[Approved by Governor December 10, 1990. Filed with Secretary of State December 11, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 1010 of the Health and Safety Code is amended to read:

1010. (a) The state department may certify laboratories which perform for regulatory purposes analyses of drinking water, waste water, hazardous wastes, and contaminated soils or sediments, or any combination of these, through the issuance of certificates pursuant to this chapter. The state department may also certify laboratories which perform analyses for pesticide residues pursuant to Section 26508. Laboratory activities regulated under Section 12591 of the Food and Agricultural Code shall be exempt from certification until January 1, 1992.

(b) In any arrangement between laboratories, which involves the transfer of samples or portions of samples, the analyzing laboratory shall be identified in all sample reports and shall be the laboratory for purposes of certification.

(c) For the purposes of this chapter:

(1) "Certificate" means a certificate issued under this chapter.

(2) "Laboratory" means any facility or vehicle which is owned by a person or persons, or by a public or private entity, and which is equipped and operated to carry out analyses in any of the fields of testing listed in Section 1017.

(3) "Pesticide" means any substance which alone, in chemical combination, or in any formulation with one or more substances, is an "economic poison" within the meaning of Section 12753 of the Food and Agricultural Code or a "pesticide" as defined in the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136 et seq.).

(4) "Regulatory purposes" means the use of laboratory analysis required by a regulatory governmental agency for determining compliance with this section or Chapter 7 (commencing with Section 4010) of Part 1 of Division 5, Chapter 6.5 (commencing with Section 25100) of, Chapter 6.7 (commencing with Section 25280) of, and Chapter 6.8 (commencing with Section 25300) of, Division 20, or

Division 7 (commencing with Section 13000) of the Water Code, or the administrative regulations adopted under any of the provisions set forth in this paragraph.

SEC. 2. Section 1011 of the Health and Safety Code is amended to read:

1011. The state department shall adopt regulations governing the administration and enforcement of this chapter. Until regulations are adopted under this chapter, regulations adopted under Sections 4025 and 25198.2 shall remain in effect. Regulations adopted by the state department under this chapter shall specify conditions for recognizing on the basis of reciprocity the certification of laboratories located outside of the State of California for activities regulated under this chapter by another state or by an agency of the United States government. Certification by another jurisdiction may be recognized for purposes of this chapter with regard to one or several program activities, including, but not limited to, onsite inspections, the analysis of performance evaluation samples, or the evaluation of personnel qualifications.

SEC. 3. Section 1012 of the Health and Safety Code is amended to read:

1012. (a) The state department may adopt regulations for the following:

(1) Quality assurance programs in effect at the laboratory.

(2) Laboratory facilities.

(3) Methods.

(4) Equipment.

(5) Proficiency evaluation.

(b) A certificate shall be forfeited by operation of law prior to its expiration date when one of the following occurs:

(1) The owner sells or otherwise transfers the ownership of the laboratory, except that the certificate shall remain in force 90 days, if the state department receives written assurance and appropriate documentation within 15 days after the change has occurred that one or more of the conditions in subdivision (c) are met. The state department shall accept or reject the assurance in writing within 30 days after it has been received.

(2) There is a change in the location of the laboratory (except a mobile laboratory) or structural alteration which may affect adversely the quality of analysis in the fields of testing for which the laboratory has been granted a certificate or is seeking a certificate, without prior written notification to the state department.

(3) The certificate holder surrenders the certificate to the state department.

(c) Upon change of ownership of a laboratory, the state department may extend a certificate to the expiration date of the original certificate upon written assurance by the new owner that the operation of the laboratory will continue so as not to adversely affect the conditions regulated by this chapter.

(d) The state department shall be notified in writing within 15

days whenever there is a change of director or other person in charge of a laboratory certified under this chapter. The notification shall include documentation of the qualifications of the new director or other person in charge of the laboratory.

SEC. 5. Section 1015 of the Health and Safety Code is amended to read:

1015. (a) Upon the filing of an application for certification and after a finding by the state department that there is full compliance with this chapter and rules and regulations adopted under this chapter, the state department shall issue to the owner a certificate in the fields of testing identified in Section 1017.

(b) The state department shall deny or revoke a certificate if it finds any of the following:

(1) The laboratory fails to report acceptable results in the analysis of performance evaluation samples.

(2) The laboratory fails to pass an onsite inspection.

(3) The laboratory is not in compliance with any other provision of this chapter or regulations adopted under this chapter.

(c) Provided that there is compliance with all other provisions of this chapter, a certificate may be restricted by the state department to the fields of testing of Section 1017 or subgroups thereof as defined by regulation for which acceptable results have been produced and onsite inspection was passed.

(d) Upon the filing of a complete application for a certificate pursuant to subdivision (a), the state department may issue an interim certificate pending the completion of onsite inspection and an analysis of performance evaluation samples. An interim certificate shall be nonrenewable and shall remain in effect until a certificate is either granted under subdivision (a) or denied under subdivision (b), but not later than one year after the date of issuance of the interim certificate.

SEC. 6. Section 1016 of the Health and Safety Code is amended to read:

1016. Upon denial of any application for a certificate, or revocation of a certificate, the state department shall immediately notify the applicant by certified mail, return receipt requested, of the denial and the reasons for the denial. Within 20 days of receipt, the applicant may present the state department with a written petition for a hearing. Upon receipt in proper form by the state department, the petition shall be set for hearing. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the state department has all the powers granted therein.

SEC. 7. Section 1017 of the Health and Safety Code is amended to read:

1017. (a) At the time of application and annually thereafter, from the date of the issuance of the certificate, a laboratory shall pay an annual certification fee. The fee shall consist of a basic nonrefundable fee of eight hundred seventy-nine dollars ($879) and

an additional fee of three hundred ninety-six dollars ($396) for certification in each of the following fields of testing for which accreditation is sought: (1) microbiology of drinking water and waste water, (2) inorganic chemistry and physical properties of drinking water excluding toxic chemical elements, (3) analysis of toxic chemical elements in drinking water, (4) organic chemistry of drinking water (measurement by gc/ms combination), (5) organic chemistry of drinking water (excluding measurements by gc/ms combination), (6) radiochemistry, (7) shellfish sanitation, (8) aquatic toxicity bioassays, (9) physical properties testing of hazardous waste, (10) inorganic chemistry and toxic chemical elements of hazardous waste, (11) extraction tests of hazardous waste, (12) organic chemistry of hazardous waste (measurement by gc/ms combination), (13) organic chemistry of hazardous waste (excluding measurements by gc/ms combination), (14) bulk asbestos analysis, (15) substances regulated under the California Safe Drinking Water and Toxic Enforcement Act and not included in other listed groups, (16) waste water inorganic chemistry, nutrients, and demand, (17) toxic chemical elements in waste water, (18) organic chemistry of waste water (measurements by gc/ms combination), (19) organic chemistry of waste water (excluding measurements by gc/ms combination), (20) inorganic chemistry and toxic chemical elements of pesticide residues in food, (21) organic chemistry of pesticide residues in food (measurement by gc/ms combination), (22) organic chemistry of pesticide residues in food (excluding measurement by gc/ms combination), (23) operation of a mobile laboratory in any one of the above fields of testing in addition to activity in the same field of testing in a certified stationary laboratory under the same owner.

Fees for certification in a specified field of testing may be refunded if the state department nullifies the application due to the failure by the laboratory to complete the application process in the time and manner prescribed by regulations.

(b) In addition to the payment of certification fees, laboratories located outside the State of California shall reimburse the state department for travel and per diem necessary to perform onsite inspections.

(c) If reciprocity with another jurisdiction is established by regulation as described in Section 1011, the regulations may provide for the waiver of certification fees for program activities considered equivalent.

(d) Fees collected under this section shall be adjusted annually as specified in Section 113. The adjustment shall be rounded to the nearest whole dollar. It is the intent of the Legislature that the programs operated under this chapter be fully fee-supported.

(e) State and local government-owned laboratories in California established under Section 1000 or performing work only in a reference capacity as a reference laboratory are exempt from the payment of the fee prescribed under subdivision (a).

(f) In addition to the payment of certification fees, laboratories certified or applying for certification in fields of testing (20), (21), or (22) under subdivision (a) shall pay the state department a fee of four hundred dollars ($400) for the preparation and handling of each performance evaluation sample set.

(g) For the purpose of this section, a reference laboratory is a laboratory owned and operated by a governmental regulatory agency for the principal purpose of analyzing samples referred by other laboratories for confirmatory analysis. Reference laboratories carry out quality assurance functions relative to other laboratories and may carry out unusual, highly specialized, and difficult analyses not generally available through commercial laboratories, and a limited amount of routine analyses, for regulatory purposes only, and without assessing per-sample fees for the services.

SEC. 8. Section 1019 of the Health and Safety Code is amended to read:

1019. (a) Any laboratory which is certified or has applied for certification, or for renewal of certification under this chapter, shall analyze performance evaluation samples provided directly or indirectly by the state department. The state department shall have the authority to contract with third parties for the provision of performance evaluation samples. The samples shall be tested by the laboratory according to methods specifically approved for this purpose by the United States government or the state department, or alternate methods of demonstrated adequacy or equivalence, as determined by the state department. Performance evaluation sample sets shall be provided not less than twice, nor more than four times, a year to each certified laboratory which performs analyses of food for pesticide residues.

(b) The state department may provide directly or indirectly performance evaluation samples to a laboratory for the purpose of determining compliance with this chapter with or without identifying the state department.

(1) When the state department identifies itself, all of the following shall apply:

(A) The results of the testing shall be submitted to the state department on forms provided by the state department on or before the date specified by the state department, and shall be used in determining the competency of the laboratory.

(B) There shall be no charge to the state department for the analysis.

(2) When the state department does not identify itself, the state department shall pay the price requested by the laboratory for the analyses.

SEC. 9. Section 1022 of the Health and Safety Code is amended to read:

1022. (a) Any person who operates a laboratory which performs work, for which certification is required under Section 4025, 25198, 25298.5, 25358.4 or 26508, or Section 13176 of the Water Code, without

holding an unrevoked certificate to do so, may be enjoined from so doing by any court of competent jurisdiction at the suit of the state department.

(b) When the state department determines that any person has engaged in, or is engaged in, any act or practice which constitutes a violation of this chapter, or any regulation or order issued or adopted thereunder, the state department may bring an action in the superior court for an order enjoining these practices or for an order directing compliance and affording any further relief which may be required to ensure compliance with this chapter.

SEC. 10. Section 1023 of the Health and Safety Code is amended to read:

1023. (a) Any person who knowingly makes any false statement or representation in any application, record, or other document submitted, maintained, or used for purposes of compliance with this chapter, may be liable, as determined by the court, for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation or, for continuing violations, for each day that violation continues.

(b) Any person who operates a laboratory for purposes specified pursuant to Section 4025, 25198, 25298.5, 25358.4 or 26508, or Section 13176 of the Water Code which requires a certificate without possessing a certificate issued by the department pursuant to this chapter may be liable, as determined by the court, for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation, or, for continuing violations, for each day that violation continues.

(c) A laboratory that advertises or holds itself out to the public or its clients as having been issued a certificate for any of the fields of testing referred to in Section 1017 without having a valid and current certificate in each field of testing identified by the advertisement or other representation may be liable, as determined by the court, for a civil penalty not to exceed one thousand dollars ($1,000) or, for continuing violations, for each day that violation continues.

(d) Each civil penalty imposed for any separate violation pursuant to this section shall be separate and in addition to any other civil penalty imposed pursuant to this section or any other provision of law.

SEC. 11. Section 4025 of the Health and Safety Code is amended to read:

4025. (a) No laboratory, other than a laboratory operated by the state department, shall perform tests required pursuant to this chapter for any public water system without first obtaining a certificate issued by the state department pursuant to Chapter 7.5 (commencing with Section 1010) of Part 2 of Division 1, except that laboratories previously issued a certificate under this section shall be deemed certified until certification under Chapter 7.5 (commencing with Section 1010) of Part 2 of Division 1 has been either granted or denied, but not beyond the expiration date shown on the certificate

previously issued under this section.

(b) No person or public entity of the state shall contract with a laboratory for environmental analyses for which the state department requires certification pursuant to this section, unless the laboratory holds a valid certificate.

SEC. 12. Section 25198 of the Health and Safety Code is amended to read:

25198. (a) The analysis of any material required by this chapter shall be performed by a laboratory certified by the department pursuant to Chapter 7.5 (commencing with Section 1010) of Part 2 of Division 1, except that laboratories previously issued a certificate under this section shall be deemed certified until the time that certification under Chapter 7.5 (commencing with Section 1010) of Part 2 of Division 1 has been either granted or denied, but not beyond the expiration date shown on the certificate previously issued under this section.

(b) No person or public entity of the state shall contract with a laboratory for environmental analyses for which the department requires certification pursuant to this chapter, unless the laboratory holds a valid certificate.

SEC. 13. Sections 1 to 12, inclusive of this act, shall become operative January 1, 1991.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to verify laboratory competency in the analyses of environmental samples under the Laboratory Certification Program and thereby protect the health and safety of the residents of California and to ensure that California's laboratory certification program is equitably funded by the laboratories being certified, it is necessary that this act take effect immediately.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to apply the qualifications required by this act to a vacant position on the State Mining and Geology Board, it is necessary that this act take effect immediately.

CHAPTER 4

An act to add Section 597.1 to the Penal Code, relating to cruelty to animals, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 13, 1990. Filed with Secretary of State December 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 597.1 is added to the Penal Code, to read:

597.1. (a) Every owner, driver, or keeper of any animal who permits the animal to be in any building, enclosure, lane, street, square, or lot of any city, county, city and county, or judicial district without proper care and attention is guilty of a misdemeanor. Any peace officer, humane society officer, or animal control officer shall take possession of the stray or abandoned animal and shall provide care and treatment for the animal until the animal is deemed to be in suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of the animal or the health

or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with the provisions of subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid, if the seizure is upheld pursuant to this section.

(b) Every sick, disabled, infirm, or crippled animal, except a dog or cat, which is abandoned in any city, county, city and county, or judicial district may be killed by the officer if, after a reasonable search, no owner of the animal can be found. It shall be the duty of all peace officers, humane society officers, and animal control officers to cause the animal to be killed or rehabilitated and placed in a suitable home on information that the animal is stray or abandoned. The officer may likewise take charge of any animal, including a dog or cat, that by reason of lameness, sickness, feebleness, or neglect, is unfit for the labor it is performing, or that in any other manner is being cruelly treated, and provide care and treatment for the animal until it is deemed to be in a suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of an animal or the health or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid.

(c) Any peace officer, humane society officer, or animal control officer shall convey all injured cats and dogs found without their owners in a public place directly to a veterinarian known by the officer to be a veterinarian who ordinarily treats dogs and cats for a determination of whether the animal shall be immediately and humanely destroyed or shall be hospitalized under proper care and given emergency treatment.

If the owner does not redeem the animal within the locally prescribed waiting period, the veterinarian may personally perform euthanasia on the animal. If the animal is treated and recovers from its injuries, the veterinarian may keep the animal for purposes of adoption, provided the responsible animal control agency has first been contacted and has refused to take possession of the animal.

Whenever any animal is transferred to a veterinarian in a clinic, such as an emergency clinic which is not in continuous operation, the veterinarian may, in turn, transfer the animal to an appropriate facility.

If the veterinarian determines that the animal shall be hospitalized under proper care and given emergency treatment, the costs of any services which are provided pending the owner's inquiry to the responsible agency, department, or society shall be paid from the dog license fees, fines, and fees for impounding dogs in the city, county,

or city and county in which the animal was licensed or, if the animal is unlicensed, shall be paid by the jurisdiction in which the animal was found, subject to the provision that this cost be repaid by the animal's owner. The cost of caring for and treating any animal seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to the owner until the charges are paid. No veterinarian shall be criminally or civilly liable for any decision which he or she makes or for services which he or she provides pursuant to this subdivision.

(d) An animal control agency which takes possession of an animal pursuant to subdivision (c) shall keep records of the whereabouts of the animal for a 72-hour period from the time of possession, and those records shall be available for inspection by the public upon request.

(e) Notwithstanding any other provision of this section, any peace officer, humane society officer, or any animal control officer may, with the approval of his or her immediate superior, humanely destroy any stray or abandoned animal in the field in any case where the animal is too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal.

(f) Whenever an officer authorized under this section seizes or impounds an animal based on a reasonable belief that prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall, prior to the commencement of any criminal proceedings authorized by this section, provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a postseizure hearing to determine the validity of the seizure or impoundment, or both.

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice of the seizure or impoundment, or both, to the owner or keeper within 48 hours, excluding weekends and holidays. The notice shall include all of the following:

(A) The name, business address, and telephone number of the officer providing the notice.

(B) A description of the animal seized, including any identification upon the animal.

(C) The authority and purpose for the seizure, or impoundment, including the time, place, and circumstances under which the animal was seized.

(D) A statement that, in order to receive a postseizure hearing, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning an enclosed declaration of ownership or right to keep the animal to the agency providing the notice within 10 days, including weekends and holidays, of the date of the notice. The declaration may be returned by personal delivery or mail.

(E) A statement that the cost of caring for and treating any animal

properly seized under this section is a lien on the animal and that the animal shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in liability for this cost.

(2) The postseizure hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who directed the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or of his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right to a postseizure hearing or right to challenge his or her liability for costs incurred.

(4) The agency, department, or society employing the person who directed the seizure shall be responsible for the costs incurred for caring and treating the animal, if it is determined in the postseizure hearing that the seizing officer did not have reasonable grounds to believe very prompt action, including seizure of the animal, was required to protect the health or safety of the animal or the health or safety of others. If it is determined the seizure was justified, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal, the charges for the seizure and care of the animal shall be a lien on the animal, and the animal shall not be returned to its owner until the charges are paid and the seizing agency or hearing officer has determined that the animal is physically fit or the owner demonstrates to the seizing agency's or the hearing officer's satisfaction that the owner can and will provide the necessary care.

(g) Where the need for immediate seizure is not present and prior to the commencement of any criminal proceedings authorized by this section, the agency shall provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a hearing prior to any seizure or impoundment of the animal. The owner shall produce the animal at the time of the hearing unless, prior to the hearing, the owner has made arrangements with the agency to view the animal upon request of the agency, or unless the owner can provide verification that the animal was humanely destroyed. Any person who willfully fails to produce the animal or provide the verification is guilty of an infraction, punishable by a fine of not less than two hundred fifty dollars ($250) nor more than one thousand dollars ($1,000).

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice stating the grounds for believing the animal should be seized under subdivision (a) or (b). The notice shall include all of the following:

(A) The name, business address, and telephone number of the officer providing the notice.

(B) A description of the animal to be seized, including any identification upon the animal.

(C) The authority and purpose for the possible seizure or impoundment.

(D) A statement that, in order to receive a hearing prior to any seizure, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning the enclosed declaration of ownership or right to keep the animal to the officer providing the notice within two days, excluding weekends and holidays, of the date of the notice.

(E) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal, that any animal seized shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in a conclusive determination that the animal may properly be seized and that the owner shall be liable for the charges.

(2) The preseizure hearing shall be conducted within 48 hours, excluding weekends and holidays, after receipt of the request. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who requests the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right to a preseizure hearing or right to challenge his or her liability for costs incurred pursuant to this section.

(4) The hearing officer, after the hearing, may affirm or deny the owner's or keeper's right to custody of the animal and, if reasonable grounds are established, may order the seizure or impoundment of the animal for care and treatment.

(h) If any animal is properly seized under this section, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal. Furthermore, if the charges for the seizure or impoundment and any other charges permitted under this section are not paid within 14 days of the seizure, or, if the owner, within 14 days of notice of availability of the animal to be returned, fails to pay charges permitted under this section and take possession of the animal, the animal shall be deemed to have been abandoned and may be disposed of by the impounding officer.

(i) If the animal requires veterinary care and the humane society or public agency is not assured, within 14 days of the seizure of the animal, that the owner will provide the necessary care, the animal shall not be returned to its owner and shall be deemed to have been abandoned and may be disposed of by the impounding officer. A veterinarian may humanely destroy an impounded animal without regard to the prescribed holding period when it has been determined that the animal has incurred severe injuries or is

incurably crippled. A veterinarian also may immediately humanely destroy an impounded animal afflicted with a serious contagious disease unless the owner or his or her agent immediately authorizes treatment of the animal by a veterinarian at the expense of the owner or agent.

(j) No animal properly seized under this section shall be returned to its owner until, in the determination of the seizing agency or hearing officer, the animal is physically fit or the owner can demonstrate to the seizing agency's or hearing officer's satisfaction that the owner can and will provide the necessary care.

(k) Upon the conviction of a person charged with a violation of this section, all animals lawfully seized and impounded with respect to the violation shall be adjudged by the court to be forfeited and shall thereupon be transferred to the impounding officer for proper disposition. A person convicted of a violation of this section shall be personally liable to the seizing agency for all costs of impoundment from the time of seizure to the time of proper disposition. This section shall not prohibit the seizure or impoundment of animals as evidence as provided for under any other provision of law.

(*l*) This section shall be operative in a public agency or a humane society under the jurisdiction of the public agency, or both, only if the governing body of that public agency, by ordinance or resolution, determines that this section shall be operative in the public agency or the humane society and that Section 597f shall not be operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

If any weapon has been stolen and is thereafter recovered from the thief or his or her transferee, or is used in such a manner as to constitute a nuisance pursuant to subdivision (a) or (b) without the prior knowledge of its lawful owner that it would be so used, it shall not be so offered for sale but shall be restored to the lawful owner, as soon as its use as evidence has been served, upon his or her identification of the weapon and proof of ownership.

(d) If, under this section, a weapon is not of the type that can be sold to the public, generally, or is not sold pursuant to subdivision (c) the weapon shall in the month of July, next succeeding, or sooner, if necessary to conserve local resources including space and utilization

(1) Prior to January 1, 1996, within 15 days of the application for

the purchase, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. A second or subsequent violation of this section shall be punished in accordance with the penalty and probation provisions of subdivision (c) of Section 12100 concerning subsequent convictions and probation.

SEC. 7. Section 12078 of the Penal Code is amended to read:

12078. (a) The preceding provisions of this article do not apply to deliveries, transfers, or sales of firearms made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to deliveries, transfers, or sales of firearms made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by those governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser or transferee is employed, identifying the purchaser or

transferee as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase or transfer. The certification shall be delivered to the seller or transferor at the time of purchase and transfer and the purchaser or transferee shall identify himself or herself as the person authorized in the certification. On the day the sale, delivery, or transfer is made, where a peace officer is receiving the firearm, and a dealer is not the seller or transferor, or is not otherwise the person responsible for the delivery of the firearm, the peace officer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made, where a dealer is the seller, transferor, or otherwise responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077. The reports which peace officers shall complete shall be provided to them by the department at cost. All receipts from the sale of these forms shall be deposited into the Dealer's Record of Sale Special Account of the General Fund. No report need be submitted to the Department of Justice where a peace officer receiving the firearm received it from his or her employer in accordance with the applicable rules, regulations, or procedures of the employer.

(b) Section 12070 and subdivisions (c) and (d) of Section 12072 shall not apply to deliveries, sales, or transfers of firearms between or to importers and manufacturers of firearms licensed to engage in such business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(c) Subdivision (d) of Section 12072 shall not apply to the infrequent transfers of firearms by gift, bequest, intestate succession, or other means by one individual to another where both individuals are members of the same immediate family.

As used in this subdivision, immediate family member includes the third lineal degree of consanguinity.

(d) Subdivision (d) of Section 12072 shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days in duration.

(e) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery of a firearm to a gunsmith for service or repair.

(f) Section 12070 shall not apply to the sale, delivery, or transfer of firearms by manufacturers or importers licensed pursuant to Chapter 44 (commencing with Section 921) of Chapter 18 of the United States Code and the regulations issued pursuant thereto to dealers licensed pursuant to Section 12071.

(g) Subdivision (d) of Section 12072 shall not apply to the

infrequent sale or transfer of a firearm, other than pistols, revolvers, or other firearms capable of being concealed upon the person, at auctions or similar events conducted by nonprofit mutual or public benefit corporations organized pursuant to the Corporations Code.

SEC. 8. Section 12082 of the Penal Code is amended to read:

12082. A person shall complete any sale or other transfer of a firearm through a dealer licensed pursuant to Section 12071 in accordance with this section in order to comply with the provisions of subdivision (d) of Section 12072. The Attorney General shall adopt regulations under this section to allow the seller or transferor and the purchaser or transferee to complete a sale or other transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and of Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of records. The register shall state the name and address of the seller or transferor of the firearm in addition to any other information required by Section 12077. The seller or transferor shall deliver the firearm to the dealer who shall retain possession of that firearm. The dealer shall then deliver the firearm to the purchaser or transferee, if it is not prohibited, in accordance with the provisions of subdivision (c) of Section 12072. If the dealer cannot legally transfer the firearm to the purchaser or transferee, the dealer shall forthwith, without waiting for the conclusion of the waiting period described in Sections 12071 and 12072, return the firearm to the transferor or seller. The dealer shall not return the firearm to the seller or transferor when to do so would constitute a violation of subdivision (a) of Section 12072. If the dealer cannot legally return the firearm to the transferor or seller, then the dealer shall forthwith deliver the firearm to the sheriff of the county or the chief of police or other head of a municipal police department of any city or city and county who shall then dispose of the firearm in the manner provided by Sections 12028 and 12032. The purchaser or transferee may be required by the dealer to pay a fee not to exceed the actual cost of processing the application, which shall not exceed two dollars ($2), plus the amount of a fee which the Department of Justice may charge pursuant to subdivision (d) of Section 12076 and plus a fee not to exceed five dollars ($5) to the dealer for processing the transfer or sale. The department may charge only one fee pursuant to this section in meeting its obligations pursuant to Section 12076. The fee that the department may charge is the fee that would be applicable pursuant to subdivision (d) of Section 12076, if the dealer was selling, transferring, or delivering a firearm to a purchaser or transferee without any other parties being involved in the transaction.

A violation of this section by a dealer is a misdemeanor.

SEC. 9. Section 12083 of the Penal Code is amended to read:

12083. (a) The Department of Justice shall undertake a feasibility study concerning proposed changes in firearm statutes, particularly as they relate to this article, which would accomplish the following:

(1) Introduce a system whereby licensed firearm dealers may utilize an 800 hotline telephone number or a 976 telephone number in order to contact the Department of Justice to determine the eligibility of a person to purchase and possess a firearm.

(2) Reduce the current 15-day waiting period to a lesser waiting period as the result of the introduction of automation, computerization, or other devices or means which have increased efficiency in screening the eligibility of persons to purchase and possess firearms.

(3) Establish a licensing procedure allowing individuals who possess particular kinds of identification and have certain personal historical background, including, for example, completion of a hunter safety course, to obtain a firearm without being subject to a background check for eligibility.

(4) If the federal government develops a system for immediate and accurate identification of felons, as described in Section 6213 of Public Law 100-690, establish a means for the Department of Justice to utilize that system.

(5) Implement a system whereby a firearm purchaser utilizes a record check similar to those checks utilized by private credit reporting agencies.

(6) Incorporate private entities into the background check process by the use of bonding requirements, employing private credit reporting procedures, and by adopting similar methods and procedures.

(7) Revise existing statutory licensing requirements in order that local licensing authorities implement essentially uniform licensing procedures under Section 12071.

(8) Revise the intrafamilial firearms exemption as created by subdivision (c) of Section 12078 to determine whether the exemption needs to be clarified.

(b) The Department of Justice shall provide the results of this feasibility study to the Legislature on or before July 1, 1991.

(c) The intent of this section is to encourage the rapid development and deployment of an alternative background check system by which it may be determined if prospective purchasers of all firearms are ineligible to purchase or possess a firearm. The full deployment of an alternative background check system is highly desirable and may greatly reduce, if not eliminate, the need for California to administer the existing background check system, as authorized by this article.

SEC. 10. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 11. This act shall become operative on January 1, 1991.

SEC. 12. This bill is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to ambiguities in existing firearms statutes, it is necessary that this act take immediate effect.

CHAPTER 6

An act to add Sections 9953 and 11713.6 to the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 13, 1990 Filed with Secretary of State December 13, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 9953 is added to the Vehicle Code, to read:

9953. Every manufacturer of a new motor vehicle sold in this state which, as equipped, may not be operated with tire chains shall indicate that fact in the owner's manual for the vehicle or other written material provided by the manufacturer regarding the vehicle.

SEC. 2. Section 11713.6 is added to the Vehicle Code, to read:

11713.6. It is unlawful and a violation of this code for the holder of any dealer's license issued under this article to fail to disclose in writing to the buyer of a new motor vehicle, that the vehicle, as equipped, may not be operated on a highway signed for the requirement of tire chains if the owner's manual or other material provided by the manufacturer states that the vehicle, as equipped, may not be operated with tire chains. The dealer shall obtain the signature of the buyer to acknowledge the disclosure required by this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. Sections 1 and 2 of this act shall become operative on January 1, 1991.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that buyers of new motor vehicles that may not be operated, as equipped, with tire chains become aware as soon as possible that the vehicles may not be driven under winter conditions which require the use of chains, it is necessary that this act take effect immediately.

CHAPTER 7

In addition, every operator of a pipeline shall pay the oil spill prevention and administration fee for each barrel of crude oil originating from a production facility in marine waters and transported in the state by means of a pipeline operating across, under, or through the marine waters of the state. The fees shall be remitted to the board by the terminal or pipeline operator on the 25th day of the month based upon the number of barrels of crude oil or petroleum products received at a marine terminal or transported by pipeline during the preceding month. No fee shall be imposed pursuant to this section with respect to any crude oil or petroleum products if the person who would be liable for that fee,

or responsible for its collection, establishes that the fee has been collected by a terminal operator registered under this chapter or paid to the board with respect to the crude oil or petroleum product.

(2) Every owner of crude oil or petroleum products is liable for the fee until it has been paid to the board, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(c) The moneys collected pursuant to subdivision (a) shall be deposited into the fund.

(d) The board shall collect the fee and adopt regulations for implementing the fee collection program.

(e) The fee imposed pursuant to this section shall be collected solely for all of the following purposes:

(1) To implement oil spill prevention programs through rules, regulations, leasing policies, guidelines, and inspections and to implement research in prevention and control technology.

(2) To carry out studies which may lead to improved oil spill prevention and response.

(3) To finance environmental and economic studies relating to the effects of oil spills.

(4) To reimburse the member agencies of the State Interagency Oil Spill Committee for costs arising from implementation of this chapter, Article 3.5 (commencing with Section 8574.1) of Chapter 7, and Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(5) To implement, install, and maintain emergency programs, equipment, and facilities to respond to, contain, and clean up oil spills and to ensure that those operations will be carried out as intended.

(f) The moneys deposited in the fund shall not be used for responding to an oil spill.

This section shall remain in effect only until July 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1991, deletes or extends that date.

SEC. 3.5. Section 8670.40 is added to the Government Code, to read:

8670.40. (a) The administrator shall collect annually a fee in an amount determined by the administrator to be sufficient to carry out the purposes set forth in subdivision (e), and a reasonable reserve for contingencies. The amount of the annual assessment shall not exceed four cents ($0.04) per barrel of oil.

(b) Every marine terminal operator shall pay the oil spill prevention and administration fee for each barrel of oil delivered through the operator's marine terminal. In addition, every operator of a pipeline shall pay the oil spill prevention and administration fee for each barrel of oil transported into the state by means of pipeline operating across, under, or through the marine waters of this state. The fee for a pipeline shall not be based on the number of times an individual pipeline enters and exits marine waters nor shall the fee be collected when oil is transported within a facility, such as between

a tank facility and refinery or electric generating plant. The administrator shall develop regulations governing the fees to be assessed on pipelines.

The amount of the fee to be paid by an operator shall be established by the administrator commensurate with the risks and potential sizes of spills from the operator's marine facility.

(c) The moneys collected pursuant to subdivision (a) shall be deposited into the fund.

(d) The State Board of Equalization shall collect the fee and adopt regulations for implementing the fee collection program.

(3) To finance environmental and economic studies relating to the effects of oil spills.

(4) To reimburse the member agencies of the State Interagency Oil Spill Committee for costs arising from implementation of this chapter, Article 3.5 (commencing with Section 8574.1) of Chapter 7, and Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(5) To implement, install, and maintain emergency programs, equipment, and facilities to respond to, contain, and clean up oil spills and to ensure that those operations will be carried out as intended.

(f) The moneys deposited in the fund shall not be used for responding to an oil spill.

(g) This section shall become operative July 1, 1991.

CHAPTER 11

An act to add Section 3381.5 to the Health and Safety Code, relating to immunization, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 16, 1990. Filed with Secretary of State December 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. Section 3381.5 is added to the Health and Safety Code, to read:

3381.5. (a) The Legislature finds and declares that 1990 marks one of the worst measles epidemics in recent history and that this epidemic threatens the health and safety of our schoolaged children.

The Legislature finds and declares that, according to the Center for Disease Control and the American Academy of Pediatrics, current medical technology suggests that in order to be fully immunized against measles, children should receive two doses of the immunization agent for measles before the age of seven years.

It is the intent of the Legislature to ensure that all possible steps are taken to combat the spread of any disease through California schools.

(b) The state department, in consultation with the State Department of Education, shall develop and adopt regulations to ensure that every student in any private or public elementary or secondary school, child care center, day nursery, nursery school, or development center shall have access to full immunization against measles, as determined by the Center for Disease Control, to the extent funds are available.

Priority shall be given to children who have not received any type of measles immunization.

SEC. 2. Section 1 of this act shall become operative January 1, 1991.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to combat the measles epidemic that threatens the health and safety of schoolaged children, it is necessary that this act take effect immediately.

CHAPTER 12

An act to add Article 10 (commencing with Section 60730) to Chapter 5 of Part 33 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 16, 1990 Filed with Secretary of State December 17, 1990.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) The present form of assessing pupil performance does not assess the skills that pupils need to succeed in the world of work. Current assessment practices often do not adequately determine the pupils' ability to use their knowledge to solve real world problems. Moreover, current testing procedures are often not aligned with state and local instructional program goals and objectives.

(2) A report published by the California Business Roundtable entitled "Restructuring California Education: A Design for Public Education in the Twenty-First Century," states that despite the availability of many testing programs, current measurements of pupil performance provide inadequate information about how much essential knowledge and reasoning skills pupils have learned, and that schools cannot be held accountable for results until performance can be measured in fair, comparable, and understandable ways.

(3) The San Diego Unified School District has found that a growing number of schools are seeking more accurate ways to measure pupil achievement because many important skills cannot be assessed with current testing procedures.

(4) A report prepared by the Association of California School Administrators found that the pressure placed upon schools to achieve high test scores can severely alter the focus of teaching and learning. Many school officials complain that instead of concentrating on long-term, often intangible success, the public has been led to believe that high test scores are the only way to measure quality education and evaluate schools.

(5) The consensus of educators participating in a series of recent conferences that critically evaluated the current pupil assessment system concluded that the educational reform movements call for pupils to think critically, write clearly and persuasively, and argue logically, and that it is important that these skills be assessed directly and under conditions which mirror the real world in order to provide assurances to the public that pupils are acquiring those skills.

(6) The office of the Legislative Analyst has found that present evaluations of assessment programs fail to address important policy issues relating to the impact of the evaluated program, and that the evaluation should be designed to determine the value of educational

resources. Current resources do not provide for the variety of validated assessment procedures that are necessary to conduct comprehensive educational program evaluations that will provide the Legislature with the information necessary to make informed decisions about the value and cost benefits of those educational programs and practices.

(b) The Legislature further finds and declares that existing resources at the state and local levels are not sufficient to provide for the extensive redevelopment and validation necessary to produce alternative assessments, and that it is necessary to provide for the funding of pilot projects to develop and validate performance assessment models capable of being disseminated to all public schools.

It is the intent of the Legislature in enacting this act to provide for the development and evaluation of alternative assessment programs and practices through the establishment of a pilot program to provide for the development of models for the implementation of effective alternative assessment procedures that will be made available to all public schools. It is further the intent of the Legislature that these alternative assessment models are fair, accurate, and unbiased.

SEC. 2. Article 10 (commencing with Section 60730) is added to Chapter 5 of Part 33 of the Education Code, to read:

Article 10. Alternative Assessment Pilot Project

60730. (a) Based on the recommendations and advice of the Superintendent of Public Instruction, the State Board of Education shall select two pilot projects to identify and disseminate effective alternatives to the current standardized assessment system. The State Board of Education and the State Department of Education shall develop guidelines for the selection and award of the pilot projects.

(b) The State Board of Education, in cooperation with the State Department of Education, shall do all of the following:

(1) Select one or more independent educational research or evaluation agencies to provide technical and research assistance to the two selected consortia and select a separate independent agency to evaluate annually the impact, effectiveness, and benefits of each of the pilot projects.

(2) Submit a report, on or before September 1, 1993, to the Governor and the Legislature on the findings and recommendations of the lead consortium, pursuant to subdivision (d) of Section 60731.5, and on the effectiveness of the alternative assessment programs and practices developed by the pilot projects for use in the public schools, as evaluated pursuant to Section 60731.5.

If the assessment practices of the pilot projects are found to be superior indicators of pupil learning, the recommendations shall be specific so that the recommendations may be considered for

statewide implementation by the Legislature.

(c) Each pilot project established pursuant to this article shall be operated through June 30, 1993.

60731. (a) In order to be eligible for selection as a pilot project pursuant to this section, an applicant shall represent a consortium of two or more school districts involved in curriculum and pupil assessment and also shall meet the following requirements:

(1) Serve pupils in grades kindergarten and grades 1 to 12, inclusive.

(2) Have established a committee of teachers representing the districts comprising the consortium.

(3) Reflect the socioeconomic, ethnic, and racial diversity of the state's pupil population.

(b) The State Board of Education, based upon the recommendations and advice of the State Department of Education shall authorize a grant award, under this section, to two regional consortia to develop, validate, and disseminate resources and procedures for conducting alternative student assessment. The state board shall ensure that one of the consortia selected shall be located in the northern portion of the state, and one consortium shall be located in the southern portion of the state. The state board shall select one existing assessment consortium to act as the local educational agency for the entire project. The remaining consortium shall operate as a satellite consortium. The consortium selected as the local educational agency shall have experience in portfolio assessment, school effectiveness assessment, or other forms of alternative assessment.

(c) Participating public postsecondary educational institutions in each selected consortia are encouraged to develop and disseminate training models for new teachers and may provide staff development assistance to teachers in participating school districts. A public unified school district maintaining kindergarten and grades 1 to 12, inclusive, shall serve as the local education agency for each pilot project.

60731.5. One or more independent educational research or evaluation agencies shall be selected pursuant to paragraph (1) of subdivision (b) of Section 60730 to provide technical and research assistance to the two selected consortia. A separate independent agency shall be selected to evaluate annually the impact, effectiveness, and benefits of each of the pilot projects on schools and programs throughout the state. Not more than 20 percent of any funds allocated for carrying out the provisions of this article shall be made available to the research agencies.

The applicant selected to serve as the lead consortium shall develop and implement the pilot project in collaboration with the State Department of Education and, at a minimum, shall do all of the following:

(a) Conduct a study to define and evaluate current statewide pupil assessment practices and to identify additional types and levels

of assessment needed for vocational planning, curriculum planning, and program evaluation by school districts and schools. The study shall include an evaluation of the appropriateness of existing educational program accountability information for assessment programs as may be needed by the office of the Legislative Analyst. It is the intent of the Legislature that prior to commencing the evaluation of existing or alternative assessment methods, the evaluators consult with representatives who reflect the socioeconomic, ethnic, and racial diversity of the state's pupil population and that the comments of those representatives be taken into consideration in the development of recommendations pursuant to this article.

(b) Review and catalog all existing alternative assessment instruments, programs, and procedures.

(c) Determine the cost-benefit analysis for schools and programs to adopt each of the alternative assessment programs and practices.

(d) Develop comprehensive policy recommendations related to pupil assessments, as well as all related program and performance indicators and report the findings and recommendations to the State Board of Education and the State Department of Education.

(e) Determine the most effective means of disseminating comprehensive program assessment information to the community.

(f) Review existing accountability systems and recommend improvements or changes based on the findings of the pilot projects to include school accountability report cards, California Assessment Program measures, low-performing school guidelines, and other appropriate systems.

(g) Coordinate assessment planning and development activities with existing subject matter projects.

(h) Develop annual reports of findings to be submitted to the State Curriculum Commission, the State Board of Education, the Superintendent of Public Instruction, and the Legislature.

60731.6. Each applicant selected to implement a pilot project, at a minimum, shall do all of the following:

(a) Develop and field test validated alternative assessment practices, developed pursuant to this section, for each of the need categories prescribed under subdivision (a) of Section 60731.5.

(b) Develop all necessary training and professional development programs required for the replication and adaptation of validated alternative assessment practices.

(c) Develop, package, and disseminate training and materials needed for schools to adopt or adapt appropriate alternative assessment procedures that meet determined local program and pupil needs.

(d) Annually evaluate the progress of each pilot project in meeting the objectives prescribed under this chapter.

(e) Utilize existing structures and programs for the dissemination and training of school staff in the implementation of alternative assessment programs and practices, including school improvement

programs, school development plans, coordinated school-based planning programs, and other appropriate programs.

(f) Ensure that the alternative assessment programs and practices include the consideration of pupils with special educational needs and existing programs available to assist these pupils.

(g) Ensure that the alternative assessment programs and practices are fair, accurate, and unbiased.

60731.9. This article shall remain in effect only until January 1, 1994, and shall have no force or effect on or after that date, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 3. It is the intent of the Legislature that funding for the Alternative Assessment Pilot Project, established pursuant to Article 10 (commencing with Section 60730) of Chapter 5 of Part 33 of the Education Code, shall be provided in the annual Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this pilot program to be functional for the 1990–91 school year, it is necessary for this act to take effect immediately.

This subdivision shall not apply with respect to a seized vehicle or component part used as evidence in any criminal action or proceeding. (1) The registered owner leases the vehicle to another person for a term of more than four months. If the lease is for more than four months, the lessee is the motor carrier.

(2) The registered owner operates the vehicle exclusively under the authority and direction of another person. If the operation is exclusively under the authority and direction of another person, that other person may assume the responsibilities as the motor carrier. If not so assumed, the registered owner is the motor carrier.

(b) Each motor carrier who, in this state, directs the operation of, or maintains, any vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where vehicles can be inspected by the department pursuant to paragraph (3) of subdivision (a) of Section 34501 and where vehicle inspection and maintenance records and driver records will be made available for inspection.

(c) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515 of any motor carrier who, at any time, operates any vehicle described in subdivision (a).

As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,100 pounds, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste hauler registration is required pursuant to Section 25163 of the Health and Safety Code. Historical vehicles, as described in Section 5004, vehicles which display special identification plates in accordance with Section 5011, implements of husbandry, as defined in Chapter 1 (commencing with Section 36000) of Division 16, and vehicles owned or operated by an agency of the federal government are not subject to this section or to Sections 34505.5 and 34505.6.

The fee shall be four hundred dollars ($400) per terminal, except in the case of an owner-operator, as defined in Section 3557 of the Public Utilities Code, or a nonregulated motor carrier who owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles described in subdivision (a), (b), (d), (e), (f), or (g) of Section 34500, for which the fee shall be one hundred dollars ($100). Federal, state, and local public entities are exempt from the fee requirements of this section.

(2) Every motor carrier subject to the requirements of this section

shall submit an application for the initial inspection required by subdivision (a) on or before July 1, 1989. The inspection term for a motor carrier shall expire 25 months from the date the department conducts the motor carrier's first terminal inspection, and every 25 months thereafter. Applications and fees for subsequent inspections shall be submitted not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(3) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(e) It is unlawful for a motor carrier to operate any vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by paragraph (2) of subdivision (b).

(f) On and after January 1, 1992, it shall be unlawful for any motor carrier to operate any vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (a) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(g) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period not to exceed six months the inspection terms beginning prior to July 1, 1990.

(h) The department shall report to the Legislature not later than September 1, 1991, on the mandates of the California Commercial Motor Vehicle Safety Act of 1988 and the mandates of Section 34514. The department shall recommend any program adjustments that may be desirable, and shall report on any fee adjustments that may be required to fully fund biennial terminal inspections of all California truck terminals. The department shall also consider the feasibility of implementing an incentive program which would benefit truck operators with excellent safety records.

(2) The display of the carrier identification number shall be in sharp contrast to the background, and shall be of such size, shape, and color as to be readily legible during daylight hours from a distance of 50 feet.

(3) The carrier identification number shall be removed before sale, transfer, or other disposal of the vehicle.

(1) Vehicles which are regulated by, and which display a valid operating authority or identification number assigned by, the Interstate Commerce Commission, the Public Utilities Commission, or the United States Department of Transportation.

(2) Vehicles described in subdivision (f) of Section 34500 if the gross vehicle weight rating of the towing vehicle is 10,100 pounds or less.

(3) Vehicles described in subdivision (g) of Section 34500 if the hazardous material transportation does not require the display of placards pursuant to Section 27903, a license pursuant to Section 32000.5, or hazardous waste hauler registration pursuant to Section 25163 of the Health and Safety Code.

(4) Historical vehicles, as described in Section 5004, vehicles which display special identification plates in accordance with Section 5011, and implements of husbandry as defined in Chapter 1 (commencing with Section 36000) of Division 16.

SEC. 61. Section 35401 of the Vehicle Code is amended to read:

35401. (a) Except as provided in subdivisions (b), (c), and (d), no combination of vehicles coupled together, including any attachments, shall exceed a total length of 65 feet.

(b) (1) A combination of vehicles coupled together, including any attachments, which consists of a truck tractor, a semitrailer, and a semitrailer or trailer, shall not exceed a total length of 75 feet, if the length of neither the semitrailers nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(2) A B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailers of a truck tractor-semitrailer-semitrailer combination of vehicles. However, if there is no second semitrailer mounted to the

B-train assembly, it shall be included in the length measurement of the semitrailer to which it is attached.

(c) A tow truck in combination with any of the following vehicles authorized to travel on the highway by this chapter is exempt from subdivision (a) when operating under a valid annual transportation permit and within a 100 mile radius of the location specified in the permit:

(1) A disabled vehicle.

(2) An abandoned vehicle.

(3) A disabled or abandoned combination of vehicles.

A tow truck in combination with the above vehicles may exceed the 100-mile radius restriction if a single trip permit is obtained from the Department of Transportation.

(d) Any city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance shall not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(e) Any city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county shall not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. Any city or county considering the adoption of an ordinance shall consider, but not be limited to, consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests which are likely to be affected and shall consider the recommendations of the advisory committee in adopting the ordinance. The ordinance shall not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(f) Whenever, in the judgment of the Department of Transportation, any state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of

the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400. On or before January 1, 1989, the department shall erect suitable signs appropriately restricting truck travel on those highways, or portions of highways, and report its findings and recommendations to the Legislature.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000) and, if the person gives proof of ability to respond in damages as defined in Section 16430 to the Department of Motor Vehicles, have the privilege to operate a motor vehicle restricted for 90 days to necessary travel to and from that person's place of employment and to and from the program described in subdivision (b) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. The shorter program is subject to all other applicable regulations developed by that state department pursuant to paragraph (3) of subdivision (b) of Section 11837.4.

(3) Except as provided in paragraph (4), in any county where the board of supervisors has approved, and the State Department of Alcohol and Drug Programs has licensed , a program or programs described in paragraph (1) or (2), the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education and counseling program, or both of these programs, in the driver's county of residence or employment, as designated by the court.

(4) For persons who are active duty personnel in the United States Navy or Marine Corps, the court shall, unless the defendant requests otherwise, impose as a condition of probation that the driver shall participate in, and successfully complete, the Navy Alcohol Drug Safety Action Program rather than a program described in paragraph (1) or (2).

The county shall require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(d) In order to assure effectiveness of the alcohol or drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) (1) Any person required to successfully complete an alcohol or drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person shall also participate in and successfully complete the program and, shall furnish proof of successful completion within the period of time and in the manner specified by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to comply with this paragraph.

(3) The court, in establishing the reporting requirements in this subdivision, shall consult with the county alcohol program administrator. The county alcohol program administrator shall coordinate the reporting requirements with the Department of Motor Vehicles and the State Department of Alcohol and Drug Programs. That reporting shall ensure that all persons who, after being ordered to attend and complete a program, may be identified for either (1) failure to enroll in, or failure to successfully complete, the program, or (2) successful completion of the program as ordered.

(f) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate issued pursuant to Section 12804.1, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352.

(d) This act shall not operate to authorize, confirm, validate, or legalize a contract between any public body and the United States.

SEC. 8. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches shall be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This act shall not extend the period in which any action may be brought beyond the period

in which it would be barred by any presently existing valid statute of limitations.

SEC. 9. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by those sections.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 23

An act to amend Sections 53326 and 53327 of the Government Code, relating to community facilities districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 22, 1991. Filed with Secretary of State April 22, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 53326 of the Government Code is amended to read:

53326. (a) The legislative body shall then submit the levy of any special taxes to the qualified electors of the proposed community facilities district subject to the levy or to the qualified electors of the territory to be annexed by the community facilities district subject to the levy in the next general election or in a special election to be held, notwithstanding any other requirement, including any requirement that elections be held on specified dates, contained in the Elections Code, at least 90 days, but not more than 180 days, following the adoption of the resolution of formation. The legislative body shall provide the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the district, and a sufficient description to allow the election official to determine the boundaries of the district to the official conducting the election within three business days after the adoption of the resolution of formation. Assessor's parcel numbers for the land within the district shall be included if it is a landowner election or the district does not conform to an existing district's boundaries and if requested by the official conducting the election. If the election is to be held less than

125 days following the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required. However, any time limit specified by this section or requirement pertaining to the conduct of the election may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election.

(b) Except as otherwise provided in subdivision (c), if at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner who is the owner of record at the close of the protest hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district. The number of votes to be voted by a particular landowner shall be specified on the ballot provided to that landowner. If the vote is by landowners pursuant to this subdivision, the legislative body shall determine that any facilities financed by the district are necessary to meet increased demands placed upon local agencies as the result of development or rehabilitation occurring in the district.

(c) If the proposed special tax will not be apportioned in any tax year on any portion of property in residential use in that tax year, as determined by the legislative body, the legislative body may provide that the vote shall be by the landowners of the proposed district whose property would be subject to the tax if it were levied at the time of the election. Each of these landowners shall have one vote for each acre, or portion thereof, that the landowner owns within the proposed district which would be subject to the proposed tax if it were levied at the time of the election.

(d) Ballots for the special election authorized by subdivision (a) may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing of ballots by an affidavit, which shall constitute conclusive proof of mailing in the absence of fraud. The voted ballots shall be returned to the election officer conducting the election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

SEC. 2. Section 53327 of the Government Code is amended to read:

53327. (a) Except as otherwise provided in this chapter, the provisions of law regulating elections of the local agency that calls an election pursuant to this chapter, insofar as they may be applicable, shall govern all elections conducted pursuant to this chapter. Except as provided in subdivision (b), there shall be prepared and included

in the ballot material provided to each voter, an impartial analysis pursuant to Section 3781 or 5011 of the Elections Code, arguments and rebuttals, if any, pursuant to Sections 3782 to 3787, inclusive, and 3795 of the Elections Code or pursuant to Sections 5012 to 5016, inclusive, and 5025 of the Elections Code.

(b) If the vote is to be by the landowners of the proposed district, analysis and arguments may be waived with the unanimous consent of all the landowners and shall be so stated in the order for the election, and when the local agency is a school district and the vote is to be by the landowners of the proposed district, its legislative body may authorize an official of the district to conduct the election.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Responsible planning within school districts experiencing explosive growth requires that annexations contemplated be accomplished in the most expeditious manner. In order to address pressing needs, it is essential that this act take immediate effect.

CHAPTER 24

An act to amend Section 798.17 of the Civil Code, relating to mobilehome parks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 6, 1991 Filed with Secretary of State May 7, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 798.17 of the Civil Code is amended to read:

798.17. (a) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of such a rental agreement shall prevail over conflicting provisions of such an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months' duration is entered into, then the last rental rate charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

The first paragraph of a rental agreement entered into pursuant to this section shall contain a provision notifying the homeowner that

the rental agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months' duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the rental agreement is first offered to the homeowner to accept or reject the rental agreement.

(4) The homeowner who executes a rental agreement offered pursuant to this section may void the rental agreement by notifying management in writing within 72 hours of the homeowner's execution of the rental agreement.

(c) The homeowner shall have the option to reject the offered rental agreement and instead accept a rental agreement for a term of 12 months or less from the date the offered rental agreement begins. In the event the homeowner elects to have a rental agreement for a term of 12 months or less, including a month-to-month rental agreement, the rental agreement shall contain the same "rental charges" terms and conditions as the offered rental agreement during the first 12 months, except for options contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit management from offering gifts of value, other than rental rate reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park which is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a tenant for rent, the mobilehome park shall be exempt from any fee or other exaction imposed pursuant to such an ordinance, rule, regulation, or initiative measure or imposed for the purpose of defraying the cost of administration thereof.

(f) This section does not apply to or supersede other provisions of this part or other state law.

SEC. 2. The amendments to Section 798.17 of the Civil Code set forth in Section 1 of this act shall become operative on May 10, 1991, or the effective date of this act, whichever is later.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the inadvertent preemption of local ordinances by Chapter 1046 of the Statutes of 1990, it is the intent of the Legislature to repeal the changes made by Chapter 1046 of the Statutes of 1990 and to reinstate the state law as it existed on December 31, 1990. It is therefore necessary that this act take effect immediately.

CHAPTER 25

An act relating to the Secretary of State, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. The sum of seven million two hundred sixty-three thousand dollars ($7,263,000) is hereby appropriated from the General Fund to the Secretary of State in augmentation of category (c) of Item 0890-001-001 of Section 2 of Chapter 467 of the Statutes of 1990, for allocation in accordance with the following schedule:

(a) Three million two hundred forty thousand dollars ($3,240,000) for the principal pamphlet.

(b) Four million twenty-three thousand dollars ($4,023,000) for the supplemental pamphlet.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Secretary of State may satisfy contractual obligations with the State Printing Plant concerning payment for services rendered during the 1990–91 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 26

An act to amend Section 18990 of, to amend the heading of Article 5 (commencing with Section 18990) of Chapter 4 of Part 2 of Division 5 of Title 2 of, to add Section 18992 to, and to add and repeal Section 18991 of, the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

Article 5. Exempt Employees

SEC. 2. Section 18990 of the Government Code is amended to read:

18990. (a) Notwithstanding any other provision of law or rule, persons employed by the Legislature for two or more consecutive years shall be eligible to apply for promotional civil service examinations, including examinations for career executive assignments, for which they meet the minimum qualifications as prescribed by the class specification. Persons receiving passing scores shall have their names placed on promotional lists resulting from these examinations or otherwise gain eligibility for appointment. In evaluating minimum qualifications, related legislative experience shall be considered state civil service experience in a class deemed comparable by the State Personnel Board, based on the duties and responsibilities assigned.

(b) In cases where promotional examinations are given by more than one department for the same classification, the employee shall select one department in which to compete. Once this selection is made, it cannot be changed for the duration of the promotional list established from the examination in which the employee participated. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(c) Employees who meet the requirements of this section, are employed by the Legislature as of January 1, 1991, and who resign or are released from service due to a force reduction of the Legislature before January 1, 1992, shall be eligible to take promotional civil service examinations, including examinations for career executive assignments, for three years following their resignation or release in accordance with subdivisions (a) and (b).

(d) An employee who establishes eligibility on a promotional civil service list, either pursuant to subdivision (c) or prior to having resigned or having been released in a manner to which subdivision (c) would apply, shall maintain that eligibility for the duration of that particular list.

SEC. 3. Section 18991 is added to the Government Code, to read:

18991. (a) Notwithstanding any other provision of law or rule, persons, whether current or former employees of the Legislature, employed by the Legislature for two or more years and who were

In evaluating minimum qualifications, related legislative experience shall be considered state civil service experience in a class deemed comparable by the State Personnel Board, based on the duties and responsibilities assigned.

(b) Persons eligible for deferred examinations pursuant to subdivision (a), shall be given an examination within 30 days, whenever possible, but not more than 180 days from the date of the request.

(c) In cases where lists exist in more than one department for the same classification, the employee shall select one department in which to compete by deferred examination. Once this selection is made, it cannot be changed for the duration of the list. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. Section 18992 is added to the Government Code, to read:

18992. (a) Notwithstanding any other provision of law or rule, persons holding, for two or more consecutive years, nonelected exempt positions in the executive branch of government as defined in subdivisions (c), (e), (f), (g), (i), and (m) of Section 4 of Article VII of the Constitution and excluding those positions for which the salaries are set by statute, shall be eligible to apply for promotional civil service examinations, including, but not limited to, examinations for career executive assignments for which they meet the minimum qualifications as prescribed by the class specification. Once this selection is made, it cannot be changed for the duration of the promotional list established from the examination in which the employee participated. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(c) Employees who meet the requirements of this section and resign from exempt employment of the executive branch of government shall have the same rights and eligibility to take

promotional civil service examinations and maintain promotional list eligibility as is provided to permanent civil service employees who resign from civil service.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 27

An act to amend Section 16024 of, to add Section 16078 to, and to repeal Sections 16106, 16167, and 16208 of, the Education Code, relating to school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1991. Filed with Secretary of State May 13, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 16024 of the Education Code is amended to read:

16024. Each school district that desires an apportionment for a grade level maintained by it, shall submit through its governing board to the board an application therefor in the form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project for which the district desires an apportionment. Before the board approves an application for a construction project and makes an apportionment pursuant to this chapter, it shall, after consultation with the Department of General Services, establish standards for all new construction included therein. After this consultation the board shall establish current construction cost standards for that construction. The standards shall not exceed typical comparable new construction by school districts in the same area not receiving or eligible for apportionment under this chapter, or if there has been no new construction by school districts in the area, the standards shall not exceed the reasonable current cost of similar construction in the area. The board shall determine these typical current costs or reasonable current costs. In applying those standards the board shall take into account the size and type of the construction proposed and may make deviations as in their judgment are justified. When a standard has been set by the board to cover any individual

apportionment, no apportionment shall be made by the board in excess of that standard, unless the board shall find that in view of a rapid increase in building costs an adjustment is warranted. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the director and to the Director of General Services.

A school district shall not let any contract for new construction included in an application for a construction project that has been approved by the board if the cost exceeds the construction cost standards fixed by the board under this section for that new construction.

A school district may at any time amend or supplement its application.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board. If a district applies for more than one construction project, at the same time or at different times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

The board shall require the changes in the plans that an applicant school district submits with its application as the board determines is necessary or desirable to reduce the cost of the project. The board may also, by rule, provide for the vesting in the director or in the Director of General Services of the responsibility for requiring those changes, according to whether the subject matter of the change is subject to the jurisdiction or approval of the director or the Director of General Services, respectively.

The board may, for good cause as it shall determine, reduce the amount of, or modify any provisions relating to, any contribution required of a school district under the terms of an apportionment, other than any contribution required of the district under Section 16058 from the sale of bonds; provided, that the board may not, without the consent of the district, increase the amount of any district contribution under the terms of an apportionment, in the absence of mistake arising from any source, or misrepresentation, concealment, or omission, on the part of the district, intentional or otherwise. The provisions of this paragraph shall be applicable to apportionments heretofore or hereafter made.

The Director of General Services shall determine the school district's financial ability to meet all or a portion of the cost of the project and the amount that the school district can contribute toward the cost of the project out of its available funds, and shall submit his or her report thereon to the board.

The term "available funds" as used in the preceding paragraph means funds of the district other than funds received by gift or bequest.

The director shall, as promptly as possible, prepare a report and

recommendation with respect to the application and refer the application, report, and recommendation to the Director of General Services, who shall, if he or she finds the documents to be in proper form and otherwise sufficient, refer them to the board. If the director finds the documents to be lacking in any respect as to any matter that is subject to the jurisdiction or approval of the director or the State Department of Education, or the board of governors, as appropriate to their jurisdiction, he or she shall refer them to the director who shall take action as may be necessary. Subject to this chapter, the board shall approve or reject each application referred to it by the director. If the board approves of the application, either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the State School Building Aid Fund the amount applied for, or any portion thereof as the board may deem appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at the time and under the conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 16058 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved. The conditional apportionment shall remain effective for a period of 12 months from the date of the resolution of the board, and if it does not become a final apportionment by that date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter.

SEC. 1.5. Section 16078 is added to the Education Code, to read:

16078. Notwithstanding any other provision of this chapter, the total amount of the repayment made each year by each school district to which one or more apportionments have been made under this chapter shall not be less than the amount of the cost to the state for that year to pay principal and interest on the bonded indebtedness incurred to fund the apportionment or apportionments made to that district.

SEC. 2. Section 16106 of the Education Code is repealed.

SEC. 3. Section 16167 of the Education Code is repealed.

SEC. 4. Section 16208 of the Education Code is repealed.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for certain school districts presently unable to qualify for certain funds needed for capital outlay, to qualify for and receive those funds as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 28

An act to add and repeal Section 73 of the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 14, 1991. Filed with Secretary of State May 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 73 is added to the Revenue and Taxation Code, to read:

73. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, the term "newly constructed" does not include the construction or addition of any active solar energy system.

(b) For purposes of this section, "active solar energy system" means a system which uses solar devices thermally isolated from living space or other area where the energy is used to provide for collection, storage or distribution of solar energy. These solar systems may be used for any of the following:

(1) Domestic, recreational, therapeutic, or service water heating.

(2) Space conditioning.

(3) Production of electricity.

(4) Process heat.

(5) Solar mechanical energy.

For purposes of this section, "active solar energy system" does not include solar swimming pool heaters or hot tub heaters.

(c) (1) For purposes of paragraph (3) of subdivision (b), an "active solar energy system" that uses solar energy in the production of electricity includes storage devices, power conditioning equipment, transfer equipment, and parts related to the functioning of those items. In general, the use of solar energy in the production of electricity involves the transformation of sunlight into electricity through the use of devices such as solar cells or other collectors. However, an active solar energy system used in the production of electricity includes only equipment used up to, but not including, the stage of the transmission or use of the electricity.

(2) An "active solar energy system" that uses solar energy in the production of electricity also includes pipes and ducts that are used exclusively to carry energy derived from solar energy. Pipes and ducts that are used to carry both energy derived from solar energy and from energy derived from other sources are "active solar energy system" property only to the extent of 75 percent of their full cash value.

(3) An "active solar energy system" that uses solar energy in the production of electricity does not include equipment (auxiliary equipment), such as furnaces and hot water heaters, that use a source

of power other than solar energy to provide usable energy. An "active solar energy system" that uses solar energy in the production of electricity does include equipment, such as ducts and hot water tanks, that is utilized by both auxiliary equipment and solar energy equipment (dual use equipment). That equipment is an "active solar energy system" property only to the extent of 75 percent of its full cash value.

(d) This section shall apply to lien dates for the 1991–92 to 1993–94 fiscal years, inclusive. For purposes of supplemental assessment, this section shall apply only to qualifying construction completed on or after January 1, 1991. This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1995, deletes or extends that date.

SEC. 2. For purposes of subdivision (c) of Section 73 of the Revenue and Taxation Code, as added by Section 1 of this act, it is the intent of the Legislature, in defining an "active solar energy system" that uses solar energy in the production of electricity, to define that term as "solar energy property" is defined by Section 48 (1) (4) of the Internal Revenue Code of 1986 and Section 1.48-9 (d) (3), (4), and (6) of Title 26 of the Code of Federal Regulations, as those provisions were in effect on January 1, 1990, with the following exceptions:

(1) The "annual measuring period" provisions contained in Section 1.48-9 (d) (4) and (6) shall not apply.

(2) Pipes, ducts, and other dual use equipment shall be considered to be solar energy property to the extent of 75 percent of their full cash value regardless of the relative input of solar and nonsolar energy to that equipment.

(3) Equipment using wind energy as a source of power to produce energy shall not be included in the meaning of an "active solar energy system" that uses solar energy to produce electricity.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the duties, obligations, or responsibilities imposed on local government by this act were expressly included in a ballot measure approved by the voters in a statewide election. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to preserve at the earliest possible time meaningful incentives for the development of nonpolluting, domestically produced energy, it is necessary that this act take effect immediately.

CHAPTER 29

An act to amend Section 53314.6 of, and to add Section 53313.8 to, the Government Code, relating to community facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 16, 1991 Filed with Secretary of State May 17, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 53313.8 is added to the Government Code, to read:

53313.8. Pursuant to Section 53313.5, a community facilities district may also finance the acquisition improvement, rehabilitation, or maintenance of any real or other tangible property, whether privately or publicly owned, for the purposes described in subdivision (e) of Section 53313.

SEC. 2. Section 53314.6 of the Government Code is amended to read:

53314.6. (a) In connection with the financing of services and facilities pursuant to subdivision (e) of Section 53313 and Section 53313.8, the legislative body may establish a revolving fund to be kept in the treasury of the district. Except as provided in subdivision (b) of this section, moneys in the revolving fund shall be expended solely for the payment of costs with respect to those services and facilities. The revolving fund may be funded from time to time with moneys derived from any of the following:

(1) Proceeds of the sale of bonds issued pursuant to Article 5 (commencing with Section 53345), notwithstanding any limitation contained in Section 53345.3.

(2) Any taxes or charges authorized under this chapter.

(3) Any other lawful source.

(b) Subject to the provisions of any resolution, trust agreement or indenture providing for the issuance of district bonds for the purposes set forth in Section 53313.8, the legislative body may withdraw money from the revolving fund whenever and to the extent that it finds that the amount of money therein exceeds the amount necessary to accomplish the purposes for which the revolving fund was established. Any moneys withdrawn from the revolving fund shall be used to redeem bonds of the district issued for the purposes set forth in Section 53313.8 or shall be paid to taxpayers in the district in amounts which the legislative body determines.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to an inadvertent conflict with another act in the 1989–90

Regular Session of the Legislature the proposed provisions now contained in this act were negated. Uncontrolled hazardous waste sites pose a threat to the public health and safety, and delays in cleanup of these sites due to the difficulty of obtaining financing of cleanup activities may result in more widespread contamination, including pollution of drinking water sources. In order to enhance the ability of local governments to finance these activities without delay, it is necessary that this act take effect immediately.

CHAPTER 30

An act to amend Section 68500.5 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 16, 1991. Filed with Secretary of State May 17, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 68500.5 of the Government Code is amended to read:

68500.5. The annual salary of the Administrative Director of the Courts shall be the same as the salary of a judge of the court of appeal, and shall be paid out of appropriations for the support of the Judicial Council.

The salary of a judge of a court of appeal means the salary of a judge first appointed to the court of appeal after January 1, 1982.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 16112.7 of the Government Code is amended to read:

16112.7. Notwithstanding Sections 16111 and 16112, redevelopment agencies shall receive state subventions for the 1990–91 fiscal year in accordance with the following procedures:

(a) The Department of Finance shall calculate an amount equal to 25 percent of the total amount all redevelopment agencies would otherwise be entitled to receive in the 1990–91 fiscal year pursuant to paragraph (3) of subdivision (c) of Section 16111.

(b) On or before December 31, 1990, for the 1990–91 fiscal year, the Controller shall allocate the amount calculated pursuant to subdivision (a) to each redevelopment agency in accordance with the percentage entitlement of the total amount that would otherwise be allocated to that agency pursuant to paragraph (3) of subdivision (c) of Section 16111.

(d) On July 1, 1991, the Controller shall allocate the amount calculated pursuant to subdivision (c) to each redevelopment agency in accordance with the percentage entitlement of the total amount that would otherwise be allocated to that agency pursuant to paragraph (3) of subdivision (c) of Section 16111.

(e) Subdivisions (a) to (d), inclusive, shall not apply to any redevelopment agency which has stated in bond instruments and supporting documents that the amounts received pursuant to Section 16111 are pledged as security for payment of the principal and interest of those bonds and that the bond reserve account is insufficient to cover the bond payments. Any redevelopment agency within this subdivision shall, for the 1990–91 fiscal year, instead receive two payments allocated by the Controller, with each payment equal to 50 percent of the amount that would otherwise be allocated to that agency pursuant to paragraph (3) of subdivision (c) of Section 16111. The first payment pursuant to this subdivision shall be made on or before December 31, 1990, and the second payment shall be made on July 1, 1991. No redevelopment agency shall, on or after the effective date of this section, pledge as security for payment

of the principal and interest of bonds, the amounts received pursuant to Section 16111.

(f) Notwithstanding the prohibition contained in subdivision (e), relating to the pledge of amounts received pursuant to Section 16111 as security for the payment of bonds, a redevelopment agency within a city with a population of less than 20,000 which receives amounts pursuant to Section 16111 in the 1989–90 fiscal year in excess of one million five hundred thousand dollars ($1,500,000) but less than two million five hundred thousand dollars ($2,500,000), may pledge amounts received pursuant to Section 16111, which amounts shall not be less than the amounts allocated to the agency for the 1984–85 fiscal year, as security for the payment of the principal and interest on bonds issued prior to January 1, 1992.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(f) In enacting this section, it is the intent of the Legislature to ensure that all persons are provided with an additional safety benefit while operating or riding a motorcycle, motor-driven cycle, or motorized bicycle.

SEC. 2. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor May 28, 1991. Filed with Secretary of State May 28, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of Chapter 7 of the 1987–88 First Extraordinary Session, as amended by Chapter 1562 of the Statutes of 1988, is amended to read:

Sec. 3. (a) The sum of forty-six million five hundred thousand dollars ($46,500,000) is hereby transferred from the Special Fund for Economic Uncertainties to the Disaster Response-Emergency Operations Account for allocation by the Director of Finance in accordance with Section 8690.6 of the Government Code and this section.

(b) Of the funds transferred pursuant to subdivision (a), the sum of thirty-four million five hundred thousand dollars ($34,500,000) shall be allocated to the 1987 Southern California Earthquake Account for assistance to local agencies.

(d) In addition to any other amounts appropriated in this or any other statute, of the funds appropriated pursuant to subdivision (a), the sum of ten million two hundred thousand dollars ($10,200,000) shall be allocated to the Superintendent of Public Instruction for allocation to school districts and county offices of education.

These funds may only be expended for expenses incurred as a result of the October 1, 1987, earthquake and aftershocks that do not qualify for funding under Section 7 of Public Law 81-874, 20 USC Section 241-1, and do not qualify as minimum school facilities under the regulations implementing Section 16 of Public Law 81-815, 20 USC Section 646.

(e) The funds appropriated in this section shall be available for expenditure until June 30, 1992.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that all eligible local agencies and school districts affected by the October 1987 southern California earthquake and aftershocks are able to take full advantage of

available state assistance, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 35

An act to amend Sections 99313.6 and 99314.5 of, to add Section 99314.7 to, and to repeal and add Section 99314.6 of, the Public Utilities Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1991. Filed with Secretary of State May 28, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 99313.6 of the Public Utilities Code, as amended by Chapter 13 of the Statutes of 1991, is amended to read:

99313.6. (a) Except as provided in subdivision (b), each transportation planning agency and county transportation commission, and the San Diego Metropolitan Transit Development Board, shall create a state transit assistance fund and deposit therein the funds allocated to it pursuant to Sections 99313 and 99314 for allocations to operators, and to claimants for the purposes specified in Section 99275 and in subdivisions (b), (c), (d), and (e) of Section 99400, within the area on which its allocation was determined.

(b) From funds allocated to it pursuant to Sections 99313 and 99314, the Los Angeles County Transportation Commission may allocate funds to itself for the planning, design, and construction of an exclusive public mass transit guideway system.

SEC. 1.3. Section 99314.5 of the Public Utilities Code, as amended by Chapter 13 of the Statutes of 1991, is amended to read:

99314.5. (a) No funds allocated pursuant to Section 99313.3 or 99314.3 shall be allocated to an operator unless it is eligible for allocations under Article 4 (commencing with Section 99260), without considering any funds to be allocated to it pursuant to those sections, or it is in a county in which funds may be allocated for purposes specified in Section 99400.

(b) No funds allocated pursuant to Section 99313.3 shall be allocated to a city or county for the purposes specified in subdivisions (b), (c), (d), and (e) of Section 99400 unless it is eligible for allocations under Article 8 (commencing with Section 99400) for those purposes, without considering any funds to be allocated to it pursuant to that section.

(c) The funds may be allocated to an operator for its operating cost only if the operator is not precluded, by any contract entered into on or after June 28, 1979, from employing part-time drivers or contracting with common carriers of persons operating under a franchise or license and if the operator is in compliance with Section

99268.1, 99268.2, 99268.3, 99268.4, 99268.5, or 99268.9, whichever is applicable to it. No person who was a full-time employee of an operator on June 28, 1979, shall have his or her employment terminated or his or her regular hours of employment, excluding overtime, reduced by the operator as a result of it employing part-time drivers or contracting with those common carriers.

(d) It is the intent of the Legislature that, in allocating the funds, the transportation planning agencies and the county transportation commissions, and the San Diego Metropolitan Transit Development Board, give priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high-priority regional, countywide, or areawide public transportation needs.

(e) No funds allocated pursuant to Section 99313.3 or 99314.3 shall be allocated to a claimant for the purposes specified in Section 99275 unless it is eligible for allocation under Article 4.5 (commencing with Section 99275) for those purposes, without considering any funds to be allocated to it pursuant to those sections.

SEC. 1.7. Section 99314.6 of the Public Utilities Code is repealed.

SEC. 2. Section 99314.6 is added to the Public Utilities Code, to read:

99314.6. Except as provided in Section 99314.7, the following eligibility standards apply:

(a) Except as provided in subdivision (b), funds shall not be fully allocated for operating purposes pursuant to Sections 99313 and 99314 to an operator unless the operator meets either of the following efficiency standards:

(1) The operator's total operating cost per revenue vehicle hour in the latest year for which audited data are available does not exceed the sum of the preceding year's total operating cost per revenue vehicle hour and an amount equal to the product of the percentage change in the Consumer Price Index for the same period multiplied by the preceding year's total operating cost per revenue vehicle hour.

(2) The operator's average total operating cost per revenue vehicle hour in the latest three years for which audited data are available does not exceed the sum of the average of the total operating cost per revenue vehicle hour in the three years preceding the latest year for which audited data are available and an amount equal to the product of the average percentage change in the Consumer Price Index for the same period multiplied by the average total operating cost per revenue vehicle hour in the same three years.

(b) The transportation planning agency, county transportation commission, or the San Diego Metropolitan Transit Development Board, as the case may be, may adjust the calculation of operating costs and revenue vehicle hours pursuant to subdivision (a) to account for either or both of the following factors as it deems

appropriate to encourage progress in achieving the objectives of efficiency, effectiveness, and productivity pursuant to Section 99244:

(1) Exclusion of costs increases beyond the change in the Consumer Price Index for fuel, alternative fuel programs, insurance, or state or federal mandates.

(2) Exclusion of startup costs for new services for a period of not more than two years.

(c) Funds withheld from allocation to an operator pursuant to subdivision (a) shall be retained by the transportation planning agency, county transportation commission, or the San Diego Metropolitan Transit Development Board, as the case may be, for reallocation to that operator for two years following the year of ineligibility. In a year in which an operator's funds are fully allocated pursuant to subdivision (a), funds withheld from allocation during a preceding year shall also be fully allocated. Funds not allocated before the commencement of the third year following the year of ineligibility shall be reallocated to cost-effective high priority regional transit activities, as determined by the transportation planning agency, county transportation commission, or the San Diego Metropolitan Transit Development Board, as the case may be. If that agency or commission, or the board, determines that no cost-effective high priority regional transit activity exists, the unallocated funds shall revert to the Controller for reallocation.

(d) As used in this section, the following terms have the following meanings:

(1) "Operating cost" means the total operating cost as reported by the operator under the Uniform System of Accounts and Records, pursuant to Section 99243 and subdivision (a) of Section 99247.

(2) "Revenue vehicle hours" has the same meaning as "vehicle service hours," as defined in subdivision (h) of Section 99247.

(3) "Consumer Price Index," as applied to an operator, is the regional Consumer Price Index for that operator's region, as published by the United States Bureau of Labor Statistics. If a regional index is not published, the index for the State of California applies.

(4) "New service" has the same meaning as "extension of public transportation services" as defined in Section 99268.8.

SEC. 3. Section 99314.7 is added to the Public Utilities Code, to read:

99314.7. (a) In allocating funds for operating purposes pursuant to Sections 99313 and 99314, the Metropolitan Transportation Commission shall apply the following eligibility standards to the operators within the region subject to its jurisdiction:

(1) An operator is not eligible for its full allocation under this section unless the operator has been found to have made reasonable effort in implementing productivity improvements pursuant to Section 99244. In determining whether a reasonable effort has been made, the Metropolitan Transportation Commission shall give consideration to whether the operator would qualify for funding

under Section 99314.6. The amount of funds allocated shall be reduced in an amount that the Metropolitan Transportation Commission deems proportionate to the failure of the operator to implement the recommended improvements. The Metropolitan Transportation Commission shall adopt rules and regulations, in cooperation with the affected operators, governing the allocation of any funds withheld under this paragraph, subject to paragraphs (2) and (3).

(2) Notwithstanding paragraph (1), an operator shall not receive any funds pursuant to Section 99313 or 99314 unless it has complied with the applicable rules and regulations adopted by the Metropolitan Transportation Commission pursuant to Section 66516 of the Government Code.

(3) Funds withheld from allocation to an operator pursuant to paragraph (1) shall be retained by the Metropolitan Transportation Commission for reallocation to that operator for two years following the year of ineligibility. With respect to the funds withheld from an operator pursuant to paragraph (1), the Metropolitan Transportation Commission shall reallocate those funds to the operator if the operator complies with that paragraph within two years. Funds not reallocated to the operator, and funds withheld pursuant to paragraph (2), shall be allocated to any eligible operator within the region subject to the jurisdiction of the Metropolitan Transportation Commission for the purpose of improving coordination among the operators, or to any operator whose increase in total operating cost per revenue vehicle hour is less than the increase in the Consumer Price Index. Funds allocated for these purposes are exempt from subdivision (a). For purposes of this section, "operating cost," "revenue vehicle hour," and "Consumer Price Index" have the same meaning as defined in Section 99314.6.

(b) (1) The Metropolitan Transportation Commission shall not allocate any funds after January 1, 1994, unless the Legislature either extends that date or enacts new eligibility standards for operators subject to the jurisdiction of the Metropolitan Transportation Commission.

(2) Funds withheld from allocation pursuant to this subdivision shall be retained by the Metropolitan Transportation Commission for allocation to operators only after the Legislature enacts either of the provisions specified in paragraph (1).

SEC. 4. The Legislature finds and declares that the Loma Prieta earthquake of 1989 caused damage to commercial property and employment losses, with consequent reductions in sales tax revenues, within the Santa Cruz Metropolitan Transit District to the economic detriment of that district. Accordingly, that district is exempt from Section 99314.6 of the Public Utilities Code until July 1, 1993.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order that sales and use tax revenues resulting from the increase in the gas tax and diesel tax may be made available for transit operations in accordance with the eligibility criteria prescribed by this act, it is necessary that this act take effect immediately.

CHAPTER 36

An act to amend Section 394 of the Military and Veterans Code, relating to military and veterans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1991. Filed with Secretary of State May 28, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 394 of the Military and Veterans Code is amended to read:

394. (a) No person shall discriminate against any officer, warrant officer or enlisted member of the military or naval forces of the state or of the United States because of that membership. No member of the military forces shall be prejudiced or injured by any person, employer, or officer or agent of any corporation, company, or firm with respect to that member's employment, position or status or be denied or disqualified for employment by virtue of membership or service in the military forces of this state or of the United States.

(b) No officer or employee of the state, or of any county, city and county, municipal corporation, or district shall discriminate against any officer, warrant officer or enlisted member of the military or naval forces of the state or of the United States because of that membership. No member of the military forces shall be prejudiced or injured by any officer or employee of the state, or of any county, city and county, municipal corporation, or district with respect to that member's employment, appointment, position or status or be denied or disqualified for or discharged from that employment or position by virtue of membership or service in the military forces of this state or of the United States.

(c) No person shall prohibit or refuse entrance to any officer or enlisted member of the Army or Navy of the United States or of the military or naval forces of this state into any public entertainment or place of amusement or into any of the places described in Sections 51 and 52 of the Civil Code because that member wears the uniform of the organization to which he or she belongs.

(d) No employer or officer or agent of any corporation, company, or firm, or other person, shall discharge any person from employment because of the performance of any ordered military duty or training or by reason of being an officer, warrant officer, or

enlisted member of the military or naval forces of this state, or hinder or prevent that person from performing any military service or from attending any military encampment or place of drill or instruction he or she may be called upon to perform or attend by proper authority; prejudice or harm him or her in any manner in his or her employment, position, or status by reason of performance of military service or duty or attendance at military encampments or places of drill or instruction; or dissuade, prevent, or stop any person from enlistment or accepting a warrant or commission in the California National Guard or Naval Militia by threat or injury to him or her in respect to his or her employment, position, status, trade, or business because of enlistment or acceptance of a warrant or commission.

(e) (1) No private employer or officer or agent of any corporation, company, or firm, or other person, shall restrict or terminate any collateral benefit for employees by reason of an employee's temporary incapacitation incident to duty in the National Guard or Naval Militia. As used in this subdivision, "temporary incapacitation" means any period of incapacitation of 52 weeks or less.

(2) As used in this subdivision, "benefit" includes, but is not limited to, health care which may be continued at the employee's expense, life insurance, disability insurance, and seniority status.

(f) Any person violating this section is guilty of a misdemeanor. In addition, any person violating any of the provisions of this section shall be liable for actual damages and reasonable attorney's fees incurred by the injured party.

(g) The remedies provided for in this section are not intended to be exclusive but are in addition to the remedies provided for in other laws, including Sections 51 and 52 of the Civil Code.

SEC. 2. It is the intent of the Legislature that persons who are members of the military services not be harmed by virtue of that membership, with respect to their employment.

It is further the intent of the Legislature to clarify that discrimination prohibited under subdivision (c) of Section 394 of the Military and Veterans Code is also prohibited by Sections 51 and 52 of the Civil Code, which apply to all arbitrary discrimination by business establishments.

By providing a civil remedy for the class of persons covered by this legislation, the Legislature does not intend to limit the availability of a similar remedy for other forms of arbitrary discrimination which are not specifically listed in this act or in Sections 51 and 52 of the Civil Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

With the end of hostilities in the Persian Gulf, many thousands of military reservists are returning home. Many of these reservists may encounter some resistance from their employers in returning to their

prior positions. Therefore, in order to address the need for the remedies in this act in a timely manner, it is necessary for this act to take effect immediately.

