(i) The project's housing sponsor shall have been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h)(4)(B) of the Internal Revenue Code.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an S corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(D) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(E) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(F) No credit shall be allocated under this section to buildings located in a difficult development area or a qualified census tract as defined in Section 42 of the Internal Revenue Code for which the eligible basis of a new building or the rehabilitation expenditure of

an existing building is 130 percent of that amount pursuant to subparagraph (C) of paragraph (5) of subsection (d) of Section 42 of the Internal Revenue Code, unless the committee reduces the amount of federal credit, with the approval of the applicant, so that the combined amount of federal and state credit shall not exceed the total credit allowable pursuant to this section and Section 42(b) of the Internal Revenue Code, computed without regard to Section 42(d)(5)(C) of the Internal Revenue Code.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the housing sponsor during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building which is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(4) For purposes of this section, the term "at risk of conversion," with respect to an existing building means a building which satisfies all of the following criteria:

(A) The building is presently owned by a housing sponsor other than a qualified nonprofit organization.

(B) The building is a federally assisted building for which the low-income use restrictions will terminate or the mortgage on the building is eligible for prepayment under Subtitle 13 of the Emergency Low Income Housing Assistance Act of 1987 or under Section 502(c) of the Housing Act of 1949, anytime in the three calendar years after the year of application to the California Tax Credit Allocation Committee.

(C) The person acquiring the building enters into a regulatory agreement that requires the building to be operated in accordance with the requirements of this section for a period equal to the greater

of 55 years or the life of the building.

(D) The building satisfies the requirements of Section 42(e) of the Internal Revenue Code regarding rehabilitation expenditures, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cash distribution from the operations of the project, after funding required reserves, which, at the election of the taxpayer, is equal to:

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity which shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note; or

(ii) Twenty percent of the adjusted basis of the building as of the close of the first income year of the credit period; or

(B) The amount of the cash-flow from those units in the building that are not low-income units. For purposes of computing cash-flow under this subparagraph, operating costs shall be allocated to the low-income units using the "floor space fraction," as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may accumulate and be distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an S corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four income years" for "10 taxable years."

(2) The special rule for the first taxable year of the credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of any income year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an

amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the income years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(g) Notwithstanding subdivision (m), the aggregate housing credit dollar amount which may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section and Section 17058 shall be an amount equal to the sum of the following:

(1) Thirty-five million dollars ($35,000,000).

(2) The unused housing credit ceiling, if any, for the preceding calendar years; and

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(h) (1) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30-consecutive income years beginning with the first income year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 18 years of the compliance period, a qualified low-income housing project is not economically feasible, the housing sponsor shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become economically feasible, provided that once a project is again economically feasible, the housing sponsor designates the next available units as low-income units subject to the set-aside and rent requirements, up to the number of low-income units necessary to arrive at the original applicable fraction, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced, except to the extent the excess was used for the rehabilitation of the project.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

(1) The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, which agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code, shall apply, providing the agreement includes all of the following provisions:

(A) A term not less than the compliance period.

(B) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and which allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory agreement in any state court.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the housing sponsor provide the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the housing sponsor intends to reduce the number of low-income units to make a project economically feasible.

(G) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(H) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(I) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of not less than three periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling which may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of three allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in paragraph (1) of subsection (m) of Section 42 of Title 26 of the United States Code. In adopting this plan, the committee shall comply with the provisions of subparagraphs (B) and (C) of paragraph (1) of subsection (m) of Section 42 of Title 26 of the United States Code.

(3) Notwithstanding subsection (m) of Section 42 of the Internal Revenue Code, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a) of Section 17058, shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project

complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, for the low-income units, and a development fee that does not exceed a specified percentage of the qualified basis of the project prior to inclusion of the development fee in the qualified basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if:

(i) The project serves the lowest income tenants at rents affordable to those tenants; or

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which the greatest percentage of total square feet of all residential units is comprised of low-income units with three or more bedrooms.

(ii) Projects providing single room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(vi) Projects located within a "difficult to develop area" or a "qualified census tract" as defined in Section 42(d)(5)(C) of the Internal Revenue Code.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit

set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "California Tax Credit Allocation Committee."

(*l*) In the case where the state credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 17058 shall not exceed thirty-five million dollars ($35,000,000) per year. The California Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000).

The aggregate amount of credit granted pursuant to this section and Section 17058 in 1989 may exceed thirty-five million dollars ($35,000,000) by an amount equal to the unallocated credit from 1987 and 1988.

(n) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(o) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(p) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1989.

(q) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(r) (1) This section shall remain in effect only until December 1, 1990, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (*l*), until the credit has been exhausted.

(2) Notwithstanding paragraph (1), this section shall remain in effect on or after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, pertaining to low-income housing credits,

remains in effect.

SEC. 53. Section 23701 of the Revenue and Taxation Code is amended to read:

23701. Organizations which are organized and operated for nonprofit purposes within the provisions of a specific section of this article, or are defined in Section 23701h (relating to certain title-holding companies) or Section 23701x (relating to certain title-holding companies), are exempt from taxes imposed under this part, except as provided in this article or in Article 2 (commencing with Section 23731) of this chapter, if:

(a) An application for exemption is submitted in the form prescribed by the Franchise Tax Board; and

(b) A filing fee of twenty-five dollars ($25) is paid with each application for exemption filed with the Franchise Tax Board after December 31, 1969; and

(c) The Franchise Tax Board issues a determination exempting the organization from tax.

This section shall not prevent a determination from having retroactive effect and does not prevent the issuance of a determination with respect to a domestic organization which was in existence prior to January 1, 1970, and exempt under prior law without the submission of a formal application or payment of a filing fee. For the purpose of this section, the term "domestic" means created or organized under the laws of this state.

The Franchise Tax Board may issue rulings and regulations as are necessary and reasonable to carry out the provisions of this article.

SEC. 54. Section 23801 of the Revenue and Taxation Code is amended to read:

23801. (a) (1) A corporation may not elect to be treated as an "S corporation" unless it has in effect for federal purposes a valid election under Section 1362(a) of the Internal Revenue Code for the same year.

(2) For income years beginning in 1987—

(A) A corporation which has in effect a valid federal election, for the income year beginning in 1987, shall be deemed to have elected to be treated as an "S corporation" for purposes of this part, unless that corporation elects on its return to continue to be treated as a "C corporation" for purposes of this part.

(B) A corporation to which subparagraph (A) applies, but which is not required to file a return under this part, may elect to be treated as a "C corporation" for purposes of this part in such form and in such manner as the Franchise Tax Board may prescribe.

(C) A corporation which is deemed to have elected to be treated as an "S corporation" under subparagraph (A) shall, for purposes of applying the provisions of Section 1374 of the Internal Revenue Code, relating to tax imposed on certain built-in gains, and Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income, be deemed to have made the election to be treated as an "S corporation" on the same date as the date of its

federal election under Section 1362(a) of the Internal Revenue Code.

(3) For income years beginning in 1988 or 1989—

(A) A corporation which had in effect a valid federal election for the preceding year, but was a "C corporation" for purposes of this part for that preceding year, may elect to be treated as an "S corporation" for purposes of this part by making an election in accordance with the provisions of Section 1362 of the Internal Revenue Code in such form and in such manner as the Franchise Tax Board may prescribe.

(B) A corporation which did not have in effect a valid federal election for the preceding year and which makes a federal election for the income year under Section 1362(a) of the Internal Revenue Code shall be deemed to have made an election to be treated as an "S corporation" for purposes of this part on the same date as the date of its federal election, unless that corporation elects on its return to continue to be treated as a "C corporation" for purposes of this part.

(C) A corporation to which subparagraph (B) applies, but which is not required to file a return under this part, may elect to be treated as a "C corporation" for purposes of this part in such form and in such manner as the Franchise Tax Board may prescribe.

(D) A corporation which elects to be treated as an "S corporation" under subparagraph A for an income year beginning in 1988 shall, for purposes of applying the provisions of Section 1374 of the Internal Revenue Code, relating to tax imposed on certain built-in gains, and Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income, be deemed to have made the election to be treated as an "S corporation" on the same date as the date of its federal election under Section 1362(a) of the Internal Revenue Code.

(4) For income years beginning on or after January 1, 1990—

(A) An election under Section 1362(a) of the Internal Revenue Code, which is first effective for an income year beginning on or after January 1, 1990, shall be an election to which subdivision (g) of Section 23051.5 applies and shall be deemed to have been made for purposes of this part on the same date as the date of the federal election, unless the corporation files a California election under clause (ii) to be treated as a "C corporation" for purposes of this part.

(i) The federal "S" election shall be reported for purposes of this part in the form and manner as prescribed by the Franchise Tax Board no later than the last date allowed for filing the federal election under Section 1362(a) of the Internal Revenue Code for that income year.

(ii) The California election to be a "C corporation" may only be made by a corporation incorporated in California or qualified to do business in California and shall be made in the form and manner prescribed by the Franchise Tax Board no later than the last date allowed for filing the federal "S" election under Section 1362(a) of the Internal Revenue Code for that income year.

(B) A corporation, which has in effect a valid election under Section 1362(a) of the Internal Revenue Code, but which is a "C corporation" for purposes of this part may elect to be treated as an "S corporation" by making an election in the form and manner as prescribed by the Franchise Tax Board at the time required for making an "S" election under Section 1362(a) of the Internal Revenue Code for that income year, unless prohibited from doing so by Section 1362(g) of the Internal Revenue Code, relating to election after termination.

(C) In the event a corporation which has in effect a valid election under Section 1362(a) of the Internal Revenue Code and is not doing business in California becomes subject to this part by qualifying to do business in California, the corporation is deemed to have made an election to be treated as an "S corporation" for the income year during which the corporation qualifies to do business in California, unless the corporation files a California election in accordance with clause (ii) to be treated as a "C corporation" for that income year.

(i) The federal "S" election shall be reported for purposes of this part within two and one-half months after qualifying to do business in California in the form and manner as prescribed by the Franchise Tax Board.

(ii) The California election to be a "C corporation" shall be made in the form and manner as prescribed by the Franchise Tax Board no later than the following:

(I) For an income year beginning in 1990, two and one-half months after qualifying to do business in California.

(II) For an income year beginning on or after January 1, 1991, the last date allowed for filing a federal "S" election under Section 1362(a) of the Internal Revenue Code for that income year.

(D) (i) A corporation that is not qualified to do business in California, but which is treated as an "S corporation" for federal purposes, shall be treated as an "S corporation" for purposes of this part, and its shareholders shall be treated as shareholders of an "S corporation."

(ii) If a corporation described in clause (i) elected to be treated as a "C corporation" under this section prior to its amendment by the act adding this paragraph during the 1989–90 Regular Session, that election shall be revoked for income years beginning on or after January 1, 1990. The corporation shall be treated as an "S corporation" for purposes of this part, and its shareholders shall be treated as shareholders of an "S corporation."

(E) For purposes of this section, "qualified to do business in California" or "qualifying to do business in California" means incorporating or obtaining a certificate of qualification pursuant to the Corporations Code.

(F) For purposes of this section:

(i) A timely election to be treated as a "C corporation" shall be treated as a revocation and Section 1362(g), relating to election after termination, shall apply.

(ii) An untimely election to be treated as a "C corporation" shall be null and void and shall not be applied to either the current or any subsequent income year.

(b) If a corporation subject to tax under this part elects to be treated as an "S corporation" and has one or more shareholders who are nonresidents of this state or is a trust with a nonresident fiduciary, each of the following shall be required:

(1) Each nonresident shareholder or fiduciary shall file with the return a statement of consent by that shareholder or fiduciary to be subject to the jurisdiction of the State of California to tax the shareholder's pro rata share of the income attributable to California sources.

(2) An "S corporation" shall include in its return for each income year a list of shareholders in the form and in the manner prescribed by the Franchise Tax Board.

(3) Failure to meet the requirements of this subdivision shall be grounds for retroactive revocation of the election pursuant to this chapter.

(c) Except as provided in subdivision (d), a corporation which makes a valid election to be treated as an "S corporation" for purposes of this part shall not be included in a combined report pursuant to Article 1 (commencing with Section 25101) of Chapter 17.

(d) (1) In cases where the Franchise Tax Board determines that the reported income or loss of a group of commonly owned or controlled corporations (within the meaning of Section 25105), which includes one or more corporations electing to be treated as an "S corporation" under Chapter 4.5 (commencing with Section 23800), does not clearly reflect income (or loss) of a member of such group or represents an evasion of tax by one or more members of such group, and the Franchise Tax Board determines that the comparable uncontrolled price method prescribed by regulations pursuant to Section 482 of the Internal Revenue Code cannot practically be applied, the Franchise Tax Board may, in lieu of other methods prescribed by regulations pursuant to Section 482 of the Internal Revenue Code, apply methods of unitary combination, pursuant to Article 1 (commencing with Section 25101) of Chapter 17, to properly reflect the income or loss of the members of the group.

(2) The application of the provisions of this subdivision shall not affect the election of any corporation to be treated as an "S corporation."

(e) The tax for a "C corporation" for a short year shall be determined in accordance with Chapter 13 (commencing with Section 24631), in lieu of Section 1362(e) (5) of the Internal Revenue Code.

(f) (1) A termination of a federal election pursuant to Section 1362(d) of the Internal Revenue Code, that is not an inadvertent termination pursuant to Section 1362(f) of the Internal Revenue

Code, shall simultaneously terminate the "S corporation" election for purposes of Part 10 (commencing with Section 17001) and this part.

(2) A federal termination by revocation shall be effective for purposes of this part and shall be reported to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board no later than the last date allowed for filing federal termination for that year under Section 1362(d) of the Internal Revenue Code.

(3) A corporation which is qualified to do business in California and has in effect a valid "S" election under Section 1362(a) of the Internal Revenue Code, may revoke its "S" election for purposes of this part without revoking its federal election. The revocation for purposes of this part shall be made by providing a written notification to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board which includes the California corporation number and meets the requirements of Section 1362(d)(1) of the Internal Revenue Code.

(g) For income years beginning on or after January 1, 1990, if a corporation, which has in effect a valid "S" election under Section 1362(a) of the Internal Revenue Code, fails to make a "C corporation" election under clause (ii) of subparagraphs (A) and (C) of paragraph (4) of subdivision (a) or to terminate by revocation under paragraph (3) of subdivision (f), the corporation shall be treated as an "S corporation" pursuant to subparagraph (A) of paragraph (4) of subdivision (a).

SEC. 55. Section 23802 of the Revenue and Taxation Code is amended to read:

23802. (a) Section 1363(a) of the Internal Revenue Code, relating to the taxability of an S corporation, shall not be applicable.

(b) Corporations qualifying under this chapter shall continue to be subject to the taxes imposed under Chapter 2 (commencing with Section 23101) and Chapter 3 (commencing with Section 23501), except as follows:

(1) The tax imposed under Section 23151 or 23501 shall be imposed at a rate of 2½ percent rather than the rate specified in those sections.

(2) In the case of an "S corporation" which is also a financial corporation, the rate of tax specified in paragraph (1) shall be increased by the excess of the rate imposed under Section 23183 over the rate imposed under Section 23151 and Section 23184 shall be applicable.

(3) An "S corporation" shall not be subject to the alternative minimum tax (or preference tax) imposed under Section 23400.

(1) Five million dollars ($5,000,000), reduced by

(2) The amount of interest paid or incurred by such corporation during such year on obligations (A) issued after December 31, 1967, to provide consideration for an acquisition described in paragraph (1) of subdivision (b), but (B) which are not corporate acquisition indebtedness.

(b) For purposes of this section, the term "corporate acquisition indebtedness" means any obligation evidenced by a bond, debenture, note, or certificate or other evidence of indebtedness issued after October 9, 1969, by a corporation (hereinafter in this section referred to as "issuing corporation") if—

(1) Such obligation is issued to provide consideration for the acquisition of—

(A) Stock in another corporation (hereinafter in this section referred to as "acquired corporation"), or

(B) Assets of another corporation (hereinafter in this section referred to as "acquired corporation") pursuant to a plan under which at least two-thirds (in value) of all the assets (excluding money) used in trades and businesses carried on by such corporation are acquired,

(2) Such obligation is either—

(A) Subordinated to the claims of trade creditors of the issuing corporation generally, or

(B) Expressly subordinated in right of payment to the payment of any substantial amount of unsecured indebtedness, whether outstanding or subsequently issued, of the issuing corporation,

(3) The bond or other evidence of indebtedness is either—

(A) Convertible directly or indirectly into stock of the issuing corporation, or

(B) Part of an investment unit or other arrangement which includes, in addition to such bond or other evidence of indebtedness, an option to acquire, directly or indirectly, stock in the issuing corporation, and

(B) The projected earnings (as defined in paragraph (3) of subdivision (c)), do not exceed three times the annual interest to be

paid or incurred (determined under paragraph (4) of subdivision (c)).

(c) For purposes of paragraph (4) of subdivision (b)—

(1) Determinations are to be made as of the last day of any income year of the issuing corporation in which it issues any obligation to provide consideration for an acquisition described in paragraph (1) of subdivision (b) of stock in, or assets of, the acquired corporation.

(2) The term "ratio of debt to equity" means the ratio which the total indebtedness of the issuing corporation bears to the sum of its money and all its other assets (in an amount equal to their adjusted basis for determining gain) less such total indebtedness.

(3) (A) The term "projected earnings" means the "average annual earnings" (as defined in subparagraph (B)) of—

(i) The issuing corporation only, if cause (ii) does not apply, or

(ii) Both the issuing corporation and the acquired corporation, in any case where the issuing corporation has acquired control (as defined in Section 24564), or has acquired substantially all of the properties of the acquired corporation.

(B) The average annual earnings referred to in subparagraph (A) is, for any corporation, the amount of its earnings and profits for any three-year period ending with the last day of an income year of the issuing corporation described in paragraph (1), computed without reduction for—

(i) Interest paid or incurred,

(ii) Depreciation or amortization allowed under this part,

(iii) Liability for tax under this part, and

(iv) Distributions to which Section 301(c)(1) of the Internal Revenue Code, relating to property distributions, applies (other than such distributions from the acquired to the issuing corporation), and reduced to an annual average for such three-year period pursuant to regulations prescribed by the Franchise Tax Board. Such regulations shall include rules for cases where any corporation was not in existence for all of such three-year period or such period includes only a portion of an income year of any corporation.

(4) The term "annual interest to be paid or incurred" means—

(A) If subparagraph (B) does not apply, the annual interest to be paid or incurred by the issuing corporation only, determined by reference to its total indebtedness outstanding, or

(B) If projected earnings are determined under clause (ii) of subparagraph (A) of paragraph (3), the annual interest to be paid or incurred by both the issuing corporation and the acquired corporation, determined by reference to their combined total indebtedness outstanding.

(5) With respect to any corporation which is a bank or is primarily engaged in a lending or finance business—

(A) In determining under paragraph (2) the ratio of debt to equity of such corporation (or of the affiliated group of which such corporation is a member), the total indebtedness of such corporation (and the assets of such corporation) shall be reduced

by an amount equal to the total indebtedness owed to such corporation which arises out of the banking business of such corporation, or out of the lending or finance business of such corporation, as the case may be;

(B) In determining under paragraph (4) the annual interest to be paid or incurred by such corporation (or by the issuing and acquired corporations referred to in subparagraph (B) of paragraph (4) or by the affiliated group of which such corporation is a member) the amount of such interest (determined without regard to this paragraph) shall be reduced by an amount which bears the same ratio to the amount of such interest as the amount of the reduction for the income year under subparagraph (A) bears to the total indebtedness of such corporation; and

(C) In determining under subparagraph (B) of paragraph (3), the average annual earnings, the amount of the earnings and profits for the three-year period shall be reduced by the sum of the reductions under subparagraph (B) for such period.

For purposes of this paragraph, the term "lending or finance business" means a business of making loans or purchasing or discounting accounts receivable, notes, or installment obligations.

(d) In applying this section—

(1) The deduction of interest on any obligation shall not be disallowed under subdivision (a) before the first income year of the issuing corporation as of the last day of which the application of either subparagraph (A) or subparagraph (B) of paragraph (4) of subdivision (b) results in such obligation being corporate acquisition indebtedness.

(2) Except as provided in paragraphs (3), (4), and (5), if an obligation is determined to be corporate acquisition indebtedness as of the last day of any income year of the issuing corporation, it shall be corporate acquisition indebtedness for such income year and all subsequent income years.

(3) If an obligation is determined to be corporate acquisition indebtedness as of the close of an income year of the issuing corporation in which clause (i) of subparagraph (A) of paragraph (3) of subdivision (c) applied, but would not be corporate acquisition indebtedness if the determination were made as of the close of the first income year of such corporation thereafter in which clause (ii) of subparagraph (A) of paragraph (3) of subdivision (c) could apply, such obligation shall be considered not to be corporate acquisition indebtedness for such later income year and all income years thereafter.

(4) If an obligation which has been determined to be corporate acquisition indebtedness for any income year would not be such indebtedness for each of any three consecutive income years thereafter if paragraph (4) of subdivision (b) were applied as of the close of each of such three years, then such obligation shall not be corporate acquisition indebtedness for all income years after such three consecutive income years.

(5) In the case of obligations issued to provide consideration for the acquisition of stock in another corporation, such obligations shall be corporate acquisition indebtedness for an income year only if the issuing corporation owns 5 percent or more of the total combined voting power of all classes of stock entitled to vote of such other corporation.

(e) An acquisition of stock of a corporation of which the issuing corporation is in control (as defined in Section 24564) in a transaction in which gain or loss is not recognized shall be deemed an acquisition described in paragraph (1) of subdivision (b) only if immediately before such transaction (1) the acquired corporation was in existence, and (2) the issuing corporation was not in control (as defined in Section 24564) of such corporation.

(f) For purposes of this section, the term "corporate acquisition indebtedness" does not include any indebtedness issued to any person to provide consideration for the acquisition of stock in, or assets of, any foreign corporation substantially all of the income of which, for the three-year period ending with the date of such acquisition or for such part of such period as the foreign corporation was in existence, is from sources without the United States.

(g) In any case in which the issuing corporation is a member of an affiliated group, the application of this section shall be determined, pursuant to regulations prescribed by the Franchise Tax Board, by treating all of the members of the affiliated group in the aggregate as the issuing corporation, except that the ratio of debt to equity of, projected earnings of, and annual interest to be paid or incurred by any corporation (other than the issuing corporation determined without regard to this subdivision) shall be included in the determinations required under subparagraphs (A) and (B) of paragraph (4) of subdivision (b) as of any day only if such corporation is a member of the affiliated group on such day, and, in determining projected earnings of such corporation under paragraph (3) of subdivision (c), there shall be taken into account only the earnings and profits of such corporation for the period during which it was a member of the affiliated group. For purposes of this section, the term "affiliated group" has the meaning assigned to such term by Section 1504 of the Internal Revenue Code except that all corporations other than the acquired corporation shall be treated as includable corporations and the acquired corporation shall not be treated as an includable corporation.

(h) For purposes of this section—

(1) Any extension, renewal, or refinancing of an obligation evidencing a preexisting indebtedness shall not be deemed to be the issuance of a new obligation.

(2) Any obligation which is corporate acquisition indebtedness of the issuing corporation is also corporate acquisition indebtedness of any corporation which becomes liable for such obligation as guarantor, endorser, or indemnitor or which assumes liability for such obligation in any transaction.

(i) No inference shall be drawn from any provision in this section that any instrument designated as a bond, debenture, note, or certificate or other evidence of indebtedness by its issuer represents an obligation or indebtedness of such issuer in applying any other provision of this part.

(j) This section shall apply to the determination of the allowability of the deduction of interest paid or incurred with respect to indebtedness incurred after December 31, 1970.

(H) Comply with reasonable requests for information necessary to determine or verify its net income, apportionment factors, or the geographic source of that income pursuant to the Internal Revenue Code.

(I) For purposes of this subdivision, information for any year shall be retained for that period of time in which the taxpayer's income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed or during which an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(d) The taxpayer shall be provided 90 days' prior written notice that the Franchise Tax Board intends to disregard a water's-edge election under subdivision (c). The taxpayer shall have the right to seek review in the superior court of the Franchise Tax Board's intended decision to disregard the election.

(e) In disregarding an election or in granting a change of election, the Franchise Tax Board shall impose any conditions which are necessary to prevent the avoidance of tax or clearly reflect income for the period the election was, or was purported to be, in effect. These conditions may include a requirement that income, including dividends paid from income earned while a water's-edge election was in effect, which would have been included in determining the income of the taxpayer from sources within and without this state pursuant to Section 25101 but for the water's-edge election shall be included in income in the year in which the election is changed or disregarded.

(f) If the taxpayer desires in any year not to renew the contract, the taxpayer shall serve written notice of nonrenewal of the contract upon the board in advance of the annual renewal date of the contract. Unless that written notice is served by the taxpayer at least 90 days prior to the renewal date, the contract shall be considered renewed as provided in subdivision (a).

(g) If the taxpayer serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

SEC. 101. Chapter 18 (commencing with Section 25201) of Part 11 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 102. Section 25901b of the Revenue and Taxation Code is amended to read:

25901b. (a) Interest upon the amount determined as a deficiency shall be assessed, collected, and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19269 from the date prescribed for the payment of the tax or, if the tax is paid in installments, from the date prescribed for the payment of the first installment, until the date the tax is paid. If any portion of the deficiency is paid prior to the date it is assessed, interest shall accrue on such portion only to the date paid.

(b) If the Franchise Tax Board makes or allows a refund or credit that it determines to be erroneous, in whole or in part, the amount erroneously allowed or made may be assessed and collected after notice and demand pursuant to Section 25670 (pertaining to mathematical errors), except that the rights of protest and appeal shall apply with respect to amounts assessable as deficiencies without regard to the running of any period of limitations provided elsewhere in this article. Notice and demand for repayment shall be made within two years after the refund or credit was made or allowed, or during the period within which the Franchise Tax Board may mail a notice of proposed additional assessment, whichever period expires the later. Interest on amounts erroneously made or allowed shall not accrue until 30 days from the date the Franchise Tax Board mails notice and demand for repayment as provided by this subdivision.

(c) (1) In the case of any assessment of interest, the Franchise Tax Board may abate the assessment of all or any part of that interest for any period in either of the following circumstances:

(A) Any deficiency attributable in whole or in part to any error or delay by an officer or employee of the Franchise Tax Board (acting in his or her official capacity) in performing a ministerial act.

(B) Any payment of any tax described in Section 25662 to the extent that any delay in that payment is attributable to that officer or employee being dilatory in performing a ministerial act.

For purposes of this paragraph, an error or delay shall be taken into account only if no significant aspect of that error or delay can be attributed to the taxpayer involved, and after the Franchise Tax

Board has contacted the taxpayer in writing with respect to that deficiency or payment.

(2) The Franchise Tax Board shall abate the assessment of all interest on any erroneous refund for which an action for recovery is provided under Section 26281 until the date demand for repayment is made, unless either of the following has occurred:

(A) The taxpayer (or a related party) has in any way caused that erroneous refund.

(B) That erroneous refund exceeds fifty thousand dollars ($50,000).

(A) All income years beginning on or after January 1, 1990.

(B) Any other income year for which an assessment is made after the date of enactment of the act adding this paragraph.

(c) The provisions of Section 6664 of the Internal Revenue Code, relating to definitions and special rules, shall apply.

(d) The provisions of Section 6665 of the Internal Revenue Code, relating to applicable rules, shall apply.

SEC. 104. Section 25940 of the Revenue and Taxation Code is amended to read:

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038A of the Internal Revenue Code.

(3) The provisions of Section 11314 of Public Law 101-508, relating to application of amendments made by Section 7403 of the Revenue Reconciliation Act of 1989 to taxable years beginning on or before July 10, 1989, shall apply.

(4) Section 6038A(e) of the Internal Revenue Code, relating to enforcement of requests for certain records, is modified as follows:

(A) Each reference to Section 7602, 7603, or 7604 of the Internal Revenue Code shall instead refer to Section 26423.

(B) Each reference to "summons" shall instead refer to "subpoena duces tecum."

(C) Section 6038A(e)(4)(C) of the Internal Revenue Code shall refer to "superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and

County of San Francisco," instead of "United States district court for the district in which the person (to whom the summons is issued) resides or is found."

(b) (1) The provisions of Section 6038B of the Internal Revenue Code, relating to notice of certain transfers to foreign persons, shall apply.

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038B of the Internal Revenue Code.

(c) (1) The provisions of Section 6038C of the Internal Revenue Code, relating to information with respect to foreign corporations engaged in United States business, shall apply.

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038C of the Internal Revenue Code.

(3) Section 6038C(d) of the Internal Revenue Code, relating to enforcement of requests for certain records, is modified as follows:

(A) Each reference to Section 7602, 7603, or 7604 of the Internal Revenue Code shall instead refer to Section 26423.

(B) Each reference to "summons" shall instead refer to "subpoena duces tecum."

(d) For purposes of this part, the information required to be filed with the Franchise Tax Board under this section shall be a copy of the information filed with the Internal Revenue Service.

SEC. 105. Section 25951.6 is added to the Revenue and Taxation Code, to read:

25951.6. (a) No addition to tax shall be made under Section 25951 for may underpayment prior to September 15, 1991, to the extent that underpayment was attributable to changes made by the act adding this section with respect to the deduction of net operating losses under this part.

(b) This section shall remain in effect only until January 1, 1993, and as of that date is repealed.

SEC. 106. Section 25953 of the Revenue and Taxation Code is amended to read:

25953. The period of the underpayment shall run from the date the installment was required to be made to whichever of the following date is the earlier—

(a) The 15th day of the third month following the close of the income year, except in the case of a corporation that is subject to the tax imposed under Section 23731, in which case, "fifth" shall be substituted for "third."

(b) With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this subdivision, a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under

subdivision (a) of Section 25952 for such installment date.

SEC. 107. Section 25954 of the Revenue and Taxation Code is amended to read:

25954. (a) Notwithstanding the provisions of the preceding sections of this article, the addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax paid on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser—

(1) (A) The tax shown on the return of the taxpayer for the preceding income year if a return showing a liability for tax was filed by the taxpayer for the preceding year and such preceding year was a year of 12 months. The tax shown on the return, in the case of the tax imposed by Article 3 (commencing with Section 23181) of Chapter 2, means the amount of tax shown on the return for the income year as prescribed in Section 25553.

(B) In the case of a large corporation, subparagraph (A) shall not apply, except as provided in clauses (i) and (ii).

(i) Subparagraph (A) shall apply for purposes of determining the amount of the first required installment for any income year.

(ii) Any reduction in the first required installment by reason of clause (i) shall be recaptured by increasing the amount of the next required installment by the amount of that reduction.

(C) In the case of a large worldwide corporation, each of the following shall apply:

(i) Subparagraph (A) shall apply, however, except as provided in clause (ii), the amount determined under subparagraph (A) shall not be less than 70 percent of the tax shown on the return for the current income year, or if no return was filed, 70 percent of the tax for that year.

(ii) With respect to the first required installment for any income year, subparagraph (A) shall apply without the limitation specified in clause (i). However, any reduction in the first required installment by reason of this clause shall be recaptured by increasing the amount of the next required installment by the amount of that reduction.

(2) (A) An amount equal to 90 percent of the tax for the income year computed by placing on an annualized basis the taxable income:

(i) For the first three months of the income year, in the case of the installment required to be paid in the fourth month,

(ii) For the first three months or for the first five months of the income year, in the case of the installment required to be paid in the sixth month,

(iii) For the first six months or for the first eight months of the income year in the case of the installment required to be paid in the ninth month, and

(iv) For the first nine months or for the first 11 months of the

income year, in the case of the installment required to be paid in the 12th month of the taxable year.

(B) For purposes of this paragraph, the taxable income shall be placed on an annualized basis by—

(i) Multiplying by 12 the taxable income referred to in subparagraph (A), and

(ii) Dividing the resulting amount by the number of months in the income year referred to in subparagraph (A).

"Taxable income" as used in this section means "net income" (as defined by Section 24341) or alternative minimum taxable income (as defined by Section 23455).

(C) In the case of any corporation which is subject to the tax imposed under Section 23731, each of the following shall apply:

(i) Any reference to taxable income shall be treated as including a reference to unrelated business taxable income.

(ii) Clauses (i) and (ii) of subparagraph (A) shall be applied by substituting "two months" for "three months."

(iii) Clause (ii) of subparagraph (A) shall be applied by substituting "four months" for "five months."

(iv) Clause (iii) of subparagraph (A) shall be applied by substituting "seven months" for "eight months."

(v) Clause (iv) of subparagraph (A) shall be applied by substituting "ten months" for "eleven months."

(b) (1) For purposes of this section, the term "large corporation" means any corporation or bank if that corporation or bank (or any predecessor corporation or bank) had taxable income (computed without regard to the deductions allowed by Sections 24416 and 24416.1) of one million dollars ($1,000,000) or more for any income year during the testing period.

(2) For purposes of this subdivision, the term "testing period" means the three income years immediately preceding the income year involved.

(c) (1) For purposes of this section, the term "large worldwide corporation" means any corporation or bank if that corporation or bank (or any predecessor corporation or bank)—(A) had taxable income (computed without regard to the deductions allowed by Sections 24416 and 24416.1) of one million dollars ($1,000,000) or more for any income year during the testing period, and (B) included during the testing period, for purposes of the tax imposed by this part, income and apportionment factors of one or more banks or corporations which derive all of their income from sources outside the United States which are not subject to the income taxes imposed by Subtitle A of the United States Internal Revenue Code.

(2) For purposes of this subdivision, the term "testing period" means the three income years immediately preceding the income year involved.

SEC. 108. Section 26251 of the Revenue and Taxation Code is amended to read:

26251. (a) At any time within 10 years after the determination of

liability for any tax, penalties, and interest or within the period during which a lien is in force as the result of the recording or filing of a notice of state tax lien under Section 7171 of the Government Code, Franchise Tax Board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of the State of California to collect the amount due, together with penalties, and interest. The Attorney General or counsel for the Franchise Tax Board shall prosecute the action. In such action a writ of attachment may be issued in the manner provided by Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure without the showing required by Section 485.010 of the Code of Civil Procedure.

(b) The amendments made by the act adding this subdivision shall apply to any of the following:

(1) Taxes assessed after the date of enactment of that act.

(2) Taxes assessed on or before that date if the period specified in subdivision (a), determined without regard to the amendments, has not expired on that date.

SEC. 109. Section 13043 of the Unemployment Insurance Code is amended to read:

13043. (a) The manner of withholding and the amount to be deducted and withheld under this division shall be prescribed pursuant to Section 18806 of the Revenue and Taxation Code when a payment of wages is made to an employee by an employer in any of the following cases:

(1) With respect to a payroll period or other period, any part of which is included in a payroll period or other period with respect to which wages are also paid to the employee by the employer.

(2) Without regard to any payroll period or other period, but on or prior to the expiration of a payroll period or other period with respect to which wages are also paid to the employee by the employer.

(3) With respect to a period beginning in one and ending in another calendar year.

(4) Through an agent, fiduciary, or other person who also has the control, receipt, custody, or disposal of, or pays, the wages payable by another employer to the employee.

(b) For purposes of this section, an employee's remuneration may consist of wages paid for a payroll period and supplemental wages.

(1) Supplemental wages include, but are not limited to, bonus payments, overtime payments, commissions, sales awards, back pay including retroactive wage increases, and reimbursements for nondeductible moving expenses that are paid for the same or different period, or without regard to a particular period.

(2) Supplemental wages do not include payments to individuals who are not employees pursuant to Section 13004.1.

(c) When any supplemental wages are paid subsequent to the payment of regular wages, the employer may determine the personal income tax to be withheld from supplemental wages paid

by (1) using a flat percentage rate pursuant to subdivision (b) of Section 18806 of the Revenue and Taxation Code without allowance for exemptions and credits and without reference to any regular payment of wages, or (2) adding the supplemental wages to the regular wages paid the employee and computing the personal income tax to be withheld on the whole amount (the computed tax minus the tax withheld from the regular wages shall be withheld from the supplemental wages). Where supplemental wages are paid at the same time as regular wages, the personal income tax to be withheld shall be computed on the total of the supplemental and regular wages and shall be determined as if the total of the supplemental wages and the regular wages constituted a single wage payment for the regular payroll period.

SEC. 110. The Legislature finds and declares that the amendments to Section 24271 of the Revenue and Taxation Code by Section 56 of this act is declaratory of existing law.

SEC. 111. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 118

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 16, 1991, Filed with Secretary of State July 16, 1991]

I object to the following appropriations contained in Assembly Bill 222

Item 0550-001-751—For support, Youth and Adult Correctional Agency (Joint Committee on Prison Construction and Operation) I delete this item.

The recent court decision, which stays the implementation of Proposition 140, makes this transfer no longer necessary.

Item 0650-011-001—For support of Office of Planning and Research I delete this item and Provision 1.

This item provides $370,000 to support the Secretary for Child Development and Education in addition to $1,604,155 contained in Item 6110-107-001, for a total budget of $1,974,155 I am deleting this item because support for the Secretary is fully funded through Assembly Bill 1017 and this item would duplicate portions of that bill.

I am deleting Provision 1 to conform with this action.

Item 0860-001-001—For support of Board of Equalization. I am making technical adjustments to this item by reducing:

(a) 100000-Personal Services from $164,145,000 to $161,775,000, and

(b) 300000-Operating Expenses and Equipment from $46,150,000 to $45,998,000, and by deleting Provision 5.

By sustaining $284,000 of the augmentation in reimbursement authority, individual departments will be able to contract with the Board for expedited appeals processing or travel to outlying areas.

Item 1900-001-815—For support of Public Employees' Retirement System. I reduce this item from $289,000 to $282,000.

I am reducing this item to conform to the action I have taken in Item 1900-001-830

Item 1900-001-820—For support of Public Employees' Retirement System. I reduce this item from $184,000 to $177,000.

I am reducing this item to conform to the action I have taken in Item 1900-001-830.

Item 1900-001-830—For support of Board of Administration of the Public Employees' Retirement System I reduce this item from $48,648,000 to $46,579,000 by reducing:

(a) 10-Retirement from $42,696,000 to $41,314,000,

(c) 30-Health Benefits from $6,490,000 to $6,305,000,

(d) 40-Investment Operations from $6,833,000 to $6,574,000,

(e) 50.01-Administration from $23,943,000 to $23,027,000,

(f) 50.02-Distributed Administration from −$23,943,000 to −$23,027,000,

(i) Amount payable from the Judges' Retirement Fund (Item 1900-001-815) from −$289,000 to −$282,000,

(j) Amount payable from the Legislators' Retirement Fund (Item 1900-001-820) from −$184,000 to −$177,000,

(k) Amount payable from the Public Employees' Contingency Reserve Fund (Item 1900-001-950 from −$6,371,000 to −$6,216,000, and by increasing·

(g) Reimbursements from −$768,000 to −$1,180,000.

I am deleting the $1,887,000 legislative augmentation, payable from various items ($1,475,000) and Reimbursements ($412,000), and 10 personnel years because the augmentation is for requests that were reviewed and rejected by the Administration during the budget development process primarily due to insufficient workload justification.

I am deleting the $68,000 legislative augmentation and 0.9 personnel years because the additional information provided by an actuary position can be provided by reprioritizing workload within existing resources

I am reducing $114,000 from this item because Chapter 83, Statutes of 1991 (AB 702), removes the actuarial workload requirements from the Public Employees' Retirement System and places such authority with an independent actuary to be paid for by the system. Accordingly, $114,000 for external actuarial contract services are reduced from this item. This action leaves $200,000 for actuarial contract services that can be used for consulting services related to the transition to a new actuarial operation. The need for ongoing actuarial staff positions within the Public Employees' Retirement System will be evaluated during preparation of the 1992–93 Governor's Budget.

Item 1900-001-950—For support of Public Employees' Retirement System. I reduce this item from $6,371,000 to $6,216,000.

I am reducing this item to conform to the action I have taken in Item 1900-001-830.

Item 2200-001-001—For support of Department of Commerce. I reduce this item from $13,348,000 to $13,347,000 by reducing.

(h) 60-Economic Research from $851,000 to $850,000,

and by deleting Provision 2

I am deleting Provision 2, which would require quarterly reports to the Legislature regarding the award of contracts because I believe this would cause an unnecessary administrative cost during this fiscal crisis. I am reducing $1,000 from this item to reflect the savings that will be achieved based upon the deletion of this provision.

Item 2200-041-001—For support of Department of Commerce. I delete this item

I am deleting the $1,453,000 provided in this item for support of the Department

In 1986–87, the department closed the Boalt Hall legal clinic. No evidence has been provided to justify the reopening of this clinic. I am reducing $1,000 from this item to reflect savings that will be achieved based on removing the language contained in Provision 1 of this item.

I am revising the language in the item to conform to this action.

"1700-031-001—For the support of the Department of Fair Employment and Housing ~~; Boalt Hall Legal Office~~."

I am deleting Provision 1 because this provision and the location specified in the provision (Employment Discrimination Clinic at Boalt Hall School of Law) are inconsistent with two Constitutional provisions First, the language violates the separation of powers provision concerning Executive Branch authority Second, inasmuch as existing law does not define or reference the Employment Discrimination Clinic at Boalt Hall School of Law, the language represents a substantive change of law which can only be included within a single subject bill, not the Budget Act.

Item 1730-001-001—For support of Franchise Tax Board. I reduce this item from $216,064,000 to $215,914,000 by reducing:

(a) 10-Tax Programs from $215,205,000 to $215,055,000,

and by deleting Provisions 2 and 3

I am reducing this item by $150,000 which would have supported the development of a tax burden model. While I appreciate the need for additional tax research, this project is not of sufficiently high priority to justify the use of limited General Fund resources

I am deleting Provision 3 to conform to the action I have taken above

I am deleting Provision 2, which would transfer $50,000 to the Auditor General to review and evaluate the appeals and settlement processes of income taxes The Auditor General already receives a separate appropriation to conduct studies and audits as directed by the Legislature

Item 1760-001-602—For support of Department of General Services I delete Provision 3

I am deleting Provision 3 because it restricts the department's ability to conduct necessary construction inspections of the California Reception Center in Los Angeles during 1991–92. This conforms to my actions in Items 5240-311-724, 5240-311-746, 5240-311-751 and 5240-496 which have the effect of continuing the construction of the California Reception Center in Los Angeles, as authorized in Chapter 165, Statutes of 1987.

Item 1760-001-666—For support of Department of General Services. I reduce this item from $394,780,000 to $394,779,000 by reducing:

(a) 100000-Personal Services from $216,907,000 to $216,906,000,

and by deleting Provision 11.

I am deleting $1,000 and Provision 11 which would require the Department of General Services to notify the Legislature of its intentions to enter into any new lease which exceeds $150,000 per month, including improvements, and involves a relocation of more than 250 employees This would delay the execution of leases and would infringe upon the Administration's ability to carry out programs in the most cost effective manner

Item 1880-001-001—For support of State Personnel Board. I revise this item by reducing:

(a) 10-Merit System Administration from $14,997,000 to $14,996,000,

(f) Reimbursements from −$5,496,000 to −$5,495,000,

and by deleting Provisions 1 and 2.

I am reducing $1,000 of the reimbursement authority augmentation and deleting Provisions 1 and 2. I support the unusual steps taken by the Legislature to help the Board reduce the backlog of complaints; however, I believe that these technical changes are necessary.

I am reducing these schedules to accurately reflect the intended action of the Legislature. These reductions do not reduce the total appropriation for this item.

I am deleting Provision 5 which would transfer $50,000 to the Auditor General to conduct a study to review and evaluate the appeals and settlement processes of income taxes. The Auditor General already receives a separate appropriation to conduct studies and audits as directed by the Legislature.

Item 1700-001-001—For support of Department of Fair Employment and Housing. I reduce this item from $10,584,000 to $10,583,000 by reducing

(a) 50-Administration of Civil Rights Law from $13,293,000 to $13,292,000, and by deleting Provision 1.

I am reducing this item by $1,000 because I disagree with the action taken by the Legislature in this and the related three items which have the effect of creating three additional legal offices. This action is neither economical nor programmatically necessary. I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1 of this item and similar provisions in the newly created items.

I am deleting Provision 1 to conform to this action

I believe Provision 1 is inconsistent with the separation of powers provision concerning the Executive Branch authority and represents a substantive change of law.

Item 1700-011-001—For support of the Department of Fair Employment and Housing. I revise the language in this item, and delete Provision 1

The Department of Fair Employment and Housing has a district office in Los Angeles which employs attorneys to handle civil rights cases The department does not consider the legal staff in Los Angeles to constitute a legal office, so I am revising this item to read:

"1700-011-001—For support of the Department of Fair Employment and Housing ; ~~Los Angeles Legal Office~~ ."

I am deleting Provision 1 because this provision and the location specified in the item (Los Angeles Legal Office) are inconsistent with two Constitutional provisions First, the language violates the separation of powers provision concerning Executive Branch authority. Second, inasmuch as existing law does not define or reference the Los Angeles Legal Office, the language represents a substantive change of law which can only be included within a single subject bill, rather than the Budget Act. The Director of the Department of Fair Employment and Housing should be provided the opportunity to relocate staff and allocate funds to meet departmental needs which this language would prohibit.

Item 1700-021-001—For support of the Department of Fair Employment and Housing. I reduce this item from $445,000 to $444,000, revise the language in this item, and delete Provision 1

In 1986–87 the department closed the San Francisco legal office and consolidated the positions within the Sacramento office. Evidence has not been provided to justify the reopening of this office. I am reducing $1,000 from this item to reflect savings that will be achieved based upon the deletion of this provision.

I am revising the language in the item to conform to this action.

"1700-021-001—For the support of the Department of Fair Employment and Housing ; ~~San Francisco legal office~~ "

I am deleting Provision 1 because this provision and the location specified in the item (San Francisco legal office) are inconsistent with two Constitutional provisions First, the language violates the separation of powers provision concerning Executive Branch authority. Second, inasmuch as existing law does not define or reference the San Francisco legal office, the language represents a substantive change of law.

Item 1700-031-001—For support of the Department of Fair Employment and Housing. I reduce this item from $75,000 to $74,000, revise the language in this item, and delete Provision 1.

of Commerce's exempt positions funded from the General Fund. This item was left in the final version of the Budget Bill in error. The Legislature's final action was to restore the funding for these positions in Item 2200-001-001, as originally provided in the 1991-92 Governor's Budget. This technical veto will conform the Budget Act to the action taken by the Legislature.

Item 2200-101-147—For local assistance, Department of Commerce. I delete this item and Provision 1

I am deleting the $1,000,000 legislative augmentation from the Unitary Fund to establish a Defense Industry Conversion Local Assistance Program. By taking this action, an additional $1,000,000 will be transferred from the California Unitary Fund to the General Fund in accordance with other provisions of this act. Although I support efforts to mitigate the economic impact of major industry or military plant closures as provided by the proposed new program, my action is necessary to protect vital existing programs and to help provide for a prudent General Fund reserve for economic uncertainties.

I am deleting Provision 1 to conform to this action.

Item 2320-001-317—For support of Department of Real Estate I reduce this item from $33,859,000 to $31,159,000 by reducing:

(a) 10-Licensing and Education from $12,266,000 to $9,566,000,

and by deleting Provision 1.

I am reducing this item by $2,700,000 to reduce the amount to be allocated from the Education and Research Account within the Real Estate Fund for education purposes. The Governor's budget proposed the expenditure of $4,500,000 from the Education and Research Account This included $3,000,000 to be divided equally between UC Berkeley and UCLA as endowments to provide a permanent source of funding for each campus' Real Estate Center, $1,000,000 for the Real Estate Scholarship and Internship Grant Endowment Program of the California State University to provide financial assistance to minorities and disadvantaged students, and $500,000 for the Real Estate Education Scholarship Program for the community college system.

In this item, the Legislature restructured the proposal to instead provide $1,000,000 each for the UC Berkeley and UCLA Real Estate Centers; $1,000,000 for minority and low-income student assistance systemwide each for UC and CSU and $500,000 for minority and low-income student assistance systemwide for the community college system.

The reduced amount which the Legislature proposes for the UC Real Estate Centers would be insufficient to provide a permanent source of funding In addition, due to the unprecedented shortfall of General Fund revenues, excess reserves in the Real Estate Fund should be transferred to the General Fund to provide additional resources to maintain the State's highest priority programs. As the condition of the General Fund represents an overriding concern, I am reducing the amount proposed for the UC Real Estate Centers and student assistance by $2,700,000. This will continue the current level of support at the two UC campuses and allow the remaining funds to be transferred to address the General Fund shortfall. While I support the educational opportunities that would be afforded University of California students as a result of the Legislature's action, I believe the highest priority must be to reduce the impact of the General Fund shortfall on existing State programs before consideration can be given to program expansions.

I am deleting Provision 1. This language is inconsistent with my revised proposal and is unduly restrictive of Executive Branch authority to effectively administer state government.

Item 2660-001-042—For support of Department of Transportation. I revise this item by reducing:

(c) 30-Mass Transportation from $98,098,000 to $96,798,000, and

(k) Amount payable from the Transportation Planning and Development Account, State Transportation Fund (Item 2660-001-046) from —$51,203,000 to —$49,903,000.

I am eliminating the legislative augmentation for the Caltrain Peninsula Commute Service because this action represents contingency budgeting, and as such, is inconsistent with prudent state budgeting practices. Although the Caltrain Service will benefit the residents of the Peninsula, the State should not assume responsibility for the Federal Government's share of this project. Further, there are sufficient resources available in the budget to assure current levels of service for the Peninsula Commute to be maintained throughout the fiscal year.

Item 2660-001-046—For support of Department of Transportation I reduce this item from $51,203,000 to $49,903,000.

I am reducing this item by $1,300,000 to conform to the action I have taken in Item 2660-001-042.

Item 2660-023-042—For loan from the State Highway Account to the General Fund for rail bond debt service I delete this item.

I am deleting this loan authority because it adds to the future liability of the General Fund. I support the Rail Bonds authorized by the voters last year and believe that legitimate General Fund costs for debt service should be recognized I realize that up to $1.3 billion of rail bonds may be issued through 1991–92 and result in additional General Fund costs for debt service. I would support those costs with the expectation that the Secretary for Business, Transportation and Housing Agency will hold the program administrators responsible for ensuring that·

— funds are allocated based on realistic time schedules and sound financial planning,
— priority for funding is given to projects that result in new or expanded rail service, and
— negotiations for right-of-way acquisitions ensure the purchases are based on true values and represent the most prudent uses of State funds in terms of capital investment and taxpayer return

Item 3360-001-465—For support of State Energy Resources Conservation and Development Commission I revise this item by reducing

(c) Special Items of Expense from $63,897,000 to $56,797,000.

Item 3360-001-465 contains a typographical error, the amount available under schedule (c) Special Items of Expense should have been $56,797,000, not $63,897,000. Therefore, I am revising this item to conform with the Legislature's intent.

Item 3540-001-001—For support of Department of Forestry and Fire Protection I revise this item by deleting Provision 3

I am deleting Provision 3, which would require that any federal funds received in excess of the amount scheduled in the budget ($500,000) for base fire suppression costs be used in lieu of General Fund and that the then available funds should revert to the General Fund. This provision constitutes an appropriation which I cannot support. I believe that any excess federal funds received for base fire suppression costs should be available, subject to the provisions of Section 28.00 of this act, for expenditure as may be deemed necessary by the Administration to effectively manage the fire protection program.

Item 3600-001-140—For support of Department of Fish and Game. I reduce this item from $12,327,000 to $12,246,000.

Item 3600-001-140 contains a typographical error, the amount appropriated by this item should have been $12,246,000, not $12,327,000. Therefore, I am reducing this item to conform with the Legislature's intent

Item 3790-001-516—For support of Department of Parks and Recreation. I reduce this item from $498,000 to $398,000.

I am deleting the $100,000 legislative augmentation to add boat patrol services at Turlock Lake from Item 3790-001-516 These boat patrol services should be funded by local residents or the local agencies responsible for operations at Turlock Lake.

Due to a technical error in the Budget Bill, no conforming action is needed in Item 3790-001-001.

Item 3790-011-263—For transfer to the General Fund, payable from the Off-Highway Vehicle Fund, Department of Parks and Recreation. I delete this item and Provision 1.

I am deleting the legislative action to transfer $8,100,000 from the Off-Highway Vehicle Fund to the General Fund. These funds collected specifically to support the Off-Highway Vehicle program have been committed for pending legislation to support an Off-Highway Vehicle Park.

I am deleting Provision 1 to conform with this action

Item 3790-111-235—For transfer to the Habitat Conservation Fund.

I am revising this item by deleting schedule (1) and (2) to make a technical correction to the Budget Bill. This is consistent with legislative action on this item which also conforms to the legislative action taken in Item 3790-101-262.

Item 3790-111-235—For transfer to the Habitat Conservation Fund, from the Public Resources Account, Cigarette and Tobacco Products Surtax Fund for the Department of Parks and Recreation pursuant to Section 5923 of the Public Resources Code ~~; in accordance with the following:~~ .... (3,500,000)

~~(1) 50.20.262-Habitat Conservation Program grants. . . . .(2,000,000)~~

~~(2) 50.20.262-Santa Lucia Mountain Range. . ...(1,500,000)~~

Item 3790-490—Reappropriation, Department of Parks and Recreation.

I am revising this item by deleting the following project from Item 3790-490 to conform with the action taken by the Legislature at budget hearings.

786—California Wildlife, Coastal, Park Land Conservation Fund of 1988

~~(3) Item 3790-301-786(1), Budget Act of 1990, 90.68.605, Bemeia SRA: Land Restoration and Landfill Closure—Preliminary plans.~~

Item 4100-001-890—For support of the State Council on Developmental Disabilities I reduce this item from $5,350,000 to $5,100,000 by reducing·

(a) 10-State Council Operations from $1,315,000 to $1,065,000, and by deleting Provision 2

I am deleting the $250,000 augmentation which, upon transfer to the Department of Developmental Services, Item 4300-001-001, would have funded a needs assessment study for epileptics and women at risk of bearing a child with developmental disabilities caused by HIV infection and/or drug and alcohol abuse. While I am supportive of early identification and prevention of drug and alcohol abuse by pregnant mothers, those mothers with epilepsy are already receiving services under the entitlement provisions of the Lanterman Developmental Disability Service Act. Furthermore, the Department currently funds a statewide prevention program to serve parents and children at risk of incurring a developmental disability, such as those at risk as a result of HIV infection or drug and alcohol abuse. Finally, the Department will be participating in the fourth year of the federal Early Intervention Program, which is a comprehensive effort to identify and serve infants and toddlers who have or are at risk of incurring a developmental disability from any cause. In view of these facts, the proposed study appears to be unwarranted given the State's fiscal crisis.

I am deleting Provision 2 to conform to this action

Item 4120-101-001—For local assistance, Emergency Medical Services Authority. I reduce this item from $3,003,000 to $2,935,000 by increasing.

(b) Trigger reduction from −$54,000 to −$122,000.

I am deleting the $68,000 legislative augmentation to restore the Poison Control Center Program's trigger reduction. Although this program provides important services to the citizens of California, in light of the state's fiscal crisis, my highest priority must be to reduce the impact of the General Fund shortfall

Item 4260-001-001—For support of Department of Health Services. I reduce this item from $172,566,000 to $171,666,000 by reducing:

(1) 10-Public and Environmental Health from $121,298,000 to $120,398,000, and by deleting Provisions 7 and 12.

I am deleting the $900,000 increased General Fund expenditure authority for the loan to the Low-Level Radioactive Waste Disposal Fund This authority was inadvertently requested, but not necessary since the language added to Item 4260-001-227 provides the authority for making the loan.

I am deleting Provision 7 which expresses legislative intent to have the Food Safety Program, as authorized by Chapter 1200, Statutes of 1989, be entirely supported by fees I am concerned that it will be extremely difficult to have the proposed fees equitably collected from the appropriate parties which include national and international food processors whose products are sold in California. Given this concern, I am deleting this provision. The program will continue to be funded from the General Fund, consistent with the authorizing statute.

I am deleting Provision 12 which would require the Department of Health Services to attempt to distribute any General Fund reductions in its state operations budget in proportion to each program's General Fund share of the total General Fund appropriation. This language would interfere with the Executive Branch's authority by restricting its ability to allocate funding reductions based on overall priorities and program needs.

Item 4260-009-001—For transfer by the State Controller from the General Fund to the Low-Level Radioactive Waste Disposal Fund. I delete this item and Provision 1.

I am deleting this item which transfers $400,000 as a loan from the General Fund to the Low-Level Radioactive Waste Disposal Fund (LLRWDF) for an audit of the Low-Level Radioactive Waste disposal facility license designee. While I understand the concern of potential facility users that the fees associated with this facility be equitably established, I am not convinced that an audit is necessary at this time. Furthermore, no justification has been provided for the appropriate amount of funding to complete such an audit Finally, due to the pending delay in the completion of this project and the lack of revenues into the LLRWDF, I am concerned about the timeliness of this additional loan repayment to the General Fund

I am deleting Provision 1 to conform to this action.

Item 4260-009-227—For support, Department of Health Services, Program 10—Public and Environmental Health I delete this item and Provision 1.

I am deleting this $400,000 legislative augmentation and Provision 1 to conform with my action on Item 4260-009-001.

Item 4260-111-001—For local assistance, Department of Health Services. I delete provision 2(e).

I am deleting Provision 2(e) which continued the allocation of $26,597,000 in General Fund monies for the Medically Indigent Services Program pursuant to Section 16703(d) of the Welfare and Institutions Code for technical reasons. Since legislative action has been taken to remove the funding related to this allocation formula from this item concurrent with the State and local program realignment proposed in Assembly Bill 1288, this language is no longer applicable.

Item 4300-001-001—For support of Department of Developmental Disabilities I revise this item by reducing:

(a) 10-Community Services Program from $21,240,930 to $20,990,930,
and

(f) Reimbursements from −$1,331,000 to −$1,081,000,
and by deleting Provision 2.

I am revising this item to conform to the action taken in Item 4100-001-890.

I am deleting Provision 2 to conform to this action.

Item 4300-101-001—For local assistance, Department of Developmental Services, for Regional Centers. I reduce this item from $617,035,320 to $613,557,320 by reducing:

(ax) Regional Centers-Purchase of Services from $512,880,000 to $510,502,000, and by deleting

(ey) Unallocated trigger offset ($1,100,000)

I am reducing $2,378,000 as a technical correction in order to adjust the Regional Centers Purchase of Service budget. This reduction is necessary to offset the additional federal funds which are being given to the providers of out of home services due to a federal 5.3 percent Supplemental Security Income (SSI) Cost of Living Adjustment.

I am deleting the $1,100,000 unallocated trigger offset which was added to this item. Under existing policy and practice, the amount of General Fund included in the budgets of the regional centers and developmental centers is increased and decreased in accordance with the level of availability of Medi-Cal and Medicaid reimbursements In view of the fact that the Department now advises that it will receive greater reimbursements than it previously projected, it is only reasonable that they be used to offset General Fund expenditures. Furthermore, even after implementation of the trigger reduction, the level of funding for this item will increase over the amount provided in the Budget Act of 1990 by $80 million, or 15 0 percent

Item 4300-495—Reversion, Department of Developmental Services. I am revising this item to correct a technical error in the Budget Bill. This revision is consistent with the action taken by the legislative conference committee.

"4300-495-Reversion, Department of Developmental Services. As of June 30, 1991, ~~$700,000~~ $666,000 of the unencumbered balance of the following citation shall revert to the General Fund.

(1) Developmental Disabilities Program Development Fund"

Item 5180-001-001—For support of Department of Social Services. I reduce this item from $115,187,000 to $115,171,000 by reducing

(c) 30-Community Care Licensing from $61,551,000 to $61,535,000.

I am deleting the $16,000 legislative augmentation for purchase of a computer for the University of California at Davis for use while conducting a study of secured perimeters in Residential Care Facilities for the Elderly. Chapter 1372, Statutes of 1989 provided an annual $62,500 General Fund appropriation in each of three years, commencing in the 1989–90 fiscal year I believe the funds appropriated by the enabling legislation are sufficient to accomplish the purposes of this study.

Item 5180-151-001—For local assistance, Department of Social Services. I revise this item by deleting Provision 8.

I am deleting Provision 8 which would prohibit Los Angeles County from receiving State and Federal funding for the Greater Avenues for Independence (GAIN) program as long as the County contracted with a specific private firm for case-management services. This provision would restrict the County's ability to select cost-effective alternatives, consistent with State and Federal law, for GAIN program operations.

Item 5240-001-001—For support of Department of Corrections. I reduce this item from $2,262,511,000 to $2,262,509,000 by reducing:

(a) 21-Institution Program from $2,295,691,000 to $2,293,989,000,

(f) Reimbursements from −$26,671,000 to −$24,971,000,

and by deleting Provisions 8, 10 and 12.

I am deleting the legislative augmentation of $1,700,000 in federal anti-drug abuse grant funds from the Office of Criminal Justice Planning which would be redirected from the Department of Justice Narcotic Enforcement program. This augmentation is not based on any specific proposed use of the funds and is therefore premature at this time. I am deleting Provision 8 to conform to this action.

I am reducing this item by $1,000 and deleting Provision 10 which would require the department to review a specific housing facility, located in a specific county, for the establishment of a specific inmate program I believe this language would unnecessarily restrict the Administration's ability to manage its programs and to develop alternatives for housing the State's felon inmate population

I am reducing this item by $1,000 and deleting Provision 12 which would dictate to the Department of Corrections the specific program areas to be exempt from or affected by the $112 million unallocated reduction the Legislature has imposed on the

Department. Given the department's critical responsibility for steadily increasing inmate and parole populations, I do not believe that a reduction of this magnitude can be achieved without significant risk to public safety. Further, it is unreasonable to prohibit budget cuts in certain areas while concurrently implementing the "trigger" and other reductions required by other sections of this Act.

Item 5240-311-724—For capital outlay, Department of Corrections. I delete this item.

I am deleting the $571,945 legislative augmentation to complete the California State Prison-Madera County II project. The funding for this augmentation is from the appropriation provided by Chapter 165, Statutes of 1987, for the California Reception Center-Los Angeles County project. The augmentation will adversely impact public peace, health, and safety by stopping the construction of the Reception Center project and delaying the occupation of the California State Prison-Los Angeles County (Lancaster) project Both of these facilities will be completed before the Madera County II project and are necessary to house an increasing inmate population

Item 5240-311-746—For capital outlay, Department of Corrections. I delete this item.

I am deleting the $114,861,431 legislative augmentation to complete the California State Prison-Madera County II project. The funding for this augmentation is from the appropriation provided by Chapter 165, Statutes of 1987, for the California Reception Center-Los Angeles County project This augmentation would take funds away from construction of the Los Angeles Reception Center This action will adversely impact public peace, health, and safety by stopping the construction of the Reception Center project and delaying the Los Angeles County (Lancaster) project Both of these facilities will be completed before the Madera County II project and are necessary to house an increasing inmate population.

Item 5240-311-751—For capital outlay, Department of Corrections. I delete this item.

I am deleting the $36,400,000 legislative augmentation for the California State Prison-Madera County II project This action will ensure that sufficient funds remain available from currently limited bond fund reserves to meet the capital outlay program needs for the Department of Corrections and the Department of the Youth Authority.

Item 5240-496—Reversion, Department of Corrections. I delete this item.

I am deleting this reversion Chapter 165, Statutes of 1987, provides funding for the completion of the California Reception Center-Los Angeles County project. This reversion will adversely impact public peace, health, and safety by stopping the construction of the Reception Center project and delaying the occupation of the California State Prison-Los Angeles County (Lancaster) project. Both of these facilities are necessary to house an increasing inmate population

Item 5450-001-001—For support of the Youthful Offender Parole Board. I am revising this item by deleting Provisions 1 and 2

I am deleting Provisions 1 and 2, which make full funding of the Youthful Offender Parole Board's budget contingent upon specified limits for the assignment of initial parole consideration dates and for the net sentence time additions and reductions given to wards committed to the Youth Authority. This language infringes upon the Executive Branch's authority. The Youthful Offender Parole Board must be allowed to exercise its current statutory authority to establish parole consideration dates, as well as time additions or reductions for minors committed to the Youth Authority, which are consistent with the treatment needs of the minors and also serve public safety

Item 5460-001-001—For support of the Department of the Youth Authority. I reduce this item from $298,218,000 to $298,217,000 by reducing:

(b) 20-Institutions and Camps from $280,765,000 to $280,764,000,

and by deleting Provision 2.

I am reducing this item by $1,000 and deleting Provision 2, which prohibits funding for the Department of the Youth Authority's Free Venture projects unless the Department establishes a policy prohibiting the use of wards as strikebreakers This language inappropriately and unnecessarily restricts the Administration's ability to manage its programs and also intrudes upon private sector labor relations. Such restrictions could significantly reduce the number of employers willing to contract with the State to support this valuable program. Although the costs of renegotiating contracts or recruiting new contract employers, which would result from this language, have not been budgeted for 1991–92, I am reducing this item by $1,000 to reflect such costs

Item 6110-001-001—For support of Department of Education I reduce this item from $45,690,000 to $41,440,000 by reducing.

(b) 20-Instructional Support from $32,502,000 to $28,252,000,

and by revising Provision 11.

I am reducing this item by $4,250,000 as well as an additional $5,000,000 in item 6110-113-001 because the funds could be used to continue the existing testing program rather than for the development and implementation of a new program However, I am setting aside $9,250,000 for legislation that will establish a new pupil testing program that 1) includes the capacity to produce individual pupil scores demonstrating how well each child has learned at selected grade levels and subjects, 2) includes end-of-course exams which will measure against fixed standards how well pupils have learned the material included in the curriculum frameworks, and 3) yields results which can be reported in terms that have common statewide meaning

It is my intent to continue to work with the Superintendent of Public Instruction, the testing staff, and interested legislators in developing a new comprehensive testing program prior to the end of the legislative session

I am revising Provision 11 to conform to this action.

"11 Of the funds appropriated in this item, ~~$5,000,000~~ *$750,000* is for the purposes of a pupil testing program."

Item 6110-101-001—For local assistance, Department of Education. I reduce this item from $10,474,489,000 to $10,424,489,000 by reducing:

(a) Program 10.10.001.001-School Apportionments, District Revenue Limits, from $10,373,483,000 to $10,323,483,000

I am making a partial reduction of $50,000,000 to the legislative augmentation of $250,000,000 for attendance accounting. The Legislature has not yet addressed the conflict between the law and administrative regulations with respect to funding for student attendance. As I noted in my January budget proposal, current law provides for a reasonable minimum student attendance standard of four hours per day Yet, existing administrative regulations conflict with the law and its intent. Under those regulations, a student is considered to have met the requirement if he or she is present for any part of the day. Therefore, I am requesting a legislative resolution of this matter with the expectation of improving student attendance. However, if there is no legislative resolution, I would expect the Superintendent of Public Instruction and other officers of the State to enforce current law

I also am revising Provision 16, which would restrict the State Board of Education's authority to grant waivers as part of district reorganizations This provision also would penalize districts which previously sought and received waiver requests under the provisions of current law Any change in the role and authority of the State Board of Education should be addressed in separate legislation, not the Budget Act

16 Notwithstanding any other provision of law, no local education agency shall receive apportionments for any pupil in independent study without written agreement with the parent or guardian of such pupil prior to the commencement of independent study. Such written agreement shall specify the actual dates of participation, the methods and objectives of the independent study program for such pupil.

~~(a) Notwithstanding any other provision, and notwithstanding any waiver by the State Board of Education of any formula or method of calculating revenue limits contained in any statute or administrative rule or regulation, any school district formed pursuant to a voter approved action for the reorganization of any district that becomes effective for all purposes on or after July 1, 1991, shall have its revenue limit per unit of average daily attendance computed pursuant to Section 35735 of the Education Code.~~

~~(b) Provision (a) shall not apply to the unification of a new district which will have boundaries that are congruent to the June 30, 1991 boundaries of an existing high school district.~~

~~(c) Provision (a) shall not apply to any district formed pursuant to a voter approved action for the unification of any district that becomes effective for all purposes on or after July 1, 1991 and which received a waiver of Education Code Section 35735 from the State Board of Education prior to June 30, 1991. The increase in the revenue limit per unit of average daily attendance calculated pursuant to clause (2) of subdivision (a) of Section 35735 of the Education Code for any such district shall, notwithstanding any waiver by the State Board of Education, not exceed 10 percent of the revenue limit calculated pursuant to clause (1) of subdivision (a).~~

Item 6110-106-001—For local assistance, Department of Education. I reduce this item from $123,330,000 to $123,130,000 and delete Provision 10

I am deleting the $200,000 legislative augmentation to be deposited in a newly created Local Management Support Fund. This augmentation is contingent upon enactment of AB 1200 to reimburse the county superintendent of schools for expanded responsibilities in reviewing and monitoring school district finances. Increased costs to county offices of education as a result of school districts adopting unbalanced budgets should be borne by those districts.

I am deleting Provision 10 to conform to this action.

Item 6110-113-001—For local assistance, Department of Education. I delete this item.

I am deleting this item, as well as an additional $4,250,000 in Item 6110-001-001, because the funds could be used to continue the existing testing program, rather than for the development and implementation of a new program However, I am setting aside $9,250,000 for legislation that will establish a new pupil testing program that 1) includes the capacity to produce individual pupil scores demonstrating how well each child has learned at selected grade levels and subjects, 2) includes end-of-course exams, which will measure against fixed standards how well pupils have learned material included in the curriculum frameworks, and 3) yields results, which can be reported in terms that have common statewide meaning.

It is my intent to continue to work with the Superintendent of Public Instruction, the testing program staff, and interested legislators in developing a new comprehensive testing program prior to the end of the legislative session.

Item 6110-114-001—For local assistance, Department of Education. I reduce this item from $438,457,000 to $437,757,000 by reducing:

(6) 10.10.018.030-San Jose Unified School District from $22,000,000 to $21,300,000, and by revising Provision 5.

I am reducing $700,000 for the San Jose Unified School District and deleting language in Provision 5 of this item which would permit the district to use these funds for the remodeling of a cafeteria stage. All other school districts are prohibited from using desegregation funds for capital outlay costs. This language would provide an unwarranted exception for the San Jose Unified School District and would establish a precedent which could lead to additional school districts attempting to fund capital expenses with desegregation funds. The State School Building Lease-Purchase Program is the appropriate source to fund school district capital outlay costs.

I am revising Provision 5 to conform to this action.

"5. Funds appropriated in this item shall not be used to reimburse local education agency claims for school construction, reconstruction, replacement of facilities, purchase of existing facilities, purchase of land, or the performance of deferred maintenance activities on facilities

~~This provision 5 shall not exclude reimbursement for costs of remodeling a cafeteria stage in the San Jose Unified School District. Such costs shall be funded from the existing appropriation and shall not exceed a total of $700,000 in the 1991–92 fiscal year. It is the intent of the Legislature that this paragraph of provision 5 shall be valid only until June 30, 1993.~~"

Item 6110-119-959—For local assistance, Department of Education I revise this item by deleting Provision 1

I am deleting Provision 1 of this item because it would require that the Foster Youth Services program be funded from the Proposition 98 General Fund Reserve in the event there is not enough revenue in the Foster Children and Parent Training Fund to support the Foster Youth Services program. Because this Act does not include a Proposition 98 General Fund Reserve, there is no Proposition 98 funding from which to support this program

Item 6110-166-001—For local assistance, Department of Education. I reduce this item from $3,000,000 to $1,516,000

I am deleting the legislative augmentation of $1,484,000 for the Partnership Academies Program because the amount included in my proposed budget ($1,516,000 Proposition 98 General Fund and $814,000 Carl D. Perkins Act Federal Trust Fund) is sufficient to continue funding the Partnership Academies at the same level as in 1990–91. While I am supportive of the Partnership Academies Program, I have not proposed to fund discretionary growth for existing General Fund programs.

6110-166-890—For local assistance, Department of Education. I revise this item by deleting Provision 6 which requires local educational agencies in receipt of specified federal vocational education funds to expend them for services to special education pupils.

The Carl D. Perkins Vocational and Applied Technology Act of 1990 deliberately reduces the State level control over use of funds authorized by that Act While the Act does require targeted use of the funds at the local level, within those requirements it allows maximum local discretion over the most effective and appropriate use of the funds. Therefore, Provision 6 could be deemed as unlawfully interfering with the flexibility local educational agencies need in order to carry out the federal requirements While I have no policy objection to the apparent intent of Provision 6, the State cannot risk a federal audit exception which would result in the loss of these funds.

Item 6110-191-001—For local assistance, Department of Education. I reduce this item from $106,791,000 to $104,491,000 by reducing.

(ax) 20.60.050.002-Beginning Teacher Support and Assessment Study from $3,300,000 to $1,000,000,

and by deleting Provision 12

I am reducing the funding for the New Teacher Project from $3 3 million to $1 million to be consistent with the funding level proposed in the May Revision. This will permit an additional year of evaluation for those pilot projects, which have not completed the full three year evaluation period.

I also am deleting Provision 12 which would permit school districts to carryover unexpended 1990–91 Mentor Teacher funds if funding is not provided for the program in the 1991–92 Budget. Deficiency funding of $1.6 million is already provided for the 1990—91 costs of the Mentor Teacher program. If school districts were not required to return unexpended funds, this language would increase the deficiency costs.

Item 6110-196-001—For local assistance, Department of Education. I reduce this item from $420,277,000 to $415,150,000 by reducing:

(a) 30.10.010.000-Special Prog, Child Dev, Preschool Ed (Proposition 98) from $74,248,000 to $73,682,000,

(c) 30.10.020-Child Care Services (Proposition 98) from $195,353,000 to $191,512,000 by reducing·

(1) 30.10.020.001-Special Prog, Child Dev, General Child Development Programs from $158,565,000 to $155,597,000,

(2) 30.10.020.002-Special Prog, Child Dev, Campus Children Centers from $4,448,000 to $4,364,000,

(3) 30.10.020.003-Special Prog, Child Dev, High School Age Parenting & Infant Dev from $8,037,000 to $7,887,000,

(4) 30.10.020.004-Special Prog, Child Dev, Migrant Day Care from $2,625,000 to $2,575,000,

(5) 30.10.020.007-Special Prog, Child Dev, Alter Pmt Prog from $4,458,000 to $4,373,000,

(6) 30.10.020.008-Special Prog, Child Dev, Resource & Ref from $1,916,000 to $1,700,000,

(7) 30.10 020 009-Special Prog, Child Dev, Campus Child Care Tax Bailout from $4,853,000 to $4,762,000,

(8) 30.10.020.010-Special Prog, Child Dev, Protective Svcs from $199,000 to $195,000,

(9) 30.10.020.015-Special Prog, Child Dev, Extended Day Care from $10,057,000 to $9,868,000,

(10) 30.10.020.018-Special Prog, Child Dev, Exceptional Needs from $195,000 to $191,000,

(d) 30.10 020-Child Care Service (Non P98) from $138,336,000 to $137,616,000 by reducing:

(7) 30.10.020.098-Special Prog, Child Dev, Resource & Ref (Non P98) from $7,506,000 to $6,786,000,

I am deleting the following legislative augmentation $4,227,000 for growth above the statutorily required level and $900,000 for increasing services provided by Resource and Referral Agencies. I am setting aside $5 million to provide the comprehensive service grants to State Preschool Programs upon enactment of AB 1670 (Hansen).

