Further provided that the controller shall prepare such reports for at least the first six and eight month periods of each fiscal year. Section 6.301 is amended to read as follows:

Section 6.301 Allotments

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amount as originally estimated is assured; and, in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department, the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department. The controller in issuing warrants or in certifying contract or purchase orders or other encumbrances, pursuant to section 6.302 of this charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendations of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established unless an additional allotment is made, as herein provided.

Section 6.302 is amended to read as follows:

Accounts shall be kept by the controller showing the amount of each class or item of revenue as estimated and appropriated in the annual appropriation ordinance, and the amount collected. Accounts shall also be kept by the controller of each expense appropriation item by the board of supervisors.

Each such revenue and expense account shall show in detail the amount of the appropriation or appropriations made therefore by the supervisors, the amount drawn thereon, the amount of encumbrance for purchase orders, contracts or other obligations theretofore certified by the controller as against it, and the unencumbered balance to the credit thereof. This balance shall be the "unencumbered balance" as this term is used in this charter.

No obligation involving the expenditure of money shall be incurred or authorized by any officer, employee, board or commission of the city and county unless the controller first certifies that there is a valid appropriation from which the expenditure may be made, and that sufficient unencumbered funds are available in the treasury to the credit of such appropriation to pay the amount of such expenditure when it becomes due and payable.

Each such certification shall be immediately recorded by the controller.

Each sum so recorded shall be an encumbrance for the purpose certified until such obligation is fulfilled, cancelled or discharged, or until the ordinance or resolution is repealed by the board of supervisors.

Charter Chapter 4—City of Watsonville

Amendments to the Charter of the City of Watsonville

[Filed with the Secretary of State March 15, 1990]

1. By amending SECTION 402 of ARTICLE IV thereof, to read as follows:

SECTION 402. Term of Office. Except as otherwise provided in this Section, Council Members shall hold office for a term of four (4) years from and after the first Tuesday following their election and continuing until their respective successors qualify. If, at any municipal election for members of the Council, there shall be no choice between candidates within a District by reason of two (2) or more candidates having received an equal number of votes, then the Council shall proceed to determine the election of such candidates by lot. No Council Member shall be eligible for re-election for two (2) years after the expiration of the second consecutive full term for which such person was elected, except that any incumbent Council Member in office on the Tuesday following adoption of this amendment is eligible to serve one additional term before the two term limit shall apply.

2. By amending SECTION 403 of ARTICLE IV thereof, to read as follows:

SECTION 403. Eligibility. A person shall be eligible to be nominated for, or appointed to the office of Council Member, only if thirty (30) days preceding the opening date for the filing of nomination papers or the appointment to fill a vacancy such person is a resident and a registered qualified voter of this City and the District of the City or of territory annexed thereto which the person seeks to represent. A member of the Council shall forfeit such office upon ceasing to reside in the District or to remain a registered qualified voter. The Council shall be the judge of the election and qualifications of its members as defined in this Section.

3. By adding SECTION 413 of ARTICLE IV thereof, to read as follows:

SECTION 413. DISTRICT BOUNDARIES. The boundaries of the seven (7) Districts shall be subject to alteration and change under the provisions of this Section. Following the taking of each federal decennial census, commencing with the 1990 federal decennial census, but no earlier than three (3) months and no later than six (6) months following receipt by the City Clerk of a written publication containing an enumeration of population by blocks derived from such census, the Council shall by ordinance redistrict the City into seven (7) numbered Districts. Such ordinance shall be adopted according to the provisions of Article VI and shall become effective at the expiration of thirty (30) days after adoption of the ordinance; provided, however, that if such ordinance becomes effective on or after the first day on which nomination papers may be filed for an election to the office of member of the

Council, then such ordinance shall not apply, or be deemed to apply, to that election or to the person elected to the office of member at such election.

Except as provided hereinabove, such Districts shall be used for all elections of members of the Council, including their recall, and for filling any vacancy in the office of member of the Council, subsequent to the effective date of such ordinance and until new Districts are established. Districts so formed shall be as nearly equal in population as practicable according to such federal decennial census. Any territory heretofore or hereafter annexed to or consolidated with the City but not included within a District shall, prior to or concurrently with completion of the proceedings therefor, be added to an adjacent District or Districts by the Council by ordinance, which shall become effective at the expiration of thirty (30) days after adoption and shall apply to all elections held on and after its effective date.

Any ordinance adopted by the Council and establishing, changing, or altering the boundaries of any District shall describe the new boundaries by reference to a map on file in the office of the City Clerk and/or by a metes-and-bounds description.

In any redistricting, the Council shall make the Districts as nearly equal in population as may be practicable, and may, in establishing the boundaries of the Districts, give consideration to a (a) natural boundaries, street lines and/or City boundaries; (b) geography; (c) cohesiveness, contiguity, integrity and compactness of territory; (d) community of interests within each District; and the Voting Rights Act, 42 U.S.C. Section 1973.

Upon any decennial redistricting pursuant to the provisions of this Section, each incumbent member of the Council who no longer resides within the District to which they were elected as a result of such redistricting will continue to hold office and to represent the District to which the member was elected prior to such redistricting until the first Tuesday following the next General Municipal Election at which time a new member shall be elected to serve the remaining period of the unexpired term, if any, notwithstanding any provision of Section 403 requiring a member to be a resident of the District represented by such members.

For purposes of this Section a full term shall include one-half or more of any term to which some other person was appointed.

The members first appointed to such boards and commissions shall so classify themselves by lot that the term of one of each of their number shall expire each succeeding January first. Where the total number of members of a board or commission to be appointed exceeds four (4), the classification by lot shall provide for the pairing of terms to such an extent as is necessary in order that the terms of at least one, and not more than two (2) members, shall expired in each succeeding year. The compensation fixed by the Commission for all officers and employees in the Water Department shall be subject to the prior approval of the City Council by resolution. All other privileges and benefits to which such officers and employees shall be entitled, except as provided by this Charter or other applicable law, shall be such as shall be prescribed by the City Council by ordinance or resolution.

(4) To construct, operate, maintain, extend, manage and control works and property heretofore or hereafter acquired for the use of, or paid for directly or indirectly out of the funds of, the Water Department, and to acquire and take by purchase, lease, condemnation, or otherwise, and to hold in the name of the city any and all property situated within or without the City, and within or without the State, that may be necessary or convenient for such use; and also to have, exercise and enjoy in the name of and for and on behalf of the City of Long Beach, all powers, rights and privileges, that are granted to the City, or any of its officers or bodies, under an Act of Legislature known as Chapter 429 of the Statutes of 1927 (Stat. 1927, p. 694), approved by the Governor of the State of California on the 10th day of May, 1927, and all acts amendatory thereto.

(5) To regulate and control the use, sale and distribution of water owned or controlled by the City, the collection of water charges and the granting of permits for connections with said water works; and to fix the rates to be charged for such connection including connections installed for other departments of the City; and, subject to the approval of the City Council by ordinance, to fix the rates to be charged for water for use within or without the City, including rates for water delivered to other departments of the City, and to fix rates to be charged the Fire Department for standby service to fire hydrants; and to prescribe the time and manner of payment of the same; provided that nothing in this Charter shall prevent payment to the Water Department by other departments of the City for water delivered or service rendered or labor

Such rates and charges shall be fair and reasonable, taking into consideration, among other things, the nature of the use and the value of the service.

(7) To supply and distribute, at rates fixed as herein before provided, any surplus water owned or controlled by the City and not required for the use of consumers served by the City within its limits, to consumers outside the City for their own use, and to municipal corporations outside the City for municipal uses, for resale, disposal or distribution, to consumers within their limits; provided that the supplying or distribution of such surplus water shall in any case be subject to the paramount right of the City at any time, to discontinue the same, in whole or in part, and to take and hold or to distribute such surplus water for the use of the City and its inhabitants; provided, further, that contracts for supplying surplus water by the City to municipal corporations outside the City, or for any exchange of surplus water with any such outside municipal corporation, may be made by the Commission in the name of the City, for periods not exceeding fifteen years, and upon such terms and conditions, and for such compensation to the City as shall be prescribed by resolution adopted by the Commission and approved by ordinance or resolution of the City; but in every such contract, the right shall be reserved to the City to terminate the same upon three years' written notice to such municipal corporation, to be given by said Commission whenever it shall determine and declare by resolution adopted by the Commission and approved by an ordinance or resolution of the City Council, that the water to be supplied under such contract, is required for the City and its inhabitants, and every such contract must, before execution thereof, be assented to by a majority of the qualified electors of the City, voting upon the proposition at a general or special election, at which such proposition shall be submitted.

(8) To sue and be sued in the name of the Commission, and to exercise complete control over all litigation wherein it is involved, or which pertains to any matters within the jurisdiction of the Commission; provided, however, that the City Attorney shall represent the Commission in all matters to which it is a party and shall be the sole and exclusive

legal adviser of the Commission with reference to any of its functions, powers or duties under this Charter.

(9) To sell or cause to be sold from time to time such personal property belonging to the Water Department as shall be no longer necessary or suitable for the use of the department.

(10) To lease, sell or dispose of any property, or any interest therein, belonging to the Water Department whenever in judgment of the Commission said property, or any interest therein, or part thereof, is no longer required for the purposes of the Water Department; said property may be leased for any purpose which does not interfere with the use of the same for the purpose of the Water Department. Any compensation received from the sale or lease of said property shall be paid into the Water Revenue Fund or such other fund of the Water Department as may be designated by the Commission, and shall be used for the purposes of the Water Department; provided, however, that except as otherwise provided in this Article, nothing herein shall authorize the Commission to sell, lease or dispose of any water rights, reservoir space or storage capacity, or any interest or space therein. Provided, further, the Commission shall not have authority to make any lease, contract or other agreement providing for the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas or other hydrocarbon substances from, under, across or through any land under the control and jurisdiction of the Commission, and any such lease, contract or other agreement shall be made upon authorization of the City Council.

