(4) Motor vehicle fuel sold to the United States armed forces for use in ships or aircraft, or for use outside this state.

(5) Motor vehicle fuel distributed to any licensed distributor, or to any licensed broker who has furnished bond in the form and amount required of distributors under Article 2.1 (commencing with Section 7486) of Chapter 4, for sale to the United States armed forces for use in ships or aircraft or use outside this state. Notwithstanding any other provisions of this part, the receiving of motor vehicle fuel in this state from a licensed distributor and the sale and delivery of the fuel to the United States armed forces pursuant to this subdivision shall not constitute a broker or distributor under this part.

(6) Motor vehicle fuel sold by credit card certified by the United States Department of State to any consulate officer or consulate employee of a foreign government who is not engaged in any private occupation for gain within this state, who uses the motor vehicle fuel

(A) Entered into a treaty with the United States providing for the exemption of its representatives from national, state, and municipal taxes.

(B) Granted a similar exemption to representatives of the United States.

(b) Every distributor claiming an exemption shall report the exports, sales or distributions to the board in such detail as the board may require; otherwise the exemption granted in this section shall be null and void and all the fuel shall be considered distributed in this state subject fully to the provisions of this part.

Notice shall also be posted in both of the following manners:

(b) One conspicuous place on the property.

The notice shall contain a description of the property to be sold, a statement of the amount of the taxes, penalties, interest, and costs, the name of the distributor, and the further statement that unless the taxes, penalties, interest, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much of it as may be necessary, will be sold in accordance with law and the notice.

(a) Any person who buys and uses the motor vehicle fuel for purposes other than operating motor vehicles upon the public highways of the state, except vehicles subject to identification under

(b) Any person who exports the motor vehicle fuel for use outside of this state. Motor vehicle fuel carried from this state in the fuel tank of a motor vehicle is not deemed to be exported from this state unless the motor vehicle fuel becomes subject to tax as an "import" under the laws of the destination state.

(c) Any person who sells the motor vehicle fuel to the armed forces of the United States for use in ships or aircraft or for use outside this state, under circumstances that would have entitled him or her to an exemption from the payment of the license tax under Section 7401 had he or she been the distributor of this fuel.

(d) Any person who buys and uses the motor vehicle fuel in any construction equipment which is exempt from vehicle registration pursuant to the Vehicle Code, while operated within the confines and limits of a construction project.

(e) Any distributor who sells motor vehicle fuel which is sold to any consulate officer or consulate employee under circumstances which would have entitled the distributor to an exemption under paragraph (6) of subdivision (a) of Section 7401 if the distributor had sold the motor vehicle fuel directly to the consulate officer or consulate employee.

The board shall give to the person written notice of the suspension or revocation of his or her permit. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The board shall not issue a new permit to a vendor whose permit has been revoked or reinstate the permit of a vendor

whose permit has been suspended or revoked unless it is satisfied that he or she will comply with the provisions of this part and the rules and regulations of the board, and the vendor pays to the board a fee of fifty dollars ($50) for the reinstatement or issuance of a permit. [Approved by Governor September 29, 1990 Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 17537.1 of the Business and Professions Code is amended to read:

17537.1. (a) It is unlawful for any person, or an employee, agent or independent contractor employed or authorized by that person, by any means, as part of an advertising plan or program, to offer any incentive as an inducement to the recipient to visit a location, attend a sales presentation, or contact a sales agent in person, by telephone or by mail, unless the offer clearly and conspicuously discloses in writing, in readily understandable language, all of the information required in paragraphs (1) and (2). If the offer is not initially made in writing, the required disclosures shall be received by the recipient in writing prior to any scheduled visit to a location, sales presentation, or contact with a sales agent. For purposes of this section, the term "incentive" means any item or service of value, including, but not limited to, any prize, gift, money, or other tangible property.

(1) The following disclosures shall appear on the front (or first) page of the offer:

(A) The name and street address of the owner of the real or personal property or the provider of the services which are the subject of the visit, sales presentation, or contact with a sales agent. If the offer is made by an agent or independent contractor employed or authorized by the owner or provider, or is made under a name other than the true name of the owner or provider, the name of the owner or provider shall be more prominently and conspicuously displayed than the name of the agent, independent contractor, or other name.

(B) A general description of the business of the owner or provider identified pursuant to subparagraph (A), and the purpose of any requested visit, sales presentation, or contact with a sales agent, which shall include a general description of the real or personal property or services which are the subject of the sales presentation and a clear statement, if applicable, that there will be a sales presentation and the approximate duration of the visit and sales presentation.

(C) If the recipient is not assured of receiving any particular incentive, a statement of the odds of receiving each incentive offered or, in the alternative, a clear statement describing the location in the offer where the odds can be found. The odds shall be stated in whole Arabic numbers in a format such as: "1 chance in 100,000" or "1:100,000." The odds and, where applicable, the alternative statement describing their location, shall be printed in a type size that is at least equal to that used for the standard text on the front (or first) page of the offer.

(D) A clear statement, if applicable, that the offer is subject to specific restrictions, qualifications, and conditions and a statement describing the location in the offer where the restrictions, qualifications, and conditions may be found. Both statements shall be printed in a type size that is at least equal to that used for the standard text on the front (or first) page of the offer.

(2) The following disclosures shall appear in the offer, but need not appear on the front (or first) page of the offer:

(A) Unless the odds are disclosed on the front (or first) page of the offer, a statement of the odds of receiving each incentive offered, printed in the size and format set forth in subparagraph (C) of paragraph (1).

(B) All restrictions, qualifications, and other conditions which must be satisfied before the recipient is entitled to receive the incentive, including but not limited to:

(i) Any deadline by which the recipient must visit the location, attend the sales presentation, or contact the sales agent in order to receive an incentive.

(ii) Any other conditions, such as a minimum age qualification, a financial qualification, or a requirement that if the recipient is married both husband and wife must be present in order to receive

the incentive. Any financial qualifications shall be stated with a specificity sufficient to enable the recipient to reasonably determine his or her eligibility.

(C) A statement that the owner or provider identified pursuant to subparagraph (A) of paragraph (1) reserves the right to provide a raincheck, or a substitute or like incentive, if those rights are reserved.

(D) A statement that a recipient who receives an offered incentive may request and will receive evidence showing that the incentive provided matches the incentive randomly or otherwise selected for distribution to that recipient.

(E) All other rules, terms, and conditions of the offer, plan, or program.

(b) It is unlawful for any person making an offer subject to subdivision (a), or any employee, agent, or independent contractor employed or authorized by that person, to offer any incentive when the person knows or has reason to know that the offered item will not be available in a sufficient quantity based upon the reasonably anticipated response to the offer.

(c) It is unlawful for any person making an offer subject to subdivision (a), or any employee, agent, or independent contractor employed or authorized by that person, to fail to provide any offered incentive which any recipient who has responded to the offer in the manner specified therein, who has performed the requirements disclosed therein, and who has met the qualifications described therein, is entitled to receive, unless the offered incentive is not reasonably available and the offer discloses the reservation of a right to provide a raincheck, or a like or substitute incentive, if the offered incentive is unavailable.

(d) If the person making an offer subject to subdivision (a) is unable to provide an offered incentive because of limitations of supply, quantity, or quality that were not reasonably foreseeable or controllable by the person making the offer, the person making the offer shall inform the recipient of the recipient's right to receive a raincheck for the incentive offered, unless the person making the offer knows or has reasonable basis for knowing that the incentive will not be reasonably available and shall inform the recipient of the recipient's right to at least one of the following additional options:

(1) The person making the offer will provide a like incentive of equivalent or greater retail value or a raincheck therefor.

(2) The person making the offer will provide a substitute incentive of equivalent or greater retail value.

(3) The person making the offer will provide a raincheck for the like or substitute incentive.

(e) If a raincheck is provided, the person making an offer subject to subdivision (a) shall, within a reasonable time, and in no event later than 80 days, deliver the agreed incentive to the recipient's address without additional cost or obligation to the recipient, unless the incentive for which the raincheck is provided remains

unavailable because of limitations of supply, quantity, or quality not reasonably foreseeable or controllable by the person making the offer. In that case, the person making the offer shall, not later than 30 days after the expiration of the 80 days, deliver a like incentive of equal or greater retail value or, if an incentive is not reasonably available to the person making the offer, a substitute incentive of equal or greater retail value.

(f) Upon the request of a recipient who has received or claims a right to receive any offered incentive, the person making an offer subject to subdivision (a) shall furnish to the person sufficient evidence showing that the incentive provided matches the incentive randomly or otherwise selected for distribution to that recipient.

(g) It is unlawful for any person making an offer subject to subdivision (a), or any employee, agent, or independent contractor employed or authorized by that person, to:

(1) Use any printing styles, graphics, layouts, text, colors, or formats on envelopes or on the offer which, implies, creates an appearance, or would lead a reasonable person to believe, that the offer originates from or is issued by or on behalf of a government or public agency, public utility, public organization, insurance company, credit reporting agency, bill collecting company or law firm, unless the same is true.

(2) Misrepresent the size, quantity, identity, value, or qualities of any incentive.

(3) Misrepresent in any manner the odds of receiving any particular incentive.

(4) Represent directly or by implication that the number of participants has been significantly limited or that any person has been selected to receive a particular incentive unless that is the fact.

(5) Label any offer a notice of termination or notice of cancellation.

(6) Misrepresent, in any manner, the offer, plan, program or the affiliation, connection, association, or contractual relationship between the person making the offer and the owner or provider, if they are not the same.

(h) If the major incentives are awarded or given at random, by the assignment of a number to the incentives, that number shall be actually assigned by the party contractually responsible for doing so. The person making an offer subject to subdivision (a) hereof, or the agent, employee, or independent contractor employed or authorized by that person, if any, shall maintain, for a period of one year after the date the offer is made, the records that show that the winning numbers or opportunity to receive the major incentives have been deposited in the mail or otherwise made available to recipients in accordance with the odds statement provided pursuant to subparagraph (C) of paragraph (1) of subdivision (a) hereof. The records shall be made available to the Attorney General within 30 days after written request therefor. Postal receipt records, affidavits of mailing, or a list of winners or recipients of the major incentives

shall be deemed to satisfy the requirements of this section.

SEC. 2. Section 17537.2 of the Business and Professions Code is amended and renumbered to read:

17537.4. If the person making an offer subject to Section 17537 or to subdivision (a) of Section 17537.1, or any employee, agent, or independent contractor employed or authorized by that person, violates any provision of Section 17537, 17537.1, or 17537.2, the recipient of the offer who is damaged by the violation may bring a civil action against the person making the offer for, and may be awarded, treble damages. The court may award reasonable attorneys' fees to the prevailing party.

SEC. 3. Section 17537.2 is added to the Business and Professions Code, to read:

17537.2. The following, when used as part of an advertising plan or program defined in Section 17537.1, are deceptive and constitute unfair trade practices:

(a) When, in order to utilize the incentive, the recipient is requested to pay any money to any person or entity named or referred to in the offer, or to purchase, rent, or otherwise pay that person or entity for any product or service including a deposit, whether returnable or not, whether payment is for an item, a service, shipping, handling, insurance or payment for anything.

Notwithstanding the preceding paragraph, when the offered incentive is a certificate or coupon redeemable for transportation, accommodations, recreation, vacation, entertainment, or like services, the offer may place a condition on the use of the incentive which requires the recipient to pay directly to the transportation company, the accommodation, recreation, vacation or entertainment facility, or similar direct provider of like services, a refundable deposit, not to exceed fifty dollars ($50), to reserve space availability or admission, only if the deposit shall be returned in United States dollars immediately upon the recipient's arrival at the location of the provider to whom the recipient paid the deposit. If the incentive is such a certificate or coupon, and if government-imposed taxes directly related to the service being provided are not included in the incentive, the offer itself, in close proximity to the description of the incentive which is evidenced by the certificate or coupon, shall disclose those government-imposed taxes which will be the recipient's responsibility and the approximate dollar amount of those taxes. A deposit from the recipient may be collected to cover the cost of those goverment-imposed taxes.

(b) Stating or implying in the offer that the recipient is one of a selected group to receive a particular incentive or one or more of a group of incentives, without clearly and conspicuously disclosing in close proximity to the statement or implied statement of selection the total number of persons in that select group or the odds of receiving the incentive or incentives. Statements of selection which require such disclosure include such phrases as "you are a finalist," "we are sending this to a limited number of people," "either you or

another named person have won the major prize," "if you do not respond, your incentive will be given to someone else."

(c) Stating or implying in the offer that the recipient is likely to receive one or more of the offered incentives because other named people have already received other named incentives, unless the offer clearly and conspicuously discloses in close proximity to the statement the recipient's odds of receiving the identified incentive.

(d) When the solicitation states or implies that the recipient is likely to receive an incentive which has a normal retail price which is higher than that of another named incentive unless that statement is true. For purposes of this section, a list of incentives implies that the incentives are in descending or ascending order of value unless the solicitation clearly and conspicuously negates the implication in close proximity to the list.

(e) Describing an incentive or incentives in an untrue or misleading manner. Untrue or misleading descriptions include those which imply that the incentive being offered is of greater fair market value or of a different kind or nature than a recipient would be led to believe from a reasonable reading of the offer, or which lists the recipient's name in close proximity to a specific incentive unless the offer clearly and conspicuously discloses immediately next to or immediately under or above the recipient's name the recipient's odds of receiving the specific incentive.

SEC. 4. Section 1812.300 of the Civil Code is amended to read:

1812.300. For the purposes of this title:

(a) "Membership camping operator" means any enterprise, other than one that is tax exempt under Section 501(c)(3) of the Internal Revenue Code of 1954, as amended, that has as one of its purposes the ownership or operation of campgrounds which include or may include use of camping sites, that solicits membership paid for by a fee or periodic payments, such as annual dues, and the contractual members are the primary intended users. "Membership camping operator" does not include camping or recreational trailer parks, as defined in Section 18215 of the Health and Safety Code, which are open to the general public and which contain camping sites rented for a per use fee, or a "mobilehome park," as defined in either Section 798.4 of the Civil Code or Section 18214 of the Health and Safety Code.

As used in this title, "seller" means membership camping operator.

You should retain for your records one copy of the cancellation notice, or a carbon of the contract when it provides the cancellation information, or other writing showing intent to cancel. Mailing by ordinary mail is adequate but certified mail return receipt requested is recommended."

(c) On the date of purchase the membership camping operator shall provide the purchaser with a copy of the contract and duplicate of the notice of cancellation. The membership camping operator shall inform the purchaser orally of the right to cancel at the time the contract is executed.

The money shall not be disbursed until the transaction is complete, or until the escrow agent has received written instructions to disburse the funds signed by the owner of the membership camping contract or the prospective purchaser and the broker. For purposes of this section, a transaction is complete when ownership of the membership camping contract has been transferred from the prior purchaser to the new purchaser in the manner required by the terms of the membership camping contract, all documents necessary to complete the transfer have been fully executed, and the new purchaser has not exercised the right to cancel provided in paragraph (2) of subdivision (c).

(b) The broker shall inform the new purchaser in writing of the

following:

(1) The risks of purchasing a membership camping contract without visiting at least one of the membership camping operator's campgrounds.

(2) That the membership camping operator may have a valid reason for not transferring the contract to the new purchaser such as a default in payment on contract or annual dues, or that the new purchaser does not meet the same credit standards applied to other new purchasers.

(3) That there may have been changes in the rules or regulations concerning the rights and obligations of the membership camping operator or its members including changes with respect to annual dues, fees, assessments, use restrictions or that some campgrounds may have been withdrawn.

SEC. 10. Section 1812.307 is added to the Civil Code, to read:

1812.307. No membership camping operator shall withdraw from the use by purchasers of membership camping contracts any campground unless one of the following conditions is satisfied:

(a) Adequate provision is made to provide within a reasonable time, a substitute campground in the same general area that is as desirable for the purpose of camping and outdoor recreation.

(b) The campground is withdrawn from use because, despite good faith efforts by the membership camping operator, a person not affiliated with the membership camping operator has exercised a superior right to possession (such as the right of a lessor to take possession following expiration of a lease of the property) and the terms and date of the withdrawal were disclosed in writing to all purchasers at or prior to the time of any sale of a membership camping contract after the membership camping operator represented to purchasers that the campground would be available for camping or recreation purposes.

(c) The rights of all purchasers of membership camping contracts who are entitled to use the campground have expired or have been lawfully terminated.

SEC. 11. Section 1812.308 of the Civil Code is amended and renumbered to read:

1812.315. If any provision of this title or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of this title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

SEC. 12. Section 1812.308 is added to the Civil Code, to read:

1812.308. (a) Except in the case of a membership camping operator substituting a campground in accordance with Section 1812.307, no membership camping operator or owner of the underlying fee shall sell, lease, assign, or otherwise transfer his or her interest in a campground except by an instrument evidencing the transfer recorded in the office of the county recorder for the county in which the campground is located. The instrument shall be in recordable form and be executed by both the transferor and transferee and shall state each of the following:

(1) That the instrument is intended to protect the rights of all purchasers of membership camping contracts.

(2) That its terms may be enforced by any prior or subsequent purchaser so long as that purchaser is not in default on his or her obligations under the membership camping contract.

(3) That the transferee shall fully honor the rights of the purchasers to occupy and use the campground as provided in the purchaser's original membership camping contracts.

(4) That the transferee shall fully honor all rights of purchasers to cancel their contracts and receive appropriate refunds.

(5) That the obligations of the transferee under the instrument will continue to exist despite any cancellation or rejection of the

contracts between the membership camping operator and purchaser arising out of bankruptcy proceedings.

(b) If any transfer of the interest of the membership camping operator or owner of the underlying fee occurs in a manner which is not in compliance with this section, the terms set forth in this section shall be presumed to be a part of the transfer and shall be deemed to be included in the instrument of transfer. Notice of the transfer shall be mailed to each purchaser within 30 days of the transfer. Persons who hold blanket encumbrances on a campground shall not be considered transferees for the purposes of this section.

SEC. 13. Section 1812.309 is added to the Civil Code, to read:

1812.309. (a) Campgrounds subject to this section include any campground which is offered or made available by an operator for the first time after January 1, 1991, or any campground which becomes subject to a new or refinanced blanket encumbrance after January 1, 1991. A membership camping operator shall not offer or represent that any campground subject to this section is available for use by the purchasers of its camping contracts unless one of the following conditions has been satisfied:

(1) The membership camping operator obtains and records a nondisturbance agreement from each holder of a blanket encumbrance. The nondisturbance agreement is executed by the membership camping operator and each holder of the blanket encumbrance and includes the provisions set forth in subdivision (j) of Section 1812.300 and each of the following:

(A) The instrument may be enforced by purchasers of membership camping contracts. If the membership camping operator is not in default under its obligations to the holder of the blanket encumbrance, the agreement may be enforced by both the membership camping operator and the purchasers.

(B) The nondisturbance agreement is effective as between each purchaser and the holder of the blanket encumbrance despite any rejection or cancellation of the purchaser's contract during any bankruptcy proceedings of the membership camping operator.

(C) The agreement is binding upon the successors in the interest of both the membership camping operator and the holder of the blanket encumbrance.

(D) A holder of the blanket encumbrance who obtains title or possession, or who causes a change in title or possession in a campground by foreclosure or otherwise, and who does not continue to operate the campground upon conditions no less favorable to members than existed prior to the change of title or possession shall either:

(i) Offer the title or possession of the campground to an association of members to operate the campground.

(ii) Obtain a commitment from another entity which obtains title or possession to undertake the responsibility of operating the campground.

(2) The membership camping operator posts a surety bond or

irrevocable letter of credit with a trustee in favor of purchasers and which guarantees that the payments on the blanket encumbrance are made as they become due. A trustee shall be either a corporate trustee or an attorney licensed to practice law in this state.

(3) The membership camping operator delivers to a trustee an encumbrance trust agreement which contains each of the following provisions:

(A) The membership camping operator shall collaterally assign to the trustee all of its membership camping contracts receivable or other receivables of the membership camping operator in an amount calculated in accordance with subparagraph (B). The membership camping operator shall provide the trustee with a security interest in the receivables and all proceeds therefrom. For purposes of this section, the membership camping operator shall be credited with 100 percent of the outstanding principal balance of each receivable assigned to the trustee. All proceeds of the receivables shall be held in a trust account by the trustee subject to this section for the use and benefit of the purchasers to make the payments of principal and interest due under the blanket encumbrance. However, if the proceeds of the receivables during any calendar year exceed the amount due under the blanket encumbrance in the following calendar quarter, these excess funds shall be returned by the trustee to the membership camping operator.

(B) The amount of membership camping contracts receivable or other receivables to be collaterally assigned as described in subparagraph (A) shall be calculated based upon the maximum number of contracts per camping site to be offered on or after January 1, 1991, in connection with the campground in question, which number of contracts per camping site shall not exceed 15 multiplied by the total number of camping sites available at the campground thereby yielding the anticipated total number of contracts to be sold in connection with the campground. The outstanding balance due under the blanket encumbrance shall then be divided by the anticipated total number of contracts to arrive at the amount per contract sold to be paid over to the trustee in the form of collaterally assigned receivables as described in subparagraph (A). The membership camping operator shall make the required collateral assignments to the trustee on a quarterly basis based upon the actual sales of contracts at the campground in question during the previous calendar quarter. However, the membership camping operator's obligation to collaterally assign receivables to the trustee shall cease when the membership camping operator has collaterally assigned to the trustee an aggregate principal amount of receivables equal to 100 percent of the aggregate principal indebtedness remaining due under the blanket encumbrance.

(C) If the outstanding balance due under the blanket encumbrance at the time of execution of the encumbrance trust agreement exceeds the anticipated gross revenue based upon the

membership camping operator's price list to be generated by the sale of the anticipated total number of contracts as calculated in subparagraph (B), the membership camping operator shall meet the conditions specified in paragraph (1), (2), or (4) of this subdivision as to the full amount of the excess.

(D) It may be terminated by the membership camping operator if the membership camping operator has satisfied the obligation secured by the blanket encumbrance in full or has complied with paragraph (1), (2), or (4) of this subdivision. Upon termination of the agreement, all receivables and proceeds thereof held by the trustee shall be immediately assigned and delivered to the membership camping operator. All costs of administering this trust, filing, and perfecting the security interest, and foreclosing the lien shall be borne by the membership camping operator.

(4) Any financial institution which has made a hypothecation loan to the membership camping operator (a "hypothecation lender") shall have a lien on, or security interest in, the membership camping operator's interest in the campground, and the hypothecation lender shall have executed and recorded a nondisturbance agreement at the county recorder's office for the county in which the campground is located. Each person holding an interest in a blanket encumbrance superior to the interest held by the hypothecation lender shall execute and record at the county recorder's office, an instrument stating that the person shall give the hypothecation lender notice of, and at least 30 days to cure, any default under the blanket encumbrance before the person commences any foreclosure action affecting the campground. For the purposes of this paragraph, a "hypothecation loan to a membership camping operator" means a loan or line of credit secured by membership camping contracts receivable arising from the sale of membership camping contracts by the membership camping operator, which exceeds in the aggregate all outstanding indebtedness secured by blanket encumbrances superior to the interest held by the hypothecation lender.

A hypothecation lender who obtains title or possession, or who causes a change in title or possession, in a campground, by foreclosure or otherwise, and who does not continue to operate the campground upon conditions no less favorable to purchasers than existed prior to the change of title or possession shall either:

(A) Offer the title or possession to an association of members to operate the campground.

(B) Obtain a commitment from another entity which obtains title to, or possession of, the campground to undertake the responsibility of operating the campground.

(b) Any membership camping operator which does not comply at all times with subdivision (a) with regard to any blanket encumbrance in connection with any campground subject to that subdivision is prohibited from offering any membership camping contracts for sale during the period of noncompliance.

SEC. 14. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as other costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1530

An act to add Section 1517 to the Probate Code, and to amend Sections 272, 319, 332, 361.5, 366.26, 366.3, and 656 of, and to add Sections 248.5 and 366.4 to, the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

NOTE: See Stats. 1990, Ch. 79 for SECTION 1.

SEC. 2. Section 248.5 is added to the Welfare and Institutions Code, to read:

248.5. All written findings and orders of the court shall be served by the clerk of the court personally or by first-class mail within three judicial days of their issuance on the petitioner, the minor or the minor's counsel, the parent or the parent's counsel, and the guardian or the guardian's counsel.

SEC. 3. Section 272 of the Welfare and Institutions Code is amended to read:

272. (a) The board of supervisors may delegate to the county

welfare department all or part of the duties of the probation officer concerning dependent children described in Section 300.

(b) The board of supervisors may also delegate to those persons within the county welfare department performing child welfare services the probation officer's right of access to state summary criminal history information pursuant to Section 11105 of the Penal Code as is necessary to carry out its duties concerning children reasonably believed to be described by Section 300. The information shall include any current incarceration, the location of any current probation or parole, any current requirement that the individual register pursuant to Section 290 or 457.1 of the Penal Code, or pursuant to Section 11140 or 11590 of the Health and Safety Code, and any history of offenses involving abuse or neglect of, or violence against, a child, or convictions of any offenses involving violence, sexual offenses, the abuse or illegal possession, manufacture, or sale of alcohol or controlled substances, and any arrest for which the person is released on bail or on his or her own recognizance.

(c) Notwithstanding subdivision (a), a social worker in a county welfare department may perform the duties specified by Section 306.

SEC. 4. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians, the petitioner, or their counsel desires to present. The court may examine the minor, as provided in Section 350.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody; the need, if any, for continued detention; on the available services and the referral methods to those services which could facilitate the return of the minor to the custody of the minor's parents or guardians; and whether there are any relatives who are able and willing to take temporary custody of the minor. The court shall order the release of the minor from custody unless a prima facie showing has been made that the minor comes within Section 300 and any of the following circumstances exist:

(a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.

(b) There is substantial evidence that a parent, guardian, or custodian of the minor is likely to flee the jurisdiction of the court.

(c) The minor has left a placement in which he or she was placed by the juvenile court.

(d) The minor indicates an unwillingness to return home, if the minor has been physically or sexually abused by a person residing in the home.

The court shall also make a determination on the record as to whether reasonable efforts were made to prevent or eliminate the need for removal of the minor from his or her home and whether there are available services which would prevent the need for further detention. Services to be considered for purposes of making this determination are case management, counseling, emergency shelter care, emergency in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training, transportation, and any other child welfare services authorized by the State Department of Social Services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. The court shall also review whether the social worker has considered whether a referral to public assistance services pursuant to Chapter 2 (commencing with Section 11200) of Part 3, Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6, of Division 9 would have eliminated the need to take temporary custody of the minor or would prevent the need for further detention. If the minor can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the minor with his or her parent or guardian and order that the services shall be provided. If the minor cannot be returned to the custody of his or her parent or guardian, the court shall determine if there is a relative who is able and willing to care for the child. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, even with reasonable services being provided, the court shall make a finding that the lack of preplacement preventive efforts were reasonable. Whenever a court orders a minor detained, the court shall state the facts on which the decision is based, shall specify why the initial removal was necessary, and shall order services to be provided as soon as possible to reunify the minor and his or her family if appropriate.

When the minor is not released from custody the court may order that the minor shall be placed in the suitable home of a relative or in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court or in an appropriate certified family home whose license is pending and all the prelicense requirements for such a placement have been met as set forth in subdivision (e) of Section 361.2 for a period not to exceed 15 judicial days.

As used in this section, "relative" means an adult who is related to the minor by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great," or "grand." However, only the following relatives shall be given preferential treatment for placement of the minor: an adult who is a grandparent, aunt, uncle, or a sibling of the minor.

SEC. 5. Section 332 of the Welfare and Institutions Code is amended to read:

332. A petition to commence proceedings in the juvenile court to declare a minor a ward or a dependent child of the court shall be verified and shall contain all of the following:

(a) The name of the court to which it is addressed.

(b) The title of the proceeding.

(c) The code section and the subdivision under which the proceedings are instituted. If it is alleged that the minor is a person described by subdivision (e) of Section 300, the petition shall include an allegation pursuant to that section.

(d) The name, age, and address, if any, of the minor upon whose behalf the petition is brought.

(e) The names and residence addresses, if known to the petitioner, of both parents and any guardian of the minor. If there is no parent or guardian residing within the state, or if his or her place of residence is not known to the petitioner, the petition shall also contain the name and residence address, if known, of any adult relative residing within the county, or, if there is none, the adult relative residing nearest to the location of the court.

(f) A concise statement of facts, separately stated, to support the conclusion that the minor upon whose behalf the petition is being brought is a person within the definition of each of the sections and subdivisions under which the proceedings are being instituted.

(g) The fact that the minor upon whose behalf the petition is brought is detained in custody or is not detained in custody, and if he or she is detained in custody, the date and the precise time the minor was taken into custody.

(h) A notice to the father, mother, spouse, or other person liable for support of the minor child, of all of the following: (1) Section 903 makes that person, the estate of that person, and the estate of the minor child, liable for the cost of the care, support, and maintenance of the minor child in any county institution or any other place in which the child is placed, detained, or committed pursuant to an order of the juvenile court; (2) Section 903.1 makes that person, the estate of that person, and the estate of the minor child, liable for the cost to the county of legal services rendered to the minor or the parent by a private attorney or a public defender appointed pursuant to the order of the juvenile court; (3) Section 903.2 makes that person, the estate of that person, and the estate of the minor child, liable for the cost to the county of the probation supervision of the minor child by the probation officer pursuant to the order of the juvenile court; and (4) the liabilities established by these sections are joint and several.

SEC. 6. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum

time period not to exceed 12 months. The court also shall make findings pursuant to subdivision (a) of Section 366. When counseling or other treatment services are ordered, the parent shall be ordered to participate in those services, unless the parent's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.

(2) That the parent is suffering from a mental disability that is described in Section 232 of the Civil Code and that renders him or her incapable of utilizing those services.

(3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents or guardian or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.

(4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and postively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the child if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Services may include, but shall not be limited to, all of the following:

(1) Maintaining contact between parent and child through collect phone calls.

(2) Transportation services, where appropriate.

(3) Visitation services, where appropriate.

(4) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(f) If a court, pursuant to paragraph (2), (3), (4), or (5) of subdivision (b), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26 it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

SEC. 7. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Section 4600 of the Civil Code is not applicable to these proceedings. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 224, 224m, and 7017 of the Civil Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review

the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently sever the parent or parents' rights and order that the child be placed for adoption.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) It shall terminate parental rights only if it first determines by clear and convincing evidence that it is likely that the minor will be adopted. If the court so determines, the findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to Section 366.21 or Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional

well-being of the minor.

(2) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days. During this 60-day period, the public agency responsible for seeking adoptive parents, for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is the age of seven years or more.

(3) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(4) If the court finds that the child should not be placed for adoption that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a

suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(k) An order by the court directing that a hearing pursuant to this

section be held is not an appealable order, but may be the subject of review by extraordinary writ.

SEC. 7.5. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Section 4600 of the Civil Code is not applicable to these proceedings. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 221.20, 222.10, and 7017 of the Civil Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently sever the parent or parents' rights and order that the child be placed for adoption.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) It shall terminate parental rights only if it determines by clear and convincing evidence that it is likely that the minor will be adopted. If the court so determines, the findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to Section 366.21 or Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following

circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor.

(2) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days. During this 60-day period, the public agency responsible for seeking adoptive parents, for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is the age of seven years or more.

(3) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor

shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(4) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel.

The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural

parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(k) An order by the court directing that a hearing pursuant to this section be held is not an appealable order, but may be the subject of review by extraordinary writ.

SEC. 8. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 366.25 or 366.26, the court shall retain jurisdiction over the minor until the minor is adopted or the legal guardianship is established. The status of the minor shall be reviewed every six months to ensure that the adoption or guardianship is completed as expeditiously as possible. When the adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor. The court may continue jurisdiction over the minor as a dependent minor of the juvenile court following the establishment of a legal guardianship or may terminate its dependency jurisdiction and retain jurisdiction over the minor as a ward of the guardianship established pursuant to Section 366.25 or 366.26 and as authorized by Section 366.4. Following a termination of parental rights the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the minor.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the minor.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a guardianship which has been granted pursuant to Section 366.25 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the minor. If the petition to terminate guardianship is granted, the juvenile court may resume dependency jurisdiction over the minor,

and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the minor in another permanent placement. At the hearing, the parents may be considered as custodians but the minor shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the minor. The court may, if it is in the interests of the minor, order that reunification services again be provided to the parent or parents.

[Approved by Governor September 29, 1990 Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 650 of the Business and Professions Code is amended to read:

650. Except as provided in Chapter 2.3 (commencing with

The payment or receipt of consideration for services other than the referral of patients which is based on a percentage of gross revenue or similar type of contractual arrangement shall not be unlawful if the consideration is commensurate with the value of the services furnished or with the fair rental value of any premises or equipment leased or provided by the recipient to the payor.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both such imprisonment and fine. A second or subsequent conviction is punishable by imprisonment in the state prison.

SEC. 2. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

This section shall not apply to property sent or shipped to this state.

(c) When serving the summons and complaint upon a tenant and subtenant, if any, the marshal, sheriff, or registered process server shall make a reasonably diligent effort to ascertain whether there are other adult occupants of the premises who are not named in the summons and complaint by inquiring of the person or persons who are being personally served, or any person of suitable age and discretion who appears to reside upon the premises, whether there are other occupants of the premises.

If the identity of such an occupant is disclosed to the officer or process server and the occupant is present at the premises, the officer or process server shall serve that occupant with a copy of the prejudgment claim of right to possession attached to a copy of the summons and complaint. occupant is disclosed to the officer or process server, or if substituted service in accordance with Section 415.45 is made upon the tenant and subtenant, if any, the officer or process server shall serve a prejudgment claim of right to possession for all other persons who may claim to occupy the premises at the time of the filing of the action by (1) leaving a copy of a prejudgment claim of right to possession attached to a copy of the summons and complaint at the premises at the same time service is made upon the tenant and subtenant, if any, (2) affixing the same so that it is not readily removable in a conspicuous place on the premises so that it is likely to give actual notice to an occupant, and (3) sending the same addressed to "all occupants in care of the named tenant" to the premises by registered mail.

(d) Proof of service under this section shall be filed with the court and shall include a statement that service was made pursuant to this section. Service on occupants in accordance with this section shall not alter or affect service upon the tenant or subtenant, if any.

(e) If an owner or his or her agent has directed and obtained service of a prejudgment claim of right to possession in accordance with this section, no occupant of the premises, whether or not such occupant is named in the judgment for possession, may object to the enforcement of that judgment as prescribed in Section 1174.3.

The application for the writ shall provide a place to indicate that the writ applies to all tenants, subtenants, if any, name claimants, if any, and any other occupants of the premises.

(b) In addition to the information required by Section 712.020, the writ of possession of real property shall contain the following:

(1) A description of the real property, possession of which is to be delivered to the judgment creditor in satisfaction of the judgment.

(2) A statement that if the real property is not vacated within five days from the date of service of a copy of the writ on the occupant or, if the copy of the writ is posted, within five days from the date a copy of the writ is served on the judgment debtor, the levying officer will remove the occupants from the real property and place the judgment creditor in possession.

(3) A statement that any personal property remaining on the real property after the judgment creditor has been placed in possession will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the judgment debtor or other owner pays the judgment creditor the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the judgment creditor takes possession of the real property.

(4) The date the complaint was filed in the action which resulted in the judgment of possession.

(5) The date or dates on which the court will hear objections to enforcement of a judgment of possession that are filed pursuant to Section 1174.3.

(6) The daily rental value of the property as of the date the complaint for unlawful detainer was filed.

(c) At the time the writ of possession is served or posted, the levying officer shall also serve or post a copy of the form for a claim of right to possession.

SEC. 2. Section 1166a of the Code of Civil Procedure is amended to read:

1166a. (a) Upon filing the complaint, the plaintiff may, upon motion, have immediate possession of the premises by a writ of possession of a manufactured home, mobilehome, or real property issued by the court and directed to the sheriff of the county, or constable or marshal, for execution, where it appears to the satisfaction of the court, after a hearing on the motion, from the verified complaint and from any affidavits filed or oral testimony given by or on behalf of the parties, that the defendant resides out of state, has departed from the state, cannot, after due diligence, be found within the state, or has concealed himself or herself to avoid the service of summons. The motion shall indicate that the writ applies to all tenants, subtenants, if any, named claimants, if any, and any other occupants of the premises.

(b) Written notice of the hearing on the motion shall be served on the defendant by the plaintiff in accordance with the provisions of Section 1011, and shall inform the defendant as follows: "You may file affidavits on your own behalf with the court and may appear and present testimony on your own behalf. However, if you fail to appear, the plaintiff will apply to the court for a writ of possession of a manufactured home, mobilehome, or real property."

(c) The plaintiff shall file an undertaking in such sum as shall be fixed and determined by the judge, to the effect that, if the plaintiff fails to recover judgment against the defendant for the possession of the premises or if the suit is dismissed, the plaintiff will pay to the defendant such damages, not to exceed the amount fixed in the undertaking, as may be sustained by the defendant by reason of such dispossession under the writ of possession of a manufactured home, mobilehome, or real property.

(d) If, at the hearing on the motion, the findings of the court are in favor of the plaintiff and against the defendant, an order shall be entered for the immediate possession of the premises.

(e) The order for the immediate possession of the premises may be enforced as provided in Division 3 (commencing with Section 712.010) of Title 9 of Part 2.

(f) For the purposes of this section, references in Division 3 (commencing with Section 712.010) of Title 9 of Part 2 and in subdivisions (e) to (m), inclusive, of Section 1174, to the "judgment debtor" shall be deemed references to the defendant, to the "judgment creditor" shall be deemed references to the plaintiff, and to the "judgment of possession or sale of property" shall be deemed references to an order for the immediate possession of the premises.

SEC. 2.6. Section 1169 of the Code of Civil Procedure is amended to read:

1169. If at the time appointed any defendant served with a summons does not appear and defend, the clerk, or the judge if there is no clerk, upon written application of the plaintiff and proof of the service of summons and complaint, shall enter the default of any defendant so served, and, if requested by the plaintiff, immediately shall enter judgment for restitution of the premises and shall issue a writ of execution thereon. The application for default judgment shall include a place to indicate that the judgment includes tenants, subtenants, if any, named claimants, if any, and any other occupants of the premises. Thereafter, the plaintiff may apply to the court for any other relief demanded in the complaint, including the costs, against the defendant, or defendants, or against one or more of the defendants.

SEC. 2.8. Section 1174.25 is added to the Code of Civil Procedure, to read:

1174.25. (a) Any occupant who is served with a prejudgment claim of right to possession in accordance with Section 415.46 may file a claim as prescribed in Section 415.46, with the court within 10 days of the date of service of the prejudgment claim to right of possession

as shown on the return of service, which period shall include Saturday and Sunday but excluding all other judicial holidays. If the last day for filing the claim falls on a Saturday or Sunday, the filing period shall be extended to and including the next court day. Filing the prejudgment claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the prejudgment claim of right to possession.

(b) At the time of filing, the claimant shall be added as a defendant in the action for unlawful detainer and the clerk shall notify the plaintiff that the claimant has been added as a defendant in the action. The claimant shall answer or otherwise respond to the summons and complaint within five days, including Saturdays and Sundays but excluding all other judicial holidays, after filing the prejudgment claim of possession. Thereafter, the name of the claimant shall be added to any pleading, filing or form filed in the action for unlawful detainer.

SEC. 3. Section 1174.3 of the Code of Civil Procedure is amended to read:

1174.3. (a) Unless a prejudgment claim of right to possession has been served upon occupants in accordance with Section 415.46, any occupant not named in the judgment for possession who occupied the premises on the date of the filing of the action may object to enforcement of the judgment against that occupant by filing a claim of right to possession as prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession.

(b) The court issuing the writ of possession of real property shall set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision (a). An occupant of the real property for which the writ is issued may make an objection to eviction to the levying officer at the office of the levying officer or at the premises at the time of the eviction.

If a claim of right to possession is completed and presented to the sheriff, marshal, or other levying officer, the officer shall forthwith (1) stop the eviction of occupants at the premises, and (2) provide a receipt or copy of the completed claim of right of possession to the claimant indicating the date and time the completed form was received, and (3) deliver the original completed claim of right to possession to the court issuing the writ of possession of real property.

(c) A claim of right to possession is effected by any of the

following:

(1) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, an amount equal to 15 days' rent together with the appropriate fee or form for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact. Immediately upon receipt of an amount equal to 15 days' rent and the appropriate fee or form for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy with the notice of the hearing date on the plaintiff and the claimant by first-class mail. The court issuing the writ of possession shall set and hold a hearing on the claim not less than five nor more than 15 days after the claim is filed with the court.

(2) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, the appropriate fee or form for proceeding in forma pauperis without delivering the amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time the claimant completes the filing by delivering to the court the appropriate fee or form for proceeding in forma pauperis, and shall notify the plaintiff of the hearing date by first-class mail. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact.

(d) At the hearing, the court shall determine whether there is a valid claim of possession by the claimant who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim. The court may determine the claim to be valid or invalid based upon the evidence presented at the hearing. The court shall determine the claim to be invalid if the court determines that the claimant is an invitee, licensee, guest, or trespasser. If the court determines the claim is invalid, the court shall order the return to the claimant of the amount of the 15 days' rent paid by the claimant, if that amount was paid pursuant to paragraphs (1) or (3) of subdivision (c), less a pro rata amount for each day that enforcement of the judgment was delayed by reason of making the claim of right to possession, which pro rata amount shall be paid to the landlord. If the court determines the claim is valid, the amount equal to 15 days' rent paid by the claimant shall be returned immediately to the claimant.

(e) If, upon hearing, the court determines that the claim is valid, then the court shall order further proceedings as follows:

(1) If the unlawful detainer is based upon a curable breach, and the claimant was not previously served with a proper notice, if any notice is required, then the required notice may at the plaintiff's discretion be served on the claimant at the hearing or thereafter. If the claimant does not cure the breach within the required time, then a supplemental complaint may be filed and served on the claimant as defendant if the plaintiff proceeds against the claimant in the same action. For the purposes of this section only, service of the required notice, if any notice is required, and of the supplemental complaint may be made by first-class mail addressed to the claimant at the subject premises or upon his or her attorney of record and, in either case, Section 1013 shall otherwise apply. Further proceedings on the merits of the claimant's continued right to possession after service of the Summons and Supplemental Complaint as prescribed by this subdivision shall be conducted pursuant to this chapter.

(2) In all other cases, the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as thus amended, may at the plaintiff's discretion be made at the hearing or thereafter, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter.

(f) If a claim is made without delivery to the court of the appropriate filing fee or a form for proceeding in forma pauperis, as prescribed in this section, the claim shall be immediately deemed denied and the court shall so order. Upon the denial of the claim, the court shall immediately deliver an endorsed copy of the order to the levying officer and shall serve an endorsed copy of the order on the plaintiff and claimant by first-class mail.

(g) If the claim of right to possession is denied pursuant to subdivision (f), or if the claimant fails to appear at the hearing or, upon hearing, if the court determines that there are no valid claims, or if the claimant does not prevail at a trial on the merits of the unlawful detainer action, the court shall order the levying officer to proceed with enforcement of the original writ of possession of real property as deemed amended to include the claimant, which shall be effected within a reasonable time not to exceed five days. Upon receipt of the court's order, the levying officer shall enforce the writ of possession of real property against any occupant or occupants.

(h) The claim of right to possession shall be made on the following form:

CHAPTER 1536

An act to add and repeal Section 3260 of the Civil Code, relating to works of improvement.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 3260 is added to the Civil Code, to read:

3260. (a) This section is applicable with respect to all contracts entered into on or after July 1, 1991, relating to the construction of any private work of improvement.

(b) The retention proceeds withheld from any payment by the owner from the original contractor, or by the original contractor from any subcontractor, shall be subject to this section.

(c) Within 45 days after the date on which a certificate of occupancy is issued for the work of improvement, the retention withheld by the owner shall be released. However, release of retentions withheld for any portion of the work of improvement which ultimately will become the property of a public agency, may be conditioned upon the acceptance of the work by the public agency. In the event of a dispute between the owner and the original contractor, the owner may withhold from the final payment an amount not to exceed 150 percent of the disputed amount.

(d) Subject to subdivision (e), within 10 days from the time that all or any portion of the retention proceeds are received by the original contractor, the original contractor shall pay each of its subcontractors from whom retention has been withheld, each subcontractor's share of the retention received. However, if a retention payment received by the original contractor is specifically designated for a particular subcontractor, payment of the retention shall be made to the designated subcontractor, if the payment is consistent with the terms of the subcontract.

(e) The original contractor may withhold from a subcontractor its portion of the retention proceeds if a bona fide dispute exists between the subcontractor and the original contractor. The amount withheld from the retention payment shall not exceed 150 percent of the estimated value of the disputed amount.

(f) In the event that retention payments are not made within the time periods required by this section, the owner or original contractor withholding the unpaid amounts shall be subject to a charge of 2 percent per month on the improperly withheld amount, in lieu of any interest otherwise due. Additionally, in any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs.

(g) It shall be against public policy for any party to require any other party to waive any provision of this section.

(h) This section shall not be construed to apply to retentions withheld by a lender in accordance with the construction loan agreement.

(i) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1996, deletes or extends that date. Notwithstanding its repeal, this section shall continue to apply to all contracts entered into on or after July 1, 1991, and before January 1, 1996.

An act to amend Section 29100 of the Government Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1990 Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 29100 of the Government Code is amended to read:

29100. On or before the first business day of September of each year, the board shall adopt by resolution the rates of taxes on the secured roll, not to exceed the 1-percent limitation specified in Article XIII A of the Constitution and Sections 93 and 100 of the Revenue and Taxation Code; for voter-approved indebtedness, the board shall adopt the rates on the secured roll by determining the percentage of full value of property on the secured roll legally subject to support the annual debt requirement. Each rate shall be such as will produce the amount determined as necessary to be raised by taxation on the secured roll after due allowance for delinquency, anticipated changes to the roll, disputed tax revenues anticipated to be impounded pursuant to Section 26906.1, amounts subject to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, and other available financing sources. The board may adopt a rate for voter-approved indebtedness as will produce an amount determined as appropriate for necessary reserves. For purposes of this section, "an amount appropriate for necessary reserves" shall be limited to an amount sufficient to accommodate the county's anticipated annual cash-flow needs for servicing the county's voter-approved debt. The reserve may service only the debt for which the extraordinary rate is levied. All interest earned on the amount deposited in the necessary reserve shall accrue to the necessary reserve.

The board may, by resolution, extend on a permanent basis or for a limited period the date specified by this section from the first business day of each September to each October 3.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow counties the authority to meet minimum annual debt requirements at the earliest possible time, it is necessary that this act go into effect immediately.

CHAPTER 1539

An act to add Sections 2191.2, 2914.1, and 4099.5 to the Business and Professions Code, relating to healing arts.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares and finds that the number of elderly in California represent 11 percent of the population and they consume over 33 percent of prescription drugs and 50 percent of over-the-counter medications. Older Americans account for 15 percent of hospital admissions each year due to adverse drug effects with hospital costs in California estimated at $289 million. Drug abuse among seniors is usually unintentional and results in over 33,000 deaths each year in the United States.

The Legislature also finds and declares that less than 2 percent of the students enrolled in medical schools study geriatrics and a significant number of physicians lack sufficient knowledge of prescribing drugs to the elderly. Also, that an elderly person's pharmacist plays an important role in monitoring and controlling medication misuse and a pharmacist consultation with an elderly patient can reduce medicine consumption, lower drug costs, and decrease adverse reactions.

It is the intent of the Legislature that the Medical Board of California and the State Board of Pharmacy identify, approve, and promote continuing education in geriatric pharmacology in accordance with this act.

SEC. 2. Section 2191.2 is added to the Business and Professions Code, to read:

2191.2. The division shall encourage every physician and surgeon to take a course in geriatric pharmacology as part of his or her continuing education, unless his or her patient rolls consist of less than 10 percent of elderly patients.

SEC. 3. Section 2914.1 is added to the Business and Professions Code, to read:

2914.1. The board shall encourage every licensed psychologist to take a continuing education course in geriatric pharmacology as a part of his or her continuing education.

SEC. 4. Section 4099.5 is added to the Business and Professions Code, to read:

(3) The standard shall apply to all agricultural places of employment.

(4) The standard shall require that toilets are serviced and maintained in a clean, sanitary condition and kept in good repair at all times, including written records of that service and maintenance.

(b) Consistent with its mandatory investigation and reinspection duties under Sections 6309, 6313, and 6320, the division shall develop and implement a special emphasis program for enforcement of the standard for at least two years following its adoption. The employer shall be

required to annually submit the completed form, subscribed under penalty of perjury, to the division, or to an agency designated by the division.

(e) The division shall notify the State Department of Health Services and the appropriate local health officers whenever a violation of the standard adopted pursuant to this section may result in the adulteration of food with harmful bacteria or other deleterious substances within the meaning of Article 3 (commencing with Section 26520) of Chapter 5 of Division 21 of the Health and Safety Code.

(f) Pending final adoption and approval of the standard required by subdivision (a), the division may enforce the field sanitation standards prescribed by Section 1928.110 of Title 29 of the Code of Federal Regulations, except subdivision (a) of Section 1928.110, in the same manner as other standards contained in this division.

(2) Provision for a procedure for appointment and reappointment of medical staff as provided by the standards of the

(3) Provisions that the medical staff shall be self-governing with respect to the professional work performed in the hospital; that the medical staff shall meet in accordance with the minimum requirements of the Joint Commission on Accreditation of Healthcare Organizations; and that the medical records of the patients shall be the basis for such review and analysis.

(4) Provision that accurate and complete medical records be prepared and maintained for all patients.

For purposes of this paragraph medical records include, but are not limited to, identification data, personal and family history, history of present illness, physical examination, special examinations, professional or working diagnoses, treatment, gross and microscopic pathological findings, progress notes, final diagnosis, condition on discharge, and other matters as the medical staff shall determine.

(5) Limitations with respect to the practice of medicine and surgery in the hospital as the board of directors may find to be in the best interests of the public health and welfare, including appropriate provision for proof of ability to respond in damages by applicants for staff membership, as long as no duly licensed physician and surgeon is excluded from staff membership solely because he or she is licensed by the Board of Osteopathic Examiners.

Unless specifically prohibited by law, the board of directors may adopt other rules which could be lawfully adopted by private or voluntary hospitals.

CHAPTER 1543

An act to amend and repeal Section 42145 of the Public Resources Code, relating to solid waste.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 42145 of the Public Resources Code is amended to read:

42145. (a) The local governing body may, either by ordinance or resolution, upon the recommendation of the appropriate land use planning agency, propose eligible parcels of property within its jurisdiction as a recycling market development zone.

(b) The proposal of a recycling market development zone shall be based upon the following findings by the local governing body:

(1) The current waste management practices and conditions are

favorable to development of postconsumer waste material markets.

(2) The designation as a recycling market development zone is necessary in order to assist in attracting private sector recycling investments to the area.

(c) (1) Upon appropriation by the Legislature in the annual Budget Act, the board may make low-interest loans to local governing bodies and private business entities within a recycling market development zone from money in the Recycling Market Development Revolving Loan Account, which is hereby created in the Integrated Waste Management Fund, for the purpose of assisting the board and local agencies in complying with Section 40051 and to assist cities and counties in complying with Section 41780.

(2) The board shall establish and collect fees for applications for loans authorized by this section in an amount sufficient to pay its actual costs of administering the revolving loan program. The revenue from the fees shall be deposited in the Recycling Market Development Revolving Loan Account. The board may, upon appropriation by the Legislature in the annual Budget Act, use revenue in the account for the administration of the revolving loan program.

(d) Loans made pursuant to subdivision (c) shall be subject to all of the following requirements:

(1) The terms of any approved loan shall be specified in a loan agreement between the borrower and the board. The loan agreement shall include a requirement that the failure to comply with the agreement shall result in any remaining unpaid amount of the loan, with accrued interest, being immediately due and payable. Notwithstanding any term of the agreement, any borrower of a loan that the board approves shall repay the principal amount, plus interest on the basis of the rate of return for money in the Pooled Money Investment Account. Except as provided in subdivision (g), all moneys received as repayment and interest on loans under this section shall be deposited in the Recycling Market Development Revolving Loan Account.

(2) The term of any loan under this section shall be not more than 10 years.

(3) The board shall approve only those loan applications which demonstrate the applicant's ability to repay the loan. The highest priority for funding shall be given to projects which demonstrate that there is a market demand for recycling the project's type of postconsumer waste material.

(4) The board shall finance not more than one-half of the cost of any project, or not more than one million dollars ($1,000,000) for loans to any project, whichever is greater.

(5) The Department of Finance may audit the expenditure of the proceeds of any loan made pursuant to this section.

(e) Upon authorization by the Legislature in the annual Budget Act, the Controller shall transfer the sum of five million dollars ($5,000,000) from the Integrated Waste Management Account in the

Integrated Waste Management Fund to the Recycling Market Development Revolving Loan Account for the purpose of making loans pursuant to subdivision (c). This amount shall be a loan to the Recycling Market Development Revolving Loan Account, repayable with interest at the rate of return for money in the Pooled Money Investment Account, and shall be repaid on or before July 1, 1997.

(f) The board shall submit a report to the Legislature on the loan program provided for in subdivision (c) on or before January 1, 1996.

(g) This section shall become inoperative on July 1, 1997, and, as of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed. Notwithstanding this section, any loan outstanding on July 1, 1997, shall be repaid as provided in paragraph (2) of subdivision (d) until repaid in full. Any unexpended funds in the Recycling Market Development Revolving Loan Account on July 1, 1997, shall be transferred to the Integrated Waste Management Account, and any proceeds from loans outstanding on that date shall be deposited in the Integrated Waste Management Account.

CHAPTER 1544

An act to amend Sections 20393, 20452, and 20652 of, and to add Section 20105.5 to, the Government Code, relating to public retirement systems, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 20105.5 is added to the Government Code, to read:

20105.5. The board may employ six additional auditors to audit reports submitted by employers.

SEC. 2. Section 20393 of the Government Code is amended to read:

20393. Notwithstanding any other provision of this part, a member who is credited with less than the years of service specified in Article 1 (commencing with Section 20950) of Chapter 8 of this part who enters employment as a member of a public retirement system supported, in whole or in part, by state funds, including the University of California Retirement System, or as a member of a retirement system established under the County Employees Retirement Law of 1937, within six months of leaving state service, shall have the right to elect to leave accumulated contributions on deposit in the retirement fund. Failure to make an election to

withdraw accumulated contributions shall be deemed an election to leave accumulated contributions on deposit in the retirement fund. This section shall also apply to a member who is subject to Section 21251.146, except that no election to leave contributions on deposit is required for service that is subject to Section 21251.146.

An election to allow accumulated contributions to remain in the retirement fund may be revoked by the member at any time, except: (1) while the member is employed in state service in a position in which the member is not excluded from membership with respect to that service; or (2) while the member is in service as a member of a public retirement system supported, in whole or in part, by state funds, including the University of California Retirement System; or (3) while the member is in service, entered within six months after discontinuing state service, as a member of a retirement system established under the County Employees Retirement Law of 1937. All contributions accumulated up to the time of revocation may then be withdrawn. A member whose membership continues under this section is subject to the same age and disability requirements as apply to other members for service or for disability retirement. After the qualification of the member for retirement by reason of age, which shall be the lowest age applicable to any membership category in which the member has credited service, or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's credit at the time of retirement and on the employer contributions held for the member and calculated in the same manner as for other members, except that the provisions in this part for minimum service and disability retirement allowances shall not apply to the member, unless the member meets the minimum service requirements. If a basic death benefit becomes payable under Article 5 (commencing with Section 21360) of Chapter 9 of this part because of death before retirement of a member, the average annual compensation earnable in the year preceding the date of termination of that service, rather than in the year preceding death, shall be used in computing the benefit under Article 5 of Chapter 9.

The provisions of this section, as it read prior to June 21, 1971, shall continue with respect to a member whose membership continued under this section on that date.

SEC. 3. Section 20452 of the Government Code is amended to read:

20452. (a) On request of the board, the public agency shall furnish data concerning its employees as the board requires to make the necessary valuations and investigation into the experience among the employees.

(b) On request of the board, the public agency shall furnish the board a copy of any third party or internal audit performed by or for the public agency.

SEC. 4. Section 20652 of the Government Code is amended to

read:

20652. If the state service or membership herein of a member is discontinued, he or she shall, upon his or her request, be paid his or her accumulated contributions, if, in the opinion of the board, he or she is permanently separated from state service or membership by reason of the discontinuance.

This section shall not apply to discontinuance of state service or membership as a result of retirement or death on account of which a basic, a limited, or a special death benefit is payable.

SEC. 5. The Board of Administration of the Public Employees' Retirement System shall study ways to improve the accuracy of the payroll reporting procedures of public agencies. The study shall consider imposing civil penalties for willful misreporting, requiring reporting by public agencies under penalty of perjury, and allowing the system to require a lump sum payment from the employer for any retirement shown not to be actuarially funded as a result of incorrect reporting.

In addition, the study shall consider allowing the system to retroactively adjust a pension which is shown to be based upon incorrectly reported compensation.

The study shall be submitted to the Legislature on or before January 1, 1991, and shall contain suggestions for legislation, if needed.

SEC. 6. This act shall become operative on December 1, 1990.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the tax status of accumulated retirement contributions, the act must take effect immediately.

SECTION 1. Division 1.7 (commencing with Section 4980) is added to the Financial Code, to read:

DIVISION 1.7. SECURITIES SALES

4980. (a) Except as provided by subdivision (b), no financial institution doing business in this state, or any other person offering

for sale or selling securities in any financial institution's retail branch office, shall offer any security for sale to the public, at any retail branch office at which deposits are accepted.

(5) "Deposit" includes shares of credit unions and investment certificates of industrial loan companies.

(d) This section shall remain in effect until January 1, 1994, and as of that date is repealed unless a later enacted statute deletes or extends that date.

4981. Any financial institution doing business in this state, or any other person, that sells to the public at any retail branch office at which deposits are accepted, any security which is not a deposit, and which is not insured by an agency or instrumentality of the United States, or a private share insurance or guaranty arrangement, shall provide the customer a disclosure statement as defined in subdivision (a).

(a) For the purposes of this section:

(2) "Financial institution" means a depository institution, the deposits of which are insured by a federal deposit insurance agency

or instrumentality, or a private share insurance or guaranty arrangement, including, but not limited to, banks, savings banks, savings associations, credit unions, and industrial loan companies.

For credit unions, the disclosure statement provided pursuant to this section shall contain a sentence in at least 10-point bold type to the effect that: "I understand that the product or products I am purchasing or may purchase are not deposits and may not be insured by an agency of the United States such as National Credit Union Share Insurance Fund (NCUSIF), or a private share insurance or guaranty arrangement." With respect to agreements for the purchase of securities executed by a customer at a retail branch office of the institution which accepts deposits, a customer shall be required to acknowledge in writing that he or she has received and read this statement.

(c) Notwithstanding the provisions of subdivision (b), in the case of account relationships opened, or securities sold, by telephone or electronic order, the requirements of this section are met if the disclosure statement is provided at the time the new account documents are sent to the customer.

(d) The provisions of this section shall not apply to sales of securities or contracts entered into for the purchase of securities prior to January 1, 1991.

4982. Any violation of this division by a bank is a violation of Division 1 (commencing with Section 99); a violation by a savings association is a violation of Division 2 (commencing with Section 5000); a violation by a credit union is a violation of Division 5 (commencing with Section 14000); and a violation by an industrial loan company is a violation of Division 7 (commencing with Section 18000).

4983. Nothing in this division shall be construed or interpreted to mean that this division in any way gives a financial institution the authority to offer or sell any type of security that it could not otherwise offer or sell under state or federal law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The form shall be signed by the transferee or an officer of the transferee and shall not be signed by an agent acting for a transferee.

(b) If a document evidencing a change of ownership is presented to the recorder for recordation without the concurrent filing of a preliminary change of ownership report, the recorder may charge an additional recording fee of twenty dollars ($20).

(c) Noncompliance with this section by the transferee shall not delay or preclude the recordation of documents if the additional fee specified in subdivision (b) is tendered.

(d) The authority to obtain information pursuant to this section is in addition to, and not in lieu of, any existing authority the assessor has under this article.

No later than January 1, 1993, the rating organization shall quantify any identified changes as a percentage of total incurred losses and shall report this percentage

129. (a) To make certain that injured workers, and their dependents in the event of their death, receive promptly and accurately the full measure of compensation to which they are entitled, the Office of Benefit Assistance and Enforcement shall audit insurers, self-insured employers, and third-party administrators to determine if they have met their obligations under this code. At least half of the audit subjects shall be selected at random, and the remaining subjects shall be selected pursuant to subdivision (b). The

results of audits of insurers shall be provided to the Insurance Commissioner and the results of audits of self-insured employers and third-party administrators shall be provided to the Director of Industrial Relations. Nothing in this section shall restrict the authority of the Director of Industrial Relations or the Insurance Commissioner to audit their licensees.