I am revising Provision 19 to conform to this action.

"19. Of the amount appropriated in this item, ~~$19,345,000~~ *$15,118,000* is for the purpose of enrollment growth and, therefore, shall be allocated to services to additional full-time equivalent children. Funds for enrollment growth shall not be used for a cost-of-living adjustment for existing contracted services."

Item 6120-011-001—For support of California State Library, Division of Libraries, and California Library Services Board. I revise Provision 1.

I am revising Provision 1 because it is inconsistent with the fact that the State Library is part of the Executive Branch. I recognize, however, that a research services bureau in the State Library could provide a valuable service. Since the State Library is part of the Executive Branch, these services should be available to all State agencies and appointments related to this function should be made by the Governor. I expect the State Librarian to present me with his plan before any expenditure of these funds.

"1. Of the funds appropriated to this item, $3,627,211 shall be used to fund a ~~Legislative~~ Research Service Bureau."

Item 6440-013-001—For support of the University of California. I reduce this item from $16,620,000 to $11,454,000.

I have left unchanged the proposed augmentations for retirees' health benefits. However, the current fiscal crisis requires that I delete the $5,166,000 legislative augmentation for increased employer contributions for health benefits for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

Item 6600-013-001—For support of Hastings College of the Law. I reduce this item from $110,000 to $80,000.

I have left unchanged the proposed augmentations for retirees' health benefits. However, the current fiscal crisis requires that I delete the $30,000 legislative augmentation for increased employer contributions for health benefits for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

Item 6610-036-001—For support of Trustees of the California State University, and the California State University I reduce this item from $19,296,000 to $11,127,000.

I have left unchanged the proposed General Fund augmentations for retirees' health benefits. However, the current fiscal crisis requires that I delete the legislative augmentation of $8,169,000 for increased employer contributions for health benefits for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

Item 6870-101-959—For local assistance, Board of Governors of the California Community Colleges. I delete Provision 1.

Provision 1 provides that any federal Title IV(e) funds received as reimbursement for the Foster Parent Training Program be deposited into the Foster Children and Parent Training Fund and be added to the appropriation for the Foster Parent Training Program This provision constitutes an item of appropriation which I cannot support. I believe that any reimbursements should revert to the General Fund in order to compete for expenditure with other high priority programs.

Item 8100-101-196—For local assistance, Office of Criminal Justice Planning I reduce this item from $2,566,000 to $1,000,000 and delete Provision 1.

I am reducing this legislative augmentation by $1,566,000 The Legislature added this item to provide funding for the support of local county offices of education for Gang Risk Intervention Pilot Programs (GRIPPs). Since the evaluation of the Los Angeles County GRIPP, which is in the second year of its pilot, provides information regarding the first year only of its program, it is premature to expand the GRIPP statewide. I am supportive of providing $1,000,000 to continue the GRIPP in Los Angeles County for another year to allow the Los Angeles GRIPP to provide a more thorough evaluation of its pilot in order to determine the value of this program model. Additionally, since the $2,566,000 was initially earmarked in my proposed budget for transfer to the General Fund to help alleviate the State's fiscal crisis, the remaining $1,566,000 should continue to be available for such transfer

I am deleting Provision 1 to conform to this action.

Item 8100-101-890—For local assistance, Office of Criminal Justice Planning I reduce this item from $56,170,000 to $54,195,000 by reducing

(f) 50.71.120-Federal Anti-Drug Abuse Program from $40,635,000 to $38,660,000

I am reducing this item by $1,700,000 to conform to the action I have taken in Item 5240-001-001. With this action, together with my actions reflected below, I will be seeking special legislation to fund programs that are consistent with a drug enforcement plan which would include strategies and priorities of both my Administration and the Legislature. This plan may include the reconsideration of program activities which were proposed as a part of my 1991–92 expenditure plan.

I am deleting the $175,000 legislative augmentation for Community Youth Gang Services. Currently, this program receives in excess of $4.2 million in federal, state and local funds. There is insufficient information available in which to analyze the

merits of augmenting this program. Without such information, it is difficult to determine if this augmentation is consistent with federal guidelines which restrict the State's use of federal Anti-Drug Abuse funds to drug enforcement purposes only.

I am also deleting the $100,000 legislative augmentation for the Gang Violence Reduction Program. It is my understanding that these monies would be used to partially fund the continuation of the three-year demonstration project which is administered by the California Youth Authority The final year of funding from the Department of Alcohol and Drug Programs will terminate on September 30, 1991. While I am supportive of efforts in this area, there is insufficient information to determine if this portion of the program should continue beyond the three-year demonstration period It is unclear at this time if this proposal is consistent with federal guidelines which restrict the State's use of federal Anti-Drug Abuse funds.

Item 8120-021-268—For transfer from the Peace Officers' Training Fund to the General Fund. I delete this item.

I am deleting this item which specified that any funds in excess of a reserve equalling five percent of expenditures from the Peace Officers' Training Fund shall revert to the General Fund While I recognize that this fund transfer would help the General Fund situation, this item reflects an action which I cannot support Unlike other transfers of reserves from special funds, this transfer was made possible only by a corresponding reduction in the program's expenditures from the level I had proposed in my January budget proposal. As a matter of priority, I believe that all funds which are deposited in the Peace Officers' Training Fund should be available to reimburse local law enforcement agencies to ensure that their staff are properly trained to enforce laws and protect the public. I support the restoration of the level of expenditures for this program that I proposed in January.

Item 8350-001-001—For support of Department of Industrial Relations I reduce this item from $117,647,000 to $115,525,000 by reducing:

(c) 30-Workers' Compensation Administration from $79,335,000 to $78,308,000,

(g) 60-Promotion, Development, and Administration of Apprenticeship and other on-the-job training from $3,972,000 to $2,672,000,

(p) Amount payable from Workers' Compensation Administration Revolving Fund (Item 8350-001-223) from −$15,486,000 to −$15,281,000,

and by deleting provisions 3 and 4

I am deleting the $1,027,000 legislative augmentation and 12 4 personnel years, which would have increased the number of conference referees and disability evaluators within the Workers' Compensation Administration program because these positions are in excess of the staffing level recommended by the recently completed workload study on the Division of Workers' Compensation and because there is no workload information to support the additional positions. I am also deleting the $205,000 augmentation payable from the Workers' Compensation Administration Revolving Fund, Item 8350-001-223 in conformance with this action.

I am reducing the $3,800,000 legislative augmentation for support of the Promotion, Development, and Administration of Apprenticeship and other on-the-job training by $1,300,000 to $2,500,000. Chapter 451, Statutes of 1990 authorized the collection of fees to support the apprenticeship program and $1,300,000 should be funded by those employers and employees who benefit from its existence. With this action, I am allowing the appropriation in Chapter 451, Statutes of 1990 to operate

I am deleting Provision 4 to conform with this action

I am deleting Provision 3, which requires that 1) no funds shall be expended for the rent or lease of Workers' Compensation Appeals Board (WCAB) district offices, which do not comply with the provisions of law requiring that State facilities be accessible and usable by the physically handicapped (Section 4450 of the Government Code), 2) the salaries of the Administrative Director of the Division of Workers' Compensation and all of the Deputy Directors shall not receive their salaries while any WCAB facility is not handicap accessible, and, 3) any WCAB office which is not in compliance with Section 4450 of the Government Code shall be relocated

immediately. I am deleting this provision because it could unnecessarily disrupt operations of the program by requiring immediate closure of offices, which were acquired prior to the existence of current access regulations. Additionally, the Department is in compliance with Section 4450 of the Government Code, which applies when a new location for a Workers' Compensation Appeals Board District Office is selected. Thus, this provision constitutes a substantive change in law, which can only be included within a single subject bill, not the Budget Act.

Item 8350-001-223—For support of Department of Industrial Relations. I reduce this item from $15,486,000 to $15,281,000

I am reducing this item by $205,000 to conform to the action I have taken in Item 8350-001-001.

Item 8550-001-191—For support of California Horse Racing Board. I delete Provision 1.

I am deleting Provision 1 of this item, which would require the California Horse Racing Board to pay $135,000 to the Auditor General for a fiscal impact study regarding the consolidation of racing dates between the two Northern California racetracks. The Auditor General currently receives a separate appropriation to conduct studies and audits as directed by the Legislature.

Item 8780-001-001—For support of Commission on California State Government Organization and Economy. I reduce this item from $719,000 to $609,000 by reducing:

(a) 10-Commission on California State Government Organization and Economy from $726,000 to $616,000.

I am deleting the legislative augmentation of $110,000 for two additional staff persons. Although I have great respect for the work of this small commission, I am unable to support this augmentation during the current fiscal crisis.

Item 8940-001-001—For support of Military Department. I revise this item by deleting:

(jx) 80-California Citizen Soldier Museum ($100,000), and

(1x) Amount payable from the Unitary Fund (Item 8940-001-147) (−$100,000).

I am deleting the $100,000 legislative augmentation from the Unitary Fund to support initial operating expenses for the California Citizen Soldier Museum in Sacramento. It is important to honor our citizen soldiers; however, I cannot support this augmentation from the state's limited resources. It is important to note that current law allows the Military Department to solicit and use donations of funds for the support of the Museum.

Item 8940-001-147—For support of the Military Department. I delete this item.

I am deleting the $100,000 legislative augmentation to this item to conform to the action I have taken in Item 8940-001-001

Item 9210-103-001—For local assistance, Local Government Financing I delete Provision 7

Provision 7 declares that the $35 million reduction in subventions to redevelopment agencies is for one year only. Because this language suggests a commitment to restore full funding in subsequent years, it is an infringement on the Executive Branch's normal budget development process and implies Gubernatorial concurrence on a statement of legislative intent. Since the Special Supplemental Subventions program was established in 1984, tax increment revenues for redevelopment agencies have more than doubled. In 1989–90, those agencies had total revenues of $1.8 billion and unreserved fund balances in excess of $2.1 billion The $9.6 million included in this Budget is intended to assist those relatively few agencies that have relied on this program for ten percent or more of their revenue or to support bond debt. Any statement of intent to provide additional funding in future years would be tantamount to a commitment to future appropriations. For these reasons, I delete Provision 7

Item 9800-001-001—For augmentation for Employee Compensation. I reduce this item from $42,210,000 to $8,598,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $34,069,000 to $6,932,000,

(b) 10.02-Civil Service Employees-Nonrepresented from $6,903,000 to $1,406,000,

(c) 10 03-Exempt/Excluded and Other Employees from $820,000 to $170,000,

(d) 10.05-Judiciary, from $916,000 to $188,000,

(e) 10 06-Legislative Employees, from $1,261,000 to $260,000, and

(f) Unallocated trigger reduction, from −$1,759,000 to −$358,000.

I have left unchanged the proposed General Fund augmentations for retirees' health benefits. However, the current fiscal crisis requires that I reduce this item to reflect the deletion of funding for employer health benefit contribution increases for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

Item 9800-001-494—For augmentation for Employee Compensation, payable from other unallocated special funds. I reduce this item from $19,880,000 to $4,070,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $15,904,000 to $3,256,000,

(b) 10.02-Civil Service Employees-Nonrepresented from $3,578,000 to $733,000,

(c) 10.03-Exempt/Excluded and Other Employees from $398,000 to $81,000.

I have left unchanged the proposed augmentations from special funds for retirees' health benefits. However, the current fiscal crisis requires that I reduce this item to reflect the deletion of funding for employer health benefit contribution increases for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants

Item 9800-001-988—For augmentation for Employee Compensation payable from other unallocated nongovernmental cost funds. I reduce this item from $15,267,000 to $3,252,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $12,213,000 to $2,602,000,

(b) 10.02-Civil Service Employees-Nonrepresented from $2,748,000 to $585,000, and

(c) 10.03-Exempt/Excluded and Other Employees from $306,000 to $65,000.

I have left unchanged the proposed augmentations from non-government cost funds for retirees' health benefits. However, the current fiscal crisis requires that I reduce this item to reflect the delegation of funding for employer health benefit contribution increases for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants

Item 9800-011-001—For augmentation for Employee Compensation (Proposition 98). I reduce this item from $425,000 to $25,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $425,000 to $25,000.

I have left unchanged the proposed augmentations under Proposition 98 funding for retirees' health benefits. However, the current fiscal crisis requires that I reduce this item to reflect the deletion of funding for employer health benefit contribution increases for active state employees. I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

SEC 4.00—Employer's Contribution for Health Benefits. I am revising this Control Section

"SEC. 4.00. Notwithstanding any other provisions of law, the employer's contributions for the 1991–92 fiscal year, which are chargeable to an appropriation made in this act, with respect to ~~each state officer and employee or~~ an annuitant ~~who was in~~

~~such employment or office, including an academic position with a California State University or College~~, or is a survivor of such person, ~~or is an annuitant,~~ shall be $174 for basic and related major medical plans with respect to ~~employees or~~ annuitants enrolled for self alone, or $323 for an ~~employee or~~ annuitant so enrolled for self and one family member, or $410 for an ~~employee or~~ annuitant so enrolled for self and two or more family members, or, if less, the amount necessary to pay the cost of such person's enrollment, including the enrollment of such person's family members, in a health benefits plan or plans."

I have left unchanged the proposed augmentations for retirees' health benefits. However, the current fiscal crisis requires that I revise Section 4.00 to conform to the action I have taken in Items 9800-001-001, 9800-001-494, 9800-011-001 and 9800-001-988, to limit employer contributions for health benefits for active State employees to 1990–91 levels. The employer's contributions for the 1991–92 fiscal year, with respect to each State officer or employee, including those in academic positions with a California State University or College, shall be $157 for basic and related major medical plans with respect to employees enrolled for self alone, or $292 for an employee so enrolled for self and one family member, or $367 for an employee so enrolled for self and two or more family members, or, if less, the amount necessary to pay the cost of such person's enrollment, including the enrollment of such person's family members, in a health benefits plan or plans.

I would support development of cost containment policies designed to reduce costs both to the employer and to employees and their families while maintaining quality care for employees, dependents and annuitants.

SEC 9.10—Related to the Supplemental Report of the Committee on Conference on the Budget Bill. I deleted this Control Section.

I am deleting this section because to do otherwise would imply that I concur with the contents of this report. It is unreasonable to expect State agencies to respond to the number of special requests during a year when budget cuts will severely impact their ability to perform their statutory duties.

The people of California would be best served by the Governor and the Legislature working together to ensure that administrative reports and practices are consistent with legislative policies. I look forward to the opportunity to develop mutually acceptable guidelines for the supplemental report

SEC 11.50—Transfers pursuant to Section 6217 of the Public Resources Code.

I am reducing the amount of Tidelands Oil Revenue to be allocated to the California Housing Trust Fund from $3,000,000 to $1,742,000 by reducing schedule (b) by $1,258,000 At the end of the 1990–91 fiscal year, the California Housing Trust Fund will have an uncommitted fund balance which, together with the revised allocation of new revenue, will fully fund the programs as budgeted

SEC 12 00—State Appropriations Limit. I am deleting the language in Subsection (b) which provides that the Legislature may determine the amount of change to the population of California in the event the Census Bureau elects not to adjust the 1990 census and is not ordered to do so by the court.

While I recognize the significance of an accurate population count to the State of California, I do not believe that the Legislature alone should have the responsibility for determining the appropriate adjustment.

SEC 12.30—Special Fund for Economic Uncertainties. I revise this Control Section by deleting subsection (e).

I am deleting the language in Subsection (e) which would authorize the Director of Finance to allocate unspecified amounts as grants or loans to counties or cities and counties which demonstrate difficulties in balancing their 1991–92 budgets.

This language constitutes an appropriation which I cannot support. The State is not in a financial position to be able to provide local agencies with additional General Fund assistance at this time, and it would not be fair to create an expectation of assistance that cannot be fulfilled. Furthermore, it would not be good public policy to require the state to review and pass judgment on individual city and county budget decisions

I recognize that these are difficult times for local governmental entities, which is the reason I proposed and support the intergovernmental realignment built into this budget. This realignment will provide the funding and flexibility local agencies need to address their most pressing priorities.

SEC. 15.00—Homeless Programs Budget Display. I delete this Control Section.

I am deleting Section 15.00 which requires the Department of Finance to include a display in the 1992–93 Governor's Budget that reflects all expenditures for homeless programs in a single item. The data requested can be obtained without limiting my ability to choose the information I believe appropriate for describing the State Budget

SEC. 22.00—Set-aside Appropriation for Future GAIN Expenditures pursuant to Chapter 1568, Statutes of 1990. I am revising language to make a technical correction in subdivision (e) to conform to the May Revision adjustment of the amounts displayed in subdivision (c) (2) and (c) (3)

(e) Of the funds allocated to the State Department of Education pursuant to this section, ~~$250,000~~ *$200,000*, less any appropriate reduction pursuant to Section 13308 of the Government Code as amended by Chapter 458, Statutes of 1990, shall be available for transfer for activities of the Statewide Resource and Referral Network in conducting a survey, the results of which shall be provided to the state departments of Education and Social Services.

With the above deletions, revisions and reductions, I hereby approve Assembly Bill No. 222.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1991."

SEC. 1.20. (a) Chapter 458, Statutes of 1990, requires the reduction of General Fund appropriations on July 1 of a fiscal year when certain specified conditions exist. This act, with the reductions required by subdivision (b), incorporates the reductions required by subdivision (c) of Section 13308 of the Government Code, as added by Chapter 458, and for purposes of subdivision (d) of Section 13308, these incorporated reductions shall be deemed to have been made pursuant to subdivision (c) of that section. It is the intent of the Legislature that each statutory program payment that is funded by a General Fund appropriation that is so reduced pursuant to subdivision (c) of Section 13308 of the Government Code, shall also be reduced pursuant to subdivision (d) of that section or as specifically otherwise provided by Chapter 458.

(b) The Department of Finance shall reduce amounts credited to General Fund appropriations for merit salary adjustments and operating expense and equipment increases as reflected in the 1991–92 Governor's Budget, except the following:

State Board of Equalization
Franchise Tax Board
State Personnel Board
Employment Development Department
Department of Developmental Services (Centers)
Department of Mental Health (Hospitals)
Department of Corrections
Department of the Youth Authority
University of California
California State University
Hastings College of the Law
California Maritime Academy
Veterans' Home of California
Senate
Assembly
Legislative Counsel Bureau
Judiciary
Governor
Office of Planning and Research
Office of Emergency Services
Department of Finance

(c) The Department of Finance shall adjust the amounts of the reductions made pursuant to this section to ensure that the reductions appropriately reflect legislative action to reduce or increase appropriations relative to the amount proposed by the Governor. These adjustments shall take effect no sooner than 30 days after notification to the Joint Legislative Budget Committee and the chair of the fiscal committees.

(d) Notwithstanding any other provision of law, including, but not limited to, Chapter 458, no further reduction shall be made to General Fund appropriations on July 1, 1991, pursuant to Chapter 458.

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1991–92 fiscal year beginning July 1, 1991, and ending June 30, 1992. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1991–92, 1992–93 and 1993–94 fiscal years, except that appropriations and reappropriations for studies, planning, working drawings,

or minor capital outlay, except as provided herein, shall be available for expenditure only during the 1991–92 fiscal year. In addition, the balance of every appropriation made in this act which contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 1992, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

The department shall also compile the information submitted into appropriate summary reports and tables, and shall forward this information to the Department of Finance and Legislative Analyst, with the department's comments, by April 1, 1992.

12. Regional centers shall assist regional center clients in applying for Medi-Cal services under the Model Waiver, Skilled Nursing Facility Waiver, and In-Home Medical Care Waiver.

13. For the fiscal year 1991–92, the regional center operations budget line item shall be reduced by 50 percent of the total unallocated reduction. The remainder of the unallocated reduction shall be applied to the regional center purchase of services budget line item. That application is not intended to reduce the current level of services being provided to regional center clients. Therefore, regional centers shall implement innovative, cost-effective methods of service delivery, including, but not limited to, the use of vouchers, client/parent case managers, and alternative sources of payment for services.

The regional centers shall provide public notice to the community at least seven days in advance of

the public hearing. The plan submitted to the department shall emphasize, but not be limited to: (1) innovative and cost-effective methods of service delivery that include, but are not limited to, the use of vouchers, restructuring of case management services, including client/parent case managers, and alternative sources of payment for services; (2) maximizing all alternative funding sources, including federal and generic funding sources; and (3) assurances that all other operations expenditure reductions are considered before any reductions are made in nonsupervisory, case management staff. The regional center shall implement those components of their plans authorized by statute upon approval of the department. The department shall review and approve all or portions of the regional centers' plans by September 1, 1991.

Notwithstanding any other provision of law, the Director of the Department of Developmental Services may temporarily adopt, amend, or suspend regulations as necessary to allow regional centers to implement their cost reduction plans without (a) adversely affecting client health or safety or (b) placing persons with disabilities in more restrictive environments. Furthermore, any such suspension shall not authorize categorical reductions in services. It is the intent of the Legislature that any such action be deemed an emergency necessary for the immediate preservation of the public peace, health and safety or general welfare for purposes of subdivision (b) of Section 11346.1 of the Government Code.

Developing and implementing the plan shall be considered a contractual obligation pursuant to Section 4635 of the Welfare and Institutions Code. Accordingly, the department shall make reasonable efforts to assist regional centers in fulfilling their contractual obligations and provide technical assistance as necessary. In addition, a regional center's failure to develop and implement the plan may be considered grounds for contract termination or nonrenewal. If at any time the director of the department determines that a regional cen-

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

   Notwithstanding the provisions of Sections 27.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Item Amount

Funds appropriated in this item are for welfare programs as they exist on July 1, 1991, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in Program 10.04, Aid to Families with Dependent Children program shall fully cover the state share of aid payments and for services under such programs for the 1991–92 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

   For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

   Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.
4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or pay-

ments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1991–92 fiscal year which are within or in excess of amounts appropriated in this act for that year.

If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $163,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
6. Pursuant to subdivision (b) of Section 903.7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the state share of collections attributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives.
7. The Director of Finance may authorize the transfer of amounts, cumulatively not to exceed $14,249,000, from this item to Item 5180-151-001(a)(1), Social Services Program—Child Welfare Services, in order to advance funds to pilot counties to conduct a program of family reunification and family maintenance services pursu-

each hour of teaching time may include up to 10 minutes for passing time and breaks.

4. No school district or county office of education shall use funds available under Schedule (d) to offer any new or expanded apprentice program(s) unless that program(s) has been approved by the Superintendent of Public Instruction.
5. The Superintendent of Public Instruction shall report to the Department of Finance and the Legislature no later than October 1, 1991, on the amount of funds expended for and the hours of related and supplemental instruction offered in the apprentice program during the 1990–91 fiscal year, with information to be provided by school district, county office of education, program sponsor, and trade. 7. Notwithstanding any other provision of law, the county superintendent shall reduce the total

Item Amount

revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1991–92 fiscal year.

The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions which would have been made in the 1991–92 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1991–92 fiscal year.

For purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1991–92 fiscal year.

(c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds which are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruc-

Item		Amount

tion with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to school district revenue limits for the 1991–92 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1991–92 fiscal year.

8. (a) Notwithstanding paragraph (2) of subdivision (d) of Section 42239 of the Education Code, or any other provision of the law, for the 1991–92 fiscal year a school district's maximum entitlement for pupil attendance in summer school programs offered pursuant to paragraph (2) of subdivision (d) of Section 42239 of the Education Code shall be an amount equal to 7 percent of the district's enrollment for the prior year, times 120 hours, times the hourly rate for the 1991–92 fiscal year determined pursuant to subdivision (c) of Section 42239 of the Education Code.

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 42239 of the Education Code, or any other provision of the law, the Superintendent of Public Instruction shall reallocate to any school district any unexpended balance of the appropriations made for the 1991–92 fiscal year for reimbursement for actual pupil attendance in summer school programs authorized under paragraph (2) of subdivision (d) of Section 42239 of the Education Code. In no event shall any district receive reimbursement for pupil attendance in summer school programs in excess of 10 percent of the district's enrollment for the prior year, times 120 hours, times the hourly rate for the 1991–92 fiscal year determined pursuant to subdivision (c) of Section 42239 of the Education Code.

Item Amount

(c) Of the funds received pursuant to subdivisions (a) and (b) of this provision, priority shall be given to providing classes for students who have failed any core curriculum course, or who have accumulated fewer course credits toward graduation than the average student of equivalent age or grade level as determined by the local governing board. Funds also shall be provided to help students meet college entrance requirements.

(d) As a condition of receiving funds pursuant to subdivisions (a) and (b), the county superintendent shall report to the Superintendent of Public Instruction on or before November 15, 1991, the number of students who attended each class and the number and type of classes conducted.

(e) Notwithstanding subdivision (e) of Section 42239 of the Education Code, for the 1991–92 fiscal year, the Superintendent of Public Instruction shall allocate a minimum of $5,974 for supplemental summer school programs in those districts whose prior year enrollment was less than 500 and that, in the 1991–92 fiscal year, offer at least 1,500 hours of supplemental summer school instruction. A small school district, as defined above, that offers less than 1,500 hours of supplemental summer school offerings shall receive a proportionate reduction in its allocation. For the purpose of this provision, supplemental summer school programs shall be defined as programs authorized under paragraph (2) of subdivision (d) of Section 42239 of the Education Code.

9. For federal audit actions which became final by entry of judgment or final administrative decision on or after July 1, 1987, and which required repayment of funds to the federal government by the State Department of Education for federal audit exceptions based on findings in any school district or any other agency receiving such federal funds through the State Department of Education, the amount of such repayments, with interest due the federal government, may be deducted

Item	Amount

from the apportionment made to those districts or agencies by the Superintendent of Public Instruction from the funds appropriated by this item. The amount which is repaid to the state under the provisions of Section 459 of the General Education Provisions Act (20 U.S.C. 1234h) shall be apportioned to the district in accordance with any grantback plan submitted by the district and the State Department of Education and approved by the United States Department of Education.

10. Notwithstanding subdivision (b) of Section 46200 of the Education Code, for any school district which received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code and which offers less than 180 days of instruction in the 1991–92 fiscal year and has not met the waiver provisions pursuant to Chapter 782, Statutes of 1989, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for 1991–92 by an amount attributable to the increase received pursuant to subdivision (a) of Section 46200, as adjusted by subsequent inflation adjustments and increases in ADA.
11. Notwithstanding any other provision of law, for the purpose of calculating entitlements for revenue limit apportionments, the Superintendent of Public Instruction shall increase the number of units of average daily attendance (ADA) for the Victor Valley Union High School District by 300 units in the 1987–88 fiscal year only. In each of the fiscal years 1988–89 through 1992–93, the superintendent shall reduce the district's numbers of units of ADA by 60 units below the level that the district would otherwise be entitled to claim. It is the intent of the Legislature to assist the district in overcoming the severe impacts on its cash-flow of a reorganization election which reduced the district's ADA by 70 percent for the 1987–88 fiscal year. It is further the intent of the Legislature that such assistance be provided at no net cost to the state.
12. Notwithstanding any other provision of law, a local school district shall be eligible to claim ap-

Item Amount

portionments for K–12 pupils as concurrently enrolled in adult education in 1991–92 only to the extent of the previous year's ADA so claimed plus an increase not to exceed the percent of increase in ADA over the previous year for the district's regular ADA. For districts that generated 5 ADA or less in the 1990–91 fiscal year, 1988–89 shall be used as the base year to determine the allowable ADA growth for purposes of claiming apportionment for K–12 pupils concurrently enrolled in adult education.

13. Notwithstanding any other provision of law, those allowances provided pursuant to Provision 18 of Item 6110-101-001 of the Budget Act of 1989 shall be funded pursuant to paragraph (2) of subdivision (b) of Section 46300.1 of the Education Code or at a rate funded during 1989–90, whichever is less.
14. Notwithstanding any other provision of law, no school district may receive apportionments from this item for pupils 19 years or older in K–12 independent study programs for average daily attendance in excess of the amount generated by these pupils in the 1988–89 fiscal year or, if the district received no apportionments for these pupils' average daily attendance in the 1988–89, then in the 1987–88 fiscal year. This limitation shall not apply to pupils who have been continuously enrolled in a K–12 program since their 18th birthday.
15. The Legislature finds and declares that average daily attendance claimed for purposes of apportionments by school districts needs to be in compliance with current law.
    (a) In accordance with existing law, any pupil whose attendance must be recorded in clock hours pursuant to Section 406 of Title V of the California Code of Regulations shall not be credited with a full clock hour of attendance for attending a class or portion of a class in session for fewer than sixty (60) minutes.
    (b) Hours of apportionment credit earned by any continuation pupil in any schoolday pursuant to Section 46010 shall be proportionately reduced if the pupil is scheduled to attend for a rate greater than 15 hours

Item Amount

per 5-day week.

(c) For 1991–92, school districts shall include in the school accountability report card required under Section 35256 of the Education Code, a report of average daily attendance with respect to adherence to the minimum day requirements of statute.

16. Notwithstanding any other provision of law, no local education agency shall receive apportionments for any pupil in independent study without written agreement with the parent or guardian of such pupil prior to the commencement of independent study. Such written agreement shall specify the actual dates of participation, the methods and objectives of the independent study program for such pupil.

(a) Notwithstanding any other provision, and notwithstanding any waiver by the State Board of Education of any formula or method of calculating revenue limits contained in any statute or administrative rule or regulation, any school district formed pursuant to a voter-approved action for the reorganization of any district that becomes effective for all purposes on or after July 1, 1991, shall have its revenue limit per unit of average daily attendance computed pursuant to Section 35735 of the Education Code.

(b) Provision (a) shall not apply to the unification of a new district which will have boundaries that are congruent to the June 30, 1991 boundaries of an existing high school district.

(c) Provision (a) shall not apply to any district formed pursuant to a voter-approved action for the unification of any district that becomes effective for all purposes on or after July 1, 1991 and which received a waiver of Education Code Section 35735 from the State Board of Education prior to June 30, 1991. The increase in the revenue limit per unit of average daily attendance calculated pursuant to clause (2) of subdivision (a) of Section 35735 of the Education Code for any such district shall, notwithstanding any waiver by the State

Item	Amount
Board of Education, not exceed 10 percent of the revenue limit calculated pursuant to clause (1) of subdivision (a).	
17. Of the amount appropriated in this item, $11,716,000 is to fund the 1989–90 district apportionment deficiency and shall be applied toward meeting the 1991–92 Proposition 98 minimum funding requirements.	
18. Notwithstanding any other provision of law, for the purpose of calculating entitlements for revenue limit apportionments, the Superintendent of Public Instruction shall increase the number of units of ADA for the Perris Union High School District by 280 units in the 1991–92 fiscal year only. In each of the fiscal years 1992–93 through 1996–97, the Superintendent shall reduce the district's number of units of ADA by 56 units below the level that the district would otherwise be entitled to claim. It is further the intent of the Legislature that such assistance be provided at no net cost to the state.

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1991–92 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, in an amount as needed for apportionment pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code.
2. Funds appropriated in this item shall be apportioned by the Superintendent of Public Instruction pursuant to Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28 of the Education Code.

It is the intent of the Legislature that Regional Occupational Centers and Programs not be eligible for such incentive funding.

   Notwithstanding any other provision of law to the contrary, none of the funds appropriated in

Item	Amount

this item are for the purposes of providing or continuing incentive funding for a longer instructional year pursuant to Section 46200 of the Education Code.

4. Of the amount appropriated in this item, $7,845,000 shall be available for funding growth in allowable levels of average daily attendance.
5. Notwithstanding any other provision of law, funds appropriated in this item for average daily attendance (ADA) generated by participants in the Greater Avenues for Independence Program established by Chapter 1025 of the Statutes of 1985 may be apportioned on an advance basis to local education agencies based on expected units of ADA if a prior application for this additional ADA funding has been approved by the Superintendent of Public Instruction.

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1991–92 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 3 (commencing with Section 2550) of Chapter 12 of Part 2, of the Education Code, excluding amounts for Regional Occupational Centers and Programs operated by County Superintendents of Schools.
2. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and for any cost-of-living adjustment shall be the maximum amount allocated for the purposes of Article 3 (commencing with Section 2550) of Chapter 12 of Part 2 of the Education Code.

Item	Amount

3. Notwithstanding any other provision of law, the county superintendent shall reduce the total revenue limit computed pursuant to Section 2558 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330, Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1991–92 fiscal year. The reduction shall be calculated as follows:
   (a) Determine the amount of employer contributions which would have been made in the 1991–92 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect in 1981–82 were in effect during the 1991–92 fiscal year.
   (b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1991–92 fiscal year.
   (c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:
      (1) Positions supported totally by federal funds which are subject to supplanting restrictions.
      (2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.
      (3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

Item Amount

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to county office of education revenue limits for the 1991–92 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1991–92 fiscal year.

4. Of the amount appropriated in this item, $150,000 is for allocation to the Alameda County Office of Education for the Oakland Unified School District Trustee pursuant to Chapter 1438, Statutes of 1989.
5. Of the amount appropriated in this item, $119,000 is for allocation to the Sacramento County Office of Education pursuant to Chapter 1358, Statutes of 1989.

Expenditures from the juvenile court and community school account shall be limited to (1) those expenditures defined as direct costs of instructional programs by the California State School Accounting Manual; (2) expenditures which are defined as documented direct support costs by the California State School Accounting Manual, excepting that costs charged for probation officers shall be limited to not more than the number of full- time equivalent probation officers paid for by the county office of education during the 1988–89 fiscal year; (3) expenditures which are defined as allocated direct support costs by the California State School Accounting Manual; and (4) other expenditures for support and indirect charges, provided that these charges may not exceed 10 percent of the sum of the expenditures in (1), (2), and (3). Expenditures which represent contract payments to other agencies for the operation of juvenile court and community school programs shall be included in the juvenile court and community school account and the contract costs distributed to the cost categories defined in (1), (2), (3), and (4) above. At the end of any given school year the net ending balance in the juvenile court and community school account may be distributed to a reserved account for economic contingencies or to a reserved account for capital outlay, provided that the combined total transferred does not exceed 15 percent of the previous year's authorized expenditures as specified above and also provided that funds placed in the reserved accounts shall only be expended for juvenile court, county group home and institutions, and community school programs. The net ending balance, except for those funds placed in a capital outlay fund, shall not exceed 15 percent of the previous

A county may accumulate over a period of two or more given school years, a net ending balance in the capital outlay reserved account of more than 15 percent of the previous fiscal year's expenditures, under provisions of a resolution of the governing board. Funds in the capital outlay reserve are to be used for capital outlay only. The Superintendent of Public Instruction shall require an annual certification by county superintendents of schools, beginning in the 1989–90 fiscal year, that juvenile court, county group home and institutions and community school funds have been expended as provided above and shall withhold from the subsequent year's apportionment an amount equal to any ending balance in the juvenile court and community school account in excess of the transfers to reserves for economic contingencies and capital outlay as described above.

8. Notwithstanding any other provision of law, only pupils, excepting those permitted pursuant to subdivision (a) and (b) of Section 1981 of the Education Code, who are referred by the county probation department under Section 601 or 654 of the Welfare and Institutions Code after an individualized review and certification of the appropriateness of enrollment in the county group home and institution's school or county community school, shall be enrolled in county community schools. The individualized review shall include representatives of the court, the county department of education, the county probation department, and either the school district of residence or, in cases in which the pupil resides in a group home or institution, the school district in which the group home or institution is located, and, in each case, the school district representative must agree to the appropriateness of the proposed placement and pupils so placed must have a probation officer or other appropriate designee of the probation department assigned to their case.

These funds shall not be used to compute school district block entitlements pursuant to Section 52616 of the Education Code, and shall be exclusively utilized in the 1991–92 fiscal year as follows:

Item Amount

(a) $28,052,000 shall be used to fund extraordinary needs in adult programs in English-as-a-second language (ESL), elementary and high school basic skills provided under subdivisions (b) and (c) of Section 41976 of the Education Code. (2) The remaining funds shall be allocated by the State Superintendent of Public Instruction to districts to fund additional ADA, based on the formula set forth in this paragraph. For purposes of this provision, the adult education block entitlement ADA used for this formula shall be 109.74 percent of the district's 1981–82 adult education block entitlement ADA computed pursuant to paragraph (1) of subdivision (b) of Section 52616 of the Education Code, excluding ADA in regional occupational centers and programs.

(B) For school districts with allowable levels of ADA greater than 350, and which in 1990–91 generated non-GAIN ADA in excess of the cap, an amount equal to the following percent of the cap, pursuant to the following schedule:

(i) 2 percent of the cap for those districts that, in 1990–91, gen-

(iii) 7 percent of the cap for those districts that, in 1990–91, generated between 51 and 75 percent of the amount specified in the areas of ESL and basic skills;

(iv) 10 percent of the cap for those districts that, in 1990–91, generated over 75 percent of the amount specified in the areas of ESL and basic skills.

(C) In the event that the amounts computed pursuant to this paragraph exceed the amounts appropriated for these purposes, the amounts computed for this provision shall be reduced on a proportionate basis.

(D) Notwithstanding any other provision of law, the Superintendent of Public Instruction shall, in the 1991–92 fiscal year, reallocate to school districts any unexpended balance of the amount in this subdivision for the 1991–92 fiscal year to those districts with unfunded growth in ESL, elementary, and high school basic skills in the 1991–92 fiscal year on a per ADA basis, not to exceed the statewide adult average revenue limit.

The Superintendent of Public Instruction shall, at the time of the annual apportionment, reduce funding by the corresponding amount to any school district receiving funds affected by this provision which fails to generate certified levels of average daily attendance.

5. Any adult education surpluses accrued pursuant to subdivision (d) of Section 52616 of the Education Code may be reallocated by the Superintendent of Public Instruction for either the fiscal year during or after which such surplus accrued. In reallocating these surpluses, the superintendent shall give first priority to funding remedial education services for GAIN participants in both fiscal years.

6. Notwithstanding any provision of law to the contrary, funds appropriated in this item for average daily attendance (ADA) generated by participants in the GAIN program established by Chapter 1025 of the Statutes of 1985 may be apportioned on an advance basis to local education agencies based on expected units of ADA, if a prior application for such additional ADA funding has been approved by the Superintendent of Public Instruction.

It is the intent of the Legislature that the rate specified in subdivision (d) of this provision shall result in services to additional children. Child development contractors that serve children 10½ hours or more per day and demonstrate to the satisfaction of the State Department of Education that their costs are reasonable and in excess of those allowed by subdivision (d) of this provision shall have the following apply: subdivision (a) of this provision shall be reduced to 50 percent, and subdivision (d) of this provision shall be increased to 150 percent. The State Department of Education (SDE), using its existing procedures, shall give priority for the provision of services to additional children resulting from the change in subdivision (d) of this provision to counties that are relatively underserved by child development funds, as measured by funding per child receiving Aid to Families with Dependent Children (AFDC) in each county and other measures as deemed necessary by the department.

5. Notwithstanding Section 2.00 of this act, child development appropriations shall be available in accordance with the provisions of Section 8278 of the Education Code, except that funds remaining unencumbered as of June 30, 1992,

shall revert to the General Fund. Further, SDE shall report to the Joint Legislative Budget Committee and the Department of Finance by March 31, 1992, the amount of child development funds, by program, which have been determined after audit to be unearned. SDE shall report on September 30, 1991, and on March 31, 1992, the settlement of claims payable from unearned contract funds balances by program. Further, SDE shall report on September 30, 1991, and on March 31, 1992, the reencumbrance of unearned contract funds made pursuant to Section 8278 of the Education Code, by program, specifying the purpose and need for each expenditure.

6. The California Child Care Initiative shall ensure that the $250,000 in state funds are matched on a one-to-two basis, with private corporations and local governments providing up to $500,000.
7. Recognizing that the availability of child care is essential to economic self-sufficiency, it is the intent of the Legislature to fund child care services as necessary to support the goal of full employment. Effective July 1, 1986, and notwithstanding the provisions of Sections 8263 and 8468.5 of the Education Code, if a GAIN participant reaches the top of an SDE waiting list and income and eligibility criteria for SDE programs are met, he or she shall be retained at the top of the list and enrollment in an SDE-subsidized space shall be deferred until the parent becomes employed or is separated from GAIN, whichever comes first. At this time, the participant who has been deferred for an SDE space shall have priority in the order of deferral for the next available SDE-subsidized space, regardless of income level that meets SDE criteria (with the exception of priorities for abused and neglected children).

   These requirements shall not apply to parents whose children are enrolled in an SDE-subsidized space prior to the parents' enrollment in GAIN.

   The Department of Social Services (DSS) and the SDE shall enter into a memorandum of understanding that specifies a level of service requirement by SDE programs for AFDC recipi-

ents. The data collected by SDE on September 15, 1986, and certified by the Auditor General on February 25, 1987, shall establish the plateau by county against which all future surveys of AFDC participation will be measured. For the 1991–92 fiscal year, the sampling will be made by SDE on September 15 and March 15. To establish an ongoing process, SDE shall propose legislation that will fix these point-in-time dates in the Education Code.

If, upon comparison to the plateau, the AFDC participation falls below the certified county levels by more than 5 percent, the enrollment of GAIN participants, as specified in the previous paragraph, shall not be deferred. Deferrals shall resume only if AFDC participation levels are again in excess of the certified plateau.

8. The SDE shall, to the extent possible, grant waivers of the schoolage community child care requirements at the time contracts are issued. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall ensure that waiver denials issued after the time contracts are issued shall not take effect until two months after the denial decisions are provided, in writing, to affected contractors. The two-month period may be extended at the discretion of the Superintendent of Public Instruction in order to provide contractors with a reasonable amount of time to comply with schoolage community child care requirements. Nothing in this provision shall be construed to apply to schoolage community child care agencies that do not apply for waivers in good faith.
9. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall authorize any School Age Community Child Care program agency the choice of either a child day or a child hour as the contract unit of enrollment for the purpose of reimbursement. The agency's unit of choice shall remain in effect for the 1991–92 fiscal year and shall be the basis for determining earnings under the contract. After analysis of School Age Community Child Care providers statewide, the superintendent shall establish an enrollment unit or units for reimbursement that will meet the needs of participating agencies.

10. Notwithstanding subdivision (e) of Section 8277.7 of the Education Code, the relocatable classroom located at Jacoby Creek School for the purposes of the "latch-key" program may also be used as a part-time elementary school classroom in accordance with existing agreements among officials of that school and child care council.
11. Notwithstanding any other provision of law, the SDE, Child Development Division, may authorize a maximum reimbursement rate not to exceed the regional GAIN rate for child care for Alternative Payment Programs with nonemployee providers in service areas that exceeds the current statutory maximum reimbursement rate. This increased rate shall be subject to the procedures established by the SDE pursuant to Section 8265.1 of the Education Code.
12. Notwithstanding any other provision of law, the SDE may authorize the use of adjustment factors for special needs children under Section 8265.5 of the Education Code for Alternative Payment Programs and Family Child Care Homes Programs with nonemployee providers and Migrant Programs whose assigned reimbursement rates exceed the standard reimbursement rate established under subdivision (b) of Section 8265 of the Education Code.
13. Notwithstanding Section 8473.3 of the Education Code, if a School Age Community Child Care Program contractor fails to operate at least 98 percent of the minimum days of operation required in its contract, or ceases operations, or the contract is terminated prior to the end of the contract period, the maximum reimbursable amount shall be reduced in proportion to the percentage of the contract minimum days of operation that the contractor was not in operation.
14. Community college districts which levied child development permissive override taxes pursuant to Sections 8329 and 8330 of the Education Code in the 1977–78 fiscal year and received fiscal relief through Chapter 282 of the Statutes of 1979 shall not receive reimbursement for child care services from the Superintendent of Pub-

lic Instruction in excess of 75 percent of the average daily enrollment funding standards for campus child care programs. Campus child care programs operated by the University of California, California State University, and community colleges that did not levy a permissive override tax in the 1977–78 fiscal year shall receive reimbursement from the Superintendent of Public Instruction which equals 100 percent of the average daily enrollment funding standards for campus child care programs.

15. Notwithstanding any other provision of law, for each School Age Community Child Care Program approved for funding, the Superintendent of Public Instruction shall ensure that no more than one-half of the enrollees reported are eligible for and receiving subsidization as specified under subdivision (b) of Section 8468.5 of the Education Code. Agencies which fail to meet the requirements of this provision, and which do not have a State Department of Education approved waiver under Section 8474 of the Education Code, shall be deemed in noncompliance with the Education Code requirements. The failure of an agency to submit a corrective action plan within the timelines specified by the State Department of Education to correct the deficiency shall result in the agency being placed on conditional status. Agencies on conditional status shall be monitored monthly by the State Department of Education, which shall provide technical assistance to enable agencies to reach compliance.

    It is the intent of the Legislature that the above-referenced procedures shall be imposed for the 1991–92 fiscal year only. On July 1, 1992, the full fiscal effect of the state participation limits shall be resumed.

16. Notwithstanding subdivision (w) of Section 8208 of the Education Code and Section 8360 of the Education Code, a person employed as a "program director" shall hold a Children's Center Supervision Permit, or its equivalent as specified in Section 8360, or shall hold a waiver of these requirements issued by the Superintendent of Public Instruction. The Superinten-

dent of Public Instruction may issue this waiver if the superintendent determines that the contractor has documented a compelling need to do so and if the candidate is likely to have a Children's Center Supervision Permit, or its equivalent as specified in Section 8360, no later than June 30, 1992, as shown by satisfactory progress on an educational plan prepared by the candidate.

17. Notwithstanding Section 8278 of the Education Code, the State Department of Education shall allocate the first $524,742 in funds in excess of those required to make payments on accounts payable pursuant to subdivision (a) of Section 8278 of the Education Code in the following priority order:
    (a) $92,000 for the Los Angeles County Respite Care Pilot Program (Chapter 1394, Statutes of 1990)
    (b) $124,000 to provide staff development on the delivery of child care services to children with exceptional needs (Chapter 1596, Statutes of 1990)
    (c) $89,500 to fund the Southern California Youth and Family Center
    (d) $219,242 to fund the Children's Council of San Francisco
18. Notwithstanding Section 8278 of the Education Code, the State Department of Education shall adopt an expenditure plan for funds in excess of those required to make payments on accounts payable pursuant to subdivision (a) of Section 8278 of the Education Code. To the extent that the following provisions are not in conflict with legislative priorities specified in this act or in other subsequent legislation, the expenditure plan shall reflect the following distribution of funds:
    (a) Not less than 50 percent for direct service.
    (b) Not less than 20 percent for staff development.
    (c) Not less than 20 percent for one-time-only special projects which will directly benefit children, including data collection and research.

The funds appropriated by Schedule (c) are for support of a program of basic and clinical health science education and primary health care delivery research in the field of podiatry, University of California, to be conducted in conjunction with the California College of Podiatric Medicine as provided for in Sections 1 and 4, inclusive, of Chapter 1497, Statutes of 1974.
6. Of the amount in Schedule (a), $2,629,957 shall be available for expenditure only for support of the Northern and Southern Occupational Health Centers as established by a contract entered into with the Department of Industrial Relations pursuant to Section 50.8 of the Labor Code.
7. $4,080,000 of the amount in Schedule (a) shall be available only for microelectronics research, and shall be expended subject to the oversight and policy direction of a committee, to be appointed by the president of the university and to consist of equal numbers of state government, university, and electronics or semiconductor, or both, industry representatives, for the purposes of advancing appropriate research and graduate education in microelectronics research, including innovative research in microelectronics technology, its applications in computer and information sciences, and its necessary antecedents in other physical science disciplines.

   The expenditure of the $4,080,000 available for microelectronic research shall also be subject to the following conditions:

8. No funds appropriated by this act may be used by the Regents of the University of California to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

9. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when the Director of Finance certifies that the systemwide enrollment of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the university was based; provided, that no increased expenditure may exceed $6,000,000 in

In the event that the systemwide enrollment of the University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

For purposes of this provision, graduate enrollments of the University of California shall be excluded from all calculations.

the Board of Regents raises systemwide mandatory fees beyond this budgeted level, a portion of the additional fee revenues shall be used to provide financial aid to UC students who cannot afford this additional fee increase through University aid programs and the Cal Grant programs administered by the Student Aid Commission. Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category", "program", or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract.

For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1991–92," submitted by the Governor to the Legislature at the 1991 portion of the 1991–92 Regular Session,

SEC. 3.75. Notwithstanding any other provision of law, the Department of Finance may reduce amounts in any appropriation item, or in any category thereof, which are determined to be in excess of the amount required to fund Centrex service costs, as a result of savings achieved through the award of a contract to competitively bid the state's lines outside the existing Automatic Telecommunications Switching System (ATSS). The Department of General Services shall provide the amounts of these savings by department, board, bureau, commission, or agency, based on telephone billing data, no later than November 1, 1991.

The maximum cost of any such project shall not exceed $250,000, and any approved critical project costing more than $20,000, but not greater than $250,000, shall be reported to the Chairperson of the Joint Legislative Budget Committee or his or her designee, not less than 30 days prior to requesting bids for the project. SEC. 8.51. Each state agency shall, by certification to the State Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.60. The State Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by State Administrative Manual Section 20050—Administration of Federal Pass-through Funds.

No billing may be sent to affected departments sooner than 30 days after the Chairperson of the Joint Legislative Budget Committee has been notified by the Director of Finance that he or she concurs with the amounts specified in the billings.

SEC. 9.10. The Supplemental Report of the Committee on Conference on the Budget Bill, which contains agreed language on statements of intent or requests for studies, which was submitted to the Senate and Assembly concurrently with consideration of the Budget Bill for the 1991–92 fiscal year, reflects the intent of the Legislature in enacting the Budget Act of 1991 and should be interpreted as such by the various agencies of state government affected by the statements contained in the report. SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained herein for acquisition of property pursuant to the Property Acquisition Law shall be limited to the amount specified for such costs in the Supplemental Report of the 1991 Budget Act. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board. SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the State Controller shall so notify the Department of Finance. The Department of Finance shall then notify the State Controller of the specific

appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act is made deficient by such a charge, funding augmentations must follow the regular budget processes including Section 27.00 of the Budget Act. However, the 30-day notification requirement is waived for payments mandated by federal courts.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with Section 14959 of the Government Code. Upon receipt of bids for the project, an estimate of the amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.50. (a) Notwithstanding any other provision of law, no allocations shall be made pursuant to subdivision (b), (c), (d), (e), or (g) of Section 6217 of the Public Resources Code for the 1991–92 fiscal year.

(d) Notwithstanding any other provision of law, the amount of eighty million dollars ($80,000,000) shall be allocated to the General Fund for the 1991–92 fiscal year from tidelands oil revenues otherwise subject to Section 6217 of the Public Resources Code.

SEC. 11.55. The State Controller may transfer funds between the Outer Continental Shelf Land Act Section 8(g) Revenue Fund and that portion of the Federal Trust Fund which was utilized from

the 1985–86 fiscal year to the 1988–89 fiscal year, inclusive, for the receipt of moneys pursuant to a settlement regarding Section 8(g) of the Outer Continental Shelf Land Act.

SEC. 11.60. Notwithstanding Article 12 (commencing with Section 16429.30) of Chapter 2 of Part 2 of Division 4 of Title 2 of the Government Code, Section 25115 of the Revenue and Taxation Code, or any other provision of law, all moneys deposited in the California Unitary Fund during the 1991–92 fiscal year and all expenditures, disbursements, and transfers from the California Unitary Fund shall be budgeted and accounted for at the fund level. No expenditure, disbursement, or transfer shall be made from the California Unitary Fund except in accordance with Chapter 1558 of the Statutes of 1988 or this act.

SEC. 12.00. (a) For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of thirty-two billion one hundred seventy-three million dollars ($32,173,000,000) for the 1991–92 fiscal year, which shall be adjusted pursuant to subdivision (b). Any judicial action or proceeding to attack, review, set aside, void, or annul the "appropriations limit" for the 1991–92 fiscal year shall be commenced within 45 days of the effective date of this act.

(b) For purposes of adjusting the appropriations limit set forth in subdivision (a), "population" for the 1991 fiscal year shall be based on population according to the 1990 census, adjusted to correct for the undercount. The Bureau of the Census is required to decide whether to adjust the 1990 census on or before July 15, 1991, pursuant to the federal court order in City of New York v. US Department of Commerce, No. 88-CV-2474 (US District Court for the Eastern District of New York). If the Bureau of the Census decides to adjust the 1990 census data, or if it is ordered to adjust by the court, "population" shall be based on the 1990 census data as adjusted by the Bureau. If the Census Bureau decides not to adjust the 1990 census, and is not ordered to adjust by the court, "population" shall be based on the 1990 census data adjusted to reflect the "PES estimates based on data available to date" released by the Bureau of the Census on June 13, 1991: 30,888,000. The Legislature may determine the exact amount of the adjustment following the determination by the Census Bureau pursuant to the federal lawsuit.

SEC. 12.30. (a) There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring this special fund up to the amount stated in the Final Change Book for the 1991–92 fiscal year ending balance in the Special Fund for Economic Uncertainties, as of July 1, 1991. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

(b) For the purpose of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed limited to the lesser of the following amounts:

(1) The amounts stated in this act or

(2) The amount encumbered or expended as of June 30, 1991, against each appropriation. The amount of the appropriations expended or encumbered shall be determined on the basis of the State of California Preliminary Annual Report—Accrual Basis. Any subsequent adjustments shall be determined jointly by the Controller and the Director of Finance.

(c) Of the amount appropriated to the Special Fund for Economic Uncertainties, the Director of Finance may allocate a sufficient amount, not to exceed $10,000,000, to the Department of Forestry and Fire Protection for emergency fire suppression for the 1991–92 fiscal year.

(d) Of the amount appropriated to the Special Fund for Economic Uncertainties, the Director of Finance may allocate a sufficient amount, not to exceed $20,000,000, for emergency or disaster response operation and other related costs incurred by state or local agencies for the 1991–92 fiscal year. These allocations would be made as a result of a state of emergency proclamation by the Governor.

(e) Of the amount appropriated to the Special Fund for Economic Uncertainties, the Director of Finance may allocate amounts as grants or loans to counties or to cities and counties demonstrating difficulties in balancing their budgets for the 1991–92 fiscal year.

(1) To receive funding pursuant to this section, a county or city and county shall clearly demonstrate in an application to the Director of Finance all of the following:

(A) In 1991–92, the county or city and county net county share of costs for state required programs has increased at a faster rate than its general purpose revenue. For the purposes of this determination, "net county costs" includes "county costs of justice programs" as defined in subdivision (b) and (c) of Section 16265.2 of the Government Code, as well as net county costs for indigent health care, foster care, and general assistance. "General purpose revenues" shall be as defined in subdivision (d) of Section 16265.2 of the Government Code, exclusive of revenue from permits and licenses.

(B) The county or city and county has taken corrective action to balance its 1991–92 budget, including reducing expenditure levels and/or seeking revenue increases for the last three years.

(C) It is not reasonably able to balance the county's or city and county's 1991–92 budget without additional state assistance.

(2) Upon receipt of an application for funding pursuant to paragraph (1), the Director of Finance shall notify the board of supervisors of the applying county or city and county of the preliminary

decision on the application within 30 days. The final decision on a county's or city and county's application shall be made within 60 days of receipt of the application. If the preliminary decision is to deny a request for funding, the director shall identify the deficiency in the supporting material if the final decision is to deny a request for funding. The notice shall specify the reason for denial.

(3) No allocation shall be made to any county or city and county pursuant to this section if the Director of Finance determines that the allocation would cause that county or city and county to have proceeds of taxes in excess of its appropriations limit pursuant to Article XIII B of the Constitution. County budget data submitted to the Controller, insofar as it displays the necessary appropriations limit and budget amounts may be used by the Director of Finance in making this determination.

(4) The Director of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and to the chairpersons of the fiscal committee in each house the amount and detail of any funds allocated to counties or cities and counties pursuant to this section, with the rationale therefore, not later than 30 days prior to the allocation of funds.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations which are subject to Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance where that designation is consistent with legislative intent.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of the Education Code, the total appropriations for Proposition 98 for fiscal year 1991–92 are Eighteen billion four hundred twenty-two million forty-seven thousand dollars ($18,422,047,000), or 42.1 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues set aside for school districts are Sixteen billion six hundred sixty-one million four hundred fifty-five thousand dollars ($16,661,455,000), or 38.076 percent of total General Fund revenues and transfers subject to the state appropriations limit. (b) The Department of Parks and Recreation shall include with the proposed lease or agreement sufficient documentation to enable the Legislature, or the board, as the case may be, to evaluate fully the estimated operating costs and revenues and all terms upon which the lease or agreement is proposed to be entered into. Specifically, the documentation shall identify: (1) any anticipated costs to the state for operation or development under the agreement and the anticipated state share of total operation and development costs; and (2) the anticipated annual revenues, net of operation costs, for the unit and the state's share of these revenues.

(1) The Director of Finance may allocate the balance of any remaining funds authorized for expenditure by Section 14.00 of the Budget Act of 1987, Section 23.50 of the Budget Act of 1988, Section 23.50 of the Budget Act of 1989, or Section 23.50 of the Budget Act of 1990 for any category or program in the schedule set forth for appropriation in this item.

(2) The Director of Finance may not authorize the augmentation of the amount available for expenditure from SLIAG funds for new program activities not identified in the schedule set forth in this item.

(3) The Director of Finance may also not authorize the elimination of the expenditure from SLIAG funds for program activities identified in the schedule set forth in this item.

(4) The Director of Finance may authorize the augmentation or reduction of the amount available for expenditure for a category or program designated in the schedule set forth for such appropriation in this item by transfer from or transfer to any of the other designated categories or programs within this item for the purposes stated in paragraphs (2) and (3). These transfers may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(5) In any situations not discussed in paragraphs (1), (2), (3), or (4), the provisions of Section 28.00 shall apply.

(c) To the maximum extent possible, programs shall use existing delivery mechanisms, funding mechanisms and service providers to deliver services or benefits to newly legalized persons.

(d) Those funding mechanisms which currently allocate resources on the basis of the general population of the respective counties shall be interpreted to refer to the number of newly legalized persons in each county insofar as allocation of the SLIAG apportionment is concerned. Other funding mechanisms which may use variables different than population shall similarly be interpreted to utilize such variables only as they apply to newly legalized persons.

(e) All SLIAG reimbursable costs shall be identified to ensure that California's allotment of federal SLIAG funds is maximized.

(f) The Health and Welfare Agency and administering departments, including the State Department of Education (SDE), shall take the steps necessary to subrogate to the providers of service, the financial liability for inappropriate expenditure or nonuse of federal funds. Whenever current program requirements do not specify such responsibility, the appropriate state agency shall enter into agreements with providers calling for their acceptance of financial responsibility in return for allocation of funds by the state. Funds shall not be allocated to any provider by administering departments absent acceptance of financial responsibility for audit exceptions by the provider.

(g) Records of services provided to newly legalized persons will be kept at the local level except for those programs that use central fiscal intermediary functions to process claims. Individual programs will require periodic reports from providers and will provide their managing state departments with summary data at suitable intervals. The managing departments will track the provision and cost of services to newly legalized persons.

(h) Each state department which receives or administers SLIAG funds shall make available, where necessary, through existing programs, technical assistance and training to service providers. Technical assistance may include information and training in cost tracking and identification systems, accounting procedures and program accountability, reimbursement claim preparation, and identification procedures for newly legalized persons. The departments shall ensure that this assistance is allowable under federal SLIAG regulations and guidelines. The departments may provide this technical assistance directly through existing programs or through contracts with individuals or organizations having expertise in program areas, and may implement this technical assistance through any of the following:

(1) Local or regional or statewide workshops.

(2) Identification of model programs.

(3) Onsite consultation.

(4) Statewide training/association activities.

(i) (1) Counties which claim SLIAG funds for indigent health services based on the documentation of services provided to newly legalized persons, to the extent SLIAG funds are allowable and to the extent this information is not now available, shall implement the Medically Indigent Care Reporting System, as defined by the State Department of Health Services. This system shall provide, at a minimum, specific patient identification and linkage to incurred costs for the five service categories below:

(A) Inpatient services rendered to newly legalized persons and associated costs.

(B) Outpatient services and associated costs.

(C) Emergency and associated costs.

(D) Pregnancy-related services and associated costs.

(E) Contract services and associated costs.

(2) Counties which claim SLIAG funds for medically indigent health services based on statistically valid sampling shall submit their sampling plans, inclusive of all methodologies and protocols, to the Department of Health Services for review and approval. Prior to this approval, the state department shall submit the sampling plan to the United States Department of Health and Human Services for review and comment. Any such approval by the state department shall categorically include the federal comments and shall be contingent thereon. Approval of a sampling plan shall in no way set aside the requirement for subrogation of financial liability for inappropriate expenditure or nonuse of funds contained in subdivision (f). Nothing in this subdivision shall be construed to preclude the state department from disapproving a sampling plan for cause.

(3) Counties shall have the option of utilizing either of the methods described in paragraph (1) or (2) for claiming SLIAG funds for indigent health services.

(j) All contracts and agreements involving SLIAG funds shall require both contracting parties to maintain confidentiality of all beneficiary information relating to immigration status. The contracts shall specify that this information shall not be released to the United States Immigration and Naturalization Service (INS), or to any other agency, without the beneficiary's consent, unless this release is required by state or federal law.

(k) The SDE shall distribute adult education SLIAG funds to community colleges, local school districts, and community-based organizations—including qualified designated entities authorized to provide educational services by the INS regulations—in accordance with an IRCA Adult Education Services Delivery Plan (AESDP). This plan shall be developed by the SDE in consultation with representatives of the different service provider groups, and shall be provided to the Director of Finance by September 15, 1991. Prior to allocation of any SLIAG funds to the SDE, the AESDP shall be approved by the Director of Finance. The SDE shall submit the AESDP to the Legislature concurrently with the submission to the Director of Finance. The SDE shall also report to the Legislative fiscal committees by December 1, 1991, on how it intends to allocate future funds for educational services to the newly legalized adult population. The criteria shall include, but not be limited to the following:

1. The number of newly legalized adults wanting/needing to continue basic literacy education instruction (below CASAS 215).
2. Region by region service delivery impacts and how geographic accessibility will be maintained.
3. Transition funding options for providers, including community-based organizations, to continue educational services.
4. The amount of education monies needed to serve the newly legalized population once SLIAG funds are no longer available.

(*l*) The AESDP shall specify:

1. The process for tracking SLIAG funds to newly legalized persons;
2. That the maximum average reimbursement per newly legalized person participating in educational services shall be the least of: (A) the service hours provided multiplied by $5.00; (B) $500 per newly legalized person per year; or (C) actual provider costs of providing services, as determined by applicable state and federal cost principles.

However, for instructional services, the Superintendent of Public Instruction may authorize rates of reimbursement not to exceed a statewide average of $5.50 per hour where these rates are necessary to provide services under special circumstances. These special rates of payment shall be approved by the Superintendent of Public Instruction prior to their taking effect, and may not exceed the limits imposed by subparagraphs (B) or (C) of the preceding paragraph.

Funding authorized pursuant to this subdivision may be used for allowable ancillary costs, including assessment, administration, educational counseling, staff training, recordkeeping, facility rental, child care, transportation, curriculum development, and outreach. Reimbursement shall not exceed actual costs.

Payment for all adult education services shall not exceed the amount authorized by this act or subsequent modifications thereto;

3. Appropriate guarantees or safeguards that the $500 dollar limit shall not be exceeded;
4. The requirement that INS approve individual providers to issue certificates of satisfactory pursuit, as a condition of their receiving SLIAG funds for English-as-a-Second Language (ESL) and civics instruction;
5. How community-based organizations and qualified designated entities may receive SLIAG educational funds in an expeditious and timely manner, while guaranteeing that appropriate standards of educational quality and fiscal accountability are maintained;
6. The appropriate division of responsibility between local school districts and the community colleges, including a reiteration of legislative intent that, notwithstanding Section 8530 of the Education Code, school and community college districts which do not currently provide adult education and noncredit instruction are eligible to participate in this program;
7. The appropriate division of responsibility between the SDE and the Chancellor's office of the community colleges;
8. That a score of 215 on the Comprehensive Adult Student Assessment System (CASAS) test equates to a newly legalized person being able to demonstrate proficiency in English for the purposes of converting from temporary to permanent residency status.
9. That the SDE shall submit quarterly reports to the Health and Welfare Agency, detailing the aggregate claims for reimbursement for adult education services, the total number of newly legalized persons served, the number of certificates

of satisfactory pursuit issued by SLIAG-participating providers, and the number of pre-1982 individuals and Special Agricultural Workers (SAW's) served; and

10. That K–12 school districts and community colleges shall not receive General Fund apportionments for services provided to newly legalized persons where reimbursement for such services has been provided from SLIAG funds.

(m) The SDE, in providing administrative oversight of SLIAG programs, shall assist community-based organizations in establishing educational programs for newly legalized persons, in locating credentialed instructors and in obtaining in-service training.

(n) (1) All entities providing ESL classes to newly legalized persons shall employ at least one teacher/coordinator who holds a certificate or credential recognized by the appropriate credentialing agency as an indicator of the teacher's ability to teach in a language development program. All other individuals who teach ESL classes shall:

(A) Hold a bilingual education or language development specialist certificate issued by the appropriate credentialing agency; or

(B) Be credentialed and have successfully completed college coursework or training in ESL.

(2) When no teacher meeting the above criteria is available for placement, individuals who meet any of the following criteria and agree to participate in mandatory, concurrent training in ESL may be hired. Eligible candidates include individuals who:

(A) Are not credentialed, but have ESL college coursework or training; or

(B) Have established proven experience of not less than 6 months of successful direct ESL instruction with any age group.

(o) (1) The SDE shall establish a funding allotment for each approved adult education SLIAG provider. The SDE shall adjust individual allotments at the end of the fall semester and also periodically as deemed necessary, to reflect updated estimates of enrollment and funding available. The SDE shall also apportion at least 10 percent of the appropriation to a reserve pending the midyear adjustment or adjustments.

(2) For the purpose of determining each provider's funding allotment, the SDE shall calculate an amount for each provider based on the following list of priorities. The calculation shall commence with subparagraph (A) for all providers statewide, and shall proceed until the total amount of funding made available for this purpose has been exhausted:

(A) 60 hours of instruction for each pre-1982 individual in need of a certificate of satisfactory pursuit, and not previously enrolled for 60 hours or meeting alternative means of demonstrating satisfactory pursuit. The SDE's calculation shall be based on the department's estimates of the number of these individuals in each county, minus estimates of the number of those individuals receiving non-SLIAG funded services. Funding associated with these individuals shall be prorated among providers within each county based on the discretion of the Superintendent of Public Instruction, but primarily based on 1989–90 and 1990–91 enrollment counts.

(B) Additional ESL instruction for pre-1982 individuals and SAW's, who score below 215 on the CASAS test at the discretion of the Superintendent of Public Instruction.

(p) (1) Priority students for ESL and civics instruction are defined as persons who are applicants for permanent residence pursuant to IRCA, who score below a level of 215 on the standardized CASAS or a correlative score on any other standardized literacy test approved by the Superintendent of Public Instruction, or who have failed the legal proficiency test administered by the INS or its designated agencies, and who have not yet demonstrated that they are "satisfactorily pursuing" English and United States civics, as defined in paragraph (s) of Part 245a.1 of Title 8 of the Code of Federal Regulations and cannot qualify for any alternatives to demonstrating satisfactory pursuit other than enrolling in an adult education program.

(2) As a condition of receiving funds, providers of ESL and civics instruction shall maintain waiting lists of prospective students eligible under the SLIAG program identified by adjustment status pursuant to Sections 210 and 245A of IRCA. The waiting lists shall specify: (1) each individual's status (pre-1982 or SAW); (2) CASAS score (when assessed); and (3) whether the individual was previously enrolled for the purposes of meeting INS requirements, qualifies for any alternatives to demonstrating satisfactory pursuit, or has passed the legal proficiency test administered by the INS (or its designated agencies), has failed this test, or has qualified for a certificate of satisfactory pursuit.

(3) In addition, at the end of each quarter or semester, including the summer quarter or semester, providers shall reenroll all SLIAG-funded individuals, vacancies permitting. At these times, or any other time when a vacancy arises, providers shall enroll students based on the following priorities:

(A) Priority students scoring below 215 CASAS, or who have failed an INS-approved proficiency test, in need of 60 hours of instruction in order to obtain a certificate of satisfactory pursuit and who do not qualify for any of the alternative means of demonstrating satisfactory pursuit.

(B) Students scoring 215 CASAS or above who do not qualify for any of the alternative means of demonstrating satisfactory pursuit, but who reside 40 miles or more from an INS test center (or one hour travel time, one way), and who are in need of 60 hours of instruction in order to obtain a certificate of satisfactory pursuit.

(C) Students scoring below 215 CASAS who: (i) have qualified for a certificate of satisfactory pursuit; or (ii) are SAW's.

(4) Providers shall schedule future dates on which priority individuals on waiting lists can enroll and on which other students shall reenroll, and shall inform individuals on waiting lists of these dates at the time they are included on the lists.

(5) This subdivision shall apply notwithstanding any provision of the Education Code or any other provision of law.

(q) It is the intent of the Legislature that educational service providers encourage individuals scoring above 210 CASAS to take the INS proficiency test before enrolling in adult education classes. The SDE shall notify providers of this policy.

(r) Educational providers receiving SLIAG funds shall report to the SDE, no later than November 1, 1991, the following information by category (pre-1982, SAW, below 215 CASAS): the number of individuals served, the number still on waiting lists, the number of certificates of satisfactory pursuit issued, and any other data deemed necessary by the SDE and the Health and Welfare Agency for making midyear allotment adjustments.

(s) The aggregate allotments made to all participating community colleges pursuant to paragraph (2) of subdivision (o), plus a proportional amount of the funds reserved for the midyear adjustment required by paragraph (1) of subdivision (o), shall be considered a program appropriation, just as if it were separately scheduled under subparagraph (C) of paragraph (2) of subdivision (a). The SDE, in consultation with the Chancellor's office and the Department of Finance, shall have the authority to adjust the amounts allocated to individual community college districts. However, should these adjustments either augment or reduce the total amount of funds available to community colleges, these adjustments shall only be authorized subject to the legislative notification procedure set forth in paragraphs (2), (3), and (4) of subdivision (b).

(t) The SDE shall maintain a statewide advisory council of community-based organizations, qualified designated entities, adult education providers, and community college providers to assist the department in the coordination of administrative, reimbursement, and funding allocation processes, outreach, and technical assistance efforts.

(u) If, subsequent to the enactment of the Budget Act of 1991, the Department of Finance determines that there may not be sufficient federal appropriations to fund the programs in this section, it is the intent of the Legislature that funds be allocated in priority as follows:
  (1) To meet the requirements of federal regulations pertaining to IRCA.
  (2) To permit newly legalized persons to meet educational requirements for legal permanent residency.
  (3) To state entitlement programs, including Medi-Cal, SSI/SSP, and AFDC.

(v) To the extent that the federal Fiscal Year 1992 appropriation exceeds the amount necessary to fund the appropriations in this section, it is the intent of the Legislature that the additional funds be allocated in priority as follows:
  (1) General Fund obligations for entitlements.
  (2) Education, up to $13 million.
  (3) Primary care clinics.
  (4) Programs that have previously received SLIAG funds.

SEC. 24.00. For the 1991–92 fiscal year, the oil and mineral revenues from federal lands which are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for K–12 district regular apportionments and 15 percent to Section B of the fund exclusively for community college regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.10. If applicable, the amount of lottery funds received on the basis of adult education ADA and the amount of lottery funds expended for adult education also shall be reported.

(b) The State Department of Education shall conduct a survey of a representative sample of 100 local educational agencies to determine the patterns of use of lottery funds in those agencies. The sample shall be drawn to include all local educational agencies over 200,000 ADA and representative local educational agencies randomly selected by size, range, type, and geographical dispersion. On or before January 15, 1992, the State Department of Education shall report to the Legislature and the Governor the results of the survey for the 1990–91 fiscal year.

SEC. 26.60. Notwithstanding any other provision of law, 30 days prior to the Department of Food and Agriculture's entering into interim financing or long-term financing, including bond agreements, pursuant to Article 9 (commencing with Section 19590) of Chapter 4 of Division 8 of the Business and Professions Code, the department shall submit a report to the Chairperson of the Joint Legislative Budget Committee with copies to the Chairpersons of Senate Budget and Fiscal Review Subcommittee Number 2, Assembly Ways and Means Subcommittee Number 3, the Senate Select Committee on Fairs and Rural Issues, and the Subcommittee on Fairs and Expositions of the Assembly Committee on Agriculture. The report shall list: (a) proposed individual satellite wagering expansion projects at fairs, (b) costs for constructing, operating, and maintaining individual satellite wagering projects, (c) net revenue projections for individual satellite wagering projects, and (d) projected effect on net Satellite Wagering Account revenue resulting from individual satellite wagering projects and satellite wagering related projects. Additional notification is not required for financing proposals unless refinancing will result in the expenditure of additional funds, in which case the report shall include the above-requested information relat-

ing only to the new debt. Reporting shall only be required for satellite wagering projects funded by interim financing or long-term financing, including bond agreements.

SEC. 27.00. (a) Approval by the Department of Finance of the creation of deficiencies pursuant to Section 11006 or approval to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall not be made unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and chairperson of the committee in each house which considers appropriations not later than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expenditure. This notification requirement is not applicable to caseload increases in Medi-Cal, Aid to Families with Dependent Children (AFDC), and Supplemental Security Income/State Supplementary Program (SSI/SSP). All notifications shall include (1) the date a deficiency request was received by the Department of Finance, (2) the reason for the proposed deficiency, and (3) the approved amount.

(b) Approval for any emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations not later than 10 days after the effective date of the approval. All notices shall state the reason for and amount of the deficiency.

As used in this section, "emergency expenditure" means an expenditure incurred in response to conditions of disaster or extreme peril which threaten the health or safety of persons or property within the state.

