CHAPTER 191

An act to make an appropriation in augmentation of Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1989, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor July 2, 1990. Filed with Secretary of State July 2, 1990]

I am reducing the $304,669,000 appropriation from Item 9840-001-001 contained in Section 1 of Assembly Bill No 2563 by $5,511,000

The Department of Corrections has reduced their deficiency by $6 1 million due to a freeze on equipment purchases.

The Department of Food and Agriculture, however, has an additional deficiency of $589,000 incurred as a result of the Mexican Fruit Fly The net reduction is therefore $5,511,000

With this reduction, I approve Assemby Bill No 2563

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of three hundred thirty-two million four hundred forty-five thousand dollars ($332,445,000) is hereby appropriated for expenditure in the 1989–90 fiscal year in augmentation of, and for the purposes of, contingencies or emergencies as provided in Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1989, in accordance with the following schedule:

(1) Three hundred four million six hundred sixty-nine thousand dollars (304,669,000) from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

(2) Fifteen million seven hundred eight thousand dollars ($15,708,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(3) Twelve million sixty-eight thousand dollars ($12,068,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(b) The Director of Finance may withhold authorization for the expenditure of funds provided in this section until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. SEC. 3. Notwithstanding any other provision of law, on or before June 30, 1990, the Controller shall revert to the California Environmental License Plate Fund one million five hundred

thousand dollars ($1,500,000) of the unencumbered balance of the sum appropriated pursuant to subdivision (b) of Section 2 of Chapter 304 of the Statutes of 1988.

SEC. 4. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 192

An act to add Section 6103.12 to the Government Code, and to add Sections 17980.1, 17980.2, 17980.3, 17980.4, and 17980.5 to the Health and Safety Code, relating to housing.

[Approved by Governor July 2, 1990. Filed with Secretary of State July 2, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 6103.12 is added to the Government Code, to read:

6103.12. Section 6103 does not apply to any fee charged by a county clerk or county recorder, or clerk of the court, pursuant to Section 17980.1 or 17980.2 of the Health and Safety Code.

SEC. 2. Section 17980.1 is added to the Health and Safety Code, to read:

17980.1. (a) If a building is identified by a city, city and county, or county pursuant to Article 4 (commencing with Section 19160) of Chapter 2 of Part 3 of Division 13, or Section 8875.2 of the Government Code as being potentially hazardous to life in the event of an earthquake or is identified for any other reason to be hazardous to life in the event of an earthquake, an order requiring the building to be retrofitted to local building standards may be executed by the enforcement agency or its agents or contractors if all of the following conditions are satisfied:

(1) The hazardous condition is of a nature which would endanger the immediate health and safety of residents or the public in the event of an earthquake.

(2) The extent and nature of the hazardous condition is such that it could be corrected with the application of current technology.

(3) Any abatement order of the enforcement agency is not complied with or not so far complied with as the enforcement agency may regard as reasonable, within the time therein designated.

(b) If the owner does not comply with the abatement order within a reasonable time after issuance of the order, the enforcement agency may, as an alternative to any other remedy permitted under law, seek the remedy provided by this section if the court finds the owner in violation of the abatement order and finds that the abatement order was issued in order to correct a hazardous condition

which would endanger the immediate health and safety of residents or the public in the event of an earthquake.

(c) After serving notice upon the owner not less than 48 hours prior to the filing of the application in accordance with the procedures for notice specified by this subdivision, the enforcement agency, in accordance with this section, Sections 17980.1 to 17980.3, inclusive, and Chapter 5 (commencing with Section 564) of Title 7 of Part 2 of the Code of Civil Procedure, may thereafter apply to the superior court in the county where the property is situated by petition for an order directing the owner and any mortgagees or lienors of record to show cause why an individual or group as proposed by the enforcement agency should not be appointed as a receiver, and why the receiver should not remove or remedy the condition and obtain a lien, as provided in Section 17980.2, in favor of the enforcement agency against the property, with the lien having the priority as specified in subdivision (b) of Section 17980.2, to secure repayment of the costs incurred by the receiver in removing or remedying the condition. The application shall contain all of the following:

(1) Proof by affidavit that an abatement order of the enforcement agency has been issued and served on the owner, mortgagees, and lienors in accordance with this section, and that the notice containing the same particulars as are required in the abatement order, including the work to be done, has been filed in the office of the county recorder in which mechanic's liens affecting the property would be filed.

(2) A statement that the abatement order has not been complied with or not so far complied with as the enforcement agency may regard as reasonable within the time period therein designated.

(3) A statement that a condition which constitutes a serious earthquake hazard and is a serious threat to life, health, or safety continues to exist upon the property, and a description of the property and the factors constituting the unsafe condition.

(4) A plan describing how the receiver shall perform the required work, and how rents, issues, and profits shall be collected and distributed among the owner, mortgagee, lienor, and enforcement agency or receiver, and including an estimate as to the costs of the required work, the approximate time by which the repairs will be completed, a statement as to whether a displacement of any occupant is required, and provisions regarding assistance for displaced occupants.

(d) The order to show cause shall be returnable not less than five days after service is completed and shall provide for personal service of a copy thereof and the papers on which it is based on the owners and mortgagees of record and lienors. Alternative service may be made upon the owner by posting upon the property and thereafter mailing to the owner at the last known address, and upon the mortgagee or lienor by mailing to the address set forth in the recorded mortgage or lien and by publication in a newspaper of

general circulation in the county where the premises are located. The service shall be completed on filing proof of service thereof in the office of the county clerk.

(e) On the return of the order to show cause, the proceeding regarding that order shall have precedence over every other business of the court, unless the court finds that some other pending proceeding, having a similar statutory precedence, shall have priority. If the court finds good cause therefor, and finds that the cost of repairs, when added to any encumbrances on the building, shall not exceed the projected value of the building when repaired, then the court shall appoint a receiver named in the application or another person deemed appropriate, in accordance with this section and Section 17980.2. However, prior to the appointment of a receiver, if the owner or any mortgagee or lienor or other person having an interest in the property applies to the court to be permitted to remove or remedy the conditions, and demonstrates the ability promptly to undertake the work required, and posts security for the performance thereof within the time, and in the amount and manner deemed necessary by the court, then the court may, in lieu of appointing the receiver, issue an order permitting that person to perform the work within a time fixed by the court.

(f) If the conditions have not been satisfactorily remedied or removed within the time fixed in the abatement order, then the court shall appoint a receiver. If, after granting a court order permitting a person to perform the work, but before the time fixed by the court for the completion thereof, it appears to the enforcement agency that the person permitted to do the work is not proceeding in a timely fashion, the enforcement agency may petition the court for a hearing to determine whether a receiver should be appointed immediately. On the failure of the owner, mortgagee, lienor, or other person having an interest in the property to complete the work in accordance with the provisions of the order, the costs of the receiver thereafter appointed in removing or remedying the condition, and for other charges herein provided for, shall be reimbursed, paid, or made subject to a lien pursuant to Section 17980.2, or any combination of these.

(g) Upon the appointment of a receiver by the court, which shall include the posting of a bond by the receiver, pursuant to subdivision (b) of Section 567 of the Code of Civil Procedure, a copy of the order making the appointment, authenticated by a certificate of the clerk of the court and particularly describing the property which is subject to the receivership, shall be recorded in each county in which any portion of the land is located.

(h) In addition to the powers specifically requested by the enforcement agency for the receiver, the receiver shall be authorized to employ attorneys, accountants, contractors, architects, engineers, and other clerical and professional personnel to assist the receiver in the performance of these duties and responsibilities.

(i) Notwithstanding Section 6103 or 27383 of the Government

Code, a county clerk or county recorder, or clerk of the court may charge a fee to any party, including a public agency, for the cost, incurred pursuant to this section, of filing, recording, or authentication of documents at the request of that party.

SEC. 3. Section 17980.2 is added to the Health and Safety Code, to read:

17980.2. (a) If the enforcement agency, in accordance with Section 17980.1, shall desire that the receiver obtain a lien for costs incurred in connection therewith in favor of the enforcement agency, the enforcement agency, within five days after the service of the abatement order upon the owner, shall serve a copy of the abatement order upon the lienor and mortgagee of record personally or by registered mail, return receipt requested, at the address set forth in the recorded mortgage or lien. A notice addressed to the mortgagee and lienor shall be appended to the copy of the abatement order, stating that in the event the unsafe conditions are not removed or remedied in the manner and within the time specified in the abatement order, the enforcement agency may apply to the superior court for an order to show cause why a receiver shall not be appointed.

(b) The enforcement agency or a receiver appointed pursuant to this section and Section 17980.1 may record a lien against the real property on which the building is located for the expenses necessarily incurred in the execution of the abatement order, for work done in carrying out the abatement order, and for the costs incurred by the county recorder in recording the lien. Notwithstanding Section 6103 or 27383 of the Government Code, the county recorder may charge a fee to any party for the cost, incurred pursuant to this section, of recording the lien at the request of that party. Liens authorized by this subdivision shall specify the amount of the lien, the name of the agency or agencies on whose behalf the lien is imposed, the date of the abatement order or the order of the court which required the work to be done, the name of the receiver, if any, appointed pursuant to Section 17980.1, and the legal description assessor's parcel number, and the record owner of the real property. The lien shall be recorded in the office of the county recorder of any county in which all or any portion of the real property is located, and from the date of recording shall have the force, effect, and priority of a judgment lien. The enforcement agency may defer payment of the lien until the property is sold or the enforcement agency may require that the lien be paid in installments. The amount of the lien authorized by this subdivision shall in no event exceed the reasonable costs of repair, as determined pursuant to Section 17980.3. Nothing in this section or in Section 17980.3 shall authorize the forced sale of the property to secure payment of the judgment lien.

(c) Whenever the enforcement agency has incurred expense for which payment is due under this section, Section 17980.3, or 17980.4, the enforcement agency may institute and maintain a suit against the

owner of the building, and may recover the amount of that expense. In any case where expenditures have been made, or obligations incurred, by a receiver pursuant to Section 17980.3, and these are not paid or reimbursed from rents and income of the building, the receiver may institute and maintain a suit against the owner to recover the deficiency. Upon the awarding of a money judgment in any action authorized by this section, until the same is paid or discharged, the judgment shall be a lien like other judgments, pursuant to Chapter 2 (commencing with Section 697.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(d) Unless, within six months after actual notice, proceedings to discharge the lien are undertaken by the party against whom, or against whose premises, a lien is claimed, the filing shall, as to all persons having actual notice, become conclusive evidence that the amount claimed in the lien, with interest, is due, and is a just lien upon the premises.

(e) Where there is more than one owner, except as the owners may have otherwise mutually agreed, any owner who removes or remedies the unsafe condition shall be entitled to recover a proportionate share of the total expense of the compliance from all other owners to whom the abatement order was issued.

SEC. 4. Section 17980.3 is added to the Health and Safety Code, to read:

17980.3. (a) Any receiver appointed pursuant to this section shall have all of the powers and duties conferred by this section, and Sections 17980.1 and 17980.2, and shall have the powers and duties of a receiver appointed in an action to foreclose a mortgage on real property, as provided in Chapter 5 (commencing with Section 564) of Title 7 of Part 2 of the Code of Civil Procedure. The receiver, with all reasonable speed, shall remedy the unsafe condition and remove all the delinquent matters and deficiencies in the building, as specified in the abatement order. Unless otherwise ordered by the court, the receiver shall have the power to let contracts therefor or incur expenses in accordance with the provisions of local laws, ordinances, rules, or regulations applicable to contracts for public works.

(b) If the conditions of the premises and repairs thereto significantly interfere with the peaceful enjoyment or safe and sanitary use of the premises by any tenant, the receiver shall arrange for comparable temporary housing which is decent, safe, and sanitary for each tenant required to be relocated. The receiver shall pay relocation costs to each tenant as provided in Section 7262 of the Government Code. The costs shall be limited to the time that the premises are being repaired. The receiver shall mail to the owner and tenants at least 30 days prior to completion of the repairs a notice that the unit will be available for occupancy. The tenant shall have 14 days from the date the receiver's notification was mailed to notify the landlord of his or her intent to reoccupy the dwelling unit. The tenant shall have seven days to reoccupy the unit once the unit is

deemed habitable. Failure of the tenant to notify the owner and receiver of the tenant's intent to reoccupy the unit shall extinguish this right to reoccupy.

(c) The receiver shall be entitled to the same fees, commissions, and necessary expenses as receivers in actions to foreclose mortgages. These fees and commissions shall be paid into any fund created pursuant to Section 17980.5. The receiver shall be liable only in the receiver's official capacity for injury to person and property by reason of conditions of the premises in a case where an owner would have been liable. The receiver shall not be liable in the receiver's personal capacity. Upon the request of the receiver, the enforcement agency or the department, or both, shall make their personnel and facilities available to the receiver for the purpose of carrying out the receiver's duties as the receiver, and the cost of these services shall be deemed a necessary expense of the receiver.

(d) The receiver shall be discharged upon rendering a full and complete accounting to the court when the condition has been removed and the cost thereof and all other costs authorized by this section have been paid, reimbursed, or made subject to a lien pursuant to subdivision (b) of Section 17980.2, or any combination of these. Upon the removal of the condition, the owner, the mortgagee, or any lienor may apply for the discharge of the receiver of all moneys not expended by the receiver for removal of the condition and all other costs authorized by this section.

SEC. 5. Section 17980.4 is added to the Health and Safety Code, to read:

17980.4. (a) Whenever the enforcement agency sues for the expenses involved in the execution of any order, it may join in the same suit and claim any civil remedy for the violation of any provisions of this chapter. Joint or several judgments may be had against one or more of the defendants in the suit, as they or any of them may be liable in respect of all or any of these claims. The expenses of executing the order, and any judgment in any abatement suit provided for in this chapter, and the several judgments that may be recovered for any of these expenses and judgments, until the same are paid or discharged, shall be a lien like other judgments, pursuant to Chapter 2 (commencing with Section 697.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(b) Nothing in this section or in Sections 17980.1 to 17980.3, inclusive, shall be deemed to relieve the owner of any civil or criminal liability incurred or any duty imposed by reason of acts or omissions of the owner prior to the appointment of any receiver, nor shall anything contained to those sections be construed to suspend during the receivership any obligation of the owner for the payment of taxes or operating and maintenance expenses of the dwelling or any obligation of the owner or any other person for the payment of mortgages or liens. The remedies pursuant to this section or Sections 17980.1 to 17980.3, inclusive, shall be in addition to any other remedies provided by law.

SEC. 6. Section 17980.5 is added to the Health and Safety Code, to read:

17980.5. The local enforcement agency may establish and maintain a special fund for the purpose of implementing Sections 17980.1 to 17980.4, inclusive.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 193

An act to amend Section 1722 of the Civil Code, relating to contracts.

[Approved by Governor July 5, 1990. Filed with Secretary of State July 5, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1722 of the Civil Code is amended to read:

1722. (a) (1) Whenever a contract is entered into between a consumer and a retailer with 25 or more employees relating to the sale of merchandise which is to be delivered by the retailer or the retailer's agent to the consumer at a later date, and the parties have agreed that the presence of the consumer is required at the time of delivery, the retailer shall specify either at the time of the sale or at a later date a four-hour time period within which any delivery shall be made. Once a delivery time is established, the retailer or the retailer's agent shall deliver the merchandise to the consumer within that four-hour period.

(2) If the merchandise is not delivered within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the retailer, the consumer may bring an action in small claims court against the retailer for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the consumer was not present at the time, within the specified period, when the retailer or the retailer's agent attempted to make the delivery or made a diligent attempt to notify the consumer of its inability to do so because of unforeseen or unavoidable occurrences beyond its control.

(4) In any small claims action, logs and other business records

maintained by the retailer or the retailer's agent in the ordinary course of business shall be prima facie evidence of the time period specified for the delivery and of the time when the merchandise was delivered, or of a diligent attempt by the retailer or the retailer's agent to notify the consumer of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the consumer of the delay caused by unforeseen or unavoidable occurrences beyond the control of the retailer or the retailer's agent, or the retailer or the retailer's agent was unable to notify the consumer of the delay because of the consumer's absence or unavailability during the four-hour period, and, in either instance, the retailer or the retailer's agent makes the delivery within two hours of a newly agreed upon time or, if the consumer unreasonably declines to arrange a new delivery time.

(b) (1) Cable television companies shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying their subscribers by mail three times a year of this service. Whenever a subscriber contracts with a cable television company for a service connection or repair, and the parties have agreed that the presence of the subscriber is required, the cable company shall specify the time for the commencement of the service connection or repair within the four-hour period if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the company, the subscriber may bring an action in small claims court against the company for lost wages, expenses actually incurred or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the company attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the company or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and the time that the company or its agents attempted to make the service connection or repair, or of a diligent attempt by the company to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the company or its agents, or the company or its agents was unable to notify the subscriber because of the subscriber's absence or unavailability

during the four-hour period, and, in either instance, the cable television company commenced service or repairs within a newly agreed upon two-hour period.

(6) No action shall be considered valid against a cable television company pursuant to this section when the franchise or any local ordinance provides the subscriber with a remedy for a delay in commencement of a service connection or repair and the subscriber has elected to pursue that remedy. If a subscriber elects to pursue his or her remedies against a cable television company under this section, the franchising or state or local licensing authority shall be barred from imposing any fine, penalty, or other sanction against the company, arising out of the same incident.

(c) (1) Utilities shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying the subscriber by mail three times a year of this service. Whenever a subscriber contracts with the utility for a service connection or repair, and the parties have agreed that the presence of the subscriber is required, the utility shall specify the time for the commencement of the service connection or repair within the four-hour period if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable circumstances beyond the control of the utility, the subscriber may bring an action in small claims court against the utility for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the utility attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the utility or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and of the time that the utility attempted to make the service connection or repair, or of a diligent attempt by a utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made by the utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the utility, and the utility commenced service within a newly agreed upon two-hour period.

(d) Any provision of a delivery or service contract in which the consumer or subscriber agrees to modify or waive any of the rights afforded by this section shall be void as contrary to public policy.

CHAPTER 194

An act relating to contingencies or emergencies, and making an appropriation therefor, to take effect immediately, usual current expenses.

The people of the State of California do enact as follows:

(a) Notwithstanding any other provision of law, the sum of ninety-five million twenty-three thousand dollars ($95,023,000) is hereby appropriated from the General Fund to the State Director of Health Services for expenditure in the 1990–91 fiscal year for the funding of Medi-Cal benefits and services for claims submitted during the 1989–90 fiscal year.

(b) Notwithstanding any other provision of law, any and all federal funds which may legally be expended in the 1990–91 fiscal year for the funding of Medi-Cal benefits and services for claims submitted during the 1989–90 fiscal year are hereby appropriated from the Federal Trust Fund to the State Director of Health Services for that purpose.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

(c) A program of nondiagnostic general health assessment which fails to meet the requirements set forth in subdivisions (a) and (b) shall not operate.

(d) For purposes of this section, "skin puncture" means the collection of a blood specimen by the finger prick method only and does not include venipuncture, arterial puncture, or any other procedure for obtaining a blood specimen.

(e) Nothing in this chapter shall be interpreted as prohibiting a licensed clinical laboratory from operating a program of nondiagnostic general health assessment provided that the clinical laboratory complies with the requirements of this section.

SEC. 5. Section 1244.1 is added to the Business and Professions Code, to read:

1244.1. Thirty days prior to operating a program of nondiagnostic general health assessment, the entity or person operating that program shall file the following documentation with the local health officer in each county in which the program shall operate:

(a) The location of the program, the type and kind of nondiagnostic general health assessments being conducted, the dates and times of operation of programs, and evidence that the program shall be operated in compliance with Section 1244.

(b) The local health officer shall be notified in writing of any changes to occur in locations, dates, or times indicated in the documentation required in subdivision (a). The local health officer shall be notified of any changes at least 24 hours prior to the program operating at the different locations, dates, or times.

SEC. 6. Section 1244.3 is added to the Business and Professions Code, to read:

1244.3. Responsibility for enforcement of Sections 1244 and 1244 1 shall be with the local health officer or his or her authorized designee, including public health laboratory directors. Nothing in this section shall prevent the department from using any necessary enforcement actions for the protection of the public health and safety.

SEC. 7. Section 1244.4 is added to the Business and Professions Code, to read:

1244.4. Any fee for the filing of documentation and related enforcement activities pursuant to Section 1244, 1244.1, and 1244.3 shall be determined by the local enforcement agency and shall not exceed one hundred dollars ($100) except that those fees shall be

adjusted annually by any annual increase in the California Consumer Price Index as determined pursuant to Section 2212 of the Revenue and Taxation Code. All moneys collected as fees pursuant to this section shall be deposited in the appropriate city, county, or city and county treasury and shall only be expended in carrying out Sections 1244, 1244.1, and 1244.3.

SEC. 8. Section 1275 is added to the Business and Professions Code, to read:

1275. The department shall develop and implement regulations for continuing education for persons licensed pursuant to this chapter on or before January 1, 1992, after consulting with the multidisciplinary committee established pursuant to Section 1228, and other appropriate organizations. On and after January 1, 1994, the department shall require not more than 12 hours of continuing education annually as a condition for renewal of a license issued under this chapter. The department may establish a fee for the implementation of this section, the total fees collected not to exceed the total costs to the program for the implementation of this requirement.

SEC. 9. Section 1282 of the Business and Professions Code is amended to read:

1282. It is unlawful for any person to engage in clinical laboratory practice in a clinical laboratory unless he or she is a duly licensed physician and surgeon or is duly authorized to do so under this chapter.

SEC. 10. Section 1301.1 is added to the Business and Professions Code, to read:

1301.1. Notwithstanding any other provision of this chapter, the department may establish such license periods and renewal dates for all licenses issued under this chapter in a manner as to best distribute the license renewal process throughout a given year, or longer period, if necessary, to permit the most efficient and economical use of the department's personnel and equipment. To the extent practical, provision shall be made for the proration or other fee adjustments in a manner that no licensee shall be required to pay a greater or lesser fee than he or she would have been required to pay if the change in license periods or renewal dates had not occurred.

SEC. 11. The Legislature finds that there are approximately 25,000 persons licensed under Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code, who perform critical medical laboratory testing in such areas as blood transfusion services, AIDS (acquired immune deficiency syndrome), and drug abuse. The development of new procedures necessitates licensees to continually update their knowledge.

The Legislature further finds that there is considerable legislative concern on both the national and state levels that the public receive quality laboratory tests. Several states require continuing education as a condition for relicensure.

The Legislature, therefore, finds and declares that mandatory

continuing education in California should be a requirement for the renewal or licenses issued under Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by other provisions of this act.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Lack of oversight and consistent regulation present a tragic health concern which must be alleviated as quickly as possible.

CHAPTER 196

An act to amend Section 805 of the Business and Professions Code, and to amend Section 1157 of the Evidence Code, relating to healing arts.

[Approved by Governor July 9, 1990. Filed with Secretary of State July 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 805 of the Business and Professions Code is amended to read:

805. (a) As used in this section, the following terms have the following definitions:

(1) "Peer review body" includes:

(A) A medical or professional staff of any licensed health care facility licensed under Division 2 (commencing with Section 1200) of the Health and Safety Code, of a designated postsurgical recovery care demonstration project authorized under Section 1250.9 of the Health and Safety Code, or of a facility certified to participate in the federal Medicare program as an ambulatory surgical center.

(B) A health care service plan registered under Chapter 2.2

(commencing with Section 1340) of Division 2 of the Health and Safety Code or a nonprofit hospital service plan regulated under Chapter 11a (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code.

(C) Any medical, psychological, dental, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(D) Any entity consisting of or employing more than 25 licentiates of the same class.

(2) "Licentiate" means a physician and surgeon, podiatrist, clinical psychologist, or dentist.

(3) "Agency" means the relevant state licensing agency having regulatory jurisdiction over the licentiates listed in paragraph (2).

(4) "Staff privileges" means any arrangement under which a licentiate is allowed to practice in or provide care for patients in a health facility. Those arrangements shall include, but are not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractual arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(5) "Denial or termination of staff privileges, membership, or employment" includes failure or refusal to renew a contract or to renew, extend, or reestablish any staff privileges, when the action is based on medical disciplinary cause or reason.

(6) "Medical disciplinary cause or reason" means that aspect of a licentiate's competence or professional conduct which is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

(7) "805 report" means the written report required under subdivision (b).

(b) The chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any health care facility shall file an 805 report with the relevant agency whenever any of the following actions are taken as a result of a determination of a peer review body:

(1) A licentiate's application for staff privileges or membership is denied or rejected for a medical disciplinary cause or reason.

(2) A licentiate's membership, staff privileges, or employment is terminated or revoked for a medical disciplinary cause or reason.

(3) Restrictions are imposed, or voluntarily accepted, on staff privileges, membership, or employment for a cumulative total of 30 days or more for any 12-month period, for a medical disciplinary cause or reason.

In addition to the duty to report as set forth in paragraphs (1), (2)

and (3), the peer review body also has a duty to report under this section a licentiate's resignation or leave of absence from membership, staff, or employment following notice of an impending investigation based on information indicating medical disciplinary cause or reason.

The 805 report shall be filed within 30 days after the effective date of the denial, termination, restriction, resignation, or leave of absence or after the exhaustion of administrative procedures, without regard to any filing for judicial review.

An 805 report shall also be filed within 30 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.

A copy of the 805 report, and a notice advising the licentiate of his or her right to submit additional statements or other information pursuant to Section 800, shall be sent by the peer review body to the licentiate named in the report.

The information to be reported in an 805 report shall include the name of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.

A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

In those instances where another peer review body is required to file an 805 report, a health care service plan or nonprofit hospital service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason.

(c) The reporting required herein shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976. The Board of Medical Quality Assurance, the Board of Osteopathic Examiners, and the Board of Dental Examiners shall disclose reports as required by Section 805.5.

An 805 report shall be maintained by an agency for dissemination purposes for a period of three years after receipt.

(d) No person shall incur any civil or criminal liability as the result of making any report required by this section.

(e) Failure to make a report pursuant to this section is a misdemeanor punishable by a fine of not less than two hundred dollars ($200) nor more than one thousand two hundred dollars ($1,200).

(f) A peer review body described in subparagraph (D) of paragraph (1) of subdivision (a) shall establish a committee for the purpose of reviewing the quality of professional care provided by members or employees of that body.

SEC. 2. Section 1157 of the Evidence Code is amended to read:

1157. (a) Neither the proceedings nor the records of organized committees of medical, medical-dental, podiatric, registered dietitian, psychological, or veterinary staffs in hospitals, or of a peer review body, as defined in Section 805 of the Business and Professions Code, having the responsibility of evaluation and improvement of the quality of care rendered in the hospital, or for that peer review body, or medical or dental review or dental hygienist review or chiropractic review or podiatric review or registered dietitian review or veterinary review committees of local medical, dental, dental hygienist, podiatric, dietetic, veterinary, or chiropractic societies, or psychological review committees of state or local psychological associations or societies having the responsibility of evaluation and improvement of the quality of care, shall be subject to discovery.

(b) Except as hereinafter provided, no person in attendance at a meeting of any of those committees shall be required to testify as to what transpired at that meeting.

(c) The prohibition relating to discovery or testimony does not apply to the statements made by any person in attendance at a meeting of any of those committees who is a party to an action or proceeding the subject matter of which was reviewed at that meeting, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits.

(d) The prohibitions in this section do not apply to medical, dental, dental hygienist, podiatric, dietetic, psychological, veterinary, or chiropractic society committees that exceed 10 percent of the membership of the society, nor to any of those committees if any person serves upon the committee when his or her own conduct or practice is being reviewed.

(e) The amendments made to this section by Chapter 1081 of the Statutes of 1983, or at the 1985 portion of the 1985–86 Regular Session of the Legislature, or at the 1990 portion of the 1989–90 Regular Session of the Legislature, do not exclude the discovery or use of relevant evidence in a criminal action.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 197

An act to add Section 7532.5 to the Public Utilities Code, relating to railroads.

[Approved by Governor July 9, 1990 Filed with Secretary of State July 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The abandonment or discontinuance of intermodal rail freight service to communities has the potential to disrupt the economy of those areas. The degree of economic disruption is such that local communities and shippers who utilize rail facilities in those communities need advance notice of a proposed abandonment or discontinuance, so that they may respond appropriately.

(b) The abandonment or discontinuance of intermodal rail freight service may have a significant impact on the environment, including the degradation of air quality.

(c) The abandonment or discontinuance of intermodal rail freight service may have significant consequences for the energy policy of the State of California.

SEC. 2. Section 7532.5 is added to the Public Utilities Code, to read:

7532.5. (a) Every railroad corporation that intends to abandon, or discontinue service on, any spur, industrial, team, switching, or side track providing intermodal service to any community or shipper shall file an application with the commission and furnish notice of its intent to the affected community and shippers at least 90 days prior to the filing of the application.

(b) If the abandonment of, or discontinuance of service on, any spur, industrial, team, switching, or side track has been protested in writing by any affected shipper or community, and the protest makes a prima facie showing that the abandonment or discontinuance of service will have a substantial adverse impact on the affected community or on any affected shipper, the commission shall hold a public hearing in the affected area prior to authorizing the abandonment of, or discontinuance of service on, any spur, industrial, team, switching, or side track used by a railroad corporation to provide intermodal service.

(c) Prior to authorizing the abandonment of, or discontinuance of service on, any spur, industrial, team, switching, or side track used by a railroad corporation to provide intermodal service, the

commission shall find all of the following:

(1) The degree to which the facility in question is profitable.

(2) Whether that abandonment or discontinuance will have an adverse impact on the environment.

(3) Whether that abandonment or discontinuance will have an adverse impact on the affected community or shippers. In making this determination, the commission may take into account the availability of alternative transportation services.

CHAPTER 198

An act to amend Sections 9, 61, and 63 of Chapter 375 of the Statutes of 1986, relating to the Coast Life Support District.

[Approved by Governor July 9, 1990 Filed with Secretary of State July 10, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 9 of Chapter 375 of the Statutes of 1986 is amended to read:

Sec. 9. (a) Except as provided in subdivisions (b) and (c), following the formation of the district, the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code) shall govern any change of organization.

(b) No single change of organization which includes annexation of territory to, or detachment of territory from, the district shall include territory in both Mendocino and Sonoma Counties.

(c) "Principal county" pursuant to Section 56066 of the Government Code shall be Mendocino County for actions which affect territory which is located in Mendocino County and shall be Sonoma County for actions which affect territory which is located in Sonoma County.

SEC. 2. Section 61 of Chapter 375 of the Statutes of 1986 is amended to read:

Sec. 61. (a) Except as otherwise provided in this section, the board of directors shall let any contract involving an expenditure of more than ten thousand dollars ($10,000) for work to be done or for materials and supplies to be furnished, sold, or issued to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids.

(b) Bids need not be secured for change orders which do not materially change the scope of the work as set forth in a contract previously made if the contract was made after compliance with bidding requirements, and if each individual change order does not total more than 5 percent of the total contract for the purchase of materials or supplies or more than 5 percent of the annual cost of

multiyear contracts for the purchase of services.

(c) Nothing in this section shall prevent the district from participating as a member of any organization described in Section 23704 of the Revenue and Taxation Code, nor shall this section apply to any purchase made, or services rendered, by the organization on behalf of the district which is a member of the organization.

SEC. 3. Section 63 of Chapter 375 of the Statutes of 1986 is amended to read:

Sec. 63. The board of directors may, without following the bidding provisions in Section 61, let contracts for work to be done or for materials, equipment, and supplies to be furnished, sold, or leased to the district, upon written finding by the board of directors that an emergency exists warranting such expenditures due to fire, flood, storm, epidemic, failure of a contractor to perform, accident, or other situation and is necessary to protect the public health, safety, welfare, or property.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 199

(b) Within six months after giving the notice required by

subdivision (a), conduct at least three public meetings in the affected geographical area to give affected subscribers an opportunity to be heard on the potential impact of the proposal, to discuss measures that may be taken to mitigate any potential disruptions, and to discuss measures that may be taken to reduce any economic hardships experienced by subscribers and customers, including subscribers and customers with directory listings.

(c) Give written notice of the specific geographic area to be included in the new area code to all affected subscribers and the Public Utilities Commission at least 15 months prior to the time the corporation proposes to commence the use of the new area code, together with the options available to a subscriber through the telephone corporation to mitigate any disruption to his or her telephone service.

7931. Whenever a telephone corporation establishes a new area code, it shall do both of the following:

(b) Subsequent to the transitional period provided in subdivision (a) and for at least the next six months, if prefix codes are available, permit callers, without charge, when the old area code is dialed, to reach a recorded announcement that will inform the caller of the new area code.

7932. The rate structure of any call originating in or made to an area code shall not change with the split of an area code into two or more area codes, regardless of the number of digits dialed.

SECTION 1. Section 77301 of the Government Code is amended to read:

77301. A county shall notify the state of its decision to opt into the system by transmitting to the Controller a resolution, agreeing without qualification or condition to be bound by the provisions of this chapter in consideration for state funding of trial courts in that county.

However, in a county having only one superior court judge, no municipal court judge, and only one justice court judge who serves less than one-fifth time, as determined by the Judicial Council, only the superior court judge may so sign and certify for the judges of the county.

The option notification for the second half of the 1988–89 fiscal year shall be deemed effective on January 1, 1989. In subsequent years, the option notification shall become effective for the full fiscal year on the July 1 following notification, if sufficient moneys have been appropriated in the Budget Act for that fiscal year to adequately fund the program.

CHAPTER 202

An act to amend Sections 70047, 73344, 73348, 73350, 73351, 73353.2, 73355, and 73358 of, and to repeal and add Section 73353 to, the Government Code, relating to courts.

[Approved by Governor July 10, 1990 Filed with Secretary of State July 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 70047 of the Government Code is amended to read:

70047. (a) In Contra Costa County, the annual salary of each regular official reporter shall be based on a four-step salary plan as established by joint action and approval of the board of supervisors and a majority of the judges of the court with one-year increments as provided in Section 73348. The step of entry shall be step one. However, the judges of the court may appoint any such reporter to a duly allocated exempt position at a higher step if, in the opinion of the appointing judge, an individual to be appointed has the experience and qualifications to entitle that individual to a higher initial step, but in no case may the initial salary be above the third step of the salary range. Official reporters shall advance to the next higher step on the salary plan annually, upon affirmative approval of the appointing authority. The compensation of each official reporter pro tempore shall be at a rate which is the equivalent of the daily wage of the first step in the salary range for full-time official reporters in Contra Costa County for each day such reporter is on duty under order of the court.

(b) During the hours which the court is open for the transaction of the judicial business, the regular official reporter shall perform the duties required by law. When not engaged in the performance of any other duty imposed upon him or her by law, he or she shall render stenographic or clerical assistance to the judge of the court to which he or she is assigned as that judge may direct.

(c) The board of supervisors shall adjust the salary of regular official reporters as part of its regular review of county employee compensation. The adjustment shall be to that salary level closest to the average percentage adjustment in basic salaries of the county classes of superior court clerk, legal clerk, secretary, and clerk (experienced level), and shall be effective on the same date.

(d) In addition to any fee otherwise required, in civil trials that last longer than one judicial day, a fee equal to the per diem rate for official reporters pro tempore shall be charged per day of service to the parties, on a pro rata basis, for the services of an official reporter for the second and each succeeding day a reporter is required.

(e) In addition to any fee otherwise required, in civil cases in which the court orders a daily transcript necessitating the services of

two phonographic reporters, the party requesting the daily transcript shall pay a fee equal to the per diem rate for official reporters pro tempore for each day of service rendered by the second reporter, for the first and each successive day of trial.

(f) All parties shall deposit their pro rata share of such fees with the clerk at the beginning of the second and each succeeding day's court session.

(g) The fees shall be taxed as costs in favor of any party paying the same and to whom costs are awarded by the judgment of the court. Such fee is not subject to Section 6103.

SEC. 2. Section 73344 of the Government Code is amended to read:

73344. Pursuant to Section 72194, the judges of the court may appoint as many additional reporters as the business of the court requires, who shall be known as official reporters pro tempore. They shall serve without salary but shall receive as compensation a fee which shall be the equivalent of the daily wage of the first step in the salary range for full-time official reporters in Contra Costa County as provided for by Section 73348 for each day that reporter is on duty under order of the court.

SEC. 3. Section 73348 of the Government Code is amended to read:

73348. (a) In Contra Costa County, the annual salary of each regular official reporter shall be based on a four-step salary plan with one-year increments as follows:

Step 1. Forty thousand seven hundred eighty-eight dollars ($40,788).

Step 2. Forty-two thousand eight hundred sixteen dollars ($42,816).

Step 3. Forty-four thousand nine hundred sixty-four dollars ($44,964).

Step 4. Forty-seven thousand two hundred eight dollars ($47,208).

The step of entry to the above schedule shall be Step 1. However, the judges of the court may appoint a court reporter to a duly allocated exempt position at a higher step if, in the opinion of the appointing judge, an individual to be appointed has the experience and qualifications to entitle that individual to the higher initial step, and if the higher initial salary has the approval of the presiding judge of the court and the board of supervisors, but in no case may the initial salary be above the third step of the salary range. Except as provided below, official reporters shall advance to the next higher step on the salary plan annually. The compensation of each official reporter pro tempore shall be at a rate which is the equivalent of the daily wage of the first step in the salary range for full-time official reporters in Contra Costa County for each day the reporter actually is on duty under order of the court which per diem rate shall apply when an official reporter is appointed pursuant to Section 869 of the Penal Code.

Irrespective of the step of the salary range to which initially

appointed, an official court reporter shall be eligible for advancement to the next higher step in the salary range after six months service, and thereafter shall advance on the salary range based on annual reviews.

(b) During the hours which the court is open for the transaction of the judicial business, the regular official reporter shall perform the duties required by law. When not engaged in the performance of any other duty imposed upon him or her by law, he or she shall render stenographic or clerical assistance to the judge of the court to which he or she is assigned as the judge may direct.

(c) The board of supervisors shall adjust the salary of regular official reporters as part of its regular review of county employee compensation. The adjustment shall be to that salary level closest to the average percentage adjustment in basic salaries of the county classes of superior court clerk, legal clerk, secretary, and clerk (experienced level). Any such reporter salary adjustment shall be effective on the same day as the effective date of the board's action as to all of the aforesaid county classifications, but for official reporters of each municipal court district shall be effective only until January 1 of the second year following the calendar year in which the adjustment is made. The compensation of each official reporter pro tempore shall remain at the rate specified in subdivision (a) for the days he or she actually is on duty until changed by the board of supervisors at the same time and on the same basis as regular official reporters.

[Approved by Governor July 10, 1990 Filed with Secretary of State July 10, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 40203.5 of the Vehicle Code is amended to read:

40203.5. The bail, penalties, and surcharges for parking violations under this article shall be established by a court pursuant to Section 1269b of the Penal Code and Chapter 12 (commencing with Section

76000) of Title 8 of the Government Code.

CHAPTER 204

An act to amend Section 411.35 of the Code of Civil Procedure, relating to liability.

[Approved by Governor July 10, 1990. Filed with Secretary of State July 10, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 411.35 of the Code of Civil Procedure is amended to read:

411.35. (a) In every action, including a cross-complaint for damages or indemnity, arising out of the professional negligence of a person holding a valid architect's certificate issued pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code, or of a person holding a valid registration as a professional engineer issued pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or a person holding a valid land surveyor's license issued pursuant to Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code on or before the date of service of the complaint on any defendant, the plaintiff's attorney shall file the certificate specified by subdivision (b).

(b) A certificate shall be executed by the attorney for the plaintiff or cross-complainant declaring one of the following:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one architect, professional engineer, or land surveyor who is licensed to practice and practices in this state or any other state, or who teaches at an accredited college or university and is licensed to practice in this state or any other state, in the same discipline as the defendant or cross-defendant and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action. The person consulted may not be a party to the litigation.

(2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after filing the complaint.

(3) That the attorney was unable to obtain the consultation

required by paragraph (1) because the attorney had made three separate good faith attempts with three separate architects, professional engineers, or land surveyors to obtain such consultation and none of those contacted would agree to such a consultation.

(c) Where a certificate is required pursuant to this section, only one certificate shall be filed, notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.

(d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur," as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a procedure or both, and for that reason is not filing a certificate required by this section.

(e) For purposes of this section, and subject to Section 912 of the Evidence Code, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the architect, professional engineer, or land surveyor consulted and the contents of the consultation. The privilege shall also be held by the architect, professional engineer, or land surveyor so consulted. If, however, the attorney makes a claim under paragraph (3) of subdivision (b) that he or she was unable to obtain the required consultation with the architect, professional engineer, or land surveyor, the court may require the attorney to divulge the names of architects, professional engineers, or land surveyors refusing the consultation.

(f) A violation of this section may constitute unprofessional conduct and be grounds for discipline against the attorney, except that the failure to file the certificate required by paragraph (1) of subdivision (b), within 60 days after filing the complaint and certificate provided for by paragraph (2) of subdivision (b), shall not be grounds for discipline against the attorney.

(g) The failure to file a certificate in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(h) Upon the favorable conclusion of the litigation with respect to any party for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the trial court may, upon the motion of a party or upon the court's own motion, verify compliance with this section, by requiring the attorney for the plaintiff or cross-complainant who was required by subdivision (b) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (b) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in an in-camera proceeding at which the moving party shall not be

present. If the trial judge finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees, incurred by another party as a result of the failure to comply with this section.

This section shall remain in effect only until January 1, 1992, and as of that date is repealed.

(i) For purposes of this section, "action" includes a complaint or cross-complaint for equitable indemnity arising out of the rendition of professional services whether or not the complaint or cross-complaint specifically asserts or utilizes the terms "professional negligence" or "negligence."

CHAPTER 205

(a) Twice the contributions he or she would have made to the retirement fund if he or she had been a member during the same length of time as that for which he or she has elected to receive credit as service, computed by applying the rate of contribution at the time of the election to the monthly compensation earnable by him or her at the time of the election pursuant to Section 31641.1, multiplied by the number of months for which he or she has elected to receive credit for county service, including time, if any, prior to the establishment of the system, and which will constitute current service under this system.

(b) The "regular interest" which would have accrued to the member contributions if they had been made on the date used to determine on what earnable compensation contributions pursuant to this section shall be based, from that date until the completion of payment of those contributions, computed at the current interest rate.

(c) The governing body by a four-fifths vote may provide that it shall make on behalf of officers and employees eligible to receive credit for prior service under this chapter, and who so elect prior to filing an application for retirement, part of the contributions specified in paragraphs (a) and (b) of this section. The contributions made by a governmental agency pursuant to this section shall be available only for purposes of retirement for service or for disability and a member resigning from county service shall be entitled to withdraw only that portion of his or her accumulated contributions made by him or her.

(d) This section shall only apply in counties of the third class, as established by Sections 28020 and 28024, as amended by Chapter 1204 of the Statutes of 1971, but it shall not apply in those counties unless and until it is adopted by a majority vote of the board of supervisors.

(2) The advertising space or time is purchased only in connection with events to be held on the premises of the arena owned or leased by the on-sale licensee.

(3) The on-sale licensee serves other brands of beer or wine in addition to the brand manufactured by the beer manufacturer or produced by the winegrower purchasing the advertising space or time.

(b) Any purchase of advertising space or time pursuant to subdivision (a) shall be conducted pursuant to a written contract entered into by the holder of the beer manufacturer's or winegrower's license and the on-sale licensee.

(c) Any holder of a beer manufacturer's license or winegrower's license who, through coercion or other illegal means, induces a holder of a beer or wine wholesaler's license to fulfill the contractual obligations entered into pursuant to subdivision (a) or (b) is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, or by a fine in an amount equal to the entire value of the advertising space or time involved in the contract plus ten thousand dollars ($10,000), or by both imprisonment and fine. The person shall also be subject to license revocation pursuant to Section 24200.

SEC. 2. This special act applicable to the County of Alameda and the County of San Mateo is necessary within the meaning of Section 16 of Article IV of the California Constitution because a unique situation exists in that racetracks are located in those counties that are owned by persons who are licensed as race track operators by the California Horse Racing Board and licensed to sell alcoholic beverages by the Alcoholic Beverage Control Board.

The people of the State of California do enact as follows:

SECTION 1. Section 2018 of the Code of Civil Procedure is amended to read:

2018. (a) It is the policy of the state to: (1) preserve the rights of attorneys to prepare cases for trial with that degree of privacy necessary to encourage them to prepare their cases thoroughly and to investigate not only the favorable but the unfavorable aspects of those cases; and (2) to prevent attorneys from taking undue advantage of their adversary's industry and efforts.

(b) Subject to subdivision (c), the work product of an attorney is not discoverable unless the court determines that denial of discovery will unfairly prejudice the party seeking discovery in preparing that party's claim or defense or will result in an injustice.

(c) Any writing that reflects an attorney's impressions,

conclusions, opinions, or legal research or theories shall not be discoverable under any circumstances.

(d) This section is intended to be a restatement of existing law relating to protection of work product. It is not intended to expand or reduce the extent to which work product is discoverable under existing law in any action.

(e) The State Bar may discover the work product of an attorney against whom disciplinary charges are pending when it is relevant to issues of breach of duty by the lawyer, subject to applicable client approval and to a protective order, where requested and for good cause, to ensure the confidentiality of work product except for its use by the State Bar in disciplinary investigations and its consideration under seal in State Bar Court proceedings. For purposes of this section, whenever a client has initiated a complaint against an attorney, the requisite client approval shall be deemed to have been granted.

(f) In an action between an attorney and his or her client or former client, no work product privilege under this section exists if the work product is relevant to an issue of breach by the attorney of a duty to the attorney's client arising out of the attorney-client relationship.

(2) When a party claimed to be in default is known by the party requesting the entry of default to be represented by an attorney, whether or not that attorney has formally appeared, a copy of the application shall also be sent to the attorney for the party claimed to be in default. Nothing in this section shall be construed to create any obligation to undertake any affirmative effort to determine the existence or identity of counsel representing the party claimed to be in default.

(3) If the whereabouts of a party claimed to be in default are unknown to the party requesting the entry of default and the identity of counsel for that party is also unknown to the requesting party, the application for entry of default shall so state.

(b) A default takes effect 10 days after the filing of the application for entry of default.

(c) A default may not take effect if the party claimed to be in default pleads or otherwise defends the action or proceeding prior

to the expiration of 10 days from the filing of the application for entry of default.

The areas of research may include, but are not limited to, engineering, computer science, biological sciences, and related basic sciences. These facilities may be leased or leased-purchased by the University of California.

(c) No certificates, revenue bonds, notes, or anticipation notes shall be issued, and no acquisition, construction, or renovation and the equipping for any public building or facility and related infrastructure authorized by this article shall be commenced or purchased, unless the Legislature, by statute, authorizes the total amount of certificates, revenue bonds, notes, or anticipation notes that may be used to finance that public building or facility and related infrastructure.

SEC. 4. Section 15820.185 of the Government Code is repealed.

SEC. 5. Article 5 (commencing with Section 15820.21) is added to Chapter 3.6 of Part 10b of Division 3 of Title 2 of the Government Code, to read:

construction, renovation, equipping, and maintenance of certain research facilities, or portions thereof, and related infrastructure and for the financing and refinancing of these projects.

(b) To the extent necessary, increases in revenues received by the University of California that are derived from increases in research due to each project shall be available to the Regents of the University of California and shall be used by the regents for the purpose of funding the capital costs, maintenance costs, and financing or refinancing thereof, provided that the project has been specifically identified by a statute that is effective no later than January 1, 1995. Revenue increases in excess of the amount necessary for these purposes shall be shared by the university and the state based on state and university budgetary policies.

(c) The capital costs, maintenance costs, and financing or refinancing of the buildings, facilities, or equipment described in this section shall be the responsibility of the regents and payable from university funds. For purposes of this section, "university funds" shall not include any funds appropriated from the state.

In addition, for each student who prepays an institution an amount in excess of four thousand dollars ($4,000), the council shall assess the institution one-half of 1 percent of the prepaid amount which exceeds four thousand dollars ($4,000). The council shall levy additional reasonable assessments only if they are required to ensure that sufficient funds are available to satisfy the anticipated costs of paying student claims pursuant to Section 94342. The assessments shall be paid into the State Treasury and credited to the appropriate account in the Student Tuition Recovery Fund, and the deposits shall be allocated, except as otherwise provided for in this chapter, solely for the payment of valid claims to students. Unless additional reasonable assessments are required, no assessments shall be levied during any fiscal year if, as of June 30 of the prior fiscal year, the balance in either account of the fund exceeds one million dollars ($1,000,000). The interest earned on money in the fund shall be credited to the fund. Institutions, except for schools of cosmetology licensed pursuant to Article 8 (commencing with Section 7390) of Chapter 10 of Division 3 of the Business and Professions Code, which meet the student tuition indemnification requirements of a California state agency, or which demonstrate to the council that an acceptable alternative method of protecting their students against loss of prepaid tuition has been established, shall be exempted from this section.

In the event of a closure by any approved institution under this chapter, any assessments which have been made against those institutions, but have not been paid into the State Treasury, shall be recovered, or any payments from the Student Tuition Recovery Fund made to students on behalf of any institution may be recovered from that institution, by appropriate action taken by the council. The moneys so deposited in the Student Tuition Recovery Fund shall be exempt from execution and shall not be the subject of litigation or liability on the part of creditors of those institutions or students.

(c) In Ventura County, up to 2 percent of the annual revenues shall be allocated to the Ventura County Transportation Commission for the transportation planning and programming process.

CHAPTER 214

An act to amend Section 2127 of the Streets and Highways Code, relating to transportation.

[Approved by Governor July 10, 1990. Filed with Secretary of State July 11, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 2127 of the Streets and Highways Code is amended to read:

2127. (a) (1) Except in the case of a city or county which has made an election pursuant to paragraph (2) or (3) of this subdivision, in order to receive any allocation pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, the city or county, as the case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received pursuant to Section 2126 or that Section 7, or both, during the fiscal year.

(2) A city or county may elect to expend during the two fiscal years that it receives an allocation, a total amount which is not less than twice the amount of its base year expenditure.

(3) A city may elect to expend during the two fiscal years that it receives an allocation and the following fiscal year, a total amount which is not less than three times the amount of its base year expenditure. This paragraph applies only to the Cities of Bakersfield, El Segundo, Novato, San Mateo, San Rafael, Santa Maria, Seal Beach, and Westminster. For the purposes of this paragraph, either actual expenditures or funds encumbered by contractual obligations in the 1987–88 fiscal year shall qualify as expenditures in the year after allocations are received.

(4) Any city, except the Cities of Bakersfield, El Segundo, Novato, San Rafael, and Santa Maria, or county making an election pursuant to paragraph (2) or (3) shall so notify the Controller by December 31, 1987, and a city or county which fails to do so shall be governed by paragraph (1).

(5) Any city or county with a population of 40,000 or less which makes an election pursuant to paragraph (2) or (3) and which expends funds pursuant to that election by October 30, 1988, shall be deemed to have notified the Controller pursuant to paragraph (4).

(6) This subdivision does not apply to a city or a county, including a city which filed a notice with the Controller pursuant to subdivision (g), with a population of 10,000 or less, as most recently determined by the Department of Finance.

(b) The amount allocated to a city or a county, as the case may be, shall be expended by October 30, 1988.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay, and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151. Any city or county, with a population of 100,000 or less as of October 1, 1986, which filed a notice with the Controller pursuant to subdivision (g), may elect to have its "base year expenditure" determined on the basis of its 1983–84 fiscal year expenditures. A city or county making this election shall so notify the Controller by December 31, 1987, and the election shall not be available to a city or county which does not so notify the Controller.

(2) If the sum of the revenue received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104(b) (2) and (6) and Sections 125 and 144 of Title 23, and Chapter 68 (commencing with Section 5121) of Title 42 of the United States Code, and from the federal Community Block Grant Program, the federal Revenue Sharing Program, and transit assistance funds from the Transportation Planning and Development Account, which was expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums. For purposes of this paragraph, "revenue received" means that percentage of the project expenditures or the maximum reimbursable amount of eligible project costs as agreed upon by the federal government and the local agency for those projects eligible under this paragraph.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, or both, the Controller shall audit the amount each county and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year. For amounts allocated to counties and cities for expenditure by October 30, 1988, the audit shall be completed by October 30, 1990.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a) or (b), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount, but the amount of the reduction shall not exceed the amount allocated to the city or county in each fiscal year that the city or county received funds pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

(g) In the case of a city or county which on or before October 1, 1986, files with the Controller a written notice declaring the inability of the city or county to comply with the matching requirement of subdivision (a), the Controller shall postpone the penalty provisions of paragraph (1) of subdivision (e) and shall not reallocate the funds, as provided for by subdivision (f), until September 1, 1987. The notice to the Controller shall contain all of the following:

(1) The amount of 1984–85 base year matching requirements as determined by the Controller's audit.

(2) The amount the local entity will fall short of the base year matching requirement.

(3) The reasons why the city or county is unable to meet the base year matching requirement.

(4) The amounts expended by the local entity on patching, overlay, sealing, and reconstruction of its street and highway system in fiscal years 1981–82, 1982–83, and 1983–84.

The Controller shall, by November 1, 1986, transmit to the Chairpersons of the Senate and Assembly Transportation Committees and the Joint Legislative Budget Committee the information submitted by counties and cities in the written notices provided for in this subdivision.

A city or county may exempt from the payment of these

fees the owner of a display identifying an achievement award, the name of a farm, or the name of a business for which the farm produces, if the display is located on an operating farm within an agricultural preserve established pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code), and if the city or county finds that the exemption will further the purposes of the agricultural preserve.

(b) The actual cost to the city or county may be fixed upon a determination of the total estimated reasonable cost. The amount of that cost and the fee to be charged is exclusively within the discretion of the city or county.

For purposes of this title, the seller is the person to whom the purchaser becomes contractually obligated. (*l*) "Initial cash payment" or "downpayment" means that portion of the initial payment which the purchaser is obligated to pay to the seller prior to or at the time of delivery of equipment, supplies, products, or services. It does not include any amount financed by or for which financing is to be obtained by the seller, or financing which the seller assists in obtaining.

If the owner refuses to refund the excess rent and if a court determines that the owner willfully or intentionally charged the tenant rent in excess of the certified lawful rent ceiling, the court shall award the tenant a judgment for the excess amount of rent and may treble that amount. The prevailing party shall be awarded attorney's fees and court costs.

(b) The remedy provided by this section shall not be construed to prohibit any other remedies available to any party affected by this section.

(b) The person who filed the pleading does not have the legal capacity to sue.

(c) There is another action pending between the same parties on the same cause of action.

(d) There is a defect or misjoinder of parties.

(e) The pleading does not state facts sufficient to constitute a cause of action.

(f) The pleading is uncertain. As used in this subdivision, "uncertain" includes ambiguous and unintelligible.

(h) No certificate was filed as required by Section 411.35.

SEC. 9. Section 1203 of the Corporations Code is amended to read:

1203. (a) If a tender offer, including a share exchange tender offer (Section 183.5), or a written proposal for approval of a reorganization subject to Section 1200 or for a sale of assets subject to subdivision (a) of Section 1001 is made to some or all of a corporation's shareholders by an interested party (herein referred to as an "Interested Party Proposal"), an affirmative opinion in writing as to the fairness of the consideration to the shareholders of that corporation shall be delivered as follows:

(1) If no shareholder approval or acceptance is required for the consummation of the transaction, the opinion shall be delivered to the corporation's board of directors not later than the time that consummation of the transaction is authorized and approved by the board of directors.

(2) If a tender offer is made to the corporation's shareholders, the opinion shall be delivered to the shareholders at the time that the tender offer is first made in writing to the shareholders. However, if the tender offer is commenced by publication and tender offer materials are subsequently mailed or otherwise distributed to the shareholders, the opinion may be omitted in that publication if the opinion is included in the materials distributed to the shareholders.

(3) If a shareholders' meeting is to be held to vote on approval of the transaction, the opinion shall be delivered to the shareholders with the notice of the meeting (Section 601).

(4) If consents of all shareholders entitled to vote are solicited in

writing (Section 603), the opinion shall be delivered at the same time as that solicitation.

(5) If the consents of all shareholders are not solicited in writing, the opinion shall be delivered to each shareholder whose consent is solicited prior to that shareholder's consent being given, and to all other shareholders at the time they are given the notice required by subdivision (b) of Section 603.

For purposes of this section, the term "interested party" means a person who is a party to the transaction and (A) directly or indirectly controls the corporation that is the subject of the tender offer or proposal, (B) is, or is directly or indirectly controlled by, an officer or director of the subject corporation, or (C) is an entity in which a material financial interest (subdivision (a) of Section 310) is held by any director or executive officer of the subject corporation. For purposes of the preceding sentence, "any executive officer" means the president, any vice president in charge of a principal business unit, division, or function such as sales, administration, research, development, or finance, and any other officer or other person who performs a policymaking function or has the same duties as those of a president or vice president. The opinion required by this subdivision shall be provided by a person who is not affiliated with the offeror and who, for compensation, engages in the business of advising others as to the value of properties, businesses, or securities. The fact that the opining person previously has provided services to the offeror or a related entity or is simultaneously engaged in providing advice or assistance with respect to the proposed transaction in a manner which makes its compensation contingent on the success of the proposed transaction shall not, for those reasons, be deemed to affiliate the opining person with the offeror. Nothing in this subdivision shall limit the applicability of the standards of review of the transaction in the event of a challenge thereto under Section 310 or subdivision (c) of Section 1312.

This subdivision shall not apply to an Interested Party Proposal if the corporation that is the subject thereof does not have shares held of record by 100 or more persons (determined as provided in Section 605), or if the transaction has been qualified under Section 25113 or 25121 and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to that qualification.

(b) If a tender of shares or a vote or written consent is being sought pursuant to an Interested Party Proposal and a later tender offer or written proposal for a reorganization subject to Section 1200 or sale of assets subject to subdivision (a) of Section 1001 that would require a vote or written consent of shareholders is made to the corporation or its shareholders (herein referred to as a "Later Proposal") by any other person at least 10 days prior to the date for acceptance of the tendered shares or the vote or notice of shareholder approval on the Interested Party Proposal, then each of the following shall apply:

(1) The shareholders shall be informed of the Later Proposal and

any written material provided for this purpose by the later offeror shall be forwarded to the shareholders at that offeror's expense.

(2) The shareholders shall be afforded a reasonable opportunity to withdraw any vote, consent, or proxy previously given before the vote or written consent on the Interested Party Proposal becomes effective, or a reasonable time to withdraw any tendered shares before the purchase of the shares pursuant to the Interested Party Proposal. For purposes of this subdivision, a delay of 10 days from the notice or publication of the Later Proposal shall be deemed to provide a reasonable opportunity or time to effect that withdrawal.

(b) In addition to the allocations authorized by Section 8683, the Governor may allocate funds made available for the purposes of this chapter, in connection with relief provided for the northern California earthquake of October 17, 1989, and incidents subsequent thereto, and resulting therefrom, in the affected area during the period of earthquake relief, to the Small Business Expansion Fund for use by the Office of Small Business, pursuant to Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of Title 1 of the Corporations Code, to make allocations of funds to small business development corporations as follows:

(1) To provide guarantees for short-term low interest loans to be made by commercial lending institutions for the purpose of providing interim financing to enable small businesses that have suffered actual physical damage or significant economic losses, as a result of the natural disaster for which funding under this section is

(c) Allocations pursuant to this section shall, for purposes of all provisions of law, be deemed to be for extraordinary emergency or disaster response operation costs incurred by the Office of Small Business.

1349.2. (a) A health care service plan operated by any city, county, city and county, public entity, or political subdivision which satisfies all of the following criteria is exempt from Section 1349:

(1) Provides services only to its employees, their dependents, and retirees, but not to the general public.

(2) Provides funding for the program.

(3) Provides that providers are not at risk in contracting

arrangements, that is, that the reimbursement system is on a fee-for-service basis.

(b) The Senate Office of Research shall conduct a study of the factors which should be considered by the Legislature in determining whether to create an exemption, and the scope of the exemption, under this chapter for public entities and political subdivisions operating a health care service plan for their employees, retired employees, and their dependents which satisfies all of the conditions set forth in subdivision (a). The study shall include, but not be limited to, evaluation of all of the following:

(1) An estimate of the number of public entity and political subdivision plans which would be affected by an exemption.

(2) The fiscal impact of licensure on public entities and political subdivisions and upon the regulatory authority, including any increase in public entity or regulatory authority employees needed to comply with licensure.

(3) The impact, if any, on services offered by the plan due to costs associated with regulation, including any unintended results of creating barriers to health care.

(4) Any potential concomitant increase in taxes in order for public entities and political subdivisions to provide health care services.

In conducting the study, the Senate Office of Research shall seek assistance and input from all interested parties. The study shall be completed and submitted to the Legislature no later than December 31, 1991.

(c) It is the intent of the Legislature that the Senate Office of Research study shall provide relevant factual and legal information which may assist the Legislature in determining whether, and to what extent, a permanent exemption for public entity and political subdivision employee plans would be in the public interest and not detrimental to the protection of subscribers, enrollees, or persons

regulated under this chapter, and the extent to which regulation of those plans is not essential to the purposes of this chapter.

It is therefore the intent of the Legislature that the temporary exemption in subdivision (a) is to alleviate the necessity for the Department of Corporations to commence enforcement actions against those plans solely because they are unlicensed during this period.

(d) During the time period of temporary exemption, any public entity or political subdivision operating a health care service plan pursuant to subdivision (a) shall not engage in any actions which are contrary to Sections 1378 and 1379 and shall not reduce or change current benefits except in accordance with collective bargaining agreements existing on the effective date of this section.

(1) The membership of the committee shall be broadly constituted to reflect the makeup of the community, and shall include three representatives of the community at large, two representatives of environmental or public interest groups, and two representatives of affected businesses and industries. Members of local assessment committees selected pursuant to this subdivision shall have no direct financial interest, as defined in Section 87103 of the Government Code, in the proposed specified hazardous waste facility project.

(2) The local assessment committee shall, as its primary function, advise the appointing legislative body of the affected local agency of the terms and conditions under which the proposed hazardous waste facility project may be acceptable to the community. To carry out this function, the local assessment committee shall do all of the following:

(A) Enter into a dialogue with the proponent for the proposed hazardous waste facility project to reach an understanding with the proponent on both of the following:

(i) The measures that should be taken by the proponent in connection with the operation of the proposed hazardous waste facility project to protect the public health, safety, and welfare, and the environment of the city or county.

(ii) The special benefits and remuneration the facility proponent will provide the city or county as compensation for the local costs associated with the operation of the facility.

(B) Represent generally, in meetings with the project proponent, the interests of the residents of the city or county and the interests

of adjacent communities.

(C) Receive and expend any technical assistance grants made available pursuant to subdivision (g).

(D) Adopt rules and procedures which are necessary to perform its duties.

(E) Advise the legislative body of the city or county of the terms, provisions, and conditions for project approval which have been agreed upon by the committee and the proponent, and of any additional information which the committee deems appropriate. The legislative body of the city or county may use this advice for its independent consideration of the project.

(3) The legislative body of the affected jurisdiction shall provide staff resources to assist the local assessment committee in performing its duties.

(4) A local assessment committee established pursuant to this subdivision shall cease to exist after final administrative action by state and local agencies has been taken on the permit applications for the project for which the committee was convened.

(e) A local agency shall notify the Office of Permit Assistance within 10 days after an application for a land use decision for a specified hazardous waste facility project is accepted as complete by the local agency and, within 60 days after receiving this notice, the Office of Permit Assistance shall convene a meeting of the lead and responsible agencies for the project, the proponent, the local assessment committee, and the interested public, for the purpose of determining the issues which concern the agencies that are required to approve the project and the issues which concern the public. The meeting shall take place in the jurisdiction where the application has been filed.

(f) Following the meeting required by subdivision (e), the proponent and the local assessment committee appointed pursuant to subdivision (d) shall meet and confer on the specified hazardous waste facility project proposal for the purpose of establishing the terms and conditions under which the project will be acceptable to the community.

(g) (1) If the local assessment committee finds that it requires assistance and independent advice to adequately review a proposed hazardous waste facility project, it may request technical assistance grants from the local agency to enable the committee to hire a consultant. The committee may use technical assistance grant funds made available to it to hire a consultant to do either, or both, of the following:

(A) Assist the committee in reviewing and evaluating the application for the project, the environmental documents prepared for the project pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and any other documents, materials, and information that are required by a public agency in connection with the application for a land use decision or a permit.

(B) Advise the local assessment committee in its meetings and discussions with the facility proponent to seek agreement on the terms and conditions under which the project will be acceptable to the community.

(2) The local agency shall require the proponent of the proposed hazardous waste facility project to pay a fee equal to the amount of any technical assistance grant provided the local assessment committee under paragraph (1). The funds received as a result of the imposition of the fee shall be used to make technical assistance grants exclusively for the purposes described in paragraph (1).

(3) The local agency shall deposit any fee imposed pursuant to paragraph (2) in an account created in the city or county treasury, maintain records of all expenditures from the account, and return any unused funds and accrued interest to the project proponent upon completion of the review of the proposed hazardous waste facility project.

(h) If the local assessment committee and the proponent cannot resolve any differences through the meetings, the Office of Permit Assistance may assist in this resolution pursuant to Section 25199.4.

(i) This section applies only to a specified hazardous waste facility project.

SEC. 68. Section 25356.1 of the Health and Safety Code is amended to read:

25356.1. (a) Except as provided in subdivision (g), the department, or, if appropriate, the regional water quality control board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(b) A potentially responsible party may request the department or the regional water quality control board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356 if the department or the State Water Resources Control Board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the state board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional water quality control board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(c) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. Sec. 300.61 et seq.), and any amendments thereto, and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional water quality control board shall consider scientific data and reports which

may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses. The department or regional water quality control board shall consider the extent to which remedial action measures are available which use, as a principal element, treatment that significantly reduces the volume, toxicity, or mobility of the hazardous substances, as opposed to remedial actions which do not use this treatment. The department or regional water quality control board shall not select remedial action measures which use offsite transport and disposal of untreated hazardous substances or contaminated materials if practical and cost-effective treatment technologies are available.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost effectiveness of alternative remedial action measures. In evaluating the cost effectiveness of proposed alternative remedial action measures, the department or regional water quality control board shall consider, to the extent possible, the total short-term and long-term costs of these actions and shall use, as a major factor, whether the deferral of a remedial action will result, or is likely to result, in a rapid increase in cost or in the hazard to public health or the environment posed by the site. Land disposal shall not be deemed the most cost-effective measure merely on the basis of lower short-term cost.

(6) The potential environmental impacts of alternative remedial action measures, including, but not limited to, land disposal of the untreated hazardous substances as opposed to treatment of the hazardous substances to remove or reduce its volume, toxicity, or mobility prior to disposal.

(d) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional water quality control board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (c) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this

chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional water quality control board shall prepare or approve a draft remedial action plan and shall do all of the following:

(1) Circulate the draft plan for at least 30 days for public comment.

(2) Notify affected local and state agencies of the removal and remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or the regional water quality control board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible agencies for the removal and remedial actions, the potentially responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(e) After complying with subdivision (d), the department or the regional water quality control board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional water quality control board shall then issue the final remedial action plan.

(f) A potentially responsible party named in the final remedial action plan issued by the department or the regional water quality control board may seek judicial review of the final remedial action plan pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final plan is issued. The filing of a petition seeking judicial review of a final remedial action plan shall not stay any removal or remedial action specified in the final plan.

For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional water quality control board, as the case may be. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(g) (1) This section does not require the department or a regional water quality control board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment.

(2) A remedial action plan is not required pursuant to subdivision (a) if all of the following apply:

(A) The department, a regional water quality control board, or a responsible party takes a removal action at a site listed pursuant to Section 25356 to prevent, minimize, or mitigate damage that may otherwise result from a release or threatened release of a hazardous substance.

(B) The total cost of the removal action is less than four hundred thousand dollars ($400,000).

(C) The department, after appropriate testing and analysis, determines that the removal action has adequately abated conditions at the site and the site may be removed from the list established pursuant to Section 25356.

(3) The department may waive the requirement that a remedial action plan meet the requirements specified in subdivision (c) if all of the following apply:

(A) The responsible party adequately characterizes the hazardous substance conditions at a site listed pursuant to Section 25356.

(B) The responsible party submits to the department, in a form acceptable to the department, all of the following:

(i) A description of the techniques and methods to be employed in excavating, storing, handling, transporting, treating, and disposing of materials from the site.

(ii) A listing of the alternative remedial measures which were considered by the responsible party in selecting the proposed removal action.

(iii) A description of methods that will be employed during the removal action to ensure the health and safety of workers and the public during the removal action.

(iv) A description of prior removal actions with similar hazardous substances and with similar public safety and environmental considerations.

(C) The department determines that the remedial action plan provides protection of human health and the environment at least equivalent to that which would be provided by a remedial action plan prepared in accordance with subdivision (c).

(D) The total cost of the removal action is less than two million dollars ($2,000,000).

(4) For purposes of this section, the cost of a removal action includes the cleanup or removal of released hazardous substances from the environment or the taking of other actions which are necessary to prevent, minimize, or mitigate damage which may otherwise result from a release or threatened release, as further defined by Section 9601 (23) of Title 42 of the United States Code.

(5) Paragraphs (2) and (3) of this subdivision do not apply to a removal action paid from the Hazardous Substance Cleanup Fund.

(h) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with

Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional water quality control board pursuant to this section.

(b) In developing the clean fuels program, the district shall consider projects utilizing methanol fuel; fuel cells; liquid petroleum gas; natural gas, including compressed natural gas; combination fuels; synthetic fuels; electricity, including electric vehicles; ethanol; and other cleaner burning fuels.

(c) Nothing in this section authorizes the Sacramento district to

require the sale or supply of any specific motor vehicle fuel.

SEC. 82. Section 50668.5 of the Health and Safety Code is amended to read:

50668.5. For the purpose of providing financial assistance pursuant to this chapter utilizing bond proceeds transferred to the Housing Rehabilitation Loan Fund pursuant to paragraph (2) of subdivision (a) of Section 53130 and paragraph (2) of subdivision (b) of Section 53130 and Sections 8878.20 and 8878.21 of the Government Code, deferred payment loans made with these funds shall be subject to all of the following special provisions, which shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications, which shall occur at least once every three months until there are insufficient funds available to commit according to this ranking. In making this ranking for rental housing developments, priority shall be given to those projects which (A) serve the greater number of eligible households as defined in Section 50105 with the lowest incomes, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the housing need is great as determined by the department, taking into consideration, among other factors, low vacancy rates, high market rents, long waiting lists for subsidized housing, the stock of substandard housing, and the potential loss of subsidized rental housing to market-rate housing through demolition, foreclosure, or subsidy termination, (D) complement the implementation of an existing housing program, (E) maximize private local and other funding sources, and (F) maximize long-term benefits for eligible households, as defined in Sections 50079.5 and 50105. Subparagraph (B) above shall not apply to applications for fund commitments submitted pursuant to Section 50670 or to any application for residential hotels and motels. In making this ranking for owner-occupied housing, priority shall be given to those applications which (A) serve the greater number of eligible households, as defined in Section 50105, with the lowest income, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the need for rehabilitation is great as determined by the department, taking into consideration, among other factors, the amount of substandard owner-occupied housing, low vacancy rates, and limited availability of affordable housing, (D)

complement the implementation of an existing housing program, and (E) maximize available and appropriate private, local, and other funding sources. The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development or the capability of the applicant for funding for owner-occupied housing to implement the proposed program.

(2) Loans for rental housing developments may be reviewed, approved, and funded by the department directly to the sponsor. In these cases, the department shall ensure that the sponsor notifies the local legislative body of the sponsor's loan application prior to a funding award. Loans to owner-occupants may be made by local public entities or nonprofit corporations which have received fund commitments from the department. The department shall ensure that the local public entity or nonprofit corporation applying for fund commitments for loans to owner-occupants notifies the local legislative body of the application prior to a funding award. When the department certifies a local public entity or nonprofit corporation as being capable of making these loans, the department shall delegate responsibility for reviewing and approving these loans to the local public entity or nonprofit corporation. If it is determined by the department that the local public entity or nonprofit corporation is no longer capable of making or managing these loans, the department may, at its sole discretion, revoke that delegation of responsibility or cancel the funding commitment to the local public entity or nonprofit corporation, or both. The department's regulations shall include procedures and standards for certification and decertification.

