for Cooperatives.

SEC. 3. Section 92691 of the Education Code is amended to read:

92691. In order to facilitate the development of cooperatives in the business and education sectors, the University of California is requested to establish a Center for Cooperatives. SEC. 5. Section 92696 of the Education Code is amended to read:

(1) Funds derived from special fund accounts.

(2) Public and private funds secured through cooperative research agreements from entities such as the Agricultural Cooperative Service of the United States Department of Agriculture.

(3) Funds currently available to the university which are directed in the interest of cooperatives.

(5) Income from courses, seminars, publications, and contractual services.

(6) Contributions from cooperatives and other associated business organizations.

(7) Grants and endowments received from private foundations, government agencies, and other public or private sources.

SEC. 6. Section 92697 of the Education Code is amended to read:

92697. It is the intent of the Legislature that the Center for Cooperatives be established and in operation on or before July 1, 1989. The University of California is requested to submit to the Legislature by March 15, 1990, a progress report addressing the level of General Fund moneys necessary to operate the center, and describing the steps taken toward establishing and operating the center and, on or before January 1, 1992, a final report evaluating the effectiveness of the center in meeting legislative intent as expressed in this act.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. [Approved by Governor September 22, 1989 Filed with Secretary of State September 22, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that in 1987, County Service Area No. 3, Circle XX, in the County of Calaveras, began proceedings under the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code) to reorganize the area into a community services district. The Legislature further finds and declares that the processes have taken an exceptional amount of time due to circumstances beyond the control of the affected parties, including improper notice to parties and a lack of personnel available to the local agency formation commission, and that a relatively short extension of time from a deadline imposed by the State Board of Equalization is necessary to complete that process.

SEC. 2. Due to the unique circumstances surrounding these changes of organization, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. Notwithstanding the provisions of Sections 54902 and 54903 of the Government Code, the approval of the Circle XX, Community Services District in Calaveras County and County Service Area No. 74 and zones A and B in Monterey County shall be effective for assessment and taxation purposes for fiscal year 1989–90 if the required statements and maps are filed with the State Board of Equalization on or before June 12, 1989.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes of organization of major importance to residents of County Service Area No. 3 in Calaveras County and to residents of County Service Area No. 74 and zones A and B of Monterey County may proceed, and not be terminated due to exceptional circumstances beyond the control of the parties, it is necessary that this act take immediate effect.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. SECTION 1. Section 270 of the Code of Civil Procedure is amended to read:

270. (a) Notwithstanding Section 269 or any other provision of law, the Judicial Council shall establish a demonstration project to assess the costs, benefits, and acceptability of utilizing audio and video recording as a means of producing a verbatim record of proceedings in up to 75 superior court departments.

The Judicial Council shall select the counties to participate in the project, but shall include in its selection the Counties of Alameda, Los Angeles, Orange, Sacramento, San Mateo, Santa Cruz, and Solano.

In each county, the project shall only commence after the board of supervisors adopts a resolution finding that there are sufficient funds for the project, and the superior court adopts local rules for implementation of the project. The demonstration project in each county shall terminate on January 1, 1994.

(b) In courtrooms operating under the demonstration project, audio or video recording may be used in lieu of the verbatim record prepared by a court reporter except in any criminal or juvenile proceedings.

(c) The Judicial Council shall adopt the following: (1) specifications for audio and video recording equipment; (2) rules for courtroom monitoring of audio and video recording; (3) standards for the training of personnel and maintenance of equipment for audio and video recording; and (4) rules for certification of transcripts produced by means of audio and video recording.

(e) A transcript of a proceeding in a court of the demonstration project shall be provided by the court to a party in the same manner and form and at the same cost as a transcript prepared and delivered by an official court reporter. If a portion of a video or audio recording fails or is unable to be understood, a transcript of such portion of the proceeding shall designate such condition as "inaudible" and "unintelligible," respectively.

(f) No presently employed court reporter shall have his or her hours of employment reduced as a result of the demonstration

project nor shall be required to prepare a transcript of a proceeding in a court of the demonstration project.

(g) The Judicial Council shall report to the Legislature on or before January 1, 1992, and thereafter as the Legislature may require, as to the costs, benefits, and acceptability of such audio or video recording as a method of keeping the verbatim court record.

(h) The Joint Rules Committee shall appoint an advisory committee consisting of two certified shorthand reporters, one person skilled in courtroom audio recording, one person skilled in courtroom video recording, two judges experienced in trial work, one court administrator, and two attorneys experienced in trial work to evaluate the demonstration project, and it shall report its findings and recommendations, including minority views, if any, to the Legislature at the same times as the Judicial Council reports pursuant to subdivision (g). The advisory committee shall be afforded access to all material relating to the conduct and operation of the demonstration project, including, but not limited to, copies of audio and video tapes, logs thereof, transcripts, transcript requests, and the identity of any vendor and consultants involved in the demonstration project.

SEC. 2. Section 72194.5 of the Government Code is amended to read:

72194.5. Whenever an official court reporter or a temporary court reporter is unavailable to report an action or proceeding in a municipal or justice court, subject to the availability of approved equipment and equipment monitors, the municipal or justice court may order that the action or proceeding be electronically recorded, including all the testimony, the objections made, the ruling of the court, the exceptions taken, all arraignments, pleas, and sentences of defendants in criminal cases, the arguments of the attorneys to the jury, and all statements and remarks made and oral instructions given by the judge. The court shall assign available reporters first to report preliminary hearings and then to other proceedings. A transcript derived from an electronic recording may be utilized whenever a transcript of court proceedings is required. The electronic recording device and appurtenant equipment shall be of a type approved by the Judicial Council for courtroom use.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The court shall order a speedy hearing and shall advance it on the calendar. Upon application to the district attorney of the county in which the employer maintains a place of business by any person claiming to be

CHAPTER 681

An act to amend Section 15630 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 22, 1989 Filed with Secretary of State September 22, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) (1) Any elder or dependent adult care custodian, health practitioner, or employee of a county adult protective services agency or a local law enforcement agency, who in his or her professional capacity or within the scope of his or her employment, either has observed an incident that reasonably appears to be physical abuse, has observed a physical injury where the nature of the injury, its location on the body, or the repetition of the injury, clearly indicates that physical abuse has occurred, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, shall report the known or suspected instance of physical abuse either to the long-term care ombudsman coordinator or to a local law enforcement agency when the physical abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the physical abuse is alleged to have occurred anywhere else, immediately or as soon as possible by telephone, and shall prepare and send a written report thereof within two working days.

(2) The reports required by this section should contain the following information unless the information is unavailable by the person reporting:

(A) The name, address, telephone number, and occupation of the person reporting.

(B) The name and address of the victim.

(C) The date, time, and place of the incident.

(D) Other details, including the reporter's observations and beliefs concerning the incident.

(E) Any statement relating to the incident made by the victim.

(F) The name of any individuals believed to have knowledge of the incident.

(G) The name of the individuals believed to be responsible for the incident and their connection to the victim.

(b) Any care custodian, health practitioner, or employee of an adult protective services agency or local law enforcement agency who has knowledge of or reasonably suspects that other types of elder or dependent adult abuse have been inflicted upon an elder or dependent adult or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse either to a long-term care ombudsman coordinator when the abuse is alleged to have occurred in a long-term care facility, or to the county adult protective services agency when the abuse is alleged to have occurred anywhere else. If the conduct involves criminal activity not already covered by subdivision (a), it may be immediately reported to the appropriate law enforcement agency.

(c) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of abuse of an elder or a dependent adult, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(d) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(e) (1) An adult protective services agency shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, and to any public agency given responsibility for investigation in that jurisdiction of cases of elder and dependent adult abuse, every known or suspected instance of physical abuse of an elder or dependent adult. A county adult protective services agency shall also send a written report thereof within two working days of receiving the information concerning the incident to each agency to which it is required to make a telephone report under this subdivision.

Only a written report, sent within two working days, shall be required in the case of types of elder and dependent adult abuse other than physical abuse.

If an adult protective services agency receives a report of abuse alleged to have occurred in a long-term care facility, that adult

protective services agency shall immediately inform the person making the report that he or she must make it to the long-term care ombudsman coordinator or to a local law enforcement agency. The adult protective services agency shall not accept the reports.

(2) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse involving physical abuse or neglect determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person purporting to be such a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

(f) A law enforcement agency shall immediately or as soon as practically possible report by telephone to the long-term care ombudsman coordinator when the abuse is alleged to have occurred in a long-term care facility or to the county adult protective services agency when it is alleged to have occurred anywhere else, and to the agency given responsibility for the investigation of cases of elder and dependent adult abuse every known or suspected instance of abuse of an elder or a dependent adult. A law enforcement agency shall also send a written report thereof within two working days of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

(g) A long-term care ombudsman coordinator may report the instance of abuse to the county adult protective services agency or to the local law enforcement agency for assistance in the investigation of the abuse if the victim gives his or her consent.

A long-term care ombudsman coordinator and the Licensing and Certification Division of the State Department of Health Services shall immediately report by telephone and in writing within two working days to the bureau any instance of neglect occurring in a health care facility, which has seriously harmed any patient or reasonably appears to present a serious threat to the health or physical well-being of a patient in that facility. If a victim or potential victim of the neglect withholds consent to being identified in that report, the report shall contain circumstantial information about the neglect but shall not identify that victim or potential victim and the bureau and the reporting agency shall maintain the confidentiality of the report until the time at which the report becomes a matter of

public record.

(h) When a county adult protective services agency, a long-term care ombudsman coordinator, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(i) Each long-term care ombudsman coordinator shall report to the county adult protective services agency monthly on the reports it receives pursuant to this chapter. The reports shall be on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse, and the actions taken on the reports. For purposes of these reports, sexual abuse shall be reported separately from physical abuse.

(j) Each county adult protective services agency shall report to the State Department of Social Services monthly on the reports received pursuant to this chapter. The reports shall be made on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse sustained, and the actions taken on the reports. For purposes of these reports, sexual abuse shall be reported separately from physical abuse.

The county's report to the department shall include reports it receives from the long-term care ombudsman coordinator pursuant to subdivision (i).

The State Department of Social Services shall refer to the bureau monthly summaries of the reports of elder and dependent adult abuse, neglect, and abandonment which it receives from county adult protective services agencies.

[Approved by Governor September 22, 1989. Filed with Secretary of State September 22, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that there is a critical shortage of qualified child day care center staff and that current regulations dictating supervision ratios for aides do not permit cost-efficient utilization of this job class. Further, since there

are no minimum educational standards for aides, there is no incentive to begin career-oriented training.

SEC. 2. Section 1597.059 is added to the Health and Safety Code, to read:

(a) The State Department of Social Services shall develop guidelines and procedures to permit an aide to assist a fully qualified child care teacher in the supervision of up to 18 preschool age children, with the provision that the aide shall complete at least two accredited postsecondary semester units or equivalent quarter units of early childhood education or child development per semester or quarter, commencing with the first semester or quarter following initial employment and continuing until six units have been completed.

(b) The department shall immediately prepare proposed regulations for a public hearing concerning the requirements of subdivision (a).

(c) A status report on the development of the regulations shall be submitted by the department to the Legislature no later than June 1, 1990.

(d) For purposes of this section, "preschool age children" means children who are enrolled in a child day care center licensed by the department and who are not enrolled in either an infant care center or a schoolage child day care center, as these terms are defined in Title 22 of the California Code of Regulations.

(e) The Legislative Analyst shall evaluate the program authorized by this section and report to the Legislature no later than December 30, 1992. The evaluation shall include, but not be limited to, the advantages and disadvantages of changing the child-staff ratios on the quality of care, the number of day care centers that make use of this option, the increase in the number of children served, the effect the program has on encouraging aides to begin and continue career-oriented training, and a recommendation as to whether the program should be continued.

(f) This section shall remain in effect only until June 30, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1993, deletes or extends that date.

CHAPTER 683

500. Neither a corporation nor any of its subsidiaries shall make any distribution to the corporation's shareholders (Section 166) except as follows:

(a) The distribution may be made if the amount of the retained earnings of the corporation immediately prior thereto equals or exceeds the amount of the proposed distribution.

(b) The distribution may be made if immediately after giving effect thereto:

(1) The sum of the assets of the corporation (exclusive of goodwill, capitalized research and development expenses and deferred charges) would be at least equal to 1¼ times its liabilities (not including deferred taxes, deferred income and other deferred credits); and

(2) The current assets of the corporation would be at least equal to its current liabilities or, if the average of the earnings of the corporation before taxes on income and before interest expense for the two preceding fiscal years was less than the average of the interest expense of the corporation for such fiscal years, at least equal to 1¼ times its current liabilities; provided, however, that in determining the amount of the assets of the corporation profits derived from an exchange of assets shall not be included unless the assets received are currently realizable in cash; and provided, further, that for the purpose of this subdivision "current assets" may include net amounts which the board has determined in good faith may reasonably be expected to be received from customers during the 12-month period used in calculating current liabilities pursuant to existing contractual relationships obligating such customers to make fixed or periodic payments during the term of the contract or, in the case of public utilities, pursuant to service connections with customers, after in each case giving effect to future costs not then included in current liabilities but reasonably expected to be incurred by the corporation in performing such contracts or providing service to utility customers. The amount of any distribution payable in property shall, for the purpose of this chapter, be determined on the basis of the value at which the property is carried on the corporation's financial statements in accordance with generally accepted accounting principles. Paragraph (2) of subdivision (b) is

18717. (a) The board shall develop objective criteria for determining the application of the state safety category of membership in the Public Employees' Retirement System to positions in the State Civil Service. Upon the request of the Department of Personnel Administration or an employee organization, the board shall then determine which classes of positions meet all or part of the elements of the criteria and shall list the positions in order based upon the degree in which their duties meet the criteria. An employee organization which requests a determination with respect to a class of position previously determined not to meet the criteria shall submit a written argument supporting the assertion that the class of position meets the criteria. The board, if it finds the written argument to be unpersuasive, may refuse to commence determination proceedings unless and until either the Department of Personnel Administration requests a determination with respect to that class of position or the employee organization submits to the board a supporting argument which the board finds persuasive. The board shall indicate to the department whether the classes qualify for state safety membership. The Public Employees' Retirement System and employing agencies shall assist and cooperate with the board in preparation of the report.

(b) The board shall transmit the report directly to the

department, which shall make a copy available to the exclusive representative of any employee organization upon its written request.

(c) The department may use the results of the study in subsequent negotiations with the exclusive employee representatives; however, the report shall in no way obligate the department to take any action or make any recommendations as it relates to state safety membership.

(d) The department shall not recommend safety membership for any class of employees who have not been determined by the board to meet the established criteria.

(e) For classes of employees recommended for state safety membership by a memorandum of understanding reached pursuant to Section 3517.5, a copy of the report authorized under this section shall be submitted to the Legislature with the signed memorandum of understanding.

The department shall grant these interest moneys to the centers upon request to provide for the continued operation of the centers.

(2) If sufficient interest moneys are not available at a time when the centers require additional funds, the department shall lend the centers necessary funds from the Rural Economic Development Fund if the expected interest earnings from the fund will repay the loans. Funds received under this subdivision shall not be considered when the department reviews and approves applications pursuant to

The service and filing of the notice shall extend the defendant's time to plead until 15 days after service upon him or her of a written notice of entry of an order denying his or her motion, except that for good cause shown the court may extend the defendant's time to plead for an additional period not exceeding 20 days.

(c) If the motion is denied by the trial court, the defendant, within 10 days after service upon him or her of a written notice of entry of an order of the court denying his or her motion, or within any further time not exceeding 20 days that the trial court may for good cause

The defendant shall file or enter his or her responsive pleading in the trial court within the time prescribed by subdivision (b) unless, on or before the last day of the defendant's time to plead, he or she serves upon the adverse party and files with the trial court a nctice that he or she has petitioned for a writ of mandate. The service and filing of the notice shall extend the defendant's time to plead until 10 days after service upon him or her of a written notice of the final judgment in the mandate proceeding. The time to plead may for good cause shown be extended by the trial court for an additional period not exceeding 20 days.

(d) No default may be entered against the defendant before expiration of his or her time to plead, and no motion under this section, or under Section 473 or 473.5 when joined with a motion under this section, or application to the court or stipulation of the parties for an extension of the time to plead, shall be deemed a general appearance by the defendant.

SEC. 2. Section 484.040 of the Code of Civil Procedure is amended to read:

706.105. (a) A judgment debtor may claim an exemption under Section 706.051 under either of the following circumstances:

(1) No prior hearing has been held with respect to the earnings withholding order.

(2) There has been a material change in circumstances since the time of the last prior hearing on the earnings withholding order.

(b) A claim of exemption shall be made by filing with the levying officer an original and one copy of (1) the judgment debtor's claim of exemption and (2) the judgment debtor's financial statement.

(c) Upon filing of the claim of exemption, the levying officer shall promptly send to the judgment creditor, at the address stated in the application for the earnings withholding order, by first-class mail, postage prepaid, all of the following:

(1) A copy of the claim of exemption.

(2) A copy of the financial statement.

(3) A notice of claim of exemption. The notice shall state that the claim of exemption has been filed and that the earnings withholding order will be terminated, or modified to reflect the amount of earnings claimed to be exempt in the claim of exemption, unless a

notice of opposition to the claim of exemption is filed with the levying officer by the judgment creditor within 10 days after the date of the mailing of the notice of claim of exemption.

(d) A judgment creditor who desires to contest a claim of exemption shall, within 10 days after the date of the mailing of the notice of claim of exemption, file with the levying officer a notice of opposition to the claim of exemption.

(e) If a notice of opposition to the claim of exemption is filed with the levying officer within the 10-day period, the judgment creditor is entitled to a hearing on the claim of exemption. If the judgment creditor desires a hearing on the claim of exemption, the judgment creditor shall file a notice of motion for an order determining the claim of exemption with the court within 10 days after the date the levying officer mailed the notice of claim of exemption. If the notice of motion is so filed, the hearing on the motion shall be held not later than 30 days from the date the notice of motion was filed unless continued by the court for good cause. At the time prescribed by subdivision (b) of Section 1005, the judgment creditor shall give written notice of the hearing to the levying officer and shall serve a notice of the hearing and a copy of the notice of opposition to the claim of exemption on the judgment debtor and, if the claim of exemption so requested, on the attorney for the judgment debtor. Service is deemed made when the notice of the hearing and a copy of the notice of opposition to the claim of exemption are deposited in the mail, postage prepaid, addressed to the judgment debtor at the address stated in the claim of exemption and, if service on the attorney for the judgment debtor was requested in the claim of exemption, to the attorney at the address stated in the claim of exemption. The judgment creditor shall file proof of the service with the court. After receiving the notice of the hearing and before the date set for the hearing, the levying officer shall file the claim of exemption and the notice of opposition to the claim of exemption with the court.

(f) If the levying officer does not receive a notice of opposition to the claim of exemption within the 10-day period after the date of mailing of the notice of claim of exemption and a notice of the hearing not later than 10 days after the filing of the notice of opposition to the claim of exemption, the levying officer shall serve on the employer one of the following:

(1) A notice that the earnings withholding order has been terminated if all of the judgment debtor's earnings were claimed to be exempt.

(2) A modified earnings withholding order which reflects the amount of earnings claimed to be exempt in the claim of exemption if only a portion of the judgment debtor's earnings was claimed to be exempt.

(g) If, after hearing, the court orders that the earnings withholding order be modified or terminated, the clerk shall promptly transmit a certified copy of the order to the levying officer

who shall promptly serve on the employer of the judgment debtor (1) a copy of the modified earnings withholding order or (2) a notice that the earnings withholding order has been terminated. The court may order that the earnings withholding order be terminated as of a date which precedes the date of hearing. If the court determines that any amount withheld pursuant to the earnings withholding order shall be paid to the judgment debtor, the court shall make an order directing the person who holds that amount to pay it promptly to the judgment debtor.

(h) If the earnings withholding order is terminated by the court, unless the court otherwise orders or unless there is a material change of circumstances since the time of the last prior hearing on the earnings withholding order, the judgment creditor may not apply for another earnings withholding order directed to the same employer with respect to the same judgment debtor for a period of 100 days following the date of service of the earnings withholding order or 60 days after the date of the termination of the order, whichever is later.

(i) If an employer has withheld and paid over amounts pursuant to an earnings withholding order after the date of termination of the order but prior to the receipt of notice of its termination, the judgment debtor may recover those amounts only from the levying officer if the levying officer still holds those amounts or, if those amounts have been paid over to the judgment creditor, from the judgment creditor. If the employer has withheld amounts pursuant to an earnings withholding order after termination of the order but has not paid over those amounts to the levying officer, the employer shall promptly pay those amounts to the judgment debtor.

(j) An appeal lies from any court order under this section denying a claim of exemption or modifying or terminating an earnings withholding order. The appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had. An appeal by the judgment creditor from an order modifying or terminating the earnings withholding order does not stay the order from which the appeal is taken. Notwithstanding the appeal, until the order modifying or terminating the earnings withholding order is set aside or modified, the order allowing the claim of exemption in whole or in part shall be given the same effect as if the appeal had not been taken.

(k) This section does not apply to a withholding order for support or a withholding order for taxes.

(c) A determination by the court that the settlement was made in good faith shall bar any other joint tortfeasor or co-obligor from any further claims against the settling tortfeasor or co-obligor for equitable comparative contribution, or partial or comparative indemnity, based on comparative negligence or comparative fault.

(e) When a determination of the good faith or lack of good faith of a settlement is made, any party aggrieved by the determination may petition the proper court to review the determination by writ of mandate. (4) The mailing of notices in the manner set forth in paragraph (1) shall not impose upon any licensed attorney, agent, or employee of any person entitled to receive notices as herein set forth any duty to communicate the notice to the entitled person from the fact that the mailing address used by the county recorder is the address of the attorney, agent, or employee.

(d) Any deed of trust or mortgage with power of sale hereafter executed upon real property or an estate for years therein may contain a request that a copy of any notice of default and a copy of any notice of sale thereunder shall be mailed to any person or party thereto at the address of the person given therein, and a copy of any notice of default and of any notice of sale shall be mailed to each of these at the same time and in the same manner required as though a separate request therefor had been filed by each of these persons as herein authorized. If any deed of trust or mortgage with power of sale executed after September 19, 1939, except a deed of trust or mortgage of any of the classes excepted from the provisions of Section 2924 does not contain a request of the trustor or mortgagor for special notice at the address of the person given therein or does contain such a request but no address of the person is given therein and if no request for special notice by the trustor or mortgagor in substantially the form set forth in this section has subsequently been recorded, a copy of the notice of default shall be published once a week for at least four weeks in a newspaper of general circulation in the county in which the property is situated, the publication to commence within 10 days after the filing of the notice of default. prepaid. In the absence of fraud, the affidavit required by this subdivision shall establish a conclusive presumption of mailing.

(f) No request for a copy of any notice filed for record pursuant to this section, no statement or allegation in any such request, and no record thereof shall affect the title to real property or be deemed notice to any person that any person requesting copies of notice has or claims any right, title or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein.

SEC. 6. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property or an estate for years therein hereafter executed has, prior to the maturity date fixed in that obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of that obligation or of the deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of that obligation or of the deed of trust or mortgage, the trustor or mortgagor or his or her successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within the period specified in subdivision (e), if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount then due under the terms of the deed of trust or mortgage and the obligation secured thereby (including reasonable costs and expenses, subject to subdivision (c), which are actually incurred in enforcing the terms of the obligation, deed of trust or mortgage, and trustee's or attorney's fees, subject to subdivision (d)), other than the portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if the acceleration had not occurred. This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, that person may request the beneficiary or the mortgagee or their successors in interest to cause to be executed and recorded a notice of rescission which rescinds the declaration of default and demand for sale and upon receipt of a written request the beneficiary or mortgagee or their successors in interest shall cause to be executed

and recorded a notice of rescission. The request to execute and record a notice of rescission shall be directed to the person whose name and address is set forth in the notice required by subdivision (b). The beneficiary, or the mortgagee or their successors in interest, shall cause the notice of rescission to be recorded within 30 days of the receipt of the written request.

No charge, except for the recording fee, shall be made for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is _____ as of _____,
(Date)

and will increase until your account becomes current. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay the amount stated above. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

(Name of beneficiary or mortgagee)

(Mailing address)

(Telephone)

If you have any questions, you should contact a lawyer or the governmental agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of the contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or the assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (c) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Sections 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to

subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed two hundred dollars ($200) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created hereby is terminated five business days prior to the date of sale set

forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term "business day" has the same meaning as specified in Section 9.

SEC. 7. Section 2924.3 of the Civil Code is amended to read:

2924.3. (a) Except as provided in subdivisions (b) and (c), a person who has undertaken as an agent of a mortgagee, beneficiary, or owner of a promissory note secured directly or collaterally by a mortgage or deed of trust on real property or an estate for years therein, to make collections of payments from an obligor under the note, shall mail the following notices, postage prepaid, to each mortgagee, beneficiary or owner for whom the agent has agreed to make collections from the obligor under the note:

(1) A copy of the notice of default filed in the office of the county recorder pursuant to Section 2924 on account of a breach of obligation under the promissory note on which the agent has agreed to make collections of payments, within 15 days after recordation.

(2) Notice that a notice of default has been recorded pursuant to Section 2924 on account of a breach of an obligation secured by a mortgage or deed of trust against the same property or estate for years therein having priority over the mortgage or deed of trust securing the obligation described in paragraph (1), within 15 days after recordation or within three business days after the agent receives the information, whichever is later.

(3) Notice of the time and place scheduled for the sale of the real property or estate for years therein pursuant to Section 2924f under a power of sale in a mortgage or deed of trust securing an obligation described in paragraphs (1) or (2), not less than 15 days before the scheduled date of the sale or not later than the next business day after the agent receives the information, whichever is later.

(b) An agent who has undertaken to make collections on behalf of mortgagees, beneficiaries or owners of promissory notes secured by mortgages or deeds of trust on real property or an estate for years therein shall not be required to comply with the provisions of sudivision (a) with respect to a mortgagee, beneficiary or owner who is entitled to receive notice pursuant to subdivision (3) of Section 2924b or for whom a request for notice has been recorded pursuant to subdivision (2) of Section 2924b if the agent reasonably believes that the address of the mortgagee, beneficiary, or owner described in Section 2924b is the current business or residence address of that person.

(c) An agent who has undertaken to make collections on behalf of mortgagees, beneficiaries or owners of promissory notes secured by mortgages or deeds of trust on real property or an estate for years therein shall not be required to comply with the provisions of paragraph (1) or (2) of subdivision (a) if the agent knows or reasonably believes that the default has already been cured by or on behalf of the obligor.

(d) Any failure to comply with the provisions of this section shall

not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

SEC. 8. Section 2931a of the Civil Code is amended to read:

2931a. In any action brought to determine conflicting claims to real property, or for partition of real property or an estate for years therein, or to foreclose a deed of trust, mortgage, or other lien upon real property, or in all eminent domain proceedings under Section 1250.110 et seq., of the Code of Civil Procedure against real property upon which exists a lien to secure the payment of taxes or other obligations to an agency of the State of California, other than ad valorem taxes upon the real property, the state agency charged with the collection of the tax obligation may be made a party. In such an action, the court shall have jurisdiction to determine the priority and effect of the liens described in the complaint in or upon the real property or estate for years therein, but the jurisdiction of the court in the action shall not include a determination of the validity of the tax giving rise to the lien or claim of lien. The complaint or petition in the action shall contain a description of the lien sufficient to enable the tax or other obligation, payment of which it secures, to be identified with certainty, and shall include the name and address of the person owing the tax or other obligation, the name of the state agency that recorded the lien, and the date and place where the lien was recorded. Services of process in the action shall be made upon the agency, officer, board, commission, department, division, or other body charged with the collection of the tax or obligation. It shall be the duty of the Attorney General to represent the state agency in the action.

SEC. 9. Section 2931b of the Civil Code is amended to read:

2931b. In all actions in which the State of California is named a party pursuant to the provisions of Section 2931a and in which real property or an estate for years therein is sought to be sold, the Attorney General may, with the consent of the Department of Finance, bid upon and purchase that real property or estate for years.

SEC. 10. Section 2934a of the Civil Code is amended to read:

2934a. (a) (1) The trustee under a trust deed upon real property or an estate for years therein given to secure an obligation to pay money and conferring no other duties upon the trustee than those which are incidental to the exercise of the power of sale therein conferred, may be substituted by the recording in the county in which the property is located of a substitution executed and acknowledged by all of the beneficiaries under the trust deed, or their successors in interest, and the substitution shall be effective notwithstanding any contrary provision in any trust deed executed on or after January 1, 1968.

(2) The substitution shall contain the date of recordation of the trust deed, the name of the trustor, the book and page where the trust deed is recorded and the name of the new trustee. From the time the substitution is filed for record, the new trustee shall succeed to all the powers, duties, authority, and title granted and delegated

to the trustee named in the deed of trust. A substitution may be accomplished with respect to multiple deeds of trust which are recorded in the same county in which the substitution is being recorded and which all have the same trustee and beneficiary or beneficiaries by recording a single document, complying with the requirements of this section, substituting trustees for all those deeds of trust.

(3) As an alternative, a substitution may be accomplished with respect to multiple deeds of trust which are recorded in the same county in which the substitution is being recorded and which all have the same trustee and beneficiary, or beneficiaries, by recording a single document without the necessity of (1) setting forth the names of all trustors and (2) the recording of the dates for all the deeds of trust for which a substitution of trustee is being made. However, no notice of default shall be valid unless a substitution complying with paragraph (2) has first been recorded.

(b) If the substitution is effected after a notice of default has been recorded but prior to the giving of the notice of sale, the beneficiary or beneficiaries shall cause a copy of the substitution to be mailed, prior to the recording thereof, in the manner provided in Section 2924b, to all persons to whom a copy of the notice of default would be required to be mailed by the provisions of Section 2924b, and shall also give a copy of the substitution to the trustee then of record. In those cases, the substitution shall contain an acknowledgment signed and acknowledged by the trustee then of record of a receipt of a copy, or an affidavit of personal service of a copy, or of publication of notice of it in accordance with Section 6061 of the Government Code (showing also that a copy of the substitution had been mailed to the trustee at the trustee's last known address), and an affidavit shall be attached to the substitution that notice has been given to those persons and in the manner required by this subdivision.

(c) Notwithstanding any provision of this section or any provision in any deed of trust, unless a new notice of sale containing the name, street address, and telephone number of the substituted trustee is given pursuant to Section 2924f, any sale conducted by the substituted trustee shall be void.

SEC. 11. Section 2954.10 of the Civil Code is amended to read:

2954.10. An obligee which accelerates the maturity date of the principal and accrued interest, pursuant to contract, on any loan secured by a mortgage or deed of trust on real property or an estate for years therein, upon the conveyance of any right, title, or interest in that property, may not claim, exact, or collect any charge, fee, or penalty for any prepayment resulting from that acceleration.

The provisions of this section shall not apply to a loan other than a loan secured by residential real property or any interest therein containing four units or less, in which the obligor has expressly waived, in writing, the right to repay in whole or part without penalty, or has expressly agreed, in writing, to the payment of a penalty for prepayment upon acceleration. For any loan executed on

or after January 1, 1984, this waiver or agreement shall be separately signed or initialed by the obligor and its enforcement shall be supported by evidence of a course of conduct by the obligee of individual weight to the consideration in that transaction for the waiver or agreement.

SEC. 12. Section 580b of the Code of Civil Procedure is amended to read:

580b. No deficiency judgment shall lie in any event after a sale of real property or an estate for years therein for failure of the purchaser to complete his or her contract of sale, or under a deed of trust or mortgage given to the vendor to secure payment of the balance of the purchase price of that real property or estate for years therein, or under a deed of trust or mortgage on a dwelling for not more than four families given to a lender to secure repayment of a loan which was in fact used to pay all or part of the purchase price of that dwelling occupied, entirely or in part, by the purchaser.

Where both a chattel mortgage and a deed of trust or mortgage have been given to secure payment of the balance of the combined purchase price of both real and personal property, no deficiency judgment shall lie at any time under any one thereof if no deficiency judgment would lie under the deed of trust or mortgage on the real property or estate for years therein.

SEC. 13. Section 580d of the Code of Civil Procedure is amended to read:

580d. No judgment shall be rendered for any deficiency upon a note secured by a deed of trust or mortgage upon real property or an estate for years therein hereafter executed in any case in which the real property or estate for years therein has been sold by the mortgagee or trustee under power of sale contained in the mortgage or deed of trust.

This section does not apply to any deed of trust, mortgage or other lien given to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or which is made by a public utility subject to the Public Utilities Act (Part 1 (commencing with Section 201) of Division 1 of the Public Utilities Code).

SEC. 14. Section 726 of the Code of Civil Procedure is amended to read:

726. (a) There can be but one form of action for the recovery of any debt or the enforcement of any right secured by mortgage upon real property or an estate for years therein, which action shall be in accordance with the provisions of this chapter. In the action the court may, by its judgment, direct the sale of the encumbered real property or estate for years therein (or so much of the real property or estate for years as may be necessary), and the application of the proceeds of the sale to the payment of the costs of court, the expenses of levy and sale, and the amount due plaintiff, including, where the mortgage provides for the payment of attorney's fees, the sum for attorney's fees as the court shall find reasonable, not exceeding the

amount named in the mortgage.

(b) The decree for the foreclosure of a mortgage or deed of trust secured by real property or estate for years therein shall declare the amount of the indebtedness or right so secured and, unless judgment for any deficiency there may be between the sale price and the amount due with costs is waived by the judgment creditor or a deficiency judgment is prohibited by Section 580b, shall determine the personal liability of any defendant for the payment of the debt secured by the mortgage or deed of trust and shall name the defendants against whom a deficiency judgment may be ordered following the proceedings prescribed in this section. In the event of waiver, or if the prohibition of Section 580b is applicable, the decree shall so declare and there shall be no judgment for a deficiency. In the event that a deficiency is not waived or prohibited and it is decreed that any defendant is personally liable for the debt, then upon application of the plaintiff filed at any time within three months of the date of the foreclosure sale and after a hearing thereon at which the court shall take evidence and at which hearing either party may present evidence as to the fair value of the real property or estate for years therein sold as of the date of sale, the court shall render a money judgment against the defendant or defendants for the amount by which the amount of the indebtedness with interest and costs of levy and sale and of action exceeds the fair value of the real property or estate for years therein sold as of the date of sale. In no event shall the amount of the judgment, exclusive of interest from the date of sale and of costs exceed the difference between the amount for which the real property or estate for years therein was sold and the entire amount of the indebtedness secured by the mortgage or deed of trust. Notice of the hearing shall be served upon all defendants who have appeared in the action and against whom a deficiency judgment is sought, or upon their attorneys of record, at least 15 days before the date set for the hearing. Upon application of any party made at least 10 days before the date set for the hearing the court shall, and upon its own motion the court at any time may, appoint one of the probate referees provided for by law to appraise the real property or estate for years therein sold as of the time of sale. The probate referee shall file the appraisal with the clerk and the appraisal is admissible in evidence. The probate referee shall take and subscribe an oath to be attached to the appraisal that the referee has truly, honestly and impartially appraised the real property or estate for years therein to the best of the referee's knowledge and ability. Any probate referee so appointed may be called and examined as a witness by any party or by the court itself. The court shall fix the compensation, in an amount as determined by the court to be reasonable, but the fees shall not exceed similar fees for similar services in the community where the services are rendered, which may be taxed and allowed in like manner as other costs.

(c) No person holding a conveyance from or under the mortgagor of real property or estate for years therein, or having a lien thereon,

which conveyance or lien does not appear of record in the proper office at the time of the commencement of the action need be made a party to the action, and the judgment therein rendered, and the proceedings therein had, are as conclusive against the person holding the unrecorded conveyance or lien as if the person had been a party to the action. Notwithstanding Section 701.630, the sale of the encumbered real property or estate for years therein does not affect the interest of a person who holds a conveyance from or under the mortgagor of the real property or estate for years therein mortgaged, or has a lien thereon, if the conveyance or lien appears of record in the proper office at the time of the commencement of the action and the person holding the recorded conveyance or lien is not made a party to the action.

(d) If the real property or estate for years therein mortgaged consists of a single parcel, or two or more contiguous parcels, situated in two or more counties, the court may, in its judgment, direct the whole thereof to be sold in one of the counties, and upon these proceedings, and with like effect, as if the whole of the property were situated in that county.

(e) If a deficiency judgment is waived or prohibited, the real property or estate for years therein shall be sold as provided in Section 716.020. If a deficiency judgment is not waived or prohibited, the real property or estate for years therein shall be sold subject to the right of redemption as provided in Sections 729.010 to 729.090, inclusive.

(f) Notwithstanding this section or any other provision of law to the contrary, any person authorized by this state to make or arrange loans secured by real property or any successor in interest thereto, that originates, acquires, or purchases, in whole or in part, any loan secured directly or collaterally, in whole or in part, by a mortgage or deed of trust on real property or an estate for years therein, may bring an action for recovery of damages, including exemplary damages not to exceed 50 percent of the actual damages, against a borrower where the action is based on fraud under Section 1572 of the Civil Code and the fraudulent conduct by the borrower induced the original lender to make that loan.

(g) Subdivision (f) does not apply to loans secured by single-family, owner-occupied residential real property, when the property is actually occupied by the borrower as represented to the lender in order to obtain the loan and the loan is for an amount of one hundred fifty thousand dollars ($150,000) or less, as adjusted annually, commencing on January 1, 1987, to the Consumer Price Index as published by the United States Department of Labor.

(h) Any action maintained pursuant to subdivision (f) for damages shall not constitute a money judgment for deficiency, or a deficiency judgment within the meaning of Section 580a, 580b, or 580d of the Code of Civil Procedure.

SEC. 15. It is the intent of the Legislature in enacting this act to clarify that the "one action rule" set forth in Section 726 of the Code

of Civil Procedure applies to leasehold mortgages, which is consistent with the legislative history of Section 726 and the Commercial Code and is consistent with other statutes contained in the Code of Civil Procedure, the Civil Code, and the Commercial Code regarding the creation and enforcement of mortgages and deeds of trust. This act is specifically intended to abrogate the holding in Taylor v. Bouissiere, 195 Cal. App. 3d 1197, that the enforcement rights in leasehold mortgages are to be governed by the rules regarding personal property, which is inconsistent with this legislative history and other statutes and would result in a gap in the method of enforcement, because the rules regarding enforcement of personal property interests are specifically made inapplicable to leasehold mortgages.

Nothing in this act shall be construed to affect the applicability of the code sections amended by this act to the lien of mortgages or deeds of trust in estates in real property specified in subdivisions (1) and (2) of Section 761 of the Civil Code.

The authority and powers of the persons designated under this section shall extend to any place in the state:

It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, but this bill becomes operative first, (2) each bill amends Section 830.11 of the Penal Code, and (3) this bill is enacted after SB 1316, in which case Section 830.11 of the Penal Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 1316, at which time Section 2 of this bill shall become operative.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Department of Justice currently provides enforcement and investigation services for the State Lands Commission under contract. The Department of Justice is not able to provide personnel for these activities after June 30, 1989. In order that the State Lands Commission may continue with enforcement and investigation relative to the laws and property it administers, it is necessary that this act go into immediate effect.

CHAPTER 700

An act to amend Section 53066 of, to add Section 53066.3 to, the Government Code, relating to cable television.

[Approved by Governor September 22, 1989 Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature declares that because federal and state courts are examining the permissible scope of regulation of cable television under the First Amendment, it is in the public interest to declare a comprehensive policy involving the governmental interests pertinent to the regulation of a cable television franchise.

(b) The Legislature finds and declares the following:

(1) The First Amendment interests regarding the provision and

reception of cable television are varied and numerous.

(2) Access to aboveground facilities may be conditioned upon the franchisee's ability to minimize any unreasonable impact on the aesthetics of private and public property in the area.

(3) Access to facilities such as utility poles and conduits may be limited, so long as the limitation is not contrary to the intent of Section 767.5 of the Public Utilities Code, and may be regulated to reflect the policies of the city, county, or city and county regarding the public's right to receive information from a diversity of sources.

(4) Access to facilities such as easements, rights-of-way, and streets may be limited to effectuate certain local governmental interests, such as, but not limited to, minimizing unreasonable disruption of existing underground facilities and unreasonable disruption of traffic.

(5) If a city, county, or city and county elects to grant an additional franchise in any given area, it shall weigh the positive and negative impacts on the community being served.

SEC. 2. Section 53066 of the Government Code is amended to read:

53066. (a) Any city or county or city and county in the State of California may, pursuant to such provisions as may be prescribed by its governing body, authorize by franchise or license the construction of a community antenna television system. In connection therewith, the governing body may prescribe such rules and regulations as it deems advisable to protect the individual subscribers to the services of such community antenna television system.

(b) The award of the franchise or license may be made on the basis of quality of service, rates to the subscriber, income to the city, county or city and county, experience and financial responsibility of the applicant plus any other consideration that will safeguard the local public interest, rather than a cash auction bid.

(c) The maximum franchise fee for any franchise or license hereafter awarded pursuant to this section or pursuant to any ordinance adopted under authority of this section by any city or county or city and county shall be 5 percent of the grantee's gross receipts from its operations within such city or county or city and county. Intrastate telecommunications services subject to taxation under Part 22 (commencing with Section 44000) of Division 2 of the Revenue and Taxation Code shall not be included, prior to July 1, 1988, in the gross receipts subject to any cable television franchise fee.

(d) Any cable television franchise or license awarded by a city or county or city and county pursuant to this section may authorize the grantee thereof to place wires, conduits and appurtenances for the community antenna television system along or across such public streets, highways, alleys, public properties, or public easements of said city or county or city and county. Public easements, as used in this section, shall include but shall not be limited to any easement created by dedication to the city or county or city and county for

public utility purposes or any other purpose whatsoever.

(e) No person may commence the construction of a cable television system without a franchise or license granted by the city, county, or city and county in which the cable television system will operate.

SEC. 3. Section 53066.3 is added to the Government Code, to read:

53066.3. (a) If a city, county, or city and county elects to grant an additional cable television franchise in an area where a franchise has already been granted to a cable television operator, it shall do so only after a public hearing noticed pursuant to Section 6066, in a newspaper of general circulation as defined in Section 6000, where all of the following have been considered:

(1) Whether there will be significant positive or negative impacts on the community being served.

(2) Whether there will be an unreasonable adverse economic or aesthetic impact upon public or private property within the area.

(3) Whether there will be an unreasonable disruption or inconvenience to existing users, or any adverse effect on future use, of utility poles, public easements, and the public rights-of-way contrary to the intent of Section 767.5 of the Public Utilities Code.

(4) Whether the franchise applicant has the technical and financial ability to perform.

(5) Whether there is any impact on the franchising authority's interest in having universal cable service.

(6) Whether other societal interests generally considered by franchising authorities will be met.

(7) Whether the operation of an additional cable television system in the community is economically feasible.

(8) Such other additional matters, both procedural and substantive, as the franchising authority may determine to be relevant.

(b) Nothing in this section prevents any city, county, or city and county from considering the approval or denial of an additional cable service franchise in all or any part of the area of the city, county, or city and county, or the imposing of additional terms and conditions upon the granting of the franchise, as the city, county, or city and county determines is necessary or appropriate.

(c) The city, county, or city and county shall make a final determination as to whether to grant the additional franchise within *six months of the application date unless the jurisdiction can establish* that the applicant has unreasonably delayed proceedings designed to consider the matters set forth in paragraphs (1) to (8), inclusive, of subdivision (a).

(d) Any franchise to provide cable television service in an area already franchised and served by an existing cable operator shall require the franchisee to wire and serve the same geographical area, and shall contain the same public, educational, and governmental access requirements that are set forth in the existing franchise.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The list shall be deemed returned upon delivery to the address from which it was obtained or upon deposit in the mail properly addressed to that address, with postage prepaid.

CHAPTER 2. EMPLOYMENT AGENCIES

1812.503. (a) Every employment agency subject to this title shall maintain a bond issued by a surety company admitted to do business in this state. The principal sum of the bond shall be three thousand dollars ($3,000). A copy of the bond shall be filed with the Secretary of State.

(b) The bond required by this section shall be in favor of, and payable to, the people of the State of California and shall be conditioned that the person obtaining the bond will comply with this title and will pay all sums due any individual or group of individuals when the person or his or her representative, agent, or employee has received those sums. The bond shall be for the benefit of any person or persons damaged by any violation of this title or by fraud, dishonesty, misstatement, misrepresentation, deceit, unlawful acts or

omissions, or failure to provide the services of the employment agency in performance of the contract with the jobseeker, by the employment agency or its agents, representatives, or employees while acting within the scope of their employment.

(c) (1) No employment agency shall conduct any business without having a current surety bond in the amount prescribed by this title and filing a copy of the bond with the Secretary of State.

(2) Thirty days prior to the cancellation or termination of any surety bond required by this section, the surety shall send a written notice of that cancellation or termination to both the employment agency and the Secretary of State, identifying the bond and the date of cancellation or termination.

(3) If any employment agency fails to obtain a new bond and file a copy of that bond with the Secretary of State by the effective date of the cancellation or termination of the former bond, the employment agency shall cease to conduct any business unless and until such time as a new surety bond is obtained and a copy of that bond is filed with the Secretary of State.

(d) (1) When a deposit has been made in lieu of the bond pursuant to this section and Section 995.710 of the Code of Civil Procedure, the person asserting a claim against the deposit shall, in lieu of Section 996.430 of the Code of Civil Procedure, establish the claim by furnishing evidence to the Secretary of State of a money judgment entered by a court together with evidence that the claimant is a person described in subdivision (b).

(2) Approval and payment of the claims by the Secretary of State shall be in accordance with subdivisions (b), (c), (d), and (e) of Section 1812.105.

(3) When a deposit has been made in lieu of bond, the amount of the deposit shall not be subject to attachment, garnishment, or execution with respect to an action or judgment against the employment agency, other than as to an amount as no longer needed or required for the purpose of this title which would otherwise be returned to the employment agency by the Secretary of State.

(4) When any claim or claims against a deposit in lieu of bond have been paid so as to reduce the principal amount of the deposit remaining available to pay claims below the principal amount required by this section, the employment agency shall cease to conduct any business unless and until such time as sufficient additional moneys have been deposited in the agency's deposit account with the Secretary of State to bring the deposit account balance available for the payment of claims up to the minimum amount required by this section.

1812.504. (a) Every employment agency shall give a written contract to every jobseeker from whom a fee or deposit is to be received, whether directly or indirectly. The original of the contract shall be given to the jobseeker at the time the jobseeker signs the contract and before the employment agency accepts any fee or deposit or the jobseeker becomes obligated to pay any such fee or

deposit. The contract shall contain all of the following:

(1) The name, address, and telephone number of the employment agency, and, if the employment agency has more than one office or location, the address and telephone number of the principal office or location providing services to the jobseeker.

(2) The name and address of the person giving the order for help, the date and consecutive number of the receipt of the order by the agency, and its manner of transmission.

(3) The name of the jobseeker, the name and address of the person to whom the jobseeker is sent for employment, and the address where the jobseeker is to report for employment.

(4) The date and consecutive number of the contract.

(5) The amount of the fee to be charged and to be collected from the jobseeker, including a statement that if the employment is terminated, the fee may not exceed gross earnings of the jobseeker in that employment, and the amount of the fee paid or advanced by the prospective employer and by whom paid or advanced.

(6) The kind of work or employment.

(7) The daily hours of work; the wages or salary, including any consideration or privilege; the benefits; and any other conditions of employment.

(8) If any labor trouble exists at the place of employment, that fact shall be stated in the contract.

(9) A contract expiration date which shall not be later than 180 days from the date of the referral or signing of the contract, whichever occurs first.

(10) Any other term, condition, or understanding agreed upon between the agency and the jobseeker.

(11) The following statement, with the caption in type no smaller than 10-point boldfaced type and the remainder in a size no smaller than that generally used throughout the contract, and in full capitals, boldface, or italics:

RIGHT TO REFUND

"If you pay all or any portion of a fee and fail to accept employment, the employment agency shall, upon your request, return the amount paid to you within 48 hours after your request for a refund.

"If you leave employment for just cause or are discharged for reasons other than misconduct connected with your work within 90 days from the starting date of employment, the agency shall reduce your fee to that payable for temporary employment and shall refund any excess paid within 10 days of your request for a refund.

"No fee larger than that for temporary employment may be charged to you for employment lasting 90 days or less unless the agency's fee schedules, contracts, and agreements provide for a further charge if you leave employment without just cause or are discharged for misconduct in connection with your work.

"If any refund due is not made within the time limits set forth above, the employment agency shall pay you an additional sum equal to the amount of the refund."

(b) All contracts shall be dated and shall be made and numbered consecutively, both copies to be signed by the jobseeker and the person acting for the employment agency. The original shall be given to the jobseeker and one copy shall be kept on file at the employment agency.

(c) The full agreement between the parties shall be contained in a single document containing those elements set forth in this section.

(d) When a referral is made by telephone the agency shall execute the contract or receipt in triplicate and shall mail the original and duplicate to the jobseeker on the day the referral is made, with instructions that they be signed by the jobseeker and the duplicate returned to the agency. The date of mailing the contract or receipt to the jobseeker shall be entered thereon by the agency. The same contract or receipt shall not be used for more than one referral.

1812.505. (a) (1) An employment agency shall provide a copy of the agency's jobseeker fee schedule and payment terms to any jobseeker from whom a fee or deposit is to be received, prior to the jobseeker being interviewed by a counselor. The jobseeker fee schedule shall indicate the percentage of both the projected annual and first month's total gross earnings represented by those fees.

(2) In the schedule, the various employments or salary ranges by which the fee is to be computed or determined shall be classified, and in each class the maximum fee shall be fixed and shall include the charges of every kind rendered by the agency in each case or transaction on behalf of the prospective employee. Changes in the schedule may be made, but no change shall become effective until posted for not less than seven days in a conspicuous place in the agency.

(3) A copy of the schedule in effect shall be kept posted in the employment agency in a conspicuous place, and the posted schedule and the changes therein shall be in lettering or printing of not less than standard pica capitals. The date of the taking effect of the schedule and of each change therein shall appear on the posted copies.

(4) A copy of all fee schedules, and of all changes therein, shall be kept on file at the employment agency, retrospectively, for a period of one year.

(b) No fee charged or collected shall be in excess of the fee as scheduled.

(c) No employment agency shall accept, directly or indirectly, a registration fee of any kind.

(d) No employment agency may take from a jobseeker a confession of judgment, a promissory note or notes, or an assignment of wages to cover its fees.

(e) The employment agency shall give a receipt to every

jobseeker from whom a deposit is received. No other deposit or prepayment of any kind may be required by an agency. If the jobseeker accepts employment, the deposit shall be applied to the fee to be paid by the jobseeker.

(f) (1) If a jobseeker leaves employment for just cause or is discharged for reasons other than misconduct connected with the jobseeker's work within 90 days from the starting date of employment, the agency shall reduce the fee payable by the jobseeker to that payable for temporary employment under subdivision (g) and shall refund any fee paid in excess of that amount.

(2) No charge may be made to or obligation to pay incurred by any jobseeker beyond that authorized by subdivision (g) for employment lasting 90 days or less, unless the agency's fee schedules, contracts, and agreements specifically provide for a further charge if the jobseeker leaves employment without just cause or is discharged for misconduct in connection with his or her work, and then only if lack of just cause or misconduct exists. Otherwise, the agency shall retain or charge only the fee for temporary employment for any employment lasting 90 days or less from the starting date of employment.

(3) Notwithstanding subdivision (a) and this subdivision, in no instance in which the employment accepted is subsequently terminated shall the fee charged or obligation to pay incurred by a jobseeker be greater than the total gross earnings of the jobseeker in that employment. This provision shall be stated in all agency contracts issued pursuant to Section 1812.504.

(g) The fee payable by the jobseeker for temporary employment shall not exceed $\frac{1}{90}$ of the fee for permanent employment for each consecutive calendar day during the period that the jobseeker is employed or compensated as though employed.

(h) (1) If a jobseeker accepts employment in which the jobseeker is to be paid on the basis of straight commissions, or a drawing account against commissions, or either a drawing account or salary plus commissions, the fee payable by the jobseeker may be predicated upon the projected total gross earnings during the first year of employment as estimated by the employer.

(2) Upon the conclusion of a jobseeker's first 12 months of employment, a computation of his or her actual total gross earnings may be provided by the jobseeker to the agency, and, predicated upon appropriate proof of earnings, an adjustment in the fee shall be made in which either the agency shall refund to the jobseeker any excess fee paid by him or her or the jobseeker shall pay to the agency any deficiency thereon.

(3) If the jobseeker's employment is terminated prior to the conclusion of the first 12 months of employment, the actual total gross earnings of the jobseeker for the period of employment shall be projected to 12 months on a pro rata basis as though the jobseeker had been employed for the entire period of 12 months, and a

computation shall be made thereon. The fee paid or payable by the jobseeker shall be predicated upon that computation as though the jobseeker had been so employed.

(i) If an employment agency sends a jobseeker for employment and the jobseeker accepts employment other than that position specified in the bona fide order for employment to which the jobseeker was sent, but with the same employer, then the agency shall be entitled to a fee for the employment of the jobseeker, payable by the jobseeker, computed under the terms of the fee schedule in effect in the agency at the time of referral, provided that the jobseeker accepts employment within 180 days of the date of referral. The expiration date of the referral shall be stated in the contract.

In interagency disputes concerning the earning of a fee for placement of a jobseeker, the fee shall be earned by the agency responsible for the jobseeker being placed. A reasonable effort shall be made by the billing agency that it is entitled to the fee. The jobseeker shall be responsible for only one full fee for any single placement, and that fact shall be so stated in the contract.

(j) (1) No employment agency shall divide fees with an employer, an agent, or other employee of an employer or person to whom help is furnished.

(2) No employment agency shall charge any jobseeker a fee for accepting employment with such employment agency or any subsidiary of that agency.

(3) No employment agency shall charge any jobseeker a fee when help is furnished to an employer, an agent, any employee of an employer, a member, or person who has a financial interest in the employment agency.

1812.506. (a) If a jobseeker paying or becoming obligated to pay a fee, or making a deposit on a fee for placement fails to accept employment, the employment agency shall, upon request by the jobseeker, repay the amount of the deposit or fee to the jobseeker. Unless the deposit is returned within 48 hours after request, the employment agency shall pay to the jobseeker an additional sum equal to the amount of the deposit. A notice to this effect shall be inserted in all contracts between the agency and the jobseeker, and in all receipts given to the jobseeker for cash payment in advance of employment, and in the schedule of fees posted in the office of the agency.

(b) (1) All employment provided by any employment agency to any jobseeker from whom a fee is to be received shall be considered permanent only if it lasts longer than 90 days. If a jobseeker leaves the job or is discharged within the first 90 days of employment, the agency shall make a refund or reduction of the fee to the temporary fee amount unless the agency's fee schedules, contracts, and agreements specifically provide for a further charge if the jobseeker leaves employment without just cause or is discharged for misconduct in connection with his or her work.

(2) "Just cause" or "discharge for reasons other than misconduct" includes, but is not limited to, the following:

(A) Wages or salary less than that agreed upon between the jobseeker and the employer.

(B) Receiving a payroll check which is not honored by the bank upon which it was drawn.

(C) Working hours, working days, or working shifts significantly different than those agreed upon between the jobseeker and the employer.

(D) Receiving a work assignment, subsequent to accepting the job, which is substantially different from that agreed upon between the jobseeker and the employer.

(E) Being assigned to a job location different from that which was agreed upon between the jobseeker and the employer.

(F) The jobseeker's lack of physical ability to perform duties connected with the position agreed upon between the jobseeker and the employer unless the provisions of subparagraph (E) of paragraph (3) apply.

(G) A lockout or strike causing loss of pay.

(H) The jobseeker's lack of physical ability to perform duties connected with the position unless the provisions of subparagraph (E) of paragraph (3) apply.

(J) The jobseeker's entry into active service in the armed forces.

(K) Physical or economic destruction of the business.

(L) The death of the jobseeker (any refund in that case shall be paid to the estate of the jobseeker).

(3) "Lack of just cause" or a discharge for "misconduct" includes, but is not limited, to:

(A) Abandonment of the job by the jobseeker.

(B) Conviction of the jobseeker, subsequent to employment, of a crime when conviction temporarily or permanently prevents the jobseeker from fulfilling the terms of employment.

(C) Willful violation of lawful company policies or rules by the jobseeker.

(D) Willful failure to perform lawful duties appropriate to employment by the jobseeker.

(E) Acts of the jobseeker constituting misrepresentation or withholding of information directly related to education, work experience, responsibility, physical ability, or training, that would have caused the employer to refuse employment.

(c) (1) Except as otherwise provided in subdivision (a), a refund when due shall be made within 10 working days after request therefor from the jobseeker.

(2) Alternatively, if the decision of the agency is not to make a refund, the agency shall notify the jobseeker in writing, within the 10-day working period specified in paragraph (1), as to the specific reasons why the refund is not being made.

(3) If the agency fails to properly notify the jobseeker pursuant to paragraph (2) or fails to tender a refund within the time allowed, the

agency shall be liable to the jobseeker in the amount of an additional sum equal to the amount of the refund.

1812.507. (a) No employment agency shall accept a fee from any jobseeker, or send any jobseeker for employment, without having obtained, orally or in writing, a bona fide job order for employment.

(b) An agency shall identify itself as an employment agency to the employer in all instances in which it contacts an employer for the purpose of soliciting a job order. All job orders shall be recorded in writing. A job order for employment shall be considered to have been given by an employer to an employment agency under the following conditions:

(1) The employer, or his or her agent, orally or in writing, registers a request or gives permission that the agency recruit or refer jobseekers who meet the employer's stated job specifications and the employer furnishes such information as required by subdivision (a) of Section 1812.504. A job order is valid for the referral of any qualified jobseeker until it is filled or canceled by the employer, and may serve as the basis for agency advertising. The agency is required to recontact the employer within 30 days to ensure that the position is still vacant prior to any additional advertising or referral of jobseekers.

(2) When an agency has brought the qualifications of a specific jobseeker to the attention of an employer and the employer has expressed interest in that jobseeker either by agreeing to interview the jobseeker, or by requesting that the agency furnish him or her with the jobseeker's resumé or other written history or data, or by initiating direct contact with the jobseeker as a result of information furnished by the agency, that action by the employer shall constitute a job order only for the jobseeker discussed and is not valid for advertisement, unless the contact by the agency resulted in a job order for a specific position sufficient under paragraph (1). If the employer has no position open but merely wishes to explore the possible employment of the jobseeker and the jobseeker is to be responsible for the placement fee, that fact shall be indicated on the jobseeker's referral contract.

(c) No employment agency shall refer a jobseeker to a job knowing or having reason to know that:

(1) The job does not exist or the jobseeker is not qualified for the job.

(2) The job has been described or advertised by or on behalf of the agency in a false, misleading, or deceptive manner.

(3) The agency has not obtained written or oral permission to list the job from the employer or an authorized agent of the employer.

1812.508. (a) No employment agency shall make, or cause to be made, any false, misleading, or deceptive advertisements or representations concerning the services that the agency will provide to jobseekers.

(b) (1) No employment agency shall publish or cause to be published any false, fraudulent, or misleading information,

representation, notice, or advertisements.

(2) All advertisements of an employment agency shall contain the correct name of the employment agency and one of the following:

(A) The street address of the agency's place of business.

(B) The correct telephone number of the agency at its place of business.

(3) Every employment agency, except a nurses' registry shall use, as part of its name, either the designation "agency" or "personnel service."

(4) No employment agency shall give any false information or make any false promises or representations concerning an engagement or employment to any jobseeker who registers or applies for an engagement or employment or help.

(c) (1) Where an employment agency job advertisement includes a description of the placement fee associated with the advertised job, the employment agency shall describe the placement fee in a manner which either clearly indicates whether or not a jobseeker shall be responsible for the placement fee or in accordance with the following terms and provisions:

(A) "FEE" means the jobseeker pays the entire placement fee.

(B) "NO FEE" means the jobseeker pays no portion of the placement fee.

(2) Where "NO FEE" jobs are advertised and the agency also administers placement for "FEE" jobs, the advertisement shall state "ALSO FEE JOBS" in type of equal size, prominence, and boldness as "NO FEE" notations.

CHAPTER 706

An act to add Section 11022 to the Government Code, relating to state agencies.

This requirement shall be met in every office where staff is available, unless compliance would require overtime or compensating time off.

CHAPTER 707

An act to amend Section 4021 of, and to add Section 4027.6 to, the Health and Safety Code, relating to health.

[Approved by Governor September 22, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4021 of the Health and Safety Code is amended to read:

4021. (a) The department may grant one or more variances from drinking water standards, treatment techniques, or requirements to a public water system which, because of characteristics of the raw water sources which are reasonably available to the system, cannot meet the requirements respecting the maximum contaminant levels of the drinking water, despite application of the best technology, treatment techniques, or other

means which the department finds are generally available, taking costs into consideration. Before the department may grant a variance under this section, the department shall find that the variance will not result in an unreasonable risk to the health of users.

(b) If the department grants a variance under subdivision (a), the supplier shall present a schedule acceptable to the department for the accomplishment, within one year of the date the variance is granted, of both of the following:

(1) Compliance with each contaminant level requirement with respect to which the variance was granted.

(2) Implementation of interim control measures which the department may require for each contaminant subject to the variance during the period ending with the date full compliance is required.

(c) The department may grant an exemption from any requirement respecting a maximum contaminant level or any treatment technique upon a finding that the public water system meets all of the following conditions:

(1) The system was in operation on the effective date of this chapter.

(2) The public water system is unable to comply with the contaminant level or treatment technique requirements due to compelling factors, which may include economic factors.

(3) The grant of the exemption will not result in an unreasonable risk to health.

If the department grants an exemption under this subdivision, the department shall prescribe a schedule as set forth in subdivision (b) which shall be subject to the same terms and conditions.

(d) Any schedule prescribed under this section shall require compliance with the drinking water standards with respect to each contaminant as expeditiously as the department may determine reasonable. Issuance of the variance or exemption shall be conditioned upon compliance with the schedule.

(e) Before any schedule prescribed under this section may take effect, the department shall provide an opportunity for a public hearing on the schedule. Notice of the public hearing shall be given by the department in writing to the operator of the public water system seeking the variance or exemption and to the public, as provided in Section 6061 of the Government Code, in a form prescribed by the department.

(f) No exemption and no schedule prescribed in connection with this chapter may continue for more than seven years.

(g) Notwithstanding subdivisions (a) to (f), inclusive, at the request of the board of directors of the Big Bear City Community Services District or the Twentynine Palms Water District or the Kinneola Irrigation District, the department shall grant a variance from the primary maximum contaminant level for fluoride contained in Title 22 of the California Code of Regulations unless the department, after a public hearing, determines that there is

substantial community opposition to the variance. A variance granted under this subdivision shall prohibit fluoride levels in excess of 75 percent of the federal Environmental Protection Agency standard or three milligrams per liter, whichever is higher, shall be valid for a period up to 30 years, and shall provide that the variance may be withdrawn upon reasonable notice by the department if the department determines that the community no longer accepts the fluoride level authorized in the variance. A variance shall not be granted under this subdivision to the Kinneola Irrigation District, until the district has first provided written notification to all customers which, at a minimum, includes the following information:

"The purpose of this notice is to advise you that the district intends to request a variance from the State Department of Health Services permitting us to provide water which, for approximately two months each year, will contain approximately 2.8 parts per million (ppm) flouride. This concentration of flouride will exceed the state standard of 1.6 ppm, and the federal secondary standard of 2.0 ppm." If substantial community concerns arise, the board of directors of the district which has jurisdiction shall conduct public hearings, determine the fluoride level which is acceptable to the community, and apply to the department for appropriate changes in the variance.

SEC. 2. Section 4027.6 is added to the Health and Safety Code, to read:

4027.6. Notwithstanding any other provision of law, at the request of the board of directors of the Big Bear City Community Services District or the Twentynine Palms Water District or the Kinneola Irrigation District, the State Department of Health Services shall grant a variance from the primary maximum contaminant level for fluoride contained in Title 22 of the California Code of Regulations unless the department, after a public hearing, determines that there is substantial community opposition to the variance. A variance granted under this subdivision shall prohibit fluoride levels in excess of 75 percent of the federal Environmental Protection Agency standard or three milligrams per liter, whichever is higher, shall be valid for a period up to 30 years, and shall provide that the variance may be withdrawn upon reasonable notice by the department if the department determines that the community no longer accepts the fluoride level authorized in the variance. A variance shall not be granted under this subdivision to the Kinneola Irrigation District, until the district has first provided written notification to all customers which, at a minimum, includes the following information:

"The purpose of this notice is to advise you that the district intends to request a variance from the State Department of Health Services permitting us to provide water which, for approximately two months each year, will contain approximately 2.8 parts per million (ppm) flouride. This concentration of flouride will exceed the state standard of 1.6 ppm, and the federal secondary standard of 2.0 ppm." If substantial community concerns arise, the board of directors of the

district which has jurisdiction shall conduct public hearings, determine the fluoride level which is acceptable to the community, and apply to the department for appropriate changes in the variance.

SEC. 3. Section 2 of this act shall only become operative if Assembly Bill 21 is enacted and becomes effective on or before January 1, 1990, and repeals Section 4021 of the Health and Safety Code, in which case Section 1 of this act shall not become operative.

