[Approved by Governor September 4, 1990. Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 8272 of the Education Code is amended to read:

8272. The Legislature recognizes that school districts which

utilized the child development permissive override tax and complied with the more stringent federal regulations have developed programs with higher costs than agencies which did not supplement their programs with the tax.

In order to reduce the disparity in program reimbursements, the Superintendent of Public Instruction shall implement a cost control plan commencing on October 1, 1980, after submission of the plan to the Joint Legislative Budget Committee. Agencies subject to the plan are those whose assigned reimbursement rates in the 1979–80 fiscal year exceeded the standard reimbursement rate. The plan shall be as follows:

(a) By October 1, 1980, the Superintendent of Public Instruction shall implement the staffing ratios specified by Section 8288 for programs subject to federal regulations and the staffing ratios pursuant to Title 5 of the California Administrative Code for programs subject to state regulations. Pursuant to Section 8287, the Superintendent of Public Instruction may allocate reimbursement to programs from the funding source whose associated staffing ratios and group size standards allow the maximum number of children to receive services at the minimum cost per average daily enrollment for each agency.

Each agency shall report to the Superintendent of Public Instruction by October 1, 1980, the extent to which the average daily enrollment can be increased in accordance with implementation of the staffing ratios and within the constraint of facility size with no resultant increase in the agency's annual contract reimbursement amount. First priority shall be to achieve an increase in the average daily enrollment in each facility with no additional state cost.

Agencies which are unable to increase their average daily enrollment to the level specified by the staffing ratios due to facility size constraints shall also report the reduction of staffing and program costs resulting from implementation of the ratios. The Superintendent of Public Instruction shall ensure that the agency's revised fiscal year 1980–81 Budget which accompanies the report reflects the cost reductions resulting from implementation of the new staffing ratios.

Upon implementation of the ratios, the Superintendent of Public Instruction shall recalculate the level of reimbursement per average daily enrollment based on any increase in average daily enrollment or decrease in the agency's cost as verified by the superintendent, or both. The superintendent shall submit to the Joint Legislative Budget Committee previous and recalculated reimbursement and average daily enrollment levels for each agency. The 1982–83 contract for reimbursement of child care services shall reflect changes resulting from implementation of the staffing ratios.

Programs with collective bargaining agreements in existence on June 30, 1980, which specify staffing ratios and prevent the implementation of ratios consistent with this section may delay, if necessary, implementation of the ratios until the expiration of the

agreement, or June 30, 1981, whichever is earlier.

Agencies which are unable to expand their average daily enrollment to the maximum allowable under implementation of the staffing ratios shall reduce their staffing to a level consistent with the ratios through staff attrition, including transfer to district programs other than the child development program. Agencies whose facility size limits them solely to reduction in staffing levels to achieve implementation of the staffing ratios may be granted a waiver by the Superintendent of Public Instruction to extend the time for implementation of this section. However, no extension shall be granted beyond July 1, 1982.

Any savings which result to the state from implementation of this section shall be utilized for expansion of child care services at or below the standard reimbursement rate. Savings may also be utilized to increase the assigned reimbursement rates of those agencies below the standard reimbursement rate which the Superintendent of Public Instruction determines, on a case-by-case basis, to be necessary and fiscally appropriate, and which would otherwise result in the agency's termination of its child development program, or a substantial reduction in the quality of the program.

(b) Agencies subject to this cost control plan that have initiated administrative policies implementing compliance or that have complied with subdivision (a) shall be eligible for allocation of the cost-of-living funding provided by the Budget Act as specified in Section 23.5 of Chapter 798 of the Statutes of 1980.

(c) During the 1981–82 fiscal year, the Department of Education, after submission of a plan to the Joint Legislative Budget Committee, shall study the type, scope, and level of the elements of cost of all the programs subject to this cost control plan and of a sample of other state-subsidized child care and development services programs. This study shall establish standardized definitions of the elements of costs, particularly direct service costs, administrative costs, indirect costs, clearly specified labor costs, the cost of providing services to children with special needs, and supplemental service costs. Based upon this study, the department shall adopt accounting procedures to secure reliable reports of the cost of such elements, and report recommendations to the Legislature pursuant to subdivision (f).

(d) The Department of Education shall review its regulations, guidelines, and monitoring procedures of all child care and development programs to assure that programs are provided maximum flexibility to reduce program costs so long as children receive quality care and services. Flexibility may be provided in areas such as, but not limited to, scheduling of staff, encouraging referrals for services, and waiving some program elements so that different services are provided to children receiving after-school care compared to those services required for infants and preschool age children.

(e) The State Department of Education, after submitting its plan to the Joint Legislative Budget Committee, and subject to the

provisions of Section 8287, may utilize federal funds for certain program types in order to maximize provision of the child care and developmental services.

(f) For the 1982–83 fiscal year and subsequent fiscal years, the State Department of Education shall recommend to the budget committees of the Legislature: (1) limitations on, or expansion of, the type and level of reimbursement (in terms of cost per average daily enrollment or percentage of total agency budget) of various cost elements identified in the study in subdivision (c), (2) continuation of the provision of cost of living as specified by subdivision (b), and (3) recommendations for reimbursement above the standard reimbursement rate.

SEC. 2. Section 8481 of the Education Code is repealed.

SEC. 3. Section 42302 of the Education Code is repealed.

SEC. 4. Section 52178.1 of the Education Code is amended to read:

52178.1. Teachers who are on waiver as of July 1, 1984, or whose waiver has expired between June 30, 1983, and September 1, 1984, shall be given a one-year extension, renewable for one year, beyond the fourth year on waiver, in which to acquire competence in the three areas required by Section 44253.5, if the teacher has (1) demonstrated competence in culture and methodology and (2) continued enrollment in a program for the study of language which is approved by the Commission on Teacher Credentialing or continued enrollment in a course for the study of language which is established or approved by the State Department of Education, or a program which meets the standards and criteria prescribed by the department under this section.

These certifications shall be provided to the State Department of Education on an annual basis for each of the six years the teacher is on waiver, as necessary.

In lieu of these certifications of competence in culture or methodology, as required by subdivision (b) or (c) of Section 44253.5, the district may submit a statement from a bilingual teacher training institution approved by the Commission on Teacher Credentialing that the coursework for that competence has been completed. To receive a bilingual-crosscultural certificate of competence, an applicant shall pass the examinations for all three areas of competence required by Section 44253.5.

The Commission on Teacher Credentialing shall contract with approved assessor agencies to assess separately each of the three competencies required in Section 44253.5. The commission shall arrange for assessments if approved assessor agencies cannot provide them. However, the commission may directly assess these competencies if the commission has been unable to arrange an assessment, and if a staff member is qualified to perform the assessment.

SEC. 5. Section 17570 of the Government Code is repealed.

SEC. 6. Section 17570 is added to the Government Code, to read:

17570. The Legislative Analyst shall review each unfunded statutory or regulatory mandate for which claims have been approved by the Legislature pursuant to a claims bill during the preceding fiscal year. Any recommendations by the Legislative Analyst to eliminate or modify the mandates shall be contained in the annual analysis of the Budget Bill prepared by the Legislative Analyst.

SEC. 7. Section 8 of Chapter 1725 of the Statutes of 1984 is repealed.

(2) Is not subject to denial of a certificate under Section 480.

(3) Has a degree as a doctor of optometry issued by a university located outside of the United States.

(b) Nothing contained in this section shall be construed to prohibit the board from refusing to permit a person meeting the above requirements to take the examination if, in the opinion of the board, the course of instruction at the institution issuing him or her the degree of doctor of optometry was not reasonably equivalent to that required of applicants for the examination who have graduated from a college or university located in the United States.

(c) This section shall remain in effect until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1994, deletes or extends that date.

(a) Notwithstanding Section 3057.5, any individual who is over 18 years of age, is not subject to the denial of a license under Section 480, and who has a degree as a doctor of optometry issued by a university located outside of the United States, shall be sponsored by the State Board of Optometry for the National Board of Examiners of Optometry examination and, upon passing that examination, shall be permitted to take the examination for a certificate of registration as an optometrist, if that individual satisfies both of the following requirements:

(1) Was a graduate of a foreign school prior to 1980.

(2) Has been previously sponsored, or was otherwise qualified to be sponsored, by the State Board of Optometry for the National Board of Examiners of Optometry examination.

(b) This section shall remain in effect until January 1, 1994, and as of that date, is repealed, unless a later enacted statute, which is chaptered before January 1, 1994, deletes or extends that date.

CHAPTER 584

An act to amend Sections 447 and 1021.1 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 447 of the Code of Civil Procedure is amended to read:

447. (a) The signature of an attorney or party constitutes a certificate by him or her that he or she has read the pleading, motion, or other paper; that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and that it is not interposed for any improper purpose, such as to harass or cause unnecessary delay or needless increase in the cost of litigation. If a pleading, motion, or other paper is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the pleader or movant. If a pleading, motion, or other paper is signed in violation of this section, the court, upon motion or

upon its own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay the other party or parties the amount of the reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee. Sanctions may be imposed only after notice and opportunity to be heard. An order imposing sanctions shall be in writing, and shall recite in detail the circumstances justifying sanctions.

(b) This section shall apply only in Riverside County and San Bernardino County. The Legislature finds and declares that, in order to assess the impact of this section on a limited basis before making it applicable on a statewide basis, it is necessary for this section to be applicable for a limited period of time in those counties.

(c) No sanction may be imposed pursuant to this section in any of the following instances:

(1) Against a party who is proceeding in forma pauperis or a party whom the court has found not to have the financial ability to pay fees or whom the court has found would suffer an unreasonable financial hardship if ordered to pay fees.

(2) For or against any party with respect to any cause of action under which an award for reasonable attorney's fees is authorized or required by any other federal or California statute.

(3) For or against any party in any action in which one or more of the plaintiffs seek to proceed as a class under Section 382.

(d) This section shall only be in effect from July 1, 1988, until January 1, 1993, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1993, deletes or extends that date.

SEC. 2. Section 1021.1 of the Code of Civil Procedure is amended to read:

1021.1. (a) Reasonable attorney's fees, may be awarded in an amount to be determined in the court's discretion, to a party to any civil action as provided by this section, and that award shall be made upon notice and motion by a party and shall be an element of the costs of suit.

(b) A party may be entitled, in the discretion of the court, to an award of attorney's fees under this section if all of the following conditions are met:

(1) The party has made an offer for judgment under Section 998.

(2) That offer was not accepted within the time provided in Section 998.

(3) The party to whom the offer was made thereafter failed to obtain a more favorable judgment.

The party making the offer shall be entitled to attorney's fees only for legal services rendered after the date of the offer.

(c) In exercising its discretion to award attorney's fees the court shall consider the following factors:

(1) The reasonableness or lack thereof, of a party's failure to accept an offer for judgment under Section 998 in light of the facts

known to the party at the time, of which, in light of all of the circumstances, should have been known to the party. Reasonableness shall be determined by a consideration of at least the following matters:

(A) The then apparent merit or lack of merit in the claim that was the subject of the action.

(B) The closeness of the questions of fact and law at issue.

(C) Whether the offeror has unreasonably refused to furnish information necessary to evaluate the reasonableness of the offer.

(D) Whether the action was in the nature of a "test case," presenting questions of far-reaching importance affecting nonparties.

(E) The relief that might reasonably have been expected if the claimant should prevail.

(F) The amount of the additional delay, cost, and expense that the offeror reasonably would be expected to incur if the litigation should be prolonged.

(G) Those other matters that the court may deem relevant in the interest of justice.

(2) The amount of damages and other relief sought and the results obtained for the client.

(3) The efforts made by the parties or the attorneys to settle the controversy.

(4) The existence of any bad faith or abuse of legal procedure by the parties or the attorneys.

(d) In exercising its discretion to determine the amount of attorney's fees to be awarded, the court shall consider the following factors, except that in no event shall the amount awarded exceed a reasonable fee for the services actually rendered.

(1) Customary fees in the community in which the action or proceeding is pending charged by attorneys with similar experience or expertise.

(2) The time and labor reasonably required to be spent by the attorney or attorneys.

(3) The experience and ability of the attorneys generally within the profession and also with respect to the action or proceeding.

(4) The novelty and difficulty of the questions involved and the skill required to perform the services properly.

(5) The extent to which the acceptance of the particular matter imposes extraordinary burdens on the attorney or attorneys (A) by way of precluding other employment, (B) by the time limitations imposed by the client, or (C) by the circumstances.

(6) Whether the fee is fixed or contingent.

(7) Those other factors that the court may deem relevant in the interest of justice, including any of the factors described in subdivision (c).

(e) Nothing in this section shall be construed to repeal or modify any other statutory provision for the award of attorney's fees or to diminish any express or implied contractual right which a party to

a civil action may otherwise have to obtain an award of attorney's fees for the prosecution or defense of an action.

(f) No attorney's fees shall be awarded pursuant to this section in any of the following instances:

(1) Against a party who is proceeding in forma pauperis or a party whom the court has found not to have the financial ability to pay fees or who would suffer an unreasonable financial hardship if ordered to pay fees.

(2) For or against any party with respect to any cause of action under which an award for reasonable attorney's fees is authorized or required by any other federal or California statute.

(3) For or against any party with respect to any cause of action or proceeding commenced or prosecuted under Title 7 (commencing with Section 1230.010) of Part 3.

(4) For or against any party in any action in which one or more of plaintiffs seek to proceed as a class under Section 382.

(5) For or against any party as to any cause of action the gravamen of which is personal injury, wrongful death, or injunctive relief.

(g) The determination under this section shall be made after the final disposition of the action.

(h) This section shall apply only in Riverside County and San Bernardino County. The Legislature finds and declares that, in order to assess the impact of this section on a limited basis before making it applicable on a statewide basis, it is necessary for this section to be applicable for a limited period of time in those counties.

(i) This section shall only be in effect from July 1, 1988, until January 1, 1993, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1993, deletes or extends that date.

CHAPTER 585

An act to amend Section 27315 of the Vehicle Code, relating to safety belts.

[Approved by Governor September 4, 1990. Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial

remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Private Passenger Motor Vehicle Safety Act.

(c) As used in this section, "private passenger motor vehicle" means any passenger vehicle as defined in Section 465 and any motortruck as defined in Section 410 of less than 6,001 pounds unladen weight, but "private passenger motor vehicle" does not include a motorcycle as defined in Section 400.

(d) No person shall operate a private passenger motor vehicle on a highway unless that person and all passengers four years of age or over are restrained by a safety belt, except that the operator of a taxicab, as defined in Section 27908, or the operator of a limousine for hire, or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the taxicab, limousine for hire, or authorized emergency vehicle unless the operator and any passengers four years of age or over in the front seat are restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a private passenger motor vehicle on a highway unless that person is restrained by a safety belt.

(f) Every owner of a private passenger motor vehicle, including every owner or operator of a taxicab, as defined in Section 27908, or a limousine for hire, operated on a highway shall maintain safety belts in good working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate. This section also does not apply to a peace officer, as defined in Section 830 of the Penal Code, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to any passenger in any seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the peace officer, unless required by the agency employing the peace officer.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by

a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the use of safety belts is demonstrated.

(i) For any violation of subdivision (d), (e), or (f), in addition to the fines provided for pursuant to subdivision (h) and the penalty assessments provided for pursuant to Section 1464 of the Penal Code, an additional penalty assessment of two dollars ($2) shall be levied for any first offense, and an additional penalty assessment of five dollars ($5) shall be levied for any subsequent offense.

All moneys collected pursuant to this subdivision shall be utilized in accordance with Section 1464 of the Penal Code.

(j) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(k) Notwithstanding Section 40300 or any other provision of law, a peace officer shall not stop or seize a person for a violation of subdivision (d), (e), or (f), nor arrest or issue a notice to appear or notice to correct for a violation of those subdivisions if the officer has no other cause to stop or seize the person other than a violation of subdivision (d), (e), or (f).

(*l*) If the United States Secretary of Transportation fails to promulgate safety standards for manual safety belt systems by September 1, 1989, no private passenger motor vehicle manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices promulgated by the Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) as in effect on January 1, 1985.

(m) Each private passenger motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. Any automobile manufacturer who sells or delivers a private passenger motor vehicle subject to the requirements of this subdivision who fails to comply with this subdivision shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying private passenger motor vehicle.

(n) Compliance with subdivision (*l*) or (m) by a manufacturer

shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(o) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(p) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

(q) Subdivisions (d), (e), (f), (g), and (h) shall become inoperative immediately upon the date that the Secretary of the United States Department of Transportation, or his or her delegate, determines to rescind the portion of the Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) which requires the installation of automatic restraints in new private passenger motor vehicles; provided, however, that those subdivisions shall not become inoperative if the secretary's decision to rescind Standard No. 208 is not based, in any respect, on the enactment or continued operation of those subdivisions.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 586

An act to repeal Sections 66784.4 and 66786.9 of the Government Code, to amend Sections 10507.5, 10860, 12153, 12155, 12164.5, 12183.5, 12225, and 12301 of the Public Contract Code, and to amend Section 45303 of, to repeal Sections 40100, 40115, 40121, 40170, 40172, 40190, 40191, 40192, 40194, and 40201 of, to repeal and add Sections 40110, 40122, 40160, 40180, and 40200 of, and to add Article 3 (commencing with Section 42380) to Chapter 6 of Part 3 of Division 30 of, the Public Resources Code, relating to solid waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66784.4 of the Government Code, as amended by Chapter 1247 of the Statutes of 1989, is repealed.

SEC. 2. Section 66786.9 of the Government Code, as added by Chapter 498 of the Statutes of 1989, is repealed.

SEC. 3. Section 10507.5 of the Public Contract Code, as added by Chapter 1094 of the Statutes of 1989, is amended to read:

10507.5. It is the intent of the Legislature to encourage the procurement of recycled paper products by the University of California by developing guidelines to encourage the procurement of recycled paper products where suitable for the uses intended and where the quality is equal and the price is equal or less than nonrecycled paper products. It is also the intent of the Legislature that the regents report annually to the Legislature, the Governor, and the California Integrated Waste Management Board commencing January 1, 1991, on the percentage of the total dollar amount of recycled paper products purchased or procured under this article.

SEC. 4. Section 10860 of the Public Contract Code, as added by Chapter 1094 of the Statutes of 1989, is amended to read:

10860. (a) The trustees shall revise the procedures and specifications for purchases of paper products to give preference, wherever feasible, to the purchase of paper products containing recycled paper products pursuant to Section 10855.

(b) The trustees shall give purchase preference to recycled paper products when both of the following apply:

(1) The products can be substituted for, and cost no more than, nonrecycled paper products.

(2) The products meet all applicable standards and regulations.

(c) To encourage the use of postconsumer waste, the trustees' specifications shall require recycled paper product contracts to be awarded to the bidder whose paper product contains the greater percentage of postconsumer waste if the fitness and quality and price meet the requirements in Sections 10855 and 10860.

(d) The trustees shall set the following goals for the purchasing of recycled paper products:

(1) By January 1, 1992, at least 35 percent of the total dollar amount of paper products purchased or procured by the trustees shall be purchased as a recycled paper product.

(2) By January 1, 1994, at least 40 percent of the total dollar amount of paper products purchased or procured by the trustees shall be purchased as a recycled paper product.

(3) By January 1, 1996, at least 50 percent of the total dollar amount of paper products purchased or procured by the trustees shall be purchased as a recycled paper product.

If at any time a goal has not been met, the trustees and the Department of General Services, in consultation with the California Integrated Waste Management Board, shall review procurement policies and shall make recommendations for immediate revisions to ensure that each goal is met. Revisions include, but are not limited to, providing a purchasing preference and altering the goals. The trustees and the Department of General Services, in consultation with the board, shall present its conclusions and recommendations on these revisions of procurement policies to the Legislature and the Governor in the department's annual report pursuant to Section 12225.

SEC. 5. Section 12153 of the Public Contract Code, as added by Chapter 1094 of the Statutes of 1989, is amended to read:

12153. The Legislature finds and declares all of the following:

(a) It is the policy of the state to conserve and protect resources for future citizens as well as the current people of the state.

(b) It is in the best interest that the state alter its perception of solid waste to instead look upon this waste as resources which can be recovered and reused.

(c) It is in the best interest of reducing the increasing burden on communities disposing of the state's solid waste for the state to take a role in developing an integrated state solid waste management policy, which includes source reduction, recycling, composting, market development, incineration, and landfills. Since recycling is a necessary component, the state shall encourage the use of recycled products to ensure that the state's industries have sufficient and adequate markets for products regeneratively utilizing the state's solid waste as recycled resources.

(d) It is the policy of the state to encourage the expansion of businesses located in California and, to whatever extent possible, to look favorably on California businesses in the recycling industry, which includes, but is not limited to, those California businesses that manufacture, distribute, or act as brokers for recycled products.

(e) Market development is the key to moving beyond the uneven collection of recyclable materials to stable resource recovery and reuse. Because of existing local collection programs, significant quantities of recycled resources such as the following are today available for purchase: fine grades of paper, high-quality paper products, plastics, retreaded automobile tires, rerefined lubricating oil, reused automotive parts, reclaimed solvents, recycled asphalt, recycled concrete, carpet or geotextiles composed of recycled plastics, and compost and co-compost products.

(f) In making these findings, the Legislature declares that the policy and intent of this chapter is to set an example for the state and nation to encouarge the purchase of products utilizing recycled resources.

(g) It is the intent of the Legislature, whenever economically feasible and as markets allow, to continually expand the policies of the state to utilize recycled resources in the daily operations of the

state. This includes, but is not limited to, the procurement and purchase of recycled materials, the use of recycled resources in the performance of a service or project for the state, the purchase of equipment used for the collection and sale of waste materials generated by the state.

(h) It is the intent of the Legislature that the Department of General Services work with all state departments, agencies, the Legislature, the California Integrated Waste Management Board, and the Department of Conservation to draft, establish, and implement policies which ensure the procurement and use of recycled resources.

(i) It is also the intent of the Legislature to encourage local public agencies and private companies to adopt policies to maximize the use of recycled resources.

Additionally, the department, in consultation with the California Integrated Waste Management Board, shall provide training for personnel, including but not limited to, state and buildings and grounds personnel, responsible for the collection of waste materials. This training shall include, but is not limited to, educating and training the personnel concerning the separation and collection of recyclable materials.

(b) It is also the intent of the Legislature that the department continue the current state waste paper collection program and use this program as a model to develop a plan for other waste materials generated by state and legislative employees.

(c) It is also the intent of the Legislature that the department, in consultation with the California Integrated Waste Management

Board, shall submit a new recycling plan, which includes but is not limited to, the collection and sale of waste materials generated by state and legislative employees. This plan shall be submitted to the appropriate legislative policy committees on or before August 31, 1990. The plan may be phased in utilizing those office facilities and collecting those waste materials most conducive to operation of a source separation program, but shall be fully implemented by June 1, 1991.

SECTION 1. Section 655 of the Harbors and Navigation Code is amended to read:

655. (a) No person shall use any vessel or manipulate water skis, an aquaplane, or a similar device in a reckless or negligent manner so as to endanger the life, limb, or property of any person. (f) For purposes of this section, percent, by weight, of alcohol shall be based upon grams of alcohol per 100 milliliters of blood.

In any prosecution under subdivision (c), it is a rebuttable presumption that the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of operation of a vessel if the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(g) Upon the trial of any criminal action, or preliminary proceeding in a criminal action, arising out of acts alleged to have been committed by any person while operating a vessel or manipulating water skis, an aquaplane, or a similar device under the influence of an alcoholic beverage in violation of subdivision (b) or (e), the amount of alcohol in the person's blood at the time of the test, as shown by chemical analysis of that person's blood, breath, or urine, shall give rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent, by weight, of alcohol in the person's blood, it shall be presumed that the person was not under the influence of an alcoholic beverage at the time of the alleged offense.

(2) If there was at that time 0.05 percent or more, but less than 0.08 percent, by weight, of alcohol in the person's blood, that fact shall not give rise to any presumption that the person was or was not under the influence of an alcoholic beverage, but the fact may be considered with other competent evidence in determining whether the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(3) If there was at that time 0.08 percent or more, by weight, of alcohol in the person's blood, it shall be presumed that the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(c) No person shall operate any recreational vessel or manipulate any water skis, aquaplane, or similar device if the person has an alcohol concentration of 0.08 percent or more in his or her blood.

(d) No person shall operate any vessel other than a recreational vessel if the person has an alcohol concentration of 0.04 percent or more in his or her blood.

(e) No person shall operate any vessel, or manipulate water skis, an aquaplane, or a similar device who is addicted to the use of any drug. This subdivision does not apply to a person who is participating in a methadone maintenance treatment program approved pursuant to Article 3 (commencing with Section 4350) of Chapter 1 of Part 1 of Division 4 of the Welfare and Institutions Code.

(f) No person shall operate any vessel or manipulate water skis, an aquaplane, or a similar device while under the influence of an alcoholic beverage, any drug, or under the combined influence of an alcoholic beverage and any drug, and while so operating, do any act forbidden by law, or neglect any duty imposed by law in the use of the vessel, water skis, aquaplane, or similar device, which act or neglect proximately causes bodily injury to any person other than himself or herself.

(g) In any prosecution under subdivision (c), it is a rebuttable presumption that the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of operation of a recreational vessel if the person had an alcohol concentration of 0.08 percent or more in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(h) In any prosecution under subdivision (d), it is a rebuttable presumption that the person had 0.04 percent or more, by weight, of alcohol in his or her blood at the time of operation of a vessel other than a recreational vessel if the person had an alcohol concentration of 0.04 percent or more in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(i) Upon the trial of any criminal action, or preliminary proceeding in a criminal action, arising out of acts alleged to have been committed by any person who was operating a vessel or manipulating water skis, an aquaplane, or a similar device while under the influence of an alcoholic beverage in violation of

subdivision (b) or (f), the amount of alcohol in the person's blood at the time of the test, as shown by a chemical test of that person's blood, breath, or urine, shall give rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent, by weight, of alcohol in the person's blood, it shall be presumed that the person was not under the influence of an alcoholic beverage at the time of the alleged offense.

(2) If there was at that time 0.05 percent or more, but less than 0.08 percent, by weight, of alcohol in the person's blood, that fact shall not give rise to any presumption that the person was or was not under the influence of an alcoholic beverage, but the fact may be considered with other competent evidence in determining whether the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(3) If there was at that time 0.08 percent or more, by weight, of alcohol in the person's blood, it shall be presumed that the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(j) This section does not limit the introduction of any other competent evidence bearing upon the question whether the person ingested any alcoholic beverage or was under the influence of an alcoholic beverage at the time of the alleged offense.

(k) This section applies to foreign vessels using waters subject to state jurisdiction.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 20231.5 of the Public Contract Code is amended to read:

20231.5. (a) The Legislature finds and declares that the award of purchase contracts by the Southern California Rapid Transit District under competitive bid procedures may not be feasible for products and materials which are undergoing rapid technological changes or for the introduction of new technologies into district operations, and that in these circumstances it is in the public interest to consider the broadest possible range of competing products and materials available, fitness of purpose, manufacturer's warranty, and other similar factors in addition to price in the award of these contracts.

(b) This section applies only to the purchase by the district of computers, telecommunications equipment, fare collection equipment, microwave equipment, and other related electronic equipment and apparatus, and of rail cars. This section does not apply to contracts for construction or for the procurement of any product available in substantial quantities to the general public.

(c) The board may, after a finding by a two-thirds vote that a particular procurement qualifies under subdivision (b), direct that the procurement be conducted through competitive negotiation under this section. For purposes of this section, competitive negotiation includes, but is not limited to, all of the following requirements:

(1) The request for proposals shall be prepared and submitted to an adequate number of qualified sources, as determined by the board, to permit reasonable competition consistent with the nature and requirements of the procurement. In addition, notice of the request for proposals shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals. The board shall make every effort to generate the maximum feasible number of proposals from qualified sources and shall make a finding to that effect before proceeding to negotiate if only a single response to the request for proposals is received.

(2) The request for proposals shall identify all significant evaluation factors, including price, and their relative importance.

(3) The board shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(4) Award shall be made to the qualified proposer whose proposal will be most advantageous to the district, with price and all other factors considered. If award is not made to the bidder whose proposal contains the lowest price, the board shall make a finding setting forth the basis for the award.

(d) The board may reject any and all proposals and request new proposals, at its discretion.

(e) Upon making an award to a qualified proposer, the board, upon request, shall make available to all other proposers and to the public, an analysis of the award which provides the basis for the selection of that particular qualified proposal.

(f) A person who submits, or who plans to submit, a proposal may protest any acquisition conducted in accordance with this section as follows:

(1) Protests based on the content of the request for proposals shall be filed with the district within 10 calendar days after the request for proposals is first advertised in accordance with subdivision (c). (b) Notwithstanding any other provision of law, the board may direct the purchase of the specialized equipment specified in subdivision (g) by competitive negotiation upon a finding, by a two-thirds vote of the membership of the board, that the purchase of that equipment pursuant to laws otherwise applicable to the purchase is not feasible or in the public interest.

(b) Notwithstanding Section 120222 the board may, after a finding by a two-thirds vote that a particular procurement qualifies under subdivision (g), direct that the procurement be conducted through competitive negotiation under this section. For purposes of this section, competitive negotiation includes, but is not limited to, all of

(a) As part of the biennial energy conservation report required by Section 25401.1, the commission shall develop and update an inventory of current and potential cost-effective opportunities in each utility's service territory, to improve efficiencies and to help utilities manage loads in all sectors of natural gas and electricity use. The report shall include estimates of the overall magnitude of these resources, load shapes, and the projected costs associated with delivering the various types of energy savings that are identified in the inventory. The report shall also estimate the amount and incremental cost per unit of potential energy efficiency and load management activities. Where applicable, the inventory shall include data on variations in savings and costs associated with particular measures. The report shall take into consideration environmental benefits as developed in related commission and public utilities commission proceedings.

(b) The commission shall develop and maintain the inventory in consultation with electric and gas utilities, the Public Utilities Commission, academic institutions, and other interested parties.

(c) The commission shall convene a technical advisory group to develop an analytic framework for the inventory, to discuss the level of detail at which the inventory would operate, and to ensure that the inventory is consistent with other demand-side data bases. Privately owned electric and gas utilities shall provide financial support, gather data, and provide analysis for activities that the technical advisory group recommends. The technical advisory group shall terminate on January 1, 1993.

SEC. 2. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the Energy Resources Programs Account in the General Fund to the State Energy Resources Conservation and Development Commission for the addition of one personnel and the issuance of contracts to implement the inventory of cost-effective

energy efficiency opportunities required by Section 25401.2 of the Public Resources Code. None of these funds may be expended by the commission to support the technical advisory group established pursuant to subdivision (c) of Section 25401.2 of the Public Resources Code.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Whenever the compensation of superior court judges is adjusted, the flat-rate salaries for court commissioners, senior referees, and referees shall be adjusted to maintain the salary relationship of 85 percent of the annual compensation of superior court judges.

Reduction of the schedule applicable to a class by reason of the adoption of this salary plan or subsequent reclassification of position for organizational purposes shall not result in a lower salary rate to incumbents of such positions. The court is authorized to regulate by rule the status of employees so affected.

As defined in the Los Angeles County Code, Section 6.28.030, the following prefixes are used instead of schedule numbers:

F—Flat rate per month

FD—Flat rate per day

FH—Flat rate per hour

N.W.—Pursuant to the Los Angeles County Code, Title 6, employees employed in this position shall be compensated on a six-step salary range, the sixth step being the fifth step of the salary schedule which is two standard salary schedules above the indicated schedule number. The rate or rates established by this provision constitute a base rate.

N.X.—As defined in the Los Angeles County Code Section 6.28.050.

N.Z.—Pursuant to the Los Angeles County Code, Title 6, employees employed in this position shall be compensated on a seven-step salary range, the sixth step being the fifth step of the salary schedule which is one standard salary schedule above the indicated schedule number, and the seventh step being the fifth step of the salary schedule which is two standard salary schedules above the indicated schedule number. The rate or rates established by this provision constitute a base rate.

"R" or "A" indicates a position's inclusion in the County's

Performance Based Pay Plan. The grade number following the "R" or "A" designation indicates the salary range. Compensation of such positions is in accordance with Sections 6.08.305 to 6.08.360, inclusive, of the County Code.

All personnel appointed pursuant to this article, except the county clerk/executive officer/jury commissioner, shall serve at the pleasure of the court and may at any time be removed by the court in its discretion. 69894.6. Notwithstanding Section 69894.1, in the County of Los Angeles, a majority of the judges of the superior court may appoint 365 court reporters, each of whom shall receive a salary equivalent to the schedule designation 78G N3 N.Z. in the Los Angeles County Code. Court reporters shall serve at the pleasure of the court and may at any time be removed by the court in its discretion.

Reduction of the schedule applicable to court reporters by reason of the adoption of this salary plan or subsequent reclassification of positions for organizational purposes shall not result in a lower salary rate to incumbent court reporters. The court may regulate by rule the status of employees so affected.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 599

An act to amend Section 1719 of the Civil Code, relating to civil procedure.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1719 of the Civil Code is amended to read:

1719. (a) Notwithstanding any penal sanctions which may apply, any person who makes, utters, draws, or delivers any check, or draft, or order upon any bank or depository, or person, or firm, or corporation, for the payment of money, which refuses to honor the same for lack of funds or credit to pay, or because the maker has no

account with the drawee, or because the maker instructed the drawee to stop payment, and who fails to pay the same amount in cash to the payee within 30 days following a written demand therefor informing the maker of the provisions of this section, mailed to the maker by certified mail, shall be liable to the payee, in addition to the amount owing upon that check or draft or order, for damages of treble the amount so owing, but in no case less than one hundred dollars ($100), and in no case more than five hundred dollars ($500), plus the costs of mailing the written demand for payment. However, there shall be no cause of action under this section if a maker stops payment in order to resolve a good faith dispute with the payee. The payee is entitled to the damages only upon proving by clear and convincing evidence that there was no good faith dispute, as defined in subdivision (b).

(b) For purposes of this section, in the case of a stop payment the existence of a "good faith dispute" shall be determined by the trier of fact. A "good faith dispute" is one in which the court finds that the maker had a reasonable belief of his or her legal entitlement to withhold payment. Grounds to such entitlement include, but are not limited to, the following: services were not rendered, goods were not delivered, goods or services purchased are faulty, not as promised, or otherwise unsatisfactory, or there was an overcharge.

(c) In the case of a stop payment, the notice to the maker required by this section shall be in substantially the following form:

NOTICE

To: _____
(name of maker)

_____ is the payee of a check you wrote
(name of payee)

for $ _____ . The check was not paid because
(amount)

you stopped payment, and the payee demands payment. You may have a good faith dispute as to whether you owe the full amount. If you do not have a good faith dispute with the payee and fail to pay the payee the full amount of the check in cash within 30 days after this notice was mailed, you could be sued and held responsible to pay at least all of the following:

(1) The amount of the check.

(2) Damages of at least $100 or, if higher, three times the amount of the check up to $500.

(3) The cost of mailing this notice.

If the court determines that you do have a good faith dispute with the payee, you will not have to pay the damages and mailing cost mentioned above. If you stopped payment because you have a good faith dispute with the payee, you should try to work out your dispute with the payee. You can contact the payee at:

_____
(name of payee)

(street address)

(telephone number)

You may wish to contact a lawyer to discuss your legal rights and responsibilities.

(name of sender of notice)

(d) In the case of a stop payment, a court may not award damages or costs under this section unless the court receives into evidence a copy of the written demand which, in that case, shall have been sent to the maker and a signed certified mail receipt showing delivery, or attempted delivery if refused, of the written demand to the maker's address.

(e) A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court. The payee shall, in order to recover damages because the maker instructed the drawee to stop payment, show to the satisfaction of the trier of fact that there was a reasonable effort on the part of the payee to reconcile and resolve the dispute prior to pursuing the dispute through the courts.

(f) A cause of action under this section may be brought in municipal or justice court by an assignee of the payee. However, if the assignee is acting on behalf of the payee, for a flat fee or a percentage fee, the assignee may not charge the payee a greater flat fee or percentage fee for that portion of the amount collected that represents treble damages than is charged the payee for collecting the face amount of the check, draft, or order. This subdivision shall not apply to an action brought in small claims court.

An act to amend Section 25111 of the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 25111 of the Revenue and Taxation Code is amended to read:

25111. (a) A water's-edge election shall be made by contract with the Franchise Tax Board in the original return for a year and shall be effective only if every taxpayer which is a member of the water's-edge group and which is subject to tax under this part makes the election. A single taxpayer which is engaged in more than one business activity subject to allocation and apportionment as provided in Article 2 (commencing with Section 25120) of Chapter 17 may make a separate election for each business. The form and manner of making the water's-edge election shall be prescribed by the Franchise Tax Board. Each contract making a water's-edge election shall be for an initial term of five years, except as provided in subdivisions (b) and (c). Each contract shall provide that on the anniversary date of the contract or any other annual date specified by the contract a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in subdivision (f). Each contract shall be conditioned by an agreement to pay the amount specified in Section 25115. Except as provided in subdivisions (b) and (c), the Franchise Tax Board shall enter into a contract as provided by this section with any qualified taxpayer which wishes to make a water's-edge election. An affiliated bank or corporation which is a member of the water's-edge group and subsequently becomes subject to tax under this part or is a nonelecting taxpayer which is subsequently proved to be a member of the water's-edge group pursuant to Franchise Tax Board audit determination, as evidenced by a notice of deficiency proposed to be assessed or a notice of tax change, shall be deemed to have elected.

No water's-edge election shall be made for an income year beginning prior to January 1, 1988.

(b) A water's-edge election may be terminated by a taxpayer prior to the end of the five-year period if any of the following occurs:

(1) The taxpayer is acquired directly or indirectly by a nonelecting entity which alone or together with those affiliates included in its combined report is larger than the taxpayer as measured by equity capital.

(2) The taxpayer ceases to be affiliated with any bank or corporation whose income and apportionment factors the taxpayer would be required to take into account in determining its income

under Section 25101 but for the election and the taxpayer is not itself a bank or corporation doing business within and without the United States.

(3) With the permission of the Franchise Tax Board.

(4) Pursuant to a Franchise Tax Board audit determination, as evidenced by a notice of the deficiency proposed to be assessed or a notice of tax change, a substantial modification is made to the composition of the water's-edge group as filed, in which case the election may be terminated only with respect to income years beginning on or after January 1 of the year in which the audit determination is made.

No refund of any amounts paid pursuant to Section 25115 shall be made for those years during which the election was in effect.

(c) A water's-edge election may be disregarded by the Franchise Tax Board, only if any of the following occurs:

(1) A bank or corporation willfully fails to comply substantially with Section 25401d or any federal law requiring the filing of domestic spreadsheets.

(2) After a reasonable adjustment of transfer prices, royalty rates, the allocation of common expenses, and similar adjustments, the return filed pursuant to this section fails to prevent the willful evasion of taxes.

(3) An otherwise qualified taxpayer willfully fails to do any of the following:

(A) Retain and make available upon request the documents and information, including any questionnaires completed and submitted to the Internal Revenue Service or qualified states, which are necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Sections 482, 861, 863, 902, and 904, and Subpart F of Part III of Subchapter N, or similar sections of the Internal Revenue Code.

(B) Identify, upon request, principal officers or employees who have substantial knowledge of, and access to, documents and records which discuss pricing policies, profit centers, cost centers, and the methods of allocating income and expense among these centers. The information shall include the employees' titles and addresses.

(C) Retain and make available upon request all documents and correspondence ordinarily available to a bank or corporation included in the water's-edge election which are submitted to or obtained from the Internal Revenue Service, foreign countries or their territories or possessions, and competent authority pertaining to ruling requests, rulings, settlement resolutions, and competing claims involving jurisdictional assignment and sourcing of income that affect the assignment of income to the United States. The documents shall include all ruling requests and rulings on reorganizations involving foreign incorporation of branches, all ruling requests and rulings on changing a bank or corporation's jurisdictional incorporation, and all documents which are ordinarily available to a bank or corporation included in the water's-edge

election which pertain to the determination of foreign tax liability, including examination reports issued by foreign taxing administrations. If the documents have been translated, the translations shall be furnished.

(D) Upon request, prepare and make available for each bank or corporation included in the disclosure spreadsheet referred to in Section 25401d in which the taxpayer is included, a list of each state of the United States, including the District of Columbia, territories or possessions, and each foreign country in which it has payroll, property, or sales. The sales shall be determined by destination whether or not the taxpayer is taxable in the destination jurisdiction.

(E) Retain and make available, upon request, forms filed with the Internal Revenue Service to comply with Sections 6038, 6038A, and 6041 of the Internal Revenue Code.

(F) Upon request, prepare and make available for each bank or corporation organized or created under the laws of the United States or a political subdivision thereof, of which 50 percent or more of its voting stock is directly or indirectly owned or controlled, the information which would be included in the forms described in subparagraph (E) if those forms were required for United States corporations.

(G) Retain and make available, upon request, all state tax returns filed by each bank or corporation included under subdivision (a) in each state, including the District of Columbia.

(H) Comply with reasonable requests for information necessary to determine or verify its net income, apportionment factors, or the geographic source of that income pursuant to the Internal Revenue Code.

(I) For purposes of this subdivision, information for any year shall be retained for that period of time in which the taxpayer's income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed or during which an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(d) The taxpayer shall be provided 90 days' prior written notice that the Franchise Tax Board intends to disregard a water's-edge election under subdivision (c). The taxpayer shall have the right to seek review in the superior court of the Franchise Tax Board's intended decision to disregard the election.

(e) In disregarding an election or in granting a change of election, the Franchise Tax Board shall impose any conditions which are necessary to prevent the avoidance of tax or clearly reflect income for the period the election was, or was purported to be, in effect. These conditions may include a requirement that income, including dividends paid from income earned while a water's-edge election was in effect, which would have been included in determining the income of the taxpayer from sources within and without this state

pursuant to Section 25101 but for the water's-edge election shall be included in income in the year in which the election is changed or disregarded.

(f) If the taxpayer desires in any year not to renew the contract, the taxpayer shall serve written notice of nonrenewal of the contract upon the board in advance of the annual renewal date of the contract. Unless that written notice is served by the taxpayer at least 90 days prior to the renewal date, the contract shall be considered renewed as provided in subdivision (a).

(g) If the taxpayer serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

SEC. 2. Subject to the provisions of Section 25111 of the Revenue and Taxation Code and Chapter 22 (commencing with Section 26071) of Part 11 of Division 2 of the Revenue and Taxation Code, in the event of a final appellate level determination by a California or federal court that the application of the worldwide combined report method or the requirement that amounts be paid pursuant to Section 25115 of the Revenue and Taxation Code is unconstitutional, amounts paid pursuant to Section 25115 of the Revenue and Taxation Code for income years beginning on or after January 1, 1988, shall, to the extent ordered by the court or as otherwise provided in Article 1.5 (commencing with Section 25110) of Chapter 17 of Part 11 of Division 2 of the Revenue and Taxation Code and regulations thereunder as of the effective date of this act, be refunded, with interest as provided in Section 26080 of the Revenue and Taxation Code, from funds in the California Unitary Fund, which is hereby appropriated to the Franchise Tax Board for that purpose.

In the event that there are insufficient funds in the California Unitary Fund for those refunds, refunds of amounts paid pursuant to Section 25115 of the Revenue and Taxation Code shall be paid from the General Fund. There is hereby appropriated from the General Fund to the Franchise Tax Board an amount necessary to pay the balance of those refunds.

SEC. 3. The amendments to Section 25111 of the Revenue and Taxation Code made by Section 1 of this act shall apply to, and be operative for, audits of income years beginning on or after January 1, 1988.

The superintendent shall report the findings of the compliance review to the education policy committees of the Senate and of the

Assembly. The report shall include any specific instances of noncompliance, the facts surrounding the noncompliance, and the individual or entity within the district responsible for the noncompliance. The report shall include recommendations for alleviating all aspects of noncompliance and shall recommend any legislation that may be needed to ensure that noncompliance will be eliminated or that individuals or school entities may be held responsible for compliance.

If the superintendent finds that a school district is in noncompliance with the requirements of paragraph (3) of subdivision (a) of Section 35160.5, and the school district has experienced a material decrease in its average daily attendance that is related to the noncompliance, the superintendent shall not use his or her administrative authority under Section 46392 to credit to the school district the average daily attendance that would have been credited to the school district if the school district had not experienced the material decrease in average daily attendance.

SEC. 2. Due to the unique circumstances concerning the school districts in Los Angeles County, it is necessary that special action be taken in that county, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 604

An act to amend Sections 4051 and 4155 of, and to add Sections 4362 and 4363 to, the Food and Agricultural Code, relating to fairs, and making an appropriation therefor.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 4051 of the Food and Agricultural Code is amended to read:

4051. An association, with the approval of both the Department of Food and Agriculture and the Department of General Services, may do any of the following:

(a) Contract.

(b) Purchase, acquire, hold, sell, exchange, or convey any interest in real or personal property and beautify or improve that property. Any acquisition of land or other real property shall be subject to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

(c) Lease, let, or grant licenses for the use of its real estate or personal property, or any portion of that property, to any person or public body for whatever purpose may be approved by the board.

(d) Use or manage its real estate or personal property, or any portion of that property, for any or all of the purposes of this section jointly with any lessee, sublessee, or licensee, or otherwise use or manage the property in connection with the lease, sublease, or license which is made or granted.

(e) Lease or let its real property for public park, recreational, or playground purposes.

(f) Rent or permit the use of its premises for any purpose which is beneficial to the agricultural industry, including, but not limited to, the holding of sales or auctions of cattle or other livestock.

(g) Contract with any county or county fair association for holding a fair jointly with the county or county fair association. The joint fair is a district fair of the association.

(h) Make permanent improvements upon publicly owned real property adjacent to real property of the district when the improvements materially benefit the property of the district.

(i) Pledge any and all revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment of whatever kind, pursuant to such terms and conditions as are approved by the board. The revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment of whatever kind pledged by the association or its assignees constitute a lien and security interest which immediately attaches to the property so pledged and is effective, binding, and enforceable against the association, its successors, purchasers of the property so pledged, creditors, and all others asserting rights therein, to the extent set forth, and in accordance with, the terms and conditions of the pledge, irrespective of whether those persons have notice of the pledge and without the need for any physical delivery, recordation, filing, or further act.

SEC. 2. Section 4155 of the Food and Agricultural Code is amended to read:

4155. The 22nd District Agricultural Association may expend up to five hundred thousand dollars ($500,000) annually for the operation of a fair pursuant to Section 4001 for the purposes enumerated therein from the money received by the district from a lease of district property for horseracing purposes. Any such money received by the district over five hundred thousand dollars ($500,000) may be expended in furtherance of the master plan developed pursuant to Section 4156. Any of this money that is not expended in this manner, or accumulated to be expended in furtherance of the master plan, including the amortization of revenue bonds, shall be transferred by the district to the General Fund upon executive order of the Director of Food and Agriculture.

SEC. 3. Section 4362 is added to the Food and Agricultural Code, to read:

4362. The commission may enter into a joint powers agreement with the 22nd District Agricultural Association pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the

Government Code. For the purposes of Section 6502 of the Government Code, the common powers to be exercised by the entity created pursuant to the joint powers agreement shall be the powers of a district agricultural association. The commission may contract with the joint exercise of powers entity pursuant to law and may pledge any and all revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment of whatever kind, pursuant to the terms and conditions approved by the commission. The revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment of whatever kind pledged by the commission or its assignees constitute a lien and security interest which immediately attaches to the property so pledged and is effective, binding, and enforceable against the commission, its successors, purchasers of the property so pledged, creditors, and all others asserting rights therein, to the extent set forth, and in accordance with, the terms and conditions of the pledge, irrespective of whether those persons have notice of the pledge and without the need for any physical delivery, recordation, filing, or further act.

SEC. 4. Section 4363 is added to the Food and Agricultural Code, to read:

4363. The State of California pledges to, and agrees with, the holders of any bonds, other indebtedness, or obligations for the financing of the improvements described in the master plan pursuant to Section 4156, and which are issued or executed and delivered by the commission, the 22nd District Agricultural Association, or a joint exercise of powers entity created by them, that the state will not alter or change the structure of funding of, and deposits to, the commission or the 22nd District Agricultural Association set forth in Article 9.2 (commencing with Section 19605) of Chapter 4 of Division 8 of the Business and Professions Code, or the pledge of funds for debt service, security, including any coverage factors, and expenses entered into pursuant to this Part 3 until the bonds, other indebtedness, or obligations are fully paid or discharged or have been fully provided for in accordance with their terms. However, nothing precludes any alteration or change if and when adequate provision has been made by law for the protection from impairment of the contract represented by the bonds, other indebtedness, or obligations, and the right to alter or change is hereby reserved. The commission, the 22nd District Agricultural Association, and a joint exercise of powers entity created by them, are each authorized to include this pledge and undertaking of the state in their bonds, agreements evidencing other indebtedness, and other indebtedness or obligations for the financing of the improvements described in the master plan pursuant to Section 4156.

CHAPTER 605

An act to amend Section 1014 of the Evidence Code, relating to privilege.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1014 of the Evidence Code is amended to read:

1014. Subject to Section 912 and except as otherwise provided in this article, the patient, whether or not a party, has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between patient and psychotherapist if the privilege is claimed by:

(a) The holder of the privilege.

(b) A person who is authorized to claim the privilege by the holder of the privilege.

(c) The person who was the psychotherapist at the time of the confidential communication, but such person may not claim the privilege if there is no holder of the privilege in existence or if he or she is otherwise instructed by a person authorized to permit disclosure.

The relationship of a psychotherapist and patient shall exist between a psychological corporation as defined in Article 9 (commencing with Section 2995) of Chapter 6.6 of Division 2 of the Business and Professions Code, a marriage, family, and child counseling corporation as defined in Article 6 (commencing with Section 4987.5) of Chapter 13 of Division 2 of the Business and Professions Code, or a licensed clinical social workers corporation as defined in Article 5 (commencing with Section 4998) of Chapter 14 of Division 2 of the Business and Professions Code, and the patient to whom it renders professional services, as well as between those patients and psychotherapists employed by those corporations to render services to those patients. The word "persons" as used in this subdivision includes partnerships, corporations, associations and other groups and entities.

CHAPTER 606

An act to add Section 322.8 to the Health and Safety Code, relating to child health.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Full Immunization Act.

SEC. 2. The Legislature finds and declares all of the following:

(a) Immunizations protect children against dangerous preventable diseases, such as polio, measles, pertussis, tetanus, and mumps. Some of these diseases are so serious they can be fatal.

(b) Immunization levels among California infants and preschool-age children are unacceptably low. For example, in 1989 California experienced the largest outbreak of measles in over 10 years. The 3,000 cases reported resulted in at least 17 deaths and over 700 hospitalizations. What was unusual about this outbreak was the number of preschool children who contracted the disease because they were not immunized. There have already been 16 measles-related deaths in California within the first two and one-half months of this year.

(c) Low levels of immunization among California infants and preschool-age children are indicative, in part, of the general lack of access to primary health care for many of the state's low-income and uninsured children. One-third of the state's children rely on public health care facilities for their health care, and the vast majority of these children do not have access to a regular doctor.

(d) While California has a legal requirement that children be immunized before entering school and licensed preschool and day care programs, nearly 60 percent of California two-year olds are inadequately immunized at the present time.

(e) It is recommended that children begin receiving polio, DTP (diphtheria, tetanus, pertussis), and MMR (measles, mumps, rubella) immunizations between 2 and 15 months of age, and have the Hib (haemophilis influenzae type b) immunization and all but the last DTP and polio immunizations by 18 months of age. However, many children do not receive immunizations until just before entering kindergarten.

(f) The American Academy of Pediatrics and the United States Public Health Service now recommend a second MMR immunization.

(g) Existing California law requires that any child entering school for the first time have four DTP shots, one MMR shot, and three polio shots in order to enroll in school. However, one additional DTP shot and one additional polio shot are required if the child receives the

other shots before the age of two. Up-to-date immunizations are also required in order for a child to enroll in licensed preschool and day care programs.

(h) The cost of providing immunizations has risen significantly over the past few years, due mainly to the increased cost of vaccines.

(i) Although California has received increased federal funding for immunizations in proportion to rising costs, unlike several states that have increased immunization funding to levels close to their federal share, California's contribution has remained relatively stable.

Over the past few years, California's overall investment in immunization has been inadequate to meet the needs of this vital component of its public health system. As a result, the immunization program is left vulnerable to cuts in federal funding, state budgetary shortfalls, and added costs of unforeseen epidemics.

For example, in the 1990–91 fiscal year, a combination of federal immunization cuts and state budgetary shortfalls almost caused a deficit of almost four million dollars ($4,000,000) for the purchase and administration of needed immunizations. This occurred during the time of a major measles epidemic and a significant increase in reported cases of whooping cough.

(j) California has avoided running out of vaccines through a combination of mid-crisis appropriations and funding redirections. While it is fortunate that the state has been able to respond to the measles epidemic, the problem still remains that young children in California are inadequately immunized.

(k) The measles epidemic in California has revealed the need for significant improvements in the way that California immunizes its children. What is needed is a strong state policy which provides for the funding and services necessary to fully immunize California's children. All of the following are necessary to develop that policy:

(1) The state should devise a plan for adequately funding the anticipated immunization needs of California, as well as its unforeseen emergency needs.

(2) The state should make every effort to increase its share of funding relative to the federal share for immunization efforts.

(3) California should work toward increasing the effectiveness of the Child Health and Disability Prevention Program as a mechanism for assuring that all California children are immunized at an early age and in a comprehensive manner.

(4) The state should pay particular attention to the need for expanded immunization efforts among currently underserved minority children, young children in family day care and other child care settings, and children with no health insurance coverage.

(5) California should make a commitment to ongoing methods of health outreach and community education among hard to reach target populations.

SEC. 3. The purposes of this act are to do all of the following:

(a) Encourage the state to establish and maintain a policy which would allow for the full and ongoing immunization of all California

children.

(b) Encourage the state to better utilize the Child Health and Disability Prevention Program so that California children may be immunized in a way that assures, to the extent possible, their entry into the Child Health and Disability Prevention Program system of continuing primary and preventive health care.

(c) Encourage improvements in the immunization status of currently underserved minority children, young children in family day care and other child care settings, and children with no health insurance coverage.

(d) Encourage improvements in ongoing methods of immunization outreach and education directed toward hard-to-reach target populations.

SEC. 4. Section 322.8 is added to the Health and Safety Code, to read:

322.8. On or before March 15, 1991, and on or before March 15 of each year thereafter, the state department shall submit a report to the Legislature on all of the following issues:

(a) The immunization status of young children in the state, based on available data.

(b) The steps taken to strengthen immunization efforts, particularly efforts through the Child Health and Disability Prevention Program.

(c) The steps taken to improve immunization levels among currently underserved minority children, young children in family day care and other child care settings, and children with no health insurance coverage.

(d) The improvements made in ongoing methods of immunization outreach and education in communities where immunization levels are disproportionately low.

(e) Its recommendations for a comprehensive strategy for fully immunizing all California children and its analysis of the funding necessary to implement the strategy.

CHAPTER 607

An act to amend Sections 13002 and 14902 of, and to add Section 14900.5 to, the Vehicle Code, relating to the Department of Motor Vehicles.

[Approved by Governor September 4, 1990 Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 13002 of the Vehicle Code is amended to read:

13002. (a) Except as otherwise provided in subdivision (b),

every identification card shall expire, unless canceled earlier, on the sixth birthday of the applicant following the date of application for the identification card. Renewal of any identification card, other than a senior citizen identification card, shall be made for a term which shall expire on the sixth birthday of the applicant following expiration of the identification card renewed, unless surrendered earlier. Any application for renewal received after 90 days after expiration of the identification card, including a senior citizen identification card, shall be considered the same as an application for an original identification card. The department shall, at the end of six years and six months after the issuance or renewal of an identification card, other than a senior citizen identification card, destroy any record of the card if it has expired and has not been renewed.

(b) Every senior citizen identification card issued pursuant to subdivision (b) of Section 13000 shall expire, unless canceled earlier, on the 10th birthday of the applicant following the date of application for the identification card. Renewal of any senior citizen identification card shall be made for a term which shall expire on the 10th birthday of the applicant following expiration of the senior citizen identification card renewed, unless surrendered earlier. The department shall, at the end of 10 years and six months after the issuance or renewal of a senior citizen identification card, destroy any record of the card if it has expired and has not been renewed.

(c) An identification card may be issued to a person in exchange for the person's driver's license which is surrendered to the department because the person has a physical or mental condition. That card is valid for the remaining term of the surrendered license without the payment of any additional fee.

SEC. 2. Section 14900.5 is added to the Vehicle Code, to read:

14900.5. Upon application and payment of the fees for a driver's license pursuant to Section 14900, an identification card may be issued to the applicant if it is determined that a driver's license cannot be issued due to the applicant's physical or mental condition. The identification card, unless canceled earlier, shall expire on the applicant's sixth birthday following the date of application.

SEC. 3. Section 14902 of the Vehicle Code is amended to read:

14902. (a) Except as otherwise provided in subdivision (b) of this section, subdivision (c) of Section 13002, and subdivision (c) of Section 14900, upon an application for an identification card there shall be paid to the department a fee of six dollars ($6).

(b) Upon application for an original senior citizen identification card, or for the renewal thereof, issued pursuant to subdivision (b) of Section 13000, there shall be paid to the department a fee of three dollars ($3).

(c) All fees received pursuant to this section shall be deposited in the Motor Vehicle Account.

CHAPTER 608

An act to add and repeal Article 1.5 (commencing with Section 1596.796) of Chapter 3.4 of Division 2 of the Health and Safety Code, relating to child day care facilities.

[Approved by Governor September 4, 1990. Filed with Secretary of State September 5, 1990]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 1596.796) is added to the Health and Safety Code, to read:

Article 1.5. Child Care Review Panel

1596.796. (a) The Legislature finds and declares that short of judicial review, there is no recourse for child care providers to appeal citations issued for violations of child day care facility licensing regulations which they dispute outside of the community care licensing division of the department. The Legislature further finds and declares that judicial reviews are unnecessary, time consuming, and costly for both the department and providers. In enacting this article, it is the intent of the Legislature to establish a pilot program to assist child care providers in obtaining an early and objective review of citations issued for violations of child day care facility licensing regulations.

(b) The director shall establish the Child Care Review Panel in at least one of the 15 regional districts in the state. Where established, the panel shall provide objective review on cited violations of this code and Title 22 of the California Code of Regulations, as specified in Section 1596.797.

(c) The panel shall consist of the following members:

(1) One representative from the department appointed by the district manager of a regional district where the Child Care Review Panel is to be established.

(2) One representative from a local or district child care provider organization appointed for a regional district where the Child Care Review Panel is to be established by the Board of Governors of the California Community Colleges from names submitted to them by the provider organizations.

(3) One representative who has taught at a California community college in the educational area of child development appointed by the Board of Governors of the California Community Colleges.

(d) Members of the panel shall serve for a one-year term on an uncompensated basis. Every effort shall be made to ensure that the ethnic and racial composition of the review panel reflects the racial and ethnic composition of the population of the State of California.