CHAPTER 37

An act to amend Sections 57149, 57175, 57176, 57200, 57202, and 57203 of the Government Code, relating to local government organization, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1991 Filed with Secretary of State May 28, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 57149 of the Government Code is amended to read:

57149. The canvass of ballots cast at any election held pursuant to this division shall be conducted pursuant to Sections 17080 to 17089, inclusive, of the Elections Code. The clerk shall immediately, upon the completion of any canvass, report the results to both the conducting authority and the executive officer of the local agency formation commission.

SEC. 2. Section 57175 of the Government Code is amended to read:

57175. After the canvass of the returns of any election or elections called on the question of a change of organization or reorganization, the conducting authority shall, within 30 days of the canvass of the election, declare by resolution the total number of votes cast in the election or elections, and the number of votes cast for and against the change of organization or reorganization.

SEC. 3. Section 57176 of the Government Code is amended to read:

57176. (a) The conducting authority shall adopt, within 30 days of the canvass of the election, a resolution confirming the order of the change of organization or reorganization if a majority of votes cast upon the question are in favor of the change of organization or reorganization in any of the following circumstances:

(1) At an election called in the territory ordered to be organized or reorganized.

(2) At an election called within the territory ordered to be organized or reorganized and within the territory of the affected agency. The clerk of the conducting authority shall cause a copy of the resolution confirming the order of organization or reorganization to be filed with the executive officer.

(3) At both an election called within the area to be organized or reorganized and an election called within the territory of an affected

city, when required by the commission pursuant to Section 56850.

(b) If the conducting authority does not adopt a resolution confirming the order of the change of organization or reorganization within 30 days of the canvass of an election in which the majority of the votes cast were in favor of a change of organization or reorganization, then the resolution, which shall substantially conform with the resolution adopted by the commission pursuant to Section 56851, shall be deemed adopted and the executive officer of the local agency formation commission shall complete the proceedings and execute the order.

SEC. 4. Section 57200 of the Government Code is amended to read:

57200. (a) Immediately after adoption of a resolution ordering a change of organization or reorganization without election or a resolution confirming an order for a change of organization or reorganization after confirmation by the voters, the clerk of the conducting authority shall transmit a certified copy of the resolution along with a remittance to cover the fees required by Section 54902.5 to the executive officer.

(b) The executive officer shall, within 30 days of receiving the resolution, examine the resolution and determine whether it is in compliance with the boundaries, modifications, and conditions specified by the commission in its resolution making determinations.

(1) If the resolution ordering the change of organization or reorganization is determined not to be in compliance by the executive officer, the executive officer shall specify in writing the points of noncompliance and within 30 days of receipt of the resolution return the resolution to the conducting authority for modification.

(2) If the resolution ordering the change of organization or reorganization is determined to be in compliance by the executive officer, or was deemed adopted by operation of law, the executive officer shall prepare and execute a certificate of completion and shall make the filings required by this division.

(c) Whenever the commission approves the inclusion of any territory of a landscape and lighting assessment district within a city, the executive officer shall, upon receipt of the resolution specified in subdivision (a), notify the clerk of the landscape and lighting assessment district or other person designated by the district to receive notification.

SEC. 5. Section 57202 of the Government Code is amended to read:

57202. (a) If an effective date is fixed in the terms and conditions of the commission resolution, that date shall be the effective date.

An effective date shall not be fixed which is either of the following:

(1) Earlier than the date of execution of the certificate of completion.

(2) Later than nine months after the date of the election in which a majority voted in favor of the change of organization or

reorganization.

(b) The change of organization or reorganization shall be complete from the date of execution of the certificate of completion and effective from the dates specified in the terms and conditions of the commission resolution, unless no effective date has been fixed in those terms and conditions.

(c) If no effective date has been fixed in any of the terms and conditions, the effective date of a change of organization or a reorganization shall be the date of the recordation made with the county recorder and, if filed with the recorder of more than one county, the date of the last such recordation.

(d) The commission shall set an effective date for any incorporation. The authority of the commission to set the date of incorporation shall be exclusive, except as provided in Section 57203.

SEC. 6. Section 57203 of the Government Code is amended to read:

57203. The executive officer shall record, no later than 90 days after the election, a certified copy of the certificate of completion with the county recorder of each county in which all or any part of the territory included in the change of organization or reorganization is located, and shall file a certified copy of the certificate of completion, indicating the recording numbers affixed by the county recorder, with the clerk of the legislative body of each local agency subject to the change of organization or reorganization. If the executive officer is for any reason unable to comply with this section, the Secretary of State, upon confirmation by the county recorder that the certificate of completion has not been recorded within the time period provided in this section, may perform the duties of the executive officer upon receiving notice of the failure of the executive officer to so perform.

After recordation of the certificate of completion by the executive officer, the recorder shall file with the county surveyor a copy of the boundary description included in the certificate of completion as provided by subdivision (c) of Section 57201.

SEC. 7. The Legislature finds and declares that in 1987, proceedings began under the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code) to incorporate the City of Malibu. The Legislature further finds and declares that the process took an exceptional amount of time due to continued delays by the County of Los Angeles. The Legislature further finds that the County of Los Angeles adopted a resolution on March 29, 1990, setting the Malibu cityhood election for June 5, 1990, and ordering that the executive officer of the local agency formation commission be requested to file the necessary statements and maps prior to January 1, 1991, to assure city tax collections. The Legislature further finds that the executive officer of the local agency formation commission was unable to file the necessary statements and maps because the board of supervisors failed to adopt and file a final resolution

confirming the order of incorporation with the executive officer in a timely manner following the 84-percent affirmative vote. The Legislature further finds that an extension of time from a deadline to file with the State Board of Equalization is necessary in order that the City of Malibu not be denied its allocation of property taxes for the 1991-92 fiscal year.

SEC. 8. Due to the unique circumstances surrounding the incorporation of the Cities of Malibu , Murrieta, and Calabasas, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that a special statute is necessary.

SEC. 9. Notwithstanding the provisions of Sections 54902, 54902.1, and 54903 of the Government Code, the incorporation of the City of Malibu shall be effective for assessment and taxation purposes for the 1991-92 fiscal year if the required statements and maps are filed with the State Board of Equalization on or before June 30, 1991.

SEC. 10. Notwithstanding the provisions of the Cortese-Knox Local Government Reorganization Act of 1985 or the County Service Area Law, the territory within the proposed City of Murrieta in the County of Riverside shall not be detached or excluded from County Service Areas 103 and 143 on the effective date of the incorporation of the City of Murrieta. In order to protect the public peace, health, and safety of the residents and landowners of that territory, it is necessary that County Service Areas 103 and 143 continue to serve this territory and that the currently existing tax rate areas remain in effect. Nothing in this section shall prevent a subsequent detachment of this territory from County Service Areas 103 and 143 after July 1, 1991, pursuant to the Cortese-Knox Local Government Reorganization Act of 1985, Division 3 (commencing with Section 56000) of Title 7 of the Government Code.

SEC. 11. (a) The Legislature finds and declares that because the City of Calabasas was incorporated on April 5, 1991, it was unable to file the necessary statements and maps before December 31, 1990, in order to receive its allocation of property taxes for the 1991–92 fiscal year and that the City of Calabasas shall be permitted to file those statements and maps with the State Board of Equalization in order that the City of Calabasas not be denied its allocation or property taxes for the 1991–92 fiscal year.

(b) Notwithstanding the provisions of Sections 54902, 54902.1, and 54903 of the Government Code, the incorporation of the City of Calabasas shall be effective for assessment and taxation purposes for the 1991–92 fiscal year if the required statements and maps are filed with the State Board of Equalization on or before June 30, 1991.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the City of Malibu and its residents not be denied their allocation of property taxes for the 1991-92 fiscal year due to the

exceptional circumstances in which the Los Angeles County Board of Supervisors did not file a final resolution with the executive officer of the local agency formation commission, it is necessary that this act take effect immediately.

The Local Agency Formation Commission for the County of Riverside approved the incorporation of the City of Murrieta and the detachment of that territory from certain county service areas. Although the commission intended that the new city would assume the duties and financing methods of the county service areas, the commission failed to provide for an adequate transition of that authority. The voters of this community overwhelmingly approved the proposed incorporation. Without corrective legislation, the territory would be detached or automatically excluded from the county service areas and the new city would not be able to continue to finance the existing services. Without corrective legislation, the residents and landowners of this territory would lose public services which are vital to the public peace, health, and safety. Therefore, it is necessary that this act take effect immediately.

In order that the City of Calabasas and its residents not be denied their allocation of property taxes for the 1991–92 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 39

An act relating to education, and making an appropriation therefor, to take effect immediately as an appropriation for the usual current expenses of the state.

[Approved by Governor May 29, 1991. Filed with Secretary of State May 29, 1991.]

SECTION 1. The sum of three million five hundred thirty-nine thousand four hundred eighty-five dollars ($3,539,485) is hereby appropriated from the General Fund in augmentation of Item 6110-001-001 of the Budget Act of 1990 for the purpose of reimbursing the State Department of Education for costs incurred as a result of the payment of a federal audit exception (Audit Control No. 09-50284), pursuant to a settlement agreement between the United States Department of Education and the State Department of Finance, relating to the unemployment insurance rates assessed against federally supported salaries in school districts.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 40

An act to amend Section 50055 of the Government Code, relating to local agencies.

[Approved by Governor May 29, 1991. Filed with Secretary of State May 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 50055 of the Government Code is amended to read:

50055. Any other provision of this article notwithstanding, any individual items of less than ten dollars ($10), or any amount if the depositor's name is unknown, which remain unclaimed in the treasury or in the official custody of an officer of a local agency for the period of one year or upon an order of the court may be transferred to the general fund by the legislative body without the necessity of publication of a notice in a newspaper.

CHAPTER 41

An act to amend Sections 18427 and 18427.4 of the Financial Code, relating to industrial loan companies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 29, 1991. Filed with Secretary of State May 29, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 18427 of the Financial Code is amended to read:

18427. (a) Except as provided for under subdivision (c), it is unlawful for any company to offer or sell any security (other than an investment certificate when authorized by the commissioner as provided in this division) in an issuer transaction, whether or not by or through underwriters, unless the sale has been qualified under Section 25111, 25112, 25113, or 25121 of the Corporations Code (and no order under Section 25140 or subdivision (a) of Section 25143 of the Corporations Code or Section 18427.2 of this code is in effect with respect to that qualification).

(b) Subject to subdivision (c) and Section 18427.4, the security and transaction exemptions under Chapter 1 (commencing with Section 25100) of Part 2 of Division 1 of Title 4 of the Corporations Code, or the security and transaction exemptions adopted by rule of the commissioner under that chapter, do not apply to the offer or sale of any security, or to any security, of a company in an issuer transaction.

(c) The requirement of subdivision (a) that a company qualify the sale of a security prior to its offer or sale does not apply to the offer or sale of a nonrecourse participation interest, in whole or in part, in a note or obligation, or notes or obligations, that are a receivable of the company issuing the participation interest to (1) a company authorized by the commissioner to engage in the industrial loan business under this division, (2) a person who is described in or meets the requirements of subdivision (i) of Section 25102 of the Corporations Code or any rule promulgated thereunder, or (3) a purchaser in a transaction involving the offer and sale of the company's nonrecourse participation interests, which transaction is exempt from qualification by virtue of meeting all of the requirements of subdivision (f) of Section 25102 of the Corporations Code and the rules promulgated thereunder, provided further that a purchaser cannot satisfy the requirement of a preexisting personal or business relationship with the offeror under subdivision (f) of Section 25102 of the Corporations Code and the rules promulgated thereunder by virtue of the fact of being a holder of an investment certificate or thrift obligation of a company, irrespective in the case of (1), (2), or (3), of whether servicing rights under the note or

obligation, or notes or obligations, are retained or released by that company.

SEC. 2. Section 18427.4 of the Financial Code is amended to read:

18427.4. There shall be exempted from subdivision (a) of Section 18427 and Section 25110 of the Corporations Code any transaction which the commissioner by rule or order, adopted or issued under the Industrial Loan Law, exempts as not being comprehended within the purposes of this article and the qualification of which the commissioner finds is not necessary or appropriate in the public interest or for the protection of investors, investment certificate holders, and the industrial loan company industry as a whole.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Statutes that became effective on January 1, 1991, have created an ambiguity regarding the proper regulatory process for the offer or sale of participations in notes and other obligations by industrial loan companies. This act is necessary to clarify that the offer or sale of participations in notes and other obligations by an industrial loan company, under certain circumstances, is a transaction for which a permit under the Corporate Securities Law of 1968 is not required, and thereby allow for the continuity of these transactions, avoid the disruption of commerce, and assure the equal application of the law to all California financial institutions.

CHAPTER 42

An act relating to school funding, to take effect immediately as an appropriation for the usual current expenses of the state.

[Approved by Governor May 29, 1991. Filed with Secretary of State May 29, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 2.00 of Chapter 467 of the Statutes of 1990, of the unencumbered balance of the appropriation made under Schedule (a) of Item 6110-101-001 of that section, the sum of eight hundred thirty-five million dollars ($835,000,000) shall revert, as of the effective date of this act, to the unappropriated surplus of the General Fund.

SEC. 2. (a) The sum of eight hundred thirty-five million dollars ($835,000,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts as an emergency loan. That apportionment shall be distributed to school districts pursuant to Section 42238 of the Education Code in the same manner that funds are apportioned

pursuant to Schedule (a) of Item 6110-101-001 of Section 2.00 of the Budget Act of 1990, as set forth in Chapter 467 of the Statutes of 1990.

(b) No interest payment shall be required with regard to the loan authorized under subdivision (a). The repayment of that loan shall be governed by statutory provision that expressly addresses that loan.

(c) The moneys appropriated for loan purposes under subdivision (a) shall not be deemed, for any fiscal year, to be either "General Fund revenues appropriated for school districts" or any part of "total allocations to school districts" for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 3. (a) (1) The sum of eight hundred thirty-five million dollars ($835,000,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts for the 1991–92 fiscal year pursuant to Section 42238 of the Education Code.

(2) The sum appropriated pursuant to paragraph (1) shall be reduced by the amount of eight hundred thirty-five million dollars ($835,000,000) in discharge of the emergency loan in that amount made to school districts from the General Fund pursuant to Section 2 of this act.

(b) The appropriation made by paragraph (1) of subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts" for the 1991–92 fiscal year and "total allocations to school districts" for that fiscal year, for purposes of Section 8 of Article XVI of the California Constitution.

(c) This section shall become operative July 1, 1991.

SEC. 4. Notwithstanding Section 41203.1 of the Education Code, the calculations of relative funding entitlements for the 1990–91 and 1991–92 fiscal years provided for under that section shall be performed as if Sections 1 to 3, inclusive, of this act had not been enacted.

SEC. 5. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 43

An act to make an appropriation in augmentation of Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1990, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor May 30, 1991. Filed with Secretary of State May 30, 1991.]

I am reducing the General Fund appropriation contained in Assembly Bill No. 208 by the following amounts:

$12,656,000 for additional year-round-school incentive payments in the current year. According to recent calculations, this amount will be significantly lower. The actual

funding needs will be addressed through the budget bill.

$3,539,000 for a federal audit exception related to unemployment insurance rates. Funding for this augmentation has been included in AB 98.

$300,000 for matters of reapportionment which the Department of Finance indicates is no longer necessary.

With these reductions, I approve Assembly Bill No. 208.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of two hundred fifty-four million three hundred seventy-two thousand dollars ($254,372,000) is hereby appropriated for expenditure in the 1990–91 fiscal year in augmentation of, and for the purposes of, contingencies or emergencies as provided in Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1990, in accordance with the following schedule:

(1) Two hundred twelve million six hundred thirty thousand dollars ($212,630,000) for purposes not related to Proposition 98 and thirteen million three hundred seventy thousand dollars ($13,370,000) for Proposition 98 purposes from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

Seventeen million ninety thousand dollars ($17,090,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(3) Eleven million two hundred eighty-two thousand dollars ($11,282,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(c) For the purposes of this section, the holder of the record title of the real property on which the trees are located shall be considered to be the owner of the citrus trees to whom written notice of infection is given.

(d) The written notice referred to in subdivision (a) shall be a written or printed document labeled "Notice of Infection," addressed to the owner and informing the owner of the existence of the infected trees, their location, and that they should be removed forthwith.

(e) For the purposes of determining the age of infected citrus trees under this section, trees shall be considered one year old as of the January 1st succeeding the calendar year in which they are planted, and shall be deemed one year older on the January 1st of each succeeding year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 19957.5 is added to the Education Code, to read:

19957.5. (a) An applicant for a grant for the acquisition, construction, remodeling, or rehabilitation of public library facilities under this chapter, as opposed to an application for a grant to acquire land pursuant to subdivision (b) of Section 19957, shall be eligible to apply for that grant if that applicant has an order issued by a court for possession of property in an eminent domain action pursuant to Section 1255.410 of the Code of Civil Procedure.

(b) The terms "purchase of land" or "acquisition of land," as used in this chapter, or in any rule, regulation, or policy adopted by the state librarian pursuant to Section 19960, shall include, but shall not be limited to, the acquisition of land by eminent domain and the eligible cost of acquisition of land by eminent domain shall be the fair market value of the property as defined by Sections 1263.310 to 1263.330, inclusive, of the Code of Civil Procedure. However, the eligible cost of the land for a library project's site acquired by eminent domain, if title to the land will not be transferred until after the grant application is submitted, shall be limited to the appraised value of the land.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 46

An act to add Section 1191.1 to the Military and Veterans Code, relating to veterans' memorial districts.

(b) This section applies only to the Lindsay-Strathmore Memorial District in Tulare County. This section is not intended to amend any of the provisions of Section 1266, and use of the Lindsay-Strathmore Memorial District property by the Strathmore Public Utility District under this section is not an abandonment of the facility by the Lindsay-Strathmore Memorial District or the veterans' organization.

SEC. 2. The Legislature finds and declares that certain buildings and facilities owned by the Lindsay-Strathmore Memorial District are in disrepair and are threatened with abandonment because of insufficient funds for their maintenance. The Legislature further finds that joint use of some of the buildings and facilities by the memorial district and the Strathmore Public Utility District is feasible and would provide for the maintenance of the buildings and facilities for the benefit of both districts and the community. The Legislature further finds and declares that the facts and circumstances in the Lindsay-Strathmore Memorial District are unique, a local special statute is necessary, and a general act cannot be made applicable.

CHAPTER 47

An act to add Section 7149.7 to the Fish and Game Code, relating to fishing, and declaring the urgency thereof, to take effect immediately.

In order to allow free fishing days to be established in time for the primary fishing seasons of 1991, it is necessary that this act take effect immediately.

67111. It shall be a misdemeanor punishable by imprisonment in the county jail not exceeding six months, by a fine not exceeding five thousand dollars ($5,000), or by both the fine and imprisonment, for any person to do any of the following:

(a) Willfully to render or furnish a false report, statement, or record required by the commission.

(b) When engaged in the shipping of avocados or in the wholesale

or retail trade of avocados, to fail or refuse to furnish to the commission or its duly authorized agents, upon request, information concerning the name and address of the persons from whom he or she has received avocados and the quantity and inventory, by variety, of the avocados.

(c) Secrete, destroy, or alter records required to be kept under this chapter.

CHAPTER 49

An act to add Section 1167.6 to the Code of Civil Procedure, and to add Section 399.5 to, and to add Chapter 3 (commencing with Section 800) to Division 4 of, the Military and Veterans Code, relating to military reserve, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 10, 1991 Filed with Secretary of State June 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as The Military Reservist Relief Act of 1991.

SEC. 2. Section 1167.6 is added to the Code of Civil Procedure, to read:

1167.6. Any summons issued in a complaint for unlawful detainer shall state in English and Spanish that if one or more of the defendants is the spouse, dependant child or children, or otherwise a dependant of a reservist, as defined in Section 803 of the Military and Veterans Code, those defendants may be entitled to a stay of eviction procedures as provided in Section 399.5 of the Military and Veterans Code.

SEC. 3. Section 399.5 is added to the Military and Veterans Code, to read:

399.5. (a) No eviction or distress shall be made during the period of military service specified in Section 801 in respect to any premises for which the agreed rent does not exceed one thousand two hundred dollars ($1,200) per month, which is occupied primarily for dwelling purposes by the spouse, children, or other dependents of a reservist, as defined in Section 802, except upon leave of court granted upon application therefor or granted in an action or proceeding affecting the right of possession.

(b) On any application or in any action under subdivision (a), the court may, on its own motion, and shall, on application, stay the proceedings for the period specified in Section 801 or rather than granting a complete stay, the court may require the tenant to make regular partial payments during the reservist's period of military service, or the court may make any other order that it may find to

be just, unless the court finds that the ability of the tenant to pay the agreed rent is not materially affected by that military service.

(c) Any person who knowingly takes part in any eviction or distress other than as provided in subdivision (a), or who attempts to do so, is guilty of a misdemeanor.

SEC. 4. Chapter 3 (commencing with Section 800) is added to Division 4 of the Military and Veterans Code, to read:

CHAPTER 3. UNITED STATES MILITARY RESERVE: IRAQ-KUWAIT CRISIS

800. (a) The Legislature finds and declares that, due to the Iraq-Kuwait crisis, more than 11,500 members of the United States Military Reserve who are residents of California have been called to active duty to serve their country. This sudden and unexpected call to arms has caused unavoidable financial and emotional hardship for those reservists, their families, and their dependents. Many of these reservists have suffered directly from substantial personal income reductions. It is the intent of the Legislature, in enacting this chapter, to provide for emergency economic relief to the reservists of this state who have been called to active duty during the Iraq-Kuwait crisis.

801. In addition to any other benefits provided by law and to the extent permitted by federal law, any member of the United States Military Reserve of this state who is called into active duty as a result of the Iraq-Kuwait crisis may delay payments on any of the following obligations while serving on active duty, if the reservist or the reservist's dependent or designee delivers to the lender or company servicing the obligation a letter or other comparable evidence from the reservist's employer showing that the employer's compensation policy does not provide continuing income to the reservist, including the reservist's military pay, of more than 90 percent of the reservist's monthly salary and wage income earned before the call to active duty, until 30 days after the reservist is released from active duty, not to exceed 180 days:

(a) (1) Principal and interest payments on a mortgage, as defined in Section 2920 of the Civil Code.

(2) Credit card as defined in Section 1747.02 of the Civil Code.

(3) Retail installment contract as defined in Section 1802.6 of the Civil Code.

(4) Retail installment account, installment account, or revolving account as defined in Section 1802.7 of the Civil Code.

(5) Any loan subject to the Automobile Sales Finance Act (Chapter 2b (commencing with Section 2981) of Part 4 of Division 3 of Title 14 of the Civil Code).

(6) Any payment of property tax or any special assessment of in-lieu property tax imposed on real property which is assessed on residential property owned by the reservist and used as that reservist's primary place of residence on the date the reservist was

ordered to active duty.

(b) Upon request of the reservist or the reservist's dependent or designee and within five working days of that request, the employer of a reservist shall furnish the letter or other comparable evidence showing that the employer's compensation policy does not provide continuing income to the reservist, including the reservist's military pay, of more than 90 percent of the reservist's monthly salary and wage income earned before the call to active duty.

802. (a) For purposes of this chapter, "mortgage" shall be limited to a mortgage for residential property owned by the reservist and used as that reservist's primary place of residence on the date the reservist was ordered to active duty. All mortgage payments delayed pursuant to this chapter shall be repaid in 84 equal installments, beginning with the first regular mortgage payment that becomes due on or after 60 days after the reservist's release from active duty.

(b) Notwithstanding subdivision (a), any mortgage payments delayed pursuant to Section 801 are due and payable upon the earlier of the following:

(1) The sale of the property or other event specified in the mortgage loan documents permitting the lender to accelerate the loan, other than a delay of payments authorized by Section 801.

(2) Further encumbrance of the property with a junior mortgage.

(3) The maturity of the mortgage loan.

(c) Nothing in this section relieves a reservist with a mortgage subject to an impound account for the payment of property taxes, special assessments, mortgage insurance, and hazard insurance from making monthly payments of an amount which is at least sufficient to pay these amounts, unless the borrower and lender agree to a lesser amount.

(d) Nothing in this chapter shall preclude a reservist from making payments toward the mortgage payments delayed prior to the occurrence of any of the events in subdivision (a) or (b).

803. For purposes of this chapter, "reservist" means a member of the United States Military Reserve who has been called to active duty as a result of the Iraq-Kuwait crisis, pursuant to Presidential Order No. 12744.

804. During the period specified in Section 801, the reservist may delay the payment of principal and interest on the specified obligations. No penalties shall be imposed on the nonpayment of principal or interest during this period. No interest shall be charged or accumulated on the principal or interest on which the payment was delayed. No foreclosure or repossession of property on which payment has been delayed shall take place during the period specified in Section 801.

805. A stay, postponement, or suspension under this chapter of the payment of any tax, fine, penalty, insurance premium, or other civil obligation or liability of a person in military service shall not provide the basis for affecting credit ratings, denial or revocation of credit, or a change by the creditor in the terms of an existing credit

arrangement.

806. During the period specified in Section 801, the reservist may delay the payment of premiums for motor vehicle insurance without lapse of coverage. The debtor may, at his or her option, direct the holder to add the amount of the additional premium to the unpaid balance of the loan or contract.

(c) The holder of an open-ended loan or retail installment account with respect to which the debtor has purchased credit disability insurance with premiums payable monthly together with the installment payments on the loan or the account shall give notice to the debtor that the debtor will not be protected by the insurance during the period specified in Section 801 unless the debtor elects to continue payment of premiums during that period. CHAPTER 50

An act to amend Sections 810 and 1007 of, to add Sections 328, 329, 330, and 331 to, and to add Article 11 (commencing with Section 1101) to, the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), relating to the Fox Canyon Groundwater Management Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 10, 1991. Filed with Secretary of State June 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 328 is added to the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), to read:

Sec. 328. "Excess extractions" means those extractions in excess of an operator's extraction allocation or adjusted extraction allocation.

SEC. 2. Section 329 is added to the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), to read:

Sec. 329. "Extraction allocation" means the amount of groundwater that may be extracted from an extraction facility during a calendar year before a surcharge is imposed.

SEC. 3. Section 330 is added to the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), to read:

Sec. 330. "Extraction surcharge" means a surcharge assessed annually each time an operator exceeds his or her extraction allocation.

SEC. 4. Section 331 is added to the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), to read:

Sec. 331. "Safe yield" means the condition of a groundwater basin when the total average annual groundwater extractions are equal to, or less than, the total average annual groundwater recharge, either naturally or artificially.

SEC. 5. Section 810 of the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982) is amended to read:

Sec. 810. (a) The agency may, by ordinance, require the operator of each extraction facility to file semiannually, or more frequently, with the agency or a member agency, a groundwater extraction statement that contains, but is not limited to, the following information:

(1) Total extraction in acre-feet of water from the extraction facility for the preceding groundwater extraction statement period.

(2) The static groundwater level for the extraction facility.

(3) A description of the location of the extraction facility.

(4) The crop types or other uses and the acreage served by the extraction facility.

(5) The method of measuring or computing groundwater extraction.

(b) Each groundwater extraction statement shall be verified by a written declaration under penalty of perjury that the information contained in the statement is true and correct. The operator of an extraction facility which has been permanently abandoned after January 1, 1983, shall give written notice of the abandonment to the agency.

SEC. 6. Section 1007 of the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982) is amended to read:

Sec. 1007. The groundwater extraction charge shall not exceed three dollars ($3) per acre-foot pumped per year.

SEC. 7. Article 11 (commencing with Section 1101) is added to the Fox Canyon Groundwater Management Agency Act (Chapter 1023 of the Statutes of 1982), to read:

Article 11. Extraction Allocations and Extractions Surcharges

Sec. 1101. The agency may, by ordinance, establish an operator's extraction allocation for each groundwater extraction facility located within the agency. The agency may, by ordinance, impose upon the operator of any groundwater extraction facility located within the agency, extraction surcharges for extractions in excess of his or her extraction allocation and late penalties for nonpayment of extraction surcharges.

Sec. 1102. (a) The Legislature hereby finds and declares that extraction allocations and extraction surcharges authorized pursuant

to Section 1101 are necessary to eliminate overdraft caused by excess extractions from the aquifer systems within the agency and to bring the groundwater basins underlying the territory to safe yield by the year 2010.

(b) The extraction surcharges are intended to discourage the use of groundwater beyond the extraction allocation. They are not intended to generate tax revenues or proceeds from regulatory licenses, user charges, or user fees. Consequently, they are not special taxes for purposes of Section 4 of Article XIII A of the California Constitution or proceeds of taxes for purposes of Section 8 of Article XIII B of the California Constitution.

Sec. 1103. The maximum amount of the extraction surcharge shall be two hundred dollars ($200) per acre-foot of groundwater extracted in excess of the extraction allocation, except that the agency is authorized to increase the maximum amount of the extraction surcharge to an amount that is necessary to achieve safe yield.

Sec. 1104. (a) If an operator of a groundwater extraction facility fails to pay the extraction surcharge when due, the agency shall charge and collect a late penalty at the rate of 1½ percent each month, or portion thereof, on the delinquent amount of the extraction surcharge.

(b) The agency may bring a cause of action, in any court having jurisdiction, against an operator of a groundwater extraction facility for the collection of any delinquent extraction surcharge, and Article 5 (commencing with Section 75630) of Chapter 3 of Part 9 of Division 21 of the Water Code applies to those actions.

Sec. 1105. (a) In addition to any other authority, the agency may order that an extraction surcharge or late penalty be a personal obligation of the operator or an assessment against the property, on which the extraction facility is located. The assessment constitutes a lien upon the property, and the lien attaches upon recordation in the office of the county recorder.

(b) The assessment may be collected at the same time and in the same manner as ordinary ad valorem taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for those taxes. All laws applicable to the levy, collection, and enforcement of ad valorem taxes shall be applicable to an assessment, except that, if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon prior to the date on which the first installment of the taxes would become delinquent, the lien which would otherwise be imposed by this section shall not attach to the real property and an assessment relating to the property shall be transferred to the unsecured roll for collection.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to regulate and monitor groundwater extraction within the Fox Canyon Groundwater Management Agency at the earliest possible time, thereby, it is necessary that this act take effect immediately.

SECTION 1. Section 8880.32 of the Government Code is amended to read:

8880.32. The Commission shall promulgate rules and regulations to establish a system of verifying the validity of prizes and to effect payment of the prizes, provided:

(a) For convenience of the public, Lottery Game Retailers may be authorized by the Commission to pay winners of up to six hundred dollars ($600) after performing validation procedures on their premises appropriate to the Lottery Game involved.

(b) No prize may be paid arising from tickets or shares that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received or not recorded by the Lottery by applicable deadlines, lacking in captions that confirm and agree with the lottery play symbols required by the Lottery Game involved, purchased by a minor, or not in compliance with additional specific rules and regulations and confidential validation and security tests appropriate to the particular Lottery Game. The Lottery may pay a prize even though the actual winning ticket is not received by the Lottery if the Lottery validates the claim for the prize based upon substantial proof. "Substantial proof" means any evidence that would permit the Lottery to use established validation procedures, as specified in Lottery regulations, to validate the claim.

The Commission may require that any form relating to a claim for a prize shall be signed under penalty of perjury. Any such declaration shall meet the requirements of Section 2015.5 of the Code of Civil Procedure.

(c) No particular prize in any Lottery Game shall be paid more than once.

(d) The Commission may specify that winners of less than twenty-five dollars ($25) claim the prizes from either the same Lottery Game Retailer from whom it was purchased or from the Lottery itself.

(e) Players shall have the right to claim prize money for 180 days after the drawing or the end of the Lottery Game or play in which the prize was won. The Commission may define shorter time periods for eligibility for participation in, and entry into, drawings involving entries or finalists. If a valid claim is not made for a prize directly payable by the Lottery Commission or for any on-line game prize

within the period applicable for that prize, the unclaimed prize money shall revert to the benefit of the public purpose described in this chapter.

(f) After the expiration of the claim period for prizes for each Lottery Game, the Commission shall make available a detailed tabulation of the total number of tickets or shares actually sold in a Lottery Game and the total number of prizes of each prize denomination that were actually claimed and paid directly by the Lottery Commission.

(g) The right of any person to a prize shall not be assignable, except that payment of any prize may be paid to the estate of a deceased prize winner or to a person designated pursuant to an appropriate judicial order. In the event that there is no probate, the prize shall be paid to the survivors of the claimant in the following order:

(1) The claimant's spouse.

(2) The claimant's children.

(3) The claimant's parents.

(4) The claimant's brothers and sisters.

Payment shall be to the members of the group entitled, who are living on the date of death of the claimant, share and share alike. No payment shall be made to persons in any group if at the date of death there are living persons in any group preceding it. The Director, the Commission, and the state shall be discharged of all further liability upon the payment of a prize pursuant to this subdivision.

(h) A ticket or share shall not be purchased by, and a prize shall not be paid to, a member of the Commission, any officer or employee of the Commission, any officer or employee of the Controller who is designated in writing by the Controller as having possible access to confidential Lottery information, programs, or systems, or any spouse, child, brother, sister, or parent of that person who resides within the same household of the person. Any person who knowingly sells or purchases a ticket or share in violation of this section, or who knowingly claims or attempts to claim a prize with a ticket or share that was purchased or sold in violation of this section, is guilty of a misdemeanor.

(i) No prize shall be paid to any person under the age of 18 years. Any person who knowingly claims or attempts to claim a prize with a ticket or share purchased by a person under the age of 18 years is guilty of a misdemeanor.

SEC. 2. The Legislature finds and declares that this act furthers the purpose of the California State Lottery Act of 1984.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to safeguard additional revenues for the support of public education as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 57

An act to amend Sections 415.46, 715.010, 715.020, 1169, 1174.25, and 1174.3 of, and to repeal Section 585.1 of, the Code of Civil Procedure, relating to unlawful detainer, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 14, 1991. Filed with Secretary of State June 17, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 415.46 of the Code of Civil Procedure is amended to read:

415.46. (a) In addition to the service of a summons and complaint in an action for unlawful detainer upon a tenant and subtenant, if any, as prescribed by this article, a prejudgment claim of right to possession may also be served on any person who appears to be or who may claim to have occupied the premises at the time of the filing of the action. Service upon occupants shall be made pursuant to subdivision (c) by serving a copy of a prejudgment claim of right to possession, as specified in subdivision (f), attached to a copy of the summons and complaint at the same time service is made upon the tenant and subtenant, if any.

(b) Service of the prejudgment claim of right to possession in this manner shall be effected by a marshal, sheriff, or registered process server.

(c) When serving the summons and complaint upon a tenant and subtenant, if any, the marshal, sheriff, or registered process server shall make a reasonably diligent effort to ascertain whether there are other adult occupants of the premises who are not named in the summons and complaint by inquiring of the person or persons who are being personally served, or any person of suitable age and discretion who appears to reside upon the premises, whether there are other occupants of the premises.

If the identity of such an occupant is disclosed to the officer or process server and the occupant is present at the premises, the officer or process server shall serve that occupant with a copy of the prejudgment claim of right to possession attached to a copy of the summons and complaint. If personal service cannot be made upon that occupant at that time, service may be effected by (1) leaving a copy of a prejudgment claim of right to possession attached to a copy of the summons and complaint addressed to that occupant with a person of suitable age and discretion at the premises, (2) affixing the same so that it is not readily removable in a conspicuous place on the premises in a manner most likely to give actual notice to that occupant, and (3) sending the same addressed to that occupant by first-class mail.

In addition to the service on an identified occupant, or if no

occupant is disclosed to the officer or process server, or if substituted service is made upon the tenant and subtenant, if any, the officer or process server shall serve a prejudgment claim of right to possession for all other persons who may claim to occupy the premises at the time of the filing of the action by (1) leaving a copy of a prejudgment claim of right to possession attached to a copy of the summons and complaint at the premises at the same time service is made upon the tenant and subtenant, if any, (2) affixing the same so that it is not readily removable in a conspicuous place on the premises so that it is likely to give actual notice to an occupant, and (3) sending the same addressed to "all occupants in care of the named tenant" to the premises by first-class mail.

The person serving process shall state the date of service on the prejudgment claim of right to possession form. However, the absence of the date of service on the prejudgment claim of right to possession does not invalidate the claim.

(d) Proof of service under this section shall be filed with the court and shall include a statement that service was made pursuant to this section. Service on occupants in accordance with this section shall not alter or affect service upon the tenant or subtenant, if any.

(e) If an owner or his or her agent has directed and obtained service of a prejudgment claim of right to possession in accordance with this section, no occupant of the premises, whether or not such occupant is named in the judgment for possession, may object to the enforcement of that judgment as prescribed in Section 1174.3.

(f) The prejudgment claim of right to possession shall be made on the following form:

715.010. (a) A judgment for possession of real property may be enforced by a writ of possession of real property issued pursuant to Section 712.010. The application for the writ shall provide a place to indicate that the writ applies to all tenants, subtenants, if any, name claimants, if any, and any other occupants of the premises.

(b) In addition to the information required by Section 712.020, the writ of possession of real property shall contain the following:

(1) A description of the real property, possession of which is to be delivered to the judgment creditor in satisfaction of the judgment.

(2) A statement that if the real property is not vacated within five days from the date of service of a copy of the writ on the occupant or, if the copy of the writ is posted, within five days from the date a copy of the writ is served on the judgment debtor, the levying officer will remove the occupants from the real property and place the judgment creditor in possession.

(3) A statement that any personal property remaining on the real property after the judgment creditor has been placed in possession will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the judgment debtor or other owner pays the judgment creditor the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the judgment creditor takes possession of the real property.

(4) The date the complaint was filed in the action which resulted in the judgment of possession.

(5) The date or dates on which the court will hear objections to enforcement of a judgment of possession that are filed pursuant to Section 1174.3, unless a summons, complaint, and prejudgment claim of right to possession were served upon the occupants in accordance with Section 415.46.

(6) The daily rental value of the property as of the date the complaint for unlawful detainer was filed unless a summons, complaint, and prejudgment claim of right of possession were served upon the occupants in accordance with Section 415.46.

(c) At the time the writ of possession is served or posted, the levying officer shall also serve or post a copy of the form for a claim of right to possession, unless a summons, complaint, and prejudgment claim of right to possession were served upon the occupants in accordance with Section 415.46.

SEC. 4. Section 715.020 of the Code of Civil Procedure is amended to read:

715.020. To execute the writ of possession of real property:

(a) The levying officer shall serve a copy of the writ of possession on one occupant of the property. Service on the occupant shall be made by leaving the copy of the writ with the occupant personally or, in the occupant's absence, with a person of suitable age and discretion found upon the property when service is attempted who is either an employee or agent of the occupant or a member of the occupant's household.

(b) If unable to serve an occupant described in subdivision (a) at the time service is attempted, the levying officer shall execute the writ of possession by posting a copy of the writ in a conspicuous place on the property and serving a copy of the writ of possession on the judgment debtor. Service shall be made personally or by mail. If the judgment debtor's address is not known, the copy of the writ may be served by mailing it to the address of the property.

(c) If the judgment debtor, members of the judgment debtor's household, and any other occupants holding under the judgment debtor do not vacate the property within five days from the date of service on an occupant pursuant to subdivision (a) or on the judgment debtor pursuant to subdivision (b), the levying officer shall remove the occupants from the property and place the judgment creditor in possession. The provisions of Section 684.120 extending time do not apply to the five-day period specified in this subdivision.

(d) Notwithstanding subdivision (c), unless the person is named in the writ, the levying officer may not remove any person from the property who claims a right to possession of the property accruing prior to the commencement of the unlawful detainer action or who claims to have been in possession of the property on the date of the filing of the unlawful detainer action. However, if the summons, complaint, and prejudgment claim of right to possession were served upon the occupants in accordance with Section 415.46, no occupant of the premises, whether or not the occupant is named in the judgment for possession, may object to the enforcement of the judgment as prescribed in Section 1174.3.

SEC. 5. Section 1169 of the Code of Civil Procedure is amended to read:

1169. If at the time appointed any defendant served with a summons does not appear and defend, the clerk, or the judge if there is no clerk, upon written application of the plaintiff and proof of the service of summons and complaint, shall enter the default of any defendant so served, and, if requested by the plaintiff, immediately shall enter judgment for restitution of the premises and shall issue a writ of execution thereon. The application for default judgment and the default judgment shall include a place to indicate that the judgment includes tenants, subtenants, if any, named claimants, if any, and any other occupants of the premises. Thereafter, the plaintiff may apply to the court for any other relief demanded in the complaint, including the costs, against the defendant, or defendants, or against one or more of the defendants.

SEC. 6. Section 1174.25 of the Code of Civil Procedure is amended to read:

1174.25. (a) Any occupant who is served with a prejudgment claim of right to possession in accordance with Section 415.46 may file a claim as prescribed in Section 415.46, with the court within 10 days of the date of service of the prejudgment claim to right of possession as shown on the return of service, which period shall include Saturday and Sunday but excluding all other judicial holidays. If the last day for filing the claim falls on a Saturday or Sunday, the filing period shall be extended to and including the next court day. Filing the prejudgment claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the prejudgment claim of right to possession.

(b) At the time of filing, the claimant shall be added as a defendant in the action for unlawful detainer and the clerk shall notify the plaintiff that the claimant has been added as a defendant in the action by mailing a copy of the claim filed with the court to the plaintiff with a notation so indicating. The claimant shall answer or otherwise respond to the summons and complaint within five days, including Saturdays and Sundays but excluding all other judicial holidays, after filing the prejudgment claim of possession. Thereafter, the name of the claimant shall be added to any pleading, filing or form filed in the action for unlawful detainer.

SEC. 7. Section 1174.3 of the Code of Civil Procedure is amended to read:

1174.3. (a) Unless a prejudgment claim of right to possession has been served upon occupants in accordance with Section 415.46, any occupant not named in the judgment for possession who occupied the premises on the date of the filing of the action may object to enforcement of the judgment against that occupant by filing a claim of right to possession as prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession. An occupant or tenant who is named in the action shall not be required to file a claim of right to possession to protect that occupant's right to possession of the premises.

(b) The court issuing the writ of possession of real property shall set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision (a). An occupant of the real property for which the writ is issued may make an objection to eviction to the levying officer

at the office of the levying officer or at the premises at the time of the eviction.

If a claim of right to possession is completed and presented to the sheriff, marshal, or other levying officer, the officer shall forthwith (1) stop the eviction of occupants at the premises, and (2) provide a receipt or copy of the completed claim of right of possession to the claimant indicating the date and time the completed form was received, and (3) deliver the original completed claim of right to possession to the court issuing the writ of possession of real property.

(c) A claim of right to possession is effected by any of the following:

(1) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, an amount equal to 15 days' rent together with the appropriate fee or form for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact. Immediately upon receipt of an amount equal to 15 days' rent and the appropriate fee or form for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy with the notice of the hearing date on the plaintiff and the claimant by first-class mail. The court issuing the writ of possession shall set and hold a hearing on the claim not less than five nor more than 15 days after the claim is filed with the court.

(2) Presenting a completed claim form in person with identification to the sheriff, marshal, or other levying officer as prescribed in this section, and delivering to the court within two court days after its presentation, the appropriate fee or form for proceeding in forma pauperis without delivering the amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time the claimant completes the filing by delivering to the court the appropriate fee or form for proceeding in forma pauperis, and shall notify the plaintiff of the hearing date by first-class mail. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact.

(d) At the hearing, the court shall determine whether there is a valid claim of possession by the claimant who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim. The court may determine the claim to be valid or invalid based upon the evidence presented at the hearing. The court shall determine the

claim to be invalid if the court determines that the claimant is an invitee, licensee, guest, or trespasser. If the court determines the claim is invalid, the court shall order the return to the claimant of the amount of the 15 days' rent paid by the claimant, if that amount was paid pursuant to paragraphs (1) or (3) of subdivision (c), less a pro rata amount for each day that enforcement of the judgment was delayed by reason of making the claim of right to possession, which pro rata amount shall be paid to the landlord. If the court determines the claim is valid, the amount equal to 15 days' rent paid by the claimant shall be returned immediately to the claimant.

(e) If, upon hearing, the court determines that the claim is valid, then the court shall order further proceedings as follows:

(1) If the unlawful detainer is based upon a curable breach, and the claimant was not previously served with a proper notice, if any notice is required, then the required notice may at the plaintiff's discretion be served on the claimant at the hearing or thereafter. If the claimant does not cure the breach within the required time, then a supplemental complaint may be filed and served on the claimant as defendant if the plaintiff proceeds against the claimant in the same action. For the purposes of this section only, service of the required notice, if any notice is required, and of the supplemental complaint may be made by first-class mail addressed to the claimant at the subject premises or upon his or her attorney of record and, in either case, Section 1013 shall otherwise apply. Further proceedings on the merits of the claimant's continued right to possession after service of the Summons and Supplemental Complaint as prescribed by this subdivision shall be conducted pursuant to this chapter.

(2) In all other cases, the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as thus amended, may at the plaintiff's discretion be made at the hearing or thereafter, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter.

(f) If a claim is made without delivery to the court of the appropriate filing fee or a form for proceeding in forma pauperis, as prescribed in this section, the claim shall be immediately deemed denied and the court shall so order. Upon the denial of the claim, the court shall immediately deliver an endorsed copy of the order to the levying officer and shall serve an endorsed copy of the order on the plaintiff and claimant by first-class mail.

(g) If the claim of right to possession is denied pursuant to subdivision (f), or if the claimant fails to appear at the hearing or, upon hearing, if the court determines that there are no valid claims, or if the claimant does not prevail at a trial on the merits of the unlawful detainer action, the court shall order the levying officer to proceed with enforcement of the original writ of possession of real property as deemed amended to include the claimant, which shall be effected within a reasonable time not to exceed five days. Upon

receipt of the court's order, the levying officer shall enforce the writ of possession of real property against any occupant or occupants.

(h) The claim of right to possession shall be made on the following form:

25995.3. Every retail dealer shall deliver to the purchaser of each dog and cat at the time of sale a written statement in a standardized form prescribed by the Department of Consumer Affairs containing the following information:

A veterinarian statement is

not required for intestinal or external parasites unless their presence makes the dog clinically ill or is likely to make the dog clinically ill. The statement shall be valid for seven days following inspection of the dog by the veterinarian.

CHAPTER 59

An act to amend Section 51.4 of the Civil Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 14, 1991. Filed with Secretary of State June 17, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 51.4 of the Civil Code is amended to read:

51.4. (a) The Legislature finds and declares that the requirements for senior housing under Section 51.2 and 51.3 are more stringent than the requirements for that housing under the federal Fair Housing Amendments Act of 1988 (Public Law 100-430) in recognition of the acute shortage of housing for families with children in California. The Legislature further finds and declares that the special design requirements for senior housing under Sections 51.2 and 51.3 may pose a hardship to some housing developments which were constructed before the decision in Marina Point Ltd. v. Wolfson (1982), 30 Cal. 3d 72. The Legislature further finds and declares that the requirement for specially designed accommodations in senior housing under Section 51.2 and 51.3 provides important benefits to senior citizens and also ensures that housing exempt from the prohibition of age discrimination is carefully tailored to meet the compelling societal interest in providing senior housing. Therefore, it is the intent of the

Legislature to permit a narrow, time-limited exception to the requirement that senior housing be specially designed.

(b) A housing development constructed before February 8, 1982, shall be exempt from Section 51 to the extent specified in Section 51.2 if (1) it meets the requirements of Sections 51.2 and 51.3, other than the requirement that the housing be specially designed to meet the physical and social needs of senior citizens, (2) it is not practicable to meet that requirement in the relevant geographic area where the housing development is located, and (3) the housing development is necessary to provide important housing opportunities for senior citizens. As used in this section, "relevant geographic area" has the same meaning as that term is used in Section 100.304 of Title 24 of the Code of Federal Regulations.

(c) In any action under Section 51, the exemption under this section shall be sustained only if it is demonstrated through credible and objective evidence that application of a requirement for specially designed accommodations to meet the physical and social needs of senior citizens would result in depriving senior citizens in the relevant geographic area of needed and desired housing. The factors to be considered by the court in determining the applicability of this section shall include, but not be limited to, all of the following:

(1) Whether the owner or manager of the housing facility has endeavored to provide specially designed accommodations to meet the physical and social needs of senior citizens persons either directly or by some other entity. Demonstrating that these accommodations would be expensive to provide is not alone sufficient to demonstrate their impracticability.

(2) The amount of rent charged for dwellings in the housing development seeking an exemption under this section if the dwellings are rented, or the price of the dwellings if they are offered for sale.

(3) The income range of the residents of the housing development.

(4) The demand for housing for senior citizens in the affected geographic area.

(5) The range of housing choices for senior citizens within the relevant geographic area.

(6) The availability of other similarly priced housing for senior citizens in the relevant geographic area. If similarly priced senior citizen housing with specially designed accommodations is reasonably available in the relevant geographic area, then the housing facility does not meet the requirements for exemption under this section.

(7) The vacancy rate of the housing development.

(d) Any person who resided in, occupied, or used the housing subject to this section prior to January 1, 1990, shall not be deprived of the right to continue that residency, occupancy, or use as the result of this section.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid a shortage of senior housing in certain areas of the state, it is necessary that this act go into immediate effect.

CHAPTER 60

An act relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 14, 1991. Filed with Secretary of State June 17, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Pursuant to Section 5096.96 of the Public Resources Code, the City of Lemon Grove may sell to any public entity or private party the real property known as Skyline Drive Park, which was acquired by the County of San Diego with a grant of state funds appropriated in category (250) of Item 390 of the Budget Act of 1975 (Chapter 176 of the Statutes of 1975) and pursuant to Department of Parks and Recreation project #37-0019 and subsequently deeded to the City of Lemon Grove, subject to all of the following conditions:

(a) The park and all improvements thereon shall be sold for at least fair market value, but in no event for less than the sum of forty-seven thousand two hundred forty-five dollars ($47,245), excluding the costs of sale.

(b) All proceeds of the sale, excluding the costs of sale, shall be expended only for the acquisition or development, or both, of park and recreation facilities in the city. Any proceeds not expended for this purpose or in any case not expended within three years of the date of sale of the property shall be transmitted to the Department of Parks and Recreation and deposited in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974.

(c) Prior to transferring title to the park, the city council shall hold one or more public hearings on the subject of the new facilities to be acquired or developed with the proceeds of the sale and shall determine what new facilities shall be acquired or developed.

(d) Prior to encumbering any proceeds from the sale, the city shall enter into an agreement with the Department of Parks and Recreation with respect to the facilities to be acquired or developed as provided in Section 5096.96 of the Public Resources Code.

SEC. 2. (a) The City of San Buenaventura may convey the "Peirano Building," a structure designated on the National Register of Historic Places, Mission Historic District, located at 204 and 208 East Main Street, Ventura, California (Assessors Parcel Number 073-0-031-170), to the Redevelopment Agency of the City of San

Buenaventura, which may convey it to a private individual for the purposes of rehabilitation, or which may undertake the rehabilitation itself for subsequent conveyance to a private individual, in conformance with the Secretary of Interior's Standards for Historic Preservation Project (36 Code of Federal Regulations 1207). The ultimate use of the building shall be in conformance with local laws.

(b) Upon conveyance of the property, the City of San Buenaventura shall do one of the following:

(1) Return to the Historical Resources Preservation Category, set forth in paragraph (4) of subdivision (a) of Section 5096.231 of the Public Resources Code, an amount equal to the amount of the grant in 1987 from the Office of Historic Preservation relating to the Peirano Building or equal to the fair market value of the real property, or portion thereof, acquired, developed, rehabilitated, or restored with the grant, whichever is greater.

(D) The pupil is enrolled in a high school, which, for purposes of this requirement, means a school that maintains any of grades 9 to 12, inclusive.

(3) The pupil's individualized education program adopted pursuant to the requirements of Chapter 2 (commencing with Section 56300) of Part 30 prescribes occupational training for which his or her enrollment in a regional occupational center or program is deemed appropriate.

39141.4. (a) Notwithstanding any provision of law except Sections 39141.5, 39141.6, and 39304.5, a leased building that does not meet the requirements of Section 39140 may not be used as a school building, as defined in Section 39141, after September 1, 1990.

(b) Notwithstanding any other provision of law, a building leased pursuant to Section 52308 may be used after September 1, 1991, as a regional occupational center or program that does not meet the requirements of Section 39140, provided the building satisfies all of the following conditions:

(1) The facility is one of the following:

(A) A single story, wood-framed structure.

(B) A single story, light steel frame structure.

(C) A structure for which a structural engineer has submitted a report that certifies that substantial structural hazards do not exist, as to that structure. The governing board of the regional occupational center or program, as provided for under Section 52310.5, shall review the report prior to approval of the lease and may reject the report if there is any evidence of fraud regarding the facts in the report.

(2) The building or structure complies with all applicable local building standards and all applicable local health and safety standards in the community in which it is located.

(3) The governing board of the regional occupational center or program, as provided for under Section 52310.5, certifies to the State Allocation Board that reasonable efforts have been made to locate the regional occupational center or program in facilities that conform to the seismic safety standards set forth in Part 2 (commencing with Section 2-101), Part 3 (commencing with Section

CHAPTER 66

An act to amend Section 54954.3 of the Government Code, relating to open meetings.

[Approved by Governor June 19, 1991. Filed with Secretary of State June 20, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 54954.3 of the Government Code is amended to read:

54954.3. (a) Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of Section 54954.2. However, in the case of a meeting of a city council in a city or a board of supervisors in a city and county, the agenda need not provide an opportunity for members of the public to address the council or board on any item that has already been considered by a committee, composed exclusively of members of the council or board, at a public meeting wherein all interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed since the committee heard the item, as determined by the council or board.

(b) The legislative body of a local agency may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker.

CHAPTER 67

An act to amend Section 1951.4 of, and to add Article 3 (commencing with Section 1995.300) to Chapter 6 of, and Chapter 7 (commencing with Section 1997.010) to, Title 5 of Part 4 of Division 3 of, the Civil Code, relating to real property leases.

[Approved by Governor June 19, 1991. Filed with Secretary of State June 20, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1951.4 of the Civil Code is amended to read:

1951.4. (a) The remedy described in this section is available only if the lease provides for this remedy. In addition to any other type of provision used in a lease to provide for the remedy described in this section, a provision in the lease in substantially the following form satisfies this subdivision:

"The lessor has the remedy described in California Civil Code Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover rent as it becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations)."

(b) Even though a lessee of real property has breached the lease and abandoned the property, the lease continues in effect for so long as the lessor does not terminate the lessee's right to possession, and the lessor may enforce all the lessor's rights and remedies under the lease, including the right to recover the rent as it becomes due under the lease, if any of the following conditions is satisfied:

(1) The lease permits the lessee, or does not prohibit or otherwise restrict the right of the lessee, to sublet the property, assign the lessee's interest in the lease, or both.

(2) The lease permits the lessee to sublet the property, assign the lessee's interest in the lease, or both, subject to express standards or conditions, provided the standards and conditions are reasonable at the time the lease is executed and the lessor does not require compliance with any standard or condition that has become unreasonable at the time the lessee seeks to sublet or assign. For purposes of this paragraph, an express standard or condition is presumed to be reasonable; this presumption is a presumption affecting the burden of proof.

(3) The lease permits the lessee to sublet the property, assign the lessee's interest in the lease, or both, with the consent of the lessor, and the lease provides that the consent shall not be unreasonably withheld or the lease includes a standard implied by law that consent shall not be unreasonably withheld.

(c) For the purposes of subdivision (b), the following do not constitute a termination of the lessee's right to possession:

(1) Acts of maintenance or preservation or efforts to relet the

property.

(2) The appointment of a receiver upon initiative of the lessor to protect the lessor's interest under the lease.

(3) Withholding consent to a subletting or assignment, or terminating a subletting or assignment, if the withholding or termination does not violate the rights of the lessee specified in subdivision (b).

SEC. 2. Article 3 (commencing with Section 1995.300) is added to Chapter 6 of Title 5 of Part 4 of Division 3 of the Civil Code, to read:

Article 3. Breach and Remedies

1995.300. A remedy provided by law for violation of the rights of the tenant or of the landlord concerning transfer of a tenant's interest in a lease, including a remedy provided in this article, is (a) subject to an express provision in the lease that affects the remedy and (b) subject to any applicable defense, whether legal or equitable, including, but not limited to, waiver and estoppel.

1995.310. If a restriction on transfer of a tenant's interest in a lease requires the landlord's consent for transfer subject to an express or implied standard that the landlord's consent may not be unreasonably withheld, and the landlord unreasonably withholds consent to a transfer in violation of the tenant's rights under the lease, in addition to any other remedies provided by law for breach of a lease, the tenant has all the remedies provided for breach of contract, including, but not limited to, either or both of the following:

(a) The right to contract damages caused by the landlord's breach.

(b) The right to terminate the lease.

1995.320. If a tenant transfers the tenant's interest in a lease in violation of a restriction on transfer of the tenant's interest in the lease, in addition to any other remedies provided by law for breach of a lease, the landlord has all the remedies provided for breach of contract, including, but not limited to, either or both of the following:

(a) The right to contract damages caused by the tenant's breach.

(b) The right to terminate the lease.

1995.330. (a) An assignee who receives or makes a transfer in violation of a restriction on transfer of a tenant's interest in a lease is jointly and severally liable with the tenant for contract damages under Section 1995.320. For this purpose, the provisions of Section 1951.2 applicable to a lessee apply to an assignee.

(b) The landlord's right to terminate a lease under Section 1995.320 includes the right to terminate a transfer without terminating the lease. If the landlord terminates a transfer without terminating the lease, the assignee or subtenant in possession is guilty of unlawful detainer and the landlord may obtain possession from the assignee or subtenant without terminating the right to possession of the tenant. For this purpose, the landlord may use the procedure

provided in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, with the changes necessary to make the procedure applicable to this subdivision.

1995.340. (a) Subject to subdivision (b), a restriction on transfer of a tenant's interest in a lease applies to a subsequent transfer by a tenant, an assignee, or a subtenant notwithstanding the landlord's consent to a prior transfer or the landlord's waiver of a standard or condition for a prior transfer.

(b) Subdivision (a) does not apply if either of the following conditions is satisfied:

(1) The lease provides expressly that the restriction on transfer is limited to the original tenant.

(2) The landlord states expressly in writing that the consent or waiver applies to a subsequent transfer.

SEC. 3. Chapter 7 (commencing with Section 1997.010) is added to Title 5 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 7. USE RESTRICTIONS

Article 1. General Provisions

1997.010. This chapter applies to a restriction on use of leased property by a tenant under a lease of real property for other than residential purposes.

1997.020. As used in this chapter:

(a) "Landlord" includes a tenant who is a sublandlord under a sublease.

(b) "Lease" means a lease or sublease of real property for other than residential purposes, and includes modifications and other agreements affecting a lease.

(c) "Restriction on use" means a provision in a lease that restricts the use of leased property by a tenant, whether by limiting use to a specified purpose, mandating use for a specified purpose, prohibiting use for a specified purpose, limiting or prohibiting a change in use, or otherwise.

(d) "Tenant" includes a subtenant or assignee.

1997.030. Nothing in this chapter authorizes a restriction on use that is otherwise prohibited by law.

1997.040. (a) For the purpose of subdivision (a) of Section 1951.2 (damages on termination for breach), the amount of rental loss that could be or could have been reasonably avoided is computed by taking into account any reasonable use of the leased property. However, if the lease contains a restriction on use that is enforceable under this chapter, the computation shall take into account the restricted use of the property except to the extent the tenant proves that under all the circumstances enforcement of the restriction would be unreasonable. The circumstances include, but are not limited to, those involving both the leased property and any building or complex in which it is located.

(b) The remedy described in Section 1951.4 (continuation of lease after breach and abandonment) is available notwithstanding the presence in the lease of a restriction on use of the leased property. The restriction on use applies under Section 1951.4 if it is enforceable under this chapter except to the extent the tenant proves that under all the circumstances enforcement of the restriction would be unreasonable. The circumstances include, but are not limited to, those involving both the leased property and any building or complex in which it is located.

1997.050. Except as provided in Section 1997.270, this chapter applies to a lease executed before, on, or after January 1, 1992.

Article 2. Use Restrictions

1997.210. (a) Subject to the limitations in this chapter, a lease may include a restriction on use of leased property by a tenant.

(b) Unless the lease includes a restriction on use, a tenant's rights under a lease include any reasonable use of leased property.

1997.220. An ambiguity in a restriction on use of leased property by a tenant shall be construed in favor of unrestricted use.

1997.230. A restriction on use of leased property by a tenant may absolutely prohibit a change in use.

1997.240. A restriction on use of leased property by a tenant may provide that a change in use is subject to any express standard or condition.

1997.250. A restriction on use of leased property by a tenant may require the landlord's consent for a change in use subject to any express standard or condition for giving or withholding consent, including, but not limited to, either of the following:

(a) The landlord's consent may not be unreasonably withheld.

(b) The landlord's consent may be withheld subject to express standards or conditions.

1997.260. If a restriction on use of leased property by a tenant requires the landlord's consent for a change in use but provides no standard for giving or withholding consent, the restriction shall be construed to include an implied standard that the landlord's consent may not be unreasonably withheld. Whether the landlord's consent has been unreasonably withheld in a particular case is a question of fact on which the tenant has the burden of proof. The tenant may satisfy the burden of proof by showing that, in response to the tenant's written request for a statement of reasons for withholding consent, the landlord has failed, within a reasonable time, to state in writing a reasonable objection to the change in use.

1997.270. (a) Section 1997.260 applies to a restriction on use executed on or after January 1, 1992. If a restriction on use executed before January 1, 1992, requires the landlord's consent for a change in use of leased premises by a tenant, but provides no standard for giving or withholding consent, the landlord has sole and absolute discretion to give or withhold consent.

(b) For purposes of this section, if the terms of a restriction on change in use are fixed by an option or other agreement, the restriction on change in use is deemed to be executed on the date of execution of the option or other agreement.

CHAPTER 68

[Approved by Governor June 21, 1991 Filed with Secretary of State June 21, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(b) These temporary residential centers protect the health and safety of adults and children involved in agricultural employment and ensure that agricultural producers have access to available, healthy workers during the growing season.

SEC. 3. (a) Notwithstanding any other provision of law, the Department of Housing and Community Development shall retain any and all federal funds it receives for reimbursement of costs incurred by the department to finance repairs to, or replacement of, any portions of any housing centers that are operated pursuant to Chapter 8.5 (commencing with Section 50710) of Part 2 of Division 31 of the Health and Safety Code, provided that those costs are related to the mitigation of damage to the housing centers resulting from the freezing weather of late 1990 and early 1991.

(b) Any and all federal funds retained by the department pursuant to subdivision (a) are hereby appropriated, without regard to fiscal years, to the Director of Housing and Community Development for expenditure for those local assistance activities authorized by Chapter 8.5 (commencing with Section 50710) of Part 2 of Division 31 of the Health and Safety Code.

(b) The sum of one hundred thousand dollars ($100,000) shall be deposited into the Director's San Diego County Farmworker Housing Discretionary Account established by Section 50714.5 of the Health and Safety Code, to be expended for the purposes authorized by Section 50714.5 of the Health and Safety Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that funds required to provide necessary repairs, maintenance, and rehabilitation to state-owned temporary residential centers for migrant farmworkers are appropriated in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 71

An act to amend Section 330 of the Penal Code, relating to gaming.

[Became law without Governor's signature. Filed with Secretary of State June 24, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 330 of the Penal Code is amended to read:

330. Every person who deals, plays, or carries on, opens, or causes to be opened, or who conducts, either as owner or employee, whether for hire or not, any game of faro, monte, roulette, lansquenet, rouge et noire, rondo, tan, fan-tan, seven-and-a-half, twenty-one, hokey-pokey, or any banking or percentage game played with cards, dice, or any device, for money, checks, credit, or other representative of value, and every person who plays or bets at or against any of those prohibited games, is guilty of a misdemeanor, and shall be punishable by a fine not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or by imprisonment in the county jail not exceeding six months, or by both the fine and imprisonment.

SEC. 2. It is the intent of the Legislature, by this act, to clarify the effect of Section 330 of the Penal Code on card room gaming in conformance with the holding in Tibbetts v. Van de Kamp, 222 Cal. App. 3d 389.

CHAPTER 72

An act to amend Section 30648 of, and to add Section 130265 to, the Public Utilities Code, relating to transit.

[Approved by Governor June 24, 1991. Filed with Secretary of State June 25, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 30648 of the Public Utilities Code is amended to read:

30648. (a) The Legislature recognizes that the district made specified representations regarding construction plans at the time it received authorization to proceed with the planning and

construction of an exclusive public mass transit guideway system.

(b) The Legislature further recognizes that it is traditionally less expensive to construct exclusive public mass transit guideway systems using two construction crews working from each terminus to the middle.

(c) Within three years after the start of construction of any portion of the exclusive public mass transit guideway system-San Fernando Valley-Downtown Los Angeles Metro Rail project, the district shall start station construction on the segment of the system in the San Fernando Valley, as defined in Section 11093 of the Government Code. In the aggregate, within one year after the start of construction of any portion of the project, the funding in each year for below-ground construction on the North Hollywood terminus station, which shall be located either adjacent to Lankershim Boulevard within one-half mile south of Chandler Street or adjacent to Chandler Street within one-half mile west of Lankershim Boulevard, as determined by the Los Angeles County Transportation Commission, and for tunneling and subway construction within this segment shall not be less than 15 percent of the amount of nonfederal funds allocated and spent in the previous year to construct the metro rail project. Any funds which would have been required to be spent on Valley Metro Rail construction pursuant to Chapter 617 of the Statutes of 1984, shall be deposited in a trust fund which shall be spent on qualified Valley Metro Rail construction pursuant to this subdivision, except that any interest earned on those funds may be used to subsidize commuter rail transportation serving the San Fernando Valley Statistical Area, as described in subdivision (g) of Section 76191 of the Government Code.

(d) If the entire public mass transit guideway system-San Fernando Valley-Downtown Los Angeles Metro Rail project is converted to an at-grade light rail system, then the construction to be done with the portion of the funds designated in subdivision (c) for tunneling and subway construction may be modified to conform to the mode of construction to be used on the entire route of the San Fernando Valley-Downtown Los Angeles Metro Rail project.

(e) Funding for this construction may include, but is not limited to, any of the following sources:

(1) Funds derived from Los Angeles County Transportation Commission revenue bonds.

(2) Funds derived from the Los Angeles County Transportation Commission one-half of 1 percent transactions and use tax.

(3) Funds allocated by the California Transportation Commission for exclusive public mass transit guideway construction pursuant to Article XIX of the California Constitution and funds for that construction allocated by the California Transportation Commission from the Transportation Planning and Development Account in the State Transportation Fund. However, the funds allocated by the California Transportation Commission shall not be available for deposit in the trust fund specified in subdivision (c).

SEC. 2. Section 130265 is added to the Public Utilities Code, to read:

130265. In 1990, the Los Angeles County Transportation Commission adopted an approved San Fernando Valley rail rapid transit route and plan as described in the Findings and Mitigation Monitoring Program adopted by the Los Angeles County Transportation Commission on February 28, 1990, as an extension of metro rail or advanced technology transit, other than light rail, that is a deep bore subway through residential areas, unless modified through a subsequent state or federal environmental review process. Therefore, the following apply within the right-of-way of the Burbank Branch line of the Southern Pacific Railroad:

(a) In the area between the western curb of Hazeltine Avenue and a line parallel to and 50 feet west of the western edge of the Hollywood freeway, there shall not be constructed any exclusive public mass transit rail guideway, rail rapid transit or light rail system, or other track, other than as a subway system which is covered and below grade.

(b) In the area described in subdivision (c), no station shall be constructed, other than a station where the main entrance is located on property which is currently part of the Los Angeles Valley College campus or on that portion of the existing railroad right-of-way located north of Burbank Boulevard and east of Fulton Avenue.

(c) In the area below Tujunga Wash and at least one mile to the east and west of Tujunga Wash, there shall not be constructed any exclusive public mass transit guideway, rail rapid transit or light rail system, or other track, other than as a subway using boring technology as a deep bore subway located at least 25 feet below ground, measured from the existing ground level to the top of the tunnel.

(d) This section is not intended to mandate the selection by the Los Angeles County Transportation Commission of any transit route or the construction of any route configuration or alignment, or to prevent consideration by that commission of any monorail or other advanced technology option on any alternative route, but this section is intended solely to define statutorily the route configuration and alignment limitations adopted locally by the Los Angeles County Transportation Commission on February 28, 1990.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to the Southern California Rapid Transit District and the Los Angeles County Transportation Commission shall come from funds allocated to either entity by the California Transportation Commission for transportation purposes.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 73

An act to add Section 425.8 to the Government Code, relating to the state historic artifact.

[Approved by Governor June 24, 1991. Filed with Secretary of State June 25, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.8 is added to the Government Code, to read:

425.8. The Chipped Stone Bear (bear-shaped eccentric) is the official state prehistoric artifact.

CHAPTER 74

An act to make an appropriation in augmentation of Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1990, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 27, 1991. Filed with Secretary of State June 27, 1991.]

I am reducing the non-Proposition 98 General Fund appropriation contained in Section 1 (a) (1) of Assembly Bill No. 217 by a net amount of $3,162,000 because of more recent estimates of need.

Reductions can be made for the following three programs:

According to recent calculations, the deficiency for utilization of Medi-Cal benefits is lower than originally estimated by $3,777,000

The Regional Center deficiency can be reduced by $1,100,000. Federal Funds were received in the current year to offset this amount

The deficiency of $390,000 for operation of the Drought Information Center which the Department of Water Resources indicates is no longer necessary.

I have offset a portion of the above reductions by the following increased needs:

An additional $1,646,000 is needed for state operations costs attributable to Medi-Cal.

An additional $459,000 is needed for funding the Workers' Compensation Benefit Program.

With these net reductions of $3,162,000, I approve Assembly Bill No. 217.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of one hundred forty-three million two hundred fourteen thousand dollars ($143,214,000) is hereby appropriated for expenditure in the 1990–91 fiscal year in augmentation of, and for the purposes of, contingencies or emergencies as provided in Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1990, in accordance with the following schedule:

(1) One hundred thirty-three million ninety-five thousand dollars ($133,095,000) for purposes not related to Proposition 98 and two hundred eighteen thousand dollars ($218,000) for Proposition 98 purposes, from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

(2) Nine million four hundred twenty-six thousand dollars ($9,426,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(3) Four hundred seventy-five thousand dollars ($475,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(b) The Director of Finance may withhold authorization for the expenditure of funds provided in this section until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 75

An act to amend Section 97 of the Revenue and Taxation Code, relating to school finance.

[Approved by Governor June 27, 1991. Filed with Secretary of State June 27, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 97 of the Revenue and Taxation Code is amended to read:

97. Except as otherwise provided in Sections 97.3, 97.32, 97.35, 97.37, and 97.38 for the 1980–81 fiscal year and each fiscal year thereafter, property tax revenues shall be apportioned to each jurisdiction pursuant to this section and Section 97.5 by the county auditor, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to

each jurisdiction in the following manner:

(a) Except as provided in subdivision (b), for each tax rate area, each jurisdiction shall be allocated an amount of property tax revenue equal to the amount of property tax revenue allocated pursuant to this chapter to each jurisdiction in the prior fiscal year, modified by any adjustments required by Section 99 or 99.4.

(b) For each tax rate area, each special district shall be allocated an amount of property tax revenue equal to the amount of property tax revenue which would have been allocated pursuant to this chapter to such district in the prior fiscal year if no adjustment had been made pursuant to Section 98.6. This amount shall then be adjusted for the current year pursuant to Section 98.6.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 98, and shall be known as the "annual tax increment."

(d) For purposes of this section, the amount of property tax revenue referred to in subdivision (a) shall not include amounts generated by the increased assessments under Chapter 3.5 (commencing with Section 75).

(e) (1) Notwithstanding any other provision of law, for the 1990–91 fiscal year, for the purposes of the computations required by this section, the amount of property tax presumed to have been received by the county in the prior year shall be increased by the amount of 1989–90 property tax administrative costs proportionately attributable to incorporated cities as determined pursuant to paragraph (2).

(2) The auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to incorporated cities by adding the 1989–90 fiscal year property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by all incorporated cities divided by the total property tax revenue for all local jurisdictions in the county for that fiscal year.

(3) The county shall use the additional revenue received pursuant to this subdivision only to fund the actual costs of assessing, collecting, and allocating property taxes. At least once each fiscal year, the county auditor shall report the amount of these actual costs and allowable overhead costs to the legislative body and any other jurisdiction or person that request the information. To the extent that actual costs for assessing, collecting, and allocating property taxes plus allowable overhead costs are less than the amount determined pursuant to paragraph (2), the county auditor shall apportion the difference to each incorporated city as otherwise required by this section.

(4) The county may retain up to one-half of any increased property tax allocation to which a jurisdiction may be otherwise

entitled, until the county receives its additional revenues pursuant to this subdivision.

(5) It is the intent of the Legislature in enacting this subdivision to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for cities. It is further the intent of the Legislature that the adjustments provided for by this subdivision shall constitute charges by a county for the assessment, collection, and allocation of property taxes and shall not exceed the actual costs reasonably borne by a county for those activities.

(f) If so directed by the board of supervisors, the auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to local jurisdictions other than the county or city and county, cities, school districts, community college districts, and county offices of education, by adding the property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by jurisdictions other than the county, city and county, cities, school districts, community college districts, and county offices of education, divided by the total property tax received by all local jurisdictions in the county for that fiscal year. Notwithstanding any other provision of law, this amount may be calculated for each fiscal year commencing with the 1989–90 fiscal year, and the auditor shall, commencing in fiscal year 1990–91, if so directed by the board of supervisors, submit an invoice to these jurisdictions for services rendered in the prior fiscal year.

SEC. 2. Notwithstanding Item 6110-101-001 of Section 2.00 of the Budget Act of 1990, as set forth in Chapter 467 of the Statutes of 1990, of the amount appropriated in that item, the sum of one hundred thirty-three million eight hundred thousand dollars ($133,800,000) shall apply to the state school funding obligation for the 1989–90 fiscal year, rather than for the 1990–91 fiscal year, as determined under subdivision (b) of Section 8 of Article XVI of the California Constitution.

SEC. 3. This bill shall become operative only if Senate Bill 1049 of the 1991–92 Regular Session is chaptered and becomes operative.

CHAPTER 76

An act to repeal Section 3 of Chapter 42 of the Statutes of 1991, relating to school funding, to take effect immediately as an appropriation for the usual current expenses of the state.

[Approved by Governor June 27, 1991. Filed with Secretary of State June 27, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of Chapter 42 of the Statutes of 1991 is repealed.

SEC. 2. Notwithstanding Section 2.00 of Chapter 467 of the Statutes of 1990, of the unencumbered balance of the appropriation made under Schedule (a) of Item 6110-101-001 of that section, the sum of three hundred ninety-eight million dollars ($398,000,000) shall revert, as of the effective date of this act, to the unappropriated surplus of the General Fund.

SEC. 3. (a) The sum of three hundred ninety-eight million dollars ($398,000,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts as an emergency loan. That apportionment shall be distributed to school districts pursuant to Section 42238 of the Education Code in the same manner that funds are apportioned pursuant to Schedule (a) of Item 6110-101-001 of Section 2.00 of the Budget Act of 1990, as set forth in Chapter 467 of the Statutes of 1990.

(b) No interest payment shall be required with regard to the loan authorized under subdivision (a). The repayment of that loan shall be governed by statutory provision that expressly addresses that loan.

(c) The moneys appropriated for loan purposes under subdivision (a) shall not be deemed, for any fiscal year, to be either "General Fund revenues appropriated for school districts" or any part of "total allocations to school districts" for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 4. The sum of eighteen billion four hundred twenty-three million dollars ($18,423,000,000) is hereby appropriated from the General Fund for the 1991–92 fiscal year for the support of school districts, as defined in Section 41302.5 of the Education Code, and community college districts, to be apportioned as follows:

(a) (1) The sum of one billion two hundred thirty-three million dollars ($1,233,000,000) is appropriated under this section for transfer to Section A of the State School Fund for apportionment to school districts for the 1991–92 fiscal year pursuant to Section 42238 of the Education Code.

(2) The sum appropriated pursuant to paragraph (1) shall be reduced by the amount of one billion two hundred thirty-three million dollars ($1,233,000,000) in discharge of emergency loans made to school districts from the General Fund, pursuant to the

following schedule:

(A) The sum of eight hundred thirty-five million dollars ($835,000,000) in discharge of the emergency loan made pursuant to Section 2 of Chapter 42 of the Statutes of 1991.

(B) The sum of three hundred ninety-eight million dollars ($398,000,000) in discharge of the emergency loan made to school districts pursuant to Section 3 of this act.

(b) The sum of seventeen billion one hundred ninety million dollars ($17,190,000,000) is appropriated under this section as a contingency expenditure reserved for subsequent appropriation by the Legislature for deficiencies and other educational purposes in program areas that are funded pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution. No amount shall be appropriated from this subdivision that would cause the state to exceed the minimum funding level for school districts and community college districts required by that constitutional provision.

SEC. 5. It is the intent of the Legislature and the Governor to make every effort to generate at least $298,000,000 in additional cost savings for local education agencies. It is further the intent of the Legislature, if funds are made available to school districts, county offices of education, and community college districts as a result of cost savings in any manner, other than the savings resulting from the enactment of Section 1 of Senate Bill 188 of the 1991–92 Regular Session, that these funds be allocated on the basis of average daily attendance, or other uniform basis, to these local education agencies by the Superintendent of Public Instruction and the Chancellor of the California Community Colleges in a manner prescribed by a subsequently enacted statute.

SEC. 6. Notwithstanding Section 41203.1 of the Education Code, the calculations of relative funding entitlements for the 1990–91 and 1991–92 fiscal years provided for under that section shall be performed as if Sections 2 to 4, inclusive, of this act had not been enacted.

SEC. 7. This bill shall become operative only if Senate Bill 188 of the 1991–92 Regular Session is chaptered, except that Section 4 shall not become operative until July 1, 1991.

SEC. 8. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the California Constitution and shall go into immediate effect.

CHAPTER 77

An act relating to school districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1991. Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that certain state funding is appropriated in the Budget Act of 1990 to meet the fiscal needs of qualifying high school districts that have experienced temporary declines in pupil enrollment, subject to the condition that the "feeder" elementary school districts for those high school districts have had increasing pupil enrollments in specified fiscal years.

(b) Pursuant to the intent of the Legislature that no school district suffer undue financial penalty as a result of the October 17, 1989, Loma-Prieta earthquake, it is the purpose of this act to ensure that eligibility for the state funding described in subdivision (a) not be denied due to a decline in pupil enrollment in a feeder elementary school district resulting from that earthquake.

SEC. 2. Notwithstanding any other provision of law, for purposes of determining the eligibility of any high school district for state funding pursuant to Provision 23 of Item 6110-101-001 of Section 2.00 of the Budget Act of 1990, a feeder elementary school district shall be deemed to have had increasing pupil enrollment, as determined pursuant to Chapter 1540 of the Statutes of 1990, for any fiscal year for which either of the following conditions is satisfied:

(a) The elementary school district had an actual increase in pupil enrollment.

(b) The elementary school district was anticipated to have an increase in pupil enrollment, as indicated by an enrollment projection approved for that district by the Office of Local Assistance of the Department of General Services pursuant to Article 3 (commencing with Section 17740) of Chapter 22 of Part 10 of the Education Code, but, as a result of the October 17, 1989, Loma-Prieta earthquake, did not experience an increase.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the entitlement of a qualifying high school district to certain state funding to be apportioned for the 1990–91 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 78

An act to amend Section 33670.8 of the Health and Safety Code, and to amend Section 9 of Chapter 26 of the 1989–90 First Extraordinary Session, relating to redevelopment.

[Approved by Governor June 29, 1991. Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 33670.8 of the Health and Safety Code is amended to read:

33670.8. For the purpose of determining the portion of taxes to be paid annually to the Redevelopment Agency of the City of Santa Cruz pursuant to Sections 33328, 33670, and 33675 for any redevelopment project which was approved on or before October 17, 1989, "assessment roll ... last equalized" and "base-year assessment roll" mean the last equalized assessment roll determined pursuant to subdivision (a) of Section 33670 reduced by the same amount as the amount of reduction in the current assessment roll determined pursuant to Section 170 of the Revenue and Taxation Code.

(b) With respect to the allocation of taxes pursuant to Section 33670 in redevelopment project areas within the incorporated City of Watsonville, which were already approved on October 17, 1989, the otherwise applicable provisions of this part shall be modified as specified in this subdivision.

For the purpose of determining the portion of taxes to be paid annually to the Redevelopment Agency of the City of Watsonville pursuant to Sections 33328, 33670, and 33675 for any redevelopment project which was approved on or before October 17, 1989, "assessment roll ... last equalized" and "base-year assessment roll" mean the last equalized assessment roll determined pursuant to subdivision (a) of Section 33670 reduced by the same amount as the amount of reduction in the current assessment roll determined pursuant to Section 170 of the Revenue and Taxation Code.

(c) In claiming an allocation of taxes pursuant to Section 33675, as adjusted pursuant to subdivision (b), the redevelopment agency of the City of Watsonville shall consider the economic impact of the allocation on other agencies which have sustained substantial disaster damage and shall negotiate and enter into an agreement with the County of Santa Cruz to avoid further economic hardship.

(d) Within 30 days after receipt of a notice from the Assessor of the County of Santa Cruz establishing the adjustment in the

assessment roll pursuant to subdivision (b), the Redevelopment Agency of the City of Watsonville may elect not to be subject to this section by giving written notice of its decision to the County of Santa Cruz. Notwithstanding an election by the Redevelopment Agency of the City of Watsonville not to be subject to this section pursuant to this subdivision, it shall still reimburse the County of Santa Cruz for its cost of revising the property tax assessment rolls and allocations.

(e) Subdivisions (a) and (b) shall apply to allocation of taxes levied on the 1990 and subsequent equalized assessment rolls, upon the request of the redevelopment agencies of the Cities of Santa Cruz and Watsonville, and those agencies shall reimburse the County of Santa Cruz for its cost of revising the property tax assessment rolls and allocations.

