(b) If subdivision (a) would apply to an exchange but for the fact that there is received, in addition to the stock or securities permitted to be received under subdivision (a), other property or money, then:

(1) Gain (if any) to the recipient shall be recognized, but not in excess of the total of both of the following:

(A) The amount of money received.

(B) The fair market value of the other property received.

(2) No loss to the recipient shall be recognized.

(c) In determining control, for purposes of this section, the fact that any corporate transferor distributes part or all of the stock which it receives in the exchange to its shareholders shall not be taken into account.

(d) For purposes of this section, stock or securities issued for any of the following shall not be considered as issued in return for property:

(1) Services.

(2) Indebtedness of the transferee corporation which is not evidenced by a security.

(3) Interest on indebtedness of the transferee corporation which accrued on or after the beginning of the transferor's holding period for the debt.

(e) With respect to transfers on or after June 21, 1988, if—

(1) Property is transferred to a corporation (hereinafter in this subdivision referred to as the "controlled corporation") in an

exchange with respect to which gain or loss is not recognized (in whole or in part) to the transferor under this section, and

(2) The exchange is not in pursuance of a plan of reorganization, Section 24481 shall apply to any transfer in the exchange by the controlled corporation in the same manner as if the transfer were a distribution to which Article 1 (commencing with Section 24451) of Chapter 8 applies.

(f) This section does not apply to a transfer of property of a debtor pursuant to a plan while the debtor is under the jurisdiction of a court in a Title 11 or similar case (within the meaning of paragraph (1) of subdivision (d) of Section 24562), to the extent that the stock or securities received in the exchange are used to satisfy the indebtedness of the debtor.

SEC. 131. Section 24541 of the Revenue and Taxation Code is amended to read:

24541. (a) In the case of an exchange to which Section 24521, 24531, 24532, 24533, 24535, 24551, or 24572 applies—

(1) The basis of the property permitted to be received under such section without the recognition of gain or loss shall be the same as that of the property exchanged—

(A) Decreased by—

(i) The fair market value of any other property (except money) received by the bank or corporation;

(ii) The amount of any money received by the bank or corporation; and

(iii) The amount of loss to the bank or corporation which was recognized on such exchange, and

(B) Increased by—

(i) The amount which was treated as a dividend; and

(2) The basis of any other property (except money) received by the bank or corporation shall be its fair market value.

(b) (1) Under regulations prescribed by the Franchise Tax Board, the basis determined under subsection (a) (1) shall be allocated among the properties permitted to be received without the recognition of gain or loss.

(2) In the case of an exchange to which Sections 24532 and 24533 (or so much of Section 24535 as relates to Section 24533) apply, then in making the allocation under paragraph (1) of this subdivision, there shall be taken into account not only the property so permitted to be received without the recognition of gain or loss, but also the stock or securities (if any) of the distributing bank or corporation which are retained, and the allocation of basis shall be made among all such properties.

(c) For purposes of this section, a distribution to which Section 24533 (or so much of Section 24535 as relates to Sections 24532 and 24533) applies shall be treated as an exchange, and for such purposes

the stock and securities of the distributing bank or corporation which are retained shall be treated as surrendered, and received back, in the exchange.

(d) (1) Where, as part of the consideration to the bank or corporation, another party to the exchange assumed a liability of the bank or corporation or acquired from the bank or corporation property subject to a liability, such assumption or acquisition (in the amount of the liability) shall, for purposes of this section, be treated as money received by the bank or corporation on the exchange.

(2) Paragraph (1) shall not apply to the amount of any liability excluded under paragraph (3) of subdivision (c) of Section 24540.

(e) This section shall not apply to property acquired by a bank or corporation by the exchange of its stock or securities (or the stock or securities of a corporation which is in control of the acquiring corporation) as consideration in whole or in part for the transfer of the property to it.

(f) For purposes of this section, the property permitted to be received under Section 24551 without the recognition of gain or loss shall be treated as consisting only of stock or securities in another corporation which is a party to the reorganization.

SEC. 132. Section 24562 of the Revenue and Taxation Code is amended to read:

24562. (a) For purposes of Chapter 8 (commencing with Section 24451), Chapter 9 (commencing with Section 24501), and this chapter, "reorganization" means any of the following:

(1) A statutory merger or consolidation.

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of that other corporation (whether or not the acquiring corporation had control immediately before the acquisition).

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded.

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(5) A recapitalization.

(6) A mere change in identity, form, or place of organization of one corporation, however effected.

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, the transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If:

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then the acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), (2), or (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring the assets or stock. A similar rule shall apply to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if both of the following apply:

(A) No stock of the acquiring corporation is used in the

transaction.

(B) In the case of a transaction under paragraph (1) of subdivision (a), the transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if both of the following apply:

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction).

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this subparagraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code) shall be treated as one issuer. For purposes of this subparagraph, a person holding stock in a regulated investment company, a real estate investment trust, or an investment company which meets the requirements of this subparagraph shall, except as provided in regulations, be treated as holding its proportionate share of the assets held by that company or trust.

(C) For purposes of this paragraph, "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be

considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph does not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to that investment company and its shareholders and security holders as though its assets had been acquired by that other corporation. If the investment company acquires stock of another corporation in a reorganization described in paragraph (2) of subdivision (a) of Section 24562 (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of that investment company as though they had exchanged with the other corporation all of their stock in the investment company for stock having a fair market value equal to the fair market value of their stock of the investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(7) (A) A transaction shall fail to meet the requirements of paragraph (3) of subdivision (a), unless the acquired corporation distributes the stock, securities, and other properties it receives, as well as its other properties, in pursuance of the plan of reorganization. For purposes of the preceding sentence, if the acquired corporation is liquidated pursuant to the plan of reorganization, any distribution to its creditors in connection with that liquidation shall be treated as pursuant to the plan of reorganization.

(B) The Franchise Tax Board may waive the application of subparagraph (A) to any transaction subject to any conditions the Franchise Tax Board may prescribe.

(8) In the case of any transaction with respect to which the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met, for purposes of determining whether the transaction qualifies under paragraph (4) of subdivision

(a), the term "control" has the meaning given to that term by Section 304(c) of the Internal Revenue Code.

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q) (17) (C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case only if both of the following apply:

(A) Any party to the reorganization is under the jurisdiction of the court in that case.

(B) The transfer is pursuant to a plan of reorganization approved by the court.

(3) If a transaction (but for this paragraph) qualifies both—

(A) Under paragraph (7) of subdivision (a), and

(B) Under any other paragraph of subdivision (a) or under Section 24502 or 24521, then, for purposes of this chapter (other than Section 24540(c) (1)), the transaction shall be treated as qualifying only under paragraph (7) of subdivision (a).

(4) For purposes of paragraphs (1) and (2), in the case of a receivership, foreclosure, or similar proceeding before a federal or state agency involving a financial institution to which Section 585 or 593 of the Internal Revenue Code applies, the agency shall be treated as a court.

(5) In the case of a Title 11 or similar case, the requirement of subparagraph (B) of paragraph (5) of subdivision (b) shall be treated as met if both of the following apply:

(A) No former shareholder of the surviving corporation received any consideration for his or her stock.

(B) The former creditors of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, debt of the surviving corporation which had a fair market value equal to 80 percent or more of the total fair market value of the debt of the surviving corporation.

(6) (A) For purposes of paragraphs (1) and (2), in the case of a financial institution to which Section 593 of the Internal Revenue Code applies, the term "Title 11 or similar case" means only a case in which the board (which will be treated as the court in such case) makes the certification described in subparagraph (B).

(B) A transaction otherwise meeting the requirements of paragraph (7) of subdivision (a), in which the transferor corporation is a financial institution to which Section 593 of the Internal Revenue Code applies, will not be disqualified as a reorganization if no stock

or securities of the corporation to which the assets are transferred are received or distributed, but only if all of the following conditions are met:

(i) The requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets,

(ii) Substantially all of the liabilities of the transferor immediately before the transfer become, as a result of the transfer, liabilities of the transferee, and

(iii) The board certifies that the grounds set forth in Section 1464(d)(6)(a)(i), (ii), or (iii) of Title 12, United States Code, exist with respect to the transferor or will exist in the near future in the absence of action by the board.

(C) For purposes of this subdivision, "board" means the Federal Home Loan Bank Board or the Federal Savings and Loan Insurance Corporation or, if neither has supervisory authority with respect to the transferor, the equivalent state authority.

(D) This paragraph shall not apply to acquisitions after December 31, 1988, nor to income years beginning after December 31, 1988.

That allowance shall not exceed 50 percent of the net income of the taxpayer (computed without allowance for depletion) from the property, except that in no case shall the depletion allowance be less than it would be if

computed without reference to this section. For purposes of the preceding sentence, the allowable deductions taken into account with respect to expenses of oil, gas, and geothermal wells in computing the taxable income from the property shall be decreased by an amount equal to so much of any gain which is:

As to "wholly intrastate corporations," if subdivision (c) applies, then the amount of percentage depletion (as adjusted and limited by subdivision (c)) shall be prorated among them in the ratio to which the percentage depletion of each prescribed in subdivision (b) (before the application of subdivision (c)) bears to the total percentage depletion prescribed in subdivision (b) for all corporations (before the application of subdivision (c)).

(e) For purposes of this section, a "geothermal deposit" means a geothermal reservoir consisting of natural heat which is stored in rocks or in an aqueous liquid or vapor (whether or not under pressure).

(3) In the case of property pledged to the Commodity Credit Corporation, to the extent of the amount received as a loan from the Commodity Credit Corporation and treated by the taxpayer as income for the year in which received pursuant to Section 24273, and to the extent of any deficiency on such loan with respect to which the taxpayer has been relieved from liability.

(c) A taxpayer may elect, in the form and manner as the Franchise Tax Board may prescribe,

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 25199.7 of the Health and Safety Code is amended to read:

25199.7. (a) At least 90 days before filing an application for a land use decision for a specified hazardous waste facility project with a local agency, the proponent shall file a notice of intent to make the application with the Office of Permit Assistance in the Office of Planning and Research and with the applicable city or county. The notice of intent shall specify the location to which the notice of intent is applicable and shall contain a complete description of the nature, function, and scope of the project. The Office of Permit Assistance shall immediately notify affected state agencies of the notice of intent. The local agency shall publish a notice in a newspaper of general circulation in the area affected by the proposed project, shall post notices in the location where the proposed project is located, and shall notify, by a direct mailing, the owners of contiguous property, as shown in the latest equalized assessment role. A notice

of intent filed with a local agency shall be accompanied by a fee which shall be set by the local agency in an amount equal to the local agency's cost of processing the notice of intent and carrying out the notification requirements of this subdivision. A notice of intent is not transferable to a location other than the location specified in the notice and shall remain in effect for one year from the date it is filed with a local agency or until it is withdrawn by the proponent, whichever is earlier.

(b) A notice of intent is not effective and a proponent may not file an application for a land use decision for a specified hazardous waste facility project with a local agency unless the proponent has first complied with subdivision (a).

(c) Within 90 days after a notice of intent is filed with the Office of Permit Assistance pursuant to subdivision (a), the office shall convene a public meeting in the affected city or county to inform the public on the nature, function, and scope of the proposed specified hazardous waste facility project and the procedures that are required for approving applications for the project.

(d) The legislative body of the affected local agency shall appoint a seven member local assessment committee to advise it in considering an application for a land use decision for a specified hazardous waste facility project. The members of the local assessment committee may be appointed at any time after the notice of intent is filed with the local agency but shall be appointed not later than 30 days after the application for the land use decision is accepted as complete by the local agency. The local agency shall charge the project proponent a fee to cover the local agency's costs of establishing and convening the local assessment committee. The fee shall accompany the application for a land use decision.

(1) The membership of the committee shall be broadly constituted to reflect the makeup of the community, and shall include three representatives of the community at large, two representatives of environmental or public interest groups, and two representatives of affected businesses and industries. Members of local assessment committees selected pursuant to this subdivision shall have no direct financial interest, as defined in Section 87103 of the Government Code, in the proposed specified hazardous waste facility project.

(2) The local assessment committee shall, as its primary function, advise the appointing legislative body of the affected local agency of the terms and conditions under which the proposed hazardous waste facility project may be acceptable to the community. To carry out this function, the local assessment committee shall do all of the following:

(A) Enter into a dialogue with the proponent for the proposed hazardous waste facility project to reach an understanding with the proponent on both of the following:

(i) The measures that should be taken by the proponent in connection with the operation of the proposed hazardous waste

facility project to protect the public health, safety, and welfare, and the environment of the city or county.

(ii) The special benefits and remuneration the facility proponent will provide the city or county as compensation for the local costs associated with the operation of the facility.

(B) Represent generally, in meetings with the project proponent, the interests of the residents of the city or county and the interests of adjacent communities.

(C) Receive and expend any technical assistance grants made available pursuant to subdivision (g).

(D) Adopt rules and procedures which are necessary to perform its duties.

(E) Advise the legislative body of the city or county of the terms, provisions, and conditions for project approval which have been agreed upon by the committee and the proponent, and of any additional information which the committee deems appropriate. The legislative body of the city or county may use this advice for its independent consideration of the project.

(3) The legislative body of the affected jurisdiction shall provide staff resources to assist the local assessment committee in performing its duties.

(4) A local assessment committee established pursuant to this subdivision shall cease to exist after final administrative action by state and local agencies has been taken on the permit applications for the project for which the committee was convened.

(e) A local agency shall notify the Office of Permit Assistance within 10 days after an application for a land use decision for a specified hazardous waste facility project is accepted as complete by the local agency and, within 60 days after receiving this notice, the Office of Permit Assistance shall convene a meeting of the lead and responsible agencies for the project, the proponent, the local assessment committee, and the interested public, for the purpose of determining the issues which concern the agencies that are required to approve the project and the issues which concern the public. The meeting shall take place in the jurisdiction where the application has been filed.

(f) Following the meeting required by subdivision (e), the proponent and the local assessment committee appointed pursuant to subdivision (d) shall meet and confer on the specified hazardous waste facility project proposal for the purpose of establishing the terms and conditions under which the project will be acceptable to the community.

(g) (1) If the local assessment committee finds that it requires assistance and independent advice to adequately review a proposed hazardous waste facility project, it may request technical assistance grants from the local agency to enable the committee to hire a consultant. The committee may use technical assistance grant funds made available to it to hire a consultant to do either, or both, of the following:

(A) Assist the committee in reviewing and evaluating the application for the project, the environmental documents prepared for the project pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and any other documents, materials, and information that are required by a public agency in connection with the application for a land use decision or a permit.

(B) Advise the local assessment committee in its meetings and discussions with the facility proponent to seek agreement on the terms and conditions under which the project will be acceptable to the community.

(2) The local agency shall require the proponent of the proposed hazardous waste facility project to pay a fee equal to the amount of any technical assistance grant provided the local assessment committee under paragraph (1). The funds received as a result of the imposition of the fee shall be used to make technical assistance grants exclusively for the purposes described in paragraph (1).

(3) The local agency shall deposit any fee imposed pursuant to paragraph (2) in an account created in the city or county treasury, maintain records of all expenditures from the account, and return any unused funds and accrued interest to the project proponent upon completion of the review of the proposed hazardous waste facility project.

(h) If the local assessment committee and the proponent cannot resolve any differences through the meetings, the Office of Permit Assistance may assist in this resolution pursuant to Section 25199.4.

(i) This section applies only to a specified hazardous waste facility project.

SEC. 2. Section 25199.8 of the Health and Safety Code is amended to read:

25199.8. (a) If an action or proceeding has been commenced in any court to attack, review, set aside, void, or annul the acts or decisions of a lead agency for a specified hazardous waste facility project on the grounds of noncompliance with Division 13 (commencing with Section 21000) of the Public Resources Code, the proponent may, notwithstanding the action or proceeding, request the responsible agencies for the specified hazardous waste facility project to continue to process applications for approval of permits for the project received and accepted as complete by each responsible agency. If a responsible agency receives such a request, the time limits specified in subdivisions (a), (b), and (c) of Section 25199.6 shall apply.

(b) Except as provided in subdivision (d), if any action or proceeding is commenced to review the acts or decisions of a lead or responsible agency for a specified hazardous waste facility project, the proponent may petition the court to stay the action or proceeding. The court, in its discretion, may stay the action or proceeding until all public agencies for the project have completed reviewing and approving or disapproving the applications for

permits for the project. The proponent may, at any time prior to completion of these actions by the lead or responsible agencies, file a petition with the court requesting that the action or proceeding be permitted to proceed and, upon receiving such a petition, the court shall discontinue the stay.

(c) Notwithstanding subdivision (b), a court may enjoin a lead or responsible agency from approving a permit or license if the court finds that the approval would result in an imminent or substantial endangerment of the public health or the environment or if there are other compelling reasons that the action or proceeding should not be stayed.

(d) Subdivision (b) does not apply to an action or proceeding which alleges that a lead or responsible agency has not complied with Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 3. Section 25199.9 of the Health and Safety Code is amended to read:

25199.9. (a) A proponent may file an appeal of a land use decision made by a local agency for a specified hazardous waste facility project with the Governor or the Governor's designee pursuant to subdivision (b), (c), or (d) and any interested person may file an appeal of a land use decision made by a local agency for a specified hazardous waste facility project pursuant to subdivision (e). The proponent or an interested person shall file the appeal within 30 calendar days after the date the local agency takes final action on the land use decision. If the proposed project would accept or manage both hazardous waste and solid waste, the appeal shall relate only to the local land use decision concerning the hazardous waste portion of the proposed facility. Any decisions of an appeal board involving the proposed facility shall affect only the hazardous waste portion of the local land use decision.

(b) If an application for a land use decision for a specified hazardous waste facility project is disapproved by a local agency, the proponent for the specified hazardous waste facility project may file an appeal of the disapproval with the Governor or the Governor's designee. The Governor or the Governor's designee shall convene an appeal board pursuant to Section 25199.10 to hear the appeal pursuant to this subdivision if the proponent has applied for, and obtained, all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies.

(c) (1) Notwithstanding subdivision (b), if an application for a land use decision for a specified hazardous waste facility project is disapproved by a local agency before an environmental impact report for the project is prepared and certified, as specified in Section 21151 of the Public Resources Code, or before a negative declaration for the project is adopted pursuant to subdivision (c) of Section 21080 of the Public Resources Code, the proponent may file an appeal of the disapproval with the Governor or the Governor's

designee.

(2) Within 30 days after an appeal is filed pursuant to this subdivision, the Governor or the Governor's designee shall convene an appeal board, pursuant to Section 25199.10. The appeal board shall thereafter be the lead agency for the specified hazardous waste facility project and shall perform the duties specified in, and carry out the actions required by, Division 13 (commencing with Section 21000) of the Public Resources Code. The proponent may apply for those permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies, at any time before or after the appeal board's compliance with actions required by Division 13 (commencing with Section 21000) of the Public Resources Code. The time limits specified in subdivisions (a), (b), and (c) of Section 25199.6 apply to these responsible agencies except that, for the purposes of these time limits, the date when the appeal board has complied with all actions required by Division 13 (commencing with Section 21000) of the Public Resources Code shall be deemed equivalent to the date when a lead agency decides to approve or disapprove a project.

(3) After the proponent has applied for and obtained the permits specified in paragraph (2), the proponent for the specified hazardous waste facility project may request the Governor or the Governor's designee to reconvene the appeal board to hear the appeal. The Governor or the Governor's designee shall reconvene the appeal board pursuant to Section 25199.10 to hear the appeal of a disapproval pursuant to this subdivision if it has been demonstrated to the Governor or the Governor's designee that the proponent has applied for, and obtained, all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies.

(d) If an application for a land use decision for a specified hazardous waste facility project is approved by a local agency, the proponent for the specified hazardous waste facility project may file an appeal of one or more conditions imposed by the land use decision with the Governor or the Governor's designee. An appeal filed under this subdivision shall specify the particular condition or conditions imposed by the land use decision that are appealed and shall be based solely on the grounds that the condition or conditions imposed on the operation of the facility by the land use decision are so onerous and restrictive that their imposition is the same as a disapproval of the application for a land use decision. The Governor or the Governor's designee shall convene an appeal board pursuant to this subdivision if the proponent has applied for, and obtained, all permits for the specified hazardous waste facility project which can be obtained prior to its construction from those responsible agencies which are state agencies.

(e) If an application for a land use decision for a specified hazardous waste facility project is approved by a local agency, any

interested person may file an appeal of the approval with the Governor or the Governor's designee. An appeal may be filed pursuant to this subdivision only if the appeal is based solely on the grounds that the conditions imposed on the project by the land use decision do not adequately protect the public health, safety, or welfare. The Governor or the Governor's designee shall convene an appeal board pursuant to this subdivision if the proponent for the specified hazardous waste facility project has applied for, and obtained, all permits for the project which can be obtained prior to its construction from those responsible agencies which are state agencies. An interested person filing an appeal pursuant to this subdivision shall state in the appeal why the conditions imposed by the land use decision do not adequately protect the public health, safety, or welfare and shall specify the additional condition or conditions which are necessary to provide that protection.

SEC. 4. Section 25199.10 of the Health and Safety Code is amended to read:

25199.10. (a) If an appeal is filed pursuant to subdivision (b), (d), or (e) of Section 25199.9, or paragraph (3) of subdivision (c) of Section 25199.9, the Governor or the Governor's designee shall determine within five working days whether the proponent has obtained all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies. If, because the application for the appeal is incomplete, the Governor or the Governor's designee is unable to determine, within five working days, whether or not the appeal board should be convened, the Governor or the Governor's designee may return the application for appeal to the proponent or interested party who filed the appeal. The proponent or interested party shall resubmit the completed application for an appeal within 20 calendar days after receiving the returned appeal and if the proponent or interested party fails to do so, the Governor or the Governor's designee shall not reconsider whether to convene an appeal board.

(b) If the Governor or the Governor's designee determines, pursuant to subdivision (a), that the proponent has obtained all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies, or if an appeal is filed pursuant to paragraph (1) of subdivision (c) of Section 25199.9, the Governor or the Governor's designee shall convene an appeal board within 30 days after making that determination or receiving that appeal, by requesting the League of California Cities and the County Supervisors Association of California to each nominate persons for appointment to an appeal board, as specified in paragraphs (6) and (7) of subdivision (c).

(c) An appeal board shall consist of seven members, five of whom shall be the members listed in paragraphs (1) to (5), inclusive, and two of whom shall be separately appointed for each particular

appeal, as provided in paragraphs (6) and (7). An appeal board shall consist of the following members:

(1) The State Director of Health Services.

(2) The Chairperson of the State Air Resources Board.

(3) The Chairperson of the State Water Resources Control Board.

(4) A member of a county board of supervisors appointed by the Senate Committee on Rules who shall be selected from the persons nominated by the County Supervisors Association of California. The appointment shall be for a period of four years, but shall terminate earlier if the appointee does not continue in office as a member of a board of supervisors.

(5) A member of a city council appointed by the Speaker of the Assembly who shall be selected from the persons nominated by the League of California Cities. The appointment shall be for a period of four years, but shall terminate earlier if the appointee does not continue in office as a member of a city council.

(6) A member of a county board of supervisors appointed by the Speaker of the Assembly who shall be selected from the persons nominated by the County Supervisors Association of California. The member shall be from the county in which the specified hazardous waste facility project which is the subject of the appeal is located. However, if the member appointed pursuant to paragraph (4) is from the county in which the specified hazardous waste facility project is located, the member appointed pursuant to this paragraph shall not be from that same county.

(7) A member of a city council appointed by the Senate Committee on Rules who shall be selected from the persons nominated by the League of California Cities. The member shall be from the city in which the specified hazardous waste facility project which is the subject of the appeal is located, or from the city which the Governor or the Governor's designee determines to be the most directly affected by the project if the project is not located in a city. However, if the member appointed under paragraph (5) is from a city in the county in which the specified hazardous waste facility project is located, the member appointed under this paragraph shall be from a city in a different county.

(d) The appeal board shall issue the final decision upon an appeal in writing and the members of the appeal board shall sign the decision.

(e) The State Director of Health Services, the Chairperson of the State Air Resources Board, and the Chairperson of the State Water Resources Control Board may designate an alternate to attend any meetings or hearings of an appeal board in that person's place, except that the alternate may not vote on a final decision on an appeal or sign the written decision in place of the person for whom the person serves as alternate.

(f) The Governor or the Governor's designee shall designate staff to serve the appeal board.

SEC. 5. Section 25199.11 of the Health and Safety Code is

amended to read:

25199.11. (a) An appeal board convened by the Governor or the Governor's designee to hear an appeal pursuant to subdivision (b) or (c) of Section 25199.9 shall follow the procedures and requirements specified in this section.

(b) Within 30 days after the Governor or the Governor's designee determines that an appeal board should be convened pursuant to subdivision (b) of Section 25199.9, or paragraph (3) of subdivision (c) of Section 25199.9, the appeal board shall be convened and a public hearing held in the city or county where the specified hazardous waste facility project is located. At the hearing, the proponent, and the local agency whose land use decision is being appealed, shall present arguments and evidence to the appeal board concerning whether or not the appeal should be accepted.

(c) Within 15 days after the date of the public hearing specified in subdivision (b), the appeal board shall decide whether or not to accept the appeal. The appeal board may accept an appeal only by an affirmative vote of four members of the appeal board. The appeal board shall make its decision based upon the arguments and evidence presented at the hearing. The appeal board's decision shall be in writing, shall be signed by the members who voted in favor of the decision, and shall state the reasons for accepting or rejecting the appeal. The appeal board may accept the appeal if the arguments and evidence presented at the hearing tend to show that, when the local agency's reasons for disapproving the application for a land use decision are weighed against statewide, regional, or county hazardous waste management policies, goals, and objectives, there are compelling reasons to review the disapproval of the application.

(d) If the appeal board accepts the appeal, within 30 days after this acceptance, the appeal board shall conduct an informal workshop on the subject of the appeal in the city or county where the specified hazardous waste facility project is proposed to be located. Within 45 days following acceptance of the appeal, the appeal board shall also hold a public hearing in the community to hear the arguments and evidence for the purpose of making a tentative decision on the appeal. In issuing a decision pursuant to the hearing, the appeal board shall adopt a rebuttable presumption that the land use decision of the local agency disapproving the application is supported by substantial reasons and that, when these reasons are weighed against statewide, regional, or county hazardous waste management policies, goals, and objectives, the reasons for reversing the local agency's action are not compelling. In all matters related to the appeal, including, but not limited to, matters related to the findings required by subdivision (f), the burden of proof shall be with the proponent to rebut this presumption and to establish that there are compelling reasons to reverse the local agency's land use decision.

(e) Within 45 days after the public hearing, the appeal board shall, by an affirmative vote of at least four members, issue a written

decision on the appeal. If the appeal board agrees with the land use decision of the local agency, the appeal board shall state its reasons for this position. If the appeal board agrees with the proponent's appeal, the appeal board shall issue a tentative decision stating that the local agency's land use decision should be reversed.

(f) The appeal board shall not reverse the local agency's land use decision unless the appeal board makes all of the following findings:

(1) That the significant environmental impacts of the specified hazardous waste facility project will be adequately mitigated.

(2) That the specified hazardous waste facility project was consistent with the applicable city or county general plan when the local agency accepted, as complete, the proponent's application for a land use decision. For the purpose of this finding, a project is consistent with the applicable city or county general plan if the appeal board makes one of the following determinations:

(A) The appeal board may determine that a specified hazardous waste facility project that is not a land disposal facility project is consistent with the general plan if the appeal board makes all of the following findings:

(i) The project is proposed to be located in an area zoned and designated in the applicable general plan for industrial use and substantially developed with other industrial facilities which produce, treat, or dispose of hazardous waste onsite and which are served by the same transportation routes as the proposed facility. In addition, the land uses authorized in the applicable general plan and zoning ordinances in the vicinity of the project are compatible with the project.

(ii) There is no clear and express provision in the general plan which states that such a specified hazardous waste facility project is inconsistent with the general plan, or, if there is such a provision, the provision was adopted after January 1, 1983.

(iii) The specified hazardous waste project is consistent, as determined by the appeal board, with the general plan.

(B) The appeal board may determine that a specified hazardous waste facility project is consistent with the applicable city or county general plan if the project is a land disposal facility project, and if all of the following apply:

(i) There is no clear and express provision in the general plan that states that such a specified hazardous waste facility project is inconsistent with the general plan, or, if there is such a provision, the provision was adopted after January 1, 1983.

(ii) The project is consistent, as determined by the appeal board, with the general plan.

(3) That the specified hazardous waste facility is consistent with the county hazardous waste management plan, if such a plan has been adopted by the county, and approved by the department, pursuant to Article 3.5 (commencing with Section 25135).

(4) That alternative locations for the specified hazardous waste facility project, as identified in the environmental impact report for

the project and in the county hazardous waste management plan, if one has been approved by the department, have been adequately considered by the appeal board in determining the appropriateness of the location chosen for the project.

(5) That reversing the local agency's land use decision is consistent with statewide, regional, and county hazardous waste management policies, goals, and objectives. In making this finding, the appeal board shall consider all of the following factors:

(A) Whether or not a need for the specified hazardous waste facility project has been demonstrated.

(B) Whether or not the specified hazardous waste facility project is of a type, and in a location, that conforms to statewide, regional, or local hazardous waste management policies.

(C) Whether or not the specified hazardous waste facility will be operated using the best feasible hazardous waste management technologies.

(g) The local agency whose land use decision is being appealed may reconsider the action and approve the application for the land use decision, consistent with the appeal board's tentative decision, within 60 days after the appeal board issues its tentative decision. If the local agency does not approve the application for the land use decision consistent with the tentative decision within 60 days after the decision is issued, the appeal board shall, by an affirmative vote of at least four members, issue a final decision. If the final decision reverses the local agency's land use decision, the appeal board shall then require the local agency to approve the application for the land use decision and if the local agency does not approve the application for the land use decision, the Attorney General shall bring an action to require the local agency to approve the application for the land use decision for the specified hazardous waste facility project.

SEC. 6. Section 25199.13 of the Health and Safety Code is amended to read:

25199.13. (a) An appeal board convened by the Governor or the Governor's designee to hear an appeal pursuant to subdivision (d) or (e) of Section 25199.9 shall follow the procedures and requirements specified in this section.

(b) Within 30 days after the Governor or the Governor's designee determines that an appeal board should be convened pursuant to subdivision (d) or (e) of Section 25199.9, an appeal board shall be convened and a public hearing held in the city or county where the specified hazardous waste facility project is located. At the hearing, the proponent or the interested party and the local agency whose land use decision is being appealed shall present arguments and evidence to the appeal board concerning whether or not the appeal should be accepted.

The arguments and evidence presented to the appeal board convened pursuant to subdivision (d) of Section 25199.9 shall only concern whether or not a condition or conditions imposed on the operation of the facility by the land use decision are so onerous and

restrictive that their imposition is the same as a disapproval of the application for a land use decision. The arguments and evidence presented to the appeal board convened pursuant to subdivision (e) of Section 25199.9 shall only concern whether or not a condition or conditions imposed on the project by the land use decision do not adequately protect the public health, safety, and welfare.

(c) Within 15 days after the date of the public hearing, the appeal board shall decide whether or not to accept the appeal. The appeal board may accept an appeal only by an affirmative vote of five members of the appeal board. The appeal board shall make its decision based upon the arguments and evidence presented at the hearing. The appeal board's decision shall be in writing, shall be signed by the members who voted in favor of the decision, and shall state the reasons for accepting or rejecting the appeal. The appeal board may not accept the appeal unless it finds that the proponent or interested party has demonstrated a substantial likelihood of prevailing on the merits if the appeal is accepted for hearing.

(d) If the appeal board accepts the appeal, within 30 days after this decision, the appeal board shall hold a public hearing in the city or county where the specified hazardous waste facility project is located to hear the arguments and evidence it requires to make a decision on the appeal. The appeal board shall restrict the scope of the hearing to those matters which the appeal board determines are directly related to the subject matter of the appeal. In making a decision pursuant to the hearing, the appeal board shall adopt a rebuttable presumption that the local agency's land use decision is supported by substantial reasons and that there are no compelling reasons to modify it. In all matters related to the appeal, the burden of proof shall be with the proponent or the interested party to rebut this presumption and to establish, by clear and convincing evidence, that there are compelling reasons to modify the local agency's land use decision.

(e) Within 30 days after the public hearing, the appeal board shall, by an affirmative vote of at least five members, issue a decision on the appeal. The decision shall be written, shall be signed by the members in favor of the decision, and shall include the reasons for the decision.

(f) If the appeal board is convened by the Governor or the Governor's designee pursuant to subdivision (d) of Section 25199.9, the appeal board shall not issue a decision modifying the local agency land use decision, unless the appeal board finds that there is clear and convincing evidence that one or more conditions imposed on the facility by the land use decision are so onerous and restrictive that their imposition is the same as a disapproval of the application for a land use decision. If the appeal board agrees with the proponent concerning these conditions, the appeal board shall require the local agency to modify the condition or conditions imposed by the land use decision, as the appeal board deems necessary. If the local agency does not modify the terms of the local land use decision, as required

by the appeal board, the Attorney General shall bring an action to require the local agency to modify the local land use decision in accordance with the determination of the appeal board.

(g) If the appeal board is convened by the Governor or the Governor's designee pursuant to subdivision (e) of Section 25199.9, the appeal board shall not issue a decision approving the appeal of the interested person unless the appeal board finds that there is clear and convincing evidence that the land use decision approved by the local agency failed to impose one or more conditions necessary to protect the public health, safety, or welfare. If the appeal board approves the appeal of the interested person concerning these conditions, the appeal board shall require the local agency to modify the land use decision in accordance with the appeal board's decision. If the local agency does not modify the land use decision as required by the appeal board, the Attorney General shall bring an action to require the local agency to modify the land use decision in accordance with the determination of the appeal board.

SEC. 7. (b) The department and other public entities may submit applications to the department for allocations for transit capital improvements for short-line railroads from funds made available pursuant to subdivision (a) of Section 99312.

(1) The department shall evaluate applications submitted pursuant to this subdivision in accordance with criteria and procedures adopted by the commission, and shall submit the applications and its recommendations thereon to the commission not later than February 1 of each year.

(2) The commission shall adopt criteria and procedures to be followed by the department in evaluating the applications.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 501 of the Welfare and Institutions Code is amended to read:

501. (a) There is hereby established in the Office of Criminal Justice Planning a program of financial assistance for law enforcement, district attorneys, probation departments, juvenile courts, and schools, designated the Serious Habitual Offender

Program. All funds appropriated to the Office of Criminal Justice Planning for the purposes of this article shall be administered and disbursed by the executive director of that office, and shall, to the greatest extent feasible, be coordinated or consolidated with federal funds that may be made available for these purposes.

(b) From moneys appropriated therefor, the Executive Director of the Office of Criminal Justice Planning may allocate and award funds to agencies in which programs are established in substantial compliance with the policies and criteria set forth in this article. Awards made to individual agencies shall not exceed three years in duration. An agency receiving an award shall provide matching funds at an increasing rate each year; the rate shall be as determined by the Office of Criminal Justice Planning for that agency.

(c) Allocation and award of funds for the purposes of this article shall be made upon application by a district attorney, a local law enforcement agency, a probation department, or a school district, that has been approved by the appropriate governing board of the particular agency. The applicant agency shall use the funds to create an information gathering and analysis unit responsible for the identification of serious habitual offenders and for the dissemination of information about the activities of those offenders to the juvenile justice system. This unit shall participate in the planning, support, and assistance of activities required in Sections 503 to 506, inclusive. Funds disbursed under this article shall not supplant local funds that would, in absence of the program established by this article, be made available to support the juvenile justice system. SEC. 2. Section 502.01 is added to the Penal Code, to read:

502.01. (a) As used in this section:

(1) "Property subject to forfeiture" means any property of the defendant that is a computer, computer system, or computer network, and any software or data residing thereon, if the computer, computer system, or computer network was used in committing a violation of subdivision (c) of Section 502 or a violation of subdivision (b) of Section 502.7 or was used as a repository for the storage of software or data obtained in violation of those provisions. If the defendant is a minor, it also includes property of the parent or guardian of the defendant.

(2) "Sentencing court" means the court sentencing a person found guilty of violating subdivision (c) of Section 502 or a violation

of subdivision (b) of Section 502.7 or, in the case of a minor found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of those provisions, the juvenile court.

(3) "Interest" means any property interest in the property subject to forfeiture.

(4) "Security interest" means an interest that is a lien, mortgage, security interest, or interest under a conditional sales contract.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties, at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and a copy of the motion to the prosecuting agency and to the probation department.

If a motion to redeem an interest has been filed, the sentencing court shall hold a hearing to identify all persons who possess valid interests in the property. No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of subdivision (c) of Section 502 or subdivision (b) of Section 502.7, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for such a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

(1) The court shall determine the value of the property.

(2) The court shall determine the value of each valid interest in the property.

(3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined

under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted of a violation of subdivision (c) of Section 502 or subdivision (b) of Section 502.7 within two years after the date on which the minor is sentenced, and the violation involves a computer owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(f) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(g) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at

auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (f).

During the period of probation, that person shall not accept employment where that person would use a computer connected by any means to any other computer, except upon approval of the court and notice to and opportunity to be heard by the prosecuting attorney, probation department, prospective employer, and the convicted person. Court approval shall not be given unless the court finds that the proposed employment would not pose a risk to the public.

SEC. 4. Section 1203.048 is added to the Penal Code, to read:

1203.048. (a) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person convicted of a violation of Section 502 or subdivision (b) of Section 502.7 involving the taking of or damage to property with a value exceeding one hundred thousand dollars ($100,000).

(b) The fact that the value of the property taken or damaged was an amount exceeding one hundred thousand dollars ($100,000) shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilt or nolo contendere or by trial by the court sitting without a jury.

(c) When probation is granted, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

SEC. 5. Section 2702 is added to the Penal Code, to read:

2702. No person imprisoned after conviction of a violation of Section 502 or of subdivision (b) of Section 502.7 shall be permitted to work on or have access to any computer system of the department.

SEC. 6. Section 12022.6 of the Penal Code is amended to read:

12022.6. Any person who takes, damages or destroys any property in the commission or attempted commission of a felony, with the intent to cause such taking, damage or destruction, and the loss

exceeds:

(a) Twenty-five thousand dollars ($25,000), the court shall in addition and consecutive to the punishment prescribed for the felony or attempted felony of which the defendant has been convicted impose an additional term of one year.

(b) One hundred thousand dollars ($100,000), the court shall in addition and consecutive to the punishment prescribed for the felony or attempted felony of which the defendant has been convicted impose an additional term of two years.

The additional terms provided in this section shall not be imposed unless the facts of the taking, damage, or destruction in excess of the amounts provided in this section are charged in the accusatory pleading and admitted or found to be true by the trier of fact.

This section applies to, but is not limited to, property taken, damaged, or destroyed in violation of Section 502 or subdivision (b) of Section 502.7.

SEC. 7. (a) Section 1.1 of this bill incorporates amendments to Section 502 of the Penal Code proposed by both this bill and SB 304. It shall only become operative if (1) both bills are enacted and become effective January 1, 1990, (2) each bill amends Section 502 of the Penal Code, and (3) SB 1012 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 304, in which case Sections 1, 1.2, and 1.3 of this bill shall not become operative.

(b) Section 1.2 of this bill incorporates amendments to Section 502 of the Penal Code proposed by both this bill and SB 1012. It shall only become operative if (1) both bills are enacted and become effective January 1, 1990, (2) each bill amends Section 502 of the Penal Code, (3) SB 304 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1012 in which case Sections 1, 1.1, and 1.3 of this bill shall not become operative.

(c) Section 1.3 of this bill incorporates amendments to Section 502 of the Penal Code proposed by this bill, SB 304, and SB 1012. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1990, (2) all three bills amend Section 502 of the Penal Code, and (3) this bill is enacted after SB 304 and SB 1012, in which case Sections 1, 1.1, and 1.2 of this bill shall not become operative.

SEC. 8. If this bill and SB 1012 are both enacted and become operative on January 1, 1990, and both bills add Section 502.01 to the Penal Code, then Section 502.01 of the Penal Code, as added by SB 1012, shall not become operative.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government

Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1358

An act to add Article 14.7 (commencing with Section 1915) to Chapter 6 of Part 2 of the Education Code, and to add and repeal Section 1203m of the Penal Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the " Youth and Adult Offender Education and Crime Prevention Act of 1989."

SEC. 2. (a) The Legislature finds and declares the following:

(1) Roughly 30 percent of California's public school pupils drop out before graduating from high school.

(2) Of those graduating, roughly 30 percent are semiliterate or illiterate.

(3) The dropout rate, semiliteracy, and illiteracy may well threaten the continued economic vitality of the state through factors that include costly remedial education and training programs, higher governmental health and welfare costs, declining commercial and industrial employee pools, employee absenteeism, and, as a result, diminishing commercial and industrial productivity.

(4) The dropout rate, semiliteracy, and illiteracy are contributing factors to burgeoning drug traffic and abuse, increasing crime rates, and escalating youth and adult custodial populations, which directly cost crime victims billions of dollars annually in insurance premiums, property losses, personal injuries, and death, and indirectly cost taxpayers several billions of additional dollars annually to operate remedial education programs and to administer criminal justice, youth, and adult custodial facilities, and health and welfare agencies, at both state and local levels.

(5) Planning, designing, and implementing methods to reduce the dropout rate, semiliteracy, and illiteracy should be priorities of appropriate public and private elements of California's social, economic, civic, educational, governmental, and political communities, especially state and local benches and bars, business and labor organizations, youth service agencies and organizations, criminal justice agencies, public schools, youth and adult custodial and correction facilities, and health and welfare agencies.

(b) The Legislature further finds and declares that, while current law permits adult offenders placed on probation to be ordered by the courts to seek and maintain gainful employment, the law is not altogether clear, structured, and comprehensive as to the nature and extent of institutional discretion to require youth or adult offenders to seek and maintain enrollment and effective progression in educational programs designed to help them remedy problems they face, which may stem from dropping out of school, semiliteracy, and illiteracy, and which may deter or prevent their search for, and maintenance of, gainful employment. The law does, however, permit the courts to order youth and adult offenders placed on probation to pursue educational programs in certain circumstances, and requires local youth and adult custodial and correctional facilities to provide education programs, including library facilities.

(c) It is the intent of the Legislature to accomplish all of the following:

(1) To encourage systematic local evaluation, correlation, and indexing of existing school dropout prevention, literacy, education, and training programs for youth and adult probationers and inmates.

(2) To encourage local experimentation with new, and the expansion of existing, programs of school dropout prevention, at-risk youth initiatives, and youth and adult probationer and inmate education and crime prevention, and relevant libraries, through collaboration and planning between county superintendents of schools, county sheriffs, county district attorneys, county public defenders, county chief probation officers, county directors of health and welfare, and city police chiefs in cooperation with appropriate public and private agencies and organizations. The objective of that experimentation shall be to consider and pursue local methods to identify, evaluate, index, improve, and expand both mainstream and alternative dropout programs and educational opportunities for at-risk youth, including the active implementation of Section 44806 of the Education Code, citizenship training, law-related and character education programs, and alternative or opportunity schools and their libraries.

(3) To encourage the courts, probation departments, and public schools to work together to identify youth and adult offenders who are potentially amenable to educational opportunities, and for the courts to consider requiring those offenders, as a condition of probation, to participate in appropriate public or private literacy, education, and training programs formulated and conducted to assist

them to improve their reading, writing, speaking, and calculating skills, to help increase their opportunities to become employable, to enhance their levels of employability, and to thus decrease their criminal behavior, so as to reduce public and private costs, both direct and indirect, of criminal misconduct.

(d) To further all of the above purposes, the Legislature finds and declares its intent that local governmental agencies should cooperate and collaborate to actively educate and meaningfully involve parents and civic and community leaders and organizations in a broad range of activities related to those purposes, recognizing, in particular, the pivotal role parental encouragement, support, perspectives, and values have in shaping children's self-esteem, goals, knowledge of and respect for the law, interests, attitudes, commitments, educations, avocations, and vocations. This effort should include the promotion of parental involvement in dropout prevention and educational programs for their children who are at risk or in custody.

SEC. 3. Article 14.7 (commencing with Section 1915) is added to Chapter 6 of Part 2 of the Education Code, to read:

Article 14.7. Youth and Adult Offender Education

1915. In addition to any educational opportunity available under Article 14.5 (commencing with Section 1900), any youth or adult offender in custody in Sacramento County shall be permitted, notwithstanding any other provision of law, to enroll in any appropriate educational program operated by a school district, community college district, or private school in that county, subject to the objectives, standards, and conditions set forth in Section 1203m of the Penal Code.

1916. (a) For the purposes of the pilot project described in subdivision (a) of Section 1203m of the Penal Code, the chief probation officer of Sacramento County, in collaboration with the county superintendent of schools of that county and other appropriate state and local agencies, including the President of the California State University, Sacramento and the chancellor of each community college in the county, shall do all of the following:

(1) Identify and propose appropriate programs, and develop screening methods and procedures to assist the courts to select those defendants who are most likely to succeed in and benefit from the pilot project. The selection criteria employed for this purpose may include limited reading ability, a low level of educational attainment, or a lack of employment skills.

(2) Propose, in cooperation with the superior and municipal courts of Sacramento County, appropriate minimum standards of academic progress for local youth and adult offender education and crime prevention programs.

(3) Carefully monitor progress, timing, and deadlines.

(4) Delegate and supervise relevant local research, evaluation, correlation, indexing, and review.

(5) Determine how the various entities with whom the chief probation officer collaborates may, individually and collectively, help to promote youth and adult offender education and crime prevention.

(6) Determine what is being done in local, adult, and juvenile custodial facilities to educate those in custody.

(7) Evaluate the nature and extent of existing library resources, those in construction, and any library resources planned for the future in local juvenile and adult custodial facilities.

(8) Consider the nature and extent of local interagency, multidisciplinary collaboration and cooperation between public and private agencies and organizations and custodial facilities, and between those local agencies and organizations, and parallel entities at the state level.

(9) Determine appropriate standards to conduct the evaluations provided for by this subdivision.

(10) Work with professional, business, and labor organizations to develop employment opportunities for youth and adult offenders who have completed their conditions of probation in a successful and timely manner, including, but not limited to, those conditions applicable pursuant to Section 1203m of the Penal Code.

(11) Expand on the issues set forth in this subdivision so as to include all appropriate, related issues.

(b) The county office of education shall contract with a qualified institution of higher education for the evaluation of the pilot project, which evaluation shall be updated as required for purposes of subdivision (c). For the purposes of that evaluation, the county superintendent of schools, with the assistance of the chief probation officer, shall maintain, and provide to that institution, data regarding the participants in the pilot project that includes, but is not limited to, the following: achievement of learning objectives; avoidance of additional criminal activity; violations of conditions of parole; success in securing gainful employment; wage levels prior to, and after, participation in the pilot project; attendance, subsequent to completion of participation in the pilot project, in literacy or educational programs; and independence from public assistance. In addition to the issues described in this paragraph, the evaluation shall contain a cost-benefit analysis of the public moneys saved as a result of participation in the pilot project, as compared to public costs that would otherwise be incurred based on the likelihood of subsequent criminal activity on the part of the offender. The pilot project shall be deemed to be successful if both of the following conditions are met:

(1) There is an improvement of at least 75 percent in the rate at which participants avoid additional criminal activity during their participation in the project, as compared to the rate that would otherwise be expected of those specific participants as a group.

(2) The participants progress, on average, at least two grade levels for each year of instruction under the project, as adjusted

proportionately for any participation of less than one year.

(c) No later than March 31, 1991, the institution of higher education shall prepare and publish a formal, written report on the findings under subdivision (a) and the results of the evaluation conducted pursuant to subdivision (b). No later than March 31, 1992, and, again, no later than March 31, 1993, the institution of higher education shall prepare and publish a followup report, which shall contain updated results of the evaluation conducted pursuant to subdivision (b), and should include recommendations for the improvement, expansion, and funding of education programs and libraries pursuant to the purposes of this section.

SEC. 4. Section 1203m is added to the Penal Code, to read:

1203m. (a) In each of the 1990, 1991, and 1992 calendar years, up to 200 criminal defendants between the ages of 18 and 25 years, inclusive, who are sentenced in the Superior Court of Sacramento County, and up to 200 criminal defendants of that age who are sentenced in the Municipal Court of Sacramento County may be required, as a condition of probation, to enroll, and to maintain reasonable progress, in public or private literacy or other educational programs designated by the court. The programs designated for this purpose may be operated in any school district, community college district, or private school, and shall be designed and operated to assist in the improvement of reading, writing, speaking, and calculating skills, to increase the number and quality of employment opportunities, and to reduce the likelihood of criminal behavior, so as to reduce the public and private costs, both direct and indirect, of criminal misconduct. Each probationer may be required, pursuant to this requirement, to complete up to 200 hours of instruction over a period of one year.

(b) Any school district or community college district in which any probationer enrolls pursuant to this section shall be entitled, as a result, to state funding calculated in accordance with average daily attendance computations as set forth in the Education Code. Any probationer who enrolls in a private school pursuant to this section shall pay the enrollment costs for that program.

(c) For purposes of this section, the first calendar year shall commence on January 1, 1990. Thereafter, each subsequent calendar year shall commence one year from the first day of the prior calendar year.

(d) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1994, deletes or extends that date.

SEC. 5. (a) Because of existing, ongoing, and positive communication and cooperation between relevant agencies and organizations, the Legislature finds and declares that Sacramento County is an especially appropriate and amenable site for an experimental multidisciplinary program, of limited duration, to require a number of youth and adult offenders, as a condition of their probation, to participate in literacy and other educational training,

in part for the reason that a major local custodial facility is currently under construction in Sacramento County and will open for use at a particularly opportune time.

(b) Due to the unique circumstances specified in subdivision (a) concerning Sacramento County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 6. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. (a) The sum of one hundred eighteen thousand five hundred dollars ($118,500) is hereby reappropriated from Item 6110-156-001 of Section 2.00 of the Budget Act of 1989 to the Sacramento County Office of Education to fund the first year of the pilot project established pursuant to Article 14.7 (commencing with Section 1915) of Chapter 6 of Part 2 of the Education Code and Section 1203m of the Penal Code. Of that sum, up to ninety-three thousand five hundred dollars ($93,500) shall be available to the Sacramento County Probation Department only for services rendered as part of the pilot project, up to twenty thousand dollars ($20,000) shall be available for evaluation of the project, and up to five thousand dollars ($5,000) shall be available for the administrative costs of the Sacramento County Office of Education incurred in the course of administering the pilot project. Funds not expended during the first year of the pilot project may be carried over into the following year to continue funding the project. If the appropriation made under this section is calculated pursuant to paragraph (2) of subdivision (a), the amount set forth under this subdivision for services rendered by the Sacramento County Probation Department, for evaluation of the pilot project, and for administrative costs shall each be reduced in proportion to the amount by which the sum calculated pursuant to paragraph (2) of subdivision (a) reflects a reduction from the sum set forth in paragraph (2) of that subdivision.

(b) The appropriation set forth in subdivision (a) is calculated by the Legislature to provide funding for the pilot project for the period

from January 1, 1990, to June 30, 1990. It is the intent of the Legislature that funding for the pilot project described in subdivision (a) in subsequent fiscal years not exceed annually the sum of two hundred thirty-seven thousand dollars ($237,000).

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that critical problems of illiteracy and criminal behavior may be addressed in a timely manner by the program of rehabilitational education provided for by this act, it is necessary that this act take effect immediately.

CHAPTER 1359

An act to amend Sections 4700.2, 4726, 4726.1, and 4801.1 of, to amend and repeal Sections 4701 and 4801.6 of, and to add Chapter 5 (commencing with Section 4390) to Title 1.5 of Part 5 of Division 4 of, the Civil Code, to amend Sections 708.730, 708 740, and 708.780 of, and to add Section 704.114 to, the Code of Civil Procedure, to amend Section 972 of the Evidence Code, to amend Sections 1151.5 and 12419.3 of the Government Code, and to amend Section 11475.1 of, and to repeal Section 11484 of, the Welfare and Institutions Code, relating to family law.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 4390) is added to Title 1.5 of Part 5 of Division 4 of the Civil Code, to read:

CHAPTER 5. ASSIGNMENTS

4390. Unless the provision or context otherwise requires, the following definitions in this chapter govern the construction of this chapter.

(a) "Assignment" has the same meaning as "wage assignment."

(b) "Due date of support payments" shall be the date specifically stated in the order of support or, if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(c) "Earnings," to the extent that these earnings are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, includes:

(1) Wages, salary, bonus, money, and benefits described in

Sections 704.110, 704.113, and 704.115 of the Code of Civil Procedure.

(2) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, or mineral or other natural resource rights.

(3) Payments of credits due or becoming due as a result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(4) Any other payments or credits due or becoming due periodically as a result of an enforceable obligation.

(d) "Employer" means a person for whom an individual performs services as an employee, as defined in Section 706.011 of the Code of Civil Procedure, and includes the United States government and any public entity as defined in Section 811.2 of the Government Code and any person or entity paying earnings as defined under subdivision (c).

(e) "IV-D Case" means any case being established, modified, or enforced by the district attorney pursuant to Section 454 of the Social Security Act.

(f) "Obligee" or "assigned obligee" means either the person to whom support has been ordered to be paid, the district attorney, or other person designated by the court to receive the payment. The district attorney shall be the obligee for all cases as defined under subdivision (e) or in which an application for services has been filed under Title IV-D or IV-E of the Social Security Act.

(g) "Obligor" means any person owing a duty of support.

(h) "Support" refers to an obligation owing on behalf of a child, spouse, or family; where appropriate, it also refers to past due support or arrearage.

(i) "Timely payment" means receipt of support payments by the obligee or assigned obligee within five days of the due date.

4390.1. Any reference to the district attorney in this chapter shall apply only when the district attorney is otherwise ordered or required to act pursuant to existing law. Nothing in this chapter shall be deemed to mandate additional enforcement or collection duties upon the district attorney beyond those imposed under existing law.

4390.2. Arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment.

4390.3. (a) On and after July 1, 1990, whenever the court orders either party to pay any amount of support or orders a modification of the amount of support to be paid, the court shall also order the obligor to assign to an obligee that portion of his or her earnings due or to be due in the future as will be sufficient to pay the amount ordered by the court for support. The court shall include a wage assignment order in any order or judgment establishing or modifying support. Upon the filing and service of a notice of motion or order to show cause with the supporting application, an obligee may request the court to issue a wage assignment to enforce an existing support order or to modify an existing wage assignment order.

(b) All orders for wage assignment entered pursuant to this section shall be effective upon compliance with the procedures set forth in Section 4390.8, unless stayed pursuant to subdivision (c).

(c) The court may order that service of the wage assignment be stayed only if the court makes a finding of good cause to stay service of the wage assignment. Good cause is limited to the following:

(1) The obligor has a history of uninterrupted, full, and timely payment of previously ordered support in the preceding 12 months; however, an obligor who has not been subject to an order of support for 12 months prior to the issuance of the wage assignment may qualify for good cause subject to this provision if the obligor posts with the clerk of the court a cash bond or cash in an amount equal to 3 months' support.

Notwithstanding the above, good cause to stay service of the wage assignment shall not be found if an obligor owes an arrearage for prior support.

(2) The obligor proves, and the court finds, by clear and convincing evidence that service of the wage assignment would cause extraordinary hardship upon the obligor. Whenever possible, the court shall specify a date that any stay ordered under this paragraph will automatically terminate.

(3) The parties sign a written agreement which provides for an alternative arrangment to ensure payment of the support obligation as ordered other than through the immediate service of a wage assignment. This written agreement may include an agreement relating to the staying of the service of a wage assignment. Any agreement between the parties which includes the staying of the service of a wage assignment shall include the agreement of the district attorney in any case in which support is ordered to be paid through a county officer designated for that purpose. The signing of an agreement pursuant to this paragraph shall not preclude the party from seeking an assignment in accordance with the procedures set forth in Section 4390.4 upon violation of this agreement.

(4) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the obligee to notify the employer or district attorney of a change of address.

4390.4 (a) If service of the assignment has been ordered stayed, the stay shall terminate pursuant to subdivision (b) upon the obligor's failure to make timely support payments or earlier by court order if requested by the district attorney or by the obligor. The stay shall terminate earlier by court order if requested by any other obligee who can establish that good cause, as defined in Section 4390.3, no longer exists.

(b) The obligee shall file a declaration signed under penalty of perjury by the obligee that the obligor is in arrears in payment of any portion of the support. At the time of filing the declaration, the stay shall terminate by operation of law without notice to the obligor.

(c) In addition to any other penalty provided by law, the filing of

the declaration with knowledge of the falsity of its contents is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure.

4390.5. (a) For support orders first issued or modified before July 1, 1990, this section provides a procedure for obtaining a wage assignment when the court in ordering support or modification of support did not issue a wage assignment. Any obligee seeking issuance of a wage assignment to enforce such a support order may use the procedure set forth in this section by filing an application, or by notice of motion or order to show cause, or pursuant to Section 4390.3.

Under this section, a wage assignment shall in any event be issued only upon an application signed under penalty of perjury by the obligee that the obligor is in default in support payments in a sum equal to the amount of support payable for one month, for any other occurrence specified by the court in the support order, or earlier by court order if requested by the district attorney or the obligor.

(b) In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration or notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure.

(c) Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the obligee that portion of the earnings of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for support. The order shall operate as an assignment.

(d) In cases in which the order for support does not contain a provision for wage assignment, the application shall state that the obligee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by first-class mail, postage prepaid, or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this subdivision may be given at any time, including at the time of filing a petition or complaint in which support is requested or at any time subsequent thereto.

(e) The obligor may at any time waive the written notice required by this section.

4390.6. If the obligee making the application under Section 4390.3, 4390.4, or 4390.5 also states that the whereabouts of the obligor or the identity of his or her employer are unknown to the party to whom support has been ordered to be paid, the district attorney shall contact the California parent locator service maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the obligor and the name and address of the obligor's last known employer.

4390.7. (a) Orders for wage assignment required or authorized

by this chapter shall include a requirement that the obligor notify the obligee of any change of employment and of the name and address of his or her new employer within 10 days of obtaining new employment.

(b) After the obligor has left employment with the employer, the employer, at the time the next payment is due on the wage assignment, shall notify the obligee that the obligor has left employment by first-class mail, postage prepaid, to the last known address of the obligee.

(c) Orders for wage assignment shall be binding upon any existing or future employer of the obligor upon whom a copy of the order is served.

4390.8. (a) An assignment order shall become effective as soon as possible but not later than 10 days after service of the order on an employer. The employer shall commence withholding pursuant to the assignment order from all earnings of the employee payable for any pay period of that employee which ends after the assignment becomes effective. Service on an employer of an assignment order issued pursuant to this chapter may be made by first-class mail in the manner prescribed in Section 1013 of the Code of Civil Procedure.

(b) Within 10 days of service of an assignment order on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment.

4390.9. (a) An obligor may move to quash an assignment order within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that the assignment order does not correctly state the amount of current or overdue support ordered by the courts, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code.

(b) In any case in which an assignment is sought under Section 4390.5, the party ordered to pay support may move to quash the order for wage assignment based upon subdivision (c) of Section 4390.3.

(c) If a wage assignment order which has been issued and served on a prior employer is served on the obligor's new employer, the obligor does not have the right to move to quash the assignment on any grounds which the obligor previously raised when the assignment was served on his or her prior employer or on any grounds which the obligor could have raised when the assignment was served on the prior employer but failed to raise.

(d) A finding of error in the amount of the current support or arrearage or that the amount exceeds federal or state limits is not grounds to vacate the assignment order. The court shall modify the order to reflect the correct or allowable amount of support or arrearages. The fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty to enter the order

for the assignment.

4390.10. (a) The employer shall continue to withhold and forward support as ordered by the court until served with notice terminating the wage assignment order. The employer shall send the amounts withheld to the obligee within 10 days of the date the obligor is paid. The employer may deduct from the earnings of the employee the sum of one dollar ($1) for each payment made pursuant to the order.

(b) An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this chapter is liable to the obligee for the amount of support not withheld, forwarded, or otherwise paid to the obligee. In addition to any other penalty or liability provided by law, willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure.

(c) Service of the wage assignment creates a lien on the earnings of the employee and the property of the employer to the same extent as the service of an earnings withholding order as provided in Section 706.029 of the Code of Civil Procedure.

4390.11. (a) The motion and notice of motion to quash the assignment order shall be filed with the court issuing the order within 10 days after service on the obligor of notice of the order by the employer.

(b) The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion. The obligor shall serve personally or by first-class mail, postage prepaid, a copy of the motion and notice of motion on the obligee named in the wage assignment no less than 10 days prior to the date of the hearing.

4390.12. (a) When an assignment or assignments include both current support and payments towards the liquidation of arrearages, priority shall be given first to the current child support obligation, then the current spousal support obligation, and thereafter to the liquidation of child then spousal support arrearages.

(b) Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

4390.13. (a) The obligee shall notify the employer of the obligor, by first-class mail, postage prepaid, of any change of address within a reasonable period of time after the change.

(b) In instances in which payments have been ordered to be made to a county officer designated by the court, the obligee who is the parent, guardian, or other person entitled to receive payment through the designated county officer shall notify the designated county officer by first-class mail, postage prepaid, of any address change within a reasonable period of time after any such change.

(c) If the employer or designated county officer is unable to deliver payments under the assignment for a period of six months

due to the failure of the obligee to notify the employer or designated county officer of a change of address, the employer or designated county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the obligor.

4390.14. Upon the filing and service of a motion and a notice of motion by the obligor, the court shall terminate an order of assignment if past due support has been paid in full, including any interest due, and if one of the following conditions exists:

(a) With regards to orders for spousal support, the death or remarriage of the spouse to whom support is owed.

(b) With regards to orders for child support, the death or emancipation of the child for whom support is owed.

(c) The court determines that there is good cause, as defined in Section 4390.3, to terminate the assignment. This subdivision does not apply if there has been more than one application for a wage assignment.

(d) The termination of the stay of a wage assignment under Section 4390.4 was improper, but only if that termination was based upon the obligor's failure to make timely support payments as described in subdivision (b) of Section 4390.4.

4390.15. The Judicial Council shall prescribe forms necessary to carry out the requirements of this chapter, including the written statement of the obligor's rights, the order for wage assignment, the instruction guide for obligees and obligors, application forms required under Sections 4390.3, 4390.4, and 4390.5, the notice form required under Section 4390.5, and revised judgment and order forms as necessary.

4390.16. (a) The employer shall cooperate with and provide relevant employment and income information to the district attorney for the purpose of establishing, modifying, or enforcing the support obligation. The employer shall incur no liability for providing this information to the district attorney.

(b) The state agency or the local agency, designated to enforce support obligations as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check, accompanied by an itemized accounting providing names, social security number or other identifying number, and the amount attributable to each obligor.

4390.17. No employer shall use any assignment authorized by this chapter as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this section may be assessed a civil penalty of a maximum of five hundred dollars ($500).

4390.18. In any case where support is ordered to be paid through the county officer designated by the court on behalf of a minor child or other party not receiving public assistance pursuant to the Family

Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the designated county officer shall forward the support received to the designated payee within the time standards prescribed by federal law and the State Department of Social Services.

4390.19. Nothing in this chapter shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce support obligations, regardless of whether or not the the minor child or the obligee who is the parent, guardian, or other person entitled to receive payment is the recipient of welfare moneys.

SEC. 2. Section 4700.2 of the Civil Code is amended to read:

4700.2. (a) The purpose of this section is to permit inexpensive discovery of facts prior to the institution of an action for the modification of an order for child or family support.

(b) At any time following a judgment of dissolution of marriage or legal separation that provides for payment of child or family support, either the party ordered to pay support or the party to whom support was ordered to be paid or that party's assignee, without leave of court, may serve a request for the production of a completed current income and expense declaration in the form adopted by the Judicial Council.

Methods of discovery other than that described in this subdivision may only be employed if a motion for modification of support is pending. In the absence of a pending motion for modification of support, a request for discovery pursuant to this section may be undertaken no more than once a year. This section may be enforced in the manner specified in Sections 1991, 1991.1, 1991.2, 1992, and 1993 of the Code of Civil Procedure and in the Civil Discovery Act of 1986 (Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure), and any other statutes applicable to the enforcement of procedures for discovery. The Judicial Council shall adopt forms for the use of the procedure provided by this section.

(c) A copy of the prior year's federal and state personal income tax returns shall be attached to the income and expense declaration of each party. A party shall not disclose the contents nor provide copies of the other party's tax returns to anyone except to the court, his or her attorney, his or her accountant, or other financial consultant assisting with matters relating to the proceeding, or any other person as permitted by the court. The tax returns shall be controlled by the court as provided in Section 4700.7.

(d) Service of a request for production of an income and expense declaration pursuant to this section shall be by mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service.

(e) Upon the subsequent filing of a motion for modification of child or family support by the requesting party, if the court finds that

the income and expense declaration submitted by the responding party pursuant to this section was incomplete, inaccurate, or missing the prior year's federal and state personal income tax returns, or that the declaration was not submitted in good faith, the court may order sanctions against the responding party in the form of payment of all costs of the motion, including the filing fee and the costs of the depositions and subpoenas necessary to be utilized in order to obtain complete and accurate information.

SEC. 3. Section 4701 of the Civil Code is amended to read:

4701. (a) (1) On and after January 1, 1987, in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court shall order either parent or both parents to assign to an assigned payee, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child, unless the parent ordered to pay support demonstrates to the satisfaction of the court that the support payments ordered will be made. This demonstration may include proof of timely payment of previously ordered support for the minor children subject to the action. The wage assignment shall be ordered at the time of trial or entry of a judgment establishing child support, other than a temporary order pending trial. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order of assignment may be modified at any time by the court or, in the case of an arrearage, revoked as provided in subdivision (b).

(2) Notwithstanding paragraph (1), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to an assigned payee that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding after January 1, 1987, where the court has ordered either or both parents to pay any amount for the support of a minor child, that order shall contain a provision assigning the wages of the obligor to the assigned payee. Any order for the modification of child support entered after January 1, 1987, which does not otherwise contain a provision for wage assignment, shall also contain a provision assigning the wages of an obligor to the assigned payee. All provisions for wage assignment required pursuant to this subdivision shall be effective only upon an application signed under penalty of perjury by the assigned payee that the obligor is in arrears in payment in a

sum equal to the amount of support payable for one month. Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the payee that portion of the salary or wages of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the obligor ordered to pay support upon whom a copy of the order is served.

(2) In cases in which the order for child support does not contain a provision for wage assignment, the application shall state that the assigned payee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The obligor may at any time waive the written notice required by this subdivision.

(3) The assigned payee shall notify the employer of the obligor, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to the district attorney, the parent to whom support has been ordered to be paid shall notify the court and the district attorney, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or district attorney is unable to deliver payments under the assignment for a period of six months due to the failure of the individual to whom support has been ordered to be paid to notify the employer or district attorney of a change of address, the employer or district attorney shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment. The Judicial Council shall adopt a form for the statement.

(6) An obligor alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the obligor of notice of the assignment order by his or her

employer if the obligor states under oath that there is an error in the amount of current or overdue support, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code, to the extent that the amount required to be withheld exceeds the limits specified in federal law. The obligor may also move to quash the assignment if he or she states under oath that a default in payment in a sum equal to the amount of support payable for one month has not occurred. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion. If a finding of an error in the amount of overdue support results in an amount due which is less than one month's support, the assignment of wages shall be quashed accordingly. However, if a finding of an error in the amount of overdue support results in an amount in excess of one month's support, such a finding in the amount of overdue support shall not affect the assignment of that portion of the obligor's wages withheld to pay for current support. A finding of an error in the amount of current support subject to withholding does not affect the assignment of that portion of the obligor's wages withheld to pay overdue support.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. The employer shall send the amounts withheld to the assigned payee within 10 days of the date the obligor is paid. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the assigned payee for the amount of support not withheld, forwarded, or otherwise paid to the assigned payee. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment and the fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to enter the order for the assignment.

(10) Upon a notice of motion by the obligor, the court shall

terminate an order of assignment entered pursuant to this subdivision if past due support has been paid in full and if one of the following conditions exists: (A) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or district attorney of a change of address; or (B) the death or emancipation of the child to whom support is owed; or (C) the assignment has continued for 24 months after payment in full of any past due support. However, if the assignment was pursuant to a second or subsequent application, it shall not be terminated unless, upon a petition by the parent ordered to pay support, the court determines that there is good cause to terminate the assignment.

(11) The amounts withheld under this subdivision shall include both current support and payments towards the liquidation of arrearages. However, priority shall be given to the current support obligation.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation. The state agency or the local agency designated to enforce child support obligations, as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the obligor notify the assigned payee of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown

to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) This section applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting obligor. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the district attorney for those purposes, or upon the district attorney's or obligor's request, the court shall issue an order for a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b), but a finding of error in the amount of the arrearage is not sufficient in and of itself to quash the wage assignment for that portion of the obligor's wages withheld to

pay current support.