(3) A sponsor may apply for loans for one or more rental housing developments.

(b) (1) A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to the eligible households. Notwithstanding the requirements of Section 50663, rental housing developments and owner-occupied units assisted by the program may be located anywhere in the state.

(2) In the case of nonprofit sponsors, loans for rental housing developments, when combined with other indebtedness against the property shall not exceed 100 percent of the after-rehabilitation value of the property, as determined by an appraisal of the property conducted pursuant to guidelines established in regulations of the department.

(3) The maximum loan amounts per unit established in regulations pursuant to Section 50670 shall also apply to rental housing developments rehabilitated or acquired and rehabilitated pursuant to paragraph (1) of subdivision (a) of Section 50661, except that there shall not be a maximum loan amount established per project. These dollar limitations may be increased by the department, as necessary, in high-cost areas of the state or where the

correction of severe health and safety defects or the provisions of handicapped accessibility standards necessitate greater assistance. The department, by regulation, may specify unit loan limits for loans made for owner-occupied housing and the circumstances under which it may grant exceptions to, or variances from, these limits.

(4) (A) Loans made to sponsors of rental housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of rental housing developments for rehabilitation shall be only for terms of not less than 20 years. However, the term shall not exceed the useful life of the rental housing development for which the loan is made. The sponsor may elect to begin to repay the loan at any time in accordance with the prepayment plan established in accordance with paragraph (6), if it is determined by the department, that the sponsors can continue to maintain the rents at levels affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(5) (A) In the case of loans made for rental housing developments, eligible costs shall include those costs relating to (i) real property acquisition, including refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with the provision of affordable rents and the fiscal integrity of the project; (ii) rehabilitation or reconstruction, including the conversion of nonresidential structures to residential use; (iii) general property improvements which are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning; (iv) necessary and related onsite improvements; (v) reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department; (vi) reasonable consulting costs; (vii) rent-up costs; (viii) seismic rehabilitation improvements; and (ix) any other costs of rehabilitation authorized by the department. "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant. "Seismic rehabilitation improvements," as used in this section, means improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city

or county seismic safety ordinance adopted pursuant to Section 19163.

(B) In the case of loans made for owner-occupied housing, eligible costs shall include those costs relating to (i) rehabilitation work expenses; (ii) cost of room additions necessary to alleviate overcrowding; (iii) costs of general property improvements including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping and purchase or installation of central air conditioning, to the extent that they are necessary to correct unsafe, unhealthy, or unsanitary conditions; (iv) costs related to necessary architectural, engineering, and other technical consultants; (v) costs of preliminary reports, title policies, credit reports, appraisal reports, and fees for recording documents related to the department's loans; (vi) costs of building permits and other government fees; and (vii) if in conjunction with other rehabilitation work, costs for improvements related to making the housing accessible to the handicapped.

(C) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Sections 53131 and 53133, the department may set aside or use any amounts available in the fund to establish a rental housing development default reserve for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which jeopardizes the financial integrity of a rental housing development or the department's security in the rental housing development. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department and no sponsor shall be entitled to or have any right to payment of these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(D) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating cost, or Sections 53131 and 53133, the department may set aside or use proceeds in the fund in an amount not to exceed 3 percent of the amount of encumbrances for loans for owner-occupied housing to establish an owner-occupied housing default reserve for the purpose of curing or avoiding an owner's default on the terms of any loan or other obligation which jeopardizes the department's security in the owner-occupied housing. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department, and no homeowner shall be entitled to, or have any right to payment of, these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand. Interest payments from loans for owner-occupied housing shall be allocated by the department into this reserve to replace the allocated proceeds until the percent established by the

department is achieved solely with interest payments.

(6) Upon request of the sponsor, the department may permit repayment of a sponsor's loan on the basis of net cash flow. The department shall develop a prepayment plan in conjunction with the sponsor which will ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash flow. The department shall determine the method for calculating net cash flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(7) If a loan is made pursuant to this chapter for both seismic rehabilitation improvements and other eligible rehabilitation costs, only those costs related to the seismic rehabilitation improvements shall be counted and included for purposes of the fund reservation made by Section 8878.20 of the Government Code.

(c) Principal and accumulated interest is due and payable upon completion of the term of the loan.

(1) "Maintain affordable rent levels," as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to an inflation index to be determined by the department. The inflation index shall reflect anticipated annual changes in rental housing development operating costs from a base year when the rents are initially established. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(2) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement. If a tenant's income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be extended by the sponsor for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. Any vacant units shall be rented to eligible households until the required residency by eligible households is attained.

In the case of limited equity housing cooperatives, this paragraph shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate

rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(3) When operating income as defined by the department is greater than operating expenses, debt service, deposits required for reserve accounts, payments pursuant to paragraph (6) of subdivision (b) if elected by the sponsor, approved annual distributions, and any other disbursements approved by the department, these excess funds shall be paid into an account established in the fund. Funds in this account shall be appropriated to the department for use to assist rental housing developments funded pursuant to this section with proceeds of bonds issued pursuant to Chapter 27 of the Statutes of 1988, Chapter 30 of the Statutes of 1988, or Chapter 48 of the Statutes of 1988, subject to the following requirements:

(A) Excess funds in the account shall be allocated first into the rental housing development default reserve established pursuant to subparagraph (C) of paragraph (5) of subdivision (b). The balance of this default reserve shall not exceed the maximum level of funding established by regulations adopted by the department.

(B) After the rental housing development default reserve is fully funded with these excess funds, the department shall use all additional excess funds in the account for payment of either unforeseen capital improvements, the cost of which would jeopardize the fiscal integrity and affordability of a rental housing development, or to further reduce rents in a rental housing development. The department may adopt regulations which specify the procedures and standards for application for, and use of, these funds. Those payments used for capital improvements shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(d) Prior to disbursement of any funds for loans to rental housing developments made pursuant to this section, the department shall enter into a regulatory agreement with the sponsor in accordance with subdivision (d) of Section 50670, except that (1) the term of the regulatory agreement shall be for the original term of the loan and the agreement shall be binding upon the sponsor and successors in interest upon sale or transfer of the rental housing development or prepayment of the loan and (2) a nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of 115 percent and distribute earnings in an amount no greater than 8 percent of the nonprofit sponsor's actual investment. The regulatory agreement also shall contain provisions requiring annual inspections and review of year-end fiscal audits and related reports by the department and provisions to maintain affordable rent levels to serve eligible households.

(e) Where loans will be used in conjunction with federal or other housing assistance or tax credits and a conflict exists between the other state or federal program requirements and those of this

chapter with respect to the calculation of rents, the requirements of the Deferred Payment Rehabilitation Loan Program and the Special User Housing Rehabilitation Program may be waived only to the extent necessary to permit federal or other state financial participation or eligibility for tax credits.

(f) "Sponsor," for purposes of this section, has the same meaning as defined in subdivision (c) of Section 50669.

(g) The department shall adopt emergency regulations to implement this chapter and to amend the maximum loan amounts per unit established in regulations adopted pursuant to Section 50670, with respect to loans made with funding subject to this section. The regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code.

Notwithstanding conflicting provisions of this chapter, the department may elect to make these regulations additionally applicable until July 1, 1990, to all other deferred payment loan programs authorized by this chapter, except the programs specified in Sections 50662.5 and 50671, if the department determines that the uniformity achieved thereby will avoid significant additional administrative costs.

(h) For purposes of this section, "rental housing development" means a single family house or a multifamily structure or structures containing two or more dwelling units, including efficiency units. One or more of the dwelling units in a rental housing development shall be rented or leased or otherwise occupied as a primary residence by a person or household who is not the owner of the structure or structures. For the purposes of this section, motels operated pursuant to subdivision (b) of Section 50669, residential hotels, group or congregate homes, and limited equity housing cooperatives are rental housing developments. Except for motels, the limitations concerning types of residents and minimum number of units set forth in subdivision (b) of Section 50669 shall not apply.

(i) "Affordable rent" for the purposes of this section shall be established by the department in the regulations authorized by subdivision (g). However, the initial rents shall be established by the department based on a designated family size for each unit size, and those initial rents shall not exceed 30 percent of 50 percent of the area median income adjusted by that designated family size for units restricted to occupancy by very low income households; or 30 percent of 60 percent of area median income adjusted by that designated family size for units restricted to occupancy by low-income households. In establishing affordable rent levels, the department shall make provision in its regulations for projects serving physically and mentally handicapped persons.

SEC. 83. Section 50803 5 of the Health and Safety Code, as added by Chapter 888 of the Statutes of 1987, is repealed.

SEC. 84. Section 676.2 of the Insurance Code, as added by

Chapter 1321 of the Statutes of 1986, is amended to read:

676.2. (a) This section applies only to policies of commercial insurance which are subject to Section 675.5.

(b) After a policy has been in effect for more than 60 days, or if the policy is a renewal, effective immediately, no notice of cancellation shall be effective unless it complies with Section 677.2 and it is based on the occurrence, after the effective date of the policy, of one or more of the following:

(1) Nonpayment of premium, including payment due on a prior policy issued by the insurer and due during the current policy term covering the same risks.

(2) A judgment by a court or an administrative tribunal that the named insured has violated any law of this state or of the United States having as one of its necessary elements an act which materially increases any of the risks insured against.

(3) Discovery of fraud or material misrepresentation by either of the following:

(A) The insured or his or her representative in obtaining the insurance.

(B) The named insured or his or her representative in pursuing a claim under the policy.

(4) Discovery of willful or grossly negligent acts or omissions, or of any violations of state laws or regulations establishing safety standards, by the named insured or his or her representative, which materially increase any of the risks insured against.

(5) Failure by the named insured or his or her representative to implement reasonable loss control requirements which were agreed to by the insured as a condition of policy issuance or which were conditions precedent to the use by the insurer of a particular rate or rating plan, if the failure materially increases any of the risks insured against.

(6) A determination by the commissioner that the loss of, or changes in, an insurer's reinsurance covering all or part of the risk would threaten the financial integrity or solvency of the insurer. A certification made under penalty of perjury to the commissioner by an officer of the insurer of the loss of, or change in, reinsurance and that the loss or change will threaten the financial integrity or solvency of the insurer if the cancellation of the policy is not permitted shall constitute such a determination unless disapproved by the commissioner within 30 days of the filing. There shall be no extensions to this 30-day period.

(7) A determination by the commissioner that a continuation of the policy coverage would place the insurer in violation of the laws of this state or the state of its domicile or that the continuation of coverage would threaten the solvency of the insurer.

(8) A change by the named insured or his or her representative in the activities or property of the commercial or industrial enterprise which results in a material added risk, a materially increased risk or a materially changed risk, unless the added,

increased, or changed risk is included in the policy.

(c) After a policy has been in effect for more than 60 days, or if the policy is a renewal, effective immediately upon renewal, no increase in the rate upon which the premium is based, reduction in limits, or change in the conditions of coverage shall be effective during the policy period unless a written notice is mailed or delivered to the named insured and the producer of record at the mailing address shown on the policy, at least 30 days prior to the effective date of the increase, reduction, or change. Subdivision (a) of Section 1013 of the Code of Civil Procedure is applicable if the notice is mailed. The notice shall state the effective date of, and the reasons for, the increase, reduction, or change.

That increase, reduction, or change shall not be effective unless based upon one of the following reasons:

(1) Discovery of willful or grossly negligent acts or omissions, or of any violations of state laws or regulations establishing safety standards by the named insured which materially increase any of the risks or hazards insured against.

(2) Failure by the named insured to implement reasonable loss control requirements which were agreed to by the insured as a condition of policy issuance or which were conditions precedent to the use by the insurer of a particular rate or rating plan, if the failure materially increases any of the risks insured against.

(3) A determination by the commissioner that loss of or changes in an insurer's reinsurance covering all or part of the risk covered by the policy would threaten the financial integrity or solvency of the insurer unless the change in the terms or conditions or rate upon which the premium is based is permitted.

(4) A change by the named insured in the activities or property of the commercial or industrial enterprise which results in a materially added risk, a materially increased risk, or a materially changed risk, unless the added, increased, or changed risk is included in the policy.

(d) The Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Title 2 of Division 3 of the Government Code) shall not apply to a determination pursuant to paragraph (6) or (7) of subdivision (b) or paragraph (3) of subdivision (c). The commissioner shall charge an insurer who requests a determination pursuant to paragraph (6) or (7) of subdivision (b) a fee sufficient to recover the costs of making the determination. If the commissioner does not act upon a request by a insurer to cancel or change a policy pursuant to those provisions within 30 days, the request shall be deemed to be approved.

(e) This section shall not prohibit an insurer from increasing a premium during the policy period, if the increase is calculated in accordance with the current rating manual of the insurer, and is justified by a physical change in the insured property or by a change in the activities of the commercial or industrial enterprise which

materially increases any of the risks insured against.

(f) This section shall not apply to a transfer of a policy without a change in its terms or conditions or the rate upon which the premium is based between insurers which are members of the same insurance group.

SEC. 85. Section 676.2 of the Insurance Code, as amended by Chapter 195 of the Statutes of 1988, is amended and renumbered to read:

676.7. (a) No admitted insurer, licensed to issue and issuing homeowner's or tenant's policies, as described in Section 122, shall (1) fail or refuse to accept an application for that insurance or to issue that insurance to an applicant or (2) cancel that insurance, solely on the basis that the applicant or policyholder is engaged in foster home activities in a licensed foster family home or licensed small family home, as defined in Section 1502 of the Health and Safety Code.

(b) Coverage under policies described in subdivision (a) with respect to a foster child shall be the same as that provided for a natural child. However, unless specifically provided in the policy, there shall be no coverage expressly provided in the policy for any bodily injury arising out of the operation or use of any motor vehicle, aircraft, or watercraft owned or operated by, or rented or loaned to, any foster parent.

(c) It is against public policy for a policy of homeowner's or tenant's insurance subject to this section to provide liability coverage for any of the following losses:

(1) Claims of a foster child, or a parent, guardian, or guardian ad litem thereof, of a type payable by the Foster Family Home and Small Family Home Insurance Fund established by Section 1527.1 of the Health and Safety Code, regardless of whether the claim is within the limits of coverage specified in Section 1527.4 of the Health and Safety Code.

(2) An insurer shall not be liable, under a policy of insurance subject to this section, to any governmental agency for damage arising from occurrences peculiar to the foster-care relationship and the provision of foster-care services.

(3) Alienation of affection of a foster child.

(4) Any loss arising out of licentious, immoral, or sexual behavior on the part of a foster parent intended to lead to, or culminating in, any sexual act.

(5) Any loss arising out of a dishonest, fraudulent, criminal, or intentional act.

(d) There shall be no penalty for violations of this section prior to January 1, 1987.

(e) Insurers may provide a special endorsement to a homeowners' or tenants' policy covering claims related to foster care that are not excluded by subdivision (c).

(f) Insurers may provide by a separate policy for some or all of the claims related to foster care that are excluded by subdivision (c).

Nothing in this section shall be construed to require an individual or group policy to cover the surgical procedure known as mastectomy or to prevent application of deductible or copayment provisions contained in the policy or plan, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

As used in this section, "prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician.

SEC. 108. Section 1264 of the Unemployment Insurance Code is amended to read:

1264. (a) Unemployment compensation benefits, extended duration benefits, and federal-state extended benefits shall not be payable on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was permanently residing in the United States under color of law at the time the services were performed, including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act.

(b) Any data or information required of individuals applying for benefits specified by subdivision (a) to determine whether these benefits are not payable to them because of their alien status shall be uniformly required from all applicants for these benefits.

(c) In the case of an individual whose application for benefits specified by subdivision (a) would otherwise be approved, no determination by the department, an administrative law judge, or the appeals board that these benefits to the individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence.

(d) If an alien presents evidence that the Immigration and

Naturalization Service has granted the alien employment authorization as a result of the alien's application for temporary residence status under the federal Immigration Reform and Control Act of 1986 (Public Law 99-603), pending a final determination on this application the department shall not do either of the following:

(1) Commence or continue to pursue any administrative or judicial action to collect benefits where there has been a final determination that these benefits have been overpaid or chargeable to the alien, because of the alien's immigration status at the time he or she performed the services compensated by his or her base period wages.

(2) Determine that the alien was overpaid benefits in the current benefit year or in any prior benefit year, if the basis for the determination is the assumption that because the alien is an applicant for temporary resident status he or she was not, while performing the services compensated by base period wages, lawfully admitted for permanent residence, lawfully present for purposes of performing the services that were compensated by his or her base period wages, or permanently residing in the United States under color of law.

(e) If the Immigration and Naturalization Service grants the application and adjusts the alien's status to that of lawful temporary resident, the department shall not take any action described in paragraph (1) of subdivision (d) or make any determination described in paragraph (2) of subdivision (d). If an alien is not in the status of being lawfully admitted for permanent residence, lawfully present for the purpose of performing the services compensated by his or her base period wages, or permanently residing in the United States under color of law, at the time the alien's lawful temporary permanent status terminates, then compensation shall not be payable on the basis of services performed by the alien after the termination.

(f) Nothing in subdivision (d) shall be construed to require the department to do any of the following:

(1) Repay any amounts collected under any present or past action as described in paragraph (1) of subdivision (d).

(2) Redetermine the eligibility for unemployment compensation benefits of any alien who the department originally determined to be ineligible because of the alien's status at the time he or she performed the services compensated by his or her base period wages and with respect to whom the determination has become final.

(3) Apply subdivision (d) or (e) retroactively.

(b) If an individual makes an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code not to have tax withheld, that election shall apply to withholding under this division, unless the individual elects, with the consent of the payer, to have those payments subject to withholding under this division. If an individual has not made an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code, that individual may elect to exclude those payments from withholding under this division. Elections provided in this subdivision shall be made pursuant to regulations of the director.

2454. (a) The authority for the management of the scene of an on-highway hazardous substance spill or disaster is vested in the appropriate law enforcement agency having primary traffic investigative authority on the highway where the spill or disaster occurs. Responsibility for managing the scene of an on-highway hazardous substance spill or disaster shall continue until all emergency operations at the scene have been completed and order has been restored.

(b) Notwithstanding subdivision (a), the local governing body of a city, whether general law or chartered, which has jurisdiction over the location where a on-highway hazardous substance spill or disaster occurs may assign the authority for management of the scene of an on-highway hazardous substance spill or disaster on local streets and roads, other than freeways, to either the local law enforcement agency or the local fire protection agency. However, the department is responsible for the management of the scene of an on-highway hazardous substance spill or disaster on all highways where the department has primary traffic investigative authority. Any law enforcement agency having primary traffic investigative authority may enter into written agreements with other public agencies to facilitate management at the scene of an on-highway hazardous substance spill or disaster on local streets and roads other than freeways.

The agency managing the scene of an on-highway hazardous spill or disaster shall consult with other response agencies at the scene to ensure that all appropriate resources are properly utilized. The agency managing the scene of an on-highway hazardous spill or disaster shall perform its coordinating function in a manner designed to minimize the risk of death or injury to other persons.

(b) If either the director, department, or state is a defendant in any action instituted to recover all or any part of the deposit, or any action is instituted by the director, department, or state to determine those entitled to any part of the deposit, the director, department, or state shall be paid reasonable attorney fees and costs from the deposit. 13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the driving record of the person whose driving privilege has been suspended under Section 13353.2 does not show that the person has been convicted of, or found to have committed a separate violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, which offense or occurrence occurred within seven years of the occasion in question, if the person subsequently enrolls in a program described in subdivision (b) of Section 23161 or subparagraph (A) of paragraph (4) of subdivision (b) of Section 23166, that person may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program. After receiving proof of enrollment in the program, and if the person's driving record does not show an arrest, subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2, for a violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license if all of the following conditions are met:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person gives proof of ability to respond in damages as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If any person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall revoke the restricted license immediately. The department shall give notice of the revocation under this paragraph in the same manner as prescribed in subdivision (b) of Section 13352.2, which is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's

privilege pursuant to the order of the court or Section 13352.

(c) This section does not apply to a person whose driving record shows that the person's driving privilege has previously been suspended pursuant to Section 13353 or 13353.2 or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, Section 23152, or Section 23153, which offense occurred within seven years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

SEC. 117. Section 13558 of the Vehicle Code is amended to read:

13558. (a) Any person, who has received a notice of an order of suspension of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.2, 23157, or 23158.5 or a notice pursuant to Section 13557, may request a hearing on the matter pursuant to Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section.

(b) If the person wishes to have a hearing before the effective date of the order of suspension, the request for a hearing shall be made within 10 days of the receipt of the notice of the order of suspension. Notwithstanding Section 14107, the hearing shall be held at a place designated by the department as close as practicable to the place where the arrest occurred, unless the parties agree to a different location. The evidence at the hearing shall not be limited to the evidence presented at an administrative review pursuant to Section 13557, if any.

(c) (1) The only issues at the hearing of an order of suspension pursuant to Section 13353 shall be whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, the person was placed under arrest, the person refused or failed to complete the chemical test or tests after being requested by a peace officer, and, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended if he or she refused to submit to, and complete, the required testing. Notwithstanding Section 14106 or 14110, the period of suspension specified in Section 13353 shall not be reduced and, notwithstanding Section 14105.5, the effective date of the order of suspension shall not be stayed pending review at a hearing pursuant to this section.

(2) The only issues at the hearing of an order of suspension pursuant to Section 13353.2 shall be whether the person was driving or in actual physical control of a motor vehicle when the person had 0.10 percent or more, by weight, of alcohol in his or her blood. Notwithstanding Section 14106 or 14110, the period of suspension specified in Section 13353.3 shall not be reduced.

(d) (1) The department shall hold the administrative hearing before the effective date of the order of suspension if the request for

the hearing is received by the department on or before 15 days after the person's receipt of the service of the notice of the order of suspension pursuant to Section 13352.2 or 23158.5.

(2) If the request for an administrative hearing is received by the department after 15 days after the person's receipt of service, the department shall make its determination within 15 days of the department's receipt of the request for administrative hearing.

(e) A request for an administrative hearing does not stay the suspension of a person's privilege to operate a motor vehicle. However, the person's driving privilege shall be restored and his or her driver's license shall be returned upon appearance at the hearing, and shall be resuspended only upon a finding that the person's driving privilege was properly suspended and the license properly taken. If the department does not conduct an administrative hearing to make a determination after an administrative hearing within the time limit in paragraph (1) of subdivision (d), the department shall stay the effective date of the order of suspension pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23157 or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23157 or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended.

(f) The department shall give written notice of its determination pursuant to Section 14111. If the department determines, upon a hearing of the matter, to suspend the person's privilege to operate a motor vehicle, notwithstanding the term of any temporary permit issued pursuant to Section 23157 or 23158.5, the temporary permit shall be revoked and the suspension of the person's privilege to operate a motor vehicle shall become effective five days after receipt by the person of the department's notification of that suspension. A notice which is mailed to the person is deemed received three days after mailing. If the department sustains the order of suspension, the department shall include notice that the person has a right to review by the court pursuant to Section 13559.

(g) A determination of facts by the department upon a hearing pursuant to this section shall have no collateral estoppel effect on a subsequent criminal prosecution and shall not preclude litigation of those same facts in the criminal proceeding.

(c) During the transition period, separate voter lists of resident voters and landowner voters eligible to vote within the the district shall be prepared and maintained according to applicable provisions of law. Separate all-mailed ballot elections shall be held for the directors to be elected by resident voters and for those to be elected by landowner voters.

(d) During the transition period, district directors shall continue to be elected on an at-large basis. Following the transition period, the

district board of directors may determine to establish director divisions in accordance with Section 35215.

(e) During the transition period, the district board of directors shall consist of seven directors. Following the transition period, the number of directors on the district board of directors may be changed in accordance with Sections 34708 and 34708.5.

(f) During the transition period, any district election held for the purpose of obtaining voter approval for bonded or other indebtedness shall be conducted as a landowner voter election. Following the transition period, any district election held for the purpose of obtaining voter approval for bonded or other indebtedness shall be conducted as a resident voter election.

(g) During the transition period, a person who qualifies according to Section 35234 both to be a director elected by resident voters and a director elected by landowner voters may run for the district board of directors on both the resident voter ballot and the landowner voter ballot on the same election date. In the event that the same person is elected to the district board on both ballots, the person shall be declared elected on the resident voter ballot and not elected on the landowner voter ballot. The candidate with the next highest number of votes on the landowner voter ballot shall be declared elected. If this procedure results in fewer remaining candidates than there are landowner voter director positions to be filled, then the unfilled positions shall be treated as vacant and filled according to subdivision (h).

(h) During the transition period, any vacancy on the district board shall be filled according to the procedures contained in Section 1780 of the Government Code. To be eligible to fill a vacancy, a person shall be qualified to be a director according to Section 35234 (1) as a director elected by resident voters if the person who vacated the position was elected by resident voters, or (2) as a director elected by landowner voters if the person who vacated the position was elected by landowner voters.

35234. All directors elected by resident voters shall be residents of, and registered voters in, the district at the time of their election and during their term of office. During the transition period, directors elected by landowner voters shall be qualified according to Section 34700 at the time of election and during their term of office.

35235. Only resident voters, registered to vote in the manner prescribed by law, shall be eligible to vote for district directors to be elected by resident voters. During the transition period, landowner voters qualified according to Chapter 1 (commencing with Section 35000) shall be eligible to vote for district directors to be elected by landowner voters.

35236. This chapter shall in no way invalidate any action of the district or of its directors, or officers, and employees made or performed while the district was operating as a landowner voting district.

35237. Nothing in this chapter shall affect any acts or proceedings

previously taken for the authorization, issuance, or sale of any bonds of the district in any manner provided by law prior to the effective date of this chapter or affect the ability of the district to sell and issue any bond previously authorized. For the purposes of this chapter, "bonds" shall include notes and any other evidences of indebtedness.

SEC. 2. The Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that a local special statute is necessary to meet the special problems in the Rancho California Water District. The Legislature has determined that the voter qualification provisions of the California Water District Law should not apply to the Rancho California Water District.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 229

An act to amend Sections 50668.5, 50669, 50771.1, 50771.3, and 50736 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1990. Filed with Secretary of State July 12, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 50668.5 of the Health and Safety Code is amended to read:

50668.5. For the purpose of providing financial assistance pursuant to this chapter utilizing bond proceeds transferred to the Housing Rehabilitation Loan Fund pursuant to paragraph (2) of subdivision (a) of Section 53130 and paragraph (2) of subdivision (b) of Section 53130 and Sections 8878.20 and 8878.21 of the Government Code, deferred payment loans made with these funds shall be subject to all of the following special provisions, which shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications, which shall occur at least once every three months until there are insufficient funds available to commit according to this ranking. In making this ranking for rental housing developments, priority shall be given to those projects which (A)

serve the greater number of eligible households as defined in Section 50105 with the lowest incomes, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the housing need is great as determined by the department, taking into consideration, among other factors, low vacancy rates, high market rents, long waiting lists for subsidized housing, the stock of substandard housing, and the potential loss of subsidized rental housing to market-rate housing through demolition, foreclosure, or subsidy termination, (D) complement the implementation of an existing housing program, (E) maximize private local and other funding sources, and (F) maximize long-term benefits for eligible households, as defined in Sections 50079.5 and 50105. Subparagraph (B) above shall not apply to applications for fund commitments submitted pursuant to Section 50670 or to any application for residential hotels and motels. In making this ranking for owner-occupied housing, priority shall be given to those applications which (A) serve the greater number of eligible households, as defined in Section 50105, with the lowest income, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the need for rehabilitation is great as determined by the department, taking into consideration, among other factors, the amount of substandard owner-occupied housing, low vacancy rates, and limited availability of affordable housing, (D) complement the implementation of an existing housing program, and (E) maximize available and appropriate private, local, and other funding sources. The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development or the capability of the applicant for funding for owner-occupied housing to implement the proposed program.

(2) Loans for rental housing developments may be reviewed, approved, and funded by the department directly to the sponsor. In these cases, the department shall ensure that the sponsor notifies the local legislative body of the sponsor's loan application prior to a funding award. Loans to owner-occupants may be made by local public entities or nonprofit corporations which have received fund commitments from the department. The department shall ensure that the local public entity or nonprofit corporation applying for fund commitments for loans to owner-occupants notifies the local legislative body of the application prior to a funding award. When the department certifies a local public entity or nonprofit corporation as being capable of making these loans, the department shall delegate responsibility for reviewing and approving these loans to the local public entity or nonprofit corporation. If it is determined by the department that the local public entity or nonprofit corporation is no longer capable of making or managing these loans, the department may, at its sole discretion, revoke that delegation of responsibility or cancel the funding commitment to the local public entity or nonprofit corporation, or both. The department's regulations shall include procedures and standards for certification

and decertification.

(3) A sponsor may apply for loans for one or more rental housing developments.

(b) (1) A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to the eligible households. Notwithstanding the requirements of Section 50663, rental housing developments and owner-occupied units assisted by the program may be located anywhere in the state.

(2) In the case of nonprofit sponsors, loans for rental housing developments, when combined with other indebtedness against the property shall not exceed 100 percent of the after-rehabilitation value of the property, as determined by an appraisal of the property conducted pursuant to guidelines established in regulations of the department.

(3) The maximum loan amounts per unit established in regulations pursuant to Section 50670 shall also apply to rental housing developments rehabilitated or acquired and rehabilitated pursuant to paragraph (1) of subdivision (a) of Section 50661, except that there shall not be a maximum loan amount established per project. These dollar limitations may be increased by the department, as necessary, in high-cost areas of the state or where the correction of severe health and safety defects or the provisions of handicapped accessibility standards necessitate greater assistance. The department, by regulation, may specify unit loan limits for loans made for owner-occupied housing and the circumstances under which it may grant exceptions to, or variances from, these limits.

(4) (A) Loans made to sponsors of rental housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of rental housing developments for rehabilitation only shall be for terms of not less than 20 years. However, the term shall not exceed the useful life of the rental housing development for which the loan is made. The sponsor may elect to begin to repay the loan at any time in accordance with the prepayment plan established in accordance with paragraph (6), if it is determined by the department, that the sponsors can continue to maintain the rents at levels affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(5) (A) In the case of loans made for rental housing developments, eligible costs shall include those costs relating to (i) real property acquisition, including refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with the provision of affordable rents and the fiscal integrity of the

project; (ii) rehabilitation or reconstruction, including the conversion of nonresidential structures to residential use; (iii) general property improvements which are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning; (iv) necessary and related onsite improvements; (v) reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department; (vi) reasonable consulting costs; (vii) rent-up costs; (viii) seismic rehabilitation improvements; and (ix) any other costs of rehabilitation authorized by the department. "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant. "Seismic rehabilitation improvements," as used in this section, means improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city or county seismic safety ordinance adopted pursuant to Section 19163.

(B) In the case of loans made for owner-occupied housing, eligible costs shall include those costs relating to (i) rehabilitation work expenses; (ii) cost of room additions necessary to alleviate overcrowding; (iii) costs of general property improvements including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping and purchase or installation of central air conditioning, to the extent that they are necessary to correct unsafe, unhealthy, or unsanitary conditions; (iv) costs related to necessary architectural, engineering, and other technical consultants; (v) costs of preliminary reports, title policies, credit reports, appraisal reports, and fees for recording documents related to the department's loans; (vi) costs of building permits and other government fees; and (vii) if in conjunction with other rehabilitation work, costs for improvements related to making the housing accessible to the handicapped.

(C) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Sections 53131 and 53133, the department may set aside or use any amounts available in the fund to establish a rental housing development default reserve for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which jeopardizes the financial integrity of a rental housing development or the department's security in the rental housing

development. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department and no sponsor shall be entitled to or have any right to payment of these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(D) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating cost, or Sections 53131 and 53133, the department may set aside or use proceeds in the fund in an amount not to exceed 3 percent of the amount of encumbrances for loans for owner-occupied housing to establish an owner-occupied housing default reserve for the purpose of curing or avoiding an owner's default on the terms of any loan or other obligation which jeopardizes the department's security in the owner-occupied housing. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department, and no homeowner shall be entitled to, or have any right to payment of, these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand. Interest payments from loans for owner-occupied housing shall be allocated by the department into this reserve to replace the allocated proceeds until the percent established by the department is achieved solely with interest payments.

(6) Upon request of the sponsor, the department may permit repayment of a sponsor's loan on the basis of net cash flow. The department shall develop a prepayment plan in conjunction with the sponsor which will ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash flow. The department shall determine the method for calculating net cash flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(7) If a loan is made pursuant to this chapter for both seismic rehabilitation improvements and other eligible rehabilitation costs, only those costs related to the seismic rehabilitation improvements shall be counted and included for purposes of the fund reservation made by Section 8878.20 of the Government Code.

(c) Principal and accumulated interest are due and payable upon completion of the term of the loan. The loan shall bear interest at the rate of 3 percent per annum on the unpaid principal balance. However, the department shall reduce or eliminate interest payments on a loan for any year or, alternatively, defer interest until the deferred payment loan is repaid, if necessary to provide affordable rents to households of very low and low income. The ability to pay all or part of the 3 percent simple annual interest shall not be considered in determining the fiscal integrity of the rental housing development at the time of the rating and ranking of an

application.

(1) "Maintain affordable rent levels," as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to an inflation index to be determined by the department. The inflation index shall reflect anticipated annual changes in rental housing development operating costs from a base year when the rents are initially established. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(2) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement. If a tenant's income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be extended by the sponsor for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. Any vacant units shall be rented to eligible households until the required residency by eligible households is attained.

In the case of limited equity housing cooperatives, the provisions of this paragraph shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(3) When operating income as defined by the department is greater than operating expenses, debt service, deposits required for reserve accounts, payments pursuant to paragraph (6) of subdivision (b) if elected by the sponsor, approved annual distributions, and any other disbursements approved by the department, these excess funds shall be paid into an account established in the fund. Funds in this account shall be appropriated to the department for use to assist rental housing developments funded pursuant to this section with proceeds of bonds issued pursuant to Chapter 27 of the Statutes of 1988, Chapter 30 of the Statutes of 1988, or Chapter 48 of the Statutes of 1988, subject to the following requirements:

(i) Excess funds in the account shall be allocated first into the

rental housing development default reserve established pursuant to subparagraph (C) of paragraph (5) of subdivision (b). The balance of this default reserve shall not exceed the maximum level of funding established by regulations adopted by the department.

(ii) After the rental housing development default reserve is fully funded with these excess funds, the department shall use all additional excess funds in the account for payment of either unforeseen capital improvements, the cost of which would jeopardize the fiscal integrity and affordability of a rental housing development, or to further reduce rents in a rental housing development. The department may adopt regulations which specify the procedures and standards for application for, and use of, these funds. Those payments used for capital improvements shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(d) Prior to disbursement of any funds for loans to rental housing developments made pursuant to this section, the department shall enter into a regulatory agreement with the sponsor in accordance with subdivision (d) of Section 50670, except that (1) the term of the regulatory agreement shall be for the original term of the loan and the agreement shall be binding upon the sponsor and successors in interest upon sale or transfer of the rental housing development or prepayment of the loan and (2) a nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of 115 percent and distribute earnings in an amount no greater than 8 percent of the nonprofit sponsor's actual investment. The regulatory agreement also shall contain provisions requiring annual inspections and review of year-end fiscal audits and related reports by the department and provisions to maintain affordable rent levels to serve eligible households.

(e) Where loans will be used in conjunction with federal or other housing assistance or tax credits and a conflict exists between the other state or federal program requirements and those of this chapter with respect to the calculation of rents, the requirements of the Deferred Payment Rehabilitation Loan Program and the Special User Housing Rehabilitation Program may be waived only to the extent necessary to permit federal or other state financial participation or eligibility for tax credits.

(f) "Sponsor," for purposes of this section, has the same meaning as defined in subdivision (c) of Section 50669.

(g) The department shall adopt emergency regulations to implement this chapter and to amend the maximum loan amounts per unit established in regulations adopted pursuant to Section 50670, with respect to loans made with funding subject to this section. The regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code.

Notwithstanding conflicting provisions of this chapter, the

department may elect to make these regulations additionally applicable until July 1, 1990, to all other deferred payment loan programs authorized by this chapter, except the programs specified in Sections 50662.5 and 50671, if the department determines that the uniformity achieved thereby will avoid significant additional administrative costs.

(h) For purposes of this section, "rental housing development" means a single family house or a multifamily structure or structures containing two or more dwelling units, including efficiency units. One or more of the dwelling units in a rental housing development shall be rented or leased or otherwise occupied as a primary residence by a person or household who is not the owner of the structure or structures. For the purposes of this section, motels operated pursuant to subdivision (b) of Section 50669, residential hotels, group or congregate homes, and limited equity housing cooperatives are rental housing developments. Except for motels, the limitations concerning types of residents and minimum number of units set forth in subdivision (b) of Section 50669 shall not apply.

(i) "Affordable rent" for the purposes of this section shall be established by the department in the regulations authorized by subdivision (g). However, the initial rents shall be established by the department based on a designated family size for each unit size, and those initial rents shall not exceed 30 percent of 50 percent of the area median income adjusted by that designated family size for units restricted to occupancy by very low income households; or 30 percent of 60 percent of area median income adjusted by that designated family size for units restricted to occupancy by low-income households. In establishing affordable rent levels, the department shall make provision in its regulations for projects serving the physically and mentally handicapped persons.

SEC. 2. Section 50669 of the Health and Safety Code is amended to read:

50669. As used in Section 50670:

(a) "Deferred-payment loan" means a loan for acquisition and rehabilitation of a rental housing development which (1) has a term of not more than 30 years, but which shall not in any event exceed the useful life of the rental housing development for which such loan is made, as determined by the department, whichever is less, and (2) is repaid in a single payment upon refinancing of such development at the end of the term of the loan. Those loans shall bear interest at the rate of 3 percent per annum on the unpaid principal balance, provided, however, that the department shall reduce or eliminate interest payments on a loan for any year or, alternatively, defer interest payments until the deferred-payment loan is repaid, if necessary to provide affordable rents to households of very low and low income. The ability to pay all or part of the 3 percent simple annual interest shall not be considered in determining the fiscal integrity of the rental housing development at the time of the rating and ranking of an application.

(b) "Rental housing development" means a residential structure or structures containing five or more rental dwelling units for the elderly or handicapped, provided that each unit is equipped with a kitchen and bathroom, or a structure or structures intended for use as a group home by five or more handicapped individuals or a residential hotel for any low or very low income household. "Residential hotel" shall have the same meaning as used in paragraph (1) of subdivision (b) of Section 50519 but, for purposes of this subdivision, there shall be an additional requirement that a majority of the guestrooms in the hotel be residential hotel units. A "residential hotel unit" means a room used or intended to be used as a primary residential unit by a person or persons, which is subject to Chapter 2 (commencing with Section 1940) of Title 5 of Part 4 of Division 3 of the Civil Code, but which does not have either a self-containing kitchen or bathroom, or both. A "residential hotel unit" also includes an efficiency unit as defined in Section 17958.1. "Rental housing development" also means a residential structure or structures in operation or previously operated as a motel and subject to subdivision (b) of Section 1940 of the Civil Code, which will contain five or more dwelling units for any low or very low income households. Eligible rehabilitation costs relative to motels may include costs associated with adding self-containing kitchens and bathrooms in each unit.

(c) "Sponsor" means any individual, joint venture, partnership, limited partnership, trust, corporation, cooperative, local public entity, duly constituted governing body of an Indian reservation or rancheria, or other legal entity, or any combination thereof, certified by the department as qualified to own, manage, and rehabilitate a rental housing development. A sponsor may be organized for profit or limited profit or be nonprofit.

SEC. 3. Section 50771.1 of the Health and Safety Code is amended to read:

50771.1. For the purpose of providing deferred payment loans pursuant to this chapter for the development costs of rental housing developments utilizing moneys transferred to the Rental Housing Construction Fund pursuant to paragraph (1) of subdivision (a) of Section 53130 and paragraph (1) of subdivision (b) of Section 53130, the following special provisions shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications, which shall occur at least once every three months until there are insufficient funds available to make commitments according to this ranking. In making this ranking, notwithstanding Sections 50737 and 50737.5, priority shall be given to projects which (A) maximize program benefits to eligible households, as defined in Section 50105 with the lowest incomes, (B) maximize program benefits to eligible households needing assisted units with three or more bedrooms, (C) are located in areas where

the housing need is great, as determined by the department, taking into consideration, among other factors, variations in local development costs, low vacancy rates, high market rents, and long waiting lists for subsidized housing, (D) complement the implementation of an existing housing program, (E) maximize private, local, and other funding sources, (F) are economically feasible given local market conditions, and (G) maximize the number of units which can be assisted under the program, relative to variances in market conditions for the development of rental housing. Subparagraph (B) above does not apply to applications for residential hotels.

(2) All loans shall be made directly from the department to the housing sponsor which applies to the department and will own, operate, and develop the housing development. The sponsor shall notify the local legislative body of its loan application prior to the funding award.

(3) A sponsor may apply for awards for one or more rental housing developments.

(4) The department shall evaluate the capability of the sponsor to own, construct, and manage the rental housing development.

(b) (1) A rental housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to eligible households.

(2) (A) Loans to sponsors of housing developments shall be for a term not less than 40 years. After 30 years from the time the loan is made, the sponsor shall begin to repay the loan in accordance with a payment plan, as determined by the department, that will maintain the rents affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(C) Loans provided under this section shall bear an interest rate of 3 percent per annum. The department, by regulations, shall establish the conditions under which the interest may be reduced, waived, or deferred. At the request of the sponsor, the department may charge a higher interest rate.

(3) (A) Development costs shall include reasonable consulting fees, and other reasonable administrative expenses in connection with the planning and execution of the rental housing development, as determined by the department, and initial funding of emergency reserves, as required by the department. The development costs also shall further include the acquisition and completion of construction of a rental housing development where construction has halted due to financial distress, as determined by the department.

(B) A rental housing development shall include residential hotels,

as defined in subdivision (b) of Section 50669, and group homes.

(4) The sponsor shall maintain an emergency reserve to defray unanticipated cost increases or revenue shortfalls to maintain the fiscal integrity of the rental housing development and maintain affordable rents for eligible households.

(5) The department, by regulation, shall specify minimum equity requirements not to exceed 10 percent of total project development costs. This requirement does not apply to proposed projects where assisted units are less than 80 percent of the total number of units.

The department, by regulation, shall define "equity" for the purposes of this section, which shall include, but shall not be limited to, cash, real property, items of personal property having monetary value contributed by the sponsor and applied toward project costs, and the capitalized value of any exemption from local taxes on real property.

(6) The department, by regulation, may specify per-unit loan limits and circumstances under which it may grant exceptions to, or variances from, these limits. The loan amount shall not exceed either 100 percent of the development costs attributable to the assisted units or the amount necessary to maintain affordable rents for the assisted units, as determined by the department.

(c) (1) Initial rents, including a reasonable utility allowance, for assisted units reserved for occupancy by very low income households, and for all assisted units in residental hotels and group homes, shall not exceed 30 percent of 35 percent of area median income, adjusted by unit size. Initial rents, including a reasonable utility allowance, for assisted units reserved for occupancy by lower income households shall not exceed 30 percent of 60 percent of area median income, adjusted by unit size. The department, by regulation, shall specify the method for adjusting rents by unit size and for computing allowances for utility costs.

(2) The department shall develop an inflation index reflecting the annual anticipated changes in rental housing development operating costs from a base year. The inflation index shall be used by the sponsor to adjust the initial rent of each unit occupied by an eligible household to determine the annual rent. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(3) Upon prior written approval by the department, a sponsor may set income limits for occupancy of assisted units designated for lower income households at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement.

(4) The monthly rent including a reasonable utility allowance

may be reduced by the sponsor, to make the units affordable to the lowest income household possible as long as the project remains economically feasible.

(5) (A) If a household's income exceeds the standard pursuant to which it was accepted for tenancy, that fact alone shall neither constitute cause for the household's immediate eviction nor be a violation of the owner's or sponsor's loan agreement.

(B) If, after annual income certification, an assisted unit becomes occupied by a household which does not meet the income limits specified in Section 50105, that household shall be permitted to continue to occupy that assisted unit. When there is a vacancy in an assisted unit formerly occupied by a household which meets the income limits specified in Section 50079.5, that unit shall be rented to a household which meets the income limits specified in Section 50105.

(C) If, after annual income certification, an assisted unit becomes occupied by a household which does not meet the income limits specified in Section 50079.5, that household shall be provided a six-month notice of termination. That period may be extended for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. That household shall have first right of refusal to occupy any nonassisted unit which becomes available during both periods.

(D) In the case of limited equity housing cooperatives, the provisions of subparagraph (C) shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(d) (1) The department may contract with the sponsor to pay all or a portion of the development costs incurred in connection with the construction of a rental housing development consistent with the requirements of this article. The department shall include such provisions in the contract as are necessary to ensure compliance with the requirements of the program.

Any rental housing development assisted pursuant to this article shall be governed by a regulatory agreement between the sponsor and the department. The regulatory agreement shall be recorded or referenced in a recorded document in the office of the county recorder for the county in which the rental housing development is located. The regulatory agreement shall contain at least all of the following:

(A) Restrictions on occupancy of dwelling units within the rental housing development, to meet the requirements of Section 50736 and this section for a period of at least 40 years.

(B) Provisions governing standards for tenant selection to ensure occupancy by eligible households of very low and low income for the term of the regulatory agreement.

(C) Provisions governing occupancy standards and rental agreements.

(D) Provisions for setting initial rents and rent increases consistent with paragraph (1) of subdivision (c) of Section 50771.1. Prior to the time any rent increase is effective, the sponsor shall notify every affected tenant, in writing, of the availability of informal meetings with the sponsor to review the proposed rent increase. Each tenant, upon request, shall be provided the information submitted to the department pursuant to this subdivision.

(E) A requirement that the sponsor submit to the department for review and approval, annual operating budgets and periodic reports, which shall at a minimum include information on the fiscal condition of the rental housing development, the maintenance of the development, and the number of units occupied by eligible households.

(F) Provisions limiting distribution of sponsor's earnings as specified in paragraph (4).

(G) A provision which specifies the conditions under which the department and any intended beneficiary may enforce the regulatory agreement.

(H) Any other provisions necessary to carry out the purposes and to exercise the powers granted by this chapter.

The regulatory agreement shall be recorded against the property and shall be deemed a covenant running with the land and shall be binding upon the sponsor and any and all successors in interest in case of sale or transfer of the rental housing development for the original term of the loan, and any extensions thereof, regardless of any prepayment of the loan.

The department, by regulation, may require such other documents, instruments, and agreements as are reasonable and necessary to ensure compliance with the program requirements.

(2) The contract for the award of development funds to be provided as construction financing for a rental housing development shall contain at a minimum the provisions specified in Section 50766, excluding therefor subdivisions (j), (k), and (*l*).

(3) All state contracts and regulatory or development agreements subject to this article shall contain provisions requiring that assisted units remain affordable to eligible households for 40 years plus any permitted extension.

(4) A nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of not more than 115 percent and distribute earnings from both assisted and nonassisted units in an amount no greater than 8 percent of the nonprofit sponsor's actual investment in the rental housing development. A for-profit sponsor may choose between the following options:

(A) It may distribute earnings from both assisted and nonassisted

units in an annual amount no greater than 8 percent of its actual investment in the rental housing development.

(B) It may forego distribution of earnings from assisted units, and not be subject to any limitation on the amount of distributions it receives from nonassisted units.

(e) Where loans will be used in conjunction with federal and other state housing assistance or tax credit and a conflict exists between the other state and federal program requirements and this chapter regarding the test for determining a qualified low-income housing project, the requirements of the Rental Housing Construction Program may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

(f) (1) The department shall establish specific minimum development criteria to (A) ensure that the useful life of the rental housing development is at least equal to the term of the loan; (B) enhance the physical security of the tenants; (C) minimize long-term operating and maintenance costs; and (D) ensure that project design features and amenities are modest.

(2) No energy standards shall be required of any housing development in excess of the energy standards required for housing developments financed by conventional funding sources.

(3) The department shall employ a licensed architect or an experienced building inspector, or both, to review plans, inspect, and monitor construction of, rental housing developments.

(g) A sponsor of a housing development may receive payments from the annuity fund pursuant to Section 50738 to the extent that there are unobligated moneys available in the fund.

(h) The department shall establish an emergency reserve account in the Rental Housing Construction Fund established pursuant to Section 50740 equal to 3 percent of the moneys transferred to subdivision (a) of Section 53130.

Moneys transferred to the fund pursuant to subdivision (a) of Section 53130 shall not be subject to the requirements of Section 50770 or be used to ensure economic feasibility or enable construction pursuant to Section 50738. Notwithstanding the provisions of Sections 53130 and 53133, the department may expend moneys in the account to defray unanticipated cost increases or revenue shortfalls not covered by a rental housing development emergency reserve to the extent necessary to maintain the fiscal integrity of a rental housing development and maintain affordable rents for eligible households.

Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Section 53133, the department may use any amounts available in the account for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which will jeopardize the financial integrity of a rental housing development or the department's security in the rental housing development. The

payment or advance of any funds by the department pursuant to this subdivision shall be solely within the discretion of the department, and no sponsor shall be entitled to, or have any right to, payment of these funds. Funds advanced pursuant to this subdivision shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

SEC. 4. Section 50771.3 of the Health and Safety Code is amended to read:

50771.3. The department may adopt, amend, or repeal emergency regulations to implement this chapter with respect to loans made with funds allocated pursuant to Section 53130. The adoption, amendment, or repeal of these regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning, or purposes of Section 11346.1 of the Government Code. This authority shall remain in effect until June 30, 1991.

This section shall remain in effect only until June 30, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1991, deletes or extends that date.

SEC. 5. Section 50736 of the Health and Safety Code is amended to read:

50736. (a) Not less than 30 percent of the units in each rental housing development consisting of ten or more units which receives any funds pursuant to this chapter shall be available on a priority basis to or occupied by eligible households pursuant to the agreement required by Section 50739, and not less than 20 percent of all the units in each rental housing development shall be available on a priority basis to, or occupied by, very low income households.

(b) Every sponsor shall, with respect to assisted units, conduct an affirmative marketing program, on a continuous basis, which program has been approved by the department or by the agency in cases where the agency provides financing. For the purposes of this subdivision, "affirmative marketing program" means any program approved by the department that is designed to achieve greater access to housing opportunities created by this chapter for eligible households. Such program shall include educational, promotional, and other appropriate activity designed to secure greater housing opportunities for those households. Where a significant number of persons in a community have limited fluency in the English language, publications implementing an affirmative marketing program in that community shall be provided in the native language of those persons.

(c) Of all assisted units, under this chapter, not less than two-thirds shall be allocated to very low income households and the balance for lower income households.

(d) Elderly or physically handicapped households shall be allocated not less than 20 percent, nor more than 30 percent, of the assisted units provided pursuant to this chapter. Other handicapped

households shall be eligible for assisted units pursuant to this subdivision or subdivision (a), (b), (c), or (e) if they otherwise meet the requirements imposed by those provisions.

(e) The department shall ensure that, in each fiscal year, not less than 20 percent of all moneys in the Rental Housing Construction Fund shall be allocated to rural areas.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act permits the Department of Housing and Community Development to rank applications for funds under the Rental Housing Construction Program so as to allocate those funds more effectively, and extends emergency regulatory authority necessary to implement and continue the operation of the Rental Housing Construction Program, authorized by the Housing and Homeless Bond Act of 1988. The failure to provide continued authority to operate under the Department of Housing and Community Development's emergency regulations would jeopardize any loans that are made after June 30, 1990, and before the regulations are adopted in final form. Furthermore, there would be an undue interruption of the program which would result in a significant delay in making available this much-needed low-income housing financing source. This program fulfills immediate and critical housing needs throughout California. It is, therefore, necessary that this act take immediate effect.

CHAPTER 230

An act to amend Sections 1357 and 2702 of the Water Code, relating to water.

SEC. 2. Section 2702 of the Water code is amended to read:

2702. (a) The board may order a reconsideration of all or part of an order of determination on the board's own motion or on petition of any party affected by the order. The authority of the board to order a reconsideration on its own motion shall expire 30 days after the board has adopted the order. The board shall order or deny reconsideration on a petition for reconsideration within 90 days after the notice required by Section 2701 is sent.

(b) The order of determination may be reconsidered by the board on all the pertinent parts of the record and any arguments as may be permitted, or a further hearing may be held, upon notice to all affected parties, for the purpose of receiving additional evidence that the board may, for cause, allow. The order on reconsideration has the same force and effect as an original order.

CHAPTER 231

44006. (a) Each report or application filed under this article shall be submitted under oath or under penalty of perjury.

(b) Each report, notice, or application filed under this article shall be submitted on a form approved by the board.

This fee is in addition to the fees authorized by Chapter 8 (commencing with Section 41900) of Part 2.

SEC. 4. Section 46203 of the Public Resources Code is amended to read:

46203. The board may provide grants, pursuant to Chapter 5

(commencing with Section 46400), to cities, counties, or local agencies with responsibility for waste management for local programs to help prevent the disposal of hazardous wastes at solid waste disposal sites, including, but not limited to, programs to manage household hazardous waste. These grants shall not exceed, in any one fiscal year, more than 20 percent of the total revenues deposited, or anticipated to be deposited, in the account during the fiscal year.

This subdivision does not limit the authority of the board to award grants of funds from the account in excess of, or in addition to, the minimum grant amounts set forth in this subdivision, in accordance with the grant criteria adopted pursuant to Section 46205.

CHAPTER 232

An act to amend Section 21460.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 21460.5 of the Vehicle Code is amended to read:

(c) A vehicle shall not be driven in a designated two-way left-turn lane except when preparing for or making a left turn from or into a highway or when preparing for or making a U-turn when otherwise permitted by law, and shall not be driven in that lane for more than 200 feet while preparing for and making the turn or while preparing to merge into the adjacent lanes of travel. A left turn or U-turn shall not be made from any other lane where a two-way left-turn lane has been designated.

(d) This section does not prohibit driving across a two-way left-turn lane.

(e) Raised pavement markers may be used to simulate the painted lines described in this section when those markers are placed in accordance with standards established by the Department of Transportation.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 233

An act to amend Sections 12578, 12633, and 12692 of the Health and Safety Code, relating to fireworks.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 234

An act to amend Section 77301 of the Government Code, relating to trial court funding.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 77301 of the Government Code is amended to read:

77301. A county shall notify the state of its decision to opt into the system by transmitting to the Secretary of State and the Controller a resolution, agreeing without qualification or condition to be bound by the provisions of this chapter in consideration for state funding of trail courts in that county.

However, in a county having only one superior court judge, no municipal court judge, and only one justice court judge who serves one-fifth time, as determined by the Judicial Council, only the superior court judge may so sign and certify for the judges of the county.

The option notification for the second half of the 1988–89 fiscal year shall be deemed effective on January 1, 1989. In subsequent years, the option notification shall become effective for the full fiscal year on the July 1 following notification, if sufficient moneys have been appropriated in the Budget Act for the fiscal year to adequately fund the program.

CHAPTER 235

An act to amend Section 69503.4 of the Government Code, relating to records.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 69503.4 of the Government Code is

(2) If two or more entities named in subdivision (a) request the same records and papers, the presiding judge shall order the transfer of those records and papers to the entity that shows the greatest capability to care for and preserve the records according to commonly recognized archival principles and practices of preservation and access, and provides the greatest likelihood of making them available for historical or research purposes.

(3) In no event shall an entity receive any papers or records unless the entity provides complete and open access to all individuals who wish access without distinction or discrimination and agrees to provide access to the material during normal business hours.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 236

An act to amend Section 640 of, and to add Section 642.5 to, the Military and Veterans Code, relating to military service.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 640 of the Military and Veterans Code is amended to read:

640. The following decorations are authorized for members of the National Guard, State Military Reserve, and Naval Militia:

(a) Medal of Valor.
(b) Military Cross.
(c) Order of California.

(e) Medal of Merit.
(f) Commendation Medal.

(g) Service Medal.
(h) Good Conduct Medal.

CHAPTER 237

An act relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that in 1989, the El Medio Fire Protection District, in the County of Butte, began proceedings under the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code) to annex certain surrounding areas into the fire protection district.

The Legislature finds and declares that the Butte County Local Agency Formation Commission approved the annexation in December 1989, and that due to circumstances beyond the control of the affected parties, there was not sufficient time to file the required statements and maps in compliance with Sections 54902 and 54903 of the Government Code. The Legislature further finds and declares that the El Medio Fire Protection District is a small district which could not easily absorb the costs of providing necessary services to the annexed areas in the 1990–91 fiscal year without the assessment and taxation authority pursuant to Sections 54902 and 54903 of the Government Code, and that a relatively short extension of time from the deadline for filing the statements and maps with each assessor whose roll is used and with the State Board of Equalization is, therefore, necessary to complete that process.

SEC. 2. Due to the unique circumstances surrounding this annexation, the Legislature finds and declares that a general statute

cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. The annexation of certain surrounding areas by the El Medio Fire Protection District, as approved by the Butte County Local Agency Formation Commission in December 1989, shall be effective for assessment and taxation purposes for the 1990–91 fiscal year if: (1) the governing board of the El Medio Fire Protection District both requests the assessment and levy of the district's special tax, and agrees to reimburse the county for its administrative costs associated with the assessment, levy, and collection of the special tax, (2) the statements and maps, as required in Sections 54902 and 54903, are filed with each assessor whose assessment roll is used and with the State Board of Equalization on or before July 31, 1990, and (3) the district forwards to the Butte County Auditor detailed information on the tax levy for each parcel. This section shall apply only to the assessment and taxation of the El Medio Fire Protection District's special tax, as approved by the district voters in 1980.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide persons in the areas annexed by the El Medio Fire Protection District essential fire protection and other emergency services, it is necessary that this act take immediate effect.

CHAPTER 238

An act to amend Section 24045.7 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 24045.7 of the Business and Professions Code is amended to read:

24045.7. (a) The department may issue a special on-sale general license to any nonprofit theater company which has been in existence for at least 10 years and which is exempt from the payment of income taxes under Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of the United States.

Theater companies holding a license under this section may, subject to Section 25631, sell and serve alcoholic beverages to ticketholders only during, and two hours prior to and one hour after, a bona fide theater performance of the company.

An applicant for such a license shall accompany the application with an original issuance fee of one thousand dollars ($1,000) and shall pay an annual renewal fee as provided in subdivision (30) of Section 23320.

(b) The department may issue a special on-sale beer and wine license to any nonprofit theater company which has been in existence for at least eight years, which for at least six years has performed in facilities leased or rented from a local county fair association, and which is exempt from the payment of income taxes under Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of the United States.

Theater companies holding a license under this subdivision may, subject to Section 25631, sell and serve beer and wine to ticketholders only during, and two hours prior to, a bona fide theater performance of the company. Beer and wine may be sold from an open-air concession stand which is not attached to the theater building itself, if the concession stand is located on fair association property within 30 feet of the theater building and the alcoholic beverages sold is consumed only in the theater building itself, or within a designated outdoor area in front of and between the concession stand and the main public entrance to the theater building. Nothing in this section permits a theater company to sell beer or wine during the run of a county fair.

An applicant for a license under this subdivision shall accompany the application with an original issuance fee equal to the annual renewal fee and shall pay an annual renewal fee as provided in subdivision (23) of Section 23320.

CHAPTER 239

An act to amend Section 29202 of the Elections Code, relating to elections.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 29202 of the Elections Code is amended to read:

29202. Any person who knowingly or negligently (a) interferes with the prompt transfer of a completed affidavit of registration to the county elections official, or (b) retains a voter's completed registration card, without the voter's authorization, for more than three days, excluding Saturdays, Sundays, and state holidays, or after the close of registration, or (c) denies a voter the right to return to the county elections official the voter's own completed registration card is guilty of a misdemeanor punishable by a fine not to exceed

one thousand dollars ($1,000).

CHAPTER 240

An act to amend Section 98.6 of, and to add Section 98.65 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter except Section 98.65, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the board of supervisors of a county or whose governing body is the same as the board of supervisors of a county, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each of the special districts equal to the amount of state assistance payment for the special district for the 1978–79 fiscal year divided by the sum of the state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation multiplied by the factor computed for the district pursuant to paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(4) Notwithstanding paragraph (3), for the 1988–89 fiscal year and each fiscal year thereafter, the amount computed for each special district, which, on or after July 1, 1988, ceases to be governed by the county board of supervisors or whose governing body ceases to be the same as the county board of supervisors, shall not be greater than the average annual amount computed for the last three full fiscal years in which the special district was governed by the county board of supervisors or its governing body was the same as the county board of supervisors.

(5) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(6) Notwithstanding any other provision of law, for purposes of this section, an existing mosquito abatement district, as provided for in Chapter 5 (commencing with Section 2108) of Division 3 of the Health and Safety Code, located in Monterey County that, on or after January 1, 1988, annexes property in a county adjoining Monterey County and which prior to the date of annexation is not a multicounty district, shall not be deemed a multicounty district.

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. On or before June 1 of each year, the governing body shall notify each special district of the estimated amount of funds in the Special District Augmentation Fund available to special districts in the coming fiscal year. The auditor shall, on or before August 31 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

(c) Within 15 days of the notice, the governing body shall hold a public hearing for the purpose of determining the distribution of the funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council. The notice shall include all of the following:

(1) The amount of funds disbursed to each special district and the amount of funds disbursed pursuant to subdivision (j) in the past fiscal year.

(2) The amount of funds computed pursuant to subdivision (a).

(3) The amount of funds proposed to be allocated pursuant to subdivision (j).

(4) The time and place of the hearing.

The governing body shall also publish the notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The published notice shall include the time and place of the hearing.

(d) Within 30 days of the notice of allocation, the governing body shall allocate the funds to special districts, and may allocate funds pursuant to subdivision (j). The governing body shall disburse the entire amount of the fund to special districts during the fiscal year, except for the amounts allocated pursuant to subdivision (j).

(e) In determining the amount of funds to be disbursed to each special district, the governing body shall not consider any revenues raised by a special district pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1, or Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

(f) In determining the amount of funds to be allocated to each special district, the governing body may consider the revenues which are raised, or could be raised, by a special district from its enterprise activities.

(g) In determining the amount of funds to be allocated to each special district, the governing body shall not allocate funds to any special district which is governed by the board of supervisors or the city council if the governing body intends that those funds are to be transferred to that county or city upon or after disbursement to the special district, except as reimbursement to the city or county for services rendered to the special district.

(h) Within 30 days after determining the amount of funds to be allocated, the governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council which shall include:

(1) The total amount of funds computed pursuant to subdivision (a).

(2) The amount of funds allocated to each special district.

(3) The amount of funds allocated pursuant to subdivision (j).

(i) In determining the amount of funds to be disbursed to a special district, the governing body may restrict the use of the funds requested by a special district for purposes of capital purchases to those purposes.

(j) The funds allocated pursuant to this section shall be used exclusively for special districts and shall not be used for any general county or municipal expenses, except that:

(1) The governing body may allocate to its general fund an amount not to exceed the actual demonstrated cost of administering the Special District Augmentation Fund, which shall be an amount necessary to reimburse the actual demonstrated expenditures made to carry out the requirements of subdivisions (a) to (i), inclusive, and also the actual demonstrated cost of providing the assistance requested by special districts, which amount shall not exceed 1 percent of the amount in the fund.

(2) The governing body may allocate to a special account in its general fund an amount not to exceed 1 percent of the amount of the Special District Augmentation Fund to pay only the costs of the following:

(A) Expenses incurred by special districts in the event of an emergency. As used in this subparagraph, "emergency" means a sudden, unexpected occurrence which threatens the public peace, health, safety, or welfare and which is, or is likely to be, beyond the control of the services, personnel, equipment, or facilities of the special district.

(B) To carry out the purposes of the California Special District Consolidation Assistance Program established pursuant to Chapter 9.5 (commencing with Section 60350) of Division 2 of Title 6 of the Government Code.

(C) To establish a Special District Augmentation Fund Loan

program. The program funds may be loaned to special districts under those terms and conditions and in those amounts as are specified by the governing body.

(3) Notwithstanding the limits of paragraph (2), the governing body of a county with a population of less than 50,000, as determined by the Department of Finance, may allocate an amount not to exceed 2 percent of the fund. Those governing bodies may accumulate in the special account an amount not to exceed 5 percent of the fund over a period of three fiscal years.

(4) The governing body shall disburse to special districts any amount allocated pursuant to this subdivision which is greater than the limits set by paragraphs (2) and (3) in the succeeding fiscal year.

(5) Notwithstanding the limits of paragraph (2), the governing body of Monterey County or Santa Cruz County may accrue annually to a special account in its general fund an amount not to exceed 1 percent of the amount of the Special District Augmentation Fund to pay only for the costs specified in paragraph (2). However, the total amount that may be accrued pursuant to this paragraph shall not exceed 4 percent of the amount of the Special District Augmentation Fund. Any interest which accrues to this special account shall be considered part of this account and shall not be allocated or distributed in any way to the general fund of the governing body.

(k) The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurer's property tax trust fund.

(*l*) Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special districts in accordance with the city council's final determination.

(m) Any interest which accrues to the Special District Augmentation Fund shall be considered part of the fund and shall not be allocated or distributed in any way to the general fund of the governing body.

SEC. 2. Section 98.65 is added to the Revenue and Taxation Code, to read:

98.65. (a) For the 1989–90 and 1990–91 fiscal years, property tax revenue shall be allocated by the Sacramento County Auditor to special districts, as defined in subdivision (b), consistent with the holding of American River Fire Protection District v. Board of Supervisors (1989) 211 Cal. App. 3d 1076 and as implemented in American River Fire Protection District, et al. v. Board of Supervisors of the County of Sacramento, et al., Sacramento Superior Court Case No. 431637, and for the 1991–92 fiscal year and each fiscal year thereafter, shall be allocated pursuant to subdivisions (c), (d), and (e).

(b) Notwithstanding Section 98.6, the amount allocated for the 1990–91 fiscal year and each fiscal year thereafter pursuant to Section 96 or 97, and Section 98 to a special district, as defined in Article 1

(commencing with Section 2201) of Chapter 3 of Part 4, including that portion of any multicounty district located within the County of Sacramento, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the Board of Supervisors of Sacramento County or whose governing body is the same as the Board of Supervisors of Sacramento County, shall be governed by this section.

(c) Notwithstanding Section 98.6, for the 1991–92 fiscal year, the amount of property tax revenue that would otherwise be allocated to the special districts described in subdivision (b) pursuant to Section 75.70, or Section 96 or 97 and Section 98, shall be reduced or otherwise adjusted by the difference between the following amounts:

(1) The reduction, if any, made to the amount of property tax revenues allocated to each special district pursuant to Section 98.6 in the 1990–91 fiscal year as determined by the Sacramento County Auditor.

(2) The allocations approved by the Board of Supervisors of the County of Sacramento to each special district pursuant to Section 98.6 in the 1990–91 fiscal year.

(d) Notwithstanding any other provision of law, for the 1992–93 fiscal year and each fiscal year thereafter, the Sacramento County Auditor shall allocate to the special districts described in subdivision (b) the total amount of property tax revenue allocated in the prior fiscal year as calculated in subdivisions (c) and (e).

(e) Notwithstanding subdivisions (a) and (b) of Section 97, for the 1991–92 fiscal year and each fiscal year thereafter, the annual tax increment as defined in subdivision (c) of Section 97 for the special districts described in subdivision (b) in each tax rate area shall be the sum of the following amounts:

(1) Each special district's share of property tax revenues in each of the tax rate areas within their respective jurisdictions without regard to this subdivision.

(2) The ratio of the amount determined for each special district in subdivision (c) and the special district's property tax revenue for the 1990–91 fiscal year, multiplied by the special district's share of property tax revenues in each tax rate area for the 1990–91 fiscal year.

(f) The Special District Augmentation Fund in the County of Sacramento shall be terminated as of June 30, 1991.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances in Sacramento County. The Legislature finds, therefore, that this special act is necessary. The facts constituting this necessity are:

Sacramento County and special districts located therein bear special and unique burdens in complying with recent judicial decisions with regard to tax revenue allocations, and thereby require a special allocation process to ensure the orderly and proper

management and expenditure of public funds.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act affirms for the state, as described in subdivision (b) of Section 17556 of the Government Code, that which has been declared to be existing law in American River Fire Protection District v. Board of Supervisors (1989) 211 Cal. App. 3d 1076 and has been implemented in American River Fire Protection District, et al. v. Board of Supervisors of the County of Sacramento, et al., Sacramento Superior Court Case No. 341637. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 241

An act to amend Sections 15630 and 15634 of the Welfare and Institutions Code, relating to aging.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) (1) Any elder or dependent adult care custodian, health practitioner, or employee of a county adult protective services agency or a local law enforcement agency, who in his or her professional capacity or within the scope of his or her employment, either has observed an incident that reasonably appears to be physical abuse, has observed a physical injury where the nature of the injury, its location on the body, or the repetition of the injury, clearly indicates that physical abuse has occurred, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, shall report the known or suspected instance of physical abuse either to the long-term care ombudsman coordinator or to a local law enforcement agency when the physical abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the physical abuse is alleged to have occurred anywhere else, immediately or as soon as possible by telephone, and shall prepare and send a written report thereof within two working days.

(2) The reports required by this section should contain the following information unless the information is unavailable by the person reporting:

(A) The name, address, telephone number, and occupation of the

person reporting.

(B) The name and address of the victim.

(C) The date, time, and place of the incident.

(D) Other details, including the reporter's observations and beliefs concerning the incident.

(E) Any statement relating to the incident made by the victim.

(F) The name of any individuals believed to have knowledge of the incident.

(G) The name of the individuals believed to be responsible for the incident and their connection to the victim.

(b) When two or more persons who are required to report have knowledge of a known or suspected physical abuse of an elder or dependent adult, the telephone report shall be made by a member of the team selected by mutual agreement, and a single report shall be made and signed by a selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(c) Any care custodian, health practitioner, or employee of an adult protective services agency or local law enforcement agency who has knowledge of or reasonably suspects that other types of elder or dependent adult abuse have been inflicted upon an elder or dependent adult or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse either to a long-term care ombudsman coordinator when the abuse is alleged to have occurred in a long-term care facility, or to the county adult protective services agency when the abuse is alleged to have occurred anywhere else. If the conduct involves criminal activity not already covered by subdivision (a), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more persons who are required to report are present and jointly have knowledge or reasonably suspect that other types of abuse of an elder or a dependent adult have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(f) (1) An adult protective services agency shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, and to any

public agency given responsibility for investigation in that jurisdiction of cases of elder and dependent adult abuse, every known or suspected instance of physical abuse of an elder or dependent adult. A county adult protective services agency shall also send a written report thereof within two working days of receiving the information concerning the incident to each agency to which it is required to make a telephone report under this subdivision.

Only a written report, sent within two working days, shall be required in the case of types of elder and dependent adult abuse other than physical abuse.

If an adult protective services agency receives a report of abuse alleged to have occurred in a long-term care facility, that adult protective services agency shall immediately inform the person making the report that he or she must make it to the long-term care ombudsman coordinator or to a local law enforcement agency. The adult protective services agency shall not accept the reports.

(2) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse involving physical abuse or neglect determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person purporting to be such a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

(g) A law enforcement agency shall immediately or as soon as practically possible report by telephone to the long-term care ombudsman coordinator when the abuse is alleged to have occurred in a long-term care facility or to the county adult protective services agency when it is alleged to have occurred anywhere else, and to the agency given responsibility for the investigation of cases of elder and dependent adult abuse every known or suspected instance of abuse of an elder or a dependent adult. A law enforcement agency shall also send a written report thereof within two working days of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

(h) A long-term care ombudsman coordinator may report the instance of abuse to the county adult protective services agency or to the local law enforcement agency for assistance in the investigation of the abuse if the victim gives his or her consent.

A long-term care ombudsman coordinator and the Licensing and Certification Division of the State Department of Health Services shall immediately report by telephone and in writing within two working days to the bureau any instance of neglect occurring in a health care facility, which has seriously harmed any patient or reasonably appears to present a serious threat to the health or physical well-being of a patient in that facility. If a victim or potential victim of the neglect withholds consent to being identified in that report, the report shall contain circumstantial information about the neglect but shall not identify that victim or potential victim and the bureau and the reporting agency shall maintain the confidentiality of the report until the time at which the report becomes a matter of public record.