(f) (1) The county auditor shall certify to the director of finance of each city which includes a redevelopment project subject to this section when the total sum of the assessed value of the taxable property in each redevelopment project subject to this section as shown upon each current year's equalized assessment roll becomes equal to the total sum of the assessed value of the taxable property in each redevelopment project as shown upon the assessment roll last equalized before October 17, 1989, adjusted by the change in the Consumer Price Index for the San Francisco/Oakland Metropolitan Area between 1989 and the date of the certification pursuant to this subdivision. On the July 1 following the date of certification and each July 1 thereafter, the county auditor shall increase the total sum of the assessed value of the taxable property in each redevelopment project as shown upon the assessment roll adjusted pursuant to subdivision (a) or (b) by 10 percent of the difference between the total sum of the assessed value of the taxable property in each redevelopment project determined pursuant to subdivision (a) of Section 33670 and the total sum of the assessed value of the taxable property in each redevelopment project as adjusted pursuant to subdivision (a) or (b), until the two total assessed values are equal, and shall report this adjusted value to the other county officials charged with the responsibility of allocating taxes pursuant to Sections 33670 and 33675, who shall use this assessed value in determining the portion of taxes to be paid annually to the redevelopment agency subject to this section.

(2) For purposes of this subdivision only, in the event that any redevelopment project area within the incorporated area of the City of Santa Cruz already approved on October 17, 1989, is amended to add territory to the project area, the assessed value of taxable property in the territory added shall be computed separately and the county assessor shall not take the assessed value into account in determining when the total sum of the assessed value of the taxable property in the redevelopment project becomes equal to the total sum of the assessed value of the taxable property as shown on the assessment roll last equalized prior to October 17, 1989, as adjusted pursuant to this subdivision.

(g) With respect to an area added to a redevelopment project by the City of Santa Cruz or the City of Watsonville pursuant to Sections 33458.5 and 33477, the terms "assessment roll" and "last equalized assessment roll" as used in Section 33670 shall mean and refer to the assessment roll as reduced in accordance with the provisions of subdivision (b) of Section 170 of the Revenue and Taxation Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(2) Three percent on the next eighty-five thousand dollars ($85,000).

(3) Two percent on the next nine hundred thousand dollars ($900,000).

(4) One percent on the next nine million dollars ($9,000,000).

(5) One-half of 1 percent on the next fifteen million dollars ($15,000,000).

(6) For all above twenty-five million dollars ($25,000,000), a reasonable amount to be determined by the court.

(b) For the purposes of this section, the value of the estate accounted for by the personal representative is the total amount of the appraisal value of property in the inventory, plus gains over the appraisal value on sales, plus receipts, less losses from the appraisal value on sales, without reference to encumbrances or other obligations on estate property.

10811. (a) Subject to the provisions of this part, in addition to the compensation provided by Section 10810, the court may allow additional compensation for extraordinary services by the attorney for the personal representative in an amount the court determines is just and reasonable.

(b) Extraordinary services by the attorney for which the court may allow compensation include services by a paralegal performing the extraordinary services under the direction and supervision of an attorney. The petition for compensation shall set forth the hours spent and services performed by the paralegal.

10813. An agreement between the personal representative and the attorney for higher compensation for the attorney than that provided by this part is void.

10814. If there are two or more attorneys for the personal representative, the attorney's compensation shall be apportioned among the attorneys by the court according to the services actually rendered by each attorney or as agreed to by the attorneys.

(b) Nothing in this section limits the authority of the personal representative to make preliminary distribution under other provisions of this chapter, whether or not authority is granted to administer the estate under the Independent Administration of Estates Act, Part 6 (commencing with Section 10400).

[Approved by Governor June 30, 1991 Filed with Secretary of State June 30, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 23402 of the Education Code is amended to read:

23402. (a) Commencing October 1, 1991, and quarterly thereafter, there is hereby continuously appropriated from the General Fund to the Controller, notwithstanding Section 13340 of the Government Code, for transfer to the Teachers' Retirement Fund an amount equal to 1.075 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit when the unfunded obligation has been deemed to be eliminated by the board based upon a recommendation from its actuary. If a rate increase or decrease is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer exceed 4.3 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based.

(b) The funds transferred pursuant to subdivision (a) shall first be applied to meeting the normal cost deficit, if any, for that fiscal year.

(c) The transfers made pursuant to this section are in lieu of the state contributions formerly made pursuant to Sections 23401 and 23402.

(d) For the purposes of this section, the term "normal cost deficit" means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22226 and the total of the member contribution rate required under Section 22804 and the employer contribution rate required under Section 23400, and shall exclude (1) the portion for unused sick leave service granted pursuant to Section 22719, (2) the cost of benefit increases which occur after July 1, 1990. The contribution rates prescribed in Section 22804 and Section 23400 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the salaries upon which member contributions are based to determine the dollar amount of the normal cost deficit for the year.

(e) Pursuant to Section 22001 and the case law, the members are entitled to a financially sound retirement system. The Legislature recognizes that the system shall, pursuant to this act, receive less funds in the short term than it would have received under former Sections 23401 and 23402 (Chapter 282 of the Statutes of 1979). However, it is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(f) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

(g) This section shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or changes in contribution which occur after July 1, 1990.

(h) The amendments to this section during the 1991–92 Regular Session shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

SEC. 2. Section 23403 of the Education Code is repealed.

SEC. 3. Chapter 8.5 (commencing with Section 19999.2) is added to Part 2.6 of Division 5 of Title 2 of the Government Code, to read:

CHAPTER 8.5. RETIREMENT PLAN FOR EMPLOYEES EXCLUDED FROM THE PUBLIC EMPLOYEES_ RETIREMENT SYSTEM

19999.2. (a) The Legislature hereby finds and declares that this chapter is intended to satisfy the requirements prescribed by the Omnibus Budget Reconciliation Act of 1990 (OBRA). Section 3121(b)(7)(F) of the Internal Revenue Code requires that state employees who are not members of the Public Employees' Retirement System must be covered by social security, or, in the alternative, be provided benefits through a qualified pension or annuity program, effective with compensated services rendered on

or after July 2, 1991. Therefore, the Legislature hereby authorizes the development of a retirement program under the State's Deferred Compensation Plan, the Savings Plan, or any other acceptable defined contribution plan in which state employees can defer compensation at 7.5 percent of wages, as the term "wages" is defined for social security purposes.

(b) "State employees," as used in subdivision (a), includes the employees defined in Section 19815, as well as employees of the California State University, who are not covered by social security or by the Public Employees' Retirement System.

(c) This section shall not apply to employees of the California State University unless and until the trustees authorizes their coverage in this retirement program.

(d) In the event that the retirement program authorized by this section is inconsistent with federal laws or rules or becomes unnecessary under the state or federal law, this section shall become inoperative.

19999.21. The Department of Personnel Administration shall administer the retirement program established by this chapter. The department shall provide by rule for the regulation of the retirement program and the method by which the benefit payments would be made to eligible recipients. The department shall by rule establish the level of employee deferrals to the plan, cessation of, or transfer of membership to the Public Employees' Retirement System upon qualification, continued participation in the plan, and other provisions necessary for the implementation of this retirement program. The department may assess each state agency a fee for the costs associated with administration of this program.

The regulations shall not be subject to the review and approval of the Office of Administrative Law, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. The regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 4. Section 20006 of the Government Code is repealed.

20006. (a) "Actuary" means an individual or firm practicing as an enrolled consulting actuary appointed by the Governor under contract with the Governor's Office. The contract shall not be subject to any provisions of law relating to competitive bidding. The contract shall be for a fixed period of time not to exceed three years as determined by the Governor. The compensation paid to the actuary and other necessary employees of the actuary shall be fixed by the contract. The actuary under contract with the Governor's Office pursuant to this section may not be awarded a successive contract. All costs of the contract for the actuary shall be paid from the retirement fund on an annual basis. In carrying out duties under this part, the actuary shall be deemed to succeed to and assume the fiduciary obligations pertaining to actuarial determinations previously held by members of the board, including, but not limited

to, those set forth in Section 17 of Article XVI of the California Constitution.

(b) The Governor shall submit the name of the actuary to each house of the Legislature. The actuary shall commence serving in office on the day after receipt of confirmation by both houses of the Legislature. However, the appointment shall become effective and be deemed confirmed the 61st calendar day after the submission of the nomination unless a majority of either house affirmatively rejects the nomination. If the 60-day period ends during a recess of the Legislature, the period is extended to the sixth day following the date on which the Legislature reconvenes.

SEC. 6. Section 20006.1 is added to the Government Code, to read:

20006.1. On an annual basis, no later than December 1 of each year, the actuary shall make an actuarial valuation of the liabilities for benefits under this part on account of employees of the state. As of the effective date of this section, and thereafter at the end of periods not to exceed four years, the actuary shall make an actuarial investigation into the mortality, service, and compensation experience of members and persons receiving benefits and an actuarial valuation of the assets and liabilities of this system. From time to time, the actuary shall determine the rate of interest being earned on the Retirement Fund after deducting from earnings amounts applied to costs of administration of the system.

SEC. 7. Section 20013.75 is added to the Government Code, to read:

20013.75. (a) It is the intent of the Legislature that the Department of Personnel Administration, in conjunction with the recognized state employee organizations, develop alternatives to the Second Tier retirement plan by June 30, 1992. The alternative plan may include enhanced benefits or provide benefits under a defined contribution program. However, the state employer's contribution to the alternative plan shall not be greater than the state's contribution rate to the current Second Tier. At the time that an alternative plan is agreed to and implemented, employees who were placed in the Second Tier shall be given an opportunity to elect coverage in the new alternative plan. In the event no alternative plan is implemented by June 30, 1992, employees shall remain in the Second Tier.

(b) Notwithstanding any other provision of this article, persons who first become state miscellaneous or state industrial members of the system on or after the effective date of this section who are: (1) excluded from the definition of state employee in subdivision (c) of Section 3513; (2) supervisory employees as defined in Section 3522.1; (3) employed by the executive branch of government who are not members of the civil services; and (4) defined in subdivision (c) of Section 3513 shall become subject to Section 21251.146.

SEC. 13. Section 6385 of the Revenue and Taxation Code is amended to read.

6385. (a) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property, other than fuel and petroleum products, to a common carrier, shipped by the seller via the purchasing carrier's facilities under a bill of lading whether the freight is paid in advance,

or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier.

(b) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property, other than aircraft fuel and petroleum products, purchased by a foreign air carrier and transported by the foreign air carrier's facilities to a foreign destination for use by the air carrier in the conduct of its business as a common carrier by air of persons or property. To qualify for this exemption, the foreign air carrier shall furnish to the seller a certificate in writing that the property shall be transported and used in the manner required in this subdivision. The certificate shall be substantially in the form prescribed by the board. A seller is not liable for the sales tax if the seller accepts the certificate in good faith. If the seller does not have the certificate at the time the board requests the seller to submit the certificate to the board, the seller shall be given a reasonable time to request the foreign air carrier to provide the seller with the certificate. The foreign air carrier shall maintain records in this state, such as a copy of a bill of lading, and air waybill or cargo manifest, documenting its transportation of the tangible personal property to a foreign destination.

(c) "Common carrier," as used in this section, with respect to water transportation, shall be deemed to include any vessel engaged, for compensation, in transporting persons or property in interstate or foreign commerce.

(d) "Foreign air carrier," as used in this section, means a foreign air carrier as defined in Section 1301 of Title 49 of the United States Code.

(e) Pursuant to subdivisions (a) and (b), any use of the property by the purchasing carrier, other than that incident to the delivery of the property to the carrier and the transportation of the property by the carrier to an out-of-state destination and subsequent use in the conduct of its business as a common carrier, or a failure of the carrier to document its transporting the property to an out-of-state destination, shall subject the carrier to liability for payment of sales tax as if it were a retailer making a retail sale of the property at the time of that use or failure, and the sales price of the property to it shall be deemed to be the gross receipts from the retail sale.

SEC. 14. *Section 6907 of the Revenue and Taxation Code is* amended to read:

6907. Interest shall be paid upon any overpayment of any amount of tax at a rate equal to the average of the bond equivalent rates of the 13-week treasury bills auctioned during the period for which interest is paid. Interest shall be paid from the last day of the calendar month following the quarterly period for which the overpayment was made; but no refund or credit shall be made of any interest imposed upon the person making the overpayment with respect to

the amount being refunded or credited.

The interest shall be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he or she has not already filed a claim, is notified by the board that a claim may be filed or the date upon which the claim is approved by the board, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

SEC. 15. Section 6936 of the Revenue and Taxation Code is amended to read:

6936. In any judgment, interest shall be allowed at a rate equal to the average of the bond equivalent rates of the 13-week treasury bills auctioned during the period for which interest is paid. Interest shall be paid upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

(1) Procedures by which the State Department of Mental Health shall review and may approve the program and facility requesting licensure as a psychiatric health facility as being in compliance with program standards established by the department.

(2) Procedures by which the Director of Mental Health shall deny approval or approve, the program and facility licensed as a psychiatric health facility pursuant to this section.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program and facility standards.

(4) Provisions for the State Department of Mental Health for any administrative proceeding regarding denial, suspension, or revocation of a psychiatric health facility license.

(g) Regulations shall be adopted by the State Department of Mental Health, which shall establish standards for pharmaceutical services in psychiatric health facilities. Licensed psychiatric health facilities shall be exempt from requirements to obtain a separate pharmacy license or permit.

(h) (1) It is the intent of the Legislature that the State Department of Mental Health shall license the facility in order to establish innovative and more competitive acute care services as alternatives to hospital care.

(2) The State Department of Mental Health shall review and may approve the program aspects of public or private facilities, with the exception of those facilities which are federally certified or accredited by a nationally recognized commission which accredits health care facilities, only if the average per diem charges or costs of service provided in the facility is approximately 75 percent of the average per diem charges or costs of similar psychiatric services provided in a general hospital.

(3) (A) When a private facility is accredited by a nationally recognized commission which accredits health care facilities, the department shall review and may approve the program aspects only

if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(B) When a private facility serves county patients, the department shall review and may approve the program aspects only if the facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a proportion of Medi-Cal patients sufficient to project an overall cost savings to the county, and the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(4) When a public facility is federally certified by the Health Care Financing Administration and serves a population mix which includes a proportion of Medi-Cal patients sufficient to project an overall program cost savings with certification, the department shall approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(5) (A) The State Department of Mental Health may set a lower rate for private or public facilities than that required by paragraph (3) or paragraph (4), respectively if so required by the federal Health Care Financing Administration as a condition for the receipt of federal matching funds.

(B) This section does not impose any obligation on any private facility to contract with a county for the provision of services to Medi-Cal beneficiaries, and any contract for that purpose is subject to the agreement of the participating facility.

(6) In using the guidelines specified in this subdivision, the department shall take into account local conditions affecting the costs or charges.

(i) The licensing fees charged for these facilities shall be credited to the State Department of Mental Health for its costs incurred in the review of psychiatric health facility programs, in connection with the licensing of these facilities.

(j) Proposed changes in the standards or regulations affecting health facilities which serve the mentally disordered shall be effected only with the review and coordination of the Health and Welfare Agency.

(k) In psychiatric health facilities where the clinical director is not a physician or a psychiatrist, or if one is temporarily not available, a physician shall be designated who shall direct those medical treatments and services which can only be provided by, or under the direction of, a physician.

(*l*) This section shall become inoperative on July 1, 1997, and as of January 1, 1998, is repealed, unless a later enacted statute, which

becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 45. Chapter 5 (commencing with Section 4090) of Part 1 of Division 4 of the Welfare and Institutions Code is repealed.

SEC. 46. Article 4 (commencing with Section 4090) is added to Chapter 3 of Part 1 of Division 4 of the Welfare and Institutions Code, to read:

Article 4. Social Rehabilitation Facilities and Community Residential Treatment Programs

4090. (a) The State Department of Mental Health shall establish, by regulation, standards for the programs listed in Chapter 2.5 (commencing with Section 5670) of Part 2 of Division 5. These standards shall also be applied by the department to any facility licensed as a social rehabilitation facility pursuant to paragraph (7) of subdivision (a) of Section 1502 of the Health and Safety Code.

(b) In establishing the standards required by this section, the department shall not establish standards which in themselves impose any new or increased costs on the programs or facilities affected by the standards.

4091. Nothing in Section 5458 limits the authority of the State Department of Mental Health to delegate the evaluation and enforcement of the program standards to a county mental health program when a licensed social rehabilitation facility has a contractual relationship with a county mental health program and the county has requested the delegation.

SEC. 47. Article 5 (commencing with Section 4094) is added to Chapter 3 of Part 1 of Division 4 of the Welfare and Institutions Code, to read:

Article 5. Programs for Seriously Emotionally Disturbed Children and Court Wards and Dependents

4094. (a) The State Department of Mental Health shall establish, by regulation, program standards for any facility licensed as a community treatment facility providing mental health treatment services to seriously emotionally disturbed children, as defined in Section 5699, pursuant to subdivision (a) of Section 1502 of the Health and Safety Code. This section shall apply only to community treatment facilities described in this subdivision.

(b) A certification of compliance issued by the State Department of Mental Health shall be a condition of licensure for the community treatment facility by the State Department of Social Services.

(c) The State Department of Mental Health shall adopt regulations to include, but not be limited to, the following:

(1) Procedures by which the Director of Mental Health shall certify that a facility requesting licensure as a community treatment facility pursuant to Section 1502 of the Health and Safety Code is in

compliance with program standards established pursuant to this section.

(2) Procedures by which the Director of Mental Health shall deny a certification to a facility or decertify a facility licensed as a community treatment facility pursuant to Section 1502 of the Health and Safety Code, but no longer complying with program standards established pursuant to this section, in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program standards established pursuant to this section.

(4) Provisions for the community care licensing staff of the State Department of Social Services to report to the State Department of Mental Health when there is reasonable cause to believe that a community treatment facility is not in compliance with program standards established pursuant to this section.

(5) Provisions for the State Department of Mental Health to provide consultation and documentation to the State Department of Social Services in any administrative proceeding regarding denial, suspension, or revocation of a community treatment facility license.

(d) The standards adopted by regulations pursuant to subdivision (a) shall include, but not be limited to, standards for treatment staffing and for the use of psychotropic medication, discipline, and restraint in the facilities.

(e) During the initial public comment period for the adoption of the regulations required by this section, the community care facility licensing regulations proposed by the State Department of Social Services and the program standards proposed by the State Department of Mental Health shall be presented simultaneously.

(f) The sum of forty-five thousand dollars ($45,000) is hereby appropriated annually from the General Fund to the State Department of Mental Health for one personnel year to carry out the provisions of this section.

4095. (a) It is the intent of the Legislature that essential and culturally relevant mental health assessment, case management, and treatment services be available to court wards and dependents placed out-of-home or who are at risk of requiring out-of-home care. This can be best achieved at the community level through the active collaboration of county social service, probation, education, mental health agencies, and foster care providers.

(b) Therefore, using the Children's Mental Health Services Act (Part 4 (commencing with Section 5850) of Division 5) as a guideline, the State Department of Mental Health, in consultation with the California Conference of Local Mental Health Directors, the State Department of Social Services, the County Welfare Directors Association, the Chief Probation Officer's Association, county alcohol and drug program administrators, and foster care providers, shall do all of the following:

(1) By July 1, 1991, develop an individualized mental health treatment needs assessment protocol for court wards and dependents.

(2) By October 1, 1992, establish and maintain a special system of per child payments for supplemental mental health services rendered to court wards and dependents pursuant to this section. This payment system shall ensure that children are served according to state-level priorities, and that similar children are served similarly statewide, to the extent of appropriations available through the annual Budget Act to implement this section. The payment system shall encourage utilization of other resources where possible, including Medi-Cal reimbursement. It is the intent of the Legislature that the payment system shall be flexible so that services may be provided in the most appropriate setting and in the most cost-effective manner.

(3) By October 1, 1992, the department shall, for the purposes of implementing this section, establish guidelines for rates, payment, and subsets of target populations to be served, for supplemental mental health services rendered to court wards and dependents. These guidelines shall include, but not be limited to, data collection, cost reporting, and types of placement resources receiving county mental health funds. These guidelines shall remain in effect until the special system of payments is established, in accordance with paragraph (2).

(4) By January 1, 1992, establish, by regulation, all of the following:

(A) Definitions of priority ranking of subsets of the court wards and dependents target population.

(B) Definitions of priority supplemental services, including, but not limited to, services defined in Title IX (commencing with Section 7030) of the California Code of Regulations as of January 1, 1992, and family therapy, prevocational services, crisis support, family support, therapeutic respite activities, and therapeutic milieu activities, to be available to the target population.

(C) A certification procedure, to be employed by the local mental health director, which assures that only mental health services approved by the local mental health director shall be eligible for reimbursement under this section.

(5) Require that interagency collaboration and program services are structured in a manner which will facilitate future implementation of the goals of the Children's Mental Health Services Act. Components shall be added to the plans and contracts which specifically address the procedures to be implemented by the county in meeting the provisions of this section. The components are to be developed in collaboration with the county social services and probation departments. Plans and contracts submitted for department approval shall document that the procedures to be implemented in compliance with this section have been approved by the county social services department and the county probation department pursuant to an interagency agreement.

(c) (1) Only those individuals within the target population as defined in regulation and determined to be eligible for services as a result of a mental health treatment needs assessment may receive services pursuant to this section.

(2) Allocation of funds appropriated for the purposes of this section shall be based on the number of wards and dependents identified pursuant to paragraphs (3) and (4) of subdivision (b).

(3) The counties shall be held harmless for failure to provide assessment and treatment services to those children identified in need of services for whom there is no funding.

(d) It is the intent of the Legislature to limit supplemental mental health treatment rates for the target population of this section to rates established pursuant to paragraphs (2), (3), and (4) of subdivision (b), effective October 1, 1992, and to reduce the impact of competition for scarce treatment resources on the cost and availability of care. The State Department of Mental Health, in consultation with the State Department of Social Services and appropriate organizations, including organizations representing service providers, shall develop a plan to accomplish this intent that addresses the access to, and availability of, mental health treatment for the target population. This plan shall be submitted to the Legislature by October 1, 1992.

(e) The department shall annually report to the Legislature on the service populations provided mental health treatment services pursuant to this section, the types and costs of services provided, and the number of children identified in need of treatment services who did not receive the services.

SEC. 48. Section 4109.5 is added to the Welfare and Institutions Code, to read:

4109.5. (a) Whenever the department proposes the closure of a state hospital, it shall submit as part of the Governor's proposed budget to the Legislature a complete program, to be developed jointly by the State Department of Mental Health and the county in which the state hospital is located, for absorbing as many of the staff of the hospital into the local mental health programs as may be needed by the county. Those programs shall include a redefinition of occupational positions, if necessary, and a recognition by the counties of licensed psychiatric technicians for treatment of the mentally disordered, developmentally disabled, drug abusers, and alcoholics.

(b) The Director of Mental Health shall submit all plans for the closure of state hospitals as a report with the department's budget. This report shall include all of the following:

(1) The land and buildings affected.

(2) The number of patients affected.

(3) Alternative plans for patients presently in the facilities.

(4) Alternative plans for patients who would have been served by the facility assuming it was not closed.

(5) A joint statement of the impact of the closure by the

department and affected local treatment programs.

(c) These plans may be submitted to the Legislature until April 1 of each budget year. Any plans submitted after that date shall not be considered until the fiscal year following that in which it is being considered.

(d) The plan shall not be placed into effect unless the Legislature specifically approves the plan.

SEC. 49. Section 4200 of the Welfare and Institutions Code is amended to read:

4200. (a) Each state hospital under the jurisdiction of the State Department of Mental Health shall have a hospital advisory board of eight members appointed by the Governor from a list of nominations submitted to him or her by the boards of supervisors of counties within each hospital's designated service area. If a state hospital provides services for both the mentally disordered and the developmentally disabled, there shall be a separate advisory board for the program provided the mentally disordered and a separate board for the program provided the developmentally disabled. To the extent feasible, an advisory board serving a hospital for the mentally disordered shall consist of one member who has been a patient in a state mental hospital and two members shall be the parents, spouse, siblings, or adult children of persons who are or have been patients in a state mental hospital, three representatives of different professional disciplines selected from primary user counties for patients under Part 1 (commencing with Section 5000) of Division 5, and two representatives of the general public who have demonstrated an interest in services to the mentally disordered.

(b) Of the members first appointed after the operative date of the amendments made to this section during the 1975–76 legislative session, one shall be appointed for a term of two years, and one for three years. Thereafter, each appointment shall be for the term of three years, except that an appointment to fill a vacancy shall be for the unexpired term only. No person shall be appointed to serve more than a maximum of two terms as a member of the board.

(c) Notwithstanding any provision of this section, members serving on the hospital advisory board on the operative date of the amendments made to this section during the 1987–88 legislative session, may continue to serve on the board until the expiration of their term. The Legislature intends that changes in the composition of the board required by these amendments apply to future vacancies on the board.

SEC. 50. Chapter 4 (commencing with Section 4330) is added to Part 2 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 4. COUNTY USE OF STATE HOSPITALS

4330. The State Department of Mental Health shall be reimbursed for use of state hospital beds by counties pursuant to Part 1 (commencing with Section 5000) of Division 5 as follows:

(a) (1) For the 1991–92 fiscal year, the department shall receive reimbursement in accordance with subdivision (b) or Section 17601. This total may be adjusted to reflect any and all amounts previously unallocated or held in reserve for use by small counties and any adjustments made pursuant to Chapter 1341 of the Statutes of 1990.

(2) It is the intent of the Legislature to encourage and allow greater flexibility with respect to resources during the first transitional year, and, to this end, the Director of Mental Health may implement proposals for purchase in or purchase out of, state hospital beds which were proposed in accordance with Chapter 1341 of the Statutes of 1990.

(3) Funds and bed days historically allocated to small counties shall be allocated to counties with no allocation.

(b) Commencing with the 1992–93 fiscal year and each fiscal year thereafter, the department shall be reimbursed in accordance with the contracts entered into pursuant to Section 4331.

(c) The rate of reimbursement which shall apply each fiscal year shall be determined by the department and shall include all actual costs determined by hospital and by type of service provided. Costs shall not include costs incurred for capital outlay relating to existing facilities or capacity, which shall remain the responsibility of the state. Costs for capital outlay related to future expansions or construction of new facilities requested by any county or cost related to innovative arrangements under Section 4355 shall be a cost to the county unless the expansion, construction or innovative arrangements are determined to be of statewide benefit.

4331. (a) No later than July 1, 1992, and each year commencing July 1 thereafter, each county acting singly or in combination with other counties shall contract with the department for the number and types of state hospital beds that the department will make available to the county or counties during the fiscal year. Each county contract shall be subject to the provisions of this chapter, as well as other applicable provisions of law, but shall not be subject to the Public Contract Code and shall not be subject to review and approval by the Department of General Services.

(b) (1) No later than October 1, 1991, each county acting singly or in combination with other counties, shall notify the department in writing as to the number and type of state hospital beds the county or counties will contract for with the state in the 1992–93 fiscal year.

(2) No later than July 1, 1992, and each year commencing July 1 thereafter, each county acting singly or in combination with other counties shall give the department preliminary written notification of the number and types of state hospital beds that the county or counties will contract for with the state during the subsequent fiscal year. Counties may include in their notification a request for additional beds beyond their previous year's contract.

(3) No later than January 1, 1992, and each year commencing January 1 thereafter, each county acting singly or in combination with other counties shall give the department final written

notifications of the number and types of state hospital beds that the county or counties will contract for with the state during the subsequent fiscal year.

(c) There shall be no increase in the number of beds provided to a county or group of counties during a fiscal year unless the contract between the department and that county or group of counties is amended by mutual agreement. Any significant change in services requested by a county shall require amendment of the contract.

(d) If a county or group of counties has not contracted with the department by July 1 of any given year, the number of beds to be provided that fiscal year shall be the same as the number provided the previous fiscal year, and the rate of reimbursement that shall be paid to the department shall be at the amount set by the department for the fiscal year commencing July 1 of that year.

4332. (a) Contracts entered into pursuant to Section 4331 shall do all of the following:

(1) Specify the number of beds to be provided.

(2) Specify the rate or rates of reimbursement.

(3) Set forth the general type of services requested by the county.

(4) Specify procedures for admission and discharge.

(5) Include any other pertinent terms as agreed to by the department and the county.

(b) The department shall consult with the counties regarding any changes in state hospital facilities or operations which would significantly impact access to care or quality of care, or significantly increase costs.

(c) Beginning with the 1992–93 fiscal year and annually thereafter, the department shall make available to counties upon request the basis upon which its rates have been set, including any indirect cost allocation formulas.

4333. (a) In the event a county or counties elect to reduce their state hospital resources, beginning July 1, 1992, systemwide state hospital net bed reduction in any one year may not exceed 10 percent of the total for patients under Part 1 (commencing with Section 5000) of Division 5 in the prior year without the specific approval of the Director of Mental Health.

(b) Net bed reductions at any one hospital may not exceed 10 percent of its contracted beds without specific approval of the Director of Mental Health.

(c) If the proposed reduction in any year exceeds the maximum permitted amount, the department, with the assistance of counties, shall make every effort to contract for beds with other purchasers.

(d) If total county requests for bed reduction in any one year or at any one facility still exceed the amount of reduction allowed, each county's share of the reduction shall be determined by taking the ratio of its contracted beds to the total contracted and multiplying this by the total beds permitted to be reduced.

(e) (1) Small counties shall be exempted from the limitations of this section and shall have the amount of their reduction determined

by the Director of Mental Health.

(2) For purposes of this chapter, "small counties" means counties with a population of 125,000 or less based on the most recent available estimates of population data determined by the Population Research Unit of the Department of Finance.

(f) It is the intent of the Legislature that counties have maximum flexibility in planning the use of these resources, which includes making full use of existing facilities and that the Director of Mental Health enforce his or her exemption authority in a manner consistent with this intent. Because freed-up beds may be purchased by other counties or may be used for other purposes, it is anticipated that individual county flexibility will be substantially greater than the 10 percent figure described in Section 4353.

(g) Counties may annually contract for state hospital beds as single entities or in combination with other counties. For purposes of this section, small counties, as defined in subdivision (e):

(1) Are encouraged to establish regional authorities to pool their resources to assure their ability to provide the necessary array of services to their mentally ill populations not otherwise available to them on an individual basis.

(2) May receive loans from the General Fund when emergency state hospital beds are needed, not to exceed one year in duration, with interest payable at the same rate as that earned through the Pooled Money Investment Fund. Any interest due may be waived based upon a finding of emergency by the Secretary of Health and Welfare and the Director of Finance.

(h) The department, in consultation with the California Conference of Local Mental Health Directors, affected employee organizations, and other consumer and family organizations, shall make available to the Legislature on an annual basis, beginning May 1, 1992, information assessing the impact of limitations on bed reductions on county flexibility, and the quality of care, efficiency, and effectiveness of state hospital operations.

4334. By July 1, 1992, the State Department of Mental Health, in collaboration with counties, shall do all of the following:

(a) Prepare and publish a catalogue of available state hospital services. The catalogue shall be updated annually.

(b) Develop a process by which a county or group of counties constituting the primary user of a particular hospital may, upon their request individually, or through selected representatives, participate in long-range planning and program development to ensure the provision of appropriate services.

(c) Ensure direct county involvement in admission to, and discharge from, beds contracted for patients under Part 1 (commencing with Section 5000) of Division 5.

4335. Nothing in this chapter is intended to prevent the department from entering into innovative arrangements with counties for delivery of state hospital services. The Director of Mental Health may contract with a county, or group of counties, for

excess state hospital space for purposes of staffing and operating their own program.

SEC. 51. Part 3 (commencing with Section 4340) is added to Division 4 of the Welfare and Institutions Code, to read:

PART 3. DEPARTMENTAL PROGRAM INITIATIVES

CHAPTER 1. SELF-HELP PROGRAMS

4340. The State Department of Mental Health shall maintain a statewide mental health prevention program directed toward a reduction in the need for utilization of the treatment system and the development and strengthening of community support and self-help networks.

CHAPTER 2. HUMAN RESOURCE DEVELOPMENT

4341. (a) In order to ensure the availability of an adequate number of persons from all disciplines necessary to implement appropriate and effective services to severely mentally ill persons of all ages and ethnic groups, the department shall, to the extent resources are available, implement a Human Resources Development Program.

(b) Implementation of the program shall include negotiation with any or all of the following: the University of California, state colleges, community colleges, private universities and colleges, public and private hospitals, and public and private rehabilitation, community care, and treatment providers, to arrange affiliations and contracts for educational and training programs to ensure appropriate numbers of graduates with experience in serving severely mentally ill persons in the most cost-effective programs.

(c) The human resources development effort shall be undertaken with active participation of the California Conference of Local Mental Health Directors, client and family representatives, and professional and academic institutions.

(d) The program shall give particular attention to areas of specific expertise where local programs and state hospitals have difficulty recruiting qualified staff, including programs for forensic persistently severely mentally ill children and youth, and severely mentally ill elderly persons. Specific attention shall be given to ensuring the development of a mental health work force with the necessary bilingual and bicultural skills to deliver effective service to the diverse population of the state.

4341.5. In order to ensure an adequate number of qualified psychiatrists and psychologists with forensic skills, the State Department of Mental Health shall, to the extent resources are available, plan with the University of California, private universities, and the California Postsecondary Education Commission, for the development of programs for the training of psychiatrists and

psychologists with forensic skills, and recommend appropriate incentive measures, such as state scholarships.

CHAPTER 3. PROGRAMS TO REDUCE THE INCIDENCE OF YOUTH SUICIDE

4342. The department shall implement a five-year youth suicide prevention program to develop all of the following:

(a) Research and data collection on youth suicide.

(b) Public education material production and distribution in conjunction with other public agencies and the private sector throughout the state.

(c) Training programs involving students, parents, teachers, school administrators, mental health professionals, local social service agencies, juvenile justice representatives, and others concerned with the problem of youth suicide.

(d) A final evaluation and report to the Governor and Legislature no later than July 1, 1993. It is the intent of the Legislature to expand the youth suicide prevention program to include research and data collection, public education material production and distribution, and training programs to address the needs of California's adult population in need of suicide interventions.

(e) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

CHAPTER 4. PRIMARY PREVENTION PROJECTS

4343. The Legislature recognizes that prevention and early intervention services have long been slighted in the community mental health programs and has identified, as a goal of the Short-Doyle program, the prevention of serious mental disorders and psychological problems. It is the intent of the Legislature to establish a system of school-based primary prevention projects designed for the early detection and prevention of emotional, behavioral, and learning problems in primary grade children with services provided by child aides or unpaid volunteers under the supervision of mental health professionals. The goal of the primary prevention projects is to help young children derive maximum profit from the school experience and, in so doing, prevent later-life problems of school failure, unemployment, delinquency, criminal behavior, and substance abuse.

4344. Primary prevention projects shall be developed in accordance with the guidelines and principles set forth in this chapter. To this end, school districts, publicly funded preschool programs, and local mental health programs may implement primary prevention projects with available funds, or may jointly apply to the State Department of Mental Health to be considered for grant projects outlined in this chapter.

4345. The Director of Mental Health shall develop guidelines for primary prevention projects in accordance with the following:

(a) School-based projects shall serve children in grades kindergarten through three.

(b) The projects may serve children beyond grade three who could benefit from the program but the number of children accepted into the program from grades four and above shall not represent more than 15 percent of the total number of children served.

(c) The projects may serve children enrolled in a publicly funded preschool program.

(d) The projects shall serve children referred by either a screening process, a teacher, school-based mental health professionals, other school personnel who have had opportunities to observe children in interpersonal contacts, or parents. If a screening process is utilized, behavior rating scales shall constitute the primary instrument from which referrals to primary prevention projects are made. To a more limited extent, observations of children working on structured tasks and standardized projective tests may also be used.

(e) The projects may include a parent involvement component.

(f) Before acceptance of a child into a primary prevention project, parental consent is required.

4346. (a) Each primary prevention project shall have a core team consisting of school-based mental health professionals, including pupil personnel professionals or local mental health program professionals, or both, a senior aide, and a group of from two to five child aides.

(b) The program-based mental health professionals shall be responsible for accepting referred children into the program, program coordination and supervision of the senior and child aides, assignment of a child to an aide, evaluation of progress, and determination of termination from the program. The mental health professionals shall supervise the scoring and interpretation of screening and assessment test data, conduct conferences with parents, and evaluate the effectiveness of individual aides.

(c) The senior aide shall be responsible for communication among school personnel, the mental health professionals, including pupil personnel professionals, and the child aides and for the administrative functions of scheduling with aides and teachers, arranging case conferences, and maintaining records.

(d) Child aides, under supervision of a mental health professional, shall conduct weekly play sessions with children served in the primary prevention projects. Child aides may be salaried school aides, unpaid volunteers such as students, elderly persons or other persons with time and interest in working with young children, or may be provided stipends to meet expenses.

(e) All aides shall undergo a time-limited period of training that is focused on the main intervention strategies of the particular program and is provided prior to direct contacts with the children served in the primary prevention projects. Training shall, at a

minimum, include basic child development, crisis intervention, techniques of nondirective play, other intervention skills appropriate to identified problem areas, and instruction in utilizing supervision and consultation.

4347. School districts or preschool programs submitting joint proposals with local mental health programs for grants under this chapter shall demonstrate a capability for referral to appropriate public and private community services. The referrals shall be made through contacts with families in response to information regarding the need for referral arising from the child aide sessions.

4348. (a) The State Department of Mental Health shall award primary prevention project grants pursuant to a request for proposal consistent with the provisions of this chapter. The grant award shall be administered by the local mental health program.

(b) Prior to dissemination of a request for proposal, the department shall establish a maximum figure for the amount of project funds available per project site and for the number of sites that may be funded per school district or regional area. The department shall be guided in its decisions by the availability of uncommitted funds in the Mental Health Primary Prevention Fund.

(c) Primary prevention project grants shall be funded from funds allocated to the State Department of Mental Health for primary prevention programs in accordance with Section 11489 of the Health and Safety Code.

(d) Upon approving a primary prevention grant, the State Department of Mental Health shall contract with the grant recipient to provide a primary prevention project for a period of three years.

(e) Costs of a primary prevention project shall be financed on a basis of:

(1) Fifty percent from primary prevention project grant funds or a maximum established by the department, whichever is less.

(2) At least 50 percent from a combination of school district or preschool program and local mental health program funds.

(f) The school district or preschool program share may be in-kind contributions, including staff, space, equipment, materials, and reasonable administrative services.

(1) Contributed space to be used for child aide sessions must be comfortable, attractive, and engaging to young children. Small individual rooms are preferable.

(2) Space to be used for group meetings and consultation sessions may also be contributed.

(3) Equipment and materials may be contributed if it includes items that encourage child participation in nondirective play.

(g) The local mental health program share may include either the cost of the mental health professionals as described in subdivision (b) of Section 4346 or the contribution of professional staff to provide case consultation to the child aides and assistance in child aide training.

4349. The State Department of Mental Health shall, on the basis

of applications submitted pursuant to a request for proposal, select recipients of primary prevention project grants based on the following criteria:

(a) Availability of professional and other program staff with related experience and interest in early intervention.

(b) Reasonable evidence of future stability of the program and its personnel.

CHAPTER 5. PERSONS WITH ACQUIRED TRAUMATIC BRAIN INJURY

4353. The Legislature finds and declares all of the following:

(a) There is a large population of persons who have suffered traumatic head injuries resulting in significant functional impairment.

(b) Approximately 80 percent of these injuries have occurred as a direct result of motor vehicle accidents.

(c) There is a lack of awareness of the problems associated with head injury resulting in a significant lack of services for persons with head injuries, including, but not limited to, in-home and out-of-home services, respite care, placement programs, counseling, cognitive rehabilitation, transitional living, and vocational rehabilitation services.

(d) Although there are currently a number of different programs attempting to meet the needs of the persons with head injuries, there is no clearly defined ultimate responsibility vested in any single state

agency.

(e) There is no programmatic coordination among agencies to facilitate the provision of a continuing range of services appropriate for persons with traumatic head injuries.

(f) There is a serious gap in postacute care services resulting in incomplete recovery of functional potential.

(g) Due to the problems referred to in this section, the state is not adequately meeting the needs of persons with head injuries enabling them to return to work and to lead productive lives.

4354. For purposes of this chapter, the following definitions shall apply:

(a) "Acquired traumatic brain injury" is an injury that is sustained after birth from an external force to the brain or any of its parts, resulting in psychological, neurological, or anatomical changes in brain functions.

(b) "Department" means the State Department of Mental Health.

(c) "Director" means the Director of Mental Health.

(d) "Supported employment" means an alternative method of providing services which may include prevocational and educational services to individuals who may not qualify for vocational rehabilitation. The following four characteristics distinguish "supported employment" from both vocational rehabilitation services and traditional methods of providing day activity services:

(1) Service recipients appear to lack the potential for unassisted competitive employment.

(2) Ongoing training, supervision, and support services must be provided.

(3) The opportunity is designed to provide the same benefits that other persons receive from work, including an adequate income level, quality of working life, security, and mobility.

(4) There is flexibility in the provision of support which is necessary to enable the person to function effectively at the worksite.

(e) "Day treatment services" means a goal oriented program of developmental and therapeutic services designed to develop, maintain, increase, or maximize an individual's independent functioning in self-care, physical, cognitive, behavioral, or emotional growth, socialization, communication, education, and prevocational skills.

(f) "Fund" means the Traumatic Brain Injury Fund.

(g) "Structured living arrangement" means a residential setting where there is supervision, support, and training designed to maximize independence.

(h) "Functional assessment" means measuring the level or degree of independence, amount of assistance required, and speed and safety considerations for a variety of categories, including activities of daily living, mobility, communication skills, psychosocial adjustment, and cognitive function.

4355. The department shall establish demonstration projects for

a postacute continuum-of-care model for adults 18 years of age or older with an acquired traumatic brain injury. The projects shall coordinate supported employment services, day treatment services, and a structured living arrangement. The purpose of the projects is to demonstrate the effectiveness of a coordinated service approach which furthers the goal of assisting those persons to attain productive, independent lives which may include paid employment.

4356. (a) The department shall award and administer a maximum of four three-year demonstration projects. Priority shall be given to applicants which have proven experience in providing services to persons with an acquired traumatic brain injury or providing supported employment services to persons with special needs. There shall be at least one demonstration project located in the north half of the state and one in the south half of the state. The department shall award project grants no later than six months after funds for this purpose have been appropriated, using a competitive bidding process. No application shall be considered by the department unless the applicant sets forth in the application the means by which data will be collected for purposes of evaluation pursuant to subdivision (b). All projects shall be operational within two months following the grant award.

(b) The department shall also develop an evaluation and data collection system prior to the initial operative date of the project pursuant to subdivision (a), to assess the effectiveness of these coordinated service models. The department shall report to the Legislature on the progress of the demonstration projects by November 30 of each year in which the projects are operational.

The evaluation shall assess the effectiveness of the pilot projects by doing all of the following:

(1) Comparing the number of persons who achieved supported employment placement, as described in subdivision (d) of Section 5564.1, with the number who would have achieved placement without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(2) Comparing the number of persons who achieved employment compared with the number who would have achieved employment without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(3) Conducting any other evaluative investigation which interested parties, as described in subdivision (c), determine to be appropriate. The program shall have as a goal an increase of 30 percent in the numbers of persons with significant improvement as measured by standard and objective functional assessment independence measures.

(4) The comparisons shall be analyzed to determine if provision of services had a statistically significant impact on rates of employment or supported employment, or on any other objective

which interested parties, as described in subdivision (c), direct the department to measure.

(c) The department shall consult with interested parties to assist with the implementation of this chapter, and specifically with the development of criteria for selection of the projects and development of an evaluation and data collection system. Interested parties shall include, but not be limited to, all of the following:

(1) The California Association of Rehabilitation Facilities.

(2) The California Association for Adult Day Services.

(3) The Southern California Head Injury Foundation.

(4) The Northern California Head Injury Association.

(5) The Coalition of Independent Living Centers.

4357. (a) The projects shall be able to identify the special care needs and behavioral problems of clients and the services shall be designed to meet those needs.

(b) The projects shall match not less than 20 percent of the amount granted. The required match may be cash or in-kind contributions, or a combination of both. In-kind contributions may include, but shall not be limited to, staff and volunteer services.

(c) The projects shall provide at least 51 percent of their services under the grant to individuals who are Medi-Cal eligible or who have no other identified third-party funding source.

(d) The projects shall provide, directly, or by arrangement, a coordinated service model to include all of the following:

(1) Structured living arrangement.

(2) Day treatment services.

(3) Supported employment services.

(e) The projects shall develop and utilize a model which will allow clients to move from intensive day treatment programming or highly structured living arrangements to increased levels of independence or supported employment placement.

(f) The projects shall seek all third-party reimbursements for which clients are eligible. However, grantees may utilize grant dollars for the purchase of nonreimbursed services.

4358. There is hereby created in the State Treasury the Traumatic Brain Injury Fund, the moneys in which may, upon appropriation by the Legislature, be expended for the purposes of this chapter.

4359. This chapter shall remain in effect until January 1, 1993, and as of that date is repealed, unless a later enacted statute enacted prior to that date extends or deletes that date.

CHAPTER 6. CONDITIONAL RELEASE PROGRAM

4360. (a) The department shall provide care, treatment, and supervision in the community for judicially committed persons. The program established and administered by the department under this chapter to provide these services shall be known as the Conditional Release Program and may be used by the department in accordance

with this section to provide services in the community to other patient populations for which the department has direct responsibility.

(b) The department may provide directly, or through contract with private providers or counties, for these services, including administrative and ancillary services related to the provision of direct services. Subject to approval by the department, a county may provide these services directly, or may contract with private providers, for those services. Those services shall be exempt from the requirements contained in the Public Contract Code and the State Administrative Manual, and from approval by the Department of General Services.

SEC. 67. Section 5600.2 is added to the Welfare and Institutions Code, to read:

5600.2. To the extent resources are available, public mental health services in this state should be provided to priority target populations in systems of health care that are client-centered, culturally competent, and fully accountable, and which include the following factors:

(a) Priority Target Populations. Persons with serious mental illnesses have severe, disabling conditions that require treatment, and therefore require a high priority for receiving available services.

(b) Systems of Care. The mental health system should develop coordinated, integrated, and effective services in systems of care to meet the unique needs of mentally disabled children and youth, adults, older adults, and special populations.

(c) Client-centered Approach. All services and programs designed for persons with mental disabilities should be client-centered, in recognition of varying individual goals, diverse needs, concerns, strengths, motivations, and disabilities. Persons with mental disabilities:

(1) Retain all the rights, privileges, opportunities, and responsibilities of other citizens unless specifically limited by federal or state law or regulations.

(2) Are the central and deciding figure in all planning for treatment and rehabilitation based on their individual needs to the extent required by law. Planning should also include family members and friends as a source of information and support.

(3) Should be viewed as total persons and members of families and communities. Mental health services should assist clients in returning to constructive and satisfying lifestyles of their choice.

(4) Should receive treatment and rehabilitation in the most appropriate and least restrictive environment, preferably in their own communities.

(5) Should have an individual or team responsible for their support and treatment.

(d) Quality of Service. Qualified individuals should provide client-centered services in environments conducive to clients' well-being.

(e) Community Support. Systems of care should provide community support for individuals with mental disabilities, thereby reducing the need for more intensive treatment services.

(f) Accessibility. Mental health services should be accessible to all consumers on a 24-hour basis through the use of assertive outreach.

(g) Cultural Competence. Services for persons with mental

disabilities should be culturally and ethnically appropriate.

(j) Local Outcome Measures. Local mental health systems of care should be developed based on client-centered goals evaluated by measurable client outcomes.

(k) State Administration. The State Department of Mental Health should manage its programs in an efficient and cost-effective manner.

(*l*) Research. The mental health system should encourage basic research into the nature and causes of mental illnesses and cooperate with research centers in efforts leading to improved treatment methods, service delivery, and quality of life for mental health clients.

(m) Education on Mental Illness. Consumer and family advocates for mental health should be encouraged to inform the public about the nature of mental illness and the consequent needs of consumers and families. Mental health professional organizations should be encouraged to disseminate the most recent research findings in the treatment and prevention of mental illness.

Serious mental disorders include, but are not limited to, schizophrenia, as well as major affective disorders or other severely disabling mental disorders. CHAPTER 2.5. PROGRAM INITIATIVES

Article 1. Community Residential Treatment System

5670. (a) It is the intent of the Legislature to encourage the development of a system of residential treatment programs in every county which provides a range of alternatives to institutional care based on principles of residential, community-based treatment.

(b) It is further the intent of the Legislature that community residential mental health programs in the State of California be developed in accordance with the guidelines and principles set forth in this chapter. To this end, counties may implement the community residential treatment system described in this chapter either with available county allocations, or as new moneys become available.

5670.5. Criteria for community residential treatment system programs are as follows:

(a) Facilities:

(1) Settings, whether residential or day, should be as close to a normal home environment as possible without sacrificing client safety or care.

(2) Residential treatment centers should be relatively small, preferably 15 beds or less, but in any case with the appearance of a noninstitutional setting.

(3) The individual elements of the system should, where possible, be in separate facilities, and not part of one large facility attempting to serve an entire range of clients.

(b) Staffing patterns:

(1) Staffing patterns should reflect, to the maximum extent feasible, at all levels, the cultural, linguistic, ethnic, sexual and other social characteristics of the community the facility serves.

(2) The programs should be designed to use appropriate multidisciplinary professional consultation and staff to meet the specific diagnostic and treatment needs of the clients.

(3) The programs should use paraprofessionals and persons who have been consumers of mental health services where appropriate.

(c) Programs:

(1) The programs should, to the maximum extent feasible, be designed so as to reduce the dependence on medications as a sole treatment tool. Programs in which prescriptions for medication are a component of the program should be subject to the medications-monitoring.

(2) The programs should have a rehabilitation focus which encourages the client to develop the skills to become self-sufficient and capable of increasing levels of independent functioning. Where appropriate, they should include prevocational and vocational programs.

(3) The program should encourage the participation of the clients in the daily operation of the setting in development of treatment and rehabilitation planning and evaluation.

(4) Participation in any element of the system should not preclude the involvement of clients in individual therapy. Individual therapists of clients should, where possible, be directly involved in the development and implementation of a treatment plan, including medication and day program decisions.

(d) Coordination:

The programs should demonstrate specific linkages with one another, and with the general treatment and social service system, as a whole. These connections should not be limited to the mental health system, but should include, whenever possible, community resources utilized by the general population.

5671. The following should be the programs in the community residential treatment system. These programs should be designed to provide, at every level, alternatives to institutional settings.

(a) A program for a short-term crisis residential alternative to hospitalization for individuals experiencing an acute episode or crisis requiring temporary removal from their home environment. The program should be available for admissions 24 hours a day, seven days a week. The primary focus of this program should be on reduction of the crisis, on stabilization, and on a diagnostic assessment of the person's existing support system, including recommendations for referrals upon discharge.

The services in the program should include, but not be limited to, provision for direct family work, connections to prevocational and vocational programs, and development of a support system, including income and treatment referrals. This program should be designed for persons who would otherwise be referred to an inpatient unit, either locally or in the state hospital. This program should place an emphasis on stabilization and appropriate referral for further treatment or support services, or both.

(b) A long-term residential treatment program, with a full day treatment component as a part of the program, for persons who may require intensive support for as long as two or three years. This program should be designed to provide a rehabilitation program for the so-called "chronic" patient who needs long-term support in order to develop independent living skills. The clients in this

program should be those who would otherwise be living marginally in the community with little or no service support, and who would return many times to the hospital for treatment. It should also serve those who are referred to, and maintained in, state hospitals or nursing homes because they require long-term, intensive support. This program should go beyond maintenance to provide an active rehabilitation focus for these individuals.

The services in this program should include, but not be limited to, intensive diagnostic work, including learning disability assessment, full day treatment program with an active prevocational and vocational component, special education services, outreach to develop linkages with the general social service system, and counseling to aid clients in developing the skills to move toward a less structured setting.

(c) A transitional residential program designed for persons who are able to take part in programs in the general community, but who, without the support of counseling, as well as the therapeutic community, would be at risk of returning to the hospital. This program may employ a variety of staffing patterns and should be for persons who may be expected to move toward a more independent living setting within approximately three months to one year. The clients should be expected to play a major role in the functioning of the household, and shall be encouraged to accept increasing levels of responsibility, both in the residential community, and in the community as a whole. Residents should be required to be involved in daytime activities outside of the house which are relevant to their personal goals and conducive to their achieving more self-sufficiency.

The services in this program should include, but are not limited to, counseling and ongoing assessment, development of support systems in the community, a day program which encourages interaction between clients and the community-at-large, and an activity program that encourages socialization and utilization of general community resources.

(d) A program for semisupervised, independent, but structured living arrangement for persons who do not need the intensive support of the other system programs, but who, without some support and structure, are at risk to return to a condition requiring hospitalization. The individual apartments or houses should be shared by three to five persons. These small cooperative housing units should function as independent households with direct linkages to staff support in case of emergencies, as well as for regular assessment and evaluation meetings. Individuals may use satellite housing as a transition to independent living, or may remain in this setting indefinitely in order to avoid the need for more intensive settings.

This program should be for persons who only need minimum support in order to live in the community. These individuals may require rent subsidy, as well as the backup of another system, in

order to remain in this setting. The satellite units should be as normative as the general living arrangements in the communities in which they are developed.

(e) A program to provide emergency housing or respite care services, or both. These services should be designed for persons with a mental disability in need of temporary housing, but who do not require hospitalization or the more intensive support and treatment of the crisis residential program. Services provided should include, but not be limited to, advocacy, counseling, and linkages to community mental health and other human services, including referrals to vocational and housing opportunities.

(f) A day rehabilitation program which should be designed to provide structured education, training, and support services to promote the development of independent living skills and community support. Services provided should include, but not be limited to, peer support, education services, prevocational and employment services, recreational and social activities, service brokerage and advocacy, orientation to community resources, training in independent living skills, health education including medication education, individual and group counseling, education and counseling services for family members, and crisis intervention.

(g) The program for socialization centers should be designed to serve a broad range of clients, including those in the system programs, when appropriate, as well as persons living in the community in general. This program should be designed to provide regular daytime, evening, and weekend activities for persons who require long-term, structured support, but who do not receive such services in their living setting. Although the socialization center is meant to provide a maintenance support program for those individuals who only wish or require regular socialization opportunities, the programs should also provide the opportunity to develop the skills to move toward more independent functioning.

The services in this program should include, but not be limited to, outings, recreational activities, cultural events, linkages to community resources, as well as prevocational counseling, life skills training, and other rehabilitation efforts. This program should be for persons who would lose contact with a social or treatment system, or both, if left to their isolated living situation, or their ability to participate in activities for the "general public." With this level of support, persons would be able to lead full and active lives, with the opportunity to develop the skills to move toward independent living. Also included in the program should be adult education support programs which utilize community college and other adult education agencies. These services would provide opportunities to individuals throughout the community residential treatment system and in other living settings, including independent living, to develop skills necessary for independent living through the utilization of resources available to the general population.

(h) An in-home treatment program designed as an alternative to

out-of-home placement for individuals who are otherwise not appropriate for, or do not choose to participate in, other elements of the community residential treatment system. This program should be designed for those individuals who would benefit most from a treatment intervention in their home environment. It is a basic premise of this element that treatment should focus on the development of family and other personal and community supports, rather than exclusively on the individual. The goal of the program should be to reintegrate the individual with the family unit, when appropriate, and with the greater community without removing the person from his or her home environment.

The service may be designed as a crisis intervention for persons experiencing an acute episode or an ongoing independent living service, or both, for persons wishing to obtain or maintain housing and services in the community. Services provided should include, but not be limited to, crisis intervention, family work, when appropriate, development of a specific treatment plan, development of an ongoing rehabilitation plan utilizing available resources in the community, and coordination with such services as case management, vocational rehabilitation, schools and other education services, and various special programs which would act as a support system for the individual.

(i) A volunteer-based companion program designed to encourage the development of personal relationships with residents of community care facilities with the goal of motivating and assisting residents to make a successful transition to independent living, or to programs of the community residential treatment system.

The service should be provided primarily by volunteers, including students as a part of a college or university curriculum, who are supervised and coordinated by trained and experienced personnel. Services provided should include, but not be limited to, recreation, one-to-one companionship, advocacy, and assistance in developing the knowledge and use of community resources, including housing and vocational services, and follow up for persons who make the transition to independent living.

5671.5. It is the intent of the Legislature that programs serving children and adolescents should be established under this chapter. Such programs should follow the guidelines and principles set forth in this chapter and in addition should meet the following criteria unique to the population to be served:

(a) The programs should, to the maximum extent feasible, be designed so as to reduce the disruption and promote the reintegration of the family unit of which the child is a part.

(b) The programs should have an education focus and should demonstrate specific linkage with community education resources.

(c) The programs should contain a specific followup component.

5672. The types of programs serving children and adolescents referred to in Section 5671.5 are those described in this section. The programs should meet the criteria set forth in this section and in

Sections 5671 and 5671.5. Nothing in this section should be construed to waive any licensure requirement pursuant to the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code) for any community care facility.

(a) A program for a short-term crisis residential alternative to hospitalization. The services in this program should include, but not be limited to, provision of direct services to the family, specific linkages with the child's educational system and community educational resources, and development of a support system, including school and treatment referrals. The program should be designed for children and adolescents who would otherwise be referred to a psychiatric inpatient unit. It should be a 24-hour program, with an emphasis on stabilization and appropriate referral for further treatment or support services.

(b) A long-term residential treatment program. This program should have an educational orientation and should reflect the principle that education be available in the least restrictive environment. The program should serve children and adolescents requiring an intensive support system for a period of six to 18 months, who would otherwise be at risk of periodic hospitalization. The program should provide coordinated intervention with the child, family unit, and community education resources, and should include aftercare services to the child and family unit to solidify gains and develop skills in linking with community services.

(c) A transitional residential program. This program may include group homes, foster homes, or homes adapted for preparing adolescents approaching majority to adjust to emancipation.

The services in this program should include, but not be limited to, coordination with community education resources to meet the child's individual need, family services designed to strengthen the family unity of which the child is a part, and aftercare services to reinforce the gains brought about by the program and assist in community adjustment.

(d) A program for a semisupervised, independent but structured living arrangement. This program should apply to older adolescents, who are either emancipated or who would not be returning home from out-of-home placement. The semisupervised living arrangement should require structured living designed to impart those skills necessary for successful independent living as described in subdivision (d) of Section 5458. Adult supervision should be available 24 hours per day.

The services should include, but not be limited to, prevocational and vocational linkages in the community, financial planning which may include rent subsidy assistance, and development of a social support system.

(e) (1) A day treatment program. This program should provide services to children and adolescents who are residing in their own homes or in out-of-home placements. Schoolsites or other

noninstitutional settings are preferred for this program. A day treatment program for children should offer a multidisciplinary approach and should incorporate education, recreation, and rehabilitation activities. Services provided should be age appropriate and age specific intensive remedial programs, including education, counselling, socialization, and recreational services. To the extent feasible, the client's family should be included in these activities.

(2) Day treatment services should be designed to provide an alternative to residential placement, to provide preventive services in the early stages of family breakdown, and to reduce the need for more costly and lengthy treatment services. Aftercare services should be available to maintain gains and prevent family regression.

(f) A socialization center program. This program should provide a multidisciplinary approach and seek funding from a variety of agencies responsible for providing services, including, but not limited to, school districts and recreation departments. The services should promote community acceptance of clients and the integration of their family units. Family involvement in planning activities and developing support system linkages should be encouraged.

(g) An in-home treatment program. This program should be designed to strengthen the child's ties with the family unit and with the greater community without removing the child from his or her home environment and community educational system.

Services provided should include, but not be limited to, crisis intervention, direct family services, development of specific treatment plans, development of ongoing plans utilizing available resources in the community educational system, and special programs which act as a support system for the child and family unit.

(h) Augmentation of crisis intervention program. This program should provide specifically for evaluation, diagnosis, and disposition planning for children and adolescents in psychiatric crisis.

(i) Case management services program. This program should emphasize prevention services and should be designed to divert to noninstitutional programs children and adolescents at risk of involvement with traditional mental health institutions.

Prevocational programs may use individual and group counseling, educational groups, volunteer service programs, and other modalities to emphasize to individuals the value of work and their right to employment.

(b) Vocational programs providing linkage and coordination for the system and which provide the following:

(1) Information, outreach, and referral services which provide ongoing liaison with assessment prevocational programs.

(2) Intake and evaluation services which may use vocational testing and analysis of work history to identify vocational strengths, weaknesses, and needs. The assessment findings should be used by the client and the program to negotiate the goals and objectives of an individual vocational plan.

(3) Work experience programs which consist of time-limited work opportunities that enable participants to develop work skills and establish a work history. These programs may include, but not be limited to, agency-operated businesses, work placements in the community, or other activities that provide a realistic work environment.

(4) Individual and group counseling services which are separated from the work experience component; individual counseling to assist clients in resolving problems related to the work situation, to update and renegotiate the individual vocational plan, and to assist clients with nonwork-related problems that affect their participation in the program; group counseling to address Social Security Administration rules and regulations: the effects of medication on work performance, the relationship between work and mental health, attributes and attitudes necessary for successful employment, job-seeking skills, and other related topics.

(5) Job development, placement, and referral services which assist clients in the following areas: obtaining competitive

employment; admission to job training or education programs; referral to the Department of Rehabilitation; agency operated competitive employment programs; governmental and private sector affirmative action hiring programs for the disabled; or other specialized employment programs. (2) For individuals participating in vocational programs every effort should be made to pay them the minimum wage. However, in all cases, wages paid shall be in compliance with all relevant state and federal labor laws.

(3) That work will result in the development of attributes that will enhance further employability.

(b) Staff:

(1) Staffing patterns at all levels should reflect the cultural, linguistic, ethnic, racial, disability, sexual, and other social characteristics of the community the program serves.

(2) All participating programs should take affirmative action to encourage the application and employment of consumers and former consumers of the mental health system at all program levels.

(3) Programs should be designed to use multidisciplinary professional consultation and staff to meet the specific needs of clients.

(4) When operating a business enterprise, programs should employ individuals with the business, management, supervisorial, trade, and occupational skills necessary for successful operation.

(5) Programs should, where appropriate, employ paraprofessionals.

(6) Programs should develop and implement staff training and development plans for personnel at all levels.

(c) Facilities:

(1) The individual elements of the system should, where possible, be in separate facilities.

(2) Facilities housing vocational and employment programs

should be modeled on competitive businesses operating in the community.

(3) Facilities shall be in compliance with all relevant state and federal safety, health, and accessibility regulations.

(d) System:

(1) Counties developing a community vocational rehabilitation system should utilize existing program resources to develop prevocational programs and a referral base for vocational programs.

(2) Individual programs operate most effectively within the context of a complete system. Counties undertaking development of a community vocational rehabilitation system should commit themselves to the implementation of regionally integrated prevocational and vocational programs.

(3) Rural counties, where appropriate, should be encouraged to develop intercounty systems, or to integrate their programs with programs serving other target populations.

(4) The system should have the capacity to deliver services tailored to individual needs. If a program is found to be unsuitable for a client at a specific time, an explanation will be provided to the client and he or she shall be referred to a more suitable program and encouraged to reapply. The system should have policies designed to meet changing client needs and to work with individuals over time to develop their vocational potential.

SEC. 163. Section 5696 of the Welfare and Institutions Code is amended and renumbered to read:

5693.5. The director shall provide technical assistance to those counties developing a community vocational rehabilitation system. In the event that the department lacks sufficient resources to provide technical assistance, it may be provided by contract.

5694. Each community support program for the homeless mentally disabled should also assist its clients to establish self-help groups and peer counseling. Each agency should offer each client a written individualized service plan that will specify the services to be provided as a result of discussions with the client and the rights of the client, as well as the expected results or outcomes of the services. Each program should encourage each client to include family members, friends, his or her primary therapist, and his or her physician in the development of his or her individualized service plan.

5694.5. The counties may utilize designated mental health funding pursuant to this part for establishing and maintaining any client self-help mental health projects.

5694.7. When the director of mental health in a county is notified pursuant to Section 319.1 or 635.1, or Section 7572.5 of the Government Code about a specific case, the county mental health director shall assign the responsibility either directly or through contract with a private provider, to review the information and assess whether or not the child is seriously emotionally disturbed as well as to determine the level of involvement in the case needed to assure access to appropriate mental health treatment services and whether appropriate treatment is available through the minor's own resources, those of the family or another private party, including a third-party payor, or through another agency, and to ensure access to services available within the county's program. This determination shall be submitted in writing to the notifying agency within 30 days. If appropriate treatment is not available within the county's Bronzan-McCorquodale program, nothing in this section shall prevent the court from ordering treatment directly or through a family's private resources.

SEC. 169. Article 2 (commencing with Section 5698) of Chapter 2.8 of Part 2 of Division 5 of the Welfare and Institutions Code is repealed.

SEC. 170. Article 6 (commencing with Section 5695) is added to Chapter 2.5 of Part 2 of Division 5 of the Welfare and Institutions Code, to read:

Article 6. Regional Facilities for Seriously Emotionally Disturbed Wards

5695. The Legislature finds and declares the following:

(a) The Legislature has declared its intent to provide, at the local level, a range of appropriate mental health services for seriously emotionally disturbed minors. These programs include both outpatient and nonsecure residential care and treatment.

(b) The Legislature recognizes that, while some minors will benefit from this care and treatment, there exists a population within that group who have been adjudged wards of the juvenile court pursuant to Section 602 who are seriously emotionally disturbed, and

by lack of behavior control and offense history, are not benefiting from existing programs, including the 24-hour facilities currently being operated under juvenile court law (Chapter 2 (commencing with Section 200) of Part 1 of Division 2).

(c) The Legislature finds that there are no treatment facilities specifically designed and operated to provide both intensive mental health treatment and behavior control to this population of wards in a secure setting. These wards are frequent failures in open residential care and when confined to traditional juvenile justice system facilities, disrupt programming, endanger themselves and others, and require intensive supervision including occasional isolation and provision of a one-to-one supervision ratio. The behavior and needs of this population affect the ability of the existing facilities to meet the program needs of the remainder of the population which is more appropriately detained or committed there.

(d) Psychiatric hospitals frequently refuse to accept these wards because of their offense history or their extremely disruptive behavior, because they do not always meet medical necessity for acute admission, or because the lengths of stay in inpatient programs are too limited in duration. Because of these problems, seriously emotionally disturbed minors adjudged to be wards pursuant to Section 602 do not receive the level of mental health care necessary to interrupt the cycle of emotional disturbance leading to assaultive or self-destructive behavior.

(e) The Legislature therefore declares its intent to establish regional facilities which will provide an additional dispositional resource to the juvenile justice system, and which will demonstrate the feasibility and effectiveness of providing the services described in this chapter to seriously emotionally disturbed minors who have been adjudged wards of the juvenile court pursuant to Section 602 and whose physical and mental treatment needs require a secure facility and program. It is also the intent of the Legislature to secure for the minors committed to such a facility, the protection, custody, care, treatment, and guidance that is consistent with the purpose of the juvenile court law (Chapter 2 (commencing with Section 200) of Part 1 of Division 2).

5695.2. There may be established, on a regional basis, secure facilities which are physically and programmatically designed for the commitment and ongoing treatment of seriously emotionally disturbed minors who have been adjudged wards of the juvenile court pursuant to Section 602. No minor shall be committed to the facility for more than 18 months from the date of admission.

5695.5. A board of directors for a facility shall be established to provide oversight and direction to the design, implementation, and operation of the facility in order to ensure adherence to the statement of legislative intent in Section 5590 and to the overall goals and objectives of the facility.

5695.7. (a) The board of directors shall be composed of the chief

probation officer and the local mental health directors of each of the participating counties.

(b) The regional facilities shall operate under the administration of the onsite director who shall be directly responsible to the board of directors for adherence to all policies and procedures established by the board and to the intent of the Legislature stated in Section 5590.

5696. Prior to the opening of any regional facility, the board of directors shall develop written admission criteria, approved by the Department of the Youth Authority, for those minors who are most at risk of entering the adult criminal justice system as emotionally disordered offenders at high risk of committing predatory and violent crimes, including, but not limited to, the following requirements:

(a) The minor is at the time of commitment between the ages of 12 and 18 years, he or she has been adjudged to be a ward of the juvenile court pursuant to Section 602, and his or her custody has been placed under the supervision of a probation officer pursuant to Section 727.

(b) The ward is seriously emotionally disturbed as is evidenced by a diagnosis from the current edition of the Diagnostic and Statistical Manual of Mental Disorders and evidences behavior inappropriate to the ward's age according to expected developmental norms. Additionally, all of the following must be present:

(1) The behavior presents a danger to the community or self and requires intensive supervision and treatment, but the ward is not amenable to other private or public residential treatment programs because his or her behavior requires a secure setting.

(2) The symptomology is both severe and frequent.

(3) The inappropriate behavior is persistent.

5696.2. No ward shall be admitted to any regional facility described in this chapter who meets any of the following criteria:

(a) The ward has a primary substance abuse problem.

(b) The ward has a primary developmental disability.

(c) The ward requires an acute psychiatric hospital setting.

(d) The ward can benefit from or requires a level of treatment or confinement not provided at the facility.

(e) The ward suffers from a medical condition which requires ongoing nursing and medical care, beyond the level that the program can provide.

(f) The ward is under conservatorship established pursuant to Chapter 3 (commencing with Section 5350) of this part.

5696.5. Prior to the opening of a facility, the board of directors shall establish written program standards and policies and procedures, approved by the Department of the Youth Authority that address and include, but are not limited to, the following:

(a) A staffing number and pattern that meets the special behavior, supervision, treatment, health, and educational needs of the population described in this chapter. Staff shall be qualified to

provide intensive treatment and services and shall include, at a minimum:

(1) A project or clinical director, psychiatrist or psychologist, social worker, registered nurse, and recreation or occupational therapist.

(2) A pediatrician and dentist on an as-needed basis.

(3) Educational staff in sufficient number and with the qualifications needed to meet the population served.

(4) Child care staff in sufficient numbers and with the qualifications to meet the special needs of the population.

(b) Programming to meet the needs of all wards admitted, including, but not limited to, all of the following:

(1) Physical examinations on admission and ongoing health care.

(2) Appropriate and closely monitored use of all behavioral management techniques.

(3) The establishment of written, individual treatment and educational plans and goals for each ward within 10 days of admission and which are updated at least quarterly.

(4) Written discharge planning which addresses each ward's continued treatment, educational, and supervision needs.

(5) Regular, written progress records regarding the care and treatment of each ward.

(6) Regular and structured treatment of all wards, including, but not limited to, individual, group and family therapy, psychological testing, medication, and occupational, or recreational therapy.

(7) Access to neurological testing and laboratory work as needed.

(8) The opportunity for regular family contact and involvement.

(9) A periodic review of the continued need for treatment within the facility.

(10) Educational programming, including special education as needed.

5696.7. Wards shall be referred for admission to the director of a regional facility following screening and approval through a joint mental health and probation screening committee in the county which refers the minor. This screening process shall be defined in the standards, policies, and procedures governing the operation of the facility. The probation officer shall, in consultation and cooperation with the county mental health staff, process the ward's admission to the facility and implement the discharge plan.

5697. The regional board of directors shall contract with the county in which the regional facility is located for the provision of a public education program which will meet the educational requirements and needs of the wards admitted to the facility.

5697.2. The board of directors of a regional facility shall submit to the Director of the Youth Authority, a report which includes, at a minimum, a description of the regional facility, the population to be served, criteria for admission and release, program goals and services, staffing, a postrelease component, appropriate educational programming, an annual evaluation component, and a proposed

budget.

5697.5. The Director of the Youth Authority, in conjunction with the Director of Mental Health, shall adopt rules and regulations to establish, monitor, and enforce minimum standards for regional facilities.

SEC. 171. Article 7 (commencing with Section 5698) is added to Chapter 2.5 of Part 2 of Division 5 of the Welfare and Institutions Code, to read:

Article 7. System of Care for Seriously Emotionally Disturbed Children and Youth

5698. It is the intent of the Legislature to encourage in each county a system of care for seriously emotionally disturbed children and youth. This system of care should be based upon the following principles:

(a) A defined range of interagency services, blended programs and program standards that facilitate appropriate service delivery in the least restrictive environment as close to home as possible. The system should use available and accessible intensive home and school-based alternatives.

(b) A defined mechanism to ensure that services are child centered and family focused with parental participation in all aspects of the planning and delivery of service.

(c) A formalized multiagency policy making council and an interagency case management services council. The roles and responsibilities of these councils should be specified in existing interagency agreements or memoranda of understanding, or both.

(d) A defined interagency case management system designed to facilitate services to the defined target population.

(e) A defined mechanism to ensure that services are culturally competent.

SEC. 172. Chapter 2.9 (commencing with Section 5699.10) of Part 2 of Division 5 of the Welfare and Institutions Code is repealed.

SEC. 173. Chapter 3 (commencing with Section 5700) of Part 2 of Division 5 of the Welfare and Institutions Code is repealed.

SEC. 174. Chapter 3 (commencing with Section 5700) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 3. FINANCIAL PROVISIONS

5700. (a) The Legislature recognizes that mental health services provided by county mental health programs are funded from the following general categories or sources of public funding:

(1) Funds received by counties from the Local Revenue Fund and county funds necessary to meet the federal maintenance of effort requirements.

(2) Funds from appropriations made to the department or for which the department is responsible for administering, which are

designated for local mental health services.

(3) Reimbursements through the Medi-Cal program for mental health services to Medi-Cal eligible individuals receiving mental health services from county mental health programs.

(4) Funds from county or local appropriations which are designated for local mental health services.

(b) The Legislature further recognizes that there are procedures and requirements which are unique to each category set forth in subdivision (a), as well as procedures and requirements which apply to all four categories.

5701. (a) Available funding for local programs, beyond the current base plus any cost-of-living adjustment granted by the Legislature, shall be allocated to counties based upon relative need, defined and appropriately revised by the department on an annual basis as the percentage of total state population and total state poverty population residing in the county. However, until equity of funding between counties is achieved, the allocation of funds shall also take into account the difference between relative needs, as defined in paragraph (2) of subdivision (d), and current funding currently allocated thereto, in such a manner that progress toward equity is reasonably assured. However, no county allocation may be decreased for this purpose.

(b) If state financing problems require a decrease in the department's total allocation and the amount available for local programs, the director shall distribute funds to each county based upon a method which takes into primary account the issue of equity of funding among the counties.

(c) To achieve equity of funding, available funding for local mental health programs, beyond the realignment base, shall be distributed to counties by application of the following formula:

(1) The department shall calculate the relative need of each county by determining each county's percentage share of the state's total population and each county's percentage share of the state's total cash grant certified eligible population residing in the county and adding and averaging these two percentages.

(2) The department shall calculate the current relative resources of each county by determining the county's percentage share of all mental health realignment funds distributed by the Controller and all funds allocated by the department, except funds allocated for pilot programs. For the 1991–92 fiscal year, funds for institutions for mental disease are not to be included as current relative resources.

(3) The department shall calculate the percentage difference between the county's current relative resources and current relative need.

(4) The department shall adjust the calculation by multiplying a constant factor by each county's current relative resources percentage and adding this calculation to each county's absolute difference figure. The adjustment shall be the computed amount of adjustment needed to bring all absolute differences to a positive

value, while retaining each county's relative position to all other counties.

(5) A positive percentage shall thus be obtained for each county and converted and adjusted to a percentage figure so that the total percentages for all counties equal 100 percent. This percentage equals the percentage of the funds to be distributed.

(d) For the purposes of this section, the following definitions shall apply:

(1) A county's "poverty population" means county residents who are cash-grant certified eligible under the Medi-Cal program as determined by the State Department of Health Services.

(2) "Relative need" means the average of both a county's percentage share of the state's total population and the county's percentage share of the state poverty population.

(3) "Total resources" means mental health realignment funds advanced by the Controller and funds allocated to counties by the State Department of Mental Health.

(4) "Equity" means a county's percentage share of current relative resources is equal to its percentage share of current relative need.

5701.2. (a) The department shall maintain records of any transfer of funds or state hospital beds made pursuant to Chapter 1341 of the Statutes of 1990, and shall provide a written summary of any of these transfers to the Legislature and the California Conference of Local Mental Health Directors on a quarterly basis.

(b) Commencing with the 1991–92 fiscal year, the department shall maintain records that set forth that portion of each county's allocation of state mental health moneys which represents the dollar equivalent attributed to each county's state hospital beds or bed days, or both, which were allocated as of May 1, 1991. A written summary of these records shall be provided to the Legislature and the California Conference of Local Mental Health Directors within 30 days after the enactment of the annual Budget Act.

5701.3. It is the intent of the Legislature that this chapter not affect the responsibilities to fund psychotherapy and other mental health services required by Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Counties shall continue to receive allocations from specifically appropriated funds for psychotherapy and other mental health services provided by the counties in accordance with that chapter.

5701.4. Costs that were reimbursed, prior to July 1, 1991, from the local assistance appropriation contained in Item 4440-101-001 of the annual Budget Act, shall be reimbursed from funds received by counties pursuant to this chapter.

5701.5. City-operated Bronzan-McCorquodale programs paid by the state under Section 5615 shall be directly funded in accordance with this chapter.

5702. For the purposes of this part, the definition of maintenance of effort contained in Section 17608.05 shall apply.

5703. Nothing in this chapter shall prevent a county, or counties acting jointly, from appropriating additional funds for mental health services. In no event shall counties be required to appropriate more than the amount required under the provisions of this chapter.

5704. Funds described in paragraphs (1) and (2) of subdivision (a) of Section 5700 shall be deposited in the mental health account of the local health and welfare trust fund and shall only be used to fund expenditures for the costs of mental health and related services, and shall not be used to fund expenditures for costs excluded by Section 5710 or for costs specifically excluded from funding from this source by any other provision of law.

5704.5. (a) It is the intent of the Legislature that special consideration be given to children's services in funding county services to expand existing programs or to establish new programs.

(b) A county may not decrease the proportion of its funding expended for children's services below the proportion expended in the 1983–84 fiscal year unless a determination has been made by the governing body in a noticed public hearing that the need for new or expanded services to persons under age 18 has significantly decreased.

5704.6. (a) Except as provided in subdivision (c), each county shall allocate for services to persons under age 18, 50 percent of the amount of any funding augmentation received for new or expanded mental health programs until the amount expended for mental health services to persons under age 18 equals not less than 25 percent of the county's gross budget for mental health or not less than the percentage of persons under age 18 in the total population of the county, whichever percentage is less. Once achieved, this minimum ratio shall be maintained continuously thereafter.

(b) As used in this section, the term "new or expanded mental health programs" does not include any programs which are required by statute, or programs which provide alternatives to hospitalization for patients of state hospitals.

(c) From each funding augmentation for new or expanded mental health programs, a county may allocate to persons under age 18 an amount less than the percentage required in subdivision (a) when a determination has been made by the governing body in a noticed public hearing that the need for new or expanded services to persons under age 18 does not exist or is less than the need for services to one or more specified groups of adults.

5705. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in this section, be given preference in contracts for services under this division.

(b) Negotiated net amount or rates may be used as the cost of services in contracts between the state and the county or contracts between the county and a subprovider of services, or both, in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a

program, less the amount of projected revenue. All participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county performance contract for each fiscal year, to the extent that the governmental funding source participates in funding the county mental health programs. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and local mental health programs any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. All participating governmental funding sources shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county and mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the local mental health program and the local mental health program shall report to the State Department of Mental Health any information required by the department in accordance with procedures established by the Director of Mental Health.

(c) Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this section.

5706. Notwithstanding any other provision of law, the portions of the county mental health services performance contract which become a contractual arrangement between the county and the department shall be exempt from the requirements contained in the Public Contract Code and the State Administrative Manual, and shall be exempt from approval by the Department of General Services.

5707. Funds appropriated to the department which are designated for local mental health services and funds which the department is responsible for allocating or administering, including,

but not limited to, federal block grants funds, shall be expended in accordance with this section and Sections 5708 to 5717, inclusive, except when there are conflicting federal requirements, in which case the federal requirements shall be controlling.

5708. To maintain stability during the transition, counties which contracted with the department during the 1990–91 fiscal year on a negotiated net amount basis are hereby authorized to continue to use the same funding mechanism. The Medi-Cal rates for the 1990–91 fiscal year shall be used as an interim reimbursement mechanism until the contracts for the 1991–92 fiscal year are fully approved.

5709. Regardless of the funding source involved, fees shall be charged in accordance with the ability to pay for mental health services rendered but not in excess of actual costs in accordance with Section 5720.

5710. (a) Charges for the care and treatment of each patient receiving service from a county mental health program shall not exceed the actual or negotiated cost thereof as determined or approved by the Director of Mental Health in accordance with standard accounting practices. The director may include the amount of expenditures for capital outlay or the interest thereon, or both, in his or her determination of actual cost. The responsibility of a patient, his or her estate, or his or her responsible relatives to pay the charges and the powers of the director with respect thereto shall be determined in accordance with Article 4 (commencing with Section 7275) of Chapter 3 of Division 7.

(b) The director may delegate to each county all or part of the responsibility for determining the liability of patients rendered services under a county mental health program other than in a state hospital, and the liability of their estates or responsible relatives to pay the charges, and all or part of the responsibility for collecting the charges. If this responsibility is delegated by the director, the director shall establish and maintain the policies and procedures for making the determinations and collections, and each county to which the responsibility is developed shall comply with the policy and procedures.

(c) The director shall prepare and adopt a uniform sliding scale patient fee schedule to be used in all mental health agencies for services rendered to each patient. In preparing the uniform patient fee schedule, the director shall take into account the existing charges for state hospital services and those for community mental health program services. If the director determines that it is not practicable to devise a single uniform patient fee schedule applicable to both state hospital services and services of other mental health agencies, the director may adopt a separate fee schedule for the state hospital services which differs from the uniform patient fee schedule applicable to other mental health agencies.

5711. Whenever there is a final federal audit exception against the state resulting from expenditure of federal funds by individual counties, the State Department of Mental Health or the State

Department of Health Services may request the Controller's office to offset the county's allocation from the Mental Health Subaccount of the Sales Tax Account of the Local Revenue Fund by the amount of the exception. The Controller shall be provided evidence that the county has been notified of the amount of the audit exception no less than 30 days before the offset is to occur. The State Department of Mental Health and the State Department of Health Services shall involve the appropriate counties in developing responses to any draft federal audit reports which may directly impact the counties.