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) As used in this section, "assigned payee" means either the person to whom support has been ordered to have been paid or the district attorney, designated by the court to receive the payment. For the purposes of this section, the district attorney shall be the assigned payee for all cases in which an application for services has been filed under Title IV-D of the Social Security Act.

(n) In any case where support for a minor child is ordered to be paid through the district attorney on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the district attorney shall forward the support received to the custodial parent or other person having care or control of the minor child or children involved within seven working days of receipt.

(o) This section shall become operative on January 1, 1987.

(p) This section shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3.5. Section 4701 of the Civil Code is amended to read:

4701. (a) (1) On and after January 1, 1987, in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court shall order either parent or both parents to assign to an assigned payee, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child, unless the parent ordered to pay support demonstrates to the satisfaction of the court that the support payments ordered will be made. This demonstration may include proof of timely payment of previously ordered support for the minor children subject to the action. The wage assignment shall be ordered at the time of trial or entry of a judgment establishing child support, other than a temporary order pending trial. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order of assignment may be modified at any time by the court or, in the case of an arrearage, revoked as provided in subdivision (b).

(2) Notwithstanding paragraph (1), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to an assigned payee that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall

operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court. This paragraph shall not operate to limit the provisions of paragraph (1) but shall add to the powers set forth in that paragraph, by providing general authority for an order assigning wages or salary in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, and under any circumstance.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding after January 1, 1987, where the court has ordered either or both parents to pay any amount for the support of a minor child and has not otherwise ordered an assignment of wages or salary pursuant to subdivision (a), that order for support shall contain a provision assigning the wages of the obligor to the assigned payee. Any order for the modification of child support entered after January 1, 1987, which does not otherwise contain a provision for wage assignment or an order assigning wages or salary pursuant to subdivision (a), shall also contain a provision assigning the wages of an obligor to the assigned payee. All provisions for wage assignment required pursuant to this subdivision shall be effective only upon an application signed under penalty of perjury by the assigned payee that the obligor is in arrears in payment in a sum equal to the amount of support payable for one month. Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the payee that portion of the salary or wages of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the obligor ordered to pay support upon whom a copy of the order is served.

(2) In cases in which the order for child support does not contain a provision for wage assignment, the application shall state that the assigned payee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The obligor may at any time waive the written notice required by this subdivision.

(3) The assigned payee shall notify the employer of the obligor, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In

instances in which payments have been ordered to be made to the district attorney, the parent to whom support has been ordered to be paid shall notify the court and the district attorney, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or district attorney is unable to deliver payments under the assignment for a period of six months due to the failure of the individual to whom support has been ordered to be paid to notify the employer or district attorney of a change of address, the employer or district attorney shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment. The Judicial Council shall adopt a form for the statement.

(6) An obligor alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that there is an error in the amount of current or overdue support, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code, to the extent that the amount required to be withheld exceeds the limits specified in federal law. The obligor may also move to quash the assignment if he or she states under oath that a default in payment in a sum equal to the amount of support payable for one month has not occurred. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion. If a finding of an error in the amount of overdue support results in an amount due which is less than one month's support, the assignment of wages shall be quashed accordingly. However, if a finding of an error in the amount of overdue support results in an amount in excess of one month's support, such a finding in the amount of overdue support shall not affect the assignment of that portion of the obligor's wages withheld to pay for current support. A finding of an error in the amount of current support subject to withholding does not affect the assignment of that portion of the obligor's wages withheld to pay

overdue support.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. The employer shall send the amounts withheld to the assigned payee within 10 days of the date the obligor is paid. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the assigned payee for the amount of support not withheld, forwarded, or otherwise paid to the assigned payee. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment and the fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to enter the order for the assignment.

(10) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this subdivision if past due support has been paid in full and if one of the following conditions exists: (A) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or district attorney of a change of address; or (B) the death or emancipation of the child to whom support is owed; or (C) the assignment has continued for 24 months after payment in full of any past due support. However, if the assignment was pursuant to a second or subsequent application, it shall not be terminated unless, upon a petition by the parent ordered to pay support, the court determines that there is good cause to terminate the assignment.

(11) The amounts withheld under this subdivision shall include both current support and payments towards the liquidation of arrearages. However, priority shall be given to the current support obligation.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of

enforcing the child support obligation. The state agency or the local agency designated to enforce child support obligations, as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the obligor notify the assigned payee of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) This section applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court,

within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting obligor. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the district attorney for those purposes, or upon the district attorney's or obligor's request, the court shall issue an order for a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b), but a finding of error in the amount of the arrearage is not sufficient in and of itself to quash the wage assignment for that portion of the obligor's wages withheld to pay current support.

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) As used in this section, "assigned payee" means either the person to whom support has been ordered to have been paid or the district attorney, designated by the court to receive the payment. For the purposes of this section, the district attorney shall be the assigned payee for all cases in which an application for services has been filed under Title IV-D of the Social Security Act.

(n) In any case where support for a minor child is ordered to be paid through the district attorney on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the district attorney shall forward the support received to the custodial parent or other person having care or control of the minor child or children involved within seven working days of receipt.

(o) This section shall become operative on January 1, 1987.

(p) This section shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 4726 of the Civil Code is amended to read:

4726. (a) The court shall require that health insurance coverage for the supported children shall be maintained by either or both

parents if that insurance is available at no cost or at nominal cost to the parent or parents. In cases in which the court determines that health insurance coverage is not available at no or nominal cost, the court's order for support shall contain a provision which specifies that health insurance coverage shall be obtained if it becomes available at no or nominal cost. Upon health insurance coverage at no or nominal cost becoming available to the parent or parents, the parent or parents shall apply for that coverage.

(b) Where the district attorney has been designated as the assigned payee for child support, the court shall order the parent or parents to notify the district attorney upon applying for health insurance coverage for the child within a reasonable period of time.

The district attorney shall obtain a completed medical form from the parent or parents in accordance with Section 11490 of the Welfare and Institutions Code and shall forward the completed form to the State Department of Health Services.

(c) This section is applicable in all cases, irrespective of whether the support award made is based on the mandatory minimum schedule or a higher amount based on a state or county schedule.

(d) For purposes of this section "health insurance coverage" includes vision care and dental care coverage whether the vision care or dental care coverage is part of existing health insurance coverage or is issued as a separate policy or plan.

SEC. 4.5. Section 4726 of the Civil Code is amended to read:

4726. (a) (1) The court shall require that health insurance coverage for the supported children shall be maintained by either or both parents if that insurance is available at no cost or at reasonable cost to the parent or parents. In cases in which the court determines that health insurance coverage is not available at no or reasonable cost, the court's order for support shall contain a provision which specifies that health insurance coverage shall be obtained if it becomes available at no or reasonable cost. Upon health insurance coverage at no or reasonable cost becoming available to the parent or parents, the parent or parents shall apply for that coverage.

(2) The court shall generally consider health insurance coverage to be reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. If the court determines that the cost of health insurance coverage is not reasonable, the court shall state its reasons on the record.

(3) As used in this section "health insurance coverage" includes vision care and dental care coverage whether the vision care or dental care coverage is part of existing health insurance coverage or is issued as a separate policy or plan. "Health insurance coverage" also includes provision for the delivery of health care services by a fee for service, health maintenance organization, preferred provider organization, or any other type of health care delivery system under which medical services could be provided to the dependent child or children of an absent parent.

(b) Where the district attorney has been designated as the assigned payee for child support, the court shall order the parent or parents to notify the district attorney upon applying for and obtaining health insurance coverage for the child within a reasonable period of time.

The district attorney shall obtain a completed medical form from the parent or parents in accordance with Section 11490 of the Welfare and Institutions Code and shall forward the completed form to the State Department of Health Services.

(c) In those cases where the district attorney is providing medical support enforcement services, the district attorney shall provide the parent or person having custody of the child or children with information pertaining to the health insurance policy which has been secured for that child or children.

(d) This section is applicable in all cases, irrespective of whether the support award made is based on the mandatory minimum schedule or a higher amount based on a state or county schedule.

SEC. 5. Section 4726.1 of the Civil Code is amended to read:

4726.1. (a) Upon application by a party in any proceeding where the court has ordered either or both parents to maintain health insurance under Section 4726, the court may order the employer of the obligor parent or other person providing health insurance to the obligor, to enroll the supported child in the health insurance plan available to the obligor through the employer or other person and to deduct the appropriate premium or costs, if any, from the wages or earnings of the obligor. The order shall be called a health insurance coverage assignment.

(b) The health insurance coverage assignment may be ordered at the time of trial or entry of a judgment ordering health insurance coverage. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order has been served. Any such order of assignment may be modified at any time by the court.

(c) The application shall state that the party seeking the assignment has given the obligor a written notice of his or her intent to seek a health insurance coverage assignment in the event of a default in instituting coverage required by court order on behalf of the parties' child and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek an assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. The obligor may at any time waive the written notice required by this subdivision.

(d) An order made pursuant to this section shall not become effective until 10 days after service by the applicant of the order on the employer or other person providing health insurance to the obligor. Within 10 days after service of the order, the employer or other person providing health insurance to the obligor shall deliver

a copy of the order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the order.

(e) An obligor alleged to be in default may move to quash a health insurance coverage assignment order issued under this subdivision within 10 days after service on the obligor of the assignment order by his or her employer or other person providing health insurance coverage if the obligor declares under penalty of perjury that there is an error in that (1) no order to maintain health insurance has been issued under Section 4726; (2) the amount to be withheld for premiums is greater than that permissible under Section 4726 or greater than the amount otherwise ordered by the court; (3) the amount of the increased premium is unreasonable; (4) the alleged obligor is not the obligor from whom health insurance coverage is due; (5) the child or children are or will be otherwise provided health care coverage; or (6) the employer's choice of coverage is inappropriate. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer or other person providing health insurance coverage. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion; and within five days after receipt of the notice of motion shall deliver a copy of the notice of motion to the district attorney, personally or by first-class mail, and the applicant and the employer or other person providing health insurance, at the appropriate addresses contained in the application by first-class mail. Upon a finding of error, as described above, the court shall quash the assignment.

(f) The employer, or other person providing health insurance, shall take steps to commence coverage, consistent with the order for the health insurance coverage assignment, 10 days after service of the order upon the obligor pursuant to subdivision (d) if the employer or other person providing health insurance has not received a notice of motion seeking to quash the order. If the employer or other person providing health insurance receives a notice of motion to quash, the employer shall commence coverage consistent with the assignment order upon receipt of the order resolving the motion to quash in favor of the applicant. The employer, or the person providing health insurance, shall commence coverage at the earliest possible time and, if applicable, consistent with the group plan enrollment rules. If the obligor has made a selection of health coverage inconsistent with the court order, the selection shall not be superseded unless the child or children to be enrolled in the plan will not be provided benefits or coverage where the child or children reside.

If the obligor has not enrolled in an available health plan, there is a choice of coverage, and the court has not ordered coverage by a specific plan, the employer shall enroll the child or children in the plan that will reasonably provide benefits or coverage where the

child or children reside. If that coverage is not available, the employer or other person providing health insurance shall, within 20 days, return the assignment to the attorney or person initiating the assignment.

(g) An employer or other person providing health insurance who willfully fails to comply with a valid assignment order entered and served upon the employer or other person pursuant to this section shall be liable to the applicant for the amount incurred in health care services which would otherwise have been covered under the insurance policy but for the conduct of the employer or other person providing health insurance which was contrary to the order of assignment under this section. Willful failure of an employer or other person providing health insurance to comply with an order for assignment under this section is punishable as contempt of court pursuant to Section 1218 of the Code of Civil Procedure.

(h) The employer or other person providing health insurance shall be responsible for providing evidence of coverage to both parents or the person having custody of the child and, upon request by the parents or person having custody of the child, for providing all forms and other documentation necessary for the purpose of submitting claims to the insurance carrier which the employer or other person providing health insurance usually provides to insureds.

(i) The employer or other person providing health insurance shall notify the applicant of the order for assignment of the commencement date of the coverage of the children.

(j) If an assignment pursuant to this section is served on an employer or other person providing health insurance and no such coverage is available for the supported child, the employer or other person shall, within 20 days, return the assignment order to the attorney, or person initiating the assignment.

(k) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this section if one of the following conditions exists: (1) a new order has been issued under Section 4726, which is inconsistent with the existing health insurance coverage assignment; (2) the employer or other person providing health insurance has discontinued that coverage to the obligor; (3) the court determines that there is good cause to terminate the assignment; or (4) the death or emancipation of the child for whom the health insurance has been obtained.

(*l*) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who violates this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(m) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(n) The Judicial Council shall adopt forms for the orders for health insurance coverage assignment required or authorized by this

section, including, but not limited to, the application, the order, and the statement of the obligor's rights. The parties and child shall be sufficiently identified on the forms by the inclusion of birth dates, social security numbers, and any other information deemed necessary by the Judicial Council.

(o) For purposes of this section "health insurance," "health insurance plan," "health insurance coverage," "health care services," or "health insurance coverage assignment" includes vision care and dental care coverage whether the vision care or dental care coverage is part of existing health insurance coverage or is issued as a separate policy or plan.

SEC. 6. Section 4801.1 of the Civil Code is amended to read:

4801.1. (a) The purpose of this section is to permit inexpensive discovery of facts prior to the institution of an action for the modification of an order for spousal support.

(b) At any time following a judgment of dissolution of marriage or legal separation that provides for payment of spousal support, either the party ordered to pay support or the party to whom support was ordered to be paid or that party's assignee, without leave of court, may serve a request for the production of a completed current income and expense declaration in the form adopted by the Judicial Council.

Methods of discovery other than that described in this subdivision may only be employed if a motion for modification of support is pending. In the absence of a pending motion for modification of support, a request for discovery pursuant to this section may be undertaken no more than once a year. This section may be enforced under Sections 1991, 1991.1, 1991.2, and 1993 of the Code of Civil Procedure and in the Civil Discovery Act of 1986 (Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure), and any other statutes applicable to the enforcement of procedures for discovery. The Judicial Council shall adopt forms which shall be used in the procedures provided by this section.

(c) A copy of the prior year's federal and state personal income tax returns shall be attached to the income and expense declaration of each party. A party shall not disclose the contents nor provide copies of the other party's tax returns to anyone except to the court, his or her attorney, his or her accountant, or other financial consultant assisting with matters relating to the proceeding, or any other person as permitted by the court. The tax returns shall be controlled by the court as provided in Section 4700.7.

(d) Service of a request for production of an income and expense declaration pursuant to this section shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service.

(e) Upon the subsequent filing of a motion for modification of spousal support by the requesting party, if the court finds that the income and expense declaration submitted by the responding party

pursuant to this section was incomplete, inaccurate, missing the prior year's federal and state personal income tax returns, or that the declaration was not submitted in good faith, the court may order sanctions against the responding party in the form of payment of all costs of the motion, including the filing fee and the costs of depositions and subpoenas necessary to be utilized in order to obtain complete and accurate information.

SEC. 7. Section 4801.6 of the Civil Code is amended to read:

4801.6. (a) In any proceeding where the court has ordered a party to pay any amount of spousal support to the other party, the court, may order the party required to make a payment of spousal support to assign to an assigned payee that portion of his or her salary or wages due or to be due in the future as will be sufficient to pay the amount ordered by the court for spousal support. The order shall operate as an assignment and shall be binding upon any existing or future employer of the party required to make the payment of spousal support upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding subdivision (a), in any proceeding after January 1, 1989, where the court has ordered a party to pay any amount of spousal support to the other party, that order shall contain a provision assigning the wages of the obligor to the assigned payee. Any order for the modification of support entered after January 1, 1989, which does not otherwise contain a provision for wage assignment, shall also contain a provision assigning the wages of an obligor to the assigned payee. All provisions for wage assignment required pursuant to this subdivision shall be effective only upon an application signed under penalty of perjury by the assigned payee that the obligor is in arrears in payment in a sum equal to the amount of support payable for one month. Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the payee that portion of the salary or wages of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for spousal support. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligor ordered to pay support upon whom a copy of the order is served.

(2) In cases in which the order for support does not contain a provision for wage assignment, the application shall state that the assigned payee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of

Civil Procedure. The obligor may at any time waive the written notice required by this subdivision.

(3) The assigned payee shall notify the employer of the obligor, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to the district attorney, the party to whom support has been ordered to be paid shall notify the court and the district attorney, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or district attorney is unable to deliver payments under the assignment for a period of six months due to the failure of the individual to whom support has been ordered to be paid to notify the employer or district attorney of a change of address, the employer or district attorney shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the assignment. The Judicial Council shall adopt a form for the statement.

(6) An obligor alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that there is an error in the amount of current or overdue support, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code, to the extent that the amount required to be withheld exceeds the limits specified in federal law. The obligor may also move to quash the assignment if he or she states under oath that a default in payment in a sum equal to the amount of support payable for one month has not occurred. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion. If a finding of an error in the amount of overdue support results in an amount due which is less than one month's support, the assignment of wages shall be quashed accordingly. However, if a finding of an error in the amount of overdue support results in an amount in excess of one

month's support, such a finding in the amount of overdue support shall not affect the assignment of that portion of the obligor's wages withheld to pay for current support. A finding of an error in the amount of current support subject to withholding does not affect the assignment of that portion of the obligor's wages withheld to pay overdue support.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. The employer shall send the amounts withheld to the assigned payee within 10 days of the date the obligor is paid. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the assigned payee for the amount of support not withheld, forwarded, or otherwise paid to the assigned payee. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the obligor has been given notice of the order of assignment and the fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to enter the order for the assignment.

(10) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this subdivision if past due support has been paid in full and if one of the following conditions exists: (A) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom spousal support has been ordered to be paid to notify the employer or district attorney of a change of address; or (B) the death or remarriage of the spouse to whom support is owed; or (C) the assignment has continued for 24 months after payment in full of any past due support. However, if the assignment was pursuant to a second or subsequent application, it shall not be terminated unless, upon a petition by the party ordered to pay support, the court determines that there is good cause to terminate the assignment.

(11) The amounts withheld under this subdivision shall include both current support and payments towards the liquidation of arrearages. However, priority shall be given to the current support obligation.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order.

Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the support obligation. The state agency or the local agency designated to enforce child and spousal support obligations, as required by federal law shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the obligor notify the assigned payee of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the party to whom spousal support has been ordered to be paid to the court that: (1) the party ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting party or the identity of his or her employer are unknown to the party to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent party and the name and address of the absent party's last known employer. The court shall then order the defaulting party to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce spousal support obligations.

(j) This section applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee

named in order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4801.7. These moneys shall be subject to any procedure available to enforce an order for spousal support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting obligor. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for spousal support upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the district attorney for those purposes, or upon the district attorney's or obligor's request, the court shall issue an order for a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b), but a finding of error in the amount of the arrearage is not sufficient in and of itself to quash the wage assignment for that portion of the obligor's wages withheld to pay current support.

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) As used in this section, "assigned payee" means either the person to whom support has been ordered to have been paid or the district attorney so long as the district attorney is otherwise required under existing law to enforce that support and is designated by the court to receive the payment. For the purposes of this section, the district attorney shall be the assigned payee for all cases in which an application for services has been filed under Title IV-D of the Social Security Act, so long as otherwise authorized by law.

(n) The procedures specified in this section are applicable to any proceeding where the court has ordered a party to pay any amount for family support.

(o) Any reference to the district attorney in this section shall apply only when the district attorney is otherwise ordered or required to act pursuant to existing law. Nothing in this section shall be deemed to mandate additional enforcement or collection duties upon the district attorney beyond those imposed under existing law.

(p) This section shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which

becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 8. Section 704.114 is added to the Code of Civil Procedure, to read:

704.114. Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of the fact to the parties, and any agency through whom payments have been ordered under Section 4702 or 4801.7 of the Civil Code. These moneys shall be subject to any procedure available to enforce an order for support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting employee or his or her heirs. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for support upon the issuance of such a request by such an employee.

SEC. 9. Section 708.730 of the Code of Civil Procedure is amended to read:

708.730. (a) If money is owing and unpaid to the judgment debtor by a public entity, the judgment creditor may file, in the manner provided in this article, an abstract of the money judgment or a certified copy of the money judgment, together with an affidavit that states that the judgment creditor desires the relief provided by this article and states the exact amount then required to satisfy the judgment. The judgment creditor may state in the affidavit any fact tending to establish the identity of the judgment debtor.

(b) Promptly after filing the abstract or certified copy of the judgment and the affidavit with the public entity, the judgment creditor shall serve notice of the filing on the judgment debtor. Service shall be made personally or by mail.

(c) If the judgment is for support and related costs and money is owing and unpaid to the judgment debtor by a state agency, including, but not limited to, money owing and unpaid to the judgment debtor by a state agency on a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, and the district attorney is enforcing the support

obligation pursuant to Section 11475.1 of the Welfare and Institutions Code, the claim may be submitted as follows: The district attorney may file the affidavit referred to in subdivision (a) without filing an abstract or certified copy of the judgment. In lieu thereof, the affidavit shall also state that an abstract of the judgment could be obtained. Where there is more than one judgment debtor, the district attorney may include all the judgment debtors in a single affidavit. Separate affidavits need not be submitted for each judgment debtor. The affidavit need not on its face separately identify each judgment debtor or the exact amount required to satisfy the judgment, so long as it incorporates by reference forms or other automated data transmittals, as required by the State Department of Social Services, which contain this information. Affidavits submitted pursuant to this subdivision by the district attorney shall meet the standards and procedures prescribed by the state agency to which the affidavit is submitted, except that those affidavits submitted with respect to moneys owed and unpaid to the judgment debtor as a result of a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporations Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, shall meet the standards and procedures prescribed by the Franchise Tax Board.

In serving the notice required by subdivision (b), the Director of the State Department of Social Services or his or her designee may act in lieu of the judgment creditor as to judgments enforced under this division.

(d) If the judgment is for child, spousal, or family support and related costs and money is owing and unpaid to the judgment debtor by a state agency on a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, or as a result of the judgment debtor's winnings in the California State Lottery, the judgment creditor may file with the court an abstract or a certified copy of the judgment or decree ordering the payment of child, spousal, or family support, together with a request that the court issue a Notice of Support Arrearage, as provided in Section 708.780, to which any personal income tax refunds and lottery winnings owed the judgment debtor by the State of California will be subject. The request shall be accompanied by an affidavit which shall state that the judgment creditor desires the relief provided by this subdivision and shall state the exact amount then required to satisfy the judgment or decree. In addition, the affidavit shall specify the beginning and ending dates of all periods during which the arrearage for support occurred, specify the arrearage for each month, and state that each specified arrearage has been delinquent

for at least 30 days. It shall also certify that the child or children are not recipients, and during the period for which payment is requested, were not recipients, of Aid to Families with Dependent Children and there was no assignment to a state or county agency of support and shall certify on information and belief that there is not current or past action by a district attorney pending for support or support enforcement on the judgment creditor's behalf.

The request shall have attached a proof of service showing that copies of the request, the affidavit, and the abstract or certified copy of the judgment or decree ordering the payment of support have been served on the judgment debtor and the district attorney of the county in which the support judgment is entered. Service shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service.

This subdivision does not apply in any instance in which a district attorney initiated or participated as counsel in the action for support or if support is required to be paid through a district attorney's office.

This subdivision shall be operative only until January 1, 1994.

(e) For purposes of this section, "support" means an obligation owing on behalf of a child, spouse, or family, or combination thereof.

SEC. 9.3. Section 708.740 of the Code of Civil Procedure is amended to read:

708.740. (a) Except as provided in subdivision (e), if money is owing and unpaid to the judgment debtor by a state agency, the judgment creditor shall file the abstract or certified copy of the judgment and the affidavit with the state agency owing the money to the judgment debtor prior to the time the state agency presents the claim of the judgment debtor to the Controller. Where the affidavit is prepared under subdivision (c) of Section 708.730, the affidavit shall be filed with the State Department of Social Services, and no abstract need be filed. Filing of the affidavit with the department shall be sufficient to require the Controller to transfer the funds claimed by the judgment debtor, notwithstanding that the claim of the judgment debtor has been filed with another state agency.

(b) When presenting the claim of the judgment debtor to the Controller, the state agency shall do all of the following:

(1) Note the fact of the filing of the abstract or certified copy of the judgment and the affidavit.

(2) State the amount required to satisfy the judgment as shown by the affidavit.

(3) State any amounts advanced to the judgment debtor by the state, or owed by the judgment debtor to the state, for expenses or for any other purpose.

(c) Except as provided in subdivisions (d) and (e), to discharge the claim of the judgment debtor, the Controller shall (1) deposit with the court, by a warrant or check payable to the court, the amount due the judgment debtor (after deducting an amount sufficient to reimburse the state for any amounts advanced to the

judgment debtor or owed by the judgment debtor to the state) required to satisfy the money judgment as shown by the affidavit in full or to the greatest extent and (2) pay the balance thereof, if any, to the judgment debtor.

(d) Where an affidavit stating the existence of a judgment for support has been submitted to the State Department of Social Services, pursuant to subdivision (c) of Section 708.730, to discharge the claim of a judgment debtor, the Controller shall direct payment to the county agency designated by the district attorney in his or her affidavit.

(e) Where the judgment is for support and the money owed is for lottery winnings or a refund of overpayment of tax, penalty, interest, or interest allowable with respect to an overpayment under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, and the support obligation is not being enforced pursuant to Section 11475.1 of the Welfare and Institutions Code, the judgment creditor may file the abstract or certified copy of the judgment with the district attorney of the county in which the support judgment is entered or registered. The district attorney shall then file the claim of the judgment creditor pursuant to subdivision (c) of Section 708.730. When funds are received by the district attorney he or she shall discharge any claim of the judgment debtor by forwarding those sums to the clerk of the court pursuant to subdivision (c) of this section. Any and all notices otherwise required of a judgment creditor or the clerk of the court, and any litigation to enforce rights under this subdivision shall be the responsibility of the judgment creditor, the same as if service had been directly on the Controller without the intervention of the district attorney.

(f) Where the claim of the judgment debtor is less than ten dollars ($10) and the claim of the judgment creditor arises under an affidavit filed pursuant to subdivision (c) of Section 708.730, the Controller may disregard the claim of the judgment creditor and forward any and all sums due to the judgment debtor. In the event that there is more than one claimant for a refund, the Franchise Tax Board shall have discretion in allocating the overpayment among claimants.

(g) Should two or more district attorneys submit claims on behalf of a judgment creditor, the Controller in his or her discretion may select which claim or claims he or she shall honor.

(h) Any claims which are honored in behalf of a judgment creditor shall be considered as refunds of tax overpayments to the judgment debtor.

(i) For purposes of this section, "support" means an obligation owing on behalf of a child, spouse, or family, or combination thereof.

SEC. 9.5. Section 708.780 of the Code of Civil Procedure is amended to read:

708.780. (a) Filing of the abstract or certified copy of the judgment and the affidavit pursuant to this article creates a lien on the money owing and unpaid to the judgment debtor by the public entity in an amount equal to that which may properly be applied to

the satisfaction of the money judgment under this article.

(b) When an affidavit is filed pursuant to subdivision (c) of Section 708.730, it shall apply to all claims for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, which the judgment debtor subsequently claims during a period one year after filing of the affidavit, or October 1 of the year following the filing of the affidavit, whichever occurs later, the same as if claims for these overpayments were filed by the judgment debtor with the appropriate state agency on the date the affidavit was filed.

(c) When a request is filed pursuant to subdivision (d) of Section 708.730 with the court, and upon order of the court, the clerk of the court shall issue a Notice of Support Arrearage. The court shall order the clerk of the court to issue the notice 30 days after the request was filed pursuant to subdivision (d) of Section 708.730 without a hearing if no objection has been raised by the judgment debtor pursuant to this subdivision. If an objection has been raised, the notice shall not be ordered until after a hearing. The notice shall contain the name of the person ordered to pay support and his or her social security number; the amount of the arrearage determined by the court; whether the arrearage is for child, spousal, or family support and the specific combination thereof; a statement of how the recipient may challenge the statement of arrearage; and the name, address, and social security number of the person to whom the arrearage is owed. Upon the clerk of the court issuing the Notice of Support Arrearage, a copy of the request, the affidavit, and the notice shall be served by the party who requested the court to issue the Notice of Support Arrearage upon the person ordered to pay support and the Controller. Service may be personal, in accordance with Section 1011, or by mail, in accordance with Section 1013. Service upon the Controller shall be at the Controller's office in Sacramento.

The judgment debtor may object to the request or affidavit upon any of the following grounds: (1) there is an error in the amount of the arrearage stated in the affidavit; (2) the alleged judgment debtor is not the judgment debtor from whom the support is due; (3) the amount to be intercepted exceeds that allowable under federal law; (4) a default in payment of the support for 30 days has not occurred; or (5) other necessary factual allegations contained in the affidavit are erroneous.

Upon receipt of the Notice of Support Arrearage, the Controller shall take reasonable measures to deduct from any personal income tax refunds and lottery winnings owed and processed for payment to the judgment debtor and deposit with the court a warrant, subject to Sections 708.770 and 708.775, with service of a copy of the warrant upon the district attorney of the county in which the support judgment is entered, payable to the court, the amount due the

judgment creditor (after deducting an amount sufficient to reimburse the state for any amounts advanced to the judgment debtor or owed by the judgment debtor to the state) required to satisfy the money judgment as shown by the affidavit in full or to the greatest extent, and pay the balance thereof, if any, to the judgment debtor. At any hearing pursuant to Section 708.770, the judgment debtor may challenge the distribution of these funds on exemption or other grounds, including, but not limited to, an allegation that the judgment has been satisfied or that service was improper. The notice shall not apply to any money which is exempt by law from execution. The Controller shall determine the cost of enforcing the notice and may establish a notice filing fee not to exceed five dollars ($5).

Service of the Notice of Support Arrearage and of the request and affidavit pursuant to this subdivision creates a lien on the money owing and unpaid to the judgment debtor which shall become effective 30 days following service upon the Controller. This notice shall remain in effect for four years from the date of its issuance or until the arrearage for which the notice was issued is satisfied, whichever occurs first.

Any person who files a request with the court to issue a Notice of Support Arrearage pursuant to subdivision (d) of Section 708.730 shall notify the court and the Controller of any satisfaction of the arrearage after the Notice of Support Arrearage has been issued by the clerk of the court. The notice to the court and the Controller shall be filed with the court and the Controller and served upon the district attorney of the county in which the support judgment is entered within 30 days of the satisfaction or discharge and shall show a partial or full satisfaction of the arrearage or any other resolution of the arrearage.

Upon filing and service, the Notice of Support Arrearage shall be of no force and effect.

This subdivision shall be operative only until January 1, 1994.

(d) For purposes of this section, "support" means an obligation owing on behalf of a child, spouse, or family, or combination thereof.

The first report shall be submitted prior to July 1, 1985, covering the 1984 taxable year and annually thereafter on July 1 covering the previous taxable year. The last report shall be due on July 1, 1989.

SEC. 12. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. The district attorney shall take appropriate action, both civil and criminal, to establish, modify, and enforce child support and when appropriate enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when appropriate, to take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) To the extent required by federal law, actions brought by the district attorney to establish or enforce support obligations in all cases, other than paternity cases or those cases involving complex issues, shall be completed within the following time limits: (1) 90 percent of the actions shall be completed within three months from the date of service; (2) 98 percent of the actions shall be completed within six months from the date of service; and (3) 100 percent of the actions shall be completed within 12 months from the date of service.

As used in this section, "service" means the service of process required by law for the particular proceeding. The district attorney's responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act, the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(c) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(d) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

The district attorney shall file a motion for an order for temporary support within the following time limits:

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for

temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Sec. 666(a)(9)), or any subsequent date.

(c) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office of the organization in California.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for the party-deponent,

unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena.

On motion of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent,

or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023

against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one

subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that the other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner

prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany

that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that

other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the

audiotape or to view the videotape, and (2) furnish a copy of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the original transcript of the testimony is available for reading and signing, unless the deponent and all these parties agree on the record to waive the reading and signing of the transcript of the testimony. For 30 days following this notice the deponent, either in person or by a signed letter to the deposition officer, may change the form or the substance of the answer to any question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it. For good cause shown the court may shorten this time.

The deposition officer shall indicate on the original any action taken by the deponent, or the failure of the deponent to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly disapproves the accuracy of the transcript by refusing to sign it, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the

deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court,

on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who received, notice of the deposition may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is any of the following:

(i) Exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant.

(ii) Disqualified from testifying.

(iii) Dead or unable to attend or testify because of existing physical or mental illness or infirmity.

(iv) Absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process.

(v) Absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 14. Section 204.5 of the Corporations Code, as added by Chapter 1201 of the Statutes of 1987, is repealed.

SEC. 15. Section 1203 of the Corporations Code is amended to read:

1203. (a) If a tender offer or a written proposal for approval of a reorganization subject to Section 1200 or for a sale of assets subject to subdivision (a) of Section 1001 is made to some or all of a corporation's shareholders by an interested party (herein referred to as an "Interested Party Proposal"), an affirmative opinion in writing as to the fairness of the consideration to the shareholders of that corporation shall be delivered as follows:

(1) If no shareholder approval or acceptance is required for the consummation of the transaction, the opinion shall be delivered to the corporation's board of directors not later than the time that consummation of the transaction is authorized and approved by the board of directors.

(2) If a tender offer is made to the corporation's shareholders, the opinion shall be delivered to the shareholders at the time that the tender offer is first made in writing to the shareholders.

(3) If a shareholders' meeting is to be held to vote on approval of the transaction, the opinion shall be delivered to the shareholders with the notice of the meeting (Section 601).

(4) If consents of all shareholders entitled to vote are solicited in writing (Section 603), the opinion shall be delivered at the same time as that solicitation.

(5) If the consents of all shareholders are not solicited in writing, the opinion shall be delivered to each shareholder whose consent is solicited prior to that shareholder's consent being given, and to all other shareholders at the time they are given the notice required by subdivision (b) of Section 603.

For purposes of this section, the term "interested party" means a person who is a party to the transaction and (A) directly or indirectly controls the corporation that is the subject of the tender offer or proposal, (B) is, or is directly or indirectly controlled by, an officer or director of the subject corporation, or (C) is an entity in which a material financial interest (subdivision (a) of Section 310) is held by any director or executive officer of the subject corporation. For purposes of subparagraph (C), "any executive officer" means the president, any vice president in charge of a principal business unit, division, or function such as sales, administration, research, development, or finance, and any other officer or other person who performs a policymaking function or has the same duties as those of a president or vice president. The opinion required by this subdivision shall be provided by a person who is not affiliated with the offeror and who, for compensation, engages in the business of advising others as to the value of properties, businesses, or securities. The fact that the opining person previously has provided services to the offeror or a related entity or is simultaneously engaged in providing advice or assistance with respect to the proposed transaction in a manner which makes its compensation contingent on the success of the proposed transaction shall not, for those reasons, be deemed to affiliate the opining person with the offeror. Nothing in this subdivision shall limit the applicability of the standards of review of the transaction in the event of a challenge thereto under Section 310 or subdivision (c) of Section 1312.

This subdivision shall not apply to an Interested Party Proposal if the corporation that is the subject thereof does not have shares held of record by 100 or more persons (determined as provided in Section 605), or if the transaction has been qualified under Section 25113 or 25120 and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to that qualification.

(b) If a tender of shares or a vote or written consent is being sought pursuant to an Interested Party Proposal and a later tender offer or written proposal for a reorganization subject to Section 1200 or sale of assets subject to subdivision (a) of Section 1001 that would require a vote or written consent of shareholders is made to the corporation or its shareholders (herein referred to as a "Later Proposal") by any other person at least 10 days prior to the date for acceptance of the tendered shares or the vote or notice of shareholder approval on the Interested Party Proposal, then each of the following shall apply:

(1) The shareholders shall be informed of the Later Proposal and any written material provided for this purpose by the later offeror shall be forwarded to the shareholders at that offeror's expense.

(b) The balance, if any, to accumulate, and to be distributed and transferred quarterly in the following manner:

(1) To the state agency or local governmental entity for all expenditures made or incurred by it in connection with the sale of the property, including expenditures for any necessary repairs, storage, or transportation of any property seized under this chapter.

(ii) An amount not to exceed 5 percent of the Asset Forfeiture Distribution Fund to cover administrative costs incurred by the Office of Criminal Justice Planning. Notwithstanding Section 16305.7 of the Government Code, any interest earned or other increment derived from investments made from moneys in the Assets Forfeiture Distribution Fund shall be deposited in the Asset Forfeiture Distribution Fund. Funds which are not deposited pursuant to the above paragraph shall be deposited into the Department of Justice Special Deposit Fund—Federal Asset Forfeiture Account.

(d) All the funds distributed pursuant to paragraph (3) of subdivision (b) shall not supplant any state or local funds that would, in the absence of this subdivision, be made available to support the law enforcement and prosecutorial efforts of these agencies. Funds so distributed shall be used by the law enforcement and prosecutorial agencies exclusively to support law enforcement and prosecutorial efforts of those agencies.

The court shall order the forfeiture proceeds distributed to the state, local, or state and local governmental entities as provided in this section.

For the purposes of this section, "local governmental entity" means any city, county, or city and county in this state.

All proceeds from forfeiture proceedings completed after January 1, 1989, shall be distributed in accordance with this section.

SEC. 90. Section 11573.5 of the Health and Safety Code is amended to read:

11573.5. (a) At the time of application for issuance of a temporary writ pursuant to Section 11573, if proof of the existence of the nuisance depends, in whole or part, upon the affidavits of witnesses who are not peace officers, upon a showing of prior threats of violence or acts of violence by any defendant or other person, the court may issue orders to protect those witnesses, including, but not limited to, nondisclosure of the name, address, or any other information which may identify those witnesses.

(b) A temporary writ issued pursuant to Section 11573 may include closure of the premises pending trial when a prior writ does not result in the abatement of the nuisance. The duration of the writ shall be within the court's discretion. In no event shall the total period of closure pending trial exceed one year. Prior to ruling on a request for closure the court may order that some or all of the rent payments owing to the defendant be placed in an escrow account for a period of up to 90 days or until the nuisance is abated. If the court subsequently orders a closure of the premises, the money in the escrow account shall be used to pay for relocation assistance pursuant to subdivision (d). In ruling upon a request for closure, whether for a defined or undefined duration, the court shall consider all of the following factors:

(1) The extent and duration of the nuisance at the time of the request.

(2) Prior efforts by the defendant to comply with previous court orders to abate the nuisance.

(3) The nature and extent of any effect which the nuisance has upon other persons, such as residents or businesses.

(4) Any effect of prior orders, placing displaced residents' or

occupants' rent payments into an escrow account, upon the defendant's efforts to abate the nuisance.

(5) The effect of granting the request upon any resident or occupant of the premises who is not named in the action, including the availability of alternative housing or relocation assistance, the pendancy of any action to evict a resident or occupant, and any evidence of participation by a resident or occupant in the nuisance activity.

(c) In making an order of closure pursuant to this section, the court may order the premises vacated and may issue any other orders necessary to effectuate the closure. However, all tenants who may be affected by the order shall be provided reasonable notice and an opportunity to be heard at all hearings regarding the closure request prior to the issuance of any order.

(d) In making an order of closure pursuant to this section, the court shall order the defendant to provide relocation assistance to any tenant ordered to vacate the premises, provided the court determines that the tenant was not actively involved in the nuisance activity. The relocation assistance ordered to be paid by the defendant shall be in the amount necessary to cover moving costs, security deposits for utilities and comparable housing, adjustment in any lost rent and any other reasonable expenses the court may deem fair and reasonable as a result of the court's order.

(e) At the hearing to order closure pursuant to this section, the court may make the following orders with respect to any displaced tenant not actively involved in the nuisance:

(1) Priority for senior citizens, physically handicapped persons, or persons otherwise suffering from a permanent or temporary disability for claims against money for relocation assistance.

(2) Order the local agency seeking closure pursuant to this section to make reasonable attempts to seek additional sources of funds for relocation assistance to displaced tenants, if deemed necessary.

(3) Appoint a receiver to oversee the disbursement of relocation assistance funds, whose services shall be paid from the escrow fund.

(4) Where a defendant has paid relocation assistance pursuant to subdivision (d), the escrow account under subdivision (b) may be released to the defendant and no appointment under paragraph (3) shall be made.

(f) The remedies set forth pursuant to this section shall be in addition to any other existing remedies for nuisance abatement actions.

33334.12. (a) Upon failure of the agency to expend or encumber excess surplus in the Low and Moderate Income Housing Fund within five years from the date the moneys become excess surplus, within the meaning defined in Section 33334.10, the agency shall disburse that excess surplus to the county housing authority or other housing authority operating within the agency's jurisdiction or another public agency exercising housing development powers within the territorial jurisdiction of the agency in accordance with subdivision (b). The housing authority shall utilize the moneys for the purposes and subject to the same restrictions as applicable to the redevelopment agency under this part, and for that purpose may exercise all of the powers of a housing authority under Part 2 (commencing with Section 34200) to the extent not inconsistent with these limitations.

Notwithstanding Section 34209 or any other provision of law, for the purpose of accepting a transfer of, and using, moneys pursuant to this section, the housing authority of a county may exercise its powers within the territorial jurisdiction of a city redevelopment agency in the county.

(b) The amount of excess surplus which shall be transferred to the housing authority because of failure of the agency to expend or encumber excess surplus within five years shall be the amount of the excess surplus that is not so expended or encumbered.

(c) Nothing in this section shall be construed to limit any authority a redevelopment agency may have under other provisions of this part to contract with a housing authority for increasing or improving the community's supply of low- and moderate-income housing.

(d) For purposes of this section:

(1) "Excess surplus" means any unexpended and unencumbered amount in an agency's Low and Moderate Income Housing Fund that exceeds the greater of five hundred thousand dollars ($500,000) or the aggregate amount deposited into the Low and Moderate Income Housing Fund pursuant to Sections 33334.2 and 33334.6 during the agency's preceding five fiscal years.

51659. (a) The obligation of the agency and of the state to pay any insurance benefit pursuant to contracts of insurance insuring loans or bonds shall not exceed amounts deposited in the insurance fund which are made available therefor under the respective contracts of insurance. Nothing in this part shall require the Legislature to appropriate moneys from the General Fund in the State Treasury to the Housing Insurance Fund on account of these obligations. The insurance of loans or bonds under the provisions of this part shall not directly, indirectly, or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

(b) All contracts of insurance insuring loans or bonds pursuant to this part shall contain on the face thereof a statement to the following effect: "Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this contract of insurance."

(c) Moneys in the insurance fund may not be transferred to any other fund of the agency except as necessary to pay the expenses of operating the program of loan and bond insurance authorized by this part, nor shall the agency utilize any moneys under the direction and control of the agency, other than moneys in the insurance fund, to satisfy liabilities arising from contracts of insurance authorized by this part.

(d) Notwithstanding any other provision of law, the agency may, on behalf of the Housing Insurance Fund, borrow moneys from the California Housing Finance Fund, or from any other state fund available by law for this purpose to meet a pledge or obligation for insurance reserves if insufficient funds therefor exist in the Housing Insurance Fund and if authorized by a resolution of the board. order to create reserves in the insurance fund for loan or bond insurance as provided in this part and as authorized by board resolution.

SEC. 97. Section 1104.9 of the Insurance Code is amended to read:

1104.9. (a) (1) As used in this section, "qualified custodian" means: (A) commercial banks (as defined in Section 105 of the Financial Code), savings and loan associations (as defined in Section 5102 of the Financial Code), and trust companies (other than trust departments of title insurance companies), or any entity approved by the commissioner as a qualified custodian; (B) which is domiciled and has a principal place of business in this state; and (C) which either has a net worth of at least one hundred million dollars ($100,000,000) or is able to demonstrate to the satisfaction of the commissioner that it is financially secure. The commissioner may consider, among other factors, evidence of the following in order to determine whether a custodian is financially secure for the purpose of this subdivision: (i) its obligations under an agreement approved by the commissioner pursuant to subdivision (c) are guaranteed by its parent holding company, (ii) its parent holding company has a net worth of at least one hundred million dollars ($100,000,000), or (iii) it is a member of a holding company system with a net worth of at least one hundred million dollars ($100,000,000).

(2) As used in this section, "qualified depository" means an entity which is located in this state or a reciprocal state and is (A) a depository that provides for the long-term immobilization of securities or a clearing corporation that is also a depository, and which in either case has been approved by or registered with the Securities and Exchange Commission, (B) a Federal Reserve bank, or (C) an entity approved by the commissioner as a qualified depository. A "qualified depository" may also include an entity which is located outside the United States, which entity shall be a securities depository and clearing agency, incorporated or organized under the laws of a country other than the United States, which operates a transnational system for securities or equivalent book entries (specifically Euroclear and Cedel, or successors to all or substantially all of their operations).

(3) As used in this section, "qualified subcustodian" means an entity located in this state or a reciprocal state (A) which holds securities of the domestic insurer, and maintains an account through which the securities are held, in this state or a reciprocal state and (B) which has a net worth of at least one hundred million dollars ($100,000,000) or is able to demonstrate to the satisfaction of the commissioner that it is financially secure. The qualified subcustodian shall be: (A) a commercial bank, a savings and loan association, or a trust company (other than trust departments of title insurance companies); (B) a subsidiary of a qualified custodian; or (C) any entity approved by the commissioner as a qualified subcustodian. The commissioner may consider, among other factors, evidence of

the following in order to determine whether a subcustodian is financially secure for the purpose of this subdivision: (i) its obligations are guaranteed by its parent company, (ii) its parent holding company has a net worth of at least one hundred million dollars ($100,000,000), or (iii) it is a member of a holding company system with a net worth of at least one hundred million dollars ($100,000,000). A "qualified subcustodian" may also include an entity which is located outside the United States, which is used by the domestic insurer for the purpose of obtaining access to a qualified depository located outside the United States. The qualified foreign subcustodian shall have a net worth of at least one hundred million dollars ($100,000,000) or is able to demonstrate to the satisfaction of the commissioner that it is financially secure, and shall be: (A) a banking institution or trust company, incorporated or organized under the laws of a country other than the United States, that is regulated by that country's government or an agency thereof, and that has shareholders' equity in excess of two hundred million dollars ($200,000,000), whether in United States dollars or the equivalent of United States dollars, as of the close of its most recently completed fiscal year; (B) a majority-owned direct or indirect subsidiary of a qualified United States bank or bank holding company, which subsidiary is incorporated or organized under the laws of a country other than the United States and has shareholders' equity in excess of one hundred million dollars ($100,000,000), whether in United States dollars or the equivalent of United States dollars, as of the close of its most recently completed fiscal year.

(4) As used in this section, "subsidiary" means: (A) an entity all of whose voting securities (other than director qualifying shares, if any) are owned, directly or indirectly, by a qualified custodian; or (B) any affiliated entity approved by the commissioner as a subsidiary of a qualified custodian. For the purpose of this section, an affiliated entity means an entity that (A) controls or is controlled, either directly or indirectly or through one or more intermediaries by a qualified custodian or (B) is under the common control, directly or indirectly, as or with a qualified custodian.

(5) As used in this section, "entity approved by the commissioner as a qualified custodian," "entity approved by the commissioner as a qualified depository," "entity approved by the commissioner as a qualified subcustodian," and "entity approved by the commissioner as a subsidiary of a qualified custodian" mean those entities which meet the conditions or standards established by the commissioner. The commissioner shall charge and collect in advance a one-time fee of one thousand five hundred dollars ($1,500) to review an application for approval of any entity pursuant to this section.

(6) As used in this section, "reciprocal state" has the same meaning as in subdivision (f) of Section 1064.1.

(7) As used in this section, "moneys" means cash held incidental to securities transactions occurring in the ordinary course of business with respect to securities held pursuant to the custodial agreements

under this section.

(8) (A) Except as provided in subparagraph (B), as used in this section, "insurer," "domestic insurer," and "domestic admitted insurer" mean any insurer, other than a domestic life insurer, which is incorporated or which has its principal place of business in this state. Except as provided in subparagraph (B), no portion of this section shall apply to domestic life insurers, nor shall this section affect the interpretation of any other portion of this code with respect to domestic life insurers, nor is it intended to create a precedent for the application of its provisions to those insurers. However, the exclusion of domestic life insurers from this section shall not be construed to diminish the commissioner's existing authority over those insurers under any other provision of this code.

(B) Domestic life insurers which are wholly owned by any insurer other than a domestic life insurer or are part of an insurance holding company system whose other insurer affiliates are not domestic life insurers may elect to be subject to this section by affirmatively stating that election in the statement otherwise required to be filed by that system pursuant to Section 1215.4.

(b) Notwithstanding Section 1104.1, a domestic admitted insurer may maintain its securities and moneys in a reciprocal state, subject to the requirements of this section, through a custodian account located in California in or with a qualified custodian, and that qualified custodian may maintain those securities or moneys in a qualified depository or qualified subcustodian, either or both of which may be located in a reciprocal state. In addition, a domestic insurer which has foreign investments or any other investments which require delivery outside of the United States upon sale or maturity that qualify under Section 1240, 1241, 10506, or any other provision of this code may maintain those securities or moneys in or with a qualified depository located in a jurisdiction outside the United States. However, the aggregate amount of general account investments so deposited shall not exceed the lesser of 5 percent of the total admitted assets of the insurer or 25 percent of the excess of admitted assets over the sum of paid up capital, liabilities, and surplus required by Section 700.02. The percentage or dollar value of admitted assets and paid up capital and liabilities shall be determined by the insurer's last preceding annual statement of conditions and affairs made as of the preceding December 31 which has been filed with the commissioner pursuant to law. No broker or agent, as defined in the Federal Securities Exchange Act of 1934 (15 U.S.C.A. Sec. 78c et seq.), may serve as a qualified custodian, qualified subcustodian, or qualified depository under this section. However, no otherwise qualified custodian or subcustodian shall be disqualified on account of its activities as a broker or dealer, as so defined, when the activities are incidental to its custodial or other business.

(c) No securities shall be deposited in or with a qualified custodian, qualified depository, or qualified subcustodian except as authorized by an agreement between the insurer and the qualified

custodian, which agreement is satisfactory to and has been approved by the commissioner. The agreement shall require that the securities be held by the qualified custodian for the benefit of the insurer and that the books and records of the qualified custodian shall so designate. The agreement shall further require that beneficial title to the securities shall remain in the insurer and shall require that the qualified subcustodian and qualified depository be the agents of the qualified custodian. The agreement shall also specifically require that the qualified custodian shall exercise the standard of care of a professional custodian engaged in the banking or trust company industry and having professional expertise in financial and securities processing transactions and custody would observe in these affairs. This section shall not affect the burden of proof under applicable law with respect to the assertion of liability in any claim, action, or dispute alleging any breach of, or failure to observe, that standard of care.

(d) No agreement between the qualified custodian and the insurer shall be approved by the commissioner unless the qualified custodian agrees therein to comply with this section. Except when the agreement is submitted in conjunction with an application for an original certificate of authority or variable contract qualification, a fee of five hundred dollars ($500) shall be paid to the commissioner at the time of filing the agreement for approval. However, no fee shall be required if the form of the agreement has been previously submitted for approval and approved by the commissioner as certified by the insurer and qualified custodian submitting the agreement to the commissioner. The agreement shall be deemed approved unless, within 60 days after receipt by the commissioner of that agreement and any required filing fee, the commissioner has disapproved the agreement in writing citing specific reasons for disapproval.

(e) Notwithstanding the maintenance of securities with an out-of-state qualified depository or qualified subcustodian pursuant to agreement, if the commissioner has reasonable cause to believe that the domestic insurer (1) is conducting its business and affairs in such a manner as to threaten to render it insolvent, or (2) is in a hazardous condition or is conducting its business and affairs in a manner which is hazardous to its policyholders, creditors, or the public, or (3) has committed or is committing or has engaged or is engaging in any act which would constitute grounds for rendering it subject to conservation or liquidation proceedings, or if the commissioner determines that irreparable loss and injury to the property and business of the domestic insurer has occurred or may occur unless the commissioner acts immediately, then the commissioner may, without hearing, order the insurer and the qualified custodian promptly to effect the transfer of the securities back to a qualified custodian, qualified subcustodian, or qualified depository located in this state from any qualified depository or qualified subcustodian located outside of this state (the transfer

order). Upon receipt of the transfer order, the qualified custodian shall promptly effect the return of the securities. Notwithstanding the pendency of any hearing or action provided for in subdivision (f), the transfer order shall be complied with by those persons subject to that order. Any challenge to the validity of the transfer order shall be made in accordance with subdivision (f). It shall be the responsibility of both the insurer and the qualified custodian to oversee that compliance with the transfer order is completed as expeditiously as possible. Upon receipt of a transfer order, there shall be no trading of the securities without specific instructions from the commissioner until the securities are received in this state, except to the extent trading transactions are in process on the day the transfer order is received by the insurer and the failure to complete the trade may result in loss to the insurer's account. Issuance of a transfer order shall not affect the qualified custodian's liabilities with regard to the securities which are the subject of the order.

(f) At the same time the transfer order is served, the commissioner shall issue and also serve upon the insurer a notice of hearing to be held at a time and place fixed therein which shall not be less than 20 nor more than 45 days after the service thereof. Upon request of the insurer and agreement of the department, the hearing may be held within a shorter time but in no event less than 10 days after the service of the notice of hearing. The transfer order and notice of hearing may be served by certified mail, express mail, messenger, telegram, or any other means calculated to give prompt actual notice to (1) the California office of the insurer designated in the agreement, its home office as shown on its most recently filed annual or quarterly statement, or its California agent for service of process; and (2) the California office of the qualified custodian designated in the agreement. If, as a result of the hearing, any of the statements as to conduct, conditions, or grounds for the transfer order are found to be true, or if other conditions or grounds are discovered or become known at the hearing and are found to be true, the commissioner shall affirm the transfer order and may make additional order or orders, pertaining to the transfer order, as may be reasonably necessary.

The insurer subject to the transfer order, shall be entitled to judicial review in the state of the commissioner's order issued as a result of the hearing.

Alternatively, at any time prior to the commencement of the hearing on the transfer order, the insurer may waive the hearing and have judicial review in this state of the transfer order by petition for writ of mandate and declaratory relief without first exhausting administrative remedies or procedures. In that event the insurer shall not be entitled to any extraordinary remedies prior to trial.

No person other than the insurer shall have standing at the hearing by the commissioner or for any judicial review of the transfer order.

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within the limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. Any of these agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom

the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation or renewal of the policy or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis. Nothing in this section shall require that uninsured motorist coverage be offered or provided in any homeowner policy, personal and residents' liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any other policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(2) The agreement specified in paragraph (1) to delete the provision covering damage caused by an uninsured motor vehicle completely or delete the coverage when a motor vehicle is operated by a natural person or persons designated by name shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to delete the coverage completely or to delete the coverage when a motor vehicle is operated by a natural person or persons designated by name. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, which the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall relieve the insurer of liability under this section while the agreement remains in effect.

(3) The agreement specified in paragraph (1) to provide coverage in an amount less than that required by subdivision (m) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance

policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to agree to provide the coverage in an amount less then that required by subdivision (m) of Section 11580.2 of the Insurance Code but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, which the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with this paragraph. However, it shall be presumed that an application for a policy of bodily injury liability insurance containing uninsured motorist coverage in an amount less than that required by subdivision (m), signed by the named insured and approved by the insurer, with a policy effective date after January 1, 1985, shall be a valid agreement as to the amount of uninsured motorist coverage to be provided.

(b) As used in subdivision (a), "bodily injury" includes sickness or disease, including death, resulting therefrom; "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in subdivision (a); as used in subdivision (a) if the named insured is an individual "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; as used in subdivision (a), if the named insured is an entity other than an individual, "insured" means any person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply. As used in this subdivision, "individual" shall not include persons doing business as corporations, partnerships, or associations. As used in this subdivision "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any

other automobile not owned by or furnished for the regular use of the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is the applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or an "underinsured motor vehicle" as defined in subdivision (p), or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown.

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf has reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or to the local headquarters of the California Highway Patrol, and has filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, "uninsured motor vehicle" shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Financial Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer while located for use as a residence or premises and not as a vehicle, or any equipment or vehicle designed or modified for use primarily off public roads, except while actually upon public roads.

As used in this section, "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring

during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

Nothing in this section is intended to exclude from the definition of an uninsured motor vehicle any motorcycle or private passenger type four wheel drive motor vehicle if that vehicle was subject to and failed to comply with the Financial Responsibility Law of this state.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured or leased to an insured under a written contract for a period of six months or longer, unless the occupied vehicle is an insured motor vehicle. "Motor vehicle" as used in this paragraph means any self-propelled vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(8) To bodily injury of the insured while occupying a motor vehicle rented or leased to the insured for public or livery purposes.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and the damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of the limits.

(e) The policy or endorsement added thereto may provide that if

the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue therein for purposes of issuance of a subpoena by an attorney of a party to the arbitration under Section 1985 of the Code of Civil Procedure. Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any proper court to which application is first made by either the insured or the insurer under Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Article 3 with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) Paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure is not applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section limits the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the injury or death to the extent that payment was made. The action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to the insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any

other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part, including any amounts tendered to the insured as advance payment on behalf of the other person by the insurer providing the underlying liability insurance.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless one of the following actions have been taken within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction.

(2) Agreement as to the amount due under the policy has been concluded.

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and the claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to

or death of two or more persons in any one accident.

(n) Underinsured motorist coverage shall be offered with limits equal to the limits of liability for the insured's uninsured motorist limits in the underlying policy, and may be offered with limits in excess of the uninsured motorist coverage. For the purposes of this section, uninsured and underinsured motorist coverage shall be offered as a single coverage. However, an insurer may offer coverage for damages for bodily injury or wrongful death from the owner or operator of an underinsured motor vehicle at greater limits than an uninsured motor vehicle.

(o) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, and not later than 20 days after the request. If the insured fails to comply with the requirements of this subdivision, the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

(p) This subdivision applies only when bodily injury, as defined in subdivision (b), is caused by an underinsured motor vehicle. If the provisions of this subdivision conflict with subdivisions (a) through (o), the provisions of this subdivision shall prevail.

(1) As used in this subdivision, "an insured motor vehicle" is one that is insured under a motor vehicle liability policy, or automobile liability insurance policy, self-insured, or for which a cash deposit or bond has been posted to satisfy a financial responsibility law.

(2) "Underinsured motor vehicle" means a motor vehicle that is an insured motor vehicle but insured for an amount that is less than the uninsured motorist limits carried on the motor vehicle of the injured person.

(3) This coverage does not apply to any bodily injury until the limits of bodily injury liability policies applicable to all insured motor vehicles causing the injury have been exhausted by payment of judgments or settlements, and proof of the payment is submitted to the insurer providing the underinsured motorist coverage.

(4) When bodily injury is caused by one or more motor vehicles, whether insured, underinsured, or uninsured, the maximum liability of the insurer providing the underinsured motorist coverage shall

not exceed the insured's underinsured motorist coverage limits, less the amount paid to the insured by or for any person or organization that may be held legally liable for the injury.

(5) The insurer paying a claim under this subdivision shall, to the extent of the payment, be entitled to reimbursement or credit in the amount received by the insured from the owner or operator of the underinsured motor vehicle or the insurer of the owner or operator.

(6) If the insured brings an action against the owner or operator of an underinsured motor vehicle, he or she shall forthwith give to the insurer providing the underinsured motorist coverage a copy of the complaint by personal service or certified mail. All pleadings and depositions shall be made available for copying or copies furnished the insurer, at the insurer's expense, within a reasonable time.

(7) Underinsured motorist coverage shall be included in all policies of bodily injury liability insurance providing uninsured motorist coverage issued or renewed on or after July 1, 1985. Notwithstanding this section, an agreement to delete uninsured motorist coverage completely, or with respect to a person or persons designated by name, executed prior to July 1, 1985, shall remain in full force and effect.

(q) Regardless of the number of vehicles involved whether insured or not, persons covered, claims made, premiums paid or the number of premiums shown on the policy, in no event shall the limit of liability for two or more motor vehicles or two or more policies be added together, combined, or stacked to determine the limit of insurance coverage available to injured persons.

Nothing in this section shall be construed to authorize mandatory testing or disclosure of test results for the purpose of a charging decision by a prosecutor, nor, except as specified in subdivisions (g) and (i), shall this section be construed to authorize breach of the confidentiality provisions contained in Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code.

(b) (1) Notwithstanding the provisions of Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime, or a minor is the subject of a petition filed in juvenile court alleging commission of a crime, the court, at the request of the victim, may issue a search warrant for the purpose of testing the accused's blood with any HIV test, as defined in Section 26 of the Health and Safety Code only under the following circumstances: When the court finds, upon the conclusion of the hearing described in paragraph (2), or in those cases in which a preliminary hearing is not required to be held, the court also finds that there is probable cause to believe that the accused committed the offense, and that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim.

(2) Prior to the issuance of a search warrant pursuant to paragraph (1), the court, where applicable and at the conclusion of the preliminary examination if the defendant is ordered to answer pursuant to Section 872, shall conduct a hearing at which both the victim and the defendant have the right to be present. During the hearing only affidavits, counter affidavits, and medical reports regarding the facts which support or rebut the issuance of a search warrant under paragraph (1) shall be admissible.

(c) (1) In all cases in which the person has been charged by complaint, information, or indictment with a crime, or is the subject of a petition filed in a juvenile court alleging the commission of a crime, the prosecutor shall advise the victim of his or her right to make this request. To assist the victim of the crime to determine

whether he or she should make this request, the prosecutor shall refer the victim to the local health officer for prerequest counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at risk of transmission of HIV from the accused, to ensure that the victim understands both the benefits and limitations of the current tests for HIV, to help the victim decide whether he or she wants to request that the accused be tested, and to help the victim decide whether he or she wants to be tested.

(2) The Department of Justice, in cooperation with the California District Attorneys Association, shall prepare a form to be used in providing victims with the notice required by paragraph (1).

(d) If the victim decides to request HIV testing of the accused, the victim shall request the issuance of a search warrant, as described in subdivision (b).

Neither the failure of a prosecutor to refer or advise the victim as provided in this subdivision, nor the failure or refusal by the victim to seek or obtain counseling, shall be considered by the court in ruling on the victim's request.

(e) The local health officer shall make provision for administering all HIV tests ordered pursuant to subdivision (b).

(f) Any blood tested pursuant to subdivision (b) shall be subjected to appropriate confirmatory tests to ensure accuracy of the first test results, and under no circumstances shall test results be transmitted to the victim or the accused unless any initially reactive test result has been confirmed by appropriate confirmatory tests for positive reactors.

(g) The local health officer shall have the responsibility for disclosing test results to the victim who requested the test and to the accused who was tested. However, no positive test results shall be disclosed to the victim or to the accused without also providing or offering professional counseling appropriate to the circumstances.

(h) The local health officer and victim shall comply with all laws and policies relating to medical confidentiality subject to the disclosure authorized by subdivisions (g) and (i).

(i) Any victim who receives information from the health officer pursuant to subdivision (g) may disclose the test results as the victim deems necessary to protect his or her health and safety or the health and safety of his or her family or sexual partner.

(j) Any person transmitting test results or disclosing information pursuant to this section shall be immune from civil liability for any actions taken in compliance with this section.

(k) The results of any blood tested pursuant to subdivision (b) shall not be used in any criminal proceeding as evidence of either guilt or innocence.

3417. (a) Subject to reasonable rules and regulations adopted pursuant to Section 3414, the Department of Corrections shall admit to the program any applicant whose child was born prior to the

receipt of the inmate by the department, if all of the following requirements are met:

(1) The applicant has a probable release or parole date with a maximum time to be served of six years, calculated after deduction of any possible good time credit.

(2) The applicant was the primary caretaker of the infant prior to incarceration. "Primary caretaker" as used in this chapter means a parent who has consistently assumed responsibility for the housing, health, and safety of the child prior to incarceration. A parent who, in the best interests of the child, has arranged for temporary care for the child in the home of a relative or other responsible adult shall not for that reason be excluded from the category, "primary caretaker."

(3) The applicant had not been found to be an unfit parent in any court proceeding. An inmate applicant shall not be denied the opportunity to participate in the program based in whole or in part on a determination that she is an unfit mother unless that decision is made pursuant to Section 232 of the Civil Code, Section 2625, or Section 300 of the Welfare and Institutions Code.

(b) The Department of Corrections shall deny placement in the community treatment program if it determines that an inmate would pose an unreasonable risk to the public, or if any one of the following factors exist, except in unusual circumstances or if mitigating circumstances exist, including, but not limited to, the remoteness in time of the commission of the offense:

(1) The inmate has been convicted of any of the following:

(A) A sex offense listed in Section 667.6.

(B) A sex offense requiring registration pursuant to Section 290.

(C) A violent offense listed in subdivision (c) of Section 667.5.

(D) Arson as defined in Sections 450 to 455, inclusive.

(E) The unlawful sale or possession for sale, manufacture, or transportation of controlled substances as defined in Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code, if large scale for profit as defined by the department.

(2) There is probability the inmate may abscond from the program as evidenced by any of the following:

(A) A conviction of escape, of aiding another person to escape, or of an attempt to escape from a jail or prison.

(B) The presence of an active detainer from a law enforcement agency, unless the detainer is based solely upon warrants issued for failure to appear on misdemeanor Vehicle Code violations.

(3) It is probable the inmate's conduct in a community facility will be adverse to herself or other participants in the program, as determined by the Director of Corrections or as evidenced by any of the following:

(A) The inmate's removal from a community program which resulted from violation of state laws, rules, or regulations governing Department of Corrections inmates.

(B) A finding of the inmate's guilt of a serious rule violation, as defined by the Director of Corrections, which resulted in a credit loss

on one occasion of 91 or more days or in a credit loss on more than one occasion of 31 days or more and the credit has not been restored.

(C) A current written opinion of a staff physician or psychiatrist that the inmate's medical or psychiatric condition is likely to cause an adverse effect upon the inmate or upon other persons if the inmate is placed in the program.

(c) Nothing in this section shall be interpreted to limit the discretion of the Director of Corrections to deny or approve placement when subdivision (b) does not apply.

(d) The Department of Corrections shall determine if the applicant meets the requirements of this section within 30 days of the parent's application to the program. The department shall establish an appeal procedure for the applicant to appeal an adverse decision by the department.

(e) The department may, in its discretion, admit a pregnant inmate to the program prior to the birth of the child if it determines that the admission would otherwise comply with this chapter, and there is space available.

However, the waiver shall not exceed two years from the date of the commencement of employment. The requirements of subdivision (a) may be waived for a person recruited for employment from outside this state and who possesses experience sufficient to qualify for admission to a licensing examination on the date of his or her employment for a period of one year from the date of his or her employment.

The form shall be directed to the chief medical officer, as defined in subdivision (c), who serves the applicable law enforcement agency. Utilizing this form the law enforcement employee may request an HIV test of the person who is the subject of the report. The forms may be combined with regular incident reports or other forms used by the correctional institution or law enforcement agency.

(b) The report required by subdivision (a) shall be submitted by the end of the law enforcement employee's shift during which the incident occurred, or if not practicable, as soon as possible, but no longer than two days after the incident, except that the chief medical officer may waive this filing period requirement if he or she finds that good cause exists. The report shall include names of witnesses to the incident, names of persons involved in the incident, and if feasible, any written statements from these parties. The law enforcement employee shall assist in the investigation of the incident, as requested by the chief medical officer.

(d) The failure of any court, public guardian, public officer, or public agency, or any employee or agent thereof, to provide information to a conservator as required by this section shall not operate to (1) relieve the conservator of any of his or her duties as required by this part, or (2) make the court, public guardian, public officer, or public agency, or the employee or agent thereof, liable, in either a personal or official capacity, for any damage to a conservatee, conservator, the conservatorship of a person or an estate, or any other person or entity.

The information package shall be made available to individual counties. The Judicial Council shall periodically update the information package when changes in the law warrant revision. The revisions shall be provided to individual counties.

SEC. 126. Article 3 (commencing with Section 560) of Chapter 1 of Division 1 of the Public Resources Code, as added by Chapter 1198 of the Statutes of 1980, is repealed. Division 3 of the Harbors and Navigation Code, or the rules and regulations of the Department of Boating and Waterways, proof by the people of the State of California that the vehicle or vessel described in the complaint was parked or placed in violation of any provision of these statutes or rules and regulations together with proof that the defendant named in the complaint was, at the time of the parking or placing, the registered owner of the vehicle or vessel, shall constitute prima facie evidence that the registered owner of the vehicle or vessel was the person who parked or placed the vehicle or vessel at the point where, and for the time during which, the violation occurred, but the proof that a person is the registered owner of a vehicle or vessel is not prima facie evidence that the person has violated any other provision of law. The above provisions shall apply only when there has been compliance with the procedure required by Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. Proof of a written lease of, or rental agreement for, a particular vehicle or vessel described in the complaint, on the date and time of the violation, which lease or rental agreement includes the name and address of the person to whom the vehicle or vessel is leased or rented, shall rebut the prima facie evidence that the registered owner was the person who parked or placed the vehicle at the time and place where the violation occurred.

Any charge under this section shall be dismissed when the person charged has made a bona fide sale or transfer of the vehicle or vessel and has delivered possession thereof to the purchaser and has complied with the requirements of subdivision (a) or (b) of Section 5602 of the Vehicle Code or with Section 710 of the Harbors and Navigation Code prior to the date of the alleged violation and has advised the court of the name and address of the purchaser.