(i) When a county adult protective services agency, a long-term care ombudsman coordinator, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(j) Each long-term care ombudsman coordinator shall report to the county adult protective services agency monthly on the reports it receives pursuant to this chapter. The reports shall be on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse, and the actions taken on the reports. For purposes of these reports, sexual abuse shall be reported separately from physical abuse.

(k) Each county adult protective services agency shall report to the State Department of Social Services monthly on the reports received pursuant to this chapter. The reports shall be made on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse sustained, and the actions taken on the reports. For purposes of these reports, sexual abuse shall be reported separately from physical abuse.

The county's report to the department shall include reports it receives from the long-term care ombudsman coordinator pursuant to subdivision (j).

The State Department of Social Services shall refer to the bureau monthly summaries of the reports of elder and dependent adult abuse, neglect, and abandonment which it receives from county adult protective services agencies.

SEC. 2. Section 15634 of the Welfare and Institutions Code is amended to read:

15634. (a) No care custodian, health practitioner or employee of an adult protective service agency or a local law enforcement agency who reports a known or suspected instance of elder or dependent

adult abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of elder or dependent adult abuse shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of elder or dependent adult abuse or causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any care custodian, health practitioner, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency, provides the requesting agency with access to the victim of a known or suspected instance of elder or dependent adult abuse shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report elder or dependent adult abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) Any person who fails to report an instance of elder or dependent adult abuse, as required by this article, is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, by a fine of not exceeding one thousand

dollars ($1,000), or by both that fine and imprisonment.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 242

An act to amend Section 104.17 of, and to add Sections 104.18 and 580.2 to, the Streets and Highways Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 104.17 of the Streets and Highways Code is amended to read:

104.17. (a) The department may provide information regarding, and may lease, airspace under the interchange of Route 4 and Route 5 in San Joaquin County and on the northeast corner of Route 101 and De La Vina Street in the County of Santa Barbara, to a city, county, or other political subdivision or another state agency for emergency shelter or feeding program purposes. Property may be leased pursuant to this section only if there is no buyer. The lease shall be for one dollar ($1) per month. The lease amount may be paid in advance of the term covered in order to reduce the administrative costs associated with the payment of the monthly rental fee.

Any lease executed pursuant to this section shall also provide for the cost of administering the lease.

The administrative fee shall not exceed five hundred dollars ($500) per year unless the department determines that a higher administrative fee is necessary.

(b) The Legislature finds and declares that the lease of real property pursuant to this section serves a public purpose.

(c) Any lease executed pursuant to subdivision (a) for airspace under the interchange of Route 4 and Route 5 in San Joaquin County shall provide for the rescission of existing leases of this airspace between the department and the City of Stockton and for the refunding of any rent paid pursuant to those leases for periods commencing on or after January 1, 1988.

SEC. 2. Section 104.18 is added to the Streets and Highways Code, to read:

104.18. (a) Real property in the City of San Diego between 17th Street and the west side of Route 5 between the southbound onramp and the offramp near J Street, which was acquired for highway purposes and which is not excess property, may be leased by the department to a city, county, or other political subdivision or another state agency for emergency shelter or feeding program purposes.

(b) The lease shall be for one dollar ($1) per month. The lease amount may be paid in advance of the term covered in order to reduce the administrative costs associated with the payment of the monthly rental fee. The lease shall require the payment of an administrative fee not to exceed five hundred dollars ($500) per year, unless the department determines that a higher administrative fee is necessary, for the department's cost of administering the lease.

(c) The Legislature finds and declares that the lease of real property pursuant to this section serves a public purpose.

SEC. 3. The Legislature hereby finds and declares as follows:

(a) Certain parcels of land in the City and County of San Francisco were originally acquired by the Department of Transportation with the aid and participation of the federal government pursuant to the Federal Aid to Highways Act. The land was to be used as part of the Interstate 280 Freeway in San Francisco between Sixth Street, the San Francisco-Oakland Bay Bridge, and State Route 480. The Federal Highway Administration subsequently approved the withdrawal of that portion of Route 280 between Sixth Street and the San Francisco-Oakland Bay Bridge from the Interstate System, and approved the alternatives contained in the I-280 Transfer Concept Program. On June 19, 1986, the Federal Highway Administration was advised of the final selection of six substitute projects agreed upon by the City and County of San Francisco, the department, and the Metropolitan Transportation Commission.

(b) A public highway purpose is served by transferring the real property described in this act to the City and County of San Francisco for approved substitute transportation projects.

SEC. 4. Section 580.2 is added to the Streets and Highways Code, to read:

580.2. (a) Notwithstanding any other provision of law and subject to subdivision (b), the department shall convey to the City and County of San Francisco, at no cost, the title to real property originally acquired by the department for the portion of Route 280 which was subsequently withdrawn from the Interstate System, which is jointly determined by the department and the City and County of San Francisco to be required for rights-of-way for the substitute transportation projects approved by the Federal Highway Administration.

(b) The department shall not convey title to that real property, unless the City and County of San Francisco agrees to assume full responsibility for any unsatisfied contractual and legal obligations

incurred by the department when the department acquired the property.

(c) If the real property ceases to be used for one of the six substitute projects that were included in the I-280 Transfer Concept Program which was reported to the Federal Highway Administration on June 19, 1986, title to the real property shall revert to the department.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that real property, which is no longer needed for the state highway purposes for which it was acquired, or which is being held for future highway use, may be made available at the earliest possible time for essential approved substitute transportation projects, or be temporarily used for other public purposes, it is necessary for this act to take effect immediately.

CHAPTER 243

An act to add Section 66455.1 to the Government Code, relating to land use.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 66455.1 is added to the Government Code, to read:

66455.1. The Department of Water Resources may file with the legislative body of any local agency having jurisdiction, a map or amended map of any territory within one mile on either or both sides of any facility of the State Water Resources Development System, in which territory it believes a proposed subdivision may have an effect upon any existing facility of the State Water Resources Development System, or planned future facility of the State Water Resources Development System.

The city or county having jurisdiction shall issue a receipt for the territorial map and shall transmit, within three days of receipt, to the department, one copy of each tentative map of any proposed subdivision located, in whole or in part, within the territory outlined on the territorial map. The city or county shall submit the tentative maps to the office of the department nearest the subdivision, unless the department specifies a different office on the territorial map filed with the local agency.

The department, within 15 days after receiving a copy of a proposed subdivision map, may make recommendations to the local

agency regarding the effect of the proposed subdivision upon the State Water Resources Development System or proposed additions thereto.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 244

An act to amend Sections 5020, 5021, 5022, 5120, and 5122 of, and to repeal Section 5020.3 of, the Business and Professions Code, relating to accountants.

[Approved by Governor July 11, 1990 Filed with Secretary of State July 13, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 5020 of the Business and Professions Code is amended to read:

5020. The board shall appoint an administrative committee of not less than three nor more than five members who shall be public accountants, and not less than 10 nor more than 12 members who shall be certified public accountants, to perform any of the following duties, and the committee shall be vested with the full powers of the board for those purposes:

(a) To receive and investigate complaints and to initiate and conduct investigations or hearings, with or without the filing of any complaint, and to obtain information and evidence relating to any matter involving the conduct of public accountants and certified public accountants.

(b) To receive and investigate complaints and to initiate and conduct investigations or hearings, with or without the filing of any complaint, and to obtain information and evidence relating to any matter involving any violation or alleged violation of this chapter by public accountants and certified public accountants.

SEC. 2. Section 5020.3 of the Business and Professions Code is repealed.

SEC. 3. Section 5021 of the Business and Professions Code is amended to read:

5021. The members of the administrative committee shall hold office for one year.

SEC. 4. Section 5022 of the Business and Professions Code is

amended to read:

5022. The committee shall make recommendations and forward its report to the board for action on any matter on which it is authorized to act. Any applicant for registration as a certified public accountant who is aggrieved by any action taken by the committee with respect to his or her qualifications may appeal to the board in accordance with rules or regulations prescribed by the board. The board on the appeal may give an oral or written examination as an aid in determining whether the applicant is qualified under the terms of this chapter.

SEC. 5. Section 5120 of the Business and Professions Code is amended to read:

5120. Any person who violates Article 3 (commencing with Section 5050) is guilty of a misdemeanor, punishable by imprisonment for not more than six months, or by a fine of not more than one thousand dollars ($1,000), or both.

Whenever the board has reason to believe that any person is liable to punishment under this article, the board or with its approval the administrative committee, may certify the facts to the appropriate enforcement officer of the city or county where the alleged violation had taken place and the officer may cause appropriate proceedings to be brought.

SEC. 6. Section 5122 of the Business and Professions Code is amended to read:

5122. Whenever in the judgment of the board, or with its approval the administrative committee, any person has engaged, or is about to engage, in any acts or practices which constitute, or will constitute, an offense against this chapter, the board may make application to the appropriate court for an order enjoining the acts or practices, and upon showing by the board that the person has engaged, or is about to engage, in any such acts or practices, an injunction, restraining order, or other order that may be appropriate shall be granted by the court.

CHAPTER 245

An act to add and repeal Section 13963.1 of the Government Code, relating to victims of crime.

[Approved by Governor July 11, 1990. Filed with Secretary of State July 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 13963.1 is added to the Government Code, to read:

13963.1. Notwithstanding Section 11123, the board may exclude from the hearing all persons other than board members and

members of its staff, the victim, the victim's parents or guardians, the victim's representative, any witnesses, and other persons of the victim's choice to provide assistance to the victim during the hearing, if the application that the board is considering is the result of either a crime against a minor or a crime of sexual assault.

The board may not exclude persons from a hearing to which this section applies if the victim or the victim's representative requests that the hearing be open to the public.

This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is chaptered prior to January 1, 1994, deletes or extends that date.

CHAPTER 246

An act to amend Section 676 of, and to amend and repeal Section 827 of, the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor July 12, 1990 Filed with Secretary of State July 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The incidence of violent crime among juveniles has reached epidemic proportions in many areas of the state.

(2) It is unconscionable that law-abiding members of a community, victimized by violent criminals, are unable to obtain information about court proceedings paid for by their tax dollars.

(3) The policy of confidentiality of juvenile court records should be tempered by considerations of the safety and well-being of the communities served by those courts.

(b) It is the intent of the Legislature that judges of the juvenile court shall use their authority pursuant to subdivision (a) of Section 827 of the Welfare and Institutions Code to ensure that members of the public are adequately informed about juvenile court proceedings that affect their lives, or the general quality of life in their communities.

SEC. 2. Section 676 of the Welfare and Institutions Code is amended to read:

676. (a) Unless requested by the minor concerning whom the petition has been filed and any parent or guardian present, the public shall not be admitted to a juvenile court hearing. Nothing in this section shall preclude the attendance of up to two family members of a prosecuting witness for the support of that witness, as authorized by Section 868.5 of the Penal Code. The judge or referee may nevertheless admit those persons he or she deems to have a direct and legitimate interest in the particular case or the work of the

court. However, except as provided in subdivision (b), members of the public shall be admitted, on the same basis as they may be admitted to trials in a court of criminal jurisdiction, to hearings concerning petitions filed pursuant to Section 602 alleging that a minor is a person described in Section 602 by reason of the violation of any one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(3) Robbery while armed with a dangerous or deadly weapon.

(4) Rape with force or violence or threat of great bodily harm.

(5) Sodomy by force, violence, duress, menace, or threat of great bodily harm.

(6) Oral copulation by force, violence, duress, menace, or threat of great bodily harm.

(7) Any offense specified in Section 289 of the Penal Code.

(8) Kidnapping for ransom.

(9) Kidnapping for purpose of robbery.

(10) Kidnapping with bodily harm.

(11) Assault with intent to murder or attempted murder.

(12) Assault with a firearm or destructive device.

(13) Assault by any means of force likely to produce great bodily injury.

(14) Discharge of a firearm into an inhabited or occupied building.

(15) Any offense described in Section 1203.09 of the Penal Code.

(16) Any offense described in Section 12022.5 of the Penal Code.

(17) Any felony offense in which a minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(18) Burglary of an inhabited dwelling house or trailer coach, as defined in Section 635 of the Vehicle Code, or the inhabited portion of any other building, if the minor previously has been adjudged a ward of the court by reason of the commission of any offense listed in this section, including an offense listed in this paragraph.

(19) Any felony offense described in Section 136.1 or 137 of the Penal Code.

(20) Any offense as specified in Sections 11351, 11351.5, 11352, 11378, 11378.5, 11379, and 11379.5 of the Health and Safety Code.

(21) Criminal street gang activity which constitutes a felony pursuant to Section 186.22 of the Penal Code.

(22) Manslaughter as specified in Section 192 of the Penal Code.

(23) Drive-by shooting or discharge of a weapon from or at a motor vehicle as specified in Sections 246, 247, and 12034 of the Penal Code.

(24) Any crime committed with an assault weapon, as defined in Section 12276 of the Penal Code, including possession of an assault weapon as specified in subdivision (b) of Section 12280 of the Penal Code.

(b) Where the petition filed alleges that the minor is a person described in Section 602 by reason of the commission of rape with

force or violence or great bodily harm; sodomy by force, violence, duress, menace, or threat of great bodily harm; oral copulation by force, violence, duress, menace, or threat of great bodily harm; or any offense specified in Section 289 of the Penal Code, members of the public shall not be admitted to the hearing in either of the following instances:

(1) Upon a motion for a closed hearing by the district attorney, who shall make the motion if so requested by the victim.

(2) During the victim's testimony, if, at the time of the offense the victim was under 16 years of age.

(c) The name of a minor found to have committed one of the offenses listed in subdivision (a) shall not be confidential, unless the court, for good cause, so orders.

(d) Notwithstanding Sections 827 and 828 and subject to subdivisions (e) and (f), when a petition is sustained for any offense listed in subdivision (a), the charging petition, the minutes of the proceeding, and the orders of adjudication and disposition of the court that are contained in the court file shall be available for public inspection. Nothing in this subdivision shall be construed to authorize public access to any other documents in the court file.

(e) The probation officer or any party may petition the juvenile court to prohibit disclosure to the public of any file or record. The juvenile court shall prohibit the disclosure if it appears that the harm to the minor, victims, witnesses, or public from the public disclosure outweighs the benefit of public knowledge.

(f) Nothing in this section shall be applied to limit the disclosure of information as otherwise provided for by law.

SEC. 3. Section 827 of the Welfare and Institutions Code, as amended by Section 11 of Chapter 1423 of the Statutes of 1984, is amended to read:

827. (a) Except as provided in Section 828, a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in any such case or made available to the probation officer in making his or her report, or to the judge, referee or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer, may be inspected only by court personnel, the district attorney, the minor who is the subject of the proceeding, his or her parents or guardian, the attorneys for the parties, and such other persons as may be designated by court order of the judge of the juvenile court upon filing a petition therefor. Child protective agencies, as defined in subdivision (k) of Section 11165 of the Penal Code, also shall be entitled to inspect these documents upon the filing of a declaration under penalty of perjury stating that access to these documents is necessary and relevant in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

Any records or reports relating to a matter within the jurisdiction of the juvenile court prepared by or released by the court, a

probation department, or the county department of social services, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, any such records or reports, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be made attachments to any other documents without the prior approval of the presiding judge of the juvenile court, unless they are used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality in cases involving serious acts of violence. Further, it is the intent of the Legislature that even in these selected cases dissemination of juvenile court records be as limited as possible consistent with the need to work with a student in an appropriate fashion, and the need to protect potentially vulnerable school staff and other students over whom school staff exercise direct supervision and responsibility.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school in kindergarten or grades 1 to 12, inclusive, has been found by a court of competent jurisdiction to have used, sold, or possessed narcotics or a controlled substance or to have committed any crime listed in paragraphs (1) to (15), inclusive, or (17) to (19), inclusive, of subdivision (b) of Section 707 shall be provided by the court, within seven days, to the superintendent of the school district of attendance, which information shall be expeditiously transmitted to any teacher, counselor, or administrator with direct supervisorial or disciplinary responsibility over the minor who the superintendent or his or her designee, after consultation with the principal at the school of attendance, believes needs this information to work with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability. Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher, counselor, or administrator. An intentional violation of the confidentiality provisions of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b) the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole

or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Destroy This Record 12 Months After The Minor Returns To Public School. Unlawful Dissemination of This Information Is A Misdemeanor." No information transmitted by the superintendent pursuant to subdivision (b) shall be transmitted by the superintendent or by any teacher, counselor, or administrator to any other person more than 12 months after receipt of the original notice from the court or more than 12 months after the minor returns to public school, whichever occurs last. Any information received from the court shall be destroyed by school authorities 12 months after its receipt from the court or 12 months after the minor returns to public school, whichever occurs last. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred and shall specify the date by which the record will be destroyed.

(e) Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

SEC. 4. Section 827 of the Welfare and Institutions Code, as amended by Section 4 of Chapter 1103 of the Statutes of 1982, is repealed.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 247

An act to amend Section 66651 of, and to add Chapter 6 (commencing with Section 66670) to Title 7.2 of, the Government Code, relating to public resources.

[Approved by Governor July 13, 1990 Filed with Secretary of State July 16, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 66651 of the Government Code is amended to read:

66651. Pursuant to this title the commission has adopted and submitted to the Governor and the Legislature the San Francisco Bay Plan, a comprehensive plan containing statements and maps concerning the following:

(a) The summary and objectives of the plan.

(b) The bay, as a resource, including findings and policies upon: fish and wildlife; water quality; smog and weather; water surface, area, and volume; marshes and mudflats; fresh water inflow; dredging; and shell deposits.

(c) The development of the bay and shoreline, including findings and policies upon: economic and population growth; safety of fills; water-related industries; ports; commercial fishing; airports; recreation; saltponds and other managed wetlands; transportation; other uses of the bay and shoreline; refuse disposal sites; public access; appearance, design, and scenic views.

(d) The implementation provisions in the section on carrying out the plan.

This plan and any amendments thereto shall constitute the plan for the commission to use to establish policies for reviewing and acting on projects until otherwise ordered by the Legislature.

The plan may contain or incorporate by reference special area plans with more specific findings and policies for portions of the bay and its shoreline and other plans addressing special needs, such as seaports.

Any change to the plan shall be made exclusively in accordance with the procedures described in Section 66652 and any regulations the commission may adopt to implement Section 66652.

SEC. 2. Chapter 6 (commencing with Section 66670) is added to Title 7.2 of the Government Code, to read:

CHAPTER 6. WHITE SLOUGH PROTECTION AND DEVELOPMENT

66670. This chapter shall be known and may be cited as the White Slough Protection and Development Act.

66671. The Legislature hereby finds and declares that the area of White Slough, consisting of at least 336 acres of tidal wetlands, 132 acres of tidally influenced wetlands, and 103 acres of adjacent upland, comprises a valuable wetland and urban resource in western Solano County, provides diverse habitat for waterfowl and endangered species, includes degraded areas which can be improved for both wildlife and the public, and is adjacent to developed areas that need adequate transportation and protection from flooding.

66672. The Legislature further finds and declares that the area of White Slough was not within the jurisdiction of the San Francisco Bay Conservation and Development Commission from the time the commission was established in 1965 until the winter of 1976–77, when storms and other natural forces caused levees along the Napa River to breach, allowing greater and more frequent inundation by the tides into much of the area of White Slough. Because neither the owners of the property in the area of White Slough, nor any public agency repaired the levees in a timely manner, subsequently in 1977, most of the area of White Slough became subject to the jurisdiction of the commission and thereby subject to this title.

66673. The Legislature further finds and declares that the breaches in the Napa River levees have caused a major sewerline to be covered by tidal waters, which could lead to serious water pollution in sensitive wildlife habitat areas in the event of leakage or breakage, to problems of infiltration of tidal waters into the sewerline, and to damage of wetlands during the normal maintenance of the sewerline. The breaches also allow the flooding of State Highway Route 37 and nearby developed areas which has already caused damage in excess of one million dollars ($1,000,000) and threatens to cause additional damage in the future.

66674. The Legislature further finds and declares that it is in the public interest to provide flood protection to the residents and property surrounding White Slough, to relocate the flooded sewerlines in White Slough, and to enhance the ecological values of South White Slough, even though those improvements require some fill in tidal and tidally influenced wetlands. The Legislature further finds and declares that the United States Army Corps of Engineers has studied the flooding problems of White Slough and has identified the construction of levees protecting existing filled or developed lands north and south of State Highway Route 37 as an environmentally sound and economically feasible method of providing flood protection, together with a combined improved transportation route and flood control levees along State Highway Route 37.

66675. The Legislature further finds and declares that use of State Highway Route 37 now exceeds the highway's capacity, and that

widening of the highway to four lanes with a minimum amount of fill may only be accomplished in the context of a project to relocate existing sewerlines, to protect private property, and to enhance the ecological values of South White Slough. The Legislature further finds and declares that, because of the unusual circumstances by which tidal influence was returned to White Slough, a combined project may be approved only if all adverse impacts to the environment are mitigated, and the overall effect of the project will be to improve the ecological value of the area.

66676. The Legislature further finds and declares as follows:

(a) The provisions of this chapter are required because of extraordinary circumstances which have developed in the area of White Slough caused by the breaches of the Napa River levee.

(b) Existing public access to the waters of White Slough is inadequate and may be improved along the periphery of South White Slough as part of an ecological enhancement project.

(c) It is in the public interest to devise a resolution of these significant problems that is specific to the area of White Slough.

(d) It is not the intent of the Legislature, in enacting this chapter, to modify any provision of this title except as otherwise expressly provided in this chapter.

66677. The Legislature further finds and declares that, in order to preserve the integrity and to assure the continued wildlife use of White Slough, to provide adequate flood protection, to reduce air pollution, and to complete a necessary transportation facility, there is a need for all of the following:

(a) The establishment and maintenance of adequate waterflow and water quality and the improvement of present water management practices, including drainage and upland flood protection.

(b) The permanent protection by local agencies of tidal wetlands and tidally influenced areas of White Slough, adjacent wetlands, and upland habitat areas.

(c) Implementation of a plan to enhance the wetland values of White Slough, permanently protect wetland, tideland, marsh, and upland habitat areas, provide for an improved transportation link, provide flood protection for already developed upland areas, assure compatible upland development, and provide new public access to and along tidally influenced areas of South White Slough.

(d) Assurance that state interests in the area of White Slough, including water quality, waterflow, habitat protection and enhancement, public access, transportation, and flood protection, will be protected.

66678. As used in this chapter, the following terms have the following meanings:

(a) "City" means the City of Vallejo.

(b) "Commission" means the San Francisco Bay Conservation and Development Commission.

(c) "County" means the County of Solano.

(d) "Department" means the Department of Transportation.

(e) "Plan" means the White Slough Specific Area Plan adopted pursuant to this chapter.

(f) "South White Slough" means all tidally influenced areas south of State Highway Route 37 which would naturally drain northerly to the Napa River, any areas within the tidally influenced portions of the slough that have been filled pursuant to a commission permit, and any areas within the tidally influenced portions of the slough which have been filled after January 1, 1977, without a permit from the commission.

(g) "White Slough" means, within the county and the city, the historic, unfilled bed of White Slough, all lands surrounding the historic bed of White Slough that have been touched by tidal waters since January 1, 1977, any areas within the tidal and tidally influenced portions of the slough that have been filled pursuant to a permit from the commission, and any areas within the tidal and tidally influenced portions of the slough which have been filled after January 1, 1977, without a permit from the commission.

(h) "White Slough Project" means, within the county and the city, the restoration and enhancement of the habitat values of South White Slough, the widening of State Highway Route 37 between Sacramento Street and State Highway Route 29 to not more than four traffic lanes with medians and shoulders of the minimum width possible, the construction of new tidal channels and control structures underneath the existing and the widened portions of State Highway Route 37, the construction of new interchanges between State Highway Route 37 and State Highway 29 and Sacramento Street, the covering with fill of an existing sewerline on the south side of the highway widening, and the relocation of the existing sewerline north of State Highway Route 37 within the area required for the widening of State Highway Route 37.

66679. (a) The city, in consultation with the county, the commission, the department, and other affected local, state, and federal agencies, has previously prepared a draft White Slough Specific Area Plan proposal as a first step toward the orderly, long-range conservation, use, and management of the natural, scenic, recreational, and manmade resources of White Slough.

(b) By June 30, 1991, the city and the county shall jointly adopt a final plan which shall include a specific wetland enhancement segment for the area of White Slough. Provided that no other feasible measures are devised during the environmental review process which have fewer environmental impacts and which accomplish the goals of this chapter, this plan shall include the permanent protection and enhancement of at least 336 acres of tidal wetlands within White Slough and 132 acres of tidally influenced areas in South White Slough, provide for the minimum amount of fill, not to exceed 13 acres, necessary to widen State Highway Route 37 to a four-lane highway and construct interchanges between State Highway Route 37 and State Highway Route 29 and Sacramento Street, provide flood

protection for upland areas, provide for suitable water quality, and provide for wetland enhancement for all tidally influenced areas of South White Slough, including a program for the acquisition, enhancement, and permanent preservation of those areas.

(c) Not later than 30 days after adoption of the final plan by the city and the county, the city and the county shall submit the plan to the commission for review. The commission shall approve or disapprove the plan within 45 days of submittal on the basis of whether the plan meets the objectives of Sections 66677 and 66680 and includes changes to the relevant local city and county general and specific plans and includes proposed city and county ordinances necessary to implement the plan.

(d) Upon approval of the plan by the commission and the adoption by the city and the county of necessary changes to the general and specific plans and implementing ordinances, the plan shall be the primary basis for reviewing applications for state and local permits for projects affecting White Slough. A permit shall be issued only if the permitting entity finds that the proposed project is consistent with the plan and the requirements of this chapter.

(e) After adoption, no changes shall be made in the plan or the implementing ordinances without the prior notification and approval of the commission.

66680. The commission shall review and approve, or disapprove, the plan on the basis of whether the plan provides all of the following:

(a) Permanent protection and enhancement of marshes, tidelands, tidally influenced wetlands, and upland habitat sufficient to assure the long-term usefulness of White Slough as a wildlife habitat, a flood basin consistent with wetland enhancement goals, and a wetland resource for the city and the region, including the establishment, operation, and maintenance of adequate tidal action and water quality to preclude algal blooms, to provide a fishery, and to provide waterfowl feeding, resting, and breeding areas.

(b) Location and siting for a project that consists of a State Highway Route 37 widened to not more than four lanes, with the minimum medians and shoulders necessary to assure highway safety, interchanges between State Highway Route 37 and State Highway Route 29 and Sacramento Street, the covering of the flooded sewerline south of State Highway Route 37 and the relocation of the flooded line north of State Highway Route 37 within the area required for the widening of State Highway Route 37, and that provides for all of the following:

(1) A tidal control structure or structures or open channels, sufficient to assure adequate waterflow for suitable water quality, wetland enhancement of South White Slough, and flood protection, between the wetlands north and south of the State Highway Route 37 corridor.

(2) Adequate height and design to protect developed areas of the city from flooding.

(3) No access from the widened State Highway Route 37 to tidal

wetlands north of the highway.

(4) The minimum wetland fill necessary, but in no event more than 13 acres.

(5) Mitigation measures, specifically including the following:

(A) Prior to the placing of fill or commencement of other highway construction work, acquisition of upland areas in the vicinity of White Slough which do not presently provide unique or especially significant wildlife habitat and which are four times the size of the area to be filled.

(B) The conversion of these lands to wetlands during highway construction.

(C) The hiring of an independent biologist to assess current conditions on the wetlands to be filled and to monitor the conditions of the newly created wetlands over time.

(D) The permanent protection of the created wetlands.

(E) Assurances that the created wetlands will be functioning in a manner which fully replaces the filled wetlands within five years. If, after three years it does not appear that the created wetlands will be fully functioning within the five-year period, then the wetlands shall be further improved in a manner which ensures full replacement of the filled wetlands or which provides additional new wetlands. After the five years, the department shall no longer be required to maintain the created wetlands, but may transfer the created wetlands either to the Department of Fish and Game or to another appropriate resource agency for the wetlands' permanent management for wildlife habitat purposes.

(c) Levees within and adjacent to South White Slough necessary for flood control, wetland habitat enhancement, and public access purposes. The department shall not be responsible for the construction and maintenance of the levees within and adjacent to South White Slough, except for the White Slough Project. Fill for flood control and public access purposes shall be the minimum necessary and shall be mitigated by the acquisition, excavation, and conversion to wetlands of uplands in the vicinity of the project and which do not presently provide unique or especially significant wildlife habitat, to provide an area of wetland habitat at least twice the area to be filled.

(d) Acquisition of interests in real property sufficient to preserve and maintain permanently the wetland, tidal, water-covered, and public access areas of White Slough.

(e) Recognition that the project constructed in accordance with the plan is required to meet the requirements of the federal Clean Water Act and the Rivers and Harbors Act, if applicable.

66681. The plan shall be implemented as follows:

(a) The city and the county shall adopt the relevant provisions of the plan into their general and specific plans, shall adopt land use ordinances that implement the policies of the plan, and shall review and issue or deny any necessary local permits for projects within White Slough based on the requirements of the plan and

implementing ordinances.

(b) In addition to obtaining any other permit required by law from the city or county or any state, regional, or local agency, any person placing fill, extracting materials, or making any substantial change in use of any area within White Slough shall obtain a permit from the commission. The commission shall issue a permit for these activities only if it finds the project consistent with the plan, this chapter, and, where not inconsistent with the plan and this chapter, this title, the San Francisco Bay Plan, and other relevant state and local law.

(c) The Department of Fish and Game, the Wildlife Conservation Board, the State Lands Commission, the State Coastal Conservancy, and the Department of Transportaton shall exercise their powers and allocate available resources to acquire, enhance, or manage wetlands and public access areas within White Slough in a manner consistent with the plan, subject to statewide goals and priorities of the agencies.

66682. The commission shall issue a permit for all, or any portion, of the White Slough Project only if the commission finds that the work is consistent with the plan, subdivision (b) of Section 66681, and all of the following requirements have been met:

(a) The city and the county have adopted the necessary implementing ordinances and have amended their general and specific plans.

(b) The department limits the project to a four-lane highway with the minimum medians and shoulders necessary to assure highway safety, and the project does not permit access to the wetlands north of State Highway Route 37.

(c) A minimum fill of tidal areas will result from construction of the combined flood barrier, new sewerline, and widened State Highway Route 37 and associated interchanges, which in no event will result in the loss of more than 13 acres of tidal areas.

(d) Fill of tidal and tidally influenced wetlands will be mitigated on a four-to-one basis in the vicinity of the project, and the mitigation will consist of the acquisition of upland areas which do not presently provide unique or especially significant wildlife habitat and the creation and permanent protection of new wetlands for habitat purposes. The acquisition of the upland areas will take place before construction of the highway project. Creation of new wetlands will be done concurrently with the construction of the highway project and will be monitored by an independent biologist. There shall be assurances that the created wetlands will be fully functional or additional measures shall be taken as described in paragraph (5) of subdivision (b) of Section 66680.

(e) The project will provide a barrier to protect already developed areas of the city from flooding.

(h) The White Slough Project is the least environmentally damaging, feasible alternative identified pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. CHAPTER 248

An act to amend Sections 8340 and 8351 of the Streets and Highways Code, relating to easements.

[Approved by Governor July 13, 1990 Filed with Secretary of State July 16, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 8340 of the Streets and Highways Code is amended to read:

8340. In a proceeding to vacate a street or highway:

(a) A public entity may reserve and except from the vacation the easement and right at any time, or from time to time, to construct, maintain, operate, replace, remove, and renew sanitary sewers and storm drains and appurtenant structures in, upon, over, and across a street or highway proposed to be vacated and, pursuant to any existing franchise or renewals thereof, or otherwise, to construct, maintain, operate, replace, remove, renew, and enlarge lines of pipe, conduits, cables, wires, poles, and other convenient structures, equipment, and fixtures for the operation of gas pipelines, telegraphic and telephone lines, railroad lines, and for the transportation or distribution of electric energy, petroleum and its products, ammonia, and water, and for incidental purposes, including access to protect these works from all hazards in, upon, and over the street or highway proposed to be vacated.

(b) A local agency may reserve and except from vacation an easement for a future street or highway, unless the local agency finds that the street or highway is unnecessary for prospective public use.

(c) If there are in-place public utility facilities that are in use, a

public entity shall, unless the legislative body determines the public convenience and necessity otherwise require, reserve, and except from the vacation any easement and right necessary to maintain, operate, replace, remove, or renew the public utility facilities.

(d) A public entity may reserve and except from the vacation, or may grant to another state or local public agency, an easement and right, at any time or from time to time, to construct, maintain, operate, replace, remove, and renew vehicular or nonvehicular trails for use by the public in, upon, over, and across a street or highway proposed to be vacated.

SEC. 2. Section 8351 of the Streets and Highways Code is amended to read:

8351. Except as otherwise provided in Chapter 5 (commencing with Section 8340) or in this chapter, upon the vacation of a street, highway, or public service easement:

(a) If the public entity owns only an easement for the street, highway, or public service purpose, title to the property previously subject to the easement is thereafter free from the easement for use for street, highway, or public service purposes, but not from any easement for vehicular or nonvehicular trail use that the public entity has previously granted to any other state or local public agency. If the easement is abandoned by resolution of the state or local public agency that was granted an easement for vehicular or nonvehicular trail use, the title to the property previously subject to the vehicular or nonvehicular easement is thereafter clear of the easement.

(b) If the public entity owns the title, the legislative body may dispose of the property as provided in this chapter.

CHAPTER 249

An act to amend Section 707 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor July 13, 1990 Filed with Secretary of State July 16, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) In any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a

determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offense alleged to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute evidence at the hearing.

(b) Subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(3) Robbery while armed with a dangerous or deadly weapon.

(4) Rape with force or violence or threat of great bodily harm.

(5) Sodomy by force, violence, duress, menace, or threat of great bodily harm.

(6) Lewd or lascivious act as provided in subdivision (b) of Section 288 of the Penal Code.

(7) Oral copulation by force, violence, duress, menace, or threat of great bodily harm.

(8) Any offense specified in Section 289 of the Penal Code.

(9) Kidnapping for ransom.

(10) Kidnapping for purpose of robbery.

(11) Kidnapping with bodily harm.

(12) Assault with intent to murder or attempted murder.

(13) Assault with a firearm or destructive device.

(14) Assault by any means of force likely to produce great bodily injury.

(15) Discharge of a firearm into an inhabited or occupied building.

(16) Any offense described in Section 1203.09 of the Penal Code.

(17) Any offense described in Section 12022.5 of the Penal Code.

(18) Any felony offense in which the minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(19) Any felony offense described in Section 136.1 or 137 of the Penal Code.

(20) Manufacturing, compounding, or selling one-half ounce or more of any salt or solution of a controlled substance specified in subdivision (e) of Section 11055 of the Health and Safety Code.

(21) Any violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, which would also constitute a felony violation of subdivision (b) of Section 186.22 of the Penal Code.

(22) Escape, by the use of force or violence, from any county juvenile hall, home, ranch, camp, or forestry camp in violation of subdivision (b) of Section 871 where great bodily injury is intentionally inflicted upon an employee of the juvenile facility during the commission of the escape.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefor recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea

to the petition until the conclusion of the fitness hearing and no plea which may already have been entered shall constitute evidence at the hearing.

(d) If, subsequent to a finding that a minor is an unfit subject to be dealt with under the juvenile court law, the minor is convicted in a court of criminal jurisdiction of an offense listed in subdivision (b) of this section or listed in paragraph (24) of subdivision (c) of Section 1192.7 of the Penal Code, the finding of unfitness which preceded the conviction is applicable to the violation of any law or ordinance defining crime which is alleged to have been committed subsequent to the conviction if the violation would otherwise cause the minor to be a person described in Section 602. The probation officer shall not be required to investigate or submit a report regarding the fitness of a minor for any such subsequent charge. This subdivision shall not be construed to affect the right to appellate review of a finding of unfitness or the duration of the jurisdiction of the juvenile court as specified in Section 607.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 250

An act to amend Sections 14300, 14400, and 15151 of the Financial Code, relating to credit unions.

[Approved by Governor July 13, 1990. Filed with Secretary of State July 16, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 14300 of the Financial Code is amended to read:

14300. (a) If the commissioner finds that a credit union has impaired capital, or is insolvent, or is operating in an unsafe or unsound manner, or has failed to comply with Section 14858, the commissioner may, after notice and opportunity for a hearing, take possession of the business and assets of the credit union and maintain possession, as a conservator, until the time that the commissioner permits it to continue business pursuant to subdivision (e), or its affairs are put in order, or it is merged or finally liquidated.

(b) The commissioner is expressly authorized, whenever acting as conservator pursuant to subdivision (a), to do all things necessary and proper to put the credit union's affairs in order, or to effect a merger or a liquidation, whichever is appropriate, including, but not limited to, employing attorneys, accountants, financial experts, agents and employees, and to purchase merchandise, materials, supplies, and services, and to pay for them out of the conservatorship assets at the ordinary and usual rate, and shall do all things to incur risk and obligations ordinarily incurred by managers and operators of credit unions. No such risk or obligation incurred shall be the personal risk or obligation of the commissioner or the department or their agents, servants, or employees, but shall be the risk and obligation of the conservatorship estate.

(c) If any facts occur that would entitle the commissioner under subdivision (a) to take possession of the property, business, and assets of a credit union, the commissioner may appoint a conservator of a credit union and require of him or her a bond that the commissioner deems proper. The conservator, under the direction of the commissioner, shall take action that he or she may deem necessary to conserve the assets of the credit union pending further disposition of its business. The conservator shall retain that possession until the property, business, and assets of the credit union are returned to the credit union or until further order of the commissioner.

(d) A conservator, while in possession of the property, business, and assets of a credit union has the same powers and rights and is subject to the same duties and obligations as the commissioner while acting as conservator; and, during that time the rights of a credit union and of all persons with respect to it are the same as if the commissioner had taken possession of the property, business, and assets. A conservator, while in possession of the property, business, and assets of a credit union, shall have all the rights, powers, and privileges of the credit union, its officers, and directors. All expenses of the conservatorship shall be paid out of the assets of the credit union and shall be a lien.

(e) If the credit union submits a satisfactory plan to restore any impairment of capital, or cure its insolvency, and to proceed with business in a sound, businesslike manner, the commissioner may permit the credit union to resume possession of the business and assets and operate as a credit union under such conditions as may be imposed by the commissioner in the public interest.

SEC. 2. Section 14400 of the Financial Code is amended to read:

14400. (a) The savings capital of a credit union shall consist of the payments made by members on shares as set forth in the credit union's written savings capital structure policy pursuant to Section 14862.

(b) The equity capital of the credit union shall consist of all consideration paid for memberships in the credit union, all entrance fees paid to become a member of a credit union, all moneys held in the credit union's regular reserve account, all dues, fees, and

assessments paid by credit union members, other than fees charged in connection with member share accounts or loans, and held in any contingency reserve account established by the credit union's board of directors or at the direction of the commissioner, and all retained earnings in the credit union's undivided profits account less all losses in excess of the credit union's regular reserve account.

SEC. 3. Section 15151 of the Financial Code is amended to read:

15151. A credit union shall maintain a current written schedule or schedules containing all of the following:

(1) The amount or, if no amount can be stated, the method of determining the amount of each charge which the credit union may impose on an account.

(2) Provisions in the credit union's written capital policy statement relating to the frequency, method that will be used in calculating, and the conditions under which dividends will be paid, including any provision for nonpayment of dividends on deposits made after the beginning of the dividend payment period or withdrawn before the end of such period.

(3) If the rate of dividend may vary, the circumstances under which a variation may occur and the method of determining the new rate.

(4) The effective date thereof.

The schedule or schedules shall be available for inspection by the credit union members or prospective members at each branch office in California at which such accounts are maintained and written materials setting forth the information contained in such schedule shall be displayed and be available to the credit union members or prospective members in an area of the credit union which is open to the credit union members or prospective members. The schedule or schedules and written materials need not contain information relating to an account for an unincorporated association of natural persons.

CHAPTER 251

racing in the northern zone may receive no more than 22 weeks of that racing.

(b) Any association licensed to conduct thoroughbred racing in the central zone may receive no more than 17 weeks of that racing, except that any association which conducts a split meeting may receive up to 20 weeks of that racing. No more than one such split meeting may be licensed in any one year.

(c) This section and Section 19531 shall not operate to deprive any association of any weeks of racing granted during 1980.

19533. (a) Any license granted to an association other than a fair shall be only for one type of racing, thoroughbred, harness, or quarter horse racing as the case may be, except that the board may, by regulation, authorize the entering of thoroughbred horses in quarter horse races at a distance of 870 yards at quarter horse meetings, mixed breed meetings, and fair meetings.

(b) If the board adopts regulations authorizing the entering of thoroughbred horses in quarter horse races, the regulations shall provide that the association which conducts the meeting shall, as provided in subdivision (b) of Section 19613, pay to the horsemen's organization representing thoroughbred horsemen an amount for administrative expense and services rendered to horsemen equivalent to 1.5 percent of the amount available to thoroughbred horses for purses, and an amount for a pension plan for backstretch personnel to be administered by that horsemen's organization equivalent to an additional 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. The regulations shall also provide that any redistributable money paid to the board pursuant to Section 19641 which is paid to a welfare fund established by a horsemen's organization from races with both thoroughbred and quarter horses be divided pro rata between the two welfare funds based on the number of thoroughbreds and quarter horses in the race.

(c) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

The remaining 50 percent of redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility shall be paid to a welfare fund established by the horsemen's organization contracting with the association conducting the racing meeting for the benefit of horsemen, and that organization shall make an accounting to the board within one calendar year of the receipt of the payment.

(b) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expenses and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization, 1 percent of the portion for a pension plan for backstretch personnel to be administered by the horsemen's organization. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association

conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expenses and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board. The amount to be distributed as purses or commissions for any race meet under this subdivision shall be based on respective parimutuel pools during the previous corresponding meeting, if any.

Pursuant to this subdivision, amounts equivalent to 3 percent of the portion for the horsemen's organization shall be distributed to any thoroughbred horsemen's organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: 1 percent for administrative expenses and services rendered to their respective horsemen, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered by the thoroughbred horsemen's organizations.

The remainder of the portion shall be distributed as purses.

(f) For racing meetings other than thoroughbred meetings, if no contract has been signed between the association conducting the racing meeting and the organization representing the horsemen by the time the racing meeting commences, the distribution of purses shall be governed by the following:

(1) If the association conducted a racing meeting within the past 15 months and a contract was in existence for that meeting with the horsemen's organization and the association is conducting a subsequent meeting for the same breed or mixed breeds, the amounts payable to the horsemen's organization under subdivision (c) shall be computed under the provisions of the last signed contract between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings which do not come within paragraph (1), the board shall, within 15 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(g) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

At the end of the calendar year, stallion awards shall be made under this subdivision on a prorated percentage based on the win and second place shares of the purse, exclusive of all purse money not derived from the parimutuel pools, to the owners of sires of quarter horses who have been officially placed first or second in one or more races other than maiden or claiming races at a quarter horse meeting, or in a nonmaiden claiming race at a quarter horse meeting in races having a total purse value equal to, or in excess of, the average purse value for races, other than stakes races, won by California-bred quarter horses during the previous year, or in any quarter horse stakes race run at the California Exposition and State Fair, or at any county or district agricultural association fair or mixed meeting.

Stallion awards shall not be made to the owner of a sire which has been out of the state for breeding purposes during the calendar year.

Stallion awards shall not be made for any race run outside the State of California.

(d) If there are insufficient funds to make all of the distributions in this section, there shall be no assessments made against any association to fund the deficiencies.

SEC. 4. Section 19641 of the Business and Professions Code is amended to read:

19641. (a) Except as provided in subdivision (b), 120 days after the close of any horseracing meeting, any redistributable money in a parimutuel pool subject to payment to a claimant pursuant to Section 19598, but not successfully claimed within that period, shall be paid to the board.

(c) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 5. Section 19641 is added to the Business and Professions Code, to read:

(5) As used in this section, "complaining witness" means the alleged victim of the crime charged, the prosecution of which is subject to this subdivision.

CHAPTER 269

An act to amend Section 1127d of the Penal Code, relating to criminal procedure.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1127d of the Penal Code is amended to read:

1127d. (a) In any criminal prosecution for the crime of rape, or for violation of Section 261.5, or for an attempt to commit, or assault with intent to commit, any such crime, the jury shall not be instructed that it may be inferred that a person who has previously consented to sexual intercourse with persons other than the defendant or with the defendant would be therefore more likely to consent to sexual intercourse again. However, if evidence was received that the victim consented to and did engage in sexual intercourse with the defendant on one or more occasions prior to that charged against the defendant in this case, the jury shall be instructed that this evidence may be considered only as it relates to the question of whether the victim consented to the act of intercourse charged against the defendant in the case, or whether the defendant had a good faith reasonable belief that the victim consented to the act of sexual intercourse. The jury shall be instructed that it shall not consider this evidence for any other purpose.

(b) A jury shall not be instructed that the prior sexual conduct in and of itself of the complaining witness may be considered in determining the credibility of the witness pursuant to Chapter 6 (commencing with Section 780) of Division 6 of the Evidence Code.

CHAPTER 270

An act to add Section 21662.4 to the Public Utilities Code, relating to airports.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 21662.4 is added to the Public Utilities Code, to read:

21662.4. (a) Emergency aircraft flights for medical purposes by law enforcement, fire fighting, military, or other persons who provide emergency flights for medical purposes are exempt from local ordinances adopted by a city, county, or city and county, whether general law or chartered, that restrict flight departures and arrivals to particular hours of the day or night, that restrict the departure or arrival of aircraft based upon the aircraft's noise level, or that restrict the operation of certain types of aircraft.

(b) As used in this section, "emergency aircraft flights for medical purposes" are those flights in which undue delay would threaten a patient's life. "Emergency aircraft flights for medical purposes" include, but are not limited to, flights for the transportation of all of the following:

(1) Patients accompanied by licensed or certificated medical attendants such as paramedics, nurses, physicians, and respiratory therapists.

(2) Surgical transplant teams for the purpose of procuring human organs for reimplantation in recipients.

(3) Organ procurement agency coordinators responding to a potential donor.

(4) Temporarily viable human organs such as a heart, liver, lungs, kidneys, and pancreas, and human tissue, blood, or blood components.

(5) Human tissue and blood samples for clinical testing to determine compatibility between a donor and a recipient.

(6) Mechanical adjuncts or biological replacements for human organs.

(7) Medical equipment and supplies.

"Emergency aircraft flights for medical purposes" do not include the transportation of medical personnel to attend seminars, conferences, or speaking appearances in which undue delay would not jeopardize any patient's medical condition.

(c) Written information concerning the emergency shall be submitted to the airport proprietor for all emergency aircraft flights within 72 hours prior or subsequent to the departure or arrival of the aircraft. For all emergency aircraft flights for medical purposes, the information shall include the patient's name and address, the names

of medical attendants or personnel and the discipline in which they are licensed or hold a certificate to practice, a signed statement by the attending physician specifying that a medical emergency was involved, the requesting medical facility or agency, the intended destination, the type and registration number of the aircraft, and the names of all flight crew members.

This subdivision does not apply to emergency aircraft flights for medical purposes by law enforcement, fire fighting, or military personnel.

(d) Any airport that incurs additional expenses in order to accommodate the arrival or departure of emergency aircraft flights for medical purposes may charge the patient on whose behalf the flight is made, or any organization or entity which has volunteered to reimburse the airport, for those expenses.

(e) For emergency aircraft flights for medical purposes, when two airports are located in the same geographical area, and one of the airports is a "closed" or restricted airport, the Legislature encourages the use of the "open" or unrestricted airport when feasible, rather than using the "closed" or restricted airport.

(f) When leasing aircraft for flights for emergency medical purposes, the Legislature encourages the use, when feasible, of aircraft which comply with local noise ordinances.

SEC. 2. The Legislature finds and declares that emergency aircraft flights for medical purposes by law enforcement, fire fighting, military, and other persons who provide those flights affect the welfare of all of the citizens of the state, and that facilitating those flights is a matter of statewide concern. It is therefore the intent of the Legislature, by the addition of Section 21662.4 to the Public Utilities Code, to preempt the ordinance of any chartered city insofar as that ordinance may restrict emergency aircraft flights for medical purposes by law enforcement, fire fighting, military, and other persons who provide those flights by restricting flight departures and arrivals to particular hours of the day or night, restricting the departure or arrival of aircraft based upon the aircraft's noise level, or restricting the operation of certain types of aircraft.

CHAPTER 271

An act to amend Section 261.6 of the Penal Code, relating to crime.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 261.6 of the Penal Code is amended to read:

261.6. In prosecutions under Section 261, 286, 288a, or 289, in which consent is at issue, "consent" shall be defined to mean positive

cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved.

A current or previous dating relationship shall not be sufficient to constitute consent where consent is at issue in a prosecution under Section 261, 286, 288a, or 289.

Nothing in this section shall affect the admissibility of evidence or the burden of proof on the issue of consent.

CHAPTER 272

An act to add Section 21080.8 to the Public Resources Code, relating to mobilehomes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 21080.8 is added to the Public Resources Code, to read:

21080.8. This division does not apply to the conversion of an existing rental mobilehome park to a resident initiated subdivision, cooperative, or condominium for mobilehomes if the conversion will not result in an expansion of or change in existing use of the property.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit commencement of conversion procedures for mobilehome parks at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 273

An act to amend Section 150 of the Penal Code, relating to peace officers.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 150 of the Penal Code is amended to read:

150. Every able-bodied person above 18 years of age who neglects or refuses to join the posse comitatus or power of the county, by

neglecting or refusing to aid and assist in taking or arresting any person against whom there may be issued any process, or by neglecting to aid and assist in retaking any person who, after being arrested or confined, may have escaped from arrest or imprisonment, or by neglecting or refusing to aid and assist in preventing any breach of the peace, or the commission of any criminal offense, being thereto lawfully required by any uniformed peace officer, or by any peace officer described in Section 830.1 or in subdivision (a), (b), (d), (e), or (f) of Section 830.2 of the Penal Code who identifies himself or herself with a badge or identification card issued by the officer's employing agency, or by any judge, is punishable by fine of not less than fifty dollars ($50) nor more than one thousand dollars ($1,000).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 274

An act to add Section 26470 to the Health and Safety Code, relating to cosmetics.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 26470 is added to the Health and Safety Code, to read:

26470. (a) Any fragrance advertising insert contained in a newspaper, magazine, mailing, or other periodically printed material shall contain only microencapsulated oils. Glue tabs or binders shall be used to prevent premature activation of the fragrance advertising insert.

"Fragrance advertising insert" means a printed piece with encapsulated fragrance applied to it which is activated by opening a flap or removing an overlying ply of paper.

Paperstocks employed in the manufacture of fragrance advertising inserts shall have a maximum porosity of 20 Sheffield units or 172 Gurley-Hill units.

(b) Any person who distributes fragrance advertising inserts in

violation of this section, is guilty of an infraction and shall, if convicted, be subject to a fine of one hundred dollars ($100) for each distribution. The fine shall apply to each mass mailing or distribution, and to each mass publication of a magazine or newspaper in violation of this section. The fine shall not apply, however, to each individual letter, magazine, newspaper, or fragrance advertising insert so distributed. Section 26801 is not applicable to violations of this section.

(c) This section shall become operative on January 1, 1992.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 275

An act to amend Sections 53094 and 53097 of the Government Code, relating to local government.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 53094 of the Government Code is amended to read:

53094. Notwithstanding any other provisions of this article except Section 53097, the governing board of a school district, by vote of two-thirds of its members, may render a city or county zoning ordinance inapplicable to a proposed use of property by such school district except when the proposed use of the property by such school district is for nonclassroom facilities, including, but not limited to, warehouses, administrative buildings, automotive storage and repair buildings. The board shall, within 10 days, notify the city or county concerned of such action. If such governing board has taken such action the city or county may commence an action in the superior court of the county whose zoning ordinance is involved or in which is situated the city whose zoning ordinance is involved, seeking a review of such action of the governing board of the school district to determine whether it was arbitrary and capricious. The city or county shall cause a copy of the complaint to be served on the board. If the court determines that such action was arbitrary and capricious,

it shall declare it to be of no force and effect, and the zoning ordinance in question shall be applicable to the use of the property by such school district.

SEC. 2. Section 53097 of the Government Code is amended to read:

53097. Notwithstanding any other provisions of this article, the governing board of a school district shall comply with any city or county ordinance (1) regulating drainage improvements and conditions, (2) regulating road improvements and conditions, or (3) requiring the review and approval of grading plans as these ordinance provisions relate to the design and construction of onsite improvements which affect drainage, road conditions, or grading, and shall give consideration to the specific requirements and conditions of city or county ordinances relating to the design and construction of offsite improvements. If a school district elects not to comply with the requirements of city or county ordinances relating to the design and construction of offsite improvements, the city or county shall not be liable for any injuries or for any damage to property caused by the failure of the school district to comply with those ordinances.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 276

An act to amend Section 45308 of the Education Code, relating to school employees.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 45308 of the Education Code is amended to read:

45308. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of

service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. Nothing in this section shall preclude the governing board of a school district from entering into an agreement with the exclusive representative of the classified employees which defines "length of service" to mean hire date. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines "length of service" to mean hire date, the governing board may define "length of service" to mean hire date for a classification of employee not represented by any exclusive bargaining unit.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid maternity leave, or unpaid family care leave, or unpaid industrial accident leave. In the event an employee returns to work following any other unpaid leave of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

CHAPTER 277

An act to amend Section 7054 of the Health and Safety Code, relating to human remains.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 7054 of the Health and Safety Code is amended to read:

7054. (a) Except as authorized pursuant to the sections referred to in subdivision (b), every person who deposits or disposes of any

human remains in any place, except in a cemetery, is guilty of a misdemeanor.

(b) Cremated remains may be disposed of pursuant to Sections 7117 and 10376.5 or Sections 7054.6 and 10376.5.

(c) Subdivision (a) of this section shall not apply to the reburial of Native American remains under an agreement developed pursuant to subdivision (*l*) of Section 5097.94 of the Public Resources Code, or implementation of a recommendation or agreement made pursuant to Section 5097.98 of the Public Resources Code.

CHAPTER 278

An act to amend Section 3043 of, and to add Sections 3043.1, 3043.2, and 3043.3 to, the Penal Code, relating to crimes.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 3043 of the Penal Code is amended to read:

3043. Upon request, notice of any hearing to review or consider the parole suitability or the setting of a parole date for any prisoner in a state prison shall be sent by the Board of Prison Terms at least 30 days before the hearing to any victim of a crime committed by the prisoner, or to the next of kin of the victim if the victim has died. The requesting party shall keep the board apprised of his or her current mailing address.

The victim, next of kin, or two members of the victim's immediate family have the right to appear, personally or by counsel, at the hearing and to adequately and reasonably express his or her views concerning the crime and the person responsible. The board, in deciding whether to release the person on parole, shall consider the statements of victims, next of kin, and immediate family members of the victim made pursuant to this section and shall include in its report a statement of whether the person would pose a threat to public safety if released on parole.

In those cases where there are more than two immediate family members of the victim who wish to attend any hearing covered in this section, the board may, in its discretion, allow attendance of additional immediate family members or limit attendance to the following order of preference: spouse, children, parents, siblings, grandchildren, and grandparents.

The provisions of this section shall not be amended by the Legislature except by statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the electors.

SEC. 2. Section 3043.1 is added to the Penal Code, to read:

3043.1. Notwithstanding any other provision of law, a victim, his or her next of kin, or any immediate family member of the victim who appears at any hearing to review or consider the parole suitability or the setting of a parole date for any prisoner pursuant to Section 3043 shall be entitled to the attendance of one person of his or her own choosing at the hearing for support. The person so chosen shall not participate in the hearing nor make comments while in attendance.

SEC. 3. Section 3043.2 is added to the Penal Code, to read:

3043.2. (a) In lieu of personal appearance at any hearing to review the parole suitability or the setting of a parole date, the Board of Prison Terms may permit the victim, his or her next of kin, or immediate family members to file with the board a written, audiotaped, or videotaped statement expressing his or her views concerning the crime and the person responsible. The board shall consider any statement filed prior to reaching a decision, and shall include in its report a statement of whether the person would pose a threat to public safety if released on parole.

(b) Whenever an audio or video statement is filed with the board, a written transcript of the tape shall also be provided by the person filing the statement.

(c) Nothing in this section shall be construed to prohibit the prosecutor from representing to the board the views of the victim, his or her immediate family members, or next of kin.

(d) In the event the board permits an audio or video statement to be filed, the board shall not be responsible for providing any equipment or resources needed to assist the victim in preparing the statement.

SEC. 4. Section 3043.3 is added to the Penal Code, to read:

3043.3. As used in Sections 3043, 3043.1, and 3043.2, the term "immediate family" shall include the victim's spouse, parent, grandparent, brother, sister, and children or grandchildren who are related by blood, marriage, or adoption.

CHAPTER 279

An act to amend Section 455.5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 455.5 of the Public Utilities Code is amended to read:

455.5. (a) In establishing rates for any electrical, gas, heat, or

water corporation, the commission may eliminate consideration of the value of any portion of any electric, gas, heat, or water generation or production facility which, after having been placed in service, remains out of service for nine or more consecutive months, and may disallow any expenses related to that facility. Upon eliminating consideration of any portion of a facility or disallowing any expenses related thereto under this section, the commission shall reduce the rates of the corporation accordingly and shall, for accounting purposes, record the value of that portion of the facility in a deferred debit account and shall treat this amount similar to the treatment of the allowance for funds used during construction. When that portion of the facility is returned to useful service, as provided in subdivision (c), the corporation may apply to the commission for the inclusion of its value and expenses related to its operation for purposes of the establishment of the corporation's rates.

(b) Every electrical, gas, heat, and water corporation shall periodically, as required by the commission, report to the commission on the status of any portion of any electric, gas, heat, or water generation or production facility which is out of service and shall immediately notify the commission when any portion of the facility has been out of service for nine consecutive months.

(c) Within 45 days of receiving the notification specified in subdivision (b), the commission shall institute an investigation to determine whether to reduce the rates of the corporation to reflect the portion of the electric, gas, heat, or water generation or production facility which is out of service. For purposes of this subdivision, out-of-service periods shall not include planned outages of predetermined duration scheduled in advance.

The commission's order shall require that rates associated with that facility are subject to refund from the date the order instituting the investigation was issued. The commission shall consolidate the hearing on the investigation with the next general rate proceeding instituted for the corporation.

(d) Upon being informed by the corporation that any portion of its electric, gas, heat, or water generation or production facility which was eliminated from consideration by the commission in establishing rates for being out of service for nine or more consecutive months pursuant to subdivision (a) or (b), has been restored to service and has achieved at least 100 continuous hours of operation, the commission may again consider that portion of the facility for purposes of establishing rates, and may adjust the corporation's rates accordingly without a hearing, except that a hearing is required on whether to include, for purposes of establishing rates, any additional plant value added.

(e) Nothing in this section prohibits the commission from reviewing the effects of any electric, gas, heat, or water generation or production facility which has been out of service for less than nine consecutive months or planned outages of predetermined duration scheduled in advance.

(f) For purposes of this section, an electric, gas, heat, or water generation or production facility includes only such a facility that the commission determines to be a major facility of the corporation, and does not include any facility determined by the commission to constitute a plant held for future use.

CHAPTER 280

An act to add Section 13826.15 to the Penal Code, relating to gangs.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 13826.15 is added to the Penal Code, to read:

13826.15. (a) The Legislature hereby finds and declares that the implementation of the Gang Violence Suppression Program, as provided in this chapter, has made a positive impact in the battle against crimes committed by gang members in California.

The Legislature further finds and declares that the program, when it was originally created in 1981, provided financial and technical assistance only for district attorneys' offices. Since that time, however, the provisions of the program have been amended by the Legislature to enable additional public entities and community-based organizations to participate in the program. In this respect, the Office of Criminal Justice Planning, pursuant to Section 13826.1, administers funding for the program by awarding grants to worthy applicants. Therefore, it is the intent of the Legislature in enacting this measure to assist the Office of Criminal Justice Planning in setting forth guidelines for this funding.

(b) The Office of Criminal Justice Planning may give priority to applicants for new grant awards, as follows:

(1) First priority may be given to applicants representing unfunded single components, as specified in Sections 13826.2, 13826.4, 13826.5, 13826.6, and 13826.65, in those counties that receive Gang Violence Suppression Program funding for some, but not all, of the program's components. The purpose of establishing this priority is to provide funding for a full complement of the five Gang Violence Suppression Program components in those counties that have less than all five components established.

(2) Second priority may be given to those applicants that propose a multiagency, or multijurisdictional single component project, whereby more than one agency would be funded as a joint project under the single components specified in Sections 13826.2, 13826.4, 13826.5, 13826.6, and 13826.65, and the funding would be provided through a single grant award.

(3) Third priority may be given to applicants that propose

multijurisdictional multicomponent projects, whereby all five Gang Violence Suppression Program components, as specified in Sections 13826.2, 13826.4, 13826.5, 13826.6, and 13826.65, would be funded in a county that does not currently receive Gang Violence Suppression Program funds.

(4) Fourth priority may be given to those single agency single component applicants, in counties wherein the program component is not currently funded.

CHAPTER 281

An act to amend Section 20527.6 of the Water Code, relating to irrigation districts.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 20527.6 of the Water Code is amended to read:

20527.6. (a) Notwithstanding Section 20527, or any other provision of law to the contrary, in the Camp Far West Irrigation District in Placer and Yuba Counties, "elector" and "voter" shall mean a person, corporation, or other entity owning land within the district. At any district election in the Camp Far West Irrigation District, only landowners may vote, and they need not be residents of the district in order to qualify as voters. Each landowner shall have one vote for each dollar's worth of land to which he or she holds title. The last equalized assessment book of the district shall be conclusive evidence of ownership and of the value of the land so owned, except that in the event that an assessment for the district shall not have been made and levied for the year in which the election is held, the last equalized assessment roll of the county in which the land is located shall be used in lieu of the assessment book of the district. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of the land may designate in writing which one of the owners shall be deemed the owner of the land for purposes of qualifying as a voter. In the absence of that designation each owner shall be entitled to vote his pro rata share of the total value of the land in such multiple ownership.

(b) Every landowner, or the legal representative of a corporation, estate, or trust owning land within the district, may vote at any district election, either in person or by a person duly appointed as his proxy.

(c) As used in this section, "legal representative" means any of the following:

(1) An authorized official of a corporation owning land in the

district.

(2) The trustees of an express trust which owns land in the district.

(3) The executor, administrator, guardian of the estate, or conservator of the estate of a holder of title to land in the district who is appointed under the laws of this state, is entitled to possession of the land, and who is authorized by the appointing court to vote in the election.

(d) Before a legal representative votes at a district election, he or she shall present to the precinct board a certified copy of his or her authority, which shall be kept and filed with the returns of the election. No appointment of a proxy shall be valid, accepted, or vote allowed thereon at any district election unless it meets all the following requirements:

(1) It is in writing.

(2) It is executed by the person or legal representative of the person who is entitled to the votes for which the proxy is given.

(3) It is acknowledged.

(4) It specifies the election at which it is to be used. An appointment of a proxy shall be used only at the election specified.

(e) Every appointment of a proxy is revocable at the pleasure of the person executing it at any time before the person appointed as proxy shall have cast a ballot representing the votes for which the appointment was given.

(f) Notwithstanding Section 21100 or any other provision of law, any voter, as defined in this section, is eligible to be a member of the Board of Directors of the Camp Far West Irrigation District, provided that the voter shall be a freeholder within the division that the voter represents, during the entire term.

SEC. 2. The provisions of this act are necessary because a substantial portion of the land in the Camp Far West Irrigation District is owned by persons not resident within the district and the owners, and not the resident nonowners, are primarily concerned with the affairs and support of the district. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Camp Far West Irrigation District.

CHAPTER 282

An act to amend Section 2557 of the Streets and Highways Code, relating to highways.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 2557 of the Streets and Highways Code is amended to read:

2557. (a) Except as provided by subdivision (c), the moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used for the implementation, maintenance, and operation of a motorist aid system of call boxes, including the lease or lease-purchase of facilities and equipment for the system, on the portions of the California Freeway and Expressway System and a county expressway system, and on state highway routes that connect segments of these systems, which are located within the county in which the authority is established and over which the Department of the California Highway Patrol or an agency designated by that department has law enforcement responsibility. The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of a motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

(b) An authority or any other public entity may construct and maintain, and lease or lease-purchase on terms and conditions it deems appropriate, the facilities of a motorist aid system or it may contract with a private person or entity to do so.

(c) If leases or lease-purchase agreements are entered into pursuant to subdivision (a), or if revenue bonds are issued and sold pursuant to Section 2558, the moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used to the extent necessary to make lease payments or to pay the principal of, and interest on, the amount of bonded indebtedness outstanding, as the case may be. Facilities and equipment acquired through the expenditure of proceeds from the sale of those bonds shall have a useful life at least equal to the term of the bonds.

2924j. (a) Unless an interpleader action has been filed, within 30 days of the execution of the trustee's deed resulting from a sale in which there are proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section

2924k, the trustee shall send written notice to all persons with recorded interests in the real property as of the date immediately prior to the trustee's sale who would be entitled to notice pursuant to subdivisions (b) and (c) of Section 2924b. The notice shall be sent by first-class mail in the manner provided in paragraph (1) of subdivision (c) of Section 2924b and inform each entitled person of each of the following:

(1) That there has been a trustee's sale of the described real property.

(2) That the noticed person may have a claim to all or a portion of the sale proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section 2924k.

(3) The noticed person may contact the trustee at the address provided in the notice to pursue any potential claim.

(4) That before the trustee can act, the noticed person shall submit a written claim to the trustee, executed under penalty of perjury, stating the following:

(A) The amount of the claim to the date of trustee's sale.

(B) An itemized statement of the principle, interest, and other charges.

(C) That claims must be received by the trustee at the address stated in the notice no later than 30 days after the date the trustee sends notice to the potential claimant.

(b) The trustee shall exercise due diligence to determine the priority of the written claims received by the trustee to the trustee's sale surplus proceeds from those persons to whom notice was sent pursuant to subdivision (a).

(c) If, after due diligence, the trustee is unable to determine the priority of the written claims received by the trustee to the trustee's sale surplus of multiple persons or if the trustee determines there is a conflict between potential claimants, the trustee may file a declaration of the unresolved claims and deposit with the clerk of the superior or municipal court, as applicable, of the county in which the sale occurred, that portion of the sales proceeds that cannot be distributed. The declaration shall specify the date of the trustee's sale, a description of the property, the names and addresses of all persons sent notice pursuant to subdivision (a), a statement that the trustee exercised due diligence pursuant to subdivision (b), that the trustee provided written notice as required by subdivisions (a) and (d) and the amount of the sales proceeds deposited by the trustee with the superior or municipal court. Further, the trustee shall submit a copy of the trustee's sales guarantee and any information relevant to the identity, location, and priority of the potential claimants with the superior or municipal court and shall file proof of service of the notice required by subdivision (d) on all persons described in subdivision (a).

The clerk shall deposit the amount with the county treasurer subject to order of the superior or municipal court upon the

application of any interested party. The clerk may charge a reasonable fee for the performance of activities pursuant to this subdivision equal to the fee for filing an interpleader action pursuant to Article 2 (commencing with Section 26820) of Division 2 of Title 3 of the Government Code. Upon deposit of that portion of the sale proceeds that cannot be distributed by due diligence, the trustee shall be discharged of further responsibility for the disbursement of sale proceeds. A deposit with the clerk of the superior or municipal court pursuant to this subdivision may be either for the total proceeds of the trustee's sale, if a conflict or conflicts exist with respect to the total proceeds, or that portion that cannot be distributed after due diligence.

(d) Before the trustee deposits the funds with the clerk of the court pursuant to subdivision (c), the trustee shall send written notice by first-class mail, postage prepaid, to all persons described in subdivision (a) informing them that the trustee intends to deposit the funds with the clerk of the superior or municipal court, as applicable, and that a claim for the funds must be filed with the court within 30 days from the date of the notice, providing the address of the court in which the funds were deposited, and a phone number for obtaining further information.

Within 90 days after deposit with the clerk, the court shall consider all claims filed at least 15 days before the date on which the hearing is scheduled by the court, the clerk shall serve written notice of the hearing by first-class mail on all claimants identified in the trustees' declaration at the addresses specified therein. The court shall distribute the deposited funds to any and all claimants entitled thereto.

(e) Nothing in this section restricts the ability of a trustee to file an interpleader action in order to resolve a dispute about the proceeds of a trustee's sale. Once an interpleader action has been filed, thereafter the provisions of this section shall not apply.

(f) "Due diligence," for the purposes of this section means that the trustee researched the written claims submitted or other evidence of conflicts and determined that a conflict of priorities exists between two or more claimants which the trustee is unable to resolve.

SEC. 2. Section 2924k is added to the Civil Code, to read:

2924k. (a) The trustee, or the clerk of the court upon order to the clerk pursuant to subdivision (d) of Section 2924j, shall distribute the proceeds, or a portion of the proceeds, as the case may be, of the trustee's sale conducted pursuant to Section 2924h in the following order of priority:

(1) To the costs and expenses of exercising the power of sale and of sale, including the payment of the trustee's fees and attorney's fees permitted pursuant to subdivision (b) of Section 2924d and subdivision (b) of this section.

(2) To the payment of the obligations secured by the deed of trust or mortgage which is the subject of the trustee's sale.

(3) To satisfy the outstanding balance of obligations secured by any junior liens or encumbrances in the order of their priority.

(4) To the trustor or the trustor's successor in interest. In the event the property is sold or transferred to another, to the vested owner of record at the time of the trustee's sale.

(b) A trustee may charge costs and expenses incurred for such items as mailing and a reasonable fee for services rendered in connection with the distribution of the proceeds from a trustee's sale, including, but not limited to, the investigation of priority and validity of claims and the disbursement of funds. If the fee charged for services rendered pursuant to this subdivision does not exceed one hundred dollars ($100), the fee is conclusively presumed to be reasonable.

The board may by resolution authorize the county auditor to perform one or more of these functions. The board of supervisors may, by resolution, authorize the auditor to transfer money from one fund to another if the board of supervisors has authority over each fund. Wherever reference is made elsewhere in the law to a county salary fund such reference may, upon order of the board of supervisors, after July 1, 1947, be deemed to refer to the county general fund.

SEC. 2. Article 2.5 (commencing with Section 29840) is added to Chapter 5 of Division 3 of Title 3 of the Government Code, to read:

Article 2.5. Optional Method—Registering Claims or Orders

29840. In lieu of the method provided in Article 2 (commencing with Section 29820) for the registration of county warrants, the provisions of this article may be followed for other than school warrants upon adoption by resolution by the county board of supervisors of any county.

29841. When any approved claim or order against funds in the county treasury is presented to the county auditor, and the claim or order constitutes a valid claim against a specific fund, and moneys are not available in the fund from which to pay the claim or order, he or she shall endorse on the claim or order the words "Not approved for want of funds" and shall register the claim or order in the records of his or her office.

29842. The county auditor shall number and date the registered claim or order and shall transmit a notice to the payee that the claim or order has been registered for want of funds and shall bear interest at the rate of 5 percent per annum until paid.

29843. Warrants shall be issued by the county auditor in payment of registered claims or orders from the first moneys thereafter becoming available in the fund and before any other claims or orders are paid from the fund.

29844. Whenever moneys become available in the fund for payment of the registered claim or order, the county auditor shall enter on each the amount of interest due and the total amount including principal and interest and shall issue his or her warrant therefore for such claims or orders according to the sequence of registration.

CHAPTER 295

An act to amend Section 730 of the Evidence Code, relating to evidence.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 730 of the Evidence Code is amended to read:

730. When it appears to the court, at any time before or during the trial of an action, that expert evidence is or may be required by the court or by any party to the action, the court on its own motion or on motion of any party may appoint one or more experts to investigate, to render a report as may be ordered by the court, and to testify as an expert at the trial of the action relative to the fact or matter as to which the expert evidence is or may be required. The court may fix the compensation for these services, if any, rendered by any person appointed under this section, in addition to any service as a witness, at the amount as seems reasonable to the court.