(c) The Department of Finance shall provide copies of all requests from agencies to spend at rates which will result in a deficiency appropriation to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations. The department shall submit these copies within 10 days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(d) For purposes for which the Governor previously vetoed funding, allocation of funds or authorization for deficiency expenditures shall not be made under the emergency provisions.

(e) The Department of Finance shall provide deficiency bill updates on April 15, May 15, and June 15, 1992, to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations. Additional updates shall be provided by the Department of Finance if requested by the Legislature or as deemed necessary by the Department of Finance.

SEC. 28.00. (a) The Director of Finance may authorize the augmentation of the amount available for expenditure for any category or program in the schedule set forth for any appropriation in this act or any additional category or program in the amount of any funds which he or she estimates will be received by an officer, department, division, bureau, or other agency during the 1991–92 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he or she determines has not been taken into consideration in the schedule or is in excess of the amount so taken into consideration.

(b) The Director of Finance may also reduce any category or program whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(c) The augmentations or reductions set forth in paragraphs (1) to (5), inclusive, may not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. This notification requirement is not applicable to federal funds related to caseload increases in Medi-Cal, Aid to Families With Dependent Children (AFDC) and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(1) Augmentations or reductions which either are (A) in excess of $100,000 or (B) are in excess of 10% of the amount available for expenditure in the affected category or program.

(2) Any other augmentations which the Director of Finance determines constitute an increase in the level of services above that authorized by this act or other existing law or are for a new program not identified in this act as such.

(3) Any other reductions which the Director of Finance determines constitute a decrease in the level of service below that authorized by this act or other existing law.

(4) Any augmentation, regardless of the amount, for the purpose of funding a task force or advisory council created by executive order of the Governor.

(5) Any reduction in excess of 5% of the amount available for expenditure for any program funded from the Cigarette and Tobacco Products Surtax Fund.

(d) Any personnel action which is dependent on funds subject to the provisions of this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section too late for inclusion in the Governor's Budget for the 1992–93 fiscal year shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 1993.

(e) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the expenditure.

(2) A determination whether the expenditure, if federally funded, is specifically designed to be one-time, a continuing federal obligation, or one that the state is required (or expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces existing state expenditures.

(4) A determination whether the expenditure has previously been considered at some point in the legislative process and has been denied and, if the expenditure has been denied, for what reasons.

(f) All increased expenditures from department indirect cost funds in excess of the amount budgeted in this act or identified in a prior Section 28.00 notification are subject to the reporting requirements of this section.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. On and after July 1, 1992, no moneys in any fund which, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

SEC. 31.00. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in the manner which the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of $3,171 as of July 1, 1991. He or she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section during the 1991–92 fiscal year shall terminate on June 30, 1992, except for those positions which have been (a) included in the 1992–93 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1992–93 Governor's Budget submission to the Legislature. The positions set forth in (a) and (b) above may be reestablished by the Department of Finance during the 1992–93 fiscal year, provided these positions are shown in the 1993–94 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in establishment of positions deleted by the Legislature through the 1992–93 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. A copy of this document shall be submitted to the Department of Finance upon request. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to the allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. This transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any 1991–92 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action(s) unless the Department of Finance certifies to the salary and other compensation-setting authority prior to the adoption of these action(s) that funds are available to pay the increased salary or employee compensation resulting therefrom. Prior to certification, the Department of

Finance shall determine whether this increase in salary range or employee compensation action will require supplemental funding in the 1992–93 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that these expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations, unless the consent of the Department of Finance is first obtained, and a certificate, in writing, is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void, and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of a department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to which the indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 33.50. (a) In addition to any other provision of this act, $7,719,000 is hereby appropriated to the Senate for joint expenses of the Legislature. Of this amount, the Senate Committee on Rules may transfer up to $4,531,000 to the Joint Legislative Audit Committee for support of the Auditor General and up to $3,188,000 to the Joint Legislative Budget Committee for support of the Legislative Analyst.

(b) In addition to any other provision of this act, $10,927,000 is hereby appropriated to the Assembly for joint expenses of the Legislature. Of this amount, the Assembly Committee on Rules may transfer up to $6,415,000 to the Joint Legislative Audit Committee for support of the Auditor General and $4,512,000 to the Joint Legislative Budget Committee for support of the Legislative Analyst.

(c) Any amounts transferred to the Joint Legislative Audit Committee and the Joint Legislative Budget Committee pursuant to subdivisions (a) and (b) are hereby appropriated for the expenses of the Auditor General and Legislative Analyst and are available without regard to fiscal years, to be paid on certification of the chairperson of the committee to which the transfer is made.

SEC. 34.00. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.00. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 1991–92 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be available for expenditure commencing not later than July 1, 1991. It is therefore necessary that this act go into immediate effect.

CHAPTER 119

An act to amend Section 26802.5 of the Government Code, relating to county officers.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 26802.5 of the Government Code is amended to read:

26802.5. In a county of the 11th, 15th, 17th, 22nd, or 36th class, as ascertained and determined by Section 28020, a registrar of voters may be appointed by the board of supervisors in the same manner as other county officers are appointed. In those counties, the county clerk is not ex officio registrar of voters, and the registrar of voters shall discharge all duties vested by law in the county clerk which duties relate to and are a part of the election procedure.

CHAPTER 120

An act to amend Section 227.30 of the Civil Code, relating to adoptions.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 227.30 of the Civil Code is amended to read:

227.30. A stepparent adopting a child of his or her spouse shall be liable for all reasonable costs incurred in connection with the stepparent adoption, including, but not limited to, costs incurred for the investigation required by Section 227.20, up to a maximum of two hundred dollars ($200). The probation officer or county welfare department may defer, waive, or reduce the fee for costs when such a payment would cause economic hardship to the prospective adoptive parent which would be detrimental to the welfare of the adoptive child.

CHAPTER 121

An act to amend Section 26458 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 26458 of the Vehicle Code is amended to read:

26458. (a) The braking system on every motor vehicle used to tow another vehicle shall be so arranged that one control on the towing vehicle shall, when applied, operate all the service brakes on the power unit and combination of vehicles when either or both of the following conditions exist:

(1) The towing vehicle is required to be equipped with power brakes.

(2) The towed vehicle is required to be equipped with brakes and is equipped with power brakes.

(b) Subdivision (a) shall not be construed to prohibit motor vehicles from being equipped with an additional control to be used to operate the brakes on the trailer or trailers.

(c) Subdivision (a) does not apply to any of the following combinations of vehicles, if the combination of vehicles meets the stopping distance requirements of Section 26454:

(1) Vehicles engaged in driveaway-towaway operations.

(2) Disabled vehicles, while being towed.

(3) Towed motor vehicles.

(4) Trailers equipped with inertially controlled brakes which are designed to be applied automatically upon breakaway from the towing vehicle and which are capable of stopping and holding the trailer stationary for not less than 15 minutes.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 122

An act relating to telephone services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The citizens and businesses of the State of California join with all of America in recognition of and gratitude for the great hardship and sacrifice of America's soldiers.

(b) Many of America's soldiers serving in the Persian Gulf War leave behind family, friends, and loved ones.

(c) The telephone provides an irreplaceable bridge across the world, linking the soldiers with their families and providing them with comfort, solace, and information.

(d) This intercontinental telephone service is expensive with instances of soldiers' telephone bills costing hundreds of dollars, causing a temporary but significant financial burden.

(e) Adding to this burden is the loss of income to many of the soldiers resulting from their service in the Persian Gulf War.

(f) Because we recognize the value of the telephone in maintaining the morale of the soldiers, their facilities, and loved ones, steps should be taken so that the cost of calling does not unduly impede its use.

(g) Though the combat has ceased, the need for relief continues because soldiers remain in the Persian Gulf.

(h) This same principle of humane access to telephone service is applicable to other emergency situations. Steps should be taken to determine whether an assistance program is feasible and desirable in similar emergency situations.

SEC. 2. (a) The Public Utilities Commission shall as expeditiously as possible develop and implement procedures which mitigate the significant additional expense incurred by service men and women in communicating with their families and loved ones during the Persian Gulf War.

(b) These measures shall include, but not be limited to:

(1) Determination of the feasibility of a category of emergency telephone service, which may include payment plans, that can be expeditiously implemented on the commission's own motion in widespread emergency situations such as war or earthquakes. The study shall include recommendations for funding and shall be submitted to the Legislature by January 1, 1992.

(2) Development of a billing and collections program for persons on active military duty outside the United States serving, or having

served, in the Persian Gulf War to permit a payment plan for large telephone bills, to be initiated at the request of the telephone subscriber, and to prohibit involuntary shutoff of telephone service unless the customer acts in bad faith.

(c) The Public Utilities Commission shall also apply to the Federal Communications Commission for the establishment of a special low cost international tariff for calls made by and to soldiers on active military duty outside of the United States, related to the Persian Gulf War.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate additional expense for telephone service for active duty military personnel serving in the Persian Gulf, which is significant and represents a current hardship to the soldiers, it is necessary for this act to take effect immediately.

CHAPTER 123

An act to amend Section 44981 of the Education Code, relating to employees.

[Approved by Governor July 20, 1991 Filed with Secretary of State July 22, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 44981 of the Education Code is amended to read:

44981. Any days of leave of absence for illness or injury allowed pursuant to Section 44978 may be used by the employee, at his or her election in cases of personal necessity. The governing board of each school district and each office of county superintendent of schools shall adopt rules and regulations requiring and prescribing the manner of proof of personal necessity for purposes of this section.

The employee shall not be required to secure advance permission for leave taken for any of the following reasons:

(1) Death or serious illness of a member of his or her immediate family.

(2) Accident, involving his or her person or property, or the person or property of a member of his or her immediate family.

No such accumulated leave in excess of seven (7) days may be used in any school year for the purposes enumerated in this section unless a maximum number of days in excess of seven (7) is specified for that purpose in an agreement between the exclusive bargaining representative and the district.

CHAPTER 124

An act to amend Section 1916 of the Education Code, and to amend Section 1203m of the Penal Code, relating to youth and adult offender education.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1916 of the Education Code is amended to read:

1916. (a) For the purposes of the pilot project described in subdivision (a) of Section 1203m of the Penal Code, the chief probation officer of Sacramento County, in collaboration with the county superintendent of schools of that county and other appropriate state and local agencies, including the President of the California State University, Sacramento and the chancellor of each community college in the county, shall do all of the following:

(1) Identify and propose appropriate programs, and develop screening methods and procedures to assist the courts to select those defendants who are most likely to succeed in and benefit from the pilot project. The selection criteria employed for this purpose may include limited reading ability, a low level of educational attainment, or a lack of employment skills.

(2) Propose, in cooperation with the superior and municipal courts of Sacramento County, appropriate minimum standards of academic progress for local youth and adult offender education and crime prevention programs.

(3) Carefully monitor progress, timing, and deadlines.

(4) Delegate and supervise relevant local research, evaluation, correlation, indexing, and review.

(5) Determine how the various entities with whom the chief probation officer collaborates may, individually and collectively, help to promote youth and adult offender education and crime prevention.

(6) Determine what is being done in local, adult, and juvenile

custodial facilities to educate those in custody.

(7) Evaluate the nature and extent of existing library resources, those in construction, and any library resources planned for the future in local juvenile and adult custodial facilities.

(8) Consider the nature and extent of local interagency, multidisciplinary collaboration and cooperation between public and private agencies and organizations and custodial facilities, and between those local agencies and organizations, and parallel entities at the state level.

(9) Determine appropriate standards to conduct the evaluations provided for by this subdivision.

(10) Work with professional, business, and labor organizations to develop employment opportunities for youth and adult offenders who have completed their conditions of probation in a successful and timely manner, including, but not limited to, those conditions applicable pursuant to Section 1203m of the Penal Code.

(11) Expand on the issues set forth in this subdivision so as to include all appropriate, related issues.

(b) The county office of education shall contract with a qualified institution of higher education for the evaluation of the pilot project, which evaluation shall be updated as required for purposes of subdivision (c). For the purposes of that evaluation, the county superintendent of schools, with the assistance of the chief probation officer, shall maintain, and provide to that institution, data regarding the participants in the pilot project that includes, but is not limited to, the following: achievement of learning objectives; avoidance of additional criminal activity; violations of conditions of probation; success in securing gainful employment; wage levels prior to, and after, participation in the pilot project; attendance, subsequent to completion of participation in the pilot project, in literacy or educational programs; and independence from public assistance. In addition to the issues described in this paragraph, the evaluation shall contain a cost-benefit analysis of the public moneys saved as a result of participation in the pilot project, as compared to public costs that would otherwise be incurred based on the likelihood of subsequent criminal activity on the part of the offender. The pilot project shall be deemed to be successful if both of the following conditions are met:

(1) There is an improvement of at least 75 percent in the rate at which participants avoid additional criminal activity during their participation in the project, as compared to the rate that would otherwise be expected of those specific participants as a group.

(2) The participants progress, on average, at least two grade levels for each year of instruction under the project, as adjusted proportionately for any participation of less than one year.

(c) No later than March 31, 1991, the institution of higher education shall prepare and publish a formal, written report on the findings under subdivision (a) and the results of the evaluation conducted pursuant to subdivision (b). No later than March 31, 1992,

and, again, no later than March 31, 1993, the institution of higher education shall prepare and publish a followup report, which shall contain updated results of the evaluation conducted pursuant to subdivision (b), and should include recommendations for the improvement, expansion, and funding of education programs and libraries pursuant to the purposes of this section.

SEC. 2. Section 1203m of the Penal Code is amended to read:

1203m. (a) In each of the 1990, 1991, and 1992 calendar years, up to 200 criminal defendants between the ages of 18 and 30 years, inclusive, who are sentenced in the Superior Court of Sacramento County, and up to 200 criminal defendants of that age who are sentenced in the Municipal Court of Sacramento County may be required, as a condition of probation, to enroll, and to maintain reasonable progress, in public or private literacy or other educational programs designated by the court. The programs designated for this purpose may be operated in any school district, community college district, or private school, and shall be designed and operated to assist in the improvement of reading, writing, speaking, and calculating skills, to increase the number and quality of employment opportunities, and to reduce the likelihood of criminal behavior, so as to reduce the public and private costs, both direct and indirect, of criminal misconduct. Each probationer may be required, pursuant to this requirement, to complete up to 200 hours of instruction over a period of one year.

(b) Any school district or community college district in which any probationer enrolls pursuant to this section shall be entitled, as a result, to state funding calculated in accordance with average daily attendance computations as set forth in the Education Code. Any probationer who enrolls in a private school pursuant to this section shall pay the enrollment costs for that program.

(c) For purposes of this section, the first calendar year shall commence on January 1, 1990. Thereafter, each subsequent calendar year shall commence one year from the first day of the prior calendar year.

(d) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1994, deletes or extends that date.

CHAPTER 125

An act to amend Section 51284 of the Government Code, relating to agricultural land.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 51284 of the Government Code is amended to read:

51284. No contract may be canceled until after the city or county has given notice of, and has held, a public hearing on the matter. Notice of the hearing shall be published pursuant to Section 6061 and shall be mailed to every owner of land under contract, any portion of which is situated within one mile of the exterior boundary of the land upon which the contract is proposed to be canceled. In addition, notice of the hearing and a copy of the landowner's petition shall be mailed to the Director of Conservation. Within 30 days of the tentative cancellation of the contract, the city or county shall publish a notice of its decision, including the date, time, and place of the public hearing, a general explanation of the decision, the findings made pursuant to Section 51282, and a general description, in text or by diagram, of the land under contract, as a display advertisement of at least one-eighth page in at least one newspaper of general circulation within the city or county. In addition, within 30 days of the tentative cancellation of the contract, the city or county shall deliver a copy of the published notice of the decision, as described above, to the Director of Conservation. The publication shall be for informational purposes only, and shall create no right, standing, or duty that would otherwise not exist with regard to the cancellation proceedings.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 126

An act to amend Sections 63.6, 71.2, 655.2, and 660 of, and to amend and renumber Sections 675, 676, and 677 of, the Harbors and Navigation Code, relating to harbors and navigation.

[Approved by Governor July 20, 1991 Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 63.6 of the Harbors and Navigation Code is amended to read:

63.6. (a) (1) On or before the 15th day of January of each odd-numbered year, the director shall make a report to the commission, the Legislature, and the Governor covering the operations of the department for the preceding biennium.

(2) With respect to Article 5 (commencing with Section 76), the report shall include all of the following:

(A) The total amount of loans made in each of the two fiscal years immediately preceding the preparation and submission of the report.

(B) For each recipient of a loan during each of the two fiscal years immediately preceding the preparation and submission of the report, the recipient's name, the location of the marina for which the loan was made, and the amount of the loan.

(C) The financial status of each loan.

(D) Any legislative recommendations.

(3) The report shall also include the status of the department's activities related to the monitoring of rates pursuant to Section 71.4, and subdivision (d) of Section 76.7.

(b) The department shall also make any special reports that are requested by the Secretary of the Resources Agency or the Governor.

SEC. 2. Section 71.2 of the Harbors and Navigation Code is amended to read:

71.2. The department shall protect small craft harbors under its jurisdiction from damage and preserve the peace therein. The director and the employees of the department that the director designates have the authority and powers conferred by law upon peace officers listed in Section 830.33 of the Penal Code for those harbors. The department may adopt rules and regulations that may be necessary for the purposes of this section. A violation of those rules or regulations is a misdemeanor.

SEC. 3. Section 655.2 of the Harbors and Navigation Code is amended to read:

655.2. (a) Every owner, operator, or person in command of any vessel propelled by machinery is guilty of a misdemeanor who uses it, or permits it to be used, at a speed in excess of five miles per hour

in any portion of the following areas not otherwise regulated by local rules and regulations:

(1) Within 100 feet of any person who is engaged in the act of bathing. A person engaged in the sport of water skiing shall not be considered as engaged in the act of bathing for the purposes of this section.

(2) Within 200 feet of any of the following:

(A) A beach frequented by bathers.

(B) A swimming float, diving platform, or lifeline.

(C) A way or landing float to which boats are made fast or which is being used for the embarkation or discharge of passengers.

(b) This section does not apply to vessels engaged in direct law enforcement activities which are displaying the lights prescribed by Section 652.5. Those vessels are also exempt from any locally imposed speed regulation adopted pursuant to Section 660.

SEC. 4. Section 660 of the Harbors and Navigation Code is amended to read:

660. (a) Any ordinance, law, regulation, or rule relating to vessels, which is adopted pursuant to provisions of law other than this chapter by any entity other than the department, including but not limited to any county, city, port authority, district, or any state agency other than the department shall, notwithstanding any other provision of law, pertain only to time-of-day restrictions, speed zones, special-use areas, and sanitation and pollution control, and the measure shall not conflict with this chapter or the regulations adopted by the department. Except as provided in subdivision (c), any measure relating to boats or vessels adopted by any governmental entity other than the department shall be submitted to the department prior to adoption and at least 30 days prior to the effective date thereof.

(b) The department may make special rules and regulations governing the use of boats or vessels on any body of water within the territorial limits of two or more counties, cities, or other political subdivisions if no special rules or regulations exist or if the department determines that the local laws regulating the use of boats or vessels on that body of water is not uniform and that uniformity is practicable and necessary.

(c) (1) Any entity, including but not limited to any county, city, port authority, district, or state agency, otherwise authorized by law to adopt measures governing the use and equipment, and matters relating thereto, of boats or vessels, may adopt emergency rules and regulations which are not in conflict with the general laws of the state relating to boats and vessels using any waters within the jurisdiction of the entity if those emergency rules and regulations are required to insure the safety of persons and property because of disaster or other public calamity.

(2) The emergency rules and regulations adopted under paragraph (1) shall become effective immediately upon adoption and may remain in effect for not to exceed 60 days thereafter. The

emergency rules and regulations shall be submitted to the department on or before their adoption.

However, a county shall not levy charges for the costs of support of a minor detained pursuant to Section 625 unless, at the detention hearing, the juvenile court determines that detention of the minor should be continued, the petition for the offense for which the minor is detained is subsequently sustained, or the minor agrees to a program of supervision pursuant to Section 654. The liability of these persons and estates shall be a joint and several liability.

(b) It shall be the responsibility of a county to demonstrate to any person against whom it seeks to enforce the liability established by this section, that the charges it seeks to impose are limited to the reasonable costs of support of the minor and that these charges exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. Except in those placements of a minor in which an AFDC-FC grant is made, the county shall separately itemize the cost of each major component, such as food, clothing, and medical expense, contained within the costs of support of the minor, for any person against whom the county seeks to impose liability under this section. An AFDC-FC grant shall be considered a separate, indivisible component item of the cost of support of a minor. Nothing in this section shall preclude the district attorney from seeking reimbursement of AFDC-FC costs pursuant to Section 11350.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to ensure reasonable uniformity throughout the state in the level of liability being imposed, and to ensure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income. Except in those placements of a minor in which an AFDC-FC grant

is made, and except as provided in paragraphs (1), (2), and (3), "costs of support" as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars ($15) per day, except that:

(1) The maximum cost of fifteen dollars ($15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee for service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

(c) Any individual receiving compensation pursuant to subdivision (b) who does not return to state service within 60 days of being released from active duty shall have that compensation treated as a loan payable with interest at the rate earned on the Pooled Money Investment Account. This subdivision shall not apply to compensation received pursuant to Section 395.02.

(d) This section shall not apply to any active duty served voluntarily after the close of the Iraq-Kuwait crisis.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(b) Within seven days after the close of a race meeting, an association shall pay any license fee theretofore unpaid, or shall have refunded to it any excess license fee theretofore paid.

(c) If, at the close of a thoroughbred racing meeting, it is determined that the association conducting the meeting has not made payments to or for the benefit of owners and breeders of horses

(f) Any associations conducting a harness meeting in the northern zone, including an association conducting any meeting pursuant to Section 19549.3, may, with the approval of the board, combine their excesses or deficiencies from prior meetings if the associations and the organizations representing horsemen all agree.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure viable quarter horse, harness, and Arabian racing meetings during the summer and fall of 1991 and in order to preserve night racing in this state, it is necessary that this act take effect immediately.

CHAPTER 140

An act to amend Sections 21671.5 and 21675.1 of the Public Utilities Code, relating to airports, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 21671.5 of the Public Utilities Code is amended to read:

21671.5. (a) Except for the terms of office of the members of the first commission, the term of office of each member shall be four years and until the appointment and qualification of his or her successor. The members of the first commission shall classify themselves by lot so that the term of office of one member is one year, of two members is two years, of two members is three years, and of two members is four years. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing that member. The expiration date of the term of office of each member shall be the first Monday in May in the year in which that member's term is to expire. Any vacancy in the membership of the commission shall be filled for the unexpired term by appointment by the body which originally appointed the member whose office has become vacant. The chairperson of the commission shall be selected by the members thereof.

(b) Compensation, if any, shall be determined by the board of supervisors.

(c) Staff assistance, including the mailing of notices and the keeping of minutes and necessary quarters, equipment, and supplies shall be provided by the county. The usual and necessary operating expenses of the commission shall be a county charge.

(d) Notwithstanding any other provisions of this article, the commission shall not employ any personnel either as employees or independent contractors without the prior approval of the board of supervisors.

(e) The commission shall meet at the call of the commission chairperson or at the request of the majority of the commission members. A majority of the commission members shall constitute a quorum for the transaction of business. No action shall be taken by the commission except by the recorded vote of a majority of the full membership.

(f) The commission may establish a schedule of fees necessary to comply with this article. Those fees shall be charged to the proponents of actions, regulations, or permits, shall not exceed the estimated reasonable cost of providing the service, and shall be imposed pursuant to Section 66016 of the Government Code. Except as provided in subdivision (g), after June 30, 1991, a commission which has not adopted the comprehensive land use plan required by Section 21675 shall not charge fees pursuant to this subdivision until the commission adopts the plan.

(g) In any county which has undertaken by contract or otherwise completed land use plans for at least one-half of all public use airports in the county, the commission may continue to charge fees necessary

to comply with this article until June 30, 1992, and, if the land use plans are complete by that date, may continue charging fees after June 30, 1992. If the land use plans are not complete by June 30, 1992, the commission shall not charge fees pursuant to subdivision (f) until the commission adopts the land use plans.

SEC. 2. Section 21675.1 of the Public Utilities Code is amended to read:

21675.1. (a) By June 30, 1991, each commission shall adopt the comprehensive land use plan required pursuant to Section 21675, except that any county which has undertaken by contract or otherwise completed land use plans for at least one-half of all public use airports in the county, shall adopt that plan on or before June 30, 1992.

(b) Until a commission adopts a comprehensive land use plan, a city or county shall first submit all actions, regulations, and permits within the vicinity of a public airport to the commission for review and approval. Before the commission approves or disapproves any actions, regulations, or permits, the commission shall give public notice in the same manner as the city or county is required to give for those actions, regulations, or permits. As used in this section, "vicinity" means land which will be included or reasonably could be included within the plan. If the commission has not designated a study area for the plan, then "vicinity" means land within two miles of the boundary of a public airport.

(c) The commission may approve an action, regulation, or permit if it finds, based on substantial evidence in the record, all of the following:

(1) The commission is making substantial progress toward the completion of the plan.

(2) There is a reasonable probability that the action, regulation, or permit will be consistent with the plan being prepared by the commission.

(3) There is little or no probability of substantial detriment to or interference with the future adopted plan if the action, regulation, or permit is ultimately inconsistent with the plan.

(d) If the commission disapproves an action, regulation, or permit, the commission shall notify the city or county. The city or county may overrule the commission, by a two-thirds vote of its governing body, if it makes specific findings that the proposed action, regulation, or permit is consistent with the purposes of this article, as stated in Section 21670.

(e) If a city or county overrules the commission pursuant to subdivision (d), that action shall not relieve the city or county from further compliance with this article after the commission adopts the plan.

(f) If a city or county overrules the commission pursuant to subdivision (d) with respect to a publicly owned airport that the city or county does not operate, the operator of the airport is not liable for damages to property or personal injury resulting from the city's

or county's decision to proceed with the action, regulation, or permit.

(g) A commission may adopt rules and regulations which exempt any ministerial permit for single-family dwellings from the requirements of subdivision (b) if it makes the findings required pursuant to subdivision (c) for the proposed rules and regulations, except that the rules and regulations may not exempt either of the following:

(1) More than two single-family dwellings by the same applicant within a subdivision prior to June 30, 1991.

(2) Single-family dwellings in a subdivision where 25 percent or more of the parcels are undeveloped.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to extend, in a timely manner, the date for compliance with the requirement for adoption of a comprehensive land use plan for land surrounding airports in counties with a high number of public use airports, it is necessary that this act take immediate effect.

CHAPTER 141

An act to add Sections 66015 and 66161.5 to the Education Code, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1991 Filed with Secretary of State July 22, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 66015 is added to the Education Code, to read:

It is the intent of the Governor and the Legislature, in cooperation with the Trustees of the California State University, to do both of the following:

(a) Place a major priority on resolving the serious problem of impacted and overcrowded classes, not only with respect to the California State University, but throughout public postsecondary education.

(b) Ensure that needy students receive financial aid sufficient to cover the cost of fee increases for the 1991–92 academic year. The Trustees of the California State University shall provide to the Legislature and the Governor, by January 1, 1992, documentation verifying the extent to which this provision has been satisfied.

SEC. 2. Section 66161.5 is added to the Education Code, to read:

66161.5. For the 1991–92 academic year, notwithstanding Sections 66156, 66158, 66160, and 66161, the Trustees of the California

State University are authorized to increase fees by an amount not to exceed 20 percent of the fee fixed for the prior academic year. The amount of the fee increase in excess of 10 percent of the fee fixed for the 1990–91 academic year shall be considered a surcharge for the 1991–92 academic year and shall not be included in the base fee for the 1992–93 academic year. However, the amount of the fee increase up to and including 10 percent of the fee fixed for the 1990–91 academic year shall be included in the base fee level for the 1992–93 academic year, and each academic year thereafter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the unprecedented shortfall in state revenues, and the need to provide notice to students of a special one-time surcharge, it is necessary that this act take effect immediately.

CHAPTER 142

An act to amend Section 14070 of the Corporations Code, relating to small business.

[Approved by Governor July 20, 1991. Filed with Secretary of State July 22, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's corporate fund established pursuant to Section 14040.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the executive director with the approval of the board. The guarantee percentage rate shall be set by the executive director upon approval of the board.

(c) The corporation shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that corporate direct loan funds do not constitute more than one-third of the loan.

Any corporation located in a rural area that is making a direct loan to a farmer or farm corporation is exempt from the one-third limitation and may use trust funds from both the income and trust account, provided that the direct loan is guaranteed or that at least 50 percent of the direct loan portfolio is guaranteed by a governmental agency, excluding any state government agency. The total trust funds committed by a corporation shall not exceed 50 percent of the trust fund, including trust income, as determined at

the time each loan is made. Only unencumbered funds shall be available for direct lending. Each corporation located in a rural area shall submit an application to the department for participation in the direct loan program under this section. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. Funds raised through the secondary market, and funds repaid by the borrower and ineligible for reborrowing shall not be considered in determining the maximum drawings of trust funds by a corporation. Any direct loan made by a corporation under this section shall not exceed three hundred fifty thousand dollars ($350,000). The department, in consultation with the board, shall issue regulations governing these direct loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the Office of Small Business may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the corporation shall be up to the amount of and on terms similar to the loan between the corporation and the borrower. The loan between the Office of Small Business and the corporation shall be evidenced by a credit agreement. In the event that the loan between the corporation and borrower is not guaranteed by a governmental agency, the credit agreement shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the Office of Small Business. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower except in a case where the Farmers Home Administration requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the Office of Small Business if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the Office of Small Business from the corporation shall be deposited in the small business development corporation loan guarantee account of that corporation.

CHAPTER 143

An act to amend Section 21655.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 22, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 21655.5 of the Vehicle Code is amended to read:

21655.5. The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may authorize or permit exclusive or preferential use of highway lanes for high-occupancy vehicles. Prior to establishing the lanes, competent engineering estimates shall be made of the effect of the lanes on safety, congestion, and highway capacity.

The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, shall place and maintain, or cause to be placed and maintained, signs and other official traffic control devices to designate the exclusive or preferential lanes, to advise motorists of the applicable vehicle occupancy levels, and, except where ramp metering and bypass lanes are regulated with the activation of traffic signals, to advise motorists of the hours of high-occupancy vehicle usage. No person shall drive a vehicle upon those lanes except in conformity with the instructions imparted by the official traffic control devices. A motorcycle may be operated upon those exclusive or preferential lanes unless specifically prohibited by a traffic control device.

It is the intent of the Legislature, in amending this section, to stimulate and encourage the development of ways and means of relieving traffic congestion on California highways and, at the same time, to encourage individual citizens to pool their vehicular resources and thereby conserve fuel and lessen emission of air pollutants.

CHAPTER 144

An act to amend Section 286 of, and to repeal Section 287 of, the Penal Code, relating to crimes.

[Approved by Governor July 22, 1991. Filed with Secretary of State July 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 286 of the Penal Code is amended to read:

286. (a) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person. Any sexual penetration, however slight, is sufficient to complete the crime of sodomy.

(b) (1) Except as provided in Section 288, any person who participates in an act of sodomy with another person who is under 18 years of age shall be punished by imprisonment in the state prison, or in a county jail for not more than one year.

(2) Except as provided in Section 288, any person over the age of 21 years who participates in an act of sodomy with another person who is under 16 years of age shall be guilty of a felony.

(c) Any person who participates in an act of sodomy with another person who is under 14 years of age and more than 10 years younger than he or she, or when the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for three, six, or eight years.

(d) Any person who, while voluntarily acting in concert with another person, either personally or aiding and abetting that other person, commits an act of sodomy when the act is accomplished against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for five, seven, or nine years.

(e) Any person who participates in an act of sodomy with any person of any age while confined in any state prison, as defined in Section 4504, or in any local detention facility as defined in Section 6031.4 shall be punished by imprisonment in the state prison, or in a county jail for not more than one year.

(f) Any person who commits an act of sodomy, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act, shall be punished by imprisonment in the state prison for three, six, or eight years.

(g) Except as provided in subdivision (h), a person who commits an act of sodomy, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the existence of a conservatorship pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the

prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(h) Any person who commits an act of sodomy, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act, and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for not more than one year. Notwithstanding the existence of a conservatorship pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(i) Any person who commits an act of sodomy, where the victim is prevented from resisting by an intoxicating or anesthetic substance, or any controlled substance, administered by or with the privity of the accused, shall be punished by imprisonment in the state prison for three, six, or eight years.

(j) Any person who commits an act of sodomy, where the victim submits under the belief that the person committing the act is the victim's spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for three, six, or eight years.

(k) Any person who commits an act of sodomy, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(*l*) As used in subdivisions (c) and (d), "threatening to retaliate" means a threat to kidnap or falsely imprison, or inflict extreme pain, serious bodily injury, or death.

(m) In addition to any punishment imposed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section, with the proceeds of this fine to be used in accordance with Section 1463.23. The court, however, shall take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability

to pay the fine permitted under this subdivision.

SEC. 2. Section 287 of the Penal Code is repealed.

SEC. 3. It is the Legislature's intent in enacting this act to include all of the elements of the crime of sodomy in one code section.

CHAPTER 145

An act to amend Section 7068.1 of the Business and Professions Code, relating to contractors.

[Approved by Governor July 22, 1991. Filed with Secretary of State July 22, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 7068.1 of the Business and Professions Code is amended to read:

7068.1. The person qualifying on behalf of an individual or firm under paragraph (1), (2), or (3) of subdivision (b) of Section 7068 shall be responsible for exercising that direct supervision and control of his or her employer's or principal's construction operations as is necessary to secure full compliance with the provisions of this chapter and the rules and regulations of the board relating to the construction operations. This person shall not act in the capacity of the qualifying person for an additional individual or firm unless one of the following conditions exists:

(a) There is a common ownership of at least 20 percent of the equity of each individual or firm for which the person acts in a qualifying capacity.

(b) The additional firm is a subsidiary of or a joint venture with the first. "Subsidiary," as used in this subdivision, means any firm at least 20 percent of the equity of which is owned by the other firm.

(c) With respect to a firm under paragraph (2) or (3) of subdivision (b) of Section 7068, the majority of the partners or officers are the same.

(d) Notwithstanding subdivisions (a), (b), and (c), a qualifying individual may act as the qualifier for no more than three firms in any one-year period. Any qualifier, on January 1, 1992, who is acting as the qualifier for more than three firms shall comply with this section by January 1, 1993.

(e) Failure to comply with the requirement set forth in subdivision (d) shall result in the disassociation of the qualifying individual and automatic suspension of the licensee's contractor's license effective January 1, 1993.

"Firm," as used in this section, means a copartnership, a limited partnership, a corporation, or any other combination or organization described in Section 7068.

"Person," as used in this section, is limited to persons natural,

12 percent of these machines. Across the nation, courts are starting to address the use of FAX machines in the judicial system as a means of transmitting documents to the courts and to lawyers and litigants.

Use of FAX transmission of documents may alleviate congestion in and around courthouses, promote savings in the time spent by attorneys in filing documents with the courts and with other attorneys and litigants, and ultimately, will result in a savings to the legal consumer.

Therefore, the Judicial Council shall conduct pilot projects to encompass cases filed in three or more superior courts and three or more municipal or justice courts from January 1, 1990, to December 31, 1992, to determine how best to implement the use of facsimile transmission of documents in the judicial system and to assess the extent of savings due to implementation of FAX transmission. Moreover, the Judicial Council shall report to the Legislature on the results of these pilot projects and its specific proposals for implementation.

(b) The Judicial Council shall determine the effectiveness of these pilot projects by conducting a survey of attorneys, judicial officers, clerks of court, and process servers registered pursuant to Chapter 16 (commencing with Section 22350) of Division 8 of the Business and Professions Code, to determine whether the pilot project is effective in: (1) reducing courthouse congestion, (2) increasing courthouse filings by FAX to at least 25 percent of all filings in those courts participating in the pilot projects, (3) producing a time savings of at least 50 percent of the time normally required to file documents with the court, and (4) producing a savings in costs billed to the client.

(c) The Judicial Council shall report to the Legislature on these pilot projects and make its recommendations on any changes in law needed to promote uniform, efficient, and effective service or filing of legal documents by FAX on or before December 31, 1991. The report shall include a compilation of data, proposed standards, rules, or statutes for: (1) the types of facsimile machines, including personal computers with facsimile modems, that are suitable for use by the courts in receiving legal documents for filing, (2) the quality of paper to be used to ensure the permanency of court records, (3) the readability of documents sent by facsimile transmission, (4) the service and filing of documents which require an original signature, (5) the service on other parties to the action of legal documents by FAX, (6) the filing with the court of originals of documents first filed by FAX, (7) if necessary, modification of time periods for service and filing of documents by FAX, and (8) the cost to the courts for the equipment, supplies, additional staff, and administrative costs associated with the filing of legal documents by FAX and how these costs should be recovered.

(d) Notwithstanding any other provision of law, the Judicial Council may adopt rules of court for use in the pilot project counties to facilitate the purposes of the pilot project and to provide an

appropriate experiment. Any rules of court adopted by the Judicial Council pursuant to this subdivision shall not affect the requirements for personal or substituted service of the summons and complaint or any other opening paper.

SEC. 2. Section 68516 is added to the Government Code, to read:

68516. The Judicial Council is authorized to establish a tax-exempt public benefit nonprofit corporation, or other tax-exempt entity, qualified under federal and state law to receive grants or other financial support from private or public sources, for the purposes of undertaking or funding any survey, study, publication, proceeding, or other activity authorized by law to be undertaken by the Judicial Council.

The board of supervisors may negotiate changes in this rate of compensation, but any such change shall remain in effect only until January 1 of the second year following the year in which the change is made.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent disruption to courts and litigants in counties participating in the pilot project authorized by Section 1012.5 of the Code of Civil Procedure, in order to provide a mechanism for needed funding and specific authorization for the 2020 Vision Project for alternative futures planning for the courts, and in order to provide for adequate court reporters for Sutter County, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 798.17 of the Civil Code, as amended by Chapter 24 of the Statutes of 1991, is amended to read:

798.17. (a) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of such a rental agreement shall prevail over conflicting provisions of such an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months' duration is entered into, then the last rental rate

charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

The first paragraph of a rental agreement entered into pursuant to this section shall contain a provision notifying the homeowner that the rental agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months' duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the rental agreement is first offered to the homeowner to accept or reject the rental agreement.

(4) The homeowner who executes a rental agreement offered pursuant to this section may void the rental agreement by notifying management in writing within 72 hours of the homeowner's execution of the rental agreement.

(c) The homeowner shall have the option to reject the offered rental agreement and instead accept a rental agreement for a term of 12 months or less from the date the offered rental agreement begins. In the event the homeowner elects to have a rental agreement for a term of 12 months or less, including a month-to-month rental agreement, the rental agreement shall contain the same "rental charges" terms and conditions as the offered rental agreement during the first 12 months, except for options contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit management from offering gifts of value, other than rental rate reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park which is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a tenant for rent, the mobilehome park shall be exempt from any fee or other exaction imposed pursuant to such an ordinance, rule, regulation, or initiative measure or imposed for the purpose of defraying the cost of administration thereof.

(f) At the time the rental agreement is first offered to the homeowner, the management shall provide written notice to the homeowner of the homeowner's right (1) to have at least 30 days to inspect the rental agreement, and (2) to void the rental agreement

by notifying management in writing within 72 hours of the acceptance of a rental agreement. The failure of the management to provide the written notice shall make the rental agreement voidable at the homeowner's option upon the homeowner's discovery of the failure. The receipt of any written notice provided pursuant to this subdivision shall be acknowledged in writing by the homeowner.

(g) This section does not apply to or supersede other provisions of this part or other state law.

CHAPTER 171

(b) It is unlawful for any person who has been lawfully arrested by any peace officer and who knows, or by the exercise of reasonable care should have known, that he or she has been so arrested, to thereafter escape or attempt to escape from that peace officer.

(c) Any person who violates subdivision (a) or (b) is guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed one year. However, if the escape or attempted escape is by force or violence, and the person proximately causes a peace officer serious bodily injury, the person shall be punished by imprisonment in the state prison for two, three, or four years, or by imprisonment in a county jail not to exceed one year.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 172

SECTION 1. Section 8151 is added to the Fish and Game Code, to read:

8151. (a) Notwithstanding Section 8150.5, the tolerance for sardines taken incidentally to other fishing operations and mixed with other fish in a load shall be 25 percent if, using the mackerel fishery as an indicator, the overall percentage of incidentally taken sardines mixed with jack mackerel and Pacific mackerel during the preceding month exceeded 5 percent. Thereafter, the tolerance shall increase by additional 10-percent increments whenever the overall percentage of incidentally taken sardines during the preceding month exceeded one-third of the previously established tolerance. The overall percentage of incidentally taken sardines shall be determined monthly by dividing the weight of sardines taken incidentally with jack mackerel and Pacific mackerel by the weight of all jack mackerel, Pacific mackerel, and sardines taken by the mackerel fishery.

(b) If the overall percentage of incidentally taken sardines has been less than one-fourth of the tolerance in effect during the preceding three-month period and the tolerance has not been adjusted during this three-month period, the tolerance for incidentally taken sardines shall be decreased by deducting one 10-percent increment from the tolerance.

(c) Under no circumstances shall the tolerance be more than 45 percent or less than 15 percent.

(d) The department shall notify sardine permitholders, by mail, of any change in the status of the tolerance for incidentally taken sardines.

(e) The commission shall hold public hearings to consider the implementation of this section and shall report annually to the Legislature on the status of the sardine resource and may also make recommendations to the Legislature regarding this section or its implementation.

SEC. 2. Section 8152 of the Fish and Game Code is amended to read:

8152. (a) In addition to any other provision of this article, 350 tons of sardines may be taken and possessed for live bait purposes during any calendar year. The department may increase the

allowable take of sardines for live bait purposes above the 350-ton quota if it determines such an increase is warranted and consistent with Section 8150.7. Sardines may not be taken or possessed for live bait purposes except under a revocable, nontransferable permit issued by the department to a live bait fisherman upon application.

(b) The department shall keep records of the catch and when it appears that the sardine live bait quota will be taken, it shall notify all permitholders of the date when the quota will be taken, and after which no sardines may be taken under this section, and shall notify, by certified mail, all permittees of the closure.

(c) The permit may be revoked or suspended by the commission, when requested by the department, upon a conviction for a violation of this article.

(d) After the sardine live bait quota is taken, sardines may continue to be taken for live bait purposes, as provided for in Sections 8150.5 and 8151.

SEC. 2.5. Section 8153 of the Fish and Game Code is amended to read:

8153. (a) In addition to any other provision of this article, 250 tons of sardines may be taken, possessed, and landed for dead bait purposes during the period March 1 to February 28. Sardines may not be taken for dead bait purposes except by fishermen operating under permits issued by the department pursuant to Section 8150.7.

(b) Whenever the department, under Section 8150.7, establishes a quota of 2,500 tons or more for the sardine fishery, the quota for dead bait provided for in subdivision (a) shall be 500 tons.

(c) The take of sardines authorized by this section shall be allocated in the following manner:

(1) Sixty-two tons shall be reserved for fishermen landing sardines north of Pescadero Point.

(2) Sixty-two tons shall be reserved for fishermen landing their catches between Pescadero Point and San Simeon Point.

(3) The remaining quota shall be reserved for fishermen landing their catches south of San Simeon Point.

(d) Any fisherman taking or possessing sardines for use as dead bait shall be in possession of a bona fide, written, and dated order from the commercial fish business which placed the order for the sardines.

(e) Sardines taken, possessed, or sold for dead bait purposes shall be landed and kept in a whole condition until sold to a commercial fisherman or sportfisherman for use as bait.

(f) The fish receipt for any landing of sardines for dead bait purposes shall be completed at the time the landing is made and shall include the words "FOR DEAD BAIT PURPOSES ONLY" on the line designating use.

SEC. 3. Section 8780 of the Fish and Game Code, as amended by Section 10 of Chapter 1009 of the Statutes of 1988, is amended to read:

8780. (a) As used in this chapter, the term "bait net" means a lampara or round haul type net, the mesh of which is constructed of

twine not exceeding Standard No. 9 medium cotton seine twine or synthetic twine of equivalent size or strength. The net shall not have rings along the lead line or any method of pursing the bottom of the net.

(b) Bait nets may be used to take fish for bait in Districts 6, 7, 8, 9, 10, 11, 12, 13, 16, 17, 18, 19, 19A, 19B, 20A, 21, 118, and 118.5.

(c) In District 19A, bait nets may be used only to take anchovies, queenfish, white croakers, sardines, squid, and smelt for bait only. Bait nets may not be used within 750 feet of Seal Beach Pier or Belmont Pier.

(d) No other species of fish may be taken on any boat carrying a bait net in District 19A, except that loads or lots of fish may contain not more than 18 percent by weight of the fish, of other bait fish species taken incidentally to other fishing operations and which are mixed with other fish in the load or lot.

SEC. 4. Section 8780 of the Fish and Game Code, as amended by Section 11 of Chapter 1009 of the Statutes of 1988, is repealed.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to retain protection for specified marine fish resources that are contained in existing law, it is necessary that this act take effect immediately.

regulations of the department or alternative local standards adopted pursuant to subdivision (b) of Section 17920.7 or 17958.5 and does not become or continue to be a substandard building. Building additions or alterations which increase the area, volume, or size of an existing building, and foundations for apartment houses and dwellings moved, shall comply with the requirements for new buildings or structures specified in this part, or in building standards published in the State Building Standards Code, or in the other rules and regulations adopted pursuant to this part. (f) No local ordinance may permit any action or proceeding to abate violations of regulations governing maintenance of existing buildings, unless the building is a substandard building or the violation is a misdemeanor.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to amend Section 34501 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 26, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 34501 of the Vehicle Code is amended to read:

34501. (a) (1) The department shall adopt reasonable rules and regulations which, in the judgment of the department, are designed to promote the safe operation of vehicles described in Section 34500, regarding, but not limited to, hours of service of drivers, equipment, fuel containers, fueling operations, inspection, maintenance, recordkeeping, accident reports, and drawbridges. The rules and regulations shall not, however, be applicable to schoolbuses, which shall be subject to rules and regulations adopted pursuant to Section 34501.5.

The rules and regulations shall exempt local law enforcement agencies, within a single county, engaged in the transportation of inmates or prisoners when those agencies maintain other motor vehicle operations records which furnish hours of service information on drivers which are in substantial compliance with the rules and regulations. This exemption does not apply to any local law enforcement agency engaged in the transportation of inmates or prisoners outside the county in which the agency is located, if that agency would otherwise be required, by existing law, to maintain driving logs.

(2) The commissioner shall appoint a committee of 15 members, consisting of representatives of industry subject to the regulations to be adopted pursuant to this section, to act in an advisory capacity to the department, and the department shall cooperate and confer with the advisory committee so appointed. The commissioner shall appoint a separate committee to advise the department on rules and regulations concerning wheelchair lifts for installation and use on buses, consisting of persons who use the wheelchair lifts, representatives of transit districts, representatives of designers or manufacturers of wheelchairs and wheelchair lifts, and representatives of the Department of Transportation.

(3) The department may inspect any vehicles in maintenance facilities or terminals, as well as any records relating to the dispatch of vehicles or drivers, and the pay of drivers, to assure compliance with this code and regulations adopted pursuant to this section.

(b) The department, using the definitions adopted pursuant to Section 2402.7, shall adopt regulations for the transportation of hazardous materials in this state, except the transportation of

materials which are subject to other provisions of this code, that the department determines are reasonably necessary to ensure the safety of persons and property using the highways. The regulations may include provisions governing the filling, marking, packing, labeling, and assembly of, and containers that may be used for, hazardous materials shipments, and the manner by which the shipper attests that the shipments are correctly identified and in proper conditions for transport.

(c) At least once every 13 months, the department shall inspect every maintenance facility or terminal of any person who at any time operates any bus. If the bus operation includes more than 100 buses, the inspection shall be without prior notice.

(d) The commissioner shall adopt and enforce regulations which will make the public or private users of any bus aware of the operator's last safety rating.

(e) It is unlawful and constitutes a misdemeanor for any person to operate any bus without the inspection specified in subdivision (c) having been conducted.

(f) The department may adopt regulations restricting or prohibiting the movement of any vehicle from a maintenance facility or terminal if the vehicle is found in violation of this code or regulations adopted pursuant to this section.

CHAPTER 178

An act to amend Section 44975 of the Food and Agricultural Code, relating to agriculture, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 26, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 44975 of the Food and Agricultural Code is amended to read:

44975. (a) Each handler of avocados shall pay to the director an inspection and certification fee each month. The fee shall be based on the number of pounds certified as determined by the director. However, in no event shall the fee be greater than twenty-five cents ($0.25) per hundredweight of pounds prepared for market for the period of July 1, 1990 through June 30, 1992. Commencing July 1, 1992, the fee shall be not greater than eighteen cents ($0.18) per hundredweight of pounds prepared for market. The number of pounds certified shall be reported monthly to the director, and these reports shall include all information required by the director. The fee required by this section shall be paid no later than the 10th day of the month following the month for which the fee is payable. Any

handler who fails to pay the fee within the time required shall pay the director a penalty of 10 percent of the amount determined to be due, and, in addition, 1½ percent interest per month on the unpaid balance. The director may adjust the fee from time to time and reduce it whenever he finds the cost of administering this article may be defrayed from revenue derived from lower fees.

(b) Notwithstanding subdivision (a), whenever the fees derived from pounds certified do not cover the cost of inspection, the director may establish hourly and mileage rates for inspection and certification of avocados based upon the cost of providing that inspection and certification. However, alternatively, a handler may present his or her avocados for inspection and certification on a date, time, and location specified by the director and pay the fees charged pursuant to subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is necessary to immediately extend the existing maximum fee rate on avocados prepared for markets for an additional 12-month period to maintain an adequately funded inspection and certification program that would otherwise be underfunded due to fruit loss from the December 1990, freeze. In order for this act to take effect in time to allow this fee rate to continuously apply for the extended period, it is necessary that this act take effect immediately.

If the defendant is represented by counsel, the attorney shall be present with the defendant, and may enter a plea, during the arraignment. The defendant shall have the right to make his or her plea while physically present in the courtroom if he or she so requests. If the defendant decides not to exercise the right to be physically present in the courtroom, he or she shall execute a written waiver of that right.

(c) Each county conducting a pilot project pursuant to this section shall submit reports to the Legislative Analyst no later than September 30 of each year. The report shall include the following data:

(3) The number and impact of add-on defendants arraigned.

(4) Initial costs and maintenance costs of the project.

(5) Cost savings, including transportation costs, over the previous method of arraignment.

(6) The impact of audiovideo arraignment on all participants in the procedures used under this section, including, but not limited to, security personnel, attorneys, judges, defendants, and court employees.

The Judicial Council shall submit a final report on the nonfiscal, policy consequences of this section along with any recommendations to the Legislature no later than December 1, 1991.

(e) Notwithstanding any other provision of this section, a judge may order a defendant's personal appearance in court for arraignment. A judge may, pursuant to this section, accept a plea of guilty or no contest from a defendant who is not physically in the courtroom.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1993, deletes or extends that date.

(b) For all other elections, the elections official shall provide a sufficient number of official ballots in each precinct to reasonably meet the needs of the voters in that precinct on election day using the precinct's voter turnout history as the criterion, but in no case shall this number be less than 75 percent of the number of registered voters in the precinct, and for absentee and emergency purposes shall provide such additional number of ballots as may be necessary.

CHAPTER 183

An act to amend Sections 1026.2 and 1026.5 of the Penal Code, relating to judicially committed persons.

[Approved by Governor July 26, 1991 Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.2 of the Penal Code, as amended by Section 1 of Chapter 1343 of the Statutes of 1987, is amended to read:

1026.2. (a) An application for the release of a person who has been committed to a state hospital or other treatment facility, as

provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by the person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600). The court shall give notice of the hearing date to the prosecuting attorney, the community program director or a designee, and the medical director or person in charge of the facility providing treatment to the committed person at least 15 judicial days in advance of the hearing date.

(b) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the application for release. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(c) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). However, a county jail may not be designated unless the services specified in subdivision (b) are provided and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(d) No hearing upon the application shall be allowed until the person committed has been confined or placed on outpatient status for a period of not less than 180 days from the date of the order of commitment.

(e) The court shall hold a hearing to determine if the person applying for restoration of sanity would no longer be a danger to the health and safety of others, including himself or herself, if under supervision and treatment in the community. If the court at the hearing determines the applicant will not be a danger to the health and safety of others, including himself or herself, while under supervision and treatment in the community, the court shall order the applicant placed with an appropriate forensic conditional release program for one year. All or a substantial portion of the program shall include outpatient supervision and treatment. The court shall retain

jurisdiction. The court at the end of the one year, shall have a trial to determine if sanity has been restored, which means the applicant is no longer a danger to the health and safety of others, including himself or herself. The court shall not determine whether the applicant has been restored to sanity until the applicant has completed the one year in the appropriate forensic conditional release program. The court shall notify the persons required to be notified in subdivision (a) of the hearing date.

(f) If the applicant is on parole or outpatient status and has been on it for one year or longer, then it is deemed that the applicant has completed the required one year in an appropriate forensic conditional release program and the court shall, if all other applicable provisions of law have been met, hold the trial on restoration of sanity as provided for in this section.

(g) Before placing an applicant in an appropriate forensic conditional release program, the community program director shall submit to the court a written recommendation as to what forensic conditional release program is the most appropriate for supervising and treating the applicant. If the court does not accept the community program director's recommendation, the court shall specify the reason or reasons for its order on the court record. Sections 1605 to 1610, inclusive, shall be applicable to the person placed in the forensic conditional release program unless otherwise ordered by the court.

(h) If the court determines that the person should be transferred to an appropriate forensic conditional release program, the community program director or a designee shall make the necessary placement arrangements, and, within 21 days after receiving notice of the court finding, the person shall be placed in the community in accordance with the treatment and supervision plan, unless good cause for not doing so is made known to the court.

(i) If at the trial for restoration of sanity the court rules adversely to the applicant, the court may place the applicant on outpatient status, pursuant to Title 15 (commencing with Section 1600) of Part 2, unless the applicant does not meet all of the requirements of Section 1603.

(j) If the court denies the application to place the person in an appropriate forensic conditional release program or if restoration of sanity is denied, no new application may be filed by the person until one year has elapsed from the date of the denial.

(k) In any hearing authorized by this section, the applicant shall have the burden of proof by a preponderance of the evidence.

(*l*) If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600), no action on the application shall be taken by the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility or of the

community program director where the person is on outpatient status under Title 15 (commencing with Section 1600).

(m) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. Section 1026.5 of the Penal Code is amended to read:

1026.5. (a) (1) In the case of any person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony on or after July 1, 1977, the court shall state in the commitment order the maximum term of commitment, and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in this section. For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5, and disregarding any credits which could have been earned pursuant to Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3.

(2) In the case of a person confined in a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony prior to July 1, 1977, and who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under paragraph (1), and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in subdivision (b). The time limits of this section are not jurisdictional.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of September 28, 1979. Within 90 days of the date the person is received by the state hospital or other treatment facility, or of September 28, 1979, whichever is later, the Board of Prison Terms shall provide each person with the determination of the person's maximum term of commitment or shall notify the person that a hearing will be scheduled to determine the term.

Within 20 days following the determination of the maximum term

of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other treatment facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other treatment facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if the person has been committed under Section 1026 for a felony and by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) Not later than 180 days prior to the termination of the maximum term of commitment prescribed in subdivision (a), the medical director of a state hospital in which the person is being treated, or the medical director of the person's treatment facility or the local program director, if the person is being treated outside a state hospital setting, shall submit to the prosecuting attorney his or her opinion as to whether or not the patient is a person described in paragraph (1). If requested by the prosecuting attorney, the opinion shall be accompanied by supporting evaluations and relevant hospital records. The prosecuting attorney may then file a petition for extended commitment in the superior court which issued the original commitment. The petition shall be filed no later than 90 days before the expiration of the original commitment unless good cause is shown. The petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) When the petition is filed, the court shall advise the person named in the petition of the right to be represented by an attorney and of the right to a jury trial. The rules of discovery in criminal cases shall apply. If the person is being treated in a state hospital when the petition is filed, the court shall notify the community program director of the petition and the hearing date.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 calendar days prior to the time the person would

otherwise have been released, unless that time is waived by the person or unless good cause is shown.

(5) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee, and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the petition for extended commitment. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(6) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). However, a county jail may not be designated unless the services specified in paragraph (5) are provided and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(7) The person shall be entitled to the rights guaranteed under the federal and State Constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. The State Public Defender may provide for representation of the person in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this article and Penal Code and Evidence Code provisions applicable to criminal defendants who have entered pleas of not guilty by reason of insanity.

(8) If the court or jury finds that the patient is a person described in paragraph (1), the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed. This commitment shall be for an additional period of two years from the date of termination of the previous commitment.

(9) A person committed under this subdivision shall be eligible for release to outpatient status pursuant to the provisions of Title 15 (commencing with Section 1600) of Part 2.

(10) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the

patient remains a person described in paragraph (1). The recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(11) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

CHAPTER 184

An act to add Part 2.1 (commencing with Section 10520) to Division 6 of the Water Code, relating to water.

[Approved by Governor July 26, 1991. Filed with Secretary of State July 29, 1991.]

(6) Providing irrigation management improvement services during the growing season.

(b) Making physical and structural improvements to the water supplier's delivery system, and aiding in the improvement of on-farm systems, including, but not limited to, all of the following improvements:

(1) Using flow measuring devices in the delivery system and providing to farmers, or assisting farmers in the use of, on-farm flow measurement devices.

(2) Lining ditches and canals or providing pipelines in the supplier's delivery system and helping farmers to take these actions, except where seepage is desirable for groundwater recharge or environmental purposes.

(3) Evaluating the storage, conveyance, and drainage systems of the water supplier and the farmers served by the water supplier and the application systems of the farmers served by the water supplier to maximize efficient water management.

(4) Assisting farmers technically and financially with installation and operation of on-farm conservation equipment if the installation and operation is economically feasible for the water supplier.

(c) Making institutional and operational adjustments, including, but not limited to, all of the following adjustments:

(1) Allowing changes or flexibility in the water contract year to more closely fit water-use characteristics of the crops being grown.

(2) Establishing a pricing structure for water delivered to encourage conservation.

(3) Maximizing flexibility, to the extent economically and otherwise feasible, in water delivery to farmers to enable them to optimize their irrigation efficiency.

(4) Developing education programs for farmers relating to on-farm conservation.

(5) Promoting or developing conjunctive use programs for use of groundwater and surface water.

(6) Encouraging voluntary exchanges of water between water suppliers which have surplus water and suppliers which have a water shortage.

13576. The Legislature hereby makes the following findings and declarations:

(a) The State of California is in a fifth year of drought, with three of the past four years being critically dry.

(b) The development of traditional water resources in California has not kept pace with the state's population, which is growing at the rate of over 700,000 per year and which is anticipated to reach 36 million by the year 2010.

(c) There is a need for a reliable source of water for uses not related to the supply of potable water to protect investments in agriculture, greenbelts, and recreation and to protect and enhance fisheries, wildlife habitat, and riparian areas.

(d) The environmental benefits of recycled water include a reduced demand for water in the Sacramento-San Joaquin Delta which is otherwise needed to maintain water quality, reduced discharge of waste into the ocean, and the enhancement of recreation, fisheries, and wetlands.

(e) The use of recycled water has proven to be safe from a public health standpoint, and the State Department of Health Services is updating regulations for the use of recycled water.

(f) The use of recycled water is a cost-effective, reliable method of helping to meet California's water supply needs.

(g) The development of the infrastructure to distribute recycled water will provide jobs and enhance the economy of the state.

13577. This chapter establishes a statewide goal to recycle a total of 700,000 acre-feet of water per year by the year 2000 and 1,000,000 acre-feet of water per year by the year 2010.

CHAPTER 188

An act to amend and renumber the heading of Chapter 12 (commencing with Section 8870) and Chapter 13 (commencing with Section 8890) of Division 1 of Title 2 of, and to amend and renumber Sections 8870, 8871, 8872, 8873, 8874, 8874.5, 8890, 8891, 8892, 8892.5, 8893, 8893.5, 8894, 8895, 8895.1, 8896, 8897, 8897.1, 8897.5, 8899, and 8899.2 of, the Government Code, relating to earthquake safety.

[Approved by Governor July 27, 1991 Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 12 (commencing with Section 8870) of Division 1 of Title 2 of the Government Code is amended and renumbered to read:

CHAPTER 12.1. THE CALIFORNIA EARTHQUAKE HAZARDS REDUCTION ACT

SEC. 2. Section 8870 of the Government Code is amended and renumbered to read:

8871. The Legislature finds and declares as follows:

(a) California is situated on the rim of the Circum-Pacific seismic belt and it is inevitable that earthquakes along the state's numerous faults will cause extensive property damage and endanger the lives of people nearby. The risk to life and property is especially significant near the San Andreas fault where rapid growth and population increases have occurred in our largest urban centers over the last several decades. With each passing year, the potential for an earthquake-caused catastrophe increases as California's growth continues and the time lengthens since the last great earthquake.

(b) Earthquakes have caused and can cause in the future enormous loss of life, injury, destruction of property, and economic and social disruption. With respect to future earthquakes, that loss, injury, destruction, and disruption can be reduced substantially by developing and implementing earthquake hazards reduction measures, including, but not limited to, the following:

(1) Improving design and construction methods and practices.

(2) Rehabilitating hazardous buildings.

(3) Coordinating emergency planning for response by the government and private sectors.

(4) Implementing land use and redevelopment planning.

(5) Developing public information and education programs.

(6) Improving emergency response capabilities and emergency management systems.

(7) Developing long-term social and economic recovery strategies.

(8) Upgrading the strong motion instrumentation system.

(9) Improving basic research of physical and social earthquake phenomena.

(c) While the major responsibility for dealing with earthquakes before and after they happen is firmly fixed with local government, state government also has fundamental responsibilities to take all reasonable measures to reduce the seismic hazards to which the citizens of California are exposed. The state should assume a leadership role by influencing the direction of existing and future national earthquake hazard reduction programs and should serve as a model for local hazard reduction measures.

(d) Earthquake hazard reduction measures often benefit many state programs and bring about improvements in buildings, dams, transportation facilities, communications, fire safety, toxic materials handling, and emergency response preparations.

(e) Over the past 10 years, numerous studies have been completed by the Seismic Safety Commission, the Office of Emergency Services, the California Division of Mines and Geology, the Governor's Earthquake Task Force, the federal government, and private sector organizations recommending improvements in hazard mitigation programs to reduce the earthquake threat in California. Implementing recommendations from these studies will reduce earthquake hazards, improve earthquake disaster response, and guide reconstruction and recovery efforts.

SEC. 3. Section 8871 of the Government Code is amended and renumbered to read:

8871.1. This chapter shall be known and may be cited as The California Earthquake Hazards Reduction Act of 1986.

SEC. 4. Section 8872 of the Government Code is amended and renumbered to read:

8871.2. (a) There is hereby established a coordinated program pursuant to which the state shall implement new and expanded activities to significantly reduce the earthquake threat to its citizens. This program, to be known as the California Earthquake Hazard Reduction Program, shall be prepared and administered by the Seismic Safety Commission pursuant to its existing authority under Section 8870.7.

(b) The program set forth in subdivision (a) shall specify priorities, funding sources, and amounts, schedules, and other resources needed to significantly reduce earthquake hazards statewide by January 1, 2000. The achievement of this goal shall be undertaken with the following objectives:

(1) Mitigation. The reduction of the earthquake hazard to acceptable levels through significant reduction in the number of hazardous buildings and the expansion of scientific and engineering studies.

(2) Preparedness. The increase in the level of preparedness statewide by appropriate measures to deal with special issues, such as earthquake prediction, hazardous materials, critical facilities, and

disaster preparedness plans for all major population centers, and education, training, and public information.

(3) Response. The enhancement of the state's capability to respond to a major earthquake disaster by giving priority to increased coordination and integration of federal, state, and local plans and preparedness activities, improvements in the statewide communication system, creation of a state emergency coordination center or centers, and greater automation of emergency management data.

(4) Recovery. The development of management systems for major earthquake recovery, the enhancement of resources management, and the minimization of high unemployment, multiple business failures, tax base erosion, and associated monetary and financial issues critical to the restoration of California's economy and public services.

(c) The state's existing seismic safety activities are currently administered by over two dozen separate agencies. Responsibility for administering these activities shall remain with these agencies. These existing activities shall continue and shall be incorporated into the coordinated program established under subdivision (a).

(d) The program shall consist of a series of five-year programs and each five-year program shall be revised by the Seismic Safety Commission annually and submitted to the Governor and the Legislature. Each revision shall include a finding on the state's progress toward the goal stated in subdivision (b).

(e) The immediate steps to be undertaken by the commission shall include the performance of existing activities provided in the budget prepared by the Governor for the 1985–86 fiscal year and the Budget Act of 1985 and the preparation of the first five-year program.

(f) The first five-year program document shall be completed by September 1, 1986, and shall include specific measures and funding needed for adequate progress towards the state's earthquake safety goals by January 1, 2000. This program and subsequent programs shall cover a five-year implementation period and shall recommend any necessary statutory changes for program implementation.

SEC. 5. Section 8873 of the Government Code is amended and renumbered to read:

8871.3. (a) The Office of Emergency Services shall establish an interim state operations center in southern California to coordinate response to a major earthquake. The office shall also develop an operational communications plan for the center based upon an inventory of current communications capabilities and an assessment of structural vulnerabilities.

(b) The office shall undertake a design analysis regarding construction of a permanent state operations center in southern California, including an evaluation of telecommunications and information technology systems for emergency management functions.

(c) All appropriations for the purposes of subdivision (a) or (b)

shall be reviewed by the Department of Finance prior to obligation of funds.

SEC. 6. Section 8874 of the Government Code is amended and renumbered to read:

8871.4. The commission shall prepare the California Earthquake Hazard Reduction Program, in consultation with the Office of Emergency Services, the Division of Mines and Geology in the Department of Conservation, the Office of the State Architect, the Emergency Medical Services Authority, the University of California and other appropriate institutions of higher learning, the California National Guard, the Department of Finance, other appropriate state and local agencies, the private sector, volunteer groups, and the Legislature.

The commission may hold public hearings or joint hearings with other groups and conduct other activities as necessary for the development of the program.

SEC. 7. Section 8874.5 of the Government Code is amended and renumbered to read:

8871.5. The disastrous effects and after effects of the Mexico City earthquake of September 19, 1985, have increased the urgency for development of local plans to provide authority and procedures for orderly transition from emergency disaster response operations to short- and long-range efforts toward reestablishment of governmental services, private business activity, and reconstruction and rehabilitation.

In furtherance of that purpose, the commission shall enter into a grant agreement with a local agency situated in a high earthquake-hazard area for development of a program model for use by local agencies and the state which will address at least, but need not be limited to, the following elements:

(a) Establishment of a coordinating body within the jurisdiction to assess the various impacts of the disaster, recommend appropriate legislative, administrative, and private actions, and monitor implementation efforts.

(b) Creation of an information-gathering mechanism to provide the basis for evaluation, prioritization, and implementation.

(c) Procedures for coordination and orderly transition from disaster response to reconstruction and rehabilitation.

(d) Identification, delineation, and preparation of legislation, both statutory and local, necessary to provide authority on a preevent basis for postevent activity to accomplish the purposes of this program.

(e) Integration and coordination with this chapter, the California Emergency Services Act (Chapter 7 (commencing with Section 8550)), the Natural Disaster Assistance Act (Chapter 7.5 (commencing with Section 8680)), the Economic Disaster Act of 1984 (Chapter 7.6 (commencing with Section 8695)), the Planning and Zoning Law (Title 7 (commencing with Section 65000)), the Community Redevelopment Law (Part 1 (commencing with

Section 33000) of Division 24 of the Health and Safety Code), and the Community Development Financial Assistance and Disaster Project Law (Part 1.5 (commencing with Section 34000) of Division 24 of the Health and Safety Code).

(f) Identification of those components of the local program which may serve as a program model for disasters other than those caused by earthquake.

SEC. 8. The heading of Chapter 13 (commencing with Section 8890) of Division 1 of Title 2 of the Government Code is amended and renumbered to read:

CHAPTER 12. SEISMIC SAFETY COMMISSION ACT

SEC. 9. Section 8890 of the Government Code is amended and renumbered to read:

8870. The Legislature finds and declares as follows:

The work of the Legislature's Joint Committee on Seismic Safety as well as that of the Governor's Earthquake Council provides impressive and wide-ranging evidence for the following:

First, many different agencies at various levels of government have substantial responsibilities in the fields of earthquake preparedness and seismic safety.

Second, there is a pressing need to provide a consistent policy framework and a means for coordinating on a continuing basis the earthquake-related programs of agencies at all governmental levels and their relationships with elements of the private sector involved in practices important to seismic safety. This need is not being addressed by any continuing state government organization.

Third, through concerted efforts of broad scope, coordinated by a Seismic Safety Commission, long-term progress should be made toward higher levels of seismic safety.

Fourth, it is not the purpose of this chapter to transfer to the commission the authorities and responsibilities now vested by law in state and local agencies.

SEC. 10. Section 8891 of the Government Code is amended and renumbered to read:

8870.1. There is created in the state government a Seismic Safety Commission which shall report annually to the Governor and to the Legislature on its findings, progress, and recommendations relating to earthquake hazard reduction.

SEC. 11. Section 8892 of the Government Code is amended and renumbered to read:

8870.2. (a) The commission shall consist of 15 members appointed by the Governor and confirmed by the Senate, one member appointed by the Senate Rules Committee, and one member appointed by the Speaker of the Assembly. The Seismic Safety Commission shall elect annually from its membership its own chairperson and vice chairperson and may replace them with other commissioners by majority vote. Commission members shall be

residents of California.

(b) A quorum shall consist of nine members if there are no vacancies, or else a majority of the members of the commission at the time.

(c) The Legislature declares that the individuals appointed to the commission are intended to represent the professions of architecture, planning, fire protection, public utilities, electrical engineering, mechanical engineering, structural engineering, soils engineering, geology, seismology, local government, insurance, social services, emergency services, and the Legislature and that such representation serves the public interest. Accordingly, the Legislature finds that for purposes of persons who hold this office the specified professions are tantamount to and constitute the public generally within the meaning of Section 87103.

SEC. 12. Section 8892.5 of the Government Code is amended and renumbered to read:

8870.25. The initial Seismic Safety Commission membership shall consist of seven members appointed by the Governor from a list of not more than 16 nominees submitted to the Governor by the Chairman of the Joint Committee on Seismic Safety, seven members appointed by the Governor from a list of nominees submitted to the Governor by the Governor's Earthquake Council, an initial chairperson appointed by the Governor from a nominee mutually agreed upon by the Chairman of the Joint Committee on Seismic Safety and the Chairman of the Governor's Earthquake Council, and one Member of the Senate appointed by the Senate Rules Committee and one Member of the Assembly appointed by the Speaker of the Assembly.

SEC. 13. Section 8893 of the Government Code is amended and renumbered to read:

8870.3. After the initial appointments, the membership of the Seismic Safety Commission shall be appointed by the Governor and confirmed by the Senate from lists of nominees submitted by organizations as listed below:

(a) Four members appointed from established organizations in the fields of architecture and planning, fire protection, public utilities, and electrical engineering and mechanical engineering;

(b) Four members appointed from established organizations in the fields of structural engineering, soils engineering, geology, and seismology;

(c) Four members appointed from nominees submitted by the League of California Cities and the County Supervisors Association of California;

(d) Three members appointed from established organizations in the fields of insurance, social service, and emergency services;

(e) One member shall be appointed from the Senate by the Senate Rules Committee, and one member shall be appointed from the Assembly by the Speaker of the Assembly. Each of the members appointed pursuant to this subdivision may designate an alternate

who shall be counted toward a quorum, who may vote, and who may receive the expenses specified in Section 8870.4.

SEC. 14. Section 8893.5 of the Government Code is amended and renumbered to read:

8870.35. The term of office for each member of the Seismic Safety Commission shall be four years and each shall hold office until the appointment and qualification of his or her successor, except that of the initial commissioners, the Governor shall appoint seven members whose terms will expire two years after appointment and seven members plus the chairperson whose terms shall expire four years after appointment. All initial appointments shall be made by July 1, 1975. Any vacancies shall be immediately filled by the appointing power for the unexpired portion of the term in which they occur.

SEC. 15. Section 8894 of the Government Code is amended and renumbered to read:

8870.4. The members of the Seismic Safety Commission shall serve without compensation but shall be paid per diem expenses of fifty dollars ($50) for each day's attendance at a meeting of the commission, plus actual necessary travel expenses as determined by the State Board of Control.

SEC. 16. Section 8895 of the Government Code is amended and renumbered to read:

8870.5. The commission, in the discharge of its responsibilities, may do any of the following:

(a) Accept grants, contributions, and appropriations from public agencies, private foundations, or individuals.

(b) Appoint committees from its membership, appoint advisory committees from interested public and private groups, and appoint ex officio members who shall not be entitled to vote, to advise the commission.

(c) Contract for or employ, with the approval of the Director of Finance, any professional services and research required by the commission or required for the performance of necessary work and services which, in the commission's opinion, cannot satisfactorily be performed by its officers and employees or by other federal, state, or local governmental agencies.

(d) Enter into agreements to act cooperatively with private nonprofit scientific, educational, or professional associations or foundations engaged in promoting seismic safety in California, including activities under the California Earthquake Education Act of 1984 (Chapter 11 (commencing with Section 2805) of Division 2 of the Public Resources Code). These associations or foundations may furnish materials for sale, and the commission may provide personnel services and office space therefor. Subject to rules and regulations adopted by the commission, all moneys received from the sale of publications or other materials provided by an association or foundation shall be returned to the association or foundation for use in furthering seismic safety programs.

(e) Do any and all other things necessary to carry out the purposes of this chapter.

SEC. 17. Section 8895.1 of the Government Code is amended and renumbered to read:

8870.55. The commission shall initiate, with the assistance and participation of other state, federal, and local government agencies, a comprehensive program to prepare the state for responding to a major earthquake prediction. The program should be implemented in order to result in specific tools or products to be used by governments in responding to an earthquake prediction, such as educational materials for citizens. This program may be implemented on a prototypical basis in one area of the state affected by earthquake predictions, provided that it is useful for application in other areas of the state upon its completion.