(11) To purchase supplies and equipment that may be necessary or convenient to the use of the Water Department.

(12) To make contracts in the name of the Commission to carry into effect the powers granted the Commission in this Charter; provided, that all contracts wherein the expenditure of funds of the Water Department exceeds the amount established by ordinance of the City Council for City departments, except contracts for labor, materials or supplies for actual emergency work, shall be made and entered into upon competitive bidding as provided in this Charter, and all powers and duties therein conferred or imposed upon the City Council and/or City Manager are hereby conferred and imposed upon the Commission. At the time of publication of notice inviting bids, specifications of the supplies or materials required, or the plans and specifications of the work to be done, must be on file in the office of the Commission, subject to public inspection. Except as provided in this Charter, all supplies and/or materials, not required to be obtained upon competitive bidding, or for actual emergency work, shall be procured for the Commission by the City Purchasing Agent or City Procurement Service Officers, in accordance with procedures prescribed therefor by the City Manager as shall not be in conflict with this Charter or other applicable law.

(13) To expend all money received in connection with the operation of the Water Department or management of properties under the control

of the Commission; provided that all such monies shall be deposited in the City Treasury to the credit of funds to be known as the "Water Revenue Fund", the "Sewer Revenue Fund" or to the credit of such other funds as the Commission may by resolution establish. Any interest or increment received on the money in such fund or funds shall be paid into such fund or funds and become a part thereof; and the monies deposited in such fund or funds shall be kept separate and apart from other money of the City and, except as may be allowed by other provisions of this Charter, shall be expended only for the purposes for which said fund was established. The Commission shall file with the City Auditor a notice giving the names and signatures of persons designated by the Commission to sign demands and payroll authentication.

The City Manager and City Council shall have jurisdiction of revenue derived from the development and production of oil and gas on lands under the management and control of the Commission.

(14) To supervise, control, regulate, construct, operate, maintain, extend and manage such other works and property as may be delegated or conferred upon the Commission by the City Council consistent with the provisions of this Charter.

Sec. 1404. DEMANDS AGAINST WATER DEPARTMENT FUNDS.

The City Auditor shall approve no demand against any fund under the control of the Commission, excepting redemption of bonds and interest coupons, unless the same shall be signed and authenticated as hereinabove provided, and by means of checks or warrants on the City Treasurer issued by the City Auditor. If the City Auditor, upon examination, believes that any demand is not a proper claim against any fund under the control of the Commission, he shall immediately return said demand to the Commission with his objections endorsed thereon. Such demand shall be considered by the Commission, and if it shall be allowed by the Commission, and said allowance over the objection of the City Auditor be certified by the signatures of the president or vice president and the secretary of the Commission, the said objection of the City Auditor shall be thereby overruled. Any demand upon which the objections of the City Auditor have been overruled by the Commission shall be again returned to the City Auditor, who shall issue a check or warrant upon the City Treasurer for the same in like manner as if it had been approved by the City Auditor.

Sec. 1407. USE OF WATER DEPARTMENT FUNDS.

None of the money in or belonging to the Water Revenue Fund, the Sewer Revenue Fund or such other funds as are established by the Commission, shall be appropriated or used for any purpose except for the purposes for which said fund was established, as follows:

(1) For the necessary expense of operating and maintaining the water works and the sewer system, and for such preliminary surveys, reconnaissances, options, estimates, engineering data, experimentation and investigation, as in the discretion of the Commission shall be necessary, or as shall be incidental to the extension or betterment of the physical

properties, or the business of the department and/or the acquisition of additional lands, water, water rights and/or other property.

(2) For the payment of the principal and interest, or either, due or coming due upon outstanding notes, certificates or other evidences of indebtedness issued against revenues from said water works and sewer system in accordance with this Charter, or bonds or other evidences of indebtedness heretofore or hereafter issued for the purpose of such water works and sewer system, or parts thereof.

(3) For the necessary expense of constructing, extending and improving such water works and sewer system, including purchases of lands, water, water rights, and other property; also the necessary expenses of conducting and extending the business of the Water Department.

(4) To return and pay into the general fund of the City, from time to time, upon resolution of the Commission, from any surplus money in the Water Revenue Fund or other funds established as aforesaid, any sums paid by the City from funds raised by taxation or the payment of the principal or interest of any municipal bonds issued by the City for and on account of the water works or sewer system.

(5) To be transferred to the general fund of the City, if and when, in the judgment of the Commission, such monies are no longer necessary for the purposes of the Commission.

Sec. 1411. IMPROVEMENT OF WATER WORKS AND SEWER SYSTEM.

The Commission shall provide for the cost of extensions and betterments of said water works and sewer system, from the funds derived from the sale of bonds, so far as such funds are, or shall be, made available for the use of the Commission for said purpose, from income received from the revenue of the Water Department, and from the proceeds of loans contracted as provided in this Charter.

Sec. 1412. REPAYMENT OF BONDS.

The Commission shall each year apportion and set apart, out of the revenue funds of the Water Department, in the City Treasury, an amount sufficient to pay at maturity all sums coming due in said year for principal and interest upon all outstanding bonds issued for the water works or the sewer system and said amount shall be transferred forthwith into a special fund in the City Treasury, to be designated by a name indicating the nature or purpose of such special fund, and the money in such special fund shall be subject to apportionment by the City Auditor as may be required to make such payments of the principal and interest of said bonds and for no other purpose. Any interest or increment received on the money in any such special fund shall be paid into such special fund and become a part thereof. The foregoing provisions of this section shall apply to all such bonds now outstanding or hereafter issued; provided, however, that payments out of revenue, as provided, of the principal and interest of general obligation bonds hereafter issued for securing water from new sources, shall be required only to the extent determined by the Commission, approved by a majority vote of the City Council, prior to the

submission to the electors of the City of the proposition of authorizing such general obligation bonds. Such resolutions shall be subject to amendment only by resolution of the Commission, approved by majority vote of the City Council, and assented to by a majority of the electors of the City, voting on the question of approving such resolution at a general or special election at which such questions shall be lawfully submitted.

Notwithstanding all or any part of this section, nothing herein shall be construed as a limitation upon the power of the City or of any department thereof to issue revenue bonds without an election, under State law or procedural ordinance and nothing in this section or elsewhere in this Charter shall be construed to prevent a pledge of revenues to pay, or secure the payment of, the principal and interest of such revenue bonds, which pledge may have priority over any allocation of revenues to pay the principal and interest of general obligation bonds.

Sec. 1413. EMERGENCY LOANS.

The Commission shall have power, upon determination that an emergency exists which justifies it in so doing, to borrow money upon such terms and conditions, and under such procedure, as may be prescribed by resolution, for the purpose of acquiring, constructing, reconstructing, repairing, extending or improving works, for supplying the City and its inhabitants with water and sewer service, and to issue notes, certificates, or other evidences of indebtedness therefor, subject to the following provisions:

(a) The whole amount of any such indebtedness shall be payable in not exceeding five years from the time of contracting the same; provided, that any such indebtedness, or part thereof, made payable after one year from the time of contracting the same, shall be subject to the right of the Commission to pay the same with accrued interest thereon on any interest due date, after said one year period.

(b) The total outstanding indebtedness incurred under the provisions of this section, for the purpose of the Water Department, must not exceed 33 1/3% of the gross operating revenue from the Water Department during the preceding fiscal year.

(c) The rates for water and sewer service shall be so fixed as to provide for payment at maturity of the principal and interest of such indebtedness in addition to all other obligations and liabilities payable out of the revenues of the Water Department.

(d) Such indebtedness shall be payable only from the revenue of the Water Department, and shall not be an obligation of the City.

Sec. 1414. WATER DEPARTMENT'S POWER TO ACT AS CONTRACTOR.

The Water Department is empowered to act as contractor for, and do the work embraced in, the construction, reconstruction, extension or installation of water and sewer mains, piping, conduits, tunnels, hydrants, pump stations, and other necessary works and appliances for the purpose of providing water and sewer service.

Charter Chapter 7—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State July 6, 1990.]

The Charter of the City of Los Angeles is hereby amended as follows: Article II, by amending the first unnumbered paragraph of Section 9; Article III, by amending Section 28.1; Article V, by adding Section 65 and by repealing Sections 65.5 and 65.6; Article XXVII amended by adding a new unnumbered paragraph to Section 307, amending Section 312, adding Sections 313 and 314 and adding a new unnumbered paragraph to Section 316.2; Article XXXI, by amending Section 430; and by adding a new Article XXXVI.

The first unnumbered paragraph of Section 9 is amended to read as follows:

An office becomes vacant when the incumbent thereof dies, resigns, is adjudged insane, convicted of a felony, or of an offense involving a violation of his or her official duties, or is removed from office, or shall have been absent from the City without the consent of the Council for more than sixty consecutive days, or ceases to be a resident of the City, where residence therein is made a qualification for the office. An offense involving a violation of official duties includes without limitation a violation of the conflict of interest and government ethics provisions of this Charter or City ordinances; provided, however, that removal from office for violating conflict of interest or governmental ethics provisions shall be required only if a court determines that the seriousness of the offense and degree of culpability of the officer so warrant. Should any officer fail to qualify within ten days from the time he receives his certificate of election or appointment, the office to which he was elected or appointed shall be deemed vacant for the purpose of filling the same by appointment.