Nothing in this section shall be construed to permit a person to perform any act for which a license is required unless the person holds the appropriate license to lawfully perform that act.

CHAPTER 296

An act to amend Sections 11805 and 11964 of, and to add Sections 11805.5 and 11964.5 to, the Health and Safety Code, relating to alcohol and drug programs.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 11805 of the Health and Safety Code is amended to read:

11805. (a) Except as provided in subdivisions (b) and (c) of this

section and Section 11805.5, each county shall have an advisory board on alcohol problems composed of 15 members appointed by the board of supervisors. Members shall have a professional interest in, or personal commitment to, alleviating problems related to inappropriate alcohol use in their community. The membership shall include representatives from various economic, social, and occupational groups and shall be broadly representative of the demographic characteristics of the county.

The advisory board shall be independent from any other advisory board established pursuant to any provision of state law. However, the advisory board shall coordinate its efforts, where appropriate, with other county advisory boards concerned with alcohol problems.

This subdivision shall apply only to counties whose population exceeds 200,000.

(b) In counties whose population is between 125,000 and 200,000, the board of supervisors shall appoint an independent advisory board which shall be composed of not less than seven nor more than 15 members. Such boards shall meet the same membership requirements as described in subdivision (a) of this section.

(c) In counties whose population does not exceed 125,000, the board of supervisors shall appoint an advisory board which shall be composed of not less than seven nor more than 15 members which may: (1) be independent, (2) be under the jurisdiction of another health-related advisory board established pursuant to any provision of state law, or (3) have the same membership as such other advisory board. Except where in conflict with other provisions of law, boards described in this subdivision shall meet the same membership requirements as described in subdivision (a) of this section.

(d) If two or more counties whose combined population exceeds 200,000, jointly apply to the department for funds under this part, the advisory board for its alcohol program shall consist of 15 members appointed pursuant to the requirements of subdivison (a). If the combined population of such counties does not exceed 200,000, the requirements of subdivision (b) or (c) shall apply as appropriate to these counties.

SEC. 2. Section 11805.5 is added to the Health and Safety Code, to read:

11805.5. Notwithstanding Section 11805, the board of supervisors of a county may, by resolution, elect to satisfy the requirements of Section 11964.5 as an alternative means of providing an advisory board on alcohol problems.

SEC. 3. Section 11964 of the Health and Safety Code is amended to read:

11964. (a) Except as provided in subdivision (b) and Section 11964.5, each county shall have an advisory board on drug programs composed of not less than seven members appointed by the board of supervisors. Members shall have a professional interest in, or personal commitment to, alleviating problems related to drug abuse in their community. The membership shall include representatives

from various economic, social, and occupational groups and shall be broadly representative of the demographic characteristics of the county.

The advisory board shall be independent from any other advisory board established pursuant to any provision of state law. However, the advisory board shall coordinate its efforts, where appropriate, with other county advisory boards concerned with drug problems.

This subdivision applies only to counties the population of which exceeds 125,000.

(b) In counties where the population does not exceed 125,000, the board of supervisors shall appoint an advisory board which shall be composed of not less than seven members which may be independent, under the jurisdiction of another health-related advisory board established pursuant to any provision of state law, or has the same membership as such other advisory board or agency. It is the intent of the Legislature that the boards meet the same membership requirements described in subdivision (a).

(c) If two or more counties the combined population of which exceeds 200,000 jointly apply to the department for funds under this part, the advisory board for its drug program shall consist of not less than 15 members, and shall otherwise be subject to the requirements of subdivision (a). If the combined population of the counties does not exceed 200,000, the requirements of subdivision (b) shall apply to the counties.

(d) The Legislature recognizes that persons employed by programs which provide drug abuse services and members of their boards of directors have a great deal of knowledge and experience to share with other people in the community concerned with alleviating drug abuse problems. The Legislature also recognizes that there are many people in the community who have knowledge about, or interest or experience in, alleviating drug problems who do not have any direct or indirect financial or other relationship to drug programs in the county. The Legislature desires to include both groups of these persons on advisory boards and also to establish control for real or apparent conflicts of interest that might arise.

Therefore, there may be at least two representatives of a public or private drug abuse program, and these members shall comply with existing conflict of interest laws when participating in the tasks and functions of the board. The advisory board shall not include in excess of 33⅓ percent of its membership any person, or his or her spouse, who is any of the following:

(1) A member of a board of directors or advisory body or employee of any county operated or county contract provider of drug services, or of any program approved pursuant to Section 11876.

(2) A direct recipient of any state funds allocated under this part pursuant to a contract with the department, which shall include compensation for contracted services or membership on an advisory body or board of directors of the recipient agency.

(e) Except as required under subdivision (b), the advisory board

shall not include any person, or his or her spouse, who is any of the following:

(1) A member of the board of supervisors or a person on the staff of a member of the board of supervisors.

(2) A county employee of the health-related agency or department, with which the drug program administrator designated pursuant to Section 11962 may be affiliated.

The board of supervisors may, by resolution, designate further categories of persons who may not serve on the board, as long as the prohibitions are consistent with the intent of this section. It is the intent of the Legislature in authorizing the board of supervisors to designate these further categories that the integrity of, and the community's confidence in, the advisory board be maintained.

(f) In the event that prior to the expiration of his or her term, a member ceases to retain the status which qualified him or her for appointment to the advisory board, his or her membership on the advisory board shall terminate and there shall be a vacancy on the advisory board to be filled by the board of supervisors.

(g) The members of the advisory board may be removed for cause pursuant to standards adopted by the advisory board which are consistent with this article and which are approved by the board of supervisors.

(h) Each member of the board shall be appointed for a term of three years. Persons already serving as members of the drug advisory board may continue to serve until the expiration of their terms, as long as they meet the other conditions for membership required pursuant to this article.

(i) The advisory board shall meet at least bimonthly and may meet at other times as may be deemed necessary by the chair or drug program administrator. The members of the advisory board shall serve without compensation, but may be reimbursed for any actual and necessary expenses incurred in connection with their duties under this article. However, the members may receive compensation out of county funds at the option of the board of supervisors.

(j) All meetings of the advisory board shall be open to the public and shall be subject to Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, relating to meetings of local agencies.

(k) The advisory board shall do all of the following:

(1) Participate in the planning process.

(2) Review the county drug program plan and any amendments to the plan.

(3) Advise the county drug program administrator on policies and goals of the county drug program and on any other related matters the drug program administrator refers to it, or which are raised by the advisory board.

(4) Encourage and educate the public to understand the nature of drug problems, and encourage support throughout the county for

development and implementation of effective drug abuse programs.

(5) Review the community's drug program needs, services, facilities, and special programs.

(6) Review and approve the procedures used to insure citizen and professional involvement at all stages of the planning process leading to the formulation and adoption of the county drug program plan.

SEC. 4. Section 11964.5 is added to the Health and Safety Code, to read:

11964.5. (a) A county may, upon adoption of a resolution by the board of supervisors electing to satisfy the requirements of this section rather than Sections 11805 and 11964, establish a drug and alcohol advisory board. Members of the advisory board shall have a professional interest in, or personal commitment to, alleviating problems related to drug abuse and inappropriate alcohol use in their community. The membership shall include representatives from various economic, social, and occupational groups and shall be broadly representative of the demographic charactertistics of the county.

(b) In order to transition from the existing separate alcohol advisory board and drug advisory board provided under Sections 11805 and 11964, the board of supervisors may initially combine the existing boards. Except as otherwise provided in this subdivision, as terms expire on the existing alcohol advisory board and drug advisory board, seats shall be eliminated until the combined alcohol and drug advisory board consists of at least 15 members and no more than 20 members, all of whom shall be appointed by the board of supervisors. The intent of the Legislature is to both provide for an advisory board of manageable size and to continue to encourage citizen participation in the planning of alcohol and drug programs in the county. The board of supervisors may, therefore, provide for the transition to a single advisory board consisting of more than 20 members and for the elimination of seats more gradually than as terms expire if, in the judgment of the board of supervisors, such an extended transition will better accomplish the goal of encouraging citizen participation in the planning of alcohol and drug programs in the county.

(c) Except as otherwise provided in subdivision (e), the alcohol and drug advisory board shall not include any person, or his or her spouse, who is any of the following:

(1) A member of a board of directors or advisory body or employee of any county operated alcohol or drug program or provider of alcohol or drug services operating under a contract with the county.

(2) A member of any advisory body to, or a person who holds any similar position or title on a compensated or noncompensated basis in, a program which seeks to or possesses a license pursuant to Chapter 9 (commencing with Section 11836).

(3) A direct recipient of any state funds allocated under this part pursuant to a contract with the department, which shall include

compensation for contracted services from, or membership on an advisory body or board of directors of, the entity which receives funds.

(4) An employee of the county's health services department.

(d) Except as otherwise provided in subdivision (e), in the event that prior to the expiration of his or her term, a member ceases to retain the status which qualified him or her for appointment to the advisory board, his or her membership on the advisory board shall terminate and there shall be a vacancy on the advisory board to be filled by the board of supervisors.

(e) The board of supervisors shall determine in the resolution choosing to be governed by this section the length of terms on the alcohol and drug advisory board. Each member of the advisory board shall serve a term as specified in the board of supervisors resolution choosing to be governed by this section. Persons who are already members of the alcohol advisory board or drug advisory board at the time the advisory boards are combined may continue to serve until the expiration of their terms, notwithstanding subdivision (c) or (d), provided that at the time the advisory boards are combined, the persons meet the qualifications of Section 11807 if they were members of the alcohol advisory board, or Section 11964 if they were members of the drug advisory board.

(f) The advisory board shall meet at least once every other month and may meet at other times as may be deemed necessary by the chairperson of the advisory board, the alcohol program administrator, the drug program administrator, or the director of health services for the county. The members of the advisory board shall serve without compensation, but shall be reimbursed for any actual and necessary expenses incurred in connection with their duties under this article. However, the members may also receive compensation out of county funds at the option of the board of supervisors.

(g) All meetings of the alcohol and drug advisory board shall be open to the public and shall be subject to Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code relating to meetings of local agencies.

(h) The alcohol and drug advisory board shall have those duties specified in Section 11809 and subdivision (k) of Section 11964. The advisory board may, in addition, submit any comments regarding the county alcohol or drug programs or minutes of its meetings to the board of supervisors, in addition to the submissions to the board of supervisors required pursuant to Article 4 (commencing with Section 11810).

(i) Any county which elects to combine its advisory boards on alcohol and drug programs pursuant to this section shall assure that the integrity and separate identity of its county drug programs and county alcohol programs are maintained.

CHAPTER 297

An act to add Section 4611 to the Civil Code, relating to child custody proceedings.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 4611 is added to the Civil Code, to read:

4611. If a court determines that an accusation of child abuse or neglect made during a child custody proceeding under this title was false and the person making the accusation knew it to be false at the time the accusation was made, the court may impose reasonable money sanctions, not to exceed one thousand dollars ($1,000) and reasonable attorney's fees incurred in recovering the sanctions, against the person making the accusation. For the purpose of this section, "person" includes a witness, a party or a party's attorney.

Upon motion by any person requesting sanctions under this section, the court shall issue its order to show cause why the requested sanctions should not be imposed. The order to show cause shall be served upon the person against whom the sanctions are sought and a hearing thereon shall be scheduled by the court to be conducted at least 15 days after the order is served.

The remedy provided by this section is in addition to any other remedy provided by law.

CHAPTER 298

An act relating to transportation.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In view of escalating air fares, growing traffic congestion on state highways, deteriorating air quality, and diminishing natural resources which have taken place as a result of existing modes of transportation, there is a critical need to increase the number of rail transportation alternatives between northern and southern California.

(b) Pursuant to the study conducted by the Department of Transportation in accordance with Assembly Concurrent Resolution 66 (Resolution Chapter 142 of the Statutes of 1989), the Department

of Transportation conclusively found that overnight passenger rail service between Sacramento, the San Francisco Bay area, Santa Barbara, and Los Angeles would meet state-mandated efficiency standards and would serve the growing transportation needs between northern and southern California.

(c) The department has suggested that Horizon Fleet or superliner-type coaches available to the National Passenger Rail Corporation (Amtrak) might be available to meet the rolling stock needs of this potential service.

(d) The department indicates that a variety of methods and funding sources may be available to finance the procurement of capital equipment needed for the overnight service.

SEC. 2. (a) The Department of Transportation shall meet with the National Passenger Rail Corporation to determine the feasibility of procuring and modifying Horizon Fleet or superliner-type coaches for use in potential overnight service between Sacramento, the San Francisco Bay area, Santa Barbara, and Los Angeles.

(b) The department shall determine the most cost-effective method for financing the procurement of capital equipment and specifically identify potential revenue sources to finance this procurement and estimate the operational costs associated with this service. As part of its determination, the department shall update and itemize all costs which were identified pursuant to Assembly Concurrent Resolution No. 66 (Resolution Chapter 142 of the Statutes of 1989).

(c) The department shall report to the Legislature by March 1, 1991, on the outcome of its meetings with the National Passenger Rail Corporation and on the information requested pursuant to this section.

CHAPTER 299

An act relating to fees.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that during the 1986–87, 1987–88, and 1988–89 fiscal years, administrative errors were made within County of Nevada in the collection of building permit fees, that these errors were inadvertent during a particularly active period of construction within the county, and that overpayments of these fees may have resulted. The Board of Supervisors of the County of Nevada may refund that amount of building permit fees collected during the 1986–87, 1987–88, and 1988–89 fiscal years which exceeded the actual cost incurred by the county building department for its

regulatory activities. If the board of supervisors elects to refund excess fees pursuant to this act, it shall adopt a resolution establishing the terms and conditions of the refund, including the disposition of any unclaimed fees. The county shall first mail the notice of the resolution to each person who paid the excess fees and then shall publish the same notice in the manner provided for in Section 6064 of the Government Code, which notice shall be completed by March 31, 1991. The county shall determine the actual costs for providing the related service. The county's refunding costs shall not exceed building permit fee revenues collected during the fiscal years prescribed in this section. "Refunding costs" as used in this section, means all costs associated with the issuance and enforcement of building permits during the fiscal years covered by this act and the calculated amount of total refunds. No refund shall reduce the claimant's permit fee below the actual costs of providing the related service as determined by the county. If the county determines it is necessary, it may prorate refund payments. The claim shall be made under oath by the person who paid the fee, his or her guardian, executor, or administrator. All claims shall be filed with the county no later than March 31, 1992. Within 90 days after this deadline, the county shall refund the excess fees to all those persons who filed a valid claim pursuant to this section. If implemented by the County of Nevada, this act shall provide the exclusive remedy, with respect to any person submitting a claim pursuant to this act, for the reimbursement of amounts of overpayment of building permit fees which may have occurred during the 1986–87, 1987–88, and 1988–89 fiscal years.

SEC. 2. Due to the unique circumstances concerning the excess charges for building permit fees relating to the County of Nevada, as described in Section 1 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 300

An act to add Section 77.1 to the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Antelope Valley-East Kern Water Agency.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 77.1 is added to the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959), to read:

Sec. 77.1. (a) In addition to other powers provided in this act, the

agency may establish and impose a one-time facility capacity fee as provided in Section 54991 of the Government Code, which is in the nature of a connection fee, for the right to make a new retail connection to the water distribution system of any retail water distributor within the agency which obtains all or a portion of its water supplies from the agency. The consumer for which the retail connection is made shall be liable for the fee. Fees shall be adopted, established, and imposed only if the board of directors of the agency complies with this section and Chapter 5 (commencing with Section 66000) of Division 1 of Title 7 of the Government Code, and it shall not be necessary for the retail water distributor to comply with these provisions separately. However, a facility capacity fee may not be imposed within a retail water distributor's jurisdiction unless the appropriate retail water distributor enters into an agreement with the agency.

Prior to imposing the fee, the board of directors shall assess the sufficiency of (1) existing facilities for water importation, production, treatment, transportation, and delivery, (2) related works and real property, and (3) water supplies. Sufficiency shall be defined as meeting and not exceeding existing and anticipated demand of the retail agencies served by the agency.

(b) If the board determines that existing facilities, related works and real property, and water supplies are not sufficient, the board may do the following:

(1) Adopt plans for the following:

(A) Obtaining or constructing additional facilities, works, real property, and supplies of water.

(B) Increasing or enlarging existing capacity and facilities for obtaining, importing, producing, treating, storing, and delivering the additional quantity of water.

(C) Financing the cost of acquiring or constructing those facilities, works, property, improvements, and supplies of water and for allocating that cost among lands within the agency.

(D) Allocating water supplies and capacity in existing and future planned facilities.

(2) Establish facility capacity fees, if any, which shall be imposed to finance the cost of acquiring or constructing facilities, works, real property, and supplies of water to satisfy anticipated demand.

(c) The board may contract for the collection of the fee with either of the following:

(1) The counties or cities within the agency for the collection of the fee along with fees related to the improvement of property.

(2) The retail water distributor.

(d) Any action taken by the board of directors pursuant to this section shall be by resolution.

CHAPTER 301

An act to amend Section 5100 of the Business and Professions Code, relating to accountancy.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 5100 of the Business and Professions Code is amended to read:

5100. After notice and hearing the board may revoke, suspend or refuse to renew any permit or certificate granted under Article 4 (commencing with Section 5070) and Article 5 (commencing with Section 5080), or may censure the holder of that permit or certificate for unprofessional conduct which includes, but is not limited to, one or any combination of the following causes:

(a) Conviction of any crime substantially related to the qualifications, functions and duties of a certified public accountant or a public accountant.

(b) Fraud or deceit in obtaining a certificate as a certified public accountant or in obtaining registration under this chapter or in obtaining a permit to practice public accountancy under this chapter.

(c) Dishonesty, fraud, or gross negligence in the practice of public accountancy or in the performance of the bookkeeping operations described in Section 5052.

(d) Cancellation, revocation or suspension of a certificate, other authority to practice or refusal to renew the certificate or other authority to practice as a certified public accountant or a public accountant, or any other discipline by any other state or foreign country.

(e) Violation of Section 5120.

(f) Willful violation of this chapter or any rule or regulation promulgated by the board under the authority granted under this chapter.

(g) Suspension or revocation of the right to practice before any governmental body or agency.

(h) Fiscal dishonesty or breach of fiduciary responsibility of any kind.

(i) Knowing preparation, publication or dissemination of false, fraudulent, or materially misleading financial statements, reports, or information.

(j) Embezzlement, theft, misappropriation of funds or property, or obtaining money, property, or other valuable consideration by fraudulent means or false pretenses.

CHAPTER 302

An act to add Sections 988 and 989 to the Insurance Code, relating to insurance.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 988 is added to the Insurance Code, to read:

988. (a) As used in this section:

(1) "Impaired" means a financial situation in which the assets of an insurer are less than the sum of the insurer's minimum required capital, minimum required surplus and all liabilities as determined in accordance with the requirements for the preparation and filing of the annual statement of an insurer.

(2) "Chief executive officer" means the person, irrespective of title, designated by the board of directors or trustees of an insurer as the person charged with the responsibility of administering and implementing the insurer's policies and procedures.

(b) Whenever an insurer is impaired, its chief executive officer shall immediately notify the commissioner, in writing of that impairment and shall also immediately notify in writing all of the board of directors or trustees of the insurer. Any officer, director, or trustee of an insurer shall notify the person serving as chief executive officer of the impairment of the insurer in the event the officer, director, or trustee knows or has reason to know that the insurer is impaired.

(c) Any person who violates this section shall, upon conviction thereof, be fined not more than fifty thousand dollars ($50,000) or be imprisoned in the county jail for not more than one year, or both.

SEC. 2. Section 989 is added to the Insurance Code, to read:

989. Any person who does any of the following is guilty of a misdemeanor punishable by not more than one year in county jail:

(a) Conceals any property belonging to an insurer.

(b) Transfers or conceals in contemplation of a state insolvency proceeding his or her own property or property belonging to an insurer.

(c) Conceals, destroys, mutilates, alters or makes a false entry in any document which affects or relates to the property of an insurer or withholds any such document from a receiver, trustee or other officer of a court entitled to its possession.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 303

An act to amend Section 22507.8 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 22507.8 of the Vehicle Code is amended to read:

22507.8. (a) It is unlawful for any person to park or leave standing any vehicle in a stall or space designated for disabled persons and disabled veterans pursuant to Section 22511.7 or 22511.8, unless the vehicle displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5.

(b) It is unlawful for any person to obstruct, block, or otherwise bar access to those parking stalls or spaces except as provided in subdivision (a).

(c) It is unlawful for any person to park or leave standing any vehicle, including a vehicle displaying a distinguishing license plate or placard issued pursuant to Section 22511.5, in either of the following places:

(1) On the lines marking the boundaries of a parking stall or space designated for disabled persons or disabled veterans.

(2) In any area of the pavement within a parking lot or parking facility that is marked by crosshatched lines and is thereby designated for the loading and unloading of vehicles pursuant to any local ordinance.

(d) Subdivisions (a), (b), and (c) apply to all offstreet parking facilities owned or operated by the state, and to all offstreet parking facilities owned or operated by a local authority. Subdivisions (a), (b), and (c) also apply to any privately owned and maintained offstreet parking facility.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 304

An act to add Section 637.6 to the Penal Code, relating to privacy.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 637.6 is added to the Penal Code, to read:

637.6. (a) No person who, in the course of business, acquires or has access to personal information concerning an individual, including, but not limited to, the individual's residence address, employment address, or hours of employment, for the purpose of assisting private entities in the establishment or implementation of carpooling or ridesharing programs, shall disclose that information to any other person or use that information for any other purpose without the prior written consent of the individual.

(b) As used in this section, "carpooling or ridesharing programs" include, but shall not be limited to, the formation of carpools, vanpools, buspools, the provision of transit routes, rideshare research, and the development of other demand management strategies such as variable working hours and telecommuting.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 308

An act to amend Section 53069.3 of the Government Code, relating to local government.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 53069.3 of the Government Code is amended to read:

53069.3. A city or county may enact an ordinance to provide for the use of city or county funds to remove graffiti or other inscribed material from public or privately owned permanent structures located on public or privately owned real property within such city or county.

Such ordinance shall only authorize the removal of the graffiti or other inscribed material itself, and not the painting or repair of a more extensive area.

Such removal may be performed, only after a finding by the city or county that the graffiti or other inscribed material is obnoxious, and, in the case of a publicly owned structure, only after securing the consent of the public entity having jurisdiction over the structure, and in the case of a privately owned structure, only after securing the consent of the owner.

As used in this section, "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, or design that is marked, etched, scratched, drawn, or painted on any structural component of any building, structure, or other facility, regardless of the nature of the material of that structural component.

This section does not preclude the abatement of graffiti or other inscribed material as a nuisance pursuant to Section 25845 or 38773.5, or the enactment or enforcement of any criminal law with respect to nuisance.

CHAPTER 309

An act to amend Section 1748.1 of the Civil Code, and to amend Sections 22651.1 and 22658 of the Vehicle Code, relating to credit cards.

[Approved by Governor July 16, 1990 Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1748.1 of the Civil Code is amended to read:

1748.1. (a) No retailer in any sales, service, or lease transaction with a consumer may impose a surcharge on a cardholder who elects to use a credit card in lieu of payment by cash, check, or similar means. A retailer may, however, offer discounts for the purpose of inducing payment by cash, check, or other means not involving the use of a credit card, provided that the discount is offered to all prospective buyers.

(b) Any retailer who willfully violates this section by imposing a surcharge on a cardholder who elects to use a credit card and who fails to pay that amount to the cardholder within 30 days of a written demand by the cardholder of the retailer by certified mail, shall be liable to the cardholder for three times the amount at which actual damages are assessed. The cardholder shall also be entitled to recover reasonable attorney's fees and costs incurred in the action.

A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court.

(c) A consumer shall not be deemed to have elected to use a credit card in lieu of another means of payment for purposes of this section in a transaction with a retailer if only credit cards are accepted by that retailer in payment for an order made by a consumer over a telephone, and only cash is accepted at a public store or other facility of the same retailer.

(d) Charges for third-party credit card guarantee services, when added to the price charged by the retailer if cash were to be paid, shall be deemed surcharges for purposes of this section even if they are payable directly to the third party or are charged separately.

(e) It is the intent of the Legislature to promote the effective operation of the free market and protect consumers from deceptive price increases for goods and services by prohibiting credit card surcharges and encouraging the availability of discounts by those retailers who wish to offer a lower price for goods and services purchased by some form of payment other than credit card.

SEC. 2. Section 22651.1 of the Vehicle Code is amended to read:

22651.1. Persons operating or in charge of any storage facility where vehicles are stored pursuant to Section 22651 shall accept a valid bank credit card or cash for payment of towing and storage by

the registered owner, legal owner, or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient funds on the premises to accommodate and make change in a reasonable monetary transaction.

Credit charges for towing and storage services shall comply with Section 1748.1 of the Civil Code. Law enforcement agencies may include the costs of providing for payment by credit when agreeing with a towing or storage provider on rates.

SEC. 3. Section 22658 of the Vehicle Code is amended to read:

22658. (a) Except as provided in Section 22658.2, the owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a vehicle parked on the property to the nearest public garage if (1) there is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, and the sign may also indicate that a citation may also be issued for the violation, or (2) the lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.

(b) The person causing removal of the vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner of the vehicle, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the

removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to post a sign as required by subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).

(f) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle and (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

(h) A towing company may impose a charge of not more than one-half of the regular towing charge for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property. The regular towing charge may only be imposed after the vehicle has been removed from the property and is in transit.

(i) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than that which would have been charged for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company in the city or county in which is located the private property from which the vehicle was, or was attempted to be, removed.

If a request to release a vehicle is made within eight hours from the time the vehicle is brought into the storage facility, regardless of the calendar date, the storage charge shall be for only one day. Not more than one day's storage charge may be required for any vehicle released the same day that it is stored.

(j) Any person who charges a vehicle owner a towing, service, or storage charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.

(k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank credit card or cash for payment of towing and storage by a registered owner or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient moneys on the premises to accommodate, and make change in, a

reasonable monetary transaction.

Credit charges for towing and storage services shall comply with Section 1748.1 of the Civil Code. Law enforcement agencies may include the costs of providing for payment by credit when making agreements with towing companies as described in subdivision (i).

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 310

An act to amend Section 20229.1 of the Public Contract Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 20229.1 of the Public Contract Code is amended to read:

20229.1. (a) Notwithstanding any other provision of law, the governing board of the San Francisco Bay Area Rapid Transit District may direct the purchase of electronic data-processing or telecommunications equipment or rail cars by competitive negotiation upon a finding by two-thirds of all members of the board that the purchase of electronic data-processing, telecommunications equipment, or rail cars in compliance with provisions of this code generally applicable to the purchase does not constitute a method of procurement adequate for the district's needs.

(b) Competitive negotiation, for the purposes of this section, shall include, as a minimum, all of the following elements:

(1) A request for proposal shall be prepared and submitted to an adequate number of qualified sources, as determined by the district in its discretion, to permit reasonable competition consistent with the nature and requirements of the procurement. In addition, notice of the request for proposal shall be published at least once in a newspaper of general circulation, which publication shall be made at least 10 days before the proposals are received. The district shall make every effort to generate the maximum feasible number of

proposals from qualified sources and shall make a finding to that effect before proceeding to negotiate if only a single response to the request for proposal is received.

(2) The request for proposal shall identify significant evaluation factors, including price, and their relative importance.

(3) The district shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(4) Award shall be made to the qualified bidder whose proposal will be most advantageous to the district with price and other factors considered. If award is not made to the bidder whose proposal contains the lowest price, the board shall make a finding setting forth the basis for the award.

(c) The board may reject any and all proposals and request new proposals at its discretion.

(d) A person who submits, or who plans to submit, a proposal may protest any acquisition conducted in accordance with this section as follows:

(1) Protests based on the content of the request for proposal shall be filed with the district within 10 calendar days after the request for proposal is first advertised in accordance with subdivision (b). The district shall issue a written decision on the protest prior to opening of proposals. A protest may be renewed by refiling the protest with the district within 15 calendar days after the mailing of the notice of the recommended award.

(2) Any bidder may protest the recommended award on any ground not based upon the content of the request for proposals by filing a protest with the district within 15 calendar days after the mailing of the notice of the recommended award.

(3) Any protest shall contain a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. Protestors shall have an opportunity to appear and be heard before the board prior to the opening of proposals in the case of protests based on the content of the request for proposals, prior to final award in the case of protests based on other grounds or the renewal of protests based on the content of the request for proposals.

(e) Where the district, through competitive negotiation, has entered into lease agreements for electronic data-processing, telecommunications equipment, or rail cars subsequent to December 1, 1980, the district may purchase the equipment directly from the lessor upon a finding by two-thirds of all members of the board that the purchase of electronic data-processing, telecommunications equipment, or rail cars in compliance with provisions of this code generally applicable to the purchase does not constitute a method of procurement adequate for the district's needs.

(f) Provisions in any contract concerning women and minority business enterprises, which provisions are in accordance with the

request for proposals, shall not be subject to negotiation with the successful bidder.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the San Francisco Bay Area Rapid Transit District be able to proceed immediately with the procurement of 70 additional rail cars so as to be able to initiate extended transit services at the earliest possible time, it is necessary that this act take effect immediately.

However, when the public interest so requires, the commission or presiding officer may, at any time prior to the filing of a decision, terminate the expedited complaint procedure and recalendar the matter for hearing under the commission's regular procedure.

(b) No attorney at law shall represent any party other than himself or herself under the expedited complaint procedure.

(c) No pleading other than the complaint and answer is necessary. A hearing without a reporter shall be held within 30 days after the answer is filed.

(b) Notwithstanding any other provision of law, a member who separates from a retirement system which has established reciprocity with this system, and who files his or her retirement application with the board within nine months of that separation, and who separated from that retirement system with the intention of retiring concurrently under both systems, may have his or her application received and acted upon by this system as if filed pursuant to paragraph (a).

SEC. 4. Section 21211 of the Government Code is amended to read:

21211. (a) If a person had no beneficiary designation in effect on the date of death, any benefit payable shall be paid to the survivors of the person in the following order:

(A) The natural parent and adopted child lived together at any time as parent and child.

(B) The natural parent was married to or was cohabitating with the other natural parent at the time the child was conceived and died before the birth of the child.

(C) The child was adopted by the spouse of either of the natural parents or after the death of either of the natural parents.

(D) The child is a natural child adopted by another as that phrase is defined or construed by the Probate Code.

(3) The decedent's parents.

(4) The decedent's brothers and sisters.

(b) If a deceased person had no effective beneficiary designation and there are no survivors in the groups specified in subdivision (a) who are entitled to the benefit under this section, the benefit shall be paid to the estate of the decedent, if the estate is either probated or subject to probate. Any benefit payable by this system may be paid either to the estate or to the duly authorized representative or representatives of the estate upon receipt by the system of a court order appointing an executor, administrator, or personal

representative.

(c) If there are no survivors in the groups specified in subdivision (a) and the estate of the person described by subdivision (b) does not require probate, irrespective of whether probate is filed, the benefit shall be paid directly to the surviving next of kin in the following order:

(1) Stepchildren.

(2) Grandchildren, including stepgrandchildren.

(3) Nieces and nephews.

(4) Great grandchildren.

(5) Cousins.

(d) For purposes of determining the application of subdivisions (b) and (c), the amount of the benefit payable from the Public Employees' Retirement System shall not be included in calculating the worth of the estate.

(e) For purposes of this section, the term "stepchild" shall mean a person who had a regular parent-child relationship with the deceased person.

SEC. 5. Section 21365.5 of the Government Code is amended to read:

21365.5. Upon the death of a member who has attained the minimum age for voluntary service retirement applicable to him or her in his or her last employment preceding death, and who is eligible to retire and in circumstances in which the basic death benefit is payable other than solely that of membership in a county retirement system, or a retirement system maintained by the university, a monthly allowance equal to one-half of and derived from the same source as the unmodified retirement allowance which the member would have been entitled to receive if he or she had retired for service on the date of his or her death shall be payable:

(a) To the surviving wife of a male member as long as she lives or until her remarriage; or

(b) To a surviving husband of a female member as long as he lives or until his remarriage; or

(c) To the children under age 18 collectively if there is no surviving spouse or if the surviving spouse dies or remarries before all children of the deceased member attain age 18, until every child dies or attains age 18; provided, that no child shall receive any allowance after marrying or attaining the age of 18.

Where a member does not have a surviving spouse nor any children under the age of 18 years at the time of death, no allowance shall be payable under this section.

No allowance shall be payable under this section if a special death benefit is payable.

The allowance provided by this section shall be paid in lieu of the basic death benefit but a person, or the person's guardian, qualifying for the allowance may elect before the first payment on account of it to receive the basic death benefit in lieu of the allowance.

If the total of the payments made hereunder is less than the basic

death benefit which was otherwise payable on account of the member's death, the amount of the basic death benefit less any payments made pursuant to this section shall be paid in a lump sum as follows:

(a) If the person last entitled to the allowance is the remarried spouse of the member, to the spouse;

(b) Otherwise, to the surviving children of the member, share and share alike, or if there are no children, to the estate of the person last entitled to the allowance.

The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any excess against the contributions of the state so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section. As used in this section, "a surviving wife" means a wife that was married to the member for at least one year prior to his death, a "surviving husband" means a husband that was married to the member for at least one year prior to her death, and "child" includes a posthumously born child of the member.

On and after April 1, 1972, this section shall apply to all contracting agencies and to the employees of those agencies with respect to deaths occurring after that operative date, whether or not the agencies have previously elected to be subject to this section.

SEC. 6. Section 21366 of the Government Code is amended to read:

21366. If payment of the special death benefit is stopped because of remarriage or death of the surviving spouse or death, marriage, or attainment of the age of 22 years by a child before the sum of the monthly payment made, exclusive of the annuity derived from the accumulated additional contribution of the deceased, equals the basic death benefit, a lump sum equal to the difference shall be paid the remarried surviving spouse, or if there is no surviving spouse, to the surviving children of the deceased member, share and share alike, or if there are no children, to the estate of the person last entitled to the allowance. In that event, or if there is no surviving spouse, the accumulated additional contributions of the deceased, as they were at his or her death, less the annuity paid as derived from those contributions, and plus interest credited to the accumulated additional contributions, shall be paid in the manner provided in this article for the payments of amounts due in the absence of a designated beneficiary.

SEC. 7. Section 21368 is added to the Government Code, to read:

21368. Any lump-sum benefit, or any uncashed lump-sum death benefit warrant, payable by this system to a beneficiary shall be paid to the estate of the beneficiary if he or she dies prior to payment of the benefit. The benefit may be paid to a representative of the deceased beneficiary's estate, upon demonstration by court documents that the person is authorized to act in that capacity. However, if the estate of the beneficiary is not probated, the benefits

shall be paid to the beneficiary's surviving next of kin, in the order specified in Section 21211.

CHAPTER 314

The court shall issue such an order only upon a showing that notifying the parent or guardian of the exact whereabouts would endanger the child or his or her foster family or that the parent or guardian is likely to flee with the child. However, if it is impossible or impracticable to obtain a court order authorizing nondisclosure prior to the detention hearing, and if the peace officer or social worker has a reasonable belief that the minor or his or her foster family would be endangered by the disclosure of the minor's exact whereabouts, or that the disclosure would cause the custody of the minor to be disturbed, the peace officer or social worker may refuse to disclose the place where the minor is being held. The county welfare department shall make a diligent and reasonable effort to ensure regular telephone contact between the parent and a child of any age, prior to the detention hearing, unless that contact would be detrimental to the child. The initial telephone contact shall take place as soon as practicable, but no later than five hours after the child is taken into custody. The court shall review any such decision not to disclose the place where the minor is being held at the detention hearing, and shall conduct that review within 24 hours upon the application of a parent, guardian, or a responsible relative.

(b) Immediately after being taken to a place of confinement pursuant to this article and, except where physically impossible, no later than one hour after he or she has been taken into custody, a minor 10 years of age or older shall be advised that he or she has the right to make at least two telephone calls from the place where he

or she is being held, one call completed to his or her parent, guardian, or a responsible relative, and another call completed to an attorney. The calls shall be at public expense, if the calls are completed to telephone numbers within the local calling area, and in the presence of a public officer or employee. Any public officer or employee who willfully deprives a minor taken into custody of his or her right to make these telephone calls is guilty of a misdemeanor.

SECTION 1. Section 7028.15 of the Business and Professions Code is amended to read:

7028.15. (a) It is a misdemeanor for any person to submit a bid to a public agency in order to engage in the business or act in the capacity of a contractor within this state without having a license therefor, except in any of the following cases:

(1) The person is particularly exempted from this chapter.

(2) The bid is submitted on a state project governed by Section 10164 of the Public Contract Code or on any local agency project governed by Section 20104 of the Public Contract Code.

(b) If a person has been previously convicted of the offense described in this section, the court shall impose a fine of 20 percent of the price of the contract under which the unlicensed person performed contracting work, or four thousand five hundred dollars ($4,500), whichever is greater, or imprisonment in the county jail for not less than 10 days nor more than six months, or both.

In the event the person performing the contracting work has agreed to furnish materials and labor on an hourly basis, "the price of the contract" for the purposes of this subdivision means the aggregate sum of the cost of materials and labor furnished and the cost of completing the work to be performed.

(c) This section shall not apply to a joint venture license, as required by Section 7029.1. However, at the time of making a bid as a joint venture, each person submitting the bid shall be subject to this section with respect to his or her individual licensure.

(d) This section shall not affect the right or ability of a licensed architect or registered professional engineer to form joint ventures with licensed contractors to render services within the scope of their

respective practices.

(e) Unless one of the foregoing exceptions applies, a bid submitted to a public agency by a contractor who is not licensed in accordance with this chapter shall be considered nonresponsive and shall be rejected by the public agency. Unless one of the foregoing exceptions applies, a local public agency shall, before awarding a bid, verify that the contractor was properly licensed when the contractor submitted the bid.

(f) Any compliance or noncompliance with subdivision (e) of this section, as added by Chapter 863 of the Statutes of 1989, shall not invalidate any contract or bid awarded by a public agency during which time that subdivision was in effect.

SEC. 2. Section 20104 is added to the Public Contract Code, to read:

20104. In all contracts subject to this part where federal funds are involved, no bid submitted shall be invalidated by the failure of the bidder to be licensed in accordance with the laws of this state. However, at the time the contract is awarded, the contractor shall be properly licensed in accordance with the laws of this state. The first payment for work or material under any contract shall not be made unless and until the Registrar of Contractors verifies to the agency that the records of the Contractors' State License Board indicate that the contractor was properly licensed at the time the contract was awarded. Any bidder or contractor not so licensed shall be subject to all legal penalties imposed by law, including, but not limited to, any appropriate disciplinary action by the Contractors' State License Board. The agency shall include a statement to that effect in the standard form of prequalification questionnaire and financial statement. Failure of the bidder to obtain proper and adequate licensing for an award of a contract shall constitute a failure to execute the contract and shall result in the forfeiture of the security of the bidder.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid the continued disruption of the process of bidding

for public works contracts, it is necessary for this act to take effect immediately.

The maximum compensation allowable to a board member on any given day shall be one hundred dollars ($100). Board members shall not receive any other compensation for meetings, and no board member shall receive more than five hundred dollars ($500) compensation under this section in any one calendar month, except that board members of the East Bay Regional Park District may receive compensation for not more than 10 meetings in any one calendar month. A board member may elect to waive the per diem. In addition, the board may provide, by ordinance or resolution, that each of its members not otherwise eligible for an employer-paid or partially employer-paid group medical or group dental plan, or both, may participate in any of those plans available to permanent employees of the district on the same terms available to those district employees or on terms and conditions as the board may determine. A board member who elects to participate in any plan may also elect to have the premium for the plan charged against his or her per diem and may further elect to waive the balance of the per diem.

(c) All vacancies on the board shall be filled in accordance with the requirements of Section 1780 of the Government Code, except that, in the case of vacancies caused by the creation of new wards or subdistricts, the directors shall, prior to the vacancies being filled, determine by lot, for the purpose of fixing the terms of the first directors to be elected to the wards or subdistricts, which ward or subdistrict shall have a four-year term and which ward or subdistrict shall have a two-year term. The persons who fill the vacancies caused

CHAPTER 324

An act to amend and repeal Section 7663 of the Probate Code, and to amend Section 40 of Chapter 397 of the Statutes of 1989, relating to probate law and procedure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 16, 1990. Filed with Secretary of State July 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 7663 of the Probate Code is amended to read:

7663. (a) After payment of debts pursuant to Section 7662, but in no case before four months after court authorization of the public administrator to act under this article or after the public administrator takes possession or control of the estate, the public administrator shall distribute to the decedent's beneficiaries any money or other property of the decedent remaining in the possession of the public administrator.

(b) If there are no beneficiaries, the public administrator shall deposit the balance with the county treasurer for use in the general fund of the county, subject to Article 3 (commencing with Section 50050) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code. If the amount deposited exceeds ten thousand dollars ($10,000), the public administrator shall at the time of the deposit give the Controller written notice of the information specified in Section 1311 of the Code of Civil Procedure .

NOTE: See Stats. 1990, Ch. 79 for SEC. 2.

SEC. 3. Section 40 of Chapter 397 of the Statutes of 1989 is amended to read:

Sec. 40. (a) A financial institution (as defined in Section 5128 of

the Probate Code) has no duty to inform any of the following persons of the enactment of Chapter 397 of the Statutes of 1989:

(1) Any depositor holding an account on July 1, 1990.

(2) Any beneficiary named in a Totten trust account on July 1, 1990.

(3) Any P.O.D. payee designated on a P.O.D. account on July 1, 1990.

(4) Any agent designated on an agency account on July 1, 1990.

(b) No liability may be imposed on a financial institution for failing to inform any person designated in subdivision (a) of the enactment of this act.

SEC. 4. Section 2 of this act shall become operative only if Assembly Bill 759 of the 1989–90 Regular Session is enacted and becomes operative on July 1, 1991, and enacts Section 7663 of the Probate Code, and this bill is enacted after Assembly Bill 759, in which case Section 2 of this act shall become operative on July 1, 1991, and Section 7663 as amended by Section 1 of this act shall be repealed on that date.

SEC. 5. Section 3 of this act shall become operative on July 1, 1990.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Section 7663 of the Probate Code was enacted by Chapter 1199 of the Statutes of 1988, operative July 1, 1989, but the enactment did not provide a procedure for administering funds deposited under the section. Immediate provision of a procedure is necessary to resolve the confusion among county treasurers, claimants, and other interested persons as to disposition of the funds.

Section 40 of Chapter 397 of the Statutes of 1989 was enacted with an incorrect reference to the operative date of the chapter. It is necessary, in order to give the protection intended by the section, that a correct reference to the operative date be made before any unintended liability is imposed.

CHAPTER 325

Nothing in this section exempts an insurer from, or permits an insurer to limit, its liability or obligation under a fire insurance policy or earthquake policy or endorsement to cover the losses from a fire that is caused by, or follows, an earthquake.

CHAPTER 327

An act to amend Section 2872 of the Public Utilities Code, relating to automatic dialing devices.

(5) A petroleum refinery, chemical processing plant, or nuclear powerplant for purposes of advising residents, public service agencies, and the news media in its vicinity of an actual or potential life-threatening emergency.

(e) This article does not prohibit law enforcement agencies and fire protection agencies from placing calls through automatic dialing-announcing devices, if those devices are used for any of the following purposes:

(1) Providing public service information relating to public safety.

SECTION 1. Section 7078 of the Government Code is amended to read:

(2) "Qualified property" means machinery and machinery parts used for fabricating, processing, assembling, and manufacturing, and machinery and machinery parts used for the production of renewable energy resources or air or water pollution control mechanisms, up to a value of one million dollars ($1,000,000), which, in the case of a taxpayer described in subparagraph (A) of paragraph (1), is used exclusively in a program area, and, in the case of a taxpayer described in subparagraph (B) of paragraph (1), is used exclusively in an enterprise zone.

(c) If the taxpayer has purchased property upon which a use tax has been paid or incurred, the credit provided under subdivision (a) shall be allowed only if qualified property of a comparable quality and price is not timely available for purchase in this state.

(d) In the case where the credit allowed under this section

exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over to the "net tax" in succeeding taxable years, until the credit is used. The credit shall be applied first to the earliest years possible.

The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified for purposes of this section as follows:

(1) For taxable years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the program area by multiplying total income from the business by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(2) "The program area" shall be substituted for "this state."

(g) In the case of a taxpayer described in subparagraph (B) of paragraph (1) of subdivision (b), the amount of the credit provided by this section in any taxable year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within an enterprise zone (designated pursuant to Section 7073 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified for purposes of this section as follows:

(2) "Qualified years one through five wages" means, with respect to any individual, qualified wages received during the 60-month period beginning with the day the individual commences employment within an enterprise zone.

(3) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(c) For purposes of this section:

(2) Who performs at least 50 percent of his or her services for the taxpayer during the taxable year in an enterprise zone.

(e) (1) For purposes of this section:

(A) All employees of trades or businesses (which are not incorporated) which are under common control shall be treated as employed by a single employer, and

(B) The credit (if any) allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit.

The regulations prescribed under this paragraph shall be based on principles similar to the principles which apply in the case of controlled groups of corporations as specified in subdivision (e) of Section 24331.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (f)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(f) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of an individual, if it is

determined under the applicable employment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(g) In the case of an estate or trust—

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each, and

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated (for purposes of this part) as the employer with respect to those wages.

(h) For purposes of this section, "enterprise zone" means an area for which designation as an enterprise zone is in effect under Section 7073 of the Government Code.

(i) The credit shall be reduced by the credit allowed under Section 17053.7. The credit shall also be reduced by the credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit.

(j) In the case where the credit allowed under this section exceeds the net tax for the taxable year, that portion of the credit which exceeds the net tax may be carried over to the net tax in succeeding taxable years for the number of taxable years in which the designation of an enterprise zone under Section 7073 of the Government Code is operative, or 15 taxable years, if longer, until the credit is used. The credit shall be applied first to the earliest taxable years possible.

(k) The amount of the credit allowed by this section in any taxable year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that

attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified for purposes of this section as follows:

(1) For taxable years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the enterprise zone by multiplying total income from the business by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(2) "The enterprise zone" shall be substituted for "this state."

SEC. 4. Section 17053.11 of the Revenue and Taxation Code is amended to read:

(b) For purposes of this section:

(1) "Qualified business" means either (A) a qualified business, as defined in Section 7082 of the Government Code, or (B) a qualified business, as defined in Section 7082 of the Government Code, except that the percentage requirements with respect to employment of residents of a high-density unemployment area shall be applicable only to those employees hired within the 12 months immediately preceding the date that the business seeks certification from the Department of Commerce and not to the entire workforce of the business. A business that qualifies under clause (B) shall be a qualified business only for the purposes of this section, provided that the Department of Commerce certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an unemployed resident of a high density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. For the purposes of this section, participation by a prospective employee in a state or federally funded job training or work demonstration program shall not constitute employment, or effect the eligibility of an otherwise qualified employee. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Department of Commerce as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed and has been hired pursuant to subdivision (a), shall be an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in the first year of employment.

(2) Forty percent for qualified wages in the second year of employment.

(3) Thirty percent for qualified wages in the third year of

employment.

(4) Twenty percent for qualified wages in the fourth year of employment.

(5) Ten percent for qualified wages in the fifth year of employment.

(d) The credit provided for each qualified employee who has been unemployed for at least three months but less than six months prior to being employed shall be 25 percent of qualified wages for the first year of employment; however, the credit for the second year of employment shall be that provided in paragraph (2) of subdivision (c), the credit for the third year of employment shall be that provided in paragraph (3) of subdivision (c), the credit for the fourth year of employment shall be that provided in paragraph (4) of subdivision (c), and the credit for the fifth year of employment shall be that provided in paragraph (5) of subdivision (c).

(e) For purposes of this section, "qualified wages" means that portion of wages not in excess of 150 percent of the minimum hourly wage paid or incurred by the qualified business during the taxable year to the qualified employee.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) or (d) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

(A) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(B) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(D) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer other than regularly occurring seasonal reductions.

For purposes of this subdivision, "controlled group of corporations" has the meaning given to that term by Section 1563(a) of the Internal Revenue Code, except that—

(A) "More than 50 percent" shall be substituted for "at least 80 percent" each place it appears in Section 1563(a)(1) of the Internal Revenue Code.

(B) The determination shall be made without regard to subsections (a)(4) and (e)(3)(C) of Section 1563 of the Internal Revenue Code.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit.

(j) In the case where the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, for the number of years in which the designation of an enterprise zone under Section 7073 of the Government Code is operative, or 15 income years, if longer, until the credit has been exhausted.

(k) The amount of the credit provided by this section shall not in

any year exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code). A business that qualifies under clause (B) shall be a qualified business only for the purposes of this section, provided that the Department of Commerce certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an unemployed resident of a high-density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Department of Commerce as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed pursuant to subdivision (a) shall be an amount equal to the sum of each of the following:

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

In addition, any deduction otherwise allowed under this part for wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit.

(h) In the case where the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(i) The amount of the credit allowed by this section for any year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17, modified for purposes of this section as follows:

(1) For income years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the program area by multiplying total income from the business by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net operating loss carryover to each of the five income years following the income year of the loss. Subdivision (b) of Section 24416.1 and Section 172(b)(1)(F) and (G) of the Internal Revenue Code shall not apply.

(e) "Commercial purposes" include the determination of the weight, measure, or count of any commodity or thing which is sold on the basis of weight, measure, or count; or the determination of the weight, measure, or count of any commodity or thing upon which determination a charge for service is based. "Commercial purposes" do not include the determination of the weight, measure, or count of any commodity or thing which is performed within a plant or business as a part of the manufacturing, processing, or preparing for market of that commodity or thing, or the determination of charges for the transmission of letters or parcels of less than 150 pounds, except when that determination is made in the presence of the customer charged for the service.

SEC. 3. Section 12505 of the Business and Professions Code is amended to read:

12505. Whenever a sealer examines any weight or measure or weighing, measuring, or counting instrument used for commercial purposes, and finds it to be correct, he or she shall seal or mark the weight, measure, or instrument with an appropriate device approved by the department, placed so as to provide optimum visibility to the customer, showing that the weight, measure, or instrument was inspected and indicating the date of the inspection.

SEC. 4. Section 12506 of the Business and Professions Code is amended to read:

12506. A sealer shall condemn and seize and may destroy incorrect weights and measures and weighing and measuring instruments used for commercial purposes, which in his or her best judgment are not susceptible of repair, but any which the sealer finds susceptible of repair, he or she shall cause to be marked with a tag or other suitable device with the words "Out of order."

However, the use of any weight or measure or weighing or measuring instrument used by a public utility in connection with measuring gas, electricity, water, steam, or communication service subject to the jurisdiction of the Public Utilities Commission is exempt from this chapter.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 339

An act to amend Section 2775.5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 18, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 2775.5 of Public Utilities Code is amended to read:

2775.5. (a) If an electrical or gas corporation desires to manufacture, lease, sell, or otherwise own or control any solar energy system, it shall submit to the commission, in such form as the commission may specify, a description of the proposed program of

solar energy development which it desires to pursue. The corporation may pursue the program of solar energy development unless the commission, within 45 days after the commission has accepted the filing of the corporation's description pursuant to this subdivision, orders the corporation to obtain from the commission the authorization to do so as provided in this section. In cases where the corporation seeks to pursue a program of solar energy development with costs and expenses to be passed through to the ratepayers, the corporation may not implement the program until it receives an authorization from the commission which includes findings and a determination, pursuant to subdivision (f), that the program is in the ratepayers' interest. No such authorization shall be required for any solar energy system which is owned or controlled for experimental or demonstration purposes. As used in this subdivision, "experimental or demonstration purposes" means a limited program of installation, use, or development the sole purpose of which is to investigate the technical viability or economic cost effectiveness of a solar application.

(b) The commission shall deny the authorization sought if it finds that the proposed program will restrict competition or restrict growth in the solar energy industry or unfairly employ in a manner which would restrict competition in the market for solar energy systems any financial, marketing, distributing, or generating advantage which the corporation may exercise as a result of its authority to operate as a public utility. Before granting any such authorization, the commission shall find that the program of solar energy development proposed by the corporation will accelerate the development and use of solar energy systems in this state for the duration of the program.

(c) The commission shall suspend or terminate any authorization granted pursuant to this section whenever it finds and determines that the program of solar energy development no longer qualifies for the authorization under subdivision (b). This subdivision applies to all programs of solar energy development undertaken by a gas or electrical corporation pursuant to this section, including programs undertaken pursuant to subdivision (a) without formal authorization of the commission.

(d) As used in this section, "solar energy system" means equipment which uses solar energy to heat or cool or produce electricity and which has a useful life of at least three years. "Solar energy system" does not include an electric plant as defined by Section 217.

(e) The commission shall prescribe the form of the description required by subdivision (a) by July 1, 1990. The description of the solar energy program filed with the commission shall include, but not be limited to, a showing that the program will not restrict competition, or restrict growth in the solar energy industry, or unfairly employ any financial, marketing, distributing, or generation advantage by the corporation on behalf of the solar energy program.

(f) The costs and expenses of implementing a program of solar energy development proposed pursuant to this section shall not be passed through to the ratepayers of an electrical or gas corporation unless the commission finds and determines that it is in the ratepayers' interest to do so.

(g) An electrical or gas corporation shall file a written notice with the commission in all cases where one of its subsidiaries seeks to implement a solar energy development program. If an affiliate of an electrical or gas corporation seeks to implement a solar energy development program, the electrical or gas corporation shall notify the commission of its affiliate's actions annually, in a form prescribed by the commission. If the electrical or gas corporation intends to provide financial, marketing, or distribution assistance to any subsidiary or affiliate thereof in implementing the subsidiary's or affiliate's program of solar energy development, the electrical or gas corporation shall obtain authorization from the commission to provide that assistance. Authorization by the commission shall be given in the manner provided in subdivisions (a) and (b), and suspension or termination by the commission may be imposed in the manner provided in subdivision (c).

(h) The commission shall provide public notice of the receipt of any corporation filings submitted pursuant to this section.

CHAPTER 340

An act to add Chapter 26 (commencing with Section 22760) to Division 8 of the Business and Professions Code, relating to telephones.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 18, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Cordless telephones consist of a "base" unit which connects to the public switched network and a "handset" or "remote" unit operated together as a low power communications system.

(b) In 1983, the Federal Communications Commission failed to implement rules requiring specific security measures for these units. It was then believed that marketplace forces would serve to provide adequate security devices to protect the public switched telephone network or the consumer.

(c) As a result, cordless telephones that are not equipped with security coded circuitry are causing significant interference to many telephone company services, to customers with low telephone numbers, and to the "911" emergency services telephone system.

(d) Studies by Bellcore indicate that the annual costs incurred by telephone company maintenance centers in responding to complaints arising from noncoded cordless telephones without security provisions is approximately three million four hundred thousand dollars ($3,400,000).

SEC. 2. Chapter 26 (commencing with Section 22760) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 26. TELEPHONE EQUIPMENT

22760. (a) It is unlawful to sell within this state any cordless telephone manufactured after January 1, 1992, that does not provide increased protection from unintentional line seizure and dialing, and protection from unintentional ringing.

(b) For the purposes of this section, a cordless telephone is a two-way low power communication system consisting of the following two parts connected by a radio link:

(1) A "base" unit connected to the public switched telephone network.

(2) A "handset" or "remote" unit.

(c) For the purposes of this section, a cordless telephone has increased protection from unintentional line seizure and dialing, and protection from unintentional ringing, if it does either of the following:

(1) Provides a randomly selected preset digital security code from among at least 256 possible codes and a means for the user to manually enter a new security code in the event of interference.

(2) Provides a means for automatically selecting a different code from among at least 256 possible discrete codes.

(d) This section does not apply to any cordless telephone manufactured prior to January 1, 1992, whether, after the operative date of this section, it is inspected, repaired, or refurbished and returned to the original user, provided to another user in exchange for a unit needing repair, or resold.

CHAPTER 341

An act to amend Sections 44220, 44256, 44282, and 44860 of the Education Code, relating to teacher credentials.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 18, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 44220 of the Education Code is amended to read:

44220. The commission shall appoint an executive secretary, who

shall be exempt from the provisions of the State Civil Service Act, and may in its discretion remove him or her by a majority vote of all its members. He or she shall be the secretary to the commission and its chief executive officer. He or she shall receive the salary that the commission determines, and, subject to appropriation, other prerequisites that the commission determines.

Any power, duty, purpose, function, or jurisdiction that the commission may lawfully delegate is delegated to the executive secretary, unless the commission specifically has reserved the same for its own action.

SEC. 2. Section 44256 of the Education Code is amended to read:

44256. Authorization for teaching credentials shall be of four basic kinds, as defined below:

(a) "Single subject instruction" means the practice of assignment of teachers and students to specified subject matter courses, as is commonly practiced in California high schools and most California junior high schools. The holder of a single subject teaching credential or a standard secondary credential or a special secondary teaching credential, as defined in this subdivision, who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 7 to 12, inclusive, other than the subject for which he or she is already certificated to teach, shall be eligible to have this subject appear on the credential as an authorization to teach this subject. The commission, by regulation, may require that evidence of additional competence is a condition for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and implement alternative requirements for additional authorizations to the single subject credential on the basis of specialized needs. For purposes of this subdivision, a special secondary teaching credential means a special secondary teaching credential issued on the basis of at least a baccalaureate degree, a student teaching requirement, and 24 semester units of coursework in the subject specialty of the credential.

(b) "Multiple subject instruction" means the practice of assignment of teachers and students for multiple subject matter instruction, as is commonly practiced in California elementary schools and as is commonly practiced in early childhood education.

The holder of a multiple subject teaching credential or a standard elementary credential who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 9 and below shall be eligible to have that subject appear on the credential as authorization to teach the subject in departmentalized classes in grades 9 and below. The governing board of a school district by resolution may authorize the holder of a multiple subject teaching credential or a standard elementary credential to teach any subject in

departmentalized classes to a given class or group of students below grade 9, provided that the teacher has completed at least 12 semester units, or six upper division or graduate units, of coursework at an accredited institution in each subject to be taught. The authorization shall be with the teacher's consent. However, the commission, by regulation, may provide that evidence of additional competence is necessary for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and implement alternative requirements for additional authorizations to the multiple subject credential on the basis of specialized needs.

(c) "Specialist instruction" means any specialty requiring advanced preparation or special competence including, but not limited to, reading specialist, mathematics specialist, specialist in special education, or early childhood education, and such other specialties as the commission may determine.

(d) "Designated subjects" means the practice of assignment of teachers and students to designated technical, trade, or vocational courses which courses may be part of a program of trade, technical, or vocational education.

SEC. 3. Section 44282 of the Education Code is amended to read:

44282. Subject matter examinations authorizing single-subject instruction shall be required for all subjects taught in California public schools, those subjects to be subsumed, as directed by the commission, under the following categories: English, physical science, health science, life science, mathematics, social science, history, government, industrial arts, physical education, business, music, art, home economics, agriculture, and languages, including, but not limited to, French, Spanish, Russian, German, and Chinese. The commission shall list subject matter categories.

A general subject matter examination authorizing teaching multiple subjects shall include an examination of the candidate's knowledge of the following areas: language studies, literature, mathematics, science, social studies, history, humanities, the arts, physical education, and human development.

SEC. 4. Section 44860 of the Education Code is amended to read:

44860. No person shall be employed as principal of a school of six or more certificated employees unless he or she holds a valid school administration credential and at least one of the following: a teaching credential, or a services credential with a specialization in pupil personnel, health, clinical or rehabilitative, or librarian services.

CHAPTER 342

An act to amend Section 5002.2 of the Public Resources Code, relating to the state park system.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 18, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 5002.2 of the Public Resources Code is amended to read:

5002.2. (a) Following classification or reclassification of a unit by the State Park and Recreation Commission, and prior to the development of any new facilities in any previously classified unit, the department shall prepare a general plan or revise any existing plan, as the case may be, for the unit.

The general plan shall consist of elements that will evaluate and define the proposed land uses, facilities, concessions, operation of the unit, any environmental impacts, and the management of resources, and shall serve as a guide for the future development, management, and operation of the unit.

The general plan constitutes a report on a project for the purposes of Section 21100. The general plan for a unit shall be submitted by the department to the State Park and Recreation Commission for approval.

(b) The resource element of the general plan shall evaluate the unit as a constituent of an ecological region and as a distinct ecological entity, based upon historical and ecological research of plant-animal and soil-geological relationships and shall contain a declaration of purpose, setting forth specific long-range management objectives for the unit consistent with the unit's classification pursuant to Article 1.7 (commencing with Section 5019.50), and a declaration of resource management policy, setting forth the precise actions and limitations required for the achievement of the objectives established in the declaration of purpose.

(c) Notwithstanding the requirements of subdivision (a), the department is not required to prepare a general plan for a unit that has no general plan or to revise an existing plan, as the case may be, if the only development contemplated by the department consists of the repair, replacement, or rehabilitation of an existing facility; the construction of a temporary facility, so long as such construction does not result in the permanent commitment of a resource of the unit; any undertaking necessary for the protection of public health or safety; or any emergency measure necessary for the immediate protection of natural or cultural resources; or any combination thereof at a single unit. Any development is subject to the requirements of the California Environmental Quality Act (Division

13 (commencing with Section 21000)).

(d) Any general plan approved prior to July 1, 1972, may be used as the basis for development if the director finds that there has been no significant change in the resources of the unit since approval of the plan and that the plan is compatible with current policies governing development of the unit and the classification of the unit.

(e) Consistent with good planning and sound resource management, the department shall, in discharging its responsibilities under this section, attempt to make units of the state park system accessible and usable by the general public at the earliest opportunity.

(f) The department may prepare a general plan which includes more than one unit of the state park system for units which are in close proximity to one another and which have similar resources and recreational opportunities if that action will facilitate the protection of public resources and public access to units of the state park system.

CHAPTER 343

An act to add Section 4023.4 to the Health and Safety Code, relating to drinking water.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 18, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 4023.4 is added to the Health and Safety Code, to read:

4023.4. In addition to the requirements set forth in Section 4023.3, the regulations adopted by the department pursuant to Section 4023.3 shall include requirements governing the use of point-of-entry treatment by public water systems in lieu of centralized treatment where it can be demonstrated that centralized treatment is not economically feasible.

CHAPTER 345

An act to add Section 72247.3 to the Education Code, relating to community colleges.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 18, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 72247.3 is added to the Education Code, to read:

72247.3. Notwithstanding Sections 72247 and 72247.1, the Governing Board of the Pasadena Community College District may require payment of a parking fee at a campus in excess of the limits set forth in subdivision (a) of Section 77247 for the purpose of funding the construction of an oncampus parking structure if both of the following conditions exist at the campus:

(a) The average daily attendance (ADA) per parking space on the campus exceeds the statewide average ADA per parking space on community college campuses.

(b) The market price per square foot of land adjacent to the campus exceeds the statewide average market price per square foot of land adjacent to community college campuses.

If a governing board requires payment of a parking fee in excess of the limits set forth in subdivision (a), in no event may the fee exceed the actual cost of constructing a parking structure. Students who receive financial assistance pursuant to any of the programs described in subdivision (g) of Section 72252 shall be exempt from parking fees imposed pursuant to this section which exceed twenty dollars ($20) per semester.

SEC. 2. Because of the unique circumstances applicable in the Pasadena Community College District, which has one of the highest rates of enrollment per available parking space on campus and at the same time the cost of adjacent land is among the highest for community college districts statewide, it is impossible for the Pasadena Community College District to provide much needed parking spaces within the maximum parking fees allowed under current law. Therefore, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 346

An act to add and repeal Section 36820 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 18, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 36820 is added to the Government Code, to read:

36820. (a) Notwithstanding Section 27333 of the Elections Code, or any other provision of law, the City of Sanger may hold a special election on November 6, 1990, to fill the vacancy in the city council created as a result of the recall of the council member acting as appointed mayor at a recall election held on June 5, 1990. The city may consolidate the special election with the November 6, 1990, statewide general election.

(b) The Legislature finds that, because of the unique circumstances applicable to the holding of a special election in the City of Sanger to fill the existing council vacancy, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution.

(c) This section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enable the City of Sanger to consolidate the special election to fill the vacancy in the city council with the general election, and thereby realize the resulting cost savings, it is necessary that this act take effect immediately.

CHAPTER 347

An act to repeal Section 14400 of the Business and Professions Code, relating to trade names.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 18, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 14400 of the Business and Professions Code is repealed.

CHAPTER 348

An act to amend Section 4607 of the Civil Code, relating to family law.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 18, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 4607 of the Civil Code is amended to read:

4607. (a) In any proceeding where there is at issue the custody of or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, as provided in Section 4600, 4600.1, or 4601, the matter shall be set for mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. Upon the adoption of a resolution by the board of supervisors authorizing the procedure, a petition also may be filed pursuant to this section for the mediation of a dispute relating to any existing order for custody or visitation; the mediation of a dispute concerning an existing order shall be set not later than 60 days after the filing of the petition. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to

develop an agreement, assuring the child or children close and continuing contact with both parents that is in the best interests of the child or children. The mediator shall use his or her best efforts to effect a settlement of the custody or visitation dispute that is in the best interests of the child or children, consistent with the considerations required by Section 4608. Mediation shall not be denied to the parties on the basis that paternity is an issue in a proceeding before the court.

(b) Each superior court shall make available a mediator. The mediator may be a member of the professional staff of a family conciliation court, probation department, or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court shall not be required to institute a family conciliation court. The mediator shall meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(c) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(d) The mediator shall have the authority to exclude counsel from participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child or children involved in the controversy and shall be entitled to interview the child or children when the mediator deems the interview appropriate or necessary. The mediator shall have the authority to meet with the parties separately when a request for separate mediation is made by one of the parties in any proceeding where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure.

(e) The mediator may, consistent with local rules, render a recommendation to the court as to the custody or visitation of the child or children. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation be conducted pursuant to Section 4602, or that other action be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders be issued, pending determination of the controversy, to protect the well-being of the children involved in the controversy. Any agreement reached by the parties as a result of mediation shall be reported to counsel for the parties by the mediator on the day set for mediation or as soon thereafter as practical, but prior to its being reported to the court. The agreement

shall be limited to the resolution of issues relating to parenting plans, custody, or visitation, or any combination thereof. No agreement shall be confirmed or otherwise incorporated in an order of the court unless each party, in person or by his or her counsel of record, has affirmed and assented to the agreement in open court or by written stipulation. An agreement also may be so confirmed or incorporated if a party fails to appear at a noticed hearing on the issue involved in the agreement. All such custody or visitation agreements may be modified at any time at the discretion of the court, subject to Sections 4600, 4600.5, and 4601.

(f) Nothing in this section shall prohibit the mediator from recommending to the court that counsel be appointed pursuant to Section 4606 to represent the minor child or children. In making any recommendation, the mediator shall inform the court of the reasons why it would be in the best interests of the minor child or children to have counsel appointed.

(g) Courts shall develop local rules to respond to requests for a change of mediators or to general problems relating to mediation.

CHAPTER 349

An act to add Chapter 10.8 (commencing with Section 25940) to Division 15 of the Public Resources Code, relating to energy resources conservation.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 18, 1990]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The residential housing sector uses 30 percent of the electricity and gas consumed in California.

(b) More than 60 percent of the homes in California were built prior to the required use of energy efficiency standards in new buildings, and these existing homes represent a significant part of the statewide demand for energy.

(c) While the State Energy Resources Conservation and Development Commission has a comprehensive program to reduce energy use in schools, hospitals, and local government facilities that were constructed before the required use of energy efficiency standards, the commission has no comparable program to reduce energy use in existing homes.

(d) California homeowners need state guidance, such as home energy rating and labeling programs, to make informed decisions on cost-effective options to improve the energy efficiency of their existing homes.

(e) In addition to lowering energy utility bills, home energy rating and labeling information for existing homes could benefit homeowners by increasing the marketability of their homes at the time of sale.

(f) Housing retrofits encouraged by home energy rating and labeling programs could also help reduce air pollution through energy conservation.

(g) It is in the interest of the State of California to undertake pilot projects and establish guidelines as soon as practicable for the utilization of home energy rating and labeling programs.

SEC. 2. Chapter 10.8 (commencing with Section 25940) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 10.8. HOME ENERGY AND LABELING PROGRAM

25940. (a) The commission shall adopt, no later than June 30, 1992, home energy rating and labeling guidelines that can be used by homeowners to make cost-effective decisions regarding options for improving the energy efficiency of their homes.

(b) In establishing home energy rating and labeling guidelines, the commission shall consider the results of the review of similar programs undertaken in other states considered pursuant to Section 25942, to ensure that the overall costs of implementing the commission guidelines are likely to be exceeded by the benefits of improved home energy efficiency achieved by the guidelines.

25941. The guidelines required by Section 25940 shall include, but not be limited to, a procedure for determining the percentage of energy savings which can be achieved for each R-value, as described in Section 25910, through installation of any of the following types of insulation:

(a) Attic.
(b) Door.
(c) Floor.
(d) Wall.
(e) Window.

25942. As part of the biennial energy conservation report required by Section 25401.1, the commission shall review and evaluate home energy rating and labeling programs for existing homes undertaken in other states, and provide a summary of the progress made by the commission to develop and implement these programs for the benefit of the citizens of California.

wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, and the amount of actual operating expenses, as determined by the board, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and one-tenth of 1 percent shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) or (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, "actual cost" does not include fixed overhead or administrative expenses which would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) or (e) that are not expended within 90 days of the end of the meeting at which they are collected shall be reallocated for promotion of the program at satellite wagering facilities, as provided in subdivision (c).

(a) "Breeder" means a person who is registered as a breeder of a California-bred thoroughbred with the official registering agency and is named on the applicable Certificate of Registration issued by the Jockey Club of New York.

(b) "Qualifying race" means the following:

(1) In the case of breeder awards, all races in this state, and all graded stakes races conducted within the United States.

(2) In the case of owner premiums, all nonclaiming races in this state and certain claiming races conducted in this state.

(3) In the case of stallion awards, all nonclaiming races in this state, certain claiming races conducted in this state, and all graded stakes races conducted within the United States.

(4) "Certain claiming races" means those claiming races in the central and southern zone in which the total purse exceeds the daily average purse in races, excluding stakes, distributed at that meeting during the prior year, or a claiming race in the northern zone in

which the total purse exceeds 125 percent of the daily average purse in races, excluding stakes, distributed at that meeting during the prior year. In determining whether a race complies with this definition, the official registering agency shall base its determination on the actual amount of the purse at the time the race was conducted and shall not take into consideration any postrace adjustments to that purse.

(c) "Eligible earnings" means the following:

(1) In the case of breeder awards, the annual amount earned by a California-bred thoroughbred for finishing first, second, or third in qualifying races.

(2) In the case of owner premiums, the annual amount earned by a California-bred thoroughbred for winning qualifying races.

(3) In order for earnings from a qualifying race to be considered as eligible earnings, a California-bred thoroughbred shall be registered as such with the official registering agency before the date entries were taken by the association for the qualifying race in which that horse earned purse money.

(4) In the case of stallion awards, the annual amount earned by California-conceived or California-bred foals of an eligible thoroughbred sire in winning qualifying races plus the amount earned by those foals for finishing second or third in a stakes race in this state and for finishing first, second, or third in a graded stakes race within the United States.

(5) For purposes of this paragraph, the maximum purse considered earned in any qualifying race within this state shall be three hundred thirty thousand dollars ($330,000) for a win, one hundred twenty thousand dollars ($120,000) for a second, and ninety thousand dollars ($90,000) for a third place finish and the maximum purse considered earned in any qualifying race outside of this state shall be one hundred sixty-five thousand dollars ($165,000) for a win, sixty thousand dollars ($60,000) for a second, and forty-five thousand dollars ($45,000) for a third place finish.

(6) In determining the purse earned in any qualifying race which is a stakes race, the amount earned shall be based solely on the added money, with no consideration to be given to other sources of the purse, such as nomination, entry, or starting fees, bonuses, and sponsor contributions, or any combination thereof.

(7) On or before February 1 of any year, it is the ultimate responsibility of the stallion owner to advise the official registering agency of any and all purses earned during the preceding year that shall be considered in determining the amount of the stallion award to which the owner is entitled.