SEC. 18. Section 8896 of the Government Code is amended and renumbered to read:

8870.6. The commission shall appoint an executive director who shall be responsible for managing the affairs of the commission, subject to the direction and policies of the commission.

The executive director shall appoint such employees as may be necessary to carry out the functions of the commission.

SEC. 19. Section 8897 of the Government Code is amended and renumbered to read:

8870.7. The commission is responsible for all of the following in connection with earthquake hazard mitigation:

(a) Setting goals and priorities in the public and private sectors.

(b) Requesting appropriate state agencies to devise criteria to promote earthquake and disaster safety.

(c) Scheduling a report on disaster mitigation issues from the Office of Emergency Services, on the commission agenda as required. For the purposes of this subdivision, the term disaster refers to all natural hazards which could have impact on public safety.

(d) Recommending program changes to state agencies, local agencies, and the private sector where such changes would improve earthquake hazards and reduction.

(e) Reviewing the recovery and reconstruction efforts after damaging earthquakes.

(f) Gathering, analyzing, and disseminating information.

(g) Encouraging research.

(h) Sponsoring training to help improve the competence of specialized enforcement and other technical personnel.

(i) Helping to coordinate the earthquake safety activities of government at all levels.

(j) Establishing and maintaining necessary working relationships with any boards, commissions, departments, and agencies, or other public or private organizations.

SEC. 20. Section 8897.1 of the Government Code is amended and renumbered to read:

8870.71. To implement the foregoing responsibilities, the commission may do any of the following:

(a) Review state budgets and review grant proposals, other than those grant proposals submitted by institutions of postsecondary education to the federal government, for earthquake related activities and to advise the Governor and Legislature thereon.

(b) Review legislative proposals, related to earthquake safety to advise the Governor and Legislature concerning the proposals, and to propose needed legislation.

(c) Recommend the addition, deletion, or changing of state agency standards when, in the commission's view, the existing situation creates undue hazards or when new developments would promote earthquake hazard mitigation, and conduct public hearings as deemed necessary on the subjects.

(d) In the conduct of any hearing, investigation, inquiry, or study which is ordered or undertaken in any part of the state, administer oaths and issue subpoenas for the attendance of witnesses and the production of papers, records, reports, books, maps, accounts, documents, and testimony.

(e) (1) Conduct a specific comprehensive investigation of the May 2, 1983, earthquake which devastated the City of Coalinga, focusing on commercial redevelopment, housing, land use planning, financing, codes and standards, and to provide funding and expert technical assistance to the people of Coalinga for planning and reconstruction.

(2) Prepare and publish, with the assistance and participation of other state, federal, and local government agencies and other knowledgeable investigators from the private sector, a comprehensive report on the Coalinga earthquake to include, but not be limited to, lessons learned for earthquake preparation and mitigation in California, an assessment of the earthquake's impact upon state and local seismic safety policies and programs, and to make recommendations to the Governor and the Legislature concerning the areas mentioned in this subdivision.

(f) In addition, the commission may perform any of the functions contained in subdivisions (a) to (e), inclusive, in relation to other disasters, as defined in subdivision (c) of Section 8870.7, in connection with issues or items reported or discussed with the Office of Emergency Services at any commission meeting.

SEC. 21. Section 8897.5 of the Government Code is amended and renumbered to read:

8870.75. In addition to the responsibilities listed in Section 8870.7, the Seismic Safety Commission shall undertake a study to determine the feasibility of (i) establishing a comprehensive program of earthquake hazard reduction having as its purposes the saving of lives and mitigating damage to property and (ii) developing and implementing a system for predicting damaging earthquakes in California.

The study shall accomplish the following tasks:

(a) Earthquake hazard reduction.

The study shall develop a comprehensive program for the reduction of earthquake hazards in California. It shall include, but not necessarily be limited to, the following:

(1) A review of and recommendations for improving the development and implementation of technically and economically feasible codes, standards, and procedures for the design and construction of new structures and the strengthening of existing structures so as to increase the earthquake resistance of structures located in areas of significant seismic hazard.

(2) A review of current methods and recommendations for new methods to improve the development, publication, and promotion, in conjunction with local officials, research organizations, and professional organizations, of model codes and other means to provide better information about seismic hazards to guide land use policy decisions and building activity.

(3) A review of and recommendations for methods, practices, and procedures to educate the public, including local officials, about the nature and consequences of earthquakes, about procedures for identifying those locations and structures especially susceptible to earthquake damage, and about ways to reduce and mitigate the adverse effects of an earthquake.

(4) A review of and recommendations for programs and techniques to improve preparedness for and response to damaging earthquakes with special attention being given to hazard control measures, preearthquake emergency planning, readiness of emergency services, and planning for postearthquake reconstruction and redevelopment.

(b) Earthquake prediction.

The study shall analyze the current methodologies, systems, and processes for predicting earthquakes and assess them for their effectiveness, reliability, and accuracy as they relate to California.

The study also shall examine the feasibility of implementing earthquake prediction systems in all areas of significantly high or moderate seismic risk and for identifying, evaluating, and accurately characterizing the associated hazards. In analyzing potential prediction systems, the study shall include requirements for necessary technical, scientific, and volunteer personnel; and technology, procedures, and other resources necessary to operate such a system. Special attention should be given to a critical review of existing and possible future technology, data collection and management systems, the availability of expert trained personnel, the dissemination of warnings, the scope and methods for organizing and maintaining a volunteer program for the purpose of making prediction observations, and the social and economic consequences of earthquake predictions. Wherever appropriate and reasonable, the study shall also recommend how a state earthquake prediction system can be best integrated with those of federal agencies and other institutions and organizations.

(c) Implementation processes.

With respect to implementation of earthquake hazard reduction and earthquake prediction, the study shall include the following:

(1) Recommendations for new roles, responsibilities, and programs for state and local agencies, universities, private organizations, and volunteer organizations, including goals, priorities, and expenditures of future state funds specifically identified for the recommended earthquake prediction and hazards reduction program.

(2) Recommendations for methods and procedures to disseminate and implement basic and applied earthquake research in order to achieve higher levels of seismic safety.

(d) Coordination with other agencies.

To the extent it is practical to do so, the study required by this section shall be coordinated with the relevant local, regional, and federal government agencies, key elements of the private sector, and at least the following state agencies: Office of Emergency Services, Division of Mines and Geology, Office of the State Architect, Department of Housing and Community Development, Department of Water Resources, State Energy Resources Conservation and Development Commission, Department of Real Estate, Department of Industrial Relations, Public Utilities Commission, State Department of Health Services, Office of the State Fire Marshal, Department of Transportation, Department of Finance, Military Department, Department of Insurance, Franchise Tax Board, Department of Savings and Loan, Department of Education, Banking Department, and Office of Planning and Research.

(e) The study shall include recommendations for statutory changes and specific executive actions to be taken by state and local agencies necessary to establish and implement an earthquake hazards reduction program and an earthquake prediction system for the State of California.

The commission shall submit the study to the Legislature by June 30, 1980, or earlier at its discretion.

SEC. 22. Section 8899 of the Government Code is amended and renumbered to read:

8870.9. This act shall be known and cited as the Seismic Safety Commission Act.

SEC. 23. Section 8899.2 of the Government Code is amended and renumbered to read:

8870.95. The Building Safety Board established in Section 15021 of the Health and Safety Code shall report annually to the Seismic Safety Commission.

[Approved by Governor July 27, 1991 Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 6140.10 is added to the Business and Professions Code, to read:

6140.10. Notwithstanding any other provision of law, on or before August 1, 1991, the State Bar shall transfer from the treasury of the State Bar to the General Fund the sum of two hundred thousand dollars ($200,000) for the operation and maintenance of the California State Law Library.

SEC. 1.5. Section 89012 is added to the Education Code, to read:

89012. Moneys in the State University Parking Revenue Fund shall be used exclusively for the development, enhancement, and operation of alternate methods of transportation of students and employees and for the mitigation of the impact of off-campus student and employee parking in university communities.

SEC. 2. Section 12419.10 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

12419.10. The Controller shall offset any amount overdue and unpaid for a fine, bail, vehicle parking penalty, or court-ordered reimbursement for court-related services, from a person or entity, against any amount owing the person or entity by a state agency on a claim for a refund from the Franchise Tax Board under the Personal Income Tax Law or the Bank and Corporation Tax Law or from winnings in the California State Lottery. Standards and

procedures for submission of requests for offsets shall be as prescribed by the Controller. Whenever insufficient funds are available to satisfy an offset request, the Controller, after first applying the amounts available to any amount due a state agency, may allocate the balance among any other requests for offset.

The Controller shall deduct and retain from any amount offset in favor of a city or county an amount sufficient to reimburse the Controller, the Franchise Tax Board, and the California State Lottery for their administrative costs of processing the offset payment.

Notwithstanding Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1, or any other provision of law, the social security number of any person obtained pursuant to Section 4150.2 or 4760.1 of the Vehicle Code is not a public record and shall only be provided by the Department of Motor Vehicles to an authorized agency for the sole purpose of making an offset pursuant to this section. As used in this section, "authorized agency" means the Controller, the Franchise Tax Board, or the California Lottery Commission.

SEC. 3. Section 68090.8 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68090.8. (a) The Legislature finds that the management of criminal cases, including traffic cases, and the accounting for funds in the municipal and justice courts requires these courts to implement appropriate levels of automation. The purpose of this section is to make a fund available for the development of automated accounting and case-processing systems for the municipal and justice courts, together with funds to train operating personnel, and for the maintenance and enhancement of the systems.

(b) Prior to making any other required distribution, the county treasurer shall deposit 2 percent of all fines, penalties, and forfeitures collected in criminal cases, including, but not limited to, moneys collected pursuant to Chapter 12 (commencing with Section 76000) of Title 8 of this code, Section 13003 of the Fish and Game Code, Sections 11372.5 and 11502 of the Health and Safety Code, and Chapter 1 (commencing with Section 1427) of Title 11 of Part 2 of the Penal Code, into a fund which shall be used exclusively to pay the costs of automating municipal and justice court recordkeeping systems for criminal, including traffic, cases. These systems shall meet Judicial Council performance standards, including production of reports as needed by the state, the counties, and local governmental entities.

SEC. 4. Section 68106 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68106. The Judicial Council shall, in consultation with the Department of Finance and the Legislative Analyst, study the methods available for the inclusion of trial courts in the Budget Act, and shall report its findings and recommendations to the Legislature on or before March 1, 1992, as to the most efficient and cost-effective

process for including trial courts in the Budget Act. The report shall also include recommendations on an equitable formula for the allocation of state funds appropriated for the support of the trial courts.

SEC. 5. Section 68112 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68112. (a) On or before March 1, 1992, each superior, municipal, and justice court in each county, in consultation with the local bar, shall prepare and submit to the Judicial Council for review and approval a trial court coordination plan designed to achieve maximum utilization of judicial and other court resources and statewide cost reductions in court operations of at least 3 percent in the 1992–93 fiscal year, a further 2 percent in the 1993–94 fiscal year, and a further 2 percent in the 1994–95 fiscal year. The cost reduction shall be based on the prior year actual expenditures, plus any amount reduced from the budget for court operations by a county as a result of any reduction in state funding made pursuant to Section 13308, increased by the percentage change in population for the prior calendar year and the Department of Commerce implicit price deflator for state and local government for the prior calendar year. The coordination plan for each court shall be reviewed and approved by the Judicial Council on or before July 1, 1992.

(b) The coordination plan shall take into consideration the elements of such plans specified in standards adopted by the Judicial Council and applicable case processing time standards adopted by the Judicial Council. The standards adopted by the Judicial Council shall include, but not be limited to, the following:

(1) The use of blanket cross-assignments allowing judges to hear civil, criminal, or other types of cases within the jurisdiction of another court.

(2) The coordinated or joint use of subordinate judicial officers to hear or try matters.

(3) The coordinated, joint use, sharing or merger of court support staff among trial courts within a county or across counties. In a county with a population of less than 100,000 the coordination plan need not involve merger of superior and justice court staffs if the court can reasonably demonstrate that the maintenance of separate administrative staffs would be more cost-effective and provide better service.

(4) The assignment of civil, criminal, or other types of cases for hearing or trial, regardless of jurisdictional boundaries, to any available judicial officer.

(5) The assignment of any type of case to a judge for all purposes commencing with the filing of the case and regardless of jurisdictional boundaries.

(6) The establishment of separate calendars or divisions to hear a particular type of case.

(7) In rural counties, the use of all court facilities for hearings and

trials of all types of cases and to accept for filing documents in any case before any court in the county participating in the coordination plan.

(8) The coordinated or joint use of alternative dispute resolution programs such as arbitration.

(9) The unification of the trial courts within a county to the maximum extent permitted by the Constitution.

(10) The joint development of automated accounting and case-processing systems, including joint use of moneys available under Section 68090.8.

(c) In preparing coordination plans a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units where a courtwide plan would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

SEC. 5.5. Section 68113 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68113. (a) The superior, municipal, and justice courts in each county shall submit a report to the Judicial Council on progress towards achieving the cost reduction goals associated with the coordination plans and factors impacting the cost of court operations and the collection of revenues. The report shall also include financial information prepared by the county auditor on expenditures for court operations and revenues according to a uniform chart of accounts adopted by the Judicial Council. The first report shall be submitted on or before February 15, 1992, covering the period July 1, 1991, to December 31, 1991, inclusive. Thereafter the reports shall be submitted quarterly on or before the 15th day of the second month following the end of the quarter.

(b) For purposes of the reporting requirements of this section, a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units corresponding to the organization of the court or courts under a coordination plan where reporting courtwide would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

(c) The Judicial Council shall submit a report to the Legislature within three months of the end of each fiscal year setting forth all of the following:

(1) The revenues and expenditures for each superior, municipal, and justice court in the state and statewide totals.

(2) A summary of the savings achieved by each county and statewide.

(3) Factors impacting the cost of court operations and the collection of revenues.

SEC. 6. Section 68520 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68520. (a) On or before January 31, 1992, each superior, municipal, and justice court shall provide the Judicial Council with complete information regarding the number, classification, salary, and benefits of every officer and employee of the court who is involved in performing court operations, as defined in Section 77003.

(b) On or before July 1, 1992, the Judicial Council shall report to the Legislature its findings and recommendations on the disposition of trial court employees, including the possibility of continuing them as county employees for purposes of compensation and benefits, under the eventual state assumption of trial court funding. The Judicial Council shall also recommend methods of limiting increases in court employee compensation beyond that of comparable state employees. The goals of the recommendations shall be (1) uniformity, (2) equity, and (3) cost control. The study shall include the participation of three representatives selected by labor organizations representing court employees.

(c) It is the intent of the Legislature that existing provisions pertaining to court employees, including, but not limited to, collective bargaining, merit systems, pensions, and other benefits shall remain in effect until July 1, 1993.

SEC. 7. Section 68543.5 of the Government Code, as amended by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68543.5. (a) Whenever a judge retired as such under the Judges' Retirement Law is assigned to sit in a trial court, the state shall pay the judge for each day of service in the court in the amount specified in Section 68543.7, without loss or interruption of retirement benefits, unless the judge waives compensation under this section. Whenever a retired judge of a justice court who is not under the Judges' Retirement Law is assigned to sit in a trial court the state shall pay the judge for each day of service in the court in the amount specified in Section 68543.7, or the compensation specified in Section 68541, whichever is greater. The compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairperson of the Judicial Council.

The receiving county shall pay the state 50 percent of the salary provided in Section 68543.7 for the time the judge serves the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

During the period of assignment, a retired judge shall be allowed expenses for travel, board, and lodging incurred in the discharge of the assignment. When assigned to sit in the county in which he or she resides, the judge shall be allowed expenses for travel, and board incurred in the discharge of the assignment. The expenses for travel, board, and lodging shall be paid by the state under the rules adopted by the Board of Control which are applicable to officers of the state provided for in Article VI of the Constitution while traveling on official state business. The receiving county shall reimburse the state

for these expenses. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

Notwithstanding the above provisions pertaining to compensation, a retired judge on senior judge status shall receive compensation from the state as provided in Sections 75028 and 75028.2, and shall be allowed expenses for travel, board, and lodging incurred in the discharge of the assignment as provided in this section.

The receiving county shall pay the state 50 percent of the full salary of a judge of the court to which the retired judge is assigned for the time the judge serves the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

(b) Whenever a judge retired as such under the Judges' Retirement Law is assigned to sit in a court of appeal or the Supreme Court, he or she shall be compensated while so sitting at a rate equal to 92 percent of the full compensation of a judge of the court to which he or she is assigned unless the judge waives compensation under this section. A retired judge of a justice court who is not under the Judges' Retirement Law and who is assigned to sit in a court of appeal or the Supreme Court shall be compensated while so sitting at the full compensation of a judge of the court to which he or she is assigned, or the compensation specified in Section 68541, whichever is greater. The compensation shall be chargeable for the period specified in Section 68547 the same as provided by law with respect to the compensation of a judge of the court to which he or she is assigned and the compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairperson of the Judicial Council.

If the compensation is greater than the judge's retirement allowance, the state shall pay the judge the difference between the compensation and the retirement allowance. The state shall reimburse the Judges' Retirement Fund for the retirement allowance paid to the judge while sitting on assignment, except that if no allowance has been paid because the judge has taken deferred retirement, no reimbursement shall be paid to the Judges' Retirement System.

If the compensation would be less than his or her retirement allowance, the retirement allowance shall continue to be paid in lieu of the compensation. The state shall reimburse the Judges' Retirement Fund in the amount of the compensation which would otherwise have been paid to the judge while sitting on assignment.

If a judge retired under the Judges' Retirement Law is assigned to sit in a court of appeal or the Supreme Court, the 8 percent difference between the compensation of the retired judge while so assigned and the compensation of a judge of the court to which assigned shall be paid to the Judges' Retirement Fund.

During the period of assignment, a retired judge shall be allowed expenses for travel, board, and lodging incurred in the discharge of

the assignment. When assigned to sit in the county in which he or she resides, the judge shall be allowed expenses for travel, and board incurred in the discharge of the assignment. The expenses for travel, board, and lodging shall be paid by the state under the rules adopted by the State Board of Control which are applicable to officers of the state provided for in Article VI of the Constitution while traveling on official state business.

Notwithstanding the above provisions pertaining to compensation, a retired judge on senior judge status shall receive compensation from the state as provided in Sections 75028 and 75028.2, and shall be allowed expenses for travel, board, and lodging incurred in the discharge of the assignment as provided in this section.

SEC. 8. Section 68543.7 of the Government Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

68543.7. Subject to funding in the Budget Act, the Chief Justice shall make available by assignment the equivalent of 50 additional full-time judges. A retired judge sitting on assignment in a trial court shall be paid in the amount of 1/250th of the annual salary of a judge of the court to which he or she is assigned for each day of service in the court.

For the purposes of calculating the percentage of compensation payable, part-time service shall be the equivalent of full-time service.

No judge shall be eligible to receive an allowance pursuant to this section until the attainment of at least age 63 unless the judge is

credited with 20 years of judicial service and has attained age 60.

Article 1. Penalties

76000. (a) In each county there shall be levied an additional penalty of seven dollars ($7) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except parking offenses subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code.

The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved. The amount deposited in that fund shall be at and shall not exceed the

corresponding amount for the 1990–91 fiscal year, plus a percentage representing the growth, if any, in the fines and forfeitures collected in comparison with the 1990–91 fiscal year, not to exceed 10 percent per fiscal year.

For any county which established an Emergency Medical Services Fund prior to June 1, 1991, and for which that fund has not received deposits for 12 full months of collections of the penalty, the 1990–91 fiscal year shall be computed by projecting actual collection experience to produce an estimated annual amount.

77301. A county shall notify the state of its decision to opt into the system by transmitting to the Controller a resolution, agreeing without qualification or condition to be bound by the provisions of this chapter in consideration for state funding of trail courts in that county.

The resolution shall be signed by the chairperson of the board of supervisors, the presiding judge of the superior court, and the presiding judge of the municipal court district in which the county seat is located, if there is a municipal court, or if there is no such municipal court district, the judge of the justice court district in which the county seat is located, and shall certify that a majority of each of the board of supervisors, the judges of the superior court, and the judges of the municipal and justice courts in the county requests state funding. However, in a county having only one superior court judge, no municipal court judge, and only one justice court judge who serves one-fifth time, as determined by the Judicial Council, only the superior court judge may so sign and certify for the judges of the county.

The option notification for the second half of the 1988–89 fiscal year shall be deemed effective on January 1, 1989. In subsequent years, the option notification shall become effective for the full fiscal year on the July 1 following notification, if sufficient moneys have been appropriated in the Budget Act for the fiscal year to adequately fund the program.

SEC. 15. Section 1205.1 of the Penal Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

1205.1. (a) All fines and forfeitures collected upon conviction or upon the forfeiture of bail, together with moneys deposited as bail, in any superior court, shall, as soon as practicable after the receipt thereof, be deposited with the county treasurer of the county in which the court is situated.

(b) Once a month there shall be transferred into the proper funds of the county an amount equal to 25 percent of the fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail.

(c) The total amount of the fines and forfeitures retained in the 1991–92 fiscal year by a county under this section shall not exceed 25 percent of the amount of fines and forfeitures retained by the county plus an amount equal to 5 percent of the fines and forfeitures retained by the county in the 1990–91 fiscal year.

(d) All moneys in excess of the amount transferred to the county under this section shall be transferred monthly to the General Fund.

SEC. 16. Section 1462.3 is added to the Penal Code, to read:

1462.3. Notwithstanding any other provision of law, a municipal or justice court shall authorize the following entities upon request to receive, deposit, accept forfeiture, and otherwise process the posting of bail for state and local parking violations issued by an employee or agent of the California State University, the University of California, the California Department of Parks and Recreation, the California State Police, the California Exposition and State Fair, the Department of Forestry and Fire Protection or any jurisdiction that provides fire protection for the department by contract, a community college district, a regional park district, a park and recreation district, a municipal utility district, a police protection district, a community service district, a transit district, a school district, a port district, a harbor district, a metropolitan development board, a fire protection district, a bridge and highway district, or a housing authority. Any entity which maintains an administrative appeals process for the review of all contested violations it has issued shall transfer, once a month, an amount equal to 15 percent of the amounts deposited directly with the entity, to the general fund of the county. Any entity which does not maintain an administrative appeals process for the review of all contested violations it has issued shall transfer, once a month, an amount equal to 5 percent of the amounts deposited directly with the entity, to the general fund of the

county.

Where such an entity and a municipal or justice court have, prior to June 1, 1991, entered into an agreement governing the distribution of revenue from parking penalties, those agreements shall remain in full force and effect until changed by mutual agreement.

If authorization is not sought by an entity whose employees issue written notices of state and local parking violations, out of the moneys deposited with the county treasurer from the court's receipt, deposit, acceptance of forfeiture, and other processing of bail, 25 percent shall be transferred, once a month, to the General Fund of the state, with respect to state agencies, or to the general fund of the local entity with respect to a local entity issuing the written notice, and the remainder shall be transferred to the county general fund. A municipal or justice court and an entity listed above may adjust the percentage herein by mutual agreement.

With respect to any city arrest from a city which is not set forth in the above schedule, the county percentage shall apply. A county and city therein may, by mutual agreement, adjust these percentages. Where a county and a city have, prior to June 1, 1991, entered into an agreement to adjust the percentage specified in this

section, or where a county and a city have entered into an agreement governing the distribution of revenue from parking penalties, those agreements shall remain in full force and effect until changed by mutual agreement.

SEC. 21. Section 1463.003 is added to the Penal Code, to read:

1463.003. The maximum amount of the fines and forfeitures which may be retained in the 1991–92 fiscal year by a county under this chapter shall be calculated by computing the amount of fines and forfeitures retained by the county in the 1990–91 fiscal year, plus an amount equal to 5 percent. All moneys in excess of 25 percent of that total amount shall be transferred on a monthly basis to the General Fund.

The total amount of the fines and forfeitures which may be retained in the 1991–92 fiscal year by a city under this chapter shall be calculated by computing the amount of fines and forfeitures retained by the city in the 1990–91 fiscal year plus an amount equal to 5 percent. All moneys in excess of 50 percent of that total amount shall be transferred on a monthly basis to the General Fund.

SEC. 22. Section 1463.004 is added to the Penal Code, to read:

1463.004. (a) If a sentencing judge specifies only the total fine or forfeiture, or if an automated case-processing system requires it, percentage calculations may be employed to establish the components of total fines or forfeitures, provided that the aggregate monthly distributions resulting from the calculations are the same as would be produced by strict observance of the statutory distributions.

(b) If a fund would receive less than one hundred dollars ($100) in monthly distributions of total fines and forfeitures by a particular court for at least 11 months of each year, the court may omit that fund from the system for calculating distributions, and shall instead apply the distribution provided for by Section 1463.001.

SEC. 23. Section 1463.006 is added to the Penal Code, to read:

1463.006. Any money deposited with the court or with the clerk thereof which, by order of the court or for any other reason, should be returned, in whole or in part, to any person, or which is by law payable to the state or to any other public agency, shall be paid to that person or to the state or to the other public agency by warrant of the county auditor, which shall be drawn upon the requisition of the clerk of the court.

All money deposited as bail which has not been claimed within one year after the final disposition of the case in which the money was deposited, or within one year after an order made by the court for the return or delivery of the money to any person, shall be apportioned between the city and the county and paid or transferred in the manner provided by statute for the apportionment and payment of fines and forfeitures. This paragraph controls over any conflicting provisions of law.

SEC. 24. Section 1463.009 is added to the Penal Code, to read:

1463.009. (a) All parking penalties resulting from a filing in a

court shall as soon as practicable after receipt thereof, be deposited with the county treasurer, and each month the total parking penalties which have accumulated within the past month shall be distributed, as follows:

(1) The surcharges and DMV fees shall be transferred to the proper funds as required by law.

(2) The remaining base parking penalties shall be distributed as follows:

(A) Any base parking penalties which are subject to specific distribution under any other section shall first be distributed to the specified funds.

(B) Base parking penalties resulting from notices of parking violation issued by the county, shall be transferred into the proper funds of the county.

(C) From base parking penalties resulting from notices of parking violation issued by a city, an amount equal to the applicable county percentage set forth in Section 1463.002, as modified by Section 1463.28, shall be transferred into the proper funds of the county. The remainder of base fines resulting from city arrests shall be deposited to the treasury of the appropriate city.

(b) Except as otherwise provided by agreement between the city and the court, after forwarding all surcharges and DMV fees to the proper account, a city shall retain the base parking penalties resulting from notices which it has processed with the consent of the court. Where a county and a city have, prior to June 1, 1991, entered into an agreement to adjust the percentage specified in Section 1463.002, or where a county and a city have entered into an agreement governing the distribution of revenue from parking penalties, those agreements shall remain in full force and effect until changed by mutual agreement.

(c) This section does not require any county or municipal or justice court to process a parking penalty under Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code for a city, district, or any other issuing agency prior to the filing of a complaint.

SEC. 25. Section 1463.04 is added to the Penal Code, to read:

1463.04. Notwithstanding Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred once a month into the State Treasury to the credit of the Winter Recreation Fund an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon conviction or upon the forfeiture of bail from any person of any violation of Section 5091.15 of the Public Resources Code, and an amount equal to the remaining 50 percent shall be transferred to the county general fund and deposited in a special account which shall be used exclusively to pay for the cost of furthering the purposes of the California SNO-PARK Permit Program, including, but not limited to, the snow removal, maintenance, and development of designated parking areas.

SEC. 26. Section 1463.7 is added to the Penal Code, to read:

1463.7. Funds transferred to the Regents of the University of California pursuant to Section 1462.3 may not be utilized to purchase land or to construct any parking facility. These funds shall be utilized for the development, enhancement, and operation of alternate methods of transportation of students and employees of the University of California and for the mitigation of the impact of off-campus student and employee parking in university communities.

SEC. 27. Section 1463.9 is added to the Penal Code, to read:

1463.9. Notwithstanding the provisions of Section 1463, 50 percent of all fines and forfeitures collected upon conviction, or upon forfeiture of bail, for violations of Section 13002 of the Health and Safety Code, Sections 23111 and 23112, and subdivision (a) of Section 23113 of the Vehicle Code, and Section 374.3 of this code shall be kept separate and apart from any other fines and forfeitures. These fines and forfeitures shall, as soon as practicable after their receipt, be deposited with the county treasurer of the county in which the court is situated and shall be distributed as prescribed in Section 1463, except that the money distributed to any county or city shall be expended only for litter cleanup activities within that city or county.

SEC. 28. Section 1463.14 is added to the Penal Code, to read:

1463.14. (a) Notwithstanding the provisions of Section 1463, of the moneys deposited with the county treasurer pursuant to Section 1463, fifty dollars ($50) for each conviction of a violation of Section 23103, 23104, 23152, or 23153 of the Vehicle Code shall be deposited in a special account which shall be used exclusively to pay for the cost of performing for the county, or a city or special district within the county, analysis of blood, breath or urine for alcohol content or for the presence of drugs, or for services related to that testing. The sum shall not exceed the reasonable cost of providing the services for which the sum is intended.

On November 1 of each year, the treasurer of each county shall determine those moneys in the special account which were not expended during the preceding fiscal year, and shall transfer those moneys into the general fund of the county. The county may retain an amount of that money equal to its administrative cost incurred pursuant to this section, and shall distribute the remainder pursuant to Section 1463.

(b) The Board of Supervisors of Contra Costa County may, by resolution, authorize the imposition of a fifty dollar ($50) assessment by the court upon each defendant convicted of a violation of Section 23152 or 23153 of the Vehicle Code for deposit in the account from which the fifty dollar ($50) distribution specified in subdivision (a) is deducted.

(c) The board of supervisors of a county other than Contra Costa County may, by resolution, authorize an additional penalty upon each defendant convicted of a violation of Section 23152 or 23153 of the Vehicle Code, of an amount equal to the cost of testing for alcohol

content, less the fifty dollars ($50) deposited as provided in subdivision (a). The additional penalty authorized by this subdivision shall be imposed only in those instances where the defendant has the ability to pay, but in no case shall the defendant be ordered to pay a penalty in excess of fifty dollars ($50). The penalty authorized shall be deposited directly with the county, or city or special district within the county, which performed the test, in the special account described in subdivision (a), and shall not be the basis for any additional assessment pursuant to Section 1464 or 1465, or Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code.

For purposes of this subdivision, "ability to pay" means the overall capability of the defendant to pay the additional penalty authorized by this subdivision, taking into consideration all of the following:

(A) Present financial obligations, including family support obligations, and fines, penalties, and other obligations to the court.

(B) Reasonably discernible future financial position over the next 12 months.

(C) Any other factor or factors which may bear upon the defendant's financial ability to pay the additional penalty.

(d) The Department of Justice shall promulgate rules and regulations to implement the provisions of this section.

SEC. 29. Section 1463.16 is added to the Penal Code, to read:

1463.16. (c) The Board of Supervisors of Contra Costa County may, by resolution, authorize the imposition of a fifty dollar ($50) assessment by the court upon each defendant convicted of a violation of Section 23152 or 23153 of the Vehicle Code for deposit in the account from which the fifty dollar ($50) distribution specified in subdivision (a) is deducted.

(d) It is the specific intent of the Legislature that funds expended under this part shall be used for ongoing alcoholism program services as well as for contracts with private nonprofit organizations to upgrade facilities to meet state certification and state licensing standards and federal nondiscrimination regulations relating to accessibility for handicapped persons.

(e) Counties may retain up to 5 percent of the funds collected to offset administrative costs of collection and disbursement.

(2) The balance of the amount collected, if any, shall be deposited by the county treasurer pursuant to Section 1463.

1463.26. Notwithstanding Section 1463, out of moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred, once a month, to the traffic fund of the city, an amount equal to one-third of all fines and forfeitures collected during the preceding month upon the conviction of, or upon the forfeiture of bail by, any person charged with a violation of Section 21655.5 or 21655.8 of the Vehicle Code within that city, and an amount equal to one-third of those fines and forfeitures shall be transferred into the general fund of the county, and an amount equal to one-third of those fines and forfeitures shall be transferred to the agency whose approval is required for high-occupancy vehicle lanes on state highways pursuant to Section 21655.6 of the Vehicle Code. If the arrest for a violation of either Section 21655.5 or 21655.8 of the Vehicle Code was not within a city, then 50 percent of the fines and forfeitures shall be transferred to the general fund of the county and 50 percent shall be transferred to the agency having authority to approve high-occupancy vehicle lanes pursuant to Section 21655.6 of the Vehicle Code. Money received by the agency having the authority to approve high-occupancy vehicle lanes pursuant to Section 21655.6 of the Vehicle Code shall be used by that agency for the purposes of improving traffic flow and traffic operations upon the state highway system within the jurisdiction of that agency. In counties where there exists a county transportation commission created pursuant to Division 12 (commencing with Section 130000) of the Public Utilities Code, that commission is the agency for purposes of this section.

SEC. 35. Section 1464 of the Penal Code, as amended by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

1464. (a) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, there shall be levied a state penalty in an amount equal to ten dollars ($10) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the state penalties established by this section and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the state penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state penalty shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty made thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the same and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and the balance shall then be transmitted to the State Treasury with 70 percent to be deposited in the State Penalty Fund, which is hereby created and 30 percent to remain on deposit in the General Fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited in the State Penalty Fund shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.33 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, but in no event shall the total amount be less than the state penalty levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys are to be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 32.02 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Those funds shall be made available in accordance with subdivision (b) of Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 23.99 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to 25.70 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 7.88 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Money in the Corrections Training Fund is not continuously

appropriated and shall be appropriated in the Budget Act.

(6) Once a month there shall be transferred into the Local Public Prosecutors and Public Defenders Training Fund established pursuant to Section 11503 an amount equal to 0.78 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. The amount so transferred shall not exceed the sum of eight hundred fifty thousand dollars ($850,000) in any fiscal year. The remainder in excess of eight hundred fifty thousand dollars ($850,000) shall be transferred to the Restitution Fund.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 8.64 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(8) (A) Once a month there shall be transferred into the Traumatic Brain Injury Fund, created pursuant to Section 5564.6 of the Welfare and Institutions Code, an amount equal to 0.66 percent of the state penalty funds deposited into the State Penalty Fund during the preceding month, until the amount deposited in the Traumatic Brain Injury Fund, as determined by the Department of Finance, for any fiscal year equals five hundred thousand dollars ($500,000). All moneys in excess of that amount shall be distributed pro rata pursuant to paragraphs (1) to (7), inclusive, and utilized in accordance with this subdivision.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (7), inclusive, of this subdivision.

SEC. 36. Section 1464.5 of the Penal Code is repealed.

SEC. 37. Section 1464.8 of the Penal Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

1464.8. Notwithstanding any other provision of law, when an allocation and distribution of any fine, forfeiture, penalty, fee, or assessment collected in any criminal case is made, including, but not limited to, moneys collected pursuant to this chapter, Section 13003 of the Fish and Game Code, Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and Sections 11372.5 and 11502 of the Health and Safety Code, the allocation and distribution of any payment may be based upon the law in effect during the accounting period when the payment is made.

SEC. 38. Section 1465 of the Penal Code is repealed.

SEC. 39. Section 97.35 of the Revenue and Taxation Code is amended to read:

97.35. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 97, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying

city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 98, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 97 in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 98, the auditor shall, for the 1989–90 fiscal year and each year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 97, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code,

and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) "Qualifying city" means any city, except a qualifying city as defined in Section 97.3, which incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 97 in the 1988–89 fiscal year which is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of

property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue which was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.6.

(2) The amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax, except any tax which was imposed after January 1, 1988. In the case of a tax which existed before January 1, 1988, this paragraph shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(3) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts which are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city.

(g) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e) and (f), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount which exceeds the city's appropriations limit.

(h) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(i) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section which is less than the amount the city would have been allocated without the application of the TEA formula.

(j) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city which has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

SEC. 40. Section 22651 of the Vehicle Code, as amended by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to any subdivision of this section, and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle or all traffic violations of the registered owner have been cleared, or both. A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(2) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of

disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the deposit of bail for all notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, bail for all notices of parking violations issued for the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet

parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

SEC. 41. Section 22651.7 of the Vehicle Code, as amended by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

22651.7. In addition to, or as an alternative to, removal, any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations, of a city or county in which a vehicle is located may immobilize the vehicle with a device designed and manufactured for the immobilization of vehicles, on a highway located within the territorial limits in which the officer or employee may act if the vehicle is found upon the highway and is known to have been issued five or more notices of parking violation over a period of five or more days to which the owner or person in control of the vehicle has not responded or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17. The vehicle may be immobilized until that person furnishes to the immobilizing law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle or all traffic violations of the registered owner have been cleared, or both. A

notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding or immobilizing of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the immobilizing law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is immobilized. Evidence of current registration shall be produced after a vehicle has been immobilized or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

SEC. 42. Section 40611 of the Vehicle Code, as added by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

40611. Upon proof of correction of an alleged violation of Section 12500, 12951, or any violation cited pursuant to 40610 of the Vehicle Code, the clerk shall collect a ten dollar ($10) transaction fee for each case. The fee shall be deposited by the clerk in accordance with Section 68084 of the Government Code, and allocated monthly as follows:

(a) Thirty-three percent shall be transferred to the issuing local governmental entity for deposit in the general fund of the entity.

(b) Thirty-four percent shall be transferred to the State Treasury for deposit in the State Penalty Fund established by Section 1464 of the Penal Code.

(c) Thirty-three percent shall be deposited in the county general fund.

SEC. 43. Section 42007 of the Vehicle Code, as amended by Assembly Bill 1297 of the 1991–92 Regular Session, is amended to read:

42007. (a) The clerk of the court shall collect a fee from every person who is ordered or permitted to attend a traffic violator school pursuant to Section 42005 or who attends any other court-supervised program of traffic safety instruction. The fee shall be in an amount equal to the total bail set forth for the eligible offense on the uniform countywide bail schedule. As used in this subdivision, "total bail" means the amount established pursuant to Section 1269b of the Penal Code in accordance with the Uniform Statewide Bail Schedule adopted by the Judicial Council, including all assessments, surcharges, and penalty amounts. Where multiple offenses are charged in a single notice to appear, the "total bail" is the amount applicable for the greater of the qualifying offenses. However, the court may determine a lesser fee under this subdivision upon a showing that the defendant is unable to pay the full amount.

The fee shall not include the cost, or any part thereof, of traffic safety instruction offered by the school or other program.

(b) Revenues derived from the fee collected under this section shall be deposited in accordance with Section 68084 of the Government Code and allocated monthly as follows:

(1) Seventy-seven percent of the amount shall be deposited in the General Fund. Effective January 1, 1992, the Treasurer shall deposit 14 percent of the moneys received under this paragraph in the State Courthouse Construction Fund.

(2) The remaining amount collected under subdivision (a) shall be deposited in the general fund of the county, provided that in any county in which a fund is established pursuant to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, the sum of one dollar ($1) for each fund so established shall be deposited with the county treasurer and placed in that fund.

(c) As used in this section, "court-supervised program" includes, but is not limited to, any program of traffic safety instruction the successful completion of which is accepted by the court in lieu of adjudicating a violation of this code.

(d) The Judicial Council shall study the minimum eligibility criteria governing drivers seeking to attend traffic violator's school, and report to the Legislature on the advisability of uniform statewide criteria on or before January 1, 1993.

(e) The clerk of the court, in a county that offers traffic school shall include in any courtesy notice mailed to a defendant for an offense that qualifies for traffic school attendance the following statement:

NOTICE: If you are eligible and decide not to attend traffic school your automobile insurance may be adversely affected.

SEC. 44. Section 42008 of the Vehicle Code, as added by Assembly Bill 1297 of the 1911–92 Regular Session, is amended to read:

42008. (a) A state amnesty program for delinquent fines imposed for an infraction or misdemeanor violation of the Vehicle Code, except parking violations, shall operate during the period of February 1, 1992, through April 30, 1992. The program shall apply to infraction or misdemeanor violations of the Vehicle Code, except parking violations, upon which a fine or forfeiture was due and payable on or before April 1, 1991.

(b) Any person owing a fine or bail due on or before April 1, 1991, that was imposed for an infraction or misdemeanor violation of the Vehicle Code, except violations of Section 23103, 23104, 23152, or 23153 or parking violations, may pay to the municipal or justice court the following amount which shall be accepted in full satisfaction of the delinquent fine or bail, and the court may accept either (1) 70 percent of the total fine or bail or (2) the amount of one hundred dollars ($100) for an infraction or five hundred dollars ($500) for a misdemeanor.

(c) No criminal action shall be brought against any person for a

delinquent fine paid under this amnesty program and no other additional penalties shall be assessed for the late payment of the fine made under the amnesty program.

(d) Notwithstanding Section 1463, the total amount of funds collected by the courts pursuant to the amnesty program created by this section shall be deposited in the county treasury and transferred to the General Fund once each month.

(e) It is the intent of the Legislature in enacting this section to preempt local amnesty programs with respect to fines or forfeitures for infractions and misdemeanor violations of the Vehicle Code. However, this section does not preempt local amnesty programs with respect to parking violations.

SEC. 45. Section 2 of the chapter of the Statutes of 1991 containing Assembly Bill 1297 of the 1991–92 Regular Session is amended to read:

Sec. 2. (a) The Legislature finds that:

(1) The State of California faces an unprecedented fiscal crisis, and its solution requires the participation of every branch of government.

(2) State and local governments and the judicial branch of government view this fiscal crisis as an opportunity to reexamine and reconstruct the roles and responsibilities of each branch.

(3) The operation and financing of municipal, superior, and justice courts, although a relatively small part of overall government spending, must be examined in light of this need for structural and financial realignment.

(4) The funding of trial court operations is most logically a candidate for state funding for each of the following reasons:

(A) State funding of trial courts provides uniform standards and procedures, economies of scale, and structural efficiency and simplification.

(B) These structural improvements provide for an improved court system, a uniform and equitable court system, and, therefor, increased access to justice for the citizens of California.

(5) Through the enactment of Assembly Bill 19 by Assembly Member Richard Robinson in 1985, Senate Bill 709 by Senator Bill Lockyer in 1987, and the Brown-Presley Trial Court Funding Act in 1988, the State of California has demonstrated its growing commitment to funding trial court operations.

(6) Although a long-stated goal of state and local government and the judicial branch, the state assumption of trial court funding has diminished, and the counties have been forced to fund a larger share of growing trial court operation costs.

(7) The growth in the costs of trial court operations can be substantially slowed through a variety of efficiencies and court coordination mechanisms.

(b) The Legislature declares its intent to do each of the following:

(1) Provide one-half the funding of trial court operations in the 1991–92 fiscal year and increase that share of funding by 5 percent

of the total costs of trial court operations per year until trial courts are 70 percent funded by the state in the 1995–96 fiscal year.

(2) Reform and streamline the collection and allocation of penalties.

(3) Improve the coordination of trial court operations through a variety of administrative efficiencies, including coordination agreements between the trial courts, and thereby achieve substantial savings in trial court operations costs.

(4) Temporarily satisfy the need for additional judgeships through enhanced use of assigned judges, increased cross-assignment of judges, and implementation of trial court delay reduction mechanisms.

(5) Increase the state's ability to fund the trial courts through increasing fines and penalties, enhanced collection of fines, penalties, and forfeitures, and the recapture of court revenues not dedicated to court operations.

(6) Create a judicial branch budgeting system that protects the independence of the judiciary and optimizes local trial court control and responsibility, while preserving financial accountability to the overall state budget.

(7) Fund court employees in a manner that promotes cost control, uniformity, and equity.

SEC. 46. Section 75 of the chapter of the Statutes of 1991 containing Assembly Bill 1297 of the 1991–92 Regular Session is amended to read:

Sec. 75. (a) The Judicial Council shall study the economic effects of decriminalizing minor violations of the Vehicle Code, and violations of ordinances, regulations, and provisions of that code governing the standing or parking of vehicles, and report to the Legislature, on or before March 1, 1992, which of those violations, if any, it recommends be decriminalized.

(b) As part of the study conducted in subdivision (a), the Judicial Council shall also examine any possible models or methods for alternative administrative resolution or adjudication of these minor violations and small claims actions outside of an adjudication in a judicial forum. Based on this examination and study, the Judicial Council shall make recommendations on an alternative forum in which to adjudicate these violations and the necessary procedures.

SEC. 47. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs, and because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 48. Immediately upon the transfer of funds pursuant to Section 6140.10 of the Business and Professions Code, the sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the State Department of Education for purposes of operating and maintaining the California State Law Library pursuant to Section 6140.10 of the Business and Professions Code.

SEC. 49. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to help resolve an unprecedented fiscal crisis by providing for state funding of the operation of municipal, superior, and justice courts and the California State Law Library as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 190

An act to amend Sections 798.27 and 798.79 of the Civil Code, relating to mobilehomes.

[Approved by Governor July 27, 1991 Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 798.27 of the Civil Code is amended to read:

798.27. (a) The management shall give written notice to all homeowners and prospective homeowners concerning the following matters: (1) the nature of the zoning or use permit under which the mobilehome park operates. If the mobilehome park is operating pursuant to a permit subject to a renewal or expiration date, the relevant information and dates shall be included in the notice. (2) The duration of any lease of the mobilehome park, or any portion thereof, in which the management is a lessee.

(b) If a change occurs concerning the zoning or use permit under which the park operates or a lease in which the management is a lessee, all homeowners shall be given written notice within 30 days of that change. Notification regarding the change of use of the park, or any portion thereof, shall be governed by subdivision (g) of Section 798.56. A prospective homeowner shall be notified prior to

the inception of the tenancy.

SEC. 2. Section 798.79 of the Civil Code is amended to read:

798.79. (a) Any legal owner or junior lienholder who forecloses on his or her security interest in a mobilehome located in a mobilehome park shall have the right to sell the mobilehome within the park to a third party in accordance with this article, but only if all of the homeowner's responsibilities and liabilities to the management regarding rent, utilities, and reasonable maintenance of a mobilehome and its premises are satisfied by the foreclosing creditor as they accrue through the date the mobilehome is resold.

(b) In the event the legal owner or junior lienholder has received from the management a copy of the notice of termination of tenancy for nonpayment of rent or other charges, the foreclosing creditor's right to sell the mobilehome within the park to a third party shall also be governed by Section 798.56a.

CHAPTER 191

An act to amend Section 82047.5 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 82047.5 of the Government Code is amended to read:

82047.5. "Primarily formed committee" means a committee pursuant to subdivision (a) of Section 82013 which is formed or exists primarily to support or oppose any of the following:

(a) A single candidate.

(b) A single measure.

(c) A group of specific candidates being voted upon in the same city or county election.

(d) Two or more measures being voted upon in the same city , county, or state election.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. The Legislature finds and declares that this act furthers the purposes of the Political Reform Act of 1974 within the meaning

of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 192

An act to amend Section 21716 of, and to add Section 21115.1 to, the Vehicle Code, relating to vehicles.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 21115.1 is added to the Vehicle Code, to read:

21115.1. (a) Notwithstanding Section 21115, a local authority may, by ordinance or resolution, establish crossing zones, for use by golf carts at any time other than during darkness, on any street, other than a state highway, which has a posted speed limit of 45 miles per hour or less and which is immediately adjacent to a golf course. The crossing zones shall be at an angle of approximately 90 degrees to the direction of the roadway. The ordinance or resolution shall not become effective until submitted to the local law enforcement agency having jurisdiction over the street, the local law enforcement agency finds and determines that the conditions pertaining to that street, with the addition of proper signs, markers, or lighting, or any combination of those, will permit the establishment of a golf cart crossing with reasonable safety, and the signs, markers, or lighting specified by the local law enforcement agency are in place.

(b) Subdivision (a) does not constitute precedent for the operation of golf carts on any street or highway other than in a crossing zone established pursuant to subdivision (a).

SEC. 2. Section 21716 of the Vehicle Code is amended to read:

21716. Except as provided in Section 21115.1, no person shall operate a golf cart on any highway except in a speed zone of 25 miles per hour or less.

CHAPTER 193

An act to amend Section 50714.5 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 50714.5 of the Health and Safety Code is amended to read:

50714.5. (a) The Director's San Diego County Farmworker Housing Discretionary Account is hereby established in the Office of Migrant Services in the department. The director may make loans or grants from this account for innovative farmworker housing projects providing housing for migrant or nonmigrant farmworkers in San Diego County. All grants or loans shall be made to local public entities or private community-based nonprofit agencies which agree to own and operate the farmworker housing project under the terms and conditions prescribed by the department and which agree to provide and operate the project in compliance with habitability, admissions, eligibility, and rent provisions of other state-financed migrant farm labor centers operated by the Office of Migrant Services, except that there shall be no limitation set on the term of tenancy if the project is operated for nonmigrant farmworkers. In selecting sponsors, the director may make awards for projects serving the needs of single farmworkers, but preference shall be given to those projects primarily serving families. Funds may be used under this section for farmworker housing on either a permanent foundation or nonpermanent foundation, including manufactured housing or mobilehomes.

(b) The department shall use funds appropriated by the Legislature for purposes of this section to maximize the utility of any other local, federal, state, or private funds or other assistance made available for the purposes of this section. For purposes of soliciting and awarding funds pursuant to this section, the department is not required to promulgate regulations.

(c) To be eligible for funding, a project sponsor shall make a contribution to the housing assisted under this section. However, if the housing sponsor can demonstrate that it does not have the capability to make that contribution, no contribution shall be required. A contribution, for purposes of this subdivision, may be in the form of a write down of land costs, fee waiver, direct equivalent financial contribution, or any other incentives of financial value.

(d) The department shall accept proposals from project sponsors commencing November 15, 1989 . The department shall award grants to project sponsors commencing January 1, 1990.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act addresses a critical farmworker housing emergency in the County of San Diego that imperils the health and safety of large numbers of farmworkers. It is necessary, therefore, that this act take immediate effect.

CHAPTER 194

An act to amend Section 14560.5 of the Government Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 14560.5 of the Government Code is amended to read:

14560.5. The commission may authorize short-term financing mechanisms which do not constitute bonds or debt requiring the approval of the voters under any provision of the California Constitution pursuant to this chapter for financing seismic safety retrofit projects or to mitigate the effects of the priority given to seismic safety retrofit projects on the construction or acquisition of any project contained in the 1990 State Transportation Improvement Program and the 1990 Highway Systems Operation and Protection Plan for which the commission is authorized to allocate funds or for which the department is otherwise authorized to expend funds, and with respect to which the commission makes both of the following findings:

(a) That completion of the project proposed to be financed would be delayed solely due to a lack of funding directly attributable to the seismic safety retrofit program, causing it to be completed in a subsequent fiscal year.

(b) That before funds are expected to become available for the project to be financed, the benefits to the public are expected to exceed the expected cost of financing pursuant to the chapter. Public benefits include, but are not limited to, savings which are due to congestion reduction, reduction of property damage and injury, reduction in maintenance costs, and reduction in the costs of construction or right-of-way acquisition.

SEC. 2. Section 1 of this act shall become operative only if this bill and Senate Bill 460 are both enacted, and both contain provisions relating to seismic safety retrofit projects.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to expected delays in the construction of projects included in the 1990 State Transportation Improvement Program and the 1990 Highway Systems Operation and Protection Plan, resulting from the high priority given to seismic safety retrofit projects and the impacts of reduced fuel consumption and increased inflation, the expanded financing opportunities provided by this act are needed immediately to allow construction of transportation projects in a timely and cost-effective manner, and it is therefore necessary that this act to take effect immediately as an urgency statute.

CHAPTER 195

An act to amend Sections 14560, 14560.1, 14560.7, 14561, 14562.1, 14562.3, and 14562.4 of the Government Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 14560 of the Government Code is amended to read:

14560. (a) The Legislature hereby finds and declares that it is in the best interests of the people of California to immediately finance retrofit projects to make state highways safe during seismic events, and to offset any possible delays caused by these projects on approved state highway projects contained in the state transportation improvement program for 1990 and the 1990 Highway Systems Operation and Protection Plan and to authorize this financing from motor vehicle fuel tax revenues in order to achieve the greatest economic benefit in the completion of these projects.

(b) In order to accomplish these objectives, the Legislature has enacted this chapter.

SEC. 2. Section 14560.1 of the Government Code is amended to read:

14560.1. The Legislature further finds and declares:

(a) That additional financing mechanisms are necessary and desirable to alleviate cash-flow imbalances caused by the expected pattern of receipt of motor vehicle fuel tax revenues, in order to allow the state to proceed expeditiously to construct highway projects included in the 1990 State Transportation Improvement Program and the 1990 Highway Systems Operation and Protection

Plan, which projects might otherwise be delayed because of the high priority given to seismic safety projects.

(b) That short-term financing mechanisms to anticipate receipt of motor vehicle fuel tax revenues may result in lower net costs to the state by avoiding increases in project costs arising from price inflation.

(c) That these financing mechanisms are therefore equivalent to and consistent with the use of motor vehicle fuel taxes as provided in subdivision (a) of Section 1 of Article XIX, and are not inconsistent with Section 5 of Article XIX of the California Constitution.

SEC. 3. Section 14560.7 of the Government Code is amended to read:

14560.7. (a) Neither the department nor the commission shall enter into any agreement for professional services necessary for the preparation of or issuance of financing instruments authorized pursuant to this chapter other than for the development of the report required pursuant to subdivision (b) or authorize the issuance of any financing instruments except pursuant to a specific authorization to do so contained in the annual Budget Act.

(b) The commission shall, in cooperation and consultation with the department, develop a report which includes (1) a detailed list of earthquake retrofit projects to be funded in the immediately following fiscal year; (2) an analysis of the impact of funding the earthquake retrofit projects on other projects contained in the state transportation improvement program for 1990 and the 1990 Highway Systems Operation and Protection Plan proposed for funding in the same fiscal year; (3) a statement of the specific conditions necessitating the accelerated funding of each project to be financed, including a schedule for completion of the project and the findings made pursuant to Section 14560.5; and (4) a specific request for authorization for the commission to enter into any related agreements, or to issue financing instruments as necessary. The report shall be adopted by the commission with the concurrence of the Director of Transportation, and shall be transmitted to the Legislature and the Governor by April 1 of each year.

SEC. 4. Section 14561 of the Government Code is amended to read:

14561. The total present value of the payments to be made pursuant to all contracts or notes entered into pursuant to this chapter shall not exceed the amount necessary to mitigate the effects of the priority given to seismic safety retrofit projects on projects contained in the state transportation improvement program for 1990 and the 1990 Highway Systems Operation and Protection Plan for which the commission is authorized to allocate funds.

SEC. 5. Section 14562.1 of the Government Code is amended to read:

14562.1. If the commission determines that revenues derived from the motor vehicle fuel license tax and the use fuel tax are expected to be insufficient to pay for programmed seismic safety

projects pursuant to appropriations made by the Legislature, and also for other projects included in the 1990 State Transportation Improvement Program and the 1990 Highway Systems Operation and Protection Plan without delay, but that sufficient revenues will be received over the period ending June 30, 2000, during which those appropriations are effective, specific authorization for short-term financing has been received in the Budget Act, and the commission and the department satisfy all the other requirements of Article 2 (commencing with Section 14560.5), the commission may adopt a resolution for the issuance of notes secured as provided in this article, and may, with the approval of the Director of Finance, issue notes to satisfy the appropriations made for seismic safety and other transportation projects prior to the receipt of reasonably anticipated income to pay those appropriations.

SEC. 6. Section 14562.3 of the Government Code is amended to read:

14562.3. (a) At the discretion of the Treasurer, notes issued pursuant to this article may be one or more of the following:

(1) Negotiable.

(2) Payable to order or to bearer.

(3) Issued in any denomination.

(4) Made payable on a fixed date or upon demand of the holder of the note.

(5) Subject to prepayment or redemption at the option of the commission or at the option of the holder.

(b) Notes issued pursuant to this article (including notes issued to refund earlier notes) shall comply with all of the following requirements:

(1) Mature not later than June 30, 2000, and shall not be renewable beyond that date.

(2) Bear interest at a rate or rates to be determined and payable as provided by the resolution adopted by the commission.

(3) Contain any other provisions which the commission deems appropriate.

SEC. 7. Section 14562.4 of the Government Code is amended to read:

14562.4. Any revenues contained in the State Highway Account in the State Transportation Fund during the period ending June 30, 2000, period for which the notes are outstanding are available for the payment of those notes and the interest on them until they are fully paid and discharged. There shall be created a first lien and security interest on revenues derived from the motor vehicle fuel license tax and the use fuel tax in the State Highway Account to secure all notes issued under this article. No notes issued pursuant to this article shall be or become a lien, charge, or liability against the State of California or against its property or funds except to the extent of the pledges expressly made by this article. Every note issued pursuant to this article shall contain a recital on its face stating that neither the payment of the principal nor any part of it, nor any interest on it,

constitutes a debt, liability, or general obligation of the State of California other than as provided in this article. The commission may not pledge the credit or taxing power of the state.

SEC. 8. Sections 1 to 7, inclusive, of this act shall become operative only if this bill and AB 981 are both enacted, and both bills contain provisions relating to seismic safety retrofit projects.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to expected delays in construction of projects included in the 1990 State Transportation Improvement Program and the 1990 Highway Systems Operation and Protection Plan, resulting from the high priority given to seismic safety retrofit projects, new financing mechanisms, as provided by this act, are necessary immediately to allow construction of programmed projects in a timely and cost-effective manner.

CHAPTER 196

An act to amend Sections 8208, 8262, 8265.5, and 8477 of, and to add Section 8360.1 to, the Education Code, and to amend Item 6110-107-001 of, and to add Items 0558-001-001 and 0650-011-001 to, Section 2.00 of the Budget Act of 1991, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1991 Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

A fund is hereby created in the State Treasury, to be known as the State Child Care Facilities Fund. All moneys in the State Child Care Facilities Fund, including any moneys deposited in that fund from any source whatsoever, are hereby continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this article. The State Allocation Board may authorize the expenditure of any moneys in the State Child Care Facilities Fund for capital outlay projects pursuant to this article.

(b) No relocatable child care and development facility owned by the state shall be placed on privately owned land except in those areas of the state where the Superintendent of Public Instruction determines there is no available space on publicly owned land and where there are no available child care and development facilities.

(c) The Superintendent of Public Instruction shall establish the qualifications to determine the eligibility of extended day care agencies to lease relocatable facilities under this section.

(d) The Superintendent of Public Instruction shall adopt rules establishing priorities for the acquisition and leasing of facilities to agencies that will most benefit children needing extended day care services. First priority shall be given to programs that are operated in school districts that have unhoused pupils, as determined under state standards established pursuant to Chapter 22 (commencing with Section 17700) of Part 10, and have developed a plan to provide extended day care services in a cost-effective manner. Each lessee shall be required to demonstrate that program operations in relocatable facilities are primarily for extended day care services which comply with cost-effective minimum program standards established by the superintendent.

(e) Although primary use of relocatable facilities shall be for extended day care programs, those facilities may be used for other purposes if the following conditions are met:

(1) The alternative use of the facility does not infringe upon the accessibility of extended day care programs.

(2) The State Department of Education authorizes alternative use as being compatible with extended day care programs.

(f) The State Allocation Board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish any procedures and policies in connection with the administration of this section that it deems necessary.

(2) Adopt any rules and regulations for the administration of this section requiring those procedures, forms, and information that it deems necessary.

(3) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable extended day care services facilities where needed.

(g) The board shall lease relocatable facilities to qualifying extended day care services agencies and shall charge rent of one dollar ($1) per year. The board shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee. Neither the board nor the state shall assume any responsibility for utility services costs other than initial installation costs reimbursed under this article, and the agency shall provide adequate safeguards to protect the state's interest in this regard.

(h) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility that is the property of the state, against any risks, including liability from the use thereof, in the amounts the board deems necessary to protect the interests of the state. Neither the board nor the state shall assume any responsibility for utility services costs other than initial installation costs reimbursed under this article, and the agency shall provide adequate safeguards to protect the state's interest in this regard.

(i) No relocatable facilities shall be made available to an agency unless the agency furnishes evidence, satisfactory to the board, that the agency has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(j) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of relocatable facilities that have been approved for lease to eligible extended day care services agencies.

(k) If at any time the board determines that a lessee's need for particular relocatable facilities that were made available to the lessee pursuant to this article has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies, or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in the manner it deems to be in the best interests of the state.

(*l*) If a lessee uses a particular relocatable facility for only a portion of the year, the board may enter into a second lease with a public or private party for the use of that facility for the portion of

the year during which the facility would otherwise be unused, in the manner it deems to be in the best interests of the state. The lessee shall be subject to subdivisions (f) and (h).

An act to amend Section 31633 of the Water Code, and to amend Section 15.4 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), relating to water.

[Approved by Governor July 27, 1991 Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 31633 of the Water Code is amended to read:

31633. The amount of any replenishment assessment levied within an area of benefit shall be established in the discretion of the board, except that no assessment shall exceed the sum of the following costs and charges:

(a) Those charges under the contract between the Coachella Valley Water District and the state for an imported water supply

from the State Water Resources Development System consisting of the variable operation, maintenance, power, and replacement component of the transportation charge, the off-aqueduct power facilities component of the transportation charge, the delta water charge, and any surplus water or unscheduled water charge, and such sums as are paid by the district to the Desert Water Agency for payment of similar charges under a similar contract the agency has with the state as provided in the water management agreement of July 1, 1976, as amended.

(b) The cost of importing and recharging water from sources other than the State Water Resources Development System.

(c) The cost of treatment and distribution of reclaimed water.

SEC. 2. Section 15.4 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

15.4. The agency shall have the power to levy and collect water-replenishment assessments, as provided in this section, for the purpose of replenishing groundwater supplies within the agency.

(a) As used in this section:

(1) "Annual" or "year" means a calendar year unless the context indicates a contrary meaning.

(2) "Fiscal year" means the period of July 1 to June 30, inclusive.

(3) "Production" or "produce" means the extraction of groundwater by pumping or any other method within the boundaries of the agency, or the diversion within the agency of surface supplies which naturally replenish the groundwater supplies within the agency and are used therein.

(4) "Producer" means any individual, partnership, association or group of individuals, lessee, firm, private corporation, or any public agency or public corporation, including, but not limited to, the Desert Water Agency.

(5) "Minimal pumper" means any producer who produces 10 or fewer acre-feet in any year.

(6) "Supplemental water" means water from the State Water Resources Development System, or from the Colorado River Aqueduct of the Metropolitan Water District of Southern California, or from any other source which is not part of the natural replenishment of the groundwater supplies within the agency, including reclaimed water.

(b) By May 1 of each year, the board shall cause to be prepared and presented to it an engineering survey and report concerning the groundwater supplies within the agency. The report shall include the condition of those groundwater supplies, the need for replenishment, and recommendations for any replenishment program, including the source and amount of replenishment water and the cost of purchasing, transporting and spreading the water. In connection with any proposed replenishment program, the report shall also describe the area or areas benefited, either directly or indirectly, the amount of water production in each area during the prior year, and shall recommend the amount of assessment to be

levied upon all production within each area or areas of benefit.

(c) If the board determines that funds should be raised by a replenishment assessment, it shall call a public hearing and shall publish notice at least 10 days in advance thereof pursuant to Section 6061 of the Government Code. Notice shall also be mailed by the agency to all producers as disclosed by the records of the agency who may be affected by the recommended assessment. Failure of any affected producers to receive the notice shall not affect the validity of any subsequent replenishment assessment. The notice shall contain the time and place of the hearing, a generalized or common description of each area of benefit, the amount of each recommended replenishment assessment, and an invitation to all interested parties to attend and be heard in support of or in opposition to the proposed assessment. The notice shall also state that a copy of the engineering report is available for inspection at the office of the agency.

(d) The hearing shall be held before the board, and a quorum shall be present. The hearing may be adjourned from time to time by the president. All evidence relevant to the engineering survey and report, the recommendation that a replenishment assessment pursuant to this section be levied, and the determination of the area benefited by such assessment and replenishment program, may be introduced. Upon completion of the hearing, the board shall, by resolution, make specific findings on all facts relevant and material to the purposes for which a replenishment assessment, if any, may be levied under this section. If the agency establishes a replenishment program and levies assessments, and the program is continued in subsequent years without substantial change and at the same rate of assessment, the board may dispense with the notice, hearing, and findings required by subdivisions (c) and (d).

(e) Before July 1 of each year, the board may by resolution levy a replenishment assessment upon all water production during the following fiscal year within each area of benefit as determined by the board. The assessment within each area of benefit shall be at a uniform rate per acre-foot. The resolution shall also state the time or times at which such assessment shall be due and payable, which may be in convenient installments as determined by the board.

(f) The amount of any replenishment assessment levied within an area of benefit shall be established in the discretion of the board, except that no assessment shall exceed the sum of the following costs and charges:

(1) Those charges under the contract between the Desert Water Agency and the state for an imported water supply from the State Water Resources Development System consisting of the variable operation, maintenance, power, and replacement component of the transportation charge, the off-aqueduct power facilities component of the transportation charge, the delta water charge, and any surplus water or unscheduled water charge.

(2) The cost of importing and recharging water from sources

other than the State Water Resources Development System.

(3) The cost of treatment and distribution of reclaimed water.

(g) Minimal pumpers may be excluded from the engineering survey and report on water production, and they shall be exempt from any replenishment assessments and reporting provisions under this section.

(h) The agency, after the levying of any replenishment assessment, shall give notice thereof to all affected producers as disclosed by the records of the agency. The notice shall state the rate of assessment for each acre-foot of production during the fiscal year for which the assessment has been levied, and the dates when the assessment or installments thereof are due and payable. The notice shall be sent by first-class mail with the postage prepaid by the district.

(i) Except as provided in subdivision (k), each producer, on or before the dates when the assessment or installments thereof are due and payable, shall file with the agency a sworn statement setting forth the total quantity of water production in acre-feet which are subject to the replenishment assessment. The production shall be reported as of the end of the month immediately preceding the payment date. The statement shall be on a form prepared by the agency and, to the extent practicable, shall identify separately the production from each well or other water-producing facility. The statement shall also include a general description or number locating the well or water-producing facility, the method or basis of the measurement or computation of production, and any other information the agency may require.

(j) Any replenishment assessment levied pursuant to this section shall be due and payable to the agency at the time or times determined by the agency and stated in the notice of levy, and shall accompany the statement required from each producer.

(k) If the agency has an agreement with any producer whereby the agency regularly reads and maintains the water-measuring devices which record the production of the producer, the producer shall be exempt from the provisions of subdivision (i). In lieu thereof, the agency shall send the producer notice of its production and the amount of the replenishment assessment or installment due.

(*l*) If any producer subject to a replenishment assessment, after notice has been given pursuant to subdivision (h), fails to pay a replenishment assessment or installment thereof when due, the producer shall become liable to the agency for interest at the rate of 1 percent per month on the delinquent amount.

(m) If any producer, subject to a replenishment assessment, knowingly fails to file the water-production statement, the producer shall, in addition to interest as provided in subdivision (*l*), become liable to the agency for a penalty of one hundred fifty dollars ($150).

(n) If the agency has probable cause to believe that the production by any producer is unreported or, if reported, is substantially in excess of that disclosed by the statement filed by the

producer, the agency shall cause an investigation and report to be made concerning that production. The board shall thereupon determine and fix the correct amount of production for the producer, and give written notice thereof. A determination made by the board shall be binding upon the producer, and the replenishment assessments based thereon together with interest and penalties shall be payable immediately, unless the producer files with the board, within 10 days after the mailing of notice, a written protest setting forth the grounds of protest. Upon the filing of a protest, the board shall hold a hearing at which time the total amount of production and the replenishment assessment shall be determined, and the interest and penalties fixed, which action shall be conclusive if based upon substantial evidence. A notice of the hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by the board shall be mailed to the protestant. The producer shall have 20 days from the date of mailing of the notice to pay the replenishment assessment, interest, and penalties fixed by the board.

(o) The agency may, in any court having jurisdiction, bring suit against any producer to enjoin any water production in violation of any of the provisions of this section, and to collect any delinquent replenishment assessments, interest or penalties. The court may award interest, costs, and attorney's fees on any judgment.

(p) It is unlawful to produce water from within any area of benefit after one year following the levy of a replenishment assessment within the area, unless the well or other water-producing facility producing the water has a water-measuring device affixed thereto which is capable of measuring and registering the accumulated amount of water produced. The provisions of this subdivision shall not be applicable to minimal pumpers. Violation thereof shall be punishable by a fine not to exceed three hundred dollars ($300), or by imprisonment in the county jail for not to exceed 30 days, or by both fine and imprisonment.

The people of the State of California do enact as follows:

SECTION 1. Section 24400 of the Health and Safety Code is amended to read:

24400. (a) Every person owning land in fee simple or in possession thereof under lease or contract of sale who knowingly permits the existence on the premises of any abandoned mining shaft, pit, well, septic tank, cesspool, or other abandoned excavation dangerous to persons legally on the premises, or to minors under the age of 12 years, who fails to cover, fill, or fence securely that dangerous abandoned excavation and keep it so protected, is guilty of a misdemeanor.

(b) Every person owning land in fee simple or in possession thereof under lease or contract of sale who knowingly permits the existence on the premises of any permanently inactive well, cathodic protection well, or monitoring well which constitutes a known or probable preferential pathway for the movement of pollutants, contaminants, or poor quality water, from above ground to below ground, or vertical movement of pollutants, contaminants, or poor quality water below ground, and that movement poses a threat to the quality of the waters of the state, shall be guilty of a misdemeanor.

(c) For purposes of this section, "well" includes any of the following:

(1) A "monitoring well" as defined by Section 13712 of the Water Code.

(2) A "cathodic well" as defined by Section 13711 of the Water Code.

(3) A "water well" as defined by Section 13710 of the Water Code.

(d) A "permanently inactive well" is a well which has not been used for a period of one year, unless the person owning land in fee simple or in possession thereof under lease or contract of sale demonstrates an intent for future use for water supply, ground water recharge, drainage, or ground water level control, heating or cooling, cathodic protection, ground water monitoring, or related uses. A well owner shall provide evidence to the county health officer of an intent for future use of an inactive well by maintaining the well in a way that the following requirements are met:

(1) The well shall not allow impairment of the quality of water within the well and ground water encountered by the well.

(2) The top of the well or well casing shall be provided with a cover, that is secured by a lock or by other means to prevent its

removal without the use of equipment or tools, to prevent unauthorized access, to prevent a safety hazard to humans and animals, and to prevent illegal disposal of wastes in the well. The cover shall be watertight where the top of the well casing or other surface openings to the well are below ground level, such as in a vault or below known levels of flooding. The cover shall be watertight if the well is inactive for more than five consecutive years. A pump motor, angle drive, or other surface feature of a well, when in compliance with the above provisions, shall suffice as a cover.

(3) The well shall be marked so as to be easily visible and located, and labeled so as to be easily identified as a well.

(4) The area surrounding the well shall be kept clear of brush, debris, and waste materials.

(e) At a minimum, permanently inactive wells shall be destroyed in accordance with standards developed by the Department of Water Resources pursuant to Section 13800 of the Water Code and adopted by the State Water Resources Control Board or local agencies in accordance with Section 13801 of the Water Code. Minimum standards recommended by the department and adopted by the state board or local agencies for the abandonment or destruction of ground water monitoring wells or class 1 hazardous injection wells shall not be construed to limit, abridge, or supersede the powers or duties of the State Department of Health Services, in accordance with Section 13801 of the Water Code.

(f) Nothing in this section is a limitation on the power of a city, county, or city and county to adopt and enforce additional penal provisions regarding the types of wells and other excavations described in subdivisions (a) and (b).

CHAPTER 201

An act to amend Sections 186.22 and 186.27 of the Penal Code, relating to crimes.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 186.22 of the Penal Code, as added by Section 5.1 of Chapter 930 of the Statutes of 1989, is amended to read:

186.22. (a) Any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that gang, shall be punished by imprisonment in the county jail for a period not to exceed one year, or by imprisonment in the state prison for one, two, or three years.

(b) (1) Except as provided in paragraph (2), any person who is convicted of a felony which is committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one, two, or three years at the court's discretion. The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentence enhancements on the record at the time of the sentencing.

(2) Any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(c) Any person who is convicted of a felony or a misdemeanor, which is committed for the benefit of, at the direction of, or in association with, any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in the county jail shall be imprisoned for a period not to exceed one year, but not less than 180 days, and shall not be eligible for release upon completion of sentence, parole, or any other basis, until he or she has served 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in the county jail.

(d) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in this section or refuse to impose the minimum jail sentence for misdemeanors in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(e) As used in this chapter, "pattern of criminal gang activity" means the commission, attempted commission, or solicitation of two or more of the following offenses, provided at least one of those offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense, and the offenses are committed on separate occasions, or by two or more persons:

This device shall be designed to operate in a manner so that the interruption or misalignment of the device or an opening or short in the wires between the device and the power head would cause a closing door to open and prevent an open door from closing. Notwithstanding any other provision of this subdivision, a garage door opener that is manufactured prior to January 1, 1993, and that is in the possession of a retailer or wholesaler on January 1, 1993, may be purchased, sold, offered for sale, and installed on or before July 1, 1993, provided the garage door opener is in compliance with subdivision (a).

This chapter shall also apply to automatic garage door openers manufactured for commercial purposes, but sold for, or installed, in a residence because the commercial opener was necessary to meet the specific application requirements of that installation. Residential applications of garage door openers manufactured for commercial purposes shall comply with this chapter, and be installed according to the manufacturer's instructions, except that the applicable standard shall be the Underwriters Laboratories Inc., Standard for Safety-ANSI/UL 325-29 in lieu of the Underwriters Laboratories Inc., Standard for Safety-ANSI/UL 325-30.1 and 325-30.2.

(D) The person has not applied for and received such an order in conjunction with the current underlying conviction or a prior conviction for violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(E) Any individual convicted of a violation of Section 23152 punishable under Section 23170 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of a 30-month program, if available in the county of the person's residence or employment or, if not available, an 18-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of the 18-month or 30-month program, as applicable, is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) (i) The person has satisfactorily completed, subject to the current underlying conviction, the 18-month program or the initial 18 months of a licensed 30-month program, as applicable, pursuant to Section 11836 of the Health and Safety Code.

(ii) The person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month program, if applicable, and to have installed and maintained, as described in Section 23235, an ignition interlock device.

(iii) The person provides proof of responsibility to respond in damages as defined in Section 16430.