Section 28.1 is amended to read as follows:

Sec. 28.1. Any board, or member thereof, officer, or employee may request the City Attorney to render an opinion concerning such board's, board member's, officer's, except a member of the Council, or employee's prohibited interest under Section 28 of this Charter, or concerning any situation wherein it may not be in the public interest for such board, board member, officer or employee to act in a particular matter, contract, sale or transaction. Likewise, any elected City officer may request such an opinion with respect to any board member.

If the City Attorney receives such a request, the City Attorney shall render a written opinion thereon. If the request is made by an elected City officer concerning a board member, the opinion shall be rendered within ten days of the City Attorney's receipt of the request; provided, however, that if the City Attorney determines that such request does not contain sufficient information upon which to render an opinion, the City Attorney shall so notify the person making the request, and the time within which the City Attorney must render the opinion shall not commence until that information has been provided to the City Attorney.

If the City Attorney renders an opinion concluding that such board, board member, officer or employee has a prohibited interest under Section 28 of this Charter, or that it is not in the public interest for such board, board member, officer or employee to act in the matter, contract, sale or transaction involved, such board, board member, officer, or employee shall be disqualified from acting on, or in any way attempting to influence action on the matter and, except as otherwise hereinafter provided, the matter shall be transferred for action thereon to the Board of Referred Powers which is hereby created. In the event that one or more members of a board, but less than a quorum, are disqualified from acting pursuant to the opinion of the City Attorney, the member or members so disqualified shall not act on the matter, but the matter shall not be transferred to the Board of Referred Powers; provided, however, that if state law makes it unlawful for the board to act in the matter by reason of the disqualification of one or more members, the matter shall be transferred for action thereon to the Board of Referred Powers.

Unless a transfer is prohibited by an applicable general law of the State of California, the Board of Referred Powers is vested with the same power to act upon any matter, contract, sale or transaction so transferred to it with the same force and effect as if acted upon by the board, officer or employee from whom the matter, contract, sale or transaction was transferred. The Council shall provide by ordinance for all matters relating to number of members, appointment and functioning of the Board of Referred Powers and the procedure applicable in referring matters to it for its determination.

Section 65 is added to read as follows:

Sec. 65. Compensation of Elected Officers and Limitation on Outside Activities.

(a) Compensation. The Mayor, City Attorney, Controller, and Members of the City Council shall receive compensation for their services only as provided in this section and shall not receive any other compensation for such services.

(1) Salaries. Members of the City Council shall be paid a salary equal to that prescribed by law for judges of the Municipal Court of the Los Angeles Judicial District or its successor in the event such Court is dissolved or reconstituted.

The Controller shall be paid a salary that is 10% more than that of a Council member. The City Attorney shall be paid a salary that is 20% more than that of a Council member. The Mayor shall be paid a salary that is 30% more than that of a Council member.

The Controller shall be responsible for ascertaining the salary of Municipal Court judges and for setting and adjusting the salaries of elected officers in accordance with this section. Salaries shall be paid in bi-weekly increments unless the Council, by ordinance, prescribes otherwise.

(2) Other Benefits. The Council may, by ordinance subject to referendum as specified in Charter sections 281 and 282 et seq., confer benefits other than salary upon elected officers as additional compensation for their services; provided, however, that benefits from the City Employees Retirement System may not be so provided for said elected officers that would exceed benefits generally provided to members of the System who are nonrepresented officers or employees of the City or, if there are no such nonrepresented officers or employees, that would exceed benefits generally provided to other members of the System.

(3) Operative Date of Changes in Salaries. The salaries of elected officers shall be adjusted in the manner provided herein upon the effective date of this section and thereafter upon the effective date of any change in the salaries of Municipal Court judges.

(4) Holders of the Offices of Mayor, City Attorney, Controller, and Members of the Council at the time this section takes legal effect ("incumbents") shall have the option of receiving compensation during the remainder of their current respective terms of office as provided for in this subdivision (4) ("the alternative salary") rather than as provided for in subdivisions (1)–(3) above.

(i) An incumbent wishing to exercise the option to receive the alternative salary must so advise the City Clerk and the Controller in writing within 10 days after this section takes legal effect. The exercise of such option shall be irrevocable.

(ii) The alternative salary for fiscal year 1990–91 shall be equal to the salary prescribed by ordinance for fiscal year 1989–90 increased by 5% of the salary prescribed by ordinance for fiscal year 1988–89. The alternative salary for fiscal year 1991–92 shall be equal to 105% of the alternative salary for the prior fiscal year. The alternative salary for fiscal year 1992–93 shall be equal to the alternative salary for the prior fiscal year increased by 5% of the alternative salary for fiscal year 1990–91.

(iii) As to any office as to which the incumbent has opted to receive the alternative salary, the Controller shall calculate the alternative salary for each fiscal year (other than the current fiscal year) remaining in the incumbent's term. Alternative salaries shall be operative as of the beginning of the fiscal year to which they relate. The first fiscal year as to which alternative salaries shall be available shall be the 1990-91 fiscal year. An incumbent opting to receive the alternative salary shall continue to receive his or her 1989-90 salary from the date this section takes legal effect through June 30, 1990. Alternative salaries shall be paid in bi-weekly increments unless the Council, by ordinance, prescribes otherwise.

(iv) The alternative salary option shall not be available to incumbents for terms subsequent to their current terms, nor to their successors. Should an incumbent who has opted to receive the alternative salary leave office prior to the end of his or her current term, the incumbent's successor or successors shall be compensated as specified in subdivisions (1)-(3) above during the remainder of such term.

(b) Restrictions on Outside Activities. The Mayor, City Attorney, Controller, and Members of the City Council shall devote their entire time to duties related to their offices. They shall not receive any compensation, including honoraria, for their services other than that provided in this section, except that which may be provided for their serving on governmental entities where payment is authorized for other governmental officers or employees serving in such capacity.

Sections 65.5 and 65.6 are repealed.

A new unnumbered paragraph is added to Section 307 to read as follows:

No person shall be eligible to file a notice of intention to run for City office or for appointment to any elective City office, under this Charter who, within the prior four years, was convicted of a violation of the conflict of interest or governmental ethics provisions of this Charter or City ordinances, unless the court at the time of sentencing specifically determines that this provision shall not apply.

Section 312 is amended as detailed in (a) through (i) below:

(a) Subsection B of Section 312 is amended by adding a new Subdivision 3 thereto to read as follows:

3. The term "election" shall include a primary nominating election, a general municipal election, a special election and a recall election.

(b) Subdivisions 1, 2, 3, 4, 5, 6, and 7 of Subsection C of Section 312 are amended to read as follows:

1. No intended candidate for any elective City office, and no committee acting on behalf of such candidate, shall solicit or accept, or cause to be solicited or accepted, any contribution for use in any election for such office unless and until such candidate shall have filed a Declaration of Intent to Solicit and Receive Contributions in connection with candidacy for a specific elective City office. That declaration shall be filed with the City Ethics Commission on a form prescribed by the City Ethics

Commission. Once the election takes place, the declaration is thereafter void. No person may file such declaration for more than one elective City office nor have more than one such declaration on file at the same time. A candidate may, however, file a form cancelling one declaration and may thereafter file a new declaration.

2. If a special election is held in the months of January, February, March, July, August or September, then each candidate for elective City office in the special election and each committee acting on behalf of that candidate shall file a post-election campaign statement with the City Ethics Commission not later than 65 days after the election. This filing requirement is in addition to, separate from, and does not supersede any filing requirement imposed by the Political Reform Act of 1974 as amended.

3. A candidate for City office concurrent with filing a Declaration of Intent to Solicit and Receive Contributions shall file with the City Ethics Commission on a form prescribed by the City Ethics Commission the names of any committees controlled by the candidate, the treasurers of those controlled committees, campaign officers and all agents with authority to receive contributions and make expenditures, and a statement of each person's responsibilities and duties. Such statement shall be signed by each of the persons named in the statement. A candidate shall amend the statement within ten business days of forming new controlled committees, or replacing or adding treasurers, campaign officers or agents.

4. The candidate and the treasurers of the candidate's controlled committees shall file with the City Ethics Commission on a form prescribed by the City Ethics Commission a statement under oath that the candidate and the treasurers have read and understood Section 312. This statement shall be filed concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions.

5. No person shall contribute a total of more than \$500 to any candidate for City Council and to his or her controlled committee for a single election. A candidate for City Council and his or her controlled committee shall not accept any contribution or contributions totaling more than \$500 from any person for a single election. Nothing in this section is intended to limit the amount a candidate may contribute to his or her campaign for City Council from his or her personal funds.

6. No person shall contribute a total of more than \$1,000 to any candidate for Mayor, City Attorney or Controller and to his or her controlled committee for a single election. A candidate for Mayor, City Attorney or Controller, and or his or her controlled committee, shall not accept any contributions or contributions totaling more than \$1,000 from any person for a single election. Nothing in this section is intended to limit the amount a candidate can contribute to his or her candidacy for Mayor, City Attorney or Controller from his or her personal funds.

7. No person shall make to any committee (other than the candidate's controlled committee) which supports or opposes any candidate for

Mayor, City Attorney, Controller or City Council, and no such committee shall accept from any such person, a contribution or contributions totaling more than \$500 in any calendar year.

(c) Subdivision 9 of Subsection C of Section 312 is amended to read as follows:

9. Contributions From Persons Other than Individuals.

(a) No candidate for City Council, together with the controlled committee of such candidate, shall accept more than a total of \$150,000 in contributions from persons, other than individuals, in connection with any election.