(8) On or before February 1 of any year, it is the ultimate responsibility of the breeder to advise the official registering agency of any and all purses earned during the preceding year in graded stakes races outside of this state by horses bred by breeder.

15, inclusive, of the calendar year in which the qualifying race was conducted, and if the sire left this state after July 15 of the calendar year in which the qualifying race was conducted, the sire returned to and was present in this state by February 1 of the following calendar year and thereafter remained until July 15 of that year. If a sire dies in this state and stood his last season at stud in this state, he shall thereafter continue to be considered an eligible thoroughbred sire. Notwithstanding any provision to the contrary, a thoroughbred stallion shall be considered an eligible thoroughbred sire only if its owner has filed a claim for stallion award on or before February 1 of the calendar year immediately following the calendar year for which the awards are being distributed.

(e) "Official registering agency" means the California Thoroughbred Breeders Association.

(f) "Owner" means the person who is registered with the paymaster of purses on the date the qualifying race was conducted as the owner of the California-bred thoroughbred earning purse money in that race.

(g) "Quotient," for any fund, means the amount allocated to that fund pursuant to subdivision (b) of Section 19617.2 divided by the aggregate eligible earnings of the horses applicable to that fund. In calculating the quotient for each of the funds, any retroactive purse payments with respect to a race shall not be considered after the disbursement of the fund.

(h) "Stallion owner" means the person who is the owner of the eligible thoroughbred sire as of December 31 of the calendar year in which that sire's foals had eligible earnings or the person who owned the eligible thoroughbred sire on the date that the sire died.

The people of the State of California do enact as follows:

SECTION 1. Section 37222 of the Education Code is repealed.

(2) April 21 of each year as John Muir Day.

(2) On John Muir Day, exercises stressing the importance that an

ecologically sound natural environment plays in the quality of life for all of us, and emphasizing John Muir's significant contributions to the fostering of that awareness and the indelible mark he left on the State of California.

(3) On California Poppy Day, exercises honoring the California Poppy, including instruction about native plants, particularly the California Poppy, and the economic and aesthetic value of wildflowers; promoting responsible behavior toward our natural resources and a spirit of protection toward them; and emphasizing the value of natural resources and conservation of natural resources.

(c) It is the intent of the Legislature that the exercises encouraged in this section be integrated into the regular school program, and be conducted by the school or institution within the amount otherwise budgeted for educational programs.

SEC. 3. Section 37222.5 of the Education Code is repealed.

CHAPTER 365

An act to amend Section 36981 of, and to add Section 36866 to, the Food and Agricultural Code, relating to dairy products.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 19, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 36866 is added to the Food and Agricultural Code, to read:

36866. (a) Nonfat ice cream shall be made in the same manner and from the same ingredients as ice cream and special varieties of ice cream. Nonfat ice cream may be flavored with natural or artificial flavors and colors, if all the applicable labeling requirements are met.

(b) Nonfat ice cream shall contain less than 0.50 percent milk fat. It shall contain at least 10 percent of total milk solids before the addition of bulky flavors, and shall have not less than 1.3 pounds of food solids per gallon of finished product. Nonfat ice cream shall weigh at least 4.0 pounds per gallon of finished product.

(c) The provisions for the reduction of milk fat and total milk solids for ice cream in Sections 36892 and 36893 do not apply to nonfat ice cream. Nothing in this standard prohibits the use of bulky flavors in nonfat ice cream. Nothing in this part, or the regulations adopted pursuant thereto, concerning ice cream prevents the addition of caseinates to nonfat ice cream if the total milk solids are at least 10 percent before the addition of caseinates.

(d) Nonfat ice cream shall be labeled in the same manner as ice cream, except that it shall be labeled for nutritional content in conformance with the Code of Federal Regulations. The labeling requirements that apply to ice cream pursuant to Article 4

(commencing with Section 36670) of Chapter 1 also apply to nonfat ice cream when sweeteners described in that article are used. All state and federal laws and regulations pertaining to the labeling of ice cream apply to nonfat ice cream, including those federal regulations which govern the nomenclature of naturally and artificially flavored ice cream pursuant to subsection (e) of Section 135.110 of Title 21 of the Code of Federal Regulations.

SEC. 2. Section 36981 of the Food and Agricultural Code is amended to read:

This confection may be acidulated with harmless organic acid, may contain milk solids, may be made with or without added harmless pure or imitation flavoring, and with or without added harmless coloring approved by the director. The finished product may contain stabilizers at a level that is necessary to achieve the desired function.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 366

An act to add Section 39360.1 to the Education Code, relating to school property.

[Approved by Governor July 18, 1990 Filed with Secretary of State July 19, 1990]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that it is desirable to a school district, in certain circumstances, that it sell or lease property and, simultaneously, repurchase or lease back the same property in order to accomplish certain financing purposes that benefit the district.

(b) The Legislature further finds and declares that, because the use of the property and the benefits associated with that use remain with the school district in the case of a transaction as described in subdivision (a), the application of certain requirements of existing

law governing the disposition of school district property is inappropriate in that case. It is the intent of the Legislature, therefore, in enacting this act, to clarify that those requirements of existing law do not govern certain transactions involving the sale and repurchase, or lease and lease back, of school district property as a method of obtaining financing for capital outlay purposes.

SEC. 2. Section 39360.1 is added to the Education Code, to read:

39360.1. Notwithstanding Section 39360, the sale by the governing board of any school district of any real property belonging to the school district or the lease by that governing board, for a term not exceeding 99 years, of any real property, together with any personal property located thereon, belonging to the school district shall not be subject to any other provision of this chapter, to Article 5 (commencing with Section 39390), or to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, if all of the following conditions are met:

(a) The property is sold or leased to another local governmental agency, or to a nonprofit corporation that is organized for the purpose of assisting one or more local governmental agencies in obtaining financing.

(b) (1) In the case of the sale of school district property pursuant to this section, the school district, as part of that same sale transaction, simultaneously repurchases the same property that is the subject of the transaction.

(2) In the case of the lease of school district property pursuant to this section, the school district, as part of that same lease transaction, simultaneously leases back, for a term that is not substantially less than the term of that lease, the same property that is the subject of the transaction.

(c) The financing proceeds obtained by the school district pursuant to the transaction described in this section are expended solely for capital outlay purposes, including the acquisition of real property for intended use as a schoolsite and the construction, reconstruction, and renovation of school facilities.

CHAPTER 367

An act to amend Section 42001.2 of the Vehicle Code, relating to air pollution.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 19, 1990.]

SECTION 1. Section 42001.2 of the Vehicle Code is amended to read:

42001.2. (a) Every person convicted of an infraction for a

violation of Section 27153.5 with a motor vehicle having a manufacturer's maximum gross vehicle weight rating of 6,001 or more pounds shall be punished by a fine for the first offense of not less than two hundred fifty dollars ($250) and not more than two thousand five hundred dollars ($2,500), and for a second or subsequent offense within one year of not less than five hundred dollars ($500) and not more than five thousand dollars ($5,000).

(b) Every person convicted of an infraction for a second or subsequent violation of Section 27153, or a second or subsequent violation of 27153.5, with a motor vehicle having a manufacturer's maximum gross vehicle weight rating of less than 6,001 pounds, shall be punished by a fine of not less than one hundred dollars ($100) nor more than two hundred fifty dollars ($250).

(c) Notwithstanding Section 40616, the penalties in subdivision (b) apply when a person is guilty of willfully violating a written promise to correct, or willfully failing to deliver proof of correction, as prescribed in Section 40616, when an offense described in subdivision (b) was the violation for which the notice to correct was issued and the person was previously convicted of the same offense, except that costs of repair shall be limited to those specified in Section 44017 of the Health and Safety Code.

(d) Revenues collected from fines imposed under this section shall be allocated as follows: 25 percent to the prosecuting agency, 25 percent to the enforcement agency, except the Department of the California Highway Patrol, and 50 percent to the general fund of the air quality management district or air pollution control district in which the infraction occurred. If the enforcement agency is the Department of the California Highway Patrol, the revenues shall be allocated 50 percent to the prosecuting agency, and 50 percent to the district in which the infraction occurred.

(e) For the purposes of subdivisions (a), (b), and (c), a second or subsequent offense does not include an offense involving a different motor vehicle.

CHAPTER 368

An act to amend Section 98162 of, and to add Sections 98167 and 98168 to, the Public Utilities Code, relating to transit.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 19, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 98162 of the Public Utilities Code is amended to read:

98162. (a) All employees of the district are to be free from interference, coercion, and restraint in associating themselves

together for their mutual benefit in connection with their employment. They may designate representatives of their own choosing and, collectively or individually, may exercise their right of petition to the board concerning wages, hours, or other conditions of employment.

(b) Employees have the right to self-organization; to form, join, or assist labor organizations; and to bargain collectively through representatives of their own choosing for the purpose of collective bargaining.

SEC. 2. Section 98167 is added to the Public Utilities Code, to read:

98167. The obligation of the district is to bargain in good faith with a duly designated or certified labor organization and, when an agreement is reached, to execute a written collective bargaining agreement with the labor organization covering the wages, hours, and working conditions of the employees represented by the labor organization in an appropriate unit, and, thereafter, to comply with the terms of the agreement.

The obligation of the district to bargain collectively extends to all subjects of collective bargaining concerning wages, hours, working conditions, and other conditions of employment.

This section supersedes Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code if there is any conflict between this section and that chapter, but in all other situations that chapter governs.

SEC. 3. Section 98168 is added to the Public Utilities Code, to read:

98168. The district shall not require any employee, who is a member of a bona fide religion, body, or sect which has historically held conscientious objections to joining or financially supporting labor organizations, to join or financially support any public employee labor organization as a condition of employment. However, that employee may be required, in lieu of paying periodic dues, fees, or assessments to a labor organization, to pay sums equal to those dues, fees, or assessments to a nonreligious, nonlabor charitable fund exempt from taxation under Section 501(c) (3) of the Internal Revenue Code (26 U.S.C. Sec. 501(c) (3)), chosen by the employee from a list of at least three qualifying funds, designated in a memorandum of understanding between the district and the labor organization or, if the memorandum of understanding fails to designate the funds, then to any qualifying fund chosen by the employee. Proof of payments made pursuant to this section shall be made on a monthly basis to the district as a condition of continued exemption from the requirement of financial support to a labor organization.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 369

An act to amend Section 92.3 of the Streets and Highways Code, relating to transportation facilities.

[Approved by Governor July 18, 1990. Filed with Secretary of State July 19, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 92.3 of the Streets and Highways Code is amended to read:

(1) Discontinue further water intensive freeway landscaping and use drought resistant landscaping whenever feasible, taking into consideration such factors as erosion control and fire retardant needs.

(2) Eliminate any dependency on imported water for landscaping as soon as practicable.

(b) The department shall require the use of reclaimed water for the irrigation of freeway landscaping when it finds and determines that all of the following conditions exist:

(1) The reclaimed water is of adequate quality and is available in adequate quantity for the proposed use.

(2) The proposed use of the reclaimed water is approved by the California regional water quality control board having jurisdiction.

(3) There is a direct benefit to the state highway program for the proposed use of reclaimed water.

(4) The reclaimed water is supplied by a local public agency or water public utility able to contract for delivery of water and the installation, maintenance, and repair of facilities to deliver the water.

(5) The installation of the water delivery facilities does not unreasonably increase any hazard to vehicles on the freeway or create unreasonable problems of highway maintenance and repair.

(c) The department shall report to the Legislature on or before January 1, 1988, and every three years thereafter, on the progress of the department in complying with this section. For each landscaping project subject to this section which is listed in the most recently adopted state transportation improvement program, the department shall identify the closest potable water supply and the closest reclaimed water supply, together with a statement explaining which water source was selected for irrigation purposes, and the reasons why that source was selected.

(d) In cooperation with local public agencies and water public

utilities, the department shall permit local public agencies and water public utilities to place transmission lines for reclaimed water in freeway rights-of-way for use by the local public agencies and water public utilities to transmit reclaimed water to others, when to do so will promote a beneficial use of reclaimed water and that transmission does not unreasonably interfere with use of the freeway or unreasonably increase any hazard to vehicles on the freeway, subject to paragraphs (1) to (5), inclusive, of subdivision (b) and the following additional requirements:

(1) The local public agency or water public utility holds the department harmless for any liability caused by a disruption of service to other users of the reclaimed water and will defend the department in any resulting legal action and pay any damages awarded as a result of that disruption.

(2) The department, in cooperation with the local public agency or water public utility, may temporarily interrupt service in order to add to or modify its facilities without liability, as specified in paragraph (1).

(3) The local public agency or water public utility obtains and furnishes the department an agreement by all other users of reclaimed water from the transmission system holding the department harmless for any disruption in service.

(4) The local public agency or water public utility has furnished the department a list of other reclaimed water users and information on any backup system or other source of water available for use in case of a service disruption.

(5) The local public agency is responsible for the initial cost or any relocation cost of the reclaimed water transmission lines for service to other users in the right-of-way and waives its rights to require the department to pay the relocation costs pursuant to Sections 702 and 704.

(6) The local public agency or water public utility maintains the water transmission system subject to reasonable access for maintenance purposes to be negotiated between the department and the local public agency or water public utility.

(7) The department has first priority with respect to the reclaimed water supply contracted for by the department.

(8) The local public agency or water public utility installs an automatic control system which will allow the water transmission system to be shut down in case of an emergency. The department shall have access to all parts of the transmission system for purposes of the agreement.

(9) All transmission lines are placed underground and as close as possible to the freeway right-of-way boundary or at other locations authorized by the department.

(10) The plans and specifications for the reclaimed water transmission facilities have been approved by the department prior to construction.

(e) As used in this section:

(1) "Local public agency" means any local public agency which transmits or supplies reclaimed water to others.

(2) "Water public utility" means any privately owned water corporation which is subject to the jurisdiction and control of the Public Utilities Commission.

(c) The city shall develop a plan to mitigate the loss of the public recreational facilities for the three-year period, subject to the approval of the Department of Parks and Recreation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(c) The commissioner may require the application or notice or both to also disclose additional information necessary to determine whether the applicant or licensee is in compliance with Section 1668.5.

SEC. 2. Section 1668.5 is added to the Insurance Code, to read:

(1) The controlling person has previously engaged in a fraudulent practice or act or has conducted any business in a dishonest manner.

(2) The controlling person has shown incompetency or untrustworthiness in the conduct of any business, or has by commission of a wrongful act or practice in the course of any business exposed the public or those dealing with him or her to the danger of loss.

Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, more than 10 percent of the voting securities of the organization. This presumption may be rebutted by a showing that control does not exist in fact. The commissioner may, after furnishing all persons in interest notice and opportunity to be heard, determine that control exists in fact, notwithstanding the absence of a presumption to that effect.

(3) There can be no payment of money or receipt of in-kind income in exchange for the provision of care. (2) Offers any number of sessions during the period specified in paragraph (1) which when added together do not exceed a total of 30 days when only schoolage children are enrolled in the program or 15 days when children younger than schoolage are enrolled in the program.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate the requirement of licensing child care facilities which have previously been exempt and would otherwise be subject to licensure, it is necessary that this act take effect immediately.

CHAPTER 389

An act to amend Sections 60230, 60305, 60306, 60315, 60316, and 60317 of, and to add Sections 60027, 60028, 60224, 60225, 60226, 60301, and 60317.5 to, the Water Code, relating to water replenishment districts.

[Approved by Governor July 19, 1990 Filed with Secretary of State July 20, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 60027 is added to the Water Code, to read:

60027. "Replenishment assessment" means any assessment levied pursuant to Part 6 (commencing with Section 60300).

SEC. 2. Section 60028 is added to the Water Code, to read:

60028. "Contaminant" means any physical, chemical, biological, or radiological substance, or substances, of a concentration which, if contained in water, will cause a significant impairment to a domestic drinking water supply.

SEC. 3. Section 60224 is added to the Water Code, to read:

60224. For the purpose of protecting and preserving the groundwater supplies within the district for beneficial uses, a district may take any action, within the district, including, but not limited to, capital expenditures and legal actions, which in the discretion of the board is necessary or desirable to accomplish any of the following:

(a) Prevent contaminants from entering the groundwater supplies of the district, whether or not the threat is immediate.

(b) Remove contaminants from the groundwater supplies of the district.

(c) Determine the existence, extent, and location of contaminants in, or which may enter, the groundwater supplies of the district.

(d) Determine persons, whether natural persons or public entities, responsible for those contaminants.

(e) Perform or obtain engineering, hydrologic, and scientific studies for any of the foregoing purposes.

SEC. 4. Section 60225 is added to the Water Code, to read:

60225. A district may take any action outside the district, including, but not limited to, those set forth in Section 60224, provided the board finds both of the following:

(a) The action is reasonably necessary to protect groundwater supplies within the district.

(b) There is a direct, material relationship between the groundwater supply where the action is to be taken and the groundwater supply within the district.

SEC. 4.5. Section 60226 is added to the Water Code, to read:

60226. A district may sue and recover the amount of any district expenditures under Section 60224 from the person or persons responsible for the contaminants causing the expenditures. In

proceeding under any state or federal law, a district may recover those expenses from responsible persons and governmental insurance funds. In any action the district, if successful, may recover reasonable attorney's fees and court costs, as determined by the court. The right or power to recover damages shall not be deemed an adequate remedy at law precluding use of injunctive relief under this section or any other provision of this division or any other statute. In any action for injunctive relief relating to contaminants, no bond shall be required of a district as a condition to granting a preliminary injunction.

SEC. 5. Section 60230 of the Water Code is amended to read:

60230. For the purposes of replenishing the groundwater supplies within the district, a district shall have power:

(a) To have perpetual succession.

(b) To sue and be sued, except as otherwise provided in this division or by law, in all actions and proceedings in all courts and tribunals.

(c) To adopt a seal and alter it at pleasure.

(d) To take by grant, purchase, gift, devise, or lease, to hold, use and enjoy, and to lease, convey or dispose of, real and personal property of every kind, within or without the district, necessary or convenient to the full exercise of its power.

(e) Within or outside of the district to construct, purchase, lease, or otherwise acquire, and to operate and maintain necessary waterworks and other works, machinery and facilities, canals, conduits, waters, water rights, spreading grounds, lands, rights and privileges useful or necessary to replenish the underground water basin within the district, or to augment the common water supplies of the district, including, but not limited to, the exercise of any power under Section 60224.

(f) For the common benefit of the district, to store water in underground water basins or reservoirs within or outside of the district, to appropriate and acquire water and water rights within or outside of the district, to import water into the district, and to conserve water within or outside of the district.

(g) To carry out the purposes of this division, to commence, maintain, intervene in, defend and compromise, in the name of the district, or otherwise, and to assume the costs and expenses of any and all actions and proceedings now or hereafter begun to determine or adjudicate all or a portion of the rights to divert, extract, or use waters within the district, or within any segments thereof or subbasins therein, as between owners of or claimants to those rights, to prevent any interference with water or water rights used or useful to the lands, inhabitants, owners, operators, or producers within the district, or to prevent the diminution of the quantity or quality of the water supply of the district, or to prevent unlawful exportation of water from the district.

(h) To exercise the right of eminent domain to take any property necessary to supply the district or any portion thereof with

replenishment water, including, but not limited to, the exercise of any power under Section 60224, except that the right of eminent domain may not be exercised with respect to (1) water and water rights already devoted to beneficial use, and (2) property (other than water and water rights) already appropriated to public use unless the taking be for a more necessary public use than that to which the property is already appropriated; provided that the district in exercising that power shall in addition to the damage for taking, injuring, or destruction of property also pay the cost of removal, reconstruction, or relocation of any structure, including, but not limited to, railways, mains, pipes, conduits, wires, cables, towers, or poles of any public utility which is required to be removed to a new location. No use by a district of property owned, at the time the action to condemn is brought, by an existing agency having powers to provide for the replenishment of groundwater, shall constitute a more necessary public use than the use to which the property is already appropriated.

A district shall not exercise the right of eminent domain to acquire property outside the boundaries of the principal county in which the district is situated unless it first obtains the consent thereto of the board of supervisors of the county in which the property is located.

(i) To act jointly with or cooperate with the United States or any agency thereof, and cooperate and act jointly with the state, or any county or agency thereof, or any political subdivision or district therein, including flood control districts, public and private corporations, and any person, to the end that the purposes and activities of the district may be fully and economically performed.

(j) To cause assessments and charges to be levied as provided in this division to accomplish the purposes of this division and to maintain such reserve funds for the future purchase of water for replenishment purposes as may be authorized to be levied.

(k) To make contracts, employ labor, and do all acts necessary for the full exercise of the foregoing powers.

(*l*) To carry on technical and other investigations of all kinds, necessary to carry out the provisions of this division, and for this purpose the district shall have the right of access through its authorized representative to all properties within the district.

(m) To borrow money and incur indebtedness and to issue bonds or other evidences of that indebtedness; to refund or retire any indebtedness or lien that may exist against the district or property thereof; to issue warrants to pay the formation expenses of the district, which may bear interest at a rate not exceeding 6 percent a year from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings, but shall not include the expenses of holding and conducting the formation election.

(n) To cause taxes to be levied, in the manner provided in this division, for the purpose of paying any obligation of the district,

including its formation expenses and any warrants issued therefor.

(o) To fix the rates at which water shall be sold for replenishment purposes, and to establish different rates for different classes of service or conditions of service, provided the rates shall be uniform for like classes and conditions of service.

(p) To fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of groundwater, and to that end a district may become a party to the contract and pay from district funds that portion of the cost of the replenishment waters as will encourage the purchase and use of that water in lieu of pumping so long as the persons or property within the district are directly or indirectly benefited by the resulting replenishment.

SEC. 6. Section 60301 is added to the Water Code, to read:

60301. If the district has received an engineering evaluation as to any matter within the powers of the district under Section 60224 and containing proposed action or alternate actions and estimated costs, including engineering and legal fees and expenses and district overhead, the board may, not later than the second Tuesday in February of each year, order the inclusion in the engineering survey and report referred to in Section 60300 of a statement of the proposed action or alternate actions and those estimated costs.

SEC. 7. Section 60305 of the Water Code is amended to read:

60305. On or before the second Tuesday in March of each year, and provided the survey and report called for by Section 60300 has been made, the board, by resolution, shall declare whether funds shall be raised to purchase water for replenishment during the next ensuing fiscal year and whether the funds shall be raised either by (a) a water charge, as provided in Chapter 2 (commencing with Section 60245) of Part 5, (b) a general assessment, as provided in Chapter 3 (commencing with Section 60250) of Part 5, (c) a replenishment assessment as provided in this chapter, or (d) a combination of any two or more of the foregoing, and whether the funds so to be raised, whether by a water charge, a general assessment, a replenishment assessment or a combination of those means, will benefit, directly or indirectly, all of the persons or real property and improvements within the district. The resolution shall also declare whether funds shall be raised to remove contaminants from groundwater supplies during the next ensuing fiscal year or to exercise any other power under Section 60224, and whether funds for that purpose shall be raised by a replenishment assessment as provided in this chapter, with a like statement of benefit.

SEC. 8. Section 60306 of the Water Code is amended to read:

60306. If the board, by resolution, determines that all or a portion of the funds needed to purchase replenishment water, or to remove contaminants from the groundwater supplies of the district, or to exercise any other power under Section 60224, shall be raised by the levy of a replenishment assessment, then the board shall immediately publish a notice that a public hearing will be held on the

second Tuesday of April for the purpose of determining whether and to what extent the estimated costs thereof for the ensuing year shall be paid for by a replenishment assessment. The notice shall contain a copy of the board's resolution, the time and place of the hearing, and an invitation to all interested parties to attend and be heard in support of or opposition to the proposed assessment, the engineering survey and report, and the board's determination, and shall invite inspection of the engineering survey and report upon which the board acted. The notice shall be published in each affected county pursuant to Section 6061 of the Government Code, at least 10 days before the hearing date.

SEC. 9. Section 60315 of the Water Code is amended to read:

60315. Upon completing the hearing, but no later than the second Tuesday in May, the board shall, by resolution, find the following:

(a) The annual overdraft for the preceding water year.

(b) The estimated annual overdraft for the current water year.

(c) The estimated annual overdraft for the ensuing water year.

(d) The accumulated overdraft as of the last day of the preceding water year.

(e) The estimated accumulated overdraft as of the last day of the current water year.

(f) The total production of groundwater from the groundwater supplies within the district during the preceding water year.

(g) The estimated total production of groundwater from the groundwater supplies within the district for the current water year.

(h) The estimated total production of groundwater from the groundwater supplies within the district for the ensuing water year.

(i) The changes during the preceding water year in the pressure levels or piezometric heights of the groundwater contained within pressure-level areas of the district, and the effects thereof upon the groundwater supplies within the district.

(j) The estimated changes during the current water year in the pressure levels or piezometric heights of the groundwater contained within pressure-level areas of the district, and the estimated effects thereof upon the groundwater supplies within the district.

(k) The quantity of water which should be purchased for the replenishment of the groundwater supplies of the district during the ensuing water year.

(*l*) The source and estimated cost of water available for the replenishment.

(m) The estimated costs of replenishing the groundwater supplies with the water so purchased.

(n) The estimated costs of purchasing, in water years succeeding the ensuing water year, that portion of the quantity of water which should be purchased for the replenishment of the groundwater supplies of the district during the ensuing water year, but which is estimated to be unavailable for purchase during the ensuing water year; estimated costs shall be based on the estimated price of water for replenishment purposes during the ensuing water year.

(o) The estimated rate of the replenishment assessment required to be levied upon the production of groundwater from the groundwater supplies within the district during the ensuing fiscal year for the purposes of accomplishing the replenishment and providing a reserve fund to purchase in future years, when available, that portion of the quantity of water which should be purchased for the replenishment of the groundwater supplies of the district during the ensuing water year, but which is estimated to be unavailable for purchase during that ensuing water year.

(p) Whether any contaminants should be removed from groundwater supplies during the ensuing fiscal year, and whether any other actions under Section 60224 should be undertaken during the ensuing fiscal year, the estimated costs thereof, and the estimated additional rate of replenishment assessment required to be levied upon the production of groundwater from the groundwater supplies within the district during the ensuing fiscal year for those purposes.

(q) Whether any program for removal of contaminants or other actions under Section 60224 should be a multiyear program or is a continuation of a previously authorized multiyear program.

SEC. 10. Section 60316 of the Water Code is amended to read:

60316. Based on the findings pursuant to Section 60315, the board shall, by resolution, determine all of the following:

(b) What portion, not exceeding 25 percent of the above portion, of the estimated cost of purchasing in the future that quantity of water which should be purchased during the ensuing water year, but which is estimated to be unavailable during that year, shall be raised by a replenishment assessment.

(c) What portion of the estimated costs of removing contaminants from groundwater supplies and of taking other actions under Section 60224 during the ensuing fiscal year shall be paid for by a replenishment assessment.

SEC. 11. Section 60317 of the Water Code is amended to read:

60317. If the board determines that a replenishment assessment shall be levied upon the production of groundwater from groundwater supplies within the district during the ensuing fiscal year, immediately following the making of that determination the board shall levy a replenishment assessment on the production of groundwater from the groundwater supplies within the district during the fiscal year commencing on July 1st next, and the replenishment assessment shall be fixed by the board at a uniform rate per acre-foot of groundwater so produced. The producers of that groundwater shall pay the replenishment assessment to the district at the times and in the manner provided in this division. That part of the assessment levied pursuant to the determination provided in subdivision (c) of Section 60316, exclusive of any part thereof for district administrative and overhead expenses, shall not exceed 50

percent of the average assessment levied for the current and four preceding fiscal years pursuant to determinations under subdivisions (a) and (b) of Section 60316, exclusive of any part thereof for district administrative and overhead expenses.

SEC. 12. Section 60317.5 is added to the Water Code, to read:

60317.5. Except as set forth in this section, nothing in this division prevents the use of district funds from any source for powers and functions authorized under this division. That part of a replenishment assessment levied pursuant to determinations under subdivisions (a) and (b) of Section 60316 shall not be utilized for the direct costs of prevention and removal of contaminants under subdivisions (a) and (b) of Section 60224. Any part of a replenishment assessment levied pursuant to a determination under subdivision (c) of Section 60316 which is not expended may be obligated and expended for other uses authorized by Section 60224 after hearing and findings pursuant to Sections 60306 and 60315. Any part of a replenishment assessment levied pursuant to a determination under subdivision (c) of Section 60316 which remains unexpended and unobligated for five fiscal years after the last obligation thereof, or any shorter period which the board may by resolution determine, shall be deemed to have been levied for other costs and expenses for which a replenishment assessment is authorized under this division. Funds from a replenishment assessment, although restricted as to use, may be loaned for any use for which and within the monetary limits for which, such an assessment has been levied. Any such loan shall be for a period not longer than 18 months and shall bear interest, as nearly as practicable in the discretion of the board, at the rate which those funds might have otherwise been invested at the time of the loan.

CHAPTER 390

An act to add Section 429 to the Penal Code, relating to telephone corporations.

[Approved by Governor July 19, 1990. Filed with Secretary of State July 20, 1990.]

The people of the State of California do enact as follows:

SECTION 1. (a) In enacting this act, the Legislature finds and declares that certain providers of telecommunications services intentionally fail to collect and remit the following fees and surcharges as required by the Public Utilities Code:

(1) The annual fee established by the Public Utilities Commission pursuant to Section 431 of the Public Utilities Code.

(2) The surcharge to service rates authorized by subdivision (c) of Section 879 of the Public Utilities Code to meet the funding

requirements for the provision of universal telephone service pursuant to the Moore Universal Telephone Service Act (Article 8 (commencing with Section 871) of Chapter 4 of Part 1 of Division 1 of the Public Utilities Code).

(3) The fees charged by the Public Utilities Commission for the filing of an application for a certificate of public convenience and necessity, or for the mortgage, lease, transfer, or assignment thereof, pursuant to subdivision (a) of Section 1904 of the Public Utilities Code.

(4) The surcharge established by the Public Utilities Commission to recover the costs of providing telecommunications devices for the deaf and severely hearing impaired, and to recover the costs of providing specialized or supplemental telephone communications equipment to disabled persons, pursuant to subdivision (d) of Section 2881 of the Public Utilities Code.

(b) The Legislature further finds and declares that:

(1) It is in the best interests of the state's telecommunications consumers that the programs and services which are supported by these fees and surcharges be completely funded as mandated by the Public Utilities Code.

(2) Providers of telecommunications services that intentionally do not collect and remit these fees and surcharges thereby gain an unfair competitive advantage over the majority of the providers that do collect and remit the moneys in compliance with the mandates of the law.

(3) The existing provisions of state law are ineffective in ensuring compliance.

(4) The criminal penalties established by this act are not intended to impose liability or additional obligations on providers of telecommunications services that rely in good faith on other corporations regulated by the Public Utilities Commission for the collection or remittance of these fees and surcharges.

(c) Therefore, it is the intent of the Legislature to provide misdemeanor criminal penalties for the intentional failure to collect and remit the fees and surcharges.

SEC. 2. Section 429 is added to the Penal Code, to read:

429. (c) An action brought pursuant to subdivision (a) or (b) may be filed either in the superior court for the county in which the conduct complained of occurred or in the superior court for the county in which a person whose conduct complained of resides or has his or her place of business. An action brought by the Attorney General pursuant to subdivision (a) may also be filed in the superior court for any county wherein the Attorney General has an office, and in any such case, the jurisdiction of the court shall extend throughout the state.

(d) Whenever a court issues a temporary restraining order or a preliminary or permanent injunction in an action brought pursuant to subdivision (a) or (b), ordering a defendant to refrain from conduct or activities, the order issued shall include the following

statement: VIOLATION OF THIS ORDER IS A CRIME PUNISHABLE UNDER SECTION 422.9 OF THE PENAL CODE.

Each appropriate law enforcement agency shall provide to any law enforcement officer responding to the scene of reported violence, information as to the existence of, terms, and current status of, any order issued pursuant to this section.

(f) A court shall not have jurisdiction to issue an order or injunction under this section if that order or injunction would be prohibited under Section 527.3 of the Code of Civil Procedure.

(g) Actions under this section shall be independent of any other remedies or procedures that may be available to an aggrieved person under any other provision of law.

(h) In addition to any damages, injunction, or other equitable relief awarded in an action brought pursuant to subdivision (b), the court may award the petitioner or plaintiff reasonable attorney's fees.

(k) No order issued in any proceeding under subdivision (a) or (b) shall restrict the content of any person's speech. An order restricting the time, place, or manner of any person's speech shall do

5805. Nothing in this chapter shall preclude certified interior designers or any other person from submitting interior design plans to local building officials, except as provided in Section 5538. In exercising discretion with respect to the acceptance of interior design plans, the local building official shall reference the Uniform Building Code.

Notwithstanding Section 98.6, for the 1990–91 fiscal year and each fiscal year thereafter, the amount allocated pursuant to Section 96 or 97, and Section 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, located within Shasta County, excluding multicounty districts, shall be adjusted in accordance with the resolution, adopted by the Shasta County Board of Superivisors on June 19, 1990, with respect to distributions from the Special District Augmentation Fund for Shasta County.

SEC. 2. Notwithstanding any other provision of law, the allocation of property tax revenue in the 1979–80 fiscal year to the 1988–89 fiscal year, inclusive, in Shasta County, as distributed as of July 1, 1989, shall be deemed correct, and no reductions or increases in apportionments shall be made from the 1979–80 fiscal year to the 1988–89 fiscal year, inclusive.

SEC. 3. (a) Notwithstanding any other provision of law, the allocation of property tax revenue to the City of Anderson in Shasta County in fiscal year 1989–90, and in each fiscal year thereafter, shall be at least the same amount as was allocated in the 1987–88 fiscal year.

(b) This section shall be repealed as of the earlier date of the following:

(1) The date the Board of Supervisors of Shasta County notify the Secretary of State that a redevelopment agency has been formed by the City of Anderson.

(2) July 1, 1993.

SEC. 4. The Board of Supervisors of Shasta County may, by a resolution adopted by the vote of a majority of its members, request the Legislature to amend Sections 2 and 3 of this act.

SEC. 5. It is the intent of the Legislature not to validate in the future any other mistake in the allocation of property tax revenue unless the mistake is the result of written advice from the Department of Finance with respect to the particular allocation.

SEC. 6. With respect to the provisions of Sections 2 and 3 of this act, the Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the

meaning of Section 16 of Article IV of the California Constitution because of unique circumstances applicable only to Shasta County. Shasta County allocated property tax revenues from the 1979–80 to the 1988–89 fiscal year, inclusive, in good faith reliance upon all information made available to the counties by the Department of Finance and the Controller. While other counties were benefited by an early review by either the Department of Finance or the Controller for purposes of early adjustments, Shasta County did not receive an early review and instead requested an audit of tax computation procedures for the 1988–89 fiscal year.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for local taxing agencies in Shasta County to be immediately relieved of the possibility of litigation and to assure that the county auditors may implement the newly adopted apportionment procedures without duress, it is necessary that this act take effect immediately.

The elected directors shall take office at the first meeting of the board of directors after the first day of January following their election.

A majority of the members of the board shall constitute a quorum for the transaction of business, but no act of the board shall be valid or binding unless a majority of all members concur therein.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 409

An act to amend Sections 18554 and 25555 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 24, 1990 Filed with Secretary of State July 25, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 18554 of the Revenue and Taxation Code is amended to read:

18554. (a) The tax, and any interest and penalties thereon, shall be paid to the Franchise Tax Board. Remittances may be in the form of a check, payable to the Franchise Tax Board, during that period and under those regulations as the Franchise Tax Board may prescribe. If a check is not paid by the bank on which it is drawn, the taxpayer tendering the check remains liable for the payment of the tax, and all interest and penalties thereon, as if he or she had not tendered the check.

(b) Notwithstanding Title 1.3 (commencing with Section 1747) of Part 4 of Division 3 of the Civil Code, the Franchise Tax Board may allow remittances to be in the form of a credit account number and an authorization to draw upon a specified credit account, at that time and under those conditions as the Franchise Tax Board may prescribe. Remittances in the form of an authorization to draw upon a specified credit account shall include an amount, not to exceed 1 and one-half percent of the balance otherwise due, for purposes of paying the discount rate associated with drawing upon the credit account.

(c) Remittances made pursuant to subdivision (b) may be drawn on an account with a financial institution which agrees to add the discount rate associated with the use of the credit account number to the credit card holder's billing. Remittances drawn as described in this subdivision shall not include an amount for purposes of paying the discount rate associated with drawing upon the credit account.

SEC. 2. Section 25555 of the Revenue and Taxation Code is amended to read:

25555. (a) In the case of taxpayers subject to the tax imposed by this part the tax, and any interest and penalties thereon, shall be paid to the Franchise Tax Board. Remittances may be in the form of a check, payable to the Franchise Tax Board, during that period and under those regulations as the Franchise Tax Board may prescribe. If a check is not paid by the bank on which it is drawn, the taxpayer tendering the check shall remain liable for the payment of the tax, and all interest and penalties, as if the check had not been tendered.

(b) The Franchise Tax Board may allow remittances to be in the form of a credit account number and authorization to draw upon a specified credit account, at that time and under those conditions as the Franchise Tax Board may prescribe. Remittances in the form of an authorization to draw upon a specified credit account shall include an amount, not to exceed 1 and one-half percent of the balance otherwise due, for purposes of paying the discount rate associated with drawing upon the credit account.

(c) Remittances made pursuant to subdivision (b) may be drawn on an account with a financial institution which agrees to add the discount rate associated with the use of the credit account number to the credit card holder's billing. Remittances drawn as described in this subdivision shall not include an amount for purposes of paying the discount rate associated with drawing upon the credit account.

SEC. 3. (a) The Franchise Tax Board shall establish a pilot program for the acceptance of remittances in the form of authorizations to draw upon credit accounts for the payment of taxes, and any interest or penalties thereon. The pilot program shall include, but not be limited to, the acceptance of credit account remittances in payment of liabilities with regard to the automated collection process of the Franchise Tax Board. The pilot program shall apply to payments on or after January 1, 1991, and before January 1, 1993.

(b) To the extent feasible, the Franchise Tax Board shall contract, for purposes of the pilot program, with those financial institutions which agree to add the discount rate associated with the use of a credit card account number to the credit card holder's billing.

(c) The Franchise Tax Board shall report to the Legislature, on or before December 1, 1993, as to the implementation of the pilot program. The report shall address additional costs or cost savings, administrative impacts, fiscal advantages and disadvantages, impacts on service to taxpayers, and taxpayer responses with regard to credit account remittances, and shall identify if the project has met its objectives. The report shall also include a description and evaluation of possible alternatives to credit account remittances.

(d) The pilot program shall be considered to have met its objectives if at least 2 percent of taxpayers offered the opportunity to remit taxes in the form of a credit account in fact make such a remittance, and if the cost to the state of accepting credit account remittances is comparable to, or lower than, the cost of accepting other forms of remittances.

CHAPTER 410

An act to add Section 985.5 to the Insurance Code, relating to insurance.

[Approved by Governor July 24, 1990. Filed with Secretary of State July 25, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 985.5 is added to the Insurance Code, to read:

985.5. In the case of the insolvency of an admitted insurer, the commissioner shall prepare a report, which shall be a public record, with respect to the causes and factors which contributed to that insolvency. The report shall be submitted to the Governor and to the Legislature no later than one year from the date of the insolvency.

CHAPTER 411

An act to amend Sections 4390, 4390.3, 4390.9, and 4390.14 of the Civil Code, to amend Sections 259, 1277, and 1699 of the Code of Civil Procedure, to amend Section 273.6 of the Penal Code, and to amend Section 11489 of the Welfare and Institutions Code, relating to family law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1990. Filed with Secretary of State July 25, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 4390 of the Civil Code is amended to read:

4390. Unless the provision or context otherwise requires, the following definitions in this chapter govern the construction of this chapter.

(a) "Assignment" has the same meaning as "wage assignment" or "earnings assignment." "Wage assignment" and "earnings assignment" have the same meaning and cover all "earnings" as described in subdivision (c).

(b) "Due date of support payments" shall be the date specifically stated in the order of support or, if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(c) "Earnings," to the extent that these earnings are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, includes:

(1) Wages, salary, bonus, money, and benefits described in

Sections 704.110, 704.113, and 704.115 of the Code of Civil Procedure.

(2) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, or mineral or other natural resource rights.

(3) Payments of credits due or becoming due as a result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(4) Any other payments or credits due or becoming due as a result of an enforceable obligation.

(d) "Employer" means a person for whom an individual performs services as an employee, as defined in Section 706.011 of the Code of Civil Procedure, and includes the United States government and any public entity as defined in Section 811.2 of the Government Code and any person or entity paying earnings as defined under subdivision (c).

(e) "IV-D Case" means any case being established, modified, or enforced by the district attorney pursuant to Section 654 of Title 42 of the United States Code (Section 454 of the Social Security Act).

(f) "Obligee" or "assigned obligee" means either the person to whom support has been ordered to be paid, the district attorney, or other person designated by the court to receive the payment. The district attorney shall be the obligee for all cases as defined under subdivision (e) or in which an application for services has been filed under Part D (commencing with Section 651) and Part E (commencing with Section 670) of Subchapter IV of Chapter 7 of Title 42 of the United States Code (Title IV-D or IV-E of the Social Security Act).

(g) "Obligor" means any person owing a duty of support.

(h) "Support" refers to an obligation owing on behalf of a child, spouse, or family; where appropriate, it also refers to past due support or arrearage.

(i) "Timely payment" means receipt of support payments by the obligee or assigned obligee within five days of the due date.

SEC. 2. Section 4390.3 of the Civil Code is amended to read:

4390.3. (a) On and after July 1, 1990, whenever the court orders either party to pay any amount of support or orders a modification of the amount of support to be paid, the court shall also order the obligor to assign to an obligee that portion of his or her earnings due or to be due in the future as will be sufficient to pay the amount ordered by the court for support. The court shall include a wage assignment order in any order or judgment establishing or modifying support. Upon the filing and service of a notice of motion or order to show cause with the supporting application, an obligee may request the court to issue a wage assignment to enforce an existing support order or to modify an existing wage assignment order.

(b) All orders for wage assignment entered pursuant to this section shall be effective upon compliance with the procedures set forth in Section 4390.8, unless stayed pursuant to subdivision (c).

(c) The court may order that service of the wage assignment be

stayed only if the court makes a finding of good cause to stay service of the wage assignment. Good cause is limited to the following:

(1) The obligor has a history of uninterrupted, full, and timely payment of previously ordered support during the preceding 12 months; however, an obligor who has not been subject to an order of support for 12 months prior to the issuance of the wage assignment may qualify for good cause subject to this provision if the obligor posts with the clerk of the court a cash bond or cash in an amount equal to three months' support.

Notwithstanding the above, good cause to stay service of the wage assignment shall not be found if an obligor owes an arrearage for prior support.

(2) The obligor proves, and the court finds, by clear and convincing evidence that service of the wage assignment would cause extraordinary hardship upon the obligor. Whenever possible, the court shall specify a date that any stay ordered under this paragraph will automatically terminate.

(3) The parties sign a written agreement which provides for an alternative arrangment to ensure payment of the support obligation as ordered other than through the immediate service of a wage assignment. This written agreement may include an agreement relating to the staying of the service of a wage assignment. Any agreement between the parties which includes the staying of the service of a wage assignment shall include the agreement of the district attorney in any case in which support is ordered to be paid through a county officer designated for that purpose. The signing of an agreement pursuant to this paragraph shall not preclude the party from seeking an assignment in accordance with the procedures set forth in Section 4390.4 upon violation of this agreement.

(4) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the obligee to notify the employer or district attorney of a change of address.

SEC. 3. Section 4390.9 of the Civil Code is amended to read:

4390.9. (a) An obligor may move to quash an assignment order within 10 days after service on the obligor of notice of the assignment order by his or her employer if the obligor states under oath that the assignment order does not correctly state the amount of current or overdue support ordered by the courts, that the alleged obligor is not the obligor from whom support is due, or that the amount to be withheld exceeds that allowable under federal law in subdivision (b) of Section 1673 of Title 15 of the United States Code.

(b) In any case in which an assignment is sought under Section 4390.5, the party ordered to pay support may move to quash the service of the order for wage assignment based upon subdivision (c) of Section 4390.3.

(c) If a wage assignment order which has been issued and served on a prior employer is served on the obligor's new employer, the obligor does not have the right to move to quash the assignment on

any grounds which the obligor previously raised when the assignment was served on his or her prior employer or on any grounds which the obligor could have raised when the assignment was served on the prior employer but failed to raise.

(d) A finding of error in the amount of the current support or arrearage or that the amount exceeds federal or state limits is not grounds to vacate the assignment order. The court shall modify the order to reflect the correct or allowable amount of support or arrearages. The fact that the obligor may have subsequently paid the arrearages shall not relieve the court of its duty to enter the order for the assignment.

SEC. 4. Section 4390.14 of the Civil Code is amended to read:

4390.14. Upon the filing and service of a motion and a notice of motion by the obligor, the court shall terminate the service of an order of assignment if past due support has been paid in full, including any interest due, and if one of the following conditions exists:

(a) With regards to orders for spousal support, the death or remarriage of the spouse to whom support is owed.

(b) With regards to orders for child support, the death or emancipation of the child for whom support is owed.

(c) The court determines that there is good cause, as defined in Section 4390.3, to terminate the assignment. This subdivision does not apply if there has been more than one application for a wage assignment.

(d) The termination of the stay of a wage assignment under Section 4390.4 was improper, but only if that termination was based upon the obligor's failure to make timely support payments as described in subdivision (b) of Section 4390.4.

SEC. 5. Section 259 of the Code of Civil Procedure is amended to read:

259. Subject to the supervision of the court every court commissioner shall have power to do all of the following:

(a) Hear and determine ex parte motions, for orders and alternative writs and writs of habeas corpus in the superior court for which the court commissioner is appointed.

(b) Take proof and make and report findings thereon as to any matter of fact upon which information is required by the court. Any party to any contested proceeding may except to the report and the subsequent order of the court made thereon within five days after written notice of the court's action. A copy of the exceptions shall be filed and served upon opposing party or counsel within the five days. The party may argue any exceptions before the court on giving notice of motion for that purpose within 10 days from entry thereof. After a hearing before the court on the exceptions, the court may sustain, or set aside, or modify its order.

(c) Take and approve any bonds and undertakings in actions or proceedings, and determine objections to the bonds and undertakings.

(d) Administer oaths and affirmations, and take affidavits and depositions in any action or proceeding in any of the courts of this state, or in any matter or proceeding whatever, and take acknowledgments and proof of deeds, mortgages, and other instruments requiring proof or acknowledgment for any purpose under the laws of this or any other state or country.

(e) Act as temporary judge when otherwise qualified so to act and when appointed for that purpose, or by written consent of an appearing party. While acting as temporary judge the commissioner shall receive no compensation therefor other than compensation as commissioner.

(f) Hear and report findings and conclusions to the court for approval, rejection, or change, all preliminary matters including motions or petitions for the custody and support of children, the allowance of temporary alimony, costs and attorneys' fees, and issues of fact in contempt proceedings in divorce, maintenance, and annulment of marriage cases.

(g) Hear, report on, and determine all uncontested actions and proceedings subject to the requirements of subdivision (e).

(h) Charge and collect the same fees for the performance of official acts as are allowed by law to notaries public in this state for like services. This subdivision does not apply to any services of the commissioner, the compensation for which is expressly fixed by law. The fees so collected shall be paid to the treasurer of the county, for deposit in the general fund of the county.

(i) Provide an official seal, upon which must be engraved the words "Court Commissioner" and the name of the county, or city and county, in which the commissioner resides.

(j) Authenticate with the official seal the commissioner's official acts.

SEC. 6. Section 1277 of the Code of Civil Procedure is amended to read:

1277. (a) Where an action for a change of name is commenced by the filing of a petition, the court shall thereupon make an order reciting the filing of the petition, the name of the person by whom it is filed and the name proposed, and directing all persons interested in the matter to appear before the court at a time and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be posted by the clerk of the court in three of the most public places in the county in which the court is located, for a like period. Proof shall be made to the satisfaction of the court of this publication or posting, at the time of the hearing of the application.

Four weekly publications shall be sufficient publication of the

order to show cause. If the order is published in a daily newspaper, publication once a week for four successive weeks shall be sufficient.

Where a petition has been filed for a minor and the other parent, if living, does not join in consenting thereto, the petitioner shall cause, not less than 30 days prior to the hearing, to be served notice of the time and place of the hearing or a copy of the order to show cause on the other parent pursuant to Section 413.10, 414.10, 415.10, or 415.40.

(b) Where application for change of name is brought as part of an action under Part 7 (commencing with Section 7000) of Division 4 of the Civil Code, whether as part of a petition or cross-complaint or as a separate order to show cause in a pending action thereunder, service of the application shall be made upon all other parties to the action in a like manner as prescribed for the service of a summons, as is set forth in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2. Upon the setting of a hearing on the issue, notice of the hearing shall be given to all parties in the action in a like manner and within the time limits prescribed generally for the type of hearing (whether trial or order to show cause) at which the issue of the change of name is to be decided.

SEC. 7. Section 1699 of the Code of Civil Procedure is amended to read:

1699 (a) Upon registration the registered foreign support order shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner. Upon registration, a foreign order for the assignment of wages for support shall be treated for all purposes in the same manner as an order for assignment of earnings entered pursuant to Chapter 5 (commencing with Section 4390) of Title 1.5 of Part 5 of Division 4 of the Civil Code.

(b) The obligor has 20 days after the mailing or other service of notice of the registration in which to petition the court to vacate the registration or for other relief. If the obligor does not so petition the registered order is confirmed.

(c) At the hearing to enforce the registered order the obligor may present only matters that would be available to the obligor as defenses in an action to enforce a support judgment. If the obligor shows to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If the obligor shows to the court any ground upon which enforcement of a support order of this state may be stayed the court shall stay enforcement of the order for an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a

support order of this state.

SEC. 8. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any willful and knowing violation of any of the court orders set forth in this subdivision, when obtained pursuant to Section 4359, 4458, 4516, 7020, or 7021 of the Civil Code, Section 412.21 or 527.6 of the Code of Civil Procedure, or Chapter 4 (commencing with Section 540) of Title 7 of Part 2 of the Code of Civil Procedure shall be a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in the county jail for not more than one year or by both the fine and imprisonment.

(b) In the event of a violation of subdivision (a) which results in a physical injury, the person shall be imprisoned in the county jail for at least 48 hours, whether a fine or imprisonment is imposed, or the sentence is suspended.

(c) Subdivisions (a) and (b) shall apply to the following court orders:

(1) An order enjoining any party from molesting, attacking, striking, threatening, sexually assaulting, battering, harassing, or disturbing the peace of the other party, or other named family and household members.

(2) An order excluding one party from the family dwelling or from the dwelling of the other.

(3) An order enjoining a party from specified behavior which the court determined was necessary to effectuate the orders under subdivision (a) or (d).

(d) A second or subsequent conviction for a violation of an order issued pursuant to subdivision (a) occurring within seven years of a prior conviction for a violation of such an order and involving an act of violence or "a credible threat" of violence as defined in subdivision (b) of Section 139 is punishable by imprisonment in the county jail not to exceed one year, or in the state prison for 16 months or two or three years.

(e) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to the provisions listed in subdivisions (a), (b), and (d).

SEC. 9. Section 11489 of the Welfare and Institutions Code is amended to read:

11489. After judgment in any court action brought to enforce the support obligation of an absent parent pursuant to the provisions of this chapter, the court may order an assignment of earnings pursuant to Chapter 5 (commencing with Section 4390) of Title 1.5 of Part 5 of Division 4 of the Civil Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. Sections 1 to 4, inclusive, and 7 to 9, inclusive, of this act shall become operative on July 1, 1990, or the effective date of this act, whichever is later.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this bill relating to family law may make necessary changes to existing law prior to its operative date of July 1, 1990, it is necessary that this act take effect immediately.

CHAPTER 412

An act to amend Section 211.3 of, and to add Section 215 to, the Health and Safety Code, relating to health services.

[Approved by Governor July 24, 1990. Filed with Secretary of State July 25, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 211.3 of the Health and Safety Code is amended to read:

211.3. (a) The director shall establish a statewide system for the collection of information determining the incidence of cancer, using population-based tumor registries modeled after the Cancer Surveillance Program of Orange County. As of the effective date of this section the director shall begin phasing in the statewide cancer reporting system. By July 1, 1988, all county or regional registries shall be implemented or initiated. By July 1, 1990, the statewide cancer reporting system shall be fully operational. Within 60 days of the effective date of this section, the director shall submit an implementation and funding schedule to the Legislature.

(b) The state department may designate any demographic parts of the state as regional cancer incidence reporting areas and may establish regional cancer registries, with the responsibility and authority to carry out the intent of this section in designated areas. Designated regional registries shall provide, on a timely basis, cancer incidence data as designated by the state department to the state department. The state department may contract with an agency, including, but not limited to, a health systems agency, single county health department, multicounty health department grouping, or nonprofit professional association, representing a designated cancer reporting region for the purposes of collecting and collating cancer incidence data.

(c) The director shall designate cancer as a disease required to be reported in the state or any demographic parts of the state in which cancer information is collected under this section. All cancers diagnosed or treated in the reporting area shall thereafter be reported to the representative of the state department authorized to compile the cancer data, or any individual, agency, or organization designated to cooperate with that representative.

(d) (1) Any hospital or other facility providing therapy to cancer patients within an area designated as a cancer reporting area shall report each case of cancer to the department or the authorized representative of the state department in a format prescribed by the state department. If the hospital or other facility fails to report in a format prescribed by the department, the state department's authorized representative may access the information from the hospital or the facility and report it in the appropriate format. In these cases, the hospital or other health facility shall reimburse the state department or the authorized representative for its cost to access and report the information.

(2) Any physician and surgeon, dentist, podiatrist, or other health care practitioner diagnosing or providing treatment for cancer patients shall report each cancer case to the state department or the authorized representative of the state department except for those cases directly referred to a treatment facility or those previously admitted to a treatment facility for diagnosis or treatment of that instance of cancer.

(e) Any hospital or other facility which is required to reimburse the state department or its authorized representative for the cost to access and report the information pursuant to subdivision (d) shall provide payment to the state department or its authorized representative within 60 days of the date this payment is demanded. In the event any hospital or other facility fails to make the payment to the state department or its authorized representative within 60 days of the date the payment is demanded, the state department or its authorized representative may, at its discretion, assess a late fee not to exceed 1½ percent per month of the outstanding balance. Further, in the event that the state department or its authorized representative takes a legal action to recover its costs and any associated fees, and the state department or its authorized representative receives a judgment in its favor, the hospital or other facility shall also reimburse the state department or its authorized representative for any additional costs it incurred to pursue the legal action. Late fees and payments made to the state department by hospitals or other facilities pursuant to this subdivision shall be considered as reimbursements of the additional costs incurred by the department.

(f) All physicians and surgeon, hospitals, outpatient clinics, nursing homes and all other facilities, individuals or agencies providing diagnostic or treatment services to patients with cancer shall grant to the department or the authorized representative

access to all records which would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified cancer patient. Willful failure to grant access to those records shall be punishable by a fine of up to five hundred dollars ($500) each day access is refused. Any fines collected pursuant to this subdivision shall be deposited in the General Fund.

(g) All information reported pursuant to this section shall be confidential as provided in Section 211.5, except that the state department and any regional cancer registry designated by the state department shall use the information to determine the sources of malignant neoplasms and evaluate measures designed to eliminate, alleviate, or ameliorate their effect. The state department and any regional cancer registry designated by the state department may enter into agreements to furnish confidential information to other states' cancer registries, federal cancer control agencies, local health officers, or health researchers for the purposes set forth in this subdivision if those out-of-state registries, agencies, officers, or researchers agree in writing to maintain the confidentiality of the information, and in the case of researchers, if they have obtained the approval of their committee for the protection of human subjects established in accordance with Part 46 (commencing with Section 46.101) of Title 45 of the Code of Federal Regulations.

(h) For the purpose of this section, "cancer" means all malignant neoplasms, regardless of the tissue of origin, including malignant lymphoma, Hodgkins disease, and leukemia, but excluding basal cell and squamous cell carcinoma of the skin.

(i) Nothing in this section shall preempt the authority of facilities or individuals, providing diagnostic or treatment services to patients with cancer, to maintain their own facility-based tumor registries.

(j) It is the intent of the Legislature that the department, in establishing a system pursuant to this section, maximize the use of available federal funds.

SEC. 2. Section 215 is added to the Health and Safety Code, to read:

215. (a) The state department may perform any of the following activities relating to the protection, preservation, and advancement of public health:

(1) Studies.

(2) Demonstrations of innovative methods.

(3) Evaluations of existing projects.

(4) Provision of training programs.

(5) Dissemination of information.

(b) In performing an activity specified in subdivision (a), the state department may do any of the following:

(1) Perform the activity directly.

(2) Enter into contracts, cooperative agreements, or other agreements for the performance of the activity.

(3) Apply for and receive grants for the performance of the

activity.

(4) Award grants for the performance of the activity.

CHAPTER 413

An act to amend Section 53066.3 of the Government Code, relating to cable television.

[Approved by Governor July 25, 1990. Filed with Secretary of State July 26, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 53066.3 of the Government Code is amended to read:

53066.3. (a) If a city, county, or city and county elects to grant an additional cable television franchise in an area where a franchise has already been granted to a cable television operator, it shall do so only after a public hearing noticed pursuant to Section 6066, in a newspaper of general circulation as defined in Section 6000, where all of the following have been considered:

(1) Whether there will be significant positive or negative impacts on the community being served.

(2) Whether there will be an unreasonable adverse economic or aesthetic impact upon public or private property within the area.

(3) Whether there will be an unreasonable disruption or inconvenience to existing users, or any adverse effect on future use, of utility poles, public easements, and the public rights-of-way contrary to the intent of Section 767.5 of the Public Utilities Code.

(4) Whether the franchise applicant has the technical and financial ability to perform.

(5) Whether there is any impact on the franchising authority's interest in having universal cable service.

(6) Whether other societal interests generally considered by franchising authorities will be met.

(7) Whether the operation of an additional cable television system in the community is economically feasible.

(8) Such other additional matters, both procedural and substantive, as the franchising authority may determine to be relevant.

(b) Nothing in this section prevents any city, county, or city and county from considering the approval or denial of an additional cable service franchise in any area of the city, county, or city and county, subject to compliance with subdivision (d), or the imposing of additional terms and conditions upon the granting of the franchise, as the city, county, or city and county determines is necessary or appropriate.

(c) The city, county, or city and county shall make a final

determination as to whether to grant the additional franchise within six months of the application date unless the jurisdiction can establish that the applicant has unreasonably delayed proceedings designed to consider the matters set forth in paragraphs (1) to (8), inclusive, of subdivision (a).

(d) Any additional franchise granted to provide cable television service in an area in which a franchise has already been granted and where an existing cable operator is providing service or certifies to the franchising authority that it is ready, willing, and able to provide service, shall require the franchisee to wire and serve the same geographical area within a reasonable time and in a sequence which does not discriminate against lower income or minority residents, and shall contain the same public, educational, and governmental access requirements that are set forth in the existing franchise. This subdivision does not apply where all existing cable operators certify to the franchising authority that they do not intend to provide service within a reasonable time to the area to be initially served by the additional franchise.

SECTION 1. Section 9314.5 is added to the Welfare and Institutions Code, to read:

9314.5. (a) The Department of Aging shall, subject to the availability of funds appropriated therefor, as part of the Linkages Program, establish a grants-in-aid pilot project for the following purposes:

(1) To assist in the establishment of a new community-based long-term care program appropriate to an underserved or rural area.

(2) To assist in the development of case management in an area that currently has no case management services.

(3) To assist in the development of a home- and community-based long-term care service system that accommodates sparse and widely disbursed populations, that are often located in geographic service areas that present topographic and climatic hardships.

(4) To assist in the provision of case management at lower service and cost levels than are required in more population-dense communities and that are designed specifically to respond to and build on the unique characteristics and resources available within the selected geographic area.

(b) To the extent feasible, within available funding, the pilot project shall:

(1) Be guided by existing policies of the department as now provided for in the Linkages Program with any flexibilities to be negotiated, placed in writing, and agreed upon by both the department and the grantee agency.

(2) Include the services of a minimum of one full-time professional and adequate clerical and fiscal support staff.

(c) The pilot project funded under this section shall:

(1) Be placed within a host agency that has experience in providing health or social services, or both, to similar adult populations.

(2) Be funded at one hundred thousand dollars ($100,000) per fiscal year.

(3) Demonstrate, to the satisfaction of the department, that the program area has existing services sufficient to permit an effective case management program to operate. This requirement shall be met within department guidelines for flexibility in rural and underserved areas.

(d) For purposes of this section, "Linkages Program" means the Institutionalization Prevention Services Program established pursuant to Chapter 4.7 (commencing with Section 9390).

(e) The department shall include an evaluation of the pilot project and the implementation of this section in its annual report to the Legislature pursuant to Section 9395.

CHAPTER 415

An act to amend Section 76132 of, and to add Section 76134 to, the Government Code, relating to criminal justice facilities.

[Approved by Governor July 25, 1990 Filed with Secretary of State July 26, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 76132 of the Government Code is amended to read:

76132. (a) Provided that the board of supervisors has adopted a resolution stating that the provisions of this section are necessary to the establishment of adequate criminal justice facilities in the county, the following surcharges and additional penalties shall be collected, except that the resolution may limit the collection to the penalties specified in paragraph (2):

(1) Except as limited by resolution pursuant to this subdivision, for every parking offense where a fine or forfeiture is imposed, a surcharge of one dollar and fifty cents ($1.50) shall be included in the fine or forfeiture.

The judges of the county shall increase the bail schedule amounts as appropriate to reflect the surcharge provided for by this subdivision.

In those cities, districts, or other issuing agencies which elect to receive, deposit, accept forfeitures, and otherwise process the posting of bail for parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the surcharge provided for by this paragraph.

(2) There shall be levied an additional amount of one dollar ($1) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the additional penalty established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the County Criminal Justice Facility Temporary Construction Fund.

(b) The surcharge and additional penalty increase imposed pursuant to this section shall continue so long as deposits to the County Criminal Justice Facility Temporary Construction Fund are required pursuant to subdivision (g).

(c) No county, city and county, city, district, or other issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges and additional penalties established in the resolution adopted pursuant to this section, except as otherwise agreed upon by the local governmental entities involved.

(d) Notwithstanding any other provision of law, to assist Imperial County in the funding of county criminal justice facilities construction, the board of supervisors, operative upon the adoption of a resolution stating that the provisions of this section are necessary to the establishment of adequate county criminal justice facilities in the county, may establish in the county treasury a County Criminal Justice Facility Temporary Construction Fund. Deposits shall be made to the fund, as follows:

(1) The county treasurer shall place in the fund one dollar ($1) for each parking case presented to or filed in the courts of the county. These moneys shall be taken from fines and forfeitures deposited with the treasurer prior to any division pursuant to Section 1463 of the Penal Code.

(2) Each city, district, or other issuing agency which elects to receive, deposit, accept forfeitures, and otherwise process the

posting of bail for parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, shall pay one dollar and fifty cents ($1.50) for each bail deposit collected on each bail violation which is not filed in court to the county treasurer. These payments to the county treasurer shall be made monthly, and the treasurer shall deposit all those payments in the fund.

(3) The county treasurer shall place all additional penalty amounts collected on nonparking offenses in the fund.

(e) The fund moneys together with any interest earned thereon shall be held by the treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code. The moneys in the County Criminal Justice Facility Temporary Construction Fund together with any interest earned thereon shall be payable only for construction, reconstruction, expansion, improvement, operation, or maintenance of county criminal justice and court facilities. The money in the fund may be used through any public agency funding mechanism, including, but not limited to, retirement of bonded indebtedness, loan repayments, and monthly payments involving lease-purchase programs, which reduce an obligation incurred in reliance upon the authority granted by this section.

(f) For purposes of this section, "county criminal justice facilities" includes, but is not limited to, jails, women's centers, detention facilities, juvenile halls, and courtrooms. Any new jail, or any addition to an existing jail that provides new cells or beds, which is constructed with moneys from the County Criminal Justice Facility Temporary Construction Fund shall comply with the "Minimum Standards for Local Detention Facilities" promulgated by the Board of Corrections.

(g) Deposits to the fund in accordance with paragraphs (1), (2), and (3) of subdivision (d) shall continue through and including the 20th year after the initial calendar year in which the surcharge and penalty are collected, or longer if and as necessary to make payments upon any lease or leaseback arrangement utilized to finance any of the projects specified in subdivision (d) or (e).

SEC. 2. Section 76134 is added to the Government Code, to read:

76134. (a) Provided that the board of supervisors has adopted a resolution stating that the provisions of this section are necessary for the improvement of criminal justice automated information systems and the establishment and maintenance of a criminal justice forensic laboratory in the county, there shall be levied an additional amount of one dollar ($1) for every ten dollars ($10) or fraction thereof which shall be collected together with, and in the same manner as, the additional penalty established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or

registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the County Criminal Justice Investigation Fund.

(b) The surcharge and additional penalty increase imposed pursuant to this section shall continue so long as deposits to the County Criminal Justice Investigation Fund are required pursuant to subdivision (f).

(c) No county, city and county, city, district, or other issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges and additional penalties established in the resolution adopted pursuant to this section, except as otherwise agreed upon by the local governmental entities involved.

(d) Notwithstanding any other provision of law, to assist Imperial County in the improvement of criminal justice automated information systems and the funding and maintenance of a criminal justice forensic laboratory, the board of supervisors, operative upon the adoption of a resolution stating that the provisions of this section are necessary to the improvement of criminal justice automated information systems and the establishment of a criminal justice forensic laboratory in the county, may establish in the county treasury a County Criminal Justice Investigation Fund. The county treasurer shall place all additional penalty amounts collected pursuant to this section in the fund.

(e) The fund moneys together with any interest earned thereon shall be held by the treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code. The moneys in the County Criminal Justice Investigation Fund together with any interest earned thereon shall be payable only for the improvement of criminal justice automated information systems and the construction, reconstruction, expansion, improvement, operation, or maintenance of the forensic laboratory facilities. The money in the fund may be used through any public agency funding mechanism, including, but not limited to, retirement of bonded indebtedness, loan repayments, and monthly payments involving lease-purchase programs, which reduce an obligation incurred in reliance upon the authority granted by this section.

(f) Deposits to the fund in accordance with subdivision (d) shall continue through and including the fourth year after the initial calendar year in which the surcharge and additional penalty are collected.

(b) For purposes of this section:

(1) "Personal purpose" means those activities the purpose of which is for personal enjoyment, private gain or advantage, or an outside endeavor not related to state business. "Personal purpose" does not include an occasional telephone call, or an incidental and minimal use of state resources, such as equipment or office space, for personal purposes.

(2) "Campaign activity" means an activity constituting a contribution as defined in Section 82015 or an expenditure as defined in Section 82025. "Campaign activity" does not include the incidental and minimal use of state resources, such as equipment or office space, for campaign purposes, including the referral of unsolicited political mail, telephone calls, and visitors to private political entities.

(c) (1) Any person who intentionally or negligently violates this section shall be liable for a civil penalty not to exceed one thousand dollars ($1,000) for each day on which a violation occurs, plus three times the value of the unlawful use of state resources. The penalty shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney or any city attorney of a city having a population in excess of 750,000. If two or more persons are responsible for any violation, they shall be jointly and severally liable for the penalty.

(2) If the action is brought by the Attorney General, the moneys recovered shall be paid into the General Fund. If the action is brought by a district attorney, the moneys recovered shall be paid to

(3) No civil action alleging a violation of this section shall be commenced more than four years after the date the alleged violation occurred.

(d) Nothing in this section shall prohibit the use of state resources for providing information to the public about the possible effects of any bond issue or other ballot measure on state activities, operations, or policies, provided that (1) the informational activities are otherwise authorized by the constitution or laws of this state, and (2) the information provided constitutes a fair and impartial presentation of relevant facts to aid the electorate in reaching an informed judgment regarding the bond issue or ballot measure.

[Approved by Governor July 25, 1990. Filed with Secretary of State July 26, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 51342 of the Water Code is amended to read:

51342. The rate of interest on unpaid operation and maintenance assessments is 1½ percent per month commencing from the date of delinquency unless the board, by resolution, adopts a lesser rate and files a certified copy of the resolution with the county treasurer for insertion in the operation and maintenance assessment roll.

SEC. 2. Section 51511 of the Water Code is amended to read:

51511. Unpaid assessments on which bonds have been issued shall bear interest at the rate of 1½ percent per month from the date of the bonds originally issued thereon until the bonds and any refunding bonds issued thereon are fully paid, and the interest due at any time on the unpaid assessment may be called without calling any installment of the assessment. The word installment as used in this section shall be construed as applying to interest as well as the principal as the case may be.

SEC. 3. Section 51514 of the Water Code is amended to read:

51514. After the period of 30 days all unpaid original assessments shall bear interest at the rate of 1½ percent per month.

SEC. 4. Section 51600 of the Water Code is amended to read:

51600. After any installment of an unpaid assessment on which bonds have not been issued has become delinquent, the county

treasurer shall publish once a week for two weeks in some newspaper of general circulation published in each county where delinquency exists a notice containing a list of all delinquencies in the county. At the same time as the publication, the county treasurer shall mail the notice to the owner's last known address as shown on the latest county tax roll.

SEC. 5. Section 51601 of the Water Code is amended to read:

51601. The notice shall contain the following:

(a) A description of the parcels assessed, as described in the assessment list or operation and maintenance assessment roll or by reference number as set forth in the assessment list or roll on file in the office of the county treasurer (stating the date and time the list or roll was so filed), or by other appropriate reference thereto sufficient to identify the parcel, and shall refer to the assessment list or roll for further particulars.

(b) The name of the person to whom the parcel is assessed or a statement that it is assessed to unknown owners if that is the case.

(c) The amount of the delinquent installment, interest, and penalty due on the parcel calculated from the date of the call to the date of the sale if the delinquency is on an original unbonded assessment or from the date of delinquency to the date of sale if the delinquency is on an installment of an operation and maintenance assessment, together with a fee, to be determined by the district and the county treasurer, not to exceed the amount necessary to cover the costs incurred by the district and the county treasurer in conducting the sale.

(d) A notice that the parcel assessed will be sold by the county treasurer on the date therein stated, in front of the courthouse of the principal county to pay the amount of the installment with accrued interest, penalty, and costs.

(e) A notice that the sale may be avoided by payment prior thereto of the delinquent installment, penalty, and interest to the date of sale, plus a fee, to be determined by the district and the county treasurer, not to exceed the amount necessary to cover the costs incurred.

SEC. 6. Section 51610 of the Water Code is amended to read:

51610. If no bid is made for the parcel equal to the amount due thereon, the county treasurer shall sell the parcel to himself and his successors in office as trustee for the district for the amount due on the installment, together with penalty, interest, and costs as prescribed in Section 51601.

SEC. 7. Section 51612.5 of the Water Code is amended to read:

51612.5. The county treasurer, at least 60 days prior to the expiration of the redemption period, shall give notice by registered mail of the fact of sale, the purchase price paid, the date of termination of the redemption period, and the fact that a failure to redeem by payment of the purchase price plus interest following the date of the sale, and plus costs incurred as a result of the sale to the county treasurer within the redemption period will result in

permanent loss of the property by issuance of a treasurer's deed. The notice shall be mailed to the owner's last known address as shown on the last equalized county assessment roll. The notice shall also be mailed to any other person or entity holding an interest in the parcel requesting notice by written instrument identifying the parcel filed with the district office, and mailed to the address specified in the request. The district may impose a charge for each request.

Notwithstanding Section 51646, if the county treasurer fails to give the notice, the redemption period set forth in Section 51646 shall be extended to the date 60 days following the date of mailing of the notice in the manner provided for in this section.

SEC. 8. Section 51613 of the Water Code is amended to read:

51613. Any person interested in the parcel may redeem it at any time within one year after the sale by paying to the county treasurer the amount for which it was sold, with interest thereon at the rate of 1½ percent per month from the date of the sale, together with reasonable costs incurred by the county treasurer and the district as a result of the delinquency sale and redemption.