1596.797. (a) The Child Care Review Panel shall meet no fewer

than four times a year. The scope of the panel's review includes cited violations of Article 6 (commencing with Section 101312) of, and Article 7 (commencing with Section 101338.2) of, Subchapter 1 of Chapter 2 of Division 12 of Title 22 of the California Code of Regulations, except Sections 101323.1 and 101329. The panel is also authorized to review the assessment of civil penalties for violations of the above articles and sections, except those issued for personal rights violations under Section 101223 of Title 22 of the California Code of Regulations.

(b) The panel shall have the authority to choose which violations it will review from those submitted for review. The panel shall set forth rules for licensees on the submission of matters for review and for determining which matters will be chosen for review. The rules shall provide that a licensee may request that a person of his or her choosing, other than an attorney, assist the licensee with his or her understanding of the English language in the preparation of matters for submission for review.

(c) No attorney at law or person other than the licensee and the department shall take any part in the filing or presentation of matters before the panel, unless the attorney is the licensee or a general partner in a partnership which is the licensee and in which all the partners are attorneys, or a shareholder in a professional corporation which is a licensee and of which he or she is an officer or director and of which all other officers and directors are attorneys. Nothing herein shall prevent an attorney from rendering advice to a party to the review prior to the filing and presentation of the matter. However, if the panel determines from the written materials submitted to it that a licensee does not speak or understand the English language sufficiently to comprehend or properly present his or her case and needs assistance in so doing, the panel may permit another person, other than an attorney, to assist the party.

1596.798. (a) No matter may be reviewed by the Child Care Review Panel unless the licensee has exhausted his or her appeal rights before the Licensing District Manager, the Chief Field Operations Branch Manager, and the Deputy Director.

(b) Notice of review and whether or not the violations will be reviewed shall be given to all parties who have submitted matters for review at least 10 calendar days prior to the date of review.

(c) The panel shall make findings on the disputed issues and make recommendations to the deputy director on the violations or civil penalties at issue. The deputy director shall review the recommendations in a timely fashion. Any action taken by the deputy director shall be placed in the public file of the facility.

(d) Review by the panel of violations or civil penalties does not deprive the department of its authority to institute or continue a proceeding against the licensee for the revocation of the license upon any ground provided by law or to enter an order disciplining a licensee upon that ground.

(e) Licensees retain the right to contact the deputy director on

any issues related to the operation of the licensed facility.

1596.799. (a) The department shall report to the Senate Appropriations, Assembly Ways and Means, Senate Health and Human Services, and Assembly Human Services committees of the Legislature on or before December 31, 1993, regarding the ability of the Child Care Review Panel to reduce administrative time and costs associated with disputes regarding violations of child day care facility licensing regulations and to resolve the disputes in a just and timely fashion.

(b) This article shall become inoperative on June 30, 1994, and, as of January 1, 1995, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 609

An act to add Section 69749.4 to the Government Code, relating to courts.

[Approved by Governor September 7, 1990. Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 69749.4 is added to the Government Code, to read:

69749.4. Notwithstanding any other provision of this article, sessions of the superior court shall be held in the Indian Wells Valley area of northeast Kern County at such times as may be prescribed by the judges.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 610

An act to amend Sections 4600, 4600.1, and 4608 of the Civil Code, relating to family law.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 4600 of the Civil Code is amended to read:

4600. (a) The Legislature finds and declares that it is the public policy of this state to assure minor children of frequent and continuing contact with both parents after the parents have separated or dissolved their marriage, and to encourage parents to share the rights and responsibilities of child rearing in order to effect this policy, except where that contact would not be in the best interest of the child, as set forth in Section 4608.

In any proceeding where there is at issue the custody of a minor child, the court may, during the pendency of the proceeding or at any time thereafter, make such order for the custody of the child during minority as may seem necessary or proper. If a child is of sufficient age and capacity to reason so as to form an intelligent preference as to custody, the court shall consider and give due weight to the wishes of the child in making an award of custody or modification thereof. In determining the person or persons to whom custody should be awarded under paragraph (2) or (3) of subdivision (b), the court shall consider and give due weight to the nomination of a guardian of the person of the child by a parent under Article 1 (commencing with Section 1500) of Chapter 1 of Part 2 of Division 4 of the Probate Code.

(b) Custody should be awarded in the following order of preference according to the best interests of the child pursuant to Section 4608:

(1) To both parents jointly pursuant to Section 4600.5 or to either parent. In making an order for custody to either parent, the court shall consider, among other factors, which parent is more likely to allow the child or children frequent and continuing contact with the noncustodial parent, subject to Section 4608, and shall not prefer a parent as custodian because of that parent's sex.

The court, in its discretion, may require the parents to submit to the court a plan for the implementation of the custody order.

(2) If to neither parent, to the person or persons in whose home the child has been living in a wholesome and stable environment.

(3) To any other person or persons deemed by the court to be suitable and able to provide adequate and proper care and guidance for the child.

(c) Before the court makes any order awarding custody to a person or persons other than a parent, without the consent of the

parents, it shall make a finding that an award of custody to a parent would be detrimental to the child and the award to a nonparent is required to serve the best interests of the child. Allegations that parental custody would be detrimental to the child, other than a statement of that ultimate fact, shall not appear in the pleadings. The court may, in its discretion, exclude the public from the hearing on this issue.

(d) This section establishes neither a preference nor a presumption for or against joint legal custody, joint physical custody, or sole custody, but allows the court and the family the widest discretion to choose a parenting plan which is in the best interests of the child or children.

SEC. 2. Section 4600.1 of the Civil Code is amended to read:

4600.1. (a) In any proceeding under Title 2 (commencing with Section 4400) or Title 3 (commencing with Section 4500) where there are minor children of the marriage, and in any action for exclusive custody under Section 4603, a petition for a temporary custody order containing the statement required by Section 5158 may be included with the initial filing of the petition or action or may be filed at any time thereafter.

(b) If the parties have agreed to or reached an understanding on the custody or temporary custody of their children, a copy of the agreement or an affidavit as to their understanding shall be attached to the petition or action. As promptly as possible after this filing, the court shall, except in exceptional circumstances, enter an order awarding temporary custody in accordance with the agreement or understanding, or in accordance with any stipulation of the parties.

(c) In the absence of an agreement, understanding, or stipulation, the court may, if jurisdiction is appropriate, enter an ex parte order, set a hearing date within 20 days, and issue an order to show cause on the responding party. If the responding party does not appear or respond within the time set, the temporary order may be extended as necessary, pending the termination of the proceedings.

(d) If, despite good faith efforts, service of the ex parte order and order to show cause has not been effected in a timely fashion and there is reason to believe, based on an affidavit, or other manner of proof made under penalty of perjury, by the petitioner, that the responding party has possession of the minor child or children and seeks to avoid the jurisdiction of the court or is concealing the whereabouts of the child or children, then the hearing date may be reset and the ex parte order extended up to an additional 90 days. After service has been effected, either party may request ex parte that the hearing date be advanced or the ex parte order be dissolved or modified.

(e) In conjunction with any ex parte order seeking or modifying an order of custody, the court shall enter an order restraining the person receiving custody from removing the child from the state pending notice and a hearing on the order seeking or modifying custody. The court shall refrain from making any order granting or

modifying a custody order on an ex parte basis unless there has been a showing of immediate harm to the child or immediate risk that the child will be removed from the State of California. "Immediate harm to the child" includes having a parent who has committed acts of domestic violence, as defined in Section 542 of the Code of Civil Procedure, where the court determines that the acts of domestic violence are of recent origin, or are a part of a demonstrated and continuing pattern of acts of domestic violence.

SEC. 3. Section 4608 of the Civil Code is amended to read:

4608. In making a determination of the best interest of the child in any proceeding under this title, the court shall, among any other factors it finds relevant, consider all of the following:

(a) The health, safety, and welfare of the child.

(b) Any history of abuse by one parent against the child or against the other parent. As a prerequisite to the consideration of allegations of abuse, the court may require substantial independent corroboration including, but not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of sexual assault or domestic violence. As used in this subdivision, "abuse against the child" means child abuse as defined in Section 11165.6 of the Penal Code and "abuse against the other parent" means abuse as defined in subdivision (a) of Section 542 of the Code of Civil Procedure.

(c) The nature and amount of contact with both parents.

CHAPTER 611

An act to repeal and add Section 1404 of the Elections Code, relating to elections.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1404 of the Elections Code is repealed.

SEC. 2. Section 1404 is added to the Elections Code, to read:

1404. (a) The opening, processing, and counting of absent voter ballots shall be open to the public, both prior to and after the election.

(b) Any member of the county grand jury, and at least one member each of the Republican county central committee, the Democratic county central committee, and of any other party with a candidate on the ballot, and any other interested organization, shall be permitted to observe and challenge the manner in which the absent voter ballots are processed, from the opening through the

counting and disposition of the ballots.

SEC. 8. Article 9 (commencing with Section 69670) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 9. State Graduate Fellowship Program

69670. The Legislature finds and declares all of the following:

(a) Because of financial and historical conditions, numerous students with substantial potential for success in graduate school are unable to pursue a graduate education and attain their full educational potential.

(b) It is further recognized that financial assistance is required to reduce the economic barriers which prevent these students from pursuing graduate education.

(c) It is to the economic and societal benefit of the state to assist in the development of the talents of able students in graduate education, and the Legislature regards the graduate education of qualified individuals within the state to be a public purpose of great importance.

(d) In contrast to the reduction in the rate of hiring faculty during the 1970's and 1980's, the next two decades will require a dramatic expansion in the hiring of college and university faculty.

(e) While California is becoming an increasingly multicultural society, Blacks, Asians, Native Americans, Hispanics, and females continue to be underrepresented in graduate education and among college and university faculty.

(f) It is imperative that the State of California ensure that it has the largest possible pool of highly qualified graduate students from which to draw future university and college faculty, particularly students from underrepresented groups and students entering subject fields with severe faculty shortages.

(g) The State Graduate Fellowship Program is a desirable and economical method of furthering these public purposes.

69671. (a) There is hereby created the State Graduate Fellowship Program. Fellowships shall be provided by the state under this program, and shall be awarded to students who have demonstrated their intent to become a college or university faculty member.

(b) Fellowships shall be utilized for graduate study at California colleges and universities accredited by a regional accrediting association recognized by the United States Department of Education.

(c) As used in this article, "graduate study" means that phase of education coming after the completion of the baccalaureate degree and leading toward a recognized graduate degree.

(d) The general purpose of the fellowship program is to afford opportunity for graduate study to persons demonstrating potential

for success in graduate-level programs and intending to become college and university faculty.

(e) Graduate fellowships shall be awarded for graduate study in degree programs and subject fields determined by the commission to be consistent with the purposes of this article.

69672. (a) It is the intent of the Legislature that all graduate fellowships awarded prior to the 1991–92 academic year under the provisions of Article 9 (commencing with Section 69670) of Chapter 2 of Part 42 as it read prior to January 1, 1991, shall be renewed pursuant to the terms specified in Section 69678 of this article.

(b) It is further the intent of the Legislature that, commencing with the 1991–92 academic year, all new graduate fellowships shall be awarded to persons intending to become a college or university faculty member.

69673. (a) The graduate fellowship program shall be conducted under the general supervision of the commission, with the aid and advice of a committee of 10 members appointed by the commission and composed of graduate deans, faculty, and graduate students from California colleges and universities.

(b) In order to implement the changes in subdivision (b) of Section 69672, the committee shall present to the commission recommendations on procedures for the selection of graduate fellowship recipients who demonstrate substantial potential for success in graduate school.

(c) The committee shall recommend to the commission procedures to expand the applicant pool to include more applications from students who are from groups which are underrepresented in graduate-level programs and among college and university faculty.

69674. (a) The commission shall award fellowships to students with demonstrated academic ability and financial need, as determined by the commission pursuant to Article 1.5 (commencing with Section 69503).

(b) The commission shall award fellowships without regard to race, religion, creed, or sex.

(c) The commission shall give priority consideration to students who are historically disadvantaged, as defined by the commission, or students from groups which are underrepresented in graduate-level programs and among college and university faculty.

(d) The commission shall award fellowships to students who demonstrate a commitment to and assurances of becoming a college or university faculty member.

(e) The commission shall prescribe the forms for all applications and certificates required in connection with the fellowship program.

(f) The commission shall adopt rules and regulations as may be necessary, or appropriate, for effecting the provisions of this article.

69675. (a) The commission may utilize the following criteria in selecting award recipients:

(1) Grades at the undergraduate level in the subject field in which

the student intends to complete graduate work.

(2) Grades in the undergraduate program.

(3) Aptitude for graduate work in the subject field.

(4) General aptitude for graduate study.

(5) Critical human resource needs in subject fields eligible for graduate fellowships.

(b) The commission may develop additional criteria for the selection of award recipients consistent with the purposes of this article.

69676. No person shall be granted a fellowship unless:

(a) The applicant is a resident of California.

(b) The applicant has been accepted for admission by a graduate school, or is a continuing student enrolled in graduate school.

69677. (a) Awards shall be for one academic year of graduate study, and may be renewed for up to three additional years if the recipient is making satisfactory progress toward a degree as defined by the commission. The commission may extend renewal of awards for fellowship recipients who demonstrate that exceptional circumstances exist.

(b) The commission may increase the amount of the award for one academic year proportional to the period of additional attendance during a summer term. In the aggregate, the total amount of eligibility a student may receive pursuant to subdivision (a) may not be increased as a result of accelerating the progress to a degree by attending summer terms.

(c) Except as provided in subdivision (d), awards shall be made for full-time graduate study, as defined by the institution which the student attends.

CHAPTER 621

An act to amend Sections 391 and 391.1 of, and to add Section 391.7 to, the Code of Civil Procedure, relating to vexatious litigants.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 391 of the Code of Civil Procedure is amended to read:

391. As used in this title, the following terms have the following meanings:

(a) "Litigation" means any civil action or proceeding, commenced, maintained or pending in any state or federal court of record.

(b) "Vexatious litigant" means a person who does any of the following:

(1) In the immediately preceding seven-year period has commenced, prosecuted, or maintained in propria persona at least five litigations other than in a small claims court that have been (i) finally determined adversely to the person or (ii) unjustifiably permitted to remain pending at least two years without having been brought to trial or hearing.

(2) After a litigation has been finally determined against the person, repeatedly relitigates or attempts to relitigate, in propria persona, either (i) the validity of the determination against the same defendant or defendants as to whom the litigation was finally determined or (ii) the cause of action, claim, controversy, or any of the issues of fact or law, determined or concluded by the final determination against the same defendant or defendants as to whom the litigation was finally determined.

(3) In any litigation while acting in propria persona, repeatedly

files unmeritorious motions, pleadings, or other papers, conducts unnecessary discovery, or engages in other tactics that are frivolous or solely intended to cause unnecessary delay.

(4) Has previously been declared to be a vexatious litigant by any state or federal court of record in any action or proceeding based upon the same or substantially similar facts, transaction, or occurrence.

(c) "Security" means an undertaking to assure payment, to the party for whose benefit the undertaking is required to be furnished, of the party's reasonable expenses, including attorney's fees and not limited to taxable costs, incurred in or in connection with a litigation instituted, caused to be instituted, or maintained or caused to be maintained by a vexatious litigant.

(d) "Plaintiff" means the person who commences, institutes or maintains a litigation or causes it to be commenced, instituted or maintained, including an attorney at law acting in propria persona.

(e) "Defendant" means a person (including corporation, association, partnership and firm or governmental entity) against whom a litigation is brought or maintained or sought to be brought or maintained.

SEC. 2. Section 391.1 of the Code of Civil Procedure is amended to read:

391.1. In any litigation pending in any court of this state, at any time until final judgment is entered, a defendant may move the court, upon notice and hearing, for an order requiring the plaintiff to furnish security. The motion must be based upon the ground, and supported by a showing, that the plaintiff is a vexatious litigant and that there is not a reasonable probability that he will prevail in the litigation against the moving defendant.

SEC. 3. Section 391.7 is added to the Code of Civil Procedure, to read:

391.7. (a) In addition to any other relief provided in this title, the court may, on its own motion or the motion of any party, enter a prefiling order which prohibits a vexatious litigant from filing any new litigation in the courts of this state in propria persona without first obtaining leave of the presiding judge of the court where the litigation is proposed to be filed. Disobedience of such an order by a vexatious litigant may be punished as a contempt of court.

(b) The presiding judge shall permit the filing of such litigation only if it appears that the litigation has merit and has not been filed for the purposes of harassment or delay. The presiding judge may condition the filing of the litigation upon the furnishing of security for the benefit of the defendants as provided in Section 391.3.

(c) The clerk shall not file any litigation presented by a vexatious litigant subject to a prefiling order unless the vexatious litigant first obtains an order from the presiding judge permitting the filing. If the clerk mistakenly files the litigation without such an order, any party may file with the clerk and serve on the plaintiff and other parties a notice stating that the plaintiff is a vexatious litigant subject to a

prefiling order as set forth in subdivision (a). The filing of such a notice shall automatically stay the litigation. The litigation shall be automatically dismissed unless the plaintiff within 10 days of the filing of such notice obtains an order from the presiding judge permitting the filing of the litigation as set forth in subdivision (b). If the presiding judge issues an order permitting the filing, the stay of the litigation shall remain in effect, and the defendants need not plead, until 10 days after the defendants are served with a copy of any such order.

(d) The clerk of the court shall provide the Judicial Council a copy of any prefiling orders issued pursuant to subdivision (a). The Judicial Council shall maintain a record of vexatious litigants subject to such prefiling orders and shall annually disseminate a list of such persons to the clerks of the courts of this state.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 623

An act to amend Section 18101.6 of, and to add Section 18003.1 to, the Financial Code, relating to industrial loan companies.

[Approved by Governor September 7, 1990. Filed with Secretary of State September 10, 1990.]

The people of the State of California do enact as follows:

SECTION 1. In enacting this act the Legislature recognizes that a significant change has occurred in the regulation of financial institutions under federal law, as evidenced by the Financial Institutions Reform, Recovery and Enforcement Act of 1989, precipitated by the failure of many savings and loan associations and subsequent need to provide government assistance to remedy problems in the savings and loan industry. In reference to these events, the media has and continues to characterize savings and loan institutions as "thrifts" and as the "thrift industry." In order to promote clarity, the public's convenience and advantage, and to preserve the health and welfare of California federally insured thrift and loan companies, which have provided important deposit

opportunities and funds for consumers and business in California since 1917, the Legislature finds and declares the following:

(a) The characterization of savings and loan associations as "thrifts" and their problems as "the thrift crisis" has caused confusion in the public's mind suggesting that California thrift and loan companies are included as the same "thrifts" that are subject to the federal bail-out program.

(b) The media publicity has caused problems, severe confusion, and harmful and adverse business consequences to California licensed thrift and loan companies, including loss of deposits, significant increased money costs, and spoiled reputation and image.

(c) State jurisdictions other than California license thrift and loan companies under other names.

(d) It is in the best interest of the people of the State of California that in addition to names currently authorized under the Industrial Loan Law, the words "investment and loan" be included.

(e) The declaration of the Legislature contained in Chapter 858 of the Statutes of 1983 and subsequent legislative actions have contributed to the health and well-being of the California industrial loan companies.

SEC. 2. Section 18003.1 is added to the Financial Code, to read:

18003.1. "Investment and loan" means an industrial loan company.

SEC. 3. Section 18101.6 of the Financial Code is amended to read:

18101.6. Companies authorized to engage in the industrial loan business after the effective date of the act which added this section shall have the words "industrial loan company," "investment and loan," "thrift company" or "thrift and loan company" as part of the company name included in the articles of incorporation.

CHAPTER 624

An act to amend Section 663 of the Insurance Code, relating to insurance.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990.]

SECTION 1. Section 663 of the Insurance Code is amended to read:

663. At least 20 days prior to policy expiration, an insurer shall deliver to the named insured or mail to the named insured at the address shown in the policy, either of the following:

(a) A written or verbal offer of renewal of the policy contingent upon payment of premium as stated in the offer.

(b) A notice of nonrenewal of the policy. That notice shall contain

or be accompanied by a statement that upon written request by the named insured, made not later than one month following the expiration of the policy period, or delivered to the insurer, the insurer will notify the insured in writing, within 20 days of his request, the reason or reasons for such nonrenewal.

(c) In the event that an insurer fails to give the named insured either an offer of renewal or notice of nonrenewal as required by this section, the existing policy, with no change in its terms and conditions, shall remain in effect for 30 days from the date that either the offer to renew or the notice of nonrenewal is delivered or mailed to the named insured. A notice to this effect shall be provided by the insurer to the named insured with the policy or the notice of renewal or nonrenewal. Notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any other replacement or succeeding automobile insurance policy procured by the insured, or his agent or broker, with respect to any automobile designated in both policies.

(d) The insurer shall not be required to notify the named insured, or any other insured, of nonrenewal of the policy if the insurer has mailed or delivered a notice of expiration or cancellation, on or prior to the 20th day preceding expiration of the policy period.

(e) A performance evaluation of all services in operation, including performance trends, potential for efficiency and effectiveness, possible improvements, and strategies to achieve that potential.

(f) A recommendation of a level of and program for services over a five-year period, including a list of service enhancements on

existing and additional routes, with funding and priority recommendations.

(g) An evaluation of reports by regional planning agencies and county transportation commissions on commuter service alternatives in their regions, including presentation of their recommendations.

The department may consult with other agencies, organizations, and persons with expertise. The department shall employ realistic assumptions, using Public Utilities Commission cost data whenever possible, with respect to the level of services it can provide and the cost of these services when developing the plan.

(d) It is the intent of the Legislature that, in allocating the funds, the transportation planning agencies and the county transportation commissions, and the San Diego Metropolitan Transit Development Board, give priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high-priority regional, countywide, or areawide public transportation needs.

(e) No funds allocated pursuant to Section 99313.3 or 99314.3 shall be allocated to a claimant for the purposes specified in Section 99275 unless it is eligible for allocation under Article 4.5 (commencing with Section 99275) for those purposes, without considering any funds to be allocated to it pursuant to those sections.

If the project is located within an area under the jurisdiction of a statutorily created transportation planning agency, a county transportation commission, or the San Diego Metropolitan Transit Development Board, the project shall be approved by that agency, commission, or board, as the case may be, prior to being submitted to the department.

(b) Projects eligible for funding as exclusive public mass transit guideway projects include projects on rail lines on which publicly funded rail passenger service is provided or is proposed to be provided, if the voters have approved a proposition pursuant to Section 4 of Article XIX of the California Constitution for the area in which the project is to be located. The department, or a local entity, including, but not limited to, a transit district, may submit the project to the department for inclusion in its resource allocation recommendations. If the project is located within an area under the jurisdiction of a statutorily created transportation planning agency, a county transportation commission, or the San Diego Metropolitan Transit Development Board, the project shall be approved by that agency, commission, or board, as the case may be, prior to being submitted to the department.

SEC. 8. Section 2105 of the Streets and Highways Code is amended to read:

2105. In addition to the apportionments prescribed by Sections 2104, 2106, and 2107, from the revenues derived from a per gallon tax imposed pursuant to Section 7351 of the Revenue and Taxation Code, and a per gallon tax imposed pursuant to Section 8651 of that code, the following apportionments shall be made:

(a) A sum equal to the net revenue from a tax of 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 7351 of the Revenue and Taxation Code, and 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 8651 of that code, shall be apportioned among the counties, including a city and county.

The amount of apportionment to each county, including a city and county, during a fiscal year shall be calculated as follows:

(1) One million dollars ($1,000,000) for apportionment to all counties, including a city and county, in proportion to each county's receipts during the prior fiscal year under Sections 2104 and 2106.

(2) One million dollars ($1,000,000) for apportionment to all counties, including a city and county, as follows:

(A) Seventy-five percent in the proportion that the number of fee-paid and exempt vehicles which are registered in the county bears to the number of fee-paid and exempt vehicles registered in the state.

(B) Twenty-five percent in the proportion that the number of miles of maintained county roads in the county bears to the miles of maintained county roads in the state.

(3) For each county, determine its factor which is the higher amount calculated pursuant to paragraph (1) or (2) divided by the sum of the higher amounts for all of the counties.

(4) The amount to be apportioned to each county is equal to its factor multiplied by the amount available for apportionment.

(b) A sum equal to the net revenue from a tax of 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 7351 of the Revenue and Taxation Code, and 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Secton 8651 of that code, shall be apportioned to cities, including a city and county, in the proportion that the total population of the city bears to the total population of all the cities in the state.

(c) In order to receive any allocation pursuant to this section, the city or county, as the case may be, shall annually expend from its general fund for street and highway purposes an amount not less than the annual average of its expenditures from its general fund during the 1987–88, 1988–89, and 1989–90 fiscal years, as reported to the Controller pursuant to Section 2151. For purposes of this subdivision, in calculating a city's or county's annual general fund expenditures and its average general fund expenditures for the 1987–88, 1988–89, and 1989–90 fiscal years, any unrestricted funds which the city or county may expend at its discretion, including vehicle in-lieu tax revenues and revenues from fines and forfeitures, expended for street and highway purposes are expenditures from the general fund.

(d) The Controller may request fiscal data from cities and counties, in addition to data provided pursuant to Section 2151, for the 1987–88, 1988–89, and 1989–90 fiscal years. Each city and county shall furnish the data to the Controller not later than 120 days after receiving the request. The Controller may withhold payment to cities and counties that do not comply with the request for information or provide incomplete data.

(e) At the conclusion of each fiscal year during which a city or county receives funds under this section, the Controller shall verify the city's or county's compliance with subdivision (c). Any city or county which has not complied with this requirement shall reimburse the state for the funds it received during that fiscal year. The Controller shall withhold payments pursuant to Section 2104, 2105, 2106, and 2107 to any city or county which has not complied with subdivision (c) until the state is reimbursed for the subventions under this section during the fiscal year when the city or county did not comply.

(f) For any city incorporated after July 1, 1987, the Controller shall calculate the annual average of expenditures pursuant to subdivision (c) for the period between July 1, 1987, and June 30, 1990, that the city was incorporated.

(g) Any funds that are returned to the state as a result of noncompliance with subdivision (c) shall be added to the base and redistributed among cities and counties for the fiscal year during which it is returned.

(h) If the amount of revenues received by a city or county from fines and forfeitures during a fiscal year is less than the average amount of revenues from fines and expended during the 1987–88, 1988–89, and 1989–90 fiscal years for street and highway purposes, the

city's or county's expenditure requirements pursuant to subdivision (c) is reduced by the difference between those revenues received during that fiscal year and the average amount of the city's or county's expenditures during those three fiscal years.

(c) (1) If the total state share for eligible projects exceeds the amount specified in the Governor's proposed budget, the department shall compute the preliminary pro rata share of state funds to be available so that each eligible project would receive the same ratio of state share to local share. Not later than April 1 of the following year, the department shall advise the applicants of the preliminary pro rata share of state funds to be available.

(2) Not later than June 15 of the following year, each applicant shall inform the department whether or not it can proceed with the project with the lower state share and meet the project development completion requirements specified in paragraph (4) of subdivision (b) of Section 2601.

(3) Upon the enactment of the annual Budget Act, the department shall compile a new list of eligible projects consisting of those projects that were included in the original list that the applicant has indicated it can proceed with a lower state share and for which the applicant has indicated it can still meet the delivery requirements pursuant to paragraph (4) of subdivision (b) of Section 2601.

(4) Based on the amount of the appropriation contained in the annual Budget Act, the department shall compute the final pro rata state share so that each project on the new list would receive the same ratio of state share to local share.

(5) Within 30 days of the enactment of the annual Budget Act, the department shall report to the Legislature on the projects being funded through this program and the ratio of state share to local share.

(d) The Legislature intends to appropriate two hundred fifty million dollars ($250,000,000) by June 30, 1990, two hundred fifty million dollars ($250,000,000) by June 30, 1991, and two hundred million dollars ($200,000,000) by June 30 of each year thereafter for this program.

(e) Construction contracts for projects on the eligibility list established pursuant to subdivision (b) or (c) shall be let not later

than June 30 of the year following the year in which funds are appropriated pursuant to subdivision (d).

(f) The funds appropriated shall be spent not later than June 30 of the third year following the appropriation.

2602.1. Notwithstanding Section 2602, for the 1990-91 fiscal year only, funding for the state-local transportation partnership program shall be implemented as follows:

(a) Any project which was included in the list of eligible projects compiled by the department as of April 1, 1990, may be withdrawn by the applicant for funding during the 1990-91 fiscal year and resubmitted not later than July 31, 1990, for funding in the 1991-92 fiscal year.

(b) The department shall recompute the pro rata share of state funding for projects that remain on the list on August 1, 1990, based upon the amount appropriated for the program for the 1990-91 fiscal year, so that each eligible project will receive the same ratio of state share to local share.

(c) Not later than September 1, 1990, the department shall notify the Legislature of the ratio of state share to local share computed pursuant to subdivision (b).

(d) With respect to any project which was withdrawn and resubmitted by July 31, 1990, pursuant to subdivision (a), the department shall, as nearly as possible, administer and implement the program for the 1990-91 fiscal year in accordance with the procedure prescribed by this section, as if this section had been in effect on that date.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the state-local transportation partnership program may be implemented as quickly as possible, in accordance with the Budget Act of 1990, to fund needed transportation projects, and to eliminate unnecessary restrictions on needed alternative state highway projects, it is necessary that this act take effect immediately.

CHAPTER 628

An act to amend Section 15438.5 of the Government Code, relating to health facility financing.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 15438.5 of the Government Code is amended to read:

15438.5. (a) It is the intent of the Legislature in enacting this part to provide financing only, and, except as provided in subdivisions (b), (c), and (d), only to health facilities which can demonstrate the financial feasibility of their projects without regard to the more favorable interest rates anticipated through the issuance of revenue bonds under this part. It is further the intent of the Legislature that all or part of any savings experienced by a participating health institution, as a result of that tax-exempt revenue bond funding, be passed on to the consuming public through lower charges or containment of the rate of increase in hospital rates. It is not the intent of the Legislature in enacting this part to encourage unneeded health facility construction. Further, it is not the intent of the Legislature to authorize the authority to control or participate in the operation of hospitals, except where default occurs or appears likely to occur.

(b) When determining the financial feasibility of projects for county health facilities, the authority shall consider the more favorable interest rates reasonably anticipated through the issuance of revenue bonds under this part. It is the intent of the Legislature that the authority attempt in whatever ways possible to assist counties to arrange projects which will meet the financial feasibility standards developed under this part.

(c) The authority may issue revenue bonds pursuant to this part to finance the development of a multilevel facility, or any portion of a multilevel facility, including the portion licensed as a residential facility for the elderly, if the skilled nursing facility, intermediate care facility, or general acute care hospital is operated or provided by an eligible participating health institution.

(d) The authority may issue revenue bonds pursuant to this part, if the bonds rank in either of the two highest rating categories established by a nationally recognized bond rating organization, to finance working capital for a participating health institution provided or operated by a city, city and county, county, or district hospital authorized by the laws of this state to provide or operate a health facility and which, pursuant to this part, undertakes financing or refinancing as provided in this part.

(e) The financing or refinancing of projects or working capital for

cities, cities and counties, counties, or hospital districts may be provided pursuant to this part by means other than revenue bonds, at the discretion of the authority, including, without limitation, through certificates of participation, or other interests, in bonds, loans, leases, installment sales or other agreements of the cities, city and county, counties or hospital districts. In this connection, the authority may do all things and execute and deliver all documents and instruments as may be necessary or desirable in connection with issuance of the certificates of participation or other means of financing or refinancing.

(f) Any self-insurance pooling program entered into by participating health institutions which are cities, counties, cities and counties, or hospital districts which is funded or financed in whole or in part with proceeds of the sale of revenue bonds or certificates of participation pursuant to this part shall not be subject to regulation of any kind under the Insurance Code or otherwise as insurance, but only any conditions and restrictions as may be imposed by the authority.

(g) If a health facility seeking financing for a project pursuant to this part does not meet the guidelines established by the authority with respect to bond rating, the authority may nonetheless give special consideration, on a case-by-case basis, to financing the project if the health facility demonstrates to the satisfaction of the authority the financial feasibility of the project, and the performance of significant community service. For the purposes of this part, a health facility which performs a significant community service is one that contracts with Medi-Cal or that can demonstrate, with the burden of proof being on the health facility, that it has fulfilled at least two of the following criteria:

(1) On or before January 1, 1991, has established, and agrees to maintain, a 24-hour basic emergency medical service open to the public with a physician and surgeon on duty, or is a children's hospital as defined in Section 14087.21 of the Welfare and Institutions Code, which jointly provides basic or comprehensive emergency services in conjunction with another licensed hospital. This criterion shall not be utilized in a circumstance where a small and rural hospital, as defined in Section 442.2 of the Health and Safety Code, has not established a 24-hour basic emergency medical service with a physician and surgeon on duty; or will operate a designated trauma center on a continuing basis during the life of the revenue bonds issued by the authority.

(2) Has adopted, and agrees to maintain on a continuing basis during the life of the revenue bonds issued by the authority, a policy, approved and recorded by the facility's board of directors, of treating all patients without regard to ability to pay, including, but not limited to, emergency room walk-in patients.

(3) Has provided and agrees to provide care, on a continuing basis during the life of the revenue bonds issued by the authority, to Medi-Cal and uninsured patients in an amount not less than 5

percent of the facility's adjusted inpatient days as reported on an annual basis to the Office of Statewide Health Planning and Development.

(4) Has budgeted at least 5 percent of its net operating income to meeting the medical needs of uninsured patients and to providing other services, including, but not limited to, community education, primary care outreach in ambulatory settings, and unmet nonmedical needs, such as food, shelter, clothing, or transportation for vulnerable populations in the community, and agrees to continue that policy during the life of the revenue bonds issued by the authority.

On or before January 1, 1992, the authority shall report to the Legislature regarding the implementation of this subdivision. The report shall provide information on the number of applications for financing sought under this subdivision, the number of applications approved and denied under this subdivision, and a brief summary of the reason for any denial of an application submitted under this subdivision.

(h) Enforcement of the conditions under which the authority issues bonds pursuant to this section shall be governed by the enforcement conditions under Section 15459.4.

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, administered by or with the privity of the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused.

(5) Where a person submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a

reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, "duress" means a direct or implied threat of force, violence, danger, hardship, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, "menace" means any threat, declaration, or act which shows an intention to inflict an injury upon another.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 631

An act to add Section 602.6 to the Penal Code, relating to trespass.

[Approved by Governor September 7, 1990 Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 602.6 is added to the Penal Code, to read:

602.6. Every person who enters or remains in, or upon, any state, county, district, or citrus fruit fair buildings or grounds, when the buildings or grounds are not open to the general public, after having been ordered or directed by a peace officer or a fair manager to leave the building or grounds and when the order or direction to leave is issued after determination that the person has no apparent lawful business or other legitimate reason for remaining on the property, and fails to identify himself or herself and account for his or her presence, is guilty of a misdemeanor.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 632

An act to amend Sections 987.2, 1017, 1018, 1035, and 4852.2 of the Penal Code, relating to criminal procedure.

[Approved by Governor September 7, 1990. Filed with Secretary of State September 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 987.2 of the Penal Code is amended to read:

987.2. (a) In any case in which a person, including a person who is a minor, desires but is unable to employ counsel, and in which counsel is assigned in the superior court, municipal court, or justice court to represent the person in a criminal trial, proceeding or appeal, the following assigned counsel shall receive a reasonable sum for compensation and for necessary expenses, the amount of which shall be determined by the court, to be paid out of the general fund of the county:

(1) In a county or city and county in which there is no public defender.

(2) In a county of the first or second class where there is no contract for criminal defense services between the county and one or more responsible attorneys.

(3) In a case in which the court finds that, because of a conflict of interest or other reasons, the public defender has properly refused.

(4) In a county of the first or second class where attorneys contracted by the county are unable to represent the person accused.

(b) The sum provided for in subdivision (a) may be determined by contract between the court and one or more responsible attorneys after consultation with the board of supervisors as to the total amount of compensation and expenses to be paid, which shall be within the amount of funds allocated by the board of supervisors for the cost of assigned counsel in those cases.

(c) In counties that utilize an assigned private counsel system as either the primary method of public defense or as the method of appointing counsel in cases where the public defender is unavailable, the county, the courts, or the local county bar association working with the courts are encouraged to do all of the following:

(1) Establish panels that shall be open to members of the State Bar of California.

(2) Categorize attorneys for panel placement on the basis of experience.

(3) Refer cases to panel members on a rotational basis within the level of experience of each panel, except that a judge may exclude an individual attorney from appointment to an individual case for good cause.

(4) Seek to educate those panel members through an approved training program.

(5) Establish a cost-efficient plan to insure maximum recovery of costs pursuant to Section 987.8.

(d) In a county of the first or second class, the court shall first utilize the services of the public defender to provide criminal defense services for indigent defendants. In the event that the public defender is unavailable and the county and the courts have contracted with one or more responsible attorneys or with a panel of attorneys to provide criminal defense services for indigent defendants, the court shall utilize the services of the county-contracted attorneys prior to assigning any other private counsel. Nothing in this subdivision shall be construed to require the appointment of counsel in any case in which the counsel has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of a county-contracted attorney after making a finding of good cause and stating the reasons therefor on the record.

(e) Notwithstanding any other provision of this section, where an indigent defendant is first charged in one county and establishes an attorney-client relationship with the public defender, defense services contract attorney, or private attorney, and where the defendant is then charged with an offense in a second or subsequent county, the court in the second or subsequent county may appoint the same counsel as was appointed in the first county to represent the defendant when all of the following conditions are met:

(1) The offense charged in the second or subsequent county would be joinable for trial with that charged in the first if it took place in the same county, or involves evidence which would be cross-admissible.

(2) The court finds that the interests of justice and economy will be best served by unitary representation.

(3) Counsel appointed in the first county consents to the appointment.

(f) The county may recover costs of public defender services under Chapter 6 (commencing with Section 4750) of Title 5 of Part 3 for any case subject to Section 4750.

(g) Counsel shall be appointed to represent, in the municipal or justice court, a person who desires but is unable to employ counsel, when it appears that the appointment is necessary to provide an adequate and effective defense for the defendant.

(h) As used in this section, "county of the first or second class" means the county of the first class and county of the second class as provided by Sections 28020, 28022, and 28023 of the Government Code.

SEC. 2. Section 1017 of the Penal Code is amended to read:

1017. Every plea must be made in open court and, may be oral or in writing, shall be entered upon the minutes of the court, and shall be taken down in shorthand by the official reporter if one is present. All pleas of guilty or nolo contendere to misdemeanors or felonies shall be oral or in writing. The plea, whether oral or in writing, shall be in substantially the following form:

1. If the defendant plead guilty: "The defendant pleads that he or she is guilty of the offense charged."

2. If he or she plead not guilty: "The defendant pleads that he or she is not guilty of the offense charged."

3. If he or she plead a former conviction or acquittal: "The defendant pleads that he or she has already been convicted (or acquitted) of the offense charged, by the judgment of the court of _____ (naming it), rendered at _____ (naming the place), on the _____ day of _____."

4. If he or she plead once in jeopardy: "The defendant pleads that he or she has been once in jeopardy for the offense charged (specifying the time, place, and court)."

5. If he or she plead not guilty by reason of insanity: "The defendant pleads that he or she is not guilty of the offense charged because he or she was insane at the time that he or she is alleged to have committed the unlawful act."

SEC. 3. Section 1018 of the Penal Code is amended to read:

1018. Unless otherwise provided by law every plea must be entered or withdrawn by the defendant himself in open court. No plea of guilty of a felony for which the maximum punishment is death, or life imprisonment without the possibility of parole, shall be received from a defendant who does not appear with counsel, nor shall any such plea be received without the consent of the defendant's counsel. No plea of guilty of a felony for which the maximum punishment is not death or life imprisonment without the possibility of parole shall be accepted from any defendant who does not appear with counsel unless the court shall first fully inform him or her of the right to counsel and unless the court shall find that the defendant understands the right to counsel and freely waives it and then, only if the defendant has expressly stated in open court, to the court, that he or she does not wish to be represented by counsel. On application of the defendant at any time before judgment the court may, and in case of a defendant who appeared without counsel at the time of the plea the court must, for a good cause shown, permit the plea of guilty to be withdrawn and a plea of not guilty substituted. Upon indictment or information against a corporation a plea of guilty may be put in by counsel. This section shall be liberally construed to effect these objects and to promote justice.

SEC. 4. Section 1035 of the Penal Code is amended to read:

1035. (a) In a criminal action pending in a municipal or justice court, the court shall order a change of venue to another judicial district in the same county on motion of the prosecution if it appears that the change will be for the convenience of all parties to the action and the defendant and his attorney, if any, consent in writing to the change.

(b) A defendant arrested, held, or present in a county other than that in which an indictment, information, felony complaint, or felony probation violation is pending against the defendant, may state in writing his or her agreement to plead guilty or nolo contendere to some or all of the pending charges, to waive trial or hearing in the county in which the pleading is pending, and to consent to disposition of the case in the county in which that defendant was arrested, held, or present, subject to the approval of the district attorney for each county. Upon receipt of the defendant's statement and of the written approval of the district attorneys, the clerk of the court in which the pleading is pending shall transmit the papers in the proceeding or certified copies thereof to the clerk of the court for the county in which the defendant is arrested, held, or present, and the prosecution shall continue in that county. However, the proceedings shall be limited solely to the purposes of plea and sentencing and not for trial. If, after the proceeding has been transferred pursuant to this section, the defendant pleads not guilty, the clerk shall return the papers to the court in which the prosecution was commenced and the proceeding shall be restored to the docket of that court. The defendant's statement that the defendant wishes to plead guilty or nolo contendere shall not be used against the defendant.

SEC. 5. Section 4852.2 of the Penal Code is amended to read:

4852.2. Every person, other than an individual who is licensed to practice law in the State of California, pursuant to Article 4 (commencing with Section 6060) of Chapter 4 of Division 3 of the Business and Professions Code and who is acting in that capacity, who solicits or accepts any fee, money, or anything of value for his or her services, or his or her purported services, in representing a petitioner in any proceeding under this chapter, or in any application to the Governor for a pardon under this chapter, is guilty of a misdemeanor.

CHAPTER 633

An act to amend Section 17705.5 of the Education Code, and to amend Sections 53080.1 and 65995.1 of the Government Code, relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 17705.5 of the Education Code is amended to read:

17705.5. (a) The total building cost portion of any state funding for any project approved under this chapter for the construction of one or more school facilities shall be reduced by the amount of the local matching share requirement computed under subdivision (b).

(b) Each school district to which funds are allocated pursuant to this chapter for the construction or reconstruction of one or more school facilities shall provide, as its share of the cost of the project, an amount equal to the product of the applicable maximum fee authorized under Section 53080 of the Government Code, or Chapter 4.7 (commencing with Section 65970) of Division 1 of Title 7 of the Government Code, or both, times the number of square feet of new residential, commercial, and industrial construction, as appropriate, for which building permits are issued within the boundaries of the school district from the date on which the board approves the district's application for project funding under this chapter to the date upon which the notice of completion for the project is issued. Notwithstanding any other provision of this paragraph, as to any construction for which the payment of a fee, charge, or dedication is required under a contract as described in paragraph (1) of subdivision (c) of Section 65995 of the Government Code, the matching share required under this subdivision shall be deemed to be the maximum payment that may be required under that contract as a condition of the approval of that construction. The amount calculated in this subdivision is reduced by the sum of the following:

(1) Any amounts expended by the district during the described period of time for the acquisition of interim classroom facilities pursuant to Chapter 4.7 (commencing with Section 65970) of Division 1 of Title 7 of the Government Code from the proceeds of the fee levied by the district during that period. This amount is limited to the acquisition of interim classroom facilities necessary to temporarily house that number of pupils calculated, under state pupil loading standards, by subtracting the average daily attendance of the district based on a three-year enrollment projection from the average daily attendance of the district based on a five-year

enrollment projection. Notwithstanding that limit, the board may authorize the acquisition of additional interim classroom facilities for the purposes of this paragraph to the extent it determines that acquisition to be necessary to alleviate severe classroom overcrowding. Enrollment projections for this purpose shall be made in accordance with this chapter.

(2) Any amounts expended by the district during the described period of time for the local matching share of any project funded under this chapter from the proceeds of the fee levied by the district during that period.

(3) An amount reflecting the extent to which the district is precluded from collecting those fees by reason of the levy and collection of developer fees by another school district having common territorial jurisdiction.

(4) An amount reflecting the reasonable administrative expenses incurred by the school district in calculating and collecting the fees or other requirements levied by the school district during that period. If the school district has entered into an agreement pursuant to subdivision (a) of Section 53080 of the Government Code whereby the fees or other requirements imposed are collected in whole or in part by a city or county, the amount of administrative expenses calculated under this paragraph shall include any amount paid by the school district to the city or county as reimbursement for that service. In no event shall the total amount of the administrative expenses calculated under this paragraph exceed 3 percent of the fees collected during that period.

(c) Where part or all of the local matching share is funded from the proceeds of a special tax or other charge, rather than from the imposition of a school facilities fee or other requirement, the applicant district shall not be required to pay that amount of the local matching share until those proceeds become available to the district.

(d) For purposes of establishing an estimate of the state project costs pursuant to subdivision (a), the board may estimate the local matching share by using the product of the annual average of the amount that would have resulted from the application of the maximum fee to the square footage of all new construction within the district over the three calendar years preceding the district's project application times the number of years over which the board estimates the fee will be collected by the district pursuant to the project to be funded.

(e) Only those project applications for which, prior to January 1, 1987, the board had made the apportionment for site acquisition and working drawings or the final apportionment for construction of the project shall be subject to the provisions of this chapter in effect prior to that date.

(f) The board may provide a loan to any applicant district in an amount equal to all or a part of the district's obligation under subdivision (b), subject to the requirement that the district pay each month to the board, as reimbursement, an amount equal to the

proceeds that would be received by the district from the imposition of the fee described under subdivision (b) until the total amount of the loan has been repaid, together with interest computed pursuant to Section 16065.

(g) The board may make the loan specified in subdivision (f) from any funds available from any source, including, but not limited to, those amounts made available pursuant to Section 16065.

(h) All loan and interest amounts paid to the state pursuant to this section shall be available for the use of the board in the funding of projects as otherwise provided under this chapter, including, but not limited to, additional loans.

(i) The board is authorized to accept from applicant school districts, as a method of compliance with all or part of the local matching share requirement calculated under this section, land that will be part of the project for which the matching share is to be paid, in which event title to the land shall be conveyed to the state. The board shall determine the value of the land to be used for this purpose, and shall adopt rules and regulations as necessary to otherwise implement this subdivision.

(j) This section shall remain in effect only until such date as any state general obligation bond measure submitted to the voters of this state for their ratification, which measure includes within its purposes the funding of school facilities construction, fails to receive that ratification, and as of that date is repealed.

SEC. 2. Section 53080.1 of the Government Code is amended to read:

53080.1. (a) Any resolution adopting or increasing a fee, charge, dedication, or other requirement pursuant to Section 53080, for application to residential, commercial, or industrial development, shall be enacted in accordance with Chapter 5 (commencing with Section 66000) of Division 1 of Title 7, with Section 54994.1, and with the procedures for mailed notice set forth in Section 54992. The adoption, increase, or imposition of any fee, charge, dedication, or other requirement pursuant to Section 53080 shall not be subject to Division 13 (commencing with Section 21000) of the Public Resources Code. The adoption of, or increase in, the fee, charge, dedication, or other requirement shall be effective no sooner than 60 days following the final action on that adoption or increase, except as specified in subdivision (b).

(b) Without following the procedure otherwise required for adopting or increasing a fee, charge, dedication, or other requirement, the governing board of a school district may adopt an urgency measure as an interim authorization for a fee, charge, dedication, or other requirement, or increase in a fee, charge, dedication, or other requirement, where necessary to respond to a current and immediate threat to the public health, welfare, or safety. The interim authorization shall require a four-fifths vote of the governing board for adoption, and shall contain findings describing the current and immediate threat to the public health, welfare, or

safety. The interim authorization shall have no force or effect on and after a date 30 days after its adoption. After notice and hearing in accordance with subdivision (a), the governing board, upon a four-fifths vote of the board, may extend the interim authority for an additional 30 days. Not more than two extensions may be granted.

(c) Upon adopting or increasing a fee, charge, dedication, or other requirement pursuant to subdivision (a) or (b), the school district shall transmit a copy of the resolution to each city and each county in which the district is situated, accompanied by all relevant supporting documentation and a map clearly indicating the boundaries of the area subject to the fee, charge, dedication, or other requirement. The school district governing board shall specify, pursuant to that notification, whether or not the collection of the fee or other charge is subject to the restriction set forth in subdivision (a) of Section 66007.

(d) Any party on whom a fee, charge, dedication, or other requirement has been directly imposed pursuant to Section 53080 may protest the establishment or imposition of that fee, charge, dedication, or other requirement in accordance with Section 66009, except that the procedures set forth in Section 66008 are deemed to apply, for this purpose, to commercial and industrial development, as well as to residential development.

(e) In the case of any commercial or industrial development, the following procedures shall also apply:

(1) The school district governing board shall, in the course of making the findings required under subdivisions (a) and (b) of Section 66001, do all of the following:

(A) Make the findings on either an individual project basis or on the basis of categories of commercial or industrial development. Those categories may include, but are not limited to, the following uses: office, retail, transportation, communications and utilities, light industrial, heavy industrial, research and development, and warehouse.

(B) Conduct a study to determine the impact of the increased number of employees anticipated to result from the commercial or industrial development upon the cost of providing school facilities within the district. For the purpose of making that determination, the study shall utilize employee generation estimates that are calculated on either an individual project or categorical basis, in accordance with subparagraph (A). Those employee generation estimates shall be based upon commercial and industrial factors within the district or upon, in whole or in part, the applicable employee generation estimates set forth in the January 1990 edition of "San Diego Traffic Generators," a report of the San Diego Association of Governments.

(C) The governing board shall take into account the results of that study in making the findings described in this subdivision.

(2) In addition to any other requirement imposed by law, in the case of any development project against which a fee, charge,

dedication, or other requirement is to be imposed pursuant to Section 53080 on the basis of a category of commercial or industrial development, as described in paragraph (1), the governing board shall provide a process that permits the party against whom the fee, charge, dedication, or other requirement is to be imposed the opportunity for a hearing to appeal that imposition. The grounds for that appeal include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the fee, charge, dedication, or other requirement is to be imposed, or that the employee generation or pupil generation factors utilized under the applicable category are inaccurate as applied to the project. The party appealing the imposition of the fee, charge, dedication, or other requirement shall bear the burden of establishing that the fee, charge, dedication, or other requirement is improper.

SEC. 3. Section 65995.1 of the Government Code is amended to read:

65995.1. (a) Notwithstanding any other provision of law, as to any development project for the construction of senior citizen housing, as described in Section 51.3 of the Civil Code, a residential care facility for the elderly as described in subdivision (k) of Section 1569.2 of the Health and Safety Code, or a multilevel facility for the elderly as described in paragraph (9) of subdivision (d) of Section 15432, any fee, charge, dedication, or other form of requirement that is levied under Section 53080 may be applied only to new construction, and is subject to the limits and conditions applicable under subdivision (b) of Section 65995 in the case of commercial or industrial development.

(b) Any development project against which school facilities fees or other requirements have been levied in accordance with the limit set forth in subdivision (a) may be converted to any use other than those uses described in the statutes cited in that subdivision only with the approval of the city or county that issued the building permit for the project. That approval shall not be granted absent certification by the appropriate school district that payment has been made on the part of the development project at the rate of the school facilities fee, charge, dedication, or other form of requirement applied by the district under Section 53080 to residential development as of the date of conversion, less the amount of any school facilities fees or other requirements paid on the part of the project in accordance with the limits set forth in subdivision (a).

SEC. 4. Section 1 of this act shall not become operative if Assembly Bill 3185, Senate Bill 79, or Senate Bill 2780 of the 1989–90 Regular Session (1) is enacted and becomes effective on or before January 1, 1991, but prior to the effective date of this bill, and (2) amends Section 17705.5 of the Education Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of theConstitution and shall go into immediate effect. The facts constituting the necessity are:

In order to mitigate the expense being incurred by school districts in order to comply with existing provisions of law requiring that designated findings be made prior to the imposition of certain school facilities fees or other requirements, it is necessary that this act take effect immediately.

CHAPTER 634

An act relating to law enforcement.

[Approved by Governor September 8, 1990 Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) A majority of Californians believe that crime, particularly violent crime, is at unacceptably high levels and that there are less law enforcement personnel on the streets.

(b) A greater number of visible law enforcement personnel deters crime and enhances the security of all citizens.

(c) For lack of funds and competing demands, many city and county law enforcement agencies are turning away qualified police officer applicants, reducing forces, delaying responses, and failing to expand services to meet rising demand.

(d) The addition of more entry-level officers would release seasoned career officers for complex investigations and command responsibilities.

(e) Many departments need more minorities and women to bring their agency's makeup into conformity with the populations they serve.

(f) Many departments would like an alternative to using career officers for routine police functions if they could be assured of good quality and high standards in their replacements.

(g) Many young people who are interested in public service careers, including law enforcement, are in need of financial assistance to attend college.

(h) There is widespread interest in the concept of a police corps scholarship program and several proposals are presently before the United States Congress for the purpose of establishing such a program.

(i) The Legislature hereby expresses its interest in a police corps scholarship program and desires to receive and review a report on the feasibility of implementing a police corps scholarship program in California and alternatives for increasing law enforcement staffing levels.

SEC. 2. The Office of Criminal Justice Planning, after conferring with representatives of the Attorney General's office, police and

sheriffs' organizations throughout the state, institutions of higher education which specialize in the area of criminology, the California Community Colleges, the University of California, the California State University, and the California Student Aid Commission, shall do all of the following:

(a) Study the police corps scholarship concept described in Section 1 of this act and determine what steps need to be taken to receive federal funding which may be available for a police corps scholarship program and other programs which may serve as alternatives for increasing law enforcement staffing levels.

(b) The office shall report its findings to the Governor and to the Legislature by January, 1, 1992.

CHAPTER 635

An act to add Section 21375 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 21375 is added to the Vehicle Code, to read:

21375. (a) The Department of Transportation shall place and maintain, or cause to be placed and maintained, directional signs on freeways indicating the location of the freeway off ramp which may be used to reach a public or private postsecondary education institution having an enrollment of either 1,000 or more full-time students or the equivalent in part-time students, at the request of the institution. No signs shall be erected pursuant to this subdivision until the department has received donations from private sources covering the costs of erecting the signs.

(b) The Department of Transportation shall place and maintain, or cause to be placed and maintained, freeway directional signs for any institution described in subdivision (a) for which freeway directional signs had previously been erected and which has, on or after January 1, 1980, moved to another location, if that move was done to contribute to the improvement of the institution, as determined by the department. Freeway directional signs erected pursuant to this subdivision shall be at no cost to the institution.

(c) Subdivision (a) applies to a public or private postsecondary institution which is located within two miles of the freeway in a major metropolitan area, within four miles of the freeway in an urban area, or within five miles of the freeway in a rural area. Subdivision (b) applies to a public or private postsecondary education institution which has moved to a location which is within the distances specified in this subdivision.

CHAPTER 636

An act to amend Section 269 of the Code of Civil Procedure, relating to criminal procedure.

[Approved by Governor September 8, 1990 Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 269 of the Code of Civil Procedure is amended to read:

269. (a) The official reporter of a superior court, or any of them, where there are two or more, shall, at the request of either party, or of the court in a civil action or proceeding, and on the order of the court, the district attorney, or the attorney for the defendant in a criminal action or proceeding, take down in shorthand all testimony, objections made, rulings of the court, exceptions taken, all arraignments, pleas, and sentences of defendants in criminal cases, arguments of the prosecuting attorney to the jury, and all statements and remarks made and oral instructions given by the judge. If directed by the court, or requested by either party, the official reporter shall, within such reasonable time after the trial of the case as the court may designate, write the transcripts out, or the specific portions thereof as may be requested, in plain and legible longhand, or by typewriter, or other printing machine, and certify that the transcripts were correctly reported and transcribed, and when directed by the court, file the transcripts with the clerk of the court.

(b) In any case where a defendant is convicted of a felony, after a trial on the merits, the record on appeal shall be prepared immediately after the verdict or finding of guilt is announced unless the court determines that it is likely that no appeal from the decision will be made. The court's determination of a likelihood of appeal shall be based upon standards and rules adopted by the Judicial Council.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by an option county, as defined in Section 77004 of the Government Code, because an option county has waived all claims for reimbursement for state-mandated local programs for court operations and will receive block grant funding under the Brown-Presley Trial Court Funding Act (Chapter 13 (commencing with Section 77000) of Title 8 of the Government Code), in lieu of the requirements under Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement for those costs to counties which are not option counties, as defined in Section 77004

of the Government Code, shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 637

An act to add Section 1725 to the Civil Code, relating to negotiable instruments.

[Approved by Governor September 8, 1990 Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1725 is added to the Civil Code, to read:

1725. (a) No person accepting a negotiable instrument as payment in full or in part for goods or services shall do any of the following:

(1) Require the person paying with a negotiable instrument to provide a credit card as a condition of acceptance of the negotiable instrument, as a means of identification, or for any other purpose.

(2) Require, as a condition of acceptance of the negotiable instrument, or cause the person paying with a negotiable instrument to sign a statement agreeing to allow his or her credit card to be charged to cover the negotiable instrument if returned as no good.

(3) Record a credit card number in connection with any part of the transaction described in this subdivision.

(4) Contact a credit card issuer to determine if the amount of any credit available to the person paying with a negotiable instrument will cover the amount of the negotiable instrument.

(b) Any person who violates this section is subject to a civil penalty not to exceed two hundred fifty dollars ($250) for a first violation, and to a civil penalty not to exceed one thousand dollars ($1,000) for a second or subsequent violation, to be assessed and collected in a civil action brought by the person paying with a negotiable instrument, by the Attorney General, or by the district attorney or city attorney of the county or city in which the violation occurred. However, no civil penalty shall be assessed for a violation of this section if the defendant shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error made notwithstanding the defendant's maintenance of procedures reasonably adopted to avoid such an error. When

collected, the civil penalty shall be payable, as appropriate, to the person paying with a negotiable instrument who brought the action or to the general fund of whichever governmental entity brought the action to assess the civil penalty.

(c) The Attorney General, or any district attorney or city attorney within his or her respective jurisdiction, may bring an action in the superior court in the name of the people of the State of California to enjoin violation of subdivision (a) and, upon notice to the defendant of not less than five days, to temporarily restrain and enjoin the violation. If it appears to the satisfaction of the court that the defendant has, in fact, violated subdivision (a), the court may issue an injunction restraining further violations, without requiring proof that any person has been damaged by the violation. In these proceedings, if the court finds that the defendant has violated subdivision (a), the court may direct the defendant to pay any or all costs incurred by the Attorney General, district attorney, or city attorney in seeking or obtaining injunctive relief pursuant to this subdivision.

(d) Actions for collection of civil penalties under subdivision (b) and for injunctive relief under subdivision (c) may be consolidated.

(e) For the purposes of this section, the following terms have the following meanings:

(1) "Credit card" has the meaning specified in Section 1747.02, and does not include a check guarantee card.

(2) "Negotiable instrument" has the meaning specified in Section 3104 of the Commercial Code.