(b) No candidate for City Attorney or Controller, together with the controlled committee of such candidate, shall accept more than a total of \$400,000 in contributions from persons, other than individuals, in connection with any election.

(c) No candidate for Mayor, together with the controlled committee of such candidate, shall accept more than a total of \$900,000 in contributions from persons, other than individuals, in connection with any election.

(d) If a candidate for elective City office declines matching funds and receives contributions or spends an amount exceeding the applicable expenditure ceilings, this subdivision shall not apply to any of the candidates for the same office.

(d) Subdivision 11 of Subsection C of Section 312 is amended to read as follows:

11. Except as provided in Subsection K, any contributions solicited or accepted pursuant to this section shall be expended only in connection with the candidacy for the office specified in the candidate's Declaration of Intent to Solicit and Receive Contributions. Contributions solicited or accepted pursuant to this section for one individual shall not be expended for the candidacy of any other individual or in support of or in opposition to any City ballot measure. No candidate and no committee controlled by a candidate for elective City office or elected City officer shall use contributed funds to make any contribution to any other candidate running for office or to any committee supporting or opposing a candidate for office. Provided, however, a candidate shall not be prohibited from making a contribution from his or her own personal funds to his or her own candidacy, to the candidacy of any other candidate for elective City office or in support of or in opposition to any City ballot measure.

(e) Paragraph (1) of Subdivision 12 of Subsection C of Section 312 is amended to read as follows:

(1) Notice of the candidate's intent to so expend or contribute shall be provided by registered mail to all opponents and to the City Ethics Commission at least 30 days in advance of the election, specifying the amount intended to be expended or contributed; and

(f) Subsection G of Section 312 is amended to read as follows:

G. Campaign Contribution Checking Account. One campaign contribution checking account shall be established by each candidate for elective City office, and by each committee supporting or opposing such candidate, at an office of a bank or savings and loan institution located in the City of Los Angeles. Upon opening such account, the candidate shall file with the City Ethics Commission on the next regular business day on which the office is open, the name of the bank or savings and loan institution and the account number. Funds shall only be disbursed from such account by checks signed by the candidate, treasurer or designated agent of the treasurer. A candidate, treasurer, or designated agent of the treasurer shall deposit into this campaign checking account all contributions received in connection with a City election. A candidate, treasurer or designated agent of the treasurer shall pay all campaign expenditures for a City election with monies from this campaign checking account.

If a candidate has other controlled committees and such committees have checking accounts, the candidate shall notify the City Ethics Commission in writing of these committees and the names and addresses of the banks or savings and loan institutions and the account numbers of any such accounts. A candidate shall notify the City Ethics Commission of these committees, the banks or savings and loan institutions, and the account numbers concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions. If committees are thereafter formed or accounts thereafter opened, then the candidate shall notify the City Ethics Commission on the next regular business day on which the office is open. No contribution shall be commingled with the personal funds of the candidate or any other person.

This subsection shall not prohibit the establishment of savings accounts or certificates of deposit, provided that no campaign expenditures may be made therefrom.

(g) The second unnumbered paragraph of Subsection H of Section 312 is amended to read as follows:

The candidate and the treasurer shall sign and approve an authorization for payment by the treasurer or treasurer's designated agent of any campaign expenditure over \$1,000 on a form prescribed by the City Ethics Commission. It shall be the duty of the candidate and the treasurer to approve and authorize such payments and to retain such authorizations, detailed accounts, records, bills and receipts.

(h) Subsection N of Section 312 is amended to read as follows:

N. Suppliers of Goods and Services—Disclosure of Records Required. No person who supplies goods or services or both goods and services to a candidate or committee for use in connection with the campaign for an elective City office shall knowingly refuse to divulge or disclose to the City Ethics Commission or to any public officer having legal authority to enforce this section, the details and the records supporting such details of any expenditures made by the candidate or committee in payment for such goods or services or both.

(i) Subsection O of Section 312 is amended to read as follows:

O. Duties of City Ethics Commission. The City Ethics Commission shall administer the provisions of this section. In addition to other duties required of the City Ethics Commission under the terms of this section, the City Ethics Commission shall:

(a) Supply appropriate forms and manuals prescribed by the California Fair Political Practices Commission. These forms and manuals shall be furnished to all candidates and committees, and to all other persons required to file reports.

(b) Determine whether required documents have been filed and, if so, whether they conform on their face with the requirement of this section and state law.

(c) Notify promptly all persons and known committees who have failed to file a document in the form and at the time required by state law.

(d) Report apparent violations of this section and applicable state law to the City Attorney

(e) Compile and maintain a current list of all statements or parts of statements filed with the City Ethics Commission pertaining to each candidate and each measure.

(f) Conduct audits and investigations of reports and statements filed by candidates and committees supporting or opposing candidates for City offices as required under both the Political Reform Act of 1974 as amended and this section. The City Ethics Commission shall employ investigators where necessary to fully investigate candidate spending and reporting.

(g) Enforce or cause to be enforced the provisions of this section pursuant to Subdivision (c) of Section 90002 of the Government Code. The City Ethics Commission may subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers records or other items necessary to the audit and investigation of candidates for election to City office.

A new Section 313 is added to read as follows:

Sec. 313. Public Matching Funds and Campaign Expenditure Limitations.

A. Findings and Purposes.

1. Monetary contributions to political campaigns are a legitimate form of participation in the American political process, but the financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.

2. Therefore, this section is enacted to accomplish the following purposes:

(a) To assist serious candidates in raising enough money to communicate their views and positions adequately to the public without excessive

expenditures or contributions, thereby promoting public discussion of the important issues involved in political campaigns.

(b) To limit overall expenditures in campaigns, thereby reducing the pressure on candidates to raise large campaign funds for defensive purposes, beyond the amount necessary to communicate reasonably with voters.

(c) To provide a source of campaign financing in the form of limited public matching funds.

(d) To substantially restrict fund-raising in non-election years.

(e) To increase the value to candidates of smaller contributions.

(f) To reduce the excessive fund-raising advantage of incumbents and thus encourage competition for elective office.

(g) To help restore public trust in governmental and electoral institutions.

B. Matching Funds and Expenditure Limitations Authorization.

The City shall also adopt by ordinance limitations on campaign expenditures by candidates for elective City office who qualify for and accept public matching funds. The City shall adopt by ordinance regulations concerning the use of public funds to partially finance campaigns for elective City office through a system of matching public funds for qualifying campaign contributions. Such ordinances may be amended to further the purposes of this section of the Charter.

C. Appropriation of Funds.

1. The City Council shall appropriate \$2,000,000 per fiscal year for public matching funds, subject to the limitations in Subdivision 2, below. The Council shall immediately appropriate said funds upon the effective date of this section and shall thereafter appropriate such funds for each following fiscal year. The amount of such appropriation shall be adjusted for cost of living changes based on the percentage increase or decrease in the Consumer Price Index (for all items other than housing) for the Los Angeles-Long Beach metropolitan statistical area.

2. All such funds shall be appropriated into a trust fund established by the Council by ordinance with interest accruing to the fund. The amount in the trust fund shall not exceed \$8,000,000 in any fiscal year, and the amount otherwise required herein to be appropriated annually to that fund shall be reduced by the amount estimated as necessary to comply with such limitation. Such amount shall be adjusted for cost of living changes based on the percentage increase or decrease in the Consumer Price Index (for all items other than housing) for the Los Angeles-Long Beach metropolitan statistical area.

3. If there are insufficient funds to provide the maximum matching funds available to a candidate in any election, as specified by ordinance, the limitations on total contributions from persons other than individuals imposed by Section 312 of this Charter shall not apply to any of the candidates for the same office.

4. The funds used to make payments for matching funds shall come exclusively from City sources of revenues.

D. Interim Funds.

Notwithstanding any other provisions of this Charter, any contributions received for a City campaign subsequent to the operative date of Charter Section 312, as originally adopted, and before July 1, 1991, and which are not expended for costs incurred in a campaign for elective City office conducted prior to July 1, 1991, may only be expended as follows:

1. Returned on a pro rata basis to those who made said contributions.
2. Paid to the City Treasurer for deposit to the General Fund of the City.
3. Donated to one or more charitable organizations qualifying for federal income tax exemption.

This restriction shall not apply to funds held in legal expense funds and officeholder funds, nor to City elections held during 1991.

A new Section 314 is added to read as follows:

Section 314. (c) A manual which will include summaries, in simple, non-technical language, of ethics laws and reporting requirements applicable to City officers and employees, instructions for completing required forms, questions and answers regarding common problems and situations, and information regarding sources of assistance in resolving questions. The manual shall be updated when necessary to reflect changes in applicable City, state and federal laws governing the ethical conduct of City employees.

1. Any person may request the Commission to issue a written opinion with respect to his or her duties under provisions of this Charter or any ordinance relating to campaign finance, conflicts of interest or governmental ethics. The Commission shall, within 14 days, either issue a written opinion or advise the person who made the request whether an opinion will be issued. No person who acts in good faith on a written opinion issued to him or her by the Commission shall be subject to criminal or civil penalties for so acting, provided that the material facts are as stated in the opinion request. The Commission's opinions shall be public records and may from time to time be published.