SEC. 9. Section 51646 of the Water Code is amended to read:

51646. Any person interested in the parcel may redeem it within one year after the date of sale, by paying to the county treasurer for the purchaser a sum equal to the purchase price stated in the certificate with interest thereon at the rate of 1½ percent per month from the date of sale to that redemption, either in whole or in part, in cash or in bonds of the district, or their interest coupons, issued on the assessment and then matured, or to mature within 60 days from the date of payment.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

19827.5. A demolition permit shall not be issued by any city, county, city and county, or state or local agency which is authorized to issue demolition permits as to any building or other structure except upon the receipt from the permit applicant of a copy of each written asbestos notification regarding the building that has been required to be submitted to the United States Environmental Protection Agency or to a designated state agency, or both, pursuant to Part 61 of Title 40 of the Code of Federal Regulations, or the successor to that part. The permit may be issued without the applicant submitting a copy of the written notification if the applicant declares that the notification is not applicable to the scheduled demolition project. The permitting agency may require the applicant to make the declaration in writing, or it may incorporate the applicant's response on the demolition permit application. Compliance with this section shall not be deemed to supersede any requirement of federal law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

from the city to the county or district and inclusion of the former city employees in that county system. The agreement shall contain such provisions as the board finds necessary to protect the interests of the system for determination of the amount, time, manner of transfer of cash or the securities, or both, to be transferred to the county system as representing the actuarial value of the interests in the retirement fund of the city and the transferred employees by reason of accumulated contributions credited to that city and the employees transferred. The agreement shall apply only to employees who are employed by the county or district on the effective date of the agreement. All liability of this system with respect to the members transferred under that agreement shall cease and shall become the liability of the county system as of the date of transfer specified in the agreement. Liability of the county system shall be for payment of benefits to transferred employees in accordance with the County Employees Retirement Law of 1937. Any member transferred who becomes a member of a county system upon that transfer date shall be subject to provisions of this part and of the County Employees Retirement Law of 1937 extending rights to a member or subjecting him or her to limitations because of membership in another retirement system to the same extent that he or she would have been had he or she been a member of the county system during his or her membership in this system.

(b) There is paid into the county retirement fund of the county, an amount equal to the normal contributions of the person to the Public Employees' Retirement System, together with the interest credited thereto, which amount shall be credited to the individual account of the member in the county retirement system, and shall thereafter for all purposes be deemed to be the member's contribution to the county retirement system with respect to the service so certified.

(c) There is paid to the retirement system of the county an amount equal to the contributions of the city made to the Public Employees' Retirement System on account of service rendered by the person together with interest credited to the city thereto.

(d) The board of retirement elects to apply this section as a prudent means of mitigating against potential adverse financial impact upon the county retirement system from the cost of disability retirements that may be applied for in the future by persons injured while being employed by the county or district after ceasing to be employed by a city as a result of the assumption by a county or district of firefighting or law enforcement functions.

This section shall apply only in a county of the first class, as defined by Section 28020, as amended by Chapter 1204 of the Statutes of 1971, and Section 28022, as amended by Chapter 43 of the Statutes of 1961.

(e) Notwithstanding any other provision of law, the court may in its discretion grant a motion for preference served with the memorandum to set or the at-issue memorandum and accompanied by a showing of cause which satisfies the court that the interests of justice will be served by granting this preference.

(f) Upon the granting of such a motion for preference, the clerk shall set the matter for trial not more than 120 days from that date and there shall be no continuance beyond 120 days from the granting of the motion for preference except for physical disability of a party or a party's attorney, or upon a showing of good cause stated in the record. (2) The county may deny further payments required by this section until the hospital demonstrates compliance.

(f) Funds withheld or recovered pursuant to this section may be reallocated and distributed by the county pursuant to paragraph (2) of subdivision (b).

(g) (1) Except as provided in paragraph (2), funds allocated pursuant to paragraph (1) or (2) of subdivision (b) which are not expended because a hospital does not participate shall be redistributed pursuant to paragraph (2) of subdivision (b).

(c) The notice of the order of suspension shall clearly specify the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 23158.2. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter which is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall return or reissue for the remaining term any driver's license which has been taken from the person pursuant to Section 23158.5 or otherwise. No fee shall be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect any action to suspend or revoke the person's privilege to operate a motor vehicle under any other provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 5. Section 13353.3 of the Vehicle Code is amended to read:

13353.3. (a) An order of suspension of a person's privilege to operate a motor vehicle pursuant to Section 13353.2 shall become effective 45 days after the person is served with the notice pursuant to Section 23158.5 or subdivision (b) of Section 13353.2.

(b) The period of suspension of a person's privilege to operate a motor vehicle under Section 13353.2 is as follows:

(1) Except as provided in Section 13353.6, if the person has not been convicted of a separate violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or the person has not been administratively determined to have refused chemical testing pursuant to Section 13353 or to have been driving with an excessive concentration of alcohol pursuant to Section 13353.2 on a separate occasion, which offense or occurrence

occurred within seven years of the occasion in question, the person's privilege to operate a motor vehicle shall be suspended for four months.

(2) If the person has been convicted of one or more separate violations of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or the person has been administratively determined to have refused chemical testing pursuant to Section 13353 or to have been driving with an excessive concentration of alcohol pursuant to Section 13353.2 on a separate occasion, which offense or occasion occurred within seven years of the occasion in question, the person's privilege to operate a motor vehicle shall be suspended for one year.

(c) If a person's privilege to operate a motor vehicle is suspended pursuant to Section 13353.2 and the person is convicted of a violation of Section 23152 or 23153, including a violation described in Section 23156, arising out of the same occurrence, both the suspension under Section 13353.2 and the suspension or revocation under Section 13352 shall be imposed, except that, notwithstanding Section 13354, the periods of suspension or revocation shall run concurrently, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods. This subdivision shall not affect a suspension or revocation pursuant to Section 13353 for refusal to submit to chemical testing or the imposition of consecutive periods of suspension or revocation pursuant to Section 13354 for that refusal.

SEC. 6. Section 13353.4 of the Vehicle Code is amended to read:

13353.4. (a) Except as provided in subdivision (b) of Section 13353.6 or Section 13353.7, the driving privilege shall not be restored, and no restricted or hardship permit to operate a motor vehicle shall be issued, to a person during the suspension or revocation period specified in Section 13353 or 13353.3.

(b) The privilege to operate a motor vehicle shall not be restored after a suspension or revocation pursuant to Section 13352, 13353, or 13353.2 until all applicable reinstatement fees, including the fees prescribed in Section 14905, have been paid and the person gives proof of financial responsibility as defined in Section 16430 to the department.

(c) The privilege to operate a motor vehicle shall not be restored after a suspension or revocation pursuant to Section 13352 until the person gives proof satisfactory to the department of successful completion of a program approved pursuant to Section 23161 if the person is ordered to attend the program pursuant to that section, or successful completion of a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code for any other person whose driving privilege is suspended or revoked pursuant to Section 13352.

SEC. 7. Section 13353.6 of the Vehicle Code is amended to read:

13353.6. (a) If the person's driver's license is a commercial

driver's license, as defined in Section 15210, and if the person has not had a separate violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction, and if the person's privilege to operate a motor vehicle has not been previously suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, notwithstanding Section 13551, the department shall, upon receiving the officer's sworn statement and the receipt of the person's driver's license and after review pursuant to subdivision (d) of Section 13353.2, suspend the person's privilege to operate a motor vehicle for 30 days, and then reissue the person a commercial driver's license with restrictions, as follows:

(1) The restricted commercial driver's license shall authorize the operation of a motor vehicle only to and from, and in the course and scope of, the person's employment.

(2) The term of the restricted license is 30 days after the date that the order of suspension is effective pursuant to Section 13353.3 until six months after that date.

(b) The person may be issued an unrestricted commercial driver's license after the term of restriction under this section.

(c) This section applies only to the holder of a commercial driver's license who was not operating a commercial vehicle, as defined in Section 15210, at the time of the offense.

SEC. 8. Section 13353.7 of the Vehicle Code is amended to read:

13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion within seven years of the occasion in question and, if the person subsequently enrolls in a program described in subdivision (b) of Section 23161, that person may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program. After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for a violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review

pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person gives proof of financial responsibility as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If any person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, which is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a).

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense which occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, Section 23152, or Section 23153, which violation occurred within seven years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

SEC. 9. Section 13551 of the Vehicle Code is amended to read:

13551. (a) Whenever the department revokes or suspends the privilege of any person to operate a motor vehicle, the revocation or

suspension shall apply to all driver's licenses held by that person, and, unless previously surrendered to the court, all of those licenses shall be surrendered to the department, or, pursuant to Section 23157 or 23158.5, to a peace officer on behalf of the department. Whenever the department cancels a driver's license, the license shall be surrendered to the department. All suspended licenses shall be retained by the department. The department shall return the license to the licensee, or may issue the person a new license upon the expiration of the period of suspension or revocation, if the person is otherwise eligible for a driver's license.

(b) The department shall return the license to the licensee, or may issue the person a new license, whenever the department determines that the grounds for suspension, revocation, or cancellation did not exist at the time the action was taken, if the person is otherwise eligible for a driver's license.

SEC. 10. Section 13557 of the Vehicle Code is amended to read:

13557. (a) The department shall review the determination made pursuant to Section 13353 or 13353.2 relating to any person who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.2, 23157, or 23158.5. The department shall consider the sworn report submitted by the peace officer pursuant to Section 23157 or 23158.2 and any other evidence accompanying the report.

(b) (1) If the department determines in the review of a determination made under Section 13353, by a preponderance of the evidence, that the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, the person was placed under arrest, the person refused or failed to complete the chemical test or tests after being requested by a peace officer, and, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended or revoked if he or she refused to submit to, and complete, the required testing, the department shall sustain the order of suspension or revocation. If the department determines, by a preponderance of the evidence, that any of those facts were not proven, the department shall rescind the order of suspension or revocation and, provided the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(2) If the department determines in the review of a determination made under Section 13353.2, by the preponderance of the evidence, that the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, the person was placed under arrest, and the person was driving or was in actual physical control of a motor vehicle when the person had 0.08 percent or more, by weight, of alcohol in his or her blood, the department shall sustain the order of suspension. If the

department determines that any of those facts were not proven by the preponderance of the evidence the department shall rescind the order of suspension and, provided that the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(c) The department shall make the determination upon administrative review before the effective date of the order of suspension or revocation.

(d) The administrative review does not stay the suspension or revocation of a person's privilege to operate a motor vehicle. If the department is unable to make a determination on administrative review within the time limit in subdivision (c), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23157 or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23157 or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(e) A person may request and be granted a hearing pursuant to Section 13558 without first receiving the results of an administrative review pursuant to this section. After receiving a request for a hearing, the department is not required to conduct an administrative review of the same matter pursuant to this section.

(f) A determination of facts by the department under this section has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 11. Section 13558 of the Vehicle Code is amended to read:

13558. (a) Any person, who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.2, 23157, or 23158.5 or a notice pursuant to Section 13557, may request a hearing on the matter pursuant to Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section.

(b) If the person wishes to have a hearing before the effective date of the order of suspension or revocation, the request for a hearing shall be made within ten days of the receipt of the notice of the order of suspension or revocation. Notwithstanding Section 14107, the hearing shall be held at a place designated by the department as close as practicable to the place where the arrest occurred, unless the parties agree to a different location. The evidence at the hearing shall not be limited to the evidence presented at an administrative review pursuant to Section 13557, if any.

(c) (1) The only issues at the hearing on an order of suspension or revocation pursuant to Section 13353 shall be whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, the person was placed under arrest, the person refused or failed to complete the chemical test or tests after being requested by a peace officer, and, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended or revoked if he or she refused to submit to, and complete, the required testing. Notwithstanding Section 14106 or 14110, the period of suspension or revocation specified in Section 13353 shall not be reduced and, notwithstanding Section 14105.5, the effective date of the order of suspension or revocation shall not be stayed pending review at a hearing pursuant to this section.

(2) The only issues at the hearing on an order of suspension pursuant to Section 13353.2 shall be whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, the person was placed under arrest, and the person was driving or in actual physical control of a motor vehicle when the person had 0.08 percent or more, by weight, of alcohol in his or her blood. Notwithstanding Section 14106 or 14110, the period of suspension specified in Section 13353.3 shall not be reduced.

(d) The department shall hold the administrative hearing before the effective date of the order of suspension or revocation if the request for the hearing is postmarked or received by the department on or before ten days after the person's receipt of the service of the notice of the order of suspension or revocation pursuant to Section 13353.2 or 23158.5.

(e) A request for an administrative hearing does not stay the suspension or revocation of a person's privilege to operate a motor vehicle. If the department does not conduct an administrative hearing and make a determination after an administrative hearing within the time limit in subdivision (d), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23157 or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23157 or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, provided the person is otherwise eligible, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(f) The department shall give written notice of its determination pursuant to Section 14105 or 14111. If the department determines, upon a hearing of the matter, to suspend or revoke the person's privilege to operate a motor vehicle, notwithstanding the term of any temporary permit issued pursuant to Section 23157 or 23158.5,

the temporary permit shall be revoked and the suspension or revocation of the person's privilege to operate a motor vehicle shall become effective five days after notice is given. If the department sustains the order of suspension or revocation, the department shall include notice that the person has a right to review by the court pursuant to Section 13559.

(g) A determination of facts by the department upon a hearing pursuant to this section has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 12. Section 13559 of the Vehicle Code is amended to read:

13559. (a) Notwithstanding Section 14400 or 14401, within 30 days of the issuance of the notice of determination of the department sustaining an order of suspension or revocation of the person's privilege to operate a motor vehicle after the hearing pursuant to Section 13558, the person may file a petition for review of the order in the court of competent jurisdiction in the person's county of residence. The filing of a petition for judicial review shall not stay the order of suspension or revocation. The review shall be on the record of the hearing and the court shall not consider other evidence. If the court finds that the department exceeded its constitutional or statutory authority, made an erroneous interpretation of the law, acted in an arbitrary and capricious manner, or made a determination which is not supported by the evidence in the record, the court may order the department to rescind the order of suspension or revocation and return, or reissue a new license to, the person.

(b) A finding by the court after a review pursuant to this section shall have no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 13. Section 14100 of the Vehicle Code is amended to read:

14100. Whenever the department has given notice or has taken or proposes to take action under Section 13353, 13353.2, 13950, 13951, 13952, or 13953, the person receiving the notice or subject to the action taken or proposed to be taken may, within ten days, either demand an informal hearing or a formal hearing which shall be granted, except as provided in Section 14101 or 14102. An application for a hearing shall not operate to stay the action by the department for which notice is given.

SEC. 14. Section 14905 of the Vehicle Code is amended to read:

14905. (a) Notwithstanding any other provision of this code, in lieu of the fees in Section 14904, before a driver's license may be issued, reissued, or returned to a person after suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353 or 13353.2, there shall be paid to the department a fee in an amount of one hundred dollars ($100) to pay the costs of the administration of the administrative suspension and revocation programs for persons who refuse or fail to complete

chemical testing, as provided in Section 13353, or who drive with an excessive amount of alcohol in their blood, as provided in Section 13353.2, any costs of the Department of the California Highway Patrol related to the payment of compensation for overtime for attending any administrative hearings pursuant to Article 3 (commencing with Section 14100) of Chapter 3 and Section 23158.5, and any reimbursement for costs mandated by the state pursuant to subdivisions (f) and (g) of Section 23157.

(b) This section does not apply to a suspension or revocation that is set aside by the department or a court.

SEC. 15. Section 23157 of the Vehicle Code is amended to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (A) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (B) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, or (C) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, Section 23152, or Section 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, which resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353 or 13353.2 for offenses which occurred on separate occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the

person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the officer shall advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23152 or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(e) If the person, who has been arrested for a violation of Section 23152 or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of any driver's license issued by this state which is held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 45 days from the date of arrest.

(g) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form, a copy of the citation, and any driver's license taken into possession under subdivision (b), with the report required by Section 23158.2, to the department. If the person submitted to a blood or urine test, the peace officer shall cause the results of the chemical test to be forwarded to the department within 20 calendar days of the date of the arrest.

SEC. 16. Section 23158.2 of the Vehicle Code is amended to read:

23158.2. (a) If a peace officer arrests any person for a violation of Section 23152 or 23153, the peace officer shall immediately forward to the department a sworn report of all information relevant to the enforcement action, including information which adequately identifies the arrested person, a statement of the officer's grounds for belief that the person violated Section 23152 or 23153, a report of the results of any chemical tests which were conducted on the person or the circumstances constituting a refusal to submit to or complete the chemical testing pursuant to Section 23157, a copy of any notice to appear under which the person was released from custody, and, if immediately available, a copy of the complaint filed with the court. For purposes of this section and subdivision (g) of Section 23157, "immediately" means on or before the end of the fifth ordinary business day following the arrest.

(b) The peace officer's sworn report shall be made on forms

furnished or approved by the department.

The people of the State of California do enact as follows:

SECTION 1. Section 13127 of the Food and Agricultural Code is amended to read:

13127. (a) Not later than December 31, 1985, the department shall identify 200 pesticide active ingredients which the department determines have the most significant data gaps and widespread use and which are suspected to be hazardous to people. Not later than 30 days after the report issued pursuant to Section 13125, the department shall notify each registrant of a pesticide product containing any of the identified 200 pesticide active ingredients of the applicable data gap required to be filled pursuant to this section.

(b) Not later than December 31, 1985, the department shall also adopt a timetable for the filling of all data gaps on all pesticide active ingredients, other than those identified by the department pursuant to subdivision (a), which are currently registered or licensed in California. The department shall notify registrants of the applicable data gaps and the scheduled time to initiate and complete studies as provided in the timetable.

(c) (1) Not later than September 1, 1986, the department shall determine whether a test has been initiated to fill each of the data gaps for each pesticide active ingredient identified in subdivision (a). If no test has been initiated, the department shall fill data gaps in accordance with procedures provided in subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. In order to carry out this section, the director has the same authority to require information from registrants of active pesticide ingredients that the Administrator of the Environmental Protection Agency has pursuant to subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. On or before July 1, 1986, the director shall, by regulation, prescribe procedures for resolving disputes or funding the filling of data gaps. The procedures may include mediation and arbitration. The arbitration procedures, insofar as practical, shall be consistent with the federal act, or otherwise shall be in accordance with the commercial arbitration rules established by the American Arbitration Association. The procedures shall be established so as to resolve any dispute within the timetable established in subdivision (a) of Section 13127.

in subdivision (b), according to the timetable and procedures specified in this section.

(d) (1) Not later than March 1, 1987, the director shall again determine whether tests have been initiated to fill each of the data gaps for each pesticide active ingredient identified in subdivision (a). If the tests have not been initiated or if, having been initiated, the tests are not completed within a reasonable time not to exceed four years, the director shall obtain the required test results. The director may utilize assessments charged to those registrants of the active ingredient for which the data gaps exist in amounts necessary to cover the department's expenses in filling the data gaps. Any assessments shall be made pursuant to Section 12824. The director may also request an appropriation to be used in combination with assessments to obtain the required test results. The director shall initiate the tests as soon as possible, and the tests shall be completed within a reasonable time, not to exceed four years after initiation.

The director shall furnish not less than 30 days' public notice of any proposed action under this paragraph, stating the reasons therefor and allowing public comment thereon. Copies of this notice and final decision shall be provided to the appropriate committees of the Legislature.

(2) The director shall monitor compliance with the timetable established pursuant to subdivision (b) of Section 13127. If the director determines that tests are not initiated or completed according to the timetable, the director shall obtain the required test results as provided in paragraph (1).

(3) The director shall review the timetable established by the Environmental Protection Agency for the accelerated registration program under amendments effective in 1989 to the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 135 et seq.).

(e) (1) This section does not apply to any product which the director determines has limited use or that substantial economic hardship would result to users due to unavailability of the product and there is not significant exposure to the public or workers and the product is otherwise in compliance with federal law.

(2) The director may not, pursuant to this subdivision, exempt all pesticide products containing the same pesticide active ingredient unless it is determined that the pesticide active ingredient has only limited use, there is insignificant exposure to workers or the public, and the products are otherwise in compliance with federal law. Any exemption issued pursuant to this paragraph shall expire at the end of three years after it is issued.

(f) (1) Whenever the director exercises the authority provided in paragraph (1) of subdivision (e), he or she shall give public notice of the action stating the reasons for exempting the pesticide product from the data requirements of this article. Copies of this notice shall be provided to the appropriate policy committees of the Legislature.

(2) Whenever the director acts pursuant to paragraph (2) of

subdivision (e), the director shall furnish not less than 30 days' public notice of the proposed action, stating the reasons for exempting the pesticide product from the data requirements of this article and allowing public comment thereon. Copies of the notice and the final decision shall be provided to the appropriate policy committees of the Legislature.

California state law REQUIRES care custodians, health practitioners, and employees of adult protective services agencies and local law enforcement agencies to report physical abuse of elders and dependent adults.

Those professionals must report physical abuse under the following circumstances:

The report must be made immediately, or as soon as possible, by telephone to either the long-term care ombudsman coordinator or to a local law enforcement agency when the abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the abuse is alleged to have occurred anywhere else, and must be followed by a written report within two working days. If the conduct involves criminal activity not constituting physical abuse, it may be immediately reported to a law enforcement agency.

The law provides that care custodians, health practitioners, or employees of adult protective services agencies or local law enforcement agencies shall not incur either civil or criminal liability for any report they are required or permitted to make under this law.

However, failure to report physical abuse of an elder or dependent adult is a misdemeanor, punishable by not more than six months in the county jail or by a fine of not more than one thousand dollars ($1,000), or by both fine and imprisonment.

Notwithstanding any other provision of law, an employee who quits without providing a 72-hour notice shall be entitled to receive payment by mail if he or she so requests and designates a mailing address. CHAPTER 441

An act to amend Sections 22352, 22357, and 22358.4 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 27, 1990 Filed with Secretary of State July 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 22352 of the Vehicle Code is amended to read:

22352. The prima facie limits are as follows and shall be applicable unless changed as authorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

(1) When traversing a railway grade crossing, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along the railway. This subdivision does not apply in the case of any railway grade crossing where a human flagman is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways if during the last 100 feet of the driver's approach to the intersection the driver does not have a clear and unobstructed view of the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all those highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(3) On any alley.

(b) Twenty-five miles per hour:

(1) On any highway other than a state highway, in any business or residence district unless a different speed is determined by local authority under procedures set forth in this code.

(2) When passing a school building or the grounds thereof, contiguous to a highway and posted with a standard "SCHOOL" warning sign, while children are going to or leaving the school either

during school hours or during the noon recess period. The prima facie limit shall also apply when passing any school grounds which are not separated from the highway by a fence, gate or other physical barrier while the grounds are in use by children and the highway is posted with a standard "SCHOOL" warning sign.

(3) When passing a senior center or other facility primarily used by senior citizens, contiguous to a street other than a state highway and posted with a standard "SENIOR" warning sign. A local authority is not required to erect any sign pursuant to this paragraph until donations from private sources covering those costs are received and the local agency makes a determination that the proposed signing should be implemented. If the local agency makes a determination to implement the signing but does not need, or chooses not to require, private donations to cover the cost, it may erect the signs at its own expense.

SEC. 2. Section 22357 of the Vehicle Code is amended to read:

22357. Whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, or 50 miles per hour or a maximum speed limit of 55 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe. The declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street and shall not thereafter be revised except upon the basis of an engineering and traffic survey. This section does not apply to any 25-mile-per-hour prima facie limit which is applicable when passing a school building or the grounds thereof or when passing a senior center or other facility primarily used by senior citizens.

SEC. 3. Section 22358.4 of the Vehicle Code is amended to read:

22358.4. Whenever a local authority determines upon the basis of an engineering and traffic survey that the prima facie speed limit of 25 miles per hour established by paragraph (2) or (3) of subdivision (b) of Section 22352 is more than is reasonable or safe, the local authority may, by ordinance or resolution, determine and declare a prima facie speed limit of 20 or 15 miles per hour, whichever is justified as the appropriate speed limit by such survey. The ordinance or resolution shall not be effective until appropriate signs giving notice of the speed limit are erected upon the highway and, in the case of a state highway, until the ordinance is approved by the Department of Transportation and the appropriate signs are erected upon the highway.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

21642. (a) A license granted pursuant to Section 21641 shall be renewable the second year from the date of issue, and every other year thereafter, upon the filing of a renewal application and the payment of a license renewal fee specified by the licensing authority. The Department of Justice may also charge a fee of not more than twelve dollars ($12) but not to exceed the actual processing costs of the department. After the department establishes a fee sufficient to reimburse the department for processing costs, the fee charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustments for the department's budget. The licensing authority shall collect the fee and transmit the fee and a copy of the renewed license to the Department of Justice.

(b) The license shall be subject to forfeiture by the licensing authority and the licensee's activities as a secondhand dealer shall be subject to being enjoined pursuant to Section 21646 for breach, and the authority may impose any of the following conditions:

(1) The business shall be carried on only in the building or buildings designated on the license.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises where it easily can be seen.

(3) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

(4) The licensee shall not be convicted of an attempt to receive stolen property or any other offense involving stolen property. For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the chief of police, the sheriff or, where appropriate, the police commission, is permitted to take following the

establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) Notwithstanding subdivisions (a) and (b), no person shall have his or her renewal application for a secondhand dealer's license denied, nor shall his or her secondhand dealer's license be forfeited solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

SEC. 2. The Legislature declares that this act mandates a new program or higher level of service on local government. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, and if the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Applicants who meet the federal criteria for expedited service shall receive either a manual authorization to participate or automated card or the immediate issuance of food stamp coupons no later than the third day following the date the application was filed. To the maximum extent permitted by federal law, the amount of income to be received from any source shall be deemed to be uncertain and exempt from consideration in the determination of eligibility for expedited service. For purposes of this subdivision, a weekend shall be considered one calendar day.

(c) The State Department of Social Services shall develop and implement for expedited issuance a uniform procedure for verifying information required of an applicant.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor July 30, 1990. Filed with Secretary of State July 31, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 6588 of the Government Code is amended to read:

6588. In addition to other powers specified in an agreement pursuant to Article 1 (commencing with Section 6500) and Article 2 (commencing with Section 6540), the authority may do any or all of

the following:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business.

(b) Sue and be sued in its own name.

(c) Issue bonds, including, at the option of the authority, bonds bearing interest, to pay the cost of any public capital improvement, working capital, or liability or other insurance program.

(d) Engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this article.

(e) As provided by applicable law, employ and compensate bond counsel, financial consultants, and other advisers determined necessary by the authority in connection with the issuance and sale of any bonds.

(f) Contract for engineering, architectural, accounting, or other services determined necessary by the authority for the successful development of a public capital improvement.

(g) Pay the reasonable costs of consulting engineers, architects, accountants, and construction, land-use, recreation, and environmental experts employed by any sponsor or participant if the authority determines those services are necessary for the successful development of public capital improvements.

(h) Take title to, and sell by installment sale or otherwise, lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and other interests in lands which are located within the state which the authority determines are necessary or convenient for the financing of public capital improvements, or any portion thereof.

(i) Receive and accept from any source, loans, contributions, or grants, in either money, property, labor, or other things of value, for, or in aid of, the construction financing, or refinancing of public capital improvement, or any portion thereof or for the financing of working capital or insurance programs, or for the payment of the principal of and interest on bonds if the proceeds of those bonds are used for one or more of the purposes specified in this section.

(j) Make secured or unsecured loans to any local agency in connection with the financing of capital improvement projects, working capital or insurance programs in accordance with an agreement between the authority and the local agency. However, no loan shall exceed the total cost of the public capital improvements, working capital or insurance needs of the local agency as determined by the local agency and by the authority.

(k) Make secured or unsecured loans to any local agency in accordance with an agreement between the authority and the local agency to refinance indebtedness incurred by the local agency in connection with public capital improvements undertaken and completed.

(*l*) Mortgage all or any portion of its interest in public capital improvements and the property on which any project is located, whether owned or thereafter acquired, including the granting of a

security interest in any property, tangible or intangible.

(m) Assign or pledge all or any portion of its interests in mortgages, deeds of trust, indentures of mortgage or trust, or similar instruments, notes, and security interests in property, tangible or intangible, of a local agency to which the authority has made loans, and the revenues therefrom, including payment or income from any interest owned or held by the authority, for the benefit of the holders of bonds issued to finance public capital improvements. The pledge of moneys, revenues, accounts, contract rights, or rights to payment of any kind made by or to the authority pursuant to the authority granted in this part shall be valid and binding from the time the pledge is made for the benefit of the pledgees and successors thereto, against all parties irrespective of whether the parties have notice of the claim.

(n) Lease the public capital improvements being financed to a local agency, upon terms and conditions that the authority deems proper; charge and collect rents therefor; terminate any lease upon the failure of the lessee to comply with any of the obligations of the lease; include in any lease provisions that the lessee shall have options to renew the lease for a period or periods, and at rents as determined by the authority; purchase or sell by an installment agreement or otherwise any or all of the public capital improvements; or, upon payment of all the indebtedness incurred by the authority for the financing or refinancing of the public capital improvements, the authority may convey any or all of the project to the lessee or lessees.

(o) Charge and apportion to local agencies which benefit from its services the administrative costs and expenses incurred in the exercise of the powers authorized by this article.

(p) Issue, obtain, or aid in obtaining, from any department or agency of the United States or of the state, or any private company, any insurance or guarantee to, or for, the payment or repayment of interest or principal, or both, or any part thereof, on any loan, lease, or obligation or any instrument evidencing or securing the same, made or entered into pursuant to this article.

(q) Notwithstanding any other provision of this article, enter into any agreement, contract, or any other instrument with respect to any insurance or guarantee; accept payment in the manner and form as provided therein in the event of default by a local agency; and assign any insurance or guarantee which acts as security for the authority's bonds.

(r) Enter into any agreement or contract, execute any instrument, and perform any act or thing necessary, convenient, or desirable to carry out any power authorized by this article.

(s) Invest any moneys held in reserve or sinking funds, or any moneys not required for immediate use or disbursement, in obligations that are authorized by law for the investment of trust funds.

(t) At the request of affected local agencies, combine and pledge revenues to public capital improvements for repayment of one or

more series of bonds issued pursuant to this article.

(u) Delegate to any of its individual parties or other responsible individuals the power to act on its behalf subject to its general direction, guidelines, and oversight.

(v) Purchase, with the proceeds of its bonds or its revenue, bonds issued by any local agency at public or negotiated sale. Bonds purchased pursuant to this subdivision may be held by the authority or sold to public or private purchasers at public or negotiated sale, in whole or in part, separately or together with other bonds issued by the authority. No bonds issued by any local agency shall be purchased pursuant to this chapter by an authority at a price to yield in excess of the greater of (1) the yield on the bonds of the authority used to purchase those bonds, (2) the then current market yield that the bonds being acquired by the authority, including a proportionate share of any reserve fund or credit enhancement securing the authority's bonds, would bear if they were to be sold to the public, as certified to the authority by a financial advisor or underwriter with substantial experience with tax-exempt obligations of the same general character as those bonds, or (3) if the bonds being acquired by the authority are issued to refund prior bonds, the yield of the prior bonds. However, the bonds being acquired by the authority or related documents or proceedings may provide for additional payments to the authority necessary to pay expenses incurred in connection with the issuance of the authority's bonds to the extent paid to third parties, not including the authority or any member of the authority, or to pay the reasonable costs of administration of the authority's bonds. The limitation of this subdivision applies to bonds acquired by an authority after January 1, 1991, regardless of the date of issuance of bonds by the authority.

(w) Set any other terms and conditions on any purchase or sale pursuant to this section as it deems by resolution to be necessary, appropriate, and in the public interest, in furtherance of the purposes of this article.

SEC. 1.5. Section 54710.3 is added to the Government Code, to read:

54710.3. Any local agency which obligates itself to advance available funds to cure a bond redemption fund deficiency pursuant to subdivision (a) of Section 8769 of the Streets and Highways Code may impose a benefit assessment pursuant to this chapter in order to satisfy the obligation or in anticipation of having to satisfy the obligation, except that the assessment shall not exceed thirty dollars ($30) per parcel per year, shall be actually levied and collected in any year only if needed because of a bond redemption fund deficiency, and shall only be used to cure redemption fund deficiencies with respect to assessment districts, the area of which is at least 60 percent developed.

SEC. 2. Section 54711 of the Government Code is amended to read:

54711. (a) No benefit assessment shall be levied pursuant to this

chapter unless it meets all of the following requirements:

(1) The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service. Except as provided in subdivision (d) or (e) of Section 54715, in the case of a benefit assessment for flood control services, the benefit may be determined on the basis of the proportionate storm water runoff from each parcel. In the case of an assessment for the maintenance of streets, roads, or highways, the benefit may be in proportion to the estimated traffic volume to be generated by each parcel assessed, or any other reasonable basis as determined by the legislative body. In the case of an assessment to cure bond fund deficiencies pursuant to Section 54710.3, all parcels subject to the assessment may be assumed to benefit equally from the jurisdiction's improved ability to finance special benefit projects through assessments at lower cost, due to the added security provided by the assessment levied pursuant to this chapter.

(2) The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service.

(3) The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied.

(b) This section does not limit or prohibit the levy or collection of any other fee, charge, or tax for the provision of services, except that a maintenance district formed pursuant to Chapter 7 (commencing with Section 1550) of Division 2 of the Streets and Highways Code may impose an assessment pursuant to this chapter only as an alternative to imposing a property tax for the provision of street lighting services.

SEC. 3. Section 54715 of the Government Code is amended to read:

54715. (a) The legislative body of a local agency may by ordinance or resolution, adopted after notice and public hearing, determine and propose for adoption an annual assessment on each parcel of real property within the jurisdiction of the local agency, except that the governing body shall not impose an assessment upon a federal or state governmental agency or another local agency.

(b) The legislative body may establish zones or areas of benefit within the local agency and may restrict the imposition of the assessment to areas lying within one or more of the zones or areas of benefit established within the local agency.

(c) The benefit assessment shall be levied on a parcel, class of improvement to property, or use of property basis, or a combination thereof, within the boundaries of the local agency, zone, or area of benefit. Except as provided in subdivision (d) or (e), in the case of a benefit assessment for flood control services, the benefit assessment may be levied on the basis of proportionate storm water runoff from each parcel. In the case of an assessment levied pursuant to Section 54710.3, the assessment may be levied at a uniform rate per parcel.

The assessment may be levied against any parcel, improvement, or use of property to which such services may be made available, whether or not such service is actually used.

(d) Whenever a railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way is included within an area proposed to be assessed, the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way shall be subject to the assessment only if, and to the extent that, it is found that it will benefit from the service, and the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way shall be subject to the same penalties, and the same procedure and sale, in the event of delinquencies, as other parcels in the assessment area. In determining whether or not the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way benefits from the services provided, its use as a right-of-way for a railroad, gas, water, telephone, cable television, electric, or other utility shall be presumed to be permanent.

(e) Proportionate storm water runoff may be used as a measure of benefit on an undeveloped parcel of land pursuant to this section only if, and to the extent that, it is found that it will benefit from the service.

For the purposes of this section, an undeveloped parcel of land means a parcel of rural land in its undeveloped natural state, although the land may be grazed, if otherwise undisturbed, in a manner consistent with the normally accepted grazing land management practices for that geographic area. An undeveloped parcel of land also includes wetlands and marshlands if undisturbed and subject to periodic inundation. For purposes of this section, rural land is land which is outside of an urbanized area, as designated by the most recent federal decennial census of the United States Bureau of the Census.

SEC. 4. Section 54716 of the Government Code is amended to read:

54716. (a) For the first fiscal year in which a benefit assessment is proposed to be imposed pursuant to this chapter, the legislative body shall cause a written report to be prepared and filed with the clerk of the local agency which shall contain all of the following information:

(1) A description of the service proposed to be financed through the revenue derived from the assessment.

(2) A description of each lot or parcel of property proposed to be subject to the benefit assessment. The assessor's parcel number shall be a sufficient description of the parcel. The area proposed to be subject to the benefit assessment may be less than the entire area of the local agency.

(3) The amount of the proposed assessment for each parcel.

(4) The basis and schedule of the assessment.

(5) In the case of an assessment levied pursuant to Section 54710.3, an identification of the assessment districts for which the local agency has assumed responsibility for redemption fund deficiencies and for which it proposes to rely on assessments levied pursuant to this chapter, and a statement of the conditions under which the assessment will actually be levied and collected in any year.

(b) The clerk shall cause notice of the filing of the report and of a time, date, and place of hearing thereon to be published pursuant to Section 6066 and posted in at least three public places within the jurisdiction of the local agency.

(c) With respect to any assessment proposed to be levied pursuant to subdivision (b) of Section 54710 or Section 54710.3, at least 20 days before the date set for hearing of protests, the clerk shall mail, postage prepaid, copies of a notice of the proposed assessment and the time, date, and place of the hearing thereon, to all persons whose names and addresses appear on the last equalized assessment roll for the area proposed to be subject to the benefit assessment or who are known to the clerk if an election held pursuant to Section 54717 would be by the landowners of the area, or to the registered voters residing within the area if an election held pursuant to Section 54717 would be by the registered voters of the area. The failure of the clerk to mail the notice to any property owner or the failure of any property owner to receive the notice shall not affect the validity of any proceedings taken under this chapter. If property assessed by the state under Section 19 of Article XIII of the California Constitution is proposed to be assessed, any notice required by this section shall be mailed to every owner of the property to be assessed at the address thereof shown on the last State Board of Equalization roll transmitted to the county auditor.

(d) At the hearing, the legislative body shall hear and consider all protests. At the conclusion of the hearing, the legislative body may adopt, revise, change, reduce, or modify the proposed assessment. The legislative body shall make a determination upon the assessment as described in the report or as determined at the hearing, and shall, by ordinance or resolution, determine the proposed assessment.

SEC. 5. Section 54717 of the Government Code is amended to read:

54717. (a) Except as provided in subdivision (b), the proposition shall be submitted to the eligible voters within the jurisdiction of the affected local agency, zone, or area of benefit established by the local agency, and shall take effect upon approval by a majority vote of the voters voting on the proposition. If 12 or more registered voters reside within the affected local agency, zone, or area of benefit at the close of the hearing required by Section 54716, and for at least the preceding 90 days, the vote shall be by the registered voters with each voter having one vote. Otherwise, the vote shall be by the landowners with each landowner having one vote for each acre of land or portion of an acre of land that he or she owns within the area. The proposal may take effect without a vote if there are less than 12

registered voters and a petition or other written consent to the levy of the assessment, executed by the owners of at least 60 percent in area of lands within the area of benefit established by the local agency, is filed with the legislative body during the hearing. "Landowner" or "owner of land" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of the land by the legislative body. The legislative body has no obligation to obtain other information as to the ownership of the land, and its determination of ownership shall be final and conclusive for the purposes of this provision. Ballots for a special election for this purpose may be distributed to qualified electors by mail with return postage prepaid.

(b) In the case of a proposition to levy an assessment for maintenance of streets, roads, or highways, or an assessment levied pursuant to Section 54710.3, the proposition shall be submitted to the voters pursuant to subdivision (a) if written protests to the levy of the assessment are received by the clerk of the agency at or before the hearing held pursuant to Section 54715 from not less than 25 percent of the registered voters residing within the agency, area, or zone of benefit within which the proposed assessment is proposed to be levied and an election held pursuant to this section would be by the registered voters of the area, or from owners of not less than 25 percent of the area in which the benefit assessment is proposed to be levied if an election held pursuant to this section would be by the landowners of the area.

(c) The legislative body may annually thereafter determine the cost of the service which is financed by the assessment and, by ordinance or resolution, determine and impose the assessment.

SEC. 6. Section 54718 of the Government Code is amended to read:

54718. (a) The legislative body may provide for the collection of the assessment in the same manner, and subject to the same penalties and priority of lien as, other charges and taxes fixed and collected by, or on behalf of the local agency, except that if, for the first year the assessment is levied the real property on which the assessment is levied has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of county taxes would become delinquent, the confirmed assessment shall not result in a lien against the real property but shall be transferred to the unsecured roll.

(b) If the assessments are collected by the county, the county may deduct its reasonable costs incurred for the service before remittal of the balance to the local agency's treasury.

(c) In the case of an assessment levied pursuant to Section 54710.3, the legislative body shall provide for the collection of the assessment in any year only if the legislative body determines that the levy is necessary because of a redemption fund deficiency.

SEC. 7. Section 3114.3 is added to the Streets and Highways Code,

to read:

3114.3. If an assessment has been prepaid, in whole or in part, pursuant to Section 8766 or 8766.5, the treasurer shall record an addendum to the notice of assessment recorded pursuant to Section 3114 which states that the recorded assessment against the identified parcel or parcels has been paid in full or in part, and that the associated lien against those parcels has been discharged in whole or in part.

The addendum and its recording has no effect on the authority of the legislative body with respect to any identified parcel by reason of its inclusion in the assessment district or assessment for the work, acquisitions, or improvements, and a statement to that effect shall be included in the addendum recorded pursuant to this section.

SEC. 8. Section 8514 is added to the Streets and Highways Code, to read:

8514. Notwithstanding any other provision of this division, income realized from the investment of money on deposit in a fund or account established pursuant to this division may be used, at the option of the legislative body, to pay all or any portion of any amount required to be rebated to the United States in order that interest on obligations issued pursuant to this division be excluded from gross income for purposes of federal income taxation.

SEC. 9. Section 8570 of the Streets and Highways Code is amended to read:

8570. The legislative body of any city may determine that serial bonds, term bonds, or both, shall be issued as provided in this division to represent and be secured by assessments to pay the cost of any work or improvement in any of the streets, avenues, lanes, alleys, courts, places, or public ways of the city, or in, over, or through any property or rights-of-way owned by the city authorized by the Street Opening Act of 1903 (Part 1 (commencing with Section 4000) of Division 6) or by the Improvement Act of 1911 (Division 7 (commencing with Section 5000)), or to pay the cost of any other work or improvement charged and assessed upon real property pursuant to any other law. The legislative body may not issue bonds secured by assessments levied pursuant to subdivision (b) of Section 10312 to pay administrative costs.

SEC. 10. Section 8571 of the Streets and Highways Code is amended to read:

8571. If the legislative body determines that bonds shall be issued as provided in this division to represent the expense of any proposed work or improvement, it shall, in the resolution of intention to do the work, do all of the following:

(a) Declare that bonds shall be issued pursuant to Division 10 (commencing with Section 8500) to represent the expenses of the proposed work or improvement.

(b) Specify the rate or maximum rate of interest which the bonds shall bear.

(c) State the determination of the city pursuant to Section 8769.

SEC. 11. Section 8650.1 of the Streets and Highways Code is amended to read:

8650.1. The legislative body, in its discretion, may determine, either (a) in the resolution of intention describing the improvement work, or (b) thereafter in any change proceedings taken under and in accordance with the provisions of the same act under which the resolution of intention was adopted, that the principal amount of the bonds maturing or becoming subject to mandatory prior redemption each year shall be other than an amount equal to an even annual proportion of the aggregate principal of the bonds, and it may determine that the amount of principal maturing or becoming subject to mandatory prior redemption in each year plus the amount of interest payable in that year will be an aggregate amount that is substantially equal each year, except for the moneys falling due on the first maturity or mandatory prior redemption date of the bonds which shall be adjusted to reflect the amount of interest earned from the date when the bonds bear interest to the date when the first interest is payable on the bonds. To the extent that the determination to issue bonds pursuant to Section 8570 includes term bonds, the legislative body shall provide for mandatory prior redemption of those bonds through annual sinking fund installments conforming to the requirements of this section.

Notwithstanding Section 8652, the legislative body may prescribe the form of the bonds and shall fix the date of the bonds. The legislative body may divide the principal amount of any issue into two or more divisions and fix different dates for the payment of bonds of each division. The bonds of one division may be made payable at different times than bonds of any other division.

The legislative body, in its discretion, may determine in like manner to classify assessments into different terms of maturity so that smaller assessments may be made to mature over a shorter period of time and, in that event, the bond declaration in the resolution of intention, or in the change proceedings taken under and in accordance with the provisions of the same act under which the resolution of intention was adopted, in the assessment, and in the notice of recording the assessment may recite that the last installment of bonds shall mature a maximum rather than an exact number of years from the second day of September next succeeding 12 months from their date.

SEC. 12. Section 8651.5 of the Streets and Highways Code is amended to read:

8651.5. Each bond, or any portion of the bond in a fixed amount or any integral multiple of the fixed amount, shall be subject to redemption in advance of its maturity on any interest payment date upon payment to the registered owner of the principal and accrued interest to the date of redemption together with a redemption premium equal to 5 percent of the principal. Prior to issuance of the bonds, the legislative body may provide for a reduction of the redemption premium to an amount equal to not less than 3 percent

of the principal for the first five years of the term of the bonds or to any amount, including zero, after the first five years of the term of the bonds, or both.

SEC. 13. Section 8672 of the Streets and Highways Code is amended to read:

8672. The treasurer or the designated paying agent shall keep a register in his or her office showing the series, number, date, amount, rate of interest, and last known holder of each bond, and the number and amount of each interest coupon paid. The treasurer or agent shall cancel and file each bond and coupon which he or she pays. The register, canceled bonds, and coupons shall be retained for five years beyond the last maturity of the bond issue.

SEC. 14. Section 8680 of the Streets and Highways Code is amended to read:

8680. (a) The unpaid assessments shall be payable in annual installments corresponding in number and proportionate amount to the number of installments and principal amounts of bonds maturing or becoming subject to mandatory prior redemption in each year pursuant to Section 8650.1. An annual proportion of each assessment shall be payable in each fiscal year preceding the date of maturity or mandatory prior redemption date of each of the bonds which have been issued, sufficient to pay the bonds when due. The annual proportion of each assessment coming due in any year, together with the annual interest on the assessment, shall be payable in the same manner and at the same time and in the same installments as the general taxes of the city on real property are payable, and the assessment installments and the annual interest on the assessment shall be payable and become delinquent at the same times and in the same proportionate amounts and, except as provided in subdivision (b), shall bear the same proportionate penalties and interest after delinquency as do the general taxes on real property of the city.

(b) The legislative body may provide, in the resolution of intention to do the work, that a penalty of 2 percent per month of the total amount of the delinquent installment shall be added to the delinquent installment after the close of business on the delinquency date and an additional penalty of 2 percent of the amount of the delinquency shall be added at the beginning of business on the 10th day of each succeeding month until that delinquent installment and all penalties thereon are fully paid. This penalty shall be in lieu of all other penalties assessed by other provisions of law. The treasurer or the designated paying agent shall collect the penalties with, and as a part of, the delinquent installments, or the legislative body may designate another official and another method of collection. All penalties collected shall be deposited in the redemption fund.

SEC. 15. Section 8682 of the Streets and Highways Code is amended to read:

8682. (a) A copy of the order of the legislative body determining the assessments remaining unpaid and upon the security of which bonds are issued shall be filed in the office of the auditor. The auditor

shall keep a record in his or her office showing the several installments of principal and interest on the assessments which are to be collected in each year during the term of the bonds. The auditor shall annually enter in his or her assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of the assessment coming due during the fiscal year covered by the assessment roll, including in each case the interest due on the total unpaid assessments.

(b) The auditor shall also add a maximum of 5 percent of the amount of the installments and of the interest so entered, not to exceed the city treasurer's estimate of the expenses of collection, and in any case not to exceed eight dollars ($8) per lot or parcel per installment, except with the landowner's written consent. The expenses of collection shall include necessary administrative expenses of the city incurred in providing the auditor with current information regarding the ownership or division of the affected lots or parcels of land to ensure the proper entry by the auditor in his or her assessment roll of the several installments of the assessment coming due during the fiscal year covered by the assessment roll and the timely collection of the installments. The percentages, and the amount represented by the installments, when collected shall belong to the city and shall cover the expenses and compensation of the city treasurer incurred in the collection of the assessments, and of the interest and penalties added on to the assessments. No other percentage or amount shall be claimed by the legislative body for the collections.

(c) In the case of an assessment district created prior to January 1, 1988, the amount of collection costs which may be collected pursuant to this section may be the amount which could have been collected pursuant to this section as it read prior to being amended by Chapter 874 of the Statutes of 1986.

SEC. 16. Section 8766.5 of the Streets and Highways Code is amended to read:

8766.5. The owner of assessed land, except land which has been ordered to judicial foreclosure pursuant to Section 8830, may prepay the assessment in part and remove the lien of the assessment in part by paying to the treasurer all of the following:

(a) The amount of any delinquent installment of principal and interest, together with penalties accrued to the date of prepayment.

(b) A portion of the unpaid, nondelinquent principal of the assessment in increments of five thousand dollars ($5,000).

(c) An allowance for redemption premium, calculated by multiplying the amount of the unmatured principal being prepaid by the redemption premium percentage stated in the bonds.

(d) A reasonable fee, fixed by the treasurer, for the cost of administering the prepayment and the advance redemption of bonds.

(e) Interest accrued to the next call date of the bonds. The next call date is the next bond interest payment date which is not less than 90 days after the date of prepayment.

(f) A credit for the reserve fund calculated pursuant to Section 8881.

When an assessment has been partially prepaid, the treasurer shall issue a revised auditor's record for that parcel, showing the proportionate reduction in assessment installments. Thereafter, the treasurer shall levy subsequent installments at the reduced rate.

SEC. 17. Section 8769 of the Streets and Highways Code is amended to read:

8769. Before issuing bonds pursuant to this division, the legislative body shall determine, and shall declare in the resolution of intention, one of the following:

(a) The city will obligate itself to advance available funds from the city treasury to cure any deficiency which may occur in the bond redemption fund. If the legislative body determines to so declare under this subdivision, the legislative body may provide further security for the assessment bonds by creating an improvement district pursuant to the Benefit Assessment Act of 1982.

(b) The city will not obligate itself to advance available funds from the city treasury to cure any deficiency which may occur in the bond redemption fund. A determination not to obligate itself shall not prevent the city from, in its sole discretion, so advancing funds.

The determination made pursuant to this section shall be clearly stated in the text of the bonds issued pursuant to this division, and the title of the bonds shall include the words "Limited Obligation Improvement" in the event that the declaration in subdivision (b) is made.

SEC. 18. Section 8830 of the Streets and Highways Code is amended to read:

8830. (a) As a cumulative remedy, if any assessment or reassessment or installment thereof, or of any interest thereon, together with any penalties, costs, fees, and other charges accruing under applicable taxation provisions are not paid when due, the legislative body may order that the same be collected by an action brought in the superior court to foreclose the lien thereof as provided by this part.

(b) The legislative body may, by resolution adopted prior to issuance of bonds under this division, covenant for the benefit of bondholders to commence and diligently prosecute to completion any foreclosure action regarding delinquent installments of any assessments or reassessments which secure the bonds that are to be issued, or to employ a trustee to do so on behalf of the bondholders. The resolution may specify a deadline for commencement of the foreclosure action and other terms and conditions as the legislative body may determine to be reasonable regarding the foreclosure action.

(c) Except as provided in Section 8836, all installments, interest,

penalties, costs, fees, and other charges that are delinquent at the time of the ordering of a foreclosure action shall be collected in the action. If a lot or parcel of property has not been sold pursuant to judgment in the foreclosure action at the time that subsequent installments and interest become delinquent, the court may include the subsequent installments, interest, penalties, costs, fees, and other charges in the judgment or modified judgment.

SEC. 19. Section 8834 of the Streets and Highways Code is amended to read:

8834. The foreclosure action shall be brought in the name of the city or a trustee employed on behalf of the bondholders pursuant to Section 8830, and may be brought at any time prior to the expiration of four years subsequent to the last maturity of the principal of bonds secured by the assessment or reassessment. The complaint may be brief and include substantially only the following allegations with reference to the assessment or reassessment sought to be collected:

(e) That, on a date stated, a certain sum came due against the described property on the assessment or reassessment and had not been paid and that the legislative body, or a trustee acting on behalf of the bondholders, had ordered the action to foreclose.

(b) Electric current, gas, or other illuminating agent for power or lighting service.

(c) Any real property, rights-of-way, easements, or interests in real property, acquired or to be acquired by gift, purchase, or eminent domain, and which are necessary or convenient in connection with the construction or operation of any work or improvement authorized to be acquired or to be made or constructed under this division, except real property, rights-of-way, easements, or interests in real property shown upon a final map filed with or submitted to the legislative body for acceptance and approval pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code) and offered for dedication to public use by that map or by any separate offer of dedication.

10427. After completion of the improvement and the payment of all claims from the improvement fund, the legislative body shall determine the amount of the surplus, if any, remaining in the improvement fund by reason of the assessment and any supplemental assessment levied for the improvement. The surplus shall be used, in amounts determined by the legislative body, for one or more of the following purposes:

(a) For transfer to the general fund of the city, provided that the amount transferred shall not exceed the lesser of one thousand dollars ($1,000) or 5 percent of the total amount expended from the improvement fund.

(b) As a credit upon the assessment and any supplemental assessment, in the manner provided in Section 10427.1.

(c) For the maintenance of the improvement.

(d) To call bonds, thereby reducing outstanding assessments and subsequent assessment installments. In the event that the legislative body determines to use all or some portion of the surplus to call bonds prior to maturity, the treasurer shall do each of the following:

(1) Cause the special reserve fund, if any, to be reduced as necessary pursuant to Section 8887 to assure that the bonds will not become subject to federal income taxation.

(2) Cause any assessment previously paid in cash to receive a credit in cash pursuant to subdivision (d) of Section 10427.1 for the proportionate share of the surplus as determined pursuant to subdivision (a) of Section 10427.1.

SEC. 24. Section 10427.1 of the Streets and Highways Code is amended to read:

10427.1. (a) If there is no supplemental assessment, the entire amount of the surplus shall be applied as a credit to the assessment or, as an alternative, any portion of the surplus may be used to call outstanding bonds. If any supplemental assessment has been levied, any portion of the surplus shall be applied as a credit to the assessment or supplemental assessment, or both, or, as an alternative, may be used to call outstanding bonds, as the legislative body may determine. Any credit upon the assessment or any supplemental assessment shall be made in the proportion which each individual assessment, or installment of principal thereof, bears to the total of all individual assessments in the assessment or supplemental assessments upon which the surplus is to be credited. Any bonds called pursuant to this section shall be selected in accordance with Section 8768.

(b) Where an individual assessment, or any installment of the principal thereof, has been paid in cash after January 1, 1991, the credit shall be returned in cash to the person or persons owning the property for which the assessment or installment has been paid upon their furnishing satisfactory evidence of payment.

(c) Where all or any part of an individual assessment remains unpaid, if the individual assessment is not payable in installments, the credit shall be applied in its entirety upon the individual assessment.

(d) Where all or any part of an individual assessment remains unpaid and is payable in installments, the amount apportioned to

each parcel shall be credited against the next installment or installments unpaid upon it after the two-year period specified in this subdivision. When any of the surplus is to be applied as a credit upon the assessment, payable in installments, no credit may be paid or credited as provided in this section until after a period of two years from the date of receipt of proceeds of the sale of bonds by the legal entity conducting the proceedings.

(e) There shall be transferred to the general fund of the city (1) any portion of the surplus which has not been paid to or claimed by the persons entitled thereto within four years from the date of recordation of the assessment and any supplemental assessment or, if bonds have been issued, within four years after the due date of the last installment upon the bonds or of the last principal coupon attached thereto, and (2) any interest earned from the investment of any moneys constituting all or any part of the surplus when the surplus attributable to an individual remaining assessment is fifty dollars ($50) or less. If the surplus attributable to an individual remaining assessment is greater than fifty dollars ($50), any interest earned thereon, less administrative cost of investing and crediting, shall be applied as a credit to the assessment.

(b) The amount of any surplus or deficit in the improvement fund to be carried over from a previous fiscal year.

(c) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(d) The amount, if any, of the annual installment for the fiscal year where the legislative body has ordered an assessment for the estimated cost of any improvements to be levied and collected in annual installments.

CHAPTER 449

An act to add Sections 16112.5 and 16112.7 to the Government Code, relating to redevelopment, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990 Filed with Secretary of State July 31, 1990]

I am deleting the $75,000 General Fund appropriation contained in Section 1 of Assembly Bill No. 160.

This appropriation would fund a study on the use of eminent domain by redevelopment agencies I am not convinced that this study is of sufficient priority to warrant funding at this time, given the critical condition of the General Fund. Moreover, it would be appropriate that any funding for this study be considered in the regular budget development process where its merits can be evaluated against those of other worthwhile projects

With this deletion, I approve Assembly Bill No 160

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislative Analyst shall conduct a study on the use of eminent domain by redevelopment agencies and provide a report of the study to the Legislature on or before April 1, 1992.

(b) The report shall include all of the following:

(1) An examination of the evolution of the law on eminent domain as it applies to redevelopment agencies.

(2) A description of how the use of eminent domain by redevelopment agencies differs from the use of eminent domain by other government agencies.

(3) An inventory and summary of reported court cases on the use of eminent domain by redevelopment agencies.

(4) A survey of a representative sample of redevelopment agencies and a summary of the purposes for which they condemn property, how they appraise property, how they compensate property owners, and how they carry out relocation programs. The sample shall be representative of those redevelopment agencies which use eminent domain, considering their size, geographic location, and the types of redevelopment projects that they undertake.

(5) An examination and documentation of alleged abuses of eminent domain statutes by redevelopment agencies.

(6) If necessary, recommended changes to state statutes.

(c) In conducting the study, the Legislative Analyst shall consult with knowledgeable persons and groups, including, but not limited to, county grand juries, legal experts, academic researchers, and public officials. (e) Subdivisions (a) to (d), inclusive, shall not apply to any redevelopment agency which has stated in bond instruments and supporting documents that the amounts received pursuant to Section 16111 are pledged as security for payment of the principal and interest of those bonds and that the bond reserve account is insufficient to cover the bond payments. Nothing in this section shall be construed to prevent an owner from asserting, at any time, that any agreement to locate property is based upon an excessive or unjust consideration.

Notwithstanding any other provision of law, records of the Controller's office pertaining to unclaimed property are not available for public inspection or copying until after publication of notice of the property or, if publication of notice of the property is not required, until one year after delivery of the property to the Controller.

(5) The provisions of Section 57(a)(5) of the Internal Revenue Code, relating to tax-exempt interest shall not be applicable.

(6) The provisions of Section 59(a) of the Internal Revenue Code, relating to the alternative minimum tax foreign tax credit, shall not be applicable.

For purposes of the preceding sentence, stock described in Section 1504(a)(4) of the Internal Revenue Code shall not be taken into account.

(2) The term "20 percent owned corporation" means any bank or corporation if 20 percent or more of the stock of that bank or corporation (by vote and value) is owned by the taxpayer. For purposes of the preceding sentence, stock described in Section 1504(a)(4) of the Internal Revenue Code shall not be taken into account.

SEC. 35.3. Section 24422.3 of the Revenue and Taxation Code is amended to read:

24422.3. The provisions of Section 263A of the Internal Revenue Code, relating to capitalization and inclusion in inventory costs of certain expenses, shall apply.

SEC. 35.7. Section 24457 of the Revenue and Taxation Code is amended to read:

24457. (a) Section 304 of the Internal Revenue Code, relating to redemption through the use of related corporations, shall be applicable, except as otherwise provided.

SEC. 36. Section 24521 of the Revenue and Taxation Code is amended to read:

24521. (a) No gain or loss shall be recognized if property is transferred to a corporation by one or more persons solely in exchange for stock in the corporation and immediately after the exchange the person or persons are in control (as defined in Section 24564) of the corporation.

(b) If subdivision (a) would apply to an exchange but for the fact that there is received, in addition to the stock permitted to be received under subdivision (a), other property or money, then:

(1) Gain (if any) to the recipient shall be recognized, but not in excess of the total of both of the following:

(A) The amount of money received.

(B) The fair market value of the other property received.

(2) No loss to the recipient shall be recognized.

(c) In determining control, for purposes of this section, the fact that any corporate transferor distributes part or all of the stock which it receives in the exchange to its shareholders shall not be taken into account.

(d) For purposes of this section, stock issued for any of the following shall not be considered as issued in return for property:

(1) Services.

(2) Indebtedness of the transferee corporation which is not evidenced by a security.

(3) Interest on indebtedness of the transferee corporation which accrued on or after the beginning of the transferor's holding period for the debt.

(e) With respect to transfers on or after June 21, 1988, if—

(1) Property is transferred to a corporation (hereinafter in this subdivision referred to as the "controlled corporation") in an exchange with respect to which gain or loss is not recognized (in whole or in part) to the transferor under this section, and

(2) The exchange is not in pursuance of a plan of reorganization,

Section 24481 shall apply to any transfer in the exchange by the controlled corporation in the same manner as if the transfer were a distribution to which Article 1 (commencing with Section 24451) of Chapter 8 applies.

(f) This section does not apply to a transfer of property of a debtor pursuant to a plan while the debtor is under the jurisdiction of a court in a Title 11 or similar case (within the meaning of paragraph (1) of subdivision (d) of Section 24562), to the extent that the stock received in the exchange are used to satisfy the indebtedness of the

debtor.

SEC. 36.5. Section 24533 of the Revenue and Taxation Code is amended to read:

24533. (a) Section 24532 shall apply only if either—

(1) The distributing corporation, and the controlled corporation (or, if stock of more than one controlled corporation is distributed, each of such corporations) is engaged immediately after the distribution in the active conduct of a trade or business; or

(2) Immediately before the distribution, the distributing corporation had no assets other than stock or securities in the controlled corporations and each of the controlled corporations is engaged immediately after the distribution in the active conduct of a trade or business.

(b) For purposes of subsection (a), a corporation shall be treated as engaged in the active conduct of a trade or business if and only if—

(1) It is engaged in the active conduct of a trade or business, or substantially all of its assets consist of stock and securities of a corporation controlled by it (immediately after the distribution) which is so engaged;

(2) Such trade or business has been actively conducted throughout the five-year period ending on the date of the distribution;

(3) Such trade or business was not acquired within the period described in paragraph (2) in a transaction in which gain or loss was recognized in whole or in part; and

(4) Control of a corporation which (at the time of acquisition of control) was conducting such trade or business—

(A) Was not acquired by any distributee corporation directly (or through one or more corporations, whether through the distributing corporation or otherwise) within the period described in paragraph (2) and was not acquired by the distributing corporation directly (or through one or more corporations) within that period, or

(B) Was so acquired by any such corporation within that period, but, in each case in which such control was so acquired, it was so acquired, only by reason of transactions in which gain or loss was not recognized in whole or in part, or only by reason of such transactions combined with acquisitions before the beginning of that period.

(C) For purposes of this paragraph, all distributee corporations which are members of a controlled group (within the meaning of Section 24564) shall be treated as one distributee corporation.

(c) Section 311 of the Internal Revenue Code (as incorporated by Section 24481) shall apply to any distribution:

(1) To which this section (or so much of Sections 24535 to 24539, inclusive, as relates to this section) applies, and

(2) Which is not in pursuance of a plan of reorganization, in the same manner as if the distribution were a distribution to which Chapter 2 (commencing with Section 23101) or Chapter 2.5 (commencing with Section 23400) applies, except that Section

311(b) of the Internal Revenue Code shall not apply to any distribution of stock or securities in the controlled corporation.

(d) (1) The amendments to this section by the act adding this subdivision shall not apply to any distribution after December 15, 1987, and before January 1, 1993, if:

(A) Eighty percent or more of the stock of the distributing corporation was acquired by the distributee before December 15, 1987, or

(B) Eighty percent or more of the stock of the distributing corporation was acquired by the distributee before January 1, 1989, pursuant to a binding written contract or tender offer in effect on December 15, 1987.

(C) For purposes of this paragraph, stock described in Section 1504(a)(4) of the Internal Revenue Code shall not be taken into account.

(2)(A) For purposes of paragraph (1), all corporations which were in existence on the designated date and were members of the same controlled group (as defined in Section 24564) which included the distributees on that date shall be treated as one distributee.

(B) Subparagraph (A) shall not exempt any distribution from the amendments made to this section by the act adding this subdivision if that distribution is with respect to stock not held by the distributee (determined without regard to subparagraph (A)) on the designated date directly or indirectly through a corporation which goes out of existence in the transaction.

(C) For purposes of this paragraph, the term "designated date" means the later of:

(i) December 15, 1987, or

(ii) The date on which the acquisition meeting the requirements of paragraph (1) occurred.

SEC. 37. Section 24562 of the Revenue and Taxation Code is amended to read:

24562. (a) For purposes of Chapter 8 (commencing with Section 24451), Chapter 9 (commencing with Section 24501), and this chapter, "reorganization" means any of the following:

(1) A statutory merger or consolidation.

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of that other corporation (whether or not the acquiring corporation had control immediately before the acquisition).

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the

other, or the fact that property acquired is subject to a liability, shall be disregarded.

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(5) A recapitalization.

(6) A mere change in identity, form, or place of organization of one corporation, however effected.

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, the transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If:

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then the acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), (2), or (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring the assets or stock. A similar rule shall apply to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and

(B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if both of the following apply:

(A) No stock of the acquiring corporation is used in the transaction.

(B) In the case of a transaction under paragraph (1) of subdivision (a), the transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if both of the following apply:

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction).

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this subparagraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code) shall be treated as one issuer. For purposes of this subparagraph, a person holding stock in a regulated investment company, a real estate investment trust, or an investment company which meets the requirements of this subparagraph shall, except as provided in regulations, be treated as holding its proportionate share of the assets

held by that company or trust.

(C) For purposes of this paragraph, "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph does not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to that investment company and its shareholders and security holders as though its assets had been acquired by that other corporation. If the investment company acquires stock of another corporation in a reorganization described in paragraph (2) of subdivision (a) of Section 24562 (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of that investment company as though they had exchanged with the other corporation all of their stock in the investment company for stock having a fair market value equal to the fair market value of their stock of the investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(7) (A) A transaction shall fail to meet the requirements of paragraph (3) of subdivision (a), unless the acquired corporation distributes the stock, securities, and other properties it receives, as well as its other properties, in pursuance of the plan of reorganization. For purposes of the preceding sentence, if the acquired corporation is liquidated pursuant to the plan of

reorganization, any distribution to its creditors in connection with that liquidation shall be treated as pursuant to the plan of reorganization.

(B) The Franchise Tax Board may waive the application of subparagraph (A) to any transaction subject to any conditions the Franchise Tax Board may prescribe.

(8) In the case of any transaction with respect to which the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met, for purposes of determining whether the transaction qualifies under paragraph (4) of subdivision (a), the term "control" has the meaning given to that term by Section 304(c) of the Internal Revenue Code.

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q) (17) (C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case only if both of the following apply:

(A) Any party to the reorganization is under the jurisdiction of the court in that case.

(B) The transfer is pursuant to a plan of reorganization approved by the court.

(3) If a transaction (but for this paragraph) qualifies both—

(A) Under paragraph (7) of subdivision (a), and

(B) Under any other paragraph of subdivision (a) or under Section 24502 or 24521,

then, for purposes of this chapter (other than Section 24540(c) (1)), the transaction shall be treated as qualifying only under paragraph (7) of subdivision (a).

(4) For purposes of paragraphs (1) and (2), in the case of a receivership, foreclosure, or similar proceeding before a federal or state agency involving a financial institution to which Section 581 or 591 of the Internal Revenue Code applies, the agency shall be treated as a court.

(5) In the case of a Title 11 or similar case, the requirement of subparagraph (B) of paragraph (5) of subdivision (b) shall be treated as met if both of the following apply:

(A) No former shareholder of the surviving corporation received any consideration for his or her stock.

(B) The former creditors of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, debt of the surviving corporation which had a fair market value equal to 80

percent or more of the total fair market value of the debt of the surviving corporation.

(6) (A) For purposes of paragraphs (1) and (2), in the case of a financial institution to which Section 593 of the Internal Revenue Code applies, the term "Title 11 or similar case" means only a case in which the board (which will be treated as the court in such case) makes the certification described in subparagraph (B).

(B) A transaction otherwise meeting the requirements of paragraph (7) of subdivision (a), in which the transferor corporation is a financial institution to which Section 593 of the Internal Revenue Code applies, will not be disqualified as a reorganization if no stock or securities of the corporation to which the assets are transferred are received or distributed, but only if all of the following conditions are met:

(i) The requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets,

(ii) Substantially all of the liabilities of the transferor immediately before the transfer become, as a result of the transfer, liabilities of the transferee, and

(iii) The board certifies that the grounds set forth in Section 1464(d)(6)(a)(i), (ii), or (iii) of Title 12, United States Code, exist with respect to the transferor or will exist in the near future in the absence of action by the board.

(C) For purposes of this subdivision, "board" means the Federal Home Loan Bank Board or the Federal Savings and Loan Insurance Corporation or, if neither has supervisory authority with respect to the transferor, the equivalent state authority.

(D) This paragraph shall not apply to acquisitions after December 31, 1988, nor to income years beginning after December 31, 1988.

SEC. 38. Section 24580 of the Revenue and Taxation Code is amended to read:

24580. (b) The regulations prescribed under this section shall set forth factors which are to be taken into account in determining with respect to a particular factual situation whether a debtor-creditor relationship exists or a corporation-shareholder relationship exists. The factors so set forth in the regulations may include among other factors:

(1) Whether there is a written unconditional promise to pay on demand or on a specified date a sum certain in money in return for an adequate consideration in money or money's worth, and to pay a fixed rate of interest,

(2) Whether there is subordination to or preference over any indebtedness of the corporation,

(3) The ratio of debt to equity of the corporation,

CHAPTER 453

An act to add Chapter 3.3 (commencing with Section 6261) to Part 1 of Division 2 of the Revenue and Taxation Code, relating to vehicles, to take effect immediately, tax levy.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

SECTION 1. Chapter 3.3 (commencing with Section 6261) is added to Part 1 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 3.3. VEHICLE SMOG IMPACT FEE

6261. The Legislature finds and declares as follows:

(a) Motor vehicles certified to meet California air quality standards (California-certified vehicles) are generally significantly more costly than otherwise equivalent vehicles sold elsewhere.

(b) Motor vehicles generally are a major cause of poor air quality. However, California-certified vehicles have a less deleterious impact on air quality than other vehicles because California-certified vehicles are less polluting. Poor air quality imposes substantial costs on health services and other General Fund programs.

(c) Drivers of California-certified vehicles, in addition to higher vehicle acquisition costs, pay an added penalty because California-certified vehicles generally achieve lower fuel economy, resulting in a higher motor vehicle fuel tax burden.

(d) In order to ensure equity between owners of California-certified vehicles and other vehicles, and to promote good health and safety standards for the residents of this state, it is appropriate to enact a motor vehicle smog impact fee on non-California certified vehicles.

6262. (a) In addition to any other fees and taxes required to be paid by the Vehicle Code and this code at the time of the registration of a motor vehicle, as defined in Section 415 of the Vehicle Code, a person making application to register a motor vehicle shall pay to the

Department of Motor Vehicles a vehicle smog impact fee of three hundred dollars ($300) for any motor vehicle which, immediately prior to the date of application, was registered outside this state, unless the motor vehicle has been certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of the Health and Safety Code. This subdivision does not authorize the registration of motor vehicles which are prohibited from being brought into this state pursuant to Article 1.5 (commencing with Section 43150) of Chapter 2 of Part 5 of the Health and Safety Code.

(b) All revenues received pursuant to this section shall be deposited in the General Fund.

(c) This section does not apply to a commercial vehicle, as defined in Section 260 of the Vehicle Code, with an unladen weight in excess of 6,000 pounds.

(d) Notwithstanding any other provision of law, the fee imposed pursuant to subdivision (a) is imposed pursuant to the Sales and Use Tax Law.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the California Constitution and shall go into immediate effect. However, this act shall become operative on the first day of the first month commencing more than 90 days after the effective date of this act.

CHAPTER 454

Notwithstanding Section 16304, any capital outlay appropriation enacted on or after July 1, 1987, from a fund created by a general obligation bond act approved by the voters for a project which was, or is, subsequently delayed as a result of litigation, is, and shall be, hereby reappropriated for an additional three years, commencing with the operative date of the statute adding this section, or upon the expiration of the original period of encumbrance, whichever is later.

SECTION 1. Section 13308 is added to the Government Code, to read:

13308. (a) The Director of Finance shall provide to the Legislature, on or before May 21 of each year, an estimate of the general fund revenues for the ensuing fiscal year and an estimate of general fund workload budget for the ensuing fiscal year.

(b) If the estimate of general fund revenues is more than .5 percent less than the estimated general fund workload budget, and the director so certifies to the Commission on State Finance, adjustments shall be made to general fund appropriations pursuant to subdivision (c) on July 1 of the ensuing fiscal year if the Commission on State Finance certifies the general accuracy of the estimates. If the commission fails to make the certification within 14 days of receiving the estimates and does not submit its reasons for refusing to do so to the Legislature and Governor in writing within the 14-day period, it shall be deemed to have certified the estimates.

(c) If the estimates are certified by the Commission on State Finance or are deemed to be certified pursuant to subdivision (b), appropriations from the general fund, except appropriations required by operation of the Constitution, shall be reduced by the same percentage as the difference between estimated general fund revenues and the projected general fund workload budget, on a pro rata basis.

(e) The total amount of any reduction in any general fund appropriation pursuant to this section in any fiscal year shall not exceed four percent of the appropriation being reduced.

(f) The Legislature may suspend the operation of this section for a fiscal year in which general fund appropriations would otherwise be reduced pursuant to subdivision (c). The suspension may be in the Budget Act.

SEC. 2. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. The amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living occurring after December 1982, so that the first such adjustment becomes effective July 1, 1984, and subsequent adjustments shall take effect each July 1 thereafter. The cost-of-living adjustment shall be calculated by the Commission on State Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$1,832
Clothing (Apparel and Upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in

subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

Notwithstanding any other provision of this section, on July 1 of any fiscal year for which general fund appropriations are reduced pursuant to subdivision (c) of Section 13308 of the Government Code, the amount otherwise payable under Section 11452, subdivision (a) of Section 11450, and this section shall be reduced by an amount equal to the amount otherwise payable, multiplied by the percentage reduction in general fund appropriations pursuant to subdivision (c) of Section 13308 of the Government Code. In no event, shall the reduction under this paragraph exceed 4 percent of the amount otherwise payable or the amount of any cost-of-living increase otherwise payable, whichever is less.

SEC. 3. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. The payment schedules to go into effect January 1, 1985, and on January 1 of each year thereafter, shall be the amounts set forth for January 1, 1984, in Section 12200, as adjusted to reflect any increases or decreases in the cost of living occurring after December 31, 1982. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage

change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

The department shall adjust any amounts of aid under this chapter to ensure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

Notwithstanding any other provision of this section, on July 1 of any fiscal year for which general fund appropriations are reduced pursuant to subdivision (c) of Section 13308 of the Government Code, the amount of aid otherwise payable under this chapter shall be reduced by an amount equal to the amount otherwise payable,

multiplied by the percentage reduction in general fund appropriations pursuant to subdivision (c) of Section 13308 of the Government Code. In no event, shall the reduction under this paragraph exceed 4 percent of the amount otherwise payable or the amount of any cost-of-living increase otherwise payable, whichever is less.

On July 1 of any fiscal year for which general fund appropriations are reduced pursuant to subdivision (c) of Section 13308 of the Government Code, the amount otherwise payable under this atricle shall be reduced by an amount equal to the amount otherwise payable, multiplied by the percentage reduction in general fund appropriations pursuant to subdivision (c) of Section 13308 of the Government Code. In no event, shall the reduction under this Section exceed 4 percent of the amount otherwise payable or the amount of any cost-of-living increase otherwise payable, whichever is less.

On July 1 of any fiscal year for which general fund appropriations are reduced pursuant to subdivision (c) of Section 13308 of the Government Code, the amounts otherwise payable to providers under this chapter shall be reduced by an amount equal to the amount otherwise payable, multiplied by the percentage reduction in general fund appropriations pursuant to subdivision (c) of Section 13308 of the Government Code. In no event, shall the reduction under this paragraph exceed 4 percent of the amount otherwise payable or the amount of any cost-of-living increase otherwise payable, whichever is less.

SECTION 1. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) (1) For each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter, there shall be paid, notwithstanding minimum basic standards of adequate care established by the department under Section 11452, an amount of aid each month which when added to the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1, is equal to the sums specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453:

Number of eligible needy persons in the same home	Maximum aid
1	$ 258
2	424
3	526
4	625
5	713
6	802
7	880
8	959
9	1,036
10 or more	1,114

If, when, and during such times as the United States government

increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91 fiscal year, nor shall that amount be included in the base for calculating any cost-of-living increases for the 1991–92 fiscal year or any fiscal year thereafter.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother in the amount which would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision.

(c) The amount of seventy dollars ($70) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars ($100), the

family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars ($600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(A) A nonrecurring special need of thirty dollars ($30) a day shall be available for up to three weeks to families for the costs of temporary shelter. County welfare departments may increase the daily amount available for temporary shelter to large families as necessary to secure the additional bed space needed by the family. This special need shall be granted or denied immediately upon the family's application for homeless assistance. The three-week limit shall be extended one week based upon good cause or other circumstances defined by the department. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing within the three week limit.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence.

The last month's rent portion of the payment (1) shall not exceed

80 percent of the family's maximum aid payment without special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's maximum aid payment without special needs for a family of that size, in accordance with the maximum aid schedule specified in subdivision (a).

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) Eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to paragraph (2) is limited to once every 12 months.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 12-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 2. Section 11450.2 of the Welfare and Institutions Code is amended to read:

11450.2. (a) The department shall implement a system to provide for supplemental payments to needy families qualified for aid under this chapter, when, because of a change in reported financial circumstances occurring between the "budget month" and the "payment month," a family's net available income for the payment month is less than 80 percent of the amount set forth in subdivisions (a) and (b) of Section 11450, as adjusted for cost-of-living increases pursuant to Section 11453, except as provided in subdivision (c) of Section 11453. The system shall provide all of the following:

(1) Families shall be informed of the availability of supplemental payments and of the necessity that a family request the payments in order for them to be provided. This information shall be provided in writing at the time of application in the written statements of recipients' rights, and shall also be provided orally by the eligibility worker at the time of the initial interview and at each annual redetermination. A request form shall be sent monthly to all families which have reported income.

(2) That supplemental payments shall be paid in an amount necessary to raise the family's net available income in the payment month to 80 percent of the amount set forth in subdivision (a) of Section 11450, as adjusted for cost-of-living increases pursuant to Section 11453, except as provided in subdivision (c) of Section 11453.

(3) That supplemental payments shall not be considered income when calculating the amount of the grant to be paid in future months.

(4) That supplemental payments or written notice of action shall be issued within seven working days of a request. Payments shall only be issued for those months in which a request has been made and a family is eligible for the supplement. A request shall be made in the month for which the supplemental payment is requested.

(5) That no supplemental payment shall be made to any family if, under the federal Aid to Families with Dependent Children program, the payments would be counted as income, regardless of the source of the funding for the aid payment of the family.

(6) That no overpayment or underpayment shall be determined for a supplemental payment which was correctly computed based on the family's reasonable estimate of the income and other circumstances for the payment month. A family shall not be eligible for more than one supplemental payment per month.

(b) For purposes of this section:

(1) "Budget month" and "payment month" shall be consistent

with the use of these terms in Section 11450.5.

(2) "Net available income" means the sum of the following:

(A) Total net nonexempt income in the payment month without deduction of either the thirty dollars ($30) plus one-third of earned income or the thirty dollars ($30) disregard deductions.

(B) Any child or spousal support received by the family pursuant to Section 602(a) (8) (A) (vi) of Title 42 of the United States Code and as that statute may hereafter be amended.

(C) The grant for the payment month before overpayment adjustments.

(3) "Needy family" means a family aided pursuant to this chapter. This includes a family that is in a single month of suspension resulting from the receipt of income.

(4) "Grant" means the amount of aid paid to the needy family pursuant to subdivision (a) of Section 11450, but does not include any amounts paid pursuant to subdivision (e) of Section 11450 or Section 11453.1.

SEC. 3. Section 11452 of the Welfare and Institutions Code is amended to read:

11452. (a) (1) Minimum basic standards of adequate care shall be distributed to the counties and shall be binding upon them. The standards are determined on the basis of the schedule set forth in this section, as adjusted for cost-of-living increases or decreases pursuant to Section 11453, which schedule is designed to ensure:

(A) Safe, healthful housing.

(B) Minimum clothing for health and decency.

(C) Low-cost adequate food budget meeting recommended dietary allowances of the National Research Council.

(D) Utilities.

(E) Other items including household operation, education and incidentals, recreation, personal needs, and insurance.

(F) Allowance for essential medical, dental, or other remedial care to the extent not otherwise provided at public expense.

(2) The schedule of minimum basic standards of adequate care is as follows:

Number of needy persons in the same family	Minimum basic standards of adequate care
1	$ 258
2	424
3	526
4	625
5	713
6	802
7	880
8	959
9	1,040
10	1,130

plus nine dollars ($9) for each additional needy person.

(3) (A) No adjustment shall be made under this section for the 1990–91 fiscal year to reflect any change in the cost of living.

(B) Any cost-of-living adjustment under this section for the 1991–92 fiscal year and any fiscal year thereafter pursuant to Section 11453 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

(b) The minimum basic standard of adequate care shall also include the amount or amounts resulting from an allowance for recurring special needs, as specified in subdivision (e) Section 11450, and the amount or amounts resulting from the granting of a nonrecurring special need, equal to the amounts specified in paragraphs (1) and (2) of subdivision (f) of Section 11450.

(c) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this section.

SEC. 4. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. (a) The amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living occurring after December 1982, so that the first such adjustment becomes effective July 1, 1984, and subsequent adjustments shall take effect each July 1 thereafter. The cost-of-living adjustment shall be calculated by the Commission on State Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$5,723

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the

Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

(b) The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

(c) (1) No adjustment shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91 fiscal year to reflect any change in the cost of living.

(2) Adjustments for the 1991–92 fiscal year and fiscal years thereafter pursuant to this section shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

SEC. 5. Section 11465 of the Welfare and Institutions Code is amended to read:

11465. (a) When a child is living with a parent who receives AFDC-FC benefits, the rate paid to the provider on behalf of the parent shall include an amount for care and supervision of the child.

(b) For each category of eligible licensed community care facility, as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) (1) Subject to the availability of funds, for the 1989–90 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

(2) No adjustment shall be made under this section for the 1990–91 fiscal year to reflect any change in the cost of living.

(3) Any cost-of-living adjustment under this section for the

1991–92 fiscal year and any fiscal year thereafter pursuant to Section 11453 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

SEC. 6. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) The payment schedules to go into effect January 1, 1985, and on January 1 of each year thereafter, shall be the amounts set forth for January 1, 1984, in Section 12200, as adjusted to reflect any increases or decreases in the cost of living occurring after December 31, 1982. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$5,723

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends twelve months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year

by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1990–91 fiscal year to reflect any change in the cost of living.

(2) Any cost-of-living adjustment under this section for the 1991–92 fiscal year and any fiscal year thereafter pursuant to Section 11453 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

SEC. 7. Section 12201.5 of the Welfare and Institutions Code is amended to read:

12201.5. Notwithstanding the provisions of Section 12200, the amount applicable under that section to a disabled minor residing in a nonmedical out-of-home facility with a nonrelative guardian shall be the amount specified in subdivision (g) of that section, as adjusted for cost of living pursuant to Section 12201, except as provided in subdivision (d) of Section 12201.

SEC. 8. Section 13920 of the Welfare and Institutions Code is amended to read:

13920. For a person living in a nonmedical out-of-home care facility the department may establish varying allowances for room, board and care, provided that the minimum allowance shall not be less than four hundred five dollars ($405) per month and the amount so established shall be subject to the provisions set forth in Section 12201. However, no cost-of-living adjustment shall be provided for the period from July 1, 1982, to September 30, 1982, inclusive, except to the extent funds may be provided therefor by the Budget Act of 1982. No cost-of-living adjustment shall be made for the 1990–91 fiscal

year. Any cost-of-living adjustment under this section for the 1991–92 fiscal year and any fiscal year thereafter shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

The room, board, and care allowance established pursuant to this section does not include the personal and incidental needs established pursuant to Section 13921.

SEC. 9. Section 13921 of the Welfare and Institutions Code is amended to read:

13921. The department shall establish a range of amounts for the personal and incidental needs of recipients in out-of-home care under this chapter provided that the minimum amount for personal and incidental needs shall not be less than fifty-nine dollars ($59) per month and that the range of amounts so established shall be subject to the provisions set forth in Section 12201. No cost-of-living adjustment shall be made for the 1990–91 fiscal year. Any cost-of-living adjustment under this section for the 1991–92 fiscal year and any fiscal year thereafter shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

SEC. 10. The Legislature finds and declares as follows:

(a) It is the intent of the Legislature to improve the health status of Medi-Cal beneficiaries at the least possible cost to the state.

(b) The Medi-Cal program is a large purchaser of drugs and should be entitled to employ usual business practices in securing drugs at discount prices.

(c) A customary business practice for drug manufacturers and distributors is to offer discount prices and rebates on drugs to their large volume purchasers, including other governmental agencies.

(d) In order to enable Medi-Cal to purchase drugs in the most cost-competitive manner and employ customary business practices, it is necessary to allow the State Department of Health Services to replace the Medi-Cal drug formulary with a list of contract drugs.

(e) It is the intent of the Legislature that the list of contract drugs contain a comprehensive mix of single-source and multiple-source drugs, sufficient to ensure beneficiary access to appropriate drug therapies.

(f) The Legislature intends that Medi-Cal beneficiaries have available a comprehensive range of drug products and hereby directs the department to favorably review manufacturers' requests for drug product addition when those requests are accompanied with an acceptable best price contract offer, and the drug product otherwise meets the five criteria enumerated in Section 14105.39(d).

(g) It is the intent of the Legislature that the department improve the telephone access of providers to the current drug treatment authorization process. The department intends to meet this objective by expanding the resources available to the field offices, consistent with proposals included in the Budget Act of 1990. These additional resources are intended to increase availability of field office staff to providers. The Legislature further intends that the

department respond to provider requests within 10 rings, or provide a secondary answering system to record provider calls. It is also intended that the department develop performance standards for responding to provider calls, consistent with the advances in technology the department is currently pursuing. In no event should these performance standards exceed eight working hours.

SEC. 11. Section 14053.5 of the Welfare and Institutions Code is amended to read:

14053.5. For the purposes of the Medi-Cal Act, the terms "prescribed drug" and "prescription drug" shall not include any drug which, because of differing prices charged by the manufacturer on a discriminatory basis or discriminatory refusal to sell by the manufacturer, or both, is not available on the same terms and conditions to all providers of prescription services, or any drug which is found to be overpriced in comparison to another drug which has an equivalent therapeutic effect, unless the director determines that the drug is vital to the program and no acceptable substitute is available.

Before the director determines that any drug has an equivalent therapeutic effect in comparison to another drug, or is vital to the program and no acceptable substitute is available, he must have received a report to that effect from the Medi-Cal Contract Drug Advisory Committee.

Nothing in this section shall be construed to apply to quantity or other nondiscriminatory discounts available on the same terms and conditions to all providers of prescription services, to sales by competitive bidding to federal, state or local governmental agencies, or to sales to wholesalers so long as the manufacturer does not require or induce the wholesalers to make the drug available other than on the same terms and conditions to all providers of prescription services.

This section shall not be construed to deny reimbursement to hospitals for prescribed drugs furnished to inpatients or, unless the regulations provide to the contrary, to registered outpatients.

SEC. 12. Section 14105.31 is added to the Welfare and Institutions Code, to read:

14105.31. For purposes of the Medi-Cal contract drug list, the following definitions shall apply:

(a) "Single-source drug" means a drug which is produced and distributed under an original New Drug Application approved by the federal Food and Drug Administration. This shall include a drug marketed by the innovator manufacturer and any cross-licensed producers or distributors operating under the New Drug Application. A drug ceases to be a single-source drug when the same drug in the same dosage form and strength manufactured by another manufacturer is approved by the federal Food and Drug Administration under the provisions for an Abbreviated New Drug Application.

(b) "Best price" means the negotiated price, or the

manufacturer's lowest price available to any class of trade organization or entity, including, but not limited to, wholesalers, retailers, hospitals, repackagers, providers, or governmental entities within the United States, which contracts with a manufacturer for a specified price for drugs, inclusive of cash discounts, free goods, volume discounts, rebates, and on- or off-invoice discounts or credits.

(c) "Equalization payment amount" means the amount negotiated between the manufacturer and the department for reimbursement by the manufacturer, as specified in the contract.

(d) "Manufacturer" means any person, partnership, corporation, or other institution or entity which is engaged in the production, preparation, propagation, compounding, conversion, or processing of drugs, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or in the packaging, repackaging, labeling, relabeling, and distribution of drugs.

(e) "Price escalator" means a mutually agreed upon price specified in the contract, to cover anticipated cost increases over the life of the contract.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 13. Section 14105.33 is added to the Welfare and Institutions Code, to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed upon price escalators, as defined in that section. In no event shall the department require a manufacturer to provide a price lower than its lowest price to any class of trade, organization, or entity. The contracts shall provide for an equalization payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, based on utilization data from the department's prescription drug paid claims tapes.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient

representation of single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) (1) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(2) The department shall make every attempt to complete the initial contracting process for each major therapeutic category by January 1, 1994.

(e) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(f) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act, at Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(g) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. These services shall be provided to individual beneficiaries in accordance with the client's needs as identified in the plan of care, and subject to medical necessity and applicable utilization control.

The director may under this section contract with organizations qualified to provide, directly or by subcontract, services provided for in this subdivision to eligible beneficiaries. Contracts or agreements entered into pursuant to this division shall not be subject to the Public Contract Code.

(z) Respiratory care when provided in organized health care systems as defined in Section 3701 of the Business and Professions Code, and as an in-home medical care service as outlined in subdivision (s).

SEC. 30. Section 14132d of the Welfare and Institutions Code, as added by Assembly Bill 4104 of the 1989–90 Regular Session, is amended to read:

14132d. Any purchase of prescribed drugs is covered under this chapter subject to the Medi-Cal list of contract drugs and utilization controls.

SEC. 31. Section 14133.2 of the Welfare and Institutions Code is amended to read:

14133.2. The director shall include in the Medi-Cal list of contract drugs any drug approved for the treatment of cancer by the Federal Food and Drug Administration. These drugs shall be exempt from the contract requirements of Section 14105.33.

SEC. 32. Article 5.5 (commencing with Section 14180) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 33. Article 3.7 (commencing with Section 14125) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.7. Incontinence Medical Supplies

14125. The purpose of this article is to establish provider estimated acquisition costs for incontinence medical supplies covered by the Medi-Cal program. Reimbursement for incontinence medical supplies shall consist of the estimated acquisition cost plus a dispensing or markup fee as determined by the department in regulations. The estimated acquisition cost shall be the median price charged for the manufacturer's product, which shall not exceed the maximum median price charged as calculated pursuant to Section 14125.6.

14125.1. Unless the context requires otherwise, the definitions set forth in this section shall govern the construction and meaning of the terms and phrases used in this article.

(a) "Incontinence medical supplies" means disposable medical supplies that are covered benefits under the Medi-Cal program pursuant to subdivision (m) of Section 14132 when prescribed by a physician for the treatment of individuals who are incontinent. Incontinence medical supplies include, but are not limited to, disposable diapers, briefs, underpads, undergarments, liners or pads, and skin care products.

(b) "Department" means the State Department of Health Services.

(c) "Median price charged" means the middle or median price, for each product, of all prices a manufacturer or principal labeler charges to dealers who sell to consumers. Each manufacturer or principal labeler shall have a median price charged for each product covered by the Medi-Cal program.

(d) "Manufacturer" means any person, partnership, or corporation who assembles or combines the components of incontinence supplies into a final product sold to dealers.

(e) "Principal labeler" means any person, partnership, or corporation who purchases from a manufacturer an assembled product which is sold to dealers under the principal labeler's label.

(f) "Dealer" means any person, partnership, corporation, or other entity that is recognized by the manufacturer or principal labeler as a provider or retail outlet for its line of incontinence medical supplies, and which provide these supplies directly to consumers. The term "dealer" includes a retailer.

14125.2. (a) To qualify for Medi-Cal coverage a product shall be in general retail distribution, sold to the general public, and comply with any standards for products established by law or regulation. No product that is manufactured, distributed, or otherwise promoted for the exclusive use of beneficiaries of the Medi-Cal program shall be a Medi-Cal benefit.

(b) In order to qualify as a Medi-Cal provider of incontinence medical supplies, a dealer shall have an established place of business that is readily identifiable as a medical supply business, be open to the general public at regularly established business hours, have incontinence supplies in stock on the premises or in a warehouse under the provider's direct control, and meet all local laws and ordinances regarding business licensing and operations. The department shall establish additional rules and regulations for participation in the Medi-Cal program as it deems necessary to ensure adequate safeguards to the integrity of the Medi-Cal program.

14125.3. The department shall establish an estimated acquisition cost for each incontinence medical supply product for each approved manufacturer or principal labeler, which shall be the median price charged for that product. A principal labeler shall identify the actual manufacturer of each product covered by the Medi-Cal program. The estimated acquisition cost established for a principal labeler shall not exceed the estimated acquisition cost established for the actual manufacturer of each product.

14125.4. The manufacturers and principal labelers shall submit factual median prices. The department shall supply specific instructions to manufacturers and principal labelers for calculation of median price charged. Manufacturers and principal labelers shall submit documentation of the median price charged calculation, and other data and documentation as required by the department, with

the request for median price charged establishment. The department may require proof of sale to retailers at prices claimed before establishing a median price charged. The department shall review median price charged, and update the median price charged at the request of the manufacturer, principal labeler, or dealer, or upon its own initiative. The department shall promulgate regulations specifying the required frequency of review and update of the median price charged.

14125.5. (a) For the median price charged calculation, manufacturers and principal labelers shall array eligible prices in ascending order and report the median price. From that price, any long-term discounts or rebates offered any customer shall be deducted. In the event there is an even number of prices, the mean of the two middle prices shall be used.

(b) For purposes of this article, long-term discounts or rebates shall not include:

(1) Cash discounts of 2 percent or less.

(2) Temporary promotion allowances, that do not exceed 45 days, that require dealer merchandising or advertising performance.

(3) Cooperative advertising or merchandising agreements, or both in combination, that do not exceed 5 percent of product sales.

(c) In calculating the median price charged, prices offered but not charged shall not be considered. Prices reported shall not include prices to the individual consumer, and prices developed solely for the purpose of obtaining a higher median price charged.

14125.6. (a) The department shall establish upper limits to the estimated acquisition costs for each product category of incontinence medical supplies.

(b) The maximum estimated acquisition cost shall be the lower of either: (1) the manufacturer's or principal labeler's median price charged, or (2) the median of median prices charged for the three national name brands which have the highest unit sales on a national basis in each product category.

(c) If there are not three national name brands for a product category, the department may establish the upper limit in that product category. National name brands shall be those brands reported by a national marketing research firm tracking product movement and pricing through retail drug stores. The selection of a national marketing research firm shall be at the discretion of the department.

(d) The department shall define each product category considering the following:

(1) Whether the product is designed for adults or children.

(2) Product size.

(3) Severity of incontinence for which the product is designed.

(4) Manufacturer's absorbency classification of regular or extra absorbent.

14125.65. Notwithstanding Sections 14125, 14125.3, 14125.5, and 14125.6, the department shall consider any testimony, provided

during the process of adopting regulations, regarding the ability of small volume dealers to purchase incontinence medical supplies at the median price charged, and may, through adoption of regulations, make adjustments to the estimated acquisition costs for small volume dealers above the median price charged. Nothing in this section shall be construed to mean that the actual acquisition costs of all dealers must be met.

14125.7. All pricing, discounts, and rebates, except as specified in subdivision (b) of Section 14125.5, shall be reported. Any manufacturer or principal labeler offering discounts, rebates, or any other financial inducement, that fails to report this information as required, or any person who knowingly and willfully submits false pricing information requested by the department, is in violation of this section. Any Medi-Cal provider who solicits, or enters into a collusive arrangement with manufacturers or principal labelers, to obtain unreported prices, discounts, or rebates, or who as part of the application process, or in an effort to maintain continued participation in the Medi-Cal program, knowingly and willfully submits false information to the department, is in violation of this section. For each offense, violators are subject to expulsion from participation in the Medi-Cal program, imprisonment in the county jail, or in the state prison for three, four, or five years, by a fine not to exceed five hundred thousand dollars ($500,000), or by any combination of expulsion, fine, and imprisonment.

14125.8. (a) In order to more fully identify the owner or owners of companies or corporations that apply to be or currently are providers of incontinence medical supplies, within 30 days of the receipt of a request from the department, or a request to the department from the Department of Justice, the applicant or provider shall provide, as part of the application process or as a condition of continued participation in the Medi-Cal program, the following:

(1) The name of the corporation, the official titles of the applicants, and a list of all the corporate officers.

(2) The California driver's license or California identification card number of the applicants, coowners, corporate officers, and financially interested parties.

(3) The applicant's business permit control number, issued by the State Board of Equalization, for the business location where services are rendered to the public.

(4) A statement of all current sources of capital, identity of all investors, disclosure of all manufacturers, suppliers, and providers currently doing business with the applicant, and disclosure of all entities to whom the applicant has extended a line of credit.

(5) A statement certifying that all information supplied pursuant to this section is accurate.

(b) A Medi-Cal provider of incontinence supplies shall not submit a claim for goods or services to the department prior to the date the goods or services are delivered to the Medi-Cal beneficiary. The date

of delivery to a beneficiary shall be the earlier of the date the beneficiary actually received the goods or services, or the date the goods were posted or otherwise dispatched from the provider's premises and control. A claim submitted to the department prior to the date of delivery shall not be paid. Violation of this subdivision shall be grounds for expulsion from the Medi-Cal program.

(c) The department may implement a 180-day moratorium on the issuance of new provider numbers for incontinence medical supply dealers when the department determines this action is necessary to safeguard public funds or to maintain the fiscal integrity of the program.

14125.9. Nothing in this section shall be interpreted as limiting or interfering in any way with the department's authority to contract for the provision of incontinence medical supplies pursuant to subdivision (b) of Section 14105.3.

SEC. 34. (a) Except as provided in subdivision (b), the department shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code within 120 days of the enactment of this act to implement Section 12 of this act. The adoption of regulations pursuant to this section in order to implement Section 12 of this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted pursuant to this section within 120 days of the enactment of this act shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all of the provisions of Chapter 3.5 (commencing with Section 11340) as required by subdivision (e) of Section 11346.1 of the Government Code.

(b) The dispensing or markup fee, which is a factor in reimbursement for incontinence medical supplies as described in Section 14125 of the Welfare and Institutions Code, shall not be changed or adopted pursuant to the authorization to adopt emergency regulations set forth in subdivision (a).

SEC. 35. (a) Notwithstanding any other provision of law, counties shall not be required to provide notice, as required under Section 1442 of the Health and Safety Code, or to hold public hearings as required under Section 1442.5 of the Health and Safety Code, for 60 days after enactment of the Budget Act of 1990 for any reductions in, or the elimination of, services provided to indigents as a direct result of state-level funding reductions. However, the county shall hold a hearing on any cuts or reductions taken under this section within 30 days of the action to reduce or eliminate services. The county shall provide notice of the hearing on or before the date of the action.

(b) For the 1990–91 fiscal year, nothing in this act shall require any county to exceed the standard of care provided by the state Medi-Cal or federal Medicaid programs. Notwithstanding any other provision of law, counties shall not be required to increase eligibility or expand the scope of services in the 1990–91 fiscal year for their programs.

SEC. 36. The State Department of Health Services may adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, to implement Sections 13 to 28, inclusive, and Sections 30 to 33, inclusive, of this act. The adoption of those regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department in order to implement Sections 13 to 28, inclusive, and Sections 30 to 33, inclusive, of this act shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 37.

SEC. 38. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 39. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to be operative for the entire 1990–91 fiscal year and so facilitate the orderly administration of the public assistance system, it is necessary that this act take effect immediately.

CHAPTER 457

An act to amend Sections 12303.4, 12303.5, 12304, 14105.31, 14105.33, 14105.37, 14105.38, 14105.39, 14105.4, 14105.42, 14105.45, and 16702 of, to amend and repeal Section 14105.35 of, to add Sections 12303.6, 14105.4, 14105.406, 14105.41, 14105.42, 14105.91, 14105.915, and 14105.916 to, the Welfare and Institutions Code, and to amend Sections 10, 34, and 35 of Assembly Bill 3573 of the 1989–90 Regular Session, relating to public assistance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 12303.4 of the Welfare and Institutions Code is amended to read:

12303.4. For the period July 1, 1988, to June 30, 1991, inclusive, Sections 12303.5 and 12304 shall not be operative and the following shall apply:

(a) (1) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), and who is not described in Section 12304, shall receive services under this article which do not exceed the maximum of 195 hours per month in the individual provider mode of service delivery. In no event shall recipients experience a reduction in the number of hours they were receiving during the month of June 1988, without a reassessment of need.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number of service hours per month to 195 hours times the statewide wage rate per hour for the individual provider mode as calculated by the department and by dividing this product by the hourly cost of the mode of service to be provided.

(b) (1) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e) of Section 12304, shall be eligible to receive services under this article, the total of which shall not exceed a maximum of 283 hours per month in the individual provider mode of service delivery. In no event shall recipients experience a reduction in the number of hours they were receiving during the month of June 1988, without a reassessment of need.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number of service hours per month to 283 hours times the statewide wage per hour for the individual provider as calculated by the department and

dividing this product by the hourly cost rate of the mode of service to be provided.

This section shall remain operative only until July 1, 1991, and as of January 1, 1992, is repealed, unless a later enacted statute extends or repeals that date.

SEC. 2. Section 12303.5 of the Welfare and Institutions Code is amended to read:

12303.5. Except as provided in Sections 12303.6 and 12304, no one individual recipient shall receive services under this article, the total cost of which exceeds eight hundred twenty-nine dollars ($829) in any one month. The eight hundred twenty-nine dollars ($829) maximum specified under this section shall be adjusted annually to reflect cost-of-living changes occurring subsequent to January 1, 1990, so that the first such adjustment becomes effective July 1, 1991. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$ 5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure

category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the maximum payment in effect during the month of June preceding the fiscal year in which the adjustments are to occur, and, notwithstanding Section 11017.1, the product rounded down to the nearest dollar. The resultant amount shall constitute the new maximum payment.

SEC. 3. Section 12303.6 is added to the Welfare and Institutions Code, to read:

12303.6. (a) No adjustment shall be made under this article for the 1990–91 fiscal year to reflect any change in the cost of living.

(b) Any cost-of-living adjustment under this article for the 1991–92 fiscal year and any fiscal year thereafter pursuant to Section 12303.5 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 fiscal year.

SEC. 4. Section 12304 of the Welfare and Institutions Code is amended to read:

12304. (a) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500) who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e), shall be eligible to receive services under this article, the total cost of which does not exceed one thousand two hundred three dollars ($1,203) per month, plus adjustments reflecting cost-of-living changes subsequent to January 1, 1990, as determined under Section 12303.5, so that the first such adjustment becomes effective July 1, 1991. Increases in the maximum amount payable under this section shall not be construed to mean automatic increases in the amounts payable under this article.

(b) An individual who is eligible for services subject to the maximum amount specified in subdivision (a) and who is capable of handling his or her own financial and legal affairs shall be given the option of hiring and paying his or her own provider of in-home supportive services. For this purpose the individual shall be entitled to receive a monthly cash payment in advance not to exceed the maximum amount specified in subdivision (a), which is in addition to his or her grant, if any. An individual who is not capable of handling his or her own financial and legal affairs shall be entitled to receive the cash payment through his or her guardian, conservator,

or protective payee.

(c) In no event shall the maximum total cost for services and advance cash payment for one individual recipient under subdivisions (a) and (b) exceed the maximum of one thousand two hundred three dollars ($1,203) per month, as adjusted pursuant to subdivision (a).

(d) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

(e) For purposes of this section, a recipient who is eligible for services subject to the maximum amount specified in subdivision (a) is one who requires in-home supportive care of at least 20 hours per week to carry out any or all of the following:

(1) Routine bodily functions, such as bowel and bladder care and respiration assistance.

(2) Dressing, oral hygiene, and grooming.

(3) Preparation and consumption of food and meal cleanup for individuals who require assistance with the preparation and consumption of food.

(4) Moving into and out of bed, other assistance in transferring, turning in bed, and other repositioning.

(5) Bathing, routine bed baths, and washing.

(6) Ambulation and care and assistance with prostheses.

(7) Rubbing of skin to promote circulation.

(8) Paramedical services.

(9) Any other function of daily living as determined by the director.

This determination of need shall be supported by a medical report when requested and shall be prepared at the expense of the State Department of Social Services.

SEC. 5. Section 14105.31 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.31. For purposes of the Medi-Cal contract drug list, the following definitions shall apply:

(a) "Single-source drug" means a drug which is produced and distributed under an original New Drug Application approved by the federal Food and Drug Administration. This shall include a drug marketed by the innovator manufacturer and any cross-licensed producers or distributors operating under the New Drug Application. A drug ceases to be a single-source drug when the same drug in the same dosage form and strength manufactured by another manufacturer is approved by the federal Food and Drug Administration under the provisions for an Abbreviated New Drug Application.

(b) "Best price" means the negotiated price, or the manufacturer's lowest price available to any class of trade organization or entity, including, but not limited to, wholesalers, retailers, hospitals, repackagers, providers, or governmental entities

within the United States, which contracts with a manufacturer for a specified price for drugs, inclusive of cash discounts, free goods, volume discounts, rebates, and on- or off-invoice discounts or credits, based upon the manufacturer's commonly used package sizes for the drug.

(c) "Equalization payment amount" means the amount negotiated between the manufacturer and the department for reimbursement by the manufacturer, as specified in the contract.

(d) "Manufacturer" means any person, partnership, corporation, or other institution or entity which is engaged in the production, preparation, propagation, compounding, conversion, or processing of drugs, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or in the packaging, repackaging, labeling, relabeling, and distribution of drugs.

(e) "Price escalator" means a mutually agreed upon price specified in the contract, to cover anticipated cost increases over the life of the contract.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 6. Section 14105.33 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed upon price escalators, as defined in that section. In no event shall the department require a manufacturer to provide a price lower than its lowest price to any class of trade, organization, or entity. The contracts shall provide for an equalization payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, based on utilization data from the department's prescription drug paid claims tapes.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient

representation of single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) (1) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(2) The department shall make every attempt to complete the initial contracting process for each major therapeutic category by January 1, 1993.

(e) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(f) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(g) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to detemine if an appropriate substitute medication is available from Medi-Cal.

(h) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 7. Section 14105.35 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.35. (a) (1) On and after July 1, 1990, drugs included on the Medi-Cal drug formulary shall be included on the list of contract drugs until the department and the manufacturer have concluded contract negotiations or the department suspends the drug from the list of contract drugs pursuant to the provisions of this subdivision.

The department shall, in writing, invite any manufacturer with single-source drug products on the formulary as of July 1, 1990, to enter into negotiations relative to the retention of its drug or drugs. As to the issue of cost, the department shall accept the manufacturer's best price as sufficient for purposes of entering into a contract to retain the drug or drugs on the list of contract drugs.

If the department and a manufacturer enter into a contract for retention of a drug or drugs on the list of contract drugs, the drug or drugs shall be retained on the list of contract drugs for the effective term of the contract.

If a manufacturer refuses to enter into negotiations with the department pursuant to this subdivision, or if after 30 days of

negotiation, the manufacturer has not agreed to execute a contract for a drug at the manufacturer's best price, the department may suspend from the list of contract drugs the manufacturer's single-source drug in question for a period of at least 180 days. The department shall lift the suspension upon execution of a contract for that drug. Consistent with the provisions of this section, the department shall delete the Medi-Cal drug formulary specified in paragraphs (b), (c), (d), and (e) of Section 59999 of Title 22 of the California Code of Regulations.

(2) On and after July 1, 1990, the director may retain a drug on the Medi-Cal list of contract drugs even if no contract is executed with a manufacturer, if the director determines that an essential need exists for that drug, and there are no other drugs currently on the formulary that meet that need.

(3) The director may delete a drug from the list of contract drugs if the director determines that the drug presents problems of safety or misuse. The director's decision as to safety shall be based upon published medical literature, and the director's decision as to misuse shall be based on published medical literature and the director's decision claims data supplied by the fiscal intermediary.

(b) Any reference to the Medi-Cal drug formulary by statute or regulation shall be construed as referring to the list of contract drugs.

(c) (1) Any drug in the process of being added to the formulary by contract agreement pursuant to Section 14105.3, executed prior to the effective date of this section, shall be added to the list of contract drugs.

(2) Contracts pursuant to Section 14105.3 executed prior to January 1, 1991, shall be considered to be contracts executed pursuant to Section 14105.33, and the department shall exempt the drugs included in these contracts from the initial therapeutic category review in which they would normally be considered.

(3) Nothing in this section shall be construed to require the department to discontinue negotiations into which it has entered with any manufacturer as of the effective date of this section. Contracts entered into as a result of these negotiations shall be exempt from the initial therapeutic category review in which they would normally be considered.

(d) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 8. Section 14105.37 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.37. (a) The department shall notify each manufacturer of drugs in therapeutic categories selected pursuant to Section 14105.33 of the provisions of Sections 14105.31 to 14105.42, inclusive.

(b) If, within 30 days of notification, a manufacturer does not enter into negotiations for a contract pursuant to those sections, the department may suspend or delete from the list of contract drugs, or

refuse to consider for addition, drugs of that manufacturer in the selected therapeutic categories.

(c) If, after 120 days from the initial notification, a contract is not executed for a drug currently on the list of contract drugs, the department may suspend or delete the drug from the list of contract drugs.

(d) If, within 120 days from the initial notification, a contract is executed for a drug currently on the list of contract drugs, the department shall retain the drug on the list of contract drugs.

(e) If, within 120 days from the date of the initial notification, a contract is executed for a drug not currently on the list of contract drugs, the department shall add the drug to the list of contract drugs.

(f) The department shall terminate all negotiations 120 days after the initial notification.

(g) The department may suspend or delete any drug from the list of contract drugs at the expiration of the contract term or when the contract between the department and the manufacturer of that drug is terminated.

(h) Any drug suspended from the list of contract drugs pursuant to this section shall be subject to prior authorization, as if that drug were not on the list of contract drugs.

(i) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 for at least 12 months may be deleted from the list of contract drugs in accordance with the provisions of Section 14105.38.

(j) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 9. Section 14105.38 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.38. (a) (1) In the event the department determines a drug should be deleted from the list of contract drugs, the department shall conduct a public hearing, as provided in this section, to receive comment on the impact of removing the drug.

(2) (A) The department shall provide written notice 30 days prior to the hearing.

(B) The department shall send the notice required by this subdivision to the manufacturer of the drug proposed to be deleted and to organizations representing Medi-Cal beneficiaries.

(b) (1) The hearing panel shall consist of the Chief, Medi-Cal Drug Discount Program, who shall serve as chair, and the Medi-Cal Contract Drug Advisory Committee.

(2) The hearing shall be recorded and transcribed, and the transcript available for public review.

(3) Subsequent to hearing all public comment, and within 30 days of the hearing, each panel member shall submit a recommendation regarding deletion of the drug and the reason for the recommendation to the director.

(c) The director shall consider public comments provided at the hearing and the recommendations of each panel member in determining whether to delete the drug.

(d) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 10. Section 14105.39 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.39. (a) (1) A manufacturer of a new single-source drug may request inclusion of its drug on the list of contract drugs pursuant to Section 14105.33 provided all of the following conditions are met:

(A) The request is made within 12 months of approval for marketing by the federal Food and Drug Administration.

(B) The manufacturer agrees to negotiate a contract with the department to provide the drug at the manufacturer's best price.

(C) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(D) The department had concluded contracting for the therapeutic category in which the drug is included prior to approval of the drug by the federal Food and Drug Administration.

(2) Within 90 days from receipt of the request, the department shall evaluate the request using the criteria identified in subdivision (d).

(b) Any petition for the addition to or deletion of a drug to the Medi-Cal drug formulary submitted prior to the effective date of this section, shall be deemed to be denied. A manufacturer who has submitted a petition deemed denied may request inclusion of that drug on the list of contract drugs provided all of the following conditions are met:

(1) The manufacturer agrees to negotiate for a contract with the department to provide the drug at the manufacturer's best price.

(2) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(3) The manufacturer submits the request to the department prior to October 1, 1990.

(c) Any new drug designated as having an important therapeutic gain and approved for marketing by the federal Food and Drug Administration on or after the effective date of this section, shall immediately be included on the list of contract drugs for a period of three years provided that all of the following conditions are met:

(1) The manufacturer offers the department its best price.

(2) The drug is typically administered in an outpatient setting.

(3) The drug is prescribed only for the indications and usage specified in the federal Food and Drug Administration approved labeling.

(4) The drug is determined by the director to be safe, relative to other drugs in the same therapeutic category on the list of contract

drugs.

(d) (1) To ensure that the health needs of Medi-Cal beneficiaries are met consistent with the intent of this chapter, the department shall, when evaluating a decision to execute a contract, and when evaluating drugs for retention on, addition to, or deletion from, the list of contract drugs, use all of the following criteria:

(A) The safety of the drug.

(B) The effectiveness of the drug.

(C) The essential need for the drug.

(D) The potential for misuse of the drug.

(E) The cost of the drug.

(2) The deficiency of a drug when measured by one of these criteria may be sufficient to support a decision that the drug should not be added or retained, or should be deleted from the list. However, the superiority of a drug under one criterion may be sufficient to warrant the addition or retention of the drug, notwithstanding a deficiency in another criterion.

(3) Notwithstanding paragraph (2) of this subdivision, when a manufacturer requests inclusion of a drug on the list of contract drugs pursuant to subdivision (a) or (b) of this section, as to the issue of cost, the department shall accept the manufacturer's best price as sufficient for purposes of entering into negotiations for a contract to place the drug on the list of contract drugs if the following condition is met:

The course of therapy cost of the drug, as compared to the course of therapy cost of drugs within the same category currently on the list of contract drugs, would result in a savings to the drug portion of the Medi-Cal program if the drug were added to the list of contract drugs.

Nothing shall preclude the department from adding drugs to the list of contract drugs that do not meet the above-referenced condition.

(e) (1) A manufacturer of single-source drugs denied a contract pursuant to this section or Section 14105.33 or 14105.37, may file an appeal of that decision with the director within 30 calendar days of the department's written decision.

(2) Within 30 calendar days of the manufacturer's appeal, the director shall request a recommendation regarding the appeal from the Medi-Cal Contract Drug Advisory Committee. The committee shall provide its recommendation in writing, within 30 calendar days of the director's request.

(3) The director shall issue a final decision on the appeal within 30 calendar days of the recommendation.

(f) Changes made to the list of contract drugs, including those made pursuant to Section 14105.37, shall become effective no sooner than 30 days after publication of the changes in provider bulletins.

(g) Changes made to the list of contract drugs under this or any other section are exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with

Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law.

(h) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 11. Section 14105.4 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.4. (a) The director shall appoint a Medi-Cal Contract Drug Advisory Committee for the purpose of providing scientific and medical analysis on drugs contained on the list of contract drugs. The duties of the committee shall be as follows:

(1) To review drugs in the Medi-Cal list of contract drugs and make written recommendations to the director as to the addition of any drug or the deletion of any drug from the list. These recommendations shall be in accordance with subdivision (d) of Section 14105.39.

(2) To review and report in writing to the director as to the comparative therapeutic effect of drugs in accordance with Section 14053.5.

(3) To prepare a fair, impartial, and independent recommendation in writing, regarding appeals from manufacturers made pursuant to subdivision (e) of Section 14105.39.

(b) The committee shall consist of at least one representative from each of the following groups:

(1) Physicians.

(2) Pharmacists.

(3) Schools of pharmacy or pharmacologists.

(4) Med-Cal beneficiaries

(c) Members of the committee shall be reimbursed for necessary travel and other expenses incurred in the performance of official committee duties.

(d) In order to provide sufficient scientific information and analysis in the therapeutic categories under review, the director may replace a representative if required for specific expertise.

(e) The director shall notify the committee of the decisions made on the recommendations.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 12. Section 14105.4 is added to the Welfare and Institutions Code, to read:

14105.4. (a) The department shall schedule and conduct a public regulatory hearing to consider the addition of a drug to, or the deletion of a drug from, the Medi-Cal drug formulary five working days subsequent to the Medical Therapeutic and Drug Advisory Committee meeting which shall meet at least every four months.

The public hearing may consist of written testimony only, and the hearing record shall be closed at the end of the public hearing.

(b) The department shall make available 45 days prior to the public hearing the department's estimate of any anticipated costs or savings to the state from adding a drug product to, or deleting a drug product from, the Medi-Cal drug formulary.

(c) Whenever the department accepts a completed petition to add a drug product to the Medi-Cal drug formulary and it is not processed pursuant to Section 14105.9, it shall be scheduled for review at the next regularly scheduled Medical Therapeutic and Drug Advisory Committee meeting and public regulatory hearing, unless the meeting and hearing are scheduled to occur within 120 days, in which case the drug product may be scheduled for the following hearing.

(d) The director shall issue a final decision regarding the drug product and shall submit any regulation adding a drug product to, or deleting a drug product from, the Medi-Cal drug formulary to the Office of Administrative Law, along with the completed rulemaking record, within seven months after the hearing prescribed in subdivision (a). This section shall not, however, be construed in a manner which results in the disapproval or invalidation of a regulation for failure to comply with the time frames prescribed in this subdivision and subdivisions (a) and (c).

(e) (1) Except as provided in paragraph (2), the criteria used by the department in deciding whether a drug product shall be added to or deleted from the formulary shall be limited to the criteria adopted as department regulations. The criteria shall be specific and unambiguous.

(2) Notwithstanding paragraph (1), either of the following may be submitted by the manufacturer in lieu of the Summary Basis of Approval prepared by the federal Food and Drug Administration for that drug:

(A) The federal Food and Drug Administration's approval or approvable letter for the drug and federal Food and Drug Administration's approved labeling.

(B) The federal Food and Drug Administration's medical officers' and pharmacologists' reviews and the federal Food and Drug Administration's approved labeling.

(f) Departmental requests for information from persons filing drug petitions to which this section applies shall be specific and unambiguous and shall be made solely for the purpose of addressing the criteria utilized in accordance with subdivision (e).

(g) All published studies received by the department pursuant to a drug petition prior to the close of the public regulatory hearing record shall be accepted and considered by the department.

(h) Whenever the director decides to reject a petition to add a drug product to, or delete a drug product from, the formulary, the director shall notify the petitioner directly and in writing indicating the reason and specifying the criteria utilized in reaching the

decision.

(i) The department shall accept a petition for a drug that has been rejected by the director upon the submission of another complete petition containing substantial new information that addresses the reason or reasons for rejection stated by the director pursuant to subdivision (h). Any petition accepted pursuant to this subdivision shall be processed in accordance with subdivision (c), or Section 14105.9, whichever is applicable.

(j) This section shall become operative on January 1, 1993.

SEC. 13. Section 14105.406 is added to the Welfare and Institutions Code, to read:

14105.406. The director shall, in considering suspension or deletion of drugs from the list of contract drugs, ensure that the department has the ability to process drug treatment authorization requests (TARs) without substantial degradation of the level of service, including response time, to providers which was in effect July 1, 1990.

In considering suspension or deletion of drugs, the director shall seek the advice of the Chief of the Field Services Branch and the Medi-Cal Contract Drug Advisory Committee.

If the treatment authorization request reports provided in subdivision (b) of Section 14105.42 indicate a substantial degradation in the level of service, including response time, for processing TARs, the director shall, within 60 days, hold a public hearing on the functioning of the TAR system.

Subsequent to the hearing, the director shall consult with at least two members of each group represented on the Medi-Cal Contract Drug Advisory Committee as provided in subdivision (b) of Section 14105.4 and take appropriate action to remedy the problem areas discussed in the report and in the public hearing.

Based upon the information gathered as a result of the reports and public hearing referred to above, and in consultation with the Medi-Cal Contract Drug Advisory Committee, the director may add drugs which previously had been suspended or deleted to the list of contract drugs.

SEC. 14. Section 14105.41 is added to the Welfare and Institutions Code, to read:

14105.41. (a) For the purpose of adding drugs to, or deleting drugs from, the Medi-Cal drug formulary as described in Section 14105.4, whether pursuant to a petition or by the department independent of a petition, all of the requirements of the Administrative Procedure Act contained in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable except that the requirements of subdivision (a) of Section 11347.1 and subdivision (b) of Section 11346.7 of the Government Code shall be deemed to have been complied with if the department does all of the following:

(1) Upon receipt of a petition requesting the addition of a drug to, or the deletion of a drug from, the Medi-Cal drug formulary, the

department shall notify the petitioner directly and in writing of the receipt of the petition and shall, within 30 days, either return the petition as incomplete or schedule the petition for public hearing, unless the public hearing is not required pursuant to Section 14105.9.

(2) Notifies each petitioner directly and in writing of its decision regarding the addition of a drug product to, or deletion of a drug product from, the formulary and shall state the reason or reasons for its decision and the specific regulatory criteria that are the basis of the department's decision.

(3) Prepares and submits to the Office of Administrative Law with the adopted regulation all of the following for each drug which the department has decided to add to, or delete from, the Medi-Cal drug formulary:

(A) A brief summary of the comments submitted. For the purpose of this section, "comments" shall mean the major points raised in testimony which specifically address the regulatory criteria upon which the department is authorized, pursuant to subdivision (e) of Section 14105.4, to base a decision to add or delete a drug from the formulary.

(B) The recommendation of the Medical Therapeutic and Drug Advisory Committee.

(C) The decision of the department.

(D) A statement of the reason and the specific regulatory criteria that are the basis of the department's decision.

(b) Any additional information provided to the department during the posting of revisions to the proposed regulation shall be responded to by the department directly and in writing to the originator. That response shall notify the originator whether the additional information has resulted in a changed decision.

(c) For the purpose of review by the court, if any, and review and approval by the Office of Administrative Law of changes to the Medi-Cal drug formulary adopted by the department, each drug added to, or deleted from, the formulary shall be considered to be a separate regulation and shall be severable from all other additions or deletions of drugs contained in the rulemaking file.

(d) This section shall be applicable to any Medi-Cal drug formulary regulation package filed with the Office of Administrative Law after January 1, 1986.

(e) This section shall become operative on January 1, 1993.

SEC. 15. Section 14105.42 of the Welfare and Institutions Code, as added by Assembly Bill 3573 of the 1989–90 Regular Session, is amended to read:

14105.42. (a) The department shall report to the Legislature after the first three major therapeutic categories have been reviewed and contracts executed. The report shall include the estimated savings, number of manufacturers entering negotiations, number of contracts executed, number of drugs added and deleted, and impact on Medi-Cal beneficiaries and providers.

(b) The department shall provide the following data to the

(6) The numbers of complaints made by beneficiaries and providers relating to difficulty or inability to obtain a TAR response.

(7) The status of the enhancements to the TAR process specified in the section.

(8) The number of calls on the TAR line which are not getting through.

(c) The Auditor General shall prepare a report by February 1, 1991, and every 6 months thereafter providing a summary and analysis of the data specified in subdivision (b), a comparative analysis of changes in the TAR process using June 1, 1990, as a base. The analysis shall include a measure of increased or decreased ability to contact the department and receive a response in a shorter or greater period of time.

(d) The department shall report to the Legislature, through the annual budget process, on the cost-effectiveness of contracts executed pursuant to Section 14105.33.

On the effective date of this section, MAICS listed in Title 22 of the California Code of Regulations shall be included in the list of MAICS. MAICs shall no longer be listed in regulations. The department shall repeal Section 51513.3 of Title 22

of the California Code of Regulations.

(b) The department shall establish additional MAICS in accordance with all of the following:

(1) The department shall base an MAIC on a reference drug brand which is therapeutically equivalent to the innovator brand, and which is manufactured by a company with production capability to meet the statewide needs of the Medi-Cal program for that drug.

(2) The decision regarding therapeutic equivalency shall be based on the federal Food and Drug Administration determinations. For antacid drugs, therapeutic equivalency shall be determined by the department based on review of in vitro scientific data.

(3) The department shall request information from drug manufacturers regarding the availability of their products throughout the state to outpatient pharmacies through the usual and customary distribution channels in sufficient quantities to meet the needs of the Medi-Cal program.

(4) The department shall notify Medi-Cal providers at least 30 days prior to the effective date of an MAIC.

(c) Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, actions under this section shall not be subject to the Administrative Procedure Act, or to the review and approval of the Office of Administrative Law.

SEC. 18. Section 14105.91 is added to the Welfare and Institutions Code, to read:

of Pasadena with assistance from the County Health Services Fund in accordance with the following:

(a) For each county, an annual grant of three dollars ($3) per capita based upon population estimates of the Department of Finance as of January 1 of the previous fiscal year; and

(b) Fifty percent of the amount derived by subtracting paragraph (2) from paragraph (1) below:

(1) The base net costs increased by 16 percent for the 1979–80 fiscal year.

(2) The amount calculated for the county in subdivision (a).

(3) The base net costs for each county shall be the actual net costs for the county for the 1977–78 fiscal year, as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978 and adjusted as applicable pursuant to this section.

(c) (1) The amount of assistance from the County Health Services Fund for the County of Alameda, as determined in subdivision (b), shall include an amount equal to 25 percent of the net city costs for health services of the City of Berkeley as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978, increased by 16 percent for the 1979–80 fiscal year.

These amounts shall be adjusted by the average increase in the amount of the contract over the same period. This paragraph shall be operative in the fiscal year following the adoption of a resolution by the governing body pursuant to Section 477 of the Health and Safety Code.

(5) The base net costs for the County of Los Angeles shall be reduced by the amounts provided to the City of Long Beach and the City of Pasadena as determined by the formula established in paragraph (3).

The average of the separate indices of the cost of living for Los Angeles and San Francisco as published by the United States Bureau of Labor Statistics shall be used as the basis for determining the changes in the cost of living. The State Department of Health Services shall compare the average index for the December preceding the July in which the cost-of-living adjustment is effective with the average index for the month of December of the previous year. The percentage increase or decrease in the average index shall then be multiplied by the amounts specified in subdivisions (a), (b), (c), and (d) as previously adjusted pursuant to this subdivision.

(f) The amounts specified in subdivisions (a), (b), (c), and (d) shall not be adjusted for the 1990–91 fiscal year to reflect any increase in the cost of living. SEC. 21. Section 10 of Assembly Bill 3573 of the 1989–90 Regular Session is amended to read:

Sec. 10. The Legislature finds and declares as follows:

(a) It is the intent of the Legislature to improve the health status of Medi-Cal beneficiaries at the least possible cost to the state.

(b) The Medi-Cal program is a large purchaser of drugs and should be entitled to employ usual business practices in securing drugs at discount prices.

(c) A customary business practice for drug manufacturers and distributors is to offer discount prices and rebates on drugs to their large volume purchasers, including other governmental agencies.

(d) In order to enable Medi-Cal to purchase drugs in the most cost-competitive manner and employ customary business practices, it is necessary to allow the State Department of Health Services to replace the Medi-Cal drug formulary with a list of contract drugs.

(e) It is the intent of the Legislature that the list of contract drugs contain a comprehensive mix of single-source and multiple-source drugs, sufficient to ensure beneficiary access to appropriate drug therapies. In addition, for persons with certain medical conditions, therapeutic equivalents are not interchangeable. Therefore, it is also the intent of the Legislature to ensure that within a therapeutic category, sufficient variety is available to accommodate medically necessary alternatives.

(f) The Legislature intends that Medi-Cal beneficiaries have available a comprehensive range of drug products and hereby directs the department to favorably review manufacturers' requests for drug product addition when those requests are accompanied with an acceptable best price contract offer, and the drug product otherwise meets the five criteria enumerated in subdivision (d) of Section 14105.39 of the Welfare and Institutions Code.

(g) It is the intent of the Legislature that the department improve the telephone access of providers to the current drug treatment authorization process. The department intends to meet this objective by expanding the resources available to the field offices, consistent with proposals included in the Budget Act of 1990. These additional resources are intended to increase availability of field office staff to providers. The Legislature further intends that the department respond to provider requests within 10 rings, or provide a secondary answering system to record provider calls. It is also intended that the department develop performance standards for responding to provider calls, consistent with the advances in technology the department is currently pursuing. In no event should these performance standards exceed eight working hours.

SEC. 22. Section 34 of Assembly Bill 3573 of the 1989–90 Regular Session is amended to read:

Sec. 34. (a) Except as provided in subdivision (b), the department shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code within 120 days of the enactment of this act to implement Section 33 of this act. The adoption of regulations pursuant to this section in order to implement Section 33 of this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted pursuant to this section within 120 days of the enactment of this act shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 120 days unless the

Sec. 35. (a) Notwithstanding any other provision of law, counties shall not be required to provide notice, as required under Section 1442 of the Health and Safety Code, or to hold public hearings as required under Section 1442.5 of the Health and Safety Code, for 60 days after enactment of the Budget Act of 1990 for any reductions in, or the elimination of, services provided to indigents as a direct result of state-level funding reductions. However, the county shall hold a hearing on any cuts or reductions taken under this section within 30 days of the action to reduce or eliminate services. The county shall provide notice of the hearing on or before the date of the action.

(b) For the 1990–91 fiscal year, nothing in subdivision (c) of Section 1442.5 of the Health and Safety Code shall require any county to exceed the standard of care provided by the state Medi-Cal program. Notwithstanding any other provision of law, counties shall not be required to increase eligibility or expand the scope of services in the 1990–91 fiscal year for their programs.

SEC. 24. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 25. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to be operative for the entire 1990–91 fiscal year and so facilitate the orderly administration of the public assistance system, it is necessary that this act take effect immediately.

(b) If the estimate of General Fund revenues is more than .5 percent less than the estimated General Fund workload budget, and the director so certifies to the Commission on State Finance, adjustments shall be made to General Fund appropriations pursuant to subdivision (c) on July 1 of the ensuing fiscal year if the Commission on State Finance certifies the general accuracy of the estimates. If the commission fails to make the certification within 14 days of receiving the estimates and does not submit its reasons for refusing to do so to the Legislature and Governor in writing within the 14 day period, it shall be deemed to have certified the estimates.

(c) If the estimates are certified by the Commission on State Finance or are deemed to be certified pursuant to subdivision (b), appropriations from the General Fund, except appropriations required by operation of the Constitution, shall be reduced by the same percentage as the difference between estimated General Fund revenues and the estimated General Fund workload budget, on a pro rata basis.

(e) The total amount of any reduction in any General Fund appropriation pursuant to this section in any fiscal year shall not exceed four percent of the appropriation being reduced.

(f) The Legislature may suspend the operation of this section for a fiscal year in which General Fund appropriations would otherwise be reduced pursuant to subdivision (c). The suspension may be in the Budget Act.

In no event, shall the reduction under this paragraph exceed 4 percent of the amount otherwise payable or the amount of any cost of living increase otherwise payable, whichever is less.

12201.05. Notwithstanding any other provision of this article, on July 1 of any fiscal year for which General Fund appropriations are reduced pursuant to subdivision (c) of Section 13308 of the Government Code, the amount of aid otherwise payable under this article shall be reduced by an amount equal to the amount otherwise payable, multiplied by the percentage reduction in General Fund appropriations pursuant to subdivision (c) of Section 13308 of the Government Code. CHAPTER 459

An act to add Section 17581 to the Government Code, relating to local agency costs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990]

I am reducing the appropriation contained in Section 2 (a) (1) of Senate Bill No. 1333 by $47,870,155 as follows.

(A) For graduation requirements from $19,600,000 to $2,800,000.

(B) For notification of truancy from $21,020,000 to $2,708,000.

(C) For open meetings act from $1,737,000 to $373,000.

(E) For deficiencies in prior year reimbursement of mandated costs by deleting the $11,394,155 appropriation

Funding for the prior year's costs of these mandates is not as high as priority as reduced classroom sizes in K-12 school districts. It is my intent that not less than one-third of the funding for the programs described in Schedules (A) through (E) for the 1989–90 and prior fiscal years which I have deleted be provided in equal installments in each of the Governor's Budgets for 1991–92, 1992–93 and 1993–94 Fiscal Years.

With these reductions and deletion, I approve Senate Bill No. 1333

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 17581 is added to the Government Code, to read:

17581. (a) No local agency shall be required to implement or give effect to any statute or executive order, or portion thereof, during any fiscal year if all of the following apply:

(2) The statute or executive order, or portion thereof, has been

specifically identified by the Legislature in the Budget Act for the fiscal year as being one for which reimbursement is not provided for that fiscal year. For purposes of this paragraph, a mandate shall be considered to have been specifically identified by the Legislature only if it has been included within the schedule of reimbursable mandates shown in the Budget Act and it is specifically identified in the language of a provision of the item providing the appropriation for mandate reimbursements.

(b) Notwithstanding any other provision of law, if a local agency elects to implement or give effect to a statute or executive order described in subdivision (a), the local agency may assess fees to persons or entities which benefit from the statute or executive order. Any fee assessed pursuant to this subdivision shall not exceed the costs reasonably borne by the local agency.

(c) This section shall not apply to any state-mandated local program for the trial courts, as specifed in Section 77203.

(d) This section shall not apply to any state-mandated local program for which the reimbursement funding counts toward the minimum General Fund requirements of Section 8 of Article XVI of the Constitution.

SEC. 2. (d) If any of the scheduled amounts in subdivision (a) and (b) are insufficient to provide full reimbursement of costs, the Controller may, upon notifying the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein, except that unencumbered balances in any subparagraph of paragraph (1) of subdivision (a) may be used to augment deficient amounts only in those items. No order may be issued pursuant to this provision unless written notification of necessity is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her

designee.

SEC. 3. (a) It is the intent of the Legislature that the total amount of funding indicated for the reimbursement of the state-mandated costs incurred pursuant to the following programs in the 1989–90 and prior fiscal years shall be appropriated in equal installments in the Budget Acts of 1991, 1992, and 1993:

SEC. 4. (a) The Commission on State Mandates shall amend the parameters and guidelines for Chapter 498 of the Statutes of 1983 (graduation requirements) to specify that costs related to the acquisition of additional space for conducting new science classes are reimbursable only to the extent that districts can document that this space would not have been otherwise acquired due to increases in the number of students enrolling in high school, and that it was not feasible, or would be more expensive, to acquire space by remodeling existing facilities.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to apply to the 1990–91 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 460

An act to repeal and add Section 23402 of, and to repeal Section 23401 of, the Education Code, relating to public retirement systems, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 23401 of the Education Code is repealed.

SEC. 2. Section 23402 of the Education Code is repealed.

SEC. 3. Section 23402 is added to the Education Code, to read:

23402. (a) Commencing July 1, 1991, and annually thereafter, there is hereby continuously appropriated from the General Fund to the Controller, notwithstanding Section 13340 of the Government Code, for transfer to the Teachers' Retirement Fund an amount equal to 4.3 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based. The percentage shall be adjusted to reflect the contribution

required to fund the normal cost deficit when the unfunded obligation has been deemed to be eliminated by the board based upon a recommendation from its actuary. If a rate increase or decrease is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer exceed 4.3 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based.

(b) The funds transferred pursuant to subdivision (a) shall first be applied to meeting the normal cost deficit, if any, for that fiscal year.

(c) The transfers made pursuant to this section are in lieu of the state contributions formerly made pursuant to Sections 23401 and 23402.

(d) For the purposes of this section, the term "normal cost deficit" means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22226 and the total of the member contribution rate required under Section 22804 and the employer contribution rate required under Section 23400, and shall exclude (1) the portion for unused sick leave service granted pursuant to Section 22719, (2) the cost of benefit increases which occur after July 1, 1990. The contribution rates prescribed in Section 22804 and Section 23400 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the salaries upon which member contributions are based to determine the dollar amount of the normal cost deficit for the year.

(e) Pursuant to Section 22001 and the case law, the members are entitled to a financially sound retirement system. The Legislature recognizes that the system shall, pursuant to this act, receive less funds in the short term than it would have received under former Sections 23401 and 23402 (Chapter 282 of the Statutes of 1979). However, it is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(f) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

(g) This section shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or changes in contribution which occur after July 1, 1990.

SEC. 4. Section 3 of this act shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

SEC. 5. This act shall be known as, and may be cited as, the Elder State Teachers' Retirement System Full Funding Act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the savings accorded to the General Fund by this act

may be effectuated at the earliest possible time, this act must take effect immediately.

CHAPTER 461

An act to amend Section 11006 of, and to add Section 13307 to, the Government Code, relating to state finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 11006 of the Government Code is amended to read:

11006. The Director of Finance may, in writing, authorize the creation of deficiencies in any appropriation of money made by law in cases of actual necessity and shall authorize the payment of deficiencies out of any money which may be appropriated for these purposes. No deficiency shall be authorized except upon the written authority, first obtained, as provided in this section. Any indebtedness attempted to be created against the state in violation of this section is void, and shall not be allowed by the director or the Controller.

SEC. 2. Section 13307 is added to the Government Code, to read:

13307. In determining whether the General Fund budget, in any given fiscal year, is in a surplus or deficit condition, the controlling factor shall be the fund balance which is the difference between total resources and total expenditures. In determining the fund balance, the following principles shall be applied:

(a) Encumbrances, which are any valid obligation for the delivery of goods or services, should not be counted as a budgetary expenditure until the delivery of the goods or services.

(b) The unencumbered balances of appropriations, which exist when no commitment for an expenditure is made, should be an item of disclosure, but the amount should not be deducted from the fund balance.

(c) Changes affecting a budget subsequent to publication of financial statements, such as actions to disencumber funds, should be reflected in budget documents after documentation is provided.

CHAPTER 462

An act to add Section 4019.5 to the Health and Safety Code, relating to public water systems, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990 Filed with Secretary of State July 31, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 4019.5 is added to the Health and Safety Code, to read:

4019.5. (a) Notwithstanding any other provision of law, effective July 1, 1990, each public water system with at least 200 service connections shall pay to the department an annual fee of fifty cents ($0.50) for each service connection it serves. The department shall adopt emergency regulations specifying the method of payment of the fee. It is the intent of the Legislature that this fee will generate three million six hundred thousand dollars ($3,600,000) annually.

(b) The emergency regulations adopted pursuant to this section shall be adopted by the department in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the department pursuant to this section, shall not be subject to review by the Office of Administrative Law and shall remain in effect until revised by the department.

(c) A public water system may collect a fee from its customers to recover the fee paid pursuant to subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the revenue generated by the fee to be realized as soon as possible, it is necessary for this act to go into effect at the earliest possible time.

CHAPTER 463

An act to amend Sections 20751, 20752, and 20754 of, and to add Sections 20130.5 and 20750.100 to, the Government Code, relating to public retirement systems, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

SEC. 2. Section 20750.100 is added to the Government Code, to read:

20750.100. Notwithstanding any other provision of this part, the board may reduce the state's contribution to the retirement fund provided by any and all other provisions of this chapter in respect to state members during the 1990–91 fiscal year by an amount equal to the state's pro rata share, based upon the total assets of the system, in the reserve against deficiencies established by Section 20203.

SEC. 3. Section 20751 of the Government Code is amended to read:

20751. From the General Fund in the State Treasury there is appropriated quarterly to the Retirement Fund the state's contribution for:

(1) If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for part or all of the taxable year, the resident spouse shall be allowed one-half the credit allowed to

married persons and the nonresident spouse shall be permitted one-half the credit allowed to married persons, prorated as provided in subdivision (e).

(2) In the case of any disposition of a California real property interest by a person subject to Section 1445 of the Internal Revenue Code, relating to withholding of tax on dispositions of United States real property interests, the transferee shall be required to deduct and withhold a tax equal to one-third of the amount required to be withheld by the transferee under Section 1445 of the Internal Revenue Code.

(c) The Franchise Tax Board may authorize the tax under subdivision (a) to be deducted and withheld from the interest upon any securities the owners of which are not known to the withholding agent.

(d) (1) In the case of any disposition of a California real property interest by a person (but not a partnership as determined in accordance with Subchapter K of Chapter 1 of Subtitle A of the Internal Revenue Code), when the return required to be filed with the Secretary of the Treasury under Section 6045(e) of the Internal Revenue Code indicates, or the authorization for the disbursement of the transaction's funds instructs, that the funds be disbursed either to a transferor with a last known street address outside the boundaries of this state at the time of the transfer of the title to the California real property or to the financial intermediary of the transferor, the transferee shall be required to withhold a tax equal to 3⅓ percent of the sales price of the California real property conveyed.

If the transferor provides documentation sufficient for the Franchise Tax Board to determine the actual gain required to be recognized on the transaction, the Franchise Tax Board may authorize a reduced amount based on the amount of the gain, as determined which will result in a sum which

is substantially equivalent to the amount of tax reasonably estimated to be due under this part from the inclusion of the gain in the gross amount of the transferor.

(B) Within 45 days after receiving a request that a reduced amount or no amount be withheld, the Franchise Tax Board shall either authorize a reduced amount or no amount, or deny the request to substitute a reduced amount or no amount.

(C) In the case where the parties to the transaction have not requested that a reduced amount or no amount be withheld or the response by the Franchise Tax Board to the request has not been received at the time title to the California real property is transferred, the parties may direct the real estate escrow person to hold in trust for 45 days the amount required to be withheld under this subdivision. The parties shall instruct the real estate escrow person that at the end of 45 days the real estate escrow person shall remit the amount withheld to the Franchise Tax Board in accordance with this section, unless the Franchise Tax Board has authorized that a reduced amount or no amount be withheld.

In a case when the real estate escrow person is instructed by the parties to withhold under this subdivision and the real estate escrow person remits a withholding amount to the Franchise Tax Board, it shall be unlawful for the fee to exceed twenty-five dollars ($25).

(8) For purposes of this subdivision, "sales price" means the sum of all of the following:

(A) The cash paid, or to be paid. The term "cash paid, or to be paid" does not include stated or unstated interest or original issue discount (as determined by Sections 1271 to 1275, inclusive, of the Internal Revenue Code).

Any person who fails to withhold from any payments any amount required to be withheld under Section 18805 is liable for the amount withheld or the amount of taxes due from the taxpayer to whom the payments are made but not in excess of the amount required to be withheld, whichever is more, unless it is shown that the failure to withhold is due to reasonable cause.

(2) Ten percent of the amount required to be withheld under subdivision (d) of Section 18805.

(d) (1) Unless it is shown that the failure to notify is due to reasonable cause, the real estate escrow person shall be liable for the amount specified in subdivision (c), when written notification of the withholding requirements of subdivision (d) of Section 18805 is not provided to the transferee and the California real property disposition is subject to withholding under subdivision (d) of Section 18805.

(3) The real estate escrow person and the transferee shall not be liable under subdivisions (c) and (d), if the failure to withhold is the result of the real estate escrow person's reliance, based on good faith and on all the information of which he or she has knowledge, upon a written affidavit executed by the transferor that the transferor will not instruct escrow to disburse the transaction's proceeds outside the boundaries of this state, nor make use of a financial intermediary within the meaning of subdivision (d) of Section 18805.

(4) Any transferor who for the purpose of avoiding the withholding requirements of subdivision (d) of Section 18805 knowingly files a false affidavit pursuant to this subdivision shall be liable for twice the amount specified in subdivision (c).

(5) The real estate escrow person shall not be liable under this subdivision if the disposition of California real property occurs prior to July 1, 1991.

(e) The amount of tax required to be deducted and withheld under Section 18805 shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations (including penalties) as are applicable with respect to the taxes imposed by this part.

action on the part of that staff person could jeopardize the investigator's ability to investigate.

(D) The county is made aware of any situation involving the applicant that could involve embezzlement, collusion, conspiracy, trafficking, black marketing, or any other general program violations.

(E) The county is made aware of any situation in which the applicant may have forged, may have caused the forgery of, or is using a forgery of, any warrant or authorization to participate which has been negotiated.

(F) The county welfare program staff person has received an allegation of fraud with respect to the applicant from any governmental agency.

(G) The county has received a complaint containing facts which allege that a crime involving a public social services program, including, but not limited to, fraud, perjury, trafficking, or embezzlement, may occur.

SEC. 4. Section 15204.2 of the Welfare and Institutions Code is amended to read:

15204.2. The state shall pay 83.3 percent of the nonfederal administrative costs of administering the payment of aid grants under this part, except for the Aid to Families with Dependent Children program (AFDC). The state shall pay 50 percent of the nonfederal administrative costs of administering AFDC grants and the Emergency Assistance for Needy Families with Dependent Children Program, subject to Sections 15204.5 and 15204.6, but not including activities related to the collection of support from noncustodial parents and the determination of paternity in the case of a child born out of wedlock. In the event that the federal government does not provide funding for the non-AFDC collection of child support from noncustodial parents and the non-AFDC determination of paternity in the case of a child born out of wedlock, the state shall pay 75 percent of such non-AFDC administrative costs. The state shall pay 50 percent of the nonfederal share of the cost of eligibility and nonservice staff development pursuant to the regulations of the department.

15204.6. The state shall pay 100 percent of the nonfederal administrative costs of administering an early fraud prevention and detection program in the implementation of Chapter 2 (commencing with Section 11200), pursuant to Section 11055.5, subject to Section 15204.5.

SEC. 6. Section 18902.5 is added to the Welfare and Institutions Code, to read:

18902.5. (a) Except as specified in subdivision (b), in the administration of this chapter all counties shall conduct an early fraud prevention and detection program pursuant to this section and regulations adopted by the department.

(b) Funding for an early fraud prevention and detection program pursuant to Section 18906.7 shall not be made to a county if the department determines that an early fraud prevention and detection program would not be cost-effective for the county.

(c) Funding for an early fraud prevention and detection program pursuant to Section 18906.6 shall not be available to a county until its operating plan for a program is approved by the department. No operating plan shall be approved by the department unless the plan contains assurances that the county will comply with the conditions specified in subdivision (d).

(d) Each county which operates an early fraud prevention and detection program shall be subject to all of the following conditions:

(1) No intimidation of applicants or recipients shall occur, either by referral or threat of referral for a fraud investigation.

(2) Applicants shall not be referred for a fraud investigation until after they have completed and signed the application for aid.

(3) The referral and investigation shall not delay the receipt of aid, including immediate need payments, for eligible applicants and recipients.

(4) Uniformed investigators shall not be used by any county welfare department for its fraud prevention program.

(5) The county welfare department shall abide by the confidentiality requirements in Section 10850 and the requirements and protections in the California Right to Financial Privacy Act under Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code.

(B) Knowingly, and with intent to defraud, failed to disclose a fact which, if disclosed, could result in a denial, reduction, or discontinuance of benefits.

(C) Accepted benefits knowing he or she was not entitled to those benefits, or accepted any amount of benefits knowing the amount of benefits received was greater than the amount to which he or she was entitled.

(D) Made any statement which he or she did not know to be true with reckless disregard of the truth, for the purpose of obtaining, continuing, or avoiding a reduction or denial of benefits.

(7) The county shall make a referral for fraud investigation when there are reasonable grounds to believe that fraud, as specified in paragraph (7) exists. Reasonable grounds exist when one or more of the following criteria exists:

(A) An overpayment or overissuance of benefits, or both, may

result from an applicant's failure to report information pertinent to eligibility or benefits.

(B) A questionable situation exists and the applicant or third party acting on behalf of the applicant will not cooperate in providing necessary verification of information which would affect the applicant's eligibility or the amount of benefits for which the applicant is eligible.

(C) The county welfare program staff person finds conflicting information which could affect the applicant's eligibility or the amount of benefits for which the applicant is eligible, and any further action on the part of that staff person could jeopardize the investigator's ability to investigate.

(D) The county is made aware of any situation involving the applicant that could involve embezzlement, collusion, conspiracy, trafficking, black marketing, or any other general program violations.

(E) The county is made aware of any situation in which the applicant may have forged, may have caused the forgery of, or is using a forgery of, any warrant or authorization to participate which has been negotiated.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 466

An act to amend Sections 77200 and 77201 of, and to add Article 12 (commencing with Section 29950) to Chapter 2 of Division 3 of Title 3 of, the Government Code, and to amend Section 97 of, to add Section 97.43 to, and to add Chapter 1.5 (commencing with Section 7284) to Part 1.7 of Division 2 of, the Revenue and Taxation Code, relating to local government financing.

[Approved by Governor July 31, 1990. Filed with Secretary of State July 31, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Article 12 (commencing with Section 29550) is added to Chapter 2 of Division 3 of Title 3 of the Government Code, to read:

Article 12. Criminal Justice Administrative Fee

29550. Notwithstanding any other provision of law, a county may impose a fee upon a city, special district, school district, community college district, college, or university for reimbursement of county expenses incurred with respect to the booking or other processing of persons arrested by an employee of that city, special district, school district, community college district, college, or university, where the arrested persons are brought to the county jail for booking or detention. The fee imposed by a county pursuant to this section shall not exceed the actual administrative costs, including applicable overhead costs as permitted by federal Circular A-87 standards, incurred in booking or otherwise processing arrested persons. A county may submit an invoice to a city, special district, school district, community college district, college, or university for these expenses incurred by the county on and after July 1, 1990.

SEC. 2. Section 77200 of the Government Code is amended to

read:

77200. (a) Except as provided in subdivisions (b) and (c) with respect to newly created judgeships, the Controller shall transmit to each option county quarterly payments on the block grant owing to that county based upon the number of judges, court commissioners, and referees in the county, as determined pursuant to Section 77202, multiplied each quarter by the following amounts:

(1) For the 1990–91 fiscal year, the sum of forty-four thousand nine hundred forty-four dollars ($44,944).

(2) For the 1991–92 fiscal year and each fiscal year thereafter, the sum of fifty thousand five hundred sixty-two dollars ($50,562), as adjusted pursuant to Section 77201.

(b) With respect to judgeships authorized by Chapter 1211 of the Statutes of 1987, for any new judgeship in excess of 10 new judgeships for a particular option county, if the county's average quarterly appropriation for court operations for the 1987–88 fiscal year, as determined by the Controller, divided by the number of judges, referees, and court commissioners determined pursuant to Section 77202 for that year (the base year quarterly cost per judge), exceeds the applicable sum specified in subdivision (a) as adjusted pursuant to Section 77201 (the base year quarterly block grant), instead of the quarterly multiplier determined pursuant to subdivision (a), the quarterly multiplier for each such new judgeship shall be:

(1) For the first four quarters following the creation of that judgeship, the base year quarterly cost per judge.

(2) For the second four quarters thereafter, the applicable sum specified in subdivision (a) as adjusted pursuant to Section 77201 (the standard current quarterly block grant), plus 75 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

(3) For the third four quarters thereafter, the standard current quarterly block grant, plus 50 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

(4) For the fourth four quarters thereafter, the standard current quarterly block grant, plus 25 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

For purposes of this subdivision, a judgeship created upon the adoption of a resolution by the board of supervisors shall be deemed to be created in the quarter in which the resolution is adopted.

(c) With respect to judgeships authorized by statutes which take effect on or after January 1, 1990, if the county's average quarterly appropriation for court operations for the fiscal year preceding the effective date of that statute, as determined by the Controller, reduced by the average quarterly amount of funds, if any, received during that fiscal year pursuant to Section 77207, divided by the number of judges, referees, and court commissioners determined pursuant to Section 77202 for that year (the base year quarterly cost

per judge), exceeds the quarterly multiplier for the fiscal year in which the statute takes effect (the comparison year quarterly block grant), instead of the quarterly multiplier determined pursuant to subdivision (a), the quarterly multiplier for each such new judgeship shall be:

(1) For the first fiscal year following the effective date of the statute authorizing that judgeship, the base year quarterly cost per judge.

(2) For the second fiscal year thereafter, the applicable sum specified in subdivision (a) for each quarter of the current fiscal year as adjusted pursuant to Section 77201 (the standard current quarterly block grant), plus 75 percent of the difference between the base year quarterly cost per judge and the comparison year quarterly block grant.

(3) For the third fiscal year thereafter, the standard current quarterly block grant, plus 50 percent of the difference between the base year quarterly cost per judge and the comparison year quarterly block grant.

(4) For the fourth fiscal year thereafter, the standard current quarterly block grant, plus 25 percent of the difference between between the base year quarterly cost per judge and the comparison year quarterly block grant.

(d) In any year in which the block grants provided pursuant to subdivision (a) are reduced, a county may reduce total expenditures for court operations by an amount up to but not exceeding the total dollar amount of the reduction to the county in state block grant funding.

(e) Quarterly payments shall be transmitted by the Controller on or before the 15th day of that quarter, except that payments for the quarter beginning January 1, 1989, shall be made no later than February 15, 1989.

SEC. 3. Section 77201 of the Government Code is amended to read:

77201. (a) Except as provided in subdivision (b), the sum set forth in subdivision (a) of Section 77200 shall be adjusted each fiscal year by a percentage equal to the average percentage salary increase for the previous fiscal year for California state employees, as determined pursuant to Section 68203, beginning with an adjustment for the 1989–90 fiscal year based on the 1988–89 state employees' average percentage salary increase.

(b) There shall be no such adjustment for the 1990–91 fiscal year.

SEC. 4. Section 97 of the Revenue and Taxation Code is amended to read:

97. Except as otherwise provided in Sections 97.3, 97.32, 97.35, 97.37, and 97.38 for the 1980–81 fiscal year and each fiscal year thereafter, property tax revenues shall be apportioned to each jurisdiction pursuant to this section and Section 97.5 by the county auditor, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to

each jurisdiction in the following manner:

(a) Except as provided in subdivision (b), for each tax rate area, each jurisdiction shall be allocated an amount of property tax revenue equal to the amount of property tax revenue allocated pursuant to this chapter to each jurisdiction in the prior fiscal year, modified by any adjustments required by Section 99 or 99.4.

(b) For each tax rate area, each special district shall be allocated an amount of property tax revenue equal to the amount of property tax revenue which would have been allocated pursuant to this chapter to such district in the prior fiscal year if no adjustment had been made pursuant to Section 98.6. This amount shall then be adjusted for the current year pursuant to Section 98.6.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 98, and shall be known as the "annual tax increment."

(d) For purposes of this section, the amount of property tax revenue referred to in subdivision (a) shall not include amounts generated by the increased assessments under Chapter 3.5 (commencing with Section 75).

(e) (1) Notwithstanding any other provision of law, for the 1990–91 fiscal year, for the purposes of the computations required by this section, the amount of property tax presumed to have been received by the county in the prior year shall be increased by the amount of 1989–90 property tax administrative costs proportionately attributable to incorporated cities as determined pursuant to paragraph (2).

(2) The auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to incorporated cities by adding the 1989–90 fiscal year property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by all incorporated cities divided by the total property tax revenue for all local jurisdictions in the county for that fiscal year.

(3) The county shall use the additional revenue received pursuant to this subdivision only to fund the actual costs of assessing, collecting, and allocating property taxes. At least once each fiscal year, the county auditor shall report the amount of these actual costs and allowable overhead costs to the legislative body and any other jurisdiction or person that request the information. To the extent that actual costs for assessing, collecting, and allocating property taxes plus allowable overhead costs are less than the amount determined pursuant to paragraph (2), the county auditor shall apportion the difference to each incorporated city as otherwise required by this section.

(4) The county may retain up to one-half of any increased property tax allocation to which a jurisdiction may be otherwise

entitled, until the county receives its additional revenues pursuant to this section.

(5) It is the intent of the Legislature in enacting this subdivision to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for cities. It is further the intent of the Legislature that the adjustments provided for by this subdivision shall constitute charges by a county for the assessment, collection, and allocation of property taxes and shall not exceed the actual costs reasonably borne by a county for those activities.

(f) The auditor may determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to local jurisdictions other than the county or city and county, and cities, by adding the property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by jurisdictions other than the county, city and county, and cities divided by the total property tax received by all local jurisdictions in the county for that fiscal year. Notwithstanding any other provision of law, this amount may be calculated for each fiscal year commencing with the 1989–90 fiscal year, and the auditor may, commencing in fiscal year 1990–91, submit an invoice to these jurisdictions for services rendered in the prior fiscal year.

SEC. 5. Section 97.43 is added to the Revenue and Taxation Code, to read:

97.43. Notwithstanding any other provision of this article, a qualifying city shall not receive a property tax revenue allocation in the 1990–91 fiscal year which is greater than 90 percent of the allocation received by that qualifying city in the 1989–90 fiscal year.

SEC. 6. Chapter 1.5 (commencing with Section 7284) is added to Part 1.7 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 1.5. COUNTY TAX LEVY POWERS AND LIMITATIONS

7284. (a) The board of supervisors of any county may license, for revenue and regulation, and fix the license tax upon, every kind of lawful business transacted in the unincorporated area of the county, including shows, exhibitions, and games. The board may provide for collection of the license tax by suit or otherwise.

(b) Any board which imposes a license tax pursuant to subdivision (a) upon a business operating both within and outside the board's taxing jurisdiction shall levy the tax so that the measure of tax fairly reflects that proportion of the taxed activity actually carried on within the taxing jurisdiction.

7285. The board of supervisors of any county may levy a utility user tax on the consumption of electricity, gas, water, sewer,

telephone, telegraph, and cable television services in the unincorporated area of the county.

7286. Any tax levied pursuant to this chapter shall be subject to any applicable voter approval requirement imposed by any other provision of law. Revenues collected pursuant to any tax imposed pursuant to this section may be reserved for local purposes as determined by the board of supervisors of the county imposing the tax.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 467

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 1990 Filed with Secretary of State July 31, 1990.]

I object to the following appropriations contained in Senate Bill No. 899

Item 0510-001-001—For support of the State and Consumer Services Agency. I reduce this item from $856,000 to $855,000 by reducing·

(a) Support from $870,000 to $869,000,

and by deleting Provision 1

I am deleting Provision 1 which would require the State and Consumer Services Agency to implement, within the Department of General Services, a centralized certification procedure for Minority and Women Business Enterprises because the Department of General Services has established a process to implement Chapter 61, Statutes of 1988 The effectiveness of this process should be evaluated before any further substantive changes are contemplated Additionally, this language would result in increased costs to the state and delays in the procurement of critically needed goods and services Although funds have not been budgeted for these additional costs, I am reducing $1,000 which represents savings that will be achieved based on vetoing language contained in Provision 1 of this item

Item 0530-001-001—For support of the Secretary for the Health and Welfare Agency I reduce this item from $1,749,000 to $1,549,000 by reducing:

(a) Support from $4,698,000 to $4,498,000,

and by deleting Provision 1

I am reducing this item by $200,000 to eliminate the funding for an Office of Minority Health Affairs as proposed to be established by AB 1561

Existing programs within the Department of Health Services and other departments within the Health and Welfare Agency effectively address minority health problems The legislative augmentation proposed by this item would add another costly level of administrative structure that is not necessary.

I am deleting Provision 1 to conform to this action.

Item 0585-001-001—For support of the World Trade Commission I reduce this item from $2,062,000 to $2,061,000 to conform to the action I have taken in Item 0585-001-981

Item 0585-001-981—For support of the World Trade Commission I reduce this item from $2,062,000 to $2,061,000 by reducing·

(b) 300000 Operating Expenses and Equipment from $934,000 to $933,000,

and by deleting Provision 1

I am reducing this item by $1,000 and delete Provision 1 which was added by the Legislature to require the World Trade Commission to report to the Legislature quarterly on the Export Finance Targeted Marketing Program for minority and women owned businesses This provision assumes the creation of an additional program and unnecessarily interferes with the Administration's ability to manage its programs. It would invariably result in increased costs to the state

Item 0690-001-001—For support of Office of Emergency Services. I reduce this item from $19,371,000 to $19,155,000 by reducing

(b) 35-Plans and Preparedness from $14,983,000 to $14,767,000,

and by deleting Provision 9

I am deleting the $216,000 legislative augmentation for a loan to the City and County of San Francisco for modular units for interim use by the San Francisco Emergency Command Center. It has not been established that this project is of sufficiently high priority to justify the use of limited state resources Furthermore, the leasing of facilities for local emergency command centers is not part of the Office of Emergency Services' regular program function and would set an undesirable precedent.

Item 0820-001-001—For support of Department of Justice I reduce this item from $187,090,000 to $182,722,000 by reducing

(a) 11.01-Executive-Administration from $55,668,000 to $52,800,000,

(b) 11 02-Distributed Executive-Administration from −$55,668,000 to −$52,800,000,

(c) 25-Executive Programs from $5,903,000 to $5,841,000,

(d) 30-Civil Law from $40,498,000 to $40,059,000,

(e) 40-Criminal Law from $48,084,000 to $47,645,000,

(f) 45-Public Rights from $22,870,000 to $22,608,000,

(g) 50-Law Enforcement from $181,030,000 to $175,413,000,

(h) Reimbursements from −$50,560,000 to −$47,676,000,

(j) Amount payable from the Hazardous Waste Control Account, General Fund (Item 0820-001-014) from −$1,183,000 to −$1,145,000,

(k) Amount payable from the Fingerprint Fees Account, General Fund (Item 0820-001-017) from −$18,210,000 to −$17,621,000,

(m) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 0820-001-044) from −$16,685,000 to −$16,146,000,

(n) Amount payable from the Hazardous Substance Account, General Fund (Item 0820-001-455) from −$1,685,000 to −$1,630,000,

(o) Amount payable from the Dealers' Record of Sale Special Account, General Fund (Item 0820-001-460) from −$6,972,000 to −$6,544,000,

(q) Amount payable from the Gaming Registration Account, General Fund (Item 0820-001-477) from −$302,000 to −$292,000,

(r) Amount payable from the Federal Trust Fund (Item 0820-001-890) from −$9,708,000 to −$9,618,000, and

(t) Amount payable from the State Forfeiture Account, Special Deposit Fund (Item 0820-011-942) from −$2,893,000 to −$1,346,000, and by adding:

unallocated Reduction −$3,729,000.

I am deleting the $2,101,000 legislative augmentation of which $1,462,000 is payable from the State Forfeiture Account, Special Deposit Fund, and 13.3 personnel years to implement two regional Deoxyribonucleic Acid (DNA) laboratories and expand analysis of blood sample submissions pursuant to Penal Code Section 290 2 While I am supportive of efforts to incorporate the use of forensic DNA analysis in the state's efforts to solve violent crimes and have sustained funding in the budget to continue operation of the state's first DNA laboratory in Berkeley, expansion of the DNA program is premature since the standardized analytical protocol and management systems have not been fully developed and the DNA technology has not been allowed to mature I have taken conforming action in Item 0820-011-942

I am deleting the $2,868,000 legislative augmentation, payable from various items ($1,484,000) and Reimbursements ($1,384,000) totalling $2,868,000 for increases to facilities operations because it is not clear that the department has exhausted available budget prioritization and allocation processes to manage its facilities operations expenses within available resources. As a result, I am not able to fully assess the merits of the augmentation or the appropriateness of the requested level of funding This request should be submitted through the normal budget development process for review against competing needs for these fund sources

This action conforms to actions taken in the following items 0820-001-014 ($38,000); 0820-001-017 ($589,000), 0820-001-044 ($539,000); 0820-001-455 ($55,000), 0820-001-460 ($78,000), 0820-001-477 ($10,000), and 0820-001-890 ($90,000); and 0820-011-942 ($85,000)

I am further reducing this item by an unallocated reduction in the amount of $3,729,000 I will support a deficiency appropriation to offset this reduction from any available asset forfeiture funds

I am deleting $1,500,000 in Reimbursements from the CrackDown Task Force program Last year, I signed SB 1661 (Chapter 1453, Statutes of 1989) which authorized the Department of Justice to establish crackdown task forces to investigate and apprehend members of Columbian cartel-street gang cocaine networks. While the legislation appropriated $13.4 million for the implementation of the program, $1.5 million remains unspent and could be used to support the program's operation in the 1990-91 fiscal year Because Chapter 1453, Statutes of 1989, funding is available for use in the program, I am reducing $1 5 million in reimbursements, funded from federal anti-drug abuse funds through the Office of Criminal Justice Planning. This action will still maintain the CrackDown Task Force program at the $22.4 million funding level I proposed in January, and conforms to action I have taken in Item 8100-101-890

I am deleting $350,000 from the $4,071,000 legislative augmentation, payable from the Dealers' Record of Sale Special Account, General Fund, to implement the new firearms program established by Chapter 9, Statutes of 1990. The $350,000, which the department proposed to use to modify its fingerprint room would be a major capital outlay expense which should be requested and budgeted through the normal capital outlay budget process This action conforms to action taken in Item 0820-001-460.

Item 0820-001-014—For support of Department of Justice I reduce this item from $1,183,000 to $1,145,000.

I am reducing this item by $38,000 to conform to the action I have taken in Item 0820-001-001.

Item 0820-001-017—For support of Department of Justice. I reduce this item from $18,210,000 to $17,621,000

I am reducing this item by $589,000 to conform to the action I have taken in Item 0820-001-001

Item 0820-001-044—For support of Department of Justice I reduce this item from $16,685,000 to $16,146,000

I am reducing this item by $539,000 to conform to the action I have taken in Item 0820-001-001.

Item 0820-001-455—For support of Department of Justice. I reduce this item from $1,685,000 to $1,630,000

I am reducing this item by $55,000 to conform to the action I have taken in Item 0820-001-001.

Item 0820-001-460—For support of Department of Justice. I reduce this item from $6,972,000 to $6,544,000

I am reducing this item by $428,000 to conform to the action I have taken in Item 0820-001-001

Item 0820-001-477—For support of Department of Justice. I reduce this item from $302,000 to $292,000

I am reducing this item by $10,000 to conform to the action I have taken in Item 0820-001-001.

Item 0820-001-890—For support of Department of Justice. I reduce this item from $9,708,000 to $9,618,000

I am reducing this item by $90,000 to conform to the action I have taken in Item 0820-001-001

Item 0820-011-942—For support of Department of Justice. I reduce this item from $2,893,000 to $1,346,000.

I am reducing this item by $1,547,000 to conform to the actions I have taken in Item 0820-001-001

Item 0840-001-001—For support of State Controller I reduce this item from $72,659,000 to $72,534,000 by reducing

(b) 300000 Operating Expenses and Equipment from $40,069,010 to $39,944,010

I am reducing $125,000 from this item because AB 2721, Statutes of 1990, authorizes the Controller to be reimbursed for costs of administering the Surplus Money Investment Fund program from the earnings of that program rather than from the General Fund, resulting in an overfunding of $125,000.

Item 1150-008-421—For support of Bureau of Automotive Repair. I reduce this item from $71,557,000 to $71,556,000 by reducing·

(a) 12-Bureau of Automotive Repair from $71,675,000 to $71,674,000,

and by deleting Provision 1.

I am reducing this item by $1,000. The language in Provision 1 prohibits the Bureau from contracting with the California Youth Authority for parts exemption services and requires the Bureau to develop and manage these services in-house. My January proposal provides for restitution and rehabilitation of the wards while providing these services at a lower cost. Therefore, the restriction placed on this item interferes with the Administration's ability to manage its programs and would result in increased costs to the state. The Bureau would incur at least $1,000 of cost to hire additional staff Although funds have not been budgeted for these additional costs, I am reducing $1,000 which represents savings that will be achieved based on vetoing language contained in Provision 1 of this item

Item 1390-046-758—For support of the Medical Board of California I reduce this item from $9,609,000 to $9,509,000 by reducing

(a) 63 10 010-Medical Board of California from $10,182,500 to $10,082,500,

and by deleting Provisions 1 and 2.

I am deleting Provision 1 which specifies that January 1, 1991 through June 30, 1991 funding for this item is to be sought through the Section 27.00 process and is contingent upon a 15 percent reduction in the backlog of unassigned investigative cases by November 1990. This language is overly restrictive and fails to provide an appropriation for funding the second half of the fiscal year which could have the unintended effect of preventing the Board from continuing to provide consumer protection and reduce the investigative case backlog I do not oppose the Legislature's direction to reduce the case backlog and will support urgency legislation to restore full funding to the Board to be available upon attainment of this goal.

I am deleting the $100,000 legislative augmentation for the Auditor General to contract for an evaluation of the Board's Enforcement and Complaint Intake Systems as specified. To the extent that the Legislature would like the Auditor General to

execute a study of these systems, I believe the Auditor General is sufficiently funded to prioritize its workload and accomplish such a study within existing resources

I am deleting Provision 2 to conform to this action

Item 1500-068-770—For support of State Board of Registration for Professional Engineers and Land Surveyors I reduce this item from $4,653,000 to $4,652,000 by reducing

(a) 75-State Board of Registration for Professional Engineers and Land Surveyors from $4,657,000 to $4,656,000,

and by deleting Provision 1

I am reducing this item by $1,000 The language in Provision 1 prohibits the Board from contracting with the Prison Industries Authority for microfilming services My January proposal provides for restitution and rehabilitation of the inmates while providing these services at a low cost to the state Therefore, the restriction placed on this item interferes with the Administration's ability to manage its programs and would result in increased costs to the state The Board would incur at least $1,000 of additional cost to secure another contract to provide these services Although funds have not been budgeted for these additional costs, I am reducing $1,000 which represents savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am deleting Provision 1 to conform with this action.

Item 1700-001-001—For support of the Department of Fair Employment and Housing I reduce this item from $10,695,000 to $10,694,000 by reducing.

(a) 50-Administration of Civil Rights Law from $13,548,000 to $13,547,000,

and by deleting Provision 1

I am reducing this item by $1,000 During 1986-87, the Department of Fair Employment and Housing consolidated the operations of the San Francisco legal office into the Sacramento legal office and eliminated the Boalt Hall Employment Discrimination Clinic The Legislature has transferred funds from the Department of Fair Employment and Housing main support item to newly created items for the Los Angeles legal office, San Francisco legal office and the Boalt Hall Employment Discrimination Clinic. The amounts appropriated in these three items are based on the premise that all rent and other operating expenses for the legal offices will be paid from the main support item. However, the language in Provision 1 specifically precludes any transfer of funds to pay for the rent and other operating expenses in the three newly created items. The Department of Fair Employment and Housing would incur at least $1,000 of cost to relocate staff and pay the support expenses related to reestablishing the San Francisco legal office and the Boalt Hall Clinic. Although funds have not been budgeted for these administrative costs, I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1 of this item and similar provisions in the newly created items.

I am deleting Provision 1 to conform to this action

Provision 1 is inconsistent with the separation of powers provision concerning the Executive Branch authority and represents a substantive change of law.

Item 1700-011-001—For support of the Department of Fair Employment and Housing. I revise the language in this item and delete Provision 1.

The Department of Fair Employment and Housing has a district office in Los Angeles which employs attorneys to handle civil rights cases. The department does not consider the legal staff in Los Angeles to constitute a legal office, therefore, I am revising this item to read:

"1700-011-001—For support of the Department of Fair Employment and Housing ; ~~Los Angeles Legal Office~~ "

I am deleting Provision 1 because this provision and the location specified in the item (Los Angeles Legal Office) are inconsistent with two constitutional provisions. First, the language violates the separation of powers provision concerning the Executive Branch authority Second, inasmuch as existing law does not define or reference the Los Angeles Legal Office, the language represents a substantive change of law which can only be included within a single subject bill, rather than the Budget Act.

The Director of the Department of Fair Employment and Housing should be provided the opportunity to relocate staff and allocate funds to meet departmental needs which this language would prohibit

Item 1700-021-001—For support of the Department of Fair Employment and Housing. I reduce this item from $441,000 to $440,000, revise the language in this item, and delete Provision 1

The relocation of staff from Sacramento to San Francisco to reestablish a legal office would cost at least $1,000. In 1986-87 the department closed the San Francisco legal office and consolidated the positions with the Sacramento office and evidence has not been provided to justify the reopening of this office Although relocation costs have not been budgeted in 1990-91, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action

"1700-021-001—For the support of the Department of Fair Employment and Housing ~~; San Francisco Legal Office~~ ."

I am deleting Provision 1 because this provision and the location specified in the item (San Francisco Legal Office) are inconsistent with two constitutional provisions First, the language violates the separation of powers provisions concerning the Executive Branch authority Second, inasmuch as existing law does not define or reference the San Francisco Legal Office, the language represents a substantive change of law.

Item 1700-031-001—For support of the Department of Fair Employment and Housing I reduce this item from $73,000 to $72,000, revise the language in this item, and delete Provision 1.

The relocation of staff from Sacramento to Berkeley to reestablish a legal clinic at Boalt Hall School of Law would cost at least $1,000 In 1986-87 the department closed the Boalt Hall legal clinic and evidence has not been provided to justify the reopening of this clinic. Although relocation costs have not been budgeted in 1990-91, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action.

"1700-031-001—For the support of the Department of Fair Employment and Housing ~~; Boalt Hall Employment Discrimination Clinic~~ ."

I am deleting Provision 1 because this provision and the location specified in the item (Boalt Hall Employment Discrimination Clinic) are inconsistent with two constitutional provisions First, the language violates the separation of powers provision concerning Executive Branch authority. Second, inasmuch as existing law does not define or reference the Boalt Hall Employment Discrimination Clinic, the language represents a substantive change of law which can only be included within a single subject bill, not the Budget Act.

Item 1730-001-001—For support of Franchise Tax Board. I reduce this item from $196,285,000 to $195,892,000 by reducing·

(a) 10-Tax Programs from $199,287,000 to $198,894,000

I am deleting the $393,000 legislative augmentation for the collection of delinquent accounts receivable items. This General Fund augmentation to support in-house tax collections will not result in a sufficient benefit/cost ratio to justify the use of limited state resources These accounts receivable items can be satisfactorily collected through the continued use of private collection agencies under Sections 18839 and 26256 of the Revenue and Taxation Code.

Item 1760-001-001—For support of the Department of General Services I reduce this item from $1,128,000 to $858,000.

I am reducing this item by $270,000 which the Legislature added for a refrigerant recycling program to conform to the action I have taken in Item 1760-001-666

Item 1760-001-002—For support of the Department of General Services. I reduce this item from $1,629,000 to $1,514,000 and delete Provision 1

I am deleting Provision 1 and reducing this item by $115,000 which the Legislature redirected to fund a Proactive Assets Management Task Force to conform to actions taken in Item 1760-001-666.

Item 1760-001-666—For support of the Department of General Services. I reduce this item from $346,377,000 to $345,859,000 by reducing:

(a) 100000-Personal Services from $199,579,000 to $199,373,000,

(b) 300000-Operating Expenses and Equipment from $272,937,000 to $272,239,000,

(d) Amount payable from the General Fund (Item 1760-001-001) from −$1,128,000 to −$858,000,

(f) Amount payable from the Property Acquisition Law Account, General Fund (Item 1760-001-002) from −$1,629,000 to −$1,514,000, and

(vx) Amount payable from the General Fund (Item 1760-031-001) from −$180,000 to −$179,000,

and by deleting Provisions 10 and 11

I am deleting the $270,000 legislative augmentation to establish a refrigerant recycling program for the state fleet. While I support efforts to protect the environment, this project is not of sufficiently high priority to justify the use of limited state General Fund resources

I am deleting the legislative augmentation to conform to the action taken in Item 1760-001-001

I am deleting the legislative redirection of $115,000 which would establish a Proactive Assets Management Task Force Through Executive Order D77-89, I have already established an asset management function within the Governor's Office of Planning and Research. The office is responsible for overseeing and coordinating a state assets management program

The creation of a new task force is unnecessary and premature The Department of General Services is identifying assets available for projects through a continued, extensive review of the real property inventory system. It is more prudent and effective for the appropriate government agencies to develop specific asset management policies and proposals for Legislative review

I am deleting the legislative augmentation to conform to the action taken in Item 1760-001-002

I am deleting the $518,000 legislative augmentation to the Office of Small and Minority Business for implementation of Minority and Women Business Enterprise participation goals as specified in Chapter 61, Statutes of 1988 (AB 1933). Any need for additional staffing should be documented in a workload analysis and submitted during the normal budget development process.

I am deleting Provision 10 which would require the Department of General Services to conduct a survey of 1989-90 minority and women business enterprise participation in state contracts, related to Chapter 61, Statutes of 1988. Since the regulations implementing Chapter 61 were not effective until May 1990 and the specified information is not available, the requirements of this Provision cannot be met.

I am deleting Provision 11 which would require the Department of General Services to work with various memorial associations to develop and implement a plan to secure the Vietnam Veterans Memorial. This provision interferes with the department's ability to assign security staff based on the highest priority safety needs and could result in increased costs to the state.

I am revising the schedules in this item to conform to the action taken in Item 1760-031-001

Item 1760-011-602—For support of the Department of General Services. I revise this item by deleting Provision 2

I am deleting Provision 2 which would require the Department of General Services to seek legislation that would define the duties and responsibilities of the Office of the State Architect and the Office of Project Development and Management in implementing the state capital outlay program because sufficient statutory authority for the operation of these offices currently exists. It is an infringement on the separation of powers to require the Executive Branch to seek legislation to reduce its discretion to administer state government.

Item 1760-031-001—For support of the Department of General Services. I reduce this item from $180,000 to $179,000 and delete Provision 1.

I am deleting Provision 1 because it makes the expenditure of these funds contin-

gent on the enactment of pending legislation, which in its current form requires substantially more effort than the funds provided in this item can support This would delay the survey work until the legislation is enacted. The cost of this additional effort would be at least $1,000. The work required by AB 12 of the first extraordinary session of 1989 is premature until the initial survey proposed by the Department of General Services, which is fully funded by the amount in this item, can be completed and assessed

Item 1760-101-001—Department of General Services for transfer to the State Emergency Telephone Account. I revise this item by deleting Provision 1

This provision requires the calculation and crediting of interest to the General Fund on funds transferred monthly as necessary for cash flow for the support of the Emergency Telephone Number Program The potential benefit to the General Fund is minimal The application of interest on these loans is inequitable in view of the $44 million transfer from the account to the General Fund which has not been repaid and is not earning interest In effect the account is borrowing funds it has contributed to the General Fund

Item 1760-031-666—For transfer to the General Fund. I reduce the amount of transfer from ($16,995,000) to ($15,300,000) and revise Provision 1.

I am reducing this item by $1,695,000. In order to fund the Legislature's augmentation of five capital outlay projects for the State Capitol and Annex which I am sustaining in Item 1760-301-666, it is necessary to retain adequate resources in the Service Revolving Fund This reduced transfer will accomplish that purpose

I am revising Provision 1 to conform to this action.

"1 Notwithstanding Section 2 00 of this Act, on June 30, 1991, the State Controller shall transfer ~~$16,995,000~~ *$15,300,000* from the Service Revolving Fund to the General Fund. The Director of Finance is hereby authorized to make short-term loans from the General Fund to the Service Revolving Fund to avoid cash flow shortages "

Item 1880-001-001—For support of State Personnel Board I reduce this item from $11,520,000 to $10,714,000 by adding

Unallocated Reduction —$806,000,

and by deleting Provision 2

I am reducing this item by an unallocated $806,000 which after reflecting the impact of Section 3 80, represents a total reduction of 10 per cent This action is necessary to protect vital programs and to provide for a proven prudent reserve for economic uncertainties.

When the impact to Section 3.80 is added to this reduction, the total reduction in this item will result in a ten percent unallocated reduction

I am deleting Provision 2 which specifies that various state agencies are to use funds appropriated by this act to maintain the level of staff employed in the Career Opportunities Development Program. The placement of the provision in this item is inappropriate as the Board is not responsible to control levels of participation in other agencies. Additionally, this provision interferes with the executive branch's ability to manage its programs and unduly restricts the executive branch in prioritizing activities given available resources

Item 1920-001-835—For support of State Teachers' Retirement System. I delete Provision 1

I am deleting Provision 1 which expresses the intent of the Legislature to defer the $53 million General Fund loan repayment for Purchasing Power Protection until the 1991-92 fiscal year. If deferred without legislation, this deferral would terminate the Purchasing Power Protection Program.

Item 1970-491—For capital outlay, Department of Veterans' Affairs I delete this item.

I am deleting the reappropriation for the Veterans' Home of Southern California project The language limits the Department of Veterans' Affairs to a single site, prohibits the use of private land acquisition, development or operation and transfers the responsibility for the project from the Department of Veterans' Affairs to the

Department of General Services These restrictions are inconsistent with the plan of the Department of Veterans' Affairs to build multiple facilities on up to six different sites in Southern California. The use of multiple, smaller sites affords veterans the opportunity to be located closer to family and friends, thereby encouraging fuller participation in family activities Conversely, this also allows families to take, in many cases, a primary care role through the use of alternative day care and respite care service delivery modes In addition, the restrictive language could limit the development and operation of the project in such a manner as to result in higher costs to the state

Item 2200-001-001—For support of Department of Commerce I reduce this item from $15,524,000 to $15,522,000 by reducing.

(c) 30-Tourism from $6,489,000 to $6,488,000, and

(f) 60-Economic Research from $832,000 to $831,000,

and by deleting Provisions 2 and 3

I am deleting Provision 2 which would require the department to allocate $175,000 for the Pac Rim 90 regional conference. This provision would restrict the department's ability to fund high-priority tourism programs and manage its budget resources and is therefore an infringement on the separation of powers between executive and legislative branches of state government I am reducing $1,000 from this item to reflect the savings that will be achieved based on the deletion of this provision.

I am also deleting Provision 3 which would require the department to fund a study of obstacles to the development of small businesses While I am supportive of efforts in this area, the study is not of sufficiently high priority to justify the use of limited state resources The study may be funded through the use of private sector resources I am reducing $1,000 from this item to reflect the savings that will be achieved based on the deletion of this provision

Item 2200-111-001—For local assistance, Department of Commerce I delete this item and Provision 1

I am deleting the $5,000,000 legislative augmentation for the Olympic Training Facility loan Last year, I signed SB 1403 (Chapter 1182, Statutes of 1989) which appropriated the funds for this loan and established the terms and conditions for the loan Therefore, this augmentation is unnecessary

Item 2200-111-147—For local assistance, Department of Commerce. I reduce this item from $6,000,000 to $2,000,000 by reducing

(a) 40-Local Development from $5,000,000 to $2,000,000,

and by deleting.

(b) 50-Small Business ($1,000,000),

and by deleting Provision 1

I am eliminating the $1,000,000 legislative augmentation to expand services provided by the Small Business Development Centers The budget contains $1.7 million for this purpose, and additional federal funding may be available in 1990-91

I am deleting the $3,000,000 legislative augmentation for an inner city development initiative Information has not been presented to justify the purpose of this augmentation Therefore, the need for the funds has not been demonstrated.

I am deleting Provision 1 to conform to this action

Item 2240-001-001—For support of Department of Housing and Community Development I reduce this item from $6,805,000 to $6,455,000 by reducing

(b) 20-Community Affairs Program from $15,160,000 to $14,810,000,

and by deleting Provision 1

I am reducing this item by $350,000 to eliminate the funds redirected by the Legislature to the Farmworker Housing Grant Program. The budget contains $1,000,000 for this program, which is sufficient to meet important program needs.

I am deleting Provision 1 to conform to this action

Item 2240-101-001—For local assistance, Department of Housing and Community Development. I reduce this item from $6,900,000 to $4,400,000 by reducing·

(a) 20-Community Affairs from $70,100,000 to $67,600,000.

I am deleting the $2,500,000 legislative augmentation for the Emergency Shelter Program The department's budget contains $1.7 million for this program, an increase of $550,000 (48 percent) above the amount provided in the 1989-90 budget In addition, $630,000 is included in the Military Department's budget to provide emergency shelter during the winter months. These funds are adequate to meet necessary program needs

I am deleting Provision 1 to conform to this action.

Item 2240-490—Reappropriation, Department of Housing and Community Development I delete this item.

I am deleting this reappropriation of funds remaining in the appropriation made by Chapter 112, Statutes of 1988, for mitigation of lead-based paint in migrant farmworker housing. The funds are reappropriated to the Office of Migrant Services, the Senior Citizens' Shared Housing Program, the Self-Help Housing Program and the Rural Technical Assistance Program

While I am supportive of efforts in these areas, my action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties. Because the mitigation of lead-based paint in migrant farmworker housing has been completed, this appropriation should be allowed to revert to the General Fund as provided under current law.

Item 2290-001-217—For support of Department of Insurance. I delete Provisions 4, 5, and 6

I am deleting Provision 4 which requires all contracts executed by the Insurance Commissioner to contain a 30-day cancellation clause This provision is unduly restrictive and infringes on the separation of powers in that it usurps Executive Branch authority to effectively administer state government.

I am deleting Provision 5, which prohibits the department from expending or encumbering more than half of its appropriation within the first half of the fiscal year. This provision is unduly restrictive and infringes on the separation of powers in that it usurps Executive Branch authority to effectively administer state government

I am deleting Provision 6, which would prohibit the department from expending more than one half of the amount of all contracts executed in the 1990-91 fiscal year prior to January 1, 1991. This provision is unduly restrictive and infringes on the separation of powers in that it usurps Executive Branch authority to effectively administer state government.

Item 2640-101-046—For local assistance, Special Transportation Programs. I delete Provision 2.

I am deleting Provision 2 which requires the amount appropriated in this item be reduced by the amount necessary to balance expenditures with revenues available in the Transportation Planning and Development Account. This language was added by the Legislature to address revenue shortfalls anticipated from the inadvertent deletion by Proposition 116 of a section of the Revenue and Taxation Code. Because I have signed SB 640 (Chapter 174, Statutes of 1990) which reinstates the deleted section, this language is no longer necessary

Item 2660-001-042—For support of Department of Transportation I reduce this item from $1,001,281,000 to $1,001,280,000 by reducing:

(b) 20-Highway Transportation from $1,498,853,000 to $1,498,852,000,

and by deleting Provision 9.

I am deleting Provision 9 which would require the use of sealed bids for the lease of state parking lots I am deleting this provision because the language represents a substantive change in law which can be included only in a single-subject bill, not in the Budget Act.

I am reducing this item by $1,000 to conform to the action taken in Item 2660-301-890

Item 2660-101-042—For local assistance, Department of Transportation I revise this item by reducing

(b) 30-Mass Transportation from $81,295,000 to $64,000,000, and

(c) Amount payable from the State Highway Account (Item 2660-125-042) from —$83,795,000 to —$66,500,000,

and by deleting Provision 2.

I am reducing this item because substantial amounts of the state funds previously allocated for the mass transit guideway projects funded from this appropriation remain unspent Funds available from prior years and the funds remaining in this item are adequate to meet the needs of mass transit projects which have been approved for funding during 1990-91. Even with this reduction, the budget will provide new funding of $103.5 million for mass transit capital improvements during 1990-91.

I am deleting Provision 2 to conform to this action

Item 2660-101-046—For local assistance, Department of Transportation. I delete Provision 2.

I am deleting Provision 2 which requires the amount appropriated in this item be reduced by the amount necessary to balance expenditures with revenues available in the Transportation Planning and Development Account. This language was added by the Legislature to address revenue shortfalls anticipated from the inadvertent deletion by Proposition 116 of a section of the Revenue and Taxation Code. Because I have signed SB 640 (Chapter 174, Statutes of 1990) which reinstates the deleted section, this language is no longer necessary.

Item 2660-125-042—For local assistance, Department of Transportation (Proposition 111). I reduce this item from $83,795,000 to $66,500,000.

I am reducing this item by $17,295,000 to conform to the action I have taken in Item 2660-101-042.

Item 2660-301-036—For capital outlay, Department of Transportation. I delete this item and Provision 1.

I am deleting the $300,000 legislative augmentation to construct soundwalls along Interstate 405 between Victory Boulevard and Sherman Way in Los Angeles County, $200,000 for callboxes in Santa Barbara County, and $300,000 for traffic signals on Highway 1 at the California Men's Colony

Funding for transportation projects is allocated from the State Highway Account on a priority basis. The project-specific budgeting provided by these augmentations sets an undesirable precedent Furthermore, this augmentation ignores both the limited funding available in the Special Account for Capital Outlay and the many other high priority capital outlay needs of state programs These projects should compete for funds during the normal budget development process with other worthwhile transportation projects that receive funding from the State Highway Account.

I am deleting Provision 1 to conform to this action

Item 2660-301-890—For capital outlay, Department of Transportation I delete Provision 7.

I am deleting Provision 7, which requires the Department of Transportation to identify state and local bicycle capital outlay projects that are eligible for federal funding without a state or local matching requirement and to apply for the maximum amount of federal funds available for these projects. I am deleting this provision because it is an infringement on the separation of powers in that it usurps Executive Branch authority to effectively manage state government In addition, the language is unnecessary because Section 8.50 of this Act requires all state agencies to apply for the maximum amount of federal funds available under federal law.

I am reducing Item 2660-001-042 by $1,000 to reflect the savings that will be achieved based on the deletion of this provision.

Item 2720-301-044—For capital outlay, Department of the California Highway Patrol I revise this item by deleting Provision 2.

I am deleting Provision 2 of this item because this provision requires the California Highway Patrol to be responsible for the administration of enforcement activities related to prevailing wages for the Susanville lease purchase facility. This language imposes a substantive change to law which is unconstitutional for consideration in the Budget Act. Such changes should be addressed in separate legislation.

Item 3540-301-712—For capital outlay, Department of Forestry and Fire Protection I delete this item and Provision 1.

I am deleting the $5,909,000 legislative augmentation from the proposed Park, Recreation, and Wildlife Enhancement Bond Fund. An appropriate level of bonds to be placed on the November 1990 ballot is yet to be determined, therefore, this appropriation is premature.

I am deleting Provision 1 to conform to this action.

Item 3560-001-001—For support of State Lands Commission. I revise this item from $16,185,000 to $15,052,000 by adding:

Unallocated Reduction —$1,133,000.

I am reducing this item by an unallocated $1,133,000 when the impact of Section 3.80 is added to this reduction, the total reduction in this item will result in a ten per cent unallocated reduction. This action is necessary to protect vital programs and provide for a proven prudent reserve for economic uncertainties.

Item 3580-001-001—For support of Seismic Safety Commission. I reduce this item from $1,095,000 to $982,000.

I am deleting the $21,000 legislative augmentation for the purchase of additional computer system equipment. This General Fund augmentation is not of sufficiently high priority to justify the use of limited state resources Furthermore, this augmentation is inconsistent with the need to protect vital programs, hold spending growth to income growth and provide for a proven prudent reserve for economic uncertainties

I am deleting the $92,000 legislative augmentation for additional clerical staff No workload data has been presented to justify the ongoing need for these positions.

I am retaining the $100,000 legislative augmentation in Item 3580-001-257 for support of the Seismic Safety Commission which the Legislature transferred from funds reappropriated in Item 3580-490 for the study of the Loma Prieta earthquake. A portion of the reappropriated funds could be used to address any temporary clerical staff needs associated with the study of the Loma Prieta earthquake.

Item 3720-001-001—For support of California Coastal Commission. I reduce this item from $6,550,000 to $6,091,000 by adding:

Unallocated Reduction —$459,000

I am reducing this item by an unallocated $459,000. When the impact of Section 3.80 is added to this reduction, the total reduction in this item will result in a ten per cent unallocated reduction. This action is necessary to protect vital programs, hold spending growth to income growth and provide for a proven prudent reserve for economic uncertainties.

Item 3790-001-001—For support of Department of Parks and Recreation I revise this item by reducing:

(a) 100000-Personal Services from $117,688,000 to $113,980,000,

(b) 300000-Operating Expenses and Equipment from $49,446,000 to $47,857,000,

(g) Amount payable from the State Parks and Recreation Fund (Item 3790-001-392) from —$68,966,000 to —$63,669,000

I am revising this item to conform to the actions taken in Items 3790-001-392

I am deleting Provision 1 which restricts the right of the city of Santa Monica to evict the current concessionaire from 415 Pacific Coast Highway because it contravenes the city's authority as a state agent

Item 3790-001-392—For support of Department of Parks and Recreation. I reduce this item from $68,966,000 to $63,669,000.

I am reducing the augmentation of $16,000,000 from the State Parks and Recreation fund to $10,703,000. The Department will be unable to implement an appropriate fee increase to fund the higher augmentation before the major revenue producing months have passed I anticipate that a more attainable revenue increase will result from an average fee increase of 40 percent implemented early in the fall

Item 3790-101-721—For local assistance, Department of Parks and Recreation I delete this item

I am deleting the $289,000 legislative augmentation for Boothbay and Catamaran Parks rehabilitation from the California Parklands Act of 1980. This appropriation would reduce the fund balance to zero. In light of authorized construction projects pending from this fund source, a prudent reserve needs to be maintained for augmentation to cover potential cost increases to those projects.

Item 3790-101-733—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the $25,000 legislative augmentation for the Hayward Regional Shoreline Development Project from the State Beach, Parks, Recreational, and Historical Facilities Fund of 1974. This project should be submitted for consideration during the normal budget development process so it may be reviewed and evaluated in the context of competing needs for available fund sources As there are authorized construction projects pending from this fund source which may require augmentation, it is imprudent to reduce the fund balance below the current level

Item 3790-101-742—For local assistance, Department of Parks and Recreation. I delete this item.

I am deleting the $485,000 legislative augmentation for four local assistance grants from the State, Urban, and Coastal Park Fund These projects should be submitted for consideration during the normal budget development process so they can be reviewed and evaluated in the context of competing needs for available fund sources. As there are authorized construction projects pending from this fund source which may require augmentation, it is imprudent to reduce the fund balance below the current level

Item 3810-001-001—For support of Santa Monica Mountains Conservancy. I reduce this item from $216,000 to $201,000 by adding:

Unallocated reduction —$15,000

I am reducing this item by an unallocated $15,000. When the impact of Section 3.80 is added to this reduction the total reduction in this item will result in a ten per cent unallocated reduction. This action is necessary to protect vital programs, hold spending growth to income growth and provide for a proven prudent reserve for economic uncertainties.

Item 3860-101-036—For local assistance, Department of Water Resources. I delete this item and Provisions 1 and 2.

I am deleting the $45,900,000 legislative augmentation for local flood control subvention payments. The Budget proposed $13,000,000 in base funding from the General Fund and an additional $32,900,000 from the Special Account for Capital Outlay (SAFCO) for this purpose. However, the Legislature shifted funding to general obligation bonds, assuming enactment of legislation which would place a measure on the November 1990 ballot This action allowed the Legislature to fund other projects from SAFCO; subsequently when the Legislature shifted $45,900,000 in funding from general obligation bonds back to SAFCO, it resulted in an over appropriation of SAFCO. Therefore, I am vetoing this augmentation to prevent over expending funds from this account

I am deleting Provisions 1 and 2 to conform with this action.

Item 4120-101-001—For local assistance, Emergency Medical Services Authority. I reduce this item from $3,229,000 to $3,057,000, and delete Provision 2.

I am deleting the $172,000 legislative augmentation for this program because the increase is not warranted. The state subvention for local emergency medical service agencies I proposed for 1990-91 represents a 15 percent increase over the 1989-90 level of support and should be sufficient to provide essential services.

I am deleting Provision 2 to conform to this action.

Item 4140-111-001—For local assistance, Office of Statewide Health Planning and Development I delete this item and Provisions 1, 2 and 3

I am deleting the $2,100,000 legislative augmentation to expand the Family Physician Training Program This action is necessary to keep state spending growth in line with income growth.

I am deleting Provisions 1, 2 and 3 to conform to this action.

Item 4170-001-001—For support of Department of Aging. I reduce this item from $5,051,000 to $4,872,000 by reducing

(d) 40-Special Projects from $4,799,000 to $4,620,000.

I am deleting the $179,000 legislative augmentation and 2 4 personnel years for the Linkages program.

This action conforms to action that I have taken in Item 4170-101-001

Item 4170-101-001—For local assistance, Department of Aging I reduce this item from $34,139,000 to $31,068,000 by reducing:

(c) 30-Supportive Services and Centers (for match) from $29,118,400 to $29,004,000,

(d) 40-Special Projects from $31,728,600 to $28,772,000,

and by deleting Provisions 2 and 4

I am deleting the $1,921,000 legislative augmentation to restore funding provided for the Linkages program. My Budget proposed reducing this program because the spending mandates and entitlement formulas were estimated to expand well beyond the rate of increase of our revenues The basis for the original reduction is still valid Therefore, it is necessary to recognize that these restrictions are forcing California's budget to increase substantially without any regard to the availability of revenues Consequently, I am vetoing this augmentation to ensure fiscal responsibility for the future.

This action conforms to the action I have taken in Item 4170-001-001

I am deleting the $114,400 legislative augmentation to expand services provided by the long-term care Ombudsman program The Ombudsman program is currently meeting the statutory requirement related to investigations of elder abuse. While I appreciate the efforts of this program and the fact that additional resources would be used to expand the number of volunteers, an increase is not supportable at this time

I am deleting the $35,600 legislative augmentation to provide funding for a Social Day Care program. While I support the efforts to prevent the premature institutionalization of California's frail elderly and functionally impaired adults, I cannot approve discretionary General Fund expenditures at this time.

I am deleting Provision 2 to conform to this action

I am deleting the $1,000,000 legislative augmentation to expand the Alzheimer Day Care Resource Centers (ADCRC) During my Administration the ADCRC program has grown from one that was nonexistent in 1983-84 to the current level of $2,400,000 (General Fund) for support of the existing 36 ADCRC's While I recognize the merits of this program, any additional augmentation would restrict the state's ability to fund other vital programs and to provide for a prudent reserve for economic uncertainties. Therefore, an increase is not supportable at this time

I am deleting Provision 4 to conform to this action.

Item 4170-111-939—For local assistance, Department of Aging I delete this item and Provisions 1 and 2.

I am deleting the $554,000 legislative augmentation to backfill the anticipated federal fund reduction in the Congregate Nutrition program I have approved a loan from the Nutrition Reserve Fund (NRF) to mitigate the nutrition funding shortfall in 1989-90, thereby allowing sufficient time for the local providers to plan for the budget year reductions The effect of this proposal would either represent a future obligation for one-time funds or would delay the federal reduction in the Congregate Nutrition program.

The backfilling of federal reductions in state programs provides an inappropriate incentive for the federal government to increase their reductions to California

I am deleting Provision 1 to conform to this action.

I am deleting the $150,000 legislative augmentation for the purchase of a new commissary kitchen to fulfill the food preparation needs of Jewish Family Services This request is inconsistent with the intent of the NRF which is to provide loans to local Area Agencies on Aging experiencing cash flow problems and would set an inappropriate precedent.

I am deleting Provision 2 to conform to this action.

Item 4260-001-001—For support of Department of Health Services. I reduce this item from $141,585,000 to $141,239,000 by reducing:

(a) 100000-Personal Services from $182,458,000 to $182,167,000,

(b) 300000-Operating Expenses and Equipment from $109,213,000 to $108,831,000, and

(d) Reimbursements (Toxics) from −$3,803,000 to −$3,476,000,

and by deleting Provisions 7, 8, 11, 16, 17, 18 and 21.

I am deleting the $44,000 legislative augmentation to extend the Licensing and Certification positions for Congregate Living Health Facilities regulation workload from six months to one year. My January budget proposed extending the two limited-term positions; there is no workload justification for the additional six months' extension of the positions proposed by the Legislature. This legislative augmentation is therefore unnecessary.

I am deleting Provision 7 which would limit the availability of funding and staff positions for the Medi-Cal Drug Discount Program because it would unduly restrict the Executive Branch's ability to manage that program. The budget includes funds and positions to establish a program to negotiate the best price for drugs which will be available to Medi-Cal beneficiaries One contract guaranteeing significant rebates has been concluded, and several new contract negotiations are underway. Legislation to strengthen the Department's ability to manage the Medi-Cal Drug Formulary and achieve better prices has been passed in conjunction with this Budget Act but contains elements that some might view as differing from those enumerated in Provision 7. Therefore, flexibility must be maintained for the establishment of positions related to the Medi-Cal Drug Discount Program.

I am reducing the $748,000 legislative augmentation of reimbursements for Toxics Substances Control Division workload by $327,000 and 5.4 personnel years to reflect the appropriate funding level for ongoing data processing workload. A total of $3,476,000 will be provided for this workload as a result of my action

I am deleting Provision 8 to conform to this action.

I am deleting the $300,000 legislative augmentation to expand the Childhood Lead Poisoning Program My January budget increased the funding for this program by $163,000 to expand this program in 1990-91 and provide a total of $438,000 which is an adequate funding level This action is necessary to protect vital programs, hold spending growth to income growth and provide for a proven prudent reserve for economic uncertainties.

I am deleting Provision 11 to conform with this action.

I am deleting Provision 16 which would have required that the $200,000 legislative reduction, which was taken inappropriately as a punitive action, be reflected in the Department of Health Services' Administrative and Executive Divisions' Salaries and Wages. This language is inconsistent with the separation of powers as it denies the Executive Branch the flexibility to administer programs and allocate the reduction for maximal public benefit.

I am deleting Provision 17 which would have required that specific organizations be represented in the Malathion Public Health Effects Advisory Committee and that the malathion studies include specific factors. This language dictates the composition of an administratively established advisory committee and infringes on the Executive Branch's authority to administer programs The organization and activities of the committee should be determined by the Director in a manner which best meets the needs and the overall goals and objectives of the department Nevertheless, I am directing the department to consider the spectrum of views in the scientific community as it evaluates the public health safety of malathion and to make copies of its findings available to the Legislature

I am reducing this item by $1,000 and deleting Provision 18 to eliminate unnecessary costs. Provision 18 would have required the department to conduct specified studies regarding pesticides near the City of Coachella by a specified date The Department of Health Services indicates it has not been advised by local officials of the need for pesticide studies to determine the prevalence of environmental contamination or pesticide related illnesses in the City of Coachella. Although no augmen-

tation was provided to meet the costs of these studies, there would be a cost of at least $1,000 incurred by the Department of Health Services to comply with them. I am reducing $1,000 from this item, which represents the savings that will be achieved based on vetoing the language contained in this provision.

I am reducing this item by $1,000 and deleting Provision 21 to eliminate unnecessary costs. Provision 21 would establish an expenditure plan of $800,000 for a new specified study in addition to the continuation of current Cancer Registry data analysis and study projects. Although no augmentation was provided to meet the cost of this study, there would be a cost of at least $1,000 incurred by the Department of Health Services to comply. I am reducing $1,000 from this item, which represents the savings that will be achieved based on vetoing the language contained in this provision.

Item 4260-002-001—For support of Department of Health Services I revise the language in this item and delete Provision 2.

The Legislature has established a new budget item to fund public health programs in the Bay area. I am revising this item because the proposed description of the item is inconsistent with two constitutional provisions First, the language violates the separation of powers provision concerning the Executive Branch's authority. Second, inasmuch as existing law does not define or reference the location of Public Health programs, the language of this item represents a substantive change of law which can only be included in a different single subject bill, rather than the Budget Act

I am revising the language in this item to conform with this action.

"Item 4260-002-001—For support of the Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~ ."

I am deleting Provision 2 because it would require that fees generated by large water systems be reimbursed to this item This language is technically not correct. These fees, which are authorized in SB 1806, should appropriately be deposited into the General Fund to offset the cost of this program consistent with the intent of SB 1806.

Item 4260-002-014—For support of Department of Health Services I revise the language in this item to conform with my action in Item 4260-002-001

"4260-002-014—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~ , for payment to Item 4260-002-001, payable from the Hazardous Waste Control Account, General Fund "

Item 4260-002-044—For support of Department of Health Services I revise the language in this item to conform with my action in Item 4260-002-001

"4260-002-044—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~ , for payment to Item 4260-002-001, payable from the Motor Vehicle Account, State Transportation Fund "

Item 4260-002-177—For support of Department of Health Services I revise the language in this item to conform with my action in Item 4260-002-001

"4260-002-177—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~ , for payment to Item 4260-002-001, payable from the Food Safety Fund."

Item 4260-002-179—For support of Department of Health Services. I revise the language in this item to conform with my action in Item 4260-002-001.

"4260-002-179—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~ , for payment to Item 4260-002-001, payable from the Environmental Laboratory Improvement Fund."

Item 4260-002-203—For support of Department of Health Services. I revise the language in this item to conform with my action in Item 4260-002-001.

"4260-002-203—For support of Department of Health Services ~~programs, other~~

~~than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~, for payment to Item 4260-002-001, payable from the Genetic Disease Testing Fund."

Item 4260-002-227—For support of Department of Health Services. I am revising this item by changing the appropriation from $340,000 to $43,000 to correct an error in the bill and to conform to the legislative action in Item 4260-002-001 which correctly scheduled $43,000 as an amount payable from this item.

I am also revising the language in this item to conform with my action in Item 4260-002-001 as follows:

"4260-002-227—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~, for payment to Item 4260-002-001, payable from the Low Level Radioactive Waste Disposal Fund."

Item 4260-002-234—For support of Department of Health Services. I revise the language in this item to conform with my action in Item 4260-002-001.

"4260-002-234—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~, for payment to Item 4260-002-001, payable from the Research Account, Cigarette and Tobacco Products Surtax Fund "

Item 4260-002-455—For support of Department of Health Services I revise the language in this item to conform with my action in Item 4260-002-001

"4260-002-455—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~, for payment to Item 4260-002-001, payable from the Hazardous Substance Account, General Fund "

Item 4260-002-890—For support of Department of Health Services I revise the language in this item to conform with my action in Item 4260-002-001

"4260-002-890—For support of Department of Health Services ~~programs, other than administrative overhead and data processing, that are located within 40 miles of Berkeley, California~~, for payment to Item 4260-002-001, payable from the Federal Trust Fund."

Item 4260-005-890—For support of Department of Health Services I delete Provision 3

I am deleting Provision 3 which would restrict the allocation of additional discretionary federal funds to carry out AIDS-related activities. To the extent that such funds become available in 1990-91, this language is unduly restrictive and would interfere with the Administration's ability to manage its programs and establish priorities for limited funding resources.

Item 4260-011-001—For support of Department of Health Services (Toxic Substances Control Program), for transfer by the State Controller to the Hazardous Substance Account, General Fund. I delete this item

I am deleting this $5,000,000 item because allocation of General Fund monies to the Toxic Substances Control Program in 1990-91 is incompatible with the need for California to limit expenditures to the available revenue increase and maintain a prudent reserve. While this program should be able to compete for General Fund revenues, the need to maintain higher priority programs precludes an appropriation from this source in fiscal year 1990-91.

Item 4260-011-014—For support of Department of Health Services (Toxic Substances Control Program). I revise this item by reducing:

(a) 12 10-Site Mitigation from $59,628,000 to $54,628,000, and

(k) Amount payable from Hazardous Substance Account (Item 4260-015-455) from −$10,375,000 to −$5,375,000,

and by deleting Provisions 4 and 5.

I am reducing the amount available in this item for site mitigation activities to conform to the deletion of the General Fund transfer of Item 4260-011-001

I am deleting Provision 4 which would require the Department of Health Services to recover site mitigation costs in excess of fees from responsible parties collected

under Sections 25347.6 and 25347.7 of the Health and Safety Code. This requirement would be in addition to the cost recovery requirements in Chapters 269 and 1032, Statutes of 1989, which were the result of negotiations among all interested parties. As such, this provision would create substantiative law which can only be included in a single subject bill, not the Budget Act.

I am deleting Provision 5 which would limit the amount of time that employees of the Toxic Substances Control Program spend in training. This provision interferes with the Administration's ability to manage the Toxics program on a day-to-day basis and is therefore inappropriate.

Item 4260-015-455—For support of Department of Health Services (Toxic Substances Control Program). I reduce this item from $10,375,000 to $5,375,000 and revise Provision 1.

I am reducing this item by $5,000,000 to conform to the action I have taken to delete the transfer in Item 4260-011-001 of General Fund monies to the Hazardous Substance Account.

I am revising Provision 1 to conform to this action.

Item 4260-101-001—For local assistance, Department of Health Services, Medical Assistance Program. I reduce this item from $3,816,042,900 to $3,802,342,900 by reducing:

(a) 50.11-Benefits (Medical Care and Services) from $7,719,219,800 to $7,691,819,800, and

(e) Amount payable from the Federal Trust Fund (Item 4260-101-890) from − $4,120,194,900 to −$4,106,494,900,

and by deleting Provisions 15, 17, 18, and 19.

I am reducing this item by $1,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $1,000,000 in federal funds to reflect a legislative augmentation related to access to perinatal services for Medi-Cal beneficiaries. Providing for adequate maternity care has been one of my highest funding priorities, and since 1986-87 Medi-Cal rates for maternity care providers have increased by over 60 percent. In addition, the Department of Health Services has implemented several new programs to improve maternity care such as: Providing delivery services to undocumented workers; providing prenatal and postpartum services to undocumented women using only state funds; implementing the federal option to provide Medi-Cal benefits to pregnant women and their children if their income does not exceed 185 percent of the federal poverty level; and extending Medi-Cal eligibility to pregnant women and their children whose income is between 185 percent and 200 percent of the federal poverty level using only state funds. Although providing adequate access to maternity care continues to be one of my highest priorities, I am opposed to this augmentation due to the need to provide for a proven prudent General Fund reserve during the current year.

I am deleting Provision 15 to conform to this action

I am reducing this item by $9,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $9,000,000 in federal funds to reflect deletion of the legislative augmentation to provide discretionary increases to disproportionate Medi-Cal share hospitals for outpatient services This item already contains $5,000,000 plus a corresponding $5,000,000 in federal funds for outpatient rate increases for disproportionate Medi-Cal share hospitals.

I am deleting Provision 17 to conform to this action

I am reducing this item by $200,000 and taking a corresponding action in Item 4260-101-890 by reducing $200,000 in federal funds to reflect deletion of the legislative augmentation to provide a discretionary 4 percent rate increase for home health care services Home health care providers have received sizable increases during the last five years Ten percent in May, 1988 and a 28 percent rate increase in August, 1985

I am deleting Provision 18 to conform to this action

I am reducing this item by $1,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $1,000,000 in federal funds to reflect a legislative augmentation to provide a 6.4 percent discretionary rate increase for ambulance transportation providers General Fund resources are not adequate to permit a discretionary rate increase for these Medi-Cal providers

I am deleting Provision 19 to conform to this action

I am reducing this item by $2,500,000 and taking a corresponding action in Item 4260-101-890 by reducing $2,500,000 in federal funds to reflect deletion of the legislative augmentation to provide a discretionary rate increase in dental rates The Medi-Cal program has made several systems enhancements for its dental providers recently, including the acceleration of claims payments, addition of four new toll-free lines, and improved access to patient information necessary for billing Furthermore, dental providers received a five percent increase for the 1989-90 fiscal year. In addition, the matter of dental access and rates is the subject of pending litigation that should not be complicated by this augmentation.

Item 4260-101-890—For local assistance, Department of Health Services. I reduce this item from $4,120,194,900 to $4,106,494,900.

I am deleting the $1,000,000 legislative augmentation related to improved access to perinatal services for Medi-Cal beneficiaries to correspond to my action on this issue in Item 4260-101-001.

I am deleting the $9,000,000 legislative augmentation to provide discretionary rate increases for disproportionate Medi-Cal share hospital outpatient services to correspond to my action on this issue in Item 4260-101-001.

I am deleting the $200,000 legislative augmentation to provide a discretionary rate increase for home health care services to correspond to my action on this issue in Item 4260-101-001.

I am deleting the $1,000,000 legislative augmentation for the ambulance transportation provider rate increase to correspond to my action on this issue in Item 4260-101-001.

I am deleting the $2,500,000 legislative augmentation to provide a discretionary increase in dental rates to correspond to my action on this issue in Item 4260-101-001.

Item 4260-111-001—For local assistance, Department of Health Services. I reduce this item from $1,014,475,000 to $975,777,000 by reducing:

(b) 15-AIDS from $55,980,000 to $46,175,000,

(c) 20-Family Health Services from $164,454,000 to $157,454,000,

(d) 40-Rural and Community Health from $786,528,000 to $764,635,000,

and by deleting Provisions 1(b), 1(c), 1(d), 1(e), 1(g), 1(h), 3(g), and 3(h).

The 1990-91 Budget provides $73,273,000 in General Fund for AIDS programs statewide. This represents an increase of over 2,155 percent since the 1983-84 Budget. When all funding sources are considered, the 1990-91 Budget provides $126,372,000 for AIDS programs. This represents over a 3,700 percent increase since the 1983-84 AIDS Budget.

I am deleting the $150,000 legislative augmentation, of which $100,000 is for an AIDS Adult Day Health Care program and $50,000 is for evaluation of the three model AIDS Adult Day Health Care programs funded in the 1989 Budget Act. This budget provides $6 7 million for Home and Community Based Care Pilot Projects Should the department determine that additional funding is available for these projects and that they are of significant priority, it could administratively redirect funds from within existing AIDS resources An augmentation to this program, in addition to the funds currently budgeted, would restrict the state's ability to fund other vital programs, hold spending growth to income growth and to provide for a proven prudent reserve for economic uncertainties.

I am deleting Provision 1(b) to conform to this action.

I am deleting Provision 1(c) which would require the Department of Health Services to redirect $825,000 from funds allocated to the Alternative Test Site (ATS) program to promote testing and early intervention services. This language mandates the redirection of funds from a critical program of anonymous testing based on the assumption that there may be excess funds Predicting the number of tests in the ATS program has always been difficult due to the evolving recommendations for testing and treatment. This language is an infringement on the separation of powers in that it usurps Executive Branch authority to effectively administer state government. Should excess funds in the ATS program become available, a redirection of funds to other AIDS programs, including early intervention services, could be accomplished administratively with concurrence by the Legislature.

I am deleting the $455,000 legislative augmentation for health insurance premium subsidies for persons with AIDS I have demonstrated my support for the program to provide health insurance premium subsidies for persons with AIDS by signing AB 532 (Chapter 1055, Statutes of 1989) into law. However, the legislation stipulated that the subsidies were to be provided to program participants only to the extent existing funding was utilized and a cost savings resulted to the Pilot Care Projects. Department staff are currently developing guidelines for such implementation. Therefore, this augmentation is inappropriate.

I am deleting Provision 1(d) to conform to this action.

I am deleting the legislative augmentation of $2,500,000 for AIDS Pilot Care Program projects. The 1990-91 Budget provides $17,388,000 for these types of projects.

While I recognize the merits of these projects, any additional augmentation would restrict the state's ability to fund other vital programs and to provide for a proven prudent reserve for economic uncertainties. Therefore, an increase is not supportable at this time.

I am deleting Provision 1(e) to conform to this action.

I am deleting Provision 1(g) which would allow each county to use up to 5 percent of its AIDS drug subsidy funding for administrative support. The use of these funds for administrative costs would result in a reduction of direct services which should be the highest priority for limited state resources.

I am deleting Provision 1(h) which would require the Office of AIDS to fully fund the Tagalog AIDS Information and Referral Hotline from any additional AIDS funding which may become available. The Department of Health Services has committed, based upon statewide priorities and limited resources, to allocate $35,000 to support the Hotline in 1990-91 Should additional funding for AIDS programs become available, the department should be able to evaluate funding needs without predetermined priorities.

I am deleting the $6,700,000 legislative augmentation for AIDS Early Intervention and Prevention programs. While I recognize the merits of these projects, any additional augmentation would restrict the state's ability to fund other vital programs, hold spending growth to income growth and to provide for a proven prudent reserve for economic uncertainties. Therefore, an increase is not supportable at this time

I am deleting the $4,000,000 legislative augmentation for additional family planning services; however, I am sustaining the $24,345,000 augmentation which restores the funding for this program to its 1988-89 level. Due to the need to provide a prudent reserve for economic uncertainties it would be inappropriate to allocate additional limited state resources for this purpose. Therefore, I am deleting the $4,000,000 augmentation for this program.

I am reducing this item by $3,000,000 to reflect an unallocated reduction made to Public Health programs as part of the legislative agreement on this budget. The Department of Health Services proposes to take this funding reduction from various Maternal and Child Health programs To the extent that carryover federal funds will be available as appropriated in Item 4260-111-890, those funds may be used for these programs.

Consistent with the policy to suspend the statutory cost-of-living adjustments (COLAs) in Health and Welfare programs, I am deleting the $21,406,000 legislative augmentation in this item to restore the 4 54 percent statutory COLA in the AB 8 program. This action is consistent with the action that the Legislature has taken to suspend the COLAs as authorized by Senate Bill 2097.

I am reducing this item by $472,000 to reflect the deletion of the legislative augmentation of a population adjustment for the AB 8 program. The January budget contained $1,431,000 for a population adjustment for this program and reflected a reserve of $643,000 in funding for this program Based upon the current population and consideration of that reserve, there will be adequate resources for the program I am directing the department to utilize the reserve monies to fund the $472,000 projected for the population adjustment