(f) This section does not prohibit any person from doing any of the following:

(1) Requiring the production of reasonable forms of positive identification, other than a credit card, which may include a driver's license or a California state identification card, as a condition of acceptance of a negotiable instrument.

(2) Requesting a purchaser to display a credit card as an indicia of creditworthiness or financial responsibility, or as an additional identification, provided the only information concerning the credit card which is recorded is the type of credit card displayed, the issuer of the card, or the expiration date of the card.

(3) Requesting production of, or recording, a credit card number as a condition for cashing a check, provided the person has agreed with the credit card issuer to cash checks as a service to cardholders of the issuer, the issuer has agreed to guarantee cardholder checks cashed by that person, and the cardholder has given actual, apparent, or implied authority for the use of his or her card number in the manner and for the purpose described in this paragraph.

(4) Requesting, receiving, or recording a credit card number in lieu of requiring a deposit to secure payment in event of default, loss, damage, or other occurrence.

(g) This section does not require acceptance of a negotiable instrument whether or not a credit card is presented.

CHAPTER 638

An act to amend Section 10095 of, and to add Section 10095.5 to, the Insurance Code, relating to insurance.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 10095 of the Insurance Code is amended to read:

10095. (a) Within 30 days following the effective date of this chapter, the association shall submit to the commissioner, for his review, a proposed plan of operation, consistent with the provisions of this chapter, creating an association consisting of all insurers licensed to write and engaged in writing in this state, on a direct basis, basic property insurance or any component thereof in homeowners or other dwelling multiperil policies. Every such insurer shall be a member of the association and shall remain a member as a condition of its authority to transact such kinds of insurance in this state.

(b) The proposed plan shall authorize the association to assume and cede reinsurance on risks written by insurers in conformity with the program.

(c) Under the plan, each insurer shall participate in the writings, expenses, profits and losses of the association in the proportion that its premiums written during the second preceding calendar year bear to the aggregate premiums written by all insurers in the program, excluding that portion of the premiums written attributable to the operation of the association.

(d) The plan shall provide for administration by a governing committee under rules to be adopted by it with the approval of the commissioner. Voting on administrative questions of the association and facility shall be weighted in accordance with each insurer's premiums written during the second preceding calendar year as disclosed in the reports filed by the insurer with the commissioner.

(e) The plan shall provide for a plan to encourage persons to secure basic property insurance through normal channels from an admitted insurer or a licensed surplus line broker by informing such persons what steps they must take in order to secure such insurance through normal channels.

(f) The plan shall be subject to the approval of the commissioner and shall go into effect upon the tentative approval of the commissioner. The commissioner may, at any time, withdraw his tentative approval or he may, at any time after he has given his final approval revoke such approval if he feels it is necessary to carry out the purposes of the chapter. The withdrawal or revocation of such approval shall not affect the validity of any policies executed prior to

the date of such withdrawal. If the commissioner disapproves or withdraws or revokes his approval to all or any part of the plan of operation, the association shall within 30 days, submit for review an appropriately revised plan or part thereof, and, if the association fails to do so, or if the revised plan so filed is unacceptable, the commissioner shall promulgate such a plan of operation or part thereof as he may deem necessary to carry out the purpose of this chapter.

(g) The association may, on its own initiative or at the request of the commissioner, amend the plan of operation, subject to approval by the commissioner, who shall have supervision of the inspection bureau, the facility and the association. The commissioner or any person designated by him, shall have the power of visitation of and examination into the operation and free access to all the books, records, files, papers, and documents that relate to operation of the facility and association, and may summon, qualify and examine as witnesses all persons having knowledge of such operations including officers, agents or employees thereof.

(h) Every insurer member of the plan shall provide to applicants who are denied coverage the statewide toll-free "800" number for the plan established pursuant to Section 10095.5 for the purpose of obtaining information and assistance in obtaining basic property insurance.

SEC. 2. Section 10095.5 is added to the Insurance Code, to read:

10095.5. (a) The association shall establish and maintain a statewide toll-free "800" number through which persons may receive assistance in applying for insurance through the plan. The association shall cause the number to be published in all general distribution telephone directories in California.

(b) Every insurance agent or broker transacting basic property insurance shall either assist persons in making application for insurance through the plan or provide persons who desire that insurance with the toll-free number established pursuant to subdivision (a).

CHAPTER 639

An act to add Section 308.5 to the Penal Code, relating to video game software.

[Approved by Governor September 8, 1990 Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) That minors are very susceptible to alcohol and tobacco

advertisements.

(b) That video games are an inappropriate medium for commercial presentations of alcohol and tobacco products, and the design and sale of video games with these presentations should be prohibited.

SEC. 2. Section 308.5 is added to the Penal Code, to read:

308.5. (a) No person or business shall sell, lease, rent, or provide, or offer to sell, lease, rent, or otherwise offer to the public or to public establishments in this state, any video game intended for either private use or for use in a public establishment and intended primarily for use by any person under the age of 18 years, which contains, in its design and in the on-screen presentation of the video game, any paid commercial advertisement of alcoholic beverage or tobacco product containers or other forms of consumer packaging, particular brand names, trademarks, or copyrighted slogans of alcoholic beverages or tobacco products.

(b) As used in this section, "video game" means any electronic amusement device that utilizes a computer, microprocessor, or similar electronic circuitry and its own cathode ray tube, or is designed to be used with a television set or a monitor, that interacts with the user of the device.

(c) A violation of this section is a misdemeanor.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The print on the label shall be no smaller than 12-point.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 645

An act to amend Sections 798.74 and 798.75 of the Civil Code, relating to mobilehome parks.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.74 of the Civil Code is amended to read:

798.74. (a) The management may require the right of prior approval of a purchaser of a mobilehome that will remain in the park and that the selling homeowner or his or her agent give notice of the sale to the management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the rent and charges of the park unless the management reasonably determines that, based on the purchaser's prior tenancies, he or she will not comply with the rules and regulations of the park. In determining whether the purchaser has the financial ability to pay the rent and charges of the park, the management shall not require the purchaser to submit copies of any personal income tax returns in order to obtain approval for residency in the park. However, management may require the purchaser to document the amount and source of his or her gross monthly income or means of financial support.

Upon request of any prospective homeowner who proposes to purchase a mobilehome that will remain in the park, management shall inform that person of the information management will require in order to determine if the person will be acceptable as a homeowner in the park.

Within 15 business days of receiving all of the information requested from the prospective homeowner, the management shall notify the seller and the prospective homeowner, in writing, of either acceptance or rejection of the application, and the reason if rejected. During this 15-day period the prospective homeowner shall comply with the management's request, if any, for a personal interview. If the approval of a prospective homeowner is withheld for any reason other than those stated in this article, the management or owner may be held liable for all damages proximately resulting therefrom.

(b) If the management collects a fee or charge from a prospective purchaser of a mobilehome in order to obtain a financial report or credit rating, the full amount of the fee or charge shall be credited toward payment of the first month's rent for that mobilehome purchaser. If, for whatever reason, the prospective purchaser is rejected by the management, the management shall refund to the prospective purchaser the full amount of that fee or charge within 30 days from the date of rejection. If the prospective purchaser is approved by the management, but, for whatever reason, the

prospective purchaser elects not to purchase the mobilehome, the management may retain the fee, or a portion thereof, to defray its administrative costs under this section.

SEC. 2. Section 798.75 of the Civil Code is amended to read:

798.75. (a) An escrow, sale, or transfer agreement involving a mobilehome located in a park at the time of the sale, where the mobilehome is to remain in the park, shall contain a copy of either a fully executed rental agreement or a statement signed by the park's management and the prospective homeowner that the parties have agreed to the terms and conditions of a rental agreement.

(b) In the event the purchaser fails to execute the rental agreement, the purchaser shall not have any rights of tenancy.

(c) In the event that an occupant of a mobilehome has no rights of tenancy and is not otherwise entitled to occupy the mobilehome pursuant to this chapter, the occupant is considered an unlawful occupant if, after a demand is made for the surrender of the mobilehome park site, for a period of five days, the occupant refuses to surrender the site to the mobilehome park management. In the event the unlawful occupant fails to comply with the demand, the unlawful occupant shall be subject to the proceedings set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure.

(d) The occupant of the mobilehome shall not be considered an unlawful occupant and shall not be subject to the provisions of subdivision (c) if all of the following conditions are present:

(1) The occupant is the registered owner of the mobilehome.

(2) The management has determined that the occupant has the financial ability to pay the rent and charges of the park; will comply with the rules and regulations of the park, based on the occupant's prior tenancies; and will comply with this article.

(3) The management failed or refused to offer the occupant a rental agreement.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Pursuant to Section 137 of the Federal-Aid Highway Act of 1987 (Public Law 100-17), the Secretary of Transportation has selected California as one of five states to participate in a combined road plan demonstration program to demonstrate an alternative administration of the federal-aid secondary program, federal-aid urban program, and the off-system bridge, urban bridge, and secondary bridge programs. The demonstration program will operate as a single category apportionment for the remainder of the Federal-Aid Highway Act of 1987.

SEC. 2. Chapter 5.1 (commencing with Section 2220) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 5.1. COMBINED ROAD PLAN

2220. This chapter shall be known and may be cited as the Federal-Aid Combined Road Plan Act.

2221. The purpose of this chapter is to implement the combined road plan demonstration program, pursuant to Section 137 of the Federal-Aid Highway Act of 1987, in this state in a manner compatible and consistent with historic programming goals. The department shall establish and distribute interim guidelines to appropriate local representatives with respect to the programming and management of combined road plan apportionments. The guidelines shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

2222. Notwithstanding Chapters 5 (commencing with Section 2200), 7 (commencing with Section 2350), and 9 (commencing with Section 2400), this chapter applies to the administration of the Federal-Aid Combined Road Plan Demonstration Program as to funds appropriated under the Federal-Aid Highway Act of 1987, for the federal-aid secondary program, federal-aid urban program, and the off-system bridge, urban bridge, and secondary bridge programs.

2223. Combined road plan apportionments received by this state

under the Federal-Aid Highway Act of 1987 shall be allocated by the department to city, county, and urbanized areas consistent with procedures established under Chapters 5 (commencing with Section 2200) and 7 (commencing with Section 2350). That portion of combined road plan apportionments attributable to the federal bridge reconstruction and replacement program shall be obligated to bridge construction or other eligible use approved by the department.

2224. (a) To assist the department in the performance of its duties in relation thereto, there is a statewide Combined Road Plan Committee, which consists of the following members:

(1) One urban representative of a regional transportation planning agency selected by the California Association of Councils of Governments.

(2) One rural representative of a regional transportation planning agency selected by the California Association of Councils of Governments.

(3) Two representatives of the California Transit Association, one of whom shall be a representative of a rail operator, and one of whom shall be a representative of a bus operator.

(5) Six representatives, of whom three shall be from northern California, selected by the League of California Cities.

(6) Four representatives, of whom two shall be from northern California, selected by the County Supervisors Association of California.

(7) One representative from the department, who shall serve as an ex officio member.

(8) The Regional Division Administrator of the Federal Highway Administration, or the administrator's designated representative, who shall serve as an ex officio member.

The names of the members of the committee shall be submitted to the director not later than 45 days after the date this section becomes operative.

(b) The committee shall advise the department on the administration of combined road plan apportionments and the establishment of interim guidelines for the use of all available apportionments within the demonstration period. The interim guidelines shall include, but not be limited to, a requirement that any funds apportioned under the Federal-Aid Combined Road Plan Demonstration Program pursuant to Section 2223 which are subject to reallocation shall be, as a first priority, reallocated to another local entity within the same county. The department may delegate authority for the establishment of local area guidelines to county combined road plan committees.

2225. Section 2360 does not apply to funds apportioned and allocated under the combined road plan demonstration program.

2226. For the duration of the combined road plan demonstration program, state matching funds and state exchange funds under Sections 2209 and 2210 shall continue to be made available, in the same amounts, to those agencies which received those funds in the 1988–89 fiscal year.

2227. This chapter shall remain operative until the director determines that the federal combined road plan demonstration program is no longer in effect. The director shall submit a notice of the determination under this section to the Secretary of State, and this chapter shall be repealed on January 1 next following the receipt of that notice by the Secretary of State.

SEC. 3. Section 2355 of the Streets and Highways Code is repealed.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the benefits which will result from adminstration of the Federal-Aid Combined Road Plan Demonstration Program to be realized as soon as possible, and in order for the plan to apply to the maximum amount of the appropriations of the Federal-Aid Highway Act of 1987, it is necessary that this act take effect immediately.

The governing board of the school district or community college district shall reimburse all reasonable costs incurred by a county committee in adjusting the boundaries pursuant to this subdivision.

(c) Except to the extent that the adjustment of trustee area boundaries is necessary for the purposes set forth in this section, the authority to establish or abolish trustee areas, rearrange the boundaries of trustee areas, increase or decrease the number of members of the governing board, or adopt any method of electing governing board members may be exercised only as otherwise provided under this article.

[Approved by Governor September 8, 1990. Filed with Secretary of State September 11, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 31680.4 is added to the Government Code, to read:

31680.4. Notwithstanding any other provision of law, a member retired for service and reemployed in a county or district under this chapter shall become again an active member of the retirement association upon (a) his or her application to the board for reinstatement, (b) the determination of the board, based upon medical examination, that he or she is not incapacitated for the duties assigned to him or her; and (c) meeting the conditions for membership in Article 4 (commencing with Section 31550) are met.

For the purposes of this section, the effective date of the member's reinstatement to active membership shall be the first day of the month following the date of reemployment.

Except as permitted in Section 31680.2 or 31680.3, the retirement allowance of the member shall be canceled on the effective date of the member's reemployment and shall be resumed only upon the subsequent termination of the member from employment.

This section shall not be operative in any county until the board of supervisors, by resolution adopted by a majority vote, makes this section and Section 31680.5 operative in that county.

SEC. 2. Section 31680.5 is added to the Government Code, to read:

31680.5. (a) Upon reinstatement, pursuant to Section 31680.4, the member's rate of contributions and retirement allowance upon subsequent retirement shall be determined as if the member were first entering the system.

Solely for the purpose of determining the member's eligibility for service retirement under this section, service shall include the member's credited service prior to reinstatement.

(b) The member's allowance upon his or her service or disability retirement or other termination subsequent to the reinstatement shall be the sum of (1) his or her retirement allowance calculated on the basis of credited service rendered after reinstatement in accordance with the formula applicable to him or her plus (2) his or her retirement allowance as it was prior to reinstatement, adjusted by any change after reinstatement in the provisions governing the calculation of his or her allowance which would have applied to him or her had he or she continued in retirement.

The retirement allowance otherwise payable under this section to a member whose allowance prior to reinstatement was paid pursuant to his or her election under Section 31810 shall be reduced as provided in Section 31810. However, for a member reinstated pursuant to Section 31680.4 prior to attaining age 62, the reduction required by Section 31810 shall be the amount which is the actuarial value of the increase in the allowance from date of retirement to date of reinstatement.

Notwithstanding any other provision of this chapter, the retirement allowance payable to any member subject to this section for any credited service for which a retirement allowance was paid prior to reinstatement shall not be less than the retirement allowance which would have been payable on the date of the subsequent retirement had the member not been reinstated, adjusted, however, by any reduction under this section because of an election under Section 31810.

74920.1. The Tulare County Municipal Court District consists of the following divisions embracing that territory which was within the following judicial districts in the County of Tulare as they existed on December 31, 1990, and as those divisions are thereafter modified by the board of supervisors or by operation of law:

(a) Any Tulare County municipal or justice court judge who does not desire to succeed to office in the district shall file with the county clerk a written statement to that effect by January 1, 1991. Failure to file such a statement is deemed an election by the judge to assert his or her claim to eligibility to office in the district, and he or she shall automatically succeed to office in the district, as further provided in this section.

(b) In the Porterville Division, all judges of the Porterville Municipal Court District shall automatically become judges of the Porterville Division, and shall serve until the election or appointment of their successors.

(g) The time for election and qualification of the successor to any judge who becomes a judge of the district pursuant to this section, shall be that previously fixed by law for the election and qualification of the successors for the court and office superseded, had those courts not been superseded, but in no event shall any such election of successors be held within 10 months of succession to office pursuant to this section.

(h) If, after the creation of the Tulare County Municipal Court District and the succession to office of any eligible municipal or justice court judge holding that office upon the creation of the district, a vacancy occurs in any division, the vacancy shall be filled according to otherwise applicable law and not with reference to this section.

74921.2. The board of supervisors may, by ordinance, create new divisions of the Tulare County Municipal Court District and may modify or enlarge the divisions created by this chapter. This section shall not be construed to limit, or be limited by, existing provisions of law conferring authority upon the board of supervisors to revise judicial division boundaries or to consolidate judicial divisions after public hearing before the board of supervisors.

74921.3. For purposes of the qualification and election of judges, the "division" referred to in this chapter is and shall continue to be the "district" referred to in subdivision (b) of Section 16 of Article VI of the Constitution of the State of California.

74921.4. Within each division, even in divisions having only one judge, there shall be a supervising judge.

The judges shall, by majority vote, formulate rules and regulations not inconsistent with law or rules and regulations adopted and prescribed by the Judicial Council for transfer of cases, assignment of judges, scheduling of vacation of judges, and other administrative matters such as will promote uniformity of procedures and efficiency and economy in the business of the district. 74921.6. The judges of the district shall meet quarterly, and more often if necessary, upon the call in writing of the presiding judge of the district or of any two supervising judges. At the last meeting of each calendar year, the judges shall (a) elect the presiding judge of the district for the next year, commencing January 1; (b) review the business of the district; and (c) make such recommendations to the

board of supervisors and to the Judicial Council as they deem desirable or necessary to promote the administration of justice in the courts of the district.

74921.7. There shall be one clerk of the district, to be known as the municipal court administrator, who shall be appointed by and serve at the pleasure of a majority vote of the judges. The municipal court administrator shall receive a biweekly salary range of 235 in the Tulare County Salary Resolution. He or she shall be the appointing power for those positions listed in Section 74921.10 as being appointed by the municipal court administrator.

74921.8. The municipal court administrator shall be the administrative officer of the district under the control and supervision of the presiding judge of the district. (g) To serve as liaison for the district with other persons, committees, boards, groups, associations, and the County of Tulare as directed by the presiding judge of the district or the judges.

74921.9. There shall be one marshal for each division of the district, who shall receive a biweekly salary set at range 203.

Upon the effective date of this chapter, the marshal of the Porterville Municipal Court District shall continue in office as the marshal of the Porterville Division, the marshal of the Visalia Municipal Court District shall continue in office as the marshal of the Visalia Division, and the marshal of the Tulare-Pixley Municipal Court District shall continue in office as the marshal of the Tulare-Pixley Division, until the expiration of their respective terms. Their successors shall be elected by the electors of the divisions. The judges of the respective divisions shall appoint marshals for the Dinuba Division and the Central Division; or if such an appointment is not made within 30 days after the judge assumes office, the board

of supervisors may provide for the election of a marshal by the electors of the division. Each marshal shall be the appointing power for those positions listed in Section 74921.10 as being appointed by a marshal.

(3) Each marshal may also appoint as many deputy marshal keepers as may be required by law. The deputy marshal keepers shall be compensated at the fee allowed by law for keeping property.

74921.11. Whenever reference is made to a numbered salary range in any section of this article, the salary schedule found in the salary resolution of Tulare County in effect on January 1, 1990, shall apply.

74922. The then current personnel rules and ordinances of the county shall govern the hiring date; increases within range; salary on promotion, transfer, or demotion; salary on position reclassification, obligations and benefits and discipline of municipal court officers and attachés.

All other matters affecting the employment of such municipal court officers and attachés which are not specifically determined by this article or other provisions of state law shall be governed and regulated by the then current personnel rules, ordinances, and resolutions of the board of supervisors.

74923. 74925. Notwithstanding Section 72190, a majority of the judges of the district may appoint one commissioner who shall hold office at the pleasure of a majority of the judges. The commissioner shall serve all the divisions by agreement of the judges. The commissioner shall receive a salary of not less than 70 nor more than 80 percent of the salary of a judge of the municipal court. The salary shall be determined by the board of supervisors within this range. The commissioner shall possess the same qualifications as the law requires of a judge of the municipal court and shall not engage in the private practice of law. The commissioner shall be an ex officio deputy clerk of the court and shall receive the same fringe benefits as granted to other attachés of the court.

Membership in the Tulare County Retirement System shall be optional at the election of the commissioner. The commissioner shall make an irrevocable election whether or not to participate in the retirement system no later than 60 days after appointment to the position.

74925.1. If an increase in the business of the court or any other emergency requires a greater number of attachés or employees for the prompt and faithful discharge of the business of the court than the number expressly provided in this chapter, or requires the performance of duties of positions in a class not expressly provided for in this chapter, with the approval of the presiding judge of the court and the board of supervisors, the clerk or the marshal may appoint as many additional attachés or employees as are needed. These additional attachés or employees shall be selected and

appointed in the same manner as those for whom express provision is made, and they shall receive compensation as prescribed in this article, or as prescribed by ordinance or resolution of the board of supervisors for classes not expressly provided for in this article. If, through workload or organizational changes, duties are delegated to certain positions in classes not expressly provided for in this article, with the approval of the presiding judge of the court and the board of supervisors, those positions may be reallocated to different existing classes in the County of Tulare classification plan or allocated to new classes appropriate to the duties being performed. Attachés and employees may continue in those positions, or reallocated positions, only until January 1 of the second year following the year in which the adjustments are made, unless the adjustments are ratified by the Legislature. Regular official reporters shall hold office during the pleasure of the appointing judge. The duties of regular official reporters appointed pursuant to this section shall be performed as elsewhere provided by law.

(b) The fee for official court reporters for reporting proceedings shall be one hundred thirty-five dollars ($135) per day. All other fees of these reporters shall be as elsewhere provided by law. Where it is necessary to appoint a pro tempore reporter, the pro tempore reporter shall receive the same per diem fee paid regular official reporters of the municipal courts for the days the pro tempore reporter actually is on duty under order of the court. Regular official reporters and pro tempore reporters shall not receive more than one per diem fee per day from the county. Rates of compensation of all regular official reporters and official reporters pro tempore may be adjusted by the board of supervisors. Adjustments in compensation made pursuant to this subdivision shall be effective only until January 1 of the second year following the year in which the adjustments are made, unless ratified by the Legislature.

(c) Regular official reporters may, at the election of each regular official reporter, be members of any retirement system maintained by the county. Each new regular official reporter shall make an election within 60 days of his or her appointment as a regular official reporter. 74926. Upon the effective date of this chapter, an incumbent officer or attaché of a superseded justice or municipal court shall be

placed on the step level of the salary schedule made applicable to his or her position which pays the same rate of compensation as he or she received as an officer or attaché of the superseded justice or municipal court; or, if there is no equivalent salary in the salary schedule, he or she shall be placed in the step level having a rate of compensation next higher than his or her former salary.

74926.5. The officers and attachés of the municipal courts, except regular official reporters and reporters pro tempore, shall be entitled to the same vacation, sick leave, leave of absence, and similar benefits and privileges as are provided for the employees of the County of Tulare under ordinances and resolutions of the board of supervisors in effect on January 1, 1991.

74926.6. Except for deputy marshal keepers, all fees collected by the marshals or their deputies for services to the municipal court shall be deposited with the county treasurer.

74926.7. All officers and attachés of the municipal court shall devote their full time to the performance of their duties.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Every transfer of an interest in property, other than in trust, made only as a security for the performance of another act, is to be deemed a mortgage, except when in the case of personal property it is accompanied by actual change of possession, in which case it is to be deemed a pledge. Where, by a mortgage created after July 27, 1917, of any estate in real property, other than an estate at will or for years, less than two, or in any transfer in trust made after July 27, 1917, of a like estate to secure the performance of an obligation, a power of sale is conferred upon the mortgagee, trustee, or any other person, to be exercised after a breach of the obligation for which that mortgage or transfer is a security, the power shall not

be exercised except where the mortgage or transfer is made pursuant to an order, judgment, or decree of a court of record, or to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or is made by a public utility subject to the provisions of the Public Utilities Act, until (a) the trustee, mortgagee, or beneficiary, shall first file for record, in the office of the recorder of each county wherein the mortgaged or trust property or some part or parcel thereof is situated, a notice of default, identifying the mortgage or deed of trust by stating the name or names of the trustor or trustors and giving the book and page where the same is recorded or a description of the mortgaged or trust property and containing a statement that a breach of the obligation for which the mortgage or transfer in trust is security has occurred, and setting forth the nature of each breach actually known to the beneficiary and of his or her election to sell or cause to be sold the property to satisfy that obligation and any other obligation secured by the deed of trust or mortgage which is in default, and where the default is curable pursuant to Section 2924c, containing the statement specified in paragraph (1) of subdivision (b) of Section 2924c; (b) not less than three months shall thereafter elapse; and (c) after the lapse of the three months the mortgagee, trustee or other person authorized to take the sale shall give notice of sale, stating the time and place thereof, in the manner and for a time not less than that set forth in Section 2924f. A recital in the deed executed pursuant to the power of sale of compliance with all requirements of law regarding the mailing of copies of notices or the publication of a copy of the notice of default or the personal delivery of the copy of the notice of default or the posting of copies of the notice of sale or the publication of a copy thereof shall constitute prima facie evidence of compliance with these requirements and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value and without notice. There is a rebuttable presumption that the beneficiary actually knew of all unpaid loan payments on the obligation owed to the beneficiary and secured by the deed of trust or mortgage subject to the notice of default. However, the failure to include an actually known default shall not invalidate the notice of sale and the beneficiary shall not be precluded from asserting a claim to this omitted default or defaults in a separate notice of default.

SEC. 2. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property or an estate for years therein hereafter executed has, prior to the maturity date fixed in that obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of that obligation or of the deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of

that obligation or of the deed of trust or mortgage, the trustor or mortgagor or his or her successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within the period specified in subdivision (e), if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount due, at the time payment is tendered, with respect to (A) all amounts of principal, interest, taxes, assessments, insurance premiums, or advances actually known by the beneficiary to be, and that are, in default and shown in the notice of default, under the terms of the deed of trust or mortgage and the obligation secured thereby, (B) all amounts in default on recurring obligations not shown in the notice of default, and (C) all reasonable costs and expenses, subject to subdivision (c), which are actually incurred in enforcing the terms of the obligation, deed of trust or mortgage, and trustee's or attorney's fees, subject to subdivision (d), other than the portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if the acceleration had not occurred. This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code. For the purposes of this subdivision, the term "recurring obligation" means all amounts of principal and interest on the loan, or rents, subject to the deed of trust or mortgage in default due after the notice of default is recorded; all amounts of principal and interest or rents advanced on senior liens or leaseholds which are advanced after the recordation of the notice of default; and payments of taxes, assessments, and hazard insurance advanced after recordation of the notice of default.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, that person may request the beneficiary or the mortgagee or their successors in interest to cause to be executed and recorded a notice of rescission which rescinds the declaration of default and demand for sale and upon receipt of a written request the beneficiary or mortgagee or their successors in interest shall cause to be executed and recorded a notice of rescission. The request to execute and record a notice of rescission shall be directed to the person whose name and address is set forth in the notice required by subdivision (b). The beneficiary, or the mortgagee or their successors in interest, shall cause the notice of rescission to be recorded within 30 days of the receipt of the written request.

No charge, except for the recording fee, shall be made for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within the time permitted by law for reinstatement of your account, which is normally five business days prior to the date set for the sale of your property. No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is _____ as of _____,

and will increase until your account becomes current.

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgagee will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor

permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

(Telephone)

If you have any questions, you should contact a lawyer or the governmental agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of the contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or the assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (c) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by

Sections 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed two hundred dollars ($200) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner

to a trustor, mortgagor, their agents or successors for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created by this section is terminated five business days prior to the date of sale set forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term "business day" has the same meaning as specified in Section 9.

SEC. 3. It is the intent of the Legislature in enacting this act to supersede the holding in Anderson v. Heart Federal Savings, 208 Cal. App. 3d 202, to the extent that decision restricted the ability of mortgagees and beneficiaries under trust deeds to demand payment of all amounts in default under the terms of an obligation secured by a mortgage or trust deed as a condition to reinstatement of the obligation and avoidance of a sale of the security property to satisfy the obligation.

SEC. 13. Section 20332 of the Government Code is amended to read:

20332. Persons who are members of any other retirement or pension system supported wholly or in part by funds of the United

States government, any state government or political subdivision thereof and who are receiving credit in such other system for service are, as to such service, excluded from this system.

For the purpose of this section, persons who merely are receiving pensions or retirement allowances, or other payments, from any source whatever, on account of service rendered to an employer other than the state and while they were not in state service, are not, because of such receipt, members of any other retirement or pension system.

For the purposes of this section only, persons who merely participate in a deferred compensation plan established pursuant to Chapter 4 (commencing with Section 19993) of Part 2.6 of Division 5 of Title 2 or established pursuant to Article 1.1 (commencing with Section 53212) of Chapter 2 of Part 1 of Division 2 of Title 5, are not, because of such participation, members of any other retirement or pension system.

For the purposes of this section only, persons who participate in a money purchase pension plan and trust which meets the requirements of Section 401(a) of the Internal Revenue Code of 1954 (26 U.S.C.A. Sec. 401(a)), are not, because of that participation, members of any other retirement or pension system, so long as the contracting agency has received a ruling from the Internal Revenue Service stating that the money purchase pension plan and trust qualifies under Section 401(a) and furnishes proof thereof upon request by the Board of Administration.

SEC. 14. Section 20336 of the Government Code is amended to read:

20336. A person in employment which, in the opinion of the board, is on a seasonal, limited-term, on-call, emergency, intermittent, substitute, or other irregular basis is excluded from membership unless the employment is compensated and meets one of the following conditions:

(a) The appointment or employment contract fixes a term of full-time, continuous employment in excess of six months or, if a term is not fixed, full-time employment continues for longer than six months, in which case membership shall be effective not later than the first day of the seventh month of employment.

(b) The person is employed in one of the positions which provide state safety membership in accordance with Section 20017.6.

(c) The person is a member at the time of entering such employment.

(d) The person works more than 125 days, if employed on a per diem basis or, if employed on other than a per diem basis, 1,000 hours within the fiscal year, in which case membership shall be effective not later than the first day of the month following the month in which 125 days or 1,000 hours of service were completed.

(e) The person is employed by the Department of Forestry and Fire Protection in one of the positions which provide state peace officer/firefighter membership in accordance with Section 20017.96.

This section shall supersede any contract provision excluding persons in any temporary or seasonal employment basis and shall apply only to persons entering employment on and after January 1, 1975. Except as provided in Section 20492, no contract or contract amendment entered into after January 1, 1981, shall contain any provision excluding persons on an irregular employment basis.

SEC. 15. Section 20586 of the Government Code is amended to read:

20586. Notwithstanding any other provisions of this part, when any county superintendent of schools determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the county superintendent of schools would be served, a school member shall be eligible to receive additional service credit if the following conditions exist:

(a) The member is employed in a job classification or an organizational unit designated by the county superintendent of schools and retires within any period designated in and subsequent to the effective date of the contract amendment provided the period is not less than 90 days nor more than 180 days.

(b) The county superintendent of schools transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount he or she would have received without such service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The county superintendent of schools shall certify that he or she is electing to exercise the provisions of this section, because of impending mandatory transfers, demotions, and layoffs that constitute at least 1 percent of the job classification, as designated by the county superintendent of schools, resulting from the curtailment of, or change in the manner of performing, its services.

(d) The county superintendent of schools shall certify that it is his or her intention at the time that this section is made operative that if any early retirements are granted after receipt of service credit pursuant to this section, that the retirements will either: (1) result in a net savings to the district or county superintendent of schools, or (2) result in an overall reduction in the work force of the organizational unit.

The amount of service credit shall not be more than two years regardless of credited service and shall not exceed the number of years intervening between the date of his or her retirement and the date he or she would be required to be retired because of age.

A county superintendent of schools which elects to make the payment prescribed by subdivision (b) shall make such payment with respect to all eligible employees who retire during the specified period.

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance

payments during the specified period.

Any member who qualifies under this section, upon subsequent reentry to the system shall forfeit the service credit acquired under this section.

This section shall not apply to any member who is not employed by the county superintendent of schools during the period designated in subdivision (a) and who has less than five years of service credit.

This section shall not apply to any county superintendent of schools unless and until the county superintendent of schools elects to be subject to the provision of this section by amendment to the contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after the effective date of this section, by express provision in such contract making the county superintendent of schools subject to the provisions of this section.

Notwithstanding Section 20740, an election to become subject to this section shall not exclude a county superintendent of schools from the definition of "employer" for purposes of Section 20740.

This section shall remain in effect only until September 29, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date deletes or extends that date.

SEC. 16. Section 20590 of the Government Code is amended to read:

20590. The assets and liabilities arising out of contracts with school employers, as defined in Section 20011.1, shall be merged, excluding that portion of a contract with respect to local policemen, as defined in Section 20020.8 and those contracts with school districts or community college districts, as defined in subdivision (i) of Section 20009.1, which employ school safety members, as defined in Section 20019.6. Employer accumulated contributions credited to such entities on the effective date of this section, and all such contributions paid by a school employer, as defined in Section 20011.1, after the effective date of this section, shall be held exclusively for the benefit of school members, as defined in Section 20013(d), retired school members, and their beneficiaries.

A person who is a member under a contract between the board and such school districts or community college districts prior to July 1, 1983, shall not be denied any right extended to him or her by reason of such membership.

20819. Notwithstanding any other provision of this part, a school member employed on a part-time basis on and after January 1, 1991, shall, for that period of part-time employment, receive the credit he or she would receive if he or she was employed on a full-time basis and shall have his or her retirement allowance, as well as any other benefits he or she is entitled to under this part, based upon the salary that he or she would have received if employed on a full-time basis if he or she and his or her employer both contribute to the retirement fund the amount that would have been contributed if the member was employed on a full-time basis. Prior to the reduction of a classified employee's workload under this section, the school employer personnel responsible for the administration of this program shall verify the eligibility of the applicant for the reduced workload program. This section shall be applicable only to school members who are classified employees of school employers or community college districts and who have met the criteria provided in Sections 45139 and 88038 of the Education Code.

The employer shall maintain the necessary records to separately identify each classified employee receiving credit pursuant to this section.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

SEC. 21. Section 20862.5 of the Government Code is amended to read:

20862.5. A state, school, or school safety member, whose effective date of retirement is within four months of separation from employment with the employer subject to this section which granted the sick leave credit, shall be credited at his or her retirement with 0.004 year of service credit for each unused day of sick leave certified to the board by such employer.

Until receipt of certification from an employer concerning unused sick leave, the board may pay an estimated allowance pursuant to this section. At the time of receipt of such certification, the allowance shall be adjusted to reflect any necessary changes.

Notwithstanding provisions of this part subjecting local miscellaneous members to provisions applicable to state miscellaneous members, this section shall not apply to local members

other than local miscellaneous members employed before July 1, 1980, by a school district which is a contracting agency or those school safety members employed before July 1, 1980, by a contracting agency which is a school district or community college district, as defined in subdivision (i) of Section 20009.1.

This section shall not be applicable to any person who becomes a school member on and after July 1, 1980, and any person who becomes a local member employed, on and after July 1, 1980, by a school district which is a contracting agency whether or not such person was ever a school member or local member prior to such date.

SEC. 22. Section 20930.4 of the Government Code is amended to read:

20930.4. "Public service" also means service in temporary, seasonal, limited term, oncall, emergency, intermittent, substitute, or other irregular employment such that a person is excluded from membership.

(b) A state member who elected coverage under Section 21251.13 for service rendered on or after the effective date of the election, as authorized by subdivision (c) of Section 20013.7 during the period between November 1, 1988, and October 31, 1989, and who would otherwise be subject to Section 21251.146 or 21251.147, shall be retired for service upon his or her written application to the board if he or she has attained age 50 and is credited with five years of state service.

(c) Notwithstanding subdivision (a) or (b), a state member in the Second Tier who is credited with five years of state service prior to January 1, 1985, may retire with less than 10 years of state service upon his or her written application to the board if he or she has attained age 50.

SEC. 25. Section 21024 of the Government Code is amended to read:

21024. The application shall be made only (a) while the member is in state service, or (b) while the member for whom contributions will be made under Section 20894.5, is absent on military service, or (c) within four months after the discontinuance of the state service of the member, or while on an approved leave of absence, or (d) while the member is physically or mentally incapacitated to perform duties from the date of discontinuance of state service to the time of application or motion. On receipt of an application for disability retirement of a member, other than a local safety member with the exception of a school safety member, the board shall, or of its own motion it may, order a medical examination of a member who is otherwise eligible to retire for disability to determine whether the member is incapacitated for the performance of duty. On receipt of such application with respect to a local safety member other than a school safety member, the board shall request the governing body of the contracting agency employing such member to make such determination.

SEC. 26. Section 21025 of the Government Code is amended to read:

21025. If the medical examination and other available information show to the satisfaction of the board, or in case of a local safety member, other than a school safety member, the governing body of the contracting agency employing such member, that the member is incapacitated physically or mentally for the performance of his or her duties in the state service and is eligible to retire for disability, the board shall forthwith retire him or her for disability, unless the member is qualified to be retired for service and applies therefor prior to the effective date of his or her retirement for disability or within 30 days after the member is notified of his or her eligibility for retirement on account of disability, in which event the board shall retire the member for service. The governing body of a contracting agency upon receipt of the request of the board pursuant to Section 21024 shall certify to the board its determination under this section that the member is or is not so incapacitated.

SEC. 27. Section 21025.4 of the Government Code is amended to read:

21025.4. Notwithstanding any other provision of this article, the retirement for disability of a local safety member, other than a school safety member, shall not be effective without the member's consent earlier than the date upon which leave of absence without loss of salary under Section 4850 of the Labor Code because of such disability terminates, or the earlier date during such leave as of which such disability is permanent and stationary as found by the Workmen's Compensation Appeals Board.

SEC. 28. Section 21025.5 of the Government Code is amended to read:

21025.5. Notwithstanding any other provision of this article, the retirement for disability of a member, other than a local safety member, with the exception of a school safety member, who has been granted or is entitled to a leave of absence with compensation, which shall include nonindustrial disability insurance benefits payable pursuant to Chapter 3.6 (commencing with Section 18135) of Part 1 of this division, shall not become effective prior to the expiration of such leave of absence with compensation, unless the member applies for or consents to his retirement as of an earlier date.

SEC. 29. Section 21028 of the Government Code is amended to read:

21028. The board, or in case of a local safety member, other than a school safety member, the governing body of the employer from whose employment the person was retired, may require any recipient of a disability retirement allowance under the minimum age for voluntary retirement for service applicable to members of his or her class to undergo medical examination, and upon his or her application for reinstatement, shall cause a medical examination to be made of any such recipient who is at least six months less than the age of compulsory retirement for service applicable to members of the class or category in which it is proposed to employ him or her. The board, or in case of a local safety member, other than a school safety member, the governing body of the employer from whose employment the person was retired, shall also cause such examination to be made upon application for reinstatement to the position held at retirement or any position in the same class, of a person who was incapacitated for performance of duty in such a position at the time of a prior reinstatement to another position. The examination shall be made by a physician or surgeon, appointed by the board or the governing body of the employer, at the place of residence of the recipient or other place mutually agreed upon. Upon the basis of the examination, the board or the governing body shall determine whether he or she is still incapacitated, physically or mentally, for duty in the state agency, the university, or contracting agency, where he or she was employed and in the position held by him or her when retired for disability, or in a position in the same classification, and for the duties of the position with regard to which he or she has applied for reinstatement from retirement.

SEC. 30. Section 21029 of the Government Code is amended to read:

21029. If the determination pursuant to Section 21028 is that the recipient is not so incapacitated for duty in the position held when retired for disability or in a position in the same classification or in the position with regard to which he or she has applied for reinstatement and his or her employer offers to reinstate that employee, his or her disability retirement allowance shall be canceled forthwith, and he or she shall become a member of the

retirement system.

If the recipient was an employee of the state or of the university and is so determined to be not incapacitated for duty in the position held when retired for disability or in a position in the same class, he or she shall be reinstated, at his or her option, to such a position. However, in that case, acceptance of any other position shall immediately terminate any right to reinstatement. A recipient who is found to continue incapacitated for duty in his or her former position and class, but not incapacitated for duty in another position for which he or she has applied for reinstatement and who accepts employment in the other position, shall upon subsequent discontinuance of incapacity for service in his or her former position or a position in the same class, as determined by the board under Section 21028, be reinstated at his or her option to that position.

If the recipient was an employee of a contracting agency other than a local safety member, with the exception of a school safety member, the board shall notify it that his or her disability has terminated and that he or she is eligible for reinstatement to duty. The fact that he or she was retired for disability does not prejudice any right to reinstatement to duty which he or she may claim.

SEC. 31. Section 21252.4 of the Government Code is repealed.

SEC. 32. Section 21263.4 of the Government Code is amended to read:

21263.4. Upon the death, after the effective date of retirement, of a state miscellaneous member none of whose service rendered in state employment has been included in the federal system and whose retirement is effective on or after July 1, 1974, or of a school member or school safety member none of whose service rendered in school service or school safety service has been included in the federal system and whose retirement is effective on or after July 1, 1983, a monthly allowance derived from employer contributions equal to 50 percent of the amount of his or her retirement allowance as it was at his or her death and based on service credited to him or her as a member subject to this section but excluding any portion of the retirement allowance derived from additional contributions of the member shall be paid to the surviving spouse throughout life or until remarriage. If there be no surviving spouse, or upon the death or remarriage of the surviving spouse, the allowance shall be paid collectively to every unmarried child of the deceased member who has not attained age 18, or who is disabled by a condition which disabled that child prior to attaining age 18 and which has continued without interruption after age 18, until the disability ceases. If at the time of the retired member's death there is no eligible surviving spouse or children, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him or her for support. If on the effective date of retirement there is a person who will be eligible if the person survives, the member's election of an optional settlement other than optional settlement 1 shall apply only to a portion of his or her allowance as provided in

Section 21330 with respect to allowances under Section 21263. If on the effective date of his or her retirement the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his or her retirement and ending on the date of his or her death.

SEC. 33. Section 21263.5 of the Government Code is amended to read:

21263.5. Upon death after the effective date of retirement of a state miscellaneous member some of whose service rendered in state employment has been included in the federal system and whose retirement is effective on or after July 1, 1975, or of a school member or school safety member some of whose service rendered in school employment has been included in the federal system and whose retirement is effective on or after July 1, 1983, a monthly allowance, derived from employer contributions, equal to a percentage of the amount of his or her retirement allowance as it was at his or her death based on service credited to him or her as a member subject to this section but excluding any portion of the retirement allowance derived from additional contributions of the member shall be paid to the surviving spouse throughout life or until remarriage. The percentage shall be 25 percent for an allowance based on service which was also covered under the federal system and 50 percent for an allowance based on any other service, except that the percentage shall be 50 percent for the allowance of a member whose service was subject to Section 21251.146 or 21251.147 and who had become a member prior to November 1, 1988. If there is no surviving spouse, or upon the death or remarriage of the surviving spouse, the allowance shall be paid collectively to every unmarried child of the deceased member who has not attained age 18, or who is disabled by a condition which disabled that child prior to attaining age 18 and which has continued without interruption after age 18, until the disability ceases. If at the time of the retired member's death there is no eligible surviving spouse or children, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him or her for support. If on the effective date of retirement there is a person who will be eligible if the person survives, the member's election of an optional settlement, other than optional settlement 1, shall apply only to a portion of the allowance as provided in Section 21330 with respect to allowances under Section 21263. If on the effective date of his or her retirement the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse" for purposes of this section means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his or her retirement and ending

on the date of his or her death.

SEC. 34. Section 21266 of the Government Code is amended to read:

21266. Notwithstanding any other provisions of this part, survivor continuance allowances payable to surviving spouses upon death after retirement of a member shall not cease upon remarriage if the remarriage occurs on or after January 1, 1985. However, pursuant to Section 22811.5, the surviving spouse may not add the new spouse or stepchildren as family members under the continued health benefits coverage of the surviving spouse.

This section shall not apply to any contracting agency, other than those contracting agencies which are school districts or community college districts, as defined in subdivision (i) of Section 20009.1, unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after January 1, 1985, by express provision in the contract making the contracting agency subject to this section and, in that case, this section shall only apply to a surviving spouse of a local member employed by the contracting agency whose remarriage occurred on or after the date the contracting agency elects to be subject to this section.

The employer is not required by this section to meet and confer with an employee organization regarding the subject matter of this section, and the subject matter shall not be included within the scope of representation pursuant to Section 3504.

SEC. 35. Section 21367.53 of the Government Code is amended to read:

21367.53. In lieu of benefits provided by Section 21367.51, upon the death of any person, after retirement and while receiving a retirement allowance from this system, there shall be paid to his or her estate, or to the beneficiary who he or she shall nominate by written designation duly executed and filed with the board, the sum of six hundred dollars ($600), to be provided from contributions by the state.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost and (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

This section shall apply to members employed by a school employer.

This section shall not apply to any contracting agency, except for those contracting agencies which are school employers and those school districts or community college districts, as defined in subdivision (i) of Section 20009.1, unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after January 1, 1981, by express provision in the contract making the contracting agency subject to this section.

SEC. 36. Section 21382.2 of the Government Code is amended to read:

21382.2. The allowance paid under this paragraph shall be one hundred forty dollars ($140) per month while an allowance is being paid under subparagraph (B) of paragraph (2).

(4) If there is no surviving spouse or surviving child who qualifies for the 1959 survivor allowance, or if the surviving spouse dies or remarries and there is no such surviving child, or if the surviving spouse dies or remarries and the children die or marry or, if not incapacitated, reach 22 years of age, each of the member's dependent parents who has attained or attains the age of 62 years, and who received at least one-half of his or her support from the member at the time of the member's death, shall be paid three hundred fifty dollars ($350) per month.

(c) "Stepchildren," for purposes of this section, shall include only stepchildren of the member living with the member in a regular parent-child relationship at the time of the death of the member.

(d) This section shall apply to beneficiaries of state members whose death occurred before January 1, 1985. Where a surviving spouse attained age 62 prior to January 1, 1987, entitlement shall exist retroactive to January 1, 1985, or to his or her 62nd birthday, whichever is later. All assets and liabilities of all state agencies and their employees on account of benefits provided to beneficiaries specified in this subdivision shall be pooled into a single account. The board shall transfer from the reserve for 1959 survivor contributions retained in the retirement fund, an amount sufficient to pay the cost of the increased benefits provided by this subdivision for beneficiaries of members who died on or before December 31, 1984.

(e) This section shall not apply to beneficiaries with respect to the death of a state member, except as provided in subdivision (i), occurring on or after January 1, 1985, unless provided for in a memorandum of understanding reached pursuant to Section 3517.5, or authorized by the Director of Personnel Administration for classifications of state employees who are excluded from, or not subject to, collective bargaining. (h) The rate of contribution of an employer subject to this section shall be figured using the term insurance valuation method. If a contracting agency which is subject to this section has a surplus in its 1959 survivor benefit account as of the date the contracting agency becomes subject to this section, the surplus shall be applied to reduce its rate of contribution. If a contracting agency which is subject to this section has a deficit in its 1959 survivor benefit account as of the date the contracting agency becomes subject to this section, its rate of contribution shall be increased until the deficit is paid.

(i) This section shall not apply to beneficiaries with respect to the death of a state member employed by the California State University occurring on or after January 1, 1988, unless provided for in a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, or authorized by the Trustees of the California State University for employees excluded from collective bargaining. The memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 38. Section 22810.2 of the Government Code is amended to read:

22810.2. (a) Due to the required administrative services necessary for the implementation of Section 22810.1, the Public Employees' Retirement System is authorized to administratively establish the necessary limited-term positions through the normal budgetary process for the 1990–91 fiscal year. Permanent positions

shall also be sought through the normal budgetary process.

(b) There is hereby appropriated from the Public Employees' Contingency Reserve Fund to the Public Employees' Retirement System: for the 1989–90 fiscal year, the sum of seventy-five thousand dollars ($75,000), for salary and benefits, equipment, and other operating costs.

The moneys in the fund are, notwithstanding Section 13340, continuously appropriated to the board, without regard to fiscal years, for payment of the complementary annuitant premiums and administrative expenses.

SEC. 40. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 41. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 659

An act to amend Section 25163 of, and to add Section 25323.6 to, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 9, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) (1) Except as otherwise provided in subdivisions (b), (c), and (f), it is unlawful for any person to carry on, or engage in, the transportation of hazardous wastes, unless the person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a transporter who does not hold a valid registration issued by the department. A person who holds a valid registration issued by the department pursuant to this section is a registered hazardous waste hauler, for purposes of this chapter. Any registration issued by the department to a transporter of hazardous waste is not transferable from the person to whom it was issued to any other person.

(2) Any person who transports hazardous waste in a vehicle shall have a valid registration issued by the department in his or her possession while transporting the hazardous waste. The registration certificate shall be shown upon demand to any representative of the department, officer of the California Highway Patrol, any local health officer, or any public officer designated by the department. Any person registered pursuant to this section may obtain additional copies of the registration from the department upon the payment of a fee of two dollars ($2) for each copy requested, in accordance with Section 12196 of the Government Code.

(3) Commencing January 1, 1986, the hazardous waste information required and collected for registration pursuant to this subdivision shall be recorded and maintained in the management information system operated by the Department of the California Highway Patrol.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Chapter 6 (commencing with Section 25000) are exempt from the requirements of subdivision (a).

(c) Persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the

requirements of subdivisions (a) and (e) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste or acutely hazardous waste, the extremely hazardous waste or acutely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces no more than 100 kilograms of hazardous waste in any month.

(5) The person transporting the hazardous waste does not accumulate more than a total of 1,000 kilograms of hazardous waste onsite at any one time.

(d) Any person registered as a hazardous waste hauler pursuant to subdivision (a) is not subject to the registration requirements of Chapter 6 (commencing with Section 25000), but shall comply with the terms, conditions, orders, and directions as the health officer or the health officer's authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

(e) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to United States Department of Transportation regulations, which has not been inspected by the California Highway Patrol.

(f) Any person authorized to collect solid waste, as defined in Section 40191 of the Public Resources Code, who unknowingly transports hazardous waste to a solid waste facility, as defined in Section 40194 of the Public Resources Code, incidental to the collection of solid waste is not subject to the provisions of subdivisions (a) and (e).

SEC. 2. Section 25323.6 is added to the Health and Safety Code, to read:

25323.6. Any person who unknowingly transports hazardous waste to a solid waste facility pursuant to the exemption provided in subdivision (f) of Section 25163 shall not be considered a responsible

party for purposes of this chapter solely because of the act of transporting the waste. Nothing in this section shall affect the liability of this person for his or her negligent acts.

CHAPTER 660

An act to add Section 39675 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 9, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 39675 is added to the Health and Safety Code, to read:

39675. Sections 42400, 42400.1, 42400.2, and 42402.2 apply to violations of regulations or orders adopted pursuant to Article 4 (commencing with Section 39665). The recovery of civil penalties pursuant to Section 39674 or 42402.2 precludes criminal prosecution pursuant to Section 42400.1 or 42400.2 for the same offense. When a district refers a violation to a prosecuting agency, the filing of a criminal complaint is grounds requiring the dismissal of any civil action brought pursuant to this division.

The adoption of this section does not constitute a change in, but is declaratory of, existing law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 661

An act to amend Section 12999.5 of the Food and Agricultural Code, and to amend Section 1695 of the Labor Code, relating to farm labor contractors.

The people of the State of California do enact as follows:

SECTION 1. Section 12999.5 of the Food and Agricultural Code is amended to read:

12999.5. (a) In lieu of civil prosecution by the director, the commissioner may levy a civil penalty against a person violating Division 6 (commencing with Section 11401), Article 10 (commencing with Section 12971) or Article 10.5 (commencing with Section 12980) of this chapter, Section 12995, Article 1 (commencing with Section 14001) of Chapter 3, or a regulation adopted pursuant to any of these provisions, of not more than one thousand dollars ($1,000) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard. This shall include the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.

(c) The person fined may appeal to the director within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent, and shall state the grounds for the appeal and shall include a copy of the commissioner's decision. The applicant shall file a copy of the appeal with the commissioner at the same time it is filed with the director.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the director, present written evidence and a written argument to the director.

(7) On an appeal pursuant to this section, the director may sustain, modify by reducing the amount of the fine levied, or reverse the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Review of a decision of the director may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

(d) The commissioner may levy a civil penalty pursuant to subdivisions (a) to (c), inclusive, against a person violating paragraph (1), (2), or (8) of subdivision (a) of Section 1695 of the Labor Code, which pertains to registration with the commissioner, carrying proof of that registration, and filing changes of address with the commissioner.

SEC. 2. Section 12999.5 of the Food and Agricultural Code is amended to read:

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard. This shall include the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.

(c) The person fined may appeal to the director within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent, and shall state the grounds for the appeal and shall include a copy of the commissioner's decision. The applicant shall file a copy of the appeal with the commissioner at the same time it is filed with the director.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the director, present written evidence and a written argument to the director.

(3) The director may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement of the appellant, the commissioner, and the director.

(5) The director shall decide the appeal on any oral or written argument, briefs, and evidence that he or she has received.

(6) The director shall render a written decision within 45 days of

the date of appeal or within 15 days of the date of oral arguments or as soon thereafter as practical.

(7) On an appeal pursuant to this section, the director may sustain, modify by reducing the amount of the fine levied, or reverse the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Review of a decision of the director may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

(d) The commissioner may levy a civil penalty pursuant to subdivisions (a) to (c), inclusive, against a person violating paragraph (1), (2), or (8) of subdivision (a) of Section 1695 of the Labor Code, which pertains to registration with the commissioner, carrying proof of that registration, and filing changes of address with the commissioner.

(e) After the exhaustion of the appeal and review procedures provided in this section, the commissioner or his or her representative, may file a certified copy of a final decision of the commissioner that directs the payment of a civil penalty and, if applicable, a copy of any decision of the director or his or her authorized representative rendered on an appeal from the commissioner's decision and a copy of any order that denies a petition for a writ of administrative mandamus, with the clerk of the superior court of any county. Judgment shall be entered immediately by the clerk in conformity with the decision or order. No fees shall be charged by the clerk of the superior court for the performance of any official service required in connection with the entry of judgment pursuant to this section.

SEC. 3. Section 1695 of the Labor Code is amended to read:

1695. (a) Every licensee shall do all of the following:

(1) Carry his or her license and proof of registration issued pursuant to paragraph (8) with him or her at all times and exhibit the same to all persons with whom he or she intends to deal in his or her capacity as a farm labor contractor prior to so dealing.

(2) File at the United States Post Office serving the address of the licensee, as noted on the face of his or her license, with the office of the Labor Commissioner, and with the agricultural commissioner of the county or counties in which the labor contractor has contracted with a grower, a correct change of address immediately upon each occasion the licensee permanently moves his or her address. The address shall also be the mailing address for purposes of notice required by the Labor Code or by any other applicable statute or regulations respecting service by mail.

(3) Promptly when due, pay or distribute to the individuals entitled thereto, all moneys or other things of value entrusted to the licensee by any third person for this purpose.

(6) Take out a policy of insurance with any insurance carrier authorized to do business in the State of California in an amount satisfactory to the commissioner, which insures the licensee against liability for damage to persons or property arising out of the licensee's operation of, or ownership of, any vehicle or vehicles for the transportation of individuals in connection with his or her business, activities, or operations as a farm labor contractor.

(7) Have displayed prominently at the site where the work is to be performed and on all vehicles used by the licensee for the transportation of employees, the rate of compensation the licensee is paying to his or her employees for their services, printed in both English and Spanish and in lettering of a size to be prescribed by the Department of Industrial Relations.

(8) Register with the agricultural commissioner of the county or counties in which the labor contractor has contracted with a grower.

(b) The board of supervisors of a county may establish fees to be charged each licensee for the recovery of the actual costs incurred by commissioners in the administration of registrations and change of address and the issuance of proofs of registration.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. Section 2 of this bill incorporates amendments to Section 12999.5 of the Food and Agricultural Code proposed by both this bill and AB 3719. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 12999.5 of the Food and Agricultural Code, and (3) this bill is enacted after AB 3719, in which case Section 1 of this bill shall not become operative.

(3) The establishment of policies and procedures that parents or guardians of pupils enrolled in the district may use to present complaints regarding employees of the district. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(B) Maintenance of minimum progress toward meeting the high

The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(A) With respect to spoken language, barriers which are experienced by individuals who are limited-English-speaking or non-English-speaking individuals who speak the same primary language and who comprise at least 5 percent of the population of the geographical area served by the hospital or of the actual patient population of the hospital. In cases of dispute, the state department shall determine, based on objective data, whether the 5 percent population standard applies to a given hospital.

(B) With respect to sign language, barriers which are experienced by individuals who are deaf and whose primary language is sign language.

(c) To ensure access to health care information and services for limited-English-speaking or non-English-speaking residents and deaf residents, licensed general acute care hospitals shall:

(1) Review existing policies regarding interpreters for patients with limited-English proficiency and for patients who are deaf, including the availability of staff to act as interpreters.

(2) Adopt and review annually a policy for providing language assistance services to patients with language or communication barriers. The policy shall include procedures for providing, to the extent possible, as determined by the hospital, the use of an interpreter whenever a language or communication barrier exists, except where the patient, after being informed of the availability of the interpreter service, chooses to use a family member or friend who volunteers to interpret. The procedures shall be designed to maximize efficient use of interpreters and minimize delays in providing interpreters to patients. The procedures shall ensure, to the extent possible, as determined by the hospital, that interpreters are available, either on the premises or accessible by telephone, 24 hours a day. The hospital shall annually transmit to the state department a copy of the updated policy and shall include a

description of its efforts to ensure adequate and speedy communication between patients with language or communication barriers and staff.

(3) Develop, and post in conspicuous locations, notices that advise patients and their families of the availability of interpreters, the procedure for obtaining an interpreter and the telephone numbers where complaints may be filed concerning interpreter service problems, including, but not limited to, a T.D.D. number for the hearing impaired. The notices shall be posted, at a minimum, in the emergency room, the admitting area, the entrance, and in outpatient areas. Notices shall inform patients that interpreter services are available upon request, shall list the languages for which interpreter services are available, shall instruct patients to direct complaints regarding interpreter services to the state department, and shall provide the local address and telephone number of the state department, including, but not limited to, a T.D.D. number for the hearing impaired.

(4) Identify and record a patient's primary language and dialect on one or more of the following: patient medical chart, hospital bracelet, bedside notice, or nursing card.

(5) Prepare and maintain as needed a list of interpreters who have been identified as proficient in sign language and in the languages of the population of the geographical area serviced who have the ability to translate the names of body parts, injuries, and symptoms.

(6) Notify employees of the hospital's commitment to provide interpreters to all patients who request them.

(7) Review all standardized written forms, waivers, documents, and informational materials available to patients upon admission to determine which to translate into languages other than English.

(8) Consider providing its nonbilingual staff with standardized picture and phrase sheets for use in routine communications with patients who have language or communication barriers.

(9) Consider developing community liaison groups to enable the hospital and the limited-English-speaking and deaf communities to ensure the adequacy of the interpreter services.