2. Any person may request the Commission to provide written advice with respect to the person's duties under provisions of this Charter or any ordinance relating to campaign finance, conflicts of interest or governmental ethics. Such advice shall be provided within 21 working days of the Commission's actual receipt of the request, provided that the time may be extended by the Commission for good cause. Reliance on such advice, or the failure of the Commission to provide such advice within 21 working days of its receipt of the request, or within the extended time for

response, shall be a complete defense in any enforcement proceeding initiated by the Commission, and evidence of good faith conduct in any other civil or criminal proceeding if the requester, at least 21 working days prior to the alleged violation, requested written advice from the Commission in good faith, disclosed truthfully all the material facts, and committed the acts complained of either in reliance on the advice or because of the failure of the Commission to provide advice within 21 days of the request or such later extended time.

O. Investigations and Enforcement Proceedings.

1. Conduct of Elected Officials, Members of certain Boards and Commissions, Candidates and Others. The Commission shall conduct investigations in accordance with this subdivision of (1) alleged violations of this Charter and City ordinances relating to campaign financing and lobbying; and (2) alleged violations of this Charter and City ordinances relating to conflicts of interest and governmental ethics by the Mayor, the City Attorney, the Controller, members of the City Council and members of the City boards and commissions who serve as the heads of their respective departments or agencies, and by other persons other than in their capacities as officers and employees of the City.

(a) Investigations.

(i) If the Commission, upon the sworn complaint of any person or on its own initiative, first determines that there is sufficient cause to conduct an investigation, it shall investigate alleged violations of this Charter or City ordinances relating to campaign financing, lobbying, conflicts of interest and governmental ethics. A complaint filed with the Commission shall be investigated only if it identifies the specific alleged violation which forms the basis for the complaint and contains sufficient facts to warrant an investigation.

(ii) Within 14 days after receipt of a complaint, the Commission shall notify in writing the person who made the complaint of the action, if any, the Commission has taken or plans to take on the complaint, together with the reasons for such action or non-action. If no decision has been made within 14 days, the person who made the complaint shall be notified of the reasons for the delay and shall subsequently receive notification as provided above.

(iii) The investigation shall be conducted in a confidential manner. Records of any investigation shall be considered confidential information pursuant to Section 18362 of the California Code of Regulations, as amended, or successor provision. Any member or employee of the Commission or other person who, prior to a determination concerning probable cause pursuant to Subsection P, discloses information about any preliminary investigation, except as necessary to conduct the investigation, shall be liable to pay a monetary penalty pursuant to Subsection Q. The unauthorized release of confidential information shall be sufficient grounds for the termination of the employee or removal of the commissioner responsible for such release. The termination of clerical employees only shall be subject to applicable civil service laws and procedures.

(b) Findings of Probable Cause. No finding of probable cause to believe that a provision of this Charter or City ordinances relating to campaign financing, lobbying, conflicts of interest or governmental ethics has been violated shall be made by the Commission unless, at least 21 days prior to the Commission's consideration of the alleged violation, the person alleged to have committed the violation is notified of the alleged violation by service of process or registered mail with return receipt requested, is provided with a summary of the evidence, and is informed of his or her right to be present in person and represented by counsel at any proceeding of the Commission held for the purpose of considering whether probable cause exists for believing the person committed the violation. Notice to the alleged violator shall be deemed made on the date of service, the date the registered mail receipt is signed, or, if the registered mail receipt is not signed, the date returned by the post office. A proceeding held for the purpose of considering probable cause shall be private unless the alleged violator files with the Commission a written request that the proceeding be public.

(c) Administrative Orders and Penalties.

(i) When the Commission determines there is probable cause for believing a provision of this Charter or City ordinance has been violated, it may hold a public hearing to determine if such a violation has occurred. When the Commission determines on the basis of substantial evidence presented at the hearing that a violation has occurred, it shall issue an order which may require the violator to:

a. Cease and desist the violation;

b. File any reports, statements or other documents or information required by law; and/or

c. Pay a monetary penalty to the General Fund of the City of up to five thousand dollars (\$5,000) for each violation or three times the amount which the person failed to report properly or unlawfully contributed, expended, gave or received, whichever is greater. When the Commission determines that no violation has occurred, it shall publish a declaration so stating.

(d) Any person who violates any provision of this Charter or of a City ordinance relating to campaign financing, lobbying, conflicts of interest or governmental ethics, or who causes any other person to violate any such provision, or who aids and abets any other person in such violation, shall be liable under the provisions of this section.

2. Conduct of Appointed Officers and City Employees. The Commission shall conduct investigations of alleged violations of this Charter and City ordinances relating to conflicts of interest and governmental ethics by appointed officers and employees, and shall impose penalties and other sanctions for such violations, as may be prescribed by ordinance.

P. Divestiture. In the event a member of a City board or commission is disqualified during any 365 day period from acting on (1) three or more agenda matters by reason of the same investment in a business entity, the same interest in real property or the same source of income, or (2) 1% or

more of the matters pending before the board or commission by reason of any investments in business entities, any interests in real property or any sources of income, the Commission shall examine the nature and extent of the conflicts and shall determine whether the member has a significant and continuing conflict of interest. If the Commission so determines, it shall order divestment of the conflicting investment, interest or source of income. The Council may, by ordinance, impose additional requirements to assure that continuing conflicts of interest by members of boards and commissions are adequately monitored and avoided.

Q. Legal Services. The City Attorney shall provide legal services to the Commission. Notwithstanding Section 42 of the Charter, the Commission may employ or contract for staff counsel to give advice to the Commission and to take such action as the Commission may direct on matters which directly involve the conduct of the City Attorney, his or her office, or his or her election campaign.

R. Subpoena Power.

1. The Commission and any special prosecutor may subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records or other items material to the performance of the Commission's duties or exercise of its powers.

2. Unless and until the City Attorney is given access to the Grand Jury on the same basis as the District Attorney for the purpose of enforcing state and City conflicts of interest, ethics and campaign finance laws and regulations, the City Attorney shall be given the same authority as the Commission in Subdivision 1.

S. Judicial Review. Any interested person may seek judicial review of any action of the Commission.

Sec. 601. Appointment of Special Prosecutor.

A. Notwithstanding Charter Section 42, when the City Attorney determines that his or her office has a possible conflict of interest and that his or her office therefore should not investigate or prosecute alleged violations of this Charter, City ordinances or regulations, or statutes relating to campaign financing, lobbying, conflicts of interest or governmental ethics, the City Attorney shall so notify the City Ethics Commission, which by a four-fifths vote of all of its members may request the appointment of a special prosecutor to conduct the investigation. A special prosecutor shall not be appointed when it appears from a preliminary investigation that an alleged violation will warrant only an action for civil damages or administrative penalties.

B. The request for the appointment of a special prosecutor shall be made to a standing committee composed of three retired judges selected by the Commission at the beginning of each odd-numbered year. The three judge panel shall name the special prosecutor, who upon such appointment shall have the authority to file and prosecute criminal and civil actions in the name of the People.

C. Each fiscal year there shall be included in the budget of the City Ethics Commission the sum of \$250,000 for expenditure to support any special prosecutor appointed pursuant to this section. In the event that all such funds have been or are likely to be expended before the end of any fiscal year, the Commission may request the Council for an additional appropriation. Under no circumstance shall the amount appropriated or provided under contract for a special prosecutor exceed \$250,000 in any fiscal year without Council approval. The Council shall have thirty (30) days (excluding weekends and holidays) following its receipt to accept, reject, or modify such a request from the Commission. The Mayor shall act on the Council's action within five days (excluding weekends and holidays). If the Mayor vetoes the Council's action, the Council shall have five days (excluding weekends and holidays) to override that veto by a two-thirds vote.

D. A special prosecutor appointed pursuant to this section may be removed from office only by the action of the Commission, and only for good cause, physical disability, mental incapacity, or any other condition that substantially impairs the performance of the special prosecutor's duties.

Sec. 602. Transfer of Powers. Notwithstanding Section 32.1 of the Charter, the Mayor and City Council shall not transfer powers, duties or functions of the Commission to any department, bureau, board or other agency.

Sec. 603. Appropriation. The City Council shall appropriate funds for the Commission for the first two years after the effective date of this Article. Such funds shall be appropriated into a special fund to be established by ordinance. The Council shall thereafter appropriate funds for the Commission at least one year in advance of each subsequent fiscal year.

Sec. 604. Conflict with other Charter Provisions. In the event any provision of this Article conflicts with other provisions of this Charter, this Article shall prevail.

Sec. 605. Authority. This Article is adopted pursuant to and under the authority of Article XI, Section 5 of the California Constitution, and California Government Code Section 81013.

End PART TWENTY-FOUR

Section 7.309 is amended to read as follows:

Section 7.309 Voter Approval of Lease Financing

(a) The board of supervisors shall not approve the lease financing of public improvements or equipment unless a proposition generally describing the public improvements or equipment and the lease financings arrangement is approved by a majority of the voters voting on the proposition. The board of supervisors may by resolution submit such a proposition to the qualified voters of the City and County of San Francisco at a general or special election.

(b) For the purposes of this section, "lease financing" occurs when the city and county leases land, buildings, fixtures, or equipment from a Joint Powers Authority, the San Francisco Redevelopment Agency, the San Francisco Housing Authority, the San Francisco Parking Authority, or a nonprofit corporation, and does so for the purpose of financing the construction or acquisition of public improvements or equipment.