5712. The department shall contract with counties for the funds appropriated to, and allocated by, the department pursuant to paragraph (2) of subdivision (a) of Section 5700 in accordance with the following:

(a) The net cost of all services specified in the contract between the counties and the department shall be financed on a basis of 90 percent state funds and 10 percent county funds except for services to be financed from other public or private sources as indicated in the contracts.

(b) The cost requirement for local financial participation pursuant to this section shall be waived for all counties with a population of 125,000 or less based on the most recent available estimates of population data as determined by the Population Branch Unit of the Department of Finance.

5713. Advances for funding mental health services may be made by the Director of Mental Health from funds appropriated to the department for local mental programs and services specified in the annual Budget Act. Any advances made pursuant to this section shall be made in the form and manner the Director of Mental Health shall determine. When certified by the Director of Mental Health, advances shall be presented to the Controller for payment. Each advance shall be payable from the appropriation made for the fiscal year in which the expenses upon which the advance is based are incurred. The advance may be paid monthly in 12 equal increments but the total amount advanced in one fiscal year shall not exceed 95 percent of the county's total allocation for that year.

5714. To continue county expenditures for legal proceedings involving mentally disordered persons, the following costs incurred in carrying out Part 1 (commencing with Section 5000) of this division shall be paid for the county from funds not designated for mental health services.

(a) The costs involved in bringing a person in for 72-hour treatment and evaluation.

(b) The costs of court proceedings for court-ordered evaluation, including the service of the court order and the apprehension of the person ordered to evaluation when necessary.

(c) The costs of court proceedings in cases of appeal from 14-day intensive treatment.

(d) The cost of legal proceedings in conservatorship other than the costs of conservatorship investigation as defined by regulations

of the State Department of Mental Health.

(e) The court costs in postcertification proceedings.

(f) The cost of providing a public defender or other court-appointed attorneys in proceedings for those unable to pay.

5715. Subject to the approval of the department, at the end of the fiscal year, a county may retain unexpended funds allocated to it by the department from funds appropriated to the department, with the exception of block grant funds, exclusive of the amount required to pay for the care of patients in state hospitals, for 12 months for expenditure for mental health services in accordance with this part.

5716. Counties may contract with providers on a negotiated rate or negotiated net amount basis for services funded from amounts allocated to the county by the department in the same manner as set forth in Section 5705, except that the negotiated rate or net amount for Short-Doyle Medi-Cal contracts shall be approved by the department. If the negotiated rate or amount for Short-Doyle Medi-Cal contracts is not approved by the department, reimbursement to the county shall be in accordance with applicable provisions of this chapter and department regulation.

5717. (a) Expenditures which may be funded from amounts allocated to the county by the department from funds appropriated to the department shall include negotiated rates and net amounts approved by the department; salaries of personnel; approved facilities and services provided through contract; operation, maintenance and service costs including insurance costs or departmental charges for participation in a county self-insurance program if the charges are not in excess of comparable available commercial insurance premiums and on the condition that any surplus reserves be used to reduce future year contributions; depreciation of county facilities as established in the state's uniform accounting manual, disregarding depreciation on the facility to the extent it was financed by state funds under this part; lease of facilities where there is no intention to, nor option to, purchase; expenses incurred under this act by members of the California Conference of Local Mental Health Directors for attendance at regular meetings of these conferences; expenses incurred by either the chairperson or elected representative of the local mental health advisory boards for attendance at regular meetings of the Organization of Mental Health Advisory Boards; expenditures included in approved countywide cost allocation plans submitted in accordance with the Controller's guidelines, including, but not limited to, adjustments of prior year estimated general county overhead to actual costs, but excluding allowable costs otherwise compensated by state funding; net costs of conservatorship investigation, approved by the Director of Mental Health. Except for expenditures made pursuant to Article 6 (commencing with Section 436.30) of Chapter 4 of Part 1 of Division 1 of the Health and Safety Code, it shall not include expenditures for initial capital improvements; the purchaser or construction of buildings except for equipment items and remodeling expense as

may be provided for in regulations of the State Department of Mental Health; compensation to members of a local mental health advisory board, except actual and necessary expenses incurred in the performance of official duties which may include travel, lodging, and meals while on official business; or expenditures for a purpose for which state reimbursement is claimed under any other provision of law.

(b) The director may make investigations and audits of expenditures the director may deem necessary.

(c) With respect to funds allocated to a county by the department from funds appropriated to the department, the county shall repay to the state amounts found not to have been expended in accordance with the requirements set forth in this part. Repayment shall be within 30 days after it is determined that an expenditure has been made that is not in accordance with the requirements. In the event that repayment is not made in a timely manner, the department shall offset any amount improperly expended against the amount of any current or future advance payment or cost report settlement from the state for mental health services. Repayment provisions shall not apply to Short-Doyle funds allocated by the department for fiscal years up to and including the 1990–91 fiscal year.

5718. (a) (1) This section and Sections 5719 to 5724, inclusive, shall apply to mental health services provided by counties to Medi-Cal eligible individuals. Counties shall provide services to Medi-Cal beneficiaries and seek the maximum federal reimbursement possible for services rendered to the mentally ill.

(2) To the extent permitted under federal law, funds deposited into the local health and welfare trust fund from the Sales Tax Account of the Local Revenue Fund may be used to match federal medicaid funds in order to achieve the maximum federal reimbursement possible for services pursuant to this chapter. If a county applies to use local funds, the department may enforce any additional federal requirements that use may involve, based on standards and guidelines designed to enhance, protect, and maximize the claiming of those resources.

(3) The standards and guidelines for the administration of mental health services to Medi-Cal eligible persons shall be based on federal medicaid requirements.

(b) With regard to each person receiving mental health services from a county mental health program, the county shall determine whether the person is Medi-Cal eligible and if determined to be Medi-Cal eligible, the person shall be referred when appropriate to a facility, clinic, or program which is certified for Medi-Cal reimbursement.

(c) With regard to county operated facilities, clinics, or programs for which claims are submitted to the department for Medi-Cal reimbursement for mental health services to Medi-Cal eligible individuals, the county shall ensure that all requirements necessary for Medi-Cal reimbursement for these services are complied with,

including, but not limited to, utilization review and the submission of year-end cost reports.

(d) Counties shall certify to the state that required matching funds are available prior to the reimbursement of federal funds.

5719. Each public or private facility or agency providing local mental health services pursuant to a county performance contract plan shall make a written certification within 30 days after a patient is admitted to the facility as a patient or first given services by such a facility or agency, to the local mental health director of the county, stating whether or not each of these patients is presumed to be eligible for mental health services under the California Medical Assistance Program.

5720. (a) The director, subject to the approval of the Director of Health Services, shall establish the amount of reimbursement for services provided by county mental health programs to Medi-Cal eligible individuals.

(b) In establishing the amount of reimbursement for local mental health services, no amount shall exceed the lower of each individual provider's actual cost, charges, or 125 percent of the statewide weighted average of the cost of services as reflected in the most recently completed cost reports. This subdivision shall not apply to prepaid health plans.

(c) The director, subject to the availability of funds, and with the concurrence of the Director of Health Services, may approve a waiver of the 125 percent limitation set forth in subdivision (b) requested by the board of supervisors of a county, if the county demonstrates that the imposition of the 125 percent limitations will result in a substantial inability to provide mental health services.

(d) Notwithstanding the provisions of this section, in the event that a health facility has entered into a negotiated rate agreement pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 4 of Division 9, the facility's rates shall be governed by that agreement.

5721. Except as otherwise provided in this section, in determining the amounts which may be paid, fees paid by persons receiving services or fees paid on behalf of persons receiving services by the federal government, by the California Medical Assistance Program set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9, and by other public or private sources, shall be deducted from the costs of providing services. However, a county may negotiate a contract which permits a mental health care provider to retain unanticipated funds above the budgeted contract amount specified in the county mental health plan, provided that the unanticipated revenues are utilized for the mental health services specified in the contract. If a provider is permitted by contract to retain unanticipated revenues above the budgeted amount, the mental health provider shall specify the services funded by those revenues in the year end cost report submitted to the county. A county shall not permit the retention of any fees paid by private

resources on behalf of Medi-Cal beneficiaries without having those fees deducted from the costs of providing services. Whenever feasible, mentally disordered persons who are eligible for mental health services under the California Medical Assistance Program shall be treated in a facility approved for reimbursement in that program. General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be considered as "fees paid by persons" or "fees paid on behalf of persons receiving services" under this section and the contributions shall not be applied in determining the amounts to be paid. These unrestricted contributions shall not be used in part or in whole to defray the costs or the allocated costs of the California Medical Assistance Program.

5722. (a) The department shall have responsibility, as delegated by the State Department of Health Services, for conducting investigations and audits of claims and reimbursements for expenditures for mental health services provided by county mental health programs to Medi-Cal eligible individuals.

(b) The amount of the payment or repayment of federal funds in accordance with audit findings pertaining to Short-Doyle mental health services shall be determined by the State Director of Health Services pursuant to the existing administrative appeals process of the State Department of Health Services.

5723. The provisions of subdivision (a) of Section 14000 shall not be construed to prevent providers of mental health services pursuant to this part from also being providers of medical assistance mental health services for the purposes of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9. Clinics providing mental health services pursuant to this part shall not be required to be licensed as a condition to reimbursement for providing such medical assistance mental health services.

5723.5. Nothwithstanding any other provision of state law, and to the extent permitted by federal law and consistent with federal regulations governing these claims, the state may seek federal reimbursement for back claims under the Short-Doyle Medi-Cal program.

5724. (a) The department, in consultation with the California Conference of Local Mental Health Directors, shall as expeditiously as possible, but no later than December 31, 1991, develop a new ratesetting methodology for use in the Short-Doyle Medi-Cal system. The department shall transmit the proposed methodology to the State Department of Health Services to be incorporated into the state's Medi-Cal plan for the following fiscal year. It is intended that this rate system be in place for the 1992–93 fiscal year, to the extent permitted by federal law. The proposal shall include all of the following:

PART 4. CHILDREN'S MENTAL HEALTH SERVICES ACT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

5850. This part shall be known and may be cited as the Children's Mental Health Services Act.

5851. It is the intent of the Legislature to do all of the following:

(a) To phase in the system developed in the demonstration project under Chapter 7 (commencing with Section 5575) statewide, once final results are available from the project and assuming that these results demonstrate achievement of benefits as described in subdivision (d) of Section 5565.11. The Legislature recognizes that a major component of this system began in the 1984–85 fiscal year through the implementation of Chapter 1474 of the Statutes of 1984.

(b) To create and fund a coordinated comprehensive mental health services system for children with serious emotional disturbance and to their families or foster families in participating counties.

(c) To develop a system which will include joint evaluation of the child, and give priority to all of the following:

(1) Enabling the child to remain at home whenever possible.

(2) Providing placement in the least restrictive and least costly setting consistent with the child's needs.

(3) Enabling the child to receive out-of-home services in as close a proximity as possible to the child's usual residence.

(d) To separately identify and categorize funding for these services.

CHAPTER 2. STATE ADMINISTRATION

5852. There is hereby established a children's comprehensive mental health services system for children with serious emotional disturbance that is a comprehensive system of coordinated care based on the demonstration project under Chapter 7 (commencing with Section 5575), as added by Chapter 160 of the Statutes of 1987, and the 1983 State Department of Mental Health planning model for children's services. Each participating county shall adapt the model to local needs and priorities.

5853. County participation under this part shall be voluntary.

5854. The State Department of Mental health may contract with counties whose programs have been approved by the department in accordance with Section 5855. A county may request to participate under this chapter each year according to the terms set forth in Section 5705 for the purpose of establishing a three-year program proposal for developing and implementing a children's comprehensive mental health services system. The contract shall be negotiated on a yearly basis, depending on the results of each implementation phase.

5855. The county program proposal, in its entirety, as well as the first-, second-, and third-year components, is subject to approval by the State Department of Mental Health. A county may be approved for participation when readiness is determined by the State Department of Mental Health and when the department determines that the program proposals submitted adequately meet program protocols which shall be developed by the State Department of Mental Health.

5856. The county program proposal shall be a joint proposal with all affected local agencies and shall include all of the following:

(a) The elements as described in Chapter 3 (commencing with Section 5859).

(b) Those elements that the county feels appropriate as described in the proposed planning model for the continuum of care for emotionally disturbed children published by the State Department of Mental Health in 1983.

(c) A detailed description of the cost benefit and cost avoidance of the program proposal.

5857. The State Department of Mental Health shall establish an advisory group comprised of, but not limited to, representatives from the State Departments of Education, Social Services, Mental Health, and the Youth Authority, representatives from the Conference of Local Mental Health Directors, California Council on Mental Health, County Welfare Director's Association, Chief Probation Officers Association, School Administrators Association, and a representative of the service providers from the private Sector. The function of the advisory group shall be to advise and assist the state in the development of a coordinated, comprehensive mental health services system under this part and other duties as defined by the

Director of Mental Health.

5858. The Legislature recognizes that the development of the comprehensive system under this part is different for small counties under 100,000 population. In recognition of that fact, the State Department of Mental health shall establish a task force consisting of representatives from these small counties, from the Conference of Mental Health Directors, Conference of Welfare Directors, School Administrators Association and Chief Probation Officers Association to develop appropriate modifications and requirements of the model for these small counties. Recognition shall be given to the administrative costs involved in small county program development.

CHAPTER 3. COUNTY REQUIREMENTS

5859. Each county wishing to participate under this part shall develop a three-year program proposal for phasing in the children's comprehensive mental health services system. The three-year program proposal shall include all of the following:

(a) The components of the system the county proposes to implement in the first year which shall include a case management component.

(b) The components of the system the county intends to implement in the second year.

(c) The remaining components of the system the county intends to implement in the third year. All components shall be in place by the end of the third year.

5860. In addition, county program proposals shall contain all of the following:

(a) Use of existing service capabilities within the various agencies currently serving children's needs in that county.

(b) Interagency collaboration by all publicly funded agencies for children experiencing emotional disturbances.

(c) Appropriate written interagency protocols and agreements.

(d) Services for the most difficult to place children.

(e) Services permitting the child to reside in his or her usual family setting, whenever possible, in the interest of the child.

(f) Where a joint evaluation indicates that out-of-home care and treatment is required, insure that these services are provided in the least restrictive setting consistent with effective services and in as close proximity as possible to the child's usual residence.

5861. (a) No later than July 1 of each year, each county that wishes to participate in the program under this part shall have a program proposal of the development of a coordinated system of services to address the needs of children with serious emotional disturbance.

(b) Each county program proposal shall include protocols developed in the county for case assessment designed to do all of the following:

(1) Determine the least restrictive appropriate mental health

treatment setting for each child.

(2) Plan and facilitate the provision of needed services for the child and family when necessary and monitor those services.

(3) Provide methods for client and family advocacy to occur within the system.

(c) Each county that wishes to participate in the program under this part shall initiate discussions with other public agencies serving children with serious emotional disturbance, including, but not limited to, special education, foster care, and child protective and juvenile justice services to identify common needs and joint planning opportunities.

5862. Participating counties shall, prior to the submission of their program proposal, develop baseline data on children served by the county in the mental health services system, social services system, the juvenile justice system, and the special education system. Data shall include, but not be limited to, current expenditures for out-of-home care, nonpublic school placements and state hospital costs. This baseline data shall be submitted to the department as part of their program proposal.

5863. Counties shall demonstrate a maintenance of effort in children's services. Any reduction of existing Bronzan-McCorquodale children's services shall be identified and justified in the program proposal developed under this part.

(b) Establish an interagency case management council.

5865. The State Department of Mental Health shall have data available on the services provided through this chapter by March 1 of each year, including service utilization data, expenditures, and demonstrated cost savings and cost avoidance in the participating counties.

SEC. 198. Part 5 (commencing with Section 5900) is added to Division 5 of the Welfare and Institutions Code, to read:

PART 5. INSTITUTIONS FOR MENTAL DISEASE

CHAPTER 1. GENERAL PROVISIONS

Article 1. Legislative Findings and Intent

5900. This part is intended to organize and finance mental health services in skilled nursing facilities designated as institutions for mental disease, in a way that will promote the well-being of the residents. It is furthermore intended to effectively utilize existing

resources in the delivery of mental health services to severely and persistently mentally disabled persons; to ensure continued receipt of federal funds; to minimize the fiscal exposure of counties; to maintain state responsibility for licensing and certification; to maintain services to individual county consumers at the 1990–91 fiscal year levels; and to provide a mechanism for the orderly transition of programmatic and fiscal responsibility from the state to the counties, in a way that will maintain the stability and viability of the industry.

5901. (a) The Legislature finds that the following issues relating to program operation must be resolved prior to the full assumption of responsibility for institutions for mental disease program monitoring and reimbursement procedures by the counties:

(1) The information regarding the program is inadequate to accurately allocate funding to the counties without significant disruption of patient care.

(2) There is currently no administrative mechanism whereby all counties can immediately assume these responsibilities without endangering the health and safety of the persons being served.

(b) (1) During the 1991–92 fiscal year, the sum of eighty-seven million seven hundred twenty-seven thousand dollars ($87,727,000) shall be made available from the Mental Health Subaccount of the Sales Tax Account of the Local Revenue Fund to the department for support of institutions for mental disease.

(2) For the 1991–92 fiscal year, the department shall issue a preliminary allocation of at least fifty-seven million four hundred fifty thousand dollars ($57,450,000) of the amount identified in paragraph (1). In developing a preliminary allocation, the department shall utilize a methodology that will minimize disruption of services to persons being served and that will continue access at the 1990–91 fiscal year level.

(3) During the 1991–92 fiscal year, the department shall administer institution for mental disease resources remaining from the amount identified in paragraph (1) after the allocation described in (2) has been made, as a risk pool on behalf of all the counties. Effective July 1, 1991, the department shall enter into contracts with institutions for mental disease providers at the 1990–91 fiscal year contract bed level. These resources shall be made available to all counties.

(4) The department shall establish a method for the identification of persons, by county, residing in institutions for mental disease, and notification of counties of their program and fiscal responsibilities.

(c) The Department of Finance may authorize a loan of up to twenty million dollars ($20,000,000) from the General Fund for deposit into the Institutions for Mental Disease Account of the Mental Health Facilities Fund established pursuant to Section 17602.05, for use by the State Department of Mental Health in implementing this part.

Article 2. Interim Contracting Mechanism

5902. (a) In the 1991–92 fiscal year, funding sufficient to cover the cost of the basic level of care in institutions for mental disease at the rate established by the State Department of Health Services shall be made available to the department for skilled nursing facilities, plus the rate established for special treatment programs. The department may authorize a county to administer institutions for mental disease services if the county with the consent of the affected providers makes a request to administer services and an allocation is made to the county for these services. The department shall continue to contract with these providers for the services necessary for the operation of the institutions for mental disease.

(b) In the 1992–93 fiscal year, the department shall consider county-specific requests to continue to provide administrative services relative to institutions for mental disease facilities when no viable alternatives are found to exist.

(c) (1) By October 1, 1991, the department, in consultation with the California Conference of Local Mental Health Directors and the California Association of Health Facilities, shall develop and publish a county-specific allocation of institutions for mental disease funds which will take effect on July 1, 1992.

(2) By November 1, 1991, counties shall notify the providers of any intended change in service levels to be effective on July 1, 1992.

(3) By April 1, 1992, counties and providers shall have entered into contracts for services at the rate described in subdivision (e) for the 1992–93 fiscal year at the level expressed on or before November 1, 1991, except that when there is agreement between the affected providers and the county on all substantive contract issues by April 1, 1992, the county shall be permitted additional time, until June 1, 1992, to complete the processing of the contract.

(4) Where contracts for service at the level committed to on November 1, 1991, have not been completed by April 1, 1992, the funds allocated to those counties shall revert for reallocation in a manner that shall promote equity of funding among counties. During the 1992–93 fiscal year, these funds shall be used to purchase institution for mental disease/skilled nursing/special treatment program services.

(d) On or before April 1, 1992, counties may complete contracts with facilities for the direct purchase of services in the 1992–93 fiscal year. Those counties for which facility contracts have not been completed by that date shall be deemed to continue to accept financial responsibility for those patients during the subsequent fiscal year at the rate specified in subdivision (a).

(e) As long as contracts with institutions for mental disease providers requires the facilities to maintain skilled nursing facility licensure and certification, reimbursement for basic services shall be at the rate established by the State Department of Health Services for skilled nursing facilities, plus the rate established for special

treatment programs.

(f) In the 1993–94 fiscal year and thereafter, the department shall consider requests to continue administrative services related to institutions for mental disease facilities from counties with a population of 150,000 or less based on the most recent available estimates of population data as determined by the Population Research Unit of the Department of Finance.

5903. To the extent permitted by federal law, institution for mental disease providers may collect SSI/SSP benefits from a client or a client's payee. The amount to be invoiced shall be the amount of the client's SSI/SSP benefits, minus the personal and incidental allowance amount as established by the Social Security Administration. The administrative mechanism for collection of SSI/SSP benefits, including designation of the party responsible for collection, shall be determined by negotiation between the counties and the providers.

5904. During the 1991–92 fiscal year, counties shall be held harmless by the state, for costs incurred due to changes in state or federal regulation, audit findings, adjustments in rates and other circumstances outside the influence of counties, to the extent they impact the cost of basic level of care in those facilities which contract with the State Department of Mental Health. The State Department of Mental Health and the State Department of Health Services shall consult with counties regarding matters involving federal audit findings relating to nursing homes and their patients needing mental health care. The department shall notify the Joint Legislative Budget Committee whenever any federal audit or cumulative federal audit results in a potential county liability that exceeds five million six hundred thousand dollars ($5,600,000).

5905. (a) Funds that remain unspent at the close of the fiscal year, after final determination of costs, shall be made available to the counties in accordance with the methods determined by the director pursuant to Section 5906, for mental health expenditures. However, to the extent that unforeseen circumstances arise during the 1991–92 fiscal year as described in Section 5903, the department shall use these unspent funds to cover the increased costs for the basic level of care.

(b) This section shall become inoperative on July 1, 1993, and as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

Article 3. Procedures for the Transfer of Responsibility from the State to the Counties

5906. (a) By August 1, 1991, the director, in consultation with the California Conference of Local Mental Health Directors and representatives of the California Association of Health Facilities, shall develop county resource allocation methodologies for persons

residing in institutions for mental disease. In developing the resource allocation methods the director shall consider institution for mental disease client usage data from April 1, 1990, to March 31, 1991, inclusive. By October 1, 1991, the department shall adopt an allocation method and notify the counties of the resources they will receive from the total institution for mental disease resources available.

(b) This section shall become inoperative on July 1, 1992, and, as of January 1, 1993, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1993, deletes or extends the dates on which it becomes inoperative and is repealed.

5907. No later than January 1, 1992, the director, in consultation with the California Conference of Local Mental Health Directors and representatives of institutions for mental disease, shall develop a suggested uniform contract format that may be used by counties for the purchase of services from institutions for mental disease.

5908. On or before October 1, 1992, and in each following year, the counties contracting directly with the facility shall inform the facility of any intent to modify the quantity of services to be purchased in the subsequent fiscal year. Contracts for these services shall be completed by April 1 of each year for the following year. In the absence of cause, changes shall not be made without this notification.

5909. The Director of Mental Health shall retain the authority and responsibility to monitor and approve special treatment programs in skilled nursing facilities in accordance with Sections 72443 to 72474, inclusive, of Title 22 of the California Code of Regulations.

5910. Nothing in this article shall preclude two or more counties from establishing a single agreement with a facility, or group of facilities, for the purchase of services for the counties as a single entity. When two or more counties enter into an agreement, a single county may act as the host county for the purpose of program management and administration.

5911. A county or group of counties, by agreement, may expand services into additional facilities utilizing any funds available to the county or counties for that purpose.

5912. As long as contracts require institutions for mental disease to continue to be licensed and certified as skilled nursing facilities by the State Department of Health Services, they shall be reimbursed for basic services at the rate established by the State Department of Health Services for skilled nursing facilities, plus the rate established for special treatment programs.

5913. By April 1, 1992, the department shall make available to the Joint Legislative Budget Committee information regarding federal or state audits and policies related to institutions for mental disease which may create new expenditure obligations on the part of local mental health programs.

5914. By April 1, 1992, the California Conference of Local Mental

Health Directors shall submit to the Joint Legislative Budget Committee a status report on the use of institutions for mental disease funds not directly tied to institution for mental disease contract services.

SEC. 199. Section 16720 is added to the Welfare and Institutions Code, to read:

(b) This part shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 200. Part 4.6 (commencing with Section 16800) is added to Division 9 of the Welfare and Institutions Code, to read:

PART 4.6. LOCAL HEALTH CARE BUDGETING

(b) On or before September 15, 1991, and annually thereafter, the governing body of each local jurisdiction shall adopt and submit to the department a county health services plan and budget in the form and in accordance with procedures established in regulations promulgated by the department. The department shall submit a copy of each plan, upon receipt, to the Legislative Analyst. Each copy of each plan shall include a description of the measures each governing body is taking to provide access to care for indigent adults and racial and ethnic minorities, and for securing cooperation among the various county agencies, local providers, and nonprofit community-based organizations. Each governing board is encouraged to establish a health planning committee that shall consist of private health care providers, nonprofit community-based health providers, representatives of organizations representing public and private sector health care workers, and representatives of racial and ethnic minorities and of medically indigent adults.

(c) It is the intent of the Legislature that:

(1) Information required pursuant to this part shall be minimized so that data shall be available to the state department to perform necessary administrative functions, including, but not limited to, statewide leadership, oversight and coordination, professional consultation and assistance, data collection and reporting, contract-back options, monitoring and evaluation, standards compliance, and to meet legislative reporting requirements while not placing an undue administrative burden on the resources of any county.

(2) The continuing need for plans and budgets required pursuant to this section, for the cost report specified in Section 16806, for the

report pursuant to Section 16808.1, and for all other data reporting requirements specified in Part 4.7 (commencing with Section 16900) shall be included in the task force review required by Section 202 of the act which added this part.

16801. The following definitions shall govern the construction of this part, unless the context requires otherwise:

(a) "County health services" means public health services, outpatient health services, and inpatient health services provided directly by a local jurisdiction or financed or purchased by a local jurisdiction through grants, contracts, or agreements but shall not include services provided pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code or Division 10.5 (commencing with Section 11750) of the Health and Safety Code or services which were provided in fiscal year 1977–78 but were not part of the reported net county costs for fiscal year 1977–78.

(b) The expenditure of funds from the County Health Services Fund shall be made by the State Department of Health Services

without regard to fiscal year and shall be available for expenditure for two fiscal years subsequent to the fiscal year in which the original appropriation was made.

16804.1. (a) No fee or charge shall be required of any person before a county renders medically necessary services to persons entitled to services pursuant to Section 17000.

(b) This section is declaratory of existing law and shall not be interpreted to effect a county's authority to implement a reasonable sliding fee schedule based on ability to pay.

The report shall be provided by April 15 following the close of the fiscal year during which the funds were expended, unless an extension of this date is formally granted by the department.

(b) The Director of Health Services shall withhold, in part or in whole, payment of moneys governed by Part 4.7 (commencing with Section 16900) to a local jurisdiction, until the plan and budget specified in subdivision (b) of Section 16800 and the report specified in subdivision (a) have been submitted to the department in the form and according to the guidelines and regulations established by the department.

16808.1. (a) The State Department of Health Services shall, no later than April 15 of each year, submit an annual report to the Legislature on county health services.

(d) The report shall contain the information on closings of county hospitals or other county medical facilities, elimination or reduction of areas of service in county hospitals or other county medical facilities, and reduction in the level of services to indigents as of January 1, 1975, as reported by counties pursuant to Section 1442 of the Health and Safety Code, as that section existed on December 31, 1986.

(e) For the 1991–92 fiscal year, the report shall contain information on department and county actions necessitated by the changes in funding sources for health services. For the 1992–93 fiscal year and as necessary thereafter, as determined by the department, the report shall include an evaluation of the impact of the changes in funding sources for health services made on July 1, 1991.

16809. (a) The board of supervisors of a county which contracted with the department pursuant to Section 16709 during the 1990–91

fiscal year and of any county with a population under 300,000, as determined in accordance with the 1990 decennial census, may enter into a contract with the department and the department may enter into a contract with that county under which the department agrees to administer the program responsibilities for specified health services to county residents certified eligible for those services by the county. Any county may also elect to act jointly on a regional basis with other counties in assuming the program responsibilities and claim state funds on a joint basis.

(b) (1) Each county intending to contract with the department pursuant to this section shall submit to the department a notice of intent to contract adopted by the board of supervisors. The notice shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(2) For the 1991–92 fiscal year only, and notwithstanding paragraph (2) of subdivision (a) of Section 1498.1 of Title 17 of the California Code of Regulations, the notice of intent to contract submitted by an eligible county pursuant to this section shall not be legally binding on that county or the state until 15 days after the enactment of the Budget Act of 1991.

(3) For the 1991–92 fiscal year only, contracts entered into pursuant to this section shall be governed by the following provisions:

(A) For a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year, the county may unilaterally terminate its contract and the effective date of termination shall be no earlier than the first day of the calendar month subsequent to 45 days after enactment of the Budget Act of 1991.

(B) For a county eligible pursuant to subdivision (a) which did not contract with the department pursuant to Section 16709 during the 1990–91 fiscal year, the county and the department may enter into a contract which shall have an effective date, at the discretion of the department, on the first day of any calendar month which occurs no later than 90 days after enactment of the Budget Act of 1991.

(C) For a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year, the effective date of contracting shall be July 1, 1991, unless the county terminates participation pursuant to subparagraph (A).

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish the County Medical Services Program Account in the County Health Services Fund. The following amounts may be deposited in the program account:

(1) Any interest earned upon money deposited in the program account.

(2) Moneys provided by participating counties or appropriated by the Legislature to the program account.

(3) Moneys loaned pursuant to subdivision (q).

(e) Moneys in the program account shall be used by the department for both of the following purposes:

(1) To pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (j).

(2) To pay for services for persons requiring emergency treatment, regardless of their county of residence, including those persons whose immigration status has not been established, who are unable to pay for those services, and for whom payment will not be made through any private coverage or by any other program funded in whole or in part by the state or the federal government.

(f) (1) Moneys in the program account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) Any interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, or for expenditure to augment the program's rates, benefits or eligibility criteria pursuant to subdivision (j).

(g) The department shall establish a separate County Medical Services Program Reserve Account, hereafter referred to as the reserve account, in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to contract with the department under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees required of Section 16809.3.

(h) Moneys in the program account and the reserve account, except for funds provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (q), shall not be transferred to any other fund or account in the Treasury except for purposes of

investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) (1) Counties shall pay by the 15th of each month the agreed upon contract amount. In the event a county does not make the agreed upon monthly payment, the department may terminate the county's participation in the program.

(2) A county may request, due to financial hardship, that payments under paragraph (1) be delayed. The request shall be approved by the Small County Advisory Committee.

(3) Payments made pursuant to this subdivision shall be deposited in the program account.

(4) Payments may be made as a part of the deposit authorized by the county pursuant to subdivision (b) of Section 17603 and subdivision (c) of Section 17604.

(j) (1) For the 1991–92 fiscal year and all preceding fiscal years, the state shall be at risk for any costs over and above the amounts deposited in the reserve account.

(2) (A) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties shall assume the risk for cost increases of the County Medical Services Program not funded through other sources. This risk shall be limited to the cumulative annual growth in the Local Revenue Fund created by Section 17600 according to the table specified in paragraph (3) to the County Medical Services Program. Cost increases shall be allocated proportionately to each county's actual growth in dedicated revenues. The state shall be at risk for any costs which exceed the cumulative annual growth in vehicle license fee and sales tax revenues deposited into the Local Revenue Fund for distribution to counties participating in the County Medical Services Program.

(B) As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or alter rates of payment during the fiscal year in order to ensure that sufficient funds are available for health services to county residents certified as eligible for the services. The counties and the department shall work collectively to ensure that expenditures do not exceed the funds available in the program account and may adjust eligibility and benefit criteria and payments accordingly.

(3) (A) For the 1991–92 fiscal year, jurisdictional risk limitations shall be as follows:

In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

(o) Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

Any county may also elect to act jointly on a regional basis with other counties in assuming the program responsibilities and claim state funds on a joint basis.

Cost increases shall be allocated proportionately to each county's actual growth in dedicated revenues. The state shall be at risk for any costs which exceed the cumulative annual growth in dedicated sales tax and vehicle licensing fee revenues. (4) Beginning in the 1991–92 fiscal year and in subsequent fiscal years, the department and any county that did not contract with the department pursuant to Section 16709 during the 1990–91 fiscal year shall establish that county's risk limitation according to the provisions of paragraph (2).

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2

of the Public Contract Code. Contracts shall have no force and effect unless approved by the Department of Finance.

(*l*) The state shall not incur any liability except as specified in this section.

(m) The department may pursue third-party recoveries for services provided under this section pursuant to Article 3.5 (commencing with Section 14124.70) of Chapter 7 of Part 3.

(n) Under the program provided for in this section, the department shall reimburse hospitals for inpatient services at the rates negotiated for the Medi-Cal program by the California Medical Assistance Commission, pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 3, if both of the following circumstances exist:

(1) The hospital has a contract with the state for these rates of reimbursement.

(2) The California Medical Assistance Commission determines that reimbursement to the hospital at the contracted rate will not have a detrimental fiscal impact on either the Medi-Cal program or the program provided for in this section. In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

(o) Participating counties may conduct an independent program review to identify ways through which program savings may be generated. The counties and the department shall collectively pursue identified options for the realization of program savings.

(p) The Department of Finance may authorize a loan of up to thirty million dollars ($30,000,000) for deposit into the program account to ensure that there are sufficient funds available to reimburse providers and counties pursuant to this section.

(q) This section shall become operative July 1, 1994.

A county which does not pay the amounts specified in subdivision (a) or (b) may be terminated from participation in the program.

(d) The payments required by subdivision (c) may be made as a part of the deposits authorized by the county pursuant to subdivision (b) of Section 17603 and subdivision (b) of Section 17604.

(e) The department shall not implement, or shall cease

implementation of, this section if the revenue authority provided for in either Section 29550 of the Government Code, or Section 97.5 of the Revenue and Taxation Code, or both, is repealed, unless those county general purpose revenues are replaced in the 1991–92 fiscal year and subsequent fiscal years by county general purpose revenue authority equal to the revenue authority made available to the counties during the 1990–91 fiscal year.

16809.5. (a) Funds appropriated for the purposes of this section shall be allocated on a monthly basis.

(b) Money allocated for the purposes of this section shall be used to expand the scope of benefits, to fund special projects which alleviate problems of access to health and dental care under the County Medical Services Program and to compensate hospitals and other emergency health service providers for emergency treatment of out-of-county indigent patients and shall not be used to fund existing levels of service.

(c) Unexpended funds available from the fiscal year 1989–90 appropriation for the purposes of this chapter may be utilized to fund increased fiscal year 1990–91 program costs due to caseload increases and provider rate increases.

(d) Unexpended funds allocated from the fiscal year 1990–91 appropriation for purposes of improving dental access may be utilized in fiscal year 1991–92 for the continuation and completion of projects developed to improve dental access.

(e) This section shall remain operative only until July 1, 1994, and shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

16811. Submission of a plan and a budget shall not relieve any county of its indigent health care obligation under Section 17000, nor shall it restrict the ability of the state or any interested person or persons to obtain any judicial relief to which they may be otherwise entitled.

16812. The State Department of Health Services, in consultation with the counties, shall adopt any regulations necessary to implement this part. The department may adopt these regulations on an emergency basis pursuant to Chapter 4.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of those regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 4.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department in order to implement this part shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State and shall remain in effect for only one year.

16817. Notwithstanding any other provision of law, a county may enter into contracts with selected providers to provide health care

services in expending funds provided pursuant to this part and Part 5 (commencing with Section 17000). The county may negotiate such reimbursement or payment arrangements it desires in such contracts. A county shall not be obligated to pay for health care services unless pursuant to a contract or the county has specifically authorized such services and agreed to payment. All such contracts shall be available for review by the department. A county may require county residents specified in this part and Part 5 to use county facilities or county selected providers. This section may not be construed to limit a county's existing obligations to furnish health care.

16818. (a) Each facility treating persons pursuant to Section 17000 shall provide, at the time treatment is sought, individual notice of the availability of reduced cost health care. In addition, conspicuous posted notices of the procedures for applying for reduced cost health care shall be displayed in all emergency rooms and patient waiting rooms of each facility treating persons pursuant to Section 17000.

(b) This section is declaratory of existing law and shall not be interpreted to constitute a new mandate.

SEC. 201.5. Chapter 6 (commencing with Section 17600) is added to Part 5 of Division 9 of the Welfare and Institutions Code, to read:

(b) If, in the 1992–93 fiscal year, the General Growth Subaccount in the Growth Account is not credited with fifty-two million one hundred eighty-eight thousand dollars ($52,188,000), the allocations made pursuant to subdivision (a) shall be reduced on a pro rata basis.

17606.15. (a) In addition to any other allocations made pursuant to Section 17606.10, the Controller shall make an allocation from the Growth Account to Orange County, for an equity adjustment, in the 1992–93 fiscal year, a sum of one million nine hundred fifty-seven thousand dollars ($1,957,000) to be incorporated into the base allocation of the local health and welfare trust fund for that county.

(b) In addition to any other allocations made pursuant to this section, the Controller shall annually make an allocation from the Sales Tax Growth Account, to the following counties to be incorporated into their annual base allocations, for an equity adjustment, beginning with the 1992–93 fiscal year and ending with, and including, the 1996–97 fiscal year.

(1) Orange County shall be allocated one million three hundred four thousand seven hundred dollars ($1,304,700).

(3) Santa Clara County shall be allocated seven hundred seventeen thousand five hundred eighty-five dollars ($717,585).

(c) If there are not sufficient funds in any fiscal year to make the distribution required by subdivisions (a) and (b), the Controller shall, in the following fiscal year, allocate to those counties that portion of the funds which are not allocated as required.

(d) To the extent that the allocations made pursuant to subdivisions (b) and (c) of this section and Section 17606.16 provide less than four million dollars ($4,000,000) for San Diego County, two million dollars ($2,000,000) for Orange County, one million one hundred thousand dollars ($1,100,000) for Santa Clara County in any fiscal year, then it is the intent of the Legislature that the shortfall be allocated from the Sales Tax Growth Account in the following

fiscal year.

17606.20. The Controller shall allocate money to each county general fund from revenues deposited in the Vehicle License Fee Account in the Local Revenue Fund in amounts that are based on the proportion each county's total allocation from the Sales Tax Growth Account bears to the sum of the deposits to the Sales Tax and Vehicle License Fee Accounts in the Local Revenue Fund.

Article 9. County Matching Fund Requirements

17608. Beginning in the 1992–93 fiscal year, the total amount a county is required to expend pursuant to Section 17605.10 shall be augmented by the amount of funds allocated to that county in accordance with paragraph (1) of subdivision (c) of Section 5902.

17608.05. As a condition of deposit of funds from the Sales Tax Account of the Local Revenue Fund into a county's local health and welfare trust fund mental health account, the county or city shall deposit each month local matching fund in accordance with a schedule developed by the State Department of Mental Health based on county or city standard matching obligations for the 1990–91 fiscal year for mental health programs.

As a condition of the deposit of Sales Tax Growth Account funds into the local health and welfare trust fund accounts, a county or city shall deposit, each month, local matching funds that are sufficient to permit the expenditure from the local health and welfare trust fund accounts amounts that are equivalent to the growth of revenue in the sales tax and vehicle license fees allocated to the trust fund accounts and the county general funds.

Article 10. Expenditure Limitations and Reports

17609. Funds deposited into a county's health and welfare trust fund accounts may be expended only for the purposes of providing mental health, public health, indigent health care, social services, and juvenile justice.

17609.05. Each county shall file with the Controller quarterly and annual reports of trust fund deposits and expenditures.

SEC. 202. (a) (1) The Health and Welfare Agency shall establish a task force to review and evaluate existing county reporting and data requirements for mental health, public health, indigent health, and social services. In addition, the task force shall propose a plan to evaluate realignment which shall include the specific data to be collected, the entities that would collect each type of data, and the dates on which data will be provided to the Health and Welfare Agency.

(2) (A) The plan and budget requirements specified in subdivision (b) of Section 16800 of the Welfare and Institutions Code shall be superseded by the recommendations of the task force when implementing legislation is enacted or when the Health and Welfare Agency determines that the recommendations may be implemented under existing statutes.

(B) Recommendations for modifying the county plan and budget requirements specified in subdivision (b) of Section 16800 shall not result in county administrative costs that exceed statewide costs incurred under statutes in effect on the effective date of this section.

(b) The task force shall consist of representatives from the Health and Welfare Agency, the Department of Finance, the Legislative Analyst's office, appropriate legislative committee staff, county representatives, representatives of public and private sector health workers, private health care providers, medically indigent adults, nonprofit community-based organizations providing mental health, public health, social services, the affected state departments, and other interested groups.

(c) On or before April 1, 1992, the Health and Welfare Agency shall report to the Legislature on recommendations for data and information requirements and shall submit a draft of legislative language necessary to effect the recommendations. This report shall specifically include recommendations on the data to be collected to meet legislative intent as specified in subdivision (f).

(d) The Legislative Analyst shall issue a report summarizing the health service plans submitted by each governing body to the Health and Welfare Agency pursuant to subdivision (b) of Section 16800 of the Welfare and Institutions Code. The Legislative Analyst shall summarize these service plans and provide an independent verification of their accuracy based on site visits to as many counties as possible. A report shall be transmitted to the Joint Legislative Task Force on Realignment by April 1, 1992, April 1, 1993, and April 1, 1994.

(e) The Auditor General and the Legislative Analyst shall prepare and transmit a comprehensive evaluation plan to the Joint Legislative Task Force on Realignment created by this act no later than June 30, 1992. This plan shall include elements contained in the evaluation plan pursuant to subdivision (b) of Section 16800 of the Welfare and Institutions Code, the extent to which the Health and Welfare Agency data and recommendations would allow for an evaluation of the items specified in subdivision (f), costs estimated for conducting the comprehensive evaluation, and a division of labor between the joint committees, and what components would be performed by either the Joint Legislative Task Force on Realignment directly, an independent contractor, the Legislative Analyst, or the Auditor General.

(f) This plan shall cover the resources and data needed to determine the following:

(1) If there has been compliance with each of the realignment provisions pursuant to this act.

(2) If revenues have been sufficient to adequately serve anticipated caseload increases.

(3) The extent to which additional problems of access to care by the indigent and racial and ethnic minorities have developed.

(4) The extent to which local public health, indigent health, and social services planning, funding, and service delivery has been inclusive of public health and social services providers in the local jurisdictions, including nonprofit community-based organizations.

(5) The extent to which interagency collaboration has occurred for the purposes of streamlining intake and assessment processes and coordinating funding and service delivery.

(6) The extent to which the costs and demand for health care in contract counties and under the County Medical Services Program (CMSP) has increased, and the factors impeding the ability to meet increased needs.

(7) The extent to which health care standards have been maintained and enforcement procedures established by county public health departments.

(8) The extent to which surveillance systems identify communicable and chronic diseases and other causes of death and disability.

(g) Based on its review of the evaluation plan, the Joint Legislative Task Force on Realignment shall develop legislation specifying the resources and activities necessary to provide for an evaluation by April 1, 1994, and annually thereafter until April 1, 1996.

(h) It is the intent of the Legislature that the evaluation shall be based on site visits and analysis of data in the following counties over the three-year period: three counties each with a population of over 2,000,000 persons; three counties each with a population between 1,000,000 and 2,000,000 persons; and three counties each with a population between 500,000 and 1,000,000 persons. The State

Department of Health Services shall assist the Joint Legislative Task Force on Realignment, independent contractors, the Legislative Analyst, and the Auditor General in conducting onsite visits. In addition, the department shall conduct a review in five counties designated by the department as being contract counties and nine counties designated CMSP counties and shall submit a report of these reviews to the Legislative Analyst over the three-year period.

(i) In each evaluation, the Joint Legislative Task Force on Realignment, independent contractors, the Legislative Analyst, and the Auditor General shall make a specific determination as to whether implementation has complied with this act and Section 16990 of the Welfare and Institutions Code, and shall include recommendations for such legislation as may be appropriate to deter or remedy any problems identified.

(j) As part of their responsibilities in conducting these evaluations, the Joint Legislative Task Force on Realignment, independent contractors, the Legislative Analyst, and the Auditor General shall consult with providers of public health, indigent health, mental health, and social services at the county level, and impacted communities including, but not limited to, the indigent, racial and ethnic minorities, and rural farmworkers.

SEC. 203. Whenever the Legislature proposes statutory or budgetary action which would shift significant mental health caseload to counties, the office of the Legislative Analyst, as part of its usual reporting process, shall separately estimate and identify the local impact of that action.

SEC. 204. Notwithstanding any other provision of law, during the 1991–92 fiscal year, amounts designated through realignment to city-operated mental health programs and the counties in which they operate may be adjusted by the State Department of Mental Health to reflect the appropriate distribution of resources between those cities and counties. Upon receipt from the department of notice of an adjustment, the Controller shall make any necessary adjustments.

SEC. 205. The State Department of Mental Health, in consultation with the California Conference of Local Mental Health Directors and other relevant organizations, shall review the purpose and function of the conference, local mental health advisory boards, the Organization of Local Mental Health Advisory Boards, the California Council on Mental Health, and the P.L. 99–660 Planning Council, and recommend to the Legislature, no later than September 30, 1992, an appropriate structure for public input, planning, and evaluation under realigned mental health programs.

SEC. 206. No later than January 10, 1992, the State Department of Mental Health shall report to the Governor and the chairpersons of the fiscal and policy committees of each house of the Legislature on the effect this act has had on the responsibilities and duties of the department.

SEC. 206.5. Counties and cities shall use those sources of funding

Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department in order to implement this act shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State and shall remain in effect for only one year.

SEC. 208. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 209. (a) In the event of a determination by the Commission on State Mandates, which is not appealed by the Director of Finance in accordance with subdivision (c), or a final judicial determination by a California court of appellate jurisdiction that any provision of this act is a state-mandated local program requiring state reimbursement to a local agency or school district within the meaning of Section 6 of Article XIII B of the California Constitution, the provisions of this act shall become inoperative 60 days following the date on which the Commission on State Mandates adopts an estimated statewide cost of reimbursement pursuant to such a commission decision finding a state mandate, or following the date on which the first such judicial determination becomes final.

(b) This section shall be operative only in the event that the estimated statewide cost of reimbursement exceeds one million dollars ($1,000,000) per year. The estimated cost of reimbursement for purposes of this one million dollar ($1,000,000) limitation shall be determined by reference to the or school district within the meaning of Section 6 of Article XIII B of the California Constitution, the provisions of this act shall become inoperative 60 days following the date on which the Commission on State Mandates adopts an estimated statewide cost of reimbursement pursuant to such a commission decision finding a state mandate, or following the date on which the first such judicial determination becomes final.

(c) This act shall not become inoperative pursuant to subdivision

(a) if the Director of Finance files a written Notice of Intent to Appeal with the Commission on State Mandates within 60 days of the adoption of an estimated statewide cost of reimbursement pursuant to a decision by the commission finding that any of the provisions of this act is a state-mandated local program requiring reimbursement within the meaning of Section 6 of Article XIII B of the California Constitution. The Notice of Intent to Appeal specified by this subdivision shall consist of a written notice setting forth the intention of the Director of Finance to seek judicial review of the decision of the Commission on State Mandates that is received by the commission within the time specified.

SEC. 210. Any amendments to the Vehicle License Fee Law, in the 1991–92 Regular Session, which result in an increase in the vehicle license fee paid, shall cease to be operative on the first day of the month following the month in which the Department of Motor Vehicles is notified by the Department of Finance of a final judicial determination by a California court of appellate jurisdiction of either of the following:

(a) The allocation of funds from the Vehicle License Fee Account or the Vehicle License Fee Growth Account from the Local Revenue Fund established during the 1991–92 Regular Session is in violation of Section 15 of Article XI of the California Constitution.

In order that the realignment provisions necessary to help resolve the state budgetary crisis may be implemented at the earliest possible time, and in order to permit this act to be operative for the entire 1991–92 fiscal year and so facilitate the orderly administration of the system of providing certain health services, it is necessary that this act take effect immediately.

[Approved by Governor June 30, 1991. Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Trial Court Realignment and Efficiency Act of 1991.

SEC. 2. (a) The Legislature finds that:

(1) The State of California faces an unprecedented fiscal crisis, and its solution requires the participation of every branch of government.

(2) State and local governments and the judicial branch of government view this fiscal crisis as an opportunity to reexamine and reconstruct the roles and responsibilities of each branch.

(3) The operation and financing of municipal, superior, and justice courts, although a relatively small part of overall government spending, must be examined in light of this need for structural and financial realignment.

(4) The funding of trial court operations is most logically a candidate for state funding for each of the following reasons:

(A) State funding of trial courts provides uniform standards and procedures, economies of scale, and structural efficiency and simplification.

(B) These structural improvements provide for an improved court system, a uniform and equitable court system, and, therefor, increased access to justice for the citizens of California.

(5) Through the enactment of Assembly Bill 19 by Assembly Member Richard Robinson in 1985, Senate Bill 709 by Senator Bill Lockyer in 1987, and the Brown-Presley Trial Court Funding Act in

1988, the State of California has demonstrated its growing commitment to funding trial court operations.

(6) Although a long-stated goal of state and local government and the judicial branch, the state assumption of trial court funding has diminished, and the counties have been forced to fund a larger share of growing trial court operation costs.

(7) The growth in the costs of trial court operations can be substantially slowed through a variety of efficiencies and court coordination mechanisms.

(b) The Legislature declares its intent to do each of the following:

(1) Provide one-half the funding of trial court operations in the 1991–92 fiscal year and increase that share of funding by 5 percent per year until trial courts are substantially funded by the state.

(2) Reform and streamline the collection and allocation of penalties.

(3) Improve the coordination of trial court operations through a variety of administrative efficiencies, including coordination agreements between the trial courts, and thereby achieve substantial savings in trial court operations costs.

(4) Temporarily satisfy the need for additional judgeships through enhanced use of assigned judges, increased cross-assignment of judges, and implementation of trial court delay reduction mechanisms.

(5) Increase the state's ability to fund the trial courts through increasing fines and penalties, enhanced collection of fines, penalties, and forfeitures, and the recapture of court revenues not dedicated to court operations.

(6) Create a judicial branch budgeting system that protects the independence of the judiciary and optimizes local trial court control and responsibility, while preserving financial accountability to the overall state budget.

(7) Fund court employees in a manner that promotes cost control, uniformity, and equity.

SEC. 3. Section 12419.10 is added to the Government Code, to read:

12419.10. The Controller shall offset any amount overdue and unpaid for a fine, bail, or vehicle parking penalty from a person or entity, against any amount owing the person or entity by a state agency on a claim for a refund from the Franchise Tax Board under the Personal Income Tax Law or the Bank and Corporation Tax Law or from winnings in the California State Lottery. Standards and procedures for submission of requests for offsets shall be as prescribed by the Controller. Whenever insufficient funds are available to satisfy an offset request, the Controller, after first applying the amounts available to any amount due a state agency, may allocate the balance among any other requests for offset.

The Controller shall deduct and retain from any amount offset in favor of a county an amount sufficient to reimburse the Controller, the Franchise Tax Board, and the California State Lottery for their

administrative costs of processing the offset payment.

SEC. 4. Section 68090.8 is added to the Government Code, to read:

68090.8. (a) The Legislature finds that the management of criminal cases, including traffic cases, and the accounting for funds in the municipal and justice courts requires these courts to implement appropriate levels of automation. The purpose of this section is to make a fund available for the development of automated accounting and case-processing systems for the municipal and justice courts, together with funds to train operating personnel, and for the maintenance and enhancement of the systems.

(b) Prior to making any other required distribution, the county treasurer shall deposit 2 percent of all moneys collected in criminal cases, including, but not limited to, moneys collected pursuant to Chapter 12 (commencing with Section 76010) of Title 8 of this code, Section 13003 of the Fish and Game Code, Sections 11372.5 and 11502 of the Health and Safety Code, and Chapter 1 (commencing with Section 1427) of Title 11 of Part 2 of the Penal Code, into a fund which shall be used exclusively to pay the costs of automating municipal and justice court recordkeeping systems for criminal, including traffic, cases. These systems shall meet Judicial Council performance standards, including production of reports as needed by the state, the counties, and local governmental entities.

SEC. 5. Section 68106 is added to the Government Code, to read:

68106. The Judicial Council shall, in consultation with the Department of Finance and the Legislative Analyst, study the methods available for the inclusion of trial courts in the Budget Act, and shall report its findings and recommendations to the Legislature on or before March 1, 1992, as to the most efficient and cost-effective process for including trial courts in the Budget Act. The report shall also include recommendations on an equitable formula for the distribution of fine and forfeiture revenues subject to Section 1463 of the Penal Code in the 1992–93 fiscal year and thereafter.

SEC. 6. Section 68112 is added to the Government Code, to read:

68112. (a) On or before March 1, 1992, each superior, municipal, and justice court in each county, in consultation with the bar, shall prepare and submit to the Judicial Council for review and approval a trial court coordination plan designed to achieve maximum utilization of judicial and other court resources and statewide cost reductions in court operations of at least 3 percent in the 1992–93 fiscal year, a further 2 percent in the 1993–94 fiscal year, and a further 2 percent in the 1994–95 fiscal year. The cost reduction shall be based on the prior year actual expenditures increased by the percentage of population growth and the Department of Commerce implicit price deflator for state and local government. The coordination plan for each court shall be reviewed and approved by the Judicial Council on or before July 1, 1992.

(b) The coordination plan shall take into consideration the elements of such plans specified in standards adopted by the Judicial

Council and applicable case processing time standards adopted by the Judicial Council. The standards adopted by the Judicial Council shall include, but not be limited to, the following:

(1) The use of blanket cross-assignments allowing judges to hear civil, criminal, or other types of cases within the jurisdiction of another court.

(2) The coordinated or joint use of subordinate judicial officers to hear or try matters.

(3) The coordinated, joint use, sharing or merger of court support staff among trial courts within a county or across counties. In a county with a population of less than 100,000 the coordination plan need not involve merger of superior and justice court staffs if the court can reasonably demonstrate that the maintenance of separate administrative staffs would be more cost effective and provide better service.

(4) The assignment of civil, criminal, or other types of cases for hearing or trial, regardless of jurisdictional boundaries, to any available judicial officer.

(5) The assignment of any type of case to a judge for all purposes commencing with the filing of the case and regardless of jurisdictional boundaries.

(6) The establishment of separate calendars or divisions to hear a particular type of case.

(7) In rural counties, the use of all court facilities for hearings and trials of all types of cases and to accept for filing documents in any case before any court in the county participating in the coordination plan.

(8) The coordinated or joint use of alternative dispute resolution programs such as arbitration.

(9) The unification of the trial courts within a county to the maximum extent permitted by the Constitution.

(c) In preparing coordination plans a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units where a courtwide plan would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

SEC. 7. Section 68113 is added to the Government Code, to read:

68113. (a) The superior, municipal, and justice courts in each county shall submit a report to the Judicial Council on progress towards achieving the cost reduction goals associated with the coordination plans and factors impacting the cost of court operations and the collection of revenues. The report shall also include financial information on expenditures for court operations and revenues according to a uniform chart of accounts adopted by the Judicial Council. The first report shall be submitted on or before February 15, 1992, covering the period July 1, 1991, to December 31, 1991, inclusive. Thereafter the reports shall be submitted quarterly on or before the 15th day of the second month following the end of the quarter.

(b) For purposes of the reporting requirements of this section, a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units corresponding to the organization of the court or courts under a coordination plan where reporting courtwide would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

(c) The Judicial Council shall submit a report to the Legislature within three months of the end of each fiscal year setting forth all of the following:

(1) The revenues and expenditures for each superior, municipal, and justice court in the state and statewide totals.

(2) A summary of the savings achieved by county and statewide.

(3) Factors impacting the cost of court operations and the collection of revenues.

SEC. 8. Section 68520 is added to the Government Code, to read:

68520. (a) On or before January 31, 1992, each superior, municipal, and justice court shall provide the Judicial Council with complete information regarding the number, classification, salary, and benefits of every officer and employee of the court who is involved in performing court operations, as defined in Section 77003.

(b) On or before July 1, 1992, the Judicial Council shall report to the Legislature its findings and recommendations on the disposition of trial court employees, including the possibility of continuing them as county employees for purposes of compensation and benefits, under the eventual state assumption of trial court funding. The Judicial Council shall also recommend methods of limiting increases in court employee compensation beyond that of comparable state employees. The goals of the recommendations shall be (1) uniformity, (2) equity, and (3) cost control. The study shall include the participation of three representatives selected by labor organizations representing court employees.

(c) It is the intent of the Legislature that existing structures pertaining to court employees, including, but not limited to, collective bargaining, merit systems, pensions, and other benefits shall remain in effect until July 1, 1993.

SEC. 9. Section 68543.5 of the Government Code is amended to read:

68543.5. Whenever a judge retired as such under the Judges' Retirement Law is assigned to sit in a court, he or she shall be compensated while so sitting at a rate equal to the full compensation of a judge of the court to which he or she is assigned, without loss or interruption of retirement benefits, unless the judge waives compensation under this section. A retired judge of a justice court who is not under the Judges' Retirement Law and who is assigned to sit in a court shall be compensated while so sitting at the full compensation of a judge of the court to which he or she is assigned, or the compensation specified in Section 68541, whichever is greater. The compensation shall be chargeable for the period specified in

Section 68547 the same as provided by law with respect to the compensation of a judge of the court to which he or she is assigned and the compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairperson of the Judicial Council.

The compensation shall be in addition to the judge's retirement allowance. The receiving county shall pay the state 50 percent of the full salary of a judge of the court to which the retired judge is assigned for the time the judge serves the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

During the period of assignment, a retired judge shall be allowed expenses for travel, board, and lodging incurred in the discharge of the assignment. When assigned to sit in the county in which he or she resides, the judge shall be allowed expenses for travel, and board incurred in the discharge of the assignment. The expenses for travel, board, and lodging shall be paid by the state under the rules adopted by the Board of Control which are applicable to officers of the state provided for in Article VI of the Constitution while traveling on official state business. The receiving county shall reimburse the state for these expenses. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

Notwithstanding the above provisions pertaining to compensation, a retired judge on senior judge status shall receive compensation from the state as provided in Sections 75028 and 75028.2, and shall be allowed expenses for travel, board, and lodging incurred in the discharge of the assignment as provided in this section.

The receiving county shall pay the state 50 percent of the full salary of a judge of the court to which the retired judge is assigned for the time the judge serves the receiving court. If the county is an option county, as defined in Section 77004, the amount due shall be paid as provided in Section 77205.3.

SEC. 10. Section 68543.6 of the Government Code is repealed.

SEC. 11. Section 68543.7 is added to the Government Code, to read:

68543.7. Subject to funding in the Budget Act, a retired judge sitting on assignment in a trial court shall be paid by the state in the amount, per judicial day, of 1/250th of the annual salary of a judge of the court to which he or she is assigned.

SEC. 12. Section 68620 is added to the Government Code, to read:

68620. Operative July 1, 1992, each municipal and justice court shall establish a delay reduction program in consultation with the local bar that is consistent with the provisions of this article. In its discretion, the Judicial Council may assist in the development of, or may develop and adopt, any or all procedures, standards, or policies for a delay reduction program in municipal and justice courts on a statewide basis which are consistent with the provisions of the Trial Court Delay Reduction Act.

SEC. 13. Section 75025 of the Government Code is amended to read:

75025. Every judge who has the age and service qualifications specified in one of the following subdivisions, and who is not ineligible for retirement under Section 75026, shall be retired for service upon filing notice of retirement with the Judges' Retirement System, specifying the date upon which his or her retirement is to become effective:

(a) Age 70 or older, with an aggregate of 10 years of service as a judge within the 15 years immediately preceding the effective date of retirement.

(b) Age 69, with an aggregate of 12 years of service as a judge within the 16 years immediately preceding the effective date of retirement.

(c) Age 68, with an aggregate of 14 years of service as a judge within the 18 years immediately preceding the effective date of retirement.

(d) Age 67, with an aggregate of 16 years of service as a judge within the 20 years immediately preceding the effective date of retirement.

(e) Age 66, with an aggregate of 18 years of service as a judge within the 22 years immediately preceding the effective date of retirement.

(f) Age 65, with an aggregate of 20 years of service as a judge within the 24 years immediately preceding the effective date of retirement.

(g) Age 70 or older, with an aggregate of 20 years of service as a judge, the last five years of which has been served immediately preceding the effective date of retirement.

(h) Age 60, with an aggregate of 20 years of service as a judge.

Upon the effective date of the retirement of any judge, the judicial office from which he or she has retired shall become vacant, and a successor shall thereupon be appointed to fill the vacancy.

SEC. 14. Section 75028.1 of the Government Code is amended to read:

75028.1. (a) At the time of the filing of a notice of retirement under the Judges' Retirement Law to be effective after age 69½ but before the end of the term of office during which the judge attains age 70, a judge may elect senior judge status.

(b) A retired judge who retired under the Judges' Retirement Law before July 1, 1985, and who has attained age 60, may apply to the Chairperson of the Judicial Council for senior judge status.

(c) A judge who has left office at age 60 or older on or after July 1, 1985, and who has 20 years or more of retirement service credit under the Judges' Retirement Law, may apply to the Chairperson of the Judicial Council for senior judge status.

(d) A judge serving on senior judge status shall serve full time as assigned for up to three consecutive years and by accepting that status waives the right to refuse any assignment as otherwise

provided by law. A judge who elects to retire under this section is deemed retired, and the judicial office from which the judge retired shall become vacant and a successor shall then be appointed to fill the vacancy.

SEC. 15. Section 75028.3 of the Government Code is amended to read:

75028.3. Notwithstanding any other provision of law, senior judge status shall terminate at the end of three years, except that the status shall terminate earlier when any of the following occurs:

(a) The judge on senior judge status requests termination.

(b) The judge fails to perform service as assigned.

(c) The Commission on Judicial Performance so orders.

SEC. 16. Section 75033.5 of the Government Code is amended to read:

75033.5. Notwithstanding any other provision of this chapter, any judge with at least five years of service, and prior to the end of the term of office during which he or she attains age 70 may retire, and upon his or her application therefor to the Judges' Retirement System after reaching the age which would have permitted him or her to retire for age and length of service under Section 75025 had he or she remained continuously in service as a judge up to that age, receive a retirement allowance based upon the judicial service as a judge of a court of record, with which he or she is credited, in the same manner as other judges, except as otherwise provided by this section the retirement allowance is an annual amount equal to 3.75 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to his or her discontinuance of his or her service as judge, multiplied by the number of years and fractions of years of service with which the retired judge is entitled to be credited at the time of his or her retirement, not to exceed 20 years.

A judge who renders part-time service after January 1, 1990, shall receive a reduced retirement allowance based upon actual service rendered.

If a judge has served more than five years but less than 12 years, the above percentage of compensation payable shall be reduced 0.25 percent for each year that the service of the judge is less than 12 years. For the purposes of calculating the percentage of compensation payable, part-time service shall be the equivalent of full-time service.

No judge shall be eligible to receive an allowance pursuant to this section until the attainment of at least age 63 unless the judge is credited with 20 years of judicial service and has attained age 60.

The surviving spouse of any judge who has so elected to retire under this section shall receive for life an allowance equal to one-half of the retirement allowance that would be payable to the judge were he or she living and receiving the benefits accorded by this section, commencing with the day following the date of the death, if the judge dies after commencement of receipt of benefits, or the date

the judge would have been able to commence receipt of benefits but for his or her death, if his or her death occurs prior to commencement of receipt of benefits.

An election to retire under this section shall be made in writing and filed with the Judges' Retirement System, and shall be without right of revocation, and upon that filing the judge shall be deemed retired with receipt of benefits deferred until herein provided, and the judicial office from which he or she has retired shall become vacant. The notice and election of retirement shall be sufficient if it states in substance that the judge elects to retire under the benefits of this section.

A judge who leaves his or her office to accept any lucrative office under the United States within the purview of Section 7 of Article VII of the Constitution shall have any benefits receivable hereunder reduced by the amount of any salary or retirement benefits he or she receives by virtue of his or her service in that office.

SEC. 17. Section 75075 of the Government Code is amended to read:

75075. Any judge hereafter retiring pursuant to Section 75025 or 75060 may elect to receive the benefits accorded by this article if he or she retires for service or disability prior to the end of the term of office during which he or she attains the age of 70 years.

Every judge who qualifies under this section shall be deemed to elect to receive the benefits accorded by this article, unless he or she makes an election to the contrary by filing written notice thereof with the Judges' Retirement System at or prior to retirement.

Any judge whose service would qualify him or her for any benefits under this article if the total of the service included an additional 60 days, shall be deemed to have credited to him or her, sufficient service to qualify for the benefit.

SEC. 18. Section 75076 of the Government Code is amended to read:

75076. (a) A judge who qualifies, as prescribed in Section 75075, to receive the benefits accorded by this article shall receive a retirement allowance equal to 65 percent of the salary payable, at the time payment of the allowance falls due, to the judge holding the judicial office to which he or she was last elected or appointed; except that if upon retirement a judge has received credit for 20 or more years of service rendered prior to the expiration of the time within which the judge is eligible to elect to receive the benefits accorded by this article and for which he or she has contributed to the Judges' Retirement Fund his or her retirement allowance shall equal 75 percent of that salary or if he or she retires pursuant to Section 75060 after or while serving in a term of office subsequent to the term of office in which he or she attained the age of 70, his or her retirement allowance shall equal 50 percent unless he or she elects an actuarially reduced allowance based on his or her life and that of his or her spouse as provided under Section 75070.

(b) Any judge retiring after July 7, 1960, who has or shall become

entitled to credit for service as a judge of a court of record prior to the inclusion of the judges of those courts, or of all of those courts, under the Judges' Retirement Law, or as a "judge of an excluded court" as defined by Section 75029, or as a "constitutional officer" or "public legal officer" as defined by Section 75030.5, without having contributed therefor to the Judges' Retirement Fund, may at any time prior to retirement contribute for all or any part of that service by paying into the fund a sum of money computed by applying to the rate of salary which he or she actually received during his or her first year of service as a judge the rate of deduction first applicable to his or her salary as a judge after the inclusion of the judges of his or her court under the Judges' Retirement Law, multiplied by the period of service for which contributions are elected to be made, plus interest at 3 percent a year to the date of his or her payment upon the amounts of the deductions and from the respective dates they would have been made if he or she had been the holder of a judicial office subject to the provisions of the Judges' Retirement Law at the time of the rendition of the services for which he or she has received or hereafter receives that credit.

The amount of any contribution authorized by this subdivision and interest thereon shall be determined by the Judges' Retirement System in accordance with this subdivision.

(c) If the judge retires pursuant to Section 75025, the allowance is payable during the remainder of his or her life; if pursuant to Section 75060, it is payable as provided in Section 75060.6.

SEC. 19. Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code is repealed.

SEC. 20. Section 77200 of the Government Code is amended to read:

77200. (a) Except as provided in subdivisions (d) and (e), the Controller shall transmit to each option county quarterly payments on the block grant owing to that county based upon the number of judges, court commissioners, and referees in the county, as determined pursuant to Section 77202, multiplied each quarter by the following amounts:

(1) For the 1990–91 fiscal year, the sum of forty-four thousand nine hundred forty-four dollars ($44,944).

(2) For the 1991–92 fiscal year and each fiscal year thereafter, the sum of fifty thousand five hundred sixty-two dollars ($50,562), as adjusted pursuant to Section 77201.

(3) Beginning with the 1992–93 fiscal year, it is the intent of the Legislature to increase the block grant by an amount sufficient to fund 55 percent of the annual state trial court budget for court operations. It is the intent of the Legislature that this funding shall increase to 60 percent for the 1993–94 fiscal year, to 65 percent for the 1994–95 fiscal year, and to 70 percent for the 1995–96 fiscal year.

(b) In any year in which the amounts provided pursuant to this section are reduced, a county may reduce total expenditures for court operations by an amount up to but not exceeding the total

dollar amount of the reduction to the county in state block grant funding.

(c) Quarterly payments shall be transmitted by the Controller on or before the 15th day of that quarter, except that payments for the quarter beginning January 1, 1989, shall be made no later than February 15, 1989.

(d) In the event the Budget Act provides additional moneys for trial court funding in excess of the amount required pursuant to subdivision (a), those moneys shall be apportioned to each option county, in the amount indicated in this subdivision for fiscal year 1991–92. These apportionments shall be in addition to those provided for in Section 77200 and shall be allocated by the Controller on a quarterly basis as provided in subdivision (c).

SEC. 59. Section 1463.29 of the Penal Code is repealed.

SEC. 60. Section 1464 of the Penal Code is amended to read:

1464. (a) Subject to Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code, there shall be levied a state penalty in an amount equal to ten dollars ($10) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the state penalties established by this section and Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the state penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state penalty shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty made thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the same and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code shall be deposited in the appropriate county fund and the balance shall then be transmitted to the State Treasury with 70 percent to be deposited in the State Penalty Fund, which is hereby created and 30 percent to remain on deposit in the General Fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.38 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, but in no event shall the total amount be less than

SEC. 61. Section 1464.8 is added to the Penal Code, to read:

1464.8. Notwithstanding any other provision of law, when an allocation and distribution of any fine, forfeiture, penalty, fee, or assessment collected in any criminal case is made, including, but not limited to, moneys collected pursuant to this chapter, Section 13003 of the Fish and Game Code, Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code, and Sections 11372.5 and 11502 of the Health and Safety Code, the allocation and distribution of any payment may be based upon the law in effect during the accounting period when the payment to the court is made.

SEC. 62. Section 97.38 of the Revenue and Taxation Code is amended to read:

97.38. (a) In the County of Ventura, the computations made pursuant to Section 97, for the 1989–90 fiscal year and each year thereafter, shall be modified as follows:

With respect to tax rate areas, except excluded tax rate areas, within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, distribute the amount determined pursuant to the TEA formula to all tax rate areas, except excluded tax rate areas, within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of the property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 98, the auditor shall, for all tax rate areas, except excluded tax rate areas, in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 97 in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 98, the auditor shall for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area, except an

excluded tax rate area, using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 97, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to all tax rate areas, except excluded tax rate areas, of qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated to those tax rate areas in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas, except excluded tax rate areas, within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the amount of funds allocated in each fiscal year to those tax rate areas, except excluded tax rate areas, within a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) (A) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(B) Of the total amount determined in subparagraph (A), the auditor shall compute a proportionate amount to be attributed to all tax rate areas, except excluded tax rate areas, within the community redevelopment agency. That proportionate amount shall be equal to that proportion which the amount determined in paragraph (2) in each fiscal year bears to the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in subparagraph (B) of paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year and each fiscal year thereafter in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(d) For purposes of this section, "excluded tax rate area" means either of the following:

(1) Any tax rate area included in territory annexed by the qualifying city and allocated a prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(2) Any tax rate area described in paragraph (1) which was detached from the county library district and which is also allocated an additional prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(e) (1) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas described in subdivision (d) shall remain in force.

(2) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas which were detached from the county library district but are not included in territory which was annexed by the qualifying city shall remain in force.

(3) All allocations to those tax rate areas described in subdivision (d), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 97 and Section 98.

(4) All allocations to those tax rate areas described in paragraph (2), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 97 and Section 98. However, the tax rate areas referred to in this paragraph shall also be distributed an amount of property tax revenue determined pursuant to the TEA formula which is over and above the amount allocated as provided in the preceding sentence.

(f) "Qualifying city" means any city which incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 97 in the 1988–89 fiscal year which is less than 4 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to all tax rate areas, except excluded tax rate areas, in the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.04, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.04, the city is not a qualifying city.

(g) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(h) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city receives a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (g) and (h), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount which exceeds the city's appropriations limit.

(j) The amount not distributed to tax rate areas, except excluded tax rate areas, of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section which is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) The amount not distributed as a result of this section to the tax rate areas, except excluded tax areas, in each qualifying city shall be

allocated by the auditor to the county.

A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(2) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered

owner is or may be entitled, as security for the deposit of bail for all notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, bail for all notices of parking violations issued for the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for

the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

SEC. 69. Section 22651.7 of the Vehicle Code is amended to read:

22651.7. In addition to, or as an alternative to, removal, any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations, of a city or county in which a vehicle is located may immobilize the vehicle with a device designed and manufactured for the immobilization of vehicles, on a highway located within the territorial limits in which the officer or employee may act if the vehicle is found upon the highway and is known to have been issued five or more notices of parking violation over a period of five or more days to which the owner or person in control of the vehicle has not responded or the registered owner of the vehicle is known to have been issued five or more notices for failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17. The vehicle may be immobilized until that person furnishes to the immobilizing law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle or all traffic violations of the registered owner have been cleared, or both. A notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding or immobilizing of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the immobilizing law enforcement

agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is immobilized. Evidence of current registration shall be produced after a vehicle has been immobilized or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

SEC. 70. Section 40512.6 is added to the Vehicle Code, to read:

40512.6. If a defendant who elects to attend a traffic violator school in accordance with Section 42005 fails to submit proof of completion within the time ordered by the court or any extension thereof, the court may, following notice to the defendant, order that the fee paid by the defendant be converted to bail and declare the bail forfeited. The bail forfeiture under this section shall be distributed as provided by Section 42007. Upon forfeiture of the bail, the court may order that no further proceedings shall be had in the case.

SEC. 71. Section 40610 of the Vehicle Code is amended to read:

40610. (a) (1) Except as provided in paragraph (2), if, after an arrest, accident investigation, or other law enforcement action, it appears that a violation, other than a violation of subdivision (a) of Section 5204, has occurred involving a registration, license, or mechanical requirement of this code, and none of the disqualifying conditions set forth in subdivision (b) exist and the investigating officer decides to take enforcement action, the officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator's promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency.

(2) If any person is arrested for a violation of Section 4454, and none of the disqualifying conditions set forth in subdivision (b) exist, the arresting officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator's promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency. In lieu of issuing a notice to correct violation pursuant to this section, the officer may issue a notice to appear, as specified in Section 40522.

(b) Pursuant to subdivision (a), a notice to correct violation shall be issued as provided in this section or a notice to appear shall be issued as provided in Section 40522, unless the officer finds any of the following:

(1) Evidence of fraud or persistent neglect.

(2) The violation presents an immediate safety hazard.

(3) The violator does not agree to, or cannot, promptly correct the violation.

(c) If any of the conditions set forth in subdivision (b) exist, the procedures specified in this section or Section 40522 are inapplicable, and the officer may take other appropriate enforcement action.

(d) Except as otherwise provided in subdivision (a), the notice to correct violation shall be on a form approved by the Judicial Council and, in addition to the owner's or operator's address and identifying information, shall contain an estimate of the reasonable time required for correction and proof of correction of the particular defect, not to exceed 30 days.

SEC. 72. Section 40611 is added to the Vehicle Code, to read:

40611. Upon proof of correction of an alleged violation of Section 12500, 12951, or 40610 of the Vehicle Code, the clerk shall collect a ten dollar ($10) transaction fee for each case. The fee shall be deposited by the clerk in accordance with Section 68084 of the Government Code, and allocated monthly as follows:

(a) One-third shall be transferred to the issuing local governmental entity for deposit in the general fund of the entity.

(b) One-third shall be transferred to the State Treasury for deposit in the State Penalty Fund established by Section 1464 of the Penal Code.

42007. (a) The clerk of the court shall collect a fee from every person who is ordered or permitted to attend a traffic violator school pursuant to Section 42005 or who attends any other court-supervised program of traffic safety instruction. The fee shall be in an amount equal to the total bail set forth for the eligible offense on the uniform countywide bail schedule. As used in this subdivision, "total bail" means the amount established pursuant to Section 1269b of the Penal Code in accordance with the Uniform Statewide Bail Schedule adopted by the Judicial Council, including all assessments, surcharges, and penalty amounts. Where multiple offenses are charged in a single notice to appear, the "total bail" is the amount applicable for the lesser of the qualifying offenses. However, the court may determine a lesser fee under this subdivision upon a showing that the defendant is unable to pay the full amount.

The fee shall not include the cost, or any part thereof, of traffic safety instruction offered by the school or other program.

(b) Revenues derived from the fee collected under this section shall be deposited in accordance with Section 68084 of the Government Code and allocated monthly as follows:

(1) .

(2) Three-fourths of the amount shall be deposited in the State Treasury.

(3) The remaining amount collected under subdivision (a) shall be deposited in the general fund of the county, provided that in any county in which a fund is established pursuant to Chapter 12 (commencing with Section 76010) of Title 8 of the Government Code, the sum of one dollar ($1) for each fund so established shall

be deposited with the county treasurer and placed in that fund.

(c) As used in this section, "court-supervised program" includes, but is not limited to, any program of traffic safety instruction the successful completion of which is accepted by the court in lieu of adjudicating a violation of this code.

(d) The Judicial Council shall study the minimum eligibility criteria governing drivers seeking to attend traffic violator's school, and report to the Legislature on the advisability of uniform statewide criteria on or before January 1, 1993.

(e) The clerk of the county, in a county that offers traffic school shall include in any courtesy notice mailed to a defendant for an offense that qualifies for traffic school attendance the following statement:

The program shall apply to infraction or misdemeanor violations of the Vehicle Code, except parking violations, upon which a fine or forfeiture was due and payable on or before April 1, 1991.

(b) Any person owing a fine or bail due on or before April 1, 1991, that was imposed for an infraction or misdemeanor violation of the Vehicle Code, except parking violations, may pay to the municipal or justice court the following amount which shall be accepted in full satisfaction of the delinquent fine or bail:

(e) It is the intent of the Legislature in enacting this section to occupy the field and preempt local amnesty programs with respect to fines or forfeitures for infractions and misdemeanor violations of the Vehicle Code. However, this section does not occupy the field or preempt local amnesty programs with respect to parking violations.

SEC. 75. (a) The Judicial Council shall study the economic effects of decriminalizing minor violations of the Vehicle Code, and violations of ordinances, regulations, and provisions of that code governing the standing or parking of vehicles, and report to the Legislature, on or before March 1, 1992, which of those violations, if any, it recommends be decriminalized.

(b) As part of the study conducted in subdivision (a), the Judicial Council shall also examine any possible models or methods for alternative administrative resolution or adjudication of these minor violations and small claims actions outside of an adjudication in an judicial forum. Based on this examination and study, the Judicial Council shall make recommendations on an alternative forum in which to adjudicate these violations and the necessary procedures.

SEC. 76. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor June 30, 1991. Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 255 of the Health and Safety Code is amended to read:

255. The department shall establish uniform standards of financial eligibility for treatment services under the California Children's Services Program, including a uniform formula for the repayment for services rendered by the program. Financial eligibility for treatment services under this program shall be limited to persons in families with an adjusted gross income of forty thousand dollars ($40,000) or less in the most recent tax year, as calculated for California state income tax purposes. However, the director may authorize treatment services for persons in families with higher incomes if the estimated cost of care to the family in one year is expected to exceed 20 percent of the family's adjusted gross income.

Necessary medical therapy treatment services under the California Children's Services Program rendered in the public schools shall be exempt from financial eligibility standards and enrollment fee requirements for such services when rendered to any handicapped child whose educational or physical development would be impeded without such services.

All counties shall use the uniform standards for financial eligibility and enrollment fees established by the department. All enrollment fees shall be used in support of the California Children's Services Program.

SEC. 2. Section 257 of the Health and Safety Code is repealed.

SEC. 3. Section 257 is added to the Health and Safety Code, to read:

257. (a) Beginning September 1, 1991, in addition to any other standards of eligibility pursuant to this article, each family with a child otherwise eligible to receive services under this article shall pay an annual enrollment fee as a requirement for eligibility for services,

except as specified in subdivision (f).

(b) The department shall determine the annual enrollment fee, which shall be a sliding fee scale based upon family size and income, and shall be adjusted by the department to reflect changes in the federal poverty level.

(c) "Family size" shall include the child, his or her natural or adoptive parents, siblings, and other family members who live together and whose expenses are dependent upon the family income.

(d) "Family income" for purposes of this article, shall include the total gross income, or their equivalents, of the child and his or her natural or adoptive parents.

(e) Payment of the enrollment fee is a condition of program participation. The enrollment fee is independent of any other financial obligation to the program.

(f) The enrollment fee shall not be charged in any of the following cases:

(1) The only services required are for diagnosis to determine eligibility for services, or are for medically necessary therapy pursuant to Section 255.3.

(2) The child is otherwise eligible to receive services and is eligible for full Medi-Cal benefits at the time of application or reapplication.

(3) The family of the child otherwise eligible to receive services under this article has a gross annual income of less than 200 percent of the federal poverty level.

(g) Failure to pay or to arrange for payment of the enrollment fee within 60 days of the due date shall result in disenrollment and ineligibility for coverage of treatment services 60 days after the due date of the required payment.

(h) The county shall apply the enrollment fee scale established by the department and shall collect the enrollment fee. The county may arrange with the family for periodic payment during the year if a lump-sum payment will be a hardship for the family. The agency director of California Children's Services may, on a case-by-case basis, waive or reduce the amount of a family's enrollment fee if, in the director's judgment, payment of the fee will result in undue hardship.

(i) By thirty days after the effective date of this section or August 1, 1991, whichever is later, the department shall advance to each county, as a one-time startup amount, five dollars and fifty cents ($5.50) for each county child who was receiving services under this article on June 30, 1990, and who was not a Medi-Cal beneficiary. This one-time payment shall be in addition to the 4.1 percent of the gross total expenditures for diagnoses, treatment and therapy by counties allowed under subdivision (c) of Section 268.

(j) Each county shall submit to the state, as part of its quarterly claim for reimbursement, an accounting of all revenues due and revenues collected as enrollment fees.

SEC. 4. Section 260 of the Health and Safety Code is amended to read:

260. When the department provides, or arranges for the provision of, services to physically handicapped children directly, as in the case of nonresident physically handicapped children, it shall enter into an agreement with parents, guardians or persons responsible for the care of handicapped children for payment of the enrollment fee.

SEC. 5. Section 265 of the Health and Safety Code is repealed.

SEC. 6. Section 265 is added to the Health and Safety Code, to read:

265. (a) (1) Annually, the board of supervisors shall appropriate a sum of money for services for handicapped children of the county, including diagnosis, treatment, and therapy services for physically handicapped children in public schools, equal to 25 percent of the actual expenditures for the county program under this article for the 1990–91 fiscal year, except as specified in paragraph (2).