(d) Noncompliance with this section shall be reportable to licensing authorities.

(e) Section 1290 shall not apply to this section.

(f) Any excess courtroom or excess courtroom building or buildings that are acquired, rehabilitated, constructed, or financed pursuant to subdivision (e) may be leased or rented for uses other than the operation of the justice system until such time as such excess courtrooms or excess courtroom building or buildings are needed for the operation of the justice system. Any amount received as lease or rental payments pursuant to this subdivision shall be deposited in the Courthouse Temporary Construction Fund.

(g) The county treasurer shall place in the fund one dollar and fifty cents ($1.50) for each parking case presented to or filed in the courts of the county. CHAPTER 674

An act relating to controlled substances.

[Approved by Governor September 9, 1990. Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) California is one of the leaders in the nation in the illegal manufacture, sale, smuggling, and use of controlled substances.

(2) It is estimated that the annual cost of this problem to California's society is $6 billion.

(3) Success in the war on drugs depends in no small part on having comprehensive information wherever it is needed in order to make sound policy and operational decisions.

(4) This information management challenge is particularly acute given the number and diversity of federal, state, and local agencies involved in the drug war.

(5) It is not only a question of having enough information, but also a question of making the information that is available and the information which will become available accessible to those who are involved in the fight against drugs.

(6) Except for the small fraction of information in government hands that is sensitive and must be closely held, wider access to drug-related information is essential.

(7) California's drug war policy must be to maximize the sharing and use of relevant information among appropriate agencies, upon which coherent and coordinated policymaking depends.

(b) Whenever any one of the following entities receives federal moneys which are specifically earmarked as part of the President's "National Drug Control Strategy," that entity, within 30 days after receiving the moneys, shall submit a report to the Department of Finance on the proposed use of, and goals to be achieved with, those moneys:

(1) Department of Alcohol and Drug Programs.

(2) Department of Corrections.

(3) State Department of Education.

(4) Department of Justice.

(5) Department of the Youth Authority.

(6) Office of Criminal Justice Planning.

In addition, each entity shall submit a report to the Department of Finance within 30 days after the end of each federal fiscal year specifying the actual use and level of attainment of those specified goals.

(c) The Department of Finance shall analyze each report submitted pursuant to subdivision (b) and shall submit its findings

to the Legislature no later than 30 days after receiving each report.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 3301 of the Government Code is amended to read:

3301. For purposes of this chapter, the term public safety officer means all peace officers specified in Sections 830.1, 830.2, 830.3, 830.31, 830.32, 830.33, except subdivision (e), 830.34, 830.35, except subdivision (c), 830.36, 830.37, 830.38, 830.4, and 830.5 of the Penal Code.

The Legislature hereby finds and declares that the rights and protections provided to peace officers under this chapter constitute a matter of statewide concern. The Legislature further finds and declares that effective law enforcement depends upon the maintenance of stable employer-employee relations, between public safety employees and their employers. In order to assure that stable relations are continued throughout the state and to further assure that effective services are provided to all people of the state, it is necessary that this chapter be applicable to all public safety officers, as defined in this section, wherever situated within the State of California.

SEC. 2. Section 20017.99 of the Government Code is amended to read:

20017.99. "State peace officer/firefighter member" also includes state officers and employees who have been designated as a peace officer as defined in Sections 830.1, 830.2, 830.3, 830.38, 830.4, and 830.5 of the Penal Code, except patrol members, or a firefighter whose principal duties consist of active firefighting/fire suppression, who are either excluded from the definition of state employee in subdivision (c) of Section 3513 or is a supervisory employee as defined in Section 3522.1, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, provided, that those officers and employees have responsibility for the direct supervision of state peace officer/firefighter personnel specified in Sections 20017.95, 20017.96, 20017.97, and 20017.98. The Department of Personnel Administration shall, on an annual basis, determine which classes meet the above

conditions and are not classes specified in Sections 20017.95, 20017.96, 20017.97, and 20017.98, and report its findings to the Legislature and to the Public Employees' Retirement System, to be effective July 1 of each year.

A member who so elects shall be subject to the reduced benefit factors specified in Section 21251.13 only for service also included in the federal system.

This section shall not become applicable to any member so designated until such time as a ruling or regulation authorizing the inclusion of persons so designated within the definition of "policeman or fireman" is issued by the federal agency for purposes of Section 218(d)(5)(A) of the Social Security Act.

In the event that a field service officer is appointed to the class of deputy marshal or court service officer, he or she shall receive the amount of reimbursement of the cost of required uniforms and equipment prescribed for a newly hired deputy marshal or court service officer, less any reimbursement received by him or her for the cost of required field service officer uniforms and equipment.

Notwithstanding any other provisions of this section, the marshal may fill these positions with persons employed for less than 91 working days during a fiscal year on a part-time basis.

(u) Notwithstanding Section 74369, the marshal may appoint up to six temporary extra help marshal student workers I, II, or III who shall be paid at an hourly rate and shall serve at the pleasure of the marshal. (v) Two associate systems analysts or assistant systems analysts.

(w) Notwithstanding Section 74369, up to five provisional workers may be appointed by and serve at the pleasure of the marshal. The class of provisional worker provides for temporary appointments to positions in classes not listed in Section 74370 pending a review and evaluation of the duties of these positions by the marshal, and the establishment of specific classes as provided in this subdivision. Prior to the establishment of those classes, the county personnel director shall conduct a classification review and make recommendations to the marshal as to the establishment of the classes. The rate of pay for each individual employed in this class shall be within the range proposed for the class pending establishment, at a rate determined by the marshal following consultation with the county personnel director. The rules regarding appointment and compensation as they relate to appointments to provisional workers shall be the same as those applicable to the class that is pending establishment. Appointments shall be temporary and shall not exceed six months. Employee benefits, if applicable, shall be equal to those granted to the class in the service of the County of San Diego to which the pending class will be tied for benefit purposes. When an appointment is made, the class, compensation (including salary and fringe benefits), and number of such positions may be established by joint action of the marshal and the board of supervisors in accordance with established county personnel and budgetary procedures. The marshal may then appoint additional attachés to the classes of positions in the same manner as those for which express provision is made, and they shall receive the compensation so provided. Persons occupying provisional worker positions shall have their appointments expire not later than 30 calendar days following promulgation of a list of certified eligibles for the new class.

Appointments to the new class shall continue at the stated compensation or as thereafter modified by joint action of the marshal and the board of supervisors.

(x) Notwithstanding any other provision of law, the number of positions in classifications authorized under subdivisions (b) to (s), inclusive, (u), (v) and (w) of this section may be increased by up to 100 additional positions by joint action of the majority of the judges and the board of supervisors in accordance with established county personnel and budgetary procedures. The rules regarding appointment and compensation (including salary and fringe benefits) as they relate to appointments of persons to these positions shall be the same as those applicable to the class of the positions. The action of the majority of the judges and the resolution of the board of supervisors adjusting those positions shall designate the class title or titles and number of positions to be added to each respective class. Any adjustment made pursuant to this subdivision shall be effective on adoption of the resolution by the board of supervisors and shall remain in effect only until January 1 of the second year following the year in which this subdivision becomes effective, unless earlier ratified by the Legislature. This subdivision shall remain in operation only until January 1 of the second year following the year in which it becomes operative, and as of that date is inoperative.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 676

An act to amend Section 9801 of, and to add Sections 9805, 9806, and 9808 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 9801 of the Vehicle Code is amended to read:

9801. (a) When the registration of a vehicle is delinquent, the department may collect the amount of the lien on the vehicle plus costs, not to exceed two hundred fifty dollars ($250), by the filing of a certificate requesting judgment pursuant to Section 9805, or by appropriate civil action and by the seizure and sale of the vehicle or any other vehicle owned by the owner of the unregistered vehicle.

(b) At least 10 days before the seizure, notice of the lien and of the intent to seize and sell the vehicle shall be given by the department to the registered and legal owners, and to any other person known to be claiming an interest in the vehicle, by registered mail addressed to those persons at the last known addresses appearing on the records of the department.

(c) Any person receiving the notice of the lien and the intent to seize and sell the vehicle may request a hearing to contest the existence or amount of the lien. If no hearing is requested, the vehicle shall be seized and sold.

(d) If a hearing is requested, 10 days' notice shall be given of the time and place of the hearing, which shall be held within the county of residence of the person requesting the hearing or of the registered owner. The hearing shall be conducted by a referee who shall submit findings and recommendations to the director or his or her authorized representative, who shall decide the matter. The decision shall be effective on notice thereof to the interested parties. However, the director or his or her authorized representative may rescind the decision and reconsider the matter for good cause shown at any time within three years after the date the disputed fee or tax first became due, or within one year from the hearing, whichever is later.

(e) At any time before seizure or sale, any registered owner, legal owner, or person claiming an interest in the vehicle may pay the department the amount of the lien, plus costs. In that event, the seizure or sale shall not be held and the vehicle, if seized, shall be returned by the department to the person entitled to its possession. This payment shall not constitute a waiver of the right to a hearing.

(f) When the department or an authorized agent has reasonable cause to believe that the lien may be jeopardized within the 10-day notice-of-intent period, the vehicle may be seized without prior

notice to the registered or legal owner, upon obtaining authorization for the seizure from the Registrar of Vehicles or authorized representative. In all those cases, a notice of the lien and the intent to sell the vehicle shall be given by the department to the legal and registered owner, and to any other person known to be claiming an interest in the vehicle, within 48 hours after seizure excluding Saturdays, Sundays, and holidays specified in Section 6700 of the Government Code. Any hearing to contest the lien and the seizure shall be requested within 10 days following transmittal of that notice.

(g) When a lien exists against one or more vehicles owned by the same person or persons, the department may seize and sell a sufficient number of the vehicles to pay the lien, plus costs, on one or more of the vehicles in accordance with subdivision (a).

(h) The Department of the California Highway Patrol shall assist with the seizure and impounding of the vehicle. Any municipality or county law enforcement agency may assist with the seizure and impounding of the vehicle.

(i) Any property found by the department in any vehicle seized under the provisions of this article shall be handled by the department in the same manner as is provided in Sections 2414 and 2415.

SEC. 2. Section 9805 is added to the Vehicle Code, to read:

9805. (a) If any fee, tax, penalty, or collection cost constitutes a lien under this division on the vehicle on which it is due is not paid when due, and there is evidence that the vehicle has been operated in violation of this code or any regulations adopted pursuant to this code, the department may file in the office of the county clerk of Sacramento County, or any other county, a certificate specifying the amount of any fee, tax, penalty, and collection cost due, the name and last known address of the individual, company, or corporation liable for the amount due, and the fact that the department has complied with all the provisions of this division in the computation of the amount due, and a request that judgment be entered against the individual, company, or corporation in the amount of the fee, tax, penalty, and collection cost set forth in the certificate.

(b) Prior to the filing of the certificate, the department shall, by mail, notify the individual, company, or corporation of the amount which is due and of the opportunity for a hearing as provided in this subdivision. At the request of the individual, company, or corporation, the department shall conduct a hearing pursuant to Section 9801, at which it shall be determined whether the claimed fee, tax, penalty, or collection cost in the amount claimed by the department is due and constitutes a lien on the vehicle, and whether the individual, company, or corporation is liable therefor.

(c) If no hearing is requested within 15 days after mailing the notice required by subdivision (b), the certificate required by subdivision (b) may be filed.

SEC. 3. Section 9806 is added to the Vehicle Code, to read:

9806. The county clerk, immediately upon the filing of the

certificate specified in Section 9805, shall enter a judgment for the people of the State of California against the individual, company, or corporation in the amount of any fee, tax, penalty, and collection cost set forth in the certificate. The county clerk may file the judgment in a looseleaf book entitled "Department of Motor Vehicles Registration Judgments."

SEC. 4. Section 9808 is added to the Vehicle Code, to read:

9808. Execution shall issue upon the judgment specified in Section 9806 upon request of the department in the same manner as execution may issue upon other judgments, and sales shall be held under the execution as prescribed in the Code of Civil Procedure, except that attachment may not issue against any real property.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 677

An act to amend Sections 904 and 911 of the Corporations Code, relating to corporations.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 904 of the Corporations Code is amended to read:

904. (a) Except as provided in subdivision (b), if any amendment of the articles would make shares assessable or would authorize remedy by action for the collection of an assessment on fully paid shares, it shall be approved by all of the outstanding shares affected regardless of limitations or restrictions on the voting rights thereof.

(b) If a corporation is a mutual water company within the meaning of Section 2705 of the Public Utilities Code, an amendment of the articles to make the shares assessable or to amend prior article provisions authorizing assessment of shares shall be approved by the holders of at least two-thirds of the outstanding shares of any class

affected by the amendment regardless of limitations or restrictions on the voting rights thereof. However, if the amendment would authorize remedy by action for the collection of an assessment on fully paid shares, the amendment shall be approved pursuant to subdivision (a).

SEC. 2. Section 911 of the Corporations Code is amended to read:

911. (a) A corporation may, by amendment of its articles pursuant to this section, convert to a nonprofit public benefit corporation, nonprofit mutual benefit corporation, nonprofit religious corporation, or cooperative corporation.

(b) The amendment of the articles to convert to a nonprofit corporation shall revise the statement of purpose, delete the authorization for shares and any other provisions relating to authorized or issued shares, make such other changes as may be necessary or desired, and, if any shares have been issued, provide either for the cancellation of those shares or for the conversion of those shares to memberships of the nonprofit corporation. The amendment of the articles to convert to a cooperative corporation shall revise the statement of purpose, make such other changes as may be necessary or desired, and, if any shares have been issued, provide for the cancellation of those shares or for the conversion of those shares to memberships of the cooperative corporation, if necessary.

(c) If shares have been issued, an amendment to convert to a nonprofit corporation shall be approved by all of the outstanding shares of all classes regardless of limitations or restrictions on the voting rights thereof and an amendment to convert to a cooperative corporation shall be approved by the outstanding shares (Section 152) of each class regardless of limitations or restrictions on the voting rights thereof.

(d) If an amendment pursuant to this section is included in a merger agreement, the provisions of this section apply, except that any provision for cancellation or conversion of shares shall be in the merger agreement rather than in the amendment of the articles.

(e) Notwithstanding subdivision (c), if a corporation is a mutual water company within the meaning of Section 2705 of the Public Utilities Code and under the terms of the conversion each outstanding share is converted to a membership of a nonprofit mutual benefit corporation, an amendment to convert to a nonprofit mutual benefit corporation shall be approved by the outstanding shares (Section 152) of each class regardless of limitations or restrictions on the voting rights thereof.

CHAPTER 678

An act to amend Section 166 of the Corporations Code, relating to corporations.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 166 of the Corporations Code is amended to read:

166. "Distribution to its shareholders" means the transfer of cash or property by a corporation to its shareholders without consideration, whether by way of dividend or otherwise, except a dividend in shares of the corporation, or the purchase or redemption of its shares for cash or property, including the transfer, purchase, or redemption by a subsidiary of the corporation. The time of any distribution by way of dividend shall be the date of declaration thereof and the time of any distribution by purchase or redemption of shares shall be the date cash or property is transferred by the corporation, whether or not pursuant to a contract of an earlier date; provided, that where a debt obligation that is a security (as defined in subdivision (1) of Section 8102 of the Commercial Code) is issued in exchange for shares the time of the distribution is the date when the corporation acquires the shares in the exchange. In the case of a sinking fund payment, cash or property is transferred within the meaning of this section at the time that it is delivered to a trustee for the holders of preferred shares to be used for the redemption of the shares or physically segregated by the corporation in trust for that purpose. "Distribution to its shareholders" shall not include (a) satisfaction of a final judgment of a court or tribunal of appropriate jurisdiction ordering the rescission of the issuance of shares, (b) the rescission by a corporation of the issuance of it shares, if the board determines (with any director who is, or would be, a party to the transaction not being entitled to vote) that (1) it is reasonably likely that the holder or holders of the shares in question could legally enforce a claim for the rescission, (2) that the rescission is in the best interests of the corporation, and (3) the corporation is likely to be able to meet its liabilities (except those for which payment is otherwise adequately provided) as they mature, or (c) the repurchase by a corporation of its shares issued by it pursuant to Section 408, if the board determines (with any director who is, or would be, a party to the transaction not being entitled to vote) that (1) the repurchase is in the best interests of the corporation and that (2) the corporation is likely to be able to meet its liabilities (except those for which payment is otherwise adequately provided) as they mature.

SECTION 1. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon his or her spouse, or any person who willfully inflicts upon any person of the opposite sex with whom he or she is cohabiting, or any person who willfully inflicts upon any person who is the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for 2, 3 or 4 years, or in the county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father as set forth in Section 7004 of the Civil Code.

(e) In any case in which a person is convicted of violating this section and probation is granted, the court shall require participation in a batterer's treatment program as a condition of probation unless, considering all of the facts and the circumstances, the court finds participation in a batterer's treatment program inappropriate for the defendant.

(f) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted under subdivision (a) for an offense that occurred within seven years of the offense of the second conviction, it shall be a condition thereof that he or she be imprisoned in the county jail for not less than 96 hours and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. SEC. 2. This act does not constitute a change in, but is declaratory of, existing law.

CHAPTER 681

An act to amend Section 1730 of, and to add Section 12944.7 to, the Water Code, relating to water.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1730 of the Water Code is amended to read:

1730. (a) Nothing in this article shall prevent any writ of mandate to inquire into the validity of a finding or order by the board under subdivision (b) of Section 1727 or following a hearing pursuant to subdivision (c) of Section 1727. Any petition for a writ of mandate shall be filed within 30 days after final action by the board. The right to petition shall not be affected by the failure to seek reconsideration before the board.

(b) The evidence to be considered by the court in the writ of mandate proceeding shall be limited to the documents and materials in the administrative record before the board prior to making the finding or order. However, where the court finds that there is relevant evidence which, in the exercise of due diligence could not have been produced or which was improperly excluded from the administrative record by the board, the court may admit the evidence at the hearing of the writ.

SEC. 2. Section 12944.7 is added to the Water Code, to read:

12944.7. Notwithstanding any other provision of law, any public agency which has executed a contract with the state for a water supply pursuant to Section 12937 may sell any water available to that agency directly to any ultimate water consumer within the agency. If the principal act of the public agency restricts the agency to the wholesale distribution of water, the right to sell water directly to consumers may be exercised by the agency only pursuant to written contract with (1) a wholesaler, if any exists, to which the water would otherwise be sold and (2) a public entity water purveyor, if any exists, serving water at retail within the area in which the consumer is located or a water corporation, if any exists, subject to regulation by the Public Utilities Commission and serving water at retail within the area in which the consumer is located.

CHAPTER 682

An act to amend Section 11580.2 of the Insurance Code, relating to insurance.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within the limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2) or paragraph (3), (1) delete the provision covering damage caused by an uninsured motor vehicle completely, or (2) delete the coverage when a motor vehicle is operated by a natural person or persons designated by name, or (3) agree to provide the coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any of these agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation or renewal of the policy or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the automobile liability coverage is provided only on an excess or umbrella basis. Nothing in this section shall require that uninsured motorist coverage be offered or provided in any homeowner policy,

personal and residents' liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any other policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(2) The agreement specified in paragraph (1) to delete the provision covering damage caused by an uninsured motor vehicle completely or delete the coverage when a motor vehicle is operated by a natural person or persons designated by name shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to delete the coverage completely or to delete the coverage when a motor vehicle is operated by a natural person or persons designated by name. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, which the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall relieve the insurer of liability under this section while the agreement remains in effect.

(3) The agreement specified in paragraph (1) to provide coverage in an amount less than that required by subdivision (m) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Those provisions also permit the insurer and the applicant to agree to provide the coverage in an amount less then that required by subdivision (m) of Section 11580.2 of the Insurance Code but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, which the person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to the insured from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p)

of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with this paragraph. However, it shall be presumed that an application for a policy of bodily injury liability insurance containing uninsured motorist coverage in an amount less than that required by subdivision (m), signed by the named insured and approved by the insurer, with a policy effective date after January 1, 1985, shall be a valid agreement as to the amount of uninsured motorist coverage to be provided.

(b) As used in subdivision (a), "bodily injury" includes sickness or disease, including death, resulting therefrom; "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in subdivision (a); as used in subdivision (a) if the named insured is an individual "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; as used in subdivision (a), if the named insured is an entity other than an individual, "insured" means any person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply. As used in this subdivision, "individual" shall not include persons doing business as corporations, partnerships, or associations. As used in this subdivision "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by or furnished for the regular use of the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is the applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or an

"underinsured motor vehicle" as defined in subdivision (p), or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf has reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or to the local headquarters of the California Highway Patrol, and has filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, "uninsured motor vehicle" shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Financial Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer while located for use as a residence or premises and not as a vehicle, or any equipment or vehicle designed or modified for use primarily off public roads, except while actually upon public roads.

As used in this section, "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

Nothing in this section is intended to exclude from the definition of an uninsured motor vehicle any motorcycle or private passenger type four wheel drive motor vehicle if that vehicle was subject to and failed to comply with the Financial Responsibility Law of this state.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured or leased to an insured under a written contract for a period of six months or longer, unless the occupied vehicle is an insured motor vehicle. "Motor vehicle" as used in this paragraph means any self-propelled vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(8) To bodily injury of the insured while occupying a motor vehicle rented or leased to the insured for public or livery purposes.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and the damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of the limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any

action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue therein for purposes of issuance of a subpoena by an attorney of a party to the arbitration under Section 1985 of the Code of Civil Procedure. Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any proper court to which application is first made by either the insured or the insurer under Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Article 3 with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) Paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure is not applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section limits the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the injury or death to the extent that payment was made. The action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to the insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part, including any amounts tendered to the insured as advance payment on behalf of the other person by the insurer providing the underlying liability insurance.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless one of the following actions have been taken within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction.

(2) Agreement as to the amount due under the policy has been concluded.

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and the claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

(n) Underinsured motorist coverage shall be offered with limits equal to the limits of liability for the insured's uninsured motorist limits in the underlying policy, and may be offered with limits in excess of the uninsured motorist coverage. For the purposes of this section, uninsured and underinsured motorist coverage shall be offered as a single coverage. However, an insurer may offer coverage for damages for bodily injury or wrongful death from the owner or operator of an underinsured motor vehicle at greater limits than an uninsured motor vehicle.

(o) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination

arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, and not later than 20 days after the request. If the insured fails to comply with the requirements of this subdivision, the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

(p) This subdivision applies only when bodily injury, as defined in subdivision (b), is caused by an underinsured motor vehicle. If the provisions of this subdivision conflict with subdivisions (a) through (o), the provisions of this subdivision shall prevail.

(1) As used in this subdivision, "an insured motor vehicle" is one that is insured under a motor vehicle liability policy, or automobile liability insurance policy, self-insured, or for which a cash deposit or bond has been posted to satisfy a financial responsibility law.

(2) "Underinsured motor vehicle" means a motor vehicle that is an insured motor vehicle but insured for an amount that is less than the uninsured motorist limits carried on the motor vehicle of the injured person.

(3) This coverage does not apply to any bodily injury until the limits of bodily injury liability policies applicable to all insured motor vehicles causing the injury have been exhausted by payment of judgments or settlements, and proof of the payment is submitted to the insurer providing the underinsured motorist coverage.

(4) When bodily injury is caused by one or more motor vehicles, whether insured, underinsured, or uninsured, the maximum liability of the insurer providing the underinsured motorist coverage shall not exceed the insured's underinsured motorist coverage limits, less the amount paid to the insured by or for any person or organization that may be held legally liable for the injury.

(5) The insurer paying a claim under this subdivision shall, to the extent of the payment, be entitled to reimbursement or credit in the amount received by the insured from the owner or operator of the underinsured motor vehicle or the insurer of the owner or operator.

(6) If the insured brings an action against the owner or operator of an underinsured motor vehicle, he or she shall forthwith give to the insurer providing the underinsured motorist coverage a copy of the complaint by personal service or certified mail. All pleadings and depositions shall be made available for copying or copies furnished the insurer, at the insurer's expense, within a reasonable time.

(7) Underinsured motorist coverage shall be included in all policies of bodily injury liability insurance providing uninsured motorist coverage issued or renewed on or after July 1, 1985. Notwithstanding this section, an agreement to delete uninsured motorist coverage completely, or with respect to a person or persons designated by name, executed prior to July 1, 1985, shall remain in full force and effect.

(q) Regardless of the number of vehicles involved whether insured or not, persons covered, claims made, premiums paid or the number of premiums shown on the policy, in no event shall the limit of liability for two or more motor vehicles or two or more policies be added together, combined, or stacked to determine the limit of insurance coverage available to injured persons.

SEC. 2. The amendments to Section 11580.2 made by this act shall only affect coverage with respect to the use of any motor vehicle that is limited to the contingent liability arising out of the use of nonowned motor vehicles offered, issued, or delivered on or after January 1, 1991, and shall not affect those coverages that were in force prior to that date, including coverage in force prior to that date that is renewed.

CHAPTER 683

An act to add Sections 11011.20 and 53086 to the Government Code, relating to public property.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 11011.20 is added to the Government Code, to read:

11011.20. (a) Any private person or private company which advertises that it provides information or services regarding the sale or purchase of public property of any kind shall prominently indicate in the advertisement and any other presentation that the person or company is not a government official or a government agency.

(b) Failure on the part of any private person or private company to prominently indicate in the advertisement and any other presentation that the person or company is not a government agency shall constitute an unfair business practice within the meaning and for the purposes of Section 17200 of the Business and Professions Code, but is not a crime.

SEC. 2. Section 53086 is added to the Government Code, to read:

53086. (a) Any private person or private company which advertises that it provides information or services regarding the sale or purchase of public property of any kind shall prominently indicate

in the advertisement and any other presentation that the person or company is not a government official or a government agency.

(b) Failure on the part of any private person or private company to prominently indicate in the advertisement and any other presentation that the person or company is not a government agency shall constitute an unfair business practice within the meaning and for the purposes of Section 17200 of the Business and Professions Code, but is not a crime.

CHAPTER 684

An act to add Section 75524 to the Water Code, relating to water systems.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 75524 is added to the Water Code, to read:

75524. Any person or operator who augments the water supplies for use within the United Water Conservation District or a zone or zones thereof, by importing water from sources outside the district, and who stores that water in a basin within the district, may apply to the Board of Directors of the United Water Conservation District for a determination exempting that operator from the payment of any groundwater charge based upon the extraction of that water. The exemption shall be based upon the filing of an application for exemption and submission to the board of reasonable evidence of the following:

(a) The amount of water of acceptable quality imported into the district and spread or injected into a basin within the district.

(b) The portion of that imported water that effectively recharges the basin underlying the zone or zones into which it is injected or percolates.

(c) The amount of water produced by the applicant from the zone or zones overlying the areas effectively recharged by the importation and spreading or injection of that water.

(d) Even if the applicant had not imported and stored the water, it had a separate legal right and the ability to produce the quantity of water for which it seeks exemption, in addition to all other water produced by the applicant from the zone or zones involved.

SEC. 2. Section 1 of this act is necessary because of the large amount of water which is imported into the United Water Conservation District for temporary storage within groundwater basins within the district. This problem is not common to all districts formed under the Water Conservation District Law of 1931. It is therefore hereby declared that a general law cannot be made

applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the United Water Conservation District.

SEC. 3. Pursuant to Section 13896.2 of the Water Code, the Department of Water Resources is hereby authorized to make grants from the California Safe Drinking Water Bond Fund in accordance with the California Safe Drinking Water Bond Law of 1986 (Chapter 10.7 (commencing with Section 13895) of Division 7 of the Water Code), to the following agency for purposes of financing proposed projects and investigations to identify alternatives for system improvements therefor:

(1) Yreka, City of (Shasta Belle Subdivision Assessment District)

SEC. 4. The Department of Water Resources shall determine eligibility for the amount of any grant authorized in Section 3, in accordance with the California Safe Drinking Water Bond Law of 1988 (Chapter 16 (commencing with Section 14000) of Division 7 of the Water Code) and may make those grants in accordance with the bond law.

SEC. 5. (a) The Legislature hereby finds and declares that, in order to meet the minimum safe drinking water standards, there are critical needs within the entity identified in Section 3 to immediately undertake certain improvements necessary to enable residents of that community to have a dependable and potable water supply.

(b) The Legislature further finds and declares that the water system of the entity identified in Section 3 has critical deficiencies in the areas of treatment, storage, and distribution of water which pose a serious threat to the public health and welfare of all consumers within that community and that the entity is only barely meeting the demand for water within the community.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 685

An act to amend Sections 3451 and 3456 of the Business and Professions Code, relating to hearing aid dispensers, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 3451 of the Business and Professions Code is amended to read:

3451. (a) Licenses issued under this chapter expire at midnight on January 15, 1991. Every permanent license which expires after that date shall expire one year following the assigned renewal date. In order to implement a cyclical renewal program, the population of licensees shall be divided into 12 groups and the licenses of each group shall expire on the last day of each consecutive month.

(b) Notwithstanding other provisions of law, the committee shall establish procedures for the administration of a cyclical renewal program for permanently licensed hearing aid dispensers, to assign renewal dates, to extend or shorten the first license period following January 1, 1991, and to prorate the required initial license or renewal fees in order to implement the renewal program.

(c) To renew an unexpired license, the licensee shall, on or before the date of expiration of the license, apply for renewal on a form provided by the committee, accompanied by the prescribed renewal fee.

(d) Temporary license holders shall renew their licenses in accordance with Section 3357, apply for such renewal on a form provided by the committee, accompanied by the prescribed renewal fee for temporary licenses.

SEC. 2. Section 3456 of the Business and Professions Code is amended to read:

3456. The amount of fees and penalties prescribed by this chapter shall be those set forth in this section unless a lower fee is fixed by the committee by resolution passed at a public meeting and approved by the director in accordance with Section 313.1:

(a) The fee for applicants applying for the first time for a license is not more than seventy-five dollars ($75) which shall not be refunded, except to applicants who are found to be ineligible to take an examination for a license; those applicants are entitled to a refund of not more than fifty dollars ($50).

(b) The fee for taking the qualifying examination is not more than seventy-five dollars ($75).

(c) The fee for applicants for a license who have failed a previous examination is not more than seventy-five dollars ($75) for each

succeeding examination.

(d) The fee for renewal of a temporary license is not more than seventy-five dollars ($75) for each renewal. The fee for renewal of a permanent license is not more than two hundred dollars ($200) for each renewal.

(e) The initial permanent license fee is not more than one hundred fifty dollars ($150).

(f) The delinquency fee is twenty-five dollars ($25).

(g) The fee for issuance of a duplicate license for a branch office, or upon loss of an original license or upon change of name authorized by law of a person holding a license under this chapter is fifteen dollars ($15).

(h) The fee for reporting the completion of a continuing education course required for the renewal of a license is not more than fifteen dollars ($15).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Hearing Aid Dispensers Examining Committee will face a deficit in fiscal year 1990–91 and in order to avoid the impending deficit, it is necessary that this act go into immediate effect.

CHAPTER 686

An act to amend Section 40410.5 of the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 40410.5 of the Health and Safety Code is amended to read:

40410.5. (a) There is hereby established within the south coast district a sensitive zone, which shall include the general forecast areas known as the San Gabriel/Pomona Valleys and the Riverside/San Bernardino areas.

(b) In addition to every other requirement for the issuance of a permit, the following requirements shall be applicable to the issuance of a permit by the south coast district for the construction or operation of any stationary source within the sensitive zone:

(1) When emission offsets are required to mitigate the air quality impacts of a stationary source, the offsets shall be secured by the applicant so as to bring about ambient air quality improvements within the sensitive zone. The applicant shall be required to

demonstrate, to the satisfaction of the south coast district, that any emissions reductions acquired from stationary sources operating within the South Coast Air Basin will result in a demonstrable net ambient air quality improvement within the sensitive zone.

(2) In considering an application for a permit to construct or operate a stationary source, the south coast district board shall, in addition to making a finding and determination that the impacts of the stationary source will be mitigated so as to result in a net improvement in ambient air quality within the South Coast Air Basin, also make a finding and determination that the impacts of the stationary source can be mitigated so as to result in a net improvement in ambient air quality within the sensitive zone.

(c) The south coast district board shall adopt rules and regulations to implement this section by January 1, 1991.

(d) The south coast district shall report to the Legislature by January 1, 1992, on the implementation of subdivision (b). This report shall include a description of the impact of the requirements of subdivision (b) on the issuance of permits for the construction or operation of stationary sources within the sensitive zone, and upon air quality within the sensitive zone.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for air quality improvements within portions of the South Coast Air Basin which have been determined to have acute air pollution problems, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 687

An act to amend Section 4181 of, and to add Sections 302 and 303 to, the Fish and Game Code, relating to game, and making an appropriation therefor.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares, as follows:

(a) The Fish and Game Commission is presently authorized pursuant to the Fish and Game Code to determine, on an annual basis, whether to add, amend, repeal, or to continue regulations for the taking of game mammals.

(b) Pursuant to this authority, the commission has annually considered regulations allowing the sport hunting of black bears in California.

(c) In 1989, the Superior Court of the County of Sacramento ruled that, pursuant to Section 207 of the Fish and Game Code, the commission is required to comply with the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code, annually, when adding, amending, repealing, or continuing regulations for the hunting of game mammals and that those regulations must be based on adequate scientific data.

(d) The black bear of California, like all fish and wildlife resources, are a valuable resource that belongs in trust to the people; therefore, the proper, scientifically based management of the black bear population is of the utmost importance.

(e) By following existing law relating to depredation hunting of black bears, the Legislature intends, by this act, to ensure that the black bear population is maintained in a healthy and viable condition.

SEC. 2. Section 302 is added to the Fish and Game Code, to read:

302. When adopting regulations pursuant to any authority otherwise vested in the commission by this code, the commission shall annually determine whether to continue, repeal, or amend regulations establishing hunting seasons for black bears. The determination shall include a review of factors which impact the health and viability of the black bear population.

SEC. 3. Section 303 is added to the Fish and Game Code, to read:

303. Prior to adopting a regulation authorizing a special hunting season for black bears for the purpose of curtailing property damage in any specified area, the commission shall comply with Article 2 (commencing with Section 325) of Chapter 3 of Division 1.

SEC. 4. Section 4181 of the Fish and Game Code is amended to read:

4181. (a) Except as provided in Section 4181.1, any owner or tenant of land or property that is being damaged or destroyed or is in danger or being damaged or destroyed by elk, bear, beaver, wild pig, or gray squirrels, may apply to the department for a permit to kill any such mammals. The department, upon satisfactory evidence of the damage or destruction, actual or immediately threatened, shall issue a revocable permit for the taking and disposition of the mammals under regulations adopted by the commission. Mammals so taken shall not be sold, nor shipped from the premises on which they are taken except under instructions from the department. No iron- or steel-jawed or any type of metal-jawed trap shall be used to take any bear pursuant to this section. No poison of any type may be used to take any gray squirrel pursuant to this section. The department shall designate the type of trap to be used to insure the most humane method is used to trap gray squirrels. The department may require trapped squirrels to be released in parks or other nonagricultural areas. It shall be unlawful for any person to violate the terms of any permit issued under the provisions of this section.

(b) The permit issued for taking bears pursuant to subdivision (a) shall contain the following facts:

(1) Why the issuance of the permit was necessary.

(2) What efforts were made to solve the problem without killing the bears.

(3) What corrective actions should be implemented to prevent reoccurrence.

CHAPTER 688

An act to amend Section 20102 of the Public Contract Code, relating to public construction.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 20102 of the Public Contract Code is amended to read:

20102. Notwithstanding any other provision of this part to the contrary, where plans and specifications have been prepared by a public agency, whose activities are subject to this part, in order for a public project to be put out for formal or informal bid, and, subsequently, the public agency elects to perform the work by day's labor, the public agency shall perform the work in strict accordance with these same plans and specifications.

Revisions of the plans and specifications may be made once a justification detailing the specific reasons for the change or changes has been approved by the public agency or its project director and

a copy of the change and its justification is placed in the project file.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

18210. (a) Except as provided in Sections 18205.5 and 18209 and subject to subdivisions (b) and (d), an industrial loan company shall not make any loan or purchase or discount any note secured primarily by real property unless the loan or other obligation is repayable in substantially equal weekly, semimonthly, monthly, or quarterly installments during its term, which shall not exceed 30 years and 30 days from the date the loan or other obligation is made or acquired by the company. However, an industrial loan company may make loans secured by first trust deeds on real property containing single family, or one to four residential, units provided that the repayment period for each loan does not exceed 40 years and 30 days from the date the loan is made by the company. All loans with repayment periods in excess of 30 years and 30 days shall not exceed in the aggregate 5 percent of all outstanding loans and obligations of the company.

(b) Any consumer loan or any purchase or discount of any consumer obligation having a term in excess of three years from the date the loan or other obligation is made or acquired by the company shall be secured solely by real property or solely by personal property. However, if the original principal amount of the consumer loan or obligation is twenty thousand dollars ($20,000) or more, then the loan or obligation shall be secured solely by real property or

solely by personal property, or by both real property and personal property. All loans and obligations made and purchased pursuant to this subdivision shall be repayable in installments and within a term not to exceed the limitations set forth in subdivision (a), except that consumer loans or obligations secured solely by personal property shall have a term not to exceed the term provided for in Section 18205 and except as otherwise may be provided for in Sections 18207, 18208, and 18209.

(c) Notwithstanding any other provision of this division, an industrial loan company may make loans and acquire or discount obligations having a term in excess of three years secured primarily by real property pursuant to subdivision (a) or secured solely or primarily by real property pursuant to subdivision (b), provided that all of the loans and obligations in excess of three years shall not in the aggregate exceed 70 percent of the industrial loan company's total assets.

(d) (1) In order to ensure the safety and soundness of industrial loan companies and to avoid an unreasonable concentration of loans and obligations that could result in balloon payments, all loans and obligations specified in subdivision (c) with a term in excess of 10 years and 30 days shall be repaid in substantially equal weekly, semimonthly, monthly, or quarterly installments during their term.

(2) In the event paragraph (1) is held invalid by any court of competent jurisdiction as preempted by, or in violation of, any federal law, then the aggregate of all loans and obligations having a term in excess of 10 years and 30 days secured solely or primarily by real property and having other than substantially equal weekly, semimonthly, monthly or quarterly installments during their term shall not exceed 1 percent of an industrial loan company's assets.

CHAPTER 690

An act to amend Sections 50515 and 50530 of the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 50515 of the Health and Safety Code is amended to read:

50515. As used in this chapter:

(a) "Housing" includes, but is not limited to, manufactured housing.

(b) "Fund" means the Rural Predevelopment Loan Fund which is replenished continuously by repayments of principal on loans made from the fund.

(c) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by eligible sponsors in the process of, and prior to, securing long-term financing for production, conversion, preservation, or rehabilitation of assisted housing, and which are recoverable once long-term financing is obtained. CHAPTER 691

An act to amend Section 14105.97 of the Welfare and Institutions Code, relating to hospitals, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that problems associated with the annual financial disclosure data that had been intended for use in the implementation of Chapter 976 of the Statutes of 1988, necessitate a technical amendment to the authorizing statute. In addition, changes in requirements for the provision of hospital data to the state enacted pursuant to Chapter 1331 of the Statutes of 1989, require further updating.

SEC. 2. Section 14105.97 of the Welfare and Institutions Code is amended to read:

14105.97. (a) The department shall develop an outpatient disproportionate provider factor for each hospital during the first quarter of each year using the most recent annual disclosure data administered by the Office of Statewide Health Planning and Development. This subdivision shall only apply to payments made to disproportionate share hospitals through June 30, 1990.

(b) The factor described in subdivision (a) shall be the proportion of total outpatient gross revenue attributable to Medi-Cal gross revenue plus "other" outpatient deductions from revenue, to total outpatient gross revenue. Hospitals that previously did not submit the necessary data elements shall be permitted to amend their most recent report or submit more recent data prior to implementation of this section. An outpatient disproportionality threshold shall be established by the department at the mean, which in the most recent 1984–85 data is 22.5 percent of total outpatient gross revenue. This methodology shall only apply to payments made to disproportionate

share hospitals through June 30, 1990.

(c) The department shall develop an outpatient disproportionate factor for each hospital on an annual basis. That factor shall be the ratio of total Medi-Cal outpatient gross revenue plus "other" outpatient deductions from revenue, as those deductions are described in the most recent version of the Office of Statewide Health Planning and Development Quarterly and Financial Disclosure Report, to total outpatient gross revenue. The appropriate calculation of the outpatient disproportionate factor shall exclude Medicare and Medi-Cal contractual allowances, and shall not take into account any offsetting subsidies, including medically indigent services program funds. Hospitals exceeding the statewide mean shall receive supplemental payments based on their relative disproportionality. This subdivision shall only apply to payments made to disproportionate share hospitals on or after July 1, 1990. This subdivision is not intended to result in an increase in the total amount appropriated as compared to the amount that would have been appropriated if subdivisions (a) and (b) had continued to be applicable.

(d) Notwithstanding subdivision (c), the disproportionate share payments made to each children's hospital on or after July 1, 1990, shall be no less than they would have received if subdivisions (a) and (b) had continued to be applicable.

(e) The calculation of a hospital's outpatient disproportionate share factor pursuant to subdivisions (b) and (c) shall not take into account any funds received by the hospital pursuant to Part 4.7 (commencing with Section 16900).

(f) The hospital outpatient augmentation levels shall be incorporated into the rate adjustment made subsequent to enactment of the annual Budget Act and shall not exceed usual and customary charges.

(g) Augmentation rates shall be applied to hospitals with all inclusive rates at the point of final audit settlement and shall be included in subsequent interim reimbursement rates.

(h) The director shall adopt regulations implementing this section as emergency regulations, if so required, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the director in order to implement this act shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

The director may, on an emergency basis as provided in this subdivision, periodically amend the regulations for the implementation of this section in order to refine, improve, make

specific or otherwise enhance the administration and the intent of this section, or to limit expenditures to stay within the amounts appropriated.

(i) The department shall seek federal approval for this section, if necessary.

(j) Subject to the limitations contained in this section, rate increases granted pursuant to this section shall become effective October 1, 1988.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make equitable and achievable the development of an outpatient disproportionate provider factor for purposes of Medi-Cal reimbursement, which is authorized under existing law, thus aiding critically needed disproportionate share facilities in providing access to health care at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 692

An act to amend Sections 17300 and 22511.7 of, and to repeal and add Section 22510 of, the Vehicle Code, relating to highways.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 17300 of the Vehicle Code is amended to read:

17300. (a) Any person who willfully or negligently damages any street or highway, or its appurtenances, including, but not limited to, guard rails, signs, traffic signals, snow poles, and similar facilities, is liable for the reasonable cost of the repair or replacement thereof.

(b) Any person who willfully or negligently causes or permits the contents of any vehicle to be deposited upon any street or highway, or its appurtenances, is liable for the reasonable costs of removing those contents from the street or highway or its appurtenances.

(c) The liability stated in this section also applies to an owner of a vehicle operated with the owner's permission, as provided in Article 2 (commencing with Section 17150), and includes liability for the reasonable cost of necessary safety precautions, including, but not limited to, warning traffic, the removal of debris resulting from accidents, the removal of any materials, or providing detours.

(d) The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may present claims for liability under this section, bring actions for recovery

thereon, and settle and compromise, in their discretion, claims arising under this section.

(e) If the Department of Transportation or a local authority provides services on a highway outside its jurisdiction, at the request of the department or the local authority which has jurisdiction over that highway, the department or the local authority may present a claim for liability for rendering this service under this section, bring actions for recovery thereon, and, in its discretion, settle and compromise the claim.

SEC. 2. Section 22510 of the Vehicle Code is repealed.

SEC. 3. Section 22510 is added to the Vehicle Code, to read:

22510. (a) Local authorities may, by ordinance or resolution, prohibit or restrict the parking or standing of vehicles on designated streets or highways within their jurisdiction, or portions thereof, for the purpose of snow removal. The ordinance or resolution shall not be effective until the street or highway, or portion thereof, has been sign-posted in accordance with the uniform standards and specifications of the Department of Transportation, or until the local authorities have caused to be posted in a conspicuous place at each entrance to the street or highway, a notice not less than 17 inches by 22 inches in size, with lettering not less than one inch in height, setting forth the days parking is prohibited. The signs shall, at a minimum, be placed on each affected street or highway, at the boundary of the local authority, and at the beginning and end of each highway or highway segment included in that area. No person shall stop, park, or leave standing any vehicle, whether attended or unattended, within the area marked by signs, except when necessary to avoid conflict with other traffic or in compliance with the directions of a traffic or peace officer.

(b) No ordinance or resolution authorized by subdivision (a) which affects a state highway shall be effective until it is submitted to, and approved by, the Department of Transportation.

(c) The Department of Transportation, with respect to state highways, may restrict the parking or standing of vehicles for purposes of snow removal. The restrictions shall not be effective until the highway, or portion thereof, has been posted with signs in accordance with the uniform standards and specifications of the department. No person shall stop, park, or leave standing any vehicle, whether attended or unattended, within the area marked by parking restriction signs, except when necessary to avoid conflict with other traffic or in compliance with the directions of a traffic or peace officer.

SEC. 4. Section 22511.7 of the Vehicle Code is amended to read:

22511.7. In addition to Section 22511.8 for offstreet parking, a local authority may, by ordinance or resolution, designate parking spaces for the exclusive use of any vehicle which displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5. Whenever a local authority so designates a parking space, it shall be indicated by blue paint on the curb or edge of the paved

portion of the street adjacent to the space. In addition to blue paint, the space shall also be indicated by signs or other suitable means. In areas where snow or ice may obscure the blue paint, a clearly visible sign appropriately designating the space is sufficient for purposes of this section.

This section does not restrict the privilege granted to disabled persons and disabled veterans by Section 22511.5.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 693

center or state developmental center.

(b) When the person with a developmental disability, who has the capacity to give informed consent, designates individuals to whom information or records may be released, except that nothing in this article shall be construed to compel a physician, psychologist, social worker, marriage, family, and child counselor, nurse, attorney, or other professional to reveal information which has been given to him or her in confidence by a family member of the person unless a valid release has been executed by that family member.

(c) To the extent necessary for a claim, or for a claim or application to be made on behalf of a person with a developmental disability for aid, insurance, government benefit, or medical assistance to which he or she may be entitled.

(e) For research, provided that the Director of Developmental Services designates by regulation rules for the conduct of research and requires the research to be first reviewed by the appropriate institutional review board or boards. The local agency shall withhold not less than 5 percent of the contract price until final completion and acceptance of the project. However, at any time after 50 percent of the work has been completed, if the legislative body finds that satisfactory progress is being made, it may make any of the remaining progress payments in full for actual work completed.

Notwithstanding the provisions of Section 20150.9, on any project which is less than seventy-five thousand dollars ($75,000), if, after the first invitation for bids, all bids are rejected, the county may, after reevaluating its cost estimates of the project, pass a resolution by a four-fifths vote of its board of supervisors declaring that the project can be performed more economically by county personnel, or that in its opinion a contract to perform the project can be negotiated with the original bidders at a lower price than that in any of the bids, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the project done in the manner stated without further complying with this article.

further complying with this article.

This section shall become operative on January 1, 1991.

SEC. 14. Section 22039 of the Public Contract Code is amended to read:

22039. The governing body of the public agency shall adopt plans, specifications, and working details for all public projects exceeding the amount specified in subdivision (c) of Section 22032.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. The application and acknowledgment shall be in a form understandable to the clerk.

(1) The department shall specify the form of the application and acknowledgment which shall include at a minimum a summary of this division pertaining to the following:

CHAPTER 696

An act to amend Sections 632, 633, 633.5, 634, and 635 of the Penal Code, to amend Section 1 of Chapter 909 of the Statutes of 1985, and to add Section 632.6 to the Penal Code, relating to cordless telephones.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 909 of the Statutes of 1985 is amended to read:

Sec. 1. This act shall be known and may be cited as the Cordless and Cellular Radio Telephone Privacy Act.

SEC. 2. The Legislature hereby finds and declares all of the following:

(a) Increasing utilization of cordless telephone technology means that persons will be conversing using a technology which cannot guarantee privacy in the same way that it is guaranteed over the wire-based public switched network.

(b) The United States Supreme Court has failed to guarantee persons a reasonable expectation of privacy in conversations made with or to a person using a cordless telephone unit.

(c) There is currently no commercially feasible method to prevent unauthorized third parties from eavesdropping upon private cordless telephone communications.

(d) A citizen's right of privacy should protect him or her from sophisticated forms of surveillance and eavesdropping that use new technological devices and techniques suitable only for appropriating private conversations.

(e) Parties to a cordless telephone communication have a reasonable expectation of privacy which the right of privacy protects, and this act is intended to provide a legal recourse to those persons whose private cordless telephone communications have been maliciously invaded by persons not intended to receive those communications.

(f) It is not the intent of the Legislature in enacting this act to prohibit the manufacture, sale, possession, or use of electronic scanning devices, or radios capable of intercepting or receiving radio frequencies other than, or in addition to, cordless telephone radio frequencies, nor is it the Legislature's intent to prohibit the interception or reception of radio frequencies other than the unauthorized malicious interception or reception of cordless telephone radio frequencies.

SEC. 3. Section 632 of the Penal Code is amended to read:

632. (a) Every person who, intentionally and without the consent of all parties to a confidential communication, by means of any electronic amplifying or recording device, eavesdrops upon or records the confidential communication, whether the communication is carried on among the parties in the presence of one another or by means of a telegraph, telephone, or other device, except a radio, shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), or imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section or Section 631, 632.5, 632.6, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment.

(b) The term "person" includes an individual, business association, partnership, corporation, or other legal entity, and an individual acting or purporting to act for or on behalf of any

government or subdivision thereof, whether federal, state, or local, but excludes an individual known by all parties to a confidential communication to be overhearing or recording the communication.

(c) The term "confidential communication" includes any communication carried on in circumstances as may reasonably indicate that any party to the communication desires it to be confined to the parties thereto, but excludes a communication made in a public gathering or in any legislative, judicial, executive or administrative proceeding open to the public, or in any other circumstance in which the parties to the communication may reasonably expect that the communication may be overheard or recorded.

(d) Except as proof in an action or prosecution for violation of this section, no evidence obtained as a result of eavesdropping upon or recording a confidential communication in violation of this section shall be admissible in any judicial, administrative, legislative, or other proceeding.

(e) This section does not apply (1) to any public utility engaged in the business of providing communications services and facilities, or to the officers, employees or agents thereof, where the acts otherwise prohibited by this section are for the purpose of construction, maintenance, conduct or operation of the services and facilities of the public utility, or (2) to the use of any instrument, equipment, facility, or service furnished and used pursuant to the tariffs of such a public utility, or (3) to any telephonic communication system used for communication exclusively within a state, county, city and county, or city correctional facility.

(f) This section does not apply to the use of hearing aids and similar devices, by persons afflicted with impaired hearing, for the purpose of overcoming the impairment to permit the hearing of sounds ordinarily audible to the human ear.

SEC. 4. Section 632.6 is added to the Penal Code, to read:

632.6. (a) Every person who, maliciously and without the consent of all parties to the communication, intercepts, receives, or assists in intercepting or receiving a communication transmitted between cordless telephones as defined in subdivision (c), between any cordless telephone and a landline telephone, or between a cordless telephone and a cellular telephone shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment. If the person has been convicted previously of a violation of Section 631, 632, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), or by imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment.

(b) This section shall not apply in any of the following instances:

(1) To any public utility engaged in the business of providing communications services and facilities, or to the officers, employees,

or agents thereof, where the acts otherwise prohibited are for the purpose of construction, maintenance, conduct, or operation of the services and facilities of the public utility.

(2) To the use of any instrument, equipment, facility, or service furnished and used pursuant to the tariffs of the public utility.

(3) To any telephonic communications system used for communication exclusively within a state, county, city and county, or city correctional facility.

(c) As used in this section and in Section 635, "cordless telephone" means a two-way low power communication system consisting of two parts—a "base" unit which connects to the public switched telephone network and a handset or "remote" unit—which are connected by a radio link and authorized by the Federal Communications Commission to operate in the frequency bandwidths reserved for cordless telephones.

SEC. 5. Section 633 of the Penal Code is amended to read:

633. Nothing in Section 631, 632, 632.5, or 632.6 prohibits the Attorney General, any district attorney, or any assistant, deputy, or investigator of the Attorney General or any district attorney, any officer of the California Highway Patrol, any chief of police, assistant chief of police, or police officer of a city or city and county, any sheriff, undersheriff, or deputy sheriff regularly employed and paid as such of a county, or any person acting pursuant to the direction of one of these law enforcement officers acting within the scope of his or her authority, from overhearing or recording any communication which they could lawfully overhear or record prior to the effective date of this chapter.

Nothing in Section 631, 632, 632.5, or 632.6 renders inadmissible any evidence obtained by the above-named persons by means of overhearing or recording any communication which they could lawfully overhear or record prior to the effective date of this chapter.

SEC. 6. Section 633.5 of the Penal Code is amended to read:

633.5. Nothing in Section 631, 632, 632.5, or 632.6 prohibits one party to a confidential communication from recording the communication for the purpose of obtaining evidence reasonably believed to relate to the commission by another party to the communication of the crime of extortion, kidnapping, bribery, any felony involving violence against the person, or a violation of Section 653m. Nothing in Section 631, 632, 632.5, or 632.6 renders any evidence so obtained inadmissible in a prosecution for extortion, kidnapping, bribery, any felony involving violence against the person, a violation of Section 653m, or any crime in connection therewith.

SEC. 7. Section 634 of the Penal Code is amended to read:

634. Any person who trespasses on property for the purpose of committing any act, or attempting to commit any act, in violation of Section 631, 632, 632.5, 632.6, or 636 shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year or in the

state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section or Section 631, 632, 632.5, 632.6, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment.

SEC. 8. Section 635 of the Penal Code is amended to read:

635. (a) Every person who manufactures, assembles, sells, offers for sale, advertises for sale, possesses, transports, imports, or furnishes to another any device which is primarily or exclusively designed or intended for eavesdropping upon the communication of another, or any device which is primarily or exclusively designed or intended for the unauthorized interception or reception of communications between cellular radio telephones or between a cellular radio telephone and a landline telephone in violation of Section 632.5, or communications between cordless telephones or between a cordless telephone and a landline telephone in violation of Section 632.6, shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year, or in the state prison, or by both that fine and imprisonment.

(b) This section does not apply to either of the following:

(1) An act otherwise prohibited by this section when performed by any of the following:

(A) A communication utility or an officer, employee or agent thereof for the purpose of construction, maintenance, conduct, or operation of, or otherwise incident to the use of, the services or facilities of the utility.

(B) A state, county, or municipal law enforcement agency or an agency of the federal government.

(C) A person engaged in selling devices specified in subdivision (a) for use by, or resale to, agencies of a foreign government under terms approved by the federal government, communication utilities, state, county, or municipal law enforcement agencies, or agencies of the federal government.

(2) Possession by a subscriber to communication utility service of a device specified in subdivision (a) furnished by the utility pursuant to its tariffs.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 697

An act to add Section 907 to the Government Code, relating to public agency claims.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 907 is added to the Government Code, to read:

907. A local public entity, as defined in Section 900.4, may offset any delinquent amount due it for services rendered to any other local public entity. The offset may be charged, against any amount reciprocally owing, upon the giving of 30 days advance written notice, if no written dispute is received from the debtor within the 30-day notice period. Notices from the creditor or the debtor shall be made through certified mail.

If the offset would result in the debtor's inability to meet encumbered bonded indebtedness repayments, the debtor shall so state in a written dispute within the time period stated above.

If a dispute notice is received and the dispute is subsequently resolved in favor of the entity to whom an amount is due, interest on the principal amount from the date that amount was originally owing shall be assessed at the legal rate per annum established pursuant to Section 685.010 of the Code of Civil Procedure.

For purposes of this section, an amount reciprocally owing includes any tax revenue collected by a local public entity for disbursement to another local public entity.

CHAPTER 698

An act to amend Section 826 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 826 of the Welfare and Institutions Code is amended to read:

826. (a) After five years from the date on which the jurisdiction of the juvenile court over a minor is terminated, the probation officer may destroy all records and papers in the proceedings concerning the minor.

The juvenile court record, which includes all records and papers, any minute book entries, dockets and judgment dockets, shall be destroyed by order of the court as follows: when the person who is the subject of the record reaches the age of 28 years, if the person was alleged or adjudged to be a person described by Section 300, when the person who is the subject of the record reaches the age of 21 years, if the person was alleged or adjudged to be a person described by Section 601, or when the person reaches the age of 38 years if the person was alleged or adjudged to be a person described by Section 602, unless for good cause the court determines that the juvenile record shall be retained, or unless the juvenile court record is released to the person who is the subject of the record pursuant to this section.

Any person who is the subject of a juvenile court record may by written notice request the juvenile court to release the court record to his or her custody. Wherever possible, the written notice shall include the person's full name, the person's date of birth, and the juvenile court case number. Any juvenile court receiving the written notice shall release the court record to the person who is the subject of the record five years after the jurisdiction of the juvenile court over the person has terminated, if the person was alleged or adjudged to be a person described by Section 300, or when the person reaches the age of 21 years, if the person was alleged or adjudged to be a person described by Section 601, unless for good cause the court determines that the record shall be retained. Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code. For the purpose of this section "destroy" means destroy or dispose of for the purpose of destruction. The proceedings in any case in which the juvenile court record is destroyed or released to the person who is the subject of the record pursuant to this section shall be deemed never to have occurred, and the person may reply accordingly to any inquiry about the events in the case.

(b) If an individual whose juvenile court record has been destroyed or released under subdivision (a) discovers that any other agency still retains a record, the individual may file a petition with the court requesting that the records be destroyed. The petition will include the name of the agency and the type of record to be destroyed. The court shall order that such records also be destroyed unless for good cause the court determines to the contrary. The court shall send a copy of the order to each agency and each agency shall destroy records in its custody as directed by the order, and shall advise the court of its compliance. The court shall then destroy the copy of the petition, the order, and the notice of compliance from each agency. Thereafter, the proceedings in such case shall be deemed never to have occurred.

(c) Juvenile court records in juvenile traffic matters, which include all records and papers, any minute book entries, dockets and judgment dockets, may be destroyed after five years from the date on which the jurisdiction of the juvenile court over a minor is terminated, or when the minor reaches the age of 21 years, if the person was alleged or adjudged to be a person described by Section 601. Prior to such destruction the original record may be microfilmed or photocopied. Every such reproduction shall be deemed and considered an original; and a transcript, exemplification or certified copy of any such reproduction shall be deemed and considered a transcript, exemplification or certified copy, as the case may be, of the original.

CHAPTER 699

An act to amend and repeal Section 5600 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 5600 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 1305 of the Statutes of 1988, is amended to read:

5600. (a) This part shall be known and may be cited as the Short-Doyle Act. This part is intended to organize and finance community mental health services for the mentally disordered in every county through locally administered and locally controlled community mental health programs. It is furthermore intended to better utilize existing resources at both the state and local levels in order to improve the effectiveness of necessary mental health services; to integrate state-operated and community mental health programs into a unified mental health system; to ensure that all mental health professions be appropriately represented and utilized in the mental health programs; to provide a means for participation by local governments in the determination of the need for and the allocation of mental health resources; to establish a uniform ratio of local and state government responsibility for financing mental health services; and to provide a means of allocating state mental health funds equitably among counties according to community needs.