(c) The requirements of this section do not apply:

(1) to any lease financing which was approved in fact or in principle by a resolution or ordinance adopted by the board of supervisors prior to April 1, 1977; provided, that if the resolution or ordinance approved the

lease financing only in principle, the resolution or ordinance must describe in general terms the public improvements or equipment to be financed; or

(2) to the approval of an amendment to a lease financing arrangement or to the refunding of lease financing bonds which results in lower total rental payments under the terms of the lease; or

(3) to lease financings involving a nonprofit corporation established for the purposes of this subsection for the acquisition of equipment, the obligations or evidence of indebtedness with respect to which shall not exceed in the aggregate at any point in time a principal amount of \$20 million, such amount to be increased by five percent each fiscal year following approval of this subsection; provided, however, that prior to each sale of such obligations or evidence of indebtedness, the Controller certifies that in his or her opinion the net interest cost to the City will be lower than other financings involving a lease or leases.

Section 8.100 is amended to read as follows:

Section 8.100. Qualifications

(a) No person shall be a candidate for any elective office nor shall be appointed as a member of any board, commission or advisory body of any kind established by this charter or legislative act of the United States of America, the State of California or this board of supervisors, unless he or she is a resident of the city and county and an elector thereof immediately prior to the time of his or her taking office, unless he or she is a retirement system member or health system member elected under charter section 3.670 or 3.680, or unless otherwise specifically provided in this charter, and every elected officer and member of any board, commission or advisory body of any kind shall continue to be a resident of the city and county during incumbency of office, and upon ceasing to be such resident, shall be removed from office. Notwithstanding any other provision of this charter, residency shall not be required for persons appointed to, or serving on, the following boards and commissions. the board of trustees of the San Francisco War Memorial, the board of trustees of the Golden Gate Museums of San Francisco, the Asian Art Commission, and the San Francisco Film and Video Arts Commission.

Notwithstanding this requirement, in the case of boards, commissions or advisory bodies established by legislative act, the residency requirement may be waived by the appointing officer, or entity upon a finding that the board, commission or body requires the appointment of a person with specific experience, skills or qualifications and after exercising due diligence, an eligible and willing appointee residing within the city and county could not be located.

(b) Except for those offices and positions and officers and employees specifically provided for in this section and other sections of the charter, the residential qualifications and requirements for all officers and employees and all offices and positions in the city and county service shall be as provided by ordinance of the board of supervisors.

Section 8.425 is amended to read as follows:

Section 8.425. Persons Covered

Each plan may make provision for the participation in the benefits of the system by the dependents of members, retired city and county employees, temporary city and county employees, such other dependents of deceased and retired city and county employees as the board of supervisors may authorize by ordinance, teachers and other employees of the San Francisco Unified School District retired under the San Francisco City and County Employees' Retirement System and resigned employees of the city and county and resigned teachers and employees of the school district whose resignations occur after June 15, 1955, and within 30 days immediately prior to the date on which, but for their resignations, they would have become retired members of the said retirement system, on whose relinquishment of retirement allowances as permitted by the charter occurs after such date and resigned employees of the San Francisco Unified School District not otherwise included. A resigned employee or teacher is one whose employment has terminated other than by retirement, discharge or death or who has relinquished retirement allowances. The purpose of empowering the health service board to make provision for the participation in the benefits of the system to the aforementioned resigned teachers and employees of the San Francisco Unified School District is to enable them, subject to the health service board's exercise of its power, to participate in the benefits of the system after transferring to the State Teachers' Retirement System from the San Francisco City and County Employees' Retirement System. The purpose of empowering the health service board to make provision for participation in the benefits of the system by the aforementioned resigned employees of the city and county and other resigned employees of San Francisco Unified School District is to permit the health service board to have power to treat them the same as it treats resigned teachers and employees of the San Francisco Unified School District.

As used in this section, and for the purpose of this section, the terms "city and county employees" and "employees of the city and county" shall include officers and employees of the Parking Authority of the City and County of San Francisco.

The board of supervisors may also provide by ordinance for the continuation in any plan by former supervisors who agree to and do pay the full cost of such benefit.

Section 8.506-2 is amended to read as follows:

Section 8.506-2 Miscellaneous Safety Employees

Notwithstanding any other provisions of this charter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the probation officers, airport police officers, district attorney and public defender investigators, coroner investigators, juvenile court counselors, institutional police, fire safety inspectors and fire protection engineers

who are not members of the Section 8.588 plans, shall be members of the public employees' retirement system, and the board of supervisors, the community college board and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health board shall make provision for the participation in the benefits of the health service system by such persons.

Section 8.509 is amended to read as follows:

Section 8.509 Retirement-Miscellaneous Officers and Employees On and After July 1, 1947

Miscellaneous officers and employees, as defined in this section, who are members of the retirement system under this section of the charter on February 1, 1969, and persons who become miscellaneous officers and employees after February 1, 1969, shall be members of the retirement system, subject to the following provisions of this section, in addition to the provisions contained in Sections 3.670, 3.672, 8.500, 8.510 and 8.520 of this charter notwithstanding the provisions of any other section of the charter, provided that the retirement system shall be applied to persons employed on a part-time, temporary or substitute basis only as the board of supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board. Miscellaneous officers and employees of the said departments who are members of the retirement system under Section 8.507 of the charter on February 1, 1969 shall continue to be members of the system under Section 8.507 and shall not be subject to any of the provisions of this section, except as specifically provided in this section.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

"Retirement allowance," or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payments is definitely provided by the context.

of positions as the positions held by him during such period and at the rate of pay attached to such positions, it being assumed that during any absence, he was in the position held by him at the beginning of the absence, and that prior to entering city-service he was in the position first held by him in city-service.

“Benefit” shall include “allowance,” “retirement allowance,” and “death benefit.”

“Average final compensation” shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the retirement system in which his average final compensation is the highest, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

(b) Any member who completes at least 20 years of service in the aggregate credited in the retirement system, and attains the age of 50 years, or at least 10 years of service in the aggregate credited in the retirement system, and attains the age of 60 years, said service to be computed under Subsection (g) hereof, may retire from service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of 65 years. A member retired after reaching the age of 60 years shall receive a service retirement allowance at the rate of two percent of said average final compensation for each year of service; provided, however, that upon the compulsory retirement of a member upon his attainment of the age of 65 years, if the allowance available to such member, pursuant to the provisions of Subsection (f) of this section, shall be greater in amount than the service retirement allowance otherwise payable to such member under this Subsection (b), then such member shall receive as his service retirement allowance, in lieu of the allowance otherwise payable under this Subsection (b), an allowance computed in accordance with the formula provided in said Subsection (f). The service retirement allow-

ance of any member retiring prior to attaining the age of 60 years, after rendering 20 years or more of such service and having attained the age of 50 years, computed under Subsection (g), shall be an allowance equal to the percentage of said average final compensation set forth opposite his age at retirement, taken to the preceding completed quarter year, for each year of service, computed under Subsection (g):

In no event shall a member's retirement allowance exceed 75 percent of his average final compensation.

Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (c) of this section, may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits; provided, however, that at any time within 30 days after the date on which his compulsory retirement would otherwise have become effective, a member who has attained the age of 65 years may elect, without right of revocation, to withdraw his accumulated contributions, said election to be exercised in writing on a form furnished by the retirement system and filed at the office of said system, and a member so electing shall be considered as having terminated his membership in said system on the date immediately preceding the date on which his compulsory retirement would otherwise have become effective, and he shall be paid forthwith his accumulated contributions, with interest credited thereon. Notwithstanding the provisions of Section 8.514 of this charter, the portion of service retirement allowance provided by the city and county's contributions shall be not less than \$100 per month upon retirement after 30 years of service and after attaining the age of 60 years, and provided further that as to any member with 15 years or more of service at the compulsory retirement age of 65, the portion of the service retirement allowance provided by the city and county's contribution shall be such that the total retirement allowance shall not be less than \$100 per month. In the calculations under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated in the manner prescribed for each class of service, the average final compensation in each case being that for the respective class of service; provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this subsection providing for a minimum retirement allowance. Part time service and compensation shall be reduced to full time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied on full time service and compensation in the calculations of retirement allowances.

(c) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least

10 years of service credited in the retirement system in the aggregate, computed as provided in Subsection (g) hereof, shall be retired upon an allowance of one and eight-tenths percent of the average final compensation of said member, as defined in Subsection (a) hereof for each year of credited service, if such retirement allowance exceeds 40 percent of his average final compensation; otherwise one and eight-tenths percent of his average final compensation multiplied by the number of years of city-service which would be credited to him were such city-service to continue until attainment by him of age 60, but such retirement allowance shall not exceed 40 percent of such average final compensation. In the calculation under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the one year immediately preceding his retirement. Part-time service and compensation shall be reduced to full-time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied as full-time service and compensation in the calculation of retirement allowances. The question of retiring a member under this subsection may be brought before the retirement board on said board's own motion, by recommendation of any commission or board, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to service in the position or classification he occupied at the time of his retirement.

(d) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workers' compensation laws of the State of California.

(e) If a member shall die, before retirement, (1) If no benefit is payable under subdivision (2) of this subsection (e):

(A) Regardless of cause, a death benefit shall be paid to the member's estate or designated beneficiary consisting of the compensation earnable by the member during the six months immediately preceding death, plus the member's contributions and interest credited thereon.

(B) If a member sustains a traumatic bodily injury through external and violent means in the course and scope of employment and death results within 180 days of such injury, an additional insurance benefit of 12 months of compensation earnable shall be paid to the member's estate or designated beneficiary.