(iv) The person has not applied for and received such an order in conjunction with the current underlying conviction or a prior conviction for a violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(B) Any individual convicted of a violation of Section 23153

punishable under Section 23190 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(7) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23175, the privilege shall be revoked for a period of four years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of an 18-month program or a 30-month program, as applicable, is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) The person has satisfactorily completed, subject to the current underlying conviction, the initial 18 months of a licensed 30-month program pursuant to Section 11836 of the Health and Safety Code.

(B) The person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month program, if applicable, and to have installed and maintained, as described in Section 23235, an ignition interlock device.

(C) The person provides proof of responsibility to respond in damages as defined in Section 16430.

(D) The person has not applied for and received such an order in conjunction with the current underlying conviction or a prior conviction for violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(E) Any individual convicted of a violation of Section 23152 punishable under Section 23175 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(8) Upon a conviction or finding of a violation of subdivision (a)

of Section 23109 punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if and as ordered by the court.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if the court orders the department to suspend the privilege. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile traffic hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) Each judge of a juvenile court, juvenile traffic hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and such a conviction of an offense which, if committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. The department shall suspend or revoke the privilege to operate a motor vehicle pursuant to this section upon receiving notice of such a conviction.

(e) Whenever the driving privilege is restricted, suspended, or revoked pursuant to this section, the department shall not issue a restricted driver's license or reinstate the driving privilege unless the person gives proof of ability to respond in damages as defined in Section 16430 and maintains that proof for three years. If, at any time during that three-year period, a person who is required to maintain that proof fails to maintain that proof, the department shall suspend that person's driving privilege until the proof of ability to respond in damages is again given to the department.

SEC. 2. Section 23166 of the Vehicle Code is amended to read:

23166. If the court grants probation to any person punished under Section 23165, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be subject to either subdivision (a) or (b), as follows:

(a) Be confined in the county jail for at least 10 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to paragraph (3) of subdivision (a) of Section 13352.

(b) All of the following:

(1) Be confined in the county jail for at least 48 hours but not more than one year.

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000).

(3) If the person gives proof of ability to respond in damages as defined in Section 16430 to the Department of Motor Vehicles, have the privilege to operate a motor vehicle be restricted by the Department of Motor Vehicles pursuant to Section 13352.5, for one year, to necessary travel to and from that person's place of employment and to and from the applicable treatment program described in paragraph (4), and if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. The Department of Motor Vehicles shall not suspend the person's privilege to operate a motor vehicle under Section 13352, as provided in Section 13352.5, unless the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1.

(4) Either of the following:

(A) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. The program shall provide for persons who cannot afford the program fee pursuant to paragraph (2) of subdivision (a) of Section 11837.4 of the Health and Safety Code in order to enable those persons to participate.

(B) Participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. A person ordered to treatment pursuant to this subparagraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subparagraph is a basis for reducing any other probation requirement or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

SEC. 3. Section 23191 of the Vehicle Code is amended to read:

23191. (a) If the court grants probation to any person punished

under Section 23190, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least one year, that the person pay a fine of at least three hundred ninety dollars ($390) but not more than five thousand dollars ($5,000), and that the person make restitution or reparation pursuant to Section 1203.1 of the Penal Code. The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (6) of subdivision (a) of Section 13352.

(b) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23190, the court shall impose as a condition of probation that the person complete, subsequent to the underlying conviction and in a manner satisfactory to the court, an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In lieu of the minimum term of imprisonment in subdivision (a), the court shall impose as a minimum condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. Except as provided in subdivision (b), if the court grants probation under this section, the court shall order the treatment prescribed by this subdivision, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (6) of subdivision (a) of Section 13352.

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares:

(a) That rural hospitals are an integral link in California's health care system serving the needs of rural residents and tourists.

(b) That, based on the current financial performance of rural hospitals throughout the state due to changes in utilization patterns and third-party payment programs, many strategically located rural hospitals may close.

(c) That, due to their financial status, many small and rural hospitals do not have the resources to fund depreciation and, therefore, cannot finance construction or purchase needed capital equipment to service the residents and visitors of their communities, or both.

SEC. 2. Section 442.8 of the Health and Safety Code is amended to read:

442.8. The office shall submit a report to the Legislature and to the department on or before April 1, 1993, which shall include an evaluation of the impact on small and rural hospitals of the program authorized by this part. The report shall also include an evaluation of any pilot projects implemented under this part. The report shall address whether or not those regulations modified or waived by the office should be permanently modified or waived by the department for small and rural hospitals, and what further regulatory changes should be made based on the results of any pilot project approved pursuant to Section 442.4, or any program flexibility granted. When making its report, the office shall consider health care costs, availability, safety, and quality of care.

The office shall, in the report, determine the capital needs for rural health care in California and identify sources of capital to meet these needs. When determining the capital needs, the office shall consider the use of alternative rural hospital models.

1263. (a) Any individual convicted under Section 2101 by any court of competent jurisdiction of willfully making a false statement or knowingly failing to disclose a material fact to obtain or increase any benefit or payment under this division shall forfeit any rights to

benefits for the week in which the criminal complaint was filed and for the 51 consecutive calendar weeks which immediately follow that week, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the individual to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty or dismissing the criminal complaint, but a forfeiture of benefits under this subdivision shall extend no later than the effective date of any order under Section 1203.4 of the Penal Code, and, if the period of forfeiture has not previously expired, the forfeiture of benefits under this subdivision shall terminate as of the effective date of any such order.

(b) Any individual convicted under Section 2101 by any court of competent jurisdiction of willfully making a false statement or knowingly failing to disclose a material fact to obtain or increase any benefit or payment under this part, Part 3 (commencing with Section 3501), or Part 4 (commencing with Section 4001) shall, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the individual to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty or dismissing the criminal complaint, be ineligible to receive unemployment compensation or extended duration benefits or federal-state extended benefits for the week in which the criminal complaint was filed, or any subsequent week, for which he or she is first otherwise in all respects eligible for unemployment compensation or extended duration benefits or federal-state extended benefits and for 14 subsequent weeks for which he or she is otherwise in all respects eligible for unemployment compensation or extended duration benefits or federal-state extended benefits. (d) A plea or verdict of guilty, or a conviction following a plea of nolo contendere, is deemed to be a conviction within the meaning of this section irrespective of whether an order granting probation or other order is made suspending the imposition of the sentence or whether sentence is imposed but execution thereof is suspended.

(e) Notwithstanding the provisions of this section, an individual may during a period of forfeiture under subdivision (a) of this section meet the conditions to remove any disqualification that is imposed under Sections 1260 or 1261, or subdivision (b) of this section, but no week during the period of forfeiture shall be used to offset the amount of any overpayment.

SEC. 2. Section 1332 of the Unemployment Insurance Code is amended to read:

1332. (a) The department shall promptly serve notice of any

determination of eligibility for benefits under this part or Part 3 or Part 4 of this division on the claimant and on any employer or employing unit which prior to this determination has furnished the department with information regarding the claimant's eligibility pursuant to Sections 1327 and 1331. Service shall be made personally or by mail. Failure to serve this notice shall not affect the determination of eligibility.

(1) "Notice" is that notification which apprises the party of a determination of eligibility and allows that party to respond accordingly.

(2) If the department is or should be aware that the notice was not received by the party to whom it was addressed, including, but not limited to, the return to the department of the notice by the United States Post Office, the department shall reissue the notice at such time as the department can determine a corrected mailing address for the affected party or otherwise ensure receipt. The affected party shall have appeal rights pursuant to subdivisions (b) and (c), and pursuant to Section 1328.

(b) The department may for good cause reconsider any determination within 15 days after an appeal to an administrative law judge is filed. If no appeal is filed, the department may for good cause reconsider any determination within 20 days after mailing or personal service of the notice of determination. The department may, if a claimant has not filed an appeal to an administrative law judge from any determination which finds that a claimant is ineligible or disqualified, or if an appeal has been filed but is either withdrawn or dismissed, for good cause also reconsider the determination during the benefit year or extended duration period or extended benefit period to which the determination relates. The department shall give notice of any reconsidered determination to the claimant and any employer or employing unit which received notice under Sections 1328 and 1331 and the claimant or employer may appeal therefrom in the manner prescribed in Section 1328.

The director shall designate individuals to review and reconsider appealed determinations. No individual designated shall be the same individual who made the initial determination in the same matter.

(c) The department may for good cause reconsider any computation or recomputation provided for in this article during the benefit year or extended duration period to which the notice of computation or recomputation relates, except that no recomputation may be considered with respect to any issue considered or under consideration in an appeal taken from a denial of recomputation. The department shall promptly notify the claimant and each of the claimant's base period employers of the recomputation. The claimant and any base period employer may protest the accuracy of the recomputation as prescribed in Section 1330.

If the estimated total cost of any construction project or work carried out under this section exceeds twenty-five thousand dollars ($25,000), the district or agency shall solicit bids in writing and shall award the work to the lowest responsible bidder or reject all bids; provided, however, that the director may authorize the district or agency to carry out work in excess of twenty-five thousand dollars ($25,000) under the provisions of this section by day labor if he deems that the award of a contract, the acceptance of bids, or the acceptance of further bids is not in the best interests of the state; however, in no event shall the amount of work performed by day labor under this section exceed the sum of fifty thousand dollars ($50,000) in the case of district agricultural association fair projects, or thirty-five thousand dollars ($35,000) in other cases.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 216

An act to amend Section 51283 of the Government Code, relating to mapping.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 51283 of the Government Code, as amended by Section 1.5 of Chapter 1308 of the Statutes of 1987, is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee which the landowner shall pay the county treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 12½ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation,

waiver, or extension of time.

(d) The first nine hundred eighty-five thousand dollars ($985,000) of revenue paid to the Controller pursuant to subdivision (e) in the 1992–93 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of both of the following:

(1) The total cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(e) When deferred taxes required by this section are collected, they shall be transmitted by the county treasurer to the Controller and be deposited in the General Fund, except as provided in subdivisions (d) and (f). The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) An additional two hundred forty thousand dollars ($240,000) of revenue paid to the Controller pursuant to subdivision (e) in the 1992–93 fiscal year shall be deposited in the Soil Conservation Fund and shall be available to contribute toward the completion of the modern soil survey program identified in Section 612.5 of the Public Resources Code.

(g) This section shall remain operative only until July 1, 1993, and as of January 1, 1994, is repealed, unless a later enacted statute, which is enacted before July 1, 1993, deletes or extends that date.

SEC. 2. Section 51283 of the Government Code, as added by Section 2.5 of Chapter 1308 of the Statutes of 1987, is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee which the landowner shall pay the county treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 12½ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a

portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first nine hundred eighty-five thousand dollars ($985,000) of revenue paid to the Controller pursuant to subdivision (e) in the 1992–93 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of both of the following:

SECTION 1. Section 46300 of the Education Code is amended to read:

(b) For the purposes of a work experience education program in a secondary school that meets the standards of the California State Plan for Vocational Education, the term "immediate supervision," in the context of off-campus work training stations, means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in a work experience program shall not exceed 125 pupils per full-time equivalent certificated teacher coordinator. Notwithstanding Section 52033, this ratio may be waived by the State Board of Education pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 under criteria developed by the State Board of Education.

A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time pupil enrolled in regular classes that meet the requirements of Section 46141 or 46144.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) For the purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school pupils who are also enrolled in a regional occupational center or

regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities that are less than the minimum schoolday, pursuant to regulations adopted by the State Board of Education, however, none of that attendance shall be counted for purposes of computing attendance pursuant to Section 52324.

A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for any pupil in attendance for less than 145 minutes each day.

The divisor for computing proportional average daily attendance pursuant to this subdivision is 240; except, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor is 180.

Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in an independent study program conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28.

A pupil enrolled in an independent study program shall not be credited with more than one day of attendance per calendar day.

(f) For purposes of cooperative vocational education programs and community classrooms described in Section 52372.1, the term "immediate supervision" means pupil participation in paid and unpaid on-the-job experiences, as outlined under a training agreement and individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

(g) In computing the average daily attendance of a school district, there shall be included the attendance of pupils in kindergarten after they have completed one school year in kindergarten only if the school district has on file for each of those pupils an agreement made pursuant to Section 48011, approved in form and content by the State Department of Education and signed by the pupil's parent or guardian, that the pupil may continue in kindergarten for not more than an additional school year.

SEC. 2. Section 48011 of the Education Code is amended to read:

48011. A child who, consistent with Section 48000, has been admitted to the kindergarten maintained by a private or a public school in California or any other state, and who has completed one school year therein, shall be admitted to the first grade of an elementary school unless the parent or guardian of the child and the school district agree that the child may continue in kindergarten for not more than an additional school year.

A child who has been lawfully admitted to a public school kindergarten or a private school kindergarten in California and who is judged by the administration of the school district, in accordance

with rules and regulations adopted by the State Board of Education, to be ready for first-grade work may be admitted to the first grade at the discretion of the school administration of the district and with the consent of the child's parent or guardian if the child is at least five years of age. When a child has been legally enrolled in a public school of another district within or out of the state, he or she may be admitted to school and placed in the grade of enrollment in the district of former attendance, at the discretion of the school administration of the district entered.

(b) It was the intent of the Legislature in enacting this part to ensure that each categorical program is thoroughly reviewed. It was also intended that programs would be reviewed the year prior to the sunset date so that school districts and county offices of education would not be subject to unnecessary confusion and disruption in planning and administering those programs.

(f) Except for individuals who have a conflict of interest in representing the child, and notwithstanding any other law or regulation, individuals who may serve as surrogate parents include, but are not limited to, foster care providers, retired teachers, social workers, and probation officers who are not employees of a public agency involved in the education or care of the child. The surrogate parent shall not be an employee of a public or private agency that is involved in the education or care of the child. If a conflict of interest arises subsequent to the appointment of the surrogate parent, the local educational agency shall terminate the appointment and appoint another surrogate parent.

(g) The surrogate parent and the local educational agency appointing the surrogate parent shall be held harmless by the State of California when acting in their official capacity except for acts or omissions which are found to have been wanton, reckless, or malicious.

This warranty does not affect the protections and remedies you have under other laws." In lieu of the words "30 days" the retail seller may specify any longer period.

(b) The language prescribed in subdivision (a) shall appear on the first page of the warranty in at least 10-point bold type. The warranty shall be delivered to the buyer at the time of the sale of the device.

(c) If the buyer returns the device within the period specified in the written warranty, the seller shall, without charge and within a reasonable time, adjust the device or, if appropriate, replace it with a device that is specifically fit for the particular needs of the buyer. If the seller does not adjust or replace the device so that it is specifically fit for the particular needs of the buyer, the seller shall promptly refund to the buyer the total amount paid, the transaction shall be deemed rescinded, and the seller shall promptly return to

the buyer all payments and any assistive device or other consideration exchanged as part of the transaction and shall promptly cancel or cause to be canceled all contracts, instruments, and security agreements executed by the buyer in connection with the sale. When a sale is rescinded under this section, no charge, penalty, or other fee may be imposed in connection with the purchase, fitting, financing, or return of the device.

(d) With respect to the retail sale of an assistive device to an individual, organization, or agency known by the seller to be purchasing for the ultimate user of the device, this section and subdivision (b) of Section 1792.2 shall be construed to require that the device be specifically fit for the particular needs of the ultimate user.

(e) This section and subdivision (b) of Section 1792.2 shall not apply to any of the following sales of assistive devices:

(1) A catalog or similar sale, as defined in subdivision (q) of Section 1791, except a sale of a hearing aid.

(2) A sale which involves a retail sale price of less than fifteen dollars ($15).

(3) A surgical implant performed by a physician and surgeon, or a restoration or dental prosthesis provided by a dentist.

(f) The rights and remedies of the buyer under this section and subdivision (b) of Section 1792.2 are not subject to waiver under Section 1792.3. The rights and remedies of the buyer under this section and subdivision (b) of Section 1792.2 are cumulative, and shall not be construed to affect the obligations of the retail seller or any other party or to supplant the rights or remedies of the buyer under any other section of this chapter or under any other law or instrument.

(g) Section 1795.5 shall not apply to a sale of used assistive devices, and for the purposes of the Song-Beverly Consumer Warranty Act the buyer of a used assistive device shall have the same rights and remedies as the buyer of a new assistive device.

(h) The language in subdivision (a) shall not constitute an express warranty for purposes of Sections 1793.2 and 1793.3.

SEC. 3. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper

county for the trial of the proceeding. In a proceeding to determine parental relation under Part 7 (commencing with Section 7000) of Division 4 of the Civil Code or to enforce an obligation of support under Section 196a of the Civil Code, the county in which the child resides is the proper county for the trial of the action. In a proceeding to establish and enforce a foreign judgment or court order for the support of a minor child, the county in which the child resides is the proper county for the trial of the action. Subject to subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where the obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which the obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his or her complaint, and, if the defendant is about to depart from the state, the action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he or she resides, his or her residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action arising from an offer or provision of goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, or an action arising from a transaction consummated as a proximate result of an unsolicited telephone call made by a seller engaged in the business of consummating transactions of that kind, the county in which the buyer or lessee in fact signed the contract, the county in which the buyer or lessee resided at the time the contract was entered into, or the county in which the buyer or lessee resides at the commencement of the action is the proper county for the trial thereof.

(c) If within the county there is a municipal or justice court having jurisdiction of the subject matter established, in the cases mentioned in subdivision (a), in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in the judicial district which the buyer or lessee resides, in which the buyer or lessee in fact signed the contract, in which the buyer or lessee resided at the time the contract was

entered into, or in which the buyer or lessee resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving those subdivisions is void and unenforceable.

Section 832.

(f) Nonpeace officers regularly employed as county parole officers pursuant to Section 3089.

SEC. 2. Section 3088 of the Penal Code is amended to read:

(b) A county parole officer who is a public officer, as defined in subdivision (a), shall have no right to carry or possess firearms in the performance of his or her prescribed duties.

(c) A county parole officer, as defined in subdivision (a), shall comply with the standards for selection and training established by the Board of Corrections pursuant to Section 6035.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 230

An act to amend Section 16759 of the Business and Professions Code, and to add Section 68096.1 to the Government Code, relating to witnesses.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 16759 of the Business and Professions Code is amended to read:

16759. All those powers granted to the Attorney General as a head of a department under Article 2 (commencing with Section

11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code shall be granted to the district attorney of any county when that district attorney reasonably believes that there may have been a violation of Article 2 (commencing with Section 16720) or Article 3 (commencing with Section 16750) of this chapter, or a violation of Chapter 4 (commencing with Section 17000) of this part, or a violation of Chapter 5 (commencing with Section 17200) of this part, and shall be subject to the provisions of Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. Any investigations pursuant to these powers shall be conducted in accordance with the procedures set forth in Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code, including all principles relating to immunity from self-incrimination applicable thereto. However, nothing in Section 16758 shall be construed as providing automatic immunity with respect to the subject of a subpoena issued in connection with that investigation. Court orders sought pursuant to this section shall be sought in the superior court of the county where the district attorney seeking the order holds office.

SEC. 2. Section 68096.1 is added to the Government Code, to read:

68096.1. (a) Any employee of a city, county, or city and county who is obliged by a subpoena to attend a civil action or proceeding as a witness in litigation in a matter regarding an event or transaction which he or she perceived or investigated in the course of his or her duties, to which that city, county, or city and county is not a party, shall receive the salary or other compensation to which he or she is normally entitled from that city, county, or city and county during the time that he or she prepares for his or her response and appearance, during the time that he or she travels to and from the place where the court or other tribunal is located and while he or she is required to remain at that place pursuant to the subpoena. He or she shall also receive from that city, county, or city and county the actual necessary and reasonable traveling expenses he or she incurred in complying with the subpoena.

(b) The party at whose request the subpoena is issued shall reimburse the city, county, or city and county for the full cost incurred by the city, county, or city and county in paying the employee his or her salary or other compensation and traveling expenses as provided for in this section, for each day that the employee is required to remain in attendance pursuant to the subpoena. The amount of one hundred fifty dollars ($150), together with the subpoena, shall be tendered to that city, county, or city and county for each day that the employee is required to remain in attendance pursuant to the subpoena.

(c) If the actual expenses should later prove to be less than the amount tendered, the excess of the amount tendered shall be refunded.

(d) If the actual expenses should later prove to be more than the

amount tendered, the difference shall be paid to the city, county, or city and county by the party at whose request the subpoena was issued.

(e) If a court continues a proceeding on its own motion, no additional witness fee shall be required prior to the issuance of a subpoena or the making of any order directing the employee to appear on the date to which the proceeding is continued.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 231

An act to amend Section 6555 of the Elections Code, relating to elections.

[Approved by Governor July 27, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 6555 of the Elections Code is amended to read:

6555. (a) Notwithstanding any other provision of this article, a candidate may submit a petition containing signatures of registered voters in lieu of a filing fee as follows:

(1) For the office of California State Assembly, 1,500 signatures.

(2) For the office of California State Senate and the United States House of Representatives, 3,000 signatures.

(3) For candidates running for statewide office, 10,000 signatures.

(4) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he or she seeks nomination is 2,000 or more, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 10 percent of the total of registered voters in the district in which he or she seeks nomination, whichever is less.

(5) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he or she seeks nomination is less than 2,000, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 20 percent of the total of registered voters in the district in which he or she seeks nomination, whichever is less.

(6) Notwithstanding any other provision of this section, a

candidate seeking the nomination of a qualified party with whom he or she is registered, the registered voters of which who were eligible to vote at the last statewide election constituted less than 5 percent of all registered voters eligible to vote at the last statewide election, may submit a petition containing signatures of 10 percent of the registered voters of that party in the district in which he or she seeks nomination, or 150 signatures, whichever is less.

(7) A voter may sign both a candidate's nomination papers and his or her in-lieu-filing-fee petition. However, if signatures appearing on the documents are counted towards both the nomination paper and the in-lieu-filing-fee petition signature requirements, a person may only sign one of the documents.

(b) The Secretary of State or an elections official shall furnish to each candidate, upon request, and without charge therefor, forms for securing signatures. The number of forms which an elections official shall furnish a candidate shall be a quantity which provides the candidates with spaces for signatures sufficient in number to equal the number of signatures which the candidate is required to secure pursuant to subdivision (a) if the candidate desires that number of forms. However, the elections official may, rather than provide the candidate with the number of forms set forth in the preceding sentence, or, upon the request of a candidate, provide the candidate with a master form, which may be duplicated by the candidate at the candidate's expense for the purpose of circulating additional petitions. The Secretary of State shall provide the master form. A county elections official may provide candidates a form other than the master form provided by the Secretary of State. However, that form shall meet all statutory requirements, and the elections official shall also make available and accept the master form provided by the Secretary of State. All forms shall be made available commencing 45 days before the first day for circulating nomination papers. However, in cases of vacancies for which a special election is authorized or required to be held to fill the vacancy, and where the prescribed nomination period would commence less than 45 days after the creation of the vacancy, the forms shall be made available within five working days after the creation of the vacancy. No other form except the form furnished by the Secretary of State or a county elections official or forms duplicated from a master form shall be used to secure signatures. Each petition section shall bear an affidavit signed by the circulator, in substantially the same form as set forth in Section 6494. The substitution of signatures for fees shall be subject to the following provisions:

(1) Any registered voter may sign an in-lieu-filing-fee petition for any candidate for whom he or she is eligible to vote.

(2) If a voter signs more candidates' petitions than there are offices to be filled, the voter's signatures shall be valid only on those petitions which, taken in the order they were filed, do not exceed the number of offices to be filled.

(3) In-lieu-filing-fee petitions shall be filed at least 15 days prior to

the close of the nomination period. Upon receipt of the minimum number of in-lieu-filing-fee signatures required, or a sufficient combination of signatures and pro rata filing fee, the elections official shall issue nomination papers provisionally. Within 10 days after receipt of a petition, the elections official shall notify the candidate of any deficiency. The candidate shall then, prior to the close of the nomination period, either submit a supplemental petition, or pay a pro rata portion of the filing fee, to cover the deficiency.

(4) If the petition is circulated for an office in more than one county, the candidate shall submit the signatures to the county elections official in the county in which the petition was circulated. The county elections official shall at least two days after verifying the signatures on the petition, notify the Secretary of State of the total number of valid signatures. If the number of signatures is insufficient, the Secretary of State shall notify the candidate and the county elections officials of the fact. The candidate may submit the necessary number of valid signatures at any time prior to the close of the period for circulating nomination papers. Each circulator of an in-lieu-filing-fee petition shall be a registered voter of the district or political subdivision in which the candidate is to be voted on. The circulator shall serve within the county in which he or she resides.

(5) Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The elections official shall not be required to determine the validity of a greater number of signatures than that required by this section.

(c) For the purposes of this section, the requisite number of signatures shall be computed from the latest registration figures forwarded to the Secretary of State pursuant to Section 607 prior to the first day on which petitions are available.

(d) All valid signatures obtained pursuant to this section shall be counted towards the number of voters required to sign a nomination paper in accordance with Section 6494.1 or 6834.1.

(A) If there is no unexpended balance of the appropriation, as provided for in paragraph (1), the Controller shall transfer sufficient moneys from the Personal Income Tax Fund to make the renters' assistance credits and refunds until there is an unexpended balance.

(B) Subsequent to there being no unexpended balance of the appropriation, as provided for in paragraph (1), and there being a transfer of moneys from the Personal Income Tax Fund to make the renters' assistance credits and refunds, reimbursement shall be made from the unexpended balance of the appropriation as provided for in paragraph (1) to the Personal Income Tax Fund. However, if no such appropriation is subsequently made, reimbursement shall be made from the General Fund.

(2) From the disability fund, the amount transferable to the General Fund pursuant to subdivision (a) of Section 1176.5 of the Unemployment Insurance Code.

(b) Notwithstanding Section 13340 of the Government Code, all moneys in the Bank and Corporation Tax Fund are hereby continuously appropriated, without regard to fiscal year, to the Franchise Tax Board for purposes of making all payments as provided in this section.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Nothing in this section shall be construed to authorize marriage, family, and child counselors or clinical social workers to determine disability for the purposes of Article 3 (commencing with Section 4650) of Chapter 2 of Part 2. The requirement of this section that the employer approve the referral by a licensed physician or surgeon shall not be construed

to preclude reimbursement for self-procured treatment, found by the appeals board to be otherwise compensable pursuant to this division, where the employer has refused to authorize any treatment for the condition arising from the injury treated by the marriage, family, and child counselor or clinical social worker.

CHAPTER 235

An act to add Section 5080.40 to the Public Resources Code, relating to parks and recreation.

Upon making its determination, the State Public Works Board may review and approve the proposed lease or agreement or amendment, or any revision thereof, not sooner than 20 days after the board has provided written notification to the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Assembly Ways and Means Committee, and the Chairperson of the Senate Budget and Fiscal Review Committee of the intended action. All actions taken by the State Public Works Board pursuant to this paragraph shall be reported to the Legislature in the next Governor's Budget.

(b) The department shall include with the proposed lease or agreement or amendment sufficient documentation to enable the Legislature or the State Public Works Board, as the case may be, to evaluate fully the estimated operating costs and revenues and all terms upon which the lease or agreement or amendment is proposed

to be entered into. Specifically, the documentation shall identify both of the following:

(1) Any anticipated costs to the state for operation or development under the lease or agreement or amendment and the anticipated state share of total operation and development costs.

(2) The anticipated annual revenues, net of operation costs, for the unit and the state's share of these revenues.

(c) Leases or agreements shall be exempt from subdivisions (a) and (b) when all of the following conditions exist:

(1) The amendment involves operation of only a portion of a unit of the state park system.

(3) The amendment's impact to the unit will not exceed two hundred fifty thousand dollars ($250,000) in annual revenue.

(4) The amendment involves no significant change in state operational funding or staffing levels, and does not include present or future state expenditures for development of the unit.

The people of the State of California do enact as follows:

SECTION 1. Section 6275 of the Revenue and Taxation Code is amended to read:

The intent of the Legislature is to provide reimbursement for only those costs which are clearly and unequivocally incurred as the direct and necessary result of compliance with Chapter 641 of the

Statutes of 1986.

(b) In this regard, the Legislature directs all state employees and officials involved in reviewing or authorizing claims for reimbursement, or otherwise participating in the reimbursement process, to rigorously review each claim and authorize only those claims, or parts thereof, which represent costs which are clearly and unequivocally incurred as the direct and necessary result of compliance with Chapter 641 of the Statutes of 1986 and for which complete documentation exists. For purposes of Section 54954.2, costs eligible for reimbursement shall only include the actual cost to post a single agenda for any one meeting.

(c) The Legislature hereby finds and declares that complete, faithful, and uninterrupted compliance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code) is a matter of overriding public importance. Unless specifically stated, no future Budget Act, or related budget enactments, shall, in any manner, be interpreted to suspend, eliminate, or otherwise modify the legal obligation and duty of local agencies to fully comply with Chapter 641 of the Statutes of 1986 in a complete, faithful, and uninterrupted manner.

CHAPTER 239

An act to amend Section 1367.65 of the Health and Safety Code, and to amend Section 11512.29 of the Insurance Code, relating to health insurance.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.65 of the Health and Safety Code is amended to read:

1367.65. On or after January 1, 1991, every individual or group health care service plan contract which is issued, amended, or renewed and which includes coverage for mastectomy and prosthetic devices and reconstructive surgery incident to mastectomy described in Section 1367.6 shall also be deemed to provide coverage for mammography for screening or diagnostic purposes upon referral by a participating nurse practitioner, participating certified nurse midwife, or participating physician, providing care to the patient and operating within the scope of practice provided under existing law.

Nothing in this section shall be construed to establish a new mandated benefit or to prevent application of deductible or copayment provisions in a policy or plan, nor shall this section be construed to require that a policy or plan be extended to cover any

other procedures under an individual or a group health care service plan contract. Nothing in this section shall be construed to authorize a plan member to receive the services required to be covered by this section if those services are furnished by a nonparticipating provider, unless the plan member is referred to that provider by a participating physician, nurse practitioner, or certified nurse midwife providing care. The Legislature intends in this section to provide that mammography services are deemed to be covered if the policy or plan includes coverage for mastectomy and reconstructive surgery.

SEC. 2. Section 11512.29 of the Insurance Code is amended to read:

11512.29. On or after January 1, 1991, every individual or group nonprofit hospital service plan contract which is issued, amended, or renewed, and which includes coverage for mastectomy and prosthetic devices and reconstructive surgery incident to the mastectomy described in Section 11512.10 shall also be deemed to provide coverage for mammography for screening or diagnostic purposes upon referral by a participating nurse practitioner, participating certified nurse midwife, or participating physician, providing care to the patient and operating within the scope of practice provided under existing law.

Nothing in this section shall be construed to require an individual or group policy to cover the surgical procedure known as mastectomy or to prevent application of deductible or copayment provisions contained in the policy or plan, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

Nothing in this section shall be construed to authorize a plan member to receive the coverage required by this section if that coverage is furnished by a nonparticipating provider, unless the plan member is referred to that provider by a participating physician, nurse practitioner, or certified nurse midwife providing care.

As used in this section, "prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician.

CHAPTER 240

An act to amend Section 779.14 of the Insurance Code, relating to insurance.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 779.14 of the Insurance Code is amended to read:

779.14. (a) Each individual policy, group certificates or notices of proposed insurance shall provide that in the event of termination of the insurance prior to the scheduled maturity date of the indebtedness, any refund of an amount paid by the debtor for insurance shall be paid promptly to the person entitled thereto or credited to the next payment or payments due on the indebtedness; provided, however, that the commissioner shall prescribe a minimum refund and no refund which would be less than such minimum need be made. The formula to be used in computing such refund shall be filed with and approved by the commissioner.

(b) An individual policy or group certificate of credit life insurance or of credit disability insurance or combination thereof shall allow a debtor to rescind the insurance within 10 days of receipt of the policy or certificate or the notice of proposed insurance issued pursuant to Section 779.7 and receive a full refund, or credit (if financed), of any premium that has been paid. The right to rescind shall be disclosed on the face of the policy or certificate or notice of proposed insurance in at least 10-point type.

CHAPTER 241

An act to amend Sections 1250.2 and 1266.1 of the Health and Safety Code, and to amend Section 5652.5 of the Welfare and Institutions Code, relating to psychiatric health facilities.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1250.2 of the Health and Safety Code is amended to read:

1250.2. (a) As defined in Section 1250, "health facility" includes the following type: "psychiatric health facility" means a health facility, licensed by the State Department of Mental Health, which provides 24-hour inpatient care for mentally disordered,

incompetent, or other persons described in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code. This care shall include, but not be limited to, the following basic services: psychiatry, clinical psychology, psychiatric nursing, social work, rehabilitation, drug administration, and appropriate food services for those persons whose physical health needs can be met in an affiliated hospital or in outpatient settings.

It is the intent of the Legislature that the psychiatric health facility shall provide a distinct type of service to psychiatric patients in a nonhospital setting. The State Department of Mental Health shall require regular utilization reviews of admission and discharge criteria and lengths of stays in order to assure that these patients are moved to less restrictive levels of care as soon as appropriate.

(b) The State Department of Mental Health may issue a special permit to a psychiatric health facility for it to provide structured outpatient services (commonly referred to as SOPS) consisting of morning, afternoon, or full daytime organized programs, not exceeding 10 hours, for acute daytime care for patients admitted to the facility. This subdivision shall not be construed as requiring a psychiatric health facility to apply for a special permit to provide these alternative levels of care.

It is recognized by the Legislature that with access to structured outpatient services, as an alternative to 24-hour inpatient care, certain patients would be provided with effective intervention and less restrictive levels of care. For certain patients, the less restrictive levels of care eliminate the need for inpatient care, enable earlier discharge from inpatient care by providing a continuum of care with effective aftercare services, or reduce or prevent the need for a subsequent readmission to inpatient care.

(c) Any reference in any statute to Section 1250 shall be deemed and construed to also be a reference to this section.

SEC. 2. Section 1266.1 of the Health and Safety Code is amended to read:

1266.1. (a) Each new or renewal application for a license for a psychiatric health facility shall be accompanied by a fee equal in amount to the fee for an acute psychiatric hospital as specified in subdivision (a) of Section 1266 or, as modified by subdivision (e).

(b) New or renewal licensure application fees for psychiatric health facilities shall be collected by the State Department of Mental Health.

(c) The State Department of Mental Health shall make available to the Legislature and other interested parties, on or before January 17 of each year, information describing program costs within the State Department of Mental Health for licensure, regulation, and monitoring of psychiatric health facilities.

(d) The annual fees shall be waived for any psychiatric health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the

Regents of the University of California, or by a local hospital district, city, county, or city and county.

(e) If additional private psychiatric health facilities seek new licensure on or after January 1, 1991, the State Department of Mental Health may increase the fees for all private psychiatric health facilities with more than nine beds sufficient to accommodate the increased level of workload and costs.

(f) (1) Any licensee desiring to obtain a special permit to offer and provide structured outpatient services shall file an application with the State Department of Mental Health.

(2) The application for a special permit, if any, shall be submitted with each new or renewal application for a license for a psychiatric health facility, and shall be accompanied by a reasonable fee, as determined by the State Department of Mental Health, not to exceed the actual costs of administration related to the special permit. An application for a special permit submitted by a psychiatric health facility operated by a public entity shall be exempt from the fee required pursuant to this section for the issuance of the special permit.

(3) The State Department of Mental Health shall not issue a special permit unless the applicant furnishes all of the following:

(A) Its annual licensing fee required pursuant to subdivision (a).

(B) A completed application submitted on forms furnished by the department.

(C) A written agreement ensuring that the facility will have additional staffing for the services to be provided under the special permit, that the additional staffing will meet the same professional standards as required by regulation for inpatient services, and that a coordinator of these services will be appointed.

(D) Any other information or documentation as may be required by the department for its proper and efficient administration and enforcement of special permit services.

(4) The provision of structured outpatient services pursuant to a special permit may be as an alternative to admission to inpatient services, as aftercare services following discharge from inpatient care, or as both.

SEC. 3. Section 5652.5 of the Welfare and Institutions Code is amended to read:

5652.5. (a) Psychiatric health facilities, as defined in Section 1250.2 of the Health and Safety Code, shall only be licensed by the State Department of Mental Health subsequent to application by counties, county contract providers, or other organizations pursuant to this part.

(b) (1) For counties or county contract providers that choose to apply, the local mental health director shall first present to the local mental health advisory board for its review an explanation of the need for such facility and a description of the services to be provided. The local mental health director shall then submit to the governing body such explanation and description in the form of an amendment

to the county Short-Doyle plan. The governing body, upon its approval of the amendment, may submit the amendment and application to the State Department of Mental Health.

(2) Other organizations that will be applying for licensure and do not intend to use any Short-Doyle funds pursuant to Section 5707 shall submit to the local mental health director and the governing body in the county in which the facility is to be located a written and dated proposal of the services to be provided. The local mental health director and governing body shall have 30 days during which to provide any advice and recommendations regarding licensure, as they deem appropriate. At any time after the 30-day period, the organizations may then submit their applications, along with the mental health director's and governing body's advice and recommendations, if any, to the State Department of Mental Health.

(c) The State Fire Marshal and other appropriate state agencies, to the extent required by law, shall cooperate fully with the State Department of Mental Health to assure that the State Department of Mental Health approves or disapproves the licensure applications not later than 90 days after the application submission by a county, county contract provider, or other organization.

(d) Every psychiatric health facility and program for which a license has been issued shall be periodically inspected by a multidisciplinary team appointed or designated by the State Department of Mental Health. The inspection shall be conducted no less than once every two years and as often as necessary to assure the quality of care provided. During the inspections the review team shall offer such advice and assistance to the psychiatric health facility as it deems appropriate.

(e) (1) The program aspects of a psychiatric health facility which shall be reviewed and may be approved by the State Department of Mental Health shall include, but not be limited to:

(A) Activities programs.
(B) Administrative policies and procedures.
(C) Admissions, including provisions for a medical evaluation.
(D) Discharge planning.
(E) Health records content.
(F) Health records service.
(G) Interdisciplinary treatment teams.
(H) Nursing services.
(I) Patient rights.
(J) Pharmaceutical services.
(K) Program space requirements.
(L) Psychiatrist and clinical psychological services.
(M) Rehabilitation services.
(N) Restraint and seclusion.
(O) Social work services.
(P) Space, supplies, and equipment.
(Q) Staffing standards.
(R) Unusual occurrences.

(S) Use of outside resources, including agreements with general acute care hospitals.

(T) Structured outpatient services to be provided under special permit.

(2) The State Department of Mental Health has the sole authority to grant program flexibility.

(f) The State Department of Mental Health shall adopt regulations which shall include, but not be limited to, the following:

(1) Procedures by which the State Department of Mental Health shall review and may approve the program and facility requesting licensure as a psychiatric health facility as being in compliance with program standards established by the department.

(2) Procedures by which the Director of Mental Health shall deny approval or approve, the program and facility licensed as a psychiatric health facility pursuant to Section 5652.5.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program and facility standards.

(4) Provisions for the State Department of Mental Health for any administrative proceeding regarding denial, suspension, or revocation of a psychiatric health facility license.

(g) Regulations shall be adopted by the State Department of Mental Health, which shall establish standards for pharmaceutical services in psychiatric health facilities. Licensed psychiatric health facilities shall be exempt from requirements to obtain a separate pharmacy license or permit.

(h) (1) It is the intent of the Legislature that the State Department of Mental Health shall license the facility in order to establish innovative and more competitive acute care services as alternatives to hospital care.

(2) The State Department of Mental Health shall review and may approve the program aspects of public or private facilities, with the exception of those facilities which are federally certified or accredited by a nationally recognized commission which accredits health care facilities, only if the average per diem charges or costs of service provided in the facility is approximately 60 percent of the average per diem charges or costs of similar psychiatric services provided in a general hospital.

(3) (A) When a private facility is accredited by a nationally recognized commission which accredits health care facilities, the department shall review and may approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(B) When a private facility serves county patients, the department shall review and may approve the program aspects only if the facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a

proportion of Medi-Cal patients sufficient to project an overall cost savings to the county, and the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(4) When a public facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a proportion of Medi-Cal patients sufficient to project an overall program cost savings with certification, the department shall approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(5) (A) The State Department of Mental Health may set a lower rate for private or public facilities than that required by paragraph (3) or paragraph (4), respectively if so required by the federal Health Care Financing Administration as a condition for the receipt of federal matching funds.

(B) This section does not impose any obligation on any private facility to contract with a county for the provision of services to Medi-Cal beneficiaries, and any contract for that purpose is subject to the agreement of the participating facility.

(6) (A) In using the guidelines specified in this subdivision, the department shall take into account local conditions affecting the costs or charges.

(B) In those psychiatric health facilities authorized by special permit to offer structured outpatient services not exceeding 10 daytime hours, the following limits on per diem rates shall apply:

(i) The per diem charge for patients in both a morning and an afternoon program on the same day shall not exceed 60 percent of the facility's authorized per diem charge for inpatient services.

(ii) The per diem charge for patients in either a morning or afternoon program shall not exceed 30 percent of the facility's authorized per diem charge for inpatient services.

(i) The licensing fees charged for these facilities shall be credited to the State Department of Mental Health for its costs incurred in the review of psychiatric health facility programs, in connection with the licensing of these facilities.

(j) Proposed changes in the standards or regulations affecting health facilities which serve the mentally disordered shall be effected only with the review and coordination of the Health and Welfare Agency.

(k) In psychiatric health facilities where the clinical director is not a physician, a psychiatrist, or if one is temporarily not available, a physician shall be designated who shall direct those medical treatments and services which can only be provided by, or under the direction of, a physician.

(*l*) This section shall become inoperative on July 1, 1997, and as

of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 242

An act to amend Sections 61378, and 61935 of, and to repeal Section 37985 of, the Food and Agricultural Code, relating to dairy products.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 37985 of the Food and Agricultural Code is repealed.

SEC. 2. Section 61378 of the Food and Agricultural Code is amended to read:

61378. (a) The allowance or gift of any money, credit, or compensation, or the lending of anything of value, to a wholesale customer for advertising or display in connection with the sale of dairy products classified as class 1, except flavored milks or yogurts is an unlawful practice. Payments or loans regarding products that are exempt from the prohibition of this section apply only to those products which are sold under a seller's own registered brand. The cost of any such allowance shall be borne by the seller.

(b) Notwithstanding subdivision (a), a distributor may loan a wholesale customer refrigerated display cabinets at the rate of one cabinet per premises if all of the following conditions are met:

(1) The cabinets are owned or leased by the distributor making the loan.

(2) Only products exempt from the prohibition of this section owned by the distributor at the time of sale of the products to the wholesale customer are stored in the cabinets.

(3) The location of the cabinets between wholesale customer premises is changed at least once every three weeks with at least two weeks intervening between the date of removal of any such cabinet from the premises of a wholesale customer and the loan of another cabinet by the distributor for use at the same premises.

(4) The cost of any loan of a cabinet is borne by the owner or lessor of the cabinet.

SEC. 3. Section 61935 of the Food and Agricultural Code is amended to read:

61935. (a) Class 4a comprises all market milk, market skim milk, or market cream used in the manufacture of butter, dried milk, dried skim milk, nonfat dry milk solids, defatted milk solids, dried buttermilk, and all market milk, market skim milk, or market cream which is supplied to consumers as condensed milk, condensed skim

milk, evaporated skim milk, evaporated cream or clotted cream, or evaporated milk, and any milk products which are UHT products, as defined in Chapter 9 (commencing with Section 39701) of Part 3 of Division 15, or ultrapasteurized, and sold for use outside of the 48 contiguous states in the United States, or yogurt, soft fresh cheese (fromage frais), uncreamed, creamed, or partially creamed cottage cheese, sour cream, sour half-and-half, or light sour cream which is sold for use outside the boundaries of the United States, or any product for which no definition and standards are prescribed in Division 15 (commencing with Section 32501), except the products defined in paragraph (2) of subdivision (a) of Section 61932.

(b) Class 4b comprises all market milk, market skim milk, or market cream used in the manufacture of cheese other than cottage cheese.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 243

An act to amend Section 1270 of, and to add Section 1271.1 to, the Business and Professions Code, relating to clinical laboratories, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1270 of the Business and Professions Code is amended to read:

1270. (a) On and after January 1, 1991, no person may perform examinations of cytological slides without first obtaining a license as a cytotechnologist from the department, except that those persons employed by licensed clinical laboratories as cytotechnologists and certified as cytotechnologists by the department on or before January 1, 1991, shall be licensed by the department on or before January 1, 1993. Cytotechnologist licenses shall be issued and renewed by the department for periods of two years. This subdivision shall not apply to persons holding a valid, unrevoked, unsuspended physician's and surgeon's certificate issued pursuant to

Chapter 5 (commencing with Section 2000).

(b) The issuance of a cytotechnologist license shall be contingent upon the applicant's satisfactory performance, as defined in regulation, in a competency testing program for cytotechnologists which may be administered by the department or by a competency testing service or program approved by the department. The competency testing program established pursuant to this section shall be periodically reviewed and revised by the department, if necessary, to ensure that the program is consistent with federal competency testing requirements issued under the Clinical Laboratory Improvement Amendments of 1988 (P.L. 100-578; 42 U.S.C. Sec. 263a, Section 353 of the Public Health Service Act).

(c) Notwithstanding subdivision (b), the department may issue a temporary cytotechnologist's license to a person who satisfies the requirements for admission to the examination unless the person has failed a previous examination for a cytotechnologist's license. A temporary license issued by the department pursuant to this subdivision shall be valid for a period of time not exceeding 90 days after the date the department has adopted a competency testing program pursuant to subdivision (b).

(d) The department may issue a cytotechnologist's license without examination to an applicant who satisfies one of the following:

(1) Passage of an examination of a national accrediting board whose requirements are equal to or greater than those required by this chapter or by regulations adopted pursuant to this chapter, as determined by the department.

(2) Passage of an examination of another state in which the requirements imposed by laws and regulations regarding the examination are equal to or greater than those required by this chapter or by regulations adopted pursuant to this chapter, as determined by the department.

This subdivision shall not apply to a person who has passed an examination of a national accrediting board or another state prior to that board's or state's establishment of requirements which are equal to or greater than those required by this chapter or by regulations adopted pursuant to this chapter, as determined by the department. The department may, however, make exceptions to the requirements of this subdivision in cases where the department determines that the applicant is otherwise qualified for licensure.

(e) The department shall not issue any temporary cytotechnologist's license pursuant to subdivision (c) or any cytotechnologist's license without examination pursuant to subdivision (d) after the department adopts a competency testing program pursuant to subdivision (b).

SEC. 2. Section 1271.1 is added to the Business and Professions Code, to read:

1271.1. (a) Clinical laboratories which are licensed pursuant to this chapter and provide cytology services shall, if the licensee ceases

operation, preserve records, reports, cytology slides, and cell blocks as prescribed in subdivision (g) of Section 1271 and Section 1274.

(b) Any person injured as a result of the licensee's abandonment of records may bring an action in any court of competent jurisdiction for the amount of any damages suffered as a result. In the event the licensee was a corporation or partnership which has been dissolved, the person injured may bring an action against that corporation's or partnership's principal officers of record at the time of the dissolution.

(c) For purposes of this section, the following definitions shall apply:

(1) "Abandonment of records" means violating subdivision (a) and thereby leaving patients and physicians and surgeons without access to information to which they are entitled pursuant to this chapter.

(2) "Principal officers" means:

(A) In the case of a partnership other than a limited partnership, any partner.

(B) In the case of a limited partnership, any general partner, as defined in subdivision (i) of Section 15611 of the Corporations Code.

(C) In the case of a corporation, the chairperson of the board, the chief executive officer, and the president of the corporation.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the severe shortage of cytotechnologists in this state by authorizing the issuance of temporary cytotechnologist's licenses and the issuance of licenses without examination, and in order to provide for the preservation of records, reports, cytology slides, and cell blocks, when clinical laboratories which provide cytology services cease operation, it is necessary for this act to take effect immediately.

CHAPTER 244

An act to add Sections 56111.9 and 56111.10 to the Government Code, and to amend Section 99231 of the Public Utilities Code, relating to correctional facilities.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 56111.9 is added to the Government Code, to read:

56111.9. (a) Notwithstanding Section 56110, upon approval of the commission, the City of Calipatria may annex noncontiguous territory of not more than 1,300 acres in area, located in the County of Imperial and which constitutes a state correctional facility. If, after the completion of the annexation, the State of California sells that territory or any part thereof, all of that territory which is no longer owned by the state shall cease to be a part of the City of Calipatria.

(b) If territory is annexed pursuant to this section, the city may not annex any territory not owned by the State of California and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4 of Division 3.

(d) If territory annexed to the City of Calipatria pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) The City of Calipatria may enter into an agreement with any other city under which the city apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

SEC. 2. Section 56111.10 is added to the Government Code, to read:

56111.10. (a) Notwithstanding Section 56110, upon approval of the commission, Crescent City may annex noncontiguous territory of not more than 300 acres in area, located in the County of Del Norte and which constitutes a state correctional facility. If, after the completion of the annexation, the State of California sells that territory or any part thereof, all of the territory which is no longer owned by the state shall cease to be a part of Crescent City.

(b) If territory is annexed pursuant to this section, the city may

not annex any territory not owned by the State of California and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4 of Division 3.

(d) If territory annexed to Crescent City pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) Crescent City may enter into an agreement with any other city under which the city apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

SEC. 3. Section 99231 of the Public Utilities Code is amended to read:

99231. All operators and city or county governments with responsibility for providing municipal services to a given area collectively may file claims for only those moneys that represent that area's apportionment.

The term "apportionment" has reference to that proportion of the total annual revenue anticipated to be received in the fund that the population of the area bears to the total population of the county.

The term "area" means:

(a) With reference to a transit district, the entire area stated in its enabling legislation or franchise, excluding cities therein which have retained the right to join the district at a later time.

(b) With reference to a transit development board, the entire area stated in its enabling legislation, including the municipalities therein which operated bus systems prior to the creation of the board and subsequently conveyed such systems to the board.

(c) With reference to a county government, the unincorporated area of the county.

(d) With reference to a city government, the corporate area of the city.

(e) With reference to the City and County of San Francisco and the Counties of Alameda and Contra Costa, the unincorporated area thereof (and with reference to a city in those counties, the corporate area of the city) which is outside the area of the Alameda-Contra Costa Transit District and which is not receiving adequate local public transportation services, as determined by the Metropolitan Transportation Commission pursuant to subdivision (b) of Section 99207.

(f) Where a transit district, a transit development board, or a county or city, provides public transportation services beyond its

boundaries, its area, for purposes of this section, shall also include:

(1) All of that area within one-half mile of any route which extends beyond its boundaries.

(2) All of the corporate area of a city to which it provides such services pursuant to contract or prior express authority of the secretary.

The transportation planning agency may rely, in its determination of populations, on estimates which are used by the Controller for distributing money to cities under Section 2107 of the Streets and Highways Code and to counties under Section 11005 of the Revenue and Taxation Code, and may contract with the Department of Finance or other appropriate state agency for an annual determination of such population estimates as may be necessary.

(g) With reference to the County of Riverside, the area within the jurisdiction of the transit operator established by the joint exercise of powers of one or more cities and the County of Riverside. CHAPTER 247

An act to amend Sections 11573.5 and 11581 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor July 29, 1991 Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11573.5 of the Health and Safety Code is amended to read:

11573.5. (a) At the time of application for issuance of a temporary writ pursuant to Section 11573, if proof of the existence of the nuisance depends, in whole or part, upon the affidavits of witnesses who are not peace officers, upon a showing of prior threats of violence or acts of violence by any defendant or other person, the court may issue orders to protect those witnesses, including, but not limited to, nondisclosure of the name, address, or any other information which may identify those witnesses.

(b) A temporary writ issued pursuant to Section 11573 may include closure of the premises pending trial when a prior writ does not result in the abatement of the nuisance. The duration of the writ shall be within the court's discretion. In no event shall the total period of closure pending trial exceed one year. Prior to ruling on a request for closure the court may order that some or all of the rent payments owing to the defendant be placed in an escrow account for a period of up to 90 days or until the nuisance is abated. If the court subsequently orders a closure of the premises, the money in the escrow account shall be used to pay for relocation assistance pursuant to subdivision (d). In ruling upon a request for closure, whether for a defined or undefined duration, the court shall consider all of the following factors:

(1) The extent and duration of the nuisance at the time of the request.

(2) Prior efforts by the defendant to comply with previous court orders to abate the nuisance.

(3) The nature and extent of any effect which the nuisance has upon other persons, such as residents or businesses.

(4) Any effect of prior orders placing displaced residents' or occupants' rent payments into an escrow account upon the

defendant's efforts to abate the nuisance.

(5) The effect of granting the request upon any resident or occupant of the premises who is not named in the action, including the availability of alternative housing or relocation assistance, the pendancy of any action to evict a resident or occupant, and any evidence of participation by a resident or occupant in the nuisance activity.

(c) In making an order of closure pursuant to this section, the court may order the premises vacated and may issue any other orders necessary to effectuate the closure. However, all tenants who may be affected by the order shall be provided reasonable notice and an opportunity to be heard at all hearings regarding the closure request prior to the issuance of any order.

(d) In making an order of closure pursuant to this section, the court shall order the defendant to provide relocation assistance to any tenant ordered to vacate the premises, provided the court determines that the tenant was not actively involved in the nuisance activity. The relocation assistance ordered to be paid by the defendant shall be in the amount necessary to cover moving costs, security deposits for utilities and comparable housing, adjustment in any lost rent, and any other reasonable expenses the court may deem fair and reasonable as a result of the court's order.

(e) At the hearing to order closure pursuant to this section, the court may make the following orders with respect to any displaced tenant not actively involved in the nuisance:

(1) Priority for senior citizens, physically handicapped persons, or persons otherwise suffering from a permanent or temporary disability for claims against money for relocation assistance.

(2) Order the local agency seeking closure pursuant to this section to make reasonable attempts to seek additional sources of funds for relocation assistance to displaced tenants, if deemed necessary.

(3) Appoint a receiver to oversee the disbursement of relocation assistance funds, whose services shall be paid from the escrow fund.

(4) Where a defendant has paid relocation assistance pursuant to subdivision (d), the escrow account under subdivision (b) may be released to the defendant and no appointment under paragraph (3) shall be made.

(f) (1) The remedies set forth pursuant to this section shall be in addition to any other existing remedies for nuisance abatement actions, including, but not limited to, the following:

(A) Capital improvements to the property, such as security gates.

(B) Improved interior or exterior lighting.

(C) Security guards.

(D) Posting of signs.

(E) Owner membership in neighborhood or local merchants' associations.

(F) Attending property management training programs.

(G) Making cosmetic improvements to the property.

(2) At all stages of an action brought pursuant to this article, the

court has equitable powers to order steps necessary to remedy the problem and enhance the abatement process.

SEC. 2. Section 11581 of the Health and Safety Code is amended to read:

11581. (a) If the existence of the nuisance is established in the action, an order of abatement shall be entered as a part of the judgment, which order shall direct the removal from the dwelling, building, or place of all fixtures, musical instruments, and other movable property used in conducting, maintaining, aiding, or abetting the nuisance and shall direct their sale in the manner provided for the sale of chattels under execution.

(b) (1) The order shall provide for the effectual closing of the dwelling, building, or place against its use for any purpose, and for keeping it closed for a period of one year. This subdivision is intended to give priority to closure. Any alternative to closure may be considered only as provided in this section.

(2) In addition, the court may assess a civil penalty not to exceed twenty-five thousand dollars ($25,000) against any or all of the defendants, based upon the severity of the nuisance and its duration.

(3) In establishing the amount of any civil penalty, the court shall consider all of the following factors:

(A) The actions taken by the defendant to mitigate or correct the problem at the dwelling, building, or place or the reasons why the defendant did not take any such action.

(B) The cost to the government of investigating and correcting the condition.

(C) Any previous actions brought against the defendant pursuant to this article.

(D) Any other factor deemed by the court to be relevant.

(c) (1) If the court finds that any vacancy resulting from closure of the building or place may create a nuisance or that closure is otherwise harmful to the community, in lieu of ordering the building or place closed, the court may order the person who is responsible for the existence of the nuisance, or the person who knowingly permits controlled substances to be unlawfully sold, served, stored, kept, or given away in or from a building or place he or she owns, to pay damages in an amount equal to the fair market rental value of the building or place for one year to the city or county in whose jurisdiction the nuisance is located for the purpose of carrying out their drug prevention and education programs. If awarded to a city, eligible programs may include those developed as a result of cooperative programs among schools, community agencies, and the local law enforcement agency. If awarded to a county, funds shall be used for those programs that are part of the drug program plan, as specified in Section 11983.2. These funds shall not be used to supplant existing city, county, state, or federal resources used for drug prevention and education programs.

(2) For purposes of this subdivision, the actual amount of rent being received for the rental of the dwelling, building, or place, or

the existence of any vacancy therein, may be considered, but shall not be the sole determinant of the fair market rental value. Expert testimony may be used to determine the fair market rental value.

CHAPTER 248

An act to amend Sections 25827 and 25828 of the Government Code, to amend Section 5473.11 of, and to add Sections 6520.10, 6520.11, and 6520.12 to, the Health and Safety Code, relating to delinquent charges.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 25827 of the Government Code is amended to read:

25827. (a) The board of supervisors of each county may collect or contract for the collection, or both, of garbage, waste, refuse, rubbish, offal, trimmings, or other refuse matter under such terms and conditions as may be prescribed by the board of supervisors by resolution or ordinance. For such purposes the board of supervisors may either levy a yearly tax on property within the unincorporated area of the county or impose a reasonable charge against the real property benefited for the services provided. The tax or charge shall not be applicable to property within existing garbage disposal districts.

(b) If the county provides compulsory collection service, a resolution or ordinance adopted pursuant to this section shall provide for reduced charges, rebates, or exemptions for properties that do not require regular collection service. The resolution or ordinance shall exempt undeveloped property from compulsory service.

SEC. 2. Section 25828 of the Government Code is amended to read:

25828. If services are provided by a county pursuant to Section 25827, and if the service is compulsory or provided at the request of the property owner, the cost of service which remains unpaid for a period of 60 or more days after the close of the period for which they were billed may be collected by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent charges. Upon receipt of the report the board shall fix a time, date, and place for hearing the report and any protests or objections thereto.

(b) The board shall cause notice of the hearing to be mailed to the owners of property listed on the report not less than 10 days prior to the date of the hearing.

(c) At the hearing the board shall hear any objections or protests of property owners liable to be assessed for delinquent charges. The board may make revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent charges set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of the delinquent charges. A certified copy of the confirmed report shall be filed with the county auditor, on or before August 10, for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation in the office of the county recorder of the county in which the property is situated of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for those taxes. All laws applicable to the levy, collection, and enforcement of county ad valorem taxes shall be applicable to the assessment, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of the taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to the real property and the delinquent charges, as confirmed, relating to the property shall be transferred to the unsecured roll for collection.

SEC. 3. Section 5473.11 of the Health and Safety Code is amended to read:

5473.11. (a) An entity shall notify the assessee shown on the latest equalized assessment roll whenever delinquent and unpaid charges for services which would become a lien on the property pursuant to subdivision (b) remain delinquent and unpaid for 60 days.

(b) Notwithstanding any other provision of this article, charges for services and facilities furnished by the entity shall constitute a lien against the lot or parcel of land for which the service was provided if the charges remain delinquent for a period of 60 days, and the entity has notified the assessee of the property shown on the latest equalized assessment roll of the delinquent charges pursuant to subdivision (a) and the lien provided by this section.

(c) The lien provided herein shall have no force or effect until a certificate specifying the amount of the unpaid charges is recorded with the county recorder and when so recorded shall have the force, effect and priority of a judgment lien and continue for three years from the time of recording unless sooner released or otherwise discharged.

SEC. 4. Section 6520.10 is added to the Health and Safety Code, to read:

6520.10. On or before August 10, the board may certify to the board of supervisors and county auditor a statement of any delinquent and unpaid charges for sewer and other services, or either, requested in writing by the owner of the property that remain delinquent and unpaid for a period of 60 days or more on July 1.

The amount of any charges for sewer and other services, or either, included in the statement of delinquent and unpaid charges shall be added to and become a part of the annual taxes next levied upon the property for which the sewer service was provided and upon the property subject to the charges for any other district services and shall constitute a lien on that property as of the same time and in the same manner as does the tax lien securing the annual taxes. All laws applicable to the levy, collection, and enforcement of ad valorem taxes shall be applicable to the charges, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon prior to the date on which the first installment of the taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to the real property and the charges relating to the property shall be transferred to the unsecured roll for collection. The county shall deduct from the charges collected an amount sufficient to compensate the county for costs incurred in collecting the delinquent and unpaid charges. The amount of the compensation shall be fixed by agreement between the board of supervisors and the district's board of directors.

SEC. 5. Section 6520.11 is added to the Health and Safety Code, to read:

6520.11. A district shall notify the assessee shown on the latest equalized assessment roll whenever delinquent and unpaid charges for sewer and other services, or either, which could become a lien on the property pursuant to Section 6520.10 remain delinquent and unpaid for 60 days.

SEC. 6. Section 6520.12 is added to the Health and Safety Code, to read:

6520.12. In the event any charges for sewer and other services, or either, remain unpaid the amount of the unpaid charges may in the discretion of the district be secured at any time by recording in the office of the county recorder of any county, a certificate specifying the amount of the charges and the name and address of the person liable therefor.

From the time of recordation of the certificate, the amount required to be paid together with interest and penalty constitutes a lien upon all real property in the county owned by the person or afterwards, and before the lien expires, acquired by him or her. The lien has the force, priority, and effect of a judgment lien and shall continue for 10 years from the date of the recording of the certificate unless sooner released or otherwise discharged. The lien may, within

10 years from the recording of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by recording a new certificate in the office of the county recorder of any county and from the time of the recording the lien shall be extended to the real property in the county for 10 years unless sooner released or otherwise discharged.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

guidelines and instructional materials that focus on successful approaches for working with pupils who have been prenatally substance exposed, as well as other at-risk pupils, may also be provided to teachers.

10123.18. Every individual or group policy of disability insurance, regardless of the situs of the contract, which is issued, amended, or renewed, on or after January 1, 1991, and which includes coverage for treatment or surgery of cervical cancer shall also be deemed to provide coverage, upon the referral of a patient's physician, a nurse practitioner, or a certified nurse midwife, providing care to the patient and operating within the scope of practice otherwise permitted for the licensee, for an annual cervical cancer screening test.

Nothing in this section shall be construed to require an individual or group policy to cover treatment or surgery for cervical cancer or to prevent application of deductible or copayment provisions contained in the policy or plan, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

Nothing in this section shall be construed to apply to a policy of disability insurance that only covers a specified disease, specified

accidents, or any accidents, if the disability insurer at the time of issuance of the policy and annually thereafter determines whether each insured or person covered by the policy also has coverage for an annual cervical cancer screening test from another disability insurer, a nonprofit hospital service plan, or a health care service plan, and provided that any insured or person covered by the policy who does not have other coverage for annual cervical cancer screening shall have that coverage under the policy.

CHAPTER 255

An act to amend Sections 5784 and 6005 of the Food and Agricultural Code, relating to pest control, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 5784 of the Food and Agricultural Code is amended to read:

5784. (a) The regulations adopted by the director upon the establishment of a cotton host-free period or district for a particular pest shall, insofar as practical, be uniform and shall be uniformly enforced in all cotton host-free periods or districts established for that pest. Any exemptions or variances thereafter shall be extended to all other districts or periods unless the director finds that it will be detrimental to the eradication or effective control of the particular pest to do so.

(b) The remedies provided in this article for any violation of this article are in addition to any other remedy provided by law.

(c) Any person producing cotton in violation of cotton plowdown requirements adopted pursuant to this article is subject to a civil penalty of five hundred dollars ($500) for the first violation and one thousand dollars ($1,000) for each subsequent violation. Each acre not in compliance is a separate additional violation subject to a civil penalty of five dollars ($5) per acre of land not in compliance for the first violation and ten dollars ($10) per acre of land not in compliance for each subsequent violation.

(d) Any person producing cotton in violation of cotton planting dates adopted pursuant to this article is subject to a civil penalty of five hundred dollars ($500) for the first violation and one thousand dollars ($1,000) for each subsequent violation. Each acre not in compliance is a separate additional violation subject to a civil fine of fifty dollars ($50) per acre of land not in compliance for the first violation and one hundred dollars ($100) per acre of land not in

compliance for each subsequent violation.

(e) The Attorney General, upon the request of the director, or the district attorney or county counsel, upon the request of the commissioner, may request a court to issue an injunction or take other appropriate action to restrain violations of this article relating to cotton pests.

SEC. 2. Section 6005 of the Food and Agricultural Code is amended to read:

6005. (a) Every grower of cotton in the state shall pay a fee of three dollars ($3) for each bale of cotton ginned or for each bale of cotton sold by a grower in this state who received the cotton under the federal payment-in-kind program, Section 700 et seq. of Title 7 of the Code of Federal Regulations.

(b) The fee is a maximum fee. The amount of the fee may vary from district to district in accordance with the protection afforded to the cotton crop in the districts. The director may establish districts in the state for the purpose of fixing the fee. Between February 1 and June 30 of each year, the Cotton Pest Control Board shall recommend to the director the amount of the fee that it determines to be necessary to carry out this article in each district. The director may fix the fee at a less amount, when it is determined that the cost of administering this article can be defrayed with the below-maximum fee. The amount of the fee shall be effective for the next fiscal year. The fee shall be paid to the director or the entity designated by the Cotton Pest Control Board at the time the cotton is ginned or by the first handler when the cotton is sold in the case of cotton received by growers under the federal payment-in-kind program, Section 700 et seq. of Title 7 of the Code of Federal Regulations. The first handler shall deduct the fee from any moneys owed to the grower. To determine the number of payment-in-kind bales on which the fee is calculated that the first handler pays to the director, the first handler shall divide each grower's total payment-in-kind entitlement pounds of cotton by 500.

(c) The amount received from fees and other sources of income shall be deposited and handled in a manner determined by the Cotton Pest Control Board and shall be used exclusively to pay costs directly related to the control of pink bollworm or other related cotton pests.

(d) Fees which have not been expended by the termination date of this article shall be refunded.

(e) Moneys received from other sources for this program may be used to carry out the purposes of this article.

(f) The Cotton Pest Control Board may hire any and all necessary personnel, contract for services, and incur all other expenses necessary to carry out the purposes of this article.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make up for expected losses in assessment revenues resulting from severe drought conditions which have led to a decrease in cotton production, and address the infestation of the pink bollworm in the lower San Joaquin Valley, as soon as possible, it is necessary that this act take effect immediately.

and exempt vehicles registered in the state.

For purposes of apportionment under this subdivision, the Department of Motor Vehicles shall, as soon as possible after the last day of each calendar month, furnish to the Controller a verified statement showing the number of fee-paid and exempt vehicles which are registered in each county and in the state as of the last day of each calendar month as reflected by the records of the Department of Motor Vehicles.

(e) Of the remaining money payable, there shall be paid to each eligible county an amount monthly computed, as follows: The number of miles of maintained county roads in each county shall be multiplied by sixty dollars ($60); from the resultant amount, there shall be deducted the amount received by each county under subdivision (d) and the remainder, if any, shall be paid to each county.

The percentage each county is to be apportioned during the fiscal year shall be derived by adding its reimbursable snow removal expenditures for the three preceding fiscal years as to which the Controller has received snow removal expenditure reports pursuant to Section 2152, and dividing the sum by the total amount of reimbursable snow removal expenditures by all counties in the state during those fiscal years.

(b) On or before the first day of March of each year, the Controller shall notify each county of the amount apportioned to it pursuant to this section for expenditure for snow removal on county

(b) A certificate shall be executed by the attorney for the plaintiff or cross-complainant declaring one of the following:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one architect, professional engineer, or land surveyor who is licensed to practice and practices in this state or any other state, or who teaches at an accredited college or university and is licensed to practice in this state or any other state, in the same discipline as the defendant or cross-defendant and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action. The person consulted may not be a party to the litigation.

(2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after filing the complaint.

(3) That the attorney was unable to obtain the consultation

required by paragraph (1) because the attorney had made three separate good faith attempts with three separate architects, professional engineers, or land surveyors to obtain such consultation and none of those contacted would agree to such a consultation.

(c) Where a certificate is required pursuant to this section, only one certificate shall be filed, notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.

(d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur," as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a procedure or both, and for that reason is not filing a certificate required by this section.

(e) For purposes of this section, and subject to Section 912 of the Evidence Code, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the architect, professional engineer, or land surveyor consulted and the contents of the consultation. The privilege shall also be held by the architect, professional engineer, or land surveyor so consulted. If, however, the attorney makes a claim under paragraph (3) of subdivision (b) that he or she was unable to obtain the required consultation with the architect, professional engineer, or land surveyor, the court may require the attorney to divulge the names of architects, professional engineers, or land surveyors refusing the consultation.

(f) A violation of this section may constitute unprofessional conduct and be grounds for discipline against the attorney, except that the failure to file the certificate required by paragraph (1) of subdivision (b), within 60 days after filing the complaint and certificate provided for by paragraph (2) of subdivision (b), shall not be grounds for discipline against the attorney.

(g) The failure to file a certificate in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(h) Upon the favorable conclusion of the litigation with respect to any party for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the trial court may, upon the motion of a party or upon the court's own motion, verify compliance with this section, by requiring the attorney for the plaintiff or cross-complainant who was required by subdivision (b) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (b) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in an in-camera proceeding at which the moving party shall not be

present. If the trial judge finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees, incurred by another party as a result of the failure to comply with this section.

This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

(i) For purposes of this section, "action" includes a complaint or cross-complaint for equitable indemnity arising out of the rendition of professional services whether or not the complaint or cross-complaint specifically asserts or utilizes the terms "professional negligence" or "negligence."

CHAPTER 273

An act to add Section 2892 to the Public Utilities Code, relating to public utilities.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Pursuant to Article 6 (commencing with Section 53100) of Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, various local agencies working in conjunction with public utility telephone corporations have established local emergency telephone systems utilizing 911 as a primary access number.

(b) In recent years, domestic public land cellular radiotelephone systems have been established in various parts of California, and these systems offer an opportunity for the traveling public to seek emergency assistance, and to report threats to the public health and safety in situations where immediate access to conventional landline telephones is limited.

(c) Cellular subscribers are presently subject to an emergency telephone user surcharge and may also be required to pay added airtime charges for calls to emergency telephone services.

(d) The public interest would be served by requiring cellular radiotelephone utilities to provide their customers with free access to 911 services, and by requiring that that access be without paying the airtime charges which customarily are due for all communications on the cellular network.

SEC. 2. Section 2892 is added to the Public Utilities Code, to read:

2892. The commission shall, by rule or order, require that every facilities-based cellular service provider provide access for end users on its system to the local emergency telephone services described in

Section 53100 of the Government Code, that they shall utilize the "911" code as the primary access number for those services, and that where feasible "911" calls from cellular units shall be routed to an office of the California Highway Patrol that is nearest to the cell site from which the call has originated. In addition, the commission, by rule or order, shall require that every cellular service provider include in its tariffs a provision to the effect that there shall be no airtime or similar usage charge for calls placed from a cellular unit to the emergency telephone services system.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 274

An act to add Sections 12987 and 12988 to the Food and Agricultural Code, and to amend Sections 6393 and 6397 of the Labor Code, relating to toxic substances.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 12987 is added to the Food and Agricultural Code, to read:

12987. The director shall require registrants of pesticides to submit the data necessary to perform the director's duties under this article.

SEC. 2. Section 12988 is added to the Food and Agricultural Code, to read:

12988. No pesticide may be registered or reregistered unless the director determines that the registrant has complied with this article.

SEC. 3. Section 6393 of the Labor Code is amended to read:

6393. The manufacturer shall be relieved of the obligation to provide a specific purchaser of a hazardous substance with an MSDS pursuant to Section 6390 if the manufacturer has a record of having provided the specific purchaser with the most current version of the MSDS, or if the product is one sold at retail and is incidentally sold to an employer or the employer's employees, in the same form, approximate amount, concentration, and manner as it is sold to

consumers, and, to the seller's knowledge, employee exposure to the product is not significantly greater than the consumer exposure occurring during the principal consumer use of the product. Except for products so labeled, the provisions of this section do not relieve the manufacturer of the requirement to provide direct purchasers with new, revised, or later information or MSDS pursuant to the provisions of Section 6390.

SEC. 4. Section 6397 of the Labor Code is amended to read:

6397. (a) Any person other than a manufacturer who sells a mixture or any hazardous substance shall provide its direct purchasers of the mixture or hazardous substance at the time of sale with a copy of the most recent MSDS or equivalent information prepared and supplied to the person pursuant to either Section 6390 or subdivision (b) whenever it is foreseeable that the provisions of this chapter may apply to the purchaser.

(b) Any person who produces a mixture may, for the purposes of this section, prepare and use a mixture MSDS, subject to the provisions of Section 6395.

(c) Any person subject to the provisions of subdivision (a) shall be relieved of the obligation to provide a specific purchaser of a hazardous substance with an MSDS if he or she has a record of having provided the specific purchaser with the most recent version of the MSDS, or if the product is one sold at retail and is incidentally sold to an employer or the employer's employees, in the same form, approximate amount, concentration, and manner as it is sold to consumers, and, to the seller's knowledge, employee exposure to the product is not significantly greater than the consumer exposure occurring during the principal consumer use of the product.

CHAPTER 275

An act to amend Section 33213 of the Public Resources Code, relating to the Santa Monica Mountains Conservancy.

33213. (a) The Santa Monica Mountains Conservancy Advisory Committee is hereby created. The advisory committee consists of 16 members, as follows:

Every effort shall be made to ensure that the ethnic and racial composition of the advisory committee reflects the racial and ethnic composition of the population of the State of California.

(b) The advisory committee shall select from among its members a chairperson and a vice chairperson.

(c) The members of the advisory committee shall serve without compensation, but shall be reimbursed for necessary expenses incurred in the performance of their duties.

(d) The advisory committee has the following duties:

(1) Propose and review projects for conservancy action and report to the conservancy regarding the conformity of the projects with the plan.

(2) Review proposed amendments to the plan.

(3) Provide opportunities for public participation.

(e) A majority of the total authorized and appointed membership of the advisory committee constitutes a quorum for the transaction of any business of the advisory committee.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 276

An act to amend Section 807 of the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 807 of the Unemployment Insurance Code is amended to read:

807. (a) The Santa Cruz County Symphony Association may elect reimbursement financing under Section 801 when the director finds that the association made a good faith error in the classification of individuals providing services to the association.

(b) Notwithstanding subdivision (c) of Section 801, when an election is made pursuant to subdivision (a), it shall be from the time the Santa Cruz County Symphony Association became an employer.