14580. (a) The department shall deposit all amounts paid as redemption values by distributors pursuant to Section 14574, processing fees paid pursuant to Section 14575, civil penalties or fines paid pursuant to Section 14541 or subdivision (c) of Section 14591, and all other revenues received into the California Beverage Container Recycling Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the moneys in the California Beverage Container Recycling Fund

are hereby continuously appropriated to the department for expenditure without regard to fiscal years for all of the following purposes:

(1) The payment of redemption values to processors pursuant to Section 14573.

(2) Except as provided in subdivision (b), for costs necessary to the administration of this division.

(3) For a reserve for contingencies in an amount not greater than an amount equal to one-fourth of the total amount paid to processors pursuant to Section 14573 during the preceding calendar year, plus any interest earned on that amount.

(b) The moneys in the fund may be expended by the department for the administration of this division only upon appropriation by the Legislature in the annual Budget Act.

(c) After all of the expenditures pursuant to subdivisions (a) and (b) have been made, the balance remaining in the fund shall be deposited in the Redemption Bonus Account, which is hereby created as a subaccount in the California Beverage Container Recycling Fund. Notwithstanding Section 13340 of the Government Code, the moneys in the Redemption Bonus Account are hereby continuously appropriated to the department, without regard to fiscal years, for the purposes specified in Section 14581.

SEC. 130. Section 460.5 of the Public Utilities Code, as added by Chapter 794 of the Statutes of 1988, is amended and renumbered to read:

460.3. (a) The commission shall prohibit any passenger stage corporation from charging any fare to, or imposing any other charge on, any physically disabled or handicapped passenger which is more than the fare or charge imposed on a passenger who is not physically disabled or handicapped for the same transportation or service, and shall approve no schedule of fares or charges which is discriminatory under this section.

(b) Any special provision made by a passenger stage corporation for assisting a physically disabled or handicapped person in using its transportation service is, for purposes of subdivision (a), a part of the same transportation or service offered to passengers who are not physically disabled or handicapped, and is not a separate service for which an additional charge may be made. Nothing in this section, however, requires a passenger stage corporation to furnish any equipment or assistance for a physically disabled or handicapped person different from or in addition to that which may be required under any other law.

SEC. 131. Section 777.1 of the Public Utilities Code is amended to read:

777.1. (a) Whenever an electrical, gas, heat, or water corporation furnishes residential service to residential occupants through a master meter in a multiunit residential structure, mobilehome park, or permanent residential structures in a labor camp, as defined in Section 17008 of the Health and Safety Code,

where the owner, manager, or operator is listed by the corporation as the customer of record, the corporation shall make every good faith effort to inform the residential occupants, by means of a written notice posted on the door of each residential unit at least 15 days prior to termination, when the account is in arrears, that service will be terminated on a date specified in the notice. If it is not reasonable or practicable to post the notice on the door of each residential unit, the corporation shall post two copies of the notice in each accessible common area and at each point of access to the structure or structures. The notice shall further inform the residential occupants that they have the right to become customers, to whom the service will then be billed, without being required to pay any amount which may be due on the delinquent account. The notice also shall specify, in plain language, what the residential occupants are required to do in order to prevent the termination or reestablish service; the estimated monthly cost of service; the title, address, and telephone number of a representative of the corporation who can assist the residential occupants in continuing service; and the address and telephone number of a legal services project, as defined in Section 6213 of the Business and Professions Code, which has been recommended by the local county bar association. The notice shall be in English and, to the extent practical, in any other language that the corporation determines is the primary language spoken by a significant number of the residential occupants.

(b) The corporation is not required to make service available to the residential occupants unless each residential occupant or a representative of the residential occupants agrees to the terms and conditions of service and meets the requirements of law and the corporation's rules and tariffs. However, if one or more of the residential occupants or the representative of the residential occupants are willing and able to assume responsibility for subsequent charges to the account to the satisfaction of the corporation, or if there is a physical means, legally available to the corporation, of selectively terminating service to those residential occupants who have not met the requirements of the corporation's rules and tariffs or for whom the representative of the residential occupants is not responsible, the corporation shall make service available to those residential occupants who have met those requirements or on whose behalf those requirements have been met.

(c) Where prior service for a period of time or other demonstration of credit worthiness is a condition for establishing credit with the corporation, residence and proof of prompt payment of rent or other credit obligation during that period of time acceptable to the corporation is a satisfactory equivalent.

(d) Any residential occupant who becomes a customer of the corporation pursuant to this section whose periodic payments, such as rental payments, include charges for residential electrical, gas, heat, or water service, where those charges are not separately stated, may deduct from the periodic payment each payment period all

reasonable charges paid to the corporation for those services during the preceding payment period.

(e) Whenever a corporation furnishes residential service subject to subdivision (a), the corporation may not terminate that service in any of the following situations:

(1) During the pendency of an investigation by the corporation of a customer dispute or complaint.

(2) When the customer has been granted an extension of the period for payment of a bill.

(3) For an indebtedness owed by the customer to any other person or corporation or when the obligation represented by the delinquent account or other indebtedness was incurred with a person or corporation other than the electrical, gas, heat, or water corporation demanding payment therefor.

(4) When a delinquent account relates to another property owned, managed, or operated by the customer.

(5) When a public health or building officer certifies that termination would result in a significant threat to the health or safety of the residential occupants or the public

(f) Notwithstanding any other provision of law, and in addition to any other remedy provided by law, if the owner, manager, or operator, by any act or omission, directs, permits, or fails to prevent a termination of service while any residential unit receiving that service is occupied, the residential occupant or the representative of the residential occupants may commence an action for the recovery of all of the following:

(1) Reasonable costs and expenses incurred by the residential occupant or the representative of the residential occupants related to restoration of service.

(2) Actual damages related to the termination of service.

(3) Reasonable attorney's fees of the residential occupants, the representative of the residential occupants, or each of them, incurred in the enforcement of this section, including, but not limited to, enforcement of a lien.

(g) Notwithstanding any other provision of law, and in addition to any other remedy provided by law, if the owner, manager, or operator, by any act or omission, directs, permits, or fails to prevent a termination of service while any residential unit receiving that service is occupied, the corporation may commence an action for the recovery of all of the following:

(1) Delinquent charges accruing prior to the expiration of the notice prescribed by subdivision (a).

(2) Reasonable costs incurred by the corporation related to the restoration of service.

(3) Reasonable attorney's fees of the corporation incurred in the enforcement of this section or in the collection of delinquent charges, including, but not limited to, enforcement of a lien.

If the court finds that the owner, manager, or operator has paid the amount in arrears prior to termination, the court shall allow no

recovery of any charges, costs, damages, expenses, or fees under this subdivision from the owner, manager, or operator.

An abstract of any money judgment entered pursuant to subdivision (f) or (g) shall be recorded pursuant to Section 697.310 of the Code of Civil Procedure.

(h) No termination of service subject to this section may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge to the residential occupants or customer for the restoration of the service. In the event of a wrongful termination by the corporation, the corporation shall, in addition, be liable to the residential occupants or customer for actual damages resulting from the termination and for the costs of enforcement of this section, including, but not limited to, reasonable attorney's fees, if the residential occupants or the representative of the residential occupants made a good faith effort to have the service continued without interruption.

(i) The commission shall adopt rules and orders necessary to implement this section and shall liberally construe this section to accomplish its purpose of ensuring that service to residential occupants is not terminated due to nonpayment by the customer unless the corporation has made every reasonable effort to continue service to the residential occupants. The rules and orders shall include, but are not limited to, reasonable penalties for a violation of this section, guidelines for assistance to residents in the enforcement of this section, and requirements for the notice prescribed by subdivision (a), including, but not limited to, clear wording, large and boldface type, and comprehensive instructions to ensure full notice to the resident.

(j) Nothing in this section broadens or restricts any authority of a local agency that existed prior to January 1, 1989, to adopt an ordinance protecting a residential occupant from the involuntary termination of residential public utility service.

(k) This section preempts any statute or ordinance permitting punitive damages against any owner, manager, or operator on account of an involuntary termination of residential public utility service or permitting the recovery of costs associated with the formation, maintenance, and termination of a tenant's association.

(*l*) For purposes of this section, "representative of the residential occupants" does not include a tenants' association.

SEC. 132. Section 1405.1 of the Public Utilities Code is amended to read:

1405.1. With respect to water corporations and water companies, the following procedures shall apply:

(a) Upon the filing of the petition, the commission shall make its order to show cause. The order shall specify the nature of the proceeding, contain a general description of the lands, property, and rights which petitioner desires to acquire by condemnation or otherwise, and direct the owners and claimants named in the petition, who shall also be named in the order, to appear before the

commission at a time and place specified in the order and to show cause, if any they have, why the commission should not proceed to hear the petition and to fix the just compensation to be paid for the lands, property, and rights.

The order shall direct the executive director of the commission to serve or cause to be served upon each owner and claimant a copy of the order certified under the seal of the commission to which shall be attached a copy of the petition.

(b) In response to the order to show cause, in response to a petition of the first class, as specified in Section 1403, the respondent public utility, or the owners of more than one-half interest in the public utility, may present the commission with a certified copy of a filed motion to the superior court where the utility property is located to take jurisdiction of the matter. When presented the motion before, or at the time of, the hearing on the order to show cause, the commission shall dismiss the proceeding. The superior court shall then grant the motion to take jurisdiction of the matter. The political subdivision may then file, within 60 days of the court's granting the motion, an action in eminent domain pursuant to the Code of Civil Procedure and any further proceedings shall be conducted pursuant to those provisions.

(c) All proceedings held pursuant to either subdivision (b) or (d) shall be given priority over all civil cases in accordance with Section 1260.010 of the Code of Civil Procedure.

(d) In response to an order to show cause in response to a petition of the second class, as specified in Section 1403, and upon presentation of the motion specified in subdivision (b), the commission shall suspend the proceeding, but shall not dismiss the proceeding. The superior court shall then grant the motion to take limited jurisdiction of the matter solely for the purpose of determining the amount of just compensation. The political subdivision may then file, within 30 days, an action in the nature of eminent domain, solely for the purpose of determining, pursuant to the Evidence Code and the Code of Civil Procedure, the just compensation to be paid for the land, property, and rights. Upon a determination of just compensation, the court shall certify the finding to the commission. The finding shall not be appealable, and the court shall be acting as an agent of the commission in making the finding. The finding shall be binding on the commission as if it had been made by the commission itself pursuant to Section 1411. The commission shall then continue the matter pursuant to this chapter.

(e) If the respondent public utility, or the owners of more than one-half interest in the public utility, in the case of a petition of either the first or second class, files a motion to remove the matter from the commission to superior court pursuant to this section, the commission and the court shall not make an award of any litigation expenses incurred prior to the commission's dismissal or suspension of the matter.

(f) Notwithstanding any other provision of law, the date of

valuation for purposes of just compensation shall be fixed by the superior court as of the day on which the court grants the motion filed by the public utility pursuant to subdivision (b) or (d).

(g) A political subdivision is liable only as provided in Sections 1414 and 1415 for payment of the reasonable expenditures of the owner in any proceeding initiated pursuant to subdivision (d). For purposes of this subdivision, the proceeding before the commission, as used in Section 1415, includes any proceedings conducted pursuant to subdivision (d).

(h) The amendments made to this section by Assembly Bill 616 during the 1987 portion of the 1987–88 Regular Session of the Legislature shall not apply to or affect any petition filed pursuant to this section before January 1, 1988.

SEC. 133. Section 2117 of the Public Utilities Code, as added by Chapter 472 of the Statutes of 1988, is amended and renumbered to read:

2119. SEC. 151. Section 1264 of the Unemployment Insurance Code is amended to read:

1264. (a) Unemployment compensation benefits, extended duration benefits, and federal-state extended benefits shall not be payable on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was permanently residing in the United States under color of law at the time the services were performed, including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act.

(b) Any data or information required of individuals applying for

benefits specified by subdivision (a) to determine whether these benefits are not payable to them because of their alien status shall be uniformly required from all applicants for these benefits.

(c) In the case of an individual whose application for benefits specified by subdivision (a) would otherwise be approved, no determination by the department, an administrative law judge, or the appeals board that these benefits to the individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence.

(d) If an alien presents evidence that the Immigration and Naturalization Service has granted the alien employment authorization as a result of the alien's application for temporary residence status under the federal Immigration Reform and Control Act of 1986 (Public Law 99-603), pending a final determination on this application the department shall not do either of the following:

(1) Commence or continue to pursue any administrative or judicial action to collect benefits where there has been a final determination that these benefits have been overpaid or chargeable to the alien, because of the alien's immigration status at the time he or she performed the services compensated by his or her base period wages.

(2) Determine that the alien was overpaid benefits in the current benefit year or in any prior benefit year, if the basis for the determination is the assumption that because the alien is an applicant for temporary resident status he or she was not, while performing the services compensated by base period wages, lawfully admitted for permanent residence, lawfully present for purposes of performing the services that were compensated by his or her base period wages, or permanently residing in the United States under color of law.

(e) If the Immigration and Naturalization Service grants the application and adjusts the alien's status to that of lawful temporary resident, the department shall not take any action described in paragraph (1) of subdivision (d) or make any determination described in paragraph (2) of subdivision (d). If an alien is not in the status of being lawfully admitted for permanent residence, lawfully present for the purpose of performing the services compensated by his or her base period wages, or permanently residing in the United States under color of law, at the time the alien's lawful temporary permanent status terminates, then compensation shall not be payable on the basis of services performed by the alien after the termination.

(f) Nothing in subdivision (d) shall be construed to require the department to do any of the following:

(1) Repay any amounts collected under any present or past action as described in paragraph (1) of subdivision (d).

(2) Redetermine the eligibility for unemployment compensation benefits of any alien who the department originally determined to be ineligible because of the alien's status at the time he or she

performed the services compensated by his or her base period wages and with respect to whom the determination has become final.

(3) Apply subdivision (d) or (e) retroactively.

(g) If the United States Secretary of Labor finds that subdivisions (d) and (e) are not in conformity with the federal Unemployment Tax Act, and effective as of the date that this finding becomes final, subdivisions (d), (e), and (f) shall be inoperative and of no legal force or effect.

(h) Unless subdivisions (d), (e), and (f) have earlier become inoperative and of no legal force or effect pursuant to a finding by the Secretary of Labor under subdivision (g), subdivisions (d), (e), (f), and (g) shall remain in effect only until September 30, 1989, and as of that date shall become inoperative, unless a later enacted statute which is chaptered before September 30, 1989, deletes or extends that date. Notwithstanding this subdivision, however, the department shall not take any action to collect benefits from an individual when the collection against that individual was suspended pursuant to subdivision (e) prior to September 30, 1989.

SEC. 164. Section 11320 of the Welfare and Institutions Code is amended to read:

11320. (a) The Legislature finds and declares that this article is intended to be the employment and training program for the state and is intended to satisfy the registration requirement of Section 602(a) (19) (A) of Title 42 of the United States Code. The Legislature

further declares that this article shall be implemented even if the requirements of the federal Social Security Act are not met.

(b) The Legislature finds and declares that the state and counties recognize all of the following:

(1) Applicants for, and recipients of, aid under this chapter desire to work, and will do so if provided with the opportunity.

(2) The state and counties shall provide applicants for, and recipients of, aid under this chapter with the opportunity to obtain employment by offering a full range of employment training and supportive services, consistent with the needs of participants, that allow for informed choices in order to meet their employment goals.

(3) Able-bodied applicants for, and recipients of, aid under this chapter, are expected to work. The time frames for fulfilling this expectation shall be set forth in an explicit contract between an applicant or recipient and the county.

(4) Applicants for, and recipients of, aid under this chapter who are required to register for employment and training programs pursuant to Section 11310 are "individuals in special need" of training as described in Section 2 of the federal Job Training Partnership Act (29 U.S.C. The Legislature finds and declares that these individuals are in the labor force actively seeking employment.

(5) Because success of any program will depend on the state, it must exercise leadership to engender enthusiasm among counties, county welfare department directors, and county welfare department line staff, who are the principal contacts for many recipients enrolled in the program.

(6) A successful program should also be based upon all the following principles:

(A) Recipients should be able to make choices and to live up to the responsibilities involved in those choices.

(B) Participants should have an early opportunity to obtain a job.

(C) Expenditures should be targeted where they can do the most good.

(D) The state and the counties have a responsibility to provide a sufficient level of services to meet the needs of participants, as well as to undertake sufficient public information efforts to make recipients, potential participants, employers, or other public or private entities aware of the components, opportunities, and benefits of this program.

(E) New programs should be good investments of public funds. Added costs to the system should be incurred only when they are likely to result in long-term personal and community payoff.

(7) Clients should not be placed in any unassigned pool while waiting for a scarce resource.

(8) Most types of employment and training program components

for applicants for, and recipients of, aid under this chapter have been successfully tried in this state.

(9) Aid under this chapter is available to persons who meet eligibility requirements. The program provided for in this article should not hamper continuation of this state's existing system of fraud detection, one of the most successful in the nation.

SEC. 165. Section 14006.1 of the Welfare and Institutions Code is amended to read:

14006.1. (a) The State Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement subdivision (b) of Section 14006. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services in order to implement subdivision (b) of Section 14006 shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

(b) Any provision of Section 14006 that is in conflict with any federal statute or regulation shall be inapplicable to the extent of this conflict, but the provision and the remainder of the provisions shall be unaffected to the extent that no conflict exists.

SEC. 166. Section 16500.5 of the Welfare and Institutions Code is amended to read:

16500.5. (a) (1) The Legislature hereby finds and declares its intent to encourage the continuity of the family unit by:

(A) Providing services to avoid or limit out-of-home placement for children who are dependent children not taken from the physical custody of their parents and guardian pursuant to Section 364, or who are dependent children removed from physical custody of their parents or guardian pursuant to Section 361.

(B) Providing transitional supportive services for those children within the meaning of Sections 361 and 364 when they are returned to the family unit.

(C) Providing counseling and support designed to eradicate the situation that necessitated intervention.

(2) The Legislature finds that maintaining abused and neglected children in foster care grows increasingly costly each year, and that adequate funding for family services which might enable these children to remain in their homes is not as readily available as funding for foster care placement.

(3) The Legislature further finds that other state bodies have addressed this problem through various systems of flexible reimbursement in child welfare programs that provide for more intensive and appropriate services to prevent foster care placement or significantly reduce the length of stay in foster care.

(4) Accordingly, it is the intent of the Legislature in enacting this section to test a system of flexible reimbursement in order to evaluate its potential as an efficient, economical, and effective alternative to out-of-home placement of children.

(b) (1) (A) No more than three participating counties selected by the department, one of which shall be Solano County, on a two-year pilot program basis, may claim, on an annual basis, a portion of the state's share of that county's AFDC-FC expenditures pursuant to subdivision (d) of Section 11450 in advance, provided the county shows that it will conduct a program of family reunification and family maintenance services for families receiving these services pursuant to Sections 300, 361, and 364. For each fiscal year of the two-year pilot program, a participating county may claim in advance an amount equal to 10 percent of the projected state's share of AFDC-FC funds to be expended by that county pursuant to subdivision (d) of Section 11450. The specific amount of funds to be advanced each year shall be determined by projecting the state share of AFDC-FC General Fund expenditures for abused or neglected children supervised and placed by the county welfare department for each of the pilot program years based upon state expenditures for AFDC-FC for the previous five years.

(B) Except as provided in paragraph (2), in the event that in any pilot program year the sum of a participating county's total AFDC-FC General Fund expenditures for their children, added to the amount advanced to the county, exceeds its total projected AFDC-FC General Fund expenditures for their children for that fiscal year, by 5 percent or less, the county shall share in the funding of that overage on a 25 percent county, 75 percent state/federal cost ratio basis. If the county's total AFDC-FC General Fund expenditures, added to the amount advanced to the county exceeds, by more than 5 percent, the total projected AFDC-FC General Fund expenditures for that fiscal year, the county shall fund that portion of the overage in excess of 5 percent on a 100 percent basis. If the sum of a participating county's total AFDC-FC General Fund expenditures for their children, added to the amount advanced to the county, is less than the total projected AFDC-FC General Fund expenditures for their children for that fiscal year, the county shall receive 25 percent of the amount of the savings.

(2) A participating county's share of expenditures in excess of the projected total may be reduced upon approval of the department and the Department of Finance based on consideration of any unanticipated factors which result in higher than projected AFDC-FC expenditures.

(3) The department shall select no more than three representative counties, one of which shall be Solano County, to participate in the pilot program.

(4) Services which may be provided under this program may include counseling, parenting, respite, and homemaking. Additional services may include those enumerated in Sections 16506.1 and

16507.1. The services to be provided pursuant to this section may be determined by each participating county.

(c) (1) These pilot projects shall provide specific programs of direct services based on individual family needs as reflected in the service plans to families of children who are dependent children not taken from physical custody of their parents or guardians pursuant to Section 364, or who are dependent children removed from the physical custody of their parents or guardian pursuant to Section 361. The county welfare department social worker may return a dependent minor removed from the home pursuant to Section 361, with appropriate pilot project services, pursuant to an appropriate court order.

(2) The services shall only be provided to families whose children are certified by a juvenile court judge to be children who will be placed in out-of-home care without the provision of project services or to be children who can be returned to their families with the provision of project services. Each county shall be permitted to contract with individuals and organizations to provide services pursuant to this section.

(d) The services selected by any participating county shall be reasonable and meritorious and shall demonstrate cost effectiveness and success at avoiding out-of-home placement, or reducing the length of stay in out-of-home placement. A county shall not expend more funds for supportive services under this section than that amount which would be expended for placement in out-of-home care.

(e) The pilot program in each demonstration county shall be deemed successful if at least 75 percent of the children receiving demonstration project services remain in their own home for six months after termination of project services, and if 60 percent remain at home one year after project services are terminated. With respect to children selected to receive project services who have already been removed from their home and placed in out-of-home care, the project shall be deemed successful if the average length of stay in out-of-home care is 50 percent less than the average length of stay in out-of-home care for families who do not receive demonstration project services.

(f) Funds used for project services shall supplement, not supplant, child welfare services funds available for services pursuant to Sections 16506.1 and 16507.1.

(g) The department shall submit a report to the Legislature that includes data from each participating pilot county demonstrating to what extent each has met the criteria specified in this section. An interim report shall be submitted by the department no later than six months after the conclusion of the pilot projects with a final report to be submitted after project completion.

SEC. 167. Section 13 of Chapter 916 of the Statutes of 1988 is repealed.

SEC. 168. Any section of any act enacted by the Legislature

during the 1989 calendar year, which takes effect on or before January 1, 1990, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

It is further the intent of the Legislature that the local EMS agency provide, or arrange for the provision of, training and accreditation testing in local EMS operational policies and procedures and any optional skills utilized in the local EMS system within 30 days of

application for accreditation as an EMT-P by the local EMS agency.

The Legislature may contract with the Department of General Services for the purpose of the feasibility study.

(b) The project feasibility study required by subdivision (a) shall include an analysis of alternative financing mechanisms, including, but not limited to, various types of bond financing, lease purchase financing, pay-as-you-go financing using various funds such as the General Fund or the Special Account for Capital Outlay, and the involvement of private sector finance mechanisms. The division shall include on the initial notice of civil penalty a clear warning of reinspection and automatic revocation of any civil penalty adjustments based on abatement for failure to submit the required statement in the time allotted, and of an additional, potentially substantial monetary penalty for failure to abate the violation. If the division fails to receive evidence of abatement or the statement within 10 working days after the end of the abatement period, the division shall notify the employer that the additional civil penalty for failure to abate, as provided in Section 6430, will be assessed retroactive to the end of the abatement period unless the employer can provide sufficient evidence that the violation was abated prior to that date. (b) The board of supervisors of each county is encouraged to prepare and adopt a county drug and alcohol abuse master plan, pursuant to paragraph (1) of subdivision (f) of Section 11998.1, that

addresses as many of the long-range goals set forth in Section 11998.1 as possible. It is the intent of the Legislature that every county master plan include quantitative outcome objectives that, at a minimum, measure progress in the areas of prevention, education, enforcement, and treatment. It is the intent of the Legislature that these objectives include measurements of:

(1) The reduction of arrests for driving under the influence of drugs or alcohol, or both.

(2) The reduction of alcohol and drug-related arrests.

(3) Increased public education on the dangers of substance abuse and the available prevention techniques including specific measurements of children, parents, and teachers who have received this education.

(4) The reduction of alcohol- and drug-related deaths and injuries.

SEC. 6. (a) The Legislature finds and declares all of the following:

(1) Alcohol problems cost the State of California eleven billion seven hundred million dollars ($11,700,000,000) each year in lost worker productivity, health and medical costs, motor vehicle accidents, violent crimes, social responses, and fire losses.

(2) Comparable losses due to drug abuse are an additional six billion dollars ($6,000,000,000).

(3) It is conservatively estimated that 3.8 percent of all Californians abuse drugs to the degree that services are needed. The 1986 incidence data reveals that there are 991,000 active drug abusers in this state, and 27 percent of this number are heroin users. Active drug abusers are defined as persons using drugs for nonmedical purposes on a daily basis.

(4) In 1987, over 270,500 arrests were made for drug-involved crimes.

(5) The problem of gangs and drugs in the Greater Los Angeles area has reached crisis proportions. In 1987, gang-related homicides totaled 387, an average of more than one per day. As of November 1988, gang-related homicides had increased over 24 percent from the

previous year. The Los Angeles County Sheriff reports that over 1,400 murders committed within the last five years were gang-related. According to Los Angeles County Department of Health Services, cocaine-related deaths are up over 200 percent since 1985. The National Institute on Drug Abuse reports that one-fourth of the country's cocaine-related deaths occur in the Los Angeles area.

(6) In the City of Los Angeles, there are approximately 250 gangs with a total membership in excess of 30,000. Los Angeles police officials stated that narcotics arrests more than doubled from 1981 to 1987, from 24,662 to 53,801. The amount of cocaine seized by police in the 10-year period between 1976 and 1986 increased by over 19,250 percent. Gang members who once carried "saturday night specials," now select weapons such as Uzis and AK-47s.

(7) The overall increase in gang and drug-related activity in California's southwest border towns is demonstrated by the alarming level of related crime. The San Diego Police Department reports that in the first six months of 1988, 24 homicides were directly related to gang-involved narcotics activity. Additionally, there were 134 shootings, 87 assaults, and 23 separate incidents of shooting into a dwelling that were directly attributed to gangs and narcotics.

(8) Youth involvement in drug crimes is expanding. Whereas 252 juveniles were arrested in 1980 on drug-related charges, there were 410 juveniles arrested on similar charges in 1987 within the City of San Diego. County probation officials report that over 80 percent of the youths placed in its youth camps were involved in drugs. Furthermore, probation officials estimate that over 70 percent of the juvenile wards come from homes where the parents are involved with drugs themselves.

(9) Prior to the 1988 legislation establishing a long-range master plan to reduce drug and alcohol abuse, California lacked the coordination and avenues of communication necessary to combat our substance abuse problem. The master plan has provided the foundation for a cooperative effort, involving the national, state, local, and community levels to fully utilize insufficient resources to fight our war on drugs.

(10) Similar to California's master plan, the federal "Anti-Drug Abuse Act of 1988" which passed both houses of Congress and was signed by the President, set out a comprehensive strategy in waging war on the drug menace, including education, user sanctions, interdiction, eradication, and greater public awareness and involvement.

(11) Part of the overall national strategy involves increased aid, by way of redirected federal resources, to state and local law enforcement efforts through the designation of specific trouble spots as "high intensity drug trafficking areas," an authority granted to the drug czar under Section 1005 of the 1988 act.

(12) Though the sending of immediate aid to Columbia for purposes of eradication and interdiction is laudable, its effectiveness is reduced without corresponding designation of "high intensity drug

trafficking areas" and the resultant federal support to state and local law enforcement and social service agencies to deal with the indigenous side of the drug problem.

(13) California, specifically Los Angeles and the southwest border areas, constitutes the point of entry for as much as 50 percent of the country's cocaine, the manufacturing center for amphetamines and PCP, the major center of illicit drug distribution for the nation, and an area, as is the case in most large cities, where people are continuously victimized by criminals who use drugs.

(14) As Los Angeles contains neighborhoods that are as dangerous and as out-of-control of local law enforcement as any part of Columbia, and since Los Angeles and southwest border areas do not have the resources to fight the drug war for the nation, it is recognized that Los Angeles was specifically in mind when the designation criteria were written.

(15) Just as the elaborate and violent activities of Columbia's drug cartels reach into communities throughout the United States, Los Angeles' Bloods and Crips Drug Gangs have expanded operations into more than 50 cities nationwide, in effect, constituting the wholesale and retail distributors for the cocaine of Columbia's drug lords.

(16) Local law enforcement and social service agencies, despite strenuous efforts, have been unable to stem the flow of drugs, and stop the violence. California's master plan for drug and alcohol abuse coupled with federal reallocation of resources pursuant to the "high intensity drug trafficking area" designation will offer the necessary resources to assist local agencies to keep pace with the illicit drug industry in a timely and consistent manner.

(17) If California is to continue its efforts for implementation of the master plan for drug and alcohol abuse, and keep pace with the necessity for increased law enforcement activities in pursuit of illicit drug activity and related violence, the state must do everything in its power to take full advantage of state and federal legislation which supplies the tools needed in fighting the drug menace, including presidential designation of "high intensity drug trafficking areas" pursuant to Section 1005 of the "Anti-Drug Abuse Act of 1988."

(b) It is therefore declared that the Legislature of the State of California urges the President of the United States to designate Los Angeles County and the southwest border areas of California as "high intensity drug trafficking areas," pursuant to Section 1005 of the "Anti-Drug Abuse Act of 1988" to enable California to do its part for the nation in eradicating the drug menace from our society.

SEC. 7. Upon passage of this measure, the Secretary of State shall transmit a copy of this legislation to the President and the Vice President of the United States, to the Speaker of the United States House of Representatives, and to each Senator and Representative from California in the Congress.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are. Since California will lose the drug war without further assistance from the national level, and with the recent designation of federal resources for state assistance, it is imperative that California request the necessary resources while they are available and to ensure complete implementation of the 5-year master plan to eliminate drug and alcohol abuse, it is necessary that this act go into immediate effect.

CHAPTER 1372

An act to add and repeal Article 6.5 (commencing with Section 1569.69) of Chapter 3.2 of Division 2 of the Health and Safety Code, relating to residential care facilities for the elderly, and making an appropriation therefor.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 1569.69) is added to Chapter 3.2 of Division 2 of the Health and Safety Code, to read:

Article 6.5. Special Care Model Projects

1569.69. The Legislature hereby finds and declares all of the following:

(a) Persons with the medical diagnosis of dementia, including, but not limited to, Alzheimer's disease, have difficulty finding facilities which provide appropriate care and supervision or which will serve this client population.

(b) Persons with dementia may manifest their disease by wandering, disruption of normal activity and sleep patterns, or exhibiting behavior which, if not managed in an appropriate manner, can result in aggression, combativeness, or other inappropriate behaviors.

(c) Persons with dementia may benefit from an environment which provides perimeter security, yet freedom of movement within their environment.

(d) Only certain psychiatric or skilled nursing facilities are currently allowed by law to have secured environments, yet persons with dementia are not considered to have a mental illness, nor do they necessarily need 24-hour skilled nursing care.

(e) This can result in overdependence upon and inappropriate use of chemical or physical restraints to control the behavior of persons with dementia.

(f) Existing law which prohibits secured or locked perimeters in residential care facilities for the elderly may cause persons with dementia to be placed in more restrictive and sometimes inappropriate levels of care.

(g) It is, therefore, the intent of the Legislature to amend existing law and allow locked or secured perimeters, which may include exit doors, in selected licensed residential care facilities for the elderly in a pilot project to determine the appropriateness of generally allowing locked or secured perimeters in all such facilities which care for persons with dementia.

1569.691. (a) The department, shall select and monitor facilities to participate in a program, as model projects, to determine the appropriateness of allowing secured perimeters in residential care facilities for the elderly for persons with dementia, including, but not limited to, Alzheimer's disease.

(b) Model projects shall commence operation during the 1990 calendar year and shall remain in operation until January 1, 1994. The program shall consist of six facilities or sites.

(1) Three sites shall be residential care facilities for the elderly which specialize in caring for persons with the medical diagnosis of dementia and which have secured perimeters.

(2) Three sites shall be residential care facilities for the elderly which specialize in caring for persons with the medical diagnosis of dementia and which use door alarms or wrist bands, or other such devices, to provide a safe and secure environment.

(c) The department shall develop criteria and standards for participation in the pilot project, which shall include, but not be limited to, the following:

(1) The facility shall be a residential care facility for the elderly, with licenses in good standing. The facilities must maintain substantial compliance with all applicable regulations and statutes during the project.

(2) The facility shall have or develop a special program for persons with dementia which shall be reviewed by the department and by the Alzheimer's Diagnostic and Treatment Centers established pursuant to Section 413.

(3) The facility shall submit to the department a plan of operation which includes a description of the type of security, the method used to provide access to the department, visitors, community and advocacy groups, an emergency evacuation plan which has been approved by the local fire authority, staffing standards, qualifications and training of staff, and any other items deemed to be necessary by the department.

(4) The facility shall obtain the appropriate fire clearance from the local fire authority.

(5) Each facility shall have admission, retention, and transfer criteria to select residents who may be placed in the facility during the project. A resident shall not have other mental or physical health care needs beyond those caused by the dementing illness which would otherwise disqualify that person for acceptance or retention in a residential care facility for the elderly.

(6) The facility shall have a consulting physician to review the medical condition of residents.

(7) The facility shall conduct an admission assessment of the resident prior to admission, which shall include:

(A) A minimental test to assess the resident's level of cognitive impairment.

(B) An activities of daily living assessment.

(C) A behavioral assessment for the purpose of designing and implementing an individualized care plan of therapeutic activities.

The department shall develop criteria for granting exemptions from the requirements of this paragraph for circumstances under which emergency placement is necessary.

(8) The facility shall provide a program of planned therapeutic activities which take place throughout the waking hours which include a minimum of 40 percent large motor activities and the balance to be perceptual and sensory stimulation.

(9) The facility shall ensure that all staff who work with the residents go through training consisting of at least 25 hours covering the following issues:

(A) Facility orientation.

(B) Normal aging process.

(C) Characteristics of Alzheimer's disease and related dementias.

(D) Activities for persons with dementia.

(E) Communication with residents with dementia.

(F) Understanding the family of residents with dementia.

(G) Medications and misuse.

(H) Aid to daily living.

(I) Staff burnout.

(J) Developing problem-solving skills.

(10) The facility shall ensure that the staff receives ongoing continuing education in the care of residents with dementia.

(11) The facility shall provide an ongoing assessment of the resident to monitor problem behaviors and medical condition.

(12) The facility shall provide monthly family council meetings.

(d) The department shall consult with the Alzheimer's disease diagnostic and treatment centers funded by the State Department of Health Services pursuant to Section 413 or other agencies deemed appropriate to establish evaluative criteria for appropriate diagnosis, assessment, treatment, and discharge plans for residents of facilities participating in the model projects.

(e) The Health and Welfare Agency's Alzheimer's Disease and Related Disorders Advisory Group, or any other entity, may provide assistance to the department, as requested by the department.

1569.692. (a) Notwithstanding paragraph (6) of subdivision (a) of Section 87572 of the California Code of Regulations, participating residential care facilities for the elderly may operate with a secured or locked perimeter if all of the following conditions are met:

(1) The resident is never locked in his or her room.

(2) With respect to residential care facility for the elderly sites, the resident is never physically or chemically restrained. For purposes of this section "chemically restrained" does not include

medication prescribed by a physician and surgeon which is an essential component of the resident's treatment plan and which is generally recognized by the Alzheimer's disease diagnostic and treatment centers established pursuant to Section 413 as appropriate treatment for a person with a medical diagnosis of dementia.

(3) With respect to residential care facility for the elderly sites, the resident has freedom of movement within the secured perimeter.

(4) Evidence shall be provided in the resident's file that a formal mental status questionnaire has been administered to rule out mental illness and to determine cognitive level.

(5) Evidence shall be provided in the resident's file that the following diagnostic tests have been given, as appropriate, to rule out reversible disease:

(A) At least one type of brain imaging test.

(B) A complete blood count.

(C) Serum glucose.

(D) Serum urea nitrogen.

(E) Creatinine level.

(F) Thyroid function.

(G) Seriology test for syphilis.

(H) Determination of B-12 and Folate levels.

(I) Urinalysis.

(J) Other tests indicated by medical history or physician and surgeon.

The department, in consultation with the Alzheimer's disease diagnostic and treatment centers, established pursuant to Section 413, may require other tests or change the tests required in this paragraph to reflect advances in diagnostic technology.

(b) For puposes of this section "secured perimeter" means that the external boundary of the facility, including yard areas, are functionally locked to the resident. If a facility provides multiple levels of care or has separate and distinct sections to the physical layout, each level or section licensed by the department may be secured. The purpose of the secured perimeter is to provide free movement in a safe area to residents within the boundaries of the facility, including yard areas, to prevent wandering.

1569.693. For purposes of this article, "functionally locked" means that the perimeter of the facility is secured by means which are beyond the functional capacity of the resident to negotiate or deduce.

1569.694. The department shall report its findings and recommendations to the Legislature by January 1, 1993. The recommendations shall include whether to allow secured or locked residential care facilities for the elderly throughout the state, and, if so, the method or methods of security to be allowed, admission and retention criteria for residents who can be placed in secure residential care facilities for the elderly, any limits on the size of the facility which may be secured, staffing standards, training and

qualifications of staff and program content.

The department shall also report on the success of the model projects by measuring all of the following:

(1) The extent to which the three model project sites with a secured perimeter provide an environment which minimizes acting out or other inappropriate behavior compared with the other model project sites.

(2) The extent to which the use of a secured perimeter environment results in a decrease or elimination of the use of behavioral medication traditionally used to treat residents with dementia compared to the other model project sites.

(3) A comparison of the number of incidences of wandering in the model project sites with a secured perimeter versus model project sites using door alarms, wrist bands, or other such devices, and the extent to which staff time is diverted away from direct care.

1569.695. Guidelines developed to implement this model project shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code).

1569.696. All statutes and regulations applicable to residential care facilities for the elderly shall apply to the model project facilities participating in this model project, except to the extent that they are inconsistent with this article.

1569.697. This article shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute which is chaptered prior to January 1, 1994, deletes or extends that date.

SEC. 2. The sum of sixty-two thousand five hundred dollars ($62,500) per year, for three years commencing with the 1990 calendar year, is hereby appropriated to the State Department of Social Services from the General Fund for purposes of this act.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1374

An act to amend Section 13965 of the Government Code, relating to victims of crime.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim. The board may take any or all of the following actions:

(1) Authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to the victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the victim.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim equal to the pecuniary

loss resulting from loss of wages or support directly resulting from the injury.

(3) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(4) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation.

(5) The total award to or on behalf of the victim shall not exceed twenty-three thousand dollars ($23,000).

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to need, subject to the maximum limit of twenty-three thousand dollars ($23,000).

(d) The board may also authorize payment of attorney's fees representing the reasonable value of legal services rendered to the applicant, but not to exceed 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this section.

(f) The maximum cash payments authorized in subdivision (a) shall be increased to forty-six thousand dollars ($46,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not in the aggregate of all payments made by the board to the victim of the crime exceed twenty-three thousand dollars ($23,000), unless federal funds are available, in which case the aggregate maximum award may be increased to forty-six thousand dollars ($46,000).

(i) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related

expenses, including counseling expenses, incurred by a victim for which restitution is requested pursuant to this section. For mental health and counseling services provided to victims of crime, rates shall not exceed the statewide average.

To assure service limitations which are uniform and appropriate to the levels of mental health treatment required by the victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(j) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority which the board may have under current law except as explicitly provided in this section.

CHAPTER 1375

An act to add Sections 6002.10, 6002.15, 6002.20, 6002.25, 6002.30, 6002.35, and 6002.40 to the Welfare and Institutions Code, relating to mental health.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that all of the following elements be incorporated into an admission review procedure for minors 14 years of age and over, and under 18 years of age in private acute psychiatric facilities:

(a) The independent clinical review shall be conducted by disinterested parties with no conflict of interest with the facility.

(b) The review procedure shall protect a minor's right to assistance from public or private advocacy sources.

(c) The review procedure shall be completed within three to 15 days following admission.

(d) The review shall include consideration of the minor's mental condition, and whether the proposed placement represents the least restrictive, most appropriate available setting in which to treat the minor.

(e) The review procedure shall include a procedure for the monitoring, review, and evaluation of the review procedure for compliance with the requirements of this act.

SEC. 2. Section 6002.10 is added to the Welfare and Institutions Code, to read:

6002.10. Any facility licensed under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, to

provide inpatient psychiatric treatment, excluding state hospitals, and county hospitals, shall establish admission procedures for minors who meet the following criteria:

(a) The minor is 14 years of age and over, and is under 18 years of age.

(b) The minor is not legally emancipated.

(c) The minor is not detained under Sections 5585.50 and 5585.53.

(d) The minor is not voluntarily committed pursuant to Section 6552.

(e) The minor has not been declared a dependent of the juvenile court pursuant to Section 300 or a ward of the court pursuant to Section 602. The minor's admitting diagnosis or condition is either of the following:

(1) A mental disorder only. Although resistance to treatment may be a product of a mental disorder, the resistance shall not, in itself, imply the presence of a mental disorder or constitute evidence that the minor meets the admission criteria. A minor shall not be considered mentally disordered solely for exhibiting behaviors specified under Sections 601 and 602.

(2) A mental disorder and a substance abuse disorder.

SEC. 2.5. Section 6002.15 is added to the Welfare and Institutions Code, to read:

6002.15. (a) Prior to accepting the written authorization for treatment, the facility shall assure that a representative of the facility has given a full explanation of the treatment philosophy of the facility, including, where applicable, the use of seclusion and restraint, the use of medication, and the degree of involvement of family members in the minor's treatment to the parent, guardian or other person entitled to the minor's custody. This explanation shall be given orally and in writing, and shall be documented in the minor's treatment record upon completion.

(b) As part of the admission process, the professional person responsible for the minor's admission shall affirm in writing that the minor meets the admission criteria as specified above.

(c) Upon admission, a facility specified in Section 6002.10 shall do all of the following:

(1) Inform the minor in writing of the availability of an independent clinical review of his or her further inpatient treatment. The notice shall be witnessed and signed by an appropriate representative of the facility.

(2) Within one working day, notify the patients' rights advocate, as defined in Article 2 (commencing with Section 5540) of Chapter 5.2, regarding the admission of the minor.

(3) Provide all minors with a booklet promulgated by the State Department of Mental Health outlining the specific rights of minors in mental health facilities. The booklet shall include the phone number of the local advocate and the hours that he or she may be reached.

SEC. 3. Section 6002.20 is added to the Welfare and Institutions

Code, to read:

6002.20. (a) If the minor requests an independent clinical review of his or her continued inpatient treatment, the patients' rights advocate shall be notified of the request, as soon as practical, but no later than one working day. The role of the advocate shall be to provide information and assistance to the minor relating to the minor's right to obtain an independent clinical review to determine the appropriateness of placement within the facility. The advocate shall conduct his or her activities in a manner least disruptive to patient care in the facility. Nothing in this section shall be construed to limit, or expand, rights and responsibilities the advocate has pursuant to other provisions of law.

(b) An independent review may be requested up to 10 days after admission. At any time the minor may rescind his or her request for a review.

SEC. 4. Section 6002.25 is added to the Welfare and Institutions Code, to read:

6002.25. The independent clinical review shall be conducted by a licensed psychiatrist with training and experience in treating psychiatric adolescent patients, who is a neutral party to the review, having no direct financial relationship with the treating clinician, nor a personal or financial relationship with the patient, or his or her parents or guardian. Nothing in this section shall prevent a psychiatrist affiliated with a health maintenance organization, as defined in subdivision (b) of Section 1373.10 of the Health and Safety Code, from providing the independent clinical review where the admitting, treating, and reviewing psychiatrists are affiliated with a health maintenance organization that predominantly serves members of a prepaid health care service plan. The independent clinical reviewer shall be assigned, on a rotating basis, from a list prepared by the facility, and submitted to the county mental health director prior to March 1, 1990, and annually thereafter, or more frequently when necessary. The county mental health director shall, on an annual basis, or at the request of the facility, review the facility's list of independent clinical reviewers. The county mental health director shall approve or disapprove the list of reviewers within 30 days of submission. If there is no response from the county mental health director, the facility's list shall be deemed approved. If the county mental health director disapproves one or more of the persons on the list of reviewers, the county mental health director shall notify the facility in writing of the reasons for the disapproval. The county mental health director, in consultation with the facility, may develop a list of one or more additional reviewers within 30 days. The final list shall be mutually agreeable to the county mental health director and the facility. Sections 6002.10 to 6002.40, inclusive, shall not be construed to prohibit the treatment of minors prior to the existence of an approved list of independent clinical reviewers. The independent clinical reviewer may be an active member of the medical staff of the facility who has no direct financial relationship,

including, but not limited to, an employment or other contract arrangement with the facility except for compensation received for the service of providing clinical reviews.

SEC. 5. Section 6002.30 is added to the Welfare and Institutions Code, to read:

6002.30. (a) All reasonably available clinical information which is relevant to establishing whether the minor meets the admission criteria pursuant to subdivision (d) of Section 6002.35 shall be considered by the psychiatrist conducting the review. In considering the information presented, the psychiatrist conducting the review shall privately interview the minor, and shall consult the treating clinician to review alternative treatment options which may be suitable for the minor's mental disorder.

(b) If the minor has received medication while an inpatient, the person conducting the review shall be informed of that fact and of the probable effects of the medication. The person presenting the clinical information in favor of inpatient treatment shall also inform the psychiatrist conducting the review of the proposed treatment plan for the minor, and, if known, whether the minor has had any previous independent clinical review at any facility, and the results of that service.

(c) The standard of review shall be whether the minor continues to have a mental disorder, whether further inpatient treatment is reasonably likely to be beneficial to the minor's mental disorder, or whether the placement in the facility represents the least restrictive, most appropriate available setting, within the constraints of reasonably available services, facilities, resources, and financial support, in which to treat the minor.

(d) The review shall take place within five days of the request.

(e) At the review, the minor shall have the right to be present, to be assisted by the advocate, and to question persons recommending inpatient treatment. If the minor is unwilling to attend, the review shall be held in his or her absence with the advocate representing the minor.

(f) The location of the independent clinical review shall be compatible with, and least disruptive of, the treatment being provided to the minor. Independent clinical reviews shall be conducted at the facility where the minor is treated. The review shall be situated in a location which ensures privacy.

(g) The independent clinical review shall be held in an informal setting so as to minimize the anxiety of both parents and minors and promote cooperation and communication among all interested parties. All parties shall make a reasonable effort to speak in terms the minor can understand and shall explain any terminology with which he or she may not be familiar.

(h) The review may be closed to anyone other than the minor, his or her parents or legal guardian, a representative of the facility, the minor's advocate, the psychiatrist conducting the review and the person presenting information in favor of, or opposition to, the

inpatient treatment. The person conducting the review shall have discretion to limit the number of participants and shall keep participants to the minimum time necessary to relate the needed information.

(i) No party shall have legal representation in the review process.

(j) If any of the parties to the independent clinical review do not comprehend the language used at the independent clinical review, it shall be the responsibility of the psychiatrist conducting the independent clinical review to retain an interpreter.

SEC. 6. Section 6002.35 is added to the Welfare and Institutions Code, to read:

6002.35. (a) It shall be the responsibility of the psychiatrist conducting the independent clinical review to keep a record of the proceeding.

(b) After considering all the clinical information, the psychiatrist conducting the review shall render a binding decision. If he or she determines that further inpatient treatment is reasonably likely to be beneficial to the minor's disorder and placement in the facility represents the least restrictive, most appropriate available setting in which to treat the minor, the minor's inpatient treatment shall be authorized.

(c) If the psychiatrist conducting the review determines that the admission criteria have been met, this determination shall terminate when the minor is discharged from the facility.

(d) If the psychiatrist conducting the clinical review determines that further inpatient treatment in the facility is not reasonably likely to be beneficial to the minor's mental disorder or does not represent the least restrictive, most appropriate available setting in which to treat the minor, the minor shall be released from the facility to a custodial parent or guardian on the same day the determination was made. Except as provided in Section 43.92 of the Civil Code, upon the minor's release, neither the attending psychiatrist, any licensed health professional providing treatment to the minor in the facility, the psychiatrist who releases the minor pursuant to this section, nor the facility in which the minor was admitted or treated shall be civilly or criminally liable for any conduct of the released minor, a parent, legal guardian, or other persons entitled to custody of the minor.

SEC. 6.5. Section 6002.40 is added to the Welfare and Institutions Code, to read:

6002.40. (a) For any insurance contracts entered into after January 1, 1990, where any private insurer, certified medical plan, or private health service plan is liable to pay or reimburse a professional provider or institutional provider for the costs of medically necessary mental health services provided to the patient, the costs of the clinical review required by Sections 6002.10 to 6002.40, inclusive, including, but not limited to, the costs of the interpreter, if any, and the costs of the patients' rights advocate, shall be borne by the insurer, certified medical plan, or the health service plan. Payments to providers for the costs of the independent clinical review shall be

made promptly.

For Medi-Cal eligible patients placed in these private facilities, the costs of the clinical review required by Sections 6002.10 to 6002.40, inclusive, including the costs of the patients rights advocate, shall be borne by the county.

(b) The Legislature intends that Sections 6002.10 to 6002.40, inclusive, affect only the rights of minors confined in private mental health facilities on the consent of their parents or guardians, where the costs of treatment are paid or reimbursed by a private insurer or private health service plan.

(c) Mental health facilities shall summarize on an annual basis, information including, but not limited to, the number of minors admitted by diagnosis, length of stay, and source of payment, the number of requests for an independent clinical review by diagnosis, source of payment, and outcome of the independent clinical review and submit this information to the State Department of Mental Health. This annual summary shall be made available by the facility to the State Department of Health Services which shall monitor compliance of this section during an inspection of the facility pursuant to Sections 1278 and 1279 of the Health and Safety Code.

(d) The State Department of Mental Health, in consultation with appropriate organizations, shall develop nonmandatory guidelines for treatment of mental disorders to be utilized pursuant to this act by January 1, 1991.

(e) The State Department of Mental Health shall report to the Legislature by January 1, 1991, and annually thereafter regarding the implementation of Sections 6002 10 to 6002.40, inclusive

SEC. 7. It is the intent of the Legislature that this act shall not preclude the right to review of inpatient treatment through the exercise of other legal remedies available to minors, including, but not limited to, a writ of habeas corpus.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

At the time application for adoption of a special needs child is made, the department or the licensed adoption agency, whichever is appropriate, shall provide the prospective adoptive family with information, in writing, on the availability of Adoption Assistance Program benefits, with an explanation of the difference between these benefits and foster care payments. At that time, the department or the licensed adoption agency shall also provide the prospective adoptive family with information, in writing, on the availability of reimbursement for the nonrecurring expenses incurred in the adoption of the special needs child.

Payments shall be limited to an amount not to exceed four hundred dollars ($400) for each special needs placement.

(b) There shall be no income eligibility requirement for adoptive

(c) Reimbursement for nonrecurring expenses shall be limited to costs incurred by or on behalf of adoptive parents which are not reimbursed from other sources. No payments shall be made under this section if the federal program for reimbursement of nonrecurring expenses for the adoption of special needs children pursuant to Section 673 of Title 42 of the United States Code is terminated.

(d) Reimbursement for nonrecurring expenses shall be in addition to any adoption expenses paid pursuant to Section 16121 and shall not be included in the computation of maximum benefits for which the adoptive family is eligible pursuant to Section 16121.

(e) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2.5. Section 16120.1 is added to the Welfare and Institutions Code, to read:

16120.1. Upon the authorization of the licensed adoption agency or, where appropriate, the department, the county responsible for providing adoption assistance program payments shall directly reimburse eligible individuals for reasonable nonrecurring expenses, as defined by the department, incurred as a result of the adoption of a special needs child. (c) Reimbursement for nonrecurring expenses shall be in addition to any adoption expenses paid pursuant to Section 16121 and shall not be included in the computation of maximum benefits for which the adoptive family is eligible pursuant to Section 16121.

(d) This section shall become operative on January 1, 1992.

SEC. 3. This act applies to all eligible claims for nonrecurring adoption expenses incurred on or after January 1, 1987.

SEC. 4. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, regulations adopted by the State Department of Social Services to implement the provisions of this act shall not be subject to the review and approval of the Office of Administrative Law. The regulations

SEC. 2. Section 20134 of the Public Contract Code is amended to read:

20134. (a) In cases of great emergency, including, but not limited to, states of emergency described in Section 8558 of the Government Code, when repair or replacements are necessary to permit the continued conduct of county operations or services, or to avoid danger to life or property, the board of supervisors, by majority consent, may proceed at once to replace or repair any and all structures without adopting the plans, specifications, strain sheets, or working details or giving notice for bids to let contract. The work may be done by day labor under the direction of the board, by contract, or by a combination of the two. If the work is done wholly or in part by contract, the contractor shall be paid the actual cost of the use of machinery and tools and of material, and labor and of

workers' compensation insurance expended by him or her in doing the work, plus not more than 15 percent to cover all profits and administration. No more than the lowest current market prices shall be paid for materials whenever possible.

(b) In a county of the first, second, third, or fourth class, which is under court order to relieve jail overcrowding or in which the sheriff certifies that the inmate capacity of the county jail system is exceeded by more than 20 percent and that the overpopulation is likely to continue and poses a threat to public safety, health, and welfare, the board of supervisors may contract for the construction or expansion of jail facilities without the formality of obtaining bids, adopting plans and specifications, or complying with other requirements of this article, except as required by this subdivision. The award of the contract shall be made after a public hearing on the basis of a request for proposals advertised in accordance with Section 6062 or 6062a of the Government Code. The contract may be awarded only to a contractor who has responded to the request for proposals and who is licensed to do the work in accordance with Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code. The contract shall be upon terms which the board determines are necessary for the expeditious completion of the work. A contract shall not be entered into unless at least three proposals to do the work have been evaluated by a competitive process established by the board and the lowest bid is selected.

(c) In any county that has agreed to permit the transfer of prisoners or parole violators under Section 2910 or 2910.5 of the Penal Code or of wards under Section 1753.3 of the Welfare and Institutions Code, the board of supervisors may contract for the construction or expansion of the facilities to be used for that purpose without the formality of obtaining bids, adopting plans and specifications, or complying with other requirements of this article, except as required by this subdivision. The person to whom the contract is awarded shall execute a bond for faithful performance in accordance with Section 20129. The award of the contract shall be made after a public hearing on the basis of a request for proposals advertised in accordance with Section 6062 or 6062a of the Government Code. The contract may be awarded only to a contractor who has responded to the request for proposals and who is licensed to do the work in accordance with Chapter 9 (commencing with Section 7000) of Division 3 of the

Business and Professions Code. The contract shall be upon terms which the board determines are necessary for the expeditious completion of the work. A contract shall not be entered into unless at least three proposals to do the work have been evaluated by a competitive process established by the board and the lowest bid is selected.

(d) Proposed construction or expansion of jail or return-to-custody facilities as authorized under subdivision (b) or (c) shall not commence in a county of the third class without the affirmative vote of a majority of the city council of the incorporated city within which the construction or expansion is proposed.

(e) The board of supervisors may waive the requirements of Chapter 5 (commencing with Section 5100) of Part 1 of Division 2 of the Public Contract Code for work performed pursuant to subdivision (a), (b), or (c).

(f) In a county of the third class in which there are no available courtrooms to accommodate all authorized judicial positions or in which the board of supervisors certifies that there is a significant need to expeditiously construct new court and court support facilities, the board of supervisors may contract for the construction or expansion of court and court support facilities without the formality of obtaining bids, adopting plans and specifications, or complying with other requirements of this article, except as required by this subdivision. The person to whom the contract is awarded shall execute a bond for faithful performance in accordance with Section 20129. CHAPTER 1378

An act to amend Sections 136.2 and 139 of, and to add Section 1170.13 to, the Penal Code, relating to crimes.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 136.2 of the Penal Code is amended to read:

136.2. Upon a good cause belief that intimidation or dissuasion of a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(a) An order that a defendant shall not violate any provision of Section 136.1.

(b) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(c) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under such reasonable restrictions as the court may impose.

(d) An order calling for a hearing to determine if an order as described in subdivisions (a) to (c), inclusive, should be issued.

(e) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness's household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this subdivision, "immediate family members" include the spouse, children, or parents of the victim or witness.

(f) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant.

Any person violating any order made pursuant to subdivisions (a) to (f), inclusive, may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. No finding of contempt shall be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense

described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

SEC. 2. Section 139 of the Penal Code is amended to read:

139. (a) Except as provided in Sections 71 and 136.1, any person who has been convicted of any felony offense specified in Section 12021.1 who willfully and maliciously communicates to a witness to, or a victim of, the crime for which the person was convicted, a credible threat to use force or violence upon that person or that person's immediate family, shall be punished by imprisonment in the county jail not exceeding one year or by imprisonment in the state prison.

(b) Any person who is convicted of violating subdivision (a) who subsequently is convicted of making a credible threat, as defined in subdivision (c), which constitutes a threat against the life of, or a threat to cause great bodily injury to, a person described in subdivision (a), shall be sentenced to consecutive terms of imprisonment as prescribed in Section 1170.13.

(c) As used in this section, "a credible threat" is a threat made with the intent and the apparent ability to carry out the threat so as to cause the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family.

(d) The present incarceration of the person making the threat shall not be a bar to prosecution under this section.

(e) As used in this section, "malice," "witness," and "victim" have the meanings given in Section 136.

SEC. 3 Section 1170.13 is added to the Penal Code, to read:

SEC. 4. Section 1170.13 is added to the Penal Code, to read:

1170.13. (a) Notwithstanding the provisions of subdivision (a) of Section 1170.1 which provide for the imposition of a subordinate term for a consecutive offense of one-third of the middle term of imprisonment, if a person is convicted pursuant to subdivision (b) of Section 139, the subordinate term for each consecutive offense shall consist of 100 percent of the middle term. The total term of imprisonment imposed pursuant to this subdivision may exceed five years, but shall not exceed 15 years.

(b) Notwithstanding the provisions of subdivision (c) of Section 1170.1, whenever a person is convicted pursuant to subdivision (b) of Section 139 while the person is confined in a state prison, or is subject to reimprisonment for escape from such custody, the term of imprisonment for all those convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. Punishment for the new offenses shall be calculated as provided in subdivision (a) of this section, except that the total term of imprisonment imposed may exceed 15 years.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local

agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1379

An act to amend Section 75090 of, to add Sections 75033.6 and 75076.1 to, and to add Article 2.5 (commencing with Section 75050) to Chapter 11 of Title 8 of, the Government Code, relating to the Judges' Retirement System, and making an appropriation therefor.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 75033.6 is added to the Government Code, to read:

75033.6. If a judge retires pursuant to Section 75033 or 75033.5 and there has been a community property benefit awarded to the judge's ex-spouse pursuant to Article 2.5 (commencing with Section 75050), the retirement allowance percentage payable to the judge shall be calculated at the rate specified in Section 75033 or 75033.5 less the percentage factor awarded to the ex-spouse. In no instance, regardless of the total number of years of credited service in the Judges' Retirement System, shall the retirement allowance percentage awarded the judge, when combined with the percentage awarded the ex-spouse, exceed the maximum amount allowable under the pertinent section under which the judge retired.

SEC. 2. Article 2.5 (commencing with Section 75050) is added to Chapter 11 of Title 8 of the Government Code, to read:

Article 2.5. Community Property

75050. (a) Upon the legal separation or dissolution of marriage of a member, the court shall include in the judgment or a court order the date on which the parties separated.

(b) If the community property is divided pursuant to subdivision (c) of Section 4800.8 of the Civil Code, the court shall order that the accumulated contributions and service credit attributable to periods of service during the marriage be divided into two separate and distinct accounts in the name of the member and nonmember,

respectively. Any service credit or accumulated contributions which are not explicitly awarded by the judgment or court order shall be deemed the exclusive property of the member.

(c) The court shall address the rights of the nonmember to the following:

(1) The right to a retirement allowance.

(2) The right to a refund of accumulated retirement contributions.

(3) The right to redeposit accumulated contributions which are eligible for redeposit by the member under Section 75028.5.

(4) The right to purchase service credit which is eligible for purchase by the member under Sections 75029 to 75030.5.

(5) The right to designate a beneficiary to receive his or her accumulated contributions payable where death occurs prior to retirement.

(6) The right to designate a beneficiary for any unpaid allowance payable at the time of the nonmember's death.

(d) In the capacity of nonmember, the nonmember shall not be entitled to any disability retirement allowance.

75051. "Nonmember," as used in this article, means the spouse or former spouse of a member, who as a result of petitioning the court for the division of community property, has been awarded a distinct and separate account reflecting specific credited service and accumulated contributions.

75052. (a) The nonmember who is awarded a separate account shall have the right to a refund of accumulated retirement contributions in the separate account of the nonmember.

(b) The nonmember shall file an application on a form provided by the system to obtain the refund.

(c) The refund is effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember and addressed to the latest address for the nonmember on file in the system.

(d) The nonmember is deemed to have permanently waived all rights in the system and all rights to any future retirement benefits pertaining to the service credit, accumulated contributions, or both, when the refund becomes effective.

(e) The nonmember may not cancel a refund once the refund has become effective.

(f) The nonmember shall have no right to elect to redeposit the refunded accumulated contributions from the nonmember's account after the refund is effective, and shall have no right to redeposit under Section 75028.5, or to purchase service credit under Section 75029 or Section 75030.5.

(g) If at the time the parties separate, the member does not have the necessary minimum credited service to retire, the nonmember shall receive a refund of the accumulated contributions placed in the nonmember's account. "Minimum credited service" means at least five years of service credit under the Judges' Retirement System.

75053. (a) The nonmember who is awarded a separate account may redeposit accumulated contributions previously refunded to the member in accordance with the determination of the court required by Section 75050.

(b) The nonmember may redeposit only those accumulated contributions which were previously refunded to the member and which the court has determined to be the community property interest of the nonmember in the accumulated retirement contributions.

(c) If the nonmember elects to redeposit, he or she shall repay the accumulated contributions pursuant to Section 75028.5.

(d) An election to redeposit shall be considered an election to repay all accumulated contributions previously refunded that the nonmember is entitled to redeposit.

(e) The right of the nonmember spouse to redeposit is subject to the regulations of the Board of Administration of the Public Employees' Retirement System which administers the Judges' Retirement System.

(f) The member has no right to redeposit the share of the nonmember in the previously refunded accumulated contributions whether or not the nonmember elects to redeposit. However, any right to redeposit previously refunded accumulated contributions not explicitly awarded to the nonmember by the judgment or court order shall be deemed the exclusive property of the member.

(g) If the nonmember elected to redeposit upon retirement and has subsequently died, prior to completing the redeposit, the board shall file a claim against the estate of the decedent to recover benefit payments which exceeded those for which payment was made.

75054. (a) The nonmember shall have the right to purchase service credit pursuant to the determination of the court required by Section 75050.

(b) The nonmember may purchase only that service credit which the court, pursuant to Section 75050 has determined to be the community property interest of the nonmember spouse.

(c) If the nonmember elects to purchase service credit, he or she shall pay, prior to retirement the contributions and interest required.

(d) The nonmember shall have no right to purchase service credit after the effective date of a refund of the accumulated contributions in the separate account of the nonmember.

(e) The member has no right to purchase the community property interest of the nonmember in the service credit whether or not the nonmember elects to purchase the service credit. However, any service credit eligible for purchase that is not explicity awarded to the nonmember by the judgment or court order shall be deemed the exclusive property of the member.

(f) If the nonmember elected to purchase service credit upon retirement and has subsequently died, prior to completing the purchase, the board shall file a claim against the estate of the deceased to recover benefit payments which exceeded those for

which payment was made.

75055. A nonmember shall be retired upon his or her written application to the board if all of the following conditions are met:

(a) The nonmember has attained the age of 60.

(b) On the date of marriage dissolution or legal separation, the member has sufficient credited service and met other eligibility requirements to retire under Section 75025, 75032, 75033, or 75033.5.

(c) On the date of application, the member has attained age 60.

75056. Retirement shall be effective and the retirement allowance shall begin to accrue as of the date designated in the nonmember's application as the effective date of retirement, or the day following the date of the court order dividing the community property of the member and nonmember, if later. In no event shall the retirement become effective or the retirement allowance begin to accrue earlier than the first day of the month in which the nonmember's application is received at an office of the board or by an employee of the system designated by the board, or, if the nonmember has been incompetent to act on his or her own behalf continuously from the date of dissolution or legal separation, one year prior to the month in which an application by the guardian of his or her estate is so received. An application for retirement may only be filed by or for a nonmember who is living on the date the application is actually received by this system.

75057. For a nonmember, the retirement allowance shall be based on a percentage of the salary payable to the judge at the date of separation of the parties.

75058. A nonmember shall be entitled to a retirement allowance based on service accrued by the judge during their years of marriage and in accordance with the community property settlement. The retirement allowance percentage shall be calculated at the rate of 3.75 percent multiplied by the number of years and fractions of years of service specified in the court order, not to exceed 20 years. If the judge was credited with less than 12 years of service, the percentage of compensation payable shall be reduced by .25 percent for each year less than 12 years.

SEC. 3. Section 75076.1 is added to the Government Code, to read:

75076.1. If a community property benefit has been awarded to a judge's ex-spouse pursuant to Article 2.5 (commencing with Section 75050), the percent of the salary payable to the judge who retires under Section 75025 or 75060 shall be computed at the rate of 65 percent of the salary payable, at the time payment of the allowance falls due, to the judge holding the judicial office to which he or she was last elected or appointed, less the percentage awarded to the ex-spouse, or 75 percent of the salary payable less the percentage of the amount awarded to the ex-spouse if the judge has served at least 20 years of service at the time of his or her retirement. In no instance, regardless of the total number of years of judicial service, shall the retirement allowance percentage awarded the judge when

combined with the percentage awarded the ex-spouse exceed the maximum amount allowable under the pertinent section under which the judge retired.

SEC. 4. Section 75090 of the Government Code is amended to read:

75090. The benefits of this article are payable only to the surviving spouse of a judge who elects to come within this article. Any person who becomes a judge after August 22, 1964, may elect to come within this article within six months after becoming a judge or three months after notice is mailed to him or her by the Judges' Retirement System, except as otherwise provided in this section. Election to come within this article is made by filing written notice thereof with the Judges' Retirement System. Any election by a judge may thereafter be revoked by the judge and a reelection may be made at any time after that revocation.

Any judge who was married prior to January 1, 1990, and who had not previously elected to come within this article, shall exercise his or her election prior to April 1, 1990. A judge so electing shall pay all the contributions he or she would have made pursuant to Section 75092 had he or she been covered by this article as soon as originally eligible pursuant to this section.

SEC. 5. There is hereby appropriated from the Judges' Retirement Fund the sum of twenty-five thousand dollars ($25,000) for expenditure to implement Article 2.5 (commencing with Section 75050) of Chapter 11 of Title 8 of the Government Code. If the cost of implementing and administering this act exceeds the amount of this appropriation, the Board of Administration of the Public Employees' Retirement System shall establish and levy a fee on the member or nonmember, or both, in an amount sufficient to cover the board's actual expenses in establishing and maintaining nonmember accounts, not to exceed four dollars ($4) per month. This fee shall be drawn from the member or nonmember accounts, or both, as determined by the courts.

SEC. 6. It is the intent of the Legislature that Sections 1, 2, 3, 5, 6, and 8 of this act apply to all judges' retirement benefits in which there is an undivided community property interest and in all dissolution of marriage or legal separation cases which are pending on the effective date of this act or in which the court has reserved jurisdiction over the benefit or not yet awarded the benefit.

SEC 7. Sections 1, 2, 3, 5, 6, and 8 of this act shall be deemed to be retroactive to June 1, 1988.

SEC. 8. Nothing in Sections 1, 2, 3, 5, 6, and 8 of this act shall be construed to create or vest in the nonmember spouse any class of entitlement or benefits that would not be available to the nonmember spouse had he or she been a member of the system for the same time and upon the same terms as the member spouse. Additionally, nothing in this act shall be construed to make the nonmember spouse a member of the Judges' Retirement System. Entitlements and benefits for which the nonmember spouse is not

eligible shall include, but not be limited to, health benefits, dental benefits, and vision care.

SECTION 1. Section 1858.35 of the Insurance Code is amended to read:

1858.35 On or before May 1 of each year, the commissioner shall submit a report to the Legislature and the Governor stating the number and type of complaints received under this article and the status and disposition of these complaints. The commissioner may make any recommendations for improving the efficiency and effectiveness of complaint handling under this article.

No information shall be provided under this section pertaining to a specified complaint against a specific insurer or rating organization. However, the commissioner may report that information in the aggregate.