(b) Available funding for local programs, beyond the current base plus any cost-of-living adjustment granted by the Legislature, shall be allocated to counties based upon relative need, defined and appropriately revised by the department on an annual basis as the percentage of total state population and total state poverty population residing in that county. By January 1, 1987, the

department shall submit to the Legislature data on the actual numbers of persons served and applicants awaiting service in each county to be considered as a part of the formula in the future. However, until equity of funding between counties is achieved, the allocation of funds shall also take into account the difference between relative needs, as defined above, and current relative resources, defined as the percentage of total state mental health funding currently allocated thereto, in such a manner that progress toward equity is reasonably assured provided, however, that no county allocation may be decreased for this purpose.

(c) If state financing problems require a decrease in the department's total allocation and the amount available for local programs, the director shall distribute funds to each county based upon a method which takes into primary account the issue of equity of funding among the counties.

(d) By December 31 of each year, the department shall make available information on the progress which has been made in achieving equity between counties as defined in this section.

(e) The goals of the community mental health programs provided under this part are:

(1) To assist persons who are institutionalized, or who have a high risk of becoming institutionalized, because of a mental disorder, to lead lives which are as normal and independent as possible, consistent with their individual capacities and desires.

(2) To assist persons who experience temporary psychological problems, which disrupt normal living, to return as quickly as possible to a functioning level which enables them to cope with the problems of everyday life.

(3) To prevent serious mental disorders and psychological problems.

SEC. 2. Section 5600 of the Welfare and Institutions Code, as added by Section 2 of Chapter 1305 of the Statutes of 1988, is repealed.

CHAPTER 700

An act to amend Section 48002 of, and to repeal Section 48003 of, the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 48002 of the Education Code is amended to read:

48002. The parent or guardian of a child shall, prior to the

admission of the child to the kindergarten or first grade of a school district, present proof to the authorities of the district evidencing that the child is of the minimum age fixed by law for admission thereto. The method of proof of age shall be prescribed by the governing board, and the evidence may be in the form of a certified copy of a birth record or a statement by the local registrar or a county recorder certifying the date of birth, or a baptism certificate duly attested, or a passport, or, when none of the foregoing is obtainable, an affidavit of the parent, guardian, or custodian of the minor, or any other appropriate means of proving the age of the child as prescribed by the governing board of the school district.

SEC. 2. Section 48003 of the Education Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes made by this act may become effective in the 1990–91 school year, it is necessary that this act take effect immediately.

CHAPTER 701

An act relating to education, and making an appropriation therefor.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. There is hereby created in the Santa Cruz High School attendance area a program for middle school options to eliminate revenue limit inequities in the per pupil funding for instructional programs for pupils in grades 7 and 8. Participation is limited to the Santa Cruz High School District and the Live Oak Elementary School District. The purpose of the program is to encourage and enable this elementary school district in this attendance area to continue providing a middle school program, in addition to the junior high school program operated by the high school district, thereby increasing enrollment options for all pupils in grades 7 and 8.

SEC. 2. In order for the elementary school district to receive an addition to the revenue limit pursuant to this act, the district shall form a consortium with the Santa Cruz High School District and, at a minimum, all pupils in grades 7 and 8 in the participating districts shall be provided with the option to enroll in either a middle school operated by the elementary school district or a junior high school operated by the high school district. Participation by the districts in

the consortium shall be voluntary.

SEC. 3. For purposes of this act, the following definitions shall apply:

(a) "Middle school program" means a program in which teachers teach a common core curriculum to the same group of pupils in grades 6, 7, and 8 and provide a transition from self-contained classroom education at the elementary level to subject oriented, departmentalized classrooms of the high school level.

(b) "Junior high school program" means a departmentalized program in which pupils in grades 7, 8, and 9 select classes based on subject and move from classroom to classroom during the schoolday.

SEC. 4. A district shall not deny a request for enrollment made pursuant to this chapter unless no space is available in the selected school or unless the choice would have a negative impact on an existing desegregation plan.

SEC. 5. The average daily attendance of pupils participating in the enrollment option pursuant to this act and attending the elementary school district shall be credited to the elementary school district of residence for purposes of determining state apportionments and revenue limits. The average daily attendance of pupils attending the high school district shall be credited to the Santa Cruz High School District.

SEC. 6. For the 1990–91 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall compute an amount in addition to the revenue limit for the elementary district participating in the consortium, equal to the following:

(a) Calculate the average of the base revenue limits per average daily attendance of the districts participating in the consortium.

(b) From the average base revenue limit calculated in subdivision (a), subtract the elementary school district's base revenue limit per average daily attendance.

(c) If the result in subdivision (b) is a positive number, then multiply the result in subdivision (b) by the elementary school district's average daily attendance in grades 7 and 8. That amount shall be added to the total revenue limit computed for that district. If the result in subdivision (b) is zero, or not positive, then no adjustment shall be computed for the district.

(d) If the elementary school district ceases to participate in the consortium, the adjustment computed in this section shall no longer be provided to that district.

SEC. 7.5. The sum of one hundred twenty thousand dollars ($120,000) is hereby appropriated from the General Fund to Section A of the State School Fund for the purposes of the revenue limit increases calculated pursuant to this act.

SEC. 8. Due to the unique circumstances concerning the school districts in the Santa Cruz High School District attendance area, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. These special circumstances are that Live

Oak Elementary School District is organized as a K–8 district and the Santa Cruz High School District is organized as a 7–12 district.

CHAPTER 702

An act relating to adult education, and making an appropriation therefor.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) An estimated 70 percent of the 1.4 million county jail inmates who were booked in 1989–90 exhibited substance abuse problems at the time of arrest.

(b) During 1988–90, 185,000 inmates of county jails enrolled in educational programs during their incarceration, which represents 25 percent of those inmates incarcerated for two weeks or more.

(c) Approximately three-fourths of these inmates were from minority groups and one-third spoke a language at home other than English.

(d) National pilot substance abuse programs based on concepts involving self-esteem have had excellent results.

(e) Contra Costa County has a model jail substance abuse program known as DEUCE (Deciding, Education, Understanding, Counseling and Evaluation) which is a self-esteem based substance abuse prevention and treatment model program. A study of the DEUCE program documented that inmates participating in the voluntary 90-day education program were half as likely to be rearrested over 12 months following release as a control group who did not participate in DEUCE.

(f) "The Baseline Study: Education in County Jails" called for the replication of programs demonstrating a positive impact on inmate behavior, especially programs which could document decreases in inmate recidivism. DEUCE is a model substance abuse prevention and treatment program, funded through school apportionment, which has reduced recidivism by 50 percent over a control group. Therefore, this program should be replicated.

SEC. 2. The Legislature further finds and declares all of the following:

(a) Five hundred eighteen thousand inmates in county jails were incarcerated for a period of between two weeks and two years during 1988–90, or 37 percent of the 1,400,000 bookings. More than 50 percent of these inmates are parents of children under 18 years of age.

(b) "The Baseline Study: Education in County Jails" documented that almost 40 percent of inmates being booked each year have custody of children under 18 years of age and another 17 percent have contact with, but have lost custody of, their children through the courts.

(c) Without intervention, children of inmates are far more likely to become involved in the criminal justice system, including serving jail and prison sentences, than children of noninmates.

(d) Parenting skills and basic child development awareness can be taught within regular adult education curriculum.

(e) Of the few known significant factors for inmate success after release, family and parental ties appear to be among the most powerful indicators of success.

(f) One of the prime recommendations of "The Baseline Study: Education in County Jails" is:

"Inasmuch as 40 percent of inmates have custody of children under 18, jail educators should consider more parenting classes. By improving the parenting skills of inmates and their attitudes toward children, more might have a positive influence on their children and regain custody of them."

(g) A model parenting skills program, based upon principals of self-esteem and valuing children, in Los Angeles County jail facilities has proven exceptionally successful. The purpose of the program is to teach incarcerated parents basic family dynamics while seeking to reunite inmates with their children during incarceration. This exceptional program has won the recognition and support of legislators, sheriffs, and jail educators.

(h) Ex-inmate graduates of the Los Angeles County jail parenting program have established a volunteer support group for parents recently released from county jail. More parenting skills programs based on this model need to be established throughout California's county jails.

SEC. 3. (a) It is the intent of the Legislature that the sum of one hundred forty-five thousand dollars ($145,000) be appropriated in the 1991–92 fiscal year for the purpose of studying, documenting, developing, replicating, and expanding self-esteem based substance abuse treatment programs and self-esteem based parenting skills programs in county jails.

(b) Of the sum which is appropriated for purposes of subdivision (a), a sufficient sum shall be made available in the 1991–92 fiscal year as a one-time grant to one existing jail education program with skill and experience in providing parenting skills education to jail inmates for the purpose of training jail education personnel and starting up a minimum of three additional jail education programs that do not have a parenting skills education component.

(c) Of the sum which is appropriated for purposes of subdivision (a), a sufficient sum shall be made available in the 1991–92 fiscal year as a one-time grant to one existing jail education program with skill and experience in inmate substance abuse prevention and treatment

for the purpose of training jail education personnel and starting up a minimum of three additional jail education programs that do not have a substance abuse prevention and treatment component.

(d) Of the sum which is appropriated for purposes of subdivision (a), no more than 10 percent shall be used for the administrative costs incurred by the superintendent in performing the duties set forth in subdivision (a). The grant funds allocated to trainers shall be used primarily for the training of jail education personnel, the purchase of curriculum, instructional and related material, and for other necessary training expenses. In order to be selected as a trainee site, applicants shall demonstrate an ability to implement the programs without additional general fund expenditures for training the following fiscal year.

SEC. 4. The provisions of this act shall become operative on July 1, 1991.

CHAPTER 703

An act to add Part 37 (commencing with Section 64100) to the Education Code, relating to education.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. Part 37 (commencing with Section 64100) is added to the Education Code, to read:

PART 37. CATEGORICAL FUNDING

64100. (a) It is the intent of the Legislature that all funding for categorical programs that are funded according to formulas based on indicators of pupils' needs shall be based on district counts of pupils meeting the criteria for the programs. It is further the intent of the Legislature to use the information gained from the reports required by this act to revise and update the funding formulas for categorical programs, as necessary, to ensure that funding is distributed to school districts based on updated indicators of pupils' needs.

(b) The Superintendent of Public Instruction shall, in consultation with the Legislative Analyst's office and the Department of Finance, submit to the Legislature no later than January 1, 1992, a report identifying:

(1) Each of the categorical programs for which funding is based on indicators of pupils' needs.

(2) Each school district's count of pupils that meet the criteria for the programs identified in paragraph (1).

(3) Each school district that has unmet needs based on its count

of pupils meeting the criteria for the programs.

CHAPTER 704

An act to amend Sections 3701.7 and 3702.8 of the Labor Code, relating to workers' compensation.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 3701.7 of the Labor Code is amended to read:

3701.7. Where any employer requesting coverage under a new or existing certificate of consent to self-insure has had a period of unlawful uninsurance, either for an applicant in its entirety or for a subsidiary or member of a joint powers authority legally responsible for its own workers' compensation obligations, the following special conditions shall apply before the requesting employer can operate under a certificate of consent to self-insure:

(a) The director may require a deposit of not less than 200 percent of the outstanding liabilities remaining unpaid at the time of application, which had been incurred during the uninsurance period.

(b) At the discretion of the director, where a public or private employer has been previously totally uninsured for workers' compensation pursuant to Section 3700, the director may require an additional deposit not to exceed 100 percent of the total outstanding liabilities for the uninsured period, or the sum of two hundred fifty thousand dollars ($250,000), whichever is greater.

(c) In addition to the deposits required by subdivisions (a) and (b), a penalty shall be paid to the Uninsured Employers Fund of 10 percent per year of the remaining unpaid liabilities, for every year liabilities remain outstanding. In addition, an additional application fee, not to exceed one thousand dollars ($1,000), plus assessments, pursuant to Section 3702.5 and subdivision (b) of Section 3745, may be imposed by the director and the Self-Insurers' Security Fund, respectively, against private self-insured employers.

(d) An employer may retrospectively insure the outstanding liabilities arising out of the uninsured period, either before or after an application for self-insurance has been approved. Upon proof of insurance acceptable to the director, no deposit shall be required for the period of uninsurance.

The penalties to be paid to the Uninsured Employers Fund shall consist of a one-time payment of 20 percent of the outstanding liabilities for the period of uninsurance remaining unpaid at the time of application, in lieu of any other penalty for being unlawfully

uninsured pursuant to this code.

(e) In the case of a subsidiary which meets all of the following conditions, a certificate shall issue without penalty:

(1) The subsidiary has never had a certificate revoked for reasons set forth in Section 3702.

(2) Employee injuries were reported to the Office of Self-Insurance Plans in annual reports.

(3) The security deposit of the certificate holder was calculated to include the entity's compensation liabilities.

(4) Application for a separate certificate or corrected certificate is made within 90 days and completed within 180 days of notice from the Office of Self-Insurance Plans. If the requirements of this subdivision are not met, all penalties pursuant to subdivision (b) of Section 3702.9 shall apply.

(f) The director may approve an application on the date the application is substantially completed, subject to completion requirements, and may make the certificate effective on an earlier date, covering a period of uninsurance, if the employer complies with the requirements of this section.

(g) Any decision by the director may be contested by an entity in the manner provided in Section 3701.5.

(h) Nothing in this section shall abrogate the right of an employee to bring an action against an uninsured employer pursuant to Section 3706.

(i) Nothing in this statute shall abrogate the right of a self-insured employer to insure against known or unknown claims arising out of the self-insurance period.

SEC. 2. Section 3702.8 of the Labor Code is amended to read:

3702.8. (a) Private employers who have ceased to be self-insured employers shall discharge their continuing obligations to secure the payment of compensation which accrued during the period of self-insurance, for purposes of Sections 3700, 3700.5, 3706, and 3715, by compliance with all of the following obligations of current certificate holders:

(1) Filing annual reports as deemed necessary by the director to carry out the requirements of this chapter.

(2) Depositing and maintaining security deposit for accrued liability for the payment of any compensation which may become due, pursuant to subdivision (b) of Section 3700 and Section 3701, except as provided in subdivision (c).

(3) Paying within 30 days all assessments of which notice is sent, pursuant to subdivision (b) of Section 3745, within 36 months from the last day its certificate of self-insurance was in effect. Assessments shall be based on the benefits paid by the employer during the last full calendar year of self-insurance on claims incurred during that year.

(b) In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the director. An appeal from the director's

determination shall be taken to the appropriate superior court by petition for writ of mandate.

(c) Notwithstanding subdivision (a), a private employer who has ceased to be self-insured may discharge its continuing obligations as a self-insurer by the purchase of a special excess workers' compensation insurance policy from an insurer authorized to transact workers' compensation insurance in this state. Any special excess workers' compensation policy issued by an insurer shall be approved as to form and substance by the Insurance Commissioner. In order for the policy to discharge the full obligations of the employer to maintain a security deposit with the director for the payment of self-insured claims, the special excess policy shall provide coverage for all claims for compensation arising out of injuries occurring during the period the private employer was self-insured. The employer shall maintain the required deposit with the director for a period of three years after the issuance date of the special excess policy unless the insurer issuing the policy posts a financial guarantee bond for a period of three years in an amount equal to the deposit required by the director. The financial guarantee bond shall be issued by a company authorized to issue these bonds in the state but which is not owned or affiliated with the insurer issuing the special excess workers' compensation insurance policy.

The posting of a special excess insurance policy with the director shall discharge the obligation of the Self-Insurer's Security Fund pursuant to Section 3744 to pay claims in the event of an insolvency of the private employer. The California Insurance Guarantee Association shall be advised by the director whenever a special excess insurance policy is posted.

CHAPTER 705

An act to amend Sections 23331 and 23332 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 12, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the minimum franchise tax is imposed on corporations for the privilege of exercising the corporate franchise and doing business in this state and should not be imposed in the case of a taxpayer who has demonstrated, by meeting all the requirements of Article 8 (commencing with Section 23331) of Chapter 2 of Part 11 of the Revenue and Taxation Code, the intention of dissolving the corporate entity and no longer doing business under the corporate entity in this state.

SEC. 2. It is the intent of the Legislature to simplify and consolidate the requirements by which a corporation is dissolved or by which a corporation's right to do business in this state is surrendered, and to guarantee that if a taxpayer satisfies all of the conditions required by Article 8 (commencing with Section 23331) of Chapter 2 of Part 11 of the Revenue and Taxation Code, a minimum franchise tax shall not be imposed for the taxable year in which the taxpayer ceases doing business, dissolves, or withdraws.

SEC. 3. Section 23331 of the Revenue and Taxation Code is amended to read:

23331. (a) For the purposes of this article, the effective date of dissolution of a corporation is the date on which the certified copy of the court decree, judgment or order declaring the corporation duly wound up and dissolved is filed in the office of the Secretary of State or the date on which the certificate of winding up and dissolution is filed in the office of the Secretary of State. For the purposes of this article, the effective date of withdrawal of a foreign corporation is the date on which the certificate of withdrawal is filed in the office of the Secretary of State.

(b) The Secretary of State shall, through an information program and by forms and instructions provided to taxpayers, recommend that all documents required by this article to be filed with the Secretary of State be sent, if mailed, by certified mail with return receipt requested. The Secretary of State shall also notify taxpayers that receipt of documents by the Secretary of State pursuant to this article will be acknowledged within 21 days of receipt.

(c) On or before 21 days after their receipt, the Secretary of State shall provide a taxpayer with acknowledgment of the receipt of documents submitted by a taxpayer pursuant to this article.

(d) The office of the Secretary of State shall, no later than July 1, 1991, submit to the Legislature a report of the development of a taxpayer information program, the revision of forms and instructions, and the implementation of procedures for acknowledging receipt from taxpayers of documents required by this article.

SEC. 4. Section 23332 of the Revenue and Taxation Code is amended to read:

23332. (a) Except in the case of a taxpayer subject to the provisions of Section 23222a, any taxpayer which is dissolved or withdraws from the state during any taxable year shall pay a tax only for the months of the taxable year which precede the effective date of such dissolution or withdrawal, according to or measured by (1) the net income of the preceding income year or (2) a percentage of net income determined by ascertaining the ratio which the months of the taxable year, preceding the effective date of dissolution or withdrawal, bears to the months of the income year, whichever is the lesser amount. As to financial corporations, the offset from the tax for the months of such taxable year prior to the effective date of such dissolution or withdrawal shall not exceed that proportion of the

offset computed under Sections 23184 to 23185b, inclusive, which the number of said months prior to the effective date of such dissolution or withdrawal bears to the number of months of the preceding income year. The taxes levied under this chapter shall not be subject to abatement or refund because of the cessation of business or corporate existence of any taxpayer pursuant to a reorganization, consolidation, or merger (as defined by Section 23251). In any event, each corporation shall pay a tax not subject to offset for such period in an amount equal to the minimum tax prescribed by Section 23153.

(b) The provisions of subdivision (a) shall be applied only with respect to taxpayers which dissolve or withdraw before January 1, 1973. On and after such date, the tax for the taxable year in which the taxpayer ceases doing business, dissolves or withdraws shall be determined under the appropriate provisions of Section 23151.1, 23181 or 23183, whichever is applicable. However, if all of the following conditions are satisfied, a minimum franchise tax shall not be imposed with respect to the taxable year in which the taxpayer ceases doing business, dissolves, or withdraws:

(1) The taxpayer does not do business in this state at any time during that taxable year.

(2) The taxpayer, pursuant to Section 23334, files a request for a tax clearance certificate at least 30 days before the beginning of that taxable year.

(3) The taxpayer, pursuant to Section 23334, satisfies all requirements pertaining to the issuance of the tax clearance certificate at least 30 days before the beginning of that taxable year.

(4) The taxpayer files a certificate of dissolution or withdrawal with the Secretary of State, in accordance with Section 23331, by the expiration date of the certificate of tax clearance issued by the Franchise Tax Board. However, the expiration date of the certificate of tax clearance shall be renewed by the Franchise Tax Board, if the taxpayer submits either of the following to the Franchise Tax Board showing receipt of documents by the Secretary of State no later than the expiration date of the certificate of tax clearance:

(A) A copy of the acknowledgment of receipt of documents required by this article issued by the office of the Secretary of State pursuant to subdivision (c) of Section 23331.

hearing concerning disputed articles with only the owner of the trade secret, the People's representative, the defendant, and defendant's counsel present. If the court holds such a hearing, the parties' right to examine witnesses shall not be used to obtain discovery, but shall be directed solely toward the question of whether the alleged trade secret qualifies for protection.

(4) If the court finds that a trade secret may be disclosed during any criminal proceeding unless a protective order is issued and that the issuance of a protective order would not conceal a fraud or work an injustice, the court shall issue a protective order limiting the use and dissemination of the trade secret, including, but not limited to, articles disclosing that secret. The protective order may, in the court's discretion, include the following provisions:

(A) That the trade secret may be disseminated only to counsel for the parties, including their associate attorneys, paralegals, and investigators, and to law enforcement officials or clerical officials.

(B) That the defendant may view the secret only in the presence of his or her counsel, or if not in the presence of his or her counsel, at counsel's offices.

(C) That any party seeking to show the trade secret, or articles containing the trade secret, to any person not designated by the protective order shall first obtain court approval to do so:

(i) The court may require that the person receiving the trade secret do so only in the presence of counsel for the party requesting approval.

(ii) The court may require the person receiving the trade secret to sign a copy of the protective order and to agree to be bound by its terms. The order may include a provision recognizing the owner of the trade secret to be a third-party beneficiary of that agreement.

(iii) The court may require a party seeking disclosure to an expert to provide that expert's name, employment history, and any other relevant information to the court for examination. The court shall accept that information under seal, and the information shall not be disclosed by any court except upon termination of the action and upon a showing of good cause to believe the secret has been disseminated by a court-approved expert. The court shall evaluate the expert and determine whether the expert poses a discernible risk of disclosure. The court shall withhold approval if the expert's economic interests place the expert in a competitive position with the victim, unless no other experts are available. The court may interview the expert in camera in aid of its ruling. If the court rejects the expert, it shall state its reasons for doing so on the record and a transcript of those reasons shall be prepared and sealed.

(D) That no articles disclosing the trade secret shall be filed or otherwise made a part of the court record available to the public without approval of the court and prior notice to the owner of the secret. The owner of the secret may give either party permission to accept the notice on the owner's behalf.

(E) Other orders as the court deems necessary to protect the

integrity of the trade secret.

(c) A ruling granting or denying a motion for a protective order filed pursuant to subdivision (b) shall not be construed as a determination that the alleged trade secret is or is not a trade secret as defined by subdivision (d) of Section 3426.1 of the Civil Code or paragraph (9) of subdivision (a) of Section 499c of the Penal Code. Such a ruling shall not have any effect on any civil litigation.

(d) A protective order entered by a municipal court pursuant to this section shall remain in effect in a superior court unless that order is amended or vacated for good cause shown.

(e) This section shall have prospective effect only and shall not operate to invalidate previously entered protective orders.

SEC. 2. Section 1062 of the Evidence Code, as added by Chapter 149 of the Statutes of 1990, is amended to read:

1062. (a) Notwithstanding any other provision of law, in a criminal case, the court, upon motion of the owner of a trade secret, or upon motion by the People with the consent of the owner, may exclude the public from any portion of a criminal proceeding where the proponent of closure has demonstrated a substantial probability that the trade secret would otherwise be disclosed to the public during that proceeding and a substantial probability that the disclosure would cause serious harm to the owner of the secret, and where the court finds that there is no overriding public interest in an open proceeding. No evidence, however, shall be excluded during a criminal proceeding pursuant to this section if it would conceal a fraud, work an injustice, or deprive the People or the defendant of a fair trial.

(b) The motion made pursuant to subdivision (a) shall identify, without revealing, the trade secrets which would otherwise be disclosed to the public. A showing made pursuant to subdivision (a) shall be made during an in camera hearing with only the owner of the trade secret, the People's representative, the defendant, and defendant's counsel present. A court reporter shall be present during the hearing. Any transcription of the proceedings at the in camera hearing, as well as any articles presented at that hearing, shall be ordered sealed by the court and only a court may allow access to its contents upon a showing of good cause. The court, in ruling upon the motion made pursuant to subdivision (a), may consider testimony presented or affidavits filed in any proceeding held in that action.

(c) If, after the in camera hearing described in subdivision (b), the court determines that exclusion of trade secret information from the public is appropriate, the court shall close only that portion of the criminal proceeding necessary to prevent disclosure of the trade secret. Before granting the motion, however, the court shall find and state for the record that the moving party has met its burden pursuant to subdivision (b), and that the closure of that portion of the proceeding will not deprive the People or the defendant of a fair trial.

(d) The owner of the trade secret, the People, or the defendant

may seek relief from a ruling denying or granting closure by petitioning a higher court for extraordinary relief.

(e) Whenever the court closes a portion of a criminal proceeding pursuant to this section, a transcript of that closed proceeding shall be made available to the public as soon as practicable. The court shall redact any information qualifying as a trade secret before making that transcript available.

(f) The court, subject to Section 867 of the Penal Code, may allow witnesses who are bound by a protective order entered in the criminal proceeding protecting trade secrets, pursaunt to Section 1061, to remain within the courtroom during the closed portion of the proceeding.

SEC. 3. Section 1063 is added to the Evidence Code, to read:

1063. The following provisions shall govern requests to seal articles which are protected by a protective order entered pursuant to Evidence Code Section 1060 or 1061:

(a) The People shall request sealing of articles reasonably expected to be filed or admitted into evidence as follows:

(1) No less than 10 court days before trial, and no less than five court days before any other criminal proceeding, the People shall file with the court a list of all articles which the People reasonably expect to file with the court, or admit into evidence, under seal at that proceeding. That list shall be available to the public. The People may be relieved from providing timely notice upon showing that exigent circumstances prevent that notice.

(2) The court shall not allow the listed articles to be filed, admitted into evidence, or in any way made a part of the court record otherwise open to the public before holding a hearing to consider any objections to the People's request to seal the articles. The court at that hearing shall allow those objecting to the sealing to state their objections.

(3) After hearing any objections to sealing, the court shall conduct an in camera hearing with only the owner of the trade secret contained within those articles, the People's representative, defendant, and defendant's counsel present. The court shall review the articles sought to be sealed, evaluate objections to sealing, and determine whether the People have satisfied the constitutional standards governing public access to articles which are part of the judicial record. The court may consider testimony presented or affidavits filed in any proceeding held in that action. The People, defendant, and the owner of the trade secret may file affidavits based on the affiant's personal knowledge to be considered at that hearing. Those affidavits are to be sealed and not released to the public, but shall be made available to the parties. The court may rule on the request to seal without taking testimony. If the court takes testimony, examination of witnesses shall not be used to obtain discovery, but shall be directed solely toward whether sealing is appropriate.

(4) If the court finds that the movant has satisfied appropriate constitutional standards with respect to sealing particular articles,

the court shall seal those articles if and when they are filed, admitted into evidence, or in any way made a part of the court record otherwise open to the public. The articles shall not be unsealed absent an order of a court upon a showing of good cause. Failure to examine the court file for notice of a request to seal shall not constitute good cause to consider objections to sealing.

(b) The following procedure shall apply to other articles made a part of the court record:

(1) Where any articles protected by a protective order entered pursuant to Section 1060 or 1061 are filed, admitted into evidence, or in any way made a part of the court record in such a way as to be otherwise open to the public, the People, a defendant, or the owner of a trade secret contained within those articles may request the court to seal those articles.

(2) The request to seal shall be made by noticed motion filed with the court. It may also be made orally in court at the time the articles are made a part of the court record. Where the request is made orally, the movant must file within 24 hours a written description of that request, including a list of the articles which are the subject of that request. These motions and lists shall be available to the public.

(3) The court shall promptly conduct hearings as provided in paragraphs (2), (3), and (4) of subdivision (a). The court shall, pending the hearings, seal those articles which are the subject of the request. Where a request to seal is made orally, the court may conduct hearings at the time the articles are made a part of the court record, but shall reconsider its ruling in light of additional objections made by objectors within two court days after the written record of the request to seal is made available to the public.

(4) Any articles sealed pursuant to these hearings shall not be unsealed absent an order of a court upon a showing of good cause. Failure to examine the court file for notice of a request to seal shall not constitute good cause to consider objections to sealing.

CHAPTER 715

An act to amend Section 65086.5 of, and to add Section 65086.4 to, the Government Code, relating to transportation.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that reliable project cost estimates are critical to effective budgeting of state transportation funds. Methods must be developed and established to guide the preparation of cost estimates by the Department of Transportation and other entities for projects which are to be

included in the state transportation improvement program. Project studies reports are an important means towards accomplishing this goal. The development of guidelines and procedures for completion of project studies reports by the department and other entities will assist in the timely construction of needed transportation improvements.

SEC. 2. Section 65086.4 is added to the Government Code, to read:

65086.4. (a) In addition to the regional transportation improvement program, the entity adopting that program may prepare and adopt a future development list of capacity increasing state highway projects in priority order for purposes of the initiation of project studies reports. If the list is prepared within the area of the multicounty designated transportation planning agency, as defined in Section 130004 of the Public Utilities Code, each county transportation commission shall adopt, for the area within its jurisdiction, a future development list of capacity increasing state highway projects in priority order. The future development list adopted by the multicounty transportation planning agency shall include the lists separately adopted by each county transportation commission. These lists shall be limited to the regional summation of funds available for capacity-improvement projects in the adopted state transportation improvement program when distributed according to the county minimum formula defined in Section 188.8 of the Streets and Highways Code.

(b) The list shall be submitted to the Department of Transportation and shall be used solely for the purpose of preparing the project studies report. The list shall not be subject to review and approval by the California Transportation Commission and shall not be included in the state transportation improvement program.

SEC. 3. Section 65086.5 of the Government Code is amended to read:

65086.5. (a) To the extent that the work does not jeopardize the delivery of the projects in the adopted state transportation improvement program, the Department of Transportation shall prepare a project studies report for each capacity increasing state highway project which is listed on the regional list submitted to the department pursuant to subdivision (b) of Section 65086.4. The project studies report shall include the project-related factors of limits, description, scope, costs, and the amount of time needed for initiating construction. If a regional list is not consistent with the financial limitation of subdivision (a) of Section 65086.4, projects for that region may be limited in priority order to the funding limit for that region.

(b) The Department of Transportation shall seek assistance from regional and local transportation agencies or other entities for the preparation of project studies reports for projects contained in the list prepared, adopted, and submitted pursuant to Section 65086.4 when the report cannot be completed so as to allow a project to be

eligible for inclusion in the upcoming state transportation improvement program. Whenever project studies reports are performed by an entity other than the Department of Transportation, the department shall review and approve the report.

(c) The Department of Transportation may be requested to prepare a project studies report for a capacity-increasing state highway project which is being proposed for inclusion in a future state transportation improvement program. The department shall have 30 days to determine whether it can complete the requested report in a timely fashion. If the department determines that it cannot complete the report in a timely fashion, the requesting entity may prepare the report. Upon submission of a project studies report to the department by the entity, the department shall complete its review and provide its comments to that entity within 60 days from the date of submission. The department shall complete its review and final determination of a report which has been revised to address the department's comments within 30 days following submission of the revised report.

(d) The Department of Transportation, in consultation with representatives of cities, counties, and regional transportation planning agencies, shall prepare draft guidelines for the preparation of project studies reports by all entities. The guidelines shall address the development of reliable cost estimates. The department shall submit the draft guidelines to the California Transportation Commission not later than July 1, 1991. The commission shall adopt the final guidelines not later than October 1, 1991. Guidelines adopted by the commission shall apply only to project studies reports commenced after October 1, 1991.

CHAPTER 716

An act to amend Section 1365 of the Civil Code, relating to common interest developments.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1365 of the Civil Code is amended to read:

1365. Unless the declaration imposes more stringent standards, the association shall prepare and distribute to all its members the following documents:

(a) A pro forma operating budget, which shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) The identification of the total cash reserves currently set aside.

(3) An estimate of the current replacement costs of, and the

estimated remaining useful life of, and the methods of funding used to defray the future repair, replacement, or additions to, those major components which the association is obligated to maintain.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain.

A copy of the operating budget shall be annually distributed not less than 45 days nor more than 60 days prior to the beginning of the association's fiscal year.

(b) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California State Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) In lieu of the distribution of the pro forma operating budget required by subdivision (a), the board of directors may elect to distribute a summary of the pro forma operating budget to all its members with a written notice that the pro forma operating budget is available at the business office of the association or at another suitable location within the boundaries of the development and that copies will be provided upon request and at the expense of the association. If any member requests that a copy of the pro forma operating budget required by subdivision (a) be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be in at least 10-point bold type on the front page of the summary of the budget.

(d) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members during the 60-day period immediately preceding the beginning of the association's fiscal year.

CHAPTER 717

An act to amend Section 5005.1 of the Corporations Code, relating to insurance.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 5005.1 of the Corporations Code is amended to read:

5005.1. (a) Except for a liability which may be insured against pursuant to Division 4 (commencing with Section 3200) of the Labor Code, an authorized corporation may do any of the following:

(1) Insure itself against all or any part of any tort liability.

(2) Insure any employee of the corporation against all or any part of his or her liability for injury resulting from an act or omission in the scope of employment.

(3) Insure any board member, officer, or volunteer of the corporation against any liability that may arise from any act or omission in the scope of participation with the corporation.

(4) Insure itself against any loss arising from physical damage to motor vehicles owned or operated by the corporation.

(b) The insurance authorized pursuant to this section shall only be available to an authorized corporation where that corporation has joined with two or more other authorized corporations in an arrangement providing for the pooling of self-insured claims or losses. The pooling arrangement shall not be considered insurance nor be subject to regulation under the Insurance Code.

(c) Nothing in this section shall be construed to authorize a corporation organized pursuant to this division to pay for, or to insure, contract, or provide for payment for, any part of a claim or judgment against an employee of the corporation for punitive or exemplary damages.

(d) Any insurance pool established pursuant to this section shall have initial pooled resources of not less than two hundred fifty thousand dollars ($250,000).

(e) All participating corporations in any pool established pursuant to this section must agree to pay premiums or make other mandatory financial contributions or commitments necessary to ensure a financially sound risk pool.

(f) For the purpose of this section, an authorized "corporation" means any corporation that meets all of the following criteria:

(1) Is organized chiefly to provide or fund health or human services, but does not include a hospital.

(2) Is exempt from taxation under paragraph (3) of subsection (c) of Section 501 of the United States Internal Revenue Code.

CHAPTER 718

An act to amend Section 254.5 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 254.5 of the Revenue and Taxation Code is amended to read:

254.5. (a) Affidavits for the welfare exemption and the veterans' organization exemption shall be filed in duplicate on or before March 15 of each year with the assessor and shall be accompanied by duplicate certified copies of the financial statements of the owner and operator. Copies of the affidavits and financial statements shall be forwarded not later than April 1 by the assessor with his or her recommendations for approval or denial to the board which shall review all such affidavits and statements and may institute an independent audit or verification of the operations of the owner and operator to ascertain whether both the owner and operator meet the requirements of Section 214 of the Revenue and Taxation Code. In this connection the board shall consider, among other matters, whether:

(1) The services and expenses of the owner or operator (including salaries) are excessive, based upon like services and salaries in comparable public institutions;

(2) The operations of the owner or operator, either directly or indirectly, materially enhance the private gain of any individual or individuals;

(3) Any capital investment of the owner or operator for expansion of physical plant is justified by the contemplated return thereon, and required to serve the interests of the community.

(4) The property on which exemption is claimed is used for the actual operation of an exempt activity and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(b) The board shall make a finding as to the eligibility of each applicant and the applicant's property and shall forward its finding to the assessor concerned not later than June 1. In a case where the board conducts a hearing with respect to the eligibility of the applicant and the applicant's property, the time for making the finding and forwarding it to the assessor concerned is extended to no later than June 15. The assessor may deny the claim of an applicant the board finds eligible but may not grant the claim of an applicant the board finds ineligible.

(c) Notwithstanding subdivision (a), an applicant, granted a welfare exemption and owning any property exempted pursuant to

Section 231, shall not be required to reapply for the welfare exemption in any subsequent year in which there has been no transfer of, or other change in title to, the exempted property and the property is used exclusively by a governmental entity for its interest and benefit. The applicant shall notify the assessor on or before March 15 if, on or before the preceding lien date, the applicant became ineligible for the welfare exemption or if, on or before that lien date, the property was no longer owned by the applicant or otherwise failed to meet all requirements for the welfare exemption.

Prior to the lien date, the assessor shall annually mail a notice to every applicant relieved of the requirement of filing an annual application by this subdivision.

The notice shall be in a form and contain that information which the board may prescribe, and shall set forth the circumstances under which the property may no longer be eligible for exemption and advise the applicant of the duty to inform the assessor if the property is no longer eligible for exemption.

The notice shall include a card which is to be returned to the assessor by any applicant desiring to maintain eligibility for the welfare exemption under Section 231. The card shall be in the following form:

To all persons who have received a welfare exemption under Section 231 of the Revenue and Taxation Code for the _____ fiscal year.

Question: Will the property to which the exemption applies in the _____ fiscal year continue to be used exclusively by government for its interest and benefit in the _____ fiscal year?

YES _____ NO _____

Signature: _____ Title: _____

Failure to return this card does not of itself constitute a waiver of exemption as called for by the California Constitution, but may result in onsite inspection to verify exempt activity.

(d) Upon any indication that a welfare exemption has been incorrectly granted, the assessor shall redetermine eligibility for the exemption. If the assessor determines that the property, or any portion thereof, is no longer eligible for the exemption, he or she shall immediately cancel the exemption on so much of the property as is no longer eligible for the exemption.

(e) If a welfare exemption has been incorrectly allowed, an escape assessment as provided by Article 4 (commencing with Section 531) of Chapter 3 in the amount of the exemption, with

interest as provided in Section 506, shall be made, and a penalty shall be assessed for any failure to notify the assessor as required by this section in an amount equaling 10 percent of the escape assessment, but in no event exceeding two hundred fifty dollars ($250).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 719

An act to amend Sections 621.5, 1128, 1129, 1703, and 13052.5 of, and to add Section 13004.5, to, the Unemployment Insurance Code, relating to employment.

SECTION 1. Section 621.5 of the Unemployment Insurance Code is amended to read:

621.5. (a) "Employee" also means any individual who is an employee, pursuant to Section 2750.5 of the Labor Code, of a person who holds a valid state contractor's license pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

(b) When subdivision (a) does not apply, "employee" shall also mean any individual who is an employee, pursuant to Section 2750.5 of the Labor Code, of a person who is required to obtain a valid state contractor's license pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

SEC. 2. Section 1128 of the Unemployment Insurance Code is amended to read:

1128. If the failure of the employing unit to file a return within the time required by this division and authorized regulations or if any part of the deficiency for which an assessment is made is due to fraud or an intent to evade this division or authorized regulations, a penalty of 50 percent of the amount of contributions assessed shall be added to the assessment. This penalty is in addition to the penalties provided pursuant to Sections 1126 and 1127.

SEC. 3. Section 1129 of the Unemployment Insurance Code is amended to read:

1129. The amount of each assessment shall bear interest at the

adjusted annual rate and by the method established pursuant to Section 19269 of the Revenue and Taxation Code from and after the last day of the month following the close of the calendar quarter, or from and after the 15th day of the month following the close of the calendar month, for which the contributions should have been returned until the date of payment.

SEC. 4. Section 1703 of the Unemployment Insurance Code is amended to read:

1703. (a) If any employing unit or other person fails to pay any amount imposed under this division at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs, shall be a perfected and enforceable state tax lien. This lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts disclosed on a return received by the director, the date of the notice by the director to the taxpayer of the amount due.

(2) For penalties imposed pursuant to Sections 1112.5, 1114, and 13052.5, the date of the notice by the director to the taxpayer of the amount due.

(3) For all other amounts, the date the assessment is final.

SEC. 5. Section 13004.5 is added to the Unemployment Insurance Code, to read:

13004.5. (a) "Employee" also means any individual who is an employee pursuant to Section 2750.5 of the Labor Code, of a person who holds a valid state contractor's license pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

(b) When subdivision (a) does not apply, "employee" shall also mean any individual who is an employee, pursuant to Section 2750.5 of the Labor Code, of a person who is required to obtain a valid state contractor's license pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

SEC. 6. Section 13052.5 of the Unemployment Insurance Code is amended to read:

13052.5. (a) In addition to the penalty imposed by Section 18681.1 of the Revenue and Taxation Code (relating to failure to file information returns), if any person, or entity fails to report amounts paid as remuneration for personal services as required under Section 13050 of this code or Sections 18802 and 18802.2 of the Revenue and Taxation Code on the date prescribed thereof (determined with regard to any extension of time for filing), that person or entity may be liable for a penalty determined under subdivision (b).

(b) For purposes of subdivision (a), the amount determined under this subdivision is the maximum rate under Section 17041 of the Revenue and Taxation Code multiplied by the unreported amounts paid as remuneration for personal services.

(c) The penalty imposed by subdivision (a) shall be assessed against that person or entity required to file a return under Section 13050 of this code or Section 18802 or 18802.2 of the Revenue and Taxation Code.

(d) Sections 1221 and 1222 of the Unemployment Insurance Code shall not apply to assessments imposed by this section.

(e) The penalty imposed under this section shall be in lieu of the penalty imposed under Section 18681.6 of the Revenue and Taxation Code. In the event that a penalty is imposed under both this section and Section 18681.6 of the Revenue and Taxation Code, only the penalty imposed under this section shall apply.

(f) The penalty imposed by this section may be assessed in lieu of, or in addition to, the penalty imposed by Section 13052 with respect to the failure to furnish a withholding statement to an employee.

CHAPTER 720

An act to add Sections 14021.7 and 14132.49 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There are in excess of 50,000 births to adolescents each year in California.

(b) The tragic consequences of too early childbearing and parenthood often include (1) the lack of prenatal care, which results in increased maternal and infant morbidity and mortality; (2) poor health due to lack of nutrition; (3) lost educational opportunities; (4) poor employability; (5) child abuse and neglect; (6) lessened income potential; and (7) chronic intergenerational dependence on public social services.

(c) The problem of pregnant and parenting adolescents will continue to have major fiscal implications for the entire health and welfare system, including the Medi-Cal program. Therefore, efforts should be made to reduce and manage the costs of care in serving pregnant and parenting adolescents and their infants, while maintaining quality health care, by taking advantage of federal funding opportunities.

(d) Case management for pregnant and parenting adolescents provides access to quality health care with increased opportunities for cost containment, efficient use of limited resources, improved access to early treatment, and better coordination of services.

(e) The state's case management pilot program for high-risk

adolescents has demonstrated its effectiveness among program participants by (1) reducing low birthweight rates by 27 percent; (2) improving school enrollment by keeping 81 percent of its pregnant clients in school, in comparison to the national dropout rate of 80 percent, and by re-enrolling one in six pregnant clients who were out of school prior to joining the program; and (3) improving service utilization by assisting pregnant and parenting youngsters in gaining necessary services, including, among others, prenatal care, nutrition services, well-baby care, adoption services, childcare, psychosocial services, drug abuse counseling and treatment, transportation and housing, and vocational education.

SEC. 2. Section 14021.7 is added to the Welfare and Institutions Code, to read:

14021.7. (a) The department shall amend the state plan for medical assistance under the Medicaid program pursuant to subdivision (g) of Section 1396n of Title 42 of the United States Code, to add targeted case management services for those pregnant and parenting adolescents and their children, targeted by the department, in those localities served on January 1, 1991, by the Adolescent Family Life Program (Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code), as a covered benefit under the Medi-Cal program. The department shall submit the amended plan for federal approval by April 1, 1991.

(b) For purposes of this section, the term "targeted case management services" shall be defined as those services provided to pregnant and parenting adolescents pursuant to Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code.

(c) Upon federal approval for federal financial assistance, the department shall establish the standards under which targeted case management services qualify as a Medi-Cal reimbursable service, subject to the availability of funding through the budget process, and shall develop an appropriate rate of reimbursement, subject to utilization controls.

SEC. 3. Section 14132.49 is added to the Welfare and Institutions Code, to read:

14132.49. (a) Upon federal approval of the state plan amendments made pursuant to Section 14021.7 for federal financial assistance, targeted case management, pursuant to subdivision (g) of Section 1396n of Title 42 of the United States Code, is covered as a benefit, subject to the availability of funding through the budget process, and subject to utilization controls, for pregnant and parenting adolescents and their children.

(b) The coverage by Medi-Cal for case management services provided for in this section shall, for an initial period not to exceed two years, be implemented as a demonstration program only. This demonstration program shall be conducted in six of the adolescent family life programs in the state, as determined by the department

and with the agreement of the participating programs. Of the six programs included in the demonstration program, two shall be in urban areas in southern California, two in urban areas in northern California, and two in rural areas, at least one of which shall be in the San Joaquin Valley.

(c) After the initial two-year period of implementation as a demonstration program, the department may continue, expand, or terminate the program. This determination shall be based on: (1) the department's assessment of the effect of Medi-Cal funding for services on the effectiveness of the Adolescent Family Life Program, (2) a determination of the amount of federal funds received for this demonstration project, and (3) an estimate of the amount of federal funds that could be received by expanding the project to all adolescent family life programs statewide.

SEC. 4. It is the intent of the Legislature that the state shall maintain the level of state funding that has been provided through appropriations in the annual Budget Act for support of the Adolescent Family Life Program (Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code), so that to the extent that federal financial participation available through the Medi-Cal program provides funds for the Adolescent Family Life Program, thereby reducing the amount of General Fund expenditures necessary for that program, those General Fund savings shall be used to improve and expand the Adolescent Family Life Program.

CHAPTER 721

An act to add Section 5025.5 to the Food and Agricultural Code, relating to pest control.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California's economic, cultural, and ethnic diversity has made this state one of the world centers for commerce, technology, education, and economic opportunity, which attracts visitors and businesses from around the world.

(b) As a result of increased travel and shipments of goods into California from domestic and international destinations, the potential for the introduction of exotic pests will increase in future years, which will pose a serious threat to the public health, the environment, and the economy of the state.

(c) Pest infestations can seriously threaten the health, welfare,

and economy of the state through the increased use of pesticides to eliminate pests and through domestic and international economic sanctions and quarantines of California agricultural commodities.

(d) It is the policy of the state to lessen the use of pesticides and, therefore, in order for California's agricultural industry to remain economically competitive, improved pest management practices should be developed.

(e) There is an urgent need for research on the control of exotic insect species which have, or may, become serious pests.

(f) It is in the best interest of this state to determine the desirability and feasibility of establishing a facility to conduct research and biological impact assessments on exotic pests, biological control programs, exotic potential beneficial organisms, and integrated pest management programs.

SEC. 2. Section 5025.5 is added to the Food and Agricultural Code, to read:

5025.5. (a) The department, in consultation with the University of California, the United States Department of Agriculture, and members of the scientific community with expertise in exotic pest managment, shall conduct a study on the desirability and feasibility of establishing an Exotic Pest Research Containment Facility, which shall, as a primary function, conduct exotic pest research and perform additional activities with respect to the administration, training, service, and diagnostics relating to exotic pests. The research of the facility shall emphasize flexibility and adaptability to accommodate technological advances and research into new exotic pest problem areas. The study shall include, but not be limited to, the following:

(1) The availability of funding for the facility from federal, state, local, and private sources.

(2) Whether to locate the facility within or outside of California.

(3) Protocol for access to and operation of the facility.

(b) The department shall report its findings and recommendations to the Legislature, not later than January 1, 1992.

CHAPTER 722

An act to amend Sections 8051.1, 8051.2, and 9056 of the Fish and Game Code, relating to sea urchins, and making an appropriation therefor.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 8051.1 of the Fish and Game Code is amended to read:

8051.1. (a) Every person who is required to pay a landing tax for sea urchins pursuant to Sections 8041 and 8042 shall pay, in addition to the landing taxes determined in accordance with the schedule in Section 8051, an additional landing tax of one-half cent ($0.005) for each pound, or fraction thereof, of sea urchins, determined as provided in Section 8042.

(b) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. Section 8051.2 of the Fish and Game Code is amended to read:

8051.2. (a) The landing tax collected pursuant to Section 8051.1 shall be deposited in the Fish and Game Preservation Fund and 60 percent of the revenue deposited shall be used solely for the Sea Urchin Resources Enhancement Program in support of the recommendations of the committee established by subdivision (c) and other sea urchin resource enhancement measures as provided in the annual Budget Act. The remaining 40 percent of the revenue shall be used solely for research and management activities to monitor and maintain the sea urchin resource. The department shall maintain internal accountability necessary to ensure that all restrictions on the expenditure of Sea Urchin Resources Enhancement Program funds and research and management funds are met.

(b) An amount, not to exceed 15 percent of the total annual revenues deposited in the fund pursuant to subdivision (a), may be used by the department for the administration of the Sea Urchin Resources Enhancement Program and the research and management activities, including any reasonable and necessary expenses.

(c) A Commercial Sea Urchin Advisory Committee shall be established consisting of 12 members selected by the director. One member shall be chosen from the personnel of the department. Ten members shall be selected, with alternates, from nominations submitted by sea urchin fishermen and processors and by associations representing the commercial sea urchin industry of California. Five of the industry members shall be from northern California, two representing divers and three representing processors. At least one of the northern California processor representatives shall reside in a geographical area other than Fort Bragg. Five of the industry members shall be from southern California, three representing divers and two representing processors. One of the southern California diver representatives shall reside in a geographical area south of Santa Barbara. The area marine coordinator from the University of California at Davis shall be the other member.

For the money available to the Sea Urchin Resource Enhancement Program, the committee may annually submit to the department proposed projects and a budget for the program. The department,

after conducting a public review and discussion, shall incorporate all or part of the proposed projects and budget recommendations in its submittal to the Governor's Budget.

(d) The advisory committee established in subdivision (c) shall investigate the potential for its transition to a sea urchin council.

(e) The department shall submit to the Legislature a report of its findings and recommendations for enhancement of the sea urchin resource on or before January 1, 1992, including the recommendations of the Commercial Sea Urchin Advisory Committee regarding the transition to a Sea Urchin Council and the recommendations regarding enhancement of the sea urchin resource.

(f) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 9056 of the Fish and Game Code is amended to read:

9056. The department shall study or contract for a study to determine the health of the sea urchin fishery in state waters, including, but not limited to, population levels and methods and costs of restoration, including what size limits, if any, need to be imposed to protect the resource. The study shall be performed in consultation with the advisory committee.

This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 723

An act to amend Section 531.2 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 531.2 of the Revenue and Taxation Code is amended to read:

531.2. (a) When the property is real property which subsequent to July 1 of the year of escape for purposes of this article, or subsequent to July 1 of the year in which the property should have been lawfully assessed, for purposes of Article 3 (commencing with Section 501), but prior to the date of that assessment and the showing thereof on the secured roll, with the date of entry specified thereon, has (1) been transferred or conveyed to a bona fide purchaser for value, or (2) become subject to a lien of a bona fide encumbrance for value, the escape assessment pursuant to either of these articles shall not create or impose a lien or charge on that real property, but shall be entered on the unsecured roll in the name of the person who would have been the assessee in the year in which it escaped assessment and shall thereafter be treated and collected like other taxes on that roll. The tax rate applicable shall be the secured tax rate of the year in which the property escaped assessment.

(b) If the real property escaped assessment as a result of an unrecorded change in ownership or change in control for which a change in ownership statement required by Section 480, 480.1, or 480.2 is not filed, the assessor shall appraise the property as of the date of transfer and enroll the difference in taxable value for each of the subsequent years on the secured roll, with the date of entry specified thereon. However, if prior to the date of the assessment the property has (1) been transferred or conveyed to a bona fide purchaser for value, or (2) become subject to a lien of a bona fide encumbrance for value, the escape assessment pursuant to this paragraph shall not create or impose a lien or charge on that real property, but shall be entered on the unsecured roll in the name of the person who would have been the assessee in the year in which it escaped assessment and shall thereafter be treated and collected like other taxes on that roll. The tax rate applicable shall be the secured rate of the year in which the property escaped assessment. Notwithstanding the provisions of Section 532, escaped assessments resulting from these unrecorded changes in ownership or changes in control shall be made within eight years after July 1 of the assessment year in which the real property escaped taxation or was underassessed. "Assessment year" means the period defined in Section 118.

In the event of a failure to file a change in ownership statement

required by Section 480, 480.1, or 480.2, the interest provided in Section 506 may, by the order of the board of supervisors, be added.

(c) (1) Taxes resulting from escape assessments shall be prorated pursuant to paragraphs (2) to (5), inclusive, only if the board of supervisors of a county has adopted a resolution specifying that taxes shall be prorated pursuant to this subdivision.

(2) When real property has been transferred or conveyed to a bona fide purchaser for value subsequent to July 1 of the year of escape for purposes of this article, or subsequent to July 1 of the year in which the property should have been lawfully assessed, for purposes of Article 3 (commencing with Section 501), taxes resulting from escape assessments pursuant to this section shall be prorated between the following:

(A) The person who would have been the assessee if the change in ownership had not occurred.

(B) The person who purchased the property.

(3) If the real property has been transferred or conveyed to a bona fide purchaser for value more than once during the year of escape or assessment, each owner of record during that period shall be liable for a pro rata share of taxes based on the length of time during that period each bona fide purchaser was the record owner of that real property.

(4) When the assessor has identified the fact and amount of the escape assessment, the assessor shall identify the owners of record during the year of escape or assessment and the dates of ownership for each owner.

(5) The auditor shall compute the respective prorated shares of taxes for each owner of record. The share of taxes of the current owner of the real property shall be placed on the secured roll as a lien on the parcel for which the escaped assessment was discovered. The share of taxes of any previous owner during the year of escape or assessment shall be entered on the unsecured roll.

CHAPTER 724

That examination shall include research, if any, based on classroom experience that is conducted by teachers in accordance with those research standards and procedures that are generally accepted in higher education.

(b) Ensure that subject matter requirements, instructional strategies, and instructional materials meet uniformly high academic standards and are responsive to the diversity among pupil learning needs and styles in a multicultural society, including underachieving pupils and pupils with exceptional abilities or needs.

All debentures shall be exempt, both as to principal and interest, from all taxation now or hereafter imposed by the state or local taxing agencies, shall be paid out of the fund, which shall be primarily liable therefor, and shall be, pursuant to Section 4 of Article XVI of the California Constitution, fully and unconditionally guaranteed as to principal and interest by the State of California, which guaranty shall be expressed on the face of the debentures. Any person using, disseminating, or publishing any matter which the commissioner has ordered, pursuant to this section, not to be used, published, or disseminated shall be guilty of a misdemeanor punishable by a fine not exceeding one thousand dollars ($1,000) or by imprisonment in the county jail not exceeding six months, or both, for each such use, dissemination, or publication.

The commissioner may determine the form of the advance fee agreements, and all material used in soliciting prospective owners and sellers shall be used in the form and manner which he or she determines is necessary to carry out the purposes and intent of this part.

Any violation of any of the provisions of this part or of the rules,

SEC. 2. Section 10131.1 of the Business and Professions Code is amended to read:

10131.1. However, no transaction negotiated through a real estate licensee shall be considered in determining whether a person is a real estate broker within the meaning of this section.

As used in this section, "sale," "resale," and "exchange" include every disposition of any interest in a real property sales contract or promissory note secured directly or collaterally by a lien on real property, except the original issuance of a promissory note by a borrower or a real property sales contract by a vendor, either of which is to be secured directly by a lien on real property owned by the borrower or vendor.

The commissioner shall waive the requirements of this section for an applicant who is a member of the State Bar of California, or who has completed an equivalent course of study, as determined under Section 10153.5, or who has qualified to take the examination for an original real estate broker license by satisfying the requirements of Section 10153.2.

SEC. 4. Section 10232.1 of the Business and Professions Code is amended to read:

If disapproval of the proposed advertisement is not communicated by the department to the broker within 15 calendar days after receipt of the copy of the proposed advertisement by the department, the proposed advertisement shall be deemed approved, but the department shall not thereby be estopped from disapproving a later publication or other use of the same, or similar advertising.

The commissioner shall adopt regulations pertaining to the submittal and clearance of such advertising and establishing criteria for approval to insure that the public will be protected against false or misleading representations.

Except as provided in subdivision (b), "advertisement" includes dissemination in any newspaper, circular, form letter, brochure or similar publication, display, sign, radio broadcast or telecast, which concerns (1) the use, terms, rates, conditions, or the amount of any loan or sale referred to in subdivisions (d) and (e) of Section 10131 or Section 10131.1 or (2) the security, solvency, or stability of any person carrying on the activities described in those sections.

(b) "Advertisement" does not include a letter or brochure which is:

(b) The application shall be delivered in person or by certified mail to an office of the department not later than one year after the judgment has become final.

(c) The application shall be made on a form prescribed by the department, verified by the claimant, and shall include the following:

(5) A statement by the claimant, signed under penalty of perjury, that the complaint upon which the underlying judgment is based was prosecuted conscientiously and in good faith. As used in this section, "conscientiously and in good faith" means that no party potentially liable to the claimant in the underlying transaction was intentionally and without good cause omitted from the complaint, that no party named in the complaint who otherwise reasonably appeared capable of responding in damages was dismissed from the complaint intentionally and without good cause, and that the claimant employed no other procedural tactics contrary to the diligent prosecution of the complaint in order to provide access to the Recovery Account.

(6) The name and address of the judgment debtor or, if not known, the names and addresses of persons who may know the judgment debtor's present whereabouts.

(7) The following representations and information from the claimant:

(A) That he or she is not a spouse of the judgment debtor nor a personal representative of the spouse.

(B) That he or she has complied with all of the requirements of this chapter.

(C) That the judgment underlying the claim meets the requirements of subdivision (a).

(D) A description of searches and inquiries conducted by or on behalf of the claimant with respect to the judgment debtor's assets liable to be sold or applied to satisfaction of the judgment, an

CHAPTER 730

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 4 (commencing with Section 52851) of Division 18 of the Food and Agricultural Code is amended to read:

CHAPTER 4. SAN JOAQUIN VALLEY QUALITY COTTON DISTRICT

SEC. 2. Article 1 (commencing with Section 52851) of Chapter 4 of Division 18 of the Food and Agricultural Code is repealed.

SEC. 3. Article 1 (commencing with Section 52851) is added to Chapter 4 of Division 18 of the Food and Agricultural Code, to read:

Article 1. General Provisions

52851. The Legislature hereby declares that the purposes of this chapter are to promote, encourage, aid, and protect the planting and growing of cotton in the State of California; that it believes that these purposes can best be accomplished by restricting within certain areas the planting and growing of but two types of cotton, which are Acala and Pima; that, by this means alone, it is possible to bring the cotton-growing industry in the state to its highest possible development and to ensure the growing of the most superior varieties of cotton; that the planting of pure seed is essential to the production of more marketable and better grades of cotton and cottonseeds, and for the production of grades of fiber best suited for manufacturing purposes; and that the planting of impure seeds or plants, other than those permitted in these areas, is an economic harm and loss to the planter thereof and an irreparable injury to the adjoining or neighboring growers.