(c) To the extent permitted by federal law, if the Santa Cruz County Symphony Association has a favorable reserve account on the date it makes the election, it shall not be liable for the reimbursement of benefits pursuant to the election except to the extent the cost of benefits exceeds the sum of the amount in the reserve account and the full amount of any previous assessment for unemployment benefits, excluding interest and penalties charged by the department, which has been paid by the association prior to election.

(d) Notwithstanding Section 1029, the reserve account of the Santa Cruz County Symphony Association shall not be canceled and the cost of benefits otherwise chargeable to the association shall be charged to the reserve account until it is exhausted.

(e) An election pursuant to this section shall be made only once.

(f) Payment of the cost of benefits shall be as provided in Section 803 except that benefits paid more than 90 days prior to the date of election under this section shall accrue interest as provided in Section 1113, and except that interest shall not accrue when the cost of benefits paid does not exceed the amount in the reserve account of the Santa Cruz County Symphony Association.

(g) Except as otherwise provided, the election under Section 801 made pursuant to this section shall be subject to all provisions of Section 803.

(h) Subdivisions (c) and (d) shall not be implemented unless the Director of Employment Development determines that this section is approved by the United States Department of Labor. The Director of Employment Development shall immediately seek this approval from the United States Department of Labor.

(i) This section shall remain in effect only until January 1, 1992,

and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify at the earliest possible time a technical error in a statute enacted in 1990 that permits, until January 1, 1992, the Santa Cruz County Symphony Association to elect reimbursement financing of their unemployment insurance obligations, it is necessary that this act take effect immediately.

CHAPTER 277

An act to amend Section 13127 of the Food and Agricultural Code, relating to pesticides, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 13127 of the Food and Agricultural Code is amended to read:

13127. (a) Not later than December 31, 1985, the department shall identify 200 pesticide active ingredients which the department determines have the most significant data gaps and widespread use and which are suspected to be hazardous to people. Not later than 30 days after the report issued pursuant to Section 13125, the department shall notify each registrant of a pesticide product containing any of the identified 200 pesticide active ingredients of the applicable data gap required to be filled pursuant to this section.

(b) Not later than December 31, 1985, the department shall also adopt a timetable for the filling of all data gaps on all pesticide active ingredients, other than those identified by the department pursuant to subdivision (a), which are currently registered or licensed in California. The department shall notify registrants of the applicable data gaps and the scheduled time to initiate and complete studies as provided in the timetable.

(c) (1) Not later than September 1, 1986, the department shall determine whether a test has been initiated to fill each of the data gaps for each pesticide active ingredient identified in subdivision (a). If no test has been initiated, the department shall fill data gaps in accordance with procedures provided in subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. In order to carry out this section, the director has the same authority to require information from registrants of active

pesticide ingredients and to suspend registration that the Administrator of the Environmental Protection Agency has pursuant to subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. If a hearing is requested regarding the proposed suspension of registration, it shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. On or before July 1, 1986, the director shall, by regulation, prescribe procedures for resolving disputes or funding the filling of data gaps. The procedures may include mediation and arbitration. The arbitration procedures, insofar as practical, shall be consistent with the federal act, or otherwise shall be in accordance with the commercial arbitration rules established by the American Arbitration Association. The procedures shall be established so as to resolve any dispute within the timetable established in subdivision (a) .

(2) The department shall also obtain the data which is identified in subdivision (b), according to the timetable and procedures specified in this section.

(d) (1) Not later than March 1, 1987, the director shall again determine whether tests have been initiated to fill each of the data gaps for each pesticide active ingredient identified in subdivision (a). If the tests have not been initiated or if, having been initiated, the tests are not completed within a reasonable time not to exceed four years, the director shall obtain the required test results. The director may utilize assessments charged to those registrants of the active ingredient for which the data gaps exist in amounts necessary to cover the department's expenses in filling the data gaps. Any assessments shall be made pursuant to Section 12824. The director may also request an appropriation to be used in combination with assessments to obtain the required test results. The director shall initiate the tests as soon as possible, and the tests shall be completed within a reasonable time, not to exceed four years after initiation.

The director shall furnish not less than 30 days' public notice of any proposed action under this paragraph, stating the reasons therefor and allowing public comment thereon. Copies of this notice and final decision shall be provided to the appropriate committees of the Legislature.

(2) The director shall monitor compliance with the timetable established pursuant to subdivision (b) . If the director determines that tests are not initiated or completed according to the timetable, the director shall obtain the required test results as provided in paragraph (1).

(3) The director shall review the timetable established by the Environmental Protection Agency for the accelerated registration program under amendments effective in 1989 to the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 135 et seq.).

(e) (1) This section does not apply to any product which the

director determines has limited use or that substantial economic hardship would result to users due to unavailability of the product and there is not significant exposure to the public or workers and the product is otherwise in compliance with federal law.

(2) The director may not, pursuant to this subdivision, exempt all pesticide products containing the same pesticide active ingredient unless it is determined that the pesticide active ingredient has only limited use, there is insignificant exposure to workers or the public, and the products are otherwise in compliance with federal law. Any exemption issued pursuant to this paragraph shall expire at the end of three years after it is issued.

(f) (1) Whenever the director exercises the authority provided in paragraph (1) of subdivision (e), he or she shall give public notice of the action stating the reasons for exempting the pesticide product from the data requirements of this article. Copies of this notice shall be provided to the appropriate policy committees of the Legislature.

(2) Whenever the director acts pursuant to paragraph (2) of subdivision (e), the director shall furnish not less than 30 days' public notice of the proposed action, stating the reasons for exempting the pesticide product from the data requirements of this article and allowing public comment thereon. Copies of the notice and the final decision shall be provided to the appropriate policy committees of the Legislature.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Section 13127 of the Food and Agricultural Code was amended during the 1989-90 Regular Session of the Legislature by Chapter 432 of the Statutes of 1990. However, the version of the section that was printed was an earlier version, as amended by Chapter 869 of the Statutes of 1989, and it did not contain amendments later enacted in that section by Chapter 1083 of the Statutes of 1989. In order to correct that inadvertent error as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 278

An act to amend Section 6254 of the Government Code, to amend Sections 443.32, 1189.109, 1189.110, 1189.113, 1216, 1797.98c, 1797.98e, 24163, 24164, 24164.5, 24165.2, 24165.3, 24165.5, 24167, and 24169.8 of, and to add Sections 24168.4, 24168.5, 24168.6, 24168.7, 24168.8, and 24168.9 to, the Health and Safety Code, to amend Sections 12710, 12725.5, 12730, and 12739 of, and to add and repeal Part 6.3 (commencing with Section 12695) of Division 2 of, the Insurance Code, to amend Sections 14148.5, 14148.6, 16910, 16915, 16918, 16932, 16934.5, 16945, 16946, 16943, 16947, 16948, 16953, 16953.1, and 16997.1

of, to add Sections 16941.1, 16953.2, 16954, 16990, and 16953.3 to, and to add and repeal Article 4.8 (commencing with Section 14148.9) of Chapter 7 of Part 3 of Division 9 of, the Welfare and Institutions Code, and to amend Sections 57 and 69 of Chapter 51 of the Statutes of 1990, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That prenatal care is critical to healthy birth outcomes, and that healthy birth outcomes are critical to full and productive lives.

(b) That there are many women in California who do not receive prenatal care nor do their children receive adequate care early in life.

(c) That there is a correlation between lack of health insurance and lack of prenatal and preventive health care.

(d) That there is a direct correlation between tobacco use during pregnancy and adverse birth outcomes.

(e) That many women and children who do not receive this care are not eligible for public assistance programs, yet cannot afford to pay for the care.

(f) That every year 90,000 California women are unsponsored for prenatal care, and 50,000 California women are unsponsored for maternity services at the time of delivery.

(g) That lack of a sponsor for the cost of prenatal and maternity services results in restricted access to those services.

(h) That the Legislature is committed to providing access to all California women and their children for perinatal care and child health care.

(i) That the preferential method of providing care through a cooperative public or private effort using existing provider services and networks should be evaluated to determine whether access to prenatal care and birth outcomes are improved.

(j) That consumers of health care are more cost conscious in their utilization of health care services when they financially contribute to paying for the care.

(k) That an effective means of providing coverage for these services is to subsidize purchase of private health care coverage.

(*l*) It is the intent of the Legislature in enacting this act to do all of the following:

(1) Provide expanded access to health care services for pregnant women and their children as a first step toward providing health coverage for all Californians.

(2) Provide meaningful and effective health education materials to all program participants.

(3) Build on the existing system of financing and delivery of health care services.

(4) Enable low income persons to secure maternity and child health care services at affordable rates through state subsidy of the cost of private health insurance coverage.

(5) Reduce the incidence of negative delivery and birth outcome of pregnant women covered under the program who give birth in California.

SEC. 1.2. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(3) Preliminary drafts, notes, or interagency or intra-agency communications prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(4) Information received in confidence by any state agency referred to in paragraph (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or market or crop reports, which are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security files compiled by any other state or local police agency, or any such

investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, vandalism, vehicle theft, or a crime as defined by subdivision (c) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) The time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date and location of occurrence, the time and date of the report, the name, age and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, or 289 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved. The name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, or 289 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor.

When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained. However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(k) Records the disclosure of which is exempted or prohibited pursuant to provisions of federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege.

(*l*) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided that public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

Each administering agency may encumber sufficient funds during one fiscal year to reimburse claimants for losses incurred during that fiscal year for which claims will not be received until after the fiscal year. The administering agency may, as necessary, request records and documentation to support the amounts of reimbursement requested by physicians and surgeons and the administering agency may review and audit such records for accuracy. Reimbursements requested and reimbursements made that are not supported by records may be denied to and recouped from physicians and surgeons. (c) During normal working hours, the administering agency may make any inspection and examination of a hospital's or physician and surgeon's books and records needed to carry out the provisions of this chapter. A provider who has knowingly submitted a false request for reimbursement shall be guilty of civil fraud.

(d) Nothing in this chapter shall prevent a physician from utilizing an agent who furnishes billing and collection services to the physician to submit claims or receive payment for claims.

(e) All payments from the fund shall be limited to claims for care rendered by physicians and surgeons to patients who are initially medically screened, evaluated, treated, or stabilized in one of the following:

Initial media efforts shall be directed to specific target populations. The contractors selected shall be provided with all available survey information resulting from ongoing programs funded under this chapter. Priority shall be given to minor children, ages 6 to 14, inclusive. The medium used shall be determined to be the most effective at reaching this targeted age group. The guidelines shall require for each target population to be served a description of the services to be provided, an estimate of the number to be served, an estimate of the success rate, and a method to determine to what extent goals have been achieved. Beginning with the 1990–91 fiscal year, and for each fiscal year thereafter, the guidelines shall require local lead agencies to describe how local funding decisions will take into account evaluations of program effectiveness and efficiency. The guidelines shall require the submission of a budget and information on staffing configurations.

(h) (1) In any county that comprises not more than one-half of 1 percent of the total state population and in which there are a county hospital and a noncounty hospital with emergency room permits located within two miles of each other, the county hospital may surrender its emergency room permit without any penalty for violation of paragraph (1) of subdivision (d) provided all of the following occur:

(A) The county shall enter into a contractual arrangement with the noncounty hospital.

(B) The county and noncounty hospital shall provide for the availability of at least the same level of emergency services and specialty backup which the county hospital and noncounty hospital provided prior to the surrendering of the emergency room permit.

(C) The county shall establish sufficient capacity, including evening and weekend coverage, in its urgent care clinic and other outpatient clinics to provide for the same or greater level of urgent care and nonemergency visits that were provided in the county hospital emergency department in the calendar year prior to the surrendering of the emergency room permit.

CHAPTER 279

An act to add Sections 14105.98, 14105.99, 14163, and 14164 to the Welfare and Institutions Code, relating to health services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Federal medicaid rules, including paragraph (2) of subsection (a) of Section 1396a of Title 42 of the United States Code, and Section 433.33 of Title 42 of the Code of Federal Regulations, permit local government financial participation to serve as part of the nonfederal share of expenditures for services rendered to Medi-Cal beneficiaries. Under the federal regulations, local government financial participation may constitute as much as 60 percent of the nonfederal share of expenditures.

(b) Historically, counties have been required to provide local financial participation in support of the Medi-Cal program, although this requirement has not been in place during recent years. For the 1977–78 fiscal year, the last year that local government cash transfers to the state were required by statute, counties were required to transfer more than four hundred million dollars ($400,000,000) to the state in support of the Medi-Cal program. Reinstatement of local government funding support for the Medi-Cal program is desirable at this juncture to enhance funding for Medi-Cal services provided by hospitals that serve a disproportionate number of Medi-Cal and other low-income patients.

(c) While the enhancement of medicaid funding levels in some

other states has involved donation and taxation programs, and has become the subject of evaluation by federal agencies, funding by means of local government financial participation is a conventional and historic vehicle for financing state medicaid expenditures. Local government financial participation is currently used in about 15 state medicaid programs.

(d) Some counties are more able than others to provide financial support for the Medi-Cal program. Therefore, various counties should provide higher funding levels than others for the program.

(e) Other components of government, including the University of California and local hospital districts, are also permitted to provide funding support for the Medi-Cal program. Financial support from these governmental entities for the Medi-Cal program is also appropriate and desirable.

(f) Several federal medicaid statutory amendments over the past decade have encouraged and directed states to provide, as part of their state medicaid programs, special recognition and higher payment amounts to hospitals that provide services to a disproportionate number of medicaid and other low-income patients. These statutory provisions, including Section 2173(a)(1) of the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), Section 9433(a) of the Omnibus Budget Reconciliation Act of 1986 (P.L. 99-509), and Section 4112 of the Omnibus Budget Reconciliation Act of 1987 (P.L. 100-203), among others, were intended by Congress to assist those "safety net" hospitals, particularly public hospitals and teaching hospitals, that face significant financial distress due to changing economic circumstances in the health care industry. The concept of higher medicaid payments to disproportionate share hospitals is intended to assist economically endangered facilities in meeting their rising costs of uncompensated care relating to uninsured and underinsured patients. As part of this concept, there is no federal limit on the level or amount of payment adjustments which can be provided to disproportionate share hospitals by state medicaid programs.

(g) Recent changes in federal law continue to encourage the special recognition of disproportionate share hospitals, as defined by federal law. Amendments to the medicaid program adopted in the Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508) provide additional payment system flexibility for state medicaid programs, encourage additional recognition of hospitals which have increasingly higher "low-income utilization rate" percentages as calculated pursuant to Section 1396r-4 of Title 42 of the United States Code, and permit medicaid payment adjustments to differ based on various types of hospitals that have disproportionate share status.

(h) Chapter 981 of the Statutes of 1988 required the State Department of Health Services to develop a method for determining Medi-Cal disproportionate share hospital status and to adopt a payment adjustment program for these hospitals in accordance with specified federal law.

(i) It is the intent of the Legislature to provide for additional Medi-Cal payment adjustments for inpatient services rendered by disproportionate share hospitals, particularly those hospitals that have proportionately higher "low-income utilization rate" percentages, since many of these facilities are confronted by substantial economic distress. It is also the intent of the Legislature to utilize a portion of the local financial participation to fund other critical Medi-Cal health care expenditures. It is the further intent of the Legislature to obtain the full extent of federal financial participation permitted under federal law for expenditures under the Medi-Cal program.

SEC. 2. Section 14105.98 is added to the Welfare and Institutions Code, to read:

14105.98. (a) The following definitions shall apply for purposes of this section:

(1) "Disproportionate share list" means an annual list of disproportionate share hospitals that provide acute inpatient services issued by the department for purposes of this section.

(2) "Fund" means the Medi-Cal Inpatient Payment Adjustment Fund, created pursuant to Section 14163.

(4) "Hospital" means a health facility that is licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code to provide acute inpatient hospital services, and includes all components of the facility.

(5) "Payment adjustment" or "payment adjustment amount" means an amount paid under this section for acute inpatient hospital services provided by a disproportionate share hospital.

(6) "Payment adjustment year" means the particular state fiscal year with respect to which payments are to be made to eligible hospitals under this section.

(7) "Payment adjustment program" means the system of Medi-Cal payment adjustments for acute inpatient hospital services established by this section.

(8) "Annualized Medi-Cal inpatient paid days" means the total number of Medi-Cal acute inpatient hospital days, regardless of dates of service, for which payment was made by or on behalf of the department to a hospital, under present or previous ownership, during the most recent calendar year ending prior to the beginning of a particular payment adjustment year, including all Medi-Cal acute inpatient-covered days of care for hospitals which are paid on a different basis than per diem payments.

(9) "Low-income utilization rate" means a percentage rate determined by the department in accordance with the requirements of Section 1396r-4(b)(3) of Title 42 of the United States Code, and included on a disproportionate share list.

(10) "Low-income number" means a hospital's low-income

utilization rate rounded down to the nearest whole number, and included on a disproportionate share list.

(11) "1991 Peer Grouping Report" means the final report issued by the department dated May 1991, entitled "Hospital Peer Grouping."

(12) "Major teaching hospital" means a hospital that meets the definition of a university teaching hospital, major nonuniversity teaching hospital, or large teaching emphasis hospital as set forth on page 51 of the 1991 Peer Grouping Report.

(13) "Children's hospital" means a hospital that meets the definition of a children's hospital-state defined, as set forth on page 53 of the 1991 Peer Grouping Report, or which is listed in subdivision (a), or subdivisions (c) to (g), inclusive, of Section 16996.

(14) "Acute psychiatric hospital" means a hospital that meets the definition of an acute psychiatric hospital, a combination psychiatric/alcohol-drug rehabilitation hospital, or a psychiatric health facility, to the extent the facility is licensed to provide acute inpatient hospital service, as set forth on page 52 of the 1991 Peer Grouping Report.

(15) "Alcohol-drug rehabilitation hospital" means a hospital that meets the definition of an alcohol-drug rehabilitation hospital as set forth on page 52 of the 1991 Peer Grouping Report.

(16) "Emergency services hospital" means a hospital that is a licensed provider of basic emergency services as described in Sections 70411 to 70419, inclusive, of Title 22 of the California Code of Regulations, or that is a licensed provider of comprehensive emergency medical services as described in Sections 70451 to 70459, inclusive, of Title 22 of the California Code of Regulations.

(b) For each fiscal year commencing with 1991–92, there shall be Medi-Cal payment adjustment amounts paid to hospitals pursuant to this section. The amount of payments made and the eligible hospitals for each payment adjustment year shall be determined in accordance with the provisions of this section.

(c) For each fiscal year commencing with 1991–92, the department shall issue a disproportionate share list. The list shall be developed in accordance with subdivisions (e) and (f), and shall serve as a basis for payments under this section for the particular payment adjustment year. In developing the list, the department may, to the extent practicable, utilize applicable data which is consistent with analysis compiled or developed by the California Medical Assistance Commission.

(d) (1) Except as otherwise provided by this section, the payment adjustment amounts under this section shall be distributed as a supplement to, and concurrent with, payments on all billings for Medi-Cal acute inpatient hospital services that are paid through Medi-Cal claims payment systems on or after July 1, 1991. In connection with those billings, the department shall pay payment adjustment amounts in accordance with subdivision (g), (h), (i), or (j), as applicable, to any hospital qualifying under subdivision (e).

The nonfederal share of all payment adjustment amounts shall be funded by amounts from the fund. The department shall obtain federal matching funds for the payment adjustment program through customary Medi-Cal accounting procedures.

(2) As a limitation to paragraph (1), all payment adjustment amounts under this section, which are due with respect to billings paid through Medi-Cal claims payment systems on or after July 1, 1991, shall be suspended until the time federal approval is obtained for the payment adjustment program as part of the Medi-Cal program. At the time federal approval is obtained, the department shall proceed pursuant to subparagraphs (A) and (B) in connection with the suspended payment adjustment amounts.

(A) Except as provided by subdivision (*l*), or by any other subdivision of this section, any payment adjustment amounts which were suspended shall, within 60 days, be paid for all those billings paid through Medi-Cal claims payment systems during periods of time, on or after July 1, 1991, for which federal approval is effective for the payment adjustment program.

(B) Payment adjustment amounts shall not be paid in connection with any Medi-Cal billings which were paid through Medi-Cal claims payment systems during any period of time for which federal approval is not effective for the payment adjustment program.

(e) To qualify for payment adjustment amounts under this section, a hospital shall have been included on the disproportionate share list for the particular payment adjustment year. The list shall consist of those hospitals which satisfy both of the following requirements:

(1) The hospital shall meet the federal requirements for disproportionate share status set forth in subsection (d) of Section 1396r-4 of Title 42 of the United States Code.

(2) Either of the following shall apply:

(A) The hospital's medicaid inpatient utilization rate, as defined in Section 1396r-4(b)(2) of Title 42 of the United States Code, shall be at least one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving medicaid payments in the state.

(B) The hospital's low-income utilization rate shall exceed 25 percent.

(f) (1) For the 1991–92 payment adjustment year, a disproportionate share list shall be issued by the department no later than 60 days after the enactment of this section. For subsequent payment adjustment years, a tentative listing shall be prepared by the department at least 60 days before the beginning of the particular payment adjustment year, and a disproportionate share list shall be issued no later than five days after the beginning of the particular payment adjustment year. All state agencies shall take all necessary steps to supply the most recent data available to the department to meet these deadlines. The Office of Statewide Health Planning and Development shall provide to the department, no later

than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 of the Health and Safety Code, for hospital fiscal years which ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(2) The disproportionate share list shall show all of the following:

(A) The name of the hospital.

(B) Based on the most recent annual data available, and expressed as a percentage, the hospital's Medi-Cal utilization rate and low-income utilization rate as referred to in paragraph (2) of subdivision (e). The department shall determine these rates in accordance with paragraph (4).

(C) Based on the hospital's low-income utilization rate, the hospital's low-income number.

(3) The department shall determine a hospital's satisfaction of paragraph (1) of subdivision (e) based on the most recent information available at the time the particular list is issued, whether the information relates to operations under present or previous ownership.

(4) To determine a hospital's Medi-Cal inpatient utilization rate and low-income utilization rate for purposes of disproportionate share lists, the department shall utilize the same methodology, formulae, and data sources as set forth in connection with interim determinations in Attachment 4.19-A of the Medi-Cal State Plan (effective on or about July 1, 1990), except that the following shall apply:

(A) The calculations shall not be interim, but shall be final for purposes of this section.

(B) To the extent permitted by federal law, the payment adjustment amounts provided to hospitals pursuant to this section shall not be included for any purpose in the calculations and determinations made pursuant to this section.

(C) Any other variation otherwise required by this section or by federal law.

(D) The data utilized by the department shall relate to the

hospital under present and previous ownership. When there has been a change of ownership, a change in the location of the main hospital facility, or a material change in patient admission patterns during the twenty-four months immediately prior to the payment adjustment year, and the change has resulted in a diminution of access for Medi-Cal inpatients at the hospital as determined by the department, the department shall, to the extent permitted by federal law, utilize current data that are reflective of the diminution of access, even if the data are not annual data.

(5) For purposes of payment adjustment amounts under this section, each disproportionate share list shall be considered complete when issued by the department pursuant to paragraph (1) of subdivision (f). Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason, other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(g) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is a major teaching hospital, the hospital shall be paid the sum of all of the following amounts, except as limited by subdivisions (d), (j), (*l*), (p), and (q):

(1) A minimum payment adjustment of three hundred dollars ($300).

(2) The sum of the following amounts, if that sum is a positive number, minus three hundred dollars ($300):

(A) A ninety dollar ($90) payment adjustment for each percentage point, from 25 percent to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A seventy dollar ($70) payment adjustment for each percentage point, from 30 percent to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A fifty dollar ($50) payment adjustment for each percentage point, from 35 percent to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A thirty dollar ($30) payment adjustment for each percentage point, from 45 percent to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A ten dollar ($10) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it shall be disregarded for payment purposes.

(h) For each Medi-Cal day of acute inpatient hospital service paid

by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is a children's hospital, the hospital shall be paid the sum of four hundred fifty dollars ($450), except as limited by subdivisions (d), (j), (*l*), (p), and (q).

(i) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is an acute psychiatric hospital or an alcohol-drug rehabilitation hospital, the hospital shall be paid the sum of all of the following amounts, except as limited by subdivisions (d), (j), (*l*), (p), and (q):

(1) A minimum payment adjustment of fifty dollars ($50).

(2) The sum of the following amounts, if that sum is a positive number, minus fifty dollars ($50):

(A) A ten dollar ($10) payment adjustment for each percentage point, from 25 to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A seven dollar ($7) payment adjustment for each percentage point, from 30 to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A five dollar ($5) payment adjustment for each percentage point, from 35 to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A two dollar ($2) payment adjustment for each percentage point, from 45 to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A one dollar ($1) payment adjustment for each percentage point, from 65 to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it shall be disregarded for payment purposes.

(j) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital does not meet the criteria for receiving payments under subdivision (g), (h), or (i) above, the hospital shall be paid the sum of all of the following amounts, except as limited by subdivisions (d), (j), (*l*), (p), and (q):

(1) A minimum payment adjustment of one hundred dollars ($100).

(2) If the hospital is an emergency services hospital at the time the payment adjustment is paid, a two hundred dollar ($200) payment adjustment.

(3) The sum of the following amounts if the sum is a positive number, minus one hundred dollars ($100), and minus an additional two hundred dollars ($200) if the hospital is an emergency services

hospital at the time the payment adjustment is paid:

(A) A forty dollar ($40) payment adjustment for each percentage point, from 25 percent to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A thirty-five dollar ($35) payment adjustment for each percentage point, from 30 percent to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A thirty dollar ($30) payment adjustment for each percentage point, from 35 percent to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A twenty dollar ($20) payment adjustment for each percentage point, from 45 percent to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A fifteen dollar ($15) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(4) If the sum calculated under paragraph (3) is less than zero, it shall be disregarded for payment purposes.

(k) (1) For any particular payment adjustment year, no hospital may qualify for payments under more than one subdivision among subdivisions (g), (h), (i), and (j). If any hospital qualifies under more than one subdivision, the department shall determine which subdivision shall apply for payments.

(2) For each payment adjustment year beginning with 1992–93, the total applicable per diem payment adjustment amount calculated for each eligible hospital pursuant to subdivision (g), (h), (i), or (j) shall be adjusted by a percentage identical to the percentage increase in transfer amounts that the department has authorized for use pursuant to paragraph (1) of subdivision (h) of Section 14163 for the particular fiscal year.

(3) If an eligible hospital ordinarily is paid by or on behalf of the department for Medi-Cal acute inpatient hospital services based on a payment methodology other than per diem payments, the eligible hospital shall receive payment adjustment amounts under this section based on its approved Medi-Cal days of acute inpatient hospital care, in the same fashion as all other eligible hospitals under this section.

(*l*) (1) In determining Medi-Cal days of service for purposes of payment adjustments under this section, the department shall recognize all acute inpatient hospital days of service required to be taken into account under federal law.

(2) Notwithstanding paragraph (1), there shall be, for each eligible hospital, a maximum limit on the number of Medi-Cal acute inpatient hospital days for which payment adjustment amounts may be paid under this section with respect to each payment adjustment

year. The maximum limit shall be that number of days that equals 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days, as determined from all Medi-Cal paid claims records available through April 1 preceding the beginning of the payment adjustment year.

(m) No payment rate for any service rendered by any hospital under the Medi-Cal selective provider contracting program shall be reduced as a result of this section.

(n) Notwithstanding any other provision of law, to the extent consistent with Section 1396a(h) of Title 42 of the United States Code, and except as provided by this section, no maximum payment limit shall be placed on the amount of Medi-Cal payment adjustments which may be made to disproportionate share hospitals. The payments made to disproportionate share hospitals pursuant to this section and Section 14105.99 shall not cause any other amounts paid or payable to a hospital to be deemed in excess of any applicable maximum payment limit.

(o) The department shall promptly seek any necessary federal approvals in order to implement this section. Pursuant to Section 1396r-4 of Title 42 of the United States Code, and related federal medicaid statutes and regulations, payment adjustment systems for inpatient hospital services rendered by disproportionate share hospitals shall be included in a state's medicaid plan. Therefore, the department shall, prior to the end of the calendar quarter during which this section is enacted, submit for federal approval an amendment to the Medi-Cal State Plan in connection with the payment adjustment program.

(p) If, for any payment adjustment year, the amounts in the fund, when matched by federal funds pursuant to customary Medi-Cal accounting procedures, are insufficient to pay some or all of the payment adjustment amounts otherwise due under this section, payment adjustment amounts shall be reduced in accordance with the following paragraphs to resolve the insufficiency.

(1) All payment adjustment amounts for the entire payment adjustment year, except those referred to in paragraph (3) of subdivision (*l*), shall be reduced by an identical percentage, not to exceed 2 percent of the total payment adjustment amounts which otherwise would have been paid for the entire payment adjustment year.

(2) If the payment reductions authorized by paragraph (1) do not resolve the insufficiency for the payment adjustment year, then, to the extent permitted by federal law, the following shall apply:

(A) The payment adjustment amounts, as reduced by paragraph 1, shall remain in effect for each eligible hospital whose licensee is a public entity, as defined in Section 14163.

(B) The payment adjustment amounts, as reduced by paragraph (1), for all other eligible hospitals shall be further reduced by that additional identical percentage necessary to resolve the insufficiency.

(3) If the steps set forth in paragraph (2) are not permissible under federal law, or are not adequate to resolve the insufficiency, the payments to all eligible hospitals for the entire payment adjustment year shall be reduced, or further reduced, by that additional identical percentage necessary to resolve the insufficiency.

(q) (1) If it is necessary to apply the provisions of paragraph (3) of subdivision (p) at any time, the department shall, as soon as practicable, evaluate why the insufficiency arose and identify the projected occurrence and duration of any future insufficiencies.

(2) If the department determines as a result of the evaluations under paragraph (1) that (A) implementation of paragraph (3) of subdivision (p) will likely be necessary to resolve additional insufficiencies for the current payment adjustment year or the next payment adjustment year; and (B) that the level of federal financial participation realized by the payment adjustment program, for the current payment adjustment year as a whole, will be less than 25 percent of the percentage of federal financial participation that normally is applicable for Medi-Cal expenditures for acute inpatient hospital services, and that the level of federal financial participation for the payment adjustment program is expected to continue to remain below that 25 percent level for the next payment adjustment year as a whole, the department shall, as soon as practicable, implement paragraphs (3) and (4).

(3) If the department determines that the circumstances described in paragraph (2) are present, the payment adjustment program shall be terminated, effective as of the earliest date permissible under federal law. In that event, all installment payments to the fund which are already due pursuant to Section 14163 at the time of the department's determination shall remain due, and shall be collected by the Controller. However, installment payments which are not yet due at that time shall not become due.

(4) Within 90 days after the termination of the payment adjustment program, as referred to in paragraph (3), or as soon as practicable, the department shall determine whether any amounts remain in the fund which are not needed to pay prior payment adjustment amounts under this section. If remaining amounts exist in the fund, they shall be refunded to transferor entities on a pro rata basis, within 45 days after the date of the department's determination.

(r) The state shall be held harmless from any federal disallowance resulting from payments made under this section, and from payments made to hospitals based on transfers accepted by the department under Section 14164. Any hospital that has received payments under this section, or based on transfers accepted by the department under Section 14164 shall be liable for any audit exception or federal disallowance only with respect to the payments made to that hospital. The department shall recoup from a hospital the amount of any audit exception or federal disallowance in the

manner authorized by applicable laws and regulations.

(s) The department may utilize existing administrative appeal procedures for purposes of any appealable matter that arises under the payment adjustment program. The matters that may be appealed shall be limited to those related to paragraph (4) of subdivision (f) of Section 14105.98.

SEC. 3. Section 14105.99 is added to the Welfare and Institutions Code, to read:

14105.99. (a) For purposes of this section, "Attachment 4.19-A" means the Medi-Cal payment adjustment system for acute inpatient hospital services set forth in Attachment 4.19-A of the Medi-Cal State Plan which became effective on or about July 1, 1990.

(b) (1) It is the intent of the Legislature that the annual appropriation for, and distribution of, payments pursuant to Attachment 4.19-A shall be reduced as a result of the payment adjustment program set forth in Section 14105.98, but only when federal approval is gained for that payment adjustment program.

(2) When the payment adjustment program set forth in Section 14105.98 gains federal approval, Attachment 4.19-A shall become inoperative and any appropriated amount for Attachment 4.19-A that is unexpended shall revert to the Health Care Deposit Fund for use in support of the Medi-Cal program.

SEC. 4. Section 14163 is added to the Welfare and Institutions Code, to read:

14163. (a) For purposes of this section, the following definitions shall apply:

(1) "Public entity" means a county, a city, a city and county, the University of California, a local hospital district, a local health authority, or any other political subdivision of the state.

(2) "Hospital" means a health facility that is licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code to provide acute inpatient hospital services, and includes all components of the facility.

(3) "Disproportionate share hospital" means a hospital providing acute inpatient services to Medi-Cal beneficiaries that meets the criteria for disproportionate share status relating to acute inpatient services as adopted by the department for purposes of 42 U.S.C. Sec. 1396r-4 and as set forth in Section 14105.98.

(4) "Disproportionate share list" means the annual list of disproportionate share hospitals for acute inpatient services issued by the department pursuant to Section 14105.98.

(5) "Fund" means the Medi-Cal Inpatient Payment Adjustment Fund.

(6) "Eligible hospital" means, for a particular state fiscal year, a hospital on the disproportionate share list that is eligible to receive payment adjustment amounts under Section 14105.98 during that state fiscal year.

(7) "Transfer year" means the particular state fiscal year during which public entities are required by this section to make an

intergovernmental transfer of funds to the Controller.

(8) "Transferor entity" means a public entity that, for a particular transfer year, is required by this section to make an intergovernmental transfer of funds to the Controller.

(9) "Transfer amount" means the amount of the intergovernmental transfer of funds that this section requires for a particular transferor entity for a particular transfer year.

(10) "Intergovernmental transfer" means a transfer of funds from a public entity to the state, that is local government financial participation in Medi-Cal pursuant to the terms of this section.

(11) "Licensee" means an entity that has been issued a license to operate a hospital by the department.

(12) "Annualized Medi-Cal inpatient paid days" means the total number of Medi-Cal acute inpatient hospital days, regardless of dates of service, for which payment was made by or on behalf of the department to a hospital, under present or previous ownership, during the most recent calendar year ending prior to the beginning of a particular transfer year, including all Medi-Cal acute inpatient covered days of care for hospitals which are paid on a different basis than per diem payments.

(b) The Medi-Cal Inpatient Payment Adjustment Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in subdivision (d). The fund shall consist of the following:

(1) Transfer amounts collected by the Controller under this section, whether submitted by transferor entities pursuant to subdivision (i) or obtained by offset pursuant to subdivision (j).

(2) Any other intergovernmental transfers deposited in the fund, as permitted by Section 14164.

(3) Any interest that accrues with respect to amounts in the fund.

(c) Moneys in the fund, which shall not consist of any state general funds, shall be used as the source for the nonfederal share of payments to hospitals pursuant to Section 14105.98. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures, and used to make payments pursuant to Section 14105.98.

(d) Except as otherwise provided in Section 14105.98 or in any provision of law appropriating a specified sum of money to the department for administering this section and Section 14105.98, moneys in the fund shall be used only for the following:

(1) Payments to hospitals pursuant to Section 14105.98.

(2) Transfers to the Health Care Deposit Fund in an amount equal to 8.608 percent of all transfer amounts deposited in the fund, the amount to be determined on a fiscal year basis. These transfers from the fund shall be made on a monthly basis to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual

Budget Act) in support of Medi-Cal expenditures. The amount of these transfers to the Health Care Deposit Fund shall be reduced in the same fashion, and by identical reduction percentages as any reduction of payment adjustment which arises under paragraphs (1) and (3) of subdivision (p) of Section 14105.98.

(e) For the 1991–92 state fiscal year, the department shall determine, no later than 65 days after the enactment of this section, the transferor entities for the 1991–92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991–92 fiscal year, which shall be issued by the department no later than 60 days after the enactment of this section, pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for which a public entity is the licensee as of July 1, 1991. The public entity that is the licensee of each identified eligible hospital shall be a transferor entity for the 1991–92 transfer year.

(f) The department shall determine, no later than 65 days after the enactment of this section, the transfer amounts for the 1991–92 transfer year. The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991–92 shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.827, yielding a transfer amount for the particular transferor entity for the transfer year, except as provided by paragraph (5).

(5) For any transfer year during which federal approval for the payment adjustment program set forth in Section 14105.98 is not effective for any part of the transfer year, the transfer amount

calculated pursuant to paragraph (4) shall be reduced by a percentage that equals the number of days of the transfer year for which federal approval is not effective divided by the total number of days in that transfer year. This reduction shall be spread equally among the monthly installments referred to in subdivision (i).

(g) For the 1991–92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts no later than 65 days after the enactment of this section, which amount or amounts shall be subject to adjustment pursuant to subdivisions (f) and (i).

(h) For the 1992–93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year, which shall be issued no later than five days after the beginning of the transfer year, to determine the eligible hospitals.

(B) The total per diem payment adjustment amounts calculated under Section 14105.98 for the particular transfer year.

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

Further, the transfer amounts calculated by the department may be increased by a percentage amount consistent with the Medi-Cal State Plan.

(2) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts, at least 60 days before the beginning of the particular transfer year. Written notices of transfer amounts shall be issued no later than five days after the beginning of the particular transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to meet these deadlines. The Office of Statewide Health Planning and Development shall provide to the department, no later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 of the Health and Safety Code, for hospital fiscal years which ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 of the

Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in equal monthly installments. Except as provided below, the first installment shall accrue on July 25, 1991, and all other installments shall accrue on the 5th day of the month.

(2) Notwithstanding paragraph (1), no installment shall be payable to the Controller until that date which is 20 days after the department notifies the transferor entity in writing that the payment adjustment program set forth in Section 14105.98 has gained federal approval as part of the Medi-Cal program.

(3) If any installment that would otherwise be payable under paragraph (1) is not paid because of the provisions of paragraph (2), then subparagraphs (A) and (B) shall be followed when federal approval is gained.

(A) All installments that were deferred based on the provisions of paragraph (2) shall be paid no later than 20 days after the department notifies the transferor entity in writing that federal approval has been gained, in an amount consistent with subparagraph (B).

(B) The installments paid pursuant to subparagraph (A) shall be paid in full, subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(4) All installments for the 1991–92 transfer year that arise in months after federal approval is gained shall be paid by the 5th day of the month or 20 days after the department notifies the transferor entity in writing that federal approval has been gained, whichever is later. These installments shall be subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(5) For the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in equal monthly installments. (j) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(k) All amounts received by the Controller pursuant to subdivision (i), or offset by the Controller pursuant to subdivision (j), shall immediately be deposited in the fund.

(*l*) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) No amount submitted to the Controller pursuant to subdivision (i), or offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

SEC. 5. Section 14164 is added to the Welfare and Institutions Code, to read:

The sum of seven hundred fifty thousand dollars ($750,000), to be matched by federal medicaid funds, is hereby appropriated to the State Department of Health Services from the Medi-Cal Inpatient Payment Adjustment Fund created by Section 14163 of the Welfare and Institutions Code for the 1991–92 fiscal year for the administrative costs incurred by the department in implementing Sections 14105.98 and 14163 of the Welfare and Institutions Code. It is the intent of the Legislature to provide funding for subsequent fiscal year administrative costs from the Medi-Cal Inpatient Payment Adjustment Fund in the applicable Budget Act, to be matched by federal medicaid funds.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are additional revenues as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 284

An act to amend Sections 199.70 and 199.71 of the Health and Safety Code, relating to acquired immune deficiency syndrome.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The incidence of adult and pediatric acquired immune deficiency syndrome (AIDS) cases and infection with the human immunodeficiency virus (HIV) is increasing rapidly among many of California's women and children.

(b) Dissemination of information to health care providers and other agencies which come into contact with special populations, particularly women and children, who are at risk of HIV infection is critical to efforts to properly identify and treat HIV infection.

(c) AIDS service agencies have a need for information about the new manner in which HIV is manifesting itself among women and children.

(d) The availability of quality screening and treatment services by providers who are knowledgeable of the latest information is critical for both treating the diseases manifested by HIV infection and to assure that infected individuals are aware of their infection and properly educated about transmission of HIV to others.

SEC. 2. Section 199.70 of the Health and Safety Code is amended to read:

199.70. The intent of the Legislature in enacting this chapter is as follows:

(a) To fund specified pilot AIDS education programs.

(b) To fund pilot projects to demonstrate the value of noninstitutional health care services such as hospice, home health, and attendant care in controlling costs and providing humane care to people with AIDS and AIDS-related conditions.

(c) To fund clinical research.

(d) To fund the development of an AIDS Mental Health Project.

(e) To fund specified needs assessments, studies, and program evaluations.

(f) To authorize the use of funds appropriated by Section 6 of Chapter 23 of the Statutes of 1985 for preventive education for individuals who are seropositive as a result of antibody testing.

(g) To promote broad-based support for AIDS programs by encouraging community level networking and coordination of efforts among private sector, nonprofit, and public service agencies as well as health care professionals and providers of essential services.

(h) To promote an aggressive community-based HIV infection prevention program in all communities and areas where behaviors and prevalence indicate high risk of HIV infection, and to encourage local programs to involve racial and ethnic minorities in a leading role to plan the development, implementation, and evaluation of preventive education, HIV testing, delivery of care, and research activities that are necessary to the formation of a comprehensive, community-based, culturally sensitive HIV infection prevention strategy.

(i) To promote education of health care practitioners concerning new clinical manifestations of HIV, particularly among women and children.

SEC. 3. Section 199.71 of the Health and Safety Code is amended to read:

199.71. (a) The State Department of Health Services shall:

(1) Additionally, use funds appropriated by Section 6 of Chapter 23 of the Statutes of 1985 for purposes of making reimbursements to

counties pursuant to Section 1632, for preventive education for individuals who are seropositive as a result of antibody testing.

(2) Issue contracts to evaluate the effectiveness of the AIDS information and education program conducted by the state department.

(3) Issue contracts for development and implementation of pilot programs of professional education and training for hospital, home health agency, and attendant care workers.

(4) Issue contracts for the development and implementation of pilot programs to reduce the spread of AIDS through residential detoxification and outpatient detoxification and treatment services for intravenous drug users with AIDS or AIDS-related conditions.

(5) Monitor state and federal AIDS-related budget and policy development, and coordinate budget items to ensure that funding for matters related to AIDS is adequate and complete within the state department each fiscal year.

(6) Develop and maintain an information clearinghouse within the state department including periodic updates or releases to inform health professionals or community organizations providing services to people with AIDS or AIDS-related conditions of the status of current or new clinical drug trials. These updates shall be compiled through review of scientific journals and in conjunction with the UC AIDS Task Force and researchers conducting clinical drug trials in California.

(7) Review, edit, and input summaries from scientific journals into the Computerized AIDS Information Network (CAIN), and do outreach about CAIN availability to health professionals.

(8) Develop and conduct a needs assessment of the availability of supportive services for people with AIDS or AIDS-related conditions. The needs assessment shall be conducted in conjunction with the state's AIDS education contractors and with any public or private agencies providing services to people with AIDS or AIDS-related conditions.

(9) Promote information and education programs for the general public to correct misinformation about AIDS. This shall include, but need not be limited to, periodic press releases to the printed and broadcast media and public service announcements.

(10) Prepare a report to the Legislature on the feasibility of coordinating various levels of health care, including health facility licensure categories within one program in a city and county which would serve persons with HIV infections, AIDS-related complex, and AIDS. The levels of health care to be covered in the report include, but are not limited to, general acute care hospital, acute psychiatric hospital, skilled nursing facility, hospice, intermediate care facility, residential care facility, adult day health care facility, and congregate living health facility. The report shall be developed in cooperation with the Office of Statewide Health Planning and Development, and shall be submitted to the Legislature before July 1, 1990. The State Director of Health Services may contract for services necessary for

completion of the report that cannot be provided through existing resources of the state department.

(11) Establish, with the assistance of other state agencies as the state department deems appropriate, centralized translation services to facilitate development of multilanguage, culturally relevant educational materials on HIV infection.

(12) Include, to the extent feasible, in its HIV surveillance and reporting practices, a breakdown of the major Asian-Pacific Islander subgroup populations. This breakdown shall be reflected in the surveillance and morbidity statistics issued by the director pursuant to Section 199.73.

(13) Include, to the extent feasible with existing resources, in its HIV surveillance and reporting practices, information concerning newly identified clinical manifestations of HIV infection and available resources for health care practitioners to seek diagnostic and treatment information.

(b) The State Director of Health Services shall contract for a prospective two-year study to accomplish the following objectives:

(1) Determine the medical costs of AIDS, comparing inpatient care, outpatient care, physician services, and community support services.

(2) The study shall include cost factors in the review of inpatient costs which may not be apparent in the analysis of charges, such as private rooms and social work.

The study shall include an interim report to the Legislature six months after receipt of funding and a final report to the Legislature within two years of receipt of funding so that the state can be in a knowledgeable position to plan for and provide the services and funding needed to meet this public health crisis.

(c) Notwithstanding Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, if the State Director of Health Services determines that it is in the best interest of the state to enter into a contract for the purposes specified below without competitive bids, then the state director may, during the 1985–86 fiscal year, enter into a sole source contract for all of the following:

(1) Educational program evaluation.

(2) Education of hospital, home health agency, and attendant care workers.

(3) Drug education and treatment programs.

(4) The cost-of-care study.

(d) Notwithstanding Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, if the State Director of Health Services determines that it is in the best interest of the state to enter into a contract for the purposes of the preparation of the feasibility report required by paragraph (10) of subdivision (a) without competitive bids, then the state director may enter into a sole source contract for the preparation of the feasibility report. The contract for the feasibility report shall be exempt from

the requirement of approval by the Department of General Services and the Department of Finance.

SEC. 4. It is the intent of the Legislature that the State Department of Health Services implement the provisions of this act with existing funds.

[Approved by Governor July 29, 1991. Filed with Secretary of State July 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 21174 of the Public Resources Code is amended to read:

21174. No provision of this division is a limitation or restriction on the power or authority of any public agency in the enforcement or administration of any provision of law which it is specifically permitted or required to enforce or administer, including, but not limited to, the powers and authority granted to the California Coastal Commission pursuant to Division 20 (commencing with Section 30000). To the extent of any inconsistency or conflict between the provisions of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000)) and the provisions of this division, the provisions of Division 20 (commencing with Section 30000) shall control.

SEC. 2. Section 30010 of the Public Resources Code is amended to read:

30010. The Legislature hereby finds and declares that this division is not intended, and shall not be construed as authorizing the commission, port governing body, or local government acting pursuant to this division to exercise their power to grant or deny a permit in a manner which will take or damage private property for public use, without the payment of just compensation therefor. This section is not intended to increase or decrease the rights of any owner of property under the Constitution of the State of California or the United States.

SEC. 3. Section 30213 of the Public Resources Code is amended to read:

30213. Lower cost visitor and recreational facilities shall be

SEC. 3.5. Section 30214 of the Public Resources Code is amended to read:

(1) Topographic and geologic site characteristics.

(2) The capacity of the site to sustain use and at what level of intensity.

(3) The appropriateness of limiting public access to the right to pass and repass depending on such factors as the fragility of the natural resources in the area and the proximity of the access area to adjacent residential uses.

(4) The need to provide for the management of access areas so as to protect the privacy of adjacent property owners and to protect the aesthetic values of the area by providing for the collection of litter.

(b) It is the intent of the Legislature that the public access policies of this article be carried out in a reasonable manner that considers the equities and that balances the rights of the individual property owner with the public's constitutional right of access pursuant to Section 4 of Article X of the California Constitution. Nothing in this section or any amendment thereto shall be construed as a limitation on the rights guaranteed to the public under Section 4 of Article X of the California Constitution.

(c) In carrying out the public access policies of this article, the commission and any other responsible public agency shall consider and encourage the utilization of innovative access management techniques, including, but not limited to, agreements with private organizations which would minimize management costs and encourage the use of volunteer programs.

SEC. 4. Section 30240 of the Public Resources Code is amended to read:

(b) Within 30 days after receiving the names of the nominees pursuant to subdivision (a), the Governor, the Speaker of the Assembly, or the Senate Committee on Rules, whoever will appoint the replacement, shall either appoint one of the nominees or notify the boards of supervisors and city selection committees within the region that none of the nominees are acceptable and request the boards of supervisors and city selection committees to make additional nominees. In addition, members or alternates of the commission shall receive twelve dollars and fifty cents ($12.50) for each hour actually spent in preparation for a commission meeting; provided, however, that for each meeting no more than eight hours of preparation time shall be compensated as provided herein.

An alternate shall be entitled to payment and reimbursement for the necessary expenses incurred in participating in commission meetings; provided, however, that only the member or his or her alternate shall receive that payment and reimbursement, and if both the member and alternate prepare for, attend, and participate in any portion of a commission meeting, only the alternate shall be entitled to that payment and reimbursement.

For the purposes of this section, "full day of attending a meeting" means presence at, and participation in, not less than 60 percent of the total meeting time of the commission during any particular 24-hour period.

The commission shall, within 60 days thereafter, implement any such revisions it determines to be appropriate, including, but not limited to, a simplified application form for development pursuant to which a permit could be issued pursuant to Section 30624 and procedures that allow reasonable rebuttal time prior to the final vote for both applicants and appellants, if either so requests, in permit matters where new factual material is brought up and where equity would not be served unless such person is provided that rebuttal opportunity.

(b) After the initial review required by this section has been completed, the commission shall thereafter periodically conduct similar reviews so that its regulations and procedures may continue to be as simple and expeditious as practicable.

Any building standard adopted in violation of this section shall have no force or effect. Any building standard adopted before January 1, 1980, pursuant to this code and not expressly excepted by statute from those provisions of the State Building Standards Law shall remain in effect only until January 1, 1985, or until adopted, amended, or superseded by provisions published in the State Building Standards Code, whichever occurs sooner. SEC. 19. Section 30336 of the Public Resources Code is amended to read:

30336. The commission shall, to the maximum extent feasible, assist local governments in exercising the planning and regulatory powers and responsibilities provided for by this division where the local government elects to exercise those powers and responsibilities and requests assistance from the commission, and shall cooperate with and assist other public agencies in carrying out this division. Similarly, every public agency, including regional and state agencies and local governments, shall cooperate with the commission and shall, to the extent their resources permit, provide any advice, assistance, or information the commission may require to perform its duties and to more effectively exercise its authority.

30341. The commission may prepare and adopt any additional plans and maps and undertake any studies it determines to be necessary and appropriate to better accomplish the purposes, goals, and policies of this division; provided, however, that the plans and maps shall only be adopted after public hearing.

SEC. 23. Section 30401 of the Public Resources Code is amended to read:

30401. Except as otherwise specifically provided in this division, enactment of this division does not increase, decrease, duplicate or supersede the authority of any existing state agency.

This chapter shall not be construed to limit in any way the regulatory controls over development pursuant to Chapters 7 (commencing with Section 30600) and 8 (commencing with Section 30700), except that the commission shall not set standards or adopt regulations that duplicate regulatory controls established by any existing state agency pursuant to specific statutory requirements or authorization.

SEC. 24. Section 30411 of the Public Resources Code is amended to read:

30411. (a) The Department of Fish and Game and the Fish and Game Commission are the principal state agencies responsible for the establishment and control of wildlife and fishery management programs and the commission shall not establish or impose any controls with respect thereto that duplicate or exceed regulatory controls established by these agencies pursuant to specific statutory requirements or authorization.

(b) The Department of Fish and Game, in consultation with the commission and the Department of Boating and Waterways, may study degraded wetlands and identify those which can most feasibly be restored in conjunction with development of a boating facility as provided in subdivision (a) of Section 30233. Any such study shall include consideration of all of the following:

(1) Whether the wetland is so severely degraded and its natural processes so substantially impaired that it is not capable of recovering and maintaining a high level of biological productivity without major restoration activities.

(2) Whether a substantial portion of the degraded wetland, but in no event less than 75 percent, can be restored and maintained as a highly productive wetland in conjunction with a boating facilities project.

(3) Whether restoration of the wetland's natural values, including its biological productivity and wildlife habitat features, can most feasibly be achieved and maintained in conjunction with a boating facility or whether there are other feasible ways to achieve such values.

(c) The Legislature finds and declares that salt water or brackish water aquaculture is a coastal-dependent use which should be encouraged to augment food supplies and to further the policies set

forth in Chapter 4 (commencing with Section 825) of Division 1. The Department of Fish and Game may identify coastal sites it determines to be appropriate for aquaculture facilities. If the department identifies these sites, it shall transmit information identifying the sites to the commission and the relevant local government agency. The commission, and where appropriate, local governments shall, consistent with the coastal planning requirements of this division, provide for as many coastal sites identified by the Department of Fish and Game for any uses that are consistent with the policies of Chapter 3 (commencing with Section 30200) of this division.

(d) Any agency of the state owning or managing land in the coastal zone for public purposes shall be an active participant in the selection of suitable sites for aquaculture facilities and shall make the land available for use in aquaculture when feasible and consistent with other policies of this division and other provision of law.

SEC. 25. Section 30412 of the Public Resources Code is amended to read:

30412. (a) In addition to Section 13142.5 of the Water Code, this section shall apply to the commission and the State Water Resources Control Board and the California regional water quality control boards.

(b) The State Water Resources Control Board and the California regional water quality control boards are the state agencies with primary responsibility for the coordination and control of water quality. The State Water Resources Control Board has primary responsibility for the administration of water rights pursuant to applicable law. The commission shall assure that proposed development and local coastal programs shall not frustrate this section. The commission shall not, except as provided in subdivision (c), modify, adopt conditions, or take any action in conflict with any determination by the State Water Resources Control Board or any California regional water quality control board in matters relating to water quality or the administration of water rights.

Except as provided in this section, nothing herein shall be interpreted in any way either as prohibiting or limiting the commission, local government, or port governing body from exercising the regulatory controls over development pursuant to this division in a manner necessary to carry out this division.

(c) Any development within the coastal zone or outside the coastal zone which provides service to any area within the coastal zone that constitutes a treatment work shall be reviewed by the commission and any permit it issues, if any, shall be determinative only with respect to the following aspects of the development:

(1) The siting and visual appearance of treatment works within the coastal zone.

(2) The geographic limits of service areas within the coastal zone which are to be served by particular treatment works and the timing of the use of capacity of treatment works for those service areas to

allow for phasing of development and use of facilities consistent with this division.

(3) Development projections which determine the sizing of treatment works for providing service within the coastal zone.

The commission shall make these determinations in accordance with the policies of this division and shall make its final determination on a permit application for a treatment work prior to the final approval by the State Water Resources Control Board for the funding of such treatment works. Except as specifically provided in this subdivision, the decisions of the State Water Resources Control Board relative to the construction of treatment works shall be final and binding upon the commission.

(d) The commission shall provide or require reservations of sites for the construction of treatment works and points of discharge within the coastal zone adequate for the protection of coastal resources consistent with the provisions of this division.

(e) Nothing in this section shall require the State Water Resources Control Board to fund or certify for funding, any specific treatment works within the coastal zone or to prohibit the State Water Resources Control Board or any California regional water quality control board from requiring a higher degree of treatment at any existing treatment works.

30418. (a) Pursuant to Division 3 (commencing with Section 3000), the Division of Oil and Gas of the Department of Conservation is the principal state agency responsible for regulating the drilling, operation, maintenance, and abandonment of all oil, gas, and geothermal wells in the state. Neither the commission, local government, port governing body, or special district shall establish or impose such regulatory controls that duplicate or exceed controls established by the Division of Oil and Gas pursuant to specific statutory requirements or authorization.

This section shall not be construed to limit in any way, except as specifically provided, the regulatory controls over oil and gas development pursuant to Chapters 7 (commencing with Section 30600) and 8 (commencing with Section 30700).

(b) The Division of Oil and Gas of the Department of Conservation shall cooperate with the commission by providing necessary data and technical expertise regarding proposed well operations within the coastal zone.

SEC. 27. Section 30510 of the Public Resources Code is amended to read:

30510. Consistent with this chapter, a proposed local coastal program may be submitted to the commission, if both of the following are met:

(a) It is submitted pursuant to a resolution adopted by the local government, after public hearing, that certifies the local coastal program is intended to be carried out in a manner fully in conformity

with this division.

(b) It contains, in accordance with guidelines established by the commission, materials sufficient for a thorough and complete review.

SEC. 28. Section 30511 of the Public Resources Code is amended to read:

30511. Local coastal programs shall be submitted in accordance with the schedule established pursuant to Section 30517.5. At the option of the local government, this program may be submitted and processed in any of the following ways:

(a) At one time, in which event Section 30512 with respect to time limits, resubmission, approval, and certification shall apply. However, the zoning ordinances, zoning district maps, and, if required, other implementing actions included in the local coastal program shall be approved and certified pursuant to the standards of Section 30513.

(b) In two phases, in which event the land use plans shall be processed first pursuant to Section 30512, and the zoning ordinances, zoning district maps, and, if required, other implementing actions, shall be processed thereafter pursuant to Section 30513.

(c) In separate geographic units consisting of less than the local government's jurisdiction lying within the coastal zone, each submitted pursuant to subdivision (a) or (b), if the commission finds that the area or areas proposed for separate review can be analyzed for the potential cumulative impacts of development on coastal resources and access independently of the remainder of the affected jurisdiction.

SEC. 29. Section 30516 of the Public Resources Code is amended to read:

30516. (a) Approval of a local coastal program shall not be withheld because of the inability of the local government to financially support or implement any policy or policies contained in this division; provided, however, that this shall not require the approval of a local coastal program allowing development not in conformity with the policies in Chapter 3 (commencing with Section 30200).

(b) Where a certified port master plan has been incorporated in a local coastal program in accordance with Section 30711 and the local coastal program is disapproved by the commission, that disapproval shall not apply to the certified port master plan.

SEC. 30. Section 30517 of the Public Resources Code is amended to read:

30517. The commission may extend, for a period of not to exceed one year, except as provided for in Section 30518, any time limitation established by this chapter for good cause.

SEC. 31. Section 30519 of the Public Resources Code is amended to read:

30519. (a) Except for appeals to the commission, as provided in Section 30603, after a local coastal program, or any portion thereof, has been certified and all implementing actions within the area

affected have become effective, the development review authority provided for in Chapter 7 (commencing with Section 30600) shall no longer be exercised by the commission over any new development proposed within the area to which the certified local coastal program, or any portion thereof, applies and shall at that time be delegated to the local government that is implementing the local coastal program or any portion thereof.

(b) Subdivision (a) shall not apply to any development proposed or undertaken on any tidelands, submerged lands, or on public trust lands, whether filled or unfilled, lying within the coastal zone, nor shall it apply to any development proposed or undertaken within ports covered by Chapter 8 (commencing with Section 30700) or within any state university or college within the coastal zone; however, this section shall apply to any development proposed or undertaken by a port or harbor district or authority on lands or waters granted by the Legislature to a local government whose certified local coastal program includes the specific development plans for such district or authority.

(c) The commission may, from time to time, recommend to the appropriate local government local coastal program amendments to accommodate uses of greater than local importance, which uses are not permitted by the applicable certified local coastal program. These uses may be listed generally or the commission may recommend specific uses of greater than local importance for consideration by the appropriate local government.

SEC. 32. Section 30521 of the Public Resources Code is amended to read:

30521. The Legislature hereby finds and declares that the early review of a limited number of local coastal programs may provide valuable experience for future review and processing of local coastal programs and that in consideration of the early commitments made by the involved local governments, any local coastal program prepared for that portion of a local jurisdiction designated as a pilot project area by the California Coastal Zone Conservation Commission between August 31, 1976, and October 31, 1976, shall receive priority from the commission by being processed ahead of other local coastal programs pursuant to this chapter. Any such pilot project may be reviewed and approved by the commission without being subject to the procedures required by Section 30501; provided, that the proposed local coastal program, or portion thereof, is in conformity with the policies of Chapter 3 (commencing with Section 30200), serves as a useful model for future review of local coastal programs, and the regional commission has commenced formal review of the land use phase of a local coastal program by June 1, 1977.

SEC. 33. Section 30525 of the Public Resources Code is amended to read:

30525. (a) Every state agency that owns or manages land or water areas within the coastal zone, including public beaches, parks,

natural areas, and fish and wildlife preserves, shall identify the sensitive resource values within those areas that are particularly susceptible to adverse impacts from nearby development that is not carefully planned. Every such agency shall also identify the location and type of development that would have a significant adverse impact on those sensitive resource values.

(b) Every agency subject to this section shall advise the appropriate local government of particular considerations that should be evaluated during the preparation of a local coastal program and which, in the opinion of such agency, may be necessary to protect identified sensitive resource values. In addition, the work undertaken pursuant to this section shall be completed in a timely manner in order to maximize the opportunity for the public, affected local governments, and the commission to consider this information fully during the preparation, review, and approval of the appropriate local coastal program.

(c) Work already completed pursuant to former Chapter 7 (commencing with Section 31300) of Division 21 of the Public Resources Code, added by Chapter 1441 of the Statutes of 1976, and in conformity with this section, that identifies sensitive resource values within publicly owned or managed land and water areas of the coastal zone shall be considered by local government and the commission in the course of carrying out this chapter.

(d) For purposes of this section, "sensitive resource values" means those fragile or unique natural resources which are particularly susceptible to degradation resulting from surrounding development, the adverse effects of which have not been carefully evaluated, mitigated, or avoided. Examples include, but are not limited to, environmentally sensitive areas, as defined in Section 30107.5, areas uniquely suited for scientific or educational purposes, and specific public recreation areas where the quality of the recreational experience is dependent on the character of the surrounding area.

SEC. 34. Section 30604 of the Public Resources Code is amended to read:

30604. (a) Prior to certification of the local coastal program, a coastal development permit shall be issued if the issuing agency, or the commission on appeal, finds that the proposed development is in conformity with Chapter 3 (commencing with Section 30200) and that the permitted development will not prejudice the ability of the local government to prepare a local coastal program that is in conformity with Chapter 3 (commencing with Section 30200). A denial of a coastal development permit on grounds it would prejudice the ability of the local government to prepare a local coastal program that is in conformity with Chapter 3 (commencing with Section 30200) shall be accompanied by a specific finding which sets forth the basis for that conclusion.

(b) After certification of the local coastal program, a coastal development permit shall be issued if the issuing agency or the commission on appeal finds that the proposed development is in

conformity with the certified local coastal program.

(c) Every coastal development permit issued for any development between the nearest public road and the sea or the shoreline of any body of water located within the coastal zone shall include a specific finding that the development is in conformity with the public access and public recreation policies of Chapter 3 (commencing with Section 30200).

(d) No development or any portion thereof which is outside the coastal zone shall be subject to the coastal development permit requirements of this division, nor shall anything in this division authorize the denial of a coastal development permit by the commission on the grounds the proposed development within the coastal zone will have an adverse environmental effect outside the coastal zone.

(e) No coastal development permit may be denied under this division on the grounds that a public agency is planning or contemplating to acquire the property on, or property adjacent to the property on, which the proposed development is to be located, unless the public agency has been specifically authorized to acquire the property and there are funds available, or funds which could reasonably be expected to be made available within one year, for the acquisition. If a permit has been denied for that reason and the property has not been acquired by a public agency within a reasonable period of time, a permit may not be denied for the development on grounds that the property, or adjacent property, is to be acquired by a public agency when the application for such a development is resubmitted.

SEC. 35. Section 30610.2 of the Public Resources Code is amended to read:

30610.2. (a) Any person wishing to construct a single-family residence on a vacant lot within an area designated by the commission pursuant to subdivision (b) of Section 30610.1 shall, prior to the commencement of construction, secure from the local government with jurisdiction over the lot in question a written certification or determination that the lot meets the criteria specified in subdivision (c) of Section 30610.1 and is therefore exempt from the coastal development permit requirements of this division. A copy of every certification of exemption shall be sent by the issuing local government to the commission within five working days after it is issued.

(b) If the commission does not designate the areas within the coastal zone as required by subdivision (b) of Section 30610.1 within the 60 days specified therein, a local government may make the certification authorized by subdivision (a) of this section without regard to the requirements of subdivision (b) of Section 30610.1.

SEC. 36. Section 30610.4 of the Public Resources Code is amended to read:

30610.4. Upon establishment of an acquisition cost pursuant to subdivision (f) of Section 30610.3, the commission shall review the

area in question to determine if all or some portion of that area meets the criteria specified in subdivision (b) of Section 30610.1 for areas within which no coastal development permit will be required from the commission for construction of single-family residences. Notwithstanding paragraph (1) of subdivision (c) of Section 30610.1, lots other than those immediately adjacent to any beach or to the mean high tide line where there is no beach can be included in such an exclusion area. If the commission determines an area designated pursuant to subdivision (b) of Section 30610.3 meets that criteria, the area shall be designated as one wherein no coastal development permit from the commission shall be required for the construction of single-family residences.

(b) Prior to the commencement of construction of any single-family residence within an area designated pursuant to this section, a certificate of exemption must be obtained pursuant to Section 30610.2 and the appropriate "in-lieu" public access fee shall be paid.

SEC. 37. Section 30620 of the Public Resources Code is amended to read:

30620. (a) By January 30, 1977, the commission shall, consistent with this chapter, prepare interim procedures for the submission, review, and appeal of coastal development permit applications and of claims of exemption. These procedures shall include, but are not limited to, the following:

(1) Application and appeal forms.

(2) Reasonable provisions for notification to the regional commission, the commission, and other interested persons of any action taken by a local government pursuant to this chapter, in sufficient detail to assure that a preliminary review of that action for conformity with this chapter can be made.

(3) Interpretive guidelines designed to assist local governments, the regional commissions, the commission, and persons subject to this chapter in determining how the policies of this division shall be applied in the coastal zone prior to certification of local coastal programs; provided, however, that these guidelines shall not supersede, enlarge, or diminish the powers or authority of any regional commission, the commission, or any other public agency.

(b) Not later than May 1, 1977, the commission shall, after public hearing, adopt permanent procedures that include the components specified in subdivision (a) and shall transmit a copy of these procedures to each local government within the coastal zone and shall make them readily available to the public. The commission may thereafter, from time to time, and, except in cases of emergency, after public hearing, modify or adopt additional procedures or guidelines as it determines to be necessary to better carry out this division.

(c) The commission may require a reasonable filing fee and the reimbursement of expenses for the processing by the commission of any application for a coastal development permit under this division.

The funds received under this subdivision shall be expended by the commission only when appropriated by the Legislature.

SEC. 38. Section 30621 of the Public Resources Code is amended to read:

30621. The commission shall provide for a de novo public hearing on applications for coastal development permits and any appeals brought pursuant to this division and shall give to any affected person a written public notice of the nature of the proceeding and of the time and place of the public hearing. Notice shall also be given to any person who requests, in writing, such notification. A hearing on any coastal development permit application or an appeal shall be set no later than 49 days after the date on which the application or appeal is filed with the commission.

SEC. 39. Section 30622 of the Public Resources Code is amended to read:

30622. The commission shall act upon the coastal development permit application or an appeal within 21 days after the conclusion of the hearing pursuant to Section 30621.

SEC. 40. Section 30623 of the Public Resources Code is amended to read:

30623. If an appeal of any action on any development by any local government or port governing body is filed with the commission, the operation and effect of that action shall be stayed pending a decision on appeal.

SEC. 41. Section 30625 of the Public Resources Code is amended to read:

30625. (a) Except as otherwise specifically provided in subdivision (a) of Section 30602, any appealable action on a coastal development permit or claim of exemption for any development by a local government or port governing body may be appealed to the commission by an applicant, any aggrieved person, or any two members of the commission. The commission may approve, modify, or deny such proposed development, and if no action is taken within the time limit specified in Sections 30621 and 30622, the decision of the local government or port governing body, as the case may be, shall become final, unless the time limit in Section 30621 or 30622 is waived by the applicant.

(b) The commission shall hear an appeal unless it determines the following:

(1) With respect to appeals pursuant to subdivision (a) of Section 30602, that no substantial issue exists as to conformity with Chapter 3 (commencing with Section 30200).

(2) With respect to appeals to the commission after certification of a local coastal program, that no substantial issue exists with respect to the grounds on which an appeal has been filed pursuant to Section 30603.

(3) With respect to appeals to the commission after certification of a port master plan, that no substantial issue exists as to conformity with the certified port master plan.

(c) Decisions of the commission, where applicable, shall guide local governments or port governing bodies in their future actions under this division.

SEC. 42. Section 30626 of the Public Resources Code is amended to read:

30626. The commission may, by regulation, provide for the reconsideration of the terms and conditions of any coastal development permit granted by the commission solely for the purpose of correcting any information contained in those terms and conditions.

SEC. 43. Section 30627 of the Public Resources Code is amended to read:

30627. (a) The commission shall, by regulation, provide procedures which the commission shall use in deciding whether to grant reconsideration of any of the following:

(1) Any decision to deny an application for a coastal development permit.

(2) Any term or condition of a coastal development permit which has been granted.

(b) The procedures required by subdivision (a) shall include at least the following provisions:

(1) Only an applicant for a coastal development permit shall be eligible to request reconsideration.

(2) The request for reconsideration shall be made within 30 days of the decision on the application for a coastal development permit.

(3) The basis of the request for reconsideration shall be either that there is relevant new evidence which, in the exercise of reasonable diligence, could not have been presented at the hearing on the matter or that an error of fact or law has occurred which has the potential of altering the initial decision.

(4) The commission shall have the discretion to grant or deny requests for reconsideration.

(c) A decision to deny a request for reconsideration is not subject to appeal.

(d) This section shall not alter any right otherwise provided by this division to appeal an action ; provided, that a request for reconsideration shall be made only once for any one development application, and shall, for purposes of any time limits specified in Sections 30621 and 30622, be considered a new application.

SEC. 44. Section 30720 of the Public Resources Code is amended to read:

30720. If the application of any port master plan or part thereof is prohibited or stayed by any court, the permit authority provided for in Chapter 7 (commencing with Section 30600) shall be reinstated in the commission. The reinstated permit authority shall apply as to any development which would be affected by the prohibition or stay.

SEC. 45. Section 30801 of the Public Resources Code is amended to read:

30801. Any aggrieved person shall have a right to judicial review of any decision or action of the commission by filing a petition for a writ of mandate in accordance with Section 1094.5 of the Code of Civil Procedure, within 60 days after the decision or action has become final.

For purposes of this section and subdivision (c) of Section 30513 and Section 30625, an "aggrieved person" means any person who, in person or through a representative, appeared at a public hearing of the commission, local government, or port governing body in connection with the decision or action appealed, or who, by other appropriate means prior to a hearing, informed the commission, local government, or port governing body of the nature of his concerns or who for good cause was unable to do either. "Aggrieved person" includes the applicant for a permit and, in the case of an approval of a local coastal program, the local government involved.

SEC. 46. Section 30804 of the Public Resources Code is amended to read:

30804. Any person may maintain an action to enforce the duties specifically imposed upon the commission, any governmental agency, any special district, or any local government by this division. No bond shall be required for an action under this section.

SEC. 47. Section 30806 of the Public Resources Code is amended to read:

30806. (a) Any civil action under this division by, or against, a city, county, or city and county, the commission, special district, or any other public agency shall, upon motion of either party, be transferred to a county or city and county not a party to the action or to a county or city and county other than that in which the city, special district, or any other public agency which is a party to the action is located.

(b) In any action brought by or against any local government, other than an action brought by or against the commission, that involves the enforcement or implementation of its certified local coastal program, the Department of Justice shall, upon the request of the local government, provide such legal assistance as its resources permit.

(b) The physician and surgeon shall note on the patient's medical record that the standardized written summary described in subdivision (e) was given to the patient.

(c) Subdivisions (a) and (b) shall not apply when medical contraindications or a life-threatening emergency exists.

(d) When there is no life-threatening emergency and there are no medical contraindications, the physician and surgeon shall allow adequate time prior to the procedure for predonation to occur. Notwithstanding this chapter, if a patient waives allowing adequate

time prior to the procedure for predonation to occur, a physician and surgeon shall not incur any liability for his or her failure to allow adequate time prior to the procedure for predonation to occur.

(e) The State Department of Health Services shall develop and annually review, and if necessary revise, a standardized written summary which explains the advantages, disadvantages, risks, and descriptions of autologous blood, and directed and nondirected homologous blood from volunteer donors. Clinics, health facilities, and blood collection centers may purchase the summary if they desire.

(g) Any entity may reproduce the written summary prepared pursuant to subdivision (e) by the State Department of Health Services and distribute the written summary to physicians and surgeons.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that patients are informed of the positive and negative aspects of receiving autologous blood and directed and nondirected homologous blood from volunteers, it is necessary for this act to take effect immediately.

CHAPTER 297

An act to amend Section 2884 of, and to add Section 2884.6 to the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 1, 1991. Filed with Secretary of State August 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 2884 of the Public Utilities Code is amended to read:

2884. (a) The commission shall, pursuant to its existing authority, by rule or order, establish procedures governing telephone corporation billing practices and operations to require every telephone corporation, on and after July 1, 1986, or on and after another date or dates which the commission finds and determines to be appropriate and feasible with respect to the capability of particular telephone equipment, to offer residential subscribers the option of deleting access to a class of information-access telephone service, commonly referred to as "900 or 976 service," whereby recorded commercial, informational, or public service messages, interactive computer programs, and other services, are provided for a charge, in addition to the basic local exchange charge, to the person calling, and to notify new residential subscribers of the options available to delete information-access services through telephone service.

The commission shall specify a method or methods for telephone corporations to institute this deletion of access option for residential subscribers, taking into consideration the operational requirements of the various types of telephone equipment in use throughout the state. The commission shall impose no charge on residential telephone subscribers for this deletion of access option, and shall require telephone corporations to refund to subscribers any amounts paid prior to the effective date of the amendments to this section enacted in 1988 for deletion of access. The commission shall determine and implement a method by which telephone corporations shall be recompensed for the expenses of providing this deletion of access option.

(b) The commission shall require every telephone corporation which furnishes information-access telephone service to make available a separate, easily distinguishable telephone prefix number for information providers which provide messages which constitute harmful matter and for those who provide other than messages which constitute harmful matter, and to request every information provider to designate which prefix corresponds to the type of messages it proposes to provide. Any information provider which provides any live or recorded message constituting harmful matter

through any information-access telephone number other than one within the prefix assigned to information providers furnishing messages constituting harmful matter is in violation of Section 2111. The commission shall require the telephone corporation to offer residential subscribers the option of deleting access to the telephone prefix number by which messages constituting harmful matter are accessed, pursuant to subdivision (a), and shall determine and implement a method by which a telephone corporation shall be recompensed for the expenses of providing this deletion of access option to residential subscribers.