In addition, if the person is convicted of one or more felony offenses, the court shall impose a separate and additional restitution fine of not less than one hundred dollars ($100) and not more than ten thousand dollars ($10,000). In setting the amount of the fine for felony convictions, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, and the extent to which others suffered losses as a result of the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Except as provided in Section 1202.4 of the Penal Code and subdivision (c) of this section, under no circumstances shall the court fail to impose the separate and additional restitution fine required by this section. Notwithstanding subdivision (a), restitution shall be imposed in the amount of the losses, as determined. A restitution order imposed pursuant to this subdivision shall identify the losses to which it pertains, and shall be enforceable as a civil judgment. The making of

a restitution order pursuant to this subdivision shall not affect the right of a victim to recovery from the Restitution Fund in the manner provided elsewhere, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained by the victim against the defendant arising out of the crime for which the defendant was convicted.

Restitution ordered pursuant to this subdivision shall, to the extent possible, be of a dollar amount that is sufficient to fully reimburse the victim, or victims, for all determined economic losses incurred as the result of the defendant's criminal conduct.

For any order of restitution made pursuant to this subdivision, the defendant shall have the right to a hearing before the judge to dispute the determination made regarding the amount of restitution.

(d) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The period of time set forth by the insurer for return of the policy by the insured shall be clearly stated on the notice and this period shall be not less than 10 days nor more than 30 days. The insured may return the policy to the insurer at any time during the period specified in the notice. This delivery or mailing of the policy by the owner shall void the policy from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be refunded to the owner.

This section applies to all policies issued, amended, or delivered in this state on or after January 1, 1981, but prior to January 1, 1990, and applies to any renewal thereof. All policies subject to this section which are in effect on January 1, 1981, shall be construed to be in compliance with this section, and any provision in such a policy which is in conflict with this section shall be of no force or effect.

This section does not apply to individual life insurance policies issued in connection with a credit transaction or issued under a contractual policy change or conversion privilege provision contained in a policy.

SEC. 2. Section 10127.9 is added to the Insurance Code, to read:

10127.9. (a) Every policy of individual life insurance which is initially delivered or issued for delivery in this state on and after January 1, 1990, shall have printed thereon or attached thereto a notice stating that, after receipt of the policy by the owner, the policy may be returned by the owner for cancellation by delivering it or mailing it to the insurer or to the agent through whom it was purchased. The period of time set forth by the insurer for return of the policy by the insured shall be clearly stated on the notice and this period shall be not less than 10 days nor more than 30 days. The insured may return the policy to the insurer by mail or otherwise at any time during the period specified in the notice. By delivering or mailing the policy pursuant to this section during the cancellation period, the owner shall void the policy from the beginning, and the parties shall be in the same position as if no policy had been issued. All premiums paid and any policy fee paid for the policy shall be refunded by the insurer to the owner within 30 days from the date that the insurer is notified that the insured has canceled the policy.

(b) This section applies to all policies issued or delivered in this state on or after January 1, 1990, but does not apply to any policy subject to Section 10127.7. All policies subject to this section which are in effect on January 1, 1990, shall be construed to be in compliance with this section, and any provision in any policy which is in conflict with this section shall be of no force or effect.

(c) This section does not apply to individual life insurance policies issued in connection with a credit transaction or issued under a contractual policy-change or conversion privilege provision

contained in a policy.

SEC. 3. Section 10164.2 is added to the Insurance Code, to read:

10164.2. For any policy of individual life insurance which is canceled by the insured or owner, the insurer shall return to the insured or owner all unearned premiums and other moneys due the insured or owner in relation to that policy as expeditiously as possible, but in no event more than 45 days from the date the insurer is notified that the insured or owner has canceled the policy and has received any claims forms and other forms required to complete the transaction. However, this section does not supersede the provisions of subdivision (f) of Section 10160 empowering an insurer to defer payment of cash surrender value for up to six months, to the extent that deferral is necessary to assure the solvency of the insurer.

CHAPTER 714

[Approved by Governor September 22, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 715

An act to add Chapter 7.7 (commencing with Section 12929) to Part 6 of Division 6 of the Water Code, relating to water facilities.

[Approved by Governor September 22, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.7 (commencing with Section 12929) is added to Part 6 of Division 6 of the Water Code, to read:

CHAPTER 7.7. ENVIRONMENTAL WATER ACT OF 1989

Article 1. General Provisions

12929. This chapter shall be known and may be cited as the Environmental Water Act of 1989.

12929.1. It is the intent of the Legislature, in enacting this chapter, to prescribe the purposes of the Environmental Water Fund, and to create, and prescribe the purposes of, the Environmental Water Program and the Water Quality Program.

12929.2. As used in this chapter, the following terms have the following meanings:

(a) "Department" means the Department of Water Resources.

(b) "Board" means the State Water Resources Control Board.

(c) "Mono Lake Basin" means Mono Lake and its watershed.

(d) "Environmental Water Program" means the Environmental Water Program created pursuant to Article 3 (commencing with Section 12929.20).

(e) "Mono Lake Committee" means the California nonprofit citizens organization formed to save Mono Lake.

(f) "Water Quality Program" means the Water Quality program created pursuant to Article 4 (commencing with Section 12929.30).

Article 2. Environmental Water Fund

12929.11. The department shall expend the money appropriated to it from the Environmental Water Fund for projects or programs concerning the water resources of the state that will contribute significant environmental benefits.

12929.14. From the funds appropriated to the department from the Environmental Water Fund, it is the intent of the Legislature that the department shall allocate the following amounts to programs and projects included in the Environmental Water Program:

(a) Seven million dollars ($7,000,000) per year in the 1991–92 to 1994–95 fiscal years, inclusive.

(b) Eight million dollars ($8,000,000) per year in the 1995–96 to

1998–99 fiscal years, inclusive.

12929.15. From the funds appropriated to the department from the Environmental Water Fund, it is the intent of the Legislature that the department shall allocate at least one million dollars ($1,000,000) per year in the 1990–91 to 1994–95 fiscal years, inclusive, to programs and projects included in the Water Quality Program. However, not more than five million dollars ($5,000,000) of the funds appropriated to the Environmental Water Fund pursuant to Section 12929.12 shall be appropriated for this purpose.

Article 3. Environmental Water Program

12929.20. The Legislature hereby finds and declares that diversions of water out of the Mono Lake Basin by the City of Los Angeles have lowered the water level of Mono Lake and that future water diversions need to be managed to protect Mono Lake and the Mono Lake Basin. The department, upon acceptance of an application or applications pursuant to Section 12929.21, shall expend money available from the Environmental Water Fund to preserve the wildlife and environment of the Mono Lake Basin.

12929.21. The City of Los Angeles, jointly with the Mono Lake Committee, may submit one or more grant applications to the department to protect and preserve the Mono Lake Basin. The grant applications shall benefit and enhance the lake's ecosystem and contribute to permanent protection of the Mono Lake Basin environment, including, but not limited to, nesting and migratory bird populations, air quality, fish, and other wildlife, as well as provide replacement water and power to the city. Any project funded by a grant shall not unreasonably affect fish, wildlife, or other instream beneficial uses.

12929.22. Funds expended for purposes of Section 12929.20 shall be expended only for an eligible project which is consistent with a grant application pursuant to Section 12929.21. The City of Los Angeles shall be the sole grantee for any funds expended for an eligible project.

For purposes of this section, "eligible project" means a water or power conservation project, a waste water reclamation project, a conjunctive use program, a groundwater recharge project, the enlargement of existing water or power facilities owned by the City of Los Angeles, electric power production facilities, or a water marketing program. Priority shall be given to projects or programs that conserve water or power that has been previously developed.

It is the intent of the Legislature that eligible projects are intended to find replacement water and power for the City of Los Angeles and to limit any impact of reduced diversions from the Mono Lake Basin on statewide water and power supplies, except for any reduced diversions ordered as specified in Section 12929.24. No money made available pursuant to this chapter shall be spent by the city to buy water from the Metropolitan Water District of Southern California.

12929.23. Until June 30, 1994, 60 percent of the funds that have been appropriated to the Environmental Water Program shall be reserved exclusively for the funding of applications pursuant to Section 12929.21. Applicants may also apply for funds that may be appropriated in the future to the Environmental Water Program. After July 1, 1994, all funds reserved by this section and all other funds that may be appropriated to the Environmental Water Program may be used either to protect and preserve the Mono Lake Basin or for programs and projects listed in Section 12929.26.

12929.24. The state shall not accept any application for funds pursuant to Section 12929.21 that would expend any state money to replace water or power supplies lost by the City of Los Angeles because of a final court judgment or final board order regarding the Mono Lake Basin.

12929.25. This chapter does not affect the rights or obligations of any party involved in litigation regarding the Mono Lake Basin.

12929.26. Other purposes eligible for funding under this chapter, subject to approval by the Legislature in the annual budget process, include all of the following:

(a) Restoration and enhancement of fisheries on the Upper Sacramento River, San Joaquin River, and elsewhere. Primary emphasis shall be on restoring and enhancing fisheries habitat.

(b) Acquisition, restoration, and enhancement of wetlands on the Pacific Flyway and elsewhere.

(c) Acquisition, restoration, and enhancement of riparian habitat on the Sacramento River, San Joaquin River, Sacramento-San Joaquin River Delta, and elsewhere.

The department shall confer with appropriate state and federal agencies on the feasibility of eligible projects.

Article 4. Water Quality Program

12929.30. The Water Quality Program includes projects or programs of public agencies throughout the state that will either (1) reduce the amounts of agricultural drainage water or (2), improve the quality of agricultural drainage water with the result of improving the quality of water used for agricultural, municipal, or industrial purposes.

12929.31. (a) It is the intent of the Legislature that the funds provided to the department from the Water Quality Program be used for studies to investigate cost-effective reduction methods, containment structures, and treatment facilities for the treatment, storage, and disposal of agricultural drainage water.

(b) For purposes of this section, "treatment facilities" means facilities or works to treat agricultural drainage water to remove or substantially reduce the level of constituents which pollute or threaten to pollute the waters of the state, including, but not limited to, processes utilizing ion exchange, desalting technologies such as reverse osmosis, biological treatment, agriforestry, and cogeneration.

Article 5. Administrative Provisions

12929.40. In developing its recommendations for the appropriation of funds pursuant to this chapter, the department shall consult with the Department of Fish and Game and other appropriate local, state, and federal agencies and interested private groups and members of the public.

12929.41. (a) Programs and projects pursuant to this chapter may be undertaken by means of any of the following:

(1) Direct expenditure by the department.

(2) Loans to public and private agencies.

(3) Grants to public agencies.

(4) Any combination of paragraphs (1), (2), and (3).

(b) All grants shall be matched by at least an equal amount from the applicant public agency.

12929.42. The department may seek participation by, or a sharing of costs with, the beneficiaries of programs and projects undertaken pursuant to this chapter, including, but not limited to, public and private local entities. The department may also seek federal funds or participation by, cost sharing with, or financial assistance from, federal agencies which have related programs.

12929.43. Money may be expended pursuant to this chapter for, among other purposes, acquisition of interests in real property.

12929.44. The department may adopt rules and regulations as it determines to be necessary to carry out this chapter.

12929.45. Any contract for a grant or loan entered into pursuant to this chapter shall include, but not be limited to, all of the following provisions:

(a) An estimate of the reasonable cost of the project or program.

(b) An agreement by the borrower or grantee to proceed expeditiously with, and complete, the project or program; to commence operation of any project upon completion and to properly operate and maintain the project in accordance with applicable provisions of law; to provide for the payment of the agency's share of the cost of the project or program, including the principal of, and the interest on, any state loan made pursuant to this chapter; and if appropriate, to apply for, and make reasonable efforts to secure, federal assistance for the project or program.

12929.46. All loan repayments received pursuant to this chapter shall be deposited in the fund from which the loan was made.

12929.47. The department shall submit an annual report to the Legislature of its activities under this chapter.

CHAPTER 716

An act to amend Section 11913 of, and to add Sections 12303, 12929.10, 12929.12, and 12929.13 to, the Water Code, relating to water resources.

[Approved by Governor September 22, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Environmental Water Act of 1989.

SEC. 2. Section 11913 of the Water Code is amended to read:

11913. (a) The Legislature hereby declares its intent that, except as funds are provided pursuant to Section 11915, there shall be included in the budget for the department for each fiscal year, and in the Budget Act for each fiscal year, an appropriation from the General Fund of the funds necessary for enhancement of fish and wildlife and for recreation in connection with state water projects as provided in this chapter.

(b) Notwithstanding subdivision (a), the obligation of the State Water Resources Development System to reimburse the California Water Fund pursuant to paragraph (3) of subdivision (b) of Section 12937 shall be reduced by the total of unreimbursed department costs incurred in the 1988–89 fiscal year and each succeeding fiscal year for enhancement of fish and wildlife and for recreation pursuant to this chapter. The reduction shall be contingent upon annual approval by the Legislature, in the Budget Act or other act, of the department's allocation of those costs.

SEC. 3. Section 12303 is added to the Water Code, to read:

12303. (a) It is the intent of the Legislature that, subject to subdivision (b) of Section 12929.12, if twelve million dollars ($12,000,000) or any lesser amount is transferred pursuant to paragraph (3) of subdivision (b) of Section 12937 to the California Water Fund from the California Water Resources Development Bond Fund in each of the fiscal years 1990–91 to 1997–98, inclusive, and if six million dollars ($6,000,000) or any lesser amount is so transferred in the 1998–99 fiscal year, that amount shall be appropriated to the Delta Flood Protection Fund for the purposes specified in subdivision (b) of Section 12300, in lieu of the funds deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code. However, that the director, in consultation with the Department of Finance, may accelerate payments to the California Water Fund for reappropriation to the Delta Flood Protection Fund if the director deems it appropriate to do so.

(b) The obligation of the State Water Resources Development System to reimburse the California Water Fund, pursuant to

paragraph (3) of subdivision (b) of Section 12937, shall decrease by amounts equal to the amounts which are transferred from the California Water Resources Development Bond Fund to the California Water Fund and appropriated to the Delta Flood Protection Fund pursuant to subdivision (a).

(c) For any fiscal year, the Director of Finance, in consultation with the Director of Water Resources, may recommend in the Budget Act a source of funding for the Delta Flood Protection Fund which is different from that set forth in subdivision (a). If the Legislature approves the alternative source of funding, the portion of the State Water Resources Development System obligation specified in subdivision (b) which remains outstanding because of the selection of the alternative funding source shall be discharged pursuant to subdivision (b) of Section 11913.

SEC. 4. Section 12929.10 is added to the Water Code, to read:

12929.10. The Environmental Water Fund is hereby created in the State Treasury. There shall be deposited in the fund all moneys transferred or appropriated to the fund and all income derived from investment of moneys that are in the fund.

SEC. 5. Section 12929.12 is added to the Water Code, to read:

12929.12. (a) It is the intent of the Legislature that sixty-five million dollars ($65,000,00) of the funds which may be transferred, pursuant to paragraph (3) of subdivision (b) of Section 12937, to the California Water Fund from the California Water Resources Development Bond Fund, shall be appropriated to the Environmental Water Fund. It is the intent of the Legislature, subject to subdivision (b), to appropriate to the Environmental Water Fund one million dollars ($1,000,000) in the 1990–91 fiscal year and eight million dollars ($8,000,000) per year in fiscal years 1991–92 to 1998–99, inclusive. However, the director, in consultation with the Department of Finance, may accelerate payments to the California Water Fund for appropriation to the Environmental Water Fund if the director deems it appropriate to do so.

(b) It is the further intent of the Legislature that if the director determines that all or any portion of the amount which would otherwise be appropriated in any fiscal year to the Environmental Water Fund in accordance with subdivision (a), or to the Delta Flood Protection Fund pursuant to Section 12303, is required for continued construction of the State Water Resources Development System pursuant to Section 12938, the entire amount which would otherwise be appropriated to the Environmental Fund for that fiscal year shall be reduced to zero before any reduction is made in the amount to be appropriated to the Delta Flood Protection Fund. It is also the intent of the Legislature that any reduction in funds appropriated to the Environmental Water Fund and the Delta Flood Protection Fund pursuant to this subdivision be made up from funds transferred to the California Water Fund pursuant to paragraph (3) of subdivision (b) of Section 12937 in subsequent fiscal years.

SEC. 6. Section 12929.13 is added to the Water Code, to read:

12929.13. It is further the intent of the Legislature that the reductions and transfers described in Sections 11913, 12303, and 12929.12 shall continue until the obligation of the State Water Resources Development System to reimburse the California Water Fund pursuant to paragraph (3) of subdivision (b) of Section 12937 is satisfied.

SEC. 7. The Legislature finds and declares as follows:

(a) To the extent that the revenues of the State Water Resources Development System deposited in the State Water Resources Development Bond Fund are surplus to maintenance, operation, and replacement costs, to payment of principal and interest on bonds, and to reasonable reserves for each of these purposes, the system is obligated, pursuant to paragraph (3) of subdivision (b) of Section 12937 of the Water Code, to transfer those surplus funds to the California Water Fund as reimbursement for moneys used from that fund for construction of the system.

(b) A total of four hundred thirty-two million eight hundred thousand dollars ($432,800,000) from the California Water Fund has been used for construction of the State Water Resources Development System.

(c) Pursuant to the Davis-Dolwig Act (Chapter 10 (commencing with Section 11900) of Part 3 of Division 6 of the Water Code), the General Fund is currently obligated to reimburse the State Water Resources Development System one hundred seventy-two million two hundred ninety-one thousand dollars ($172,291,000) for unreimbursed costs incurred through June 30, 1988, for recreation and fish and wildlife enhancement, including capital costs, recreation land acquisition costs, operations and maintenance costs, and interest costs which have been borne by the State Water Resources Development System.

(d) Section 12912.5 of the Water Code declares the intent of the Legislature to annually appropriate five million dollars ($5,000,000) from moneys deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code to the Department of Water Resources for mitigation of adverse effects to water quality, fisheries, and wildlife in the Sacramento-San Joaquin River Delta, Suisun Marsh, San Francisco Bay, and the Salton Sea. Pursuant to Section 12912.5 of the Water Code, the General Fund is currently obligated to reimburse the State Water Resources Development System the amount of nine million four hundred seventy-eight thousand dollars ($9,478,000) for the General Fund share of costs expended through June 30, 1988, for mitigation facilities constructed in the Suisun Marsh pursuant to the Suisun Marsh Preservation Agreement entered into by the United States Bureau of Reclamation, the Department of Water Resources, the Department of Fish and Game, and the Suisun Resource Conservation District. This act provides a mechanism to meet this obligation in lieu of utilizing funds deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public

Resources Code.

(e) Section 12300 of the Water Code declares the intent of the Legislature annually through fiscal year 1998–99 to transfer twelve million dollars ($12,000,000) to the Delta Flood Protection Fund from moneys deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code and to appropriate those moneys for the following purposes:

(1) Local assistance for maintenance and improvement of delta levees.

(2) Special delta flood protection projects, subsidence studies, and monitoring.

(f) It is necessary and desirable to do the following:

(1) To offset the one hundred seventy-two million two hundred ninety-one thousand dollars ($172,291,000) for fish and wildlife enhancement and recreation and the nine million four hundred seventy-eight thousand dollars ($9,478,000) for Suisun Marsh facilities owed by the General Fund to the State Water Resources Development System against the four hundred thirty-two million eight hundred thousand dollars ($432,800,000) obligation of the State Water Resources Development System to the California Water Fund.

(2) To authorize the State Water Resources Development System to further reimburse the California Water Fund by depositing system revenues, as described in paragraph (3) of subdivision (b) of Section 12937 of the Water Code, in the California Water Fund for fiscal years 1989–90 to 1998–99, inclusive, for appropriation by the Legislature for the purposes specified in subdivision (e), in lieu of the appropriation of funds deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code.

(3) To provide for the continued offset of funds expended by the State Water Resources Development System for recreation and fish and wildlife enhancement pursuant to the Davis-Dolwig Act against the remaining obligation of the State Water Resources Development System to reimburse the California Water Fund.

SEC. 8. (a) The following obligations of the General Fund to reimburse the State Water Resources Development System for a total amount of one hundred eighty-one million seven hundred sixty-nine thousand dollars ($181,769,000) are hereby canceled:

(1) The obligation of the General Fund, in accordance with the Davis-Dolwig Act (Chapter 10 (commencing with Section 11900) of Part 3 of Division 6 of the Water Code), to reimburse the State Water Resources Development System the amount of one hundred seventy-two million two hundred ninety-one thousand dollars ($172,291,000) for expenditures through June 30, 1988, of system revenues on recreation and fish and wildlife enhancement.

(2) The obligation pursuant to Section 12912.5 of the Water Code to reimburse the State Water Resources Development System the amount of nine million four hundred seventy-eight thousand dollars ($9,478,000) for the state share of costs of mitigation facilities

constructed through June 30, 1988, pursuant to the Suisun Marsh Preservation Agreement.

(b) The obligation of the State Water Resources Development System to transfer surplus system revenues to the California Water Fund pursuant to paragraph (3) of subdivision (b) of Section 12937 of the Water Code as reimbursement for moneys utilized from the California Water Fund for construction of the system is hereby canceled in the amount of one hundred eighty-one million seven hundred sixty-nine thousand dollars ($181,769,000).

(c) The transfer of twelve million dollars ($12,000,000) from the California Water Fund to the Delta Flood Protection Fund pursuant to Item 3860-005-144 of the Budget Act of 1989 shall take effect upon the transfer of twelve million dollars ($12,000,000) from the California Water Resources Development Bond Fund to the California Water Fund pursuant to paragraph (3) of subdivision (b) of Section 12937 of the Water Code for further appropriation from the Delta Flood Protection Fund pursuant to Items 3860-001-176 and 3860-101-176 of the Budget Act of 1989. The transfer and appropriation shall be in lieu of appropriation of moneys deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code.

(d) The obligation of the State Water Resources Development System to reimburse the California Water Fund, pursuant to paragraph (3) of subdivision (b) of Section 12937 of the Water Code, shall decrease by the amount transferred from the California Water Resources Development Bond Fund to the California Water Fund pursuant to subdivision (c).

CHAPTER 717

An act to amend Section 66498.8 of the Government Code, relating to subdivisions.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66498.8 of the Government Code is amended to read:

66498.8. (a) On or before January 1, 1986, a city, county, or city and county shall adopt ordinances or resolutions necessary or appropriate for the implementation of this chapter.

(b) If a city, county, or city and county receives a written request to implement this chapter, it shall adopt any ordinances or resolutions it determines necessary or appropriate to implement this chapter. The city, county, or city and county shall adopt the ordinances or resolutions not more than 120 days from the date the

request is made and any fee is paid to cover the direct expenses the city, county, or city and county determines it will incur in processing the ordinances or resolutions. The city, county, or city and county may arrange, with the person making the request, to collect fees from subdividers filing vesting tentative maps and to reimburse the person requesting the ordinance or resolution for any costs so advanced by that person.

(c) The local agency may charge subdividers who file vesting tentative maps a fee in an amount sufficient to recover the direct costs associated with establishing and adopting ordinances or resolutions pursuant to subdivision (a) or (b).

(d) No ordinances or resolutions adopted pursuant to subdivision (a) may require more information than that related to ordinances, resolutions, policies, or standards for the design, development, or improvement relating to the conferred rights, except where necessary:

(1) To permit the public agency to make the determination required by Section 21080.1 of the Public Resources Code, as provided by Section 65941.

(2) To comply with federal or state requirements.

CHAPTER 718

An act to add Section 10902 to the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10902 is added to to the Revenue and Taxation Code, to read:

10902. (a) In the event of a constructive total loss, in which the repair value exceeds the market value of the vehicle less the anticipated salvage value, or an unrecovered total loss, due to a theft, of a vehicle, the in-lieu fee portion of the vehicle license fee that has been paid shall be refunded to the current registered owner (the owner of the salvage value of the vehicle), or credited against the vehicle license fee owed on the owner's replacement vehicle. The amount refunded or credited shall be based upon one-twelfth of the annual in-lieu fee for each full month that remains until the registration expires.

(b) No refund or credit shall be made pursuant to this section unless the vehicle owner has signed a declaration under penalty of perjury that he or she has not been cited or convicted of violating Section 23152 or 23153 of the Vehicle Code (relating to driving under the influence of alcohol or drugs) or Section 23103 as specified in

Section 23103.5 of that code (which involves a substitute for an original citation of driving under the influence) in connection with the owner's vehicle loss. If the owner has been cited under any of these code sections, the owner shall be entitled to the refund or credit upon presentation of either proof of dismissal of the citation or a finding of not guilty.

(c) The Department of Motor Vehicles may charge to vehicle owners requesting a refund or credit pursuant to this section a fee in an amount sufficient to cover the administrative costs of processing the request.

(d) In the case of a request for refund or credit with respect to a stolen vehicle, the vehicle owner shall not be entitled to a refund or credit prior to 60 days from the date the theft of the vehicle is reported to the police. If a refund is received or a credit is applied to another vehicle and the stolen vehicle is subsequently recovered, the owner shall return the amount refunded or credited. If the owner receives a refund or credit, and the destroyed or stolen vehicle is scrapped and subsequently repaired by another person, the new owner shall pay the full vehicle license fee.

(e) The Department of Motor Vehicles shall adopt regulations for the administration of the refunds and credits provided by this section.

(f) This section shall become operative on January 1, 1991.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 719

policy and upon each policy issued by a nonadmitted insurer or surplus lines broker, prominently affix a legend in boldface 16-point type on the front page advising the applicant or insured (a) that the policy is issued by a nonadmitted insurer not subject to regulation by the California Department of Insurance, and (b) that the provisions of Article 15.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1, creating the California Insurance Guarantee Association, do not apply to any policy underwritten by a nonadmitted insurer.

CHAPTER 720

An act to amend Sections 44, 3519, 3520, 3706, 4004, 4005, 4008, 6494, and 22841 of the Elections Code, relating to elections.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 44 of the Elections Code is amended to read:

44. (a) Wherever any petition or paper is submitted to the clerk, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and saw the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury, with the signature of his or her name at length, including given name, middle name or initial, or initial and middle name. The circulator shall state the date and the place of execution on the declaration immediately following his or her signature.

SEC. 2. Section 3519 of the Elections Code is amended to read:

3519. (a) Each section shall have attached thereto the declaration of the person soliciting the signatures setting forth the information required by Section 44 and stating that the circulator is

a registered voter of the state.

(b) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury, with the signature of his or her name at length, including given name, middle name or initial. The circulator shall state the date and the place of execution on the declaration immediately following his or her signature.

No other declaration thereto shall be required.

Petitions so verified shall be prima facie evidence that the signatures thereon are genuine and that the persons signing are qualified voters. Unless and until it be otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified voters.

SEC. 3. Section 3520 of the Elections Code is amended to read:

3520. (a) Each section of the petition shall be filed with the clerk or registrar of voters of the county or city and county in which it was circulated, but all sections circulated in any county or city and county shall be filed at the same time. Once filed, no petition section shall be amended except by order of a court of competent jurisdiction.

(b) Within five days, excluding Saturdays, Sundays, and holidays, after the filing of the petition, the clerk or registrar of voters shall determine the total number of signatures affixed to the petition and shall transmit this information to the Secretary of State. If the total number of signatures filed with all county clerks is less than 100 percent of the number of qualified voters required to find the petition sufficient, the Secretary of State shall so notify the proponents and the county clerks and no further action shall be taken in regard to the petition.

(c) If the number of signatures filed with all county clerks is 100 percent or more of the number of qualified voters needed to declare the petition sufficient, the Secretary of State shall immediately so notify the county clerks.

(d) Within 15 days after this notification, excluding Saturdays, Sundays, and holidays, the clerk or registrar of voters shall determine the number of qualified voters who have signed the petition. If more than 500 names have been signed on sections of the petition filed with a county clerk, the clerk shall use a random sampling technique for verification of signatures, as determined by the Secretary of State. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the county clerk shall be given an equal opportunity to be included in the sample. The random sampling shall include an examination of at least 500 or 5 percent of the signatures, whichever is greater. In determining from the records of registration what number of qualified voters have signed the petition, the clerk or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(e) The clerk or registrar, upon the completion of the

examination, shall immediately attach to the petition, except the signatures thereto appended, a certificate properly dated, showing the result of the examination and shall immediately transmit the petition, together with the certificate, to the Secretary of State. A copy of this certificate shall be filed in the clerk's office.

(f) If the certificates received from all county clerks by the Secretary of State establish that the number of valid signatures does not equal 95 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to have failed to qualify, and the Secretary of State shall immediately so notify the proponents and the county clerks.

(g) If the certificates received from all county clerks by the Secretary of State total more than 110 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to qualify as of the date of receipt by the Secretary of State of certificates showing the petition to have reached the 110 percent, and the Secretary of State shall immediately so notify the proponents and the county clerks.

SEC. 4. Section 3706 of the Elections Code is amended to read:

3706. The petition shall be filed by the proponents, or by any person or persons authorized, in writing, by the proponents. All sections of the petition shall be filed at one time. Any sections of the petition not so filed shall be void for all purposes. Once filed, no petition section shall be amended except by order of a court of competent jurisdiction.

When the petition is filed, the county clerk shall determine the total number of signatures affixed to the petition. If, from this examination, the clerk determines that the number of signatures, prima facie, equals or is in excess of the minimum number of signatures required, the county clerk shall examine the petition in accordance with Section 3707 or 3708. If, from this examination, the clerk determines that the number of signatures, prima facie, does not equal or exceed the minimum number of signatures required, no further action shall be taken and the petition shall be preserved, as provided in Section 3756.

SEC. 5. Section 4004 of the Elections Code is amended to read:

4004. Within 10 days after the date of publication or posting, or both, of the notice of intention and title and summary, the proponents shall file a copy of the notice and title and summary as published or posted together with an affidavit made by a representative of the newspaper in which the notice was published or, if the notice was posted, by a voter of the city, certifying to the fact of publication or posting.

If the notice and title and summary are both published and posted pursuant to subdivision (b) of Section 4003, the proponents shall file affidavits as required by this section made by a representative of the newspaper in which the notice was published certifying to the fact that the notice was published and by a voter of the city certifying to the fact that the notice was posted.

These affidavits, together with a copy of the notice of intention and title and summary, shall be filed with the clerk of the legislative body of the city in his or her office during normal office hours as posted.

SEC. 6. Section 4005 of the Elections Code is amended to read:

4005. The proponents may commence to circulate the petitions among the voters of the city for signatures by any registered voter of the city after publication or posting, or both, as required by Section 4003, of the title and summary prepared by the city attorney. Each section of the petition shall bear a copy of the notice of intention and the title and summary prepared by the city attorney.

SEC. 7. Section 4008 of the Elections Code is amended to read:

4008. The petition shall be filed by the proponents or by any person or persons authorized in writing by the proponents. All sections of the petition shall be filed at one time. Once filed, no petition section shall be amended except by order of a court of competent jurisdiction.

When the petition is presented for filing, the clerk shall do all of the following:

(a) Ascertain the number of registered voters of the city last reported by the county clerk to the Secretary of State pursuant to Section 607 effective at the time the notice specified in Section 4002 was published.

(b) Determine the total number of signatures affixed to the petition. If, from this examination, the clerk determines that the number of signatures, prima facie, equals or is in excess of the minimum number of signatures required, the clerk shall accept the petition for filing. The petition shall be deemed as filed on that date. Any petition not accepted for filing shall be returned to the proponents.

SEC. 8. Section 6494 of the Elections Code is amended to read:

6494. (a) The nomination paper shall be in substantially the following form:

CHAPTER 721

An act to amend Section 18214 of the Health and Safety Code, relating to mobilehomes.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 18214 of the Health and Safety Code is amended to read:

18214. "Mobilehome park" is any area or tract of land where two or more mobilehome lots are rented or leased, held out for rent or lease, or were formerly held out for rent or lease and later converted to a subdivision, cooperative, condominium, or other form of resident ownership, to accommodate manufactured homes or mobilehomes used for human habitation. The rental paid for a manufactured home or mobilehome shall be deemed to include rental for the lot it occupies.

SEC. 2. It is the intent of the Legislature that enforcement agencies regulate mobilehome parks which were formerly held out for rent or lease and later converted to subdivisions, cooperatives, condominiums, or any other form of resident ownership, in the same manner as all other mobilehome parks are regulated pursuant to the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200) of Division 13 of the Health and Safety Code). It is also the intent of the Legislature that enforcement agencies confer with homeowner associations or other designated governing bodies of resident-owned mobilehome parks whenever it is appropriate to do so.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 722

An act to add Section 42408 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 42408 is added to the Health and Safety Code, to read:

42408. (a) Any person who tampers with any ambient air monitoring equipment, including related recording equipment, owned or operated by a county, unified or regional air pollution control district, air quality management district, or by the State of California, is guilty of a misdemeanor, and is liable in a civil action for damages caused by the tampering to the owner or operator of the equipment.

(b) For purposes of this section, "tampering" means any unauthorized, intentional touching or other conduct affecting the operational status of monitoring equipment which has the potential to invalidate data collected from the monitoring activity.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 723

An act to amend Section 4582.7 of the Public Resources Code, relating to forest practices.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 4582.7 of the Public Resources Code is amended to read:

4582.7. The director shall have 15 days from the date the initial inspection is completed or, in the event the director determines that

the inspection need not be made, 15 days from the date of filing, as specified in Section 4604, or a longer period mutually agreed upon by the director and the person submitting the timber harvesting plan, to review the plan and take public comments. After the initial review and public comment period has ended, the director shall have up to 10 working days, or a longer period mutually agreed upon by the director and the person submitting the plan, to review the public input, to consider recommendations and mitigation measures of other agencies, to respond in writing to the issues raised, and to determine if the plan is in conformance with the rules and regulations of the board and with this chapter. If the director determines that the plan is not in conformance with the rules and regulations of the board or with this chapter, the director shall return the plan, stating his or her reasons in writing, and advising the person submitting the plan of the person's right to a hearing before the board, and timber operations shall not commence. A person to whom a plan is returned may, within 10 days from the receipt of the plan, request of the board a public hearing before the board. The board shall schedule a public hearing to review the plan to determine if it is in conformance with the rules and regulations of the board and this chapter. Timber operations shall await board approval of the plan. Board action shall occur within 30 days from the filing of the appeal, or a longer period mutually agreed upon by the board and the person filing the appeal. If the plan is not approved on appeal to the board, the plan may be found to be in conformance by the director within 10 days of board action, provided the plan is brought into full conformance with the rules and regulations of the board and this chapter. If the director does not act within 25 days, or a longer period mutually agreed upon by the director and the person submitting the timber harvesting plan, timber operations may commence pursuant to the plan, and all provisions of the plan shall be followed as provided in this chapter.

(c) Until the seller has complied with the obligations imposed by Sections 1689.20 and 1689.21, the buyer may retain possession of goods delivered to him or her by the seller and has a lien on the goods for any recovery to which he or she is entitled.

SEC. 4. Section 1689.23 is added to the Civil Code, to read:

(a) Except as provided in subdivision (c) of Section 1689.22, within 20 days after a seminar sales solicitation contract or offer has been canceled, the buyer, upon demand, must tender to the seller any goods delivered by the seller pursuant to the sale or offer, but he or she is not obligated to tender at any place other than his or her own address. If the seller fails to demand possession of goods within 20 days after cancellation, the goods become the property of the buyer without obligation to pay for them.

(b) The buyer has a duty to take reasonable care of the goods in his or her possession, both prior to cancellation and during the 20-day period following. During the 20-day period after cancellation, except for the buyer's duty of care, the goods are at the seller's risk.

(c) If the seller has performed any services pursuant to a seminar sales solicitation contract or offer prior to its cancellation, the seller is entitled to no compensation. CHAPTER 725

An act to amend Sections 790.05 and 790.07 of, and to add Section 790.035 to, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 790.035 is added to the Insurance Code, to read:

790.035. (a) Any person who engages in any unfair method of competition or any unfair or deceptive act or practice defined in Section 790.03 is liable to the state for a civil penalty to be fixed by the commissioner, not to exceed five thousand dollars ($5,000) for each act, or, if the act or practice was willful, a civil penalty not to

exceed ten thousand dollars ($10,000) for each act. The commissioner shall have the discretion to establish what constitutes an act. However, when the issuance, amendment, or servicing of a policy or endorsement is inadvertent, all of those acts shall be a single act for the purpose of this section.

(b) The penalty imposed by this section shall be imposed by and determined by the commissioner as provided by Section 790.05. The penalty imposed by this section is appealable by means of any remedy provided by Section 12940 or by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 790.05 of the Insurance Code is amended to read:

790.05. Whenever the commissioner shall have reason to believe that such person has been engaged or is engaging in this state in any unfair method of competition or any unfair or deceptive act or practice defined in Section 790.03, and that a proceeding by the commissioner in respect thereto would be to the interest of the public, he or she shall issue and serve upon that person an order to show cause containing a statement of the charges in that respect, a statement of that person's potential liability under Section 790.035, and a notice of a hearing thereon to be held at a time and place fixed therein, which shall not be less than 30 days after the service thereof, for the purpose of determining whether the commissioner should issue an order to that person to, pay the penalty imposed by Section 790.035, and to cease and desist those methods, acts, or practices or any of them.

If the charges or any of them are found to be justified the commissioner shall issue and cause to be served upon that person an order requiring that person to pay the penalty imposed by Section 790.035 and to cease and desist from engaging in those methods, acts, or practices found to be unfair or deceptive.

The hearing shall be conducted in accordance with the Administrative Procedure Act, Chapter 5 (commencing at Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

The person shall be entitled to have the proceedings and the order reviewed by means of any remedy provided by Section 12940 of this code or by the Administrative Procedure Act.

SEC. 3. Section 790.07 of the Insurance Code is amended to read:

790.07. Whenever the commissioner shall have reason to believe that any person has violated a cease and desist order issued pursuant to Section 790.05 or a court order issued pursuant to Section 790.06, after the order has become final, and while the order is still in effect, the commissioner may, after a hearing at which it is determined that the violation was committed, order that person to forfeit and pay to the State of California a sum not to exceed five thousand dollars ($5,000) plus any penalty due under Section 790.05, which may be recovered in a civil action, except that, if the violation is found to be willful, the amount of the penalty may be a sum not to exceed

fifty-five thousand dollars ($55,000) plus the penalty due under Section 790.05.

For the purposes of this section, the failure to pay any penalty imposed pursuant to Section 790.035 which has become final shall constitute a violation of the cease and desist order.

For any subsequent violation of the cease and desist order or of the court order or the order to pay the penalty, while the order is still in effect, the commissioner may, after hearing, suspend or revoke the license or certificate of that person for a period not exceeding one year; provided, however, no such proceeding shall be based upon the subsequent violation unless the same was committed or continued after the date on which the order imposing the penalty pursuant to the preceding paragraph became final.

The hearings provided by this section shall be conducted in accordance with the Administrative Procedure Act, and the commissioner shall have all the powers granted therein.

The person shall be entitled to have the proceedings and the order of the commissioner therein reviewed by means of any remedy provided by Section 12940 or by the Administrative Procedure Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectively protect consumers from deceptive insurance practices and to ensure marketplace stability it is necessary for this act to take effect immediately.

CHAPTER 726

An act to amend Sections 1858.1, 1858.3, and 1859.1 of, and to add Section 1858.07 to, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1858.07 is added to the Insurance Code, to read:

1858.07. (a) Any person who uses any rate, rating plan, or rating system in violation of this chapter is liable to the state for a civil penalty not to exceed five thousand dollars ($5,000) for each act, or, if the act or practice was willful, a civil penalty not to exceed ten thousand dollars ($10,000) for each act. The commissioner shall have the discretion to establish what constitutes an act. However, when the issuance, amendment, or servicing of a policy or endorsement is inadvertent, all of those acts shall be a single act for the purpose of

this section.

(b) The penalty imposed by this section shall be imposed by and determined by the commissioner as provided by Section 1858.3, except that no penalty shall be imposed by the commissioner if a person has used any rate, rating plan, or rating system that has been approved for use by the commissioner in accordance with the provisions of this chapter.

The penalty imposed by this section is appealable by means of any remedy provided by Section 12940 or by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 1858.1 of the Insurance Code is amended to read:

1858.1. If after examination of an insurer, rating organization, advisory organization, or group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance, or upon the basis of other information, or upon sufficient complaint as provided in Section 1858, the commissioner has good cause to believe that the insurer, organization, group, or association, or any rate, rating plan or rating system made or used by any such insurer or rating organization, does not comply with the requirements and standards of this chapter applicable to it, he or she shall give notice in writing to that insurer, organization, group, or association stating therein in what manner and to what extent that noncompliance is alleged to exist and specifying therein a reasonable time, not less than 10 days thereafter, in which that noncompliance may be corrected, and specifying therein the amount of any penalty that may be due under Section 1858.07.

An insurer, organization, group, or association served with that notice of noncompliance may, within the time specified therein, (a) establish to the satisfaction of the commissioner that the noncompliance does not exist, or (b) request a public hearing, notice of which shall be given at least 30 days prior to the date set for hearing, or (c) enter into an informal conciliation with the commissioner and any complainant making a complaint pursuant to Section 1858 to resolve the matter complained of, or (d) enter into a consent order with the commissioner to correct the specified noncompliance within a period of time specified in the consent order, and to pay any penalty due under Section 1858.07. A consent order shall provide that in the event the noncompliance is not corrected within the time specified therein that, in addition to any penalty due under Section 1858.07, a money penalty of not to exceed ten thousand dollars ($10,000) shall attach and be collected by the commissioner for each day the violation of the consent order continues. This money penalty shall not exceed in the aggregate the sum of one hundred thousand dollars ($100,000) plus the penalty due under Section 1858.07. In addition to or in lieu of the procedure provided herein the commissioner may proceed with a public hearing as provided in Section 1858.2.

For the purposes of this section, the failure to pay any penalty

imposed pursuant to Section 1858.07 which has become final shall constitute a violation of a notice of noncompliance or of a consent order issued under this section.

SEC. 3. Section 1858.3 of the Insurance Code is amended to read:

1858.3. If after a hearing pursuant to Section 1858.2 the commissioner finds:

(a) That any rate, rating plan, or rating system violates the provisions of this chapter applicable to it, he or she shall issue an order to the insurer or rating organization which has been the subject of the hearing specifying in what respects that violation exists and stating when, within a reasonable period of time, the further use of that rate or rating system by that insurer or rating organization in contracts of insurance made thereafter shall be prohibited. The commissioner may, in addition to that order, direct the insurer or rating organization to take such other corrective action as he or she may deem necessary and proper.

(b) That an insurer, rating organization, advisory organization, or a group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, is in violation of the provisions of this chapter applicable to it other than the provisions dealing with rates, rating plans, or rating systems, he or she may issue an order to that insurer, organization, group, or association which has been the subject of the hearing specifying in what respects that violation exists and requiring compliance within a reasonable time thereafter.

(c) Any order of the commissioner issued pursuant to subdivision (a) shall specify the amount of the penalty due under Section 1858.07, and any order issued pursuant to subdivision (a) or (b) shall provide that, in addition, a money penalty of not to exceed ten thousand dollars ($10,000) shall attach and be collected by the commissioner for each day such person fails to comply within the time specified therein with the provisions of that order in the same manner as that provided in Section 1858.1. This penalty shall not exceed in the aggregate the sum of one hundred thousand dollars ($100,000) plus any penalty due under Section 1858.07.

SEC. 4. Section 1859.1 of the Insurance Code is amended to read:

1859.1. (a) Any person, insurer, organization, group, or association who fails to comply with a final order of the commissioner under this chapter shall be liable to the state in an amount not exceeding fifty thousand dollars ($50,000) but if the failure is willful he or she or it shall be liable to the state in an amount not exceeding two hundred fifty thousand dollars ($250,000) for the failure. That penalty shall be in addition to any penalty arising under Section 1858.07. The commissioner shall collect the amount so payable and may bring an action in the name of the people of the State of California to enforce collection. These penalties may be in addition to any other penalties provided by law.

(b) A willful violation of this chapter by any person is a misdemeanor.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectively protect consumers from unfair rates and to ensure marketplace stability, it is necessary for this act to take effect immediately.

CHAPTER 727

An act to amend Section 674.6 of the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 674.6 of the Insurance Code is amended to read:

674.6. (a) No insurer issuing policies of insurance subject to Section 674.5 or 675 shall cease to offer any particular line of coverage without prior notification to the commissioner.

(b) An insurer shall notify the department at least 60 days prior to the date it intends to withdraw wholly or substantially from a line of (1) commercial liability insurance, (2) any insurance defined in Section 660 or 675 when coverage is provided by a separate rider or endorsement for an activity for which the insured receives compensation, a stipend, or remuneration of any kind for the activity and then only to the extent of the coverage, (3) any other insurance defined in Section 660, or (4) any insurance issued to an individual or individuals covering a risk not arising from a business or commercial activity. Upon receipt of the notice, the commissioner may request and review additional information, as deemed necessary, and investigate the market conditions to determine whether that insurance may become not readily available in the voluntary insurance market as a result of the withdrawal.

(c) For purposes of this section, "intent to substantially withdraw" means an insurer's intent to nonrenew in excess of 50 percent of its current policyholders in the line of coverage upon their next renewal.

(d) The commissioner shall adopt appropriate rules, regulations, and standards for purposes of implementing this section.

(e) Any insurer that has notified the commissioner pursuant to subdivision (b) shall (1) notify the commissioner within 10 days after the date given in the withdrawal notice if the insurer does not in fact withdraw that line of insurance from the market, or (2) notify the

commissioner within 10 days after reentry if the insurer reenters that line after the withdrawal.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the insurance public from the possibility that insurance may be unavailable for personal lines of property and casualty insurance, and to ensure competition, it is necessary for this act to take effect immediately.

CHAPTER 728

An act to add and repeal Section 44257 of, and to add Section 44258.15 to, the Education Code, relating to teachers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that innovative organizational patterns for the delivery of instruction to pupils are widely utilized in the public elementary and middle schools. The Legislature further finds that although self-contained classrooms continue to be the predominant method of providing instruction in the elementary grades, the use of the departmentalized teaching of selected subjects has gained popularity as a method to provide regular planning periods for teachers and greater opportunities to utilize the expertise of the certificated staff. The Legislature also finds that team teaching and the regrouping of pupils across classrooms are additional popular instructional methods.

The Legislature finds that increased attention to the needs of pupils in the early years of adolescence, particularly for pupils in upper elementary and junior high school grade levels, has resulted in the expansion of middle schools and more focused attention on the qualifications of certificated employees in those schools. It is the intent of the Legislature in enacting this act to determine whether existing credentialing statutes and regulations, and the enforcement of these statutes and regulations, have the effect of deterring the use of important and innovative instructional innovations.

SEC. 2. Section 44257 is added to the Education Code, to read:

44257. The Commission on Teacher Credentialing shall undertake a study on the extent to which existing statutes and regulations governing the assignment of certificated personnel in the elementary and middle school grades affect existing staffing patterns

and serve to inhibit or discourage the use of innovative patterns for instruction. The study may include the participation of school districts and county offices of education. Any certificated employee employed by a school district or county office of education which participates in the study shall not be subject during that period to the sanctions for the misassignment of credential holders required under subdivision (g) of Section 44258.9. The commission shall submit a report to the Legislature on its findings and recommendations on or before January 1, 1991.

This section shall remain in effect only until January 1, 1991, as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1991, deletes or extends that date.

SEC. 3. Section 44258.15 is added to the Education Code, to read:

44258.15. (a) Notwithstanding Section 44258.1, the holder of a credential authorizing instruction in a self-contained classroom may provide instruction in a team teaching setting or may regroup pupils across classrooms in subjects authorized by the governing board of the school district.

(b) Any holder of any credential based upon a baccalaureate degree and a professional preparation program approved by the commission may be assigned, with his or her consent, to teach, in a departmentalized setting in grades 8 and below, in any subject in which he or she has successfully completed 12 semester units or six upper division or graduate units from an accredited college or university. The assignment may be for a full or partial day.

(c) Any holder of a credential based upon a baccalaureate degree and a professional preparation program approved by the commission who has successfully taught any subject in a departmentalized setting in grades 8 and below prior to September 1, 1989, for at least three years, may be assigned, with his or her consent, to teach the subject on a full or partial day assignment if either of the following requirements are met:

(1) He or she has successfully completed 12 semester units or six upper division or graduate units from an accredited college or university in the subject.

(2) He or she has completed a systematic program of staff development related to the subject, as verified by the employing district.

(d) The authorizations to provide instruction prescribed in subdivisions (b) and (c) shall remain operative only until June 30, 1992, unless a statute which is enacted on or before June 30, 1992, deletes or extends that date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to require the Commission on Teacher Credentialing to conduct the study required by Section 44257 of the Education Code, and in order to authorize the assignment of teachers in accordance

with the requirements of Section 44258.15 of the Education Code pending the completion of the study and the enactment or adoption of statutes and regulations based upon the findings of that study at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 729

An act to amend Sections 40225, 40303.5, 40522, and 40610 of, and to add Section 40153 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 40153 is added to the Vehicle Code, to read:

40153. Whenever a notice of a violation of subdivision (a) of Section 5204 is issued pursuant to subdivision (b) of Section 40225, the court shall not adjudicate the offense until satisfactory evidence is produced to the court that the appropriate registration fee has been paid or the vehicle has been dismantled.

SEC. 2. Section 40225 of the Vehicle Code is amended to read:

40225. (a) A registration or equipment violation which occurred and was entered on the notice of parking violation attached to the vehicle under Section 40203 shall be processed in accordance with this article. All of the equipment and registration violations entered on the notice of parking violation shall be noticed in the notice of delinquent parking violation served or mailed pursuant to Section 40206, together with the amount of bail prescribed by the court for that infraction.

(b) Whenever a vehicle is not in violation of any regulation governing the standing or parking of a vehicle under this code, under any federal statute or regulation, or under any ordinance enacted by local authorities, but is in violation of subdivision (a) of Section 5204, a person authorized to enforce parking laws and regulations shall issue a written notice of violation, setting forth the alleged violation. The violation shall be processed pursuant to this section.

(c) Any bail collected pursuant to this section for registration or equipment violations by a processing agency shall be paid to the court, accompanied with a copy of the notice of parking violation or notice of delinquent parking violation containing the notice of the registration or equipment violation, and the court shall process that bail and offense in the same manner as bail posted on a notice to appear issued pursuant to Section 40500.

SEC. 3. Section 40303.5 of the Vehicle Code is amended to read:

40303.5. Whenever any person is arrested for any of the following offenses, the arresting officer shall permit the arrested person to

execute a notice containing a promise to correct the violation in accordance with the provisions of Section 40610 unless the arresting officer finds that any of the disqualifying conditions specified in subdivision (b) of Section 40610 exist:

(a) Any registration infraction set forth in Division 3 (commencing with Section 4000), except subdivision (a) of Section 5204.

(b) Any driver's license infraction set forth in Division 6 (commencing with Section 12500), and subdivision (a) of Section 12951, relating to possession of driver's license.

(c) Section 21201, relating to bicycle equipment.

(d) Any infraction involving equipment set forth in Division 12 (commencing with Section 24000), Division 13 (commencing with Section 29000), Division 14.8 (commencing with Section 34500), Division 16 (commencing with Section 36000), Division 16.5 (commencing with Section 38000), and Division 16.7 (commencing with Section 39000).

SEC. 4. Section 40522 of the Vehicle Code is amended to read:

40522. Whenever a person is arrested for violations specified in Section 40303.5, except a violation of subdivision (a) of Section 5204, and none of the disqualifying conditions set forth in subdivision (b) of Section 40610 exist, and the officer issues a notice to appear, the notice shall specify the offense charged and note in a form approved by the Judicial Council that the charge shall be dismissed on proof of correction. If the arrested person presents, by mail or in person, proof of correction, as prescribed in Section 40616, on or before the date on which the person promised to appear, the court shall dismiss the violation or violations charged pursuant to Section 40303.5.

The court shall not impose a fine or assess an administrative fee for a violation or processing a proof of correction with respect to a violation for which proof of correction has been timely and properly secured.

SEC. 5. Section 40610 of the Vehicle Code is amended to read:

40610. (a) (1) Except as provided in paragraph (2), if, after an arrest, accident investigation, or other law enforcement action, it appears that a violation, other than a violation of subdivision (a) of Section 5204, has occurred involving a registration, license, or mechanical requirement of this code, and none of the disqualifying conditions set forth in subdivision (b) exist and the investigating officer decides to take enforcement action, the officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator's promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency.

(2) If any person is arrested for a violation of Section 4454, and none of the disqualifying conditions set forth in subdivision (b) exist, the arresting officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator's promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency. In lieu of issuing a notice to correct violation

pursuant to this section, the officer may issue a notice to appear, as specified in Section 40522.

(b) Pursuant to subdivision (a), a notice to correct violation shall be issued as provided in this section or a notice to appear shall be issued as provided in Section 40522, unless the officer finds any of the following:

(1) Evidence of fraud or persistent neglect.

(2) The violation presents an immediate safety hazard.

(3) The violator does not agree to, or cannot, promptly correct the violation.

(c) If any of the conditions set forth in subdivision (b) exist, the procedures specified in this section or Section 40522 are inapplicable, and the officer may take other appropriate enforcement action.

(d) Except as otherwise provided in subdivision (a), the notice to correct violation shall be on a form approved by the Judicial Council and, in addition to the owner's or operator's address and identifying information, shall contain an estimate of the reasonable time required for correction and proof of correction of the particular defect, not to exceed 30 days.

(e) The court shall not impose a fine or assess an administrative fee for a violation or processing a proof of correction with respect to a violation for which proof of correction has been timely and properly secured.

SEC. 6. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Pursuant to Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the July 1 following the date on which the act takes effect pursuant to the California Constitution.

CHAPTER 730

An act to amend Section 556 of the Insurance Code, and to amend Section 548 of the Penal Code, relating to insurance.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 556 of the Insurance Code is amended to read:

556. (a) It is unlawful to do any of the following:

(1) Knowingly present or cause to be presented any false or fraudulent claim for the payment of a loss, including payment of a loss under a contract of insurance.

(2) Knowingly present multiple claims for the same loss or injury, including presentation of multiple claims to more than one insurer, with an intent to defraud.

(3) Knowingly cause or participate in a vehicular collision, or any other vehicular accident, for the purpose of presenting any false or fraudulent claim.

(4) Knowingly prepare, make, or subscribe any writing, with intent to present or use the same, or to allow it to be presented in support of any such claim.

(b) Every person who violates any provision of this section is punishable by imprisonment in the state prison, for two, three, or five years, and by a fine not exceeding fifty thousand dollars ($50,000).

(c) Notwithstanding any other provision of law, probation shall not be granted to, nor shall the execution or imposition of a sentence be suspended for, any adult person convicted of a violation of this section who has been previously convicted of violations of this section as an adult under charges separately brought and tried two or more times. The existence of any fact which would make a person ineligible for probation under this subdivision shall be alleged in the information or indictment, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

Except where the existence of such fact was not admitted or found to be true or the court finds that a prior conviction was invalid, the court shall not strike or dismiss any prior convictions alleged in the information or indictment.

This subdivision does not prohibit the adjournment of criminal proceedings pursuant to Division 3 (commencing with Section 3000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(d) Any person who violates subdivision (a) and who has a prior conviction of the offense set forth in that subdivision or in Section 548 of the Penal Code, shall receive a two-year enhancement for each prior conviction in addition to the sentence provided in subdivision (b). The existence of any fact which would subject a person to a penalty enhancement shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 2. Section 548 of the Penal Code is amended to read:

548. (a) Every person who willfully injures, destroys, secretes, abandons, or disposes of any property which at the time is insured against loss or damage by theft, or embezzlement, or any casualty

with intent to defraud or prejudice the insurer, whether the property is the property or in the possession of such person or any other person, is punishable by imprisonment in the state prison for two, three, or five years and by a fine not exceeding fifty thousand dollars ($50,000).

For purposes of this section, "casualty" does not include fire.

(b) Any person who violates subdivision (a) and who has a prior conviction of the offense set forth in that subdivision or in Section 556 of the Insurance Code, shall receive a two-year enhancement for each prior conviction in addition to the sentence provided under subdivision (a). The existence of any fact which would subject a person to a penalty enhancement shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

CHAPTER 731

An act to amend Sections 5721, 9390, 9390.1, 9390.5, 9391, 9395, 14005.16, 14006, 14006.2, 14006.3, 14019.4, 14022.1, 14022.4, 14052, 14107.2, 14108.1, 14110.1, 14110.4, 14110.6, 14110.8, 14110.9, 14115.2, 14115.6, 14132, 14133.4, 14136.3, 14170, and 14525 of the Welfare and Institutions Code, relating to health.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Whereas, the federal Omnibus Budget Reconciliation Act of 1987, Public Law 100-203, mandates nursing home reforms impacting the Medi-Cal long-term care program, it is the intent of the Legislature to provide state conformity with the provision which consolidates the skilled nursing facility and intermediate care facility levels of care into one category of care called "nursing facility."

SEC. 2. Section 5721 of the Welfare and Institutions Code is amended to read:

5721. The department shall establish and maintain a revolving loan fund to be allocated to county Short-Doyle programs for the purpose of paying the costs of care and treatment in nursing facilities and community care facilities, pending the determination of a person's eligibility for Supplemental Security Income and California Medical Assistance program benefits.

When a person is determined eligible for Supplemental Security Income and begins receiving those payments, the department may require the person to repay the amount of any loan made from the

revolving fund. Those payments shall be deposited in the revolving fund.

SEC. 2.5. Section 9390 of the Welfare and Institutions Code is amended to read:

9390. It is the intent of the Legislature to ensure that frail elderly and functionally impaired adults receive needed services which will enable them to remain in their own homes whenever possible. In order to achieve this goal, the department shall, commencing with the 1984–85 fiscal year, award contracts based upon proposals submitted by nonprofit organizations or governmental entities. The contracts shall be for the purpose of providing the following services to functionally impaired adults and the frail elderly to enable them to remain in their own homes. These organizations or entities shall have demonstrated programmatic and administrative experience in providing long-term care services in all of the following areas:

(a) Comprehensive and timely information, when necessary, to persons and their families about the availability of community resources to assist functionally impaired adults and the frail elderly to maintain the maximum independence permitted by their functional ability.

(b) One-time only assistance in securing community services when deemed necessary or desirable in order to assure timely receipt of the needed services to help maintain maximum independence of a frail older person or functionally impaired adult.

(c) Short-term specialized assistance including counseling and the arrangement of an action plan when there is a temporary probable threat to the functionally impaired adult's or frail elderly person's ability to remain in the most independent living arrangement permitted by his or her functional ability.

(d) Continuing assistance, including case management to older persons and functionally impaired adults who cannot manage their own affairs, but who are not disabled to the extent of needing nursing facility placement, in order to help prevent or delay placement in those institutions. For purposes of this provision, "case management" means all of the following:

(1) Client assessment in conjunction with the development of a service plan with the participant and other appropriate persons to provide for needs identified by the assessment.

(2) Authorization and arrangement for the purchase of services, or referral to volunteer, informal, or third-party payer services with followup.

(3) Service and participant monitoring to determine that services are obtained which are appropriate to need, adequate to meet the need for acceptable quality, and provided in a timely manner.

(4) Followup with clients, including periodic contact and initiation of an interim assessment, if deemed necessary prior to scheduled reassessment.

Organizations or entities eligible for contract awards to provide for the above-listed services must demonstrate that they have an

advisory group which includes representatives of older and functionally impaired groups served.

These organizations or entities shall have proven experience in community long-term care services and be able to demonstrate the ability to increase their service capability to provide their services to and to relate to adults of all ages.

Grantees who already provide direct services and apply to carry out the proposed services shall assure the separateness of the programs and demonstrate protective measures to avoid conflict of interest in care planning processes.

(e) For persons eligible under the home and community-based waiver under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) obtained pursuant to Section 2176 of the Omnibus Reconciliation Act of 1981 (P.L. 97-35), as described in Chapter 5 (commencing with Section 9400) who are disabled to the extent of needing nursing facility placement, services shall be provided by the Multipurpose Senior Services Program, pursuant to Chapter 5 (commencing with Section 9400). During the 1984–85 fiscal year, in accordance with the 1984–85 Budget Act, existing Multipurpose Senior Services Program sites may be increased in size and up to 10 additional sites may be established.

(f) Assistance to older persons entering or returning home from nursing facilities, who need help to make the transition and who reside in a Multipurpose Senior Services Program service area shall be provided by the Multipurpose Senior Services Program as described in subdivision (c).

SEC. 3. Section 9390.1 of the Welfare and Institutions Code is amended to read:

9390.1. As used in this chapter:

(a) "Department" means the Department of Aging.

(b) "Director" means the Director of the Department of Aging.

Services shall be designed to recognize the positive capabilities of the individual and maximize the potential for the optimum level of physical, social, and psychological independence in the least restrictive environment, and emphasis shall be placed on seeking alternative services other than institutionalization. Services may be provided by formal or informal support systems and may be continuous or intermittent.

SEC. 3.5. Section 9390.5 of the Welfare and Institutions Code is amended to read:

9390.5. (a) The State Department of Health Services shall conduct preadmission screening statewide.

(1) Preadmission screening shall be conducted by the Medi-Cal field offices which shall utilize the option of directly authorizing preadmission screening activities by Medi-Cal service providers, including, but not limited to, multipurpose senior services programs, adult day health care, home health agencies, or other comparable Medi-Cal service providers.

(2) The State Department of Health Services may delegate preadmission screening of general acute care hospital patients to discharge planning units of general acute care hospitals and to multilevel facilities, as defined in paragraph (9) of subdivision (d) of Section 15432 of the Government Code, which agree to accept the delegation. The delegated preadmission screening shall be performed in accordance with criteria established by the State Department of Health Services, in consultation with representatives of general acute care hospitals and community-based services. The criteria shall include referrals to community-based resources as defined in Section 9390.1 and shall emphasize the importance of making the referrals in a timely manner. Prior to implementation of the delegated preadmission screening program, orientation sessions regarding preadmission screening program procedures shall be conducted.

The State Department of Health Services shall work with general acute care hospitals and general acute care hospital association representatives to develop an acute care hospital reporting mechanism which would allow an independent review of the success

of the delegated program. The review shall, at the minimum, include the number of home-and-community-based waiver services which were utilized to divert patients into the community. The State Department of Health Services shall report to the Legislature on the results of this review by March 31, 1989. The report shall include all of the following:

(A) The total number of preadmission screens performed.

(B) The total number of preadmission screens from the community.

(C) The total number of preadmission screens from acute care hospitals.

(D) The total number of patients screened that were determined to be prolonged-stay patients.

(E) The total number of patients screened that were determined to be short-stay patients.

(F) The total number of patients diverted from nursing homes.

(G) The total number of patients who could not be diverted.

It is further the intent of the Legislature that the discharge planning units of general acute care hospitals which agree to accept delegated preadmission screening, shall coordinate with the multipurpose senior services program to the extent possible.

(b) Every long-term health care facility which receives an application for admission of a Medi-Cal eligible or Medicare/Medi-Cal eligible person shall contact by telephone the appropriate State Department of Health Services Medi-Cal field office or the appropriate general acute care hospital discharge planner for the purpose of conducting preadmission screening.

(c) Except where the State Department of Health Services has delegated preadmission screening functions to a general acute care hospital discharge planner, every general acute care hospital which identifies a Medi-Cal eligible or Medicare/Medi-Cal eligible patient for referral to a long-term health care facility shall contact by telephone the appropriate State Department of Health Services Medi-Cal field office for the purpose of conducting preadmission screening. Where preadmission screening of acute care hospital patients has been delegated to discharge planning units, the Medi-Cal field office shall review and approve a determination to refer a patient to a nursing facility which is owned or operated by the referring hospital.

(d) For the purpose of conducting preadmission screening, and subject to applicable confidentiality requirements, including Section 14100.2, the State Department of Health Services, or its designated representatives, shall have access to all medical records of Medi-Cal or Medicare/Medi-Cal eligible persons who apply or are referred for admission to a long-term health care facility. It is further the intent of the Legislature that the State Department of Health Services shall coordinate with the Multipurpose Senior Services Program or similar case management agencies, to the extent possible.

(e) All persons who are admitted to nursing homes for a short stay

as a result of preadmission screening shall have a discharge plan, including projected length of stay and proposed discharge goal, which shall be reviewed at least monthly for up to four months until the medical status, the ability to perform activities of daily living, and the determination of service needs indicate referral to community-based services for care at home is appropriate.

All persons who are admitted to nursing homes for prolonged care as a result of preadmission screening shall be reviewed for their potential for community-based care during the process of reauthorization of prolonged care Treatment Authorization Request (TAR) and, if appropriate, be referred to community-based service.

(f) All Medi-Cal recipients residing in nursing homes who have not been preadmission screened shall be reviewed for their potential for postadmission screening. Those persons identified as having the potential for living in the community with the support of community-based services shall be postadmission screened and referral made to community-based services, if appropriate. Priority for postadmission screening shall be given to those persons who have been in nursing homes six months or less. All Medi-Cal recipients residing in nursing homes on a six month or less Treatment Authorization Request (TAR) shall be postadmission screened within six months of the effective date of this section. All other Medi-Cal recipients residing in nursing homes shall be postadmission screened within 12 months of the effective date of this section. The State Department of Health Services shall give priority to qualified Multipurpose Senior Services Providers (MSSP) to conduct postadmission screening.