(b) The Office of Benefit Assistance and Enforcement shall establish priorities for audits based on information obtained from the Benefit Notice program established under Section 138.4, through information and assistance services and other factual information that indicates an insurer, self-insured employer, or third-party administrator is failing to meet its obligations under this division or Division 4 (commencing with Section 3200) or the regulations of the administrative director.

(c) If, as a result of an audit, the Office of Benefit Assistance and Enforcement determines that any compensation, interest, or penalty is due and unpaid to an employee or dependent, the administrative director shall issue and cause to be served upon the insurer, self-insured employer, or third-party administrator a notice of assessment detailing the amounts due and unpaid in each case, and shall order the amounts paid to the person entitled thereto. The notice of assessment shall be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. A copy of the notice of assessment shall also be sent to the affected employee or dependent.

If the amounts are not paid within 30 days after service of a notice of assessment, the employer shall also be liable for reasonable attorney's fees necessarily incurred by the employee or dependent to obtain amounts due. The administrative director shall advise each employee or dependent still owed compensation after this 30-day period of his or her rights with respect to the commencement of proceedings to collect the compensation owed. Amounts unpaid because the person entitled thereto cannot be located shall be paid to the Workplace Health and Safety Revolving Fund. The Director of Industrial Relations shall promulgate rules and regulations establishing standards and procedures for the payment of compensation from moneys deposited into the Workplace Health and Safety Revolving Fund whenever the person entitled thereto applies for compensation.

(d) A determination by the Office of Benefit Assistance and Enforcement or the administrative director that an amount is or is not due to an employee or dependent shall not in any manner limit the jurisdiction or authority of the appeals board to determine the issue.

(e) Annually, commencing on April 1, 1991, the Office of Benefit Assistance and Enforcement shall publish a report detailing the results of audits conducted pursuant to this section during the preceding calendar year. The report shall include the name of each insurer, self-insured employer, and third-party administrator audited

during that period. For each insurer, self-insured employer, and third-party administrator audited the report shall specify the total number of files audited, the number of violations found by type and amount of compensation, interest and penalties payable, and the amount collected for each violation.

These reports shall not identify the particular claim file which resulted in a particular violation or penalty. Disclosure of claim information to the Office of Benefit Assistance and Enforcement pursuant to an audit shall not waive provisions of the Evidence Code relating to privilege.

(3) Failure to comply with any rule or regulation of the administrative director.

(b) The administrative director shall promulgate regulations establishing a schedule of violations and the amount of the administrative penalty to be imposed for each type of violation. The schedule shall provide for imposition of a penalty of up to one hundred dollars ($100) for each violation of the least serious type and for imposition of penalties in progressively higher amounts for more serious types of violations, with the penalty for the most serious types of violations to be set at up to five thousand dollars ($5,000) per violation. The administrative director is authorized to impose penalties pursuant to rules and regulations which give due consideration to the appropriateness of the penalty with respect to the following factors:

(1) The gravity of the violation.

(2) The good faith of the insurer, self-insured employer, or third-party administrator.

(3) The history of previous violations, if any.

(4) The frequency of the violations.

(c) The notice of penalty assessment shall be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. The notice shall be in writing and shall describe the nature of the violation, including reference to the statutory provision or rule or regulation alleged to have been violated. The notice shall become final and the assessment shall be paid unless contested within 15 days of receipt by the insurer, self-insured employer, or third-party administrator.

(d) In addition to the penalty assessment permitted by subdivision (a), the administrative director may assess a civil penalty, not to exceed one hundred thousand dollars ($100,000), upon finding, after hearing, that an employer, insurer, or third-party administrator for an employer has knowingly committed and has performed with a frequency as to indicate a general business practice any of the following:

(1) Induced employees to accept less than compensation due, or made it necessary for employees to resort to proceedings against the employer to secure compensation due.

(2) Refused to comply with known and legally indisputable compensation obligations.

(3) Discharged or administered compensation obligations in a dishonest manner.

(4) Discharged or administered compensation obligations in a manner as to cause injury to the public or those dealing with the employer or insurer.

Upon a second or subsequent finding, the administrative director shall refer the matter to the Insurance Commissioner or Director of Industrial Relations and request that a hearing be conducted to determine whether the certificate of authority, certificate of consent to self-insure, or certificate of consent to administer claims of self-insured employer, as the case may be, should be revoked.

(e) An insurer, self-insured employer, or third-party administrator may file a written request for a conference with the administrative director within seven days after receipt of the notice of penalty assessment issued pursuant to subdivision (a) or (d). Within 15 days of the conference, the administrative director shall issue a notice of findings and serve it upon the contesting party by registered or certified mail. Any amount found due by the administrative director shall become due and payable 30 days after receipt of the notice of findings. The 30-day period shall be tolled during any appeal. A writ of mandate may be taken from the findings to the appropriate superior court upon the execution by the contesting party of a bond to the state in the principal sum that is double the amount found due and ordered by the administrative director, on the condition that the contesting party shall pay any judgment and costs rendered against it for the amount.

(f) Nothing in this section shall create nor eliminate a civil cause of action for the employee and his or her dependents.

(g) All moneys collected under this section shall be deposited in the State Treasury and credited to the Workplace Health and Safety Revolving Fund.

Proceedings for increased compensation as provided in paragraph (1), or for reinstatement and reimbursement for lost wages and work benefits, are to be instituted by filing an appropriate petition with the appeals board, but these proceedings may not be commenced more than one year from the discriminatory act or date of termination of the employee. The appeals board is vested with full power, authority, and jurisdiction to try and determine finally all matters specified in this section subject only to judicial review, except that the appeals board shall have no jurisdiction to try and determine a misdemeanor charge. (d) The evaluator, upon request, shall be reappointed if he or she meets the qualifications for appointment and meets all of the following criteria:

(1) Has completed formal medical evaluations within a reasonable time after assignment.

(2) Has not had more than 30 percent of his or her evaluations of

The Industrial Medical Council shall promulgate a form which shall notify the employee of the physicians selected for his or her panel. The form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the

employee that he or she is entitled to receive transportation expenses and temporary disability for each day necessary for the examination. The form shall also state in a clear and conspicuous location and type: "You have the right to consult with an attorney prior to selecting the doctor to prepare your evaluation. If your claim eventually goes to court, the judge will consider the evaluation prepared by the doctor you select to decide your claim." When compiling the list of evaluators from which to select randomly, the medical director shall include all qualified medical evaluators of the appropriate specialty type as recognized by an appropriate, recognized board within the general geographic area of the employee's residence, and shall have no authority to exclude qualified medical evaluators based on any other criteria. When the medical director determines that an employee has requested an evaluation by a type of specialist which is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall continuously review the quality of formal medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall promulgate rules and regulations concerning the following medical issues:

(1) Standards governing the time frames within which formal medical evaluations shall be prepared and submitted by agreed and qualified medical evaluators. The time frame for initial formal medical evaluations to be prepared and submitted shall be no more than 45 days after the evaluator has seen the employee or otherwise commenced the formal medical evaluation procedure. The council shall develop a written policy governing the provision of extensions of the 45-day period in cases where the evaluator has not received test results or consulting physician's evaluations in time to meet the 45-day deadline. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented

employees under Section 4061. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomic loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of disputed medical issues specified in Sections 4061 and 4062.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(k) The Industrial Medical Council may, in its discretion, suspend or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (*l*), determines that a qualified medical evaluator:

(1) Has violated Section 139.3 or Section 4628.

(2) Has failed to follow the medical procedures established by the council pursuant to paragraph (2), (3), or (4) of subdivision (j) in 10 or more formal medical evaluations during a 12-month period.

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j) on 10 or more occasions during a 12-month period.

(4) Has failed to meet the requirements of subdivision (b) or (c).

(*l*) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate or suspend the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training.

SEC. 17. Section 139.3 of the Labor Code is amended to read:

139.3. (a) Neither an agreed nor a qualified medical evaluator, nor a physician who consults with an agreed or qualified medical evaluator, shall offer, deliver, receive, or accept any rebate, refund, commission, preference, patronage dividend, discount, or other

consideration, whether in the form of money or otherwise, as compensation or inducement for the referred evaluation or consultation.

(b) It shall not be unlawful for an agreed or qualified medical evaluator to refer a person to any laboratory, pharmacy, clinic, or health care facility solely because the agreed or qualified medical evaluator has a proprietary interest or coownership in the laboratory, pharmacy, clinic, or health care facility, but the referral shall be prohibited if there was no valid medical need for the referral.

(c) An agreed or qualified medical evaluator who refers to or seeks consultation from an organization in which the agreed or qualified medical evaluator has a significant beneficial interest shall disclose this interest to the parties in writing at the time of the referral and in the final medical evaluation. For the purposes of this section, the term "significant beneficial interest" shall have the same meaning as set forth in Section 654.2 of the Business and Professions Code.

(d) A qualified medical evaluator who is found to have committed a violation of this section may be terminated, suspended, or placed on probation as a qualified medical evaluator by the Industrial Medical Council.

SEC. 18. Section 139.5 of the Labor Code is amended to read:

139.5. (a) The administrative director shall establish within the Office of Benefit Determination a vocational rehabilitation unit, which shall include appropriate professional staff, and which shall have the following duties:

(1) To foster, review, and approve vocational rehabilitation plans developed by a qualified rehabilitation representative of the employer, insurer, state agency, or employee.

(2) To develop rules and regulations, to be promulgated by the administrative director, which would expedite and facilitate the identification, notification and referral of industrially injured employees to vocational rehabilitation services.

(3) To coordinate and enforce the implementation of vocational rehabilitation plans.

(4) To develop a fee schedule, to be promulgated by the administrative director, governing reasonable fees for vocational rehabilitation services provided on and after January 1, 1991. The initial fee schedule promulgated under this paragraph shall be designed to reduce the cost of vocational rehabilitation services by 10 percent from the level of fees paid during 1989.

(5) To develop standards, to be promulgated by the administrative director, for governing the timeliness and the quality of vocational rehabilitation services.

(b) The salaries of the personnel of the vocational rehabilitation unit shall be fixed by the Department of Personnel Administration.

(c) When an employee is determined to be medically eligible and chooses to enroll in a vocational rehabilitation program, he or she shall continue to receive temporary disability indemnity payments,

and, after his or her medical condition becomes permanent and stationary, a maintenance allowance. The employee also shall receive additional living expenses necessitated by the vocational rehabilitation services, together with all reasonable and necessary vocational training, at the expense of the employer.

(d) The amount of the maintenance allowance due under subdivision (c) shall be two-thirds of the employee's average weekly earnings at the date of injury payable as follows:

(1) The amount the employee would have received as continuing temporary disability indemnity, but not more than two hundred forty-six dollars ($246) a week for injuries occurring on or after January 1, 1990.

(2) At the employee's option, an additional amount from permanent disability indemnity due or payable, sufficient to provide the employee with a maintenance allowance equal to two-thirds of the employee's average weekly earnings at the date of injury subject to the limits specified in subdivision (a) of Section 4453 and the requirements of Section 4661.5. In no event shall temporary disability indemnity and a maintenance allowance be payable concurrently.

If the employer disputes the treating physician's determination of medical eligibility, the employee shall continue to receive that portion of the maintenance allowance payable under paragraph (1) pending final determination of the dispute. If the employee disputes the treating physician's determination of medical eligibility and prevails, the employee shall be entitled to that portion of the maintenance allowance payable under paragraph (1) retroactive to the date of the employee's request for vocational rehabilitation services.

(e) No provision of this section nor of any rule, regulation, or vocational rehabilitation plan developed or promulgated under this section nor any benefit provided pursuant to this section shall apply to an injured employee whose injury occurred prior to January 1, 1975. Nothing in this section shall affect any plan, benefit, or program authorized by this section as added by Chapter 1513 of the Statutes of 1965 or as amended by Chapter 83 of the Statutes of 1972.

(f) The time within which an employee may request vocational rehabilitation services is set forth in Sections 5405.5, 5410, and 5803.

SEC. 19. Section 139.6 of the Labor Code is amended to read:

139.6. (a) The administrative director shall establish and effect within the Division of Workers' Compensation a continuing program to provide information and assistance concerning the rights, benefits, and obligations of the workers' compensation law to employees and employers subject thereto. The program shall include, but not be limited to, the following:

(1) The preparation, publishing, and as necessary, updating, of guides to the California workers' compensation system for employees and employers. The guides shall detail, in easily understandable language, the rights and obligations of employees and employers, the procedures for obtaining benefits, and the means

provided for resolving disputes. Separate guides may be prepared for employees and employers. The appropriate guide shall be provided to all labor and employer organizations known to the administrative director, and to any other person upon request.

(2) The preparation, publishing, and as necessary, updating, of a pamphlet advising injured workers of their basic rights under workers' compensation law in easily understandable language. The pamphlet shall be available in both English and Spanish, and shall include basic information concerning the circumstances under which injured employees are entitled to the various types of workers' compensation benefits, the protections against discrimination because of an injury, the procedures for resolving any disputes which arise, and the right to seek information and advice from an information and assistance officer or an attorney.

(b) In each district office of the division, the administrative director shall appoint an information and assistance officer, and any other deputy information and assistance officers as the work of the district office may require. The administrative director shall provide office facilities and clerical support appropriate to the functions of these information and assistance officers.

(c) Each information and assistance officer shall be responsible for the performance of the following duties:

(1) Providing continuing information concerning rights, benefits, and obligations under workers' compensation laws to injured workers, employers, lien claimants, and other interested parties.

(2) Upon request by the injured worker, assisting in the prompt resolution of misunderstanding, disputes, and controversies arising out of claims for compensation, without formal proceedings, in order that full and timely compensation benefits shall be furnished. In performing this duty, information and assistance officers shall not be responsible for reviewing applications for adjudication or declarations of readiness to proceed. This function shall be performed by workers' compensation judges. This function may also be performed by settlement conference referees upon delegation by the appeals board.

(3) Distributing any information pamphlets in English and Spanish as are prepared and approved by the administrative director to all inquiring injured workers and any other parties that may request copies of these pamphlets.

(4) Establishing and maintaining liaison with the persons located in the geographic area served by the district office, with other affected state agencies, and with organizations representing employees, employers, insurers, and the medical community.

SEC. 20. Section 3208.3 of the Labor Code is amended to read:

3208.3. (a) A psychiatric injury shall be compensable if it is a mental disorder which causes disability or need for medical treatment, and it is diagnosed pursuant to procedures promulgated under paragraph (4) of subdivision (j) of Section 139.2 or, until these procedures are promulgated, it is diagnosed using the terminology

and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(b) In order to establish that a psychiatric injury is compensable, an employee shall demonstrate by a preponderance of the evidence that actual events of employment were responsible for at least 10 percent of the total causation from all sources contributing to the psychiatric injury.

(c) It is the intent of the Legislature in enacting this section to establish a new and higher threshold of compensability for psychiatric injury under this division.

SEC. 21. Section 4061 of the Labor Code is amended to read:

4061. (a) Together with the last payment of temporary disability indemnity, the employer shall, in a form prescribed by the administrative director pursuant to Section 138.4, provide the employee one of the following:

(1) Notice that no permanent disability indemnity will be paid because the employer alleges the employee has no permanent impairment or limitations resulting from the injury. The notice shall include information concerning how the employee may obtain a formal medical evaluation pursuant to subdivision (c) if he or she disagrees with the position taken by the employer.

(2) Notice that permanent disability indemnity may be or is payable, but that the amount cannot be determined because the employee's medical condition is not yet permanent and stationary. The notice shall advise the employee that his or her medical condition will be monitored until it is permanent and stationary, at which time the necessary evaluation will be performed to determine the existence and extent of permanent impairment and limitations for the purpose of rating permanent disability and to determine the need for continuing medical care. If an employee is provided notice pursuant to this paragraph and the employer later takes the position that the employee has no permanent impairment or limitations resulting from the injury, the employer shall, within 14 days of the determination to take this position, provide the employee with the notice specified in paragraph (1).

(3) Notice that permanent disability indemnity may be or is payable and that the employer has received information indicating that the employee's condition is now permanent and stationary.

(b) Each notice required by subdivision (a) shall describe the administrative procedures available to the injured employee and advise the employee of his or her right to consult an attorney.

(c) If the employee requests a formal medical evaluation after the employer notifies the employee that no permanent disability indemnity will be paid pursuant to paragraph (1) of subdivision (a), and the employee is represented by an attorney, the employer shall seek agreement with the employee on a physician, who need not be

a qualified medical evaluator, to prepare a formal medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed to by the parties, the parties may not later select an agreed medical evaluator. Evaluations obtained prior to the period to reach agreement shall not be admissible in any proceeding before a workers' compensation judge or the appeals board. After the period to reach agreement has expired, each party may select a qualified medical evaluator to conduct the formal medical evaluation. Neither party may obtain reports from more than one qualified medical evaluator for each appropriate medical specialty or subspecialty. Each report shall be reasonable and necessary for a complete evaluation. The limitation to reports of one qualified medical evaluator for each appropriate medical specialty or subspecialty shall not apply to the following:

(1) Reports by treating physicians.

(2) Where the appeals board determines there is good cause to permit a party to obtain an evaluation from another physician.

If the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare the formal medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare a formal medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury.

(d) When the employer has reason to believe that the employee has or may have permanent impairment or limitations, the employer shall, within five working days after receipt of information indicating the employee's medical condition is permanent and stationary, serve on the employee an explanation and description, as prescribed by the administrative director under Section 138.4, of the procedures for evaluation of permanent impairment and limitations and any need for continuing medical care resulting from the injury. If the employee is represented by an attorney, the employee and employer shall seek agreement on a physician, who need not be a qualified medical evaluator, to evaluate the existence and extent of permanent impairment and limitations and any need for continuing medical care resulting from the injury. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed upon by the parties, the parties may not later select an agreed medical evaluator. Evaluations obtained prior to the period to reach agreement shall not be admissible in any proceeding before a workers' compensation judge or the appeals board. After the period to reach agreement has expired, each party may select a qualified medical evaluator to conduct the formal medical evaluation. Neither party may obtain reports from more than one qualified medical

evaluator for each appropriate medical speciality or subspeciality. Each report shall be reasonable and necessary for a complete evaluation. The limitation to reports of one qualified medical evaluator for each appropriate medical specialty or subspecialty shall not apply to the following:

(1) Reports by treating physicians.

(2) Where the appeals board determines there is good cause to permit a party to obtain an evaluation from another physician.

If the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare the formal medical evaluation. The employer shall immediately request the medical director, on a form prescribed for that purpose, to assign a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare a formal medical evaluation of permanent impairment and limitations and any need for continuing medical care resulting from the injury.

(e) The employee shall be responsible for making an appointment with an agreed medical examiner or a qualified medical evaluator selected from a panel of three qualified medical evaluators. The evaluator shall give the employee, at the appointment, a brief opportunity to ask questions concerning the evaluation process and the evaluator's background. The unrepresented employee shall then participate in the evaluation as requested by the evaluator unless the employee has good cause to discontinue the evaluation. For purposes of this subdivision, "good cause" shall include evidence that the evaluator is biased against the employee because of his or her race, sex, national origin, religion, or sexual preference or evidence that the evaluator has requested the employee to submit to an unnecessary medical examination or procedure. If the unrepresented employee terminates the evaluation, he or she shall have the right to a new panel of three qualified medical evaluators from which to select one to prepare a formal medical evaluation. If the appeals board subsequently determines that the employee did not have good cause to terminate the evaluation, the cost of the evaluation shall be deducted from any award the employee obtains.

(f) Upon selection or assignment pursuant to subdivision (c) or (d), the medical evaluator shall perform a formal medical evaluation according to the procedures promulgated by the Industrial Medical Council under paragraphs (2) and (3) of subdivision (j) of Section 139.2 and summarize the medical findings on a form prescribed by the Industrial Medical Council.

(g) The agreed or qualified medical evaluator shall consult with a physician in an appropriate specialty who is a qualified medical evaluator or who is eligible for appointment as a qualified medical evaluator when reasonably necessary to produce a formal medical evaluation which meets the standards promulgated by the Industrial Medical Council. The agreed or qualified medical evaluator may also consult with a physician who is not a qualified medical evaluator,

regardless of whether or not the physician is licensed to practice in California, only if the physician possesses necessary expertise in a specialty which does not normally treat and without which a complete and accurate formal medical evaluation cannot be obtained. If the unrepresented employee or the employer believes that the evaluator has not consulted with a physician or physicians whose expertise is necessary to provide a complete and accurate evaluation, the unrepresented employee or the employer may request that the medical director direct the evaluator to consult with a physician in an appropriate specialty to address issues outside the expertise of the evaluator. This request shall be in writing, shall specify the reasons for the request, and shall be served on the other party. The medical director shall grant the employer's or unrepresented employee's request if the consultation requested is necessary to provide a complete and accurate evaluation. The Industrial Medical Council shall adopt a regulation determining how long the medical director shall have to grant or deny these requests.

(h) The agreed or qualified medical evaluator shall serve the formal medical evaluation and the summary form on the employee, employer, and the Office of Benefit Determination. Within 20 days of receipt of the formal medical evaluation, the Office of Benefit Determination shall calculate the permanent disability rating according to Section 4660 and serve the rating on the employee and employer.

(i) Any formal medical evaluation concerning an unrepresented employee which indicates that part or all of an employee's permanent impairment or limitations may be subject to apportionment pursuant to Sections 4663 or 4750 shall first be submitted by the Office of Benefit Determination to a workers' compensation judge who may refer the report back to the qualified medical evaluator for correction or clarification if the judge determines the proposed apportionment is inconsistent with the law.

(j) Within 30 days of receipt of the rating, if the employee is unrepresented, the employee or employer may request that the Office of Benefit Determination reconsider the recommended rating or obtain additional evaluations from a qualified medical evaluator to address issues not addressed or not completely addressed in the original formal medical evaluation or not prepared in accord with the procedures of the Industrial Medical Council promulgated under paragraph (2) or (3) of subdivision (j) of Section 139.2. This request shall be in writing, shall specify the reasons the rating should be reconsidered, and shall be served on the other party. If the administrative director finds the formal medical evaluation is not complete or not in compliance with the required procedures, the administrative director shall return the report to the qualified medical evaluator for appropriate action as the administrative director instructs. Upon receipt of the qualified medical evaluator's final formal medical evaluation and summary form, the Office of Benefit Determination shall recalculate the permanent disability

rating according to Section 4660 and serve the rating, the formal medical evaluation, and the summary form on the employee and employer.

(k) If a formal medical evaluation from an agreed medical evaluator or a qualified medical evaluator selected from a three-member panel resolves any issue so as to require an employer to provide compensation, the employer shall commence the payment of compensation or file an application for adjudication of claim. If the employee and employer agree to a stipulated findings and award as provided under Section 5702 or to compromise and release the claim under Chapter 2 (commencing with Section 5000) of Part 3, or if the employee wishes to commute the award under Chapter 3 (commencing with Section 5100) of Part 3, the appeals board shall first determine whether the agreement or commutation is in the best interests of the employee and whether the proper procedures have been followed in determining the permanent disability rating. The Office of Benefit Determination shall promulgate a form to notify the employee, at the time of service of any rating under this section, of the options specified in this subdivision, the potential advantages and disadvantages of each option, and the procedure for disputing the rating.

(*l*) No issue relating to the existence or extent of permanent impairment and limitations or the need for continuing medical care resulting from the injury may be the subject of an application for adjudication of claim unless there has first been a medical evaluation by an agreed or qualified medical evaluator. With the exception of an evaluation or evaluations prepared by the treating physician or physicians, no evaluation of permanent impairment and limitations or need for continuing medical care resulting from the injury shall be obtained prior to service of the formal medical evaluation on the employee and employer if the employee is unrepresented, or prior to the attempt to select an agreed medical evaluator if the employee is represented. Evaluations obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury and formal medical evaluations prepared by a qualified medical evaluator selected by an unrepresented employee from a three-member panel shall be admissible.

SEC. 22. Section 4062 of the Labor Code is amended to read:

4062. (a) This section shall apply only to employees who are represented by an attorney.

(b) If either the employee or employer objects to a medical determination made by the treating physician concerning the permanent and stationary status of the employee's medical condition, the employee's preclusion or likely preclusion to engage in his or her usual occupation, the extent and scope of medical treatment, or the existence of new and further disability, the objecting party shall notify the other party in writing of the

objection. Parties shall seek agreement with the other party on a physician, who need not be a qualified medical evaluator, to prepare a report resolving the disputed issue. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed upon by the parties, the parties may not later select an agreed medical evaluator. Evaluations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, each party may select a qualified medical evaluator to conduct the formal medical evaluation. Neither party may obtain reports from more than one qualified medical evaluator for each appropriate medical specialty or subspecialty. Each report shall be reasonable and necessary for a complete evaluation. The limitation to reports of one qualified medical evaluator for each appropriate medical specialty or subspecialty shall not apply to the following:

(1) Reports by treating physicians.

(2) Where the appeals board determines there is good cause to permit a party to obtain an evaluation from another physician.

(c) The agreed or qualified medical evaluator shall consult with a physician in an appropriate specialty who is a qualified medical evaluator or who is eligible for appointment as a qualified medical evaluator when reasonably necessary to produce a formal medical evaluation which meets the standards promulgated by the Industrial Medical Council. The agreed or qualified medical evaluator may also consult with a physician who is not a qualified medical evaluator, regardless of whether or not the physician is licensed to practice in California, only if the physician possesses necessary expertise in a specialty which does not normally treat and without which a complete and accurate formal medical evaluation cannot be obtained.

(d) Upon completing a determination of the disputed medical issue, the physician selected under subdivision (b) to perform the medical evaluation shall summarize the medical findings on a form prescribed by the Industrial Medical Council and shall serve the formal medical evaluation and the summary form on the employee, employer, and administrative director.

(e) No disputed medical issue specified in subdivision (b) may be the subject of an application for adjudication of claim unless there has first been an evaluation by an agreed or qualified medical evaluator.

(f) With the exception of a report or reports prepared by the treating physician or physicians, no report determining disputed medical issues set forth in subdivision (b) shall be obtained prior to the expiration of the period to reach agreement on the selection of an agreed medical evaluator under subdivision (b). Reports obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury shall be admissible.

SEC. 23. Section 4062.2 of the Labor Code is amended to read:

4062.2. (a) As part of their agreement on an evaluator, the parties shall agree what information is to be provided to the agreed medical evaluator.

(b) Any party may provide to the qualified medical evaluator selected by an unrepresented worker from a three-member panel any of the following information:

(1) Records prepared or maintained by the employee's treating physician or physicians.

(2) Medical and nonmedical records relevant to determination of the medical issue.

(c) Information which a party proposes to provide to the qualified medical evaluator selected by an unrepresented worker from a three-member panel shall be served on the opposing party 20 days before the information is provided to the evaluator. If the opposing party objects to consideration of nonmedical records within 10 days thereafter, the records shall not be provided to the evaluator. Either party may use discovery to establish the accuracy or authenticity of nonmedical records prior to the evaluation.

(d) In any formal medical evaluation, the agreed or qualified medical evaluator shall identify the following:

(1) All information received from the parties.

(2) All information reviewed in preparation of the report.

(3) All information relied upon in the formulation of his or her opinion.

(e) All communications with an agreed medical evaluator or a qualified medical evaluator selected by an unrepresented worker from a three-member panel before a formal medical evaluation shall be in writing and shall be served on the opposing party 20 days in advance of the evaluation. Any subsequent communication with the medical evaluator shall be in writing and shall be served on the opposing party when sent to the medical evaluator.

(f) Ex parte communication with an agreed medical evaluator or a qualified medical evaluator selected by an unrepresented worker from a three-member panel is prohibited. If a party communicates with the agreed medical evaluator or the qualified medical evaluator selected by an unrepresented worker from a three-member panel in violation of subdivision (d), the aggrieved party may elect to terminate the formal medical evaluation and seek a new evaluation from another qualified medical evaluator, or proceed with the initial evaluation.

(g) The party making the communication prohibited by this section shall be subject to being charged with contempt before the appeals board and shall be liable for the costs incurred by the aggrieved party as a result of the prohibited communication, including the cost of the formal medical evaluation, additional discovery costs, and attorney's fees for related discovery.

(h) This section shall not apply to oral communications by the employee or, if the employee is deceased, the employee's dependent, or to forms and documents requested by the evaluator

or provided by the evaluator to the employee or, if the employee is deceased, the employee's dependent, pursuant to the examination.

SEC. 24. Section 4062.5 of the Labor Code is amended to read:

4062.5. If a qualified medical evaluator selected by an unrepresented employee from a three-member panel fails to complete the formal medical evaluation within the time-frames established by the Industrial Medical Council pursuant to paragraph (1) of subdivision (j) of Section 139.2, the employee shall have the right to a new panel of three qualified medical evaluators from which to select one to prepare a formal medical evaluation. Neither the employee nor the employer shall have any liability for payment for the formal medical evaluation which was not completed within the required timeframes unless the employee, on a form prescribed by the Industrial Medical Council, waives his or her right to a new evaluation and elects to accept the original evaluation even though it was not completed within the required timeframes.

SEC. 25. Section 4064 of the Labor Code is amended to read:

4064. (a) The employer shall pay the cost of medical evaluations reasonably, actually, and necessarily incurred, pursuant to subdivisions (c) and (d) of Section 4061 or subdivision (b) of Section 4062. The employer also shall pay the cost of rebuttal reports reasonably, actually, and necessarily incurred by an unrepresented employee to rebut the findings of the qualified medical evaluator selected from a three-member panel, provided, however, that the employee may not obtain rebuttal reports from more than one qualified medical evaluator for each appropriate medical specialty or subspecialty.

(b) The employer shall also pay the cost of consultations with other physicians in other specialties requested by the evaluators in connection with the evaluations and reports in subdivision (a).

(c) If an unrepresented employee obtains an attorney after the evaluation in subdivision (a) (2) has been completed, the employee shall be entitled to the same reports at employer expense as an employee who has been represented from the time the dispute arose.

(d) Subject to Section 4906, if an employer files an application for adjudication and the employee is unrepresented at the time the application is filed, the employer shall be liable for any attorney's fees incurred by the employee in connection with the application for adjudication if the employee does not obtain a rebuttal report.

(e) The determination of whether an employer shall pay for medical evaluations of medical issues other than those specified in this article shall be governed by Section 4621.

(f) This section shall become operative for injuries occurring on and after January 1, 1991.

SEC. 26. Section 4065 of the Labor Code is repealed.

SEC. 27. Section 4067 of the Labor Code is amended to read:

4067. If the jurisdiction of the appeals board is invoked pursuant to Section 5803 upon the grounds that the effects of the injury have

recurred, increased, diminished, or terminated, a formal medical evaluation shall be obtained pursuant to this article.

When an agreed medical evaluator or a qualified medical evaluator selected by an unrepresented employee from a three-member panel has previously made a formal medical evaluation of the same or similar issues, the subsequent or additional formal medical evaluation shall be conducted by the same agreed medical evaluator or qualified medical evaluator, unless the workers' compensation judge has made a finding that he or she did not rely on the prior evaluator's formal medical evaluation, any party contested the original medical evaluation by filing an application for adjudication, or the prior evaluator is no longer qualified or readily available to prepare a formal medical evaluation, in which case Sections 4061 or 4062, as the case may be, shall apply as if there had been no prior formal medical evaluation.

SEC. 28. Section 4067.5 of the Labor Code is amended to read:

4067.5. This article shall become operative for injuries occurring on and after January 1, 1991.

SEC. 29. Section 4453 of the Labor Code is amended to read:

4453. (a) In computing average annual earnings for the purposes of temporary disability indemnity and permanent total disability indemnity only, the average weekly earnings shall be taken at:

(1) Not less than one hundred twenty-six dollars ($126) nor more than two hundred ninety-four dollars ($294), for injuries occurring on and after January 1, 1983.

(2) Not less than one hundred sixty-eight dollars ($168) nor more than three hundred thirty-six dollars ($336), for injuries occurring on and after January 1, 1984.

(3) Not less than one hundred sixty-eight dollars ($168) for permanent total disability, and, for temporary disability, not less than the lesser of one hundred sixty-eight dollars ($168) or 1.5 times the employee's average weekly earnings from all employers, but in no event less than one hundred forty-seven dollars ($147), nor more than three hundred ninety-nine dollars ($399) for injuries occurring on and after January 1, 1990.

(4) Not less than one hundred sixty-eight dollars ($168) for permanent total disability, and for temporary disability, not less than the lesser of one hundred eighty-nine dollars ($189) or 1.5 times the employee's average weekly earnings from all employers, nor more than five hundred four dollars ($504), for injuries occurring on and after January 1, 1991.

(b) In computing average annual earnings for purposes of permanent partial disability indemnity, except as provided in Section 4659, the average weekly earnings shall be taken at:

(1) Not less than seventy-five dollars ($75) nor more than one hundred ninety-five dollars ($195), for injuries occurring on and after January 1, 1983.

(2) Not less than one hundred five dollars ($105) nor more than two hundred ten dollars ($210), for injuries occurring on and after

January 1, 1984.

(3) When the final adjusted permanent disability rating of the injured employee is 25 percent or greater, not less than one hundred five dollars ($105), nor more than two hundred twenty-two dollars ($222), for injuries occurring on and after January 1, 1991.

(c) Between the limits specified in subdivisions (a) and (b), the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(1) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be the number of working days a week times the daily earnings at the time of the injury.

(2) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as the aggregate of these earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(3) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by week, month, or other period, then the average weekly earnings mentioned in subdivision (a) shall be taken as the actual weekly earnings averaged for this period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(4) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 100 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his or her injury, due consideration being given to his or her actual earnings from all sources and employments.

(d) Every computation made pursuant to this section beginning January 1, 1990, shall be made only with reference to temporary disability or the permanent disability resulting from an original injury sustained after January 1, 1990. However, all rights existing under this section on January 1, 1990, shall be continued in force. Except as provided in Section 4661.5, disability indemnity benefits shall be calculated according to the limits in this section in effect on the date of injury and shall remain in effect for the duration of any disability resulting from the injury.

SEC. 30. Section 4600 of the Labor Code is amended to read:

4600. Medical, surgical, chiropractic, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including artificial members, which is reasonably required to cure or relieve from the effects of the injury shall be provided by the employer. In the case of his or her neglect or refusal seasonably to do so, the employer is liable for the

reasonable expense incurred by or on behalf of the employee in providing treatment. After 30 days from the date the injury is reported, the employee may be treated by a physician of his or her own choice or at a facility of his or her own choice within a reasonable geographic area. However, if an employee has notified his or her employer in writing prior to the date of injury that he or she has a personal physician, the employee shall have the right to be treated by that physician from the date of injury. If an employee requests a change of physician pursuant to Section 4601, the request may be made at any time after the injury, and the alternative physician or chiropractor shall be provided within five days of the request as required by Section 4601. For the purpose of this section, "personal physician" means the employee's regular physician and surgeon, licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, who has previously directed the medical treatment of the employee, and who retains the employee's medical records, including his or her medical history.

Where at the request of the employer, the employer's insurer, the administrative director, the appeals board, or a workers' compensation judge, the employee submits to examination by a physician, he or she shall be entitled to receive in addition to all other benefits herein provided all reasonable expenses of transportation, meals and lodging incident to reporting for the examination, together with one day of temporary disability indemnity for each day of wages lost in submitting to the examination. Regardless of the date of injury, "reasonable expenses of transportation" includes mileage fees from the employee's home to the place of the examination and back at the rate of twenty-one cents ($0.21) a mile or the mileage rate adopted by the Director of the Department of Personnel Administration pursuant to Section 19820 of the Government Code, whichever is higher, plus any bridge tolls. The mileage and tolls shall be paid to the employee at the time he or she is given notification of the time and place of the examination.

SEC. 31. Section 4624 of the Labor Code is repealed.

SEC. 32. Section 4624 is added to the Labor Code, to read:

4624. (a) From January 1, 1991, until June 30, 1992, and notwithstanding any other section of this article, fees for initial comprehensive industrial medical-legal reports charged by independent medical examiners, agreed medical evaluators, treating physicians and qualified medical evaluators shall be rebuttably presumed reasonable if the charges do not exceed the fees specified for each specialty category listed below:

Specialty Category	Fee Amount
Orthopedics	$ 984
Internal Medicine and Cardiology	$ 995
Neurology	$ 881
Psychiatry	$1,279
All others	$ 866

Charges exceeding the amounts for the involved specialties may be found reasonable if accompanied by supporting information provided by the physician.

(b) Annually, commencing on April 1, 1991, the administrative director shall publish the range of fees for initial comprehensive industrial medical-legal reports charged by independent medical examiners, qualified medical evaluators, agreed medical evaluators and treating physicians for the 12 months ending the previous December 31.

(c) The range of charges published pursuant to subdivision (b) shall be shown by five specialty categories: orthopedics, internal medicine and cardiology, neurology, psychiatry, and all others. The percentile of these charges presumed reasonable pursuant to subdivision (d), adjusted by multiplying each charge by one plus one-half of the percentage change in the Consumer Price Index for California published by the Division of Labor Statistics and Research of the Department of Industrial Relations for the 12 months ending the previous June 30, shall be shown in all instances.

(d) Commencing on July 1, 1992, charges of all physicians providing initial comprehensive industrial medical-legal reports shall be rebuttably presumed reasonable if the charges do not exceed the 73rd percentile of fees in the appropriate specialty as established in subdivision (b).

Charges exceeding the amounts rebuttably presumed reasonable for the involved specialty may be found reasonable if accompanied by supporting information provided by the physician. The Industrial Medical Council may promulgate reasonable guidelines defining appropriate types of supporting information.

(e) All charges for X-rays, laboratory services and other diagnostic tests provided in connection with an industrial medical-legal evaluation shall be in addition to the charges regulated by this section and shall be billed pursuant to Section 4626.

SEC. 33. Section 4625 of the Labor Code is amended to read:

4625. Notwithstanding subdivision (d) of Section 4628, all charges for initial comprehensive industrial medical-legal reports which are rebuttably presumed reasonable pursuant to Section 4624 shall be paid promptly pursuant to Section 4622. If the employer contests the reasonableness of the charges, the employer may file a petition with the appeals board to obtain reimbursement of the charges from the physician that are considered to be unreasonable.

SEC. 34. Section 4628 of the Labor Code is amended to read:

4628. (a) Except as provided in subdivision (c), no person, other than the physician who signs the medical-legal report, except a nurse performing those functions routinely performed by a nurse, such as taking blood pressure, shall examine the injured employee or participate in the nonclerical preparation of the report, including all of the following:

(1) Taking a complete history.

(2) Reviewing and summarizing prior medical records.

(3) Composing and drafting the conclusions of the report.

(b) The report shall disclose the name and qualifications of any person who administers diagnostic studies.

(c) If the initial outline of a patient's history or excerpting of prior medical records is not done by the physician, the physician shall review the excerpts and the entire outline and shall make additional inquiries and examinations as are necessary and appropriate to identify and determine the relevant medical issues.

(d) No amount may be charged in excess of the direct charges for the physician's professional services and the reasonable costs of laboratory examinations, diagnostic studies, and other medical tests, and reasonable costs of clerical expense necessary to producing the report. Direct charges for the physician's professional services shall include reasonable overhead expense.

(e) Failure to comply with the requirements of this section shall make the report inadmissible as evidence and shall eliminate any liability for payment of any medical-legal expense incurred in connection with the report.

(f) Knowing failure to comply with the requirements of this section shall subject the physician to a civil penalty of up to one thousand dollars ($1,000) for each violation to be assessed by a workers' compensation judge or the appeals board.

(g) A physician who is assessed a civil penalty under this section may be terminated, suspended, or placed on probation as a qualified medical evaluator pursuant to subdivisions (k) and (*l*) of Section 139.2.

(h) Knowing failure to comply with the requirements of this section shall subject the physician to contempt pursuant to the judicial powers vested in the appeals board.

SEC. 35. Section 4635 of the Labor Code is amended to read:

4635. As used in this article:

(a) "Qualified injured worker" means an employee who meets both of the following requirements:

(1) The employee's expected permanent disability as a result of the injury, whether or not combined with the effects of a prior injury or disability, if any, permanently precludes, or is likely to preclude, the employee from engaging in his or her usual occupation or the position in which he or she was engaged at the time of injury, hereafter referred to as "medical eligibility."

(2) The employee can reasonably be expected to return to

suitable gainful employment through the provision of vocational rehabilitation services, hereafter referred to as "vocational feasibility."

(b) "Qualified rehabilitation representative" means a person capable of developing and implementing a vocational rehabilitation plan and whose experience and regular duties involve the evaluation, counseling, or placement of disabled persons, and who is familiar with this article.

(c) "Independent vocational evaluator" means a qualified rehabilitation representative, who, in addition to the requirements of subdivision (b), has one of the following qualifications:

(1) A doctorate or master's degree in vocational counseling or its equivalent and one or more years full-time experience in vocational counseling of industrially injured employees.

(2) A doctor of medicine degree and one or more years full-time experience in psychiatric or psychological evaluation of disabled adults in relation to rehabilitation counseling.

(3) A doctorate or master's degree in counseling or psychology or their equivalent and two or more years full-time employment using rehabilitation counseling techniques and conducting vocational evaluations of disabled adults under the direct supervision of an independent vocational evaluator.

(4) A baccalaureate degree in any field and three or more years full-time employment using rehabilitation counseling techniques and conducting vocational evaluations of disabled adults under the direct supervision of an independent vocational evaluator.

(d) "Vocational rehabilitation services" means those services required to determine if an employee can reasonably be expected to return to suitable gainful employment and those services reasonably necessary to provide an employee with the opportunity to return to suitable gainful employment. These services may include, but are not limited to, vocational and medical evaluation, counseling, job analysis, job modification assistance, retraining, including on-the-job training or training for alternative employment, formal training, academic instruction, and job placement assistance.

(e) "Vocational rehabilitation plan" means the written description of and rationale for the manner and means by which it is proposed that a qualified injured worker may be returned to suitable gainful employment. The plan may contemplate modification of the employee's occupation at the time of injury, provision for alternative work with the same employer, direct job placement assistance, on-the-job training, formal training, academic instruction, job placement assistance, or self-employment. The plan shall specify the anticipated completion date of vocational rehabilitation services and the amount and source of payments to be made to the qualified injured workers during the pendency of the plan. The plan shall also define the responsibilities of the employee, employer, qualified rehabilitation representative, and any other parties in implementing the plan.

(f) "Suitable gainful employment" means that employment or self-employment which is reasonably attainable and which offers an opportunity to restore the employee as soon as practicable and as near as possible to maximum self-support, due consideration being given to the employee's qualifications, likely permanent disability, vocational interests and aptitudes, preinjury earnings and future earning capacity, and the present and projected labor market. No one factor shall be considered solely in determining suitable gainful employment.

SEC. 36. Section 4636 of the Labor Code is amended to read:

4636. (a) When aggregate total disability continues for 90 days, the employer immediately shall assign a qualified rehabilitation representative who shall meet with the employee and explain the employee's rights and obligations pertaining to vocational rehabilitation, the nature and scope of vocational rehabilitation services to which the employee may be entitled, the maintenance allowance payable under Section 139.5, and the effect of any delay in the treating physician's determination of medical eligibility. When aggregate total disability exceeds 90 days and the employee has not previously been identified as meeting the medical eligibility requirements of paragraph (1) of subdivision (a) of Section 4635, the qualified rehabilitation representative shall provide the employee's treating physician with a job description, developed jointly with the employee and the employer, and the physical requirements of the employee's duties at the time of injury in the form and manner prescribed by the administrative director, and request the treating physician to determine the employee's medical eligibility for vocational rehabilitation services. The treating physician's determination of medical eligibility shall take into account the employee's current and probable future medical condition, an estimate of the employee's current and potential functional limitations, the ability of the employee to accept and participate in vocational rehabilitation services if and when indicated, recommendations for subsequent evaluation or services, if any, the ability of the employee to engage in light work in a modified or alternative capacity, if available, and other information as may reasonably be prescribed by rules and regulations of the administrative director.

(b) If the employee's treating physician is unable to make the assessment of medical eligibility at the time of initial contact by the qualified rehabilitation representative, the qualified rehabilitation representative shall continue to monitor the employee's recovery and request the treating physician to report as soon as the physician is able to determine whether the employee is medically eligible for vocational rehabilitation services. The treating physician shall report no less frequently than every 60 days thereafter. The report also shall include an opinion concerning the physical capabilities of the employee at the time of each report. The reports shall continue to be made until the physician provides a report concluding one of the

following:

(1) The employee is released to return to work at his or her usual occupation or, if the employee was engaged in another occupation at the time of injury, the occupation the employee was engaged in at the time of injury.

(2) The employee's permanent disability as the result of the injury, whether or not combined with the effects of a prior injury or disability, if any, permanently precludes, or is likely to preclude, the employee from engaging in the employee's usual occupation or the occupation in which the employee was engaged at the time of injury.

(c) When aggregate total disability exceeds 365 days and the employee has not been previously identified as medically eligible for vocational rehabilitation, there shall be a rebuttable presumption that the employee is medically eligible for vocational rehabilitation services.

(d) Immediately upon receipt of the treating physician's final report required by this section, the employer shall provide a copy to the employee together with notice of the procedure to be followed in contesting the treating physician's determination. The notice shall be in writing in the form and manner prescribed by the administrative director, and shall include advice that the employee may be eligible for services if the employee is unable to return either to his or her usual occupation or the occupation in which he or she was engaged at the time of injury.

SEC. 37. Section 4637 of the Labor Code is amended to read:

4637. (a) Within 10 days after the employee is medically eligible under subdivision (c) of Section 4636, or the employer receives a physician's report, or knowledge of a physician's opinion, indicating an employee is medically eligible, the employer shall notify the employee of his or her medical eligibility for vocational rehabilitation services. The notice shall be in writing, in the form and manner prescribed by the administrative director, with a copy forwarded to the vocational rehabilitation unit within the Office of Benefit Determination. The notice shall include all of the following:

(1) An explanation of vocational rehabilitation services available to the employee, including the maintenance allowance payable under Section 139.5 and the effect of any delay in the acceptance of vocational rehabilitation services.

(2) Instructions as to how the employee may apply for vocational rehabilitation services.

(3) Notice that failure to apply within 90 days of receipt of notice of medical eligibility may terminate the employee's entitlement to vocational rehabilitation services, unless the treating physician determines that the employee is medically unable to participate in the provision of vocational rehabilitation services except as otherwise provided by Section 5410.

(4) Notice of the employee's right to an agreed upon qualified rehabilitation representative and to request an evaluation of vocational feasibility prior to any acceptance or rejection of

vocational rehabilitation services and the right to request a change of qualified rehabilitation representative pursuant to Section 4640.

(5) Notice that vocational rehabilitation services may not be settled or otherwise converted to cash payments.

Immediately thereafter, unless the employee's medical condition precludes participation or the employee declines to accept vocational rehabilitation services, the employer shall assign a qualified rehabilitation representative, selected in agreement with the employee, to determine if the employee meets the vocational feasibility requirements of paragraph (2) of subdivision (a) of Section 4635. If agreement cannot be reached, a qualified rehabilitation representative shall be selected pursuant to Section 4640.

(b) If an employee is notified of his or her potential entitlement to vocational rehabilitation services pursuant to subdivision (a) and it is subsequently determined that the employee is not a qualified injured worker, the employer shall notify the employee, in the form and manner prescribed by the administrative director, that he or she is not entitled to further vocational rehabilitation services, the reasons therefor, and the procedure to be followed in contesting the determination.

SEC. 38. Section 4638 of the Labor Code is amended to read:

4638. (a) If the employee is determined to be a qualified injured worker, the qualified rehabilitation representative and the employee, jointly, shall develop an agreed-upon vocational rehabilitation plan.

Vocational rehabilitation plans which utilize an employee's transferable skills and experience in modified or alternative work with the same or a similar employer, where the qualified injured worker will have wages, hours, and working conditions similar to those at the time of injury, shall be preferable to plans that propose training for an occupation in which the employee has no skills or experience if the employee has the skills necessary to compete for other available employment at wages similar to those at the time of injury if the modified or alternative work later becomes unavailable. In furtherance of this policy, an insured employer in whose employment the injury occurred shall receive a refund, payable in the same manner as a return of a standard insurance premium, from the insurer that provided the security for the payment of compensation on the date of injury when the employer, pursuant to an approved vocational rehabilitation plan, returns the qualified injured worker to modified or alternative work at the employer's place of employment for 12 consecutive months. The refund shall be equal to the standard premium computed on the wages paid by the employer to the qualified injured worker during the 12-month period and shall be calculated as follows: multiply the workers' compensation insurance premium rate times the wages reported for workers' compensation insurance for the qualified injured worker during that 12-month period. For this calculation, the workers'

compensation insurance rate shall be the insurance premium rate or rates per one hundred dollars ($100) of payroll which were applicable to the payroll reported for the qualified injured worker during that 12-month period, modified by the experience modification factor or factors, if any, which were applicable to the employer during that 12-month period. During and after the 12-month period, the qualified injured worker shall be protected against discrimination pursuant to Section 132a.

(b) Within 90 days after determination of the employee's vocational feasibility, the employer shall do either of the following:

(1) Submit a vocational rehabilitation plan agreed to by the employee to the Office of Benefit Determination for review and approval.

(2) Request the Office of Benefit Determination to resolve any dispute concerning the provision of vocational rehabilitation services.

SEC. 39. Section 4642 of the Labor Code is amended to read:

4642. If the employer fails to assign a qualified rehabilitation representative or to commence vocational rehabilitation services in a timely manner as required by Section 4637, or otherwise causes any delay in the provision of vocational rehabilitation services, the full maintenance allowance shall be paid in its entirety by the employer, including the amount payable under paragraph (2) of subdivision (d) of Section 139.5, for the period of the delay.

SEC. 40. Section 4644 of the Labor Code is amended to read:

4644. (a) The liability of the employer for vocational rehabilitation services shall terminate when any of the following events occur:

(1) An employee who has received notice of potential eligibility to participate in a rehabilitation plan under Section 4637 declines vocational rehabilitation services in the form and manner prescribed by the administrative director.

(2) A qualified injured worker completes an approved vocational rehabilitation plan except as otherwise provided in subdivisions (c) and (d).

(3) The qualified injured worker unreasonably failed to complete an approved vocational rehabilitation plan.

(4) An employee has not requested vocational rehabilitation services within 90 days of the notification that the employee is medically eligible for vocational rehabilitation services. The liability of the employer for vocational rehabilitation services shall not terminate under this paragraph unless the employer, not earlier than 45 days nor later than 70 days after the employee's receipt of the notice required by Section 4637, reminds the employee of his or her right to vocational rehabilitation services or until the 21st day after the employee receives the reminder notification. The reminder notification shall be in writing, in the form and manner prescribed by the administrative director, and shall be served by certified mail. The provisions of this paragraph shall not apply if the employee

shows he or she was unable to comprehend the consequences of failing to timely request vocational rehabilitation services, or that, because of conditions beyond the control of the employee, the employee was unable to exercise his or her right to accept or decline vocational rehabilitation services.

(b) Nothing in this article shall preclude the deferral or interruption of vocational rehabilitation services upon agreement of the employee and employer or, if no agreement can be reached, upon a good cause determination by the administrative director.

(c) If a vocational rehabilitation plan has been commenced or completed, the employee shall be entitled to additional vocational rehabilitation services if the plan is determined to be inappropriate due to one of the following:

(1) A change in the employee's medical condition that precludes pursuit of or engagement in the plan occupation.

(2) Facts which with reasonable diligence could not have been reasonably discovered or were not available to the employee or employer at commencement of the plan.

(3) Failure by the employer to provide timely all services required by this article and the vocational rehabilitation plan when the plan has not been completed.

(4) Circumstances beyond the control of the employee or employer which render the plan inappropriate.

(d) Notwithstanding paragraph (2) of subdivision (a), if a qualified injured worker returns to modified or alternative work with the same employer or to work with a different employer as a result of direct job placement assistance and that employment terminates, other than for cause, within 12 months of the date the employee was employed at the modified or alternative work, and if that work is unavailable in the labor market, the employer shall be liable, subject to Section 4642, for additional vocational rehabilitation services. To qualify for additional vocational rehabilitation services, the employee shall demonstrate an inability to compete for suitable gainful employment with his or her existing skills.

SEC. 41. Section 4650 of the Labor Code is amended to read:

4650. (a) If an injury causes temporary disability, the first payment of temporary disability indemnity shall be made not later than 14 days after knowledge of the injury and disability, on which date all indemnity then due shall be paid, unless liability for the injury is earlier denied.

(b) If the injury causes permanent disability, the first payment shall be made within 14 days after the date of last payment of temporary disability indemnity. Where the extent of permanent disability cannot be determined at the date of last payment of temporary disability indemnity, the employer nevertheless shall commence the timely payment required by this subdivision and shall continue to make these payments until the employer's reasonable estimate of permanent disability indemnity due has been paid, and if the amount of permanent disability indemnity due has been

determined until that amount has been paid.

(c) Payment of temporary or permanent disability indemnity subsequent to the first payment shall be made as due every two weeks on the day designated with the first payment.

(d) If any indemnity payment is not made timely as required by this section, the amount of the late payment shall be increased 10 percent and shall be paid, without application, to the employee, unless the employer continues the employee's wages under a salary continuation plan, as defined in subdivision (g). No increase shall apply to any payment due prior to or within 14 days after the date the claim form was submitted to the employer under Section 5401. No increase shall apply when, within the 14-day period specified under subdivision (a), the employer is unable to determine whether temporary disability indemnity payments are owed and advises the employee, in the manner prescribed in rules and regulations adopted pursuant to Section 138.4, why payments cannot be made within the 14-day period, what additional information is required to make the decision whether temporary disability indemnity payments are owed, and when the employer expects to have the information required to make the decision.

(e) If the employer is insured for its obligation to provide compensation, the employer shall be obligated to reimburse the insurer for the amount of increase in indemnity payments, made pursuant to subdivision (d), if the late payment which gives rise to the increase in indemnity payments, is due less than seven days after the insurer receives the completed claim form from the employer. Except as specified in this subdivision, an employer shall not be obligated to reimburse an insurer nor shall an insurer be permitted to seek reimbursement, directly or indirectly, for the amount of increase in indemnity payments specified in this section.

(f) If an employer is obligated under subdivision (e) to reimburse the insurer for the amount of increase in indemnity payments, the insurer shall notify the employer in writing, within 30 days of the payment, that the employer is obligated to reimburse the insurer and shall bill and collect the amount of the payment no later than at final audit. However, the insurer shall not be obligated to collect, and the employer shall not be obligated to reimburse, amounts paid pursuant to subdivision (d) unless the aggregate total paid in a policy year exceeds one hundred dollars ($100). The employer shall have 60 days, following notice of the obligation to reimburse, to appeal the decision of the insurer to the Department of Insurance. The notice of the obligation to reimburse shall specify that the employer has the right to appeal the decision of the insurer as provided in this subdivision.

(g) For purposes of this section, "salary continuation plan" means a plan which meets both of the following requirements:

(1) The plan is paid for by the employer pursuant to statute, collective bargaining agreement, memorandum of understanding, or established employer policy.

(2) The plan provides the employee on his or her regular payday with salary not less than the employee is entitled to receive pursuant to statute, collective bargaining agreement, memorandum of understanding, or established employer policy and not less than the employee would otherwise receive in indemnity payments.

SEC. 42. Section 4702 of the Labor Code is amended to read:

4702. (a) Except as otherwise provided in this section and Sections 4553, 4554, 4557, and 4558, the death benefit in cases of total dependency shall be as follows:

(1) In the case of two or more total dependents and regardless of the number of partial dependents, ninety-five thousand dollars ($95,000), or for injuries occurring on and after January 1, 1991, one hundred fifteen thousand dollars ($115,000).

(2) In the case of one total dependent and one or more partial dependents, seventy thousand dollars ($70,000), or for injuries occurring on and after January 1, 1991, ninety-five thousand dollars ($95,000), plus four times the amount annually devoted to the support of the partial dependents, but not more than a total of ninety-five thousand dollars ($95,000), or for injuries occurring on and after January 1, 1991, one hundred fifteen thousand dollars ($115,000).

(3) In the case of one total dependent and no partial dependents, seventy thousand dollars ($70,000), or for injuries occurring on and after January 1, 1991, ninety-five thousand dollars ($95,000).

(4) In the case of no total dependents and one or more partial dependents, four times the amount annually devoted to the support of the partial dependents, but not more than seventy thousand dollars ($70,000), or for injuries occurring on and after January 1, 1991, a total of ninety-five thousand dollars ($95,000).

(b) The death benefit in all cases shall be paid in installments in the same manner and amounts as temporary total disability indemnity would have to be made to the employee, unless the appeals board otherwise orders. However, no payment shall be made at a weekly rate of less than two hundred twenty-four dollars ($224).

(c) Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the injury resulting in death occurs after September 30, 1949.

(d) All rights under this section existing prior to January 1, 1990, shall be continued in force.

SEC. 43. Section 4703.5 of the Labor Code is amended to read:

4703.5. In the case of one or more totally dependent minor children, after payment of the amount specified in Section 4702, and notwithstanding the maximum limitations specified in Sections 4702 and 4703, payment of death benefits shall continue until the youngest child attains age 18 in the same manner and amount as temporary total disability indemnity would have been paid to the employee, except that no payment shall be made at a weekly rate of less than two hundred twenty-four dollars ($224).

SEC. 44. Section 4850 of the Labor Code is amended to read:

4850. Whenever any city policeman, city, county, or district firefighter, sheriff or any officer or employee of a sheriff's office, any inspector, investigator, detective, or personnel with comparable title in any district attorney's office, or lifeguard employed year round on a regular, full-time basis by a county of the first class, who is a member of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) is disabled, whether temporarily or permanently, by injury or illness arising out of and in the course of his or her duties, he or she shall become entitled, regardless of his or her period of service with the city or county, to leave of absence while so disabled without loss of salary in lieu of temporary disability payments or maintenance allowance payments under Section 139.5, if any, which would be payable under this chapter, for the period of the disability, but not exceeding one year, or until such earlier date as he or she is retired on permanent disability pension, and is actually receiving disability pension payments, or advanced disability pension payments pursuant to Section 4850.3. This section shall apply only to city policemen, sheriffs or any officer or employee of a sheriff's office, and any inspector, investigator, detective, or personnel with comparable title in any district attorney's office, who are members of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) and excludes employees of a police department whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active law enforcement service, and excludes employees of a county sheriff's office whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly come within the scope of active law enforcement service. It shall also apply to city, county, or district firefighters who are members of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) and excludes employees of the city fire department, county fire department, and of any fire district whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active firefighting and prevention service. It shall also apply to deputy sheriffs subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code). It shall also apply to lifeguards employed year round on a regular, full-time basis by counties of the first class who are subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division

4 of Title 3 of the Government Code). If the employer is insured, the payments which, except for this section, the insurer would be obligated to make as disability indemnity to the injured, the insurer may pay to the insured.

This section shall become operative on January 1, 1990.

SEC. 45. Section 4903.1 of the Labor Code is amended to read:

4903.1. (a) The appeals board, arbitrator, or settlement conference referee, before issuing an award or approval of any compromise of claim, shall determine, on the basis of liens filed with it pursuant to subdivision (b) or (c), whether any benefits have been paid or services provided by a health care provider, a health care service plan, a group disability policy, including a loss of income policy, a self-insured employee welfare benefit plan, or a hospital service contract, and its award or approval shall provide for reimbursement for benefits paid or services provided under these plans as follows:

(1) When the referee issues an award finding that an injury or illness arises out of and in the course of employment, but denies the applicant reimbursement for self-procured medical costs solely because of lack of notice to the applicant's employer of his need for hospital, surgical, or medical care, the appeals board shall nevertheless award a lien against the employee's recovery, to the extent of benefits paid or services provided, for the effects of the industrial injury or illness, by a health care provider, a health care service plan, a group disability policy, a self-insured employee welfare benefit plan, or a hospital service contract.

(2) When the referee issues an award finding that an injury or illness arises out of and in the course of employment, and makes an award for reimbursement for self-procured medical costs, the appeals board shall allow a lien, to the extent of benefits paid or services provided, for the effects of the industrial injury or illness, by a health care provider, a health care service plan, a group disability policy, a self-insured employee welfare benefit plan, or a hospital service contract.

(3) When the referee issues an award finding that an injury or illness arises out of and in the course of employment and makes an award for temporary disability indemnity, the appeals board shall allow a lien as living expense under Section 4903, for benefits paid by a group disability policy providing loss of time benefits. Such lien shall be allowed to the extent that benefits have been paid for the same day or days for which temporary disability indemnity is awarded and shall not exceed the award for temporary disability indemnity. No lien shall be allowed hereunder unless the group disability policy provides for reduction, exclusion, or coordination of loss of time benefits on account of workers' compensation benefits.