(c) As used in this section, "harmful matter" means harmful matter as defined in subdivision (a) of Section 313 of the Penal Code.

(d) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

SEC. 2. Section 2884.6 is added to the Public Utilities Code, to read:

2884.6. The commission shall require telephone corporations and providers of information-access telephone services to institute a method of handling subscriber complaints concerning these services, which shall include provision for a waiver of certain or all of the charges for these services for a first occasion of their inadvertent or mistaken use.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue to provide for segmentation of information-access telephone services, to eliminate charges to residential telephone subscribers for deletion of access to information services, and to continue to provide protection to residential subscribers from unwanted information services without interruption, it is necessary that this act take effect immediately.

The department shall also inquire of other states containing large urban areas as to whether increased pupil injuries in schoolbus, school pupil activity bus, and youth bus accidents resulted from overcrowding or obstructed aisles existing at the time of the accident.

(b) The department shall prepare and submit to the Legislature, on or before July 1, 1993, a report on its findings and recommendations from its investigation pursuant to subdivision (a), including recommendations for improving the safe transportation of pupils together with any needed revisions to existing laws or regulations relating to seating aboard schoolbuses, school pupil activity buses, and youth buses and requiring aisles to be unobstructed while those buses are in motion.

CHAPTER 299

An act to add Section 49073.5 to the Education Code, relating to governing boards.

[Approved by Governor August 1, 1991 Filed with Secretary of State August 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 49073.5 is added to the Education Code, to read:

49073.5. (a) It is the intent of the Legislature that a school district, in adopting a policy pursuant to Section 49073 governing the release of pupil directory information, not purposefully exclude any military services representative from access to that information.

(b) It is further the intent of the Legislature, in the interest of pupil confidentiality, that school districts minimize the release of pupil telephone numbers in the absence of express parental consent. The Legislature finds and declares that the nondisclosure of pupil telephone numbers will reduce the possibility of harassment of pupils and their families by organizations that receive pupil directory information.

CHAPTER 300

facility, holds indicia of ownership primarily to protect his or her security interest in the vessel or marine facility.

(3) "Operator" does not include any person who owns the land underlying a marine facility or the facility itself if the person is not involved in the operations of the facility.

8670.40. (a) The State Board of Equalization shall collect a fee in an amount determined by the administrator to be sufficient to carry out the purposes set forth in subdivision (e), and a reasonable reserve for contingencies. The amount of the annual assessment shall not exceed four cents ($0.04) per barrel of crude oil or petroleum products.

(b) (1) The oil spill prevention and administration fee shall be imposed upon every person owning crude oil at the time that the crude oil is received at a marine terminal from within or outside the state, and upon every person owning petroleum products at the time that those petroleum products are received at a marine terminal from outside this state. The fee shall be collected by the marine terminal operator from the owner of the crude oil or petroleum products based on each barrel of crude oil or petroleum products so

received by means of a vessel operating in, through, or across the marine waters of the state. In addition, every operator of a pipeline shall pay the oil spill prevention and administration fee for each barrel of crude oil originating from a production facility in marine waters and transported in the state by means of a pipeline operating across, under, or through the marine waters of the state. The fees shall be remitted to the board by the terminal or pipeline operator on the 25th day of the month based upon the number of barrels of crude oil or petroleum products received at a marine terminal or transported by pipeline during the preceding month. No fee shall be imposed pursuant to this section with respect to any crude oil or petroleum products if the person who would be liable for that fee, or responsible for its collection, establishes that the fee has been collected by a terminal operator registered under this chapter or paid to the board with respect to the crude oil or petroleum product.

(2) Every owner of crude oil or petroleum products is liable for the fee until it has been paid to the board, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(c) The moneys collected pursuant to subdivision (a) shall be deposited into the fund.

(d) The board shall collect the fee and adopt regulations for implementing the fee collection program.

(e) The fee described in this section shall be collected solely for all of the following purposes:

(1) To implement oil spill prevention programs through rules, regulations, leasing policies, guidelines, and inspections and to implement research into prevention and control technology.

(2) To carry out studies which may lead to improved oil spill prevention and response.

(3) To finance environmental and economic studies relating to the effects of oil spills.

(4) To reimburse the member agencies of the State Interagency Oil Spill Committee for costs arising from implementation of this chapter, Article 3.5 (commencing with Section 8574.1) of Chapter 7, and Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(5) To implement, install, and maintain emergency programs, equipment, and facilities to respond to, contain, and clean up oil spills and to ensure that those operations will be carried out as intended.

(6) To reimburse the board for costs incurred to implement this chapter and to carry out the provisions of Part 24 (commencing with Section 46001) of Division 2 of the Revenue and Taxation Code.

(f) The moneys deposited in the fund shall not be used for responding to an oil spill.

SEC. 3. Section 8670.48 of the Government Code, as added by Section 4.5 of Chapter 10 of the Statutes of 1991, is amended to read:

8670.48. (a) (1) An oil spill response fee in the amount of twenty-five cents ($0.25) for each barrel of petroleum products shall

be imposed upon every person owning petroleum products at the time the petroleum products are received at a marine terminal within this state by means of a vessel from a point of origin outside this state. The fee shall be remitted to the State Board of Equalization by the terminal operator on the 25th day of each month based upon the number of barrels of petroleum products received during the preceding month.

(2) Every owner of petroleum products is liable for the fee until it has been paid to the state, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(b) Every operator of a pipeline shall also pay an oil spill response fee in the amount of twenty-five cents ($0.25) for each barrel of petroleum products transported into the state by means of a pipeline operating across, under, or through the marine waters of the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of petroleum products so transported into the state during the preceding month.

(c) (1) Every operator of a refinery shall pay an oil spill response fee in the amount of twenty-five cents ($0.25) for each barrel of crude oil received at a refinery within the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of crude oil so received during the preceding month.

(2) The fee shall not be imposed by a refiner or person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer as defined in paragraph (3). The board shall not identify a company as exempt from the fee requirements of this section if that company was reorganized, sold, or otherwise modified with the intent of circumventing the requirements of this section.

(3) For purposes of this chapter, "independent crude oil producer" means any person or entity producing crude oil within this state who performs no refining of crude oil into product, and who possesses or owns no retail gasoline marketing facilities.

(d) Every marine terminal operator shall pay an oil spill response fee in the amount of twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil that is transported from within this state by means of marine vessel to a destination outside this state.

(e) Every operator of a pipeline shall pay an oil spill response fee in the amount of twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil transported out of the state by pipeline.

(f) The fees required pursuant to this section shall be collected during any period that the fund contains less than the designated amount, as defined in subdivision (h), or during which the state has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1).

(g) The fees imposed by subdivisions (d) and (e) shall be imposed

in any calendar year beginning the month following the month when the total cumulative year-to-date barrels of crude oil transported outside the state by all feepayers by means of vessel or pipeline exceeds 6 percent by volume of the total barrels of crude oil and petroleum products subject to oil spill response fees under subdivisions (a), (b), and (c) for the prior calendar year.

(h) For purposes of this chapter, "designated amount" means an amount equal to one hundred million dollars ($100,000,000), adjusted for inflation after January 1, 1991, according to an index which the administrator may reasonably choose, subject to the following:

(1) Fifty million dollars ($50,000,000) shall be retained in the fund as cash, adjusted for inflation.

(2) Fifty million dollars ($50,000,000) shall be immediately accessible in the fund in the form of financial security obtained by the Treasurer as authorized by subdivision (p).

(i) The administrator shall authorize refunds of any fees collected, for reporting periods after January 31, 1991, in excess of the amount specified in paragraph (1) of subdivision (h). The board, as directed by the administrator and in accordance with Section 46653 of the Revenue and Taxation Code, shall refund the excess amount of fees collected to each feepayer who paid the fee to the state, in proportion to the amount that each feepayer paid into the fund during the preceding 12 monthly reporting periods including the month in which the fund exceeded the specified amount, and only for those periods which commenced on or after January 31, 1991.

Any amount of fees collected in excess of the specified amount for periods prior to February 1, 1991, shall be refunded as follows:

(1) First, to feepayers who paid oil spill response fees under subdivision (d) or (e) of Section 8670.48 of the Government Code as added by Chapter 1248 of the Statutes of 1990.

(2) Second, to feepayers in proportion to the amount each feepayer paid into the fund for the period from September 24, 1990, to January 31, 1991, inclusive, less any amounts refunded pursuant to paragraph (1).

(j) The board shall collect the fee and adopt regulations implementing the fee collection program. All fees collected pursuant to this section shall be deposited in the Oil Spill Response Trust Fund.

(k) The fee described in this section shall be collected solely for any of the following purposes:

(1) To provide funds to cover promptly the costs of response, containment, and cleanup of oil spills into marine waters, including damage assessment costs, and wildlife rehabilitation as provided in Section 8670.61.5.

(2) To provide emergency loans and to cover response and cleanup costs and other damages suffered by the state or other persons or entities from oil spills into marine waters which cannot otherwise be compensated by responsible parties or the federal government.

(3) To pay claims for damages pursuant to Section 8670.51.

(4) To pay claims for damages, except for damages described in paragraph (7) of subdivision (g) of Section 8670.56.5, pursuant to Section 8670.51.1.

(5) To pay for the arrangement of fifty million dollars ($50,000,000) of financial security as authorized by subdivision (p).

(6) To pay indemnity and related costs and expenses as authorized by Section 8670.56.6.

(*l*) The interest that the state earns on the funds deposited into the Oil Spill Response Trust Fund shall be deposited in the fund and shall be used to maintain the fund at the designated amount. If the fund exceeds the designated amount, the interest not needed to bring the fund to the designated amount shall be deposited into the Oil Spill Prevention and Administration Fund.

(m) The Legislature finds and declares that effective response to oil spills requires that the state have available sufficient funds in a response fund. The Legislature further finds and declares that maintenance of that fund is of utmost importance to the state and that the moneys in the fund shall be used solely for the purposes specified in subdivision (k).

(n) For the purposes of this section, "marine waters" includes the waterways used for waterborne commercial vessel traffic to the Port of Stockton and the Port of Sacramento.

(o) It is the intent of the Legislature, in enacting this section, that the fee shall not be imposed by a refiner or person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer.

(p) The Treasurer shall purchase fifty million dollars ($50,000,000) of financial security which may be drawn upon immediately by the administrator upon making the determinations as required by Section 8670.49. The financial security shall be in a form as described in subdivision (a) of Section 8670.53.3.

SEC. 4. Section 8670.56.6 of the Government Code is amended to read:

8670.56.6. (a) (1) Except as provided in subdivisions (b) and (d), and subject to subdivision (c), no person, including, but not limited to, an oil spill cooperative, its agents, subcontractors, or employees, shall be liable under this chapter or the laws of the state to any person for costs, damages, or other claims or expenses as a result of actions taken or omitted in good faith in the course of rendering care, assistance, or advice in accordance with the National Contingency Plan, the state oil spill contingency plan, or at the direction of the administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill of oil.

(2) The qualified immunity under this section shall not apply to any oil spill response action which is inconsistent with the directions of the Coast Guard, the director, or, in the absence of overriding directions of the Coast Guard or the director, is inconsistent with applicable contingency plans implemented under this division.

(3) Nothing in this section shall, in any manner or respect, affect

or impair any cause of action against or any liability of any person or persons responsible for the spill, for the discharged oil, or for the tanker, barge, terminal, pipeline, or facility from which the oil was discharged. The responsible person or persons shall remain liable for any and all damages arising from the discharge, including damages arising from improperly carried out response efforts, as otherwise provided by law.

(b) Nothing in this section shall, in any manner or respect, affect or impair any cause of action against or any liability of any party or parties responsible for the spill, or the responsible party's agents, employees, and subcontractors, excluding persons immunized under subdivision (a) for response services, for the discharged oil, or for the tanker, terminal, pipeline, or marine facility from which the oil was discharged.

(c) The responsible party or parties shall:

(1) Notwithstanding subdivision (b) or (h) of Section 8670.56.5, or any other provision of law, be strictly and jointly and severally liable for all damages arising pursuant to subdivision (g) of Section 8670.56.5 from the response efforts of its agents, employees, subcontractors, or an oil spill cooperative of which it is a member or with which it has a contract or other arrangement for cleanup of its oil spills, unless it would have a defense to the original spill.

(2) Remain strictly liable for any and all damages arising from the response efforts of a person other than a person specified in paragraph (1).

(d) Nothing in this section shall immunize a cooperative or any other person from liability for acts of gross negligence or willful misconduct in connection with the cleanup of a spill.

(e) This section shall not apply to any action for personal injury or wrongful death.

(f) As used in this section, a "cooperative" means an organization of private persons which is established for the primary purpose and activity of preventing or rendering care, assistance, or advice in response to a spill or threatened spills of oil.

(g) Except for the responsible party, membership in a cooperative shall not, in and of itself, be grounds for liability resulting from cleanup activities of the cooperative.

(h) For purposes of this section, there shall be a rebuttable presumption that an act or omission described in subdivision (a) was taken in good faith.

(i) In any situation in which immunity is granted pursuant to subdivision (a) and a responsible party is not liable, is not liable for noneconomic damages caused by another, or is partially or totally insolvent, the fund provided for in Article 7 (commencing with Section 8670.46) shall, in accordance with its terms, reimburse claims of any injured party for which a person who is granted immunity pursuant to this section would otherwise be liable.

(j) (1) The immunity granted by this section shall only apply to response efforts that are undertaken after the administrator certifies

that contracts with qualified and responsible persons are in place to ensure an adequate and expeditious response to any foreseeable oil spill that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and cleanup the oil spill in an adequate and timely manner. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or lesser, immunity than that conferred by this section, but, in no event, a greater immunity. The administrator shall make the certification required by this subdivision on an annual basis. Upon certification, the immunity conferred by this section shall apply to all response efforts undertaken during the calendar year to which the certification applies. In the absence of the certification required by this subdivision, the immunity conferred by this section shall not attach to any response efforts undertaken by any person in marine waters.

(2) In addition to the authority to negotiate contracts described in (1) above, the administrator shall also be authorized to negotiate and enter into indemnification agreements with qualified and financially responsible persons to respond to oil spills that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and cleanup the oil spill in an adequate and timely manner.

(3) The administrator may indemnify response contractors for (A) all damages payable by means of settlement or judgment that arise from response efforts to which the immunity conferred by this section would otherwise apply, and (B) reasonably related legal costs and expenses incurred by the responder, provided that indemnification shall only apply to response efforts undertaken after the expiration of any immunity that may exist as the result of the contract negotiations authorized in this subdivision. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or as little, right to indemnification as possible. All indemnification shall be paid by the administrator from the Oil Spill Response Trust Fund.

(k) (1) With regard to a person who is regularly engaged in the business of responding to oil spills, the immunity conferred by this section shall not apply to any response efforts by that person that occur later than 60 days after the first day the person's response efforts commence.

(2) Notwithstanding the limitation contained in paragraph (1), the administrator may, upon making all the following findings, extend the period of time, not to exceed 30 days, during which the immunity conferred by this section applies to response efforts:

(A) Due to inadequate or incomplete containment and stabilization, there exists a substantial probability that the size of the spill will significantly expand and (i) threaten previously uncontaminated marine or land resources, (ii) threaten already

contaminated marine or land resources with substantial additional contamination, or (iii) otherwise endanger the public safety or welfare.

(B) The remaining work is of such a difficult or perilous nature that extension of the immunity is clearly in the public interest.

(C) No other qualified and financially responsible contractor is prepared and willing to complete the response effort in the absence of the immunity, or a lesser immunity, as negotiated by contract.

(3) The administrator shall provide five days' notice of his or her proposed decision to either extend, or not extend, the immunity conferred by this section. Interested parties shall be given an opportunity to present oral and written evidence at an informal hearing. In making his or her proposed decision, the administrator shall specifically seek and consider the advice of the relevant Coast Guard representative. The administrator's decision to not extend the immunity shall be announced at least 10 working days before the expiration of the immunity to provide persons an opportunity to terminate their response efforts as contemplated by paragraph (4).

(4) No person or their agents, subcontractors, or employees shall incur any liability under this chapter or any other provision of law solely as a result of that person's decision to terminate their response efforts because of the expiration of the immunity conferred by this section. A person's decision to terminate response efforts because of the expiration of the immunity conferred by this section shall not in any manner impair, curtail, limit, or otherwise affect the immunity conferred on the person with regard to the person's response efforts undertaken during the period of time the immunity applied to such response efforts.

(5) The immunity granted under this section shall attach, without the limitation contained in this subdivision, to the response efforts of persons who are not regularly engaged in the business of responding to oil spills. Persons who are not regularly engaged in the business of responding to oil spills includes, but is not limited to, (A) persons who are primarily dedicated to the preservation and rehabilitation of wildlife and (B) persons who derive their livelihood primarily from fishing.

(*l*) As used in this section, "response efforts" means rendering care, assistance, or advice in accordance with the National Contingency Plan, the state oil spill contingency plan, or at the direction of the administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill of oil.

SEC. 5. Section 8750 of the Public Resources Code is amended to read:

8750. Unless the context requires otherwise, the following definitions govern the construction of this division:

(a) "Administrator" means the administrator for oil spill response appointed by the Governor pursuant to Section 8670.4 of the Government Code.

(b) "Barges" means any vessel that carries oil in commercial

quantities as cargo but is not equipped with a means of self-propulsion.

(c) "Best achievable protection" means the highest level of protection which can be achieved through both the use of the best achievable technology and those manpower levels, training procedures, and operational methods which provide the greatest degree of protection achievable. The administrator's determination of best achievable protection shall be guided by the critical need to protect valuable coastal resources and marine waters, while also considering (1) the protection provided by the measures, (2) the technological achievability of the measures, and (3) the cost of the measures.

It is not the intent of the Legislature that the administrator use a cost-benefit or cost-effectiveness analysis or any particular method of analysis in determining which measures to require. Instead, it is the intent of the Legislature that the administrator give reasonable consideration to the protection provided by the measures, the technological achievability of the measures, and the cost of the measures when establishing the requirements to provide the best achievable protection for coastal and marine resources.

(d) "Best achievable technology" means that technology which provides the greatest degree of protection taking into consideration (1) processes which are being developed, or could feasibly be developed anywhere in the world, given overall reasonable expenditures on research and development, and (2) processes which are currently in use anywhere in the world. (g) "Marine facility" means any facility of any kind, other than a vessel, which is or was used for the purposes of exploring for, drilling for, producing, storing, handling, transferring, processing, refining, or transporting oil and is located in marine waters, or is located where a discharge could impact marine waters unless the facility (1) is subject to Chapter 6.67 (commencing with Section 25270) or Chapter 6.75 (commencing with Section 25299.10) of Division 20 of the Health and Safety Code or (2) is placed on a farm, nursery, logging site, or construction site and does not exceed 20,000 gallons in a single storage tank. For the purposes of this division, a drill ship, semisubmersible drilling platform, jack-up type drilling rig, or any other floating or temporary drilling platform is a "marine facility."

(h) "Marine terminal" means any marine facility used for transferring oil to or from tankers or barges. For the purposes of this section, a marine terminal includes all piping not integrally connected to a tank facility as defined in subdivision (k) of Section 25270.2 of the Health and Safety Code.

(i) "Marine waters" means those waters subject to tidal influence,

except for waters in the Sacramento-San Joaquin Rivers and Delta upstream from a line running north and south through the point where Contra Costa, Sacramento, and Solano Counties meet.

(j) "Oil" means any kind of petroleum, liquid hydrocarbons, or petroleum products or any fraction or residues therefrom, including, but not limited to, crude oil, bunker fuel, gasoline, diesel fuel, aviation fuel, oil sludge, oil refuse, oil mixed with waste, and liquid distillates from unprocessed natural gas.

(k) "Onshore facility" means any facility of any kind which is located entirely on lands not covered by marine waters.

(*l*) "Operator" when used in connection with vessels, marine terminals, pipelines, or facilities, means any person or entity which owns, has an ownership interest in, charters, leases, rents, operates, participates in the operation of or uses that vessel, terminal, pipeline, or facility. "Operator" does not include any entity which owns the land underlying the facility or the facility itself, where the entity is not involved in the operations of the facility.

(m) "Person" means an individual, trust, firm, joint stock company, or corporation, including, but not limited to, a government corporation, partnership, and association. not been remitted to the board shall be deemed a debt owed to the State of California by the person required to collect and remit fees.

46054. (a) Whenever the board estimates that amount in the Oil Spill Response Trust Fund, collected pursuant to Section 46052, will reach the designated amount, and the moneys in that fund are not required for oil spill cleanups or to retire any debt assumed pursuant to Section 8670.53.15 of the Government Code, the board shall notify the feepayers that as of the first of the month following the notification, the fee will not be imposed.

(b) Whenever the board estimates that the Oil Spill Response Trust Fund will contain less than the designated amount or additional moneys are required to pay for costs for cleanup of oil spills or to retire any debt assumed pursuant to Section 8670.53.15 of the Government Code, the board shall notify the feepayers that as of the first of the month following the notification the fee will be imposed.

CHAPTER 3. DETERMINATIONS

Article 1. Returns and Payments

46151. (a) The fees collected and administered under Sections 46051 and 46052 are due and payable to the board monthly on or before the 25th day of the calendar month following the monthly period for which the fee is due. Each feepayer, on or before the 25th day of the month following each monthly period, shall make out a return for the preceding monthly period, in the form as prescribed by the board, showing the information required to be reported by Sections 8670.40 and 8670.48 of the Government Code and any other information that the board determines to be necessary to carry out this part.

(b) The feepayer shall deliver the return, together with a remittance of the amount of fee due, if any, to the office of the board on or before the 25th day of the month following the monthly period for which the fee is due.

(c) In addition to the returns due pursuant to subdivision (a), each feepayer shall provide an annual information return, in the form as prescribed by the board, showing the information required to be reported by Section 8670.48 of the Government Code and any other information that the board determines to be necessary to carry out this part. The feepayer shall deliver the return containing the required information for the preceding calendar year to the office of

the board on or before February 1st of each year.

46152. The board, if it determines it necessary in order to facilitate the administration of this part, may require returns and payments specified under Section 46151 to be made for periods other than monthly.

46153. (a) The board for good cause may extend for not to exceed one month the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time if a request therefore is filed with the board within or prior to the period for which the extension may be granted.

(b) Any person to whom an extension is granted shall pay, in addition to the fee, interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5 from the date on which the fee would have been due without the extension until the date of payment.

46154. (a) If the fee is not paid to the board within the time prescribed for the payment of the fee, a penalty of 10 percent of the amount of the fee shall be added thereto on account of the delinquency.

(b) If the information return is not filed within the time prescribed, a penalty of five hundred dollars ($500) shall be assessed.

46155. All fees not paid on the date when due and payable shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from and after that date until paid.

46156. (a) If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 46154, 46251, and 46356.

(b) Any person seeking to be relieved of the penalty shall file with the board a statement, under penalty of perjury, setting forth the facts upon which he or she bases his or her claim for relief.

46157. (a) If the board finds that a person's failure to make a timely return or payment was due to a disaster, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the interest provided by Sections 46153, 46155, and 46253.

(b) Any person seeking to be relieved of the interest shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

46158. (a) If the board finds that a person's failure to make a timely report or payment is due to the person's reasonable reliance on written advice from the board, the person may be relieved of the fees imposed or administered under this part and any penalty or interest added thereto.

(b) For purposes of this section, a person's failure to make a timely report or payment shall be considered to be due to reasonable

reliance on written advice from the board, only if the board finds that all of the following conditions are satisfied:

(1) The person requested in writing that the board advise him or her whether a particular activity or transaction is subject to the fee under this part. The specific facts and circumstances of the activity or transaction shall be fully described in the request.

(2) The board responded in writing to the person regarding the written request for advice, stating whether or not the described activity or transaction is subject to the fee, or stating the conditions under which the activity or transaction is subject to the fee.

(3) The liability for fees applied to a particular activity or transaction which occurred before either of the following:

(A) Before the board rescinded or modified the advice so given, by sending written notice to the person of the rescinded or modified advice.

(B) Before a change in statutory or constitutional law, a change in the board's regulations, or a final decision of a court, which renders the board's earlier written advice no longer valid.

(c) Any person seeking relief under this section shall file with the board all of the following:

(1) A copy of the person's written request to the board and a copy of the board's written advice.

(2) A statement under penalty of perjury setting forth the facts on which the claim for relief is based.

(3) Any other information which the board may require.

(d) Only the person making the written request shall be entitled to rely on the board's written advice to that person.

Article 2. Deficiency Determinations

46201. (a) If the board is dissatisfied with the return filed or the amount of fee paid to the state by any feepayer, the board may compute and determine the amount to be paid, based upon any information available to it. One or more deficiency determinations may be made of the amount of fee due for one or for more than one period. When a business is discontinued, a determination may be made at any time thereafter, within the period specified in Section 46204, as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part. In making a determination, the board may offset overpayments for a period or periods against underpayments for another period or periods and against the interest and penalties on the underpayments.

(b) The amount of fee so determined shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the amount of the fee, or any portion thereof, became due and payable until the date of payment.

(c) If any part of the deficiency for which a determination of an

additional amount due is made is found to have been occasioned by negligence or intentional disregard of this part or regulations adopted pursuant thereto, a penalty of 10 percent of the amount of the determination shall be added, plus interest as provided in subdivision (b).

(d) If any part of the deficiency for which a determination of an additional amount due is made is found to be occasioned by fraud or an intent to evade this part or regulations adopted pursuant thereto, a penalty of 25 percent of the amount of the determination shall be added, plus interest as provided in subdivision (b).

46202. The board shall give to the feepayer written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the feepayer at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in a United States Post Office, or a mailbox, subpost office, substation or mail chute, or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served, and service shall be deemed complete at the time of delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

46203. Except in the case of fraud, intent to evade this part or regulations adopted pursuant thereto, or failure to make a return, every notice of deficiency determination shall be given within three years after the 25th day of the month following the period for which the return was due or within three years after the return was filed, whichever period expires later. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the return was due.

46204. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the fee or any portion thereof.

46205. If before the expiration of the time prescribed in Section 46203 for the mailing of a notice of deficiency determination the feepayer has consented in writing to the mailing of the notice after that time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 3. Determinations If No Return Made

46251. If any feepayer fails to make a return, the board shall make an estimate of the amount of fee to be paid. The estimate shall be

made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the board's possession or may come into its possession. Upon the basis of this estimate, the board shall compute and determine the amount of fee or other amount required to be paid to the state, adding to the sum thus arrived at a penalty equal to 10 percent thereof. One or more determinations may be made for one or more than one period. When a business is discontinued, a determination may be made at any time thereafter, within the periods specified in Section 46203, as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part.

46252. In making a determination, the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

46253. The amount of the determination, exclusive of penalties, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from date the amount of the fee, or any portion thereof, became due and payable until the date of payment.

46254. If the failure of any person to file a return is due to fraud or an intent to evade this part or regulations adopted pursuant thereto, a penalty of 25 percent of the amount required to be paid by the person, exclusive of penalties, shall be added thereto in addition to the 10 percent penalty provided in Section 46251.

46255. Promptly after making its determination, the board shall give to the person written notice of the estimate, determination, and penalty, the notice to be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 4. Jeopardy Determinations

46301. If the board believes that the collection of any amount of fee will be jeopardized by delay, it shall thereupon make a determination of the amount of fee due, noting that fact upon the determination, and the amount of fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the taxpayer of notice of the determination, the determination becomes final, and the delinquency penalty and interest provided in Sections 46154 and 46155 shall attach to the amount of fee specified therein.

46302. The feepayer against whom a jeopardy determination is made may file a petition for the redetermination thereof, pursuant to Article 5 (commencing with Section 46351), with the board within 10 days after the service upon the feepayer of notice of the determination, but he or she shall, within the 10-day period, deposit with the board such security as it determines to be necessary to

ensure compliance with this part. The security may be sold by the board at public sale if it becomes necessary in order to recover any amount due under this part. Notice of the sale may be served upon the person who deposited the security personally or by mail in the same manner as prescribed for service of notice by Section 46202. Upon any such sale, the surplus, if any, above the amount due under this part shall be returned to the person who deposited the security.

46303. (a) In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(1) To establish that the determination is excessive.

(2) To establish that the sale of property that may be seized after issuance of the jeopardy determination, or any part thereof, shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person.

(3) To request the release of all or a part of the property to the person.

(4) To request a stay of collection activities.

(b) The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. The person shall not be required to post any security in order to file the application and to obtain the hearing. However, if the person does not deposit, within the 10-day period prescribed in Section 46302, such security as the board may determine to be necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except the sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect the provisions of Section 46301 relating to the finality date of the determination or to penalty or interest.

Article 5. Redeterminations

46351. Any person from whom an amount is determined to be due under Article 2 (commencing with Section 46201) or Article 3 (commencing with Section 46251), or any person directly interested, may petition for a redetermination thereof within 30 days after service upon him or her of notice of the determination. If a petition for redetermination is not filed within the 30-day period, the amount determined to be due becomes final at the expiration thereof.

46352. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon

the petition for redetermination.

46353. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the amount determined to be due, and, if the person has so requested in his or her petition, the board shall grant him or her an oral hearing and shall give him or her 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

46354. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by subdivision (d) of Section 46201 or Section 46254 applies to the amount of the determination as originally made or as increased, the claim for increase shall be asserted within eight years after the date the amount of fee for the period for which the increase is asserted was due.

46355. The order or decision of the board upon a petition for redetermination shall become final 30 days after service upon the petitioner of notice thereof.

46356. All amounts determined to be due by the board under Article 2 (commencing with Section 46201) or Article 3 (commencing with Section 46251) are due and payable at the time they become final, and, if not paid when due and payable, a penalty of 10 percent of the amount determined to be due shall be added to the amount due and payable.

46357. Any notice required by this article shall be served personally or by mail in the same manner as prescribed for service of notice by Section 46202.

CHAPTER 4. COLLECTION OF FEE

Article 1. Security for Fee

46401. (a) The board, whenever it determines it to be necessary to ensure compliance with this part, may require any person subject to this part to place with it such security as the board may determine to be reasonable, taking into account the circumstances of that person. Any security in the form of cash, government bonds, or insured deposits in banks or savings and loan institutions shall be held by the board in trust to be used solely in the manner provided by this section. The board may sell the security at public auction if it becomes necessary to do so in order to recover any fee or any amount required to be collected, including any interest or penalty due. Notice of the sale shall be served upon the person who placed the security personally or by mail.

(b) If service is made by mail, service shall be addressed to the person at his or her address as it appears in the records of the board. Service shall be made at least 30 days prior to the sale in the case of personal service, and at least 40 days prior to the sale in the case of

service by mail. Security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may, however, be sold by the board at private sale at a price not lower than the prevailing market price thereof. Upon any sale, any surplus above the amounts due shall be returned to the person who placed the security.

46402. If any feepayer is delinquent in the payment of any obligations imposed by this part, or in the event a determination has been made against the feepayer which remains unpaid, the board may, not later than three years after the payment becomes delinquent, or the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, give notice thereof, personally or by first-class mail, to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the feepayer, or owing any debts to the feepayer. In the case of any state officer, department, or agency, the notice shall be given to the officer, department, or agency prior to the time it presents the claim of the delinquent taxpayer to the Controller.

46403. After receiving the notice, the person so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires first.

46404. All persons so notified shall immediately, after receipt of the notice, advise the board of all credits, other personal property, or debts in their possession, under their control, or owing by them. If the notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice, to be effective, shall state the amount, interest, and penalty due from the person and shall be delivered or mailed to the branch or office of the bank at which the deposit is carried at which the credits or personal property is held. Notwithstanding any other provision, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of the amount, interest, and penalty due from the person.

46405. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld, to the extent of the value of the property or the amount of the debts thus transferred or paid, he or she shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given, if solely by reason of that transfer or disposition, the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

46406. (a) The board may by notice of levy, served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a feepayer or other person liable for any amount under this part to withhold from those credits or other personal property the amount of any fee, interest, or penalties due from that feepayer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at such times as it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the feepayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

Article 2. Suit for Fee

46411. The board may bring any legal actions as are necessary to collect any deficiency in the fee required to be paid, and, upon the board's request, the Attorney General shall bring the actions.

46412. In any suit brought to enforce the rights of the state with respect to fees, a certificate by the board showing the delinquency shall be prima facie evidence of the levy of the fee, of the delinquency of the amount of fee, interest, and penalty set forth therein, and of compliance by the board with all provisions of this part in relation to the computation and levy of the fee. In the action, a writ of attachment may be issued in the manner provided by Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure.

Article 3. Judgment for Fee

46421. (a) If any person fails to pay any amount imposed pursuant to this part at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs in addition thereto, shall thereupon be a perfected and enforceable lien. The lien shall be subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts disclosed on a return received by the board before the date the return is delinquent, the date the amount would have been due and payable.

(2) For amounts disclosed on a return filed on or after the date the return is delinquent, the date the return is received by the board.

(3) For amounts determined under Section 46301 pertaining to jeopardy assessments, the date the notice of the board's finding is mailed or issued.

(4) For all other amounts, the date the assessment is final.

46422. (a) If the board determines that the amount of fee, interest, and penalties are sufficiently secured by a lien on other property or that the release or subordination of the lien imposed under this article will not jeopardize the collection of the amount of the fee, interest, and penalties, the board may at any time release all or any portion of the property subject to the lien from the lien or may subordinate the lien to other liens and encumbrances.

(b) If the board finds that the liability represented by the lien imposed under this article, including any interest accrued thereon, is legally unenforceable, the board may release the lien.

(c) A certificate by the board to the effect that any property has been released from a lien or that the lien has been subordinated to other liens and encumbrances is conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

Article 4. Warrant for Collection

46431. At any time within three years after any person is delinquent in the payment of any amount herein required to be paid, or the last recording or filing of a notice of lien under Section 7171 of the Government Code, the board, or its authorized representative, may issue a warrant for the enforcement of any liens and for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal, or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of, and sale pursuant to, a writ of execution.

46432. The board may pay or advance to the sheriff, marshal, or constable, the same fees, commissions, and expenses for their services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

46433. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him or her by virtue of the warrant or in any other manner provided in this part for the collection of the fee.

Article 5. Seizure and Sale

46441. Whenever any feepayer is delinquent in the payment of the fee, the board or its authorized representative may seize any property, real or personal, of the feepayer, and sell at public auction the property seized, or a sufficient portion thereof, to pay the fee due, together with any penalties imposed for the delinquency and all costs that have been incurred on account of the seizure and sale.

46442. (a) Notice of the sale, and the time and place thereof,

shall be given to the delinquent feepayer and to all persons who have an interest of record in the property at least 20 days before the date set for the sale in the following manner: The notice shall be personally served or enclosed in an envelope addressed to the feepayer or other person at his or her last known residence or place of business in this state as it appears upon the records of the board, if any, and depositing it in the United States registered mail, postage prepaid. The notice shall be published pursuant to Section 6063 of the Government Code in a newspaper of general circulation published in the city in which the property or a part thereof is situated if any part hereof is situated in a city or, if not, in a newspaper of general circulation published in the county in which the property or a part thereof is located. Notice shall also be posted in both of the following manners:

(1) One public place in the city in which the interest in property is to be sold if it is to be sold in a city or, if not to be sold in a city, one public place in the county in which the interest in the property is be sold.

(2) One conspicuous place on the property.

(b) The notice shall contain a description of the property to be sold, a statement of the amount due, including fees, interest, penalties, and costs, the name of the feepayer, and the further statement that unless the amount due is paid on or before the time fixed in the notice of the sale, the property, or so much thereof as may be necessary, will be sold in accordance with law and the notice.

46443. At the sale, the property shall be sold by the board, or by its authorized agent, in accordance with law and the notice, and the board shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests title in the purchaser subject to a right of redemption as prescribed in the Code of Civil Procedure upon sales of real property on execution. The unsold portion of any property seized may be left at the place of sale at the risk of the feepayer.

46444. If, upon the sale, the moneys received exceed the amount of all fees, penalties, and costs due the state from the feepayer, the board shall return the excess to him or her and obtain his or her receipt. If any person having an interest in or lien upon the property files with the board prior to the sale notice of his or her interest, the board shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the feepayer is not available, the board shall deposit the excess moneys with the Treasurer, as trustee for the owner, subject to the order of the feepayer, his or her heirs, successors, or assigns.

Article 6. Successor Withholding and Liability

46451. If any person liable for any amount under this part sells out his or her business or stock of goods or quits the business, his or her

successor or assigns shall withhold from the purchase price an amount sufficient to cover that amount until the former owner produces a receipt from the board showing that it has been paid or a certificate stating that no amount is due.

46452. (a) If the purchaser of a business or stock of goods fails to withhold from the purchase price as required, he or she shall become personally liable for the payment of the amount required to be withheld by him or her to the extent of the purchase price valued in money.

(b) (1) Within 60 days after the latest of the dates specified in paragraph (2), the board shall either issue the certificate or mail notice to the purchaser at his or her address as it appears on the records of the board of the amount that is required to be paid as a condition of issuing the certificate.

(2) For purposes of paragraph (1), the latest of the following dates shall apply:

(A) The date the board receives a written request from the purchaser for a certificate.

(B) The date of the sale of the business or stock of goods.

(C) The date the former owner's records are made available for audit.

(c) Failure of the board to mail the notice referred to in subdivision (b) shall release the purchaser from any further obligation to withhold from the purchase price under this article. The last date upon which the obligation of the successor may be enforced shall be not later than three years after the date the board is notified of the purchase of the business or stock of goods.

46453. The certificate may be issued after the payment of all amounts due under this part, according to the records of the board as of the date of the certificate, or after the payment of the amounts is secured to the satisfaction of the board.

46454. The obligation of the successor shall be enforced by serving a notice of successor liability on the person. The notice shall be served in the manner prescribed for service of a notice of a deficiency determination, not later than three years after the date the board is notified of the purchase of the business or stock of goods. The successor may petition for reconsideration in the manner provided in Article 5 (commencing with Section 46351) of Chapter 3. The notice shall become final and the amount due and payable in the manner provided in that article except that no additional penalty shall apply if not paid when due and payable. This chapter, with respect to the collection of any amount required to be paid under this part, shall apply when the notice becomes final.

Article 7. Miscellaneous

46461. The remedies of the state provided for in this chapter are cumulative, and no action taken by the board or the Attorney General constitutes an election by the state or any of its officers to

pursue any remedy to the exclusion of any other remedy for which provision is made in this part.

46462. (a) The amounts required to be paid by any person under this part, together with interest and penalties, shall be satisfied first in any of the following cases:

(1) Whenever the person is insolvent.

(2) Whenever the person makes a voluntary assignment of his or her assets.

(3) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all the debts due from the deceased.

(4) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

(b) This section does not give the state a preference over a lien or security interest which was recorded or perfected prior to the time when the state records or files its lien as provided in Section 7171 of the Government Code.

(c) The preference given to the state by this section is subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

CHAPTER 5. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

46501. (a) If the board determines that any amount of fee, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control, the excess amount collected or paid shall be credited on any amounts then due from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

(b) However, in the case of a determination by the board that an amount not to exceed fifty thousand dollars ($50,000) was not required to be paid under this part, the board, without obtaining the approval of the State Board of Control, may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

46502. (a) Except as provided in subdivision (b), no refund shall be approved by the board after three years from the due date of the payment for the period for which the overpayment was made, or, with respect to determinations made under Article 2 (commencing with Section 46201), Article 3 (commencing with Section 46251) or

Article 4 (commencing with Section 46301) of Chapter 3, within six months after the determinations become final, or after six months from the date of overpayment, whichever period expires later, unless a claim therefor is filed with the board within that period. No credit shall be approved by the board after the expiration of that period, unless a claim for credit is filed with the board within that period or unless the credit relates to a period for which a waiver is given pursuant to Section 46205.

(b) A refund may be approved by the board for any period for which a waiver is given pursuant to Section 46205 if a claim therefor is filed with the board before the expiration of the period agreed upon.

(c) If the board has made a determination under Article 2 (commencing with Section 46201), Article 3 (commencing with Section 46251), or Article 4 (commencing with Section 46301) of Chapter 3, and if a person's claim for refund was filed timely within the applicable six-month period specified by subdivision (a) or (b), that claim for refund shall be deemed to also apply to that person's later payments in full or partial satisfaction of that determination.

46503. Every claim for refund or credit shall be in writing and shall state the specific grounds upon which the claim is founded.

46504. Failure to file a claim within the time prescribed in this article constitutes a waiver of all demands against the state on account of the overpayment.

46505. Within 30 days after disallowing any claim, in whole or in part, the board shall serve written notice of its action on the claimant, the service to be made as provided by Section 46202.

46506. Interest shall be computed, allowed, and paid upon any overpayment of any amount of fee at the modified adjusted rate per month established pursuant to Section 6591.5, from the due date of the return for the period for which the overpayment was made, but no refund or credit shall be made of any interest imposed upon the claimant with respect to the amount being refunded or credited. The interest shall be paid as follows:

(a) In the case of a refund, to the 15th day of the calendar month following the date upon which the claimant is notified by the board that a claim may be filed or the date upon which the claim is approved by the board, whichever date is earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the fee or amount against which the credit is applied.

46507. If the board determines that any overpayment has been made intentionally or by reasons of carelessness, it shall not allow any interest thereon.

Article 2. Suit for Refund

46521. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any

court against this state or against any office of the state to prevent or enjoin the collection of any fee sought to be collected.

46522. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally assessed or collected unless a claim for refund or credit has been duly filed.

46523. Within 90 days after the mailing of the notice of the board's action upon a claim for refund or credit, the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in the County of Sacramento for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

46524. If the board fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the board, consider the claim disallowed and bring an action against the board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

46525. Failure to bring suit or action within the time specified in this article constitutes a waiver of all demands against the state on account of any alleged overpayments.

46526. If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any fees due from the plaintiff, and the balance shall be refunded to the plaintiff.

46527. In any judgment, interest shall be allowed at the modified adjusted rate per annum established pursuant to Section 6591.5, upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment, or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

46528. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any fee paid when the action is brought by or in the name of an assignee of the feepayer paying the fee or by any person other than the person who has paid the fee.

As used in this section, "assignee" does not include a person who has acquired the business of the feepayer which gave rise to the fees and who is thereby a successor in interest to the feepayer.

Article 3. Recovery of Erroneous Refunds

46541. The Controller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California, and the action shall be tried in the County of Sacramento unless the court, with the consent of the Attorney General, orders a change of place of trial. The Attorney General shall

prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

Article 4. Cancellations

46551. If any amount in excess of fifty thousand dollars ($50,000) has been illegally determined, either by the person filing the return or by the board, the board shall certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding fifty thousand dollars ($50,000) has been illegally determined, either by the person filing a return or by the board, the board, without certifying this fact to the State Board of Control, shall authorize the cancellation of the amount upon the records of the board.

CHAPTER 6. ADMINISTRATION

46601. The board shall enforce this part and may prescribe, adopt, and enforce rules and regulations relating to the administration and enforcement of this part.

46602. Every feepayer shall keep such records, receipts, invoices, and other pertinent papers in such form as the board may require.

46603. The board may make such examinations of the books and records of any feepayer as it may determine to be necessary in carrying out this part.

46604. The board may employ accountants, auditors, investigators, and other expert and clerical assistance necessary to enforce its powers and perform its duties under this part.

46605. A certificate by the board or an employee of the board stating that a notice required by this part was given by mailing or personal service shall be prima facie evidence in any administrative or judicial proceeding of the fact and regularity of the mailing or personal service in accordance with any requirement of this part for the giving of a notice. Unless otherwise specifically required, any notice provided by this part to be mailed or served may be given either by mailing or by personal service in the manner provided for giving notice of a deficiency determination.

CHAPTER 7. DISPOSITION OF PROCEEDS

46651. All fees, interest, and penalties imposed and all amounts of fee required to be paid to the state pursuant to Sections 46051 and 46052 shall be paid to the board in the form of remittances payable to the State Board of Equalization of the State of California. The board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Oil Spill Prevention and

Administration Fund or the Oil Spill Response Trust Fund.

46652. The money in the Oil Spill Prevention and Administration Fund and the Oil Spill Response Trust Fund shall, upon order of the Controller, be drawn therefrom for refunds under this part.

46653. Whenever the total amount in the Oil Spill Response Trust Fund, collected pursuant to Section 46052, exceeds the amount specified in subdivision (a) of Section 46012 and there are no outstanding liabilities for oil spill cleanups or requirements for debt retirement incurred pursuant to Section 8670.53.15 of the Government Code, the administrator shall direct the board to provide refunds of the excess moneys. The board shall refund the excess moneys in that fund to each person who paid the fee to the state in proportion to the amount that person paid into the fund during the preceding 12 months prior to the fund exceeding the amount specified in subdivision (a) of Section 46012. If the amount of money in the fund exceeds the amount specified in subdivision (a) of Section 46012 by 2 percent or less, refunds need not be ordered by the administrator.

CHAPTER 8. VIOLATIONS

46701. Any person who refuses to furnish any return required to be made, or who refuses to furnish a supplemental return or other data required by the board, is guilty of a misdemeanor and subject to a fine in an amount not to exceed five hundred dollars ($500) for each offense in the discretion of the court, together with costs of investigation and prosecution.

46702. Any person who knowingly or willfully files a false return with the board, and any person who refuses to permit the board or any of its representatives to make any inspection or examination for which provision is made in this part, or who fails to keep records as prescribed by the board, or who fails to preserve those records for the inspection of the board for such time as the board determines to be necessary, or who alters, cancels, or obliterates entries in the records for the purpose of falsifying the records is guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or by imprisonment in the county jail for not less than one month nor more than six months, or by both that fine and imprisonment in the discretion of the court, together with costs of investigation and prosecution.

46703. Any person who willfully evades or attempts in any manner to evade or defeat the payment of the fee imposed by this part is guilty of a felony.

46704. Every person convicted for a violation of this part for which another penalty or punishment is not specifically provided for in this part is guilty of a misdemeanor and shall be punished by a fine of not more than one thousand dollars ($1,000) or by imprisonment in the county jail for not more than six months, or by both that fine

and imprisonment in the discretion of the court, together with costs of investigation and prosecution.

46705. Every person convicted of a felony for a violation of this part for which another punishment is not specifically provided for in this part shall be punished by a fine of not more than five thousand dollars ($5,000) or by imprisonment in state prison for not less than one year nor more than five years, or both that fine and imprisonment in the discretion of the court, together with cost of investigation and prosecution.

46706. Any prosecution for violation of any of the penal provisions of this part shall be instituted within three years after the commission of the offense.

CHAPTER 9. DISCLOSURE OF INFORMATION

46751. (a) The board shall provide any and all information obtained under this part to the Department of Fish and Game.

(b) The Department of Fish and Game and the board may utilize any information obtained pursuant to this part to develop data on oil spill prevention, abatement, and removal within the state. Notwithstanding any other provision of this section, the Department of Fish and Game may make oil spill prevention, abatement, and removal public.

(c) It shall be unlawful for the board, or any person having an administrative duty under Chapter 7.4 (commencing with Section 8670.1) of Division 1 of Title 2 of the Government Code or Division 7.8 (commencing with Section 8750) of the Public Resources Code to make known, in any manner whatever, the business affairs, operations, or any other information pertaining to a feepayer which was submitted to the board in a report or return required by this part, or to permit any report or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person not expressly authorized by subdivision (a) and this subdivision. However, the Governor may, by general or special order, authorize examination of the records maintained by the board under this part by other state officers, by officers of another state, by the federal government, if a reciprocal arrangement exists, or by any other person. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

(d) Notwithstanding subdivision (c), the successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information regarding the determination of any unpaid fee or the amount of fees, interest, or penalties required to be collected or assessed.

(e) Nothing in this section shall be construed as limiting or increasing the public's access to information on any aspect of oil spill prevention, abatement, and removal collected pursuant to other state or local laws, regulations, or ordinances.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to establish procedures for collecting fees under the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act and to thereby implement the oil spill prevention and response provisions of the act at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor August 1, 1991. Filed with Secretary of State August 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 19616.1 of the Business and Professions Code is amended to read:

19616.1. (a) Notwithstanding any other provision of law, wagers accepted on out-of-state feature races pursuant to Section 19596 and included in the parimutuel pool or pools of the entity conducting the out-of-state racing shall be distributed as provided in this section.

(b) From the amount handled by the association and included in the parimutuel pool or pools of the entity conducting the out-of-state racing, each association shall deduct a percentage equal to the percentage deducted by the entity conducting the out-of-state racing.

(c) From the amount deducted pursuant to subdivision (b), each

association shall pay a state license fee at a pro rata rate applicable to the races of the association's racing program for the day on which the out-of-state feature is offered.

(d) Breakage and unclaimed tickets on out-of-state feature races shall be distributed 50 percent as commission and 50 percent as purses.

(e) The amount remaining from the deduction under subdivision (b), after payment of the state license fee and the contractual payment to the out-of-state host racing association, shall be distributed 50 percent as commissions and 50 percent as purses.

(f) From the amount distributed under subdivision (e) for quarter horse and Appaloosa purses, a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning at the meeting. The sum shall be deposited within 10 days of the close of the meeting with the officially recognized organization representing the respective breeds. After deduction of expenses, not to exceed 5 percent, and approval of all the deductions by the board, the funds shall be distributed on a prorated percentage basis of first moneys earned to persons owning California-bred racehorses at the time of their wins in accordance with subdivision (b) of Section 19612.2 and subdivision (c) of Section 19617.

(g) From the amount distributed for thoroughbred purses under subdivision (e), a sum equal to 13.33 percent thereof shall be held by the association to be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2.

SEC. 2. Section 19616.2 is added to the Business and Professions Code, to read:

19616.2. (a) Notwithstanding Section 19616.1, an association conducting wagering on an out-of-state feature race which is included in the parimutuel pool of the out-of-state entity conducting the out-of-state racing may, with permission of the board, deduct a percentage equal to the percentage deducted from the amount handled by the association in its parimutuel pools at its racing meeting.

(b) If an association accepts wagers in a common parimutuel pool on an out-of-state feature race deducts a percentage equal to that deducted from the amount handled by the association in its parimutuel pool at its racing meeting, as specified in subdivision (a), the payments on winning tickets shall be calculated as provided in Section 19602.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the state to derive increased revenue during the 1991 racing season as soon as possible, it is necessary that this act take

effect immediately.

CHAPTER 302

An act relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 1, 1991 Filed with Secretary of State August 1, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) For the 1990–91 fiscal year, the Newark Unified School District was entitled, under Section 16090 of the Education Code, to the levying of a tax upon the property in the district sufficient to raise for the district the amount to be withheld for that fiscal year from state apportionments to that district in repayment of certain bonded indebtedness related to school facilities construction, which indebtedness was approved by the voters prior to July 1, 1978.

(b) Due to a clerical error, the amount of property tax authorized by the county board of supervisors to be levied in the Newark Unified School District for the 1990–91 fiscal year was seven hundred seventeen thousand nine hundred thirty-nine dollars ($717,939) less than the amount to which the district is entitled for that fiscal year under Section 16090 of the Education Code.

SEC. 2. Notwithstanding Section 16090 of the Education Code, the Board of Supervisors of Alameda County may levy, for the 1991–92 fiscal year, a tax upon the property in the Newark Unified School District sufficient to raise for the district the amount of seven hundred seventeen thousand nine hundred thirty-nine dollars ($717,939), to be paid into the county treasury of Alameda County to the credit of the Tax Override Fund of that district.

SEC. 3. Due to the unique circumstances specified in Section 1 of this act concerning the Newark Unified School district, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the levying of a property tax in the Newark Unified School District for the 1991–92 fiscal year, in an amount sufficient to provide revenues to which that district is entitled for the 1990–91 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 303

An act to amend Section 707 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor August 1, 1991. Filed with Secretary of State August 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) In any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offense alleged to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute evidence at the hearing.

(b) Subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(3) Robbery while armed with a dangerous or deadly weapon.

(4) Rape with force or violence or threat of great bodily harm.

(5) Sodomy by force, violence, duress, menace, or threat of great bodily harm.

(6) Lewd or lascivious act as provided in subdivision (b) of Section 288 of the Penal Code.

(7) Oral copulation by force, violence, duress, menace, or threat of great bodily harm.

(8) Any offense specified in Section 289 of the Penal Code.

(9) Kidnapping for ransom.

(10) Kidnapping for purpose of robbery.

(11) Kidnapping with bodily harm.

(12) Assault with intent to murder or attempted murder.

(13) Assault with a firearm or destructive device.

(14) Assault by any means of force likely to produce great bodily injury.

(15) Discharge of a firearm into an inhabited or occupied building.

(16) Any offense described in Section 1203.09 of the Penal Code.

(17) Any offense described in Section 12022.5 of the Penal Code.

(18) Any felony offense in which the minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(19) Any felony offense described in Section 136.1 or 137 of the Penal Code.

(22) Escape, by the use of force or violence, from any county juvenile hall, home, ranch, camp, or forestry camp in violation of subdivision (b) of Section 871 where great bodily injury is intentionally inflicted upon an employee of the juvenile facility during the commission of the escape.

(23) Torture as described in Sections 206 and 206.1 of the Penal Code.

(24) Aggravated mayhem as described in Section 205 of the Penal Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit the minor shall be presumed to be not a fit and proper subject to be dealt

with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefor recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may already have been entered shall constitute evidence at the hearing.

(d) If, subsequent to a finding that a minor is an unfit subject to be dealt with under the juvenile court law, the minor is convicted in a court of criminal jurisdiction of an offense listed in subdivision (b) of this section or listed in paragraph (24) of subdivision (c) of Section 1192.7 of the Penal Code, the finding of unfitness which preceded the conviction is applicable to the violation of any law or ordinance defining crime which is alleged to have been committed subsequent to the conviction if the violation would otherwise cause the minor to be a person described in Section 602. The probation officer shall not be required to investigate or submit a report regarding the fitness of a minor for any such subsequent charge. This subdivision shall not be construed to affect the right to appellate review of a finding of unfitness or the duration of the jurisdiction of the juvenile court as specified in Section 607.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

CHAPTER 304

An act to add and repeal Section 1281.5 of the Unemployment Insurance Code, relating to unemployment compensation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 1, 1991 Filed with Secretary of State August 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Severe freezing weather conditions which occurred in California from December 19, 1990, to January 3, 1991, inclusive, caused more than one billion dollars ($1,000,000,000) in damages to crops.

(b) The agriculture-dependent local economies in rural California where growers and agricultural workers live will suffer economic depression.

(c) More than 15,000 skilled workers have lost or will lose their jobs as a result of the freezing weather conditions.

(d) Many agricultural employees who receive hourly wages are low-income individuals who can least afford to be unemployed.

(e) The benefits of this act are intended as an extraordinary, one-time statewide response to this emergency, and are not to be construed to make any enduring structural change to the unemployment compensation program or to provide a precedent to seek similar or comparable benefits in the future.

SEC. 2. Section 1281.5 is added to the Unemployment Insurance Code, to read:

1281.5. (a) Any unemployed individual who, as determined by the director, has been laid off from work or is unable to commence work as a direct result of freezing weather conditions which occurred in this state from December 19, 1990, to January 3, 1991, inclusive, at the individual's most recent workplace or regular seasonal workplace whose continuing unemployment is a direct result of the freezing weather and who is otherwise eligible to receive benefits under this part, is eligible for an additional maximum of 26 times his or her weekly benefit amount.

(b) To the extent permitted by federal law, benefits payable under this section shall be available only when an individual has exhausted or is otherwise ineligible for other state or federal unemployment compensation. In the event an individual becomes eligible for federal-state extended unemployment compensation benefits prior to August 1, 1992, that individual shall become

ineligible for benefits under this section to the extent he or she is eligible for and receives federal-state extended unemployment benefits.

(c) Benefits shall be payable under this section only pursuant to claims made on or before July 31, 1992.

(d) (1) Any unemployed individual who, as determined by the director, has been unemployed as a direct result of freezing weather conditions that occurred from December 19, 1990, to January 3, 1991, inclusive, and who opens a claim for benefits on or after August 1, 1991, and can demonstrate that his or her maximum benefits or weekly benefit amount has been reduced as a result of wage credits lost due to the freeze and that he or she is otherwise eligible to receive benefits under this part, shall, at the claimant's election, have his or her weekly benefit amount and maximum benefits calculated based upon the base period ending December 31, 1990, or the base period established by the claimant's most recent unemployment insurance claim, whichever is greater.

(2) This subdivision shall be inapplicable in the event that the director makes a determination, after a public hearing, that the earning levels of freeze-affected individuals have not been significantly reduced as a result of freeze-related unemployment, layoffs, or underemployment during the 1991 calendar year.

(e) This section shall become operative on August 18, 1991, and shall remain in effect only until August 1, 1992, and as of that date is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because workers of low and moderate income are in need of financial support as soon as possible as a result of an unforeseen natural disaster, it is necessary for this act to take effect immediately.

CHAPTER 305

An act to amend Section 90.1 of the Streets and Highways Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 90.1 of the Streets and Highways Code is amended to read:

90.1. The powers and duties enumerated in this section are intended to give the department broader authority to recruit and

retain qualified civil engineers.

(a) The department shall develop and implement a recruitment and incentive program for highway engineer positions which may include, but not be limited to, participation by the department in the repayment of student loans of persons recruited through the program. The department shall not expend more than one hundred twenty-five thousand dollars ($125,000) annually to develop and implement the student loan program, which may be paid from funds available to the department from the State Highway Account.

(b) The department shall determine the number of engineers needed in each of its 12 transportation districts and shall recruit engineers based on the personnel-year needs in each of the districts.

(c) In order to achieve the recruiting goal specified in subdivision (b), the director may offer salaries to prospective employees at any pay level above the lowest salary step, not to exceed the maximum of the range for which that person is qualified. Salaries of existing employees with similar qualifications in the same transportation district shall be increased to that level.

(d) To encourage registration, persons employed in the department's civil engineering entry level classification shall be eligible to advance to a higher salary range within the appropriate classification, as specified in the agreement entered into by the department and Professional Engineers in California Government on May 3, 1991. Movement within this range remains subject to performance criteria.

(e) The department shall provide training or reimbursement for departmental approved training and related expenses to prepare employees for engineering license and certificate examinations. This training shall include, but is not limited to, preparation for civil engineering, land surveying, or landscape architect license examinations, and engineer-in-training or land surveyor-in-training certificate examinations. Employees shall be allowed time off without loss of compensation to attend departmental approved training or educational preparation for those licenses and certificates.

(f) The director may offer student loans of up to five thousand dollars ($5,000) per student for tuition, room, board, and expenses directly related to school attendance, to students enrolled in land surveying or Accreditation Board for Engineering and Technology (ABET) certified structural and civil engineering curriculums. While these loans are intended to help recruit new engineers into the department, the director is not precluded from offering student loans to permanent state employees, at the discretion of the director. The student or employee shall be obligated to repay the entire loan to the department. However, for the first two years the employee works for the department, or the first two additional years an employee agrees to stay with the department, five hundred dollars ($500) of the loan shall be forgiven. For every additional year of employment after the first two or additional two years, one thousand

dollars ($1,000) of the loan shall be forgiven. If the employee voluntarily leaves the employment of the department prior to the entire loan being forgiven, the employee shall pay the remaining portion of the loan in accordance with a proportionate repayment policy adopted by the director. Criteria shall be established by the director to administer this program.

(g) The complexity of the department's engineering work and the level of responsibility imposed on the department's engineering staff have increased significantly. For example, engineering oversight for projects funded from sources such as county tax measures for transportation and the contracting out for basic engineering services have significantly increased that complexity and level of responsibility. To reflect this increase in complexity and level of responsibility, the first level of supervision for engineering positions shall be as specified in the agreement entered into by the department and Professional Engineers in California Government on May 3, 1991.

SEC. 2. The Department of Transportation shall, on or before January 1, 1992, prepare and transmit a preliminary report, and on or before July 1, 1992, prepare and transmit a final report, together with its findings, conclusions, and recommendations to the Legislature on (a) the effectiveness of its recruitment of engineers under Section 90.1 of the Streets and Highways Code, as amended by Section 1 of this act, and (b) its experience in contracting for engineering services outside of the department.

SEC. 3. Sections 1 and 2 of this act shall become operative only if Senate Bill 805 and Senate Bill 1219 of the 1991–92 Regular Session are both chaptered and relate to the contracting for services by the Department of Transportation.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to, as quickly as possible, authorize the Department of Transportation to implement additional innovative measures in its engineer recruitment and retention program, to alleviate a critical shortage of qualified engineers, it is necessary that this act take effect immediately.

CHAPTER 306

An act to amend Section 6512 of the Health and Safety Code, relating to water.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 6512 of the Health and Safety Code is amended to read:

6512. (a) A district may acquire, plan, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain, and operate garbage dump sites and garbage collection and disposal systems, sewers, drains, septic tanks, and sewerage collection, outfall, treatment works and other sanitary disposal systems, and storm water drains and storm water collection, outfall and disposal systems, and water reclamation and distribution systems, as the board deems necessary and proper, and in the performance of these functions, either in or out of the district, it may join through joint powers agreements pursuant to the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, or through other means with any county or municipality or any other district or governmental agency.

(b) Before any garbage dump is established, the location shall first be approved by the county health officer, and, in addition, if the location is within two miles of any city the consent of the governing body of the city shall first be secured.

(c) If the district includes any part of a city, water district, or other local agency which provides water service to any territory in the district, the district shall not supply water service to the territory unless the district first obtains the consent of the city, water district, or other local agency. The consent shall not be revoked, if revocation will result in a decrease of the revenues available to pay the outstanding bonds of the district.

(d) The Department of Water Resources may assist sanitary districts in applying for, and in obtaining approval of, federal and state funding and permits for cost-effective water reclamation projects and shall confer and cooperate with the legislative body of the district during the application and approval process.

An act to amend Sections 44260.3 and 44261 of the Education Code, relating to teacher credentialing.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 44260.3 of the Education Code is amended to read:

44260.3. The minimum requirements for the five-year renewal of the preliminary designated subjects adult education teaching credential shall be all of the following:

(a) A valid designated subjects preliminary adult education teaching credential.

SEC. 2. Section 44261 of the Education Code is amended to read:

44261. Commencing January 1, 1992, the minimum requirements for the teaching credential also include the satisfactory completion of a unit requirement in health education, including, but not limited to, training in, or verification of training in, cardiopulmonary resuscitation which meets the standards established for the courses by the American Heart Association or the American Red Cross, and emphasis on the physiological and sociological effects of abuse of alcohol, narcotics, and drugs and of the use of tobacco.

CHAPTER 308

An act to amend Section 178 of the Corporations Code, relating to corporations.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 178 of the Corporations Code is amended to read:

178. "Proxy" means a written authorization signed or an electronic transmission authorized by a shareholder or the shareholder's attorney in fact giving another person or persons power to vote with respect to the shares of such shareholder. "Signed" for the purpose of this section means the placing of the shareholder's name or other authorization on the proxy (whether by manual signature, typewriting, telegraphic, or electronic transmission or otherwise) by the shareholder or the shareholder's attorney in fact.

A proxy may be transmitted by an oral telephonic transmission if it is submitted with information from which it may be determined that the proxy was authorized by the shareholder, or his or her attorney in fact.

If there are known debts or liabilities for payment of which adequate provision has been made, the

certificate shall state what provision has been made, setting forth the name and address of the corporation, person or governmental agency that has assumed or guaranteed the payment, or the name and address of the depositary with which deposit has been made or such other information as may be necessary to enable the creditor or other person to whom payment is to be made to appear and claim payment of the debt or liability.

(3) That a person or corporation assumes the tax liability, if any, of the dissolving corporation as security for the issuance of a tax clearance certificate from the Franchise Tax Board and is responsible for additional corporate taxes, if any, that are assessed and that become due after the date of the assumption of the tax liability.

(4) That its known assets have been distributed to the persons entitled thereto or that it acquired no known assets, as the case may be.

(5) That the corporation is dissolved.

(b) The assumption agreement specified in paragraph (3) of subdivision (a) shall be submitted to the Secretary of State for transmittal to the Franchise Tax Board. The statement provided for in paragraph (3) of subdivision (a) need not be set forth in the certificate if the assumption agreement specified therein is submitted to the Secretary of State with the certificate.

(c) The certificate of dissolution shall be filed with the Secretary of State and thereupon the corporate powers, rights, and privileges of the corporation shall cease. The Secretary of State shall notify the Franchise Tax Board of the filing and shall forward to the Franchise Tax Board any statement of assumption of tax liability accompanying the certificate of dissolution. The Franchise Tax Board shall determine from the available evidence whether or not all taxes imposed on the corporation pursuant to Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code have been paid or secured and shall notify the taxpayer of any outstanding tax liability and the necessity of satisfying the liability. The Franchise Tax Board shall notify the Secretary of State when all taxes imposed on the corporation pursuant to Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code have been paid or secured, at which time the corporation shall be dissolved as of the date of filing the certificate of dissolution and thereupon its corporate existence shall cease.

(d) When a corporation files a certificate of dissolution the Secretary of State shall notify the corporation that the corporation will be dissolved as of the date of filing only if the Franchise Tax Board notifies the Secretary of State that all taxes imposed on the corporation pursuant to Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code have been paid or secured.

SEC. 1.5. Section 1905 of the Corporations Code is amended to read:

(4) That its known assets have been distributed to the persons entitled thereto or that it acquired no known assets, as the case may be.

(5) That the corporation is dissolved.

(6) If no certificate of election is to be filed pursuant to subdivision (c) of Section 1901, that the election to dissolve was made by the vote of all the outstanding shares.

(5) A post office address to which the Secretary of State may mail a copy of any process against the corporation that is served upon the Secretary of State, which address or the name to which the process should be sent may be changed from time to time by filing a statement signed by a corporate officer stating the new address or name or both.

(b) A tax clearance certificate issued by the Franchise Tax Board pursuant to Section 23334 of the Revenue and Taxation Code shall be filed with the certificate of surrender.

SEC. 3. Section 23153 of the Revenue and Taxation Code is amended to read:

23153. (a) Every bank and corporation described in subdivision (b) shall be subject to the minimum franchise tax specified in subdivision (d) from the earlier of the date of incorporation, qualification, or commencing to do business within this state, until the effective date of dissolution or withdrawal as provided in Section 23331 or, if later, the date the corporation ceases to do business within the limits of this state.

(b) Unless expressly exempted by the provisions of this part or the Constitution of this state, subdivision (a) shall apply to each of the following:

(1) Every bank or corporation which is incorporated under the laws of this state.

(2) Every bank or corporation which is qualified to transact intrastate business in this state pursuant to Chapter 21 (commencing with Section 2100) of Division 1 of Title 1 of the Corporations Code.

(3) Every bank or corporation which is doing business within the limits of this state.

(c) Credit unions shall not be subject to the minimum franchise tax specified in this section.

(d) (1) Except as provided in paragraph (2), banks and corporations subject to the minimum franchise tax shall pay annually to the state a minimum franchise tax of eight hundred dollars ($800).

(2) The minimum franchise tax shall be twenty-five dollars ($25) for each of the following:

(A) A corporation formed under the laws of this state whose principal business when formed was gold mining, which is inactive and has not done business within the limits of the state since 1950.

(B) A corporation formed under the laws of this state whose principal business when formed was quicksilver mining, which is inactive and has not done business within the limits of the state since 1971, or has been inactive for a period of 24 consecutive months or more.

(3) For purposes of paragraph (2), a corporation shall not be considered to have done business if it engages in other than mining.

(e) Notwithstanding subdivision (a), a domestic bank or domestic corporation, as defined in Section 167 of the Corporations Code, that files a certificate of dissolution in the office of the Secretary of State pursuant to subdivision (c) of Section 1905 of the Corporations Code and that does not thereafter do business shall not be subject to the minimum franchise tax for income years beginning on or after the date of that filing.

SEC. 5. Section 23332 of the Revenue and Taxation Code is amended to read:

23332. (a) Except in the case of a taxpayer subject to the provisions of Section 23222a, any taxpayer which is dissolved or withdraws from the state during any taxable year shall pay a tax only for the months of the taxable year which precede the effective date of the dissolution or withdrawal, according to or measured by (1) the net income of the preceding income year or (2) a percentage of net income determined by ascertaining the ratio which the months of the taxable year, preceding the effective date of dissolution or withdrawal, bears to the months of the income year, whichever is the lesser amount. As to financial corporations, the offset from the tax for the months of the taxable year prior to the effective date of the dissolution or withdrawal shall not exceed that proportion of the offset computed under Sections 23184 to 23185b, inclusive, which the number of said months prior to the effective date of the dissolution or withdrawal bears to the number of months of the preceding income year. The taxes levied under this chapter shall not be subject to abatement or refund because of the cessation of business or corporate existence of any taxpayer pursuant to a reorganization, consolidation, or merger (as defined by Section 23251). In any event, each corporation shall pay a tax not subject to offset for the period in an amount equal to the minimum tax prescribed by Section 23153.

(b) The provisions of subdivision (a) shall be applied only with respect to taxpayers which dissolve or withdraw before January 1, 1973. On and after that date, the tax for the taxable year in which the taxpayer ceases doing business, dissolves or withdraws shall be determined under the appropriate provisions of Section 23151.1, 23153, 23181, or 23183, whichever is applicable. However, if all of the following conditions are satisfied, a minimum franchise tax shall not be imposed with respect to the taxable year in which a tax clearance certificate is issued by the Franchise Tax Board:

(1) The taxpayer does not do business in this state at any time during that taxable year.

(2) The taxpayer files a certificate of dissolution with the Secretary of State prior to the beginning of that taxable year, in accordance with Section 1905 of the Corporations Code.

SEC. 6. Section 23334 of the Revenue and Taxation Code is amended to read:

23334. No decree of dissolution shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any such decree, or file in the case of a credit union incorporated under the California Credit Union Law a certificate of election to dissolve, or in the case of any other taxpayer file a certificate of dissolution except as provided in subdivision (c) of Section 1905 of the Corporations Code or any other document by which the term of existence of the taxpayer shall be reduced or terminated, nor shall the Secretary of State file any certificate of the surrender by a foreign corporation of its right to do intrastate business in this state unless the taxpayer obtains from the Franchise Tax Board and files with the court, county clerk or Secretary of State as the case may be, a tax clearance certificate indicating that the Franchise Tax Board is satisfied from the available evidence that all taxes imposed by this chapter have been paid or are secured by bond, deposit, or otherwise. Within 30 days after receiving a request for a certificate, the Franchise Tax Board shall either issue the certificate or notify the person requesting the certificate of the amount of tax that must be paid or the amount of bond, deposit, or other security that must be furnished as a condition of issuing the certificate. The issuance of the certificate shall not relieve the taxpayer or any individual, bank, or corporation from liability for any taxes, penalties, or interest imposed by this part, nor shall the issuance of the certificate in the case of any credit union which revokes its election to wind up and dissolve, relieve that credit union of any taxes, or interest that would have been imposed under this part had the election not been filed.

The Franchise Tax Board shall furnish a copy of the tax clearance certificate to the Secretary of State.

SEC. 7. Section 1.5 of this bill incorporates amendments to Section 1905 of the Corporations Code proposed by both this bill and AB 82. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends

Section 1905 of the Corporations Code, and (3) this bill is enacted after AB 82, in which case Section 1 of this bill shall not become operative.

62062.2. (a) The director, through the hearing process and upon determining that an emergency exists, may provide for a temporary increase in the minimum prices of milk established pursuant to this chapter on any or all classes of milk except classes 4a and 4b. This temporary increase of prices shall be separately stated in the stabilization and marketing plan and shall be in effect for not more than 12 months from the date of the adoption of the increase.

(b) For purposes of this section, "emergency" means an extreme economic hardship on a significant number of milk producers for an extended period of time.

(c) This section shall only be operative when a pooling plan, as provided in Chapter 3 (commencing with Section 62700), is in effect.

(d) This section shall become inoperative after five years from its effective date, and, as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 62713 is added to the Food and Agricultural Code, to read:

62713. (a) Notwithstanding Sections 62711 and 62712, the director shall separate any funds generated from a temporary increase of milk prices pursuant to Section 62062.2 into a subpool. SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 312

An act to amend Section 14529.7 of the Government Code, relating to highways.

[Approved by Governor August 2, 1991 Filed with Secretary of State August 2, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 14529.7 of the Government Code is amended to read:

14529.7. (a) A local jurisdiction may, with the concurrence of the appropriate transportation planning agency, the commission, and the department, advance a project included in the state transportation improvement program to an earlier fiscal year through the use of its own funds. A project advanced in this manner shall be deliverable by the state, or by the local jurisdiction pursuant to agreement, in the earlier year proposed by the local jurisdiction.

If a project is advanced pursuant to this subdivision, the state transportation improvement program shall be revised at the time of annual adoption or by amendment to show the project in the earlier fiscal year.

With the concurrence of the appropriate transportation planning agency, the commission, and the department, one or more replacement state transportation projects shall be identified and included in the state transportation improvement program for the equivalent escalated dollar value and at the originally scheduled fiscal year of the advanced project. If the project to be advanced is programmed with federal funds, the replacement project or projects shall not result in an increase in state matching funds. A replacement project or projects shall have no lower priority for funding and delivery than did the advanced project, as originally scheduled.

(b) A city or county may enter into an agreement with the appropriate transportation planning agency, the department, and the commission to use its own funds to develop, purchase right-of-way for, and construct a street or highway project within its jurisdiction if the project is one which is included in the adopted state transportation improvement program, pursuant to all of the following requirements:

(1) Projects constructed pursuant to this subdivision shall conform to all applicable state and federal design and construction standards.

(2) The commission, in consultation with the department and local transportation officials, shall develop and adopt guidelines to implement this subdivision. The guidelines shall include a requirement that the expenditure of local funds will result in the completion of an operable segment of a street or highway project.

(3) Pursuant to the agreement, and from funds allocated by the commission for the project in the year it was scheduled in the state transportation improvement program, the department shall reimburse a city or county for the actual cost of constructing the project, including the acquisition of right-of-way, with local funds pursuant to this subdivision. The amount reimbursed to a city or county shall not exceed the amount programmed for expenditure for the project in the state transportation improvement program.

(4) From funds appropriated to the department for project development work, the department shall reimburse a city or county for the actual cost of developing the project with local funds pursuant to this subdivision. Reimbursement of project development costs shall not exceed 20 percent of estimated construction costs. In no case shall this reimbursement exceed any lesser amount mutually agreed to by the department, commission, and local agency. Reimbursement shall occur in a year not later than when the project was originally scheduled for delivery in the state transportation improvement program.