52852. The Legislature also declares that the restriction of the use to which cotton lands may be used, as provided in this chapter, is essential to the highest development of the cotton-growing industry; that it is essential that only two types of cotton, Acala and Pima, should be ginned in the district which is established by this chapter, otherwise the gin will mix the different types of seed, crossing will

take place in the field, the varieties will be mongrelized and cease to be uniform, the fiber will deteriorate in quality, and the seed will be rendered unfit for planting; that solely by restricting the growing of these two types of cotton in certain areas can the fibers be grown of uniform high quality, and can the production of fiber with superior spinning performance be promoted and maintained.

52853. The Legislature declares that the development of varieties or species of cotton which meet the desired quality of Acala or Pima cotton should be encouraged, if reasonable restrictions are imposed to prevent contamination and preserve integrity of the high quality cotton produced within the district.

52854. The production and marketing of Acala and Pima cotton produced in this state is hereby declared to be affected with public interest. This chapter is enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

52855. No action taken by the board, nor by an individual in accordance with this chapter or pursuant to the regulations adopted under this chapter, is a violation of the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), the Unfair Practices Act (Chapter 4 (commencing with Section 17000) of that Part 2), or any statutory or common law against monopolies or combinations in restraint of trade.

52856. The Legislature further declares that all cotton approved for planting in the district is for the benefit of the cotton growing industry and is not for the exclusive or limited use of any person.

SEC. 4. Section 52861 of the Food and Agricultural Code is amended to read:

52861. "Board" means the San Joaquin Valley Cotton Board.

SEC. 5. Section 52865 of the Food and Agricultural Code is amended to read:

(c) Conduct or commission tests for cotton production and quality evaluation in accordance with procedures to be adopted pursuant to Section 52902, and assess fees necessary for administering those tests.

(d) Conduct periodic referendums, as specified in this chapter, regarding the continuation of the district. A referendum shall also be conducted whenever the board proposes substantive changes in the Acala or Pima quality standard.

52891.1. (a) The board may, by resolution, determine issues that are in the best interest of the cotton industry in the district, which shall not be limited to the growing of cottons other than Acala and Pima. The board shall authorize the conduct of referendums among all the cottongrowers in the district to vote upon the issues concerning the district. The resolution may contain provisions to protect the quality and integrity of approved fiber and seed grown within the district.

(b) The referendum shall be conducted by the director, upon the request of the board, using information supplied by the board and such other information as determined by the director, or a referendum shall be conducted by the director if a petition signed by not less than 5 percent of the qualified cottongrowers in the district is presented to the board. The costs of any referendum conducted pursuant to this chapter shall be paid from funds collected pursuant to this chapter.

(c) If the director finds that the resolution has been approved in the manner specified in Section 52932, the director shall so certify to the board, which shall then make the approved resolution effective as an order of the board within 10 days after the certification by the director.

SEC. 10. Section 52893 of the Food and Agricultural Code is amended to read:

52893. The board may require that all cottonseed delinted for planting within the district shall be certified by a qualified seed certification agency as provided by subdivision (d) of Section 52482.

SEC. 13. Section 52932 of the Food and Agricultural Code is amended to read:

52932. This chapter shall remain operative if either of the following conditions are met:

(a) Not less than 65 percent of the cottongrowers certified by the director who voted in that referendum, voted in favor of this chapter, and that those cottongrowers so voting represent at least a majority of the cotton producing acreage of all cottongrowers who voted in that referendum.

(b) At least a majority of those cottongrowers who voted in that referendum voted in favor of this chapter and that those cottongrowers so voting represent not less than 65 percent of the cotton producing acreage of all cottongrowers who voted in that referendum.

(f) In making the regulations, the State Fire Marshal shall consider as evidence of generally accepted safety standards the publications of the National Fire Protection Association, the United States Bureau of Mines, the United States Department of Defense, and the Institute of Makers of Explosives.

(g) The regulations shall establish standards relating to the size, form, contents, and location of caution placards to be placed on or near storage facilities for class A and B explosives as set forth in Article 77 of the Uniform Fire Code of the International Conference of Building Officials and the Western Fire Chiefs Association, Inc. or similar standards.

The issuing authority may include any reasonable restrictions or conditions which the authority finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives within the authority's jurisdiction. If, for any reason, the issuing authority refuses to endorse the permit previously issued in the area of intended use or storage, the authority shall immediately notify both the issuing authority who issued the permit and the Department of Justice of the fact of the refusal and the reasons for the refusal.

(3) Every person who sells, gives away, delivers, or otherwise disposes of explosives to another person shall first be satisfied that the person receiving the explosives has a permit valid for that purpose. When the permit to receive explosives indicates that the intended storage or use of the explosives is other than in that area in which the permittee receives the explosives, the person who sells, gives away, delivers, or otherwise disposes of the explosives shall insure that the permit has been properly endorsed by a local issuing authority and, further, shall immediately send a copy of the record of sale to the issuing authority who originally issued the permit in the area of intended storage or use. The issuing authority in the area in which the explosives are received or sold shall not issue a permit for the possession, use, or storage of explosives in an area not within the authority's jurisdiction.

The failure of a dealer to complete and comply with the terms of the prescribed consignment agreement for any vehicle which the dealer agrees to accept on consignment, or to pay the agreed amount to the consignor or his or her designee within 20 days after the date of sale of the vehicle, is cause for suspending or revoking the license of the dealer under paragraph (10) of subdivision (a) of Section 11705.

(3) "If the vehicle is sold by the consignee during the term of this agreement, the money due the consignor shall be disbursed within 20 days after the date of sale in accordance with the terms of this agreement. As used in this agreement, a 'sale' occurs when the consignee either (A) receives the purchase price or its equivalent or executes a conditional sales contract for the vehicle, or (B) when the purchaser takes delivery of the vehicle, whichever occurs first."

(4) "The following information shall be completed prior to the signing of this agreement:

(Any difference between the outstanding amount shown and the actual payoff to the lienholder will be credited to the consignor.)

(5) "Within 20 days after sale, the consignee shall make an accounting to the consignor of all of the following: date of sale, sale price, name of purchaser, repairs authorized by consignor (supported by work records), exact amount of any liens payable to lienholders, and evidence of payment."

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 736

An act to add Article 1.5 (commencing with Section 400) to Chapter 4 of Part 1 of Division 1 of the Insurance Code, relating to insurance.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 400) is added to Chapter 4 of Part 1 of Division 1 of the Insurance Code, to read:

Article 1.5. Insured Automobile Inspection

400. (a) Except as otherwise provided in this article, commencing January 1, 1992, no policy or endorsement insuring a private passenger automobile as defined in subdivision (a) of Section 660 shall be issued in this state to provide collision or comprehensive coverage unless the insurer or its designated authorized representative has inspected the automobile.

(b) Except as otherwise provided in this article, automobile collision or comprehensive coverage shall not be effective on an additional or replacement private passenger automobile until the insurer or its agent has inspected the automobile.

(c) The inspection required by subdivision (a) shall be recorded on an inspection report adopted by the commissioner. Two color photographs, taken as directed on the inspection report at angles which show the front, back, and sides of the vehicle, shall be attached thereto. In addition, a color photograph shall be attached showing a closeup of the Environmental Protection Agency (EPA) sticker, located on the driver's side door jamb. The photograph shall be of sufficient clarity that the information contained on the EPA sticker is legible. The inspector may take additional photographs showing any damaged areas, which shall also be attached to the report. A copy of the report, without photographs, shall be provided to the insured by the insurer.

401. An insurer may waive or dispense with the mandatory inspection required by this article under any of the following circumstances:

(1) The insured vehicle is a temporary substitute vehicle.

(2) The insured vehicle is leased for less than six months, provided the insurer receives the lease or rental agreement containing a description of the vehicle, including its condition.

(3) The vehicle is over 10 years old.

(4) The vehicle is a new and unused automobile purchased from a dealer, as defined in Section 285 of the Vehicle Code, and the insurer is provided with either a copy of the bill of sale that contains

a full description of the automobile, including all options and accessories, or a copy of the window sticker or dealer invoice showing the itemized options and equipment in addition to the total retail price of the vehicle on which will be added any dealer-installed options purchased by the customer at the time of sale. The collision or comprehensive coverage on the vehicle shall not be suspended during the term of the policy due to the insured's failure to provide the required document or documents, but payment of a claim shall be conditioned upon receipt by the insurer of the documents, and no collision or comprehensive loss occurring after the effective date of coverage shall be payable until the documents are provided to the insurer.

(5) The vehicle is an additional or a replacement vehicle, and the named insured has been continuously insured for three or more policy years for automobile insurance with the same insurer or an affiliate of that insurer.

(6) Where the insured's coverage is being transferred to a new insurer or to a new agent or broker within the existing insurer or insurer group and the agent or broker provides the new insurer or agent or broker with a copy of the inspection report completed on behalf of the previous insurer, provided the insured vehicle was inspected by the previous insurer within the last 12 months. If the new insurer does not receive a copy of the inspection report within 60 days of the effective date of coverage, the new insurer shall cause an inspection to be performed within 30 days of notice to the insured.

(7) The insured vehicle is insured under a commercially rated policy that insures five or more vehicles.

(8) The vehicle is a nonowned vehicle insured under a policy providing automobile collision or comprehensive insurance and the vehicle has otherwise been inspected in accordance with this article.

(9) A buyer, borrower, or lessee of the vehicle is obligated under the terms of a conditional sale contract, loan agreement, note, or lease to maintain insurance on the vehicle and fails to procure or maintain the required coverage and the creditor or leasor advances amounts to procure the insurance in accordance with the conditional sale contract, loan agreement, note, or lease.

402. (a) Upon the insured's request for coverage for private passenger automobile collision or comprehensive insurance on an additional or replacement vehicle, the insurer may provide coverage immediately, and the inspection required by this article may not be required for five business days following the effective date of coverage.

(b) An insurer may defer the inspection required by this article under the following circumstances.

(1) On new business, for up to five business days following the effective date of coverage.

(2) On replacement vehicles, an insurer may provide the same type or level of collision or comprehensive coverage that covered the replaced vehicle without a request for coverage by the insured. That

automatic coverage prior to the insured's request for coverage may be for a period of up to five business days after the day on which the automobile is acquired.

(c) The five-day period set forth in subdivisions (a) and (b) may be extended to a period not to exceed 30 days by agreement of the insurer and insured.

(d) If an inspection is not conducted prior to the expiration of the five-day period set forth in this section, or other period agreed to by the insurer and insured, not to exceed 30 days, collision or comprehensive coverage on the vehicle shall be suspended on the day following the fifth business day or other agreed upon day, and that suspension shall continue until the inspection is conducted. The insurer, however, shall inspect the vehicle and reinstate coverage for automobile physical damage if the insured thereafter requests an inspection.

(e) Whenever automobile collision or comprehensive coverage is suspended for the failure to have an inspection report, the insurer and any lienholder shall immediately notify the insured that the collision or comprehensive coverage is suspended until the vehicle is inspected.

(f) The commissioner shall adopt by regulation a notice of mandatory preinsurance inspection requirement letter, which shall be provided the applicant by the insurer or its agent. If the insurer or its agent fails to give notice to the insured of the mandatory requirement of physical inspection or otherwise fails to comply with this article, the collision or comprehensive coverage shall not be suspended.

403. (a) Inspections required or permitted by this article shall be made by a designated authorized representative or inspection service of the insurer at times and places reasonably convenient to the insured.

(b) An insurer shall utilize authorized representatives or inspection services who shall do all of the following:

(1) Be responsible for the accuracy, completeness, and signature of the inspector for each inspection report in writing.

(2) Utilize sequentially numbered inspection reports, by location, and maintain a control system on those reports.

(3) For one year after the date of the inspection, retain and supply to the insurer, upon request, a copy of any inspection report.

(c) The insurer shall bear the cost of the inspection, however, where the inspection is performed by an agent or broker, the insurer shall not be required to reimburse the agent or broker for the labor costs of those inspections.

(d) The inspection report shall be used by the insurer to document previous damage, prior condition, optional equipment and accessories, and mileage of the vehicle. Optional equipment and accessories listed shall include, but are not limited to, alarm systems, radar detectors, custom tires and wheels, and sound and communication systems, such as radios, stereos, tape decks, compact

disks, and CB radios.

(e) The inspection report information and photographs as necessary shall be used by the insurer in the settlement of all collision and comprehensive claims and shall be used and made part of the claim file in the settlement of all unrecovered theft claims or total loss claims. The inspection report shall be part of the claim file regardless of whether or not the loss payment is reduced based on the information contained in the report.

(f) The commissioner shall adopt regulations as may be necessary, including the promulgation of necessary forms to implement this section.

404. After the mandatory inspection is conducted under this article, the insurer may require that the insured vehicle be periodically reinspected, but not more than once in each calendar year, as a condition for subsequent renewal of automobile collision or comprehensive coverage.

405. As used in this article, "temporary substitute vehicle" means any private passenger vehicle, not owned by the insured, while temporarily used with the permission of the owner as a substitute for the owned vehicle, while the latter is withdrawn from normal use because of a breakdown, repair, servicing, loss, or destruction.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 19460 of the Welfare and Institutions Code is amended to read:

19460. There is in the State Treasury a permanent revolving fund to be known as the Rehabilitation Revolving Loan Guarantee Fund, and to be administered by the department. There is within the Rehabilitation Revolving Loan Guarantee Fund the Supported Employment and Adaptive Technology Revolving Loan Guarantee Account. The money deposited in the fund is hereby appropriated, without regard to fiscal years, for the purposes of this article and Chapter 10 (commencing with Section 19850). The fund shall be used to guarantee loans made by eligible lenders to eligible persons for the purchase of vans, automobiles, and other special equipment to facilitate transportation of the physically handicapped, and to assist private employers and employees, and other persons regardless of age, with disabilities to purchase durable equipment, adaptive

aids, and assistive devices in order to live more independently or to engage in employment, including, but not limited to, supported employment as defined and determined by the department.

SEC. 2. The heading of Chapter 10 (commencing with Section 19850) of Part 2 of Division 10 of the Welfare and Institutions Code is amended to read:

CHAPTER 10. SUPPORTED EMPLOYMENT AND ADAPTIVE TECHNOLOGY LOANS

SEC. 3. Section 19851 of the Welfare and Institutions Code is amended to read:

19851. The Legislature also finds and declares that a loan guarantee program to assist employers and employees with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to engage in employment or supported employment, as defined by the department, is necessary to enable disabled persons to become effective participants in the work force. This loan guarantee program is also necessary to assist adults and families of children with disabilities to live more independently.

SEC. 4. Section 19852 of the Welfare and Institutions Code is amended to read:

19852. As used in this chapter:

(a) "Account" means the Supported Employment and Adaptive Technology Revolving Loan Guarantee Account created pursuant to Section 19460.

(b) "Supported employment" means an alternative method of providing day activity services to individuals who do not qualify for vocational rehabilitation. There are four characteristics which distinguish "supported employment" from both vocational rehabilitation services and traditional methods of providing day activity services: (1) service recipients appear to lack the potential for unassisted competitive employment; (2) ongoing training, supervision and support services must be provided; (3) the opportunity is designed to provide the same benefits that other persons receive from work, such as an adequate income level, quality of working life, security, and mobility; and (4) there is flexibility in the provision of support which is necessary to enable the person to function effectively at the worksite.

SEC. 5. Section 19853 of the Welfare and Institutions Code is amended to read:

19853. The Supported Employment and Adaptive Technology Revolving Loan Guarantee Account shall be administered by the Department of Rehabilitation.

(a) Loan guarantees may be made to private employers and employees with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to engage in employment upon such terms and conditions as the department may, by regulation, determine. Loan guarantees may also be made to adults or children

with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to permit them to live more independently upon such terms and conditions as the department may, by regulation, determine. Nothing in this section shall be construed to allow public employers to abrogate their "reasonable accommodation" and related responsibilities pursuant to federal and state laws. Nothing in this section shall be construed to prevent the assistance of persons with disabilities who have been successfully rehabilitated or who are not eligible for vocational rehabilitative services with funds from the loan guarantee account to purchase newly developed equipment or to replace worn or obsolete equipment.

(b) In making decisions about eligibility for loan guarantees pursuant to this section, the department shall determine whether the person requesting a loan guarantee is not able to obtain the needed durable equipment, adaptive aid, or assistive device from a free or less costly source, including, but not limited to, Medi-Cal or vocational rehabilitation. In recommending eligibility for a loan from this account, the department shall make any loan guarantee contingent upon a determination that the person or the family of a child reasonably can be expected to repay the loan given their expected income or other resources.

(c) The effective interest rate to the borrower shall be a percent per annum, which is less than the fair market interest rate at the time the loan guarantee request is considered by the department, and which is based upon the ability of the borrower to pay, as determined by the department. When an application for a loan guarantee is approved by the department, the differential interest between the percent per annum approved by the department and the rate charged by the participating lender shall be prepaid by the department out of the supported employment loan guarantee account. If the borrower defaults on any loan guaranteed by this program, the participating lenders shall reimburse the department for any interest not accrued, after deduction for any unavoidable loss suffered by the lender.

(d) To the extent possible, loans made pursuant to this chapter shall provide for a security interest to be given the lending institution in the equipment, aids, and devices for which the loan is made.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law or any contract between the Department of Parks and Recreation and the County of Sonoma for a grant pursuant to the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 (Chapter 1.67 (commencing with Section 5096.71) of Division 5 of the Public Resources Code), a senior services center may be constructed on land acquired for the Ragle Ranch Regional Park pursuant to a grant from the state.

CHAPTER 745

An act to add Article 11 (commencing with Section 8120) to Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, relating to commercial fishing.

[Approved by Governor September 10, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The salmon fishing industry is among the west coast's largest industries and generates hundreds of millions of dollars and thousands of jobs each year and the salmon fishery is vitally important to commercial and sportfishing interests, to persons who rely on salmon as a means of subsistence, and to the state's tourist industry.

(b) All of the west coast states are committed to maintaining and enhancing their wild stocks of salmon by careful management, by initiating maintenance and enhancement programs, and by investing resources in the fishing industry.

(c) Millions of salmon are being caught and injured by high seas fisheries that intercept salmon contrary to state, federal, or international law, which defeats the state's management and rebuilding programs, deprives the state of a return on its investment in the fishing industry, and detrimentally affects sportfishing uses of salmon and persons who rely on salmon for subsistence.

(d) Vessels that engage in the high seas interception of salmon can move relatively freely and undetected from region to region in the Pacific Ocean and thus are able to harvest whatever species is most readily available or most valuable; by traveling westward, a greater proportion of the take is Asian salmon and, by traveling eastward, a greater proportion of the take is west coast salmon. Although there is intermixing of Asian and North American salmon stocks, scientific evidence proves that even a minimal harvest of salmon within the migratory range of each species will contain west coast salmon.

(e) The illegal taking of salmon detrimentally affects the west coast fishing industry and the illegal taking of west coast salmon is of primary concern because of the direct and immediate effect on the west coast states. In addition, the illegal taking of Asian salmon is also of concern because the depletion of those stocks will ultimately result in a shift of high seas fishing efforts, both legal and illegal, to the west coast salmon.

(f) The high seas interception of salmon occurs beyond the exclusive economic zone of the United States, or through incursion within the exclusive economic zone and the state's territorial sea, by vessels that are usually not registered in the west coast states.

Moreover, these vessels are not based in the United States, and can avoid detection more easily than United States based vessels. As a practical matter, it is extremely difficult to directly or indirectly regulate the vessels themselves; it is therefore necessary to prohibit activities within the state that give aid, comfort, and financial incentives to the high seas interception of salmon.

(g) The purpose of this act is to prevent resources, facilities, and expertise within the state from being made available to promote or facilitate the high seas interception of salmon or to assist in making intercepted salmon ready for or accessible to world markets.

SEC. 2. Article 11 (commencing with Section 8120) is added to Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 11. High Seas Interception of Salmon

8120. The definitions in this section govern the construction of this article:

(a) "Environmental purpose" means the intent to prevent or minimize adverse ecological effects to water quality.

(b) "High seas interception" means the unauthorized taking of salmon for commercial purposes outside the United States 200-mile fishery conservation zone. "Unauthorized" means contrary to a statute or regulation of the United States or this state or to a treaty or international fishery agreement, or in violation of a foreign law.

(c) "Humanitarian purpose" means the intent to provide medical services for a sick or injured person, or to prevent the loss of human life.

(d) "Process" means affecting the condition or location of salmon, including preparation, packaging, storage, refrigeration, or transportation.

(e) "Written instrument" means hand written or printed matter, including vessels' logs and papers, bills of lading and sale, documents relating to processing, shipping, and customs, and information stamped on or affixed to cans, crates, containers, freight, or other means of storage or packaging.

8121. It is unlawful for any person to do any of the following:

(a) To buy, sell, trade, process, or possess salmon, or attempt to buy, sell, trade, process, or possess salmon, with the knowledge that the salmon has been, or will be, obtained by high seas interception.

(b) To knowingly provide financing, premises, equipment, supplies, services, power, or fuel used to buy, sell, trade, process, or possess salmon that has been, or will be, obtained by high seas interception.

(c) Act as a broker or middleman, or otherwise act on behalf of another person, to arrange for or negotiate, or attempt to arrange for or negotiate, the purchase, sale, trade, processing, or possession of salmon, with the knowledge that the salmon has been, or will be, obtained by high seas interception.

8122. It is unlawful for any person to create, circulate, or possess

any written instrument related to salmon with the knowledge that the written instrument conveys misleading or untrue information about the ownership, possession, processing, origin, destination, route of shipping, type, or condition of salmon, or the time, place, and manner of the taking of the salmon.

8123. (a) If any person knows that a vessel contains salmon obtained by high seas interception or that the owner or operator of the vessel intends to engage in the high seas interception of salmon, it is unlawful for that person to do any of the following:

(1) Move persons, cargo, or other property to or from the vessel.

(2) Service or repair the vessel or its equipment.

(3) Provide the vessel with power, supplies, equipment, or fuel.

(4) Provide the vessel with information, other than weather reports, capable of aiding the high seas interception of salmon or frustrating or avoiding detection, including communicating the movements, intentions, or activities of state or federal law enforcement officials or other fishing vessels.

(5) Permit the vessel to dock or anchor, or to remain docked or anchored, if that person is responsible for the operation of the facility, harbor, or anchorage.

(b) This section does not prohibit any person from performing any act or acts set forth in subdivision (a), if that person reasonably believes that the act or acts were necessary for humanitarian or environmental purposes or to prevent a significant loss of property, if that person provides immediate notice, by the quickest available means, to the United States Coast Guard, the department, or any law enforcement agency as to the type of assistance provided and the circumstances involved.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(h) "Parent foreign bank holding company" means, with respect to a foreign bank holding company, any and all companies that control that foreign bank holding company.

(i) "Foreign bank," "foreign (other nation) bank," and "foreign (other state) bank" have the meanings set forth in Section 1700.

(j) "Subsidiary" means any company that is controlled by another company.

(k) "State" means any state of the United States, or the District of Columbia.

(*l*) "Substantial reciprocity" means (1) that the statute laws of a state have the effect of authorizing, for the purposes of subsection (d) of Section 3 of the federal Bank Holding Company Act of 1956, as amended (12 U.S.C. Sec. 1841 et seq.), and that these laws as interpreted and applied authorize, any California bank holding company to acquire up to 100 percent ownership (except for

directors' qualifying shares) of any bank that maintains its head office in that state on terms and conditions substantially the same as terms and conditions pursuant to which a bank holding company, the operations of which are principally conducted in the state may acquire a bank located in the same state, and (2) that, under the laws of that jurisdiction as interpreted and applied, banks that maintain their head offices therein, when acquired, directly or indirectly, by any California bank holding company, have substantially all the powers and capabilities, without limitation, restriction or condition, that such a bank would have if it were acquired by a bank holding company the operations of which are principally conducted in the state in which the bank maintains its head office.

SEC. 2. Section 3752 of the Financial Code is amended to read:

3752. For purposes of this chapter:

(a) (1) In the case of a foreign (other nation) bank that (A) at the time of, or (B) (if it had no such home state previously) as a result of, effecting a transaction of the type described in Section 3754 with respect to a California bank or California bank holding company, has a home state under Section 5 of the International Banking Act of 1978 (12 U.S.C. Sec. 3103) and related regulations, the state in which the operations of the foreign (other nation) bank are principally conducted is the home state.

(2) In the case of a bank holding company that (A) controls a foreign (other nation) bank of the type described in paragraph (1), (B) is not a bank that maintains its head office in a state, and (C) does not, except indirectly through the foreign (other nation) bank, control any bank that maintains its head office in a state, the state in which the operations of the bank holding company are principally conducted is the home state of the foreign (other nation) bank.

(3) In the case of a foreign (other state) bank, the state in which the operations of the foreign (other state) bank are principally conducted is that state in which the total deposits of the foreign (other state) bank and all of its subsidiaries are largest.

(4) In the case of any other bank holding company, the state in which the operations of the bank holding company are principally conducted is that state in which the total deposits of all of the bank holding company's subsidiary banks are largest.

(b) The definitions in Chapter 1 (commencing with Section 99) of this division apply to this chapter, except with respect to terms defined by Section 3751.

(c) Shares owned or controlled by any subsidiary of a bank holding company shall be deemed to be indirectly owned or controlled by such bank holding company.

(d) Shares held or controlled, directly or indirectly, by trustees for the benefit of (1) a company, (2) the shareholders or members of a company, or (3) the employees (whether exclusively or not) of a company, shall be deemed to be controlled by that company.

(e) A company shall not be deemed to control another company solely on account of any of the following circumstances:

(1) In case a company acquires ownership or control of shares of another company in a fiduciary capacity, unless the acquiring company has sole discretionary authority to exercise any voting rights with respect to the shares or unless the transaction is subject to subdivision (d).

(2) In case a company acquires ownership or control of shares of another company in connection with the acquiring company's underwriting of securities, provided that the acquiring company holds the shares only for that period that will permit it to sell the shares on a reasonable basis.

(3) In case a company formed for the sole purpose of participating in a proxy solicitation acquires control of the voting rights of shares of another company in the course of the solicitation.

(4) In case a company acquires ownership or control of shares of another company in the regular course of securing or collecting a debt previously contracted in good faith, provided that the acquiring company obtains the superintendent's approval under Section 3756.3 before acquiring the shares and disposes of the shares within two years after the date of acquisition or within that additional period (not to exceed three years) that the superintendent may approve.

SEC. 3. Section 3753 of the Financial Code is amended to read:

3753. On and after January 1, 1991, a foreign bank holding company may, with the prior approval of the superintendent and in accordance with the provisions of this chapter and division, do any of the following:

(b) Acquire direct or indirect ownership of, or power to vote, more than 5 percent of the voting shares of any California bank or California bank holding company.

(c) Acquire, directly or indirectly, all or substantially all of the assets of any California bank or assume, directly or indirectly, any of the deposits of a California office of a California bank.

(d) Merge or consolidate with any California bank or California bank holding company.

SEC. 4. Section 3754 of the Financial Code is amended to read:

3754. Except as otherwise permitted by this chapter, no foreign bank holding company shall do any of the following:

SEC. 5. Section 3755 of the Financial Code is repealed.

SEC. 6. Section 3755 is added to the Financial Code, to read:

3755. (a) Sections 3753 and 3754 shall not apply to any of the following:

(1) Any acquisition by a bank of shares in good faith in fiduciary capacity, unless the transaction is subject to subdivision (d) of Section 3752 or unless the shares are held under a trust which is a business trust or any trust other than a trust which by its terms terminates within 25 years or not later than 21 years and 10 months after the death of individuals living on the effective date of the trust.

(2) Any acquisition by a bank of shares in the regular course of securing or collecting a debt previously contracted in good faith, provided that the bank shall obtain the superintendent's approval under Section 3756.3 before acquiring the shares and shall dispose of the shares within two years after the date of acquisition or within such additional period (not to exceed three years) as the superintendent may approve.

(b) Subdivision (c) of Section 3753 and subdivision (d) of Section 3754 shall not apply to the merger or consolidation of a California bank with another California bank, the acquisition of any assets, or the assumption of any deposits of a California bank by another California bank. However, the surviving bank in the case of a merger, the resulting bank in the case of a consolidation, the acquiring bank in the case of an acquisition of assets, or the assuming bank in the case of an assumption of deposits shall be a "bank," as defined in Section 2(c) of the Bank Holding Company Act of 1956 (12 U.S.C. Sec. 1841(c)), as in effect August 9, 1987, unless the other bank is not a "bank" as so defined.

(c) Section 3753 and 3754 shall not apply to the merger of a foreign bank holding company with a California bank or California bank holding company, provided that all of the following requirements are met:

(1) The California bank or California bank holding company shall be the surviving corporation.

(2) The merger shall not result in any change of control of the California bank or California bank holding company.

(3) The persons who own the shares of the California bank or California bank holding company immediately before the merger shall, immediately after the merger, own not less than a majority of the shares of the surviving corporation. For purposes of this paragraph, a person shall not be considered to own any shares of the surviving corporation acquired pursuant to the merger as a result of ownership by that person of shares of the foreign bank holding company, but all shares so acquired shall be counted when calculating the total number of shares outstanding. Also, for purposes of calculations under this paragraph, the conversion of all securities convertible immediately or at some future time into shares shall be assumed but, the exercise of any warrant or right to subscribe for or

purchase shares shall not be assumed.

(4) Immediately after the merger, either (A) the surviving corporation shall principally conduct its operations in an eligible state, or (B) the aggregate of the total deposits of the surviving corporation and the total deposits of all of its subsidiary and affiliate banks that maintain their head offices in eligible states shall be greater than the aggregate of the total deposits of all of the surviving corporation's subsidiary and affiliate banks that maintain their head offices in the United States but not in eligible states, and, in either event, the surviving corporation shall not be controlled by any foreign bank holding company or parent foreign bank holding company whose operations are not principally conducted in an eligible state. As used in this paragraph, "eligible state" means California or another state that has substantial reciprocity with California, as determined by the superintendent, and "affiliate bank" means a bank controlled by a bank holding company that controls the surviving corporation.

SEC. 7. Section 3756 of the Financial Code is amended to read:

3756. (a) An application for approval of a transaction described in Section 3753 shall be in such form, shall contain such information, shall be signed in such manner, and shall (if the superintendent so requires) be verified in such manner, as the superintendent may require. The fee for filing such an application shall be two thousand five hundred dollars ($2,500).

(b) The superintendent shall approve the transaction if the superintendent makes both of the following findings, but shall otherwise deny the application:

(1) That there is substantial reciprocity between this state and the state or states in which the operations of the foreign bank holding company and any parent foreign bank holding company of the foreign bank holding company are principally conducted.

(2) That the transaction will not have an adverse effect on the public convenience or advantage in this state.

Nothing in this subdivision requires substantial reciprocity with respect to any jurisdiction that is not a state.

(c) Before a foreign bank holding company effects a transaction of a kind described in Section 3753 which would result in its controlling a bank organized under the laws of this state, the foreign bank holding company and each parent foreign bank holding company of the foreign bank holding company shall file with the superintendent an agreement that it will comply, and that it will cause any company which it from time to time controls to comply, with all applicable provisions of this division and of any regulation or order issued under this division. This agreement shall be in such form, shall be signed in such manner, and shall (if the superintendent so requires) be acknowledged in such manner, as the superintendent may require.

SEC. 8. Section 3756.3 is added to the Financial Code, to read:

3756.3. (a) An application for approval to acquire shares under

paragraph (4) of subdivision (e) of Section 3752 or paragraph (2) of subdivision (a) of Section 3755 shall be in the form, and shall contain the information, shall be signed in the manner, and shall, if the superintendent so requires, be verified in the manner, that the superintendent may require. The fee for filing the application is five hundred dollars ($500).

(b) The superintendent shall not approve the acquisition of shares unless the superintendent finds that the acquisition is not part of a plan to evade the provisions of this chapter.

SEC. 9. Section 3759 of the Financial Code is amended to read:

3759. (a) The superintendent may provide to any federal regulatory agency or to any regulatory agency of any other state of the United States information relating to any of the following:

(1) Any foreign bank holding company which has applied for approval to effect a transaction described in Section 3753 or which controls a California bank.

(2) Any California bank or other company which such a foreign bank holding company controls or proposes to control.

(3) Any parent foreign bank holding company of such a foreign bank holding company.

(4) Any California bank, California bank holding company, or other company that is or is proposed to be in control of, or under common control with, a bank that maintains its head office in another state.

(b) The provisions of this section shall be in addition to, and not in limitation of, the provisions of Section 1909.

(c) Except as provided in Sections 27581 and 27601, and any of the violations enumerated in paragraph (1) of subdivision (a) of Section 27671, before any state or local official may commence legal prosecution of a handler based on a violation of this chapter, or the regulations adopted pursuant to this chapter, the handler shall be given an opportunity for a hearing with respect to the alleged violation. The director shall establish, with the advice of the committee, a policy manual which sets forth procedures for providing notice to a person charged with the violation, and for conducting the hearing. The policy manual is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 27581 of the Food and Agricultural Code is amended to read:

27581. The director may bring an action to enjoin any violation or any threatened violation of this chapter or any regulations adopted pursuant to this chapter in the superior court in the county in which the violation occurred or is about to occur. SEC. 3. Section 27581.2 is added to the Food and Agricultural Code, to read:

27581.2. In lieu of seeking prosecution of any violation of this chapter, or the regulations adopted pursuant to this chapter, as a misdemeanor pursuant to Section 27671, the director may bring a civil action pursuant to Sections 27581 and 27581.4.

SEC. 4. Section 27581.4 is added to the Food and Agricultural Code, to read:

Upon judgment and by order of the court, the eggs and their containers which are a public nuisance shall be condemned and destroyed in the manner which is directed by the court, or reconditioned, re-marked, denatured, or otherwise processed, or released upon the conditions as the court in its discretion may impose to ensure that the nuisance is abated.

If the owner fails to comply with the order of the court within the time specified in the order, the court may order disposal of the eggs and their containers or their sale, under the terms and conditions as the court may prescribe, by the enforcement officer, or by the sheriff, marshal, or constable.

If the court orders the sale of any of the eggs and their containers which can be salvaged, the costs of disposal shall be deducted from the proceeds of sale and the balance paid into court for the owner.

In actions arising pursuant to this chapter or any regulation adopted pursuant to this chapter the following limits shall apply:

(a) Municipal courts shall have original jurisdiction where the value of the property seized amounts to five thousand dollars

($5,000) or less.

(b) Justice courts shall have original jurisdiction where the value amounts to five hundred dollars ($500) or less.

A public nuisance described in this section may only be abated in any action or proceeding pursuant to the remedies provided by this chapter. Any evidence which is taken by any enforcement officer in any county may be admitted in evidence in any prosecution in any other county.

CHAPTER 751

An act to add Section 658.7 to the Harbors and Navigation Code, and to amend Section 853.2 of the Penal Code, relating to boating safety.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 13, 1990.]

SEC. 2. Section 853.2 of the Penal Code is amended to read:

853.2. (a) All courts and officers now or hereafter having and exercising jurisdiction in any county which is now or may hereafter be formed in any part of this state bordering upon the Colorado River, or any lake formed by, or which is a part of, the Colorado River, shall have and exercise jurisdiction in all criminal cases upon those waters concurrently with the courts of and officers of the State of Arizona, so far and to the extent that any of these bodies of water form a common boundary between this state and the State of Arizona.

(b) This section applies only to those crimes which are established in common between the States of Arizona and California; and an acquittal or conviction and sentence by one state shall bar a prosecution for the same act or omission by the other.

(c) This compact shall not be construed to bar the enforcement of the penal laws of either state not established in common with the other, provided that the act or omission proscribed occurs on that state's side of the river channel boundary.

(d) This compact does not apply to Division 3.5 (commencing with Section 9840) of the Vehicle Code, relating to registration of vessels, or to Section 658.7 of the Harbors and Navigation Code, relating to the display of a ski flag.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 752

An act to amend Sections 540, 542, 545, 546.5, 547, 550, and 551 of the Code of Civil Procedure, relating to domestic violence.

[Approved by Governor September 10, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 540 of the Code of Civil Procedure is amended to read:

540. The purposes of this chapter are to prevent the recurrence of acts of violence and sexual abuse against a spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a child or has had a dating or engagement relationship, and to provide for a separation of the persons involved in the domestic violence for a period sufficient to enable those persons to seek a resolution of the causes of the violence.

SEC. 2. Section 542 of the Code of Civil Procedure is amended to read:

542. As used in this chapter, the following words have the following meanings:

(a) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or sexual assault, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(b) "Domestic violence" is abuse perpetrated against any of the following:

(1) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.

(2) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female parent pursuant to the Uniform Parentage Act (Part 7 (commencing with Section 7000) of Division 4 of the Civil Code).

(c) "Cohabitant" means a person who regularly resides in the household. "Former cohabitant" means a person who formerly regularly resided in the household.

(d) "Protective order" means an order issued by the court to the restrained party not to do any or all of the following: (1) contact, (2) molest, (3) attack, (4) strike, (5) threaten, (6) sexually assault, (7) batter, (8) telephone, or (9) disturb the peace of the persons described in this chapter.

SEC. 3. Section 545 of the Code of Civil Procedure is amended to read:

545. A temporary restraining order may be granted with or

without notice to restrain any person upon an affidavit which, to the satisfaction of the court, shows reasonable proof of a past act or acts of abuse for the purpose of preventing a recurrence of domestic violence and assuring a period of separation of the persons involved. A temporary restraining order may be granted pursuant to this chapter to any person described in Section 542. The right to petition for relief shall not be denied because the petitioner has vacated the household to avoid abuse, and in the case of a marital relationship, notwithstanding that a petition for legal separation, nullity of marriage, or dissolution of marriage has not been filed. Such order may be granted in the manner provided in Section 527. The petition, the temporary order, and the order after the hearing shall be valid and enforceable without explicitly stating the address of the applicant or the applicant's place of residence, school, employment, the place where his or her child is provided child care services, or his or her child's school.

SEC. 4. Section 546.5 of the Code of Civil Procedure is amended to read:

546.5. (a) There shall be no filing fee for a petition or response relating to a protective order, restraining order, or a permanent injunction restraining violence or threats of violence in an action brought pursuant to this chapter.

(b) Fees otherwise payable by a petitioner to a law enforcement agency for serving an order obtained under this section may be waived in any case in which the petitioner has requested a fee waiver on the initiating petition and has filed a declaration that demonstrates to the satisfaction of the court, the financial need of the petitioner for the fee waiver. The petitioner shall file the declaration on one of the following forms:

(1) The form formulated and adopted by the Judicial Council for litigants proceeding in forma pauperis pursuant to Section 68511.3 of the Government Code, but the petitioner shall not be subject to any other requirements of litigants proceeding in forma pauperis.

(2) Any other form that the Judicial Council may adopt for this purpose pursuant to Section 543.

The court may issue an order, in conjunction with a hearing pursuant to this chapter, for the waiver of fees otherwise payable by the petitioner to a law enforcement agency for serving an order obtained under this section.

SEC. 5. Section 547 of the Code of Civil Procedure is amended to read:

547. The court may issue upon notice and a hearing, any of the following orders:

(a) Any of the orders set forth in subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the petitioner and the respondent, any of the orders set forth in paragraphs (2), (3), (5) and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the petitioner and the respondent an order determining the temporary custody of the

child. After notice and a hearing, the court may order the exclusion of one party from the common dwelling of both parties or from the dwelling of the other party on a finding only that physical or emotional harm would otherwise result to the other party or any person under the care, custody, or control of the other party or to any minor child of the parties or of the other party.

(b) Where there exists a presumption that the respondent is the natural father of any minor child, pursuant to Section 7004 of the Civil Code, and the child is in the custody of the petitioner, the court may order a party to pay any amount necessary for the support and maintenance of the child if such an order would otherwise be authorized in an action brought pursuant to Part 7 of Division 4 (commencing with Section 7000) of the Civil Code; however, any order pursuant to this subdivision shall be without prejudice in any such action.

(c) An order that restitution be paid to the family or household member for loss of earnings and out-of-pocket expenses, including, but not limited to, expenses for medical care and temporary housing, incurred as a direct result of the abuse or any actual physical injuries sustained therefrom; an order that restitution be paid by plaintiff for out-of-pocket expenses incurred by a party as a result of any order issued ex parte which is found by the court to have been issued upon facts shown at a noticed hearing to be insufficient to support the order; or an order requiring that the defendant shall pay any public or private agency for the reasonable cost of providing services to a family or household member required as a direct result of the abuse inflicted by the defendant or any actual injuries sustained therefrom.

(d) An order requiring any party to participate in counseling with a licensed mental health professional, or through other community programs and services that provide appropriate counseling, including, but not limited to, mental health or substance abuse services, where it is shown that the parties intend to continue to reside in the same household or have continued to reside in the same household after previous instances of domestic violence. The court may also order a restrained party to participate in batterer's treatment counseling. Where there has been a history of domestic violence between the parties, as domestic violence is defined in this chapter, and a protective order is in effect, at the request of the party protected by the order, the parties shall participate in counseling separately and at separate times. The court shall fix the costs and shall order the entire cost of the services to be borne by the parties in the proportion as the court deems reasonable. Prior to issuing the court order requiring counseling, the court shall find that the financial burden created by the court order for counseling does not otherwise jeopardize a party's other financial obligations.

(e) An order for the payment of attorneys' fees and costs of the prevailing party.

SEC. 6. Section 550 of the Code of Civil Procedure is amended to read:

550. (a) The court shall order the petitioner or the attorney for the petitioner to deliver, or the county clerk to mail, a copy of any order, or extension, modification or termination granted pursuant to this chapter, by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the petitioner or the attorney for the petitioner and such other locations where the court determines the acts of domestic violence against the petitioner are likely to occur.

(b) In addition, the court shall order the county clerk to provide, without cost, to a party five certified, stamped, and endorsed copies of any order, extension, modification, or termination thereof granted pursuant to this chapter.

(c) Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms, and current status of any order issued pursuant to this chapter to any law enforcement officer responding to the scene of reported domestic violence.

(d) Any restraining order against domestic violence issued pursuant to this chapter may, upon request of the petitioner, be served upon the respondent by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the action. The moving party shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and transmit to the issuing court.

(e) If any person named in an order issued pursuant to this section has not been served personally with the order but has received actual notice of the existence and substance of that order through personal appearance in court to hear the terms of the order from the court, no additional proof of service shall be required for enforcement of that order.

(f) The judicial forms for temporary orders and orders after hearing shall contain a statement in substantially the following form:

"NO ADDITIONAL PROOF OF SERVICE SHALL BE REQUIRED IF THE FACE OF THIS FORM INDICATES THAT BOTH PARTIES ARE PERSONALLY PRESENT AT THE HEARING WHERE THE ORDER WAS ISSUED."

(g) It shall be a rebuttable presumption that the proof of service was signed on the date of service.

SEC. 7. Section 551 of the Code of Civil Procedure is amended to read:

551. Any willful and knowing violation of any order authorized in this chapter granted in accordance with the terms of paragraph (2), (3) or (6) of subdivision (a) of Section 4359 of the Civil Code shall be a crime punishable under Section 273.6 of the Penal Code.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant

to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 753

An act to amend Section 1266.1 of the Health and Safety Code, and to amend Section 5652.5 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1266.1 of the Health and Safety Code is amended to read:

1266.1. (a) Each new or renewal application for a license for a psychiatric health facility shall be accompanied by a fee equal in amount to the fee for an acute psychiatric hospital as specified in subdivision (a) of Section 1266 or, as modified by subdivision (e).

(b) New or renewal licensure application fees for psychiatric health facilities shall be collected by the State Department of Mental Health.

(c) The State Department of Mental Health shall make available to the Legislature and other interested parties, on or before January 17 of each year, information describing program costs within the State Department of Mental Health for licensure, regulation, and monitoring of psychiatric health facilities.

(d) The annual fees shall be waived for any psychiatric health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local hospital district, city, county, or city and county.

(e) If additional private psychiatric health facilities seek new licensure on or after January 1, 1991, the State Department of Mental Health may increase the fees for all private psychiatric health facilities with more than nine beds sufficient to accommodate the increased level of workload and costs.

SEC. 2. Section 5652.5 of the Welfare and Institutions Code is amended to read:

5652.5. (a) Psychiatric health facilities, as defined in Section 1250.2 of the Health and Safety Code, shall only be licensed by the

State Department of Mental Health subsequent to application by counties, county contract providers, or other organizations pursuant to this part.

(b) (1) For counties or county contract providers that choose to apply, the local mental health director shall first present to the local mental health advisory board for its review an explanation of the need for such facility and a description of the services to be provided. The local mental health director shall then submit to the governing body such explanation and description in the form of an amendment to the county Short-Doyle plan. The governing body, upon its approval of the amendment, may submit the amendment and application to the State Department of Mental Health.

(2) Other organizations that seek to apply for licensure and do not intend to use any Short-Doyle funds pursuant to Section 5707 shall submit their approval requests to the governing body in the county in which the facility is to be located. The governing body shall have 30 days during which to make recommendations on the applications. At any time after such 30-day period, the organizations may then submit their applications, along with the governing body's recommendations, if any, to the State Department of Mental Health.

(c) The State Fire Marshal and other appropriate state agencies, to the extent required by law, shall cooperate fully with the State Department of Mental Health to assure that the State Department of Mental Health approves or disapproves the licensure applications not later than 90 days after the application submission by a county, county contract provider, or other organization.

(d) Every psychiatric health facility and program for which a license has been issued shall be periodically inspected by a multidisciplinary team appointed or designated by the State Department of Mental Health. The inspection shall be conducted no less than once every two years and as often as necessary to assure the quality of care provided. During the inspections the review team shall offer such advice and assistance to the psychiatric health facility as it deems appropriate.

(e) (1) The program aspects of a psychiatric health facility which shall be reviewed and may be approved by the State Department of Mental Health shall include, but not be limited to:

(A) Activities programs.
(B) Administrative policies and procedures.
(C) Admissions.
(D) Discharge planning.
(E) Health records content.
(F) Health records service.
(G) Interdisciplinary treatment teams.
(H) Nursing services.
(I) Patient rights.
(J) Pharmaceutical services.
(K) Program space requirements.
(L) Psychiatrist and clinical psychological services.

(M) Rehabilitation services.
(N) Restraint and seclusion.
(O) Social work services.
(P) Space, supplies, and equipment.
(Q) Staffing standards.
(R) Unusual occurrences.
(S) Use of outside resources, including agreements with general acute care hospitals.

(2) The State Department of Mental Health has the sole authority to grant program flexibility.

(f) The State Department of Mental Health shall adopt regulations which shall include, but not be limited to, the following:

(1) Procedures by which the State Department of Mental Health shall review and may approve the program and facility requesting licensure as a psychiatric health facility as being in compliance with program standards established by the department.

(2) Procedures by which the Director of Mental Health shall deny approval or approve, the program and facility licensed as a psychiatric health facility pursuant to Section 5652.5.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program and facility standards.

(4) Provisions for the State Department of Mental Health for any administrative proceeding regarding denial, suspension, or revocation of a psychiatric health facility license.

(g) Regulations shall be adopted by the State Department of Mental Health, which shall establish standards for pharmaceutical services in psychiatric health facilities. Licensed psychiatric health facilities shall be exempt from requirements to obtain a separate pharmacy license or permit.

(h) (1) It is the intent of the Legislature that the State Department of Mental Health shall license the facility in order to establish innovative and more competitive acute care services as alternatives to hospital care.

(2) The State Department of Mental Health shall review and may approve the program aspects of public or private facilities, with the exception of those facilities which are federally certified or accredited by a nationally recognized commission which accredits health care facilities, only if the average per diem charges or costs of service provided in the facility is approximately 60 percent of the average per diem charges or costs of similar psychiatric services provided in a general hospital.

(3) (A) When a private facility is accredited by a nationally recognized commission which accredits health care facilities, the department shall review and may approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(B) When a private facility serves county patients, the department shall review and may approve the program aspects only if the facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a proportion of Medi-Cal patients sufficient to project an overall cost savings to the county, and the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(4) When a public facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a proportion of Medi-Cal patients sufficient to project an overall program cost savings with certification, the department shall approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(5) (A) The State Department of Mental Health may set a lower rate for private or public facilities than that required by paragraph (3) or paragraph (4), respectively if so required by the federal Health Care Financing Administration as a condition for the receipt of federal matching funds.

(B) This section does not impose any obligation on any private facility to contract with a county for the provision of services to Medi-Cal beneficiaries, and any contract for that purpose is subject to the agreement of the participating facility.

(6) In using the guidelines specified in this subdivision, the department shall take into account local conditions affecting the costs or charges.

(i) The licensing fees charged for these facilities shall be credited to the State Department of Mental Health for its costs incurred in the review of psychiatric health facility programs, in connection with the licensing of these facilities.

(j) Proposed changes in the standards or regulations affecting health facilities which serve the mentally disordered shall be effected only with the review and coordination of the Health and Welfare Agency.

(k) In psychiatric health facilities where the clinical director is not a physician, a psychiatrist, or if one is temporarily not available, a physician shall be designated who shall direct those medical treatments and services which can only be provided by, or under the direction of, a physician.

(*l*) This section shall become inoperative on July 1, 1997, and as of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 754

An act to amend Section 4606 of the Civil Code, and to amend Section 77003 of the Government Code, relating to court-appointed counsel.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 4606 of the Civil Code is amended to read:

4606. (a) In any initial or subsequent proceeding under this part where there is in issue the custody of or visitation with a minor child, the court may, if it determines it would be in the best interests of the minor child, appoint private counsel to represent the interests of the minor child.

(b) Counsel, upon entering an appearance on behalf of a minor pursuant to this section shall continue to represent that minor unless relieved by the court upon the substitution of other counsel by the court or for cause.

(c) The counsel shall be charged with the representation of the child's interests. The counsel has the following duties, unless under the circumstances it is inappropriate to exercise these duties, which include interviewing the child, reviewing the court files and all accessible relevant records available to both parties, and making any further investigations as he or she deems necessary to ascertain facts relevant to the custody or visitation hearings. Counsel may introduce and examine his or her own witnesses, present arguments to the court concerning the child's welfare, and participate further in the proceeding to the degree necessary to adequately represent the child.

(d) Counsel shall have the following rights when ordered by the court: reasonable access to the child with adequate notice; notice of any and all proceedings including any request for examinations affecting the child; access to medical and school records for the child; the right to veto any physical or psychological examination or evaluation, for purposes of the proceeding, which has not been ordered by the court; the right to assert on behalf of the child any privilege for discovery purposes; the right to seek independent psychological or physical examination or evaluation of the child for purposes of the pending proceeding, upon application to the court.

(e) The child's counsel may, upon noticed motion to all parties and the local child protective services agency, request the court to authorize release of relevant reports or files, concerning the child represented by the counsel, of the relevant local child protective services agency. The court shall review the reports or files in camera in order to determine whether they are relevant to the pending action and whether and to what extent they should be released to the

child's counsel. Neither the review by the court nor the release to counsel shall constitute a waiver of the confidentiality of these records and files. Counsel shall not disclose the contents or existence of these files or records to anyone unless otherwise permitted by law.

(f) When the court appoints counsel to represent the minor, counsel shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. Except as provided in subdivision (g), this amount shall be paid by the parties in proportions as the court deems just.

(g) Upon its own motion or that of a party, the court shall determine whether both parties together are financially unable to pay all or a portion of the cost of counsel appointed pursuant to this section, and the portion of the cost of that counsel which the court finds the parties are unable to pay shall be paid by the county. The Judicial Council shall adopt guidelines to assist in determining financial eligibility for county payment of counsel appointed by the court pursuant to this section.

SEC. 2. Section 77003 of the Government Code is amended to read:

77003. As used in this chapter, "court operations" means the county share of superior and municipal court judges' salaries, benefits, and public agency retirement contributions, and the salary, benefits, and public agency retirement contributions for justice court judges, subordinate judicial officers, other court staff including all municipal court staff positions specifically prescribed by statute, those deputy marshals, constables, and sheriffs as the court deems necessary for court operations, court-appointed counsel in juvenile court dependency proceedings, counsel appointed by the court to represent a minor pursuant to Section 4606 of the Civil Code, services and supplies relating to court operations, collective bargaining under the Meyers-Milias-Brown Act with respect to court employees specified in Section 3501.5, and actual indirect costs, not to exceed 18 percent of the block grant, for county general services attributable to court operations, but specifically excluding, but not limited to, law library operations conducted by a trust pursuant to statute; courthouse construction; district attorney services; probation services; indigent criminal defense; grand jury expenses and operations; and pretrial release services. However, in a county with a population of 350,000 or less as determined by the Department of Finance, to the extent that the block grant for a given fiscal year exceeds the 1987–88 funding level for the trial courts in that county, as adjusted by the current consumer price index, "court operations" includes probation services, indigent criminal defense, and pretrial release services.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2

of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 755

An act relating to rural health facilities.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Office of Statewide Health Planning and Development, in consultation with the Small and Rural Hospital Advisory Committee, shall develop and submit to the federal government a grant application on behalf of the State of California which meets the requirements of the Omnibus Budget Reconciliation Act of 1989 (P.L. 101-239, Sec. 6003(g)), seeking to have California designated as one of the states to develop rural health care plans and designating hospitals and facilities as Essential Access Community Hospitals (EACH) or as Rural Primary Care Hospitals (RPCH).

Once California is selected, and the grant is received, the Office of Statewide Health Planning and Development shall, to the extent consistent with federal law, designate general acute care hospitals, as defined in subdivision (a) of Section 1250 of the Health and Safety Code, as EACH and RPCH facilities, so as to make those facilities eligible for federal EACH and RPCH funding.

CHAPTER 756

An act to amend Sections 18950, 18953.5, 18955.1, and 18958 of, and to repeal Sections 18950.7, 18954, 18956, 18957, and 18960 of, the Welfare and Institutions Code, relating to child abuse.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 18950 of the Welfare and Institutions Code is amended to read:

18950. The Legislature finds and declares that child abuse is a growing concern in this state, and that current methods of coping with child abuse problems are resulting in family breakups that are both expensive and nonproductive to the state. It is the intent of the Legislature to provide for the establishment of a State Office of Child Abuse Prevention to plan, improve, develop, and carry out programs and activities relating to the prevention, identification and treatment of child abuse and neglect.

SEC. 2. Section 18950.7 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 18953.5 of the Welfare and Institutions Code is amended to read:

18953.5. The Office of Child Abuse Prevention may fund the various programs established pursuant to this chapter, Chapter 12 (commencing with Section 18975), and Chapter 12.5 (commencing with Section 18980) by means of grants rather than contracts. The grants shall not be subject to the review specified in Section 10295 of the Public Contract Code.

SEC. 4. Section 18954 of the Welfare and Institutions Code is repealed.

SEC. 5. Section 18955.1 of the Welfare and Institutions Code is amended to read:

18955.1. It is the intent of the Legislature that the Office of Child Abuse Prevention shall make every attempt to qualify projects implemented pursuant to this chapter for federal funding. To that extent, should any provisions of this chapter prevent federal funding for projects implemented pursuant to this chapter, those provisions of this chapter shall be rendered inoperative.

SEC. 6. Section 18956 of the Welfare and Institutions Code is repealed.

SEC. 7. Section 18957 of the Welfare and Institutions Code is repealed.

SEC. 8. Section 18958 of the Welfare and Institutions Code is amended to read:

18958. The Office of Child Abuse Prevention shall apply for federal funding for the administration of its functions under this chapter. The office shall use these funds to do all of the following:

(a) Provide technical assistance (directly or through grant or contract pursuant to Section 16304 of the Government Code) to public and private agencies and organizations to assist them in planning, improving, developing, and carrying out programs and activities relating to the prevention, identification, and treatment of child abuse and neglect.

(b) Compile training materials for personnel who are engaged or intend to engage in the prevention, identification, and treatment of child abuse and neglect.

(c) Assist and provide funds for the coordination of child abuse prevention programs.

(d) Develop and establish other innovation programs in child

abuse prevention where the office finds a need for the programs.

(e) Conduct research and collect data relevant to the determination of the effectiveness of child abuse prevention programs.

SEC. 9. Section 18960 of the Welfare and Institutions Code is repealed.

CHAPTER 757

An act to add and repeal Article 6.5 (commencing with Section 6025) of Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, relating to pest control, and making an appropriation therefor.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 6025) is added to Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, to read:

Article 6.5. Vertebrate Pest Control Research

6025. The Legislature hereby finds and declares all of the following:

(a) The continued viability of the agricultural economy is of paramount importance to the people of this state.

(b) Vertebrate pests cause an estimated two hundred million dollars ($200,000,000) damage to agricultural crops each year, and without effective controls, the losses and damage could reach one billion dollars ($1,000,000,000) annually.

(c) The use of materials to control vertebrate pests benefits the public health by preventing rodent-borne diseases that could be transmitted, and be injurious, to humans.

(d) County departments of agriculture have historically provided vertebrate pest control materials to the agricultural community.

(e) Recent changes in the federal law require the development of extensive data and the payment of registration fees in order to register these materials, and these requirements are costly. Research studies to develop this data will be required if these valuable control materials are to be maintained.

(f) It is appropriate that the necessary research be funded by an assessment on the vertebrate pest control materials for which these studies are required.

6025.2. For purposes of this article, "vertebrate pest" means any specie of mammal, bird, reptile, amphibian, or fish that causes damage to agricultural, natural, or industrial resources, or to any

other resource, and to the public health and safety.

6025.5. (a) The director shall establish and administer a research program to control vertebrate pests which pose a significant threat to the welfare of the state's agricultural economy and the public.

(b) The specific purposes of the program include all of the following:

(1) The investigation of effective and economical alternative materials for the control of vertebrate pests.

(2) The solicitation and consideration of research proposals for alternative humane methods of control.

(3) The continuation of current vertebrate pest control product registration at the state level until alternative products are developed which prove to be effective and economical.

(4) The funding of research for the development of scientific data to fulfill registration requirements.

(5) Cooperation with the United States Department of Agriculture in funding research programs to maintain, develop, and register vertebrate pest control materials used in this state.

6026. The director shall establish the Vertebrate Pest Control Research Advisory Committee consisting of the following members, appointed by the director, to serve at the pleasure of the director:

(a) One representative of the department.

(b) One representative of the county agricultural commissioners.

(c) Five representatives of the agricultural industry representing affected commodities.

(d) One representative of the University of California.

(e) One representative of the California State University.

(f) One representative of the State Department of Health Services.

(g) One representative of the general public, with consideration given to a person with expertise in animal welfare.

6026.5. On or before December 31 of each year, the committee shall recommend to the director priorities for conducting various vertebrate pest control research projects and the amount of the assessment necessary to carry out those research projects.

6027. There is hereby created the Vertebrate Pest Control Research Account in the Department of Food and Agriculture Fund. Notwithstanding Section 13340 of the Government Code, the money in the account is continuously appropriated to the director for purposes of carrying out this article. Notwithstanding any other provision of law, the moneys in the account shall not be transferred to any other fund or encumbered or expended for any purpose other than as provided in this article.

6027.5. During the 1991 calendar year, each commissioner shall pay to the director a fee not to exceed fifty cents ($0.50) per pound of vertebrate pest control material sold, distributed, or applied by the county for vertebrate pest control purposes. No assessment shall be imposed on the sale or distribution of vertebrate pest control material by a county agricultural commissioner to another

commissioner.