(4) When the parties propose that the case be disposed of by way of a compromise and release agreement, in the event the lien claimant, other than a health care provider, does not agree to the amount allocated to it, then the referee shall determine the potential

recovery and reduce the amount of the lien in the ratio of the applicant's recovery to the potential recovery in full satisfaction of its lien claim.

(b) When a compromise of claim or an award is submitted to the appeals board, arbitrator, or settlement conference referee for approval, the parties shall file with the appeals board, arbitrator, or settlement conference referee any liens served on the parties.

(c) Any lien claimant under Section 4903 or this section shall file its lien with the appeals board in writing upon a form approved by the appeals board. The lien shall be accompanied by a full statement or itemized voucher supporting the lien and justifying the right to reimbursement and proof of service upon the injured worker, or if deceased, upon the worker's dependents, the employer, the insurer, and the respective attorneys or other agents of record.

(d) The appeals board shall file liens required by subdivision (c) immediately upon receipt. Numbers shall be assigned pursuant to subdivision (c) of Section 5500.

SEC. 46. Section 4903.4 of the Labor Code is amended to read:

4903.4. When a dispute arises concerning a lien for expenses incurred by or on behalf of the injured employee as provided by Article 2 (commencing with Section 4600) of Chapter 2 of Part 2, the appeals board may resolve the dispute in a separate proceeding, which may include binding arbitration upon agreement of the employer, lien claimant, and the employee, if the employee remains a party to the dispute, according to the rules of practice and procedure.

SEC. 47. Section 4904 of the Labor Code is amended to read:

4904. If notice is given in writing to the insurer, or to the employer if uninsured, setting forth the nature and extent of any claim that is allowable as a lien, the claim is a lien against any amount thereafter payable as compensation, subject to the determination of the amount and approval of the lien by the appeals board. When the Employment Development Department has served an insurer or employer with a lien claim, the insurer or employer shall notify the Employment Development Department, in writing, as soon as possible, but in no event later than 15 working days after commencing disability indemnity payments. When a lien has been served on an insurer or an employer by the Employment Development Department, the insurer or employer shall notify the Employment Development Department, in writing, within 10 working days of filing an application for adjudication, a stipulated award, or a compromise and release with the appeals board. In determining the amount of lien to be allowed for unemployment compensation disability benefits under subdivision (f) of Section 4903, the appeals board shall allow the lien in the amount of benefits which it finds were paid for the same day or days of disability for which an award of compensation for temporary disability indemnity is made and for which the employer has not reimbursed the Employment Development Department pursuant to Section 2629.1

of the Unemployment Insurance Code. In determining the amount of lien to be allowed for unemployment compensation benefits and extended duration benefits under subdivision (g) of Section 4903, the appeals board shall allow the lien in the amount of benefits which it finds were paid for the same day or days for which an award of compensation for temporary total disability is made. In the case of agreements for the compromise and release of a disputed claim for compensation, the applicant and defendant may propose to the appeals board, as part of the compromise and release agreement, an amount out of the settlement to be paid to any lien claimant claiming under subdivision (f) or (g) of Section 4903. If the lien claimant objects to the amount proposed for payment of its lien under a compromise and release settlement or stipulation, the appeals board shall determine the extent of the lien claimant's entitlement to reimbursement on its lien and make and file findings on all facts involved in the controversy over this issue in accordance with Section 5313. The appeals board may approve a compromise and release agreement or stipulation which proposes the disallowance of a lien, in whole or in part, only where there is proof of service upon the lien claimant by the defendant, not less than 15 days prior to the appeals board action, of all medical and rehabilitation documents and a copy of the proposed compromise and release agreement or stipulation. The determination of the appeals board, subject to petition for reconsideration and to the right of judicial review, as to the amount of lien allowed under subdivision (f) or (g) of Section 4903, whether in connection with an award of compensation or the approval of a compromise and release agreement, shall be binding on the lien claimant, the applicant, and the defendant, insofar as the right to benefits paid under the Unemployment Insurance Code for which the lien was claimed. The appeals board may order the amount of any lien claim, as determined and allowed by it, to be paid directly to the person entitled, either in a lump sum or in installments.

Where unemployment compensation disability benefits have been paid pursuant to the Unemployment Insurance Code while reconsideration of an order, decision, or award is pending, or has been granted, the appeals board shall determine and allow a final amount on the lien as of the date the board is ready to issue its decision denying a petition for reconsideration or affirming, rescinding, altering or amending the original findings, order, decision, or award.

The appeals board shall not be prohibited from approving a compromise and release agreement on all other issues and deferring to subsequent proceedings the determination of a lien claimant's entitlement to reimbursement if the defendant in any of these proceedings agrees to pay the amount subsequently determined to be due under the lien claim.

SEC. 48. Section 4906 of the Labor Code is amended to read:

(b) No attorney or agent shall demand or accept any fee from an employee or dependent of an employee for the purpose of representing the employee or dependent of an employee in any proceeding of the division, appeals board, or any appellate procedure related thereto until the amount of the fee has been approved or set by the appeals board.

(c) Any fee agreement shall be submitted to the appeals board for approval within 10 days after the agreement is made.

(d) In establishing a reasonable attorney's fee, consideration shall be given to the responsibility assumed by the attorney, the care excercised in representing the applicant, the time involved, and the results obtained.

(e) At the initial consultation, an attorney shall furnish the employee a written disclosure form promulgated by the administrative director which shall clearly and prominently describe the procedures available to the injured employee or his or her dependents. The disclosure form shall describe this section, the range of attorney's fees customarily approved by the appeals board, and the attorney's fees provisions of Section 4064 and the extent to which an employee may receive compensation without incurring attorney's fees. The disclosure form shall include the telephone number of the Office of Benefit Assistance and Enforcement together with the statement that the employee may receive answers at that number to questions concerning entitlement to compensation or the procedures to follow to receive compensation. No more than three arbitrators on a five-member panel may be defense attorneys, no more than three may be applicant's attorneys, and no more than two may be retired workers'

compensation judges or appeals board commissioners.

(c) For each party in excess of one party in the capacity of employer and one party in the capacity of injured employee or lien claimant, the presiding judge shall randomly select two additional arbitrators to add to the panel. For each additional party in the capacity of employer, the presiding judge shall assign a retired workers' compensation judge or retired appeals board commissioner and an applicant's attorney. (2) By the parties equally in proceedings subject to Section 5500.5.

(3) By the dependents in accordance with their proportionate share of death benefits, where there is no dispute as to the injury causing death.

SEC. 54.7. Section 5401 of the Labor Code is amended to read:

5401. (a) Within one working day of receiving notice or knowledge of injury under Section 5400 or 5402, which injury results in lost time beyond the date of injury or which results in medical treatment beyond first aid, the employer shall provide, personally or by first-class mail, a claim form and a notice of potential eligibility for benefits under this division to the injured employee, or in the case of death, to his or her dependents. As used in this subdivision, "first aid" means any one-time treatment of minor scratches, cuts, burns, splinters, or other minor industrial injury by other than a physician or other licensed health care provider in those instances where the treatment performed by the other licensed health care provider is conducted in consultation with a physician. "Minor industrial injury" shall not include serious exposure to a hazardous substance as defined in subdivision (i) of Section 6302. The claim form shall request the injured employee's name and address, the time and place where the injury occurred, and the nature of the injury. The notice shall include a description of the procedures and assistance available to the employee on his or her own behalf, the procedure to be used to commence proceedings for the collection of compensation for the purposes of this chapter, the telephone number of the Office of Benefit Assistance and Enforcement, and a statement that the employee has a right to consult an attorney or the Office of Benefit Assistance and Enforcement, or both, for assistance. Claims forms shall be available at district offices of the Employment Development Department and the Office of Benefit Assistance and Enforcement. Claims forms may be made available to the employee from any other source.

(b) The completed claim form shall be filed with the employer by the injured employee, or, in the case of death, by a dependent of the injured employee, or by an agent of the employee or dependent. Except as provided in subdivision (c), a claim form is deemed filed when it is personally delivered to the employer or received by the employer by first-class or certified mail. A dated copy of the completed form shall be provided by the employer to the employer's insurer and to the employee, dependent, or agent who filed the claim form.

(c) The claim form shall be filed with the employer prior to the injured employee's entitlement to late payment supplements under subdivision (d) of Section 4650, or prior to the injured employee's request for a medical evaluation under Section 4061 or 4062. Filing

The written consent of the employee, or dependent of a deceased employee, to the selected venue site shall be filed with the application.

(c) If the venue site where the application is to be filed is the county where the employee's attorney maintains his or her principal place of business, the attorney for the employee shall indicate that venue site when forwarding the information request form required by Section 5401.5. The presiding workers' compensation judge shall supervise settlement conference referees in the performance of their judicial functions under this subdivision.

(3) Ten days before the mandatory settlement conference, the parties shall file a conference statement noting the specific issues in dispute, listing the exhibits, and disclosing witnesses. Discovery shall close on the date of the mandatory settlement conference. Evidence not disclosed or obtained thereafter shall not be admissible unless the proponent of the evidence can demonstrate that it was not available or could not have been discovered by the exercise of due diligence prior to the settlement conference.

The amendments made by this act to subdivision (c) of Section 139.5 of the Labor Code, pertaining to the payment of additional living expenses, and subdivisions (a) and (c) of Section 4702, of the Labor Code, with respect to the crediting of accrued disability indemnity against the amount of the death benefit, and subdivision (a) of Section 4906 of the Labor Code, with respect to legal services, are not intended by the Legislature to make a change in the law as it existed with respect to these provisions prior to January 1, 1990.

SEC. 68. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1551

An act to add Sections 30101.8 and 30889.3 to the Streets and Highways Code, relating to toll bridges.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 30101.8 is added to the Streets and Highways Code, to read:

30101.8. (a) The commission may grant toll-free and reduced-rate passage on all toll bridges under its jurisdiction to class I vehicles occupied by three or more persons, including the driver, and to buses. For bridges within the area under the jurisdiction of the Metropolitan Transportation Commission, the commission shall exercise its authority in cooperation with the Metropolitan Transportation Commission as otherwise required by this division.

(b) Notwithstanding subdivision (a), tolls on the bridges shall be maintained at rates sufficient to meet any obligation to the holders

of bonds secured by the bridge toll revenues, as set forth in any bond resolution in effect on January 1, 1991, or covenants contained in bonds issued pursuant to the bond resolution, and the commission shall revise or eliminate any toll-free or reduced-rate toll schedule adopted pursuant to subdivision (a) as necessary to ensure compliance with those obligations.

SEC. 2. Section 30889.3 is added to the Streets and Highways Code, to read:

30889.3. (a) Notwithstanding any other provision of law, the Metropolitan Transportation Commission shall adopt, for implementation not later than June 30, 1991, a reduced-rate schedule of tolls for class I vehicles occupied by three or more persons, including the driver, and for buses crossing the Carquinez and Martinez-Benicia Bridges. The reduced-rate toll for those vehicles shall be determined by the Metropolitan Transportation Commission in cooperation with the Department of Transportation, and may consist of reduced daily tolls or an annual payment in lieu of daily tolls. The reduced-rate toll schedule adopted by the Metropolitan Transportation Commission shall be approved by the California Transportation Commission in accordance with Section 30888.

(b) Notwithstanding subdivision (a), tolls on the bridges shall be maintained at rates sufficient to meet any obligation to the holders of bonds secured by the bridge toll revenues, as set forth in any bond resolution in effect on January 1, 1991, or covenants contained in bonds issued pursuant to the bond resolution, and the California Transportation Commission shall revise or eliminate the reduced-rate toll schedule adopted pursuant to subdivision (a) as necessary to ensure compliance with those obligations.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1552

An act relating to public social services.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Medi-Cal eligibility workers fulfill an important role for the State of California. They assist needy families and individuals to obtain the assistance they need to remediate ill health and medical emergencies.

(b) Without appropriate eligibility staffing levels at the county level and appropriately trained staff, timely, accurate, and efficient Medi-Cal eligibility determinations for needy families and individuals is compromised and needy persons are forced to wait while their physical or health conditions decline.

(c) On the basis of total Medi-Cal payments made by the State of California, each Medi-Cal eligibility worker annually processes applications which generate $2,300,000 in Medi-Cal health care costs.

(d) It is in the interests of the State of California to assure effective eligibility processing for Medi-Cal benefits so that those individuals eligible for assistance receive it in a timely, accurate, and efficient manner, and those individuals who do not meet state eligibility criteria do not become a financial responsibility of the state.

(e) Over the past decade, the duties of Medi-Cal eligibility workers at the county level have become increasingly complex due to the continuous passage and implementation of federal and state laws and regulations and subsequent court interpretation of those laws and regulations.

(f) It is in the interest of the state to review the current processing and eligibility requirements for Medi-Cal health care benefits in order to develop a simplified eligibility determination process which is both less complicated for clients to complete and workers to process and less costly for government, at all levels, to administer.

SEC. 2. (a) The State Department of Health Services, in consultation with representatives of clients who receive Medi-Cal health care benefits, hospitals, clinics, and skilled nursing facilities which provide a disproportionate share of services to Medi-Cal beneficiaries, county supervisors, county welfare departments, and employee organizations representing persons who provide health care services to Medi-Cal beneficiaries, shall do all of the following:

(1) Evaluate current Medi-Cal eligibility determination procedures and forms.

(2) Develop one or more proposals for the simplification of the Medi-Cal eligibility determination process through a reduction of

paperwork and related process requirements.

(3) Report to the appropriate policy and fiscal committees of the Legislature by December 31, 1991, on the evaluation and proposals developed to simplify current Medi-Cal eligibility procedures and forms.

CHAPTER 1553

An act to add Section 90.1 to the Streets and Highways Code, relating to transportation.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 90.1 is added to the Streets and Highways Code, to read:

90.1. The department shall develop and implement a recruitment and incentive program for highway engineer positions which may include, but not be limited to, participation by the department in the repayment of student loans of persons recruited through the program.

The department shall not expend more than one hundred twenty-five thousand dollars ($125,000) annually to develop and implement the program, which may be paid from funds available to the department from the State Highway Account in the State Transportation Fund.

CHAPTER 1554

An act to add and repeal Chapter 6.5 (commencing with Section 13855) to Title 6 of Part 4 of the Penal Code, relating to criminals, and making an appropriation therefor.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.5 (commencing with Section 13855) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 6.5. ARMED CAREER CRIMINALS

13855. The Legislature hereby finds that a small number of repeat felony offenders, known as a career criminals, commit a

disproportionate number of crimes, often while armed with firearms. In enacting this chapter, the Legislature intends to assist law enforcement authorities in identifying, apprehending, prosecuting, and imprisoning armed career criminals.

13855.1. As used in this chapter, "armed career criminal" means a person who has previously been convicted of three serious felonies in this state, or offenses committed in other jurisdictions which include all of the elements of a serious felony. As used in this section, "serious felony" means a serious felony listed in subdivision (c) of Section 1192.7.

13855.2. The Department of Justice may request the Department of Corrections, the Department of Motor Vehicles, and local law enforcement agencies to provide existing information from their files regarding persons identified as armed career criminals. The Department of Corrections, the Department of Motor Vehicles, and law enforcement agencies shall, when requested by the Department of Justice, provide copies of existing information maintained in their files regarding persons identified as armed career criminals and provide followup information as it becomes available.

13855.4. (a) The Armed Career Criminal Pilot Project is hereby created. The Department of Justice shall, subject to the availability of funds, implement the project to do all of the following:

(1) Evaluate the propensity of armed career criminals released from federal, state, and local penal institutions to commit further offenses.

(2) Utilize information from the Departments of Justice, Corrections, and Motor Vehicles, and appropriate federal agencies to provide law enforcement officials within the pilot project with comprehensive information on armed career criminals in their communities.

(3) Assist in identifying suspects based upon analysis and comparison of methods of operations.

(4) Provide information for sentencing purposes.

(5) Develop an automated data-processing system to store, search, and retrieve information collected on armed career criminals.

(b) The pilot program shall operate in all counties, except the following counties: Imperial, Los Angeles, Orange, Riverside, Santa Barbara, San Bernardino, San Diego, San Luis Obispo, and Ventura.

(c) The department shall provide reports to the Legislature on the Armed Career Criminal Project every March 1, beginning in 1992. The report shall include the number of files reviewed, the number of career criminals monitored, the number of crimes solved, and documentation showing how this program contributed to solving these crimes. The pilot program shall be considered successful if each year (1) 400,000 files are reviewed, (2) 1,000 career criminals are monitored, (3) documentation can be provided showing that at least 300 violent felony crimes were solved that would not have been solved without this pilot, and (4) there is at

least an annual 10 percent increase in the number of crimes solved as a result of this pilot program.

13855.5. This chapter shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. The sum of one hundred forty thousand dollars ($140,000) is hereby appropriated from the Department of Justice's State Asset Forfeiture Fund to implement the Armed Career Criminal Pilot Project.

CHAPTER 1555

An act to add Section 14520.3 to the Government Code, relating to transportation.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 14520.3 is added to the Government Code, to read:

14520.3. (a) The commission, in consultation with the Controller, the Treasurer, and the Superintendent of Banks, shall conduct a study and submit recommendations to the Governor and the Legislature on or before January 1, 1992, on the feasibility of establishing, within state government, a California Transportation Assistance Bank, hereafter the bank, to carry out the functions described in subdivision (b).

(b) To assist in financing the state's transportation infrastructure, the bank would act as a financing intermediary by accumulating and investing proceeds of the increased vehicle fuel tax revenues received pursuant to Sections 7351 and 8651 of the Revenue and Taxation Code, as added by Chapters 105 and 106 of the Statutes of 1989, respectively, and funds received through additional borrowing against future revenues, and by making the proceeds of those

investments available for long-range transportation infrastructure improvements.

(c) The study shall be accomplished using resources available to the commission.

CHAPTER 1556

An act to add Chapter 9 (commencing with Section 58900) to Part 31 of the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9 (commencing with Section 58900) is added to Part 31 of the Education Code, to read:

CHAPTER 9. DEMONSTRATION OF RESTRUCTURING IN PUBLIC EDUCATION

Article 1. Establishment

58900. There is hereby established a Demonstration of Restructuring in Public Education.

58901. (a) The Legislature finds that as the state's population of schoolage children continues to change and grow more diverse in its racial, ethnic, linguistic, and socioeconomic background, and that as no group's characteristics, experience, or background represents the majority experience of California's pupil population, efforts to restructure public education in California must fundamentally enable schools and educators to better meet the needs of, and ensure educational equity for, a diverse pupil population.

(b) It is, therefore, the intent of the Legislature to support and encourage restructuring in California public education in order to improve pupil learning.

(c) The Legislature further finds and declares that pupils learn best when school personnel and school structure are responsive to their individual characteristics and strengths, and when the school establishes an atmosphere of high expectations for all pupils, regardless of sex, racial, ethnic, linguistic, or socioeconomic background. All advice and communication to pupils and their parents should be designed and delivered to communicate these attitudes.

(d) The Legislature finds that education restructuring involves shifting from the current system of accountability, which is based upon rules, to a system of accountability based upon performance.

Education restructuring therefore involves a revision in school governance and management procedures in order to enable professional educators to respond appropriately to pupil requirements, with the central goal of improving learning for all California public school pupils.

(e) It is the intent of the Legislature to initiate a demonstration of education restructuring in participating elementary, high school, and unified school districts, to the end that school districts will do all of the following for schools included in the application:

(1) Specify achievement outcomes for all pupils in core competencies including, but not limited to, communication skills and knowledge, problem solving techniques, abstract reasoning, teamwork, and entry level, job-related skills and, in particular, for pupils performing below their potential, strive to accelerate their achievement beyond the overall rates of pupil improvement and achievement.

(2) Work with local schools to reach an agreed upon definition of educational quality.

(3) Set clear goals for achieving educational quality.

(4) Provide schools with the flexibility to meet those goals.

(5) Offer high quality technical assistance and support to local schools consistent with agreed upon goals.

(6) Hold local schools accountable for pupil and staff performance based, at a minimum, upon measurable pupil behaviors and knowledge.

(f) The Legislature further finds that increased decisionmaking authority for educators at local schools corresponds with increased accountability for results, particularly for pupil achievement.

(g) It is the intent of the Legislature that the demonstration of education restructuring test the feasibility of fundamental changes in the governance and management of public schooling over a five-year period, by allowing school districts and schools to develop and adapt instructional strategies that prove to be highly successful in improving both pupil achievement and pupil, parent, and staff satisfaction with schooling.

(h) The Legislature intends to foster, by the Demonstration of Restructuring in Public Education, improved education for California's pupils by assisting educators to do all of the following:

(1) Foster self-esteem and a sense of belonging in all pupils by assisting every pupil to meet rigorous academic standards and relating the educational process and instructional strategies to diverse pupil needs in today's complex society.

(2) Motivate and inspire California's pupils to become capable, responsible citizens in a multicultural democracy.

(3) Be sensitive to the diversity of pupil needs, learning styles, talents, and levels of development.

(i) The Legislature encourages the business community to become a full partner in the efforts to restructure California's public education and to offer its resources, including time, expertise and

skills, leadership and financial assistance to further this demonstration of restructuring in public education.

(j) The Legislature finds that existing laws and regulations governing public schools often serve as a hindrance to meaningful, long-lasting educational reform. It is the intent of the Legislature to create a demonstration program that does not result in rules and regulations governing school programs or in paperwork and reports for school and school district personnel. It is the further intent of the Legislature that participating school districts retain maximum flexibility and freedom from state regulation in designing and implementing the demonstration program. The Legislature encourages program participants to utilize their ability to seek waivers of the Education Code and state regulations to allow them to design the most effective demonstration of restructuring.

Article 2. Demonstration Elements

58902. "District" for the purposes of this article means any school district or consortium of school districts eligible to apply to participate in the demonstration of restructuring in education.

58902.5. School district governing boards shall develop and implement policies and procedures pursuant to this chapter that support the schoolsite goals and objectives of the participating schools.

58903. (a) Each school district, in developing and implementing policies and procedures pursuant to this chapter, shall consult with businesses, public institutions of higher education, public and private nonprofit social service and child development agencies, and other organizations, as appropriate, may apply for funds to conduct a demonstration of restructuring in education. Applicant school districts shall describe their efforts to consult with those entities as a condition for the submission of an application.

(b) Each participating school district shall have maximum flexibility in the development and implementation of a demonstration of restructuring in education, in order to implement a local design to support and improve pupil learning.

58904. Each applicant school district governing board shall develop policies and procedures to increase site-level decisionmaking at participating schools maintained by the school district, to enable all of the following:

(a) Parents, community members representing the diverse racial, ethnic, gender, and socioeconomic backgrounds, the school pupil population, teachers of secondary school students, schoolsite administrators, the various categories of school employees, and other school staff to set goals, objectives, and expenditure priorities for improving instruction at that school, and to participate in decisionmaking about policies and procedures established pursuant to subdivision (b). It is the intent of the Legislature to ensure meaningful access by and participation of parents in the design and

governance of a schoolsite, and, thus, school districts and the participating schools should develop policies and procedures to enable parents that traditionally have not participated in school governance to participate, and should consider providing training, accessible meeting times and locations, and other methods to encourage active participation.

(b) Classroom teachers and school level administrators to design and implement policies and procedures consistent with the goals and objectives established pursuant to subdivision (a), which shall include, but need not be limited to, all of the following:

(1) Selection and assignment of certificated and noncertificated school personnel in accordance with Chapter 5 (commencing with Section 45100) of Part 25.

(2) Development and enrichment of subject matter offerings that build upon state-recommended frameworks and district adopted standards in order to provide a rigorous core curriculum for all pupils, including higher order thinking; design and implementation of diverse instructional approaches to respond to the variety of pupil learning needs; adaptation of curricular and instructional strategies specifically designed to meet the diverse needs of a multicultural and multilingual population; organization of the school for instruction; and selection of instructional materials.

(3) Expenditure of funds for instruction, including, but not limited to, instructional materials, staff training, and personnel.

58905. Each school included in the application shall design and implement policies and procedures that include all of the following core restructuring elements when applicable to elementary or secondary schools or both:

(a) Curriculum, instruction, and assessment designed to meet individual pupil needs while assisting all pupils to meet high subject matter standards.

Instructional strategies shall go beyond teacher lectures and may include cooperative and mastery learning as a school-wide strategy. Strategies should decrease teacher workloads and increase contact time between teachers and pupils. This may be accomplished, for example, by organizing teachers into teams in two or more subject areas in order to promote a rigorous core curriculum for all pupils, including reading and writing skills for their development and critical thinking skills in the core subject matter areas required for high school graduation.

An expanded and enriched curriculum should be offered to all pupils within and across subject matter areas, for example, by organizing teachers into teams, or by promoting cross-discipline curriculum development and implementation on an articulated, multigrade basis.

The curriculum and the instructional strategies to implement these objectives shall provide early and sustained opportunities for limited-English-proficient and non-English-speaking pupils to become proficient in all English language skills by using a variety of

instructional methods. The school curriculum may also offer opportunities for pupils to become proficient in two or more languages.

The testing of pupils in demonstration schools shall move away from reliance on multiple-choice testing to an authentic pupil performance based system that strives to provide a holistic assessment of each pupil's improvement and achievement. Greater emphasis shall be placed, for example, upon a pupil's writing as a better way of assessing thinking and problem solving skills.

The curricular, instructional strategies, and assessment tools shall also provide for accelerating the achievement of pupils performing below their potential to levels beyond the overall rates of pupil improvement and achievement.

(b) A plan for inclusion in appropriate curriculum programs new and expanded opportunities for 11th and 12th grade pupils to attend classes in colleges and universities, to enroll in specialized schools and programs, and to participate in internships or other field work with business, industry, schools, and community organizations. These opportunities shall be fostered and implemented in both the public and private sectors.

No project shall receive funding if there is any indication that this component is designed or implemented in a fashion so that pupils are directed, rather than counseled, regarding these opportunities, or if the activities in any way foster the tracking of pupils.

(c) Assess, and where necessary, redesign the roles and involvement of parents and all other persons who participate or work in the educational program at the school. Staff development, including leadership development, which emphasizes decisionmaking skills and organizational principles of teamwork and collaboration, shall be a critical component in reorganizing and restructuring the school for effective instruction.

(1) Roles and responsibilities may be differentiated among all school personnel, particularly instructional personnel, in order to provide more effective instruction to pupils. The anticipated need to provide increased support and assistance to beginning teachers may be achieved, for example, by reducing their instructional or pupil loads to permit their observation of instructional approaches utilized by experienced and effective teachers, or to allow time for mentoring and peer assistant relationships among all teachers.

(2) Meaningful roles and responsibilities for parents shall be included as a part of the project. In addition to assisting pupils at home and at school, parents shall be given greater amounts of information and authority to participate in the placement decisions for their children in specific classes or programs. Placement considerations may include schools within schools to expand program diversity, open enrollment among schools that have different programs and instructional emphases, and specialized high schools to enhance particular talents in pupils.

(d) The use of technology shall be addressed, at a minimum, in the

following dimensions:

(1) Technology as an instructional methodology to assist and enhance pupil learning.

(2) Teaching pupils how to use the technology.

(3) Technology as an instrument to better manage information and to enhance the organizational and administrative functioning of the school.

(e) Subject to the availability of separate funding pursuant to Section 58925.5, elementary school projects shall include a preschool program component such as the federal Headstart Program, or a program with similar goals operating as a state preschool program pursuant to the requirements of Chapter 2 (commencing with Section 8200) of Part 6, or which may require requests to waive provisions of the Education Code or state regulations pursuant to Sections 33050 and 33051. All children four years of age or older from low-income families shall be given the opportunity to attend a preschool program.

Subject to the availability of separate funding pursuant to Section 58925.5, a restructuring proposal which involves a high school may include a schoolage parenting and infant development program operated pursuant to the requirements of Chapter 2 (commencing with Section 8200) of Part 6.

It is the intent of the Legislature that applicant school districts and schools consider contracting with local community agencies that may offer state-subsidized child development, preschool or schoolage parenting and infant development, in order to provide linkages to existing child care and development programs and to avoid duplicating or fragmenting child development service delivery.

The child care components authorized by this subdivision shall be deemed an expansion of existing state supported programs and an integral enhancement of the restructuring proposal. If separate funding pursuant to Section 58925.5 is made available for those purposes, the superintendent, subject to existing statutes and regulations, and a review of the quality of competing applications for preschool and schoolaged parent funding, shall give preference to high quality proposals that are included in a demonstration proposal in the approval of any expansion funding to demonstration district projects providing for one or both of these programs.

58905.2. Schools included in the application shall specifically address the special needs of the cultural and linguistic diversity of the participating schools' pupil population through the development of policies and procedures to implement the core restructuring elements pursuant to Section 58905.

58905.5. Each application may include, on behalf of a participating school, a request to waive any provision of the Education Code or regulation, provided the waiver request conforms to Section 44669 of Chapter 3 of Part 25.

It is not the intent of the Legislature that the approval of those waivers jeopardize statutes and regulations established to ensure

equal education opportunities for ethnic, linguistic minority, and handicapped pupils.

58906. Demonstration grants shall be awarded in accordance with the following requirements and considerations:

(a) A two dimensional matrix shall be developed and utilized in which one axis represents three types of schools, as determined by the achievement performance of pupils as reported by the Superintendent of Public Instruction, including predominantly high-performing pupils, predominantly moderately performing pupils, and predominantly low-performing pupils, and in which the second axis represents urban, suburban, and rural school districts.

The highest quality proposals from each of the cells in the matrix shall be funded in the following order:

(1) Three proposals from the cells representing predominantly low-performing pupils.

(2) Two proposals from the cells representing predominantly moderately-performing pupils.

(3) One proposal from the cells representing predominantly high-performing pupils.

This sequence shall be repeated until the State Board of Education determines either that the quality of proposals remaining to be funded is such that funding is not warranted, or that available funding has been fully utilized, or both.

The collective total enrollment represented in all of the schools selected for demonstration funding shall, to the maximum extent possible, reflect the racial, ethnic, gender, and socioeconomic composition of the state pupil population in kindergarten and grades 1 to 12, inclusive.

(b) It is the intent of the Legislature that demonstration grants be awarded based on the quality and extensiveness of communitywide support for the submitted proposal and to proposals that design new or adapt current restructuring elements specifically to meet the needs of a diverse pupil population and that represent a significant departure in process, organization, or content from the ordinary school or classroom organization, assignment of school staff responsibilities, curriculum development, and instructional methods.

The Legislature believes that communitywide support and schoolsite leadership can best be determined by a state-level selection process that includes an oral presentation given by the applicant to the advisory committee.

(c) Consideration may be given to each school district that can demonstrate that the district has already achieved success in implementing any of the restructuring elements described.

(d) Consideration also shall be given to each district that proposes additional, or alternative restructuring options of high quality which are consistent with the goals of this chapter.

58906.5. It is the intent of the Legislature that each school district that has an approved demonstration proposal which includes an

element to provide preschool services pursuant to subdivision (e) of Section 58905 receive separate funding pursuant to Section 58925.5 in addition to the demonstration grant in an amount per child not less than that provided under the State Preschool Program and not more than that provided under the Headstart Program depending upon a determination by the Superintendent of Public Instruction, based upon the nature and scope of the proposed preschool program.

It is further the intent of the Legislature that each applicant that has an approved demonstration proposal that includes an element to provide schoolage parenting and infant development services pursuant to subdivision (e) of Section 58905 shall receive, in addition to funding provided under the demonstration grant, separate funding pursuant to Section 58925.5 in an amount per pupil that is not less than that provided to existing schoolage parenting and infant development programs funded under Chapter 2 (commencing with Section 8200) of Part 6.

58907. Each applicant school district shall establish and implement policies and procedures in order to improve pupil achievement in low-performing schools within the proposal. Applicant districts, as part of any demonstration proposal, may apply for the highest level of demonstration funding in order to provide for additional restructuring in demonstration schools defined as low-performing. It is the intent of the Legislature that in developing policies and procedures to assist all schools, applicant districts give consideration to all of the following:

(a) Standards of expectations for pupil achievement that exceed districtwide standards of pupil achievement and state-recommended model curriculum standards.

(b) Offering all pupils access to a rigorous, comprehensive core curriculum and advanced placement programs and classes which include critical thinking and higher level skills, including, at minimum, the elimination of tracking based upon pupil achievement.

(c) Instructional strategies and supplementary assistance designed to assist all pupils to exceed districtwide standards of pupil achievement.

(d) Staff development for school personnel designed to support curriculum and instruction necessary for pupils to exceed districtwide standards of pupil achievement and state-recommended model curriculum standards.

(e) Monitoring and evaluation of school progress toward implementing the management, curriculum, and instruction necessary to support pupil achievement of districtwide standards and state-recommended model curriculum standards.

(f) Coordinated services between schools and social services and health agencies including children's protective services, juvenile justice services, nonschool based preschool services, and health care services. It is the intent of the Legislature that this coordination be based upon joint planning among these agencies and comprehensive

assessments of the need to: provide services; coordinate service delivery; fill gaps in existing services; and collaborate to address the provision of needed services.

(g) Expanded schooldays and school years in order to provide opportunities for increased instructional time, tutoring by staff, pupils or volunteers, an environment conducive to learning before and after school and personalized instruction, mentoring, and information from other elementary or secondary students, college students, and adults.

(h) Outside assistance as necessary to support effective management and teaching at the school; for example, assistance in planning, implementation, staff development, and assessment from universities, colleges, business and industry, county offices of education, or nonprofit agencies dedicated toward improved school functioning and higher pupil achievement.

58908. Each applicant school district shall demonstrate how staff development consistent with Chapter 3.1 (commencing with Section 44670) of Part 25 will be made available to participating school personnel in order to support and assist the implementation of the restructuring elements specified in the district plan.

58909. Each applicant school district shall demonstrate how parent education, information, and support will be provided for parents of all racial, ethnic, gender, or socioeconomic backgrounds to be involved in the development and implementation of the restructuring demonstration, and for each parent to be involved in decisionmaking and support for the education program of his or her child.

58910. (a) Each school participating in the demonstration program shall prepare a school plan within a time period specified in the district proposal to the state. The plan shall indicate how the provision of educational instruction in kindergarten and grades 1 to 12, inclusive, as appropriate, shall be restructured.

(b) It is the intent of the Legislature that the school plans prepared reflect the unique pupil and organizational characteristics of each school.

(c) Each school plan shall be filed with the appropriate school district.

Article 3. Selection of Program Participants and Awarding Demonstration Grants

58914. (a) School districts and consortia of school districts interested in applying for a demonstration grant may first obtain a planning grant from the state.

(b) The application for the planning grant shall be a letter of intent to submit a proposal for restructuring education which is signed by the governing board of the applicant school district or consortium of school districts, provided that the collective bargaining representative has been consulted prior to submittal of

the application.

58915. (a) Each applicant school district shall develop a demonstration proposal in consultation with businesses, colleges or universities, other organizations as appropriate, classroom teachers, school level administrators, other school personnel, including the various categories of classified employees, parents, and the collective bargaining representative for certificated and classified employees of the school district.

(b) Each demonstration proposal shall be submitted jointly by the applicant school district and the collective bargaining representative of the certificated employees of the school district.

(c) Each demonstration proposal shall include, but need not be limited to, all of the following:

(1) A description of the elements to restructure education in the applicant school or schools over the five-year demonstration period.

(2) Proof that the demonstration proposal has been developed in accordance with Section 58915, and that agreement has been reached by the governing board or boards of applicant districts and each of the respective collective bargaining representatives for certificated school employees.

(3) A spending plan for demonstration funds, including evidence of the incorporation of state funds, and to the extent feasible, federal and private funds, into the demonstration of restructuring in education.

SEC. 12. Due to unique facts and circumstances applicable to the Kensington Community Services District and the County of Contra Costa, the Legislature finds and declares that, in enacting Section 7 of this act, a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. The unique facts and circumstances are as follows:

The Kensington Community Services District and the County of Contra Costa desire to negotiate a division of fines and forfeitures based on the unique circumstances found in that unincorporated community. Although state law permits cities and counties to negotiate the division of fines and forfeiture, there is no similar authority for special districts and counties. Section 7 of this act is necessary to permit the Kensington Community Services District and the County of Contra Costa to respond to their unique circumstances.

Special legislation is, therefore, necessary, applicable to only the Kensington Community Services District and the County of Contra Costa.

SECTION 1. Section 208 of the Penal Code, as amended by Chapter 55 of the Statutes of 1990, is amended to read:

208. (a) Kidnapping is punishable by imprisonment in the state prison for three, five, or eight years.

(b) If the person kidnapped is under 14 years of age at the time of the commission of the crime, the kidnapping is punishable by imprisonment in the state prison for 5, 8, or 11 years. This subdivision is not applicable to the taking, detaining, or concealing, of a minor child by a biological parent, a natural father, as specified in subdivision (a) of Section 7004 of the Civil Code, an adoptive parent, or a person who has been granted access to the minor child by a court order.

(c) In all cases in which probation is granted, the court shall, except in unusual cases where the interests of justice would best be served by a lesser penalty, require as a condition of the probation that the person be confined in the county jail for 12 months. If the court grants probation without requiring the defendant to be confined in the county jail for 12 months, it shall specify its reason or reasons for imposing a lesser penalty.

(d) If the person is kidnapped with the intent to commit rape, oral copulation, sodomy, or rape by instrument, the kidnapping is punishable by imprisonment in the state prison for 5, 8, or 11 years.

CHAPTER 1561

An act to amend Section 437c of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of this legislation to provide that all objections to the form and substance of the moving and opposing papers shall be first made in the trial court and not on appeal by the parties or by the appellate court and to expressly overrule the rules stated in Witchell v. De Korne, 179 Cal. App. 3d 965 and Zuckerman

v. Pacific Savings Bank, 187 Cal. App. 3d 1394.

It is also the intent of this legislation to stop the practice of adjudication of facts or adjudication of issues that do not completely dispose of a cause of action or a defense.

SEC. 2. Section 437c of the Code of Civil Procedure is amended to read:

437c. (a) Any party may move for summary judgment in any action or proceeding if it is contended that the action has no merit or that there is no defense thereto. The motion may be made at any time after 60 days have elapsed since the general appearance in the action or proceeding of each party against whom the motion is directed or at such earlier time after the general appearance as the court, with or without notice and upon good cause shown, may direct. Notice of the motion and supporting papers shall be served on all other parties to the action at least 28 days before the time appointed for hearing. However, if the notice is served by mail, the required 28-day period of notice shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. The motion shall be heard no later than 30 days before the date of trial, unless the court for good cause orders otherwise. The filing of the motion shall not extend the time within which a party must otherwise file a responsive pleading.

(b) The motion shall be supported by affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The supporting papers shall include a separate statement setting forth plainly and concisely all material facts which the moving party contends are undisputed. Each of the material facts stated shall be followed by a reference to the supporting evidence. The failure to comply with this requirement of a separate statement may in the court's discretion constitute a sufficient ground for denial of the motion.

Any opposition to the motion shall be served and filed not less than 14 days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise. The opposition, where appropriate, shall consist of affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The opposition papers shall include a separate statement which responds to each of the material facts contended by the moving party to be undisputed, indicating whether the opposing party agrees or disagrees that those facts are undisputed. The statement also shall set forth plainly and concisely any other material facts which the opposing party contends are disputed. Each material fact contended by the opposing party to be disputed shall be followed by a reference to the supporting evidence. Failure to comply with this requirement of a separate statement may constitute a sufficient ground, in the court's discretion, for granting the motion.

Any reply to the opposition shall be served and filed by the moving party not less than five days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise.

Evidentiary objections not made at the hearing shall be deemed waived.

Section 1005 and subdivision (a) of Section 1013, extending the time within which a right may be exercised or an act may be done, do not apply to this section.

Any incorporation by reference of matter in the court's file shall set forth with specificity the exact matter to which reference is being made and shall not incorporate the entire file.

(c) The motion for summary judgment shall be granted if all the papers submitted show that there is no triable issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. In determining whether the papers show that there is no triable issue as to any material fact the court shall consider all of the evidence set forth in the papers, except that to which objections have been made and sustained by the court, and all inferences reasonably deducible from the evidence, except summary judgment shall not be granted by the court based on inferences reasonably deducible from the evidence, if contradicted by other inferences or evidence, which raise a triable issue as to any material fact.

(d) Supporting and opposing affidavits or declarations shall be made by any person on personal knowledge, shall set forth admissible evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. Any objections based on the failure to comply with the requirements of this subdivision shall be made at the hearing or shall be deemed waived.

(e) If a party is otherwise entitled to a summary judgment pursuant to this section, summary judgment shall not be denied on grounds of credibility or for want of cross-examination of witnesses furnishing affidavits or declarations in support of the summary judgment, except that summary judgment may be denied in the discretion of the court, where the only proof of a material fact offered in support of the summary judgment is an affidavit or declaration made by an individual who was the sole witness to that fact; or where a material fact is an individual's state of mind, or lack thereof, and that fact is sought to be established solely by the individual's affirmation thereof.

(f) If it is contended that one or more causes of action within an action has no merit or that there is no defense thereto, or that there is no merit to an affirmative defense as to any cause of action, or both, or that there is no merit to a claim for damages, as specified in Section 3294 of the Civil Code, or that one or more defendants either owed or did not owe a duty to the plaintiff or plaintiffs, any party may move for summary adjudication as to that cause or causes of action, that affirmative defense, that claim for damages, or that issue of duty. A cause of action has no merit if one or more of the elements of the cause of action, even if not separately pleaded, cannot be established.

A motion may be made by itself or as an alternative to a motion for summary judgment and shall proceed in all procedural respects as a motion for summary judgment. However, a party may not move for summary judgment based on issues asserted in a prior motion for summary adjudication and denied by the court, unless that party establishes to the satisfaction of the court, newly discovered facts or circumstances supporting the issues reasserted in the summary judgment motion.

(g) Upon the denial of a motion for summary judgment, on the ground that there is a triable issue as to one or more material facts, the court shall, by written or oral order, specify one or more material facts raised by the motion as to which the court has determined there exists a triable controversy. This determination shall specifically refer to the evidence proffered in support of and in opposition to the motion which indicates that a triable controversy exists. Upon the grant of a motion for summary judgment, on the ground that there is no triable issue of material fact, the court shall, by written or oral order, specify the reasons for its determination. The order shall specifically refer to the evidence proffered in support of, and if applicable in opposition to, the motion which indicates that no triable issue exists. The court shall also state its reasons for any other determination. The court shall record its determination by court reporter or written order.

(h) If it appears from the affidavits submitted in opposition to a motion for summary judgment or summary adjudication or both that facts essential to justify opposition may exist but cannot, for reasons stated, then be presented, the court shall deny the motion, or order a continuance to permit affidavits to be obtained or discovery to be had or may make any other order as may be just.

(i) If the court determines at any time that any of the affidavits are presented in bad faith or solely for purposes of delay, the court shall order the party presenting the affidavits to pay the other party the amount of the reasonable expenses which the filing of the affidavits caused the other party to incur. Sanctions shall not be imposed pursuant to this subdivision except on notice contained in a party's papers, or on the court's own noticed motion, and after an opportunity to be heard.

(j) Except where a separate judgment may properly be awarded in the action, no final judgment shall be entered on a motion for summary judgment prior to the termination of the action, but the final judgment shall, in addition to any matters determined in the action, award judgment as established by the summary proceeding herein provided for.

(k) In actions which arise out of an injury to the person or to property, when a motion for summary judgment was granted on the basis that the defendant was without fault, no other defendant during trial, over plaintiff's objection, may attempt to attribute fault to or comment on the absence or involvement of the defendant who was granted the motion.

(*l*) A summary judgment entered under this section is an appealable judgment as in other cases. Upon entry of any order pursuant to this section except the entry of summary judgment, a party may, within 20 days after service upon him or her of a written notice of entry of the order, petition an appropriate reviewing court for a peremptory writ. If the notice is served by mail, the initial period within which to file the petition shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. The superior court may, for good cause, and prior to the expiration of the initial period, extend the time for one additional period not to exceed 10 days.

(m) Nothing in this section shall be construed to extend the period for trial provided by Section 1170.5.

(n) Subdivisions (a) and (b) shall not apply to actions brought pursuant to Chapter 4 (commencing with Section 1159) of Title 3 of Part 3.

CHAPTER 1562

An act to amend Section 12978 of, and to add Section 985.6 to, the Insurance Code, relating to insurance.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 985.6 is added to the Insurance Code, to read:

985.6. The costs incurred in investigating and preparing the report required by Section 985.5 shall be an expense of administration within the meaning of paragraph (1) of subdivision (a) of Section 1033.

SEC. 2. Section 12978 of the Insurance Code is amended to read:

12978. Notwithstanding any other provision of law, the commissioner may increase or decrease the fees set forth in this code as necessary to allow the department to meet the appropriation authorized by the annual Budget Act. However, any increase or decrease so made shall be made only in accordance with this section.

Any increase or decrease in the statutory fees made by the department pursuant to this section shall be by a uniform percentage for all fees, rounded to the nearest whole dollar.

A single annual increase or decrease in fees, on a fiscal year basis, may be made by the department at any time during the year provided it is announced by bulletin issued at least 90 days prior to the effective date of that increase or decrease. The bulletin shall be

sent to all affected parties and to both houses of the Legislature. Any such fee increase or decrease may be rescinded by a majority vote of both houses of the Legislature not later than 60 days after the issuance of the bulletin announcing the increase or decrease.

In the event the bulletin is issued during the period between August 1 and December 1 of any year, the department shall provide notice in writing of the necessity of any fee increase or decrease as proposed in the bulletin upon issuance of the bulletin to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee.

If written notice is provided to the commissioner within 60 days of the issuance of the bulletin announcing the increase or decrease by any of the chairpersons that there is an objection to the fee increase or decrease, the increase or decrease shall take effect February 1 of the following year unless rescinded by a majority vote of both houses of the Legislature by that date, rather than 60 days after issuance of the bulletin.

The limit on the amount which the fees may be increased or decreased shall be the amount necessary to provide sufficient moneys to meet the appropriations contained in the Governor's Budget for the next succeeding fiscal year, or, to the extent that moneys received or projected to be received by the department are insufficient to meet the appropriation authorized by the annual Budget Act during the then current fiscal year, an amount necessary to meet that appropriation.

SEC. 3. If any provision of this act, or the application of that provision to any person or circumstance is held invalid, the remainder of this act and the application of that provision to any person or circumstances other than those as to which it is held invalid, shall not be affected thereby.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 234 is added to the Vehicle Code, to read:

(b) The term "vehicle salesperson" does not include any of the following:

(1) Representatives of insurance companies, finance companies, or public officials, who in the regular course of business, are required to dispose of or sell vehicles under a contractual right or obligation of the employer, or in the performance of an official duty, or under the authority of any court of law, if the sale is for the purpose of saving the seller from any loss or pursuant to the authority of a court of competent jurisdiction.

(2) Persons who are licensed as a manufacturer, remanufacturer, transporter, distributor, or representative.

(3) Persons exclusively employed in a bona fide business of exporting vehicles, or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States.

SEC. 3.6. Article 7 (commencing with Section 2570) is added to Chapter 2.5 of Division 2 of the Vehicle Code, to read:

Article 7. Transportation of School Pupils

2570. It is the intent of the Legislature, in enacting this chapter, that the public be provided additional protection through the licensing of private schoolbus contractors transporting school pupils under contracts with school districts, and that the Department of the California Highway Patrol be authorized to inspect and license the contractors described in subdivision (a), giving special attention directed to negligent operators or repeat violators.

2571. Every private schoolbus contractor who contracts with a school district for the transportation of school pupils shall be licensed in accordance with regulations adopted by the commissioner. The license fee shall be one hundred dollars ($100) for an initial license and seventy-five dollars ($75) for each annual renewal.

2572. (a) The commissioner may adopt whatever regulations are

necessary to administer this chapter. The regulations shall be consistent with regulations regarding schoolbuses and schoolbus drivers adopted by the commissioner pursuant to other provisions of law.

(b) In addition to any other requirements, it is unlawful for the private schoolbus contractor or the person who directs the driver to operate a vehicle transporting school pupils, when that transportation requires a license, to knowingly cause the operation of the vehicle unless the private schoolbus contractor holds a valid license for the transportation of school pupils. A violation of this subdivision shall be punished by a fine of not more than two thousand dollars ($2,000).

2573. (a) The commissioner may temporarily suspend a license to transport school pupils under contract with a school district, subject to a hearing conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, when, in the commissioner's opinion, the action is necessary to prevent an imminent and substantial danger to the public health.

(b) The commissioner may, following a hearing, suspend a license to transport school pupils under contract with a school district, for a period of at least 30 days but not more than 90 days, if the holder of the license knowingly permits the transportation of school pupils by a person who does not possess the appropriate driver's license and driver's certificate.

(c) The suspensions authorized pursuant to subdivisions (a) and (b) may, at the discretion of the commissioner, be enforced for all operations of a schoolbus contractor, or for the operations of the contractor in the school district in which the alleged violations occurred, or for the operations of the contractor in the contractor's terminal in which the alleged violations occurred.

(d) The commissioner shall provide notification of a suspension hearing to those school districts whose terminals would be affected by the suspension.

2574. (a) All fees collected by the Department of the California Highway Patrol pursuant to the issuance or renewal of a license for the transportation of school pupils under contract with a school district shall be deposited in the Motor Vehicle Account of the State Transportation Fund.

(b) All moneys collected from these fees shall be used for the support of the licensing program of the department upon appropriation therefor by the Legislature.

2575. The Department of the California Highway Patrol shall submit a report to the Legislature on or before January 1, 1993, concerning the implementation of the licensing and inspection program under this chapter, including, but not limited to, the amount collected for license fees and the nature of the violations charged.

SEC. 4. Section 3052 of the Vehicle Code is amended to read:

3052. (a) On or before the 10th day after the last day on which reconsideration of a final decision of the department can be ordered, the respondent may file an appeal with the secretary of the board. The appeal shall be in writing and shall state the grounds therefor. A copy of the appeal shall be mailed by the appellant to the department which shall thereafter be considered in all respects as a party to the appeal. The right to appeal is not affected by failure to seek reconsideration before the department.

(b) An appeal is considered to be filed on the date it is received in the office of the secretary of the board, except that an appeal mailed to the secretary by means of registered mail is considered to be filed with the secretary on the postmark date.

(c) The appeal shall be accompanied by evidence that the appellant has requested the administrative record of the department and advanced the cost of preparation of that record. The complete administrative record includes the pleadings, all notices and orders issued by the department, any proposed decision by a hearing officer, the exhibits admitted or rejected, the written evidence, and any other papers in the case. All or those parts of the administrative record requested by the appellant may be filed with the appeal together with the appellant's points and authorities. If the board orders the filing of additional parts of the administrative record, the board may order prior payment by the appellant of the cost of providing those additional parts.

(d) Except as provided in subdivisions (e) and (f), no decision of the department shall become effective during the period an appeal may be filed, and the filing of an appeal shall stay the decision of the department until a final order is made by the board.

(e) When a decision has ordered revocation of a dealer's license, the department may, on or before the last day upon which an appeal may be filed with the board, petition the board to order the decision of the department into effect.

(f) With respect to the department's petition filed pursuant to subdivision (e), the department shall have the burden of proof. The board shall act upon the petition within 14 days or prior to the effective date of the department's decision, whichever is later. The board may order oral argument on the petition before the board. Oral argument by telephone conference call with a quorum of the board members present, either in person or by telephone, is permitted.

SEC. 5. Section 8803 of the Vehicle Code is amended to read:

8803. Whenever the department cancels, suspends, or revokes any license issued pursuant to Division 5 (commencing with Section 11100), the licensee or person in possession shall immediately return the license, documents, plates, certificates, and other evidence of the license to the department.

SEC. 6. Section 11102 of the Vehicle Code is amended to read:

11102. (a) A driving school owner, or the principal in an all-terrain vehicle safety training organization, shall meet all of the

following requirements:

(1) Maintain an established place of business open to the public. No office or place of business shall be situated within 500 feet of any building used by the department as an office, unless the owner was established at that location on or before January 1, 1976.

(2) Have the proper equipment necessary to give instruction in the operation of the class of vehicles for which the course is designed.

(3) Procure and file with the department a bond of two thousand dollars ($2,000) executed by an admitted surety insurer and conditioned that the applicant shall not practice any fraud or make any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant.

(4) Meet the requirements of Section 11105.2 and, if the person is the owner of a driving school, meet the requirements of Section 11102.5. If the owner is not the operator of the driving school, the owner shall designate an operator who shall meet the requirements of Section 11102.5.

(5) (A) File with the department an instrument, in writing, appointing the director as the agent of the applicant upon whom a process may be served in any action commenced against the applicant arising out of any claim for damages suffered by any person by the applicant's violation of any provision of this code or any condition of the bond.

(B) The applicant shall stipulate in the instrument that any process directed to the applicant, when personal service cannot be made in this state after due diligence, may be served upon the director or, if the director is absent from the office, upon any employee in charge of the office of the director, in which case the service is of the same effect as if served upon the applicant personally. The applicant shall further stipulate, in writing, that the agency created by the instrument shall continue during the period covered by the license and so long thereafter as the applicant may be made to answer in damages for a violation of this code or any condition of the bond.

(C) The instrument appointing the director as agent for the applicant for service of process shall be acknowledged by the applicant before a notary public.

(D) If the licensee is served with process by service upon the director, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars ($5) shall also be paid to the director at the time of service of the copy of the summons and complaint.

(E) The service on the director is a sufficient service on the licensee if the plaintiff or the plaintiff's attorney also, on the same day, sends notice of the service and a copy of the summons and complaint by registered mail to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or his or her attorney to the surety of the applicant's bond at the address of the

surety given in the bond, postpaid and registered with request for return receipt.

(F) The director shall keep a record of all process served upon the director under this paragraph showing the day and hour of service, and the director shall retain the summons and complaint served on file.

(G) If the licensee is served with process by service thereof upon the director, the licensee has 30 days after that service within which to answer any complaint or other pleading filed in the cause. For purposes of venue, if the licensee is served with process by service upon the director, the service is deemed to have been made upon the licensee in the county in which the licensee has or last had the licensee's established place of business.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

SEC. 7. Section 11102.5 of the Vehicle Code is amended to read:

11102.5. (a) A driving school operator shall meet all of the following requirements:

(1) Within three attempts, pass an examination that the department requires on traffic laws, safe driving practices, operation of motor vehicles, teaching methods and techniques, driving school statutes and regulations, and office procedures and recordkeeping.

(2) Pay the department a fee of one hundred dollars ($100), which shall entitle the applicant to three examinations.

(3) Be 18 years of age or older.

(4) Have worked for an established licensed California driving school as a driving instructor for a period of not less than 1,000 hours of actual behind-the-wheel teaching and, on and after July 1, 1973, have satisfactorily completed a course in the teaching of driver education and driver training acceptable to the department, except that the operator, including an owner who is also the operator, of a driving school which exclusively teaches motorcycle driving may, in lieu of the behind-the-wheel teaching requirement, have worked for an established licensed California driving school as a motorcycle driving instructor for not less than 300 hours of actual motorcycle range and street teaching, have taught 300 hours of actual motorcycle range and street instruction under the guidance of the Motorcycle Safety Foundation, or have given comparable training instruction which is acceptable to the department. This paragraph does not apply to any person who is certified by the State Department of Education as fully qualified to teach driver education and driver training and has taught those subjects in the public school system for not less than 1,000 hours.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

SEC. 8. Section 11104 of the Vehicle Code is amended to read:

11104. (a) Every person, in order to qualify as a driving

instructor, as defined in Section 310.4, shall meet all of the following requirements:

(1) On and after July 1, 1973, have a high school education or its equivalent and have satisfactorily completed a course in the teaching of driver education and driver training acceptable to the department.

(2) Within three attempts, pass an examination that the department requires on traffic laws, safe driving practices, operation of motor vehicles, and teaching methods and techniques.

(3) Be physically able to safely operate a motor vehicle and to train others in the operation of motor vehicles.

(4) Hold a valid California driver's license in a class appropriate for the type of vehicle in which instruction will be given.

(5) Not be on probation to the department as a negligent operator.

(6) Have a driver record which does not have an outstanding notice for violating a written promise to appear in court or for willfully failing to pay a lawfully imposed fine, as provided in Section 40509.

(7) Be 18 years of age or older.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

SEC. 9. Section 11104.3 of the Vehicle Code is amended to read:

11104.3. (a) An all-terrain vehicle safety instructor shall meet all of the following requirements:

(1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially; or has not committed any act which, if done as an all-terrain vehicle safety instructor, would be grounds for the suspension or revocation of the all-terrain vehicle safety instructor's license. A conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this section.

(2) Have a high school education or its equivalent and have satisfactorily completed a course of instruction training in all-terrain vehicle safety as approved by the Off-Highway Vehicle Safety Education Committee.

(3) Within three attempts, pass the examination that the department requires on off-highway vehicle laws, safe driving practices, operation of all-terrain vehicles, and teaching methods and techniques.

(5) By reason of the facts and circumstances relating to the organization, control, and management of the business, it is likely that the policy or operation of the business will be directed, controlled, or managed by a business representative who, by reason of any act, series of acts, or conduct described in paragraph (3) or (4), would be ineligible for a license and that, by licensing the business, the purposes of this division would be defeated.

(6) The applicant has knowingly made a false statement or knowingly concealed a material fact in applying for a license.

(7) The applicant, or one of the business representatives if the applicant is a business, has been convicted of a crime, or has committed any act or engaged in conduct involving moral turpitude, which is substantially related to the qualifications, functions, or duties of the licensed activity. (d) The licensee fails to comply with any provision of this chapter or regulation or requirement of the department adopted pursuant thereto.

(e) The licensee represents himself or herself as an agent or employee of the department or uses advertising designed to create the impression, or which would reasonably have the effect of leading persons to believe, that the licensee was in fact an employee or representative of the department; or the licensee makes an advertisement, in any manner or by any means, which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(f) The licensee, or any employee or agent of the licensee, solicits driver training or instruction or all-terrain vehicle safety instruction in, or within 200 feet of, an office of the department.

11110.2. The license issued to a school owner shall be automatically canceled upon the happening of any of the following:

(a) The abandonment of the established place of business or the change thereof without notice to the department pursuant to Section 11108.5.

(b) The failure to maintain an adequate bond or to procure and file another bond, as required by Section 11102, prior to the effective date of the termination by the surety of any existing bond.

(c) The voluntary or involuntary surrender of the license, except that a surrender or cessation of business by the licensee, or the suspension or revocation of the corporate status of the licensee, does not preclude the department from filing an accusation for revocation or suspension of the surrendered license, as provided in Section 11110, or affect the department's decision to suspend or revoke the license.

(d) Notification to the department that the person designated as licensee has changed.

(e) Suspension or revocation of the corporate status of the licensee.

SEC. 14. Section 11110.7 is added to the Vehicle Code, to read:

A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(b) If a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is affirmed on appeal or otherwise becomes final, the refusal to issue or the suspension shall automatically become effective as a denial or revocation, as the case may be, of the license. If the interim refusal to issue or the suspension was stayed under probationary terms and conditions, the subsequent automatic denial or revocation shall also be stayed under the same terms and conditions for a term not to exceed the original term of probation for the interim refusal to issue or suspension.

(c) If a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is reversed on appeal, the

department shall set aside immediately that refusal or suspension.

SEC. 15. Section 11111 of the Vehicle Code is amended to read:

11111. (a) Every licensee under this chapter is entitled to notice and hearing prior to cancellation, suspension, or revocation of the license by the department, except that the department shall immediately cancel the license without a hearing for failure of the licensee to meet and maintain the requirements of paragraph (1), (3), or (4) of subdivision (a) of Section 11102, or Section 11103 or 11103.1, or paragraph (4), (5), or (6) of subdivision (a) of Section 11104, or paragraph (4), (5), or (6) of subdivision (a) of Section 11104.3, or Section 11110.2.

(c) Any action of the department in suspending, canceling, or revoking, or failing to renew a license may be reviewed by any court of competent jurisdiction.

(d) The department may, pending a hearing, temporarily suspend the license or permit of any person licensed under this chapter for not more than 30 days if the director finds that the action is required in the public interest. In that case, a hearing shall be held and a decision issued within 30 days after notice of the temporary suspension.

(e) The suspension, expiration, or cancellation of a license issued under this chapter does not preclude the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 11110, and does not invalidate or otherwise preclude a decision by the department to suspend or revoke the license. That determination may be considered in granting or refusing to grant any subsequent license authorized by this chapter to the same licensee, or to any partner, officer, director, or stockholder of the same licensee.

SEC. 16. Section 11116 of the Vehicle Code is repealed.

SEC. 17. Section 11202 of the Vehicle Code is amended to read:

11202. (a) Except as provided in subdivision (c), a traffic violator school owner shall meet all of the following criteria before a license may be issued for the traffic violator school:

(1) Maintain an established place of business in this state which is open to the public. No office or place of business of a traffic violator school, including any traffic violator school branch or classroom location, may be situated within 500 feet of any building used by the department as an office, or any court of law, unless the owner was established at the location on or before July 1, 1984.