(2) If, at the date of his death, he was qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, and he has designated as beneficiary his surviving spouse, who was married to him for at least one full year immediately prior to the date

of his death, one-half of the retirement allowance to which the member would have been entitled if he had retired from service on the date of his death, shall be paid to such surviving spouse who was his designated-beneficiary at the date of his death, until such spouse's death or remarriage, or if there be no surviving spouse, to the unmarried child or children of such member under the age of 18 years, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If, at the death of such surviving spouse, who was receiving an allowance under this Subdivision (2), there be one or more unmarried children of such member under the age of 18 years, such allowance shall continue to such child or children, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If the total of the payments of allowance made pursuant to this Subdivision (2) is less than the benefit which was otherwise payable under Subdivision (1) of this subsection, the amount of said benefit payable under Subdivision (1) less an amount equal to the total of the payments of allowance made pursuant to this Subdivision (2) shall be paid in lump sum as follows:

(A) If the person last entitled to said allowance is the remarried surviving spouse of such member, to such spouse.

(B) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to said allowance.

The surviving spouse may elect, on a form provided by the retirement system and filed in the office of the retirement system before the first payment of the allowance provided herein, to receive the benefit provided in Subdivision (1) of this subsection in lieu of the allowance which otherwise would be payable under the provisions of this subdivision. If a surviving spouse, who was entitled to make the election herein provided, shall die before or after making such election, but before receiving any payment pursuant to such election, then the legally appointed guardian of the unmarried children of the member under the age of 18 years, may make the election herein provided before benefit has been paid under this Subsection (e), for and on behalf of such children if, in his judgment it appears to be in their interest and advantage, and the election so made shall be binding and conclusive upon all parties in interest.

If any person other than such surviving spouse shall have and be paid a community property interest in any portion of any benefit provided under this Subsection (e), any allowance payable under this Subdivision (2) shall be reduced by the actuarial equivalent, at the date of the member's death, of the amount of benefits paid to such other person.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated

beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(f) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment and reemployment with and without redeposit of withdrawn accumulated contributions of other members of the retirement system, provided that if such member is entitled to be credited with at least 10 years of service or if his accumulated contributions exceed \$1,000, he shall have the right to elect, without right of revocation and within 90 days after said termination of service, or if the termination was by lay-off, 90 days after the retirement board determines the termination to be permanent, whether to allow his accumulated contributions to remain in the retirement fund and to receive benefits only as provided in this paragraph. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A person who elects to allow his accumulated contributions to remain in the retirement fund shall be subject to the same age requirements as apply to other members under this section for service retirement, but he shall not be subject to a minimum service requirement. Upon the qualification of such member for retirement by reason of age, he shall be entitled to receive a retirement allowance which shall be the actuarial equivalent of his accumulated contributions and an equal amount of the contributions of the city and county, plus $1\frac{2}{3}$ percent of his average final compensation for each year of service credited to him as rendered prior to his first membership in the retirement system. Upon the death of such member prior to retirement, his contributions with interest credited thereon shall be paid to his estate or designated beneficiary.

(g) The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him to membership in the retirement system under this section, provided that the accumulated contributions standing to the credit of such member shall be adjusted by refund to the member or by payment of the member, to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a

miscellaneous employee throughout the period of his service in either such departments at the compensation he received in such departments.

(3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not deemed absence from service under the provisions of Section 8.520 of the charter and for which such member is entitled to receive credit as service for the city and county by virtue of contributions made in accordance with the provisions of such section.

(4) Prior service determined and credited as prescribed by the board of supervisors for persons who are members under Section 8.507.

(5) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service under the retirement system of service, other than military service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefor shall be required of the city and county.

(h) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each payment of compensation paid to a member under Section 8.509 a sum equal to 7½ percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member under Section 8.509, or shall be paid to said member or his estate or beneficiary as provided in Sections 8.509(e) and 8.509(f).

(2) Contributions based on time included in paragraphs (1) and (3) of Subsection (g), and deducted prior to July 1, 1947, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members, and shall be combined with and administered in the same manner as the contributions deducted after said date.

(3) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, on July 1, 1948, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Subsection (h), to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder, which shall be based on service rendered by each member prior to the date upon which his rate of contribution is determined in paragraph (1), Subsection (h), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder, which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the city and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement, and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year, and said investigation into the experience under the system shall be made every odd-numbered year.

Notwithstanding the provisions of this Subdivision (4), any additional liabilities created by the amendments of this Section 8.509 contained in the proposition therefor submitted to the electorate on November 6, 1973, shall be amortized over a period of 30 years.

(5) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county, held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in the section shall affect the obligations of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on July 1, 1947, in the accounts of said system by debits against the city and county.

(i) Upon the completion of the years of service set forth in Subsection (b) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Subsection (b), and nothing shall deprive said member of said right.

(j) Except as otherwise provided in section 8.511 of this charter, no person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system, shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

(k) Any section or part of any section in this charter, insofar as it should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

(l) Notwithstanding the provisions of Subsections (b), (c), (f), and (i) of this section, any member convicted of a crime involving moral turpitude, committed in connection with his duties as an officer or employee of the City and County of San Francisco, shall, upon his removal from office or employment pursuant to the provisions of this charter, forfeit all rights to any benefits under the retirement system except refund of his accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, he shall have the right to elect, without right of revocation and within 90 days after his removal from office or employment, whether to withdraw all of his accumulated contributions or to receive as his sole benefit under the retirement system, an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of such removal from office or employment.

(m) The amendments of this section contained in the proposition submitted to the electorate on November 6, 1984 are hereby declared to be prospective and shall not give any person a claim against the city and county relating to a death prior to ratification of this amendment by the State Legislature.

Section 8.511 is amended to read as follows:

Section 8.511 Pensions of Retired Persons

(a) Except as provided in subsection (c) of this section, no person retired for service or disability, and in receipt of a retirement allowance under the retirement system, shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror, or in the preparation for or the giving of testimony as an expert witness for or on behalf of the City and County of

San Francisco before any court or legislative or administrative body, shall not be affected by this section or by Section 8.509, Section 8.546 or Section 8.581 of the charter.

(b) Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of 62, the retirement board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined.

(c) A retired person, who is a certificated employee, may enter into a consultancy contract with the San Francisco Unified School District or the San Francisco Community College District to the extent authorized by state law. Notwithstanding any other provisions of this charter to the contrary, a certificated employee who enters into such a consultancy contract shall not be reinstated as a member of the retirement system. No deduction shall be made from his or her compensation as contributions to the retirement system, and his or her retirement allowance shall not be terminated or suspended.

Section 8.584-10 is amended to read as follows:

Section 8.584-10 Limitation on Employment During Retirement

(a) Except as provided in Section 8.511 of this charter and Subsection (b) of this section, no person retired as a member under Section 8.584 for service or disability and entitled to receive a retirement allowance under the retirement system shall be employed in any capacity by the city and county, nor shall such person receive any payment for services rendered to the city and county after retirement.

Amendments to the Charter of the City and County of San Francisco

[Filed with the Secretary of State December 12, 1990.]

PART NINE is added to ARTICLE VIII to read as follows:

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

Section 8.590-1 is added to read as follows:

8.590-1 Declaration of Policy

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

Section 8.590-2 is added to read as follows:

8.590-2 Employees Covered

These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as “firefighters”, “police officers” and “airport police officers”.

Section 8.590-3 is added to read as follows:

8.590-3 Prohibition Against Strikes

If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.345 and 8.346.

Section 8.590-4 is added to read as follows:

8.590-4 Obligation to Negotiate in Good Faith

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized

employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and airport police employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed. Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

Section 8.590-5 is added to read as follows:

8.590-5 Impasse Resolution Procedures

(a) Subject to section 8.590-5 (g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of

the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mede-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision, as it may be modified or

amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages, hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;

2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and

3. any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

Section 8.590-6 is added to read as follows:

8.590-6. Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or of the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the

amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

Section 8.590-7 is added to read as follows:

8.590-7. Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

(1) The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and,

(2) After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.

The bond or deposit shall be in favor of the city of Los Angeles, executed by the requestor and, if in the form of a surety bond, executed by a surety doing business in the City of Los Angeles and satisfactory to the City Clerk. Section 2004 of the City Charter of the City of Santa Monica is amended to read as follows:

SECTION 2004. Approval or Denial of Tenant Participating Conversion Application. A Tenant-Participating Conversion Application shall be approved or denied within the time periods set forth in Section 2003 of this Article and in accordance with the following standards:

(a) A Tenant-Participating Conversion Application, along with any required tentative subdivision map or tentative parcel map shall be denied if the Tenant-Participating Conversion Application fails to meet any of the requirements of this Article, was the result of fraud, misrepresentation, or threat or similar coercion, or fails to meet any mandatory requirements of the Subdivision Map Act of the State of California.

(b) A Tenant-Participating Conversion Application, along with any required tentative subdivision map or tentative parcel map, shall be approved if it meets the requirements of this Article and shall be subject to the following conditions and no others:

(1) The owner must file with the City written consent to each condition imposed in connection with the approval of a Tenant-Participating Conversion Application. The written consent shall be filed prior to the approval of any required final subdivision map or final parcel map, or if no such map is required, within six (6) months from the date of approval of the Tenant-Participating Conversion Application. The filing of such written consent shall constitute an agreement, with the City of Santa Monica and each participating tenant, binding upon the owner and any successors in interest, to comply with each and every condition imposed in connection with approval of a Tenant-Participating Conversion Application. The City and any participating tenant shall have the right to specific enforcement of this Agreement in addition to any other remedies provided by law.

(2) The owner shall offer and continue to offer the exclusive right to purchase each rental unit in the building to the participating tenant thereof upon the terms set forth in the application, without change, for a period of not less than two (2) years from the date of final approval by the California Department of Real Estate or the date the first unit in the building is offered for sale, if no approval by the California Department

of Real Estate is required. Unless a participating tenant has already provided the owner with written acceptance of the offer, the Tenant's Sale Price may be adjusted at the beginning of the second year according to any change reflected in the Price Index occurring during the preceding year. Upon the written acceptance of the offer by the participating tenant at any time within the two year period, escrow shall open within thirty (30) days from the written acceptance by the participating tenant. Unless otherwise agreed by the parties, the period of the escrow shall not exceed sixty (60) days.