CHAPTER 1382

An act to amend Sections 1504, 7360, 7361, and 7363 of, and to repeal Section 7362 of, the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

The people of the State of California do enact as follows.

SECTION 1. Section 1504 of the Fish and Game Code is amended to read:

1504. (a) When income is derived directly from real property acquired and operated by the state as wildlife management areas, and regardless of whether income is derived from property acquired after October 1, 1949, the department shall pay annually to the county in which the property is located an amount equal to the county taxes levied upon the property at the time title to the property was transferred to the state. The department shall also pay the assessments levied upon the property by any irrigation, drainage, or reclamation district.

(b) Any delinquent penalties or interest applicable to any such assessments made prior to September 9, 1953, are hereby canceled and shall be waived.

(c) Payments provided by this section shall be from funds available to the department.

SEC. 2. Section 7360 of the Fish and Game Code is amended to read:

7360. In addition to a valid California sportfishing license and any applicable license stamp issued pursuant to Sections 7149, 7150, and 7151, a person taking striped bass shall have permanently affixed to his or her license a striped bass stamp which may be obtained from the department or an authorized agent of the department upon payment of a fee of three dollars and fifty cents ($3.50).

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1383

An act to add Chapter 6.67 (commencing with Section 25270) to Division 20 of the Health and Safety Code, and to amend Section 3106 of the Public Resources Code, relating to petroleum, and making an appropriation therefor.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.67 (commmencing with Section 25270) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.67. ABOVEGROUND STORAGE OF PETROLEUM

25270. The Legislature finds and declares all of the following:

(a) There are 65,000 or more aboveground tanks in the state which hold a variety of dangerous substances which may pose minor to very serious threats to the environment and the public.

(b) Aboveground storage tanks have been found to leak and spill into the ground and water, causing major contamination problems. In one event alone, in Martinez, California, during April 1988, an estimated 400,000 gallons of crude oil were spilled into sensitive marshes, Suisun Bay, and the Bay Delta Estuary, causing major damage to the ecosystem in the area.

(c) Among the causes for environmental damage resulting from aboveground tanks are leaks and spills from tanks due to advanced age, defects in design or installation, human error, and equipment failure.

(d) While there exists a statewide program for determining the amount and type of hazardous substances being stored in underground tanks, there does not exist a similar program to commence to address the problems posed by aboveground tanks.

(e) The ability to reduce the incidence and damage from hazardous spills and leaks depends upon preventive steps taken by industry and monitoring agencies. The federal government, which has traditionally monitored aboveground tank installations, is presently experiencing a severe budget and personnel shortage devoted to the function of inspecting aboveground tanks.

(f) The health of California's people, wildlife, fish, and vegetation depend upon a clean environment.

(g) It is necessary to protect the state's people and natural resources by establishing a program of inspecting aboveground petroleum storage tanks.

25270.1. This chapter shall be known and may be cited as the Aboveground Petroleum Storage Act.

25270.2. For purposes of this chapter, the following definitions apply:

(a) "Board" means the State Water Resources Control Board.

(b) "Fund" means the Environmental Protection Trust Fund established pursuant to Section 25271.

(c) "Crude oil or its fractions" means crude petroleum or all products in liquid form derived from petroleum.

(d) "Operator" means the person responsible for the overall operation of a tank facility.

(e) "Owner" means the person who owns the tank facility or part of the tank facility.

(f) "Person" means an individual, trust, firm, joint stock company, corporation, including a government corporation, partnership, or association. "Person" also includes any city, county, district, the University of California, the California State University, the state, any department or agency thereof, and the United States, to the extent authorized by federal law.

(g) "Regional board" means a California regional water quality control board.

(h) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, escaping, leaching, or disposing into the environment.

(i) "Storage" or "store" means the containment, handling, or treatment of crude oil or its fractions, for any period of time, including on a temporary basis.

(j) "Storage tank" means any aboveground tank or container used for the storage of crude oil or its fractions. "Storage tank" does not include any of the following:

(1) A pressure vessel or boiler which is subject to Part 6 (commencing with Section 7620) of Division 5 of the Labor Code.

(2) A storage tank containing hazardous waste, as defined in subdivision (g) of Section 25316, if the person owning or operating the storage tank has been issued a hazardous waste facilities permit for the storage tank by the department.

(3) An aboveground oil production tank which is subject to Section 3106 of the Public Resources Code.

(k) "Tank facility" means any one, or combination of, aboveground storage tanks, including any piping which is integral to the tank, which contains crude oil or its fractions and which is used by a single business entity at a single location or site. For purposes of this chapter, a pipe is integrally related to an aboveground storage tank if the pipe is connected to the tank and meets any of the following:

(1) The pipe is within the dike or containment area.

(2) The pipe is connected to the first flange or valve after the piping exits the containment area.

(3) The pipe is connected to the first flange or valve on the exterior of the tank, if state or federal law does not require a containment area.

25270.3. (a) Except as provided in subdivision (b), a tank facility is subject to this chapter if either of the following conditions apply:

(1) The tank facility is subject to the oil pollution prevention regulations specified in Part 112 (commencing with Section 112.1) of Subchapter D of Chapter I of Title 40 of the Code of Federal Regulations.

(2) (A) The tank facility has a storage capacity of 10,000 gallons or more of crude oil or its fractions.

(B) Notwithstanding subparagraph (A), a tank facility located on a farm, nursery, logging site, or construction site is not subject to the requirements of subdivision (c) of Section 25270.5 if no storage tank at the location exceeds 20,000 gallons and the cumulative storage capacity of the tank facility does not exceed 100,000 gallons.

(b) This chapter does not apply to any tank facility, or portion of a tank facility, subject to Section 3106 of the Public Resources Code.

25270.4. The board and the regional board shall administer this chapter with regard to a tank facility, or a portion of a tank facility, which is subject to Part 112 (commencing with Section 112.1) of Subchapter D of Chapter I of Title 40 of the Code of Federal Regulations, except for that portion of a tank facility associated with the production of oil, which shall be supervised by the Division of Oil and Gas of the Department of Conservation pursuant to Section 3106

of the Public Resources Code.

25270.5. (a) By January 1, 1991, the board shall adopt a schedule for the inspection of tank facilities subject to this chapter. In adopting this schedule, the board shall give special attention to those tank facilities which are near navigable waters, potable water supplies, or sensitive ecosystems, such as wetlands and marshes.

(b) Each regional board shall conduct periodic inspections of each storage tank at a tank facility in accordance with the schedule determined by the board pursuant to subdivision (a) for compliance with the spill prevention and countermeasure plan.

(c) Except as provided in subparagraph (B) of paragraph (2) of subdivision (a) of Section 25270.3, each owner or operator of a storage tank at a tank facility subject to this chapter shall, by January 1, 1991, prepare a spill prevention control and countermeasure plan prepared in accordance with the guidelines contained in Part 112 of Title 40 of the Code of Federal Regulations. Each owner or operator specified in this subdivision shall conduct periodic inspections of the storage tanks to assure compliance with Section 112.7 of Title 40 of the Code of Federal Regulations. In implementing the spill prevention control and countermeasure plan, each owner or operator specified in this subdivision shall fully comply with the latest version of the regulations contained in Part 112 of Title 40 of the Code of Federal Regulations.

(d) The owner or operator of a tank facility specified in subparagraph (B) of paragraph (2) of subdivision (a) of Section 25270.3 shall take all of the following actions:

(1) Conduct daily visual inspections of any tank storing crude oil or its fractions.

(2) Allow the regional board to conduct periodic inspections of the tank facility.

(3) Install a secondary means of containment for the entire contents of the largest tank at the tank facility, plus sufficient space for precipitation, if the regional board determines this installation is necessary for the protection of the waters of the state.

25270.6. (a) On or before July 1, 1990, and on or before July 1 of every two years thereafter, each owner or operator of a tank facility subject to this chapter shall file with the board a storage statement which shall identify the name and address of the tank facility, a contact person for the tank facility and the location, size, age, and contents of each tank that exceeds 10,000 gallons in capacity and which holds a substance containing at least 5 percent of crude oil or its fractions. A copy of a statement submitted previously pursuant to this section may be submitted in lieu of a new storage statement if no new or used storage tanks have been added to the facility or if no significant modifications have been made. For purposes of this section, a significant modification includes, but is not limited to, altering existing storage tanks or changing spill prevention or containment methods.

(b) Each storage statement submitted pursuant to subdivision (a)

shall be accompanied by a fee in accordance with the following schedule:

Total Tank Facility Storage Capacity	Per Facility Fee
10,000–100,000 gallons	$ 50
100,001–1,000,000 gallons	100
1,000,001–10,000,000 gallons	200
10,000,001–100,000,000 gallons	500
100,000,001 or more gallons	1,000

(c) The fees collected pursuant to this section shall be deposited in the fund until the total sum in the fund equals seven million five hundred thousand dollars ($7,500,000) in any one year.

If fees in excess of seven million five hundred thousand dollars ($7,500,000) are collected by the board, a pro rata share of the excess shall be returned to the owners or operators who paid the fee, or at the option of the owner or operator, credited to their account for a subsequent year. Expenses recovered pursuant to Section 25270.9, and penalties collected pursuant to Section 25270.12, shall not be available for return or credit to owners or operators pursuant to this subdivision. The board shall annually revise the sum of seven million five hundred thousand dollars ($7,500,000) to reflect the change in the cost of living in the state.

25270.7. (a) Except as provided in subdivision (d), the owner or operator of a tank facility which meets the requirements of subdivision (b) or (c) shall establish and maintain a monitoring program pursuant to subdivision (b) or (c), as applicable, which shall be approved by the regional board, to detect releases to the soil and water, including both groundwater and surface water. The owner or operator shall establish the required monitoring program within 180 days after preparing the spill prevention control and countermeasure plan required by subdivision (c) of Section 25270.5 or, in the case of tanks described in subparagraph (B) of paragraph (2) of subdivision (a) of Section 25270.3, within 180 days after the initial filing of a storage statement required by Section 25270.6. The owner or operator subject to this section shall designate a schedule for monitoring and the sample locations, which shall be approved by the regional board. The owner or operator shall make the monitoring results available to the regional board and the Department of Fish and Game.

(b) Each owner or operator of a tank facility subject to this chapter which, because of the tank location, tank size, characteristics of the petroleum being stored or the spill containment system, has the potential to impact surface waters or sensitive ecosystems, as determined by the regional board, shall do either of the following:

(1) Install and maintain a system, approved by the regional board, to detect releases into surface waters or sensitive ecosystems.

(2) If any discharge from a tank facility flows, or would reasonably

be expected to flow, to surface waters or a sensitive ecosystem, allow a drainage valve to be opened and remain open only during the presence of an individual who visually observes the discharge.

(c) Each owner or operator of a tank facility subject to this chapter which, because of the tank facility location, tank size, or characteristics of the crude oil or its fractions being stored (16 degrees API or lighter), has the potential to impact the beneficial uses of the groundwater, as determined by the regional board, and which is not required to have a groundwater monitoring program at the tank facility pursuant to any other federal, state, or local law, shall do any of the following:

(1) Install a tank facility groundwater monitoring system which will detect releases of crude oil or its fractions into the groundwater, as approved by the regional board.

(2) Install and maintain a tank foundation design which will provide for early detection of releases of crude oil or its fractions before reaching the groundwater, as approved by the regional board.

(3) Implement a tank water bottom monitoring system and maintain a schedule which includes a log or other record which will identify or indicate releases of crude oil or its fractions before reaching the groundwater, as approved by the regional board.

(4) Use other methods which will detect releases of crude oil or its fractions into or before reaching the groundwater, as approved by the regional board.

(d) Tank owners or operators shall report all positive findings from the detection systems required by subdivision (c) to the appropriate regional board within 72 hours after learning of the finding.

(e) This section does not apply to any tank whose exterior surface, including connecting piping, and the floor directly beneath the tank, can be monitored by direct viewing

25270.8. Each owner or operator of a tank facility shall immediately, upon discovery, notify the county and the city, if any, in which the tank facility is located, of occurrence of a spill or other release of one barrel (42 gallons) or more of crude oil or its fractions which is required to be reported to the Office of Emergency Services pursuant to subdivision (g) of Section 13272 of the Water Code.

25270.9. The board, the regional board, and the Department of Fish and Game may use funds appropriated pursuant to Section 25270.11 to oversee the cleanup or abatement efforts, or to cause cleanup or abatement efforts, in the event of a release from a storage tank at a tank facility.

The reasonable expenses of the board, the regional board, and the Department of Fish and Game incurred in overseeing or contracting for cleanup or abatement efforts which result from a leak or spill at a tank facility are a charge against the owner or operator of the tank facility. Expenses reimbursable to a public agency under this section are a debt of the tank facility owner or operator, and shall be collectible in the same manner as in the case of an obligation under

contract, express or implied. The expenses recovered pursuant to this section shall be deposited in the fund.

25270.10. (a) The board and the regional board shall periodically submit to the University of California, and publish in the State Contracts Register, a list or description of those areas of research needed by the state and private industry to better assess soil and water contamination by leaking storage tanks.

(b) The board may award grants on a competitive bid basis, to qualified persons to conduct research in areas determined pursuant to subdivision (a).

25270.11. (a) There is hereby established in the State Treasury the Environmental Protection Trust Fund. The money in the fund is available for expenditure by the board, upon appropriation by the Legislature, for the following purposes:

(1) Inspections of tank facilities.

(2) Training of inspectors of tank facilities.

(3) Oversight of, or causing, the cleanup or abatement of a release pursuant to Section 25270.9, including transfer to the regional board, or the Department of Fish and Game for this purpose.

(4) Awarding of research grants pursuant to Section 25270.10.

(5) To reimburse local and state agencies for reasonable costs incurred in responding to, overseeing the cleanup or abatement of, or causing cleanup or abatement efforts of, an accident or disaster involving an aboveground storage tank spill or release. Any local or state agency, except the board, which receives from the fund full reimbursement for these costs shall transfer to the board its right to recover costs from the owner or operator of the affected tank facility.

(6) To provide for the long-term rehabilitation and maintenance of affected wetlands and other natural resources affected by storage tank releases. The owner, manager, or custodian of adversely affected wetlands or other natural resources adversely affected by an aboveground storage tank spill or release may submit a claim for consideration by the board for funding to provide long-term rehabilitation and maintenance of those wetlands or other natural resources.

(7) To administer this chapter.

(b) All of the following shall be deposited in the fund:

(1) Fees collected pursuant to Section 25270.6.

(2) Expenses recovered pursuant to Section 25270.9.

(3) Penalties collected pursuant to Section 25270.12.

(4) Amounts transferred pursuant to Section 3 of the act adding this chapter.

(c) The money in the fund shall be expended only for spills or releases which occur on or after January 1, 1990, except that the portion of the money in the fund derived from Section 3 of the act which enacted this section, which is collected and due the state, may be expended in connection with expenses incurred as a result of any spill of crude oil exceeding 20,000 gallons which occurred in April, 1988, from one or more facilities located in the County of Contra

Costa or surrounding counties. Any reimbursement for costs associated with the spill, for which penalties were collected and appropriated under Section 3 of that act, shall not exceed the total penalty collected and transferred to the fund pursuant to Section 3 of that act.

(d) If a state or local agency obtains full funding for abatement or cleanup of a spill or release from a source other than the fund for a purpose authorized by this chapter, that agency is not eligible to receive money from the fund pursuant to this section. Otherwise, nothing in this bill is intended to nullify any other existing provision of law.

25270.12. (a) Any owner or operator of a tank facility who fails to file a storage report pursuant to subdivision (a) of Section 25270.6, to submit the fee required by subdivision (b) of Section 25270.6, to establish the monitoring system required by Section 25270.7, to report spills as required by subdivision (e) of Section 25270.7 or by Section 25270.8, or otherwise to comply with the requirements of this chapter is subject to a civil penalty of not more than five thousand dollars ($5,000) for each day on which the violation continues. If the owner or operator commits a second or subsequent violation, a civil penalty of not more than ten thousand dollars ($10,000) for each day on which the violation continues may be imposed.

(b) The civil penalties provided by this section may be assessed and recovered in a civil action brought by the board, the regional board, or the Attorney General.

(c) The board, the regional board, or the Attorney General may seek to enjoin, in any court of competent jurisdiction, any person believed to be in violation of this chapter.

(d) The penalties collected pursuant to this chapter shall be deposited in the fund.

(e) The penalties specified in this section are in addition to any other penalties provided by law.

25270.13. This chapter does not preempt local storage tank ordinances, in effect as of August 16, 1989, which meet or exceed the standards prescribed by this chapter.

SEC. 2. Section 3106 of the Public Resources Code is amended to read:

3106. The supervisor shall so supervise the drilling, operation, maintenance, and abandonment of wells and oil production tanks and facilities to prevent, as far as possible, damage to life, health, property, and natural resources; damage to underground oil and gas deposits from infiltrating water and other causes; loss of oil, gas, or reservoir energy, and damage to underground and surface waters suitable for irrigation or domestic purposes by the infiltration of, or the addition of, detrimental substances, by reason of the drilling, operation, maintenance, or abandonment of wells and oil production tanks and facilities.

The supervisor shall also supervise the drilling, operation, maintenance, and abandonment of wells so as to permit the owners

or operators of such wells to utilize all methods and practices known to the oil industry for the purpose of increasing the ultimate recovery of underground hydrocarbons and which, in the opinion of the supervisor, are suitable for this purpose in each proposed case. In order to further the elimination of waste by increasing the recovery of underground hydrocarbons it is hereby declared as a policy of this state that the grant in an oil and gas lease or contract to a lessee or operator of the right or power, in substance, to explore for and remove all hydrocarbons from any lands in the State of California, in the absence of an express provision to the contrary contained in the lease or contract, is deemed to allow the lessee or contractor or the lessee's or contractor's successors or assigns, to do what a prudent operator using reasonable diligence would do, having in mind the best interests of the lessor, lessee and the state, in producing and removing hydrocarbons, including but not limited to the injection of air, gas, water or other fluids into the productive strata, the application of pressure heat or other means for the reduction of viscosity of the hydrocarbons, the supplying of additional motive force or creating of enlarged or new channels for the underground movement of hydrocarbons into production wells, when these methods or processes employed have been approved by the supervisor, except that nothing contained in this section imposes a legal duty upon the lessee or contractor, or the lessee's or contractor's successors or assigns, to conduct these operations.

The supervisor may require an operator to implement a monitoring program, designed to detect releases to the soil and water, including both groundwater and surface water, for aboveground oil production tanks and facilities.

In order to best meet oil and gas needs in California, the supervisor shall administer this division so as to encourage the wise development of the oil and gas resources.

SEC. 3. Notwithstanding any other provision of law, there is hereby transferred to the Environmental Protection Trust Fund, established pursuant to Section 25270.11 of the Health and Safety Code, an amount equal to one-third the penalty collected and due to the state from any spill of crude oil, exceeding 20,000 gallons, which occurred in April 1988, from one or more facilities located in the County of Contra Costa or surrounding counties. This section shall apply to any funds collected and due to the state before or after the effective date of this act.

SEC. 4. On or before January 1, 1992, the State Water Resources Control Board shall conduct a study of the storage of hazardous materials in the state, report its findings, and submit recommendations to the Legislature and the Governor, on ways to improve oversight of aboveground storage facilities. The board shall consider the extent to which storage of hazardous materials in aboveground tanks should be made subject to a state inspection program similar to that specified in Chapter 6.67 (commencing with Section 25270) of Division 20 of the Health and Safety Code, as

proposed by Section 1 of this act, or to a strengthened local enforcement program based on Chapter 6.95 (commencing with Section 25500) of Division 20 of the Health and Safety Code.

SEC. 5. (a) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the Environmental Protection Trust Fund established pursuant to Section 25271 of the Health and Safety Code to the State Water Resources Control Board to conduct the study specified in Section 4 of this act.

(b) This section shall become operative July 31, 1990.

CHAPTER 1384

An act to amend Sections 7902.7, 56375, 56384, 56386, and 56842.5 of, and to add Sections 56375.1, 56426.5, 56827.5, 56833.1, 56833.3, 56842.6, and 56852.3 to, the Government Code, relating to local agencies.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 7902.7 of the Government Code is amended to read:

7902.7. (a) The appropriations limit of a city incorporated on or after January 1, 1988, but prior to January 1, 1990, shall be determined pursuant to Sections 56842.6 and 57104 and approved by the voters at the incorporation election.

(b) The appropriations limit of a city incorporated on or after January 1, 1990, shall be determined pursuant to Section 56842.6.

(c) The appropriations limit of a special district formed on or after January 1, 1988, shall be determined pursuant to Sections 56842.5 and 57104 and approved by the voters at the formation election.

(d) The appropriations limit of a county formed on or after January 1, 1988, shall be determined pursuant to Section 23332 and approved by the voters at the formation election.

SEC. 2. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory which the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which

the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more

factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

(h) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county clerk to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation.

(i) To adopt written procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 56841. Any standards adopted by the commission shall be written.

(j) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653.

(k) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(*l*) To incur usual and necessary expenses for the accomplishment of its functions.

(m) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(n) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those

boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(o) To waive the restrictions of Section 56109 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(p) To waive the application of Section 25210.90 or Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(q) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56842.

SEC. 3. Section 56375.1 is added to the Government Code, to read:

56375.1. The commission shall not approve or conditionally approve any proposal which includes an incorporation, unless the commission finds, based on the entire record, that:

(a) The proposed incorporation is consistent with the intent of this division, including, but not limited to, the policies of Sections 56001, 56300, 56301, and 56377.

(b) It has reviewed the spheres of influence of the affected local agencies and the incorporation is consistent with those spheres of influence.

(c) It has reviewed the comprehensive fiscal analysis prepared pursuant to Section 56833.1 and the Controller's report prepared pursuant to Section 56833.3.

(d) It has reviewed the executive officer's report and recommendation prepared pursuant to Section 56833, and the testimony presented at its public hearing.

(e) The proposed city is expected to receive revenues sufficient to provide public services and facilities and a reasonable reserve during the three fiscal years following incorporation.

SEC. 4. Section 56384 of the Government Code is amended to read:

56384. (a) The commission may appoint an executive officer who shall conduct and perform the day-to-day business of the commission. If the commission does not appoint an executive officer, the county administrator, or, if there is none, the county clerk, shall act as executive officer for the commission.

(b) The commission may appoint legal counsel to advise. If the

commission does not appoint legal counsel, the county counsel, or, if there is none, the district attorney, shall act as legal counsel for the commission. If the county counsel is subject to a conflict of interest, the commission shall appoint legal counsel to advise it. The commission may recover its costs by charging fees pursuant to Sections 56383 and 56654.

SEC. 5. Section 56386 of the Government Code is amended to read:

56386. (a) The officers and employees of a city, county, or special district, including any local agency, school district, community college district, and any regional agency, or state agency or department, as may be necessary, or any other public agency shall furnish the executive officer with any records or information in their possession which may be necessary to assist the commission and the executive officer in their duties, including, but not limited to, the preparation of reports pursuant to Sections 56833 and 56833.1.

(b) Upon request by the commission or the executive officer, the county surveyor, or any other county officer, county official, or employee as the board of supervisors may designate, shall examine and report to the commission or the executive officer upon any application or other document involving any of the matters specified in subdivision (n) of Section 56375.

SEC. 6. Section 56426.5 is added to the Government Code, to read:

56426.5. (a) Beginning January 1, 1990, at the time a commission approves a proposal for an incorporation or a reorganization which includes an incorporation, the commission may determine the sphere of influence for the proposed new city. Except as provided in subdivision (b), the commission shall determine the sphere of influence for any newly incorporated city within one year of the effective date of incorporation.

(b) The commission shall determine the sphere of influence for any newly incorporated city, the proposal for which was approved by the commission before January 1, 1990, by January 1, 1991.

SEC. 7. Section 56827 5 is added to the Government Code, to read:

56827.5. Notwithstanding Section 56827, when considering a proposal for incorporation, the commission shall hold a public hearing on any proposal filed within 30 days of any other proposal in which the proposals contain any portion of the same affected territory. In addition, the commission shall not approve any proposal for incorporation which contains any territory also contained in any other proposal until a public hearing has been held on each proposal.

SEC. 8. Section 56833.1 is added to the Government Code, to read:

56833.1. For any proposal which includes an incorporation, the executive officer shall prepare, or cause to be prepared by contract, a comprehensive fiscal analysis. This analysis shall become part of the report required pursuant to Section 56833. Data used for the analysis

shall be from the most recent fiscal year for which data are available, provided that the data are not more than one fiscal year old. When data from the most recent fiscal year are unavailable, the analysis shall document the source and methodology of the data used. The analysis shall review and document each of the following:

(a) The costs to the proposed city of providing public services and facilities during the three fiscal years following incorporation.

(b) The revenues of the proposed city during the three fiscal years following incorporation.

(c) The effects on the costs and revenues of any affected local agency during the three fiscal years of incorporation.

(d) Any other information and analysis needed to make the findings required by Section 56375.1.

SEC. 9. Section 56833.3 is added to the Government Code, to read:

56833.3. (a) For any proposal which includes an incorporation, the executive officer shall, at the request of an interested party and prior to issuing his or her report and recommendation pursuant to Section 56833, request the Controller to review the comprehensive fiscal analysis prepared pursuant to Section 56833.1.

(b) Within 45 days of receiving the analysis, the Controller shall issue a report to the executive officer regarding the accuracy and reliability of the information, methodologies, and documentation used in the analysis. The executive officer shall include the results of the Controller's report into his or her own report and recommendation issued pursuant to Section 56833.

(c) Notwithstanding Sections 56378 and 56386, the Controller may charge the commission for the actual costs incurred pursuant to this section. The commission may recover these costs by charging by charging the person who requested the Controller's review.

SEC. 10. Section 56842.5 of the Government Code is amended to read:

56842.5. If a proposal includes the formation of a district, the commission shall determine the appropriations limit of the district in accordance with Section 7902.7 and Article XIII B of the California Constitution.

SEC. 11. Section 56842.6 is added to the Government Code, to read:

56842.6. (a) If a proposal includes the incorporation of a city, the commission shall determine the provisional appropriations limit of the city in accordance with Section 7902.7 and Article XIII B of the California Constitution. The commission shall determine the provisional appropriations limit of the city in the following manner:

(1) Estimate the amount of revenue anticipated to be received by the city from the proceeds of taxes for the first full year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

(b) The governing body of the city shall determine the proposed permanent appropriations limit of the city to be submitted to the voters in the following manner:

(1) Determine the amount of revenue actually received by the city from the proceeds of taxes for the first full year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

(c) The permanent appropriations limit of the city shall be set at the first municipal election which is held at least one year after the incorporation and shall not be considered to be a change in the appropriations limit of the city pursuant to Section 4 of Article XIII B of the California Constitution.

SEC. 12. Section 56852.3 is added to the Government Code, to read:

56852.3. If the commission approves a proposal which includes the incorporation of a city, the resolution making determinations shall accept or reject each of the findings and recommendations made in the executive officer's report prepared pursuant to Section 56833, and the fiscal analysis prepared pursuant to Section 56833.1. If the commission rejects a finding or recommendation, the resolution making determinations shall include findings by the commission which present the basis for any rejection.

SEC. 13. Notwithstanding Article 2 (commencing with Section 13823) of Chapter 3 of Part 3 of the Health and Safety Code, the Board of Supervisors of the County of Lassen may by resolution entered on its minutes declare the Milford Fire District duly organized under the Fire Protection District Law, if the board of supervisors finds that the petition for the formation of the proposed district has been signed by registered voters in the proposed district equal in number at least to 51 percent of all the votes cast within the proposed district for all the candidates for Governor at the last preceding general election at which a Governor was elected.

SEC. 14. With respect to the provisions of Section 13 of this act, the Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances applicable only to Lassen County.

Local officials and registered voters who were cooperating in the proposed formation of the Milford Fire District were not aware of the changes to the formation procedures imposed by the Fire Protection District Law of 1987. The previous law had allowed local officials to form a fire protection district without an election when at least 51 percent of the registered voters had signed the formation petitions. Current law now requires an election to form a new fire protection district. Because of strong local support for the proposed fire protection district and the severe threat of fire danger, a general law cannot be made to apply in this case.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1385

An act to add and repeal Chapter 5.3 (commencing with Section 16525) of Part 4 of Division 9 of the Welfare and Institutions Code, relating to children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Legislature hereby recognizes and acknowledges that many children adjudicated dependents of the juvenile court pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code are, because of abuse, neglect, or exploitation within the family environment, unable to remain safely in their own homes.

(b) Children requiring placement in foster care are, pursuant to Section 675(5)(A) of Title 42 of the United States Code, entitled to placement in the least restrictive, most family-like setting in close proximity to the parent's home, consistent with the best interest and special needs of the child.

(c) A significant number of children adjudicated dependents of the Juvenile Court under Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code who require placement outside their own homes have been exposed before birth to alcohol or drugs or are human immunodeficiency virus (HIV) positive.

(d) Children with biological families who can provide health care services can be discharged from hospital care into home care when it has been determined that the child is medically stable. Children who have become dependents of the juvenile court may become, because of a lack of appropriate placement options, long-term boarders in hospitals or other health care institutions.

SEC. 2. (a) It is the intent of the Legislature to support expansion of existing prevention and treatment programs designed

to serve the parent and infant affected by either substance abuse or acquired immune deficiency syndrome (AIDS) which are administered by the State Department of Health Services, the State Department of Social Services, and the State Department of Alcohol and Drug Programs, and that the Secretary of the Health and Welfare Agency designate a lead agency to coordinate this effort.

(b) Further, it is the intent of the Legislature to establish a demonstration project to place children who are alcohol- or drug-exposed or HIV positive in special foster care homes, licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, with foster parents who are trained to provide specialized in-home health care to foster children.

SEC. 3. In keeping with the commitment to place children in the least restrictive, most family-like setting, and recognizing that an adequate number of foster family homes may not be available for the placement of all children who are alcohol- or drug-exposed or test HIV positive, the Legislature supports the concept of the development of transitional placements which would allow children to move from hospital settings into a more home-like environment.

SEC. 4. Chapter 5.3 (commencing with Section 16525) of Part 4 of Division 9 is added to the Welfare and Institutions Code, to read:

(b) The department shall report to the Legislature on the effectiveness of this demonstration project by December 31, 1992.

(a) The project established pursuant to this chapter shall be deemed to be successful if, by the end of the first year of the demonstration project, 25 percent of children adjudicated dependents of the juvenile court who require placement outside their own homes and who are alcohol- or drug-exposed or HIV positive are placed in licensed foster family homes in which the foster parents were recruited and trained pursuant to this chapter to care for, and to provide specialized in-home health care to, a child who is alcohol- or drug-exposed or HIV positive.

(b) The project shall be deemed to be successful if, by the end of the third year of the demonstration project, 50 percent of the eligible children are placed in foster homes herein described.

16525.29. Nothing in this chapter shall be construed to prevent children who are alcohol- or drug-exposed or HIV positive who have adoption as a case plan goal from receiving services under this chapter.

16525.30. (a) Notwithstanding any other provision of law, including, but not limited to, Sections 1250, 1251, 1254, 1270, 1501, 1502, 1505, 1507, 1521, 1530.6, and 11002, subdivision (c) of Section 1550, and subdivision (a) of Section 11154 of the Health and Safety Code, and Sections 2052, 2725, 2732, and 2795 of the Business and

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for children who are alcohol or drug exposed or who test HIV positive to enjoy the benefits of the least restrictive, most family-like setting consistent with the best interest and special needs of the child, at the earliest possible time and to prevent these children from languishing in hospitals or other health care institutions, it is necessary for this act to take effect immediately.

CHAPTER 1388

An act to amend Section 22825.1 of the Government Code, relating to public employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989. Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1 Section 22825.1 of the Government Code is amended to read:

22825.1. (a) Notwithstanding any other provision of this article, the employer's contribution, with respect to each state officer and employee or an annuitant who was in the employment or office including an academic position with a campus of the California State University or is a survivor of that person, shall be adjusted by the Legislature in the annual Budget Act. Annual adjustments of the dollar amounts therein shall be based upon the principle that the employer's contribution for each employee or annuitant shall be an amount equal to 100 percent of the weighted average of the health benefits plan premiums for employees or annuitants enrolled for self alone plus 90 percent of the weighted average of the additional premiums required for enrollment of family members in the four health benefits plans which have the largest number of enrollments during the fiscal year to which the formula applied. Notwithstanding any other provision of this section, the employer's contribution, with respect to each state employee annuitant identified by the board who lives where there is no available, competitive health maintenance organization and a fee for service health plan is the only option, shall be an amount equal to 90 percent of the PERS Care premium for employees and annuitants enrolled for self alone plus 90 percent of the PERS Care premium required for enrollment of family members for the 1989–90 fiscal year. Notwithstanding any other provision of law, any plan which is offered exclusively as part of any flexible benefits program shall not be included in the formula. There shall be only one such contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant.

The employer's contribution under this section for each employee shall commence on the effective date of his or her enrollment.

The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him or her under the plan or plans less the portion thereof to be contributed by the employer.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5 or Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that unanticipated defaults by carriers of health benefits plans for public employees may be dealt with and remedied to the extent possible by the Board of Administration of the Public Employees' Retirement System at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1389

An act to amend Sections 68202.5, 68540, 68540.5, 68541, 68542, 68543.5, and 77202 of, and to add Section 77205.3 to, the Government Code, and to amend Section 4301 of the Penal Code, relating to administration of justice, and making an appropriation therefor.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

(c) Each judge of a part-time justice court shall receive the same annual salary as a judge of the municipal court if both of the following conditions are met:

or herself available to take assignments from the Chief Justice whenever the workload determined pursuant to subdivision (d) does not require the judge's services in the court to which he or she is elected or appointed.

(2) The Chief Justice has certified that the judge is acceptable for regular judicial assignment to other courts. A certification under this subdivision may be revoked at any time for cause.

(d) A judge certified under subdivision (c) for full-time service shall be assigned to courts needing assistance when not required to serve the court to which he or she is elected or appointed, as determined by rules adopted by the Judicial Council, subject to the approval of the Chief Justice. (d) A judge certified under subdivision (c) for full-time service shall be assigned to courts needing assistance when not required to serve the court to which he or she is elected or appointed, as determined by rules adopted by the Judicial Council, subject to the

If the county is an option county, as defined in Section 77004, the amounts due shall be paid and credited as provided in Section 77205.3.

SEC. 3. Section 68540.5 of the Government Code is amended to read:

68543.5. Whenever a judge retired as such under the Judges' Retirement Law is assigned to sit in a court, he or she shall be compensated while so sitting at a rate equal to 92 percent of the full compensation of a judge of the court to which he or she is assigned. A retired judge of a justice court who is not under the Judges' Retirement Law and who is assigned to sit in a court shall be compensated while so sitting at the full compensation of a judge of the court to which he or she is assigned, or the compensation specified in Section 68541, whichever is greater. The compensation shall be chargeable for the period specified in Section 68547 the same as provided by law with respect to the compensation of a judge of the court to which he or she is assigned and the compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairperson of the Judicial Council.

If the compensation is greater than the judge's retirement allowance, the state shall pay the judge the difference between the compensation and the retirement allowance. The state shall reimburse the Judges' Retirement Fund for the retirement allowance paid to the judge while sitting on assignment, except that if no allowance has been paid because the judge has taken deferred retirement, no reimbursement shall be paid to the Judges' Retirement System. The receiving county shall pay the state 50

percent of the judge's full salary for the time the judge served the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

The state shall reimburse the Judges' Retirement Fund in the amount of the compensation which would otherwise have been paid to the judge while sitting on assignment. The receiving county shall pay the state 50 percent of the full salary of a judge of the court to which the retired judge is assigned for the time the judge serves the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

If a judge retired under the Judges' Retirement Law is assigned to sit in a court, the 8-percent difference between the compensation of the retired judge while so assigned and the compensation of a judge of the court to which assigned shall be paid to the Judges' Retirement Fund.

During the period of assignment, a retired judge shall be allowed those necessary expenses for travel, board, and lodging incurred in the discharge of the assignment. When assigned to sit in the county in which he or she resides, the judge shall be allowed necessary and reasonable expenses for travel, parking, and board incurred in the discharge of the assignment. The receiving county shall reimburse the state for these expenses. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

Notwithstanding the above provisions pertaining to compensation, a retired judge on senior judge status shall receive compensation from the state as provided in Sections 75028 and 75028.2, and shall be allowed necessary expenses for travel, board, and lodging incurred in the discharge of the assignment as provided in this section.

The receiving county shall pay the state 50 percent of the full salary of a judge of the court to which the retired judge is assigned for the time the judge serves the receiving court. 77205.3. Amounts due the state or a county as provided in Article 2 (commencing with Section 68540) of Chapter 2 of Title 8 shall be deducted from block grants or added to block grants each quarter. The Judicial Council shall certify the net amount due to the state or county, and the Controller shall deduct or add the amount certified from the grant paid to each county. The excess of sums deducted over the sums paid shall be placed in the assigned judges account which shall serve as a revolving fund to support judicial assignment activity.

It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, (2) each bill amends Section 68202.5 of the Government Code, and (3) this bill is enacted after SB 710, in which case Section 68202.5 of the Government Code, as amended by SB 710, shall remain operative only until July 1, 1990, as specified in this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2

of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Sec. 202. The initial boundaries of the district shall be established by the board of directors, after a noticed public hearing, based on studies and investigations which have been conducted by the United States Geological Survey and the Department of Water Resources in accordance with Article 5 (commencing with Section 501). The boundaries shall be depicted on a map which shall be adopted by the board of directors and thereafter recorded in the office of the county recorder.

Sec. 203. The board may adjust the district's boundaries in the same manner prescribed for establishment of the district's initial boundaries if it determines, based on additional studies and investigations by the United States Geological Survey or the Department of Water Resources, that the territory overlying the Honey Lake Valley Groundwater Basin is different than the territory theretofore shown on the recorded map of the district's boundaries.

Sec. 401. The district shall be governed by a board of directors consisting of five directors. Four directors shall be elected, at large, by eligible voters in accordance with Section 402. One director shall be a member of the board of supervisors of the county appointed by the board of supervisors, serving at the pleasure of the board of supervisors.

Sec. 402. Only eligible voters shall vote at district elections. An eligible voter is an owner of land with an extraction facility or facilities from which is capable of extracting 100 gallons per minute, exclusive of domestic use. Each eligible voter shall have one vote. At the initial district election, voting rights shall be determined by an initial groundwater extraction statement filed with the district for a specified period.

Sec. 403. The board of supervisors of the county shall appoint the initial elected members of the board of directors. The appointed members of the board of directors shall so serve until extraction facilities within the district are registered, and an initial groundwater extraction statement is filed with the district, at which time the board of supervisors shall call an election of directors. At the initial district election, the four persons receiving the highest number of votes shall be elected.

Sec. 404. For land in multiple ownership, the owners shall designate in writing to the district, prior to the deadline set by the district, the eligible voter for voting purposes. Where applicable, the owners shall designate in writing, prior to the deadline set by the district, the legal representative who shall be entitled to vote on behalf of the owners.

Sec. 405. An eligible voter may vote at any district election either in person or by a person duly appointed as his or her proxy. The proxy may be executed by the legal representative or by the single owner designated pursuant to Section 404.

Sec. 406. No appointment of a proxy shall be valid, accepted, or vote allowed thereon at any district election unless it is in writing, it is executed by the eligible voter who is entitled to cast the votes for which the proxy is given, it is notarized, and it specifies the election at which it is to be used. An appointment of a proxy shall be used only at the specified election.

An appointment of a proxy is revocable at the pleasure of the eligible voter who is entitled to cast the votes for which the proxy is given at any time before the person appointed as proxy has cast a ballot representing the votes for which the appointment was given.

Sec. 407. Except as otherwise provided in this act, the county clerk shall conduct all elections. The board may, by resolution, determine that the district shall conduct an election and designate an officer who shall perform the duties of the county clerk in conducting the election.

Sec. 408. The board may, by resolution, direct that any district election be conducted by all-mailed ballot under the procedure for mailed ballot elections set forth in the Elections Code. For a mailed ballot, eligible voters shall cast votes directly and not by proxy.

Sec. 409. (a) Except for the initial elected directors, the elected directors shall serve for terms of four years. The terms shall be concurrent with the terms of district officials elected under the Uniform District Election Law.

(b) The four directors initially elected shall determine by lot, the expiration dates for their initial terms. The term of two directors shall expire concurrently with the terms of officials subject to election at the next general election to be held under the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code). The terms of the other two directors shall expire concurrently with the terms of officials to be elected at the subsequent general election to be held under the Uniform District Election Law.

Sec. 410. Prior to taking office, each elected director shall take the official oath and execute such bond as may be set by the board.

Sec. 411. All vacancies occurring in the office of an elected director shall be filled pursuant to Section 1780 of the Government Code.

Sec. 412. Each director shall be entitled to receive compensation in an amount set by the board and recorded in its official minutes, not to exceed fifty dollars ($50) per day for each day's attendance at meetings of the board or for each day's service rendered as a director by request of the board, not to exceed six days in any calendar month, together with actual, necessary, and reasonable expenses incurred in the performance of duties required or authorized by the board.

Sec. 413. At its first meeting and at its regular meeting in January and each year thereafter, the board shall elect a chairperson and vice chairperson from its members.

Sec. 414. No change in the date of the regular meeting of the board of directors shall be effective until notice thereof has been

published in a newspaper of general circulation within the district at least seven days prior to the effective date of the change.

Special meetings of the board may be called and conducted in the manner provided for in the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

Sec. 415. A majority of the board constitutes a quorum for the transaction of business.

Sec. 416. The vote of a majority of the directors present at any meeting attended by a quorum is necessary to take action, unless otherwise specified in this act or by law.

Sec. 417. Any extraction facility which is not capable of extracting 100 gallons per minute, exclusive of domestic use, is exempt from the requirements of this act, including charges levied and imposed pursuant to Article 8 (commencing with Section 801) and Article 9 (commencing with Section 901).

Sec. 419. The district may establish penalties for violations of district ordinances that are in addition to the remedies specified in this act.

Sec. 420. (a) Any ordinance adopted pursuant to this act shall become effective within 30 days of adoption. Within 10 days after its adoption, the ordinance shall be published pursuant to Section 6061 of the Government Code. From and after the effective date of adoption, any person who does not comply with the ordinance may be liable civilly for a sum not to exceed one thousand dollars ($1,000) for each day an ordinance is not complied with, in addition to any penalties established pursuant to Section 419.

(b) Without following the procedures otherwise required prior to the adoption of an ordinance pursuant to subdivision (a), the board of directors, to protect the public safety, health, and welfare, may adopt as an urgency measure an interim ordinance. That urgency measure shall require a four-fifths vote of the board for adoption. The interim ordinance shall be of no further force and effect 45 days from its adoption. After notice pursuant to Section 6061 of the Government Code and public hearing, the board may extend the interim ordinance for 10 months and 15 days by a four-fifths vote of the board.

Sec. 421. Within 60 days after publication of any ordinance or resolution establishing or in furtherance of a groundwater management program, any interested party may file with the superior court a petition for writ of mandate for the review thereof. Failure to file an action does not preclude a party from challenging the validity of the ordinance or resolution in any judicial proceedings brought to enforce the ordinance or resolution or for any other civil remedies, including the imposition of civil penalties. The right to seek judicial review shall not be affected by the failure to seek

reconsideration from the board of directors.

Sec. 422. The board of directors may reconsider all or part of a decision on petition of any person affected by the decision. Any such petition shall be filed with the district within 15 days after adoption of the decision by the board of directors. The board of directors shall decide whether to reconsider its decision within 60 days after the petition is filed.

Sec. 423. Any county employee may serve as an ex officio employee of the district and may perform without additional compensation the same duties for the district as for the county with the consent of the board of supervisors of the county and the board.

Sec. 424. The board may employ and appoint any agents, officers, employees, and consultants as may be required, prescribe their duties, fix their salaries, and prescribe the terms and conditions of their employment.

Sec. 425. The district may enter into joint powers agreements as permitted by law for the purpose of implementing its powers and purposes as set forth in this act, including agreements with the State of Nevada and the County of Washoe.

Article 5. Studies and Investigations

Sec. 501. The district may carry on technical and other necessary investigations of all kinds and collect data necessary to carry out this act. The district shall have the right of access to all properties within the district to the extent permitted by the United States Constitution and the California Constitution.

Sec. 502. The district may cooperate and contract with federal, state, and local governmental agencies in the conduct and performance of all investigations, studies, and data collection.

Sec. 503. The district shall not implement groundwater management programs until the board of directors has received the recommendations of its engineers, consultants, and staff based on these investigations and studies.

Sec. 504. The district shall prepare annually a report on groundwater supplies and conditions in the district, including groundwater management objectives and a plan of implementation of those objectives, following a determination that groundwater management activities may be necessary.

Article 6. Registration of Groundwater Extraction

Sec. 601. The district may require extraction facilities to be registered with the district and measured with a water flow measuring device installed and calibrated by the district or, at its option, by the extraction facility operator. The district may also require any new extraction facility which is constructed, existing extraction facility which is deepened, or abandoned extraction facility which is reactivated to be registered with the district within

60 days of completion of construction, deepening, or reactivation, and measured with a water flow measuring device installed and calibrated by the district or, at its option, by the extraction facility operator.

Sec. 602. In addition to other information which the district may require, the district may require for each registered extraction facility information as to the operator of each extraction facility, the owner of the land upon which each extraction facility is located, and a general description of the equipment associated with each extraction facility and the location of each water extraction facility.

Sec. 603. It is unlawful to extract groundwater from any extraction facility required to be registered unless the extraction facility has been registered with the district and, if required, has a water flow measuring device affixed. Any person who does not comply with this section shall be liable civilly for a sum not to exceed one thousand dollars ($1,000) for each day the provisions are not complied with, in addition to any penalties established pursuant to Section 419.

Sec. 604. The district may, after notice and hearing, and based upon the findings and determinations from the hearing, require the operator of each extraction facility, until the extraction facility has been permanently abandoned, to file with the district, by a date established by the board of directors, a statement relative to groundwater extraction, including, but not limited to, the gallons per minute which is capable of being extracted from each extraction facility, the static groundwater level for each extraction facility, a general description or number locating each extraction facility, use and acreage served by the extraction facility, and the method of measuring or computing groundwater extraction. The statement shall be verified by a written declaration that it is made under penalty of perjury. The operator of an extraction facility which has been permanently abandoned shall give written notice of the abandonment to the district.

Sec. 605. When a water flow measuring device is used at an extraction facility, the record of extraction, as disclosed by the water flow measuring device, shall be presumed to be accurate and shall be used as the basis for computing the water extraction of the extraction facility in completing the groundwater extraction statement. The district may require proof of the accuracy of the water flow measuring device from the operator and may, absent adequate proof of accuracy, order the operator to have the water flow measuring device calibrated in a manner acceptable to the district. If the district has probable cause to believe that the extraction of groundwater from any extraction facility is in excess of the amount reported in groundwater extraction statements, or if no statements are filed covering an extraction facility, the district may investigate the extraction of water from each such extraction facility.

Sec. 606. The board of directors may establish reasonable methods to be used in computing the amount of water extracted by

extraction facilities.

Sec. 607. Any person who does not file a groundwater extraction statement, if required, or any person who injures, alters, removes, resets, adjusts, manipulates, obstructs, or in any manner interferes or tampers with, or procures, or causes, or directs any person to injure, alter, remove, reset, adjust, manipulate, obstruct, or in any manner interfere or tamper with, any water flow measuring device affixed to any extraction facility as required by this act so as to cause the water flow measuring device improperly or inaccurately to measure and record water extraction, or any person who, with intent to evade any provision or requirement of this act, files with the district any false or fraudulent groundwater extraction statement shall be liable civilly in a sum of not to exceed one thousand dollars ($1,000).

Article 7. Powers of the District

Sec. 701. If, upon receipt of the recommendations of its engineers, consultants, and staff, the board of directors determines that groundwater management activities may be necessary, the board of directors shall, after compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), give notice of and hold a hearing to receive evidence on the need for a program and on the form and scope of the management activities required. The requirement in this section for compliance with the California Environmental Quality Act does not, and shall not be construed to, limit compliance with that act for other discretionary actions by the board.

Sec. 702. If, upon conclusion of the hearing, and consideration of any relevant investigations, studies, or results performed pursuant to Article 5 (commencing with Section 501) and Article 6 (commencing with Section 601), the board of directors determines that management in the form proposed is necessary for the sound management of the groundwater within the groundwater basin, the district may, by ordinance, exercise any of the following powers:

(a) The district may store water in and recapture water from surface reservoirs or groundwater basins within the district.

(b) The district may conserve and reclaim water within or outside of the district and require conservation practices and measures within the district.

(c) The district, in order to improve and protect the quality of groundwater supplies or to respond to, and rectify, conditions of subsidence, may treat, inject, extract, or otherwise control water, including, but not limited to, control of extractions and drainage problems. These powers include the right to regulate, limit, or suspend extractions from extraction facilities, the construction of new extraction facilities, the enlarging of existing facilities, or the reactivation of abandoned extraction facilities.

(d) The district may regulate groundwater replenishment

programs and recapture supplemental groundwater resulting from such programs within the district as provided by this act. The district may determine the amount of groundwater basin storage space available and to allocate groundwater basin storage space within the groundwater basin.

(e) The district may commence and prosecute actions to enjoin unreasonable uses or methods of use of groundwater within the district or outside of the district to the extent those uses or methods of use affect the groundwater supply within the district.

Sec. 703. The district may impose spacing requirements on new extraction facility construction to minimize well interference.

Sec. 704. The district may, at the request of a district water user, impose reasonable operating regulations on extraction facilities to minimize well interference. The regulations may, where feasible, require the operation of extraction facilities on a rotation basis. Rotation is not feasible if it would require an overlying owner to construct a new well to irrigate the acreage being irrigated by a single existing well.

Sec. 705. (a) The district may, at the request of a water user, and after notice to all affected persons, convene a hearing to ascertain if the legal rights of the complaining water user have been infringed through well interference by the operation of other extraction facilities within the district.

(b) If, on the basis of the hearing record, the board of directors determines that the legal rights of the complaining water user have been infringed, the board of directors may make such orders as are necessary to provide the complaining water user with an adequate remedy to the well interference.

(c) The district may petition the appropriate superior court for enforcement of its order.

Sec. 706. (a) No groundwater shall be exported from the district unless the exporter has applied for and obtained a permit from the district which establishes the quantity of water which may be exported and the conditions on the export. Notwithstanding any conditions specified in the permit, exporters are subject to Section 707.

(b) The district shall not issue any permit to export water from the district unless the applicant has established that there is an available supply as defined in this act, in excess of the amount currently required for reasonable and beneficial uses within the district, and the board of directors determines that the export, if permitted, would not adversely affect the rights of groundwater users within the district. The district shall issue permits for export for such time periods and under such terms and conditions as it deems appropriate. All permits shall state that they are subject to the right of the district to reduce or suspend exports as provided for in this act.

Sec. 707. The district shall, after published notice and a hearing which discloses evidence of overdraft, or threat of overdraft, reduce or suspend extractions by exporters regardless of whether a permit

to export has been granted pursuant to this act.

Sec. 708. If the evidence produced at the hearing specified in Section 707, or in any subsequent hearing, tends to show that reduction or suspension of extraction by exporters will be insufficient to eliminate existing or threatened conditions of overdraft, the district may limit or suspend extractions by district users. Any such limitation or suspension of extraction shall be done in the manner described in Section 709.

Sec. 709. If the district limits or suspends extractions by district users in order to eliminate existing or threatened conditions of overdraft, rights to the use of the available supply of groundwater shall be allocated primarily on the basis of the number of irrigable acres overlying the basin or subbasin that a user owns or leases in proportion to the total number of irrigable acres overlying the basin or subbasin. The district may adjust any figure so arrived at up or down for any of the following factors:

(a) The number of acres actually irrigated compared to the number of acres owned or leased.

(b) Crop type.

(c) Wasteful or inefficient use.

(d) Reasonable need.

(e) Water conservation activities.

(f) Any other factors that the district reasonably feels it should consider in order to reach an equitable distribution within the entire district.

Sec. 710. If the district has imposed reductions on district users pursuant to Section 708, no person operating extraction facilities may extract groundwater from a new, enlarged, or reactivated extraction facility for use within the district until the operator has applied for and received a permit from the district.

Sec. 711. (a) The district shall grant the permit referred to in Section 710 upon determining the operator's share of the available supply from the groundwater basin or subbasin in the manner described in Section 709 and may limit the right to extract groundwater to that share. To the extent necessary, the district shall adjust the authorized extractions by other district users.

(b) The district may postpone the effective date of any increase authorized in subdivision (a) to the start of the next water year. The district may also establish a date by which any application shall be submitted in order to be effective at the start of the next water year.

Sec. 712. If any court is petitioned to adjudicate the groundwater basin or any part thereof, whether the petition is filed by the district or by any person, the court may base any judgment, ruling, or findings of fact primarily on the number of overlying irrigable acres that the parties own in proportion to the total number of overlying irrigable acres in the basin or subbasin. In order to reach an equitable distribution, the court may adjust any amounts so arrived at for any of the following factors:

(a) Historical pumpage.

(b) Wasteful or inefficient use.

(c) Reasonable need.

(d) Reduction or suspension of extractions required by the district.

(e) Water conservation activities.

(f) Any other factors that the court feels it should consider in order to reach an equitable distribution.

Sec. 713. In order to preserve and manage the groundwater resources of the district, the district may commence, maintain, intervene in, defend and compromise, and assume the costs and expenses incurred by the district in actions and proceedings now or hereafter begun involving groundwater, including, but not limited to, groundwater rights adjudication.

Article 8. Groundwater Extraction Charges

Sec. 801. (a) Groundwater extraction charges levied pursuant to this act are declared to be in furtherance of district activities to manage groundwater resources in the groundwater basin which are necessary for the health, welfare, and safety of the public. Groundwater extraction charges are charges for the groundwater management services rendered by the district and shall only be used to finance or otherwise support those services.

(b) Groundwater extraction charges may be levied for the benefit of all who rely directly upon the groundwater resources of the district. Groundwater extraction charges are authorized to be levied upon the extraction of groundwater from all groundwater extraction facilities which are not exempt from this act, except the extraction of water stored pursuant to a groundwater storage agreement or other storage commenced before the creation of the district, and except upon the use of supplemental water as an alternate source in lieu of groundwater.

Sec. 802. (a) Groundwater extraction charges may be levied for the purpose of paying the costs of initiating, carrying on, and completing any of the powers, projects, and purposes set forth in Articles 6 (commencing with Section 601) and 7 (commencing with Section 701), except that the charge shall not exceed the annual cost to the district incurred in carrying out the powers, projects, and purposes of this act. These activities shall be consistent with the rendering of groundwater management services by the district.

(b) Groundwater extraction charges shall be levied only within a zone or zones of benefit of the district which will benefit from the management activities set forth in Articles 6 (commencing with Section 601) and 7 (commencing with Section 701).

Sec. 803 (a) Before the levy of groundwater extraction charges, the board of directors shall, after notice and hearing, find and determine the activities required to prepare or implement any groundwater management program for the district and to initiate, carry on, or complete any of the other powers, projects, and purposes

set forth in Articles 6 (commencing with Section 601) and 7 (commencing with Section 701) and the sum of money necessary for the ensuing water year for those activities.

(b) The board of directors shall determine the need and desirability of levying a groundwater extraction charge for the purpose of paying the costs of initiating, carrying on, and completing any of the powers, projects, and purposes set forth in Articles 6 (commencing with Section 601) and 7 (commencing with Section 701). The board of directors shall find that the charge is necessary to finance or otherwise support the groundwater management services provided by the district, except that the charge shall not exceed the annual cost to the district incurred in carrying out the powers, projects, and purposes of this act.

Sec. 804. The groundwater extraction charge rate shall be uniform for groundwater extraction within each zone of benefit in the district.

Sec. 805. Groundwater extraction charges shall be calculated on the basis of groundwater extraction statements required to be filed pursuant to this act.

Sec. 806. The total of the groundwater extraction charges levied in any year shall not exceed an amount of money found to be necessary to pay the costs of initiating, carrying on, and completing any of the powers, projects, and purposes set forth in Articles 6 (commencing with Section 601) and 7 (commencing with Section 701).

Sec. 807. The groundwater extraction charge may, at the option of the district, be collected on the tax rolls of the county in the same manner, by the same persons, and at the same time as, together with and not separately from, county ad valorem property taxes. In lieu of this election, the district shall collect groundwater extraction charges at the same time, together with penalties and interest at the same rates, as is prescribed for the collection of county ad valorem property taxes. The amount of an unpaid groundwater extraction charge together with any penalty or interest thereon shall constitute a lien on that land as of the same time and in the same manner as does the tax lien securing ad valorem property taxes.

Article 9. Management Charges

Sec. 901. Management charges are hereby declared to be charges imposed on an operator or operators within the district for the benefit of all who rely directly upon the groundwater resources of the district.

Sec. 902. Each year the district may fix a management charge for the purpose of paying the costs of initiating, carrying on, and completing any of the powers, projects, and purposes for which the district is organized, except that the charge shall not exceed the annual cost to the district incurred in carrying out the powers, projects, and purposes of this act.

Sec. 903. Before the levy of management charges, the board of directors shall, after notice and hearing, find and determine the portions of the district to be benefited by management and planning activities, the need for management charges for the purpose of paying the costs of these activities, and the amount of the charges to be levied.

Sec. 904. The management charge shall be collected on the tax rolls of the county in the same manner, by the same persons, and at the same time as, together with and not separately from, county ad valorem property taxes.

Sec. 905. The amount of an unpaid management charge together with any penalty and interest thereon constitute a lien on that land as of the same time and in the same manner as does the tax lien securing county ad valorem property taxes.

Article 10. Zones of Benefit and Assessment Districts

Sec. 1001. The district may use the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code), the Improvement Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code), or the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) for the construction of any facilities authorized to be constructed by the district under the provisions of this act.

Sec. 1002. (a) The board of directors may establish zones of benefit within the district. Resolutions of the board of directors shall describe the boundaries of the zones of benefit.

(b) The board of directors may amend zone of benefit boundaries by annexing property to or by withdrawing property from a zone, or may divide a zone into two or more zones. Resolutions of the board of directors shall describe the boundaries of the amended or divided zones.

Article 11. Development Projects

Sec. 1101. After creation of the district, any person seeking approval from a local agency having land use jurisdiction of a development project proposed to be located wholly or in part within the boundaries of the district and which proposes to extract groundwater for service of water shall, at the time of filing an application with the local agency, file with the district documents describing the proposed sources of water, the amount of water required, the amounts of groundwater previously used on the property proposed to be developed, and such other information as the district may reasonably require.

Sec. 1102. The district shall be considered a "responsible agency,"

as defined in Section 65933 of the Government Code, and shall submit the finding described in Section 1103 within the time period established by Section 65952 of the Government Code. The district shall comply with Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7 of the Government Code. The application for the development project shall be deemed complete for purposes of Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7 of the Government Code when the information required by Section 1101 has been provided to the district and when the information required by Section 65943 of the Government Code has been provided to the local agency with land use jurisdiction.

Sec. 1103. (a) The district shall determine whether sufficient groundwater is available for the proposed use by a development project based on the projected use of groundwater by the project. The district shall find that sufficient groundwater is available for use by a development project upon demonstration to the district's satisfaction by the person seeking approval of the development project that the development project will not use more water than is found to be available pursuant to subdivision (b).

(b) In determining whether sufficient groundwater is available for a development project, the district shall take into account that groundwater is to be allocated primarily on the basis of the number of irrigable acres overlying the basin or subbasin that the development project occupies in proportion to the total number of irrigable acres overlying the basin or subbasin, but that such allocation may be adjusted up or down for any of the following factors:

(1) The total number of overlying acres actually irrigated or reasonably susceptible of irrigation compared to the total number of overlying acres in the basin.

(2) The number of overlying acres being irrigated from surface water sources.

(3) Crop types.

(4) Wasteful or inefficient use.

(5) Reasonable needs of water users within the district.

(6) Any possible reduction or suspension of exports which would allow in-district groundwater use to take place.

(7) Water conservation activities.

(8) Any other factors that the district reasonably feels it should consider in determining whether sufficient water will be available to the development project.

Sec. 1104. (a) Notwithstanding any other provision of law, no local agency having land use jurisdiction shall approve a proposed development project which proposes to use groundwater from the basin unless one of the following occurs:

(1) The district finds that sufficient groundwater is available to the development project pursuant to Section 1103.

(2) The local agency having land use jurisdiction conditions their approval on the action by the district pursuant to Section 1103.

(b) If, pursuant to paragraph (2) of subdivision (a), a local agency having land use jurisdiction conditionally approves a proposed development project, and if the district subsequently finds that sufficient groundwater is not available for the development project, the development project shall be deemed to be denied by the local agency as a matter of law without the local agency taking further action.

Sec. 1105. Nothing in this article limits the district's general powers to regulate groundwater extraction and use in development projects in the same manner as other extractions and use within the district.

Article 12. Enforcement Powers

Sec. 1201. Upon the failure of any person to comply with any of the provisions of this act, including, but not limited to, registration of extraction facilities and installation of measuring devices, filing of statements, payment of extraction charges, or payment of management charges, or upon failure of any person to comply with any ordinance duly adopted by the board of directors pursuant to this act, the district may petition the superior court of the county for a temporary restraining order or preliminary or permanent injunction prohibiting the person from operating an extraction facility or for such other injunctive relief as may be appropriate. The temporary restraining order shall be returnable to the court on or before 10 days after its issuance.

Sec. 1202. The right to proceed for injunctive relief is an additional right to those which may be provided elsewhere in this act or otherwise allowed by law. The district shall not be required to provide an undertaking or bond as a condition of a grant of injunctive relief.

Sec. 1203. In any action brought pursuant to this act in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it is not necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued, or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without those allegations and without that proof.

Sec. 1204. The district may petition the superior court of the county to recover any sums due to the district pursuant to this act. The district shall make that request only after a hearing with due notice of the hearing given to all affected persons.

Sec. 1205. Remedies under this article are in addition to, and do not supersede or limit, any and all other remedies, civil or criminal.

Sec. 1206. All moneys collected by the district pursuant to this act shall be placed in an account and shall be available without regard to fiscal year for expenditure by the district in carrying out its

groundwater management functions pursuant to this act.

SEC. 1300. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 1301. The Legislature finds and declares that this act, which is applicable only to the Honey Lake Valley Groundwater Management District, is necessary because of the unique and special groundwater management problems in the area included in the district. It is, therefore, hereby declared that a general law cannot be made applicable to the district and that the enactment of this special law is necessary for the conservation, development, control, and use of that water for the public good and for the protection of life and property therein.

CHAPTER 1393

An act to amend Sections 1250, 1250.1, 1265.7, 1266, 1267.9, 1267.13, and 1267.16 of the Health and Safety Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building which is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on

separate premises as provided in Section 1250.8. A general acute care hospital which exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital which, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility which provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility which provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds which provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff which provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility which provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds which provides 24-hour personal care, developmental services, and

nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, which provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, which is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) which is located in a county of 500,000 or more persons may have not more

than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency which, as determined by the state department, provides outpatient health services, in addition to inpatient health services, to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a city, county, or city and county law enforcement facility which houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of security and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, dental, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the facilities at the California Medical Facility, the California Men's Colony, and the California Institution for Men which were in the process of licensure in 1987.

(6) This subdivision shall remain operative only until January 1, 1993.

SEC. 2. Section 1250.1 of the Health and Safety Code is amended to read:

1250.1. The state department shall adopt regulations which define all of the following bed classifications for health facilities:

(a) General acute care.

(b) Skilled nursing.

(c) Intermediate care-developmental disabilities.

(d) Intermediate care-other.

(e) Acute psychiatric.

(f) Specialized care, with respect to special hospitals only.

(g) Chemical dependency recovery.

(h) Intermediate care facility/developmentally disabled

habilitative.

(i) Intermediate care facility/developmentally disabled nursing.

SEC. 5. Section 1267.9 of the Health and Safety Code is amended to read:

1267.9. (a) The Legislature hereby declares it to be the policy of the state to prevent overconcentrations of intermediate care facilities/developmentally disabled habilitative, intermediate care facilities/developmentally disabled—nursing, or congregate living health facilities which impair the integrity of residential neighborhoods. Therefore, the director shall deny an application for a new intermediate care facility/developmentally disabled habilitative license, a new intermediate care facility/developmentally disabled—nursing license, or a congregate living health facility license if the director determines that the location is in such proximity to an existing intermediate care facility/developmentally disabled habilitative, an intermediate care facility/developmentally disabled—nursing or a congregate living health facility as would result in overconcentration.

(b) As used in this section, "overconcentration" means that if a new license is issued, either of the following will occur:

(1) There will be intermediate care facilities/developmentally disabled habilitative, intermediate care facilities/developmentally

disabled—nursing, or residential care facilities, as defined in Section 1502, which are separated by a distance of less than 300 feet, as measured from any point upon the outside walls of the structures housing the facilities.

(2) There will be congregate living health facilities serving persons who are terminally ill or catastrophically and severely disabled, as defined in Section 1250, which are separated by a distance of less than 1,000 feet, as measured from any point upon the outside walls of the structures housing the facilities.

Based on special local needs and conditions, the director may approve a separation distance of less than 300 feet or 1,000 feet, whichever is applicable, with the approval of the city or county in which the proposed facility will be located.

(c) At least 45 days prior to approving any application for a new intermediate care facility/developmentally disabled habilitative, a new intermediate care facility/developmentally disabled—nursing, or a congregate living health facility the director shall notify, in writing, the city or county planning authority in which the facility will be located, of the proposed location of the facility.

(d) Any city or county may request denial of the license applied for on the basis of overconcentration of intermediate care facilities/developmentally disabled habilitative, intermediate care facilities/developmentally disabled—nursing, or a congregate living health facility.

(e) Nothing in this section authorizes the director, on the basis of overconcentration, to refuse to renew an intermediate care facility/developmentally disabled habilitative license, an intermediate care facility/developmentally disabled—nursing license, or a congregate living health facility license or to refuse to grant a license upon a change of ownership of an existing intermediate care facility/developmentally disabled habilitative, intermediate care facility/developmentally disabled—nursing, or a congregate living health facility where there is no change in the location of the facility.

(f) Foster family homes and residential care facilities for the elderly shall not be considered in determining overconcentration of intermediate care facilities/developmentally disabled-habilitative, intermediate care facilities/developmentally disabled-nursing, residential care facilities, as defined in Section 1502, or congregate living health facilities.

These minimum requirements shall recognize the residential and noninstitutional setting of congregate living health facilities serving terminally ill persons and catastrophically and severely disabled persons

(c) Facilities shall be in a homelike residential setting. Living accommodations and grounds shall be related to the facility's function and clientele. Facilities shall provide sufficient space for comfortable living accommodations and privacy for residents, staff, and others who may reside in the facility.

(b) This article does not forbid the application to a congregate living health facility of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity, except as provided in subdivisions (a) and (b) of Section 1267.9 and this section.

(c) Any congregate living health facility of more than six beds for persons who are terminally ill and any congregate living health facility of more than six beds for persons who are catastrophically and severely disabled shall be subject to the conditional use permit requirements of the city or county in which it is located unless those requirements are waived by the city or county. first, (2) each bill amends Section 1266 of the Health and Safety Code, and (3) this bill is enacted after AB 365, in which case Section 1266 of the Health and Safety Code as amended by Section 4 of this bill shall remain operative only until the operative date of AB 365, at which time Section 1266 of the Health and Safety Code as amended by Section 4.5 of this bill shall become operative and Section 1266 of the Health and Safety Code as amended by Section 4 of this bill shall become inoperative.

CHAPTER 1394

An act to amend Section 7 of Chapter 81 of the Statutes of 1989, and to add Section 8203.5 to the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) Since 1932, early childhood education and child development programs have been operated as part of the school programs that are conducted under the authority of the Superintendent of Public Instruction. In the 1988–89 fiscal year, 110,000 children in California were served in the state program of early childhood education and child development administered by the Superintendent of Public Instruction, as set forth in Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code.

(b) Participation and enrollment in an early childhood education or child development program provides an opportunity for many children to hear their first English words (one in three speaks another language), to be introduced to the idea of numbers, to develop basic language concepts, to learn how to get along with other children and adults, and to begin to develop a positive self-image.

(c) The Legislature has stated its intent that early childhood education and child development programs be a "concomitant part of the educational system" by providing young children an equal opportunity for later school success. Those programs are considered by the general public to be an integral and essential part of the state's public education system.

(d) Early childhood education programs for children of low-income families have been shown to increase high school graduation rates and college entry rates, to reduce the need for special education and grade level retention, and to reduce high

school dropout rates.

(e) In the state's early childhood education and development programs, each child is to receive an education program which is appropriate to his or her developmental, cultural, and linguistic needs. Each child is to receive a developmental profile, updated at regular intervals, which will be passed on to his or her elementary school.

(f) In view of the unique function of early childhood education and child development programs, in supporting school districts by directly preparing children for participation in the public schools and by assisting those children in resolving special school-related problems, these programs constitute an essential and integral component of the overall system to carry out the mission of the public schools. Accordingly, in order to fully implement subdivision (b) of Section 8 of Article XVI of the California Constitution, which requires, in its introductory paragraph, a minimum level of funding "for the support" of school districts, as defined, and community college districts, it is necessary to include, within the calculation of that funding, the funding provided by the Legislature for all early childhood education and development programs. Moreover, in accordance with the educational role of those programs, it is the responsibility of the Superintendent of Public Instruction to continue to ensure that all contracts for early childhood education and child development programs provide support to the public school system of this state through the delivery of appropriate educational services to the children served by the program. In addition, Section 8262.1 of the Education Code, as added by this act, constitutes a necessary statutory implementation of that determination, which is consistent with the legislative history of the statutes that provide for the operation of early childhood education and child development programs.

(g) For the period from the 1986–87 fiscal year to the present, the state's early childhood education and development programs have received funding adjustments for cost-of-living and enrollment increases that have been lower, overall, than the comparable adjustments for base revenue limits for school districts.

However, it is the intent of the Legislature that the inclusion of early childhood education and child development programs within the calculation of the state's education funding obligation pursuant to Proposition 98 is not to result in requiring in that calculation the use of the lower level of funding received by these programs in the 1986–87 fiscal year.

SEC. 2. Section 8203.5 is added to the Education Code, to read:

8203.5. (a) The Superintendent of Public Instruction shall ensure that each contract entered into under this chapter to provide child care and development services, or to facilitate the provision of those services, provides support to the public school system of this state through the delivery of appropriate educational services to the children served pursuant to the contract.

(2) For purposes of Section 8 of Article XVI of the California Constitution, appropriations for deficiencies shall be deemed to be appropriations in the fiscal year in which the deficiencies occurred.

(c) Within nine months following the end of any fiscal year, the Chancellor of the California Community Colleges and the Director of Finance shall recalculate, as necessary, and jointly certify all actual

SEC. 5. Section 42238.4 of the Education Code is amended to read:

42238.4. (a) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each district, except as provided under subdivision (c), so that no district's base revenue limit per unit of average daily attendance is less than

the 1988–89 fiscal year statewide average base revenue limit for the appropriate size and type of district listed in subdivision (b) plus the inflation adjustment specified in Section 42238.1 for the current fiscal year for the appropriate type of district. For purposes of this subdivision, both the statewide average base revenue limits and the base revenue limits of each school district shall include any funding received pursuant to Section 54060.5, 54060.6, or 54060.7.

For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 45023.4, 46200, or 46201.

(b) Subdivision (a) shall apply to the following school districts, which shall be grouped according to size and type as follows:

District	ADA
Elementary	less than 101
High School	less than 301
High School	more than 300
Unified	less than 1,501
Unified	more than 1,500

(c) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each elementary school district having an average daily attendance of more than 100 so that no such district's base revenue limit per unit of average daily attendance is less than the 1987–88 fiscal year statewide average base revenue limit for those districts plus any amount received pursuant to Sections 54060.3 and 54061 in the 1987–88 fiscal year plus the amount added to the base revenue limit for that district for the 1988–89 fiscal year pursuant to Section 42240 plus the inflation adjustment specified in Section 42238.1 for those districts for the 1988–89 fiscal year and the current fiscal year.

(d) The Superintendent of Public Instruction shall compute a revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance as follows:

(1) Add the products of the amount computed for each school district by the county superintendent pursuant to subdivision (a) and the average daily attendance used to calculate the district's revenue limit for the current fiscal year.

(2) Divide the amount appropriated for purposes of this section for the current fiscal year by the amount computed pursuant to paragraph (1)

(3) Multiply the amount computed for the school district pursuant to subdivision (a) or (c), as appropriate, by the amount computed pursuant to paragraph (2).

SEC. 6. Section 52616 of the Education Code is amended to read:

52616. The Superintendent of Public Instruction shall determine an adult block entitlement for school districts that maintain education programs for adults. This entitlement shall be paid from appropriations to Section A of the State School Fund as a part of the

principal apportionment to school districts.

(a) For the 1983–84 fiscal year, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year calculated pursuant to Provision 1 of Item 6100-156-001 of the Budget Act of 1982 shall be increased by seventy dollars ($70). For the 1984–85 fiscal year to the 1989–90 fiscal year, inclusive, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to 6 percent of the prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than 1.06 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance. For the 1988–89 fiscal year and each fiscal year thereafter, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1 times the prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than one plus the percentage change determined pursuant to subdivision (b) of Section 42238.1 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance.

(b) For the purposes of the block entitlement, the district's average daily attendance shall be the lesser of paragraph (1) or (2):

(1) The 1982–83 adult average daily attendance authorized for funding purposes for the programs specified in Section 41976, as specified in Item 6100-156-001 of the Budget Act of 1982, multiplied by 1.025 in the 1983–84 fiscal year and each fiscal year thereafter.

(2) The actual adult average daily attendance for the programs specified in Section 41976.

(c) The adult block entitlement shall be computed by multiplying the adult revenue limit per unit of average daily attendance from subdivision (a) and the adult average daily attendance allowed in subdivision (b). The adult block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund shall be expended only for adult education purposes. Moneys received for programs other than adult education shall not be expended for adult education.

(d) If the adult average daily attendance of a school district in any fiscal year is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement for that fiscal year, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the annual apportionment by the Superintendent of Public Instruction to provide services to welfare recipients pursuant to Section 33117.5. Any remaining surplus shall be reallocated to meet unanticipated

growth in adult education. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent fiscal years.

(e) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979–80 fiscal year times 1.02, subject to the following:

(1) The classes and courses offered in activity centers, work activity centers, sheltered workshops, and state hospitals shall be authorized pursuant to subdivision (e) of Section 41976.

(2) A school district shall operate classes in these facilities and shall expend all funds set aside pursuant to this subdivision and shall use all funds exclusively for those classes for substantially handicapped adults.

(3) The conditions imposed by paragraphs (1) and (2) may be waived by the Superintendent of Public Instruction upon certification from the school district that the local demand for the program is less than the required level of service.

SEC. 7. Section 7906 of the Government Code is amended to read:

7906. For school districts:

(a) "ADA" means a school district's second principal apportionment units of average daily attendance as determined pursuant to Section 42238.5 of the Education Code, including average daily attendance in summer school, regional occupational centers and programs, and apprenticeship programs, and excluding average daily attendance in adult education programs. All other units of average daily attendance including, but not limited to, special day classes for special education pupils, shall be included.

(1) For purposes of this subdivision, the average daily attendance of summer school programs shall be determined pursuant to subparagraph (F) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

(2) For purposes of this subdivision, the average daily attendance of apprenticeship programs shall be determined pursuant to subparagraph (D) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

income for the preceding calendar year.

(3) For the 1986–87 fiscal year, the levels specified in paragraph (2) increased by one hundred eighty dollars ($180) for elementary districts, one hundred ninety-one dollars ($191) for unified districts, and two hundred seven dollars ($207) for high school districts.

(4) For the 1987–88 fiscal year, the levels specified in paragraph (3) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(5) For the 1988–89 fiscal year and each fiscal year thereafter, the foundation program level shall be the appropriations limit of the school district for the current fiscal year, plus amounts paid for any nonreimbursed court or federal mandates imposed on or after November 6, 1979, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

In no case shall subventions received from the state for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979, be considered "proceeds of taxes" for the purposes of this section.

(d) Proceeds of taxes for a fiscal year shall not include any proceeds of taxes within the district's beginning balance or reserve, unless those funds were not appropriated in a prior fiscal year. Funds that were appropriated to a reserve or other fund referenced in Section 5 of Article XIII B of the California Constitution shall be deemed to be appropriated for the purpose of this paragraph.

(e) The remainder of the state apportionments, including special purpose apportionments and categorical aid subventions shall not be considered proceeds of taxes for a school district.

(f) Each school district shall report to the Superintendent of Public Instruction and to the Director of Finance at least annually its

appropriation limit, its appropriations subject to limitation, the amount of its state aid apportionments and subventions included within the proceeds of taxes of the school district, and amounts excluded from its appropriations limit, at a time and in a manner prescribed by the Superintendent of Public Instruction and approved by the Director of Finance.

(g) For the 1988–89 fiscal year and each fiscal year thereafter, nothing in paragraph (2) of subdivision (c) shall be so construed as to require that the amount determined pursuant to subdivision (b) be multiplied by the amount determined pursuant to subdivision (a) for purposes of determining the amount of state aid included in school district "proceeds of taxes" for purposes of this section.

SEC. 7.5. Section 7907 of the Government Code is amended to read:

7907. For county superintendents of schools:

CHAPTER 1396

An act to amend Sections 4648, 4690, and 4691 of, and to add Sections 4690.2 and 4691.5 to, the Welfare and Institutions Code, relating to developmental services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4648 of the Welfare and Institutions Code is amended to read:

4648. In order to achieve the stated objectives of any individual program plan, the regional center shall conduct activities including, but not limited to, the following:

(a) Program coordination which may include securing, through purchase or referral, services specified in the person's plan, coordination of service programs, information collection and dissemination, and measurement of progress toward objectives contained in the person's plan.

The regional center shall assign a program coordinator who shall be responsible for implementing, overseeing, and monitoring each individual program plan. The program coordinator may be an employee of the regional center or may be a qualified individual or employee of an agency with whom the regional center has contracted to provide program coordination.

Whenever the individual program plan is reviewed, but at least annually, the performance of the program coordinator shall also be reviewed by the regional center, the person with developmental disabilities, and the person's parents or legal guardian or conservator. No person shall continue to serve as a program coordinator for any individual program plan unless there is agreement by all parties that the person should continue to serve as program coordinator.

Nothing shall prevent a person with developmental disabilities or the person's parent, legal guardian, or conservator, from being the program coordinator of the person's individual program plan, if the regional center director agrees that such an arrangement is feasible and in the best interest of the person with the developmental disabilities. If any person listed above is designated as the program coordinator, such person shall not deviate from the agreed-upon program plan and shall provide any information and reports as may be required by the regional center director.

(b) Purchase of needed services.

(1) A regional center may purchase services for a client from any individual or agency which has been properly vendored and which the regional center determines will best accomplish all or any part

of that client's program plan. Vendorization is the process for identification, selection, and utilization of service vendors, based on the qualifications and other requirements necessary in order to provide the vendored service.

(2) A regional center may reimburse an individual or agency for services provided to a regional center client only if the individual or agency has a rate of payment established by the department, pursuant to Chapter 6 of Division 4.5 (commencing with Article 3), and is providing services pursuant to an emergency vendorization or has completed vendorization, and continues to comply with the vendorization requirements. The Director of Developmental Services shall adopt regulations governing the vendorization process to be utilized by the department, regional centers, vendors, and the individual or agency requesting vendorization. The regulations shall include, but need not be limited to:

(A) The vendor application process, and the basis for accepting or denying an application.

(B) The qualifications and requirements for each category of service that may be provided to a regional center client.

(C) The process for assigning any identification numbers necessary for accounting purposes to identify a vendor or a service.

(D) Requirements for emergency vendorization.

(E) Procedures for the termination of vendorization

(F) The procedure for an individual or an agency to appeal any vendorization decision made by the department or a regional center.

(3) In making the initial choice to purchase services from an agency, facility, or individual, the regional center may use a professionally recognized, reliable, and valid instrument of accreditation. The regional center also shall consider both of the following when initiating or renewing a contract or authorization for the purchase of client services:

(A) A vendor's success in achieving the objectives set forth in the individual program plan.

(B) The unit cost of providing services of comparable quality by different vendors, if available.

(4) No purchase of service contract with any agency or individual shall be continued unless the regional center and the person with developmental disabilities, or when appropriate, the person's parents or legal guardian or conservator agree that reasonable progress has been made towards the objectives for which the service provider is responsible.

(5) Regional center funds shall not be used to supplant the budget of any agency which has a legal responsibility to serve all members of the general public and is receiving public funds for providing such services.

(6) (A) A regional center may, directly or through an agency acting on behalf of the center, provide placement and follow-along services to developmentally disabled persons in licensed community care or health care facilities. The regional center may also purchase

required out-of-home care for such developmentally disabled persons. In considering appropriate placement alternatives for developmentally disabled children, approval by the child's parent, guardian, or conservator shall be obtained before placement is made.

(B) Each developmentally disabled person placed by the regional center in an out-of-home residential facility shall have the rights specified in this division. These rights shall be brought to the person's attention by such means as the Director of Developmental Services may designate by regulation.

(c) Advocacy for, and protection of, the civil, legal, and service rights of developmentally disabled persons as established in this division.

Whenever the advocacy efforts of a regional center to secure or protect the legal, civil, or service rights of any of its clients prove ineffective, the regional center or the person with developmental disabilities or their parents, legal guardian, or other representative may request the area board to initiate action under the provisions defining area board advocacy functions established in this division.

(d) Community organization and program development including liaison activities with existing service agencies, identification of services needed but unavailable, identification of ineffective services and services of poor quality, identification of programs which may not be in compliance with local, state, and federal statutes and approved regulations.

(e) In order to expand the availability of needed services of good quality, a regional center may take any of the following actions:

(1) Provide information to the area board to assist the area board in determining recommended priorities for program development for inclusion in the state plan.

(2) Request the department to allocate funds from the Developmental Disabilities Program Development Fund to initiate a new program.

(3) Notify the appropriate licensing authority or request the area board to investigate and act upon any agency's possible noncompliance with local, state, or federal laws or regulations.

(4) Provide or secure consultation, training, or technical assistance services for any agency to assist such agency in upgrading the quality of its program. Except in emergency situations, a regional center shall not provide direct treatment and therapeutic services, but shall utilize appropriate public and private community agencies and service providers to obtain such services for its clients.

SEC. 2. Section 4690 of the Welfare and Institutions Code is amended to read:

4690. The Director of Developmental Services shall establish, maintain, and revise, as necessary, an equitable process for setting rates of state payment for nonresidential services purchased by regional centers, and may promulgate regulations establishing program standards, or the process to be used for setting these rates, or both, in order to assure that regional centers may secure

high-quality services for developmentally disabled persons from individuals or agencies vendored to provide these services. In developing the rates pursuant to regulation, the director may require vendors to submit program, cost, or other information, as necessary. The director shall take into account the rates paid by other agencies and jurisdictions for comparable services in order to assure that regional center rates are at competitive levels. In no event shall rates established pursuant to this article be any less than those established for comparable services under the Medi-Cal program.

SEC. 2.5. Section 4690.2 is added to the Welfare and Institutions Code, to read:

4690.2. (a) The Director of Developmental Services shall develop program standards and establish, maintain, and revise, as necessary, an equitable process for setting rates of state payment, based upon those standards, for in-home respite services purchased by regional centers from agencies vendored to provide these services. The Director of Developmental Services may promulgate regulations establishing these standards and the process to be used for setting rates. "In-home respite services" means intermittent or regularly scheduled temporary nonmedical care and supervision provided in the client's own home, for a regional center client who resides with a family member. These services are designed to do all of the following:

(1) Assist family members in maintaining the client at home.

(2) Provide appropriate care and supervision to ensure the client's safety in the absence of family members.

(3) Relieve family members from the constantly demanding responsibility of caring for the client.

(4) Attend to the client's basic self-help needs and other activities of daily living including interaction, socialization, and continuation of usual daily routines which would ordinarily be performed by the family members.

(b) The provisions of subdivisions (b) to (f), inclusive, of Section 4691 and subdivisions (a) to (f), inclusive, and subdivision (h) of Section 4691.5 applicable to community-based day programs, shall also apply to in-home respite service vendors for the purpose of establishing standards and an equitable process for setting rates, except:

(1) The process specified in paragraph (4) of subdivision (a) of Section 4691.5 for increasing rates for fiscal year 1990–91 shall apply only to the administrative portion of the rate for eligible in-home respite service vendors, and the amount of funds available for this increase shall not exceed three hundred thousand dollars ($300,000) of the total amount appropriated for rate increases. The administrative portion of the rate shall consist of the in-home respite service vendor's allowable costs, other than those for respite worker's salary, wage, benefits, and travel. Vendors eligible for this rate increase shall include only those in-home respite service vendors which received a deficiency adjustment in their permanent or

provisional rate for fiscal year 1989–90, as specified in paragraph (4) of subdivision (a) of Section 4691.5.

(2) In addition, a rate increase shall also be provided for fiscal year 1990–91, for the salary, wage, and benefit portion of the rate for in-home respite service vendors eligible for the increase. The amount of funds available for this rate increase is limited to the remaining funds appropriated for this paragraph and paragraph (1) for fiscal year 1990–91. The amount of increase which each eligible in-home respite service vendor shall receive shall be limited to the amount necessary to increase the salary, wage, and benefit portion of the rate for respite workers to five dollars and six cents ($5.06) per hour in salary and wages plus ninety-five cents ($0.95) in benefits. Vendors eligible for this increase shall include only those in-home respite service vendors whose salary, wage, and benefit portion of their existing provisional or permanent rate, as established by the department for respite workers is below the amounts specified in this paragraph, and the vendor agrees to reimburse its respite workers at no less than these amounts during fiscal year 1990–91 and thereafter. In order to establish rates pursuant to this paragraph, existing programs receiving a permanent or provisional rate shall submit to the department, the program, cost, and other information specified by the department for either the 1988 calendar year, or for the 1988–89 fiscal year. The specified information shall be submitted on forms developed by the department, not later than 45 days following receipt of the required forms from the department, after the effective date of this section Programs which fail to submit the required information within the time specified shall have payment of their permanent or provisional rate suspended until the required information has been submitted.

(3) Effective July 1, 1990, and pursuant to the rate methodology developed by the department, the administrative portion and the salary, wage, and benefit portion of the rates for in-home respite service vendors currently receiving a provisional or permanent rate shall be combined and paid as a single rate.

(4) Rate increases for fiscal year 1990–91 shall be limited to those specified in paragraphs (1) and (2). For fiscal year 1991–92 and all succeeding fiscal years, the provisions of subdivision (c) of Section 4691, which specify that any rate increases shall be subject to the appropriation of sufficient funds in the Budget Act, shall also apply to rates for in-home respite service vendors.

(5) The rate methodology developed by the department may include a supplemental amount of reimbursement for travel costs of respite workers using their private vehicles to and from and between respite sites. The supplemental amount shall be the minimum rate for travel reimbursement for state employees.

SEC. 3. Section 4691 of the Welfare and Institutions Code is amended to read:

4691. (a) The Legislature reaffirms its intent that community-based day programs be planned and provided as part of

a continuum of services to enable persons with developmental disabilities to approximate the pattern of everyday living available to people of the same age without disabilities. The Legislature further intends that standards be developed to ensure high quality services, and that equitable ratesetting procedures based upon those standards be established, maintained, and revised, as necessary. The Legislature intends that ratesetting procedures be developed for all community-based day programs, which include adult development centers, activity centers, infant day programs, behavior management programs, social recreational programs, and independent living programs.

(b) For the purpose of ensuring that regional centers may secure high quality services for persons with developmental disabilities, the State Department of Departmental Services shall promulgate regulations establishing program standards and an equitable process for setting rates of state payment for community-based day programs. These regulations shall include, but are not limited to:

(1) The standards and requirements related to the operation of the program including, but not limited to, staff qualifications, staff-to-client ratios, client entrance and exit criteria, program design, program evaluation, program and client records and documentation, client placement, and personnel requirements and functions.

(2) The allowable cost components of the program including salary and wages, staff benefits, operating expenses, and management organization costs where two or more programs are operated by a separate and distinct corporation or entity

(3) The rate determination processes for establishing rates, based on the allowable costs of the allowable cost components. Different rate determination processes may be developed for establishing rates for new and existing programs, and for the initial and subsequent years of implementation of the regulations. The processes shall include, but are not limited to:

(A) The procedure for identification and grouping of programs by type of day program and approved staff-to-client ratio.

(B) The requirements for an identification of the program, cost, and other information, if any, which the program is required to submit to the department or the regional center, the consequences, if any, for failure to do so, and the timeframes and format for submission and review.

(C) The ratesetting methodology.

(D) A procedure for adjusting rates as a result of anticipated and unanticipated program changes and fiscal audits of the program and a procedure for appealing rates, including the time frames for the program to request an adjustment or appeal, and for the department to respond.

(E) A procedure for increasing established rates and the allowable range of rates due to cost-of-living adjustments.

(F) A procedure for increasing established rates as a result of

Budget Act appropriations made pursuant to the ratesetting methodology established pursuant to Section 4691.5 and subdivision (c).

The department shall develop these regulations in consultation with representatives from organizations representing the developmental services system as determined by the department. The State Council on Developmental Disabilities, the Organization of Area Boards, and other organizations representing regional centers, providers, and clients shall have an opportunity to review and comment upon the proposed regulations prior to their promulgation. The department shall promulgate these regulations for all community-based day programs by July 1, 1990.

(c) Upon the promulgation of regulations pursuant to subdivision (b), and pursuant to Section 4691.5, and by September 1 of each year thereafter, the department shall establish rates pursuant to the regulations. Rate increases during fiscal years 1990–91 and 1991–92 shall be limited to those specified in subdivision (b). For fiscal year 1992–93 and all succeeding fiscal years, any increases proposed during those years in the rates of reimbursement established pursuant to the regulations, except for rate increases due to rate appeals and rate adjustments based on unanticipated program changes, shall be subject to the appropriation of sufficient funds in the Budget Act, for those purposes, to fully provide the proposed increase to all eligible programs for the entire fiscal year. If the funds appropriated in the Budget Act are not sufficient to fully provide for the proposed increase in the rates of reimbursement for all eligible programs for the entire fiscal year, the proposed increase shall be limited to the level of funds appropriated. The increases proposed in the rates of reimbursement shall be reduced equitably among all eligible providers in accordance with funds appropriated and the eligible programs shall be reimbursed at the reduced amount for the entire fiscal year.

(d) Using the reported costs of day programs reimbursed at a permanent rate and the standards and ratesetting processes promulgated pursuant to subdivision (b) as a basis, the department shall report to the Legislature as follows:

(1) By April 15, 1993, and every odd year thereafter, the difference between permanent rates for existing programs and the rates of those programs based upon their allowable costs and client attendance, submitted pursuant to the regulations specified in subdivision (b). In reporting the difference, the department shall also identify the amount of the difference associated with programs whose rates are above the allowable range of rates, which is available for increasing the rates of programs whose rates are below the allowable range, to within the allowable range, and any other pertinent cost or rate information which the department deems necessary.

(2) By April 15, 1994, and every even year thereafter, the level of funding, if any, which was not appropriated to reimburse providers

at the proposed rates reported the prior fiscal year pursuant to paragraph (1), and any other pertinent cost or rate information which the department deems necessary.

(3) The April 15, 1996, report pursuant to paragraph (2) shall be prepared jointly by the department and organizations representing community-based day program providers, as determined by the department. That report shall also include a review of the ratesetting process and recommendations, if any, for its modification.

(e) Rates established by the department pursuant to subdivision (b) are exempt from the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) The department shall ensure that the regional centers monitor compliance with program standards.

SEC. 4. Section 4691.5 is added to the Welfare and Institutions Code, to read:

4691.5. The ratesetting methodology, to be established pursuant to subparagraph (C) of paragraph (3) of subdivision (b) of Section 4691 shall include, but need not be limited to, all of the following:

(a) A process for establishing rates during fiscal year 1990–91 for new programs and existing progams receiving a provisional or permanent rate.

(1) The rate for new programs shall be the mean rate determined for the same type of day program and staff-to-client ratio. This rate shall be a temporary rate. Determination of the mean rate for new programs shall be based on the program, cost, and other information of existing programs receiving a permanent rate, using allowable costs and client attendance information of those existing programs. In order to establish rates pursuant to this paragraph existing programs receiving a permanent rate shall submit to the department, the program, cost, and other information specified by the department for either calendar year 1988 or fiscal year 1988–89. The specified information shall be submitted on forms developed by the department, not later than 45 days following receipt of the required forms from the department, after the effective date of this section. Programs which fail to submit the required information within the time specified shall have payment of their permanent rate suspended until the required information has been submitted.

(2) Except as provided in paragraph (4) the rate for existing programs receiving a provisional rate, whose rate would otherwise expire during fiscal year 1990–91, shall be extended at the provisional rate until September 1, 1991.

(3) Except as provided in paragraph (4) below, the rate for existing programs receiving a permanent rate shall be reestablished at the permanent rate until June 30, 1991.

(4) The rate for existing programs receiving a provisional or permanent rate as specified in paragraph (2) and paragraph (3) shall be increased for all programs eligible for the increase. Eligible programs shall include only those programs which received a

deficiency adjustment in their permanent or provisional rate for fiscal year 1989–90, based on calendar year 1988 program and cost information submitted to the department, pursuant to the stipulated order in the case of California Association of Rehabilition Facilities et al. v. State of California, Sacramento County Superior Court Case No 355326, and the adjustment was insufficient to fund the entire deficiency. The amount of funds available for the increase is limited to the one million dollars ($1,000,000) appropriated for that purpose for fiscal year 1990–91, and it shall be distributed proportionately among all eligible programs. The amount of increase which each eligible program shall receive toward its remaining deficiency, based on calendar year 1988 program and cost information, shall be equal to the percentage that one million dollars ($1,000,000) represents of the total deficiency, based on calendar year 1988 program and cost information, for all eligible programs.

(b) A process for establishing rates during fiscal year 1991–92 for new programs and existing programs receiving a temporary, provisional, or permanent rate.

(1) The rate for existing programs receiving a permanent rate, shall be determined based on fiscal year 1989–90 program, cost, and other information submitted to the department and regional center. The ratesetting process shall include, but shall not be limited to, all of the following:

(A) A process for determination of a mean rate and an allowable range of rates for the same type of day program and staff-to-client ratio. The mean rate shall be determined using those programs' allowable costs and client attendance and the allowable range of rates shall be defined as the rates of those programs included between the 10th and 90th percentiles.

(B) The rates for existing programs receiving a permanent rate shall be increased or decreased to their allowable costs for fiscal year 1991–92, as follows:

(i) The rate shall be decreased if the program's allowable costs and client attendance, for fiscal year 1989–90, determined pursuant to the regulations, would result in a rate that is lower than its existing permanent rate.

(ii) The rate shall be increased if the program's allowable costs and client attendance for fiscal year 1989–90, determined pursuant to the regulations, would result in a rate that is higher than its existing permanent rate and its existing permanent rate is below or within the allowable range of rates.

(iii) No rate increase shall be provided that would result in the rate exceeding the allowable range of rates. No increase shall be provided for programs whose existing permanent rate is above the allowable range of rates. The amount of funds appropriated for that purpose for fiscal year 1991–92 shall be distributed only to those programs eligible for the increase.

(C) A process for the reduction or increase in the rate of any program whose existing permanent rate is not within the allowable

range of rates. This process shall be based upon all of the following:

(i) For programs whose existing permanent rates are above the allowable range of rates, their existing permanent rate shall be reduced by 5 percent or to the allowable range, whichever is less.

(ii) For programs whose existing permanent rates are below the allowable range of rates, after the increase specified in clause (ii) of subparagraph (B) their rate shall be increased, up to the allowable range, in proportion to the amount of funds obtained from reducing the rate of programs whose rates are above the range.

(2) The rate for new programs shall be the mean rate determined pursuant to the process in paragraph (1) for the same type of day program and staff-to-client ratio using the program, cost, and other information submitted by providers receiving a permanent rate.

(3) The rate for existing programs receiving a provisional rate, whose rate expired during fiscal year 1990–91 and was extended until September 1, 1991, shall be determined pursuant to the process specified in paragraph (1) for permanent rates, except that the determination shall be based upon 12 consecutive months of representative costs incurred by the program during the period it was receiving its provisional rate. The program shall submit these costs and other program information, designated by the department, to the department within the time frames specified in the regulations. If the program has not incurred or cannot provide 12 consecutive months of representative costs, the department may determine the rate based on less than 12 consecutive months of representative costs.

(4) The rate for existing programs receiving a provisional rate, whose rate will expire in July or August of 1991, shall be extended until September 1, 1991, and then determined pursuant to the process specified in paragraph (3).

(c) A process for establishing rates during fiscal year 1992–93 for new programs and existing programs receiving a temporary or permanent rate:

(1) The rate for new programs shall be the mean rate, determined pursuant to the process in paragraph (2) of subdivision (b) for fiscal year 1991–92, for the same type of day program and staff-to-client ratio.

(2) The rate for existing programs receiving a temporary rate shall be continued at the rate established for fiscal year 1991–92, until the rate expires or a permanent rate is established pursuant to the process in paragraph (4) of subdivision (b) for fiscal year 1991–92.

(3) The rate for existing programs receiving a permanent rate shall be reestablished at the rate established for fiscal year 1991–92, except for programs whose rates are not within the allowable range of rates. For those programs whose rates are not within the allowable range, their rates shall be reduced or increased pursuant to the process in subparagraph (C) of paragraph (1) of subdivision (b) for fiscal year 1991–92.

(d) A process for establishing rates during fiscal year 1993–94 for

new programs and existing programs receiving a temporary or permanent rate:

(1) The rate for existing programs receiving a permanent rate shall be determined based on fiscal year 1991–92 program, cost, and other information submitted to the department and regional center. The ratesetting process shall include the process specified in paragraph (1) of subdivision (b) for fiscal year 1991–92, except that the allowable range of rates shall be determined by computing 50 percent of the mean rate for fiscal year 1993–94 and converting that amount into a range of rates, distributed equally above and below the mean. This process shall compare the range of rates computed for fiscal year 1993–94 with the range of rates calculated for fiscal year 1991–92 based on 80 percent of the programs, and shall use the lesser of the two ranges in the comparison as the allowable range of rates. Once established, this range shall be permanent.

(2) The rate for new programs shall be the mean rate determined pursuant to the process in paragraph (1) for the same type of day program and staff-to-client ratio using the program, cost, and other information submitted by providers receiving a permanent rate.

(3) The rate for existing programs receiving a temporary rate shall be continued at the established rate until the program has incurred 12 consecutive months of representative costs within the timeframes specified in the regulations. Once the representative costs have been incurred, the rate shall be determined pursuant to the process specified in paragraph (1) for permanent rates.

(e) A process for establishing rates, during fiscal year 1994–95 and each alternative fiscal year thereafter, for new programs and existing programs receiving a temporary or permanent rate. The process shall be the same as that specified in subdivision (c) for determining, continuing, and reestablishing rates, but shall be based on the program, cost, and other information submitted to the department and regional center for establishment of rates for fiscal year 1993–94 and each alternative fiscal year thereafter.

(f) A process for establishing rates, during fiscal year 1995–96 and each alternative fiscal year thereafter, for new programs and existing programs receiving a temporary or permanent rate. The process shall be the same as that specified in subdivision (d) except for the following:

(1) The rate for programs receiving a permanent rate shall be based on program, cost, and other information submitted to the department and regional center for fiscal year 1993–94 and each alternative fiscal year thereafter.

(2) The allowable range of rates, permanently established during fiscal year 1993–94, shall be applied to the mean rate determined for fiscal year 1995–96 and each alternative fiscal year thereafter.

(3) Existing programs receiving a permanent rate whose rates are not within the allowable range of rates shall, by September 1, 1995, have their rates reduced or increased as follows:

(A) For programs whose existing permanent rates are above the allowable range of rates, their rate shall be reduced to the allowable range.

(B) For programs whose existing rates are below the allowable range of rates, their rate shall be increased up to the allowable range in proportion to the amount of funds obtained from reducing the rate of programs whose rates are above the range.

(g) A process for establishing a uniform supplemental rate of reimbursement for programs serving nonambulatory clients, as determined by the department.

(h) A process for notifying the program of the established rate.

SEC. 5. The sum of one million one hundred thirty-one thousand dollars ($1,131,000) is hereby appropriated from the General Fund to the State Department of Developmental Services for the payment of rate increases made pursuant to paragraphs (1) and (2) of subdivision (b) of Section 4690.2 of the Welfare and Institutions Code. Of the total amount appropriated pursuant to this section, the amount used to fund the administrative portion of the rate increase shall not exceed three hundred thousand dollars ($300,000).

SEC. 6. (a) The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund to the State Department of Developmental Services for payment of rate increases made pursuant to paragraph (4) of subdivision (a) of Section 4691.5 of the Welfare and Institutions Code for eligible programs receiving a provisional or permanent rate for fiscal year 1990–91, which received a deficiency adjustment in their provisional rate or permanent rate, pursuant to the stipulated order in California Association of Rehabilitation Facilities et al. v. State of California, Sacramento County Superior Court Case No. 355326.

(b) It is the intent of the Legislature that an appropriation shall be made in the Budget Act of 1991–92 sufficient to fund rate increases made pursuant to Sections 4691 and 4691.5 of the Welfare and Institutions Code to cover the allowable costs for eligible programs receiving a permanent rate.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that nonresidential programs receive equitable rates of reimbursement so that regional centers may purchase high quality services for people with developmental disabilities, it is necessary that this act take immediate effect.

CHAPTER 1397

An act to amend Sections 25280, 25281, 25281.5, 25283, 25284, 25286, 25287, 25288, 25289, 25291, 25292, 25293, 25295, 25298, 25299, 25299.1, 25299.2, 25299.3, 25299.4, and 25299.5 of, to add Sections 25280.5, 25292.1, 25292.2, and 25299.7 to, and to repeal Section 25299.6 of, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 25280 of the Health and Safety Code is amended to read:

25280. (a) The Legislature finds and declares as follows:

(1) Substances hazardous to the public health and safety and to the environment are stored prior to use or disposal in thousands of underground locations in the state.

(2) Underground tanks used for the storage of hazardous substances and wastes are potential sources of contamination of the ground and underlying aquifers, and may pose other dangers to public health and the environment.

(3) In several known cases, underground storage has resulted in undetected and uncontrolled releases of hazardous substances into the ground. These releases have contaminated public drinking water supplies and created a potential threat to the public health and to the waters of the state.

(4) The Legislature has previously enacted laws regulating the management of hazardous wastes, including statutes providing the means to clean up releases of hazardous substances into the environment when the public health, domestic livestock, wildlife, and the environment are endangered. Current laws do not specifically govern the construction, maintenance, testing, and use of underground tanks used for the storage of hazardous substances, or the short-term storage of hazardous wastes prior to disposal, for the purposes of protecting the public health and the environment.

(5) The protection of the public from releases of hazardous substances is an issue of statewide concern.

(b) The Legislature therefore declares that it is in the public interest to establish a continuing program for the purpose of preventing contamination from, and improper storage of, hazardous substances stored underground. It is the intent of the Legislature, in enacting this chapter, to establish orderly procedures that will ensure that newly constructed underground storage tanks meet appropriate standards and that existing tanks be properly maintained, inspected, tested, and upgraded so that the health, property, and resources of the people of the state will be protected.

SEC. 2. Section 25280.5 is added to the Health and Safety Code,

to read:

25280.5. The Legislature finds and declares all of the following:

(a) Subchapter IX (commencing with Section 6991) of Chapter 82 of Title 42 of the United States Code provides for regulation of underground storage tanks and allows underground storage tanks to be regulated pursuant to a state program, in lieu of a federal program, in states which are authorized to implement these provisions.

(b) It is in the interest of the people of the state, in order to avoid direct regulation by the federal government of persons already subject to regulation under state law pursuant to this chapter, to authorize the state to implement the provisions of Subchapter IX (commencing with Section 6991) of Chapter 82 of Title 42 of the United States Code, including any acts amending or supplementing Subchapter IX and any federal regulations and guidelines adopted pursuant to Subchapter IX.

SEC. 3. Section 25281 of the Health and Safety Code is amended to read.

25281. For purposes of this chapter, the following definitions apply:

(a) "Automatic line leak detector" means any method of leak detection, as determined in regulations adopted by the board, which alerts the owner or operator of an underground storage tank to the presence of a leak. "Automatic line leak detector" includes, but is not limited to, any device or mechanism which alerts the owner or operator of an underground storage tank to the presence of a leak by restricting or shutting off the flow of hazardous substance through piping, or by triggering an audible or visual alarm, and which detects leaks of three gallons or more per hour at 10 pounds per square inch line pressure within one hour.

(b) "Board" means the State Water Resources Control Board. "Regional board" means a California regional water quality control board.

(c) "Department" means the State Department of Health Services.

(d) "Facility" means any one, or combination of, underground storage tanks used by a single business entity at a single location or site.

(f) "Hazardous substance" means both of the following.

(1) All of the following liquid and solid substances, unless the department, in consultation with the board, determines that the substance could not adversely affect the quality of the waters of the state:

(A) Substances on the list prepared by the Director of Industrial Relations pursuant to Section 6382 of the Labor Code.

(B) Hazardous substances, as defined in Section 25316.

(C) Any substance or material which is classified by the National Fire Protection Association (NFPA) as a flammable liquid, a class II combustible liquid, or a class III-A combustible liquid.

"Person" also includes any city, county, district, the state, any department or agency thereof, or the United States to the extent authorized by federal law.

(k) "Pipe" means any pipeline or system of pipelines which is used in connection with the storage of hazardous substances and which is not intended to transport hazardous substances in interstate or intrastate commerce or to transfer hazardous materials in bulk to or from a marine vessel.

(*l*) "Primary containment" means the first level of containment, such as the portion of a tank which comes into immediate contact on its inner surface with the hazardous substance being contained.

(m) "Product-tight" means impervious to the substance which is contained, or is to be contained, so as to prevent the seepage of the substance from the primary containment. To be product-tight, the tank shall not be subject to physical or chemical deterioration by the substance which it contains over the useful life of the tank.

(r) "Storage" or "store" means the containment, handling, or treatment of hazardous substances, either on a temporary basis or for

a period of years. "Storage" or "store" does not mean the storage of hazardous wastes in an underground storage tank if the person operating the tank has been issued a hazardous waste facilities permit by the department pursuant to Section 25200 or granted interim status under Section 25200.5.

(x) "Underground storage tank" means any one or combination of tanks, including pipes connected thereto, which is used for the storage of hazardous substances and which is substantially or totally beneath the surface of the ground. "Underground storage tank" does not include any of the following:

(1) A tank with a capacity of 1,100 gallons or less which is located on a farm and which stores motor vehicle fuel used primarily for agricultural purposes and not for resale.

(2) A tank which is located on a farm or at the residence of a person, which has a capacity of 1,100 gallons or less, and which stores home heating oil for consumptive use on the premises where stored.

(3) Structures such as sumps, separators, storm drains, catch basins, oil field gathering lines, refinery pipelines, lagoons, evaporation ponds, well cellars, separation sumps, lined and unlined pits, sumps and lagoons. Sumps which are a part of a monitoring system required under Section 25291 or 25292 and sumps or other structures defined as underground storage tanks under the federal act are not exempted by this section. Structures identified in this paragraph may be regulated by the board and any regional board pursuant to the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code) to ensure that they do not pose a threat to water quality.

(y) "Underground tank system" or "tank system" means an underground storage tank, connected piping, ancillary equipment, and containment system, if any.

SEC. 4. Section 25281.5 of the Health and Safety Code is amended to read:

25281.5 (a) Notwithstanding subdivision (k) of Section 25281,

for purposes of this chapter "pipe" means all parts of any pipeline or system of pipelines, used in connection with the storage of hazardous substances, including, but not limited to, valves and other appurtenances connected to the pipe, pumping units, fabricated assemblies associated with pumping units, and metering and delivery stations and fabricated assemblies therein, but does not include any of the following:

SEC. 5. Section 25283 of the Health and Safety Code is amended to read:

25283. (a) Every county shall implement this chapter pursuant to the regulations adopted by the board. A city may, by ordinance, assume responsibility for the implementation of this chapter pursuant to the regulations adopted by the board and, if so, shall have exclusive jurisdiction within the boundary of the city for the purposes of carrying out this chapter. A city which, prior to January 1, 1990, was exempt from implementing this chapter, has the exclusive jurisdiction, within its boundaries, for the purpose of implementing this chapter.

(b) A city shall notify the county on or before July 1, 1990, of its intentions to assume responsibility for implementation of this chapter. For a city which assumes responsibility for implementation of this chapter after January 1, 1990, the county shall have until July 1, 1991, to transfer responsibility for the enforcement program to the city unless an earlier date is mutually agreed upon by the county and city. The ordinance adopted by the city shall comply with this chapter, applicable federal law, and regulations and guidelines adopted pursuant thereto. A county shall designate a department, office, or other agency of that county as the local agency responsible for administering and enforcing this chapter, and a city which assumes responsibility for implementing this chapter shall also make a similar designation. A city which assumes responsibility for implementation of this chapter pursuant to this paragraph shall designate the agency which has responsibility for implementing Chapter 6.95 (commencing with Section 25500) as the local agency responsible for administering and enforcing this chapter

(c) Revenue from fees collected by the county pursuant to this chapter shall be prorated between the city and county based upon when the city assumes responsibility for implementation of this chapter.

SEC. 6. Section 25284 of the Health and Safety Code is amended to read:

25284. (a) Except as provided in subdivisions (c) and (d), no person shall own or operate an underground storage tank unless a permit for its operation has been issued by the local agency to the owner.

(b) Each local agency shall prepare a form which provides for the acceptance of the obligations of a transferred permit by any person who is to assume the ownership of an underground storage tank from the previous owner and is to be transferred the permit to operate the tank. That person shall complete the form accepting the obligations of the permit and submit the completed form to the local agency within 30 days after the ownership of the underground storage tank is to be transferred. A local agency may review and modify, or terminate, the transfer of the permit to operate the underground storage tank, pursuant to the criteria specified in subdivision (a) of Section 25295, upon receiving the completed form.

(c) Any person assuming ownership of an underground storage tank used for the storage of hazardous substances for which a valid operating permit has been issued shall have 30 days after the date of assumption of ownership to apply for an operating permit pursuant to Section 25286 or, if accepting a transferred permit, shall submit to the local agency the completed form accepting the obligations of the transferred permit, as specified in subdivision (b). During the period from the date of application until the permit is issued or refused, the person shall not be held to be in violation of this section.

(d) (1) Any person who owns an underground storage tank which was not subject to this chapter before January 1, 1990, may apply for a permit on or before January 30, 1990, to operate the underground storage tank pursuant to Section 25286. If an owner subject to this subdivision applies for a permit on or before January 30, 1990, the owner is not in violation of this section, unless the local agency notifies the owner in writing that the local agency will not issue the permit, or if the underground storage tank is operated without a permit after December 31, 1990.

(2) A permit issued pursuant to this subdivision for an underground storage tank installed on or before December 22, 1988, shall require compliance with Section 25292 and a permit issued pursuant to this subdivision for an underground storage tank installed after December 22, 1988, shall require compliance with Section 25291. A permit issued pursuant to this subdivision may include a schedule of compliance, when necessary, to allow a reasonable opportunity to comply with any applicable requirements of this chapter or the regulations adopted by the board implementing this chapter, if the permit requires compliance with

requirements which are no less stringent than any federal, state, or local requirements which apply to the underground storage tank on January 1, 1990.

(e) A permit issued pursuant to this section shall apply and require compliance with all applicable regulations adopted by the board pursuant to Section 25299.3.

(f) When, in its judgment, it is appropriate to do so, the local agency may issue a single permit to a person for a facility.

SEC. 7. Section 25286 of the Health and Safety Code is amended to read:

25286. (a) An application for a permit to operate an underground storage tank, or for renewal of the permit, shall be made, by the owner, on a standardized form prepared by the board and provided by the local agency and shall be accompanied by the appropriate fee, as specified in Section 25287. As a condition of any permit to operate an underground storage tank, the permittee shall notify the local agency, within the period determined by the local agency, of any changes in the usage of the underground storage tank, including the storage of new hazardous substances, changes in monitoring procedures, and if there has been any unauthorized release from the underground storage tank, as specified in Section 25294 or 25295.

(b) (1) The local agencies shall provide the California Association of Environmental Health Administrators with copies of the completed permit applications, using an industry standard computer readable magnetic tape, or any other format acceptable to the board.

(2) The board shall enter into a contract with the California Association of Environmental Health Administrators for the SWEEPS, and reimburse the association, upon appropriation by the Legislature, for any costs determined by the board to have been necessary and incurred pursuant to this section, including programming, training, maintenance, actual data processing expenditures, and any incidental costs of the operation of the SWEEPS related to the permitting of underground storage tanks. The permit application information required in subdivision (c) shall be stored in the SWEEPS. The California Association of Environmental Health Administrators shall submit to the board a quarterly report, including any information required by the board concerning permit application data. Each local agency shall provide the California Association of Environmental Health Administrators with a copy of the completed permit application within 30 days after taking final action on the application.

(c) The application form shall include, but not be limited to, requests for the following information:

(1) A description of the age, size, type, location, uses, and construction of the underground storage tank or tanks.

(2) A list of all the hazardous substances which are or will be stored in the underground storage tank or tanks, specifying the hazardous substances for each underground storage tank.

(3) A description of the monitoring program for the underground tank system.

(4) The name and address of the person, firm, or corporation which owns the underground tank system and, if different, the name and address of the person who operates the underground tank system.

(5) The address of the facility at which the underground tank system is located.

(6) The name of the person making the application.

(7) The name and 24-hour phone number of the contact person in the event of an emergency involving the facility.

(8) If the owner or operator of the underground storage tank is a public agency, the application shall include the name of the supervisor of the division, section, or office which operates the tank.

(d) If a permittee stores in an underground storage tank or tanks a hazardous substance which is not listed in the application, as required by paragraph (2) of subdivision (c), the permittee shall apply for a new or amended permit within 30 days after commencing the storage of that hazardous substance.

SEC. 8. Section 25287 of the Health and Safety Code is amended to read:

25287 (a) Except as provided in subdivision (c), a fee shall be paid to the local agency by each person who submits an application for a permit to operate an underground storage tank or to renew or amend a permit. The governing body of the county, or a city which assumes enforcement jurisdiction, shall establish the amount of the fees at a level sufficient to pay the necessary and reasonable costs incurred by the local agency in administering this chapter, including, but not limited to, permitting and inspection responsibilities. The governing body may provide for the waiver of fees when a state or local government agency makes an application for a permit to operate or an application to renew a permit.

(b) This fee shall include a surcharge, the amount of which shall be determined by the Legislature annually to cover the costs of the board in carrying out its responsibilities under this chapter and the costs of the local agency in collecting the surcharges. The local agency may retain 6 percent of any surcharge collected for costs incurred in its collection. The 6 percent of the surcharge retained by the local agency is the local agency's sole source of reimbursement for the cost of collecting the surcharge. The local agency shall transmit all remaining surcharge revenue collected by the local agency to the board within 45 days after receipt pursuant to subdivision (a). The surcharge shall be deposited in the Underground Storage Tank Fund hereby created in the General Fund. The money in this account is available, upon appropriation by the Legislature, to the board for the purposes of implementing this chapter.

(c) A local agency may waive the fee required by subdivision (a) for an underground storage tank which has a capacity of 5,000 gallons

or less, which is located on a farm, and which contains motor vehicle or heating fuel used primarily for agricultural purposes, if the local agency finds that the fee will impose undue economic hardship upon the person applying for the permit. However, the local agency shall not waive the surcharge required under subdivision (b).

(d) If a local agency does not transmit the surcharge for a particular permit application to the board, the local agency shall pay the California Association of Environmental Health Administrators for any costs associated with processing that application incurred by the SWEEPS.

(e) A county of the fifth class, as defined in Section 28020 of the Government Code as a county with a population of 1,000,000 and under 1,070,000, and any city located within that county, is exempt from the requirements of collecting or transmitting to the board the surcharge required to be included in fees paid to a local agency pursuant to this section.

SEC. 9. Section 25288 of the Health and Safety Code is amended to read:

25288. (a) The local agency shall inspect every underground tank system within its jurisdiction at least once every three years. The purpose of the inspection is to determine whether the tank system complies with the applicable requirements of this chapter and the regulations adopted by the board pursuant to Section 25299 3, including the design and construction standards of Section 25291 or 25292, whichever is applicable, whether the operator has monitored and tested the tank system as required by the permit, and whether the tank system is in a safe operating condition. After an inspection, the local agency shall prepare a compliance report detailing the inspection and shall send a copy of this report to the permitholder.

(b) In addition to, or instead of, the inspections specified in subdivision (a), the local agency may require the permitholder to employ, periodically, special inspectors to conduct an audit or assessment of the permitholder's underground tank system to determine whether the tank system complies with the factors specified in subdivision (a) and to prepare a special inspection report with recommendations concerning the safe storage of hazardous materials at the tank system. The report shall contain recommendations consistent with this chapter, where appropriate. A copy of the report shall be filed with the local agency at the same time the inspector submits the report to the permitholder. Within 30 days after receiving this report, the permitholder shall file with the local agency a plan to implement all recommendations contained in the report or shall demonstrate, to the satisfaction of the local agency, why these recommendations should not be implemented.

SEC. 10. Section 25289 of the Health and Safety Code is amended to read:

25289. (a) In order to carry out the purposes of this chapter, any duly authorized representative of the local agency, the regional

board, or the board has the authority specified in Section 25185, with respect to any place where underground tank systems are located, or in which records relevant to operation of an underground tank system are kept, and in Section 25185.5, with respect to real property which is within 2,000 feet of any place where underground tank systems are located. The authority conferred by this subdivision includes the authority to conduct any monitoring or testing of an underground tank system.

(b) In order to carry out the purposes of this chapter, any authorized representative of the local agency, the regional board, or the board may require the owner or operator of an underground storage tank to, upon request, submit any information relevant to the compliance with this chapter or the regulations, to conduct monitoring or testing, and to report the results of that monitoring or testing under penalty of perjury. The burden of the monitoring, testing, and reporting, including costs, shall bear a reasonable relationship to the need for the monitoring, testing, and reporting.

SEC. 11. Section 25291 of the Health and Safety Code is amended to read:

25291. Every underground storage tank installed after January 1, 1984, shall meet all of the following requirements:

(a) The underground storage tank shall be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in it in accordance with the following performance standards:

(1) Primary containment shall be product-tight.

(2) Secondary containment shall be constructed to prevent structural weakening as a result of contact with any released hazardous substances, and also shall be capable of storing the hazardous substances for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) In the case of an installation with one primary container, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(4) In the case of multiple primary tanks, the secondary container shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(5) If the facility is open to rainfall, then the secondary containment shall be able to additionally accommodate the maximum volume of a 24-hour rainfall as determined by a 25-year storm history.

(6) Single-walled containers do not fulfill the requirement of an underground storage tank providing both a primary and a secondary containment. However, an underground storage tank with a primary container constructed with a double complete shell shall be deemed to have met the requirements for primary and secondary containment set forth in this section if the outer shell is constructed primarily of nonearthen materials, including, but not limited to,

concrete, steel, and plastic, which provide structural support and a continuous leak detection system with alarm is located in the space between the shells; the system is capable of detecting the entry of hazardous substances from the inner container into the space; and the system is capable of detecting water intrusion into the space from the outer shell.

(7) The design and construction of underground storage tanks for motor vehicle fuels storage need not meet the requirements of paragraphs (1) to (6), inclusive, if all of the following conditions exist:

(A) The primary containment construction is of glass fiber reinforced plastic, cathodically protected steel, or steel clad with glass fiber reinforced plastic.

(B) Any alternative primary containment is installed in conjunction with a system that will intercept and direct a leak from any part of the underground storage tank to a monitoring well to detect any release of motor vehicle fuels stored in the tank.

(C) The system is designed to provide early leak detection and response, and to protect the groundwater from releases.

(D) The monitoring is in accordance with the alternative method identified in paragraph (4) of subdivision (b) of Section 25292.

(E) Pressurized piping systems connected to tanks used for the storage of motor vehicle fuels and monitored in accordance with paragraph (4) of subdivision (b) of Section 25292 also meet the conditions of this subdivision if the tank meets the conditions of subparagraphs (A) to (D), inclusive. However, any pipe connected to an underground storage tank installed after July 1, 1987, shall be equipped with secondary containment which complies with paragraphs (1) to (6), inclusive.

(b) The underground tank system shall be designed and constructed with a monitoring system capable of detecting the entry of the hazardous substance stored in the primary containment into the secondary containment.

(c) The underground storage tank shall be provided with equipment to prevent spills and overflows from the primary tank.

(d) If different substances are stored in the same tank and in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, those substances shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(e) If water could enter into the secondary containment by precipitation or infiltration, the facility shall contain a means of monitoring for water intrusion and for removing the water by the owner or operator. This removal system shall also prevent uncontrolled removal of this water and provide for a means of analyzing the removed water for hazardous substance contamination and a means of disposing of the water, if so contaminated, at an authorized disposal facility.

(f) Underground pressurized piping that conveys a hazardous

substance shall be equipped with an automatic line leak detector and shall be tightness tested annually.

(g) Before the underground storage tank is covered, enclosed, or placed in use, the standard installation testing for requirements for underground storage systems specified in Section 2-7 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association, (NFPA 30) as amended and published in the respective edition of the Uniform Fire Code, shall be followed.

(h) Before the underground storage tank is placed in service, the underground tank system shall be tested in operating condition using a tank integrity test.

(i) If the underground storage tank is designed to maintain a water level in the secondary containment, the tank shall be equipped with a safe method of removing any excess water to a holding facility and the owner or operator shall inspect the holding facility monthly for the presence of excess water overflow. If excess water is present in the holding facility, the permitholder shall provide a means to analyze the water for hazardous substance contamination and a means to dispose of the water, if so contaminated, at an authorized disposal facility.

SEC. 12. Section 25292 of the Health and Safety Code is amended to read:

25292. For every underground storage tank installed on or before January 1, 1984, and used for the storage of hazardous substances, the following actions shall be taken:

(a) On or before July 1, 1985, the owner shall outfit the underground tank system with a monitoring system capable of detecting unauthorized releases of any hazardous substances stored in the tank system, and thereafter, the operator shall monitor each tank system, based on materials stored and the type of monitoring installed.

(b) Provide a means for visual inspection of the tank system, wherever practical, for the purpose of the monitoring required by subdivision (a). Alternative methods of monitoring the tank system on a monthly, or more frequent basis, may be required by the local agency, consistent with the regulations of the board.

The alternative monitoring methods include, but are not limited to, the following methods:

(1) Tank integrity testing for proving the integrity of an underground tank system at time intervals specified by the board.

(2) A groundwater monitoring well or wells which are downgradient and adjacent to the underground tank system, vapor analysis within a well where appropriate, and analysis of soil borings at the time of initial installation of the well.

(3) A continuous leak detection and alarm system which is located in monitoring wells adjacent to an underground tank system and which is approved by the local agency.

(4) For monitoring tanks containing motor vehicle fuels, daily gauging and inventory reconciliation by the operator, if all of the

following requirements are met:

(A) Inventory records are kept on file for one year and are reviewed quarterly.

(B) The tank system is tested, using the tank integrity test at time intervals specified by the board and whenever there is a shortage greater than the amount which the board shall specify by regulation.

(C) If a pressurized pump system is connected to the tank system, the system has a leak detection device to monitor for leaks in the piping. The leak detection device shall be installed in a manner designed to resist unauthorized tampering and to clearly show by visual inspection if tampering has occurred. The leak detection device shall be tested annually, at a minimum, and all devices found to be not performing in conformance with the manufacturer's leak detection specifications shall be promptly repaired or replaced.

(5) For monitoring underground tank systems which are located on farms and which store motor vehicle or heating fuels used primarily for agricultural purposes, alternative monitoring methods include the following:

(A) If the tank has a capacity of greater than 1,100 gallons but of 5,000 gallons or less, the tank shall be tested using the tank integrity test, at least once every three years, and the owner shall utilize tank gauging on a monthly or more frequent basis, as required by the local agency, subject to the specifications provided in paragraph (7) of subdivision (c) of Section 2641 of Title 23 of the California Code of Regulations, as that section read on August 13, 1985.

(B) If the tank has a capacity of more than 5,000 gallons, the tank shall be monitored pursuant to the methods for all other tanks specified in this subdivision.

(c) The board shall develop regulations specifying monitoring alternatives. The local agency, or any other public agency specified by the local agency, shall approve the location and number of wells, the depth of wells, and the sampling frequency, pursuant to these regulations.

(d) On or before December 22, 1998, the underground storage tank shall be replaced or upgraded to prevent releases due to corrosion or spills or overfills for the underground storage tanks's operating life.

(e) (1) All existing underground pressurized piping shall be equipped with an automatic line leak detector on or before December 22, 1990, and shall be retrofitted with secondary containment on or before December 22, 1998. Underground pressurized piping shall be tightness tested annually.

(2) Paragraph (1) does not apply to existing pressurized piping containing motor vehicle fuel, if the pipeline is constructed of glass fiber reinforced plastic, cathodically protected steel, or steel clad with glass fiber reinforced plastic, is equipped with an automatic line leak detector, and is tightness tested annually.

SEC. 13. Section 25292.1 is added to the Health and Safety Code, to read:

25292.1. All underground tank systems shall meet the following operational requirements:

(a) The underground tank system shall be operated to prevent unauthorized releases, including spills and overfills, during the operating life of the tank.

(b) Where equipped with cathodic protection, the underground tank system shall be operated by a person with sufficient training and experience in preventing corrosion.

(c) The underground tank system shall be structurally sound at the time of upgrade or repair.

SEC. 14. Section 25292.2 is added to the Health and Safety Code, to read:

25292.2. (a) All owners and operators of an underground tank system shall maintain evidence of financial responsibility for taking corrective action and for compensating third parties for bodily injury and property damage caused by a release from the underground tank system, in accordance with regulations adopted by the board pursuant to Section 25299.3. The regulations shall include a schedule that requires that financial responsibility requirements are phased-in for all underground storage tank systems on or before October 26, 1990.

(b) If the owner and the operator are separate persons, either the owner or the operator shall demonstrate compliance with subdivision (a).

(c) An owner may comply with this article by entering into an agreement with the operator of the tank requiring the operator to demonstrate compliance with subdivision (a). However, both the owner and the operator are in violation of subdivision (a) if evidence of financial responsibility is not established and maintained in accordance with this article.

SEC. 15. Section 25293 of the Health and Safety Code is amended to read:

25293. (a) The operator of the underground tank system shall monitor the tank system using the method specified on the permit for the tank system. Records of monitoring, testing, repairing, and closure shall be kept in sufficient detail to enable the local agency to determine whether the underground tank system is in compliance with the applicable provisions of this chapter, the regulations adopted by the board pursuant to Section 25299.3, and the permit issued for the operation of the tank system.

(b) If the operator is not the owner, the owner shall provide a copy of the permit to the operator, enter into a written contract with the operator which requires the operator to monitor the tank system as set forth in the permit, and provide the operator with a copy of Section 25299, or a summary of this section, in the form which the board specifies by regulation. The owner shall notify the local agency of any change of operator.

SEC. 16. Section 25295 of the Health and Safety Code is amended to read:

25295. (a) (1) Any unauthorized release which escapes from the secondary containment, or from the primary containment, if no secondary containment exists, increases the hazard of fire or explosion, or causes any deterioration of the secondary containment of the underground tank system shall be reported by the operator to the local agency within 24 hours after the release has been detected or should have been detected. A full written report shall be transmitted by the owner or operator of the underground tank system within five working days of the occurrence of the release. The report shall describe the nature and volume of the unauthorized release, any corrective or remedial actions undertaken, and any further corrective or remedial actions, including investigative actions, which will be needed to clean up the unauthorized release and abate the effects of the release and a time schedule for implementing these actions.

(2) The local agency shall review the permit whenever there has been an unauthorized release or when it determines that the underground tank system is unsafe. In determining whether to modify or terminate the permit, the local agency shall consider the age of the tank, the methods of containment, the methods of monitoring, the feasibility of any required repairs, the concentration of the hazardous substances stored in the tank, the severity of potential unauthorized releases, and the suitability of any other long-term preventive measures which would meet the requirements of this chapter.

(b) In cooperation with the Office of Emergency Services, the board shall submit an annual statewide report by county, to the Legislature, of all unauthorized releases, indicating for each unauthorized release the operator, the hazardous substance, the quantity of the unauthorized release, and the actions taken to abate the problem.

(c) The reporting requirements imposed by this section are in addition to any requirements which may be imposed by Sections 13271 and 13272 of the Water Code.

SEC. 17. Section 25298 of the Health and Safety Code is amended to read:

25298. (a) No person shall abandon an underground tank system or close or temporarily cease operating an underground tank system, except as provided in this section.

(b) An underground tank system which is temporarily taken out of service, but which the operator intends to return to use, shall continue to be subject to all the permit, inspection, and monitoring requirements of this chapter and all applicable regulations adopted by the board pursuant to Section 25299.3, unless the operator complies with subdivision (c) for the period of time the underground tank system is not in use.

(c) No person shall close an underground tank system unless the person undertakes all of the following actions:

(1) Demonstrates to the local agency that all residual amounts of

the hazardous substance or hazardous substances which were stored in the tank system prior to its closure have been removed, properly disposed of, and neutralized.

(2) Adequately seals the tank system to minimize any threat to the public safety and the possibility of water intrusion into, or runoff from, the tank system.

(3) Provides for, and carries out, the maintenance of the tank system as the local agency determines is necessary for the period of time the local agency requires.

(4) Demonstrates to the appropriate agency, which has jurisdiction over the site, that the site has been investigated to determine if there are any present, or were past, releases, and if so, that appropriate corrective or remedial actions have been taken.

SEC. 18. Section 25299 of the Health and Safety Code, as amended by Section 2 of Chapter 296 of the Statutes of 1988, is amended to read:

25299. (a) Any operator of an underground tank system shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) for each underground storage tank for each day of violation for any of the following violations:

(8) Making any false statement, representation, or certification in any application, record, report, or other document submitted or required to be maintained pursuant to this chapter.

(b) Any owner of an underground tank system shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for each underground storage tank, for each day of violation, for any of the following violations:

(1) Failure to obtain a permit as specified by this chapter.

(2) Failure to repair or upgrade an underground tank system in accordance with the provisions of this chapter.

(3) Abandonment or improper closure of any underground tank system subject to this chapter.

(d) Any person who falsifies any monitoring records required by this chapter, or knowingly fails to report an unauthorized release, shall, upon conviction, be punished by a fine of not less than five thousand dollars ($5,000) or more than ten thousand dollars ($10,000), by imprisonment in the county jail for not to exceed one year, or by both that fine and imprisonment.

(e) Any person subject to Section 25293.1 who fails to transmit the information as required by Section 25293.1 shall be liable for a civil penalty of not more than one thousand dollars ($1,000).

(f) In determining both the civil and criminal penalties imposed pursuant to this section, the court shall consider all relevant circumstances, including, but not limited to, the extent of harm or potential harm caused by the violation, the nature of the violation and the period of time over which it occurred, the frequency of past violations, and the corrective action, if any, taken by the person who holds the permit.

(g) Each civil penalty or criminal fine imposed pursuant to this section for any separate violation shall be separate, and in addition to, any other civil penalty or criminal fine imposed pursuant to this section or any other provision of law, and shall be paid to the treasury of the local agency or state, whichever is represented by the office of the city attorney, district attorney, or Attorney General bringing the action. All penalties or fines collected on behalf of the board or a regional board by the Attorney General shall be deposited in the State Water Pollution Cleanup and Abatement Account in the State Water Quality Control Fund, and are available for expenditure by the board, upon appropriation, pursuant to Section 13441 of the Water Code.

(h) In addition to the state and any city or county implementing this chapter pursuant to Section 25283, a city or county specified in subdivision (a) of Section 25299.1 may also levy and collect penalties under this section.

(i) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 19. Section 25299 of the Health and Safety Code, as added by Section 3 of Chapter 296 of the Statutes of 1988, is amended to read:

25299. (a) Any operator of an underground tank system shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) for each underground storage tank for each day of violation for any of the following violations:

(8) Making any false statement, representation, or certification in any application, record, report, or other document submitted or

required to be maintained pursuant to this chapter.

(c) Any person who intentionally fails to notify the board or the local agency when required to do so by this chapter or who submits false information in a permit application, amendment, or renewal, pursuant to Section 25286, is liable for a civil penalty of not more than five thousand dollars ($5,000) for each underground storage tank for which notification is not given or false information is submitted.

(d) Any person who falsifies any monitoring records required by this chapter, or knowingly fails to report an unauthorized release, shall, upon conviction, be punished by a fine of not less than five thousand dollars ($5,000) or more than ten thousand dollars ($10,000), by imprisonment in the county jail for not to exceed one year, or by both that fine and imprisonment.

(e) In determining both the civil and criminal penalties imposed pursuant to this section, the court shall consider all relevant circumstances, including, but not limited to, the extent of harm or potential harm caused by the violation, the nature of the violation and the period of time over which it occurred, the frequency of past violations, and the corrective action, if any, taken by the person who holds the permit.

(f) Each civil penalty or criminal fine imposed pursuant to this section for any separate violation shall be separate, and in addition to, any other civil penalty or criminal fine imposed pursuant to this section or any other provision of law, and shall be paid to the treasury of the local agency or state, whichever is represented by the office of the city attorney, district attorney, or Attorney General bringing the action. All penalties or fines collected on behalf of the board or a regional board by the Attorney General shall be deposited in the State Water Pollution Cleanup and Abatement Account in the State Water Quality Control Fund, and are available for expenditure by the board, upon appropriation, pursuant to Section 13441 of the Water Code.

(g) This section shall become operative on January 1, 1991.

SEC. 20. Section 25299.1 of the Health and Safety Code is amended to read:

25299.1. (a) Any city or county which prior to January 1, 1984, adopted an ordinance which, at a minimum met the requirements set forth in Sections 25284 and 25284.1, as they read on January 1, 1984, prior to being amended and renumbered, providing for double containment, and monitoring of underground storage tanks which was exempt from this chapter as of December 31, 1989, is not exempt from implementing this chapter and shall implement this chapter on or before January 1, 1991.

(b) Until a city or county specified in subdivision (a) implements this chapter, the city or the county shall, at a minimum, do all of the following:

(1) Submit to the board the application form and annual information specified by Section 25286 and submit a written report of any unauthorized release from an underground storage tank to the

Office of Emergency Services within 10 working days from the time the local agency is notified of the unauthorized release.

(2) Collect and transmit to the board the surcharge specified in subdivision (b) of Section 25287.

(3) Issue permits for the operation of an underground storage tank, which, at a minimum, ensure compliance with any applicable requirement of the federal act and any applicable regulation adopted by the board pursuant to Section 25299.3 which the board determines is necessary to assure consistency with the federal act.

(c) A permit issued on or after January 1, 1991, by a city or county specified in subdivision (a) shall require compliance with all applicable requirements of this chapter and with the regulations adopted by the board pursuant to Section 25299.3.

(d) This chapter does not limit or abridge the authority of any city or county to adopt an ordinance requiring information, conducting investigations, inspections, or implementing and enforcing this chapter.

SEC. 21. Section 25299.2 of the Health and Safety Code is amended to read:

25299.2. (a) Except as provided in subdivision (b) of Section 25299.4, this chapter does not preclude or deny the right of a local agency to adopt and enforce any regulation, requirement, or standard of performance that is more stringent than a regulation, requirement, or standard of performance in effect under this chapter with respect to underground storage tanks, if the regulation, requirement, or standard of performance, as provided in this subdivision, is consistent with this chapter.

(b) This chapter shall not be construed to preclude or deny the right of a local agency to regulate tanks which are not subject to regulation under this chapter or the federal act.

SEC. 22. Section 25299.3 of the Health and Safety Code is amended to read:

25299.3. (a) The board shall adopt regulations implementing this chapter.

(b) Until the board adopts regulations, any city or county may implement Section 25291 with regard to permits. Any tank or facility so permitted shall be deemed to be in compliance with the regulations of the board implementing that section. Any underground storage tank installed within a city or county which has not implemented Section 25291 prior to the adoption of regulations by the board shall be subject to the same requirements of this chapter as an underground storage tank installed prior to January 1, 1984.

(c) Every city and county shall, without undue delay, undertake its regulatory responsibilities under this chapter after the board adopts its regulations pursuant to subdivision (a). Except as provided in Section 25299.1, every city and county shall implement this chapter not later than July 1, 1985.

(d) Any regulation adopted by the board pursuant to this section

shall assure consistency with the requirements for state programs implementing the federal act, and shall include any more stringent requirements necessary to implement this chapter.

SEC. 23. Section 25299.4 of the Health and Safety Code is amended to read:

25299.4. (a) Any permitholder or permit applicant may apply to the board for a categorical variance from Section 25291 or 25292. A categorical variance is an alternative procedure which would be applicable to more than one local agency jurisdiction.

(1) The application shall include a description of the proposed alternative program, method, device, or process and a description of the region, area, or circumstances under which the variance would apply.

(2) The board shall give notice to all affected cities, counties, and city and counties.

(3) The board shall issue a categorical variance from these sections if it determines, after investigation and at least two public hearings held in different areas of the state, as selected by the board, that the applicant has demonstrated by clear and convincing evidence that the proposed alternative will adequately protect the soil and the beneficial uses of water of the state from an unauthorized release. Any variance so issued shall prescribe the conditions the applicant is required to maintain and shall describe the alternative.

(4) The board shall modify or revoke a categorical variance upon a finding that the proposed alternative does not adequately protect the soil and the beneficial uses of water of the state from an unauthorized release.

(5) The board may remand the application to the appropriate regional board if it determines that the application falls within subdivision (c).

(6) The board may charge and collect from the applicant a fee sufficient to recover the reasonable costs of proceeding under this section.

(b) (1) After January 1, 1984, any local agency may apply to the board for authority to implement design and construction standards for the containment of a hazardous substance in underground storage tanks which are in addition to those set forth in this chapter. The application shall include a description of the additional standards and a discussion of the need to implement them. The board shall approve the application if it finds, after an investigation and public hearing, that the local agency has demonstrated by clear and convincing evidence that the additional standards are necessary to adequately protect the soil and the beneficial uses of the waters of the state from unauthorized releases.

(2) The board shall make its determination within six months of the date of application for authority to implement additional standards. If the board's determination upholds the application for authority to implement additional standards, the standards shall be effective as of the date of the determination. If the board's

determination does not uphold the application, the additional standards shall not go into effect.

(c) (1) Any permitholder or permit applicant may apply to the regional board having jurisdiction over the location of the permitholder or applicant's facility for a site-specific variance from Section 25291 or 25292. A site-specific variance is an alternative procedure which is applicable in one local agency jurisdiction. Prior to applying to the regional board, the permitholder shall first contact the local agency pursuant to paragraph (5).

(2) The regional board shall hold a public hearing 60 days after the completion of any documents required by the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(3) The regional board shall consider the local agency's and the city, county, or city and county's recommendations in rendering its decision. Failure of the local agency or city, county, or city and county to join in the variance application pursuant to paragraph (5) shall not affect the request of the applicant to proceed with the variance application.

(4) The regional board shall approve the variance if it finds, after investigation and public hearing, that the applicant has demonstrated by clear and convincing evidence either of the following:

(A) Because of the facility's special circumstances, not generally applicable to other facilities' property, including size, shape, design, topography, location, or surroundings, the strict application of Sections 25291 and 25292 is unnecessary to adequately protect the soil and beneficial uses of the waters of the state from an unauthorized release.

(B) Strict application of the standards of Sections 25291 and 25292 would create practical difficulties not generally applicable to other facilities or property and that the proposed alternative will adequately protect the soil and beneficial uses of the waters of the state from an unauthorized release.

(5) Before applying for a variance, the applicant shall contact the local agency to determine if a site-specific variance is required. If the local agency determines that a site-specific variance is required or does not act within 60 days, the applicant may proceed with the variance procedure in subdivision (a).

(6) At least 30 days before applying to the appropriate regional board, the applicant shall notify and request the city, county, or city and county to join the applicant in the variance application before the regional board.

(A) The city, county, or city and county shall provide notice of the receipt of that request to any person who has requested the notice.

(B) The local agency within the city, county, or city and county which has the jurisdiction for land use decisions shall have 30 days from completion of any documents required by the California Environmental Quality Act (Division 13 (commencing with Section

21000) of the Public Resources Code) to act on the applicant's request to join the applicant.

(d) Applicants requesting a variance pursuant to this section shall pay a fee determined by the board to be necessary to recover the reasonable cost of administering this section.

(e) The permit issued for any underground storage tank issued a variance pursuant to this section shall require compliance with any conditions prescribed by the board or a regional board in issuing the variance. The conditions prescribed by the board or regional board in the permit shall include any conditions necessary to assure compliance with any applicable requirements of the federal act.

(f) This section does not apply to or within any city or county which was exempt from implementing this chapter as of December 31, 1984.

SEC. 24. Section 25299.5 of the Health and Safety Code is amended to read:

25299.5. (a) This chapter shall be construed to assure consistency with the requirements for state programs implementing the federal act.

(b) This chapter shall not be construed to limit or abridge the powers and duties granted to the department by Chapter 6.5 (commencing with Section 25100) and Chapter 6.8 (commencing with Section 25300) or to the board and each regional board by Division 7 (commencing with Section 13000) of the Water Code.

SEC. 25. Section 25299.6 of the Health and Safety Code is repealed.

SEC. 26. Section 25299.7 is added to the Health and Safety Code, to read:

25299.7 (a) The board is designated as the lead agency in the state for all purposes stated in the federal act and may exercise any powers which a state may exercise pursuant to the federal act.

(b) The board may prepare, as part of any program application submitted to the Environmental Protection Agency for state program approval pursuant to Section 6991c of Title 42 of the United States Code, any procedures and implementation plans necessary to assure compliance with the requirements for a state program implementing the federal act. These procedures and implementation plans may include, but are not limited to, procedures or implementation plans with respect to investigation, compliance monitoring, enforcement, public participation, and sharing of information among local agencies, the board, and the Environmental Protection Agency. If the Environmental Protection Agency approves of the state program, the board, the regional boards, and each local agency shall administer this chapter in accordance with these procedures and implementation plans where required by the memorandum of agreement executed by the board and the Environmental Protection Agency. These procedures and implementation plans shall also apply to any public agency or official who brings a civil enforcement action pursuant to this chapter, and

to any city or county specified in Section 25299.1, to the extent required by the memorandum of agreement. The board's approval of the program application and memorandum of agreement is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The board shall adopt any regulations necessary to obtain state program approval pursuant to Section 6991c of Title 42 of the United States Code. The board shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the board pursuant to this section shall be filed with, but may not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the board.

SEC. 27. The amendments made to Section 25287 of the Health and Safety Code by this act do not constitute a special statute in violation of Section 16 of Article IV of the California Constitution, since Santa Clara County, which is the county of the fifth class, is the first county in the state to adopt its own regulation of underground storage tanks, upon which the state program is modeled, and that county does not benefit from the state program.

SEC. 28. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction, or because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1398

An act to amend Section 1367.6 of the Health and Safety Code, to amend Sections 10123.8 and 11512.15 of the Insurance Code, and to amend Section 14132.6 of the Welfare and Institutions Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.6 of the Health and Safety Code is amended to read:

1367.6. Every health care service plan contract which provides for the surgical procedure known as a mastectomy and which is issued, amended, delivered or renewed in this state on or after July 1, 1980, shall include coverage for prosthetic devices or reconstructive surgery incident to the mastectomy, providing that the mastectomy is performed after July 1, 1980. Coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits. As used in this section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician and surgeon.

Any provision in any contract issued, amended, delivered or renewed in this state on or after July 1, 1980, which is in conflict with this section shall be of no force or effect.

As used in this section, "prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician.

SEC. 2. Section 10123.8 of the Insurance Code is amended to read:

10123.8. Every group policy of disability insurance or self-insured employee welfare benefit plan which provides for the surgical procedure known as a mastectomy and which is issued, amended, delivered or renewed in this state on or after July 1, 1980, shall include coverage for prosthetic devices or reconstructive surgery incident to the mastectomy, providing that the mastectomy is performed after July 1, 1980. Coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. As used in this section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician and surgeon.

Any provision in any contract issued, amended, delivered or

renewed in this state on or after July 1, 1980, which is in conflict with this section shall be of no force or effect.

As used in this section, "prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician.

SEC. 3. Section 11512.15 of the Insurance Code is amended to read:

11512.15. On or after January 1, 1989, every individual or group nonprofit hospital service plan contract which is issued, amended, or renewed, and which includes coverage for mastectomy and prosthetic devices and reconstructive surgery incident to the mastectomy described in Section 11512.10 shall also be deemed to provide coverage for mammography for screening or diagnostic purposes upon the referral of the patient's physician.

Nothing in this section shall be construed to require an individual or group policy to cover the surgical procedure known as mastectomy or to prevent application of deductible or copayment provisions contained in the policy or plan, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

As used in this section, "prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician.

SEC. 4. Section 14132.6 of the Welfare and Institutions Code is amended to read:

14071. In furtherance of the purposes set forth in Section 14002, a corporation may lend money to, and guarantee, endorse, or act as surety on the bonds, notes, contracts, or other obligations of, or assist financially, any person, firm, corporation, or association, and may establish and regulate the terms and conditions with respect to any such loans or financial assistance and the charges for interest and service connected therewith, except that the corporation shall not make or guarantee any loan unless and until it determines:

(a) There is no probability that the loan or other financial assistance would be granted by a financial company under reasonable terms or conditions, and the borrower has demonstrated a reasonable prospect of repayment of the loan.

(b) The loan proceeds shall be used exclusively in this state.

(c) The loan qualifies as a small business loan or an employment incentive loan.

(d) That the borrower has a minimum equity interest in the business as determined by the board.

(e) As a result of the loan, the jobs generated or retained

demonstrate reasonable conformance to the regulations specifying employment criteria.

14072. A corporation may charge the borrower or financial institution a loan fee on all loans made or guaranteed by the corporation to defray the operating expenses of the corporation. The amount of the fee shall be determined by the board.

14073 Corporations may grant energy efficiency improvement loans.

14074. The department shall enter into an agreement with the California Energy Extension Service of the Office of Planning and Research to assist small business owners in reducing their energy costs through low interest loans and by providing assistance and information through small business development corporations.

Article 10. Product Development

14076. The following definitions apply to this article:

(a) "Financial aid" means the infusion of risk capital to small businesses for use in the development and exploitation of specific inventions and products.

(b) "Invention" means any new process or new technique without regard to whether a patent has or could be granted.

(c) "Product" means any product, device, technique, or process which is or may be exploitable commercially. That term shall not refer to pure research but shall be construed to apply to the products, devices, techniques, or processes which have advanced beyond the theoretic stage and are readily capable of being, or have been, reduced to practice.

(d) "Venture" means, without limitation, any contractual arrangement with any person whereby the corporation obtains rights from or in an invention or product or proceeds therefrom in exchange for granting of financial aid to that person.

14077. The office, in its discretion and after the approval of the board, may establish a program through which corporations may assist California small businesses by making available financial aid for the development phase of the definable product or process which is new to the business undertaking the development. Projects approved by a corporation shall be eligible for reimbursement on a regular basis up to 60 percent of allowable, documented expenses. Products approved and the amount invested shall be based upon an analysis of the business plan submitted by the company. Evaluation criteria shall include product feasibility, company ability, marketing availability, job creation, and overall financial condition. Products need not be high technology but should be innovative.

The executive director may appoint a technology marketing advisory committee to review product development applications being considered for funding by corporations. The advisory committee shall include, among others, a product development specialist, a marketing specialist, and a venture capitalist.

14078. In accordance with subdivision (a) of Section 14026, the executive director may provide technical assistance and staff support for the technology marketing advisory committee created pursuant to Section 14077 and the corporations implementing that section.

14079. The office may propose and the board may adopt regulations and investment guidelines including a definition of allowable expenses for the product development program established by Section 14077.

14080. If the office establishes the program authorized by Section 14077, return on investments authorized by Section 14077 for the corporations shall be derived from a royalty based on the sale of the product developed. The royalty shall not exceed 5 percent of the new product sales unless approval is granted by the executive director after notification of the board. The royalty payment shall continue until a specified multiple of the corporation's investment has been returned within a specified period of time. After the required multiple has been reached, the royalty rate may be reduced and continued for a fixed time period.

14081. If the office establishes the program authorized by Section 14077, the corporations shall charge an application fee in an amount to be determined from time to time by the executive director upon approval by the board.

14082. If the office establishes the program authorized by Section 14077, the corporations are authorized to use up to one-tenth of the amount within their corporate funds to make investments in California small businesses for product development as specified in Sections 14077 and 14080. The investments in each business shall not exceed the amount of the current loan guarantee limits established by regulation. This section is an exception to Section 14041.

14083. If the office establishes the program authorized by Section 14077, revenues derived from royalties on product investments shall be returned to the investing corporation's corporate fund.

This article shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

(b) Borrow money, property, or to benefit knowingly, directly or indirectly, from the use of the money, credit, or property of any corporation.

(c) Make, maintain, or attempt to make or maintain, a deposit of the funds of a corporation with any other corporation or association on condition, or with the understanding, expressed or implied, that the corporation or association receiving such deposit shall pay any money or make a loan or advance, directly or indirectly, to any person, partnership, joint venture, association, or corporation, other than to a corporation formed under this part.

14086. It shall be unlawful for the executive director or any member of a corporation, or any person who is an officer or director, or who is a member or employee of the office or the board or executive director, to purchase or receive, or to be otherwise interested in the purchase or receipt, directly or indirectly, of any asset of a corporation, without paying to the corporation the fair market value of the asset at the time of the transaction.

14087. Violation of any provision of this article shall constitute a felony.

Article 12. Other Programs

14092. With the approval of the executive director, a corporation may establish a profitmaking subsidiary for the specific purpose of sponsoring a small business investment company regulated by the Small Business Administration.

14093. A corporation, acting as a sponsor and with the approval of the executive director under Section 14092, is authorized to establish a small business investment company (including minority enterprise small business investment companies and business and industrial development companies).

Article 13. Hazardous Waste Reduction

14095. For purposes of this article, "generator" means a borrower pursuant to this article or a party which produces hazardous waste and applies for financial assistance pursuant to this article to reduce hazardous waste as generated.

The funds deposited in the Hazardous Waste Reduction Loan Account are hereby continuously appropriated to the Department of Commerce, notwithstanding Section 13340 of the Government Code. The state is not liable or obligated beyond the state money which is allocated and deposited in the Hazardous Waste Reduction Loan Account and is appropriated for these purposes.

(b) The Department of Commerce may enter into a contract with a corporation to provide services pursuant to this article and may expend the funds in the Hazardous Waste Reduction Loan Account resulting from interest accruing from interest payments on loans made pursuant to this article or from the interest earned by the Hazardous Waste Reduction Loan Account to compensate a corporation for these services.

(c) The Department of Commerce may expend an amount of not more than one hundred thirty thousand dollars ($130,000) in any fiscal year for administrative expenses in carrying out this article, from the funds in the Hazardous Waste Reduction Loan Account derived from interest accruing from interest payments by the borrower or interest earned in the account.

(d) The Department of Commerce may also transfer an amount not to exceed two hundred thousand dollars ($200,000) from the Hazardous Waste Reduction Loan Account to a subaccount from which the department may pay for collection costs in connection with defaulted loans, including costs reasonably incurred to prevent a default.

14098. The State Department of Health Services shall, before a loan commitment is issued, approve the project to be funded.

14099. The State Department of Health Services and the Department of Commerce shall publicize and promote the availability of loan assistance pursuant to this article.

14100. The Department of Commerce may expend an amount up to, but not greater than, thirty thousand dollars ($30,000) from the earnings of the Hazardous Waste Reduction Loan Account for allocation to the board to adopt regulations to implement the direct lending authorized by this article. The board shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for purposes of that chapter, including Section 13349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, and safety, and general welfare. 14101. This article shall remain in effect until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

CHAPTER 1400

An act to amend Sections 1501 and 7860 of, and to add Sections 1501.5, 2762.6, and 8305.10 to, the Fish and Game Code, relating to wildlife, making an appropriation therefor, and declaring the urgency thereof to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1501 of the Fish and Game Code is amended to read:

1501. The department may expend such funds as may be necessary for the improvement of property, including nonnavigable

lakes and streams, riparian zones, and upland, in order to restore, rehabilitate, and improve fish and wildlife habitat. The improvement activities may include, but are not limited to, the removal of barriers to migration of fish and wildlife and the improvement of hatching, feeding, resting, and breeding places for wildlife.

The department may undertake the services and habitat improvement work on private, public, and public trust lands without the state acquiring an interest in the property.

SEC. 2. Section 1501.5 is added to the Fish and Game Code, to read:

1501.5. (a) The department may enter into contracts for fish and wildlife habitat preservation, restoration, and enhancement with public and private entities whenever the department finds that the contracts will assist in meeting the department's duty to preserve, protect, and restore fish and wildlife.

(b) Contracts authorized under this section are contracts for services and are governed by Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code. (G) Planting trees or other habitat vegetation.

SEC. 3. Section 7860 of the Fish and Game Code is amended to read:

7860. (a) Except as provided in subdivision (f) or (g), no person who is 16 years of age or more and less than 70 years of age, on or before April 1 of the current license year, shall take salmon for commercial purposes or be on board a vessel on which salmon are taken for commercial purposes while salmon are being taken or transported unless that person has a commercial fishing salmon stamp issued pursuant to this section affixed to his or her commercial

fishing license.

(b) Except as provided in subdivision (f) or (g), the operator of a vessel on which salmon are taken for commercial purposes shall not permit a person on board that vessel while salmon are being taken or transported unless that person was less than 16 years of age or 70 years of age or more on April 1 of the current license year or that person has a commercial fishing salmon stamp affixed to the person's commercial fishing license.

(c) Except as provided in subdivision (b) of Section 7852.3 and this subdivision, the department shall issue a commercial fishing salmon stamp upon application therefor and payment of the fee of eighty-five dollars ($85). For any commercial salmon season preceded by a commercial salmon season in which the commercial troll salmon landings in this state equal or exceed 3,000,000 pounds dressed weight, as determined by the department, the fee shall be increased by twelve dollars and fifty cents ($12.50) for every 250,000 pounds over 3,000,000 pounds of dressed weight landings, except that the total fees as adjusted shall not exceed two hundred sixty dollars ($260)

(d) A commercial fishing salmon stamp is valid during the commercial salmon season of the year in which it was issued.

(e) Notwithstanding Section 1053, upon application and payment of an additional fee equal to that prescribed in subdivision (c), the department may issue an additional commercial fishing salmon stamp for a crewmember to the owner or operator of a vessel who holds a commercial fishing salmon stamp.

(f) Notwithstanding subdivision (a), one crewmember of a vessel for which a commercial fishing salmon stamp is issued pursuant to subdivision (e) may be aboard that vessel and take salmon for commercial purposes as a crewmember on that vessel without obtaining a commercial fishing salmon stamp under the following conditions:

(1) The crewmember is designated by name and commercial fishing license number on a form furnished by the department before salmon are taken on the vessel when that crewmember is aboard.

(2) The crewmember has a valid commercial fishing license issued under Section 7850.

(3) The commercial fishing salmon stamp for the crewmember is affixed to the form prescribed in paragraph (1) on which the vessel registration number of the vessel is entered and on which the crewmember who is exempted by this subdivision is designated by the last entered name and commercial fishing license number.

(g) Persons who are exempt from the license requirements, or who are not required to be licensed, pursuant to Section 7850, are exempt from the requirements of this section.

SEC. 4. Section 2762.6 is added to the Fish and Game Code, to read:

2762.6. The department shall, after consultation with the

Advisory Committee on Salmon and Steelhead Trout, allocate that amount of moneys appropriated to the department from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund which the department determines to be necessary to pay the costs for the advisory committee.

SEC. 5. Section 8305.10 is added to the Fish and Game Code, to read:

8305.10. (a) Except as provided in subdivision (b) or (c), no abalone shall be possessed aboard or landed from any commercial fishing vessel or possessed by a commercial fisherman in any fish and game district, or portion thereof, in which the commercial taking of abalone is prohibited or the season for the commercial taking of abalone is closed.

(b) Subdivision (a) does not apply to abalone purchased in a processed form for consumption by the crewmembers of a commercial fishing vessel aboard the vessel if proof of that purchase is available on the vessel.

(c) Subdivision (a) does not apply to a commercial fishing vessel while on a sportfishing trip. Subdivision (a) does not apply to a commercial fisherman who is taking abalone for sport purposes if the commercial fisherman does not possess more than the limit of abalone established for sport purposes. The possession of more abalone than authorized for sport purposes by a commercial fisherman is prima facie evidence that the abalone are possessed for commercial purposes.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. The sum of two hundred twenty-eight thousand five hundred dollars ($228,500) is hereby appropriated to the Department of Fish and Game for allocation, as follows:

(a) To provide three personnel years for the wild trout program, as follows:

(1) One hundred twenty thousand dollars ($120,000) from the Federal Trust Fund from federal Dingell-Johnson/Wallop-Breaux moneys deposited in that federal fund which is usable for the purposes of the wild trout program.

(2) Forty thousand dollars ($40,000) from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund for the purpose of funding the one-quarter matching fund requirements of the federal allocation for the purposes of the wild trout program.

(b) Sixty-eight thousand five hundred dollars ($68,500), or as

much thereof as the department determines is necessary, from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund for allocation to pay the costs of the Advisory Committee on Salmon and Steelhead Trout to advise the department on programs to protect, restore, enhance, or maintain salmon and steelhead trout.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is an urgent need to improve the described property as provided by this act and to ensure adequate funding for the Advisory Committee on Salmon and Steelhead Trout and the critical wild trout program of the Department of Fish and Game in order for the public to realize the increased sport and commercial fishing opportunities to be made available from these activities, and to reduce the unlawful taking of abalone for commercial purposes in areas closed to that taking as soon as possible. It is, therefore, necessary that this act take effect immediately.

CHAPTER 1401

An act to amend Sections 8516, 8517, 8538, 8551.5, 8556, 8560, 8561, 8562, 8563, 8564, 8564.5, and 8565.5 of, and to add Sections 8510, 8516.2, and 8572 to, and to repeal and add Section 8516.1 of, the Business and Professions Code, relating to structural pest control.

[Approved by Governor October 2, 1989. Filed with Secretary of State October 2, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 8510 is added to the Business and Professions Code, to read:

8510. For purposes of this chapter, "wood preservative" means any coating formulated to protect wood surfaces from deterioration caused by insects, fungus, rot, and decay and which contains a wood preservative chemical that is registered with the California Department of Food and Agriculture and the United States Environmental Protection Agency.

SEC. 1.1. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section, and Section 8519, apply only to wood destroying pests or organisms, but do not apply to work conducted under a Branch 4 license.

(b) No registered company or licensee shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood

destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (h).

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood destroying pests or organisms exist.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, or other parts subject to attack by wood destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions and insufficient ventilation are to be reported.

(8) Indication or description of any areas normally subject to damage which are inaccessible or for other reason not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

(9) Recommendations for corrective measures.

(10) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(11) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection

report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection which is evident.

(2) The conditions that are present which are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separate report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify paragraphs (1) and (2) of subdivision (c). Additionally, the form shall explain paragraphs (1) and (2) of subdivision (c) conditions and the difference between those conditions. In no event, however, shall conditions described

pursuant to paragraph (2) of subdivision (c) be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (9), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(i) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

This section shall become operative on July 1, 1989.

SEC. 1.2. Section 8516.1 of the Business and Professions Code is repealed.

SEC. 1.3. Section 8516.1 is added to the Business and Professions Code, to read:

8516.1. (a) This section applies only to work conducted under a Branch 4 license.

(b) No Branch 4 registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying organisms or nondecay fungi on a wood shake or shingle roof until an inspection has been made. All inspections performed by Branch 4 registered companies or

licensees shall be limited to the wood shakes or shingles on wood shake or shingle roofs and may only be performed for purposes of detecting the presence or absence of (1) wood destroying organisms such as decay fungi on the wood shakes or shingles and resulting decay, or (2) nondecay fungi such as mold, mildew, lichen, or moss on the wood shakes or shingles.

(c) All Branch 4 registered companies shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. If the person requesting the inspection contracts with the Branch 4 registered company for the performance of Branch 4 services, a copy of each report shall be filed with the board not later than five working days after the date the contract is executed. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following items shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of the inspection reports and completion notices as provided in subdivision (e).

(4) The address or location of the property.

(5) A general description of the building inspected.

(6) A diagram or sketch of the roof inspected indicating thereon the type and approximate location of any infection of wood destroying organisms or nondecay fungi.

(7) Information regarding conditions usually deemed likely to lead to infection of wood destroying organisms and nondecay fungi.

(8) Recommendations for corrective measures.

(9) Information regarding the wood preservative to be used for control of the wood destroying organisms and nondecay fungi as set forth in subdivision (a) of Section 8538.

(d) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall take effect.

(e) Whenever a report is filed pursuant to subdivision (c), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested, and, upon payment of an appropriate search fee.

(f) All work recommended by a Branch 4 registered company, where an estimate or bid for making repairs was given with the

original inspection report, or thereafter, shall be recorded on that report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

SEC. 1.4. Section 8516.2 is added to the Business and Professions Code, to read:

(1) The pest to be controlled or in the case of Branch 4 applications, the purpose of applying the wood preservative or preservatives.

(2) The pesticide or pesticides proposed to be used, and the active ingredient or ingredients.

Structural Pest Control Companies are registered and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Food and Agriculture and the United States Environmental Protection Agency. Registration is granted when the state finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized."

"If within 24 hours following application you experience symptoms similar to common seasonal illness comparable to the flu, contact your physician or poison control center (telephone number) and your pest control company immediately." (This statement shall be modified to include any other symptoms of overexposure which are not typical of influenza.)

"For further information, contact any of the following: Your Pest Control Company (telephone number); for Health Questions—the County Health Department (telephone number); for Application Information—the County Agricultural Commissioner (telephone number) and for Regulatory Information—the Structural Pest Control Board (telephone number and address)."

(3) Personal delivery.

If the building is commercial or industrial, a notice shall be posted in a conspicuous place, unless the owner or owner's agent objects, in addition to any other notification required by this section.

The notice shall only be required to be provided at the time of the initial treatment if a contract for periodic service has been executed. If the pesticide to be used is changed, another notice shall be required to be provided in the manner previously set forth herein.

(c) On or before January 1, 1986, the board shall promulgate appropriate administrative regulations for the implementation of this section.

(a) Licensed contractors acting in their capacity as such, may remove and replace any structure or portions of a structure damaged by wood-destroying pests or organisms if such work is incidental to other work being performed on the structure involved or if such work has been identified by a structural pest control inspection report. Licensed contractors acting in their capacity as such may apply wood preservatives directly to end cuts and drill holes of pressure treated wood, and to foundation wood as required by building codes, as well as to fencing and decking, by brush, dip, or spray method and need not obtain a structural pest control operator's license under this chapter for performance of that work, provided a disclosure in the following form is submitted on the customer in writing: "The application of a wood preservative is intended to prevent the establishment and flourishing of organisms which can deteriorate wood. If you suspect pest infestation or infection, contact a licensed structural pest control operator prior to the application of a wood preservative."

These exemptions do not authorize the performance of any other acts defined in Section 8505.

(b) A licensed contractor may contract for the performance of any soil treatment pest control work to eliminate, exterminate, control, or prevent infestations or infections of pests or organisms in the ground beneath or adjacent to any existing building or structure or in or upon any site upon which any building or structure is to be constructed, but the actual performance of any such work must be done by a registered structural pest control company.

The board may issue a license for a combination of two or more branches for which an applicant qualifies under the provisions of this chapter, and such combination license shall be considered one license for the purpose of determining the fee to be charged under Section 8674.

All examination papers shall be kept for a period of one year, upon the expiration of which such papers may be destroyed on order of the board. CHAPTER 1402

An act to amend Section 782 of the Evidence Code, and to amend Sections 288, 290, 667.51, 667.6, 868 5, 868.8, 1203, 1203.066, and 1346 of, and to add Sections 288.5 and 1192.8 to, the Penal Code, relating to sex offenses.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that because of the court's decision in People v. Van Hoek 200 Cal. App. 3d 811, there is an immediate need for additional statutory protection for the most vulnerable among our children, those of tender years, some of whom are being subjected to continuing sexual abuse by those commonly referred to as "resident child molesters." These molesters reside with, or have recurring access to, a child and repeatedly molest the child over a prolonged period of time but the child, because of age or the frequency of the molestations, or both, often is unable to distinguish one incident from another in terms of time, place, or other particulars, and as a consequence prosecutors are unable to provide the specificity of charges necessary to overcome the constitutional due process problems raised in the Van Hoek case within the framework of existing statutory law. As a consequence, some of our most vulnerable children continue to be at risk and some of our worst offenders continue to go unpunished.

(b) It is the intent of the Legislature in enacting this act to provide additional protection for children subjected to continuing sexual abuse and certain punishment for persons referred to as "resident child molesters" by establishing a new crime of continuing sexual abuse of a child under circumstances where there have been repeated acts of molestation over a period of time, and the perpetrator either resides with or has recurring access to the child. It is the further intent of the Legislature that the penalty for this crime shall be greater than the maximum penalty under existing law for any single felony sex offense.

SEC. 2. Section 782 of the Evidence Code is amended to read:

782. (a) In any prosecution under Section 261, 264.1, 286, 288, 288a, 288.5, or 289 of the Penal Code, or for assault with intent to commit, attempt to commit, or conspiracy to commit any crime defined in any of those sections, except where the crime is alleged to have occurred in a local detention facility, as defined in Section 6031.4, or in a state prison, as defined in Section 4504, if evidence of sexual conduct of the complaining witness is offered to attack the credibility of the complaining witness under Section 780, the following procedure shall be followed:

(1) A written motion shall be made by the defendant to the court

and prosecutor stating that the defense has an offer of proof of the relevancy of evidence of the sexual conduct of the complaining witness proposed to be presented and its relevancy in attacking the credibility of the complaining witness.

(2) The written motion shall be accompanied by an affidavit in which the offer of proof shall be stated.

(3) If the court finds that the offer of proof is sufficient, the court shall order a hearing out of the presence of the jury, if any, and at such hearing allow the questioning of the complaining witness regarding the offer of proof made by the defendant.

(4) At the conclusion of the hearing, if the court finds that evidence proposed to be offered by the defendant regarding the sexual conduct of the complaining witness is relevant pursuant to Section 780, and is not inadmissible pursuant to Section 352 of this code, the court may make an order stating what evidence may be introduced by the defendant, and the nature of the questions to be permitted. The defendant may then offer evidence pursuant to the order of the court.

(b) As used in this section, "complaining witness" means the alleged victim of the crime charged, the prosecution of which is subject to this section.

SEC. 3. Section 288 of the Penal Code is amended to read:

288. (a) Any person who shall willfully and lewdly commit any lewd or lascivious act including any of the acts constituting other crimes provided for in Part 1 of this code upon or with the body, or any part or member thereof, of a child under the age of 14 years, with the intent of arousing, appealing to, or gratifying the lust or passions or sexual desires of that person or of the child, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years.

(b) Any person who commits an act described in subdivision (a) by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years.

(c) Any person who commits an act described in subdivision (a) with the intent described in that subdivision, and the victim is a child of 14 or 15 years, and the defendant is at least 10 years older than the child, shall be guilty of a public offense and shall be imprisoned in the state prison for one, two, or three years, or by imprisonment in the county jail for not more than one year.

(d) In any arrest or prosecution under this section or under Section 288.5 the peace officer, the district attorney, and the court shall consider the needs of the child victim and shall do whatever is necessary, within existing budgetary resources, and constitutionally permissible to prevent psychological harm to the child victim.

(e) Upon the conviction of any person for a violation of subdivision (a) or (b), the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to

exceed five thousand dollars ($5,000). In setting the amount of the fine, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense, and the circumstances of its commission, whether the defendant derived any economic gain as a result of the crime, and the extent to which the victim suffered economic losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs pursuant to Section 13837.

If the court orders a fine to be imposed pursuant to this subdivision, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 4. Section 288.5 is added to the Penal Code, to read:

288.5. (a) Any person who either resides in the same home with the minor child or has recurring access to the child, who over a period of time, not less than three months in duration, engages in three or more acts of substantial sexual conduct with a child under the age of 14 years at the time of the commission of the offense, as defined in subdivision (b) of Section 1203.066, or three or more acts of lewd or lascivious conduct under Section 288, with a child under the age of 14 years at the time of the commission of the offense is guilty of the offense of continuous sexual abuse of a child and shall be punished by imprisonment in the state prison for a term of 6, 12, or 16 years.

(b) To convict under this section the trier of fact, if a jury, need unanimously agree only that the requisite number of acts occurred not on which acts constitute the requisite number.

(c) No other felony sex offense involving the same victim may be charged in the same proceeding with a charge under this section unless the other charged offense occurred outside the time period charged under this section or the other offense is charged in the alternative. A defendant may be charged with only one count under this section unless more than one victim is involved in which case a separate count may be charged for each victim.

SEC. 5. Section 290 of the Penal Code is amended to read:

290. (a) Any person who, since July 1, 1944, has been or is hereafter convicted in this state of the offense of assault with intent to commit rape or sodomy under Section 220, or of any offense defined in subdivisions (1), (2), (3), (4), and (6) of Section 261, or of any offense defined in Section 264.1, 266, 267, 285, 286, 288, 288a, 288.5, 289, or 647.6 or former Section 647a, subdivision (d) of Section 647, or subdivision 1 or 2 of Section 314, or of any offense involving lewd and lascivious conduct under Section 272; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses; or any person who since that date or at any time hereafter is discharged or paroled from

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of the following offenses shall be subject to registration under the procedures of this section: assault with intent to commit rape, sodomy, or oral copulation, or any violation of Section 264.1, 288, 288.5, or 289 under Section 220; or any offense defined in Section 288, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 286, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 288a, subdivision (2) of Section 261, or subdivision (a) of Section 289; or any offense under Section 264.1 involving rape in concert with force or fear of bodily injury or penetration by any foreign object in concert with force or fear of bodily injury.

(2) Any person who is discharged or paroled from the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of the offense set forth in Section 647.6, occurring on or after January 1, 1988, shall be subject to registration under the procedures of this section.

(3) Prior to discharge or parole from the Youth Authority, all persons subject to registration shall be informed of the duty to register under the procedures set forth in this section. Youth Authority officials shall transmit the required forms and information

to the Department of Justice.

(4) The duty to register under this section for offenses adjudicated by a juvenile court shall terminate when a person reaches the age of 25.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person required to register attains the age of 25 or has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code, whichever event occurs first. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case which are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) The registration shall consist of (1) a statement in writing signed by the person, giving such information as may be required by the Department of Justice, and (2) the fingerprints and photograph of the person. Within three days thereafter, the registering law enforcement agency or agencies shall forward the statement, fingerprints, and photograph to the Department of Justice.

(g) (1) Any person required to register under this section who violates any of its provisions is guilty of a misdemeanor. Any person who has been convicted of assault with intent to commit rape, oral copulation, or sodomy, or of any violation of Section 261, 264.1, 286, 288, 288a, 288.5, or 289, and who is required to register under this section who willfully violates any of the provisions of this section is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days nor more than one year in the county jail. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in the county jail and of completing probation of at least one year.

(2) Any person who has two prior convictions for the offense of failing to register under this section and who subsequently and willfully commits that offense is, upon each subsequent conviction, guilty of a public offense punishable by imprisonment in the county jail not exceeding one year, or by imprisonment in state prison for 16 months, or two or three years.

The existence of any fact which would bring a person under this paragraph shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the Board of Prison Terms, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked.

(i) The statements, photographs, and fingerprints herein required shall not be open to inspection by the public or by any person other than a regularly employed peace or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including fire fighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. (*l*) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (f) if the person did register within 30 days.

SEC. 6. Section 667.51 of the Penal Code is amended to read:

667.51. (a) Any person who is found guilty of violating Section 288 shall receive a five-year enhancement for a prior conviction of an offense listed in subdivision (b) provided that no additional term shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the defendant remained free of both prison custody and the commission of an offense which results in a felony conviction.

(b) Section 261, 264.1, 285, 286, 288, 288a, 288.5, or 289.

(c) Section 261, 264.1, 286, 288, 288a, 288.5, or 289.

(d) A violation of Section 288 by a person who has been previously

convicted two or more times of an offense listed in subdivision (c) is punishable as a felony by imprisonment in the state prison for 15 years to life. However, if the two or more prior convictions were for violations of Section 288, this subdivision is applicable only if the current violation or at least one of the prior convictions is for an offense other than a violation of subdivision (a) of Section 288. For purposes of this subdivision, a prior conviction is required to have been for charges brought and tried separately. The provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce any minimum term in a state prison imposed pursuant to this section, but such person shall not otherwise be released on parole prior to such time.

SEC. 7. Section 667.6 of the Penal Code is amended to read:

667.6. (a) Any person who is found guilty of violating subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 288.5, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person who has been convicted previously of any of those offenses shall receive a five-year enhancement for each of those prior convictions provided that no enhancement shall be imposed under this subdivision for any conviction occurring prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the five-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for anyone sentenced under these provisions. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(b) Any person convicted of an offense specified in subdivision (a) who has served two or more prior prison terms as defined in Section 667.5 for any offense specified in subdivision (a), shall receive a 10-year enhancement for each of those prior terms provided that no additional enhancement shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the 10-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for any person sentenced under this subdivision. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(c) In lieu of the term provided in Section 1170.1, a full, separate,

and consecutive term may be imposed for each violation of Section 220, other than an assault with intent to commit mayhem, provided the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit mayhem, subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 288.5, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person whether or not the crimes were committed during a single transaction. If the term is imposed consecutively pursuant to this subdivision, it shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(d) A full, separate, and consecutive term shall be served for each violation of Section 220, other than an assault with intent to commit mayhem, provided the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit mayhem, subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person if the crimes involve separate victims or involve the same victim on separate occasions.

In determining whether crimes against a single victim were committed on separate occasions under this subdivision, the court shall consider whether, between the commission of one sex crime and another, the defendant had a reasonable opportunity to reflect upon his or her actions and nevertheless resumed sexually assaultive behavior. Neither the duration of time between crimes, nor whether or not the defendant lost or abandoned his or her opportunity to attack, shall be, in and of itself, determinative on the issue of whether the crimes in question occurred on separate occasions.

The term shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(e) If the court orders a fine to be imposed pursuant to subdivision (a) or (b), the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 8. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 288.5, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled for support to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 8.5. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 187, 203, 205, 207, 211, 220, 240, 242, 243.4, 245, 261, 262, 273a, 273d, 273.5, 285, 286, 288, 288a, 288.5, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled, for support, to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial,

or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 9. Section 868.8 of the Penal Code is amended to read:

868.8. Notwithstanding any other provision of law, in any criminal proceeding in which the defendant is charged with a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 288.5, or 289, subdivision (1) of Section 314, Section 647.6, or former Section 647a, committed with or upon a minor under the age of 11, the court shall take special precautions to provide for the comfort and support of the minor and to protect the minor from coercion, intimidation, or undue influence as a witness, including, but not limited to, any of the following:

(a) In the court's discretion, the witness may be allowed reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom. The judge may also allow other witnesses in the proceeding to be examined when the child witness retires from the courtroom.

(b) Notwithstanding Section 68110 of the Government Code, in his or her discretion, the judge may remove his or her robe if the judge believes that this formal attire intimidates the minor.

(c) In the court's discretion the judge, parties, witnesses, support persons, and court personnel may be relocated within the courtroom to facilitate a more comfortable and personal environment for the child witness.

(d) In the court's discretion, the taking of the child's testimony may be limited to the hours during which the child is normally in school, if there is no good cause to take the child's testimony during other hours.

SEC. 10. Section 1192.8 is added to the Penal Code, to read:

1192.8. For purposes of subdivision (c) of Section 1192.7, "serious felony" also means any violation of Section 288.5.

SEC. 11. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require,

as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, burglary, burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of such crimes and was armed with such weapon at either of such times.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288.5, or 288a, or a conspiracy to commit one or more of such crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of such previous crime or his or her arrest for such previous crime, he or she was armed with such weapon at either of such times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of such previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of such previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where such determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer shall obtain and include in such report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain such a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before such county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay such costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 11.5. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option

for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

CHAPTER 1403

An act to amend Section 37700 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Pacific Elementary School District is currently faced with a severe financial deficit and significant pupil attendance problems, both of which are exacerbated by the need to transport its pupils to school from areas in the district that require a travel time in excess of one hour in each direction.

The Legislature also finds and declares that because of the completion of unification proceedings, the Pacific Elementary School District will be renamed the Pacific Unified School District as of July 1, 1989.

In order for this district to continue to provide education to its pupils who are widely dispersed throughout the district, it is necessary that the Pacific Unified School District be permitted to operate schools on the basis of a four-day school week.

SEC. 2. Section 37700 of the Education Code is amended to read:

37700. (a) Notwithstanding any other provision of law, the Death Valley Unified School District, the Needles Unified School District, and the Pacific Unified School District may each operate one or more schools in the district on a four-day school week during the 1989–90 school year and each year thereafter through the 1992–93 school year, so long as the district complies with the instructional time requirements specified in Section 37701 and the other requirements of this chapter.

(b) If a school district operates a four-day week pursuant to this section and the program for the school year provides less than the 180 days of instruction required under Section 46200, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year by the amount the school district would have received for the increase received pursuant to subdivision (a) of Section 46200, as adjusted in fiscal years subsequent to the 1984–85 fiscal year. If a school district operates a four-day school week pursuant to this section and the program provides less than the minimum instructional minutes required under Section 46201, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year in which the reduction occurs by the amount the school district would have received for the increase in the 1987–88 fiscal year base revenue limit per unit of average daily

attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

SEC. 3. Due to unique circumstances regarding the Pacific Unified School District, as set forth in Section 1, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. If this act becomes effective on or before July 1, 1989, Sections 1 to 4, inclusive, shall become operative on July 1, 1989. If this act becomes effective after July 1, 1989, it shall become operative on its effective date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the Pacific Unified School District to commence the operation of schools on a four-day school week, as essential to respond to the critical circumstances described in Section 1 of this act, it is necessary that this act take effect immediately.

CHAPTER 1404

An act to amend Section 17740.3 of the Education Code, relating to school facilities.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 17740.3 of the Education Code is amended to read:

17740.3. (a) Notwithstanding any other provision of this part, the estimate of average daily attendance for an applicant school district shall be calculated for up to and including two years longer than the period of time permitted by Section 17740, as requested by the district, where 50 percent or more of the cost of the project is provided by the district from funding sources other than any state program administered by the board. For the purposes of any subsequent project application from that district based upon additional growth in pupil enrollment, the estimate of average daily attendance shall be based on enrollment projections for any period of time, as requested by the district, up to and including that permitted by Section 17740.

(b) Section 17705.5 does not apply to any project funded pursuant to this section.

(c) The project shall be "fast tracked." For purposes of this

section, "fast tracking" means that the total amount of project funding eligibility shall be established upon the board's approval of the project, which shall be subsequently disbursed as necessary for the development and construction of the project without the prerequisite of any additional state certification or other state-conducted review of project eligibility. Based upon the results of an audit to be conducted upon completion of the project, the board or the applicant district, as appropriate, shall pay to the other any amount that is necessary to conform to the allocation of project costs determined upon the board's approval of the project.

In the event that the applicant district has not executed all contractual agreements necessary for the complete construction of the project within a period of 18 months following the board's approval of the project, this subdivision shall cease to apply to the project with regard to any state funding of the project not yet disbursed. Upon request of the applicant district and approval by the board, this 18-month period may be extended for an additional period of up to six months to account for one or more delays resulting from circumstances beyond the district's control.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 99304 is added to the Public Utilities Code, to read.

99304. Notwithstanding Section 29530 of the Government Code, the Metropolitan Transportation Commission may, in situations where an unallocated apportionment has been set aside for an operator for specific future expenditures, also set aside annually the interest earned on the unallocated apportionment that has been set aside until the unallocated apportionment is allocated. The interest amount shall be determined by the Metropolitan Transportation Commission based on its estimate of the average rate of interest earned by the unallocated apportionment during the prior fiscal year.

SEC. 1.5. Section 30841 of the Streets and Highways Code is amended to read:

30891. The commission may retain, for its cost in administering

this article, an amount not to exceed one-quarter of 1 percent of the net revenues allocated by it pursuant to Section 30892 and of the net revenues allocated by it pursuant to subdivision (b) of Sections 30913 and 30914 and paragraph (4) of subdivision (a) of Section 30914.

SEC. 2. Section 30911 of the Streets and Highways Code is amended to read:

30911. (a) Existing accounts used to record toll bridge revenues and expenditures of the northern bridge unit shall be designated as subaccounts within the San Francisco Bay Bridges-Northern Unit Account, which is hereby created in the State Transportation Fund.

(b) Existing accounts used to record toll bridge revenues and expenditures of the southern bridge unit shall be designated as subaccounts within the San Francisco Bay Bridges-Southern Unit Account, which is hereby created in the State Transportation Fund.

(c) Revenues in each of the accounts created by this section shall be kept segregated and set apart from other funds.

(d) (1) After the requirements of any bond resolution of the California Transportation Commission for any outstanding revenue bonds have been met, the department shall transfer, at least quarterly, the revenues defined in subdivision (b) of Sections 30913 and 30914, and paragraph (4) of subdivision (a) of Section 30914, to the Toll Bridge Revenues Account in the State Transportation Fund. The funds transferred are hereby continuously appropriated to the Controller, who shall maintain a separate account for the revenues transferred pursuant to each of the subdivisions specified in this subdivision. At least quarterly, after deductions for administrative costs, the Controller shall, subject to the terms and conditions of a bond resolution or indenture adopted or authorized by the commission and approved by the Metropolitan Transportation Commission pursuant to Section 30920, disburse any such funds available to the Metropolitan Transportation Commission which shall expend them for the purposes specified in subdivision (b) of Section 30913 or 30914, or paragraph (4) of subdivision (a) of Section 30914.

(2) For purposes of paragraph (1), the revenues defined in subdivision (b) of Sections 30913 and 30914 and paragraph (4) of subdivision (a) of Section 30914 include all revenues accruing since January 1, 1989.

SEC. 3. Section 30912 of the Streets and Highways Code is amended to read:

30912. (a) Revenue derived from tolls on all bridges in a bridge unit may be expended on any bridge and its approaches in that unit for any of the following purposes:

(1) Safety and operational costs, including toll collection and insurance.

(2) Costs of bridge construction and improvement projects specified in Sections 30913 and 30914, including debt service and sinking fund payments on bonds to be issued by the California Transportation Commission for those projects. The repayment of any

advances from other state funds may be made from the toll revenue or bond proceeds. No additional bonds secured by the revenues of any bridge specified in Section 30910 shall be issued without the further approval of the Legislature, except to finance, in whole or in part, the projects authorized by this chapter or to refund bonds issued to finance those projects, if, in the opinion of the California Transportation Commission, a saving in interest costs can be achieved by such refunding.

(b) However, the revenue derived from the toll increase authorized by Sections 30916 and 30917 for Class I vehicles on the San Francisco-Oakland Bay Bridge shall be used, to the extent specified in paragraph (4) of subdivision (a) of Section 30914, for the construction of rail extensions specified in Section 30914 or for payment of the principal of, and interest on, bonds issued for those projects, including payments into a sinking fund maintained for that purpose.

(c) Maintenance of the bridges specified in Section 30910 shall be funded in accordance with procedures for funding maintenance of the southern bridge unit during the 1986–87 fiscal year.

SEC. 4. Section 30913 of the Streets and Highways Code is amended to read:

30913. (a) In addition to any other authorized expenditure of toll bridge revenues, the following major projects may be funded from toll revenues of all bridges in the northern bridge unit:

(1) Benicia-Martinez Bridge: Widening of the existing bridge.

(2) Benicia-Martinez Bridge: Construction of an additional span parallel to the existing bridge.

(3) Carquinez Bridge: Replacement of the existing western span.

(4) Richmond-San Rafael Bridge: Major rehabilitation of the bridge, and development of a new easterly approach between the toll plaza and Route 80, near Pinole.

(b) Notwithstanding Section 30895.5, up to 3 percent of the revenues derived from the toll increase authorized by Sections 30916 and 30917 on all bridges in the northern bridge unit may be allocated by the Metropolitan Transportation Commission for transportation projects, other than those specified in Sections 30912, 30913, and 30914, which are designed to reduce vehicular traffic congestion on any bridge in that group, including, but not limited to, bicycle facilities and for the planning, construction, operation, and acquisition of rapid water transit systems. The plans for the projects may also be funded by these moneys. This section does not authorize any allocation of funds for any transit project which is inconsistent with or which violates the terms of any bond resolution of the California Transportation Commission pursuant to which bonds are outstanding on the effective date of the act amending this section at the 1989–90 Regular Session.

(c) The department shall not include, in the plans for the new Benicia-Martinez Bridge, toll plazas, highways, or other facilities leading to or from the Benicia-Martinez Bridge, any construction

which would result in the net loss of any wetland acreage.

(d) With respect to the Benicia-Martinez and Carquinez Bridges, the department shall consider the potential for rail transit as part of the plans for the new structures specified in paragraphs (2) and (3) of subdivision (a).

(e) At the time the first of the new bridges specified in paragraphs (2) and (3) of subdivision (a) is opened to the public, there shall be a lane for the exclusive use of pedestrians and bicycles available on at least, but not limited to, the original span at Benicia or Carquinez, or the additional or replacement spans planned for those bridges. The design of these bridges shall not preclude the subsequent addition of a lane for the exclusive use of pedestrians and bicycles

SEC. 5. Section 30914 of the Streets and Highways Code is amended to read:

30914. (a) In addition to any other authorized expenditures of toll bridge revenues, the following major projects may be funded from toll revenues of all bridges in the southern bridge unit:

(1) Dumbarton Bridge: Improvement of the western approaches from Route 101 if affected local governments are involved in the planning.

(2) San Mateo-Hayward Bridge and approaches: Widening of the bridge to six lanes, and improvements to the Route 92/Route 880 interchange.

(3) Construction of West Grand connector or an alternate project designed to provide comparable benefit by reducing vehicular traffic congestion on the eastern approaches to the San Francisco-Oakland Bay Bridge. Affected local governments shall be involved in the planning.

(4) Not less than 90 percent of the revenues derived from the toll increase for Class I vehicles on the San Francisco-Oakland Bay Bridge authorized by Sections 30916 and 30917 shall be used exclusively for rail transit capital improvements designed to reduce vehicular traffic congestion on that bridge.

(b) Notwithstanding Section 30895.5, up to 3 percent of the revenues derived from the toll increase authorized by Sections 30916 and 30917 on all bridges in the southern bridge unit may be allocated by the Metropolitan Transportation Commission for transportation projects, other than those specified in Sections 30912, 30913, and 30914, which are designed to reduce vehicular traffic congestion on any bridge in that group, including, but not limited to, bicycle facilities and for the planning, construction, operation, and acquisition of rapid water transit systems. The plans for the projects may also be funded by these moneys. This section does not authorize any allocation of funds for any transit project which is inconsistent with or which violates the terms of any bond resolution of the California Transportation Commission pursuant to which bonds are outstanding on the effective date of the act amending this section at the 1989–90 Regular Session.

(c) The department shall report to the Legislature on the

structural feasibility of incorporating rail transit on the San Mateo-Hayward Bridge during the preliminary design phase for widening that bridge.

SEC. 6. Section 30917 of the Streets and Highways Code is amended to read:

30917. (a) The tolls on any of the bridges specified in Section 30910 shall not be increased prior to the availability of the results of a special election to be held in the City and County of San Francisco and the Counties of Alameda, Contra Costa, Marin, San Mateo, Santa Clara, and Solano to determine whether the residents of those counties approve a uniform toll of one dollar ($1) for Class I vehicles. The revenue derived from the toll increase shall be used to finance capital outlay for bridge construction and major bridge improvement projects as is fiscally practicable. Not less than 90 percent of the increase in revenue derived only from the Class I vehicles on the San Francisco-Oakland Bay Bridge shall be used to finance rail extensions and improvement projects designed to reduce vehicular traffic congestion on that bridge and its approaches, as specified in Section 30914.

(b) Notwithstanding any provision of the Elections Code, the board of supervisors of each of the counties and the city and county specified in subdivision (a) shall call a special election to be conducted in each of those counties and the city and county, which shall be consolidated with the November 8, 1988, general election. The following question shall be presented to the voters of each of the counties as Regional Measure 1, to be stated in the ballot separately from state and local measures:

"Shall the California Transportation Commission and the Metropolitan Transportation Commission be authorized to undertake a revenue bond program to finance major bridge improvements, the construction of new bridges, and mass transit extensions designed to reduce bridge traffic in the bay area, to be financed by bridge tolls which shall not exceed one dollar ($1) for passenger vehicles?"

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to the protected party. A copy also shall be filed with the court as soon as practicable after issuance.

An emergency protective order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue.

The availability of an emergency protective order shall not be

(c) A judge, commissioner, or referee designated pursuant to subdivision (b) may issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, based upon an allegation of a recent incident of abuse or threat of abuse by that family or household member. The order may consist of any of the orders authorized in Section 213.5 of the Welfare and Institutions Code, and may include provisions placing the temporary care and control of the endangered child and any other minor children in the family or household with the parent or legal guardian of the endangered child who is not a restrained party. The order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that a child is in immediate and present danger of abuse and that an emergency protective order is necessary to prevent the occurrence or recurrence of abuse. The police or sheriff's officer requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to any parent or legal guardian of the endangered child who is not a restrained party, if he or she can be reasonably located, or to any person having temporary custody of the endangered child. A copy also shall be filed with the court as soon as practicable after issuance.

The availability of an emergency protective order shall not be affected by the endangered child's leaving the household to avoid abuse.

A police or sheriff's officer shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

SEC. 2. Section 213.5 is added to the Welfare and Institutions Code, to read:

213.5. (a) During the pendency of any proceeding to declare a minor child a dependent child of the juvenile court, upon application in the manner provided by Section 527 of the Code of Civil Procedure, the juvenile court may issue ex parte orders (1) enjoining any parent, guardian, or member of the minor child's household from molesting, attacking, striking, sexually assaulting, or battering the minor child or any other minor child in the household; (2) excluding any parent, guardian, or member of the minor child's household from the dwelling of the person who has care, custody, and control of the child upon the same showing as is necessary under the provisions of this chapter relating to dependent children to remove a minor from the custody and control of his or her parents or guardians; and (3) enjoining a parent, guardian, or member of the minor child's household from specified behavior including contacting, threatening, or disturbing the peace of the minor, which the court determines is necessary to effectuate orders under paragraph (1) or (2). In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may, on the motion of the person seeking the restraining order, or on its own motion, shorten the time for service on the person to be restrained of the order to show cause. Any hearing pursuant to this statute may be held simultaneously with the regularly scheduled hearings held in proceedings to declare a minor

a dependent child of the juvenile court pursuant to Section 300.

(b) The juvenile court may issue, upon notice and a hearing, any of the orders set forth in subdivision (a). Any restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed one year, unless otherwise terminated by the court, extended by mutual consent of all parties to the restraining order, or extended by further order of the court on the motion of any party to the restraining order.

(c) The juvenile court may issue an order made pursuant to subdivision (a) or (b) excluding a person from a residence or dwelling only when the evidence affirmatively shows facts sufficient for the court to ascertain that the person seeking the order has a right under color of law to possession of the premises.

In the case of the issuance of an ex parte order, the affidavit in support of the application for the order shall affirmatively show facts sufficient for the court to ascertain that the person seeking the order has a right under color of law to possession of the premises.

(d) Any order issued pursuant to subdivision (a) or (b) shall state on its face the date of expiration of the order.

(e) The juvenile court shall order any designated person or attorney to mail a copy of any order, or extension, modification, or termination thereof, granted pursuant to subdivision (a) or (b), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the person seeking the restraining order or his or her attorney having jurisdiction over the residence of the person who has care, custody, and control of the minor child and such other locations where the court determines that acts of domestic violence or abuse against the minor child or children are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms, and current status of any order issued pursuant to subdivision (a) or (b) to any law enforcement officer responding to the scene of reported domestic violence or abuse.

(f) Any willful and knowing violation of any order granted pursuant to subdivision (a) or (b) shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 546 of the Code of Civil Procedure proposed by both this bill and AB 2089. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1990, (2) each bill amends Section 546 of the Code of Civil Procedure, and (3) this bill is enacted after AB 2089, in which case Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the

definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Notwithstanding any other provision of law, it shall be considered to be the public policy of the State of California and any political subdivision thereof that selection by a state or local agency head for professional services of private architect, engineering, environmental, land surveying, or construction project management firms shall be on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. State agency heads contracting for private architectural, professional engineering, environmental, land surveying, and construction project management services shall adopt by regulation procedures that assure that these services are engaged on the basis of demonstrated competence and qualifications for the types of services to be performed and at fair and reasonable prices to the public agencies. Furthermore, these procedures shall assure maximum participation of small business firms, as defined by the Director of General Services pursuant to Section 14837.

In addition, these procedures shall specifically prohibit practices which might result in unlawful activity including, but not limited to, rebates, kickbacks, or other unlawful consideration, and shall specifically prohibit government agency employees from participating in the selection process when those employees have a

relationship with a person or business entity seeking a contract under this section which would subject those employees to the prohibition of Section 87100.

SEC. 4. Section 4526 of the Government Code is amended to read:

4526. Notwithstanding any other provision of law, selection by a state or local agency head for professional services of private architectural, engineering, environmental, land surveying, or construction project management firms shall be on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. Furthermore, these procedures shall assure maximum participation of small business firms, as defined by the Director of General Services pursuant to Section 14837.

In addition, these procedures shall specifically prohibit practices which might result in unlawful activity including, but not limited to, rebates, kickbacks, or other unlawful consideration, and shall specifically prohibit government agency employees from participating in the selection process when those employees have a relationship with a person or business entity seeking a contract under this section which would subject those employees to the prohibition of Section 87100.

SEC. 5. Section 4527 of the Government Code is amended to read:

4527. In the procurement of architectural, engineering, environmental, land surveying, and construction project management services, the state agency head shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data.

(a) When the selection is by a state agency head, statewide announcement of all projects requiring architectural, engineering, environmental, land surveying, or construction project management services shall be made by the agency head through publications of the respective professional societies. The agency head, for each proposed project, shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three firms regarding anticipated concepts and the relative utility of alternative

methods of approach for furnishing the required services and then shall select therefrom, in order of preference, based upon criteria established and published by him or her, no less than three of the firms deemed to be the most highly qualified to provide the services required.

(b) When the selection is by a local agency head, the agency head may undertake the procedures described in subdivision (a). In addition, these procedures shall specifically prohibit practices which might result in unlawful activity including, but not limited to, rebates, kickbacks, or other unlawful consideration, and shall specifically prohibit government agency employees from participating in the selection process when these employees have a relationship with a person or business entity seeking a contract under this section.

(2) Should the state agency head be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the agency head determines to be fair and reasonable to the State of California or the political subdivision involved, negotiations with that firm shall be formally terminated. The state agency head shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the state agency head shall terminate negotiations. The state agency head shall then undertake negotiations with the third most qualified firm.

(3) Should the state agency head be unable to negotiate a satisfactory contract with any of the selected firms, the state agency head shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this chapter until an agreement is reached.

Notwithstanding Section 10295 of the Public Contract Code, the determination as to whether the guidelines for contracting adopted pursuant to Section 14134 have been met shall be the sole responsibility of the Director of Transportation. The Department of General Services shall have 30 working days upon receipt of a contract under this article in which to act on the contract, except in cases where further clarification is required by the department to execute the contract.

SEC. 8. Section 14134 of the Government Code is amended to read:

14134. (a) The department, after consultation with the commission and local transportation agencies, shall adopt guidelines for determining the appropriateness of contracting with private firms or on projects developed cooperatively with local jurisdictions. The guidelines shall include, but not be limited to, consideration of the following:

(1) Ensuring that all available federal, state, and local funds, including supplemental federal funds, are captured and used in a timely manner.

(2) Reducing short-term fluctuations in the department's project development workload while still enabling the department to be plan-ready.

(3) Facilitating the expeditious use of locally raised funds for state highway projects, recognizing that, in this instance, local governments are partners in state highway construction and that locally financed projects should not be unnecessarily delayed.

(4) Ensuring that the cost effectiveness of contracting is considered equally with other factors when a determination of the appropriateness of contracting is made.

(5) Ensuring that contract selection is performed in accordance with applicable state laws regarding the selection of professional architectural, engineering, environmental, or land surveying services, and to ensure the selection process avoids or prohibits unlawful or unfair procedures or activities.

(b) These guidelines shall serve as general criteria for the determination of the appropriateness of contracting for project development services and shall not be deemed to require the department to contract for specific projects solely because they may meet these criteria.

(c) The department may contract with local jurisdictions, rather than with private firms, for professional and technical project development services. In such a case, the services shall be only for a project located within the area of the local jurisdiction.

SEC. 9. Section 2 of this bill incorporates amendments to Section 4525 of the Government Code proposed by both this bill and SB 1224. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, but this bill becomes operative first, (2) each bill amends Section 4525 of the Government Code, and (3) this bill is enacted after SB 1224, in which case Section

The state prison system is currently overcrowded and is expected to become overpopulated to the point that the state will face a public safety crisis. The prison population increased during the last year at an average rate of more than 200 inmates each week. Most of these inmates were sent to prison because they committed violent crimes. The Legislature and the people of this state have determined that immediate expansion of the prison system by the swiftest possible means is necessary to relieve the system from current and anticipated overcrowding and to maintain the public safety and security. In order to permit the state to deal with this immediate and current crisis at the earliest possible time, it is necessary for this act to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 6200 of the Business and Professions Code is amended to read:

6200. (a) The board of governors shall, by rule, establish, maintain, and administer a system and procedure for the arbitration of disputes concerning fees, costs, or both, charged for professional services by members of the State Bar or by members of the bar of other jurisdictions. The rules may include provision for a filing fee in such amount as the board may, from time to time, determine.

(b) This article shall not apply to any of the following:

(1) Disputes where the attorney is also admitted to practice in another state, and he or she maintains no office in the State of California, and no material portion of the services were rendered in the State of California.

(2) Claims for affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct, except as provided in subdivision (a) of Section 6203.

(3) Disputes where the fee or cost to be paid by the client or on his or her behalf has been determined pursuant to statute or court order.

(c) Arbitration under this article shall be voluntary for a client and shall be mandatory for an attorney if commenced by a client.

(d) The board of governors shall adopt rules to allow arbitration of attorney fee and cost disputes under this article to proceed under arbitration systems sponsored by local bar associations in this state. Rules of procedure promulgated by local bar associations are subject to review by the board to insure that they provide for a fair, impartial, and speedy hearing and award. In adopting or reviewing these rules, the board may provide for one lay member of any arbitration panel of three arbitrators.

(e) In any arbitration conducted pursuant to this article by the State Bar or by a local bar association, pursuant to rules of procedure approved by the board of governors, the arbitrator or arbitrators, as

well as the arbitrating association and its directors, officers, and employees, shall have the same immunity which attaches in judicial proceedings.

(f) In the conduct of arbitrations under this article the arbitrator or arbitrators may do all of the following:

(1) Take and hear evidence pertaining to the proceeding.

(2) Administer oaths and affirmations.

(3) Compel, by subpoena, the attendance of witnesses and the production of books, papers, and documents pertaining to the proceeding.

SEC. 2. Section 6201 of the Business and Professions Code is amended to read:

6201. (a) The rules adopted by the board of governors shall provide that, except as to an action filed in small claims court, an attorney shall forward a written notice to the client prior to or at the time of service of summons in an action against the client for recovery of fees, costs, or both, covered by the provisions of this article. The written notice shall be in such form as the board of governors may prescribe, but shall include a statement of the client's right to arbitration under this article. Failure to give this notice shall be a ground for the dismissal of the action.

The rules adopted by the board of governors shall provide that the client's failure to request arbitration within 30 days after receipt of notice from the attorney shall be deemed a waiver of the client's right to arbitration under the provisions of this article.

(b) If an attorney, or the attorney's assignee, subject to the provisions of this article, commences an action in any court, other than a small claims court, and the dispute is not one to which subdivision (b) of Section 6200 applies, the client may stay the action by serving and filing a request for arbitration in accordance with the rules established by the board of governors pursuant to subdivision (a) of Section 6200. If the attorney files an action against the client in small claims court for recovery of fees, costs, or both, covered by the provisions of this article, the small claims action, including any appeal, shall not be stayed under the provisions of this section, and the matter shall not be subject to arbitration under this article while the matter is pending in small claims court or after judgment is given in that court. The request for arbitration shall be served and filed prior to the filing of an answer in the action; failure to so request arbitration prior to the filing of an answer shall be deemed a waiver of the client's right to arbitration under the provisions of this article if notice of the client's right to arbitration was given pursuant to subdivision (a).

(c) Upon filing and service of the request for arbitration, the action shall be stayed, without the necessity of court order, until the award of the arbitrators is issued or the arbitration is otherwise terminated. The stay may be vacated in whole or in part, after a hearing duly noticed by any party or the court, if the court finds that the matter, or any part of it, is not an appropriate one for arbitration

under the provisions of this article. The action may thereafter proceed subject to the provisions of Section 6204.

(d) A client's right to request or maintain arbitration under the provisions of this article is waived by (1) the commencement of an action or the filing of any pleading by the client seeking judicial resolution of a dispute to which this article applies, or (2) seeking affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct.

SEC. 3. Section 6203 of the Business and Professions Code is amended to read:

6203. (a) The award shall be in writing and signed by the arbitrators concurring therein. It shall include a determination of all the questions submitted to the arbitrators, the decision of which is necessary in order to determine the controversy. The State Bar, or the local bar association delegated by the State Bar to conduct the arbitration, shall deliver to each of the parties with the award, an original declaration of service of the award.

The arbitrators may receive evidence relating to claims of malpractice and professional misconduct, but only to the extent that those claims bear upon the fees, costs, or both, to which the attorney is entitled. The arbitrators shall not award affirmative relief, in the form of damages or offset or otherwise, for injuries underlying any such claim. Nothing in this section shall be construed to prevent the arbitrators from awarding a refund of unearned prepaid fees.

(b) Even if the parties to the arbitration have not agreed in writing to be bound, the arbitration award shall become binding upon the passage of 30 days after mailing of notice of the award, unless a party has, within the 30 days, sought a trial after arbitration pursuant to Section 6204. If an action has previously been filed in any court, any petition to confirm, correct, or vacate the award shall be to the court in which the action is pending, and may be served by mail on any party who has appeared, as provided in Chapter 4 (commencing with Section 1003) of Title 14 of Part 2 of the Code of Civil Procedure, otherwise it shall be in the same manner as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure. If no action is pending in any court, the award may be confirmed, corrected, or vacated by petition to the court having jurisdiction over the amount of the arbitration award, but otherwise in the same manner as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure.

(c) A court confirming, correcting, or vacating an award under this section may award to the prevailing party reasonable fees and costs including, if applicable, fees or costs on appeal, incurred in obtaining confirmation, correction, or vacation of the award. The party obtaining judgment confirming, correcting, or vacating the award shall be the prevailing party except that, without regard to consideration of who the prevailing party may be, if a party did not appear at the arbitration hearing in the manner provided by the

rules adopted by the board of governors, that party shall not be entitled to attorney's fees or costs upon confirmation, correction, or vacation of the award.

SEC. 4. Section 6205 of the Business and Professions Code is amended to read:

6205. The procedures provided for in this article shall apply to disputes concerning fees, costs, or both, charged for professional services rendered on and after the date this article becomes effective.

Upon a showing of good cause, the court may grant the motion, and if all parties are present, and agree, may hear the matter without recalendaring. If the defendant is not present, the judge shall hear the motion in his or her absence. If the motion is granted, the judge or clerk shall reset the matter and notice it in accordance with Section 116.4.

(b) The defendant with respect to the plaintiff's claim, or the plaintiff with respect to a claim of defendant, may appeal the judgment to the superior court in the county in which the matter was heard.

(c) If the defendant did not appear at the hearing in the small claims court, as a prerequisite to appeal, the defendant shall have (1) filed, within 30 days after the clerk has mailed by first-class mail notice of entry of judgment, a motion in the small claims court to vacate the judgment, and (2) appeared at any hearing on the motion, or have submitted written justification for not appearing at such hearing and written evidence in support of the motion. In addition the court must have denied or failed to decide the motion within 60 days after it was filed.

(d) If the defendant appeared at the hearing in the small claims court on the motion to vacate the judgment, or has submitted a written justification for not appearing and written evidence in support of the motion, and the motion was denied or not decided within 60 days, the defendant may appeal to the superior court only as to the denial of the motion to vacate the judgment. If the superior court finds that the defendant's motion to vacate the judgment should have been granted, the superior court may hear the defendant's appeal without recalendaring the matter, provided the

defendant has previously complied with the practice and procedure established pursuant to Section 117.10.

(e) If the defendant was not properly served pursuant to Section 116.4 and did not appear at the hearing in the small claims court, the defendant may move to vacate the judgment within 180 days after he or she discovers or should have discovered that judgment was entered against him or her. Such motion shall be supported by declaration under penalty of perjury. The court may stay enforcement of the judgment pending a hearing and determination of the motion. The notice of motion and supporting declaration shall be on simple nontechnical forms approved or adopted by the Judicial Council.

117.10. On appeal the claims of all parties shall be tried anew. The Judicial Council shall prescribe by rule the practice and procedure on appeal and the time and manner in which the record on appeal shall be prepared and filed. Such rules shall be consistent with subdivisions (a) and (b) of Section 117.8. The appellant shall pay the same filing fee as for the appeal of a civil action from a justice court. No fee shall be charged to the plaintiff in the small claims action for the filing of any documents in the superior court.

SEC. 8. Section 214 of the Code of Civil Procedure is amended to read·

When two or more defendants are jointly tried, their challenges shall be exercised jointly, but each defendant shall also be entitled to five additional challenges which may be exercised separately, and the people shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

(b) If the offense charged is punishable with a maximum term of imprisonment of 90 days or less, the defendant is entitled to six and the state to six peremptory challenges. When two or more defendants are jointly tried, their challenges shall be exercised jointly, but each defendant shall also be entitled to four additional challenges which may be exercised separately, and the state shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

(c) In civil cases, each party shall be entitled to six peremptory challenges. If there are more than two parties, the court shall, for the purpose of allotting peremptory challenges, divide the parties into two or more sides according to their respective interests in the issues. Each side shall be entitled to eight peremptory challenges. If there are several parties on a side, the court shall divide the challenges among them as nearly equally as possible. If there are more than two sides, the court shall grant such additional peremptory challenges to a side as the interests of justice may require; provided that the peremptory challenges of one side shall not exceed the aggregate number of peremptory challenges of all other sides. If any party on a side does not use his or her full share of peremptory challenges, the unused challenges may be used by the other party or parties on the same side.

(d) Peremptory challenges shall be taken or passed by the sides alternately, commencing with the plaintiff or people; and each party shall be entitled to have the panel full before exercising any peremptory challenge. When each side passes consecutively, the jury shall then be sworn, unless the court, for good cause, shall otherwise order. The number of peremptory challenges remaining with a side shall not be diminished by any passing of a peremptory challenge.

(b) As soon as the selection of the trial jury is completed, the following acknowledgment and agreement shall be obtained from the trial jurors, which shall be acknowledged by the statement "I do":

As between the party and his or her attorney, those expenses and fees shall be the personal liability of the attorney not chargeable to the party. Sanctions shall not be imposed pursuant to this subdivision except on notice contained in a party's papers, or on the court's own noticed motion, and after opportunity to be heard.

SEC. 15. Section 415.20 of the Code of Civil Procedure is amended to read:

415.20. (a) In lieu of personal delivery of a copy of the summons and of the complaint to the person to be served as specified in Section 416.10, 416.20, 416.30, 416.40, or 416.50, a summons may be served by leaving a copy of the summons and of the complaint during usual office hours in his or her office with the person who is apparently in charge thereof, and by thereafter mailing a copy of the summons and of the complaint (by first-class mail, postage prepaid) to the person to be served at the place where a copy of the summons and of the complaint were left. Service of a summons in this manner is deemed complete on the 10th day after such mailing.

(b) If a copy of the summons and of the complaint cannot with reasonable diligence be personally delivered to the person to be served as specified in Section 416.60, 416.70, 416.80, or 416.90, a summons may be served by leaving a copy of the summons and of the complaint at such person's dwelling house, usual place of abode, usual place of business, or usual mailing address other than a United States Postal Service post office box, in the presence of a competent

member of the household or a person apparently in charge of his or her office, place of business, or usual mailing address other than a United States Postal Service post office box, at least 18 years of age, who shall be informed of the contents thereof, and by thereafter mailing a copy of the summons and of the complaint (by first-class mail, postage prepaid) to the person to be served at the place where a copy of the summons and of the complaint were left. Service of a summons in this manner is deemed complete on the 10th day after the mailing.

SEC. 16. Section 437c of the Code of Civil Procedure is amended to read:

437c. (a) Any party may move for summary judgment in any action or proceeding if it is contended that the action has no merit or that there is no defense thereto. The motion may be made at any time after 60 days have elapsed since the general appearance in the action or proceeding of each party against whom the motion is directed or at such earlier time after the general appearance as the court, with or without notice and upon good cause shown, may direct. Notice of the motion and supporting papers shall be served on all other parties to the action at least 28 days before the time appointed for hearing. However, if the notice is served by mail, the required 28-day period of notice shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. The motion shall be heard no later than 30 days before the date of trial, unless the court for good cause orders otherwise. The filing of the motion shall not extend the time within which a party must otherwise file a responsive pleading.

(b) The motion shall be supported by affidavits, declarations, admissions, answers to interrogatories, depositions and matters of which judicial notice shall or may be taken. The supporting papers shall include a separate statement setting forth plainly and concisely all material facts which the moving party contends are undisputed. Each of the material facts stated shall be followed by a reference to the supporting evidence. The failure to comply with this requirement of a separate statement may in the court's discretion constitute a sufficient ground for denial of the motion.

Any opposition to the motion shall be served and filed not less than 14 days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise. The opposition, where appropriate, shall consist of affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The opposition papers shall include a separate statement which responds to each of the material facts contended by the moving party to be undisputed, indicating whether the opposing party agrees or disagrees that those facts are undisputed. The statement also shall set forth plainly and concisely any other material facts which the opposing party contends are

disputed. Each material fact contended by the opposing party to be disputed shall be followed by a reference to the supporting evidence. Failure to comply with this requirement of a separate statement may constitute a sufficient ground, in the court's discretion, for granting the motion.

Any reply to the opposition shall be served and filed by the moving party not less than five days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise.

Evidentiary objections not made either in writing or orally at the hearing shall be deemed waived.

The provisions of Section 1005 and the provisions of subdivision (a) of Section 1013, extending the time within which a right may be exercised or an act may be done, do not apply to this section.

(c) The motion for summary judgment shall be granted if all the papers submitted show that there is no triable issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. In determining whether the papers show that there is no triable issue as to any material fact the court shall consider all of the evidence set forth in the papers, except that to which objections have been made and sustained by the court, and all inferences reasonably deducible from the evidence, except summary judgment shall not be granted by the court based on inferences reasonably deducible from the evidence, if contradicted by other inferences or evidence, which raise a triable issue as to any material fact.

(d) Supporting and opposing affidavits or declarations shall be made by any person on personal knowledge, shall set forth admissible evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein.

(e) If a party is otherwise entitled to a summary judgment pursuant to the provisions of this section, summary judgment shall not be denied on grounds of credibility or for want of cross-examination of witnesses furnishing affidavits or declarations in support of the summary judgment, except that summary judgment may be denied in the discretion of the court, where the only proof of a material fact offered in support of the summary judgment is an affidavit or declaration made by an individual who was the sole witness to that fact; or where a material fact is an individual's state of mind, or lack thereof, and that fact is sought to be established solely by the individual's affirmation thereof.

(f) A party may move for summary adjudication of issues, either by itself or as an alternative to summary judgment. If it appears that the proof supports the granting of the motion for summary adjudication as to some but not all the issues involved in the action, or that one or more of the issues raised by a claim is admitted, or that one or more of the issues raised by a defense is conceded, the court shall, by order, specify that those issues are without substantial controversy. Moreover, upon a motion for summary adjudication, the court shall, by written order or oral order recorded verbatim, specify those issues raised by the motion for summary adjudication as to

which there exists a material, triable controversy, and shall specifically refer to the evidence which establishes a triable issue of fact regarding each of those issues. At the trial of the action the issue so specified shall be deemed established and the action shall proceed as to the issues remaining.

(g) Upon the denial of a motion for summary judgment, on the ground that there is a triable issue as to one or more material facts, the court shall, by written or oral order, specify one or more material facts raised by the motion as to which the court has determined there exists a triable controversy. This determination shall specifically refer to the evidence proffered in support of and in opposition to the motion which indicates that a triable controversy exists. The court shall also state its reasons for any other determination. The court shall record its determination by court reporter or written order.

(h) If it appears from the affidavits submitted in opposition to a motion for summary judgment or summary adjudication or both that facts essential to justify opposition may exist but cannot, for reasons stated, then be presented, the court shall deny the motion, or order a continuance to permit affidavits to be obtained or discovery to be had or may make any other order as may be just.

(i) If the court determines at any time that any of the affidavits are presented in bad faith or solely for purposes of delay, the court shall order the party presenting the affidavits to pay the other party the amount of the reasonable expenses which the filing of the affidavits caused the other party to incur. Sanctions shall not be imposed pursuant to this subdivision except on notice contained in a party's papers, or on the court's own noticed motion, and after an opportunity to be heard.

(j) Except where a separate judgment may properly be awarded in the action, no final judgment shall be entered on a motion for summary judgment prior to the termination of the action, but the final judgment shall, in addition to any matters determined in the action, award judgment as established by the summary proceeding herein provided for.

(k) In actions which arise out of an injury to the person or to property, when a motion for summary judgment was granted on the basis that the defendant was without fault, no other defendant during trial, over plaintiff's objection, may attempt to attribute fault to or comment on the absence or involvement of the defendant who was granted the motion.

(*l*) A summary judgment entered under this section is an appealable judgment as in other cases. Upon entry of any order pursuant to this section except the entry of summary judgment, a party may, within 20 days after service upon him or her of a written notice of entry of the order, petition an appropriate reviewing court for a peremptory writ. If the notice is served by mail, the initial period within which to file the petition shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the

United States, and 20 days if the place of address is outside the United States. The superior court may, for good cause, and prior to the expiration of the initial period, extend the time for one additional period not to exceed 10 days.

(m) Nothing in this section shall be construed to extend the period for trial provided by Section 1170.5.

(n) The provisions of subdivisions (a) and (b) shall not apply to actions brought pursuant to Chapter 4 (commencing with Section 1159) of Title 3 of Part 3.

SEC. 17. Section 472a of the Code of Civil Procedure is amended to read:

472a. (a) A demurrer is not waived by an answer filed at the same time.

(b) Except as otherwise provided by rule adopted by the Judicial Council, when a demurrer to a complaint or to a cross-complaint is overruled and there is no answer filed, the court shall allow an answer to be filed upon such terms as may be just. If a demurrer to the answer is overruled, the action shall proceed as if no demurrer had been interposed, and the facts alleged in the answer shall be considered as denied to the extent mentioned in Section 431.20.

(c) When a demurrer is sustained, the court may grant leave to amend the pleading upon any terms as may be just and shall fix the time within which the amendment or amended pleading shall be filed. When a demurrer is stricken pursuant to Section 436 and there is no answer filed, the court shall allow an answer to be filed on terms that are just.

(d) When a motion to strike is granted pursuant to Section 436, the court may order that an amendment or amended pleading be filed upon terms it deems proper. When a motion to strike a complaint or cross-complaint, or portion thereof, is denied, the court shall allow the party filing the motion to strike to file an answer.

1038. (a) In any civil proceeding under the California Tort Claims Act or for express or implied indemnity or for contribution in any civil action, the court, upon motion of the defendant or

cross-defendant, shall, at the time of the granting of any summary judgment, motion for directed verdict, motion for judgment under Section 631.8, or any nonsuit dismissing the moving party other than the plaintiff, petitioner, cross-complainant, or intervenor, or at a later time set forth by rule of the Judicial Council adopted under Section 1034 determine whether or not the plaintiff, petitioner, cross-complainant, or intervenor brought the proceeding with reasonable cause and in the good faith belief that there was a justifiable controversy under the facts and law which warranted the filing of the complaint, petition, cross-complaint, or complaint in intervention. If the court should determine that the proceeding was not brought in good faith and with reasonable cause, an additional issue shall be decided as to the defense costs reasonably and necessarily incurred by the party or parties opposing the proceeding, and the court shall render judgment in favor of that party in the amount of all reasonable and necessary defense costs, in addition to those costs normally awarded to the prevailing party. An award of defense costs under this section shall not be made except on notice contained in a party's papers and an opportunity to be heard.

(b) "Defense costs," as used in this section, shall include reasonable attorneys' fees, expert witness fees, the expense of services of experts, advisers, and consultants in defense of the proceeding, and where reasonably and necessarily incurred in defending the proceeding.

(c) This section shall be applicable only on motion made prior to the discharge of the jury or entry of judgment, and any party requesting the relief pursuant to this section waives any right to seek damages for malicious prosecution. Failure to make the motion shall not be deemed a waiver of the right to pursue a malicious prosecution action.

(d) This section shall only apply if the defendant or cross-defendant has made a motion for summary judgment, judgment under Section 631.8, directed verdict, or nonsuit and the motion is granted.

SEC. 28. Section 1987 of the Code of Civil Procedure is amended to read:

1987 (a) Except as provided in Sections 68097.1 to 68097.8, inclusive, of the Government Code, the service of a subpoena is made by delivering a copy, or a ticket containing its substance, to the witness personally, giving or offering to the witness at the same time, if demanded by him or her, the fees to which he or she is entitled for travel to and from the place designated, and one day's attendance there. The service shall be made so as to allow the witness a reasonable time for preparation and travel to the place of attendance. The service may be made by any person. When service is to be made on a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the

minor resides or by whom the minor is employed, and on the minor if the minor is 12 years of age or older.

(b) In the case of the production of a party to the record of any civil action or proceeding or of a person for whose immediate benefit an action or proceeding is prosecuted or defended or of anyone who is an officer, director, or managing agent of any such party or person, the service of a subpoena upon any such witness is not required if written notice requesting the witness to attend before a court, or at a trial of an issue therein, with the time and place thereof, is served upon the attorney of that party or person. The notice shall be served at least 10 days before the time required for attendance unless the court prescribes a shorter time. If entitled thereto, the witness, upon demand, shall be paid witness fees and mileage before being required to testify. The giving of the notice shall have the same effect as service of a subpoena on the witness, and the parties shall have such rights and the court may make such orders, including the imposition of sanctions, as in the case of a subpoena for attendance before the court.

(c) If the notice specified in subdivision (b) is served at least 20 days before the time required for attendance, or within such shorter time as the court may order, it may include a request that the party or person bring with him or her books, documents or other things. The notice shall state the exact materials or things desired and that the party or person has them in his or her possession or under his or her control. Within five days thereafter, or such other period as the court may allow, the party or person of whom the request is made may serve written objections to the request or any part thereof, with a statement of grounds. Thereafter, upon noticed motion of the requesting party, accompanied by a showing of good cause and of materiality of the items to the issues, the court may order production of items to which objection was made, unless the objecting party or person establishes good cause for nonproduction or production under limitations or conditions. The procedure of this subdivision is alternative to the procedure provided by Sections 1985 and 1987.5 in the cases herein provided for, and no subpoena duces tecum shall be required.

Subject to this subdivision, the notice herein provided shall have the same effect as is provided in subdivision (b) as to a notice for attendance of that party or person.

SEC. 29. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (b) Subject to the provisions of subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audio tape or video tape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*).

(6) Any intention to reserve the right to use at trial a video tape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the video tape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers,

directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office of the organization in California.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more

distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party-deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the

one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing

described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audio tape or video tape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audio tape or video tape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audio tape or video tape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose

attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audio tape or video tape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a video tape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audio tape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audio tape.

(F) The oath shall be administered to the deponent on camera or on the audio tape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audio tape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audio tape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audio tape or video tape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audio taped or video taped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing , and for any editing of the tape.

Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audio taped or video taped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audio tape or video tape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a video tape or an audio tape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that

unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audio tape or video tape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under

Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audio tape or video tape shall promptly (1) permit that other party to hear the audio tape or to view the video tape, and (2) furnish a copy of the audio tape or video tape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audio tape or video tape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record to waive the reading, correcting, and signing of the transcript of the testimony. For 30 days following this notice, the deponent may change the form or the substance of the answer to any question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same 30-day period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition,

accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audio tape or video tape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply such signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audio taped or video taped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audio tape or video tape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audio tape or the video tape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audio tape or video tape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audio tape or video tape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who received, notice of the deposition may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a

party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a video tape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 29.5. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to the provisions of subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985 3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audio tape or video tape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*).

(6) Any intention to reserve the right to use at trial a video tape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u) In this event, the

operator of the video tape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office of the organization in California.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party-deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice or, in unlawful detainer actions, not later than five days before trial, whichever is sooner. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under

subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audio tape or video tape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the

parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audio tape or video tape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audio tape or video tape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audio tape or video tape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a video tape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audio tape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audio tape.

(F) The oath shall be administered to the deponent on camera or on the audio tape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audio tape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audio tape that the deposition is ended and shall

set forth any stipulations made by counsel concerning the custody of the audio tape or video tape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audio taped or video taped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audio taped or video taped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audio tape or video tape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a video tape or an audio tape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is

specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audio tape or video tape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audio tape or video tape shall promptly (1) permit that other party to hear the audio tape or to view the video tape, and (2) furnish a copy of the audio tape or video tape to that other party on receipt of payment of the reasonable cost of making that copy of the tape

If the testimony at the deposition is recorded both stenographically, and by audio tape or video tape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record to waive the reading, correcting, and signing of the transcript of the testimony. For 30 days following this notice, the deponent may change the form or the substance of the answer to any question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same 30-day period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript , if the deponent has not already done so at the office of

the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audio tape or video tape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply such signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audio taped or video taped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or

recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audio tape or video tape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audio tape or the video tape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audio tape or video tape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audio tape or video tape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who received, notice of the deposition may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or

represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a video tape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United

States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 30. Section 2029 of the Code of Civil Procedure is amended to read:

2029. Whenever any mandate, writ, letters rogatory, letter of request, or commission is issued out of any court of record in any other state, territory, or district of the United States, or in a foreign nation, or whenever, on notice or agreement, it is required to take the oral or written deposition of a natural person in California, the deponent may be compelled to appear and testify, and to produce documents and things, in the same manner, and by the same process as may be employed for the purpose of taking testimony in actions pending in California.

SEC. 31 Section 1562 of the Evidence Code is amended to read:

1562. If the original records would be admissible in evidence if the custodian had been present and testified to the matters stated in the affidavit, and if the requirements of Section 1271 have been met, the copy of the records is admissible in evidence. The affidavit is admissible as evidence of the matters stated therein pursuant to Section 1561 and the matters so stated are presumed true. When more than one person has knowledge of the facts, more than one affidavit may be made. The presumption established by this section is a presumption affecting the burden of producing evidence.

SEC. 31.5. Section 6159 of the Government Code is amended to read:

6159. (a) As used in this section:

(1) "Credit card" means any card, plate, coupon book, or other credit device existing for the purpose of being used from time to time upon presentation to obtain money, property, labor, or services on credit.

(2) "Card issuer" means any person who issues a credit card and purchases credit card drafts or the agent of such person for such purposes with respect to such card.

SECTION 1. Section 167 of the Code of Civil Procedure is amended to read:

SEC. 2. Section 170.8 of the Code of Civil Procedure is amended to read:

170.8. When there is no judge of a court qualified to hear an action or proceeding, the clerk shall forthwith notify the Chairman of the Judicial Council of that fact. The judge assigned by the Chairman of the Judicial Council shall hear the action or proceeding at the time fixed therefor or, if no time has been fixed or good cause appears for changing the time theretofore fixed, the judge shall fix a time for hearing in accordance with law and rules and hear the action or proceeding at the time so fixed.

SEC. 3. Section 396b of the Code of Civil Procedure is amended to read:

396b. (a) Except as otherwise provided in Section 396a, if an action or proceeding is commenced in a court having jurisdiction of the subject matter thereof, other than the court designated as the proper court for the trial thereof, under this title, the action may, notwithstanding, be tried in the court where commenced, unless the defendant, at the time he or she answers, demurs, or moves to strike, or, at his or her option, without answering, demurring, or moving to strike and within the time otherwise allowed to respond to the complaint, files with the clerk, a notice of motion for an order transferring the action or proceeding to the proper court, together with proof of service, upon the adverse party, of a copy of such papers. Upon the hearing of the motion the court shall, if it appears that the action or proceeding was not commenced in the proper court, order the action or proceeding transferred to the proper court.

(b) In its discretion, the court may order the payment to the prevailing party of reasonable expenses and attorney's fees incurred

in making or resisting the motion to transfer whether or not that party is otherwise entitled to recover his or her costs of action. In determining whether such order for expenses and fees shall be made, the court shall take into consideration (1) whether an offer to stipulate to change of venue was reasonably made and rejected, and (2) whether the motion or selection of venue was made in good faith given the facts and law the party making the motion or selecting the venue knew or should have known. As between the party and his or her attorney, such expenses and fees shall be the personal liability of the attorney not chargeable to the party.

(c) The court in a proceeding for dissolution of marriage or legal separation, may, prior to the determination of the motion to transfer, consider and determine motions for allowance of temporary alimony, support of children, counsel fees and costs, and make all necessary and proper orders in connection therewith.

(d) In any case, if an answer is filed, the court may consider opposition to the motion to transfer, if any, and may retain the action in the county where commenced if it appears that the convenience of the witnesses or the ends of justice will thereby be promoted.

(e) If the motion to transfer is denied, the court shall allow the defendant time to move to strike, demur, or otherwise plead if the defendant has not previously filed a response.

SEC. 3.5. Section 396b of the Code of Civil Procedure is amended to read:

396b. (a) Except as otherwise provided in Section 396a, if an action or proceeding is commenced in a court having jurisdiction of the subject matter thereof, other than the court designated as the proper court for the trial thereof, under this title, the action may, notwithstanding, be tried in the court where commenced, unless the defendant, at the time he or she answers, demurs, or moves to strike, or, at his or her option, without answering, demurring, or moving to strike and within the time otherwise allowed to respond to the complaint, files with the clerk, a notice of motion for an order transferring the action or proceeding to the proper court, together with proof of service, upon the adverse party, of a copy of those papers. Upon the hearing of the motion the court shall, if it appears that the action or proceeding was not commenced in the proper court, order the action or proceeding transferred to the proper court.

(b) In its discretion, the court may order the payment to the prevailing party of reasonable expenses and attorney's fees incurred in making or resisting the motion to transfer whether or not that party is otherwise entitled to recover his or her costs of action. In determining whether that order for expenses and fees shall be made, the court shall take into consideration (1) whether an offer to stipulate to change of venue was reasonably made and rejected, and (2) whether the motion or selection of venue was made in good faith given the facts and law the party making the motion or selecting the venue knew or should have known. As between the party and his or her attorney, those expenses and fees shall be the personal liability

of the attorney not chargeable to the party. Sanctions shall not be imposed pursuant to this subdivision except on notice contained in a party's papers, or on the court's own noticed motion, and after opportunity to be heard.

(c) The court in a proceeding for dissolution of marriage or legal separation, may, prior to the determination of the motion to transfer, consider and determine motions for allowance of temporary alimony, support of children, counsel fees and costs, and make all necessary and proper orders in connection therewith.

(d) In any case, if an answer is filed, the court may consider opposition to the motion to transfer, if any, and may retain the action in the county where commenced if it appears that the convenience of the witnesses or the ends of justice will thereby be promoted.

(e) If the motion to transfer is denied, the court shall allow the defendant time to move to strike, demur, or otherwise plead if the defendant has not previously filed a response.

SEC. 4. Section 399 of the Code of Civil Procedure is amended to read:

399. When an order is made transferring an action or proceeding under any of the provisions of this title, the clerk shall, after expiration of the time within which a petition for writ of mandate could have been filed pursuant to Section 400, or if such petition is filed after judgment denying the writ becomes final, and upon payment of the costs and fees, transmit the pleadings and papers therein (or if the pleadings be oral a transcript of the same) to the clerk of the court to which the same is transferred. When the transfer is sought on any ground specified in subdivisions 2, 3, 4 and 5 of Section 397, the costs and fees thereof, and of filing the papers in the court to which the transfer is ordered, shall be paid at the time the notice of motion is filed, by the party making the motion for the transfer. When the transfer is sought solely, or is ordered, because the action or proceeding was commenced in a court other than that designated as proper by this title, such costs and fees (including any expenses and attorney's fees awarded defendant pursuant to Section 396b) shall be paid by the plaintiff before such transfer is made; and if, in any such case, the defendant has paid such costs and fees at the time of filing his or her notice of motion, the same shall be repaid to the defendant, upon the making of such order. If such costs and fees have not been so paid by the plaintiff within five days after service of notice of such order, then any other party interested therein, whether named in the complaint as a party or not, may pay such costs and fees, and the clerk shall thereupon transmit the papers and pleadings therein as if such costs and fees had been originally paid by the plaintiff, and the same shall be a proper item of costs of the party so paying the same, recoverable by such party in the event he or she prevails in the action; otherwise, the same shall be offset against and deducted from the amount, if any, awarded the plaintiff in the event the plaintiff prevails against such party in such action. The cause of action shall not be further prosecuted in any court until

such costs and fees are paid. If such costs and fees are not paid within 30 days after service of notice of such order, or if a copy of a petition for writ of mandate pursuant to Section 400 is filed in the trial court, or if an appeal is taken pursuant to Section 904.2 or 904.3, then within 30 days after notice of finality of the order of transfer, the court on a duly noticed motion by any party may dismiss the action without prejudice to the cause on the condition that no other action on the cause may be commenced in another court prior to satisfaction of the court's order for costs and fees. When a petition for writ of mandate or appeal does not result in a stay of proceedings, the time for payment of such costs shall be 60 days after service of the notice of the order.

At the time of transmittal of the papers and pleadings, the clerk shall mail notice to all parties who have appeared in the action or special proceeding, stating the date on which such transmittal occurred. Promptly upon receipt of such papers and pleadings, the clerk of the court to which the action or proceeding is transferred shall mail notice to all parties who have appeared in the action or special proceeding, stating the date of the filing of the case and number assigned to the case in such court.

The court to which an action or proceeding is transferred under this title shall have and exercise over the same the like jurisdiction as if it had been originally commenced therein, all prior proceedings being saved, and such court may require such amendment of the pleadings, the filing and service of such amended, additional, or supplemental pleadings, and the giving of such notice, as may be necessary for the proper presentation and determination of the action or proceeding in such court.

(b) A restitution fine shall be deemed a debt of the defendant owing to the state for the purposes of Sections 12418 and 12419.5 of the Government Code, excepting any amounts the defendant has paid to the victim as a result of the crime. Upon request by the Controller, the district attorney of a county or the Attorney General may take any necessary action to recover amounts owing on a

The sum payable shall be computed by applying the rate or rates of deduction applicable to judges' salaries during that time to the salary which the judge last received as the incumbent of a judicial office to which he or she was elected by the people.

SEC. 20. Section 75029.1 is added to the Government Code, to read:

75029.1. On and after January 1, 1990, the right to elect to receive credit for prior service as a judge of an excluded court pursuant to Section 75029 shall apply only to a justice of the Supreme Court or a court of appeal or a judge of a superior or municipal court.

SEC. 20.1. Section 75029.2 is added to the Government Code, to read:

75029.2. The Judges' Retirement System, in cooperation with the Judicial Council of California, shall study the effects of providing justice court judges who have become members of the Judges' Retirement System the option of electing prior service credit for service as a judge of an excluded court prior to January 1, 1990. The results of the study shall be submitted to the Legislature on or before March 1, 1990.

SEC. 20.2. Section 75033.5 of the Government Code is amended to read.

75033.5. Notwithstanding any other provision of this chapter, any judge with at least five years of service, and prior to attaining age 70,

may retire, and upon his or her application therefor to the Judges' Retirement System after reaching the age which would have permitted him or her to retire for age and length of service under Section 75025 had he or she remained continuously in service as a judge up to such age, receive a retirement allowance based upon the judicial service as a judge of a court of record, with which he or she is credited, in the same manner as other judges, except as otherwise provided by this section the retirement allowance is an annual amount equal to 3.75 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to his or her discontinuance of his or her service as judge, multiplied by the number of years and fractions of years of service with which the retired judge is entitled to be credited at the time of his or her retirement, not to exceed 20 years.

A judge who renders part-time service after January 1, 1990, shall receive a reduced retirement allowance based upon actual service rendered.

If a judge has served more than five years but less than 12 years, the above percentage of compensation payable shall be reduced 0.25 percent for each year that the service of the judge is less than 12 years. For the purposes of calculating the percentage of compensation payable, part-time service shall be the equivalent of full-time service.

No judge shall be eligible to receive an allowance pursuant to this section until the attainment of at least age 63 unless the judge is credited with 20 years of judicial service and has attained age 60.

The surviving spouse of any judge who has so elected to retire under this section shall receive for life an allowance equal to one-half of the retirement allowance that would be payable to the judge were he or she living and receiving the benefits accorded by this section, commencing with the day following the date of the death, if the judge dies after commencement of receipt of benefits, or the date the judge would have been able to commence receipt of benefits but for his or her death, if his or her death occurs prior to commencement of receipt of benefits.

An election to retire under this section shall be made in writing and filed with the Judges' Retirement System, and shall be without right of revocation, and upon such filing said judge shall be deemed retired with receipt of benefits deferred until herein provided, and the judicial office from which he or she has retired shall become vacant. Said notice and election of retirement shall be sufficient if it states in substance that said judge elects to retire under the benefits of this section.

A judge who leaves his or her office to accept any lucrative office under the United States within the purview of Section 7 of Article VII of the Constitution shall have any benefits receivable hereunder reduced by the amount of any salary or retirement benefits he or she receives by virtue of his or her service in such office.

SEC. 20.3. Section 75076.2 is added to the Government Code, to read:

75076.2. A judge who renders part-time service after January 1, 1990, shall receive a reduced retirement allowance. The reduction shall be based upon the relationship between the actual service rendered by the judge, including service rendered by reason of sitting on assignment, and a full-time judge's service during the period from January 1, 1990, until the date of retirement. Computations under this section and subdivision (a) of Section 75076 shall consider the salary payable to the judge of a justice court to be equal to that of a municipal court judge. For purposes of qualifying for retirement, part-time service shall be the equivalent of full-time service.

SEC. 20.4. Section 75101 of the Government Code is amended to read:

75101. The Controller shall at the end of each month ascertain the aggregate amount of the annual salaries of all positions established by law as justices of the Supreme Court and of the courts of appeal and judges of the superior courts, municipal courts, and justice courts, and out of the General Fund he or she shall transfer monthly into the Judges' Retirement Fund a sum equal to 8 percent of one-twelfth of the aggregate amount of those salaries.

SEC. 20.6. Section 75103 of the Government Code is amended to read:

75103. Except as provided in Section 75103.3, the auditor of each county shall deduct 8 percent from the portion paid by a county of the monthly salary of each judge of the superior court, municipal court, and justice court and cause this amount to be paid into the Judges' Retirement Fund.

If any juror disagrees, the fact shall be entered upon the minutes and the jury again sent out; but if no disagreement is expressed, the verdict is complete, and the jury shall, subject to subdivision (b), be discharged from the case.

(b) No jury shall be discharged until the court has verified on the record that the jury has either reached a verdict or has formally declared its inability to reach a verdict on all issues before it, including, but not limited to, the truth of any alleged prior conviction whether in the same proceeding or in a bifurcated proceeding.

In enacting this subdivision, it is the intent of the Legislature that its provisions shall not adversely affect the implementation of, or prosecution under, any provision of the Penal Code.

21628. Every secondhand dealer described in Section 21626 shall report daily, or on the first working day after receipt or purchase of such property, on forms either approved or provided at actual cost by the Department of Justice, all tangible personal property which he or she has purchased, taken in trade, taken in pawn, accepted for sale on consignment, or accepted for auctioning, to the chief of police or to the sheriff, in accordance with the provisions of Sections 21630 and 21633. (d) A complete and reasonably accurate description of nonserialized property, including, but not limited to, the following: size, color, material, manufacturer's pattern name (when known), owner-applied numbers and personalized inscriptions and other identifying marks or symbols.

(e) A certification by the intended seller or pledgor that he or she is the owner of the property or has the authority of the owner to sell or pledge the property.

(f) A certification by the intended seller or pledgor that to his or her knowledge and belief the information is true and complete.

(g) A legible fingerprint taken from the intended seller or pledgor, as prescribed by the Department of Justice. This requirement does not apply to a coin dealer, unless required pursuant to local regulation.

(h) When a secondhand dealer complies with all of the provisions of this section, he or she shall be deemed to have received from the seller or pledgor adequate evidence of authority to sell or pledge the property for all purposes included in this article, and Division 8 (commencing with Section 21000) of the Financial Code.

(b) The license shall be subject to forfeiture by the licensing authority and the licensee's activities as a secondhand dealer shall be subject to being enjoined pursuant to Section 21646 for breach, and the authority may impose any of the following conditions:

(1) The business shall be carried on only in the building or buildings designated on the license.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises where it easily can be seen.

(3) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the chief of police, the sheriff or, where appropriate, the police commission, is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) Notwithstanding subdivisions (a) and (b), no person shall have his or her renewal application for a secondhand dealer's license denied, nor shall his or her secondhand dealer's license be forfeited solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19057.3 is added to the Government Code, to read:

19057.3. (a) Notwithstanding Section 19057, for a position in the Department of Corrections, there shall be certified to the appointing power the names and addresses of all those eligibles for peace officer and closely allied classes whose scores, at the time of certification, represent the three highest ranks on the employment list for the class in which the position belongs and who have indicated their

willingness to accept appointment under the conditions of employment specified.

(b) For purposes of ranking, scores of eligibles on employment lists for the classes shall be rounded to the nearest whole percent. A rank consists of one or more eligibles with the same whole percentage score.

(c) If fewer than three ranks of persons willing to accept appointment are on the list from which certification is to be made, then additional eligibles shall be certified from the various lists next lower in order of preference until names from three ranks are certified. If there are fewer than three names on those lists, and the appointing power does not choose to appoint from among these, the appointing power may demand certification of three names and examinations shall be conducted until at least three names may be certified. The appointing power shall fill the position by the appointment of one of the persons certified.

(d) The board may, by rule, provide for certifying less than three ranks where the size of the certified group is disproportionate to the number of vacancies.

(e) The board shall adopt rules to allow for the names of eligibles to be transferred from lists for the same class or comparable classes where names from one list were certified under the rule of three ranks, and names from the other list were certified under the rule of three names.

SEC 2. Section 1203.2a of the Penal Code is amended to read:

1203.2a. If any defendant who has been released on probation is committed to a prison in this state or another state for another offense, the court which released him or her on probation shall have jurisdiction to impose sentence, if no sentence has previously been imposed for the offense for which he or she was granted probation, in the absence of the defendant, on the request of the defendant made through his or her counsel, or by himself or herself in writing, if such writing is signed in the presence of the warden of the prison in which he or she is confined or the duly authorized representative of the warden, and the warden or his or her representative attests both that the defendant has made and signed such request and that he or she states that he or she wishes the court to impose sentence in the case in which he or she was released on probation, in his or her absence and without him or her being represented by counsel.

The probation officer may, upon learning of the defendant's imprisonment, and must within 30 days after being notified in writing by the defendant or his or her counsel, or the warden or duly authorized representative of the prison in which the defendant is confined, report such commitment to the court which released him or her on probation.

Upon being informed by the probation officer of the defendant's confinement, or upon receipt from the warden or duly authorized representative of any prison in this state or another state of a certificate showing that the defendant is confined in prison, the court

shall issue its commitment if sentence has previously been imposed. If sentence has not been previously imposed and if the defendant has requested the court through counsel or in writing in the manner herein provided to impose sentence in the case in which he or she was released on probation in his or her absence and without the presence of counsel to represent him or her, the court shall impose sentence and issue its commitment, or shall make other final order terminating its jurisdiction over the defendant in the case in which the order of probation was made. If the case is one in which sentence has previously been imposed, the court shall be deprived of jurisdiction over defendant if it does not issue its commitment or make other final order terminating its jurisdiction over defendant in the case within 60 days after being notified of the confinement. If the case is one in which sentence has not previously been imposed, the court is deprived of jurisdiction over defendant if it does not impose sentence and issue its commitment or make other final order terminating its jurisdiction over defendant in the case within 30 days after defendant has, in the manner prescribed by this section, requested imposition of sentence.

Upon imposition of sentence hereunder the commitment shall be dated as of the date upon which probation was granted. If the defendant is then in a state prison for an offense committed subsequent to the one upon which he or she has been on probation, the term of imprisonment of such defendant under a commitment issued hereunder shall commence upon the date upon which defendant was delivered to prison under commitment for his or her subsequent offense. Any terms ordered to be served consecutively shall be served as otherwise provided by law.

In the event the probation officer fails to report such commitment to the court or the court fails to impose sentence as herein provided, the court shall be deprived thereafter of all jurisdiction it may have retained in the granting of probation in said case.

The petition shall specify what mental illness, disorder, abnormality, or defect justifies the administration of such therapy. (b) The warden shall file a response to the petition to prohibit the enforced administration of any organic therapy. 2932 (a) (1) For any time credit accumulated pursuant to Section 2931 or to Section 2933, not more than 360 days of credit may be denied or lost for a single act of murder, attempted murder, solicitation of murder, manslaughter, rape, sodomy, or oral copulation accomplished against the victim's will, attempted rape, attempted sodomy, or attempted oral copulation accomplished against the victim's will, assault or battery causing serious bodily injury, assault with a deadly weapon or caustic substance, taking of a hostage, escape with force or violence, or possession or manufacture of a deadly weapon or explosive device, whether or not prosecution is undertaken for purposes of this paragraph. Solicitation of murder shall be proved by the testimony of two witnesses, or of one witness and corroborating circumstances.

(2) Not more than 180 days of credit may be denied or lost for a single act of misconduct, except as specified in paragraph (1), which could be prosecuted as a felony whether or not prosecution is undertaken.

(3) Not more than 90 days of credit may be denied or lost for a single act of misconduct which could be prosecuted as a misdemeanor, whether or not prosecution is undertaken.

(4) Not more than 30 days of credit may be denied or lost for a single act of misconduct defined by regulation as a serious disciplinary offense by the Department of Corrections. Any person

confined due to a change in custodial classification following the commission of any serious disciplinary infraction shall, in addition to any loss of time credits, be ineligible to receive participation or worktime credit for a period not to exceed the number of days of credit which have been lost for the act of misconduct or 180 days, whichever is less. Any person confined in a secure housing unit for having committed any misconduct specified in paragraph (1) in which great bodily injury is inflicted upon a nonprisoner shall, in addition to any loss of time credits, be ineligible to receive participation or worktime credit for a period not to exceed the number of days of credit which have been lost for that act of misconduct, or for the period that the prisoner is confined in a secure housing unit, whichever is less. In unusual cases, an inmate may be denied the opportunity to participate in a credit qualifying assignment for up to six months beyond the period specified in this subdivision if the Director of Corrections finds, after a hearing, that no credit qualifying program may be assigned to the inmate without creating a substantial risk of physical harm to staff or other inmates. At the end of the six-month period and of successive six-month periods, the denial of the opportunity to participate in a credit qualifying assignment may be renewed upon a hearing and finding by the director.

The prisoner may appeal the decision through the department's review procedure, which shall include a review by an individual independent of the institution who has supervisorial authority over the institution.

(b) For any credit accumulated pursuant to Section 2931, not more than 30 days of participation credit may be denied or lost for a single failure or refusal to participate. Any act of misconduct described by the Department of Corrections as a serious disciplinary infraction if committed while participating in work, educational, vocational, therapeutic, or other prison activity shall be deemed a failure to participate

(c) Any procedure not provided for by this section, but necessary to carry out the purposes of this section, shall be those procedures provided for by the Department of Corrections for serious disciplinary infractions if those procedures are not in conflict with this section.

(1) (A) The Department of Corrections shall, using reasonable diligence to investigate, provide written notice to the prisoner. The written notice shall be given within 15 days after the discovery of information leading to charges that may result in a possible denial of credit, except that if the prisoner has escaped, the notice shall be given within 15 days of the prisoner's return to the custody of the Director of Corrections. The written notice shall include the specific charge, the date, the time, the place that the alleged misbehavior took place, the evidence relied upon, a written explanation of the procedures that will be employed at the proceedings and the prisoner's rights at the hearing. The hearing shall be conducted by

an individual who shall be independent of the case and shall take place within 30 days of the written notice.

(B) The Department of Corrections may delay written notice beyond 15 days when all of the following factors are true:

(i) An act of misconduct is involved which could be prosecuted as murder, attempted murder, or assault on a prison employee, whether or not prosecution is undertaken.

(ii) Further investigation is being undertaken for the purpose of identifying other prisoners involved in the misconduct.

(iii) Within 15 days after the discovery of information leading to charges that may result in a possible denial of credit, the investigating officer makes a written request to delay notifying that prisoner and states the reasons for the delay.

(iv) The warden of the institution approves of the delay in writing.

The period of delay under this paragraph shall not exceed 30 days. The prisoner's hearing shall take place within 30 days of the written notice.

(2) The prisoner may elect to be assigned an employee to assist in the investigation, preparation, or presentation of a defense at the disciplinary hearing if it is determined by the department that: (i) the prisoner is illiterate; or (ii) the complexity of the issues or the prisoner's confinement status makes it unlikely that the prisoner can collect and present the evidence necessary for an adequate comprehension of the case.

(3) The prisoner may request witnesses to attend the hearing and they shall be called unless the person conducting the hearing has specific reasons to deny this request. The specific reasons shall be set forth in writing and a copy of the document shall be presented to the prisoner.

(4) The prisoner has the right, under the direction of the person conducting the hearing, to question all witnesses.

(5) At the conclusion of the hearing the charge shall be dismissed if the facts do not support the charge, or the prisoner may be found guilty on the basis of a preponderance of the evidence.

(d) If found guilty the prisoner shall be advised in writing of the guilty finding and the specific evidence relied upon to reach this conclusion and the amount of time-credit loss. The prisoner may appeal the decision through the Department of Corrections' review procedure, and may, upon final notification of appeal denial, within 15 days of the notification demand review of the department's denial of credit to the Board of Prison Terms, and the board may affirm, reverse, or modify the department's decision or grant a hearing before the board at which hearing the prisoner shall have the rights specified in Section 3041.5.

(e) Each prisoner subject to Section 2931 shall be notified of the total amount of good behavior and participation credit which may be credited pursuant to Section 2931, and his or her anticipated time-credit release date. The prisoner shall be notified of any change

in the anticipated release date due to denial or loss of credits, award of worktime credit, under Section 2933, or the restoration of any credits previously forfeited.

(f) If the conduct the prisoner is charged with also constitutes a crime, the Department of Corrections may refer the case to criminal authorities for possible prosecution. The department shall notify the prisoner, who may request postponement of the disciplinary proceedings pending the referral.

The prisoner may revoke his or her request for postponement of the disciplinary proceedings up until the filing of the accusatory pleading. In the event of the revocation of the request for postponement of the proceeding, the department shall hold the hearing within 30 days of the revocation.

Notwithstanding the notification requirements in this paragraph and subparagraphs (A) and (B) of paragraph (1) of subdivision (c), in the event the case is referred to criminal authorities for prosecution and the authority requests that the prisoner not be notified so as to protect the confidentiality of its investigation, no notice to the prisoner shall be required until an accusatory pleading is filed with the court, or the authority notifies the warden, in writing, that it will not prosecute or it authorizes the notification of the prisoner The notice exceptions provided for in this paragraph shall only apply if the criminal authority requests of the warden, in writing, and within the 15 days provided in subparagraph (A) of paragraph (1) of subdivision (c), that the prisoner not be notified. Any period of delay of notice to the prisoner shall not exceed 30 days beyond the 15 days referred to in subdivision (c). In the event that no prosecution is undertaken, the procedures in subdivision (c) shall apply, and the time periods set forth in that subdivision shall commence to run from the date the warden is notified in writing of the decision not to prosecute. In the event the authority either cancels its requests that the prisoner not be notified before it makes a decision on prosecution or files an accusatory pleading, the provisions of this paragraph shall apply as if no request had been received, beginning from the date of the cancellation or filing.

In the case where the prisoner is prosecuted by the district attorney, the Department of Corrections shall not deny time credit where the prisoner is found not guilty and may deny credit if the prisoner is found guilty, in which case the procedures in subdivision (c) shall not apply

(g) If time credit denial proceedings or criminal prosecution prohibit the release of a prisoner who would have otherwise been released, and the prisoner is found not guilty of the alleged misconduct, the amount of time spent incarcerated, in excess of what the period of incarceration would have been absent the alleged misbehavior, shall be deducted from the prisoner's parole period.

(h) Nothing in the amendments to this section made at the 1981–82 Regular Session of the Legislature shall affect the granting or revocation of credits attributable to that portion of the prisoner's

sentence served prior to January 1, 1983.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 2804 of the Streets and Highways Code is amended to read:

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Rural hospitals are an integral link in the state's care system serving the needs of rural residents and tourists.

(b) Based on the current financial performance of rural hospitals throughout the state, due to changes in utilization patterns and third-party payment programs, many strategically located rural hospitals will close.

(c) Due to their financial state, small and rural hospitals do not have the resources to fund depreciation and are placed under additional financial constraints when they are required, on short notice, to meet a physical plant or equipment capital expenditure due to a regulatory requirement.

SEC. 2. Section 15464 is added to the Government Code, to read:

15464. (a) The authority shall establish on a pilot program basis a program of financing loans to small and rural hospitals, as defined in Section 1188.855 of the Health and Safety Code, to finance physical plant and equipment capital expenditures necessary to satisfy regulatory requirements imposed by state agencies.

(b) Loans made pursuant to this section shall have a term of not to exceed 30 years and shall be in a principal amount of not to exceed two hundred thousand dollars ($200,000).

(c) Bonds issued by the authority to fund the pilot program may be insured under the California Health Facility Construction Loan Insurance Law pursuant to Article 8 (commencing with Section 436.46) of Chapter 4 of Part 1 of Division 1 of the Health and Safety Code in an annual aggregate amount of one million dollars ($1,000,000) but not to exceed a maximum aggregate amount of three million dollars ($3,000,000).

(d) The authority shall submit a report to the Legislature on or before January 1, 1993, on the implementation of this section. The report shall contain an evaluation of the pilot project based upon the following criteria:

(1) Identify the regulatory requirements for which hospitals sought loans.

(2) Determine the extent to which the program enabled hospitals to comply with regulatory requirements.

(3) Identify the amount of total dollars hospitals saved on financing through this program versus other financing modes.

(4) Determine the success of hospitals paying back loans in a timely manner.

(e) This section shall become inoperative on July 1, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Article 8 (commencing with Section 436.46) is added to Chapter 4 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 8. Loan Guarantee for Small and Rural Hospitals

436.46. The office shall participate in the pilot program established by Section 15464 of the Government Code. At the request of the California Health Facilities Financing Authority, the office may insure bonds issued by the authority pursuant to Section 15464 of the Government Code to fund the pilot program. It is the intent of the Legislature that the office ensure these bonds unless there is a substantive basis indicating that the facility would default on repayment of the bonds.

436.47. This article shall become inoperative on July 1, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The provisions of this act shall not supersede or limit the application of any other provision of law.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Article 4.5. Mandatory Continuing Legal Education

6070. (a) The State Bar shall request the California Supreme Court to adopt a rule of court authorizing the State Bar to establish and administer a mandatory continuing legal education program. If the California Supreme Court adopts a rule authorizing the State Bar to establish and administer the program, the State Bar shall establish and administer a mandatory continuing legal education program commencing on or after January 1, 1991. A member of the State Bar who fails to satisfy the mandatory continuing legal education requirements of the program authorized by the Supreme Court rule shall be enrolled as an inactive member pursuant to rules adopted by the Board of Governors of the State Bar.

(b) For purposes of this section, statewide associations of public agencies and incorporated, nonprofit professional associations of

attorneys, shall be certified as State Bar approved providers upon completion of an appropriate application process to be established by the State Bar. The certification may be revoked only by majority vote of the board, after notice and hearing, and for good cause shown. Programs provided by the California District Attorneys Association or the California Public Defenders Association, or both, including, but not limited to, programs provided pursuant to Title 1.5 (commencing with Section 11500) of Part 4 of the Penal Code, are deemed to be legal education activities approved by the State Bar or offered by a State Bar approved provider.

(c) Notwithstanding the provisions of subdivision (a), retired judges, officers and elected officials of the State of California, and full-time professors at law schools accredited by the State Bar of California, the American Bar Association, or both, shall be exempt from the provisions of this section. (3) Each judge of a superior court and county clerk shall file a copy of his or her official oath, signed with his or her own proper

signature, in the office of the Secretary of State as soon as he or she has taken and subscribed his or her oath.

(4) The oath of all officers for any independent special district, as defined in Section 56044, in the office of the clerk or secretary of that district.

(b) Every oath of office filed pursuant to this section with the Secretary of State shall include the expiration date of the officer's term of office, if any. In the case of an oath of office for an appointed officer, if there is no expiration date set forth in the oath, or the officer leaves office before the expiration date, the appointing authority shall report in writing to the Secretary of State the officer's date of departure from office.

SEC. 2. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 11126 of the Government Code, as amended by Chapter 177 of the Statutes of 1989, is amended to read:

11126. (a) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special

meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void. The state body also may exclude from any public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body. Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

For the purposes of this section, "employee" shall not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees.

(b) Nothing in this article shall be construed to prevent state bodies which administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(c) Nothing in this article shall be construed to prevent an advisory body of a state body which administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters which the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(d) Nothing in this article shall be construed to prohibit a state body from holding a closed session to deliberate on a decision to be reached based upon evidence introduced in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 or similar provisions of law.

(e) Nothing in this article shall be construed to prevent any state body from holding a closed session to consider matters affecting the national security.

(f) Nothing in this article shall be construed to grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

(g) Nothing in this article shall be construed to prevent any closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests which the donor or proposed donor has

requested in writing to be kept confidential.

(h) Nothing in this article shall be construed to prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

(i) Nothing in this article shall be construed to prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.

However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties which the negotiations may concern and the person or persons with whom its negotiator may negotiate.

For purposes of this subdivision, the negotiator may be a member of the state body.

For purposes of this subdivision, "lease" includes renewal or renegotiation of a lease.

Nothing in this subdivision shall preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (q).

(j) Nothing in this article shall be construed to prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

(k) Nothing in this article shall be construed to prevent the Franchise Tax Board from holding closed sessions for the purpose of discussion of confidential tax returns or data the public disclosure of which is prohibited by law, or from considering matters pertaining to the appointment or removal of the executive officer of the Franchise Tax Board.

(*l*) Nothing in this article shall be construed to prevent the Board of Corrections from holding closed sessions when considering reports of crime conditions under Section 6027 of the Penal Code.

(m) Nothing in this article shall be construed to prevent the State Air Resources Board from holding closed sessions when considering the proprietary specifications and performance data of manufacturers.

(n) Nothing in this article shall be construed to prevent a state body which invests retirement, pension, or endowment funds from holding closed sessions when considering investment decisions For purposes of consideration of shareholder voting on corporate stocks held by the state body, closed sessions for the purposes of voting may be held only with respect to election of corporate directors, election of independent auditors, and other financial issues which could have a material effect on the net income of the corporation. For the purpose of real property investment decisions which may be considered in a closed session pursuant to this subdivision, a state

body shall also be exempt from the provision of subdivision (i) relating to the identification of real properties prior to the closed session.

(o) Nothing in this article shall be construed to prevent a state body, or boards, commissions, administrative officers, or other representatives that may properly be designated by law or by a state body, from holding closed sessions with its representatives in discharging its responsibilities under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 as the sessions relate to salaries, salary schedules, or compensation paid in the form of fringe benefits. For the purposes enumerated in the preceding sentence, a state body may also meet with a state conciliator who has intervened in the proceedings.

(p) Notwithstanding any other provision of law, any meeting of the Public Utilities Commission at which the rates of entities under the commission's jurisdiction are changed shall be open and public.

Nothing in this article shall be construed to prevent the Public Utilities Commission from holding closed sessions to deliberate on the institution of proceedings, or disciplinary actions against regulated utilities.

(q) Nothing in this article shall be construed to prevent a state body, based on the advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the state body in the litigation

For purposes of this article, all expressions of the lawyer-client privilege other than those provided in this subdivision are hereby abrogated. This subdivision is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this article. For purposes of this subdivision, litigation shall be considered pending when any of the following circumstances exist:

(3) Based on existing facts and circumstances, the state body has decided to initiate or is deciding whether to initiate litigation.

The legal counsel of the state body shall prepare and submit to it a memorandum stating the specific reasons and legal authority for the closed session If the closed session is pursuant to paragraph (1),

the memorandum shall include the title of the litigation. If the closed session is pursuant to paragraph (2) or (3), the memorandum shall include the existing facts and circumstances on which it is based. The legal counsel shall submit the memorandum to the state body prior to the closed session, if feasible, and in any case no later than one week after the closed session. The memorandum shall be exempt from disclosure pursuant to Section 6254.25.

For purposes of this subdivision, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

(r) Nothing in this article shall be construed to prevent a state body operating under a joint powers agreement for insurance pooling from holding a closed session to discuss a claim for the payment of tort liability or public liability losses incurred by the state body or any member agency under the joint powers agreement.

(s) Nothing in this article shall be construed to prevent the examining committee established by the State Board of Forestry, pursuant to Section 763 of the Public Resources Code, from conducting a closed session to consider disciplinary action against an individual professional forester prior to the filing of an accusation against the forester pursuant to Section 11503.

(t) Nothing in this article shall be construed to prevent an administrative committee established by the State Board of Accountancy pursuant to Section 5020 or 5020.3 of the Business and Professions Code from conducting a closed session to consider disciplinary action against an individual accountant prior to the filing of an accusation against the accountant pursuant to Section 11503. closed session by the state body it advises.

(x) Nothing in this article shall be construed to prevent the State Board of Equalization from holding closed sessions for either of the following:

For the purposes of this section, all employers subject to Chapter 6 (commencing with Section 20740) shall be deemed to be a single account with respect to their local miscellaneous members, all other employers not subject to Chapter 6 (commencing with Section 20740) shall be deemed to be a single account with respect to their local miscellaneous members, all employers of local safety members shall be deemed to be a single account with respect to those local

20750.91. Notwithstanding any other provision of this part, including, but not limited to, Sections 20230 and 20740, the board shall not combine the assets and liabilities of public agency employers into a single account for the purpose of setting a uniform rate of employer contributions for all public agency employers. Effective July 1, 1989, the rate at which a public employer's contribution to the system shall be fixed shall be based upon its own experience. Provisions of law that provide authority for the system to combine the assets and liabilities of public employers into a single account for purposes of establishing a uniform rate are superseded to the extent that they provide that authority. For purposes of this section only, references to public employers shall not be construed to include school employers.

SEC. 5. Section 22816.8 of the Government Code is amended to read:

22816.8. Any person who is an inactive member of the Legislators' Retirement System pursuant to Section 9355.2 and who has at least eight years of service credit may, upon assuming payment of all employee and employer contributions and an additional 2 percent thereof for the administrative cost incurred by the board and the Department of Personnel Administration in administering this section, enroll in the health benefits plan and dental care plan provided to members of the Legislators' Retirement System and, upon retirement shall thereafter be deemed an annuitant for purposes of this part and Part 6 (commencing with Section 22952), notwithstanding Sections 22754, 22810, and 22953.

SEC. 6. Sections 4 and 5 of this act do not constitute a change in, but are declaratory of, the existing law.

SEC. 7. It is the intent of the Legislature in enacting Section 20750.91 of the Government Code, to ensure that each public agency employer's contributions to the Public Employees' Retirement System are based upon a rate that reflects each public agency's unique experience and that no other public agency is affected, or influenced by, any other public agency's experience. In enacting that section, the Legislature recognizes the need to minimize rates for those employers with favorable experience, the need to maintain the financial stability of employers whose experience is unfavorable by not linking them with employers whose experience is more favorable, and to protect both employers and members from adverse consequences that can result from the imposition of a single contribution rate for all employers, irrespective of their individual

financial experience. It is further the intent of the Legislature that Section 20750.91 of the Government Code not include, or be applied to, school employers. The Legislature hereby ratifies the individual employer contribution ratesetting action which the Board of Administration approved effective July 1, 1989, and the related discontinuation of the single contribution rate.

SEC. 8. Section 1 of this bill incorporates amendments to Section 11126 of the Government Code proposed by both AB 1284 (Ch. 177, Stats. 1989) and SB 1458. It shall become operative on January 1, 1990, and only if (1) SB 1458 is enacted and both AB 1284 and SB 1458 become effective on January 1, 1990, (2) SB 1458 amends Section 11126 of the Government Code, and (3) this bill is enacted after SB 1458.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the financially and fiscally detrimental effects of the public agency employer pool of the Public Employees' Retirement System may be eliminated at the earliest possible time and at the commencement of the 1989–90 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1428

An act to amend Section 4604 of the Civil Code and to amend Sections 208, 277, 278.5, and 279 of the Penal Code, relating to child abduction.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4604 of the Civil Code is amended to read:

4604. (a) In any case where a petition to determine custody of a child has been filed in a court of competent jurisdiction, or where a temporary order pending determination of custody has been entered in accordance with Section 4600.1, and the whereabouts of a party in possession of the child are not known, or there is reason to believe that such party may not appear in the proceedings although ordered to appear personally with the child pursuant to Section 5160, the district attorney shall take all actions necessary to locate such party and the child and to procure compliance with the order to appear with the child for purposes of adjudication of custody. The petition to determine custody may be filed by the district attorney.

(b) In any case where a custody or visitation decree has been

entered by a court of competent jurisdiction and the child is taken or detained by another person in violation of the decree, the district attorney shall take all actions necessary to locate and return the child and the person who violated the decree and the child and to assist in the enforcement of the custody or visitation decree or other order of the court by use of any appropriate civil or criminal proceeding.

(c) In performing the functions described in subdivisions (a) and (b), the district attorney shall act on behalf of the court and shall not represent any party to the custody proceedings. If the district attorney represents to the court, by a written declaration under penalty of perjury, that a temporary custody order is needed to recover a child, who is being detained or concealed in violation of a court order, or a parent's right to custody, the court may issue an order, placing temporary sole physical custody in the parent or person recommended by the district attorney to facilitate the return of the child to the jurisdiction of the court, pending further hearings. If the court determines that it is not in the best interests of the child to place temporary sole physical custody in one of the above persons, it shall appoint a person to take charge of the child and return him or her to the jurisdiction of the court.

SEC. 2. Section 208 of the Penal Code is amended to read:

208. (a) Kidnapping is punishable by imprisonment in the state prison for three, five, or eight years.

(b) If the person kidnapped is under 14 years of age at the time of the commission of the crime, the kidnapping is punishable by imprisonment in the state prison for 5, 8, or 11 years. This subdivision is not applicable to the taking, detaining, or concealing, of a minor child by a biological parent, a natural father, as specified in subdivision (a) of Section 7004 of the Civil Code, an adoptive parent, or a person who has been granted access to the minor child by a court order.

SEC. 3. Section 277 of the Penal Code is amended to read:

277. In the absence of a court order determining rights of custody or visitation to a minor child, every person having a right of custody of the child who maliciously takes, detains, conceals, or entices away that child within or without the state, without good cause, and with the intent to deprive the custody right of another person or a public agency also having a custody right to that child, shall be punished by imprisonment in the county jail for a period of not more than one year, a fine of one thousand dollars ($1,000), or both, or by imprisonment in the state prison for 16 months, or two or three years, a fine of not more than ten thousand dollars ($10,000), or both.

A subsequently obtained court order for custody or visitation shall not affect the application of this section.

As used in this section, "good cause" means a good faith and reasonable belief that the taking, detaining, concealing, or enticing away of the child is necessary to protect the child from immediate bodily injury or emotional harm. The person who takes, detains, or conceals the child shall file a report with the law enforcement agency

of such action within a reasonable time in the jurisdiction where the child had been living, setting forth the basis for the immediate bodily injury or emotional harm to the child. The address of the parent, or a person who has been granted access to the minor child by a court order, who takes, detains, or conceals the child, with good cause, shall remain confidential until released at the discretion of the district attorney or by court order.

SEC. 4. Section 278.5 of the Penal Code is amended to read:

278.5. Every person who has a right to physical custody of or visitation with a child pursuant to an order, judgment, or decree of any court which grants another person, guardian, or public agency right to physical custody of or visitation with that child, and who within or without the state detains, conceals, takes, or entices away that child with the intent to deprive the other person of that right to custody or visitation shall be punished by imprisonment in the state prison for 16 months, or two or three years, a fine of not more than ten thousand dollars ($10,000), or both; or by imprisonment in a county jail for a period of not more than one year, a fine of not more than one thousand dollars ($1,000), or both.

SEC. 5. Section 279 of the Penal Code is amended to read:

279. (a) A peace officer investigating a report of a violation of Section 277, 278, or 278.5 may take a minor child into protective custody if it reasonably appears to the officer that any person unlawfully will flee the jurisdictional territory with the minor child.

(b) A child who has been detained or concealed shall be returned to the person, guardian, or public agency having lawful charge of the child, or to the court in which a custody proceeding is pending, or to the probation department of the juvenile court in the county in which the victim resides. Notwithstanding any other provision of law, when a person is arrested for an alleged violation of Section 277, 278, or 278.5 the court shall, at the time of the arraignment, impose the condition that the child shall be returned to the person or public agency having lawful charge of the child, and the court shall specify the date by which the child shall be returned. If conflicting custodial orders exist within this state, or between this state and a foreign state, the court shall set a hearing within five court days to determine which court has jurisdiction under the laws of this state, if the conflicting custodial orders are within this state, or if the conflict exists between this state and a foreign state, the court shall determine which state has subject matter jurisdiction to issue a custodial order under the laws of this state, the Uniform Child Custody Jurisdiction Act (Title 9 (commencing with Section 5150) of Part 5 of the Civil Code), or federal law, if applicable. At the conclusion of the hearing, the court shall enter an order as to which custody order is valid and is to be enforced. If the child has not been returned at the conclusion of the hearing, the court shall set a date within a reasonable time by which the child shall be returned to the person or agency having lawful charge of the child, and order the defendant to comply by this date, or to show cause on that date why

he or she has not returned the child as directed. The court shall only enforce its order, or any subsequent orders for the return of the child, under subdivision (a) of Section 1219 of the Code of Civil Procedure, to ensure that the child is promptly placed with the person or agency having lawful charge of the child. An order adverse to either the prosecution or defense is reviewable by a writ of mandate or prohibition addressed to the appropriate court.

(c) The offenses enumerated in Sections 277, 278, and 278.5 are continuous in nature, and continue for so long as the minor child is concealed or detained.

(d) Any expenses incurred in returning the child shall be reimbursed as provided in Section 4605 of the Civil Code. Those expenses, and costs reasonably incurred by the victim, shall be assessed against any defendant convicted of a violation of Section 277, 278, or 278.5.

(e) Pursuant to Sections 27 and 778, violation of Section 277, 278, or 278.5 is punishable in California, whether the intent to commit the offense is formed within or without the state, if the child was a resident of California or present in California at the time of the taking, if the child thereafter is found in California, or if one of the parents, or a person granted access to the minor child by a court order, is a resident of California at the time of the alleged violation of Section 277, 278, or 278.5 by a person who was not a resident of or present in California at the time of the alleged offense.

(f) For purposes of Sections 277, 278, and 278.5:

(1) "A person having a right of custody" means the legal guardian of the child, a person who has a parent and child relationship with the child pursuant to Section 197 of the Civil Code, or a person or an agency that has been granted custody of the child pursuant to a court order.

(2) A "right of custody" means the right to physical custody of the child. In the absence of a court order to the contrary, a parent loses his or her right of custody of the child to the other parent if the parent having the right of custody is dead, is unable or refuses to take the custody, or has abandoned his or her family.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1429

An act to add Division 10.7 (commencing with Section 11999) to the Health and Safety Code, relating to alcohol and drug programs.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Division 10.7 (commencing with Section 11999) is added to the Health and Safety Code, to read:

DIVISION 10.7. ILLEGAL USE OF DRUGS AND ALCOHOL

11999. The Legislature finds and declares all of the following:

(a) The Legislature has established various drug- and alcohol-related programs which provide for education, prevention, intervention, treatment, or enforcement.

(b) The Legislature has classified certain substances as controlled substances and has defined the lawful and unlawful use of controlled substances which are commonly referred to as, but not limited to, anabolic steroids, marijuana, and cocaine.

(c) The Legislature has classified certain substances as imitation controlled substances which are commonly referred to as, but not limited to, designer drugs.

(d) The Legislature has determined that the possession with the intent to be under the influence, or being under the influence of toluene, or any substance or material containing toluene, or any substance with similar toxic qualities, is unlawful. Some substances or materials containing toluene, or substances with similar toxic qualities are commonly referred to, but not limited to, inhalants such as cement, glue, and paint thinner.

(e) The Legislature has determined that the purchase, possession, or use of alcohol by persons under 21 years of age is unlawful.

(f) Public and private agencies that provide information pertaining to the drug- and alcohol-related programs provide mixed messages and misinformation relating to the unlawful use of drugs and alcohol. It is the intent of the Legislature that the messages and information provided by the drug and alcohol programs promote no unlawful use of any drugs or alcohol. Mixed messages mean communications discussing how to use or when to use unlawful drugs or alcohol.

(g) Any material, curricula, teachings, or promotion of responsible use, if the use is unlawful, of drugs or alcohol is inconsistent with the law.

(h) The "no unlawful use" message applies to all drug and alcohol programs for the people of the State of California. These materials are to teach and promote that any unlawful use of drugs and alcohol

is illegal and dangerous.

11999.1. For the purpose of this division, the following definitions apply:

(a) "Drug" means all of the following:

(1) Any controlled substance as defined in Division 10 (commencing with Section 11000).

(2) Any imitation controlled substance as defined in Chapter 1 (commencing with Section 11670) of Division 10.1.

(d) "State agency" shall include the State Department of Alcohol and Drug Programs, the State Department of Education, the Department of Justice, the Office of Criminal Justice Planning, and the Office of Traffic Safety. Any other state agency or department may comply with this division.

11999.2. (a) Notwithstanding any other provision of law, commencing July 1, 1990, no state funds shall be encumbered by a state agency for allocation to any entity, whether public or private, for a drug- or alcohol-related program, unless the drug- or alcohol-related program contains a component that clearly explains in written materials that there shall be no unlawful use of drugs or alcohol. No aspect of a drug- or alcohol-related program shall include any message on the responsible use, if the use is unlawful, of drugs or alcohol.

(b) All aspects of a drug- or alcohol-related program shall be consistent with the "no unlawful use" message, including, but not limited to, program standards, curricula, materials, and teachings.

These materials and programs may include information regarding the health hazards of use of illegal drugs and alcohol, concepts promoting the well-being of the whole person, risk reduction, the addictive personality, development of positive self-esteem, productive decisionmaking skills, and other preventive concepts consistent with the "no unlawful use" of drugs and alcohol message.

(c) The "no unlawful use" of drugs and alcohol message contained in drug- or alcohol-related programs shall apply to the use of drugs and alcohol prohibited by law.

(d) This section does not apply to any program funded by the state that provides education and prevention outreach to intravenous drug users with AIDS or AIDS-related conditions, or persons at risk of HIV-infection through intravenous drug use.

11999.3. (a) A state agency that distributes state funds to an entity, whether public or private, for a drug- or alcohol-related

program shall establish and provide guidelines and procedures for the entity to use to ensure compliance with this division. If the drug or alcohol program fails to satisfy the guidelines adopted by the state agency, the drug or alcohol program shall not receive state funds from the state agency. A state agency that provides or develops drug- or alcohol-related programs shall also comply with this division.

(b) Each state and local agency which distributes funds shall establish a reasonable time frame for each program to comply with the requirements of this division.

(c) A drug- or alcohol-related program that receives state funds from a local agency shall file with the local agency which distributes the state funds a written assurance signed by the person responsible for operating the drug- or alcohol-related program stating all of the following:

(1) The person understands the requirements of Section 11999.2.

(2) The person has reviewed those aspects of the program to which Section 11999.2 applies.

(3) Those aspects of the program to which Section 11999.2 applies meet the requirements of Section 11999.2.

(d) Every state or local agency distributing funds to which this division applies shall provide a process for appealing a determination to deny or terminate funding to a drug- or alcohol-related program based upon noncompliance with the requirements of this division. When funding is allocated to counties for distribution to local agencies, the director of the state agency distributing the funds shall develop and distribute to counties guidelines for the development of a local appeals process.

(e) A local agency which receives state funds from a state agency for establishing a drug- or alcohol-related program and which has discretionary authority for how the local agency spends the state funds, shall consider the requirements of Section 11999.2 in establishing the drug- or alcohol-related program.

(f) School district personnel who have authority to select and purchase instructional materials, curricula, or both, for the purpose of teaching drug or alcohol use prevention, or both, shall follow the requirements specified in Section 11999.2.

SEC. 2. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

SEC. 3. Sections 1 and 2 of this act shall become operative on July 1, 1990.

CHAPTER 1430

(e) For the purposes of Sections 14005.4 and 14005.7, with regard to a person in a licensed community care facility, the amount considered as required for maintenance per month shall be computed pursuant to regulations adopted by the department which provide for the support and care of his or her spouse, minor children,

or any disabled relative for whose support he or she has contributed regularly.

(f) The income levels for maintenance per month, except as specified in subdivisions (b) to (d), inclusive, shall be equal to the highest amounts that would ordinarily be paid to a family of the same size without any income or resources under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(g) The "federal financial participation rate," as used in this section, shall mean 133⅓ percent, or such other rate set forth in Section 1903 of the federal Social Security Act (42 U.S.C. Sec. 1396(b)), or its successor provisions.

(h) The income levels for maintenance per month shall not be decreased to reflect the presence in the household of persons receiving forms of aid other than Medi-Cal.

(i) When family members maintain separate residences, but eligibility is determined as a single unit under Section 14008, the income levels for maintenance per month shall be established for each household in accordance with subdivisions (b) to (h), inclusive. The total of these levels shall be the level for the single eligibility unit.

(j) The income levels for maintenance per month established pursuant to subdivisions (b) to (i), inclusive, shall be calculated on an annual basis, rounded to the next higher multiple of one hundred dollars ($100), and then prorated.

SEC. 5. Section 14005.16 of the Welfare and Institutions Code is amended to read:

14005.16. (a) In determining the eligibility of a married individual pursuant to Section 14005.4 or 14005.7, who resides in a skilled nursing facility or intermediate care facility, and who is in a Medi-Cal family budget unit separate from that of his or her spouse, the community property interest of the noninstitutionalized spouse in the income of the married individual shall not be considered income available to that individual.