(2) Conform to standards established by regulation of the department. In adopting the standards, the department shall consider those practices and instructional programs which may reasonably foster the knowledge, skills, and judgment necessary for compliance with traffic laws. The standards may include, but are not limited to, school personnel, equipment, curriculum, procedures for

the testing and evaluation of students, recordkeeping, and business practices.

(3) Procure and file with the department a bond of two thousand dollars ($2,000) executed by an admitted surety and conditioned upon the applicant not practicing any fraud or making any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant or to the state or any local authority.

(4) Have a classroom approved by the department and the proper equipment necessary for giving instruction to traffic violators.

(5) Have a lesson plan approved by the department and provide not less than the minimum instructional time specified in the plan. An approved lesson plan shall provide a minimum of 400 minutes of instruction, except that a lesson plan for instructing persons under the age of 18 may provide a minimum of 600 minutes of instruction.

(6) (A) Execute and file with the department an instrument designating the director as agent of the applicant for service of process, as provided in this paragraph, in any action commenced against the applicant arising out of any claim for damages suffered by any person by the applicant's violation of any provision of this code committed in relation to the specifications of the applicant's traffic violator school or any condition of the bond required by paragraph (3).

(B) The applicant shall stipulate in the instrument that any process directed to the applicant, when personal service cannot be made in this state after due diligence, may be served instead upon the director or, in the director's absence from the department's principal offices, upon any employee in charge of the office of the director, and this substituted service is of the same effect as personal service on the applicant. The instrument shall further stipulate that the agency created by the designation shall continue during the period covered by the license issued pursuant to this section and so long thereafter as the applicant may be made to answer in damages for a violation of this code for which the surety may be made liable or any condition of the bond.

(C) The instrument designating the director as agent for service of process shall be acknowledged by the applicant before a notary public.

(D) If the director or an employee of the department, in lieu of the director, is served with a summons and complaint on behalf of the licensee, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars ($5) shall also be paid to the director or employee at the time of service of the copy of the summons and complaint, or shall be included with a summons and complaint served by mail.

(E) The service on the director or department employee pursuant to this paragraph is sufficient service on the licensee if a notice of the service and a copy of the summons and complaint is, on

the same day as the service or mailing of the summons and complaint, sent by registered mail by the plaintiff or his or her attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or plaintiff's attorney to the surety on the licensee's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

(F) The director shall keep a record of all processes served pursuant to this paragraph showing the day and hour of service, and shall retain the documents served in the department's files.

(G) If the licensee is served with process by service upon the director or a department employee in lieu of the director, the licensee has 30 days after that service within which to answer any complaint or other pleading filed in the cause. For purposes of venue, if the licensee is served with process by service upon the director or a department employee in lieu of the director, the service is considered to have been made upon the licensee in the county in which the licensee has or last had his or her established place of business.

(7) Meet the requirements of Section 11202.5 and subdivision (b) of Section 11208, relating to traffic violator school operators, if the owner is also the operator of the traffic violator school. If the owner is not the operator of the traffic violator school, the owner shall designate an operator who shall meet the requirements of Section 11202.5.

(b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or a new application and fee is required.

(d) Paragraph (7) of subdivision (a) does not apply to public schools or other public educational institutions.

(e) A notice approved by the department shall be posted in every traffic violator school, branch, and classroom location stating that any person involved in the offering of, or soliciting for, a completion certificate for attendance at a traffic violator school program in which the person does not attend or does not complete the minimum amount of instruction time provided by subdivision (a) may be guilty of violating Section 134 of the Penal Code.

(4) Be 18 years of age or older.

(b) All the qualifying requirements specified by this section shall be met within one year from the date of application for a license or the application shall lapse. However, the applicant may thereafter submit a new application upon payment of the requisite fee.

(c) A license issued pursuant to this section is not required to provide instruction to traffic violators in a public school or other public educational institution by a person holding a valid teaching credential with satisfactory training or experience in the subject area, as determined by the department. (b) The voluntary or involuntary surrender for any cause by the licensee of the special plates and license, except that a surrender of the special plates and license, the cessation of business by the licensee, or the suspension or revocation of the corporate status of the licensee, does not preclude the filing of an accusation for revocation or suspension of the surrendered license as provided in Section 11509, and does not affect the department's decision to suspend or revoke the license. The department's decision to suspend or revoke the license may be considered in issuing or refusing to issue any subsequent license authorized by this division to that licensee or any business representative of that licensee.

(c) When the person designated as the licensee has changed, except that the special plates issued to the original licensee may be transferred upon application as provided in Section 11501 and the newly designated licensee, as transferee, shall succeed to the privileges evidenced by the plates until their expiration.

(4) If the applicant is a business, a business representative was previously the holder of a license, or was a business representative of a business whose license, issued under this division, was revoked for cause and never reissued or was suspended for cause and the terms of suspension have not been fulfilled; or, by reason of the facts and circumstances related to the organization, control, and management of the business, the operation of that business will be directed, controlled, or managed by individuals who, by reason of their conviction of violations of this code, would be ineligible for a license and, by licensing that business, the purposes of this chapter would be defeated.

(5) The applicant, or a business representative if the applicant is a business, has been convicted of a crime or committed any act or engaged in conduct involving moral turpitude which is substantially related to the qualifications, functions, or duties of the licensed activity. A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(b) When a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is affirmed on appeal or

otherwise becomes final, the refusal to issue or suspension shall automatically take effect as a denial or revocation, as the case may be, of the license. If the interim refusal to issue or suspension was stayed under probationary terms and conditions, the subsequent automatic denial or revocation shall also be stayed under the same terms and conditions for a term not to exceed the original term of probation for the interim refusal to issue or suspension.

(c) If a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is reversed on appeal, the refusal or suspension shall be set aside immediately by the department.

However, a dealer may collect from the second purchaser of a vehicle a prorated fee based upon the number of months remaining in the registration year for that vehicle, if the vehicle had been previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid,

as required by this code and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the vehicle.

(h) Employ any person as a salesperson who has not been licensed pursuant to Article 2 (commencing with Section 11800), and whose license is not displayed on the premises of the dealer as required by Section 11812, or willfully fail to notify the department by mail within 10 days of the employment or termination of employment of a salesperson.

A purchase deposit relative to the sale of a vehicle by a dealer not franchised to sell new motor vehicles of a particular line-make shall be subject to all of the following conditions:

(A) There is a written purchase order.

(B) The deposit does not exceed 2.5 percent of the total purchase price specified in the written purchase order.

(C) The deposit is deposited in a federally insured depository

institution in a trust account held in favor of the purchaser.

thirty-five dollars ($35) for the documentary preparation charge and twenty-five dollars ($25) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(f) To advertise for sale as new any new vehicle of a line-make for which the dealer does not hold a franchise.

This subdivision does not apply to any transaction involving a mobilehome as defined in Section 396 of this code, a recreational vehicle as defined in Section 18010.5 of the Health and Safety Code, a commercial coach as defined in Section 18012 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012, or a commercial vehicle as defined in Section 260.

(g) To sell a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) To advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term "free" includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) To advertise vehicles and related goods or services with intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(j) To use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) To require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) To advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) To misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) To advertise a vehicle at a specified amount above, below, or at the manufacturer's or distributor's invoice price to the dealer, unless the advertisement clearly and conspicuously states that the invoice amount may exceed the actual dealer cost because of allowances provided to the dealer by the manufacturer or distributor.

(o) To violate any law prohibiting bait and switch advertising,

including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) To make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(q) To affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additonal price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as "added mark-up."

(r) To advertise any underselling claim, such as "we have the lowest prices" or "we will beat any dealer's price," unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other dealer in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) To advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision "incentive" means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) To display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

SEC. 45. Section 11716 of the Vehicle Code is amended to read:

11716. A manufacturer, remanufacturer, transporter, distributor, or dealer, in the course of business, may operate or move any vehicle of a type otherwise required to be registered under this code without

registering the vehicle, and without license or special plates attached thereto, from a vessel, railroad depot, or warehouse over the highways to a warehouse or salesroom upon first having obtained a written permit from the department authorizing that operation.

SEC. 46. Section 11721 of the Vehicle Code is amended to read:

11721. The special plates and licenses provided for in this article shall be automatically canceled upon the happening of any of the following:

(a) The abandonment of the established place of business of the dealer or the change thereof without notice to the department as provided in Section 11712.

(b) The failure of the licensee to maintain an adequate bond or to procure and file another bond as provided in Section 11710 prior to the effective date of the termination by the surety of any existing bond.

(c) The voluntary or involuntary surrender for any cause by the licensee of the special plates and license, except that the surrender of the special plates and license, the cessation of business by the licensee, or the suspension or revocation of the corporate status of the licensee, does not preclude the filing of an accusation for revocation or suspension of the surrendered license as provided in Section 11705, does not affect the department's decision to suspend or revoke the license. The department's determination to suspend or revoke the license may be considered in issuing or refusing to issue any subsequent license authorized by this division to that licensee or to a business representative of that prior licensee.

(d) Notification to the department that the person designated as licensee has changed, except that the special plates issued to the original licensee may be transferred and the newly designated licensee as transferee shall succeed to the privileges evidenced by the plates until their expiration.

(e) The suspension or revocation of the corporate status of the licensee.

(f) The suspension or revocation of the seller's permit of the licensee by the State Board of Equalization.

SEC. 47. Section 11728 of the Vehicle Code is amended to read:

11728. As part of a compromise settlement agreement entered into pursuant to Section 11707 or 11808.5, the department may assess a monetary penalty of not more than two thousand five hundred dollars ($2,500) per violation and impose a license suspension of not more than 30 days for any dealer who violates subdivision (s) of Section 11713. The extent of the penalties shall be based on the nature of the violation and effect of the violation on the purposes of this article. Except for the penalty limits provided for in Sections 11707 and 11808.5, all the provisions governing compromise settlement agreements for dealers, salesmen, and wholesalers apply to this section.

SEC. 48. Section 11800 of the Vehicle Code is amended to read:

11800. It shall be unlawful for any person to act as a vehicle

salesperson without having first procured a license or temporary permit issued by the department or when that license or temporary permit issued by the department has been canceled, suspended, revoked, or invalidated or has expired.

SEC. 49. Section 11802 of the Vehicle Code is amended to read:

11802. (a) The department shall prescribe and provide forms to be used for application for licenses to be issued under this article and require of applicants, as a condition of the issuance of a license, that information concerning the applicant's character, honesty, integrity, and reputation as it considers necessary. Every application for a vehicle salesperson's license shall contain, in addition to that information which the department requires, a statement of all of the following facts:

(1) The name and address of the applicant.

(2) Whether the applicant has ever had a court judgment rendered for which he or she has been liable as a result of his or her activities in conjunction with an occupational license issued under this division, and whether that judgment remains unpaid or unsatisfied.

(3) Whether the applicant ever had a license, issued under this division, revoked, suspended, or subjected to other disciplinary action and whether the applicant was ever a partner in a partnership or an officer, director, or stockholder in a corporation licensed under this division, the license of which was revoked, suspended, or subjected to other disciplinary action.

(b) The department shall issue a license bearing a fullface photograph of the licensee and the following information:

(1) Name and address.

(2) Physical description.

(3) The licensee's usual signature.

(4) Distinguishing vehicle salesperson's license number.

SEC. 50. Section 11803 of the Vehicle Code is amended to read:

11803. Pending the satisfaction of the department that the applicant has met the requirements of this chapter, it may issue a temporary permit to any person applying for a vehicle salesperson's license. The temporary permit shall permit the operation by the salesperson for a period of not more than 120 days while the department is completing its investigation of the applicant for the license. If the department determines to its satisfaction that the temporary permit was issued upon a fraudulent application or determines or has reasonable cause to believe that the application is incorrect or incomplete or the temporary permit was issued in error, the department may cancel the temporary permit, effective immediately. If, however, the department determines that the information in the application is correct and complete, the temporary permit shall become invalid when the department issues, or refuses to issue, a license, unless within five days of receipt of a notice of refusal to issue and statement of issues, the applicant demands a hearing pursuant to subdivision (c) of Section 11810. The

filing of a demand for a hearing shall stay the effective date of the invalidation of the temporary permit, pending a hearing and a determination of the issues. The notice of refusal to issue shall become effective and final five days after its receipt by the applicant.

SEC. 51. Section 11804 of the Vehicle Code is amended to read:

11804. The department may issue or, for reasonable cause shown, refuse to issue, a license to any applicant applying for a vehicle salesperson's license.

SEC. 52. Section 11806 of the Vehicle Code is amended to read:

11806. The department, after notice and hearing, may refuse to issue, or may suspend or revoke, a vehicle salesperson's license when it makes any of the following findings and determinations:

(a) The applicant or licensee has outstanding an unsatisfied final court judgment rendered in connection with an activity licensed under this division.

(b) The applicant or licensee has failed to pay funds or property received in the course of employment to a dealer entitled thereto.

(c) The applicant or licensee has failed to surrender possession of, or failed to return, any vehicle to a dealer lawfully entitled thereto upon termination of employment.

(d) A cause for refusal, suspension, or revocation exists under any provision of Sections 11302 to 11909, inclusive.

(e) The applicant or licensee has acted as a dealer by purchasing or selling vehicles while employed by a licensed dealer without reporting that fact to the dealer or without utilizing the report of sale documents issued to the dealer.

(f) The applicant or licensee has acted as a vehicle salesperson or engaged in that activity for, or on behalf of, more than one licensed dealer whose business does not have identical ownership and structure. Nothing in this section restricts the number of dealerships of which a person may be an owner, officer, or director, or precludes a vehicle salesperson from working at more than one location of one licensed dealer if the business of that dealer has identical ownership and structure.

(g) The applicant or licensee has acted as a vehicle salesperson without having first complied with Section 11812.

(h) The applicant or licensee was a managerial employee of a dealer during the time a person under the direction or control of the managerial employee committed wrongful acts which resulted in the suspension or revocation of the dealer's license.

(i) The applicant or licensee has acted as a dealer by purchasing or selling any vehicle and using the license, report of sale books, purchase drafts, financial institution accounts, or other supplies of a dealer to facilitate that purchase or sale, when the applicant or licensee is not acting on behalf of that dealer.

SEC. 53. Section 11808 of the Vehicle Code is amended to read:

11808. Every hearing provided for in this article shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 54. Section 11810 of the Vehicle Code is amended to read:

11810. (a) The department may, pending a hearing, temporarily suspend the license issued to a vehicle salesperson for a period of not more than 30 days if the director finds that action to be required in the public interest. In that case, a hearing shall be held and a decision thereon issued within 30 days after notice of the temporary suspension.

(b) Except where the provisions of this code require the refusal to issue a license, the department may issue a probationary license subject to conditions to be observed by the licensee in the exercise of the privilege granted. The conditions to be attached to the exercise of the privilege shall be those which may, in the judgment of the department, be in the public interest and suitable to the qualifications of the applicant, as disclosed by the application and investigation by the department of the information contained in the application.

(c) If the department issues or renews a vehicle salesperson's license requiring conditions of probation or if the department refuses to issue a vehicle salesperson's license, the applicant may demand in writing a hearing before the director or the director's representative within 60 days after notice of refusal to issue or issuance of the probationary license.

(d) A person whose license has been revoked or whose application for a license has been denied may reapply for a license after not less than one year has elapsed from the effective date of the decision revoking the license or denying the application, except that if the decision was based upon subdivision (a) of Section 11806, an earlier reapplication may be made accompanied by evidence satisfactory to the department that those grounds for revocation or denial of the license no longer exist.

SEC. 55. Section 11812 of the Vehicle Code is amended to read:

11812. (a) Every vehicle salesperson licensed under this article shall, at the time of employment, deliver to his or her employing dealer his or her salesperson's license to be posted in a place conspicuous to the public on the premises where he or she is actually engaged in the selling of vehicles for the employing dealer.

(b) The license shall be displayed continuously during the employment. If a vehicle salesperson's employment is terminated, the license shall be returned to the salesperson.

(c) Every vehicle salesperson licensed pursuant to this article shall report in writing to the department every change of residence address within five days of the change.

(d) Any person currently or previously licensed under this article who no longer resides at the address last filed with the department may be served with process issued pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code by registered mail at that residence, unless the person has notified the department in writing of another address where service may be made.

SEC. 56. Section 11819 of the Vehicle Code is amended to read:

11819. It is unlawful for any person:

(a) To lend a salesperson's license to any other person or knowingly permit its use by another.

(b) To display or represent any salesperson's license not issued to the person as being his or her license.

(c) To fail or refuse to surrender to the department, upon its lawful demand, any salesperson's license which has been suspended, revoked or canceled.

(d) To permit any unlawful use of a salesperson's license issued to him or her.

(e) To photograph, photostat, duplicate, or in any way reproduce any salesperson's license or facsimile thereof in such a manner that it could be mistaken for a valid license, or to display or have in possession any such photograph, photostat, duplicate, reproduction, or facsimile unless authorized by this code.

SEC. 57. Section 11824 of the Vehicle Code is amended to read:

11824. The suspension, expiration, or cancellation of a vehicle salesperson's license issued under this article does not prevent the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 11806, and the department's decision that the license should be suspended or revoked. That determination may be considered in granting or refusing to grant any subsequent license authorized by this division to that licensee.

SEC. 58. Section 11902 of the Vehicle Code is amended to read:

11902. (a) The department shall issue a representative's license when it finds and determines that the applicant has furnished the required information, and that the applicant intends in good faith to act as a representative and has paid the fees required by Sections 9262 and 11723.

(b) The department may refuse to issue, or may suspend or revoke, a license for any of the following reasons:

(1) The information in the application is incorrect.

(2) The applicant or licensee has been convicted of a crime or committed any act or engaged in any conduct involving moral turpitude which is substantially related to the qualifications, functions, or duties of the licensed activity. A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(3) The applicant or licensee has outstanding an unpaid final court judgment rendered in connection with an activity licensed under this chapter.

(4) The applicant or licensee was previously the holder of, or was a business representative of a business which was the holder of, a license and certificate issued under this chapter which were revoked for cause and not reissued by the department or which were suspended for cause and the terms of suspension have not been fulfilled.

(5) The applicant or licensee has committed any act prohibited by

Section 11713.2 or 11713.3.

(c) Pending the determination of the department that the applicant has met the requirements of this chapter, it may issue a temporary permit to any person applying for a representative's license. The temporary permit shall permit the operation by the representative for a period not to exceed 120 days while the department is completing its investigation and determination of all facts relative to the qualifications of the applicant for a license. The temporary permit is invalid after the applicant's license has been issued or refused.

(d) The department may issue a probationary representative's license based upon the existence of any circumstance set forth in subdivision (b), subject to conditions to be observed in the exercise of the privilege granted, either upon application for the issuance of a license or upon application for the renewal of a license. The conditions to be attached to the exercise of the privilege shall not appear on the face of the license but shall be those which, in the judgment of the department, are in the public interest and suitable to the qualifications of the applicant as disclosed by the application and investigation by the department of the information contained therein.

SEC. 59. Section 11902.5 is added to the Vehicle Code, to read:

11902.5. (a) The department, after notice and hearing, on an interim basis, may refuse to issue or may suspend a license issued under this chapter when the applicant or licensee has been convicted of a crime involving moral turpitude which is substantially related to the qualifications, functions, or duties of the licensed activity, if an appeal of the conviction is pending or the conviction has otherwise not become final. A conviction after a plea of nolo contendere is a conviction within the meaning of this section.

(b) If a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is affirmed on appeal or otherwise becomes final, the refusal to issue or suspension shall automatically take effect as a denial or revocation, as the case may be, of the license. If the interim refusal to issue or suspension was stayed under probationary terms and conditions, the subsequent automatic denial or revocation shall also be stayed under the same terms and conditions for a term not to exceed the original term of probation for the interim refusal or suspension.

(c) If a conviction, upon which an interim refusal to issue or suspension under subdivision (a) is based, is reversed on appeal, the refusal or suspension shall be set aside immediately by the department.

SEC. 60. Chapter 11 (commencing with Section 12200) of Division 5 of the Vehicle Code is repealed.

SEC. 61. Section 24007.3 of the Vehicle Code is repealed.

SEC. 62. Section 40000.77 is added to the Vehicle Code, to read:

40000.77. A violation of Article 7 (commencing with Section 2570) of Chapter 2.5 of Division 2, relating to transportation of school

pupils, is a misdemeanor, and not an infraction.

SEC. 63. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1565

An act to amend Section 66484.3 of the Government Code, relating to highways.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a

condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the

governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of

the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system,

including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls, except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that it plans to undertake prior to the final maturity of the loan, after funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers

authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(i) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(j) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(k) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of

constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

(*l*) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (k) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

SEC. 2. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution, except that the resolution of a city or county which has entered into a joint exercise of powers agreement pursuant to subdivision (f), relating to constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares by the joint powers agency, may be modified by the joint powers agency following public notice and a public hearing, if the joint powers agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an

addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county

or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls , except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and

interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that it plans to undertake prior to the final maturity of the loan, after funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United

States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(i) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(j) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(k) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

(*l*) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (k) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

SEC. 3. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways,

railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property

within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than

one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway

system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls , except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that it plans to undertake prior to the final maturity of the loan, after funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of

Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be based on the estimated financing cost of any eligible portion of the bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare

funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

(m) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (*l*) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

SEC. 4. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils

of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution, except that the resolution of a city or county which has entered into a joint exercise of powers agreement pursuant to subdivision (f), relating to constructing bridges over waterways,

railways, freeways, and canyons or constructing major thoroughfares by the joint powers agency, may be modified by the joint powers agency following public notice and a public hearing, if the joint powers agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized

original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls , except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that it plans to undertake prior to the final maturity of the loan, after

funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be based on the estimated financing cost of any eligible portion of the

bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in

this section.

(m) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (*l*) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

SEC. 5. (a) Section 2 of this bill incorporates amendments to Section 66484.3 of the Government Code proposed by both this bill and SB 1435. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1991, (2) each bill amends Section 66484.3 of the Government Code, (3) SB 1437 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1435, in which case Section 66484.3 of the Government Code, as amended by SB 1435, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Sections 1, 3, and 4 of this bill shall not become operative.

(b) Section 3 of this bill incorporates amendments to Section 66484.3 of the Government Code proposed by both this bill and SB 1437. It shall only become operative if (1) both bills are enacted and become effective January 1, 1991, (2) each bill amends Section 66484.3 of the Government Code, (3) SB 1435 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1437 in which case Sections 1, 2, and 4 of this bill shall not become operative.

(c) Section 4 of this bill incorporates amendments to Section 66484.3 of the Government Code proposed by this bill, SB 1435, and SB 1437. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 1991, (2) all three bills amend Section 66484.3 of the Government Code, and (3) this bill is enacted after SB 1435 and SB 1437, in which case Section 66484.3 of the Government Code, as amended by SB 1435, shall remain operative only until the operative date of this bill, at which time Section 4 of this bill shall become operative, and Sections 1, 2, and 3 of this bill shall not become operative.

CHAPTER 1566

An act to amend Section 66484.3 of the Government Code, relating to highways.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee

apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution, except that the resolution of a city or county which has entered into a joint exercise of powers agreement pursuant to subdivision (f), relating to constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares by the joint powers agency, may be modified by the joint powers agency following public notice and a public hearing, if the joint powers agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half

of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge

facilities or major thoroughfares, and may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls. Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental,

engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(i) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(j) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(k) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

CHAPTER 1567

An act to amend Section 66484.3 of the Government Code, relating to highways.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that, at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee

apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by

an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may

incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares, and may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls. Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction,

including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be based on the estimated financing cost of any eligible portion of the bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

SEC. 2. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element,

transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution, except that the resolution of a city or county which has entered into a joint exercise of powers agreement pursuant to subdivision (f), relating to constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares by the joint powers agency, may be modified by the joint powers agency following public notice and a public hearing, if the joint powers agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs

apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant

thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares, and may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation.

Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls. Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers

agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be based on the estimated financing cost of any eligible portion of the bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor

local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

SEC. 3. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be

incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing

held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for

the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls, except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that

it plans to undertake prior to the final maturity of the loan, after funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be

based on the estimated financing cost of any eligible portion of the bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the

construction of the bridges and major thoroughfares referred to in this section.

(m) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (*l*) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

SEC. 4. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) Notwithstanding Section 53077.5, the Board of Supervisors of the County of Orange and the city council or councils of any city or cities in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on the general plan or local roads, and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement

except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the County of Orange. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution, except that the resolution of a city or county which has entered into a joint exercise of powers agreement pursuant to subdivision (f), relating to constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares by the joint powers agency, may be modified by the joint powers agency following public notice and a public hearing, if the joint powers agency has complied with all applicable laws, including Chapter 5 (commencing with Section 66000) of Division 1. Any modification shall be subject to the protest procedures prescribed by paragraph (6). The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area

represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under this section, unless the protests are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

If the provisions of this paragraph (6), or provisions implementing this paragraph contained in any ordinance adopted pursuant to this section, are held invalid, that invalidity shall not affect other provisions of this section or of the ordinance adopted pursuant thereto, which can be given effect without the invalid provision, and to this end the provisions of this section and of an ordinance adopted pursuant thereto are severable.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Except as otherwise provided in subdivision (g), moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the

cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facilities or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facilities or major thoroughfares funds. A city or county imposing fees pursuant to this section may enter into joint exercise of powers agreements with other local agencies imposing fees pursuant to this section, for the purpose of, among others, jointly exercising as a duly authorized original power established by this section, in addition to those through a joint exercise of powers agreement, those powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code for the purpose of constructing bridge facilities and major thoroughfares in lieu of a tunnel and appurtenant facilities, and, notwithstanding Section 31200 of the Streets and Highways Code, may acquire by dedication, gift, purchase, or eminent domain, any franchise, rights, privileges, easements, or other interest in property, either real or personal, necessary therefor on segments of the state highway system, including, but not limited to, those segments of the state highway system eligible for federal participation pursuant to Title 23 of the United States Code.

An entity constructing bridge facilities and major thoroughfares pursuant to this section shall design and construct the bridge facilities and major thoroughfares to the standards and specifications of the Department of Transportation then in effect, and may, at any time, transfer all or a portion of the bridge facilities and major thoroughfares to the state subject to the terms and conditions as shall be satisfactory to the Director of the Department of Transportation. Any of these bridge facilities and major thoroughfares shall be designated as a portion of the state highway system prior to its transfer. The participants in a joint exercise of powers agreement may also exercise as a duly authorized original power established by this section the power to establish and collect toll charges only for paying for the costs of construction of the major thoroughfare for which the toll is charged and for the costs of collecting the tolls, except that a joint powers agency, which is the lending agency, may, notwithstanding subdivision (c), make toll revenues and fees imposed pursuant to this section available to another joint powers agency, which is the borrowing agency, established for the purpose of designing, financing, and constructing coordinated and interrelated major thoroughfares, in the form of a subordinated loan, to pay for the cost of construction and toll collection of major thoroughfares other than the major thoroughfares for which the toll or fee is charged, if the lending agency has complied with all applicable laws, including Chapter 5 (commencing with Section

66000) of Division 1, and if the borrowing agency is required to pay interest on the loan to the lending agency at a rate equal to the interest rate charged on funds loaned from the Pooled Money Investment Account. Prior to executing the loan, the lending agency shall make all of the following findings:

(1) The major thoroughfare for which the toll or fee is charged will benefit from the construction of the major thoroughfare to be constructed by the borrowing agency or will benefit financially by a sharing of revenues with the borrowing agency.

(2) The lending agency will possess adequate financial resources to fund all costs of construction of existing and future projects that it plans to undertake prior to the final maturity of the loan, after funding the loan, and taking into consideration its then existing funds, its present and future obligations, and the revenues and fees it expects to receive.

(3) The funding of the loan will not materially impair its financial condition or operations during the term of the loan.

Major thoroughfares from which tolls are charged shall utilize the toll collection equipment most capable of moving vehicles expeditiously and efficiently, and which is best suited for that purpose, as determined by the participants in the joint exercise of powers agreement. However, in no event shall the powers authorized in Chapter 5 (commencing with Section 31100) of Division 17 of the Streets and Highways Code be exercised unless a resolution is first adopted by the legislative body of the agency finding that adequate funding for the portion of the cost of constructing those bridge facilities and major thoroughfares not funded by the development fees collected by the agency is not available from any federal, state, or other source. Any major thoroughfare constructed and operated as a toll road pursuant to this section shall only be constructed parallel to other public thoroughfares and highways.

(g) The term "construction," as used in this section, includes design, acquisition of rights-of-way, and actual construction, including, but not limited to, all direct and indirect environmental, engineering, accounting, legal, administration of construction contracts, and other services necessary therefor. The term "construction" also includes reasonable general agency administrative expenses, not exceeding three hundred thousand dollars ($300,000) in any calendar year after January 1, 1986, as adjusted annually for any increase or decrease in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, Los Angeles-Long Beach-Anaheim, California (1967=100), as published by the United States Department of Commerce, by each agency created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 for the purpose of constructing bridges and major thoroughfares. "General agency administrative expenses" means those office, personnel, and other customary and normal expenses

associated with the direct management and administration of the agency, but not including costs of construction.

(h) Fees paid pursuant to an ordinance adopted pursuant to this section may be utilized to defray all direct and indirect financing costs related to the construction of the bridges and major thoroughfares by the joint powers agency. Because the financing costs of bridges and major thoroughfares for which a toll charge shall be established or collected represent a necessary element of the total cost of those bridges and major thoroughfares, the joint powers agency constructing those facilities may include a charge for financing costs in the calculation of the fee rate. The charge shall be based on the estimated financing cost of any eligible portion of the bridges and major thoroughfares for which tolls shall be collected. The eligible portion shall be any or all portions of the major thoroughfare for which a viable financial plan has been adopted by the joint powers agency on the basis of revenues reasonably expected by the joint powers agency to be available to the thoroughfare, after consultation with representatives of the fee payers. For purposes of calculating the charge, financing costs shall include only reasonable allowances for payments and charges for principal, interest, and premium on indebtedness, letter of credit fees and charges, remarketing fees and charges, underwriters' discount, and other costs of issuance, less net earnings on bridge and major thoroughfare funds by the joint powers agency prior to the opening of the facility to traffic after giving effect to any payments from the fund to preserve the federal income tax exemption on the indebtedness. For purposes of calculating the charge for financing costs in the calculation of the fee rate only, financing costs shall not include any allowance for the cost of any interest paid on indebtedness with regard to each eligible portion after the estimated opening of the portion to traffic as established by the joint powers agency. Any and all challenges to any financial plan or financing costs adopted or calculated pursuant to this section shall be governed by subdivision (k).

(i) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(j) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(k) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9

(commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

(*l*) If the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a proposed change of organization or reorganization includes any territory of an area of benefit established pursuant to Sections 50029 and 66484.3, within a successor local agency, the local agency shall not take any action that would impair, delay, frustrate, obstruct, or otherwise impede the construction of the bridges and major thoroughfares referred to in this section.

(m) Nothing in this section prohibits the succession of all powers, obligations, liabilities, and duties of any joint powers agency created pursuant to subdivision (*l*) to an entity with comprehensive countywide transportation planning and operating authority which is statutorily created in the County of Orange and which is statutorily authorized to assume those powers, obligations, liabilities, and duties.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 33117.5 of the Education Code is amended to read:

33117.5. (a) Adult education programs and regional occupational programs operated by school districts and county offices of education that have contracted with the Superintendent of Public Instruction pursuant to subdivision (b) shall provide services to welfare recipients referred by county welfare departments in accordance with paragraph (6) of subdivision (c) of Section 11325.2 of the Welfare and Institutions Code. These services shall include an evaluation of the individual's educational and training needs for purposes of paragraph (6) of subdivision (c) of Section 11325.2 of the Welfare and Institutions Code and the preparation of a related education and training plan reflecting these needs. The plan shall specify the educational and training services to be provided and the length of time services are to be provided, and shall assure access to those services.

(b) The Superintendent of Public Instruction shall identify school districts or county offices of education which can best accommodate welfare recipients for whom vocational education, adult education, and English as a second language is specified in contracts required by Sections 11320.4 and 11325.2 of the Welfare and Institutions Code. The superintendent shall enter into contracts with each consenting district or county office, where necessary, so that the contracting district, independent regional occupation program, or county office shall provide at least 10 weekly hours of open entry-open exit skills training and education for welfare recipients who need this training to enable counties to meet their goals for plans developed pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code. If a program is unable to provide at least 10 hours of instruction to these participants,

even though funds are available, the appropriate district or county office shall report to the superintendent the reasons why sufficient hours of instruction were not provided. The superintendent should provide technical assistance to those districts or county offices to resolve the problems that prohibit an adequate number of hours of instruction from being offered.

(c) Allocations to the Superintendent of Public Instruction of funds available under Section 202(b)(1) of the federal Job Training Partnership Act shall be used for purposes of this section to the extent the superintendent determines necessary.

The Superintendent of Public Instruction shall allocate these funds directly to those providers of educational and training services delivered in accordance with this section. The Superintendent of Public Instruction shall allocate to community college districts and the Chancellor's Office of the California Community Colleges such funds as are determined necessary pursuant to Section 71050. The Superintendent of Public Instruction may allocate these funds to service delivery areas which have agreements with private schools and organizations to provide educational and training services under Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code. These funds shall be allocated in accordance with the coordination criteria of the coordination and special services plan as provided in Section 10524 of the Unemployment Insurance Code, and according to the priority order of eligible persons for these funds as provided in Sections 15010 and 15011 of the Unemployment Insurance Code.

The department shall assume the primary responsibility in carrying out the intent of this chapter in cooperation with other private and public entities or persons and appropriate local, state, and federal agencies such as the Cooperative Extension, the Department of Parks and Recreation, the Department of Transportation, resource conservation districts, and the United States Forest Service.

(b) The department shall be the agent of the state and shall have full power to cooperate with those agencies of the federal government which have powers and duties concerning urban forestry, and shall perform all things necessary to secure for this state the benefits of federal urban forestry programs.

(c) The director shall take all steps necessary to prevent or retard the introduction, establishment, and spread of the Dutch elm disease including the detection and removal of infected and high-hazard elm trees.

(d) The director may enter into agreements with any local agency to prevent or retard the introduction, establishment, and spread of the eucalyptus longhorn borer and pine pitch canker, including the detection and removal of infected and high-hazard eucalyptus and pine trees. (e) The department and the Department of Food and Agriculture shall cooperate in setting quarantine boundary lines and in enforcing the provisions relating to quarantine and pest abatement contained in Division 4 (commencing with Section 5001) of the Food and Agricultural Code when a quarantine is established with regard to the Dutch elm disease.

(b) The following individuals are not required to register:

(1) An individual under 16 years.

(2) A child attending an elementary, secondary, vocational, or technical school on a full-time basis. A person who is 16 or 17 years of age, or a person described in subdivision (d) who loses this exemption, shall not requalify for the exemption by attending school as a required activity under the Greater Avenues for Independence program. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) An individual so remote from a program activity that his or her effective participation is precluded.

(B) Has primary responsibility for personally providing care to a child aged three to five years, inclusive, unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(C) In a family eligible for Aid to Families with Dependent Children payments due to the unemployment of the principal wage earner, the exemption criteria contained in subparagraph (A) or (B) shall be applied to only one parent.

(7) A woman who is pregnant and it has been medically verified that the anticipated delivery date is the month of required participation or is within the six-month period immediately following the month of required participation.

(8) An individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days. This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(9) An individual who is a full-time volunteer serving under the Volunteers in Service to America (VISTA) program, pursuant to Title 1 of the federal Domestic Volunteer Service Act of 1973 (P.L.

(d) Notwithstanding subdivision (a), a custodial parent who is under 20 years of age and who has not earned a high school diploma or its equivalent, and who is not exempt or whose only basis for exemption is subparagraph (A) of paragraph (6) of subdivision (b), shall be required to register solely for the purpose of earning a high school diploma or its equivalent.

(1) Nothwithstanding subparagraph (B) of paragraph (6) of subdivision (b), full-time participation shall be required of the parent.

(2) Paragraph (7) of subdivision (c) of Section 11325.2 shall apply to a custodial parent who is 18 or 19 years of age who is required to participate under this article. Any referral pursuant to a progress evaluation conference that results in an assignment to any training or work activity shall be subject to subparagraph (B) of paragraph (6) of subdivision (b).

(e) Notwithstanding subdivision (d), the county may determine at appraisal that participation in education activities for the purpose of earning a high school diploma or equivalent is inappropriate for an 18 or 19 year old custodial parent only if that parent is already in an education or vocational training program that is approvable as a self-initiated program as specified in paragraph (5) of subdivision (c) of Section 11325.2. If that determination is made, the parent shall be allowed to continue participation in the self-initiated program subject to paragraph (5) of subdivision (c) of Section 11325.2.

SEC. 5. Section 11310 of the Welfare and Institutions Code, as added by Section 2 of Chapter 77 of the Statutes of 1989, is repealed.

SEC. 6. Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 7. Article 3.2 (commencing with Section 11320) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.2. Greater Avenues For Independence Act

11320. The Legislature finds and declares that this article is intended to be a recodification and simplification of the Greater Avenues for Independence Act of 1985 (Art. 3.2 (commencing with

Section 11320), as added by Chapter 1025 of the Statutes of 1985), and should be construed as a continuation of that act except as otherwise provided. Any other provision of law referring to the Greater Avenues for Independence Act of 1985 shall be construed as referring to this article.

11320.2. (a) The Legislature finds and declares that this article is intended to be the employment and training program for the state and is intended to satisfy the registration requirement of Section 602(a)(19)(A) of Title 42 of the United States Code. The Legislature further declares that this article shall be implemented even if the requirements of the federal Social Security Act are not met.

(b) The Legislature finds and declares that the state and counties recognize all of the following:

(1) Applicants for, and recipients of, aid under this chapter desire to work, and will do so if provided with the opportunity.

(2) The state and counties shall provide applicants for, and recipients of, aid under this chapter with the opportunity to obtain employment by offering a full range of employment training and supportive services, consistent with the needs of participants, that allow for informed choices in order to meet their employment goals.

(3) Able-bodied applicants for, and recipients of, aid under this chapter, are expected to work. The timeframes for fulfilling this expectation shall be set forth in an explicit contract between an applicant or recipient and the county.

(4) Applicants for, and recipients of, aid under this chapter who are required to register for employment and training programs pursuant to Section 11310 are individuals in special need of training as described in Section 1501 of the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.), individuals who require special assistance provided in Section 1533, and most in need of employment and training opportunities as described in Section 1551. The Legislature finds and declares that these individuals are in the labor force actively seeking employment.

(5) Because success of any program will depend on the state, it must exercise leadership to engender enthusiasm among counties, county welfare department directors, and county welfare department line staff, who are the principal contacts for many recipients enrolled in the program.

(6) A successful program should also be based upon all the following principles:

(A) Recipients should be able to make choices and to live up to the responsibilities involved in those choices.

(B) Participants should have an early opportunity to obtain a job.

(C) Expenditures should be targeted where they can do the most good.

(D) The state and the counties have a responsibility to provide a sufficient level of services to meet the needs of participants, as well as to undertake sufficient public information efforts to make recipients, potential participants, employers, or other public or

private entities aware of the components, opportunities, and benefits of this program.

(E) New programs should be good investments of public funds. Added costs to the system should be incurred only when they are likely to result in long-term personal and community payoff.

(7) Clients should not be placed in any unassigned pool while waiting for a scarce resource.

(8) Most types of employment and training program components for applicants for, and recipients of, aid under this chapter have been successfully tried in this state.

(9) Aid under this chapter is available to persons who meet eligibility requirements. The program provided for in this article should not hamper continuation of this state's existing system of fraud detection, one of the most successful in the nation.

11320.4. (a) Every applicant for, or recipient of, aid under this chapter who is required to register for employment and training programs pursuant to Section 11310 shall be required to register under this article with the county welfare department. Any applicant for, or recipient of, aid under this chapter who is not required to participate under this article may volunteer to participate in the program.

(b) Any person required to register under this article with the county welfare department who refuses to register shall be subject to the procedures provided for in Sections 11327.4 and 11327.5.

(c) (1) Any AFDC applicant or recipient who is a member of, and who lives within the designated service area of, any Indian tribe operating a job opportunities and basic skills training program approved by the federal Department of Health and Human Services under the federal Family Support Act of 1988 (P.L. 100-485) shall, if required pursuant to a tribe's approved operating plan, participate in the program in place of participation pursuant to this article.

(2) If an individual refuses or fails to comply with program requirements without good cause, and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute, Section 11327.5 shall apply.

11320.6. (a) County welfare departments shall administer this article in a manner consistent with this chapter and regulations adopted by the department in order to implement this chapter.

(b) Each county welfare department, with the cooperation of community college districts, county offices of education, and local private industry councils established under Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, shall maintain with the department a county plan that describes a package of services to be provided to participants receiving services under this article, and that reflects available resources and local job market needs. A joint plan may be maintained by two or more consenting counties.

(c) Each county plan shall include a participant and labor market needs assessment, to be revised annually, which shall specify all of

the following:

(1) The full employment goal of the plan, which shall be the provision of unsubsidized employment for all county registrants subject to this article.

(2) An assessment of the county's current and projected unsubsidized employment needs.

(3) An inventory of services, including those specified in Section 11322.6, available to county residents.

(4) The amount and kind of services required to meet the full employment goal for all registrants.

(5) The amount and kind of services that will be used in the plan year.

(6) An assessment of what services are currently unavailable and needed, including child care services, to meet the full employment goal and a plan for developing the availability of these services within a reasonable period of time, including a proposed program budget.

(d) If services are not available in the county, the county plan may include provisions for the purchase of services from other counties.

(e) Any county in which there is an Indian tribe which operates a job opportunities and basic skills training program approved by the federal Department of Health and Human Services under the federal Family Support Act of 1988 (P.L. 100-485) shall do all of the following:

(1) (A) Provide the tribe or tribes with information on adult tribal AFDC recipients needed to determine the eligible tribal population and to define the designated service area.

(B) The confidentiality standards of Chapter 5 (commencing with Section 10850) shall apply to this paragraph.

(2) Determine the eligibility of tribal members for AFDC in accordance with Chapter 2 (commencing with Section 11250).

(3) Refer all AFDC applicants and recipients who are tribal members to the tribe's education, training, and work program.

(4) Impose financial sanctions in accordance with Section 11327.5.

(5) Provide child care referrals and payments, including transitional child care, in accordance with Chapter 2 (commencing with Section 11250).

(6) Enter into any agreements necessary to carry out the activities specified in this subdivision.

11320.8. (a) Each county plan shall contain a methodology for the provision of job services, training and education, case management activities, and supportive services to program participants. This methodology shall specify how county welfare departments will cooperate with, and maximize the use of, education, child care, resource and referral agencies, job service, and other appropriate local service providers. To the extent existing programs are available to county residents, each county plan shall specify the manner in which these programs shall be utilized to provide services specified in this article. The county may provide services directly to program participants or enter into interagency

agreements or contracts with private or public agencies for the provision of these services.

(b) Each county shall specify in its plan its target groups and the choices that shall be made available to each target group, pursuant to Section 11321.4. The county shall make available all of its programs to each target group, but may give priorities for certain programs to groups for whom these programs are reasonably expected to be the most effective.

(c) Each county welfare department shall afford any local private industry councils, local legal aid and welfare rights representatives, and local housing authorities responsible for administering public housing programs an opportunity for prior review and comment on county plan updates and revisions. When submitted to the state department for approval, each county plan shall be accompanied by a letter from the private industry council, or councils in a multiservice delivery area county, certifying the level of local coordination including joint planning and the use of local labor market information.

11321. The board of supervisors shall approve the county plan, or any significant changes or revisions to that plan. In approving the county plan, the board of supervisors shall consider the views presented by affected groups during, and as part of the record of, the public hearing in accordance with existing county public hearing procedures.

11321.2. (a) No plan, or revision of a plan, may be implemented unless approved by the department. In determining whether a plan should be approved, the department shall consider the projected long-range cost-effectiveness of the plan, in addition to the appropriateness of the services proposed to be delivered under the plan, given the local labor market, maximum utilization of existing and generic services, and administrative ease.

(b) Every plan approved by the department shall provide an adequate range of services as described in Sections 11322.6 to 11323.2, inclusive. With respect to large counties, as defined by the department for cost control purposes, "an adequate range of services" means that the counties shall provide all of the services outlined in those sections.

(c) If a joint plan submitted by two or more counties serves a participant caseload equal to or greater than a large county, the plan shall provide for all of the services outlined in Sections 11322.6 to 11323.2, inclusive, unless shown to be unnecessary by the county. No plan shall require job search and work experience of participants to the exclusion of a range of services, both existing and proposed, to be offered participants, in accordance with this section.

11321.4. (a) Each county welfare department shall, in providing services to participants under this article, provide services to each participant which will best meet his or her needs. Services to be provided to each participant shall be specified in the contract entered into between the county welfare department and the

participant pursuant to this article. In developing each contract, the county shall take into consideration the specific target groups in the county, the availability of resources identified pursuant to Section 11320.8, and the choices which shall be made available to each group as required by this article.

(b) Priority in providing expensive services and services which must be provided for a lengthy period of time shall be given to persons who have been recipients of aid under this chapter for at least two years or who have little or no employment history. These individuals shall be given priority in receiving services such as supported work, as provided for in subdivision (g) of Section 11322.8, and lengthy classroom training.

(c) Program participants who have been recipients of aid under this chapter for less than two years and who have a history of employment shall be provided with less costly services and short-term services, unless a determination is made that these types of services would not be effective in assisting a program participant to achieve the ultimate goal of obtaining unsubsidized employment.

11321.6. (a) A county plan may provide that the program provided for in this article shall apply to recipients of aid under Part 5 (commencing with Section 17000), except that no funds appropriated for purposes of this article shall be utilized for purposes of applying this article to these individuals.

(b) A county plan may also provide that the program provided for in this article shall apply to refugees receiving Refugee Cash Assistance.

(c) The county shall maintain separate accounting records of expenditures related to applicants for, and recipients of, aid under this chapter, and for the individuals to whom the program applies pursuant to subdivisions (a) and (b). If a county elects to apply the program provided for in this article to refugees receiving Refugee Cash Assistance or to refugee recipients of aid under Part 5 (commencing with Section 17000), costs of applying the program shall be funded from the county's federal social services and targeted assistance allocation as provided for under Chapter 5.5 (commencing with Section 13275).

(d) If, pursuant to subdivision (a), a county elects to apply the program provided for in this article to refugees or to recipients of aid under Part 5 (commencing with Section 17000), these individuals shall have the same rights, duties, and responsibilities that a participant has who is an applicant for, or a recipient of, aid under this chapter. Any participation by general assistance recipients shall not constitute any actual or implied responsibility for, or assumption of, costs of general assistance by the state.

11321.8. (a) The department shall approve a county plan within a reasonable period of time after submission of the county plan.

(b) A county may incorporate into its plan any existing employment or training program for applicants for, or recipients of, aid under this chapter which is operating in the county to the extent

that the program is consistent with this article.

11322. (a) The county welfare department shall submit to the department a program budget proposal in conjunction with the administrative cost control plan for Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. The budget proposal shall specify the costs associated with providing the range of services included in the county plan in the most cost-effective manner. The budget proposal shall identify the amount of funds expected to be spent for each component and shall provide supporting detail regarding the caseloads anticipated in each component and the amount to be spent for (1) county employees, by classification, (2) administrative support and overhead, and (3) contracted services and support.

(b) Prior to final approval of the county's budget proposal, the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the necessary revisions to its program budget to keep program expenditures within the amount of its allocation.

11322.2. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a revised plan.

(b) Counties shall achieve cost reductions pursuant to a revised plan required by subdivision (a), primarily by reducing the number of participants in the program in a manner consistent with Section 11322.4. Counties may make program efficiencies to the extent those reductions do not threaten the guarantee of services as required by subdivision (b) of Section 11321.2. In its review, the department shall ensure that any efficiencies do not create an effective barrier to participation on the part of current or future clients.

11322.4. (a) In determining which clients shall receive services, counties shall give existing participants highest priority. If resources are not sufficient to serve all existing participants, the county shall temporarily exclude clients from participation in the following order:

(1) Participants who are not members of the target population.

(2) Participants who are members of the target population who do not volunteer for program services.

(3) Participants who are members of the target population who volunteer to receive program services.

(b) If funds are sufficient to serve all existing participants, priority for intake shall be extended to new program registrants according to the following list in descending order:

(1) Members of the target population who are required to register under this article and who volunteer to receive GAIN services.

(2) Members of the target population who are exempt from the requirement to register under this article and who volunteer to receive GAIN services.

(3) AFDC applicants and recipients who are required to register under this article and who are members of the target population who do not volunteer to receive program services.

(4) Recipients of AFDC who are not members of the target population.

(5) Applicants for AFDC who are not members of the target population.

(c) The number of years, in whole year increments, each individual has received AFDC during the immediately preceding two year period shall determine which individuals shall receive the highest priority in the categories described in paragraphs (4) and (5) of subdivision (b), with those who received AFDC during the greatest amount of time receiving the highest priority.

(d) Target population means a group composed of all or any of the following groups of individuals:

(1) Individuals applying for AFDC aid who have received AFDC aid for 36 of the 60 months immediately preceding the most recent month for which application has been made.

(2) Individuals receiving AFDC aid who have received AFDC aid for any 36 of the preceding 60 months.

(3) Custodial parents under the age of 24 who had little or no work experience in the preceding year.

(4) Custodial parents under the age of 24 who have not completed a high school education and are not enrolled in high school, or in a high school equivalency course of instruction.

(5) Members of a family in which the youngest child is within two years of being ineligible for AFDC because of age.

(e) For the purposes of this section, "volunteer" means any person eligible to participate in the program, either exempt or mandatory, who expresses a desire to participate.

11322.6. As provided in the contract entered into between the county welfare department and the participant pursuant to this article, job services shall include, but not be limited to, all of the following:

(a) Job club, which shall consist of both of the following:

(1) Job search workshops. These job search workshops shall be group training sessions where participants learn various job finding skills, including training in basic job seeking skills, job development skills, job interviewing skills, understanding employer requirements

and expectations, and how to enhance self-esteem, self-image, and confidence.

(2) Supervised job search, which shall include, but not be limited to, access to phone banks in a clean and well-lighted place, job orders, direct referrals to employers, or other organized methods of seeking work which are overseen, reviewed, and criticized by a trained employment professional. The amount and type of activity required during this supervised job search period shall be determined by the county and the participant, based on the participant's employment history and need for supportive services, and shall be consistent with regulations developed by the department.

(b) Unsupervised job search. The individual shall seek work in his or her own way, and make periodic progress reports no less frequently than every two weeks to the county welfare department or the agency contracting with that department.

(c) Job placement, which shall include, but not be limited to, referrals to jobs listed by employers with the State Job Service.

(d) Job development, which shall be active assistance in seeking employment provided to a participant by a trained employment professional on a one-to-one basis.

(e) Employment counseling, which shall be counseling aimed at helping a person reach an informed decision on an appropriate employment goal.

(f) (1) Individuals may be required to participate in job search activities from the date of application for aid for an initial period of up to eight consecutive weeks. Following the initial period, an individual may be required to participate in additional job search activities not in excess of 40 days in any period of 12 consecutive months.

(2) Job search activities may be required in excess of the limits specified in paragraph (1) only as part of another education, training, or employment activity.

(3) This subdivision is intended to implement the limitations contained in the Family Support Act of 1988 (P.L. 100-485), and shall not be construed to permit job search activities that are not specifically provided for elsewhere in this article.

11322.8. As provided in the contract entered into between the county welfare department and the participant pursuant to this article, training and education services include, but are not limited to, all of the following:

(a) Job training, which shall include, but is not limited to, training in employer-specific job skills in a classroom or onsite setting, including training provided by local private industry council programs and community colleges.

(1) Payments to an employer for on-the-job training shall not exceed an average of 50 percent of the wages paid by the employer to the participant during the period of on-the-job training.

(2) A participant in on-the-job training shall be compensated by the employer at the same rates, including benefits and periodic

increases as similarly situated employees or trainees, but not less than the higher of federal or state minimum wages.

(b) Preemployment preparation, which shall be work for a public or nonprofit agency that provides the participant with either of the following:

(1) Basic preemployment preparation, which shall provide work behavior skills and a reference for future unsubsidized employment.

(2) Advanced preemployment preparation, which shall provide on-the-job enhancement of existing participant skills in a position related to a participant's experience, training, or education acquired as a result of the services funded pursuant to a contract entered into pursuant to this article.

A short-term preemployment preparation assignment shall be for not longer than three months, and may be provided as a preparation for other education and training services as a part of the contract amendments pursuant to Sections 11325.4 to 11326.4, inclusive. A long-term preemployment preparation assignment shall not exceed one year.

(3) Except for persons subject to paragraph (4), the number of hours a person participates in a preemployment preparation program shall be determined by dividing his or her aid grant under this chapter, less any child support paid to the county, by the average hourly wage for all job openings received by the Employment Development Department. The average hourly wage shall be updated annually every July 1. No preemployment preparation assignment shall exceed 32 hours per week.

(4) If a person participates in a preemployment preparation assignment for nine months, the number of hours that person is required to participate shall be recomputed by the county welfare department. Beginning in the 10th month, the number of hours of preemployment preparation shall be determined by dividing a person's aid grant under this chapter, less any child support paid to the county, by the prevailing rate of pay for the same or similar job at the site to which the person is assigned. (h) Grant diversion, supported work, and transitional employment projects shall be administered so that:

(1) The recipient shall not receive less disposable income than if he or she had not participated in the project. "Disposable income" means the income available to the recipient by adding the aid payment acquired pursuant to this chapter and earnings from the grant diversion project and subtracting the allowable employment related expenses.

(2) The grant, a portion of the grant, or the estimated savings due to the earnings from a grant diversion project may be diverted into a special fund created by the county welfare department for this purpose. An employer may be reimbursed from the special fund pursuant to a contract developed by the county welfare department or the service delivery area with the employer.

(3) The county shall obtain agreements with employers that participants will be employed upon successful completion of the grant diversion, supported work, or transitional employment period in any related job openings, subject to the following provisions:

(A) Employers shall not discriminate against participants on the basis of race, sex, national origin, age, or disability.

(B) Except as provided in subdivisions (c) and (d) of Section 11327.5, there shall be no interruption in receipt of income, whether wages from the employer or aid payments by the department, caused by an employer's conduct.

This plan shall also include provisions for reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, when the recipient is determined to have had good cause for declining to participate pursuant to Section 11328. In the event that funds are lost due to fraud, malfeasance, or theft by an

employer, the county shall initiate an action to recover from the employer or intermediary any of those funds.

(6) To the extent required by federal law, a participant may not be assigned to fill any established unfilled position as part of a grant diversion, supported work, or transitional employment program.

(b) (1) Persons participating pursuant to this article who indicate a desire to participate in a training component provided for pursuant to subdivision (a) shall be carefully assessed for self-employment skills or other relevant skills and aptitude by the training agency, and a determination shall be made as to whether the individual has the potential to become successfully self-employed or obtain employment in the child care field.

(2) The assessment made pursuant to paragraph (1) shall include an evaluation of the viability and likelihood of success of the individual's business idea or plan.

(3) An assessment made pursuant to paragraph (1) shall not discriminate against individuals on the basis of age, gender, or ethnic origin.

(4) If the training agency determines that the program is not suitable for a potential participant, the training agency shall notify the county in writing of the reasons for that determination.

(h) (1) (A) Notwithstanding Section 11328.8, for the purposes of this section, the training provider shall be reimbursed up to 70 percent of the fixed unit price of the training costs, upon the participant's successful completion of the training program, including technical assistance.

(B) Completion of training of those participants who apply for a capitalization loan shall be deemed to occur upon completion of classroom training and application for a loan.

(2) At least 30 percent of the fixed unit price for the training provided under this section shall be withheld, and progress payments shall be made from that withheld portion upon evidence of self-employment or employment for 30, 90, and 180 days.

not result in net loss of income, as provided in subdivision (k) of Section 11328. For purposes of Sections 11327.4 and 11327.5, basic education as described in paragraph (6) of subdivision (c) of Section 11325.2 shall be considered the primary program component. These procedures shall not result in duplication of payments, and shall require determinations to be made on an individual basis to ensure that using financial assistance will not prevent the person's participation in his or her program.

(3) The department shall promulgate regulations to implement this subdivision.

11323.6. (a) The cost of support services provided under this article, including reimbursement to licensed day care providers, shall be governed by regional market rates. For all other registrants, the county shall develop a preliminary employability plan. The plan shall, at a minimum, take into account the registrant's employment experience and his or her employment goals.

(F) Any person whose previously approved self-initiated education or training program is interrupted for reasons preventing participation may resume participation in the same program if the participant maintained good standing in the program while participating. The county shall adjust the completion date of the program accounting for the time of absence to allow the participant a cumulative total of two years participation for completion of the program. In circumstances where the break in participation was for a period of more than one year, the participant may resume the program if the county determines the previously approved self-initiated education or training program meets all other criteria of this section at the time it is resumed.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development certificate, or instruction in English-as-a-second-language. These participants shall be referred to appropriate service providers,

including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The basic contract shall provide that when an individual, to whom this paragraph applies, fails, refuses, or ceases to comply with program requirements, without good cause, as specified in Section 11328, and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute, the individual shall be subject to the sanction provisions of Section 11327.5.

(7) An individual to whom paragraph (6) applies who is either determined at appraisal or by the education provider as unable to benefit from basic educational services due to a learning or medical problem, or is participating in the instruction and is determined not to be making satisfactory progress, shall be referred to a progress evaluation for a determination of whether the individual has the ability to successfully complete the assigned component. As part of the evaluation, counties may require an individual to take tests to obtain additional information regarding the student's learning abilities. This evaluation may result in referral, as appropriate, to any of the following components: (A) rereferral to the person's previous activity, (B) existing special programs that meet specific needs of the individual, (C) job club, if the county determines the individual has the skills needed to find a job in the local labor market, (D) assessment followed by the appropriate postassessment activity, or (E) rehabilitation assessment and subsequent training. The participant shall be involved in the decisions made during the progress evaluation and shall have appeal rights consistent with those accorded to individuals during an assessment made pursuant to subdivision (b) of Section 11325.4.

It is the intent of the Legislature that the progress evaluations provide a method for determining the appropriate services needed by an individual for long-term success in the job market. An individual who is determined to need long periods of classroom instruction in order to achieve basic skills should not be referred to a progress evaluation if he or she is making steady, satisfactory progress in attaining the basic skill goal.

(8) (A) In the case of an individual who is an applicant for aid under this chapter and who is required to register pursuant to this article, mandated activities shall be limited to those necessary to enter into a written basic contract and to participation in job search.

(B) A participant described in subparagraph (A) who is assessed as needing additional education and who chooses education in preference to job search as his or her first program component shall not be required to participate in job search until the county has approved the registrant for aid pursuant to this chapter.

11325.4. (a) A participant described in paragraph (4) of subdivision (c) of Section 11325.2, and any participant described in paragraph (2) or (3) of that subdivision who has not obtained

employment after his or her three weeks of participation in job club or supervised job search, shall work with the county welfare department to initiate the development of an employment plan. In developing the employment plan pursuant to this subdivision, the county and the participant shall develop an assessment of the skills and needs of the participant, which shall include at least all of the following:

(1) The participant's work history, including an inventory of his or her employment skills, knowledge, and abilities.

(2) The participant's educational history and present educational competency level.

(3) The participant's need for supportive services in order to obtain the greatest benefit from the employment and training services offered under this article.

(4) The employment goals of the participant, and an evaluation of the chances for the achievement of these goals given the current potential skills of the participant and the local labor market conditions.

(5) A goal to be attained upon completion of the program, including the period of time it will take to achieve this goal, and the resources available under this program for its achievement. This assessment shall be done by a person qualified by education or experience to provide counseling, guidance, assessment, or career planning. The county may contract with outside parties, including local educational agencies and service delivery areas, to provide the assessment required by this subdivision.

(b) When the county and the participant have completed the assessment process required pursuant to subdivision (a), and they have agreed upon a goal to be attained under this program and the resources to be utilized in attaining that goal, the county and the participant shall amend the basic contract entered into pursuant to Section 11325.2.

The contract amendment shall specify the goal to be attained, the training or education services to be provided to the participant in order to attain the goal, which may consist of either one or more of the program components provided for in Sections 11322.8 and 11323.2, and the criteria for successful completion of these services and attainment of the goal. With respect to education and training programs, the criteria shall include regular attendance, satisfactory progress, and completion of the program. The contract amendment shall provide for supportive services as necessary for participation in this program.

Once the participant has begun his or her training or education, he or she shall have 30 days in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment to another component that is consistent with the results of the assessment. This grace period shall be specified in the contract amendment and shall be available only once to each participant.