(g) Contractors operating under Medi-Cal capitated, case management-based contracts entered into under the authority of this chapter or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 shall assess each covered Medi-Cal patient residing in a long-term care facility or for whom long-term institutional care is contemplated, is assessed for diversion by referral to community-based resources and ambulatory health care services and makes the diversion when feasible on a timely basis. Contractors with existing department-approved utilization review plans which include such an activity shall be deemed to be in compliance with this section.

(h) The State Department of Health Services may delegate the responsibility for carrying out the provisions of this section to Medi-Cal at risk, capitated contractors or projects which do not have a case management feature. The contracts or projects shall operate under one of the following arrangements:

(1) The contractor or project shall adhere to the procedures developed by the State Department of Health Services to carry out this section.

(2) The contractor or project may, subject to the approval of the State Department of Health Services, revise the department's procedures or adopt its own procedures, provided that the

alternative procedures satisfy the intent of this section.

(i) Contractors operating as Medi-Cal capitated case management based contractors pursuant to contracts entered into under the authority of Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 and Sections 1177 and 1177.1 of the Health and Safety Code shall ensure that for each covered Medi-Cal patient resident in a long-term care facility or for whom long-term institutional care is contemplated, the patient's potential is assessed for diversion by referral to community-based resources and ambulatory health care services and that the diversion occurs, when feasible, on a timely basis. Contractors with approved utilization review plans approved by the State Department of Health Services which included such an activity through delegation or other acceptable means, shall be deemed to be in compliance with this section.

(j) The State Department of Health Services shall review each capitated contractor's arrangements for and provision of preadmission and postadmission screening during the annual medical audit of the contractor.

SEC. 4. Section 9391 of the Welfare and Institutions Code is amended to read:

9391. The intent of this section is to ensure that no one shall be institutionalized without being given the option of a viable alternative when one exists. Preadmission screening of Medi-Cal eligibles applying for nursing facility placement, conducted under the auspices of the State Department of Health Services must consider community-based resources.

SEC. 4.5. Section 9395 of the Welfare and Institutions Code is amended to read:

9395. Commencing on March 1, 1986, and on each March 1, thereafter, the department, in conjunction with the State Department of Health Services, shall submit to the Legislature a report on the implementation of this chapter. The report shall include, but not be limited to, all of the following:

(a) (1) Number of clients served.

(2) Description of clients and how clients are selected.

(3) Description and quantity of services provided.

(4) Cost per client and cost per service.

(5) Cost comparison of acute care, nursing facility services, and services provided for under this chapter.

(6) A description of services needed to fulfill the intent of this chapter, but which are not available.

(7) Recommendations for changes in the delivery system to increase its effectiveness.

(b) (1) The number of clients screened pursuant to Section 9390.5.

(2) The living situation of clients at the time of screening.

(3) The number of clients diverted from long-term health care facilities to available community services.

(4) A comparison of the costs incurred and savings realized in utilizing community services alternatives.

SEC. 5. Section 14005.16 of the Welfare and Institutions Code is amended to read:

14005.16. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who resides in a nursing facility, and who is in a Medi-Cal family budget unit separate from that of his or her spouse, the community property interest of the noninstitutionalized spouse in the income of the married individual shall not be considered income available to that individual.

(b) For the purposes of this section, there shall be a presumption, rebuttable by either spouse, that each spouse has a community property interest in one-half of the total monthly income of both spouses.

SEC. 5.5. Section 14006 of the Welfare and Institutions Code is amended to read:

14006. (a) This section applies to medically needy persons, medically needy family persons, and state-only Medi-Cal persons.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a nursing facility or a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall, subject to notice and an opportunity for a hearing, have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

The lien shall be recorded, and from the date of recording, shall have the force, effect, and priority of a judgment lien.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a nursing facility, or in a licensed

community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) For purposes of determining eligibility under this part, resources shall be defined, counted, and valued in accordance with the federal law governing resources under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.). Resources exempt under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) shall not be considered in determining eligibility. Medically needy individuals and families may retain nonexempt resources to the extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.). In addition, the principal residence as defined in subdivision (b) shall be exempt.

(d) The director, to meet the requirements of the federal Social Security Act and to ensure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his or her spouse, through the sale of the real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value

shall be the conversion value as of the date of application or the anniversary date of the application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of the holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or an alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his or her own earnings, he or she shall immediately report the acquisition, and the anniversary date shall become the date of the acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

SEC. 6. Section 14006.2 of the Welfare and Institutions Code is amended to read:

14006.2. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who, in accordance with Title XIX of the federal Social Security Act and regulations adopted pursuant thereto, is considered to be living separately from his or her spouse, the individual shall be considered to have made a transfer of resources for full and adequate consideration under Section 14006 or 14015 by reason of either of the following:

(1) Having entered into a written agreement with his or her spouse dividing their nonexempt community property into equal shares of separate property. Property so agreed to be separate property shall be considered by the department to be the separate property of the spouse who, pursuant to the agreement, is the owner of the property. Only in cases in which separate property owned by one spouse is actually made available to the other spouse, may the department count the separate property in the eligibility determination of the nonowner spouse.

(2) Having transferred to his or her spouse all of his or her interest in a home, whether the transfer was made before or after the individual became a resident in a nursing facility in accordance with and to the extent permitted by Title XIX of the federal Social Security Act and regulations promulgated pursuant thereto.

(b) The department shall furnish to all Medi-Cal applicants a clear and simple statement in writing advising them that (1) in the case of an individual who is an inpatient in a nursing facility or other medical institution, if the individual or the individual's conservator

transferred to the individual's spouse all of the interest in a home, the individual shall not be considered ineligible for Medi-Cal by reason of the transfer; and that (2) if the individual and the individual's spouse execute a written interspousal agreement which divides and transmutes nonexempt community property into equal shares of separate property, the separate property of the individual's spouse shall not be considered available to the individual and need not be spent by the spouse for the individual's care in a nursing facility or other medical institution. The statement provided for in this subdivision shall also be furnished to each individual admitted to a nursing facility, along with, but separately from, the statement required under Section 72527 of Title 22 of the California Code of Regulations.

(c) In order to qualify for Medi-Cal benefits pursuant to Section 14005.4 or 14005.7, a married individual who resides in a nursing facility, and who is in a Medi-Cal budget unit separate from that of his or her spouse, shall be required to expend his or her other resources for his or her own benefit, so that the amount which remains does not exceed the limit established pursuant to subdivision (c) of Section 14006.

In the event that the married individual expends his or her resources for expenses associated with or for improvements to property, those expenditures shall be considered to be for his or her own benefit only to the extent that the expenditures are proportionate to the ownership interest the individual has in the property. For purposes of this section, the term "his or her other resources" shall be limited to the following:

(1) All of his or her separate property that would not have been exempt under applicable Medi-Cal laws and regulations at the time when he or she entered a nursing facility, or at the date of execution of the agreement referred to in this section, whichever is earlier. For purposes of this paragraph, the mere change of residence from one facility to another shall not be deemed to be a new entry.

(2) One-half of all the community property, or the proceeds from the sale or exchange of that property, that would not have been exempt at the time described in paragraph (1).

(d) For purposes of subdivision (c), in the absence of an agreement such as that referred to in subdivision (a), there shall be a presumption, rebuttable by either spouse, that all property owned by either spouse was community property.

(e) The statement furnished pursuant to subdivision (b) shall advise all persons entering a long-term care facility, and all Medi-Cal applicants that only their half of the community property shall be taken into account in determining their eligibility for Medi-Cal, whether or not they execute the written interspousal agreement referred to in the statement.

SEC. 6.5. Section 14006.3 of the Welfare and Institutions Code is amended to read:

14006.3. Any nursing facility shall, prior to admitting any person,

provide a clear and simple statement, in writing, in a form and language specified by the department, to that person and that person's spouse and responsible relative which explains how Medi-Cal eligibility requirements affect their separate and community property.

SEC. 7. Section 14019.4 of the Welfare and Institutions Code is amended to read:

14019.4. (a) Any provider of health care services who obtains a label or copy from the Medi-Cal card or other proof of eligibility pursuant to this chapter shall not seek reimbursement nor attempt to obtain payment for the cost of those covered health care services from the eligible applicant or recipient, or any person other than the department, a third-party payor who provides a contractual or legal entitlement to health care services.

(b) Whenever a service or set of services rendered to a Medi-Cal beneficiary results in the submission of a claim in excess of five hundred dollars ($500), and the beneficiary has given the provider proof of eligibility to receive the service or services, the provider shall issue the beneficiary a receipt to document that appropriate proof of eligibility has been provided. The form and content of those receipts shall be determined by the provider but shall be sufficient to comply with the intent of this subdivision. Nursing facilities are exempt from the requirements of this subdivision.

SEC. 8. Section 14022.1 of the Welfare and Institutions Code is amended to read:

14022.1. Any nursing facility participating in the Medi-Cal program shall supply to the department full and complete information as to the identity (a) of each person having, directly or indirectly, an ownership interest of 10 percent or more in the nursing facility, or, who is owner, in whole or part, of any mortgage, deed of trust, note, or other obligation secured, in whole or part, by the nursing facility, or any of the property or assets of the nursing facility, (b) in case a nursing facility is organized as a corporation, of each officer and director of the corporation, and (c) in case a nursing facility is organized as a partnership, of each partner; and shall promptly report any changes which would affect the current accuracy of the information so required to be supplied.

SEC. 9. Section 14022.4 of the Welfare and Institutions Code is amended to read:

14022.4. (a) Any nursing facility currently certified to participate in the Medi-Cal program may not voluntarily withdraw from the program unless all of the following conditions are met:

(1) The facility shall file with the department a notice of intent to withdraw from the Medi-Cal program.

(2) Except for patients to be transferred or discharged only for medical reasons, or for patients' welfare or that of other patients, or for nonpayment for his or her stay, the facility shall not subsequently evict any Medi-Cal recipient or private pay patient residing in the facility at the time the notice of intent to withdraw from the

Medi-Cal program is filed.

(3) Patients admitted to the facility on or after the date of the notice of intent to withdraw from the Medi-Cal program shall be advised orally and in writing of both the following:

(A) That the facility intends to withdraw from the Medi-Cal program.

(B) That notwithstanding Section 14124.7, the facility is not required to keep a new resident who converts from private pay to Medi-Cal.

(b) Subdivision (a) shall not apply to facilities that have filed, prior to May 1, 1987, a notice of intent to withdraw from the Medi-Cal program.

(c) The department shall notify the appropriate substate ombudsmen monthly as to which facilities have filed a notice of intent to withdraw from the Medi-Cal program. This information shall also be made available to the public and noted in facility files available in each district office.

(d) The facility may formally withdraw from the Medi-Cal program when all patients residing in the facility at the time the facility filed the notice of intent to withdraw from the Medi-Cal program no longer reside in the facility.

(e) If a nursing facility that has withdrawn as a Medi-Cal provider pursuant to this section subsequently reapplies to the department to become a Medi-Cal provider, the department shall require as a condition of becoming a Medi-Cal provider that the facility enter into a five-year Medi-Cal provider contract with the department.

(f) (1) This section shall be inoperative in the event federal law or federal or state appellate judicial decisions prohibit implementation or invalidate any part of this section.

(2) In the event of any occurrence which renders this section inoperative pursuant to paragraph (1), the department shall within 30 days, report that information to the Legislature.

(g) (1) This section does not apply to any nursing facility which ceases operations entirely.

(2) For purposes of this subdivision, "ceases operations entirely" means not being in operation for a period of not less than 12 months.

SEC. 10. Section 14052 of the Welfare and Institutions Code is amended to read:

14052. "State-only Medi-Cal person" means a person who resides in a nursing facility, and who meets all of the following requirements:

(a) Could not meet the definition of a categorically needy person under Section 14050.1, a medically needy person under subdivision (a) of Section 14051 or a medically needy family person under subdivision (b) of Section 14051.

This paragraph shall not apply to consultant pharmaceutical services rendered to nursing facilities.

(d) For purposes of this section "kickback" means a rebate or

Any recipient receiving care in a nursing facility under this chapter, as part of a certified special treatment program for mentally disordered persons, or as a part of a mental health therapeutic and rehabilitative program approved and certified by a local mental health director, is entitled to be temporarily absent from those facilities. The State Department of Health Services shall, with consultation from the State Department of Mental Health, develop regulations within 60 days of the effective date of this act establishing the periods of time and conditions under which temporary absences shall be permitted. These regulations shall require that absences be in accordance with an individual patient care plan and also provide for absences due to hospitalization for an acute condition. The limits on temporary leaves of absence established by the State Department of Health Services by regulation shall not be less than 30 days per year.

During these temporary absences, the State Department of Health Services shall reimburse the facility for the cost of maintaining the vacant accommodations at a rate to be determined by the department which shall be less than the normal reimbursement rate.

SEC. 13. Section 14110.1 of the Welfare and Institutions Code is amended to read:

14110.1. Medi-Cal reimbursements for long-term care in any hospital shall be at a rate not to exceed the maximum rate paid for long-term care in nursing facilities which are distinct parts of acute care hospitals, except for patients whose medical or nursing needs exceed the level of care provided in nursing facilities.

SEC. 14. Section 14110.4 of the Welfare and Institutions Code, as added by Chapter 1621 of the Statutes of 1984, is amended to read:

14110.4. (a) All laundry services for all apparel, linen, garments, towels, and hospital gowns shall be provided by a nursing facility at no cost to a recipient under this chapter. These laundry services shall be considered as part of the basic care provided by the facility under the daily rate provided for pursuant to this chapter. The director shall, if necessary, adjust the daily rate to provide for the costs of these services. A nursing facility may, however, charge the patient a fee to provide special drycleaning or treatment for a garment needing this care, when the garment is owned by the patient and when the regular laundry service is not appropriate.

(b) A nursing facility shall provide a periodic hair trim as part of

its care for all patients who are recipients under this chapter. This service shall be included as part of the daily rate provided for pursuant to this chapter. The director shall, if necessary, adjust the daily rate to provide for the costs of these services. SEC. 15. Section 14110.6 of the Welfare and Institutions Code is amended to read:

14110.6. (a) The director shall adopt regulations, establishing payment rates for nursing facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative as defined in Section 1250 of the Health and Safety Code, and, for the period prior to October 1, 1990, for skilled nursing facilities and intermediate care facilities, which are sufficient to provide an increase of one dollar and ninety-six cents ($1.96) per patient day for patients receiving skilled nursing services, one dollar and fifty-eight cents ($1.58) per patient day, for patients receiving intermediate care services, two dollars and twenty-nine cents ($2.29) per patient day for intermediate care facilities/developmentally disabled patients, to be used for wage increases and benefits to all employees, except a licensed nursing home administrator or an administrator-in-training and two dollars and thirty-five cents ($2.35) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 4 to 6 beds, and one dollar and ninety-eight cents ($1.98) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 7 to 15 beds, to be used for wage increases and benefits to all direct care staff. However, if either (1) the entry level wages of the lowest paid nonadministrative employee of a nursing facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative, or, for the period prior to October 1, 1990, a skilled nursing facility or intermediate care facility, exceeds six dollars ($6) per hour as of August 1, 1984; or (2) upon the election of a county board of supervisors, for any nursing facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative, or, for the period prior to October 1, 1990, any skilled nursing facility or intermediate care facility, which is operated by a county, the funds received pursuant to regulations adopted pursuant to this section shall be used solely for labor costs directly related to providing patient care services in order to meet patients' needs including the uses of funds provided for under subdivision (d) of Section 14110.7. Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required

by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility. These regulations shall be adopted, effective March 15, 1985, for skilled nursing facilities and intermediate care facilities, and, commencing October 1, 1990, for nursing facilities, and intermediate care facilities/developmentally disabled, and by October 1, 1985, for intermediate care facilities/developmentally disabled-habilitative.

(b) Each nursing facility or intermediate care facility/developmentally disabled, or, for the period prior to October 1, 1990, each skilled nursing facility or intermediate care facility, shall certify all of the following:

(1) All employees, except a licensed nursing home administrator or an administrator-in-training of a licensed nursing home, shall receive at least the prevailing federal or state minimum wage rate plus the average hourly wage increase established pursuant to Chapter 19 of the Statutes of 1978, and this section.

(2) All employees of the facility, except a licensed administrator or administrator-in-training, shall be paid not less than the sum of the employee's actual rate of pay as of the effective date of the Medi-Cal rate increase provided for under Section 14110.7 plus the amount of the adjustment specified pursuant to this section, or not less than the applicable agreed to rate plus the amount of the adjustment, whichever is greater.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) Each intermediate care facility/developmentally disabled-habilitative shall certify all of the following:

(1) All direct care staff, as defined in the department's regulations developed pursuant to Section 1267.7 of the Health and Safety Code, shall receive at least the prevailing federal or state minimum wage plus the average hourly wage increase pursuant to this section.

(2) For purposes of determining the amount of Medi-Cal funds to be distributed for intermediate care facilities/developmentally disabled-habilitative for employee wages and benefits, the total Medi-Cal patient days in the month of December 1984, shall be multiplied by the amount per patient day specified in subdivision (a). The new wage level shall be determined by dividing the

Medi-Cal funds received by the nonovertime hours by covered direct care employees in December 1984, and adjustments to reflect employee benefit allowances.

(d) The director shall order the inspection of relevant payroll and personnel records of nursing facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative and, for the period prior to October 1, 1990, skilled nursing facilities and intermediate care facilities, which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (a) to ensure that the wage and benefit increases provided for have been implemented.

(e) Any facility which is paid under the rate provided for in subdivision (a) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed.

(f) The department shall implement the amended provisions of this section relating to facilities identified as nursing facilities commencing October 1, 1990, or a later date if the department determines that commencement by October 1, 1990, is not feasible and that a later commencement date will not result in the loss of federal financial participation.

SEC. 16. Section 14110.8 of the Welfare and Institutions Code is amended to read:

14110.8. (a) For the purposes of this section:

(1) "Facility" means a nursing facility.

(2) "Patient" means a person who is a facility resident and a Medi-Cal beneficiary and whose facility care is being paid for in whole or in part by Medi-Cal.

(3) "Agent" means a person who manages, uses, or controls those funds or assets that legally may be used to pay the patient's share of cost and other charges not paid for by the Medi-Cal program.

(4) "Responsible party" means a person other than the patient or potential patient, who, by virtue of signing or cosigning an admissions agreement of a nursing facility, either together with, or on behalf of, a potential patient, becomes personally responsible or liable for payment of any portion of the charges incurred by the patient while in the facility. A person who signs or cosigns a facility's admissions agreement by virtue of being an Attorney-in-Fact under a valid Durable Power of Attorney executed by the potential patient or a conservator of the person or of the estate of the potential patient, or a representative payee, is not a responsible party under this section, and does not thereby assume personal responsibility or liability for payment of any charges incurred by the patient, except to the extent that the person, or the patient's conservator or representative payee is an agent.

(b) No facility may require or solicit, as a condition of admission into the facility, that a Medi-Cal beneficiary have a responsible party sign or cosign the admissions agreement. No facility may accept or receive, as a condition of admission into the facility, the signature or cosignature of a responsible party for a Medi-Cal beneficiary.

(c) A facility may require, as a condition of admission, where a patient has an agent, that the patient's agent sign or cosign the admissions agreement and agree to distribute to the facility promptly when due, the share of cost and any other charges not paid for by the Medi-Cal program which the patient or his or her agent has agreed to pay. The financial obligation of the agent shall be limited to the amount of the patient's funds received but not distributed to the facility. A new agent who did not sign or cosign the admissions agreement shall be held responsible to distribute funds in accordance with this section.

(d) When a patient on non-Medi-Cal status converts to Medi-Cal coverage, any security deposit paid to the facility by the patient or on the patient's behalf as a condition of admission to the facility shall be returned and the obligations and responsibilities of the patient or responsible party shall be null and void.

(e) Any agent who willfully violates the requirements of this section is guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed two thousand five hundred dollars ($2,500) or by imprisonment in the county jail not to exceed 180 days, or both.

SEC. 17. Section 14110.9 of the Welfare and Institutions Code is amended to read:

14110.9. No nursing facility may require a security deposit from a Medi-Cal beneficiary who applies for admission to the facility.

SEC. 18. Section 14115.2 of the Welfare and Institutions Code is amended to read:

14115.2. (a) The department shall not require nursing facilities as defined in Section 1250 of the Health and Safety Code to originate monthly bills for beneficiaries if the following conditions are met:

(1) A claim on which in-patient per diem days have been billed by the provider is received by the fiscal intermediary by the fifth working day of the month following the month being billed; and

(2) The claim received by the fiscal intermediary does not show a patient status code that indicates discharge or death on the last day billed for the recipient for that month.

(b) When the conditions listed above are met, the fiscal intermediary shall, by the 20th of the month, mail to the provider a preimprinted claim to cover the current month's services to those beneficiaries.

(c) The provider shall be required to check the preimprinted claim for accuracy, to make corrections, and to certify that the beneficiaries who are listed on the claim received the services listed.

(d) The preimprinted claim shall be returned in the manner required by Section 14115; provided, the preimprinted claim shall be

deemed a late submission no earlier than two months following the end of the month of service being billed.

(e) Except as otherwise provided in this section, the rights and duties of providers and the department with respect to the billing procedures hereby established shall be governed by the provisions of this chapter.

SEC. 19. Section 14115.6 of the Welfare and Institutions Code is amended to read:

14115.6. The department shall establish a pilot project under which a nurse practitioner may bill independently for services provided in a nursing facility, as defined in Section 1250 of the Health and Safety Code. Nurse practitioners shall be compensated by the department for those services which would be compensable had the services been provided by a physician. If a nurse practitioner chooses to bill independently for these services, the department shall make the payment for the services directly to the nurse practitioner. The department shall ensure that payments made to providers who employ nurse practitioners who bill separately are adjusted to reflect this separation so as not to increase the financial obligation incurred by the Medi-Cal program. The department shall establish a reimbursement rate for nurse practitioners who choose to bill independently pursuant to this section.

The pilot project shall be in operation for one year and the department shall submit a report to the Legislature no later than three months after the completion of the project.

Nurse practitioners shall, however, continue to bill through physicians for Medicare patients until such time as relevant federal regulations are changed or until waivers of relevant federal regulations are obtained.

The department shall seek any federal waivers necessary to avoid conflict with federal law. If a waiver is necessary, the department may, until the waiver is obtained, limit the implementation of this section to the extent that federal matching funds are available.

CHAPTER 732

An act to amend Section 6254.10 of the Government Code, and to amend Section 6309 of, to add Section 6314 to, and to repeal and add Section 6313 of, the Public Resources Code, relating to resources.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) California has a rich and varied maritime history extending back thousands of years before its discovery by Spanish explorers. Prehistoric inhabitants developed coastal trade based on an elaborate maritime technology. Later colonization by peoples from all over the world was accomplished by sea. This history has left California with a rich maritime legacy in underwater antiquities. The Legislature finds an urgent need to identify and protect the historic, scientific, and cultural values inherent in submerged antiquities and

to preserve and maintain objects of state or national significance for the benefit and inspiration of all of the people of the state.

(b) Technological innovation is making the submerged lands of the state more accessible each year and providing unprecedented opportunities to learn more about the people of past societies and civilizations who lived and traveled along the coast of our state. California has over one-half million certified divers and that number is increasing daily. The large number of divers, and the advancement in marine technology, without adequate diver education and resource protection, will jeopardize California's underwater cultural heritage. It is the intent of the Legislature that the State Lands Commission, in its role as trustee of the submerged lands of the state, administer the Shipwreck and Historic Maritime Resources Program established by this act to preserve and protect the underwater cultural resources of the state.

SEC. 2. Section 6254.10 of the Government Code is amended to read:

6254.10. Nothing in this chapter requires disclosure of records that relate to archeological site information maintained by the Department of Parks and Recreation, the State Historical Resources Commission, or the State Lands Commission.

SEC. 3. Section 6309 of the Public Resources Code is amended to read:

6309. (a) The commission shall administer the Shipwreck and Historic Maritime Resources Program, which consists of the activities of the commission pursuant to this section and Sections 6313 and 6314.

(b) The commission has exclusive jurisdiction with respect to salvage operations over and upon all tide and submerged lands of the state. The commission may grant the privilege of conducting salvage operations upon or over any of those lands by the issuance of permits. The commission may adopt any rules and regulations in connection with applications for those permits, and the operations to be conducted thereunder, that the commission determines to be necessary to protect those lands and the uses and purposes reserved to the people of the state.

(c) The commission may issue permits for salvage on granted tide and submerged lands only after consultation with the grantee and a determination by the commission that the proposed salvage operation is not inconsistent with the purposes of the grant.

(d) A salvage permit shall be required of any person or entity to conduct any salvage operation. As used in this section and Section 6313, "salvage operation" means any activity, including search by electronic means, or exploration or excavation using tools or mechanical devices, with the objective of locating and removing objects from the surface or subsurface of state submerged lands.

(e) Salvage permits shall be issued for one year, with the option to renew the permit for additional one-year periods at the discretion of the commission upon a showing that the permitholder has

diligently and lawfully pursued the permitted activity.

(f) The commission may require that a person designated by the commission and paid by the permitholder be present during all salvage operations to observe and monitor compliance with the terms of the permit.

(g) The commission may issue recreational recovery permits, which would allow exploration or excavation with small hand tools, but without mechanical devices, for the limited recovery of small objects. Those permits are not salvage permits and the activities do not constitute a salvage operation. The commission shall not require a permit for any recreational diving activity which does not disturb the subsurface or remove objects or materials from a submerged archaeological site or submerged historic resource as defined in Section 6313. Recreational recovery permits shall not be issued for archaeological or historical resources.

(h) Permits may be revoked by the commission, after notice to the permitholder, at any time the commission finds that the permitholder has failed to comply with the terms of the permit or any law or regulation governing the permitted activity. An application for a permit may be denied by the commission when it finds that the applicant has failed to provide, for a period of 60 days, information specifically requested by the commission which is necessary to complete the application.

(i) When title to the objects, including a vessel, to be recovered is vested in the state, the commission shall provide for fair compensation to the permitholder in terms of a percentage of the reasonable cash value, or a fair share, of the objects recovered. The reasonable cash value of the objects shall be determined by appraisal by qualified experts selected by the commission. The commission shall determine the amount constituting fair compensation, taking into consideration the circumstances of each case. Title to all objects recovered is retained by the state until it is released by the commission.

(j) The commission may fix and collect reasonable fees and costs for the processing and issuance of permits under this section. The applicant may be required to deposit funds with the commission sufficient to cover costs and expenses chargeable to the applicant by law or by an agreement for reimbursement.

SEC. 4. Section 6313 of the Public Resources Code is repealed.

SEC. 5. Section 6313 is added to the Public Resources Code, to read:

6313. (a) The title to all abandoned shipwrecks and all archaeological sites and historic resources on or in the tide and submerged lands of California is vested in the state. All abandoned shipwrecks and all submerged archaeological sites and submerged historic resources of the state shall be in the custody and subject to the control of the commission for the benefit of the people of the state of California. The commission may transfer title, custody, or control to other state agencies or recognized scientific or educational

organizations, institutions, or individuals by appropriate legal conveyance.

(b) As used in this section, "submerged archaeological site" and "submerged historic resource," shall be given the broadest possible meaning, to include any submerged object, structure, building, watercraft, or vessel and any associated cargo, armament, tackle, fixture, human remains, or remnant thereof, or any site, area, person, or place, which is historically or archaeologically significant, or significant in the prehistory or history or exploration, settlement, engineering, commerce, militarism, recreation, or culture of California and which is partially or wholly embedded in or resting on state submerged or tidal lands.

(c) Sites with archaeological or historic significance shall be determined by reference to their eligibility for inclusion in the National Register of Historic Places. Any submerged archaeological site or submerged historic resource remaining in state waters for more than 50 years shall be presumed to be archaeologically or historically significant. The commission, with the assistance of the State Office of Historic Preservation, shall identify, compile, and maintain an inventory of shipwreck sites of archaeological or historical significance and shall make the listing available to the public.

(d) Permits for salvage operations involving submerged archaeological sites or submerged historic resources may be issued by the commission to individuals or organizations representing museums, universities, colleges, or other recognized scientific or educational institutions and individuals and organizations which demonstrate the capability to conduct those activities, as determined by the commission. The commission may deny an application for a permit to any applicant who the commission determines cannot demonstrate an ability to properly conduct salvage activities. The commission may consider the applicant's past conduct with regard to salvage operations when making this determination.

(e) Prior to the commencement of an activity permitted under subdivision (d), the applicant shall provide to the commission a detailed plan which provides for the protection and preservation of the site or objects or materials removed from the site consistent with contemporary professional standards of archaeological data recovery. All activities permitted under subdivision (d) or required by this subdivision shall be accomplished under the supervision of a person who meets the professional qualifications required of a marine archaeologist.

(f) The commission shall forward applications for permits for excavation of a submerged archaeological site or submerged historic resource in state waters, including the information required by subdivision (e), to the State Historic Preservation Officer for technical review of the archaeological plan and recommendation concerning the preservation and protection of the site or resource.

(g) The commission shall provide for the disposition of all objects

or other materials recovered, which may include provisions for display in museums, educational institutions, and other appropriate locations available to the public.

(h) The commission may contract with persons, firms, corporations, or institutions who, for the privilege of having temporary possession of recovered archaeological resources, will advance to the commission the money necessary to conduct salvage operations or to purchase from a permitholder, from his or her fair share, archaeological resources which the commission determines should remain the property of the state. A contract may be made only on the condition that the commission may, at any time, repay the money advanced, without interest or additional charges of any kind, and recover possession of the resources. During the time the resources are in the possession of the entity advancing the money, the resources shall be available for viewing by the general public at a nominal fee or without charge.

(i) The commission may also contract with other state agencies, qualified public or private institutions, local governments, or individuals for public display of the archaeological resources recovered. The commission shall require assurances that appropriate security, qualified personnel, insurance, and facilities for preservation, restoration, and display of the resources loaned are provided under the contract.

SEC. 6. Section 6314 is added to the Public Resources Code, to read:

6314. (a) Any person who removes, without authorization from the commission, or any person who destroys or damages an archaeological site or any historic resource, which is located on or in the submerged lands of, and which is the property of, the state, is guilty of a misdemeanor and is punishable by imprisonment in the county jail not to exceed six months or a fine not to exceed five thousand dollars ($5,000), or by both.

(b) In addition, the commission, or, at its request, the Attorney General or a district attorney in whose jurisdiction the violation occurred, may seek civil damages for the damage, loss, or destruction of abandoned shipwrecks, their gear or cargo, or any archaeological site or historic resource located on or in submerged lands of the state. Any vessel used to damage, destroy, or cause the loss of, any such shipwreck or archaeological site or historic resource is subject to a proceeding in rem by the state for the costs and damages resulting from that damage, destruction, or loss. Enforcement may include, where appropriate, a restraining order or injunctive relief to restrain and enjoin violations or threatened violations of Section 6309, Section 6313, or this section and for the return of items taken in violation of these sections.

(c) Any artifact, object, or material which has been removed from a state submerged archaeological site or submerged historic resource, as specified in subdivision (a), and which is found in any watercraft occupied by persons who do not hold a permit as required

by Section 6309 or Section 6313 or other reasonable evidence of legal possession is prima facia evidence of violation of that section and the artifact, object, or material may be confiscated by any state, federal, or local law enforcement officer. Artifacts, objects, or materials confiscated under this section shall be returned to the person claiming ownership, within 30 days of their confiscation, unless a prosecuting attorney determines that they are required as evidence in the prosecution of a criminal violation.

(d) In any case in which a district attorney, at the request of the commission, or with its concurrence, enforces subdivision (a), the commission shall, notwithstanding Section 1463 of the Penal Code, be entitled to an equal division of the fine imposed.

(e) All state and local law enforcement agencies and officers are directed to assist in enforcing this section, and are requested to work with and seek the cooperation of federal law enforcement agencies, including deputizing federal officers when appropriate.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to add Section 1374.55 to the Health and Safety Code, and to add Sections 10119.6 and 11512.28 to the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(1) Infertility is a significant health problem that affects millions of Californians.

(2) Infertility is a medical illness or condition similar to other illnesses or conditions that is created by the malfunction of other bodily organs, and thus is no different than other illnesses of conditions and should be treated for purposes of insurance the same as any other body disfunction.

(3) If properly treated, successful pregnancies can result in 70 percent of the cases.

(4) Insurance coverage for infertility is uneven, inconsistent, and frequently subject to arbitrary decisions which are not based on legitimate medical considerations.

SEC. 2. Section 1374.55 is added to the Health and Safety Code, to read:

1374.55. (a) On and after January 1, 1990, every health care service plan contract which is issued, amended, or renewed that covers hospital, medical, or surgical expenses on a group basis, where the plan is not a health maintenance organization as defined in Section 1373.10, shall offer coverage for the treatment of infertility, except in vitro fertilization, under those terms and conditions as may be agreed upon between the group subscriber and the plan. Every plan shall communicate the availability of that coverage to all group contractholders and to all prospective group contractholders with whom they are negotiating.

(b) For purposes of this section, "infertility" means either (1) the presence of a demonstrated condition recognized by a licensed medical physician as a cause of infertility, or (2) the inability to conceive a pregnancy or to carry a pregnancy to a live birth after a year or more of regular sexual relations without contraception. "In vitro fertilization" means the laboratory medical procedures involving the actual in vitro fertilization process.

(c) On and after January 1, 1990, every health care service plan which is a health maintenance organization, as defined in Section

The plan shall communicate the availability of the coverage to those group contractholders and prospective group contractholders with whom the plan is negotiating.

(d) Nothing in this section shall be construed to deny or restrict in any way any existing right or benefit to coverage and treatment of infertility under an existing law, plan or policy.

(e) Nothing in this section shall be construed to require any employer that is a religious organization to offer coverage for forms of treatment of infertility in a manner inconsistent with the religious organization's religious and ethical principles.

(f) Nothing in this section shall be construed to require any plan, which is a subsidiary of an entity whose owner or corporate member is a religious organization, to offer coverage for treatment of infertility in a manner inconsistent with that religious organization's religious and ethical principles.

SEC. 3. Section 10119.6 is added to the Insurance Code, to read:

"Treatment for infertility" means procedures consistent with established medical practices in the treatment of infertility by licensed physicians including, but not limited to, diagnosis, diagnostic tests, medication, surgery, and gamete intrafallopian transfer. "In vitro fertilization" means the laboratory medical procedures involving the actual in vitro fertilization process.

(c) Nothing in this section shall be construed to deny or restrict in any way any existing right or benefit to coverage and treatment of infertility under an existing law, plan or policy.

(d) Nothing in this section shall be construed to require any employer that is a religious organization to offer coverage for forms of treatment of infertility in a manner inconsistent with the religious organization's religious and ethical principles.

(e) Nothing in this section shall be construed to require any insurer, which is a subsidiary of an entity whose owner or corporate member is a religious organization, to offer coverage for treatment of infertility in a manner inconsistent with that religious organization's religious and ethical principles.

SEC. 4. Section 11512.28 is added to the Insurance Code, to read:

11512.28. (a) On and after January 1, 1990, every nonprofit hospital service plan contract which is issued, amended, or renewed that covers hospital, medical, or surgical expenses on a group basis, where the plan is not a health maintenance organization as defined in Section 1373.10 of the Health and Safety Code, shall offer coverage for the treatment of infertility, except in vitro fertilization, under those terms and conditions as may be agreed upon between the group subscriber and the plan. (f) Nothing in this section shall be construed to require any employer that is a religious organization to offer coverage for forms of treatment of infertility in a manner inconsistent with the religious organization's religious and ethnical principles

CHAPTER 735

An act to add Article 8 (commencing with Section 52905) to Chapter 12 of Part 28 of the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Article 8 (commencing with Section 52905) is added to Chapter 12 of Part 28 of the Education Code, to read:

Article 8. The Bill Bradley Human Relations Pilot Project

52905. The Legislature finds and declares all of the following:

(a) California's schoolage population is changing dramatically, becoming increasingly diverse both racially and ethnically. These changing patterns of our social fabric have presented society with serious opportunities and concerns in the area of human relations.

(b) School districts are an effective vehicle for teaching children human relations and prejudice reduction.

(c) Through the use of a pilot project, human relations materials that foster cooperation and group work can increase academic achievement and self-esteem, and promote positive interaction among pupils from different racial, religious, and ethnic groups.

(d) It is the intent of the Legislature that the development of human relations materials and staff training modules provide models for the implementation of California's most recent History/Social Studies Framework.

52906. (a) The Superintendent of Public Instruction shall authorize the development of the Bill Bradley Human Relations Pilot Project for teaching a course on human relations, and shall do the following:

(1) Consult with teachers, administrators, school board members, a representative of the California Congress of Parents, Teachers, and Students, and at least four statewide human relations agencies, including the Anti-Defamation League of B'nai B'rith, the National Association for the Advancement of Colored People, the Asian Pacific American Legal Center, and the Mexican American Legal Defense Educational Fund, in the development of the human relations course.

(2) Recommend the course curriculum to the State Board of Education.

(3) Select three school districts, from among interested school districts, to participate in the pilot project. The selected districts shall reflect the geographic and ethnic diversity of communities in California.

(4) Oversee the training of appropriate staff in the three school districts pursuant to this article.

(5) Designate whether the course shall be for 5 or 10 weeks in duration.

(b) Either the superintendent or the participating school districts shall designate whether the course will be taught in grade 8, 9, or 10.

(c) The course shall be designed to allow the selected school districts to tailor the materials to the needs of their specific communities.

52907. The human relations course developed pursuant to this article shall encompass the following goals:

(a) Fostering cooperation and promoting positive interaction among pupils of different racial and ethnic groups.

(b) Developing an understanding of ethnic diversity within California, throughout the nation, and in the world.

(c) Understanding the dangers of stereotyping and discrimination that have existed throughout history and recognizing the protections offered to all by a democratic society.

(d) Appreciating the contributions of minority groups to the development of the United States.

52908. The human relations course developed pursuant to this article shall be designed and be ready for implementation by the 1990-91 school year.

52909. (a) The Superintendent of Public Instruction shall evaluate the effectiveness of the pilot project and, no later than December 31, 1992, report the results of that evaluation to the Legislature, together with his or her recommendations, if any, for improvement of the pilot project.

(b) The evaluation conducted pursuant to subdivision (a) shall include cognitive testing of pupils and in-depth field interviews of teachers and pupils as a qualitative measure of the pilot project, and shall assess the following results in project schools, as compared with control schools:

(1) Increases in pupil understanding of ethnic diversity and the contributions of minority groups to the development of the United States.

(2) Increases in positive intergroup contact, interaction, and cooperation.

(c) Pursuant to that evaluation, the pilot project shall be deemed successful to the extent that it significantly reduces intergroup tension, and increases or promotes positive intergroup interaction, pupil self-esteem, pupil understanding of ethnic diversity, and pupil appreciation of the contributions of minority groups to the development of the United States.

(d) It is the intent of the Legislature, if the pilot project is proven effective, that information and materials be disseminated to school districts statewide which will encourage and enable those districts to establish the Bill Bradley Human Relations Pilot Project.

SEC. 2. The sum of seventy-five thousand dollars ($75,000) is

hereby appropriated from the General Fund for expenditure without regard to fiscal year to the Superintendent of Public Instruction for the development of a human relations pilot project, and the training of appropriate staff in the three districts pursuant to Article 8 (commencing with Section 52905) of Chapter 12 of Part 28 of the Education Code.

No less than 50 percent of the amount allocated in this section shall be designated for the purpose of training staff and purchasing materials to be used for the human relations course in selected school districts.

No more than 5 percent of the amount allocated in this section to develop the Bill Bradley Human Relations Pilot Project shall be used for administrative costs.

CHAPTER 736

An act to amend Section 66758 of the Government Code, and to add Section 13263.2 to the Water Code, relating to solid waste.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there are urgent problems of groundwater contamination within the Main San Gabriel Groundwater Basin, the principal source of drinking water for approximately one million people. Four large areas of groundwater contamination in the Main San Gabriel Groundwater Basin have been placed on the federal Environmental Protection Agency's National Priorities List of toxic waste sites, making them eligible for funding under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (P.L. 96-510, as amended). The existence of landfills within the boundaries of the Main San Gabriel Groundwater Basin are believed to have contributed significantly to this groundwater contamination. To facilitate the cleanup of the contaminated areas and to ensure that further contamination does not occur, no new or expanded landfills of the type described in subdivision (a) of Section 66758 of the Government Code should be permitted. Investigation has shown conditions in the Main San Gabriel Groundwater Basin to be unique to it, and it is declared that a general law cannot be made applicable to the Main San Gabriel Groundwater Basin, and that the enactment of this special statute is necessary for the public good and welfare.

SEC. 2. Section 66758 of the Government Code is amended to read:

66758. (a) Notwithstanding any other provision of law, a regional water board shall not issue a waste discharge permit for a

new landfill, or a lateral expansion of an existing landfill, which is used for the disposal of nonhazardous solid waste if the land has been primarily used at any time for the mining or excavation of gravel or sand.

(b) A regional water board, in a public meeting, may grant a variance from subdivision (a) if the applicant demonstrates and the regional water board determines that the discharges to a new facility or expansion of an existing facility during its operation and postclosure period will not pollute or threaten to pollute the waters of the state. In deciding whether to grant a variance, the regional water board shall consider, among other factors, site characteristics, including permeability and transmissivity of the underlying soils and depth to groundwater. For the purpose of this section, "groundwater" means the uppermost aquifer usable for beneficial purposes.

(c) Nothing in this section precludes any local jurisdiction from exercising any power which it has pursuant to any other provision of law.

(d) The following definitions govern the construction of this section:

(1) "Landfill used for the disposal of nonhazardous solid waste" means a disposal site regulated by a regional water board as a class III landfill pursuant to Sections 2533 and 2541 of Title 23 of the California Code of Regulations.

(2) "Lateral expansion" means a new or expanded waste management unit which is not authorized on January 1, 1989, under existing waste discharge requirements issued pursuant to Division 7 (commencing with Section 13000) of the Water Code and an existing solid waste facility permit issued pursuant to this title. For purposes of subdivision (f), "lateral expansion" does not include a new or expanded waste management unit for which waste discharge requirements were issued by a regional water board before January 1, 1989, but were subject to review after that date pursuant to Section 13320 of the Water Code.

(e) The regional water board may hold a single hearing for purposes of granting a variance pursuant to subdivision (b) and establishing waste discharge requirements.

(f) Notwithstanding subdivision (b), a regional water board shall not grant a variance from subdivision (a) if the variance is for a new landfill, or a lateral expansion of an existing landfill, located within the boundaries of the Main San Gabriel Groundwater Basin. For purposes of this subdivision, the boundaries of the Main San Gabriel Groundwater Basin are the boundaries described in Exhibit A of the judgment in Upper San Gabriel Valley Municipal Water District v. City of Alhambra, et al., Case Number 924128 of the Superior Court for the County of Los Angeles.

SEC. 3. Section 13263.2 is added to the Water Code, to read:

13263.2. (a) Notwithstanding any other provision of law, a regional water quality control board shall not issue a waste discharge

permit for a new landfill, or a lateral expansion of an existing landfill, which is used for the disposal of nonhazardous solid waste if the land has been primarily used at any time for the mining or excavation of gravel or sand.

(b) A regional water quality control board, in a public meeting, may grant a variance from subdivision (a) if the applicant demonstrates and the regional water quality control board determines that the discharges to a new facility or expansion of an existing facility during its operation and postclosure period will not pollute or threaten to pollute the waters of the state. In deciding whether to grant a variance, the regional water board shall consider, among other factors, site characteristics, including permeability and transmissivity of the underlying soils and depth to groundwater. For the purpose of this section, "groundwater" means the uppermost aquifer usable for beneficial purposes.

(c) Nothing in this section precludes any local jurisdiction from exercising any power which it has pursuant to any other provision of law.

(d) The following definitions govern the construction of this section:

(1) "Landfill used for the disposal of nonhazardous solid waste" means a disposal site regulated by a regional water board as a class III landfill pursuant to Sections 2533 and 2541 of Title 23 of the California Code of Regulations.

(2) "Lateral expansion" means a new or expanded waste management unit which is not authorized on January 1, 1989, under existing waste discharge requirements issued pursuant to Division 7 (commencing with Section 13000) of the Water Code and an existing solid waste facility permit issued pursuant to this title. For purposes of subdivision (f), "lateral expansion" does not include a new or expanded waste management unit for which waste discharge requirements were issued by a regional water board before January 1, 1989, but were subject to review after that date pursuant to Section 13320 of the Water Code.

(e) The regional water board may hold a single hearing for purposes of granting a variance pursuant to subdivision (b) and establishing waste discharge requirements.

(f) Notwithstanding subdivision (b), a regional water board shall not grant a variance from subdivision (a) if the variance is for a new landfill, or a lateral expansion of an existing landfill, located within the boundaries of the Main San Gabriel Groundwater Basin. For purposes of this subdivision, the boundaries of the Main San Gabriel Groundwater Basin are the boundaries described in Exhibit A of the judgment in Upper San Gabriel Valley Municipal Water District v. City of Alhambra, et al., Case Number 924128 of the Superior Court for the County of Los Angeles.

SEC. 4. Section 3 of this act shall become operative only if Assembly Bill 939 of the 1989–90 Regular Session is enacted and becomes operative on or before January 1, 1990, and is enacted after this act.

CHAPTER 737

An act to add Sections 61601.165 and 61601.166 to the Government Code, relating to community services districts.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that there are subdivisions other than common interest developments that have been created with covenants, conditions, and restrictions which do not provide a means for property owners to extend the term of the declaration. The Legislature further finds that covenants, conditions, and restrictions contained in the declarations are an appropriate method for equally protecting all owners of real property within the subdivision as to the type, kind, and placement of improvements on the parcels which are subject to those declarations.

SEC. 2. Section 61601.165 is added to the Government Code, to read:

61601.165. (a) As used in this section "local legislative body" means the Board of Directors of the Brooktrails Community Services District.

(b) A declaration of covenants, conditions, and restrictions which specifies a termination date, but contains no provision to extend the termination date may be extended under the following circumstances:

(1) The subdivision is not a common interest development as defined in subdivision (c) of Section 1351 of the Civil Code.

(2) The existing covenants, conditions, and restrictions will not terminate prior to the confirmation of their extension by a local legislative body.

(3) Property owners, representing the lesser of either 10 percent of the lots or parcels in the affected subdivision or 50 individual lot or parcel owners, petition their local legislative body in writing to adopt a resolution of intention to commence proceedings to extend the covenants, conditions, and restrictions. The petition shall include the names and addresses of the three chief petitioners and the nature of the request.

(4) The extension of the termination date will not be for a period of time in excess of four years.

(c) When a petition with the required number of signatures has been presented, the local legislative body shall adopt a resolution of intention. The resolution may do all of the following:

(1) Briefly describe the subdivision as it is commonly known.

(2) Recite the period of time for which the covenants, conditions, and restrictions are to be extended.

(3) Appoint a time and place for hearing protests, which shall take place not less than 15 days, nor longer than 65 days, after adoption of the resolution of intention.

(d) The local legislative body shall cause to be mailed to each property owner within the subject subdivision all of the following:

(1) A copy of the resolution of intention.

(2) A copy of the existing covenants, conditions, and restrictions for which an extension is requested.

(3) A statement to the recipient indicating the procedure to file a protest and that in the absence of a protest the extension may be deemed approved.

(e) At a time not later than the hour set for hearing protests, any owner of any lot or parcel subject to the covenants, conditions, and restrictions, may make a written or oral protest against the proposed extension of the termination date.

(f) The local legislative body shall hear and consider all protests at the time appointed therefor, or at any time to which it may adjourn the hearing upon giving at least 15 days' notice of the rescheduled hearing to affected parties, and, in the absence of a 25 percent protest, may confirm the extension of the termination date. Upon adoption of the resolution, the local legislative body shall record the document and notify all affected property owners of the extension. The extension of the covenants, conditions, and restrictions shall be effective upon recording of the resolution and shall be deemed to relate back to the recording of the original covenants, conditions, and restrictions.

(g) If there is a protest by 25 percent or more of the owners of lots or parcels of the subject subdivision, the local legislative body shall deny the extension of the termination date of the covenants, conditions, and restrictions.

(h) The local legislative body may impose fees necessary to implement this section. Any fees shall not exceed the cost of processing the petition, noticing and conducting the hearing, and the cost of recording any resolution and to notify affected property owners of the extension of the term of the covenants, conditions, and restrictions.

SEC. 3. Section 61601.166 is added to the Government Code, to read:

61601.166. (a) The Legislature finds and declares that it is in the public interest to permit the extension of the term of covenants, conditions, and restrictions contained in a declaration of covenants, conditions, and restrictions applicable to a tract within the boundaries of the Brooktrails Community Services District if owners of more than 50 percent of the lots or parcels in the tract choose to do so.

(b) A declaration which specifies a termination date, but which contains no provision for extension of the termination date, may be

extended by the approval of owners of more than 50 percent of the lots or parcels in the tract or any greater percentage specified in the declaration for an amendment thereto.

(c) Any amendment to a declaration made in accordance with subdivision (b) shall become effective upon recordation and shall relate back to the recording of the original declaration.

(d) No single extension of the terms of the declaration made pursuant to this section shall exceed the initial term of the declaration or 20 years, whichever is less. However, more than one extension may occur pursuant to this section.

SEC. 4. The Legislature finds and declares that the Brooktrails Community Services District has a special need to exercise the powers set forth in this act. The Legislature further finds and declares that this need is not common to all districts formed under the Community Services District Law. It is, therefore, hereby declared that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution, and that the enactment of this act as a special law is necessary for the solution of problems existing in the Brooktrails Community Services District.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) Except as otherwise provided in subdivision (c), in the case

of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the owner shall also notify the department of the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of sale or transfer. However, if the vehicle owner has knowledge that the mileage displayed on the odometer is incorrect, the owner shall indicate on the appropriate form the true mileage, if known, of the vehicle at the time of sale or transfer.

Providing false or inaccurate mileage is not a violation of this subdivision unless it is done with the intent to defraud.

(c) If the registered owner is not in possession of the vehicle that is sold or transferred, the person in physical possession of that vehicle shall give the notice required by subdivisions (a) and (b).

SEC. 2. The Legislature finds that there exists a deficiency in public knowledge about liabilities when motor vehicles are sold and about how to relinquish these liabilities. The Department of Motor Vehicles, to educate the public, should include information about liability in the text of the driver's handbook and in questions on driving tests.

CHAPTER 739

In the event that the Governor finds an insufficient number of acceptable nominees in a given category, he or she shall return the nomination lists to the respective nominating bodies within 10 days of receipt. The bodies shall then have 10 days to submit new lists of nominees. If nominations are not received within 10 days, members shall be appointed at the discretion of the Governor.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that California complies with the requirements of the federal Economic Dislocation and Worker Adjustment Assistance Act (P.L. 100-418) as soon as possible by making required changes in the membership of the State Job Training Coordinating Council, and to ensure that California continues to receive funds authorized by the federal Job Training Partnership Act, it is necessary that this act take effect immediately.

(b) The department may contract with railroad corporations for the use of tracks and other facilities and the provision of passenger services on terms and conditions as the parties may agree.

(c) The department is the only public agency eligible to receive funds pursuant to Section 1614 of Title 49 of the United States Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 741

An act to amend Section 14670.35 of the Government Code, and to amend Section 7501.5 of the Welfare and Institutions Code, relating to state hospitals.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14670.35 of the Government Code is amended to read:

14670.35. Notwithstanding Section 14670, the Director of General Services, with the consent of the State Department of Developmental Services, may let in the best interests of the state and at a price which will permit the development of affordable housing for persons eligible under this section, to any person, including but not limited to any corporation or partnership, real property not exceeding 60 acres located within the grounds of Fairview State Hospital, for the purpose of developing affordable housing, which may include manufactured housing, for the employees of Fairview State Hospital, and for a period not to exceed 55 years. The lease authorized by this section shall be nonassignable, except it may be assignable, subject to approval by the Department of General Services and the State Department of Developmental Services, to a partnership in which the lessee has an interest of not less than 50 percent or to an individual, corporation or partnership which has a net worth of at least three million dollars ($3,000,000) and has experience substantially equal to that of the lessee in building, marketing, managing and leasing residences of the type to be built under the lease, and shall be subject to review every five years by the Director of General Services, to assure the state that the original purposes of the lease are being carried out.

In the event of default by the lessee under the terms of the lease, the state shall take all necessary steps to cure the default but in no event shall state general funds, except funds collected pursuant to Section 15863, be expended to operate the property.

The housing developed pursuant to this section shall be available for the employees of Fairview State Hospital and to provide transitional housing for patient-clients of Fairview State Hospital returning to the community; provided that the housing available for transitional housing for patient-clients shall not be in excess of 10 percent of the units developed. In the event that vacancies occur in the units which cannot be filled by either employees of Fairview State Hospital or transitional patient-clients, then the units may be made available to persons who are in need of affordable housing and whose incomes do not exceed 80 percent of the median income for Orange County as that income may be defined from time to time by

the United States Department of Housing and Urban Development. Should any vacancies exist in excess of 60 days after lessee has conducted a marketing program in cooperation with the Orange County Housing Authority and approved by the State Department of Developmental Services, and during the 60 days the vacancies were made available to employees, transitional patient-clients and persons whose incomes do not exceed 80 percent of the median income for Orange County, then, upon approval by the State Department of Developmental Services, the vacant units may be made available to any persons employed in the City of Costa Mesa.

The Legislature finds and declares that the provision of decent and affordable housing for state employees and transitional patients, i.e. clients of state mental hospitals, is a public purpose of great statewide importance.

SEC. 2. Section 7501.5 of the Welfare and Institutions Code is amended to read:

7501.5. (a) The Department of General Services, in cooperation with the State Department of Developmental Services and the State Department of Mental Health, may lease property within the boundaries of Camarillo State Hospital described in subdivision (c) to Ventura County which may sublet the property to one or more responsible organizations selected by Ventura County for the purposes of constructing housing or operating residential care services, or both, designed to meet the identified treatment and rehabilitation needs of mentally disordered persons from Ventura County. The lease between the state and Ventura County shall contain a provision which requires that the lease shall terminate and that full title, possession, and control of the property shall return to the state if permits have not been issued for construction of the housing prior to January 1, 1993. The sublease between Ventura County and the responsible bidder shall contain a provision which requires that permits for construction of the housing be issued prior to January 1, 1993, and shall contain a provision which requires that the sublease shall terminate and full title, possession, and control of the property shall return to the state if permits have not been issued for construction of the housing prior to January 1, 1993.

(b) In selecting a service provider pursuant to subdivision (a), Ventura County shall only consider a sublease with organizations which comply with subdivision (b) of Section 5705.2 and Section 523 of Title 9 of the California Code of Regulations.

(c) (1) The property consists of a 15 plus acre portion of a 58.5 acre parcel at Camarillo State Hospital which has previously been declared surplus by the State Department of Developmental Services. The acreage is on Lewis Road at the entrance to Camarillo State Hospital. Specific metes and bounds shall be established for the 15 plus acre parcel prior to the actual lease of the property.

(2) The Department of General Services may enter into a lease at less than fair market value. The department is authorized to lease the parcel for not less than 40, and not more than 99, years.

(d) If there is available space, mentally disordered persons from Los Angeles, San Luis Obispo, and Santa Barbara Counties may be eligible for placement at this center if an agreement to that effect is entered into between those counties and Ventura County. The agreement shall specify that Los Angeles, San Luis Obispo, and Santa Barbara Counties shall retain responsibility for monitoring and maintenance of mentally disordered persons placed through those agreements and for payment of costs incurred or services rendered by Ventura County.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 742

An act to amend Sections 12510 and 12515 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

(3) Uses any condemned weight or measure or weighing or measuring instrument contrary to law.

(4) Uses in the buying or selling of any commodity, or for determining the charge for a service, any weight or measure or weighing or measuring instrument which is not kept at a fixed

location, which does not bear a current or previous year's seal, and which, upon test by the sealer, is found to be incorrect, unless a written request for an inspection of the weighing or measuring instrument has been made to the county sealer, except that the use of any weight or measure or weighing or measuring instrument used by a public utility in connection with measuring gas, electricity, water, steam, or communication service subject to the jurisdiction of the Public Utilities Commission is exempt from this chapter.

(5) Sells or uses any device or instrument to be used or calculated to falsify any weight or measure.

(6) So locates or positions a weighing or measuring device used in retail trade, except as used exclusively in preparation of packages put up in advance of sale, that its indications cannot be accurately read by the purchaser under ordinary circumstances.

(b) This section does not require notification to the sealer for an adjustment to a weighing or measuring instrument only for the purpose of maintaining it in a zero or balance condition.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Coverage for these mental disorders shall be subject to the same terms and conditions applied to other mental disorder coverage; however, an insurer may reserve the right to confirm diagnoses and to review the appropriateness of specific treatment plans as necessary to ensure the intent of this section.

Nothing in this section shall be construed to affect the scope of licensure of any health care professional.

CHAPTER 744

An act to add Section 103.65 to the Streets and Highways Code, relating to transportation.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989.]

should have a reasonable opportunity to acquire properties needed for transportation projects.

(b) Whenever the department determines that a specific parcel of private property will or may be required for the right-of-way of a state highway transportation corridor within seven years, or is located within a corridor which is the subject of a special study, the department shall so notify the planning department of the city or county in which the parcel is located. When reviewing proposals for the development of a parcel so identified, the city or county shall review with the department the status of the proposed transportation project involving that parcel.

(c) As used in this section, "special study" means a highway study approved by the commission or the department on or before July 1, 1989, or a study approved after that date conducted pursuant to Section 14530.5 of the Government Code.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 14105.42 of the Welfare and Institutions Code is amended to read:

14105.42. The provisions of Sections 14105.4 to 14105.41, inclusive, and Section 14105.65 shall not preclude the department from taking emergency regulatory action as it deems appropriate.

CHAPTER 748

An act to amend Section 15306 of the Probate Code, and to amend Section 7289 of, and to add Section 7289.1 to, the Welfare and Institutions Code, relating to trusts.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) It is the policy of the state to qualify state hospital and developmental center clients for federally assisted public benefits whenever possible.

(2) Outdated and inappropriate provisions of law have resulted in certain state hospital and developmental center clients being denied Supplemental Security Income and Medi-Cal benefits.

(3) These provisions of law also impede the state's ability to recover payment for care and treatment provided to state hospital and developmental center clients, and may deny these clients access to funds that could be used to provide for their personal needs.

(b) It is the intent of the Legislature, through enactment of this act, to remove barriers which prevent state hospital and developmental center clients from qualifying for federally assisted public benefits and assist the state to recover amounts owing for the services provided in these facilities.

SEC. 2. Section 15306 of the Probate Code is amended to read:

15306. (a) Notwithstanding any provision in the trust instrument, if a statute of this state makes the beneficiary liable for reimbursement of this state or a local public entity in this state for public support furnished to the beneficiary or to the beneficiary's spouse or minor child, upon petition to the court under Section 709.010 of the Code of Civil Procedure by the appropriate state or local public entity or public official, to the extent the court determines it is equitable and reasonable under the circumstances of the particular case, the court may do the following:

(1) If the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, order the trustee to satisfy all or part of the liability out of all or part of the payments as they become due, presently or in the future.

(2) Whether or not the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, order the trustee to satisfy all or part of the liability out of all or part of the future payments that the trustee, pursuant to the exercise of the trustee's discretion, determines to make to or for the benefit of the beneficiary.

(3) If the beneficiary is a settlor or the spouse or minor child of the settlor and the beneficiary does not have the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, to the extent that the trustee has the right to make payments of income or principal or both to or for the beneficiary pursuant to the exercise of the trustee's discretion, order the trustee to satisfy all or part of the liability without regard to whether the trustee has then exercised or may thereafter exercise the discretion in favor of the beneficiary.

(b) Subdivision (a) does not apply to any trust that is established for the benefit of an individual who has a disability that substantially impairs the individual's ability to provide for his or her own care or custody and constitutes a substantial handicap. If, however, the trust results in the individual being ineligible for needed public social services under Division 9 (commencing with Section 1000) of the Welfare and Institutions Code, this subdivision is not applicable and the provisions of subdivision (a) are to be applied.

SEC. 3. Section 7289 of the Welfare and Institutions Code is amended to read:

7289. When a person who is a client of a state hospital or developmental center in the State Department of Mental Health or the State Department of Developmental Services has no guardian or conservator of the estate and has money due or owing to him or her, the executive director of the institution of which the person is a client may, during the client's residence at the institution, collect an amount not to exceed three thousand dollars ($3,000) of any money so due or owing upon furnishing to the person, representative, officer, body or corporation in possession of or owing any sums, an affidavit executed by the executive director or acting executive director. The affidavit shall contain the name of the institution of which the person is a client, and the statement that the total amount requested pursuant to the affidavit does not exceed the sum of three thousand dollars ($3,000). Payments from retirement systems and annuity plans which are due or owing to the clients may also be collected by the executive director of the institution of which the person is a client, upon the furnishing of an affidavit executed by the executive director or acting executive director, containing the name of the institution of which the person is a client and the statement that the person is entitled to receive the payments. These sums shall be delivered to the executive director and shall be deposited by him or her in the clients' personal deposit fund as provided in Section 7281.

The receipt of the executive director shall constitute sufficient acquittance for any payment of money made pursuant to this section and shall fully discharge the person, representative, officer, body or corporation from any further liability with reference to the amount of money so paid.

The executive director of each institution shall render reports and accounts annually or more often as may be required by the department having jurisdiction over the hospital or the Department of Finance of all moneys of clients deposited in the clients' personal deposit accounts of the institution.

SEC. 4. Section 7289.1 is added to the Welfare and Institutions Code, to read:

7289.1. (a) The amount of three thousand dollars ($3,000) as set forth in Section 7289, shall be adjusted annually, on January 1 by the State Department of Developmental Services as it applies to state hospitals or developmental centers under its jurisdiction, and by the

State Department of Mental Health as it applies to state hospitals under its jurisdiction, to reflect any increases or decreases in the cost of living occurring after December 31, 1967, so that the first adjustment becomes effective January 1, 1990. The indices of the California Consumer Price Index—All Urban as prepared by the Department of Industrial Relations, shall be used as the basis for determining the changes in the cost of living.

(b) In implementing the cost-of-living provisions of this section, the State Department of Developmental Services and the State Department of Mental Health shall use the most recent December for computation of the percentage change in the cost of living after December 31, 1967. The amount of this adjustment shall be made by comparing the average index for the most recent December with the average index for December 1967. The product of any percentage increase or decrease in the average index and the amount set forth in Section 7289 shall be the adjusted amount subject to affidavit pursuant to the provisions of Section 7289.

CHAPTER 749

Thereafter, all proceedings shall be had by the court in the same manner as infraction violations of this code.

(b) If the processing agency has filed the notice of delinquent parking violation with the department for collection pursuant to Section 40220, the processing agency shall recall the notice by notifying the department that the notice of delinquent parking violation has been either canceled pursuant to this section or filed with the court and informing the department of the court file or docket number of the matter.

Many of these attacks have occurred in public places.

(b) The number and severity of these attacks are attributable to the failure of owners to register, confine, and properly control vicious and potentially dangerous dogs.

(c) The necessity for the regulation and control of vicious and potentially dangerous dogs is a statewide problem, requiring statewide regulation, and existing laws are inadequate to deal with the threat to public health and safety posed by vicious and potentially dangerous dogs.

31602. "Potentially dangerous dog" means any of the following:

(a) Any dog which, when unprovoked, on two separate occasions within the prior 36-month period, engages in any behavior that requires a defensive action by any person to prevent bodily injury when the person and the dog are off the property of the owner or keeper of the dog.

(b) Any dog which, when unprovoked, bites a person causing a less severe injury than as defined in Section 31604.

(c) Any dog which, when unprovoked, on two separate occasions within the prior 36-month period, has killed, seriously bitten, inflicted injury, or otherwise caused injury attacking a domestic animal off the property of the owner or keeper of the dog.

31603. "Vicious dog" means any of the following:

(a) Any dog seized under Section 599aa of the Penal Code and upon the sustaining of a conviction of the owner or keeper under subdivision (a) of Section 597.5 of the Penal Code.

(b) Any dog which, when unprovoked, in an aggressive manner, inflicts severe injury on or kills a human being.

(c) Any dog previously determined to be and currently listed as a potentially dangerous dog which, after its owner or keeper has been notified of this determination, continues the behavior described in Section 31602 or is maintained in violation of Section 31641, 31642, or 31643.

31604. "Severe injury" means any physical injury to a human being that results in muscle tears or disfiguring lacerations or requires multiple sutures or corrective or cosmetic surgery.

31605. "Enclosure" means a fence or structure suitable to prevent the entry of young children, and which is suitable to confine a vicious dog in conjunction with other measures which may be taken by the owner or keeper of the dog. The enclosure shall be designed in order to prevent the animal from escaping. The animal shall be housed pursuant to Section 597t of the Penal Code.

31606. "Animal control department" means the county or city animal control department. If the city or county does not have an animal control department, it means whatever entity performs animal control functions.

31607. "Impounded" means taken into the custody of the public pound or animal control department or provider of animal control services to the city or county where the potentially dangerous or vicious dog is found.