Commencing with the 1992 calendar year, and only upon the recommendation of the Vertebrate Pest Control Research Advisory Committee, the director may set a different level of assessment in the amount necessary to provide revenue for the vertebrate pest control research projects carried out pursuant to this article. However, the assessment shall not exceed one dollar ($1) per pound of vertebrate control material sold, distributed, or applied by the county for vertebrate pest control purposes. To assist the advisory committee in making its recommendations, the department shall submit a progress report to the members of the advisory committee at least 30 days prior to each meeting of the advisory committee. The report shall include, but is not limited to, data on research which has been, or is proposed to be, conducted and statements regarding the necessity for that research. This section does not preclude the department from preparing and distributing additional reports which may be requested by the advisory committee.

6028. The assessment payments required pursuant to Section 6027.5, together with a report of the amount of vertebrate pest control materials sold, distributed, or applied during the previous six-month period, shall be made biannually by each commissioner to the director within one calendar month after June 30 and December 31 of each year.

6029. This article shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 758

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 19150 of the Welfare and Institutions Code is amended to read:

19150. (a) The term "vocational rehabilitation services" means the following services and goods:

(6) Physical restoration services, including, but not limited to the following:

(C) Prosthetic and orthotic devices.

(D) Eyeglasses and visual services as prescribed by a physician skilled in the diseases of the eye or by an optometrist.

(10) The provision of other facilities and services which promise to contribute substantially to the rehabilitation of a group of individuals but which are not related directly to the rehabilitation plan of any one person with disabilities.

(11) Transportation in connection with the rendering of any other vocational rehabilitation service.

(12) Any other goods and services necessary to render a person with disabilities employable.

(13) Services to the families of persons with disabilities when those services will contribute substantially to the rehabilitation of those individuals.

(b) For the purposes of subdivision (a), full consideration of eligibility for any similar benefit shall be utilized to the extent permitted by federal law.

SEC. 2. Section 19356.7 of the Welfare and Institutions Code is amended to read:

19356.7. (a) Proposals for funding of supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Services Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) Provided that sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program where applicable.

(5) The ability of the program to achieve integrated substantial paid work on the average for clients served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine

whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department may adopt the regulations it deems necessary to implement Sections 19352, 19356.6, and this section.

(f) This section shall become inoperative on October 1, 1992, and, as of January 1, 1993, is repealed unless a later enacted statute which becomes effective on or before January 1, 1993, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2.5. Section 19700 of the Welfare and Institutions Code is amended to read:

19700. (a) There is in the department a Rehabilitation Appeals Board consisting of seven members, one of whom shall be designated chairperson. The chairperson and the members of the board shall be appointed by the Governor with the advice and consent of the Senate for terms of four years. The members of the board shall be selected for their interest and leadership in activities to encourage and enable the disabled and otherwise disadvantaged to participate fully in the economic and social life of the community.

(b) A majority of the members of the board shall be disabled persons who have overcome their disabilities, including those who have done so with the assistance of public agencies, and who are independently self-supporting in the regular businesses, professions, and occupations of the community.

The people of the State of California do enact as follows:

SECTION 1. Section 14572 of the Public Resources Code is amended to read:

14572. (a) A certified recycling center shall accept from any consumer or dropoff or collection program any empty beverage container, and shall pay to the consumer or dropoff or collection program the refund value of the beverage container. The center may pay the refund value based on the weight of returned containers.

(b) Any recycling center, nonprofit dropoff program, or processor which was certified by the department as of June 30, 1988, which was in existence on January 1, 1986, and which refused, as of January 1, 1986, to accept at a particular location a certain type of empty beverage container may continue to refuse to accept at the location the type or types of empty beverage containers that the recycling center, nonprofit dropoff program, or processor refused to accept as of January 1, 1986. Any certified recycling center which refuses, pursuant to this subdivision, to accept a certain type or types of empty beverage containers is not eligible to receive convenience incentive payments unless the center agrees to accept all types of empty beverage containers. This subdivision does not preclude the certified recycling center from receiving a convenience incentive payment for beverage containers redeemed at locations which do accept all types of containers. Any recycling center which is certified after June 30, 1988, shall accept all beverage container types after January 1, 1989.

(c) On January 1, 1990, the department shall terminate any authorizations for retention of the redemption bonus made before January 1, 1990, pursuant to any other provision of law.

(d) Only a certified recycling center may pay the refund value to consumers, or dropoff or collection programs. No person shall pay a noncertified recycling center an amount which exceeds the scrap value for aluminum, as listed in the American Metals Market publication, or an amount for glass and plastic which exceeds the amount identified as the portion of the processing fee which are the costs for the recycler, as specified, in paragraphs (1) and (2) of subdivision (a) of Section 14575, as determined by the department.

(e) This section does not affect curbside programs under contract with cities or counties.

CHAPTER 761

An act to amend Sections 1812.508 and 1812.533 of the Civil Code, and to amend Sections 1726 and 1726.1 of the Health and Safety Code, relating to home health agencies.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1812.508 of the Civil Code is amended to read:

1812.508. (a) No employment agency shall make, or cause to be made, any false, misleading, or deceptive advertisements or representations concerning the services that the agency will provide to jobseekers.

(b) (1) No employment agency shall publish or cause to be published any false, fraudulent, or misleading information, representation, notice, or advertisements.

(2) All advertisements of an employment agency shall contain the correct name of the employment agency and one of the following:

(A) The street address of the agency's place of business.

(B) The correct telephone number of the agency at its place of business.

(3) Every employment agency, except a nurses' registry shall use, as part of its name, either the designation "agency" or "personnel service."

(4) No employment agency shall give any false information or make any false promises or representations concerning an engagement or employment to any jobseeker who registers or applies for an engagement or employment or help.

(5) No employment agency shall, by its name, advertisement, or any other representation, represent itself to be a home health agency, as defined by subdivision (a) of Section 1727 of the Health and Safety Code, or to perform the services of a home health agency. An employment agency shall provide a written disclosure to each individual receiving nursing services in his or her place of residence stating that it does not perform the services of a home health agency and clearly describing that it is an employment agency only and that any complaints against personnel providing nursing services who are neither licensed nor certified shall be submitted to the local district attorney, complaints against certified nursing assistants and certified home health aides providing nursing services shall be submitted to the local district attorney and the State Department of Health Services, and complaints against licensed personnel providing nursing services shall be submitted to the local district attorney and the Department of Consumer Affairs. The address and telephone number of each agency and board to which complaints are required

to be submitted shall be provided by the employment agency to all patients prior to the time they are under the care of any nursing services personnel.

(6) Any person may refer complaints concerning employment agencies to the proper law enforcement agency for action.

(c) (1) Where an employment agency job advertisement includes a description of the placement fee associated with the advertised job, the employment agency shall describe the placement fee in a manner which either clearly indicates whether or not a jobseeker shall be responsible for the placement fee or in accordance with the following terms and provisions:

(A) "FEE" means the jobseeker pays the entire placement fee.

(B) "NO FEE" means the jobseeker pays no portion of the placement fee.

(2) Where "NO FEE" jobs are advertised and the agency also administers placement for "FEE" jobs, the advertisement shall state "ALSO FEE JOBS" in type of equal size, prominence, and boldness as "NO FEE" notations.

(3) A group job advertisement which includes a description of the placement fee shall describe the placement fee either separately for each job, or by use of the proper term as a heading under which all applicable jobs shall be listed. All those headings shall be in type and of the same size, prominence, and boldness.

(d) Special requirements not usually associated with a job shall be specified in any advertisement. When the location of the position advertised is more than 50 miles from the employment agency office responsible for the advertisement, it shall state either the location or that the job is "nonlocal." Special benefits of the job, if advertised, shall be specifically described and substitute terms or symbols such as "extras" or "+" shall not be sufficient.

(e) An advertised salary shall be based upon the starting salary contained in the job order. An advertised range of starting salaries shall be specified by preceding the minimum salary and maximum salary by the terms "from" and "to" respectively. When the job order contains only the maximum amount of a salary range, that advertised salary shall be preceded by the word "to." If a maximum salary is dependent upon the jobseeker's experience, the advertised salary may be described by listing the minimum salary and the term "up Depending on Experience" or "up D.O.E." The words "open" and "negotiable" or words or symbols of like import shall not be used as a substitute for the salary. If an advertised salary is based in whole or in part on commissions, that fact shall be indicated in the advertisement.

(f) All employment agencies shall maintain a record of all advertised jobs, correlated to show the date and the publication in which the advertisement appeared and the job order number of each job advertised, retrospectively for a period of one year.

SEC. 2. Section 1812.533 of the Civil Code is amended to read:

(3) No nurses' registry shall give any false information or make any false promises or representations concerning an assignment or employment to any nurse who registers or applies for an assignment or employment.

(4) No nurses' registry shall, by its name, advertisement, or any other representation, represent itself to be a home health agency, as defined by subdivision (a) of Section 1727 of the Health and Safety Code, or to perform the services of a home health agency. A nurses' registry shall provide a written disclosure to each individual receiving nursing services, as defined in subdivision (a) of Section 1812.524, in his or her place of residence stating that it does not perform the services of a home health agency and clearly describing that it is a nurses' registry only and that any complaints against licensed personnel providing a nursing service shall be brought to the local district attorney and the Department of Consumer Affairs. The address and telephone number of each agency and board to which complaints are required to be submitted shall be provided to all patients prior to the time they are under the care of any nursing services personnel.

(5) Any person may refer complaints concerning nurses' registries to the proper law enforcement agency for action.

1726. No private or public organization, including, but not limited to, any partnership, corporation, political subdivision of the state, or other governmental agency within the state, shall provide, or arrange for the provision of, skilled nursing services in the home in this state without first obtaining a home health agency license.

In establishing a system of licensing for home health agencies, it is the purpose of the Legislature to distinguish between the functions of a home health agency and the functions of an employment agency or a licensed nurses' registry pursuant to Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code. It is not the intention of the Legislature to require that an employment

agency or a licensed nurses' registry performing its functions as specified in Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code secure a home health agency license, unless it is performing the functions of a home health agency, as defined in this chapter.

It is not the intent of the Legislature to require a hospice to secure a home health agency license unless it is performing the functions of a home health agency.

SEC. 3.5. Section 1726 of the Health and Safety Code is amended to read:

1726. No private or public organization, including, but not limited to, any partnership, corporation, political subdivision of the state, or other governmental agency within the state, shall provide, or arrange for the provision of, skilled nursing services in the home in this state without first obtaining a home health agency license.

In establishing a system of licensing for home health agencies, it is the purpose of the Legislature to distinguish between the functions of a home health agency and the functions of an employment agency or a licensed nurses' registry pursuant to Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code. It is not the intention of the Legislature to require that an employment agency or a licensed nurses' registry performing its functions as specified in Title 2.91 (commencing with Section 1812.500) of Part 4 of Division 3 of the Civil Code secure a home health agency license unless it is performing the functions of a home health agency, as defined in this chapter.

It is not the intent of the Legislature to require a hospice to secure a home health agency or home hospice agency license unless it is performing the functions of a home health agency or home hospice agency.

SEC. 4. Section 1726.1 of the Health and Safety Code is amended to read:

1726.1. (a) Any licensed pharmacy engaged in providing, pursuant to the order of a physician and surgeon, parenteral or enteral therapies administered by a licensed registered nurse employed, or whose services who are arranged for, by the pharmacy, shall be exempt from the requirements of this chapter until January 1, 1992, or the effective date of regulations adopted by the state department pursuant to this chapter for these services, whichever occurs first.

(b) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute chaptered prior to January 1, 1992, deletes or extends that date.

SEC. 5. Section 3.5 of this bill incorporates amendments to Section 1726 of the Health and Safety Code proposed by both this bill and SB 2622. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 1726 of the Health and Safety Code, and (3) this bill is enacted after SB 2622, in which case Section 3 of this bill shall not

become operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 762

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Kern Union High School District has the third highest average daily attendance of any high school district in the state, contains an area of more than 3,500 square miles, and serves 26 feeder school districts. Accordingly, it is the intent of the Legislature to authorize the State Board of Education, which has previously granted waivers to that district to operate a single district regional occupational center or program, to grant permanent status to the Kern Union High School District for that purpose.

SEC. 2. Section 52301.3 is added to the Education Code, to read:

52301.3. Notwithstanding subdivision (d) of Section 52301, the State Board of Education may grant permanent status to the Kern Union High School District to operate a single district regional occupational center or program, if that status is requested in writing by the county superintendent of schools of Kern County and the governing board of the Kern Union High School District.

SEC. 3. Due to the unique circumstances specified in Section 1 of this act concerning the Kern Union High School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

(a) For the purposes of this part, "gross receipts" from the sale of a factory-built school building, and the "sales price" of a factory-built school building, sold or stored, used, or otherwise consumed in this state shall be 40 percent of the sales price of the factory-built school building to the consumer.

(b) For purposes of this section, "factory-built school building" means any building designed in compliance with state laws for school construction and approved by the structural safety section in the office of the State Architect, which is either wholly manufactured or is in substantial part manufactured at an offsite location, to be assembled, erected, or installed on a site owned or leased by a school district or a community college district.

The purchase of real property necessary for that purpose is lawful and title thereto shall be taken in the joint names of each county which contributes funds therefor. The property may be deeded to the state upon the express condition that it shall be employed for the purposes of this chapter within the counties.

(a) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome subject to registration under this part, the dealer shall execute in writing and obtain the buyer's signature on a purchase order, conditional sale contract, or other document evidencing the purchase contemporaneous with, or prior to, the receipt of any cash or cash equivalent from the buyer, shall establish an escrow account with an escrow agent, and shall cause to be deposited into that escrow account any cash or cash equivalent received at any time prior to the close of escrow as a deposit, downpayment, or whole or partial payment for the manufactured home or mobilehome or accessory thereto. The downpayment, or whole or partial payment, shall include an amount designated as a deposit, which may be less than, or equal to, the total amount placed in escrow, and shall be subject to the provisions of subdivision (f). The parties shall provide for escrow instructions that identify the fixed amounts of the deposit,

downpayment, and balance due prior to closing consistent with the amounts set forth in the purchase documents and receipt for deposit if one is required by Section 18035.1. The deposits shall be made by the dealer within three working days of receipt, one of which shall be the day of receipt. For purposes of this section, "cash equivalent" means any property, other than cash. If an item of cash equivalent is, due to its size, incapable of physical delivery to the escrow holder, the property may be held by the dealer for the purchaser until close of escrow and, if the property has been registered with the department or the Department of Motor Vehicles, its registration certificate and, if available, its certificate of title shall be delivered to the escrowholder.

(b) For every transaction by or through a dealer to sell or lease with the option to buy a new manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide all of the following:

(1) That the original manufacturer's certificate of origin be placed in escrow.

(2) That, in the alternative, either of the following shall occur:

(A) The lien of any inventory creditor on the manufactured home or mobilehome shall be satisfied by payment from the escrow account.

(B) The inventory creditor shall consent in writing to other than full payment.

For purposes of this paragraph, "inventory creditor" includes any person who is identified as a creditor on the manufacturer's certificate of origin or any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome, as contemplated by Section 9107 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

(c) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide:

(1) That the current registration card, all copies of the registration cards held by junior lienholders, and the certificate of title be placed in escrow.

(2) That, in the alternative, either of the following shall occur:

(A) (i) The registered owner shall acknowledge in writing the amount of the commission to be received by the dealer for the sale of the manufactured home or mobilehome, and (ii) the registered owner shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of the escrow where the buyer has executed a security agreement

approved by the registered owner covering the unpaid balance of the purchase price.

(B) (i) The dealer shall declare in writing that the manufactured home or mobilehome is its inventory, (ii) the registered owner shall acknowledge in writing that the purchase price relating to the sale of the manufactured home or mobilehome to the dealer for resale has been paid in full by the dealer, (iii) the current certificate of title shall be appropriately executed by the registered owner to reflect the release of all of its ownership interests, and (iv) the dealer shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of escrow where the buyer has executed a security agreement approved by the dealer covering the unpaid balance of the purchase price.

(3) That, in the alternative, the legal owner and each junior lienholder, respectively, shall either:

(A) Release his or her security interest or transfer its security interest to a designated third party contemporaneously upon the payment of a specified amount from the escrow account.

(B) Advise the escrow agent in writing that the new buyer or the buyer's stated designee shall be approved as the new registered owner upon the execution by the buyer of a formal assumption of the indebtedness secured by his or her lien approved by the creditor at or before the close of escrow.

(d) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part:

(1) The dealer shall present the buyer's offer to purchase the manufactured home or mobilehome to the seller in written form signed by the buyer. The seller, upon accepting the offer to purchase, shall sign and date the form. Copies of the fully executed form shall be presented to both the buyer and seller, with the original copy retained by the dealer. Any portion of the form that reflects the commission charged by the dealer to the seller need not be disclosed to the buyer.

(2) The escrow agent, upon receipt of notification from the dealer that the seller has accepted the buyer's offer to purchase and receipt of mutually endorsed escrow instructions, shall, within three working days, prepare a notice of escrow opening on the form prescribed by the department and forward the completed form to the department with appropriate fees. If the escrow is canceled for any reason before closing, the escrow agent shall prepare a notice of escrow cancellation on the form prescribed by the department and forward the completed form to the department.

(3) (A) The escrow agent shall forward to the legal owner and each junior lienholder at their addresses shown on the current registration card a written demand for a lien status report, as contemplated by Section 18035.5, and a written demand for either an executed statement of conditional lien release or an executed

statement of anticipated formal assumption, and shall enclose blank copies of a statement of conditional lien release and a statement of anticipated formal assumption on forms prescribed by the department. The statement of conditional lien release shall include, among other things, both of the following:

(i) A statement of the dollar amount or other conditions required by the creditor in order to release or transfer its lien.

(ii) The creditor's release or transfer of the lien in the manufactured home or mobilehome contingent upon the satisfaction of those conditions.

(B) The statement of anticipated formal assumption shall include, among other things, both of the following:

(i) A statement of the creditor's belief that the buyer will formally assume the indebtedness secured by its lien pursuant to terms and conditions which are acceptable to the creditor at or before the close of escrow.

(ii) The creditor's approval of the buyer or his or her designee as the registered owner upon the execution of the formal assumption.

(4) Within five days of the receipt of the written demand and documents required by paragraph (3), the legal owner or junior lienholder shall complete and execute either the statement of conditional lien release or, if the creditor has elected to consent to a formal assumption requested by a qualified buyer, the statement of anticipated formal assumption, as appropriate, and prepare the lien status report and forward the documents to the escrow agent by first-class mail. If the creditor is the legal owner, the certificate of title in an unexecuted form shall accompany the documents. If the creditor is a junior lienholder, the creditor's copy of the current registration card in an unexecuted form shall accompany the documents.

(5) If either of the following events occur, any statement of conditional lien release or statement of anticipated formal assumption executed by the creditor shall become inoperative, and the escrow agent shall thereupon return the form and the certificate of title or the copy of the current registration card, as appropriate, to the creditor by first-class mail:

(A) The conditions required in order for the creditor to release or transfer his or her lien are not satisfied before the end of the escrow period agreed upon in writing between the buyer and the seller or, if applicable, before the end of any extended escrow period as permitted by subdivision (g).

(B) The registered owner advises the creditor not to accept any satisfaction of his or her lien or not to permit any formal assumption of the indebtedness and the creditor or registered owner advises the escrow agent in writing accordingly.

(6) If a creditor willfully fails to comply with the requirements of paragraph (4) within 21 days of the receipt of the written demand and documents required by paragraph (3), the creditor shall forfeit to the escrow agent three hundred dollars ($300), except where the

creditor has reasonable cause for noncompliance. The three hundred dollars ($300) shall be credited to the seller, unless otherwise provided in the escrow instructions. Any penalty paid by a creditor under this paragraph shall preclude any civil liability for noncompliance with Section 18035.5 relating to the same act or omission.

(e) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome, the escrow instructions shall specify one of the following:

(1) Upon the buyer receiving delivery of an installed manufactured home or mobilehome on the site and the manufactured home or mobilehome passing inspection pursuant to Section 18613 or after the manufactured home or mobilehome has been delivered to the location specified in the escrow instructions when the installation is to be performed by the buyer, all funds in the escrow account, other than escrow fees and amounts for accessories not yet delivered, shall be disbursed.

(2) Upon the buyer receiving delivery of an installed manufactured home or mobilehome not subject to the provisions of Section 18613 with delivery requirements as mutually agreed to and set forth in the sales documents, all funds in the escrow account, other than escrow fees, shall be disbursed.

(f) In the event any dispute arises between the parties to the escrow and upon notification in writing to the escrow agent, unless otherwise specified in the escrow instructions, all funds denoted as deposit shall be held in escrow until a release is signed by the disputing party, or pursuant to new written escrow instructions signed by the parties involved, or pursuant to a final order for payment or division by a court of competent jurisdiction. Any other funds, other than escrow fees, shall be returned to the buyer or any person, other than the dealer or seller, as appropriate.

(g) Escrow shall be for a period of time mutually agreed upon, in writing, by the buyer and the seller. However, the parties may, by mutual consent, extend the time, in writing, with notice to the escrow agent.

(h) No dealer or seller shall establish with an escrow agent any escrow account in an escrow company in which the dealer or seller has more than a 5 percent ownership interest.

(i) The escrow instructions may provide for the proration of any local property tax due or to become due on the manufactured home or mobilehome, and if the tax, or the license fee imposed pursuant to Section 18115, or the registration fee imposed pursuant to Section 18114, is delinquent, the instructions may provide for the payment of the taxes or fees, or both, and any applicable penalties.

(j) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome that is subject to inspection pursuant to Section 18613, and for which it is stated, on the face of the document certifying or

approving occupancy or installation, that the issuance of the document is conditioned upon the payment of a fee, charge, dedication, or other requirement levied pursuant to Section 53080 of the Government Code, the escrow instructions shall provide that the payment of that fee, charge, dedication, or other requirement be made to the appropriate school district upon the close of escrow.

(k) No agreement shall contain any provision by which the buyer waives his or her rights under this section, and any waiver shall be deemed contrary to public policy and shall be void and unenforceable.

(*l*) If a portion of the amount in the escrow is for accessories, then that portion of the amount shall not be released until the accessories are actually installed.

(m) Upon opening escrow on a used manufactured home or mobilehome which is subject to local property taxation, and subject to registration under this part, the escrow officer may forward to the tax collector of the county in which the used manufactured home or mobilehome is located, a written demand for a tax clearance certificate, if no liability exists, or a conditional tax clearance certificate if a tax liability exists, to be provided on a form prescribed by the office of the Controller. The conditional tax clearance certificate shall state the amount of the tax liability due, if any, and the final date that amount may be paid out of the proceeds of escrow before a further tax liability may be incurred.

(1) Within five working days of receipt of the written demand for a conditional tax clearance certificate or a tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or a tax clearance certificate showing no tax liability exists to the requesting escrow officer. In the event the tax clearance certificate's or conditional tax clearance certificate's final due date expires within 30 days of date of issuance, an additional conditional tax clearance certificate or a tax clearance certificate shall be completed which has a final due date of at least 30 days beyond the date of issuance.

(2) If the tax collector on which the written demand for a tax clearance certificate or a conditional tax clearance certificate was made fails to comply with that demand within 30 days from the date the demand was mailed, the escrow officer may close the escrow and submit a statement of facts certifying that the written demand was made on the tax collector and the tax collector failed to comply with that written demand within 30 days. This statement of facts may be accepted by the department in lieu of a conditional tax clearance certificate or a tax clearance certificate, as prescribed by subdivision (a) of Section 18092.7, and the transfer of ownership may be completed.

(3) The escrow officer may satisfy the terms of the conditional tax clearance certificate by paying the amount of tax liability shown on the form by the tax collector out of the proceeds of escrow on or before the date indicated on the form and by certifying in the space

provided on the form that all terms and conditions of the conditional tax clearance certificate have been complied with.

(n) This section creates a civil cause of action against a buyer or dealer or other seller who violates this section, and upon prevailing, the plaintiff in the action shall be awarded actual damages, plus an amount not in excess of two thousand dollars ($2,000). In addition, attorney's fees and court costs shall also be awarded a plaintiff who prevails in the action.

If the transfer is made by a registered owner and the transferee is to assume the underlying indebtedness secured by the manufactured home, mobilehome, commercial coach, truck camper, or floating home and owed to a legal owner, the legal owner shall state on the certificate of title that legal title and interest are to be retained. If the permanent title record already reflects the interest of one or more junior lienholders, the creditor then perfecting its interest pursuant to this section shall be designated as the most junior lienholder.

(4) If a legal owner no longer holds an outstanding obligation or a commitment to make advances, incur obligations, or otherwise give value to be secured by the manufactured home, mobilehome, commercial coach, or truck camper, or floating home, the legal owner shall indicate its release of lien by appropriately signing the certificate of title for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and forward the certificate of title to the department with appropriate fees. The department shall appropriately amend the permanent title record for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and forward an amended registration card reflecting the change to the permanent title record to the registered owner with copies to all secured parties shown on the permanent title record.

(d) of Section 18035, or until the escrow is canceled or until the escrow closes and the resulting transfers of ownership interests and transfers or creation of legal owner and junior lienholder interests are acknowledged by the department as amendments to the permanent title record of the manufactured home, mobilehome, truck camper, or floating home, whichever is earlier, the department, except at its sole discretion, shall impose a moratorium on all of the following:

(A) On any other amendments to the permanent title record of the manufactured home, mobilehome, truck camper, or floating home for the purpose of transferring any ownership interest or transferring or creating any security interest in the manufactured home or mobilehome.

(C) On subsequent notices of escrow openings.

(2) The department shall, upon receipt of the notice of escrow and the appropriate fee, forward to the escrow agent an acknowledgment of receipt and a true and correct copy of the permanent title record as of the commencement of the period of moratorium.

(c) If a secured party fails to comply with the provisions of subdivision (a) relating to releases of lien and the secured party thereafter receives a written demand from the registered owner that the secured party release its lien, the secured party shall be liable to the registered owner for all actual damages suffered by the registered owner by reason of the failure to release the lien unless the secured party, within 20 days of receipt of the demand, complies with the requirements of subdivision (a), except where the secured party has reasonable cause for noncompliance.

(d) Whenever the title or interest of the registered owner or legal owner in or to a manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under this part passes to another in a manner other than by voluntary transfer, the new registered owner or legal owner may obtain a transfer of registration upon application therefor and upon presentation of the last certificate of title, if available, and current registration card, if available, issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and any instruments or documents of authority or certified copies thereof as may be required by the department, or required by law, to evidence or effect the transfer of title or interest in that case. The department, when satisfied of the genuineness and regularity of the transfer, shall amend the permanent title record of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, issue a new current registration card and certificate of title, and forward copies of the current registration card to all junior lienholders.

(e) The department shall not transfer registration until the applicant complies with the requirements of Section 18092.7.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 17207 of the Revenue and Taxation Code is amended to read:

17207. (a) For disaster losses resulting from (1) forest fire or any other related casualty occurring in 1985 in California, (2) from storm,

flooding, or any other related casualty occurring in 1986 in California, (3) any loss sustained during 1987 as a result of a forest fire or any other related casualty, (4) from earthquake, aftershock, or any other related casualty occurring in 1987 in California, or (5) from earthquake, aftershock, or any other related casualty occurring in 1989 in California, which qualify for treatment under Section 165(i) of the Internal Revenue Code, to the extent that those losses, as computed pursuant to Section 165(a) of the Internal Revenue Code, exceed the taxable income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the taxable income of the year preceding the loss, then that "excess loss", at the election of the taxpayer, may be carried to other taxable years as provided in subdivision (b).

(b) For losses covered by Sections 165(c)(1) and 165(c)(2) of the Internal Revenue Code, relating to trade or business losses, losses resulting from transactions entered into for profit, and for losses covered by Section 165(c)(3) of the Internal Revenue Code, relating to personal casualty losses, the "excess loss" may be carried forward to each of the five taxable years following the year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 taxable years.

(c) The entire amount of any "excess loss" as defined in subdivision (a) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of "excess loss" over the sum of the taxable income for each of the prior taxable years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

18681.6. (a) In addition to the penalty imposed by Section 18681.1 (relating to failure to file information returns), if any person, or entity fails to report amounts paid as remuneration for personal

services as required under Section 13050 of the Unemployment Insurance Code or Sections 18802 and 18802.2 on the date prescribed therefor (determined with regard to any extension of time for filing), that person or entity may be liable for a penalty determined under subdivision (b).

(b) For purposes of subdivision (a), the amount determined under this subdivision is the maximum rate under Section 17041 multiplied by the unreported amounts paid as remuneration for personal services.

(c) The penalty imposed by subdivision (a) shall be assessed against that person or entity required to file a return under Section 13050 of the Unemployment Insurance Code or Section 18802 or 18802.2.

(1) The overpayment rate specified in Section 6621(a)(1) of the Internal Revenue Code shall be modified to be equal to the underpayment rate determined under Section 6621(a)(2) of the Internal Revenue Code; and

(2) Paragraph (1) shall not apply for purposes of computing the amount of any addition to tax under Section 18682 or 25951.

(3) This subdivision shall apply to interest accruing after June 30, 1983.

As of June 30, 1983, all taxes, assessed penalties, or additions to tax, and interest (whether or not assessed) shall be added together to determine the amount to be carried over on which daily interest shall be charged in accordance with this subdivision.

SEC. 4. Section 23608 of the Revenue and Taxation Code is amended to read:

(b) If two or more taxpayers share in the expenses eligible for the credit provided by this section, each taxpayer shall be eligible to receive the tax credit in proportion to its respective share of the expenses paid or incurred. In the case of a partnership, the tax credit may be divided between the partners pursuant to a written partnership agreement in accordance with Chapter 10 (commencing with Section 17851), which includes Section 704 of the Internal Revenue Code concerning substantial economic effect, relating to a partner's distributive share.

(b) To the extent that losses under subdivision (a) exceed the net income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the net income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried forward to each of the five income years following the income year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 income years.

(e) Any corporation subject to the provisions of Section 25101 or 25101.15 that has disaster losses pursuant to this section, shall determine the "excess loss" to be carried to other income years under the principles specified in Section 25108 relating to net operating losses.

(f) Losses described in this section may not be taken into account in computing a net operating loss deduction under Section 24416.

In the event that a penalty is imposed under both this section and Section 18681.6 of the Revenue and Taxation Code, only the penalty imposed under this section shall apply.

(f) The penalty imposed by this section may be assessed in lieu of, or in addition to, the penalty imposed by Section 13052 with respect to the failure to furnish a withholding statement to an employee.

CHAPTER 768

An act to add Section 1275.7 to the Health and Safety Code, relating to hospital security.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1275.7 is added to the Health and Safety Code, to read:

1275.7. (a) The Legislature makes the following findings and declarations:

(1) The theft of newborn babies from hospitals is a serious societal problem that must be addressed.

(2) There is no statutory requirement that hospitals offering maternity services establish policies and procedures that protect newborns and their parents from physical harm and emotional distress resulting from baby thefts.

(3) Societal change has popularized a more open and natural birthing process, which, unfortunately, increases the risk of thefts of newborns from hospitals and other health facilities offering maternity services.

(4) Baby thefts detrimentally affect the emotional and physical health of newborns and their families.

(5) It is the intent of the Legislature in enacting this chapter to take reasonable steps toward reducing baby thefts.

(b) On or before July 1, 1991, the state department shall adopt regulations requiring any hospital or other health facility offering maternity services to establish written policies and procedures designed to promote the protection of babies and the reduction of baby thefts from hospitals or other health facilities offering maternity services. Those hospitals and facilities shall establish the policies and procedures no later than 60 days after the regulations become effective.

(c) The state department shall review the policies and procedures

established by the hospitals and other health facilities, as required by subdivision (b), to determine compliance with the regulations adopted by the state department, pursuant to subdivision (b).

(d) Hospitals and other health facilities offering maternity services shall periodically review their policies and procedures established pursuant to this section. The review need not occur more frequently than every two years.

SEC. 2. The Legislature finds and declares that the regulation adopted by the State Department of Health Services on January 24, 1990, Section 70738 of Title 22 of the California Code of Regulations, satisfies the requirement to adopt regulations imposed by this act.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 769

An act to amend Section 432.7 of the Labor Code, and to amend Section 13300 of, and to add Section 13203 to, the Penal Code, relating to employment.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 432.7 of the Labor Code is amended to read:

432.7. (a) No employer whether a public agency or private individual or corporation shall ask an applicant for employment to disclose, through any written form or verbally, information concerning an arrest or detention which did not result in conviction, or information concerning a referral to and participation in any pretrial or posttrial diversion program, nor shall any employer seek from any source whatsoever, or utilize, as a factor in determining any condition of employment including hiring, promotion, termination, or any apprenticeship training program or any other training program leading to employment, any record of arrest or detention which did not result in conviction, or any record regarding a referral to and participation in any pretrial or posttrial diversion program. As used in this section, a conviction shall include a plea, verdict, or finding of guilt regardless of whether sentence is imposed by the

court. Nothing in this section shall prevent an employer from asking an employee or applicant for employment about an arrest for which the employee or applicant is out on bail or on his or her own recognizance pending trial.

(b) Nothing in this section shall prohibit the disclosure of the information authorized for release under Sections 13203 and 13300 of the Penal Code, to a government agency employing a peace officer. However, the employer shall not determine any condition of employment other than paid administrative leave based solely on an arrest report. The information contained in an arrest report may be used as the starting point for an independent, internal investigation of a peace officer in accordance with Chapter 9.7 (commencing with Section 3300) of Division 4 of Title 1 of the Government Code.

(c) In any case where a person violates any provision of this section, or Article 6 (commencing with Section 11140) of Chapter 1 of Title 1 of Part 4 of the Penal Code, the applicant may bring an action to recover from such person actual damages or two hundred dollars ($200), whichever is greater, plus costs, and reasonable attorney's fees. An intentional violation of this section shall entitle the applicant to treble actual damages, or five hundred dollars ($500), whichever is greater, plus costs, and reasonable attorney's fees. An intentional violation of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(d) The remedies under this section shall be in addition to and not in derogation of all other rights and remedies which an applicant may have under any other law.

(e) Persons seeking employment or persons already employed as peace officers or for positions in the Department of Justice or other criminal justice agencies as defined in Section 13101 of the Penal Code are not covered by this section.

(f) Nothing in this section shall prohibit an employer at a health facility, as defined in Section 1250 of the Health and Safety Code, from asking an applicant for employment either of the following:

(1) With regard to an applicant for a position with regular access to patients, to disclose an arrest under any section specified in Section 290 of the Penal Code.

(2) With regard to an applicant for a position with access to drugs and medication, to disclose an arrest under any section specified in Section 11590 of the Health and Safety Code.

(g) (1) No peace officer or employee of a law enforcement agency with access to criminal offender record information maintained by a local law enforcement criminal justice agency shall knowingly disclose, with intent to affect a person's employment, any information contained therein pertaining to an arrest or detention or proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, to any person not authorized by law to receive such information.

(2) No other person authorized by law to receive criminal

offender record information maintained by a local law enforcement criminal justice agency shall knowingly disclose any information received therefrom pertaining to an arrest or detention or proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, to any person not authorized by law to receive such information.

(3) No person, except those specifically referred to in Section 1070 of the Evidence Code, who knowing he or she is not authorized by law to receive or possess criminal justice records information maintained by a local law enforcement criminal justice agency, pertaining to an arrest or other proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, shall receive or possess such information.

(h) "A person authorized by law to receive such information", for purposes of this section, means any person or public agency authorized by a court, statute, or decisional law to receive information contained in criminal offender records maintained by a local law enforcement criminal justice agency, and includes, but is not limited to, those persons set forth in Section 11105 of the Penal Code, and any person employed by a law enforcement criminal justice agency who is required by such employment to receive, analyze, or process criminal offender record information.

(i) Nothing in this section shall require the Department of Justice to remove entries relating to an arrest or detention not resulting in conviction from summary criminal history records forwarded to an employer pursuant to law.

(j) As used in this section, "pretrial or posttrial diversion program" means any program under Chapter 2.5 (commencing with Section 1000) or Chapter 2.7 (commencing with Section 1001) of Title 6 of Part 2 of the Penal Code, Section 13201, 13201.5 or 13352.5 of the Vehicle Code, or any other program expressly authorized and described by statute as a diversion program.

SEC. 2. Section 13203 is added to the Penal Code, to read:

A violation of any of the provisions of this paragraph is a misdemeanor, and shall give the employee or applicant who is injured by the violation a cause of action against the public utility to recover damages proximately caused by the violation.

Nothing in this section shall be construed as imposing any duty upon public utilities to request local summary criminal history information on any current or prospective employee.

Seeking entrance to private residences in the course of employment shall be deemed a "compelling need" as required to be shown in this subdivision.

(d) Whenever an authorized request for local summary criminal history information pertains to a person whose fingerprints are on file with the local agency and the local agency has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying the request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) A local agency taking fingerprints of a person who is an applicant for licensing, employment, or certification may charge a fee not to exceed ten dollars ($10) in order to cover the cost of taking the fingerprints and processing the required documents.

(f) Whenever local summary criminal history information furnished pursuant to this section is to be used for employment, licensing, or certification purposes, the local agency shall charge the person or entity making the request a fee which it determines to be sufficient to reimburse the local agency for the cost of furnishing the information, provided that no fee shall be charged to any public law enforcement agency for local summary criminal history information furnished to assist it in employing, licensing, or certifying a person who is applying for employment with the agency as a peace officer, or criminal investigator. Any state agency required to pay a fee to the local agency for information received under this section may charge the applicant a fee sufficient to reimburse the agency for the expense.

(g) Whenever there is a conflict, the processing of criminal fingerprints shall take priority over the processing of applicant fingerprints.

(h) It is not a violation of this article to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(i) It is not a violation of this article to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(j) Notwithstanding any other provision of law, the Department of Justice or any state or local law enforcement agency may require the submission of fingerprints for the purpose of conducting summary criminal history information record checks which are authorized by law.

(k) Any local criminal justice agency shall be authorized to release information concerning an arrest or detention of a peace officer which did not result in conviction, or information concerning a referral to, and participation in, any postarrest diversion program to a government agency employer of that peace officer.

CHAPTER 770

An act to amend Sections 3716 and 4603.2 of, and to add Section 3716.3 to, the Labor Code, relating to workers' compensation.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 3716 of the Labor Code is amended to read:

3716. (a) If the employer fails to pay the compensation required by Section 3715 to the person entitled thereto, or fails to furnish the bond required by Section 3715 within a period of 10 days after notification of the award, the award, upon application by the person entitled thereto, shall be paid by the director from the Uninsured Employers Fund, which fund is hereby created in the State Treasury. The money in the Uninsured Employers Fund is hereby continuously appropriated for this purpose and to pay the expenses of the director in administering these provisions. Refunds may be paid from the Uninsured Employers Fund for amounts remitted erroneously to the fund, or the director may authorize offsetting subsequent remittances to the fund.

(b) It is the intent of the Legislature that the Uninsured Employers Fund is created to ensure that workers who happen to be employed by illegally uninsured employers are not deprived of workers' compensation benefits, and is not created as a source of contribution to insurance carriers, or self-insured, or legally insured employers. The Uninsured Employers Fund has no liability for

claims of occupational disease or cumulative injury unless no employer during the period of the occupational disease or cumulative injury during which liability is imposed under Section 5500.5 was insured for workers' compensation, was permissibly self-insured, or was legally uninsured. No employer has a right of contribution against the Uninsured Employers Fund for the liability of an illegally uninsured employer under an award of benefits for occupational disease or cumulative injury, nor may an employee in a claim of occupational disease or cumulative injury elect to proceed against an illegally uninsured employer.

(c) The Uninsured Employers Fund has no liability to pay for medical, surgical, chiropractic, hospital, or other treatment, the liability for which treatment is imposed upon the employer pursuant to Section 4600, and which treatment has been provided or paid for by the State Department of Health Services pursuant to the California Medical Assistance Program.

(d) The Uninsured Employers Fund shall have no liability to pay compensation, nor shall it be joined in any appeals board proceeding, unless the employer alleged to be illegally uninsured shall first either have made a general appearance or have been served with the application specified in Section 3715 and with a special notice of lawsuit issued by the appeals board. The special notice of lawsuit shall be in a form to be prescribed by the appeals board, and it shall contain at least the information and warnings required by the Code of Civil Procedure to be contained in the summons issued in a civil action. The special notice of lawsuit shall also contain a notice that if the appeals board makes an award against the defendant that his or her house or other dwelling and other property may be taken to satisfy the award in a nonjudicial sale, with no exemptions from execution. The special notice of lawsuit shall, in addition, contain a notice that a lien may be imposed upon the defendant's property without further hearing and before the issuance of an award. The applicant shall identify a legal person or entity as the employer named in the special notice of lawsuit. The reasonable expense of serving the application and special notice of lawsuit, when incurred by the employee, shall be awarded as a cost. Proof of service of the special notice of lawsuit and application shall be filed with the appeals board.

(1) The application and special notice of lawsuit may be served, within or without this state, in the manner provided for service of summons in the Code of Civil Procedure. Thereafter, an employer, alleged to be illegally uninsured, shall notify the appeals board of the address at which it may be served with official notices and papers, and shall notify the appeals board of any changes in the address. No findings, order, decision, award, or other notice or paper need be served in this manner on an employer, alleged to be illegally uninsured, who has been served as provided in this section, and who has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address. The findings, orders,

decisions, awards, or other notice or paper may be mailed to the employer as the board, by regulation, may provide.

(2) Notwithstanding paragraph (1), if the employer alleged to be illegally uninsured has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address, the appeals board shall serve any findings, order, decision, award, or other notice or paper on the employer by mail at the address the appeals board has for the employer. The failure of delivery at that address or the lack of personal service on an employer who has been served as provided in this section, of these findings, order, decision, award, or other notice or paper, shall not constitute grounds for reopening or invalidating any appeals board action pursuant to Section 5506, or for contesting the validity of any judgment obtained under Section 3716 or 5806, a lien under Section 3720, or a settlement under subdivision (e) of Section 3715.

(3) The board, by regulation, may provide for service procedures in cases where a request for new and further benefits is made after the issuance of any findings and award and a substantial period of time has passed since the first service or attempted service.

(4) The director, on behalf of the Uninsured Employers Fund, shall furnish information as to the identities, legal capacities, and addresses of uninsured employers known to the director upon request of the board or upon a showing of good cause by the employee or the employee's representative. Good cause shall include a declaration by the employee's representative, filed under penalty of perjury, that the information is necessary to represent the employee in proceedings under this division.

SEC. 2. Section 3716.3 is added to the Labor Code, to read:

3716.3. (a) Notwithstanding any other provision of law to the contrary, when the director obtains a judgment against an uninsured employer, the director may, in addition to any other remedies provided by law, enforce the judgment by nonjudicial foreclosure. This enforcement shall not be subject to Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure relating to claiming exemptions after levy.

(b) To enforce the judgment by nonjudicial foreclosure, the director shall record with the county recorder of any county in which real property of the parties against whom the judgment is taken is located, a certified copy of the judgment together with the director's notice of intent to foreclose. The notice of intent to foreclose shall set forth all of the following:

(1) The name, address, and telephone number of the trustee authorized by the director to enforce the lien by sale.

(2) The legal description of the real property to be foreclosed upon.

(3) Proof of service by registered or certified mail on the following:

(A) The parties against whom the foreclosure is sought at their last known address as shown on the official records of the appeals

board and as shown on the latest recorded deed, deed of trust, or mortgage affecting the real property which is the subject of the foreclosure.

(B) All of the owners of the real property which is subject to the foreclosure at their last address as shown on the latest equalized assessment roll.

(c) Upon the expiration of 20 days following recording of the judgment and notice of intent to foreclose, the trustee may proceed to sell the real property. Any sale by the trustee shall be conducted in accordance with Article 1 (commencing with Section 2920) of Chapter 2 of Title 14 of Part 4 of Division 3 of the Civil Code applicable to the exercise of powers of sale of property under powers created by mortgages and deeds of trust.

(d) The director may authorize any person, including an attorney, corporation, or other business entity, to act as trustee pursuant to subdivision (b).

(e) Except as provided in subdivision (f), this section shall apply to all judgments which the director has obtained or may obtain pursuant to Section 3717, 3726, or 5806.

(f) This section shall not apply to the principal residence of an employer if the appeals board finds that the employer, on the date of injury, employed 10 or fewer employees. An employer seeking this exemption shall provide proof of payment of tax withholding required pursuant to Division 6 (commencing with Section 13000) of the Unemployment Insurance Code, to assist in determining the number of employees on the date of injury.

SEC. 3. Section 4603.2 of the Labor Code is amended to read:

4603.2. (a) Upon selecting a physician pursuant to Section 4600, the employee or physician shall forthwith notify the employer of the name and address of the physician. The physician shall submit a report to the employer within five working days from the date of the initial examination and shall submit periodic reports at intervals that may be prescribed by rules and regulations adopted by the administrative director.

(b) Payment for medical treatment provided or authorized by the treating physician shall be made by the employer within 60 days after receipt of each separate, itemized billing, together with any required reports. Any properly documented amount not paid within the 60-day period shall be increased by 10 percent, together with interest at the same rate as judgments in civil actions retroactive to the date of receipt of the bill, unless the employer does both of the following:

(1) Pays the uncontested amount within the 60-day period.

(2) Advises, in the manner prescribed by the administrative director, the physician, or another provider of the items being contested, the reasons for contesting these items, and the remedies available to the physician or the other provider if he or she disagrees. In the case of a bill which includes charges from a hospital, outpatient surgery center, or independent diagnostic facility, advice that a request has been made for an audit of the bill shall satisfy the

requirements of this paragraph.

If an employer contests all or part of a billing, any amount determined payable by the appeals board shall carry interest from the date the amount was due until it is paid.

An employer's liability to a physician or another provider under this section for delayed payments shall not affect its liability to an employee under Section 5814 or any other provision of this division.

(c) Any interest or increase in compensation paid by an insurer pursuant to this section shall be treated in the same manner as an increase in compensation under subdivision (d) of Section 4650 for the purposes of any classification of risks and premium rates, and any system of merit rating approved or issued pursuant to Article 2 (commencing with Section 11730) of Chapter 3 of Part 3 of Division 2 of the Insurance Code.

SEC. 4. Section 2 of this act shall be retroactive in effect and shall apply to all obligations of illegally uninsured employers to the director, regardless of the date of injury to the employee.

SEC. 5. The Legislature finds and declares all of the following:

(a) It is necessary for the fiscal integrity of the Uninsured Employers Fund that its ability to recover from uninsured employers the benefits it pays to the employees of uninsured employers be further assured.

(b) The procedures for service of a special notice of lawsuit and application set forth in Section 1 of this act, together with procedures for contesting liens under subdivision (d) of Section 3715, shall provide specific notice of the proceedings and great certainty that the notice will be received. No greater notice or certainty of the receipt would be provided by requiring the Uninsured Employers Fund to enforce the obligations of uninsured employees to it by proceeding by way of judicial foreclosure instead of by the nonjudicial foreclosure remedies created in this act.

(c) Employers who have failed to secure the payment of compensation, and who then fail voluntarily to pay the compensation required by Section 3715, or fail to post a bond, within 10 days and thereafter cause the Uninsured Employers Fund to discharge their obligations, shall be deemed to have consented to creation of the liens as set forth in Section 3715 and the nonjudicial foreclosure remedies created by this act.

(d) Employers who have failed to make adequate provisions for their employees and those dependent on them, to relieve from the consequences of injury or death incurred or sustained by the employees in their course of employment by failing to secure the payment of compensation and by failing voluntarily to provide compensation, have thereby forced these workers and their dependents to file applications before the Workers' Compensation Appeals Board. By requiring this resort to formal adjudication, these employers defeat the constitutional mandate of providing workers' compensation expeditiously. Therefore, the Legislature exercises its plenary power, unlimited by any other provision of the Constitution,

to create the procedures and remedies created by this act to deter failures to secure insurance and, in the event of negligent failure, to deter voluntary refusals to provide relief from the consequences of employment injury or death.

(e) Due process requires that uninsured employers be given adequate notice and warning of the pendency of workers' compensation actions against them and of the possible consequences of these actions. The Legislature has determined that the service of the special notice of lawsuit shall give adequate notice and warning. The Legislature further finds that it is imperative that the workers' compensation system remain simple and rapid so that benefits are delivered to workers in an expeditious manner. It is determined that in other cases where the employer is insured or self-insured, but where personal liability may attach to the employer, that sufficient notice of the pendency of the proceedings already exists, and it is not necessary to provide a form of special notice of lawsuit.

SEC. 6. The amendments to Section 4603.2 of the Labor Code made by Section 3 of this act shall apply to injuries occurring on or after January 1, 1991.

CHAPTER 771

An act to amend Section 2034 of the Code of Civil Procedure, and to amend Section 68092.5 of the Government Code, relating to civil procedure.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) After the setting of the initial trial date for the action, any party may obtain discovery by demanding that all parties simultaneously exchange information concerning each other's expert trial witnesses to the following extent:

(1) Any party may demand a mutual and simultaneous exchange by all parties of a list containing the name and address of any natural person, including one who is a party, whose oral or deposition testimony in the form of an expert opinion any party expects to offer in evidence at the trial.

(2) If any expert designated by a party under paragraph (1) is a party or an employee of a party, or has been retained by a party for the purpose of forming and expressing an opinion in anticipation of the litigation or in preparation for the trial of the action, the designation of that witness shall include or be accompanied by an expert witness declaration under paragraph (2) of subdivision (f).

(3) Any party may also include a demand for the mutual and simultaneous production for inspection and copying of all discoverable reports and writings, if any, made by any expert described in paragraph (2) in the course of preparing that expert's opinion.

This section does not apply to exchanges of lists of experts and valuation data in eminent domain proceedings under Chapter 7 (commencing with Section 1258.010) of Title 7 of Part 3.

(b) Any party may make a demand for an exchange of information concerning expert trial witnesses without leave of court. A party shall make this demand no later than the 10th day after the initial trial date has been set, or 70 days before that trial date, whichever is closer to the trial date.

(c) A demand for an exchange of information concerning expert trial witnesses shall be in writing and shall identify, below the title of the case, the party making the demand. The demand shall state that it is being made under this section.

The demand shall specify the date for the exchange of lists of expert trial witnesses, expert witness declarations, and any demanded production of writings. The specified date of exchange shall be 50 days before the initial trial date, or 20 days after service of the demand, whichever is closer to the trial date, unless the court, on motion and a showing of good cause, orders an earlier or later date of exchange.

(d) The party demanding an exchange of information concerning expert trial witnesses shall serve the demand on all parties who have appeared in the action.

(e) A party who has been served with a demand to exchange information concerning expert trial witnesses may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. The protective order may include, but is not limited to, one or more of the following directions:

(1) That the demand be quashed because it was not timely served.

(2) That the date of exchange be earlier or later than that specified in the demand.

(3) That the exchange be made only on specified terms and conditions.

(4) That the production and exchange of any reports and writings of experts be made at a different place or at a different time than that specified in the demand.

(5) That some or all of the parties be divided into sides on the basis of their identity of interest in the issues in the action, and that the designation of any experts as described in paragraph (2) of subdivision (a) be made by any side so created.

(6) That a party or a side reduce the list of employed or retained experts designated by that party or side under paragraph (2) of subdivision (a).

If the motion for a protective order is denied in whole or in part, the court may order that the parties against whom the motion is brought, provide or permit the discovery against which the protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) All parties who have appeared in the action shall exchange information concerning expert witnesses in writing on or before the date of exchange specified in the demand. The exchange of information may occur at a meeting of the attorneys for the parties involved or by a mailing on or before the date of exchange.

(1) The exchange of expert witness information shall include either of the following:

(A) A list setting forth the name and address of any person whose expert opinion that party expects to offer in evidence at the trial.

(B) A statement that the party does not presently intend to offer the testimony of any expert witness.

(2) If any witness on the list is an expert as described in paragraph (2) of subdivision (a), the exchange shall also include or be accompanied by an expert witness declaration signed only by the attorney for the party designating the expert, or by that party if that party has no attorney. This declaration shall be under penalty of perjury and shall contain:

(A) A brief narrative statement of the qualifications of each expert.

(B) A brief narrative statement of the general substance of the testimony that the expert is expected to give.

(C) A representation that the expert has agreed to testify at the trial.

(D) A representation that the expert will be sufficiently familiar with the pending action to submit to a meaningful oral deposition concerning the specific testimony, including any opinion and its basis, that the expert is expected to give at trial.

(E) A statement of the expert's hourly and daily fee for providing deposition testimony.

(g) If a demand for an exchange of information concerning expert trial witnesses includes a demand for production of reports and writings as described in paragraph (3) of subdivision (a), all parties shall produce and exchange, at the place and on the date specified in the demand, all discoverable reports and writings, if any, made by any designated expert described in paragraph (2) of subdivision (a).

(h) Within 20 days after the exchange described in subdivision (f), any party who engaged in the exchange may submit a

supplemental expert witness list containing the name and address of any experts who will express an opinion on a subject to be covered by an expert designated by an adverse party to the exchange, if the party supplementing an expert witness list has not previously retained an expert to testify on that subject. This supplemental list shall be accompanied by an expert witness declaration under paragraph (2) of subdivision (f) concerning those additional experts, and by all discoverable reports and writings, if any, made by those additional experts. The party shall also make those experts available immediately for a deposition under subdivision (i), which deposition may be taken even though the time limit for discovery under Section 2024 has expired.

(i) On receipt of an expert witness list from a party, any other party may take the deposition of any person on the list. The procedures for taking oral and written depositions set forth in Sections 2025, 2026, 2027, and 2028 apply to a deposition of a listed trial expert witness except as follows:

(1) The deposition of any expert described in paragraph (2) of subdivision (a) shall be taken at a place that is within 75 miles of the courthouse where the action is pending. However, on motion for a protective order by the party designating an expert witness, and on a showing of exceptional hardship, the court may order that the deposition be taken at a more distant place from the courthouse.

(2) A party desiring (A) to depose any expert described in paragraph (2) of subdivision (a) except one who is a party or an employee of a party, or (B) to depose any treating physician and surgeon or other treating health care practitioner who is to be asked to express an opinion during the deposition, shall pay the expert's reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the deposition. However, the hourly or daily fee shall not exceed the fee charged the party who retained the expert except where the expert donated his or her services to a charitable or other nonprofit organization. In a worker's compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, a party desiring to depose any expert on another party's expert witness list shall pay this fee.

The party taking the deposition shall either accompany the service of the deposition notice with a tender of the expert's fee based on the anticipated length of the deposition or tender that fee at the commencement of the deposition. The expert's fee shall be delivered to the attorney for the party designating the expert. If the deposition of the expert takes longer than anticipated, the party giving notice of the deposition shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the deposition and for traveling to the place of the deposition, as well as for any travel expenses of the expert.

(3) The service of a proper deposition notice accompanied by the

tender of the expert witness fee described in paragraph (2) is effective to require the party employing or retaining the expert to produce the expert for the deposition. If the party noticing the deposition fails to tender the expert's fee under paragraph (2), the expert shall not be deposed at that time unless the parties stipulate otherwise.

(4) If a party desiring to take the deposition of an expert witness under this subdivision deems that the hourly or daily fee of that expert for providing deposition testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing deposition testimony if it determines that the fee demanded by that expert is unreasonable.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to set the expert witness fee, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) Except as provided in subdivisions (k), (*l*), and (m), on objection of any party who has made a complete and timely compliance with subdivision (f), the trial court shall exclude from evidence the expert opinion of any witness that is offered by any party who has unreasonably failed to do any of the following:

(1) List that witness as an expert under subdivision (f).

(2) Submit an expert witness declaration.

(3) Produce reports and writings of expert witnesses under subdivision (g).

(4) Make that expert available for a deposition under subdivision (i).

(k) On motion of any party who has engaged in a timely exchange of expert witness information, the court may grant leave to (1) augment that party's expert witness list and declaration by adding the name and address of any expert witness whom that party has subsequently retained, or (2) amend that party's expert witness declaration with respect to the general substance of the testimony that an expert previously designated is expected to give. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The demand, and all expert witness lists and declarations exchanged in response to it, shall be lodged with the

court when their contents become relevant to an issue in any pending matter in the action. The court shall grant leave to augment or amend an expert witness list or declaration only after taking into account the extent to which the opposing party has relied on the list of expert witnesses, and after determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party either (1) would not in the exercise of reasonable diligence have determined to call that expert witness or have decided to offer the different or additional testimony of that expert witness, or (2) failed to determine to call that expert witness, or to offer the different or additional testimony of that expert witness as a result of mistake, inadvertence, surprise, or excusable neglect, provided that the moving party (1) has sought leave to augment or amend promptly after deciding to call the expert witness or to offer the different or additional testimony, and (2) has promptly thereafter served a copy of the proposed expert witness information concerning the expert or the testimony described in subdivision (f) on all other parties who have appeared in the action. Leave shall be conditioned on the moving party making the expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to augment or amend expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(*l*) On motion of any party who has failed to submit expert witness information on the date specified in a demand for that exchange, the court may grant leave to submit that information on a later date. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall grant leave to submit tardy expert witness information only after taking into account the extent to which the opposing party has relied on the absence of a list of expert witnesses, and determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party (1) failed to submit that

information as the result of mistake, inadvertence, surprise, or excusable neglect, (2) sought that leave promptly after learning of the mistake, inadvertence, surprise, or excusable neglect, and (3) has promptly thereafter served a copy of the proposed expert witness information described in subdivision (f) on all other parties who have appeared in the action. This order shall be conditioned on the moving party making that expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to submit tardy expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(m) A party may call as a witness at trial an expert not previously designated by that party if: (1) that expert has been designated by another party and has thereafter been deposed under subdivision (i), or (2) that expert is called as a witness to impeach the testimony of an expert witness offered by any other party at the trial. This impeachment may include testimony to the falsity or nonexistence of any fact used as the foundation for any opinion by any other party's expert witness, but may not include testimony that contradicts the opinion.

(n) The demand for an exchange of information concerning expert trial witnesses, and any expert witness lists and declarations exchanged shall not be filed with the court. The party demanding the exchange shall retain both the original of the demand, with the original proof of service affixed, and the original of all expert witness lists and declarations exchanged in response to the demand until six months after final disposition of the action. At that time, all originals may be destroyed unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

SEC. 2. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) After the setting of the initial trial date for the action, any party may obtain discovery by demanding that all parties simultaneously exchange information concerning each other's expert trial witnesses to the following extent:

(1) Any party may demand a mutual and simultaneous exchange by all parties of a list containing the name and address of any natural person, including one who is a party, whose oral or deposition testimony in the form of an expert opinion any party expects to offer in evidence at the trial.

(2) If any expert designated by a party under paragraph (1) is a party or an employee of a party, or has been retained by a party for the purpose of forming and expressing an opinion in anticipation of the litigation or in preparation for the trial of the action, the designation of that witness shall include or be accompanied by an expert witness declaration under paragraph (2) of subdivision (f).

(3) Any party may also include a demand for the mutual and simultaneous production for inspection and copying of all discoverable reports and writings, if any, made by any expert described in paragraph (2) in the course of preparing that expert's opinion.