11325.6. Subject to the limitations of subdivision (f) of Section 11322.6, if services to be provided under the contract between the county welfare department and the participant are not immediately available to the participant, he or she shall receive job search services until the education or training services designated in the contract are available.

11325.8. (a) Any individual who meets the established criteria for successful completion of the training or education services to which he or she is assigned pursuant to this article, but who remains unemployed, shall be referred to job search services for a period of 90 days. These job search services may, depending upon the needs of the participant, include any of the services provided for in Section 11322.6. If the participant remains unemployed at the end of this 90-day job search period, he or she shall be evaluated and reassigned to an advanced long-term preemployment preparation assignment, as defined in Section 11322.8.

(b) If at any time a participant does not meet the established criteria for successful completion of the training or education services to which he or she is assigned, the participant shall be reassigned to a basic long-term preemployment preparation assignment, as described in Section 11322.8.

(c) The assignment to advanced or basic long-term preemployment preparation shall be reviewed by the county at least once every six months, for its continuing conformity to the contract, and likelihood of leading to unsubsidized employment. This review shall require a visit to the participant's worksite, and a discussion with the participant about his or her assignment and his or her job search progress.

11326. At the end of the one-year period specified in Section 11322.8, the county and the participant shall review the employment plan and, using the procedure described in Section 11325.4, shall make any revisions necessary to obtain the goal of unsubsidized employment for the participant. These revisions shall become an amendment to the basic contract as provided in this section.

11326.2. (a) Whenever a participant is assigned to a program component, the contract between the county welfare department and the participant shall be amended to reflect the assignment. The county and the recipient shall be bound by the terms of any amendments made to the contract. The participant shall maintain satisfactory progress toward the goal of employment through the methods set forth in the plan, and the county shall provide the services specified in the plan.

(b) In the event a self-initiated program participant and the county welfare department do not agree that the participant's occupational goal is likely to lead to employment, the participant shall be permitted to continue pursuing that goal if sufficent documentation can be shown to demonstrate that the local labor market provides reasonable opportunities to work in the desired occupation. The county welfare department shall give participants

whose self-initiated plan has been denied the chance to demonstrate that the local labor market presents job opportunities in the chosen occupation. Proof that job opportunities exist include, but are not limited to:

(1) A signed statement that an employer will give the person a job upon program completion.

(2) A list of three employers who have frequent openings in the occupation pursued by the participant and at a skill level that can be achieved by the participant through skills training components offered by the program.

(3) A statement from a school district, community college district, service delivery area, or Employment Development Department office identifying the occupation as a demand occupation in the local labor market.

11326.4. (a) Notwithstanding the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2, if the participant and the worker are unable to reach agreement on amending a contract, pursuant to Sections 11325.6 to 11326.2, inclusive, the matter shall be referred by the county for an independent assessment by an impartial third party with career planning experience. The results of this assessment, which shall be binding upon the county and the participant, shall be used to develop the appropriate employment plan for the participant.

(b) No assessment under this section shall be made by a party having any financial or other interest in the result of the assessment. The party making the assessment shall be selected by the department according to an unbiased procedure. Remuneration for this assessment shall be made by the department according to a fair fixed fee established by regulations of the department.

11326.6. A participant shall not be placed involuntarily in any other training or education component while waiting for assignment to the component agreed to in his or her contract.

11326.8. Since a participant assigned to preemployment preparation, as defined in Section 11322.8, will be expected to continue to seek employment, at any time during the participant's preemployment preparation assignment he or she may request job services, as defined in Section 11322.6.

11327. (a) Any participant who fails or refuses to participate without good cause in the program developed by the assessment pursuant to Section 11325.4 and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute shall receive sanctions in accordance with Section 11327.4.

(b) Any county which fails to provide services according to its plan approved pursuant to this article shall receive sanctions in accordance with Section 10605. A recipient or a group of recipients may request the director to invoke Section 10605.

(c) Any participant who has entered into an amended contract plan pursuant to Sections 11325.6 to 11326.2, inclusive, and who, at any time, fails or refuses to comply with program requirements

without good cause and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute shall be subject to sanctions in accordance with Section 11327.5.

11327.2. If an overpayment occurs pursuant to Section 11004, the number of hours calculated according to paragraphs (3) and (4) of subdivision (b) of Section 11322.8 represented by the overpayment recoupment shall be deducted from the hours of participation required in future months. If a participant ceases to participate under this article before the adjustment in hours can be made, the county shall forgive the overpayment.

11327.4. (a) Whenever an individual has failed or refused to comply with program requirements without good cause in a program component to which he or she is assigned pursuant to this article, and the participant continues to fail or refuses to comply with program requirements after a period of conciliation between the county and the participant, the individual shall be subject to sanctions specified in Section 11327.5. For the purposes of this article, "failing or refusing to comply with program requirements" shall be limited to: failing or refusing to sign a participant contract, participate in an assigned program activity, or accept employment; terminating employment; or reducing earnings. To the extent required by federal law or regulations, an individual who participates in the GAIN program and subsequently obtains employment of 30 hours or more per week and who remains on aid shall be considered to be refusing to comply with program requirements if he or she terminates that employment without good cause.

(b) The county shall schedule a time during which each individual who has failed or refused to comply with program requirements has an opportunity to demonstrate that he or she had good cause for that refusal or failure. The county shall schedule an appointment within 10 working days of the discovery of the non-participation. The individual shall be allowed to reschedule the cause determination appointment once. This rescheduled appointment shall take place within 10 working days of the initial appointment, unless delayed by extenuating circumstances. The county shall send a written notice that shall inform the individual of the scheduled appointment. The cause determination process shall not exceed 20 working days from the date of discovery of the nonparticipation, unless delayed by extenuating circumstances. The county notice shall include a list of the reasons that constitute good cause for not participating in the program, proposed date and time for an appointment and identify the transportation and child care services that a person is entitled to, as needed in order to attend the appointment. This notice shall inform the individual that failure to either attend the cause determination appointment or reschedule this appointment shall result in a cause determination in his or her absence, based on available evidence. Whenever a determination of good cause has been made, the county shall issue a written notice to the individual that reflects this determination.

(c) Whenever a county determines that a person failed or refused to meet program requirements without good cause, the county shall notify the individual, in writing, of this determination. The notice also shall inform the individual that he or she has entered into a 30-calendar-day period of conciliation, during which the county and the individual shall attempt to resolve any problems that are contributing to the failure or refusal to meet program requirements. This notice shall be mailed within five working days of the cause determination, unless delayed by extenuating circumstances. The 30-calendar-day period shall begin on the date the county issues the notice of the beginning of conciliation. The county may shorten the 30-calendar-day conciliation period only if one of the following conditions is met: (1) both the individual and the county agree, in writing, to terminate conciliation, or (2) the determination of no good cause has been reversed.

(d) The notice that begins the conciliation period shall identify the specific act or actions that has caused the individual to be out of compliance with participation requirements under this article, the proposed steps that the registrant may take to resolve the problem, the right to offer a counter-proposed conciliation plan, and the names, telephone numbers, and addresses of the local legal services office and welfare rights office, or the Coalition of California Welfare Rights Organizations if there is no welfare rights or legal aid office in the county, who could assist the individual with conciliation. The notice shall also contain the date and time of the conciliation appointment and identify the transportation and child care services the individual is entitled to in order to attend the meeting.

(e) Any issue that directly affects an individual's failure or refusal to meet program requirements may be discussed during conciliation. This includes providing further information demonstrating the individual had good cause for his or her nonparticipation. The individual also may request a supervisor of employees to review the good cause determination. If, as a result of a supervisor's review, the determination that the individual did not have good cause is reversed, the county shall notify the individual in writing of this reversal and that the conciliation period has been terminated.

(f) In conducting conciliation, counties shall make reasonable efforts to discuss with each individual in person or by telephone those issues affecting participation. At a minimum, counties shall do all of the following:

(1) Schedule one meeting with the individual to discuss resolving the barriers to participation. Counties shall reschedule the meeting once at the request of the individual.

(2) Directly contact by phone those individuals who fail to attend the meeting required in paragraph (1). Written contact is required for those individuals who do not have a phone or who cannot be reached by phone.

(g) When the individual and the county reach agreement on program participation during the conciliation period, a written

conciliation plan shall be entered into and signed by the county and the individual. If the individual subsequently fulfills the terms of the conciliation plan, conciliation shall be considered successful. The conciliation plan shall specify that the individual must complete the agreed upon activity, which may include signing the participant contract, attending orientation, or participating in a program component or participate for the first two weeks of the agreed upon program component, whichever is shorter.

(h) If an agreed-upon individual fails to fulfill the terms of the conciliation plan as specified in subdivision (g), the county shall notify the individual in writing to schedule an appointment for the individual to demonstrate good cause for the failure to fulfill the conciliation plan. The appointment shall be held within 10 working days of the discovery of the failure to meet the terms of the conciliation plan, unless delayed by extenuating circumstances. If the county determines that the individual did not have good cause for the failure to meet the terms of the conciliation plan, sanctions shall be imposed in accordance with Section 11327.5.

(i) If, at the end of the 30-calendar-day conciliation period, the individual continues to fail or refuse to comply with program requirements, sanctions shall be imposed in accordance with Section 11327.5. An additional 10-calendar-day extension of the conciliation period shall be available upon the agreement of the individual and the county only if both of the following conditions are met:

(1) The client has made a reasonable effort to conciliate during the initial 30-calendar-day conciliation period and that significant progress has been made toward a resolution to the dispute during that time.

(2) The county believes that an additional 10 calendar days of conciliation is likely to lead to agreement between the individual and the county on a conciliation plan.

(j) For the purpose of determining the length of the sanction that applies to an individual as described in Section 11327.5, an instance of noncompliance without good cause is considered to have occurred when the county issues a notice of action proposing to impose the sanction.

11327.5. (a) Sanctions shall be imposed in accordance with subdivision (b) or (c), as appropriate, if an individual has failed or refused to comply with program requirements without good cause and conciliation efforts, as described in Section 11327.4, have failed.

(b) The sanctions provided for in subdivisions (c) and (d) shall not apply to an individual who is exempt from the requirements of this article but is voluntarily participating in the program. If such an individual is a member of a group listed in paragraphs (1) to (5), inclusive, of subdivision (d) of Section 11322.4, and engages in conduct which would bring about the actions provided for in subdivisions (c) and (d), except for his or her status as a voluntary program participant, the individual shall not be given priority so long as other individuals are actively seeking to participate. In the case of

any other voluntary program participant who engages in conduct which would bring about the actions provided for in subdivisions (c) and (d), except for his or her status as a voluntary program participant, the individual shall be precluded from participating in the program for a period of six months.

(c) Financial sanctions for failing or refusing to comply with program requirements without good cause shall cause a reduction in the family's grant by removing the noncomplying family member from the assistance unit for a period of time specified in subdivision (d).

(1) For families which qualify for aid due to unemployment of the family's primary wage earner, the sanctioned parent shall be removed from the assistance unit. If the sanctioned parent's spouse or the family's second parent is not participating in the program, both the sanctioned parent and the spouse or second parent shall be removed from the assistance unit. The county shall notify the spouse of the noncomplying participant or second parent in writing at the commencement of conciliation of his or her own opportunity to participate and the impact on sanctions of that participation. Notwithstanding Section 11322.4, the sanctioned parent's spouse or the family's second parent shall be provided the opportunity to participate.

(A) Exemption criteria specified in Section 11310 do not apply to a spouse or second parent who is participating to avoid the sanction of the noncomplying parent.

(B) Notwithstanding subdivision (a), Section 11310, Section 11325, and subdivisions (b) to (*l*), inclusive, of Section 11328, if the sanctioned parent's spouse or the family's second parent chooses to participate to avoid the noncomplying parent's sanction and subsequently fails or refuses to participate, he or she shall be removed from the assistance unit, commencing on the date of the nonparticipation, in accordance with the terms of the first parent's sanction.

(C) If the sanctioned parent's spouse or the family's second parent is under his or her own sanction at the time of the first parent's sanction, the spouse or second parent shall not be provided the opportunity to avoid the first parent's sanction until the spouse or second parent's sanction is completed.

(2) For families which qualify due to the absence or incapacity of a parent, only the noncomplying parent shall be removed from the assistance unit.

(3) If the noncomplying individual is the only dependent child in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(4) If the noncomplying individual is one of several dependent children in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(d) The length of time that financial sanctions shall reduce a family's grant shall increase in the following manner:

(1) The first instance of noncompliance without good cause shall result in a financial sanction. This sanction shall terminate at any point if the noncomplying participant reaches an agreement with the county welfare department in an amended contract or agrees to participate and performs the activity he or she previously refused to perform.

(2) The second instance of noncompliance without good cause shall result in a financial sanction for three months or until the noncomplying participant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(3) The third and each subsequent instance of noncompliance without good cause shall result in a financial sanction for six months or until the noncomplying partipant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(e) Sanctions shall become effective on the first day of the first payment-month that the sanctioned individual's needs are removed from aid under this chapter.

(f) In the event this section conflicts with federal law, the department shall adopt regulations to conform to federal law.

11327.6. Notwithstanding any other provision of law, any person who is not required to register under this article but who volunteers to participate in the program established by this article and fails to appear for a scheduled appointment prior to entering into the basic contract shall be deemed to not be subject to the requirements of this article and the conciliation efforts and sanction requirements established under Sections 11327.4 and 11327.5 shall not apply.

11327.8. Except as specified in this section, whenever a participant believes that any program requirement or assignment in this program is in violation of his or her contract or is inconsistent with this article, the participant may invoke the formal grievance procedure, which shall be conducted in accordance with Section 5302 of the Unemployment Insurance Code, request a fair hearing pursuant to Chapter 7 (commencing with Section 10950) of Part 2, or utilize a formal grievance procedure to be established by the county board of supervisors, and to be specified in each county plan. If the participant is not satisfied with the outcome of the grievance procedure, he or she may appeal the decision in accordance with the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2. Participants shall be subject to sanctions pending the outcome of the formal grievance procedure or any subsequent appeal, only if they fail to participate during the period the grievance procedure is being processed. However, a participant shall not utilize the grievance procedure to appeal the results of an assessment made pursuant to Section 11325.4 or 11326.4.

11328. No sanctions shall be applied for a failure or refusal to

comply with program requirements with good cause. Good cause for failure or refusal to comply with program requirements shall include all of the following:

(a) An assignment, job referral, or job does not meet appropriate work and training criteria due to any of the following:

(1) The employment, offer of employment, activity or other training for employment discriminates in terms of age, sex, race, religion, ethnic origin, or physical or mental handicap.

(2) The employment or offer of employment, exceeds the daily or weekly hours of work customary to the occupation.

(3) The employment, offer of employment, activity, or other training for employment requires travel to and from the place of employment, activity, or other training and one's home that exceeds a total of two hours in round trip time, exclusive of the time necessary to transport family members to a school or place providing care, or when walking is the only available means of transportation, the round trip is more than two miles, exclusive of the mileage necessary to accompany family members to a school or a place providing care.

(4) The employment, offer of employment, activity, or other training for employment involves conditions and specific responsibilities that impair the individual's physical or mental health or are not related to the individual's capability to perform the task on a regular basis.

(5) The employment, offer of employment, activity, or other training for employment involves conditions that are in violation of applicable health and safety standards.

(6) The employment, offer of employment, or work activity does not provide for worker's compensation insurance.

(7) An employment or training program position utilized pursuant to this article may not be created in violation of Section 11324.2.

(8) The employment, offer of employment, activity, or other training is not within the scope of the employment plan as contained in the contract provided for under this article.

(9) Accepting the employment, offer of employment, or work activity would cause the individual to violate the terms of his or her union membership.

(10) Accepting the employment, offer of employment, or work activity would cause an interruption in an approved education or job training program in progress, excluding community work experience assignments as described in subdivision (b) of Section 11322.8, or would prevent the individual from returning to his or her regular job within a reasonable time, unless the job offer provides either of the following:

(A) Employment and sufficient income to lead to self-support and the job offer is within the scope of the employment plan.

(B) Temporary employment while the individual is waiting for reemployment in his or her regular job.

(11) The participant is not receiving the supportive services

agreed to under the contract entered into pursuant to this article.

(12) In addition to good cause as specified in this section, no sanction shall be applied to any participant who is absent or tardy for periods up to 10 percent of the monthly hours required for any component, or the provider's standard. However, this time shall not accumulate.

(13) The employment or offer of employment is at a wage level that results in a net loss of income, in accordance with subdivision (k).

(14) The employment, offer of employment, or required activity requires the individual to remain away from home overnight without his or her consent.

(15) The employment, offer of employment, or required activity exceeds 20 hours per week for parents who are personally providing care for children who are under six years of age.

(b) The individual is temporarily physically incapacitated or suffers temporary physical illness.

(c) The individual is required to appear in a court proceeding or is incarcerated.

(d) The individual is suffering a family crisis or changed individual family circumstance as evidenced, for example, by the death of a spouse, parent, or child or an illness of a spouse, parent, or child which requires the individual's immediate attention.

(e) Inclement weather or other act of nature precludes the individual and other persons similarly situated from traveling to an activity.

(f) There is a breakdown in transportation arrangements with no ready access to alternate transportation.

(g) The individual needs any other necessary social service not specifically mentioned in his or her contract.

(h) An individual refuses to accept major medical services even if the refusal precludes participation in the program.

(i) Licensed or exempt child care is not reasonably available, or is not reasonably available during the individual's hours of training or employment including commuting time, or arrangements for child care have broken down or have been interrupted, or child care is needed for a child who meets the criteria of subdivision (a) of Section 11323.2 but who is not included in the assistance unit. For purposes of this section, "reasonably available" means having at least two choices of child care arrangements. The choices of day care shall meet either licensing requirements or the criteria established pursuant to subdivision (d) of Section 11323.8. This exemption shall include the unavailability of suitable special needs child care for children with identified special needs, including, but not limited to, disabilities or chronic illnesses.

(j) An individual is engaged in employment or training that is consistent with the employability objectives of the program, and prior notification and approval from the worker has been received.

(k) Net loss of income would occur pursuant to the conditions

provided for in this subdivision, if an offer of employment which results in a net income of less than 100 percent of a person's grant is accepted. Net loss of income shall be deemed to occur when current income is greater than the postemployment income would be if the job offer were accepted. "Postemployment income" means gross income less necessary work-related expenses as follows: mandatory and legal deductions from the proposed salary, transportation, and child care including the child care share of cost for individuals eligible for transitional child care. Gross income and work-related expenses shall be defined so as to ensure receipt of federal financial participation.

For purposes of computing postemployment income, the regional market rate for child care, transportation, and other mandatory work-related expenses shall be used. Regional market rates for child care shall be determined in accordance with the Alternative Payment Program as provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code.

(*l*) Any other substantial and compelling reason not specified in this section, to be determined at the discretion of the county.

11328.1. (a) No sanctions shall be applied for terminating employment or reducing earnings with good cause.

(b) For purposes of subdivision (a), "good cause" means any of the following:

(1) Criteria described in subdivisions (a) to (k), inclusive, of Section 11328.

(2) Compulsory retirement.

(3) Company layoffs or cutbacks.

(4) Relocation of the family resulting in a commute time in excess of that specified in paragraph (3) of subdivision (a) of Section 11328.

(5) Denial of equal employment opportunities to the individuals subject to this section.

(6) The individual was subject to sexual harrassment on the job.

(7) The individual's employer did not meet one or more of the following requirements:

(A) Having an operating license required by state or federal law or local ordinances.

(B) Maintaining worker's compensation insurance.

(C) Withholding the unemployment insurance or disability insurance contributions required by law.

(8) The job presented a danger of substantial physical injury or death to the individual.

(9) The individual accepted other employment, regardless of whether the acceptance of the employment offer resulted in new employment.

(10) Any other substantial and compelling reason which is not specified in this section, as determined by the county welfare department.

11328.2. A participant under this article shall have all due process rights granted pursuant to Chapter 7 (commencing with Section

10950) of Part 2.

11328.4. (a) In order to measure the effectiveness of county plans under this article, performance standards for this article shall be consistent with those developed for service delivery areas pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code.

(b) The Health and Welfare Agency shall ensure that performance standards include, but are not limited to all of the following goals:

(1) The training program participants for unsubsidized employment.

(2) Reducing welfare costs by increasing earnings of program participants in unsubsidized employment.

(3) Placement in unsubsidized employment resulting from all program components.

11328.6. (a) All contracts between counties and providers of services under this article, including employers providing preemployment preparation, shall include specific performance criteria. Any such contract or agreement shall also include the provision of job placement by the education or service provider and a provider-developed standard, containing quantitative and qualitative measures by which to determine if a participant is making satisfactory progress.

(b) These contracts shall provide for termination of the contract at the discretion of the county if the provider either: (1) violates the contract between the county and the participant provided by Section 11325.2, or (2) fails to meet the performance criteria specified in the contract.

11328.8. (a) The department, under the direction of the Health and Welfare Agency, the Chancellor's office of the California Community Colleges, and the State Department of Education shall each develop and implement regulations whereby any payment for services from funds appropriated for the purposes of this article and delivered pursuant to Section 11322.8 by an entity contracting with a county shall be made in accordance with a competitively selected fixed unit price performance-based contract. Under these contracts, full payment shall not be considered earned until either of the following has occurred:

(1) The participant has successfully completed the education program.

(2) The participant has successfully completed the job training program and has been retained in unsubsidized employment for at least 180 days.

(b) Up to 70 percent of the fixed unit price for job training may be paid upon placement. At least 30 percent of the fixed unit price for job training shall be withheld for the followup during the 180-day retention period. Progress payments shall be made from this portion upon evidence of job retention at 30, 90, and 180 days. A pro rata share of the 70 percent payment shall be paid to the training provider

if the participant fails to complete the training.

The department, in conjunction with the State Department of Education, shall develop criteria for granting the exemptions from subdivisions (a) and (b). The departments shall also consider using funds set aside for GAIN educational services in the State Department of Education's annual budget allocation or funds allocated to the State Department of Education for GAIN costs in the annual Budget Act, to pay for the costs of education contracts permitted by this subdivision.

11329. (a) The department shall evaluate the program and shall collect data on program cost, caseload movement, and program outcomes, including data on all of the following:

(6) The number of applicants who reapplied for and received aid after having gone off aid during the time they were participating in the program.

(13) The timeliness of preemployment preparation assignment reviews.

(14) The appropriateness of sanctions applied under this article.

(b) The department may use standard statistical sampling methods to conduct the evaluation. The department shall maintain this data for the state and for each county. The department may contract with a qualified organization for the evaluation required by this section. The department shall submit a plan for implementing

this evaluation to the Joint Legislative Budget Committee. To the extent possible, the data collection system for this evaluation shall be designed to collect data in the least expensive and least time-consuming manner possible.

(c) Utilizing the data compiled pursuant to this subdivision, the department shall annually report, by January 10, to the Legislature and the Governor on the effectiveness of the program provided for in this article. The Legislative Analyst shall submit a review of this report to the Legislature by April 15 of each year.

11329.2. (a) The department shall seek any federal funds available for implementation of this article, including, but not limited to, funds available under Title IV of the federal Social Security Act (42 U.S.C. (c) The Chancellor of the California Community Colleges and the Superintendent of Public Instruction, as appropriate, shall certify this information to the Director of Finance.

11329.5. (a) The department may participate in the federal Job Opportunities and Basic Skills program evaluation for the purpose of evaluating the placement of the basic education component of the GAIN program. The State Department of Social Services shall consult with the State Department of Education to ensure that the evaluation addresses the major issues of concern to both agencies.

(b) The department may participate in the federal Job Opportunities and Basic Skills program evaluation for other purposes after consulting with the appropriate policy committees in the Legislature, counties, and organizations representing the interests of welfare clients.

SEC. 10. Article 3.3 (commencing with Section 11330) is added

to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.3. Teenage Parents

11330. (a) The Legislature finds and declares that the connection between teenage parenting and long-term welfare dependency has been well documented by recent social science research. An estimated 60 percent of teenage parents who are currently receiving welfare will have 10 or more years of dependency on aid. Average time on aid for teenage parents is significantly longer than for parents who begin families at an older age.

(b) The Legislature finds that teenage parents who receive assistance under the Aid to Families with Dependent Children program have unique education, vocational, training, health, and other social service needs that are not specifically provided for as part of the Greater Avenues for Independence (GAIN) program. Research shows that successful programs that help teenage parents achieve self-sufficiency contain the following features:

(1) A comprehensive range of health and social services.

(2) Adequate supportive services.

(3) A sympathetic and supportive program atmosphere.

(4) Individual attention, especially regarding education pace and plan.

(5) An open format and an extended period of program availability.

(6) Caring, nonjudgmental staff.

(7) Strong case management systems, including followup activities to determine whether a student is progressing in his or her studies.

(c) The Legislature declares that this article is intended to ensure that the GAIN program does all of the following:

(1) Provide the education and training services needed by teenage parents to help them earn a high school diploma or its equivalent, including vocational training and preparation that may be available through local education agencies.

(2) Link teenagers to other needed health and social services available in the community.

11330.1. (a) Custodial parents 16 or 17 years of age who are required to register pursuant to Section 11310 shall be required to participate in the program, subject to both of the following requirements:

(1) The custodial parent shall participate in the program until the registrant earns his or her high school diploma or its equivalent.

(2) The custodial parent shall participate in the program as a student attending school on a full-time basis, as normally defined by the program in which the participant enrolls.

(b) For the purposes of this article, "teen" or "teenage parent"

means a custodial parent under 18 years of age, who is required to register pursuant to Section 11310.

11330.2. Counties shall provide education and supportive services that custodial parents under 18 years of age need to successfully participate in the GAIN program. The county shall identify the need of each individual for, and the method of providing, the following services:

(a) Supportive services, including child care and transportation, as specified in Section 11323.2. Supportive services shall be limited to those that are necessary to enable the teenage parent to participate in the education plan specified in subdivision (a) of Section 11330.4.

(b) Intensive case management services, as described in Section 11330.5.

11330.3. (a) Participation by a custodial parent under 18 years of age shall be deferred if the county determines that any of the services an individual is assessed as needing pursuant to Section 11330.2 are not available.

(b) Participation by a custodial parent under 18 years of age shall be deferred so long as the individual has a special need that directly affects his or her ability to attend school or be successful in earning a high school diploma and the special need cannot be addressed.

11330.4. (a) Participant contracts required under Section 11325.2 shall include a detailed education plan.

(b) The plan required by this section shall be written by the local school district, and shall meet all of the following requirements:

(1) Be developed with the participant in consultation with the county welfare department.

(2) Describe the education program that the participant shall be required to follow, including vocational training and preparation that may be available through local education and training agencies.

(3) Include courses and services that the school district currently offers to students, including child care, child development and parenting education, homemaking, or other consumer education and life skills courses, and counseling and guidance services, as appropriate for each student.

(c) It is the intent of the Legislature that the education plan described in this section not require additional activities from school districts beyond those already required when a student who has dropped out of school indicates a desire to resume attendance.

(d) Involvement of the parents of the teenage parent in the development of the education plan should be encouraged, if appropriate.

11330.5. (a) Counties shall provide case management services and counseling to teenagers as needed to assist their participation in in the GAIN program. Case management services shall include all of the following:

(1) Designing a realistic GAIN plan that maximizes the ability of each client to reach his or her goal.

needed to assist the teenage parent's return to school.

(c) (1) Case managers assigned to assist parents under the age of 18 years shall possess an expertise in understanding the education, training, and other social and health service needs of teenage parents, as well as the local program that provide these services.

(2) Each county, in conjunction with the department, shall provide training to persons assigned to work with teenage parents to develop the expertise required by subparagraph (A).

(d) The county plan required by Section 11320.6 shall describe the way each county proposes to provide case management services to teenage parents.

11330.6. (a) Notwithstanding Article 3.2 (commencing with Section 11320), there shall be no limits on the amount of time that a parent under the age of 18 may participate in the initial education components of the program in order to achieve a basic level of literacy or to earn a high school diploma.

(b) Parents who begin participation in the GAIN program before the age of 18 may continue to receive needed intensive case management services after the age of 18 until the individual earns a high school diploma or its equivalent.

11330.7. County welfare departments shall encourage teenage parents who have received a high school diploma or its equivalent and who are not mandatory participants pursuant to this article to continue participation in the GAIN program on a volunteer basis. Counties shall work with local training providers, including service delivery areas and community college districts and school districts, to create training opportunities that meet the needs of teenage parents.

11330.8. (a) Counties may contract for the provision of case management services, as defined in subdivision (b) of Section 11330.2, and in Section 11330.5, only with public or nonprofit agencies that administer services under the Adolescent Family Life Program (Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code), school districts, or other public or nonprofit agencies approved by the department.

(b) Contracting with an adolescent family life program shall be deemed to fulfill the case management requirements of subdivision (b) of Section 11330.2.

(c) If a county chooses to contract out some or all of the case management services required under this article, the county plan shall specifically list the reasons for that decision.

(d) If a county chooses to contract for case management services pursuant to subdivision (a), the county shall maintain one or more liaison staff members who have expertise in the special needs of teenage parents.

11330.9. (a) Counties shall develop linkages with local service providers that serve teenage parents, to the extent that they are required under subdivision (a) of Section 11320.8.

(b) The county plan required by Sections 11320.6 and 11320.8 shall specifically describe those required services that are available to teenage parents, as follows:

(1) An identification of available services to teenagers.

(2) The extent to which these programs are currently serving AFDC recipients.

(3) The resources that these programs may make available to GAIN participants.

(4) The linkages established with these programs.

(c) The department shall review each county's plan to determine both of the following:

(1) Whether the intensity of case management services provided by the county meets the requirements of subdivision (b) of Section 11330.2.

(2) Whether the requirements specified in Sections 11320.6 and 11320.8 address the availability of services to teenagers.

11330.10. (a) Any participant required to participate pursuant to Section 11330.1 who is not less than 16 years of age and who is under 18 years of age and fails or refuses to comply with program requirements, without good cause, in the education program identified pursuant to the individual education plan and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute, shall be subject to the sanctions imposed by Section 11327.5.

(b) If it is determined that a teenage parent subject to subdivision (a) has refused or failed to comply with program requirements without good cause, the county welfare department shall determine whether the parent is living with his or her own parent, parents or guardian, or whether the teenage parent is living independent of any legal guardian.

(c) (1) If the teenage parent is living with his or her own parent, parents or guardian, the county welfare department shall notify both the teenage parent and his or her legal guardian of the teenage parent's failure to comply with program requirements.

(2) The notice required by paragraph (1) shall contain the telephone number and address of the local welfare rights organization or legal aid society from which the teenage parent may

obtain legal assistance or representation.

(3) The county welfare department shall permit the legal guardian of the teenage parent to attend any meetings between the county and the teenage parent designed to encourage or induce participation from the noncooperating teenage parent.

(d) (1) If the teenage parent is living independent of a legal guardian, the county welfare department shall notify the teenage parent of his or her failure to cooperate with the program.

(2) The notice required by paragraph (1) shall contain the telephone number and address of the local welfare rights organization or legal aid society from which the parent may obtain legal assistance or representation during the conciliation and sanction process.

(e) Case managers shall do all of the following:

(1) Fully inform teenage parents of the consequences of not complying with the program.

(2) Make reasonable efforts to reach teenage parents who they believe are in danger of failing to participate without good cause.

(3) Make reasonable efforts to secure a face-to-face meeting with a teenage parent before making a good cause determination.

(f) If a teenage parent fails or refuses to comply with program requirements without good cause, the case manager shall again inform the client of the consequences of not participating in the program and shall provide the teenage parent with the telephone number and address of the local welfare rights organization or legal aid society should he or she need further assistance.

CHAPTER 1569

An act to amend Section 10176 of the Insurance Code, relating to podiatrists.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 10176 of the Insurance Code is amended to read:

10176. In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of those services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No such policy shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2472, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide

claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under the policy for acupuncture.

Nor shall any such policy prohibit the insured, upon referral by a physician and surgeon licensed under Section 2050 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician, that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

SEC. 2. Section 10176 of the Insurance Code is amended to read:

10176. (a) In disability insurance, the policy may provide for payment of medical, surgical, chiropractic, physical therapy, speech pathology, audiology, acupuncture, professional mental health, dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any of these services, and provision may be made therein for payment of all or a portion of the amount of charge for these services without requiring that the insured first pay the expenses. No policy of disability insurance shall prohibit the insured from selecting any psychologist or other person who is the holder of a certificate or license under Section 1000, 1634, 2050, 2472, 2553, 2630, 2948, 3055, or 4938 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, the certificate holder or licensee being expressly authorized by law to perform those services.

(b) If the insured selects any person who is a holder of a certificate under Section 4938 of the Business and Professions Code, a disability insurer or nonprofit hospital service plan shall pay the bona fide claim of an acupuncturist holding a certificate pursuant to Section 4938 of the Business and Professions Code for the treatment of an insured person only if the insured's policy or contract expressly includes acupuncture as a benefit and includes coverage for the injury or illness treated. Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under that policy for acupuncture.

(c) No policy of disability insurance shall prohibit the insured, upon referral by a physician and surgeon licensed under Section 2050 of the Business and Professions Code, from selecting any licensed clinical social worker who is the holder of a license issued under Section 4996 of the Business and Professions Code or any occupational therapist as specified in Section 2570 of the Business and Professions Code, or any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, to perform the particular services covered under the terms of the policy, or from selecting any speech pathologist or audiologist licensed under Section 2530 of the Business and Professions Code or any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or any respiratory care practitioner certified pursuant to Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code to perform services deemed necessary by the referring physician,

that certificate holder, licensee or otherwise regulated person, being expressly authorized by law to perform the services.

(d) Nothing in this section shall be construed to allow any certificate holder or licensee specified in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience. For the purposes of this section, "marriage, family and child counselor" means a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

(e) An individual disability insurance policy, which is issued, renewed, or amended on or after January 1, 1988, which includes mental health services coverage may not include a lifetime waiver for that coverage with respect to any applicant. The lifetime waiver of coverage provision shall be deemed unenforceable.

(f) Except for physician referrals required by subdivision (c), no condition or limitation on the number of visits or on total payments for any services covered by a disability insurance policy shall be imposed by an insurer, unless the same condition or limitation is imposed on all certificate holders and licensees that are specified in this section and expressly authorized by law to perform those services.

SEC. 3. Section 2 of this bill incorporates amendments to Section 10176 of the Insurance Code proposed by both this bill and AB 2044. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 10176 of the Insurance Code, and (3) this bill is enacted after AB 2044, in which case Section 1 of this bill shall not become operative.

CHAPTER 1570

An act to amend Section 1522 of the Health and Safety Code, and to amend Sections 11105 and 11105.3 of, and to add Section 11105.4 to, the Penal Code, relating to criminal records.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and

safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a

condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints may be on a card provided by the State Department of Social Services or by a local law enforcement office for the purpose of obtaining a permanent set of fingerprints. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice.

Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision. If no convictions are recorded, the department shall provide the licensee with a statement of the fact that there are no convictions within 10 working days of receipt of this information from the Department of Justice. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the

person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions. The applicant shall submit these fingerprints to the licensing agency or other approving authority. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If any arrests or convictions are recorded, the department shall provide the licensee with a statement of that fact. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty,

or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

SEC. 11. Section 65863.7 of the Government Code is amended to read:

65863.7. (a) Prior to the conversion of a mobilehome park to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a mobilehome park or cessation of use of the land as a mobilehome park, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the mobilehome park to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced mobilehome park residents, the report shall address the availability of adequate replacement housing in mobilehome parks and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the closure or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at the same time as the notice of the change is provided to the residents pursuant to paragraph (2) of subdivision (f) of Section 798.56 of the Civil Code.

(d) When the impact report is filed prior to the closure or cessation of use, the person or entity filing the report or park resident may request, and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced mobilehome park residents to find adequate housing in a mobilehome park. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation.

(f) If the closure or cessation of use of a mobilehome park results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Section 66016 to cover any costs incurred by the local agency in implementing this section and Section 65863.8. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning

variance under which the mobilehome park has operated, or as a result of any other zoning or planning decision, action, or inaction. In this case, the local governmental agency is the person proposing the change in use for the purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

SEC. 11.5. Section 65863.7 of the Government Code is amended to read:

65863.7. (a) Prior to the conversion of a mobilehome park to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a mobilehome park or cessation of use of the land as a mobilehome park, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the mobilehome park to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced mobilehome park residents, the report shall address the availability of adequate replacement housing in mobilehome parks and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the conversion, closure, or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at the same time as the notice of the change is provided to the residents pursuant to paragraph (2) of subdivision (f) of Section 798.56 of the Civil Code.

(d) When the impact report is filed prior to the conversion, closure, or cessation of use, the person or entity filing the report or park resident may request, and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced mobilehome park residents to find adequate housing in a mobilehome park. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation. As used in this section, the reasonable costs of relocation may include the lesser cost of the following, as determined by the legislative body or its delegated advisory agency:

(1) Where another mobilehome park can be found to relocate a displaced mobilehome within 10 miles of the park subject to conversion, closure, or cessation of use, the cost of relocating a displaced park resident's mobilehome, accessories, and possessions to a comparable mobilehome space in another park within 10 miles,

including removal, transportation, and reinstallation of the mobilehome and accessories at the new site, indemnification for any damage to personal property of the resident caused by the relocation, reasonable living expenses of displaced park residents from the date of actual displacement until the date of occupancy at the new site, payment of any security deposit required at the new site and the difference between the rent paid in the existing park and any higher rent at the new site for the first 12 months of the relocated tenancy.

(2) The cost of purchasing a mobilehome of a displaced mobilehome owner at a value to be determined. Where the mobilehome cannot be relocated due to age or condition, as determined by the local legislative body or advisory agency, this paragraph may apply.

(f) If the closure or cessation of use of a mobilehome park results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Section 66016 to cover any costs incurred by the local agency in implementing this section and Section 65863.8. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning variance under which the mobilehome park has operated, or as a result of any other zoning or planning decision, action, or inaction. In this case, the local governmental agency is the person proposing the change in use for the purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

SEC. 12. Section 65909.5 of the Government Code is amended to read:

65909.5. The legislative body of any county or city, including a charter city, may establish reasonable fees for the processing of use permits, zone variances, or zone changes pursuant to the procedures required or authorized by this chapter or local ordinance, but the fees shall not exceed the amount reasonably required to administer the processing of such permits or zone variances. CHAPTER 7. FEES FOR SPECIFIC PURPOSES

66012. (a) Notwithstanding any other provision of law which prescribes an amount or otherwise limits the amount of a fee or charge which may be levied by a city, county, or city and county, a city, county, or city and county shall have the authority to levy any fee or charge in connection with the operation of an aerial tramway within its jurisdiction.

(b) If any person disputes whether a fee or charge levied pursuant to subdivision (a) is reasonable, the auditor, or if there is no auditor, the fiscal officer, of the city, county, or city and county shall, upon request of the legislative body of the city, county, or city and county, conduct a study and determine whether the fee or charge is reasonable.

66013. (a) Notwithstanding any other provision of law, when a local agency imposes fees for water connections or sewer connections, or imposes capacity charges, those fees or charges shall not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the estimated reasonable cost of providing the services or materials is submitted to, and approved by, a popular vote of two-thirds of those electors voting on the issue.

(b) As used in this section:

(1) "Sewer connection" means the connection of a building to a public sewer system.

(2) "Water connection" means the connection of a building to a public water system, as defined in subdivision (e) of Section 4010.1 of the Health and Safety Code.

(b) Any judicial action or proceeding to attack, review, set aside, void, or annul the ordinance, resolution, or motion authorizing the charge of a fee subject to this section shall be brought pursuant to Section 66022.

SEC. 20. Chapter 8 (commencing with Section 66016) is added to Division 1 of Title 7 of the Government Code, to read:

CHAPTER 8. PROCEDURES FOR ADOPTING VARIOUS FEES

66016. (a) Prior to levying a new fee or service charge, or prior to approving an increase in an existing fee or service charge, a local agency shall hold at least one public meeting, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the data required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the local agency for mailed notice of the meeting on new or increased fees or service charges. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service. At least 10 days prior to the meeting, the local agency shall make available to the public data indicating the amount of cost, or estimated cost, required to provide the service for which the fee or service charge is levied and the revenue sources anticipated to provide the service, including General Fund revenues. Unless there has been voter approval, as prescribed by Section 66013 or 66014, no local agency shall levy a new fee or service charge or increase an existing fee or service charge to an amount which exceeds the estimated amount required to provide the service for which the fee or service charge is levied. If, however, the fees or service charges create revenues in excess of actual cost, those revenues shall be used to reduce the fee or service charge creating the excess.

(b) Any action by a local agency to levy a new fee or service charge or to approve an increase in an existing fee or service charge shall be taken only by ordinance or resolution.

(c) Any costs incurred by a local agency in conducting the meeting or meetings required pursuant to subdivision (a) may be recovered from fees charged for the services which were the subject of the meeting.

(d) This section shall apply only to fees and charges as described in Sections 56383, 57004, 65104, 65456, 65863.7, 65909.5, 66013, 66014, and 66451.2 of this code, Sections 17951, 19132.3, and 19852 of the Health and Safety Code, and Section 21671.5 of the Public Utilities Code.

(e) Any judicial action or proceeding to attack, review, set aside, void, or annul the ordinance, resolution, or motion levying a fee or service charge subject to this section shall be brought pursuant to Section 66022.

66017. (a) Any action adopting a fee or charge, or increasing a fee or charge adopted, upon a development project, as defined in Section 66000, which applies to the filing, accepting, reviewing, approving, or issuing of an application, permit, or entitlement to use shall be enacted in accordance with the notice and public hearing procedures specified in Section 54986 or 66016 and shall be effective no sooner that 60 days following the final action on the adoption of the fee or charge or increase in the fee or charge.

(b) Without following the procedure otherwise required for the adoption of a fee or charge, or increasing a fee or charge, the legislative body of a local agency may adopt an urgency measure as an interim authorization for a fee or charge, or increase in a fee or charge, to protect the public health, welfare and safety. The interim authorization shall require four-fifths vote of the legislative body for adoption. The interim authorization shall have no force or effect 30 days after its adoption. The interim authority shall contain findings describing the current and immediate threat to the public health, welfare and safety. After notice and public hearing pursuant to Section 54986 or 66016, the legislative body may extend the interim authority for an additional 30 days. Not more than two extensions may be granted. Any extension shall also require a four-fifths vote of the legislative body.

66018. (a) Prior to adopting an ordinance, resolution, or other legislative enactment adopting a new fee or approving an increase in an existing fee to which this section applies, a local agency shall hold a public hearing, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, shall be published in accordance with Section 6062a.

(b) Any costs incurred by a local agency in conducting the hearing required pursuant to subdivision (a) may be recovered as part of the fees which were the subject of the hearing.

(c) This section applies only to the adopting or increasing of fees to which a specific statutory notice requirement, other than Section 54954.2, does not apply.

(d) As used in this section, "fees" do not include rates or charges for water, sewer, or electrical service.

66018.5. "Local agency," as used in this chapter, has the same meaning as provided in Section 66000.

SEC. 21. Section 66017 of the Government Code is repealed.

SEC. 22. Chapter 9 (commencing with Section 66020) is added to Division 1 of Title 7 of the Government Code, to read:

CHAPTER 9. PROTESTS, LEGAL ACTIONS, AND AUDITS

66020. (a) Any party may protest the imposition of any fees, dedications, reservations, or other exactions imposed on a residential housing development by a local agency by meeting both of the following requirements:

(1) Tendering any required payment in full or providing satisfactory evidence of arrangements to ensure performance of the conditions necessary to meet the requirements of the imposition.

(2) Serving written notice on the governing body of the entity, which notice shall contain all of the following information:

(A) A statement that the required payment is tendered, or that any conditions which have been imposed are provided for or satisfied, under protest.

(B) A statement informing the governing body of the factual elements of the dispute and the legal theory forming the basis for the protest.

(b) Compliance by any party with subdivision (a) shall not be the basis for a local agency to withhold approval of any map, plan, permit, zone change, license, or other form of permission, or concurrence, whether discretionary, ministerial, or otherwise, incident to, or necessary for, the development of the residential housing development. This section does not limit the ability of a local agency to ensure compliance with all applicable provisions of law in determining whether or not to approve or disapprove a development project.

(c) Where a reviewing local agency makes proper and valid findings that the construction of certain public improvements or facilities, the need for which is directly attributable to the proposed residential housing development, is required for reasons related to the public health, safety, and welfare, and elects to impose a requirement for construction of those improvements or facilities as a condition of approval of the proposed development, then in the event a protest is lodged pursuant to this section, that approval shall be suspended pending withdrawal of the protest, the expiration of the limitation period of subdivision (d) without the filing of an action, or resolution of any action filed. This subdivision confers no new or independent authority for imposing fees, dedications, reservations, or other exactions not presently governed by other law.

(d) A protest filed pursuant to subdivision (a) shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees, dedications, reservations, or other exactions to be imposed on a residential housing development. Any party who files a protest pursuant to subdivision (a) may file an action to attack, review, set

aside, void, or annul the imposition of the fees, dedications, reservations, or other exactions imposed on a residential housing development by a local agency within 180 days after the date of the imposition. Thereafter, notwithstanding any other law to the contrary, all persons are barred from any action or proceeding or any defense of invalidity or unreasonableness of the imposition. Any proceeding brought pursuant to this subdivision shall take precedence over all matters of the calendar of the court except criminal, probate, eminent domain, forcible entry, and unlawful detainer proceedings.

(e) If the court finds in favor of the plaintiff in any action or proceeding brought pursuant to subdivision (d), the court shall direct the local agency to refund the unlawful portion of the payment, with interest at the rate of 8 percent per annum, or return the unlawful portion of the exaction imposed.

(f) Approval or conditional approval of a development occurs, for the purposes of this section, when the tentative map, tentative parcel map, or parcel map is approved or conditionally approved or when the parcel map is recorded if a tentative map or tentative parcel map is not required.

(g) The imposition of fees, dedications, reservations, or other exactions occurs, for the purposes of this section, when they are imposed or levied on a specific development.

66021. (a) Any party on whom a fee, tax, assessment, dedication, reservation, or other exaction has been imposed, the payment or performance of which is required to obtain governmental approval of a development, as defined by Section 65927, or development project, may protest, as provided in Sections 66020 and 66475.4, the establishment or imposition of the fee, tax, assessment, dedication, reservation, or other exaction. If a party files a protest under both Sections 66020 and 66475.4, Section 66475.4 shall prevail over Section 66020 to the extent of any conflict between those two sections.

(b) The protest procedures of subdivision (a) do not apply to the protest of any tax or assessment (1) levied pursuant to a principal act which contains protest procedures, or (2) that is pledged to secure payment of the principal of, or interest on, bonds or other public indebtedness.

66022. (a) Any judicial action or proceeding to attack, review, set aside, void, or annul an ordinance, resolution, or motion adopting a new fee or service charge, or modifying or amending an existing fee or service charge, adopted by a local agency, as defined in Section 66000, shall be commenced within 120 days of the effective date of the ordinance, resolution, or motion.

If an ordinance, resolution, or motion provides for an automatic adjustment in a fee or service charge, and the automatic adjustment results in an increase in the amount of a fee or service charge, any action or proceeding to attack, review, set aside, void, or annul the increase shall be commenced within 120 days of the effective date of

the increase.

(b) Any action by a local agency or interested person under this section shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

(c) This section shall apply only to fees, capacity charges, and service charges described in and subject to Sections 66013 and 66014.

66023. (a) Any person may request an audit in order to determine whether any fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of any product or service provided by the local agency. If a person makes that request, the legislative body of the local agency may retain an independent auditor to conduct an audit to determine whether the fee or charge is reasonable.

(b) Any costs incurred by a local agency in having an audit conducted by an independent auditor pursuant to subdivision (a) may be recovered from the person who requests the audit.

(c) Any audit conducted by an independent auditor to determine whether a fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of providing the product or service shall conform to generally accepted auditing standards.

(d) The procedures specified in this section shall be alternative and in addition to those specified in Section 54985.

(e) The Legislature finds and declares that oversight of local agency fees is a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that this chapter shall supersede all conflicting local laws and shall apply in charter cities.

(f) This section shall not be construed as granting any additional authority to any local agency to levy any fee or charge which is not otherwise authorized by another provision of law, nor shall its provisions be construed as granting authority to any local agency to levy a new fee or charge when other provisions of law specifically prohibit the levy of a fee or charge.

66024. (a) In any judicial action or proceeding to validate, attack, review, set aside, void, or annul any ordinance or resolution providing for the imposition of a development fee by any city, county, or district in which there is at issue whether the development fee is a special tax within the meaning of Section 50076, the city, county, or district has the burden of producing evidence to establish that the development fee does not exceed the cost of the service, facility, or regulatory activity for which it is imposed.

(b) No party may initiate any action or proceeding pursuant to subdivision (a) unless both of the following requirements are met:

(1) The development fee was directly imposed on the party as a condition of project approval.

(2) At least 30 days prior to initiating the action or proceeding, the party requests the city, county, or district to provide a copy of the documents which establish that the development fee does not exceed the cost of the service, facility, or regulatory activity for which it is imposed. In accordance with Section 6257, the city,

county, or district may charge a fee for copying the documents requested pursuant to this paragraph.

(c) For purposes of this section, costs shall be determined in accordance with fundamental fairness and consistency of method as to the allocation of costs, expenses, revenues, and other items included in the calculation.

66025. "Local agency," as used in this chapter, means a local agency as defined in Section 66000.

SEC. 23. Section 4746.5 of the Health and Safety Code is amended to read:

4746.5. Notwithstanding any other provision of law, the Triunfo County Sanitation District may do all of the following:

(a) The district may, within or without the district:

(1) Take real and personal property of every kind, for any district purpose, by grant, purchase, gift, devise, or lease.

(2) Hold, use, enjoy, lease, or dispose of real and personal property of every kind.

(b) The district may lease from any person, or public corporation or agency, with the privilege of purchasing or otherwise, all or any part of any facilities necessary or convenient to any district purpose, either existing or constructed by the lessor for district use.

(c) If funds are needed to meet current expenses of maintenance and operation, the district may incur indebtedness by the issuance of negotiable promissory notes pursuant to this section, without an election. The notes shall be general obligations of the district payable in the same manner as bonds of the district, shall mature not later than two years from the date thereof, and shall bear interest at a rate not to exceed the rate prescribed by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, payable as provided therein. The aggregate amount of the notes outstanding at any one time shall not exceed an amount equal to seven cents ($0.07) on each one hundred dollars ($100) of the assessed valuation of the taxable real property within the district as shown on the last equalized assessment roll of the county. If the assessed valuation is not obtainable, the county auditor's estimate of the assessed valuation of the taxable real property within the district for the fiscal year in which the indebtedness is to be incurred shall be used.

All the notes shall be issued after the adoption of a resolution by a four-fifths vote of the district board setting forth the following:

(a) The necessity for the borrowing.

(b) The assessed valuation of the taxable real property within the district, or the auditor's estimate thereof.

(c) The amount of funds to be borrowed.

(d) The date, maturity, denomination, and form of such notes.

The notes shall be signed by the chairperson of the district board and countersigned by the county treasurer and the seal of the district board shall be affixed.

The district board shall cause the board of supervisors to levy and

collect taxes to pay the interest on and the principal of the notes as the same comes due and, if the maturity of the notes begins more than one year after the date thereof, to constitute a sinking fund for the payment of the principal thereof at maturity.

Before selling the notes, the district board shall give notice inviting sealed bids in the manner the board prescribes. If satisfactory bids are received, the notes offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the district board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the district board may reject all bids received, if any, and either readvertise or sell the notes at private sale.

The district may issue negotiable promissory notes, borrow from the county or a chartered bank, or establish a line of credit with a chartered bank pursuant to this chapter to acquire funds for any district purposes. The promissory notes or indentures shall not mature later than five years from the date of issuance. The maximum rate of interest on the notes shall not exceed the rate prescribed by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The total aggregate amount of the debt outstanding at any time shall not exceed the lesser of four million dollars ($4,000,000) or 3 percent of the total assessed value of all the taxable property in the district, according to the last equalized assessment roll. Promissory notes issued pursuant to Section 4746.5 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

(d) The district may issue negotiable promissory notes for financing the acquisition of administrative or construction offices and for the acquisition of land for district purposes. The promissory notes shall not mature later than 10 years from the date of issuance. The maximum rate of interest on the notes shall not exceed the rate prescribed by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The total aggregate amount of the notes outstanding at any one time may not exceed the lesser of either two million dollars ($2,000,000) or 1 percent of the total assessed value of all taxable property in the district, according to the last equalized assessment roll. Promissory notes issued pursuant to Section 4746.1 may be disregarded in computing the aggregate amount of notes issued pursuant to this section.

(e) The district may fix on or before the first Monday in August of each fiscal year, a service standby or availability charge in the district, in any portion thereof, in any improvement district, or in any special zone established pursuant to Section 4850, to which a district service, other than sewage or sanitation service, is available, whether the service is actually used or not. The standby charge levied pursuant to this section shall not exceed fifty dollars ($50) per acre or per parcel less than one acre. This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later

enacted statute which is chaptered before January 1, 1998, deletes or extends that date.

(f) On or before the second Monday in August of each year in which a standby charge is to be levied and collected, the secretary shall furnish to the county auditor the parcel number of each parcel of land within any area, zone, or improvement district upon which a charge is to be levied and collected, together with the amount of the standby charge fixed on each parcel of land subject to levy. The board shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax, assessment, or charge it levies, a standby charge in the amounts and on the respective parcels identified by the district secretary. All county officers charged with the duty of collecting, receiving, and disbursing taxes shall collect the district's standby charges with the regular tax payments to the county. Charges fixed by the district shall be liens on all the parcels of land against which those charges have been imposed. Liens for those charges shall be of the same force and effect as liens for taxes, and their collection may be enforced in the same manner as provided for the enforcement of liens for county taxes.

(g) In lieu, in whole or in part, of levying taxes pursuant to Section 4815, the district may levy a connection fee for initiating water service to properties requesting this service, pursuant to Section 66013 of the Government Code. The board of directors may require that the connection fees be collected by the county or city building departments in the manner of building permit fees and transmitted to the district within 30 days of their collection. Unless otherwise authorized by law, the connection fee charged to public entity users shall be limited to the actual direct cost incurred by the district in connecting water or sewage service to the properties owned or occupied by the public entity users and shall not include any component for other construction, operation, and maintenance costs.

(b) The governing body of any county or city, including a charter city, or fire protection district, may prescribe fees to defray the costs of enforcement required by this part to be carried out by local enforcement agencies.

(c) The amount of the fees prescribed pursuant to subdivisions (a) and (b) of this section shall not exceed the amount reasonably required to administer or process such permits, certificates, or other forms or documents, or to defray the costs of enforcement required by this part to be carried out by local enforcement agencies, and shall not be levied for general revenue purposes. The fees shall be

imposed pursuant to Section 66016 of the Government Code.

(d) The provisions of this part are not intended to prevent the use of any material, appliance, installation, device, arrangement, or method of construction not specifically prescribed by the State Building Standards Code or the provisions of this part, provided any such alternate has been approved.

The building department of any city or county may approve any such alternate if it finds that the proposed design is satisfactory and that the material, appliance, installation, device, arrangement, method, or work offered is, for the purpose intended, at least the equivalent of that prescribed in the State Building Standards Code or the provisions of this part in performance, safety, and for the protection of life and health.

The building department of any city or county shall require evidence that any material, appliance, installation, device, arrangement, or method of construction conforms to, or that the proposed alternate is at least equivalent to, the requirements of this part, building standards published in the State Building Standards Code, or the other rules and regulations promulgated pursuant to the provisions of this part and in order to substantiate claims for alternates, the building department of any city or county may require tests as proof of compliance to be made at the expense of the owner or the owner's agent by an approved testing agency.

SEC. 25. Section 19132.3 of the Health and Safety Code is amended to read:

19132.3. The governing body of any county or city, including a charter city, may adopt an ordinance prescribing fees for filing applications pursuant to this chapter, but the fees shall not exceed the amount reasonably required by the local enforcement agency to issue permits pursuant to this chapter, and shall not be levied for general revenue purposes. The fees shall be imposed pursuant to Section 66016 of the Government Code. Where the Department of Housing and Community Development is the enforcement agency, the Commission of Housing and Community Development may establish a schedule of fees to pay the cost of administration and enforcement of this chapter. All rules and regulations promulgated by the commission under the authority of this part shall be promulgated pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 26. Section 19852 of the Health and Safety Code is amended to read:

19852. The governing body of a county or city, including a charter city, may prescribe such fees as will pay the expenses incurred by the building department of such city or county in maintaining the official copy of the plans of buildings for which it has issued a building permit, but the fees shall not exceed the amount reasonably required by the building department in maintaining the official copy of the plans of buildings for which it has issued a building permit. The fees shall be imposed pursuant to Section 66016 of the

Government Code.

SEC. 27. Section 21671.5 of the Public Utilities Code is amended to read:

21671.5. (a) Except for the terms of office of the members of the first commission, the term of office of each member shall be four years and until the appointment and qualification of his or her successor. The members of the first commission shall classify themselves by lot so that the term of office of one member is one year, of two members is two years, of two members is three years, and of two members is four years. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing him or her. The expiration date of the term of office of each member shall be the first Monday in May in the year in which his or her term is to expire. Any vacancy in the membership of the commission shall be filled for the unexpired term by appointment by the body which originally appointed the member whose office has become vacant. The chairperson of the commission shall be selected by the members thereof.

(b) Compensation, if any, shall be determined by the board of supervisors.

(c) Staff assistance, including the mailing of notices and the keeping of minutes, and necessary quarters, equipment, and supplies shall be provided by the county. The usual and necessary operating expenses of the commission shall be a county charge.

(d) Notwithstanding any other provisions of this article, the commission shall not employ any personnel either as employees or independent contractors without the prior approval of the board of supervisors.

(e) The commission shall meet at the call of the commission chairperson or at the request of the majority of the commission members. A majority of the commission members shall constitute a quorum for the transaction of business. No action shall be taken by the commission except by the recorded vote of a majority of the full membership.

(f) The commission may establish a schedule of fees for reviewing and processing proposals and for providing the copies of land use plans, as required by subdivision (d) of Section 21675. Those fees shall be charged to the proponents of actions, regulations, or permits, shall not exceed the estimated reasonable cost of providing the service, and shall be imposed pursuant to Section 66016 of the Government Code. After June 30, 1991, a commission which has not adopted the comprehensive land use plan required by Section 21675 shall not charge fees pursuant to this subdivision until the commission adopts the plan.

SEC. 77.1. (a) In addition to other powers provided in this act, the agency may establish and impose a one-time facility capacity fee as provided in Section 66013 of the Government Code, which is in the nature of a connection fee, for the right to make a new retail connection to the water distribution system of any retail water distributor within the agency which obtains all or a portion of its water supplies from the agency. The consumer for which the retail connection is made shall be liable for the fee. Fees shall be adopted, established, and imposed only if the board of directors of the agency complies with this section and Chapter 5 (commencing with Section 66000) of Division 1 of Title 7 of the Government Code, and it shall not be necessary for the retail water distributor to comply with these provisions separately. However, a facility capacity fee may not be imposed within a retail water distributor's jurisdiction unless the appropriate retail water distributor enters into an agreement with the agency.

Prior to imposing the fee, the board of directors shall assess the sufficiency of (1) existing facilities for water importation, production, treatment, transportation, and delivery, (2) related works and real property, and (3) water supplies. Sufficiency shall be defined as meeting and not exceeding existing and anticipated demand of the retail agencies served by the agency.

(b) If the board determines that existing facilities, related works and real property, and water supplies are not sufficient, the board may do the following:

(1) Adopt plans for the following:

(A) Obtaining or constructing additional facilities, works, real property, and supplies of water.

(B) Increasing or enlarging existing capacity and facilities for obtaining, importing, producing, treating, storing, and delivering the additional quantity of water.

(C) Financing the cost of acquiring or constructing those facilities, works, property, improvements, and supplies of water and for allocating that cost among lands within the agency.

(D) Allocating water supplies and capacity in existing and future planned facilities.

(2) Establish facility capacity fees, if any, which shall be imposed to finance the cost of acquiring or constructing facilities, works, real property, and supplies of water to satisfy anticipated demand.

(c) The board may contract for the collection of the fee with either of the following:

(1) The counties or cities within the agency for the collection of the fee along with fees related to the improvement of property.

(2) The retail water distributor.

(d) Any action taken by the board of directors pursuant to this section shall be by resolution.

SEC. 29. It is the intent of the Legislature that nothing in this bill shall alter the provisions of Chapter 13.7 (commencing with Section 54999) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 30. Section 11.5 of this bill incorporates amendments to Section 65863.7 of the Government Code proposed by both this bill and SB 399. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 65863.7 of the Government Code, and (3) this bill is enacted after SB 399, in which case Section 11 of this bill shall not become operative.

SEC. 31. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1573

An act to amend Sections 66901, 69510, and 69511.5 of the Education Code, relating to postsecondary education.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66901 of the Education Code is amended to read:

66901. There is hereby created the California Postsecondary Education Commission, which shall be advisory to the Governor, the Legislature, other appropriate governmental officials, and institutions of postsecondary education. The commission shall be composed of the following members:

(a) One representative of the Regents of the University of California designated by the regents, one representative of the Trustees of the California State University designated by the trustees, and one representative of the Board of Governors of the California Community Colleges designated by the board. Representatives of the regents, the trustees, and the board of governors shall be chosen from among the appointed members of their respective boards, but in no instance shall an ex officio member of a governing board serve on the commission.

(b) One representative of the independent California colleges and universities which are formed and operated as nonprofit corporations in this state and are accredited by a regional association which is recognized by the United States Department of Education. This member shall be appointed by the Governor from a list or lists submitted by an association or associations of those institutions.

(c) The chair or the designee of the chair of the Council for Private Postsecondary and Vocational Education.

(d) The President of the State Board of Education or his or her designee from among the other members of the board.

(e) Nine representatives of the general public appointed as follows: three by the Governor, three by the Senate Rules Committee, and three by the Speaker of the Assembly. It is the intent of the Legislature that the commission be broadly and equitably representative of the general public in the appointment of its public members and that the appointing authorities, therefore, shall confer to assure that their combined appointments include adequate representation on the basis of sex and on the basis of the significant racial, ethnic, and economic groups in the state.

(f) Two student representatives, each of whom shall be enrolled at a California postsecondary education institution at the time of appointment and during the term of service, except that a student member who graduates from an institution with no more than six months of his or her term remaining shall be permitted to serve for the remainder of the term. The Governor shall appoint the student members from persons nominated by the appropriate student organizations of each of the postsecondary education segments. For each student member of the commission, the appropriate student organization may submit a list of nominees. The list shall specify not less than three and not more than five nominees. The appropriate student organization for each segment shall be a composite group of at least five representative student government associations, as determined by the commission.

(g) The student member appointed to the commission shall not be enrolled in the same segment as the outgoing student member or in the same segment of the other sitting student member.

(h) No person who is employed by any institution of public or private postsecondary education shall be appointed to or serve on the commission, except that a person who is not a permanent, full-time employee and who has part-time teaching duties which do not exceed six hours per week may be appointed to and serve on the commission.

The commission members designated in subdivisions (a), (c), and (d) shall serve at the pleasure of their respective appointing authorities. The member designated in subdivision (b) shall serve a three-year term. The members designated in subdivision (e) shall each serve a six-year term. The members designated in subdivision (f) shall each serve a two-year term. The respective appointing authority may appoint an alternate for each member who may, during the member's absence, serve on the commission and vote on matters before the commission. When vacancies occur prior to expiration of terms, the respective appointing authority may appoint a member for the remainder of the term.

Any person appointed pursuant to this section may be reappointed to serve additional terms.

Any person appointed pursuant to this section who no longer has the position which made him or her eligible for appointment may nonetheless complete his or her term of office on the commission.

No person appointed pursuant to this section shall, with respect to any matter before the commission, vote for or on behalf of, or in any way exercise the vote of, any other member of the commission.

The commission shall meet as often as it deems necessary to carry out its duties and responsibilities.

Any member of the commission who in any calendar year misses more than one-third of the meetings of the full commission forfeits his or her office, thereby creating a vacancy.

The commission shall select a chair from among the members representing the general public. The chair shall hold office for a term of one year and may be selected to successive terms.

There is established an advisory committee to the commission and the director, consisting of the chief executive officers of each of the public segments, or their designees, the Superintendent of Public Instruction or his or her designee, and an executive officer from each of the groups of institutions designated in subdivisions (b) and (c) to be designated by the respective commission representative from these groups. Commission meeting agenda items and associated documents shall be provided to the committee in a timely manner for its consideration and comments.

The commission may appoint any subcommittees or advisory committees it deems necessary to advise the commission on matters of educational policy. The advisory committees may consist of commission members or nonmembers, or both, including students, faculty members, segmental representatives, governmental representatives, and representatives of the public.

The commission shall appoint and may remove a director in the manner hereinafter specified. The director shall appoint persons to any staff positions the commission may authorize.

The commission shall prescribe rules for the transaction of its own affairs, subject, however, to all the following requirements and limitations:

(1) The votes of all representatives shall be recorded.

(2) Effective action shall require the affirmative vote of a majority of all the duly appointed members of the commission, not including vacant commission seats.

(3) The affirmative votes of two-thirds of all the duly appointed members of the commission, not including vacant commission seats, shall be necessary to the appointment of the director.

SEC. 2. Section 69510 of the Education Code is amended to read:

(a) One representative from public, proprietary, or nonprofit postsecondary schools located in California.

(b) One representative from a California independent college or university.

(c) One representative each from the University of California, the California State University, and the California Community Colleges.

(d) Two members each of whom shall be a student enrolled in a California postsecondary educational institution at the time of appointment, and shall be enrolled in a California postsecondary educational institution for the duration of the term. A student member who graduates from an institution with no more than six months of his or her term remaining shall be permitted to serve for the remainder of the term.

(e) Three public members.

(f) One representative from a California secondary school.

(g) Two representatives appointed by the Senate Rules Committee.

(h) Two representatives appointed by the Speaker of the Assembly.

SEC. 3. Section 69511.5 of the Education Code is amended to read:

69511.5. (a) Notwithstanding Section 69511, the Governor shall appoint each student member of the Student Aid Commission pursuant to subdivision (d) of Section 69510 from the persons nominated in accordance with the provisions of subdivision (b).

(b) For each student member of the commission, the appropriate student organization may submit a list of nominees. The list shall specify not less than three and not more than five nominees. The appropriate student organization for each segment shall be a composite group of at least five representative student government associations, as determined by the commission.

(c) The student member appointed to the commission shall not be enrolled in the same segment as the outgoing student member or in the same segment of the other sitting student member.

(d) Participating student organizations designated in subdivision (b) shall inform students within their respective segment of pending student vacancies on the commission.

(e) The person appointed as a student member of the Student Aid Commission pursuant to this section shall be subject to confirmation by the Senate as required in subdivision (d) of Section 69511.

CHAPTER 1574

An act to amend Section 25299.60 of, and to add Sections 25297.1 and 25299.79 to, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 25297.1 is added to the Health and Safety Code, to read:

25297.1. (a) In addition to the authority granted to the board pursuant to Division 7 (commencing with Section 13000) of the Water Code and to the department pursuant to Chapter 6.8 (commencing with Section 25300), the board, in cooperation with the department, shall develop and implement a local oversight program for the abatement of, and oversight of the abatement of, unauthorized releases of hazardous substances from underground storage tanks by local agencies. The board shall select local agencies for participation in the program from among those local agencies which apply to the board, giving first priority to those local agencies which have demonstrated prior experience in cleanup, abatement, or other actions necessary to remedy the effects of unauthorized releases of hazardous substances from underground storage tanks. The board shall select only those local agencies which have implemented this chapter and which have begun to collect and transmit to the board the surcharge or fees pursuant to subdivision (b) of Section 25287.

(b) In implementing the local oversight program described in subdivision (a), the board may enter into an agreement with any local agency to perform, or cause to be performed, any cleanup, abatement, or other action necessary to remedy the effects of a release of hazardous substances from an underground storage tank with respect to which the local agency has enforcement authority pursuant to this section. The board shall not enter into an agreement with a local agency for soil contamination cleanup or for groundwater contamination cleanup unless the board determines that the local agency has a demonstrated capability to oversee or perform the cleanup. The implementation of the cleanup, abatement, or other action shall be consistent with procedures adopted by the board pursuant to subdivision (d) and shall be based upon cleanup standards specified by the board or regional board.

(c) The board shall provide funding to a local agency which enters into an agreement pursuant to subdivision (b) for the reasonable costs incurred by the local agency in overseeing any cleanup, abatement, or other action taken by a responsible party to remedy the effects of unauthorized releases from underground storage tanks.

(d) The board shall adopt administrative and technical procedures, as part of the state policy for water quality control adopted pursuant to Section 13140 of the Water Code, for cleanup and abatement actions taken pursuant to this section. The procedures shall include, but not be limited to, all of the following:

(1) Guidelines as to which sites may be assigned to the local agency.

(2) The content of the agreements which may be entered into by the state board and the local agency.

(3) Procedures by which a responsible party may petition the board for review, pursuant to Article 2 (commencing with Section 13320) of Chapter 5 of Division 7 of the Water Code, actions or decisions of the local agency in implementing the cleanup, abatement, or other action.

(4) Protocols for assessing and recovering money from responsible parties for any reasonable and necessary costs incurred by the local agency in implementing this section, as specified in subdivision (i).

(5) Quantifiable measures to evaluate the outcome of a pilot program established pursuant to this section.

(e) Any agreement between the board and a local agency to carry out a local oversight program pursuant to this section shall require both of the following:

(1) The local agency shall establish and maintain accurate accounting records of all costs it incurs pursuant to this section and shall periodically make these records available to the board. The Controller may annually audit these records to verify the hourly oversight costs charged by a local agency. The board shall reimburse the Controller for the cost of the audits of a local agency's records conducted pursuant to this section.

(2) The board and the department shall make reasonable efforts to recover costs incurred pursuant to this section from responsible parties, and may pursue any available legal remedy for this purpose.

(f) The board shall develop a system for maintaining a data base for tracking expenditures of funds pursuant to this section, and shall make this data available to the Legislature upon request.

(g) (1) Sections 25355.5 and 25356 do not apply to expenditures from the Hazardous Substance Cleanup Fund for oversight of abatement of releases from underground storage tanks as part of the local oversight program established pursuant to this section.

(2) A local agency which enters into an agreement pursuant to subdivision (b), shall notify the responsible party, for any site subject to a cleanup, abatement, or other action taken pursuant to the local oversight program established pursuant to this section, that the responsible party is liable for not more than 150 percent of the total amount of site-specific oversight costs actually incurred by the local agency.

(h) Any aggrieved person may petition the board for review of the action or failure to act of a local agency, which enters into an

agreement pursuant to subdivision (b), at a site subject to cleanup, abatement, or other action conducted as part of the local oversight program established pursuant to this section, in accordance with the procedures adopted by the board pursuant to subdivision (d).

(i) (1) For purposes of this section, site-specific oversight costs include only the costs of the following activities, when carried out by technical program staff of a local agency and their immediate supervisors:

(A) Responsible party identification and notification.

(B) Site visits.

(C) Sampling activities.

(D) Meetings with responsible parties or responsible party consultants.

(E) Meetings with the regional board or with other affected agencies regarding a specific site.

(F) Review of reports, workplans, preliminary assessments, remedial action plans, or postremedial monitoring.

(G) Development of enforcement actions against a responsible party.

(H) Issuance of a closure document.

(2) The responsible party is liable for the site-specific oversight costs, calculated pursuant to paragraphs (3) and (4), incurred by a local agency, in overseeing any cleanup, abatement, or other action taken pursuant to this section to remedy an unauthorized release from an underground storage tank.

(3) Notwithstanding the requirements of any other provision of law, the amount of liability of a responsible party for the oversight costs incurred by the local agency and by the board and regional boards in overseeing any action pursuant to this section shall be calculated as an amount not more than 150 percent of the total amount of the site-specific oversight costs actually incurred by the local agency and shall not include the direct or indirect costs incurred by the board or regional boards.

(4) (A) The total amount of oversight costs for which a local agency may be reimbursed shall not exceed one hundred fifteen dollars ($115) per hour, multiplied by the total number of site-specific hours performed by the local agency.

(B) The total amount of the costs per site for administration and technical assistance to local agencies by the board and the regional board entering into agreements pursuant to subdivision (b) shall not exceed a combined total of thirty-five dollars ($35) for each hour of site-specific oversight. The board shall base its costs on the total hours of site-specific oversight work performed by all participating local agencies. The regional board shall base its costs on the total number of hours of site-specific oversight costs attributable to the local agency which received regional board assistance.

(C) The amounts specified in subparagraphs (A) and (B) are base rates for the 1990–91 fiscal year. Commencing July 1, 1991, and for each fiscal year thereafter, the board shall adjust the base rates

annually to reflect increases or decreases in the cost of living during the prior fiscal year, as measured by the implicit price deflator for state and local government purchases of goods and services, as published by the United States Department of Commerce or by a successor agency of the federal government.

(5) In recovering costs from responsible parties for costs incurred under this section, the local agency shall prorate any costs identifiable as startup costs over the expected number of cases which the local agency will oversee during a 10-year period. A responsible party who has been assessed startup costs for the cleanup of any unauthorized release which, as of January 1, 1991, is the subject of oversight by a local agency, shall receive an adjustment by the local agency in the form of a credit, for the purposes of cost recovery. Startup costs include all of the following expenses:

(A) Small tools, safety clothing, cameras, sampling equipment, and other similar articles necessary to investigate or document pollution.

(B) Office furniture.

(C) Staff assistance needed to develop computer tracking of financial and site-specific records.

(D) Training and setup costs for the first six months of the local agency program.

(6) This subdivision does not apply to costs which are required to be recovered pursuant to Article 7.5 (commencing with Section 25385) of Chapter 6.8.

SEC. 2. Section 25299.60 of the Health and Safety Code is amended to read:

25299.60. (a) Any costs incurred and payable from the fund pursuant to subdivisions (c), (e), and (h) of Section 25299.51 shall be recovered by the Attorney General, upon request of the board, from the owner or operator of the underground storage tank which released the petroleum and which is the subject of these costs.

(b) The liability of an owner or operator shall be the full and total costs specified in subdivision (a) if the owner or operator has not complied with the requirements of Article 3 (commencing with Section 25299.30) or Article 4 (commencing with Section 25299.36).

(c) The amount of costs determined pursuant to this section shall be recoverable in a civil action. This section does not deprive a party of any defense the party may have.

(d) Moneys recovered by the Attorney General pursuant to this section shall be deposited in the fund.

SEC. 3. Section 25299.79 is added to the Health and Safety Code, to read:

25299.79. The costs specified in subdivision (d) of Section 25299.51 are not recoverable pursuant to this article.

CHAPTER 1575

An act to add Chapter 2.8 (commencing with Section 53395) to Part 1 of Division 2 of Title 5 of the Government Code, relating to infrastructure financing districts.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.8 (commencing with Section 53395) is added to Part 1 of Division 2 of Title 5 of the Government Code, to read:

CHAPTER 2.8. INFRASTRUCTURE FINANCING DISTRICTS

Article 1. General Provisions

53395. (a) The Legislature finds and declares that the state and federal governments have withdrawn in whole or in part from their former role in financing major, regional, or communitywide infrastructure, including highways and interchanges, sewage treatment and water reclamation works, water supply and treatment works, flood control and drainage works, schools, libraries, parks, and open space.

(b) The Legislature further finds and declares that the methods available to local agencies to finance public works often place an undue and unfair burden on buyers of new homes, especially for public works that benefit the broader community.

(c) The Legislature further finds and declares that the absence of practical and equitable methods for financing both regional and local public works leads to a declining standard of public works, a reduced quality of life for affected citizens, increased objection to otherwise desirable development, and excessive costs for homebuyers.

(d) The Legislature further finds and declares that it is equitable and in the public interest to provide alternative procedures for financing public works and services needed to meet the needs of new housing and other development projects.

53395.1. Unless the context otherwise requires, the definitions contained in this article shall govern the construction of this chapter.

(a) "Affected taxing entity" means any governmental taxing agency which levied or had levied on its behalf a property tax on all or a portion of the property located in the proposed district in the fiscal year prior to the designation of the district, but not including any county office of education, school district, or community college district.

(b) "City" means a city, a county, or a city and county.

(c) "Debt" means any binding obligation to repay a sum of

money, including obligations in the form of bonds, certificates of participation, long-term leases, loans from government agencies, or loans from banks, other financial institutions, private businesses, or individuals.

(d) "Designated official" means the city engineer or other appropriate official designated pursuant to Section 53395.13.

(e) "District" means an infrastructure financing district.

(f) "Infrastructure financing district" means a legally constituted governmental entity established pursuant to this chapter for the sole purpose of financing public facilities.

(g) "Landowner" or "owner of land" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of the land by the legislative body. The legislative body has no obligation to obtain other information as to the ownership of land, and its determination of ownership shall be final and conclusive for the purposes of this chapter. A public agency is not a landowner or owner of land for purposes of this chapter.

(h) "Legislative body" means the city council or board of supervisors.

53395.2. (a) The revenues available pursuant to Article 3 (commencing with Section 53396) may be used directly for work allowed pursuant to Section 53395.3, may be accumulated for a period not to exceed five years to provide a fund for that work, may be pledged to pay the principal of, and interest on, bonds issued pursuant to Article 4 (commencing with Section 53397), or may be pledged to pay the principal of, and interest on, bonds issued pursuant to the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code) or the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311)), the proceeds of which have been or will be used entirely for allowable purposes of the district. The revenue of the district may also be advanced for allowable purposes of the district to an Integrated Financing District established pursuant to Chapter 1.5 (commencing with Section 53175), in which case the district may be party to a reimbursement agreement established pursuant to that chapter. The revenues of the district may also be committed to paying for any completed public facility acquired pursuant to Section 53395.3 over a period of time, including the payment of a rate of interest not to exceed the bond buyer index rate on the day that the agreement to repay is entered into by the city.

(b) The legislative body may enter into an agreement with any affected taxing entity providing for the construction of, or assistance in, financing public facilities.

53395.3. (a) A district may finance (1) the purchase, construction, expansion, improvement, or rehabilitation of any real or other tangible property with an estimated useful life of 15 years or longer which satisfies the requirements of subdivision (b), (2) may finance planning and design work which is directly related to

the purchase, construction, expansion, or rehabilitation of that property and (3) the costs described in Sections 53395.5, and 53396.5. A district may only finance the purchase of facilities for which construction has been completed, as determined by the legislative body. The facilities need not be physically located within the boundaries of the district. A district may not finance routine maintenance, repair work, or the costs of ongoing operation or providing services of any kind.

(b) The district shall finance only public capital facilities of communitywide significance, which provide significant benefits to an area larger than the area of the district, including, but not limited to, all of the following:

(1) Highways, interchanges, ramps and bridges, arterial streets, and transit facilities.

(2) Sewage treatment and water reclamation plants and interceptor pipes.

(3) Facilities for the collection and treatment of water for urban uses.

(4) Flood control levees and dams, retention basins, and drainage channels.

(5) Child care facilities.

(6) Libraries.

(7) Parks, recreational facilities, and open space.

(8) Facilities for the transfer and disposal of solid waste, including transfer stations and vehicles.

(c) Any district which constructs dwelling units shall set aside not less than 20 percent of those units to increase and improve the community's supply of low- and moderate-income housing available at an affordable housing cost, as defined by Section 50052.5 of the Health and Safety Code, to persons and families of low- and moderate-income, as defined in Section 50093 of the Health and Safety Code.

53395.4. (a) A district may not include any portion of a redevelopment project area which is or has been previously created pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, whether the creation is or was proper or improper. A redevelopment project area may not include any portion of a district created pursuant to this chapter.

(b) A district may finance only the facilities or services authorized in this chapter to the extent that the facilities or services are in addition to those provided in the territory of the district before the district was created. The additional facilities or services may not supplant facilities or services already available within that territory when the district was created but may supplement those facilities and services as needed to serve new developments.

(c) A district may include areas which are not contiguous.

53395.5. It is the intent of the Legislature that the area of the districts created be substantially undeveloped, and the establishment of a district should not ordinarily lead to the removal of existing

dwelling units. If, however, any dwelling units are proposed to be removed or destroyed in the course of private development or public works construction within the area of the district, the legislative body shall do all of the following:

(a) Within four years of the removal or destruction, cause or require the construction or rehabilitation, for rental or sale to persons or families of low or moderate income, of an equal number of replacement dwelling units at affordable housing cost, as defined in Section 50052.5 of the Health and Safety Code, within the territory of the district if the dwelling units removed were inhabited by persons or families of low or moderate income, as defined in Section 50093 of the Health and Safety Code.

(b) Within four years of the removal or destruction, cause or require the construction or rehabilitation, for rental or sale to persons of low or moderate income, a number of dwelling units which is at least one unit but not less than 20 percent of the total dwelling units removed at affordable housing cost, as defined in Section 50052.5 of the Health and Safety Code, within the territory of the district if the dwelling units removed or destroyed were not inhabited by persons of low or moderate income, as defined in Section 50093 of the Health and Safety Code.

(c) Provide relocation assistance and make all the payments required by Chapter 16 (commencing with Section 7260) of Division 7 of Title 1, to persons displaced by any public or private development occurring within the territory of the district. This displacement shall be deemed to be the result of public action.

(d) Ensure that removal or destruction of any dwelling units occupied by persons or families of low or moderate income not take place unless and until there are suitable housing units, at comparable cost to the units from which the persons or families were displaced, available and ready for occupancy by the residents of the units at the time of their displacement. The housing units shall be suitable to the needs of these displaced persons or families and shall be decent, safe, sanitary, and otherwise standard dwellings.

53395.6. Any action or proceeding to attack, review, set aside, void, or annul the creation of a district, adoption of an infrastructure financing plan, including a division of taxes thereunder, or an election pursuant to this chapter shall be commenced within 30 days after the enactment of the ordinance creating the district pursuant to Section 53395.23. Consistent with the time limitations of this section, such an action or proceeding with respect to a division of taxes under this chapter may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure, except that Section 869 of the Code of Civil Procedure shall not apply.

53395.7. An action to determine the validity of the issuance of bonds pursuant to this chapter may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. However, notwithstanding the time limits

specified in Section 860 of the Code of Civil Procedure, the action shall be commenced within 30 days after adoption of the resolution pursuant to Section 53397.6 providing for issuance of the bonds if the action is brought by an interested person pursuant to Section 863 of the Code of Civil Procedure. Any appeal from a judgment in that action or proceeding shall be commenced within 30 days after entry of judgment.

53395.8. An infrastructure financing district is a "district" within the meaning of Section 1 of Article XIII A of the California Constitution.

Article 2. Preparation and Adoption of Infrastructure Financing Plans

53395.10. A legislative body of a city may designate one or more proposed infrastructure financing districts pursuant to this chapter. Proceedings for the establishment of a district shall be instituted by the adoption of a resolution of intention to establish the proposed district and shall do all of the following:

(a) State that an infrastructure financing district is proposed to be established under the terms of this chapter and describe the boundaries of the proposed district, which may be accomplished by reference to a map on file in the office of the clerk of the city.

(b) State the type of public facilities proposed to be financed by the district. The district may only finance public facilities authorized by Section 53395.3.

(c) State that incremental property tax revenue from the city and some or all affected taxing entities within the district may be used to finance these public facilities.

(d) Fix a time and place for a public hearing on the proposal.

53395.11. The legislative body shall direct the clerk to mail a copy of the resolution of intention to create the district to each owner of land within the district.

53395.12. The legislative body shall direct the clerk to mail a copy of the resolution to each affected taxing entity.

53395.13. After adopting the resolution pursuant to Section 53395.10, the legislative body shall designate and direct the city engineer or other appropriate official to prepare an infrastructure plan pursuant to Section 53395.14.

53395.14. After receipt of a copy of the resolution of intention to establish a district, the official designated pursuant to Section 53395.13 shall prepare a proposed infrastructure financing plan. The infrastructure financing plan shall be consistent with the general plan of the city within which the district is located and shall include all of the following:

(a) A map and legal description of the proposed district, which may include all or a portion of the district designated by the legislative body in its resolution of intention.

(b) A description of the public facilities required to serve the

development proposed in the area of the district including those to be provided by the private sector, those to be provided by governmental entities without assistance under this chapter, those public improvements and facilities to be financed with assistance from the proposed district, and those to be provided jointly. The description shall include the proposed location, timing, and costs of the public improvements and facilities.

(c) A finding that the public facilities are of communitywide significance and provide significant benefits to an area larger than the area of the district.

(d) A financing section, which shall contain all of the following information:

(1) A specification of the maximum portion of the incremental tax revenue of the city and of each affected taxing entity proposed to be committed to the district for each year during which the district will receive incremental tax revenue. The portion need not be the same for all affected taxing entities. The portion may change over time.

(2) A projection of the amount of tax revenues expected to be received by the district in each year during which the district will receive tax revenues, including an estimate of the amount of tax revenues attributable to each affected taxing entity for each year.

(3) A plan for financing the public facilities to be assisted by the district, including a detailed description of any intention to incur debt.

(4) A limit on the total number of dollars of taxes which may be allocated to the district pursuant to the plan.

(5) A date on which the district will cease to exist, by which time all tax allocation to the district will end. The date shall not be more than 30 years from the date on which the ordinance forming the district is adopted pursuant to Section 53395.23.

(6) An analysis of the costs to the city of providing facilities and services to the area of the district while the area is being developed and after the area is developed. The plan shall also include an analysis of the tax, fee, charge, and other revenues expected to be received by the city as a result of expected development in the area of the district.

(7) An analysis of the projected fiscal impact of the district and the associated development upon each affected taxing entity.

(e) If any dwelling units occupied by persons or families of low or moderate income are proposed to be removed or destroyed in the course of private development or public works construction within the area of the district, a plan providing for replacement of those units and relocation of those persons or families consistent with the requirements of Section 53395.5.

53395.15. The infrastructure financing plan shall be sent to each owner of land within the proposed district and to each affected taxing entity together with any report required by the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) that pertains to the proposed

public facilities or the proposed development project for which the public facilities are needed, and shall be made available for public inspection. The report shall also be sent to the planning commission and the legislative body.

53395.16. The designated official shall consult with each affected taxing entity, and, at the request of any affected taxing entity, shall meet with representatives of an affected taxing entity. Any affected taxing entity may suggest revisions to the plan.

53395.17. The legislative body shall conduct a public hearing prior to adopting the proposed infrastructure financing plan. The public hearing shall be called no sooner than 60 days after the plan has been sent to each affected taxing entity. In addition to the notice given to landowners and affected taxing entities pursuant to Sections 53395.11 and 53395.12, notice of the public hearing shall be given by publication not less than once a week for four successive weeks in a newspaper of general circulation published in the city in which the proposed district is located. The notice shall state that the district will be used to finance public works, briefly describe the public works, briefly describe the proposed financial arrangements, including the proposed commitment of incremental tax revenue, describe the boundaries of the proposed district and state the day, hour, and place when and where any persons having any objections to the proposed infrastructure financing plan, or the regularity of any of the prior proceedings, may appear before the legislative body and object to the adoption of the proposed plan by the legislative body.

53395.18. At the hour set in the required notices, the legislative body shall proceed to hear and pass upon all written and oral objections. The hearing may be continued from time to time. The legislative body shall consider the recommendations, if any, of affected taxing entities, and all evidence and testimony for and against the adoption of the plan. The legislative body may modify the plan by eliminating or reducing the size and cost of proposed public works, by reducing the amount of proposed debt, or by reducing the portion, amount, or duration of incremental tax revenues to be committed to the district.

53395.19. (a) The legislative body shall not enact a resolution proposing formation of a district and providing for the division of taxes of any affected taxing entity pursuant to Article 3 (commencing with Section 53396) unless a resolution approving the plan has been adopted by the governing body of each affected taxing entity which is proposed to be subject to division of taxes pursuant to Article 3 (commencing with Section 53396) has been filed with the legislative body at or prior to the time of the hearing.

(b) Nothing in this section shall be construed to prevent the legislative body from amending its infrastructure financing plan and adopting a resolution proposing formation of the infrastructure financing district without allocation of the tax revenues of any affected taxing entity which has not approved the infrastructure financing plan by resolution of the governing body of the affected

taxing entity.

53395.20. (a) At the conclusion of the hearing, the legislative body may adopt a resolution proposing adoption of the infrastructure financing plan, as modified, and formation of the infrastructure financing district in a manner consistent with Section 53395.19, or it may abandon the proceedings. If the legislative body adopts a resolution proposing formation of the district, it shall then submit the proposal to create the district to the qualified electors of the proposed district in the next general election or in a special election to be held, notwithstanding any other requirement, including any requirement that elections be held on specified dates, contained in the Elections Code, at least 90 days, but not more than 180 days, following the adoption of the resolution of formation. The legislative body shall provide the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the district, and a sufficient description to allow the election official to determine the boundaries of the district to the official conducting the election within three business days after the adoption of the resolution of formation. The assessor's parcel numbers for the land within the district shall be included if it is a landowner election or the district does not conform to an existing district's boundaries and if requested by the official conducting the election. If the election is to be held less than 125 days following the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required. However, any time limit specified by this section or requirement pertaining to the conduct of the election may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election.

(b) If at least 12 persons have been registered to vote within the territory of the proposed district for each of the 90 days preceding the close of the hearing, the vote shall be by the registered voters of the proposed district, who need not necessarily be the same persons, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner who is the owner of record at the close of the protest hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed district. The number of votes to be voted by a particular landowner shall be specified on the ballot provided to that landowner.

(c) Ballots for the special election authorized by subdivision (a) may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing of ballots by an affidavit, which shall be exclusive proof of mailing in the absence of fraud. The voted ballots shall be returned to the election officer conducting the election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

53395.21. (a) Except as otherwise provided in this chapter, the provisions of law regulating elections of the local agency that calls an election pursuant to this chapter, insofar as they may be applicable, shall govern all elections conducted pursuant to this chapter. Except as provided in subdivision (b), there shall be prepared and included in the ballot material provided to each voter, an impartial analysis pursuant to Section 3781 or 5011 of the Elections Code, arguments and rebuttals, if any, pursuant to Sections 3782 to 3787, inclusive, and 3795 of the Elections Code or pursuant to Sections 5012 to 5016, inclusive, and 5025 of the Elections Code.

(b) If the vote is to be by the landowners of the proposed district, analysis and arguments may be waived with the unanimous consent of all the landowners and shall be so stated in the order for the election.

53395.22. (a) If the election is to be conducted by mail ballot, the election official conducting the election shall provide ballots and election materials pursuant to subdivision (d) of Section 53326 and Section 53327, together with all supplies and instructions necessary for the use and return of the ballot.

(b) The identification envelope for return of mail ballots used in landowner elections shall contain the following:

(1) The name of the landowner.

(2) The address of the landowner.

(3) A declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope.

(4) The printed name and signature of the voter.

(5) The address of the voter.

(6) The date of signing and place of execution of the declaration pursuant to paragraph (3).

(7) A notice that the envelope contains an official ballot and is to be opened only by the canvassing board.

53395.23. After the canvass of returns of any election pursuant to Section 53395.20, the legislative body may, by ordinance, adopt the infrastructure financing plan and create the district with full force and effect of law, if two-thirds of the votes upon the question of creating the district are in favor of creating the district.

53395.24. After the canvass of returns of any election conducted pursuant to Section 53395.20, the legislative body shall take no further action with respect to the proposed infrastructure financing district for one year from the date of the election if the question of creating the district fails to receive approval by two-thirds of the votes cast upon the question.

53395.25. The legislative body may submit a proposition to establish or change the appropriations limit, as defined by subdivision (h) of Section 8 of Article XIII B of the California Constitution, of a district to the qualified electors of a proposed or established district. The proposition establishing or changing the

appropriations limit shall become effective if approved by the qualified electors voting on the proposition and shall be adjusted for changes in the cost of living and changes in populations, as defined by subdivisions (b) and (c) of Section 7901, except that the change in population may be estimated by the legislative body in the absence of an estimate by the Department of Finance, and in accordance with Section 1 of Article XIII B of the California Constitution. For purposes of adjusting for changes in population, the population of the district shall be deemed to be at least one person during each calendar year. Any election held pursuant to this section may be combined with any election held pursuant to Section 53395.20 in any convenient manner.

Article 3. Division of Taxes

53396. Any infrastructure financing plan may contain a provision that taxes, if any, levied upon taxable property in the area included within the infrastructure financing district each year by or for the benefit of the State of California, or any affected taxing entity after the effective date of the ordinance adopted pursuant to Section 53395.23 to create the district, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the affected taxing entities upon the total sum of the assessed value of the taxable property in the district as shown upon the assessment roll used in connection with the taxation of the property by the affected taxing entity, last equalized prior to the effective date of the ordinance adopted pursuant to Section 53395.23 to create the district, shall be allocated to, and when collected shall be paid to, the respective affected taxing entities as taxes by or for the affected taxing entities on all other property are paid.

(b) That portion of the levied taxes each year specified in the adopted infrastructure financing plan for the city and each affected taxing entity which has agreed to participate pursuant to Section 53395.19 in excess of the amount specified in subdivision (a) shall be allocated to, and when collected shall be paid into a special fund of, the district for all lawful purposes of the district. Unless and until the total assessed valuation of the taxable property in a district exceeds the total assessed value of the taxable property in the district as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the district shall be paid to the respective affected taxing entities. When the district ceases to exist pursuant to the adopted infrastructure financing plan, all moneys thereafter received from taxes upon the taxable property in the district shall be paid to the respective affected taxing entities as taxes on all other property are paid.

53396.5. All costs incurred by a county in connection with the division of taxes pursuant to Section 53396 for a district shall be paid

by that district.

Article 4. Tax Increment Bonds

53397.1. The legislative body may, by majority vote, initiate proceedings to issue bonds pursuant to this chapter by adopting a resolution stating its intent to issue the bonds.

53397.2. The resolution adopted pursuant to Section 53397.1 shall contain all of the following information:

(a) A description of the facilities to be financed with the proceeds of the proposed bond issue.

(b) The estimated cost of the facilities, the estimated cost of preparing and issuing the bonds, and the principal amount of the proposed bond issuance.

(c) The maximum interest rate and discount on the proposed bond issuance.

(d) The date of the election on the proposed bond issuance and the manner of holding the election.

(e) A determination of the amount of tax revenue available or estimated to be available, for the payment of the principal of, and interest on, the bonds.

(f) A finding that the amount necessary to pay the principal of, and interest on, the proposed bond issuance will be less than, or equal to, the amount determined pursuant to subdivision (e).

53397.4. The clerk of the legislative body shall publish the resolution adopted pursuant to Section 53397.1 once a day for at least seven successive days in a newspaper published in the city or county at least six days a week, or at least once a week for two successive weeks in a newspaper published in the city or county less than six days a week.

If there are no newspapers meeting these criteria, the resolution shall be posted in three public places within the territory of the district for two succeeding weeks.

53397.5. The legislative body shall submit the proposal to issue the bonds to the voters who reside within the district. The election shall be conducted in the same manner as the election to create the district pursuant to Section 53395.20 and the two elections may be consolidated.

53397.6. (a) The bonds may be issued if two-thirds of the voters voting on the proposition vote in favor of issuing the bonds.

(b) If the voters approve the issuance of the bonds as provided by subdivision (a), the legislative body shall proceed with the issuance of the bonds by adopting a resolution which shall provide for all of the following:

(1) The issuance of the bonds in one or more series.

(2) The principal amount of the bonds, which shall be consistent with the amount specified in subdivision (b) of Section 53397.2.

(3) The date the bonds will bear.

(4) The date of maturity of the bonds.

(5) The denomination of the bonds.
(6) The form of the bonds.
(7) The manner of execution of the bonds.
(8) The medium of payment in which the bonds are payable.
(9) The place or manner of payment and any requirements for registration of the bonds.
(10) The terms of call or redemption, with or without premium.

53397.7. If any proposition submitted to the voters pursuant to this chapter is defeated by the voters, the legislative body shall not submit, or cause to be submitted, a similar proposition to the voters for at least one year after the first election.

53397.8. The legislative body may, by majority vote, provide for refunding of bonds issued pursuant to this chapter. However, refunding bonds shall not be issued if the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds exceeds the total net interest cost to maturity on the bonds to be refunded. The legislative body may not extend the time to maturity of the bonds.

53397.9. The legislative body or any person executing the bonds shall not be personally liable on the bonds by reason of their issuance. The bonds and other obligations of a district issued pursuant to this chapter are not a debt of the city, county, or state or of any of its political subdivisions, other than the district, and none of those entities, other than the district, shall be liable on the bonds and the bonds or obligations shall be payable exclusively from funds or properties of the district. The bonds shall contain a statement to this effect on their face. The bonds do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation.

53397.10. The bonds may be sold at discount not to exceed 5 percent of par at public sale. At least five days prior to the sale, notice shall be published, pursuant to Section 6061, in a newspaper of general circulation and in a financial newspaper published in the City and County of San Francisco and in the City of Los Angeles. The bonds may be sold at not less than par to the federal government at private sale without any public advertisement.

53397.11. If any member of the legislative body whose signature appears on bonds ceases to be a member of the legislative body before delivery of the bonds, his or her signature is as effective as if he or she had remained in office. Bonds issued pursuant to this chapter are fully negotiable.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1576

An act to amend Sections 11614 and 11713.1 of the Vehicle Code, relating to occupational licensing.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 11614 of the Vehicle Code is amended to read:

11614. No lessor-retailer licensed under this chapter shall do any of the following in connection with any activity for which this license is required:

(a) Make or disseminate, or cause to be made or disseminated, before the public in this state, in any newspaper or other publication, or any advertising device, or by oral representation, or in any other manner or means whatever, any statement which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or make or disseminate, or cause to be so disseminated, any statement as part of a plan or scheme with the intent not to sell any vehicle or sell service so advertised at the price stated therein, or as so advertised.

(b) Advertise or offer for sale in any manner, any vehicle not actually for sale at the premises of the lessor-retailer or available within a reasonable time to the lessor-retailer at the time of the advertisement or offer.

(c) Fail within 48 hours to give, in writing, notification to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) Advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(e) Advertise the total price of a vehicle without including all costs to the purchaser at the time of delivery at the lessor-retailer's premises, except sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance fees not exceeding twenty-five dollars ($25) pursuant to any statute, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed thirty-five dollars ($35).

(f) Fail to disclose, in the newspaper display advertisement of a vehicle for sale, that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, or any dealer documentary preparation charge.

For purposes of this subdivision, "newspaper display

advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(g) Advertise or otherwise represent, or knowingly allow to be advertised or represented on the lessor-retailer's behalf or at the lessor-retailer's place of business, that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(h) Refuse to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, finance charges, certificate of compliance or noncompliance pursuant to any statute, and any dealer documentary preparation charge, which charges shall not exceed thirty-five dollars ($35) for the documentary preparation charge and twenty-five dollars ($25) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold or unleased, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(i) Engage in the business for which the licensee is licensed without having in force and effect a bond required by Section 11612.

(j) Engage in the business for which the lessor-retailer is licensed without at all times maintaining a principal place of business and any branch office location required by this chapter.

(k) Permit the use of the lessor-retailer license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of vehicles required to be registered under this code, or permit the use of the lessor-retailer license, supplies, or books to operate a branch office location to be used by any other person, if, in either situation, the licensee has no financial or equitable interest or investment in the vehicles sold by, or the business of, or branch office location used by, the person, or has no interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the lessor-retailer license, supplies, or books to engage in the sale of vehicles.

(*l*) Violate any provision of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

(m) Represent the dealer documentary preparation charge, or certificate of compliance or noncompliance fee, as a governmental fee.

(n) Advertise free merchandise, gifts, or services provided by a lessor-retailer contingent on the purchase of a vehicle. "Free" includes merchandise or services offered for sale at a price less than the lessor-retailer's cost of the merchandise or services.

(o) Advertise vehicles and related goods or services with the intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(p) Use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle.

(q) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(r) Misrepresent the authority of a representative or agent to negotiate the final terms of a transaction.

(s) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(t) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(u) Advertise any underselling claim, such as "we have the lowest prices" or "we will beat any dealer's price," unless the lessor-retailer has conducted a recent survey showing that the lessor-retailer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

SEC. 1.5. Section 11614 of the Vehicle Code is amended to read:

11614. No lessor-retailer licensed under this chapter shall do any of the following in connection with any activity for which this license is required:

(a) Make or disseminate, or cause to be made or disseminated, before the public in this state, in any newspaper or other publication, or any advertising device, or by oral representation, or in any other manner or means whatever, any statement which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or make or disseminate, or cause to be so disseminated, any statement as part of a plan or scheme with the intent not to sell any vehicle or sell service so advertised at the price stated therein, or as so advertised.

(b) Advertise or offer for sale in any manner, any vehicle not actually for sale at the premises of the lessor-retailer or available within a reasonable time to the lessor-retailer at the time of the advertisement or offer.

(c) Fail within 48 hours to give, in writing, notification to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) Advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(e) Advertise the total price of a vehicle without including all costs to the purchaser at the time of delivery at the lessor-retailer's

CHAPTER 1578

An act to amend Section 340.1 of the Code of Civil Procedure, relating to commencement of actions.

[Approved by Governor September 29, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.1 of the Code of Civil Procedure is amended to read:

340.1. (a) In any civil action for recovery of damages suffered as a result of childhood sexual abuse, the time for commencement of the action shall be within eight years of the date the plaintiff attains the age of majority or within three years of the date the plaintiff discovers or reasonably should have discovered that psychological injury or illness occurring after the age of majority was caused by the sexual abuse, whichever occurs later.

(b) "Childhood sexual abuse" as used in this section includes any act committed by the defendant against the plaintiff which act occurred when the plaintiff was under the age of 18 years and which

act would have been proscribed by Section 266j of the Penal Code; Section 285 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 286 of the Penal Code; subdivision (a) or (b) of Section 288 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 288a of the Penal Code; subdivision (h), (i), or (j) of Section 289 of the Penal Code; Section 647.6 of the Penal Code; or any prior laws of this state of similar effect at the time the act was committed.

(c) Nothing in this section shall be construed to alter the otherwise applicable burden of proof, as defined in Section 115 of the Evidence Code, which a plaintiff has in a civil action subject to this section.

(d) Every plaintiff 26 years of age or older at the time the action is filed shall file certificates of merit as specified in subdivision (e).

(e) Certificates of merit shall be executed by the attorney for the plaintiff and by a licensed mental health practitioner selected by the plaintiff declaring, respectively, as follows, setting forth the facts which support the declaration:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one licensed mental health practitioner who is licensed to practice and practices in this state and who the attorney reasonably believes is knowledgeable of the relevant facts and issues involved in the particular action, and that the attorney has concluded on the basis of that review and consultation that there is reasonable and meritorious cause for the filing of the action. The person consulted may not be a party to the litigation.

(2) That the mental health practitioner consulted is licensed to practice and practices in this state and is not a party to the action, has interviewed the plaintiff and is knowledgeable of the relevant facts and issues involved in the particular action, and has concluded, on the basis of his or her knowledge of the facts and issues, that in his or her professional opinion there is a reasonable basis to believe that the plaintiff had been subject to childhood sexual abuse.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificates required by paragraphs (1) and (2) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificates required by paragraphs (1) and (2) shall be filed within 60 days after filing the complaint.

(f) Where certificates are required pursuant to subdivision (d), separate certificates shall be filed for each defendant named in the complaint.

(g) A complaint filed pursuant to subdivision (d) may not name the defendant or defendants until the court has reviewed the certificates of merit filed pursuant to subdivision (e) and has found, in camera, based solely on those certificates of merit, that there is reasonable and meritorious cause for the filing of the action. At that

time, the complaint may be amended to name the defendant or defendants. The duty to give notice to the defendant or defendants shall not attach until that time.

(h) A violation of this section may constitute unprofessional conduct and may be the grounds for discipline against the attorney.

(i) The failure to file certificates in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(j) Upon the favorable conclusion of the litigation with respect to any defendant for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the court may, upon the motion of a party or upon the court's own motion, verify compliance with this section by requiring the attorney for the plaintiff who was required by subdivision (e) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (e) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in an in camera proceeding at which the moving party shall not be present. If the court finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees, incurred by the defendant for whom a certificate of merit should have been filed.

(k) The amendments to this section enacted at the 1990 portion of the 1989–90 Regular Session shall apply to any action commenced on or after January 1, 1991.

(*l*) Nothing in the amendments specified in subdivision (k) shall be construed to preclude the courts from applying equitable exceptions to the running of the applicable statute of limitations, including exceptions relating to delayed discovery of injuries, with respect to actions commenced prior to January 1, 1991.

CHAPTER 1579

An act to add Section 1226.5 to the Health and Safety Code, relating to seismic safety.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1581

An act to add Sections 222.35, 222.36, 222.37, and 222.38 to, to repeal and add Title 5 (commencing with Section 275) of, and to add Title 6 (commencing with Section 276) to, Part 3 of Division 1 of the Civil Code, relating to child care.

[Approved by Governor September 29, 1990 Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 222.35 is added to the Civil Code, to read:

222.35. Whenever a child is being considered for adoption, the following order of placement preferences regarding racial background or ethnic identification shall be used, subject to the provisions of this section, in determining the adoptive setting in which the child should be placed:

(a) In the home of a relative.

(b) If a relative is not available, or if placement with available

relatives is not in the child's best interest, with an adoptive family with the same racial background or ethnic identification as the child. If the child has a mixed racial or ethnic background, placement shall be made with a family of the racial or ethnic group with which the child has the more significant contacts.

(c) If placement cannot be made under the rules set forth in this section within 90 days from the time the child is relinquished for adoption or has been declared free from parental custody or control, the child is free for adoption with a family of a different racial background or ethnic identification where there is evidence of sensitivity to the child's race, ethnicity, and culture. The child's religious background shall also be considered in determining an appropriate placement. A child may not be free for adoption with a family of a different racial background or ethnic identification pursuant to this subdivision however, unless it can be documented that a diligent search meeting the requirements of Section 222.37 for a family meeting the placement criteria has been accomplished.

SEC. 2. Section 222.36 is added to the Civil Code, to read:

222.36. A determination of good cause not to follow the rules set forth in Section 222.35 may be based on one or more of the following considerations:

(a) Request of the parent or parents.

(b) The extraordinary physical or emotional needs of the child.

(c) The child is legally free for adoption for a period exceeding 90 days during which a diligent search was conducted, and no family meeting the placement preference criteria is available for placement. Documentation shall be necessary in order to make a finding of good cause under this section.

(d) Application of these rules would not be in the best interests of the child.

SEC. 3. Section 222.37 is added to the Civil Code, to read:

222.37. Every public or private agency shall maintain records for the placement of each child to show that a diligent search has been conducted for families meeting the criteria of Section 222.35, and in accordance with diligent search rules which shall be adopted by the department. In conducting a diligent search, each agency shall use all appropriate resources, as necessary, in a directed effort to recruit a family meeting the placement preference criteria through (a) the use of all appropriate intra-agency and interagency, state, regional, and national exchanges and listing books, (b) child-specific recruitment in electronic and printed media coverage, and (c) the use of agency contacts with parent groups to advocate for specific waiting children.

Records of agencies maintained pursuant to this section may be reviewed upon request by the state department.

SEC. 4. Section 222.38 is added to the Civil Code, to read:

222.38. Sections 222.35 to 222.37, inclusive, shall be applicable only in determining the placement of a child who has been relinquished for adoption or has been declared free from the custody

and control of the parents.

SEC. 5. Title 5 (commencing with Section 275) of Part 3 of Division 1 of the Civil Code is repealed.

SEC. 6. Title 5 (commencing with Section 275) is added to Part 3 of Division 1 of the Civil Code, to read:

TITLE 5. PRIORITIES FOR FOSTER CARE PLACEMENT

275. With full consideration for the proximity of the natural parents to the placement so as to facilitate visitation and family reunification, whenever a child is being considered for placement in foster care, the following order of placement preference regarding racial or ethnic background shall be used, except where application of these priorities would not be in the best interests of the child:

(a) Placement shall, if possible, be made in the home of a relative. Diligent efforts shall be made to locate an appropriate relative. Before any child may be placed in long-term foster care, each relative whose name has been submitted to the agency as a possible caretaker, either by himself or herself or by other persons, shall be evaluated as an appropriate placement resource.

(b) If a relative is not available after 30 days from the time the child comes under the jurisdiction of the juvenile court, or if placement with available relatives is not in the child's best interest, placement shall be made with a foster parent with the same racial or ethnic identification as the child. If the child has a mixed racial or ethnic background, placement shall be made with a family of the racial or ethnic group with which the child has the more significant contacts.

(c) If placement cannot be made under the rules set forth herein, placement shall be made with a family of a different racial background or ethnic identification where there is evidence of sensitivity to the child's race, ethnicity, and culture. The child's religious background shall also be considered in determining an appropriate placement.

(d) Nothing in this section shall be construed as precluding either of the following:

(1) A search for an appropriate relative being conducted simultaneously with a search for a foster family.

(2) The child remaining at the same placement site while the search for an appropriate relative or foster family is being conducted.

275.1. A determination of good cause not to follow the rules set forth in Section 275 may be based on one or more of the following considerations:

(a) Request of the parent or parents.

(b) The extraordinary physical or emotional needs of the child.

(c) The unavailability of suitable parents for placement after a diligent search has been completed for families meeting the preference criteria.

275.2. Every public or private agency is encouraged to maintain

records for the placement of each child to show that a diligent search has been conducted for families meeting the criteria of this title, and in accordance with preference of placement criteria established by the State Department of Social Services.

Records of agencies maintained pursuant to this section may be reviewed upon request by the state department.

275.3. This title shall not apply in determining the foster care setting in which the child may be placed for a period not intended to exceed 30 days.

275.4. Any minor 10 years of age or older being considered for placement in a foster home shall have the right to make a brief statement to the court making a decision on placement. The court may disregard any preferences expressed by the minor. The minor's right to make a statement shall not be limited to the initial placement, but shall continue for any proceedings concerning continued placement or a decision to return to parental custody.

SEC. 7. Title 6 (commencing with Section 276) is added to Part 3 of Division 1 of the Civil Code, to read:

TITLE 6. PRIORITIES FOR ADOPTION

276. Whenever a child is being considered for adoption, the following order of placement preferences regarding racial background or ethnic identification shall be used, subject to the provisions of this title, in determining the adoptive setting in which the child should be placed:

(a) In the home of a relative.

(b) If a relative is not available, or if placement with available relatives is not in the child's best interest, with an adoptive family with the same racial background or ethnic identification as the child. If the child has a mixed racial or ethnic background, placement shall be made with a family of the racial or ethnic group with which the child has the more significant contacts.

(c) If placement cannot be made under the rules set forth in this section within 90 days from the time the child is relinquished for adoption or has been declared free from parental custody or control, the child is free for adoption with a family of a different racial background or ethnic identification where there is evidence of sensitivity to the child's race, ethnicity, and culture. The child's religious background shall also be considered in determining an appropriate placement. A child may not be free for adoption with a family of a different racial background or ethnic identification pursuant to this subdivision however, unless it can be documented that a diligent search meeting the requirements of Section 276.2 for a family meeting the placement criteria has been accomplished.

276.1. A determination of good cause not to follow the rules set forth in Section 276 may be based on one or more of the following considerations:

(a) Request of the parent or parents.

(b) The extraordinary physical or emotional needs of the child.

(c) The child is legally free for adoption for a period exceeding 90 days during which a diligent search was conducted, and no family meeting the placement preference criteria is available for placement. Documentation shall be necessary in order to make a finding of good cause under this subdivision.

(d) Application of these rules would not be in the best interests of the child.

276.2. Every public or private agency shall maintain records for the placement of each child to show that a diligent search has been conducted for families meeting the criteria of this title, and in accordance with diligent search rules which shall be adopted by the State Department of Social Services. In conducting a diligent search, each agency shall use all appropriate resources, as necessary, in a directed effort to recruit a family meeting the placement preference criteria through (a) the use of all appropriate intra-agency and interagency, state, regional, and national exchanges and listing books, (b) child-specific recruitment in electronic and printed media coverage, and (c) the use of agency contacts with parent groups to advocate for specific waiting children.

Records of agencies maintained pursuant to this section may be reviewed upon request by the state department.

276.3. This title shall be applicable only in determining the placement of a child who has been relinquished for adoption or has been declared free from the custody and control of the parents.

SEC. 8. Sections 1, 2, 3, and 4 of this bill incorporate changes made to the Civil Code proposed by both this bill and AB 3532. SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. SEC. 22. Section 73686 of the Government Code is amended to read:

73686. Any officer or attaché of the court who receives a promotion to a position having an overlapping salary range shall be placed upon the step of the new salary range consistent with the Fresno County Salary Resolution in effect on January 8, 1990.

SEC. 23. Section 73687 of the Government Code is amended to read:

73687. The minimum salary for each position shall normally be the initial hiring rate for the position. If it is difficult to secure qualified personnel at that rate or if a person of unusual qualifications is engaged, the court or the clerk, as the case may be, may request to hire at a higher step consistent with the Fresno County Salary Resolution in effect on January 8, 1990.

SEC. 24. Section 73691 of the Government Code is amended to read:

73691. A majority of the judges may appoint 11 full-time court reporters to serve at the pleasure of the judges and to be paid an annual salary established according to the following salary schedule:

Step 1. $37,432
Step 2. $39,307
Step 3. $41,253
Step 4. $43,316

Reporters shall initially be placed at step 1 of the salary schedule except reporters may be placed at a higher step with the approval of the county administrative officer, and shall be advanced one step annually upon the anniversary date of such employment. If, because of recruitment difficulties, it is necessary to appoint a court reporter at a step of the salary schedule which is above the step at which any court reporters are currently employed, all court reporters below that step will move to the higher step at the discretion of the judges of the court. Each such reporter shall accrue and be entitled to receive sick leave benefits at the rate of 3.6924 hours of sick leave with pay for each pay period or major fraction thereof, served up to an accumulative total of 156 working days. Each such reporter shall accrue and receive vacation at the same rate as judges of such court not to exceed 21 working days a year which may be accrued not to exceed 42 days to be taken at such time as the judge to which he or she has been assigned consents.

SEC. 25. Section 73692 of the Government Code is amended to read:

73692. Pursuant to Section 72194, the judges of the court may appoint as many additional reporters as the business of the court requires, who shall be known as official reporters pro tempore. They shall serve without salary but shall receive the fees provided by Sections 69947 to 69953, inclusive, except that in lieu of the per diem fees provided in the section for reporting testimony and proceedings the official reporters pro tempore shall be paid in accord with the following:

Each pro tempore reporter shall be paid one hundred forty-three dollars and ninety-seven cents ($143.97) for a full day on duty under order of the court. For purposes of receiving the above compensation, one or more of the following shall apply:

(1) The court has indicated in advance that the pro tempore assignment is for a full day.

(2) The pro tempore reporter was on duty for more than four hours.

Each pro tempore reporter shall be paid eighty-six dollars and thirty-eight cents ($86.38) for one half day of duty under order of the court when (a) the court has indicated in advance that the pro tempore assignment is for a half day and the pro tempore reporter is on duty for four hours or less, generally exclusive of the noon recess; or (b) the court has indicated in advance that the pro

tempore assignment is for a full day but the pro tempore reporter is on duty for four hours or less and consents to being released for the balance of the day.

Where a pro tempore reporter has agreed to a one-half day assignment, the courts shall make every practicable effort to assure that the pro tempore reporter shall not be on duty for longer than four hours, unless the pro tempore reporter agrees with the court to work beyond four hours. In the latter case, the full-day pro tempore rate of one hundred forty-three dollars and ninety-seven cents ($143.97) shall apply.

Nothing herein shall be construed to limit the court's authority to in all instances pay a pro tempore reporter at the rate of one hundred forty-three dollars and ninety-seven cents ($143.97) when, in the court's judgment, said rate is necessary to obtain pro tempore reporter services for the court.

The above payments shall upon order of the court be a charge against the general fund of the county.

emergency regulations adopted by the department pursuant to this paragraph shall not be subject to the review and approval of the Office of Administrative Law, and shall become effective immediately upon filing with the Secretary of State.

(d) The department shall continue to implement provisions of this article which are unaffected by the determination.

CHAPTER 1587

An act to add Sections 66010.4, 66010.6, and 70900.5 to, and to repeal Sections 66500, 66608, and 66701 of, the Education Code, relating to education.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) The Legislature periodically undertakes to review public higher education in California. The Legislature's most recent review effort is in the process of being completed, subsequent to five years of examination of public higher education by the Commission for the Review of the Master Plan for Higher Education and the Joint Committee for Review of the Master Plan for Higher Education.

(b) Because higher education issues tend to be viewed in the narrow context of a specific situation in a single higher education segment, it is difficult to view public higher education in California as a single system, as under the Master Plan for Higher Education. It is the intent of this act to unify the philosophies and principles of the mission statements of the University of California, the California State University, the California Community Colleges, and the California Postsecondary Education Commission.

(c) Voluntary cooperation and participation among educational entities is laudable and desirable. The Legislature encourages public and private involvement in that process.

SEC. 2. Section 66010.4 is added to the Education Code, to read:

66010.4. The missions and functions of California's public and independent segments, and their respective institutions of higher education shall be differentiated as follows:

(a) (1) The California Community Colleges shall, as a primary mission, offer academic and vocational instruction at the lower division level for both younger and older students, including those persons returning to school. Public community colleges shall offer instruction through but not beyond the second year of college. These institutions may grant the associate in arts and the associate in science degree.

(2) In addition to the primary mission of academic and vocational instruction, the community colleges shall offer instruction and courses to achieve all of the following:

(A) The provision of remedial instruction for those in need of it and, in conjunction with the school districts, instruction in English as a second language, adult noncredit instruction, and support services which help students succeed at the postsecondary level are reaffirmed and supported as essential and important functions of the

community colleges.

(B) The provision of adult noncredit education curricula in areas defined as being in the state's interest is an essential and important function of the community colleges.

(C) The provision of community services courses and programs is an authorized function of the community colleges so long as their provision is compatible with an institution's ability to meet its obligations in its primary missions.

(3) The community colleges may conduct to the extent that state funding is provided, institutional research concerning student learning and retention as is needed to facilitate their educational missions.

(b) The California State University shall offer undergraduate and graduate instruction through the master's degree in the liberal arts and sciences and professional education, including teacher education. Presently established two-year programs in agriculture are authorized, but other two-year programs shall be permitted only when mutually agreed upon by the Trustees of the California State University and the Board of Governors of the California Community Colleges. The doctoral degree may be awarded jointly with the University of California, as provided in subdivision (c) and pursuant to Section 66904. The doctoral degree may also be awarded jointly with one or more independent institutions of higher education, provided that the proposed doctoral program is approved by the California Postsecondary Education Commission. Research, scholarship, and creative activity in support of its undergraduate and graduate instructional mission is authorized in the California State University and shall be supported by the state. The primary mission of the California State University is undergraduate and graduate instruction through the master's degree.

(c) The University of California may provide undergraduate and graduate instruction in the liberal arts and sciences and in the professions, including the teaching professions. It shall have exclusive jurisdiction in public higher education over instruction in the profession of law and over graduate instruction in the professions of medicine, dentistry, and veterinary medicine. It has the sole authority in public higher education to award the doctoral degree in all fields of learning, except that it may agree with the California State University to award joint doctoral degrees in selected fields. The University of California shall be the primary state-supported academic agency for research.

(d) The independent institutions of higher education shall provide undergraduate and graduate instruction and research in accordance with their respective missions.

SEC. 3. Section 66010.6 is added to the Education Code, to read:

66010.6. The missions of agencies charged with coordination, administration, or implementation of higher education policies and programs in California shall be as follows:

(a) The California Postsecondary Education Commission is the

instructor, as defined in Section 310.4, shall meet all of the following requirements:

(1) On and after July 1, 1973, have a high school education or its equivalent and have satisfactorily completed a course in the teaching of driver education and driver training acceptable to the department.

(2) Within three attempts, pass an examination that the department requires on traffic laws, safe driving practices, operation of motor vehicles, and teaching methods and techniques.

(3) Be physically able to safely operate a motor vehicle and to train others in the operation of motor vehicles.

(4) Hold a valid California driver's license in a class appropriate for the type of vehicle in which instruction will be given.

(5) Not be on probation to the department as a negligent operator.

(6) Have a driver record which does not have an outstanding notice for violating a written promise to appear in court or for willfully failing to pay a lawfully imposed fine, as provided in Section 40509.

(7) Be 18 years of age or older.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

SEC. 9. Section 11104.3 of the Vehicle Code is amended to read:

11104.3. (a) An all-terrain vehicle safety instructor shall meet all of the following requirements:

(1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially; or has not committed any act which, if done as an all-terrain vehicle safety instructor, would be grounds for the suspension or revocation of the all-terrain vehicle safety instructor's license. A conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this section.

(2) Have a high school education or its equivalent and have satisfactorily completed a course of instruction training in all-terrain vehicle safety as approved by the Off-Highway Vehicle Safety Education Committee.

(3) Within three attempts, pass the examination that the department requires on off-highway vehicle laws, safe driving practices, operation of all-terrain vehicles, and teaching methods and techniques.

(4) Be physically able to safely operate a motor vehicle and to train others in the operation of all-terrain vehicles.

(5) Hold a valid driver's license issued by this state or any contiguous state.

(b) "Intractable pain," as used in this section, means a pain state in which the cause of the pain cannot be removed or otherwise treated and which in the generally accepted course of medical practice no relief or cure of the cause of the pain is possible or none has been found after reasonable efforts including, but not limited to, evaluation by the attending physician and surgeon and one or more physicians and surgeons specializing in the treatment of the area, system, or organ of the body perceived as the source of the pain.

(c) No physician and surgeon shall be subject to disciplinary action by the board for prescribing or administering controlled substances in the course of treatment of a person for intractable pain.

(d) This section shall not apply to those persons being treated by the physician and surgeon for chemical dependency because of their use of drugs or controlled substances.

(e) This section shall not authorize a physician and surgeon to prescribe or administer controlled substances to a person the physician and surgeon knows to be using drugs or substances for nontherapeutic purposes.

(f) This section shall not affect the power of the board to deny, revoke, or suspend the license of any physician and surgeon who does any of the following:

(2) Fails to keep complete and accurate records of purchases and disposals of substances listed in the California Controlled Substances Act, or of controlled substances scheduled in, or pursuant to, the federal Comprehensive Drug Abuse Prevention and Control Act of 1970. A physician and surgeon shall keep records of his or her purchases and disposals of these drugs, including the date of purchase, the date and records of the sale or disposal of the drugs by

the physician and surgeon, the name and address of the person receiving the drugs, and the reason for the disposal of or the dispensing of the drugs to the person and shall otherwise comply with all state recordkeeping requirements for controlled substances.

CHAPTER 1589

An act to amend Section 12102 of the Public Contract Code, relating to state contracts.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 12102 of the Public Contract Code is amended to read:

12102. The Department of Finance and the Department of General Services shall maintain, in the State Administrative Manual, policies and procedures governing the acquisition and disposal of electronic data processing and telecommunications goods and services. These policies and procedures shall, in accordance with the intent of the Legislature as expressed in Section 12101, provide for the following:

(a) Acquisition of electronic data processing and telecommunications goods and services shall be conducted through competitive means, except when the Director of General Services determines that (1) the goods and services proposed for acquisition are the only goods and services which can meet the state's need, or (2) the goods and services are needed in cases of emergency where

immediate acquisition is necessary for the protection of the public health, welfare, or safety. The acquisition mode to be used and the procedure to be followed shall be approved by the Director of General Services. The Department of General Services shall maintain, in the State Administrative Manual, appropriate criteria and procedures to ensure compliance with the intent of this chapter. These criteria and procedures shall include acquisition and contracting guidelines to be followed by state agencies with respect to the acquisition of electronic data processing and telecommunications goods and services. These guidelines may be in the form of standard formats or model formats.

(b) Contract awards shall be based on the following:

(1) The proposal which provides the most cost-effective solution to the state's requirements, as determined by the evaluation criteria contained in the solicitation document. These evaluation procedures may provide for the selection of a vendor on an objective basis other than cost alone.

(2) Whenever an acquisition under this section is based upon cost alone, so that the award of a contract, purchase order, or delegated purchase order is made to the lowest responsible bidder meeting the specifications, the 5 percent small business preference provided for in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3 of Title 2 of the Government Code and the regulations implementing that chapter shall be accorded to all qualifying small businesses.

(c) For all transactions formally advertised, evaluation of bidders' proposals for the purpose of determining contract award for electronic data processing and telecommunications goods shall provide for consideration of a bidder's best financing alternatives, including lease or purchase alternatives, if any bidder so requests, not less than 30 days prior to the date of final bid submission, unless the acquiring agency can prove to the satisfaction of the Department of General Services that a particular financing alternative should not be so considered.

(d) Acquisition authority may be delegated by the Director of General Services to any state agency which has been determined by the Department of General Services to be capable of effective use of that authority. This authority may be limited by the Department of General Services. Acquisitions conducted under delegated authority shall be reviewed by the Department of General Services on a selective basis.

(e) To the extent practical, the solicitation documents shall provide for a contract to be written to enable acquisition of additional items to avoid essentially redundant acquisition processes when it can be determined that it is economical to do so.

(f) Protest procedures shall be developed to provide bidders an opportunity to protest formally with respect to any acquisition conducted in accordance with this chapter. Authority to protest may be limited to participating bidders. The Director of General Services,

or a person designated by the director, may consider and decide on initial protests. A decision regarding an initial protest shall be final. If prior to making the award, any vendor who has submitted an offer files a protest with the department against the awarding of the contract or purchase order on the ground that his or her bid or proposal should have been selected in accordance with the selection criteria in the solicitation document, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the State Board of Control has made a final decision as to the action to be taken relating to the protest. Within 10 calendar days after filing a protest, the protesting vendor shall file with the State Board of Control a full and complete written statement specifying in detail the grounds of the protest and the facts in support thereof.

(g) Electronic data processing and telecommunications goods which have been determined to be surplus to state needs shall be disposed of in a manner which will best serve the interests of the state. Procedures governing the disposal of surplus goods may include auction or transfer to local governmental entities.

(h) A vendor may be excluded from bid processes if the vendor's performance with respect to a previously awarded contract has been unsatisfactory, as determined by the state in accordance with established procedures which shall be maintained in the State Administrative Manual. This exclusion may not exceed 360 calendar days for any one determination of unsatisfactory performance. Any vendor excluded in accordance with this section shall be reinstated as a qualified vendor at any time during this 360-day period, upon demonstrating to the department's satisfaction that the problems which resulted in the vendor's exclusion have been corrected.

SEC. 1.5. Section 12102 of the Public Contract Code is amended to read:

12102. The Department of Finance and the Department of General Services shall maintain, in the State Administrative Manual, policies and procedures governing the acquisition and disposal of electronic data processing and telecommunications goods and services. These policies and procedures shall, in accordance with the intent of the Legislature as expressed in Section 12101, provide for the following:

(a) Acquisition of electronic data processing and telecommunications goods and services shall be conducted through competitive means, except when the Director of General Services determines that either (1) the goods and services proposed for acquisition are the only goods and services which can meet the state's need, or (2) the goods and services are needed in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety. The acquisition mode to be used and the procedure to be followed shall be approved by the Director of General Services. The Department of General Services shall maintain in the State Administrative Manual appropriate criteria and procedures to ensure compliance with the intent of this chapter.

These criteria and procedures shall include acquisition and contracting guidelines to be followed by state agencies with respect to the acquisition of electronic data processing and telecommunications goods and services. These guidelines may be in the form of standard formats or model formats.

(b) Contract awards shall be based on the following:

(1) The proposal which provides the most cost-effective solution to the state's requirements, as determined by the evaluation criteria contained in the solicitation document. These evaluation procedures may provide for the selection of a vendor on an objective basis other than cost alone.

(2) Whenever an acquisition under this section is based upon cost alone, so that the award of a contract, purchase order, or delegated purchase order is made to the lowest responsible bidder meeting the specifications, the 5 percent small business preference provided for in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3 of Title 2 of the Government Code and the regulations implementing that chapter shall be accorded to all qualifying small businesses.

(c) For all transactions formally advertised, evaluation of bidders' proposals for the purpose of determining contract award for electronic data processing and telecommunications goods shall provide for consideration of a bidder's best financing alternatives, including lease or purchase alternatives, if any bidder so requests, not less than 30 days prior to the date of final bid submission, unless the acquiring agency can prove to the satisfaction of the Department of General Services that a particular financing alternative should not be so considered.

(d) Acquisition authority may be delegated by the Director of General Services to any state agency which has been determined by the Department of General Services to be capable of effective use of that authority. That authority may be limited by the Department of General Services. Acquisitions conducted under delegated authority shall be reviewed by the Department of General Services on a selective basis.

In circumstances where the Department of General Services offers a telecommunications service in competition with other providers, the Department of General Services shall be treated the same as any competing provider. The Department of General Services shall develop a procedure by which all bids made by the Department of General Services, whether formal or informal, are evaluated on an equal basis, and under conditions which are fair and objective, with bids by other providers.

(e) To the extent practical, the solicitation documents shall provide for a contract to be written to enable acquisition of additional items to avoid essentially redundant acquisition processes when it can be determined that it is economical to do so.

(f) Protest procedures shall be developed to provide bidders an opportunity to protest formally with respect to any acquisition

conducted in accordance with this chapter. Authority to protest may be limited to participating bidders. The Director of General Services, or a person designated by the director, may consider and decide on initial protests. A decision regarding an initial protest shall be final. If prior to making the award, any vendor who has submitted an offer files a protest with the department against the awarding of the contract or purchase order on the ground that his or her bid or proposal should have been selected in accordance with the selection criteria in the solicitation document, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the State Board of Control has made a final decision as to the action to be taken relating to the protest. Within 10 calendar days after filing a protest, the protesting vendor shall file with the State Board of Control a full and complete written statement specifying in detail the grounds of the protest and the facts in support thereof.

(g) Electronic data processing and telecommunications goods which have been determined to be surplus to state needs shall be disposed of in a manner which will best serve the interests of the state. Procedures governing the disposal of surplus goods may include auction or transfer to local governmental entities.

(h) A vendor may be excluded from bid processes if the vendor's performance with respect to a previously awarded contract has been unsatisfactory, as determined by the state in accordance with established procedures which shall be maintained in the State Administrative Manual. This exclusion may not exceed 360 calendar days for any one determination of unsatisfactory performance. Any vendor excluded in accordance with this section shall be reinstated as a qualified vendor at any time during this 360-day period, upon demonstrating to the department's satisfaction that the problems which resulted in the vendor's exclusion have been corrected.

SEC. 2. The Legislature finds and declares that while the amendments to Section 12102 of the Public Contract Code contained in Section 1 of this act only restate the legislative intent of existing law, those amendments shall not apply to contracts executed prior to subdivision (c) of January 1, 1991.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 12102 of the Public Contract Code proposed by both this bill and AB 3316. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1991, (2) each bill amends Section 12102 of the Public Contract Code, and (3) this bill is enacted after AB 3316, in which case Section 1 of this bill shall not become operative.

(5) Disbursing or offering to disburse on behalf of any person escrow funds held by a title insurer, underwritten title company or controlled escrow company before the conditions of the escrow applicable to that disbursement have been met, or in a manner which does not conform to Section 12413.1, including disbursing or offering to disburse before the expiration of the appropriate period established in Section 12413.1.

CHAPTER 1593

An act to amend Sections 1091 and 1126 of, and to add Section 1129.1 to, the Government Code, and to amend Sections 39050, 39925, 40306, 41013, 41016, 41305, 41308, 41331, 41336, 41338, 41553, and 41555 of, to add Section 40307 to, and to add Chapter 1.5 (commencing with Section 41025) to Part 4 of Division 14 of, the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990]

The people of the State of California do enact as follows:

SECTION 1. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which the officer is a member within the meaning of this article if the officer has only a remote interest in the contract and if the fact of that interest is disclosed to the body of the board of which the officer is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article, "remote interest" means any of the following:

(1) That of an officer or employee of a nonprofit corporation, except as provided in paragraph (8) of subdivision (a) of Section 1091.5, or that of an employee of an educational institution or agency.

(2) That of an employee or agent of the contracting party, if the contracting party has 10 or more other employees and if the officer was an employee or agent of that contracting party for at least three years prior to the officer initially accepting his or her office.

For purposes of this paragraph, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this paragraph even though the contracting party has been converted from one form of business

organization to a different form of business organization within three years of the initial taking of office by the officer. Time of employment in that case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before the transfer or change in organization. For purposes of this paragraph, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of the contracting party.

(3) That of an employee or agent of the contracting party, if all of the following conditions are met:

(A) The agency of which the person is an officer is a local public agency located in a county with a population of less than 4,000,000.

(B) The contract is competitively bid and is not for personal services.

(C) The employee or agent is not in a primary management capacity with the contracting party, is not an officer or director of the contracting party, and holds no ownership interest in the contracting party.

(D) The contracting party has 10 or more other employees.

(E) The employee or agent did not directly participate in formulating the bid of the contracting party.

(F) The contracting party is the lowest responsible bidder.

(4) That of a parent in the earnings of his or her minor child for personal services.

(5) That of a landlord or tenant of the contracting party.

(6) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm which renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract.

(7) That of a member of a nonprofit corporation formed under the Food and Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(8) That of a supplier of goods or services when those goods or services have been supplied to the contracting party by the officer for at least five years prior to his or her election or appointment to office.

(9) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(10) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

(11) That of an engineer, geologist, or architect employed by a

consulting engineering or architectural firm. This paragraph applies only to an employee of a consulting firm who does not serve in a primary management capacity, and does not apply to an officer or director of a consulting firm.

(12) That of an elected officer otherwise subject to Section 1090, in any housing assistance payment contract entered into pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) as amended, provided that the housing assistance payment contract was in existence before Section 1090 became applicable to the officer and will be renewed or extended only as to the existing tenant, or, in a jurisdiction in which the rental vacancy rate is less than 5 percent, as to new tenants in a unit previously under a Section 8 contract. This section applies to any person who became a public official on or after November 1, 1986.

(13) That of an elected officer otherwise subject to Section 1090 who is also an elected director of a water replenishment district.

(c) This section is not applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he or she is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his or her interest in a contract pursuant to this section is punishable as provided in Section 1097. That violation does not void the contract unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

SEC. 1.2. Section 1126 of the Government Code is amended to read:

1126. (a) Except as provided in Sections 1128, 1129, and 1129.1, a local agency officer or employee shall not engage in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of his or her appointing power or the agency by which he or she is employed. The officer or employee shall not perform any work, service, or counsel for compensation outside of his or her local agency employment where any part of his or her efforts will be subject to approval by any other officer, employee, board, or commission of his or her employing body, unless otherwise approved in the manner prescribed by subdivision (b).

(b) Each appointing power may determine, subject to approval of the local agency, and consistent with the provisions of Section 1128 where applicable, those outside activities which, for employees under its jurisdiction, are inconsistent with, incompatible to, or in conflict with their duties as local agency officers or employees. An employee's outside employment, activity, or enterprise may be prohibited if it: (1) involves the use for private gain or advantage of his or her local agency time, facilities, equipment and supplies; or the badge, uniform, prestige, or influence of his or her local agency office or employment or, (2) involves receipt or acceptance by the officer

or employee of any money or other consideration from anyone other than his or her local agency for the performance of an act which the officer or employee, if not performing such act, would be required or expected to render in the regular course or hours of his or her local agency employment or as a part of his or her duties as a local agency officer or employee or, (3) involves the performance of an act in other than his or her capacity as a local agency officer or employee which act may later be subject directly or indirectly to the control, inspection, review, audit, or enforcement of any other officer or employee or the agency by which he or she is employed, or (4) involves the time demands as would render performance of his or her duties as a local agency officer or employee less efficient.

The local agency may adopt rules governing the application of this section. The rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee. Nothing in this section is intended to abridge or otherwise restrict the rights of public employees under Chapter 9.5 (commencing with Section 3201) of Title 1.

SEC. 1.4. Section 1129.1 is added to the Government Code, to read:

1129.1. Service on the Board of Directors of the Central and West Basin Water Replenishment District in the County of Los Angeles by a person serving as an elected city official in a city located wholly or partly within the water replenishment district shall not, by itself, be deemed to be inconsistent, incompatible, in conflict with, or inimical to, duties of the officer serving in either capacity.

SEC. 1.6. Section 39050 of the Water Code is amended to read:

39050. For all purposes of this division relating to signing petitions and voting at any election, and for all other purposes when the question of title to or value of land claimed to be owned by a petitioner or voter is involved, the most recent county assessment roll in each affected county, or the last final election roll prepared in accordance with Section 41027 if the board elects to follow the procedure provided in Chapter 1.5 (commencing with Section 41025) of Part 4, shall be sufficient evidence of ownership and value.

SEC. 2. Section 39925 of the Water Code is amended to read:

39925. Not less than 10 days before the formation election, any 10 or more voters in any division of the proposed district may file with the department a petition requesting that the name of a specified person be placed on the ballot for the particular division as a candidate for the office of director to represent the particular division. Only the names proposed by the petitions filed with the department shall be printed on the ballots for the various divisions of the district. The date of actual receipt of any such petition by the department shall be deemed to be the date of filing of the same with the department. If there are less than 10 voters in any division, signatures of one-third of the number of voters, rounded up to the

next whole number, shall be required to nominate a candidate.

SEC. 3. Section 40306 of the Water Code is amended to read:

40306. The term of office of each director elected after the formation election shall be four years, and until his or her successor is elected and has qualified. Upon the district receiving actual written notice that a director or the entity the director represents no longer is a holder of title within the district or that the holder of title the director represents is withdrawing the director's authorization, a vacancy shall be deemed to occur, but the director shall continue to serve until his or her successor is elected or appointed and qualified.

SEC. 4. Section 40307 is added to the Water Code, to read:

40307. In order to be nominated and eligible for the office of director, a candidate shall be a holder of title within the district. If a holder of title to land is not a natural person, the holder of title to land may designate a representative or representatives to be eligible to be elected or appointed as a director by filing with the district written evidence of that designation.

SEC. 5. Section 41013 of the Water Code is amended to read:

41013. The department prior to the formation election, and at all subsequent elections the board, shall prepare, certify, and furnish to the election board at each voting place in the district a copy of each of the assessment rolls pertaining to any land in the precinct or, if applicable, the election roll prepared in accordance with Section 41027.

SEC. 6. Section 41016 of the Water Code is amended to read:

41016. The most recent county assessment rolls and lists, or, if applicable, the election roll prepared in accordance with Section 41027, shall be used by the election boards in determining the qualifications of voters and the number of votes each voter is entitled to cast.

SEC. 7. Chapter 1.5 (commencing with Section 41025) is added to Part 4 of Division 14 of the Water Code, to read:

CHAPTER 1.5. ALTERNATIVE ELECTION ROLL

41025. As an alternative to using the most recent county assessment roll, the board may cause an election roll to be prepared and used for determining ownership and value of parcels for all purposes involving elections. For purposes of a formation election, the department may also elect to cause an election roll to be prepared and shall perform those functions designated to be performed by the board or secretary in this chapter. If the procedures provided in this chapter are used, Sections 41018 to 41020, inclusive, shall not apply.

41026. The board shall prepare a preliminary election roll. The preliminary election roll shall include all lands listed on the most recent county assessment roll, any federal and state land, and any other unvalued lands lying within the district. The roll shall list for

each parcel within each division the holder of title to land, the number of acres, the estimated value, as determined by a qualified appraiser, exclusive of improvements, minerals, and mineral rights therein, and the number of votes assigned to that parcel. The secretary shall publish a notice of preparation of the preliminary election roll in accordance with Section 39057, indicating the date, time, and place of the hearing to consider the preliminary election roll. A copy of the preliminary election roll shall be available at the district's offices or other convenient location during regular business hours, and information concerning the availability of the preliminary election roll shall be provided in the published notice.

41027. The board shall hold a public hearing to receive any testimony regarding the preliminary election roll. The hearing may be continued from time to time. Following the hearing and deliberations, the board shall make any changes to the preliminary election roll and shall order the roll finalized in accordance with any such changes. The secretary shall certify and file the final election roll not later than the first publication of the notice provided by Section 41308.

41028. The final election roll shall be used for all purposes relating to elections, until subsequently modified in accordance with the procedures set forth in this chapter, or until the board elects at least 84 days prior to a general election to use the most recent county assessment roll. The board may at any time cause a revised preliminary election roll to be prepared in accordance with Section 41026. Upon written petition filed by the holders of title to land with at least 10 percent of the votes based on the last finalized election roll, at least 150 days before any general or special election, the board shall prepare a new preliminary election roll and follow the procedures provided for in Section 41027. At least 84 days prior to an election, the district shall update the names listed as the holder of title to land of each parcel on the election roll and may rely on the most recent county assessment roll for determining ownership.

SEC. 8. Section 41305 of the Water Code is amended to read:

41305. Not less than 60 days before the election, any 10 or more voters in any division of the district may file with the board a petition requesting that the name of a specified person be placed on the ballot for the particular division as a candidate for the office of director to represent the particular division. Only the names proposed by the petitions filed with the board shall be printed on the ballots for the various divisions of the district. The date of actual receipt of any such petition by the board shall be deemed to be the date of filing of the same with the board. If there are less than 10 voters in any division, signatures of one-third of the number of voters, rounded up to the next whole number, shall be required to nominate a candidate.

SEC. 9. Section 41308 of the Water Code is amended to read:

41308. Not less than 84 days before a general election, the secretary shall give notice of the provisions of Sections 41305 and

41307 by causing a notice to be published one time in each affected county stating the time of the forthcoming general election and reciting the provisions of Sections 41305 and 41307. The notice shall also state whether the most recent county assessment roll or an election roll prepared pursuant to Section 41027 shall be used for the election for purposes of establishing title to and value of land.

SEC. 10. Section 41331 of the Water Code is amended to read:

41331. One of the judges of the election shall deliver to each of the voters one ballot for the votes to which the voter is entitled by this division.

SEC. 11. Section 41336 of the Water Code is amended to read:

41336. The names shall be arranged in groups under the designation of the office for which each person named is a candidate, in order determined by random drawing following the procedures provided by the Elections Code.

SEC. 12. Section 41338 of the Water Code is amended to read:

41338. No director shall be elected by the district at large, unless a court of competent jurisdiction has determined or hereinafter so determines.

SEC. 13. Section 41553 of the Water Code is amended to read:

41553. If, by the ninth day prior to the special election, only one person has been nominated as provided in Section 41555, or no one has been nominated for the office, the board may order that an election not be held, following the same appointment procedures provided in Section 41307. If an election is to be held, unless otherwise in this division expressly specified, the election shall be held and the result determined and declared as nearly as may be in accordance with the provisions of this division relating to general elections.

SEC. 14. Section 41555 of the Water Code is amended to read:

41555. Not less than 10 days before the special election, any 10 or more voters in any division of the district may file with the board a petition requesting that the name of a specified person be placed on the ballot for the particular division as a candidate for the office of director to represent the particular division. Only the names proposed by the petitions filed with the board shall be printed on the ballots for the various divisions of the district. The date of actual receipt of any such petition by the board shall be deemed to be the date of filing of the same with the board. If there are less than 10 voters in any division, signatures of one-third of the number of voters, rounded up to the next whole number, shall be required to nominate a candidate.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that

the act takes effect pursuant to the California Constitution.

SEC. 16. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the Central and West Basin Water Replenishment District. The Legislature, therefore, finds that the enactment of Section 1129.1 of the Government Code by Section 3 of this act is necessary.

SEC. 17. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act becomes operative in sufficient time that requisite steps for the 1991 district elections may be carried out in accordance with this act, it is necessary that this act take effect immediately.

CHAPTER 1594

An act to add Chapter 9.4 (commencing with Section 6240) to Title 7 of Part 3 of the Penal Code, relating to corrections, and making an appropriation therefor.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9.4 (commencing with Section 6240) is added to Title 7 of Part 3 of the Penal Code, to read:

CHAPTER 9.4. SUBSTANCE ABUSE COMMUNITY CORRECTIONAL DETENTION CENTERS

6240. The Legislature finds and declares the following:

(a) The number of people in state prisons whose primary commitment offense was for drug law violations represents approximately 24 percent of the inmate population. Based on a representative sample study of new felon admissions during 1988, it is estimated that approximately 76 percent of the new commitment admissions to prison have a known history of drug abuse.

The number of parole violators returned to prison for drug violations increased 2200 percent from 1980 to 1988. In fiscal year 1988–89, drug charges were a known contributing factor in over 64 percent of parolees returned to prison for parole violations.

(b) The relationship between public safety, recidivism, and substance abuse is undeniable and significant.

(c) As pointed out by the California Blue Ribbon Commission on

Inmate Population Management in its January 1990 report, both state and local correction systems are presently lacking sufficient programs and strategies to intervene with substance abuse and other behaviors that contribute to criminality. Judges and parole authorities lack the options of community correctional facilities and programs with substance abuse intervention and treatment when managing parole violators, probationers, parolees, and nonviolent offenders with a history of substance abuse.

(d) There presently does not exist a model for a state and local center to house substance abusers, increase employability skills, provide counseling and support, and make treatment programs available to intervene and treat substance abuse, to reduce the crime problem and the social costs which these offenders bring upon society, themselves, and their families.

It is, therefore, the intent of the Legislature to provide for the establishment of substance abuse community correctional centers and programs to be operated locally in order to implement state-of-the-art rehabilitation programs commensurate with public safety considerations.

It is further the intent of the Legislature to focus these efforts in local communities in order to blend state and local efforts to achieve a higher success rate and lower recidivism, and to reduce the number of substance abusers and offenders who are currently being sent to state prison.

It is also the intent of the Legislature that these programs and housing facilities be built and operated in a manner providing maximum safety to the public commensurate with the purpose of the programming, and that the facilities be kept drug-free by whatever legal means are required.

The facilities and the programs shall be designed and operated in joint efforts by the state and counties, with primary funding from the state for construction of the facilities.

It is the intent of the Legislature that funds disbursed pursuant to this chapter be used to construct the maximum possible number of community beds for this purpose commensurate with public safety requirements.

6240.5. This act shall be known, and may be cited, as the Substance Abuse Community Correctional Treatment Act.

6240.6. For purposes of this chapter, the following definitions shall apply:

(a) "Board" means the Board of Corrections.

(b) "Department" means the Department of Corrections.

(c) "Center" means a substance abuse community correctional detention center.

(d) "Construction" means new construction, reconstruction, remodeling, renovation, or replacement of facilities, or a combination thereof.

(e) "Facility" means the physical buildings, rooms, areas, and equipment used for the purpose of a substance abuse community

correctional detention center.

6241. (a) The Substance Abuse Community Correctional Detention Centers Fund is hereby created within the State Treasury. The Board of Corrections is authorized to provide funds, as appropriated by the Legislature, for the purpose of establishing substance abuse community correctional detention centers. These facilities shall be operated locally in order to manage parole violators, those select individuals sentenced to state prison for short periods of time, and other sentenced local offenders with a known history of substance abuse, and as further defined by this chapter.

(b) The facilities constructed with funds disbursed pursuant to this chapter in a county shall contain no less than 50 percent of total beds for use by the Department of Corrections.

(1) Upon agreement, the county and the department may negotiate any other mix of state and local bed space, providing the state's proportionate share shall not be less than 50 percent in the portion of the facilities financed through state funding.

(2) Nothing in this chapter shall prohibit the county from using county funds or nonrestricted jail bond funds to build and operate additional facilities in conjunction with the centers provided for in this chapter.

(c) Thirty million dollars ($30,000,000) in funds shall be provided from the 1990 Prison Construction Fund and the 1990–B Prison Construction Fund, with fifteen million dollars ($15,000,000) each from the June 1990 bond issue and the November 1990 bond issue, for construction purposes set forth in this chapter, provided that funding is appropriated in the state budget from the June and November 1990, prison bond issues for purposes of this chapter.

(d) Funds shall be awarded to counties based upon the following policies and criteria:

(1) Priority shall be given to urban counties with populations of 450,000 or more, as determined by Department of Finance figures. The board may allocate up to 10 percent of the funding to smaller counties or combinations of counties as pilot projects, if it concludes that proposals meet the requirements of this chapter, commensurate with the facilities and programming that a smaller county can provide.

(2) Upon application and submission of proposals by eligible counties, representatives of the board shall evaluate proposals and select recipients.

To help ensure that state-of-the-art drug rehabilitation and related programs are designed, implemented, and updated under this chapter, the board shall consult with not less than three authorities recognized nationwide with experience or expertise in the design or operation of successful programs in order to assist the board in all of the following:

(A) Drawing up criteria on which requests for proposals will be sought.

(B) Selecting proposals to be funded.

(C) Assisting the board in evaluation and operational problems of the programs, if those services are approved by the board.

Funding also shall be sought by the board from the federal government and private foundation sources in order to defray the costs of the board's responsibilities under this chapter.

(3) Preference shall be given to counties that can demonstrate a financial ability and commitment to operate the programs it is proposing for a period of at least three years and to make improvements as proposed by the department and the board.

(4) Applicants receiving awards under this chapter shall be selected from among those deemed appropriate for funding according to the criteria, policies, and procedures established by the board. Criteria shall include success records of the types of programs proposed based on nationwide standards for successful programs, if available, expertise and hands-on experience of persons who will be in charge of proposed programs, cost effectiveness, including cost per bed, speed of construction, a demonstrated ability to construct the maximum number of beds which shall result in an overall net increase in the number of beds in the county for state and local offenders, comprehensiveness of services, location, participation by private or community-based organizations, and demonstrated ability to seek and obtain supplemental funding as required in support of the overall administration of this facility from sources such as the Department of Alcohol and Drug Programs, the Office of Criminal Justice Planning, the National Institute of Corrections, the Department of Justice, and other state and federal sources.

(5) Funds disbursed under subdivision (c) shall be used for construction of substance abuse community correctional centers, with a level of security in each facility commensurate with public safety for the types of offenders being housed in or utilizing the facilities.

(6) Funds disbursed under this chapter shall not be used for the purchase of the site. Sites shall be provided by the county. However, a participating county may negotiate with the state for use of state land at nearby corrections facilities or other state facilities, provided that the locations fit in with the aims of the programs established by this chapter.

The county shall be responsible for ensuring the siting, acquisition, design, and construction of the center consistent with the California Environmental Quality Act pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code.

(7) Staff of the department and the board, as well as persons selected by the board, shall be available to counties for consultation and technical services in preparation and implementation of proposals accepted by the board.

(8) The board also shall seek advice from the Department of Alcohol and Drug Programs in exercising its responsibilities under this chapter.

(9) Funds shall be made available to the county and county

agency which is selected to administer the program by the board of supervisors of that county.

(10) Area of greatest need can be a factor considered in awarding contracts to counties.

(11) Particular consideration shall be given to counties that can demonstrate an ability to provide continuing counseling and programming for offenders in programs established under this chapter, once the offenders have completed the programs and have returned to the community.

(12) A county may propose a variety of types and sizes of facilities to meet the needs of its plan and to provide the services for varying types of offenders to be served under this chapter. Funds granted to a county may be utilized for construction of more than one facility.

Any county wishing to use existing county-owned sites or facilities may negotiate those arrangements with the Department of Corrections and the Board of Corrections to meet the needs of its plan.

6241.5. Because of the difficulties of finding locations for programs described in this chapter, the state shall assist in making state-owned lands available to counties for purposes of this chapter, so long as those efforts do not impede an agency's operations or planned expansions and are commensurate with public safety requirements.

6242. (a) The county shall assume full responsibility to administer and operate the center and program consistent with the criteria set forth within this chapter and those established by the board. This shall include maintenance and compliance with all codes, regulations, and health standards.

(b) The county shall select a local governmental department to operate the facility in accordance with the standards and oversight provided for in this chapter.

The facility shall be owned by the department for the duration of the payment of the bond used to finance construction of the facility. Upon completion of bond repayment, ownership of the facility shall be vested in the county. Ownership of a county facility renovated with funds awarded pursuant to this chapter shall be by the department for the period of bond repayment, after which ownership shall revert to the county. The department shall retain the option to lease from the county no less than 50 percent of inmate beds after completion of bond repayment.

If a county willfully terminates its participation in this act prior to completion of bond repayment or if its grant is terminated by the board for noncompliance with program regulations, ownership of the facility shall remain vested in the department. The department shall retain the option to lease as provided in this subdivision.

(c) Counties or the department shall operate all services and programs in secure facilities pursuant to this chapter with only county or state merit system employees, except that private nonprofit providers or individual professionals with demonstrated

expertise and community experience may also be utilized to provide substance abuse treatment programs. An act to amend Sections 8208, 8250, and 8468.5 of, and to add Sections 8250.5 and 56244 to, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature recognizes that many children who are disabled or are otherwise in need of special education services also need child care and development programs, both for the children's optimum development in a least restrictive environment and to enable their parents to work.

In California, over 250,000 children have exceptional needs and, for most of these children, access to child care is limited, and long waiting lists are common.

Child care providers will profit from staff development activities that assist them in understanding the special needs of children with disabilities, in recognizing the many strengths and typical developmental patterns of these children, and in gaining confidence in the appropriateness of serving children with disabilities in all child care and development settings. The Legislature recognizes that the Superintendent of Public Instruction has made staff development activities available in this arena to child care center staff and family day care providers. First the Special Education Resource Network and now the Personnel Development for Infant Preschool Programs have provided excellent services to child care and development staff. The Legislature recognizes those efforts and intends to expand and extend them in order to reach more child care and development staff.

(b) To provide children with exceptional needs with additional access to child care and development programs, the Superintendent of Public Instruction shall establish alternate appropriate placements, such as self-contained programs and innovative programs using the least restrictive environment. These programs shall be started as expansion funds become available and shall be

expanded throughout the implementation of the plan. The Superintendent of Public Instruction shall utilize existing program models and input from program specialists to develop new program criteria and guidelines for programs serving children with exceptional needs. These programs may serve children with exceptional needs to 21 years of age.

(c) Any child with exceptional needs served in child care and development programs shall be afforded all rights and protections guaranteed in state and federal laws and regulations for individuals with exceptional needs.

(d) Notwithstanding any other provision of this chapter, the Superintendent of Public Instruction may develop unique reimbursement rates for, and make reimbursements to, child care and development programs that received state funding for the 1980–81 fiscal year and serve severely handicapped children, as defined in subdivision (q) of Section 8208, when all of the following conditions exist:

Within this priority, families with the lowest gross monthly income shall be admitted first. When an agency is unable to enroll a child in need of protective services, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall go to children in kindergarten and grades 1 to 3, inclusive, and their schoolage siblings under the age of 13 years, whose families need extended day care services because parents are engaged in vocational training leading directly to a

recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income in relation to family size shall be admitted first.

(3) Third priority shall go to children in grades 4 to 9, inclusive, and their schoolage siblings under the age of 13 years, whose families need extended day care services because parents are engaged in vocational training leading directly to a recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income in relation to family size shall be admitted first.

(A) Needs assessment.

(B) Community concurrence.

(C) Cost-effectiveness.

(D) Good faith effort to meet the extended day care needs of the siblings of children to be serviced. Nothing in this section alters the priorities specified in this article but is intended, rather, to more effectively meet local needs.

(5) Each program shall serve individuals with exceptional needs, as defined in Section 56026. The percentage of children who are individuals with exceptional needs in each program shall at least equal the percentage of children in kindergarten and grades 1 to 8, inclusive, residing in the school district and receiving special education services, unless the demand for this level of service does not exist. Agencies shall report the delivery of services to children with exceptional needs to the State Department of Education.

(6) To the extent possible, and within the parameters contained in this section, programs should serve a mix of children that reflects substantially the varying socioeconomic, racial, and ethnic backgrounds of the school district in which the agency is located, and a mix of subsidized and nonsubsidized children.

(b) In order for an extended day care program to receive funding, pursuant to this article, for a child served, the child's family shall meet at least one requirement in each of the following areas:

(1) A family shall be one of the following:

(A) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(B) Income eligible, with first priority to be given to families with the lowest gross monthly income.

(C) One whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

requirements of either subparagraph (A) or (B) apply.

(A) The child is identified by a legal, medical, or social service agency as meeting one or more of the following criteria:

(i) The child is a recipient of protective services.

(ii) The child is neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation.

(ii) The parents are employed or seeking employment.

(iii) The parents are incapacitated, including a medical or psychiatric need that cannot be met without the provision of extended day care.

(c) The Superintendent of Public Instruction shall establish guidelines according to which the head teacher or a duly authorized representative of the extended day care program shall certify children as eligible for state reimbursement pursuant to this article.

(d) The Superintendent of Public Instruction may grant specific waivers to agencies proposing to accept eligible members of special populations in other than strict income order so long as appropriate fees are paid. The waivers may be used to enable agencies to meet the requirements of this article to serve children with exceptional needs.

SEC. 6. Section 56244 is added to the Education Code, to read:

56244. The superintendent shall, to the extent possible using federal and state funds appropriated for this purpose, provide staff development to child care center staff and family day care providers to improve child care services to individuals with exceptional needs.

It shall only become operative if (1) both bills are enacted and become effective January 1, 1991, (2) each bill amends Section 8208 of the Education Code, and (3) this bill is enacted after AB 819, in which case Section 2 of this bill shall not become operative.

CHAPTER 1597

An act to amend Sections 805, 2032, 2082, 2220, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2235, 2292, 2293, 2307, 2313, 2332, 2335, 2342, 2344, and 2354 of, and to add Sections 802.5, 803.5, 803.6, 2231, 2318, 2319, and 2337 to, the Business and Professions Code, to amend Section 43.8 of the Civil Code, and to add Sections 11371, 11372, 11373, 11373.3, 11529, 12529, 12529.5, and 12529.7 to the Government Code, relating to healing arts, and making an appropriation therefor.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. The 1989–90 Regular Session of the Legislature declares that the physician discipline system administered by the board's Division of Medical Quality is inadequate to protect the health, safety, and welfare of the people of California against incompetent or impaired physicians.

It is, therefore, the intent of the Legislature to restructure the physician discipline system of the Medical Board of California in order to give it authority to act quickly in extreme cases to impose interim protective measures or final sanctions short of license revocation or suspension; more information from a variety of enhanced reporting sources and increased public outreach; procedures which afford a fair review and hearing by an experienced administrative law judge without excessive delay; procedures to ensure a high quality hearing; and enhanced resources to finance such a system in the interests of protecting the people of California. It is therefore the intent of the Legislature to improve the discipline system of licensed physicians and allied health professionals by creating a more expeditious and efficient adjudicatory system and providing it the adequate resources for its performance. It is also the intent of the Legislature that the pay scales for investigators of the Medical Board of California be equivalent to the pay scales for special investigative agents of the Department of Justice, in order to attract and retain experienced investigators.

SEC. 2. Section 802.5 is added to the Business and Professions Code, to read:

802.5. (a) When a coroner receives information that is based on findings that were reached by, or documented and approved by a board-certified or board-eligible pathologist indicating that a death may be the result of a physician's or podiatrist's gross negligence or incompetence, a report shall be filed with the Medical Board of California or the California Board of Podiatric Medicine. The initial report shall include the name of the decedent, date and place of death, attending physicians or podiatrists, and all other relevant information available. The initial report shall be followed, within 90

days, by copies of the coroner's report, autopsy protocol, and all other relevant information.

(b) The report required by this section shall be confidential. SEC. 20. Section 2307 of the Business and Professions Code is amended to read:

(a) At least three years for reinstatement of a license revoked for unprofessional conduct, except that the division, a medical quality review committee or panel thereof, or the administrative law judge as designated in Section 11371 of the Government Code may, for good cause shown, specify in a revocation order that a petition for reinstatement may be filed after two years.

(b) At least two years for early termination of probation of three years or more.

The hearing may be continued from time to time as the division, a medical quality review committee or panel thereof, or the administrative law judge as designated in Section 11371 of the Government Code finds necessary.

The division, a medical quality review committee or panel thereof, or the administrative law judge as designated in Section 11371 of the Government Code reinstating a certificate or modifying a penalty may impose those terms and conditions deemed necessary.

No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or petition to revoke probation pending against the person. The division may deny without a hearing or argument any petition filed pursuant to this section within a period of two years from the effective date of the prior decision following a hearing under this section.

This section is applicable to and may be carried out by the California Board of Podiatric Medicine. In lieu of two verified recommendations from physicians and surgeons, the petition shall be accompanied by at least two verified recommendations from podiatrists licensed by the board who have personal knowledge of the activities of the petitioner since the date the disciplinary penalty was imposed.

Upon a decision by the division or the board not to adopt the proposed decision, and unless the licensee stipulates to proceed without the transcript regarding the proposed decision, the proposed decision hearing transcript and record shall be submitted to the division or the California Board of Podiatric Medicine within 30 days. However, receipt of the material after 30 days shall not preclude review. The division or the California Board of Podiatric Medicine has 90 calendar days from the date after receipt of the transcript to render a final decision, unless the licensee stipulates to waive the transcript, then the final decision shall be rendered 90 calendar days from the receipt of the hearing record, except that it may extend the time by no more than 30 additional days.

SEC. 34. Section 11373.3 is added to the Government Code, to read:

11373.3. The Office of Administrative Hearings shall provide facilities and support personnel for the review committee panel and shall assess the Medical Board of facilities and personnel, where used to adjudicate cases involving the Medical Board of California.

Interim orders may be issued only if the affidavits in support of the petition show that the licensee has engaged in, or is about to engage in, acts or omissions constituting a violation of the Medical Practice Act or the appropriate practice act governing each allied health profession, and that permitting the licensee to continue to engage in the profession for which the license was issued will

endanger the public health, safety, or welfare.

(b) All orders authorized by this section shall be issued only after a hearing conducted pursuant to subdivision (d), unless it appears from the facts shown by affidavit that serious injury would result to the public before the matter can be heard on notice. Except as provided in subdivision (c), the licensee shall receive at least 15 days' prior notice of the hearing, which notice shall include affidavits and all other information in support of the order.

(c) If an interim order is issued without notice, the same body or administrative law judge, as designated in subdivision (a) of Section 11371, who issued the order without notice shall cause the licensee to be notified of the order, including affidavits and all other information in support of the order by a 24-hour delivery service. That notice shall also include the date of the hearing on the order, which shall be conducted in accordance with the requirement of subdivision (d), not later than 20 days from the date of issuance. The order shall be dissolved unless the requirements of subdivision (a) are satisfied.

(d) For the purposes of the hearing conducted pursuant to this section, the licentiate shall, at a minimum, have the following rights:

(1) To be represented by counsel.

(2) To have a record made of the proceedings, copies of which may be obtained by the licentiate upon payment of any reasonable charges associated with the record.

(3) To call, examine, and cross-examine witnesses.

(4) To present and rebut evidence determined to be relevant.

(5) To present oral argument.

(e) The Division of Medical Quality shall hear any petition requesting an interim order and conduct the hearing pursuant to subdivision (d), or may, in its sole discretion, delegate any such matter to be heard by an administrative law judge as designated in subdivision (a) of Section 11371.

(f) In all cases where an interim order is issued, and an accusation is not filed and served pursuant to Sections 11503 and 11505 within 15 days of the date in which the parties to the hearing on the interim order have submitted the matter, the order shall be dissolved.

Upon service of the accusation the licensee shall have, in addition to the rights granted by this section, all of the rights and privileges available as specified in this chapter. If the licensee requests a hearing on the accusation, the board shall provide the licensee with a hearing within 30 days of the request, unless the licensee stipulates to a later hearing, and a decision within 15 days of the date that matter is submitted, or the board shall nullify the interim order previously issued, unless good cause can be shown by the division for a delay.

(g) Where an interim order is issued, a written decision shall be prepared within 15 days of the hearing, by the division or the administrative law judge as designated in subdivision (a) of Section 11371, or by the California Board of Podiatric Medicine including

findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached.

(h) Notwithstanding the fact that interim orders issued pursuant to this section are not issued after a hearing as otherwise required by this chapter, interim orders so issued shall be subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure. The relief which may be ordered shall be limited to a stay of the interim order. Interim orders issued pursuant to this section are final interim orders and, if not dissolved pursuant to subdivision (c) or (f), may only be challenged administratively at the hearing on the accusation.

(i) The interim order provided for by this section shall be in addition to, and not a limitation on, the authority to seek injunctive relief provided for in the Business and Professions Code.

SEC. 36. Section 12529 is added to the Government Code, to read:

12529. (a) There is in the Department of Justice the Health Quality Enforcement Section. The primary responsibility of the section is to prosecute proceedings against licensees and applicants within the jurisdiction of the Medical Board of California including all committees, including the Board of Podiatric Medicine, of the Division of Allied Health Professions and to provide ongoing review of the investigative activities conducted in support of those prosecutions, as provided in subdivision (b) of Section 12629.5.

(b) The Attorney General shall appoint a Senior Assistant Attorney General of the Health Quality Enforcement Section. The Senior Assistant Attorney General of the Health Quality Enforcement Section shall be an attorney in good standing licensed to practice in the State of California, experienced in prosecutorial or administrative disciplinary proceedings and competent in the management and supervision of attorneys performing those functions.

A deputy attorney general of the Health Quality Enforcement Section shall frequently be available on location at each of the working offices at the major investigation centers of the board, to provide consultation and related services and engage in case review with the board's investigative, medical advisory, and intake staff. The Senior Assistant Attorney General and deputy attorneys general working at his or her direction shall consult as appropriate with the investigators of the board, medical advisors, and executive staff in the investigation and prosecution of disciplinary cases.

(c) The Senior Assistant Attorney General or his or her deputy attorneys general shall assist the board, division, or allied health committees, including the Board of Podiatric Medicine, in designing and providing initial and in-service training programs for staff of the division, board, or allied health committees, including, but not limited to, information collection and investigation.

(d) The determination to bring a disciplinary proceeding against a licensee of the division or the board shall be made by the executive officer of the division, the board, or allied health committee, including the Board of Podiatric Medicine, as appropriate in consultation with the senior assistant.

with Section 99600) of Division 10 of the Public Utilities Code) for the project.

(d) "Commuter passenger rail" has the same meaning as the term "commuter service" as defined in the Rail Passenger Service Act (45 U.S.C. Sec. 502 (9)), and as described in Penn Central Transp. Co. Discontinuance, 338 ICC 318.

(e) "Urban rail transit" means passenger rail, including exclusive public mass transportation guideways, which is not defined as either intercity rail or commuter rail.

(f) Commuter and urban rail projects eligible for funding are those specified in Sections 164.51 and 164.52.

CHAPTER 1600

An act to amend Section 51101 of the Government Code, to amend Sections 4475, 4475.5, and 4604 of the Public Resources Code, and to add Section 38101.5 to the Revenue and Taxation Code, relating to timber and timberland.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 51101 of the Government Code is amended to read:

51101. The Legislature hereby finds and declares all of the following:

(a) The forest resources and timberlands of this state, together with the forest products industry, contribute substantially to the health and stability of the state's economy and environment by providing high quality timber, employment opportunities, regional economic vitality, resource protection, and aesthetic enjoyment.

(b) The state's increasing population threatens to erode the timberland base and diminish forest resource productivity through pressures to divert timberland to urban and other uses and through pressures to restrict or prohibit timber operations when viewed as being in conflict with nontimberland uses.

(c) A continued and predictable commitment of timberland, and of investment capital, for the growing and harvesting of timber are necessary to ensure the long-term productivity of the forest resource, the long-term economic viability of the forest products industry, and long-term stability of local resource-based economies.

SEC. 2. Section 4475 of the Public Resources Code is amended to read:

4475. The director, with the approval of the Director of General Services, may enter into a contract for prescribed burning with (1) the owner or any other person who has legal control of any property

or (2) any public agency with regulatory or natural resource management authority over any property which is included within any wildland for any of the following purposes, or any combination thereof:

(a) Prevention of high-intensity wildland fires through reduction of the volume and continuity of wildland fuels or removal of unwanted, unused, or deteriorated structures that are fire hazards by burning such fuels or structures.

(b) Watershed management.

(c) Range improvement.

(d) Vegetation management.

(e) Forest improvement.

(f) Wildlife habitat improvement.

No contract may be entered into pursuant to this section unless the director determines that the public benefits estimated to be derived from the prescribed burning pursuant to the contract will be equal to or greater than the foreseeable damage that could result from the prescribed burning.

SEC. 3. Section 4475.5 of the Public Resources Code is amended to read:

4475.5. (a) The state may assume a proportionate share of the costs of site preparation and prescribed burning conducted pursuant to this article on wildlands other than wildlands under the jurisdiction of the federal government. The state's share of those costs shall bear the same ratio to the total costs of the operation as the public benefits bear to all public and private benefits to be derived from the prescribed burning operation, as estimated and determined by the director. The state's share of the costs may exceed 90 percent of the total costs of the operation only if the director determines that no direct private economic benefits will accrue or will be utilized by a person that owns or controls any property under contract pursuant to Section 4475.

(b) The board shall adopt regulations establishing standards to be used by the director in determining the state's share of such costs and in determining whether, pursuant to Section 4475, the public benefits of a prescribed burning operation will equal or exceed the foreseeable damage therefrom.

(c) The determination of public and private benefits pursuant to this section shall reflect any substantial benefit to be derived from accomplishing any of the purposes specified in Section 4475 and the prevention of degradation of air quality.

(d) All or part of such costs to be borne by the person contracting with the department may be met by the value of materials, services, or equipment furnished by that person directly, or furnished by that person pursuant to an agreement with a private consultant or contractor, or furnished by a combination of both means, that are determined by the department to be suitable for the preparation for, and the conduct of, the prescribed burning operation.

SEC. 4. Section 4604 of the Public Resources Code is amended to

read:

4604. (a) The department shall provide an initial inspection of the area in which timber operations are to be conducted within 10 days from the date of filing of the timber harvesting plan or nonindustrial timber management plan, or a longer period as may be mutually agreed upon by the department and the person submitting the plan, except that the inspection need not be made pursuant to the filing of a timber harvesting plan if the department determines that the inspection would not add substantive information that is necessary to enforce this chapter. The department shall provide for inspections, as needed, as follows:

(1) During the period of commencement of timber operations.

(2) When timber operations are well under way.

(3) Following completion of timber operations.

(4) At any other times as determined to be necessary to enforce this chapter.

(b) (1) The Department of Fish and Game, the regional water quality control boards, or the State Water Resources Control Board, if accompanied by Department of Forestry and Fire Protection personnel and after 24-hour advance notification is given to the landowner, may enter and inspect land during normal business hours at any time after commencement of timber harvest plan activities on the land and before the director issues a report of satisfactory completion of stocking pursuant to Section 4588 or at any time before the end of the first winter period following the filing of a work completion report pursuant to Section 4585, whichever is later. Any member of the inspection party may utilize whatever measurement and evaluation devices, including, but not limited to, photographic equipment and temperature measurement devices, as determined to be necessary, when participating in an inspection of an area pursuant to subdivision (a) or after commencement of timber harvesting plan activities pursuant to this subdivision.

(2) Photographs taken during inspections shall be clearly labeled as to time, date, and location and shall be the property of the department and part of the inspection record. The inspection record shall be subject to all provisions of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(3) This subdivision is not a limitation upon the authority of any agency to inspect pursuant to any other provision of law.

(c) This section shall become operative on January 1, 1991, or on the effective date of the rules and regulations adopted by the State Board of Forestry pursuant to Senate Bill 1566, whichever date occurs first.

SEC. 5. Section 38101.5 is added to the Revenue and Taxation Code, to read:

38101.5. (a) The Legislature finds and declares that the forest resources and timberlands of the state are among the most valuable of the natural renewable resources of the state and that there is great

concern throughout the state relating to their protection, restoration, and utilization.

(b) The Legislature further finds and declares that the forest resources and timberlands of the state produce timber and other forest products, recreational opportunities, regional economic vitality, employment opportunities, and aesthetic enjoyment while providing watershed protection and maintaining fisheries and wildlife.

(c) The Legislature further finds and declares that it is the policy of this state to encourage prudent and responsible forest resource management calculated to serve the public's need for timber and other forest products, while giving consideration to the public's need for watershed protection, fisheries and wildlife, employment opportunities, regional economic vitality, and recreational opportunities alike in this and future generations.

(d) The Legislature further finds that it is not the intent of the Legislature by the enactment of this part to take private property for public use without payment of just compensation in violation of the California and United States Constitutions.

CHAPTER 1601

An act to repeal and add Chapter 4 (commencing with Section 4351) of Division 2 of the Public Utilities Code, relating to gas distribution systems, and making an appropriation therefor.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 4351) of Division 2 of the Public Utilities Code is repealed.

SEC. 2. Chapter 4 (commencing with Section 4351) is added to Division 2 of the Public Utilities Code, to read:

CHAPTER 4. ENFORCEMENT OF FEDERAL PIPELINE SAFETY STANDARDS FOR MOBILEHOME PARK OPERATORS

4351. As used in this chapter:

(a) "Gas" means natural or manufactured gas, except propane, used for light, heat, or power.

(b) "Distribution system" means a system of pipes within a mobilehome park operated by a person or corporation, other than a public utility, which is connected to a meter or other measuring device under the control of a privately owned or publicly owned public utility, for purposes of distribution of gas by the operator of a mobilehome park to the tenants of the mobilehome park who are

the actual users of the gas furnished through the meter or device to the operator by the public utility.

(c) "Operator" is a mobilehome park owner or operator who maintains and operates a master-metered natural gas distribution system.

(d) "Department" means the Department of Housing and Community Development.

(e) "Local enforcement agency" means the city, county, or city and county which has assumed the responsibility for the enforcement of Chapter 2 (commencing with Section 18300) of Part 2.1 of Division 13 of the Health and Safety Code.

(f) "Federal law" or "federal pipeline standards" means the federal Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. Sec. 1671 et seq.) and the regulations contained in Parts 190, 191, and 192 of Title 49 of the Code of Federal Regulations.

4352. The commission shall undertake a gas safety inspection and enforcement program for mobilehome parks with distribution systems to ensure compliance with the federal pipeline standards by mobilehome park operators within the state. The commission may adopt rules, which shall be at least as stringent as the federal law in order to protect the health and safety of mobilehome park residents. Nothing in this chapter prohibits the commission from adopting more stringent standards than those in the federal law.

4353. (a) The commission shall conduct an initial inspection of each distribution system which shall take place on the mobilehome park premises. The inspection shall consist of all of the following:

(1) An inspection of the adequacy of the operator's operation and maintenance plan.

(2) The information contained in the required annual report.

(3) The records of leak surveys and repairs, corrosion control, and cathodic protection of the system.

(4) If deemed appropriate from the review of the records, a physical inspection of the mobilehome park's distribution system to ensure compliance with the federal law; the applicable sections of Commission General Order 112 relating to mobilehome park distribution systems, excluding the sections relating to gas transmission facilities, LNG facilities, and gathering lines; and any rules and orders adopted by the commission pursuant to this chapter.

(b) If the operator demonstrates compliance pursuant to subdivision (a), the distribution system shall thereafter be inspected once every five years. The subsequent inspections shall consist of the elements specified in subdivision (a). However, the commission may institute an inspection at any time if it determines, following a review of a subsequent annual report or receipt of a complaint, that an additional inspection is necessary.

(c) If the operator does not demonstrate compliance pursuant to subdivision (a), the distribution system may be inspected on an annual basis until such time as there is compliance and, thereafter, shall be inspected as specified in subdivision (b).

(d) If upon the initial inspection or any subsequent inspection, the commission determines the presence of a gas leak or other safety hazard in the distribution system which poses a significant or immediate danger to the health and safety of the park residents, the distribution system may be inspected more frequently until the condition is corrected. Once corrected, the park shall be inspected as specified in subdivision (b).

(e) The commission may require an operator to provide necessary assistance to commission inspectors in surveying or uncovering portions of a distribution system for purposes of inspection, verification, and testing.

4354. (a) Every operator shall prepare and submit to the commission annually a report on the distribution system.

(b) The report shall be submitted to the commission at the same time the annual application for a permit to operate the mobilehome park is submitted to the department or the local enforcement agency.

(c) The report shall be prepared using a form required by the commission and shall contain the information the commission finds necessary to carry out the intent of this chapter. In developing the form, the commission shall consult with interested parties to ensure that the form contains no more than the necessary and appropriate information to carry out the intent of this chapter.

(d) Upon receipt of the report, the commission shall examine the report for violations of (1) applicable federal pipeline safety laws or regulations or (2) any applicable commission rules or orders. The commission may inspect the operator's distribution system for the purpose of verifying whether or not a violation of federal or state pipeline safety laws or regulations has occurred or is occurring.

4355. Except as specified in Section 4356, after each inspection, the commission shall furnish the operator, or a representative designated in writing by the operator, with a written copy of the inspection report within 30 days of the inspection, and the report shall indicate any violations of applicable federal or state pipeline safety laws or regulations. Upon receipt of a report indicating a safety violation, the operator shall file, within 30 days, a written response with the commission which acknowledges receipt of the report and specifies a compliance plan for correcting the safety violations, including, if appropriate, a timetable for completing necessary repairs or improvements to the distribution system. The commission shall furnish copies of inspection reports indicating safety violations, and responses to these reports, to the United States Department of Transportation and to the department.

4356. (a) If the commission determines the presence of a gas leak or other safety hazard in the distribution system which poses a significant or immediate danger to the health and safety of the park residents, it shall notify the United States Department of Transportation, the department, the utility serving the distribution system, and the operator, who shall provide notice to the affected

tenants in the park.

(b) Upon receipt of the notice from the commission, the department or the local enforcement agency shall require the operator to take immediate steps to correct and repair the gas leak or other hazard. The commission may direct the serving gas corporation to terminate service at the master meter if an operator does not comply with this requirement. The cost of repair or corrective actions shall be borne by the operator.

4357. (a) Any operator who fails to file the report required by Section 4354 or to comply with a directive of the department or the local enforcement agency pursuant to Section 4356 is subject to a civil penalty of not more than one thousand dollars ($1,000) for each day that the failure to file the report or respond to the directive continues, but not to exceed two hundred thousand dollars ($200,000) for a single violation or related series of violations. The commission shall enforce this subdivision.

(b) Nothing in this chapter affects the tort liability of the operator of a distribution system.

4358. (a) The commission shall establish a uniform billing per therm surcharge to be paid by operators with distribution systems subject to this chapter on natural gas purchased for distribution to their tenants. The surcharge shall be designed to recover the commission's costs of the mobilehome park safety inspection and enforcement program required by this chapter.

(b) The commission shall require gas corporations to adjust their rates on an annual basis to recover the surcharge specified in subdivision (a). Mobilehome parks which are served by publicly owned public utilities shall be inspected at the request of the serving utility. However, publicly owned public utilities which serve mobilehome parks subject to this chapter shall only be required to adjust their gas rates to recover the surcharge specified in subdivision (a) when a mobilehome park within the utility's jurisdiction is inspected.

(c) Notwithstanding any other provision of law or local ordinance, rule, regulation, or initiative measure, the operator shall be entitled to recover the surcharge collected pursuant to subdivision (a) from its tenants on a monthly basis. However, the charge to any tenant shall not exceed 30 cents per month for the period from July 1, 1991, until July 1, 1992, and shall not exceed 25 cents per month after that date.

(d) All surcharge fees collected by gas corporations pursuant to this section shall be forwarded to the commission, as required by the commission. All surcharge fees collected pursuant to this section shall be deposited in the Public Utilities Commission Utilities Reimbursement Account in the General Fund, which fees shall be used, upon appropriation, for purposes of this chapter.

4359. The commission may adopt rules and orders to carry out this chapter.

SEC. 3. (a) This act shall become operative on July 1, 1991,

except subdivision (c) of Section 4354, and Section 4359 of the Public Utilities Code, which shall become operative on January 1, 1991.

(b) It is the intent of the Legislature, if this bill and AB 3327 are both chaptered and become effective on or before January 1, 1991, and this bill is chaptered after AB 3327, that the provisions of Chapter 4 (commencing with Section 4351), as added to Division 2 of the Public Utilities Code by this bill, and Chapter 4 (commencing with Section 4351), as added to Division 2 of the Public Utilities Code by AB 3327, form a single, unified Chapter 4 (commencing with Section 4351) of Division 2 of the Public Utilities Code.

Therefore, if both this bill and AB 3327 are chaptered and this bill is chaptered last, this bill does not prevail over AB 3327, and the provisions of both bills shall become operative in a single, unified Chapter 4 (commencing with Section 4351) of Division 2 of the Public Utilities Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. The sum of three hundred fifty thousand dollars ($350,000) is hereby appropriated to the Public Utilities Commission from the Public Utilities Commission Utilities Reimbursement Account in the General Fund for the purposes of implementing this act.

CHAPTER 1602

An act to add Sections 39003 and 39120 to the Education Code, and to add Section 21151.8 to the Public Resources Code, relating to hazardous materials.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 39003 is added to the Education Code, to read:

39003. The governing board of a school district shall not approve a project involving the acquisition of a schoolsite by a school district unless all of the following occur:

(a) The lead agency, as defined in Section 21067 of the Public

Resources Code, determines that the property purchased or to be built upon is not any of the following:

(1) The site of a current or former hazardous waste disposal site or solid waste disposal site unless, if the site was a former solid waste disposal site, the governing board of the school district concludes that the wastes have been removed.

(2) A hazardous substance release site identified by the State Department of Health Services in a current list adopted pursuant to Section 25356 for removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code.

(3) A site which contains one or more pipelines, situated underground or aboveground, which carries hazardous substances, acutely hazardous materials, or hazardous wastes, unless the pipeline is a natural gas line which is used only to supply natural gas to that school or neighborhood.

(b) The lead agency preparing the environmental impact report or negative declaration has consulted with the city in which the proposed schoolsite is located, or with the county in which the proposed schoolsite is located if the proposed site is in an unincorporated area, and with any air pollution control district or air quality management district having jurisdiction in the area, to identify facilities within one-fourth of a mile of the proposed schoolsite which might reasonably be anticipated to emit hazardous air emissions.

(c) The governing board of the school district makes either of the following written findings:

(1) Consultation identified none of the facilities specified in subdivision (b).

(2) The facilities specified in subdivision (b) exist, but the health risks from the facilities do not and will not constitute an actual or potential endangerment of public health to persons who would attend or be employed at the school.