(5) The commission shall prepare a report on the progress and impact of the local street and highway construction program authorized by this subdivision and shall include the report as an element of the annual report to the Legislature required pursuant to Sections 14535 and 14536 of the Government Code.

(6) Reimbursements made to local agencies pursuant to this subdivision for expenditures of local voter approved sales and use tax revenues shall be used for the same purposes for which the imposition of the sales and use tax is authorized.

(7) A project which is constructed pursuant to this subdivision is ineligible for funding from the State-Local Transportation Partnership Program established by Chapter 16 (commencing with Section 2600) of Division 3 of the Streets and Highways Code.

CHAPTER 313

An act to amend Sections 14130, 14131, and 14134 of, and to add Section 14131.1 to, the Government Code, relating to the Department of Transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that in implementing Article 2.5 (commencing with Section 14130) of Chapter 2 of Part 5 of Division 3 of Title 2 of the Government Code, the Department of Transportation shall, in addition to the criteria established in that article, do both of the following:

(a) Have state employees perform all engineering and related services to the maximum extent required to meet the goals of that article.

(b) Use every practical means to staff to a level which matches its ability to assimilate and productively use new staff.

SEC. 1.5. Section 14130 of the Government Code is amended to read:

14130. (a) The Legislature hereby finds and declares all of the following:

(1) There is a compelling public interest in ensuring that all federal, state, local, and private funds available for the state highway program are captured and used in a timely manner.

(2) In order to maximize the use of federal, state, local, and private funds and to maintain a competitive posture in seeking supplemental federal funds, it is necessary for California to be plan-ready.

(3) Changes in federal, state, and local revenues and the growing private participation in state highway construction can result in significant fluctuations in workload relating to project study reports, project development, surveying, and construction inspection. To maintain a more stable workforce in the department and avoid the costly process of short-time hiring and layoff while still responding in a timely manner to funding opportunities and uncertainties, additional flexibility through outside contracting and cooperative agreements with local public agencies is needed to supplement the department's program staff.

(b) Therefore, it is the intent of the Legislature that the department contract for the services of engineers, architects, surveyors, planners, environmental specialists, and materials testing specialists, in order to provide professional and technical project development services to the department whenever the department is inadequately staffed to satisfactorily carry out its program of

project study reports, project development, surveying, and construction inspection in a timely and effective manner. It is the further intent of the Legislature to permit, through cooperative agreements with the department, local public agencies to undertake that program of activities on state highway projects for which they are a funding source.

SEC. 2. Section 14131 of the Government Code is amended to read:

14131. The department may contract for the services of engineers, architects, surveyors, planners, environmental specialists, and materials testing specialists to provide professional and technical services relating to project study reports, project development, surveying, and construction inspection whenever the director determines that the guidelines adopted pursuant to Section 14134 are applicable. Services contracted for shall not cause the displacement of any permanent, temporary, or part-time employee of the department.

For purposes of this section, "displacement" means layoff, demotion, involuntary transfer to a new class, or involuntary transfer to a new work location requiring the employee to change his or her place of residence in order to be able to continue in his or her job classification.

SEC. 3. Section 14131.1 is added to the Government Code, to read:

14131.1. The department, in applying the criteria for contracting for services established pursuant to this article, shall consider the workload relating to project study reports, project development, surveying, and construction inspection based on the total program relating to those factors for each fiscal year. In determining the appropriateness of contracting, the provisions of this article and the guidelines adopted pursuant to this article may be applied to the total program relating to project study reports, project development, surveying, and construction inspection for the fiscal year. Application of the provisions of this article and the guidelines to each individual contract for services is not required.

Once the department applies the provisions of this article and the guidelines to the total project development program for the fiscal year and determines the total personnel years allocated for contracting out for the fiscal year, there shall be no further requirement to identify or refer to specific facts or guidelines which justify contracting out regarding individual contracts.

SEC. 4. Section 14134 of the Government Code is amended to read:

14134. (a) The department, after consultation with the commission and local transportation agencies, shall adopt guidelines for determining the appropriateness of contracting with private firms or on projects developed cooperatively with local jurisdictions. The guidelines shall include, but not be limited to, consideration of the following:

(1) Ensuring that all available federal, state, and local funds, including supplemental federal funds, are captured and used in a timely manner.

(2) Reducing short-term fluctuations in the department's workload relating to project study reports, project development, surveying, and construction inspection while still enabling the department to be plan-ready.

(3) Facilitating the expeditious use of locally raised funds for state highway projects, recognizing that, in this instance, local governments are partners in state highway construction and that locally financed projects should not be unnecessarily delayed.

(4) Ensuring that the cost effectiveness of contracting is considered equally with other factors when a determination of the appropriateness of contracting is made.

(5) Ensuring that contract selection is performed in accordance with applicable state laws regarding the selection of professional architectural, engineering, environmental, or land surveying services, and to ensure the selection process avoids or prohibits unlawful or unfair procedures or activities.

(b) These guidelines shall serve as general criteria for the determination of the appropriateness of contracting for services relating to project study reports, project development, surveying, and construction inspection and shall not be deemed to require the department to contract for specific projects solely because they may meet these criteria.

(c) The department may contract with local jurisdictions, rather than with private firms, for professional and technical services relating to project study reports, project development, surveying, and construction inspection. In such a case, the services shall be only for a project located within the area of the local jurisdiction.

SEC. 5. Sections 1, 1.5, 2, 3, and 4 of this act shall become operative only if Senate Bill 805 and Assembly Bill 915 of the 1991–92 Regular Session are both chaptered and relate to the (a) contracting for services by the Department of Transportation and (b) recruitment and retention of engineers by the department, respectively.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reduce transportation project delivery delays and improve transportation service, it is necessary that this act take effect immediately.

CHAPTER 314

An act to amend Sections 4525, 4526, 4527, 4528, 14133, 14135, and 14524.2 of, and to repeal Section 14136 of, the Government Code, relating to contracts.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 2, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 4525 of the Government Code is amended to read:

4525. For purposes of this chapter, the following terms have the following meanings:

(a) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the profession of architecture, landscape architecture, engineering, environmental services, land surveying, or construction project management.

(b) "State agency head" means the secretary, administrator, or head of a department, agency, or bureau of the State of California authorized to contract for architectural, landscape architectural, engineering, environmental, land surveying, and construction project management services.

(c) "Local agency head" means the secretary, administrator, or head of a department, agency, or bureau of any city, county, city and county, whether general law or chartered, or any district which is authorized to contract for architectural, landscape architectural, engineering, environmental, land surveying, and construction project management services.

(d) "Architectural, landscape architectural, engineering, environmental, and land surveying services" includes those professional services of an architectural, landscape architectural, engineering, environmental, or land surveying nature as well as incidental services that members of these professions and those in their employ may logically or justifiably perform.

(e) "Construction project management" means those services provided by a licensed architect, registered engineer, or licensed general contractor which meet the requirements of Section 4529.5 for management and supervision of work performed on state construction projects.

(f) "Environmental services" means those services performed in connection with project development and permit processing in order to comply with federal and state environmental laws.

SEC. 2. Section 4526 of the Government Code is amended to read:

4526. Notwithstanding any other provision of law, selection by a state or local agency head for professional services of private

architectural, landscape architectural, engineering, environmental, land surveying, or construction project management firms shall be on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. In order to implement this method of selection, state agency heads contracting for private architectural, landscape architectural, professional engineering, environmental, land surveying, and construction project management services shall adopt by regulation, and local agency heads contracting for private architectural, landscape architectural, professional engineering, environmental, land surveying, and construction project management services may adopt by ordinance, procedures that assure that these services are engaged on the basis of demonstrated competence and qualifications for the types of services to be performed and at fair and reasonable prices to the public agencies. Furthermore, these procedures shall assure maximum participation of small business firms, as defined by the Director of General Services pursuant to Section 14837.

In addition, these procedures shall specifically prohibit practices which might result in unlawful activity including, but not limited to, rebates, kickbacks, or other unlawful consideration, and shall specifically prohibit government agency employees from participating in the selection process when those employees have a relationship with a person or business entity seeking a contract under this section which would subject those employees to the prohibition of Section 87100.

SEC. 3. Section 4527 of the Government Code is amended to read:

4527. In the procurement of architectural, landscape architectural, engineering, environmental, land surveying, and construction project management services, the state agency head shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data.

(a) When the selection is by a state agency head, statewide announcement of all projects requiring architectural, landscape architectural, engineering, environmental, land surveying, or construction project management services shall be made by the agency head through publications of the respective professional societies. The agency head, for each proposed project, shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three firms regarding anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services and then shall select therefrom, in order of preference, based upon criteria established and published by him or her, no less than three of the firms deemed to be the most highly qualified to provide the services required.

(b) When the selection is by a local agency head, the agency head may undertake the procedures described in subdivision (a). In addition, these procedures shall specifically prohibit practices which might result in unlawful activity including, but not limited to, rebates, kickbacks, or other unlawful consideration, and shall specifically prohibit government agency employees from participating in the selection process when these employees have a relationship with a person or business entity seeking a contract under this section.

SEC. 4. Section 4528 of the Government Code is amended to read:

4528. (a) When the selection is by a state agency head the following procedures shall apply:

(1) The state agency head shall negotiate a contract with the best qualified firm for architectural, landscape architectural, engineering, environmental, land surveying, and construction project management services at compensation which the state agency head determines is fair and reasonable to the State of California or the political subdivision involved.

(2) Should the state agency head be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the agency head determines to be fair and reasonable to the State of California or the political subdivision involved, negotiations with that firm shall be formally terminated. The state agency head shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the state agency head shall terminate negotiations. The state agency head shall then undertake negotiations with the third most qualified firm.

(3) Should the state agency head be unable to negotiate a satisfactory contract with any of the selected firms, the state agency head shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this chapter until an agreement is reached.

(b) When the selection is by a local agency head, the local agency head may undertake the procedures described in subdivision (a).

SEC. 5. Section 14133 of the Government Code is amended to read:

14133. (a) Contracts made pursuant to this article are not subject to Article 4 (commencing with Section 19130) of Chapter 6 of Part 2 of Division 5.

(b) Contracts for engineering, architectural, landscape architectural, or environmental services made pursuant to this article are subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1. Notwithstanding Section 10295 of the Public Contract Code, the determination as to whether the guidelines for contracting adopted pursuant to Section 14134 have been met shall be the sole responsibility of the Director of Transportation. The Department of General Services shall have 30 working days upon

receipt of a contract under this article in which to act on the contract, except in cases where further clarification is required by the department to execute the contract.

SEC. 6. Section 14135 of the Government Code is amended to read:

14135. Each contract for engineering, architectural, or landscape architectural services entered into pursuant to this article and any construction contract resulting therefrom is subject to all of the following conditions:

(a) The engineering, architectural, or landscape architectural firm providing design services for a project is not eligible to bid on or to be awarded the construction contract for that project.

(b) The department shall provide a regular civil service employee as the resident engineer on any construction contract that results from project design services performed by engineers, architects, or landscape architects selected pursuant to this article.

(c) All contract plans and changes to plans prepared by an engineer, architect, or landscape architect selected pursuant to this article shall be subject to review and approval by a licensed engineer, architect, or landscape architect of the department.

SEC. 7. Section 14136 of the Government Code is repealed.

SEC. 8. Section 14524.2 of the Government Code is amended to read:

14524.2. (a) If the department's total project delivery plan for any year pursuant to subdivision (a) of Section 14524.15 requires a permanent and temporary capital outlay support staffing level which equals the 1986–87 budgeted permanent and temporary capital outlay support staffing level, the department's budget request for that year shall contain a permanent and temporary capital outlay support staffing level equal to its 1986–87 authorized permanent and temporary capital outlay support staffing level.

(b) If the department's total project delivery plan for any year pursuant to subdivision (a) of Section 14524.15 requires a permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime and contract services which exceeds the 1986–87 authorized permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime and contract services, the department's budget request for that year shall contain a permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime equal to the 1986–87 authorized permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime plus one-half of the excess over the 1986–87 authorized permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime and contract services. The department may contract out, pursuant to Section 14131, an equal number of personnel year equivalents for each authorized permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime which

exceeds the 1986–87 authorized permanent and temporary capital outlay support staffing level and personnel year equivalents for cash overtime.

(c) For purposes of this section, "permanent and temporary capital outlay support staffing level" means the department's permanent and temporary capital outlay support staffing level funded by state and federal funds through the State Highway Account.

SEC. 9. Sections 1 to 8, inclusive, of this act shall not become operative unless Senate Bill 1219 in the form as amended in Assembly July 9, 1991, and Assembly Bill 915 in the form as amended in Senate June 18, 1991, of the 1991–92 Regular Session, are both chaptered and become effective.

CHAPTER 315

An act to amend Section 1328 of the Penal Code, relating to criminal procedure.

[Approved by Governor August 2, 1991 Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1328 of the Penal Code is amended to read:

1328. (a) A subpoena may be served by any person, except that the defendant may not serve a subpoena in the criminal action to which he or she is a party, but a peace officer shall serve in his or her county any subpoena delivered to him or her for service, either on the part of the people or of the defendant, and shall, without delay, make a written return of the service, subscribed by him or her, stating the time and place of service. The service is made by delivering a copy of the subpoena to the witness personally.

(b) When service is to be made on a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, unless the parent, guardian, conservator, or fiduciary or other specified person is the defendant, and on the minor if the minor is 12 years of age or older. The person so served shall have the obligation of producing the minor at the time and place designated in the subpoena. A willful failure to produce the minor is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure. The person so served shall be allowed the fees and expenses that are provided for subpoenaed witnesses.

(c) Whenever any peace officer designated in Section 830 is required as a witness before any court or magistrate in any action or

proceeding in connection with a matter regarding an event or transaction which he or she has perceived or investigated in the course of his or her duties, a subpoena requiring his or her attendance may be served either by delivering a copy to the peace officer personally or by delivering two copies to his or her immediate superior or agent designated by his or her immediate superior to receive the service. If service is made upon the immediate superior or agent designated by the immediate superior, the immediate superior or the agent shall deliver a copy of the subpoena to the peace officer as soon as possible and in no event later than a time which will enable the peace officer to comply with the subpoena.

(d) If the immediate superior or his or her designated agent upon whom service is attempted to be made knows he or she will be unable to deliver a copy of the subpoena to the peace officer within a time which will allow the peace officer to comply with the subpoena, the immediate superior or agent may refuse to accept service of process and is excused from any duty, liability, or penalty arising in connection with the service, upon notifying the server of that fact.

(e) If the immediate superior or his or her agent is tendered service of a subpoena less than five working days prior to the date of hearing, and he or she is not reasonably certain he or she can complete the service, he or she may refuse acceptance.

(f) If the immediate superior or agent upon whom service has been made, subsequently determines that he or she will be unable to deliver a copy of the subpoena to the peace officer within a time which will allow the peace officer to comply with the subpoena, the immediate superior or agent shall notify the server or his or her office or agent not less than 48 hours prior to the hearing date indicated on the subpoena, and is thereby excused from any duty, liability, or penalty arising because of his or her failure to deliver a copy of the subpoena to the peace officer. The server, so notified, is therewith responsible for preparing the written return of service and for notifying the originator of the subpoena if required.

(g) Notwithstanding subdivision (c), in the case of peace officers employed by the California Highway Patrol, if service is made upon the immediate superior or upon an agent designated by the immediate superior of the peace officer, the immediate superior or the agent shall deliver a copy of the subpoena to the peace officer on the officer's first workday following acceptance of service of process. In this case, failure of the immediate superior or the designated agent to deliver the subpoena shall not constitute a defect in service.

CHAPTER 316

An act to amend Section 1596.792 of the Health and Safety Code, relating to child day care.

[Approved by Governor August 2, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.792 of the Health and Safety Code is amended to read:

1596.792. This chapter and Chapters 3.5 (commencing with Section 1596.90) and 3.6 (commencing with Section 1597.30) do not apply to any of the following:

(a) Any health facilities, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any community care facility, as defined by Section 1502.

(3) There can be no payment of money or receipt of in-kind income in exchange for the provision of care. This does not prohibit in-kind contributions of snacks, games, toys, blankets for napping, pillows and other materials parents deem appropriate for their children. It is not the intent of this paragraph to prohibit payment for outside activities, the amount of which may not exceed the actual cost of the activity.

(4) No more than 12 children are receiving care in the same place at the same time.

(f) Any arrangement for the receiving and care of children by a relative.

(2) Is not operated by an organization specified in Section 1596.793.

(j) Any child day care program which operates only one day per week for no more than four hours on that one day.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605.7 of the Business and Professions Code is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section until January 1, 1992. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and one-tenth of 1 percent distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, and the amount of actual operating expenses, as determined by the board, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section

19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and one-tenth of 1 percent shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) or (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. For harness, quarter horse, and mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities.

(d) In addition to the distributions specified in subdivisions (a), (b), and (c), for thoroughbred meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility shall be allocated to the association providing the racing program to reimburse it for any costs of offsite stabling and vanning which are required pursuant to Section 19535. The amount of the reimbursement payable to an association for offsite stabling shall not exceed the actual cost to the association of maintaining stalls at its racetrack plus the actual costs incurred by the association to provide vanning and transportation of racehorses from offsite stabling facilities to its racetrack.

(e) In addition to the distributions specified in subdivisions (a), (b), and (c), for fair meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility shall be allocated to the organization representing racing fairs to reimburse fairs for the actual cost of providing offsite stabling required by the board pursuant to Section 19535. If fairs contract with associations to provide offsite stabling during fair meetings, the cost incurred by fairs shall not exceed the actual cost to the association of maintaining the stalls or the amount of reimbursement funds made available pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, "actual cost" does not include fixed overhead or administrative expenses which would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) or (e) that are not expended within 90 days of the end of the meeting at which they are collected shall be reallocated for promotion of the program at satellite wagering facilities, as provided in subdivision (c).

(h) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, thirty-three hundredths of 1 percent of the total amount handled by each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(i) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. Section 19605.71 of the Business and Professions Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section until January 1, 1992. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and one-tenth of 1 percent distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, and the amount of actual operating expenses, as determined by the board,

It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 19605.73 of the Business and Professions Code is amended to read:

It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivisions (a) and (b), for thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent of the total amount handled by the satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. CHAPTER 318

An act to add Section 95.6 to the Streets and Highways Code, relating to highways.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The use of deicing salt on some California state highways has resulted in environmental damage to trees and other roadside vegetation.

(b) Deicing salt causes corrosion problems to public infrastructure and private automobiles.

(c) Reduced use of deicing materials increases the number of vehicular accidents and results in additional delays in the movement of interstate transportation.

(d) The Department of Transportation, pursuant to Resolution Chapter 157 of the Statutes of 1989, evaluated the use of a deicing salt substitute on state highways and reported its findings and recommendations to the Legislature and the Governor.

(e) Where environmental damage from salt use is considered too great, it is necessary to develop a snow and ice removal policy that does not compromise the safety of the motoring public.

(f) It is the intent of the Legislature that the use of salt as a primary deicing agent on state highways be reviewed on a route-by-route basis, with priority being given to areas already

damaged by the cumulative effect of the drought and road salt, including, but not limited to, the Lake Tahoe Basin, with the objective that the use of salt be reduced from the yearly average use during the period 1976 to 1988, inclusive, or replaced with an environmentally safe deicing method.

SEC. 2. Section 95.6 is added to the Streets and Highways Code, to read:

95.6. (a) The department shall adopt and implement, on or before July 1, 1992, a deicing policy for state highways. The policy shall be set forth in a plan and method for deicing state highways, using all appropriate deicing technologies, while at the same time maintaining highway safety.

(b) The plan shall be submitted to the Legislature on or before July 1, 1992. All or part of the elements of the plan shall be incorporated in the department's budget proposal for the 1992–93 fiscal year and budget proposals for subsequent fiscal years. The department shall examine all possible funding sources.

(c) The plan shall include, but not be limited to, all of the following:

(1) A review of research conducted in California and other states on the use of deicing salt substitutes and deicing technologies.

(2) When available, the incorporation of applicable technical findings of the ongoing study by the Transportation Research Board of the National Research Council which will analyze the costs to the public and private sectors, including, but not limited to, damage to vegetation, highway structures, and motor vehicles, of using salt as a deicing agent as compared with the use of commercially available substitute deicing materials or techniques.

(3) A plan for reducing or eliminating the use of salt as a primary deicing agent on specified routes, including, but not limited to, State Highway Routes 28, 50, 80, and 89 in the Lake Tahoe Basin, and substituting environmentally safe deicing techniques where significant environmental damage has already occurred, in accordance with the legislative intent expressed in subdivision (f) of Section 1 of the act which added this section.

(4) An analysis of the direct cost to each state transportation district for both initial capital costs, including repair of road salt's environmental damage, and annual costs to convert to an environmentally safe deicing policy.

CHAPTER 319

An act to amend Section 89720 of, and to add Section 89720.5 to, the Education Code, relating to postsecondary education.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the efficient and economical handling of state property is a matter of statewide concern, and it is therefore necessary and desirable that opportunities for flexible and expeditious handling of property be provided to the various agencies of state government. The purpose of this act is to grant the Trustees of the California State University the ability to react expeditiously to real property opportunities that will best meet future campus requirements. However, this act is intended to apply only to interests in real property received by the California State University as gifts, bequests, devises, or donations pursuant to Section 89720 of the Education Code.

Further, it is the intent of the Legislature that this act not exempt the Trustees of the California State University from any other requirements of law relating to state property, such as Chapter 907 of the Statutes of 1986, or from other provisions of law which require that the Trustees of the California State University not expend revenues received from the disposition of real property received pursuant to Section 89720 of the Education Code without the approval of the Director of Finance.

SEC. 2. Section 89720 of the Education Code is amended to read:

89720. The trustees may accept on behalf of the state any gift, bequest, devise, or donation of real or personal property whenever the gift and the terms and conditions thereof will aid in carrying out the primary functions of the California State University as specified in Section 66608. Neither Section 11005 of the Government Code nor any other law requiring approval by a state officer of gifts, bequests, devises, or donations shall apply to these gifts, bequests, devises, or donations. These gifts, bequests, devises, or donations, and the disposition thereof, shall be annually reported to the California Postsecondary Education Commission, the Joint Legislative Budget Committee, and the Department of Finance by January 5 of each year.

Notwithstanding Sections 11005.2 and 14664 of the Government Code or any other law to the contrary, the trustees may sell or exchange interests in real property received pursuant to this section when, in the judgment of the trustees, the sale or exchange is in the best interests of the California State University. No sale or exchange of an interest in real property made pursuant to this section shall exceed ten million dollars ($10,000,000) per transaction.

Notwithstanding Sections 11005 and 15853 of the Government Code or any other provision of law to the contrary, the trustees may purchase interests in real property from moneys received pursuant to this section, including those moneys received from the sale or exchange of interests in real property pursuant to this section. Any such purchase shall be consistent with any restrictions placed upon the gift, bequest, devise, or donation and shall be in the best interests of the California State University, as determined by the trustees.

No interest in any real property that is part of a main campus of any of the institutions of the California State University listed in Section 89001 shall be sold or exchanged pursuant to this section.

Any sale or exchange of interests in real property carried out pursuant to this section shall be reported annually to the California Postsecondary Education Commission, the Joint Legislative Budget Committee, and the Department of Finance, by January 5 of each year.

SEC. 3. Section 89720.5 is added to the Education Code, to read:

89720.5. Prior to the sale of any interests in real property pursuant to Section 89720, the trustees shall offer the interests to local governmental agencies. It is the intent of the Legislature that the trustees may transfer interests at less than fair market value under the conditions described in Section 11011.1 of the Government Code, except that all powers and duties of the Director of General Services, the Department of General Services, and the State Public Works Board under that section shall be performed by the trustees.

For purposes of this section, "local governmental agencies" shall not include private entities, private nonprofit entities, private tax exempt entities, or any consortium, cooperative, or combination of private-public entities or organizations.

CHAPTER 320

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 10235.5 is added to the Business and Professions Code, to read:

10235.5. No real estate licensee shall place an advertisement disseminated primarily in this state for a loan unless there is disclosed within the printed text of that advertisement, or the oral text in the case of a radio or television advertisement, the license under which the loan would be made or arranged.

SEC. 2. Section 17539.4 is added to the Business and Professions Code, to read:

17539.4. No person shall place an advertisement disseminated primarily in this state for a loan which utilizes real property as collateral unless there is disclosed within the printed text of that advertisement, or the oral text in the case of a radio or television advertisement, the license under which the loan would be made or arranged, the state regulatory entity supervising that type of loan transaction or, in the case of unlicensed lending activity, a statement that the loan is being made or arranged by an unlicensed party who is not operating under the regulatory supervision of a state agency.

This section shall not apply to any bank or bank holding company, or to any savings association or federal association as defined by Section 5102 of the Financial Code, or to any subsidiary or affiliate of these entities if the subsidiary or affiliate is not separately licensed.

SEC. 3. Section 22411.5 is added to the Financial Code, to read:

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The court shall include a consideration of the nature of the acts from which the parent was enjoined and the period of time that has elapsed since that order in its deliberations.

A parent may submit the name of a person to the court that he or she deems suitable to be present during visitation.

SEC. 2. Section 7004.5 of the Civil Code is amended to read:

7004.5. A court may order pendente lite relief consisting of an award of custody pursuant to Section 4600 or the granting of reasonable visitation rights pursuant to Section 4601, if it finds, based on the tests authorized by Section 621 of the Evidence Code, that a parent-child relationship exists pursuant to Section 621 of the Evidence Code and that the award of custody or the granting of visitation rights would be in the best interests of the child.

In making an award authorizing visitation pursuant to this section, if an order has been directed to a parent pursuant to paragraph (2), (3), or (6) of subdivision (a) of Section 4359 or pursuant to Section 4516, paragraph (1), (2), or (3) of subdivision (a) of Section 7020 or pursuant to Section 7021, or Section 546 or subdivision (a) of Section 547 of the Code of Civil Procedure, the court shall consider whether the best interest of the child requires that any visitation granted to that parent shall be limited to situations in which a third person, specified by the court, is present. The court shall include a consideration of the nature of the acts from which the parent was enjoined and the period of time that has elapsed since that order in its deliberations.

A parent may submit the name of a person to the court that he or she deems suitable to be present during visitation.

An act to add Section 86112.5 to the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

(c) The remedies provided in Chapter 3 (commencing with Section 83100) constitute the exclusive penalty for a violation of this

section. The remedies provided in Chapter 11 (commencing with Section 91000) do not apply to this section.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 323

An act to add Section 1526.4 to the Fish and Game Code, relating to state lands, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 1526.4 is added to the Fish and Game Code, to read:

1526.4. (a) The department, upon request of the leaseholder, shall extend any existing lease for a recreational homesite on Lower Sherman Island to the holder of any lease of lands under the control of the department, under the following conditions:

(1) The existing lease is between the department and an individual person, partnership, or any affiliated group of two or more persons.

(2) Subject to subdivision (e), the lease may be extended for the natural life of the person who is the leaseholder on January 1, 1991. With respect to any lease to an affiliated group or an association of persons, the lease shall expire upon the death of the last individual who is a leaseholder on January 1, 1991.

(3) The lease, or any interest therein, may not be transferred, bequeathed, hypothecated, encumbered, sublet, assigned, sold, alienated, exchanged, or otherwise changed to the benefit of another party. The leaseholder shall annually certify to the department that he or she has not transferred, bequested, hypothecated, encumbered, sublet, assigned, sold, alienated, or exchanged the lease for consideration or by gift, or otherwise.

(4) If a lease is violated or breached by the leaseholder at any time during the life of the leaseholder, the lease may be terminated by the department within 30 days of the receipt by the department of actual or constructive notice of the breach.

(b) All leases entered into pursuant to this section shall include the following:

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 324

An act to amend and repeal Section 7071.6 of the Business and Professions Code, relating to contractors.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 7071.6 of the Business and Professions Code, as amended by Section 1 of Chapter 1177 of the Statutes of 1989, is amended to read:

7071.6. (a) Except as provided in Section 7071.8 and subdivision (b), the board shall require, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license, that the applicant file or have on file a contractor's bond in the sum of five thousand dollars ($5,000). No bond shall be required of a holder of an inactive license during the period the license is inactive.

(b) Notwithstanding subdivision (a), the board shall require, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license for the license classification of swimming pool contractor, that the applicant file or have on file a contractor's bond in the sum of ten thousand dollars ($10,000). No bond shall be required of a holder of an inactive license during the period the license is inactive.

(c) Notwithstanding any other provision of the law, the board shall require, as a condition to the continued maintenance of any active license, that the holder of a license file, or have on file, on and after January 1, 1980, a contractor's bond in the sum of five thousand dollars ($5,000); provided, that the holder of a license for the classification of swimming pool contractor file, or have on file, a contractor's bond in the sum of ten thousand dollars ($10,000).

(d) Notwithstanding any other provision of law, the board shall require, as a condition precedent to the issuance, reinstatement, or reactivation of a license, that an applicant, previously found to have failed or refused to pay a contractor, subcontractor, consumer, materials supplier, or employee based on an entered and unsatisfied final judgment from a court of law, file or have on file with the board a judgment bond or other security sufficient to guarantee payment of an amount equal to the unsatisfied final judgment or judgments. The applicant shall have 90 days from date of notification by the board to file the bond or the application shall become void and the applicant shall reapply for issuance, reinstatement, or reactivation of a license. The board may not issue, reinstate, or reactivate a license until the judgment bond is filed with the board. The judgment bond is in addition to the contractor's bond. The bond shall be on file for a minimum of one year, after that the bond may be removed by submitting proof of satisfaction of all debts. The applicant may

provide the board with a notarized copy of any accord, reached with any judgment creditor holding an unsatisfied final judgment, to satisfy a debt in lieu of filing the bond. Failure to maintain the bond or failure to abide by the accord shall result in the automatic suspension, by operation of law, of any license to which this section applies. After a license is suspended for failure to maintain the bond or abide by the accord the license can only be reinstated when proof of a satisfaction of all debts is made.

Except as otherwise provided, the judgment bond shall remain in full force in the amount posted until the entire debt is satisfied. If at the time of renewal, the licensee submits proof of partial satisfaction of the outstanding final judgment, the board may authorize the judgment bond be reduced to the amount of the unsatisfied portion of the outstanding judgment. When the licensee submits proof of satisfaction of all debts, the judgment bond requirement may be removed.

The board shall include on the license application for issuance, reinstatement, or reactivation, a statement, to be made under penalty of perjury, as to whether there are any entered and unsatisfied judgments against the applicant on behalf of contractors, subcontractors, consumers, or the applicant's employees. Notwithstanding any other provision of law if it is found that the applicant falsified the statement then the license will be retroactively suspended to date of issuance and the license will stay suspended until the judgment bond is filed.

This subdivision applies only with respect to an unsatisfied judgment which is substantially related to the qualifications, functions, or duties of the license being applied for. This section shall not apply to an applicant for issuance, reinstatement, or reactivation where an unsatisfied judgment has been fully discharged in a completed bankruptcy proceeding.

(e) Notwithstanding any other provision of law, the licensee shall notify the registrar in writing of any entered and unsatisfied judgments within 90 days from the date of judgment.

If the licensee fails to notify the registrar in writing within 90 days, the license shall be automatically suspended on the date that the registrar is informed, or is made aware of the unsatisfied judgment. The suspension shall not be removed until proof of satisfaction of judgment is submitted to the registrar.

This section applies only with respect to an unsatisfied judgment which is substantially related to the qualifications, functions, or duties of the license being applied for. In lieu of submitting proof of satisfaction of judgment in order to remove this suspension a licensee may submit proof that the unsatisfied judgment has been fully discharged in a completed bankruptcy proceeding.

If the licensee notifies the registrar in writing within 90 days of the date of judgment of any entered and unsatisfied judgments the board shall require as a condition to the continual maintenance of the license that the licensee file or have on file with the board a

judgment bond or other security sufficient to guarantee payment of an amount equal to the unsatisfied judgment or judgments. The licensee has 90 days from date of notification by the board to file the bond or at the end of the 90 days the license shall be automatically suspended. The licensee may provide the board with a notarized copy of any accord, reached with any individual holding an unsatisfied judgment, to satisfy a debt in lieu of filing the bond. Failure to maintain the bond or failure to abide by the accord shall result in the automatic suspension, by operation of law, to any license that this section applies. If a licensee does not file the bond within 90 days from the board's date of notification and the license is suspended or if the bond is not maintained and the license is suspended or if the licensee does not abide by the accord and the license is suspended the license suspension can only be removed and the license reinstated when proof of a satisfaction of all debts is made.

Except as otherwise provided, the judgment bond shall remain in full force in the amount posted until the entire debt is satisfied. If at the time of renewal, the licensee submits proof of partial satisfaction of the outstanding final judgment, the board may authorize the judgment bond be reduced to the amount of the unsatisfied portion of the outstanding judgment. When the licensee submits proof of satisfaction of all debts, the judgment bond requirement may be removed.

(f) The board shall take the actions required by this section upon notification by any party having knowledge of the outstanding judgment upon a showing of proof of the judgment.

(g) For the purposes of this section, the term "judgment" includes any final arbitration award.

(h) Notwithstanding any other provision of law, as a condition precedent to licensure, the board may require an applicant to post a contractor's bond in twice the amount required pursuant to subdivision (a) until such time as the license is renewed, under the following conditions:

(1) The applicant has either been convicted of a violation of Section 7028 or has been cited pursuant to Section 7028.7.

(2) If the applicant has been cited pursuant to Section 7028.7, the citation has been reduced to a final order of the registrar.

(3) The violation of Section 7028, or the basis for the citation issued pursuant to Section 7028.7, constituted a substantial injury to the public.

SEC. 2. Section 7071.6 of the Business and Professions Code, as added by Section 2 of Chapter 1177 of the Statutes of 1989, is repealed.

CHAPTER 325

An act to amend Section 56728.7 of the Education Code, relating to special education.

[Approved by Governor August 5, 1991 Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 56728.7 of the Education Code is amended to read:

56728.7. (a) The Superintendent of Public Instruction may conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education, either individually or through special education local plan areas, to establish programs in public schools for individuals with exceptional needs who are currently placed in nonpublic, nonsectarian schools and to develop plans for the return of these pupils to an appropriate public school program, with a view of determining whether these new programs can provide an effective mainstreaming education program in a less restrictive environment which is appropriate to each pupil's needs for services as specified in his or her written individualized education program. Services provided pursuant to this section to each pupil by a written individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team. The superintendent shall select, for this purpose, no more than 10 school districts or county offices of education that are willing to participate in the pilot project, through an application process to be developed by the superintendent during the 1991–92 fiscal year in accordance with subdivision (b). A maximum of 200 pupils shall participate in the statewide pilot program at any given time. Of the 200 pupils, not more than 50 pupils shall be from any one school district, and no more than 15 pupils from any one school district shall be funded pursuant to Article 8.5 (commencing with Section 56775).

(b) The superintendent shall ensure that the local application describes the program and fiscal resources that it shall use in implementing the pilot program, including, but not limited to, the establishment of the Local Pilot Program Advisory Committee and its implementing policies for the pilot program. The superintendent shall make every effort to ensure that the racial, ethnic, and socioeconomic composition of the Local Pilot Program Advisory Committee reflects the current racial, ethnic, and socioeconomic composition of the exceptional pupil population in the school

districts in which the pilot programs are established.

In its preparation of the application for participation in the pilot program, the local education agency shall consult with the special education local plan area in which it is a member and describe the impact the pilot program would have on other programs and resources available within the special education local plan area.

In addition, the superintendent shall ensure that there is a sampling of multiple sizes of school districts and county offices of education, including special education local plan areas whose special education plan serves an average daily attendance of 30,000 or more. The sampling shall also include all of the following:

(1) Local education agencies in urban and rural settings.

(2) Local education agencies serving large populations of individuals with exceptional needs from low-income and ethnic and linguistic minority families.

(3) Local education agencies impacted by a large number of individuals with exceptional needs who are served by nonpublic, nonsectarian schools and agencies.

(4) Local education agencies impacted by a large number of individuals with exceptional needs who reside in a foster family home, licensed children's institution, hospital, or other similar medical facility and who are served by nonpublic, nonsectarian schools or agencies.

(c) Consistent with Section 56366 and other provisions of law, it is the intent of the Legislature that programs developed pursuant to this section shall ensure the participation of, and coordination with, local contracted nonpublic, nonsectarian schools through the establishment of a Local Pilot Program Advisory Committee in order to develop, monitor, and evaluate policies to ensure that pupils' placements are changed when adequate progress is made and readiness for placement in a less restrictive environment located in a public school is achieved.

(1) The Local Pilot Program Advisory Committee shall be comprised of representatives of local public and contracted nonpublic school programs, parents, and other local public agencies providing services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Representatives of each Local Pilot Program Advisory Committee shall include two representatives of local contracted nonpublic schools designated by the California Association of Private Specialized Education and Services without regard to membership, one of whom shall be a representative of a licensed children's institution when it is determined that pupils in a licensed children's institution in a nonpublic school program placement may be considered for placement in a mainstreaming educational program, a representative of the special education local plan area administrative unit, a teacher representative of a local public school participating in the pilot, a parent representative of the local community advisory committee, pursuant to Public Law 94-142, a

representative of a parent advocate, a representative of the local mental health advisory board, and a representative of each local public agency providing services to exceptional pupils within the special education local plan area under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(2) Notwithstanding any other provision of law, the Local Pilot Program Advisory Committee shall advise on the development, monitoring, and evaluation of policies and procedures that are necessary to implement the pilot program. The advisement shall include, but not necessarily be limited to, the following subjects:

(A) Pupil behaviors.

(B) Pupil achievement and classroom performance reports.

(C) Curriculum and class size.

(D) Adequate support services.

(E) Personnel qualifications.

(3) The Local Pilot Program Advisory Committee shall also advise on development procedures and criteria for evaluating the effectiveness of the pilot program pursuant to paragraph (1) of subdivision (e) and shall annually submit a written evaluation of the pilot program to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall evaluate selected pilot programs, based on the report of each advisory committee of how goals for an effective mainstream education program have been met in accordance with pupils' written individualized education program.

(d) (1) Notwithstanding any other provision of law, in the 1992–93, 1993–94, and 1994–95 fiscal years, the Superintendent of Public Instruction shall apportion to each of the school districts or county offices of education selected pursuant to subdivision (a), in addition to any funds to which that district or county office is entitled under this chapter, an apportionment for each pupil who is placed by that district or county office in a public school program pursuant to this section, that is equal to the average amount apportioned to the special education local plan area in which that district or county office is located for pupils under Sections 56740 and 56775 in the 1991–92 fiscal year, excluding the costs of room and board as identified by Section 56741. The costs resulting to that district or county office from the placement of any pupil in a public program operated by the district or county office pursuant to this section, including any residual nonpublic school costs for pupils transitioning into the public program, shall be funded from this apportionment. No school district or county office of education shall be entitled to receive any funding under Section 56740 or 56775 in any fiscal year based on the enrollment of any pupil for which that district or county office receives funding in that fiscal year under this subdivision.

(2) The apportionment authorized under paragraph (1) may only be provided for pupils who were enrolled in a nonpublic, nonsectarian school in the 1991–92 fiscal year. Each pupil's placement shall be changed, in accordance with this part, to a public

school special education program as described under this section no later than June 30, 1994.

(3) A school district or county office of education is not entitled to receive both a nonpublic school entitlement under Section 56740 or 56775, and a pilot program apportionment as authorized by paragraph (1) in any fiscal year for pupils participation in the statewide pilot project.

(4) If a participating pupil leaves the pilot program due to age or achievement, a change of district of residence, or if it is subsequently determined by an individual education program team that a pupil's programmatic needs cannot be successfully met in the mainstream education program, another pupil may replace that pupil if the new pupil meets the conditions for participation specified in paragraph (2). If a pupil leaves the pilot program during any fiscal year for any of the above reasons, and the pupil cannot be replaced by another pupil who meets the conditions specified in paragraph (2), the school district or county office shall provide an adjusted full-time equivalent number of pupils who actually participated in the statewide pilot program for each fiscal year to the Superintendent of Public Instruction by no later than September 30 following each fiscal year of the pilot project. The adjusted full-time equivalent number of pupils shall be used to compute an appropriate reduction in the preceding fiscal year's annualized pilot program apportionment authorized under paragraph (1) before the adjustments, if any, as specified in paragraph (7) are performed.

(5) If a nonpublic school program is resumed for a pupil due to an unsuccessful transition to a mainstream education program, the district or county office may resume the reporting of nonpublic school costs under Sections 56740 and 56775 if the Superintendent of Public Instruction has been notified as specified in paragraph (4).

(6) The apportionment authorized under this section shall include the costs of one certificated person who shall serve as a mainstream education liaison. The workload of a mainstream education liaison shall not exceed a full-time equivalent per pupil caseload of 20.

(7) The apportionment authorized under paragraph (1) shall be used solely for purposes of providing special education programs. Any excess apportionment remaining from the costs of operating pilot programs pursuant to this section shall be adjusted from the subsequent year's apportionment which the district or county office of education may be eligible to receive. The amount of excess pilot program apportionment shall be reported to the Superintendent of Public Instruction by not later than September 30 following each fiscal year of the pilot project.

(e) Notwithstanding any other provision of law, pilot project pupils shall not be included in the calculation of the number of instructional personnel services units to which a school district or county office is entitled, in the calculation of pupil service ratio as provided in Section 56760, or in the enrollment used to compute

extended year entitlements pursuant to Section 56726.

(f) This section shall not be construed to authorize any increase in state apportionments for special education to which a participating school district or county office of education is entitled under this chapter.

(g) (1) The Superintendent of Public Instruction shall evaluate the pilot program or programs operated under this section pursuant to criteria developed in consultation with the participating school districts or county offices of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or county office accomplished each of the following objectives:

(A) Provided pupils who were formerly placed in nonpublic, nonsectarian schools with an appropriate and effective mainstreaming education program which is consistent with the pupils' needs as specified in their individualized education program and located in a less restrictive environment in a public school.

(B) Served those pupils in age-appropriate, less restrictive environments, including interaction or receiving instruction with their nonhandicapped peers.

(C) Provided programs and services located in a public school to those pupils at a public cost no greater than that incurred in the nonpublic, nonsectarian school setting, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs shall be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(2) The superintendent shall report the results of the evaluation to the Legislature no later than January 1, 1996.

(h) This section shall remain in effect only until September 1, 1996, and as of that date is repealed.

(b) The Director of Food and Agriculture shall annually project the available revenues from this source and submit a recommendation to the Governor for the additional staff and contracts necessary to carry out those sections.

(a) Cancel the notice of delinquent parking violation and make an adequate record of the reasons for canceling the notice, in which case no further proceedings shall occur.

(b) File an itemization of unpaid parking penalties, including administrative fees, and the amount of the costs of the processing agency for costs of service, with the department for collection with the registration of the vehicle pursuant to Section 4760.

(c) File a criminal complaint with the court, together with supporting documents and other evidence, pursuant to Section

40230.

(d) If more than four hundred dollars ($400) in unpaid penalties and fees have been accrued by any person, bring a civil action against that person to collect the penalties and fees. If a judgment is rendered for the processing agency, that agency may contract with a collection agency licensed pursuant to Chapter 8 (commencing with Section 6850) of Division 3 of the Business and Professions Code to collect the amount of that judgment.

SEC. 3. Section 40230 of the Vehicle Code is amended to read:

40230. (a) A criminal complaint pursuant to Section 40206.5, 40209, 40210, 40215, or 40223, shall be filed with the court within 15 days after the defendant requests a court hearing or fails to appear.

(b) If the notice is prepared in the form approved by the Judicial Council, the processing agency may, in lieu of a complaint, file a copy of the notice of delinquent parking violation issued for service under Section 40206, and a copy of the affidavit of service or of the promise to appear. That notice shall serve as a complaint on which a warrant may issue.

(c) After the filing of a criminal complaint or notice of delinquent parking violation under this section, the court shall exercise all further jurisdiction over the violation. Any fines or forfeitures collected by the court, after filing of a complaint, shall be collected, deposited, and disbursed as are fines and forfeitures in other prosecutions of violations of this code.

CHAPTER 331

An act to amend Sections 27361, 29550, and 76000 of, to amend the heading of Article 12 (commencing with Section 29550) of Chapter 2 of Division 3 of Title 3 of, and to add Section 29550.1 to, the Government Code, to amend Section 30462 of the Revenue and Taxation Code, and to add and repeal Section 42007.1 of the Vehicle Code, relating to trial court funding, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The State of California faces an unprecedented fiscal crisis, and the solution to that crisis requires the participation of every branch of government.

(b) The state, through enactment of Chapter 90, Statutes of 1991, committed to increase the state's share of trial court funding to 50 percent in fiscal year 1991–1992 and to 70 percent by fiscal year 1995–96.

(c) The trial courts of California, through sacrifices enacted in Chapter 90, Statutes of 1991, have committed to a fair share of the burden of solving the state's unprecedented fiscal crisis.

(d) It is therefore incumbent on other branches of government to assist in the adequate funding of the state's trial courts.

SEC. 2. Section 27361 of the Government Code is amended to read:

27361. The fee for recording and indexing every instrument, paper, or notice required or permitted by law to be recorded is as follows: four dollars ($4) for recording the first page and three dollars ($3) for each additional page or fraction of a page. One dollar ($1) of each three dollar ($3) fee for each additional page shall be transmitted by the county treasurer monthly to the Controller and deposited in the General Fund. If the printing on printed forms is spaced more than nine lines per vertical inch or more than 22 characters and spaces per inch measured horizontally for not less than three inches in one sentence the recorder shall charge one dollar ($1) additional for each page on which such printing appears excepting, however, that such additional charge shall not apply to printed words which are directive or explanatory in nature for completion of the form or on vital statistics forms.

One dollar ($1) for recording the first page and one dollar ($1) for each additional page or fraction of a page shall be available solely to support, maintain, improve, and provide for the full operation for modernized creation, retention, and retrieval of information in each

county's system of recorded documents.

SEC. 3. The heading of Article 12 (commencing with Section 29550) of Chapter 2 of Division 3 of Title 3 of the Government Code is amended to read:

Article 12. Criminal Justice Administrative Fees

SEC. 4. Section 29550 of the Government Code is amended to read:

29550. (a) Notwithstanding any other provision of law, a county may impose a fee upon a city, special district, school district, community college district, college, or university for reimbursement of county expenses incurred with respect to the booking or other processing of persons arrested by an employee of that city, special district, school district, community college district, college, or university, where the arrested persons are brought to the county jail for booking or detention. The fee imposed by a county pursuant to this section shall not exceed the actual administrative costs, including applicable overhead costs as permitted by federal Circular A-87 standards, incurred in booking or otherwise processing arrested persons. A county may submit an invoice to a city, special district, school district, community college district, college, or university for these expenses incurred by the county on and after July 1, 1990.

(b) Any county whose officer or agent arrests a person is entitled to recover from the arrested person a criminal justice administration fee for administrative costs it incurs in conjunction with the arrest if the person is convicted of any criminal offense related to the arrest. The fee which the county is entitled to recover pursuant to this subdivision shall not exceed the actual administrative costs, including applicable overhead costs as permitted by federal Circular A-87 standards, incurred in booking or otherwise processing arrested persons. A judgment of conviction may contain an order for payment of the amount of the criminal justice administration fee by the convicted person, and execution may be issued on the order in the same manner as a judgment in a civil action, but the order shall not be enforceable by contempt. The court may, as a condition of probation, order the convicted person to reimburse the county for the criminal justice administration fee.

(c) An administrative screening fee of twenty-five dollars ($25) shall be collected from each person arrested and released on his or her own recognizance upon conviction of any criminal offense related to the arrest. A citation processing fee in the amount of ten dollars ($10) shall be collected from each person cited and released by any peace officer in the field or at a jail facility upon conviction of any criminal offense related to the criminal offense cited in the notice to appear. However, the court may determine a lesser fee than otherwise provided in this subdivision upon a showing that the defendant is unable to pay the full amount. All fees collected pursuant to this subdivision shall be transmitted by the county

treasurer monthly to the State Controller for deposit in the General Fund. This subdivision applies only to convictions occurring on or after the effective date of the act adding this subdivision and prior to June 30, 1996.

SEC. 5. Section 29550.1 is added to the Government Code, to read:

29550.1. Any city, special district, school district, community college district, college, university, or other local arresting agency whose officer or agent arrests a person is entitled to recover any criminal justice administration fee imposed by a county from the arrested person if the person is convicted of any criminal offense related to the arrest. A judgment of conviction may contain an order for payment of the amount of the criminal justice administration fee by the convicted person, and execution may be issued on the order in the same manner as a judgment in a civil action, but the order shall not be enforceable by contempt. The court may, as a condition of probation, order the convicted person to reimburse the city, special district, school district, community college district, college, university, or other local arresting agency for the criminal justice administration fee.

SEC. 6. Section 76000 of the Government Code, as added by Assembly Bill 544 of the 1991–92 Regular Session, is amended to read:

76000. (a) In each county there shall be levied an additional penalty of seven dollars ($7) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except parking offenses subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code.

The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. The county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50) for each parking

case presented to or filed in the courts of the county. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) Notwithstanding the allocation of added penalties specified in subdivision (b), the county treasurer shall transfer one dollar ($1) of every penalty collected pursuant to this section to the Controller for deposit in the General Fund.

SEC. 7. Section 30462 of the Revenue and Taxation Code is amended to read:

30462. All money deposited in the Cigarette Tax Fund under this part is hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and Section 11006 of the Government Code, and shall, upon order of the State Controller, be drawn therefrom and allocated for the following purposes:

(a) To pay the refunds authorized by this part.

(b) To the Controller an amount equal to 30 percent of the money in the fund which is derived from taxes imposed on and after October 1, 1967, less 30 percent of the cost of administering this part, such money to be disbursed by the Controller on or before December 15, 1967, and on the 15th day of each month thereafter to each city and city and county in this state in the following manner:

(1) The money to be allocated pursuant to this subdivision shall first be divided into two separate accounts, one for the state and one for the cities and cities and counties of this state. In order to determine the amount of money in each account, the Controller shall first determine the amount due each city and county and city in this state in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each city and city and county respectively bear to the total of that revenue in the state. In making these determinations, the Controller shall not consider any revenues derived from that portion of the taxes

imposed by the county at a rate in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of this division. The amount due each city and county shall be allocated in accordance with this formula and the amount due each city shall be allocated pursuant to paragraph (3) or paragraph (4) of this subdivision. The moneys in the account for the state that are to be allocated pursuant to this subdivision shall be deposited in the General Fund.

(2) Notwithstanding paragraph (1), prior to any allocation pursuant to this subdivision for each city or city and county, 47 percent of the money available in the account for each city and city and county shall be transferred to the General Fund. This paragraph shall not be applicable on and after July 1, 1996.

(3) Upon the application of any city for an allocation pursuant to this paragraph, the Controller shall determine the amount of revenue derived from the city's selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product during the 1966–1967 fiscal year, or which would have been derived from such tax if the rate in effect on August 1, 1967, had been in effect throughout such fiscal year. This amount shall be adjusted, beginning on July 1, 1969, by the percentage by which the cigarette tax revenues have increased or decreased. For the 1969–1970 fiscal year the percentage shall be derived by comparing the revenues deposited in the Cigarette Tax Fund during the period January 1 through June 30, 1969, with those deposited during the period January 1 through June 30, 1968. For the 1970–1971 fiscal year and each fiscal year thereafter, the percentage shall be derived by comparing revenues deposited in the Cigarette Tax Fund during the preceding fiscal year with those deposited during the entire 1968–1969 fiscal year. The amount computed after applying the percentage factor shall then be reduced by deducting the cost to the city of administering and collecting any such tax for the 1966–1967 fiscal year. If such amount, when divided by 12, is more than the amount which would be disbursed to the city at the time of the next allocation pursuant to paragraph (4) of this subdivision, an amount equal to the amount which such city would have netted from its own tax shall be allocated to such city each month pursuant to this paragraph from the account established for cities in paragraph (1), and no allocation shall be made to such city pursuant to paragraph (4) until such time as the city rescinds its right to receive an allocation under this paragraph. A city which has rescinded such right may not, thereafter, file another application for an allocation pursuant to this paragraph. No city shall be eligible for a subvention pursuant to this paragraph unless, on August 1, 1967, it in fact imposed a selective local tax on, or with respect to, the sale, distribution, use, consumption or holding of cigarettes or any other tobacco product.

(4) (A) After making any allocations required by paragraph (3) of this subdivision, 50 percent of the revenue remaining in the account for the cities of this state shall be allocated to the remaining

cities in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each remaining city bears to the total of such revenue transmitted to all remaining cities.

(B) Fifty percent thereof shall be paid to the cities receiving an allocation under this paragraph in the proportion that the population of each such city bears to the total population of all cities in this state receiving an allocation under this paragraph, as determined by the Controller. For the purpose of this subdivision the population of each city is that determined in the manner specified in Section 11005 of this code.

(c) The balance remaining in the fund shall be transferred to the General Fund of this state.

The allocation provided for in subdivision (b) shall not be made to any county, or city which, after October 1, 1967, imposes a selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product.

Moneys disbursed pursuant to subdivision (b) of this section may be used for county, city and county, or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 8. Section 42007.1 is added to the Vehicle Code to read:

42007.1. Notwithstanding Section 42007, on and after the effective date of this section to and including December 31, 1996:

(a) The fee collected by the clerk pursuant to subdivision (a) of Section 42007 shall be in an amount equal to the total bail set forth for the eligible offense on the uniform countywide bail schedule plus twenty-four dollars ($24).

(b) The fee revenues shall be allocated as follows rather than as specified in subdivision (b) of Section 42007:

(1) Twenty-four dollars ($24) of each fee collected shall be deposited in the General Fund.

(2) Seventy-seven percent of the remaining amount shall be deposited in the General Fund, except that 14 percent of the revenues allocated pursuant to this paragraph from fees received on or after January 1, 1992, shall be deposited in the State Courthouse Construction Fund.

(3) The remaining amount collected under subdivision (a) of Section 42007 shall be allocated as provided in paragraph (2) of subdivision (b) of Section 42007.

This section shall remain effect until January 1, 1997, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date:

SEC. 9. The sum of two hundred five million three hundred eighty-three thousand dollars ($205,383,000) is hereby appropriated from the General Fund for local assistance for State Block Grants for Trial Court Funding in augmentation of Item 0450-101-001 of Section 2.00 of the Budget Act of 1991.

SEC. 10. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to help resolve an unprecedented fiscal crisis by providing for state funding of municipal, superior, and justice courts as soon as possible, it is necessary for this act to take effect immediately.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to pay claims against the state and end hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 333

An act to amend Section 17789 of, and to add Section 17789.2 to, the Education Code, and to amend and repeal Section 97 of the Revenue and Taxation Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17789 of the Education Code is amended to read:

17789. (a) The board shall lease portable classrooms to qualifying school districts and county superintendents of schools for not less than one dollar ($1) per year, nor more than four thousand dollars ($4,000) per year, for each portable classroom, which amount shall be annually increased according to the adjustment for inflation set forth in the statewide cost index for classroom construction, as determined by the board at its January meeting.

(b) The board shall require each lessee to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

SEC. 2. Section 17789.2 is added to the Education Code, to read:

17789.2. Any portable classroom that is leased from the board by a school district or county superintendent of schools under this chapter on July 1, 1991, may be purchased by that district or county superintendent of schools for an amount equal to the purchase price paid by the board, including the purchase costs specified in subdivision (c) of Section 17788.7, less the amount of any rent already paid to the board by the district or county superintendent of schools for that classroom. Payment for purchases made pursuant to this section shall be in equal annual installments for an agreed-upon term not to exceed nine years.

SEC. 3. Section 97 of the Revenue and Taxation Code, as amended by Chapter 466 of the Statutes of 1990, is amended to read:

97. Except as otherwise provided in Sections 97.3, 97.32, 97.35,

97.37, and 97.38 for the 1980–81 fiscal year and each fiscal year thereafter, property tax revenues shall be apportioned to each jurisdiction pursuant to this section and Section 97.5 by the county auditor, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each jurisdiction in the following manner:

(a) Except as provided in subdivision (b), for each tax rate area, each jurisdiction shall be allocated an amount of property tax revenue equal to the amount of property tax revenue allocated pursuant to this chapter to each jurisdiction in the prior fiscal year, modified by any adjustments required by Section 99 or 99.4.

(b) For each tax rate area, each special district shall be allocated an amount of property tax revenue equal to the amount of property tax revenue which would have been allocated pursuant to this chapter to such district in the prior fiscal year if no adjustment had been made pursuant to Section 98.6. This amount shall then be adjusted for the current year pursuant to Section 98.6.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 98, and shall be known as the "annual tax increment."

(d) For purposes of this section, the amount of property tax revenue referred to in subdivision (a) shall not include amounts generated by the increased assessments under Chapter 3.5 (commencing with Section 75).

(e) (1) Notwithstanding any other provision of law, for the 1990–91 fiscal year, for the purposes of the computations required by this section, the amount of property tax presumed to have been received by the county in the prior year shall be increased by the amount of 1989–90 property tax administrative costs proportionately attributable to incorporated cities as determined pursuant to paragraph (2).

(2) The auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to incorporated cities by adding the 1989–90 fiscal year property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by all incorporated cities divided by the total property tax revenue for all local jurisdictions in the county for that fiscal year.

(3) The county shall use the additional revenue received pursuant to this subdivision only to fund the actual costs of assessing, collecting, and allocating property taxes. At least once each fiscal year, the county auditor shall report the amount of these actual costs and allowable overhead costs to the legislative body and any other jurisdiction or person that request the information. To the extent that actual costs for assessing, collecting, and allocating property taxes plus allowable overhead costs are less than the amount

determined pursuant to paragraph (2), the county auditor shall apportion the difference to each incorporated city as otherwise required by this section.

(4) The county may retain up to one-half of any increased property tax allocation to which a jurisdiction may be otherwise entitled, until the county receives its additional revenues pursuant to this subdivision.

(5) It is the intent of the Legislature in enacting this subdivision to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for cities. It is further the intent of the Legislature that the adjustments provided for by this subdivision shall constitute charges by a county for the assessment, collection, and allocation of property taxes and shall not exceed the actual costs reasonably borne by a county for those activities.

(f) If so directed by the board of supervisors, the auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to local jurisdictions other than the county or city and county, and cities, by adding the property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by jurisdictions other than the county, city and county, and cities, divided by the total property tax received by all local jurisdictions in the county for that fiscal year. Notwithstanding any other provision of law, this amount may be calculated for each fiscal year commencing with the 1989–90 fiscal year, and the auditor shall, commencing in fiscal year 1990–91, if so directed by the board of supervisors, submit an invoice to these jurisdictions for services rendered in the prior fiscal year.

(g) Notwithstanding subdivision (f), no invoice as described in that subdivision shall be submitted to any school district, community college district, or county office of education, nor shall any of those entities be required to pay any invoice, for property tax administrative costs for services rendered in the 1990–91 fiscal year, or in any subsequent fiscal year. This subdivision shall not be construed to prevent the auditor of any county from imposing and collecting from school districts, community college districts, and county offices of education, in accordance with subdivision (f), invoices for property tax administrative costs for services rendered to those entities in the 1989–90 fiscal year.

SEC. 4. Section 97 of the Revenue and Taxation Code, as amended by Chapter 75 of the Statutes of 1991, is repealed.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to meet the critical demand for portable classrooms for the 1991–92 school year, and to preserve local school funds for that fiscal year, it is necessary that this act take effect immediately.

CHAPTER 334

An act to amend Section 17091 of the Government Code, relating to state warrants.

[Approved by Governor August 5, 1991 Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17091 of the Government Code is amended to read:

17091. Application for a duplicate warrant shall be made by filing with the Controller:

(a) An affidavit setting forth the fact of its loss or destruction, giving the number, date, amount, and name of the payee, together with all material facts relative to the loss or destruction.

(b) An agreement to indemnify and hold harmless the state, its officers and employees, from any loss resulting from the issuance of the duplicate warrant.

No indemnity agreement shall be required: (1) when the payee is the United States Government, a state of the United States, any agency, instrumentality or officer of the United States Government or of a state, or any county, city, city and county, town, district, or other political subdivision of a state, or any officer thereof; or (2) when the owner or custodian is the State of California or any agency or officer thereof.

The Controller need not require an indemnity agreement if the Controller determines that it is in the best interest of the state and that the state is adequately protected without an agreement.

CHAPTER 335

An act to amend Sections 94304, 94305.5, and 94337 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The Delano Joint Union High School District is located primarily within Kern County, although a portion of the district, representing approximately 7 percent of the registered voters of the district, is located in Tulare County.

(b) On December 11, 1990, the governing board of the Delano Joint Union High School District adopted a resolution to consolidate the governing board election for that district with the general election. Pursuant to that resolution, the district election of November 5, 1991, is to be consolidated with the November 3, 1992, general election.

(c) The governing board of the Delano Joint Union High School District submitted that resolution to the Board of Supervisors of Kern County, that board of supervisors approved the resolution, and the registered voters of the school district were notified accordingly, in compliance with the requirements set forth in Section 5000.5 of the Education Code. However, through inadvertence, the resolution was not submitted for approval to the Board of Supervisors of Tulare County, and insufficient time now remains, prior to the originally scheduled November 5, 1991, governing board election, for that approval process to occur.

(d) Under the circumstances set forth above, the waiver provided under Section 2 of this act is necessary in order to further the objectives of Section 5000.5 of the Education Code, namely, to facilitate the consolidation of elections in order to increase voter participation and to reduce local election costs. Moreover, the Tulare County Board of Supervisors is aware of the circumstances set forth above, and consents to the proposal to waive the requirement that the resolution to consolidate elections as described above be submitted for its approval.

SEC. 2. Notwithstanding Section 5000.5 of the Education Code, the resolution, as described in Section 1 of this act, that was adopted by the governing board of Delano Joint Union High School District to postpone the governing board election of November 5, 1991, for that district for the purpose of consolidation with the November 3, 1992, general election, and to provide that the governing board election for that district regularly occur thereafter on the same day as the general election, shall not be required to be submitted to, or

approved by, the Board of Supervisors of Tulare County as a condition of that consolidation.

SEC. 3. Section 94304 of the Education Code is amended to read:

94304. (a) There is hereby established in state government a Council for Private Postsecondary and Vocational Education. The council shall have the responsibility for approving and regulating private postsecondary educational institutions and for developing state policies for private postsecondary and vocational education in California. The council shall represent the private postsecondary educational institutions in all state level planning and policy discussions about postsecondary and vocational education, and shall have as its objective the development of a strong, vigorous, and widely respected sector of private postsecondary and vocational education.

(b) The council shall be composed of 15 voting members, including the following representatives:

(1) Two representatives from private degree granting institutions approved under Section 94310.

(2) Two representatives from vocational institutions approved under Section 94311.

(3) Two representatives from accredited private postsecondary institutions operating in California. One representative shall be from an out-of-state accredited degree-granting postsecondary educational institution approved under Section 94310, and one representative shall be from an accredited vocational institution approved under Section 94311.

(4) A representative of the California Student Aid Commission, nominated by the executive director of the commission, and appointed by the Governor.

(5) The Superintendent of Public Instruction, or his or her designee.

(6) The Secretary of State and Consumer Services, or his or her designee.

(7) Six members of the general public.

(8) The appointment process for the council shall be as follows:

(A) The Governor shall appoint one representative from an institution approved under Section 94310, one representative from a vocational institution approved under Section 94311, one representative from an accredited vocational school, and three members from the general public.

(B) The Senate Rules Committee shall appoint one representative from an institution approved under Section 94310, one representative from an out-of-state accredited degree granting college or university operating in California, and one member of the general public.

(C) The Speaker of the Assembly shall appoint one representative from a vocational institution approved under Section 94311, and two members of the general public.

(D) The institutional representatives shall be appointed from a

list or lists of persons nominated by private postsecondary or vocational educational institutions.

(9) In addition, the following shall serve as nonvoting ex officio members of the council:

(A) The Attorney General of the State of California, or his or her designee.

(B) The Director of the Department of Employment Development, or his or her designee.

(C) The Director of the California Postsecondary Education Commission, or his or her designee.

(D) The Director of the Youth, Adult, and Alternative Educational Services Division of the State Department of Education, or his or her designee.

(E) The Chancellor of the California Community Colleges, or his or her designee.

(10) The members of the council designated in paragraphs (5) and (6) shall serve at the pleasure of their respective appointing authorities. All other voting members of the council shall serve a four-year term, and no members shall serve more than two full terms.

(11) Any person appointed to the council as a representative from an institution described in paragraphs (1) to (3), inclusive, who no longer represents the institutions that made him or her eligible for appointment shall automatically and immediately forfeit his or her membership on the council, thereby creating an immediate vacancy. Any person appointed to the council as a member of the general public pursuant to paragraph (7) who no longer qualifies as a member of the general public shall automatically and immediately forfeit his or her membership on the council, thereby creating an immediate vacancy.

(12) No person who is employed by an institution of public or private postsecondary or vocational education, or who is employed by a private organization owning an interest in a private postsecondary or vocational institution, shall be appointed to, or serve on, the council as a member of the general public.

(13) It is the intent of the Legislature that the members of the general public appointed to the council have a strong interest in developing private postsecondary and vocational education, and include representation from businesses that employ persons in positions requiring academic, vocational, or technical education.

(c) It is the intent of the Legislature that the council shall be broadly and equitably representative of the general public and that it include adequate representation on the basis of gender and on the basis of the significant racial, ethnic, and economic groups in the state. No person appointed pursuant to this section shall, with respect to any matter before the council, vote for or on behalf of, or in any way exercise the vote of, any other member of the council.

(d) The council shall meet as often as it deems necessary to carry out its duties and responsibilities. Any member of the council who in

any calendar year misses more than one-third of the meetings of the full council forfeits his or her office, thereby creating a vacancy.

(e) The council shall select a chair from among the members representing the general public. The chair shall hold office for a term of two years.

(f) The council may appoint any subcommittees or advisory committees it deems necessary to advise the council on matters of educational policy. The council shall appoint and may remove a director in the manner prescribed in this section. The director shall appoint persons to any civil service staff positions authorized by the council. The staffing shall include individuals with responsibilities for each of the following areas:

(1) The approval of vocational institutions.

(2) The approval of degree granting institutions.

(3) The approval of courses offered to veterans by vocational and degree granting institutions. For the purposes of implementing the requirements of this paragraph, the council is hereby designated as the state agency responsible for the administration of veteran educational benefit programs.

(4) Institutional relations to develop strong relationships with agencies such as the State Department of Education, the California Postsecondary Education Commission, the Student Aid Commission, the Department of Consumer Affairs, and nongovernmental accrediting associations.

(5) Legislative and public affairs.

(6) Staff administrative services.

(g) It is the intent of the Legislature that the council's approval and regulating responsibilities be funded solely through approval fees and federal funding provided to implement the approval process for courses offered to veterans by vocational and degree granting institutions. All fees derived from postsecondary degree granting institutions and their veterans' educational benefits shall be deposited in a special degree granting institution account, which is hereby created, in the Private Postsecondary and Vocational Education Administration Fund. All fees derived from vocational education institutions and their veterans' educational benefits shall be deposited into a special vocational education account, which is hereby created, in the Private Postsecondary and Vocational Education Administration Fund. The council shall establish an accounting procedure to allocate the time required to approve all degree granting institutions and all vocational education institutions and shall charge these accounts accordingly. Any general administrative expenses shall be allocated on a pro rata basis.

(h) The council shall prescribe rules for the transaction of its own affairs, subject to all the following requirements and limitations:

(1) The votes of all representatives shall be recorded.

(2) Effective action shall require the affirmative vote of a majority of all the duly appointed members of the council, not including vacant council seats.

(3) The affirmative votes of two-thirds of all the duly appointed members of the council, not including vacant council seats, shall be necessary for the appointment or removal of the director.

(i) There is hereby established an advisory committee to the council and the director, consisting of representatives of the Board of Cosmetology, the Board of Barber Examiners, the Board of Vocational Nurse and Psychiatric Technician Examiners, the Board of Behavioral Science Examiners, the California Committee of Bar Examiners, the Commissioner of Real Estate, and other state agencies responsible for monitoring private postsecondary institutions. Meeting agenda items and associated documents of the council shall be provided to the advisory committee in a timely manner.

SEC. 4. Section 94305.5 of the Education Code is amended to read:

94305.5. Each member of the council shall receive a stipend of one hundred dollars ($100) for each day he or she attends any meeting of the council, or any meeting of any committee or subcommittee of the council of which he or she is a member, and which committee or subcommittee meeting is conducted for the purpose of carrying out the powers and duties of the council. A council member may elect not to receive all or any portion of this stipend. In addition, each member of the council shall receive his or her actual and necessary traveling expenses incurred in the course of his or her duties. The payments in each instance shall be made only from the fund from which the expenses of the council are paid and shall be subject to the availability of funds. In no instance shall the licensing fees of schools or colleges be raised for the sole purpose of paying the stipends of the council members.

SEC. 5. Section 94337 of the Education Code is amended to read:

94337. (a) The council may adopt and enforce regulations as may be necessary, appropriate, or useful to interpret and implement this chapter. Pending the adoption of formal regulations, the council may adopt emergency regulations which shall become effective immediately, and which shall be superseded upon the adoption of formal regulations. The adoption of the emergency regulations shall be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and the emergency regulations shall only be effective for 180 days.

(b) If any provision of this chapter or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

SEC. 6. Due to the unique circumstances specified in Section 1 of this act concerning the Delano Joint Union High School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Delano Joint Union High School District may consolidate its district election of November 5, 1991, with the November 3, 1992, general election, it is necessary that this act take effect prior to November 5, 1991; in order to revise various statutes affecting the membership and stipends paid to members of the Council for Private Postsecondary and Vocational Education; and in order to authorize the council to adopt certain emergency regulations as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 336

An act to amend Section 868.5 of the Penal Code, relating to criminal procedure.

[Approved by Governor August 5, 1991. Filed with Secretary of State August 5, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 187, 203, 205, 207, 211, 220, 240, 242, 243.4, 245, 261, 262, 273a, 273d, 273.5, 273.6, 277, 285, 286, 288, 288a, 288.5, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled, for support, to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content

of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because it has been given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

CHAPTER 337

The people of the State of California do enact as follows:

SECTION 1. Section 7164 is added to the Business and Professions Code, to read:

7164. (a) Notwithstanding Section 7044, every contract and any changes in a contract, between an owner and a contractor, for the construction of a single-family dwelling to be retained by the owner for at least one year shall be evidenced in writing signed by both parties.

(b) The writing shall contain the following:

(1) The name, address, and license number of the contractor.

(2) The approximate dates when the work will begin and be substantially completed.

(3) A legal description of the location where the work will be done.

(4) The language of the notice required pursuant to Section 7018.5.

The writing may also contain other matters agreed to by the parties to the contract. The writing shall be legible and shall clearly describe any other document which is to be incorporated into the contract. Prior to commencement of any work, the owner shall be

furnished a copy of the written agreement, signed by the contractor. The provisions of this section are not exclusive and do not relieve the contractor from compliance with all other applicable provisions of law.

(c) Every contract subject to the provisions of this section shall contain, in close proximity to the signatures of the owner and contractor, a notice in at least 10-point bold type or in all capital letters, stating that the owner has the right to require the contractor to have a performance and payment bond and that the expense of the bond may be borne by the owner.

CHAPTER 338

An act to amend Section 3541 of the Government Code, relating to the Public Employment Relations Board.

[Approved by Governor August 5, 1991 Filed with Secretary of State August 5, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 3541 of the Government Code is amended to read:

3541. (a) There is in state government the Public Employment Relations Board which shall be independent of any state agency and shall consist of five members. The members of the board shall be appointed by the Governor by and with the advice and consent of the Senate. One of the original members shall be chosen for a term of one year, one for a term of three years, and one for a term of five years. The first term for the two new members of the board resulting from the expansion of the board to five members shall be reduced by the Governor as necessary so that the term of only one member of the board shall expire in any given year. Thereafter terms shall be for a period of five years, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Members of the board shall be eligible for reappointment. The Governor shall select one member to serve as chairperson. A member of the board may be removed by the Governor upon notice and hearing for neglect of duty or malfeasance in office, but for no other cause.

(b) A vacancy in the board shall not impair the right of the remaining members to exercise all the powers of the commission, and three members of the board shall at all times constitute a quorum.

(c) The board may delegate its powers to any group of three or more board members. Nothing shall preclude any board member from participating in any case pending before the board.

(d) Members of the board shall hold no other public office in the

state, and shall not receive any other compensation for services rendered.

(e) Each member of the board shall receive the salary provided for by Chapter 6 (commencing with Section 11550) of Part 1 of Division 3 of Title 2. In addition to his or her salary, each member of the board shall be reimbursed for all actual and necessary expenses incurred by him or her in the performance of his or her duties, subject to the rules of the State Board of Control relative to the payment of such expenses to state officers generally.

(f) The board shall appoint an executive director who shall be the chief administrative officer. The executive director shall appoint such other persons as may, from time to time, be deemed necessary for the performance of the board's administrative functions, prescribe their duties, fix their compensation, and provide for reimbursement of their expenses in the amounts made available therefor by appropriation. The executive director shall be a person familiar with employer-employee relations. The executive director shall be subject to removal at the pleasure of the board. The Governor shall appoint a general counsel, upon the recommendation of the board, to assist the board in the performance of its functions under this chapter. The general counsel shall serve at the pleasure of the board.

(g) The executive director and general counsel serving the board on December 31, 1977, shall become employees of the Public Employment Relations Board and shall continue to serve at the discretion of the board. A person so employed may, independently of the Attorney General, represent the board in any litigation or other matter pending in a court of law to which the board is a party or in which it is otherwise interested.

(h) The Governor shall appoint one legal adviser for each member of the board upon the recommendation of that board member. Each appointee shall serve at the pleasure of the recommending board member and shall receive a salary as shall be fixed by the board with the approval of the Department of Personnel Administration.

(i) Attorneys serving the board on May 19, 1978, shall not be appointed as legal advisers to board members pursuant to subdivision (h) until such time as they have attained permanent civil service status.

(j) When the positions exempt from civil service which are authorized by this act are created, the Department of Finance shall delete the corresponding civil service positions in the board's 1978–79 budget.

(k) Notwithstanding subdivision (a), the member of the board appointed by the Governor for the term beginning on January 1, 1991, shall not be subject to the advice and consent of the Senate.