31608. "County" includes any city and county.

31609. (a) This chapter does not apply to licensed kennels, humane society shelters, animal control facilities, or veterinarians.

(b) This chapter does not apply to dogs while utilized by any police department or any law enforcement officer in the performance of police work.

Article 2. Judicial Process

31621. If an animal control officer or a law enforcement officer has investigated and determined that there exists probable cause to believe that a dog is potentially dangerous or vicious, the chief officer of the public pound or animal control department or his or her immediate supervisor or the head of the local law enforcement agency, or his or her designee, shall petition the municipal court within the judicial district wherein the dog is owned or kept for a hearing for the purpose of determining whether or not the dog in question should be declared potentially dangerous or vicious. A city or county may establish an administrative hearing procedure to hear and dispose of petitions filed pursuant to this chapter. Whenever possible, any complaint received from a member of the public which serves as the evidentiary basis for the animal control officer or law enforcement officer to find probable cause shall be sworn to and verified by the complainant and shall be attached to the petition. The chief officer of the public pound or animal control department or head of the local law enforcement agency shall notify the owner or keeper of the dog that a hearing will be held by the municipal court or the hearing entity, as the case may be, at which time he or she may present evidence as to why the dog should not be declared potentially dangerous or vicious. The owner or keeper of the dog shall be served with notice of the hearing and a copy of the petition, either personally or by first-class mail with return receipt requested. The hearing shall be held promptly within no less than five working days nor more than 10 working days after service of notice upon the owner or keeper of the dog. The hearing shall be open to the public. The court may admit into evidence all relevant evidence, including incident reports and the affidavits of witnesses, limit the scope of discovery, and may shorten the time to produce records or witnesses. A jury shall not be available. The court may find, upon a preponderance of the evidence, that the dog is potentially dangerous or vicious and make other orders authorized by this chapter.

31622. (a) After the hearing conducted pursuant to Section 31621, the owner or keeper of the dog shall be notified in writing of the determination and orders issued, either personally or by first-class mail postage prepaid by the court or hearing entity. If a determination is made that the dog is potentially dangerous or vicious, the owner or keeper shall comply with Article 3 (commencing with Section 31641) in accordance with a time schedule established by the chief officer of the public pound or animal control department or the head of the local law enforcement

agency, but in no case more than 30 days after the date of the determination or 35 days if notice of the determination is mailed to the owner or keeper of the dog. If the petitioner or the owner or keeper of the dog contests the determination, he or she may, within five days of the receipt of the notice of determination, appeal the decision of the court or hearing entity of original jurisdiction to a court authorized to hear the appeal. The fee for filing an appeal shall be twenty dollars ($20), payable to the county clerk. If the original hearing held pursuant to Section 31621 was before a hearing entity other than the municipal court of the jurisdiction, appeal shall be to the municipal court. If the original hearing was held in the municipal court, appeal shall be to the superior court within the judicial district wherein the dog is owned or kept. The petitioner or the owner or keeper of the dog shall serve personally or by first-class mail, postage prepaid, notice of the appeal upon the other party.

(b) The court hearing the appeal shall conduct a hearing de novo, without a jury, and make its own determination as to potential danger and viciousness and make other orders authorized by this chapter, based upon the evidence presented. The hearing shall be conducted in the same manner and within the time periods set forth in Section 31621 and subdivision (a). The court may admit all relevant evidence, including incident reports and the affidavits of witnesses, limit the scope of discovery, and may shorten the time to produce records or witnesses. The issue shall be decided upon the preponderance of the evidence. If the court rules the dog to be potentially dangerous or vicious, the court may establish a time schedule to ensure compliance with this chapter, but in no case more than 30 days subsequent to the date of the court's determination or 35 days if the service of the judgment is by first-class mail.

31623 The court or hearing entity of original jurisdiction or the court hearing the appeal may decide all issues for or against the owner or keeper of the dog even if the owner or keeper fails to appear at the hearing.

31624. The determination of the court hearing the appeal shall be final and conclusive upon all parties.

31625. (a) If upon investigation it is determined by the animal control officer or law enforcement officer that probable cause exists to believe the dog in question poses an immediate threat to public safety, then the animal control officer or law enforcement officer may seize and impound the dog pending the hearings to be held pursuant to this article. The owner or keeper of the dog shall be liable to the city or county where the dog is impounded for the costs and expenses of keeping the dog, if the dog is later adjudicated potentially dangerous or vicious.

(b) When a dog has been impounded pursuant to subdivision (a) and it is not contrary to public safety, the chief animal control officer shall permit the animal to be confined at the owner's expense in a department approved kennel or veterinary facility.

31626. (a) No dog may be declared potentially dangerous or

vicious if any injury or damage is sustained by a person who, at the time the injury or damage was sustained, was committing a willful trespass or other tort upon premises occupied by the owner or keeper of the dog, or was teasing, tormenting, abusing, or assaulting the dog, or was committing or attempting to commit a crime. No dog may be declared potentially dangerous or vicious if the dog was protecting or defending a person within the immediate vicinity of the dog from an unjustified attack or assault. No dog may be declared potentially dangerous or vicious if an injury or damage was sustained by a domestic animal which at the time the injury or damage was sustained was teasing, tormenting, abusing, or assaulting the dog.

(b) No dog may be declared potentially dangerous or vicious if the injury or damage to a domestic animal was sustained while the dog was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog.

Article 3. Disposition of Potentially Dangerous or Vicious Dogs

31641. All potentially dangerous dogs shall be properly licensed and vaccinated. The licensing authority shall include the potentially dangerous designation in the registration records of the dog, either after the owner or keeper of the dog has agreed to the designation or the court or hearing entity has determined the designation applies to the dog. The city or county may charge a potentially dangerous dog fee in addition to the regular licensing fee to provide for the increased costs of maintaining the records of the dog.

31642. A potentially dangerous dog, while on the owner's property, shall, at all times, be kept indoors, or in a securely fenced yard from which the dog cannot escape, and into which children cannot trespass. A potentially dangerous animal may be off the owner's premises only if it is restrained by a substantial leash, of appropriate length, and if it is under the control of a responsible adult.

31643. If the dog in question dies, or is sold, transferred, or permanently removed from the city or county where the owner or keeper resides, the owner of a potentially dangerous dog shall notify the animal control department of the changed condition and new location of the dog in writing within two working days.

31644. If there are no additional instances of the behavior described in Section 31602 within a 36-month period from the date of designation as a potentially dangerous dog, the dog shall be removed from the list of potentially dangerous dogs. The dog may, but is not required to be, removed from the list of potentially dangerous dogs prior to the expiration of the 36-month period if the owner or keeper of the dog demonstrates to the animal control department that changes in circumstances or measures taken by the owner or keeper, such as training of the dog, have mitigated the risk

to the public safety.

31645. (a) A dog determined to be a vicious dog may be destroyed by the animal control department when it is found, after proceedings conducted under Article 2 (commencing with Section 31621), that the release of the dog would create a significant threat to the public health, safety, and welfare.

(b) If it is determined that a dog found to be vicious shall not be destroyed, the judicial authority shall impose conditions upon the ownership of the dog that protect the public health, safety, and welfare.

(c) Any enclosure that is required pursuant to subdivision (b) shall meet the requirements of Section 31605.

31646. The owner of a dog determined to be a vicious dog may be prohibited by the city or county from owning, possessing, controlling, or having custody of any dog for a period of up to three years, when it is found, after proceedings conducted under Article 2 (commencing with Section 31621), that ownership or possession of a dog by that person would create a significant threat to the public health, safety, and welfare.

Article 4. Penalties

31662. Any violation of this chapter involving a potentially dangerous dog shall be punished by a fine not to exceed five hundred dollars ($500). Any violation of this chapter involving a vicious dog shall be punished by a fine not to exceed one thousand dollars ($1,000).

31663. All fines paid pursuant to this article shall be paid to the city or county in which the violation occurred for the purpose of defraying the cost of the implementation of this chapter.

Article 5. Miscellaneous

31681. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

31682. The Judicial Council shall prepare all forms necessary to give effect to this chapter, including a summons or citation to be used by law enforcement agencies in the enforcement of this chapter. This chapter does not affect or change the existing civil liability or criminal laws regarding dogs.

31683. Nothing in this chapter shall be construed to prevent a city or county from adopting or enforcing its own program for the control of potentially dangerous or vicious dogs that may incorporate all, part, or none of this chapter, or that may punish a violation of this chapter as a misdemeanor or may impose a more restrictive program to control potentially dangerous or vicious dogs, provided that no

program shall regulate these dogs in a manner that is specific as to breed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 762

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

It is the further intent of the Legislature to promote and facilitate sales of American made motor vehicles to foreign tourists in California to better compete with manufacturers from foreign countries who, for many years, have encouraged and created incentives for American tourists to buy motor vehicles abroad.

SEC. 2. Section 6366.2 is added to the Revenue and Taxation Code, to read:

6366.2. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of any new motor vehicle sold to a purchaser who is a resident of a foreign country and who arranges for the purchase through an authorized vehicle dealer in the foreign country prior to arriving in the United States, if the following conditions are met:

(1) The purchaser is issued an in-transit permit pursuant to Section 6700.1 of the Vehicle Code.

(2) Prior to the expiration of the in-transit permit issued to the purchaser, the retailer ships or drives the motor vehicle to a point outside the United States by means of facilities operated by the retailer, or by delivery to a carrier, customs broker or forwarding agent for shipment to that point.

(b) For purposes of this section, "carrier" means a person or firm engaged in the business of transporting for compensation tangible personal property owned by other persons, and includes both common and contract carriers. "Forwarding agent" means a person or firm engaged in the business of preparing property for shipment or arranging for its shipment.

The permit authorizes the operation of the vehicle for which it is purchased for up to 30 consecutive days after the first date of operation, and is in lieu of any other registration requirements, including, but not limited to, fees or taxes required by this code or the Revenue and Taxation Code. The seller shall ship or drive the vehicle out of this country before or at the end of 30 consecutive days from the first date of operation, or thereafter shall be subject to, and shall be required to pay, all charges and registration requirements for vehicles subject to registration in this state. In addition, if the vehicle is not so removed from this country, the department shall assess, and the seller shall be required to pay, a penalty of 20 percent of the vehicle registration and license fees and sales tax due upon the vehicle becoming subject to registration.

(b) Subdivision (a) does not apply to commercial vehicles.

(c) Proof of residency in a foreign country for purposes of this section shall be established through the presentation of a valid visa, passport, or other suitable documentation, as determined by the department.

(d) A fee of sixty dollars ($60) shall be paid to the department for each in-transit permit issued.

(e) A permit issued under this section shall be displayed in the manner permitted by paragraph (3) of subdivision (b) of Section 26708.

(f) The permit issued by the department shall clearly and prominently indicate the date of expiration of the authorized in-transit driving privilege.

(g) No California certificate of ownership shall be issued.

(h) A manufacturer's certificate of origin shall prominently indicate that the certificate is valid for transfer of ownership to the purchaser only outside of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(i) Notwithstanding Part 1 (commencing with Section 6001) of

Division 2 of the Revenue and Taxation Code, the manufacturer of a new motor vehicle sold to a foreign purchaser under the conditions specified in Section 6366.2 of the Revenue and Taxation Code shall reimburse the retailer for an amount equal to the sales tax and all registration charges and fees, and a penalty of 20 percent of those taxes, charges, and fees if the conditions of the in-transit permit are not met, as specified in this section.

SEC. 4. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act to reimburse, and the state shall not reimburse, any local agency for any sales and use tax revenues lost by it under this act.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act provides for a tax levy within the meaning of Article IV of the California Constitution and shall go into immediate effect. However, notwithstanding Section 17580 of the Government Code, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 763

An act to amend Section 92.3 of the Streets and Highways Code, relating to highways.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 92.3 of the Streets and Highways Code is amended to read:

92.3. (a) The department shall do both of the following:

(1) Discontinue further water intensive freeway landscaping and use drought resistant landscaping whenever feasible, taking into consideration such factors as erosion control and fire retardant needs, in counties where over 80 percent of the county water supply is imported.

(2) Eliminate any dependency on imported water for landscaping as soon as practicable.

(b) The department shall require the use of reclaimed water for the irrigation of freeway landscaping when it finds and determines that all of the following conditions exist:

(1) The reclaimed water is of adequate quality and is available in

adequate quantity for the proposed use.

(2) The proposed use of the reclaimed water is approved by the California regional water quality control board having jurisdiction.

(3) There is a direct benefit to the state highway program for the proposed use of reclaimed water.

(4) The reclaimed water is supplied by a local public agency or water public utility able to contract for delivery of water and the installation, maintenance, and repair of facilities to deliver the water.

(5) The installation of the water delivery facilities does not unreasonably increase any hazard to vehicles on the freeway or create unreasonable problems of highway maintenance and repair.

(c) The department shall report to the Legislature on or before January 1, 1988, and every three years thereafter, on the progress of the department in complying with this section. For each landscaping project subject to this section which is listed in the most recently adopted state transportation improvement program, the department shall identify the closest potable water supply and the closest reclaimed water supply, together with a statement explaining which water source was selected for irrigation purposes, and the reasons why that source was selected.

(d) In cooperation with a local public agency selected by the department, the department shall conduct a demonstration project to test and evaluate the use of reclaimed water for freeway landscape irrigation and the transmission of reclaimed water to others, when to do so will promote a beneficial use of reclaimed water and that transmission does not unreasonably interfere with use of the highway or unreasonably increase any hazard to vehicles on the highway. The demonstration project shall be subject to paragraphs (1) to (5), inclusive, of subdivision (b) and the following additional requirements:

(1) The local public agency holds the department harmless for any liability caused by a disruption of service to other users and will defend the department in any resulting legal action and pay any damages awarded as a result of that disruption.

(2) The department, in cooperation with the local public agency, may temporarily interrupt service in order to add to or modify its facilities without liability, as specified in paragraph (1).

(3) The local public agency obtains and furnishes the department an agreement by all other users of reclaimed water from the transmission system holding the department harmless for any disruption in service.

(4) The local public agency has furnished the department a list of other reclaimed water users and information on any backup system or other source of water available for use in case of a service disruption.

(5) The local public agency is responsible for the initial cost or any relocation cost of the reclaimed water transmission lines in the freeway right-of-way and waives its rights to require the department to pay the relocation costs pursuant to Sections 702 and 704.

(6) The local public agency maintains the water transmission system subject to reasonable access for maintenance purposes to be negotiated between the department and the local public agency.

(7) The department has first priority with respect to the reclaimed water supply contracted for.

(8) The local public agency installs an automatic control system which will allow the water transmission system to be shut down in case of an emergency. The department shall have access to all parts of the transmission system for purposes of the agreement.

(9) All transmission lines are placed underground and as close as possible to the freeway right-of-way boundary or at other locations authorized by the department.

(10) The plans and specifications for the reclaimed water transmission facilities have been approved by the department prior to construction.

CHAPTER 764

An act to amend Sections 84305 and 84308 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 84305 of the Government Code is amended to read:

84305. (a) Except as provided in subdivision (b), no candidate or committee shall send a mass mailing unless the name, street address, and city of the candidate or committee are shown on the outside of each piece of mail in the mass mailing and on at least one of the inserts included within each piece of mail of the mailing in no less than 6-point type which shall be in a color or print which contrasts with the background so as to be easily legible. A post office box may be stated in lieu of a street address if the organization's address is a matter of public record with the Secretary of State.

(b) If the sender of the mass mailing is a single candidate or committee, the name, street address, and city of the candidate or committee need only be shown on the outside of each piece of mail.

(c) If the sender of a mass mailing is a controlled committee, the name of the person controlling the committee shall be included in addition to the information required by subdivision (a).

SEC. 2. Section 84308 of the Government Code is amended to read:

84308. (a) The definitions set forth in this subdivision shall govern the interpretation of this section.

(1) "Party" means any person who files an application for, or is the

subject of, a proceeding involving a license, permit, or other entitlement for use.

(2) "Participant" means any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision, as described in Article 1 (commencing with Section 87100) of Chapter 7. A person actively supports or opposes a particular decision in a proceeding if he or she lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.

(3) "Agency" means an agency as defined in Section 82003 except that it does not include the courts or any agency in the judicial branch of government, local governmental agencies whose members are directly elected by the voters, the Legislature, the Board of Equalization, or constitutional officers. However, this section applies to any person who is a member of an exempted agency but is acting as a voting member of another agency.

(4) "Officer" means any elected or appointed officer of an agency, any alternate to an elected or appointed officer of an agency, and any candidate for elective office in an agency.

(5) "License, permit, or other entitlement for use" means all business, professional, trade and land use licenses and permits and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor, or personal employment contracts), and all franchises.

(6) "Contribution" includes contributions to candidates and committees in federal, state, or local elections.

(b) No officer of an agency shall accept, solicit, or direct a contribution of more than two hundred fifty dollars ($250) from any party, or his or her agent, or from any participant, or his or her agent, while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for three months following the date a final decision is rendered in the proceeding if the officer knows or has reason to know that the participant has a financial interest, as that term is used in Article 1 (commencing with Section 87100) of Chapter 7. This prohibition shall apply regardless of whether the officer accepts, solicits, or directs the contribution for himself or herself, or on behalf of any other officer, or on behalf of any candidate for office or on behalf of any committee.

(c) Prior to rendering any decision in a proceeding involving a license, permit or other entitlement for use pending before an agency, each officer of the agency who received a contribution within the preceding 12 months in an amount of more than two hundred fifty dollars ($250) from a party or from any participant shall disclose that fact on the record of the proceeding. No officer of an agency shall make, participate in making, or in any way attempt to use his or her official position to influence the decision in a proceeding involving a license, permit, or other entitlement for use

pending before the agency if the officer has willfully or knowingly received a contribution in an amount of more than two hundred fifty dollars ($250) within the preceding 12 months from a party or his or her agent, or from any participant, or his or her agent if the officer knows or has reason to know that the participant has a financial interest in the decision, as that term is described with respect to public officials in Article 1 (commencing with Section 87100) of Chapter 7.

If an officer receives a contribution which would otherwise require disqualification under this section, returns the contribution within 30 days from the time he or she knows, or should have known, about the contribution and the proceeding involving a license, permit, or other entitlement for use, he or she shall be permitted to participate in the proceeding.

(d) A party to a proceeding before an agency involving a license, permit, or other entitlement for use shall disclose on the record of the proceeding any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party, or his or her agent, to any officer of the agency. No party, or his or her agent, to a proceeding involving a license, permit, or other entitlement for use pending before any agency and no participant, or his or her agent, in the proceeding shall make a contribution of more than two hundred fifty dollars ($250) to any officer of that agency during the proceeding and for three months following the date a final decision is rendered by the agency in the proceeding. When a closed corporation is a party to, or a participant in, a proceeding involving a license, permit, or other entitlement for use pending before an agency, the majority shareholder is subject to the disclosure and prohibition requirements specified in subdivisions (b), (c), and this subdivision.

(e) Nothing in this section shall be construed to imply that any contribution subject to being reported under this title shall not be so reported.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 765

An act to amend Sections 647f and 1202.6 of the Penal Code, and to repeal and add Section 1768.9 of the Welfare and Institutions Code, relating to AIDS.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 647f of the Penal Code is amended to read:

647f. In any accusatory pleading charging a violation of subdivision (b) of Section 647, if the defendant has been previously convicted one or more times of a violation of that subdivision or of any other offense listed in subdivision (d) of Section 1202.1, and in connection with one or more of those convictions a blood test was administered pursuant to Section 1202.1 or 1202.6 with positive test results, of which the defendant was informed, the previous conviction and positive blood test results, of which the defendant was informed, shall be charged in the accusatory pleading. If the previous conviction and informed test results are found to be true by the trier of fact or are admitted by the defendant, the defendant is guilty of a felony.

SEC. 2. Section 1202.6 of the Penal Code is amended to read:

1202.6. (a) Notwithstanding Sections 199.20, 199.21, and 199.22 of the Health and Safety Code, upon the first conviction of any person for a violation of subdivision (b) of Section 647, the court shall, before sentencing or as a condition of probation, order the defendant to complete instruction in the causes and consequences of acquired immune deficiency syndrome (AIDS) pursuant to subdivision (d) and shall order the defendant to submit to testing for AIDS in accordance with subdivision (e). In addition, the court shall refer a defendant, where appropriate, to a program under Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code or to any drug diversion program, or both.

(b) Upon a second or subsequent conviction of a violation of subdivision (b) of Section 647, the court shall, before sentencing, order the defendant to submit to testing for AIDS in accordance with subdivision (e).

(c) At the sentencing hearing of a defendant ordered to submit to testing for AIDS pursuant to subdivision (a) or (b), the court shall furnish the defendant with a copy of the report submitted pursuant to subdivision (e) and shall direct the clerk to note the receipt of the report by the defendant in the records of the case.

If the results of the test described in the report are positive, the court shall make certain that the defendant understands the nature and meaning of the contents of the report and shall further advise

the defendant of the penalty established in Section 647f for a subsequent violation of subdivision (b) of Section 647.

(d) The county health officer in each county shall select an agency, or agencies, in the county that shall provide AIDS prevention education. The county health officer shall endeavor to select an agency, or agencies, that currently provide AIDS prevention education programs to substance abusers or prostitutes. If no agency is currently providing this education, the county agency responsible for substance abuse shall develop an AIDS prevention education program either within the agency or under contract with a community-based, nonprofit organization in the county. The county health officer shall forward to the courts a list of agencies selected for purposes of referral.

An AIDS prevention education program providing services, at a minimum, shall include details about the transmission of human immunodeficiency virus (HIV), the etiologic agent for AIDS, symptoms of AIDS or AIDS-related conditions, prevention through avoidance or cleaning of needles, sexual practices which constitute high risk, low risk, and no risk (including abstinence), and resources for assistance if the person decides to take a test for the etiologic agent for AIDS and receives a positive test result. The program also shall include other relevant medical and prevention information as it becomes available.

(e) The court shall order testing of every defendant as ordered pursuant to subdivision (a) or (b) for evidence of antibodies to the probable causative agent of acquired immune deficiency syndrome. Notwithstanding Section 199.21 of the Health and Safety Code, written copies of the report on the test shall be furnished to both of the following:

(1) The court in which the defendant is to be sentenced.

(2) The State Department of Health Services.

(f) Except as provided in subdivisions (c) and (g), the reports required by subdivision (e) shall be confidential.

(g) The State Department of Health Services shall maintain the confidentiality of the reports received pursuant to subdivision (e), except that the department shall furnish copies of any such report to a district attorney upon request.

SEC. 3. Section 1768.9 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 1768.9 is added to the Welfare and Institutions Code, to read:

1768.9. (a) Notwithstanding any other provision of law, a person under the jurisdiction or control of the Department of the Youth Authority is obligated to submit to a test for the probable causative agent of AIDS upon a determination of the chief medical officer of the facility that clinical symptoms of AIDS or AIDS-related complex, as recognized by the Centers for Disease Control, is present in the person. In the event that the subject of the test refuses to submit to such a test, the department may seek a court order to require him

or her to submit to the test.

(b) Prior to ordering a test pursuant to subdivision (a), the chief medical officer shall ensure that the subject of the test receives pretest counseling. The counseling shall include:

(1) Testing procedures, effectiveness, reliability, and confidentiality.

(2) The mode of transmission of HIV.

(3) Symptoms of AIDS and AIDS-related complex.

(4) Precautions to avoid exposure and transmission.

The chief medical officer shall also encourage the subject of the test to undergo voluntary testing prior to ordering a test. The chief medical officer shall also ensure that the subject of the test receives posttest counseling.

(c) The following procedures shall apply to testing conducted under this section:

(1) The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, licensed medical technician, or licensed phlebotomist may withdraw blood specimens for the purposes of this section.

(2) The chief medical officer shall order that the blood specimens be transmitted to a licensed medical laboratory which has been approved by the State Departmment of Health Services for the conducting of AIDS testing, and that tests, including all readily available confirmatory tests, be conducted thereon for medically accepted indications of exposure to or infection with HIV.

(3) The subject of the test shall be notified face-to-face as to the results of the test.

(d) All counseling and notification of test results shall be conducted by one of the following:

(1) A physician and surgeon who has received training in the subjects described in subdivision (b).

(2) A registered nurse who has received training in the subjects described in subdivision (b).

(3) A psychologist who has received training in the subjects described in subdivision (b) and who is under the purview of either a registered nurse or physician and surgeon who has received training in the subjects described in subdivision (b).

(4) A licensed social worker who has received training in the subjects described in subdivision (b) and who is under the purview of either a registered nurse or physician and surgeon who has received training in the subjects described in subdivision (b).

(5) A trained volunteer counselor who has received training in the subjects described in subdivision (b) and who is under the supervision of either a registered nurse or physician and surgeon who has received training in the subjects described in subdivision (b).

(e) The Department of the Youth Authority shall provide medical services appropriate for the diagnosis and treatment of those infected with HIV.

(f) The Department of the Youth Authority may operate separate housing facilities for wards and inmates who have tested positive for HIV infection and who continue to engage in activities which transmit HIV. These facilities shall be comparable to those of other wards and inmates with access to recreational and educational facilities, commensurate with the facilities available in the institution.

(g) Notwithstanding any other provision of law, the chief medical officer of a facility of the Department of the Youth Authority may do all of the following:

(1) Disclose results of a test for the probable causative agent of AIDS to the superintendent or administrator of the facility where the test subject is confined.

(2) When test results are positive, inform the test subject's known sexual partners or needle contacts in a Department of the Youth Authority facility of the positive results, provided that the test subject's identity is kept confidential. All wards and inmates who are provided with this information shall be provided with the counseling described in subdivision (b).

(3) Include the test results in the subject's confidential medical record which is to be maintained separate from other case files and records.

(h) Actions taken pursuant to this section shall not be subject to subdivisions (a) to (c), inclusive, of Section 199.21 of the Health and Safety Code. In addition, the requirements of subdivision (a) of Section 199.22 of the Health and Safety Code shall not apply to testing performed pursuant to this section.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 766

An act to add Section 97.36 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.36 is added to the Revenue and Taxation Code, to read:

97.36. (a) An independent qualifying city shall receive a distribution of the following percentages of the TEA formula, as computed in subdivision (c) of Section 97.35, if the amount of that distribution, less the applicable reductions provided for in subdivisions (e), (f), and (g) of Section 97.35, would be greater than the amount the city would have been allocated without the application of the TEA formula:

(1) Thirty-three and one-third percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 97.35, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 97.35, for the first fiscal year in which the independent qualifying city receives an allocation pursuant to this section.

(2) Sixty-six and two-thirds percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 97.35, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 97.35, for the second fiscal year in which the independent qualifying city receives an allocation pursuant to this section.

(3) One hundred percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 97.35, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 97.35, for the third fiscal year in which the independent qualifying city receives an allocation pursuant to this section.

The amount not distributed as a result of this subdivision to the tax rate areas in each independent qualifying city, shall be allocated by the auditor to the county. The auditor may assess each independent qualifying city its proportional share of the actual costs of making the calculations required by this subdivision, and may deduct that assessment from the amount allocated pursuant to this subdivision. For purposes of this subdivision, an independent qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a) of Section 97.35.

(b) "Independent qualifying city" means a qualifying city, as

defined in Section 97.35, in the County of Los Angeles which met the following criteria on January 1, 1988:

(1) Was not served by a special district which received a portion of the 1 percent property tax revenue, and provided any of the following services to the qualified city:

(A) Emergency medical services.

(B) Fire prevention services.

(C) Fire suppression.

(D) Libraries.

(E) Parks.

(F) Recreation services.

(G) Street lighting.

(2) Did not have redevelopment project areas which receive property tax revenues.

(3) The county general fund received greater than 65 percent of the 1 percent property tax revenues collected from tax rate areas within the qualifying city's boundaries.

SEC. 2. The Legislature, in enacting Section 1 of this act, finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the following unique circumstances:

In the County of Los Angeles, certain qualifying cities receive a very small portion of the property tax revenue attributable to the levy of the 1 percent property tax rate within their jurisdictions even though these qualifying cities directly finance their municipal services without being served by special districts or other public entities which receive a portion of the property tax revenue allocated within other qualifying cities for the provision of certain municipal services. Accordingly, the distribution of property tax revenue under the system devised for all qualifying cities in Section 97.35 of the Revenue and Taxation Code, which involves a seven-year phasein for the receipt of that revenue, will not meet the fiscal needs of these particular qualifying cities and a shorter phasein for the receipt of additional property tax revenue by those cities is essential if they are to continue to provide a broad range of vital municipal services.

SEC. 3. Section 1 of this act shall become operative on July 1, 1989, and shall apply to distributions of property tax revenues for the 1989–90 fiscal year and fiscal years thereafter.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the financial relief to cities contemplated by this act may be made available to them for the provision of vital municipal services for the entire 1989–90 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 767

An act to add Article 4 (commencing with Section 10235) to Chapter 2.6 of Part 2 of Division 2 of, and to repeal Sections 10232.1, 10236.5, and 10237 of, the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10232.1 of the Insurance Code is repealed.

SEC. 2. Article 4 (commencing with Section 10235) is added to Chapter 2.6 of Part 2 of Division 2 of the Insurance Code, to read:

Article 4. Implementation

10235. This article applies to all long-term care insurance policies delivered or issued for delivery in this state on or after January 1, 1990.

10235.2. No long-term care insurance policy delivered or issued for delivery in this state shall use the terms set forth below, unless the terms are defined in the policy and the definitions satisfy the following requirements:

(a) "Medicare" shall be defined as "The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as then constituted or later amended," or "Title I, Part I of Public Law 89-97, as enacted by the 89th Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as then constituted and any later amendments or substitutes thereof," or words of similar import.

(b) "Mental or nervous disorder" shall not be defined to include more than neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder.

(c) "Skilled nursing care," "intermediate care," "home health care," and other services shall be defined in relation to the level of skill required, the nature of the care and the setting in which care is required to be delivered.

(d) All providers of services, including, but not limited to, skilled nursing facilities, intermediate care facilities, and home health agencies shall be defined in relation to the services and facilities

required to be available and the licensure or degree status of those providing or supervising the services. The definition may require that the provider be appropriately licensed or certified.

10235.6. (a) The terms "guaranteed renewable" and "noncancelable" shall not be used in any individual long-term care insurance policy without further explanatory language in accordance with the disclosure requirements of Section 10235.14 and subject to the following:

(1) The term "guaranteed renewable" may be used only if the insured has the right to continue the long-term care insurance in force by the timely payment of premiums and if the insurer has no unilateral right to make any change in any provision of the policy or rider while the insurance is in force, and cannot decline to renew. However, the fact that rates may be revised by the insurer, in accordance with the provisions of the policy, as to all insureds who were placed in the same class for purposes of rate determination in the process of issuance of the policy, shall not preclude a policy from being "guaranteed renewable."

(2) The term "noncancelable" may be used only when the insured has the right to continue the long-term care insurance in force by the timely payment of premiums during which period the insurer has no right to unilaterally make any change in any provision of the insurance or in the premium rate.

(b) No long-term care insurance policy issued to an individual shall contain renewal provisions less favorable to the insured than guaranteed renewable for life, or for life or until exhaustion of benefits. However, the commissioner may authorize nonrenewal on a statewide basis, on terms and conditions deemed necessary by the commissioner, to best protect the interests of the insureds, if the insurer demonstrates either of the following:

(1) That renewal will jeopardize the insurer's solvency.

(2) That (A) the actual paid claims and expenses have substantially exceeded the premium and investment income associated with the policies, (B) the policies will continue to experience substantial and unexpected losses over their lifetime, (C) the projected loss experience of the policies cannot be significantly improved or mitigated through reasonable rate adjustments or other reasonable methods, and (D) the insurer has made repeated and good faith attempts to stablilize loss experience of the policies, including the timely filing for rate adjustments.

10235.8. No policy may be delivered or issued for delivery in this state as long-term care insurance if the policy limits or excludes coverage by type of illness, treatment, medical condition, or accident, except as to the following:

(a) Preexisting conditions or diseases.

(b) Mental or nervous disorders. However, this subdivision does not permit exclusion or limitation of benefits on the basis of Alzheimer's disease or any of the other conditions set forth in subdivision (d) of Section 10233.2.

(c) Alcoholism and drug addiction.

(d) Illness, treatment, or a medical condition arising out of any of the following:

(1) War or act of war, whether declared or undeclared.

(2) Participation in a felony, riot, or insurrection.

(3) Service in the armed forces or units auxiliary thereto.

(4) Suicide, whether sane or insane, attempted suicide, or intentionally self-inflicted injury.

(5) Aviation in the capacity of a non-fare-paying passenger.

(e) Treatment provided in a government facility, unless otherwise required by law, services for which benefits are available under Medicare or other governmental programs (except Medi-Cal or Medicaid), any state or federal workers' compensation, employer's liability or occupational disease law, or any motor vehicle no fault law, services provided by a member of the covered person's immediate family, and services for which no charge is normally made in the absence of insurance.

This section does not prohibit exclusions and limitations by type of provider or territorial limitations.

10235.10. Termination of long-term care insurance shall be without prejudice to any benefits payable for institutionalization if that institutionalization began while the long-term care insurance was in force and continues without interruption after termination. This extension of benefits beyond the period the long-term care insurance was in force may be limited to the duration of the benefit period, if any, or to payment of the maximum benefits and may be subject to any policy waiting period, and all other applicable provisions of the policy.

10235.12. (a) As used in this section:

(1) "Basis for continuation of coverage" means a policy provision which maintains coverage under the existing group policy when that coverage would otherwise terminate and which is subject only to the continued timely payment of premium when due.

(2) "Basis for conversion of coverage" means a policy provision to the effect that an individual whose coverage under the group policy would otherwise terminate or has been terminated for any reason, including discontinuance of the group policy in its entirety or with respect to an insured class, and who has been continuously insured under the group policy (and any group policy which it replaced), for at least six months immediately prior to termination, shall be entitled to the issuance of a converted policy by the insurer under whose group policy he or she is covered, without evidence of insurability.

(3) "Converted policy" means an individual policy of long-term care insurance providing benefits identical to, or benefits determined by the commissioner to be substantially equivalent to or in excess of, those provided under the group policy from which conversion is made.

If the group policy from which conversion is made restricts the provision of benefits and services to, or contains incentives to use

certain providers or facilities, the commissioner, in making the determination as to the substantial equivalency of benefits, shall take into consideration the differences between managed care and nonmanaged care plans, including, but not limited to, provider system arrangements, service availability, benefit levels, and administrative complexity.

(4) A "managed care plan" means any health care or assisted living arrangement designed to coordinate patient care or control costs through utilization review, case management, or the use of specific provider networks.

(b) Group long-term care insurance policies delivered or issued for delivery in this state on or after January 1, 1990, shall provide covered individuals with a basis for continuation of coverage or a basis for conversion of coverage.

(c) Group policies which restrict provision of benefits and services to, or which provide incentives to use, certain providers or facilities may include continuation benefits which are substantially equivalent to the benefits of the existing group policy. The commissioner shall make a determination as to the substantial equivalency of benefits for this purpose and, in doing so, shall take into consideration the differences between managed care plans and other plans, including, but not limited to, provider system arrangements, service availability, benefit levels, and administrative complexity.

(d) Written application for a converted policy shall be made and the first premium due, if any, shall be paid as directed by the insurer not later than 31 days after termination of coverage under the group policy. The converted policy shall be issued effective on the day following the termination of coverage under the group policy, and shall be renewable annually.

(e) Unless the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the group policy from which conversion is made. Where the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the previous group policy replaced.

(f) Continuation of coverage or issuance of a converted policy shall be mandatory, unless either of the following apply:

(1) Termination of group coverage resulted from an individual's failure to make any required payment of premium or contribution when due.

(2) The terminating coverage is replaced not later than 31 days after termination by group coverage effective on the day following the termination of coverage and the replacement coverage meets both of the following criteria:

(A) The replacement coverage provides benefits identical to, or benefits determined by the commissioner to be substantially

equivalent to or in excess of, those provided by the terminating coverage.

(B) The premium for the replacement coverage is calculated in a manner consistent with the requirements of subdivision (e).

(g) Notwithstanding any other provision of this section, a converted policy issued to an individual who at the time of conversion is covered by another long-term care insurance policy which provides benefits on the basis of incurred expenses, may contain a provision which results in a reduction of benefits payable if the benefits provided under the additional coverage, together with the full benefits provided by the converted policy, would result in payment of more than 100 percent of incurred expenses. This provision shall only be included in a converted policy if the converted policy also provides for a premium decrease or refund which reflects the reduction in benefits payable.

(h) The converted policy may provide that the benefits payable under the converted policy, together with the benefits payable under the group policy from which conversion is made, shall not exceed those that would have been payable had the individual's coverage under the group policy remained in force and effect.

(i) Notwithstanding any other provision of this section, any insured individual whose eligibility for group long-term care coverage is based upon his or her relationship to another person, shall be entitled to continuation of coverage under the group policy upon termination of the qualifying relationship by death or dissolution of marriage.

(j) Continuation, conversion, or replacement coverage shall not contain preexisting condition exclusions if, as of the effective date of continuation, conversion, or replacement, the group coverage from which continuation, conversion, or replacement is made would provide benefits for preexisting conditions.

(k) If the group coverage from which continuation, conversion, or replacement is made, imposes preexisting condition limitation periods, elimination, waiting or other time periods as preconditions to benefits, and any of these preconditions have been partially satisfied as of the effective date of continuation, conversion, or replacement, the period of that partial satisfaction shall be applied as a credit towards satisfaction of those preconditions to benefits contained in the continuation, conversion, or replacement coverage.

(*l*) This section shall prevail as to any conflict between its provisions and Part 6.1 (commencing with Section 12670) of Division 2 of the Insurance Code.

10235.14. (a) Individual long-term care insurance policies shall contain a renewability provision. This provision shall be appropriately captioned, shall appear on the first page of the policy, and shall clearly disclose the term of coverage for which the policy is initially issued, the terms and conditions under which the policy may be renewed, and whether or not the issuer has the right to change the premium. If this right exists, the policy provisions shall

clearly and concisely describe each circumstance under which the premium may change.

(b) Except for riders or endorsements by which the insurer effectuates a request made in writing by the insured under an individual long-term care insurance policy, all riders or endorsements added to an individual long-term care insurance policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require signed acceptance by the individual insured. After the date of policy issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the increased benefits or coverage are required by law. If a separate additional premium is charged for benefits provided in connection with riders or endorsements, that premium charge shall be set forth in the policy, rider, or endorsement.

(c) A long-term care insurance policy or certificate which provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import shall include a definition of those terms and an explanation of the terms in the outline of coverage.

(d) If a long-term care insurance policy or certificate contains any limitations with respect to preexisting conditions, those limitations shall appear as a separate paragraph of the policy or certificate and shall be labeled as "preexisting condition limitations."

(e) A long-term care insurance policy or certificate containing any limitations or conditions for eligibility shall set forth in a separate paragraph of the policy or certificate a description of those limitations or conditions, including any required number of days of confinement, and shall label that paragraph "Limitations or Conditions on Eligibility for Benefits."

10235.16. (a) Long-term care insurance application forms shall include a question designed to elicit information as to whether the proposed insurance is intended to replace any other accident and sickness or long-term care insurance presently in force. A supplementary application or other form to be signed by the applicant containing such a question may be used.

(b) Upon determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods, or its agent shall furnish the applicant, prior to issuance or delivery of a policy or certificate, a notice regarding replacement of accident and sickness or long-term care coverage. One copy of this notice shall be retained by the applicant and an additional copy signed by the applicant shall be retained by the insurer. The required notice shall be provided in the following form:

"NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with a long-term care insurance coverage to be issued by (company name) Insurance Company. Your new coverage provides thirty (30) days within which you may decide, without cost, whether you desire to keep the coverage. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new coverage.

(1) Health conditions which you may presently have (preexisting conditions), may not be immediately or fully covered under the new coverage. This could result in denial or delay in payment of benefits under the new coverage, whereas a similar claim might have been payable under your present coverage.

(2) You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present coverage. This is not only your right, but is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(3) If, after due consideration, you still wish to terminate your present coverage and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your coverage had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all the information has been properly recorded.

The above 'Notice to Applicant' was delivered to me on:

_____

(Date)

_____

(Applicant's Signature)"

(c) For group coverage not subject to the 30-day return provision of Section 10232.7, the notice shall be modified to reflect the appropriate time period in which the policy may be returned and premium refunded.

10235.18. (a) Insurers using direct response solicitation methods shall deliver a notice regarding replacement of accident and sickness or long-term care coverage to the applicant upon issuance of the policy or certificate. The required notice shall be provided in the following form:

"NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with the long-term care insurance coverage delivered herewith issued by (company name) Insurance Company. Your new coverage provides thirty (30) days within which you may decide, without cost, whether you desire to keep the policy or certificate. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new coverage.

(1) Health conditions which you may presently have (preexisting conditions), may not be immediately or fully covered under the new coverage. This could result in denial or delay in payment of benefits under the new coverage, whereas a similar claim might have been payable under your present coverage.

(2) You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy coverage. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(3) (To be included only if the application is attached to the policy or certificate). If, after due consideration, you still wish to terminate your present coverage and replace it with new coverage, read the copy of the application attached to your new coverage and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to (company name and address) within thirty (30) days if any information is not correct and complete, or if any past medical history has been left out of the application.

(Company Name)"

(b) For group coverage not subject to the 30-day return provision of Section 10232.7, the notice shall be modified to reflect the appropriate time period in which the policy may be returned and premium refunded.

10235.20. The commissioner may waive a specific provision or provisions of this article with respect to a specific long-term care insurance policy or certificate upon making written findings specified in subdivisions (a), (b), and (c), as follows:

(a) The waiver would be in the best interest of the insureds.

(b) The underlying purposes of this article could not be effectively or efficiently achieved without the waiver.

(c) Any of the following:

(1) The waiver is necessary to the development of an innovative and reasonable approach for insuring long-term care.

(2) The policy or certificate is to be issued to residents of a life care or continuing care retirement community or some other residential community for the elderly and the waiver is reasonably related to the special needs or nature of such a community.

(3) The waiver is necessary to permit long-term care insurance to be sold as part of, or in conjunction with, another insurance product.

The commissioner may condition any waiver upon compliance with alternative requirements to achieve the purposes of this article.

10235.22. Benefits under individual long-term care insurance policies shall be deemed reasonable in relation to premiums if the expected loss ratio is at least 60 percent, calculated in a manner which provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, due consideration shall be given to all relevant factors, including the following:

(a) Statistical credibility of incurred claims experience and earned premiums.

(b) The period for which rates are computed to provide coverage.

(c) Experienced and projected trends.

(d) Concentration of experience within early policy duration.

(e) Expected claim fluctuation.

(f) Experience refunds, adjustments, or dividends.

(g) Renewability features.

(h) All appropriate expense factors.

(i) Interest.

(j) Experimental nature of the coverage.

(k) Policy reserves.

(*l*) Mix of business by risk classification.

(m) Product features, such as long elimination periods, high deductibles, and high maximum limits.

SEC. 3. Section 10236.5 of the Insurance Code is repealed.

SEC. 4. Section 10237 of the Insurance Code is repealed.

CHAPTER 768

The people of the State of California do enact as follows:

SECTION 1. Section 26291.7 of the Government Code is amended to read:

26291.7. The agency shall have the power to do all of the following:

(a) Administer this chapter.

(b) Finance the construction, acquisition, and furnishing of adult detention facilities, sheriff facilities, functionally related court facilities, and structures necessary or convenient thereto, in compliance with a master plan.

(c) Exercise the power of eminent domain for acquisition, and finance the acquisition of, the lands, easements, and rights-of-way necessary for the general governmental purposes of the agency set forth in this section.

(d) Hold title as necessary to land or facilities and convey title to such land or facilities to the county.

(e) Retire all or a portion of any capital debt previously incurred for any adult detention facilities, sheriff facilities, or functionally related court facilities which exists on the date the election is held for voter approval of the retail transactions and use tax ordinance authorized by this chapter

(f) Finance all or part of the cost of any prevention program.

(g) Reimburse costs incurred by the county in implementing the master plan, reimburse costs incurred by the county in the operation of any facility constructed or acquired pursuant to this chapter, or reimburse costs incurred by prevention programs provided the board of supervisors certifies to the agency that progress toward completion of adult detention facilities, sheriff facilities, and functionally related court facilities has progressed substantially in accordance with the master plan.

26292.4. (a) Any transactions and use tax ordinance adopted pursuant to this article shall become operative on the first day of the first calendar quarter commencing more than 110 days after adoption of the ordinance.

(b) Prior to the operative date of the ordinance, the agency shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

SEC. 3. Section 6480.1 of the Revenue and Taxation Code is amended to read:

6480.1. (a) After service of written notification by the board, on the first distribution in this state of motor vehicle fuel subject to the motor vehicle fuel license tax, the distributor shall collect

prepayment of retail sales tax from the person to whom the motor vehicle fuel is distributed. The prepayment required to be collected by the distributor constitutes a debt owed by the distributor to this state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a distributor or broker who has consumed the fuel has paid the use tax to the board. Each distributor shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. On each subsequent distribution of that motor vehicle fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of distribution. Each distributor shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

(b) After service of written notification by the board, the broker shall collect prepayment of the retail sales tax from the person to whom the motor vehicle fuel is transferred. The prepayment required to be collected by the broker constitutes a debt owed by the broker to the state until paid to the board, or until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the tax to the board. Each broker shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

Each broker shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. The amount of prepayment paid by the broker to his or her vendor shall constitute a credit against the amount of prepayment required to be collected and remitted by the broker to the board.

(c) A distributor or broker who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a distributor or broker who has consumed the fuel to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the distribution was made. Failure of the distributor or broker to report prepayments or the distributor's or broker's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, distributor, or broker, either on a temporary or permanent basis or otherwise. The retailer, distributor, or broker shall be entitled to the credit to the extent of the amount prepaid to his or her supplier as evidenced by purchase documents, invoices, or receipts stating separately the amount of tax prepayment.

(e) The rate of the prepayment required to be collected during the period from July 1, 1986, through March 31, 1987, shall be four cents ($0.04) per gallon of motor vehicle fuel distributed or transferred.

(f) On April 1 of each succeeding year, the rate per gallon, rounded to the nearest one-half of one cent, of the required prepayment shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051 and 7202 on the arithmetic average selling price (excluding sales tax) as determined by the State Energy Resources Conservation and Development Commission, in its latest publication of the "Quarterly Oil Report," of all grades of gasoline sold through a self-service gasoline station. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every distributor, broker, and retailer of motor vehicle fuel. In the event the price of fuel decreases or increases, and the established rate results in prepayments which consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

SEC. 4. Section 6814 of the Revenue and Taxation Code is amended to read:

6814. (a) The obligation of the successor shall be enforced by serving a notice of successor liability on the person. The notice shall be served in the manner prescribed for service of a notice of a deficiency determination, not later than three years after the date the board is notified of the purchase of the business or stock of goods. The successor may petition for reconsideration in the manner provided in Article 5 (commencing with Section 6561) of Chapter 5 of this part. The notice shall become final and the amount due and payable in the manner provided in that article except that no additional penalty shall apply if not paid when due and payable. The provisions of this chapter with respect to the collection of any amount required to be paid under this part shall apply when the notice becomes final.

(b) (1) If the board finds that a successor's failure to withhold a sufficient amount of the purchase price to cover the amount owed by the former owner is due to reasonable cause and circumstances beyond the successor's control, and occurred notwithstanding the exercise of ordinary care and in the absence of willful neglect, the successor may be relieved of any penalty included in the notice of successor liability.

(2) Any successor seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

(b) If the permit holder who transfers a business does not notify the board of the transfer, or deliver the permit to the board for cancellation, and the transferee, with the permit holder's actual or constructive knowledge, uses the permit in any way, the transferor shall be liable for taxes under this part, interest computed as specified in Section 8777, and those penalties imposed pursuant to subdivision (c).

(c) The transferor shall be liable for penalties incurred by the transferee under Sections 8779, 8876, and 9352, but shall not be liable for penalties incurred by the transferee under Sections 8780 and 9353. However, the board may, at its discretion, relieve the transferor from liability for penalties incurred by the transferee.

6890. (a) Prospecting permits and leases for the extraction and removal of minerals, other than oil and gas or other hydrocarbon substances, from lands, including tide and submerged lands belonging to the state, may be issued as provided in this article and in this chapter insofar as not in conflict with this article. The commission shall not issue any permit or lease under this section until it has been submitted to the Attorney General and has been approved by the Attorney General as to compliance with the applicable law and rules and regulations of the commission. No lease or permit shall be issued which results in any net adverse impact to wetlands or riparian habitat

(b) Where lands, other than tide and submerged lands, belonging to the state have been dedicated to a public use, the commission may

issue permits and leases for the exploration, extraction, and removal of minerals, other than oil and gas or other hydrocarbon substances and geothermal resources, in accordance with this article. Where the lands have been acquired for the use of a specific state agency, the state agency, prior to issuance, shall approve the work to be performed under the authority of the permit or lease and the state agency shall specify terms and conditions required to ensure that the work shall be performed in a manner which is not inconsistent with the purposes for which the land is owned or operated.

The replacement land shall be located within 10 miles of the wildlife management area where the lease or permit is to be issued.

(d) The commission shall not issue a permit or lease under this section for any land under the jurisdiction of the Department of Parks and Recreation, for any refuge or other protected area, as described in Division 7 (commencing with Section 10500) of the Fish and Game Code, or for any ecological reserve, as described in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code.

(e) Notwithstanding Section 6217, as of June 30 of each year, a sum equal to 50 percent of the revenue received by the state for the fiscal year ending on June 30 pursuant to permits and leases for the development of minerals, other than oil, gas, or other hydrocarbon substances and geothermal resources, on lands which have been dedicated to a public use and are administered by a state agency other than the commission shall be available for appropriation by the Legislature for the support of, and apportionment and transfer by the Controller to, that state agency.

Where the applicant's degree does not contain the number of units required by subdivision (a) of Section 4980.40, the board may, in its discretion, accept the applicant's education as substantially equivalent if the applicant's degree otherwise complies with this section and the applicant completes the units required by subdivision (a) of Section 4980.40.

SEC. 6. Section 4982 of the Business and Professions Code is amended to read:

4982. The board may refuse to issue any registration or license, or may suspend or revoke the license or registration of any registrant or licensee if the applicant, licensee, or registrant has been guilty of unprofessional conduct. Unprofessional conduct shall include, but not be limited to:

The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter shall be deemed to be a conviction within the meaning of this section. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing any such person to withdraw a plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

practice authorized by the registration or license, or the conviction of more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof. The board shall deny an application for a registration or license or revoke the license or registration of any person other than one who is licensed as a physician and surgeon, who uses or offers to use drugs in the course of performing marriage, family, and child counseling services.

(d) Gross negligence or incompetence in the performance of marriage, family, and child counseling.

(e) Violating, attempting to violate, or conspiring to violate any of the provisions of this chapter or any regulation adopted by the board.

(f) Misrepresentation as to the type or status of a license or registration held by the person, or otherwise misrepresenting or permitting misrepresentation of his or her education, professional qualifications, or professional affiliations to any person or entity.

(g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee, allowing any other person to use his or her license or registration.

(h) Aiding or abetting any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.

(i) Intentionally or recklessly causing physical or emotional harm to any client.

(j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.

(k) Engaging in sexual relations with a client, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a marriage, family, and child counselor.

(*l*) Performing, or holding one's self out as being able to perform, or offering to perform, or permitting any registered trainee or registered intern under supervision to perform, any professional services beyond the scope of the license authorized by this chapter.

(m) Failure to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client which is obtained from tests or other means.

(n) Prior to the commencement of treatment, failing to disclose to the client or prospective client the fee to be charged for the professional services, or the basis upon which that fee will be computed.

(o) Paying, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of professional clients. All consideration, compensation,

or remuneration shall be in relation to professional counseling services actually provided by the licensee. Nothing in this subdivision shall prevent collaboration among two or more licensees in a case or cases. However, no fee shall be charged for that collaboration, except when disclosure of the fee has been made in compliance with subdivision (n).

(p) Advertising in a manner which is false, misleading, or deceptive.

(q) Reproduction or description in public, or in any publication subject to general public distribution, of any psychological test or other assessment device, the value of which depends in whole or in part on the naivete of the subject, in ways that might invalidate the test or device.

(r) Any conduct in the supervision of any registered intern or registered trainee by any licensee that violates this chapter or any rules or regulations adopted by the board.

(s) Performing or holding one's self out as being able to perform, professional services beyond the scope of one's competence, as established by one's education, training, or experience. This subdivision shall not be construed to expand the scope of the license authorized by this chapter.

(t) Permitting a registered trainee or registered intern under one's supervision or control to perform, or permitting the registered trainee or registered intern to hold one's self out as competent to perform, professional services beyond the registered trainee's or registered intern's level of education, training, or experience.

CHAPTER 773

An act to amend Section 10216 of the Elections Code, relating to ballots.

[Approved by Governor September 24, 1989 Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10216 of the Elections Code is amended to read:

10216. Candidates for each office shall be printed on the ballot in accordance with the following rules:

(a) The names of presidential candidates to whom candidates for delegate to the national convention are pledged and the names of chairmen or chairwomen of groups of candidates for delegate expressing no preference shall be arranged on the primary election ballot by the Secretary of State by the names of the candidates in accordance with the randomized alphabet as provided for in Section 10217 in the case of the ballots for the First Assembly District.

Thereafter, for each succeeding Assembly district, the name appearing first in the last preceding Assembly district shall be placed last, the order of the other names remaining unchanged.

(b) The names of the pairs of candidates for President and Vice President shall be arranged on the general election ballot by the Secretary of State by the names of the candidates for President in accordance with the randomized alphabet as provided for in Section 10217 in the case of the ballots for the First Assembly District. Thereafter, for each succeeding Assembly district, the pair appearing first in the last preceding Assembly district shall be placed last, the order of the other pairs remaining unchanged.

(c) In the case of all other offices, the candidates for which are to be voted on throughout the state, the Secretary of State shall arrange the names of the candidates for the office in accordance with the randomized alphabet as provided for in Section 10217 for the First Assembly District. Thereafter, for each succeeding Assembly district, the name appearing first in the last preceding Assembly district shall be placed last, the order of the other names remaining unchanged.

(d) If the office is that of Representative in Congress or member of the State Board of Equalization, the Secretary of State shall arrange the names of candidates for the office in accordance with the randomized alphabet as provided for in Section 10217 for that Assembly district which has the lowest number of all the Assembly districts in which candidates are to be voted on. Thereafter, for each succeeding Assembly district in which the candidates are to be voted on, the names appearing first in the last preceding Assembly district shall be placed last, the order of the other names remaining unchanged.

(e) If the office is that of State Senator or Member of the Assembly, the county clerk shall arrange the names of the candidates for the office in accordance with the randomized alphabet as provided for in Section 10217 unless the district encompasses more than one county, in which case the arrangement shall be made pursuant to subdivision (i).

(f) If the office is to be voted upon wholly within, but not throughout, one county, as in the case of municipal, district, county supervisor, municipal court, justice court, and county central committee offices, the official responsible for conducting the election shall determine the order of names in accordance with the randomized alphabet as provided for in Section 10217.

(g) If the office is to be voted on throughout a single county and there are not more than four Assembly districts wholly or partly in the county, the county clerk shall determine the order of names in accordance with the randomized alphabet as provided for in Section 10217 for the first supervisorial district. Thereafter, for each succeeding supervisorial district, the name appearing first for each office in the last preceding supervisorial district shall be placed last, the order of the other names remaining unchanged.

(h) If there are five or more Assembly districts wholly or partly

in the county, an identical procedure shall be followed except that rotation shall be by Assembly district, commencing with the Assembly district which has the lowest number.

(i) If the office is that of State Senator or Member of the Assembly and the district includes more than one county, the county clerk in each county shall conduct a drawing of the letters of the alphabet, pursuant to the same procedures specified in Section 10217. The results of the drawing shall be known as a county randomized ballot and shall be used only to arrange the names of the candidates when the district includes more than one county.

SEC. 2. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 774

An act to add Article 3 (commencing with Section 225) to Chapter 1 of Division 1 of the Elections Code, relating to voters, and making an appropriation therefor.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 25, 1989.]

I am deleting the $53,000 appropriation in Section 3[2] of Assembly Bill No. 2142.

This bill would enact the Visually Impaired Voters Assistance Act of 1989, and would require the Secretary of State to create a Visually Impaired Voter Assistance Advisory Board with specified membership and duties.

The 1989–90 Budget appropriated $869,000 to the Secretary of State for election purposes, which includes voter outreach. Thus, sufficient funds are available to the Secretary of State to carry out the provisions of this bill.

The demands placed on budget resources require all of us to set priorities. With legislation I will be signing and the budget enacted in July 1989, more than $50 billion in state funds will be appropriated this fiscal year. This amount is more than adequate to provide the necessary essential services provided for the State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

With this deletion, I approve Assembly Bill No. 2142.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 225) is added to Chapter 1 of Division 1 of the Elections Code, to read:

Article 3. Visually Impaired Voters

225. This article shall be known, and may be cited, as the Visually Impaired Voter Assistance Act of 1989.

226. As used in this article, "visually impaired" means a person having central visual acuity not to exceed 20-200 in the better eye, with corrected lenses, or visual acuity greater than 20-200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends at an angle of not greater than 20 degrees.

227. It is the intent of the Legislature to promote the fundamental right to vote of visually impaired individuals, and to make efforts to improve public awareness of the availability of ballot pamphlet cassette tapes and improve their delivery to these voters.

228. (a) The Secretary of State shall establish a Visually Impaired Voter Assistance Advisory Board. This board shall consist of the Secretary of State or his or her designee and the following membership, appointed by the Secretary of State:

(1) A representative from the State Advisory Council on Libraries.

(2) One member from each of three private organizations. Two of the organizations shall be representative of organizations for blind persons in the state.

(b) The board shall do all of the following:

(1) Establish guidelines for reaching as many visually impaired persons as practical.

(2) Make recommendations to the Secretary of State for improving the availability and accessibility of ballot pamphlet cassette tapes and their delivery to visually impaired voters. The Secretary of State may implement the recommendations made by the board.

(3) Increase the distribution of public service announcements identifying the availability of ballot pamphlet cassette tapes at least 45 days before any federal, state, and local election.

(4) Promote the Secretary of State's toll-free voter registration telephone line for citizens needing voter registration information, including information for those who are visually handicapped, and the toll-free telephone service regarding the California State Library and regional library service for the visually impaired.

(c) No member shall receive compensation, but each member shall be reimbursed for his or her reasonable and necessary expenses in connection with service on the board.

SEC. 2. The sum of fifty-three thousand dollars ($53,000) is hereby appropriated from the General Fund to the Controller for allocation to the Secretary of State and to the California State Library for the purposes of this act, as follows:

(a) Secretary of State	$50,000
(b) California State Library	3,000

CHAPTER 775

An act relating to education.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) Among the citizens and educators of this state there is a lack of understanding of consumer and homemaking education and its importance in assisting pupils to (1) develop personal self-esteem and acquire skills to become positive family and community members, as well as productive members of the nation's workforce and (2) balance home and work life successfully.

(b) The most efficient and effective manner to deliver consumer and homemaking education instruction is by utilizing a comprehensive approach which assures that content areas are taught as an integrated body of knowledge.

SEC. 2. The Superintendent of Public Instruction, in conjunction with the program manager of home economics education and other appropriate units within the State Department of Education, shall prepare and disseminate information to school districts and county offices of education offering instruction in consumer and homemaking education that includes all of the following:

(c) A clarification of the qualifications required of personnel assigned to teach consumer and homemaking education.

(d) A delineation of how consumer and homemaking education instruction should be articulated in grades 6 to 12, inclusive, as well as with other home economics occupational programs at the secondary and postsecondary education levels.

(e) Specific information as to how consumer and homemaking education courses can be strengthened pursuant to subdivision (b) of Section 51225.3 of the Education Code in adopting alternative

means for pupils to complete the prescribed course of study for graduation.

(f) Quality criteria to ensure an effective consumer and homemaking education instructional program.

SEC. 4. Nothing in this act shall be construed to change or alter the parental notice requirement described in Sections 51550 and 51820 or the requirements of Sections 51229 and 51229.5.

CHAPTER 776

An act to amend Section 14509.5 of, and to add Section 14551.5 to, the Public Resources Code, relating to beverage containers, and making an appropriation therefor.

[Approved by Governor September 24, 1989. Filed with Secretary of State September 27, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 14509.5 of the Public Resources Code is amended to read:

14509.5. "Curbside program" means a recycling program which meets all of the following criteria:

(a) The program picks up recyclables from individual residences.

(b) The program is operated by, or pursuant to a contract with, a city, county, or other public agency, or is acknowledged, in writing, by a city, county, or other public agency.

(c) The program accepts empty beverage containers from consumers with the intent to recycle them, but does not pay the redemption value or redemption bonus.

(d) The program submits information and data to the department, as required by this division.

SEC. 2. Section 14551.5 is added to the Public Resources Code, to read:

14551.5. On or before August 31, 1990, and on or before each August 31 thereafter, each curbside program which receives redemption values, redemption bonuses, and administrative fees from certified processors, or redemption values and redemption bonuses from certified recycling centers, shall submit a survey form to the department, in the form and manner which the department may prescribe. The survey shall include information concerning the general operations of the program, the actual volumes collected, and the revenues received from the sale of recyclable material, from the period of July 1 to June 30, immediately preceding the report due date. The information submitted in the survey form is subject to the procedures established pursuant to Section 14554 to protect proprietary information.

SEC. 3. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to add Section 65302.5 to the Government Code, and to add Section 4128.5 to the Public Resources Code, relating to land use.

If the board of supervisors determines not to accept all or some of the recommendations, if any, made by the board or local agency, the board of supervisors shall communicate in writing to the board or local agency its reasons for not accepting the recommendations. The communication shall explain how its decisions affecting the uses of

land and policies in state responsibility areas will protect lives, property, and natural resources from unreasonable risks associated with wild land fires.

(d) If the board's or local agency's recommendations are not available within the time limits set by this section, the board of supervisors may act without them. The board of supervisors shall take the recommendations into consideration at the next time it considers future amendments to the safety element.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

For persons convicted under Section 11378, 11379, or 11380, this subdivision shall apply only to offenses involving controlled substances specified in paragraph (12) of subdivision (d) of Section

11054 and paragraph (2) of subdivision (d) of Section 11055 and to analogs of these substances as defined in Section 11401.

For persons convicted under Section 11379 or 11379.5, this subdivision shall not apply if the conviction was for transporting, offering to transport, or attempting to transport a controlled substance.

(b) Any person who, on or after the effective date of this section, is convicted in any federal court of any offense which, if committed or attempted in this state would have been punishable as one or more of the offenses enumerated in subdivision (a) shall, within 30 days after the effective date of this section or within 30 days of his or her coming into any county or city, or city and county in which he or she resides or is temporarily domiciled for that length of time, register with the chief of police of the city in which he or she resides or the sheriff of the county if he or she resides in an unincorporated area.

(c) This section does not apply to a conviction of a misdemeanor under Section 11357 or 11360.

SEC. 2. This act shall become operative on July 1, 1990.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 780

An act to amend Section 14320 of, and to add Section 14242 to, the Business and Professions Code, relating to trademarks.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14242 is added to the Business and Professions Code, to read:

14242. Registration of a mark with the Secretary of State under this chapter shall be constructive notice of the registrant's claim of ownership thereof.

SEC. 2. Section 14320 of the Business and Professions Code is amended to read:

14320. (a) Subject to the provisions of Section 14340 a person shall be subject to a civil action by the owner of a registered mark and the remedies provided in Section 14330 for any of the following:

(1) Use, without the consent of the registrant, any reproduction, counterfeit, copy, or colorable imitation of a mark registered under this chapter in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which such use is likely to cause confusion or mistake or to deceive as to the source of origin of such goods or services.

(2) Reproduce, counterfeit, copy or colorably imitate any such mark and apply such reproduction, counterfeit, copy or colorable imitation to labels, signs, prints, packages, wrappers, receptacles, or advertisements intended to be used upon or in conjunction with the sale or other distribution in this state of such goods or services. The registrant shall not be entitled under this paragraph to recover profits or damages unless the acts have been committed with knowledge that such mark is intended to be used to cause confusion or mistake or to deceive.

(b) Notwithstanding any other provision of this chapter, the remedies given to the owner of the right infringed is limited as follows:

(1) If an infringer or violator is engaged solely in the business of printing the mark or violating matter for others and establishes that he or she was an innocent infringer or innocent violator, the owner of the right infringed is entitled only to an injunction against future printing of the mark by the innocent infringer or innocent violator.

(2) If the infringement complained of is contained in, or is part of, paid advertising matter in a newspaper, magazine, or other similar periodical, or in an electronic communication as defined in Title 18 U.S.C. Section 2510(12), the remedies of the owner of the right infringed against the publisher or distributor of the newspaper, magazine, or other similar periodical or electronic communication shall be confined to an injunction against the presentation of the advertising matter in future issues of the newspapers, magazines, or other similar periodicals or in further transmissions of the electronic communication. The limitation of this subdivision shall apply only to innocent infringers and innocent violators.