(2) If the state certifies that a smaller amount is needed in order for the county to pay 25 percent of costs of the county's program from this source. The smaller amount certified by the state shall be the amount which the county shall appropriate.

(b) In addition to the amount required by subdivision (a), the county shall use an amount equal to the amount determined pursuant to subdivision (a) for purposes of this article.

(c) The state shall match county expenditures for this article from funding provided pursuant to subdivisions (a) and (b).

(d) The county may appropriate and expend moneys in addition to those set forth in subdivision (a) and (b) and the state shall match the expenditures, on a dollar-for-dollar basis, to the extent that state funds are available for this article.

(e) Nothing in this section shall require the county to expend more than the amount set forth in subdivision (a) plus the amount set forth in subdivision (b) nor shall it require the state to expend more than the amount of the match set forth in subdivision (c).

SEC. 7. Section 266 of the Health and Safety Code is amended to read:

266. (a) For those counties with a total appropriation of county and state funds not exceeding five hundred thousand dollars ($500,000) and upon the expenditure of county funds equivalent to a county appropriation pursuant to Section 265, the state department may, to the extent funds are available and with the approval of the county, from state-appropriated funds matched on an equal basis with the counties pay for services for cases deemed by it to represent emergencies or cases where medical care cannot be delayed without great harm to the child.

(b) After July 1, 1991, any program change which would expand California Children's Services Program eligibility or benefits shall be developed in consultation with state, county, and provider representatives and shall take into account county needs and

resources.

SEC. 8. Section 267 of the Health and Safety Code is amended to read:

267. The designated county agency shall administer the medical-therapy program in local public schools for physically handicapped children. As provided in Section 265, the state and counties will share in the cost of support of therapist salaries in these schools in the ratio of one dollar ($1) of state funds reimbursed quarterly to one dollar ($1) of county funds. The director shall establish standards for the maximum number of therapists employed in the schools eligible for state financial support in this program, the services to be provided, and the county administrative services subject to reimbursement by the state.

SEC. 9. Section 268 of the Health and Safety Code is amended to read:

268. (a) The state and the counties shall share in the cost of administration of the California Children's Services Program at the local level.

(b) (1) The director shall adopt regulations establishing minimum standards for the administration, staffing, and local implementation of this article subject to reimbursement by the state.

(2) The standards shall allow necessary flexibility in the administration of county programs, taking into account the variability of county needs and resources, and shall be developed and revised jointly with state and county representatives.

(c) The director shall establish minimum standards for administration, staffing and local operation of the program subject to reimbursement by the state.

(d) Until July 1, 1992, reimbursable administrative costs, to be paid by the state to counties, shall not exceed 4.1 percent of the gross total expenditures for diagnosis, treatment and therapy by counties as specified in Section 265.

(e) Beginning July 1, 1992, this subdivision shall apply with respect to all of the following:

(1) Counties shall be reimbursed by the state for 50 percent of the amount required to meet state administrative standards for that portion of the county caseload under this article which is ineligible for Medi-Cal to the extent funds are available in the state budget for the California Children's Services Program.

(2) On or before September 15 of each year, each county program implementing this article shall submit an application for the subsequent fiscal year which provides information as required by the state to determine if the county administrative staff and budget meet state's standards.

(3) The state shall determine the maximum amount of state funds available for each county from state funds appropriated for CCS county administration. If the amount appropriated for any fiscal year in the Budget Act for county administration under this article differs from the amounts approved by the department, each county shall

submit a revised application in a form and at the time specified by the department.

(e) The state department and counties shall maximize the use of federal funds for administration, of the programs implemented pursuant to this article, including using state and county funds to match funds claimable under Title 19 of the Social Security Act.

(4) Restructuring current state and local juvenile justice funding mechanisms in order to provide fiscal and program incentives for the utilization of local juvenile justice treatment and services, including,

but not limited to, the utilization of a negotiated net amount or rate model pursuant to Section 5700 et seq., for payment of costs associated with commitment of wards to the Department of the Youth Authority facilities.

(c) The task force shall be composed of persons knowledgeable in delinquency prevention programs, juvenile justice issues, and alternative juvenile justice models, including representatives of the Department of the Youth Authority, the State Department of Social Services, the Chief Probation Officers Association, the County Supervisors Association of California, the County Welfare Directors Association, the Juvenile Court Judges of California, and county and private nonprofit agencies involved with juvenile justice services. In developing its recommendations, the task force shall consult with representatives of providers of group home care for delinquent minors.

SEC. 12. Section 881.5 is added to the Welfare and Institutions Code, to read:

881.5. (a) If, during the 1991–92 fiscal year, a county receives funds pursuant to Section 17602, the county reduces the capacity of its juvenile homes, ranches, camps, or forestry camps below the capacity for those facilities during the 1990–91 fiscal year, and if during the 12-month period subsequent to the month of reduction, or any subsequent 12-month period, there is an increase of commitments from the county's juvenile court to the Department of the Youth Authority above the number of the commitments during the 1990–91 fiscal year, the county shall contribute to the Department of the Youth Authority an amount equivalent to the actual cost, as determined by the Department of the Youth Authority, of increasing capacity to the fiscal year 1990–91 level or by an amount equal to the increase in commitments from the juvenile court to the Department of the Youth Authority, whichever is more. Any reduction shall be applied to the next payment or payments to which the county is otherwise entitled.

(b) Any county that provides juvenile home, ranch, or camp space to another county pursuant to contract shall not have its entitlement reduced pursuant to this section if it reduces its capacity based on a reduction in the amount of space provided pursuant to the contract.

(c) This section shall not be applicable to a reduction in capacity occurring as a result of an act of God.

(d) This section shall not apply to the County of Alameda if its board of supervisors adopts a resolution on or before June 26, 1991, stating its intent to close a juvenile camp prior to September 1, 1991.

(e) As used in this section, "juvenile home, ranch, camp, or forestry camp" means those facilities established pursuant to Article 24 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code.

SEC. 13. Section 10100 of the Welfare and Institutions Code is amended to read:

10100. It is the intent of the Legislature that counties shall

continue to provide matching funds for county-administered social services programs as these programs are defined by Sections 12251 and 16501 and other services to be provided in accordance with Section 10102.

Nothing in this section shall be construed to affect any matching requirement established upon each county pursuant to Section 12306.

SEC. 14. Section 10101 of the Welfare and Institutions Code is repealed.

SEC. 15. Section 10101 is added to the Welfare and Institutions Code, to read:

10101. For the 1991–92 fiscal year and each fiscal year thereafter, the state's share of the costs of the child welfare program shall be 70 percent of the actual nonfederal expenditures for the program or the amount appropriated by the Legislature for that purpose, whichever is less.

SEC. 16. Section 10101.1 is added to the Welfare and Institutions Code, to read:

10101.1. For the 1991–92 fiscal year and each fiscal year thereafter, the state's share of the costs of the county services block grant requirements shall be 70 percent of the actual nonfederal expenditures or the amount appropriated by the Legislature for that purpose, whichever is less.

SEC. 17. Section 11322 of the Welfare and Institutions Code is amended to read:

11322. (a) The county welfare department shall submit to the department a program budget proposal in conjunction with the administrative cost control plan for Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. The budget proposal shall specify the costs associated with providing the range of services included in the county plan in the most cost-effective manner. The budget proposal shall identify the amount of funds expected to be spent for each component and shall provide supporting detail regarding the caseloads anticipated in each component and the amount to be spent for (1) county employees, by classification, (2) administrative support and overhead, and (3) contracted services and support.

(b) Prior to final approval of the county's budget proposal, the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the

necessary revisions to its program budget to keep program expenditures within the amount of its allocation.

(c) The state share of the nonfederal costs of the Greater Avenues of Independence program shall be 70 percent of the actual nonfederal expenditures for that program or the amount appropriated by the Legislature for that purpose, whichever is less.

SEC. 18. Section 11322.2 of the Welfare and Institutions Code is amended to read:

11322.2. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a revised plan.

(b) Counties shall achieve cost reductions pursuant to a revised plan required by subdivision (a), primarily by reducing the number of participants in the program in a manner consistent with Section 11322.4. Counties may make program efficiencies to the extent those reductions do not threaten the guarantee of services as required by subdivision (b) of Section 11321.2. In its review, the department shall ensure that any efficiencies do not create an effective barrier to participation on the part of current or future clients.

(c) The state share of the nonfederal costs of the Greater Avenues of Independence program shall be 70 percent of the actual nonfederal expenditures for that program or the amount appropriated by the Legislature for that purpose, whichever is less.

SEC. 19. Section 11460 of the Welfare and Institutions Code is amended to read:

11460. (a) Foster care providers shall be paid a per child per month rate in return for the care and supervision of the AFDC-FC child placed with them. The department is designated the single organizational unit whose duty it shall be to administer a state system for establishing rates in the AFDC-FC program. State functions shall be performed by the department or by delegation of the department to county welfare departments.

(b) "Care and supervision" includes food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, liability insurance with respect to a child, and reasonable travel to the child's home for visitation.

(1) For a child placed in a group home, care and supervision shall also include reasonable administration and operational activities necessary to provide the items listed in this subdivision.

(2) For a child placed in a group home, care and supervision may also include reasonable activities performed by social workers employed by the group home provider which are not otherwise considered daily supervision or administration activities.

(c) It is the intent of the Legislature to establish a standardized schedule of rates for group homes, effective July 1, 1990.

(d) Group home rates effective between July 1, 1989, and June 30, 1990, shall be set using current regulations and policies of the department.

(e) A foster care provider that accepts payments, following the effective date of this section, based on a rate established under this section, shall not receive rate increases or retroactive payments as the result of litigation challenging rates established prior to the effective date of this section. This shall apply regardless of whether a provider is a party to the litigation or a member of a class covered by the litigation.

(f) Nothing shall preclude a county from using a portion of its county funds to increase rates paid to family homes and foster family agencies within that county, and to make payments for specialized care increments, clothing allowances, or infant supplements to homes within that county, solely at that county's expense.

SEC. 20. Section 12301 of the Welfare and Institutions Code is amended to read:

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

(b) Each county shall be notified of its allocation and projected caseload by July 31 of each fiscal year, or 30 days after the enactment of the Budget Act, whichever occurs later, and shall submit a plan to the department within 30 days showing how the county intends to keep program expenditures under this article within the amount of its allocation.

(c) Each county shall report all of the following to the department by August 31 of each year:

(1) Information on caseload, including the number of persons who receive 20 or more hours of personal services, between 18 and 20 hours of personal services, the number of persons receiving protective supervision, and the number of cases per age of recipient.

(2) An estimate of the impact on caseload and hours of service in

the In-Home Supportive Services program in the current fiscal year from In-Home Supportive Services referrals made by any of the following programs:

(A) The new linkages program authorized by Chapter 1637 of the Statutes of 1984.

(B) Multipurpose senior service centers.

(C) Adult day health care centers.

(D) Diagnostically related groups and early hospital discharges.

(E) Preadmission screening.

(F) Reported adult abuse.

This estimate shall be based upon referrals from these programs made during the preceding fiscal year.

The county shall also report which methods of outreach are being utilized by the county regarding the availability of services under this article.

When a county does not have the capability of reporting on all cases specified under paragraphs (1) and (2) in a timely manner, the county may report to the department on the basis of a representative sample of cases.

The department shall consider using this information to develop its annual budget request or, should the department decide that a deficiency appropriation is necessary, any deficiency request.

(d) On or before January 10 of each year, the department shall submit a report to the Joint Legislative Budget Committee and the fiscal committees of both houses which includes a compilation by county of the data collected pursuant to paragraphs (1) and (2) of subdivision (c) and, by county (1) the amount allocated at the beginning of the fiscal year, (2) the amount expended during the first three months of the fiscal year, (3) an estimate of total fiscal year expenditures, (4) any reallocation of funds among counties, and (5) a list, by county, of any new programs under subparagraphs (A), (B), (C), and (E) of paragraph (2) of subdivision (c).

(e) This section shall remain operative until July 1, 1992, and on and after that date, shall remain inoperative until July 1, 1994, at which date, this section shall become operative.

SEC. 21. Section 12301 is added to the Welfare and Institutions Code, to read:

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with the appropriation provided for those services in the annual Budget Act and this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article

except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

(b) Each county shall be notified of its allocation and projected caseload by July 31 of each year or 30 days after enactment of the annual Budget Act, whichever occurs later, and shall submit a plan to the department within 30 days showing how the county intends to keep program expenditures under this article within the amount of its allocation.

(c) (1) The department may reallocate funds from the existing appropriation to forestall the requirement of any service reductions on a county-by-county basis.

(2) If, during any fiscal year, a county cannot keep expenditures within the amount of its allocation plus any required matching funds, the county may reduce services on the basis of a case-by-case assessment of each recipient's level of need and living situation, upon notification to the department of the county's intention to reduce services.

(d) (1) If a county elects to implement service reductions pursuant to subdivision (c), the levels shall be calculated to reduce services only by an amount which would enable the county to remain within its allocation, together with required matching funds.

(2) None of the service reductions authorized by this section may be made for applicants or recipients for whom the reduction of services would result in imminent out-of-home placement.

(e) Counties shall use the following priorities in the implementation of any needed program reductions:

(1) Reduction in the frequency with which nonessential services are provided.

(2) Elimination of nonessential service categories.

(3) Termination or denial of eligibility to persons requiring only domestic services.

(4) Termination or denial of eligibility to persons who, in the absence of services, would not require placement in a medical out-of-home care facility.

(5) Per capita reduction in the cost of services authorized.

(f) Any program reductions shall be implemented so as to avoid, to the extent feasible within budgetary constraints, out-of-home placements.

(g) Counties shall use the options authorized by subdivision (e) in the order they are listed therein. In no event shall services be terminated or denied to any eligible person who in the absence of such services would become unemployed.

(h) (1) For purposes of this section "nonessential services"

means routine mending, ironing, heavy cleaning, domestic services, yard hazard abatement, except for snow removal, teaching and demonstration, and any other services specified by the department.

(2) Restrictions on nonessential services shall be excepted on a case-by-case basis when denial or termination of such services would result in placement in an out-of-home facility or in a loss of employment, in a life threatening situation in conditions which represent a substantial threat to health or safety, or in any other condition specified by the department.

(3) Essential services shall, at a minimum, include those services listed in subdivision (e) of Section 12304.

(i) The department shall notify the Joint Legislative Budget Committee and the fiscal committees of each house of the Legislature by January 10 of each year of any county which is required to implement service reductions pursuant to this section.

This section shall be effective from July 1, 1992, until June 30, 1994.

SEC. 22. Section 12306 of the Welfare and Institutions Code is repealed.

SEC. 23. Section 12306 is added to the Welfare and Institutions Code, to read:

12306. (a) The state and counties shall share the annual cost of providing services under this article as specified in this section.

(b) Except as provided in subdivision (c) the state shall pay to each county, from the General Fund and any federal funds available for that purpose 65 percent of the cost of providing services under this article, and each county shall pay 35 percent of the cost of providing those services.

(c) (1) For the period of July 1, 1992 to June 30, 1994, inclusive, the state's share of the cost of providing services under this article shall be limited to the amount appropriated for that purpose in the annual Budget Act.

(2) It is the intent of the Legislature that any deficiency required for 1991–92 for the In-Home Supportive Services program shall be offset against the amount appropriated for this program in the 1992–93 fiscal year. To the extent possible, any savings realized from implementation of the personal care option under the Federal Medicaid Program Title XIX of the Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code) shall be used to offset any deficiency in the 1991–92 fiscal year the In-Home Supportive Services program.

SEC. 24. Section 12309 of the Welfare and Institutions Code is repealed.

SEC. 25. Section 12309 is added to the Welfare and Institutions Code, to read:

12309. (a) In order to assure that in-home supportive services are delivered in all counties in a uniform manner, the department shall develop a uniform needs assessment tool.

(b) (1) Each county shall, in administering this article, use the uniform needs assessment tool developed pursuant to subdivision (a)

in collecting and evaluating information.

(2) For purposes of paragraph (1), "information" includes, but is not limited to, all of the following:

(A) The recipient's living environment.

(B) Alternative resources.

(C) The recipient's functional abilities.

(c) (1) The uniform needs assessment tool developed pursuant to subdivision (a) shall evaluate the recipient's functioning in activities of daily living and instrumental activities of daily living.

(2) The recipient's functioning shall be quantified, using the general hierarchical five-point scale for ranking each function, as specified in subdivision (d).

(d) The recipient's functioning ranks shall be as follows:

(1) Rank one. A recipient's functioning shall be classified as rank one if his or her functioning is independent, and he or she is able to perform the function without human assistance, although the recipient may have difficulty in performing the function, but the completion of the function, with or without a device or mobility aid, poses no substantial risk to his or her safety.

(2) Rank two. A recipient's functioning shall be classified as rank two if he or she is able to perform a function, but needs verbal assistance, such as reminding, guidance, or encouragement.

(3) Rank three. A recipient's functioning shall be classified as rank three if he or she can perform the function with some human assistance, including, but not limited to, direct physical assistance from a provider.

(4) Rank four. A recipient's functioning shall be classified as rank four if he or she can perform a function, but only with substantial human assistance.

(5) Rank five. A recipient's functioning shall be classified as rank five if he or she cannot perform the function, with or without human assistance.

SEC. 26. Section 12309.5 is added to the Welfare and Institutions Code, to read:

12309.5. (a) (1) The Secretary of Health and Welfare shall convene a working task force of representatives of the counties, client advocates, and other state departments as the secretary deems appropriate to the following ends:

(A) To recommend the proper role of the In-Home Supportive Services program (IHSS) in the long-term care continuum, including, but not limited to, the following long-term care programs: Meals on Wheels, Congregate Meal Services, Multipurpose Senior Services Projects, Linkages, adult day health care, Alzheimer's day care respite programs, regional centers, Adult Protective Services, home health agencies, and other Medi-Cal funded services including acute hospitalizations and skilled nursing facilities.

(B) To explore the feasibility of using the uniform assessment tool developed pursuant to Section 12309 to determine an individual's functional level and need for long-term care services as a means of

eliminative duplicative assessments.

(C) To maximize federal medicaid funds under subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code for community-based long-term care.

(D) To develop recommendations for coordination of all services in the long-term care continuum, including, but not limited to, pre- and post-admission screening for skilled nursing facilities, giving consideration to the approach utilized by the Linkages program, capitated long-term care systems, and the Multipurpose Senior Services Program.

(E) To make recommendations for improving the delivery of long-term care services in a manner which reduces the overall costs for long-term care and avoids placements in expensive and inappropriate institutions and the role IHSS would have in accomplishing these improvements.

(F) To review program policies and procedures to recommend IHSS program efficiencies and improvements.

(2) In performing the tasks listed in paragraph (1), the task force shall consult with employee and agency providers of long-term care services.

(b) The secretary shall report by January 31, 1992, to the chairs of the appropriate policy and fiscal committees of the Legislature on proposals for legislative action necessary to implement recommendations for IHSS program efficiencies and improvements.

(c) The secretary shall investigate the feasibility of maximizing federal funds by pursuing medicaid matching funds for the In-Home Supportive Services program as a personal care service, to the extent that it provides net revenue to the state. It is the intent that any federal funding acquired on this basis shall be first dedicated to defray the cost of any program deficiency in the In-Home Supportive Services program.

SEC. 27. Section 15200 of the Welfare and Institutions Code, as amended by Section 7 of Chapter 1294 of the Statutes of 1989, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting available federal funds, the following sums:

(a) To each county for the support and maintenance of needy children, 95 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e) of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 95 percent of the sums specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the support and maintenance of needy children, 40 percent of the sum necessary for the adequate care of each child pursuant to subdivision (d) of Section 11450.

(d) To each county for the support and care of hard-to-place adoptive children, 75 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall remain in effect only until July 1, 1995, or until two years after the implementation of the Child Welfare Services Case Management System as specified in Section 16501.5, whichever occurs last, and as of that date is repealed, unless a later enacted statute which is chaptered before July 1, 1990, or two years after the implementation of the Child Welfare Services Case Management System, deletes or extends that date.

SEC. 28. Section 15200 of the Welfare and Institutions Code, as amended by Section 8 of Chapter 1092 of the Statutes of 1987, is repealed.

SEC. 29. Section 15200 of the Welfare and Institutions Code, as amended by Section 19 of Chapter 1294 of the Statutes of 1989, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting federal funds available, the following sums:

(a) To each county for the support and maintenance of needy children, 95 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e), of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 95 percent of the sum specified in subdivisions (b) and (c) of Section 11450.

(c) For the adequate care of each child pursuant to subdivision (d) of Section 11450, as follows:

(1) For any county which meets the performance standards or outcome measures in Section 11215, an amount equal to 40 percent of the sum necessary for the adequate care of each child.

(2) For any county which does not meet the performance standards or outcome measures in Section 11215, an amount which shall not be less than 67.5 percent of one hundred twenty dollars ($120), and multiplied by the number of children receiving foster care in the county, added to an additional twelve dollars and fifty cents ($12.50) a month per eligible child.

(3) The department shall determine the percentage of state reimbursement for those counties which fail to meet the requirements of subparagraph (1) according to the regulations required by subdivision (b) of Section 11215.

(d) To each county for the support and care of hard-to-place adoptive children, 75 percent of the nonfederal share of the amount specified in Section 16121.

(e) The State Department of Social Services shall not implement any change in the current funding ratios to counties as a reimbursement for out-of-home care placement until the development of a new performance standard system. The State Department of Social Services shall notify the Department of Finance when the new performance standard system is developed and ready for implementation. The Department of Finance, pursuant to the provisions of Section 28 of the Budget Act, shall notify the Joint Legislative Budget Committee in writing of its intent to

implement a new performance standard that would impact the counties' funding allocation. The notification shall include the text of the draft regulations to implement the performance standards. Any adjustment in the county funding allocation shall not be implemented sooner than 60 days after receipt and review of the new performance standard by the Joint Legislative Budget Committee and a review of the proposed changes by the Legislative Analyst.

(f) This section shall become operative on July 1, 1995, unless the Child Welfare Services Case Management System is not implemented statewide July 1, 1993, as specified in Section 16501.5. If the Child Welfare Services Case Management System is implemented later than July 1, 1993, this section shall become operative two years after the implementation of the Child Welfare Services Case Management System.

SEC. 30. Section 15204.2 of the Welfare and Institutions Code is amended to read:

15204.2. The state shall pay 70 percent of the nonfederal administrative costs of administering AFDC grants subject to Sections 15204.5 and 15204.6, but not including activities related to the collection of support from noncustodial parents and the determination of paternity in the case of a child born out of wedlock. In the event that the federal government does not provide funding for the non-AFDC collection of child support from noncustodial parents and the non-AFDC determination of paternity in the case of a child born out of wedlock, the state shall pay 75 percent of the non-AFDC administrative costs. The state shall pay 70 percent of the nonfederal share of the cost of eligibility and nonservice staff development pursuant to the regulations of the department.

SEC. 31. Section 16500.5 of the Welfare and Institutions Code is amended to read:

16500.5. (a) (1) The Legislature hereby finds and declares its intent to encourage the continuity of the family unit by:

(A) Providing services to families to avoid or limit out-of-home placement of children through a family preservation program serving children who are at imminent risk of placement and would be eligible for AFDC-FC if they were placed out of their own homes.

(B) Providing supportive services for those children within the meaning of Sections 361 and 364 when they are returned to the family unit or when a minor will probably soon be within the jurisdiction of the juvenile court pursuant to Section 330.

(C) Providing counseling and support designed to eradicate the situation that necessitated intervention.

(2) The Legislature finds that maintaining abused and neglected children in foster care grows increasingly costly each year, and that adequate funding for family services which might enable these children to remain in their homes is not as readily available as funding for foster care placement.

(3) The Legislature further finds that other state bodies have

addressed this problem through various systems of flexible reimbursement in child welfare programs that provide for more intensive and appropriate services to prevent foster care placement or significantly reduce the length of stay in foster care.

(4) Accordingly, it is the intent of the Legislature in enacting this section to establish a system of flexible reimbursement in order to evaluate its potential as an efficient, economical, and effective alternative to out-of-home placement of children.

(b) (1) (A) (i) Any county, subject to the approval of the State Department of Social Services, may claim, on an annual basis, a portion of the state's share of that county's AFDC-FC expenditures pursuant to subdivision (d) of Section 11450 in advance, provided the county conducts a program of family reunification and family maintenance services for families receiving these services pursuant to Sections 300, 330, 361, and 364.

(ii) The department or a participating county may terminate a county's participation in the program upon 30 days' notice if the project is deemed unsuccessful by either party.

(iii) For each fiscal year, a participating county may claim in advance an amount up to 10 percent of the projected state's share of AFDC-FC funds to be expended by that county pursuant to subdivision (d) of Section 11450.

(iv) The specific amount of funds to be advanced each year shall be determined by projecting the state share of AFDC-FC General Fund expenditures, for abused or neglected children supervised and placed by the county welfare department for each of the program years based upon state expenditures for AFDC-FC for the previous five years.

(B) If the county's total AFDC-FC General Fund expenditures, added to the amount expended from the advance to the county exceeds, by more than 5 percent, the county's total projected AFDC-FC General Fund expenditures for that fiscal year, the county shall fund that portion of the overage in excess of 5 percent on a 100 percent basis. If the sum of a participating county's total AFDC-FC General Fund expenditures for their children, added to the amount expended from the advance to the county, is less than the total projected AFDC-FC General Fund expenditures for their children for that fiscal year, the county shall receive 25 percent of the amount of the savings.

(2) A participating county's share of expenditures in excess of the projected total may be reduced upon approval of the department and the Department of Finance based on consideration of any unanticipated factors which result in higher than projected AFDC-FC expenditures.

(3) Services which may be provided under this program may include, but are not limited to, counseling, parenting, respite, day treatment, transportation, and homemaking. Additional services may include those enumerated in Sections 16506.1 and 16507.1. The services to be provided pursuant to this section may be determined

by each participating county. Each county may contract with individuals and organizations for services to be provided pursuant to this section.

(4) (A) Participating counties authorized by this subdivision shall provide specific programs of direct services based on individual family needs as reflected in the service plans to families of the following:

(i) Children who are dependent children not taken from physical custody of their parents or guardians pursuant to Section 364.

(ii) Children who are dependent children removed from the physical custody of their parents or guardian pursuant to Section 361.

(iii) Children who it is determined will probably soon be within the jurisdiction of the juvenile court pursuant to Section 330.

(B) The county welfare department social worker may return a dependent minor removed from the home pursuant to Section 361, with appropriate program services, pursuant to an appropriate court order.

(5) The services shall only be provided to families whose children are certified by a juvenile court judge to be children who will be placed in out-of-home care without the provision of services or to be children who can be returned to their families with the provision of services.

(6) The services selected by any participating county shall be reasonable and meritorious and shall demonstrate cost effectiveness and success at avoiding out-of-home placement, or reducing the length of stay in out-of-home placement. A county shall not expend more funds for services under this subdivision than that amount which would be expended for placement in out-of-home care.

(7) The program in each county shall be deemed successful if at least 75 percent of the children receiving services remain in their own home for six months after termination of services, and if 60 percent remain at home one year after services are terminated. With respect to children selected to receive services who have already been removed from their home and placed in out-of-home care, the county program shall be deemed successful if the average length of stay in out-of-home care is 50 percent less than the average length of stay in out-of-home care of children who do not receive program services.

(8) Funds used for services provided under this section shall supplement, not supplant, child welfare services funds available for services pursuant to Sections 16506.1 and 16507.1.

(9) Each county participating in the program authorized by this section may, subject to the approval of the department, continue to utilize the advance fund-claiming mechanism specified in paragraph (1) if it demonstrates the successful outcome of the county program, based on the criteria for success specified in paragraph (7).

(10) The department shall submit a report to the Legislature that includes data from each participating county demonstrating to what extent each has met the criteria specified in this section. An interim

report shall be submitted by the department no later than six months after the conclusion of the three pilot projects with a final report to be submitted after pilot project completion. Programs authorized after the original pilot projects shall submit data to the department upon the department's request. Subsequent reports to the Legislature on the programs administered pursuant to this section shall be included with the child welfare system report to the Legislature.

(c) A county welfare department social worker or probation officer may, pursuant to an appropriate court order, return a dependent minor or ward of the court removed from the home pursuant to Section 361 to his or her home, with appropriate interagency family preservation program services.

(d) State foster care funds shall remain within the administrative authority of the county welfare department and shall be used only for placement services or placement prevention services or county welfare department administrative cost related to the interagency family preservation program.

(e) To the extent permitted by federal law, any federal funds provided for services to families and children may be utilized for the purposes of this section.

(b) All of these family preservation programs shall be implemented and administered in accordance with Section 16500.5.

(c) The department shall only approve participation of any county that was not participating in the program, pursuant to subdivision (b) of Section 16500.5, on September 21, 1990, if the county has a high probability of success and if the majority of the family preservation projects are deemed successful, based on criteria set forth in paragraph (7) of subdivision (b) of Section 16500.5.

(d) Not more than 24 additional counties per year may participate pursuant to this section.

(e) Any county which participates in the program pursuant to this section on or after the effective date of the act which amends this section in the 1991 calendar year shall provide services to children who have been adjudged wards of the court pursuant to Sections 601 and 602 only to the extent approved by the department.

(b) It is the intent of the Legislature in developing and implementing a statewide Child Welfare Services Case Management System to minimize the administrative and systems barriers which inhibit the effective provision of services to children and families by applying current technology to the systems which support the provision and management of child welfare services. (7) Utilize the child welfare services functionality defined in current and planned automated systems as the foundation for the development of the technical requirements for the Child Welfare Services Case Management System.

(c) It is the intent of the Legislature that the Child Welfare Services Case Management System shall provide the required comprehensive and detailed individual county data needed by the department to implement and monitor the performance standards system specified in Section 11215.

(d) If the Child Welfare Services Case Management System is not implemented statewide by July 1, 1993, Section 15200, which provides for State Treasury appropriations equal to 40 percent of the

17000.5. (a) The board of supervisors in any county may adopt a general assistance standard of aid that is 62 percent of a guideline that is equal to the 1991 federal official poverty line and may annually adjust that guideline in an amount equal to any adjustment provided under Chapter 2 (commencing with Section 11200) of Part 3 for establishing a maximum aid level in the county.

(b) The adoption of a standard of aid pursuant to this section shall constitute a sufficient standard of aid.

(c) Nothing in this section is intended to abrogate preexisting settlements.

CHAPTER 12.9. REGULATORY FLEXIBILITY FOR ADULT SOCIAL SERVICES

18988. (a) In order to ensure maximum flexibility in providing adult social services programs administered by the State Department of Social Services, including, but not limited to, In-Home Supportive Services and adult protective services, and that are impacted by the realignment of state and county services by the act that added this chapter, a county may submit to the Director of Social Services a request to waive existing state regulations which hinder the coordination and provision of services.

(b) Any county may appeal any negative decision regarding a requested waiver of state regulations submitted pursuant to subdivision (a) that is made by the Director of Social Services to the Secretary of the Health and Welfare Agency.

18988.05. Any request under this chapter shall contain, at a minimum, all of the following:

(c) There is no loss of federal financial participation.

(d) The Secretary of the Health and Welfare Agency shall notify the appropriate policy committees and fiscal committees of the Legislature no later than 30 days before any waiver or waivers granted pursuant to this chapter take effect.

SEC. 38. The Legislature finds and declares that a special law pursuant to Section 881.5 Welfare and Institutions Code is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the County of Alameda. The facts constituting the special circumstances are:

Due to serious fiscal constraints, plans were under way within the County of Alameda to close one county juvenile ranch prior to the enactment of this act. However, in order to ensure an orderly transition of wards in camp placement, an additional period of time is necessary beyond the time limitations imposed by this statute.

SEC. 39. (a) In the event of a determination by the Commission on State Mandates, which is not appealed by the Director of Finance in accordance with subdivision (c), or a final judicial determination by a California court of appellate jurisdiction that any provision of this act is a state-mandated local program requiring state reimbursement to a local agency or school district within the meaning of Section 6 of Article XIII B of the California Constitution, the provisions of this act shall become inoperative 60 days following

the date on which the Commission on State Mandates adopts an estimated statewide cost of reimbursement pursuant to such a commission decision finding a state mandate, or following the date on which the first such judicial determination becomes final.

(b) This section shall be operative only in the event that the estimated statewide cost of reimbursement exceeds one million dollars ($1,000,000) per year. The estimated cost of reimbursement for purposes of this one million dollar ($1,000,000) limitation shall be determined by reference to the estimated statewide cost of the mandate adopted by the Commission on State Mandates if the estimate is made and adopted. If the commission has adopted no such report, the estimated statewide cost of reimbursement shall be determined by the Director of Finance.

(c) This act shall not become inoperative pursuant to subdivision (a) if the Director of Finance files a written Notice of Intent to Appeal with the Commission on State Mandates within 60 days of the adoption of an estimated statewide cost of reimbursement pursuant to a decision by the commission finding that any of the provisions of this act is a state-mandated local program requiring reimbursement within the meaning of Section 6 of Article XIII B of the California Constitution. The Notice of Intent to Appeal specified by this subdivision shall consist of a written notice setting forth the intention of the Director of Finance to seek judicial review of the decision of the Commission on State Mandates that is received by the commission within the time specified.

SEC. 40. (a) In the event of a final judicial determination by a California court of appellate jurisdiction that the revenues collected pursuant to Sections 6051.2 and 6201.2 of the Revenue and Taxation Code are General Fund proceeds of taxes which may be appropriated pursuant to Article XIII B of the California Constitution or allocated local proceeds of taxes as used in paragraph (2) of subdivision (b) of Article XVI of the California Constitution, then Sections 6051.2 and 6201.2 of the Revenue and Taxation Code shall cease to be operative on the first day of the first month of the calendar quarter following notification to the State Board of Equalization by the Department of Finance of the determination.

(b) Any amendments to the Vehicle License Fee Law, in the 1991–92 Regular Session, which result in an increase in the vehicle license fee paid, shall cease to be operative on the first day of the month following the month in which the Department of Motor Vehicles is notified by the Department of Finance of a final judicial determination by a California court of appellate jurisdiction of either of the following:

(1) The allocation of funds from the Vehicle License Account or the Growth Account from the Local Revenue Fund established during the 1991–92 Regular Session is in violation of Section 15 of Article XI of the California Constitution.

(2) The state is obligated to reimburse counties for costs of providing medical services to medically indigent adults pursuant to

Chapters 328 and 1594 of the Statutes of 1982.

SEC. 41. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 42. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely provide for the establishment of the programs required by this bill, it is necessary that this act take effect immediately.

(2) All funds appropriated shall be identified as either expended, payable, encumbered (exclusive of payables), or unencumbered, as further defined by the California Fiscal Advisory Board, and the total of these shall equal the total appropriation.

SEC. 2. Section 14159 of the Welfare and Institutions Code is repealed.

SEC. 3. This act shall become operative on July 1, 1991.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 93

An act to amend Section 4646 of the Welfare and Institutions Code, relating to developmental disabilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1991. Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 4646 of the Welfare and Institutions Code is amended to read:

4646. On and after January 1, 1977, an individual program plan may be developed for any person who, following intake and assessment, is found to be eligible for, and in need of, such a plan. These plans shall be completed within 60 days of the completion of the assessment.

Individual program plans shall be prepared jointly by one or more representatives of the regional center, the developmentally disabled person, and where appropriate, the person's parents, legal guardian, or conservator.

The program plan shall include the following:

(a) An assessment of the developmentally disabled person's specific capabilities and problems. The regional centers, in cooperation with the department, shall adopt an approved list of tests to be used by all regional centers in making these assessments. The test or tests used shall have been determined to be reliable and valid by acceptable statistical methods.

(b) A statement of specific, time-limited objectives for improving

the capabilities and resolving the problems of the person. These objectives shall be stated in measurable terms which allow measurement of progress.

(c) A schedule of the type and amount of services to achieve program plan objectives, including identification of the provider or providers of service responsible for attaining each objective.

(d) A schedule of regular periodic review and reassessment to ascertain that planned services have been provided and that objectives have been reached within the times specified. The same test or tests used to measure client capabilities and problems shall be used for review and reassessment.

(e) All individual program plans shall be reviewed and modified by one or more regional center representatives and the person, and where appropriate, the person's parents, legal guardian, or conservator, as necessary, in response to the person's achievement or changing needs, and no less often than once every three years.

The state department, with the participation of regional center personnel, shall prepare a standard format for the preparation of individual program plans, which shall be used by all regional centers.

(f) If regional centers determine that review of an individual program plan is not necessary during the 1991–92 fiscal year, the regional centers shall provide written notice to the persons with developmental disabilities, and where appropriate, the person's parents, legal guardian, or conservator, of the determination. If the person with developmental disabilities or an authorized representative requests a review no later than 10 days after receipt of the regional center notice, the individual program plan shall be reviewed.

SEC. 2. (a) For the 1991–92 fiscal year, the regional center operations budget line item shall be reduced by 50 percent of the total unallocated reduction. The remainder of the unallocated reduction shall be applied to the regional center purchase of services budget line item. That application is not intended to reduce the current level of services being provided to regional center clients. Therefore, regional centers shall implement innovative, cost-effective methods of service delivery, including, but not limited to, the use of vouchers, client/parent case managers, and alternative sources of payment for services.

(b) On or before July 15, 1991, the Department of Developmental Disabilities shall provide regional centers with a variety of options for reducing operations and service costs.

(c) On or before August 1, 1991, each regional center shall develop and submit a plan to the department describing in detail how it intends to implement the unallocated reduction and achieve savings necessary to provide services to eligible clients throughout the contract term within the limitations of the funds allocated.

(d) Prior to adopting the plan, each regional center shall hold a public hearing in order to receive comment on the plan. The regional centers shall provide public notice to the community at least

seven days in advance of the public hearing. The plan submitted to the department shall emphasize, but not be limited to, (1) innovative and cost-effective methods of service delivery that include, but are not limited to, the use of vouchers; restructuring of case management services, including client/parent case managers; and alternative sources of payment for services; (2) maximizing all alternative funding sources, including federal and generic funding sources and; (3) assurances that all other operations expenditure reductions are considered before any reductions are made in nonsupervisory, case management staff.

(e) Each regional center shall implement those components of its plan authorized by statute upon approval of the department.

(f) The department shall review and approve all or portions of the regional centers' plans by September 1, 1991.

(g) Notwithstanding any other provision of law, the Director of Developmental Services may temporarily adopt, amend, or suspend regulations as necessary to allow regional centers to implement their cost reduction plans without adversely affecting client health or safety, or placing persons with disabilities in more restrictive environments. Furthermore, any such adoption, amendment, or suspension shall not authorize categorical reductions in services. It is the intent of the Legislature that any such action be deemed an emergency necessary for the immediate preservation of the public peace, health, and safety or general welfare for purposes of subdivision (b) of Section 11346 of the Government Code.

(h) Developing and implementing the plan shall be considered a contractual obligation pursuant to Section 4635 of the Welfare and Institutions Code. Accordingly, the department shall make reasonable efforts to assist regional centers in fulfilling their contractual obligations and provide technical assistance as necessary. In addition, a regional center's failure to develop and implement the plan may be considered grounds for contract termination or nonrenewal. If at any time the director of the department determines that a regional center's plan does not adequately address the funding deficiency during the contract period, the director may require the use of operational funds to reduce the deficiency in purchase of services funds.

(i) Any unexpended funds in excess of the unallocated reduction amount shall be distributed within the regional center budget as follows:

(1) Twenty-five percent shall be applied to offset the operations share of the unallocated reduction.

(2) Seventy-five percent shall be used for the development and purchase of services within the community for persons currently inappropriately residing in state developmental centers who are waiting for community placement or for those persons living in the community who are at risk of being institutionalized.

(j) This section shall remain operative only during the 1991–92 fiscal year.

SEC. 3. The Legislature shall hold public hearings, at least quarterly through the 1991–92 fiscal year, to review the plans and activities of the State Department of Developmental Services and of the regional centers toward the accomplishment of the intent and goals of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The purpose of this act is to provide budget cuts to help meet the serious anticipated deficit for the 1991–92 fiscal year. Implementing the provisions of this act require development of plans to accommodate budget reductions in developmental disabilities programs, which require time to implement. In order for this act to be operative the entire 1991–92 fiscal year and so facilitate the orderly adjustment of developmental disabilities programs, it is necessary that this act take effect immediately.

(b) Designation of a contract as prepaid shall not preclude the department from negotiating contract arrangements that provide for reimbursement to a contractor on a postpayment basis.

SEC. 15. The cost incurred for the managed care program established by this act shall be offset through savings in Medi-Cal local assistance and state operations budgets.

SEC. 16. The following amounts are hereby transferred between items of the Budget Act of 1991 for the implementation of the managed care program established by this act:

Moreover, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Also, notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 96

An act to amend Section 12303.5 of, to amend, repeal, and add Section 12304 of, and to amend and repeal Section 12303.4 of, the Welfare and Institutions Code, relating to in-home supportive services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1991 Filed with Secretary of State June 30, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The In-Home Supportive Services program is the backbone of the state's long-term care policy, helping persons to remain independent and to avoid institutionalization.

(b) Providers of in-home supportive services generally earn only the minimum wage and receive few, if any, benefits.

(c) Provider turnover in the In-Home Supportive Services program is high, with over one-half of the workforce leaving the In-Home Supportive Services program in a year or less.

(d) The high turnover in the In-Home Supportive Services program disrupts the continuity of care for older persons and persons with disabilities, who rely on the In-Home Supportive Services program to remain safely in their homes.

(e) Many individual providers of in-home supportive services have remained with the In-Home Supportive Services program for many years and deserve to be compensated more adequately.

SEC. 2. It is the intent of the Legislature to enhance provider recruitment through incentives such as wage level increases, so that the growing population of seniors and persons with disabilities will be able to draw on an adequate provider workforce so that they are able to receive the necessary services to enable them to remain safely in home.

SEC. 3. By the enactment of this act, it is the intent of the Legislature to improve the continuity of care for recipients of in-home supportive services.

SEC. 4. Section 12303.4 of the Welfare and Institutions Code is amended to read:

12303.4. (a) (1) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), and who is not described in Section 12304, shall receive services under this article which do not exceed the maximum of 195 hours per month in the individual provider mode of service delivery. In no event shall recipients experience a reduction in the number of hours they were receiving during the month of June 1990, without a reassessment of need.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number of service hours per month to 195 hours times the statewide wage rate per hour for the individual provider mode as calculated by the department and by dividing this product by the hourly cost of the mode of service to be provided.

(b) (1) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e) of Section 12304, shall be eligible to receive services under this article, the total of which shall not exceed a maximum of 283 hours per month in the individual provider mode of service delivery. In no event shall recipients experience a reduction in the number of hours they were receiving during the month of June 1988, without a reassessment of need.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number of service hours per month to 283 hours times the statewide wage per hour for the individual provider as calculated by the department and dividing this product by the hourly cost rate of the mode of service to be provided.

(c) This section shall remain operative only until July 1, 1992, shall

remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 5. Section 12303.5 of the Welfare and Institutions Code is amended to read:

12303.5. Except as provided in Sections 12303.6 and 12304, no one individual recipient shall receive services under this article, the total cost of which exceeds eight hundred twenty-nine dollars ($829) in any one month. The eight hundred twenty-nine dollars ($829) maximum specified under this section shall be adjusted annually to reflect cost-of-living changes occurring subsequent to January 1, 1990, so that the first such adjustment becomes effective July 1, 1991. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$ 5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and

(2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the maximum payment in effect during the month of June preceding the fiscal year in which the adjustments are to occur, and, notwithstanding Section 11017.1, the product rounded down to the nearest dollar. The resultant amount shall constitute the new maximum payment.

(g) This section shall not be operative until July 1, 1992.

SEC. 6. Section 12304 of the Welfare and Institutions Code is amended to read:

12304. (a) An individual who is eligible for services subject to the maximum amount specified in subdivision (b) of Section 12303.4 and who is capable of handling his or her own financial and legal affairs shall be given the option of hiring and paying his or her own provider of in-home supportive services. For this purpose the individual shall be entitled to receive a monthly cash payment in advance not to exceed an amount to reimburse providers for the maximum amount of hours specified in subdivision (b) of Section 12303.4, which is in addition to his or her grant, if any. An individual who is not capable of handling his or her own financial and legal affairs shall be entitled to receive the cash payment through his or her guardian, conservator, or protective payee.

(b) In no event shall the maximum total cost for services and advance cash payment for one individual recipient under subdivision (b) of Section 12303.4 and subdivision (a) exceed an amount to reimburse providers for the maximum hours specified in subdivision (b) of Section 12303.4.

(c) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

(d) For purposes of subdivision (b) of Section 12303.4, a recipient who is eligible for services subject to the maximum amount specified in subdivision (b) of Section 12303.4 is one who requires in-home supportive care of at least 20 hours per week to carry out any or all of the following:

(1) Routine bodily functions, such as bowel and bladder care and respiration assistance.

(2) Dressing, oral hygiene, and grooming.

(3) Preparation and consumption of food and meal cleanup for individuals who require assistance with the preparation and consumption of food.

(4) Moving into and out of bed, other assistance in transferring, turning in bed, and other repositioning.

(8) Paramedical services.

(9) Any other function of daily living as determined by the director.

This determination of need shall be supported by a medical report when requested and shall be prepared at the expense of the State Department of Social Services.

(e) This section shall remain operative only until July 1, 1992, shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 7. Section 12304 is added to the Welfare and Institutions Code, to read:

12304. (a) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e), shall be eligible to receive services under this article, the total cost of which does not exceed one thousand two hundred three dollars ($1,203) per month, plus adjustments reflecting cost-of-living changes subsequent to January 1, 1990, as determined under Section 12303.5, so that the first such adjustment becomes effective July 1, 1991. Increases in the maximum amount payable under this section shall not be construed to mean automatic increases in the amounts payable under this article.

(b) An individual who is eligible for services subject to the maximum amount specified in subdivision (a) and who is capable of handling his or her own financial and legal affairs shall be given the option of hiring and paying his or her own provider of in-home supportive services. For this purpose the individual shall be entitled to receive a monthly cash payment in advance not to exceed the maximum amount specified in subdivision (a), which is in addition to his or her grant, if any. An individual who is not capable of handling his or her own financial and legal affairs shall be entitled to receive the cash payment through his or her guardian, conservator, or protective payee.

(2) Dressing, oral hygiene, and grooming.

(3) Preparation and consumption of food and meal cleanup for individuals who require assistance with the preparation and consumption of food.

(6) Ambulation and care and assistance with prostheses.

(7) Rubbing of skin to promote circulation.

(8) Paramedical services.

(9) Any other function of daily living as determined by the director.

This determination of need shall be supported by a medical report when requested and shall be prepared at the expense of the State Department of Social Services.

(f) This section shall become operative July 1, 1992. No reimbursement is provided in this act pursuant to Section 6 of Article XIII B of the California Constitution because funding will be provided in the annual Budget Act to cover any costs incurred in carrying on any program and performing any service required to be carried on or performed by this act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 11055.5 of the Welfare and Institutions Code is amended to read:

11055.5. (a) In the administration of the Aid to Families with Dependent Children program, counties may conduct an early fraud prevention and detection program pursuant to this section.

(b) Funding for an early fraud prevention and detection program pursuant to Section 15204.6 shall not be made to a county if the department determines that an early fraud prevention and detection program would not be cost-effective in that county.

(c) Funding for an early fraud prevention and detection program pursuant to Section 15204.6 shall not be available to a county until its operating plan for a program is approved by the department. No operating plan shall be approved by the department unless the plan contains assurances that the county will comply with the conditions specified in subdivision (d).

(d) Each county which operates an early fraud prevention and detection program shall be subject to all of the following conditions:

(1) No intimidation of applicants or recipients shall occur, either by referral or threat of referral for a fraud investigation.

(2) Applicants shall not be referred for a fraud investigation until after they have completed and signed the application for aid.

(3) The referral and investigation shall not delay the receipt of aid, including immediate need payments, for eligible applicants and recipients.

(4) Uniformed investigators shall not be used by any county welfare department for its fraud prevention program.

(5) The county welfare department shall abide by the confidentiality requirements in Section 10850 and the requirements and protections in the California Right to Financial Privacy Act under Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code.

(6) The county shall make a referral for welfare fraud investigation when there is reason to believe that a person, on behalf of himself or herself or others, has done any of the following:

(A) Knowingly, and with intent to deceive or defraud, made a false statement or representation to obtain benefits, to obtain a continuance or increase of benefits, or to avoid a reduction of benefits.

(B) Knowingly, and with intent to defraud, failed to disclose a fact which, if disclosed, could result in a denial, reduction, or discontinuance of benefits.

(C) Accepted benefits knowing he or she was not entitled to those benefits, or accepted any amount of benefits knowing the amount of benefits received was greater than the amount to which he or she

was entitled.

(D) Made any statement which he or she did not know to be true with reckless disregard of the truth, for the purpose of obtaining, continuing, or avoiding a reduction or denial of benefits.

(7) The county shall make a referral for fraud investigation when there are reasonable grounds to believe that fraud, as specified in paragraph (6), exists. Reasonable grounds exist when one or more of the following criteria exists:

(A) An overpayment or overissuance of benefits, or both, may result from an applicant's failure to report information pertinent to eligibility or benefits.

(B) A questionable situation exists and the applicant or third party acting on behalf of the applicant will not cooperate in providing necessary verification of information which would affect the applicant's eligibility or the amount of benefits for which the applicant is eligible.

(C) The county welfare program staff person finds conflicting information which could affect the applicant's eligibility or the amount of benefits for which the applicant is eligible, and any further action on the part of that staff person could jeopardize the investigator's ability to investigate.

(D) The county is made aware of any situation involving the applicant that could involve embezzlement, collusion, conspiracy, trafficking, black marketing, or any other general program violations.

(E) The county is made aware of any situation in which the applicant may have forged, may have caused the forgery of, or is using a forgery of, any warrant or authorization to participate which has been negotiated.

(F) The county welfare program staff person has received an allegation of fraud with respect to the applicant from any governmental agency.

(G) The county has received a complaint containing facts which allege that a crime involving a public social services program, including, but not limited to, fraud, perjury, trafficking, or embezzlement, may occur.

SEC. 2. Section 11201 of the Welfare and Institutions Code is amended to read:

11201. For the purposes of this chapter, the following shall apply:

(a) "Unemployed parent" means a natural or adoptive parent with whom the child is living.

(b) A child shall be considered to be deprived of parental support or care due to the unemployment of his or her parent or parents when the parent qualifies as an unemployed parent in accordance with the standards for unemployed parents as defined by federal law.

SEC. 3. Section 11201.5 of the Welfare and Institutions Code is amended to read:

11201.5. (a) The department shall conduct a statewide demonstration program in order to determine whether the

definition of "unemployed parent" specified in Section 11201 discourages primary wage earners receiving assistance under this chapter from accepting employment offered to them.

(b) The department shall seek a federal waiver as necessary to implement the statewide demonstration program. The implementation of the program is contingent upon receipt of the necessary federal waiver.

The waiver shall provide that for recipients of aid under this chapter, "unemployed parent" means the principal earner, whose wages, after applicable earned income disregards, is less than the minimum basic standard of adequate care for the family size. This definition applies only to those families receiving Aid to Families with Dependent Children-Unemployed Parent (AFDC-U) assistance whose total applicable family income meets the gross and net income eligibility standards established by regulation.

(c) The demonstration program provided for in this section shall provide for a statewide project to demonstrate whether this revised definition of "unemployed parent" would do either of the following:

(1) Increase the number of principal earners accepting employment.

(2) Reduce the average level of grant payments being made in the AFDC-U program.

The duration of the demonstration program shall be for two years from the date of implementation by the counties.

(d) The department shall institute, as soon as possible, upon receipt of the federal waiver, the demonstration program described in subdivision (c).

For purposes of this demonstration program, the AFDC-U applicant shall not have quit a job without good cause within the 30 days immediately prior to the beginning date of aid. If the AFDC-U applicant quits a job without good cause within this 30-day period, the entire family shall be ineligible for aid under this chapter for 30 days from the date the applicant quit his or her job.

An AFDC-U recipient shall not refuse an offer of employment without good cause. Good cause does not exist when the wage, less applicable earned income disregards, would make the family financially ineligible for aid under this chapter.

The demonstration program established pursuant to this section shall be in addition to the refugee demonstration programs provided for during the 1983–84 Regular Session of the Legislature.

(e) Any savings to counties in AFDC-U grant costs obtained due to the implementation of the demonstration program shall be applied toward the nonfederal administrative costs of administering the AFDC-U program.

(f) The department shall report to the Legislature the results of the demonstration program.

(g) The State Department of Social Services shall seek federal approval to extend indefinitely the thirty dollars ($30) and ⅓ earned income disregard for the Aid to Families with Dependent Children

program under Section 602(a)(8)(A)(iv) of Title 42 of the United States Code. By July 1, 1992, the department shall report to the Legislature regarding whether or not this approval is obtained.

SEC. 3.5. Article 2.2 (commencing with Section 11271) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 2.2. Restricted Payments

11271. For purposes of this article, the following definitions shall apply:

(a) "Restricted payment" means payment of homeless assistance benefits in the form of either of the following:

(1) A vendor payment to the provider of shelter or utilities or both.

(2) A two-party payment for rent or utilities, or both.

(b) "Recipient" means a recipient of aid pursuant to subdivision (a) of Section 11450.

(c) "Two-party payment" means a check which is drawn jointly to the order of the recipient and the service provider and is negotiable only upon the endorsement of both parties.

(d) "Vendor payment" means a voucher, or check drawn to the order of the service provider.

(e) "Homeless assistance benefits" means benefits paid pursuant to paragraph (2) of subdivision (f) of Section 11450 and Section 11450.4.

11271.5. (a) Restricted payments for homeless assistance benefits shall be provided by a county welfare department to a recipient, if at least one of the following criteria is met:

(1) The recipient has mismanaged AFDC funds, as defined in Section 11273 and in accordance with federal law.

(2) The recipient has voluntarily requested restricted payments. The request shall be in writing from the recipient and shall be recorded and retained in the case file by the county welfare department.

(b) At the option of the county welfare department, restricted payments made pursuant to subdivision (a) may be made for utilities as well as shelter.

11272. When restricted payments are provided to a recipient, the county welfare department shall do all of the following:

(a) Issue the vendor or two-party payment by one of the following methods, at the discretion of the county:

(1) Mail or delivery to the recipient for delivery to the service provider.

(2) Mail or delivery directly to the service provider.

(b) Do the following in order to develop greater ability on the part of the recipient to manage funds in such a manner as to protect the welfare of the family:

(1) Provide each family with informational materials designed to

improve the recipient's ability to manage funds.

(2) Refer the family to appropriate services where these exist.

(c) Provide for timely and correct vendor payments and two-party payments.

11273. (a) Homeless assistance provided pursuant to paragraph (2) of subdivision (f) of Section 11450 shall be subject to restricted payments consistent with federal regulations when the county welfare department has made a determination that mismanagement exists. Instances where mismanagement exists include, but are not limited to, the following situations.

(1) Nonpayment of rent unless nonpayment is due to:

(i) A rent increase which results in the recipient's share of the rent being over 80 percent of the maximum aid payable pursuant to Section 11450.

(ii) Domestic violence by a spouse, partner, or roommate.

(iii) Reasonable exercise of a tenant's right to withhold rent for cause.

(2) The homeless assistance payment was not used for shelter.

(3) The recipient or applicant fails to provide verification that homeless assistance payments were used for shelter.

(b) To the extent allowed by federal law, the department is authorized to issue regulations defining additional situations when mismanagement may exist.

SEC. 4. The heading of Article 3.1 (commencing with Section 11315) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code is amended to read:

Article 3.1. Employment-Related Services

SEC. 5. Section 11315 of the Welfare and Institutions Code is repealed.

SEC. 6. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1 shall be deducted from the sum specified in Section 11452, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2) of subdivision (a) of Section 11450 11496. In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2) of subdivision (a) of Section 11450, plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, and 1995–96 fiscal years, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother in the amount which would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision.

(c) The amount of seventy dollars ($70) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period

immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars ($100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars ($600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly

or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(A) (i) A nonrecurring special need of thirty dollars ($30) a day shall be available to families for the costs of temporary shelter, subject to the requirements of this paragraph. County welfare departments may increase the daily amount available for temporary shelter to large families as necessary to secure the additional bed space needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence.

The last month's rent portion of the payment (1) shall not exceed 80 percent of the family's maximum aid payment without special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's maximum aid payment without special needs for a family of that size, in accordance with the maximum aid schedule specified in subdivision (a).

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) Eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to once every 24 months. The county welfare department shall report to the department, through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 24-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1

shall not constitute income to recipients of aid under this section.

SEC. 7. Section 11450.4 is added to the Welfare and Institutions Code, to read:

11450.4. (a) It is the intent of the Legislature to establish an emergency assistance for needy families program to serve the shelter needs of homeless families apparently eligible for aid pursuant to subdivision (a) of Section 11450. To this end, the State Department of Social Services shall conduct negotiations with the United States Department of Health and Human Services on establishing an emergency assistance program to address the temporary and permanent shelter needs of homeless families currently served under paragraph (2) of subdivision (f) of Section 11450.

(b) No later than January 1, 1994, the department shall report to the appropriate policy and fiscal committees of the Legislature regarding the results of its negotiations. If any revisions to the state plan have been submitted for federal approval, a copy of the revised state plan shall also be made available to the appropriate policy and fiscal committees of the Legislature.

(c) (1) Upon receiving federal approval for an emergency assistance program and prior to implementation, the department shall notify the appropriate policy and fiscal committees of the Legislature of its intent to implement the emergency assistance program. The notification shall identify those portions of paragraph (2) of subdivision (f) of Section 11450 which are intended to be superseded by the emergency assistance program.

(2) Except as provided in this subdivision, the emergency assistance program for which notification is submitted to the Legislature pursuant to paragraph (1) shall become effective the first day after 120 calendar days of continuous session of the Legislature after the date on which the notification is transmitted, or at a later date as may be indicated in the notification, unless, prior to the end of the 120-calendar-day period, either house of the Legislature adopts by a majority vote of the duly elected and qualified members thereof a resolution indicating disapproval of the proposed emergency assistance program.

(3) As used in this section, "120 calendar days of continuous session" shall be deemed broken only by an adjournment sine die, but in computing the 120 calendar days for the purposes of this section, days on which either house is not in session because of a recess of more than 10 days shall not be included.

(d) Upon implementation of the emergency assistance program, the department shall cease implementation of those portions of paragraph (2) of subdivision (f) of Section 11450 which are superseded by the emergency assistance program.

SEC. 8. Section 11450.9 is added to the Welfare and Institutions Code, to read:

11450.9. (a) (1) The department shall designate as energy assistance payments any increase in the maximum aid payments provided pursuant to Section 11450 made on or after the first day of

the first session of the Legislature which is convened after the effective date of this section.

(2) Increases subject to paragraph (1) shall include any increase provided pursuant to Sections 11453 and 11453.05.

(b) The designation required by subdivision (a) shall be made to the extent allowed by federal law to increase food stamp allotments to recipients of assistance under this chapter.

(c) The department shall notify the federal government of the designation made pursuant to subdivision (a) no later than 60 days after it has submitted a report on the study required by subdivision (d).

(d) (1) (A) The department shall conduct a study of home energy costs of low-income households.

(B) The Department of Economic Opportunity shall cooperate with the department in conducting the study required by subparagraph (A).

(2) (A) On or before March 1, 1992, the department shall report to the Legislature on the study required by paragraph (1).

(B) The report required by subparagraph (A) shall also do all of the following:

(i) Identify energy assistance programs operated by the Department of Economic Opportunity that satisfy the requirements of Section 273.9(c)(11) of Title 7 of the Code of Federal Regulations.

(ii) Identify any options needed to secure federal approval for modifying the programs identified pursuant to subparagraph (A).

(iii) Assess the feasibility of designating a portion of the maximum aid payments under this chapter in effect on the effective date of this section as energy assistance payments.

(e) It is the intent of the Legislature that the department designate the maximum amount of aid payments made under this chapter as energy assistance payments to the extent allowed under federal law to increase food stamp allotments to recipients of assistance under this chapter.

SEC. 9. Section 11452 of the Welfare and Institutions Code is amended to read:

11452. (a) (1) Minimum basic standards of adequate care shall be distributed to the counties and shall be binding upon them. The standards are determined on the basis of the schedule set forth in this section, as adjusted for cost-of-living increases or decreases pursuant to Section 11453, which schedule is designed to ensure:

(A) Safe, healthful housing.

(B) Minimum clothing for health and decency.

(C) Low-cost adequate food budget meeting recommended dietary allowances of the National Research Council.

(D) Utilities.

(E) Other items including household operation, education and incidentals, recreation, personal needs, and insurance.

(F) Allowance for essential medical, dental, or other remedial care to the extent not otherwise provided at public expense.

(2) The schedule of minimum basic standards of adequate care is as follows:

Number of needy persons in the same family	Minimum basic standards of adequate care
1	$ 341
2	560
3	694
4	824
5	940
6	1,057
7	1,160
8	1,265
9	1,371
10	1,489

plus fourteen dollars ($14) for each additional needy person.

(3) (A) No adjustment shall be made under this section for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this subparagraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(B) Any cost-of-living adjustment under this section for the 1991–92 fiscal year and any subsequent fiscal year pursuant to Section 11453 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 and 1991–92 fiscal years.

(C) For the 1992–93, 1993–94, 1994–95, and 1995–96 fiscal years, a cost-of-living adjustment equivalent to 70 percent of the amount calculated pursuant to subdivision (a) of Section 11453 shall be made under this section. This adjustment, by reducing the cost-of-living adjustment that would otherwise have been made, shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) The minimum basic standard of adequate care shall also include the amount or amounts resulting from an allowance for recurring special needs, as specified in subdivision (e) Section 11450, and the amount or amounts resulting from the granting of a nonrecurring special need, equal to the amounts specified in paragraphs (1) and (2) of subdivision (f) of Section 11450.

(c) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this section.

SEC. 10. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. (a) Except as provided in subdivision (c), the amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living. These adjustments shall become effective July 1 of each year. The cost-of-living adjustment shall be

calculated by the Commission on State Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

(b) The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are

in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

(c) (1) No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, and 1995–96 fiscal years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(2) No adjustment to the minimum basic standard of adequate care set forth in Section 11452 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living.

(d) Adjustments for subsequent fiscal years pursuant to this section shall not include any adjustments for any fiscal year in which the cost of living was suspended pursuant to subdivision (c).

SEC. 10.5. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the per child per month rates in the following schedule shall be in effect for the period July 1, 1989, through December 31, 1989:

Age	Basic rate
0–4	$ 294
5–8	319
9–11	340
12–14	378
15–20	412

(b) (1) Any county that, as of October 1, 1989, has in effect a basic rate that is at the levels set forth in the schedule in subdivision (a), shall continue to receive state participation, as specified in subdivision (c) of Section 15200, at these levels.

(2) Any county that, as of October 1, 1989, has in effect a basic rate that exceeds a level set forth in the schedule in subdivision (a), shall continue to receive the same level of state participation as it received on October 1, 1989.

(c) The amounts in the schedule of basic rates in subdivision (a) shall be adjusted as follows:

(1) Effective January 1, 1990, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 12 percent.

(2) Effective May 1, 1990, any county which did not increase the basic rate by 12 percent on January 1, 1990, shall do all of the

following:

(A) Increase the basic rate in effect December 31, 1989, for which state participation is received by 12 percent.

(B) Increase the basic rate, as adjusted pursuant to subparagraph (A) by an additional 5 percent.

(3) (A) Except as provided in subparagraph (B), effective July 1, 1990, for the 1990–91 fiscal year, the amounts in the schedule of basic rates in subdivision (a) shall be increased by an additional 5 percent.

(B) The rate increase required by subparagraph (A) shall not be applied to rates increased May 1, 1990, pursuant to paragraph (2).

(d) (1) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(2) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, "specialized care increment" means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) Except for subparagraph (A), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(A) Notwithstanding subdivision (f) of Section 11460, it is the intent of the Legislature that for the 1992–93 fiscal year , an amount equal to 5 percent of the State Treasury appropriation for family homes be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage the placement of children in family homes. It is also the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(5) The department shall report, in consultation with counties, the State Foster Parents Association, and representatives of other foster care providers, to the Legislature by December 31, 1990, on the department's specialized care ratesetting system regarding its effectiveness in meeting the special needs of children in foster care. At a minimum, the department's report shall address the following:

(A) A description of the current specialized care system and its strengths and weaknesses.

(B) The characteristics of children receiving specialized care and the cost of that care.

(C) The types of specialized care which are needed by children but which are not readily available for these children; the cost of providing that care; and the current placements of children with special needs in the absence of that care.

(D) The extent to which specialized foster family care can provide an alternative to group home care and the costs and savings which would be associated with greater emphasis on specialized family foster care.

(E) Recommendations on needed improvements to specialized family foster care.

(F) (1) As used in this section, "clothing allowance" means the amount paid with state participation in addition to the basic rate for the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) Beginning January 1, 1990, clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

SEC. 11. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) Effective July 1, 1990, foster care providers licensed as

group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for fiscal year 1990–91 shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for fiscal year 1991–92 for each RCL, and shall be equal to the standard rate for each RCL for fiscal year 1992–93 and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for fiscal year 1990 –91 by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall

develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(g) (1) The standardized schedule of rates for fiscal year 1990–91 is:

Rate Classification Level	Point Ranges	FY 1990–91 Standard Rate	FY 1990–91 Rate Floor (85%)
1	Under 60	$1,183	$1,006
2	60– 89	1,478	1,256
3	90–119	1,773	1,507
4	120–149	2,067	1,757
5	150–179	2,360	2,006
6	180–209	2,656	2,258
7	210–239	2,950	2,508
8	240–269	3,245	2,758
9	270–299	3,539	3,008
10	300–329	3,834	3,259
11	330–359	4,127	3,508
12	360–389	4,423	3,760
13	390–419	4,720	4,012
14	420 & Up	5,013	4,261

(2) Group home programs which generate the requisite number of points for RCL 13 or 14, which only accept children with special treatment needs as determined through the assessment process in subdivision (b) of Section 11467 and which have as part of their program measurable performance standards developed by the county of placement, shall be classified at RCL 13 or 14.

(h) (1) For fiscal year 1990–91, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990–91 RCL shall receive their 1989–90 rate plus an amount equal to the California Necessities Index (CNI). The rate for fiscal year 1990–91 at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's fiscal year 1989–90 rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for fiscal year 1989–90 at or above the standard rate for the RCL for fiscal year 1990–91 shall continue to receive that fiscal year 1989–90 rate.

(2) For fiscal year 1992–93 and fiscal year 1993–94, the standardized rate for each RCL shall be adjusted by an amount equal

to CNI computed pursuant to the methodology described in Section 11453. No adjustment shall be made in the standardized rate for each RCL for the 1991–92 fiscal year.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(3) Beginning with the 1994–95 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit

organizations shall not be deducted from the cost of providing services pursuant to this section.

(*l*) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(m) Following the initial implementation of the group home ratesetting system described in this section, the department, with the advice and assistance of the counties and representatives of providers of group home care, may submit to the Legislature recommendations to modify the program classification point system, number of rate classification levels, amounts that make up the standardized schedule of rates, or other components of the system. These recommendations shall be based on the department's review and evaluation of the program classification system, group home cost data collected pursuant to Section 11466.3, and information from the Group Home Program Statements and Level of Care Assessments specified in Section 11467.

(n) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before July 1, 1995, deletes or extends that date.

SEC. 12. Section 11465 of the Welfare and Institutions Code is amended to read:

11465. (a) When a child is living with a parent who receives AFDC-FC benefits, the rate paid to the provider on behalf of the parent shall include an amount for care and supervision of the child.

(b) For each category of eligible licensed community care facility, as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) (1) Subject to the availability of funds, for the 1989–90 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

(2) No adjustment shall be made under this section for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living.

(3) Any cost-of-living adjustment under this section for any subsequent fiscal years pursuant to Section 11453 shall not include any adjustment to reflect increases for the cost of living for the 1990–91 and 1991–92 fiscal years.

SEC. 13. Section 11486 is added to the Welfare and Institutions

Code, to read:

11486. (a) The needs of any individual who is a member of a family applying for, or receiving, aid under this chapter to whom subdivision (b) applies shall not be taken into account in making the determination under Section 11450 with respect to his or her family for the following periods:

(1) For a period of six months upon the first occasion of any offense referred to in subdivision (b).

(2) For a period of 12 months upon the second occasion of any of those offenses referred to in subdivision (b).

(3) Permanently, upon the third occasion of any offense referred to in subdivision (b).

(b) Subdivision (a) shall apply to any individual who is found by a federal or state court, or pursuant to a special administrative hearing meeting the requirements of regulations adopted by the United States Secretary of Health and Human Services, including any determination made on the basis of a plea of guilty or nolo contendere, to have done any of the following acts for the purpose of establishing or maintaining the family's eligibility for aid or increasing, or preventing a reduction in, the amount of that aid:

(1) Making a false or misleading statement or misrepresenting, concealing, or withholding facts.

(2) Committing any act intended to mislead, misrepresent, conceal, or withhold facts or propound a falsity.

(c) Proceedings against any individual alleged to have committed an offense described in subdivision (b) may be held either by hearing, pursuant to Section 10950 and in conformity with the regulations of the United States Secretary of Health and Human Services, if appropriate, or by referring the matter to the appropriate authorities for civil or criminal action in court.

(d) The department shall coordinate any action taken under this section with any corresponding actions being taken under the Food Stamp Program in any case where the factual issues involved arise from the same or related circumstances.

(e) Any period for which sanctions are imposed under this section shall remain in effect, without possibility of administrative stay, unless and until the findings upon which the sanctions were imposed are subsequently reversed by a court of appropriate jurisdiction, but in no event shall the duration of the period for which the sanctions are imposed be subject to review.

(f) Sanctions imposed under this section shall be in addition to, and not in substitution for, any other sanctions which may be provided for by law with respect to the offenses for which the sanctions are imposed.

SEC. 14. Section 12200 of the Welfare and Institutions Code is amended to read:

12200. An aged, blind or disabled applicant or recipient shall be paid an amount of aid which when added to his or her federal benefit received under Part A of Title XVI of the Social Security Act and

other nonexempt income and resources, equals the following:

(a) For a blind applicant or recipient, the sum of seven hundred four dollars ($704) per month and for a married couple both qualifying for benefits under this chapter as blind, the sum of one thousand three hundred seventy-two dollars ($1,372) per month.

(b) For a married couple, both qualifying for benefits under this chapter, and one of whom is blind, the sum of one thousand two hundred ninety-five dollars ($1,295) per month.

(c) For an aged or disabled applicant or recipient, the sum of six hundred thirty dollars ($630) per month.

(d) For a married couple both qualifying for benefits under this chapter as aged or disabled, the sum of one thousand one hundred sixty-seven dollars ($1,167) per month.

(e) For an aged or disabled applicant or recipient under subdivision (c) or for a married couple under subdivision (d) whose living arrangement prevents preparation of his or her or their meals at home shall be entitled to an allowance of sixty-eight dollars ($68) per month for an individual and one hundred thirty-six dollars ($136) per month for a married couple in addition to any other amount he or she is entitled to under this chapter.

(f) For a disabled minor under 18 living with a parent or guardian or relative by blood or marriage, the sum of four hundred ninety-nine dollars ($499) per month.

(g) For a recipient in a nonmedical out-of-home care facility, the sum of seven hundred nine dollars ($709) per month.

(h) For the personal and incidental needs of a person receiving care in a medical facility under the Medi-Cal Act, the sum of thirty dollars ($30) per month. The department shall issue, or arrange for the issuance from the appropriate state agency of, an additional twelve dollars ($12) each month to each recipient to whom this subdivision applies.

(i) In the case of any individual, or couple, whose federal benefit received under Part A of Title XVI of the Social Security Act is reduced in accordance with Section 1612(a)(2)(A) of Public Law 92-603 because he lives in another person's household and receives support and maintenance-in-kind from such person, the appropriate grant level set forth in subdivision (a), (b), (c), or (d) of this section shall be reduced by the amount of the reduction in the federal benefit, subject to the provisions in Section 12204.

This subdivision shall be operative only during such time that such in-kind support and maintenance, under federal law, is treated as providing the basis for a lower payment standard rather than being treated as the receipt of unearned income.

SEC. 15. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. These adjustments shall become effective January 1 of each year. The

cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends twelve months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the

month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, and 1995, 1996 calendar years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 12201.05, and no further reduction shall be made pursuant to that section.

(2) Any cost-of-living adjustment granted under this section for any calendar year shall not include adjustments for any calendar year in which the cost of living was suspended pursuant to paragraph (1).

SEC. 16. Section 13920 of the Welfare and Institutions Code is amended to read:

13920. For a person living in a nonmedical out-of-home care facility the department may establish varying allowances for room, board and care, provided that the minimum allowance shall not be less than five hundred sixty-three dollars ($563) per month and the amount so established shall be subject to the provisions set forth in Section 12201.

The room, board, and care allowance established pursuant to this section does not include the personal and incidental needs established pursuant to Section 13921.

SEC. 17. Section 13921 of the Welfare and Institutions Code is amended to read:

13921. The department shall establish a range of amounts for the personal and incidental needs of recipients in out-of-home care under this chapter provided that the minimum amount for personal and incidental needs shall not be less than eighty-three dollars ($83) per month and that the range of amounts so established shall be subject to the provisions set forth in Section 12201.

SEC. 18. Section 14005.12 of the Welfare and Institutions Code is amended to read:

14005.12. (a) For the purposes of Sections 14005.4 and 14005.7, the department shall establish the income levels for maintenance need at the lowest levels that reasonably permit medically needy persons to meet their basic needs for food, clothing, and shelter, and

for which federal financial participation will still be provided under Title XIX of the federal Social Security Act. It is the intent of the Legislature that the income levels for maintenance need for medically needy aged, blind, and disabled adults, in particular, shall be based upon amounts that adequately reflect their needs.

(1) Reductions in the maximum aid payment levels set forth in subdivision (a) of Section 11450 for the 1991-92 fiscal year shall not result in a reduction in the income levels for maintenance under this section.

(2) (A) The department shall seek any necessary federal authorization for maintaining the income levels for maintenance at the levels in effect June 30, 1991.

(B) If federal authorization is not obtained, medically needy persons shall not be required to pay the difference between the share of cost as determined based on the payment levels in effect on June 30, 1991, under Section 11450, and the share of cost as determined based on the payment levels in effect on July 1, 1991, and thereafter, under Section 11450.

(b) In the case of a single individual, the amount of the income level for maintenance per month shall be 80 percent of the highest amount that would ordinarily be paid to a family of two persons, without any income or resources, under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(c) In the case of a family of two adults, the income level for maintenance per month shall be the highest amount that would ordinarily be paid to a family of three persons without income or resources under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(d) For the purposes of Sections 14005.4 and 14005.7, for a person in a medical institution or nursing facility, the amount considered as required for maintenance per month shall be computed in accordance with, and for those purposes required by, Title XIX of the federal Social Security Act, and regulations adopted pursuant thereto. Those amounts shall be computed pursuant to regulations which include providing for the following purposes:

(1) Personal and incidental needs in the amount of not less than thirty-five dollars ($35) per month while a patient. The department may, by regulation, increase this amount as necessitated by increasing costs of personal and incidental needs. A long-term health care facility shall not charge an individual for the laundry services or periodic hair care specified in Section 14110.4.

(2) The upkeep and maintenance of the home.

(3) The support and care of his or her minor children, or any disabled relative for whose support he or she has contributed regularly, if there is no community spouse.

(4) If the person is an institutionalized spouse, for the support and care of his or her community spouse, minor or dependent children, dependent parents, or dependent siblings of either spouse, provided the individuals are residing with the community spouse.

(5) The community spouse monthly income allowance shall be established at the maximum amount permitted in accordance with Section 1924(d)(1)(B) of Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396r-5(d)(1)(B)).

(6) The family allowance for each family member residing with the community spouse shall be computed in accordance with the formula established in Section 1924(d)(1)(C) of Title XIX of the Social Security Act (42 U.S.C. Sec. 1396r-5(d)(1)(C)).

(e) For the purposes of Sections 14005.4 and 14005.7, with regard to a person in a licensed community care facility, the amount considered as required for maintenance per month shall be computed pursuant to regulations adopted by the department which provide for the support and care of his or her spouse, minor children, or any disabled relative for whose support he or she has contributed regularly.

(f) The income levels for maintenance per month, except as specified in subdivisions (b) to (d), inclusive, shall be equal to the highest amounts that would ordinarily be paid to a family of the same size without any income or resources under subdivision (a) of Section 11450, multiplied by the federal financial participation rate.

(g) The "federal financial participation rate," as used in this section, shall mean 133⅓ percent, or such other rate set forth in Section 1903 of the federal Social Security Act (42 U.S.C. Sec. 1396(b)), or its successor provisions.

(h) The income levels for maintenance per month shall not be decreased to reflect the presence in the household of persons receiving forms of aid other than Medi-Cal.

(i) When family members maintain separate residences, but eligibility is determined as a single unit under Section 14008, the income levels for maintenance per month shall be established for each household in accordance with subdivisions (b) to (h), inclusive. The total of these levels shall be the level for the single eligibility unit.

(j) The income levels for maintenance per month established pursuant to subdivisions (b) to (i), inclusive, shall be calculated on an annual basis, rounded to the next higher multiple of one hundred dollars ($100), and then prorated.

SEC. 19. Section 15200.95 of the Welfare and Institutions Code, as added by Section 9 of Chapter 1647 of the Statutes of 1990, is amended to read:

15200.95. (a) Each county shall be responsible for its nonfederal share of administrative expenditures for administering the child support program.

(b) Notwithstanding subdivision (a), effective July 1, 1991, to June 30, 1992, inclusive, counties shall pay the nonfederal share of the administrative costs of conducting the reviews required under Section 15200.8 from the savings counties will obtain as a result of the reduction in the maximum aid payments specified in Section 11450. Effective July 1, 1992, to June 30, 1993, inclusive, the state shall pay

the nonfederal share of administrative costs of conducting the reviews required under Section 15200.8. Funding for county costs after June 30, 1993, shall be subject to the availability of funds in the annual Budget Act.

(c) In the event that the federal government does not provide the funding for federal financial participation in administrative costs of the child support program at the scheduled rates of 66 percent for regular federal financial participation and 90 percent for enhanced federal financial participation, the department shall increase the Tier I base incentive rate authorized under Section 15200.85 to supplant the dollar reduction to federal financial participation.

(1) This increase shall be based on the difference between the estimated dollar reimbursement resulting from the scheduled federal financial participation and the estimated dollar reimbursement resulting from the reduced federal financial participation rates. This increase to the base incentive rate, when applied to estimated total collections for the state fiscal year, shall approximately equal the federal reduction.

(2) This increase shall be determined annually, and shall apply to total distributed collections as defined in subdivision (c) of Section 15200.8.

(3) In no event shall the increased incentive rate exceed 4 percent in any fiscal year.

(4) This increase to the base incentive rate shall apply to the period of time in which the federal financial participation rate in administrative expenditures is reduced.

(d) This section shall become inoperative on June 30, 1996, and as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 20. Section 15204.6 of the Welfare and Institutions Code is repealed.

SEC. 21. Section 15204.6 is added to the Welfare and Institutions Code, to read:

15204.6. The state shall pay 100 percent of the nonfederal administrative costs of administering an early fraud prevention and detection program in the implementation of Chapter 2 (commencing with Section 11200), pursuant to subdivision (a) of Section 11055.5, subject to Section 15204.5.

SEC. 22. Section 18902.5 of the Welfare and Institutions Code is amended to read:

18902.5. (a) In the administration of this chapter counties may conduct an early fraud prevention and detection program pursuant to this section.

(b) Funding for an early fraud prevention and detection program pursuant to Section 18906.7 shall not be made to a county if the department determines that an early fraud prevention and detection program would not be cost-effective in that county.

(c) Funding for an early fraud prevention and detection program

pursuant to Section 18906.6 shall not be available to a county until its operating plan for a program is approved by the department. No operating plan shall be approved by the department unless the plan contains assurances that the county will comply with the conditions specified in subdivision (d).

(d) Each county which operates an early fraud prevention and detection program shall be subject to all of the following conditions:

(1) No intimidation of applicants or recipients shall occur, either by referral or threat of referral for a fraud investigation.

(2) Applicants shall not be referred for a fraud investigation until after they have completed and signed the application for aid.

(3) The referral and investigation shall not delay the receipt of aid, including immediate need payments, for eligible applicants and recipients.

(4) Uniformed investigators shall not be used by any county welfare department for its fraud prevention program.

(5) The county welfare department shall abide by the confidentiality requirements in Section 10850 and the requirements and protections in the California Right to Financial Privacy Act under Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code.

(6) The county shall make a referral for welfare fraud investigation when there is reason to believe that fraud exists. Fraud exists when a person, on behalf of himself or herself or others, has done any of the following:

(A) Knowingly, and with intent to deceive or defraud, made a false statement or representation to obtain benefits, to obtain a continuance or increase of benefits, or to avoid a reduction of benefits.

(B) Knowingly, and with intent to defraud, failed to disclose a fact which, if disclosed, could result in a denial, reduction, or discontinuance of benefits.

(C) Accepted benefits knowing he or she was not entitled to those benefits, or accepted any amount of benefits knowing the amount of benefits received was greater than the amount to which he or she was entitled.

(D) Made any statement which he or she did not know to be true with reckless disregard of the truth, for the purpose of obtaining, continuing, or avoiding a reduction or denial of benefits.

(7) The county shall make a referral for fraud investigation when there are reasonable grounds to believe that fraud, as specified in paragraph (6) exists. Reasonable grounds exist when one or more of the following criteria exists:

(A) An overpayment or overissuance of benefits, or both, may result from an applicant's failure to report information pertinent to eligibility or benefits.

(B) A questionable situation exists and the applicant or third party acting on behalf of the applicant will not cooperate in providing necessary verification of information which would affect the

applicant's eligibility or the amount of benefits for which the applicant is eligible.

(C) The county welfare program staff person finds conflicting information which could affect the applicant's eligibility or the amount of benefits for which the applicant is eligible, and any further action on the part of that staff person could jeopardize the investigator's ability to investigate.

(D) The county is made aware of any situation involving the applicant that could involve embezzlement, collusion, conspiracy, trafficking, black marketing, or any other general program violations.