(d) As used in this section:

(1) "Hazardous air emissions" means emissions into the ambient air of air contaminants which have been identified as a toxic air contaminant by the State Air Resources Board or by the air pollution control officer for the jurisdiction in which the project is located. As determined by the air pollution officer, hazardous air emissions may also mean emissions into the ambient air from any substance identified in Section 44321 of the Health and Safety Code.

(2) "Hazardous substance" has the same meaning as defined in Section 25316 of the Health and Safety Code.

(3) "Acutely hazardous material" has the same meaning as defined in subdivision (a) of Section 25532 of the Health and Safety Code.

(4) "Hazardous waste" has the same meaning as defined in Section 25117 of the Health and Safety Code.

(5) "Hazardous waste disposal site" has the same meaning as

defined in Section 25114 of the Health and Safety Code.

SEC. 2. Section 39120 is added to the Education Code, to read:

39120. The governing board of a school district shall not approve a project for the construction of a new school building, as defined in Section 39141, unless the project and its lead agency complies with the same requirements specified in Section 39003 for schoolsite acquisition.

SEC. 3. Section 21151.8 is added to the Public Resources Code, to read:

21151.8. (a) No environmental impact report or negative declaration shall be approved for any project involving the purchase of a schoolsite or the construction of a new elementary or secondary school by a school district unless the environmental impact report or negative declaration includes information which is needed to determine if the property proposed to be purchased, or to be constructed upon, is any of the following:

(1) The site of a current or former hazardous waste disposal site or solid waste disposal site and, if so, whether the wastes have been removed.

(2) A hazardous substance release site identified by the State Department of Health Services in a current list adopted pursuant to Section 25356 for removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code.

(3) A site which contains one or more pipelines, situated underground or aboveground, which carries hazardous substances, acutely hazardous materials, or hazardous wastes, unless the pipeline is a natural gas line which is used only to supply natural gas to that school or neighborhood.

(b) As used in this section:

(1) "Hazardous substance" has the same meaning as defined in Section 25316 of the Health and Safety Code.

(2) "Acutely hazardous material" has the same meaning as defined in subdivision (a) of Section 25532 of the Health and Safety Code.

(3) "Hazardous waste" has the same meaning as defined in Section 25117 of the Health and Safety Code.

(4) "Hazardous waste disposal site" has the same meaning as defined in Section 25114 of the Health and Safety Code.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1603

An act to add Division 9.7 (commencing with Section 10900) to the Health and Safety Code, to amend Section 11166 of, and to add Section 11165.13 to, the Penal Code, relating to substance abuse.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Division 9.7 (commencing with Section 10900) is added to the Health and Safety Code, to read:

DIVISION 9.7. PERINATAL SUBSTANCE ABUSE

CHAPTER 1. STATE ADMINISTRATION

10900. By July 1, 1991, the Health and Welfare Agency shall develop and disseminate a model needs assessment protocol for pregnant and postpartum substance abusing women in conjunction with the appropriate professional organizations in the areas of hospital administration, substance abuse prevention and treatment, social services, public health, and appropriate state agencies, including the State Department of Social Services, the State Department of Health Services, State Department of Developmental Services, and the State Department of Alcohol and Drug Programs. This model may be utilized by hospitals and counties pursuant to Section 10901.

CHAPTER 2. COUNTY ADMINISTRATION

10901. (a) Each county shall establish protocols between county health departments, county welfare departments, and all public and private hospitals in the county, regarding the application and use of an assessment of the needs of, and a referral for, a substance exposed infant to a county welfare department pursuant to Section 11165.13 of the Penal Code.

(b) The assessment of the needs shall be performed by a health practitioner, as defined in Section 11165.8 of the Penal Code, or a medical social worker. The needs assessment shall be performed before the infant is released from the hospital.

(c) The purpose of the assessment of the needs is to do all of the following:

(1) Identify needed services for the mother, child, or family,

including, where applicable, services to assist the mother caring for her child and services to assist maintaining children in their homes.

(2) Determine the level of risk to the newborn upon release to the home and the corresponding level of services and intervention, if any, necessary to protect the newborn's health and safety, including a referral to the county welfare department for child welfare services.

(3) Gather data for information and planning purposes.

CHAPTER 3. MISCELLANEOUS

10902. It is the intent of the Legislature that funding for this chapter be provided in the annual Budget Act.

SEC. 2. Section 11165.13 is added to the Penal Code, to read:

11165.13. For purposes of this article, a positive toxicology screen at the time of the delivery of an infant is not in and of itself a sufficient basis for reporting child abuse or neglect. However, any indication of maternal substance abuse shall lead to an assessment of the needs of the mother and child pursuant to Section 10901 of the Health and Safety Code. If other factors are present that indicate risk to a child, then a report shall be made. However, a report based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse shall be made only to county welfare departments and not to law enforcement agencies.

SEC. 3. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (b), any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. A child protective agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy. For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute the basis of reasonable suspicion of sexual abuse.

(b) Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably

suspects that mental suffering has been inflicted on a child or his or her emotional well-being is endangered in any other way, may report such known or suspected instance of child abuse to a child protective agency.

(c) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative or slide depicting a child under the age of 14 years engaged in an act of sexual conduct, shall report such instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately or as soon as practically possible by telephone and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation, for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(d) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse may report the known or suspected instance of child abuse to a child protective agency.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by such selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

The internal procedures shall not require any employee required to make reports by this article to disclose his or her identity to the employer.

(g) A county probation or welfare department shall immediately

or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relate solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall only be reported to the county welfare department. A county probation or welfare department shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

A law enforcement agency shall immediately or as soon as practically possible report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department. A law enforcement agency shall report to the county welfare department every known or suspected instance of child abuse reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

SEC. 4. CHAPTER 1611

An act to add and repeal Sections 17052.11 and 23603 of the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) In many areas of the state, motor vehicles with conventional gasoline and diesel combustion engines are responsible for more air pollution than any other single source.

(2) Improved technology has made the use of low-emission vehicles feasible for use in the state.

(3) It is in California's best interests to encourage the use of low-emission vehicles because they are expected to result in a substantial decrease in vehicle-created air pollution.

(4) In first enacting Sections 17052.11 and 23603 of the Revenue and Taxation Code, the Legislature recognized that tax credit incentives should be offered to individuals and corporations who convert their vehicles to the use of ethanol or methanol.

(b) It is the intent of the Legislature in enacting this act to provide similar tax incentives for the use of other types of low-emission vehicles, such as those powered by compressed natural gas, liquified petroleum gas, and electricity. It is further the intent of the Legislature that these tax incentives also be available to purchasers of new vehicles which are factory equipped to qualify as low-emission vehicles as defined in Section 39037.05 of the Health and Safety Code. The Legislature intends that this act will also promote the early construction of the refueling infrastructure necessary to support the rapidly increasing numbers of low-emission vehicles on the state's roads and highways.

SEC. 2. Section 17052.11 is added to the Revenue and Taxation Code, to read:

17052.11. (a) For taxable years beginning on or after January 1, 1991, and before January 1, 1995, there shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039) an amount equal to 55 percent of the costs (including installation charges but excluding interest charges), of a device designed and installed to convert a motor vehicle, which is intended to be used on public roads and highways and is registered in this state, to a low-emission motor vehicle. The credit allowed by this section shall be claimed in the taxable year the device is installed and shall not exceed one thousand dollars ($1,000) per automobile, motorcycle, or two person passenger vehicle, or three thousand five hundred dollars ($3,500) for a vehicle whose weight is in excess of 5,750 pounds.

(b) The credit provided by subdivision (a) shall also be allowed for the cost of a new motor vehicle which is equipped from the factory to operate as a low-emission motor vehicle and is certified by the state board to be a low-emission motor vehicle and which is registered in this state.

(c) In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them. In the case of a partnership, the tax credit may be divided between the partners pursuant to a written partnership agreement in accordance with Chapter 10 (commencing with Section 17851), which includes Section 704 of the Internal Revenue Code concerning substantial economic effect, relating to a partner's distributive share.

(d) For purposes of this section, "device" means any apparatus not otherwise required by federal or California law that is designed and installed to convert a new or used motor vehicle to a low-emission motor vehicle as certified by the state board.

(2) Notify the California Energy Commission in a form and manner specified by the California Energy Commission that the device or vehicle has actually been purchased.

(3) Retain a copy of the certification issued by the California Energy Commission.

(4) Make the certification available to the Franchise Tax Board upon demand.

(*l*) That portion of the credit under this section which exceeds the "net tax" for the taxable year may not be carried over and applied to the "net tax" in succeeding taxable years.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 23603 shall not exceed seven hundred fifty thousand dollars ($750,000) per year. The California Energy Commission shall not authorize any credit if the credit would cause the total amount of credit authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law to exceed seven hundred fifty thousand dollars ($750,000).

(n) (1) This section shall become operative on January 1, 1991.

(c) If two or more taxpayers share in the expenses eligible for the credit provided by this section, each taxpayer shall be eligible to receive the tax credit in proportion to its respective share of the expenses paid or incurred. In the case of a partnership, the tax credit may be divided between the partners pursuant to a written partnership agreement in accordance with Chapter 10 (commencing with Section 17851), which includes Section 704 of the Internal Revenue Code concerning substantial economic effect, relating to partner's distributive share.

(d) For purposes of this section, "device" means any apparatus not otherwise required by federal or California law that is designed and installed to convert a new or used motor vehicle to a low-emission motor vehicle as certified by the state board.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Airport and Maritime Plant Quarantine, Inspection, and Plant Protection Act.

SEC. 2. The Legislature finds and declares the following:

(a) The introduction of exotic plant and animal pests poses a serious threat to the health, safety, and economic well-being of the people of the state.

(b) Imported products provide a host material for exotic pests entering the state and the inspection of host material and the exclusion of exotic plant and animal pests is the most effective and efficient pest management tool available to the state.

(c) The inspection and removal of exotic pests from air and marine conveyances is a necessary and reasonable service provided by the state and its political subdivisions.

SEC. 3. Section 5350 is added to the Food and Agricultural Code, to read:

5350. (a) The director shall establish a program for the inspection of conveyances entering California through airport and maritime facilities to prevent the introduction into, or the spread within, this state of pests.

(b) The director shall maintain plant quarantine inspection stations at points of entry at airports and marine terminals pursuant to Section 5341.

(c) The director shall establish a program for the dissemination of information at airports and marine terminals in order to provide the users of the facilities information regarding the pest control and quarantine requirements of this state.

(d) The director may authorize the inspection and certification of conveyances outside the state if the director finds that the inspection and certification meets the standards established for in-state inspection and certification programs and, for that purpose, may enter into any agreements necessary with any other state or the federal government. The director may provide that conveyances inspected and certified pursuant to this subdivision are not required to be inspected at California airports or marine terminals.

(e) The functions of this section shall be performed by the Division of Plant Industry, Pest Exclusion Branch, of the department,

and the duties shall be performed by plant quarantine officers.

SEC. 4. Section 5351 is added to the Food and Agricultural Code, to read:

SEC. 6. Section 5353 is added to the Food and Agricultural Code, to read:

5353. (a) Each air carrier or foreign air carrier engaged in foreign air commerce which carries animals or plants or other materials which are, or are likely to be, infected or infested with any pest shall pay a charge of eighty-five dollars ($85) to the director upon the initial landing in this state of each flight of the carrier which originates outside the United States.

(b) Each commercial marine carrier engaged in foreign commerce which carries animals or plants or other materials which are, or are likely to be, infected or infested with any pest shall pay a fee of two hundred dollars ($200) to the director upon the initial arrival in this state of the carrier on a voyage which originated outside the United States from a country identified and listed by the director pursuant to Section 5352, or which made an intermediate stop on that voyage in a country identified and listed by the director pursuant to Section 5352.

(c) Each such carrier shall maintain records, which shall be subject to inspection by the director, and pay the charges and fees prescribed by this section in accordance with a procedure adopted by the director, by regulation.

(d) Each such carrier who fails to pay the charges and fees required pursuant to this section and the regulations adopted pursuant to this section is subject to a penalty of 2 percent on the amount of the unpaid charge or fee for each month, or portion thereof, that the charges or fees are not paid.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

It is necessary to enact programs that are alternatives to the repeated application of pesticides in order to eradicate pests, including the Mediterranean fruit fly in Los Angeles County. This act would enact one such alternative and, in order to protect the people and the environment from the repeated application of pesticides and to protect California's agriculture from pests as soon as possible, it is necessary that this act take effect immediately.

25060. All medical waste shall be hauled by either a registered hazardous waste hauler or by a person with an approved limited-quantity exemption granted pursuant to Section 25061.

25061. Medical waste generators may apply to the enforcement agency for a limited-quantity hauling exemption, if the generator meets all of the following requirements:

(a) The generator generates less than 20 pounds of medical waste per week, transports less than 20 pounds of medical waste at any one time, and has an information document on file in the generator's office pursuant to Section 25045.1.

(b) The generator transports the waste himself or herself, or directs a member of his or her staff to transport the waste, to a permitted medical waste treatment facility, a transfer station, or to another facility for the purpose of consolidation before treatment and disposal.

(c) The generator maintains a tracking document, as specified in Section 25063.

25062. (a) Except as otherwise exempted pursuant to Section 25061, all medical waste transported to an offsite medical waste treatment facility shall be transported in accordance with this article by a registered hazardous waste hauler issued a registration certificate pursuant to Article 6 (commencing with Section 25160) and Article 6.5 (commencing with Section 25167.1) of Chapter 6.5.

(b) Except for small quantity generators hauling medical waste pursuant to Section 25061, medical waste shall be transported to a medical waste offsite treatment facility or transfer station in leak-resistant and fully enclosed rigid containers in vehicle compartments.

(c) A person shall not transport medical waste in the same vehicle with other waste unless the medical waste is separately contained in rigid containers or kept separate by barriers from other waste, or unless all of the waste is to be handled as medical waste in accordance with the requirements of this chapter.

(d) Medical waste shall only be transported to a permitted medical waste treatment facility, or to a transfer station or another facility for the purpose of consolidation before treatment and disposal, pursuant to this chapter.

(e) Facilities for the transfer of medical waste shall be annually inspected and issued permits in accordance with the regulations adopted pursuant to this chapter.

(f) Any persons manually loading or unloading containers of medical waste shall be provided by their employer at the beginning

of each shift with, and shall be required to wear, clean and protective gloves and coveralls, changeable lab coats, or other protective clothing. The department may require, by regulation, other protective devices appropriate to the type of medical waste being handled.

25063. (a) A hazardous waste hauler shall maintain a completed tracking document of all medical waste removed for treatment or disposal. At the time the medical waste is received by a hazardous waste hauler, the hauler shall provide the medical waste generator with a copy of the tracking document for the generator's medical waste records. The hauler shall maintain its copy of the tracking document for three years.

(b) The tracking document shall include, but not be limited to, all of the following information:

(1) The name, address, and telephone number of the hauler, unless transported pursuant to Section 25061.

(2) The type and quantity of medical waste transported.

(3) The name of the generator.

(4) The name, address, telephone number, and the signature of an authorized representative of the permitted facility receiving the waste.

(c) Any hazardous waste hauler or generator transporting medical waste in a vehicle shall have a tracking document in his or her possession while transporting the waste. The tracking document shall be shown upon demand to any enforcement agency personnel or an officer of the Department of the California Highway Patrol. If the waste is transported by rail, vessel, or air, the railroad corporation, vessel operator, or airline shall enter on the shipping papers any information concerning the waste which the enforcement agency may require.

(d) A hazardous waste hauler or a generator transporting medical waste shall provide the facility receiving the medical waste with the original tracking document.

(e) Each hazardous waste hauler and each medical waste treatment facility shall provide tracking data periodically and in a format as determined by the department.

(f) Medical waste transported out of state shall be consigned to a medical waste treatment facility in the receiving state. Absent a permitted treatment facility in the receiving state or if the medical waste is crossing an international border, the waste shall be treated in accordance with Article 9 (commencing with Section 25090) prior to being transported out of the state.

25064. The annual permit fee for a transfer station issued a permit pursuant to subdivision (e) of Section 25062 is five hundred dollars ($500), or as provided in the regulations adopted pursuant to this chapter.

SEC. 6. Article 7 (commencing with Section 25070) is added to Chapter 6.1 of Division 20 of the Health and Safety Code, as added by Assembly Bill 109, to read:

Article 7. Medical Waste Treatment Facility Permits

25070. All offsite medical waste treatment facilities shall be permitted and inspected by the department. All onsite medical waste treatment facilities shall be permitted and inspected by the enforcement agency.

25070.1. On or before April 1, 1991, each person operating a medical waste treatment facility shall obtain a permit pursuant to this article from the department. If the medical waste treatment facility begins operation after April 1, 1991, the permit shall be obtained pursuant to this article prior to commencement of the treatment facility's operation.

25070.2. A health care facility accepting medical waste for treatment from the physicians and surgeons who are on the staff of the facility and who are small quantity generators shall be classified as an onsite treatment facility and shall be permitted and inspected by the enforcement agency.

25070.3. A health care facility accepting medical waste for treatment from small quantity generators which are adjacent to the facility shall be classified as an onsite treatment facility and shall be permitted and inspected by the enforcement agency.

25071. (a) Each enforcement agency shall follow procedures which are consistent with this article, and the regulations adopted pursuant to this article, when issuing medical waste permits.

(b) Each person operating a medical waste treatment facility pursuant to a hazardous waste facilities permit or grant of interim status pursuant to Article 9 (commencing with Section 25200) of Chapter 6.5, as of January 1, 1991, shall be considered to have the medical waste permit required by this article until January 1, 1992, unless the enforcement agency with jurisdiction over its activities has taken final action prior to January 1, 1992, on an application for a permit pursuant to this article.

(c) Each medical waste facility subject to subdivision (b) shall operate in accordance with the standards and procedures contained in this article, and on and after January 1, 1991, is not subject to the standards and procedures contained in Chapter 6.5 (commencing with Section 25100).

25072. Any person required to obtain a permit pursuant to this chapter shall file with the enforcement agency an application, on forms prescribed by the department, containing, but not limited to, all of the following:

25072.5. (a) Prior to issuing or renewing a permit for an offsite medical waste treatment facility pursuant to Section 25070, the department shall review the compliance history of the applicant, under any local, state, or federal law or regulation governing the control of medical waste or pollution, including, but not limited to, the Clean Air Act (42 U.S.C. Sec. 7401 et seq.).

(b) The department shall, pursuant to this section, deny a permit, or specify additional permit conditions, to ensure compliance with applicable rules and regulations, if the department determines that in the three-year period preceding the date of application the applicant has violated laws or regulations identified in subdivision (a) at a facility owned or operated by the applicant, and the violations demonstrate a recurring pattern of noncompliance or pose, or have posed, a significant risk to public health and safety or to the environment.

(c) In addition to any other information required to be submitted for the permitting of a facility pursuant to Section 25070, an applicant who has owned or operated a facility regulated by the department shall provide a description of all violations described in subdivision (a), which occurred at any facility permitted and owned or operated by the applicant in the state in the three years prior to the date of application.

(d) In making the determination of whether to deny a permit or to specify additional permit conditions pursuant to subdivision (b), the department shall take both of the following into consideration:

(1) Whether a permit denial or permit condition is appropriate or necessary given the severity of the violation.

(2) Whether the violation has been corrected in a timely fashion.

25073. On and after April 1, 1991, all persons operating a medical waste treatment facility shall maintain individual records for a period of three years and shall report or submit to the enforcement agency upon request, all of the following information:

25075. (a) A medical waste permit may be renewed if the enforcement agency finds the permittee has been in substantial compliance with this chapter and the regulations adopted pursuant to this chapter during the preceding permitted period or that the permittee corrected previous violations in a timely manner.

(b) Upon approval of the enforcement agency, a permit may be transferred from one subsidiary to another subsidiary of the same corporation, from a parent corporation to one of its subsidiaries, or from a subsidiary to a parent corporation.

25076. A person required to obtain a medical waste permit shall, at all times, possess a valid permit for each facility in operation. A medical waste permit shall terminate prior to its expiration date if suspended or revoked pursuant to Section 25099.1 or, notwithstanding Section 25099.2, if either of the following occurs:

(a) The permittee sells or otherwise transfers the facility, except as specified in subdivision (b) of Section 25075.

(b) The permittee surrenders the permit to the enforcement agency because the permittee ceases operation.

25077. The enforcement agency shall issue a medical waste permit upon evaluation, inspection, or records review of the applicant if the applicant is in substantial compliance with this chapter and the regulations adopted pursuant to this chapter and the applicant has corrected any previous violations. A decision to issue or not to issue the permit shall be made by the enforcement agency within 120 days of the time that the application is filed, unless waived by the applicant.

25078. When issuing, renewing, or revising any treatment facility permit, the enforcement agency may prohibit or condition the handling or treatment of medical waste to protect the public health and safety.

25079. An enforcement agency shall inform an applicant for a medical waste permit, in writing, upon the denial of any application for the permit. Within 20 days after the enforcement agency mails the notice, the applicant may present a written petition for a hearing to the enforcement agency. Upon receipt by the enforcement agency of the petition in proper form, the petition shall be set for hearing.

If the department is the enforcement agency, the proceedings shall commence with the filing of a statement of issues and shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted to a department in that chapter.

If the department is not the enforcement agency, the hearings shall be held in accordance with the ordinance adopting the medical waste management program.

25079.1. The enforcement agency shall evaluate, inspect, and review the records of medical waste treatment facilities for compliance with this chapter.

25079.2. The fee schedule specified in Section 25079.3 shall cover the issuance of medical waste treatment facility permits and an inspection program, when the department serves as the enforcement agency. This fee schedule shall be adjusted annually in accordance with Section 113. On or before January 1, 1993, the department may adjust by regulation the fees specified in Section 25079.3 to reflect the actual costs of implementing this article. Local enforcement agencies shall set fees which shall be sufficient to cover their costs in implementing this chapter with regard to large quantity generators.

25079.3. (a) The annual permit fee for an offsite treatment facility shall be set at the following amount:

(2) The fee for an incinerator or other approved technology is fifteen thousand dollars ($15,000).

(b) The department shall charge an application fee for an offsite treatment facility equal to one hundred dollars ($100) for each hour the department spends processing the application, but not more than fifty thousand dollars ($50,000), or as provided in the regulations adopted by the department.

SEC. 7. Article 8 (commencing with Section 25080) is added to Chapter 6.1 of Division 20 of the Health and Safety Code, as added by Assembly Bill 109, to read:

Article 8. Containment and Storage

25080. To containerize or store medical waste, a person shall do all of the following:

(b) Biohazardous waste shall be contained in a red biohazard bag in accordance with Section 25081 conspicuously labeled with the words "Biohazardous Waste" or with the international biohazard symbol and the word "BIOHAZARD."

(c) Notwithstanding Section 25020.2, biohazard bags meeting the requirements specified in Section 66840 of Title 22 of the California Code of Regulations may also be used until July 1, 1992.

(d) Sharps waste shall be contained in a sharps container pursuant to subdivision (b) of Section 25081 and Section 25082.

25081. To containerize biohazardous waste in a biohazard bag, a person shall do all of the following:

(a) The bags shall be tied to prevent leakage or expulsion of contents during all future storage, handling, or transport.

(b) Biohazardous waste shall be bagged in accordance with subdivisions (b) and (c) of Section 25080 and placed for storage, handling, or transport in a rigid or disposable container. The container shall be leak resistant, have tight fitting covers, and be kept clean and in good repair. The container may be of any color and shall

be labeled with the words "Biohazardous Waste," or with the international biohazard symbol and the word "BIOHAZARD," on the lid and on the sides so as to be visible from any lateral direction. Containers meeting the requirements specified in Section 66840 of Title 22 of the California Code of Regulations may also be used until the replacement of the containers is necessary or existing stock has been depleted.

(c) All bagged biohazardous waste shall not be removed from the bag until treatment as prescribed in Article 9 (commencing with Section 25090) is completed. Biohazardous waste shall not be disposed of before being treated as prescribed in that Article 9.

(d) Biohazardous waste shall not be contained or stored above 0° Centigrade (32° Fahrenheit) for more than seven days without the written approval of the enforcement agency. A person may store biohazardous waste at or below 0° Centigrade (32° Fahrenheit) for not more than 90 days before treatment with the written approval of the enforcement agency. If the facility is unable to control the odor from its stored waste and the odor poses a public nuisance, the enforcement agency may require more frequent removal.

25082. To containerize sharps, a person shall do all of the following:

(a) Place all sharps waste into a sharps container.

(b) Tape closed or tightly lid full sharps containers ready for disposal to preclude loss of contents.

(c) Store sharps containers ready for disposal for not more than seven days without the written approval of the enforcement agency.

(d) Label sharps containers with the words "sharps waste" or with the international biohazard symbol and the word "BIOHAZARD."

25083. Any small quantity generator who has properly containerized the medical waste according to the requirements of this article may store the waste in a permitted common storage facility.

25084. A person shall thoroughly wash and decontaminate reusable rigid containers for medical waste by a method approved by the enforcement agency each time they are emptied, unless the surfaces of the containers have been completely protected from contamination by disposable liners, bags, or other devices removed with the waste. These containers shall be maintained in a clean and sanitary manner. Approved methods of decontamination include, but are not limited to, agitation to remove visible soil combined with one of the following procedures:

(a) Exposure to hot water of at least 82° Centigrade (180° Fahrenheit) for a minimum of 15 seconds.

(b) Exposure to chemical sanitizer by rinsing with, or immersion in, one of the following for a minimum of three minutes:

(1) Hypochlorite solution (500 ppm available chlorine).

(2) Phenolic solution (500 ppm active agent).

(3) Iodoform solution (100 ppm available iodine).

(4) Quaternary ammonium solution (400 ppm active agent).

25084.5. Any leak or spill of a medical waste by a medical waste generator, hazardous waste hauler, or treatment facility shall be decontaminated by procedures adopted by the department.

25085. A person shall not use reusable pails, drums, dumpsters, or bins used for medical waste for the containment of solid waste, or for other purposes, except after being decontaminated by the procedures specified in Section 25084 and removal of all medical waste labels.

25086. Any enclosure or designated accumulation area used for the storage of medical waste containers shall be secured so as to deny access to unauthorized persons and shall be marked with warning signs on, or adjacent to, the exterior of entry doors, gates, or lids. The storage area may be secured by use of locks on entry doors, gates, or receptacle lids.

The wording of warning signs shall be in English, "CAUTION—BIOHAZARDOUS WASTE STORAGE AREA—UNAUTHORIZED PERSONS KEEP OUT," and in Spanish, "CUIDADO—ZONA DE RESIDUOS—BIOLOGICOS PELIGROSOS—PROHIBIDA LA ENTRADA A PERSONAS NO AUTORIZADAS," or in another language, in addition to English, determined to be appropriate by the infection control staff or enforcement agency. Warning signs shall be readily legible during daylight from a distance of at least 25 feet.

Any enclosure or designated accumulation area shall provide medical waste protection from animals and natural elements and shall not provide a breeding place or a food source for insects or rodents.

25087. A person shall not use a trash chute to transfer medical waste.

25088. Compacters or grinders shall not be used to process medical waste until after the waste has been treated pursuant to Article 9 (commencing with Section 25090) and rendered solid waste, unless the grinding or compacting is an integral part of the treatment method, approved by the department.

Medical waste in bags or other disposable containers shall not be subject to compaction by any compacting device and shall not be placed for storage or transport in a portable or mobile trash compactor.

SEC. 8. Article 9 (commencing with Section 25090) is added to Chapter 6.1 of Division 20 of the Health and Safety Code, as added by Assembly Bill 109, to read:

Article 9. Treatment

25090. A person generating or treating medical waste shall ensure that the medical waste is treated by one of the following methods, thereby rendering it solid waste, which is not otherwise hazardous, prior to disposal:

(a) Incineration at a permitted medical waste treatment facility

in a controlled-air, multichamber incinerator, or other method of incineration approved by the department which provides complete combustion of the waste into carbonized or mineralized ash. Monitoring for release of airborne pathogens from medical waste incinerators shall be conducted as prescribed by the department.

(b) (1) Discharge to a public sewage system if the medical waste is liquid or semiliquid, and not either of the following:

(A) Liquid or semiliquid laboratory waste, as defined in subdivision (a) of Section 25020.5.

(B) Microbiological specimens, including those specified in subdivision (b) of Section 25020.5.

(2) Medical waste discharge shall be consistent with the waste discharge requirements placed on the public sewer system by the California regional water quality control board with jurisdiction.

(c) Steam sterilization at a permitted medical waste treatment facility or by other sterilization, in accordance with all of the following operating procedures for steam sterilizers or other sterilization:

(1) Standard written operating procedures shall be established for biological indicators, or for other indicators of adequate sterilization approved by the department, for each steam sterilizer, including time, temperature, pressure, type of waste, type of container, closure on container, pattern of loading, water content, and maximum load quantity.

(2) Recording or indicating thermometers shall be checked during each complete cycle to ensure the attainment of 121° Centigrade (250° Fahrenheit) for at least one-half hour, depending on the quantity and density of the load, in order to achieve sterilization of the entire load. Thermometers shall be checked for calibration annually. Records of the calibration checks shall be maintained as part of the facility's files and records for a period of three years or for the period specified in the regulations.

(3) Heat-sensitive tape, or another method acceptable to the enforcement agency, shall be used on each container that is processed to indicate the attainment of adequate sterilization conditions.

(4) The biological indicator Bacillus stearothermophilus, or other indicator of adequate sterilization as approved by the department, shall be placed at the center of a load processed under standard operating conditions at least monthly to confirm the attainment of adequate sterilization conditions.

(5) Records of the procedures specified in paragraphs (1), (2), and (4) shall be maintained for a period of not less than three years.

(d) Other alternative medical waste treatment methods which are both of the following:

(1) Approved by the department.

(2) Result in the destruction of pathogenic microorganisms.

Any alternative medical waste treatment method proposed to the department shall be evaluated by the department and either

approved or rejected pursuant to the criteria specified in this subdivision.

25090.5. Recognizable human anatomical remains, with the exception of teeth not deemed infectious by the attending physician and surgeon, or dentist shall be disposed of by incineration or interment unless otherwise hazardous.

25091. Hypodermic needles shall be either incinerated and disposed of as solid waste, or otherwise rendered noninfectious, encased in a solid or semisolid material, and disposed of as solid waste. Disposal of this waste as solid waste shall be permitted if the waste is not otherwise hazardous.

25091.5. An operator of a hazardous waste incinerator permitted pursuant to Section 25200 may also accept medical waste for incineration.

25092. Each medical waste treatment facility issued a medical waste permit shall provide the enforcement agency with an emergency action plan which the facility shall follow to ensure the proper disposal of medical waste in the event of equipment breakdowns, natural disasters, or other occurrences.

25093. Notwithstanding Section 9141 of the Food and Agricultural Code, animals that die from infectious diseases shall be treated in accordance with Section 25090 if, in the opinion of the attending veterinarian or local health officer, the carcass presents a danger of infection to humans.

25094. The department shall charge an application fee for evaluation of an alternative treatment technology pursuant to subdivision (d) of Section 25090 equal to one hundred dollars ($100) per hour for each hour the department spends processing the application, but not more than a total of one thousand dollars ($1,000), or as provided in the regulations adopted by the department.

SEC. 9. Article 10 (commencing with Section 25095) is added to Chapter 6.1 of Division 20 of the Health and Safety Code, as added by Assembly Bill 109, to read:

Article 10. Enforcement

25095. (a) In order to carry out the purpose of this chapter, any authorized representative of the enforcement agency may do any of the following:

(1) Enter and inspect a facility for which a medical waste permit or registration has been issued, for which a medical waste permit or registration application has been filed, or which is subject to registration or permitting requirements pursuant to this chapter. Enter and inspect a vehicle for which a hazardous waste hauler registration has been issued or a limited-quantity exemption granted, for which an application has been filed for a hazardous waste hauler registration or a limited-quantity exemption, or which is subject to registration requirements pursuant to this chapter.

(2) Inspect and copy any records, reports, test results, or other information related to the requirements of this chapter or the regulations adopted pursuant to this chapter.

(b) The inspection shall be made with the consent of the owner or possessor of the facilities or, if consent is refused, with a warrant duly issued pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting the public health or safety, an inspection may be made without consent or the issuance of a warrant.

25096. An enforcement agency may bring an action to enjoin the violation, or threatened violation, of this chapter or the regulations adopted pursuant to this chapter, in the superior court in the county in which the violation occurred or is about to occur. Any proceeding under this section shall be in accordance with Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the enforcement agency is not required to allege facts necessary to show or tending to show the lack of an adequate remedy at law or irreparable damage or loss.

With respect to any action brought pursuant to this section alleging actual violation of this chapter or the regulations adopted pursuant to this chapter, the court shall, if it finds the allegations to be true, issue its order enjoining the continuance of the violation.

25096.1. Whenever the enforcement agency determines that a violation or threatened violation of this chapter or the regulations adopted pursuant to this chapter has resulted, or is likely to result, in a release of medical waste into the environment, the agency may issue an order to the responsible person specifying a schedule for compliance or imposing an administrative penalty of not more than one thousand dollars ($1,000) per violation. Any person who, after notice and an opportunity for hearing, violates an order issued pursuant to this section is guilty of a misdemeanor. The department shall adopt regulations which specify the requirements for providing notice to persons to whom orders are issued and for administrative hearings and fines concerning these orders.

SEC. 10. Article 11 (commencing with Section 25099.1) is added to Chapter 6.1 of Division 20 of the Health and Safety Code, as added by Assembly Bill 109, to read:

Article 11. Suspension or Revocation

25099.1. The enforcement agency may suspend, amend, or revoke any medical waste permit issued by the enforcement agency for any of the following reasons:

(a) Violation by the permittee of any of the provisions of this chapter or any regulation adopted pursuant to this chapter.

(b) Violation of any term or condition of the permit.

(c) Aiding, abetting, or permitting the violation specified in subdivision (a) or (b) or interference in the performance of the duty of the enforcement officer.

(d) Proof that the permittee has intentionally made false statements, or failed to disclose fully all relevant facts, in any material regard, on the application for a medical waste permit.

(e) The conviction of a permittee, or the person in charge of the activity subject to the medical waste permit, of any crime which is substantially related to the qualifications or duties of the permittee or the person in charge of the activity, or which is substantially related to the functions which are subject to the medical waste permit.

For purposes of this section, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action to revoke or suspend the medical waste permit may be taken when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal. That action may also be taken when an order granting probation is made suspending the imposition of sentence, notwithstanding any subsequent order pursuant to Section 1203.4 of the Penal Code. The enforcement agency shall take into account all competent evidence of rehabilitation furnished by the permittee or person in charge of the permitted activity.

(f) A change in any condition that requires either a temporary or permanent modification, reduction, or termination of the permitted operation to bring it into compliance with the requirements of this chapter and the regulations adopted pursuant to the chapter.

25099.2. Proceedings conducted by the department for the suspension or revocation of a medical waste permit shall commence with the filing of any accusation and shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the powers granted to a department in that chapter.

25099.3. The enforcement agency may temporarily suspend a medical waste permit prior to any hearing, when it has determined that this action is necessary to protect the public welfare. The enforcement agency shall notify the permittee of the temporary suspension and the effective date thereof and, at the same time, shall serve the permittee with an accusation.

Upon receipt of a notice of defense by the permittee, the matter shall, within 15 days, be set for hearing. The hearing shall be held as soon as possible, but not later than 30 days after receipt of the notice.

The temporary suspension shall remain in effect until the hearing is completed and the enforcement agency has made a final determination on the merits. However, the temporary suspension is vacated if the enforcement agency fails to make a final determination on the merits within 60 days after the original hearing has been completed.

SEC. 11. Section 25117.5 of the Health and Safety Code is repealed.

SEC. 12. Section 25117.5 is added to the Health and Safety Code, to read:

25117.5. Waste which is hazardous only because it is medical waste as defined in the Medical Waste Management Act (Chapter 6.1 (commencing with Section 25015)) shall not be governed by, subject to fees assessed by, or otherwise subject to, the requirements of this chapter or regulations adopted pursuant to this chapter.

SEC. 13. Section 25117.6 of the Health and Safety Code is repealed.

SEC. 14. Section 25157.3 of the Health and Safety Code is repealed.

SEC. 15. Section 25173.5 of the Health and Safety Code is amended to read:

25173.5. (a) Except as provided in subdivision (b), the legislative body of a city or county may impose and enforce a tax, for general purposes, or may impose a user fee on the operation of an offsite, multiuser hazardous waste facility located within the jurisdiction of the city or county. The tax or the user fee imposed shall not exceed 10 percent of the facility's annual gross receipts for the treatment, storage, or disposal of hazardous waste at the facility.

If a city or county imposes a tax pursuant to this section, the city or county may use the revenues collected from the tax to fund those activities reasonably necessary for the city or county to carry out its duties related to the operation of the hazardous waste facility upon which the tax is imposed and for support of the city's or county's fire and emergency response capabilities and emergency medical services, to the extent the city or county determines that this funding should be given priority.

(b) A city or county shall not impose a tax or a user fee adopted pursuant to subdivision (a) upon any of the following:

(1) An existing hazardous waste facility for which a tax is authorized pursuant to Section 25149.5.

(2) That portion of the gross receipts of the hazardous waste facility that derives from the recycling of hazardous wastes or the treatment of infectious wastes or other medical wastes.

SEC. 16. Section 40191 of the Public Resources Code, as added by Chapter 1096 of the Statutes of 1989, is amended to read:

40191. (a) Except as provided in subdivision (b), "solid waste" means all putrescible and nonputrescible solid, semisolid, and liquid wastes, including garbage, trash, refuse, paper, rubbish, ashes, industrial wastes, demolition and construction wastes, abandoned vehicles and parts thereof, discarded home and industrial appliances, dewatered, treated, or chemically fixed sewage sludge which is not hazardous waste, manure, vegetable or animal solid and semisolid wastes, and other discarded solid and semisolid wastes.

(b) "Solid waste" does not include hazardous waste or low-level radioactive waste regulated under Chapter 7.6 (commencing with Section 25800) of Division 20 of the Health and Safety Code.

(c) "Solid waste" does not include medical waste which is regulated pursuant to the Medical Waste Management Act (Chapter 6.1 (commencing with Section 25015) of Division 20 of the Health

and Safety Code), provided that the medical waste, whether treated or untreated, is not disposed of at a solid waste facility. Medical waste which has been treated and which is deemed to be sold waste shall be regulated pursuant to this division.

SEC. 17. Section 43211 of the Public Resources Code is amended to read:

43211. For those facilities which accept both hazardous wastes and other solid wastes, the State Department of Health Services shall exercise enforcement and regulatory powers relating to the control of the hazardous wastes at the facility pursuant to Chapter 6.1 (commencing with Section 25015) and Article 8 (commencing with Section 25180) of Chapter 6.5 of Division 20 of the Health and Safety Code. The board shall, at mixed waste disposal facilities, exercise enforcement and regulatory powers relating to the control of solid wastes other than hazardous wastes at the facility pursuant to this chapter.

SEC. 18. Section 43308 of the Public Resources Code is amended to read:

43308. For those facilities which accept only hazardous wastes and to which Chapter 6.1 (commencing with Section 25015) and Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code apply, or which accept only low-level radioactive wastes and to which Chapter 7.6 (commencing with Section 25800) of Division 20 of the Health and Safety Code applies, or for those facilities which accept both, the board shall have no enforcement or regulatory authority. Except as otherwise provided in Section 40052, all enforcement activities for those facilities relative to the control of hazardous wastes or low-level radioactive wastes shall be performed by the State Department of Health Services pursuant to Article 8 (commencing with Section 25180) of Chapter 6.5 or pursuant to Chapter 7.6 (commencing with Section 25800) of Division 20 of the Health and Safety Code.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 20. It is the intent of the Legislature that Sections 4, 5, 6, 7, 8, 9, and 10 of this bill and Sections 1, 2, 3 of Assembly Bill 109 of the 1989–90 Regular Session comprise a single, integrated, and complementary approach to the storage, treatment, transportation, and disposal of medical waste.

SEC. 21. This act shall be operative only if Assembly Bill 109 is enacted and becomes operative on or before January 1, 1991.

CHAPTER 1615

An act to add Chapter 8 (commencing with Section 3081.1) to Title 14 of Part 4 of Division 3 of the Civil Code, relating to liens.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 3081.1) is added to Title 14 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 8. DESIGN PROFESSIONALS' LIENS

3081.1. For purposes of this chapter, "design professional" means any certificated architect, registered professional engineer, or licensed land surveyor who furnishes services pursuant to a written contract with a landowner for the design, engineering, or planning of a work of improvement.

Except as otherwise expressly provided, the definition in this section does not apply to, or limit or expand the meaning of, provisions of law other than this chapter.

3081.2. A design professional shall, from the date of recordation pursuant to Section 3081.3, have a lien upon the real property for which the work of improvement is planned to be constructed, notwithstanding the absence of commencement of actual construction of the planned work of improvement, if the landowner contracted for the design professional's services and is also the owner of the real property at the time of recordation of the lien. The lien of the design professional shall be for the amount of the design professional's fee for any services rendered prior to commencement of the work of improvement or the reasonable value of those services, whichever is less. The amount of the lien shall be reduced by the amount of any deposit or prior payments, as specified by a written contract entered into by the design professional and by the landowner or his or her agent. However, no lien shall arise pursuant to this chapter, and a design professional may not record a notice of lien pursuant to subdivision (c) of Section 3081.3, unless a building permit or other governmental approval in furtherance of the work of improvement has been obtained in connection with or utilizing the services rendered by the design professional.

3081.3. In order for the design professional to be entitled to a lien pursuant to Section 3081.2, all of the following shall occur:

(a) The landowner defaults in any payment required pursuant to the terms of the written contract or refuses to pay upon the demand of the design professional made in accordance with the written contract.

(b) Not less than 10 days prior to recordation pursuant to

subdivision (c), the design professional mails by first-class registered or certified mail, postage prepaid, addressed to the landowner, a written demand for payment specifying that a default has occurred pursuant to the contract or agreement and the amount of the default.

(c) The design professional records, in the office of the county recorder in the county in which the real property or some portion thereof is located, a notice of lien which specifies that a lien is created in favor of the named design professional, specifies the amount thereof, identifies the current owner of record of the real property, provides a legal description of the real propery to be improved, and specifies the building permit or other governmental approval for the work of improvement required as a condition of recording the notice of lien by Section 3081.2.

3081.4. (a) Upon recordation of the notice of lien pursuant to subdivision (c) of Section 3081.3, a lien is created in favor of the named design professional.

(b) The lien created pursuant to subdivision (a) shall automatically expire and be null and void and of no further force or effect on the occurrence of either of the following:

(1) The commencement of the work of improvement for which the design professional furnished services at the request of the landowner.

(2) The expiration of 90 days after recording the notice of lien, unless the design professional files suit to enforce the lien within 90 days of recordation.

(c) In the event the landowner partially or fully satisfies the lien of the design professional, the design professional shall execute and record a document which evidences a partial or full satisfaction and release of the lien, as the case may be.

3081.5. Any design professionals' lien perfected pursuant to this chapter shall be enforced pursuant to the provisions contained in Article 7 (commencing with Section 3143) of Chapter 2 of Title 15.

3081.6. This chapter does not affect the ability of a design professional to obtain a mechanic's lien pursuant to Title 15 (commencing with Section 3082) of this part.

3081.7. A design professional shall record a notice of lien pursuant to subdivision (c) of Section 3081.3 no later than 90 days after the design professional knows or has reason to know that the landowner is not commencing the work of improvement.

3081.8. The lien of a design professional perfected pursuant to this chapter shall not affect the ability of the design professional to pursue other remedies.

3081.9. (a) No lien created by this chapter shall affect or take priority over the interest of record of a purchaser, lessee, or encumbrancer, if the interest of the purchaser, lessee, or encumbrancer in the real property was duly recorded before recordation of the design professionals' lien.

(b) No lien created by this chapter shall affect or take priority over an encumbrance of a construction lender which funds the loan

to commence the work of improvement for which the design professional furnished services at the request of the landowner.

3081.10. The design professionals' lien provided in this chapter shall not apply to a work of improvement relating to a single-family owner occupied residence where the construction costs are less than one hundred thousand dollars ($100,000) in value.

SEC. 2. It is the intent of the Legislature to establish the exclusive lien remedy for design professionals in cases where no actual construction of the planned work of improvement is commenced prior to recordation of the notice of lien, and to thereby disapprove and supplant any lien remedy provided by the court decision of In re Morrell (D.C. 1984) 42 Bankruptcy Rep. 973.

CHAPTER 1616

An act to add Section 387 to the Penal Code, relating to crime.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Corporate Criminal Liability Act of 1989.

SEC. 2. Section 387 is added to the Penal Code, to read:

(a) Any corporation, or person who is a manager with respect to a product, facility, equipment, process, place of employment, or business practice, is guilty of a public offense punishable by imprisonment in the county jail for a term not exceeding one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both that fine and imprisonment; or by imprisonment in the state prison for 16 months, two, or three years, or by a fine not exceeding twenty-five thousand dollars ($25,000); or by both that fine and imprisonment, but if the defendant is a corporation the fine shall not exceed one million dollars ($1,000,000), if that corporation or person does all of the following:

(1) Has actual knowledge of a serious concealed danger that is subject to the regulatory authority of an appropriate agency and is associated with that product or a component of that product or business practice.

(2) Knowingly fails during the period ending 15 days after the actual knowledge is acquired, or if there is imminent risk of great bodily harm or death, immediately, to do both of the following:

(A) Inform the Division of Occupational Safety and Health in the Department of Industrial Relations in writing, unless the corporation or manager has actual knowledge that the division has been so informed.

Where the concealed danger reported pursuant to this paragraph

is subject to the regulatory authority of an agency other than the Division of Occupational Safety and Health in the Department of Industrial Relations, it shall be the responsibility of the Division of Occupational Safety and Health in the Department of Industrial Relations, within 24 hours of receipt of the information, to telephonically notify the appropriate government agency of the hazard, and promptly forward any written notification received.

(B) Warn its affected employees in writing, unless the corporation or manager has actual knowledge that the employees have been so warned.

The requirement for disclosure is not applicable if the hazard is abated within the time prescribed for reporting, unless the appropriate regulatory agency nonetheless requires disclosure by regulation.

Where the Division of Occupational Safety and Health in the Department of Industrial Relations was not notified, but the corporation or manager reasonably and in good faith believed that they were complying with the notification requirements of this section by notifying another government agency, as listed in paragraph (8) of subdivision (d), no penalties shall apply.

(b) As used in this section:

(1) "Manager" means a person having both of the following:

(A) Management authority in or as a business entity.

(4) "Serious concealed danger," used with respect to a product or business practice, means that the normal or reasonably foreseeable use of, or the exposure of an individual to, the product or business practice creates a substantial probability of death, great bodily harm, or serious exposure to an individual, and the danger is not readily apparent to an individual who is likely to be exposed.

(5) "Great bodily harm" means a significant or substantial physical injury.

(6) "Serious exposure" means any exposure to a hazardous substance, when the exposure occurs as a result of an incident or exposure over time and to a degree or in an amount sufficient to create a substantial probability that death or great bodily harm in the future would result from the exposure.

(7) "Warn its affected employees" means give sufficient description of the serious concealed danger to all individuals working

for or in the business entity who are likely to be subject to the serious concealed danger in the course of that work to make those individuals aware of that danger.

(8) "Appropriate government agency" means an agency on the following list that has regulatory authority with respect to the product or business practice and serious concealed dangers of the sort discovered:

(A) The Division of Occupational Safety and Health in the Department of Industrial Relations.

(B) State Department of Health Services.

(C) Department of Agriculture.

(D) County departments of health.

(H) The Federal Occupation Safety and Health Administration.

(I) The Nuclear Regulatory Commission.

(J) The Consumer Product Safety Commission.

(K) The Federal Aviation Administration.

(L) The Federal Mine Safety and Health Review Commission.

(c) Notification received pursuant to this section shall not be used against any manager in any criminal case, except a prosecution for perjury or for giving a false statement.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1617

An act to repeal Section 66784.4 of the Government Code, and to amend Sections 44009 and 50002 of, to add Section 50000.5 to, and to repeal and add Section 50000 of, the Public Resources Code, relating to solid waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1990. Filed with Secretary of State September 30, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 66784.4 of the Government Code is repealed.

SEC. 2. Section 44009 of the Public Resources Code is amended to read:

44009. The board shall, in writing, concur or object to the issuance, modification, or revision of any solid waste facilities permit within 60 days of the board's receipt of any proposed solid waste facilities permit submitted under Section 44007 after consideration of the issues in this section. If the board determines that the permit is not consistent with state standards, it shall object to provisions of the permit, and shall submit such objections to the enforcement agency for its consideration. Until a countywide integrated waste management plan has been approved by the board pursuant to this division, if the board determines, based on substantial evidence in the record, that issuance of the permit would prevent or substantially impair achievement of the requirements prescribed in Section 41780, the board shall object to the permit and shall submit its determination and specific objections to the enforcement agency, the applicant, and the city or county within which the facility is located for their consideration. If the board fails to concur or object in writing within 60 days, it shall be deemed to have concurred in the issuance of the permit as submitted to it.

SEC. 3. Section 50000 of the Public Resources Code is repealed.

SEC. 4. Section 50000 is added to the Public Resources Code, to read:

50000. (a) Until a countywide integrated waste management plan has been approved by the California Integrated Waste Management Board pursuant to Division 30 (commencing with Section 40000), no person shall establish a new solid waste facility or transformation facility or expand an existing solid waste facility or transformation facility which will result in a significant increase in the amount of solid waste handled at the facility without a certification by the local enforcement agency that one of the following has occurred:

(1) The facility is identified and described in or found to conform with a county solid waste management plan which was in compliance with the law and regulations existing on December 31, 1989, adopted pursuant to former Title 7.3 (commencing with Section 66700) of the Government Code as it read on December 31, 1989. The conformance finding with that plan shall be in accordance with the procedure for a finding of conformance which was set forth in the plan prior to January 1, 1990.

(2) The facility is identified and described in the most recent county solid waste management plan which has been approved by the county and by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which

case, the plan has been approved by the county and by the city which contains a majority of the population of the incorporated area of the county.

(3) Pursuant to the procedures in subdivision (b), the facility has been approved by the county and by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case, the facility has been approved by the county and by the city which contains a majority of the population of the incorporated area of the county.

(4) The facility is a material recovery facility and the site identification and description of the facility has been submitted to the task force created pursuant to Section 40950 for review and comment, pursuant to the procedures set forth in subdivision (c). For purposes of this paragraph, "material recovery facility" means a transfer station which is designed to, and, as a condition of its permit, shall, recover for reuse or recycling at least 15 percent of the total volume of material received by the facility.

(b) (1) The review and approval of a solid waste facility or transformation facility which has not been identified or described in a county solid waste management plan shall be initiated by submittal by the person or agency proposing the facility of a site identification and description to the county board of supervisors.

(2) The county shall submit the site identification and description to each city within the county within 20 days from the date that the site identification and description is submitted to the county board of supervisors. The county and each city shall approve or disapprove by resolution the site identification and description within 90 days after the site identification and description is initially submitted to the county or city. Each city shall notify the county board of supervisors of its decision within that 90-day period. If the county or a city fails to approve or disapprove the site identification and description within 90 days, the city or county shall be deemed to have approved the site identification and description as submitted.

(3) If a city or county disapproves the site identification and description, the city or county shall mail notice of its decision by first-class mail to the person or agency requesting the approval within 10 days of the disapproval by the city or county, stating its reasons for the disapproval.

(4) No county or city shall disapprove a proposed site identification and description for a new solid waste facility or transformation facility or an expanded solid waste facility or transformation facility which will result in a significant increase in the amount of solid waste handled at the facility unless it determines, based upon substantial evidence in the record, that there will be one or more significant adverse impacts within its boundaries from the proposed project.

(5) Within 45 days of a decision by a city or county to disapprove a site identification and description, or a decision by the board not

to concur in the issuance of a permit pursuant to Section 44009, any person may file with the superior court a writ of mandate for review of the decision. The evidence before the court shall consist of the record before the city or county which disapproved the site identification and description or the record before the board in its determination not to concur in issuance of the permit. Section 1094.5 of the Code of Civil Procedure shall govern the proceedings conducted pursuant to this subdivision.

(c) To initiate the review and comment by the task force required by paragraph (4) of subdivision (a) and subdivision (d), the person or agency proposing the facility shall submit the site identification and description of the facility to the task force. Within 90 days after the site identification and description is submitted to the task force, the task force shall meet and comment on the facility in writing. Those comments shall include, but are not limited to, the relationship between the proposed new or expanded material recovery facility and the requirements of Section 41780. The task force shall transmit those comments to the applicant, to the county, and to all of the cities in the county.

(d) On or before February 1, 1991, each county, by vote of the board of supervisors and the majority of the cities in the county containing a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the vote is subject to approval of the city which contains a majority of the population of the incorporated area of the county, shall adopt two resolutions after holding a public hearing. One resolution shall address solid waste transfer facilities which are designed to, and, as a condition of their permits, shall, recover for reuse or recycling less than 15 percent of the total volume of material received by the facility and which serve more than one jurisdiction. The second resolution shall address solid waste transfer facilities which are designed to, and, as a condition of their permits, shall, recover for reuse or recycling less than 15 percent of the total volume of material received by the facility and which serve only one jurisdiction. These resolutions shall specify whether the facilities shall be subject to the review and approval process described in subdivision (b) or the review and comment process described in subdivision (c). If the resolutions required by this subdivision are not adopted on or before February 1, 1991, those facilities shall be subject to the review process described in subdivision (c).

For purposes of this subdivision, a facility serves only one jurisdiction if it serves only one city, only the unincorporated area of one county, or only one city and county.

SEC. 5. Section 50000.5 is added to the Public Resources Code, to read:

50000.5. (a) Until a countywide integrated waste management plan has been approved by the California Integrated Waste Management Board pursuant to Division 30 (commencing with Section 40000), no person shall establish or expand a solid waste

facility or transformation facility unless the city or county in which the site is located makes a finding that the establishment or expansion of the facility is consistent with the applicable general plan of the city or county. This finding shall not be made unless the city or county has adopted a general plan which complies with the provisions of Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(b) In addition to the requirements in subdivision (a), any new or expanded solid waste disposal facility or transformation facility shall be deemed to be consistent with the general plan only if both of the following requirements are met:

(1) The facility is located in a land use area designated or authorized for solid waste facilities in the applicable city or county general plan.

(2) The land uses which are authorized adjacent to, or near, the facility are compatible with the establishment, or expansion of, the solid waste disposal facility or transformation facility.

SEC. 6. Section 50002 of the Public Resources Code is amended to read:

50002. (a) The California Integrated Waste Management Board may, by regulation, specify classifications of solid waste facilities that are exempt from the requirements of Sections 50000, 50000.5, and 50001. The regulation may be adopted only if the board makes all of the following findings:

(1) The exemption is not contrary to the public interest.

(2) The quantity of solid wastes to be disposed of at each site is insignificant.

(3) The nature of the solid wastes poses no significant threat to the public health, the public safety, or the environment.

(b) The application to land of agricultural products derived from municipal sewage sludge for use as a fertilizer material, based on a finding by the board that the nature of the solid waste poses no significant threat to the public health, the public safety, or the environment, is exempt from the requirements of Sections 50000 and 50000.5.

SEC. 7. Nothing in this chapter is intended to circumvent the application of or compliance with other federal, state, and local laws, rules, and regulations, including, but not limited to, the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 9. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the provisions regulating solid waste and encourage source reduction and recycling, thereby protecting public health and safety and the environment, it is necessary that this act take effect immediately.

332. (a) The commission may determine and fix the area or areas, the seasons and hours, the bag and possession limit, and the number of elk that may be taken under rules and regulations which the commission may adopt from time to time. The commission may authorize the taking of tule elk if the average of the department's statewide tule elk population estimates exceeds 2,000 animals, or the Legislature determines, pursuant to the reports required by Section 3951, that suitable areas cannot be found in California to accommodate that population in a healthy condition.

(b) Only a resident of the State of California possessing a valid hunting license may obtain a license tag for the taking of elk.

(c) The department may issue an elk license tag upon payment of a fee of one hundred sixty-five dollars ($165), as adjusted under Section 713. The fees shall be deposited in the Fish and Game Preservation Fund and shall be expended, in addition to money budgeted for salaries of the department, for the expense of implementing this section and Section 3951.

(d) The commission shall annually direct the department to authorize not more than three elk hunting license tags for the purpose of raising funds for programs and projects to benefit elk. These license tags may be sold at auction or by other method and are not subject to the fee limitation prescribed in subdivision (c).

SEC. 3. Section 1050 of the Fish and Game Code is amended to read:

1050. (a) All licenses, certificates, permits, and license tags authorized by this code shall be prepared and issued by the department.

(b) The commission shall determine the form of all licenses, license tags, and certificates and the method of carrying and displaying all licenses, and may require and prescribe the form of applications therefor, and the form of any contrivance to be used in connection therewith.

(c) Whenever, under any of the provisions of this code, a permit, certificate, license, license tag, reservation, or application is provided for, the commission shall, in accordance with the provisions, prescribe the terms and conditions under which the permit, certificate, license, license tag, reservation, or application shall be issued and the department shall issue the permit, certificate, license,

license tag, reservation, or application in accordance therewith and with the applicable provisions of law.

(d) Whenever this code does not specify whether a fee is to be collected, or does not specify the amount of a fee to be collected for the issuance of any license, license tag, certificate, permit, application, reservation, or other entitlement, the commission may establish a fee or the amount thereof by regulation. The commission may also provide for the change in the amount of the fee in accordance with Section 713. However, no fee may exceed the reasonable costs incurred by the department in implementing and administering the program or activity to which the license, license tag, certificate, permit, application, reservation, or other entitlement is related.

(e) Whenever this code provides for a license, license tag, certificate, permit, reservation, or other entitlement, the commission may establish a nonrefundable application fee, not to exceed seven dollars and fifty cents ($7.50) sufficient to pay the department's costs for issuing the license, license tag, certificate, permit, reservation, or other entitlement and may adjust the application fee in accordance with Section 713.

SEC. 4. Section 4902 of the Fish and Game Code is amended to read:

4902. (a) The commission may adopt all regulations necessary to provide for biologically sound management of Nelson bighorn sheep (subspecies Ovis canadensis nelsoni) within each management unit in the area described in subdivision (b).

(b) After the plans developed by the department pursuant to Section 4901 for the management units specified in this subdivision have been submitted, the commission may authorize sport hunting of mature Nelson bighorn rams found in the Marble Mountains (townships T6NR13E, T6NR14E, T7NR13E, San Bernardino Base and Meridian) and the Kelso Peak and Old Dad Mountain area (townships T11NR11E, T11NR12E, T12NR10E, T12NR11E, T12NR12E, T13NR10E, San Bernardino Base and Meridian), San Bernardino County. Prior to authorizing the sport hunting, the commission shall take into account the Nelson bighorn sheep population statewide, including the areas specified in this subdivision.

Notwithstanding Section 219, the commission shall not, however, adopt regulations authorizing the sport hunting in a single year of more than 15 percent of the mature Nelson bighorn rams in the management units specified in this subdivision, as determined by the department by an annual count conducted in each management unit.

(c) The fee for a license tag to take a Nelson bighorn ram in the area described in subdivision (b) may be determined by the commission, but shall not exceed five hundred dollars ($500).

(d) The commission shall annually direct the department to authorize not more than one of the license tags available for issuance

that year to take one Nelson bighorn ram in the area described in subdivision (b) for the purpose of raising funds for programs and projects to benefit bighorn sheep. This one license tag may be sold at auction or by other method and shall not be subject to the fee limitation prescribed in subdivision (c).

(e) No license tag issued pursuant to this section shall be valid unless and until the licensee has successfully completed a prehunt hunter familiarization and orientation and has demonstrated to the department that he or she is familiar with the requisite equipment for participating in the hunting of bighorn rams, as determined by the commission. The orientation shall be conducted by the department at convenient locations and times preceding each season, as determined by the commission.

(2) A summary of the data from the annual count conducted by the department for the purposes of subdivision (b) of Section 4902.

(3) The number of license tags issued in the preceding season, and the number of mature Nelson bighorn rams taken under valid license tags in the preceding season.

(4) Any instance known to the department of the unlawful or unlicensed taking of a bighorn sheep in this state and the disposition of any prosecution therefor.

(5) The number of bighorn sheep relocated during the previous year, the area where reintroduced, a statement on the success of the reintroduction, and a brief description of any reintroduction planned for the following year.

(b) The report which is due in 1991 shall be presented to the Legislature on or before July 1, 1991, and shall consist of a compilation of the results of the ongoing study conducted pursuant to this section each year since the enactment of this chapter and an assessment of the environmental impact of the hunting of Nelson bighorn sheep on the herds.

SEC. 6. Section 4905 of the Fish and Game Code is repealed.

SEC. 7. Section 6 of this act shall become operative on January 1, 1992.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