(3) Injunctive relief is not available to the owner of the right infringed with respect to an issue of a newspaper, magazine, or other similar periodical or electronic communication containing infringing matter if restraining the dissemination of the infringing matter in any particular issue of the periodical or in an electronic communication would delay the delivery of the issue or transmission of the electronic communication after the regular time for delivery and the delay would be due to the method by which publication and distribution of the periodical or transmission of the electronic communication is customarily conducted in accordance with sound

business practice, and not to any method or device adopted for the evasion of this section or to prevent or delay the issuance of an injunction or restraining order with respect to the infringing matter.

(c) An innocent infringer or innocent violator is any person whose acts were committed without knowledge that the mark was intended to be used to cause confusion, mistake, or to deceive.

CHAPTER 781

An act to add Article 4 (commencing with Section 2340) to Chapter 4 of Part 4 of Division 4 of the Probate Code, relating to conservators, and making an appropriation therefor.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 2340) is added to Chapter 4 of Part 4 of Division 4 of the Probate Code, to read:

Article 4. Registration of Private Professional Conservators

2340. No superior court may appoint a private professional conservator pursuant to Chapter 5 (commencing with Section 2350) or Chapter 6 (commencing with Section 2400) of this part unless the conservator has filed the information required by Sections 2342 and 2343 with the county clerk in each county where a petition for appointment has been filed.

This section becomes operative on July 1, 1990.

2341. As used in this article, "private professional conservator" means a person or entity appointed as conservator of the person or estate, or both, of two or more conservatees at the same time who are not related to the conservator by blood or marriage, except a bank or other entity authorized to conduct the business of a trust company, or any public officer or public agency including the public guardian, public conservator, or other agency of the State of California. In the case of an entity, all natural persons who are authorized by the entity to perform the functions of a conservator shall comply with this article. The court may, at its discretion, require the person who is the conservator for only one conservatee not related to the conservator by blood or marriage to comply with this article.

2342. (a) A private professional conservator, shall file annually with the county clerk a statement, under penalty of perjury, containing the following information:

(1) His or her educational background and professional experience.

(2) At least three professional references.

(3) The names of the conservator's current conservatees.

(4) The aggregate dollar value of assets currently under the conservator's supervision.

(5) The conservator's addresses and telephone numbers for his or her place of business and place of residence.

(6) Whether the conservator has ever been removed for cause as conservator or has resigned as conservator in a specific case, the circumstances causing that removal or resignation, and the case names, court locations, and case numbers.

(7) The case names, court locations, and case numbers of three conservatorship cases which are closed where the private professional conservator had served as the conservator.

(b) Upon filing of a petition for appointment, a private professional conservator shall state that he or she is a private professional conservator, and that the information required by this section is on file with the county clerk.

(c) The county clerk shall order a background fingerprint check from the Department of Justice and may request a background fingerprint check from the Federal Bureau of Investigation on each private professional conservator.

The background check shall include a record of all arrests resulting in conviction and all arrests for which final disposition is pending. The Department of Justice shall retain these fingerprints in their files and shall provide any subsequent arrest information to the county clerk pursuant to Section 11105.2 of the Penal Code until notified by the county clerk that the person is no longer serving in the capacity of a private professional conservator. On and after July 1, 1990, the superior court shall review the background fingerprint check prior to the appointment of a private professional conservator. The court shall review annual updates to the criminal background check on persons currently serving in the capacity of a private professional conservator under the court's jurisdiction. The background fingerprint check may be disposed with if the petitioner was appointed as a private professional conservator or served in the capacity of a private professional conservator during the previous year and a background fingerprint check was previously made.

(d) The information required by this section shall be confidential and shall be made available to the court for any purpose, including the determination of the appropriateness of appointing or continuing the appointment of, or removing, a conservator.

2343. The county clerk shall charge each private professional conservator an annual filing fee which does not exceed the annual per-conservator cost of complying with this article. This fee shall also include the cost of submitting the fingerprint card to the Department of Justice.

SEC. 2. The sum of forty-six thousand dollars ($46,000) is hereby appropriated to the Department of Justice for purposes of Article 4 (commencing with Section 2340) of Chapter 4 of Part 4 of Division

4 of the Probate Code, as added by Section 1 of this act, from the account established in the General Fund pursuant to subdivision (e) of Section 11105 of the Penal Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 782

An act to amend Section 46205 of, and to add Section 46206 to, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature that the State Board of Education grant waivers to statutory minimum instructional time requirements as specified in Sections 46200, 46200.5, 46201, 46201.1, 46201.5, and 46202 of the Education Code only in the event of natural disasters, such as earthquake, fire, or flood; emergencies, such as events that involve the health and safety of pupils; or unavoidable human error, provided that, in the case of human error that both of the following apply:

(1) The board may waive a portion of the penalty, based upon the number of pupils affected.

(2) The district shall make up the lost instructional time no later than the year immediately following the year in which the waiver is granted.

(b) It is further the intent of the Legislature that school districts make every effort to make up lost instructional time during the school year in which the loss occurred, rather than seek a waiver pursuant to Section 46206 of the Education Code, as added by this act.

SEC. 2. Section 46205 of the Education Code is amended to read:

46205. For purposes of this article, instructional time for school districts conducting early-late instructional programs in kindergarten and grades 1 to 8, inclusive, shall be computed by adding the total amount of instructional time provided in each portion of the early-late instructional programs to the amount of instructional time offered when all pupils in the class are scheduled to attend. It is not the intent of the Legislature to disrupt or restrict

early-late instructional programs for pupils in kindergarten and grades 1 to 8, inclusive.

This section shall be applicable only if the early-late instructional program was in operation during the 1983–84 fiscal year, except that the Superintendent of Public Instruction may approve, based on educational reasons, the application of this section to programs commencing operation after the 1983–84 fiscal year.

SEC. 3. Section 46206 is added to the Education Code, to read:

46206. Notwithstanding any other provision of law, beginning with the 1984–85 school year and each school year thereafter, the State Board of Education may waive for any sufficient reason, as determined by the board, all or any portion of the fiscal penalties which may be levied for failing to maintain the prescribed minimum length of time for the instructional school day and year as provided in this article. Any waiver granted by the board pursuant to this section shall be applicable only to the district receiving the waiver for one year and shall be granted only when the time involved is equal to or less than 900 minutes of instructional time. The waiver shall include a plan for the district to make up any instructional time lost, which precipitated the need for the waiver during a school year, in the school year immediately following the year in which the waiver is granted. If a school district fails to make up the lost instructional time in accordance with the plan submitted to the State Board of Education, the fiscal penalties set forth in Sections 46200, 46200.5, 46201, 46201.1, 46201.5, and 46202 shall be imposed. Any waiver granted pursuant to this section shall be included in an annual report by the State Board of Education to the Legislature regarding waivers granted by the State Board of Education pursuant to this section.

Exceptions to the one-year limitation and to the 900-minute limit may be granted to any school district that maintained a single session kindergarten class in the 1982–83 school year for more than the maximum number of 240 minutes permitted by state law, and that, due to the school district's growth and facilities limitations, is required to operate two sessions of kindergarten in the same classroom.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the fiscal solvency of the affected school districts, it is necessary that this act take effect immediately.

CHAPTER 783

An act to amend Sections 51420 and 51421 of, and to repeal and add Section 51422 of, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that, under the current system for the processing and issuance of high school equivalency certificates, only 33.8 percent of the applicants who successfully pass the general educational development test apply for and receive a California high school equivalency certificate. The Legislature further finds and declares that the current system of recordkeeping and the processing of California high school equivalency certificates is outdated and inadequate.

It is the intent of the Legislature in enacting this act to ensure that all applicants who successfully pass the general educational development test shall be issued a California high school equivalency certificate. It is further the intent of the Legislature to enable the State Department of Education to establish and maintain a new computerized system with multiuser capability, adequate storage capacity, and high-speed processing ability, to accurately maintain records of persons who take all or a portion of the general educational development tests.

It is further the intent of the Legislature that the Superintendent of Public Instruction be requested to evaluate the current design of the high school equivalency certificate to ensure that it is suitable for display and is comparable in format to a regular high school diploma.

SEC. 2. Section 51420 of the Education Code is amended to read:

51420. The Superintendent of Public Instruction shall issue a California high school equivalency certificate and an official score report, or an official score report only, to any person who has not completed high school and who meets the following requirements:

(a) Is a resident of this state or is a member of the armed services assigned to duty in this state.

(b) Has taken all or a portion of a general educational development test which has been approved by the State Board of Education and which is administered by a testing center approved by the Department of Education, with a score determined by the State Board of Education to be equal to the standard of performance expected from high school graduates.

(c) Is at least 18 years of age or who would have graduated from high school had he remained in school and followed the usual course of study toward graduation.

SEC. 3. Section 51421 of the Education Code is amended to read:

51421. Applications for a California high school equivalency certificate and an official score report shall be submitted by each test center following each examinee's completion of all or a portion of the five tests comprising the general educational development test battery. Applications shall be submitted on a form prescribed by the Superintendent of Public Instruction. Individual applicants may also apply to the superintendent for a California high school equivalency certificate and an official score report, as necessary. The superintendent may charge a one-time only fee, established by the State Board of Education, to be submitted with the application sufficient in an amount not greater than the amount required to pay the cost of administering this article and for the cost of providing all followup services related to the completion of the general educational development test. The amount of each fee may not exceed twenty dollars ($20) per person.

The applicant shall be responsible for submitting to the Superintendent of Public Instruction all subsequent requests for duplicate copies of the California high school equivalency certificate and all requests to forward reports of the results of the applicant's general educational development test to postsecondary educational institutions.

SEC. 4. Section 51422 of the Education Code is repealed.

SEC. 5. Section 51422 is added to the Education Code, to read:

51422. Each testing center shall provide the Superintendent of Public Instruction with a certificate of results for each applicant who has taken all or a portion of the general educational development test. Each testing center shall forward to the superintendent the application fee established pursuant to Section 51421 for each applicant who has taken the general educational development test.

SEC. 6. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction as a loan for the purpose of establishing a computerized system of recordkeeping and data access pursuant to Section 51424 of the Education Code. Repayment of the loan, together with interest thereon paid at the same rate as interest earned on moneys in the Pooled Money Investment Account, shall be made over a two-year schedule of repayment, as determined through the annual budget process, from application fees collected for the California high school equivalency certificate pursuant to Section 51421 of the Education Code.

SEC. 7. This act shall become operative on July 1, 1990.

CHAPTER 784

An act relating to taxation.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The State Board of Equalization shall report to the Legislature by September 30, 1991, regarding compliance with the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code) by sellers at swap meets, as defined in Section 6073 of the Revenue and Taxation Code.

The report shall include, but not be limited to:

(d) Recommendations for the appropriate sharing of compliance costs between local agencies and the State Board of Equalization.

CHAPTER 785

An act to amend Sections 15, 16, 17.5, 19, 19.2, 20, 21, and 38 of, and to add Section 1.5 to, the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Mojave Water Agency.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1.5 is added to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), to read:

Sec. 1.5. Within the limits of its power and authority set forth in this act, the purpose of the agency shall be to do any and every act necessary to be done so that sufficient water may be available for any present or future beneficial use of the lands and inhabitants of the agency, including, but not limited to, the construction, maintenance, alteration, purchase, and operation of any and all works or improvements within the agency necessary or proper to carry out any object or purpose of this act and the gathering of data for, and

the development and implementation of, after consultation and coordination with all public and private water entities who are in any way affected, management and master plans to mitigate the cumulative overdraft of groundwater basins, to monitor the condition of the groundwater basins, to pursue all necessary water conservation measures, and to negotiate for additional water supplies from all state, federal, and other sources.

SEC. 2. Section 15 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 15. (a) The agency may do any and every act necessary to be done so that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants of the agency, including, without limiting the generality of the foregoing, irrigation, domestic, fire protection, municipal, commercial, industrial, and recreational uses.

(b) Without limiting the generality of the authority given under subdivision (a) or under any other section of this act, the agency has the following additional powers:

(1) To make surveys and investigations of the water supply and resources of the agency, to gather data on water use, to plan water projects, and to publish and distribute reports thereof.

(2) To develop, protect, conserve, and reclaim water, reduce the waste of water, control and prevent the intrusion of salinity in water, and replenish underground water supplies within the agency, including the collection, treatment, and disposal of sewage, waste, and storm water, in those areas within the agency where no reclamation authority currently exists and to fix and collect rates and charges therefor.

(3) To store, regulate, control, transport, divert, and distribute water for use within the agency by any reasonable means, including, without limitation, the construction, maintenance, alteration, purchase, and operation of works and improvements and the spreading and sinking of water into underground storage basins.

(4) To appropriate water and acquire and protect water rights for any beneficial purpose

(5) To commence, maintain, appear before, intervene in, defend and compromise, in the name of the agency, and to assume the costs of, any action, hearing or proceeding before any court of the United States or of the State of California, involving or affecting the ownership, use or supply of water, water rights or water service within or without the agency which is or may be used or useful for any purpose within the agency, or involving or affecting the interference or diminution of the natural flow of any river or stream or subterranean water supply, which is or may be used or useful for any purpose within the agency.

(6) To enter into any contract with any person, corporation, utility, district, public corporation, the United States, or the State of California, as the board determines to be proper or advisable or in the interest of the lands and inhabitants of the agency, to carry out

or to execute any of the purposes of this act.

(7) To promote and coordinate existing and planned water service facilities in the agency with the operations of the California Water Plan and Aqueduct System.

(8) To join with one or more persons, corporations, utilities, districts or other public corporations, the United States, or the State of California, for the purpose of carrying out any of the powers granted by this act.

(9) To make application to the State of California, the Department of Water Resources, or any other appropriate department or agency of the State of California for the department's or agency's share of water made available by the State Water Resources Development System or any other supplemental water source.

(10) To construct, operate, and maintain works to develop hydroelectric energy as a means of assisting in financing the construction, operation, and maintenance of works for other beneficial uses and purposes, and to enter into contracts for the sale of that energy for a term not to exceed 50 years. The energy may be marketed only at wholesale rates to any public agency or private entity engaged in the sale or use of electric energy.

(11) To gather data for, and to develop and implement, after consultation and coordination with all public and private water entities who are in any way affected, management and master plans to mitigate the cumulative overdraft of groundwater basins, to monitor the condition of the groundwater basins, to pursue all necessary water conservation measures, and to negotiate for additional water supplies from all federal, state, and other sources.

SEC. 3. Section 16 of the Mojave Water Agency Law (Chapter 2146 Statutes of 1959) is amended to read:

Sec. 16. The agency may annually levy an assessment against pumping within the agency and shall fix and collect rates and charges for water sold by the agency which, together with the assessment against pumping, will be in an amount sufficient to pay not less than the variable cost under any contract entered into with the state, for the purchase of water, and to pay the reasonable share of the costs of the construction, maintenance, alteration, purchase, and operation of necessary works, and to pay the reasonable share of an annual amount which will amortize over such period of time as the board of directors shall determine the cost of construction or acquisition of necessary works, including costs of financing studies, the acquisition of options, permits, and other preliminary costs incurred or to be incurred prior to undertaking construction or acquisition of a project, as well as costs of issuing bonds, including the payment of interest, principal, and any premium thereon, secured by a pledge of the assessment against pumping or the rates and charges for water sold by the agency, or both, and any costs relating to any other authorized purpose of the agency. The agency shall annually, at the time county taxes are levied, levy an ad valorem tax on land

only within the agency not to exceed 45 cents ($0.45) per one hundred dollars ($100) assessed valuation for the purpose of paying all other costs, expenses, and obligations of the agency under any such contract. If an ad valorem tax on land levied at a rate of 45 cents ($0.45) per one hundred dollars ($100) assessed valuation will not yield adequate revenue for such purposes, the agency shall, at the same time, levy an additional ad valorem tax on all taxable property, exclusive of personal property, within the agency for the additional revenue required for the purpose of paying all other costs, expenses, and obligations of the agency under any such contract. For the purpose of this section, the term "variable costs" means those costs paid by the agency which constitute operation, maintenance, power, and replacement costs incurred in an amount which is dependent upon and varies with the amount of project water delivered to the agency by the state.

To accomplish the administration of the agency, there shall be levied a tax not to exceed ten cents ($0.10) on each one hundred dollars ($100) of the assessed valuation of all taxable property in the agency exclusive of personal property. Taxes to pay the principal of, and interest on, bonded indebtedness shall be levied on all the property in the area subject to that taxation when duly authorized by a vote of the electors. These taxes shall be levied and collected with, and not separately from, taxes for county purposes. The revenue derived from these taxes shall be paid into the treasury of the county to the credit of the agency, and the board may control and order the expenditure thereof. The provisions of the laws of the State of California prescribing the priority, time, and manner of levying, assessing, equalizing, and collecting county property taxes, including the sale of property for delinquency and the redemption from such sale and the duties of the various county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted for the agency and made a part hereof. Agency and county officers shall be liable upon their several bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 4. Section 17.5 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 17.5. Notwithstanding the limitations contained in Section 16, the agency may issue negotiable promissory notes bearing interest at a rate not to exceed the maximum interest rate authorized by Section 53531 of the Government Code subject to the following:

(a) The notes are obligations payable out of available revenues, including taxes levied against all the taxable property (other than personal property) within the agency.

(b) The aggregate amount of notes outstanding, which have not been refunded or defeased, does not exceed five million dollars ($5,000,000).

(c) Any note issued does not mature later than five years from the date of issuance of the note.

SEC. 5. Section 19 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 19. Whenever the board of directors deems it necessary for the agency to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvement, works, or property specified in this act to be payable from ad valorem taxes on real property, the board shall, by resolution, so declare and call an election to be held in the agency for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency. The resolution shall state all of the following:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(b) The amount of debt to be incurred.

(c) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years.

(d) The maximum rate of interest to be paid, which shall not exceed the interest rate as may be authorized by law at the time of issuance, including, but not limited to, Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, payable as set forth in the resolution calling the election authorizing the issuance of the bonds.

(e) The measure to be submitted to the voters.

(f) The date upon which an election shall be held for the purpose of authorizing the bonded indebtedness to be incurred.

(g) The designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector, and two clerks in each precinct. However, the board of directors may refer the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election to the county registrar when the agency election is to be consolidated with another election or if the county registrar is to conduct the election for the agency.

SEC. 6. Section 19.2 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 19.2. If, from the bond election returns, it appears that more than two-thirds of the votes cast in the election were in favor of and assented to the incurring of the indebtedness, the board may, by resolution, at such time or times as it deems proper, issue bonds of the agency for all or any part of the amount of the indebtedness so authorized and may, from time to time, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of the bonds authorized has been issued.

The full amount of the authorized bonds may be divided into two or more series and different dates fixed for the bonds of each series. The maximum term which the bonds of any series may run before maturity shall not exceed 40 years from the date of the series.

The board shall, by resolution, prescribe the form of the bonds and

fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series.

The bonds shall bear interest at a rate not to exceed the interest rate as may be authorized by law at the time of issuance, including, but not limited to, Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, payable as set forth in the resolution calling the election authorizing the issuance of the bonds.

The board may provide for the call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution authorizing their issuance, but shall not be less than one hundred dollars ($100).

The principal of, and interest on, the bonds shall be payable in lawful money of the United States at the office of the treasurer of the agency or such other place as may be designated in the resolution authorizing the issuance of the bonds.

The bond shall be dated, numbered consecutively, signed by the president and treasurer of the agency, countersigned by the secretary, and the official seal of the agency shall be attached. All signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of the signatures or countersignatures to the bonds shall be manually affixed. Notwithstanding the foregoing, the board may determine that all of the required signatures and countersignatures shall be by facsimilies, provided that the bonds shall not be valid or become obligatory for any purpose until manually signed by an authenticating agent duly appointed by the board or its authorized designee. All expenses incurred incident to the authorization, issuance, and sale of the bonds, including, but not limited to, the preparation, printing, and distribution of any official statement or other disclosure document, the obtaining of insurance or other credit support providing for the prompt payment of interest and principal, the printing of the bonds, and legal fees of independent bond counsel retained by the agency are legal charges against the funds of the agency and may be paid from the proceeds of sale of the bonds.

If the bond election proceedings have been limited to and have applied only to an improvement district, the bonds are bonds of the agency, shall be issued in the name of the agency, and shall be designated "Bonds of Mojave Water Agency for Improvement District No. _____." Each bond shall state that taxes levied for the payment thereof will be levied exclusively upon the taxable property, exclusive of personal property, in the improvement district.

Any bonds issued by the agency have the same force, value, and use as bonds issued by a city and are exempt from all taxation within the state.

The board of directors may sell the bonds at a negotiated sale or by competitive bidding. If the sale is by competitive bid, before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in the manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the responsible bidder offering the lowest interest cost, as determined by the board. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds from the sale of bonds shall be paid into the treasury of the agency, placed to the credit of a special improvement fund, and expended only for the purpose for which the indebtedness was created. When that purpose has been accomplished, any money remaining in the special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds.

Any money remaining in the special improvement fund from the sale of bonds of the agency after the purpose for which the indebtedness was created has been accomplished may also be used for any other Mojave Water Agency purpose. The money remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district.

The money may not be used for any other Mojave Water Agency purpose or improvement district purpose until two-thirds of the qualified voters of the agency or improvement district voting on the proposition at a special election called in the agency or improvement district by the board have consented thereto. Notice of the election shall be given in the manner provided for bond elections in the agency or improvement district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

Interest on any bonds issued by the agency coming due before the proceeds of a tax levied at the next general tax levy after the sale of the bonds are available may be paid from the proceeds of the sale of the bonds.

The proceeds from the sale of bonds of the agency issued for an improvement district thereof may be expended for the purpose for which the indebtedness was created in any territory annexed to the improvement district after authorization of the bonds.

SEC. 6.5. Section 20 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 20. (a) The agency may, when authorized by vote of the electors at a general election or at a special election called for such purpose, issue revenue bonds pursuant to the Revenue Bond Law of

1941, or any other law which by its terms is applicable to this agency, but only to accomplish the purposes set forth in this act.

(b) The board may issue revenue bonds under the Revenue Bond Law of 1941 on behalf of any portion of the agency created as an improvement district and any election for the issuance of those revenue bonds shall be limited to the area of that improvement district. In the case of an improvement district formed specifically for the purpose of issuing revenue bonds pursuant to this section, the procedures for formation, annexation, and exclusion of territory shall be those set forth in Sections 40 to 42, inclusive, provided that the resolution of intention shall not provide for the levy of taxes. If revenue bonds are so issued on behalf of an improvement district, no proceeds of the revenue bonds shall be used to finance public improvements to provide service outside the service area of the improvement district, and only revenues which are derived from rates or charges for providing service within the service area of the improvement district shall be pledged to or used to pay the revenue bonds.

(c) As used in this section, "service area of the improvement district" means the territory of the improvement district as it existed at the time of the bond election plus lands outside the improvement district, if any, being served at the time of the bond election by the improvement district facilities plus additional territory, if any, annexed to the improvement district as it existed at the time of the bond election, not exceeding in the aggregate 40 percent by area of the improvement district as it existed at the time of the bond election.

SEC. 7. Section 21 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 21. Whenever the board deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this act and to provide for bonded indebtedness to be payable from taxes levied upon less than all of the agency, the board shall, by resolution, declare its intention to form an improvement district and to incur the indebtedness.

The resolution of intention shall state that the board intends to form an improvement district of a portion of the agency which, in the opinion of the board, will be benefited, and to call an election in the proposed improvement district, on the date to be fixed, for the purpose of submitting to the voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for the improvement district.

The resolution of intention shall also state all of the following:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of bonds

(c) That taxes for the payment of the bonds and the interest

thereon will be levied exclusively upon the taxable property (other than personal property) in the improvement district.

The resolution of intention shall also state that a general description of the proposed improvement, together with a map showing the exterior boundaries of the proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed improvement district.

The resolution of intention shall also state all of the following:

(a) The time and place for a hearing by the board on the questions concerning the formation and extent of the proposed improvement district, the proposed improvement, and the amount of debt to be incurred.

(b) That, at the time and place specified in the resolution, any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard. Notice of the hearing shall be given (1) by publishing a copy of the resolution of intention pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper printed and published by the agency if there is a newspaper printed and published in the agency; and (2) by posting a copy of the resolution of intention in six public places within the proposed improvement district at least two weeks before the time fixed for the hearing. The board may change the purpose for which the proposed debt is to be incurred or the amount of bonded debt to be incurred, or both. The board may also change the boundaries of the proposed improvement district, but not so as to include any territory which will not, in its judgment, be benefited by the proposed improvement. The purpose or amount of bonded debt or the boundaries of the proposed improvement district shall not be changed by the board except after notice of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in the agency, if there is a newspaper printed and published in the agency, and by posting in six public places within the proposed improvement district. The notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the proposed improvement district, and shall specify the time and place for hearing on such change, which time shall be at least 10 days after publication or posting of the notice.

At the time and place fixed in the notice of intention, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing, any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice.

At the conclusion of the hearing, the board shall, by resolution, determine whether it is deemed necessary to incur the bonded indebtedness. If so, the resolution shall also state all of the following:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of the proposed debt.

(c) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the improvement district.

(d) That the portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District No. _____ of the Mojave Water Agency."

The determinations made in the resolution of formation shall be final and conclusive.

After the formation of the improvement district pursuant to this act, all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district. Taxes for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property (other than personal property) in the improvement district.

After the board has made its determination of the matters required to be determined by the resolution of formation, and if the board deems it necessary to incur the bonded indebtedness, the board shall, by another resolution, call a special election in the improvement district for the purpose of submitting to the voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for the improvement district.

The resolution calling the bond election shall state all of the following:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(b) The amount of debt to be incurred.

(c) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years.

(d) The maximum rate of interest to be paid, which shall not exceed the interest rate as may be authorized by law at the time of issuance, including, but not limited to, Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, payable as set forth in the resolution calling the election authorizing the issuance of the bonds.

(e) The measure to be submitted to the voters.

(f) The date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred.

(g) The designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector, and two clerks in each precinct. However, the board may refer the designation of precincts, the location of polling places, and the names of the officers selected

to conduct the election to the county registrar when the agency election is to be consolidated with another election or if the county registrar is to conduct the election for the agency.

(h) That the board deems it necessary to incur the bonded indebtedness.

(i) The improvement district to be benefited by the bonded indebtedness, as set forth in the resolution of formation of the improvement district, and that a map showing the exterior boundaries of the improvement district is on file with the secretary, which map shall govern for all details as to the extent of the improvement district.

(j) That taxes for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property (other than personal property) in the improvement district.

Sections 19.1 and 19.2 govern the proceedings, noticing, conducting, and canvassing the returns of any election held for the purpose of forming an improvement district, as well as all proceedings governing the issuance of bonds and contesting the validity of any bonds authorized as a result of the election.

The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this act and repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for purposes of the improvement district.

SEC. 8. Section 38 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 38. For the purpose of paying not less than the variable costs under any contract entered into with the state for the purchase of water and the delivery and use of that water, and in accordance with the provisions of this act, the agency may establish a zone of benefit within any area within which the use of water affects or is affected by the natural available water supply within the agency, which zone of benefit shall be subject to an assessment pursuant to the limitations and conditions stated in this section.

The proceeding to establish a zone of benefit shall be initiated by a notice of intention to establish the zone which shall be published, pursuant to Section 6066 of the Government Code, in a newspaper of general circulation published within the area of the proposed zone of benefit, if there is one, and if not, then in such a newspaper published within the agency, and which shall be mailed to each person to whom any parcel or parcels of real property embraced within the proposed zone of benefit is assessed on the last equalized assessment roll available on the date the notice of intention is prepared, at the address shown on the assessment roll or otherwise known to the secretary of the agency. The notice of intention shall describe the area to be embraced within the proposed zone of benefit with sufficient clarity so that affected property owners may determine which of their lands, if any, are within the zone, shall state in general terms the reasons for the proposal to create the zone of

benefit, and shall fix a time and place for a public hearing thereon.

At any time not later than the hour set for the public hearing, any owner of property within the proposed zone of benefit may file a written request for exclusion of his or her property, or any portion thereof, from the zone of benefit. The request shall state the name of the owner of the property affected and the street address or other description of the property sufficient to identify it on the last equalized assessment roll. A request for exclusion may be made on behalf of the owner by an agent authorized in writing by the owner to act as agent with respect to the property, provided that a request made on behalf of a private corporation which is an owner of property may be made by any officer or employee of the corporation without that written authorization.

At the time and place stated in the notice, or at any time or place to which the hearing is continued, the board shall hold the public hearing provided for by the notice of intention, at which time any interested person may appear and be heard concerning any matter set forth in the notice of intention or any matters material thereto. Upon the conclusion of the hearing, the board may (a) terminate further proceedings on the proposed assessment, (b) establish the zone of benefit with the boundaries set forth in the notice of intention, or (c) eliminate lands from the proposed zone found not to be benefited by inclusion therein, and establish a zone modified as to area by reason of elimination. The board shall not include any lands within the zone of benefit not included within the area of the proposed zone as contained in the notice of intention. If the board determines to establish a zone of benefit as set forth in clause (b) or (c), the board may levy the assessment within the area of the zone of benefit, unless prior to the conclusion of the hearing, or any continued hearing, written protests against the proposed assessment signed by 25 percent of the eligible voters within the area of the zone of benefit are filed with the board, in which event the board shall not levy the assessment without an election. The protests shall be in writing, shall contain a description of the property in which each signer thereof is interested, sufficient to identify the same and, if the signers are not shown on the last equalized tax levy roll as the owners of the property, shall contain or be accompanied by written evidence that the signers are the owners of the property. All protests shall be delivered to the secretary, and no other protests or objections shall be considered.

If an election is held, a majority of the votes cast in the area of the zone of benefit shall be required to approve the assessment.

After its approval, the assessment shall be levied, collected, and enforced at the same time and in the same manner as county taxes.

The board shall make specific findings as to whether or not property as to which a request for exclusion has been filed shall be included within the zone of benefit and shall exclude from the zone any lands which the board finds will not be benefited by inclusion therein. In determining whether or not lands will be benefited by

inclusion in the zone, the board shall take into account all of the following:

(a) The condition of the local natural supply of water within the zone of benefit.

(b) The availability of water from the State Water Resources Development System to supplement the supply of water within the zone of benefit.

(c) The economic benefit to the lands resulting from a water supply being made available under the state contract.

(d) The nature, topography and use of the lands.

(e) Whether the lands can receive water either directly or through improvement in water supply by reason of such importation.

If the zone of benefit is created, the agency may annually thereafter levy an assessment upon the property within the zone of benefit, excluding personal property, in such amounts as shall pay not less than the variable costs of purchasing water under any contract entered into with the state for the purchase of water and delivery and use of that water.

CHAPTER 786

An act to amend Sections 10176 and 10176.7 of, and to add Section 10176.8 to, the Insurance Code, relating to insurance.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10176 of the Insurance Code is amended to read:

10176. In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any such services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No such policy shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2135, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform such services.

If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide

claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under such policy for acupuncture.

Nor shall any such policy prohibit the insured, upon referral by a physician and surgeon licensed under Section 2135 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician, such certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

SEC. 1.1. Section 10176 of the Insurance Code is amended to read:

10176. In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any such services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No such policy shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2135, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under the policy for acupuncture.

Nor shall any such policy, notwithstanding Section 10125 or 10125.5, prohibit the insured, upon referral by a physician and surgeon licensed under Section 2135 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at which time, the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with

Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

Nothing in this section or in Section 10125 or 10125.5 shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

SEC. 1.2. Section 10176 of the Insurance Code is amended to read:

10176. (a) In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of these services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No policy of disability insurance shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2135, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

(b) If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under that policy for acupuncture.

(c) No policy of disability insurance shall prohibit the insured, upon referral by a physician and surgeon licensed under Section 2135

of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

(d) Nothing in this section shall be construed to allow any certificate holder or licensee specified in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

(e) An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

(f) Except for physician referrals required by subdivision (c), no condition or limitation on payment for the diagnosis or treatment of a condition, illness, or injury by any certificate holder or licensee specified in this section, and expressly authorized by law to perform that diagnosis or treatment, shall be imposed by an insurer, unless the same condition or limitation is imposed on all certificate holders and licensees specified in this section with respect to the same or a similar diagnosis or treatment of the same or a similar condition, illness, or injury.

SEC. 1.3. Section 10176 of the Insurance Code is amended to

read:

10176. (a) In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of these services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No policy of disability insurance shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2135, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

(b) If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under the policy for acupuncture.

(c) Nor shall any such policy, notwithstanding Section 10125 or 10125.5, prohibit the insured, upon referral by a physician and surgeon licensed under Section 2135 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at which time, the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to

perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

(d) Nothing in this section or Section 10125 or 10125.5 shall be construed to allow any certificate holder or licensee specified in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

(e) An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

(f) Except for physician referrals required by subdivision (c), no condition or limitation on payment for the diagnosis or treatment of a condition, illness, or injury by any certificate holder or licensee specified in this section, and expressly authorized by law to perform that diagnosis or treatment, shall be imposed by an insurer, unless the same condition or limitation is imposed on all certificate holders and licensees specified in this section with respect to the same or a similar diagnosis or treatment of the same or a similar condition, illness, or injury.

SEC. 2. Section 10176.7 of the Insurance Code is amended to read:

10176.7. Disability insurance where the insurer is licensed to do business in this state and which provides coverage under a contract of insurance which includes California residents but which may be written or issued for delivery outside of California where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or a marriage, family, and child counselor who is the holder of a license under Section 17805 of the Business and Professions Code, or a respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code shall not be deemed to prohibit persons covered under the contract from selecting those licensees in California to perform the services in California which are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued for delivery.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983–84 Legislative Session that persons covered by the insurance and those providers of health care specified in this section who are licensed in California should be entitled to the benefits provided by the insurance for services of those providers rendered to those persons.

SEC. 3. Section 10176.8 is added to the Insurance Code, to read:

10176.8. A disability insurance policy may provide that services of a respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of the Division 2 of the Business and Professions Code, will be paid for pulmonary rehabilitation and respiratory home care only if rendered pursuant to a method of treatment prescribed by a physician and surgeon.

SEC. 4. (a) Section 1.1 of this bill incorporates amendments to Section 10176 of the Insurance Code proposed by both this bill and AB 360. It shall only become operative if (1) both bills are enacted and become effective January 1, 1990, (2) each bill amends Section 10176 of the Insurance Code, and (3) AB 2044 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 360, in which case Sections 1, 1.2, and 1.3 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory which the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements When the development

purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value

of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

An election called for this purpose may be consolidated with the election for the creation and establishment of the district.

(c) The particular amount of the proposed assessment, or a range within which the governing body may fix the amount of the assessment and thereafter revise it during a specified period of time, shall be specified in the measure submitted to the electors pursuant to subdivision (b). In addition, the measure may contain a provision obligating the district, if created and established in Riverside County, to issue to any person paying the assessment an annual pass or coupons entitling that person to the free use, or use on a reduced-fee basis, of district facilities, of a value not to exceed the amount paid by the person as an assessment.

SEC. 22. Section 13074 of the Public Resources Code is amended to read:

13074. The board may compel all residents and property owners in the district to connect their houses, habitations and structures requiring sewage or drainage disposal service or a joint water system with the sewer and storm drains or water facilities of the district, and

to use district garbage and refuse removal service and facilities. The board may charge reasonable and necessary fees for these services.

SEC. 23. Section 36578 of the Water Code is amended to read:

36578. If the board elects to have land within the district valued pursuant to Section 36577, the following procedures shall apply:

(a) Prior to its adoption of a valuation based upon benefits under this section, the board shall hold a public hearing at which owners of property or residents of the district may appear and be heard. Notice of the hearing shall be given by the secretary by posting notice thereof at the district office at least 20 days prior to the hearing, stating the purpose, time, and place of hearing, together with publication thereof in a newspaper of general circulation in each county in which the district has land in accordance with Section 6063 of the Government Code. The notice shall also be mailed to each landowner as shown in the records of the district at least 20 days prior to the hearing.

(b) At the hearing, evidence shall be introduced by the assessor and may be introduced by landowners or residents within the district as to the valuation schedules to be adopted by the board.

(c) At the conclusion of the hearing, or as it may be continued from time to time, the board shall adopt a schedule of valuations on a per acre basis, or fractions thereof, for agricultural land and on a parcel, acreage, or square foot basis for nonagricultural land. The schedule shall reflect the proportional benefits bestowed on the property assessed by the operation of the district. Land may be classified as to direct or indirect receipt of district benefit, irrigated or nonirrigated use, commercial, industrial, or residential use, or any other method which reflects the benefits received.

(d) Upon the board's adoption of a schedule of valuations, the duties and responsibilities of the board of supervisors and clerk of the board of supervisors established in this chapter and Chapter 2 (commencing with Section 36725) shall be carried out by the board and secretary of the district, respectively.

(e) There shall be no allocation of property tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code to any district that utilizes the provisions of Section 36577. Each district utilizing Section 36577 shall notify the county auditor pursuant to Section 100 of the Revenue and Taxation Code that the district does not desire to receive a property tax allocation.

SEC. 24. Section 96 of Chapter 22 of the Statutes of 1960, First Extraordinary Session, is amended to read:

Sec. 96. The district may make and enforce all necessary and proper regulations, including ordinances, not in conflict with the laws of this state, for the removal of garbage and refuse and the supplying of sewage, water, storm water and reclamation service. A violation of a regulation of the district is an infraction punishable as provided in Sections 19c and 19d of the Penal Code and as provided in subdivision (b) of Section 36900 of the Government Code. A

violation of a regulation of the district governing the supplying of storm water or reclamation service shall also constitute a public nuisance and may be summarily abated by the district pursuant to Article 6 (commencing with Section 38771) of Chapter 10 of Part 2 of Division 3 of Title 4 of the Government Code, or as provided by Title 2 (commencing with Section 3479) of Part 3 of Division 4 of the Civil Code. A regulation of the board shall be adopted by ordinance and shall be posted for one week in three public places in the district and shall take effect upon expiration of the week of that posting. A subsequent finding of the board, entered in its minutes, that posting has been made is conclusive evidence that the posting has been properly made.

SEC. 25. The Legislature finds and declares that, by amending Section 61601.7 of, and by adding Section 61601.10 to, the Government Code, and by repealing Sections 61601.10, 61601.12, 61601.13, 61601.16, and 61601.20 of the Government Code in this act, that it is the intent of the Legislature to preserve the authority for specific community services districts to enforce covenants, conditions, and restrictions pursuant to Sections 61601.7 and 61601.10 of the Government Code. Any community services district which exercised that authority pursuant to any of the sections repealed by this act shall be deemed to exercise that authority pursuant to Sections 61601.7 and 61601.10 of the Government Code.

SEC. 26. In enacting this act and adding subdivision (c) to Section 61116 of the Government Code, it is not the intent of the Legislature to grant any new authority to community service districts to levy special taxes.

SEC. 27. The Legislature finds and declares that a special act is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the following circumstances:

The Bell Canyon Community Services District and the Lake Sherwood Community Services District in Ventura County serve territory with unique patterns of land tenure. The roads, parks, and recreational facilities in these districts have traditionally been used for the exclusive benefit of the landowners and residents of the districts. Therefore, the enactment of Section 61621.8 of the Government Code as a special law is necessary to restrict the costs and benefits of maintaining these facilities to the landowners and residents of the districts.

SEC. 28. The Legislature finds and declares that a special act is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the following circumstances:

The Delta Diablo Sanitation District faces unique problems with the issuance of warrants by the Treasurer of the County of Contra Costa because the district's office is distant from the county treasurer's office in Martinez. In order to solve these problems, it is necessary for the district to have the power to designate one or more

depositories near its administrative office. Therefore, the enactment of Section 4730.7 of the Health and Safety Code as a special law is needed to solve the problems of the Delta Diablo Sanitation District.

SEC. 29. The Legislature finds and declares that a special act is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the following circumstances:

There are unique problems involved in meeting the recreational needs of the people of the County of Riverside, taking into consideration such factors as the county's topography, natural resources, population density, and the proximity of urban centers of large and expanding population to open-space lands and other lands of high recreational value. Therefore, the enactment of Sections 5506.7, 5538.7, and 5539.7 of the Public Resources Code as a special law is necessary.

SEC. 30. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because, for those costs which a local agency or school district may incur, the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a new crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 790

An act relating to state property.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

The study shall also evaluate the feasibility of erecting, in conjunction with the sale of the state's downtown real property interests, a new state building centrally or otherwise appropriately located within the City of San Diego, and locating within that building state and local government offices, including a Traffic Operations Center, jointly operated by the Department of Transportation and the Department of the California Highway Patrol, providing incident communication and dispatch services and implementing a traffic flow management system. The department shall complete the study and report its findings to the Legislature and affected local governments on or before January 1, 1991. It is the intent of the Legislature that the department shall recover the costs of conducting the study from the proceeds of any sales of state-owned property undertaken as recommended by the study.

SEC. 2. This act shall be effective only upon a final adjudication by a court of competent jurisdiction upholding that county measure known as Proposition A, adopted by San Diego County at the election held on June 7, 1988.

(2) This subdivision shall apply to any business that has been in existence for less than three years.

CHAPTER 793

An act to amend Section 199.71 of the Health and Safety Code, relating to AIDS, and making an appropriation therefor.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) One-third of all citizens in California suffering from HIV infection reside in San Francisco.

(b) San Francisco has the highest incidence of AIDS of any city in the nation. There are 687 cases of AIDS per 100,000 population in San Francisco as compared to 73 per 100,000 in Los Angeles.

(c) The cost to Medi-Cal for treatment of AIDS in San Francisco is one-half the cost of treatment in Los Angeles according to a study conducted by the State Department of Health Services.

(d) There is a need to develop a model for a cost-effective comprehensive treatment center that provides a continuum of care to persons with HIV infection. This continuum would include, but not be limited to, outpatient treatment, day care services, counseling, skilled nursing care, acute care, and hospice care for persons suffering from HIV infection.

SEC. 2. Section 199.71 of the Health and Safety Code is amended to read:

199.71. (a) The State Department of Health Services shall:

(1) Additionally, use funds appropriated by Section 6 of Chapter 23 of the Statutes of 1985 for purposes of making reimbursements to counties pursuant to Section 1632, for preventive education for individuals who are seropositive as a result of antibody testing.

(2) Issue contracts to evaluate the effectiveness of the AIDS information and education program conducted by the state department.

(3) Issue contracts for development and implementation of pilot programs of professional education and training for hospital, home health agency, and attendant care workers.

(4) Issue contracts for the development and implementation of pilot programs to reduce the spread of AIDS through residential

detoxification and outpatient detoxification and treatment services for intravenous drug users with AIDS or AIDS-related conditions.

(5) Monitor state and federal AIDS-related budget and policy development, and coordinate budget items to ensure that funding for matters related to AIDS is adequate and complete within the state department each fiscal year.

(6) Develop and maintain an information clearinghouse within the state department including periodic updates or releases to inform health professionals or community organizations providing services to people with AIDS or AIDS-related conditions of the status of current or new clinical drug trials. These updates shall be compiled through review of scientific journals and in conjunction with the UC AIDS Task Force and researchers conducting clinical drug trials in California.

(7) Review, edit, and input summaries from scientific journals into the Computerized AIDS Information Network (CAIN), and do outreach about CAIN availability to health professionals.

(8) Develop and conduct a needs assessment of the availability of supportive services for people with AIDS or AIDS-related conditions. The needs assessment shall be conducted in conjunction with the state's AIDS education contractors and with any public or private agencies providing services to people with AIDS or AIDS-related conditions.

(9) Promote information and education programs for the general public to correct misinformation about AIDS. This shall include, but need not be limited to, periodic press releases to the printed and broadcast media and public service announcements.

(10) Prepare a report to the Legislature on the feasibility of coordinating various levels of health care, including health facility licensure categories within one program in a city and county which would serve persons with HIV infections, AIDS-related complex, and AIDS. The levels of health care to be covered in the report include, but are not limited to, general acute care hospital, acute psychiatric hospital, skilled nursing facility, hospice, intermediate care facility, residential care facility, adult day health care facility, and congregate living health facility. (b) The State Director of Health Services shall contract for a prospective two-year study to accomplish the following objectives:

(1) Determine the medical costs of AIDS, comparing inpatient care, outpatient care, physician services, and community support services.

(2) The study shall include cost factors in the review of inpatient costs which may not be apparent in the analysis of charges, such as private rooms and social work.

The study shall include an interim report to the Legislature six months after receipt of funding and a final report to the Legislature within two years of receipt of funding so that the state can be in a knowledgeable position to plan for and provide the services and funding needed to meet this public health crisis.

(c) Notwithstanding any provision of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, if the State Director of Health Services determines that it is in the best interest of the state to enter into a contract for the purposes specified below without competitive bids, then the state director may, during the 1985–86 fiscal year, enter into a sole source contract for all of the following:

(1) Educational program evaluation.

(2) Education of hospital, home health agency, and attendant care workers.

(3) Drug education and treatment programs.

(4) The cost-of-care study.

(d) Notwithstanding any provision of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, if the State Director of Health Services determines that it is in the best interest of the state to enter into a contract for the purposes of the preparation of the feasibility report required by paragraph (10) of subdivision (a) without competitive bids, then the state director may enter into a sole source contract for the preparation of the feasibility report. The contract for the feasibility report shall be exempt from the requirement of approval by the Department of General Services and the Department of Finance.

CHAPTER 794

An act to amend Sections 26.5 and 26.7 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951), relating to the Santa Clara Valley Water District.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 26.5 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951) is amended to read:

Sec. 26.5. (a) The district shall annually prepare a written report upon the district's activities in the protection and augmentation of

the water supplies of the district. The report shall include, among other information the board may order, a financial analysis of the district's water utility system; information as to the present and future water requirements of the district, the water supply available to the district, and future capital improvement and maintenance and operating requirements; a method of financing those requirements; a recommendation as to whether or not a groundwater charge should be levied in any zone or zones of the district during the ensuing water year and, if any groundwater charge is recommended, a proposal of a rate or rates per acre-foot for agricultural water and a rate or rates per acre-foot for all water other than agricultural water for the zone or zones, which rate or rates, as applied to operators who produce groundwater above a specified annual amount, may be subject to prescribed, fixed, and uniform increases in proportion to increases by that operator in groundwater production over the production of that operator for a prior base period to be specified by the board.

(b) The report shall not contain a recommendation of any increases in proportion to increased production in a zone unless based upon an analysis showing the cause of the reduction in the groundwater levels of the zone requiring the increases, with attention given to the effect of extractions of pumpers outside of, as well as within the zone, and with an evaluation of alternative measures which may feasibly be taken within the entire affected groundwater basin and of any alternative supplies of water available for that zone, including the availability of treated water supplied by the district or treated groundwaters or groundwaters extracted in a cleanup operation and available to the district for reuse. The report shall be consistent with any conservation and reuse plan approved by the State Water Resources Control Board. The report shall also include all of the following:

(1) The amount of groundwater produced in the proposed zone and alternative water sources.

(2) The estimated costs of recharging each zone or zones.

(3) The estimated costs of mitigating any effects of pumping.

(4) Information specifying the benefits that have been received and will be received within the zone or zones where a groundwater charge has been levied and collected, or is recommended to be levied and collected.

SEC. 2. Section 26.7 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951) is amended to read:

Sec. 26.7. (a) Prior to the end of the water year in which the hearing is held, and based upon the findings and determinations from the hearing, the board shall determine whether or not a groundwater charge should be levied in any zone or zones. If the board determines that a groundwater charge should be levied, it shall levy, assess, and affix the charge or charges against all persons operating groundwater-producing facilities within the zone or zones during the ensuing water year. The charge shall be computed at a

fixed and uniform rate or rates per acre-foot for agricultural water, and at a fixed and uniform rate or rates per acre-foot for all water other than agricultural water. Different rates may be established in different zones, except that in each zone the rate or rates for agricultural water shall be fixed and uniform and the rate or rates for water other than agricultural water shall be fixed and uniform. The rate or rates, as applied to operators who produce groundwater above a specified annual amount, may, except in the case of any person extracting groundwater in compliance with a government-ordered program of cleanup of hazardous waste contamination, be subject to prescribed, fixed, and uniform increases in proportion to increases by that operator in groundwater production over the production of that operator for a prior base period to be specified by the board, upon a finding by the board that conditions of drought and water shortage require the increases. The increases shall be related directly to the reduction in the affected zone groundwater levels in the same base period. The rates shall be established each year in accordance with a budget for that year submitted by the district to the Board of Supervisors of Santa Clara County pursuant to this act and shall be fixed and uniform rates for agricultural water and for all water other than agricultural water, respectively, except that each such rate for agricultural water shall not exceed one-fourth of the rate for all water other than agricultural water.

(b) Any groundwater charge levied pursuant to this section shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

(c) Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly charged, or in the making or extension of any charge upon the records which do not affect the substantial rights of the assessee or assessees, shall not invalidate the groundwater charge.

CHAPTER 795

An act to add Section 729 to the Business and Professions Code, relating to crimes.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 729 is added to the Business and Professions Code, to read:

729. (a) Any psychotherapist, or any person holding himself or herself out to be a psychotherapist, who engages in sexual

intercourse, sodomy, oral copulation, or sexual contact with a patient or client, or with a former patient or client when the relationship was terminated primarily for the purpose of engaging in those acts, unless the psychotherapist has referred the patient or client to an independent and objective psychotherapist, recommended by a third-party psychotherapist, for treatment, is guilty of sexual exploitation by a psychotherapist.

(b) Sexual exploitation by a psychotherapist is a public offense:

(1) Violation of subdivision (a) is a misdemeanor.

(2) The second and subsequent violation of subdivision (a) shall be punishable by imprisonment in the county jail for a period of not more than one year, or a fine not exceeding one thousand dollars ($1,000), or both, or by imprisonment in the state prison, or a fine not exceeding five thousand dollars ($5,000), or both.

For purposes of subdivision (a), in no instance shall consent of the patient or client be a defense. However, physicians and surgeons who engage in psychotherapy shall not be guilty of sexual exploitation by a psychotherapist for touching any intimate part of a patient or client unless the touching is outside the scope of medical examination and treatment, or the touching is done for sexual gratification.

(c) For purposes of this section:

(1) "Psychotherapist" has the same meaning as defined in Section 728.

(2) "Sexual contact" means the touching of an intimate part of another person.

(3) "Intimate part" and "touching" have the same meanings as defined in Section 243.4 of the Penal Code.

(d) In the investigation and prosecution of a violation of this section, no person shall seek to obtain disclosure of any confidential files of other patients, clients, or former patients or clients of the psychotherapist.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 796

An act to amend Sections 39037.05, 43800, 43803, and 43804 of the Health and Safety Code, and to add and repeal Sections 740.2 and 745 of the Public Utilities Code, relating to air quality.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is in the interest of the State of California to encourage the development and market penetration of clean fuel vehicles, including electric and compressed natural gas fueled vehicles, to assist attainment and maintenance of healthful air quality, and to provide transportation fuel security through diversity of fuel types.

SEC. 2. Section 39037.05 of the Health and Safety Code is amended to read:

39037.05. "Low-emission motor vehicle" means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

SEC. 3. Section 43800 of the Health and Safety Code is amended to read:

43800. As used in this article, "low-emission motor vehicle" means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter that are twice as stringent as otherwise applicable.

SEC. 4. Section 43803 of the Health and Safety Code is amended to read:

43803. For each vehicle identified by the state board as a low-emission motor vehicle, the Department of General Services, in consultation with the state board and the State Energy Resources Conservation and Development Commission, shall determine if the low-emission motor vehicle meets all of the following requirements:

(a) The vehicle can be manufactured or obtained in sufficient numbers for the purpose of proper evaluation.

(b) The vehicle meets the performance needs for state vehicles.

(c) The cost of the vehicle does not exceed by more than 100 percent the average cost of comparable state vehicles purchased in the preceding fiscal year.

(d) If the vehicle is purchased by the state, there would be a sufficient number of servicing and maintenance outlets.

(e) The average operating and maintenance costs for the vehicle are comparable to the average operating and maintenance costs for all other state passenger vehicles. In no event, however, shall the average operating and maintenance costs for the vehicle exceed the average costs of operating and maintaining all other state vehicles by more than 50 percent.

SEC. 5. Section 43804 of the Health and Safety Code is amended to read:

43804. (a) If a low-emission motor vehicle meets the requirements of this chapter and the performance, cost, service, and maintenance requirements adopted by the Department of General Services for such motor vehicles, and if funds are appropriated for the purpose of purchasing motor vehicles, the state shall purchase, beginning with the next fiscal year, as many of such low-emission motor vehicles as the Department of General Services determines are reasonable and available to meet state needs.

percent per month of the total amount paid or incurred for such health coverage by the employer during the taxable year, whichever is more, plus twenty-five dollars ($25) per month or 25 percent of the total amount paid or incurred per month per covered individual's dependent or dependents, whichever is more.

(a) "Vanpool operator" means any person who files an application and who is approved for a loan or grant under this chapter.

(b) "Vanpool vehicle" means, notwithstanding any other provision of law, a motor vehicle designed for carrying more than six but less than 16 persons, including the driver, which is maintained and used primarily for the work-related transportation of adults for the purpose of ridesharing.

(c) "Useful life," with respect to a vanpool vehicle, means either 100,000 miles and four years old or 200,000 miles without regard to age.

2571. The Ridesharing Vanpool Revolving Loan and Grant Fund is hereby created in the State Treasury. The fund shall be administered by the department for purposes of making loans and grants to vanpool operators. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated, without regard to fiscal years, to the department to carry out the purposes of this chapter.

2572. Any person may submit an application to the department for a loan from the fund to purchase a vanpool vehicle for operation by the person as a vanpool operator. Title to the vehicle shall be retained by the department until the loan is repaid in full. The loan shall be repaid over a period of time not to exceed the vehicle's useful life. Once the loan is repaid in full, title to the vehicle shall be transferred to the vanpool operator.

2573. The department shall charge a rate of interest for loans made under this chapter reasonably calculated to ultimately keep the fund at a constant level and in addition recover the administrative costs incurred by the department under this chapter.

2574. The vanpool grant program shall be administered by the department. From funds appropriated to the department for the purpose, the department shall make grants to persons approved as vanpool operators for the purchase or lease of vanpool vehicles.

(b) A vanpool operator who receives a purchase grant shall operate the vanpool vehicle as a vanpool for the useful life of the vehicle. The vanpool operator's failure to do so shall result in a forfeiture of the grant, the return of the vanpool vehicle to the department, and forfeiture of the operator's contribution toward the purchase price of the vehicle.

(c) Title to the vanpool vehicle shall be retained by the department until the expiration of the vehicle's useful life. Once the vanpool vehicle's useful life has been reached, title to the vehicle shall be transferred to the vanpool operator.

2576. A vanpool operator who receives a lease grant shall operate the vanpool vehicle as a vanpool for the duration of the lease. The vanpool operator's failure to do so shall result in a forfeiture of all rights under the lease, the return of the vanpool vehicle to the lessor, and forfeiture of the operator's contribution toward the lease of the vehicle.

2577. All money received by the department under this chapter shall be deposited in the Ridesharing Vanpool Revolving Loan and Grant Fund.

2578. (a) The department shall adopt guidelines for the making of loans and for the purchase and lease of vanpool vehicles. The guidelines shall, in the case of loans, include, but not be limited to, a procedure to evaluate the vanpool operator's ability to repay the loan in a timely fashion, as well as the need for the vanpool vehicle and other criteria for selecting applicants. The department shall assign priority in the following descending order:

(1) Vanpools operating on routes with no alternative public transportation.

(2) Vanpool operators applying for loans or grants for new vanpool vehicles.

(3) Applicants having previous successful experience as vanpool operators.

(b) Concurrently with the award of each loan or grant, the department shall require each applicant to comply with subdivision (h) of Section 12804 of the Vehicle Code and Section 34509 of the Vehicle Code, and the insurance coverage requirements of the department. The guidelines shall also set forth the limitations on the nonwork-trip use of the vanpool vehicle, the maximum percentage of the cost of a vanpool vehicle which may be covered by a loan or grant under this chapter, and other requirements determined to be necessary by the department.

(c) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the adoption of the guidelines.

2579. A vanpool operator is not eligible for any California income tax deduction or credit applicable to vanpooling with respect to the amount of any grant under this chapter.

SEC. 3. Section 2 of Chapter 1435 of the Statutes of 1988 is amended to read:

Sec. 2. Notwithstanding Sections 13340 and 16361 of the Government Code, and to the extent permitted by federal law, the sum of ten million dollars ($10,000,000) of the money in the Federal Trust Fund, which is created by Section 16360 of the Government Code, received by the state from federal oil overcharge funds in the petroleum violations escrow account, as defined by Section 155 of the

(c) The Department of Transportation shall take action to ensure a reasonable distribution of grant and loan funds throughout the state, subject to the actual receipt of applications and the residency of persons submitting the applications.

SEC. 4. Funds appropriated by this act from the petroleum violation escrow account shall be disbursed by the Controller, subject to approval by the Director of Finance as to which court judgment or federal agency order is the proper source of funds.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Many of the urban areas of the state are experiencing severe motor vehicle traffic congestion and resulting air pollution. In order to, as quickly as possible, provide relief from these serious problems for commuters by encouraging and facilitating vanpooling, it is necessary that this act to take effect immediately.

CHAPTER 800

An act to amend Section 790.03 of the Insurance Code, relating to health coverage.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 790.03 of the Insurance Code is amended to read:

790.03. The following are hereby defined as unfair methods of competition and unfair and deceptive acts or practices in the business of insurance.

(a) Making, issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular or statement

misrepresenting the terms of any policy issued or to be issued or the benefits or advantages promised thereby or the dividends or share of the surplus to be received thereon, or making any false or misleading statement as to the dividends or share of surplus previously paid on similar policies, or making any misleading representation or any misrepresentation as to the financial condition of any insurer, or as to the legal reserve system upon which any life insurer operates, or using any name or title of any policy or class of policies misrepresenting the true nature thereof, or making any misrepresentation to any policyholder insured in any company for the purpose of inducing or tending to induce such policyholder to lapse, forfeit, or surrender his or her insurance.

(b) Making or disseminating or causing to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatsoever, any statement containing any assertion, representation or statement with respect to the business of insurance or with respect to any person in the conduct of his or her insurance business, which is untrue, deceptive, or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue, deceptive, or misleading.

(c) Entering into any agreement to commit, or by any concerted action committing, any act of boycott, coercion or intimidation resulting in or tending to result in unreasonable restraint of, or monopoly in, the business of insurance.

(d) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating, or delivering to any person, or placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, delivered to any person, or placed before the public any false statement of financial condition of an insurer with intent to deceive.

(e) Making any false entry in any book, report, or statement of any insurer with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom the insurer is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to the business of the insurer in any book, report, or statement of the insurer.

(f) Making or permitting any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the contract.

This subdivision shall be interpreted, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, to require differentials based upon the sex of the individual insured or annuitant in the rates or dividends or

benefits, or any combination thereof. This requirement is satisfied if those differentials are substantially supported by valid pertinent data segregated by sex, including, but not necessarily limited to, mortality data segregated by sex.

However, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, but before the compliance date, in lieu of those differentials based on data segregated by sex, rates, or dividends or benefits, or any combination thereof, for ordinary life insurance or individual life annuity on a female life may be calculated as follows: (a) according to an age not less than three years nor more than six years younger than the actual age of the female insured or female annuitant, in the case of a contract of ordinary life insurance with a face value greater than five thousand dollars ($5,000) or a contract of individual life annuity; and (b) according to an age not more than six years younger than the actual age of the female insured, in the case of a contract of ordinary life insurance with a face value of five thousand dollars ($5,000) or less. "Compliance date" as used in this paragraph shall mean the date or dates established as the operative date or dates by future amendments to this code directing and authorizing life insurers to use a mortality table containing mortality data segregated by sex for the calculation of adjusted premiums and present values for nonforfeiture benefits and valuation reserves as specified in Sections 10163.5 and 10489.2 or successor sections.

Notwithstanding the provisions of this subdivision, sex based differentials in rates or dividends or benefits, or any combination thereof, shall not be required for (1) any contract of life insurance or life annuity issued pursuant to arrangements which may be considered terms, conditions, or privileges of employment as these terms are used in Title VII of the Civil Rights Act of 1964 (Public Law 88-352), as amended, and (2) tax sheltered annuities for employees of public schools or of tax exempt organizations described in Section 501(c)(3) of the Internal Revenue Code.

(g) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that a named insurer, or named insurers, are members of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This subdivision shall not be interpreted to prohibit any activity of the California Insurance Guarantee Association or the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063).

(h) Knowingly committing or performing with such frequency as to indicate a general business practice any of the following unfair claims settlement practices:

However, this 60-day period shall not include any time during which the insurer is awaiting a response for relevant medical information from a health care provider.

CHAPTER 801

An act to amend Sections 2435, 2436, 2499.5, and 2499.6 of the Business and Professions Code, relating to licensing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 2435 of the Business and Professions Code is amended to read:

2435. The following fees apply to physician's and surgeon's certificates, certificates of drugless practitioners, and certificates to practice midwifery:

(a) Each applicant for a certificate based upon a national board diplomate certificate, and each applicant for a certificate based on reciprocity, and each applicant for a certificate based upon written examination, shall pay a nonrefundable application and processing fee, as set forth in subdivision (b), at the time the application is filed.

(b) Between January 1, 1987, and December 31, 1989, the application and processing fee, for the first year, shall be two hundred seventy-five dollars ($275), and, for each subsequent year, shall be equal to the prior year's fee plus a sum fixed by the Division of Licensing equal to not more than 10 percent of the prior year's fee, up to a maximum of three hundred fifty dollars ($350). On and after January 1, 1990, the application and processing fee shall be fixed by the Division of Licensing by May 1 of each year, to become effective on July 1 of that year. The fee shall be fixed at an amount necessary to recover the actual costs of the licensing program as projected for the fiscal year commencing on the date the fees become effective.

(c) Each applicant for a certificate by written examination, unless otherwise provided by this chapter, shall pay an examination fee fixed by the board, which shall equal the actual cost to the board of the purchase of the written examination furnished by the organization pursuant to Section 2176, plus the actual cost to the board of administering the written examination. Such actual cost to

the board of administering the written examination that shall be charged to the applicant shall not exceed one hundred dollars ($100). The board may charge the examination fee provided for in this section for any subsequent reexamination of the applicant.

(d) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required herein, shall pay an initial license fee, if any. On and after July 1, 1987, the initial license fee shall be fixed by the board at an amount not less than two hundred ninety dollars ($290), and not to exceed four hundred dollars ($400), in accordance with paragraph (2) of subdivision (e). Any applicant enrolled in an approved postgraduate training program shall be required to pay only 50 percent of the initial license fee.

(e) (1) The biennial renewal fee shall be fixed by the board at an amount not less than two hundred ninety dollars ($290), and not to exceed four hundred dollars ($400), in accordance with paragraph (2).

(2) The board shall fix the biennial renewal fee and the initial license fee so that, together with the amounts from other revenues, the reserve balance in the board's contingent fund shall be equal to approximately four months of annual authorized expenditures. Any change in the renewal and initial license fees shall be effective upon a determination by the board, by emergency regulations adopted pursuant to Section 2436, that changes in the amounts are necessary to maintain a reserve balance in the board's contingent fund equal to four months of annual authorized expenditures in the state fiscal year in which the expenditures are to occur.

(f) Notwithstanding Section 163.5, the delinquency fee is 10 percent of the biennial renewal fee.

(g) The duplicate certificate and endorsement fees shall each be fifty dollars ($50), and the certification and letter of good standing fees shall each be ten dollars ($10).

(h) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall seek to maintain a reserve in the Contingent Fund of the Board of Medical Quality Assurance equal to approximately four months' operating expenditures.

SEC. 2. Section 2436 of the Business and Professions Code is amended to read:

2436. The fees in this article fixed by the board shall be set forth as emergency regulations duly adopted by the Division of Licensing or the Division of Allied Health Professions, as the case may be.

SEC. 3. Section 2499.5 of the Business and Professions Code is amended to read:

2499.5. The following fees apply to certificates to practice podiatric medicine. The amount of fees prescribed for doctors of podiatric medicine shall be those set forth in this section unless a lower fee is fixed by the board in accordance with Section 2499.6. Fees collected pursuant to this section shall be fixed by the board in amounts not to exceed the actual costs of providing the service for

which the fee is collected.

(a) Each applicant for a certificate by written examination, unless otherwise provided by this chapter, shall pay an application fee fixed by the board at an amount of one hundred fifty dollars ($150).

(b) Each applicant for a certificate based upon a national board examination, and each applicant for a certificate based upon reciprocity shall pay an application fee of twenty dollars ($20) at the time the application is filed. If the applicant qualifies for a certificate, he or she shall pay a fee which shall be fixed by the board at an amount not to exceed one hundred dollars ($100) nor less than five dollars ($5) for the issuance of the certificate.

(c) The oral examination fee shall be seven hundred dollars ($700), or the actual cost, whichever is lower, and shall be paid by each applicant. If the applicant's credentials are insufficient or if the applicant does not desire to take the examination, and has so notified the board 30 days prior to the examination date, only the examination fee is returnable to the applicant. The board may charge an examination fee for any subsequent reexamination of the applicant.

(d) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required herein, shall pay an initial license fee. The initial license fee shall be eight hundred dollars ($800). If the license will expire less than one year after its issuance, then the initial license fee is an amount equal to 50 percent of the initial license fee fixed by the board. The board may waive or refund the initial license fee where the license will expire within 45 days after it is issued.

(e) The biennial renewal fee shall be eight hundred dollars ($800). Any licensee enrolled in an approved residency program shall be required to pay only 50 percent of the biennial renewal fee at the time of his or her first renewal.

(f) The delinquency fee is one hundred fifty dollars ($150).

(g) The duplicate wall certificate fee is forty dollars ($40).

(h) The duplicate renewal receipt fee is forty dollars ($40).

(i) The endorsement fee is thirty dollars ($30).

(j) The letter of good standing fee or for loan deferment is thirty dollars ($30).

(k) There shall be a fee of sixty dollars ($60) for the issuance of a limited license under Section 2475.

(*l*) The application fee for certification under Section 2473 shall be fifty dollars ($50). The examination and reexamination fee for this certification shall be seven hundred dollars ($700).

(m) The filing fee to appeal the failure of an oral examination shall be twenty-five dollars ($25).

(n) The fee for approval of a continuing education course or program shall be one hundred dollars ($100).

SEC. 4. Section 2499.6 of the Business and Professions Code is amended to read:

2499.6. The fees in this article shall be fixed by the board in accordance with Section 313.1.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Board of Medical Quality Assurance has the mandated responsibility to investigate complaints of violations of the medical practice act and other laws affecting the practice of physicians and surgeons. The board currently has a backlog of more than 700 cases awaiting assignment for investigation. The current resources of the board are not sufficient to permit prompt assignment of those cases and efficient completion of investigations. In order to achieve its intended results, it is necessary that this act take effect immediately.

CHAPTER 802

An act to amend Sections 2, 4.1, 4.2, 12, 13, 16, 26, 27, 31.5, 34, 38.1, 52, and 67 of, and to add Section 8 to, the Orange County Water District Act (Chapter 924 of the Statutes of 1933), relating to the Orange County Water District.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 2. The "Orange County Water District" shall have the following powers:

1. To have perpetual succession.

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals.

3. To adopt a seal and alter it at pleasure.

4. To take by grant, purchase, gift, devise, or lease, to hold, use and enjoy, and to lease, convey, or dispose of, real and personal property of every kind, within or without the district, necessary or convenient to the full exercise of its powers.

5. Within or outside of the district to construct, purchase, lease, or otherwise acquire, and to operate and maintain necessary waterworks and other works, machinery, facilities, canals, conduits, waters, water rights, spreading grounds, lands, rights and privileges useful or necessary to replenish the underground water basin within the district, or to augment and protect the quality of the common water supplies of the district, and purposes incidental thereto.

6. For the common benefit of the district and for the purpose of managing the groundwater basin and managing, replenishing, regulating, and protecting the groundwater supplies within the district to exercise the following powers:

(a) Provide for the conjunctive use of groundwater and surface water resources within the district area.

(b) Store water in underground water basins or reservoirs within or outside of the district.

(c) Regulate and control the storage of water and the use of groundwater basin storage space in the groundwater basin within the district and pursuant to the provisions set forth in Section 2.1 to (1) determine the amount of storage space available in the groundwater basin within the district, (2) allocate that available groundwater storage space, and (3) enter into groundwater storage agreements, provided that the district shall have no authority under the provisions of this section, except the provisions of paragraph (*l*) of this subdivision, to limit the extraction of groundwater within the district, except to the extent that a party may agree thereto under any such groundwater storage or other agreement.

(d) Appropriate and acquire water and water rights within or outside of the district.

(e) Purchase and import water into the district.

(f) Conserve and reclaim water within or outside of the district.

(g) Buy and sell water at such rates as shall be determined by the board of directors.

(h) Exchange water.

(i) Distribute water to persons in exchange for ceasing or reducing groundwater extractions.

(j) Transport, reclaim, purify, treat, inject, extract, or otherwise manage and control water for the beneficial use of persons or property within the district and to improve and protect the quality of the groundwater supplies within the district.

(k) Fix the terms and conditions of any contract under which owners or operators of water-producing facilities within the district may agree to use water from an alternative nontributary source in lieu of groundwater, and to that end the district may become a party to such a contract and may pay from district funds that portion of the cost of water from an alternate source as will encourage the purchase and use of the same in lieu of producing groundwater, as long as persons or property within the district are directly or indirectly benefited by the resulting replenishment.

(*l*) Fix the terms and conditions of any contract under which the owner or operator of a water-producing facility within the district may agree to increase the production of groundwater in lieu of water from an alternative nontributary source for the purpose of removing contaminants or pollutants from the groundwater basin. The district may become a party to that contract and may pay from district funds that portion of the cost of the groundwater production as will encourage the production for beneficial use of polluted or contaminated groundwater, as long as that pollution or contamination is impairing the quality of the water supplies within the district and the quality of the water supplies within the district will be improved by that production.

(m) Determine in the manner herein provided the amount and percentage of water produced from the groundwater supplies within the district to the total amount of water produced within the district by all persons and operators, including the total amount of water from supplemental sources; require that persons and operators produce more or less of their total water needs from the groundwater within the district than the basin production percentage determined by the district as provided herein; levy a basin equity assessment, which may be uniform or nonuniform in amount as determined by the board of directors of the district, on each person and operator who produces more water from the groundwater within the district; and to compensate other persons and operators who are directed by the district to produce less than the basin production percentage from groundwater within the district.

7. To provide for the protection and enhancement of the environment within and outside the district in connection with the water activities of the district.

8. To provide, by agreement with other public agencies or private persons or entities or otherwise, for the recreational use of the lands, facilities, and works of the district which shall not interfere, or be inconsistent, with the primary use and purpose of the lands, facilities, and works by the district.

9. To carry out the purposes of this act, to commence, maintain, intervene in, defend, and compromise, in the name of the district, or otherwise, and to assume the costs and expenses of any and all actions and proceedings now or hereafter begun to prevent interference with water or water rights used or useful to lands within the district, or diminution of the quantity or pollution or contamination of the water supply of the district, or to prevent unlawful exportation of water from the district, or to prevent any interference with the water or water rights used or useful in the district which may endanger or damage the inhabitants, lands, or use of water in the district; provided, however, that the district shall not have power to intervene or take part in, or to pay costs or expenses of, actions or controversies between the owners of lands or water rights all of which are entirely within the boundaries of the district and which do not involve pollution or contamination of water within the district or exporting water outside of the district's boundaries or any threat thereof.

10. To exercise the right of eminent domain to take any property necessary to the exercise of any of the powers granted by this act, except that the district shall not have the right of eminent domain as to water, water rights, reservoirs, pipelines, water distributing systems, waterworks, or powerplants, all or any of which are already devoted to beneficial or public use and located within the watershed of the Santa Ana River, and excepting further from the exercise of the right of eminent domain by the district any property maintained and actually used for the scientific propagation and study of plantlife.

No language or provision of this act, or of this subdivision, shall be interpreted or construed so as to limit or abridge the right of the district, or its board of directors, to exercise its right of eminent domain to condemn property at any place within the Santa Ana River watershed for rights-of-ways upon and across and under which to construct pipelines, conduits, tunnels and/or aqueducts necessary or convenient for any of the purposes of the district provided the property sought to be condemned for the purposes is not already being used by other corporations, municipalities, districts, or individuals for similar purposes; providing, however, that neither the district nor its board of directors shall have power to enter in or upon the Mojave River or any of its tributaries or appropriate, take, or condemn any of the water or the right to the use of any of the water of the Mojave River or any of its tributaries; nor shall anything in this act be deemed as authorizing or empowering the district or its board of directors to so do.

11. The district shall, in addition to the other powers herein granted by this act, have the following rights and powers: to act jointly with or cooperate with the United States or any agency thereof, the State of California or any agency thereof, any county of the State of California, districts of any kind, public and private corporations, and any person or persons, to carry out the provisions and purposes of this act. In those joint or cooperative activities, the district may act within or outside of its boundaries.

12. To cause assessments and/or charges to be levied as hereinafter provided to accomplish the purposes of this act.

13. To make contracts, to employ labor and to do all acts necessary for the full exercise of the foregoing powers.

14. To carry on technical and other investigations of all kinds, necessary to carry out this act, and for this purpose the district shall have the right of access through its authorized representative to all properties within the district.

SEC. 2. Section 4.1 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 4.1. The district may employ counsel to defend any action brought against it or against any of its officers, directors, agents, or employees on account of any claimed action or inaction involving any claimed injury, taking, damage, or destruction, and in the case of an action brought against an officer, director, agent, or employee, it is alleged that the action or inaction was in his or her official capacity, and the fees and expenses involved therein shall be a lawful charge against the district.

SEC. 3. Section 4.2 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 4.2. If any officer, director, agent, or employee of the district is held liable for any act or omission in his or her official capacity, except in the case of actual fraud or actual malice, and any judgment is rendered thereon, the district shall pay the judgment without obligation for repayment by the officer, director, agent, or employee.

SEC. 4. Section 8 is added to the Orange County Water District Act (Chapter 924 of the Statutes or 1933), to read:

Sec. 8. (a) The district may conduct any investigations of the quality of the surface and groundwaters within the district which the district determines to be necessary and appropriate to determine whether those waters are contaminated or polluted.

(b) The district may expend available funds to perform any cleanup, abatement, or remedial work required under the circumstances which, in the determination of the board of directors, is required by the magnitude of the endeavor or the urgency of prompt action needed to prevent, abate, or contain any threatened or existing contamination of, or pollution to, the surface or groundwaters of the district This action may be taken in default of, or in addition to, remedial work by the person causing the contamination or pollution, or other persons. The district may perform the work itself, by contract, or by or in cooperation with any other governmental agency.

(c) If, pursuant to subdivision (b), the contamination or pollution is cleaned up or contained, the effects thereof abated, or in the case of threatened contamination or pollution, other necessary remedial action is taken, the person causing or threatening to cause that contamination or pollution shall be liable to the district to the extent of the reasonable costs actually incurred in cleaning up or containing the contamination or pollution, abating the effects of the contamination or pollution, or taking other remedial action. The amount of those costs, together with court costs and reasonable attorneys' fees, shall be recoverable in a civil action by, and paid to, the district. In any such action, the necessity for the cleanup, containment, abatement, or remedial work, and the reasonableness of the costs incurred therewith, shall be presumed, and the defendant shall have the burden of proving that the work was not necessary, and the costs not reasonable.

All official bonds herein provided for shall be in the form prescribed by law for the official bonds of the county officers.

(e) Premiums for bonds required by this act shall constitute a proper charge against the district.

Sec. 13. (a) At a meeting of the board of directors in December following the election, the directors elected at that election, those whose terms have not expired and those appointed, shall meet and organize as a board, elect a president and a first and second vice president, and may appoint a general manager and a secretary, who shall each hold office at the pleasure of the board. Each director appointed or elected shall hold office until his or her successor is elected, or appointed, and has qualified. After the office is once established, it shall not be changed without giving notice thereof by posting in three public places within the district and by publishing a similar notice pursuant to Section 6066 of the Government Code at least once a week for two weeks in some newspaper of general circulation published in Orange County.

(b) The general manager and secretary of the district need not be one of the directors. The salary of the general manager and secretary and amount of the bond to be given for the faithful performance of their duties shall be fixed by the board of directors. The bond of the general manager and secretary of the district shall be filed in the office of the district.

SEC. 7. Section 16 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 16. A summary of the statement shall be published pursuant to Section 6066 of the Government Code in some newspaper published in the district, and shall refer to the itemized statement filed and posted in the office of the district for further particulars.

(b) For the purpose of rendering the statement, the district shall designate a certified public accountant who shall make an

independent audit of the accounts and other evidences of financial transactions of the district during the preceding year. The certified public accountant shall have no personal interest directly or indirectly in the financial affairs of the district.

Sec. 26. (a) On the second Wednesday in February of each year, the engineering investigation and report shall be delivered to the secretary of the district in writing. The secretary shall publish pursuant to Section 6061 of the Government Code a notice of the receipt of the report and of the public hearing to be held on the date of the regular meeting of the board of directors in March in a newspaper of general circulation, printed and published within the district, at least 10 days prior to the date at which the public hearing regarding groundwater conditions shall be held. The notice, among other information which the district may provide therein, shall contain an invitation to all operators of water-producing facilities within the district to call at the offices of the district to examine the engineering investigation and report.

(b) There shall be held, by the board of directors, on the date of a meeting of the board of directors in March of each year, at the district offices a public hearing at which time any operator of a water-producing facility within the district or any person interested in the condition of the groundwater supplies of the district may in person or by representative appear and submit evidence concerning the groundwater conditions of the district. Appearances, also, may be made supporting or protesting the written engineering investigation and report. The board of directors shall, before the levy of the replenishment assessments, find and determine the average annual overdraft for the immediate past five water years; the estimated annual overdraft for the current water year; the estimated annual overdraft for the ensuing water year; the accumulated overdraft as of the last day of the preceding water year; the estimated accumulated overdraft as of the last day of the current water year; the amount of water which should be purchased for the replenishment of the groundwater supplies of the district for the ensuing water year, and the sum of money necessary therefor.

(c) That finding and determination by the board shall be conclusive and binding upon all persons and parties.

SEC. 9. Section 27 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 27. (a) If the board of directors finds and determines that an overdraft, either annual or accumulated, does exist, the board may levy and assess a charge or replenishment assessment against all persons operating water-producing facilities and producing water during the ensuing water year, which assessment or charge shall be computed and fixed at a uniform rate per acre-foot of such water production.

(b) The total of the replenishment assessment levied in any year

shall not exceed an amount of money found to be necessary to purchase sufficient water to replenish the average annual overdraft for the immediate past five water years plus an additional amount of water sufficient to eliminate over a period of not less than 10 years nor more than 20 years, the accumulated overdraft, plus an amount of money to pay the costs of initiating, carrying on, and completing any of the powers, projects, and purposes for which this district is organized.

(c) On the date of a meeting of the board of directors in April of each year, the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying a replenishment assessment and fixing the rate thereof. In computing and fixing the replenishment assessment rate, there shall be allowed that percent, not to exceed 10 percent, as shall be determined by the board of directors of the district for delinquencies. Notice of the hearing shall be published in the district pursuant to Section 6061 of the Government Code, at least 10 days prior to the date set for the hearing.

(d) Any replenishment assessment levied by this section shall be in addition to any general assessment levied by the district.

(e) Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly assessed, or in the making or extension of any assessment upon the records, which do not affect the substantial rights of the assessee or assessees, shall not invalidate the assessment.

SEC. 10. Section 31.5 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 31.5. (a) Basin equity assessments, as well as production requirements and limitations on persons and operators within the district are declared to be in furtherance of district activities in the protection of water supplies for users within the district which are necessary for the public health, welfare and safety of the people of this state. The basin equity assessments, as well as the production requirements and limitations provided for herein, are authorized to be levied upon and applied to all persons and producers within the district for the benefit of all who rely directly or indirectly upon the groundwater supplies of the district.

(b) The basin equity assessments levied pursuant to this act against all persons and operators within the district may be uniform or nonuniform in amount, as determined by the board of directors of the district, in order to effectuate the goals and purposes of the district. The proceeds of the basin equity assessments levied and collected shall be used as provided for herein to equalize the cost of water to all persons and operators within the district, and to acquire water to replenish the groundwater supplies of the district.

(c) As used in this act:

(1) "Supplemental sources" means sources of water outside the watershed of the Santa Ana River, excepting that portion of that

watershed on and along Santiago Creek upstream of the downstream toe of the slope of the Villa Park Flood Control Dam, such as, but not limited to, water produced from the Metropolitan Water District of Southern California.

(2) "Basin production percentage" means the ratio that all water to be produced from groundwater supplies within the district bears to all water to be produced by persons and operators within the district from supplemental sources as well as from groundwater within the district during the ensuing water year.

(d) The district shall annually order an investigation and report to be prepared by an engineer or engineers employed by the district. The investigation and report shall set forth the following information, together with such other information as the district may desire, relating to the preceding water year:

(1) Amount of water produced by persons and operators from groundwater within the district.

(2) Amount of water produced by persons and operators from supplemental sources.

(3) Amount of water produced by persons and operators from all other sources.

(4) Condition of groundwater supplies within the district.

(5) Information as to the probable availability of water from supplemental sources during the next succeeding fiscal year.

(6) The cost of producing water from groundwater within the district, including any replenishment assessment of the district.

(7) The cost of water produced within the district from supplemental sources.

(e) On the second Wednesday in February of each year, the engineering investigation and report provided for herein shall be delivered to the secretary of the district, in writing. The secretary shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of the report and of the public hearing to be held on the date of a meeting of the board of directors in March, in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding water supplies within the district shall be held. The notice, among other information which the district may provide therein, shall contain an invitation to all persons or operators within the district to call at the offices of the district to examine the engineering investigation and report. There shall be held, by the board of directors on the date of a meeting of the board of directors in March of each year, a public hearing at which time any person or operator within the district or any person interested in the amounts and source from which all persons and operators produce their total supply of water as well as the estimated difference in the cost of water produced from groundwater within the district or supplemental sources, may in person, or by representative, appear and be heard.

(f) On the date of a meeting of the board of directors in April of

each year, the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying basin equity assessments and the amounts thereof as well as the need for establishing production requirements and limitations and the extent thereof as to each person or operator within the district for the ensuing water year. In computing and fixing the amount of any such basin equity assessment for any such person or operator within the district, the board may allow a percent not to exceed 10 percent, as shall be determined by the board of directors of the district, for delinquencies. Notice of the proposed hearing shall be published in the district pursuant to Section 6061 of the Government Code at least 10 days prior to the date set for the hearing.

The notice shall set forth the following:

(1) That a report regarding water supplies within the district has been prepared.

(2) The date, time, and place of the proposed hearing.

(3) The board shall consider at the hearing the need and desirability of levying basin equity assessments and the amounts thereof, as well as establishing production requirements and limitations, on persons and operators within the district for the ensuing water year and surcharges in connection therewith.

(4) An invitation to all persons and operators to appear at the public hearing and be heard in regard to any of the foregoing matters.

(g) At the hearing, the board shall hear, take, and receive all competent evidence presented and offered in regard to the need for basin equity assessments, production requirements and limitations in general, and specifically, the extent of those requirements or limitations as to each person or operator within the district, the amount of the basin equity assessment which shall be levied against each person and operator for all purposes other than irrigation at uniform or nonuniform rates and may be levied against each person and operator for irrigation purposes at uniform or nonuniform rates for the ensuing water year and the amount of surcharges for production in excess of the basin production limitations. Subsequent to the hearing, the board may, by adopting a resolution which resolution shall require the vote of eight members of the board, find and determine for the ensuing water year as follows:

(1) The estimated total amount of water to be produced by all persons and operators within the district from the groundwater within the district and the estimated amount to be produced by such persons and operators from supplemental sources.

(2) The basin production percentage.

(3) That a basin equity assessment and production requirement and limitation from groundwater within the district are necessary for the protection of the water supply of the district.

(4) The surcharge, in an amount to be determined in the discretion of the board, for production in excess of the production limitations.

(5) The amount of the basin equity assessment to be levied against each person and operator in a dollar amount per acre-foot of water produced from the groundwater supply for all purposes other than irrigation, which basin equity assessment need not be uniform as to each such person or operator within the district and that the amount is reasonable.

(6) The amount of the basin equity assessment to be levied against each person and operator in a dollar amount per acre-foot of water produced from the groundwater supply for irrigation purposes, which basin equity assessment need not be uniform as to each such person or operator within the district, and that the amount is reasonable.

(7) Production requirements or limitations and the surcharge for production in excess of the basin production limitations on persons and operators within the district shall be applicable during the ensuing water year. The requirements and limitations shall be on the amount of groundwater produced by those persons and operators expressed in a percentage of overall water produced or obtained by those persons or operators from groundwater within the district and from supplemental sources.

(8) That during the ensuing water year, upon the district giving published notice thereof, pursuant to Section 6061 of the Government Code in a newspaper of general circulation printed and published within the district at least 10 days prior to such a hearing, a subsequent public hearing may be held to modify the basin production percentage, any basin equity assessment, any production requirement or limitation, or the surcharge for production in excess of the production limitation established by the district. The modifications, if any, shall be effective on the date established by the board and the district shall give notice of the modification 10 days prior to the effective date thereof in the manner provided hereafter in subdivision (e).

(h) (1) The board may exclude all persons and operators who produced 25 acre-feet or less of water from groundwater within the district during the ensuing water year from the levy of the basin equity assessment and the production requirements and limitations provided for herein.

(2) The findings and determinations of the board in regard to any of the foregoing shall be final, conclusive, and binding upon all persons and parties.

(i) The district shall thereafter, and in any event prior to July 1 in each year, give notice to each person or operator within the district which notice shall state the following:

(1) The amount of the basin equity assessment levied against that person or operator per acre-foot of water produced for purposes other than irrigation and the amount of the basin equity assessment levied against that person or operator per acre-foot of water produced for irrigation purposes.

(2) The basin production percentage.

(3) The production requirement or limitation upon the person or operator.

(4) The amount of surcharge imposed for production in excess of the basin production limitations.

The notice provided for herein and the notice of any subsequent modifications may be sent by post card or by other first-class mail with postage prepaid by the district.

(j) (1) Each person or operator within the district not excluded from the levy of a basin equity assessment and the production requirements and limitations, shall file with the district, on or before the 30th day of September of each year, a basin equity assessment report in the form prescribed by the district setting forth the total amounts of water produced from groundwater within the district and from supplemental sources during the preceding water year by such person or operator. The statement shall be verified by a written declaration under penalty of perjury.

(2) If the person or operator has been required by the district to produce or has in fact produced more water from groundwater within the district than the equivalent of the basin production percentage determined by the district, that person or operator shall pay to the district, on or before September 30, an amount determined by the number of acre-feet of water which the person or operator has produced from groundwater within the district in excess of the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment rate applicable to that person or operator, plus the amount of surcharge due for production in excess of the production limitations.

(3) If a person or operator, pursuant to the requirement of the district, has produced from groundwater within the district less than the equivalent of the basin production percentage, such person or operator, on or before the 30th day of November, shall be paid by the district from the basin equity assessment fund an amount determined by the number of acre-feet by which the production of such person or operator from groundwater as required by the district is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment rate applicable to that person or operator, or if the production of such person or operator from groundwater is more than the production required by the district and less than the equivalent of the basin equity production percentage, then such person or operator shall be paid by the district an amount determined by the number of acre-feet by which the actual production of such person or operator from groundwater is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment applicable to that person or operator.

(k) If any person or operator shall fail to pay, when due, the applicable basin equity assessment or surcharge due for production in excess of the production limitations, the district shall charge interest on the delinquent amount at the rate of 1 percent each

month or fraction thereof for which the amount remains delinquent. Should any person or operator within the district fail to file a basin equity assessment report on or before the 30th day of September of any year, the district shall, in addition to charging interest as provided herein, assess a penalty charge against that person or operator in the amount of 10 percent of the amount found by the district to be due.

(*l*) (1) The district may, from time to time, require other reports from persons and operators as necessary and desirable in the application of the basin equity assessment procedures provided herein.

(2) Upon good cause shown, an amendment to any report required under this section may be filed or a correction of any such report may be made within six months after the date the report was filed with the district.

SEC. 11. Section 34 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 34. The district may bring a suit in the court having jurisdiction against any operator of a water-producing facility within the district for the collection of any delinquent replenishment assessment or basin equity assessment. As a provisional remedy in any such action, the district may seek an attachment against the property of any such delinquent water-producing facility operator named as a defendant therein, the appointment of a receiver to collect revenues generated directly or indirectly to that operator from the production of the water-producing facility, or both an attachment and the appointment of a receiver. Prior to making application to the court for an order providing for the attachment of property or the appointment of a receiver, the district shall provide mailed notice to each person or entity known to the district to be an operator of or a user or consumer of water from the water-producing facility, which notice shall set forth the amount of the delinquency, the remedy or remedies to be sought by the district, and the reasons therefor. The cost and expenses incurred in executing the attachment or for the receiver shall be recovered as costs by the district. The court having jurisdiction of the suit may, in addition to allowing recovery of costs to the district as allowed by law, fix and allow as part of the judgment, interest and penalties as provided in Section 29. Should the district, as a provisional remedy in bringing the suit, seek an attachment against the property of any named defendant therein, or the appointment of a receiver as described in this section, the district shall not be required to provide a bond or undertaking as is otherwise provided for in the Code of Civil Procedure of the State of California in Part 2 of Title 7 of Chapter 4 thereof.

SEC. 12. Section 38.1 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 38.1. (a) Any water-producing facility which is producing water within the exterior boundaries of the district may be exempted

by order of the board of directors from any or all of the following, upon the filing of a verified petition by the owner of the water-producing facility and the findings required to be made by this section:

(1) The payment of all or any portion of the replenishment assessments.

(2) The levy of all or any portion of the basin equity assessment applicable to the owner or operator of the facility or facilities.

(3) The production requirements and limitations provided for in this act.

(b) The petition shall be filed with the board of directors of the district and shall include a description of the land upon which the water-producing facility is located, a description of the water-producing facility, a statement of water quality analysis of the water produced by the water-producing facility, the names and addresses of the owners of the water-producing facility, and shall set forth the purpose or purposes for which any water produced from the water-producing facility will be used. The petition may include one or more water-producing facilities located in the same general area, provided each of those facilities are owned by the same owner. The petitioner shall pay to the district the expenses of advertising and costs incident to the proceedings.

(c) Upon the filing of the petition, the general manager of the district shall cause an investigation to be made by the district geologist or an engineer or engineers for the purpose of determining whether the water produced by the water-producing facility is suitable or unsuitable for domestic or agricultural purposes. Upon completion of the investigation, a report of the results thereof shall be filed with the board of directors and a copy shall be mailed to the petitioner. Upon filing of the report, the board of directors shall fix a time for a hearing upon the petition and report, which time shall be not less than 10 days and not more than 75 days after the filing of the report, and shall cause a notice of the filing thereof and time and place fixed for the holding of the hearing to be published one time, at least 10 days before the date fixed for the hearing, in a newspaper of general circulation printed and published within the district. A copy of the notice shall be mailed to the petitioner by first-class mail with postage prepaid not less than seven days prior to the date of the hearing.

(d) At the time of the hearing, the board of directors shall determine the quality of the water produced from the water-producing facility or facilities and the impact on the water supplies of the district from production of that water. The board of directors may exempt the water produced from the water-producing facility or facilities from the levy and payment of all or a portion of the replenishment assessments and basin equity assessment, and from the production requirements and limitations under this act, as follows:

(1) If the board of directors finds and determines that the water

produced from the facility or facilities or any of them is unsuitable for domestic or agricultural purposes, and further finds and determines that the production of that unsuitable water will have no adverse effects on the groundwater supplies of the district, the board of directors may make an order that water produced from the water-producing facility or facilities shall be exempted from any or all of the following:

(A) The payment of all or any portion of the replenishment assessments.

(B) The levy of all or any portion of the basin equity assessment applicable to the owner or operator of the facility or facilities.

(C) The production requirements and limitations as provided in this act.

(2) If the board of directors finds and determines that the water produced from the facility or facilities or any of them has or will have a beneficial effect upon the quality of the water supplies of the district, the board of directors may make an order that water produced from the water-producing facility or facilities shall be exempted from either or both of the following:

(A) The levy of all or any portion of the basin equity assessment applicable to the owner or operator of the facility or facilities.

(B) The production requirements and limitations as provided in this act.

(e) Nothing contained in this section shall exclude the operator of any water-producing facility exempted from the payments of all or any portion of replenishment assessments from affixing a water-measuring device to the facility as provided in Section 35 or from filing the water production statements provided for in Section 29.

(f) The board of directors of the district may from time to time require that the owner of any water-producing facility or facilities, which are exempted from the payment of all or any portion of either the replenishment assessments or the basin equity assessments, or from the production requirements or limitations, provide additional water quality analyses of water being produced from any water-producing facility which has been so exempted.

(g) The district shall at all times have the right to enter upon the premises where an exempted water-producing facility or facilities are located for the purpose of obtaining samples of the water being produced.

(h) If at any time it appears that the quality of water being produced from a water-producing facility which has been exempted from payment of all or any portion of the replenishment assessments, from the levy of all or any portion of the basin equity assessment applicable to the owner or operator of that facility or facilities, or from the production requirements and limitations, has become suitable for domestic or irrigation purposes, or if at any time it appears that the production of that water does not have a beneficial effect upon the quality of the water supplies of the district, the board

of directors shall fix a time for a hearing to determine whether the water produced from the water-producing facility either:

(1) Has become suitable for domestic or agricultural purposes in the case of any exemption granted under paragraph (1) of subdivision (d).

(2) That the production of that water no longer has a beneficial effect upon the quality of the water supplies of the district in the case of any exemption granted under paragraph (2) of subdivision (d). The board of directors of the district shall cause a notice of the hearing to be published one time, at least 10 days before the date fixed for the hearing, in a newspaper of general circulation printed and published within the district. A copy of the notice shall be mailed to the owner of the water-producing facility by first-class mail with postage prepaid not less than seven days prior to the date of the hearing.

(i) If upon the hearing, the board of directors finds and determines either that the quality of the water being produced from the water-producing facility has become suitable for domestic or irrigation purposes or that the production of water therefrom will have an adverse effect on the groundwater supplies of the district in the case of any exemption granted under paragraph (1) of subdivision (d), or that the production of water from the water-producing facility does not have a beneficial effect upon the quality of the water supplies of the district in the case of any exemption granted under paragraph (2) of subdivision (d), the board of directors shall make an order that the exemption or exemptions previously granted with respect to that water production shall be canceled or modified. Notice of the cancellation or modification of any exemption shall be sent to the owner of the specified water-producing facility by first-class mail with postage prepaid. The effective date of the cancellation or modification of any exemption shall be 10 days after the date of mailing of the notice of cancellation or modification.

Sec. 13. Section 52 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 52. The secretary of the board of directors shall cause a notice of the filing of the petition to be published in the district pursuant to Section 6066 of the Government Code. The notice shall state the purpose of the petition and describe the boundaries of the tract of land proposed to be included and give the names of the petitioners, and it shall notify all persons interested in or that may be affected by the proposed inclusion of the land within the district to appear at the office of the board at a time named in the notice for the hearing of the petition, and objections thereto and show cause in writing, why the land or any of it should not be included as proposed in the petition. The time to be specified in the notice for the hearing of the petition and any objections thereto shall be a meeting of the board after the expiration of the time for the publication of the notice. The petitioners shall advance to the secretary sufficient

money to pay for the publication of the notice, otherwise the secretary shall refuse to publish the notice.

Sec. 14. Section 67 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 67. The secretary of the board of directors shall cause a notice of the filing of the petition to be published in the district pursuant to Section 6066 of the Government Code. The notice shall state the filing of the petition, the names of the petitioners, a description of the lands mentioned in the petition, and the prayer of the petition; and it shall notify all persons interested in, or who may be affected by the change of the boundaries of the district, to appear at the office of the board at a time named in the notice, and show cause, in writing, why the change of the boundaries of the district, as proposed in the petition, should not be made. The time to be specified in the notice at which they shall be required to show cause shall be a meeting of the board after the expiration of the time for the publication of the notice.

CHAPTER 803

An act to amend Sections 11837, 11837.1 11837.2, 11837.4, and 11837.5 of the Health and Safety Code, to amend Sections 23161, 23166, 23181, and 23186 of the Vehicle Code, and to repeal Section 13 of Chapter 1041 of the Statutes of 1987, relating to driving offenses.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of an alcoholic beverage or under the combined influence of an alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least 18 months in a program designed to offer alcohol services to problem drinkers that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 23161 in a licensed alcohol or drug education and counseling services program or pursuant to Section 23166, 23171, 23176, 23181, 23186, or 23191 of the

Vehicle Code, to a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter.

(c) The court may, as a condition of probation, refer a first offender to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code to attend all of the education, group counseling, and interview sessions described in Sections 9834, 9836, and 9838 of Title 9 of the California Code of Regulations if ordered to participate in six, nine, or 12 months of program activities. Notwithstanding Section 13352.5 of the Vehicle Code, if a first offender is referred to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code, that person may participate in a program if convicted of another offense punishable under Section 23165 or 23185 of the Vehicle Code.

(d) The court may, subject to Sections 11837.2, 11837.3, and 11838.2 and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in subdivision (e) of Section 9838 of Title 9 of the California Administrative Code, if there is no increase in the costs of the program to the convicted person.

(e) As used in this chapter, "program" means a program which has been recommended by the county board of supervisors to the department and possesses a valid license issued by the department.

SEC. 2. Section 11837.1 of the Health and Safety Code is amended to read:

11837.1. (a) In utilizing any program defined in subdivision (e) of Section 11837, the court may require periodic reports concerning the performance of each person referred to and participating in a program. The program shall provide the court, the Department of Motor Vehicles, and the person referred to and participating in a program, with an immediate report of any failure of the person to comply with the program's rules and policies.

(b) (1) If, at any time after entry into or while participating in a program, a participant who is referred to an 18-month program

described in Section 23166 or 23186 of the Vehicle Code fails to comply with the rules and policies of the program, and that fact is reported, the Department of Motor Vehicles shall revoke or suspend the privilege of that person to operate a motor vehicle for the period prescribed by law in accordance with Section 13352.5 of the Vehicle Code, except as otherwise provided in this section. The Department of Motor Vehicles shall notify the person and the court of its intended action and shall inform the person of the opportunity to be reinstated in the program and to avoid suspension of the driving privilege.

(2) Notwithstanding paragraph (1), the Department of Motor Vehicles shall not suspend the driving privilege pursuant to paragraph (1) if the court, upon the petition of the person, determines that the person should be reinstated in the 18-month program. The determination by the court shall be made within 45 days of the notice from the department of the intended action or such additional time, not to exceed an additional 45 days, for the determination as is required, ordered, and transmitted to the Department of Motor Vehicles by the court, which additional time is not caused by any action or failure to act by the person. Upon timely presentation by the person to the Department of Motor Vehicles of evidence satisfactory to the Department of Motor Vehicles that the court of jurisdiction has consented to the person's reinstatement in the program and that the person is currently participating in the program, the Department of Motor Vehicles shall continue in effect the restriction of the driving privilege prescribed by Section 13352.5 of the Vehicle Code unless the person has previously been reinstated in the program on two or more prior occasions, in which case the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code. If the court fails to grant the person's petition for reinstatement in the program, the court shall suspend the person's driving privilege until the time the person's driving privilege is suspended or revoked by the Department of Motor Vehicles pursuant to subdivision (d) of Section 13352.5 of the Vehicle Code.

(c) If, at any time after referral to or while participating in a program, a participant who is referred to an alcohol or drug education and counseling program pursuant to Section 23161 or 23181 of the Vehicle Code, to an 18-month program pursuant to Section 23166 or 23186 of the Vehicle Code, or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code, refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 23157 of the Vehicle Code, his or her participation in the program shall be terminated and, the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. The period of suspension or revocation shall

be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(d) If the department withdraws the license of a program, the department shall immediately notify the Department of Motor Vehicles of those persons who do not commence participation in a licensed program within 21 days from the date of the withdrawal of the license of the program in which the persons were previously participating. The Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of each of those persons referred to an 18-month program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code.

SEC. 3. Section 11837.2 of the Health and Safety Code is amended to read:

11837.2. (a) The court may refer persons only to licensed programs. Subject to these provisions, a person is eligible to participate in the program if it is operating in (1) the county where the person is convicted, or (2) the county where the person resides, or (3) a county that has an agreement with such person's county of residence pursuant to Section 11838, or (4) a county to which a person may request transfer pursuant to subdivision (d).

If a person granted probation under Section 23166 or 23186 of the Vehicle Code cannot be referred to a licensed 18-month program pursuant to this section, Section 13352.5 of the Vehicle Code does not apply.

(b) If a person has consented to participate in a licensed program and the county where the person is convicted is the same county in which the person resides, the court may order the person to participate in a licensed program within that county, or, if that county does not have a licensed program, the court may order that person to participate in a licensed program within another county, pursuant to Section 11838.

(c) If a person has consented to participate in a licensed program in the county in which that person resides or in a county in which the person's county of residence has an agreement pursuant to Section 11837, and the county where the person is convicted is not the county where the person resides, and if the court grants the person summary probation, the court may order the person to participate in a licensed program in that county. In lieu of summary probation, the court may utilize the probation officer to implement the orders of the court. If the county in which the person resides does not have a licensed program or an agreement with another county pursuant to Section 11838 and the person consents, the court may order the person to participate in a licensed program within the county where that person is convicted or in a county with which the county has an agreement pursuant to Section 11838.

(d) Except as otherwise provided in subdivision (e), subsequent

to a person's commencement of participation in a program, the person may request transfer to another licensed program (1) in the same county in which the person has commenced participation in the program, upon approval of that county's alcohol program administrator, or (2) in a county other than the county in which the person has commenced participation in the program, upon approval of the alcohol program administrator of the county in which the person is participating and the county to which the person is requesting transfer.

(e) Subdivision (d) does not apply (1) if the court has ordered the person to participate in a specific licensed program, unless the court orders the transfer or, (2) if the person is under formal probation, unless the probation officer consents to the transfer. The department shall establish reporting forms and procedures to ensure that the court receives notice of any program transfer pursuant to this subdivision or subdivision (d).

(f) Jurisdiction of all postconviction matters arising pursuant to this section may be retained by the court of conviction.

(g) The department, in cooperation with the Department of Motor Vehicles and the alcohol program administrators, shall establish procedures to ensure the effective implementation of this section.

SEC. 4. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) No program, regardless of how it is funded, may be licensed unless all of the requirements of this chapter and of the regulations adopted pursuant to this chapter have been met.

(b) Each licensed program shall include, but not be limited to, the following:

(1) For the alcohol or drug education and counseling services programs specified in subdivision (b) of Section 11837, each program shall provide for close and regular face-to-face interviews. For the 18-month programs specified in subdivision (a) of Section 11837, each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program for the first 12 months of the program and shall provide only community reentry supervision during the final six months of the program. In the last six months of the 18-month program, the provider shall monitor the participant's community reentry activity with self-help groups, employment, family, and other areas of self-improvement. Unless otherwise ordered by the court, the provider's monitoring services is limited to not more than six hours. For the 30-month programs specified in subdivision (b) of Section 23171, subdivision (b) of Section 23176, and subdivision (b) of Section 23191 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking.

alcoholism, chemical dependency, or polydrug abuse, as prescribed by regulations of the department. The interviews in any of those programs shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who can successfully document current inability to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts which will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus, that does not exceed the maximum level established by the department, may be utilized for any purposes allowable under any other provisions of law. In its regulations, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms "profits" and "surplus." The department shall fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) The licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its regulations what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any group discussion or counseling activity, other than classes or lectures, shall be regularly scheduled to consist of not more than 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. At no time shall there be more than 17 persons in attendance at any one meeting. For the 30-month programs specified in subdivision (b) of

Section 23171, subdivision (b) of Section 23176, and subdivision (b) of Section 23191 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of chemicals of any kind, for not less than 120 hours and not more than 300 hours, as determined by the court, with one-half of that time to be served during the initial 18 months of program participation and one-half of that time to be served in the final 12 months. In determining whether or not the participant has met the objectives of the program, the compendium of evidence shall also include, and the court shall consider, the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or other appropriate governmental agency. The program officials, unless prohibited by the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license issued by the State of California to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(c) No program may be licensed unless the county complies with

the requirements of subdivision (b) of Section 11812. The provider of a program that offers an alcohol or drug education and counseling services program, an 18-month program, or a 30-month program or any or all of those programs described in this section shall be required to obtain only one license. The department's regulations shall specify the requirements for the establishment of each program. The license issued by the department shall identify the program or programs licensed to operate.

(d) Departmental approval for the establishment of a 30-month program by a licensed 18-month program is contingent upon approval by the county alcohol program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction of the court.

(e) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(f) The department may license a program on a provisional basis.

SEC. 4.5. Section 11837.5 of the Health and Safety Code is amended to read:

11837.5. (a) No person may participate in any program that has not been licensed by the department pursuant to this chapter.

(b) The department shall charge reasonable fees for licensing drinking driver programs. The department shall set the fees in an amount sufficient to cover all administrative costs incurred by the department and to reimburse the Department of Motor Vehicles for the costs of the evaluation and report required by Section 9 of Senate Bill 1344 of the 1989–90 Regular Session.

(c) The department may fine a provider who is delinquent in the payment of licensing fees. The department shall deposit fines collected from delinquent providers in the Drinking Driver Program Licensing Trust Fund, and the revenues from the fines shall be used, upon appropriation, to offset costs incurred by the department in the administration of the program and to reimburse the Department of Motor Vehicles for the costs of the evaluation and report required by Section 9 of Senate Bill 1344 of the 1989–90 Regular Session.

(d) If a program fails to pay licensing fees or assessed fines , the department may deny an initial license or revoke an existing license.

(e) There is established in the State Treasury a Drinking Driver Program Licensing Trust Fund. All fees and fines collected from drinking driver programs shall be deposited in this fund. The money in the fund shall be available when appropriated by the Legislature.

(f) The department shall prepare an annual report on the assets, liabilities, and balance in the Drinking Driver Program Licensing Trust Fund. The report shall also include an itemized statement of income and expenses for the trust fund since the last report The

department shall submit the report to the Legislature and shall furnish a copy of the report, upon request, to any provider of a drinking driver program.

(g) Licensing fees shall be evaluated annually and based on the department's projected costs for the forthcoming fiscal year. Any excess fees remaining in the Drinking Driver Program Licensing Trust Fund at the close of the fiscal year shall be carried forward and taken into consideration in establishment of fees for the subsequent fiscal year. If the department proposes to increase the licensing fees, the department shall justify the increase to the Legislature by showing that sufficient assets are not currently available in the Drinking Driver Program Licensing Trust Fund and that current licensing fee collections are not sufficient to support current or planned expenses of the department for drinking driver program licensing activities.

(h) Licensing fee collection procedures, which include the assessment of fines for delinquent fee payments, shall be defined in regulations adopted pursuant to this chapter.

SEC. 5. Section 23161 of the Vehicle Code is amended to read:

23161. (a) Except as provided in subdivision (f), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be subject to one of the following:

Whenever the driving privilege is restricted under this section, proof of ability to respond in damages as defined in Section 16430 shall be maintained for three years

(b) (1) Each county shall, through the county alcohol program administrator, determine its ability to establish, through public or private resources, a program, which is self-supporting through fees collected from program participants, of alcohol or drug education and counseling services, of at least three months' duration and totaling at least 30 hours of direct education and counseling services,

which shall be authorized by each county and licensed by, and operated under general regulations established by, the State Department of Alcohol and Drug Programs. A county which shows the State Department of Alcohol and Drug Programs that it has insufficient resources, insufficient potential program participants, or other material disadvantages is not required to establish such a program.

(2) The State Department of Alcohol and Drug Programs may license an alcohol or drug education program that is less than 30 hours in length in any county where the board of supervisors has provided the showing pursuant to paragraph (1), and the State Department of Alcohol and Drug Programs has upheld that showing. The shorter program is subject to all other applicable regulations developed by that state department pursuant to paragraph (3) of subdivision (b) of Section 11837.4.

(3) In any county where the board of supervisors has approved and the State Department of Alcohol and Drug Programs has licensed such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education and counseling program, or both of these programs, in the driver's county of residence or employment, as designated by the court.

(3) The court, in establishing the reporting requirements in this

subdivision, shall consult with the county alcohol program administrator. The county alcohol program administrator shall coordinate the reporting requirements with the Department of Motor Vehicles and the State Department of Alcohol and Drug Programs. That reporting shall ensure that all persons who, after being ordered to attend and complete a program, may be identified for either (1) failure to enroll in, or failure to successfully complete, the program, or (2) successful completion of the program as ordered.

(f) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate issued pursuant to Section 12804.1, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352.

SEC. 6. Section 23166 of the Vehicle Code is amended to read:

The Department of Motor Vehicles shall not suspend the person's privilege to operate a motor vehicle under Section 13352, as provided in Section 13352.5, unless the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1.

(d) In order to assure effectiveness of the alcohol or drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) (1) Any person required to successfully complete an alcohol or drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. CHAPTER 804

An act to amend Section 4726 of the Civil Code, and to amend Sections 10815, 11475.1, and 11490 of the Welfare and Institutions Code, relating to family law.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4726 of the Civil Code is amended to read:

4726. (a) (1) The court shall require that health insurance coverage for the supported children shall be maintained by either or both parents if that insurance is available at no cost or at reasonable cost to the parent or parents. In cases in which the court determines that health insurance coverage is not available at no or reasonable cost, the court's order for support shall contain a provision which specifies that health insurance coverage shall be obtained if it becomes available at no or reasonable cost. Upon health insurance coverage at no or reasonable cost becoming available to the parent or parents, the parent or parents shall apply for that coverage.

(2) The court shall generally consider health insurance coverage to be reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. If the court determines that the cost of health insurance coverage is not reasonable, the court shall state its reasons on the record.

(3) As used in this section, "health insurance coverage" also includes provision for the delivery of health care services by a fee for service, health maintenance organization, preferred provider organization, or any other type of health care delivery system under which medical services could be provided to the dependent child or children of an absent parent.

(b) Where the district attorney has been designated as the assigned payee for child support, the court shall order the parent or parents to notify the district attorney upon applying for and obtaining health insurance coverage for the child within a reasonable period of time.

The district attorney shall obtain a completed medical form from the parent or parents in accordance with Section 11490 of the Welfare and Institutions Code and shall forward the completed form to the State Department of Health Services.

(c) In those cases where the district attorney is providing medical support enforcement services, the district attorney shall provide the parent or person having custody of the child or children with information pertaining to the health insurance policy which has been secured for that child or children.

(d) This section is applicable in all cases, irrespective of whether

the support award made is based on the mandatory minimum schedule or a higher amount based on a state or county schedule.

SEC. 1.5. Section 4726 of the Civil Code is amended to read:

4726. (a) (1) The court shall require that health insurance coverage for the supported children shall be maintained by either or both parents if that insurance is available at no cost or at reasonable cost to the parent or parents. In cases in which the court determines that health insurance coverage is not available at no or reasonable cost, the court's order for support shall contain a provision which specifies that health insurance coverage shall be obtained if it becomes available at no or reasonable cost. Upon health insurance coverage at no or reasonable cost becoming available to the parent or parents, the parent or parents shall apply for that coverage.

(2) The court shall generally consider health insurance coverage to be reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. If the court determines that the cost of health insurance coverage is not reasonable, the court shall state its reasons on the record.

(3) As used in this section "health insurance coverage" includes vision care and dental care coverage whether the vision care or dental care coverage is part of existing health insurance coverage or is issued as a separate policy or plan. "Health insurance coverage" also includes provision for the delivery of health care services by a fee for service, health maintenance organization, preferred provider organization, or any other type of health care delivery system under which medical services could be provided to the dependent child or children of an absent parent.

(b) Where the district attorney has been designated as the assigned payee for child support, the court shall order the parent or parents to notify the district attorney upon applying for and obtaining health insurance coverage for the child within a reasonable period of time.

The district attorney shall obtain a completed medical form from the parent or parents in accordance with Section 11490 of the Welfare and Institutions Code and shall forward the completed form to the State Department of Health Services.

(c) In those cases where the district attorney is providing medical support enforcement services, the district attorney shall provide the parent or person having custody of the child or children with information pertaining to the health insurance policy which has been secured for that child or children.

(d) This section is applicable in all cases, irrespective of whether the support award made is based on the mandatory minimum schedule or a higher amount based on a state or county schedule.

SEC. 2. Section 10815 of the Welfare and Institutions Code is amended to read:

10815. (a) The department shall ensure the efficient, effective, and equitable administration of public assistance programs by

implementing, in accordance with the provisions of this chapter, a statewide automated welfare system based upon state-mandated standards for the following public assistance programs: Aid to Families with Dependent Children-unemployed parents, Aid to Families with Dependent Children-family group, Aid to Families with Dependent Children-foster care, food stamps, Medi-Cal eligibility, aid for adoption of children, special adult programs, and, to the extent feasible, social services programs.

(b) In addition, for the child support enforcement program, the department shall submit an advance automated planning document to the Secretary of the United States Department of Health and Human Services on or before October 1, 1990, which does all of the following:

(1) Meets all of the requirements for a statewide automated system specified in Title IV-D of the federal Social Security Act.

(2) Interfaces with the system or systems developed for public assistance programs.

(3) Operates in all political subdivisions, except Los Angeles County, which county shall develop and implement an automated system which interfaces with the statewide automated system.

SEC. 3. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child is receiving public assistance, including Medi-Cal, and when requested to do so by the individual on whose behalf the enforcement efforts will be made when the child is not receiving public assistance, including Medi-Cal. To the extent required by federal law, actions brought by the district attorney to establish or enforce support obligations in all cases, other than paternity cases or those cases involving complex issues, shall be completed within the following time limits: (1) 90 percent of the actions shall be completed within three months from the date of service; (2) 98 percent of the actions shall be completed within six months from the date of service; and (3) 100 percent of the actions shall be completed within 12 months from the date of service. As used in this section, "service" means the service of process required by law for the particular proceeding. This responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act, the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date. In any action brought or enforcement proceedings instituted by the district attorney

pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child and spousal support enforcement services are provided to all individuals whether or not they are recipients of public social services.

In any action for child support brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under subdivision (a) of Section 7004 of the Civil Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of

a spouse or former spouse as authorized under any other provision of law.

As used in this subdivision, "complex issues" means issues arising in the following types of cases: (1) any case which could directly result in a person's incarceration; (2) any case involving the right to jury trial; and (3) any case so deemed by a commissioner, a referee, or a superior court judge.

In counties which operate an expedited process in accordance with Section 640.1 of the Code of Civil Procedure, commissioners and referees shall order a temporary support obligation under the expedited process in complex cases, as defined in this section, prior to referring those cases to the full judicial system.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 808

An act to amend Section 16000 of, and to add Section 16000.1 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The current provisions of the Financial Responsibility Laws inadvertently do not permit the Department of Motor Vehicles to

exercise its authority to suspend the driving privilege of an uninsured motorist who inflicts bodily injury or death upon individuals or who damages vehicles, buildings, or other property located on public and private property off the streets and highways. The Legislature further finds and declares that untold numbers of Californians are victims involved in these accidents.

(b) It is the intent of the Legislature in amending the Financial Responsibility Laws to strengthen enforcement actions against uninsured motorists and to provide additional remedies for the victims of uninsured motorist accidents occurring off the streets and highways as soon as the department can reasonably implement the changes in Section 16000 of the Vehicle Code made by this act.

SEC. 2. Section 16000 of the Vehicle Code is amended to read:

16000. The driver of every motor vehicle who is in any manner involved in an accident originating from the operation of a motor vehicle on any street or highway or any reportable off-highway accident defined in Section 16000.1 which has resulted in damage to the property of any one person in excess of five hundred dollars ($500) or in bodily injury or in the death of any person shall within 10 days after the accident, report the accident on a form approved by the department to the office of the department at Sacramento, subject to the provisions of this chapter. A report shall not be required in the event that the motor vehicle involved in the accident was owned or leased by or under the direction of the United States, this state, or any political subdivision of this state or any municipality of this state.

SEC. 3. Section 16000.1 is added to the Vehicle Code, to read:

16000.1. (a) For purposes of this division, a "reportable off-highway accident" means an accident which includes all of the following:

(1) Occurs off the street or highway.

(2) Involves a vehicle that is subject to registration under this code.

(3) Results in damages to the property of any one person in excess of five hundred dollars ($500) or in bodily injury or in the death of any person.

(b) A "reportable off-highway accident" does not include any accident which occurs off-highway in which damage occurs only to the property of the driver or owner of the motor vehicle and no bodily injury or death of a person occurs.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

SEC. 5. This act shall become operative on July 1, 1990.

CHAPTER 809

An act to amend Sections 66780.5, 66796.32, 66798, 66798.1, 66798.4, 66798.5, and 66798.7 of, to amend the heading of Article 9 (commencing with Section 66798) of Chapter 3 of Title 7.3 of, and to add Sections 66798.2 and 66798.9 to, the Government Code, relating to hazardous waste.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66780.5 of the Government Code is amended to read:

66780.5. In addition to the other requirements of this title, the county solid waste management plan prepared pursuant to Section 66780 shall:

(a) Include in the first revision as required in Section 66780.7 an amendment delineating an enforcement program in accordance with Chapter 3 (commencing with Section 66795), which has been reviewed by the board and the State Department of Health Services.

(b) (1) Except as provided in paragraph (2), on or before the next review of the plan occurring after January 1, 1990, a household hazardous waste plan shall be prepared by a county and each city within a county which identifies a program for the safe collection, recycling, and disposal of hazardous wastes, as defined in Section 25117 of the Health and Safety Code, which are generated by households and which should be separated from the solid waste stream, in accordance with the guidelines adopted pursuant to Section 66798.4. The household hazardous waste plan shall be in the form of an attachment to the county solid waste management plan.

(2) If a county, or a city within a county, demonstrates to the board that, due to the county's or city's small geographic size or population, or due to the small quantity of household hazardous waste generated in the city or county, the preparation and implementation of a program for the collection, recycling, and disposal of hazardous waste generated by households, as specified in paragraph (1), is not feasible, and the board concurs in this demonstration, the county solid waste management plan shall instead include an attachment to the county solid waste management plan which specifies a method to address the needs of the households located within that county.

(c) Be reviewed, and revised, if appropriate, at least every three years and revised where necessary to be consistent with state policy.

A report of the results of the plan review shall be submitted to the board and to the department beginning on the third anniversary of the date of board approval of the plan submitted pursuant to Section 66780 with subsequent reviews and reports at least every three years thereafter.

(d) Any amendment to the plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the amendment shall be approved by the city which contains a majority of the population of the incorporated area of the county. Each proposed amendment shall be submitted to each city within the county. Each city shall act upon the proposed amendment within 90 days after the city has received the amendment. If a city fails to act upon the proposed amendment within 90 days after receiving the amendment, the city shall be deemed to have approved the amendment as submitted. Each amendment shall be submitted to the board for approval as to its compliance with state policy.

(e) At the next revision of the plan occurring on or after January 1, 1987, the plan shall be revised to indicate the amount of asbestos waste generated in the county from asbestos removal projects and the sites or potential sites which have been designated to accept that waste. If it is concluded that the quantities of asbestos waste are not significant or that there are no sites located within the area covered by the county solid waste management plan where the asbestos waste could feasibly be disposed of, then the plan need not designate sites or potential sites for accepting such waste. If the plan does not designate sites or potential sites for accepting asbestos waste, then it shall identify measures which the county intends to take to secure the availability of sites for that purpose.

(f) In addition to the requirements of Section 66780.2, at the next revision of a solid waste management plan occurring on or after January 1, 1988, the plan shall be revised to include a plan by the county which establishes a goal of recycling 20 percent of the solid waste generated in the county, and actions the county will take to achieve this goal.

(g) When reviewing the county solid waste management plan pursuant to subdivision (c), the board may review and comment on the household hazardous waste plan or method, submitted pursuant to paragraph (1) or (2) of subdivision (b), and make recommendations to the local agency on revisions to the plan or method, as applicable. Each local agency shall certify to the board, on January 1, of each year following the submission of the plan or method, that the agency implemented its most recently submitted household hazardous waste plan or method.

SEC. 2. Section 66796.32 of the Government Code is amended to read:

66796.32. (a) Upon receipt of an application or report required by Section 66796.30, the enforcement agency shall submit a copy of

the application or report to the board within seven days.

(b) The enforcement agency shall not issue, modify, or revise a solid waste facilities permit unless it has, at least 45 days in advance, provided the board and the applicant with a copy of the proposed permit, which shall contain the terms and conditions the enforcement agency proposes to establish and unless the city or county in which the site is located has issued a land use permit authorizing the establishment or expansion of the site.

(c) Any solid waste facility permit for any new landfill, for laterally expanding or otherwise increasing the permitted capacity of an existing landfill, for any new waste-to-energy facility, or for increasing the capacity of an existing waste-to-energy facility, shall include a permit condition which precludes the solid waste facility from accepting any solid waste originating in a county which has not submitted a plan or method, as applicable, to the board meeting the requirements of subdivisions (b) and (f) of Section 66780.5. This subdivision applies to a county on and after the date which occurs after January 1, 1990, that the county's solid waste management plan is required to be revised as specified in subdivision (c) of Section 66780.5.

(d) Prior to forwarding a copy of the proposed solid waste facilities permit, the enforcement agency shall certify all of the following findings:

(1) The proposed solid waste facilities permit is consistent with the county solid waste management plan prepared pursuant to Section 66780.1.

(2) The proposed solid waste facilities permit is consistent with the standards adopted by the board.

(3) The city or county has found the proposed solid waste facility, if for a new or expanded site, consistent with its general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7.

(e) A decision to issue or not issue the permit shall be made by the enforcement agency within 120 days of the time application is filed unless waived by the applicant.

(f) The board shall, in writing, concur or object to the issuance, modification, or revision of any solid waste facilities permit within 40 days of the board's receipt of any proposed solid waste facilities permit submitted under subdivision (b). If the board determines that the permit would not be consistent with the county solid waste management plan or the state standards or if the city or county has not found, or has failed to make the finding that, the proposed solid waste facility is consistent with the applicable general plan, pursuant to Section 66796.41, the board shall object to provisions of the permit, and shall submit those objections to the enforcement agency for its consideration. If the board fails to concur or object in writing within that 40 days, it is deemed to have concurred in the issuance of the permit as submitted to it.

SEC. 3. The heading of Article 9 (commencing with Section

66798) of Chapter 3 of Title 7.3 of the Government Code is amended to read:

Article 9. Household Hazardous Waste Information and Collection

SEC. 4. Section 66798 of the Government Code is amended to read:

66798. (a) The Legislature finds and declares that, because hazardous substances are an integral part of daily life, it would benefit the public to have access to practical and consistent information concerning chemicals in daily life, products which contain hazardous substances, and proper procedures for the disposal of hazardous substances. This information would improve the ability of all Californians to assist in protecting the state's natural resources from environmental degradation.

(b) The Legislature also finds that the disposal of hazardous substances by households can be injurious to sanitation workers, the general public, and wildlife and domestic animals, and can pose a threat to the environment.

(c) The Legislature further finds and declares that each household in the state should have reasonable access to legal, convenient, and environmentally safe methods for the disposal of hazardous substances commonly found in and around homes.

(d) The Legislature, therefore, declares that the state should assist the efforts of local governments and other agencies to provide safer disposal methods for household hazardous waste and to provide public information on the proper disposal of hazardous substances commonly found in and around homes.

(e) For purposes of this article, "hazardous waste" has the same meaning as defined in Section 25117 of the Health and Safety Code, and "hazardous substance" has the same meaning as defined in Section 25316 of the Health and Safety Code.

SEC. 5. Section 66798.1 of the Government Code is amended to read:

66798.1. The board shall, in consultation with the advisory committee established pursuant to Section 66798.7, develop and implement a public information program to provide uniform and consistent information on the proper disposal of hazardous substances found in and around homes. The program may include information, consistent with product labeling, on the proper use and storage of products which contain hazardous substances.

The public information program shall be designed to provide uniform responses to public inquiries about household hazardous substances, and to assist the efforts of counties required to provide household hazardous waste collection, recycling, and disposal programs pursuant to Section 66798.2, and local agencies authorized to provide these programs.

The public information program shall include the development of

pamphlets or other written materials which could be used by local agencies in conjunction with household hazardous waste collection or other programs which these agencies may or are required to offer. The written materials shall be prepared with the intent of promoting consistency in how these local programs define and handle household hazardous wastes.

SEC. 6. Section 66798.2 is added to the Government Code, to read:

66798.2. (a) After a county solid waste management plan has been revised pursuant to subdivision (b) of Section 66780.5, and the revision has been approved pursuant to subdivision (d) of Section 66780.5, the county shall implement that portion of the household hazardous waste collection, recycling, and disposal program identified in the plan which serves the population of the unincorporated area of the county, and the cities or other appropriate local agencies within the county shall implement, for their respective jurisdictions, that portion of the household hazardous waste collection, recycling, and disposal program identified in the plan which serves the population of the incorporated area of the county.

(b) Subdivision (a) does not prohibit a city or county from jointly implementing the household hazardous waste collection, recycling, and disposal program, or another local agency from implementing the program in the county pursuant to the mutual agreement of the local agencies involved in implementing the program.

SEC. 7. Section 66798.4 of the Government Code is amended to read:

66798.4. (a) The board shall prepare, in consultation with the department and the advisory committee established pursuant to Section 66798.7, guidelines and a state policy to guide the efforts of local agencies to provide household hazardous waste collection, recycling, and disposal programs pursuant to this article. The guidelines required by this section shall allow adequate flexibility to local agencies in meeting their individual needs, to the extent that the local agency's program does not conflict with the state policy prepared pursuant to this subdivision, and shall include all the following elements:

(1) Development of a model operation plan for community household hazardous waste collection, recycling, and disposal programs required to be identified pursuant to subdivision (b) of Section 66780.5. The model operation plan shall include a description of proper procedures for hazardous waste handling, storage, transportation, and personnel training.

(2) The establishment of guidelines on the generic types of household hazardous substances which should be disposed of as hazardous waste, and guidelines on the safe management of hazardous wastes generated by households which may be excluded from household hazardous waste collection programs but which may require some special handling. In establishing guidelines on which

products should be disposed of as hazardous waste, the board shall consider such factors as toxicity, concentration of toxic ingredients in a product, and other appropriate factors. The board shall also consider the appropriateness of excluding from any listing of household hazardous wastes specific categories of household products, such as products intended for human consumption, personal hygiene products, and other categories of household products intended for general consumer use.

(b) The guidelines and operation plan prepared pursuant to subdivision (a) shall, upon request, be made available to local agencies and the public. The board shall advise county health offices of the availability of these materials and of the informational materials developed pursuant to Section 66798.1.

(c) In developing the guidelines required by subdivision (a), the board shall, to the extent feasible, consult existing sources of information, including household hazardous waste collection programs which have been operated in the state and in other states, and industry and academia.

SEC. 8. Section 66798.5 of the Government Code is amended to read:

66798.5. Any city or county may, upon a vote of the governing body of the city or county, authorize an increase in solid waste collection fees to offset the cost to the city or county of establishing, publicizing, and maintaining a household hazardous waste collection, recycling, and disposal program implemented pursuant to this article. Any increase in garbage collection fees authorized by this section shall be set at a level to bring in revenues not higher than is necessary to fund the reasonable cost of the household hazardous waste collection, recycling, and disposal program. Where an appropriately licensed private entity is utilized by a city or county, under a permit or existing franchise, to undertake a household hazardous waste collection, recycling, and disposal program, the costs of handling, hauling, and disposing of household hazardous wastes shall be paid through fees or rates charged for service.

SEC. 9. Section 66798.7 of the Government Code is amended to read:

66798.7. (a) The board shall establish a 10-member advisory committee on household hazardous waste management to review and comment on the actions taken by the board to implement this article and subdivision (b) of Section 66780.5, to review and comment on the guidelines and state policy prepared by the board pursuant to Section 66798.4, to review and comment on the informational materials developed pursuant to Section 66798.1, to review and comment on the report required by Section 66798.6 prior to its submittal to the Legislature, and to perform other functions related to household hazardous waste management, as requested by the board.

(b) The membership of the advisory committee shall be as follows:

(1) A representative of county government, from a rural county, to be selected by the County Supervisors Association of California.

(2) A representative of city government, to be selected by the League of California Cities.

(3) A representative of a hazardous waste transfer station operation, to be selected by the department.

(4) A representative of public information programs, to be selected by the League of Women Voters of California.

(5) A representative of publicly owned municipal landfill operations, to be selected by the board.

(6) A representative of product manufacturers, to be selected by the Chemical Specialties Manufacturers Association.

(7) A representative of waste haulers, to be selected by the Southern California Refuse Council and the Northern California Refuse Council.

(8) A representative of environmental organizations, to be selected by the League of Women Voters of California.

(9) A representative of paint and coatings manufacturers, to be selected by the National Paint and Coatings Association.

(10) A representative of used oil recyclers, to be selected by the board.

(c) The organizations selecting advisory committee members shall select individuals with experience in, or knowledge of, household hazardous waste management programs.

(d) The board shall serve as staff to the advisory committee established pursuant to subdivision (a).

(e) If any of the appointing authorities for members of the advisory committee fails to make an appointment, the chairperson of the board shall make the appointment.

(f) The chairperson of the advisory committee shall be selected by the committee members. The committee shall meet at least twice a year. The chairperson shall call meetings of the committee after consultation with the board.

(g) Committee members shall serve without compensation, but shall be reimbursed for expenses incurred in attending advisory committee meetings.

SEC. 10. Section 66798.9 is added to the Government Code, to read:

66798.9. A city, county, or local agency operating a household hazardous waste collection, recycling, and disposal program in accordance with this article is not liable for any damage or injury caused by an action taken by the city, county, or local agency, or an employee or authorized agency of the city, county, or local agency, in the course of the operation of the program, unless the action is performed in bad faith or in a negligent manner. For purposes of this section, it shall be presumed that the action is performed in good faith and without negligence, and this presumption shall affect the burden of proof.

SEC. 11. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 810

An act to amend Section 11010.8 of the Business and Professions Code, relating to mobilehome parks.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11010 8 of the Business and Professions Code is amended to read:

11010.8. (a) The requirement that a notice of intention be filed pursuant to Section 11010 is not applicable to the purchase of a mobilehome park by a nonprofit corporation if all of the following occur:

(1) A majority of the shareholders or members of the nonprofit corporation constitute a majority of the tenants of the mobilehome park and majority of the members of the board of directors of the nonprofit corporation are tenants of the mobilehome park.

(2) All members of the corporation are residents of the mobilehome park. Members of the nonprofit corporation may enter into leases with the corporation that are greater than five years in length.

(3) A permit to issue securities under Section 25113 of the Corporations Code is obtained from the Department of Corporations.

(4) All funds of tenants for the purchase of the mobilehome park are deposited in escrow until the document transferring title of the mobilehome park to the nonprofit corporation is recorded. The escrow also shall include funds of tenants which shall be available to the tenant's homeowners association nonprofit corporation for payment of any and all costs reasonably associated with the processing and conversion of the mobilehome park into condominium interests. Payment of these costs may be made from the funds deposited in escrow prior to the close of escrow upon the direction of the tenant's homeowners association nonprofit corporation.

(b) The funds described by paragraph (4) of subdivision (a), or any other funds subsequently received from tenants for purposes

other than the purchase of a separate subdivided interest in any portion of the mobilehome park, are not subject to the requirements of Section 11013.1, 11013.2, or 11013.4.

CHAPTER 811

An act to amend Section 1268.5 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1268.5 of the Health and Safety Code is amended to read:

1268.5. (a) Notwithstanding the provisions of Section 1268 requiring full compliance with this chapter and the rules and regulations of the state department as a condition to the issuance of a license or special permit, the state department may issue a provisional license to a health facility except for a health facility defined in subdivisions (a) and (b) of Section 1250, if:

(1) The facility and the applicant for licensure substantially meet the standards specified by this chapter and regulations adopted pursuant to this chapter.

(2) No violation of this chapter or regulations adopted pursuant to this chapter exists in the facility which jeopardizes the health or safety of patients.

(3) The applicant has adopted a plan for correction of any existing violations which is satisfactory to the state department.

(b) A provisional license issued under this section shall expire not later than six months after the date of issuance, or at an earlier time as determined by the state department at the time of issuance, and may not be renewed. At the end of the provisional license period under this section or Section 1437 the state department shall assess the facility's full compliance with licensure requirements. The state department may extend a provisional license for a period of no longer than six months from the time of the extension for one of the following purposes:

(1) Requiring the facility's full compliance with a plan of correction, which includes time frames, as specified by the state department.

(2) Allowing the provisional licensee to comply with Section 1336.2.

(3) Providing for a change of ownership.

(4) Instituting a receivership of the facility.

The length of the extension period shall be determined by the state department at the time of the issuance of the extension.

(c) The department shall not apply less stringent criteria when issuing a provisional license pursuant to this section than it applies when issuing a license pursuant to Section 1268.

It is the intent of the Legislature in enacting this section to additionally provide for continuity of reimbursement under the Medi-Cal Act, Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, whenever ownership of a skilled nursing facility or intermediate care facility is transferred.

CHAPTER 812

An act to add and repeal Section 14542.2 of the Public Resources Code, relating to beverage containers, making an appropriation therefor, and declaring the urgeny thereof, to take effect immediately.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14542.2 is added to the Public Resources Code, to read:

14542.2. (a) Commencing July 1, 1990, the department shall conduct a pilot program to evaluate and quantify mobile buyback programs. As used in this section, "mobile buyback program" is an operation consisting of vehicles which make prearranged stops at locations along a set route at specified times during the day to redeem beverage containers. The pilot program shall be conducted within the Counties of Solano, San Joaquin, San Luis Obispo, and Santa Barbara, in limited areas both inside and outside of convenience zones, as specified by the department. The department shall designate which mobile buyback programs may participate in the pilot program. Any mobile buyback program participating in the pilot program shall comply with all of the following requirements:

(1) The mobile buyback program shall be acknowledged in writing by the local government or governments within which it operates.

(2) The mobile buyback program shall comply with standards for operation, including, but not limited to, standards established under Section 14538 which the department determines to be necessary for the operation of mobile buyback programs.

(3) The program shall be certified, and this certification shall terminate January 1, 1992. This certification may be terminated by the department at any time prior to January 1, 1992, if the department determines that the mobile buyback program adversely affects the goals of this division. Mobile buyback programs receive

redemption values, redemption bonuses, and administrative fees while participating in the pilot program.

(4) The mobile buyback program shall accept and offer to redeem all types of beverage containers.

(5) The mobile buyback program shall follow all accounting procedures required by the department for certified recycling centers, including, but not limited to, the maintenance of receipts, logs, and shipping reports.

(6) The mobile buyback program shall use a route approved by the department, which may include convenience zones within which the mobile buyback program also operates stationary certified recycling centers. The route may include other convenience zones, if the mobile buyback program was in existence on or before January 1, 1989.

(b) On or before July 1, 1991, the department shall prepare and submit to the Governor and the Legislature a report on the pilot program described in subdivision (a). The report shall include, but not be limited to, all of the following:

(1) Information on the number and locations of mobile buyback programs which participated in the pilot program.

(2) Information on the redemption rates for mobile buyback programs, redemption rates for stationary certified recycling centers located in convenience zones within which the mobile buyback programs operated, and redemption rates for any other stationary recycling center which the department determines have been affected by the mobile buyback program.

(c) This section shall remain in effect only until January 1, 1992, and as of that date be repealed, unless a later enacted statute which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. The sum of two hundred twenty-nine thousand dollars ($229,000) is hereby appropriated from the California Beverage Container Recycling Fund to the Department of Conservation to implement Section 14542.2 of the Public Resources Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to further the goals of the California Beverage Container Recycling and Litter Reduction Act by increasing the services

provided by recycling centers at the earliest possible time to better protect the public health and safety by encouraging the recycling of beverage containers, it is necessary that this act take effect immediately.

CHAPTER 813

An act to amend Sections 9501, 9503, 9504, 9505, 9508, 9510, 9511, and 9722 of the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 9501 of the Welfare and Institutions Code is amended to read:

9501. (a) The department shall establish a three-year pilot service credit program, in at least four program sites, through which individuals may volunteer targeted services and in return earn service credits that may be subsequently exchanged for targeted services. To implement the program, the department shall develop a process for notifying potential sponsors of the availability of program grants, then awarding grants to those sponsors that best meet the objectives set forth in this chapter.

(b) (1) The department shall ensure that each sponsor maintains a register containing all of the following:

(A) The names of participating volunteers, services for which they are available, and any other personal information relevant to the program.

(B) An accounting system with the capacity to make available to the department, each volunteer, and to the sponsor a monthly balance of service credits earned and used.

(C) Any other data that may be needed to monitor and administer the program.

(2) Any sponsor that chooses to computerize its register shall first consult with the department to ensure that the intended computer hardware and software are compatible with the department's information needs and with existing or planned computerized registries used by other programs. The sponsor shall also consult with the Legislative Analyst to ensure that the information to be gathered is consistent with the information needed for the evaluation described in Section 9510.

(3) The register required by this subdivision shall be used solely to match volunteers with eligible persons and to accomplish other tasks consistent with the purposes of this chapter.

(c) The department shall require that any grantee of funds awarded pursuant to this chapter shall provide matching funds, or in-kind services of equal value, or a combination of both.

SEC. 2. Section 9503 of the Welfare and Institutions Code is amended to read:

9503. (a) The awarding of credits to eligible persons shall be commensurate with the availability of volunteers in that particular program.

(b) Volunteers who provide targeted services shall earn one service credit for each hour of targeted services provided.

(c) A volunteer who has service credits may transfer all or part of those credits, either directly or through a sponsor, to an eligible person in the same program. Credits thus transferred may not be retransferred.

(d) A volunteer with accrued service credits may transfer all or part of those credits to the sponsor.

(e) Except as otherwise provided by Section 9503 or the rules issued by the department under Section 9508, an eligible person may exchange service credits that he or she has earned, received by transfer, or been awarded for an equal number of hours of any targeted service. The sponsor shall determine whether a requested service is a targeted service and whether the requester is an eligible person.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) In any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offense alleged to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute evidence at the hearing.

(b) Subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(9) Kidnapping for ransom.

(10) Kidnapping for purpose of robbery.

(11) Kidnapping with bodily harm.

(12) Assault with intent to murder or attempted murder.

(13) Assault with a firearm or destructive device.

(15) Discharge of a firearm into an inhabited or occupied building.

(16) Any offense described in Section 1203.09 of the Penal Code.

(17) Any offense described in Section 12022.5 of the Penal Code.

(18) Any felony offense in which the minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(19) Any felony offense described in Section 136.1 or 137 of the Penal Code.

(20) Manufacturing, compounding, or selling one-half ounce or more of any salt or solution of a controlled substance specified in subdivision (e) of Section 11055 of the Health and Safety Code.

(21) Any violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, which would also constitute a felony violation of subdivision (b) of Section 186.22 of the Penal Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefor recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may already have been entered shall constitute evidence at the hearing.

(d) If, subsequent to a finding that a minor is an unfit subject to be dealt with under the juvenile court law, the minor is convicted in a court of criminal jurisdiction of an offense listed in subdivision (b) of this section or listed in paragraph (24) of subdivision (c) of Section 1192.7 of the Penal Code, the finding of unfitness which preceded the conviction is applicable to the violation of any law or ordinance defining crime which is alleged to have been committed subsequent to the conviction if the violation would otherwise cause the minor to be a person described in Section 602 The probation officer shall not be required to investigate or submit a report regarding the fitness of a minor for any such subsequent charge. This subdivision shall not be construed to affect the right to appellate review of a finding of unfitness or the duration of the jurisdiction of the juvenile court as specified in Section 607.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to add Chapter 8.75 (commencing with Section 14590) to Part 3 of Division 9 of the Welfare and Institutions Code, relating to long-term care.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

SECTION 1. Chapter 8.75 (commencing with Section 14590) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

14590. The Legislature finds and declares that:

(1) Community-based services to the frail elderly are often uncoordinated, fragmented, inappropriate, or insufficient to meet the needs of frail elderly who are at risk of institutionalization, often resulting in unnecessary placement in nursing homes.

(2) Steadily increasing health care costs for the frail elderly provide incentive to develop programs providing quality services at reasonable costs.

(3) Capitated "risk-based" financing provides an alternative to the traditional fee-for-service payment system by providing a fixed, per capita monthly payment for a package of health care services and requiring the provider to assume financial responsibility for cost overruns.

(4) On Lok Senior Health Services began as a federal and state demonstration program in 1973 to test whether comprehensive community-based services could be provided to the frail elderly at no greater cost than nursing home care.

(5) Since 1983, On Lok Senior Health Services of San Francisco has successfully provided a comprehensive package of services and operated within a cost-effective, capitated risk-based financing system.

(6) Recognizing On Lok's success, Congress passed Legislation in 1986 and 1987 encouraging the expansion of capitated long-term care programs by permitting federal Medicare and Medicaid waivers to be granted indefinitely to On Lok and authorizing the Health Care Financing Administration to grant waivers in up to 10 new sites throughout the nation in order to replicate the On Lok model.

(7) In California, numerous agencies have expressed interest in developing programs similar to On Lok and will need the cooperation of the State Department of Health Services to successfully obtain the necessary available federal waivers to develop

risk-based capitated long-term care demonstration programs.

(8) Through the development of these demonstration programs, the viability of a cost-effective statewide program offering quality long-term care services can be evaluated.

(9) To achieve maximum cost effectiveness in demonstration projects under this chapter, an expedited contract process is necessary.

14591. The State Director of Health Services may establish the California Program of All-Inclusive Care for the Elderly, to promote the development of community-based, risk-based capitated, long-term care programs.

14592. (a) The director may contract with up to five demonstration projects to develop risk-based long-term care pilot programs modeled upon On Lok Senior Health Services in San Francisco. The department shall seek necessary federal waivers for each demonstration site pursuant to Section 1115 of the Social Security Act (42 U.S.C.A. Sec. 301 et seq.). The director shall not enter into contracts with any demonstration program unless necessary federal waivers are obtained.

(b) The demonstration sites shall be public or private nonprofit organizations providing or having the capacity to provide, as determined by the director, comprehensive health care services on a risk-based capitated basis to frail elderly persons certifiable for institutional care. Implementation of this section shall be in accordance with Section 4118(g)(1)(2) of the federal Omnibus Budget Reconciliation Act of 1987.

14593. (a) The director shall continue to request waivers pursuant to Section 1115 of the Social Security Act (42 U.S.C.A. Sec. 301 et seq.) for the On Lok Senior Health Services Program and other demonstration projects as long as the director determines they are cost-effective, they remain in compliance with the terms of their contract with the department, and the demonstration program is in compliance and acting in accordance with its waiver agreement.

(b) The department may grant the On Lok Senior Health Services permanent program status contingent upon the obtaining of federal waivers authorized under Section 9220 of Public Law 99-272. Until permanent status is granted, the On Lok Senior Health Services demonstration project shall continue as a demonstration program.

14594. Contracts under this chapter may be on a nonbid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code. Contracts under this chapter shall have no force and effect unless approved by the Department of Finance.

SEC. 2. It is the intent of the Legislature to urge the State Department of Health Services to act expeditiously to establish five new risk-based capitated long-term care programs modeled after On Lok Senior Health Services.

SEC. 3. (a) The State Department of Health Services shall

report to the appropriate committees of the Legislature, on or before January 1, 1993, on the progress of the On Lok Senior Health Services replication effort, as provided for in this act.

(b) (1) The report required by subdivision (a) shall include a description of the objectives of the programs, an analysis of their progress, current status, effectiveness, efficiency, quality, and other information about the programs the department deems important.

(2) Within six months of the completion of the federal evaluation, the State Department of Health Services shall determine the feasibility and desirability of implementing risk-based capitated long-term care programs on a statewide basis, and report the findings to the appropriate committees of the Legislature.

SEC. 4. It is the intent of the Legislature that the purposes of this act be funded through annual Budget Act requests by the State Department of Health Services.

CHAPTER 822

An act to add Section 66477.5 to the Government Code, relating to land use.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66477.5 is added to the Government Code, to read:

66477.5. (a) The local agency to which property is dedicated in fee for public purposes, or for making public improvements or constructing public facilities, other than for open space, parks, or schools, shall record a certificate with the county recorder in the county in which the property is located. The certificate shall be attached to the map and shall contain all of the following information:

(1) The name and address of the subdivider dedicating the property.

(2) A legal description of the real property dedicated.

(3) A statement that the local agency shall reconvey the property to the subdivider if the local agency makes a determination pursuant to this section that the same public purpose for which the property was dedicated does not exist, or the property or any portion thereof is not needed for public utilities, as specified in subdivision (c).

(b) The subdivider may request that the local agency make the determination that the same public purpose for which the dedication was required still exists, after payment of a fee which shall not exceed the amount reasonably required to make the determination. The determination may be made by reference to a capital improvement

plan as specified in Section 65403 or 66002, an applicable general or specific plan requirement, the subdivision map, or other public documents that identify the need for the dedication.

(c) If a local agency has determined that the same public purpose for which the dedication was required does not exist, it shall reconvey the property to the subdivider or the successor in interest, as specified in subdivision (a), except for all or any portion of the property that is required for that same public purpose or for public utilities.

(d) If a local agency decides to vacate, lease, sell, or otherwise dispose of the dedicated property the local agency shall give at least 60 days notice to the subdivider whose name appears on the certificate before vacating, leasing, selling, or otherwise disposing of the dedicated property. This notice is not required if the dedicated property will be used for the same public purpose for which it was dedicated.

(e) This section shall only apply to property required to be dedicated on or after January 1, 1990.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Safe Drinking Water Act of 1989.

SEC. 2. The heading of Chapter 7 (commencing with Section

4010) of Part 1 of Division 5 of the Health and Safety Code is amended to read:

CHAPTER 7. CALIFORNIA SAFE DRINKING WATER ACT

SEC. 3. The heading of Article 1 (commencing with Section 4010) of Chapter 7 of Part 1 of Division 5 of the Health and Safety Code is amended to read:

Article 1. Public Water Systems

SEC. 4. Section 4010 of the Health and Safety Code is amended to read:

4010. The Legislature finds and declares all of the following:

(a) Every citizen of California has the right to pure and safe drinking water.

(b) Feasible and affordable technologies are available and shall be used to remove toxic contaminants from public water supplies.

(c) According to the State Department of Health Services, over 95 percent of all large public water systems in California are in compliance with health-based action levels established by the state department for various contaminants.

(d) It is the policy of the state to reduce to the lowest level feasible all concentrations of toxic chemicals which, when present in drinking water, may cause cancer, birth defects, and other chronic diseases.

(e) This chapter is intended to ensure that the water delivered by public water systems of this state shall at all times be pure, wholesome, and potable. The provisions of this chapter provide the means to accomplish this objective.

(f) It is the intent of the Legislature to improve laws governing drinking water quality to improve upon the minimum requirements of the federal Safe Drinking Water Act Amendments of 1986, to establish primary drinking water standards which are at least as stringent as those established under the federal Safe Drinking Water Act, and to establish a program under this chapter which is more protective of public health than the minimum federal requirements.

(g) It is the further intent of the Legislature to establish a drinking water regulatory program within the State Department of Health Services in order to provide for the orderly and efficient delivery of safe drinking water within the state and to give the establishment of drinking water standards and recommended public health levels greater emphasis and visibility within the state department.

SEC. 5. Section 4010.1 of the Health and Safety Code is amended to read:

4010.1. As used in this chapter:

(a) "Contaminant" means any physical, chemical, biological, or radiological substance or matter in water.

(b) "Drinking water standards" means:

(1) Primary drinking water standards that specify maximum

levels of contaminants which, in the judgment of the department, may have an adverse effect on the health of persons.

(2) Secondary drinking water standards that specify maximum contaminant levels which, in the judgment of the department, are necessary to protect the public welfare. Secondary drinking water standards may apply to any contaminant in drinking water which may adversely affect the odor or appearance of the water and may cause a substantial number of persons served by the public water system to discontinue its use, or which may otherwise adversely affect the public welfare. Regulations establishing secondary drinking water standards may vary according to geographic and other circumstances and may apply to any contaminant in drinking water which adversely affects the taste, odor, or appearance of the water when the standards are necessary to assure a supply of pure, wholesome, and potable water.

(3) The monitoring and reporting requirements as specified in regulations adopted by the department which pertain to maximum contaminant levels.

(c) "Maximum contaminant level" means the maximum permissible level of a contaminant in water.

(d) "Person" means an individual, corporation, company, association, partnership, municipality, public utility, or other public body or institution.

(e) "Public water system" means a system for the provision of piped water to the public for human consumption which has five or more service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year. A public water system includes the following:

(1) Any collection, treatment, storage, and distribution facilities under control of the operator of the system which are used primarily in connection with the system.

(2) Any collection or pretreatment storage facilities not under the control of the operator which are used primarily in connection with the system.

(3) Any person who treats water on behalf of one or more public water systems for the purpose of rendering it safe for human consumption.

(f) "Significant rise in the bacterial count of water" means a rise in the bacterial count of water which the department determines, by regulation, represents an immediate danger to the health of water users.

(g) "User" means any person using water for domestic purposes. User does not include any person processing, selling, or serving water or operating a public water system.

(h) "Waterworks standards" means regulations adopted by the department which take cognizance of the latest available "Standards of Minimum Requirements for Safe Practice in the Production and Delivery of Water for Domestic Use" adopted by the California section of the American Water Works Association.

SEC. 6. Section 4010.2 of the Health and Safety Code is amended and renumbered to read:

4010.3. This chapter does not apply to a public water system which meets all of the following conditions:

(a) Consists only of distribution and storage facilities and does not have any collection and treatment facilities.

(b) Obtains all of its water from, but is not owned or operated by, a public water system to which this chapter applies.

(c) Does not sell water to any person or user, except for the sale of water to users pursuant to Section 2705.5 of the Public Utilities Code through a submetered service system if the water supply is obtained from a public water system to which this chapter applies.

By enacting this subdivision, it is not the intent of the Legislature to change existing law as to responsibility or liability for distribution systems beyond the mastermeter.

SEC. 7. Section 4010.3 of the Health and Safety Code is amended and renumbered to read:

4010.4. This chapter shall not apply to an irrigation canal system if the owner or operator of the system certifies to the department, and notifies each user, in writing, that the water is untreated and is being furnished or supplied solely for agricultural purposes to either of the following:

(a) A user where the user receives the water, by pipe or otherwise, directly from the irrigation canal system.

(b) A person who owns or operates an integrated pipe system where the person receives the water, by pipe or otherwise, directly from the irrigation canal system

"Irrigation canal system," as used in this section, means a system of water conveyance facilities, including pipes, tunnels, canals, conduits, pumping plants and related facilities operated to furnish or supply water for agricultural purposes where a substantial portion of the facilities is open to the atmosphere.

SEC. 8. Section 4010.4 of the Health and Safety Code is amended and renumbered to read:

4010.5. In areas where the water service rendered by a person is primarily agricultural, and domestic service is only incidental thereto, this chapter shall not apply except in specific areas in which the department has found its application to be necessary for the protection of the public health and has given written notice thereof to the person furnishing or supplying water in the area.

The department may prescribe reasonable and feasible action to be taken by those persons or the users to insure that their domestic water will not be injurious to health.

SEC. 9. Section 4010.8 of the Health and Safety Code is amended to read:

4010.8. For water systems with less than 200 service connections, except as provided in Section 4010.9, the local health officer shall be responsible for the enforcement of this chapter. For the purposes of this chapter, unless the context otherwise requires, and whenever

enforcement activities involve water systems with less than 200 service connections, the local health officer shall act for the department, except that variances and exemptions may only be granted or revoked by the local health officer following the procedures as provided in Sections 4027 and 4027.5 subject to the approval of the department.

Fees for the permits may be prescribed by the local governing body in accordance with Section 510 to pay the reasonable expenses of the local health officer in carrying out the provisions of this chapter and regulations adopted thereunder.

SEC. 10. Section 4010.9 of the Health and Safety Code is repealed.

SEC. 10.5. Section 4010.9 is added to the Health and Safety Code, to read:

4010.9. Notwithstanding Section 4010.8, this chapter shall be enforced directly by the department for all public water systems in any county which does not have a local health officer, or contracts with the department for environmental health services pursuant to Section 1157 and elects not to enforce this chapter.

The department shall absorb the costs of the enforcement.

SEC. 11. An article heading is added to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code immediately preceding Section 4011 thereof, to read:

Article 2. Permits

SEC. 12. Section 4011 of the Health and Safety Code is repealed.

SEC. 13. Section 4011 is added to the Health and Safety Code, to read:

4011. (a) No person shall operate a public water system unless he or she first submits an application to the department and receives a permit as provided in this chapter. A change in ownership of a public water system shall require the submission of a new application.

(b) The department may require a new application whenever a change in regulatory jurisdiction has occurred.

(c) The department may renew, reissue, revise, or amend any domestic water supply permit whenever the department deems it to be necessary for the protection of public health whether or not an application has been filed.

SEC. 14. Section 4012 of the Health and Safety Code is repealed.

SEC. 15. Section 4012 is added to the Health and Safety Code, to read:

4012. A public water system shall submit a technical report to the department as part of the permit application or when otherwise required by the department. This report may include, but not be limited to, detailed plans and specifications, water quality information, and physical descriptions of the existing or proposed system.

SEC. 16. Section 4013 of the Health and Safety Code is amended to read:

4013. Upon determination that an application submitted pursuant to this chapter is complete, the department shall make a thorough investigation of the proposed or existing plant, works, system, or water supply, and all other circumstances and conditions which it deems material.

SEC. 17. Section 4014 of the Health and Safety Code is repealed.

SEC. 18. Section 4014 is added to the Health and Safety Code, to read:

4014. Following completion of the investigation, the department shall issue or deny the permit. The department may impose such permit conditions, requirements for system improvements, and time schedules as it deems necessary to assure a reliable and adequate supply of water at all times which is pure, wholesome, potable, and does not endanger the health of consumers.

SEC. 19. Section 4015 of the Health and Safety Code is repealed.

SEC. 20. Section 4015 is added to the Health and Safety Code, to read:

4015. Prior to the issuance of any new, revised, renewed, or amended permit, or the denial of a permit, the department may conduct a public hearing to obtain additional public comment. Notice of the hearing shall be provided to the applicant and interested persons at least 30 days prior to the hearing. The department may require the applicant to distribute the notice of the hearing to affected consumers.

SEC. 21. Section 4016 of the Health and Safety Code is repealed.

SEC. 22. Section 4018 is added to the Health and Safety Code, to read:

4018. (a) The department shall develop and publish a list of all existing or proposed maximum contaminant levels which are set at a level substantially less stringent, as determined by the department, than their corresponding recommended public health levels due to limitations of technology or excessive costs.

(b) Public water systems which serve more than 10,000 service connections and which exceed, for organic contaminants on a running quarterly average basis, or for inorganic contaminants on a basis established by the department, a recommended public health level listed by the department pursuant to subdivision (a), shall do the following:

(1) The water system shall evaluate in writing all reasonable means of reducing the level of the contaminant to as close to the recommended public health level as feasible, and submit the written evaluation to the department at least once annually.

(2) After the written evaluation has been submitted and upon being notified by the department of the need to do so, the water system shall submit a water quality improvement plan to the department, based upon the evaluation. The water quality improvement plan shall identify all reasonable measures available to the water system to reduce the level of the contaminant, the costs to consumers and the water system of implementing the measures,

and a proposed schedule of actions to be undertaken by the water system to reduce the level of the contaminant. If the water system determines that it is unable to reduce the level of the contaminant due to technical or economic limitations, the basis for that determination shall be described in the plan.

(c) The department shall review the water quality improvement plan and may approve it as submitted or may require additional information from the water system. Upon approval of the plan, the department shall amend or revise the domestic water supply permit issued to the water system pursuant to this chapter to include a time schedule for implementation of those measures which are technically and economically feasible.

SEC. 23. Section 4019 of the Health and Safety Code is amended and renumbered to read:

4016. (a) No person operating a public water system shall modify, add to or change his or her source of supply or method of treatment of, or change his or her distribution system as authorized by a valid existing permit issued to him or her by the department unless the person first submits an application to the department and receives an amended permit as provided in this chapter authorizing the modification, addition, or change in his or her source of supply or method of treatment.

(b) Unless otherwise directed by the department, changes in distribution systems may be made without the submission of a permit application if the changes comply in all particulars with the waterworks standards.

SEC. 24. Section 4019 is added to the Health and Safety Code, to read:

4019. (a) Any public water system required to submit a water quality improvement plan to the department pursuant to Section 4018 shall pay a fee to the department to serve as reimbursement to the General Fund. The fee shall be paid to the department at the time the water quality improvement plan is submitted.

(b) The department shall adopt regulations establishing the amount of the fee and the method of payment. The fee shall be sufficient to cover the reasonable and necessary cost to the department to implement this article. In establishing the amount of the fee, the department shall take into consideration the amount of water purveyed and the number of service connections in the water system.

(c) A public water system, after payment of the fee pursuant to this section, shall be permitted to recover the fee from its customers.

SEC. 25. An article heading is added to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code immediately preceding Section 4020 thereof, to read:

Article 3. Drinking Water Program

4021. (a) The department shall administer the provisions of this chapter and all other provisions relating to the regulation of drinking water to protect public health.

(b) The department shall also have the following responsibilities:

(1) Conduct research, studies, and demonstration projects relating to the provision of a dependable, safe supply of drinking water, including, but not limited to, all of the following:

(A) Improved methods to identify and measure the existence of contaminants in drinking water and to identify the source of the contaminants.

(B) Improved methods to identify, measure, and assess the potential adverse health effects of contaminants in drinking water.

(C) New methods of treating raw water to prepare it for drinking, so as to improve the efficiency of water treatment and to remove or reduce contaminants.

(E) Improved methods of protecting the water sources of public water systems from contamination.

(F) Alternative disinfection technologies that minimize, reduce, or eliminate hazardous disinfection byproducts.

(2) Enforce provisions of the federal Safe Drinking Water Act and regulations adopted pursuant thereto.

(3) Adopt rules and regulations to implement this chapter.

(c) The department may conduct studies and investigations as it deems necessary to assess the quality of private domestic water wells.

SEC. 28. Section 4022 of the Health and Safety Code is repealed.

SEC. 29. Section 4022 is added to the Health and Safety Code, to read:

(6) An analysis of the technical and economic viability and the health benefits of various treatment techniques which can be used to reduce levels of trihalomethanes, lead, nitrates, synthetic organic chemicals, micro-organisms, and other contaminants in drinking water.

(7) A discussion of alternative methods of financing the construction, installation, and operation of new treatment technologies, including, but not limited to user charges, state or local taxes, state planning and construction grants, loans, and loan guarantees.

(8) A discussion of sources of revenue presently available, and projected to be available, to public water systems to meet current and future expenses.

(9) An analysis of the current cost of drinking water paid by residential, business, and industrial consumers based on a statewide survey of large, medium, and small public water systems.

(10) Specific recommendations, including recommendations developed pursuant to paragraph (6), to improve the quality of drinking water in California and a detailed five-year implementation program.

(c) (1) The department may levy a one-time fee on public water systems which serve more than 500 service connections for the exclusive purpose of covering its costs in preparing the safe drinking water plan.

(2) The fee shall be paid by water systems to the department at a rate of nine and fifteen one-hundredths cents ($0.0915) per service connection, up to a maximum amount of ten thousand dollars ($10,000).

(3) If a person, corporation, association, or private or public water utility owns or operates more than one water system, the fee required by paragraph (2) shall be based upon the aggregate number of service connections owned or operated by the person, corporation, association, or private or public utility.

(4) A public water system, after payment of the fee pursuant to this section, shall be permitted to recover the fee from its customers.

SEC. 30. The heading of Article 2 (commencing with Section 4023) of Chapter 7 of Part 1 of Division 5 of the Health and Safety

Code is repealed.

SEC. 31. Section 4023 is added to the Health and Safety Code, to read:

4023. The department shall establish recommended public health levels for contaminants in drinking water in accordance with all of the following criteria:

(a) Recommended public health levels, including those implementing the criteria set forth in subdivisions (b) to (h), inclusive, shall be set at a level which does not exceed the national primary drinking water standard adopted by the United States Environmental Protection Agency.

(b) Any recommended public health levels for an acutely toxic substance shall be set at a level at which scientific evidence indicates that no known or anticipated adverse effects on health will occur, plus an adequate margin of safety.

(c) Any recommended public health level established for a carcinogen or other substance which may cause chronic disease shall be based solely on health effects without regard to cost impacts or other factors, and shall be set at a level which the department has determined, based upon currently available data, does not pose any significant risk to health.

(d) To the extent the information is available, the department shall consider possible synergistic effects resulting from exposure to, or interaction by, two or more contaminants.

(e) The department shall consider the existence of groups or individuals in the population which are more susceptible to adverse effects of contaminants than a normal healthy adult.

(f) The department shall consider the contaminant exposure and body burden levels which alter physiological function or structure in a manner which may significantly increase the risk of illness.

(g) In cases of scientific ambiguity, the department shall use criteria most protective of public health and shall incorporate safety factors of noncarcinogenic substances for which generally accepted scientific research indicates there is a safe dose-response threshold.

(h) The department shall consider exposure to contaminants in media other than drinking water, including, but not limited to, exposures in food, in the ambient and indoor air, and the resulting body burden.

(i) Recommended public health levels established by the department shall be reviewed periodically and revised as necessary based upon the availability of new scientific data.

SEC. 32. Section 4023.1 is added to the Health and Safety Code, to read:

4023.1. (a) In addition to, and concurrent with, adoption of recommended public health levels established by the department pursuant to Section 4023, the department shall adopt primary drinking water standards for contaminants found in drinking water in accordance with the following criteria:

(1) Primary drinking water standards shall be set at a level which

is as close as practical to recommended public health levels placing primary emphasis on protection of public health.

(2) Primary drinking water standards shall be set using considerations of technical feasibility and economic costs of compliance to water purveyors and consumers.

(3) In no event shall primary drinking water standards be set at levels less stringent than primary drinking water standards set by the United States Environmental Protection Agency.

(b) At least once every five years after adoption, the department shall review primary drinking water standards, and, using the criteria set forth in subdivision (a), shall amend any standard if any of the following occur:

(1) Changes in technology or treatment techniques permit greater protection of public health or attainment of the recommended public health level.

(2) New scientific evidence indicates that a substance may present a substantially different risk to public health than was previously determined.

(3) The department determines that a primary standard no longer meets the requirements of this chapter.

(c) The department may, by regulation, require the use of a specified treatment technique in lieu of establishing a maximum contaminant level for a contaminant if the department determines that it is not economically or technologically feasible to ascertain the level of the contaminant.

SEC. 33. Section 4023.2 is added to the Health and Safety Code, to read:

4023.2. On or before January 1, 1992, the department shall propose, hold a public hearing, and promulgate a finding of the best available technology for each contaminant for which a recommended public health level and a primary drinking water standard have been adopted. Thereafter, the department shall promulgate a finding of best available technology for each contaminant for which a recommended public health level and a primary drinking water standard have been adopted at the time the levels and standards are adopted. The finding of the department shall take into consideration the costs and benefits of best available treatment technology that have been proven effective under full-scale field applications.

SEC 34. Section 4023.3 is added to the Health and Safety Code, to read:

4023.3. The department shall adopt rules and regulations it deems necessary to carry out the purposes of this chapter. The regulations shall include, but not be limited to, the following:

(a) The monitoring of contaminants including the type of contaminant, frequency and method of sampling and testing and the reporting of results.

(b) The monitoring of unregulated contaminants for which drinking water standards have not been established by the

department. The requirements shall be no less stringent than those promulgated pursuant to paragraph (2) of subsection (a) of Section 1445 of the federal Safe Drinking Water Act, as amended (42 U.S.C. Sec. 300j-4 (a)(2)). Until the time that the department adopts regulations regarding the monitoring of unregulated contaminants, the department may, by order, require any public water system which has been shown to contain detectable levels of any unregulated contaminants to conduct periodic water analyses in accordance with conditions specified by the department. The water analyses shall be reported on a quarterly basis unless the department finds that more or less frequent analysis is necessary.

(c) Requirements for the design, operation, and maintenance of public water systems, including, but not limited to, waterworks standards and the control of cross-connections, which the department determines are necessary to obtain, treat, and distribute a reliable and adequate supply of pure, wholesome, potable, and healthy water.

(d) Requirements for treatment, including disinfection of water supplies.

(e) Requirements for the filtration of surface water supplies at least as stringent as regulations promulgated pursuant to subparagraph (C) of paragraph (7) of subsection (b) of Section 1412 of the federal Safe Drinking Water Act, as amended (42 U.S.C. Sec. 300g-1 (b)(7)(C))

(f) Requirements for notifying the public of the quality of the water delivered to consumers.

SEC. 35. Section 4023.5 of the Health and Safety Code is repealed.

SEC. 36. Section 4024 of the Health and Safety Code is amended to read:

4024. Any person operating a public water system shall obtain and provide at that person's expense an analysis of the water to the department, in the form, covering those matters, and at such intervals as the department by regulation may prescribe. The analysis shall be performed by a laboratory duly certified by the department.

SEC. 37. Section 4026 of the Health and Safety Code is repealed.

SEC. 38. Section 4026.1 of the Health and Safety Code is repealed.

SEC. 39. Section 4026.2 of the Health and Safety Code is repealed.

SEC. 40. Section 4026.3 of the Health and Safety Code is amended to read.

4026.3. (a) The Legislature finds and declares all of the following:

(1) The large water system testing program has discovered chemical contamination of the state's drinking water with increasing frequency.

(2) A significant number of California residents rely on the state's small water systems to provide their water.

(3) The small systems, because they tend to be located in outlying rural areas where pesticide use is prevalent, and because they draw

their water from shallow aquifers, face a serious threat of contamination.

(4) Unchecked water sources that may be contaminated pose a potentially serious threat to the health of the citizens of California, particularly those living in outlying rural areas.

(5) It is in the interest of all Californians that a testing program for small public water systems be implemented and carried out as expeditiously as possible.

(b) For purposes of this section, "small public water system" means a system with 200 connections or less, and is one of the following:

(1) A community water system which serves at least 15 service connections used by yearlong residents or regularly serves at least 25 yearlong residents.

(2) A state small water system.

(3) A noncommunity water system such as a school, labor camp, institution, or place of employment, as designated by the department.

(c) The department shall conduct training workshops to assist health officers in evaluation of small public water systems for organic chemical contamination, and in sampling and testing procedures. The department shall, at a minimum, provide health officers with guidelines for evaluating systems and instructions for sampling.

(d) The department shall develop a schedule for conduct of the programs by the local health officers. The schedule shall establish a program to address first those systems with the most serious potential for contamination. The department shall enter into agreements with the local health agencies to conduct the necessary work to be performed pursuant to the schedule. The department shall begin the program no later than three months after September 19, 1985. All local health officers shall complete the evaluation, sampling, testing, review of sampling results, and notification to the public water systems within their jurisdiction in accordance with the agreements entered into with the department and within the schedule established by the department. All work required by this section shall be completed within three years after September 19, 1985.

(e) In consultation with the department, the local health officer shall conduct an evaluation of all small public water systems under their jurisdictions to determine the potential for contamination of groundwater sources by organic chemicals. The evaluation shall include, but not be limited to:

(1) A review of the historical water quality data of each system to determine possible evidence of degradation.

(2) A review, to be coordinated with the State Water Resources Control Board, and the California regional water quality control boards, of past and present waste disposal practices that may potentially affect the respective well water supply.

(3) A review of other organic chemicals used in the water supply area which have potential health risks and which may have the

potential for contaminating drinking water supplies because of environmental persistence or resistance to natural degradation under conditions existing in California.

(f) Based upon the evaluation of each system, the local health officers shall develop a sampling plan for each system within their jurisdiction. The health officer shall collect samples in accordance with the plan and shall submit the samples for analysis to a certified laboratory designated by the department. When applicable, the laboratory shall test water samples using the Environmental Protection Agency's 13 approved analytical techniques established under subdivision (h) of Section 304 of the Clean Water Act to qualitatively identify the complete range of contaminants in the same class as the specific contaminant or class of contaminants being analyzed.

(g) Within 10 days of the receipt from the laboratory of the testing results, the local health officer shall notify the small public water system, the department and the California regional water quality control board for that region of the results.

(h) Following a review of the testing results, the local health officer may order the public water system to conduct a periodic water sampling and analysis program in accordance with conditions specified by the local health officer. The department shall provide ongoing advice and assistance to local health officers in interpreting test results and determining appropriate notification and followup activities in those instances where contaminants are found.

(i) This section shall be operative during any fiscal year only if the Legislature appropriates sufficient funds to pay for all state-mandated costs to be incurred by local agencies pursuant to this section during that year.

SEC. 40.5. Section 4026.4 is added to the Health and Safety Code, to read:

4026.4. If the department determines that a public water system is subject to potential contamination, the department may, by order, require the public water system to conduct a periodic water analysis in accordance with conditions specified by the department. The water analysis shall be reported on a quarterly basis, unless the department finds that reasonable action requires either more or less frequent analysis.

SEC. 41. Section 4026.5 of the Health and Safety Code is amended to read:

4026.5. (a) In counties with a population not exceeding 500,000 persons as shown by the 1970 federal decennial census, any public water system supplying both domestic and untreated irrigation water in separate pressurized systems which were in existence prior to January 1, 1990, and which is operated by an incorporated or unincorporated association of users, shall not require protection against backflow into the domestic water system from premises receiving both such water services and having available no other source of water, except where interconnection between such

systems has taken place. It shall be a misdemeanor for any person to knowingly interconnect such water services on a user's premises without installing a backflow protection device approved by the state department.

(b) Regulations of the state department requiring the installation of backflow protection shall not be continued to require the installation of such protection in any public water system described in subdivision (a), except as provided in that subdivision.

SEC. 42. Section 4026.6 is added to the Health and Safety Code, to read:

4026.6. The department shall establish a water quality technical advisory committee which shall advise the department on matters relating to regulations, policies, programs, and the development of the Safe Drinking Water Plan. The advisory committee shall be composed of knowledgeable persons representing consumers, local health agencies, water utilities, and consulting engineers. The members of the advisory committee shall be appointed by, and shall serve at the pleasure of, the director. The advisory committee shall meet at least once quarterly. Members of the advisory committee shall be reimbursed for all travel expenses incurred in connection with official activities of the advisory committee.

SEC. 43. Section 4027 of the Health and Safety Code is repealed.

SEC. 44. An article heading is added to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code immediately preceding Section 4027 thereof, to read:

Article 4. Exemptions and Variances

SEC. 45. Section 4027 is added to the Health and Safety Code, to read:

4027. (a) The department may exempt any public water system from any maximum contaminant level or treatment technique requirement if it finds all the following:

(1) The public water system was in operation, or had applied for a permit to operate, on the effective date of the maximum contaminant level or treatment technique requirement.

(2) Due to compelling factors, which may include economic factors, the public water system is unable to comply with the maximum contaminant level or treatment technique requirement.

(3) The granting of the exemption will not result in an unreasonable risk to health.

(b) If the department grants a public water system an exemption for a primary drinking water standard under subdivision (a), the department shall prescribe, at the time an exemption is granted, a schedule for both of the following:

(1) Compliance by the public water system with each contaminant level or treatment technique requirement for which the exemption was granted.

(2) Implementation by the public water system of interim control

measures the department may require for each contaminant or treatment technique requirement for which the exemption was granted.

(c) Any schedule prescribed by the department pursuant to this section shall require compliance by the public water system with each contaminant level or treatment technique requirement for which the exemption was granted within 12 months from the granting of the exemption.

(d) The final date for compliance with any schedule issued pursuant to this section may be extended by the department for a period not to exceed three years from the date of the granting of the exemption if the department finds all of the following:

(1) The system cannot meet the standard without capital improvements which cannot be completed within the period of the exemption.

(2) In the case of a system which needs financial assistance for the necessary improvements, the system has entered into an agreement to obtain the financial assistance or the system has entered into an enforceable agreement to become part of a regional public water system.

(3) The system is taking all practicable steps to meet the standard.

(e) In the case of a system which does not serve more than 500 service connections and which needs financial assistance for the necessary improvements, an exemption granted pursuant to paragraph (2) of subdivision (d) may be renewed for one or more additional two-year periods if the system establishes that it is taking all practicable steps to meet the requirements of subdivision (d).

(f) Prior to the granting of an exemption pursuant to this section, the department shall provide notice and an opportunity for a public hearing. Notice of any public hearing held pursuant to this section shall be given by the department in writing to the public water system seeking the exemption and to the public as provided in Section 6061 of the Government Code.

SEC. 46. Section 4027.5 is added to the Health and Safety Code, to read:

4027.5. (a) The department may grant a variance or variances from primary drinking water standards to a public water system. Any variance granted pursuant to this section shall conform to the requirements established under the federal Safe Drinking Water Act, as amended (42 U.S.C. Sec. 300g-4).

(b) At the request of the Board of Directors of Big Bear City Community Services District or the Twentynine Palms Water District, the department shall grant a variance from the primary maximum contaminant level for fluoride contained in Title 22 of the California Code of Regulations unless the department, after a public hearing, determines that there is substantial community opposition to the variance. A variance granted under this subdivision shall prohibit fluoride levels in excess of 75 percent of the federal Environmental Protection Agency standard or three milligrams per

liter, whichever is higher, shall be valid for a period up to 30 years, and shall provide that the variance may be withdrawn upon reasonable notice by the department if the department determines that the community no longer accepts the fluoride level authorized in the variance. If substantial community concerns arise, the board of directors of the district which has jurisdiction shall conduct public hearings, determine the fluoride level which is acceptable to the community, and apply to the department for appropriate changes in the variance.

SEC. 47. An article heading is added to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code immediately preceding Section 4028 thereof, to read:

Article 5. Public Notification

SEC. 48. Section 4028 of the Health and Safety Code is amended to read:

4028. (a) When any primary drinking water standard specified in the department's regulations is not complied with, when a monitoring requirement specified in the department's regulations is not performed, or when a water purveyor fails to comply with the conditions of any variance or exemption, the person operating the public water system shall notify the department and shall give notice to the users of that fact in the manner prescribed by the department. When a variance or an exemption is granted, the person operating the public water system shall give notice to the users of that fact.

(b) When a person operating a public water system determines that a significant rise in the bacterial count of water has occurred in water he or she supplies, the person shall provide, at his or her expense, a report on the rise in bacterial count of the water, together with the results of an analysis of the water, within 24 hours to the department and, where appropriate, to the county health officer.

(c) When the department receives the information described in subdivision (b) and determines that it constitutes an immediate danger to health, the department shall immediately notify the person operating the public water system to implement the emergency notification plan required by this chapter.

(d) In the case of a failure to comply with any primary drinking water standard which represents an imminent danger to the health of water users, the operator shall notify each of his or her customers as provided in the approved emergency notification plan.

(e) In addition, the same notification requirement shall be required in any instance in which the department or the county health department recommends to the operator that it notify its customers to avoid internal consumption of the water supply and to use bottled water due to a chemical contamination problem which may pose a health risk.

(f) The content of the notices required by this section shall be approved by the department. Notice shall be repeated at intervals,

as required by the department, until the department concludes that there is compliance with its standards or requirements. Notices may be given by the department.

In any case where public notification is required by this section because a contaminant is present in drinking water at a level in excess of a primary drinking water standard, the notification shall include identification of the contaminant, information on possible effects of the contaminant on human health, and information on specific measures which should be taken by persons or populations who might be more acutely affected than the general population.

(g) Whenever a school or school system, the owner or operator of residential rental property, or the owner or operator of a business property receives a notification from a person operating a public water system under any provision of this section, the school or school system shall notify school employees, students and parents if the students are minors, the owner or operator of a residential rental property shall notify tenants, and the owner or operator of business property shall notify employees of businesses located on the property.

(1) The operator shall provide the customer with a sample notification form which may be used by the customer in complying with this subdivision and which shall indicate the nature of the problem with the water supply and the most appropriate methods for notification which may include, but is not limited to, the sending of a letter to each water user and the posting of a notice at each site where drinking water is dispensed.

(2) The notice required by this subdivision shall be given within 10 days of receipt of notification from the person operating the public water system.

(3) Any person failing to give notice as required by this subdivision shall be civilly liable in an amount not to exceed one thousand dollars ($1,000) for each day of failure to give notice.

(4) If the operator has evidence of noncompliance with this subdivision the operator shall report this information to the county health department and the department.

SEC. 49. Section 4029 of the Health and Safety Code is amended to read:

4029. No person shall operate a public water system without an emergency notification plan which has been submitted to and approved by the department. The emergency notification plan shall provide for immediate notice to the customers of the public water system of any significant rise in the bacterial count of water or other failure to comply with any primary drinking water standard which represents an imminent danger to the health of the water users.

No permit, variance, or exemption may be issued or amended under this chapter until an emergency notification plan has been approved by the department.

The department shall adopt rules and regulations to implement the provisions of this section. The rules and regulations may provide

for the exclusion of public water systems from the requirements of this section when, in the judgment of the department, the exclusion will best serve the public interest.

SEC. 50. Section 4030 of the Health and Safety Code is repealed.

SEC. 51. Section 4030 is added to the Health and Safety Code, to read:

4030. The department shall require every public water system, as a condition of operation, to report at least once annually to water consumers on the level of contaminants in drinking water which pose a potential risk to human health. The report shall include, but not be limited to, information on source, content, and quality of water purveyed, a comparison between levels of contaminants and recommended public health levels; and information on compliance with primary drinking water standards.

SEC. 52. The heading of Article 3 (commencing with Section 4031) of Chapter 7 of Part 1 of Division 5 of the Health and Safety Code is amended and renumbered to read:

Article 6. Violations

SEC. 53. Section 4031 of the Health and Safety Code is amended to read:

4031. (a) The department, after a hearing noticed and conducted as provided in Section 11500 of the Government Code, may suspend or revoke any permit issued pursuant to this chapter if the department determines pursuant to the hearing that the permittee is not complying with the permit, this chapter, or any regulation, standard, or order issued or adopted thereunder, or that the permittee has made a false statement or representation on any application, record, or report maintained or submitted for purposes of compliance with this chapter.

(b) The permittee may file with the superior court a petition for a writ of mandate for review of any decision of the department made pursuant to subdivision (a). Failure to file a petition shall not preclude a party from challenging the reasonableness or validity of a decision of the department in any judicial proceeding to enforce the decision or from pursuing any remedy authorized by this chapter.

(c) The department may temporarily suspend any permit issued pursuant to this chapter prior to any hearing when the action is necessary to prevent an imminent or substantial danger to health. The director shall notify the permittee of the temporary suspension and the effective date thereof and, at the same time, notify the permittee that a hearing has been scheduled. The hearing shall be held as soon as possible, but not later than 15 days after the effective date of the temporary suspension. The temporary suspension shall remain in effect until the hearing is completed and the director has made a final determination on the merits, which in any event shall be made within 15 days after the completion of the hearing. If the

determination is not transmitted within 15 days after the hearing is completed, the temporary suspension shall be of no further effect.

SEC. 54. The heading of Article 4 (commencing with Section 4032) of Chapter 7 of Part 1 of Division 5 of the Health and Safety Code is amended and renumbered to read:

Article 7. Remedies

4032. (a) If the department determines that a public water system is in violation of this chapter or any regulation, permit, standard, or order issued or adopted thereunder, the department may issue a citation to the public water system. The citation shall be served upon the public water system personally or by registered mail.

(b) Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the statutory provision, standard, order, or regulation alleged to have been violated.

(c) For continuing violations, the citation shall fix the earliest feasible time for elimination or correction of the condition constituting the violation where appropriate. If the public water system fails to correct a violation within the time specified in the citation, the department may assess a civil penalty as specified in subdivision (e).

(d) For a noncontinuing violation of primary drinking standards, other than turbidity, the department may assess in the citation a civil penalty as specified in subdivision (e).

(e) Citations issued pursuant to this section shall be classified according to the nature of the violation or the failure to comply. The department shall specify the classification in the citation and may assess civil penalties for each classification as follows:

(1) For violation of a primary drinking standard, other than turbidity, an amount not to exceed one thousand dollars ($1,000) for each day that the violation occurred for noncontinuing violations or for each day that the violation continues beyond the date specified for correction in the citation.

(2) For failure to comply with any citation or order issued for failure of the primary drinking water standard for turbidity or for violation of a secondary drinking water standard which the director determines may have a direct or immediate relationship to the welfare of the users, an amount not to exceed two hundred fifty dollars ($250) for each day that the violation continues beyond the date specified for correction in the citation.

(3) For failure to comply with any citation or order issued for noncompliance with any department regulation or order, other than a primary or secondary drinking water standard, an amount not to exceed two hundred dollars ($200) per day for each day the violation

SEC. 56. Section 4036.5 of the Health and Safety Code is amended to read:

4036.5. Notwithstanding Sections 4010.8 and 4010.9, the department may, after consultation with the local health officer, take any action authorized by this chapter against a public water system with less than 200 service connections if any of the following occur:

(a) The public water system has been in violation of any provision of this chapter or the regulations adopted hereunder, including any violation of compliance with drinking water standards or waterworks standards, for a period of at least 90 days within the previous year.

(b) A contaminant is present in, or likely to enter, a public water system and presents an imminent and substantial danger to the health of the users of the system.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 824

An act to amend Sections 799.01, 799.02, 799.03, 799.06, and 799.09 of, and to add Section 799.10 to, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 799.01 of the Insurance Code is amended to read:

799.01. As used in this article:

(a) "ELISA" test means an enzyme-linked immunosorbent assay serologic test which has been licensed by the federal Food and Drug Administration to detect antibodies to the human immunodeficiency virus.

(b) "Positive ELISA test" means an ELISA test performed in accordance with the manufacturer's specifications which is reactive on an initial testing and on at least one of two additional tests of the same blood specimen.

(c) "Western Blot Assay" means an assay which uses reagents consisting of HIV antigens separated by polyacrylamide-gel electrophoresis and then transferred to nitro-cellulose paper to detect antibodies to the human immunodeficiency virus.

(d) "Reactive Western Blot Assay" means a Western Blot Assay which is reactive according to the standards of performance and results specified in the manufacturer's federal Food and Drug Administration approved product circular for the Western Blot Assay reagents and laboratory apparatus.

(e) "HIV antibody test" means an ELISA test or a Western Blot Assay, or both.

(f) "Life or disability income insurer" means an insurer licensed to transact life insurance or disability insurance in this state or a fraternal benefit society licensed in this state.

(g) "Certificate" means a certificate of group life insurance or group disability income insurance delivered in this state, regardless of the situs of the group master policy.

(h) "Policy" means an individual life insurance policy or individual disability income insurance policy delivered in this state or a certificate of life insurance benefits or disability income insurance benefits delivered in this state by a fraternal benefit society.

(i) "Disability income insurance" means insurance against loss of occupational earning capacity arising from injury, sickness, or disablement.

SEC. 1.5. Section 799.02 of the Insurance Code is amended to read:

799.02. Notwithstanding subdivision (f) of Section 199.21 of the Health and Safety Code or any other provisions of law, a life or disability income insurer may decline a life or disability income insurance application or enrollment request on the basis of a positive ELISA test followed by a reactive Western Blot Assay performed by or at the direction of the insurer on the same specimen of the applicant's blood.

This authorization applies only to policies, certificates, and applications for coverage (a) that is issued, delivered, or received on

or after the effective date of the urgency statute amending this section enacted during the 1989 portion of the 1989–90 Regular Session and (b) the issuance or granting of which is otherwise contingent upon medical review for other diseases or medical conditions to be effective.

This article shall not be construed to prohibit an insurer from declining an application or enrollment request for insurance because the applicant has been diagnosed as having AIDS or ARC by a medical professional.

SEC. 2. Section 799.03 of the Insurance Code is amended to read:

799.03. No insurer shall test for HIV or for the presence of antibodies to HIV for the purpose of determining insurability other than in accordance with the informed consent, counseling, and privacy protection provisions of this article and Article 6.6 (commencing with Section 791). Notwithstanding any other provision of law, this constitutes the exclusive requirements for counseling, informed consent, and privacy protection for that testing.

(a) An insurer that requests an applicant to take an HIV-related test shall obtain the applicant's written informed consent for the test. Written informed consent shall include a description of the test to be performed, including its purpose, potential uses, and limitations, the meaning of its results, procedures for notifying the applicant of the results, and the right to confidential treatment of the results. Prior to the applicant's execution of the consent, the insurer shall:

(1) Provide the applicant printed material describing HIV, its causes and symptoms, the manner in which it is spread, the test or tests used to detect HIV or the HIV antibody, and what a person can do whose test results are positive or negative.

(2) Provide the applicant a list of counseling resources available, where the applicant can obtain assistance in understanding the meaning of the test and its results. The list may be provided from publicly available information.

(b) The insurer shall notify an applicant of a positive test result by notifying the applicant's designated physician. If the applicant tested has not given written consent authorizing a physician to receive the test results, the applicant shall be urged, at the time the applicant is informed of the positive test results, to contact a private physician, the county department of health, the State Department of Health Services, local medical societies, or alternative test sites for appropriate counseling.

SEC. 3. Section 799.06 of the Insurance Code is amended to read:

799.06. All underwriting activities undertaken by insurers pursuant to this article shall be subject to all applicable provisions of Article 6.6 (commencing with Section 791). On and after January 1, 1990, no application or enrollment request for life or disability income insurance shall contain a question pertaining to prior testing for HIV antibodies, unless the question is limited in scope to prior testing for the purpose of obtaining insurance.

SEC. 4. Section 799.09 of the Insurance Code is amended to read:

799.09. No life or disability income insurer shall require an HIV antibody test if the results of the test would be used exclusively or nonexclusively for the purpose of determining eligibility for hospital, medical, or surgical insurance coverage or eligibility for coverage under a nonprofit hospital service plan or health care service plan.

SEC. 5. Section 799.10 is added to the Insurance Code, to read:

799.10. (a) This section shall apply to the disclosure of the results of HIV antibody tests requested by an insurer pursuant to this article and, notwithstanding the provisions of Section 199.21 of the Health and Safety Code, Section 199.21 of the Health and Safety Code does not apply to the disclosure of the results of HIV antibody tests conducted pursuant to this article.

(b) Any person who negligently discloses results of an HIV antibody test to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in this article or in Section 1603.1 or 1603.3 of the Health and Safety Code, shall be assessed a civil penalty in an amount not to exceed one thousand dollars ($1,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(c) Any person who willfully discloses the results of an HIV antibody test to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in this article or in Section 1603.1 or 1603.3 of the Health and Safety Code, shall be assessed a civil penalty in an amount not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1054.2 is added to the Fish and Game Code, to read:

1054.2. Every person while engaged in taking any bird, mammal, fish, amphibian, or reptile shall have on his or her person or in his or her immediate possession, or where otherwise specifically required by law to be kept, any license, license tag, license stamp, or permit that is required in order to take the bird, mammal, fish, amphibian, or reptile. In the case of a person diving from a boat, the license or permit may be kept on the boat, or in the case of a person diving from shore, the license or permit may be kept within 500 yards on the shore.

SEC. 2. Section 7145 of the Fish and Game Code is amended to

read:

7145. Except as otherwise provided in this article, every person over the age of 16 years who takes any fish, reptile, or amphibia for any purpose other than profit shall first obtain a license for that purpose and shall have that license on his or her person or in his or her immediate possession or where otherwise specifically required by law to be kept when engaged in carrying out any activity authorized by the license. In the case of a person diving from a boat, the license may be kept in the boat, or in the case of a person diving from the shore, the license may be kept within 500 yards on the shore.

SEC. 3. Section 12002.1 of the Fish and Game Code is amended to read:

12002.1. (a) Notwithstanding Section 12002, the punishment for taking a mammal or bird for which a hunting license issued pursuant to Section 3031 is required or a license tag or license stamp is required, without having in one's possession the required, valid license, or without having in one's possession any required license tag or license stamp, or when the taking of that mammal or bird is prohibited by allowable season, limit, time, or area, is punishable by a fine of not more than two thousand dollars ($2,000), or imprisonment in the county jail for not more than one year, or both that fine and imprisonment, or by any greater punishment prescribed by this code.

(b) If a person is convicted of an offense described in subdivision (a) and produces in court a license, license tag, or license stamp, issued to the person and valid at the time of the person's arrest and if the taking was otherwise lawful with respect to season, limit, time, and area, the court may reduce the fine imposed for the violation to fifty dollars ($50).

SEC. 4. Section 12002.2 of the Fish and Game Code is amended to read:

12002.2. (a) Notwithstanding any other provision of law, a violation of Section 7145 is an infraction and not a misdemeanor, punishable by a fine of not less than one hundred dollars ($100) nor more than five hundred dollars ($500). If a person is convicted of a violation of Section 7145 within five years of a separate offense resulting in a conviction of a violation of Section 7145, that person shall be punished by a fine of not less than two hundred fifty dollars ($250) nor more than five hundred dollars ($500). dollars ($50).

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to amend Sections 7260, 7261, 7262, 7263, 7264, 7264.5, 7265, 7267.1, 7267.7, 7267.8, and 7276 of, to add Section 7260.5 to, and to repeal Section 7261.6 of, the Government Code, relating to relocation assistance.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 7260 of the Government Code is amended to read:

7260. As used in this chapter:

(a) "Public entity" includes the state, the Regents of the

University of California, a county, city, city and county, district, public authority, public agency, and any other political subdivision or public corporation in the state or any entity acting on behalf of these agencies when acquiring real property, or any interest therein, in any city or county for public use and any person who has the authority to acquire property by eminent domain under state law.

(b) "Person" means any individual, partnership, corporation, or association.

(c) "Displaced person" means both of the following:

(1) Any person who moves from real property, or who moves his or her personal property from real property, either:

(A) As a direct result of a written notice of intent to acquire or the acquisition of the real property, in whole or in part, for a program or project undertaken by a public entity or by any person having an agreement with or acting on behalf of a public entity.

(B) As a direct result of the rehabilitation, demolition, or other displacing activity as the public entity may prescribe under a program or project undertaken by a public entity, of real property on which the person is a residential tenant or conducts a business or farm operation, in any case in which the public entity determines that the displacement is permanent.

(2) Solely for the purposes of Sections 7261 and 7262, any person who moves from real property, or moves his or her personal property from real property, either:

(A) As a direct result of a written notice of intent to acquire or the acquisition of other real property, in whole or in part, on which the person conducts a business or farm operation, for a program or project undertaken by a public entity.

(B) As a direct result of the rehabilitation, demolition, or other displacing activity as the public entity may prescribe under a program or project undertaken by a public entity, of other real property on which the person conducts a business or farm operation, in any case in which the public entity determines that the displacement is permanent.

This definition shall be construed so that persons displaced as a result of public action receive relocation benefits in cases where they are displaced as a result of an owner participation agreement or an acquisition carried out by a private person for or in connection with a public use where the public entity is otherwise empowered to acquire the property to carry out the public use. Except persons or families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, who are occupants of housing which was made available to them on a permanent basis by a public agency and who are required to move from the housing, a "displaced" person shall not include any of the following:

(1) Any person who has been determined to be in unlawful occupancy of the displacement dwellings.

(2) Any person whose right of possession at the time of moving arose after the date of the public entity's acquisition of the real

property.

(3) Any person who has occupied the real property for the purpose of obtaining assistance under this chapter.

(4) In any case in which the public entity acquires property for a program or project (other than a person who was an occupant of the property at the time it was acquired), any person who occupies the property for a period subject to termination when the property is needed for the program or project.

(d) "Business" means any lawful activity, except a farm operation, conducted for any of the following:

(1) Primarily for the purchase, sale, lease, or rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property.

(2) Primarily for the sale of services to the public.

(3) Primarily by a nonprofit organization.

(4) Solely for the purpose of Section 7262 for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display, whether or not the display is located on the premises on which any of the above activities are conducted.

(e) "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing these products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(f) "Affected property" means any real property which actually declines in fair market value because of acquisition by a public entity for public use of other real property and a change in the use of the real property acquired by the public entity.

(g) "Public use" means a use for which real property may be acquired by eminent domain.

(h) "Mortgage" means classes of liens that are commonly given to secure advances on, or the unpaid purchase price of, real property, together with the credit instruments, if any, secured thereby.

(i) "Comparable replacement dwelling" means any dwelling that is all of the following:

(1) Decent, safe, and sanitary.

(2) Adequate in size to accommodate the occupants.

(3) In the case of a displaced person who is a renter, within the financial means of the displaced person. A comparable replacement dwelling is within the financial means of a displaced person if the monthly rental cost of the dwelling minus any replacement housing payment available to the person does not exceed 25 percent of the person's average monthly income.

(4) Comparable with respect to the number of rooms, habitable space, and type and quality of construction. Comparability under this paragraph shall not require strict adherence to a detailed, feature-by-feature comparison. While a comparable replacement

dwelling need not possess every feature of the displacement dwelling, the principal features shall be present.

(5) In an area not subject to unreasonable adverse environmental conditions.

(6) In a location generally not less desirable than the location of the displaced persons dwelling with respect to public utilities, facilities, services, and the displaced person's place of employment.

(j) "Displacing agency" means any public entity or person carrying out a program or project which causes a person to be a displaced person for a public project.

(k) "Appraisal" means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion of defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.

(*l*) "Small business" means a business as defined in Part 24 of Title 49 of the Code of Federal Regulations.

(m) "Lead agency" means the Department of Housing and Community Development.

SEC. 2. Section 7260.5 is added to the Government Code, to read:

7260.5. (a) The Legislature finds and declares the following:

(1) Displacement as a direct result of programs or projects undertaken by a public entity is caused by a number of activities, including rehabilitation, demolition, code enforcement, and acquisition.

(2) Relocation assistance policies must provide for fair, uniform, and equitable treatment of all affected persons.

(3) The displacement of businesses often results in their closure.

(4) Minimizing the adverse impact of displacement is essential to maintaining the economic and social well-being of communities.

(5) Implementation of this chapter has resulted in burdensome, inefficient, and inconsistent compliance requirements and procedures which may be improved by establishing a lead agency.

(b) This chapter establishes a uniform policy for the fair and equitable treatment of persons displaced as a direct result of programs or projects undertaken by a public entity. The primary purpose of this chapter is to ensure that these persons shall not suffer disproportionate injuries as a result of programs and projects designed for the benefit of the public as a whole and to minimize the hardship of displacement on these persons.

(c) The Legislature intends all of the following:

(1) Public entities shall carry out this chapter in a manner which minimizes waste, fraud, and mismanagement and reduces unnecessary administrative costs.

(2) Uniform procedures for the administration of relocation assistance shall, to the maximum extent feasible, assure that the unique circumstances of any displaced person are taken into account and that persons in essentially similar circumstances are accorded equal treatment under this chapter.

(3) The improvement of housing conditions of economically disadvantaged persons under this chapter shall be undertaken, to the maximum extent feasible, in coordination with existing federal, state, and local government programs for accomplishing these goals.

(4) The policies and procedures of this chapter shall be administered in a manner which is consistent with fair housing requirements and which assures all persons their rights under Title VIII of that act of April 11, 1968 (Public Law 90-284), commonly known as the Civil Rights Act of 1968 and Title VI of the Civil Rights Act of 1964.