This section does not apply to exchanges of lists of experts and valuation data in eminent domain proceedings under Chapter 7 (commencing with Section 1258.010) of Title 7 of Part 3.

(b) Any party may make a demand for an exchange of information concerning expert trial witnesses without leave of court. A party shall make this demand no later than the 10th day after the initial trial date has been set, or 70 days before that trial date, whichever is closer to the trial date.

(c) A demand for an exchange of information concerning expert trial witnesses shall be in writing and shall identify, below the title of the case, the party making the demand. The demand shall state that it is being made under this section.

The demand shall specify the date for the exchange of lists of expert trial witnesses, expert witness declarations, and any demanded production of writings. The specified date of exchange shall be 50 days before the initial trial date, or 20 days after service of the demand, whichever is closer to the trial date, unless the court, on motion and a showing of good cause, orders an earlier or later date of exchange.

(d) The party demanding an exchange of information concerning expert trial witnesses shall serve the demand on all parties who have appeared in the action.

(e) A party who has been served with a demand to exchange information concerning expert trial witnesses may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. The protective order may include, but is not limited to, one or more of the following directions:

(1) That the demand be quashed because it was not timely served.

(2) That the date of exchange be earlier or later than that specified in the demand.

(3) That the exchange be made only on specified terms and conditions.

(4) That the production and exchange of any reports and writings

of experts be made at a different place or at a different time than that specified in the demand.

(5) That some or all of the parties be divided into sides on the basis of their identity of interest in the issues in the action, and that the designation of any experts as described in paragraph (2) of subdivision (a) be made by any side so created.

(6) That a party or a side reduce the list of employed or retained experts designated by that party or side under paragraph (2) of subdivision (a).

If the motion for a protective order is denied in whole or in part, the court may order that the parties against whom the motion is brought, provide or permit the discovery against which the protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) All parties who have appeared in the action shall exchange information concerning expert witnesses in writing on or before the date of exchange specified in the demand. The exchange of information may occur at a meeting of the attorneys for the parties involved or by a mailing on or before the date of exchange.

(1) The exchange of expert witness information shall include either of the following:

(A) A list setting forth the name and address of any person whose expert opinion that party expects to offer in evidence at the trial.

(B) A statement that the party does not presently intend to offer the testimony of any expert witness.

(2) If any witness on the list is an expert as described in paragraph (2) of subdivision (a), the exchange shall also include or be accompanied by an expert witness declaration signed only by the attorney for the party designating the expert, or by that party if that party has no attorney. This declaration shall be under penalty of perjury and shall contain:

(A) A brief narrative statement of the qualifications of each expert.

(B) A brief narrative statement of the general substance of the testimony that the expert is expected to give.

(C) A representation that the expert has agreed to testify at the trial.

(D) A representation that the expert will be sufficiently familiar with the pending action to submit to a meaningful oral deposition concerning the specific testimony, including any opinion and its basis, that the expert is expected to give at trial.

(E) A statement of the expert's hourly and daily fee for providing deposition testimony.

(g) If a demand for an exchange of information concerning expert trial witnesses includes a demand for production of reports and

writings as described in paragraph (3) of subdivision (a), all parties shall produce and exchange, at the place and on the date specified in the demand, all discoverable reports and writings, if any, made by any designated expert described in paragraph (2) of subdivision (a).

(h) Within 20 days after the exchange described in subdivision (f), any party who engaged in the exchange may submit a supplemental expert witness list containing the name and address of any experts who will express an opinion on a subject to be covered by an expert designated by an adverse party to the exchange, if the party supplementing an expert witness list has not previously retained an expert to testify on that subject. This supplemental list shall be accompanied by an expert witness declaration under paragraph (2) of subdivision (f) concerning those additional experts, and by all discoverable reports and writings, if any, made by those additional experts. The party shall also make those experts available immediately for a deposition under subdivision (i), which deposition may be taken even though the time limit for discovery under Section 2024 has expired.

(i) On receipt of an expert witness list from a party, any other party may take the deposition of any person on the list. The procedures for taking oral and written depositions set forth in Sections 2025, 2026, 2027, and 2028 apply to a deposition of a listed trial expert witness except as follows:

(1) The deposition of any expert described in paragraph (2) of subdivision (a) shall be taken at a place that is within 75 miles of the courthouse where the action is pending. However, on motion for a protective order by the party designating an expert witness, and on a showing of exceptional hardship, the court may order that the deposition be taken at a more distant place from the courthouse.

(2) A party desiring to depose any expert witness, other than a party or employee of a party, who is either (A) an expert described in paragraph (2) of subdivision (a) except one who is a party or an employee of a party, (B) a treating physician and surgeon or other treating health care practitioner who is to be asked to express an opinion during the deposition, or (C) an architect, professional engineer, or licensed land surveyor, who was involved with the original project design or survey for which he or she is asked to express an opinion within his or her expertise and relevant to the action or proceeding, shall pay the expert's reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the deposition. However, the hourly or daily fee shall not exceed the fee charged the party who retained the expert except where the expert donated his or her services to a charitable or other nonprofit organization. In a worker's compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, a party desiring to depose any expert on another party's expert witness list shall pay this fee.

The party taking the deposition shall either accompany the service

of the deposition notice with a tender of the expert's fee based on the anticipated length of the deposition or tender that fee at the commencement of the deposition. The expert's fee shall be delivered to the attorney for the party designating the expert. If the deposition of the expert takes longer than anticipated, the party giving notice of the deposition shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the deposition and for traveling to the place of the deposition, as well as for any travel expenses of the expert.

(3) The service of a proper deposition notice accompanied by the tender of the expert witness fee described in paragraph (2) is effective to require the party employing or retaining the expert to produce the expert for the deposition. If the party noticing the deposition fails to tender the expert's fee under paragraph (2), the expert shall not be deposed at that time unless the parties stipulate otherwise.

(4) If a party desiring to take the deposition of an expert witness under this subdivision deems that the hourly or daily fee of that expert for providing deposition testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing deposition testimony if it determines that the fee demanded by that expert is unreasonable.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to set the expert witness fee, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) Except as provided in subdivisions (k), (*l*), and (m), on objection of any party who has made a complete and timely compliance with subdivision (f), the trial court shall exclude from evidence the expert opinion of any witness that is offered by any party who has unreasonably failed to do any of the following:

(1) List that witness as an expert under subdivision (f).

(2) Submit an expert witness declaration.

(3) Produce reports and writings of expert witnesses under subdivision (g).

(4) Make that expert available for a deposition under subdivision (i).

(k) On motion of any party who has engaged in a timely exchange of expert witness information, the court may grant leave to (1) augment that party's expert witness list and declaration by adding the name and address of any expert witness whom that party has subsequently retained, or (2) amend that party's expert witness

declaration with respect to the general substance of the testimony that an expert previously designated is expected to give. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The demand, and all expert witness lists and declarations exchanged in response to it, shall be lodged with the court when their contents become relevant to an issue in any pending matter in the action. The court shall grant leave to augment or amend an expert witness list or declaration only after taking into account the extent to which the opposing party has relied on the list of expert witnesses, and after determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party either (1) would not in the exercise of reasonable diligence have determined to call that expert witness or have decided to offer the different or additional testimony of that expert witness, or (2) failed to determine to call that expert witness, or to offer the different or additional testimony of that expert witness as a result of mistake, inadvertence, surprise, or excusable neglect, provided that the moving party (1) has sought leave to augment or amend promptly after deciding to call the expert witness or to offer the different or additional testimony, and (2) has promptly thereafter served a copy of the proposed expert witness information concerning the expert or the testimony described in subdivision (f) on all other parties who have appeared in the action. Leave shall be conditioned on the moving party making the expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to augment or amend expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(*l*) On motion of any party who has failed to submit expert witness information on the date specified in a demand for that exchange, the court may grant leave to submit that information on a later date. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates

to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall grant leave to submit tardy expert witness information only after taking into account the extent to which the opposing party has relied on the absence of a list of expert witnesses, and determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party (1) failed to submit that information as the result of mistake, inadvertence, surprise, or excusable neglect, (2) sought that leave promptly after learning of the mistake, inadvertence, surprise, or excusable neglect, and (3) has promptly thereafter served a copy of the proposed expert witness information described in subdivision (f) on all other parties who have appeared in the action. This order shall be conditioned on the moving party making that expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to submit tardy expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(m) A party may call as a witness at trial an expert not previously designated by that party if: (1) that expert has been designated by another party and has thereafter been deposed under subdivision (i), or (2) that expert is called as a witness to impeach the testimony of an expert witness offered by any other party at the trial. This impeachment may include testimony to the falsity or nonexistence of any fact used as the foundation for any opinion by any other party's expert witness, but may not include testimony that contradicts the opinion.

(n) The demand for an exchange of information concerning expert trial witnesses, and any expert witness lists and declarations exchanged shall not be filed with the court. The party demanding the exchange shall retain both the original of the demand, with the original proof of service affixed, and the original of all expert witness lists and declarations exchanged in response to the demand until six months after final disposition of the action. At that time, all originals may be destroyed unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

SEC. 3. Section 68092.5 of the Government Code is amended to read:

68092.5. (a) A party requiring testimony before any court, tribunal, or arbiter in any civil action or proceeding from any (1) expert described in paragraph (2) of subdivision (a) of Section 2034 of the Code of Civil Procedure, except one who is a party or an employee of a party, or (2) treating physician or other treating health care practitioner who is to be asked to express an opinion during the action or procedure, shall pay the reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the action or proceeding. The hourly or daily fee shall not exceed the fee charged the party who retained the expert except where the expert donated his or her services to a charitable or other nonprofit organization.

The party requiring the attendance shall either accompany the service of the subpoena or notice with a tender of the expert's fee based on the anticipated length of time the expert is required to remain at such place pursuant to the notice or subpoena or tender that fee at the required time of appearance. The expert's fee shall be delivered to the attorney for the party designating the expert. If the appearance of the expert takes longer than anticipated, the party serving the subpoena or notice shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the testimony and for traveling to the place of the civil action or proceeding, as well as for any travel expenses of the expert, unless otherwise determined by the court.

(b) The service of a proper subpoena or notice accompanied by the tender of the expert witness fee described in subdivision (a) is effective to require the party employing or retaining the expert to produce the expert for testimony. If the party serving the notice or subpoena fails to tender the expert's fee under subdivision (a), the expert shall not be required to appear at that time unless the parties stipulate otherwise.

(c) If a party requiring the appearance by subpoena or notice of another party's expert witness under this subdivision deems that the hourly or daily fee of that expert for providing testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing testimony if it determines that the fee demanded by that expert is unreasonable.

(d) In the event the proceeding at which the expert witness has been notified his or her attendance is required is continued or canceled in advance of the time for which it is scheduled, such

witness shall be notified of the continuance or cancellation by the party requiring his or her attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his or her failure to give any testimony.

(e) An express contract entered into between a person and the party requesting or requiring the person to testify, relating to compensation, shall be enforceable and shall prevail over the provisions of this section.

(f) The deposition of an expert witness is governed by Section 2034 of the Code of Civil Procedure.

SEC. 4. Section 68092.5 of the Government Code is amended to read:

68092.5. (a) A party requiring testimony before any court, tribunal, or arbiter in any civil action or proceeding from any expert witness, other than a party or employee of a party, who is either, (1) an expert described in paragraph (2) of subdivision (a) of Section 2034 of the Code of Civil Procedure, (2) a treating physician and surgeon or other treating health care practitioner who is to be asked to express an opinion during the action or proceeding, or (3) an architect, professional engineer, or licensed land surveyor who was involved with the original project design or survey for which he or she is asked to express an opinion within his or her expertise and relevant to the action or proceeding, shall pay the reasonable and customary hourly or daily fee for the actual time consumed in the examination of that witness by any party attending the action or proceeding. The hourly or daily fee shall not exceed the fee charged the party who retained the expert except where the expert donated his or her services to a charitable or other nonprofit organization.

The party requiring the attendance shall either accompany the service of the subpoena or notice with a tender of the expert's fee based on the anticipated length of time the expert is required to remain at such place pursuant to the notice or subpoena or tender that fee at the required time of appearance. The expert's fee shall be delivered to the attorney for the party designating the expert. If the appearance of the expert takes longer than anticipated, the party serving the subpoena or notice shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the testimony and for traveling to the place of the civil action or proceeding, as well as for any travel expenses of the expert, unless otherwise determined by the court.

(b) The service of a proper subpoena or notice accompanied by the tender of the expert witness fee described in subdivision (a) is effective to require the party employing or retaining the expert to produce the expert for testimony. If the party serving the notice or

subpoena fails to tender the expert's fee under subdivision (a), the expert shall not be required to appear at that time unless the parties stipulate otherwise.

(c) If a party requiring the appearance by subpoena or notice of another party's expert witness under this subdivision deems that the hourly or daily fee of that expert for providing testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing testimony if it determines that the fee demanded by that expert is unreasonable.

(d) In the event the proceeding at which the expert witness has been notified his or her attendance is required is continued or canceled in advance of the time for which it is scheduled, such witness shall be notified of the continuance or cancellation by the party requiring his or her attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his or her failure to give any testimony.

(e) An express contract entered into between a person and the party requesting or requiring the person to testify, relating to compensation, shall be enforceable and shall prevail over the provisions of this section.

(f) The deposition of an expert witness is governed by Section 2034 of the Code of Civil Procedure.

SEC. 5. Section 2 of this bill incorporates amendments to Section 2034 of the Code of Civil Procedure proposed by both this bill and AB 3136. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 2034 of the Code of Civil Procedure, and (3) this bill is enacted after AB 3136, in which case Section 1 of this bill shall not become operative.

SEC. 6. Section 4 of this bill incorporates amendments to Section 68092.5 of the Government Code proposed by both this bill and AB 3136. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 68092.5 of the Government Code, and (3) this bill is enacted after AB 3136, in which case Section 3 of this bill shall not become operative.

An act to amend Sections 12640.04 and 12640.09 of, and to add Section 12640.091 to, the Insurance Code, relating to insurance.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 12640.04 of the Insurance Code is amended to read:

12640.04. In addition to the paid-in capital and surplus provided in Section 12640.03, each mortgage guaranty insurer shall establish a contingency reserve after establishment of the unearned premium reserve. There shall be an annual contribution to the contingency reserve which in the aggregate shall be the greater of either 50 percent of the earned premium or the policyholders surplus required to be established under Section 12640.05 divided by 10. The annual contributions to the contingency reserve made during each calendar year shall be maintained for a period of 120 months, except that withdrawals may be made by the insurer in any given year to the extent by which incurred losses exceed 35 percent of earned premium or as otherwise permitted by the commissioner.

SEC. 2. Section 12640.09 of the Insurance Code is amended to read:

12640.09. (a) A mortgage guaranty insurer shall limit its coverage for the class of insurance defined in paragraphs (1) and (3) of subdivision (a) of Section 12640.02 to a maximum of a net of 25 percent at risk of the entire indebtedness to the insured, or in lieu thereof, a mortgage guaranty insurer may elect to pay the entire indebtedness to the insured and acquire title to the authorized real estate security.

(b) A mortgage guaranty insurer shall limit its coverage for the class of insurance defined in paragraph (2) of subdivision (a) of Section 12640.02, to a maximum of a net of 25 percent of risk of the combined indebtedness of all existing mortgage loan amounts secured by all liens or charges on the real estate. In lieu thereof, a mortgage guaranty insurer may elect to pay the entire indebtedness to the insured and acquire title to the authorized real estate security.

(c) Notwithstanding subdivision (a) or (b), a mortgage guaranty insurer may extend its coverage for the class of insurance defined in paragraphs (1), (2), and (3) of subdivision (a) of Section 12640.02 beyond the limits established by subdivisions (a) and (b) of this section, provided the excess is insured by a contract of reinsurance.

(d) (1) Notwithstanding any provision of law to the contrary, mortgage guaranty insurance or reinsurance may be ceded by contract, provided that the assuming insurer is either of the following:

(A) A mortgage guaranty insurer, which may be under common control with the ceding mortgage guaranty insurer, but which does not own, and is not owned by, in whole or in part, directly or indirectly, the ceding mortgage guaranty insurer.

(B) A nonaffiliated insurer or reinsurer which writes any type or types of insurance or reinsurance and which meets the following requirements:

(i) Has paid-in capital and paid-in surplus totaling at least thirty-five million dollars ($35,000,000).

(ii) Derives, on an annual basis, at least 50 percent of its premium income from reinsurance; or, alternatively, derives at least twenty-five million dollars ($25,000,000) of premium income per year from reinsurance.

(iii) Establishes and maintains its share of the reserve liabilities required by Section 12640.16 if licensed in this state, or establishes, maintains, and funds in accordance with Section 922.4 or Section 922.5, its share of the reserve liabilities required by Section 12640.16 if not licensed in this state.

(iv) Establishes and maintains its share of an amount equal to the greater of either the reserve liabilities required by Section 12640.04 or the policyholders surplus required by Section 12640.05 in a segregated trust which meets the requirements of Section 12640.091.

(2) Nothing herein contained shall be deemed to permit the assuming insurer or reinsurer to directly write mortgage guaranty insurance.

(3) Any assuming insurer or reinsurer and the ceding mortgage guaranty insurer shall establish and maintain in the aggregate the reserves required by Sections 12640.04 and 12640.16.

SEC. 3. Section 12640.091 is added to the Insurance Code, to read:

12640.091. (a) In order to qualify as a segregated trust under subdivision (d) of Section 12640.09, a trust shall meet all of the following requirements:

(1) Be established by an insurer or reinsurer for the benefit of the ceding mortgage guaranty insurer.

(2) Have the trust assets located in the mortgage guaranty insurer's state of domicile, in the State of California, or in another jurisdiction which is approved by the commissioner.

(4) Be subject to withdrawals only by, and under the control of, the ceding mortgage guaranty insurer provided that written notification with adequate supporting documentation is filed with the commissioner within 15 calendar days after the withdrawal.

(5) Consent to and be subject to examination by the commissioner.

(6) Appoint an agent for service of process in the State of California and file the appointment with the commissioner within 30

calendar days after the effective date.

(b) The trust agreement and any amendments to it shall be filed with the commissioner within 30 calendar days after its effective date. The commissioner may order a prospectively applicable modification, correction, disapproval, or termination of any trust arrangement, agreement, or amendment which fails to meet the requirements set forth in this chapter. Any order of the commissioner shall be in writing and shall specify the reasons for the modifications, corrections, disapproval, or termination.

(c) The ceding mortgage guaranty insurer shall make quarterly, annual, and interim reports on the segregated trust account at the time as they are required or requested by the commissioner on forms prescribed by the commissioner.

(d) The commissioner may adopt rules and regulations necessary to carry out the provisions of this section including appropriate rules or regulations to assure that the trust assets are legally segregated, reasonably liquid, secure, and accessible.

CHAPTER 773

An act to amend Section 4291.1 of the Public Resources Code, relating to forest fires.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 4291.1 of the Public Resources Code is amended to read:

4291.1. (a) Notwithstanding Section 4021, a violation of Section 4291 is an infraction punishable by a fine of not less than one hundred dollars ($100), nor more than five hundred dollars ($500). If a person is convicted of a second violation of Section 4291 within five years, that person shall be punished by a fine of not less than two hundred fifty dollars ($250), nor more than five hundred dollars ($500). If a person is convicted of a third violation of Section 4291 within five years, that person is guilty of a misdemeanor and shall be punished by a fine of not less than five hundred dollars ($500). If a person is convicted of a third violation of Section 4291 within five years, the department may perform or contract for the performance of work necessary to comply with Section 4291 and may bill the person convicted for the costs incurred, in which case the person convicted, upon payment of those costs, shall not be required to pay the fine. If a person convicted of a violation of Section 4291 is granted probation, the court shall impose as a term or condition of probation, in addition to any other term or condition of probation, that the person pay at least the minimum fine prescribed in this section.

(b) If a person convicted of a violation of Section 4291 produces in court verification prior to imposition of a fine by the court, that the condition resulting in the citation no longer exists, the court may reduce the fine imposed for the violation of Section 4291 to fifty dollars ($50).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 774

An act to amend Section 7028.7 of the Business and Professions Code, relating to contractors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 7028.7 of the Business and Professions Code is amended to read:

7028.7. If upon inspection or investigation, either upon complaint or otherwise, the registrar has probable cause to believe that a person is acting in the capacity of or engaging in the business of a contractor within this state without having a license in good standing to so act or engage, and the person is not otherwise exempted from this chapter, the registrar shall issue a citation to that person. Each citation shall be in writing and shall describe with particularity the basis of the citation. Each citation shall contain an order of abatement and an assessment of a civil penalty in an amount not less than two hundred dollars ($200) nor more than four thousand five hundred dollars ($4,500). With the approval of the Contractors' State License Board the registrar shall prescribe procedures for the issuance of a citation under this section. The Contractors' State License Board shall adopt regulations covering the assessment of a civil penalty which shall give due consideration to the gravity of the violation, and any history of previous violations. The sanctions authorized under this section shall be separate from, and in addition to, all other remedies either civil or criminal.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate the collection of civil penalties assessed against unlicensed contractors as soon as possible, it is necessary that this bill go into immediate effect.

CHAPTER 775

An act to amend Section 71.8 of, and to add Sections 86, 87, and 88 to, the Harbors and Navigation Code, relating to harbors.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 71.8 of the Harbors and Navigation Code is amended to read:

71.8. (a) Any contract or agreement for a transfer pursuant to Section 70 or a loan pursuant to Section 71.4, for which gross revenues of a small craft harbor are made the security for repayment shall include, but is not limited to, provisions requiring the governing body of the city, county, or district to perform all the following:

(1) Punctually pay all installments of principal and interest on money owed to the state.

(2) Continuously operate in an efficient and economical manner all small craft harbor facilities acquired, constructed, improved, or completed in full or in part as a result of transfers or loans by the state.

(3) Make all repairs, renewals, and replacements necessary to the efficient operation of the small craft harbor facilities and to keep the facilities in good repair at all times.

(4) Preserve and protect the security interest of the state in all respects by procuring insurance on the facilities in an amount and of the type approved by the department.

(5) Subject to subdivision (c), periodically fix, prescribe, and collect fees, rentals, or other charges for services and facilities of the small craft harbor facilities sufficient to produce gross revenues adequate for payment of the following amounts in the order set forth:

(A) All installments of principal and interest on money owed the state as they come due.

(B) All expenses of operation, maintenance, and repair of the small craft harbor facilities.

(C) Any additional sums as may be required by the department for any sinking fund, reserve fund, or other special fund established for the further security of the loan or transfer or as a depreciation or other charge in connection with the small craft harbor facilities.

(6) Repay loans with regard to the revenue-producing features, as determined by the department, constructed under the loan over a period not to exceed 30 years.

(7) Repay loans with regard to the non-revenue-producing features, as determined by the department, constructed under the loan over a period not to exceed 50 years.

(b) The department may require the contract or agreement to include a requirement that installments of principal and interest on money owed the state shall be paid from gross revenues prior to any other expenditures from those revenues. However, if the department is satisfied that the city, county, or district has sufficient financial resources to fully repay the loan without the necessity of priority payment, that requirement may be waived, in which case the contract or agreement shall provide that installments of principal and interest on money owed the state may be repaid under the terms and conditions mutually agreed upon and specifically set forth in the contract or agreement. No loan of funds shall be made to any city, county, or district unless the loan is approved by the department as conforming to the policies established by the department. The contracts and agreements shall not be effective until approved by the Department of General Services for legality, form, and completeness.

(c) The fees for the use of launching ramps in a small craft harbor shall not exceed the sum of the following:

(1) The costs of operation and maintenance of the launching ramp and related harbor facilities, including, but not limited to, access to the ramp from the shore and the ocean.

(2) The prorated capital costs of that portion of the facility which is determined by the governing body of the small craft harbor or boating facility to be necessary to pay amounts specified in paragraph (5) of subdivision (a).

(d) If the city, county, or district defaults on the payment of money owed the state, or otherwise fails to perform in accordance with the terms and conditions of the contract or agreement, the state shall forthwith recover the defaulted loan and the department may assume the operation and maintenance of the harbor or facility or enter into one or more contracts for its operation and maintenance.

SEC. 2. Section 86 is added to the Harbors and Navigation Code, to read:

86. (a) The local public agency shall certify to the department that for any small craft harbor or boating facility project which is, or has been, funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3, or a harbor constructed with funds from the State Lands Commission from tidelands oil revenues, adequate restroom and sanitary facilities, parking, refuse disposal, walkways, and other necessary shoreside facilities sufficient for the use and operation of all vessels using the harbor or facility are provided or provide written findings showing why the facility cannot certify to these conditions.

(b) No city, county, or district, which has received or is receiving

money under this division for the construction or improvement of small craft harbors which provides facilities for the operation of commercial fishing vessels registered pursuant to Article 4 (commencing with Section 7880) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, shall prohibit the commercial operation and use of those facilities by commercial passenger fishing vessels of the same or similar displacement, which are licensed pursuant to Section 7920 of the Fish and Game Code, or the use by private recreational vessels unless otherwise expressly provided by law, unless the city, county, or district provides, elsewhere in the same harbor, alternative, equivalent facilities available at comparable cost for the commercial operation and use of commercial passenger fishing vessels and private recreational vessels or unless the city, county, or district adopts written findings showing why the existing facility cannot accommodate the operation of commercial fishing vessels, including commercial passenger fishing vessels, or private recreational vessels and why the facility cannot be modified to do so or why alternative, equivalent facilities cannot be provided in the same harbor to accommodate those operations. This subdivision does not require a facility to accept an application for the operation of an additional commercial passenger fishing boat at that facility if the harbor provides alternative, equivalent, adequate, safe facilities at comparable cost for the operation and use of commercial passenger fishing boats or if accommodations for the operation of the additional commercial passenger fishing boat are not reasonably available at the facility under the contract or agreement.

For the purposes of this subdivision, an alternative, equivalent facility in the same harbor shall provide, at comparable cost, adequate restroom and sanitary facilities, parking, refuse disposal, walkways, power and water service, and other shoreside facilities and equivalent docks, water channels, navigation aids, and weather protection, including, but not limited to, breakwaters, which are equivalent to the facility funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3.

(c) Any loan, grant, contract or agreement, or plan funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3 for any small craft harbor or boating facility project shall provide for construction, development, or improvement of facilities to substantially meet the provisions of subdivisions (a) and (b) and to provide vehicular access roads to the harbor or facility, as recommended by the Department of Transportation pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code, unless the reasons for not meeting those provisions and recommendations are set forth in the contract or agreement with the department, or an addendum thereto.

(d) During the term of any existing or new loan contract made pursuant to Section 71.4 or 76.3, or any existing or new contract or agreement pursuant to Section 70, 70.2, or 70.8, the department shall supervise and monitor compliance with subdivisions (b) and (c) and

the operation and maintenance of the harbor or facility to assure that the planning, construction, development, or improvement fully complies with this section and the contract or agreement terms and conditions.

(e) For the purposes of this chapter and Chapter 2 (commencing with Section 70), any harbor or facility which is the subject of a contract or agreement as described in subdivision (d), is under the jurisdiction of the department.

SEC. 3. Section 87 is added to the Harbors and Navigation Code, to read:

87. The department shall give consideration for funding the planning, construction, development, or improvement of small craft harbors to projects which are financially feasible and which make existing small craft harbors, which are subject to the jurisdiction of the department, substantially meet the provisions of Section 86.

SEC. 4. Section 88 is added to the Harbors and Navigation Code, to read:

88. A small craft harbor or boating facility funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3 is not liable for any damages which occur on a vessel using those facilities or pursuant to operation of the vessel, other than on the facilities of the harbor or boating facility. This section does not provide immunity from liability for a small craft harbor or boating facility for their negligent acts.

SEC. 5. (a) It is the intent of the Legislature that funds made available pursuant to paragraph (2) of subdivision (a) of Section 5096.365 of the Public Resources Code, as added by the California Park, Recreation, and Wildlife Enhancement Act of 1990 (AB 145 of the 1989–90 Regular Session), shall be available for appropriation for the purposes of this act.

(b) Section 4 of this act shall not become operative unless the act described in subdivision (a) is approved by the voters at the November 6, 1990, general election.

SEC. 6. (a) The Legislature finds and declares that a need exists in Bodega Bay in Sonoma County to provide safe facilities and appropriate services for commercial passenger fishing vessels.

(b) If Sonoma County applies for a small craft harbor construction loan, the Department of Boating and Waterways shall give first priority, through its loan application and budgetary process, to providing loan funds from the California Park, Recreation, and Wildlife Enhancement Act of 1990 (AB 145 of the 1989–90 Regular Session) for a sportfishing facility located in Bodega Bay, if that bond measure is approved by the voters at the November 6, 1990, general election.

(c) If Sonoma County applies for a small craft harbor construction loan, the county shall submit a report to the Department of Boating and Waterways that indicates the project is financially feasible and meets feasible engineering criteria. The Department of Boating and Waterways shall give first priority pursuant to subdivision (b) to Sonoma County until November 6, 1995. Both of the following

conditions shall apply to any small craft harbor construction loan made to Sonoma County:

(1) It shall be made in conformance with Section 71.4 of the Harbors and Navigation Code, and be at the prevailing interest rate charged by the department for small craft harbor construction loans.

(2) Funds shall be disbursed only after all applicable permits have been received.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 776

An act to amend Section 828 of, and to add Section 828.1 to, the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 828 of the Welfare and Institutions Code is amended to read:

828. (a) Except as provided in Sections 389 and 781 of this code or Section 1203.45 of the Penal Code, any information gathered by a law enforcement agency relating to the taking of a minor into custody may be disclosed to another law enforcement agency, including a school district police or security department, or to any person or agency which has a legitimate need for the information for purposes of official disposition of a case. When the disposition of a taking into custody is available, it shall be included with any information disclosed.

A court shall consider any information relating to the taking of a minor into custody, if the information is not contained in a record which has been sealed, for purposes of determining whether adjudications of commission of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 of the Penal Code or to deny probation.

(b) When a law enforcement agency has been notified pursuant to Section 1155 that a minor has escaped from a secure detention facility, the law enforcement agency shall release the name of, and any descriptive information about, the minor to a person who specifically requests this information. The law enforcement agency

may release the information on the minor without a request to do so if it finds that release of the information would be necessary to assist in recapturing the minor or that it would be necessary to protect the public from substantial physical harm.

SEC. 2. Section 828.1 is added to the Welfare and Institutions Code, to read:

828.1. (a) While the Legislature reaffirms its belief that juvenile criminal records, in general, should be confidential, it is the intent of the Legislature in enacting this section to provide for a limited exception to that confidentiality in cases involving serious acts of violence. Further, it is the intent of the Legislature that even in these selected cases the dissemination of juvenile criminal records be as limited as possible, consistent with the need to work with a student in an appropriate fashion, and the need to protect potentially vulnerable school staff and other students over whom the school staff exercises direct supervision and responsibility.

(b) Notwithstanding subdivision (a) of Section 828, a school district police or security department may provide written notice to the superintendent of the school district that a minor enrolled in a public school maintained by that school district, in kindergarten or any of grades 1 to 12, inclusive, has been found by a court of competent jurisdiction to have illegally used, sold, or possessed a controlled substance as defined in Section 11007 of the Health and Safety Code or to have committed any crime listed in paragraphs (1) to (15), inclusive, or paragraphs (17) to (19), inclusive, of subdivision (b) of Section 707. The information may be expeditiously transmitted to any teacher, counselor, or administrator with direct supervisorial or disciplinary responsibility over the minor, who the superintendent or his or her designee, after consultation with the principal at the school of attendance, believes needs this information to work with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

(c) Any information received by a teacher, counselor, or administrator pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher, counselor, or administrator. An intentional violation of the confidentiality provisions of this section is a misdemeanor, punishable by a fine not to exceed five hundred dollars ($500).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

CHAPTER 777

An act to add Section 1170.73 to the Penal Code, relating to controlled substances.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1170.73 is added to the Penal Code, to read:

1170.73. Upon conviction of a felony violation of Section 11377, 11378, or 11378.5 of the Health and Safety Code, the court shall consider the quantity of controlled substance involved in determining whether to impose an aggravated term under subdivision (b) of Section 1170.

They shall not be

pasteurized following fermentation. Fruits may be added before or after the mix is pasteurized and cultured. Such product may contain safe and suitable stabilizers or emulsifiers at a level necessary to achieve the desired function. It shall have a titratable acidity of not less than 0.5 percent expressed as lactic acid, except when flavoring is added that contains no fruit or fruit flavoring the titratable acidity may be reduced to not less than 0.30 percent expressed as lactic acid; it shall contain not more than 10 coliform bacteria per gram; it shall contain not more than 10 colonies per gram each of molds, yeasts, and other fungi; and it shall be free of any other objectionable bacteria which may impair the quality of the product. 36992. Frozen yogurt shall contain not less than 3.5 percent milk fat. Lowfat frozen yogurt shall contain not more than 2 percent milk fat. Nonfat frozen yogurt shall contain a maximum of 0.25 percent milk fat. The milk fat content of frozen fruit yogurt may be reduced to not less than 2.8 percent milk fat, and the milk fat content of lowfat frozen fruit yogurt may be reduced to not less than 1.3 percent milk fat.

SEC. 4. The heading of Article 27 (commencing with Section 38731) of Chapter 5 of Division 15 of the Food and Agricultural Code is amended to read:

Article 27. Yogurt

SEC. 5. Section 38733 of the Food and Agricultural Code is amended to read:

38733. SEC. 7. Section 38882 of the Food and Agricultural Code is repealed.

SEC. 8. Section 38895.2 of the Food and Agricultural Code is amended to read:

38895.2. "Lactose reduced" may be included in the nomenclature of the product if there has been conversion of

sufficient amounts of lactose to glucose or galactose so that the remaining lactose is less than 30 percent of the original lactose of the dairy product. Lactose reduced dairy products shall meet all other compositional standards for the products except that the minimum solids-not-fat content for lowfat milk, flavored lowfat milk, and extra light milk labeled as "lactose reduced" shall be 8.7 percent.

SEC. 9. Section 61932 of the Food and Agricultural Code is amended to read:

61932. Class 1 comprises:

(2) Any market half-and-half which is ultrapasteurized and packaged in hermetically sealed containers.

(3) Any market half-and-half which is packaged in presterilized containers under aseptic conditions to meet the marketing requirements for these products in states other than this state. However, this paragraph does not authorize the sale within this state of any milk product as a UHT product unless the product meets the standards and requirements for UHT products specified in Chapter 9 (commencing with Section 39701) of Part 3 of Division 15.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 779

An act to amend Section 5564.7 of the Welfare and Institutions Code, relating to traumatic head injury.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 5564.7 of the Welfare and Institutions Code is amended to read:

CHAPTER 780

An act to add Section 8692.5 to the Fish and Game Code, relating to fishing.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 8692.5 is added to the Fish and Game Code, to read:

8692.5. Not more than 1,250 fathoms (7,500 feet) of gill net or trammel net shall be fished in combination each day from any vessel for rockfish or lingcod in ocean waters.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 781

An act to add Division 16.5 (commencing with Section 161000) to the Public Utilities Code, relating to transportation, and making an appropriation therefor.

[Approved by Governor September 11, 1990 Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Division 16.5 (commencing with Section 161000) is added to the Public Utilities Code, to read:

DIVISION 16.5. STATE TRANSPORTATION CORRIDOR PRESERVATION

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

161000. (a) The Legislature finds and declares as follows:

(1) Transportation is vital to the state's economy, and a complete transportation system is essential in times of disaster.

(2) Transportation corridors should be protected from uses which are incompatible with transportation requirements.

(3) Important potential transportation corridors are being developed for other purposes.

(b) It is, therefore, the intent of the Legislature in enacting this division to vest in the Department of Transportation responsibility for implementing a program of transportation right-of-way protection and conservation within essential transportation corridors by acquiring and holding transportation corridor lands which would otherwise be lost to public use.

(c) It is the further intent of the Legislature in enacting this division to preserve land which is needed or will be needed for transportation corridors consistent with applicable environmental protection laws and regulations.

161001. As used in this division, "commission" means the California Transportation Commission.

161002. As used in this division, "department" means the Department of Transportation.

161003. As used in this division, "secretary" means the Secretary of the Business, Transportation and Housing Agency.

161004. As used in this division, "transportation corridor" means an area or one or more parcels of land that meets any of the following requirements:

(a) Designated by the commission as necessary under the adopted state transportation improvement plan.

(b) Designated by a transportation planning agency, county transportation commission, or the San Diego County Metropolitan Transit Development Board as necessary under the adopted regional transportation implementation plan.

(c) Within the adopted route of a state highway.

(d) Within the adopted route of a county or city highway or exclusive mass transit guideway which is consistent with the county or city general plan.

(e) Designated by the commission as being within one of two or more proposed routes or alignments for a state highway.

CHAPTER 2. DUTIES AND FUNCTIONS

161020. The department may apply for and accept federal grants and receive gifts, donations, subventions, rents, royalties, and other financial support from public and private sources for purposes of this division.

161021. The department may serve as a repository for lands located within a transportation corridor where the preservation of those lands is required by the department or an agency of local government to meet its transportation policies and objectives, and may accept a dedication of fee title, easements, development rights, or other interest in lands for this purpose.

161022. On an annual basis, or as may be otherwise required by

the secretary, the department shall report to the secretary regarding privately owned lands determined to have special significance for purposes of preserving a transportation corridor and which might be the subject of an exchange for other state lands. Specific privately owned land shall be included in the report only with the consent of the owner.

161023. The department may acquire land or any interest therein for purposes of this division pursuant to procedures applicable to the acquisition of land by the department or the commission. If other means of acquisition have not been successful, the department may exercise the power of eminent domain for these purposes. The power of eminent domain may only be exercised to acquire land which is necessary for construction of the relevant highway route or guideway alignment, and shall not include land for rest stops or other ancillary uses.

161024. (a) The department may sell, rent, lease, exchange, or otherwise transfer any land or interest therein acquired under this division pursuant to an implementation plan adopted by the department. Any lease entered into under this division shall be for not more than 20 years.

(b) Except as otherwise provided by law or by agreement, the proceeds of the sale, rental, lease, exchange, or transfer of land or interest therein, including any rent or other income from land held by the department, shall be deposited in the State Highway Account in the State Transportation Fund.

161025. The department shall develop and implement procedures to ensure that land acquisition, leasing, options to purchase, disposal, and other transactions in land under this division are carried out efficiently and equitably and with proper notice to the public.

161026. (a) Commencing January 2, 1993, and every third year thereafter, the department shall prepare and submit to the secretary a report describing progress in achieving the objectives of this division. The report shall include, but not be limited to, both of the following:

(1) An evaluation of the effectiveness of the department's programs in preserving and acquiring transportation corridors.

(2) Identification of additional funding, legislation, or other resources required to more effectively carry out the objectives of this division.

(b) The secretary shall, after reviewing and commenting on the report, transmit the report to the Governor and Legislature.

161027. (a) The department shall cooperate with federal, state, and local public agencies in ensuring the reservation of lands for transportation purposes.

(b) If any state or local public agency is unable, due to limited financial resources or other circumstances of a temporary nature, to acquire land for transportation purposes, the department may acquire and hold that land for subsequent conveyance to the public

agency. The department may provide technical assistance to aid public agencies in completing those acquisitions and related functions.

161028. (a) The department shall not hold any land acquired under this division for more than 20 years from the time of acquisition. A state or local public agency may acquire the land at any time during this period for transportation purposes. The acquisition price to a state or local public agency shall be based upon the cost of acquisition under this division plus administrative and management costs in preserving the land. The payment of this acquisition price shall be either monetary or in department-approved land of an equivalent value, or a combination thereof. No land acquired under this section shall be disposed of under Section 11011.1 of the Government Code.

(b) If, at the expiration of a 20-year period, no public agency is willing or able to acquire the land, the department shall dispose of the land at fair market value without restriction on its subsequent use under this division. All proceeds of a disposition under this subdivision shall be deposited in the State Highway Account in the State Transportation Fund.

161029. If the department acquires any land prior to the adoption of a specific route or alignment by the commission, the commission shall disregard that land in the study and adoption of routes and alignments.

161030. Notwithstanding any other provision of law, there is hereby appropriated from the State Highway Account in the State Transportation Fund to the department the amount of the proceeds of all sales, leases, and rentals, on and after January 1, 1991, of land acquired by the department for highway purposes, until a total of twenty-five million dollars ($25,000,000) has been so appropriated, to be expended by the department for the purposes of this division.

161031. The department shall comply with applicable environmental protection laws and regulations when taking any action authorized by this division.

CHAPTER 782

An act to add Chapter 14 (commencing with Section 8899.10) to Division 1 of Title 2 of the Government Code, relating to earthquake research, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14 (commencing with Section 8899.10) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 14. EARTHQUAKE RESEARCH EVALUATION CONFERENCE AND FIVE-YEAR STATEWIDE RESEARCH PLAN

8899.10. The Legislature finds and declares all of the following:

(a) (1) As demonstrated by the California earthquake of October 17, 1989, the citizens of California live under the constant shadow of death, personal injury, and property damage from earthquakes.

(2) During the same year as the California earthquake of October 17, 1989, there were over 15,000 earthquakes of varying magnitude recorded in this state.

(3) A cohesive plan to optimize current and emerging earthquake research for the benefit of the citizens of California does not exist.

(4) A cohesive plan to optimize current and emerging earthquake research is critical to protect the health and safety of the citizens of California.

(b) It is therefore appropriate for the State of California to fund an Earthquake Research Evaluation Conference for the purpose of critiquing existing and emerging technologies for earthquake research and recommending a comprehensive plan for earthquake research in California.

The findings of the Earthquake Research Evaluation Conference should be used by the Seismic Safety Commission, in collaboration with the California Council on Science and Technology, the Office of Competitive Technology in the Department of Commerce, and the Division of Mines and Geology in the Department of Conservation, as the basis for finalizing and implementing a five-year earthquake research plan for the State of California.

8899.11. There shall be an Earthquake Research Evaluation Conference (EREC) for the purposes set forth in this chapter.

8899.12. (a) Participants in the EREC shall be selected by the Seismic Safety Commission in collaboration with the California Council on Science and Technology, the Division of Mines and Geology in the Department of Conservation, and the Office of Competitive Technology in the Department of Commerce. EREC participants shall include, but not be limited to, representatives from all of the following:

(1) Research universities.

(2) Major professional organizations.

(3) State agencies.

(4) Federal agencies.

(5) Private industry.

(b) The organization and management of the EREC shall be the responsibility of the Seismic Safety Commission, in collaboration with the California Council on Science and Technology, the Division

of Mines and Geology, and the Office of Competitive Technology.

8899.13. (a) The purpose of the EREC shall be to develop and present to the Seismic Safety Commission a strategy for earthquake research in California which will identify the state seismic safety needs, with particular attention given to research likely to bring about a significant reduction of loss of life and property damage and improved ability for economic recovery. The research shall include, but not be limited to, the following four research categories:

(1) Understanding the causes, prediction of, and nature of earthquakes.

(2) Understanding and mitigating geotechnical and structural hazards.

(3) Understanding the social and economic effects of earthquakes.

(4) Policies and strategies for mitigation and recovery.

(b) Included in this strategy shall be all of the following:

(1) The type of research.

(2) The priorities for research.

(3) The sources of funding.

(4) The state's role in coordinating and facilitating seismic research in California.

8899.14. The Seismic Safety Commission, in collaboration with the California Council on Science and Technology, the Division of Mines and Geology, and the Office of Competitive Technology, shall provide structure for the EREC by submitting a proposed five-year plan for review and consideration. Included with this submission shall be an appropriate schedule and structure for reviewing and critiquing existing and emerging technologies for earthquake research. The EREC shall review, critique, and revise the proposed plan submitted by the Seismic Safety Commission, as appropriate to the needs of California. The EREC shall present its findings to the Seismic Safety Commission.

8899.15. The Seismic Safety Commission shall develop a final five-year statewide earthquake research plan as part of its five-year hazard reduction plan. The findings made by the EREC shall be incorporated into the plan.

The plan shall contain appropriate strategies to receive additional federal funding in order to implement the plan and Section 8899.16.

8899.16. (a) In order to expedite the development of emerging technologies and to encourage rapid technology transfer, grant awards shall be made, for the 1990–91 fiscal year, to not more than five California companies to conduct feasibility studies which will evaluate new, innovative technologies to improve the understanding of impending earthquakes and their effects.

(b) The Division of Mines and Geology in the Department of Conservation shall implement this section with the advice of the Office of Competitive Technology in the Department of Commerce.

(c) In subsequent years, the Legislature may fund additional studies in accordance with the five-year earthquake research plan developed pursuant to Section 8899.15.

(d) This section shall be implemented only to the extent that funds are available for its implementation.

SEC. 2. The Seismic Safety Commission shall not be required to conduct the Earthquake Research and Evaluation Conference, as described in Section 1 of this act, unless, and only to the extent that, funds become available for this purpose.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to achieve seismic safety through implementation of the use of current and emerging technologies and to fill gaps in scientific and engineering capabilities needed to further mitigate earthquake hazards, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 788

An act to amend Section 2924e of, and to amend and repeal Section 2963 of, the Civil Code, relating to real property.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 2924e of the Civil Code is amended to read:

2924e. (a) The beneficiary or mortgagee of any deed of trust or mortgage on real property either containing one to four residential units or given to secure an original obligation not to exceed three hundred thousand dollars ($300,000) may, with the written consent of the trustor or mortgagor that is either effected through a signed and dated agreement which shall be separate from other loan and security documents or disclosed to the trustor or mortgagor in at least 10-point type, submit a written request by certified mail to the beneficiary or mortgagee of any lien which is senior to the lien of the requester, for written notice of any or all delinquencies of four months or more, in payments of principal or interest on any obligation secured by that senior lien notwithstanding that the loan secured by the lien of the requester is not then in default as to payments of principal or interest.

The request shall be sent to the beneficiary or mortgagee, or agent which it might designate for the purpose of receiving loan payments, at the address specified for the receipt of these payments, if known, or, if not known, at the address shown on the recorded deed of trust or mortgage.

(b) The request for notice shall identify the ownership or security interest of the requester, the date on which the interest of the requester will terminate as evidenced by the maturity date of the note of the trustor or mortgagor in favor of the requester, the name of the trustor or mortgagor and the name of the current owner of the security property if different from the trustor or mortgagor, the street address or other description of the security property, the loan number (if available to the requester) of the loan secured by the senior lien, the name and address to which notice is to be sent, and shall include or be accompanied by the signed written consent of the trustor or mortgagor, and a fee of forty dollars ($40). For obligations secured by residential properties, the request shall remain valid until withdrawn in writing and shall be applicable to all delinquencies as provided in this section, which occur prior to the date on which the

interest of the requester will terminate as specified in the request or the expiration date, as appropriate. For obligations secured by nonresidential properties, the request shall remain valid until withdrawn in writing and shall be applicable to all delinquencies as provided in this section, which occur prior to the date on which the interest of the requester will terminate as specified in the request or the expiration date, as appropriate. The beneficiary or mortgagee of obligations secured by nonresidential properties that have sent five or more notices prior to the expiration of the effective period of the request may charge a fee up to fifteen dollars ($15) for each subsequent notice. A request for notice shall be effective for five years from the mailing of the request or the recording of that request, whichever occurs later, and may be renewed within six months prior to its expiration date by sending the beneficiary or mortgagee, or agent, as the case may be, at the address to which original requests for notice are to be sent, a copy of the earlier request for notice together with a signed statement that the request is renewed and a renewal fee of fifteen dollars ($15). Upon timely submittal of a renewal request for notice, the effectiveness of the original request is continued for five years from the time when it would otherwise have lapsed. Succeeding renewal requests may be submitted in the same manner. The request for notice and renewals thereof shall be recorded in the office of the county recorder of the county in which the security real property is situated. The rights and obligations specified in this section shall inure to the benefit of, or pass to, as the case may be, successors in interest of parties specified in this section. Any successor in interest of a party entitled to notice under this section shall file a request for that notice with any beneficiary or mortgagee of the senior lien and shall pay a processing fee of fifteen dollars ($15). No new written consent shall be required from the trustor or mortgagor.

(c) Unless the delinquency has been cured, within 15 days following the end of four months from any delinquency in payments of principal or interest on any obligation secured by the senior lien which delinquency exists or occurs on or after 10 days from the mailing of the request for notice or the recording of that request, whichever occurs later, the beneficiary or mortgagee shall give written notice to the requester of the fact of any delinquency and the amount thereof.

The notice shall be given by personal service, or by deposit in the mail, first-class postage paid. Following the recording of any notice of default pursuant to Section 2924 with respect to the same delinquency, no notice or further notice shall be required pursuant to this section.

(d) If the beneficiary or mortgagee of any such senior lien fails to give notice to the requester as required in subdivision (c), and a subsequent foreclosure or trustee's sale of the security property occurs, the beneficiary or mortgagee shall be liable to the requester for any monetary damage due to the failure to provide notice within

the time period specified in subdivision (c) which the requester has sustained from the date on which notice should have been given to the earlier of the date on which the notice is given or the date of the recording of the notice of default under Section 2924, and shall also forfeit to the requester the sum of three hundred dollars ($300). A showing by the beneficiary or mortgagee by a preponderance of the evidence that the failure to provide timely notice as required by subdivision (c) resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error shall be a defense to any liability for that failure.

(e) If any beneficiary or mortgagee, or agent which it had designated for the purpose of receiving loan payments, has been succeeded in interest by any other person, any request for notice received pursuant to this section shall be transmitted promptly to that person.

(f) Any failure to comply with the provisions of this section shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(g) Upon satisfaction of an obligation secured by a junior lien with respect to which a notice request was made pursuant to this section, the beneficiary or mortgagee that made the request shall communicate that fact in writing to the senior lienholder to whom the request was made. The communication shall specify that provision of notice pursuant to the prior request under this section is no longer required.

SEC. 2. Section 2963 of the Civil Code, as amended by Section 4 of Chapter 1331 of the Statutes of 1984, is amended to read:

2963. The disclosures required to both purchaser and vendor by this article are:

(a) An identification of the note or other credit documents or security documents and of the property which is the security for the transaction.

(b) A description of the terms of the promissory note or other credit documents or a copy of the note or other credit documents.

(c) Insofar as available, the principal terms and conditions of each recorded encumbrance which constitutes a lien upon the property which is or will be senior to the financing being arranged, including the original balance, the current balance, the periodic payment, any balloon payment, the interest rate (and any provisions with respect to variations in the interest rate), the maturity date, and whether or not there is any current default in payment on that encumbrance.

(d) A warning that, if refinancing would be required as a result of lack of full amortization under the terms of any existing or proposed loans, such refinancing might be difficult or impossible in the conventional mortgage marketplace.

(e) If negative amortization is possible as a result of any variable or adjustable rate financing being arranged, a clear disclosure of this fact and an explanation of its potential effect.

(f) In the event that the financing involves an all inclusive trust

deed, the disclosure shall indicate whether the credit or security documents specify who is liable for payment or responsible for defense in the case of an attempted acceleration by a lender or other obligee under a prior encumbrance, and whether or not the credit or security documents specify the responsibilities and rights of the parties in the event of a loan prepayment respecting a prior encumbrance which may result in a requirement for refinancing, a prepayment penalty, or a prepayment discount and, if such specification occurs, a recital of the provisions which apply.

(g) If the financing being arranged or any of the financing represented by a prior encumbrance could result in a balloon payment, or in a right in the lender or other obligee under such financing to require a prepayment of the principal balance at or after a stipulated date, or upon the occurrence of a stipulated event, a disclosure of the date and amount of any balloon payment or the amount which would be due upon the exercise of such right by the lender or obligee, and a statement that there is no assurance that new financing or loan extension will be available at the time of such occurrence.

(h) If the financing being arranged involves an all inclusive trust deed or real property sales contract, a disclosure of the party to whom payments will be made and who will be responsible for remitting these funds to payees under prior encumbrances and vendors under this transaction and a warning that, if that person is not a neutral third party, the parties may wish to agree to have a neutral third party designated for these purposes.

(i) A disclosure on the identity, occupation, employment, income, and credit data about the prospective purchaser, as represented to the arranger by the prospective purchaser; or, specifically, that no representation as to the credit-worthiness of the specific prospective purchaser is made by the arranger. A warning should also be expressed that Section 580b of the Code of Civil Procedure may limit any recovery by the vendor to the net proceeds of the sale of the security property in the event of foreclosure.

(j) A statement that loss payee clauses have been added to property insurance protecting the vendor, or that instructions have been or will be directed to the escrowholder, if any, in the transaction or the appropriate insurance carriers for addition of such loss payee clauses, or a statement that, if such provisions have not been made, that the vendor should consider protecting himself or herself by securing such clauses.

(k) A statement that a request for notice of default under Section 2924b has been recorded, or that, if it has not been recorded, the vendor should consider recording a request for notice of default.

(*l*) That a policy of title insurance has been obtained or will be obtained and be furnished to the vendor and purchaser, insuring the respective interests of the vendor and purchaser, or that the vendor and purchaser individually should consider obtaining a policy of title insurance.

(m) That a tax service has been arranged to report to the vendor whether property taxes have been paid on the property, and who will be responsible for the continued retention and compensation of tax service; or that the vendor should otherwise assure for himself or herself that the taxes on the property have been paid.

(n) A disclosure whether the security documents on the financing being arranged have been or will be recorded pursuant to Section 27280 of the Government Code, or a statement that the security of the vendor may be subject to intervening liens or judgments which may occur after the note is executed and before any resort to security occurs if the security documents are not recorded.

(o) If the purchaser is to receive any cash from the proceeds of the transaction, a statement of that fact, the amount, the source of the funds, and the purpose of the disbursement as represented by the purchaser.

(p) A statement that a request for notice of delinquency under Section 2924e has been made, or that, if it has not been made, the vendor should consider making a request for a notice of delinquency.

SEC. 3. Section 2963 of the Civil Code, as amended by Section 4 of Chapter 1217 of the Statutes of 1983, is repealed.

CHAPTER 789

An act to amend Sections 2020, 2150, 2150.4, and 3005.91 of, to add Section 2150.5 to, and to repeal and add Sections 2150.1 and 2150.2 of, the Fish and Game Code, relating to animals, and making an appropriation therefor.

[Approved by Governor September 11, 1990. Filed with Secretary of State September 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 2020 of the Fish and Game Code is amended to read:

2020. (a) The department may reimburse eligible local entities, pursuant to a memorandum of understanding entered into under this section, for costs incurred by the eligible local entities in the administration and enforcement of any provision concerning the possession of, handling of, care for, or holding facilities provided for, a wild animal designated pursuant to Section 2118, by any person.

(b) The director may enter into memorandums of understanding with eligible local entities for the administration and enforcement of any provision concerning the possession of, handling of, care for, or holding facilities provided for, a wild animal designated pursuant to Section 2118, or a cat specified in Section 3005.9.

(c) For purposes of this division, "eligible local entity" means a county, local animal control officer, local humane society official, an

educational institution, or trained private individual which enters into a memorandum of understanding with the director pursuant to this section.

SEC. 2. Section 2150 of the Fish and Game Code is amended to read:

2150. (a) The department or an eligible local entity, in cooperation with the Department of Food and Agriculture, may, upon application, issue a written permit to import into, possess, or transport within this state any wild animal enumerated in, or designated pursuant to, Section 2118, upon a determination that the animal is not detrimental or that no damage or detriment can be caused to agriculture, native wildlife, the public health or safety, or the welfare of the animal, as a result of the importation, transportation, or possession.

A permit shall be issued only upon application and payment of a nonrefundable application fee in an amount determined by the department pursuant to Section 2150.2. Application forms shall be provided by the department, or an eligible local entity, and shall be designed to ascertain the applicant's ability to properly care for the wild animal or animals the applicant seeks to import, transport, or possess. Proper care includes providing adequate food, shelter, and veterinary care, and other requirements the commission may designate.

(b) The commission shall revoke or deny a permit if it finds that a permittee or applicant has failed to meet, or is unable to meet, the requirements for importing, transporting, possessing, or confining any wild animal as established pursuant to Section 2120.

(c) A zoo is exempt from any permit requirement pursuant to this chapter except for animals whose importation, transportation, or possession is determined by the department, in cooperation with the Department of Food and Agriculture, to be detrimental or cause damage to agriculture, native wildlife, or the public health or safety. For purposes of this section, "zoo" means any organization which is accredited as meeting the standards and requirements of the American Association of Zoological Parks and Aquariums (AAZPA). Any California organization which is not accredited by the AAZPA may apply to the department for a waiver of specified permit requirements of this chapter. The department may grant or deny the request for a waiver for justified reasons. Foreign zoos outside this state are not subject to the permit requirements of this chapter beyond those specific permit requirements affecting California zoos or organizations with which they are collaborating. Any organization may appeal the determination of the department to the commission.

(d) An exhibitor licensed by the United States Department of Agriculture or a dealer who is so licensed who buys any animal specified in subdivision (c) from a zoo within the state, may sell or transfer it only to a private individual who has a permit issued pursuant to this section prior to the receipt of the animal or to a public or private organization which has a permit issued pursuant to

this section prior to the receipt of the animal. The exhibitor or dealer who sells or transfers such an animal shall pay a fee pursuant to Section 2150.2 to the department.

(e) Any university, college, governmental research agency, or other bona fide scientific institution, as determined by the department, engaging in scientific or public health research is exempt from any permit requirement pursuant to this chapter except for animals whose importation, transportation, or possession is determined by the department, in cooperation with the Department of Food and Agriculture, to be detrimental or cause damage to agriculture, native wildlife, or the public health or safety.

SEC. 3. Section 2150.1 of the Fish and Game Code is repealed.

SEC. 4. Section 2150.1 is added to the Fish and Game Code, to read:

2150.1. Fees collected pursuant to this chapter for permits, permit applications, and facility inspections shall be deposited in the Fish and Game Preservation Fund. The department shall annually identify the amount collected for each type of permit, permit application, or inspection for which a fee is collected.

SEC. 5. Section 2150.2 of the Fish and Game Code is repealed.

SEC. 6. Section 2150.2 is added to the Fish and Game Code, to read:

2150.2. The department shall establish fees for permits, permit applications, and facility inspections in amounts sufficient to cover the costs of administering, implementing, and enforcing this chapter.

SEC. 7. Section 2150.4 of the Fish and Game Code is amended to read:

2150.4. (a) Consistent with Section 3005.91, the department or an eligible local entity shall inspect the wild animal facilities, as determined by the director's advisory committee, of each person holding a permit issued pursuant to Section 2150 authorizing the possession of a wild animal.

(b) In addition to the inspections specified in subdivision (a), the department or an eligible local entity, pursuant to the regulations of the commission, may inspect the facilities and care provided for the wild animal of any person holding a permit issued pursuant to Section 2150 or the facilities and care provided for any wild animal in any zoo, for the purpose of determining whether the animal is being cared for in accordance with all applicable statutes and regulations. The department or the eligible local entity, whichever conducts the inspection, shall collect an inspection fee, in an amount determined by the department pursuant to Section 2150.2. If the eligible local agency conducts the inspection, it shall transmit the fee to the department.

SEC. 8. Section 2150.5 is added to the Fish and Game Code, to read:

2150.5. (a) The department shall, on or before May 1, 1991, establish, and thereafter keep current, written policies and procedures to implement the animal housing, possession,