(3) No participating tenant shall at any time after the approval of the Tenant-Participating Conversion Application be evicted for the purpose of occupancy by the owner, occupancy by any relative of the owner, or for demolition of the unit. In the event the participating tenant does not exercise his or her right to purchase within the time period set forth in this Article, the owner may transfer the unit without any price restriction to the participating tenant or any other person. However, in the event such transfer is to someone other than the participating tenant, the transfer shall be expressly made subject to the rights of the participating tenant to continue to occupy the unit as provided for in this Article.

(4) Each unit shall at all times remain subject to all the terms and conditions of Article XVIII of this Charter, except Section 1803(t), before, during and after any Tenant-Participating Conversion. If any unit is rented, the maximum allowable rent for each unit shall be no greater than the maximum allowable rent allowed under Article XVIII of this Charter.

(5) The building may be required to comply only with the applicable laws, including the building, safety, and zoning codes, which were in effect as of the date the building was constructed. No new, additional requirements including, but not limited to, parking, room size, or interior or exterior improvements of any kind, may be imposed as a condition, either directly or indirectly, of the Tenant-Participating Conversion. Notwithstanding the above, the City may impose reasonable health or safety requirements consistent with this Article upon such buildings provided that such requirements uniformly apply to all similar multi-residential structures in the City of Santa Monica, regardless of the form of ownership of the building.

(6) Prior to the approval of any required subdivision map or final parcel map for the Tenant-Participating Conversion, or if no such map is required, prior to the filing of the written consent required by Subdivision (b) (1) of this Section, each participating tenant shall be informed in writing, in a form approved by the City, of his or her rights under this Article.

(7) In addition to the protections of Subdivisions (b) (3) and (b) (4) of this Section:

(A) All non-purchasing Participating Tenants who are senior citizens or disabled on the date of filing the Tenant-Participating Conversion Application and who personally occupied a rental unit in the qualifying

building continuously for at least six (6) months immediately preceding the date of the filing of Tenant-Participating Conversion Application shall be given the nonassignable right to continue to personally reside in their unit as long as they choose to do so subject only to just cause evictions provided that the eviction is not for the purpose of occupancy by the owner, occupancy by any relative of the owner, or for demolition of the unit. In addition, should the maximum allowable rent provision of Article XVIII of this Charter no longer apply, the rent for each such unit shall be adjusted annually to allow an increase of no more than the increase in the Price Index plus a reasonable, pro rata share of capital improvements for the buildings common areas or agreed to capital improvements for the unit. Within sixty (60) days after the approval of a Tenant-Participating Conversion Application, any senior citizen participating tenant who is entitled to the protections of this Subdivision may designate in writing the name of one person who is entitled to continue living in the rental unit under the same terms as the senior citizen if the senior citizen pre-deceases him or her and if the person designated is residing in the unit at the time of the death of the senior citizen. The person designated by the senior citizen must be a lawful occupant of the unit, at least fifty-five (55) years of age on the date of the filing of the Tenant-Participating Conversion Application, and must have resided in the unit for a continuous period of six months prior to the filing of the Tenant-Participating Conversion Application.

(B) All other non-purchasing Participating Tenants who personally occupied a rental unit in a qualifying building continuously for at least six (6) months immediately preceding the date filing the Tenant-Participating Conversion Application shall be given the nonassignable right to continue to personally reside in their unit subject only to just cause eviction for a period of five (5) years form [sic] the date the first unit is offered for sale. No eviction shall be allowed during this time period except for just cause provided the eviction is not for the purpose of occupancy by the owner, occupancy by any relative of the owner, or demolition of the unit. In addition, during this time period, should the maximum allowable rent provisions of Article XVIII of this Charter no longer apply, the rent for each unit shall be adjusted annually to allow an increase of no more than the increase in the Price Index plus a reasonable pro rata share of capital improvements for the building's common areas or agreed to capital improvements for the unit.

All rights under this Subsection shall expire upon the termination of the landlord-tenant relationship between the owner and the participating tenant entitled to the protection of this Subsection.

For purposes of this Subsection, "Just cause" means one of the reasons set forth in Subdivisions (a) through (g) of Section 1806 of this Charter.

This Subsection shall be interpreted in accordance with Santa Monica City Attorney Informal Opinion Number 84-57. All amendments to this Subsection are declaratory of existing law.

(8) Non-purchasing Participating Tenants shall not be subject to eviction pursuant to Government Code Section 7060 et seq. (“the Ellis Act”).

(9) The owner shall pay the Tenant-Participating Conversion Tax in the manner required by Section 2008 of this Article.

(10) No owner shall close the first escrow without completing the repairs and alterations agreed to pursuant to Section 2002(c) (4) of this Article. The time to complete the repairs and alterations may be extended for a period not to exceed ninety (90) days if the tenant purchasing the first unit agrees to the extension and the owner provides a bond approved by the California Department of Real Estate in an amount sufficient to cover the cost of the work yet to be completed. The Building Officer of the City of Santa Monica may authorize a further extension of time to complete the repairs and alterations upon finding that the owner has diligently sought to make the repairs during the initial extension period and that additional time is reasonably required to complete the work.

In addition to any other remedy provided by law, for each consecutive calendar day that an owner fails to complete the repairs and alterations agreed to pursuant to Section 2002(c) (4) in a timely manner, the owner shall be liable to the City in the amount of two hundred and fifty dollars (\$250.00) for the first day and one hundred dollars (\$100.00) per day for each day thereafter. No penalty imposed under this subsection shall exceed two (2) times the cost of the repairs or alterations that were not timely completed by the owner, but in no event shall the penalty be less than \$250.00.

(11) Prior to the filing and approval of the Tenant-Participating Conversion Application by the Planning Commission or City Council on appeal, no participating tenant shall offer or agree to release all rights that he or she has to purchase a rental unit in the building in return for receiving money or other financial consideration from the owner.

(12) The requirements of this Section shall be set forth in the Declaration of Covenants, Conditions, and Restrictions, or equivalent document, and shall specifically name the Participating Tenants in each unit entitled to the benefits and protections of this Article. The City shall review and approve for compliance with this Article the Covenants, Conditions, and Restrictions, or equivalent documents, prior to the approval of any required final subdivision map or final parcel map, or if no such map is required, prior to the filing of the written consent required by Subdivision (b) (1) of this Section. To the extent applicable, the requirements of this Article shall be made a part of the rental agreement with the Participating Tenants.

(13) The Declaration of Covenants, Conditions, and Restrictions, or equivalent document, shall contain a non-discrimination clause in substantially the following form: “No unit owner shall execute or file for record any instrument which imposes a restriction upon the sale, leasing or occupancy of his or her unit on the basis of sex, race, color, religion,

ancestry, national origin, age, pregnancy, marital status, family composition, handicap, Acquired Immune Deficiency Syndrome (A.I.D.S.), sexual orientation, or the potential or actual occupancy of minor children. The association shall not discriminate on the basis of sex, race, color, religion, ancestry, national origin, age, pregnancy, marital status, family composition, handicap, Acquired Immune Deficiency Syndrome (A.I.D.S.), sexual orientation, or the potential or actual occupancy of minor children.”

(14) The approval of a Tenant-Participating Conversion Application shall expire if any required final subdivision map or final parcel map is not approved within the time periods set forth in the Subdivision Map Act of the State of California, or if no such map is required, if the written consent required by Subdivision (b) (1) is not filed within the required time period.

Section 2009 of the City Charter of the City of Santa Monica is amended to read as follows:

SECTION 2009. Use of Tax. All monies derived from the Tenant-Participating Conversion Tax shall be annually appropriated by the City Council for only the following purposes:

(a) In accordance with Section 2000(d) of this Article, to assist Low and Moderate Income Households in Tenant-Participating Conversions to purchase or improve their units subject to an affordable repayment plan including interest, keyed to future income increases and gains on resale. Priority shall be given to assisting Low and Moderate Income Households in Limited Equity Tenant-Participating Conversions. For at least the first two (2) years from the receipt of the first payment of the Tenant-Participating Conversion Tax under this Article, a substantial portion of the tax proceeds shall be used for assisting Limited Equity Tenant-Participating Conversions.

(b) Up to one-sixth of the revenues derived from Section 2008 may be used to assist Middle Income Households in Tenant-Participating Conversions to purchase or improve their units if the City Council, by five (5) affirmative votes, determines that the needs of Low and Moderate Income Households have been fully satisfied.

(c) To assist the City or a nonprofit housing development corporation to purchase units, for which a Tenant Participating Conversion Application has been approved, for lease or resale to Low, Moderate, or Middle Income Households, provided that any unit so acquired shall be subject to limited equity resale provisions.

(d) To pay for reasonable and necessary costs of administration of programs required to meet the purposes of this Section.

Section 2018 is added to the City Charter of the City of Santa Monica to read as follows:

SECTION 2018. Prohibition of Non-TORCA Conversion.

(a) No multifamily residential conversion, whether by condominium, stock cooperative, community apartment, cooperative apartment, or other means, shall be approved unless it is approved in accordance with this Article.

(b) The General Plan of the City shall at all times contain a provision that the Tenant Ownership Rights Charter Amendment shall be the only procedure by which a multifamily residential conversion may be approved.