SEC. 3. Section 7261 of the Government Code is amended to read:

7261. (a) Programs or projects undertaken by a public entity shall be planned in a manner that (1) recognizes, at an early stage in the planning of the programs or projects and before the commencement of any actions which will cause displacements, the problems associated with the displacement of individuals, families, businesses, and farm operations, and (2) provides for the resolution of these problems in order to minimize adverse impacts on displaced persons and to expedite program or project advancement and completion. The head of the displacing agency shall ensure the relocation assistance advisory services described in subdivision (c) are made available to all persons displaced by the public entity. If the agency determines that any person occupying property immediately adjacent to the property where the displacing activity occurs is caused substantial economic injury as a result thereof, the agency may make the advisory services available to the person.

(b) In giving this assistance, the public entity may establish local relocation advisory assistance offices to assist in obtaining replacement facilities for persons, businesses, and farm operations which find that it is necessary to relocate because of the acquisition of real property by the public entity.

(c) This advisory assistance shall include those measures, facilities, or services which are necessary or appropriate to do all of the following:

(1) Determine and make timely recommendations on the needs and preferences, if any, of displaced persons for relocation assistance.

(2) Provide current and continuing information on the availability, sales prices, and rentals of comparable replacement dwellings for displaced homeowners and tenants, and suitable locations for businesses and farm operations.

(3) Assure that, within a reasonable time period prior to displacement, to the extent that it can be reasonably accomplished, there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities, and at rents or prices within the financial means of displaced families and individuals, decent, safe, and sanitary dwellings, sufficient in number to meet the needs of, and available to, those displaced persons requiring those dwellings and reasonably accessible to their places of

employment, except that, in the case of a federally funded project, a waiver may be obtained from the federal government.

(4) Assure that a person shall not be required to move from a dwelling unless the person has had a reasonable opportunity to relocate to a comparable replacement dwelling, except in the case of any of the following:

(A) A major disaster as defined in Section 102(2) of the federal Disaster Relief Act of 1974.

(B) A state of emergency declared by the President or Governor.

(C) Any other emergency which requires the person to move immediately from the dwelling because continued occupancy of the dwelling by the person constitutes a substantial danger to the health or safety of the person.

(5) Assist a person displaced from a business or farm operation in obtaining and becoming established in a suitable replacement location.

(6) Supply information concerning other federal and state programs which may be of assistance to those persons in applying for assistance under the program.

(7) Provide other advisory services to displaced persons in order to minimize hardships to those persons.

(d) The head of the displacing agency shall coordinate its relocation assistance program with the project work necessitating the displacement and with other planned or proposed activities of other public entities in the community or nearby areas which may affect the implementation of its relocation assistance program.

(e) Notwithstanding subdivision (c) of Section 7260, in any case in which a displacing agency acquires property for a program or project, any person who occupies the property on a rental basis for a short term or a period subject to termination when the property is needed for the program or project, shall be eligible for advisory services to the extent determined by the displacing agency.

SEC. 4. Section 7261 6 of the Government Code is repealed.

SEC. 5. Section 7262 of the Government Code is amended to read:

7262. (a) Whenever a program or project to be undertaken by a public entity will result in the displacement of any person, the displaced person is entitled to payment for actual moving and related expenses as the public entity determines to be reasonable and necessary, including expenses for all of the following:

(1) Actual and reasonable expenses in moving himself or herself, his or her family, business, or farm operation, or his or her, or his or her family's, personal property.

(2) Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate the property, as determined by the public entity.

(3) Actual and reasonable expenses in searching for a

replacement business or farm, not to exceed one thousand dollars ($1,000).

(4) Actual and reasonable expenses necessary to reestablish a displaced farm, nonprofit organization, or small business at its new site, but not to exceed ten thousand dollars ($10,000).

(b) Any displaced person eligible for payments under subdivision (a) who is displaced from a dwelling and who elects to accept the payments authorized by this subdivision in lieu of the payments authorized by subdivision (a) shall receive a moving expense and dislocation allowance which shall be determined according to a schedule established by the head of the lead agency. The schedule shall be consistent with the Residential Moving Expense and Dislocation Allowance Payment Schedule established by Part 24 of Title 49 of the Code of Federal Regulations.

(c) Any displaced person who moves or discontinues his or her business or farm operation and elects to accept the payment authorized by this subdivision in lieu of the payment authorized by subdivision (a), shall receive a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, except that the payment shall not be less than one thousand dollars ($1,000) nor more than twenty thousand dollars ($20,000). In the case of a business, no payment shall be made under this subdivision, unless the public entity is satisfied that the business cannot be relocated without substantial loss of patronage and is not part of a commercial enterprise having at least one other establishment not being acquired, engaged in the same or similar business. For purposes of this subdivision, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation before federal, state, and local income taxes during the two taxable years immediately preceding the taxable year in which the business or farm operation moves from the real property being acquired, or during any other period as the public entity determines to be more equitable for establishing earnings, and includes any compensation paid by the business or farm operation to the owner, his or her spouse, or his or her dependents during the two-year or other period. To be eligible for the payment authorized by this subdivision, the business or farm operation shall make available its state income tax records, financial statements, and accounting records, for confidential use pursuant to an audit to determine the payment pursuant to this subdivision. In regard to an outdoor advertising display, payment pursuant to this subdivision shall be limited to the amount necessary to physically move, or replace that display. Any displaced person eligible for payments under subdivision (a) who is displaced from the person's place of business or farm operation and who is eligible under criteria established by the public entity, may elect to accept a fixed payment in lieu of the payment authorized by subdivision (a). The fixed payment shall not be less than one thousand dollars ($1,000) nor more than twenty thousand dollars ($20,000). A person whose sole

business at the displacement dwelling is the rental of the property to others shall not qualify for a payment under this subdivision.

(d) Whenever the acquisition of real property used for a business or farm operation causes the person conducting the business or farm operation to move from other real property, or to move his or her personal property from other real property, the person shall receive payments for moving and related expenses under subdivision (a) or (b) and relocation advisory assistance under Section 7261 for moving from the other property.

(e) Whenever a public entity must pay the cost of moving a displaced person under paragraph (1) of subdivision (a), or subdivision (d):

(1) The costs of the move shall be exempt from regulation by the Public Utilities Commission.

(2) The public entity may solicit competitive bids from qualified bidders for performance of the work. Bids submitted in response to the solicitations shall be exempt from regulation by the Public Utilities Commission.

SEC. 6. Section 7263 of the Government Code is amended to read:

7263. (a) In addition to the payments required by Section 7262, the public entity, as a part of the cost of acquisition, shall make a payment to the owner of real property acquired for public use which is improved with a dwelling actually owned and occupied by the owner as a permanent or customary and usual place of abode for not less than 180 days prior to the initiation of negotiation for the acquisition of that property.

(b) The payment, not to exceed twenty-two thousand five hundred dollars ($22,500), shall be based on the following factors:

(1) The amount, if any, which, when added to the acquisition cost of the dwelling acquired by the public entity equals the reasonable cost of a comparable replacement dwelling.

(2) The amount, if any, which will compensate the displaced owner for any increased interest costs which the owner is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than 180 days immediately prior to the initiation of negotiations for the acquisition of the dwelling. All of the mortgages on the acquired dwelling shall be used to compute the payment. The amount shall be computed using the lesser of the principal balance of the mortgage on the replacement dwelling or the outstanding principal balance of the mortgage on the acquired dwelling and the lesser of the remaining term on the acquired dwelling or the actual term of the new mortgage. The present value of the increased interest costs shall be computed based on the lesser of the prevailing interest rate or the actual interest rate on the replacement property. The amount shall also include other reasonable debt service costs incurred by the

displaced owner.

For the purposes of this subdivision, if the replacement dwelling is a mobilehome, the term "mortgage," as defined in subdivision (h) of Section 7260, shall include those liens as are commonly given to secure advances on, or the unpaid purchase price of, mobilehomes, together with the credit instruments, if any, secured thereby.

(3) Reasonable expenses incurred by the displaced owner for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(c) The additional payment authorized by this section shall be made only to a displaced owner who purchases and occupies a decent, safe, and sanitary replacement dwelling within one year from the later of the following:

(1) The date the displaced person receives final payment for the displacement dwelling, or in the case of condemnation, the date the full amount of estimated just compensation is deposited in court.

(2) The date the displacing agency fulfulls its obligation to make available at least one comparable replacement dwelling to the displaced person.

However, the displacing agency may extend the period for good cause. Also, the displaced owner and the public entity may agree in writing that the displaced owner may remain in occupancy of the acquired dwelling as a tenant of the public entity on the conditions that the displaced owner shall only be entitled to the payment authorized by this section on the date on which the owner moves from the acquired dwelling and that the payment shall be in an amount equal to that to which the owner would have been entitled if the owner had purchased and occupied a replacement dwelling one year subsequent to the date on which final payment was received for the acquired dwelling from the public entity.

(d) In implementing this chapter, it is the intent of the Legislature that special consideration be given to the financing and location of a comparable replacement dwelling for displaced persons 62 years of age or older.

SEC. 7. Section 7264 of the Government Code is amended to read:

7264. (a) In addition to the payments required by Section 7262, as a part of the cost of acquisition, the public entity shall make a payment to any displaced person displaced from any dwelling not eligible to receive a payment under Section 7263 which was actually and lawfully occupied by the person as a permanent or customary and usual place of abode for not less than 90 days prior to the initiation of negotiation by the public entity for the acquisition of the dwelling, or in any case in which displacement is not a direct result of acquisition, or any other event which the public entity shall prescribe.

(b) The payment, not to exceed five thousand two hundred fifty dollars ($5,250), shall be the additional amount which is necessary to

enable the person to lease or rent a comparable replacement dwelling for a period not to exceed 48 months. However, publicly funded transportation projects shall make payments enabling the person to lease or rent a comparable replacement dwelling for a period not to exceed 42 months, including compensation for utilities, as provided in subdivision (b) of Section 24.402 of Part 24 of Title 49 of the Code of Federal Regulations. Payments up to the maximum of five thousand two hundred fifty dollars ($5,250) shall be made in a lump sum. Should an agency pay pursuant to Section 7264.5 an amount exceeding the maximum amount, payment may be made periodically. Computation of a payment under this subdivision to a low-income displaced person for a comparable replacement dwelling shall take into account the person's income.

(c) Any person eligible for a payment under subdivision (a) may elect to apply the payment to a down payment on, and other incidental expenses pursuant to, the purchase of a decent, safe, and sanitary replacement dwelling. The person may, at the discretion of the public entity, be eligible under this subdivision for the maximum payment allowed under subdivision (b), except that, in the case of a displaced homeowner who has owned and occupied the displacement dwelling for at least 90 days but not more than 180 days immediately prior to the initiation of negotiations for the acquisition of the dwelling, the payment shall not exceed the payment which the person would otherwise have received under subdivision (b) of Section 7263 had the person owned and occupied the displacement dwelling 180 days immediately prior to the initiation of the negotiations.

(d) In implementing this chapter, it is the intent of the Legislature that special consideration shall be given to assisting any displaced person 62 years of age or older to locate or lease or rent a comparable replacement dwelling.

SEC. 8. Section 7264.5 of the Government Code is amended to read:

7264.5. (a) If a program or project undertaken by the public entity cannot proceed on a timely basis because comparable replacement housing is not available and the public entity determines that comparable replacement housing cannot otherwise be made available, the public entity shall take any action necessary or appropriate to provide the dwellings by use of funds authorized for the project. This section shall be construed to authorize the public entity to exceed the maximum amounts which may be paid under Sections 7263 and 7264 on a case-by-case basis for good cause as determined in accordance with rules and regulations adopted by the public entity. Where a displacing agency is undertaking a project with funds administered by a state agency or board, and where the displacing agency has adopted rules and regulations in accordance with Section 7267.8 for the implementation of this chapter, the determination of payments to be made pursuant to this subdivision shall be pursuant to those rules and regulations.

(b) No person shall be required to move from his or her dwelling because of its acquisition by a public entity, unless comparable replacement housing is available to the person.

(c) For purposes of determining the applicability of subdivision (a), the public entity is hereby designated as a duly authorized administrative body of the state for the purposes of subdivision (c) of Section 408 of the Revenue and Taxation Code.

(d) Subdivision (b) shall not apply to a displaced owner who agrees in writing with the public entity to remain in occupancy of the acquired dwelling as provided in subdivision (c) of Section 7263.

SEC. 9. Section 7265 of the Government Code is amended to read:

7265. (a) In addition to the payments required by Section 7262, as a cost of acquisition, the public entity shall make a payment to any affected property owner meeting the requirements of this section.

(b) The affected property shall be immediately contiguous to property acquired for airport purposes and the owner shall have owned the property affected by acquisition by the public entity not less than 180 days prior to the initiation of negotiation for acquisition of the acquired property.

(c) The payment, not to exceed twenty-two thousand five hundred dollars ($22,500), shall be the amount, if any, which equals the actual decline in the fair market value of the property of the affected property owner caused by the acquisition by the public entity for airport purposes of other real property and a change in the use of the property.

(d) The amount, if any, of actual decline in fair market value of affected property shall be determined according to rules and regulations adopted by the public entity pursuant to this chapter. The rules and regulations shall limit payment under this section only to those circumstances in which the decline in fair market value of affected property is reasonably related to objective physical change in the use of acquired property.

SEC. 10. Section 7267.1 of the Government Code is amended to read:

7267.1. (a) The public entity shall make every reasonable effort to acquire expeditiously real property by negotiation.

(b) Real property shall be appraised before the initiation of negotiations, and the owner, or the owner's designated representative, shall be given an opportunity to accompany the appraiser during his or her inspection of the property. However, the public entity may prescribe a procedure to waive the appraisal in cases involving the acquisition by sale or donation of property with a low fair market value.

SEC. 11. Section 7267.7 of the Government Code is amended to read:

7267.7. (a) If the acquisition of only a portion of a property would leave the remaining portion in such a shape or condition as to constitute an uneconomic remnant, the public entity shall offer to

acquire the entire property if the owner so desires.

(b) A person whose real property is being acquired in accordance with this chapter may, after the person has been fully informed of his or her right to receive just compensation for the property, donate the property, any part thereof, any interest therein, or any compensation paid therefor to a public entity determined by the person.

SEC. 12. Section 7267.8 of the Government Code is amended to read:

7267.8. (a) All public entities shall adopt rules and regulations to implement payments and to administer relocation assistance under this chapter. These rules and regulations shall be in accordance with the rules and regulations adopted by the Department of Housing and Community Development.

(b) Notwithstanding subdivision (a), with respect to a federally funded project, a public entity shall make relocation assistance payments and provide relocation advisory assistance as required under federal law.

SEC. 13. Section 7276 of the Government Code is amended to read:

7276. (a) If a resolution is adopted under Section 1245.330 of the Code of Civil Procedure consenting to the acquisition of property by eminent domain and the person authorized by the resolution to acquire the property by eminent domain acquires the property by purchase, eminent domain, or otherwise, that person shall provide relocation advisory assistance and shall make any of the payments required to be made by public entities pursuant to the provisions of this chapter in conformity with this chapter and the guidelines adopted by the Commission of Housing and Community Development pursuant to Section 7268.

(b) This section does not apply to public utilities which are subject to the provisions of Article 6 (commencing with Section 600) of Chapter 3 of Part 1 of Division 1 of the Public Utilities Code or to public entities which are subject to this chapter.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because any costs incurred by a local government pursuant to this act will result only as a consequence of its discretionary decision to acquire property. In addition, whenever any property acquisition involves federal funds, those costs would be costs mandated by a federal law or regulation. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 829

An act to add and repeal Chapter 2 (commencing with Section 2500) of Part 9 of Division 2 of the Labor Code, relating to employee health care coverage.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 2500) is added to Part 9 of Division 2 of the Labor Code, to read:

CHAPTER 2. EMPLOYEE HEALTH CARE COVERAGE

Article 1. Findings and Purposes

2500. This chapter shall be known and may be cited as the Tucker Health Care Coverage Act of 1989.

2501. The Legislature hereby finds and declares as follows:

(a) While a significant majority of Californians receive health care coverage through their employers as a result of employment, fewer employers in California provide this coverage than the nationwide average.

(b) In the last 10 years, the total number of uninsured in California has grown by more than 25 percent as a result of decreased employer coverage and more restrictive public program eligibility.

(c) State and local governments have provided, and continue to provide, a medical care system to serve indigent and low-income persons. However, because of public revenue constraints at both the state and local levels, the ability of that system to meet the needs of the uninsured is wholly inadequate.

(d) According to recent studies conducted by the University of California at Los Angeles and the Rand Corporation, the competitive pricing system in California has generated lower health care cost increases than in those states with traditional pricing mechanisms. Competitive pricing, however, has made it more difficult to pass on the cost of treatment for uninsured persons to payers for insured persons.

(e) To a large extent, those employers who provide for their employees' health care are also absorbing the costs of the uninsured. If economic competition is to be fair and equitable, all employers should absorb these costs equally.

(f) The uninsured comprise over 20 percent of California's population. Approximately two-thirds of the uninsured are employed or are dependents of employed persons. Uniform employer coverage would substantially reduce the number of Californians without health care coverage.

2502. It is the purpose of this chapter to ensure that nearly all employed persons in California are provided basic health care coverage to assist them in meeting the reasonable costs of medically necessary health care services. Further, it is intended that employer-sponsored health care programs offer employees coverage for dependents, the costs of which would be determined through employer-employee agreements.

2503. This chapter shall not be construed to diminish any protection already provided pursuant to collective bargaining agreements or employer-sponsored plans that are more favorable to the employees than the basic benefits required by this chapter.

Article 2. Definitions

2510. Unless the context requires otherwise, the definitions set forth in this article shall govern the construction and meaning of the terms and phrases used in this chapter.

2512. "Carrier" means any disability insurer, health care service plan, nonprofit hospital service plan, self-funded employer-sponsored plan, or Taft-Hartley Trust as defined by federal law, authorized to pay for health care services in this state, or any other entity which writes, administers, reinsures, provides stop-loss coverage for or otherwise provides health care coverage in this state.

2514. "Dependent" means the spouse, minor child, or permanently disabled child of a covered employee.

2516. (a) Except as provided in subdivision (b), "employee" means any person who works at least 125 hours per month for any single employer.

(b) "Employee" does not include any registered student in a postsecondary educational institution working for that institution and who is eligible for institutionally sponsored student health services.

2518. "Employer" means any person, partnership, corporation, association, or public or private agency employing for wages or salary five or more persons to work in this state who qualifies for, and elects to receive, a tax credit under Section 17053.20 or 23615 of the Revenue and Taxation Code by complying with this chapter.

2519. "Out-of-pocket expense" means those medical expenses which a subscriber or an insured is required to pay because they are not covered under the group or individual contract.

2520. "Principal employer" means the employer for whom any employee works the largest number of hours in any month.

2522. "Wages" means all remuneration for services from whatever source, including commissions, bonuses, and tips and gratuities paid directly to any individual by a customer or his or her employer.

2523. "Employer-sponsored health care coverage" means a program of group health care coverage arranged, and contracted for, by a principal employer in which the employer is responsible for at

least 75 percent of the gross premium per covered employee.

Article 3. Coverage

2530. Every employer may provide health care coverage to each employee pursuant to this chapter.

2532. Every employer who elects to provide health care coverage pursuant to this chapter may select that coverage from any carrier. Employers may also provide coverage through self-funded employer-sponsored plans.

2533. For purposes of this chapter, an employer may select health care coverage required to be provided by purchasing coverage authorized by any statute, including Section 12724 of the Insurance Code.

2534. Every employer who elects to provide coverage shall be responsible for at least 75 percent of the cost of health care coverage. However, where coverage exceeds the minimum benefits required by this chapter, or where coverage includes an employee's dependents, the payment for that coverage shall be consistent with established practices. To the extent that the employee is responsible for paying all or a part of these costs, an employer shall withhold those amounts from the employee's salary and wages.

2536. (a) Every employer who elects to provide coverage shall provide health care coverage to every employee who has been employed for six calendar months by the employer, at the earliest time thereafter at which coverage can be provided.

(b) Notwithstanding subdivision (a), no employer who elects to provide coverage shall be required to provide health care coverage to any employee under this chapter until three months following the second anniversary of the date the employer first received an employer tax identification number from the Employment Development Department.

2538. An employer who elects to provide coverage shall continue payments for health care coverage for any employee who is hospitalized or otherwise prevented by sickness or injury from working and earning wages, and for whom sick leave benefits are exhausted. This obligation shall continue for three calendar months following the month during which the employee became hospitalized or disabled from working, or the month the employee becomes eligible for other public or private coverage, whichever occurs first.

2540. An employer who elects to provide coverage shall not be required to provide health care coverage pursuant to this chapter with respect to any employee if any of the following occur:

(a) The employer is not the principal employer of the employee in terms of monthly hours worked.

(b) The employee is covered as a dependent under a plan which has benefits meeting the requirements of this chapter.

(c) When dependent coverage has been agreed upon between an

employer and an employee, an employer need not provide health care coverage for minor or permanently disabled children of the employee if the other parent has a birthday earlier in the year than the employee's birthday and that other parent is an employee of another employer subject to this chapter or is located outside the state and is otherwise making available health care coverage for the children and the other parent.

2544. Employers who elect to provide coverage may form associations for the purpose of providing health care coverage under this chapter. These associations may pool their employees in order to obtain group, rather than small-group or individual, rates and coverage, and these associations may also provide for self-funded employer-sponsored health care coverage. These associations shall remain fully the responsibility of, and under the control of, the employers which form them.

2548. Nothing in this chapter shall compel a carrier to insure or renew any policy or contract of health care coverage.

Article 4. Health Care Benefits

2550. Health care benefits provided in accordance with this chapter shall include all of the following, when medically necessary:

(a) Hospital inpatient care, including all of the following:

(1) Room accommodations.

(2) Regular and special diets.

(3) General nursing services.

(4) Use of operating rooms, surgical supplies, anesthesia services, and supplies.

(5) Drugs, dressing, oxygen, antibiotics, and blood transfusion services.

(b) Hospital outpatient care, including all of the following:

(1) Hospital outpatient services.

(2) Facilities for surgical procedures or health care of an emergency nature.

(c) Surgical benefits, including all of the following:

(1) Surgical services performed by a licensed physician and surgeon.

(2) Aftercare visits for a reasonable period.

(3) Anesthesia services.

(d) Medical benefits, including all of the following:

(1) Necessary home, office, and hospital visits by a licensed physician and surgeon.

(2) Intensive medical care while hospitalized.

(3) Medical or surgical consultation.

(e) Diagnostic laboratory services, X-ray, and radio-therapeutic services necessary for diagnosis or treatment of injury or disease.

(f) Maternity benefits.

(g) Mental health benefits, not attributed to substance abuse, including all of the following:

(1) Inpatient care or acute residential care for a period of at least 20 days in each calendar year.

(2) At least 25 outpatient visits in each calendar year, subject to 50 percent copayment.

(h) Supplies, care, and services provided by a sanitorium as included in the definition of "hospital" in Section 1395x of Title 42 of the United States Code and treatment and care compatible with those services.

2552. Health care coverage for employees may include, but are not required to include, provisions for cost sharing in the form of deductibles and copayments, subject to all of the following limitations:

(a) The total annual out-of-pocket expenses by an employee shall not exceed 50 percent of the total annual premium for that employee.

(b) The maximum annual deductible amount shall not exceed two hundred dollars ($200). However, for each year following January 1, 1992, the maximum deductible amount may be increased to an amount not exceeding the Consumer Price Index as determined annually by the United States Department of Labor.

(c) The maximum copayment for a specific health care service shall not exceed 25 percent.

(d) This section shall not apply to copayment and deductible provisions of health care coverage plans in force in California on January 1, 1992. All provisions of those plans shall be valid for the term of the contract of which they are a part.

(e) This section shall not apply to copayment and deductible provisions of health care coverage plans negotiated and approved through the collective bargaining process or meeting and conferring in good faith pursuant to Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code.

2553. The total lifetime cost of benefits to one individual for benefits provided under coverage subject to this chapter is limited to one million dollars ($1,000,000).

2554. Employers who elect to provide health care coverage pursuant to this chapter shall not be required to pay for benefits when the beneficiary is entitled to receive these benefits under any workers' compensation or employers' liability law for the injury or illness.

Article 5. Operative Date

2560. This chapter shall become operative on January 1, 1992.

2564. This chapter shall become operative only if Sections 17053.20 and 23615 of the Revenue and Taxation Code are amended by Senate Bill 1207 of the 1989–90 Regular Session of the Legislature, or by another bill during the 1989–90 Regular Session of the Legislature for substantially the same purpose as contained in Senate Bill 1207 as amended September 14, 1989, and shall remain operative

only until both are repealed, and shall remain in effect only until January 1 of the first year commencing after the repeal of those two sections, and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 2. (a) Notwithstanding any other provision of law, including, but not limited to, Sections 17053.20 and 23615 of the Revenue and Taxation Code, neither the program under Chapter 2 (commencing with Section 2500) of Part 9 of Division 2 of the Labor Code nor the tax credits available under Sections 17053.20 and 23615 of the Revenue and Taxation Code shall be implemented unless the report required by subdivision (b) is prepared and submitted to the Governor and the Legislature.

(b) The Governor shall designate a state agency or department or a nonstatutory advisory body created for that purpose to research and report on the following:

(1) The number of people in California who lack health insurance coverage, the impact of the lack of health insurance on California employers and those businesses providing health insurance, and the impact of Proposition 99 funds on the problem of uncompensated care in California.

(2) Fiscal incentives, other than those contained in Chapter 2 (commencing with Section 2500) of Part 9 of Division 2 of the Labor Code or provided for in Sections 17053.20 and 23615 of the Revenue and Taxation Code, which might further encourage businesses to provide health insurance coverage to their workers.

(3) Recommendations of how the current system of underwriting the cost of health insurance might be improved by:

(A) Consolidation and grouping of geographical areas.

(B) Consolidation and grouping of age and sex factors.

(C) Elimination of current individual and small business group rating practices for determining premium cost.

(D) Potential cost savings which might be achieved in consolidating health benefits covered under workers' compensation with benefits provided by employer-sponsored health care coverage.

(4) An analysis of, and recommendation for, the fiscal responsibility of those employers who do not provide basic health care coverage to their employees in order to insure the cost of uncompensated care to both the public and private sector is shared as equally as possible.

(c) The report shall be submitted to the Governor and the Legislature by March 1, 1990.

CHAPTER 830

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Item 6110-121-001 of Section 2.00 of the Budget Act of 1989 (Chapter 93 of the Statutes of 1989) is amended to read:

6110-121-001—For local assistance, Department of Education, Program 10.30.070 Economic Impact Aid .. 196,952,000

CHAPTER 831

An act to amend Section 66428 of the Government Code, relating to subdivision maps.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66428 of the Government Code is amended to read:

66428. (a) Local ordinances may require a tentative map where a parcel map is required by this chapter. A parcel map shall be required for subdivisions as to which a final or parcel map is not otherwise required by this chapter, unless the preparation of the parcel map is waived by local ordinance as provided in this section. A parcel map shall not be required for: (1) subdivisions of a portion of the operating right-of-way of a railroad corporation defined by Section 230 of the Public Utilities Code, which are created by short-term leases (terminable by either party on not more than 30 days' notice in writing), or (2) land conveyed to or from a governmental agency, public entity, public utility, or for land conveyed to a subsidiary of a public utility for conveyance to that public utility for rights-of-way, unless a showing is made in individual cases, upon substantial evidence, that public policy necessitates a parcel map.

A local agency shall, by ordinance, provide a procedure for waiving the requirement for a parcel map, imposed by this division, including the requirements for a parcel map imposed by Section 66426. The procedure may include provisions for waiving the requirement for

a tentative and final map for the construction of a condominium project on a single parcel. The ordinance shall require a finding by the legislative body or advisory agency, that the proposed division of land complies with such requirements as may have been established by this division or local ordinance enacted pursuant thereto as to area, improvement and design, floodwater drainage control, appropriate improved public roads, sanitary disposal facilities, water supply availability, environmental protection, and other requirements of this division or local ordinance enacted pursuant thereto. In any case, where the requirement for a parcel map is waived by local ordinance pursuant to provisions of this section, a tentative map may be required by local ordinance.

If a local ordinance does not require a tentative map where a parcel map is required by this division, the subdivider shall have the option of submitting a tentative map or if he or she desires to obtain the rights conferred by Chapter 4.5 (commencing with Section 66498.1), a vesting tentative map.

(b) When at least two-thirds of the owners of mobilehomes who are tenants in the mobilehome park sign a petition indicating their intent to purchase the mobilehome park for purposes of converting it to tenant-owned, condominium ownership interest, the requirement for a parcel map or a tentative and final map specified by Section 66426, shall be waived unless any of the following exist:

(1) There are significant design or improvement requirements necessitated by health or safety concerns.

(2) There is a need to perform field surveys on the exterior boundaries of the parcel or parcels appearing on the face of the map.

(3) The existing lot or lots were not created by a recorded parcel or final map.

(4) The conversion would result in the creation of additional parcels.

After the waiver application is deemed complete pursuant to Section 65943, the local agency shall approve or deny the application within 60 days. The applicant shall have the right to appeal that decision to the governing body of the local agency.

If a tentative or parcel map is required, the local agency shall not impose any onsite or offsite design or improvement requirements unless necessary to mitigate an existing health or safety condition. No other dedications, improvements, or in-lieu fees shall be required by the local agency. In no case shall the mitigation of a health or safety condition have the effect of reducing the number or changing the location of existing mobilehome spaces.

If the local agency imposes requirements on an applicant to mitigate a health or safety condition, the applicant and the local agency shall enter into an unsecured improvement agreement. The local agency shall not require bonds or other security devices pursuant to Chapter 5 (commencing with Section 66499) for the performance of that agreement. The applicant shall have a period of one year from the date the agreement was executed to complete

those improvements.

CHAPTER 832

An act to amend Section 451 of the Penal Code, relating to crime.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 451 of the Penal Code is amended to read:

451. A person is guilty of arson when he or she willfully and maliciously sets fire to or burns or causes to be burned or who aids, counsels or procures the burning of, any structure, forest land or property.

(a) Arson that causes great bodily injury is a felony punishable by imprisonment in the state prison for five, seven, or nine years.

(b) Arson that causes an inhabited structure or inhabited property to burn is a felony punishable by imprisonment in the state prison for three, five, or eight years.

(c) Arson of a structure or forest land is a felony punishable by imprisonment in the state prison for two, four, or six years. However, in lieu of any enhancement imposed pursuant to subdivision (b) of Section 667.5, if the person was previously convicted of arson of a structure or forest land and the prior conviction is charged in the accustory pleading and admitted by the defendant or found to be true by the trier of fact, in addition and consecutive to the punishment prescribed for the felony of which he or she has been convicted the person shall be punished by an additional term of imprisonment in the state prison for one, two, or three years.

(d) Arson of property is a felony punishable by imprisonment in the state prison for 16 months, two, or three years. For purposes of this paragraph arson of property does not include one burning or causing to be burned his or her own personal property unless there is an intent to defraud or there is injury to another person or another person's structure, forest land or property.

(e) In the case of any person convicted of violating this section while confined in a state prison, prison road camp, prison forestry camp, or other prison camp or prison farm, or while confined in a county jail while serving a term of imprisonment for a felony or misdemeanor conviction, any sentence imposed shall be consecutive to the sentence for which the person was then confined.

CHAPTER 833

An act to add Section 37222.5 to the Education Code, and to add Section 6714 to the Government Code, relating to John Muir Day.

The people of the State of California do enact as follows:

SECTION 1. Section 37222.5 is added to the Education Code, to read:

37222.5. All public schools and educational institutions, on April 21st of each year, which is the anniversary of the birth of John Muir, are encouraged to hold suitable exercises that stress the importance that an ecologically sound natural environment plays in the quality of life for all of us, and to emphasize John Muir's significant contributions to the fostering of that awareness and the indelible mark he left on the State of California.

SEC. 2. Section 6714 is added to the Government Code, to read:

6714. The Governor annually shall proclaim April 21st to be "John Muir Day."

CHAPTER 834

14293. The fee for application for renewal of registration is one hundred eighty dollars ($180) for a two-year period. It is payable on or before January 31st of each year. If it is not so paid, a penalty of fifty dollars ($50) shall be added to the fee.

In addition to any other penalties imposed by this chapter, any livestock owner or agent violating this section shall be liable to the buyer for an amount equal to three times the purchase price of any livestock or livestock carcasses with drug residues in excess of allowable federal or state tolerances so long as the liability does not conflict with the federal Packers and Stockyards Act, shall be liable for attorney's fees, and shall be liable for a civil penalty of not more than one hundred dollars ($100) for each head of livestock or livestock carcass disposed of or sold. In addition, the livestock owner or agent shall be liable for any attorney's fees.

(b) In addition to the penalties imposed by this chapter, the sale or disposition of any livestock or livestock carcass which, within 48 hours after the buyer takes possession, has drug residue in excess of allowable federal or state tolerances, is punishable by an administrative fine, levied by the director, in the amount of two hundred fifty dollars ($250) per head for a second or subsequent violation within a 12-month period.

(c) In lieu of assessing the administrative fine, the director may authorize a violator to attend an educational program on livestock drug residue avoidance which has been approved by the director. The violator shall successfully complete the program and provide proof to the director within 90 days from the occurrence of the violation.

(d) The provisions of this section shall not be construed to affect any rights or obligations under any contract between a livestock owner or agent, buyer, or any other party.

(e) Any additional funds collected as administrative fines pursuant to this section shall be deposited in the General Fund.

SEC. 5. Section 14364 is added to the Food and Agricultural Code, to read:

(c) Cull cows that are identified as provided in Division 10 (commencing with Section 20001) are exempt from this section.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 835

An act to add Section 54182 to the Food and Agricultural Code, relating to agricultural products.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to make it clear that neither Section 55461 nor Section 56161 of the Food and Agricultural Code is intended to prevent or otherwise prohibit a qualified association of producers from asserting all the rights of a producer under either Chapter 6 (commencing with Section 55401) or Chapter 7 (commencing with Section 56101) of Division 20 of that code in connection with any product produced by its members.

SEC. 2. Section 54182 is added to the Food and Agricultural Code, to read:

54182. (a) Any association organized and operating pursuant to this chapter or pursuant to similar laws of any other state, the District of Columbia, or the United States, which acts for its members as a producer marketing or bargaining association in its dealings with a

person licensed pursuant to Chapter 6 (commencing with Section 55401) or Chapter 7 (commencing with Section 56101) in connection with any product produced by its members, may, either in its own name or in the name of its members, assert all the rights of a producer under either of these chapters with respect to any of those products.

(b) Subdivision (a) does not apply to any late charges claimed under Section 55881 on any agricultural products delivered or scheduled to be delivered prior to January 1, 1986.

CHAPTER 836

An act to amend Section 69614 of the Education Code, relating to education.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Legislature hereby finds that there is a growing shortage of classroom teachers and that ethnic minorities are particularly underrepresented in the teaching profession. The teacher shortage is most serious in minority teachers, partly due to the shortage of minority students who are encouraged and who enter the teaching profession. The Legislature also finds that many school districts in the past have not hired or recruited ethnic minorities, but currently have nondiscrimination policies. Further, the Legislature finds that many school districts do have active programs to recruit ethnic minority teachers, however, many express difficulty recruiting minority teachers for pupils with special needs and for schools serving large populations of students from low-income and linguistic minority families.

(b) The Legislature finds that the state has a compelling governmental interest to encourage underrepresented ethnic minorities to enter the teaching profession and that there is convincing evidence that financial assistance is the remedial action that is necessary to eliminate barriers for ethnic minorities to enter the teaching profession.

(c) The Legislature finds that the rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important barrier and consideration in a student's decision to pursue a postsecondary education. The availability of financial aid and loan repayment assistance is often a particularly necessary consideration for students from underrepresented ethnic minority populations in making their

education decisions.

(d) The State of California can encourage ethnic minorities to enter the teaching profession by providing loan repayment assistance.

SEC. 2. Section 69614 of the Education Code is amended to read:

69614. (a) The Student Aid Commission shall distribute student applications to participate in the loan assumption program to postsecondary institutions eligible to participate in state and federal financial aid programs and having a program of professional preparation that has been approved by the Commission on Teacher Credentialing. Each eligible institution shall receive at least one application, and the remainder shall be distributed to eligible institutions proportionate to the number of teaching candidates from each institution who were fully credentialed during the previous year.

(b) Each participating institution shall sign an institutional agreement with the commission, certifying its intent to administer the loan assumption program according to all applicable published rules, regulations, and guidelines, and to make special efforts to notify students regarding the availability of the program, particularly those students who are members of populations underrepresented in the teaching profession.

(c) To the extent feasible, each participating institution shall coordinate the loan assumption program with other existing programs designed to recruit or encourage students to enter the teaching profession. These programs may include, but need not be limited to, student internships in school districts, courses that provide early exploratory or field work experience in elementary or secondary schools, and work-study employment in elementary or secondary schools.

(d) Each participating institution shall strive, through its recruitment and retention efforts, to achieve participation by ethnic minority students in at least the same proportion as the minority pupil population enrolled in the California public school system as certified by the State Department of Education.

CHAPTER 837

An act to amend Section 263.5 of the Streets and Highways Code, relating to highways.

[Approved by Governor September 25, 1989. Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 263.5 of the Streets and Highways Code is amended to read:

263.5. The state scenic highway system shall also include:

Route 78 from Route 79 near Santa Ysabel to Route 86 passing near Julian.

Route 79 from:

(a) Route 8 near Descanso to Route 78 near Julian.

(b) Route 78 near Santa Ysabel to Route 371 near Aguanga.

(a) Route 280 near First Street in San Francisco to Route 61 in Oakland.

(b) Route 20 near Emigrant Gap to the Nevada state line near Verdi, Nevada.

Route 84 from Route 238 to Route 680 near Sunol.

Route 88 from Route 49 in Jackson to the Nevada state line via Pine Grove, Silver Lake, and Kirkwood.

Route 91 from Route 55 near Santa Ana Canyon to Route 15 near Corona.

Route 92 from Route 1 near Half Moon Bay to Route 280 near Crystal Springs Lake.

Route 94 from Route 125 near Spring Valley to Route 8 west of Jacumba.

SEC. 2. The inclusion of Route 84 from Route 238 to Route 680 near Sunol in the state scenic highways system pursuant to Section 263.5 of the Streets and Highways Code does not prohibit the use of railroad rights-of-way located in that scenic corridor for transportation purposes.

CHAPTER 838

An act to amend Section 41601 of the Education Code, relating to school finance.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 41601 of the Education Code is amended to read:

41601. For the purposes of this chapter, the governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year the average daily attendance of the district for all full school months during (1) the period between July 1st and December 31st, inclusive, to be known as the "first period" report for the first principal apportionment, and (2) the period between July 1st and April 15th, inclusive, to be known as the "second period" report for the second principal apportionment. The county superintendent of schools shall report the average daily attendance for the schools and classes maintained by him or her and

Each report shall be prepared in accordance with instructions on forms prescribed and furnished by the Superintendent of Public Instruction. Average daily attendance shall be computed in the following manner:

(a) The average daily attendance in the regular elementary, junior high, and high schools, including continuation schools and classes and opportunity schools and classes, maintained by the school districts shall be determined by dividing the total number of days of attendance allowed in all full school months in each period, by the number of days the schools are actually taught in all full school months in each period, exclusive of Saturdays or Sundays and exclusive of weekend makeup classes pursuant to Section 37228.

(b) The attendance for schools and classes maintained by the county superintendent of schools and the county school tuition fund shall be reported in the same manner as reported by school districts. The average daily attendance of the school shall be determined by dividing the total number of days of attendance in all full school months in the first period by a divisor of 70, in the second period by 135 and at annual time by 175. For attendance in special classes and centers pursuant to Section 56364, the average daily attendance shall be reported by the county superintendents, but credited for revenue limit purposes to the district in which the pupil resides.

(c) The days of attendance in classes for adults and regional occupational centers programs shall be reported in the same manner as all other attendance under subdivision (a). The average daily attendance in those schools and classes shall be determined by dividing the total number of days of attendance in all full school months in the first period by a divisor of 85 in the second period by 135 and at annual time by 175.

(d) For purposes of determining the incentive funding pursuant to Sections 46200.5 and 46201.5, the days of attendance in special education classes operated by county offices of education shall be determined in the same manner as all other attendance under subdivision (a).

The court shall impose the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of sentence.

CHAPTER 842

An act to amend Sections 65913.4, 65915, and 65917 of the Government Code, relating to housing.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the need for lower income housing is increasing throughout the state. The Legislature further declares that local governments and the private sector must work together to produce the necessary affordable housing; and in so doing, the local governments must offer the private sector incentives for the development of affordable housing to ensure adequate housing for all Californians.

SEC. 2. Section 65913.4 of the Government Code is amended to read:

65913.4. (a) If a developer agrees to construct a housing development with 20 percent or more of the units reserved for occupancy by lower income households, as defined by Section 50079.5 of the Health and Safety Code, including elderly persons and families, as defined by Section 50067 of the Health and Safety Code, who meet the criteria for lower income households, a city, county, or city and county issuing permits for the housing development shall, unless it makes a written finding described in subdivision (b), provide a density bonus, and at least one or more, of the following regulatory concessions or incentives to ensure that the housing development will be produced at a reduced cost:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements which exceed the minimum building standards approved by the State Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required.

(2) Approval of mixed use zoning in conjunction with the housing

project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(3) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county which result in identifiable cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county or the waiver of fees or dedication requirements.

(b) After evaluating the regulatory concessions or incentives which could result in the housing development being produced at a reduced cost pursuant to subdivision (a), a city, county, or city and county may make a written finding that the additional concession or incentive is not required in order for rents for the targeted units to be set pursuant to subdivision (c) of Section 65915.

(c) This section applies to any housing development containing five or more units, including, but not limited to, those developments that receive federal, state, or local construction or mortgage financing assistance, mortgage insurance, or rent subsidies. Except for units financed under Sections 1472 and 1490a of Title 42 of the United States Code, the units for lower income households specified in subdivision (a) shall be reserved for a period of 30 years, or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program.

SEC. 3. Section 65915 of the Government Code is amended to read:

65915. (a) When a developer of housing proposes a housing development within the jurisdiction of the local government, the city, county, or city and county shall provide the developer incentives for the production of lower income housing units within the development if the developer meets the requirements set forth in subdivisions (b) and (c). The city, county, or city and county shall adopt an ordinance which shall specify the method of providing developer incentives.

(b) When a developer of housing agrees or proposes to construct at least (1) 20 percent of the total units of a housing development for lower income households, as defined in Section 50079.5 of the Health and Safety Code, or (2) 10 percent of the total units of a housing development for very low income households, as defined in Section 50105 of the Health and Safety Code, or (3) 50 percent of the total dwelling units of a housing development for qualifying residents, as defined in Section 51.2 of the Civil Code, a city, county, or city and county shall either (1) grant a density bonus and at least one of the concessions or incentives identified in Section 65913.4 unless the city, county, or city and county makes a written finding that the additional

concession or incentive is not required in order for rents for the targeted units to be set as specified in subdivision (c), or (2) provide other incentives of equivalent financial value based upon the land cost per dwelling unit.

(c) A developer shall agree to and the city, county, or city and county shall ensure continued affordability of all lower income density bonus units for 30 years. Those units targeted for persons and families with incomes at or below 80 percent of area median income shall be affordable at a rent that does not exceed 30 percent of 60 percent of area median income. Those units targeted for persons and families with incomes at or below 50 percent of area median income shall be affordable at a rent that does not exceed 30 percent of 50 percent of area median income. If a city, county, or city and county does not grant at least one concession or incentive pursuant to paragraph (1) of subdivision (b), the developer shall agree to and the city, county, or city and county shall ensure continued affordability for 10 years of all lower income housing units receiving a density bonus.

(d) A developer may submit to a city, county, or city and county a preliminary proposal for the development of housing pursuant to this section prior to the submittal of any formal requests for general plan amendments, zoning amendments, or subdivision map approvals. The city, county, or city and county shall, within 90 days of receipt of a written proposal, notify the housing developer in writing of the procedures under which it will comply with this section. The city, county, or city and county shall establish procedures for carrying out this section, which shall include legislative body approval of the means of compliance with this section. The city, county, or city and county shall also establish procedures for waiving or modifying development and zoning standards which would otherwise inhibit the utilization of the density bonus on specific sites. These procedures shall include, but not be limited to, such items as minimum lot size, side yard setbacks, and placement of public works improvements.

(e) The housing developer shall show that the waiver or modification is necessary to make the housing units economically feasible.

(f) For the purposes of this chapter, "density bonus" means a density increase of at least 25 percent over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the developer to the city, county, or city and county. The density bonus shall not be included when determining the number of housing units which is equal to 10 or 25 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(g) "Housing development" as used in this section means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For

purposes of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(h) If a developer agrees to construct both 20 percent of the total units for lower income households and 10 percent of the total units for very low income households, the developer is entitled to only one density bonus and at least one additional concession or incentive identified in Section 65913.4 under this section although the city, city and county, or county may, at its discretion, grant more than one density bonus.

SEC. 4. Section 65917 of the Government Code is amended to read:

65917. In enacting this chapter it is the intent of the Legislature that the density bonus or other incentives offered by the city, county, or city and county pursuant to this chapter shall contribute significantly to the economic feasibility of lower income housing in proposed housing developments. In the absence of an agreement by a developer in accordance with Section 65913.5 or 65915, a locality shall not offer a density bonus or any other incentive that would undermine the intent of this chapter.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 6. Sections 1 to 5, inclusive, of this act, unless otherwise specified, shall apply to charter cities.

SECTION 1. Section 12996 of the Food and Agricultural Code is amended to read:

12996. (a) Every person who violates any provision of this division relating to pesticides, or any regulation issued pursuant to a

provision of this division relating to pesticides, is guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or by imprisonment of not more than six months, or by both fine and imprisonment. Upon a second or subsequent conviction of the same provision of this division relating to pesticides, a person shall be punished by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000), or by imprisonment of not more than six months or by both fine and imprisonment. Each violation constitutes a separate offense.

SEC. 2. Section 12997 of the Food and Agricultural Code is amended to read:

12997. In lieu of seeking prosecution of any violation of this division as a misdemeanor, and the penalty prescribed in Section 12996, the director may prosecute civilly pursuant to Sections 12998 and 12999, or may levy civil penalties pursuant to Section 12999.4 or the commissioner may levy civil penalties pursuant to Section 12999.5.

SEC. 3. Section 12999.4 is added to the Food and Agricultural Code, to read:

12999.4. (a) In lieu of civil prosecution by the director, the director may levy a civil penalty against a person violating Section 12671 or Section 12993 of not more than five thousand dollars ($5,000) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard, including the right to review the director's evidence and a right to present evidence on his or her own behalf.

(c) Review of the decision of the director may be sought by the person against whom the penalty was levied pursuant to Section 1094.5 of the Code of Civil Procedure.

12999.5. (a) In lieu of civil prosecution by the director, the commissioner may levy a civil penalty against a person violating Division 6 (commencing with Section 11401), Article 10

(commencing with Section 12971) or Article 10.5 (commencing with Section 12980) of this chapter, Section 12995, Article 1 (commencing with Section 14001) of Chapter 3, or a regulation adopted pursuant to any of these provisions, of not more than one thousand dollars ($1,000) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard. This shall include the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.

(c) The person fined may appeal to the director within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent, and shall state the grounds for the appeal and shall include a copy of the commissioner's decision. The applicant shall file a copy of the appeal with the commissioner at the same time it is filed with the director.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the director, present written evidence and a written argument to the director.

(3) The director may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement of the appellant, the commissioner, and the director.

(5) The director shall decide the appeal on any oral or written argument, briefs, and evidence that he or she has received.

(6) The director shall render a written decision within 45 days of the date of appeal or within 15 days of the date of oral arguments or as soon thereafter as practical.

(7) On an appeal pursuant to this section, the director may sustain, modify by reducing the amount of the fine levied, or reverse the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Review of a decision of the director may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

CHAPTER 844

An act relating to water districts, and in this connection, to create the Mono County Tri-Valley Groundwater Management District, prescribing its boundaries, operation, management, financing, and other powers and duties.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Mono County Tri-Valley Groundwater Management District Act.

Article 1 Legislative Findings

SEC. 102. The Legislature finds and declares as follows:

(a) The groundwater basins which are the subject of this act provide water for domestic, agricultural, and other commercial needs in the eastern portions of Mono County.

(b) Those groundwater basins are or may become overdrafted, thereby depleting supplies for domestic uses, curtailing reasonable growth, endangering the economic viability of agriculture, and otherwise adversely affecting the environment and economy of the area.

(c) Although it is not certain what adverse effects would result, or whether there is or may be excess water, there are pressures to export groundwater from the basins to other areas of the state.

(d) It is necessary, and in the best interests of the persons and property dependent upon and served by the groundwaters of the basins, that the Legislature create a locally controlled water district for the purpose of preserving the waters of the basins and, to the extent there becomes a surplus of groundwater, approving the terms and conditions of any sale of the surplus and equitably allocating the proceeds of that sale.

(e) The creation of the district will assure the carrying out of functions of statewide importance

Article 2. Creation and Boundaries

SEC. 201. The Mono County Tri-Valley Groundwater Management District is hereby created. The district, acting by and through its governing board, shall have jurisdiction over groundwaters within the boundaries of the district, and shall have the powers provided by this act or any other provision of law.

SEC. 202. The district shall consist of those areas of eastern Mono County commonly known and referred to as Benton Valley, Hamill Valley, and Chalfant Valley, and portions of the watersheds

thereof. The district is more particularly described as follows:

Beginning at the point where U.S. Highway 6 crosses the California-Nevada state line, thence along the state line in a southeasterly direction to the national forest boundary; thence along the national forest boundary in a southerly direction to the Mono-Inyo county line; thence along the Mono-Inyo county line west to Fish Slough Road; thence along Fish Slough Road in a northerly direction to its intersection with the northern boundary of Range 32 East, Township 5 South; thence west to the national forest boundary; thence along the national forest boundary north to the southwest corner of Section 14, Range 31 East, Township 2 South; thence north to the southwest corner of Section 11, Range 31 East, Township 1 South; thence along the national forest boundary in a northeasterly direction to the California-Nevada state line; thence along the state line in a southeasterly direction to the point where U.S. Highway 6 crosses the California-Nevada state line.

An appointment to fill a vacancy on the board shall be for the unexpired portion of the term of the office in which the vacancy occurs.

SEC. 402. The board shall adopt rules for the carrying out of its business. The board shall exercise the powers of the district as set forth in this act.

SEC. 403. The board shall appoint a Groundwater Advisory Board consisting of 15 persons who are eligible to vote and who reside within the boundaries of the district. Article 5. General Provisions

SEC. 501. The board may establish civil penalties for violations of district ordinances in addition to the remedies specified in this act.

SEC. 502. Any ordinance adopted pursuant to this act shall become effective within 30 days of adoption. Within 10 days after its adoption, the ordinance shall be published pursuant to Section 6061 of the Government Code. From and after the publication, any person who does not comply with the ordinance may be liable civilly for a sum not to exceed one thousand dollars ($1,000) for each day the ordinance is not complied with, in addition to any penalties established pursuant to Section 501.

SEC. 503. The board may exclude from any of the requirements of this act any operator who extracts a minimum amount of groundwater as specified in an ordinance adopted by the board after notice and hearing.

SEC. 504. Within 60 days after publication of any ordinance or resolution establishing or in furtherance of a groundwater management program, any interested party may file with the superior court a petition for writ of mandate for the review thereof. Failure to file such an action shall not preclude a party from challenging the validity of the ordinance or resolution in any judicial proceedings brought to enforce the ordinance or resolution or for other civil remedies, including the imposition of civil penalties. The right to seek judicial review shall not be affected by any failure to seek reconsideration from the board.

SEC. 505. The board may reconsider all or part of a decision on petition of any person affected by the decision. Any such petition shall be filed with the board within 15 days after adoption of the decision by the board. The board shall decide whether to reconsider its decision within 60 days after the petition is filed.

SEC. 506. After notice and a public hearing, the board, by ordinance, shall adopt a schedule of fees to be imposed on each water export permit. The fees shall be based on the amount of water to be

exported by the permittee.

Article 6. Studies and Investigations

SEC. 601. The board may carry on technical and other necessary investigations of all kinds and collect data necessary to carry out this act. The board and its authorized agents shall have the right of access to all properties within the district to the extent permitted by the United States Constitution and the California Constitution.

SEC. 602. The board may cooperate and contract with federal, state, and local governmental agencies in the conduct and performance of all investigations, studies, and data collection.

SEC. 603. The board shall prepare annually a report on groundwater supplies and conditions in the district, including groundwater management objectives and a plan of implementation of those objectives, following a determination that groundwater management activities may be necessary.

Article 7. Groundwater Management Activities

SEC. 701. If, upon receipt of the recommendations of its engineers, consultants, and staff, or any of them, the board determines that groundwater management activities may be necessary, the board shall, after compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), give notice of and hold a hearing to receive evidence and make findings on the need for such a program and on the form and scope of the management activities required. The requirement to comply with the California Environmental Quality Act does not, and shall not be construed to, limit compliance with that act for other discretionary actions by the board.

SEC. 702. If the board determines that groundwater management activities are necessary, the board may, by ordinance, exercise any of the following powers:

(a) Store water in and recapture water from surface reservoirs or groundwater basins within the district.

(b) Acquire water and water rights within or outside of the district.

(c) Purchase and import water into the district.

(d) Buy and sell water and water rights at rates determined by the board.

(e) Exchange water and water rights.

(f) Store and recapture water in the groundwater basins.

(g) Commence and prosecute actions to enjoin unreasonable uses or methods of use of water within the district or outside of the district to the extent those uses or methods of use affect the groundwater supplies within the district.

SEC. 703. The board may impose spacing requirements on new

extraction facility construction to minimize well interference.

SEC. 705. (a) The board may, at the request of a water user, and after notice to all affected persons, convene a hearing to ascertain if the legal rights of the complaining water user have been infringed through well interference by the extractions of any other operator within the district. At any hearing, the burden is on the complaining water user to produce evidence that his or her legal rights have been infringed by the extractions of another operator within the district.

(b) If, on the basis of the hearing record, the board determines that the legal rights of the complaining water user have been infringed, the board may make such orders as are necessary to provide the complaining water user with an adequate remedy to the well interference.

(c) The board may petition the appropriate superior court for enforcement of its order.

SEC. 706. (a) No groundwater shall be exported from the district unless the exporter has applied for and obtained a permit from the board which establishes the quantity of water which may be exported and the conditions on that export. Notwithstanding any conditions specified in the permit, exporters shall be subject to the provisions of Section 707.

(b) The board shall not issue any permit to export water from the district unless the applicant has established that there is an available supply in excess of the amount currently required for reasonable and beneficial uses within the district, and the board determines that the export, if permitted, would not adversely affect the rights of groundwater users within the district. The board shall issue permits for export for such time periods and under such terms and conditions as it deems appropriate. All permits shall state that they are subject to the right of the district to reduce or suspend exports as provided for in this act.

SEC. 707. The district shall, after published notice and a hearing which discloses evidence of overdraft, or threat of overdraft, reduce or suspend extractions by exporters regardless of whether a permit to export has been granted pursuant to this act.

SEC. 708. If the evidence produced at the hearing specified in Section 707 or in any subsequent hearing, tends to show that reduction or suspension of extraction by exporters will be insufficient to eliminate existing or threatened conditions of overdraft, the district may limit or suspend extraction by district users. Any such limitation or suspension of extraction shall be done in the manner described in Section 709.

SEC. 709. In the event that the board limits or suspends extraction by district users in order to eliminate existing or threatened conditions of overdraft, rights to the use of the available supply of groundwater shall be allocated primarily on the basis of the number of acres overlying the basin or subbasin that a user owns or leases in proportion to the total number of acres overlying the basin or subbasin. The board shall adjust any figure so arrived at up or

down for any of the following factors:

(a) The number of acres actually irrigated compared to the number of acres owned or leased.

(b) Crop type.

(c) Wasteful or inefficient use.

(d) Reasonable need.

(e) Water conservation activities.

(f) Any other factors that the board reasonably determines it should consider in order to reach an equitable distribution within the entire district.

SEC. 710. (a) The Legislature, in enacting this act, intends to establish and grant to overlying groundwater users and to district off-basin groundwater users a prior right to groundwater in the district and to thereby relegate exports from the district to a junior priority to the water users, irrespective of the time the export uses are commenced. By adopting district boundaries which contain the watershed of the groundwater basin within the district, the Legislature adopts the watershed and basin as the scope of the area granted prior right to groundwater.

(b) It is further the Legislature's intent to recognize that, in general, overlying users have a prior right to groundwater within the district, but to grant the board the authority to consider other factors and the reasonable needs of district off-basin users in allocating the available groundwater supply and to permit the district to make groundwater available to district off-basin users based on factors which indicate that the use is necessary for the equitable distribution of the groundwater resource.

SEC. 711. If the board has imposed reductions on district users, no operator may extract groundwater from a new, enlarged, or reactivated extraction facility for use within the district until the operator has applied for and received a permit from the board.

SEC. 712. (a) The board shall grant the permit referred to in Section 711 upon determining the operator's share of the available supply from the groundwater basin or subbasin in the manner described in Section 709 and may limit the operator's right to extract groundwater to that share. To the extent necessary, the board shall adjust the authorized extractions by other district users.

(b) The board may postpone the effective date of any increase authorized in subdivision (a) to the start of the next water year. The board may also establish a date by which any application shall be submitted in order to be effective at the start of the next water year.

SEC. 713. In order to preserve and manage the groundwater resources of the district, the board may participate, in any capacity, in proceedings involving the district, including, but not limited to, groundwater rights adjudications.

Article 8. Zones of Benefit and Assessment Districts

SEC. 801. The board may use the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code), or the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) for the construction of any facilities authorized to be constructed by the district under this act.

SEC. 802. (a) The board may establish zones of benefit within the district. Resolution of the board shall describe the boundaries of the zones of benefit.

(b) The board may amend zone of benefit boundaries by annexing property to or by withdrawing property from a zone, or may divide a zone into two or more zones. Resolutions of the board shall describe the boundaries of the amended or divided zones. Zones of benefit created by annexation shall not include lands outside the boundaries of the district.

Article 9. Enforcement Powers

SEC. 901. The right to proceed for injunctive relief is an additional right to those which may be provided elsewhere in this act or otherwise allowed by law. The board shall not be required to provide an undertaking or bond as a condition of a grant of injunctive relief.

SEC. 902. In any action brought pursuant to this act in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it shall not be necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued, or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without those allegations and without that proof.

SEC. 903. The district may petition the superior court to recover any sums due to the district pursuant to this act. The board shall make that request only after a hearing with due notice of the hearing given to all affected persons.

SEC. 904. Remedies under this article are in addition to, and do not supersede or limit, any and all other remedies, civil or criminal.

SEC. 905. All moneys collected by the district pursuant to this act shall be placed in an account and shall be available without regard to fiscal year for expenditure by the board in carrying out district functions pursuant to this act.

SEC. 906. The Legislature finds and declares that this act, which is applicable only to the Mono County Tri-Valley Groundwater Management District is necessary because of the unique and special

groundwater management problems in the area included in the district. It is, therefore, hereby declared that a general law cannot be made applicable to the district and that the enactment of this special law is necessary for the conservation, development, control, and use of that water for the public good and for the protection of life and property therein.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 845

An act to amend Sections 1352, 1367.3, 1382, and 1399 of, to add Section 1396 to, and to add Article 8.5 (commencing with Section 1394.5) to Chapter 2.2 of Division 2 of, the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 25, 1989 Filed with Secretary of State September 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1352 of the Health and Safety Code is amended to read:

1352. (a) A licensed plan shall, within 30 days after any change in the information contained in its application, other than financial or statistical information, file an amendment thereto in the manner the commissioner may by rule prescribe setting forth the changed information. However, the addition of any association, partnership, or corporation in a controlling, controlled, or affiliated status relative to the plan shall necessitate filing, within a 30-day period of an authorization for disclosure to the commissioner of financial records of the person pursuant to Section 7473 of the Government Code.

(b) Prior to any material modification of its plan or operations, a plan shall give notice thereof to the commissioner, who shall, within 20 business days or such additional time as the plan may specify, by order approve, disapprove, suspend, or postpone the effectiveness of any such change, subject to Section 1354.

(c) A plan shall, within five days, give written notice to the commissioner in the form as by rule may be prescribed, of any change in the officers, directors, partners, controlling shareholders, principal creditors, or persons occupying similar positions or performing similar functions, of the plan and of any management

company of the plan, and of any parent company of the plan or management company. The commissioner may by rule define the positions, duties, and relationships which are referred to in this subdivision.

(d) The fee for filing a notice of major modification pursuant to subdivision (b) shall be the actual cost to the commissioner of processing the notice, including overhead, but shall not exceed seven hundred fifty dollars ($750).

SEC. 2. Section 1367.3 of the Health and Safety Code is amended to read:

1367.3. (a) On and after January 1, 1980, every health care service plan that covers hospital, medical, or surgical expenses on a group basis shall offer benefits for the comprehensive preventive care of children. Every plan shall communicate the availability of these benefits to all group contract holders and to all prospective group contract holders with whom they are negotiating. This section shall apply to a plan which, by rule or order of the commissioner, has been exempted from subdivision (i) of Section 1367, insofar as that section and the rules thereunder relate to the provision of the preventive health care services described herein.

(b) For purposes of this section, benefits for the comprehensive preventive care of children shall be consistent with the Recommendations for Preventive Pediatric Health Care, as adopted by the American Academy of Pediatrics in September 1987, and provide for the following:

(1) Physician services for routine physical examinations.

(2) Immunizations.

(3) Laboratory services in connection with routine physical examinations.

SEC. 3. Section 1382 of the Health and Safety Code is amended to read:

1382. (a) The commissioner shall conduct an examination of the fiscal and administrative affairs of any plan, and each person with whom the plan has made arrangements for administrative, management, or financial services, as often as deemed necessary to protect the interest of subscribers or enrollees, but not less frequently than once every five years.

(b) The expense of conducting any examinations pursuant to this section, and the expense of conducting any medical surveys pursuant to Section 1380 shall be charged against the plan being examined or surveyed. The amount shall include the actual salaries or compensation paid to the persons making the examination or survey, the expenses incurred in the course thereof, and overhead costs in connection therewith as fixed by the commissioner. In determining the cost of examinations or surveys, the commissioner may use the estimated average hourly cost for all persons performing examinations or surveys of plans for the fiscal year. The amount charged shall be remitted by the plan to the commissioner. If recovery of these costs cannot be made from the plan, these costs

may be added to, but subject to the limitation of, the assessment provided for in subdivision (b) of Section 1356.

(c) Reports of all examinations shall be open to public inspection, except that no examination shall be made public, unless the plan has had an opportunity to review the examination report and file a statement or response within 30 days, to be attached to the report. Deficiencies shall not be made public if they are corrected within 30 days of the date that the plan was notified of the deficiency.

SEC. 4. Article 8.5 (commencing with Section 1394.5) is added to Chapter 2.2 of Division 2 of the Health and Safety Code, to read:

Article 8.5. Service of Process

1394.5. When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this chapter or any rule, regulation, or order adopted hereunder, whether or not the person has filed a power of attorney under subdivision (j) of Section 1351, and personal jurisdiction over the person cannot otherwise be obtained in this state, that conduct shall be considered equivalent to the appointment of the commissioner or the commissioner's successor in office to be the attorney in fact to receive any lawful process in any noncriminal suit, action, or proceeding against the person or the person's successor, executor, or administrator which arises out of that conduct and which is brought under this chapter or any rule, regulation, or order adopted hereunder, with the same force and validity as if personally served. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless the plaintiff or petitioner, who may be the commissioner in a suit, action, or proceeding instituted by him or her, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his or her last known address or takes other steps which are reasonably calculated to give actual notice, and in a court action, an affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows. In the case of administrative orders issued by the commissioner, the affidavit of compliance need not be filed with the administrative tribunal unless the respondent requests a hearing.

SEC. 5. Section 1396 is added to the Health and Safety Code, to read:

1396. It is unlawful for any person willfully to make any untrue statement of material fact in any application, notice, amendment, report, or other submission filed with the commissioner under this chapter or the regulations adopted thereunder, or willfully to omit to state in any application, notice, or report any material fact which is required to be stated therein.

SEC. 6. Section 1399 of the Health and Safety Code is amended to read:

1399. (a) Surrender of a license as a health plan becomes

effective 30 days after receipt of an application to surrender the license or within a shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the surrender is instituted within 30 days after the application is filed. If such a proceeding is pending or instituted, surrender becomes effective at the time and upon the conditions as the commissioner by order determines.

(b) If the commissioner finds that any plan is no longer in existence, or has ceased to do business or has failed to initiate business activity as a licensee within six months after licensure, or cannot be located after reasonable search, the commissioner may by order summarily revoke the license of the plan.

(c) The commissioner may summarily suspend or revoke the license of a plan upon (1) failure to pay any fee required by this chapter within 15 days after notice by the commissioner that the fee is due and unpaid, or (2) failure to file any amendment or report required under this chapter within 15 days after notice by the commissioner that the report is due, or (3) failure to maintain any bond or insurance pursuant to Section 1376.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