(E) The county is made aware of any situation in which the applicant may have forged, may have caused the forgery of, or is using a forgery of, any warrant or authorization to participate which has been negotiated.

(F) The county welfare program staff person has received an allegation of fraud with respect to the applicant from any governmental agency.

(G) The county has received a complaint containing facts which allege that a crime involving a public social services program, including, but not limited to, fraud, perjury, trafficking, or embezzlement may occur.

SEC. 23. Section 18906.7 of the Welfare and Institutions Code is repealed.

SEC. 24. Section 18906.7 is added to the Welfare and Institutions Code, to read:

18906.7. The state shall pay 100 percent of the nonfederal costs of administering an early fraud prevention and detection program in the administration of this chapter, established pursuant to subdivision (a) of Section 18902.5, subject to Section 18906.

SEC. 25. The State Department of Social Services shall prepare a report to the Joint Legislative Budget Committee evaluating all costs incurred and savings generated by early fraud detection and prevention programs. The department shall submit this report on or before January 1, 1993.

SEC. 26. Notwithstanding the former provisions of subdivision (b) of Section 11315 of the Welfare and Institutions Code, families that were receiving state only AFDC-U benefits under the Aid to Families with Dependent Children program prior to the operative date of this act shall not be entitled to any assistance calculated for any period of time on or after the operative date of Section 5 of this act.

SEC. 27. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Social Services shall adopt emergency regulations to implement this act. The adoption of regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Emergency regulations adopted by the State Department of Social

Services within 120 days after the effective date of this act in order to implement the provisions of this act shall not be subject to the review and approval of the Office of Administrative Law and shall be filed directly and immediately with the Secretary of State without review. These regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 120 days unless the State Department of Social Services complies with all of the provisions of Chapter 3.5, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 28. Except as provided in Section 29, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 29. No reimbursement is required by Section 19 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 29.5. The Director of Finance may authorize the transfer of amounts, not to exceed the cumulative amount of two million ninety-one thousand dollars ($2,091,000), from Item No. 5180-101-001 to Item No. 5180-001-001 of the Budget Act of 1991, in order to fund the cost of the administrative hearings process associated with the reduction in the maximum aid payments under the Aid to Families with Dependent Children program.

SEC. 30. (a) Sections 9, 10, 11, 12, 14, 15, 16, and 17 of this act shall become operative on July 1, 1991.

(b) Sections 2, 3.5, 5, and 7 of this act shall become operative on August 1, 1991.

(c) Section 6 of this act shall become operative on August 1, 1991. However, the State Department of Social Services shall apply paragraph (1) of subdivision (a) of Section 11450, as amended by Chapter 456 of the Statutes of 1990, from August 1, 1991, to August 31, 1991, and paragraph (1) of subdivision (a) of Section 11450, as amended by Section 6 of this act, shall not be operative from August 1, 1991, to August 31, 1991.

SEC. 31. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The purpose of this act is to provide budget cuts to help meet the serious anticipated deficit for the 1991–92 fiscal year. Implementing the provisions of this act requires regulatory change, coordination with counties, and notice to recipients, all of which require time. In order for this act to be operative for the 1991–92 fiscal year and so facilitate the orderly adjustment of the public assistance system, it is necessary that this act take effect immediately.

CHAPTER 98

An act to amend Sections 19050.8, 19141, and 19775.4 of the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1991. Filed with Secretary of State July 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 19050.8 of the Government Code is amended to read:

19050.8. The board may prescribe rules governing the temporary assignment or loan of employees within an agency or between agencies for not to exceed two years or between jurisdictions for not to exceed four years for any of the following purposes:

(a) To provide training to employees.

(b) To enable an agency to obtain expertise needed to meet a compelling program or management need.

(c) To facilitate the return of injured employees to work.

These temporary assignments or loans shall be deemed to be in accord with this part limiting employees to duties consistent with their class and may be used to meet minimum requirements for promotional as well as open examinations. An employee participating in that arrangement shall have the absolute right to return to his or her former position. Any temporary assignment or loan of an employee made for the purpose specified in subdivision (b) shall be made only with the voluntary consent of the employee.

In addition, out-of-class experience obtained in a manner not described in this section may be used to meet minimum requirements for promotional as well as open examinations, only if it was obtained by the employee in good faith and was properly verified under standards prescribed by board rule.

For purposes of this section, a temporary assignment or loan between educational agencies shall be extended for up to two additional years upon a finding by the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, and with the approval of the Executive Officer of the State Personnel Board, that the extension is necessary in order to substantially

complete work on an educational improvement project. Public and private colleges and universities shall be considered educational jurisdictions within the meaning of this section.

A temporary assignment within an agency or between agencies may be extended by the board for up to two additional years in order for an employee to complete an apprenticeship program.

SEC. 2. Section 19141 of the Government Code is amended to read:

19141. This section applies only to a permanent employee, or an employee who previously had permanent status and who, since such permanent status, has had no break in the continuity of his or her state service due to a permanent separation. As used in this section, "former position" is defined as in Section 18522, or , if the appointing power to which reinstatement is to be made and the employee agree, a vacant position in any department, commission, or state agency for which he or she is qualified at substantially the same level.

Within the periods of time specified below, an employee who vacates a civil service position to accept an appointment to an exempt position shall be reinstated to his or her former position at the termination either by the employee or appointing power of the exempt appointment, provided he or she (a) accepted the appointment without a break in the continuity of state service, and (b) requests in writing reinstatement of the appointing power of his or her former position within 10 working days after the effective date of such termination.

The reinstatement may be requested by the employee only within the following periods of time:

(a) At any time after the effective date of the exempt appointment if:

(1) Appointed under subdivision (a), (b), (c), (d), (e), (f), (g), or (m) of Section 4 of Article VII of the California Constitution.

(2) Appointed under Section 2.1 of Article IX of the California Constitution.

(3) Appointed under Section 22 of Article XX of the California Constitution.

(4) Appointed to an exempt position under the same appointing power as the former position even though a shorter period of time may be otherwise specified for that appointment.

(b) Within six months after the effective date of the exempt appointment if appointed under subdivision (h), (i), (k), or (*l*) of Section 4 of Article VII of the California Constitution.

(c) Within four years after the effective date of an exempt appointment if appointed under any other authority.

An employee who vacates his or her civil service position to accept an assignment as a member, inmate, or patient helper under subdivision (j) of Section 4 of Article VII of the California Constitution shall not have a right to reinstatement.

An employee who is serving under an exempt appointment retains a right of reinstatement when he or she accepts an extension of that

exempt appointment or accepts a new exempt appointment, provided the extension or new appointment is made within the specified reinstatement time limit and there is no break in the continuity of state service. The period for which such right is retained is for the period applicable to the extended or new exempt appointment as if that appointment had been made on the date of the initial exempt appointment.

When an employee exercises his or her right of reinstatement and returns to his or her former position, the service while under an exempt appointment shall be deemed to be time served in the former position for the purpose of determining his or her seniority and eligibility for merit salary increases.

If the termination of an exempt appointment is for a reason contained in Section 19997 and the employee does not have a right to reinstatement he or she shall have his or her name placed on the departmental and general reemployment lists for the class of his or her former position.

SEC. 3. Section 19775.4 of the Government Code is amended to read:

19775.4. Except as provided in Section 19781, a person in recognized military service whose name was high enough on an employment list to be available for certification for possible permanent appointment to a position while he or she was in the armed forces of the United States shall retain his or her place on the list for three years following the date of his or her release from military service or until six months after the termination of the state military emergency, whichever is the earlier, provided, that a name shall not be retained on a list for longer than eight years after the list is established. The name of a person whose eligibility is retained under the provisions of this section beyond the time other names are removed from a list pursuant to Section 18901 shall be certified ahead of the names of persons on more recently prepared lists, except that the name shall be removed from the list if he or she refuses or has refused to accept appointment to a permanent position after certification thereto subsequent to his or her release from the armed forces.

Notwithstanding Section 19770, this section shall also be applicable to persons who are not civil service employees and were on active military duty because of the Iraq-Kuwait crisis.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that potential state employees called into the military service due to the Iraq-Kuwait crisis are provided with employment list eligibility to compensate for time served on active duty, it is necessary that this act go into immediate effect.

[Approved by Governor June 30, 1991 Filed with Secretary of State July 1, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 31468 of the Government Code is amended to read:

(b) "District" also includes any institution operated by two or more counties, in one of which there has been adopted an ordinance placing this chapter in operation.

(c) "District" also includes any organization or association authorized by Chapter 26 of the Statutes of 1935, as amended by Chapter 30 of the Statutes of 1941, or by Section 50024, which organization or association is maintained and supported entirely from funds derived from counties, and the board of any retirement system is authorized to receive the officers and employees of that organization or association into the retirement system managed by the board.

(d) "District" also includes, but is not limited to, any sanitary district formed under Part 1 (commencing with Section 6400) of Division 6 of the Health and Safety Code.

(e) "District" also includes any city, public authority, public agency, and any other political subdivision or public corporation formed or created under the Constitution or laws of this state and located or having jurisdiction wholly or partially within the county.

(f) "District" also includes any nonprofit corporation or association conducting an agricultural fair for the county pursuant to a contract between the corporation or association and the board of supervisors under the authority of Section 25905 of the Government Code.

(g) "District" also includes the Regents of the University of California, but with respect only to employees who were employees of a county in a county hospital, who became university employees pursuant to an agreement for transfer to the regents of a county hospital or of the obligation to provide professional medical services at a county hospital, and who under that agreement had the right and did elect to continue membership in the county's retirement system established under this chapter.

(h) "District" also includes the South Coast Air Quality Management District, a new public agency created on February 1, 1977, pursuant to Chapter 5.5 (commencing with Section 40400) of

Part 3 of Division 26 of the Health and Safety Code.

(1) Employees of the South Coast Air Quality Management District shall be deemed to be employees of a new public agency occupying new positions on February 1, 1977. On that date, those new positions are deemed not to have been covered by any retirement system.

(2) No retirement system coverage shall be effected for an employee of the South Coast Air Quality Management District who commenced employment with the district during the period commencing on February 1, 1977, and ending on December 31, 1978, unless and until the employee shall have elected whether to become a member of the retirement association established in accordance with this chapter for employees of Los Angeles County or the retirement association established in accordance with this chapter for employees of San Bernardino County. The election shall occur before January 1, 1980. Any such employee who fails to make the election provided for herein shall be deemed to have elected to become a member of the retirement association established in accordance with this chapter for the County of Los Angeles.

(3) The South Coast Air Quality Management District shall make application to the retirement associations established in accordance with this chapter for employees of Los Angeles County and San Bernardino County for coverage of employees of the South Coast Air Quality Management District.

That coverage shall be effected no later than the first day of the first month following the date of the election provided for in paragraph (2).

(5) Each electing employee shall receive credit for all service with the South Coast Air Quality Management District. However, the elected retirement association may require, as a prerequisite to granting that credit, the payment of an appropriate sum of money or the transfer of funds from another retirement association in an amount determined by an enrolled actuary and approved by the elected retirement association's board. The amount to be paid shall include all administrative and actuarial costs of making that determination. The elected retirement association's board shall not grant that credit for that prior service unless the request for that credit is made to, and the required payment deposited with, the elected retirement

association's board no earlier than January 1, 1980, and no later than June 30, 1980. The foregoing shall have no effect on any such employee's rights to reciprocal benefits under Article 15 (commencing with Section 31830).

CHAPTER 100

An act to amend Section 65589.5 of the Government Code, and to amend Sections 50668.5, 50771.1, 50880, 50887, 50888.5, 50893, 50893.7, and 50894 of, and to add Sections 50771.3 and 50895 to, the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1991 Filed with Secretary of State July 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 65589.5 of the Government Code is amended to read:

65589.5. (a) The Legislature finds all of the following:

(1) The lack of affordable housing is a critical problem which threatens the economic, environmental, and social quality of life in California.

(2) California housing has become the most expensive in the nation. The excessive cost of the state's housing supply is partially caused by activities and policies of many local governments which limit the approval of affordable housing, increase the cost of land for affordable housing, and require that high fees and exactions be paid by producers of potentially affordable housing.

(3) Among the consequences of those actions are discrimination against low-income and minority households, lack of housing to support employment growth, imbalance in jobs and housing, reduced mobility, urban sprawl, excessive commuting, and air quality deterioration.

(4) Many local governments do not give adequate attention to the economic, environmental, and social costs of decisions which result in disapproval of affordable housing projects, reduction in density of affordable housing projects, and excessive standards for affordable housing projects.

(b) It is the policy of the state that a local government not reject or make infeasible affordable housing developments which contribute to meeting the housing need determined pursuant to this article without a thorough analysis of the economic, social, and environmental effects of the action and without meeting the provisions of subdivision (d).

(c) The Legislature also recognizes that premature and unnecessary development of agricultural lands to urban uses continues to have adverse effects on the availability of those lands for food and fiber production and on the economy of the state. Furthermore, it is the policy of the state that development should be guided away from prime agricultural lands; therefore, in implementing this section, local jurisdictions should encourage, to the maximum extent practicable, in filling existing urban areas.

(d) A local agency shall not disapprove a housing development project affordable to low- and moderate-income households or condition approval in a manner which renders the project infeasible for development for the use of low- and moderate-income households unless it finds, based upon substantial evidence, one of the following:

(1) The jurisdiction has adopted a housing element pursuant to this article and the development project is not needed for the jurisdiction to meet its share of the regional housing need of low-income housing.

(2) The development project as proposed would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households.

(3) The denial of the project or imposition of conditions is required in order to comply with specific state or federal law, and there is no feasible method to comply without rendering the development unaffordable to low- and moderate-income households.

(4) Approval of the development project would increase the concentration of lower income households in a neighborhood that already has a disproportionately high number of lower income households and there is no feasible method of approving the development at a different site, including those sites identified pursuant to paragraph (1) of subdivision (c) of Section 65583, without rendering the development unaffordable to low- and moderate-income households.

(5) The development project is proposed on land zoned for agriculture or resource preservation which is surrounded on at least two sides by land being used for agricultural or resource preservation purposes, or which does not have adequate water or wastewater facilities to serve the project.

(6) The development project is inconsistent with the jurisdiction's general plan land use designation as specified in any element of the general plan as it existed on the date the application was deemed complete, and the jurisdiction has adopted a housing element pursuant to this article.

(e) Nothing in this section shall be construed to relieve the local agency from complying with the Congestion Management Program required by Chapter 2.6 (commencing with Section 65088) of Division 1 of Title 7 of the Government Code or the California Coastal Act, Division 20 (commencing with Section 30000) of the Public Resources Code. Neither shall anything in this section be construed to relieve the local agency from making one or more of the findings required pursuant to Section 21081 of the Public Resources Code or otherwise complying with the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

(f) Nothing in this section shall be construed to prohibit a local agency from requiring the development project to comply with development standards and policies appropriate to, and consistent with, meeting the quantified objectives relative to the development of housing, as required in the housing element pursuant to subdivision (b) of Section 65583. Nor shall anything in this section be construed to prohibit a local agency from imposing fees and other exactions otherwise authorized by law which are essential to provide necessary public services and facilities to the development project.

(g) This section shall be applicable to charter cities, because the Legislature finds that the lack of affordable housing is a critical statewide problem.

(h) The following definitions apply for the purposes of this section:

(1) "Feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(2) "Affordable to low- and moderate-income households" means at least 20 percent of the total units shall be sold or rented to lower income households, as defined in Section 50079.5 of the Health and Safety Code, and the remaining units shall be sold or rented to either lower income households or persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code. Housing units targeted for lower income households shall be made available at a monthly housing cost that does not exceed 30 percent of 60 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the lower income eligibility limits are based. Housing units targeted for persons and families of moderate income shall be made available at a monthly housing cost that does not exceed 30 percent of 100 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the moderate income eligibility limits are based.

(3) "Area median income" shall mean area median income as periodically established by the Department of Housing and Community Development pursuant to Section 50093 of the Health and Safety Code. The developer shall provide sufficient legal commitments to ensure continued availability of units for the lower income households in accordance with the provisions of this subdivision for 30 years.

(4) "Neighborhood" means a planning area commonly identified as such in a community's planning documents, and identified as a neighborhood by the individuals residing and working within the neighborhood. Documentation demonstrating that the area meets the definition of neighborhood may include a map prepared for planning purposes which lists the name and boundaries of the neighborhood.

(i) If any city, county, or city and county denies approval or imposes restrictions, including a reduction of allowable densities or

the percentage of a lot which may be occupied by a building or structure under the applicable planning and zoning in force at the time the application is deemed complete pursuant to Section 65943, which have a substantial adverse effect on the viability or affordability of a housing development affordable to low- and moderate-income households, and the denial of the development or the imposition of restrictions on the development is the subject of a court action which challenges the denial, then the burden of proof shall be on the local legislative body to show that its decision is consistent with the findings as described in subdivision (d).

(j) When a proposed housing development project complies with the applicable general plan, zoning, and development policies in effect at the time that the housing development project's application is determined to be complete, but the local agency proposes to disapprove the project or to approve it upon the condition that the project be developed at a lower density, the local agency shall base its decision regarding the proposed housing development project upon written findings supported by substantial evidence on the record that both of the following conditions exist:

(1) The housing development project would have a specific, adverse impact upon the public health or safety unless the project is disapproved or approved upon the condition that the project be developed at a lower density.

(2) There is no feasible method to satisfactorily mitigate or avoid the adverse impact identified pursuant to paragraph (1), other than the disapproval of the housing development project or the approval of the project upon the condition that it be developed at a lower density.

SEC. 2. Section 50668.5 of the Health and Safety Code is amended to read:

50668.5. For the purpose of providing financial assistance pursuant to this chapter utilizing bond proceeds transferred to the Housing Rehabilitation Loan Fund pursuant to paragraph (2) of subdivision (a) of Section 53130, paragraph (2) of subdivision (b) of Section 53130, and Sections 8878.20 and 8878.21 of the Government Code, deferred payment loans made with these funds shall be subject to all of the following special provisions, which shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications, which shall occur at least once every three months until there are insufficient funds available to commit according to this ranking. In making this ranking for rental housing developments, priority shall be given to those projects which (A) serve the greater number of eligible households as defined in Section 50105 with the lowest incomes, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the housing need is great as determined by the department, taking into consideration, among other factors, low vacancy rates, high

market rents, long waiting lists for subsidized housing, the stock of substandard housing, and the potential loss of subsidized rental housing to market-rate housing through demolition, foreclosure, or subsidy termination, (D) complement the implementation of an existing housing program, (E) maximize private local and other funding sources, and (F) maximize long-term benefits for eligible households, as defined in Sections 50079.5 and 50105. Subparagraph (B) above shall not apply to applications for fund commitments submitted pursuant to Section 50670 or to any application for residential hotels and motels. In making this ranking for owner-occupied housing, priority shall be given to those applications which (A) serve the greater number of eligible households, as defined in Section 50105, with the lowest income, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the need for rehabilitation is great as determined by the department, taking into consideration, among other factors, the amount of substandard owner-occupied housing, low vacancy rates, and limited availability of affordable housing, (D) complement the implementation of an existing housing program, and (E) maximize available and appropriate private, local, and other funding sources. The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development or the capability of the applicant for funding for owner-occupied housing to implement the proposed program.

(2) Loans for rental housing developments may be reviewed, approved, and funded by the department directly to the sponsor. In these cases, the department shall ensure that the sponsor notifies the local legislative body of the sponsor's loan application prior to a funding award. Loans to owner-occupants may be made by local public entities or nonprofit corporations which have received fund commitments from the department. The department shall ensure that the local public entity or nonprofit corporation applying for fund commitments for loans to owner-occupants notifies the local legislative body of the application prior to a funding award. When the department certifies a local public entity or nonprofit corporation as being capable of making these loans, the department shall delegate responsibility for reviewing and approving these loans to the local public entity or nonprofit corporation. If it is determined by the department that the local public entity or nonprofit corporation is no longer capable of making or managing these loans, the department may, at its sole discretion, revoke that delegation of responsibility or cancel the funding commitment to the local public entity or nonprofit corporation, or both. The department's regulations shall include procedures and standards for certification and decertification.

(3) A sponsor may apply for loans for one or more rental housing developments.

(b) (1) A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make

the development affordable, for the term of the state's regulatory agreement, to the eligible households. Notwithstanding the requirements of Section 50663, rental housing developments and owner-occupied units assisted by the program may be located anywhere in the state.

(2) In the case of loans for rental housing developments awarded to nonprofit sponsors, the total secured debt in a superior position to the department's loan, plus the department's loan, shall not exceed 100 percent of the after rehabilitation value of the property, as determined by an appraisal of the property conducted pursuant to guidelines established in regulations of the department.

(3) The maximum loan amounts per unit established in regulations pursuant to Section 50670 shall also apply to rental housing developments rehabilitated or acquired and rehabilitated pursuant to paragraph (1) of subdivision (a) of Section 50661, except that there shall not be a maximum loan amount established per project. These dollar limitations may be increased by the department, as necessary, in high-cost areas of the state or where the correction of severe health and safety defects or the provisions of handicapped accessibility standards necessitate greater assistance. The department, by regulation, may specify unit loan limits for loans made for owner-occupied housing and the circumstances under which it may grant exceptions to, or variances from, these limits.

(4) (A) Loans made to sponsors of rental housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of rental housing developments for rehabilitation only shall be for terms of not less than 20 years. However, the term shall not exceed the useful life of the rental housing development for which the loan is made. The sponsor may elect to begin to repay the loan at any time in accordance with the prepayment plan established in accordance with paragraph (6), if it is determined by the department, that the sponsors can continue to maintain the rents at levels affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(5) (A) In the case of loans made for rental housing developments, eligible costs shall include those costs relating to (i) real property acquisition, including refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with the provision of affordable rents and the fiscal integrity of the project; (ii) rehabilitation or reconstruction, including the conversion of nonresidential structures to residential use; (iii) general property improvements which are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of

kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning; (iv) necessary and related onsite improvements; (v) reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department; (vi) reasonable consulting costs; (vii) rent-up costs; (viii) seismic rehabilitation improvements; and (ix) any other costs of rehabilitation authorized by the department. "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant. "Seismic rehabilitation improvements," as used in this section, means improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city or county seismic safety ordinance adopted pursuant to Section 19163.

(B) In the case of loans made for owner-occupied housing, eligible costs shall include those costs relating to (i) rehabilitation work expenses; (ii) cost of room additions necessary to alleviate overcrowding; (iii) costs of general property improvements including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping and purchase or installation of central air conditioning, to the extent that they are necessary to correct unsafe, unhealthy, or unsanitary conditions; (iv) costs related to necessary architectural, engineering, and other technical consultants; (v) costs of preliminary reports, title policies, credit reports, appraisal reports, and fees for recording documents related to the department's loans; (vi) costs of building permits and other governmental fees; and (vii) if in conjunction with other rehabilitation work, costs for improvements related to making the housing accessible to the handicapped.

(C) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Sections 53131 and 53133, the department may set aside or use any amounts available in the fund to establish a rental housing development default reserve for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which jeopardizes the financial integrity of a rental housing development or the department's security in the rental housing development. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department and no sponsor shall be entitled to or have any right to payment of these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed

of trust and shall be payable to the department upon demand.

(D) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating cost, or Sections 53131 and 53133, the department may set aside or use proceeds in the fund in an amount not to exceed 3 percent of the amount of encumbrances for loans for owner-occupied housing to establish an owner-occupied housing default reserve for the purpose of curing or avoiding an owner's default on the terms of any loan or other obligation which jeopardizes the department's security in the owner-occupied housing. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department, and no homeowner shall be entitled to, or have any right to payment of, these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand. Interest payments from loans for owner-occupied housing shall be allocated by the department into this reserve to replace the allocated proceeds until the percent established by the department is achieved solely with interest payments.

(6) Upon request of the sponsor, the department may permit repayment of a sponsor's loan on the basis of net cash-flow. The department shall develop a prepayment plan in conjunction with the sponsor which will ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash-flow. The department shall determine the method for calculating net cash-flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(7) If a loan is made pursuant to this chapter for both seismic rehabilitation improvements and other eligible rehabilitation costs, only those costs related to the seismic rehabilitation improvements shall be counted and included for purposes of the fund reservation made by Section 8878.20 of the Government Code.

(c) Principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear interest at the rate of 3 percent per annum on the unpaid principal balance. However, the department shall reduce or eliminate interest payments on a loan for any year or, alternatively, defer interest until the deferred payment loan is repaid, if necessary to provide affordable rents to households of very low and low income. The ability to pay all or part of the 3 percent simple annual interest shall not be considered in determining the fiscal integrity of the rental housing development at the time of the rating and ranking of an application.

(1) "Maintain affordable rent levels," as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to an inflation index to be determined by the department. The inflation index shall reflect anticipated annual

changes in rental housing development operating costs from a base year when the rents are initially established. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(2) (A) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement. If a tenant's income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be extended by the sponsor for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. Any vacant units shall be rented to eligible households until the required residency by eligible households is attained.

(B) In the case of limited equity housing cooperatives, the provisions of this paragraph shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(3) When operating income as defined by the department is greater than operating expenses, debt service, deposits required for reserve accounts, payments pursuant to paragraph (6) of subdivision (b) if elected by the sponsor, approved annual distributions, and any other disbursements approved by the department, these excess funds shall be paid into an account established in the fund. Funds in this account shall be appropriated to the department for use to assist rental housing developments funded pursuant to this section with proceeds of bonds issued pursuant to Chapter 27 of the Statutes of 1988, Chapter 30 of the Statutes of 1988, or Chapter 48 of the Statutes of 1988, subject to the following requirements:

(i) Excess funds in the account shall be allocated first into the rental housing development default reserve established pursuant to subparagraph (C) of paragraph (5) of subdivision (b). The balance of this default reserve shall not exceed the maximum level of funding established by regulations adopted by the department.

(ii) After the rental housing development default reserve is fully

funded with these excess funds, the department shall use all additional excess funds in the account for payment of either unforeseen capital improvements, the cost of which would jeopardize the fiscal integrity and affordability of a rental housing development, or to further reduce rents in a rental housing development. The department may adopt regulations which specify the procedures and standards for application for, and use of, these funds. Those payments used for capital improvements shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(d) Prior to disbursement of any funds for loans to rental housing developments made pursuant to this section, the department shall enter into a regulatory agreement with the sponsor in accordance with subdivision (d) of Section 50670, except that (1) the term of the regulatory agreement shall be for the original term of the loan and the agreement shall be binding upon the sponsor and successors in interest upon sale or transfer of the rental housing development or prepayment of the loan and (2) a nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of 115 percent and distribute earnings in an amount no greater than 8 percent of the nonprofit sponsor's actual investment. The regulatory agreement also shall contain provisions requiring annual inspections and review of year-end fiscal audits and related reports by the department and provisions to maintain affordable rent levels to serve eligible households.

(e) Where loans will be used in conjunction with federal or other housing assistance or tax credits and a conflict exists between the other state or federal program requirements and those of this chapter with respect to the calculation of rents, the requirements of the Deferred Payment Rehabilitation Loan Program and the Special User Housing Rehabilitation Program may be waived only to the extent necessary to permit federal or other state financial participation or eligibility for tax credits.

(f) "Sponsor," for purposes of this section, has the same meaning as defined in subdivision (c) of Section 50669.

(g) (1) The department shall adopt emergency regulations to implement this chapter and to amend the maximum loan amounts per unit established in regulations adopted pursuant to Section 50670, with respect to loans made with funding subject to this section. The regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code.

(2) Notwithstanding conflicting provisions of this chapter, the department may elect to make the regulations referred to in paragraph (1) additionally applicable until December 31, 1992, to all other deferred payment loan programs authorized by this chapter, except the programs specified in Sections 50662.5 and 50671, if the department determines that the uniformity achieved thereby will

avoid significant additional administrative costs.

(h) For purposes of this section, "rental housing development" means a single family house or a multifamily structure or structures containing two or more dwelling units, including efficiency units. One or more of the dwelling units in a rental housing development shall be rented or leased or otherwise occupied as a primary residence by a person or household who is not the owner of the structure or structures. For the purposes of this section, motels operated pursuant to subdivision (b) of Section 50669, residential hotels, group or congregate homes, and limited equity housing cooperatives are rental housing developments. Except for motels, the limitations concerning types of residents and minimum number of units set forth in subdivision (b) of Section 50669 shall not apply.

(i) "Affordable rent" for the purposes of this section shall be established by the department in the regulations authorized by subdivision (g). However, the initial rents shall be established by the department based on a designated family size for each unit size, and those initial rents shall not exceed 30 percent of 50 percent of the area median income adjusted by that designated family size for units restricted to occupancy by very low income households; or 30 percent of 60 percent of area median income adjusted by that designated family size for units restricted to occupancy by low-income households. In establishing affordable rent levels, the department shall make provision in its regulations for projects serving the physically and mentally handicapped persons.

SEC. 3. Section 50771.1 of the Health and Safety Code is amended to read:

50771.1. For the purpose of providing deferred payment loans pursuant to this chapter for the development costs of rental housing developments utilizing moneys transferred to the Rental Housing Construction Fund pursuant to paragraph (1) of subdivision (a) of Section 53130 and paragraph (1) of subdivision (b) of Section 53130, the following special provisions shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications which shall occur at least once every three months until there are insufficient funds available to make commitments according to the ranking. In making this ranking, notwithstanding Sections 50737 and 50737.5, priority shall be given to projects which (A) maximize program benefits to eligible households, as defined in Section 50105 with the lowest incomes, (B) maximize program benefits to eligible households needing assisted units with three or more bedrooms, (C) are located in areas where the housing need is great, as determined by the department, taking into consideration, among other factors, variations in local development costs, low vacancy rates, high market rents, and long waiting lists for subsidized housing, (D) complement the implementation of an existing housing program, (E) maximize

private, local, and other funding sources, (F) are economically feasible given local market conditions, and (G) maximize the number of units which can be assisted under the program, relative to variances in market conditions for the development of rental housing. Subparagraph (B) above does not apply to applications for residential hotels.

(2) All loans shall be made directly from the department to the housing sponsor which applies to the department and will own, operate, and develop the housing development. The sponsor shall notify the local legislative body of its loan application prior to the funding award.

(3) A sponsor may apply for awards for one or more rental housing developments.

(4) The department shall evaluate the capability of the sponsor to own, construct, and manage the rental housing development.

(b) (1) A rental housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to eligible households.

(2) (A) Loans to sponsors of housing developments shall be for a term not less than 40 years. After 30 years from the time the loan is made, the sponsor shall begin to repay the loan in accordance with a payment plan, as determined by the department, that will maintain the rents affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(C) Loans provided under this section shall bear an interest rate of 3 percent per annum. The department, by regulations, shall establish the conditions under which the interest may be reduced, waived, or deferred. At the request of the sponsor, the department may charge a higher interest rate.

(3) (A) Development costs shall include reasonable consulting fees, and other reasonable administrative expenses in connection with the planning and execution of the rental housing development, as determined by the department, and initial funding of emergency reserves, as required by the department. The development costs also shall further include the acquisition and completion of construction of a rental housing development where construction has halted due to financial distress, as determined by the department.

(B) A rental housing development shall include residential hotels, as defined in subdivision (b) of Section 50669, and group homes.

(4) The sponsor shall maintain an emergency reserve to defray unanticipated cost increases or revenue shortfalls to maintain the fiscal integrity of the rental housing development and maintain affordable rents for eligible households.

(5) The department, by regulation, shall specify minimum equity requirements not to exceed 10 percent of total project development costs. This requirement does not apply to proposed projects where assisted units are less than 80 percent of the total number of units.

The department, by regulation, shall define "equity" for the purposes of this section, which shall include, but shall not be limited to, cash, real property, items of personal property having monetary value contributed by the sponsor and applied toward project costs, and the capitalized value of any exemption from local taxes on real property.

(6) The department, by regulation, may specify per-unit loan limits and circumstances under which it may grant exceptions to, or variances from, these limits. The loan amount shall not exceed either 100 percent of the development costs attributable to the assisted units or the amount necessary to maintain affordable rents for the assisted units, as determined by the department.

(c) (1) Initial rents, including a reasonable utility allowance, for assisted units reserved for occupancy by very low income households, and for all assisted units in residential hotels and group homes, shall not exceed 30 percent of 35 percent of area median income, adjusted by unit size. Initial rents, including a reasonable utility allowance, for assisted units reserved for occupancy by lower income households shall not exceed 30 percent of 60 percent of area median income, adjusted by unit size. The department, by regulation, shall specify the method for adjusting rents by unit size and for computing allowances for utility costs.

(2) The department shall develop an inflation index reflecting the annual anticipated changes in rental housing development operating costs from a base year. The inflation index shall be used by the sponsor to adjust the initial rent of each unit occupied by an eligible household to determine the annual rent. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(3) Upon prior written approval by the department, a sponsor may set income limits for occupancy of assisted units designated for lower income households at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement.

(4) The monthly rent including a reasonable utility allowance may be reduced by the sponsor, to make the units affordable to the lowest income household possible as long as the project remains economically feasible.

(5) (A) If a household's income exceeds the standard pursuant to which it was accepted for tenancy, that fact alone shall neither

constitute cause for the household's immediate eviction nor be a violation of the owner's or sponsor's loan agreement.

(B) If, after annual income certification, an assisted unit becomes occupied by a household which does not meet the income limits specified in Section 50105, that household shall be permitted to continue to occupy that assisted unit. When there is a vacancy in an assisted unit formerly occupied by a household which meets the income limits specified in Section 50079.5, that unit shall be rented to a household which meets the income limits specified in Section 50105.

(C) If, after annual income certification, an assisted unit becomes occupied by a household which does not meet the income limits specified in Section 50079.5, that household shall be provided a six-month notice of termination. That period may be extended for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. That household shall have first right of refusal to occupy any nonassisted unit which becomes available during both periods.

(D) In the case of limited equity housing cooperatives, the provisions of subparagraph (C) shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(d) (1) The department may contract with the sponsor to pay all or a portion of the development costs incurred in connection with the construction of a rental housing development consistent with the requirements of this article. The department shall include such provisions in the contract as are necessary to ensure compliance with the requirements of the program.

Any rental housing development assisted pursuant to this article shall be governed by a regulatory agreement between the sponsor and the department. The regulatory agreement shall be recorded or referenced in a recorded document in the office of the county recorder for the county in which the rental housing development is located. The regulatory agreement shall contain at least all of the following:

(A) Restrictions on occupancy of dwelling units within the rental housing development, to meet the requirements of Section 50736 and this section for a period of at least 40 years.

(B) Provisions governing standards for tenant selection to ensure occupancy by eligible households of very low and low income for the term of the regulatory agreement.

(C) Provisions governing occupancy standards and rental agreements.

(D) Provisions for setting initial rents and rent increases consistent with paragraph (1) of subdivision (c) of Section 50771.1. Prior to the time any rent increase is effective, the sponsor shall notify every affected tenant, in writing, of the availability of informal meetings with the sponsor to review the proposed rent increase. Each tenant, upon request, shall be provided the information submitted to the department pursuant to this subdivision.

(E) A requirement that the sponsor submit to the department for review and approval, annual operating budgets and periodic reports, which shall at a minimum include information on the fiscal condition of the rental housing development, the maintenance of the development, and the number of units occupied by eligible households.

(F) Provisions limiting distribution of sponsor's earnings as specified in paragraph (4).

(G) A provision which specifies the conditions under which the department and any intended beneficiary may enforce the regulatory agreement.

(H) Any other provisions necessary to carry out the purposes and to exercise the powers granted by this chapter.

The regulatory agreement shall be recorded against the property and shall be deemed a covenant running with the land and shall be binding upon the sponsor and any and all successors in interest in case of sale or transfer of the rental housing development for the original term of the loan, and any extensions thereof, regardless of any prepayment of the loan.

The department, by regulation, may require such other documents, instruments, and agreements as are reasonable and necessary to ensure compliance with the program requirements.

(2) The contract for the award of development funds to be provided as construction financing for a rental housing development shall contain at a minimum the provisions specified in Section 50766, excluding therefor subdivisions (j), (k), and (*l*).

(3) All state contracts and regulatory or development agreements subject to this article shall contain provisions requiring that assisted units remain affordable to eligible households for 40 years plus any permitted extension.

(4) A nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of not more than 115 percent and distribute earnings from both assisted and nonassisted units in an amount no greater than 8 percent of the nonprofit sponsor's actual investment in the rental housing development. A for-profit sponsor may choose between the following options:

(A) It may distribute earnings from both assisted and nonassisted units in an annual amount no greater than 8 percent of its actual investment in the rental housing development.

(B) It may forego distribution of earnings from assisted units, and not be subject to any limitation on the amount of distributions it receives from nonassisted units.

(e) Where loans will be used in conjunction with federal and other state housing assistance or tax credit and a conflict exists between the other state and federal program requirements and this chapter regarding the test for determining a qualified low-income housing project, the requirements of the Rental Housing Construction Program may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

(f) (1) The department shall establish specific minimum development criteria to (A) ensure that the useful life of the rental housing development is at least equal to the term of the loan; (B) enhance the physical security of the tenants; (C) minimize long-term operating and maintenance costs; and (D) ensure that project design features and amenities are modest.

(2) No energy standards shall be required of any housing development in excess of the energy standards required for housing developments financed by conventional funding sources.

(3) The department shall employ a licensed architect or an experienced building inspector, or both, to review plans, inspect, and monitor construction of, rental housing developments.

(g) A sponsor of a housing development may receive payments from the annuity fund pursuant to Section 50738 to the extent that there are unobligated moneys available in the fund.

(h) The department shall establish an emergency reserve account in the Rental Housing Construction Fund established pursuant to Section 50740 equal to 3 percent of the moneys transferred to that fund pursuant to Section 53130.

Moneys transferred to the fund pursuant to Section 53130 shall not be subject to the requirements of Section 50770 or be used to ensure economic feasibility or enable construction pursuant to Section 50738. Notwithstanding the provisions of Sections 53130 and 53133, the department may expend moneys in the account to defray unanticipated cost increases or revenue shortfalls not covered by a rental housing development emergency reserve to the extent necessary to maintain the fiscal integrity of a rental housing development and maintain affordable rents for eligible households.

Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Section 53133, the department may use any amounts available in the account for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which will jeopardize the financial integrity of a rental housing development or the department's security in the rental housing development. The payment or advance of any funds by the department pursuant to this subdivision shall be solely within the discretion of the department, and no sponsor shall be entitled to, or have any right to, payment of these funds. Funds advanced pursuant to this subdivision shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

SEC. 4. Section 50771.3 is added to the Health and Safety Code, to read:

50771.3. The department may adopt, amend, or repeal emergency regulations to implement this chapter with respect to loans made with funds allocated pursuant to Section 53130. The adoption, amendment, or repeal of these regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code. This authority shall remain in effect only until June 30, 1992.

SEC. 5. Section 50880 of the Health and Safety Code is amended to read:

50880. (a) The Legislature finds and declares that the traditional family structure has been altered significantly during the past four decades, resulting in a dramatic rise in single-parent households and in both parents working outside the home. The 1980 United States Census reveals that the percentage of married women with children working outside the home had risen from 30 percent in 1970 to 48 percent in 1981. The Legislature finds that the number of single-parent households has risen from 8 percent in 1960 to 19 percent in 1980. Most of these single-parent households will be poor unless environments are created to support the economic and social viability of one-parent families.

(b) The Legislature finds and declares that the lack of suitable housing, convenient and quality child care, and employment training programs, contributes to shockingly high rates of poverty among single-parent households and, very often, to homelessness. One of every five children in America lives in poverty. Further, 64 percent of California families headed by women depend on Aid to Families with Dependent Children to survive.

(c) The Legislature finds and declares both of the following:

(1) Currently there are an estimated 10,000 to 30,000 homeless children in California, and additional children are in imminent danger of becoming homeless because of excessive rents, loss of family income, or deteriorating conditions in their current dwelling unit.

(2) Lack of adequate housing for homeless children exacerbates all the problems they face. A significant proportion of an entire generation will grow up without adequate health care, education, and socialization, and will be more prone to unemployment, hospitalization, and incarceration.

(d) The Legislature finds that in response to the direct link between poverty and lack of employment opportunities, it has passed legislation to establish a range of job creation, counseling, and training programs directed towards assisting persons in poverty. However, these programs often do not reach those persons most in need of them because the hardship of assembling a manageable package of work, child care, and affordable, safe housing, adds to the

already burdened lives of working parents, often resulting in failure in one or more aspects of this often precarious arrangement.

(e) The Legislature finds and declares that the elderly are one of the largest special needs groups in the state, and that they are faced with substantial housing problems. In addition to a lack of decent and affordable housing, the elderly face social isolation and a lack of supportive services, all of which accentuate the physical and psychological effects of aging. The Legislature further finds and declares that single parents and their children can benefit from the presence, experience, and assistance of elderly persons, and that providing assistance to single parents and their children in an intergenerational living situation is of benefit to the elderly.

(f) The Legislature finds and declares that the legislative findings and declarations set forth in Sections 1 to 5, inclusive, of both Chapters 1042 and 1043 of the Statutes of 1979, remain valid and are applicable to the program enacted by this chapter. The Legislature finds and declares that there is an urgent need to establish a demonstration program to design new living environments, part of which will include social and economic programs, so that working parents, job-seeking parents, and homeless parents can build productive lives for themselves and their children and part of which will include intergenerational living to help combat social isolation of the elderly, to encourage independent living by the elderly, and to provide special benefits to single parents and their children as a result of the development of relationships between them and their elderly neighbors.

SEC. 6. Section 50887 of the Health and Safety Code is amended to read:

50887. The department shall make awards from the account for the purposes of assisting the development of community housing developments. To the extent feasible, the department shall award approximately one-half of the available funds to community housing developments in the southern portion of the state and the balance to community housing developments in the northern portion of the state. To the extent feasible, not less than 20 percent of the funds awarded pursuant to this chapter shall be allocated to rural areas.

SEC. 7. Section 50888.5 of the Health and Safety Code is amended to read:

50888.5. The jobs and economic development component of a community housing development shall include all of the following features and criteria:

(a) The sponsor shall propose and implement resident selection criteria and occupancy policies which consider existing employment at nearby facilities, the potential of employment at nearby facilities through publicly assisted or other job-training or entry-level employment programs, and employment in the management and operation of the community housing development and its child care center.

(b) The sponsor shall propose and implement a program of job

placement and training for residents, which shall be implemented within 18 months of initial occupancy.

(c) The sponsor shall propose and implement a program of employment and job training with respect to the community housing development.

SEC. 8. Section 50893 of the Health and Safety Code is amended to read:

50893. The department shall make, or undertake commitments to make, construction or rehabilitation loans, including land acquisition costs, and mortgage loans in accordance with subdivisions (a) and (c) for new construction, and subdivisions (b) and (c) for rehabilitation, to sponsors to finance the development of community housing developments and congregate housing developments. The development cost payments may be provided as loans to be repaid at 3 percent interest and payments of principal or interest, or both, may be deferred or made payable over a period of time. For these purposes, the department shall enter into regulatory agreements and other agreements, and security documents, with the sponsors receiving funds from the fund. Upon the recordation, the regulatory agreement and all other agreements or documents included or incorporated by reference within the regulatory agreement shall constitute enforceable restrictions upon the property for the term of the loan. The term of the loan and its schedule for repayment may be extended by the department for additional 10-year periods as long as the community housing development or congregate housing development is operated in a manner consistent with the regulatory agreement and the sponsor needs an extension in order to continue to operate the community housing development or congregate housing development in a manner consistent with this chapter. However, the term of any loan, including any extension thereof, shall not exceed the useful life of the community or congregate housing development for which the loan is made.

(a) Loans to sponsors for new construction of community housing developments or congregate housing developments shall be for terms not less than 40 years. After 30 years from the time the loans are made, the sponsor shall begin to repay the loan in accordance with a payment plan, as determined by the department, that shall maintain the rents affordable to eligible households.

(b) Loans made to sponsors of community housing developments or congregate housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of community housing developments or congregate housing developments for rehabilitation shall only be for terms of not less than 20 years. The sponsor may elect to begin to repay the loan at any time in accordance with a payment plan, as approved by the department, that shall maintain the rents at levels affordable to eligible households.

(c) Notwithstanding any loan payment plan approved by the department, the department may permit the prepayment of a loan

at any time, on the basis of net cash-flow of a development, provided that the term of the regulatory agreement shall not be reduced due to any prepayment.

SEC. 9. Section 50893.7 of the Health and Safety Code is amended to read:

50893.7. The regulatory agreement shall contain at least the following provisions, and any others determined necessary by the department, each of which is a binding requirement:

(a) Substantially the same provisions as are required by Sections 50766 and 50767, except that they shall be applicable to sponsors and developments assisted pursuant to this chapter and the requirements of this chapter.

(b) A description of, and requirements governing, all social and economic components of the community housing development and the sponsor's affirmative responsibilities with respect to the components.

(c) A provision making the covenants and conditions of the agreement binding upon successors in interest of the sponsor.

(d) For sponsors other than a governmental agency, a provision limiting the distribution of the sponsor's earnings from the assisted portion of the community housing development in an annual amount no greater than 8 percent of the sponsor's actual investment, excluding unaccrued liabilities of the sponsor, in the assisted portion of the community housing development. The "assisted portion" of a community housing development includes the assisted units, the portion of the common area that is equal to the ratio of floor space of the assisted units to total units, and if any funds are awarded under this chapter to develop all or any portion of a child care center for the community housing development, the entire child care center. A sponsor shall not be subject to a limitation on distributions received from that portion of the community housing development that is not the assisted portion. That portion of the development which is not assisted shall include the units which are not assisted units, the portion of the common area that is equal in proportion to the ratio of floor space of the nonassisted units to total units, the child care center, if no funds have been awarded under this chapter for development of the center, and any commercial space which, for the purposes of this chapter, does not include any child care center. The sponsor, if other than a governmental agency, may elect to maintain a debt service coverage ratio of 115 percent.

(e) Provisions setting forth the terms of, and the implementation of, occupancy agreements, including provisions for eviction for "good cause." "Good cause," as used in this subdivision, means the allegation of facts necessary to prove major, or repeated minor, violations of material provisions of the occupancy agreement which detrimentally affect the health and safety of other persons or the structure, the fiscal integrity of the development, or the purposes or special programs of the development.

(f) Provisions for grievance hearings and other resident

protections which ensure reasonable security of continued occupancy.

(g) Provisions to ensure that if an eligible household's income exceeds the standard pursuant to which it was accepted for tenancy, that fact alone shall neither constitute cause for the eviction nor be a violation of the sponsor's loan agreement.

(1) If, after annual income certification, an assisted unit becomes occupied by a household which exceeds the income limits specified in Section 50105, that household shall be permitted to continue to occupy that assisted unit. When there is a vacancy in an assisted unit formerly occupied by a household which does not exceed the income limits specified in Section 50079.5, that unit shall be rented to a household which does not exceed the income limits specified in Section 50105.

(2) If, after annual income certification, an assisted unit becomes occupied by a household which exceeds the income limits specified in Section 50079.5, that household shall be provided a six-month notice of termination. The period may be extended for an additional six-month period in high-cost rental areas with low vacancy rates as determined by the department. That household shall have first right of refusal to occupy any nonassisted unit which becomes available during both periods.

(3) In the case of a housing cooperative, the provisions of paragraph (1) shall apply and the provisions of paragraph (2) shall not apply. If, after annual income certification, an assisted unit in a housing cooperative becomes occupied by a household which exceeds the income limits specified in Section 50079.5, that household shall be provided a six-month notice that the monthly payment for occupancy required to be paid by the household will be equal to the market rate for comparable units, as determined by the department. The next available membership share for occupancy of a comparable unit shall be sold to a household with an income at or below the limit specified in Section 50079.5.

(h) Provisions for setting initial rents and rent increases consistent with paragraph (1) of subdivision (c) of Section 50771.1. Prior to the time any rent increase is effective, the sponsor shall notify every affected tenant, in writing, of the availability of informal meetings with the sponsor to review the proposed rent increase. Each tenant, upon request, shall be provided the information submitted to the department pursuant to this subdivision.

(i) A requirement that the sponsor submit to the department for review and approval, annual operating budgets and periodic reports, which shall at a minimum include information on the fiscal condition of the rental housing development, the maintenance of the development, and the number of units occupied by eligible households.

SEC. 10. Section 50894 of the Health and Safety Code is amended to read:

50894. (a) Where loans will be used in conjunction with federal

and other state housing assistance or tax credits, and a conflict exists between the other state and federal program requirements and this chapter, the requirements of this chapter may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

Where a conflict exists between any state or federal law or regulation regarding nondiscrimination and this chapter, the requirements of this chapter may be waived only to the extent necessary to bring this chapter in compliance with the law or regulation regarding nondiscrimination.

SEC. 11. Section 50895 is added to the Health and Safety Code, to read:

50895. The department may adopt, amend, or repeal emergency regulations to implement this chapter with respect to loans made with funds allocated pursuant to Section 53130. The adoption, amendment, or repeal of these regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning, or purposes, of Section 11346.1 of the Government Code. This authority shall remain in effect until June 30, 1992.

SEC. 12. The Legislature hereby finds and declares that the amendments made by this act do not significantly alter the manner in which proceeds of bonds sold pursuant to the Housing and Homeless Bond Act of 1988 are expended, but rather complement and enhance the underlying purpose and provisions of that bond act.

The Legislature also finds and declares that the amendments made to Section 50880 by Section 5 of this act do not constitute changes in, but are declaratory of, existing law.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act corrects a chaptering problem by revising a provision of subdivision (c) of Section 50668.5 of the Health and Safety Code, inadvertently repealed by Chapter 1509 of the Statutes of 1990 and relating to requirements for certain housing rehabilitation loans, and to provide a statutory technical correction, both of which are vital to the efficient administration of ongoing programs. This act also permits the Department of Housing and Community Development to operate the Rental Housing Construction Program and the Family Housing Demonstration Program under emergency regulations for a specified period necessary to carry out the efficient administration of these programs. In addition, this bill revises existing provisions relating to the establishment of a reserve account for the Rental Housing Construction Program, in order to ensure the fiscal stability of that program.

Therefore, it is necessary that this act take effect immediately.

CHAPTER 101

An act to repeal and add Section 50963 of the Government Code, relating to retirement.

[Approved by Governor July 1, 1991. Filed with Secretary of State July 1, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 50963 of the Government Code is repealed.

SEC. 2. Section 50963 is added to the Government Code, to read:

50963. (a) Upon attaining 60 years of age, a member may, subject to the annual approval of the district governing board, choose either of the following options:

(1) He or she may continue service with the volunteer department, accruing length of service award credit of up to the maximum of 20 years before applying for the award.

(2) He or she may apply for the award once the minimum 10 years of length of service award credit has been accrued, and continue service with the volunteer department without accruing additional length of service award credit.

(b) An award shall not begin to accrue unless and until an appropriate application therefor has been received by the board in its Sacramento office, and shall begin to accrue and become payable on the first day of the month following the receipt of the application.

(c) This section may be made applicable to a district only during the periods of time that the district governing board finds that there are retention and recruitment problems in the district.

CHAPTER 102

An act to add Section 1346.4 to the Health and Safety Code, relating to health care service plans.

[Approved by Governor July 1, 1991 Filed with Secretary of State July 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1346.4 is added to the Health and Safety Code, to read:

1346.4. (a) The Legislature finds and declares all of the following:

(1) That millions of Californians are insured under health care service plans regulated by the Knox-Keene Health Care Service Plan Act of 1975, and that more Californians each year are insuring themselves under these health plans.

(2) That greater awareness of the rights and protections afforded by the Knox-Keene Health Care Service Plan Act of 1975 will further the act's goal of providing access to quality health care.

(3) That the public, Knox-Keene providers, and those seeking to form health care service plans under the act will benefit from having the text of the act available to them, affording a greater understanding of what the act does and making it easier for providers to comply with its provisions.

(b) The commissioner shall annually publish this chapter and make it available for sale to the public.

CHAPTER 103

An act to repeal and add Sections 17053.20 and 23615 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor July 1, 1991 Filed with Secretary of State July 2, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17053.20 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 17053.20 is added to the Revenue and Taxation Code, to read:

17053.20. (a) For taxable years beginning on or after February 1, 1992, there shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039) the sum of the amounts equal to the amount determined in subdivisions (b) and (c) for amounts paid or incurred on or after January 1, 1993, by an eligible employer to provide health coverage for eligible individuals and that individual's dependent or dependents.

(b) The amount of the credit allowed under this subdivision (a) shall be twenty-five dollars ($25) per month per covered individual or 25 percent of the total amount paid or incurred per month for that health coverage by the employer during the taxable year, whichever is more. To qualify for the credit under this subdivision, an eligible employer shall pay or incur at least 75 percent of the monthly premium for health coverage for any eligible individual who elects to have that coverage and for which the individual does not pay more than 25 percent. At least annually, the employer shall make participation available to all eligible individuals and to all newly hired individuals within 60 days of the date of employment. Nothing in this section shall prohibit an employer from making additional health benefits available to an eligible individual at the employer's or eligible individual's expense.

(c) The amount of the credit allowed under this subdivision shall

be twenty-five dollars ($25) per month or 25 percent of the total amount paid or incurred per month per covered individual's dependent or dependents, whichever is more. To qualify for the credit provided under this subdivision, an eligible employer shall pay or incur at least 75 percent towards health overage for the eligible individual's dependent or dependents and for which the individual does not pay more than 25 percent. An employer may qualify for the credit regardless of whether participation is made available to all individuals and newly hired individuals who perform services for less than 35 hours per week. Nothing in this section shall require an eligible employer to pay for dependent health coverage in order to qualify for the eligible individual health coverage credit provided in this section.

(d) The credit allowed by this section shall be in lieu of any deduction to which the taxpayer otherwise may be entitled for expenses on which a credit under this section is claimed.

(e) If the credit allowed under this section exceeds the "net tax", the excess may be carried over to reduce the "net tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(f) Any amount of expenses paid by an employer under this section shall not be included as income to the eligible individual for purposes of this part. If those expenses have been included in arriving at federal adjusted gross income of the eligible individual, the amount included shall be subtracted in arriving at state adjusted gross income. Expenses paid under this section shall not be considered "compensation for services" in determining gross income of the eligible individual under Section 17071.

(g) With the exception of a husband and wife, if two or more eligible employers share in the expenses, each eligible employer shall be allowed to receive their share of the tax credit in proportion to the respective share of the expenses paid or incurred. In the case where the eligible employer is a partnership, which may include a husband and wife, the tax credit may be divided between the partners pursuant to a written partnership agreement in accordance with Chapter 10 (commencing with Section 17851), which includes Section 704 of the Internal Revenue Code concerning substantial economic effect, relating to partner's distributive share. In the case where either the husband or the wife is an eligible employer and each file a separate return, the credit may be taken by either or equally divided between them.

(h) For purposes of this section:

(1) "Eligible employer" means an individual, estate, trust, or partnership which employs on the average during the taxable year no more than 25 employees. The average number of employees employed during the taxable year shall be determined by dividing the total number of hours for which wages are required to be reported to the Employment Development Department for the calendar year immediately preceding the employer's taxable year

for which the credit is to be allowed by 2,080 hours.

(2) "Eligible individual" means an individual who, on a form prescribed by the Franchise Tax Board and retained by the qualified employer, certifies that he or she is a resident of California (within the meaning of Section 17014), and who does one of the following:

(A) Performs services for an eligible employer for an average of at least 35 hours per week for remuneration.

(B) Performs services for an eligible employer for less than 35 hours per week for remuneration, if the eligible employer chooses to provide health coverage for that individual. For purposes of this subparagraph, an individual performing services for less than 35 hours a week includes a seasonal employee who on an annual average performs services for less than 35 hours per week.

(C) As a sole proprietor or a general partner of a business, provides at least an average of 35 hours per week in personal services to that business, for which health coverage is contracted.

(3) "Health coverage" means health coverage that, at a minimum, includes basic health care services for illness or injury provided by a private insurance company holding a valid outstanding certificate of authority from the Insurance Commissioner, a nonprofit hospital service plan qualifying under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code, or a health care service plan as defined under subdivision (f) of Section 1345 of the Health and Safety Code, which is lawfully engaged in providing, arranging, paying for, or reimbursing the cost of personal health services under insurance policies or contracts, medical and hospital service agreements, membership contracts, in consideration of premiums or other periodic charges payable to it. "Health coverage" may include provisions for cost sharing if the total cost sharing does not exceed 200 percent of the annual premium, and no copayment exceeds 50 percent of the cost of a covered service.

(4) "Basic health care services" means the services defined in subdivision (b) of Section 1345 of the Health and Safety Code, or those benefits and provisions as may be required of employers in this state by the enactment of Chapter 829 of the Statutes of 1989, or all of the following benefits:

(A) Inpatient and outpatient hospital services, including inpatient care for a period of at least 120 days of confinement in each calendar year and ancillary services.

(B) Inpatient and outpatient physician services.

(C) Diagnostic and screening tests.

(5) "Dependent" means any person who qualifies as a dependent of the eligible individual for purposes of a health care service plan certified to qualify for the credit allowed under this section.

(6) "Supplemental benefits" means any of the following:

(A) Prenatal and well-baby care which meets guidelines established by the American Academy of Pediatrics.

(B) Mental health benefits consisting of at least either of the

following:

(i) Inpatient hospital care for a mental disorder for not less than 45 days per year.

(ii) Outpatient psychotherapy and counseling for a mental disorder for not less than 20 visits per year.

(i) An eligible employer shall be entitled to an additional five dollar ($5) tax credit per month per covered employee for each of the two supplemental benefits.

(j) The Department of Corporations shall forward to the Franchise Tax Board at least annually, or more frequently upon request, a list of all health care services plans licensed under Section 1353 of the Health and Safety Code which are required to provide the basic health care services defined in subdivision (b) of Section 1345 of the Health and Safety Code. The Department of Insurance shall forward to the Franchise Tax Board at least annually, or more frequently upon request, a list of all insurers authorized to transact disability insurance in this state and nonprofit hospital service plan corporations holding the certificate of authority required by Section 11504 of the Insurance Code.

(k) To be eligible for the credit under this section, each disability insurance policy, health care service plan contract, or nonprofit hospital service plan contract shall be certified as providing the basic health care services described in paragraph (4) of subdivision (h), and, if applicable, either or both of the supplemental benefits of paragraph (6) of subdivision (h), by legal opinion of the plan's counsel, a copy of which shall be provided to each eligible employer to be retained for submission to the Franchise Tax Board upon request.

SEC. 3. Section 23615 of the Revenue and Taxation Code is repealed.

SEC. 4. Section 23615 is added to the Revenue and Taxation Code, to read:

23615. (a) For income years beginning on or after February 1, 1992, there shall be allowed as a credit against the tax (as defined by Section 23036), an amount equal to the sum of the amounts determined in subdivisions (b) and (c) for amounts paid or incurred on or after January 1, 1993, by an eligible employer to provide health coverage for an eligible individual and that individual's dependent or dependents.

(b) The amount of the credit allowed under this subdivision shall be twenty-five dollars ($25) per month per covered individual or 25 percent of the total amount paid or incurred per month for that health coverage by the employer during the income year, whichever is more. To qualify for the credit under this subdivision, an eligible employer shall pay or incur at least 75 percent of the monthly premium for health coverage for eligible individuals who elect to have that coverage and for which the individual does not pay more than 25 percent. At least annually, the employer shall make participation available to all eligible individuals and to all newly

hired individuals within 60 days of the date of employment. Nothing in this section shall prohibit employers from making additional health benefits available to an eligible individual at the employer's or eligible individual's expense.

(c) The amount of the credit allowed under this subdivision shall be twenty-five dollars ($25) per month or 25 percent of the total amount paid or incurred per month per covered individual's dependent or dependents, whichever is more. To qualify for the credit provided under this subdivision, an eligible employer shall pay or incur at least 75 percent per month towards health coverage for the eligible individual's dependent or dependents and for which the individual does not pay more than 25 percent. An employer may qualify for the credit regardless of whether participation is made available to all individuals and newly hired individuals who perform services for less than 35 hours per week. Nothing in this section shall require an eligible employer to pay for dependent health coverage in order to qualify for the eligible individual health coverage credit provided in this section.

(d) The credit allowed by this section shall be in lieu of any deduction to which the taxpayer otherwise may be entitled for expenses on which a credit under this section is claimed.

(e) If two or more eligible employers share in the expenses, each employer shall be allowed to receive their share of the tax credit in proportion to its respective share of the expenses paid or incurred. In the case where the eligible employer is a partnership, the tax credit may be divided between the partners pursuant to a written partnership agreement in accordance with Chapter 10 (commencing with Section 17851) of Part 10, which includes Section 704 of the Internal Revenue Code concerning substantial economic effect, relating to partner's distributive share.

(f) If the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(g) Any amount of expenses paid by an employer under this section shall not be included as income to the eligible individual for purposes of Part 10 (commencing with Section 17001). If those expenses have been included in arriving at federal adjusted gross income of the eligible individual, the amount included shall be subtracted in arriving at state adjusted gross income. Expenses paid under this section shall not be considered "compensation for services" in determining gross income of an eligible individual under Section 17071.

(h) For purposes of this section:

(1) "Eligible employer" means a taxpayer which employs on the average during the income year no more than 25 employees. The average number of employees employed during the income year shall be determined by dividing the total number of hours for which wages are required to be reported to the Employment Development

Department for the calendar year immediately preceding the employer's income year for which the credit is to be allowed by 2,080 hours.

(2) "Eligible individual" means an individual who, on a form prescribed by the Franchise Tax Board and retained by the qualified employer, certifies that he or she is a resident of California (within the meaning of Section 17014), and who does one of the following:

(A) Performs services for an eligible employer for an average of at least 35 hours per week for remuneration.

(B) Performs services for an eligible employer for less than 35 hours per week for remuneration if the eligible employer chooses to provide health coverage for that individual. For purposes of this subparagraph, an individual performing services for less than 35 hours a week includes a seasonal employee who on an annual average performs services for less than 35 hours per week.

(C) As a sole proprietor or shareholder of a business, provides at least an average of 35 hours per week in personal services to that business, for which health coverage is contracted.

(3) "Health coverage" means health coverage that at a minimum, includes basic health care services for illness or injury provided by a private insurance company holding a valid outstanding certificate of authority from the Insurance Commissioner, a nonprofit hospital service plan qualifying under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code, or a health care service plan as defined under subdivision (f) of Section 1345 of the Health and Safety Code, which is lawfully engaged in providing, arranging, paying for, or reimbursing the cost of personal health services under insurance policies or contracts, medical or hospital service agreements, or membership contracts in consideration of premiums or other periodic charges payable to it. "Health coverage" may include provisions for cost sharing if the total cost sharing does not exceed 200 percent of the annual premium, and no copayment exceeds 50 percent of the cost of a covered service.

(4) "Basic health care services" means the services defined in subdivision (b) of Section 1345 of the Health and Safety Code, or those benefits and provisions as may be required of employers in this state by the enactment of Chapter 829 of the Statutes of 1989, or all of the following benefits:

(A) Inpatient and outpatient hospital services, including inpatient care for a period of at least 120 days of confinement in each calendar year and ancillary services.

(B) Inpatient and outpatient physician services.

(C) Diagnostic and screening tests.

[Approved by Governor July 1, 1991. Filed with Secretary of State July 2, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 5002 of the Insurance Code is amended to read:

5002. (a) There is hereby created the California Residential Earthquake Recovery Fund, which is a special fund which,

notwithstanding Section 13340 of the Government Code, is continuously appropriated for the purposes of this chapter. The fund shall be administered by the commissioner.

(b) The purpose of the fund shall be to provide payments for structural damage caused by earthquakes to California residential real property.

(c) Money in the fund shall be used exclusively for the following purposes:

(1) Payment for structural damages to residential property caused by earthquakes as provided by this chapter.

(2) Payment of expenses of administering this chapter. Expenses of administering this chapter shall be paid only from the fund.

(3) Payment of expenses of insurers for other persons or entities incurred in connection with the adjustment of claims under this chapter.

(4) The purchase of reinsurance where authorized by this chapter.

(5) The expenses of issuance and the repayment of revenue bonds that may be authorized for the purposes of this chapter.

(6) The reduction of earthquake hazards by retrofitting dwellings pursuant to Section 5002.5.

(d) Money in the fund shall be invested and reinvested as part of the Pooled Money Investment Account, however the fund and its interest shall not be available for transfers pursuant to Section 16310 of the Government Code.

SEC. 2. The first Section 5004 of the Insurance Code, as added by Chapter 1165 of the Statutes of 1990, is amended to read:

5004. (a) The commissioner shall establish the surcharge to be collected pursuant to Section 5003. The surcharge shall be established as follows:

(1) The commissioner shall provide for different surcharges for different risks based upon the earthquake risk for the location and the risk presented by the type and age of the residential property. The commissioner may establish a reduced surcharge for residential property specifically designed or retrofitted to withstand earthquake damage provided that the reduction is based on evidence of identifiable and achievable retrofit procedures which reduce the cost of loss from seismic activity.

(2) Except as provided by paragraph (3), the surcharge for a single residence shall not be lower than twelve dollars ($12) or higher than sixty dollars ($60).

(3) The commissioner may adjust the surcharge annually to reflect extraordinary changes in the risk, temporary or extraordinary changes in the condition of the fund, and changes in residential construction costs. However, no annual increase may be made under this paragraph in excess of the increase in the Engineering News Record construction cost index.

(b) The commissioner shall immediately report to the policy committees of the Legislature with jurisdiction over insurance and

to the Joint Legislative Budget Committee upon establishing or increasing the surcharge or fee as authorized by this section.

SEC. 3. The second Section 5004 of the Insurance Code, as added by Chapter 1165 of the Statutes of 1990, is amended and renumbered to read:

5005. (a) The fund shall make payment for structural damages as provided in this chapter to owners of residential property located within the state other than for losses caused by fire, subject to the following limits:

(1) Payment for structural damage is limited to a maximum of fifteen thousand dollars ($15,000) per occurrence.

(2) The payments shall be subject to a deductible equal to one-half of 1 percent of the amount of fire coverage as stated in the policy of residential property insurance, or, if there is no stated amount per unit of residential property, then the fair market value of the residence, excluding land value, but in no case less than one thousand dollars ($1,000), and in no case more than three thousand five hundred dollars ($3,500).

(b) The amount established by subdivision (a) shall be adjusted annually by the commissioner to reflect changes in the construction cost for residential structures.

(c) Except as provided by subdivision (a) of Section 5008, payments from the fund shall apply only for property for which the surcharge was collected. The property shall remain eligible for payments for the period for which the underlying residential property insurance is in effect.

(d) The fund shall not make payments to the extent that any loss or damage is covered by any privately purchased policy of insurance. Insurers may submit earthquake insurance rating plans which include deductibles varying in relation to insured values and payments provided under this chapter.

(e) Payments shall not be made by the fund for any loss which is not reported within 90 days after the event causing the loss, except as provided by regulations issued by the commissioner.

The commissioner shall provide an explanation of this requirement, in 10-point type boldface type, with the notice required by Section 5009.

SEC. 4. Section 5006 of the Insurance Code is amended to read:

5006. (a) The commissioner may contract with insurers, licensees of the department, or other persons or entities for the provision of adjustment services. Any person or entity that provides adjustment services shall submit its recommendations to the commissioner, and any payment made on the claim shall be paid by the fund to the claimant.

SEC. 5. Section 5007 of the Insurance Code is amended to read:

5007. (a) The state and the commissioner shall not be liable for any payments in excess of the amount of money in the fund. Insurers

collecting the earthquake surcharge shall bear no risk and shall assume no liability for payments made by the fund, including any pro rata distribution.

(b) In the event that an earthquake exhausts the money in the fund, including any money that may have been deposited into the fund from any sale of revenue bonds, and any applicable reinsurance, the money in the fund shall be allocated to all claimants on a pro rata basis, in proportion to the amount of the claim that would have been paid if sufficient funds were available. If it reasonably appears that the fund will be exhausted, the commissioner shall immediately inform the Legislature, and shall report the amount of revenue bonds, or additional revenue bonds, required to be authorized by the California Residential Earthquake Recovery Fund Bond Committee to meet the obligations of the fund.

(c) The fund shall not be a member of the California Insurance Guarantee Association established by Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1.

SEC. 6. Section 5021 of the Insurance Code is repealed.

SEC. 7. Section 5021 is added to the Insurance Code, to read:

The committee has no power at any time or in any manner to pledge the credit or taxing power of the state or any of its local agencies.

(a) The total amount of revenue bonds authorized to be issued pursuant to this article is one billion dollars ($1,000,000,000), exclusive of any refunding bonds.

(b) The interest on any bonds issued pursuant to this article shall be includable as gross income for federal income tax purposes.

(c) Proceeds of the sale of any bonds authorized by this article shall be deposited in the fund and may be utilized to (1) carry out the purposes of this chapter, (2) pay costs of issuance of the bonds, (3) pay interest on the bonds for a period of up to one year, or (4) purchase any insurance, letter of credit, or other credit enhancement as the committee may find desirable to assist the sale of the bonds.

SEC. 8. Section 5022 of the Insurance Code is repealed.

SEC. 9. Section 5022 is added to the Insurance Code, to read:

5022. (a) Issuance of bonds pursuant to this article shall be authorized by a resolution adopted by the committee. Any bonds (1) may be negotiable, (2) may be payable to order or to bearer, (3) may be in any denomination, (4) shall be payable not later than 20 years from the date of issuance, (5) may bear interest at a fixed or variable rate or rates to be determined as provided by the resolution and payable as provided therein, (6) may be payable on a fixed date or upon demand of the holder, (7) may be made subject to the

prepayment or redemption at the option of the state or at the option of the holder, and (8) may contain other terms the committee may determine to be necessary and appropriate.

The bonds so signed, countersigned, endorsed, and sealed, when sold, are valid although the sale thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed the bonds, or any or either of the offices held by them at the time of signing, countersigning, or endorsing the bonds. Each bond issued under this chapter, if subject to call or redemption prior to maturity, shall contain a recital to that effect.

(d) The bonds may be sold at public or private sale, at a price above or below the par amount thereof, as may be approved by the committee.

SEC. 11. Section 5023 is added to the Insurance Code, to read:

5023. (a) Any bonds issued pursuant to this article, and the repayment of any such bonds, shall be special obligations of the state secured solely by the moneys in the fund. No bonds issued pursuant to this article shall be or become a lien, charge, or liability against the State of California or against its property or funds except to the extent of the pledges expressly made by this article. Every bond issued pursuant to this article shall contain a recital stating that neither the payment of the principal thereof nor any interest thereon, constitutes a debt, liability, or general obligation of the State of California other than as provided in this article, and neither the faith and credit nor the taxing power of the state are pledged to the repayment thereof.

(b) So long as any bonds issued pursuant to this article are outstanding, the surcharge and any other moneys in the fund, to the extent provided in the resolution of issuance, are pledged to the payment of the bonds. The pledge shall constitute a first lien and security interest, ratably from all other prior or subsequent borrowings unless the committee provides in a resolution of issuance, that any borrowing shall constitute a junior lien, which shall immediately attach on the moneys deposited in the fund, and shall be effective, binding, and enforceable against the state and any other

person asserting rights therein without need of any physical delivery, recordation, filing, or other action.

SEC. 12. Section 5023.5 is added to the Insurance Code, to read:

SECTION 1. Section 31.5 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

31.5. (a) Basin equity assessments, as well as production requirements and limitations on persons and operators within the district, are declared to be in furtherance of district activities in the protection of water supplies for users within the district which are necessary for the public health, welfare, and safety of the people of this state. The basin equity assessments, as well as the production requirements and limitations provided for in this act, are authorized to be levied upon, and applied to, all persons and producers within the district for the benefit of all who rely directly or indirectly upon the groundwater supplies of the district.

(b) The basin equity assessments levied pursuant to this act against all persons and operators within the district may be uniform or nonuniform in amount, as determined by the board of directors of the district, in order to effectuate the goals and purposes of the district. The proceeds of the basin equity assessments levied and collected shall be used to equalize the cost of water to all persons and operators within the district and to acquire water to replenish the groundwater supplies of the district.

(c) As used in this act:

(1) "Supplemental sources" means reclaimed water and sources of water outside the watershed of the Santa Ana River, excepting that portion of that watershed on and along Santiago Creek upstream of the downstream toe of the slope of the Villa Park Flood Control Dam, such as, but not limited to, water produced from the Metropolitan Water District of Southern California.

(2) "Basin production percentage" means the ratio that all water to be produced from groundwater supplies within the district bears to all water to be produced by persons and operators within the district from supplemental sources as well as from groundwater

within the district during the ensuing water year.

(d) The district shall annually order an investigation and report to be prepared by an engineer or engineers employed by the district. The investigation and report shall set forth all of the following information, together with such other information as the district may desire, relating to the preceding water year:

(1) Amount of water produced by persons and operators from groundwater within the district.

(2) Amount of water produced by persons and operators from supplemental sources.

(3) Amount of water produced by persons and operators from all other sources.

(4) Condition of groundwater supplies within the district.

(5) Information as to the probable availability of water from supplemental sources during the next succeeding fiscal year.

(6) The cost of producing water from groundwater within the district, including any replenishment assessment of the district.

(7) The cost of water produced within the district from supplemental sources.

(e) (1) On the second Wednesday in February of each year, the engineering investigation and report shall be delivered to the secretary of the district.

(2) The secretary shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of the report and of the public hearing to be held on the date of a meeting of the board of directors in March, in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding water supplies within the district shall be held.

(3) The notice, among other information which the district may provide, shall include an invitation to all persons or operators within the district to call at the offices of the district to examine the engineering investigation and report.

(4) The board of directors shall hold on the date of a meeting of the board in March of each year, a public hearing at which time any person or operator within the district or any person interested in the amounts and source from which all persons and operators produce their total supply of water as well as the estimated difference in the cost of water produced from groundwater within the district or supplemental sources, may in person, or by representative, appear and be heard.

(f) (1) On the date of a meeting of the board of directors in April of each year, the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying basin equity assessments and the amounts thereof, as well as the need for establishing production requirements and limitations and the extent of those requirements and limitations as to each person or operator within the district for the ensuing water year.

(2) In computing and fixing the amount of any basin equity

assessment for any person or operator within the district, the board may allow a percent not to exceed 10 percent, as shall be determined by the board of directors of the district, for delinquencies.

(3) Notice of the proposed hearing shall be published in the district pursuant to Section 6061 of the Government Code at least 10 days prior to the date set for the hearing.

(4) The notice shall set forth all of the following:

(A) That a report regarding water supplies within the district has been prepared.

(B) The date, time, and place of the proposed hearing.

(C) The board shall consider at the hearing the need and desirability of levying basin equity assessments and the amounts of those assessments, as well as establishing production requirements and limitations, on persons and operators within the district for the ensuing water year and surcharges in connection those requirements and limitations.

(D) An invitation to all persons and operators to appear at the public hearing and be heard in regard to any of the foregoing matters.

(g) (1) At the hearing, the board shall hear, take, and receive all competent evidence presented and offered in regard to the need for basin equity assessments, production requirements and limitations in general, and specifically, the extent of those requirements or limitations as to each person or operator within the district, the amount of the basin equity assessment which shall be levied against each person and operator for all purposes other than irrigation at uniform or nonuniform rates and may be levied against each person and operator for irrigation purposes at uniform or nonuniform rates for the ensuing water year and the amount of surcharges for production in excess of the basin production limitations.

(2) Subsequent to the hearing, the board may, by adopting a resolution upon the vote of eight members of the board, find and determine for the ensuing water year as follows:

(A) The estimated total amount of water to be produced by all persons and operators within the district from the groundwater within the district and the estimated amount to be produced by persons and operators from supplemental sources.

(B) The basin production percentage.

(C) That a basin equity assessment and production requirement and limitation from groundwater within the district are necessary for the protection of the water supply of the district.

(D) The surcharge, in an amount to be determined in the discretion of the board, for production in excess of the production limitations.

(E) The amount of the basin equity assessment to be levied against each person and operator in a dollar amount per acre-foot of water produced from the groundwater supply for all purposes other than irrigation, which need not be uniform as to each person or operator within the district, and that the amount is reasonable.

(F) The amount of the basin equity assessment to be levied against each person and operator in a dollar amount per acre-foot of water produced from the groundwater supply for irrigation purposes, which need not be uniform as to each person or operator within the district, and that the amount is reasonable.

(G) Production requirements or limitations and the surcharge for production in excess of the basin production limitations on persons and operators within the district shall be applicable during the ensuing water year. The requirements and limitations shall be on the amount of groundwater produced by those persons and operators expressed in a percentage of overall water produced or obtained by those persons or operators from groundwater within the district and from supplemental sources.

(H) That during the ensuing water year, upon the district giving published notice pursuant to Section 6061 of the Government Code in a newspaper of general circulation printed and published within the district at least 10 days prior to such a hearing, a subsequent public hearing may be held to modify the basin production percentage, any basin equity assessment, any production requirement or limitation, or the surcharge for production in excess of the production limitation established by the district. The modifications, if any, shall be effective on the date established by the board and the district. The district shall give notice of the modification 10 days prior to the effective date of the modification pursuant to subdivision (e).

(h) (1) The board may exclude all persons and operators who produced 25 acre-feet or less of water from groundwater within the district during the ensuing water year from the levy of the basin equity assessment and the production requirements and limitations.

(2) All findings and determinations made by the board pursuant to this section are final, conclusive, and binding upon all persons and parties.

(i) (1) The district shall thereafter, and in any event prior to July 1 in each year, give notice to each person or operator within the district. The notice shall include all of the following information:

(A) The amount of the basin equity assessment levied against that person or operator per acre-foot of water produced for purposes other than irrigation and the amount of the basin equity assessment levied against that person or operator per acre-foot of water produced for irrigation purposes.

(B) The basin production percentage.

(C) The production requirement or limitation upon the person or operator.

(D) The amount of surcharge imposed for production in excess of the basin production limitations.

(2) The notice required by this subdivision and the notice of any subsequent modifications may be sent by post card or by other first class mail with postage prepaid by the district.

(j) (1) Each person or operator within the district not excluded

from levy of a basin equity assessment and the production requirements and limitations, shall file with the district, on or before the 30th day of September of each year, a basin equity assessment report in the form prescribed by the district setting forth the total amounts of water produced from groundwater within the district and from supplemental sources during the preceding water year by the person or operator. The statement shall be verified by a written declaration under penalty of perjury.

(2) If the person or operator has been required by the district to produce, or has in fact produced, more water from groundwater within the district than the equivalent of the basin production percentage determined by the district, that person or operator shall pay to the district, on or before September 30, an amount determined by the number of acre-feet of water which the person or operator has produced from groundwater within the district in excess of the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment rate applicable to that person or operator, plus the amount of surcharge due for production in excess of the production limitations.

(3) If a person or operator, pursuant to the requirement the district, has produced from groundwater within the district less than of the equivalent of the basin production percentage, the person or operator, on or before the 30th day of November, shall be paid by the district from the basin equity assessment fund an amount determined by the number of acre-feet by which the production of the person or operator from groundwater as required by the district is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment rate applicable to that person or operator, or if the production of the person or operator from groundwater is more than the production required by the district and less than the equivalent of the basin equity production percentage, then the person or operator shall be paid by the district an amount determined by the number of acre-feet by which the actual production of the person or operator from groundwater is less than the acre-foot equivalent of the basin production percentage multiplied by the basin equity assessment applicable to that person or operator.

(k) If any person or operator fails to pay, when due, the applicable basin equity assessment or surcharge due for production in excess of the production limitations, the district shall charge interest on the delinquent amount at the rate of 1 percent each month or fraction thereof for which the amount remains delinquent. Should any person or operator within the district fail to file a basin equity assessment report on or before the 30th day of September of any year, the district shall, in addition to charging interest, assess a penalty charge against that person or operator in the amount of 10 percent of the amount found by the district to be due.

(*l*) (1) The district may, from time to time, require other reports from persons and operators as necessary and desirable in the

application of the basin equity assessment procedures.

(2) Upon good cause shown, an amendment to any report required under this section may be filed or a correction of any report may be made within six months after the date the report was filed with the district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Orange County Water District to equalize the cost of water to all persons and operators in the district, thereby protecting the public peace, health, and safety, it is necessary that this act take effect immediately.

CHAPTER 106

An act to amend Section 12921.4 of the Insurance Code, relating to insurance.

[Approved by Governor July 9, 1991. Filed with Secretary of State July 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 12921.4 of the Insurance Code is amended to read:

12921.4. (a) The commissioner shall, upon receipt of a written complaint with respect to the handling of an insurance claim or other obligation under a policy by an insurer or production agency, or alleged misconduct by an insurer or production agency, notify the complainant of the receipt of the complaint within 10 working days of receipt. Thereafter, the commissioner shall notify the complainant of the final action taken on his or her complaint within 30 days of the final action.

The department shall include, with each notification of final action, or, at a minimum, with a number of randomly selected notifications of final action sufficient to assure the validity of results, a complaint handling evaluation form. This form shall clearly and concisely seek an evaluation of the department's performance in handling the complainant's grievance. The areas of evaluation shall include, but not be limited to: whether the complaint was handled in a fair and reasonable manner, evaluated thoroughly and without bias; the time required for resolution of the complaint; whether the complaint was referred and, if so, whether it was referred within a satisfactory time; whether the staff involved in handling the complaint demonstrated an adequate knowledge of the issues involved in the complaint; whether the complainant was satisfied with the result of the department's intervention; and whether the

complainant would recommend the department's complaint handling services to others.

The commissioner shall, if deemed appropriate, notify insurers or production agencies against whom the complaint is made of the nature of the complaint, may request appropriate relief for the complainant, and may meet and confer with the complainant and the insurer in order to mediate the complaint. This section shall not be construed to give the commissioner power to adjudicate claims.

(b) The commissioner shall ascertain patterns of complaints by insurer, geographic area, insurance line, type of violation, and any other valid basis the commissioner may deem appropriate for further investigation, and periodically evaluate the complaint patterns to determine additional audit, investigative, or enforcement actions which may be taken by the commissioner, and report on all actions taken with respect to those patterns of complaints in his or her annual report to the Governor pursuant to Section 12922, and to the public. For the purposes of this subdivision, complaints mean those written complaints received by the commissioner under subdivision (a), and written complaints received by the commissioner from any other sources, alleging misconduct or unlawful acts by insurers or production agencies.

[Approved by Governor July 9, 1991. Filed with Secretary of State July 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 42301.6 of the Health and Safety Code is amended to read:

42301.6. (a) Prior to approving an application for a permit to construct or modify a source that may emit air contaminants located within 1,000 feet from the outer boundary of a school, the air pollution control officer shall prepare a public notice in which the proposed project or modification for which the application for a permit is made is fully described.