(b) For purposes of this section, there shall be a presumption, rebuttable by either spouse, that each spouse has a community property interest in one-half of the total monthly income of both spouses.

(c) (1) This section shall not become operative unless Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) is amended to authorize the consideration of state community property laws in determing eligibility or the federal government authorizes the state to apply community property laws in that determination

(2) The department shall report to the appropriate committees of the Legislature upon the occurrence of the amendment of federal law or the receipt of federal approval, as specified in paragraph (1).

SEC. 5.5. Section 14005.17 is added to the Welfare and Institutions Code, to read:

14005.17. (a) In determining the eligibility of an

institutionalized spouse pursuant to Section 14005.4 or 14005.7, who resides in a medical institution or nursing facility, and who is in a Medi-Cal family budget unit separate from that of his or her spouse, the community property interest of either spouse in the income of the other spouse shall not be considered when determining eligibility for Medi-Cal benefits.

(b) In the case of an institutionalized spouse, income shall be determined in accordance with subsections (b) and (d) of Section 1924 of the federal Social Security Act and regulations adopted pursuant thereto.

(c) (1) This section shall remain operative only until Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) is amended to authorize the consideration of state community property law in determining eligibility under this chapter, or the federal government authorizes the consideration of state community property in that determination.

(2) The department shall report to the appropriate committees of the Legislature upon the occurrence of the amendment of federal law or receipt of federal authorization as specified in paragraph (1).

SEC. 6. Section 14006 of the Welfare and Institutions Code is amended to read:

14006. (a) This section applies to medically needy persons, medically needy family persons, and state-only Medi-Cal persons.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a nursing facility or a medical institution and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall, subject to notice and an opportunity for a hearing, have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

The lien shall be recorded, and from the date of recording, shall have the force, effect, and priority of a judgment lien.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family

reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a nursing facility, or in a medical institution.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported

(c) For purposes of determining eligibility under this part, resources shall be determined, defined, counted, and valued in accordance with the federal law governing resources under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.). Resources exempt under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) shall not be considered in determining eligibility. A community spouse may retain nonexempt resources to the maximum extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec 1396 et seq.). Medically needy individuals and families may retain nonexempt resources to the extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq) In addition, the principal residence as defined in subdivision (b) shall be exempt.

(d) The director, to meet the requirements of the federal Social Security Act and to ensure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) (1) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

(2) If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(3) If federal requirements permit a person to whom this

subdivision applies to own an automobile of greater value than is permitted in determining eligibility for aid under Chapter 3 (commencing with Section 12000), the department shall adopt regulations authorizing that higher allowance.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his or her spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his or her own earnings, he or she shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

SEC. 7. Section 14006.2 of the Welfare and Institutions Code is amended to read:

14006.2. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who, in accordance with Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and regulations adopted pursuant thereto, is considered to be living separately from his or her spouse, the individual shall be considered to have made a transfer of resources for full and adequate consideration under Section 14006 or 14015 by reason of either of the following:

(1) Having entered into a written agreement with his or her spouse dividing their nonexempt community property into equal shares of separate property. Property so agreed to be separate property shall be considered by the department to be the separate property of the spouse who, pursuant to the agreement, is the owner

of the property. Only in cases in which separate property owned by one spouse is actually made available to the other spouse, may the department count the separate property in the eligibility determination of the nonowner spouse.

(2) Having transferred to his or her spouse all of his or her interest in a home, whether the transfer was made before or after the individual became a resident in a skilled nursing facility or an intermediate care facility in accordance with and to the extent permitted by Title XIX of the federal Social Security Act and regulations promulgated pursuant thereto.

(b) The department shall furnish to all Medi-Cal applicants a clear and simple statement in writing advising them that (1) in the case of an individual who is an inpatient in a skilled nursing facility, intermediate care facility or other medical institution, if the individual or the individual's conservator transferred to the individual's spouse all of the interest in a home, the individual shall not be considered ineligible for Medi-Cal by reason of the transfer; and that (2) if the individual and the individual's spouse execute a written interspousal agreement which divides and transmutes nonexempt community property into equal shares of separate property, the separate property of the individual's spouse shall not be considered available to the individual and need not be spent by the spouse for the individual's care in a skilled nursing facility, intermediate care facility or other medical institution. The statement provided for in this subdivision shall also be furnished to each individual admitted to a skilled nursing or intermediate care facility, along with, but separately from, the statement required under Section 72527 of Title 22 of the California Code of Regulations.

(c) In order to qualify for Medi-Cal benefits pursuant to Section 14005.4 or 14005.7, a married individual who resides in a skilled nursing facility or intermediate care facility, and who is in a Medi-Cal budget unit separate from that of his or her spouse, shall be required to expend his or her other resources for his or her own benefit, so that the amount which remains does not exceed the limit established pursuant to subdivision (c) of Section 14006. In the event that the married individual expends his or her resources for expenses associated with or for improvements to property, those expenditures shall be considered to be for his or her own benefit only to the extent that the expenditures are proportionate to the ownership interest the individual has in the property. For purposes of this section, the term "his or her other resources" shall be limited to the following:

(1) All of his or her separate property that would not have been exempt under applicable Medi-Cal laws and regulations at the time when he or she entered a skilled nursing or intermediate care facility, or at the date of execution of the agreement referred to in this section, whichever is earlier. For purposes of this paragraph, the mere change of residence from one facility to another shall not be deemed to be a new entry.

(2) One-half of all the community property, or the proceeds from

the sale or exchange of that property, that would not have been exempt at the time described in paragraph (1).

(d) For purposes of subdivision (c), in the absence of an agreement such as that referred to in subdivision (a), there shall be a presumption, rebuttable by either spouse, that all property owned by either spouse was community property.

(e) The statement furnished pursuant to subdivision (b) shall advise all persons entering a long-term care facility, and all Medi-Cal applicants that only their half of the community property shall be taken into account in determining their eligibility for Medi-Cal, whether or not they execute the written interspousal agreement referred to in the statement.

(f) This section shall not apply to an institutionalized spouse.

(g) This section shall apply to the full extent to an institutionalized spouse if Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) is amended to authorize the consideration of state community property law in determining eligibility under this chapter, or the federal government authorizes the state to apply community property laws in making that determination.

(h) (1) Subdivision (f) shall become inoperative if the federal government amends Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) to allow state community property laws to be considered for Medi-Cal eligibility purposes, or the federal government authorizes the state to apply community property laws in making that determination.

(2) The department shall report to the appropriate committees of the Legislature upon the occurrence of the amendment of federal law or receipt of federal authorization as specified in paragraph (1)

SEC. 8. Section 14006.3 of the Welfare and Institutions Code is amended to read:

14006.3. The department, at the time of application or the assessment pursuant to Section 14006.6, and any nursing facility or medical institution shall, prior to admitting any person, provide a clear and simple statement, in writing, in a form and language specified by the department, to that person and that person's spouse and responsible relative which explains how Medi-Cal eligibility requirements affect their separate and community property

SEC 9 Section 14006.4 of the Welfare and Institutions Code is repealed.

SEC. 9.5. Section 14006.4 is added to the Welfare and Institutions Code, to read:

14006.4. (a) The statement required by Sections 14006.2 and 14006.3 shall be in the following form:

"NOTICE REGARDING SEPARATE AND COMMUNITY PROPERTY AND ELIGIBILITY FOR MEDI-CAL

"If you or your spouse is in or is entering Long-Term Care, read this important message!

You both do not have to use all your resources, such as savings, before Medi-Cal might help pay for all or some of the long-term care costs.

You should be aware of the following to take advantage of this provision of the law:

If you and your spouse have a written property agreement (Interspousal Agreement) dividing your community property into equal shares, only the spouse in long-term care has to spend his or her resources down to the Medi-Cal property limit before Medi-Cal might help pay for nursing home costs. The at-home spouse's share of the resources does not have to be used.

Even if you do not have a written agreement, the county welfare department will automatically divide your community property for Medi-Cal purposes at the time the long-term care spouse applies for Medi-Cal. This automatic division is computed as of the date the spouse entered long-term care.

A spouse in long-term care may transfer all his or her interest in the home to the at-home spouse without affecting Medi-Cal eligibility.

The Medi-Cal program assumes that all of a married couple's income is community income, so it can be divided into equal shares when one spouse is in long-term care. However, if the spouse at home receives more than half of the couple's community property income in his or her own name, the spouse at home may keep the larger share.

This is only a brief description of the Medi-Cal eligibility rules, for more detailed information, you should call your county welfare department. You will probably want to consult with the local branch of the state long-term care ombudsman, an attorney, or a legal services program for seniors in your area.

I have read the above notice and have received a copy.

Dated: _____ Signature: _____ "

(b) The statement required by subdivision (a) shall be printed in at least 10-point type, shall be clearly separate from any other document or writing, and shall be signed by the person to be admitted and that person's spouse, and any responsible relative.

(c) Any skilled nursing facility or intermediate care facility that willfully fails to comply with this section shall be subject to a class "B" citation, as defined by Section 1424 of the Health and Safety Code.

(d) The department may revise this statement as necessary to maintain its consistency with state and federal law.

(e) (1) This section shall apply to institutionalized spouses only if Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq) is amended to authorize the consideration of state community property law in determining eligibility under this chapter, or the federal government authorizes the state to apply community property laws in making that determination.

(2) The department shall report to the appropriate committees of

the Legislature upon the occurrence of the amendment of federal law or the receipt of federal authorization to apply community property law as specified in paragraph (1).

SEC. 10. Section 14006.6 is added to the Welfare and Institutions Code, to read:

14006.6. (a) To the extent required by Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and regulations adopted pursuant thereto, upon the request of either an institutionalized spouse or a community spouse, and upon receipt of relevant documentation of resources, the department shall promptly assess and document the total value of the couple's resources to the extent either the institutionalized spouse or the community spouse has an ownership interest. Upon completion of the assessment and documentation, the department shall provide a copy of such assessment and documentation to each spouse and shall retain a copy of the assessment.

(b) If the assessment is not part of an application for Medi-Cal, the department may, as a condition of providing the assessment, require payment of a fee not to exceed the reasonable expenses of providing and documenting the assessment.

(c) For purposes of completing the assessment, resources shall be determined, defined, counted, and valued in accordance with subdivision (c) of Section 14006.

(d) At the time of providing the copy of the assessment to the couple, the department shall include a notice indicating that either spouse will have a right to a fair hearing to the extent required by federal law.

(e) (1) This section shall remain operative only until Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) is amended to authorize the consideration of state community property law in determining eligibility under this chapter, or the federal government authorizes the state to apply community property laws in making that determination.

(2) The department shall report to the appropriate committees of the Legislature upon the occurrence of the amendment of federal law or the receipt of federal authorization to apply community property law, as specified in paragraph (1).

SEC. 11. Section 14015 of the Welfare and Institutions Code is amended to read:

14015. (a) The providing of health care under this chapter shall not impose any limitation or restriction upon the person's right to sell, exchange or change the form of property holdings nor shall the care provided constitute any encumbrance on the holdings. However, the disposal of resources for less than fair market value made by an institutionalized individual shall, to the extent and under the circumstances set forth in Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and regulations adopted thereto, result in a period of ineligibility for aid.

(b) Any item of durable medical equipment which is purchased

for a recipient pursuant to this chapter exclusively with Medi-Cal program funds shall be returned to the department when the department determines that the item is no longer medically necessary for the recipient. Items of durable equipment shall include, but are not limited to, wheelchairs and special hospital beds.

SEC. 12. The State Department of Health Services shall adopt regulations for the implementation of this act as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. These regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 13. The sum of fifty thousand dollars ($50,000) of the amount appropriated by Item 4260-101-001(b)50.10 of Chapter 93 of the Statutes of 1989 is reappropriated in augmentation of Item 4260-001-001 of Chapter 93 of the Statutes of 1989 and fifty thousand dollars ($50,000) of the amount appropriated by Item 4260-101-890 of Chapter 93 of the Statutes of 1989 is reappropriated in augmentation of Item 4260-001-890 of Chapter 93 of the Statutes of 1989, for an augmentation of the merit system contract in order for adequate personnel services to be provided to county welfare departments which rely on state-administered personnel services.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to comply by January 1, 1990, with recently enacted federal legislation requiring protection of the spouses of institutionalized individuals against impoverishment, it is essential that this act take effect immediately.

CHAPTER 1431

An act to amend Section 10005 of, and to add Section 10406 to, the Health and Safety Code, relating to birth registrations.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 10005 of the Health and Safety Code is amended to read:

10005. (a) All physicians, informants, funeral directors, clergy, or judges and all other persons having knowledge of the facts, shall supply upon the prescribed forms any information that they possess

regarding any birth, fetal death, death, or marriage upon demand of the state or local registrar.

(b) All physicians, informants, funeral directors, clergy, judges, public employees, or other persons who supply upon prescribed forms information that they possess regarding any birth, fetal death, death, or marriage shall in no case use a derogatory, demeaning, or colloquial racial or ethnic descriptor.

SEC. 2. Section 10406 is added to the Health and Safety Code, to read:

10406. (a) A person born in this state whose birth is registered in this state, or the person's conservator, or if a minor, the person's parent or guardian, may submit a written request to the state registrar for a new birth certificate on the ground that his or her existing birth certificate contains a derogatory, demeaning, or colloquial racial descriptor. For purposes of this section, a derogatory, demeaning, or colloquial racial descriptor means any term which the registrant determines is insulting to a racial group.

(b) The state registrar shall review the request, and if the request identifies the term which the registrant has determined is a derogatory, demeaning, or colloquial racial descriptor, identifies the accurate racial descriptor, and is accompanied with the payment of the fee required by Section 10613, then the state registrar shall issue a new birth certificate with the accurate racial descriptor identified in the request and shall transmit copies of the new birth certificate to the following:

(1) The local registrar and county recorder in whose offices copies of the previously issued birth certificate are on file. Upon receipt of the new birth certificate, the local registrar and county recorder shall transmit any copies of the previously issued birth certificate to the state registrar if it is practical for him or her to do so. If it is impractical for him or her to forward all the copies to the state registrar, he or she shall effectually seal a cover over the copy in a manner as not to deface or destroy the copy and forward a verified statement of his or her action to the state registrar.

(2) The registrant.

(c) The new birth certificate shall supplant any previously issued birth certificate registered for the registrant and shall be the only birth certificate of the registrant open to public inspection. The request and previously issued birth certificate shall remain as part of the records of the state registrar. All records and information referred to in this section, other than the newly issued birth certificate, shall be available only upon the written request of the registrant or an order of a court of competent jurisdiction

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1432

An act to amend Sections 14088.4 and 14115 of the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989. Filed with Secretary of State October 2, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 14088.4 of the Welfare and Institutions Code is amended to read:

14088.4. (a) No reimbursement shall be provided for any recipient who is receiving case management services pursuant to this article, for any services, except emergency services and dental services, not authorized pursuant to case management decisions made by the appropriate primary care provider.

(b) Notwithstanding subdivision (a), a provider shall be reimbursed for covered services rendered to a beneficiary, when the department's automated eligibility verification system, developed pursuant to Section 14042, fails to indicate that the beneficiary is subject to receiving case management services, provided that claims for these services meet all other requirements for valid claims under the program.

SEC. 2. Section 14115 of the Welfare and Institutions Code is amended to read:

14115. (a) Bills for service under this chapter shall be submitted not more than six months after the month in which the service is rendered, and shall be in the form prescribed by the director, except that in the event the patient does not identify himself or herself to the provider as a Medi-Cal beneficiary within four months after the month in which the service was rendered, the provider shall be entitled to submit his or her statement at any time within 60 days after that date certified by the provider as the date the patient was first identified as a Medi-Cal beneficiary. However, the date certified by the provider as the date the patient was first so identified shall not be later than one year after the month in which the service was rendered. Whenever a provider has submitted a claim to a liable third party, the provider shall have one year after the month in which the service is rendered for submission of the bill. Whenever

a legal proceeding has been commenced with either an administrative or judicial tribunal concerning a bill for which the provider is attempting to obtain payment from a liable third party, the provider shall have one year in which to submit the bill after the month in which the services have been rendered. A copy of the pleadings shall be conclusively presumed to be sufficient evidence of commencement of a legal proceeding.

(b) Further, the director may, where he or she finds that delay in the submission of bills was caused by circumstances beyond the control of the provider, extend the period for submission of bills for a period not to exceed one year.

(c) For the purposes of this section, identification of a patient as a Medi-Cal beneficiary shall mean presentation to the provider of the patient's Medi-Cal card.

(d) No further followup shall be required, after the provider receives acknowledgment of a claim inquiry from the fiscal intermediary, until the claim is paid or denied, except that this period shall not exceed one year from the date of acknowledgment. On or after one year from the date of acknowledgment the next level of appeal shall be utilized by the provider.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to render less burdensome the payment of valid Medi-Cal claims, and thereby ensure access to basic health care for Californians otherwise unable to obtain needed medical services, it is necessary that this act take effect immediately.

CHAPTER 1433

An act to amend Section 14132 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 2, 1989. Filed with Secretary of State October 2, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, respiratory care, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture,

and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Skilled nursing facility services, including respiratory care, podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Respiratory care, physical therapy, occupational therapy, speech therapy, and audiology services for patients in skilled nursing facilities are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal Drug Formulary and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetists services when rendered in an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered, subject to utilization controls. Nothing in this subdivision shall be construed to require prior authorization for anesthesiologist services provided as part of an outpatient medical procedure or for portable X-ray services in an intermediate care facility or a skilled nursing facility.

(g) Blood and blood derivatives are covered.

(h) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. The department's utilization controls shall not require X-rays as a condition of reimbursement for fillings for children under 18 years of age. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered,

subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. SEC. 15. Section 25143.5 of the Health and Safety Code is amended to read:

25143.5. (a) Except as provided in subdivisions (d) and (e), the department shall classify as nonhazardous waste any fly ash, bottom ash, and flue gas emission control residues, generated from the combustion of solid waste or biomass material, if these wastes do not contain significant quantities of industrial sludge or hazardous waste, and if the combustion of the solid waste or biomass material will be adequately monitored and controlled so as to prevent the handling or the disposal of any waste in a manner prohibited by law, unless the department determines that the ash or residue is hazardous, by testing a representative sample of the ash or residue pursuant to criteria adopted by the department. If the department determines that the ash or residue is nonhazardous, the department shall not repeal or modify that determination unless the department subsequently determines that, since the original testing, there has been a significant change in the fly ash, bottom ash, or flue gas emissions control residues, based upon data obtained from a representative sample of the ash or residue.

(b) The fly ash, bottom ash, and flue gas emission control residues which are classified as nonhazardous by the department are exempt from this chapter.

(c) An operator of a solid waste facility which converts solid waste into energy shall notify the department whenever there has been a significant change in the waste entering the combustion process, the combustion process itself, or in the management of the ash or

residues generated by the facility.

(d) The classifications of fly ash, bottom ash, and flue gas emission control residues as nonhazardous, made by the department before January 1, 1985, for the ash or residue generated by an individual solid waste facility which will convert solid waste into energy shall not be modified or repealed by the department unless the department determines all of the following:

(1) New data reveals that there has been a significant change in the solid waste entering the combustion process, in the combustion process itself, or in the management of the ash or residue.

(2) The change specified in paragraph (1) causes the facility to produce waste which is hazardous waste, as defined in Section 25117, as determined by the testing of a representative sample of the ash or residue pursuant to criteria adopted by the department.

(3) The hazard caused by the change specified in paragraph (1) or the hazardous waste produced by the facility is not adequately regulated by any other state or local agency with jurisdiction over the facility which generates the ash or residue.

This subdivision applies to determinations made by the department for individual solid waste conversion facilities, including, but not limited to, those projects which will be constructed or will serve the Counties of San Diego, Humboldt, San Joaquin, Butte, Trinity, Sacramento, and Alameda, and the Cities of San Francisco, Long Beach, Fresno, Modesto, Sanger, and Commerce.

(e) Notwithstanding any other provision of law, this section applies only to fly ash, bottom ash, and flue gas emission control residues which are not RCRA hazardous waste.

SEC. 16. Section 25150 of the Health and Safety Code is amended to read:

25150. (a) The department shall adopt, and revise when appropriate, standards and regulations for the management of hazardous wastes to protect against hazards to the public health, to domestic livestock, to wildlife, or to the environment.

(b) The department shall apply the standards and regulations adopted pursuant to subdivision (a) to the use and operation of hazardous waste management facilities and may adopt, and revise when appropriate, additional standards and regulations for the use and operation of these facilities to protect against hazards to public health, domestic livestock, wildlife, or the environment posed by these facilities.

(c) Except as provided in subdivision (d), the department may limit the application of the standards and regulations adopted or revised pursuant to subdivision (a) at facilities operating pursuant to a hazardous waste facilities permit in any manner which the department determines to be appropriate, including, but not limited to, requiring these facilities to apply for, and receive, a permit modification prior to the application of the standards and regulations.

(d) The department shall not adopt or revise standards and

regulations which result in the imposition of any requirements for the management of a RCRA waste which is less stringent than a corresponding requirement adopted by the Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.).

(e) The department shall adopt, and revise when appropriate, regulations for the recycling of hazardous waste to protect against hazards to the public health, domestic livestock, wildlife, or to the environment and to encourage the best use of natural resources.

(f) Before the adoption of regulations, the department shall consult with all agencies of interested local governments, including, but not limited to, local governing bodies, local planning agencies, local health authorities, and local building inspection departments, and secure technical assistance from the Department of Food and Agriculture, the Department of the California Highway Patrol, the Department of Fish and Game, the Department of Industrial Relations, the Division of Industrial Safety, the State Air Resources Board, the State Water Resources Control Board, the State Fire Marshal, regional water quality control boards, the State Building Standards Commission, and the California Waste Management Board.

SEC. 17. Section 25159 9 of the Health and Safety Code is amended to read:

25159.9. Notwithstanding any other provision of law, the department may make available to the federal Environmental Protection Agency or any other federal agency any and all information necessary to be furnished to these agencies in order to comply with the Resource Conservation and Recovery Act of 1976, Public Law 94-580, as amended (42 U.S.C. Sec. 6901 et seq.) in order to obtain and maintain authorization to administer the state hazardous waste program in lieu of the federal program. The sharing of information between the department and a federal agency pursuant to this section shall not constitute a waiver by the department or any affected person of any privilege or confidentiality of the information provided by law.

SEC. 18. Section 25179.3 of the Health and Safety Code is amended to read:

25179.3. For the purposes of this article, the following definitions apply:

(a) "Agricultural drainage water" means subsurface water or perched groundwater which is drained from beneath agricultural lands and which results from agricultural irrigation.

(b) "Board" means the State Water Resources Control Board.

(c) "Free liquids" mean liquids which readily separate from the solid portion of a hazardous waste under ambient temperature and pressure.

(d) "Hazardous constituent" has the meaning specified in the regulations adopted by the department.

(e) "Hazardous waste facility" has the same meaning as defined

in Section 25117.1.

(f) "Hazardous waste facilities permit" means a permit issued by the department pursuant to Section 25200.

(g) "Hazardous waste landfill" means a disposal facility, or part of a facility, where hazardous waste is placed in or onto land and which is not a land treatment facility, a surface impoundment, or an injection well.

(h) "Land disposal" means placement in or on the land, and includes, but is not limited to, placement in a landfill, surface impoundment, waste pile, injection well, land treatment facility, salt dome formation, salt bed formation, underground mine or cave, or concrete vault or bunker intended for disposal purposes.

(i) "Leachate" means any liquid, including any suspended components in the liquid, that has percolated through or drained from hazardous waste.

(j) Notwithstanding Section 25123.5, and for the purposes of this article only, "treatment" means any method, technique, or process, including incineration, occurring at authorized facilities which changes the physical, chemical, or biological character or composition of any hazardous waste and, by that change, the waste becomes nonhazardous, significantly less hazardous, or more suitable for land disposal because of removal or substantial reduction of undesirable properties, such as toxicity, mobility, persistence, reactivity, bioaccumulation, flammability, or corrosivity. "Treatment" does not include any of the following, to the extent that one or more of the following are the only methods which are used:

(1) Solidification of hazardous waste by the addition of absorbent material which produces a change only in the physical character of the waste without a corresponding change in the chemical character of the waste.

(2) Treatment occurring directly in or on the land, such as land treatment, except that treatment may include in situ treatment necessary for site mitigation.

(3) Dilution of hazardous waste by the addition of nonhazardous material.

(4) Evaporation in a surface impoundment.

(k) "Small containers of hazardous waste in lab packs" means a container meeting the requirements of Section 66910 of Title 22 of the California Code of Regulations.

(*l*) "Treated hazardous waste" means a hazardous waste which has been subject to treatment, as specified in subdivision (j), which meets treatment standards established by the department pursuant to Section 25179.6, and any applicable treatment standards adopted by the Environmental Protection Agency pursuant to Section 3004m of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6924(m)).

"Treated hazardous waste" also includes a hazardous waste which meets all applicable treatment standards without prior treatment. If a treatment standard has not been established for a hazardous waste

that has not been restricted or prohibited by the Environmental Protection Agency pursuant to Section 3004 of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6924), the hazardous waste shall be considered a treated hazardous waste if the waste complies with one of the following:

(1) The waste complies with the criteria and requirements established for special wastes in the regulations adopted by the department and has been classified as a special waste in the regulations adopted by the department.

(2) The waste does not contain any persistent or bioaccumulative toxic substances in excess of the soluble threshold limit concentration for the substance, as established in regulations adopted by the department

SEC. 19. Section 25179 6 of the Health and Safety Code is amended to read:

25179.6. (a) (1) Notwithstanding any other provision of law, any hazardous waste prohibited from land disposal by the federal act, or by the Environmental Protection Agency pursuant to the federal act, is prohibited from land disposal in the state, unless the hazardous waste, or the producer of the hazardous waste is granted a variance, extension, exclusion, or exemption by the Administrator of the Environmental Protection Agency or the waste is treated in accordance with an applicable treatment standard.

(2) Except as provided in Sections 25179.7, 25179.8, 25179.9, 25179.10, 25179.11, and 25179.12, on or before May 8, 1990, the department shall prohibit the land disposal of any hazardous waste after the effective date of the department's action, unless the waste meets one of the following conditions:

(A) It is a treated hazardous waste.

(B) It is a solid hazardous waste generated in the cleanup or decontamination of any site contaminated only by hazardous waste which has not been restricted or prohibited by Section 3004 of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6924) or prohibited by the Environmental Protection Agency pursuant to that section, and which does not meet the treatment standards established by the department pursuant to this section, if the disposal of the waste has been approved by the department or other agency authorized to approve the cleanup or decontamination after considering those factors specified in subdivision (c) of Section 25356.1, regardless of whether a remedial action plan has been, or will be, prepared for the cleanup or decontamination.

(b) Notwithstanding subdivision (d), any treatment standard adopted or amended by the Environmental Protection Agency pursuant to subsection (m) of Section 3004 of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6924(m)), for a hazardous waste prohibited from land disposal pursuant to paragraph (1) of subdivision (a) is the minimum treatment standard required to be met before the hazardous waste

may be disposed of, using land disposal, in the state. Any such treatment standard adopted or amended by the Environmental Protection Agency shall become effective in the state upon the effective date of that adoption or amendment, as specified in the final rule published in the Federal Register. The department shall not grant an extension, variance, or exemption from the treatment standard, unless the Administrator of the Environmental Protection Agency grants an equivalent or less stringent extension, variance, or exemption.

(1) As closely as possible with, but not later than six months following the dates specified in, the schedules required by subsection (g) of Section 6924 of Title 42 of the United States Code, the department shall adopt, on or before May 8, 1990, treatment standards specifying a method or methods of treatment, and the associated performance level, or the level of treatment required prior to the land disposal of each hazardous waste which meets the criteria adopted by the department pursuant to Section 25141.

(2) If the department specifies a method or methods of treatment and an associated performance level, unless the hazardous waste is subject to subdivision (a) of Section 25155.5, any person may use an alternative treatment method if the person demonstrates both of the following to the satisfaction of the department:

(A) The alternative treatment method will result in a level of performance substantially equivalent or greater than that achievable using the method or methods specified by the department.

(B) If the hazardous waste is subject to treatment standards in the form of a treatment method or specified technology established by the Environmental Protection Agency pursuant to Subsection (m) of Section 3004 of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6924(m)), the Administrator of the Environmental Protection Agency has approved the use of the alternative treatment method.

(3) The treatment standards adopted pursuant to paragraph (1) shall be designed to minimize the hazardous characteristics of the waste and minimize the potential for bioaccumulation or migration of hazardous constituents from the waste into the air, land, and water resources of the state. In adopting these standards, the department shall consider applicable federal standards adopted by the Environmental Protection Agency to the extent that the federal treatment standards minimize the hazardous characteristics of the waste and the potential for bioaccumulation or migration of hazardous constituents. The department shall adopt treatment standards for any hazardous waste for which a federal treatment standard does not minimize the hazardous characteristics of the waste and the potential for bioaccumulation or migration of hazardous constituents.

(4) For the purposes of this subdivision, the following apply:

(A) "Minimization of hazardous characteristics and the potential for bioaccumulation or migration" means that level of treatment

which is achievable using the best demonstrated available technology.

(B) "Best demonstrated available technology" means a method of treatment which is available, or can be made available in a reasonable time, on a commercial scale and the performance of which has been demonstrated through reliable test data and project development sufficient in scope to ensure consistent results and standardized applicability.

(c) Regulations establishing treatment standards adopted by the department pursuant to this section shall be deemed a necessity for purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and the Office of Administrative Law shall not disapprove the regulations on the grounds that they do not meet the requirements of paragraph (1) of subdivision (a) of Section 11349.1 of the Government Code.

(d) At least every seven years from the date of adoption of regulations pursuant to subdivision (b), the department shall review each treatment standard and shall revise the treatment standard if the revised treatment standard will provide substantial additional protection to human health and the environment and the department finds that the cost of compliance to those industries which are required to replace or retrofit existing hazardous waste treatment units or processes is necessary to protect human health and the environment.

A revised treatment standard adopted pursuant to this subdivision shall be applicable to any hazardous waste treatment unit or process constructed after the revised treatment standard is adopted. The land disposal of hazardous waste treated in an existing treatment unit or process which does not provide a level of performance equivalent to the revised treatment standard shall not be prohibited by the department until two years following the adoption of the revised treatment standard, by which time the existing treatment unit or process shall be replaced or retrofitted to provide a level of performance equivalent to the revised treatment standard. The department may, on a case by case basis, extend the date by which an existing treatment unit or process shall be replaced or retrofitted, but not more than 10 additional years, if an extension is needed to avoid significant economic disruption to a specific firm or hazardous waste treatment facility.

SEC. 20. Section 25179.11 of the Health and Safety Code is amended to read:

25179.11. (a) A person discharging a hazardous waste into a surface impoundment which was constructed before July 1, 1986, and for which an application for waste discharge requirements was submitted on or before September 1, 1986, is exempt from the requirements of Section 25179.6 if all of the following conditions apply to the surface impoundment:

(1) The surface impoundment, the management of the hazardous waste discharged into the surface impoundment, and any residue

resulting from the treatment of the hazardous waste, meet the requirements of Section 3005(j) of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6925 (j)) and Section 268.4 of Title 40 of the Code of Federal Regulations, if applicable.

(2) The surface impoundment is in compliance with Article 9.5 (commencing with Section 25208).

(3) Hazardous waste is discharged into the impoundment for the purposes of treating the waste to comply with the treatment standard adopted by the department pursuant to subdivision (b) of Section 25179.6 for that hazardous waste, and the residues which result from the treatment of that hazardous waste which do not meet that treatment standard are removed for subsequent management within one year of the date of placement of the hazardous waste into the surface impoundment.

(b) A person discharging hazardous waste into a surface impoundment which was constructed after July 1, 1986, and for which an application for waste discharge requirements is submitted after September 1, 1986, is exempt from the requirements of Section 25179.6 if all of the following conditions apply to the surface impoundment:

(1) The surface impoundment and the hazardous waste discharged into the surface impoundment, and any residue resulting from the treatment of the hazardous waste, meet the requirements of Section 3005(j) of the Resource Conservation and Recovery Act of 1976, as amended (42 U.S C. Sec. 6925 (j)) and Section 268.4 of Title 40 of the Code of Federal Regulations, if applicable.

(2) The surface impoundment is in compliance with Article 9.5 (commencing with Section 25208).

(3) Hazardous waste is discharged into the surface impoundment for the purposes of treating the waste to comply with the treatment standard adopted by the department pursuant to subdivision (b) of Section 25179.6 for that hazardous waste, and the residues which result from the treatment of that hazardous waste which do not meet that treatment standard are removed for subsequent management within one year of the date of placement of the hazardous waste into the surface impoundment.

(4) The department determines that the use of the surface impoundment to treat the hazardous waste is the only means by which the hazardous waste can be treated using the best demonstrated available technology.

SEC. 21. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department determines that any person has violated, is in violation of, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or any permit, rule, regulation, standard, or requirement issued or

adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department may issue an order specifying a schedule for compliance or correction. An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department may also include any more stringent requirement which the department determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department may, within 10 days after service of the order, request a hearing by filing with the department a notice of defense. A notice of defense shall be deemed filed within the 10-day period provided by this subdivision if it is postmarked within that 10-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(e) Any hearing requested under subdivision (d) shall be conducted by an independent hearing officer, in accordance with the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation and the various abatement and cleanup remedies which are appropriate in the given circumstances and which are consistent with the primary emphasis of protecting the public health and safety and the environment. After conducting any hearing requested under subdivision (d), the hearing officer shall, within 30 days after the case is submitted, issue a decision, including any order, if appropriate. The hearing officer's decision, including any order issued therewith, shall be served by the department on each party by personal service or by certified mail.

(f) Any provision of an order issued under subdivision (a) shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the hearing officer under subdivision (e). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole shall take effect upon issuance by the department and a request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (e). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the hearing officer.

(g) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise specified in this section, Section 1094.5 of the Code of Civil Procedure shall govern the proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

SEC. 22. Section 25189.2 of the Health and Safety Code is amended to read:

25189.2. (a) Any person who makes any false statement or representation in any application, label, manifest, record, report, permit, or other document, filed, maintained, or used for purposes of compliance with this chapter, is liable for a civil penalty not to exceed twenty-five thousand dollars ($25,000) for each separate violation or, for continuing violations, for each day that the violation continues.

(b) Except as provided in subdivision (c), any person who violates any provision of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is liable for a civil penalty not to exceed twenty-five thousand dollars ($25,000) for each violation of a separate provision or, for continuing violations, for each day that the violation continues.

(c) Any person who disposes, or causes the disposal of, any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter is liable for a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court or, in the case of an administrative action, a hearing officer, may direct. Each day on which the deposit remains is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the department, a hearing officer, or a court of competent jurisdiction for the cleanup.

(d) No person may be liable for a civil penalty imposed under this section and for a civil penalty imposed under Section 25189 for the same act or failure to act.

(e) Liability under this section may be imposed in a civil action or liability may be imposed administratively pursuant to Section 25189.3.

SEC. 23. Section 25190 of the Health and Safety Code is amended to read:

25190. Except as otherwise provided in Sections 25189.5, 25189.6, 25189 7, and 25191, any person who violates any provision of this chapter, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is, upon conviction, guilty of a misdemeanor.

If the conviction is for a second or subsequent violation, the person shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 20, or 24 months. The court shall also impose upon the person a fine of not less than five thousand dollars ($5,000) or more than twenty-five thousand dollars ($25,000).

SEC. 24. Section 25200 of the Health and Safety Code is amended to read:

25200. (a) The department shall issue hazardous waste facilities permits to use and operate one or more hazardous waste management units at a facility which in the judgment of the

department meet the building standards published in the State Building Standards Code relating to hazardous waste facilities and the other standards and requirements adopted pursuant to this chapter. The department shall impose conditions on each hazardous waste facilities permit specifying the types of hazardous wastes which may be accepted for transfer, storage, treatment, or disposal. The department may impose any other conditions on a hazardous waste facilities permit that are consistent with the intent of this chapter.

(b) The department may impose, as a condition of a hazardous waste facilities permit, a requirement that the owner or operator of a hazardous waste facility which receives hazardous waste from more than one producer comply with any order of the director which prohibits the facility operator from refusing to accept a hazardous waste based on geographical origin which is authorized to be accepted and may be accepted by the facility without extraordinary hazard.

(c) Any hazardous waste facilities permit issued by the department shall be for a fixed term, which shall not exceed 10 years for any land disposal facility, storage facility, incinerator, or other treatment facility. The department shall review each hazardous waste facilities permit for a land disposal facility five years after the date of issuance or reissuance, and shall modify the permit, as necessary, to assure that the facility continues to comply with the currently applicable requirements of this chapter and the regulations adopted pursuant to this chapter. This subdivision does not prohibit the department from reviewing and modifying a permit at any time during its term. When reviewing any application for a permit renewal, the department shall consider improvements in the state of control and measurement technology as well as changes in applicable regulations. Each permit issued under this section shall contain the terms and conditions which the department determines necessary to protect human health and the environment.

(d) On the date the department is granted final authorization by the Environmental Protection Agency pursuant to Section 6926 of Title 42 of the United States Code, any permit issued pursuant to the federal act by the Environmental Protection Agency in the state for which no state hazardous waste facilities permit has been issued shall be deemed to be a state permit enforceable by the department until a state permit is issued. In addition to complying with the terms and conditions specified in a federal permit deemed to be a state permit pursuant to this section, an owner or operator who holds that permit shall comply with the requirements of this chapter and the regulations adopted by the department to implement this chapter.

SEC. 25. Section 25200.5 of the Health and Safety Code is amended to read:

25200.5. (a) Except as provided in Section 25200.7, any person who desires to continue the use or operation of a hazardous waste facility which was in existence on November 19, 1980, or which was

in existence on the effective date of any statute or regulation which subjected that facility to hazardous waste facilities permit requirements under this chapter, pending the review and decision of the department on the permit application, may be granted interim status by the department if the person has made application for a permit pursuant to Section 25200 and complied with the requirements of subsection (a) of Section 6930 of Title 42 of the United States Code.

(b) The person operating under an interim status pursuant to this section shall not do any of the following acts:

(1) Treat, store, transfer, or dispose of hazardous wastes which are not specified in Part A of the permit application.

(2) Employ processes not described in Part A of the permit application.

(3) Exceed the design capacities specified in Part A of the permit application.

(c) A facility operating under interim status is not subject to civil or criminal penalties for operating without a permit, but is otherwise subject to this chapter and the rules, regulations, standards, and requirements issued or adopted pursuant to this chapter. Interim status may be granted subject to any conditions which the department deems necessary to protect public health or the environment. Interim status shall not be valid beyond the date of the decision of the department on the permit application.

(d) The department shall not grant interim status to any person to operate a hazardous waste facility if the facility has been subject to any of the following actions:

(1) Denial of a hazardous waste facilities permit.

(2) Suspension, revocation, or termination of a hazardous waste facilities permit.

(3) Termination of a grant of interim status.

(e) For purposes of this section, "Part A of the permit application" has the same meaning as defined in Section 66151 of Title 22 of the California Code of Regulations, as that section read on January 1, 1988.

(f) Any land disposal facility, as defined in subdivision (h) of Section 25179 3, which lost interim status pursuant to paragraph (2) or (3) of subsection (e) of Section 6925 of Title 42 of the United States Code is deemed to have lost interim status granted under this section to operate a facility managing hazardous waste regulated pursuant to the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.).

(g) The termination date for interim status for any land disposal facility, as defined in subdivision (h) of Section 25179 3, which is in existence on the effective date of any statute or the regulation adopted pursuant to that statute which subjects the facility to hazardous waste facilities permit requirements under this chapter, and which is granted interim status under this section, is the date 12 months after the date on which the facility first becomes subject to

the hazardous waste facilities permit requirements, unless one of the following applies:

(1) Part A of the facility's permit application specifies that only non-RCRA hazardous waste will be disposed of at the facility.

(2) The owner or operator of the facility does both of the following:

(A) Applies for a final determination regarding the issuance of a hazardous waste facilities permit under Section 25200 for the facility before the date 12 months after the date on which the facility first becomes subject to the hazardous waste facilities permit requirements.

(B) Certifies that the facility is in compliance with all applicable groundwater monitoring and financial responsibility requirements.

(h) The termination date for interim status for any incinerator facility which submitted an application for a hazardous waste facilities permit before November 8, 1984, is November 8, 1989, unless one of the following applies:

(1) Part A of the facility's permit application specifies that only non-RCRA hazardous waste will be incinerated at the facility.

(2) The owner or operator of the facility applied for a final determination regarding the issuance of a hazardous waste facilities permit under Section 25200 for the facility on or before November 8, 1986.

(i) The termination date for interim status for any facility, other than a facility specified in subdivision (g) or (h), which submitted an application for a hazardous waste facilities permit before November 8, 1984, is November 8, 1992, unless one of the following applies:

(1) Part A of the facility's permit application specifies that only non-RCRA hazardous waste will be transferred, treated, or stored at the facility.

(2) The owner or operator of the facility applied for a final determination regarding the issuance of a hazardous waste facilities permit under Section 25200 for the facility on or before November 8, 1988.

SEC. 26. Section 25200.7 of the Health and Safety Code is amended to read:

25200.7. (a) On or before November 8, 1988, the department shall take final action on each application for a hazardous waste facilities permit submitted to the department before January 1, 1988, by either issuing a final permit pursuant to the application or a final denial of the application.

(b) Subdivision (a) applies only to hazardous waste facilities which are operating under a grant of interim status on January 1, 1988, which use a land disposal method, as defined in subdivision (h) of Section 25179.3, and which dispose of wastes regulated as hazardous waste pursuant to the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.).

(c) On or before November 8, 1989, the department shall take

final action on each application for a hazardous waste facilities permit to operate an incinerator facility which was submitted before November 8, 1984, by either issuing a final permit pursuant to the application or a final denial of the application.

(d) On or before November 8, 1992, the department shall take final permit action on each application for a hazardous waste facilities permit to operate any facility not otherwise subject to subdivision (a) or (c) which was submitted before November 8, 1984. The department shall issue a final hazardous waste facilities permit pursuant to the application or issue a final denial of the application.

(e) Interim status granted pursuant to Section 25200.5 to any facility subject to subdivision (c) shall terminate on November 8, 1989, unless the owner or operator of the facility applied for a final determination regarding the issuance of a hazardous waste facilities permit by November 8, 1986.

(f) Interim status granted pursuant to Section 25200.5 to any facility subject to subdivision (d) shall terminate on November 8, 1992, unless the owner or operator of the facility applied for a final determination regarding the issuance of a hazardous waste facilities permit by November 8, 1988.

(g) Subdivisions (c), (d), (e) and (f) do not apply to applications for hazardous waste facilities permits to transfer, treat, store, or dispose of non-RCRA hazardous wastes.

SEC. 27. Section 25200.10 of the Health and Safety Code is amended to read:

25200.10. (a) The department shall require, and any permit issued by the department shall require, corrective action for all releases of hazardous waste or constituents from a solid waste management unit or a hazardous waste management unit at a facility engaged in hazardous waste management, regardless of the time at which waste was released at the facility. Any corrective action required pursuant to this section shall require that corrective action be taken beyond the facility boundary where necessary to protect human health or the environment, unless the owner or operator demonstrates to the satisfaction of the department that despite the owner's or operator's best efforts, the owner or operator is unable to obtain the necessary permission to undertake this action. When corrective action cannot be completed prior to issuance of the permit, the permit shall contain schedules of compliance for corrective action and assurances of financial responsibility for completing the corrective action.

(b) This section does not limit the department's authority to require corrective action pursuant to Section 25187.

(c) For purposes of this section, "facility" means the entire site that is under the control of the owner or operator seeking a hazardous waste facilities permit.

SEC. 28. Section 25201 of the Health and Safety Code is amended to read:

25201. (a) No owner or operator of a storage facility, treatment

facility, waste transfer station, resource recovery facility, or waste disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, station, area, or site, unless the owner or operator holds a hazardous waste facilities permit or other grant of authorization from the department to use and operate the facility, station, area, or site.

(b) Except as necessary to comply with Section 25159.18, any person planning to construct a new hazardous waste facility or a new hazardous waste management unit, which would manage RCRA hazardous waste, shall obtain a hazardous waste facilities permit or a permit amendment from the department prior to commencing construction.

SEC. 29. Section 25202 of the Health and Safety Code is amended to read:

25202. (a) The owner or operator of a hazardous waste facility who holds a hazardous waste facilities permit shall comply with the conditions of the hazardous waste facilities permit, the requirements of this chapter, and with the regulations adopted by the department pursuant to this chapter, including regulations which become effective after the issuance of the permit.

Notwithstanding any term or condition in a hazardous waste facilities permit, the department may adopt or amend regulations which impose additional or more stringent requirements than those existing at the time the permit was issued. The department may enforce both the permit and additional or more stringent requirements against the owner or operator of a facility.

(b) The amendment of this section made at the 1989 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 30. Section 25209.1 of the Health and Safety Code is amended to read:

25209.1. For purposes of this article, the following definitions apply:

(a) "Discharge" means to place or dispose hazardous wastes in a land treatment unit.

(b) "Facility" has the meaning specified in Section 25117.1.

(c) "Hazardous constituent" has the meaning specified in regulations adopted by the department.

(d) "Hazardous waste" means a hazardous waste, as defined in Section 25117 and "non-RCRA hazardous waste" has the same meaning as defined in Section 25117.9.

(e) "Land treatment unit" means a facility or part of a facility at which hazardous waste is applied onto or incorporated into the soil surface so that hazardous constituents are degraded, transformed, or immobilized within the treatment zone. A land treatment unit is a disposal unit if the waste will remain after closure.

(f) "Pollution" has the meaning specified in Section 13050 of the Water Code.

(g) "Potential source of drinking water" has the meaning

specified in subdivision (s) of Section 25208.2.

(h) "Treatment zone" means the portion of a land treatment unit including the soil surface, within which hazardous constituents are degraded, transformed, or immobilized. A treatment zone may not extend more than five feet from the initial soil surface and the base of the treatment zone shall be a minimum of five feet above the highest anticipated elevation of the water table.

(i) "Vadose zone" means the unsaturated zone outside the treatment zone and between the land surface and the water table.

(j) "Waste management unit" has the meaning specified in the regulations adopted by the department.

SEC. 31. Section 25209.4 of the Health and Safety Code is amended to read:

25209.4. (a) Except as provided in Section 25209.6, no person shall place or dispose of hazardous waste in a land treatment unit if any of the following conditions exist:

(1) Hazardous constituents have migrated from the land treatment unit into the vadose zone beneath or surrounding the treatment zone or into the waters beneath or surrounding the treatment zone.

(2) There is evidence that a hazardous constituent in the waste discharged to the land treatment unit has not been or will not be completely degraded, transformed, or immobilized in the treatment zone.

(3) There is a significant potential for hazardous constituents to migrate from the land treatment unit into a potential source of drinking water

(b) The owner or operator of a land treatment unit shall do all of the following:

(1) Periodically, at the request of the department, and at least annually, submit information the department may require in order to evaluate whether the conditions set forth in paragraph (1) or (2) of subdivision (a) are not present. The information to be submitted to the department shall include, but is not limited to, a sufficient number of soil core samples in, beneath, and surrounding the treatment zone of the land treatment unit to detect any hazardous constituents which may have migrated from the treatment zone. The department may adopt regulations requiring additional or more frequent testing.

(2) Within 72 hours of detecting and confirming the existence of either of the conditions identified in paragraph (1) or (2) of subdivision (a), or the presence of factors that render the owner or operator unable to continue satisfying the variance requirements of subdivision (b) of Section 25209.2, report to the department describing the full extent of the owner's or operator's findings.

(c) Upon receiving notice pursuant to paragraph (2) of subdivision (b), or upon the independent confirmation by the department, the department shall order the owner or operator to cease operating the land treatment unit. The owner or operator shall

not resume operating the land treatment unit and shall close the land treatment unit unless one of the following actions is taken:

(1) The owner or operator completes appropriate removal or remedial actions to the satisfaction of the department and the owner or operator submits to the department, and the department approves, an application for a permit or variance modification to modify the operating practices at the facility to maximize the success of degradation, immobilization, or transformation processes in the treatment zone, if the owner or operator has not previously submitted an application for a permit or variance modification pursuant to this paragraph.

(2) The owner or operator completes appropriate removal or remedial actions and equips the land treatment unit with liners, leachate collection and removal systems, a groundwater monitoring system, and a vadose zone monitoring system that satisfy the requirements of Section 25209.5, if the land treatment unit has not already been equipped with these systems.

(d) All actions taken by an owner or operator pursuant to paragraph (1) or (2) of subdivision (c) shall be completed within a time period specified by the department, which shall not exceed 18 months after the department receives notice pursuant to subdivision (c). If the actions are not completed within this time period, the land treatment unit shall be closed, unless granted an extension by the department due to exceptional circumstances beyond the control of the owner and operator.

SEC. 32. Section 25245 of the Health and Safety Code is amended to read:

25245. (a) The department shall adopt, and revise when appropriate, standards and regulations which shall do both of the following:

(1) Specify the financial assurances to be provided by the owner or operator of a hazardous waste facility that are necessary to respond adequately to damage claims arising out of the operation of that type of facility and to provide for the cost of closure and subsequent maintenance of the facility, including, but not limited to, the monitoring of groundwater and other aspects of the environment after closure. The financial assurance shall be a trust fund, surety bond, letter of credit, insurance, or, for facilities which manage solely non-RCRA hazardous waste, any other equivalent financial arrangement acceptable to the department.

(2) Provide that every hazardous waste facility can be closed and maintained for at least 30 years subsequent to its closure in a manner that protects human health and the environment and minimizes or eliminates the escape of hazardous waste constituents, leachate, contaminated rainfall, and waste decomposition products to ground and surface waters and to the atmosphere.

(b) In adopting regulations pursuant to subdivision (a), to carry out the purposes of this chapter, the department may specify policy or other contractual terms, conditions, or defenses which are

necessary or are unacceptable in establishing evidence of financial responsibility.

(1) If an owner or operator is in bankruptcy, reorganization, or other arrangement pursuant to Title 11 of the United States Code, or where, with reasonable diligence, jurisdiction in any state or federal court cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which this section requires evidence of financial responsibility may be asserted directly against the guarantor who provided the evidence of financial responsibility.

(2) The total liability of any guarantor is limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this chapter.

(3) This subdivision does not limit any other state or federal statutory, contractual, or common law liability of a guarantor to the owner or operator, including, but not limited to, the liability of the guarantor for bad faith in either negotiating or in failing to negotiate the settlement of any claim.

(4) This subdivision does not diminish the liability of any person under Section 107 or 111 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Secs. 9607 and 9611).

(5) For purposes of this subdivision, "guarantor" means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

SEC. 33. Section 10 of this bill incorporates amendments to Section 25123.3 of the Health and Safety Code proposed by both this bill and AB 107. It shall only become operative if (b) both bills are enacted and become effective on or before January 1, 1990, but this bill becomes operative first, (2) each bill amends Section 25123.3 of the Health and Safety Code, and (3) this bill is enacted after AB 107, in which case Section 25123.3 of the Health and Safety Code, as amended by Section 9 of this bill, shall remain operative only until the operative date of AB 107, at which time Section 10 of this bill shall become operative.

SEC. 34. Section 14 of this bill incorporates amendments to Section 25143.2 of the Health and Safety Code proposed by both this bill and AB 817. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, but this bill becomes operative first, (2) each bill amends Section 25143.2 of the Health and Safety Code, and (3) this bill is enacted after AB 817, in which case Section 25143.2 of the Health and Safety Code, as amended by Section 13 of this bill, shall remain operative only until the operative date of AB 817, at which time Section 14 of this bill shall become operative.

SEC. 35. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 36. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to give the State Department of Health Services authority as early as possible to carry out the state hazardous waste control program under the Resource Conservation and Recovery Act of 1976, thereby protecting the public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 1437

An act to add Part 5.5 (commencing with Section 17700) to Division 9 of the Welfare and Institutions Code, relating to minors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Part 5.5 (commencing with Section 17700) is added to Division 9 of the Welfare and Institutions Code, to read:

PART 5.5. CHILDREN WITH SPECIAL HEALTH CARE NEEDS

CHAPTER 1. FINDINGS AND DECLARATIONS

17700. The Legislature finds and declares all of the following:

(a) Many children adjudicated dependents of the juvenile court pursuant to Section 300 and following are, because of abuse, neglect, or exploitation within the family environment, unable to remain safely in their own homes.

(b) Children requiring placement in foster care are, pursuant to Section 675 (5) (a) of Title 42 of the United States Code, entitled to placement in the least restrictive, most family-like setting in close proximity to the parent's home, consistent with the best interest and special needs of the child.

(c) A significant number of children adjudicated dependents of the juvenile court under Section 300 and following who require placement outside their own homes have special health care needs.

Children with biological families who can provide health care services can be discharged from hospital care into home care when it has been determined that the child is medically stable.

(d) Children who have become dependents of the juvenile court may become, because of a lack of appropriate placement options, long-term boarders in hospitals or other health care institutions.

(e) It is, therefore, the intent of the Legislature to support expansion of existing prevention and treatment programs designed to serve the parent and child with special health care needs which are administered by the State Department of Health Services, the State Department of Social Services, and the State Department of Alcohol and Drug Programs.

Further, it is the intent of the Legislature to establish a program to place children with special health care needs in special foster care homes, licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, wherein foster parents are trained by health care professionals, pursuant to the discharge plan of the facility releasing the child being placed, or who is currently, in foster care.

It is further the intent of the Legislature to encourage, to the extent feasible, the placement of children with special health care needs with relatives trained by health care professionals.

CHAPTER 4. FOSTER CARE

17730. The department shall develop a program to establish foster care homes for children with special health care needs with foster parents trained by health care professionals pursuant to the discharge plan of the facility releasing the child being placed in, or currently in foster care. The program shall conform to the requirements set forth in this chapter, and shall be integrated with the foster care and child welfare services programs authorized by Article 5 (commencing with Section 11400) of Chapter 2 of Part 3 and Chapter 5 (commencing with Section 16500) of Part 4.

This program shall be conducted by county welfare departments in conformance with procedures established by the department in accordance with this chapter.

This plan shall be submitted to the State Department of Social Services and the State Department of Health Services, not later than April 1, 1990, before beginning placement of children with special health care needs in specialized foster care homes. This subdivision shall not invalidate any placement made before April 1, 1990. A county which has not submitted a plan by April 1, 1990, shall not continue to make

placements of children with special health care needs until the plan has been submitted.

(b) The county plan shall meet all of the following requirements:

The plan may also include the identification of any available and funded medical services that are to be provided to the child in the home, including, but not limited to, assistance from registered nurses, licensed vocational nurses, public health nurses, physical therapists, and respite care workers. The individualized health care plan team shall delineate in the individualized health care plan the coordination of health and related services for the child. The plan shall be monitored by the county department of social services caseworker in accordance with applicable regulations.

(3) A child welfare services case plan shall be developed in accordance with applicable regulations, and arrangements made for nonmedical support services.

(4) Foster parents shall be trained by health care professionals pursuant to the discharge plan of the facility releasing the child being placed in, or currently in, foster care. (5) Children with special health care needs shall be placed in the home of the prospective foster parent subsequent to training by a health care professional pursuant to the discharge plan of the facility releasing the child being placed in foster care.

(6) Specialized foster care homes shall be monitored by the county according to applicable regulations. The health care plan shall designate which health care professional shall monitor the child's ongoing health care, including in-home health care provided by the foster parent.

(7) The child's individualized health care plan shall be reassessed no less than every six months during the time the child is placed in

the specialized foster care home, to ensure that specialized care payments are appropriate to meet the child's health care needs.

(8) The county shall coordinate the sources of funding and services available to children with special health care needs in order to maximize the social services provided to these children and to avoid duplication of programs and funding.

17732. The county shall place no more than two children at a time in a specialized foster care home except that a third child with special health care needs may be placed in that home when all of the following conditions have been met:

(a) No other placement is available.

(b) The psychological and social needs of the children in placement and the child to be placed will be met by the placement.

(c) The individualized health care plan team responsible for the ongoing care of each child involved has waived the two-child limit.

17733. All documentation prepared by the county concerning the identification of a dependent child as a child with special health care needs, the placement of such a child in a specialized foster care home, assessments and reassessments of the level of care designation, the decision to place more than two children with special health care needs in a home, and contact among the health care team plan members who are monitoring the individualized health care plan of the child, shall be made part of the child's case record. Reports of training provided by the health care professional pursuant to the discharge plan of the facility releasing the child being placed in foster care shall also be included in the case record.

17734. Each county shall report to the department on a regular basis on the conduct and effectiveness of the program provided for in this chapter. These reports shall be submitted in conformance with instructions provided by the department. These reports shall include, but not be limited to, all of the following data:

(a) An estimate of the number of children adjudicated dependents of the juvenile court under Section 300 who have special health care needs during the reporting period.

The department shall not evaluate or have any responsibility for the evaluation of the in-home health care provided in specialized foster care homes.

17736. Notwithstanding any other provision of law, including Sections 1250, 1251, 1254, 1270, 1501, 1502, 1505, 1507, 1521, 1530.6 (as added by Chapter 391 of the Statutes of 1977), 1550, 11002, and 11154 of the Health and Safety Code, and Sections 2052, 2725, 2732, and 2795 of the Business and Professions Code, counties shall be permitted to place children with special health care needs in foster family homes pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, and shall permit a foster parent trained by health care professionals pursuant to the discharge plan of the facility releasing the child to provide specialized in-home health care to that foster child, as described in the individualized health care plan for the child.

17737. Nothing in this chapter shall be construed to prevent children with special health care needs who have adoption as a case plan goal from receiving services under this program.

17738. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall adopt emergency regulations to implement the program provided for in this chapter. The emergency regulations shall remain in effect for no more than 120 days, unless the department complies with all the provisions of Chapter 3.5 (commencing with Section 11340) as required by subdivision (e) of Section 11346 1 of the Government Code.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for children with special health care needs to enjoy the benefits of the least restrictive, most family-like setting consistent with the best interest and special needs of the child, and to prevent these children from languishing in hospitals or other health care institutions, it is necessary for this act to take effect immediately.

CHAPTER 1438

An act relating to the Oakland Unified School District, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. The sum of ten million dollars ($10,000,000) is hereby appropriated from the General Fund to the Oakland Unified School District for the purpose of an emergency loan to the district in compliance with Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code.

SEC. 2. The Superintendent of Public Instruction shall require Oakland Unified School District to submit to the Superintendent of Schools for Alameda County the following, the cost of which shall be borne by the district:

(b) A written management review conducted by a qualified management consultant approved by the county superintendent.

(c) A plan adopted by the governing board to resolve the financial and mangement problems of the district. The plan shall include, but not be limited to, the following:

(i) A schedule of changes in financial and management policies and practices necessary to correct all deficiencies or weaknesses identified in either the audit report or the management review.

(ii) The school board shall adopt policies relating to delegation of authority and responsibility concerning day-to-day operations of the district.

(iii) A plan for accumulating a 2 percent reserve for economic uncertainty in accordance with the standards and criteria established by the State Board of Education under Section 33127 of the Education Code.

(iv) A plan for ensuring that the district will maintain a positive balance in all funds for a period of at least two years.

(v) If an emergency loan is made to the district, a plan for its repayment.

(d) The district report, review, and plan shall be submitted to the county superintendent on a date set by the Superintendent of Public Instruction. If the district fails to submit the report, review, and plan by the date set, the Superintendent of Public Instruction may appoint a trustee who, in addition to the authority created by Section 5 of this act, shall have authority to prepare and submit a plan on behalf of the district. The trustee shall submit the plan to the

Superintendent of Public Instruction for approval.

This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. (a) If the district complies with the time limits established under subdivision (d) of Section 2 of this act, the county superintendent of schools shall review, and provide written comment on, the independent auditor's report, the management review, and the district fiscal and management plan. Those written comments shall include the county superintendent's approval or disapproval of the district plan. In the event the county superintendent disapproves the plan, the governing board shall have 15 working days to either revise the district plan to respond to the concerns expressed by the county superintendent or appeal the county superintendent's disapproval to the Superintendent of Public Instruction.

(b) Upon his or her approval of the district fiscal and management plan, the county superintendent of schools shall submit copies of the report, review, plan, and written comments to the Superintendent of Public Instruction, the Auditor General, the Joint Legislative Budget Committee, the Director of Finance, and the Controller.

(c) Upon receipt of either a plan approved by the county superintendent or an appeal by the district, the Superintendent of Public Instruction shall review the report, review, plan, and comments of the county superintendent and district and determine whether the actions proposed by the district are realistic and likely to place the district in a sound condition. The Superintendent of Public Instruction shall then either approve the district's plan and so certify to the Director of Finance or direct the district governing board in writing as to the changes necessary to obtain approval of the plan. The district governing board shall have 10 working days to revise the district plan in accordance with these directions and resubmit the plan to the Superintendent of Public Instruction. If the district fails to submit a plan that conforms to the superintendent's directions, the superintendent shall appoint a trustee who, in addition to having the authority set forth in Section 5 of this act, shall prepare and submit the fiscal and management plan on behalf of the district to the Superintendent of Public Instruction for approval.

(d) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. (a) During the process of obtaining the audit report and management review and developing the financial and management plans, the district shall also formulate, adopt, and obtain approval for its 1989–90 budget under the provisions of Section 42127 of the Education Code. The Superintendent of Public Instruction shall appoint a trustee who shall have access to all financial data he or she

deems relevant to advise the district and to assist the district in formulating its budget and in developing the plans required by this act.

Upon appointment of a trustee under this provision, Section 42127 of the Education Code shall not apply to the district during the 1989–90 budget process.

(b) The district shall, no later than 30 days after the appointment of the trustee, submit a revised 1989–90 budget to the Superintendent of Public Instruction for approval. The Superintendent of Public Instruction shall either approve the district's budget or develop an alternate budget which shall be imposed upon the district for the 1989–90 fiscal year.

(c) For the 1989–90 fiscal year, the sum of fifty thousand dollars ($50,000) is hereby appropriated from the General Fund to the State Department of Education to pay for the costs of the trustee until the trustee is terminated by the Superintendent of Public Instruction.

(d) The trustee shall be advisory only until the Superintendent of Public Instruction exercises his or her powers of appointment under subdivision (d) of Section 2, subdivision (c) of Section 3, or subdivision (a) or (e) of Section 5 of this act.

(e) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. (a) At the times stated in subdivision (d) of Section 2, subdivision (c) of Section 3, and subdivision (e) of Section 5 of this act, the Superintendent of Public Instruction may appoint a trustee who shall have recognized expertise in management and finance, and who shall be bonded. The expenses incurred by the trustee and the costs of the bonding shall be borne by the district. The Superintendent of Public Instruction shall establish the terms and conditions of the employment, including the remuneration of the trustee. The trustee shall serve at the pleasure of, and report directly to, the Superintendent of Public Instruction until the plan approved pursuant to Section 2 of this act has been implemented. The plan shall be deemed implemented when (i) an independent auditor selected by the Superintendent of Public Instruction and the Controller submits a report stating that the financial and management policies and practices of the district are adequate and the identified deficiencies and weaknesses have been corrected; and (ii) that report is approved by the Superintendent of Public Instruction. The costs of this audit shall be borne by the district. Notwithstanding any other provisions of law, all reports submitted to the trustee shall be public records.

(b) The trustee shall monitor and review the operation of the district. During the period of his or her service, the trustee may stay or rescind any action of the governing board that, in the judgment of the trustee, may adversely affect the financial condition of the district. The trustee shall approve or disapprove all reports and other

materials required from the district under the provisions of this act or as a condition of implementing the district's fiscal and management plan. The Superintendent of Public Instruction, upon the recommendation of the trustee, may reduce any apportionment to the district in an amount up to two hundred dollars ($200) per day and exercise his authority under Education Code Section 42129 for each late or unacceptable report or other material required under this act.

(c) At the request of the Superintendent of Public Instruction, the Controller shall transfer to the State Department of Education, from any apportionment to which the district would otherwise have been entitled pursuant to Section 42238, the amount necessary to apply the expenses incurred by the trustee, the costs of the trustee's bonding, and any associated costs incurred by the county superintendent of schools.

(d) For all purposes of errors and omissions liability insurance, the trustee appointed pursuant to this act shall be deemed to be an employee of Oakland Unified School District.

(e) Other provisions of this act notwithstanding, the Superintendent of Public Instruction may, in his or her discretion, appoint a trustee at any time he or she determines that the district has failed or refused to perform its duties under Section 2 of this act and Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code with diligence and in good faith, or the district acts in a manner that is inconsistent with any plan developed under this act, or that members of the district governing board are attempting to interfere in the day-to-day process of developing and or implementing the district plans. Any action taken by the district that is inconsistent with its plans shall be rescinded by the trustee.

(f) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. (a) In addition to the financial and management improvement plans required by Section 2 of this act, the district shall also develop a plan to improve the educational achievement of all district students, including, but not limited to, students with limited English proficiency, the educationally disadvantaged, handicapped students, the college bound, and gifted students. The plan shall be consistent with the financial resources of the district and consistent with the other plans developed under this act and shall include, but shall not be limited to, improvements needed to produce.

(iv) A comprehensive staff development plan to improve the

subject matter knowledge and teaching skills of all teaching staff.

(v) A school and classroom environment that promotes the learning process and a working relationship with parents and the community.

(b) When the Superintendent of Public Instruction so directs, the district shall obtain a districtwide review of its educational program to determine the needs to be addressed in the program improvement plan developed by the district under subdivision (a) of Section 6 of this act. This review shall be conducted by qualified educators trained in program review and selected by the Superintendent of Public Instruction. The cost of this review shall be borne by the district.

(c) The district's educational program improvement plan shall be submitted to the Superintendent of Public Instruction for approval by a date set by the superintendent. If the district does not submit a plan by the established date or the district's proposed plan is inadequate, the Superintendent of Public Instruction shall develop an alternate program improvement plan that the local board shall adopt, or, within 30 days, make public the fiscal and programmatic reasons why it has not adopted the alternate plan.

(d) Any trustee appointed under this act, in consultation with the Superintendent of Public Instruction, shall monitor the district's compliance with its educational program improvement plan and ensure that all fiscal and management policies and practices are consistent with the educational program improvement plan.

(e) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. (a) On or before October 31 of the year following approval of the district's plans by the Superintendent of Public Instruction, and each October 31 thereafter until the plans have been implemented, the governing board of the district shall prepare a report on the financial, management, and programmatic conditions of the district. The district shall submit the report to the trustee for review. Upon the trustee's approval of the report, the district shall transfer copies to the county superintendent of schools, the Superintendent of Public Instruction, and the Controller. The report shall include, but not be limited to, the following information:

(ii) A copy of the adopted budget for the relevant fiscal year.

(iii) Reserves for economic uncertainty.

(iv) Status of employee contracts.

(v) Obstacles to the implementation of the approved fiscal, management, and programmatic plans.

(b) For each fiscal year during the period of implementation of

the plans required under this act, the district's financial condition shall be audited by an independent auditor selected by the county superintendent or the Controller at the discretion of the county superintendent.

(c) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 8. Any trustee appointed by the Superintendent of Public Instruction shall adhere to existing provisions contained in the Government Code relating to collective bargaining between the local governing board and exclusive representative organizations for employees.

SEC. 9. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the Calfiornia Constitution.

SEC. 10. Acceptance of an emergency apportionment by the Oakland Unified School District shall constitute a desire for and request of the funds by the district whereby no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that funds may be disbursed to the Oakland Unified School District before the end of the current fiscal year, and that a trustee will be appointed to monitor and review the operation of the Oakland Unified School District at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 1439

An act to amend Section 17702.1 of, and to add Section 17705.7 to, the Education Code, relating to school facilities.

[Approved by Governor October 2, 1989 Filed with Secretary of State October 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 17702.1 of the Education Code is amended to read:

17702.1. As used in this chapter, construction shall include, but not be limited to, reconstruction, modernization, and replacement of facilities, and the performance of deferred maintenance activities on facilities pursuant to rules and regulations regarding those activities as may be adopted by the board. Funding for deferred maintenance activities for a facility may be approved under this chapter without regard to whether project funding for the reconstruction, modernization, or replacement of the facility is prohibited under Section 17721.

SEC. 2. Section 17705.7 is added to the Education Code, to read:

17705.7. In addition to the reductions in the amount of the local matching share requirement that are established under subdivision (b) of Section 17705.5, the amount of that local matching share requirement shall be reduced by a sum equal to the amount of any proceeds of the fees or other requirements collected during the described period of time that are applied by the district, directly or indirectly, to pay any contractual obligation that was incurred by the district prior to January 1, 1987, for the purpose of funding the construction or reconstruction of school facilities. As a condition of qualifying for the reduction set forth in this section, the applicant school district shall submit to the board a written certification to the effect that the district intended, at the time the contractual obligation was incurred, to subsequently pay that obligation with the proceeds from a fee or other requirement levied against development projects for the construction or reconstruction of school facilities. Any increase in school facilities area resulting from that construction or reconstruction shall be included, notwithstanding any other provision of law, in the calculation of the area of existing adequate school construction of that district.