(b) The air pollution control officer shall, at the permit applicant's expense, distribute the public notice to the parents of children in any school within one-quarter mile of the source and to each address within a radius of 750 feet from the outer property line of the proposed new or modified source at least 30 days prior to the date final action on the application is to be taken by the officer. The officer shall review and consider all comments received during the 30 days after the notice is distributed, and shall include written responses to

the comments in the permit application file prior to taking final action on the application.

(c) Notwithstanding subdivision (b), an air pollution control officer may require the applicant to distribute the notice if the district had such a rule in effect prior to January 1, 1989.

(d) The requirements for public notice pursuant to subdivision (b) or a district rule in effect prior to January 1, 1989, are fulfilled if the air pollution control officer or applicant responsible for giving the notice makes a good faith effort to follow the procedures prescribed by law for giving the notice, and, in such circumstances, failure of any person to receive the notice shall not affect the validity of any permit subsequently issued by the officer.

(e) Nothing in this section shall be deemed to limit any existing authority of any district.

(f) The notice requirements of this section shall not apply if the air pollution control officer determines that the application to modify a source will result in a reduction of emissions of air contaminants.

CHAPTER 108

An act to amend Section 23790.5 of the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1991. Filed with Secretary of State July 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 23790.5 of the Business and Professions Code is amended to read:

23790.5. (a) It is the intent of the Legislature in enacting this section to ensure that local government shall not be preempted in the valid exercise of its land use authority pursuant to Section 23790, including, but not limited to, enacting an ordinance requiring a conditional use permit. It is also the intent of the Legislature to prevent the legislated prohibition of the concurrent retailing of beer and wine for off-premises consumption and motor vehicle fuel where the retailing of each is otherwise allowable.

(b) (1) No city, county, or city and county shall, by ordinance or resolution adopted on or after January 1, 1988, legislatively prohibit the concurrent retailing of motor vehicle fuel and beer and wine for off-sale consumption in zoning districts where the zoning ordinance allows motor vehicle fuel and off-sale beer and wine to be retailed on separate sites.

(2) On and after January 1, 1989, no city, county, or city and county ordinance or resolution adopted prior to May 5, 1987, shall

have legal effect if it legislatively prohibits the concurrent retailing of motor vehicle fuel with beer and wine for off-sale consumption in zoning districts where the zoning ordinance allows beer and wine and motor vehicle fuel to be retailed on separate sites.

(3) On and after July 1, 1988, no city, county, or city and county ordinance or resolution adopted on or after May 5, 1987, shall have legal effect if it legislatively prohibits the concurrent retailing of motor vehicle fuel with beer and wine for off-sale consumption in zoning districts where the zoning ordinance allows beer and wine and motor vehicle fuel to be retailed on separate sites.

(4) This section shall not apply to a prohibition by a city, county, or city and county of the sale of beer and wine in conjunction with the sale of motor vehicle fuel if that prohibition occurs as a result of the prohibition of the combining of the sale of motor vehicle fuel with a broader class of products or uses which includes alcoholic beverages or beer and wine as a named or unnamed part of that larger class, if that prohibition was enacted before August 1, 1985.

(c) Subject to the restrictions and limitations of subdivision (b), this section shall not prevent a city, county, or city and county from denying permission, or granting conditional permission, to an individual applicant to engage in the concurrent retailing of motor vehicle fuel with beer and wine for off-premises consumption pursuant to a valid conditional use permit ordinance based on appropriate health, safety, or general welfare standards contained in the ordinance if that conditional use permit ordinance contains all of the following:

(1) A requirement for written findings.

(2) A provision for an administrative appeal if the governing body has delegated its power to issue or deny a conditional use permit.

(3) Procedures for notice of a hearing, conduct of a hearing, and an opportunity for all parties to present testimony.

(4) A requirement that the findings be based on substantial evidence in view of the whole record to justify the ultimate decision.

(d) Notwithstanding any other provision of law, establishments engaged in the concurrent sale of motor vehicle fuel with beer and wine for off-premises consumption shall, until January 1, 1994, abide by the following conditions:

(1) No beer or wine shall be displayed within five feet of the cash register or the front door unless it is in a permanently affixed cooler as of January 1, 1988.

(2) No advertisement of alcoholic beverages shall be displayed at motor fuel islands.

(3) No sale of alcoholic beverages shall be made from a drive-in window.

(4) No display or sale of beer or wine shall be made from an ice tub.

(5) No beer or wine advertising shall be located on motor fuel islands and no self-illuminated advertising for beer or wine shall be located on buildings or windows.

(6) Employees on duty between the hours of 10 p.m. and 2 a.m. shall be at least 21 years of age to sell beer and wine.

The standards contained in this subdivision are minimum state standards which do not limit local regulation otherwise permitted under this section.

(e) Until January 1, 1994, if there is a finding that a licensee or his or her employee has sold any alcoholic beverages to a minor at an establishment engaged in the concurrent sale of motor vehicle fuel with beer and wine for off-premises consumption, the alcoholic beverage license at the establishment shall be suspended for a minimum period of 72 hours. For purposes of Section 23790, the effect of such a license suspension shall not constitute a break in the continuous operation of the establishment nor a substantial change in the mode or character of operation.

(f) The provisions of this section apply to charter cities.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue in effect reasonable restrictions over the manner of operation of retailers who sell both motor vehicle fuel and beer and wine for off-premises consumption, it is necessary that this act take effect immediately.

CHAPTER 109

An act to amend Sections 56343 and 56505 of the Education Code, relating to special education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1991. Filed with Secretary of State July 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 56343 of the Education Code is amended to read:

56343. An individualized education program team shall meet

whenever any of the following occurs:

(a) A pupil has received an initial formal assessment. The team may meet when a pupil receives any subsequent formal assessment.

(b) The pupil demonstrates a lack of anticipated progress.

(c) The parent or teacher requests a meeting to develop, review, or revise the individualized education program.

(d) At least annually, to review the pupil's progress, the individualized education program, and the appropriateness of placement, and to make any necessary revisions. The individualized education program team conducting the annual review shall consist of those persons specified in subdivision (b) of Section 56341. Other individuals may participate in the annual review if they possess expertise or knowledge essential for the review.

SEC. 2. Section 56505 of the Education Code is amended to read:

56505. (a) The state hearing shall be conducted in accordance with regulations adopted by the board. The hearing shall be conducted by a person knowledgeable in administrative hearings under contract with the department.

(b) The hearing shall be held at a time and place reasonably convenient to the parent and the pupil.

(c) The hearing shall be conducted by a person knowledgeable in the laws governing special education and administrative hearings under contract with the department.

(d) During the pendency of the hearing proceedings, including the actual state-level hearing, the pupil shall remain in his or her present placement unless the public agency and the parent agree otherwise.

(e) Any party to the hearing held pursuant to this section shall be afforded the following rights consistent with state and federal statutes and regulations:

(1) The right to be accompanied and advised by counsel and by individuals with special knowledge or training relating to the problems of handicapped children.

(2) The right to present evidence, written arguments, and oral arguments.

(3) The right to confront, cross-examine, and compel the attendance of witnesses.

(4) The right to a written or electronic verbatim record of the hearing.

(5) The right to written findings of fact and the decision.

(6) The right to prohibit the introduction of any evidence at the hearing that has not been disclosed to the party at least five days before the hearing.

(f) The use of an attorney as a representative of the public education agency during any part of the hearing shall be governed by Section 56507.

(g) The hearing conducted pursuant to this section shall be completed and a written, reasoned decision mailed to all parties to the hearing within 45 days from the receipt by the superintendent

of the request for a hearing. Either party to the hearing may request the superintendent or his or her designee to grant a continuance. The continuance shall be granted upon a showing of good cause. Any continuance shall extend the time for rendering a final administrative decision for a period only equal to the length of the continuance.

(h) The hearing conducted pursuant to this section shall be the final administrative determination and binding on all parties.

(i) In decisions relating to the placement of individuals with exceptional needs, the person conducting the state hearing shall consider cost, in addition to all other factors that are considered.

(j) Nothing in this chapter shall preclude a party from exercising the right to appeal the decision to a court of competent jurisdiction. During the pendency of any administrative or judicial proceeding conducted pursuant to Chapter 5 (commencing with Section 56500), unless the public education agency and the parents of the child agree otherwise, the child involved in the hearing shall remain in his or her present educational placement.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and involves only "costs mandated by the federal government," as defined by Section 17513 of the Government Code. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to bring the California Education Code and the California State Plan for Special Education for fiscal years 1991–93 into compliance with the Code of Federal Regulations by June 30, 1991, so that the state will receive its federal grant entitlements for special education programs for fiscal year 1991–92, it is necessary that this act take effect immediately.

CHAPTER 110

An act to add Section 31 to the Business and Professions Code, to amend Sections 4370, 4390, 4390.3, 4390.5, 4390.12, and 4390.16 of, to add Section 4700.11 to, to add and repeal Section 4720.2, and to repeal, add, and repeal Section 4720.1 of, the Civil Code, to amend Sections 683.130, 683.310, and 1699 of the Code of Civil Procedure, to amend Sections 1255.7 and 2630 of the Unemployment Insurance Code, to amend Sections 193 11350, 11350.5, and 11478.5 of, and to add Sections 11350.6 and 11478.8 to, the Welfare and Institutions Code, relating to family law.

[Approved by Governor July 11, 1991 Filed with Secretary of State July 12, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) It is in the interest of the citizens of the State of California that increased efforts be undertaken to ensure that court orders for child and spousal support are enforced.

(b) Increased collection of support obligations will result in a decrease in the reliance on government assistance under the Aid to Families with Dependent Children (AFDC) program.

(c) It is in the interest of all parties affected by a support order that any disputes relating to compliance with that order be resolved as quickly and economically as possible and that a forum for that resolution be available and accessible.

SEC. 2. The Legislature also finds and declares all of the following:

(a) Unlike many financial abuses, including, but not limited to, late credit card payments and dishonored checks, state law does not provide for adequate penalties for the failure to pay child support.

(b) It is, therefore, the intent of the Legislature to encourage the payment of child support obligations by providing for significant financial penalties for the failure to pay child support.

SEC. 3. Section 31 is added to the Business and Professions Code, to read:

31. (a) As used in this section, "board" means any entity listed in Section 101, the entities referred to in Sections 1000 and 3600, the State Bar, the Department of Real Estate, and any other state agency that issues a license, certificate, or registration authorizing a person to engage in a business or profession.

(b) Each applicant for the issuance or renewal of a license, certificate, registration, or other means to engage in a business or profession regulated by a board who is not in compliance with a judgment or order for support shall be subject to Section 11350.6 of the Welfare and Institutions Code.

(c) "Compliance with a judgment or order for support," has the

meaning given in paragraph (2) of subdivision (a) of Section 11350.6 of the Welfare and Institutions Code.

SEC. 4. Section 4370 of the Civil Code is amended to read:

4370. (a) During the pendency of any proceeding under this part, the court may order any party, except a governmental entity, to pay such amount as may be reasonably necessary for the cost of maintaining or defending the proceeding and for attorneys' fees; and from time to time and before entry of judgment, the court may augment or modify the original award for costs and attorneys' fees as may be reasonably necessary for the prosecution or defense of the proceeding or any proceeding related thereto, including after any appeal has been concluded. In respect to services rendered or costs incurred after the entry of judgment, the court may award such costs and attorneys' fees as may be reasonably necessary to maintain or defend any subsequent proceeding, and may augment or modify any award so made, including after any appeal has been concluded. Attorneys' fees and costs within the provisions of this subdivision may be awarded for legal services rendered or costs incurred prior, as well as subsequent, to the commencement of the proceeding. Any order for a party who is not the husband or wife of another party to the proceedings to pay attorneys' fees or costs shall be limited to an amount reasonably necessary to maintain or defend the action on the issues relating to that party.

(b) During the pendency of any proceeding under this part, an application for a temporary order making, augmenting, or modifying an award of attorneys' fees or costs or both shall be made by motion on notice or by an order to show cause, except that it may be made without notice by an oral motion in open court in either of the following cases:

(1) At the time of the hearing of the cause on the merits.

(2) At any time prior to entry of judgment against a party whose default has been entered pursuant to Section 585 or 586 of the Code of Civil Procedure.

(c) Notwithstanding any other provision of law, absent good cause to the contrary, the court, upon determining an ability to pay, shall award reasonable attorneys' fees to a custodial parent, or any person to whom child support is owed pursuant to this section in any action to enforce an existing order for child support and in any action to enforce a penalty incurred pursuant to Section 4700.11.

(d) Notwithstanding any other provision of law, absent good cause to the contrary, the court, upon determining an ability to pay, shall award reasonable attorneys' fees to a supported spouse in any action to enforce an existing order for spousal support.

SEC. 5. Section 4390 of the Civil Code is amended to read:

4390. Unless the provision or context otherwise requires, the following definitions in this chapter govern the construction of this chapter.

(a) "Assignment" has the same meaning as "wage assignment" or "earnings assignment." "Wage assignment" and "earnings

assignment" have the same meaning and cover all "earnings" as described in subdivision (c).

(b) "Due date of support payments" shall be the date specifically stated in the order of support or, if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(c) "Earnings," to the extent that these earnings are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, includes:

(1) Wages, salary, bonus, money, and benefits described in Sections 704.110, 704.113, and 704.115 of the Code of Civil Procedure.

(2) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, or mineral or other natural resource rights.

(3) Payments of credits due or becoming due as a result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(4) Any other payments or credits due or becoming due as a result of an enforceable obligation.

(d) "Employer" means a person for whom an individual performs services as an employee, as defined in Section 706.011 of the Code of Civil Procedure, and includes the United States government and any public entity as defined in Section 811.2 of the Government Code and any person or entity paying earnings as defined under subdivision (c).

(e) "IV-D Case" means any case being established, modified, or enforced by the district attorney pursuant to Section 654 of Title 42 of the United States Code (Section 454 of the Social Security Act).

(f) "Obligee" or "assigned obligee" means either the person to whom support has been ordered to be paid, the district attorney, or other person designated by the court to receive the payment. The district attorney shall be the obligee for all cases as defined under subdivision (e) or in which an application for services has been filed under Part D (commencing with Section 651) and Part E (commencing with Section 670) of Subchapter IV of Chapter 7 of Title 42 of the United States Code (Title IV-D or IV-E of the Social Security Act).

(g) "Obligor" means any person owing a duty of support.

(h) "Support" refers to an obligation owing on behalf of a child, spouse, or family; or an amount owing pursuant to Section 11350 of the Welfare and Institutions Code. It also includes past due support or arrearage when it exists.

(i) "Timely payment" means receipt of support payments by the obligee or assigned obligee within five days of the due date.

SEC. 6. Section 4390.3 of the Civil Code is amended to read:

4390.3. (a) On and after July 1, 1990, whenever the court orders either party to pay any amount of support or orders a modification of the amount of support to be paid, the court shall also order the

obligor to assign to an obligee that portion of his or her earnings due or to be due in the future as will be sufficient to pay the amount ordered by the court for support and shall include an amount to be paid toward the liquidation of any arrearage or past due support amount. The court shall include a wage assignment order in any order or judgment establishing or modifying support. Upon the filing and service of a notice of motion or order to show cause with the supporting application, an obligee may request the court to issue a wage assignment to enforce an existing support order or to modify an existing wage assignment order.

(b) All orders for wage assignment entered pursuant to this section shall be effective upon compliance with the procedures set forth in Section 4390.8, unless stayed pursuant to subdivision (c).

(c) The court may order that service of the wage assignment be stayed only if the court makes a finding of good cause to stay service of the wage assignment. Good cause is limited to the following:

(1) The obligor has a history of uninterrupted, full, and timely payment, other than through a wage assignment or other mandatory process, of previously ordered support during the preceding 12 months; however, an obligor who has not been subject to an order of support for 12 months prior to the issuance of the wage assignment may qualify for good cause subject to this provision if the obligor posts with the clerk of the court a cash bond or cash in an amount equal to three months' support.

Notwithstanding the above, good cause to stay service of the wage assignment shall not be found if an obligor owes an arrearage for prior support.

(2) The obligor proves, and the court finds, by clear and convincing evidence that service of the wage assignment would cause extraordinary hardship upon the obligor. Whenever possible, the court shall specify a date that any stay ordered under this paragraph will automatically terminate.

(3) The parties sign a written agreement which provides for an alternative arrangement to ensure payment of the support obligation as ordered other than through the immediate service of a wage assignment. This written agreement may include an agreement relating to the staying of the service of a wage assignment. Any agreement between the parties which includes the staying of the service of a wage assignment shall include the agreement of the district attorney in any case in which support is ordered to be paid through a county officer designated for that purpose. The signing of an agreement pursuant to this paragraph shall not preclude the party from seeking an assignment in accordance with the procedures set forth in Section 4390.4 upon violation of this agreement.

(4) The employer or district attorney has been unable to deliver payments under the assignment for a period of six months due to the failure of the obligee to notify the employer or district attorney of a change of address.

SEC. 7. Section 4390.5 of the Civil Code is amended to read:

4390.5. (a) For support orders first issued or modified before July 1, 1990, this section provides a procedure for obtaining a wage assignment when the court in ordering support or modification of support did not issue a wage assignment. Any obligee seeking issuance of a wage assignment to enforce such a support order may use the procedure set forth in this section by filing an application, or by notice of motion or order to show cause, or pursuant to Section 4390.3.

Under this section, a wage assignment shall in any event be issued only upon an application signed under penalty of perjury by the obligee that the obligor is in default in support payments in a sum equal to the amount of support payable for one month, for any other occurrence specified by the court in the support order, or earlier by court order if requested by the district attorney or the obligor.

(b) In addition to any other penalty provided by law, the filing of the application with knowledge of the falsity of the declaration or notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure.

(c) Upon receipt of the application, the court shall issue, without notice to the obligor, an order requiring the obligor to assign to the obligee that portion of the earnings of the obligor due or to be due in the future as will be sufficient to pay the amount ordered by the court for support and shall include an amount to be paid toward the liquidation of any arrearage or past due support. The order shall operate as an assignment.

(d) In cases in which the order for support does not contain a provision for wage assignment, the application shall state that the obligee has given the obligor a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by first-class mail, postage prepaid, or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek a wage assignment required by this subdivision may be given at any time, including at the time of filing a petition or complaint in which support is requested or at any time subsequent thereto.

(e) The obligor may at any time waive the written notice required by this section.

SEC. 8. Section 4390.12 of the Civil Code is amended to read:

4390.12. (a) When an assignment or assignments include both current support and payments towards the liquidation of arrearages, priority shall be given first to the current child support obligation, then the current spousal support obligation, and thereafter to the liquidation of child then spousal support arrearages.

(b) Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, as specified in Section 706.031 of the Code of Civil Procedure.

SEC. 9. Section 4390.16 of the Civil Code is amended to read:

4390.16. (a) Upon receipt of a written request from a district attorney enforcing the obligation of parents to support their children

pursuant to Section 11475.1 of the Welfare and Institutions Code, every employer shall cooperate with and provide relevant employment and income information which the employer has in its possession, to the district attorney for the purpose of establishing, modifying, or enforcing the support obligation. No employer shall incur any liability for providing this information to the district attorney.

Relevant employment and income information shall include, but not be limited to, all of the following:

(1) Whether a named person has or has not been employed by an employer.

(2) The full name of the employee.

(3) The employee's last known residence address.

(4) The employee's date of birth.

(5) The employee's social security number.

(6) The dates of employment.

(7) All earnings paid to the employee during the preceding 12 months.

(8) Whether dependent health insurance coverage is available to the employee through employment.

The district attorney shall notify the employer of the district attorney case file number in making a request pursuant to this section. The written request shall include at least three of the following elements regarding the person who is the subject of the inquiry: (A) first and last name and middle initial, if known; (B) social security number; (C) driver's license number; (D) birth date; (E) last known address; or (F) spouse's name.

The district attorney shall send a notice that a request for this information has been made to the last known address of the person who is the subject of the inquiry.

(b) The state agency or the local agency, designated to enforce support obligations as required by federal law, shall allow employers to simplify the process of wage withholding by forwarding, as ordered by the court, the amounts of support withheld under more than one court order in a consolidated check, accompanied by an itemized accounting providing names, social security number or other identifying number, and the amount attributable to each obligor.

(c) An employer which fails to provide relevant employment information to the district attorney within 20 days of receiving a request pursuant to subdivision (a) may be assessed a civil penalty of a maximum of five hundred dollars ($500), plus attorneys' fees and costs. Proceedings to impose the civil penalty shall be commenced by the filing and service of an order to show cause.

SEC. 10. Section 4700.11 is added to the Civil Code, to read:

4700.11. (a) Any person with a court order for child support, the payments on which are more than 30 days in arrears, may file and then serve a notice of delinquency, as described in this section. Except as provided in subdivision (d), any amount of child support

specified in a notice of delinquency that remains unpaid for more than 30 days after the notice of delinquency has been filed and served shall incur a penalty of 6 percent of the delinquent payment for each month that it remains unpaid, up to a maximum of 72 percent of the unpaid balance due.

(b) The notice of delinquency shall be signed under penalty of perjury by the support obligee; shall state the amount that the child support obligor is in arrears; shall set forth the installments of support due, the amounts, if any, that have been paid, and the balance due; and shall state that any unpaid installment of child support shall incur a penalty of 6 percent of the unpaid support per month until paid, to a maximum of 72 percent of the original amount of the unpaid support, unless the support arrearage is paid within 30 days of the date of service of the notice of delinquency.

(c) The notice of delinquency may be served personally or by certified mail or in any manner provided for service of summons.

(d) No penalties may be imposed pursuant to this section if, in the discretion of the court, each of the following conditions are met:

(1) Within a timely fashion after service of the notice of delinquency the support obligor files and serves a motion to determine arrearages and to show cause why the penalties provided in this section should not be imposed.

(2) At the hearing on the motion filed by the support obligor, the court finds that the support obligor has proved any of the following:

(A) The child support payments were not 30 days in arrears as of the date of service of the notice of delinquency and are not in arrears as of the date of the hearing.

(B) The support obligor suffered serious illness, disability, or unemployment which substantially impaired the ability of the support obligor to comply fully with the support order and the support obligor has made every possible effort to comply with the support order.

(C) The support obligor is a public employee and for reasons relating to fiscal difficulties of the employing entity the obligor has not received a paycheck for 30 or more days.

(D) It would not be in the interests of justice to impose a penalty.

(e) If the child support owed, or any arrearages, interest, or penalty remains unpaid more than 30 days after serving the notice of delinquency, the support obligee may file a motion to obtain a judgment on the amount owed, which shall be enforceable in any manner provided by law for the enforcement of judgments.

(f) At any hearing to set or modify the amount payable for the support of a minor child, the court shall not consider any penalties imposed under this section in determining the amount of current support to be paid.

(g) In the absence of a protective order prohibiting the support obligor from knowing the whereabouts of the child or children for whom support is payable, or otherwise excusing the requirements of this subdivision, the notice of delinquency shall include a current

address and telephone number of all of the children for whom support is due, and if different from that of the support obligee, the address at which court papers may be served upon the support obligee.

(h) A subsequent notice of delinquency may be served and filed at any time. Child support arrearages and ongoing installments listed on subsequent notices shall state that they have been listed on a previous notice. Any penalty due under this section shall not be greater than 6 percent per month of the original amount of support arrearages or support installment, nor may the penalties on any arrearage amount or support installment exceed 72 percent of the original amount due, regardless of whether or not the installments have been listed on more than one notice.

(i) Penalties due pursuant to this section may be enforced by the issuance of a writ of execution in the same manner as a writ of execution may be issued for unpaid installments of child support, as described in Section 4383, except that payment of penalties under this section may not take priority over payment of arrearages or current support.

(j) The Judicial Council shall adopt forms or notices for the use of the procedures provided by this section.

(k) This section shall apply only to installments of child support that are due on or after January 1, 1992.

(*l*) The district attorney shall enforce child support obligations utilizing the penalties provided for by this section to the extent permitted by federal law.

(m) "Support" for the purposes of this section means support as defined in subdivision (h) of Section 4390.

SEC. 11. Section 4720.1 of the Civil Code is repealed.

SEC. 12. Section 4720.1 is added to the Civil Code, to read:

4720.1. (a) (1) It is the intention of the Legislature to ensure that the State of California remains in compliance with federal regulations for child support guidelines. The Legislature therefore adopts the statewide guidelines set forth in Section 4720.2, to take effect on July 1, 1992.

(2) It is the intention of the Legislature that the courts shall adhere to the guidelines adopted pursuant to Section 4720.2 and shall depart from them only in exceptional circumstances. A parent's first and principal obligation is to support his or her minor child according to the parent's circumstances and station in life. In this regard, the Legislature recognizes that a parent's circumstances and station in life are dependent upon a variety of factors, including his or her earned and unearned income; earning capacity; assets; and the income of his or her subsequent spouse or nonmarital partner, to the extent that the obligated parent's basic living expenses are met by the spouse or other person, thus increasing the parent's disposable income.

(3) In recommending levels of child support pursuant to subdivision (b), the Judicial Council shall be guided by the legislative

intent that children share in their parents' standard of living.

(b) The Judicial Council shall study and submit a report to the Legislature on or before December 31, 1992, which shall include a proposal for legislation, regarding a system of permanent child support guidelines to comply with federal law. This report shall address the respective continuing roles of the Judicial Council and the Legislature in maintaining, amending, or otherwise managing the statewide child support guidelines.

(c) In developing guidelines, the Judicial Council shall consult with a broad cross-section of groups involved in child support issues, including, but not limited to, the following: custodial and noncustodial parents; representatives of established women's rights and fathers' rights groups; representatives of established organizations which advocate for the economic well-being of children; members of the judiciary, district attorney's offices, the Attorney General's office, and the State Department of Social Services; certified family law specialists; academicians specializing in family law; persons representing low-income parents; and persons representing recipients of Aid to Families with Dependent Children (AFDC) seeking child support services. The advisory committee shall be balanced by gender and geographic representation, to the extent possible.

(d) In developing the recommendations for the permanent guidelines the Judicial Council shall seek public comment on the guidelines.

(e) The Judicial Council shall conduct a review of the existing guidelines to determine what revisions, if any, are necessary to ensure that application of the existing guidelines results in appropriate child support award amounts. This determination shall be based on economic data on the cost of raising children and analysis of case data, gathered through sampling or other methods, on the application of, and deviations from, the guidelines. The analysis of the data shall be used to recommend revisions that ensure that deviations from the guidelines are limited. The Judicial Council shall report the results of this review to the Legislature and the State Department of Social Services on or before December 31, 1992. Thereafter, the Judicial Council shall conduct and report on the results of the required review at least every four years.

(f) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 13. Section 4720.2 is added to the Civil Code, to read:

4720.2. (a) The statewide uniform guideline for determining child support awards is as follows: CS = K (NCN).

(b) (1) The components of the formula are as follows:

CS = child support amount.

K = adjustment factor for different levels of income.

NCN = noncustodial parent's net monthly disposable income.

TN = total net monthly disposable income of parties.

(2) To compute net disposable income, see paragraph (4) of subdivision (g).

(3) K changes as combined net monthly disposable income changes as follows:

Total Net Disposable Income Per Month	K
$0– 1,667	K = .26
$1,668– 4,999	K = .20 + 100/TN
$5,000–10,000	K = .16 + 300/TN
Over $10,000	K = .12 + 700/TN

(4) For more than one child, multiply CS by:

2 children	1.5
3 children	2
4 children	2.25
5 children	2.5
6 children	2.625
7 children	2.75
8 children	2.813
9 children	2.844
10 children	2.86

(c) The court shall state on the record the net monthly disposable income of each parent.

(d) There shall be a rebuttable presumption affecting the burden of proof that 100 percent of the amount of child support established by the formula set forth in subdivision (a) is the correct amount of child support to be awarded subject to subdivision (e).

(e) The presumption of subdivision (d) may be rebutted by facts showing that application of the guideline would be unjust or inappropriate in a particular case because one or more of the following factors is found to be applicable by a preponderance of the evidence and the revised amount is in the best interests of the child or children:

(1) The parties have stipulated to a different amount of child support under subdivision (k).

(2) The rental value of the family residence in which the children for whose support the award is made are allowed to reside exceeds the mortgage payments, homeowner's insurance, and property taxes. The amount of any adjustment pursuant to this paragraph shall not be greater than the excess amount and shall be made pursuant to former Section 4728.5, prior to its repeal by Chapter 1493 of the Statutes of 1990, and applicable published appellate court decisions.

(3) A parent's subsequent spouse or nonmarital partner has income which helps meet that parent's basic living expenses, thus increasing the parent's disposable income.

(4) The child or children subject to the order are not receiving Aid to Families with Dependent Children and the custodial parent

has a higher income than the noncustodial parent. In such a case the court may order the custodial parent to pay support to the noncustodial parent or the court may reduce the amount of support paid by the noncustodial parent.

(5) The child or children subject to the order are not receiving Aid to Families with Dependent Children and the noncustodial parent has parenting time that results in substantial expenses to the noncustodial parent and substantial savings to the custodial parent. In such a case the court may reduce the amount of support paid by the noncustodial parent.

(6) The parent being ordered to pay child support has an extraordinarily high income and the amount determined under the formula would exceed the needs of the child or children.

(7) Application of the guideline would be unjust or inappropriate due to special circumstances in the particular case. The court shall state on the record the facts constituting the special circumstances.

(f) If the court determines that the presumption provided for in subdivision (d) is rebutted by factors stated in subdivision (e), the court shall state its determination, and any factual basis therefore, in writing or on the record, including, but not limited to, the amount of support that would have been received under the guidelines and including a justification of why the order varies from the guidelines. The court shall make any other findings required by federal law.

(g) (1) The annual gross income of each parent means income from whatever source derived, except as specified in subparagraph (C) and includes, but is not limited to, all of the following:

(A) Income such as commissions, salaries, royalties, wages, bonuses, rents, dividends, pensions, interest, trust income, annuities, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, and spousal support actually received from a person not a party to the order.

(B) Income from the proprietorship of a business, such as gross receipts from the business reduced by expenditures required for the operation of the business.

(C) In the discretion of the court, employee benefits or self-employment benefits, taking into consideration the benefit to the employee, any corresponding reduction in living expenses, and other relevant facts.

(2) The court may, in its discretion, consider the earning capacity of a parent in lieu of that parent's income, consistent with the best interests of the child.

(3) Annual gross income shall not include any income derived from child support payments actually received and income derived from any public assistance program, eligibility for which is based on a determination of need.

(4) The annual net disposable income of each parent shall be computed by deducting from his or her annual gross income the actual amounts attributable to the following items or other items permitted by this section:

(A) The state and federal income taxes attributed to the parent. Federal and state income tax deductions shall bear an accurate relationship to the tax status of the parties (that is, single, married, married filing separately, or head of household) and number of dependents. State and federal income taxes shall be those actually payable (not necessarily current withholding) after considering appropriate filing status, all available exclusions, deductions, and credits, and the actual tax effects of any deductible support in the present case.

(B) Deductions attributed to the employee's contribution or the self-employed worker's contribution pursuant to the Federal Insurance Contributions Act (FICA), or an amount not to exceed that allowed under FICA for persons not subject to FICA, provided that the deducted amount is used to secure retirement or disability benefits for the parent.

(C) Deductions for mandatory union dues and retirement benefits, provided that they are required as a condition of employment.

(D) Deductions for health insurance premiums for the parent and for any children the parent has an obligation to support and state disability insurance premiums.

(E) Any child or spousal support actually being paid by the parent pursuant to a court order, to or for the benefit of any person who is not a subject of the award to be established by the court. In the absence of a court order, any child support actually being paid, not to exceed the amount established by these guidelines, for a natural or adopted child or children of the parent not residing in that parent's home, who is not the subject of the award to be established by the court, and of whom the parent has a duty of support.

(F) Job related expenses, if allowed by the court after consideration of whether the expenses are necessary, the benefit to the employee, and any other relevant facts.

(G) A hardship, as defined by former Section 4725, prior to its repeal by Chapter 1493 of the Statutes of 1990, and applicable published appellate court decisions exists. In the event a hardship exists, the amount of the hardship shall not be deducted from the amount of child support but shall be deducted from the income of the party to whom it applies. In applying any hardship under former subdivision (b) of Section 4725, the court shall use the formula provided for in that section and not any local formula in order to provide equity between competing child support orders.

(5) The annual net disposable income shall be divided by 12 to reflect the monthly net disposable income. The court may modify the monthly net disposable income figure thus obtained to reflect the actual or prospective earnings of the parties at the time the determination of support is made.

(h) Unless contrary to federal law, in the event the amount of support calculated by this section is less than the minimum amount mandated by the Agnos Child Support Standards Act of 1984, the

amount mandated by that act shall be used. As used in this section, the Agnos Child Support Standards Act of 1984 means the provisions of that act in effect immediately before the changes made by Chapter 1493 of the Statutes of 1990.

(i) The amounts in this subdivision, if ordered to be paid, are considered support.

(1) For the purposes of this subdivision, the net income of the parent paying child support shall be reduced by the amount of any child support paid by that parent under this section. The net income of the parent receiving child support shall not be increased by any amount of child support received under this section.

(2) The following expenses shall be added to the amount of child support calculated under subdivision (a):

(A) Child care costs, after any applicable tax credits, related to employment shared in accordance with the net income of the parties.

(B) Absent good cause to the contrary, health care and health insurance costs for the children not deducted from gross income under subdivision (g) and health care costs for the children shared in accordance with the net income of the parties.

(3) The following expenses may be added to the amount of child support calculated under subdivision (a):

(A) In the court's discretion and subject to the paying parent's ability to pay, costs related to the special educational or other needs of a child.

(B) Child care costs related to reasonably necessary education or training for employment skills shared in accordance with the net income of the parties.

(C) Travel expenses for visitation shared in accordance with the net income of the parties, unless this creates an unreasonable hardship on one parent. The court shall find on the record or make a written finding of any unreasonable hardship.

(4) Except where there is an assignment of rights pursuant to Section 11477 of the Welfare and Institutions Code, any payment ordered pursuant to this subdivision may be ordered paid directly to a provider of services.

(j) The court may adjust the child support award as appropriate to accommodate seasonal or fluctuating income of either parent.

(k) Unless applicable federal law prohibits, this section shall not impair the right of parties to enter stipulated agreements, except that the court shall not approve a stipulated agreement for a child support award unless all of the following conditions are met:

(1) The parties acknowledge that they are fully informed of their rights pursuant to this title and that the award is being agreed to without coercion or duress.

(2) The parties declare that (A) the agreement is in the best interests of the children involved and (B) their children's needs will be adequately met by the stipulated amount.

(3) The right to support has not been assigned to the county

pursuant to Section 11477 of the Welfare and Institutions Code, and no public assistance application is pending.

(*l*) If the parties to a stipulated agreement stipulate to a child award below the amount established by this section, no change of circumstances need be demonstrated to obtain a modification of the child support award to the applicable guideline level or above.

(m) Orders and stipulations otherwise in compliance with this guideline may designate as "family support" an unallocated total sum for support of the spouse and any children without specifically labeling all or any portion as "child support" so long as the amount is adjusted to reflect the effect of additional deductibility. The amount of the order shall be adjusted to maximize the tax benefits for both parents.

(n) In the event that the Legislature extends the operative date of this section beyond January 1, 1994, it is the intent of the Legislature that the uniform guidelines provided by this section shall be reviewed by the Legislature at least every four years and revised as appropriate to ensure that its application results in the determination of appropriate child support award amounts. The review shall include consideration of changes necessitated by applicable federal laws and regulations. If the operative date of this section is so extended, it is the intent of the Legislature that it shall establish the procedure for the initial review of the guidelines no later than October 1, 1994.

(o) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 14. Section 683.130 of the Code of Civil Procedure is amended to read:

683.130. (a) In the case of a lump-sum money judgment or a judgment for possession or sale of property, the application for renewal of the judgment may be filed at any time before the expiration of the 10-year period of enforceability provided by Section 683.020 or, if the judgment is a renewed judgment, at any time before the expiration of the 10-year period of enforceability of the renewed judgment provided by Section 683.120.

(b) Except as otherwise specified in subdivisions (c) and (d), in the case of a money judgment payable in installments, the application for renewal of the judgment may be filed:

(1) If the judgment has not previously been renewed, at any time as to past due amounts that at the time of filing are not barred by the expiration of the 10-year period of enforceability provided by Sections 683.020 and 683.030.

(2) If the judgment has previously been renewed, within the time specified by subdivision (a) as to the amount of the judgment as previously renewed and, as to any past due amounts that became due and payable after the previous renewal, at any time before the expiration of the 10-year period of enforceability provided by Sections 683.020 and 683.030.

(c) Notwithstanding any other provision of law to the contrary, in the case of a money judgment payable in installments for the payment of child support or family support, the application for renewal of the judgment may be filed:

(1) If the judgment has not previously been renewed, at any time as to past due amounts if the child has not attained the age of 23 years and, thereafter, at any time before the expiration of the 10-year period of enforceability provided by Sections 683.020 and 683.030.

(2) If the judgment has previously been renewed, within the time specified by subdivision (a) as to the amount of the judgment as previously renewed and, as to any past due amount that became due and payable after the previous renewal, at any time if the child has not attained the age of 23 years and, thereafter, at any time before the expiration of the 10-year period of enforceability provided by Sections 683.020 and 683.030.

(d) Any judgment for the payment of child support or family support, for which the enforcement of that support is sought by a writ of execution pursuant to Section 4383 of the Civil Code, may be renewed at any time within 10 years after it was made or entered or previously renewed. However, a judgment shall not be renewed if the application is filed within five years from the time the judgment was previously renewed.

SEC. 15. Section 683.310 of the Code of Civil Procedure is amended to read:

683.310. Except as otherwise provided in Section 4384.5 of the Civil Code, this chapter does not apply to judgments made, entered, or enforceable pursuant to the Family Law Act, Part 5 (commencing with Section 4000) of Division 4 of the Civil Code.

SEC. 16. Section 1699 of the Code of Civil Procedure is amended to read:

1699. (a) Except as specified in this section, upon registration the registered foreign support order shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner. Except as specified in this section, upon registration, a foreign order for the assignment of wages for support shall be treated for all purposes in the same manner as an order for assignment of earnings entered pursuant to Chapter 5 (commencing with Section 4390) of Title 1.5 of Part 5 of Division 4 of the Civil Code.

(b) The obligor has 20 days after the mailing or other service of notice of the registration of a foreign order of support or assignment of wages in which to petition the court to vacate the registration or for other relief. In an action under this section there shall be no joinder of actions, coordination of actions, or cross- complaints and the claims or defenses shall be limited strictly to the identity of the obligor, the validity of the underlying foreign support order or foreign order for the assignment of wages, or the accuracy of the

obligee's statement of the amount of support remaining unpaid unless the amount has been previously established by a judgment or order. If the obligor does not so petition the court, the registered foreign support order or foreign order for the assignment of wages and all other documents filed pursuant to subdivision (a) of Section 1698.3 are confirmed.

(c) At the hearing to enforce the registered order the obligor may present only matters that would be available to the obligor as defenses in an action to enforce a support judgment. If the obligor shows and the court finds that an appeal from the order is pending or that a stay of execution has been granted the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If the obligor shows and the court finds any ground upon which enforcement of a support order of this state may be stayed the court shall stay enforcement of the order for an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a support order of this state.

(d) Registration of an out-of-state order for the sole purpose of interstate wage withholding shall not confer jurisdiction on the court for any purpose other than income withholding.

SEC. 17. Section 1255.7 of the Unemployment Insurance Code is amended to read:

1255.7. (a) The State Department of Social Services shall notify the director whether an individual filing a claim for unemployment compensation after October 1, 1982, owes support obligations as defined under subdivision (h), and notify the department of any changes in the status of these individuals to ensure that the department has a current record.

(b) The department shall maintain and keep current a record of individuals who owe support obligations and who may have claims for unemployment compensation benefits.

(c) The department shall deduct and withhold support obligations as defined under subdivision (h) from any unemployment compensation payable to an individual who owes these obligations.

(d) Any amount deducted and withheld under subdivision (c) shall be paid by the department to the appropriate county or to the State Department of Social Services as the assigned payee, as stipulated by mutual agreement, in the interagency agreement between the department and the State Department of Social Services.

(e) Any amount deducted and withheld under subdivision (c) shall for all purposes be treated as if it were paid to the individual as unemployment compensation and paid by the individual to the State Department of Social Services.

(f) For purposes of subdivisions (a) to (e), inclusive,

"unemployment compensation" means any compensation payable under this division, except Part 2 (commencing with Section 2601), but including amounts payable by the department pursuant to an agreement under any federal unemployment compensation law.

(g) This section applies only if appropriate arrangements have been made for reimbursement by the State Department of Social Services for the administrative costs incurred by the Employment Development Department.

(h) For purposes of this section, "support obligations" means the child and related spousal support obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act and as that section may hereafter be amended. However to the extent "related spousal support obligations" may not be collected from unemployment compensation under federal law, those obligations shall not be included in the definition of support obligations under this section.

SEC. 18. Section 2630 of the Unemployment Insurance Code is amended to read:

2630. (a) The State Department of Social Services shall periodically notify the department of individuals who are certified, as provided in Section 11350.5 of the Welfare and Institutions Code, as having support obligations, as defined by subdivision (g) and notify the department of any changes in the status of these individuals to ensure that the department has a current record.

(b) Upon receipt of the notifications referred to in subdivision (a), the department shall determine whether the individuals have claims for unemployment compensation disability benefits, either with the department or under an approved voluntary plan.

(c) If the department determines that an individual referred to in subdivision (a) has a claim for unemployment compensation disability benefits with an approved voluntary plan, it shall notify the voluntary plan payer. When the State Department of Social Services notifies the department of any changes in the individual's status as to his or her support obligations, the department shall in turn notify the voluntary plan payer. Upon notification from the department, the voluntary plan payer shall deduct and withhold the amounts specified in Section 11350.5 of the Welfare and Institutions Code from the unemployment compensation disability benefits that would otherwise be payable to the individual. For each withholding, the voluntary plan payer shall deduct an amount which represents the amount withheld for support obligations and may also deduct an administrative fee representing actual costs, not to exceed two dollars ($2). In no event shall the withholding and the administrative fee exceed 25 percent or a lesser amount as specified in subdivision (e) of Section 11350.5 of the Welfare and Institutions Code. The voluntary plan payer shall pay the amounts for support deducted and withheld pursuant to this section to the appropriate certifying county.

(d) The department shall maintain a current record of individuals

certified as owing support obligations. If the department determines that the individual has a claim for unemployment compensation disability benefits with the department, it shall deduct and withhold the amounts specified in Section 11350.5 of the Welfare and Institutions Code from the unemployment compensation disability benefits that would otherwise be payable to the individual. The department shall periodically pay the amounts deducted and withheld to the appropriate county or to the State Department of Social Services as the assigned payee, as stipulated by mutual agreement, in the interagency agreement between the department and the State Department of Social Services.

(e) Amounts deducted and withheld from an individual's unemployment compensation disability benefits in accordance with subdivision (c) or (d) shall for all purposes be treated as if it were paid to the individual and then paid by the individual to the State Department of Social Services or the appropriate certifying county.

(f) This section shall apply only if appropriate arrangements are made for the State Department of Social Services to reimburse the department for its administrative costs for performing the functions required of it by this section.

(g) For purposes of this section, "support obligations" means the child and related spousal support obligations described in the state plan approved pursuant to Section 454 of the Social Security Act and as that section may hereafter be amended. However, to the extent "related spousal support obligations" may not be collected from unemployment compensation under federal law, those obligations shall not be included in the definition of support obligations under this section.

SEC. 19. Section 903 of the Welfare and Institutions Code is amended to read:

903. (a) A parent of a minor, the estate of a parent, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to an order of the juvenile court. The liability of these persons and estates shall be a joint and several liability.

(b) It shall be the responsibility of a county to demonstrate to any person against whom it seeks to enforce the liability established by this section, that the charges it seeks to impose are limited to the reasonable costs of support of the minor and that these charges exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. Except in those placements of a minor in which an AFDC-FC grant is made, the county shall separately itemize the cost of each major component, such as food, clothing, and medical expense, contained within the costs of support of the minor, for any person against whom the county seeks to impose liability under this section. Nothing in this section shall preclude the district attorney from seeking reimbursement of AFDC-FC costs pursuant to Section 11350.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to insure reasonable uniformity throughout the state in the level of liability being imposed, and to insure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income. Except in those placements of a minor in which an AFDC-FC grant is made, and except as provided in paragraphs (1), (2), and (3), "costs of support" as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars ($15) per day, except that:

(1) The maximum cost of fifteen dollars ($15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee for service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

SEC. 20. Section 11350 of the Welfare and Institutions Code is amended to read:

11350. (a) In any case of separation or desertion of a parent or parents from a child or children which results in aid under this chapter being granted to such family, the noncustodial parent or parents shall be obligated to the county for an amount equal to the following:

(1) The amount specified in an order for the support and maintenance of such family issued by a court of competent jurisdiction; or in the absence of such court order, the amount specified in paragraph (2).

(2) The amount of support which would have been specified in an order for the support and maintenance of the family during the period of separation or desertion provided that any such amount in excess of the aid paid to the family shall not be retained by the county, but disbursed to the family.

(3) The obligation shall be reduced by any amount actually paid by such parent during the period of separation or desertion for the support and maintenance of such family.

(b) The district attorney shall take appropriate action pursuant to this section in the superior court of the county which provided aid under this chapter.

(c) The amount of the obligation established under paragraph (2) of subdivision (a) shall be determined by using the appropriate child support guidelines currently in effect. If one parent remains as a custodial parent, the guideline support shall be computed in the normal manner. If neither parent remains as a custodial parent, the support shall be computed by combining the noncustodial parents' incomes and placing the figure obtained in the column for noncustodial parent. A zero shall be placed in the column for the custodial parent and the amount of guideline support resulting shall be proportionately shared between the parents as directed by the court. The parents shall pay the amount of support specified in the support order to the district attorney.

(d) The court may order the defendant to pay the county attorney fees and court costs, based on such defendant's reasonable ability to pay, in any proceeding brought by the county pursuant to this section.

In making the determination of the defendant's reasonable ability to pay attorney's fees and court costs under this section, the court shall be limited to the following considerations:

(1) The wealth and income of the defendant.

(2) The current ability of the defendant to earn.

(3) The age of the defendant.

SEC. 21. Section 11350.5 of the Welfare and Institutions Code is amended to read:

11350.5. (a) As authorized by subdivision (d) of Section 704.120 of the Code of Civil Procedure, the following actions shall be taken in order to enforce support obligations which are not being met. Whenever a support judgment or order has been rendered by a court of this state against an individual who is entitled to any unemployment compensation benefits or unemployment compensation disability benefits, the district attorney may file a certification of support judgment or support order with the State Department of Social Services, verifying under penalty of perjury that there is or has been a judgment or an order for support with sums overdue thereunder. The department shall periodically present and keep current, by deletions and additions, a list of the certified support judgments and orders and shall periodically notify the Employment Development Department of individuals certified as owing support obligations.

(b) If the Employment Development Department determines that an individual who owes support may have a claim for unemployment compensation disability insurance benefits under a voluntary plan approved by the Employment Development

Department in accordance with Chapter 6 (commencing with Section 3251) of Part 2 of Division 1 of the Unemployment Insurance Code, the Employment Development Department shall immediately notify the voluntary plan payer. When the department notifies the Employment Development Department of changes in an individual's support obligations, the Employment Development Department shall promptly notify the voluntary plan payer of these changes. The Employment Development Department shall maintain and keep current a record of individuals who owe support obligations who may have claims for unemployment compensation or unemployment compensation disability benefits.

(c) Notwithstanding any other provision of law, the Employment Development Department shall withhold the amounts specified below from the unemployment compensation benefits or unemployment compensation disability benefits of individuals with unmet support obligations. The Employment Development Department shall periodically forward them to the State Department of Social Services for distribution to the appropriate certifying county.

(d) Notwithstanding any other provision of law, during the payment of unemployment compensation disability benefits to an individual, with respect to whom the Employment Development Department has notified a voluntary plan payer that the individual has a support obligation, the voluntary plan payer shall withhold the amounts specified below from the individual's unemployment compensation disability benefits and shall periodically forward them to the appropriate certifying county.

(e) The amounts withheld in subdivisions (c) and (d) shall be equal to 25 percent or each weekly unemployment compensation benefit payment or periodic unemployment compensation disability benefit payment, rounded down to the nearest whole dollar, which is due the individual identified on the certified list. However, the amount withheld may be reduced to a lower whole dollar amount through a written agreement between the individual and district attorney's office or through an order of the court.

(f) The State Department of Social Services shall ensure that the appropriate certifying county shall resolve any claims for refunds in the amounts overwithheld by the Employment Development Department or voluntary plan payer.

(g) No later than the time of the first withholding, the individuals who are subject to the withholding shall be notified by the payer of benefits of all of the following:

(1) That his or her unemployment compensation benefits or unemployment compensation disability benefits have been reduced by a court-ordered support judgment or order pursuant to this section.

(2) The address and phone number of the district attorney's office which submitted the certificate of support judgment or order.

(h) The individual may ask the appropriate court for an equitable

division of the individual's unemployment compensation or unemployment compensation disability amounts withheld to take into account the needs of all the persons the individual is required to support.

(i) The State Department of Social Services and the Employment Development Department shall enter into any agreements necessary to carry out this section.

(j) For purposes of this section, "support obligations" means the child and related spousal support obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act and as that section may hereafter be amended. However, to the extent "related spousal support obligation" may not be collected from unemployment compensation under federal law, those obligations shall not be included in the definition of support obligations under this section.

SEC. 22. Section 11350.6 is added to the Welfare and Institutions Code, to read:

11350.6. (a) As used in this section:

(1) "Board" means any entity specified in Section 101 of the Business and Professions Code, the entities referred to in Sections 1000 and 3600 of the Business and Professions Code, the State Bar of California, the Department of Real Estate, and any other state agency that issues a license, certificate, or registration authorizing a person to engage in a business or profession.

(2) "Compliance with a judgment or order for support" means that the obligor is no more than 30 days in arrears in making payments in full for current support, in making periodic payments on a support arrearage, or in making periodic payments on a reimbursement for public assistance, as set forth in a judgment or order for support.

(b) The following actions may be taken to enforce support obligations which are not being met. Whenever a support judgment or order has been rendered by, or registered in, a court of this state, the district attorney may file a certification of support judgment or support order with the State Department of Social Services, verifying under penalty of perjury that there is or has been a judgment or an order for support and that the obligor is not in compliance with the judgment or order for support. The certification shall contain the name, social security number, and last known address of the support obligor. The district attorney, on a monthly basis, shall update this information and submit it to the State Department of Social Services.

(c) The State Department of Social Services shall consolidate the lists received from the various district attorney offices and, subject to subdivisions (e), (f), and (g), shall notify any board which is responsible for the regulating of business or professional licenses, certificates, or registrations of individuals certified as owing support obligations. The list shall include the name and address of each local agency which submitted information for the list.

(d) Promptly after receiving the certification pursuant to subdivision (b), the Department of Social Services shall serve notice of the filing on the support obligor. Service shall be made personally or by mail. The notice shall inform the support obligor of the intent to submit his or her name to any appropriate board. The notice shall inform the obligor that any failure to respond to the notice in writing within 60 days from the date of the mailing of the notice shall result in the submission of his or her name to any appropriate board. The response shall be sent to the district attorney's office which submitted the obligor's name to the State Department of Social Services.

(e) Any district attorney who files a certification pursuant to this section shall establish procedures to allow a support obligor to object to the submission of his or her name to to any board, to have the underlying debt and any relevant defenses investigated, and to receive information on the process of obtaining a modification of a support order or assistance in the establishment of a payment schedule on arrearages if the circumstances so warrant.

(f) A support obligor who has requested and obtained a review by the district attorney pursuant to subdivision (e) may petition the superior court in the county of the submitting district attorney for a judicial review of the decision to certify his or her name pursuant to this section. The time for filing of the petition for judicial review shall be within 30 days of the mailing of the notice of the results of the review by the district attorney to the support obligor. The judicial review shall be limited to a determination of the following issues:

(1) Whether there is a support judgment or order.

(2) Whether the petitioner is the obligor covered by the support judgment or order.

(3) Whether the support obligor is or is not in compliance with the judgment or order for support.

(g) No name shall be submitted by the State Department of Social Services to any board until after the time period for the obligor's response to the notice provided for in subdivision (d) has lapsed and the district attorney has notified the State Department of Social Services that the obligor has failed to respond, or, if the obligor has availed himself or herself of the procedures provided in subdivisions (e) and (f), until after judgment on the petition for judicial review is entered. If an obligor uses the procedures provided in subdivision (e), but does not file a petition for judicial review pursuant to subdivision (f), his or her name may be submitted to any board after the time for filing a petition for judicial review has lapsed.

(h) Prior to the issuance or renewal of a license, certificate, or registration for a person to engage in a business or profession, any board shall determine whether the person applying for the license, certificate, or registration is on the most recent monthly list. The board shall not issue or renew such a license, certificate, or registration to any person whose name is on the most recent monthly list until the board receives a copy of the release specified in

subdivision (j).

(i) The board shall notify an applicant subject to subdivision (h), by first-class mail return receipt requested, that the applicant's name appears on the monthly list. The notice shall include the address and phone number of the district attorney's office which submitted the certification of support judgment of order, and of the necessity of obtaining a release from that district attorney's office.

(j) The State Department of Social Services shall prescribe and furnish release forms for use by the boards. When the obligor is in compliance with the judgment or order for support, the district attorney or local responsible agency shall issue to the obligor a release stating that the person is in compliance with the judgment or order of support for which certification was provided under subdivision (b). If any dispute relating to compliance exists, the relevant procedures provided in subdivisions (e) and (f) shall be applicable.

The issuance of a release shall operate to remove the name of the support obligor from the certified list as specified in subdivision (c), unless a district attorney, pursuant to subdivision (a), certifies subsequent to the issuance of a release that the support obligor is once again not in compliance with a judgment or order for support.

(k) The board, upon request of the person applying for the registration, license, or certification whose name appears on the certified list prepared by the State Department of Social Services, shall issue to that applicant a temporary registration, license, or certification valid for a period not to exceed 120 days. If, upon the expiration of the temporary registration, license, or certification, the applicant is in compliance with all judgments or orders for support for which certification has been filed pursuant to subdivision (b), the board shall issue the title, license, certification, or permit to the applicant.

(*l*) The State Department of Social Services shall adopt regulations necessary to implement the requirements of this section.

(m) The State Department of Social Services may enter into any agreements with the boards necessary to carry out this section, to the extent that the department has determined that it is cost-effective.

(n) Nothing in this section shall be deemed to limit the filing by a support obligor of a petition for an order to show cause to modify a support judgment or order or to fix a payment schedule on arrearages accruing under a support judgment or order.

(c) (1) To effectuate the purposes of this section, and notwithstanding any other provision of California law, regulation, or tariff, and to the extent permitted by federal law, the California

11478.8. (a) Upon receipt of a written request from a district attorney enforcing the obligation of parents to support their children pursuant to Section 11475.1, every employer and labor organization shall cooperate with and provide relevant employment and income information which they have in their possession to the district attorney for the purpose of establishing, modifying, or enforcing the support obligation. No employer or labor organization shall incur any liability for providing this information to the district attorney.

Relevant employment and income information shall include, but not be limited to, all of the following:

(1) Whether a named person has or has not been employed by an employer or whether a named person has or has not been employed to the knowledge of the labor organization.

(2) The full name of the employee or member.

(3) The employee's or member's last known residence address.

(4) The employee's or member's date of birth.

(5) The employee's or member's social security number.

(6) The dates of employment.

(7) All earnings paid to the employee or member during the preceding 12 months.

(8) Whether the dependent health insurance coverage is available to the employee through employment or membership in the labor organization.

The district attorney shall notify the employer and labor organization of the district attorney case file number in making a request pursuant to this section. The written request shall include at least three of the following elements regarding the person who is the

subject of the inquiry: (A) first and last name and middle initial, if known; (B) social security number; (C) driver's license number; (D) birth date; (E) last known address; or (F) spouse's name.

The district attorney shall send a notice that a request for this information has been made to the last known address of the person who is the subject of the inquiry.

(b) An employer or labor organization which fails to provide relevant employment information to the district attorney within 20 days of receiving a request pursuant to subdivision (a) may be assessed a civil penalty of a maximum of five hundred dollars ($500), plus attorneys' fees and costs. Proceedings to impose the civil penalty shall be commenced by the filing and service of an order to show cause.

(c) "Labor organization," for the purposes of this section means a labor organization as defined in Section 1117 of the Labor Code or any related benefit trust fund covered under the federal Employee Retirement Income Security Act of 1974 (Chapter 18 (commencing with Section 1001) of Title 29 of the United States Code).

(d) Any reference to the district attorney in this section shall apply only when the district attorney is otherwise ordered or required to act pursuant to existing law. Nothing in this section shall be deemed to mandate additional enforcement or collection duties upon the district attorney beyond those imposed under existing law on the effective date of this section.

SEC. 25. The State Department of Social Services shall conduct a study of the feasibility of increasing child support collections by establishing paternity through the following methods:

(a) Requiring hospitals to notify the local district attorney's office when a birth certificate is filed without the signature of both parents.

(b) Requiring the local district attorney's office to investigate within six months of the filing of a birth certificate that is filed without the signature of both parents in order to establish paternity.

The objective of this strategy is to reduce the percentage of Aid to Families with Dependent Children (AFDC) cases and non-AFDC cases in which paternity must be established before the district attorney can obtain a child support order.

The study shall address the potential cost and the potential savings in child support collections which might occur as a result of this strategy. The State Department of Social Services shall consult with the Senate Health and Human Services Committee, the Assembly Human Services Committee, the Senate Office of Research, and the Assembly Office of Research.

The study shall be submitted to the Legislature no later than September 1, 1992.

SEC. 26. It is the intent of the Legislature that California participate in the so-called federal Parent's Fair Share pilot program pursuant to the Family Support Act of 1988 (P.L. 100-485) to the extent that counties are interested in participating in the pilot program. The State Department of Social Services shall provide

technical assistance to counties that are interested in participating in the pilot and work with the federal government to ensure California's participation.

SEC. 27. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 28. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 29. This act shall not become operative unless and until Senate Bill 724 is enacted.

[Approved by Governor July 14, 1991. Filed with Secretary of State July 15, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1201 of the Commercial Code is amended to read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes

recoupment, counterclaim, setoff, suit in equity, and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or certificated security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or mineralhead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for, or in total or partial satisfaction of, a money debt.

(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous."

Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement.")

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or certificated securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title, a document shall purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or a certificated investment security drawn, issued or indorsed to him or her or to his or her order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his or her debts in the ordinary course of business or cannot pay his or her debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or

adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when any of the following occurs:

(a) He or she has actual knowledge of it.

(b) He or she has received a notice or notification of it.

(c) From all the facts and circumstances known to him or her at the time in question, he or she has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he or she has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not the other actually comes to know of it. A person "receives" a notice or notification when any of the following occurs:

(a) It comes to his or her attention.

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him or her as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his or her attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of his or her regular duties or unless he or she has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See Section 1102.)

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved

party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) (a) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to Division 9 (commencing with Section 9101). The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2401 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). Unless a consignment is intended as security, reservation of title thereunder is not a "security interest," but a consignment in any event is subject to the provisions on consignment sales (Section 2326).

(b) Whether a transaction creates a lease or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and

(i) The original term of the lease is equal to or greater than the remaining economic life of the goods,

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods,

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement, or

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(c) A transaction does not create a security interest merely because it provides that

(i) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into,

(ii) The lessee assumes risk of loss of the goods, or agrees to pay taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods,

(iii) The lessee has an option to renew the lease or to become the owner of the goods,

(iv) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market

rent for the use of the goods for the term of the renewal at the time the option is to be performed, or

(v) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(d) For purposes of this subdivision (37):

(i) Additional consideration is not nominal if (A) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (B) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised;

(ii) "Reasonably predictable" and "remaining economic life of the goods" are to be determined with reference to the facts and circumstances at the time the transaction is entered into; and

(iii) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending. When a writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words "with return receipt requested" are also used.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209), a person gives "value" for rights if he or she acquires them in any of the following ways:

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection.

(b) As security for, or in total or partial satisfaction of, a preexisting claim.

(c) By accepting delivery pursuant to a preexisting contract for purchase.

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

SEC. 1.2. Section 1201 of the Commercial Code is amended to read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, setoff, suit in equity, and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or certificated security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the

document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or mineralhead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for, or in total or partial satisfaction of, a money debt.

(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement.")

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or certificated securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person

entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title, a document shall purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder," with respect to a negotiable instrument, means the person in possession if the instrument is payable to bearer or, in the case of an instrument payable to an identified person, if the identified person is in possession. "Holder," with respect to a document of title, means the person in possession if the goods are deliverable to bearer or to the order of the person in possession.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his or her debts in the ordinary course of business or cannot pay his or her debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government and includes a monetary unit of account established by an intergovernmental organization or by agreement between two or more nations.

(25) A person has "notice" of a fact when any of the following occurs:

(a) He or she has actual knowledge of it.

(b) He or she has received a notice or notification of it.

(c) From all the facts and circumstances known to him or her at the time in question, he or she has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he or she has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not the other actually comes

to know of it. A person "receives" a notice or notification when any of the following occurs:

(a) It comes to his or her attention.

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him or her as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his or her attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of his or her regular duties or unless he or she has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See Section 1102.)

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) (a) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to Division 9 (commencing with Section 9101). The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2401 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). Unless

a consignment is intended as security, reservation of title thereunder is not a "security interest," but a consignment in any event is subject to the provisions on consignment sales (Section 2326).

(b) Whether a transaction creates a lease or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and

(i) The original term of the lease is equal to or greater than the remaining economic life of the goods,

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods,

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement, or

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(c) A transaction does not create a security interest merely because it provides that

(i) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into,

(ii) The lessee assumes risk of loss of the goods, or agrees to pay taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods,

(iii) The lessee has an option to renew the lease or to become the owner of the goods,

(iv) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed, or

(v) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(d) For purposes of this subdivision (37):

(i) Additional consideration is not nominal if (A) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (B) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the

option is not exercised;

(ii) "Reasonably predictable" and "remaining economic life of the goods" are to be determined with reference to the facts and circumstances at the time the transaction is entered into; and

(iii) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending. When a writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words "with return receipt requested" are also used.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209), a person gives "value" for rights if he or she acquires them in any of the following ways:

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection.

(b) As security for, or in total or partial satisfaction of, a preexisting claim.

(c) By accepting delivery pursuant to a preexisting contract for purchase.

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section

7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

SEC. 1.5. Section 6106.4 of the Commercial Code is amended to read:

6106.4. In any case where the notice of a bulk sale subject to Section 6106.2 states that claims may be filed with an escrow agent, the intended buyer shall deposit with the escrow agent the full amount of the purchase price or consideration. If, at the time the bulk sale is otherwise ready to be consummated, the amount of cash deposited or agreed to be deposited at or prior to consummation in the escrow is insufficient to pay in full all of the claims filed with the escrow agent, the escrow agent shall do each of the following:

(a) (1) Delay the distribution of the consideration and the passing of legal title for a period of not less than 25 days nor more than 30 days from the date the notice required in paragraph (2) is mailed.

(2) Within five business days after the time the bulk sale would otherwise have been consummated, send a written notice to each claimant who has filed a claim stating the total consideration deposited or agreed to be deposited in the escrow, the name of each claimant who filed a claim against the escrow and the amount of each claim, the amount proposed to be paid to each claimant, the new date scheduled for the passing of legal title pursuant to paragraph (1) and the date on or before which distribution will be made to claimants which shall not be more than five days after the new date specified for the passing of legal title.

(3) If no written objection to the distribution described in the notice required by paragraph (2) is received by the escrow agent prior to the new date specified in the notice for the passing of legal title, the escrow agent shall not be liable to any person to whom the notice required by paragraph (2) was sent for any good faith error that may have been committed in allocating and distributing the consideration as stated in the notice.

(b) Distribute the consideration in the following order of priorities:

(1) All obligations owing to the United States, to the extent given priority by federal law.

(2) Secured claims, including statutory and judicial liens, to the extent of the consideration fairly attributable to the value of the properties securing the claims and in accordance with the priorities provided by law. A secured creditor shall participate in the distribution pursuant to this subdivision only if a release of lien is deposited by the secured creditor conditioned only upon receiving an amount equal to the distribution.

(3) Escrow and professional charges and brokers' fees attributable directly to the sale.

(4) Wage claims given priority by Section 1205 of the Code of Civil Procedure.

(5) All other tax claims.

(6) All other unsecured claims pro rata, including any deficiency claims of partially secured creditors.

(c) To the extent that an obligation of the buyer to pay cash in the future is a part of the consideration and the cash consideration is not sufficient to pay all claims filed in full, apply all principal and interest received on the obligation to the payment of claims in accordance with subdivision (b) until they are paid in full before making any payment to the seller. In that case, the notice sent pursuant to subdivision (a) shall state the amount, terms, and due dates of the obligation and the portion of the claims expected to be paid thereby.

No funds may be drawn from the escrow, prior to the actual closing and completion of the escrow, for the payment, in whole or in part, of any commission, fee, or other consideration as compensation for a service that is contingent upon the performance of any act, condition, or instruction set forth in the escrow.

SEC. 3. Section 10103 of the Commercial Code is amended to read:

10103. (a) In this division, unless the context otherwise requires:

(1) "Buyer in ordinary course of business" means a person who, in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, buys in ordinary course from a person in the business of selling goods of that kind, but does not include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(2) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(3) "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. A commercial unit may be a single article, as a machine, or a set of articles, as a suite of furniture or a line of machinery, or a quantity, as a gross or carload, or any other unit treated in use or in the relevant market as a single whole.

(4) "Conforming" goods or performance under a lease contract means goods or performance that are in accordance with the obligations under the lease contract.

(5) "Consumer lease" means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee who is an individual and who takes under the lease primarily for a personal, family, or household purpose.

(6) "Fault" means wrongful act, omission, breach, or default.

(7) "Finance lease" means a lease with respect to which (A) the lessor does not select, manufacture, or supply the goods, (B) the lessor acquires the goods or the right to possession and use of the goods in connection with the lease, and (C) one of the following occurs:

(i) The lessee receives a copy of the contract by which the lessor acquired the goods or the right to possession and use of the goods before signing the lease contract.

(ii) The lessee's approval of the contract by which the lessor acquired the goods or the right to possession and use of the goods is a condition to effectiveness of the lease contract.

(iii) The lessee, before signing the lease contract, receives an accurate and complete statement designating the promises and warranties, and any disclaimers of warranties, limitations or modifications of remedies, or liquidated damages, including those of a third party, such as the manufacturer of the goods, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods.

(iv) The lessor, before the lessee signs the lease contract, informs the lessee in writing (aa) of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person, (bb) that the lessee is entitled under this division to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods, and (cc) that the lessee may communicate with the person supplying the goods to the lessor and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

(8) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (Section 10309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(9) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(10) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(11) "Lease agreement" means the bargain, with respect to the

lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this division. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(12) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this division and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(13) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(14) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(15) "Lessee in ordinary course of business" means a person who, in good faith and without knowledge that the lease to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, leases in ordinary course from a person in the business of selling or leasing goods of that kind, but does not include a pawnbroker. "Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(16) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(17) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(18) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(19) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(20) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(21) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(22) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(23) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

10105. Subject to the provisions of subdivision (c) of Section 10304 and subdivision (c) of Section 10305, with respect to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction, compliance and the effect of compliance or noncompliance with a certificate of title statute are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until the earlier of (1) surrender of the certificate, or (2) four months after the goods are removed from that jurisdiction and thereafter until a new certificate of title is issued by another jurisdiction.

SEC. 6. Section 10106 of the Commercial Code is amended to read:

10106. (a) If the law chosen by the parties to a consumer lease is that of a jurisdiction other than a jurisdiction in which the lessee resides at the time the lease agreement becomes enforceable or within 30 days thereafter, in which the goods are to be used, or in which the lease is executed by the lessee, the choice is not enforceable.

(b) If the judicial forum chosen by the parties to a consumer lease is in a county other than the county in which the lessee in fact signed the lease, the county in which the lessee resides at the commencement of the action, the county in which the lessee resided at the time the lease contract became enforceable, or the county in which the goods are permanently stored, the choice is not enforceable.

SEC. 7. Section 10201 of the Commercial Code is amended to read:

10201. (a) A lease contract is not enforceable by way of action or defense unless:

(1) In a lease contract that is not a consumer lease, the total payments to be made under the lease contract, excluding payments for options to renew or buy, are less than one thousand dollars ($1,000); or

(2) There is a writing, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.

(b) Any description of leased goods or of the lease term is sufficient and satisfies paragraph (2) of subdivision (a), whether or not it is specific, if it reasonably identifies what is described.

(c) A writing is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under paragraph (2) of subdivision (a) beyond the lease term and the quantity of goods shown in the writing.

(d) A lease contract that does not satisfy the requirements of subdivision (a), but which is valid in other respects, is enforceable:

(1) If the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;

(2) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or

(3) With respect to goods that have been received and accepted by the lessee.

(e) The lease term under a lease contract referred to in subdivision (d) is:

(1) If there is a writing signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;

(2) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or

(3) A reasonable lease term.

SEC. 8. Section 10204 of the Commercial Code is amended to read:

10204. (a) A lease contract may be made in any manner sufficient to show agreement, including conduct by both parties which recognizes the existence of a lease contract.

(b) An agreement sufficient to constitute a lease contract may be found although the moment of its making is undetermined.

(c) Although one or more terms are left open, a lease contract does not fail for indefiniteness if the parties have intended to make a lease contract and there is a reasonably certain basis for giving an

appropriate remedy.

SEC. 9. Section 10205 of the Commercial Code is amended to read:

10205. An offer by a merchant to lease goods to or from another person in a signed writing that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

SEC. 10. Section 10206 of the Commercial Code is amended to read:

10206. (a) Unless otherwise unambiguously indicated by the language or circumstances, an offer to make a lease contract must be construed as inviting acceptance in any manner and by any medium reasonable in the circumstances.

(b) If the beginning of a requested performance is a reasonable mode of acceptance, an offeror who is not notified of acceptance within a reasonable time may treat the offer as having lapsed before acceptance.

SEC. 11. Section 10207 of the Commercial Code is amended to read:

10207. (a) If a lease contract involves repeated occasions for performance by either party with knowledge of the nature of the performance and opportunity for objection to it by the other, any course of performance accepted or acquiesced in without objection is relevant to determine the meaning of the lease agreement.

(b) The express terms of a lease agreement and any course of performance, as well as any course of dealing and usage of trade, must be construed whenever reasonable as consistent with each other; but if that construction is unreasonable, express terms control course of performance, course of performance controls both course of dealing and usage of trade, and course of dealing controls usage of trade.

(c) Subject to the provisions of Section 10208 on modification and waiver, course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.

SEC. 12. Section 10208 of the Commercial Code is amended to read:

10208. (a) An agreement modifying a lease contract needs no consideration to be binding.

(b) A signed lease agreement that excludes modification or rescission except by a signed writing may not be otherwise modified or rescinded, but, except as between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

(c) Although an attempt at modification or rescission does not satisfy the requirements of subdivision (b), it may operate as a

waiver.

(d) A party who has made a waiver affecting an executory portion of a lease contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

SEC. 13. Section 10209 of the Commercial Code is amended to read:

10209. (a) The benefit of a supplier's promises to the lessor under the supply contract and of all warranties, whether express or implied, including those of any third party provided in connection with or as part of the supply contract, extends to the lessee to the extent of the lessee's leasehold interest under a finance lease related to the supply contract, but is subject to the terms of the warranty and of the supply contract and all defenses or claims arising therefrom.

(b) The extension of the benefit of a supplier's promises and of warranties to the lessee (subdivision (a) of Section 10209) does not: (1) modify the rights and obligations of the parties to the supply contract, whether arising therefrom or otherwise, or (2) impose any duty or liability under the supply contract on the lessee.

(c) Any modification or rescission of the supply contract by the supplier and the lessor is effective between the supplier and the lessee unless, before the modification or rescission, the supplier has received notice that the lessee has entered into a finance lease related to the supply contract. If the modification or rescission is effective between the supplier and the lessee, the lessor is deemed to have assumed, in addition to the obligations of the lessor to the lessee under the lease contract, promises of the supplier to the lessor and warranties that were so modified or rescinded as they existed and were available to the lessee before modification or rescission.

(d) In addition to the extension of the benefit of the supplier's promises and of warranties to the lessee under subdivision (a), the lessee retains all rights that the lessee may have against the supplier which arise from an agreement between the lessee and the supplier or under other law.

SEC. 14. Section 10210 of the Commercial Code is amended to read:

10210. (a) Express warranties by the lessor are created as follows:

(1) Any affirmation of fact or promise made by the lessor to the lessee which relates to the goods and becomes part of the basis of the bargain creates an express warranty that the goods will conform to the affirmation or promise.

(2) Any description of the goods which is made part of the basis of the bargain creates an express warranty that the goods will conform to the description.

(3) Any sample or model that is made part of the basis of the bargain creates an express warranty that the whole of the goods will conform to the sample or model.

(b) It is not necessary to the creation of an express warranty that the lessor use formal words, such as "warrant" or "guarantee," or that the lessor have a specific intention to make a warranty, but an affirmation merely of the value of the goods or a statement purporting to be merely the lessor's opinion or commendation of the goods does not create a warranty.

SEC. 15. Section 10211 of the Commercial Code is amended to read:

10211. (a) There is in a lease contract a warranty that for the lease term no person holds a claim to or interest in the goods that arose from an act or omission of the lessor, other than a claim by way of infringement or the like, which will interfere with the lessee's enjoyment of its leasehold interest.

(b) Except in a finance lease there is in a lease contract by a lessor who is a merchant regularly dealing in goods of the kind a warranty that the goods are delivered free of the rightful claim of any person by way of infringement or the like.

(c) A lessee who furnishes specifications to a lessor or a supplier shall hold the lessor and the supplier harmless against any claim by way of infringement or the like that arises out of compliance with the specifications.

SEC. 16. Section 10212 of the Commercial Code is amended to read:

10212. (a) Except in a finance lease, a warranty that the goods will be merchantable is implied in a lease contract if the lessor is a merchant with respect to goods of that kind.

(b) Goods to be merchantable must be at least such as:

(1) Pass without objection in the trade under the description in the lease agreement;

(2) In the case of fungible goods, are of fair average quality within the description;

(3) Are fit for the ordinary purposes for which goods of that type are used;

(4) Run, within the variation permitted by the lease agreement, of even kind, quality, and quantity within each unit and among all units involved;

(5) Are adequately contained, packaged, and labeled as the lease agreement may require; and

(6) Conform to any promises or affirmations of fact made on the container or label.

(c) Other implied warranties may arise from course of dealing or usage of trade.

SEC. 17. Section 10214 of the Commercial Code is amended to read:

10214. (a) Words or conduct relevant to the creation of an express warranty and words or conduct tending to negate or limit a warranty must be construed wherever reasonable as consistent with each other; but, subject to the provisions of Section 10202 on parol or extrinsic evidence, negation or limitation is inoperative to the

extent that the construction is unreasonable.

(b) Subject to subdivision (c), to exclude or modify the implied warranty of merchantability or any part of it the language must mention "merchantability," be by a writing, and be conspicuous. Subject to subdivision (c), to exclude or modify any implied warranty of fitness the exclusion must be by a writing and be conspicuous. Language to exclude all implied warranties of fitness is sufficient if it is in writing, is conspicuous and states, for example, "There is no warranty that the goods will be fit for a particular purpose."

(c) Notwithstanding subdivision (b), but subject to subdivision (d),

(1) Unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is," or "with all faults," or by other language that in common understanding calls the lessee's attention to the exclusion of warranties and makes plain that there is no implied warranty, if in writing and conspicuous;

(2) If the lessee before entering into the lease contract has examined the goods or the sample or model as fully as desired or has refused to examine the goods, there is no implied warranty with regard to defects that an examination ought in the circumstances to have revealed; and

(3) An implied warranty may also be excluded or modified by course of dealing, course of performance, or usage of trade.

(d) To exclude or modify a warranty against interference or against infringement (Section 10211) or any part of it, the language must be specific, be by a writing, and be conspicuous, unless the circumstances, including course of performance, course of dealing, or usage of trade, give the lessee reason to know that the goods are being leased subject to a claim or interest of any person.

SEC. 18. Section 10215 of the Commercial Code is amended to read:

10215. Warranties, whether express or implied, must be construed as consistent with each other and as cumulative, but if that construction is unreasonable, the intention of the parties determines which warranty is dominant. In ascertaining that intention the following rules apply:

(1) Exact or technical specifications displace an inconsistent sample or model or general language of description.

(2) A sample from an existing bulk displaces inconsistent general language of description.

(3) Express warranties displace inconsistent implied warranties other than an implied warranty of fitness for a particular purpose.

SEC. 19. Section 10217 of the Commercial Code is amended to read:

10217. Identification of goods as goods to which a lease contract refers may be made at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs:

(1) When the lease contract is made, if the lease contract is for a lease of goods that are existing and identified;

(2) When the goods are shipped, marked, or otherwise designated by the lessor as goods to which the lease contract refers, if the lease contract is for a lease of goods that are not existing and identified; or

(3) When the young are conceived, if the lease contract is for a lease of unborn young of animals.

SEC. 20. Section 10218 of the Commercial Code is amended to read:

10218. (a) A lessee obtains an insurable interest when existing goods are identified to the lease contract even though the goods identified are nonconforming and the lessee has an option to reject them.

(b) If a lessee has an insurable interest only by reason of the lessor's identification of the goods, the lessor, until default or insolvency or notification to the lessee that identification is final, may substitute other goods for those identified.

(c) Notwithstanding a lessee's insurable interest under subdivisions (a) and (b), the lessor retains an insurable interest until an option to buy has been exercised by the lessee and risk of loss has passed to the lessee.

(d) Nothing in this section impairs any insurable interest recognized under any other statute or rule of law.

(e) The parties by agreement may determine that one or more parties have an obligation to obtain and pay for insurance covering the goods and by agreement may determine the beneficiary of the proceeds of the insurance.

SEC. 21. Section 10219 of the Commercial Code is amended to read:

10219. (a) Except in the case of a finance lease, risk of loss is retained by the lessor and does not pass to the lessee. In the case of a finance lease, risk of loss passes to the lessee.

(b) Subject to the provisions of this division on the effect of default on risk of loss (Section 10220), if risk of loss is to pass to the lessee and the time of passage is not stated, the following rules apply:

(1) If the lease contract requires or authorizes the goods to be shipped by carrier

(A) And it does not require delivery at a particular destination, the risk of loss passes to the lessee when the goods are duly delivered to the carrier; but

(B) If it does require delivery at a particular destination and the goods are there duly tendered while in the possession of the carrier, the risk of loss passes to the lessee when the goods are there duly so tendered as to enable the lessee to take delivery.

(2) If the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the lessee on acknowledgment by the bailee of the lessee's right to possession of the goods.

(3) In any case not within paragraph (1) or (2), the risk of loss passes to the lessee on the lessee's receipt of the goods if the lessor,

or, in the case of a finance lease, the supplier, is a merchant; otherwise the risk passes to the lessee on tender of delivery.

SEC. 22. Section 10220 of the Commercial Code is amended to read:

10220. (a) Where risk of loss is to pass to the lessee and the time of passage is not stated:

(1) If a tender or delivery of goods so fails to conform to the lease contract as to give a right of rejection, the risk of their loss remains with the lessor, or, in the case of a finance lease, the supplier, until cure or acceptance.

(2) If the lessee rightfully revokes acceptance, he or she, to the extent of any deficiency in his or her effective insurance coverage, may treat the risk of loss as having remained with the lessor from the beginning.

(b) Whether or not risk of loss is to pass to the lessee, if the lessee as to conforming goods already identified to a lease contract repudiates or is otherwise in default under the lease contract, the lessor, or, in the case of a finance lease, the supplier, to the extent of any deficiency in his or her effective insurance coverage may treat the risk of loss as resting on the lessee for a commercially reasonable time.

SEC. 23. Section 10221 of the Commercial Code is amended to read:

10221. If a lease contract requires goods identified when the lease contract is made, and the goods suffer casualty without fault of the lessee, the lessor, or the supplier before delivery, or the goods suffer casualty before risk of loss passes to the lessee pursuant to the lease agreement or Section 10219, then:

(1) If the loss is total, the lease contract is avoided; and

(2) If the loss is partial or the goods have so deteriorated as to no longer conform to the lease contract, the lessee may nevertheless demand inspection and at his or her option either treat the lease contract as avoided or, except in a finance lease, accept the goods with due allowance from the rent payable for the balance of the lease term for the deterioration or the deficiency in quantity but without further right against the lessor.

SEC. 24. Section 10301 of the Commercial Code is amended to read:

10301. Except as otherwise provided in this division, a lease contract is effective and enforceable according to its terms between the parties, against purchasers of the goods, and against creditors of the parties.

SEC. 25. Section 10303 of the Commercial Code is amended to read:

10303. (a) As used in the section, "creation of a security interest" includes the sale of a lease contract that is subject to Division 9 (commencing with Section 9101), Secured Transactions, by reason of paragraph (b) of subdivision (1) of Section 9102.

(b) Except as provided in subdivisions (c) and (d), a provision in

a lease agreement which (1) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor's residual interest in the goods, or (2) makes such a transfer an event of default, gives rise to the rights and remedies provided in subdivision (e), but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective.

(c) A provision in a lease agreement which (1) prohibits the creation or enforcement of a security interest in an interest of a party under the lease contract or in the lessor's residual interest in the goods, or (2) makes such a transfer an event of default, is not enforceable unless, and then only to the extent that, there is an actual transfer by the lessee of the lessee's right of possession or use of the goods in violation of the provision or an actual delegation of a material performance of either party to the lease contract in violation of the provision. Neither the granting nor the enforcement of a security interest in (1) the lessor's interest under the lease contract or (2) the lessor's residual interest in the goods is a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the lessee within the purview of subdivision (e) unless, and then only to the extent that, there is an actual delegation of a material performance of the lessor.

(d) A provision in a lease agreement which (1) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor's due performance of the transferor's entire obligation, or (2) makes such a transfer an event of default, is not enforceable, and such a transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subdivision (e).

(e) Subject to subdivisions (c) and (d):

(1) If a transfer is made which is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in subdivision (b) of Section 10501.

(2) If paragraph (1) is not applicable and if a transfer is made that (A) is prohibited under a lease agreement or (B) materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (C) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (D) a court having jurisdiction may grant other appropriate relief, including

cancellation of the lease contract or an injunction against the transfer.

(f) A transfer of "the lease" or of "all my rights under the lease," or a transfer in similar general terms, is a transfer of rights and, unless the language or the circumstances, as in a transfer for security, indicate the contrary, the transfer is a delegation of duties by the transferor to the transferee. Acceptance by the transferee constitutes a promise by the transferee to perform those duties. The promise is enforceable by either the transferor or the other party to the lease contract.

(g) Unless otherwise agreed by the lessor and the lessee, a delegation of performance does not relieve the transferor as against the other party of any duty to perform or of any liability for default.

(h) In a consumer lease, to prohibit the transfer of an interest of a party under the lease contract or to make a transfer an event of default, the language must be specific, by a writing, and conspicuous.

SEC. 26. Section 10304 of the Commercial Code is amended to read:

10304. (a) Subject to Section 10303, a subsequent lessee from a lessor of goods under an existing lease contract obtains, to the extent of the leasehold interest transferred, the leasehold interest in the goods that the lessor had or had power to transfer, and, except as provided in subdivision (b) of this section and subdivision (d) of Section 10527, takes subject to the existing lease contract. A lessor with voidable title has power to transfer a good leasehold interest to a good faith subsequent lessee for value, but only to the extent set forth in the preceding sentence. If goods have been delivered under a transaction of purchase, the lessor has that power even though:

(1) The lessor's transferor was deceived as to the identity of the lessor;

(2) The delivery was in exchange for a check which is later dishonored;

(3) It was agreed that the transaction was to be a "cash sale"; or

(4) The delivery was procured through fraud punishable as larcenous under the criminal law.

(b) A subsequent lessee in the ordinary course of business from a lessor who is a merchant dealing in goods of that kind to whom the goods were entrusted by the existing lessee of that lessor before the interest of the subsequent lessee became enforceable against that lessor obtains, to the extent of the leasehold interest transferred, all of that lessor's and the existing lessee's rights to the goods, and takes free of the existing lease contract.

(c) A subsequent lessee from the lessor of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

SEC. 27. Section 10305 of the Commercial Code is amended to read:

10305. (a) Subject to the provisions of Section 10303, a buyer or sublessee from the lessee of goods under an existing lease contract obtains, to the extent of the interest transferred, the leasehold interest in the goods that the lessee had or had power to transfer, and, except as provided in subdivision (b) of this section and subdivision (d) of Section 10511, takes subject to the existing lease contract. A lessee with a voidable leasehold interest has power to transfer a good leasehold interest to a good faith buyer for value or a good faith sublessee for value, but only to the extent set forth in the preceding sentence. When goods have been delivered under a transaction of lease the lessee has that power even though:

(1) The lessor was deceived as to the identity of the lessee;

(2) The delivery was in exchange for a check which is later dishonored; or

(3) The delivery was procured through fraud punishable as larcenous under the criminal law.

(b) A buyer in the ordinary course of business or a sublessee in the ordinary course of business from a lessee who is a merchant dealing in goods of that kind to whom the goods were entrusted by the lessor obtains, to the extent of the interest transferred, all of the lessor's and lessee's rights to the goods, and takes free of the existing lease contract.

(c) A buyer or sublessee from the lessee of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

SEC. 28. Section 10307 of the Commercial Code is amended to read:

10307. (a) Except as otherwise provided in Section 10306, a creditor of a lessee takes subject to the lease contract.

(b) Except as otherwise provided in subdivisions (c) and (d) and in Sections 10306 and 10308, a creditor of a lessor takes subject to the lease contract unless:

(1) The creditor holds a lien that attached to the goods before the lease contract became enforceable,

(2) The creditor holds a security interest in the goods and the lessee did not give value and receive delivery of the goods without knowledge of the security interest, or

(3) The creditor holds a security interest in the goods which was perfected (Section 9303) before the lease contract became enforceable.

(c) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected (Section 9303) and the lessee knows of its existence.

(d) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires

knowledge of the lease unless the future advances are made pursuant to a commitment entered into without knowledge of the lease.

SEC. 29. Section 10308 of the Commercial Code is amended to read:

10308. (a) A creditor of a lessor in possession of goods subject to a lease contract may treat the lease contract as void if as against the creditor retention of possession by the lessor is fraudulent or void under any statute or rule of law, but retention of possession in good faith and current course of trade by the lessor for a commercially reasonable time after the lease contract becomes enforceable is not fraudulent or void.

(b) Nothing in this division impairs the rights of creditors of a lessor if the lease contract is made under circumstances which under any statute or rule of law apart from this division would constitute the transaction a fraudulent transfer or voidable preference.

(c) A creditor of a seller may treat a sale or an identification of goods to a contract for sale as void if as against the creditor retention of possession by the seller is fraudulent under any statute or rule of law, but retention of possession of the goods pursuant to a lease contract entered into by the seller as lessee and the buyer as lessor in connection with the sale or identification of the goods is not fraudulent if the buyer bought for value and in good faith.

SEC. 30. Section 10309 of the Commercial Code is amended to read:

10309. (a) In this section:

(1) Goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(2) A "fixture filing" is the filing, in the office where a mortgage on the real estate would be recorded, of a financing statement covering goods that are or are to become fixtures and conforming to the requirements of subdivision (5) of Section 9402;

(3) A lease is a "purchase money lease" unless the lessee has possession or use of the goods or the right to possession or use of the goods before the lease agreement is enforceable;

(4) A mortgage is a "construction mortgage" to the extent it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates; and

(5) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(b) Under this division a lease may be of goods that are fixtures or may continue in goods that become fixtures, but no lease exists under this division of ordinary building materials incorporated into an improvement on land.

(c) This division does not prevent creation of a lease of fixtures pursuant to real estate law.

(d) The interest of a lessor of fixtures has priority over a

conflicting interest of an encumbrancer or owner of the real estate if:

(1) The lease is a purchase money lease, the conflicting interest of the encumbrancer or owner arises before the goods become fixtures, a fixture filing covering the fixtures is filed before the goods become fixtures or within 20 days thereafter, and the lessee has an interest of record in the real estate or is in possession of the real estate;

(2) A fixture filing covering the fixtures is filed before the interest of the encumbrancer or owner is of record, the lessor's interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the lessee has an interest of record in the real estate or is in possession of the real estate;

(3) The fixtures are readily removable factory or office machines, readily removable equipment that is not primarily used or leased for use in the operation of the real estate, or readily removable replacements of domestic appliances that are goods subject to a consumer lease;

(4) The conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the lease contract is enforceable;

(5) The encumbrancer or owner has consented in writing to the lease or has disclaimed an interest in the goods as fixtures; or

(6) The lessee has a right to remove the goods as against the encumbrancer or owner. If the lessee's right to remove terminates, the priority of the interest of the lessor continues for a reasonable time.

(e) Notwithstanding paragraph (1) of subdivision (d) but otherwise subject to subdivision (d), the interest of a lessor of fixtures, including the lessor's residual interest, is subordinate to the conflicting interest of an encumbrancer of the real estate under a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent given to refinance a construction mortgage, the conflicting interest of an encumbrancer of the real estate under a mortgage has this priority to the same extent as the encumbrancer of the real estate under the construction mortgage.

(f) In cases not within the preceding subdivisions, priority between the interest of a lessor of fixtures, including the lessor's residual interest, and the conflicting interest of an encumbrancer or owner of the real estate who is not the lessee is determined by the priority rules governing conflicting interests in real estate.

(g) If the interest of a lessor of fixtures, including the lessor's residual interest, has priority over all conflicting interests of all owners and encumbrancers of the real estate, the lessor or the lessee may (1) on default, expiration, termination, or cancellation of the lease agreement but subject to the lease agreement and this division, or (2) if necessary to enforce other rights and remedies of the lessor or lessee under this division, remove the goods from the real estate, free and clear of all conflicting interests of all owners and

encumbrancers of the real estate, but the lessor or lessee must reimburse any encumbrancer or owner of the real estate who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

SEC. 31. Section 10310 of the Commercial Code is amended to read:

10310. (a) Goods are "accessions" when they are installed in or affixed to other goods.

(b) The interest of a lessor or a lessee under a lease contract entered into before the goods became accessions is superior to all interests in the whole except as stated in subdivision (d).

(c) The interest of a lessor or a lessee under a lease contract entered into at the time or after the goods became accessions is superior to all subsequently acquired interests in the whole except as stated in subdivision (d) but is subordinate to interests in the whole existing at the time the lease contract was made unless the holders of such interests in the whole have in writing consented to the lease or disclaimed an interest in the goods as part of the whole.

(d) The interest of a lessor or a lessee under a lease contract described in subdivision (b) or (c) is subordinate to the interest of:

(1) A buyer in the ordinary course of business or a lessee in the ordinary course of business of any interest in the whole acquired after the goods became accessions; or

(2) A creditor with a security interest in the whole perfected before the lease contract was made to the extent that the creditor makes subsequent advances without knowledge of the lease contract.

(e) When under subdivision (b) or subdivisions (c) and (d) a lessor or a lessee of accessions holds an interest that is superior to all interests in the whole, the lessor or the lessee may (1) on default, expiration, termination, or cancellation of the lease contract by the other party but subject to the provisions of the lease contract and this division, or (2) if necessary to enforce his or her other rights and remedies under this division, remove the goods from the whole, free and clear of all interests in the whole, but he or she must reimburse any holder of an interest in the whole who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

SEC. 32. Section 10311 is added to the Commercial Code, to read:

10311. Nothing in this division prevents subordination by agreement by any person entitled to priority.

SEC. 33. Section 10401 of the Commercial Code is amended to read:

10401. (a) A lease contract imposes an obligation on each party that the other's expectation of receiving due performance will not be impaired.

(b) If reasonable grounds for insecurity arise with respect to the performance of either party, the insecure party may demand in writing adequate assurance of due performance. Until the insecure party receives that assurance, if commercially reasonable the insecure party may suspend any performance for which he or she has not already received the agreed return.

(c) A repudiation of the lease contract occurs if assurance of due performance adequate under the circumstances of the particular case is not provided to the insecure party within a reasonable time, not to exceed 30 days after receipt of a demand by the other party.

(d) Between merchants, the reasonableness of grounds for insecurity and the adequacy of any assurance offered must be determined according to commercial standards.

(e) Acceptance of any nonconforming delivery or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.

SEC. 34. Section 10402 of the Commercial Code is amended to read:

10402. (a) If either party repudiates a lease contract, other than a consumer lease, with respect to a performance not yet due under the lease contract, the loss of which performance will substantially impair the value of the lease contract to the other, the aggrieved party may:

(1) For a commercially reasonable time, await retraction of repudiation and performance by the repudiating party;

(2) Make demand pursuant to Section 10401 and await assurance of future performance adequate under the circumstances of the particular case; or

(3) Resort to any right or remedy upon default under the lease contract or this division, even though the aggrieved party has notified the repudiating party that the aggrieved party would await the repudiating party's performance and assurance and has urged retraction. In addition, whether or not the aggrieved party is pursuing one of the foregoing remedies, the aggrieved party may suspend performance or, if the aggrieved party is the lessor, proceed in accordance with the provisions of this division on the lessor's right to identify goods to the lease contract notwithstanding default or to salvage unfinished goods (Section 10524).

(b) The rights and remedies of the parties to a consumer lease in connection with a repudiation of that lease shall be determined under other laws, and this section shall not affect the applicability or interpretation of those laws.

SEC. 35. Section 10403 of the Commercial Code is amended to read:

10403. (a) Until the repudiating party's next performance is due, the repudiating party can retract the repudiation unless, since the repudiation, the aggrieved party has canceled the lease contract or materially changed the aggrieved party's position or otherwise indicated that the aggrieved party considers the repudiation final.

(b) Retraction may be by any method that clearly indicates to the aggrieved party that the repudiating party intends to perform under the lease contract and includes any assurance demanded under Section 10401.

(c) Retraction reinstates a repudiating party's rights under a lease contract with due excuse and allowance to the aggrieved party for any delay occasioned by the repudiation.

SEC. 36. Section 10404 of the Commercial Code is amended to read:

10404. (a) If without fault of the lessee, the lessor, and the supplier, the agreed berthing, loading, or unloading facilities fail or the agreed type of carrier becomes unavailable or the agreed manner of delivery otherwise becomes commercially impracticable, but a commercially reasonable substitute is available, the substitute performance must be tendered and accepted.

(b) If the agreed means or manner of payment fails because of domestic or foreign governmental regulation:

(1) The lessor may withhold or stop delivery or cause the supplier to withhold or stop delivery unless the lessee provides a means or manner of payment that is commercially a substantial equivalent; and

(2) If delivery has already been taken, payment by the means or in the manner provided by the regulation discharges the lessee's obligation unless the regulation is discriminatory, oppressive, or predatory.

SEC. 37. Section 10405 of the Commercial Code is amended to read:

10405. Subject to Section 10404 on substituted performance, the following rules apply:

(1) Delay in delivery or nondelivery in whole or in part by a lessor or a supplier who complies with paragraphs (2) and (3) is not a default under the lease contract if performance as agreed has been made impracticable by the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the lease contract was made or by compliance in good faith with any applicable foreign or domestic governmental regulation or order, whether or not the regulation or order later proves to be invalid.

(2) If the causes mentioned in paragraph (1) affect only part of the lessor's or the supplier's capacity to perform, he or she shall allocate production and deliveries among his or her customers but at his or her option may include regular customers not then under contract for sale or lease as well as his or her own requirements for further manufacture. He or she may so allocate in any manner that is fair and reasonable.

(3) The lessor seasonably shall notify the lessee and in the case of a finance lease the supplier seasonably shall notify the lessor and the lessee, if known, that there will be delay or nondelivery and, if allocation is required under paragraph (2), of the estimated quota thus made available for the lessee.

SEC. 38. Section 10406 of the Commercial Code is amended to read:

10406. (a) If the lessee receives notification of a material or indefinite delay or an allocation justified under Section 10405, the lessee may by written notification to the lessor as to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510):

(1) Terminate the lease contract (subdivision (b) of Section 10505); or

(2) Except in a finance lease, modify the lease contract by accepting the available quota in substitution, with due allowance from the rent payable for the balance of the lease term for the deficiency but without further right against the lessor.

(b) If, after receipt of a notification from the lessor under Section 10405, the lessee fails so to modify the lease agreement within a reasonable time not exceeding 30 days, the lease contract lapses with respect to any deliveries affected.

SEC. 39. Section 10407 of the Commercial Code is amended to read:

10407. (a) In the case of a finance lease that is not a consumer lease the lessee's promises under the lease contract become irrevocable and independent upon the lessee's acceptance of the goods.

(b) A promise that has become irrevocable and independent under subdivision (a):

(1) Is effective and enforceable between the parties, and by or against third parties including assignees of the parties; and

(2) Is not subject to cancellation, termination, modification, repudiation, excuse, or substitution without the consent of the party to whom the promise runs.

(c) This section does not affect the validity under any other law of a covenant in any lease contract making the lessee's promises irrevocable and independent upon the lessee's acceptance of the goods.

SEC. 40. Section 10501 of the Commercial Code is amended to read:

10501. (a) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this division.

(b) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this division and, except as limited by this division, as provided in the lease agreement.

(c) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceeding, arbitration, or the like, in accordance with this division.

(d) Except as otherwise provided in subdivision (1) of Section 1106 or this division or the lease agreement, the rights and remedies referred to in subdivisions (b) and (c) are cumulative.

(e) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this chapter as to the goods, or under other applicable law as to both the real property and the goods in accordance with that party's rights and remedies in respect of the real property, in which case this chapter does not apply.

SEC. 41. Section 10503 of the Commercial Code is amended to read:

10503. (a) Except as otherwise provided in this division, the lease agreement may include rights and remedies for default in addition to or in substitution for those provided in this division and may limit or alter the measure of damages recoverable under this division.

(b) Resort to a remedy provided under this division or in the lease agreement is optional unless the remedy is expressly agreed to be exclusive. If circumstances cause an exclusive or limited remedy to fail of its essential purpose, or provision for an exclusive remedy is unconscionable, remedy may be had as provided in this division.

(c) Consequential damages may be liquidated under Section 10504, or may otherwise be limited, altered, or excluded unless the limitation, alteration, or exclusion is unconscionable. Limitation, alteration, or exclusion of consequential damages for injury to the person in the case of consumer goods is prima facie unconscionable but limitation, alteration, or exclusion of damages where the loss is commercial is not prima facie unconscionable.

(d) Rights and remedies on default by the lessor or the lessee with respect to any obligation or promise collateral or ancillary to the lease contract are not impaired by this division.

SEC. 42. Section 10504 of the Commercial Code is amended to read:

10504. (a) Damages payable by either party for default, or any other act or omission, including indemnity for loss or diminution of anticipated tax benefits or loss or damage to the lessor's residual interest, may be liquidated in the lease agreement subject to and in compliance with Section 1671 of the Civil Code.

(b) If the lease agreement provides for liquidation of damages, and such provision does not comply with subdivision (a), remedy may be had as provided in this division.

(c) If the lessor justifiably withholds or stops delivery of goods because of the lessee's default or insolvency (Section 10525 or 10526),

the lessee is entitled to restitution of any amount by which the sum of his or her payments exceeds:

(1) The amount to which the lessor is entitled by virtue of terms liquidating the lessor's damages in accordance with subdivision (a); or

(2) In the absence of those terms, 20 percent of the then present value of the total rent the lessee was obligated to pay for the balance of the lease term, or, in the case of a consumer lease, the lesser of such amount or five hundred dollars ($500).

(d) A lessee's right to restitution under subdivision (c) is subject to offset to the extent the lessor establishes:

(1) A right to recover damages under the provisions of this division other than subdivision (a); and

(2) The amount or value of any benefits received by the lessee directly or indirectly by reason of the lease contract.

SEC. 43. Section 10505 of the Commercial Code is amended to read:

10505. (a) On cancellation of the lease contract, all obligations that are still executory on both sides are discharged, but any right based on prior default or performance survives, and the canceling party also retains any remedy for default of the whole lease contract or any unperformed balance.

(b) On termination of the lease contract, all obligations that are still executory on both sides are discharged but any right based on prior default or performance survives.

(c) Unless the contrary intention clearly appears, expressions of "cancellation," "rescission," or the like of the lease contract may not be construed as a renunciation or discharge of any claim in damages for an antecedent default.

(d) Rights and remedies for material misrepresentation or fraud include all rights and remedies available under this division for default.

(e) Neither rescission nor a claim for rescission of the lease contract nor rejection or return of the goods may bar or be deemed inconsistent with a claim for damages or other right or remedy.

SEC. 44. Section 10506 of the Commercial Code is amended to read:

10506. (a) An action for default under a lease contract, including breach of warranty or indemnity, must be commenced within four years after the cause of action accrued. In a lease contract that is not a consumer lease, by the original lease contract the parties may reduce the period of limitation to not less than one year.

(b) A cause of action for default accrues when the act or omission on which the default or breach of warranty is based is or should have been discovered by the aggrieved party, or when the default occurs, whichever is later. A cause of action for indemnity accrues when the act or omission on which the claim for indemnity is based is or should have been discovered by the indemnified party, whichever is later.

(c) If an action commenced within the time limited by

subdivision (a) is so terminated as to leave available a remedy by another action for the same default or breach of warranty or indemnity, the other action may be commenced after the expiration of the time limited and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(d) This section does not alter the law on tolling of the statute of limitations nor does it apply to causes of action that have accrued before the operative date of this division.

SEC. 45. Section 10507 of the Commercial Code is amended to read:

10507. (a) Damages based on market rent (Section 10519 or 10528) are determined according to the rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times specified in Sections 10519 and 10528.

(b) If evidence of rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times or places described in this division is not readily available, the rent prevailing within any reasonable time before or after the time described or at any other place or for a different lease term which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the difference, including the cost of transporting the goods to or from the other place.

(c) Evidence of a relevant rent prevailing at a time or place or for a lease term other than the one described in this division offered by one party is not admissible unless and until he or she has given the other party notice the court finds sufficient to prevent unfair surprise.

(d) If the prevailing rent or value of any goods regularly leased in any established market is in issue, reports in official publications or trade journals or in newspapers or periodicals of general circulation published as the reports of that market are admissible in evidence. The circumstances of the preparation of the report may be shown to affect its weight but not its admissibility.

SEC. 46. Section 10508 of the Commercial Code is amended to read:

10508. (a) If a lessor fails to deliver the goods in conformity to the lease contract (Section 10509) or repudiates the lease contract (Section 10402), or a lessee rightfully rejects the goods (Section 10509) or justifiably revokes acceptance of the goods (Section 10517), then with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510), the lessor is in default under the lease contract and the lessee may:

(1) Cancel the lease contract (subdivision (a) of Section 10505);

(2) Recover so much of the rent and security as has been paid and

is just under the circumstances;

(3) Cover and recover damages as to all goods affected whether or not they have been identified to the lease contract (Sections 10518 and 10520), or recover damages for nondelivery (Sections 10519 and 10520);

(4) Exercise any other rights or pursue any other remedies provided in the lease contract.

(b) If a lessor fails to deliver the goods in conformity to the lease contract or repudiates the lease contract, the lessee may also:

(1) If the goods have been identified, recover them (Section 10522); or

(2) In a proper case, obtain specific performance or replevy the goods (Section 10521).

(c) If a lessor is otherwise in default under a lease contract, the lessee may exercise the rights and pursue the remedies provided in the lease contract, which may include a right to cancel the lease, and in subdivision (c) of Section 10519.

(d) If a lessor has breached a warranty, whether express or implied, the lessee may recover damages (subdivision (d) of Section 10519).

(e) On rightful rejection or justifiable revocation of acceptance, a lessee has a security interest in goods in the lessee's possession or control for any rent and security that has been paid and any expenses reasonably incurred in their inspection, receipt, transportation, and care and custody, and may hold those goods and dispose of them in good faith and in a commercially reasonable manner, subject to subdivision (e) of Section 10527.

(f) Subject to the provisions of Section 10407, a lessee, on notifying the lessor of the lessee's intention to do so, may deduct all or any part of the damages resulting from any default under the lease contract from any part of the rent still due under the same lease contract.

SEC. 47. Section 10509 of the Commercial Code is amended to read:

10509. (a) Subject to the provisions of Section 10510 on default in installment lease contracts, if the goods or the tender or delivery fail in any respect to conform to the lease contract, the lessee may reject or accept the goods or accept any commercial unit or units and reject the rest of the goods.

(b) Rejection of goods is ineffective unless it is within a reasonable time after tender or delivery of the goods and the lessee seasonably notifies the lessor.

SEC. 48. Section 10510 of the Commercial Code is amended to read:

10510. (a) Under an installment lease contract, a lessee may reject any delivery that is nonconforming if the nonconformity substantially impairs the value of that delivery and cannot be cured or the nonconformity is a defect in the required documents; but if the nonconformity does not fall within subdivision (b) and the lessor or the supplier gives adequate assurance of its cure, the lessee must

accept that delivery.

(b) Whenever nonconformity or default with respect to one or more deliveries substantially impairs the value of the installment lease contract as a whole there is a default with respect to the whole. But, the aggrieved party reinstates the installment lease contract as a whole if the aggrieved party accepts a nonconforming delivery without seasonably notifying of cancellation or brings an action with respect only to past deliveries or demands performance as to future deliveries.

SEC. 49. Section 10511 of the Commercial Code is amended to read:

10511. (a) Subject to any security interest of a lessee (subdivision (e) of Section 10508), if a lessor or a supplier has no agent or place of business at the market of rejection, a merchant lessee, after rejection of goods in his or her possession or control, shall follow any reasonable instructions received from the lessor or the supplier with respect to the goods. In the absence of those instructions, a merchant lessee shall make reasonable efforts to sell, lease, or otherwise dispose of the goods for the lessor's account if they threaten to decline in value speedily. Instructions are not reasonable if on demand indemnity for expenses is not forthcoming.

(b) If a merchant lessee (subdivision (a)) or any other lessee (Section 10512) disposes of goods, he or she is entitled to reimbursement either from the lessor or the supplier or out of the proceeds for reasonable expenses of caring for and disposing of the goods and, if the expenses include no disposition commission, to such commission as is usual in the trade, or if there is none, to a reasonable sum not exceeding 10 percent of the gross proceeds.

(c) In complying with this section or Section 10512, the lessee is held only to good faith. Good faith conduct hereunder is neither acceptance or conversion nor the basis of an action for damages.

(d) A purchaser who purchases in good faith from a lessee pursuant to this section or Section 10512 takes the goods free of any rights of the lessor and the supplier even though the lessee fails to comply with one or more of the requirements of this division.

SEC. 50. Section 10512 of the Commercial Code is amended to read:

10512. (a) Except as otherwise provided with respect to goods that threaten to decline in value speedily (Section 10511) and subject to any security interest of a lessee (subdivision (e) of Section 10508):

(1) The lessee, after rejection of goods in the lessee's possession, shall hold them with reasonable care at the lessor's or the supplier's disposition for a reasonable time after the lessee's seasonable notification of rejection;

(2) If the lessor or the supplier gives no instructions within a reasonable time after notification of rejection, the lessee may store the rejected goods for the lessor's or the supplier's account or ship them to the lessor or the supplier or dispose of them for the lessor's or the supplier's account with reimbursement in the manner

provided in Section 10511; but

(3) The lessee has no further obligations with regard to goods rightfully rejected.

(b) Action by the lessee pursuant to subdivision (a) is not acceptance or conversion.

SEC. 51. Section 10513 of the Commercial Code is amended to read:

10513. (a) If any tender or delivery by the lessor or the supplier is rejected because it is nonconforming and the time for performance has not yet expired, the lessor or the supplier may seasonably notify the lessee of the lessor's or the supplier's intention to cure and may then make a conforming delivery within the time provided in the lease contract.

(b) If the lessee rejects a nonconforming tender that the lessor or the supplier had reasonable grounds to believe would be acceptable with or without money allowance, the lessor or the supplier may have a further reasonable time to substitute a conforming tender if he or she seasonably notifies the lessee.

SEC. 52. Section 10514 of the Commercial Code is amended to read:

10514. (a) In rejecting goods, a lessee's failure to state a particular defect that is ascertainable by reasonable inspection precludes the lessee from relying on the defect to justify rejection or to establish default:

(1) If, stated seasonably, the lessor or the supplier could have cured it (Section 10513); or

(2) Between merchants if the lessor or the supplier after rejection has made a request in writing for a full and final written statement of all defects on which the lessee proposes to rely.

(b) A lessee's failure to reserve rights when paying rent or other consideration against documents precludes recovery of the payment for defects apparent on the face of the documents.

SEC. 53. Section 10515 of the Commercial Code is amended to read:

10515. (a) Acceptance of goods occurs after the lessee has had a reasonable opportunity to inspect the goods and

(1) The lessee signifies or acts with respect to the goods in a manner that signifies to the lessor or the supplier that the goods are conforming or that the lessee will take or retain them in spite of their nonconformity; or

(2) The lessee fails to make an effective rejection of the goods (subdivision (b) of Section 10509).

(b) Acceptance of a part of any commercial unit is acceptance of that entire unit.

SEC. 54. Section 10516 of the Commercial Code is amended to read:

10516. (a) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(b) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, other than a consumer lease in which the supplier assisted in the preparation of the lease contract or participated in negotiating the terms of the lease contract with the lessor, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this division or the lease agreement for nonconformity.

(c) If a tender has been accepted:

(1) Within a reasonable time after the lessee discovers or should have discovered any default, the lessee shall notify the lessor and the supplier, if any, or be barred from any remedy against the party not notified;

(2) Within a reasonable time after the lessee receives notice of litigation for infringement or the like (Section 10211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(3) The burden is on the lessee to establish any default.

(d) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over the following apply:

(1) The lessee may give the lessor or the supplier, or both, written notice of the litigation. If the notice states that the person notified may come in and defend and that if the person notified does not do so that person will be bound in any action against that person by the lessee by any determination of fact common to the two litigations, then unless the person notified after seasonable receipt of the notice does come in and defend that person is so bound.

(2) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (Section 10211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over control the lessee is so barred.

(e) Subdivisions (c) and (d) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (Section 10211).

(f) Subdivision (c) shall not apply to a consumer lease.

SEC. 55. Section 10517 of the Commercial Code is amended to read:

10517. (a) A lessee may revoke acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to the lessee if the lessee has accepted it:

(1) Except in the case of a finance lease, on the reasonable assumption that its nonconformity would be cured and it has not

been seasonably cured; or

(2) Without discovery of the nonconformity if the lessee's acceptance was reasonably induced either by the lessor's assurances or, except in the case of a finance lease, by the difficulty of discovery before acceptance.

(b) A lessee may revoke acceptance of a lot or commercial unit if the lessor defaults under the lease contract and the default substantially impairs the value of that lot or commercial unit to the lessee.

(c) If the lease agreement so provides, the lessee may revoke acceptance of a lot or commercial unit because of other defaults by the lessor.

(d) Revocation of acceptance must occur within a reasonable time after the lessee discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by the nonconformity. Revocation is not effective until the lessee notifies the lessor.

(e) A lessee who so revokes has the same rights and duties with regard to the goods involved as if the lessee had rejected them.

SEC. 56. Section 10518 of the Commercial Code is amended to read:

10518. (a) After a default by a lessor under the lease contract of the type described in subdivision (a) of Section 10508, or, if agreed, after other default by the lessor, the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(b) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessee's cover is by a lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (1) the present value, as of the date of the commencement of the term of the new lease agreement, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement minus the present value as of the same date of the total rent for the then remaining lease term of the original lease agreement, and (2) any incidental or consequential damages, less expenses saved in consequence of the lessor's default.

(c) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subdivision (b), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and Section 10519 governs.

SEC. 57. Section 10519 of the Commercial Code is amended to read:

10519. (a) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or

otherwise determined pursuant to agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under subdivision (b) of Section 10518, or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the then market rent minus the present value as of the same date of the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(b) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(c) Except as otherwise agreed, if the lessee has accepted goods and given notification (subdivision (c) of Section 10516), the measure of damages for nonconforming tender or delivery or other default by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(d) Except as otherwise agreed, the measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

SEC. 58. Section 10520 of the Commercial Code is amended to read:

10520. (a) Incidental damages resulting from a lessor's default include expenses reasonably incurred in inspection, receipt, transportation, and care and custody of goods rightfully rejected or goods the acceptance of which is justifiably revoked, any commercially reasonable charges, expenses, or commissions in connection with effecting cover, and any other reasonable expense incident to the default.

(b) Consequential damages resulting from a lessor's default include:

(1) Any loss resulting from general or particular requirements and needs of which the lessor at the time of contracting had reason to know and which could not reasonably be prevented by cover or otherwise; and

(2) Injury to person or property proximately resulting from any breach of warranty.

SEC. 59. Section 10521 of the Commercial Code is amended to read:

10521. (a) Specific performance may be decreed if the goods are unique or in other proper circumstances.

(b) A decree for specific performance may include any terms and conditions as to payment of the rent, damages, or other relief that the court deems just.

(c) A lessee has a right of replevin, detinue, sequestration, claim and delivery, or the like for goods identified to the lease contract if after reasonable effort the lessee is unable to effect cover for those goods or the circumstances reasonably indicate that the effort will be unavailing.

SEC. 60. Section 10522 of the Commercial Code is amended to read:

10522. (a) Subject to subdivision (b) and even though the goods have not been shipped, a lessee who has paid a part or all of the rent and security for goods identified to a lease contract (Section 10217) on making and keeping good a tender of any unpaid portion of the rent and security due under the lease contract may recover the goods identified from the lessor if the lessor becomes insolvent within 10 days after receipt of the first installment of rent and security.

(b) A lessee acquires the right to recover goods identified to a lease contract only if they conform to the lease contract.

SEC. 61. Section 10523 of the Commercial Code is amended to read:

10523. (a) If a lessee wrongfully rejects or revokes acceptance of goods or fails to make a payment when due or repudiates with respect to a part or the whole, then, with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510), the lessee is in default under the lease contract and the lessor may:

(1) Cancel the lease contract (subdivision (a) of Section 10505);

(2) Proceed respecting goods not identified to the lease contract (Section 10524);

(3) Withhold delivery of the goods and take possession of goods previously delivered (Section 10525);

(4) Stop delivery of the goods by any bailee (Section 10526);

(5) Dispose of the goods and recover damages (Section 10527), or retain the goods and recover damages (Section 10528), or in a proper case recover rent (Section 10529);

(6) Exercise any other rights or pursue any other remedies provided in the lease contract.

(b) If a lessor does not fully exercise a right or obtain a remedy to which the lessor is entitled under subdivision (a), the lessor may recover the loss resulting in the ordinary course of events from the lessee's default as determined in any reasonable manner, together with incidental damages, less expenses saved in consequence of the lessee's default.

(c) If a lessee is otherwise in default under a lease contract, the

lessor may exercise the rights and pursue the remedies provided in the lease contract, which may include a right to cancel the lease. In addition, unless otherwise provided in the lease contract:

(1) If the default substantially impairs the value of the lease contract to the lessor, the lessor may exercise the rights and pursue the remedies provided in subdivisions (a) and (b); or

(2) If the default does not substantially impair the value of the lease contract to the lessor, the lessor may recover as provided in subdivision (b).

SEC. 62. Section 10524 of the Commercial Code is amended to read:

10524. (a) After a default by the lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or, if agreed, after other default by the lessee, the lessor may:

(1) Identify to the lease contract conforming goods not already identified if at the time the lessor learned of the default they were in the lessor's or the supplier's possession or control; and

(2) Dispose of goods (subdivision (a) of Section 10527) that demonstrably have been intended for the particular lease contract even though those goods are unfinished.

(b) If the goods are unfinished, in the exercise of reasonable commercial judgment for the purposes of avoiding loss and of effective realization, an aggrieved lessor or the supplier may either complete manufacture and wholly identify the goods to the lease contract or cease manufacture and lease, sell, or otherwise dispose of the goods for scrap or salvage value or proceed in any other reasonable manner.

SEC. 63. Section 10525 of the Commercial Code is amended to read:

10525. (a) If a lessor discovers the lessee to be insolvent, the lessor may refuse to deliver the goods.

(b) After a default by the lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or, if agreed, after other default by the lessee, the lessor has the right to take possession of the goods. If the lease contract so provides, the lessor may require the lessee to assemble the goods and make them available to the lessor at a place to be designated by the lessor which is reasonably convenient to both parties. Without removal, the lessor may render unusable any goods employed in trade or business, and may dispose of goods on the lessee's premises (Section 10527).

(c) The lessor may proceed under subdivision (b) without judicial process if it can be done without breach of the peace or the lessor may proceed by action.

SEC. 64. Section 10526 of the Commercial Code is amended to read:

10526. (a) A lessor may stop delivery of goods in the possession of a carrier or other bailee if the lessor discovers the lessee to be

insolvent and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight if the lessee repudiates or fails to make a payment due before delivery, whether for rent, security, or otherwise under the lease contract, or for any other reason the lessor has a right to withhold or take possession of the goods.

(b) In pursuing its remedies under subdivision (a), the lessor may stop delivery until:

(1) Receipt of the goods by the lessee;

(2) Acknowledgment to the lessee by any bailee of the goods, except a carrier, that the bailee holds the goods for the lessee; or

(3) Such an acknowledgment to the lessee by a carrier via reshipment or as warehouseman.

(c) (1) To stop delivery, a lessor shall so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(2) After notification, the bailee shall hold and deliver the goods according to the directions of the lessor, but the lessor is liable to the bailee for any ensuing charges or damages.

(3) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

SEC. 65. Section 10527 of the Commercial Code is amended to read:

10527. (a) After a default by a lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or after the lessor refuses to deliver or takes possession of goods (Section 10525 or 10526), or, if agreed, after other default by a lessee, the lessor may dispose of the goods concerned or the undelivered balance thereof by lease, sale, or otherwise.

(b) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if the disposition is by lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages (1) accrued and unpaid rent as of the date of the commencement of the term of the new lease agreement, (2) the present value, as of the same date, of the total rent for the then remaining lease term of the original lease agreement minus the present value, as of the same date, of the rent under the new lease agreement applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement, and (3) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(c) If the lessor's disposition is by lease agreement that for any reason does not qualify for treatment under subdivision (b), or is by sale or otherwise, the lessor may recover from the lessee as if the lessor had elected not to dispose of the goods and Section 10528

governs.

(d) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this division.

(e) The lessor is not accountable to the lessee for any profit made on any disposition. A lessee who has rightfully rejected or justifiably revoked acceptance shall account to the lessor for any excess over the amount of the lessee's security interest (subdivision (e) of Section 10508).

SEC. 66. Section 10528 of the Commercial Code is amended to read:

10528. (a) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or otherwise determined pursuant to agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessor elects to retain the goods or a lessor elects to dispose of the goods and the disposition is by lease agreement that for any reason does not qualify for treatment under subdivision (b) of Section 10527, or is by sale or otherwise, the lessor may recover from the lessee as damages for a default of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523, or, if agreed, for other default of the lessee, (1) accrued and unpaid rent as of the date of default if the lessee has never taken possession of the goods, or, if the lessee has taken possession of the goods, as of the date the lessor repossesses the goods or an earlier date on which the lessee makes a tender of the goods to the lessor, (2) the present value as of the date determined under paragraph (1) of the total rent for the then remaining lease term of the original lease agreement minus the present value as of the same date of the market rent at the place where the goods are located computed for the same lease term, and (3) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(b) If the measure of damages provided in subdivision (a) is inadequate to put a lessor in as good a position as performance would have, the measure of damages is the present value of the profit, including reasonable overhead, the lessor would have made from full performance by the lessee, together with any incidental damages allowed under Section 10530, due allowance for costs reasonably incurred and due credit for payments or proceeds of disposition.

SEC. 67. Section 10529 of the Commercial Code is amended to read:

10529. (a) After default by the lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or, if agreed, after other default by the lessee, if the lessor complies with subdivision (b), the lessor may recover from the lessee as damages:

(1) For goods accepted by the lessee and not repossessed by or

tendered to the lessor, and for conforming goods lost or damaged after risk of loss passes to the lessee (Section 10219), (A) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (B) the present value as of the same date of the rent for the then remaining lease term of the lease agreement, and (C) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default; and

(2) For goods identified to the lease contract where the lessor has never delivered the goods or has taken possession of them or the lessee has tendered them to the lessor, if the lessor is unable after reasonable effort to dispose of them at a reasonable price or the circumstances reasonably indicate that effort will be unavailing, (A) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (B) the present value as of the same date of the rent for the then remaining lease term of the lease agreement, and (C) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(b) Except as provided in subdivision (c), the lessor shall hold for the lessee for the remaining lease term of the lease agreement any goods that have been identified to the lease contract and are in the lessor's control.

(c) The lessor may dispose of the goods at any time before collection of the judgment for damages obtained pursuant to subdivision (a). If the disposition is before the end of the remaining lease term of the lease agreement, the lessor's recovery against the lessee for damages is governed by Section 10527 or 10528, and the lessor will cause an appropriate credit to be provided against a judgment for damages to the extent that the amount of the judgment exceeds the recovery available pursuant to Section 10527 or 10528.

(d) Payment of the judgment for damages obtained pursuant to subdivision (a) entitles the lessee to the use and possession of the goods not then disposed of for the remaining lease term of and in accordance with the lease agreement.

(e) After default by the lessee under the lease contract of the type described in subdivision (a) of, or paragraph (1) of subdivision (c) of, Section 10523 or, if agreed, after other default by the lessee, a lessor who is held not entitled to rent under this section must nevertheless be awarded damages for nonacceptance under Section 10527 or 10528.

SEC. 68. Section 10531 of the Commercial Code is amended to read:

10531. (a) If a third party so deals with goods that have been identified to a lease contract as to cause actionable injury to a party to the lease contract (1) the lessor has a right of action against the third party, and (2) the lessee also has a right of action against the third party if the lessee:

(A) Has a security interest in the goods;

(B) Has an insurable interest in the goods; or

(C) Bears the risk of loss under the lease contract or has since the

injury assumed that risk as against the lessor and the goods have been converted or destroyed.

(b) If at the time of the injury the party plaintiff did not bear the risk of loss as against the other party to the lease contract and there is no arrangement between them for disposition of the recovery, his or her suit or settlement, subject to his or her own interest, is as a fiduciary for the other party to the lease contract.

(c) Either party with the consent of the other may sue for the benefit of whom it may concern.

SEC. 69. Section 10532 of the Commercial Code is amended to read:

10532. In addition to any other recovery permitted by this division or other law, the lessor may recover from the lessee an amount that will fully compensate the lessor for any loss of or damage to the lessor's residual interest in the goods caused by the default of the lessee.

SEC. 70. Section 1.2 of this bill incorporates amendments to Section 1201 of the Commercial Code proposed by both this bill and SB 833. It shall become operative if (1) both bills are enacted and become effective on or before January 1, 1992, but this bill becomes operative first, (2) each bill amends Section 1201 of the Commercial Code, and (3) this bill is enacted after SB 833, in which case Section 1201 of the Commercial Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 833, at which time Section 1.2 of this bill shall become operative.

SEC. 71. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 112

An act to amend Sections 409.1 and 409.2 of the Code of Civil Procedure, relating to lis pendens.

[Approved by Governor July 14, 1991 Filed with Secretary of State July 15, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 409.1 of the Code of Civil Procedure is amended to read:

409.1. At any time after notice of pendency of an action has been recorded pursuant to Section 409 or other law, the court in which the action is pending shall, upon motion of a party to the action

supported by affidavit, order that the notice be expunged, unless the party filing the notice shows to the satisfaction of the court, by a preponderance of the evidence, that:

(a) The action does affect title to or right of possession of the real property described in the notice; and

(b) Insofar as the action affects title to or right of possession of the real property described in the notice, the party recording the notice has commenced or prosecuted the action for a proper purpose and in good faith. Notice of motion to expunge shall be served in the same manner, and at the same times, prescribed by subdivision (b) of Section 1005. The court shall determine the matter on the affidavits and counteraffidavits on file and upon such other proof as the court may permit. Upon recordation of a certified copy of the order expunging a notice of pendency of the action in the office of the county recorder in which the notice of the pendency of the action was recorded neither the notice of the pendency of the action nor any information derived therefrom, prior to the recording of a certified copy of the judgment or decree issued therein, shall constitute constructive or actual notice of any of the matters contained therein, or of any of the matters relating to the action, or create any duty of inquiry in any person thereafter dealing with the property described therein.

The court, as a condition of granting or denying the motion to expunge, may require that the party prevailing upon the motion give the other party an undertaking of the nature, and in the amount as shall be fixed by the court, the undertaking to be to the effect that the prevailing party will indemnify the other party for all damages that proximately result from the expungement or nonexpungement, which he or she may incur if he or she ultimately prevails in the action.

SEC. 2. Section 409.2 of the Code of Civil Procedure is amended to read:

409.2. At any time after notice of pendency of an action has been recorded pursuant to Section 409 or other law, the court in which the action is pending may order that the notice be expunged if the moving party shall have given an undertaking of such nature, in such amount and within such time as shall be fixed by the court after notice and hearing, that undertaking to be to the effect that the moving party will indemnify the party recording the notice for all damages that proximately result from the expungement, which he or she may incur if the notice is expunged and the moving party does not prevail and if the court finds that adequate relief can be secured to the party recording the notice by the giving of such undertaking. Upon recordation of a certified copy of such order in the office of the county recorder in which the notice of the pendency of the action was recorded, neither the notice of the pendency of the action nor any information derived therefrom, prior to the recording of a certified copy of the judgment or decree issued therein, shall constitute constructive or actual notice of any of the matters

contained therein, or of any of the matters relating to that action, or create any duty of inquiry in any person thereafter dealing with the property described therein.

CHAPTER 113

An act to amend Sections 11758.10, 11758.12, 11758.15, and 11862 of the Health and Safety Code, relating to alcohol and drug programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 1991 Filed with Secretary of State July 15, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 11758.10 of the Health and Safety Code is amended to read:

11758.10. (a) Notwithstanding any other provision of law, the department shall conduct a pilot project in accordance with this chapter with any or all of the following counties requesting to participate in the pilot project: Butte County, Merced County, and Stanislaus County, for fiscal years 1988–89 to 1993–94, inclusive; and Fresno County, Riverside County, San Joaquin County, and Tulare County, for fiscal years 1989–90 to 1993–94, inclusive.

(b) The department shall submit an interim report by January 1, 1991, and a final report by January 1, 1995, to the Chairperson of the Senate Health and Human Services Committee, the Chairperson of the Assembly Health Committee, and the Chairperson of the Assembly Human Services Committee as to whether the use of negotiated net amount contracts under this pilot project result in improved levels of efficiency, local discretion and flexibility, reduced local administrative overhead and costs, and increased program funds for services, as well as maintenance of quality and access within the counties requesting to participate in the pilot project.

SEC. 2. Section 11758.12 of the Health and Safety Code is amended to read:

11758.12. (a) A negotiated net amount, for the purposes of this chapter, shall be determined by calculating the total budget for services less the amount of projected revenue. These net amounts for alcohol or drug services, or both, shall be negotiated for each year of the pilot project between the participating county and the department and shall be disbursed to participating counties on a monthly basis.

(b) No contracts shall become final until approved by both the participating county and the department. If approval is received after the commencement date of the contract, the approval shall be

retroactive to the commencement date. Should a contract not be approved by the department and the county within 90 days of issuance of the final allocation to the county by the department, the county shall be compensated for work performed upon submission by the county of an alcohol program plan, or drug program plan, or both, in conformance with existing requirements for submission of the plan.

(c) Once the negotiated net amount is approved by the department, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), shall be bound to that amount as the cost of providing alcohol or drug services, or both, as described in the contract. Where the State Department of Health Services adopts regulations for determining reimbursement of county drug program plan services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of these services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries.

(d) Participating counties shall report to the department any information required by the department in accordance with, but shall not exceed, any statutory restrictions, limitations, or conditions enacted by the Legislature, including the applicable budget act.

(e) Absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a county's expenditure or retention of funds received pursuant to this chapter.

(f) The county shall notify the department by a date specified in the contract, in each fiscal year, of any unspent federal funds that are to be added to the county's contract for the following fiscal year. These funds shall be spent first by the county in the next contract year.

(g) Unspent federal funds identified after a date specified in the contract shall be retained by the department, except for those funds awarded to the department by the federal government for specified providers or federal categorical projects.

SEC. 3. Section 11758.15 of the Health and Safety Code is amended to read:

11758.15. This chapter shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 4. Section 11862 of the Health and Safety Code is amended to read:

11862. (a) There is in state government a State Advisory Board on Drug Programs which shall consist of 15 members, of which five members shall be appointed by the Governor, five members by the Senate Rules Committee, and five members by the Speaker of the Assembly.

(b) Initial appointments to the advisory board shall be made as

follows:

(1) The Governor shall appoint two members for one-year terms, two members for two-year terms, and one member for a three-year term.

(2) The speaker shall appoint two members for one-year terms, one member for a two-year term, and two members for three-year terms.

(3) The Senate Rules Committee shall appoint one member for a one-year term, two members for two-year terms, and two members for three-year terms.

(4) Subsequent appointments shall be made as prescribed in subdivision (a) for a term of three years. A member of the board may be replaced by the appointing power, upon recommendation of the board, for failure to attend board meetings.

(c) Members shall have a professional or personal interest in, and commitment to, alleviating drug problems, and shall include representatives of law enforcement agencies, public drug programs, private drug programs, education, and the general public. It is the intent of the Legislature that the appointing powers make appointments that include representatives of nongovernmental organizations or groups and of public agencies concerned with the prevention and treatment of drug abuse and drug dependence, from various economic, social, and occupational groups, and allow for the geographic distribution of members throughout the state. Representatives from public and private drug prevention or treatment programs shall not comprise more than 33⅓ percent of the total membership. These members shall comply with existing conflict of interest laws when participating in the tasks and functions of the board.

(d) The board shall constitute the drug abuse prevention advisory council as described in federal Public Laws 92-255 and 94-237, as amended. In the interest of continuity relating to the functions of the board pursuant to subdivision (j), those members of the former Technical Advisory Committee/Drug Abuse Prevention Advisory Council reconstituted by this part, and who have remaining terms of one or two years, shall be considered in the appointments under this section.

(e) The board shall meet at least once every three months and may meet as often as required, as a full board or in committees, to implement this section. All meetings of the board, and any committees thereof, shall be open to the public and adequate notice shall be provided in advance to interested persons.

(f) The members shall select the chair of the board annually and adopt bylaws as appropriate to carry out their duties.

(g) Members of the board shall serve without compensation, but shall receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties.

(h) The board shall have the powers and authority necessary to carry out the duties imposed upon it by this chapter, including, but

not limited to, the following:

(1) Advise the director on the major policy issues relating to the implementation by the department of this part and on any other related matters that the director refers to it, or that the board may raise, encourage public understanding of the nature of drug problems, and encourage support throughout the state for the development and implementation of effective drug programs. Upon request of the chair of the board, the department shall respond in writing to the board regarding each of its recommendations.

(2) Periodically review drug abuse services in California.

(3) Recommend to the director rules, regulations, and standards for the administration of this division.

(4) Review the annual state and federal drug abuse plans and budgets, and all amendments thereto, and advise the director on the development of the state drug abuse plan and the system of priorities contained in that plan.

(5) Submit an annual report to the department and the Legislature in November of each year which describes its accomplishments and includes its recommendations regarding the department's role in alleviating drug problems.

(i) The department shall provide administrative, technical, and other personnel as may be necessary for the board's performance of its powers and duties.

(j) The department shall provide appropriate training to the board members relating to their charge so as to assure their understanding of the state drug program. It is the intent of the Legislature that each member of the board learn about the elements of the drug program and the nature of drug problems in his or her county of residence, to assist him or her in understanding the major policies to be examined by the board.

(k) This section shall remain in effect until December 31, 1994, and as of that date is repealed, unless a later enacted statute which is chaptered on or before September 30, 1994, deletes or extends that date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The pilot project for seven counties expires July 1, 1991, and the State Advisory Board on Drug Programs is repealed on December 31, 1991, and, in order to continue these vital and necessary programs for the provision of drug and alcohol services without interruption, it is necessary that this act take effect immediately.

CHAPTER 114

An act to amend Sections 72252 and 72252.1 of, and to repeal Sections 72250.5 and 72251 of, the Education Code, relating to community colleges, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 1991. Filed with Secretary of State July 15, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 72250.5 of the Education Code is repealed.

SEC. 2. Section 72251 of the Education Code is repealed.

SEC. 3. Section 72252.1 of the Education Code is amended to read:

72252.1. (a) It is the intent of the Legislature to provide adequate funding for the purpose of providing financial aid funds directly to low-income students who cannot pay the fees specified in subdivision (b) of Section 72252, and for the purpose of defraying fees pursuant to subdivisions (g) and (h) of Section 72252.

(b) It is the intent of the Legislature that all funds provided pursuant to subdivision (a) be allocated to community college districts. In prescribing the manner of allocation, the board shall endeavor to ensure that students with similar characteristics are treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the board shall consider the number of students eligible for assistance in the prior academic year and other factors that may have bearing on the amount of these funds required by each community college district.

The board may allocate up to 7 percent of the total amount of funds provided pursuant to subdivision (a) to community college districts for delivery of student financial aid services required as a result of this section. Funds so allocated to a district for delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1983–84 fiscal year, adjusted annually in accordance with the cost-of-living adjustment to the general apportionments.

The board shall be provided adequate resources through the annual Budget Act to support state administration of this financial aid program.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in subdivision (b) of Section 72252, and only in an amount equal to the fee actually charged the student pursuant to those sections. In addition, the chancellor shall pay districts the amount of fees defrayed pursuant

to subdivisions (g) and (h) of Section 72252.

(d) Districts that receive an allocation of funds pursuant to this section shall administer and award the funds in accordance with regulations adopted by the board of governors.

(e) If the amount of funds provided pursuant to subdivision (a) exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to subdivision (b) of Section 72252, the excess shall revert to the General Fund.

(f) If the amount needed for financial aid to students who cannot afford the fee charged pursuant to subdivision (b) of Section 72252 and to pay districts for the total amount of fees defrayed pursuant to subdivisions (g) and (h) of Section 72252 is greater than the amount of funds provided pursuant to subdivision (a), the chancellor shall certify to the Department of Finance the amount of the additional funds that are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or as otherwise provided by the Legislature.

SEC. 4. Section 72252 of the Education Code is amended to read:

72252. (a) The governing board of each community college district shall charge each student a fee, pursuant to this section.

(b) (1) The fee prescribed by this section shall be five dollars ($5) per unit per semester up to a maximum of fifty dollars ($50) per semester.

(2) For the 1991–92 academic year only, the governing board of each community college district shall, in addition to the fee prescribed in paragraph (1), impose a surcharge of one dollar ($1.00) per unit per semester up to a maximum of ten dollars ($10) per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the

California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

SEC. 7. (a) From the appropriation set forth in Schedule (a) of Item 6870-101-001 of Section 2.00 of the Budget Act of 1991, the

Chancellor of the California Community Colleges first shall apportion the amount computed under subdivision (b) to each community college district having classified employees who are members of an employee retirement system other than the Public Employees' Retirement System if that district does not achieve any savings for the 1991–92 fiscal year as a result of the repeal of the retirement allowance adjustment programs established pursuant to Sections 21235, 21236, 21237, and 21238 of the Government Code.

(b) The amount to be apportioned to each community college district that qualifies for apportionment under subdivision (a) shall be equal to the amount of the employer contributions the district would have been required to make for the 1991–92 fiscal year had its classified employees been members of the Public Employees' Retirement System.

(c) Any increase or decrease in the amount of funding received by any community college district for the 1991–92 fiscal year that results from the apportionments authorized under subdivisions (a) and (b) shall not affect the state funding entitlement of that district for the 1992–93 fiscal year or any fiscal year thereafter.

(d) This section shall be operative only if, for the 1991–92 fiscal year, community college districts are granted relief, in whole or in part, from the obligation to make expenditures during the 1991–92 fiscal year pursuant to contracts with the Public Employees' Retirement System.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health,or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure adequate sources of funding for community colleges during a period of fiscal crisis, it is necessary that this act take effect immediately.

CHAPTER 115

[Approved by Governor July 16, 1991. Filed with Secretary of State July 16, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11745 of the Insurance Code, as amended by Section 2 of Chapter 1550 of the Statutes of 1990, is amended to read:

11745. (a) There is in the Department of Insurance the Workers' Compensation Rate Study Commission, which shall be hereafter referred to in this article as the "commission." The commission shall consist of eight members, two of whom shall be appointed by the Senate Committee on Rules, two of whom shall be appointed by the Speaker of the Assembly, and four of whom shall be appointed by the Governor. Each member of the commission shall be, or shall have served as, the dean or its administrative equivalent of the school of business, public policy, or public administration at an accredited California university or be a tenured faculty member of the school of business, public policy, or public administration at an accredited California university. In no event shall a commission member have been, within the last 10 years, a full-time or part-time employee of other than an accredited educational institution. Acceptance of occasional, intermittent, outside income from consulting or public appearances shall not constitute full-time or part-time employment.

(b) The Governor shall summon the commission to its first meeting, whereupon, as its first order of business, the commission shall designate one of its members as chairperson.

(c) Members of the commission shall serve without compensation, but shall be reimbursed for all necessary expenses actually incurred in the performance of their duties and a per diem allowance of one hundred dollars ($100) for each day spent in meetings of the commission.

(d) All vacancies in commission membership shall be filled by whichever appointing authority appointed the person who vacated the position.

(e) The commission shall hold meetings as it deems necessary to fulfill its purpose. All meetings and hearings held by the commission shall be subject to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code).

(f) (1) The commission shall have the additional authority to contract with and engage the services of outside resources to conduct research, under the direction and control of the commission,

necessary to the timely completion of its purpose. However, in the event the commission exceeds its budgetary authorization in determining its research needs, the planned research may be conducted only if the Department of Insurance determines sufficient private or public funds are available in the department's current budget to cover the additional costs imposed by the research.

(2) Requests for bids, with respect to research contracts pursuant to this subdivision, shall require a bidder, and any person who would be employed by, or who would subcontract with, the bidder to provide services under the contract, to file with the commission a statement disclosing all income, as defined in Section 82030 of the Government Code, received within the three years preceding the proposed effective date of the contract.

(3) A research contract pursuant to this subdivision shall not be entered into where the bidder, or any person who would be employed by, or who would subcontract with, the bidder, for purposes of providing services under the contract, has a conflict of interest as defined in paragraph (4). This paragraph shall not apply to contracts with an actuary or actuaries.

(4) For purposes of this subdivision, a person has a "conflict of interest" if he or she has received more than 10 percent of his or her income during the three years preceding the proposed effective date of the research contract from insurers, employer organizations, labor organizations, attorneys, or physicians, or from any organization primarily funded by insurers, employers, labor organizations, attorneys, or physicians.

SEC. 2. Section 11747 of the Insurance Code is amended to read:

11747. (a) The commission shall prepare and adopt its final report and transmit it directly to the Governor, the Legislature, the Insurance Commissioner, and the Director of Industrial Relations no later than March 1, 1992.

(b) The final report shall contain an analysis of the issues specified in Section 11746 and the results of the commission's evaluation and recommendations to attain the goals specified in Section 11746.

SEC. 3. Section 11748 of the Insurance Code is amended to read:

11748. (a) The commission shall remain in existence until 90 days after submission of its report for the purpose of presenting its findings and recommendations and responding to any questions from those to whom the report was transmitted.

(b) This article shall remain in effect only until May 30, 1992, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 4. Section 3208.3 of the Labor Code is amended to read:

3208.3. (a) A psychiatric injury shall be compensable if it is a mental disorder which causes disability or need for medical treatment, and it is diagnosed pursuant to procedures promulgated under paragraph (4) of subdivision (j) of Section 139.2 or, until these procedures are promulgated, it is diagnosed using the terminology and criteria of the American Psychiatric Association's Diagnostic and

Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(b) In order to establish that a psychiatric injury is compensable, an employee shall demonstrate by a preponderance of the evidence that actual events of employment were responsible for at least 10 percent of the total causation from all sources contributing to the psychiatric injury.

(c) It is the intent of the Legislature in enacting this section to establish a new and higher threshold of compensability for psychiatric injury under this division.

(d) Notwithstanding any other provision of this division, no compensation shall be paid pursuant to this division for a psychiatric injury related to a claim against an employer unless the employee has been employed by that employer for at least six months. The six months of employment need not be continuous. This subdivision shall not apply if the psychiatric injury is caused by a sudden and extraordinary employment condition as distinguished from a regular and routine event. As used in this subdivision, a "regular and routine employment event" includes, but is not limited to, a lawful, nondiscriminatory, good faith personnel action, such as discipline, work evaluation, transfer, demotion, layoff, or termination. Nothing in this subdivision shall be construed to authorize an employee, or his or her dependents, to bring an action at law or equity for damages against the employer for a psychiatric injury, where those rights would not exist pursuant to the exclusive remedy doctrine set forth in Section 3602 in the absence of the amendment of this section by the act adding this subdivision. Nothing in this section shall be construed to mean that there shall not be compensability for any psychiatric injury which is related to any physical injury in the workplace.

SEC. 5. The sum of nine hundred thousand dollars ($900,000) is hereby appropriated from the Insurance Fund to the Workers' Compensation Rate Study Commission for the 1991–92 fiscal year to fund staff and consultant positions, and incidental expenses, including, but not limited to, office expenses, per diem allowances, and traveling expenses that are necessary to achieve the goals established in Section 11746 of the Insurance Code.

SEC. 6. This act is an urgency statute, necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for necessary reforms with respect to workers' compensation costs and benefits as soon as possible, it is necessary that this act to take effect immediately.

In any action against any attorney or law firm under the Unfair Practices Act, Chapter 4 (commencing with Section 17000) of Division 7, any judgment shall include an order divesting the attorney or law firm of any fees and other compensation received pursuant to any such void contract. Those fees and compensation shall be recoverable as additional civil penalties under the Unfair Practices Act.

SEC. 12. Section 1871 of the Insurance Code is amended to read:

1871. The Legislature finds and declares as follows:

(a) That the business of insurance involves many transactions which have potential for abuse and illegal activities. There are numerous law enforcement agencies on the state and local levels charged with the responsibility for investigating and prosecuting fraudulent activity. This chapter is intended to permit the full utilization of the expertise of the commissioner and the department so that they may more effectively investigate and discover insurance frauds, halt fraudulent activities, and assist and receive assistance from federal, state, local, and administrative law enforcement agencies in prosecution of persons who are parties in insurance frauds.

(b) That insurance fraud is a particular problem for automobile policyholders; fraudulent activities account for 15 to 20 percent of all auto insurance payments. Automobile insurance fraud is the biggest and fastest growing segment of insurance fraud and contributes substantially to the high cost of automobile insurance with particular significance in urban areas.

(c) That prevention of automobile insurance fraud will significantly reduce the incidence of severity and automobile insurance claim payments and will therefore produce a commensurate reduction in automobile insurance premiums.

(d) That workers' compensation fraud harms employers by contributing to the increasingly high cost of workers' compensation insurance and self-insurance and harms employees by undermining the perceived legitimacy of all workers' compensation claims.

(e) That prevention of workers' compensation insurance fraud may reduce the number of workers' compensation claims and claim payments thereby producing a commensurate reduction in workers' compensation costs. Prevention of workers' compensation insurance fraud will assist in restoring confidence and faith in the workers' compensation system, and will facilitate expedient and full compensation for employees injured at the workplace.

SEC. 13. Section 1871.4 is added to the Insurance Code, to read:

1871.4. (a) It is unlawful to do any of the following:

(1) Make or cause to be made any knowingly false or fraudulent material statement or material representation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(2) Present or cause to be presented any knowingly false or fraudulent written or oral material statement in support of, or in

opposition to, any claim for compensation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(3) Knowingly assist, abet, solicit, or conspire with any person who engages in an unlawful act under this section.

(4) Make or cause to be made any knowingly false or fraudulent statements with regard to entitlement to benefits with the intent to discourage an injured worker from claiming benefits or pursuing a claim.

For the purposes of this subdivision, "statement" includes, but is not limited to, any notice, proof of injury, bill for services, payment for services, hospital or doctor records, X-ray, test results, medical-legal expense as defined in Section 4620 of the Labor Code, other evidence of loss, injury, or expense, or payment.

(b) Every person who violates any provision of this section shall be punished by imprisonment in county jail for one year, or in the state prison, for two, three, or five years, or by a fine not exceeding fifty thousand dollars ($50,000) or double the value of the fraud, whichever is greater, or by both imprisonment and fine.

(c) Any person who violates subdivision (a) and who has a prior felony conviction of the offense set forth in that subdivision or in Section 548 of the Penal Code, shall receive a two-year enhancement for each prior conviction in addition to the sentence provided in subdivision (b). The existence of any fact that would subject a person to a penalty enhancement shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 14. Section 1872 of the Insurance Code is amended to read:

1872. There is created within the department a Bureau of Fraudulent Claims to enforce the provisions of Sections 1871.1 and 1871.4 and to administer the provisions of Article 3 (commencing with Section 1873).

SEC. 15. Section 1872.3 of the Insurance Code is amended to read:

1872.3. (a) If by its own inquiries or as a result of complaints, the Bureau of Fraudulent Claims has reason to believe that a person has engaged in, or is engaging in, an act or practice that violates Section 1871.1 or 1871.4, the commissioner in his or her discretion (1) may make those public or private investigations within or outside of this state that he or she deems necessary to determine whether any person has violated or is about to violate any provision of Section 1871.1 or 1871.4, or to aid in the enforcement of this chapter, and (2) may publish information concerning any violation of this chapter.

(b) For purposes of any investigation under this section, the commissioner or any officer designated by the commissioner may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books,

papers, correspondence, memoranda, agreements, or other documents or records that the commissioner deems relevant or material to the inquiry, as provided by Section 12924.

(c) If any matter that the commissioner seeks to obtain by request is located outside the state, the person so requested may make it available to the commissioner or his or her representative to be examined at the place where it is located. The commissioner may designate representatives, including officials of the state in which the matter is located, to inspect the matter on his or her behalf, and he or she may respond to similar requests from officials of other states.

(d) Except as provided in subdivision (e), the department's papers, documents, reports, or evidence relative to the subject of an investigation under this section shall not be subject to public inspection for so long a period as the commissioner deems reasonably necessary to complete the investigation, to protect the person investigated from unwarranted injury, or to serve the public interest. Furthermore, those papers, documents, reports, or evidence shall not be subject to subpoena or subpoena duces tecum until opened for public inspection by the commissioner, unless the commissioner otherwise consents or, after notice to the commissioner and a hearing, the superior court determines that the public interest and any ongoing investigation by the commissioner would not be unnecessarily jeopardized by compliance with the subpoena duces tecum.

(e) The Bureau of Fraudulent Claims shall furnish all papers, documents, reports, complaints, or other facts or evidence to any police, sheriff, or other law enforcement agency, when so requested, and shall assist and cooperate with those law enforcement agencies.

SEC. 16. Section 1872.83 is added to the Insurance Code, to read:

1872.83. (a) The commissioner shall ensure that the Bureau of Fraudulent Claims aggressively pursues all reported incidents of probable workers' compensation fraud, as defined in subdivision (a) of Section 1871.4, and forwards to the appropriate disciplinary body the names, along with all supporting evidence, of any individuals licensed under the Business and Professions Code who are suspected of actively engaging in fraudulent activity. The Bureau of Fraudulent Claims shall forward to the Insurance Commissioner or the Director of Industrial Relations, as appropriate, the name, along with all supporting evidence, of any insurer, as defined in subdivision (c) of Section 1877.1, suspected of actively engaging in the fradulent denial of claims.

(b) To fund increased investigation and prosecution of workers' compensation fraud, there shall be an annual assessment as follows:

(1) The aggregate amount of the assessment shall be determined by the Fraud Assessment Commission, which is hereby established. The commission shall be composed of five members consisting of two representatives of self-insured employers, one representative of insured employers, one representative of workers' compensation insurers, and the President of the State Compensation Insurance

Fund, or his or her designee.

The Governor shall appoint members representing self-insured employers, insured employers, and insurers. The term of office of members of the commission shall be four years, and a member shall hold office until the appointment of a successor. (2) In determining the aggregate amount of the assessment, the Fraud Assessment Commission shall consider the advice and recommendations of the Bureau of Fraudulent Claims and the commissioner.

(3) The aggregate amount of the assessment shall be collected by the Director of Industrial Relations pursuant to Section 62.6 of the Labor Code. The Fraud Assessment Commission shall annually advise the Director of Industrial Relations, not later than March 15, of the aggregate amount to be assessed for the next fiscal year.

(4) The amount collected, together with the fines collected for violations of the unlawful acts specified in Section 1871.4, shall be deposited in the Workers' Compensation Fraud Account in the Insurance Fund and may be used, upon appropriation by the Legislature, only for enhanced workers' compensation fraud investigation and prosecution as provided in this section.

(c) (1) For each fiscal year, the total amount of revenues derived from the assessment pursuant to subdivision (b) shall, together with amounts collected pursuant to fines imposed for unlawful acts described in Section 1871.4, not be less than three million dollars ($3,000,000). Any funds appropriated by the Legislature pursuant to subdivision (b) that are not expended in the fiscal year for which they have been appropriated shall be applied to satisfy for the immediately following fiscal year the minimum total amount required by this subdivision.

(2) This subdivision shall cease to be operative on January 1, 1994, unless a later enacted statute, enacted prior to January 1, 1994, deletes or extends that date.

(d) After incidental expenses, 50 percent of the funds to be used for the purposes of this section shall be provided to the Bureau of Fraudulent Claims of the Department of Insurance for enhanced investigative efforts and 50 percent of the funds shall be distributed to district attorneys, pursuant to a determination by the commissioner, with the advice and consent of the bureau and the Fraud Assessment Commission, as to the most effective distribution of moneys for purposes of the investigation and prosecution of workers' compensation insurance fraud cases. Each district attorney seeking a portion of the funds shall submit to the commissioner an application setting forth in detail their proposed use of any funds provided. Any district attorney receiving funds pursuant to this subdivision shall submit an annual report to the commissioner with respect to the success of their efforts. Upon receipt, the commissioner shall provide copies to the bureau and the Fraud

Assessment Commission of any application, annual report, or other documents with respect to the allocation of money pursuant to this subdivision. These documents shall be public records.

SEC. 17. Section 1872.9 of the Insurance Code is amended to read:

(4) Licensing agencies governed by the Business and Professions Code.

(5) The Department of Insurance.

(6) Local and state law enforcement agencies.

($120) for married couples filing joint returns, heads of household and surviving spouses (as defined in Section 17046), and sixty dollars ($60) for other individuals.

Except as provided in subdivision (b), a husband and wife shall receive but one credit under this section. If the husband and wife file separate returns, the credit may be taken by either or equally divided between them, except as follows:

(1) If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for part or all of the taxable year, the resident spouse shall be allowed one-half the credit allowed to married persons and the nonresident spouse shall be permitted one-half the credit allowed to married persons, prorated as provided in subdivision (e).

(2) If both spouses were nonresidents for part of the taxable year, the credit allowed to married persons shall be divided equally between them subject to the proration provided in subdivision (e).

(b) In the case of a husband and wife, if each spouse maintained a separate place of residence and resided in this state during the entire taxable year, each spouse will be allowed one-half the full credit allowed to married persons provided in subdivision (a).

(1) Was a resident of this state, as defined in Section 17014, and

(2) Rented and occupied premises in this state which constituted his or her principal place of residence during at least 50 percent of the taxable year.

(d) The term "qualified renter" does not include any of the following:

(1) An individual who for more than 50 percent of the taxable year rented and occupied premises which were exempt from property taxes, except that an individual, otherwise qualified, shall be deemed a qualified renter if he or she or his or her landlord pays possessory interest taxes, or the owner of those premises makes payments in lieu of property taxes which are substantially equivalent to property taxes paid on properties of comparable market value.

(2) An individual whose principal place of residence for more than 50 percent of the taxable year is with any other person who claimed such individual as a dependent for income tax purposes.

(3) An individual who has been granted or whose spouse has been granted the homeowners' property tax exemption during the taxable year. This paragraph shall not apply in the case of an individual whose spouse has been granted the homeowners' property tax exemption if each spouse maintained a separate residence for the entire taxable year.

(e) Any otherwise qualified renter who is a nonresident for any portion of the taxable year shall claim the credits set forth in subdivision (a) at the rate of one-twelfth of those credits for each full month that individual resided within this state during the taxable year.

(f) Every person claiming the credit provided in this section shall, as part of that claim, and under penalty of perjury, furnish that information as the Franchise Tax Board prescribes on a form supplied by the board.

(g) The credit provided in this section shall be claimed on returns in the form as the Franchise Tax Board may from time to time prescribe.

(h) For the purposes of this section, the term "premises" means a house or a dwelling unit used to provide living accommodations in a building or structure and the land incidental thereto, but does not include land only, except in the case where the dwelling unit is a mobilehome. The credit shall not be allowed for any taxable year for the rental of land upon which a mobilehome is located if the mobilehome has been granted a homeowners' exemption under Section 218 in that year.

(i) In the case of qualified renters whose credits provided in this section exceed their tax liability computed under this part the excess shall be credited against other amounts due, if any, from the qualified renter and the balance, if any, shall be refunded to the qualified renter.

(j) This section shall become operative on January 1, 1996, and shall apply to any taxable year beginning on and after January 1, 1996.

17054.1. (a) (1) In the case of any taxpayer whose federal adjusted gross income for the taxable year exceeds the threshold amount, each credit to which this section applies shall be reduced by six dollars ($6) for each two thousand five hundred dollars ($2,500), or fraction thereof, by which the taxpayer's federal adjusted gross income exceeds the threshold amount.

(2) In the case of credit allowed by subdivision (b) of Section 17054 (relating to joint returns and surviving spouses), the "six dollars ($6)" referred to in paragraph (1) shall be applied by substituting "twelve dollars ($12)."

(3) In the case of a married individual filing a separate return, the "two thousand five hundred dollars ($2,500)" referred to in paragraph (1) shall be applied by substituting one "thousand two hundred fifty dollars ($1,250)."

(4) Under no circumstances shall any credit reduced by paragraph (1) be reduced below zero.

(d) In the case of a taxpayer filing a nonresident or part-year resident return, the reduction of exemption credits, as provided by this section, shall be applicable to the tax computed under subdivisions (b) and (d) of Section 17041 and the reduction shall be made prior to proration of the tax.

(e) For purposes of this section, marital status shall be determined under Section 17021.5.

(f) For taxable years beginning on or after January 1, 1992, the threshold amounts specified in subdivision (b) shall be recomputed annually in the same manner as the recomputation of income tax brackets under subdivision (h) of Section 17041.

(g) This section shall apply to taxable years beginning on or after January 1, 1991.

SEC. 14. Section 17058 of the Revenue and Taxation Code is amended to read:

17058. (a) (1) There shall be allowed as a credit against the amount of net tax (as defined in Section 17039) a state low-income housing credit in an amount equal to the amount determined in subdivision (c), computed in accordance with the provisions of Section 42 of the Internal Revenue Code, except as otherwise provided in this section.

(2) "Taxpayer" for purposes of this section means the sole owner in the case of an individual, the partners in the case of a partnership, and the shareholders in the case of an S corporation.

(3) "Housing sponsor" for purposes of this section means the sole owner in the case of an individual, the partnership in the case of a partnership, and the S corporation in the case of an S corporation.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility in accordance with the requirements of this section.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor shall have been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h)(4)(B) of the Internal Revenue Code.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code. The committee may require a fee if the application for the credit under this section is submitted in a calendar

year after the year the application is submitted for the federal tax credit.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an S corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(D) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(E) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(F) No credit shall be allocated under this section to buildings located in a difficult development area or a qualified census tract as defined in Section 42 of the Internal Revenue Code for which the eligible basis of a new building or the rehabilitation expenditure of an existing building is 130 percent of that amount pursuant to subparagraph (C) of paragraph (5) of subsection (d) of Section 42 of the Internal Revenue Code, unless the committee reduces the amount of federal credit, with the approval of the applicant, so that the combined amount of federal and state credit shall not exceed the total credit allowable pursuant to this section and Section 42(b) of the Internal Revenue Code, computed without regard to Section 42(d)(5)(C) of the Internal Revenue Code.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the housing sponsor during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building which is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(4) For purposes of this section, the term "at risk of conversion," with respect to an existing building means a building which satisfies all of the following criteria:

(A) The building is presently owned by a housing sponsor other than a qualified nonprofit organization.

(B) The building is a federally assisted building for which the low-income use restrictions will terminate or the mortgage on the building is eligible for prepayment under Subtitle 13 of the Emergency Low Income Housing Preservation Act of 1987 or under Section 502(c) of the Housing Act of 1949, anytime in the three calendar years after the year of application to the California Tax Credit Allocation Committee.

(C) The person acquiring the building enters into a regulatory agreement that requires the building to be operated in accordance with the requirements of this section for a period equal to the greater of 55 years or the life of the building.

(D) The building satisfies the requirements of Section 42(e) of the Internal Revenue Code regarding rehabilitation expenditures, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cash distribution from the operations of the project, after funding required reserves, which, at the election of the taxpayer, is equal to:

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity which shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note; or

(ii) Twenty percent of the adjusted basis of the building as of the close of the first taxable year of the credit period; or

(B) The amount of the cash-flow from those units in the building that are not low-income units. For purposes of computing cash-flow under this subparagraph, operating costs shall be allocated to the low-income units using the "floor space fraction," as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may be accumulated and distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an S corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four taxable years" for "10 taxable years."

(2) The special rule for the first taxable year of the credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the taxable year in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable to this section.

(g) Notwithstanding subdivision (m), the aggregate housing credit dollar amount which may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section and Section 23610.5 shall be an amount equal to the sum of the following:

(1) Thirty-five million dollars ($35,000,000).

(2) The unused housing credit ceiling, if any, for the preceding calendar years; and

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit

Allocation Committee and the allocation recipient.

(h) (1) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 18 years of the compliance period, a qualified low-income housing project is not economically feasible, the housing sponsor shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become economically feasible, provided that once a project is again economically feasible, the housing sponsor designates the net available units as low-income units subject to the set-aside and rent requirements, up to the number of low-income units necessary to arrive at the original applicable fraction, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced, except to the extent the excess was used for the rehabilitation of the project.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, which agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, providing the agreement includes all of the following provisions:

(1) A term not less than the compliance period.

(2) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and which allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory

agreement in any state court.

(5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(6) A requirement that the housing sponsor provide the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the housing sponsor intends to reduce the number of low-income units to make a project economically feasible.

(7) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(8) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(9) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of not less than three periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling which may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations or other similar events prevent the use of three allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in paragraph (1) of subsection (m) of Section 42 of Title 26 of the United States Code. In adopting this plan, the committee shall comply with the provisions of subparagraphs (B) and (C) of paragraph (1) of subsection (m) of Section 42 of Title 26 of the United States Code.

(3) Notwithstanding subsection (m) of Section 42 of the Internal

Revenue Code, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, for the low-income units, and a development fee that does not exceed a specified percentage of the qualified basis of the project prior to inclusion of the development fee in the qualified basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if:

(i) The project serves the lowest income tenants at rents affordable to those tenants; or

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which the greatest percentage of total square feet of all residential units is comprised of low-income units with three or more bedrooms.

(ii) Projects providing single room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(vi) Projects located within a "difficult to develop area" or a "qualified census tract" as defined in Section 42(d)(5)(C) of the Internal Revenue Code.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section and Section 23610.5 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "California Tax Credit Allocation Committee."

(*l*) In the case where the credit allowed under this section exceeds the net tax, the excess credit may be carried over to reduce the net tax in the following year, and succeeding taxable years, if necessary, until the credit has been exhausted.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 23610.5 shall not exceed thirty-five million dollars ($35,000,000) per year. The California Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000).

The aggregate amount of credit granted pursuant to this section and Section 23610.5 in 1989 may exceed thirty-five million dollars ($35,000,000) by an amount equal to the unallocated credit from 1987 and 1988.

(n) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an

allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(o) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(p) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1989.

(q) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(r) (1) This section shall remain in effect only until December 1, 1990, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (*l*), until the credit has been exhausted.

(2) Notwithstanding paragraph (1), this section shall remain in effect on and after December 1, 1990, for as long as Section 42 of the Internal Revenue Code pertaining to low-income housing credits remains in effect.

SEC. 15. Section 17060 of the Revenue and Taxation Code is repealed.

SEC. 16. Section 17062 of the Revenue and Taxation Code is amended to read:

17062. (a) In addition to the other taxes imposed by this part, there is hereby imposed for each taxable year, a tax equal to the excess, if any, of—

(1) The tentative minimum tax for the taxable year, over

(2) The regular tax for the taxable year.

(b) For purposes of this chapter, each of the following shall apply:

(1) The tentative minimum tax shall be computed in accordance with Sections 55 to 59, inclusive, of the Internal Revenue Code, except as otherwise provided in this part.

(2) The regular tax shall be the amount of tax imposed by Section 17041 or 17048, before reduction for any credits against the tax, less any amount imposed under paragraph (1) of subdivision (d) and paragraph (1) of subdivision (e) of Section 17560.

(3) (A) The provisions of Section 55(b)(1) of the Internal Revenue Code shall be modified to provide that the tentative minimum tax for the taxable year shall be equal to the following percent of so much of the alternative minimum taxable income for the taxable year as exceeds the exemption amount, before reduction for any credits against the tax:

(i) For any taxable year beginning on or after January 1, 1991, and before January 1, 1996, 8.5 percent.

(ii) For any taxable year beginning on or after January 1, 1996, 7 percent.

(B) In the case of a nonresident or part-year resident, the tentative minimum tax shall be computed as if the nonresident or part-year resident were a resident for the entire year multiplied by

the ratio of California adjusted gross income (as modified for purposes of this chapter) to total adjusted gross income from all sources (as modified for purposes of this chapter). For purposes of computing the tax under subparagraph (A) and gross income from all sources, the net operating loss deduction provided in Section 56(d) of the Internal Revenue Code shall be computed as if the taxpayer were a resident for all prior years.

(C) For purposes of this section, the term "California adjusted gross income" includes each of the following:

(i) For any period during which the taxpayer was a resident of this state (as defined by Section 17014), all items of adjusted gross income (as modified for purposes of this chapter), regardless of source.

(ii) For any period during which the taxpayer was not a resident of this state, only those items of adjusted gross income (as modified for purposes of this chapter) which were derived from sources within this state, determined in accordance with Chapter 11 (commencing with Section 17951).

(4) (A) If there was a deferral of preference tax under former Section 17064.8 for any taxable year beginning before January 1, 1987, and the amount of the deferred tax has not been paid for any taxable year beginning before January 1, 1987, the amount of the net operating loss carryovers which may be carried to taxable years beginning after December 31, 1986, for purposes of this chapter, shall be reduced by the amount of the tax preferences attributable to the deferred tax which has not been paid.

(B) In the case of a net operating loss allowed to be carried forward under subdivision (d) of Section 17276, subparagraph (A) shall apply to the extent that such a loss would have resulted in a deferred tax under prior law.

(c) (1) Section 56(b)(1)(E) of the Internal Revenue Code, relating to standard deduction and deduction for personal exemptions not allowed, is modified, for purposes of this part, to deny the standard deduction allowed by Section 17073.5.

(d) The provisions of Section 57(a)(5) of the Internal Revenue Code, relating to tax-exempt interest shall not apply.

(e) The last sentence of Section 57(a)(6)(B) of the Internal Revenue Code, relating to tangible personal property, shall not apply.

(f) The provisions of Section 59(a) of the Internal Revenue Code, relating to the alternative minimum tax foreign tax credit, shall not apply.

(b) For purposes of this section, "applicable amount" means one hundred thousand dollars ($100,000) in the case of a single individual or a married individual making a separate return, one hundred fifty thousand dollars ($150,000) in the case of a head of household, and two hundred thousand dollars ($200,000) in the case of a surviving spouse or a husband and wife making a joint return.

(c) Subsection (f) of Section 68 of the Internal Revenue Code, relating to termination, shall not apply.

SEC. 18. Section 17088 of the Revenue and Taxation Code is amended to read:
