(a) To the department for its planning activities not payable from the State Highway Account in the State Transportation Fund, its mass transportation responsibilities, and its assistance in regional transportation planning.

(b) To the director for allocation to the Institute of Transportation Studies of the University of California for training and research in public transportation systems engineering and management and coordination with other transportation modes.

(c) To the commission for its activities not payable from the State Highway Account.

(d) To the Public Utilities Commission for its passenger rail safety responsibilities specified in statute on commuter rail, intercity rail, and urban rail transit lines.

SEC. 9. This act shall become operative only if Assembly Bill 151 of the 1991–92 Regular Session is enacted.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 768

An act to amend Sections 7511, 7514, and 7554 of, and to add Section 7555 to, the Penal Code, and to repeal Section 7 of Chapter 1579 of the Statutes of 1988, relating to AIDS, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 7 of Chapter 1579 of the Statutes of 1988 is repealed.

SEC. 2. Section 7511 of the Penal Code is amended to read:

7511. (a) The chief medical officer shall, regardless of whether a report filed pursuant to Section 7510 contains a request for HIV testing, decide whether or not to require HIV testing of the inmate or other person who is the subject of the report filed pursuant to Section 7510, within five calendar days of receipt of the report. If the chief medical officer decides to require HIV testing, he or she shall specify in his or her decision the circumstances, if any, under which followup testing will also be required.

(b) The chief medical officer shall order an HIV test only if he or she finds that, considering all of the facts and circumstances, there is a significant risk that HIV was transmitted. In making this decision, the chief medical officer shall take the following factors into consideration:

(1) Whether an exchange of bodily fluids occurred which could have resulted in a significant risk of AIDS infection, based on the latest written guidelines and standards established by the federal Centers for Disease Control and the State Department of Health Services.

(2) Whether the person exhibits medical conditions or clinical findings categorizing him or her as a possible AIDS victim.

(3) Whether the health of the institution staff or inmates may

have been endangered as to AIDS infection resulting from the reported incident.

(c) Prior to reaching a decision, the chief medical officer shall receive written or oral testimony from the law enforcement employee filing the report, from the subject of the report, and from witnesses to the incident, as he or she deems necessary for a complete investigation. The decision shall be in writing and shall state the reasons for the decision. A copy shall be provided by the chief medical officer to the law enforcement employee who filed the report and to the subject of the report, and where the subject is a minor, to the parents or guardian of the minor, unless the parent or guardian of the minor cannot be located.

SEC. 3. Section 7514 of the Penal Code is amended to read:

7514. (a) It shall be the chief medical officer's responsibility to see that personal counseling is provided to a law enforcement employee filing a report pursuant to Section 7510, an inmate filing a request pursuant to Section 7512, and any potential test subject, at the time the initial report or request for tests is made, at the time when tests are ordered, and at the time when test results are provided to the employee, inmate, or test subject.

The chief medical officer may provide additional counseling to any of these individuals, upon his or her request, or whenever the chief medical officer deems advisable, and may arrange for the counseling to be provided in other jurisdictions. The chief medical officer shall encourage the subject of the report or request, the law enforcement employee who filed the report, the person who filed the request pursuant to Section 7512, or in the case of a minor, the minor on whose behalf the request was filed, to undergo voluntary HIV testing if the chief medical officer deems it medically advisable. All testing required by this title or any voluntary testing resulting from the provisions of this title, shall be at the expense of the appropriate correctional institution.

(b) On or before January 15, 1993, 1994, and 1995, the Department of Corrections, the Department of the California Youth Authority, and each law enforcement agency in which a request for a test has been filed during the previous calendar year, shall report data to the Joint Legislative Committee on Prison Construction and Operation on all requests made during that period, plus specifics of the disposition of each request, the counseling provided, and its extent for each case. This data shall be provided by the committee to the Legislative Analyst, who shall compile a report to the Legislature on or before January 30, 1995, on whether the program is meeting the objectives of this title. The report shall include a recommendation on whether the program should be continued, terminated, or changed.

The Legislative Analyst shall consult with the Office of Aids, within the State Department of Health Services, in preparing its evaluation.

Names of persons seeking tests or the subject of a request for a test shall not be included in any document made public as a result of this section.

Notwithstanding the repeal of this section in accordance with Section 7555, the duties imposed by this subdivision shall continue in effect until they have been complied with.

SEC. 4. Section 7554 of the Penal Code is amended to read:

7554. (a) The purpose of this section is to establish the extent of peace officers' occupational exposure for HIV infection.

(b) The correctional, custodial, or law enforcement agency to which this title applies or the chief medical officer of a correctional, custodial, or law enforcement agency to which this title applies shall report each reportable incident involving a law enforcement employee under this title together with the disposition of each case to the State Department of Health Services.

The report shall include all of the following: the assignment of the law enforcement employee; the type of incident; the type of injury sustained; the treatment rendered to the injured employee; citations to criminal laws which were allegedly violated; and the identity of the employing agency. Under no circumstances shall the identity of the law enforcement employee or the source person be transmitted by the local law enforcement agency or the chief medical officer of the local agency to the State Department of Health Services.

(c) The State Department of Health Services shall release the data, upon written request, to any law enforcement agency or to any bona fide, nonprofit law enforcement research body primarily concerned with peace officer health issues, provided that the identity of any law enforcement employee, any person who is the subject of a report, or any tested person under this title shall remain anonymous. Any unauthorized release of information leading to the identity of a person whose identity is protected under this section shall constitute a misdemeanor.

(d) The State Department of Health Services shall report to the Legislature on or before July 1 of each year regarding the number, type, and disposition of each report described in subdivision (b), with an evaluation of that data, provided that the reported information does not disclose the identity of any individual law enforcement employee.

(e) For purposes of this section, a "reportable incident" means an incident described in subdivision (a) of Section 7510. A "source person" means a person whose bodily fluids are believed to have contacted the bodily fluids of a law enforcement employee as described in subdivision (a) of Section 7510.

SEC. 5. Section 7555 is added to the Penal Code, to read:

7555. This title shall remain operative only until July 1, 1994, and as of January 1, 1995, is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends the dates upon which this title becomes inoperative and is repealed.

Notwithstanding this section, whenever, prior to July 1, 1994, a law enforcement agency employee has filed a report pursuant to Section 7510, or a request for a human immunodeficiency virus (HIV) test has been filed pursuant to Section 7512, or any other procedure for

requiring a test has been commenced pursuant to this title, the proceedings shall be permitted to continue on or after July 1, 1994, until they have been concluded.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide costs of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue the operation of provisions enacted to reduce the spread of AIDS in correctional institutions, which would otherwise be inoperative after July 1, 1991, it is necessary that this act go into immediate effect.

CHAPTER 769

An act to add Chapter 5.5 (commencing with Section 42300) to Part 3 of Division 30 of the Public Resources Code, relating to packaging.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.5 (commencing with Section 42300) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 5.5. PLASTIC PACKAGING CONTAINERS

Article 1. Legislative Findings and Definitions

42300. The Legislature finds and declares all of the following:

(a) Recycling rigid plastic packaging containers saves landfill space, reduces energy consumption, and preserves natural resources.

(b) The California Integrated Waste Management Act of 1989 requires cities and counties to reduce the amount of waste disposed in landfills by 50 percent by the end of the decade through source reduction, recycling, and composting.

(c) Rigid plastic packaging containers represent a significant component of the solid waste generated in the state.

(d) In order for recycling in the state to be successful, it is critical that stable, in-state markets be developed for material separately collected from the waste stream and processed for recycling.

(e) As of the effective date of this chapter, curbside collection of recyclables is available to nearly 20 percent of the state's residents. In order to expand the variety of materials collected in these programs, including all rigid plastic packaging containers, it is essential that stable markets exist for the plastic materials collected.

(f) The state has required several types of products to use increasing levels of postconsumer recycled material in their manufacture, including newsprint, glass containers, and plastic trash bags.

(g) Some of the nation's largest consumer product manufacturers have announced plans to require, or are currently requiring, their plastic packaging suppliers to provide them with containers comprised of increasing levels of postconsumer recycled materials, demonstrating that the technology is already available to use recycled material to make new plastic packaging containers. However, many businesses continue to purchase packaging materials made from 100 percent virgin plastic and to sell them in the state.

(h) It is, therefore, the intent of the Legislature to spur markets for plastic materials collected for recycling by requiring manufacturers to utilize increasing amounts of postconsumer recycled material in their rigid plastic packaging containers and to achieve high recycling rates for these plastic packaging containers.

42301. For purposes of this chapter, the following definitions apply:

(a) "Refillable package" means a rigid plastic packaging container which the board determines is routinely returned to and refilled by the product manufacturer at least five times with the original product contained by the package.

(b) "Reusable package" means a rigid plastic packaging container which the board determines is routinely reused by consumers at least five times to store the original product contained by the package.

(c) "Manufacturer" means the producer or generator of a product which is sold or offered for sale in the state and which is stored inside of a rigid plastic packaging container.

(d) "Rigid plastic packaging container" means any plastic package having a relatively inflexible finite shape or form, with a minimum capacity of eight fluid ounces or its equivalent volume and

a maximum capacity of five fluid gallons or its equivalent volume, that is capable of maintaining its shape while holding other products, including, but not limited to, bottles, cartons, and other receptacles, for sale or distribution in the state.

(e) "Postconsumer material" means a material that would otherwise be destined for solid waste disposal, having completed its intended end-use and product lifecycle. Postconsumer material does not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

(f) "Recycled" means a product or material which has been reused in the production of another product and has been diverted from disposal in a landfill.

(g) "Recycling rate" means one of the following:

(1) The proportion, as measured by weight, volume, or number, that all rigid plastic packaging containers, notwithstanding the size limitations set forth in subdivision (d), in the aggregate, sold, or offered for sale in the state are being recycled in a given calendar year.

(2) The proportion, as measured by weight, volume, or number, that a particular type of plastic packaging container sold or offered for sale in the state, such as a milk jug, soft drink container, or detergent bottle, is being recycled in a given calendar year if the particular container type is being recycled at a rate that is at least 20 percent greater than the recycling rate required in subdivision (b) of Section 42310.

(3) The proportion, as measured by weight, volume, or number, that a product-associated rigid plastic packaging container sold or offered for sale in the state is being recycled in a given calendar year if the particular container type is being recycled at a rate that is at least 20 percent greater than the recycling rate required in subdivision (b) of Section 42310.

(4) The proportion, as measured by weight, volume, or number, that a PETE rigid plastic packaging container sold or offered for sale in the state is being recycled in a given calendar year.

(h) (1) "Source reduced container" means a rigid plastic packaging container for which the package weight or package volume per unit or use of product has been reduced by 10 percent when compared with whichever of the following is applicable:

(A) For containers manufactured in the five-year period beginning January 1, 1990, and ending December 31, 1994, the packaging used for the same product by the same manufacturer on and after January 1, 1990.

(B) For containers manufactured during each subsequent five-year period, commencing January 1, 1995, the packaging used for the same product by the same manufacturer on January 1 of the first year of that five-year period.

(2) A rigid plastic packaging container is not a source reduced container for the purposes of this chapter if the packaging reduction

was achieved by any of the following:

(A) Substituting a different material type for a material which previously constituted the principal material of the container.

(B) Increasing a container's weight or volume per unit of product after January 1, 1991.

(C) Packaging changes that adversely affect the potential for the plastic packaging container to be recycled or to be made of postconsumer material.

(i) "Product-associated rigid plastic packaging container" means a brand-specific, rigid plastic packaging line which may have one or more sizes, shapes, or designs and which is used in conjunction with a particular generic product line.

(j) "PETE" means polyethylene terephthalate as specified in subdivision (a) of Section 18015.

Article 2. Manufacturing

42310. Except as otherwise provided in this chapter, on and after January 1, 1995, every rigid plastic packaging container sold or offered for sale in the state shall on average meet one of the following criteria:

(a) Be made from 25 percent postconsumer material.

(b) Have a recycling rate of 25 percent if its primary material is not PETE, based on annual reports published by the board on and after January 1, 1993.

(c) Have a recycling rate of 55 percent if its primary material is PETE, based on annual reports published by the board on and after January 1, 1993.

(d) Be reusable or refillable.

(e) Be a source reduced container.

Article 3. Penalties, Regulations, and Report

42320. Any entity required to make a certification pursuant to this chapter may be audited by the board.

42321. If any entity provides the board with a false or misleading certificate pursuant to this chapter, the board, within 30 days of making this determination, shall refer the provider of the false or misleading certificate to the Attorney General for prosecution for fraud.

42322. (a) Any violation of this chapter is a public offense punishable by a fine of not more than one hundred thousand dollars ($100,000).

(b) In addition to the penalty specified under subdivision (a), any violation of this chapter may be subject to a civil penalty assessed by the board of not more than fifty thousand dollars ($50,000) for each violation, pursuant to a notice and hearing procedure which conforms with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The total annual fines or penalties assessed upon a violator of this chapter shall not exceed one hundred thousand dollars ($100,000).

(d) On and after July 1, 1996, the board shall annually publish a list setting forth any fines or penalties that have been levied against a violator of this chapter in the preceding calendar year for failure to comply with the requirements of this chapter.

(e) The board shall deposit all penalties or fines paid pursuant to this section into the Rigid Container Account, which is hereby created in the Integrated Waste Management Fund in the State Treasury. The moneys deposited in the Rigid Container Account shall be used, upon appropriation by the Legislature, to assist local governmental agencies to develop and implement collection and processing systems for the recycling of materials covered under this chapter.

42323. Proprietary information included in part of a report or certificate submitted to the board pursuant to this chapter shall not be made available to the general public.

42324. On or before March 31, 1993, as part of the report required to be prepared pursuant to Section 40507, the board shall submit to the Legislature and the Governor a study that includes the following:

(a) Plans for implementing this chapter, including methods for certifying compliance with this chapter.

(b) Identification of the method by which the board shall fund its role in the implementation of this chapter and recommendations for alternative funding methods.

(c) Recommendations for modifying this chapter, including both of the following:

(1) Goals of minimum recycled content, which will achieve additional recycling, reuse, and source reduction of, and increased postconsumer material uses in, rigid plastic packaging containers beyond 1995.

(2) Suggested changes, if appropriate, to this chapter's recycling rate approach for rigid plastic packaging containers which come in direct contact with food or other materials which may require special health precautions.

42325. On or before July 1, 1994, the board shall adopt regulations to implement this chapter. These regulations shall include, but shall not be limited to, all of the following:

(a) Procedures for certifying compliance with Article 2 (commencing with Section 42310), including a requirement that product manufacturers include in their specifications for rigid plastic packaging containers a requirement that the packaging manufacturer certify that the rigid plastic packaging containers comply with this chapter.

(b) Procedures for considering and granting waivers pursuant to Article 4 (commencing with Section 42330).

42326. In preparing the report required by Section 42324 and in developing the regulations required by Section 42325, the board shall

consult with representatives of the manufacturers affected by this chapter, with representatives of environmental organizations, and other interested parties.

42327. The board may expend funds from the Integrated Waste Management Account to implement this chapter, upon appropriation by the Legislature.

Article 4. Waivers

42330. (a) The board shall grant a waiver from the postconsumer material content requirement of subdivision (a) of Section 42310, but not from any other requirement of Section 42310, if the board finds one or more the following:

(1) The rigid plastic packaging containers cannot meet the postconsumer material requirements of subdivision (a) of Section 42310 and remain in compliance with applicable provisions of regulations adopted by the Food and Drug Administration or other state or federal laws or regulations.

(2) It is technologically infeasible to use rigid plastic packaging containers which achieve the postconsumer material requirement of subdivision (a) of Section 42310.

(b) The board shall grant a waiver from all of the requirements of Section 42310 if the board finds either of the following:

(1) Less than 60 percent of the single-family homes in the state on and after January 1, 1994, have curbside collection programs which include beverage container recycling.

(2) At least 50 percent, by number, of a manufacturer's rigid plastic packaging containers sold or offered for sale in the state in the current calendar year achieve the postconsumer material requirements of subdivision (a) of Section 42310 and all of the manufacturer's rigid plastic packaging containers will comply with the requirements of Section 42310 on or before January 1, 1996.

Article 5. Exemptions

42340. The following rigid plastic packaging containers are exempt from this chapter:

(a) Rigid plastic packaging containers produced in or out of the state which are destined for shipment to other destinations outside the state and which remain with the products upon that shipment.

(b) Rigid plastic packaging containers which contain drugs, medical devices, medical food, or infant formula as defined by the Federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 and following).

(c) Rigid plastic packaging containers which contain toxic or hazardous products regulated by the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136 and following).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 770

An act to add Sections 43013.5 to the Health and Safety Code, and to amend Sections 8951, 8956, 8957, 9021, 9151, and 9351 of, to add Section 8616, 8617, 8618, and 8751.6 to, to amend the heading of Chapter 3.5 (commencing with Section 8732) of Part 3 of Division 2 of, to add Article 1.6 (commencing with Section 6480.10) to Chapter 5 of Part 1 of Division 2 of, to add Article 3 (commencing with Section 8721) to Chapter 3 of Part 3 of Division 2 of, to add an article heading immediately preceding Section 8732 of, and to add Article 2 (commencing with Section 8736) to Chapter 3.5 of Part 3 of Division 2 of, the Revenue and Taxation Code, relating to fuel, and making an appropriation therefor.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 43013.5 is added to the Health and Safety Code, to read:

43013.5. (a) For purposes of implementing and enforcing Sections 43020 and 43021, the State Air Resources Board shall purchase and install a wavelength dispersive XRF spectrometer with the capability to analyze gasoline and diesel fuels and other petroleum products for sulfur content according to ASTM procedures specified by regulation.

(b) On or before May 1, 1992, the State Air Resources Board shall report to the Legislature on the nature, types, and extent of unfinished fuels and fuel blending components sold or blended at locations other than refineries. The report shall include recommendations concerning the need for appropriate legislation.

SEC. 2. Article 1.6 (commencing with Section 6480.10) is added to Chapter 5 of Part 1 of Division 2 of the Revenue and Taxation Code, to read:

Article 1.6. Prepayment of Sales Tax on Fuel

6480.10. (a) For purposes of this article, the terms "motor vehicle," "fuel," "person," and "in this state" are defined pursuant to Part 3 (commencing with Section 8601), except as provided in subdivision (b).

(b) For purposes of this article, "fuel" does not include liquefied petroleum gas, compressed natural gas, liquid natural gas, and methanol and ethanol containing not more than 15 percent gasoline or diesel fuels.

(c) For purposes of this article, "fuel" includes "aircraft jet fuel" as that term is defined by Section 7372.

6480.11. "Importer" means any person who imports fuel for sale in this state.

6480.12. "Producer" means any person who produces fuel in this state.

6480.13. "Produce" means to convert liquid compounds that are not fuel into fuel.

6480.14. "Jobber" includes every person, other than a producer or importer, dealing in fuel. "Jobber" does not include anyone dealing in fuel only as an operator of a service station.

6480.15. "Sale" means any transfer of title or possession, exchange, or barter, conditional or otherwise, in any manner or by any means whatsoever, of fuel for a consideration.

6480.16. (a) After service of written notification by the board, the producer or importer shall collect prepayment of retail sales tax from the person to whom fuel is first sold in this state. The prepayment required to be collected by the producer constitutes a debt owed by the producer or importer to the state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a producer or importer who has consumed the fuel has paid the use tax to the board. Each producer or importer shall report and pay the prepayment amounts to the board on a form prescribed by the board in the period in which the fuel is sold. On each subsequent sale of that fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of sale. Each seller shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts that shall be separately stated thereon.

(b) After service of written notification by the board, the jobber shall collect prepayment of the retail sales tax from the person to whom the fuel is sold. The prepayment required to be collected by the jobber constitutes a debt owed by the jobber to the state until paid to the board, or until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the tax to the board. Each jobber shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts, and the amounts shall be separately stated thereon.

Each jobber shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is sold. The amount of prepayment paid by the jobber to his or her vendor shall constitute a credit against the amount of prepayment required to be collected and remitted by the jobber to the board.

(c) A producer, importer, or jobber who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a producer, importer, or jobber who has consumed the fuel, to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the sales was made. Failure of the producer, importer, or jobber to report prepayments or the producer's, importer's, or jobber's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, producer, importer, or jobber, either on a temporary or permanent basis or otherwise. The retailer, producer, importer, or jobber shall be entitled to the credit to the extent of the amount prepaid to his or her supplier as evidenced by purchase documents, invoices, or receipts stating separately the amount of tax prepayment.

(e) The rate of the prepayment required to be collected shall be equal to the prepayment rate established pursuant to subdivision (f) of Section 6480.1, less one and one-half cents ($0.015) per gallon. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every producer, importer, jobber, and retailer of fuel. In the event the price of fuel decreases or increases, and the established rate results in prepayments that consistently exceed established rate results or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(f) Notwithstanding any other provision of this section, sales or exchanges of fuel between those persons exempt from license taxes pursuant to paragraph (3) of subdivision (a) of Section 7401 shall be exempt from prepayment of sales tax.

6480.17. (a) If the board determines that it is necessary for the efficient administration of this part, the board may require a producer, importer, or jobber to provide the board with a list of purchasers to whom the fuel was transferred.

(b) In addition to any other reports required under this article, the board may, by rule and otherwise, require additional, other, or supplemental reports, in any form that the board may require, from producers, importers, or jobbers with respect to their sales of fuel.

(c) Any producer, importer, or jobber who fails to comply with this section is guilty of a misdemeanor punishable as provided in

Section 7153.

6480.18. The producer, importer, or jobber shall file his or her prepayment form, together with a remittance of the prepayment amounts required to be collected pursuant to Section 6480.16 payable to the State Board of Equalization, on or before the 25th day of the calendar month following the monthly period to which the prepayment form, or each prepayment relates.

6480.19. (a) Any producer, importer, or jobber who fails to make a timely remittance to the board of the prepayment required pursuant to Sections 6480.16 and 6480.18 shall also pay a penalty of 10 percent of the amount of the prepayment due but not paid, plus interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the prepayment became due and payable to the state until the date of payment.

(b) The penalty amount specified in subdivision (a) shall be 25 percent if the producer, importer, or jobber knowingly or intentionally fails to make a timely remittance.

6480.20. Notification by the board pursuant to Section 6480.16 may be served personally or by mail upon each producer, importer, or jobber in the manner prescribed in Section 6486 for service of notice of a deficiency determination, or by mailing with blank tax return forms.

6480.21. (a) The following persons who have paid prepayment amounts, either directly to the board or to the person from whom it was purchased, shall be refunded those amounts:

(1) Any person who exports the fuel for subsequent sale outside this state.

(2) Any person who sells the fuel that is exempt from the sales or use tax pursuant to Sections 6352, 6357, 6381, and 6396.

(3) Any person who has lost the fuel through fire, flood, theft, leakage, evaporation, shrinkage, spillage, or accident, prior to any retail sale.

(4) Any person who is unable to collect the prepayment from the purchaser insofar as the sales of the fuel are represented by accounts which have been found to be worthless and charged off for income tax purposes. If partial payments have been made, the payments shall be prorated between amounts due for fuel and amounts due for the related prepayment. If any of those accounts are thereafter in whole or in part collected by the seller, the gallons of fuel represented by the amounts collected shall be included in the first return filed after that collection and the amount of the prepayment thereon paid with the return. As a condition for eligibility for refund, the board may require the seller to submit periodical reports listing accounts delinquent for a 90-day period or more.

(b) In lieu of a refund, the board may authorize a credit to be taken by the person to whom the refund is due upon his or her prepayment form or sales and use tax return.

6480.22. (a) The board may require any producer, importer, or jobber subject to this article to place with the board any security that

the board determines is necessary to ensure compliance with this article. The amount of the security shall be fixed by the board but shall not be greater than three times the estimated average liability of producers, importers, or jobbers required to file returns for monthly periods, determined in any manner that the board deems proper, or five hundred thousand dollars ($500,000), whichever amount is less. These amounts apply regardless of the type of security placed with the board. The amount of the security may be increased or decreased by the board subject to the maximum amounts.

(b) The board may sell the security at public auction if it becomes necessary to so do in order to recover any tax or any amount required to be collected or penalty due. Notice of the sale may be served upon the person who placed the security personally or by mail. If service is by mail, service shall be made in the manner prescribed for service of a notice of a deficiency determination and shall be addressed to the person at his or her address as it appears in the record of the board. However, security in the form of a bearer bond issued by the United States or the State of California that has a prevailing market price may be sold by the board at a private sale at a price not lower than the prevailing market price thereof. Upon any sale, any surplus in excess of the amounts due shall be returned to the producer, importer, or jobber who placed the security.

6480.23. (a) Any retailer required to make prepayment to the seller from whom he or she acquired the fuel shall be allowed to credit against the tax liability due for the monthly or quarterly period preceding the effective date of this article, an amount of tax equal to the tax liability imposed at the rate established pursuant to subdivision (e) of Section 6480.16 for fuel sold by that retailer during the month in which the retailer sold the highest number of gallons of fuel during the 12-month period immediately preceding the effective date of this article. However, nothing in this section shall entitle the retailer to any refund to which he or she would not otherwise be entitled to receive.

(b) Any excess of credit over the amount of tax liability due for that monthly or quarterly period shall be taken as a credit against the tax liability due for the following monthly or quarterly period.

(c) The amount of credit allowed by this section shall be remitted to the board, without interest, on a return in the form as the board may prescribe at a rate of 25 percent per quarter on or before the end of the month following each of the four calendar quarters following the quarter or month in which the credit was allowed. Any balance is due and payable on the return required to be filed for the period in which the taxpayer ceases to be engaged in business.

Any retailer, who fails to make a timely remittance to the board of the amount of credit required to be paid under this section, shall also pay a penalty of 10 percent of the amount of the credit due but not paid, plus interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the prepayment became due and payable to the state until the date

of payment.

SEC. 3. Section 8616 is added to the Revenue and Taxation Code, to read:

8616. "Wholesaler" includes every person who sells fuel in this state for resale to a retailer, or to a person who is not a retailer and subsequently uses the fuel.

SEC. 5. Section 8617 is added to the Revenue and Taxation Code, to read:

8617. "Retailer" includes every person who makes any retail sale.

SEC. 6. Section 8618 is added to the Revenue and Taxation Code, to read:

8618. A "retail sale" or "sale at retail" means a sale for any purposes other than resale in the regular course of business.

SEC. 7. Article 3 (commencing with Section 8721) is added to Chapter 3 of Part 3 of Division 2 of the Revenue and Taxation Code, to read:

8721. Every person desiring to become a wholesaler shall first secure a wholesaler use fuel tax permit.

8722. An application for a permit shall be made to the board upon forms prescribed by the board.

8723. On receipt of an application, the board shall issue to the applicant a wholesaler use fuel tax permit authorizing him or her to become a wholesaler of fuel taxable under this part. The permit is valid until canceled, suspended, or revoked.

8724. Whenever any wholesaler fails to comply with any provision of this part or any rule or regulation of the board prescribed and adopted under this part, relating to fuel wholesalers, the board upon hearing, after giving the wholesaler at least 10 days' notice in writing specifying the time and place of hearing and requiring the wholesaler to show cause why his or her permit should not be revoked, may revoke or suspend the permit held by the wholesaler. The board shall give to the person written notice of the suspension or revocation of his or her permit. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The board shall not issue a new permit to a wholesaler whose permit has been revoked or reinstate the permit of a wholesaler whose permit has been suspended or revoked unless it is satisfied that he or she will comply with the provisions of this part and the rules and regulations of the board, and the wholesaler pays to the board a fee of fifty dollars ($50) for the reinstatement or issuance of a permit. The fee shall not be subject to refund except as provided in Section 9151.

8725. It is unlawful for any person to operate as a wholesaler of fuel in this state without a permit or after a permit has been suspended or revoked.

8726. (a) A permit shall be held only by persons actively engaging in or conducting a business as a wholesaler of fuel taxable under this part. Any person not so engaged shall forthwith surrender his or her permit to the board for cancellation. The board may revoke

the permit of a person found to be not actively engaged in or conducting a business as a wholesaler of fuel taxable under this part.

(b) If the permitholder who transfers a business does not notify the board of the transfer, or deliver the permit to the board for cancellation, and the transferee, with the permitholder's actual or constructive knowledge, uses the permit in any way, the transferor shall be liable for taxes under this part, interest computed as specified in Section 8777, and those penalties imposed pursuant to subdivision (c).

(c) The transferor shall be liable for penalties incurred by the transferee under Sections 8779, 8876, and 9352, but shall not be liable for penalties incurred by the transferee under Sections 8780 and 9353. However, the board may, at its discretion, relieve the transferor from liability for penalties incurred by the transferee.

SEC. 8. The heading of Chapter 3.5 (commencing with Section 8732) of Part 3 of Division 2 of the Revenue and Taxation Code is amended to read:

CHAPTER 3.5. COLLECTION OF TAX BY VENDOR AND WHOLESALER

SEC. 9. An article heading is added to the Revenue and Taxation Code immediately preceding Section 8732, to read:

Article 1. Collection of Tax by Vendor

SEC. 10. Article 2 (commencing with Section 8736) is added to Chapter 3.5 of Part 3 of Division 2 of the Revenue and Taxation Code, to read:

Article 2. Collection of Tax by Wholesaler

8736. A wholesaler of fuel, the use of which is taxable under this part, who sells and delivers the fuel to a retailer, or to a person who is not a retailer and subsequently uses the fuel, shall, at the time of sale, collect the tax from the retailer or user and give to the retailer or user a receipt therefor in the manner and form prescribed by the board.

8737. A wholesaler is relieved from liability to collect use fuel tax insofar as the sales of the fuel are represented by accounts which have been found worthless and charged off for income tax purposes. If the wholesaler has previously paid the amount of the tax, he or she may, under the rules and regulations prescribed by the board, take a credit in that amount. If those accounts are thereafter in whole or in part collected by the wholesaler, the gallons of fuel represented by the amounts collected shall be included in the first return filed after such collection and the amount of the tax thereon paid with the return. The board may, at its option, require the seller to submit periodical reports listing accounts delinquent for a 90-day period or

over.

8738. The tax required to be collected by the wholesaler constitutes a debt owed by the wholesaler to this state.

8739. The board may require wholesalers to submit at the times as it shall designate copies of the receipts given pursuant to Section 8736.

8740. A wholesaler shall not collect the use fuel tax imposed pursuant to this part on fuel if the person purchasing the fuel issues a certificate to the effect that the fuel is to be used for the exempt purposes specified in Section 8652, 8653, 8653.1, 8654, or 8655. The certificate shall be in the form prescribed by the board.

8741. (a) Any person who gives an exemption certificate for fuel which he or she knows at the time of purchase is not to be used in an exempt manner by him or her for the purpose of evading payment to the wholesaler of the amount of the tax applicable to the transactions, is guilty of a misdemeanor and is punishable as such.

(b) Any person who gives an exemption certificate for fuel which he or she knows at the time of purchase is not to be used in an exempt manner by him or her is liable to the state for the amount of tax that would be due if he or she had not given the exemption certificate. In addition to the tax, the person shall be liable to the state for a penalty of 10 percent of the tax or five hundred dollars ($500) whichever is greater, for each purchase made for personal gain or to evade the payment of taxes.

(c) Any wholesaler who accepts an exemption certificate for fuel that he or she knows at the time of purchase is not to be used in an exempt manner by the purchaser shall be liable to the state for a penalty of 10 percent of the tax or five hundred dollars ($500) whichever is greater, for each sale made for personal gain or to evade the payment of taxes.

8742. Chapters 4 (commencing with Section 8751) to 9 (commencing with Section 9351), inclusive, of this part shall apply to any wholesaler in the same manner as the provisions apply to any user.

SEC. 11. Section 8751.6 is added to the Revenue and Taxation Code, to read:

8751.6. If any vendor, retailer, or user has paid the tax to a wholesaler who is the holder of a valid wholesaler's permit issued under this part, he or she shall be allowed a credit against the amount of tax due under Section 8751 with respect to that fuel on which the tax was paid to the wholesaler.

SEC. 12. Section 8951 of the Revenue and Taxation Code is amended to read:

8951. The board, whenever it deems it necessary to ensure compliance with this part or any rule or regulation adopted under this part, may require any user, vendor, or wholesaler to deposit with it such security as it may determine. Any security in the form of cash, government bonds, or insured deposits in banks and savings and loan institutions shall be held by the board in trust to be used solely in the

manner provided for by this section and Section 8956. The board may sell the security at public sale if it becomes necessary so to do in order to recover any amount due under this part. Notice of the sale may be served upon the person who deposited the security personally or by mail in the manner prescribed for service of notice of a deficiency determination. Security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may, however, be sold by the board at private sale at a price not lower than the prevailing market price thereof. Upon any sale, any surplus above the amount due shall be returned to the person who deposited the security.

SEC. 13. Section 8956 of the Revenue and Taxation Code is amended to read:

8956. If, at the time a person ceases to be a user, vendor, or wholesaler under this part, the board holds security pursuant to Section 8951 in the form of cash, government bonds, or insured deposits in banks or savings and loan institutions, such security when applied to the account of the taxpayer shall be deemed to be a payment on account of any liability of the taxpayer to the board on the date the person ceases to be a user, vendor, or wholesaler under this part.

SEC. 13.5. Section 8957 of the Revenue and Taxation Code is amended to read:

8957. (a) Subject to the limitations in subdivisions (b) and (c), the board may by notice of levy, served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a user, vendor, or other person liable for any amount under this part to withhold from those credits or other personal property the amount of any tax, interest, or penalties due from that user, vendor, wholesaler, or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at such times as it may designate.

(b) The person served shall continue to withhold pursuant to the Notice of Levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

(c) The amount required to be withheld is the lesser of the following:

(1) The amount due stated on the notice.

(2) The amount of each payment due or becoming due to the user, vendor, wholesaler, or other person liable during the period of the levy.

(d) For the purposes of this section, the term "payments" does not include earnings as that term is defined in subdivision (a) of Section 706.011 of the Code of Civil Procedure or funds in a deposit account as defined in Section 9105 of the Commercial Code. The term "payments" does include any of the following:

(1) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, mineral or other natural rights.

(2) Payments or credits due or becoming due periodically as a result of an enforceable obligation to the user, vendor, wholesaler, or other person liable for the tax.

(3) Any other payments or credits due or becoming due the user, vendor, wholesaler, or other person liable as the result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(e) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch or office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

SEC. 14. Section 9021 of the Revenue and Taxation Code is amended to read:

9021. If any vendor or wholesaler liable for any amount under this part sells out his or her business or stock of goods or quits the business, his or her successor or assigns shall withhold from the purchase price an amount sufficient to cover that amount until the former owner produces a receipt from the board showing that it has been paid or a certificate stating that no amount is due.

SEC. 15. Section 9151 of the Revenue and Taxation Code is amended to read:

9151. If the board determines that any amount not required to be paid under this part has been paid by any person, the board shall set forth that fact in its records and certify to the State Board of Control the amount paid in excess of the amount legally due and the person by whom the excess was paid to the board or from whom it was collected. If the State Board of Control approves, the excess amount paid or collected shall be credited on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall either be refunded to the person, or his or her successors, administrators, executors, or assigns, or, if authorized by the board, deducted by the person from any amounts to become due from him or her under this part.

In the case, however, of a determination by the board that an amount not exceeding fifty thousand dollars ($50,000) was not required to be paid under this part, the board without obtaining the approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

Any overpayment of the tax by a user to a vendor or wholesaler who is required to collect the tax and who gives the user a receipt therefor pursuant to Section 8732 shall be credited or refunded by the state to the user.

SEC. 16. Section 9351 of the Revenue and Taxation Code is amended to read:

9351. Any person who places or causes to be placed fuel into a receptacle on a motor vehicle from which receptacle fuel is supplied for the propulsion of the vehicle, or who acquires fuel outside this state and uses the fuel for the propulsion of a motor vehicle within this state, is guilty of a misdemeanor unless such person is a vendor or wholesaler and collects the tax as provided under Section 8732 or 8736 or such person is a user who holds a valid use fuel tax permit, or is excluded from that requirement under the provisions of Section 8608 of this part, and uses the fuel placed in the receptacle. He or she shall be fined for each offense not less than one hundred dollars ($100) and not more than one thousand dollars ($1,000), or be imprisoned for not exceeding six months in the county jail, or be subject to both fine and imprisonment in the discretion of the court.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 18. (a) The sum of eight hundred four thousand five hundred eighty-six dollars ($804,586) is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund to the Controller for allocation as follows:

(1) One hundred forty-nine thousand dollars ($149,000) to the State Air Resources Board for purposes of subdivision (a) of Section 43013.5 of the Health and Safety Code.

(2) Fifty thousand dollars ($50,000) to the State Air Resources Board for purposes of subdivision (b) of Section 43013.5 of the Health and Safety Code.

(b) (1) The sum of six hundred five thousand five hundred eighty-six dollars ($605,586) is hereby transferred, as a loan, from the Motor Vehicle Account in the State Transportation Fund to the General Fund.

(2) The sum of six hundred five thousand five hundred eighty-six dollars ($605,586) is hereby appropriated from the General Fund to the State Board of Equalization for purposes of administering the provisions of Article 1.6 (commencing with Section 6480.10) of Chapter 5 of Part 1 of Division 2 of, and Article 2 (commencing with Section 8736) of Chapter 3.5 of Part 3 of Division 2 of, the Revenue and Taxation Code.

(c) On January 1, 1995, the sum of six hundred five thousand five hundred eighty-six dollars ($605,586) is hereby transferred from the General Fund to the Motor Vehicle Account in the State

Transportation Fund, to repay the loan made pursuant to paragraph (1) of subdivision (b).

SEC. 19. The Legislature finds and declares that additional revenue is to be derived pursuant to the addition of Article 1.6 (commencing with Section 6480.10) to Chapter 5 of Part 1 of Division 2 of, and the addition of Article 2 (commencing with Section 8736) to Chapter 3.5 of Part 3 of Division 2 of, the Revenue and Taxation Code by this act, and that the repayment of the loan from the Motor Vehicle Account in the State Transportation Fund to the General Fund pursuant to Section 18 of this act is to be made from those additional revenues.

CHAPTER 771

An act to amend Section 1067.18 of, and to add Sections 728 and 1748.5 to, the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 728 is added to the Insurance Code, to read:

728. (a) For the purposes of this section, the following definitions are applicable:

(1) "Subject person" means any director, officer, or employee or other natural person who participates in the management, direction, or control of an insurer.

(2) "Insurer" means any domestic insurer, and any insurer which is admitted to transact insurance in this state, provided that if a subject person of an insurer is not a resident of California, or operating out of a place of business within California, then the subject person shall be engaged in the direct management, direction, or control of the insurer in California in order to come within the provisions of this section.

(b) If, after notice and a hearing, the commissioner finds all of the following, the commissioner may issue an order removing a subject person from his or her office or employment with the insurer and prohibiting the subject person from further participating in any manner in the conduct of the business of the insurer, except with the prior consent of the commissioner:

(1) The subject person has engaged in repeated acts of misconduct with respect to the operations of an insurer which have resulted in substantial financial loss to an insurer.

(2) The misconduct which forms the pattern is fraudulent, or consists of willful acts or omissions involving personal dishonesty in the acceptance, custody, or payment of money or property on the part of the subject person which has endangered or is likely to

endanger the solvency of the insurer.

(3) The pattern of misconduct is relevant in that it demonstrates unfitness to continue as a subject person.

(c) (1) If the commissioner gives written notice pursuant to subdivision (b) to a subject person, the commissioner may immediately issue an order suspending the subject person from his or her office or employment with the insurer and prohibiting the subject person from further participating in any manner in the conduct of the business of an insurer, except with the prior consent of the commissioner if the commissioner: (A) finds that failure to immediately issue such order threatens the financial solvency of the insurer or may otherwise cause immediate and irreparable financial injury to the insurer (B) serves that subject person and the insurer with written notice of the suspension order; and (C) finds that all of the necessary factors are present which would permit the commissioner, after notice and a hearing, to issue an order pursuant to subdivision (b) removing a subject person from his or her office or employment with the insurer and prohibiting the subject person from further participating in any manner in the conduct of the business of an insurer.

(2) Any suspension order issued pursuant to paragraph (1) of this subdivision shall be effective until the date the commissioner dismisses the charges contained in the notice served under subdivision (b) or paragraph (1) of this subdivision, the effective date of an order issued by the commissioner pursuant to subdivision (b), or a court issues a stay of the order pursuant to subdivision (d).

(d) Within 10 days after a subject person has been served with an order of suspension pursuant to subdivision (c), the person may apply to the superior court of the county in which the principal office of the insurer is located for a stay of the order pending completion of the proceedings pursuant to subdivision (b), and the court shall have jurisdiction to issue an order staying the suspension. Nothing in this subdivision shall be deemed to authorize the court to issue a stay order on an ex parte basis.

(e) (1) If the commissioner finds both of the following, he or she may immediately issue an order suspending a subject person from his or her office or employment with an insurer and prohibiting the subject person from further participating in any manner in the conduct of the business of an insurer, except with the prior consent of the commissioner: (A) the subject person has been charged in an indictment issued by a grand jury, or in an information, complaint, or similar pleading issued by a United States Attorney, district attorney, or other governmental official or agency authorized to prosecute crimes, with a crime punishable by imprisonment for a term exceeding one year and which involves as one of its necessary elements a fraudulent act or an act of dishonesty in the acceptance, custody, or payment of money or property; and (B) that a failure to immediately issue the order threatens the financial solvency of the insurer, or may otherwise cause immediate and irreparable financial

injury to the insurer.

In the event the criminal proceedings are terminated other than by judgment of conviction, an order issued pursuant to paragraph (1) of this subdivision shall be deemed rescinded as if it had not been issued.

(2) If the commissioner finds both of the following, he or she may immediately issue an order removing a subject person from his or her office or employment with an insurer and prohibiting the subject person from further participating in any manner in the conduct of the business of the insurer, except with the prior consent of the commissioner: (A) the person has been convicted during the preceding five years of a crime that is punishable by imprisonment for a term exceeding one year and that has as one of its necessary elements a fraudulent act or an act of dishonesty in the accepting, custody, or payment of money or property; and (B) that a failure to immediately issue the order threatens the financial solvency of the insurer, or may otherwise cause immediate and irreparable financial injury to the insurer.

(3) The fact that any subject person charged with a crime involving as one of its necessary elements a fraudulent act or any act of dishonesty in the acceptance, custody, or payment of money or property is not convicted of that crime shall not preclude the commissioner from issuing an order regarding the subject person pursuant to other provisions of this code.

(f) (1) Within 30 days after an order is issued pursuant to subdivision (c) or (e), the person to whom the order is issued may choose to do either of the following: (A) file with the commissioner an application for a hearing on the order. The commissioner shall, upon written request of the person, extend the 30-day period by an additional 30 days provided the request is filed with the commissioner within 30 days after the order is issued. If the commissioner fails to commence the hearing within 15 business days after the application is filed, or within a longer period of time to which the person consents, the order shall be deemed rescinded as if it had not been issued. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded as if it had not been issued, or (B) petition for judicial review of the order pursuant to Section 1085 of the Code of Civil Procedure, where the court shall exercise its independent judgment on the evidence.

(2) The right of any person to whom an order is issued pursuant to subdivision (c) or (e) to petition for judicial review of the order shall not be affected by the failure of that person to apply to the commissioner for a hearing on the order as provided by this subdivision.

(g) (1) Any person to whom an order is issued pursuant to subdivision (b), (c), or (e) may apply to the commissioner to modify or rescind the order. The commissioner shall not grant the application unless he or she finds that it is reasonable to believe that

the person will, if and when he or she becomes a subject person, comply with all of the applicable provisions of this code and of any regulation or order issued thereunder.

(2) The right of any person to whom an order is issued pursuant to subdivision (b), (c), or (e) to petition for judicial review of the order shall not be affected by the failure of that person to apply to the commissioner pursuant to paragraph (1).

(h) (1) It is unlawful for any subject person or former subject person to whom an order is issued pursuant to subdivision (b), (c) or (e) to do any of the following as long as the order is effective, except with the prior consent of the commissioner: (A) to serve or act as a subject person for or in any insurer; or (B) to directly or indirectly solicit, procure, or transfer or attempt to transfer or vote any proxy, consent or authorization with respect to any shares or other securities of any insurer having voting rights.

(2) If, after notice and a hearing, the commissioner finds that any person has violated paragraph (1) of this subdivision, the commissioner may order that person to pay to the commissioner a civil penalty in an amount the commissioner may specify; provided however, that the amount of the civil penalty shall not exceed one thousand dollars ($1,000) for each violation or, in the case of a continuing violation, one thousand dollars ($1,000) for each day for which the violation continues, which may be recovered in a civil action.

In determining the amount of civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the person charged, the gravity of the violation, the history of previous violations by the person, and such other factors as in the opinion of the commissioner may be relevant.

(3) If, after notice and a hearing, the commissioner finds that any insurer has knowingly aided and abetted a subject person in a violation of paragraph (1) of this subdivision, the commissioner may order that insurer to pay to the commissioner a civil penalty in an amount the commissioner may specify; provided however, that the amount of the civil penalty shall not exceed ten thousand dollars ($10,000) for each violation, or in the case of a continuing violation, ten thousand dollars ($10,000) for each day for which the violation continues up to a maximum of one hundred thousand dollars ($100,000), which may be recovered in a civil action. Continuation of the subject person's salary or other employee benefits pending final disposition shall not be considered aiding and abetting a subject person.

In determining the amount of civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the person charged, the gravity of the violation, the history of previous violations by the person, and such other factors as in the opinion of the commissioner may be relevant.

(i) Except as otherwise provided by this section any hearing required by this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, subject to the following:

(1) At the option of the subject person, all such hearings shall be a closed session and private, and the records of the hearings shall not be made public unless the hearing results in a final order adverse to the subject person.

(2) Where judicial review is sought by the subject person pursuant to Section 11523 of the Government Code, the court shall exercise its independent judgment upon the evidence.

(3) When a subject person to whom an order has been issued pursuant to subdivision (c) or (e) applies to the commissioner for a hearing pursuant to subparagraph (A) of paragraph (1) of subdivision (f), the Office of Administrative Hearings shall schedule the hearing on a priority basis at the earliest possible time and once the hearing is commenced, it shall not be continued for more than three business days without the consent of the subject person.

(4) If the Office of Administrative Hearings cannot schedule the commencement of a hearing within 15 business days as provided by paragraph (1) of subdivision (f), and the subject person does not waive his or her right to a hearing commencing within 15 days, the hearings may be conducted by administrative law judges appointed by the commissioner. In the event the subject person chooses to accept a hearing before an administrative law judge appointed by the commissioner, the hearing shall be completed within 45 days of commencement unless additional time is requested by the subject person. If the hearing is not completed within 45 days, the order shall be deemed rescinded as if it had not been issued.

(j) Nothing in this section is intended to or shall be construed to create a private cause of action against an offending subject person or an insurer or production agency that aids and abets a subject person, based on the standards established by this section or the commissioner's findings or orders pursuant to this section.

SEC. 2. Section 1067.18 of the Insurance Code is amended to read:

1067.18. This article shall not apply to any insurer that is found by the commissioner, prior to January 1, 1991, to have been insolvent or impaired, or unable to fulfill its contractual obligations.

SEC. 3. Section 1748.5 is added to the Insurance Code, to read:

1748.5. (a) For the purposes of this section, the following definitions are applicable:

(1) "Production agency" means any person or organization licensed under Chapter 5 (commencing with Section 1621), Chapter 5A (commencing with Section 1759), Chapter 6 (commencing with Section 1760), Chapter 7 (commencing with Section 1800), or Chapter 8 (commencing with Section 1831).

(2) "Subject person" means any director, officer or employee of a production agency, any natural person who participates in the

management or control of the business of a production agency, or any person licensed as a producer. A subject person of a production agency participates in the control of a production agency if he or she comes within the definition of "controlling person" as specified in subdivision (b) of Section 1668.5.

(3) "Insurer" means any domestic insurer, and any insurer which is admitted to transact insurance in this state, provided that if a subject person of an insurer is not a resident of California, or operating out of a place of business within California, then the subject person shall be engaged in direct management, direction, or conduct of the business of insurance in California in order to come within the provisions of this section.

(b) If, after notice and a hearing, the commissioner finds all of the following, the commissioner may issue an order removing a subject person from his or her office or employment with the production agency and prohibiting the subject person from further participating in any manner in the conduct of the business of an insurer or production agency, except with the prior consent of the commissioner:

(1) The subject person has engaged in repeated acts of misconduct with respect to an insurer or production agency which is a direct cause of substantial financial loss to an insurer or the production agency or which has resulted in direct financial injury to insurance policyholders or applicants.

(2) The misconduct is fraudulent, or consists of willful acts or omissions involving personal dishonesty that demonstrates a continuing disregard for the safety and soundness of an insurer or production agency, or presents a direct financial injury to insurance policyholders or applicants.

(3) The conduct or practice is relevant in that it demonstrates unfitness to continue as a subject person.

(c) (1) If the commissioner gives written notice pursuant to subdivision (b) to a subject person, the commissioner may immediately issue an order suspending the subject person from his or her office with the production agency and prohibiting the subject person from further participating in any manner in the business of an insurer or production agency, except with the prior consent of the commissioner, if the commissioner: (A) finds that failure to immediately issue the order threatens the financial solvency of an insurer or may otherwise cause direct financial injury to insurance policyholders or applicants ; (B) serves that subject person and the production agency with written notice of the suspension order; and (C) finds that all of the necessary factors are present which would permit the commissioner, after notice and a hearing, to issue an order pursuant to subdivision (b) removing a subject person from his or her office or employment with the production agency and prohibiting the subject person from further participating in any manner in the business of an insurer or production agency.

(2) Any suspension order issued pursuant to paragraph (1) of this

subdivision shall be effective until the date the commissioner dismisses the charges contained in the notice served under subdivision (b) or paragraph (1) of this subdivision, the effective date of an order issued by the commissioner pursuant to subdivision (b), or a court issues a stay of the order pursuant to subdivision (d).

(d) Within 10 days after a subject person has been served with an order of suspension pursuant to subdivision (c), the person may apply to the superior court of the county in which the principal office of the production agency is located for a stay of the order pending completion of the proceedings pursuant to subdivision (b), and the court shall have jurisdiction to issue an order staying the suspension. Nothing in this subdivision shall be deemed to authorized the court to issue a stay order on a ex parte basis.

(e) (1) If the commissioner finds both of the following, he or she may immediately issue an order suspending a subject person from his or her office or employment with a production agency and prohibiting the subject person from further participating in any manner in the conduct of the business of an insurer or production agency, except with the prior consent of the commissioner: (A) the subject person has been charged in an indictment issued by a grand jury, or in an information, complaint, or similar pleading issued by a United States Attorney, district attorney, or other governmental official or agency authorized to prosecute crimes, with a crime punishable by imprisonment for a term exceeding one year and which involves as one of its necessary elements a fraudulent act or an act of dishonesty in the acceptance, custody, or payment of money or property; and (B) that a failure to immediately issue the order threatens the financial solvency of an insurer or may otherwise cause direct financial injury to insurance policyholders or applicants.

In the event the criminal proceedings are terminated other than by judgment of conviction, an order issued pursuant to paragraph (1) of this subdivision shall be deemed rescinded as if it had not been issued.

(2) If the commissioner finds both of the following, he or she may immediately issue an order removing a subject person from his or her office or employment with a production agency and prohibiting the subject person from further participating in any manner in the business of an insurer or production agency, except with the prior consent of the commissioner: (A) the person has during the preceding five years been convicted of a crime that is punishable by imprisonment for a term exceeding one year and has as one of its necessary elements a fraudulent act or an act of dishonesty in the accepting, custody, or payment of money or property; and (B) that a failure to immediately issue the order threatens the financial solvency of an insurer or may otherwise cause direct financial injury to insurance policyholders or applicants.

(3) The fact that any subject person charged with a crime involving as one of its necessary elements a fraudulent act or any act of dishonesty in the acceptance, custody, or payment of money or

property is not convicted of that crime shall not preclude the commissioner from issuing an order regarding the subject person pursuant to other provisions of this code.

(f) (1) Within 30 days after an order is issued pursuant to subdivision (c) or (e), the subject person to whom the order is issued may choose to do either of the following: (A) file with the commissioner an application for a hearing on the order. The commissioner shall, upon the written request of the subject person, extend the 30-day period by an additional 30 days provided the request is filed with the commissioner within 30 days after the order is issued. If the commissioner fails to commence the hearing within 15 business days after the application is filed, or within a longer period of time to which the subject person consents, the order shall be deemed rescinded as if it had not been issued. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded as if it had not been issued, or (B) petition for judicial review of the order pursuant to Section 1085 of the Code of Civil Procedure, where the court shall exercise its independent judgment on the evidence.

(2) The right of any subject person to whom an order is issued pursuant to subdivision (c) or (e) to petition for judicial review of the order shall not be affected by the failure of that subject person to apply to the commissioner for a hearing on the order as provided by this subdivision.

(g) (1) Any person to whom an order is issued pursuant to subdivision (b), (c), or (e) may apply to the commissioner to modify or rescind the order. The commissioner shall not grant the application unless he or she finds that it is reasonable to believe that the person will, if and when he or she becomes a subject person, comply with all of the applicable provisions of this code and of any regulation or order issued thereunder.

(2) The right of any subject person to whom an order is issued pursuant to subdivision (b), (c), or (e) to petition for judicial review of the order shall not be affected by the failure of that subject person to apply to the commissioner pursuant to paragraph (1).

(h) (1) It is unlawful for any subject person or former subject person to whom an order is issued pursuant to subdivision (b), (c), or (e) to do any of the following as long as the order is in effect, except with the prior consent of the commissioner: (A) to serve or act as a subject person for any insurer or production agency; or (B) to directly or indirectly vote any shares or other securities of an insurer or production agency.

(2) If, after notice and a hearing, the commissioner finds that any subject person has violated paragraph (1) of this subdivision, the commissioner may order that subject person to pay to the commissioner a civil penalty, which may be recovered in a civil action, in an amount the commissioner may specify; provided however, that the amount of the civil penalty shall not exceed one thousand dollars ($1,000) for each day for which the violation

continues.

In determining the amount of civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the subject person charged, the gravity of the violation, the history of previous violations by the person, and other factors as in the opinion of the commissioner may be relevant.

(3) If, after notice and a hearing, the commissioner finds that any production agency has knowingly aided and abetted a subject person in a violation of paragraph (1) of this subdivision, or subdivision (h) of Section 728, the commissioner may order that production agency to pay to the commissioner a civil penalty in an amount the commissioner may specify; provided however, that the amount of the civil penalty shall not exceed one thousand dollars ($1,000) for each violation or in the case of a continuing violation, one thousand dollars ($1,000) for each day for which the violation continues, up to a maximum of fifty thousand dollars ($50,000). Continuation of the subject person's salary or other employee benefits pending final disposition shall not be considered aiding and abetting a subject person.

In determining the amount of civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the subject person charged, the gravity of the violation, the history of previous violations by the person, and other factors as in the opinion of the commissioner may be relevant.

(i) Except as otherwise provided by this section, any hearing required by this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, subject to the following:

(1) At the option of the subject person, all hearings shall be a closed session and private, and the records of the hearings shall not be made public unless the hearing results in a final order adverse to the subject person.

(2) Where judicial review is sought by the subject person pursuant to Section 1085 of the Code of Civil Procedure, the court shall exercise its independent judgment upon the evidence.

(3) When a subject person to whom an order has been issued pursuant to subdivision (c) or (e) applies to the commissioner for a hearing pursuant to subparagraph (A) of paragraph (1) of subdivision (f), the Office of Administrative Hearings shall schedule the hearing on a priority basis at the earliest possible time and once the hearing is commenced, it shall not be continued for more than three business days without the consent of the subject person.

(4) If the Office of Administrative Hearings cannot schedule the commencement of a hearing within 15 business days as provided by paragraph (1) of subdivision (f), and the subject person does not waive his or her right to a hearing commencing within 15 days, the hearings may be conducted by administrative law judges appointed

by the commissioner; the hearing shall be completed within 45 days of commencement, unless additional time is requested by the subject person. If the hearing is not completed within the 45 days, the order shall be deemed rescinded as if it had not been issued. The scheduling of other hearings before the administrative law judge shall not be considered good cause for purposes of this paragraph.

(j) Nothing in this section is intended to or shall be construed to create a private cause of action against an offending subject person or insurer or production agency that aids and abets a subject person, based on the standards established by this section or the commissioner's findings or orders pursuant to this section.

CHAPTER 772

An act to add Section 1653.5 to the Vehicle Code, relating to the Department of Motor Vehicles.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1653.5 is added to the Vehicle Code, to read:

1653.5. (a) Every form prescribed by the department for use by an applicant for the issuance or renewal by the department of a driver's license or identification card pursuant to Division 6 (commencing with Section 12500), or for the issuance, renewal, or transfer of the registration of, or certificate of title to, a motor vehicle or vehicle shall contain a section for the applicant's social security account number.

(b) Any person who submits to the department a form which, pursuant to subdivision (a), contains a section for the applicant's social security account number, shall furnish that number in the space provided.

(c) The department shall not accept any application which does not include the applicant's social security account number as required by subdivision (b).

(d) An applicant's social security account number shall not be included by the department on any driver's license, identification card, registration, certificate of title, or any other document issued by the department.

(e) Notwithstanding any other provision of law, information regarding an applicant's social security account number, obtained by the department pursuant to this section, is not a public record and shall not be disclosed by the department except for either of the following purposes:

(1) Responding to a request for information from an agency operating pursuant to, and carrying out the provisions of, Part A (Aid

to Families with Dependent Children), Part D (Child Support and Establishment of Paternity), or Part E (Federal Payments for Foster Care and Adoption Assistance) of Subchapter IV of Chapter 7 of Title 42 of the United States Code.

(2) Enforcement of Section 4760.1 or 12808.1.

CHAPTER 773

An act to amend Sections 32261, 32262, 32270, 32271, 32280, 32290, 32295, and 51264 of, to add Section 44276.6 to, and to repeal Section 32296 of, the Education Code, relating to education.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 32261 of the Education Code is amended to read:

32261. The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on campuses which are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, and gang violence.

It is the intent of the Legislature in enacting this chapter to encourage California public schools to develop comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses, and that address the safety concerns of local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, school police, and other school employees interested in the prevention of school crime and violence.

It is the intent of the Legislature in enacting this chapter to encourage school districts, county offices of education, and law enforcement agencies to develop and implement interagency strategies, in-service training programs, and activities that will improve school attendance and reduce the rates of school crime, including vandalism, drug and alcohol abuse, gang membership, and gang violence.

It is the intent of the Legislature in enacting this chapter that the School/Law Enforcement Partnership shall not duplicate any existing gang or drug and alcohol abuse program currently provided for schools.

SEC. 2. Section 32262 of the Education Code is amended to read:

32262. (a) There is hereby established the School/Law Enforcement Partnership, comprised of the Superintendent of Public Instruction and the Attorney General. The duties of the partnership shall consist of all of the following:

(1) The development of programs and policies necessary to implement the provisions of Article 10.3 (commencing with Section 35294) of Chapter 2 of Part 21.

(2) The administration of interagency safe school programs, procedures, and activities conducted pursuant to this chapter.

(3) The formulation of recommendations to be submitted as part of an annual report to the Legislature regarding the implementation of this chapter.

(4) Cooperation with other states and state and federal agencies on matters relating to school safety.

(b) As used in this chapter, the term "partnership" means the School/Law Enforcement Partnership established by this section.

SEC. 3. Section 32270 of the Education Code is amended to read:

32270. (a) From funds appropriated for that purpose, the partnership shall establish interagency safe school programs in accordance with the requirements of this article to address the problems of school safety, truancy, excessive absenteeism, and school crime including vandalism, drug and alcohol abuse, gang membership, and gang violence.

(b) The partnership shall select program participants from applications submitted by school districts and county offices of education. Approved applications shall include elementary school districts; high school districts; and unified school districts or county offices of education, or any combination of unified school districts or county offices, to participate in the program. In selecting program applicants, the Superintendent of Public Instruction shall ensure that the approved programs are broadly representative of the geographic and ethnic diversity of the state.

(c) The partnership shall encourage applicants for interagency school safety programs addressing the problems of drug and alcohol abuse, gang membership, and gang violence to review available materials and programs established and funded by the Drug-Free Schools and Communities Program that exists within the State Department of Education and the Office of Criminal Justice Planning's comprehensive alcohol and drug prevention education component of the Suppression of Drug Abuse in Schools program pursuant to Chapter 7 (commencing with Section 13860) of Title 6 of Part 4 of the Penal Code and the gang prevention education component of the Gang Violence Suppression program pursuant to Chapter 3.5 (commencing with Section 13826) of Title 6 of Part 4 of

the Penal Code.

(d) The project period for approved programs shall not exceed three years.

(e) As used in this chapter, the term "school district" shall be construed to include county offices of education.

SEC. 4. Section 32271 of the Education Code is amended to read:

32271. Applications to establish interagency safe school programs shall be jointly submitted by applicant school districts and the appropriate law enforcement agencies for that district to address local school safety topics, including, but not necessarily limited to, all of the following:

(a) The reduction of school crime, including vandalism, drug and alcohol abuse, gang membership, and gang violence.

(b) The improvement of school attendance.

(c) The reduction of truancy rates.

(d) The reduction of school dropout rates.

(e) Other topics which impact upon school safety including, but not limited to, child abuse and strategies for parental and community education programs.

SEC. 5. Section 32280 of the Education Code is amended to read:

32280. (a) The partnership shall sponsor at least two regional conferences for school districts, county offices of education, and law enforcement agencies to identify exemplary programs and techniques that have been effectively utilized by public schools to reduce school crime, including vandalism, drug and alcohol abuse, gang membership and gang violence, truancy, and excessive absenteeism.

(b) Each regional conference shall include, but need not be limited to, information on all of the following topics:

(1) Interagency cooperation between schools and law enforcement agencies.

(2) School attendance.

(3) School safety.

(4) Citizenship education.

(5) Drug and alcohol abuse.

(6) Child abuse.

(7) Parental education.

SEC. 6. Section 32290 of the Education Code is amended to read:

32290. (a) The partnership shall establish statewide interagency school safety cadre for the purpose of facilitating interagency coordination among school districts, county offices of education, and law enforcement agencies to improve school attendance, encourage good citizenship, and to reduce school violence, school crime, including vandalism, drug and alcohol abuse, gang membership and gang violence, and truancy rates.

(b) The partnership shall appoint up to 100 professionals from education and law enforcement to the statewide cadre.

(c) The partnership shall provide training to the statewide cadre representatives to enable them to initiate and maintain interagency

school safety programs among school districts, county offices of education, and law enforcement agencies in each region.

SEC. 7. Section 32295 of the Education Code is amended to read:

32295. The partnership shall annually evaluate the programs and activities under the Interagency School Safety Demonstration Act of 1985 and shall submit a report to the Legislature which shall also be made available for public inspection, on or before January 1 of each year. The evaluation shall include, but not be limited to, all of the following:

(a) An evaluation of the appropriateness and effectiveness of regional conferences conducted pursuant to Article 3 (commencing with Section 32280).

(b) An evaluation of the extent to which the statewide interagency school safety cadre have been able to provide appropriate technical assistance to school districts, county offices of education, and law enforcement agencies.

(c) An evaluation of the extent to which interagency safe school programs have succeeded in reaching and positively affecting schools and communities sponsoring the programs by measuring all of the following:

(1) The reduction of school crime, including drug and alcohol abuse, gang membership, gang violence, and vandalism.

(2) The improvement of school attendance.

(3) The reduction of school truancy.

(4) The reduction of school dropout rates.

(5) Other measurements impacting on school safety.

(d) Specific recommendations regarding the methods and means through which interagency programs may be replicated and disseminated on a statewide basis.

SEC. 8. Section 32296 of the Education Code is repealed.

SEC. 9. Section 44276.6 is added to the Education Code, to read:

44276.6. It is the intent of the Legislature that the Commission on Teacher Credentialing not duplicate the efforts of the State Department of Education, Office of Criminal Justice Planning, Department of the Youth Authority, and the School/Law Enforcement Partnership in implementation of the provisions of Section 44276.5. The commission shall consult with these agencies and consider policies, programs, guidelines, other resource and training materials, and experts, which these agencies have identified, funded, or developed to reduce violent behavior by pupils.

SEC. 10. Section 51264 of the Education Code is amended to read:

51264. (a) The State Department of Education shall prepare and distribute to school districts and county offices of education, no later than February 15, 1989, guidelines for incorporating in-service training in gang violence and drug and alcohol abuse prevention for teachers, counselors, athletic directors, school board members, and other educational personnel into the staff development plans of all school districts and county offices of education.

(b) The department shall, upon request, assist school districts and

county offices of education in developing comprehensive gang violence and drug and alcohol abuse prevention in-service training programs. The department's information and guidelines, to the maximum extent possible, shall encourage school districts and county offices of education to avoid duplication of effort by sharing resources, adapting or adopting model in-service training programs, developing joint and collaborative programs, and coordinating efforts with existing state staff development programs, county gang violence and drug and alcohol staff development programs, county health departments, county and city law enforcement agencies, and other public and private agencies providing health, drug, alcohol, gang violence prevention, or other related services at the local level.

(c) The department shall assist school districts and county offices of education in qualifying for the receipt of federal and state funds to support their gang violence and drug and alcohol abuse prevention in-service training programs.

(d) Each school that chooses to utilize the provisions of this article related to in-service training in gang violence and drug and alcohol abuse prevention, is encouraged to develop a single plan to strengthen its gang violence and drug and alcohol abuse prevention efforts. If a school develops or has developed a school improvement plan pursuant to Article 2 (commencing with Section 52010) of Chapter 6 of Part 28, or a school safety plan pursuant to Article 10.3 (commencing with Section 35294) of Chapter 2 of Part 21, it is encouraged to incorporate into that plan, where appropriate, the gang violence and drug and alcohol prevention plan that it has developed.

(e) The department shall consult with the Office of Criminal Justice Planning regarding gang violence.

(f) On or before August 15 of each year, the department shall report to the Legislative Analyst and the fiscal, education, and appropriate select committees of each house of the Legislature, on the status of gang violence and drug and alcohol abuse prevention in-service training programs provided by school districts and county offices of education.

CHAPTER 774

An act to amend the heading of Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of, to amend Section 15600 of, and to add Article 8.5 (commencing with Section 15657) to Chapter 11 of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to abuse of elders and dependent adults.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code is amended to read:

CHAPTER 11. ELDER ABUSE AND DEPENDENT ADULT CIVIL PROTECTION ACT

SEC. 2. Section 15600 of the Welfare and Institutions Code is amended to read:

15600. (a) The Legislature recognizes that elders and dependent adults may be subjected to abuse, neglect, or abandonment and that this state has a responsibility to protect these persons.

(b) The Legislature further recognizes that a significant number of these persons are elderly. The Legislature desires to direct special attention to the needs and problems of elderly persons, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) The Legislature further recognizes that a significant number of these persons have developmental disabilities and that mental and verbal limitations often leave them vulnerable to abuse and incapable of asking for help and protection.

(d) The Legislature recognizes that most elders and dependent adults who are at the greatest risk of abuse, neglect, or abandonment by their families or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(e) The Legislature further recognizes that factors which contribute to abuse, neglect, or abandonment of elders and dependent adults are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(f) The Legislature declares that this state shall foster and promote community services for the economic, social, and personal well-being of its citizens in order to protect those persons described in this section.

(g) The Legislature further declares that uniform state guidelines, which specify when county adult protective service agencies are to investigate allegations of abuse of elders and dependent adults and the appropriate role of local law enforcement, do not currently exist, and the implementation of these guidelines is necessary in order to ensure that a minimum level of protection is provided to elders and dependent adults in each county.

(h) The Legislature further finds and declares that infirm elderly

persons and dependent adults are a disadvantaged class, that cases of abuse of these persons are seldom prosecuted as criminal matters, and few civil cases are brought in connection with this abuse due to problems of proof, court delays, and the lack of incentives to prosecute these suits.

(i) Therefore, it is the intent of the Legislature in enacting this chapter to provide that adult protective services agencies, local long-term care ombudsman programs, and local law enforcement agencies shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 15630, or from any other source having reasonable cause to know that the welfare of an elder or dependent adult is endangered, and shall take any actions considered necessary to protect the elder or dependent adult and correct the situation and ensure the individual's safety.

(j) It is the further intent of the Legislature in adding Article 6 (commencing with Section 15660) to this chapter to enable interested persons to engage attorneys to take up the cause of abused elderly persons and dependent adults.

SEC. 3. Article 8.5 (commencing with Section 15657) is added to Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 8.5. Civil Actions for Abuse of Elderly or Dependent Adults

15657. Where it is proven by clear and convincing evidence that a defendant is liable for physical abuse as defined in subdivision (c) of Section 15610, neglect as defined in subdivision (d) of Section 15610, or fiduciary abuse as defined in subdivision (f) of Section 15610, and that the defendant has been guilty of recklessness, oppression, fraud, or malice in the commission of this abuse, in addition to all other remedies otherwise provided by law·

(a) The court shall award to the plaintiff reasonable attorney's fees and costs. The term "costs" includes, but is not limited to, reasonable fees for the services of a conservator, if any, devoted to the litigation of a claim brought under this article.

(b) The limitations imposed by subdivision (c) of Section 573 of the Probate Code on the damages recoverable shall not apply. However, the damages recovered shall not exceed the damages permitted to be recovered pursuant to subdivision (b) of Section 3333.2 of the Civil Code.

(c) The standards set forth in subdivision (b) of Section 3294 of the Civil Code regarding the imposition of punitive damages on an employer based upon the acts of an employee shall be satisfied before any damages or attorney's fees permitted under this section may be imposed against an employer.

15657.1. The award of attorney's fees pursuant to subdivision (a) of Section 15660 shall be based on all factors relevant to the value of

the services rendered, including, but not limited to, the factors set forth in Rule 4-200 of the Rules of Professional Conduct of the State Bar of California, and all of the following:

(a) The value of the abuse-related litigation in terms of the quality of life of the elder or dependent adult, and the results obtained.

(b) Whether the defendant took reasonable and timely steps to determine the likelihood and extent of liability.

(c) The reasonableness and timeliness of any written offer in compromise made by a party to the action.

15657.2. Notwithstanding this article, any cause of action for injury or damage against a health care provider, as defined in Section 340.5 of the Code of Civil Procedure, based on the health care provider's alleged professional negligence, shall be governed by those laws which specifically apply to those professional negligence causes of action.

15657.3. (a) The department of the superior court having jurisdiction over probate conservatorships shall also have concurrent jurisdiction over civil actions and proceedings involving a claim for relief arising out of the abuse of an elderly or dependent adult, if a conservator has been appointed for plaintiff prior to the initiation of the action for abuse.

(b) The department of the superior court having jurisdiction over probate conservatorships shall not grant relief under this article if the court determines that the matter should be determined in a civil action, but shall instead transfer the matter to the general civil calendar of the superior court. The court need not abate any proceeding for relief pursuant to this article if the court determines that the civil action was filed for the purpose of delay.

(c) The death of the elder or dependent adult does not cause the court to lose jurisdiction of any claim for relief for abuse of an elder or dependent adult.

(d) Upon petition, after the death of the elder or dependent adult, the right to maintain an action shall be transferred to the personal representative of the decedent, or if none, to the person or persons entitled to succeed to the decedent's estate.

SEC. 4. Article 8.5 (commencing with Section 15657) is added to Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 8.5. Civil Actions for Abuse of Elderly or Dependent Adults

15657. Where it is proven by clear and convincing evidence that a defendant is liable for physical abuse as defined in Section 15610.63, neglect as defined in Section 15610.57, or fiduciary abuse as defined in Section 15610.30, and that the defendant has been guilty of recklessness, oppression, fraud, or malice in the commission of this abuse, in addition to all other remedies otherwise provided by law:

(a) The court shall award to the plaintiff reasonable attorney's

fees and costs. The term "costs" includes, but is not limited to, reasonable fees for the services of a conservator, if any, devoted to the litigation of a claim brought under this article.

(b) The limitations imposed by subdivision (c) of Section 573 of the Probate Code on the damages recoverable shall not apply. However, the damages recovered shall not exceed the damages permitted to be recovered pursuant to subdivision (b) of Section 3333.2 of the Civil Code.

(c) The standards set forth in subdivision (b) of Section 3294 of the Civil Code regarding the imposition of punitive damages on an employer based upon the acts of an employee shall be satisfied before any damages or attorney's fees permitted under this section may be imposed against an employer.

15657.1. The award of attorney's fees pursuant to subdivision (a) of Section 15660 shall be based on all factors relevant to the value of the services rendered, including, but not limited to, the factors set forth in Rule 4-200 of the Rules of Professional Conduct of the State Bar of California, and all of the following:

(a) The value of the abuse-related litigation in terms of the quality of life of the elder or dependent adult, and the results obtained.

(b) Whether the defendant took reasonable and timely steps to determine the likelihood and extent of liability.

(c) The reasonableness and timeliness of any written offer in compromise made by a party to the action.

15657.2. Notwithstanding this article, any cause of action for injury or damage against a health care provider, as defined in Section 340.5 of the Code of Civil Procedure, based on the health care provider's alleged professional negligence, shall be governed by those laws which specifically apply to those professional negligence causes of action.

15657.3. (a) The department of the superior court having jurisdiction over probate conservatorships shall also have concurrent jurisdiction over civil actions and proceedings involving a claim for relief arising out of the abuse of an elderly or dependent adult, if a conservator has been appointed for plaintiff prior to the initiation of the action for abuse.

(b) The department of the superior court having jurisdiction over probate conservatorships shall not grant relief under this article if the court determines that the matter should be determined in a civil action, but shall instead transfer the matter to the general civil calendar of the superior court. The court need not abate any proceeding for relief pursuant to this article if the court determines that the civil action was filed for the purpose of delay.

(c) The death of the elder or dependent adult does not cause the court to lose jurisdiction of any claim for relief for abuse of an elder or dependent adult.

(d) Upon petition, after the death of the elder or dependent adult, the right to maintain an action shall be transferred to the personal representative of the decedent, or if none, to the person or persons

entitled to succeed to the decedent's estate.

SEC. 5. Section 4 of this bill incorporates changes to references to code sections renumbered by SB 1177, and shall only become operative if SB 1177 is chaptered and becomes operative, in which case Section 3 of this bill shall not become operative.

CHAPTER 775

An act to amend Sections 164.1, 164.16, 179.4, 263, 263.7, 531, 731, and 2127 of, to add Sections 164.35 and 561 to, and to repeal Section 199.5 of, the Streets and Highways Code, relating to highways.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 164.1 of the Streets and Highways Code is amended to read:

164.1. (a) The department, in cooperation with local transportation officials, shall develop guidelines to implement the Traffic Systems Management Program in the major urbanized areas of the state. Traffic systems management projects are those projects designed to increase the number of person-trips which can be carried on the highway system in a peak period without significantly increasing the designed capacity of the highway system when measured by the number of vehicle-trips and without increasing the number of through traffic lanes.

(b) The guidelines shall describe the types of capital projects to be eligible for funding under the program, which shall be based upon the development of effective traffic management systems through the use of traffic operations control systems, including, but not limited to, restriping, ramp meters, meter bypass lanes, computerized signals, changeable message signs, television surveillance, and integrated single-system state and local traffic operations centers. The guidelines shall also specify the criteria to be used in setting priorities for funding the projects. The criteria may include, but are not limited to, achieving the most traffic congestion relief for each state dollar spent, the rapidity with which the project will relieve traffic congestion, and the usefulness of demonstration projects to implement research and development in the field of traffic operations control systems.

(c) The department shall submit the guidelines to the commission by September 1, 1989. The commission shall approve the guidelines by November 1, 1989.

(d) By March 1, 1990, and each December 1 thereafter, pursuant to the guidelines, the department shall submit to the commission a traffic systems management plan which includes a consolidated

priority list of projects submitted from local congestion management plans.

(e) The commission may allocate funds to any project on the priority list if the commission determines that there are sufficient funds available during the same fiscal year to fund all of he higher priority projects which the commission expects to be ready for encumbrance during that fiscal year.

(f) The commission shall give first priority to funding projects in counties and cities that have an approved congestion management program and are fully cooperating with the implementation of traffic systems management projects.

SEC. 2. Section 164.16 of the Streets and Highways Code is amended to read:

164.16. For purposes of subdivision (e) of Section 164.3, the eligible interregional and intercounty routes include all of the following:

Route 120, between Route 5 and Route 395.

Route 126, between the east urban limits of Oxnard-Ventura-Thousand Oaks and Route 5.

Route 127.

Route 128.

Route 132, west of Route 99.

Route 138, between Route 5 and Route 18.

Route 139, between Route 299 and the Oregon state line.

SEC. 3. Section 164.35 is added to the Streets and Highways Code, to read:

164.35. (a) As a part of the process of developing and adopting the 1994 state transportation improvement program, the department shall, by April 1, 1993, adopt guidelines permitting county transportation commissions which include one or more nonurbanized areas to prepare and submit to the department recommendations for changes in the interregional and intercounty routes which are eligible for purposes of subdivision (e) of Section 164.3. The department shall require that any recommended changes be transmitted to the department by October 1, 1993.

(b) The department shall, on or before January 1, 1994, prepare and submit to the Legislature a report which shall include, but not be limited to, a summary of all recommended changes received pursuant to subdivision (a) and its recommendations for any changes in the eligible routes as specified in Sections 164.10 to 164.20, inclusive, or in the projects included in the plan.

SEC. 4. Section 179.4 of the Streets and Highways Code is amended to read:

179.4. (a) The department and the Counties of Los Angeles and Santa Clara shall immediately proceed to implement this article by developing criteria for the assessment and prioritization of bridge retrofit needs and by collecting data that will be evaluated by that criteria. The director shall establish a statewide priority list for seismic retrofit projects based on the bridge assessments performed

by the department and the Counties of Los Angeles and Santa Clara, taking into account the assigned risk given to any bridge or structure, the exposure of the public in case of a structural failure, and the probability of the occurrence of an earthquake in any given area.

(b) (1) The department and the Counties of Los Angeles and Santa Clara shall prepare or cause the preparation of retrofit plans, specifications, and estimates for all projects included in the priority list established pursuant to subdivision (a). All affected local agencies, for projects within their respective jurisdictions, and the department, with respect to projects on state highways, shall by December 31, 1991, execute the necessary construction contracts for all projects on the priority list, except that, upon a local agency's notification of the director, the date for execution of construction contracts for projects on the priority list shall be extended to December 31, 1992.

(2) Notwithstanding paragraph (1), construction contracts for projects involving the retrofitting of multiple-column bents, for which the identification of appropriate structural solutions is dependent upon active research, may be delayed so long as they are executed on or before December 31, 1993.

(3) All deficient bridges and structures shall be retrofitted or replaced by December 31, 1992, or, in the case of a local agency which has notified the director pursuant to paragraph (1), by December 31, 1993, except for bridges and structures involving the retrofitting of multiple-column bents, which shall be completed by December 31, 1994.

SEC. 5. Section 199.5 of the Streets and Highways Code is repealed.

SEC. 6. Section 263 of the Streets and Highways Code is amended to read:

263. The state scenic highway system is hereby established and shall be composed of the highways specified in this article. The highways listed in Sections 263.1 to 263.8, inclusive, are either eligible for designation as state scenic highways or have been so designated.

SEC. 7. Section 263.7 of the Streets and Highways Code is amended to read:

263.7. The state scenic highway system shall also include:

Route 138 from Route 2 near Wrightwood to Route 18 near Mt. Anderson.

Route 139 from Route 299 near Canby to the Oregon state line near Hatfield.

Route 140 from Route 49 at Mariposa to Yosemite National Park near El Portal.

Route 142 from the Orange-San Bernardino county line to Peyton Drive.

Route 146 from Pinnacles National Monument to Route 25 in Bear Valley.

Route 152 from:

(a) Route 1 to the Santa Clara county line at Hecker Pass.

(b) Route 156 near San Felipe to Route 5.

Route 160 from Route 4 near Antioch to Sacramento.

Route 163 from Ash Street in San Diego to Route 8.

Route 166 from Route 101 near Santa Maria to Route 33 in Cuyama Valley.

Route 168 from:

(a) Route 65 near Clovis to Huntington Lake.

(b) Camp Sabrina to Route 395.

(c) Route 395 at Big Pine to Route 266 at Oasis.

Route 174 from the Bear River to the Grass Valley city limits.

Route 178 from the east boundary of Death Valley National Monument to Route 127 near Shoshone.

Route 180 from:

(a) Route 65 near Minkler to General Grant Grove section of Kings Canyon National Park.

(b) General Grant Grove section of Kings Canyon National Park to Kings Canyon National Park boundary near Cedar Grove.

Route 190 from Route 65 near Porterville to Route 127 near Death Valley Junction.

Route 266 from the Nevada state line easterly of Oasis to Route 168 at Oasis.

SEC. 8. Section 531 of the Streets and Highways Code is amended to read:

531. Route 231 is from Route 5 at Route 133 to Route 91.

SEC. 9. Section 561 is added to the Streets and Highways Code, to read:

561. Route 261 is from Route 5 near the border of the Cities of Tustin and Irvine to Route 231.

SEC. 10. Section 731 of the Streets and Highways Code is amended to read:

731. Any vehicle or structure parked or placed wholly or partly within any state highway, for the purpose of selling the same or of selling therefrom or therein any article, service or thing, is a public nuisance and the department may immediately remove that vehicle or structure from within any highway.

Any person parking any vehicle or placing any structure wholly or partly within any highway for the purpose of selling that vehicle or structure, or of selling therefrom or therein, any article or thing, and any person selling, displaying for sale, or offering for sale any article or thing either in or from that vehicle or structure so parked or placed, and any person storing, servicing, repairing or otherwise working upon any vehicle, other than upon a vehicle which is temporarily disabled, is guilty of a misdemeanor.

The California Highway Patrol and all peace officers may enforce the provisions of this chapter and shall cooperate with the department to that end. Whenever any member of the California Highway Patrol or any peace officer removes a vehicle from a highway under the provisions of this section, then all of the provisions of Article 3 (commencing with Section 22850), Chapter

10, Division 11 of the Vehicle Code with reference to the removal of a vehicle from a highway shall be applicable.

This section does not prohibit a seller from taking orders or delivering any commodity from a vehicle on that part of any state highway immediately adjacent to the premises of the purchaser; prohibit an owner or operator of a vehicle, or a mechanic, from servicing, repairing or otherwise working upon any vehicle which is temporarily disabled in a manner and to an extent that it is impossible to avoid stopping that vehicle within the highway; or prohibit coin-operated public telephones and related telephone structures in park and ride lots, vista points, and truck inspection facilities within state highway rights-of-way for use by the general public.

SEC. 11. Section 2127 of the Streets and Highways Code is amended to read:

2127. (a) (1) Except in the case of a city or county which has made an election pursuant to paragraph (2) or (3) of this subdivision, in order to receive any allocation pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, the city or county, as the case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received pursuant to Section 2126 or that Section 7, or both, during the fiscal year.

(2) A city or county may elect to expend during the two fiscal years that it receives an allocation, a total amount which is not less than twice the amount of its base year expenditure.

(3) A city may elect to expend, during the two fiscal years that it receives an allocation and the following fiscal year, a total amount which is not less than three times the amount of its base year expenditure. This paragraph applies only to the Cities of Bakersfield, El Segundo, Novato, Oceanside, San Mateo, San Rafael, Santa Maria, Seal Beach, and Westminster. For the purposes of this paragraph, either actual expenditures or funds encumbered by contractual obligations in the 1987–88 fiscal year shall qualify as expenditures in the year after allocations are received.

(4) Any city, except the Cities of Bakersfield, El Segundo, Novato, San Rafael, and Santa Maria, or county making an election pursuant to paragraph (2) or (3) shall so notify the Controller by December 31, 1987, and a city or county which fails to do so shall be governed by paragraph (1).

(5) Any city or county with a population of 40,000 or less which makes an election pursuant to paragraph (2) or (3) and which expends funds pursuant to that election by October 30, 1988, shall be deemed to have notified the Controller pursuant to paragraph (4).

(6) This subdivision does not apply to a city or a county, including a city which filed a notice with the Controller pursuant to subdivision (g), with a population of 10,000 or less, as most recently determined

by the Department of Finance.

(b) The amount allocated to a city or a county, as the case may be, shall be expended by October 30, 1988.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay, and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151. Any city or county, with a population of 100,000 or less as of October 1, 1986, which filed a notice with the Controller pursuant to subdivision (g), may elect to have its "base year expenditure" determined on the basis of its 1983–84 fiscal year expenditures. A city or county making this election shall so notify the Controller by December 31, 1987, and the election shall not be available to a city or county which does not so notify the Controller.

(2) If the sum of the revenue received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104(b) (2) and (6) and Sections 125 and 144 of Title 23, and Chapter 68 (commencing with Section 5121) of Title 42 of the United States Code, and from the federal Community Block Grant Program, the federal Revenue Sharing Program, and transit assistance funds from the Transportation Planning and Development Account, which was expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums. For purposes of this paragraph, "revenue received" means that percentage of the project expenditures or the maximum reimbursable amount of eligible project costs as agreed upon by the federal government and the local agency for those projects eligible under this paragraph.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, or both, the Controller shall audit the amount each county and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year. For amounts allocated to counties and cities for expenditure by October 30, 1988, the audit shall be completed by October 30, 1990.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a) or (b), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount, but the amount of the reduction shall not exceed the amount allocated

to the city or county in each fiscal year that the city or county received funds pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

(g) In the case of a city or county which on or before October 1, 1986, files with the Controller a written notice declaring the inability of the city or county to comply with the matching requirement of subdivision (a), the Controller shall postpone the penalty provisions of paragraph (1) of subdivision (e) and shall not reallocate the funds, as provided for by subdivision (f), until September 1, 1987. The notice to the Controller shall contain all of the following:

(1) The amount of 1984–85 base year matching requirements as determined by the Controller's audit.

(2) The amount the local entity will fall short of the base year matching requirement.

(3) The reasons why the city or county is unable to meet the base year matching requirement.

(4) The amounts expended by the local entity on patching, overlay, sealing, and reconstruction of its street and highway system in fiscal years 1981–82, 1982–83, and 1983–84.

The Controller shall, by November 1, 1986, transmit to the Chairpersons of the Senate and Assembly Transportation Committees and the Joint Legislative Budget Committee the information submitted by counties and cities in the written notices provided for in this subdivision.

CHAPTER 776

An act to add Section 5062 to the Fish and Game Code, relating to alligators.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 5062 is added to the Fish and Game Code, to read:

5062. Notwithstanding any other provision of law, no permit shall be issued for the operation of a farm for alligators or any species of

the family crocodilidae if the animals are kept for the use and sale of the meat or hides. No permit for the operation of a farm for alligators or any species of the family crocodilidae shall be renewed if the animals are kept for the use and sale of the meat or hides.

CHAPTER 777

An act to add Section 12805.5 to the Government Code, relating to environmental quality.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 12805.5 is added to the Government Code, to read:

12805.5. (a) The Governor, utilizing the staff and resources of state agencies, shall transmit to the Legislature, not later than March 15 of each year, an environmental report designated as the "Environmental Report of the Governor" setting forth all of the following:

(1) A review of environmental developments during the preceding calendar year, including trends in air quality, water quality, solid waste, the generation and disposal of hazardous waste, population growth, the growth in number of vehicles, depletion of natural resources, and other indicators of environmental quality and pollution.

(2) Forecasts of trends in major indicators of environmental quality, resource depletion, and pollution.

(3) Insofar as possible within existing resources, an evaluation of the economic and human health costs of resource depletion, pollution, and changes in environmental quality.

(4) Additional material on the California environment that is pertinent and of interest, with historical analysis and future projections whenever possible.

(5) Summaries of state policies and actions that relate to environmental developments and trends.

(b) In conjunction with the environmental report, the Governor shall present an environmental message reviewing significant environmental achievements of the past year, outlining problem areas, and defining environmental policy, and shall make recommendations as may be appropriate for programs to decrease pollution, improve environmental quality, and protect natural resources.

CHAPTER 778

An act to amend Sections 20024.01, 20027, and 20607 of, and to repeal Section 20932.5 of, the Government Code, and to add Section 19286.4 to the Revenue and Taxation Code, relating to public retirement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 20024.01 of the Government Code is amended to read:

20024.01. For a state member, or for a local member who is an employee of a contracting agency which is subject to the provisions of this section, "final compensation" means the highest average annual compensation earnable by a member during the three consecutive years of employment immediately preceding the effective date of his or her retirement or the date of his or her last separation from state service if earlier or during any other period of three consecutive years during his or her membership in the system which he or she designates in his or her application for retirement, including any or all of the period or periods of (a) service required for qualification for membership, or (b) prior service which qualifies for credit under this system, if any, immediately preceding membership, or (c) time prior to entering state service at the compensation earnable by him or her in the position first held by him or her in such service, as may be necessary to complete three consecutive years. For the purposes of this section, periods of service separated by a period of retirement or breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for such a period of retirement or breaks. If a break in service did not exceed six months in duration, time included in the break and compensation earnable during that time shall be included in computation of final compensation. If a break in service exceeded six months in duration, the first six months thereof and the compensation earnable during those six months shall be included in computation of final compensation, but time included in the break which is in excess of six months and the compensation earnable during that excess time shall be excluded in computation of final compensation.

On and after November 13, 1968, this section shall apply to all contracting agencies and to the employees of those agencies whether or not those agencies have previously elected to be subject to this section, except that this section shall not apply to an employee of a contracting agency which has not elected to be subject to this section whose death occurred or whose retirement was effective prior to

November 13, 1968.

SEC. 2. Section 20027 of the Government Code is amended to read:

20027. "Normal contributions" means contributions required to be paid by a member at the normal rates of contribution fixed by the law, by contract, or by contract amendment, but does not include additional contributions.

"Normal contributions" also includes contributions required to be paid by a member which are in fact paid on behalf of a member by an employer as defined in Section 20011.

SEC. 3. Section 20607 of the Government Code is amended to read:

20607. (a) The normal rate of contribution for state peace officer/firefighter members and for local safety members subject to Section 21252.02 shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid those members.

(b) This subdivision shall apply only to a city with a population in excess of 300,000 in a county of the eighth class, as defined by Sections 28020 and 28029, as amended by Chapter 1204 of the Statutes of 1971, which, prior to June 30, 1991, amends its contract to provide for the transfer of all or part of the safety members of an existing local retirement system to this system. Subdivision (a) shall not apply to a contracting agency which so elects by amendment to its contract made in the manner prescribed for approval of contracts by express provision in the contract. If the election is so made, the normal rate of contribution for local safety members of that contracting agency subject to Section 21252.02 shall be 9 percent of compensation paid those members.

(c) Notwithstanding any other provision of this part, state member contributions on premium compensation for planned overtime paid at the "half-time" rate as part of the regular shift under the federal Fair Labor Standards Act (29 U.S.C. Sec. 201 et seq.) or the Memorandum of Understanding of State Bargaining Units 7 and 8 are waived for the period April 15, 1985, through June 30, 1988.

This subdivision applies to State Bargaining Units 7 and 8 and becomes effective only if the board approves a waiver of employer contributions on the same premium compensation for the same period of time. If this subdivision is approved by the board, benefits shall be calculated to include overtime paid at the one-half time rate.

SEC. 4. Section 20932.5 of the Government Code is repealed.

SEC. 5. Section 19286.4 is added to the Revenue and Taxation Code, to read:

19286.4. (a) Subject to the limitations of this section and federal law, the Franchise Tax Board may provide the Public Employees' Retirement System with the names and addresses or other identification or location information from income tax returns or other records required under this part, solely for the purposes of

disbursing unclaimed benefits pursuant to Chapter 9 (commencing with Section 21200) of Part 3 of Division 5 of Title 2 of the Government Code and distributing member statements on an annual basis.

(b) Neither the Public Employees' Retirement System, nor its agents, nor any of its current or former officers or employees, shall disclose or use any information obtained pursuant to this section except as provided in this section. Any disclosure not authorized by this section is a misdemeanor.

(c) The Franchise Tax Board may from time to time review the use of information provided to the Public Employees' Retirement System pursuant to this section and the Public Employees' Retirement System shall provide the Franchise Tax Board with access for that purpose. The reviews shall be limited to ensuring that the Public Employees' Retirement System uses the information provided by the Franchise Tax Board only in the manner specified in subdivision (a). The Franchise Tax Board shall report all findings to the Public Employees' Retirement System.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the benefits of this act to be applicable upon the commencement of the 1991–92 fiscal year, this act must take effect immediately.

CHAPTER 779

An act to add and repeal Section 104.19 of the Streets and Highways Code, relating to highways.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 104.19 is added to the Streets and Highways Code, to read:

104.19. (a) The department shall reserve and designate all rights to the airspace immediately above Route 101, known as the Santa Ana Freeway, extending from Broadway on the west to Alameda Street on the east in the City of Los Angeles, for lease for the purpose of development of a cultural center as proposed by the entity known as West Coast Gateway. Consideration for the lease shall be the fair market value of the leased airspace. The airspace identified in this section shall remain designated for the specified purpose if payment is made by West Coast Gateway for the option to lease airspace which is created by this section, and if that payment is based on the fair market value of the option to lease the identified airspace.

(b) If the airspace described in subdivision (a) is leased for the purposes specified in that subdivision, all of the following shall apply:

(1) The department may review, and approve or disapprove, all plans, drawings, specifications, contracts, and other documents relating to the design and construction of the cultural center, and may require the plans, drawings, specifications, contracts, and other documents to be submitted to the United States Highway Administration, or any other federal, state, or local agency for review, as determined by the department.

(2) West Coast Gateway shall be responsible for securing, developing, or applying for all of the following:

(A) Environmental impact studies, reports, or other documents necessary to comply with state or federal laws.

(B) Clearances or permits required pursuant to the California Coastal Act (Div. 20 (commencing with Sec. 30000), P.R.C.).

(C) Zoning, development, or construction permits required by local agencies.

(3) The department may reserve, and except from the lease, a segment of the airspace described in subdivision (a), as determined by the department, for possible future expansion of Route 101.

(c) For purposes of this section, "West Coast Gateway" is a public benefit nonprofit corporation comprised of members appointed by the Mayor of Los Angeles to study and plan the development of a cultural center in the city.

(d) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

CHAPTER 780

An act to add Section 16208 to the Welfare and Institutions Code, relating to child welfare services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 16208 is added to the Welfare and Institutions Code, to read:

16208. (a) The department, in consultation with the Child Welfare Training Advisory Board, shall contract with the University of California or the California State University system to develop a statewide protocol for telephone screening of emergency response referrals to protect children from abuse and neglect, to be called the Emergency Response Protocol. The department shall seek the advice of the California Children's Lobby in the development of this protocol.

(b) The department shall utilize available child welfare training funds in the development of the protocol.

(c) The department shall incorporate the protocol into the child welfare training program described in this article no later than February 15, 1992.

SEC. 2. The sum of three million eight hundred thousand dollars ($3,800,000) is appropriated from the General Fund to the State Department of Social Services.

(b) The State Department of Social Services shall allocate funds appropriated pursuant to subdivision (a), according to the method specified in subdivision (c), to the Los Angeles County Department of Children's Services.

(c) The state department shall allocate a percentage of those funds appropriated pursuant to subdivision (a) that is equal to the percentage of cases located by the County of Los Angeles, as determined by the State Department of Social Services, in its July 1991 welfare service compliance review.

(d) Any funds appropriated by subdivision (a) that are not allocated pursuant to subdivision (c) shall revert to the General Fund.

SEC. 3. The State Department of Social Services shall inform the Legislature of the development of the Emergency Response Protocol described in Section 16208 of the Welfare and Institutions Code, and report on additional steps necessary to improve telephone screening of emergency response referrals by January 15, 1992.

SEC. 4. The State Department of Social Services shall, no later than February 15, 1992, adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division

3 of Title 2 of the Government Code, to implement subdivision (c) of Section 16208 of the Welfare and Institutions Code. The adoption of those regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department in order to implement subdivision (c) of Section 16208 of the Welfare and Institutions Code shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The restoration of funds to the Child Welfare Services program pursuant to this act will prevent over 200,000 children from going unprotected. It will enable an additional 590 social workers to be available to protect children who are vulnerable to abuse and neglect.

CHAPTER 781

An act to add Section 44225.5 to the Education Code, relating to teacher credentialing basic skills tests.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that school districts in California have a continuing need to recruit able teachers, that credential requirements should represent high standards without inhibiting the recruitment of able teachers, and that teachers should be expected to demonstrate their competence as expeditiously as possible. The Legislature is concerned about the continuing impediment of the basic skills proficiency test for teachers recruited from other states, and concludes that there is a need for the Commission on Teacher Credentialing to examine the comparability of other states' basic skills proficiency tests to determine their equivalence with the California test, and to determine the possibility of substituting part or all of those tests for the California requirements.

SEC. 2. Section 44225.5 is added to the Education Code, to read:

44225.5. (a) The Commission on Teacher Credentialing shall conduct a study of the Pre-Professional Skills Test, or its successor, developed by the Educational Testing Service. The study shall be

conducted with the rigor used in validating the California Basic Education Skills Test pursuant to Section 44252. The commission shall conduct a study of appropriate standards for the issuance of teaching credentials to persons who have taken the Pre-Professional Skills Test, or its successor, and who have not received their teacher preparation in California. Those standards shall include, but shall not be limited to, the minimum acceptable score on the test.

(b) Upon completion of the study pursuant to subdivision (a), the commission shall adopt standards for the issuance of teaching credentials to persons who received a score equal to or exceeding the minimum acceptable score set by the commission.

(c) The commission shall submit a report to the Legislature on the results of the study conducted pursuant to subdivision (a), and the adoption of standards pursuant to subdivision (b), to the Legislature no later than March 1, 1993.

CHAPTER 782

An act to add and repeal Division 8.5 (commencing with Section 8900) of the Public Resources Code, relating to surveying, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Division 8.5 (commencing with Section 8900) is added to the Public Resources Code, to read:

DIVISION 8.5. GEOGRAPHIC AND LAND INFORMATION SYSTEMS

8900. The Legislature hereby finds and declares all of the following:

(a) Property management, planning, risk assessments, and environmental decisionmaking at all levels of government and in the private sector rely heavily on geographic information and various mapping and surveying techniques.

(b) Many entities, both public and private, have similar needs and overlapping requirements for geographic information.

(c) Many local, state, and federal government agencies and private companies in California are now using computers to manage geographic information.

(d) There are many issues associated with the development, use, maintenance, and exchange of and access to computer-based geographic information.

8901. (a) There is hereby created a Geographic Information

Task Force that is to be convened by the Office of the Governor.

(b) The task force shall be composed of 13 members as follows:

(1) Director, Stephen P. Teale Data Center.

(2) Five representatives from diverse state agencies, departments, or commissions, including, but not limited to, the Office of Planning and Research, having expertise and experience with geographic information systems, appointed by the Governor.

(3) Two representatives of counties having expertise and experience with geographic information systems, one of whom shall be appointed by the Speaker of the Assembly and one by the Senate Committee on Rules, upon the recommendation of the County Supervisors Association of California.

(4) Two representatives of cities having expertise and experience with geographic information systems, one of whom shall be appointed by the Speaker of the Assembly and one by the Senate Committee on Rules, upon the recommendation of the League of California Cities.

(5) Chief of the Mapping Division, United States Geological Survey.

(6) A representative of the California Land Surveyors Association appointed by the Governor from five names recommended by the association.

(7) A representative of the California Council of Civil Engineers and Land Surveyors appointed by the Governor from five names recommended by the council.

(c) Additionally, the California Director of the Bureau of Land Management, the Regional Director of the United States Forest Service, and the Director of the Center for Ocean Analysis and Prediction of the National Oceanic and Atmospheric Administration shall serve as ex officio members of the task force.

(d) Staff support shall be provided to the task force by the Teale Data Center.

(e) The task force shall create and appoint members to technical advisory committees which shall assist the task force in developing its recommendations. The technical advisory committees shall include representatives of the public, private, and academic sectors and shall reflect varying responsibilities for the development and use of geographic and land information systems.

(f) The task force shall meet a minimum of four times prior to the submission of the report required pursuant to Section 8902. The task force shall terminate on December 1, 1992.

8902. The task force shall submit a report to the Governor and the appropriate committees of the Legislature by October 1, 1992. The report shall include, at a minimum, recommendations for the following:

(a) An organizational and institutional structure to foster the cost-effective development and exchange of geographic information.

(b) The roles and responsibilities of public agencies, private sector firms, and individuals involved in the development and use of

geographic information.

(c) Procedures for ensuring accuracy and quality of geographic information.

(d) Procedures for data sharing.

(e) Mechanisms for funding the development of geographic information.

(f) Development of a definition of geographic information systems, land information systems, and other applicable systems and their potential uses.

(g) Procedures to ensure the integrity of data developed by those professionals subject to licensing or registration requirements.

(h) Specific steps, including legislation, necessary to accomplish the above.

8903. This division shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of rapid development of geographic information systems by state agencies and the need to better manage them and achieve more consistency, it is necessary that this act take effect immediately.

CHAPTER 783

An act relating to the California State World Trade Commission.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The California State World Trade Commission, as a function of its responsibility to engage in export promotion and international trade research, shall conduct a study, which shall not exceed one year in duration, to determine export and investment opportunities in sub-Saharan Africa, consistent with subdivision (i) of Section 15364.6 of the Government Code.

(b) As part of this study, the commission shall consider in which particular countries the greatest opportunities exist and shall further consider the relative merits of establishing a presence in the region.

(c) The commission shall prepare and deliver a report on its findings to the Governor and the Legislature.

CHAPTER 784

An act to amend Section 676.1 of the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 676.1 of the Insurance Code is amended to read:

676.1. (a) The arbitrary cancellation of a policy of homeowners' insurance solely on the basis that the policyholder has a license to operate a family day care home at the insured location shall subject the insurer to administrative sanctions authorized by this code unless, there has been a material misrepresentation of fact, the risk has changed substantially since the policy was issued, there has been a nonpayment of premium, or the insurer no longer writes homeowners policies.

(b) The arbitrary refusal to renew a policy of homeowners' insurance solely on the basis that the policyholder has a license to operate a family day care home at the insured location shall subject the insurer to administrative sanctions authorized by this code unless, there has been a material misrepresentation of fact, the risk has changed substantially since the policy was issued, there has been a nonpayment of premium, or the insurer no longer writes homeowners' policies. For purposes of this subdivision, an insured's purchase of a policy of homeowner's insurance to cover a new, primary residence from the same insurer which insured his or her previous primary residence, provided that the insurer then underwrites homeowners' insurance in the geographic area containing the new residence, shall be deemed a renewal of the policy on the previous, primary residence.

(c) It shall be against public policy for a residential property insurance policy to provide coverage for liability for losses arising out of, or in connection with, the operation of a family day care home. This coverage shall only be provided by a separate endorsement or insurance policy for which premiums have been assessed and collected.

CHAPTER 785

An act to amend Sections 7028.7 and 7028.15 of the Business and Professions Code, relating to contractors, and making an appropriation therefor.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 7028.7 of the Business and Professions Code is amended to read:

7028.7. If upon inspection or investigation, either upon complaint or otherwise, the registrar has probable cause to believe that a person is acting in the capacity of or engaging in the business of a contractor within this state without having a license in good standing to so act or engage, and the person is not otherwise exempted from this chapter, the registrar shall issue a citation to that person. Within 72 hours of receiving notice that a public entity is intending to award, or has awarded, a contract to an unlicensed contractor, the registrar shall give written notice to the public entity that a citation may be issued if a contract is awarded to an unlicensed contractor. If after receiving the written notice from the registrar the public entity has awarded or awards the contract to an unlicensed contractor the registrar may issue a citation to the responsible officer or employee of the public entity as specified in Section 7028.15. Each citation shall be in writing and shall describe with particularity the basis of the citation. Each citation shall contain an order of abatement and an assessment of a civil penalty in an amount not less than two hundred dollars ($200) nor more than four thousand five hundred dollars ($4,500). With the approval of the Contractors' State License Board the registrar shall prescribe procedures for the issuance of a citation under this section. The Contractors' State License Board shall adopt regulations covering the assessment of a civil penalty which shall give due consideration to the gravity of the violation, and any history of previous violations. The sanctions authorized under this section shall be separate from, and in addition to, all other remedies either civil or criminal.

SEC. 2. Section 7028.15 of the Business and Professions Code is amended to read:

7028.15. (a) It is a misdemeanor for any person to submit a bid to a public agency in order to engage in the business or act in the capacity of a contractor within this state without having a license therefor, except in any of the following cases:

(1) The person is particularly exempted from this chapter.

(2) The bid is submitted on a state project governed by Section 10164 of the Public Contract Code or on any local agency project governed by Section 20104 of the Public Contract Code.

(b) If a person has been previously convicted of the offense described in this section, the court shall impose a fine of 20 percent of the price of the contract under which the unlicensed person performed contracting work, or four thousand five hundred dollars ($4,500), whichever is greater, or imprisonment in the county jail for not less than 10 days nor more than six months, or both.

In the event the person performing the contracting work has agreed to furnish materials and labor on an hourly basis, "the price of the contract" for the purposes of this subdivision means the aggregate sum of the cost of materials and labor furnished and the cost of completing the work to be performed.

(c) This section shall not apply to a joint venture license, as required by Section 7029.1. However, at the time of making a bid as a joint venture, each person submitting the bid shall be subject to this section with respect to his or her individual licensure.

(d) This section shall not affect the right or ability of a licensed architect, land surveyor, or registered professional engineer to form joint ventures with licensed contractors to render services within the scope of their respective practices.

(e) Unless one of the foregoing exceptions applies, a bid submitted to a public agency by a contractor who is not licensed in accordance with this chapter shall be considered nonresponsive and shall be rejected by the public agency. Unless one of the foregoing exceptions applies, a local public agency shall, before awarding a contract or issuing a purchase order, verify that the contractor was properly licensed when the contractor submitted the bid. Notwithstanding any other provision of law, unless one of the foregoing exceptions applies, the registrar may issue a citation to any public officer or employee of a public entity who knowingly awards a contract or issues a purchase order to a contractor who is not licensed pursuant to this chapter. The amount of civil penalties, appeal, and finality of such citations shall be subject to Sections 7028.7 to 7028.13, inclusive. Any contract awarded to, or any purchase order issued to, a contractor who is not licensed pursuant to this chapter is void.

(f) Any compliance or noncompliance with subdivision (e) of this section, as added by Chapter 863 of the Statutes of 1989, shall not invalidate any contract or bid awarded by a public agency during which time that subdivision was in effect.

(g) A public employee or officer shall not be subject to a citation pursuant to this section if the public employee, officer, or employing agency made an inquiry to the board for the purposes of verifying the license status of any person or contractor and the board failed to respond to the inquiry within three business days. For purposes of this section, a telephone response by the board shall be deemed sufficient.

CHAPTER 786

An act to amend Section 17031.5 of, and to add Section 17061.7 to, the Health and Safety Code, relating to housing.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17031.5 of the Health and Safety Code is amended to read:

17031.5. (a) No person operating a labor camp shall terminate or modify a tenancy by increasing rent, decreasing services, threatening to bring or bringing an action to evict, refusing to renew a tenancy, or in any other way intimidating, threatening, restraining, coercing, blacklisting, or discharging an employee or tenant because of the tenant's exercise of any of the following acts:

(1) Complaining in good faith, orally or in writing, to the landlord or employer about tenantability or about any right provided by this part.

(2) Exercising any legal right with respect to the housing provided by this part.

(3) Complaining in good faith, orally or in writing, to any applicable enforcement agency about tenantability or about any right provided by this part.

(4) Bringing an action to enforce any rights provided for by this part or Chapter 2 (commencing with Section 1940) of Title 5 of Part 4 of Division 3 of the Civil Code.

(5) Bringing an action under Section 1942.5 of the Civil Code.

(b) The tenant shall have a defense of retaliation in any action for possession if the employer or landlord acted in violation of this section. If the employer or landlord acts to discharge an employee or tenant or to modify or terminate a tenancy within six months after the employee or tenant has exercised any of the acts enumerated in subdivision (a), there is a rebuttable presumption affecting the burden of proof that the employer's or landlord's action was retaliatory.

(c) No tenant shall have a defense of retaliation in an action for possession where tenantability is an issue of fact and the untenantable condition was caused by the deliberate or negligent act or omission of the tenant or a member of his or her family, or other persons on the premises with his or her consent.

SEC. 2. Section 17061.7 is added to the Health and Safety Code, to read:

17061.7. Any person found in contempt of a court order or injunction pursuant to Section 17060, or who is convicted pursuant to Section 17061, for a second or subsequent time within a five-year period after a prior finding of contempt, after a prior conviction, or

after the prior issuance of an injunction relating to the enforcement of this chapter, may be ordered by the court, on its own motion or pursuant to a trial by jury on that issue if that is requested by the defendant, to be placed in house confinement in the labor camp or any accommodation within the labor camp that is the subject of the court action. The defendant may also be ordered to pay the cost of having a police officer or guard stand guard outside the area in which the defendant has been confined under house confinement if it has been determined that the defendant is able to pay these costs.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 787

An act to add Sections 41865 and 41866 to the Health and Safety Code, relating to air pollution.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 41865 is added to the Health and Safety Code, to read:

41865. (a) This section shall be known and may be cited as the Connelly-Areias-Chandler Rice Straw Burning Reduction Act of 1991.

(b) As used in this section:

(1) "Sacramento Valley Air Basin" means the area designated by the state board pursuant to Section 39606.

(2) "Air pollution control council" means the Sacramento Valley Basinwide Air Pollution Control Council authorized pursuant to Section 40900.

(3) "Conditional rice straw burning permit" means a permit to burn granted pursuant to subdivisions (f) and (h).

(4) "Allowable acres to be burned" means the number of acres which may be burned pursuant to subdivision (c).

(5) "Annual allocation" means the acres for which conditional rice straw burning permits may be issued each year pursuant to subdivisions (f) and (h).

(6) "Department" means the Department of Food and Agriculture.

(c) Notwithstanding Section 41850, rice straw burning in counties in the Sacramento Valley Air Basin shall be phased down beginning September 1, 1992. After September 1, 1992, the number of acres that may be burned between September 1 of each year and August 31 of the following year, inclusive, shall be the following percentage of the total number of acres planted prior to September 1 of each year:

(1) In 1992, 90 percent.
(2) In 1993, 80 percent.
(3) In 1994, 70 percent.
(4) In 1995, 60 percent.
(5) In 1996, 50 percent.
(6) In 1997, 38 percent.
(7) In 1998, 25 percent.
(8) In 1999, 25 percent.
(9) In 2000 and thereafter, the annual allocation prescribed in subdivision (i), subject to subdivisions (f) and (h).

(d) The number of allowable acres to be burned each day shall be determined by the state board and the air pollution control officers in the Sacramento Valley Air Basin and equitably allocated among rice growers in accordance with the annual agricultural burning plan adopted by the air pollution control council and approved by the state board.

(e) On or before September 1, 1999, the state board, in consultation with the department and the air pollution control council, shall adopt regulations consistent with the criteria provided in subdivisions (f) and (h). On or before September 1, 1996, an advisory group shall be established by the state board and the department to assist in the adoption of those regulations.

(f) Commencing September 1, 2000, the county air pollution control officers in the Sacramento Valley Air Basin may grant conditional rice straw burning permits once the county agricultural commissioner has determined that the applicant has met the conditions specified in subdivision (h). The county agricultural commissioner shall be responsible for all field inspections associated with the issuance of conditional rice straw burning permits. A conditional rice straw burning permit shall be valid for only one burn, per field, per year.

(g) The county agricultural commissioner may charge the applicant a fee not to exceed the costs incurred by the county agricultural commissioner in making the determination specified in subdivision (f). This subdivision shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2004, deletes or extends that date.

(h) If the terms and conditions for issuing conditional rice straw burning permits specified in paragraphs (1) to (4), inclusive, are met, a conditional rice straw burning permit may be issued unless the

state board and the department have jointly determined, based upon an annual review process, that there are other economically and technically feasible alternative means of eliminating the disease that are not substantially more costly to the applicant. The terms and conditions for issuing the conditional rice straw burning permits are:

(1) The fields to be burned are specifically described.

(2) The applicant has not violated any provision of this section within the previous three years.

(3) During the growing season, the county agricultural commissioner has independently determined the significant presence of a pathogen in the field in an amount sufficient to constitute a rice disease such as stem rot.

(4) After the rice has been harvested, the county agricultural commissioner makes a finding that the existence of a pathogen during the growing season caused a significant, quantifiable reduction in yield.

(i) (1) The maximum annual allocation in the Sacramento Valley Air Basin shall be the lesser of:

(A) The total of 25 percent of each individual applicant's planted acres that year.

(B) A total of 125,000 acres planted in the Sacramento Valley Air Basin.

(2) Each grower shall be eligible to burn up to 25 percent of his or her planted acres, as determined by the air pollution control officers in the Sacramento Valley Air Basin and subject to the maximum annual allocation set forth in paragraph (1), if the grower has met the criteria for a conditional rice straw burning permit.

(3) The air pollution control council shall annually determine which is the lesser of subparagraphs (A) and (B) of paragraph (1), and shall determine the maximum percentage applicable to all growers subject to the conditions set forth in subdivisions (f) and (h).

(4) A grower who owns or operates 400 acres or less who has met the criteria for the issuance of a conditional rice straw burning permit may burn his or her entire acreage once every four years, provided that the maximum annual allocation in the Sacramento Valley is not exceeded.

(5) Nothing in this subdivision shall permit an applicant to transfer, sell, or trade his or her annual allocation to another applicant or individual.

(j) The state board and the department shall jointly determine if the allowable acres to be burned, as provided in subdivisions (c), (f), and (h), may be exceeded due to extraordinary circumstances, such as an act of God, which have an impact over a continuing duration, and which make alternatives other than burning unusable.

(k) "Administrative burning" is burning of vegetative materials along roads, in ditches, and on levies adjacent to or within a rice field. Administrative burning conducted in accordance with Section 41852 is not subject to this section.

(*l*) (1) On or before September 1, 1992, the state board and the

department shall jointly establish an advisory committee composed of 10 members to assist with the identification and implementation of alternatives to rice straw burning. Members of the committee shall be from the Sacramento Valley Air Basin, and the committee shall consist of two rice growers, two representatives from the environmental community, two health officials, two county supervisors or their designees, one member from the air pollution control council, and one member from the business community with expertise in market or product development. The committee shall meet at least annually. General Fund moneys shall not be used to support the committee.

(2) The committee shall develop a list of priority goals for the development of alternative uses of rice straw for the purpose of developing feasible and cost-effective alternatives to rice straw burning. These goals shall include, but not be limited to, research on alternatives, economic incentives to encourage alternative uses, and new product development.

(m) On or before September 1, 1995, the state board and the department shall jointly report to the Legislature on the progress of the phasedown of rice straw burning. This report shall include an economic and environmental assessment, the status of feasible and cost-effective alternatives to rice straw burning, recommendations from the advisory committee on the development of alternatives to rice straw burning, any recommended changes to this section, and other issues related to this section. This report shall be updated biennially and transmitted to the Legislature not later than September 1, 1997, 1999, and 2001, respectively. The state board shall have the authority to adjust the air pollution control district burn permit fees specified in subdivision (q) to pay for the preparation of the report and its updates. The districts shall collect and remit the adjustment to the state board, which shall deposit the fees in the Motor Vehicle Account in the State Transportation Fund. It shall be the goal of the state board and the department that the cost of the report and its updates shall not exceed fifty thousand dollars ($50,000).

(n) It is the intent of the Legislature that all feasible alternatives to rice straw burning be encouraged.

(o) This subdivision confirms that reductions in emissions from rice straw burning qualify for air quality offsets, in accordance with paragraphs (1) and (2).

(1) These credits shall meet the requirements specified in state law and district rules and regulations, and shall comply with applicable district banking rules established pursuant to Sections 40709 to 40713, inclusive. Districts are urged to establish banking systems in accordance with Sections 40709 to 40713, inclusive. The state board shall have the authority to adopt regulations to implement this subdivision, including, but not limited to, consideration of the seasonal and intermittent nature of rice straw burning emissions. In developing the regulations, the state board

shall consult with all concerned parties. However, emission reduction credits which would otherwise accrue from reductions in emissions from rice straw burning shall not be affected or negated by the phasedown of burning, as specified in subdivision (c).

(2) Reductions in emissions achieved in compliance with subdivision (c) which are banked or used as credits shall not be credited for purposes of attainment planning and progress towards the attainment of any state or national ambient air quality standard as required by state and federal law.

(p) (1) Any person who negligently or intentionally violates any provision of this article is guilty of a misdemeanor and is subject to a fine of not more than ten thousand dollars ($10,000) or imprisonment in the county jail for not more than nine months, or both. This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(2) Any person who negligently or intentionally violates any provision in this article is liable for a civil penalty of not more than ten thousand dollars ($10,000). This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(q) Districts in the Sacramento Valley Air Basin shall impose fees on growers to cover the cost of implementing this section pursuant to Section 42311.

SEC. 2. Section 41866 is added to the Health and Safety Code, to read:

41866. The Sacramento Valley Basinwide Air Pollution Control Council may impose, and may require that districts within the Sacramento Valley Air Basin collect, a fee not to exceed five dollars ($5) per permit, per year on each permit issued by a district within the Sacramento Valley Air Basin, for the purpose of administering all basinwide air pollution control efforts.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because certain costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for other costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law for those other costs.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 788

An act to amend Sections 94311 and 94316.1 of, to add Section 94311.1 to, the Education Code, and to amend Section 11126 of the Government Code, relating to private postsecondary education.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 94311 of the Education Code is amended to read:

94311. No private postsecondary educational institution, except those offering degrees and approved under Section 94310, may offer education services or an education program, unless the institution or the branch or satellite campus at which these programs are offered, has been approved by the council as meeting the requirements of this section and, if regulated by an agency within the Department of Consumer Affairs, has obtained and retained the approval of that agency:

(a) If an institution is operating under the council's prior approval and the institution has applied for approval to operate for itself or a branch or satellite campus that is operating, the council shall not grant approval to operate until it has conducted a qualitative review and assessment of the operations of the institution in California, and determined that all of the following minimum standards have been satisfied:

(1) The quality and content of each course or program of instruction, training, or study may reasonably and adequately be expected to achieve the objective for which the course or program is offered. All courses offered by the institution shall meet the minimum standards prescribed by this subdivision. If an institution represents that a course or program leads to employment, the quality, content, and instruction of the course or program shall be sufficient to assure that students may acquire the necessary level of education, training, skill, and experience to obtain employment in the occupation or job title to which the course or program of instruction is represented to lead.

(2) There is in the institution adequate space, equipment, instructional material, and instructor personnel to provide training of the quality needed to attain the objective described in paragraph (1).

(3) Every instructor and administrator possess adequate academic, experiential, and professional qualifications to teach the course or to perform the duties that the person is assigned and satisfies all standards established by the council by regulation, and holds an applicable and valid certificate of authorization for service issued by the council in the specified competence area in which the

individual will serve. No person shall serve as an instructor or member of the administrative staff if that person has been convicted of, or has pled nolo contendere or guilty to, a crime involving the acquisition, use, or expenditure of federal or state funds, or who has been judicially or administratively determined to have committed any violation of this chapter or of any law involving state or federal funds.

(4) The institution maintains for at least five years written records of the student's previous education and training, where applicable.

(5) A copy of the course outline, description of the occupations or job titles, if any, to which the course of instruction is represented to lead, schedule of tuition, fees and other charges, refund policy, regulations pertaining to tardiness, absence, grading policy and rules of operation and conduct is given to students prior to enrollment.

(6) The institution maintains and enforces adequate standards relating to, and maintains records of, attendance, satisfactory academic progress, and student performance to achieve the objective described in paragraph (1).

(7) The institution complies with all local city, county, municipal, state, and federal regulations relative to the safety and health of all persons upon the premises such as fire, building, and sanitation codes. The council may require evidence of compliance.

(8) The institution does not exceed enrollment which the facilities and equipment of the institution can reasonably handle.

(9) The institution's officers, directors, and owners demonstrate financial and fiduciary responsibility, as prescribed by statute, or by regulations adopted by the council.

(10) The institution is in compliance with this chapter and has developed policies and procedures designed to ensure that compliance.

(11) No circumstances exist which are grounds for the revocation or suspension of an approval to operate.

(12) The institution complies with Article 2.5 (commencing with Section 94316) if that article is applicable.

(13) Application for approval shall be made in writing on forms prescribed by the council, which shall include, if applicable to the institution, a statement of whether the institution claims that it is exempt or that a course or other educational service it offers is exempt from Article 2.5 (commencing with Section 94316), and the information required by subdivision (f) of Section 94319.2.

(b) Within 90 days following the receipt of an application from an institution that is operating under the superintendent's prior authorization or approval or the council's prior approval, and prior to granting any approval, a representative of the council shall personally inspect the institution and verify the institution's compliance with the standards prescribed by this chapter. The onsite inspection shall include an inspection of the institution's facilities and records, interviews of administrators, faculty, and students, and an observation of class instruction, as determined to be appropriate by

the council. If the application is for approval to operate a branch or satellite campus that is in operation, the council shall inspect that branch or satellite campus as provided herein and may also inspect the institution operating the branch or satellite campus. The council may waive or modify the onsite inspection for an institution located outside of California or for an institution offering home study or correspondence courses. For the purposes of this section, "council's prior approval" includes the prior approval or authorization of the Superintendent of Public Instruction, if applicable.

(c) Within 90 days following the inspection described in subdivision (b) or any reasonable extension of time not to exceed 90 days, the council shall reach a decision on the merits and shall do one of the following:

(1) If the institution is in compliance with this chapter and has not operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, the council may grant approval for a period not to exceed three years.

(2) If the institution is in compliance with this chapter, but has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, or if the council, in its discretion, determines that an unconditional grant of approval to operate is not in the public interest, the council may grant a conditional approval to operate subject to whatever restrictions the council deems appropriate. The council shall notify the institution of the restrictions, the bases for the restrictions, and the right to request a hearing to contest the restrictions.

(3) The council may deny the application if the institution does not comply with this chapter, including the minimum standards established in subdivision (a), or has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect. If the application is denied, the council may, in its discretion, permit the institution to continue offering the course or courses of instruction to students already enrolled or may order the institution to cease all instruction and provide a refund of tuition and all other charges to students. The council shall notify the institution of the denial, the bases for the denial, and the right of the institution to request a hearing to contest the denial.

(d) (1) If an institution is not operating in California when it applies for approval to operate for itself or a branch or satellite campus, the institution shall file with its application an operational plan establishing that the institution will satisfy the minimum standards set forth in subdivision (a). The operational plan shall also include a detailed description of the institution's program for implementing the operational plan, including proposed procedures, financial resources, and the qualifications of owners, directors, officers, and administrators employed at the time of the application's filing. The council may request additional information to enable the council to determine whether the operational plan and its proposed implementation will satisfy these minimum standards.

(2) If the council determines that the operational plan satisfies the minimum standards described in subdivision (a), that the institution demonstrates that it will implement the plan, and that no ground for denial of the application exists, the council shall grant a temporary approval to operate, subject to any restrictions the council reasonably deems necessary to assure compliance with this chapter, pending a qualitative review and assessment as provided in subdivisions (a) and (b). The council shall inspect the institution, or branch or satellite campus if approval is sought for that campus, between 90 days and 180 days after operation has begun under the temporary approval to operate. Within 90 days following the council's inspection of the institution, the council shall act as provided in subdivision (c).

(e) If an institution that is operating in California applies for approval to operate a branch or satellite campus that has not operated in this state, the institution shall file an operational plan for the branch or satellite campus as described in subdivision (d). The council shall evaluate the branch or satellite campus as provided in subdivision (d). The council may also evaluate the institution as provided in subdivisions (a) and (b) before determining whether to grant to the institution temporary or final approval to operate the branch or satellite campus. If the institution or the branch or satellite campus does not meet the requirements of this chapter or if the institution has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, the council may deny the application for approval to operate the branch or satellite campus or may grant a conditional approval to operate the branch or satellite campus subject to whatever restrictions the superintendent deems appropriate. The provisions for notice and hearing described in paragraphs (2) and (3) of subdivision (c) shall apply.

(f) No institution shall offer a course or program of instruction, training, or study at a campus that had not offered the course or program at the time the institution applied for approval to operate that campus unless the council first approves the offering of the course or program after determining that it satisfies the minimum standards established in subdivision (a).

(g) All institutions operating in California on December 31, 1989, pursuant to the prior authority of subdivision (c) of former Section 94311, and which continued to operate under the requirements of this chapter on the operative date of this section, shall receive an approval status for a period not to exceed three years. On a specified date to be determined by the council on or before June 30, 1993, each institution granted an approval pursuant to this subdivision shall file a completed application for reapproval pursuant to this section. It is the intent of the Legislature that all private vocational institutions having a cumulative gross student loan default rate higher than 40 percent, as determined by the Student Aid Commission, shall be reviewed by the council on or before February 29, 1992, to determine

if these institutions are in compliance with the requirements of this chapter, and should be continued to be approved to offer educational programs in California. On or before March 15, 1992, the council shall report to the education policy and fiscal committees of the Legislature on the results of this review.

All institutions operating in California on December 31, 1990, pursuant to prior authority of subdivision (a) or (b) of former Section 94311, shall receive approval from the council for a period not to exceed three years. On or before June 30, 1994, the council shall work in cooperation with the appropriate state boards or agencies, and with the Federal Aviation Administration, to review each of these institutions to determine whether the institution is in compliance with the requirements of this chapter. It is the intent of the Legislature that the council develop a memorandum of understanding with each of the appropriate state boards or agencies and with the Federal Aviation Administration to delineate the responsibilities of each agency for the approval and monitoring of these private vocational institutions that were operating on December 31, 1990, under the prior authority of subdivisions (a) and (b) of former Section 94311. It is further the intent of the Legislature that these memorandums of understanding be introduced as legislation on or before February 1, 1994, for enactment as amendments to this act. It is the intent of the Legislature that all institutions having a cumulative gross student loan default rate above 40 percent, as determined by the Student Aid Commission, shall be reviewed by the state board and the council on or before February 29, 1992, to determine if these institutions are in compliance with the requirements of this chapter and should continue to be approved to offer educational programs in California.

All institutions operating in California on December 31, 1990, pursuant to the prior authority of subdivision (d) of former Section 94311, shall receive an approval for a period not to exceed three years. On a specified date to be determined by the council on or before December 31, 1993, each institution granted an approval pursuant to this subdivision, shall file a completed application for reapproval pursuant to this section.

(h) The council may, at its discretion, enter into an agreement for the regulation and oversight of nondegree granting private postsecondary institutions with the Federal Aviation Administration or with the state agency responsible for administering Article 1 (commencing with Section 1250) of Chapter 2 of Division 2 of the Health and Safety Code.

The council may enter into a regulatory agreement only when the appropriate agency can demonstrate that its standards and procedures for the review of institutions encompass the standards and consumer protection requirements prescribed by this chapter and that these standards and procedures are rigorously enforced.

Nothing in this section shall modify the existing authority of regulatory agencies within the Department of Consumer Affairs

relating to schools or programs.

(i) If at any time the council determines that an institution has deviated from the standards for approval, the council may, after giving the institution due notice and an opportunity to be heard, place the institution on probation for a specified period of time not to exceed 24 calendar months. During the period of probation, the institution shall be subject to special monitoring. The conditions for probation may include the required submission of periodic reports, as prescribed by the council, and special visits by authorized representatives of the council to determine progress toward total compliance. If at the end of the specified probationary period the institution has not taken steps to eliminate the causes for its probation to the satisfaction of the council, the council may revoke the institution's approval and provide notice to the institution to cease its operations.

(j) Approval by the council under Section 94311 shall be required for all colleges and universities offering courses to veterans through the veteran educational benefit program.

SEC. 2. Section 94311.1 is added to the Education Code, to read:

94311.1. (a) Each individual submitting an application for a certificate of authorization for service, pursuant to paragraph (3) of subdivision (a) of Section 94311, shall provide the council with the following information:

(1) A completed application as supplied by the council.

(2) Certified copies of educational transcripts, where applicable.

(3) Verified employment history.

(4) Other documentation of prior experience or education as may be required for verification.

(b) To be eligible for a certificate of authorization for service, the applicant shall fulfill the applicable requirements as follows:

(1) Instructors shall have all of the following qualifications:

(A) No record of any violations of this chapter.

(B) Verification that he or she possesses a combination of at least three years' experience and training or education in the occupation or job title category for which certification is sought.

(C) An instructor for a program which leads to a degree shall possess a degree of equal or higher level in the occupation for which certification is sought.

(2) Directors shall have both of the following qualifications:

(A) Five years' experience in an administrative position in a public or an approved private postsecondary school.

(B) No record of any violations of this chapter.

(3) Associate directors shall have both of the following qualifications:

(A) Two years' experience in an administrative or other responsible position in a public or state approved private postsecondary school.

(B) No record of any violations of this chapter.

(4) Financial aid directors shall have all of the following

qualifications:

(A) Five years' experience in an administrative position in the financial aid office of a public or approved private postsecondary school.

(B) Verification of completion within the previous two years of a training seminar or workshop certified by the California Student Aid Commission as providing up-to-date comprehensive information on financial aid programs and policies.

(C) No record of any violations of this chapter.

(D) Any other requirements the council deems necessary.

(5) Financial aid officers shall possess all of the following qualifications:

(A) Verification of completion within the previous two years of a training seminar or workshop certified by the California Student Aid Commission as providing up-to-date comprehensive information on financial aid programs and policies.

(B) No record of any violations of this chapter.

(C) Other requirements the council deems necessary.

(c) Each individual certified for authorization for service in the positions listed in subdivision (b) shall maintain at each private postsecondary educational institution where he or she is employed a validated transcript evidencing the successful completion of three continuing education units of recognized in-service training in their education, job title category, or employment field. These units may be completed through in-service training offered by accrediting associations, professional organizations, or council-approved programs.

(d) In addition to the requirements set forth in this section, the council may impose additional requirements by regulation.

SEC. 3. Section 94316.1 of the Education Code is amended to read:

94316.1. (a) This article applies to private postsecondary educational institutions except any of the following:

(1) Institutions that are incorporated and lawfully operate as nonprofit public benefit corporations pursuant to Part 2 (commencing with Section 5110), or as nonprofit religious corporations pursuant to Part 4 (commencing with Section 9110), of Division 2 of Title 1 of the Corporations Code and are not managed or administered by any entity for profit.

(2) Institutions that exclusively confer degrees upon the completion of a course of study of two or more academic years that are scheduled to be completed in not less than 18 months.

(3) Institutions that regularly confer degrees such as master or doctorate on students who have completed a graduate course of study of one or more years at a college or university.

(b) Except for Section 94316.3, and as otherwise provided in this section, this article does not apply to any educational service that meets any of the following conditions:

(1) The total charge for the educational service is seven hundred

fifty dollars ($750) or less.

(2) The total charge for the educational service is between seven hundred fifty dollars ($750) and one thousand five hundred dollars ($1,500), no part of the total charge is paid from the proceeds of a loan or grant under any federal or state program, and any of the following conditions are satisfied:

(A) The educational service consists of 250 hours or less of instruction and complies with subdivision (e).

(B) The educational service is not represented to, and does not, lead to, fit, or prepare a student for any employment in any occupation or job title, and the educational service complies with subdivisions (e) and (f).

(C) The educational service consists exclusively of home study or correspondence instruction. However, the home study or correspondence instruction shall comply with Sections 94316.6, 94316.14, 94316.22, 94318, and 94318.5.

(3) The educational service is approved by a governmental licensing authority to be offered as continuing education in subjects licensees are required to take as a condition of continued licensure.

(4) The educational service is offered exclusively to assist students to prepare for an examination for entrance into an undergraduate or graduate course of study at an accredited or approved college or university.

(5) The educational service is offered exclusively to assist students, who have obtained, or who are in the process of obtaining, degrees after completing an undergraduate or graduate course of study at a college or university, to prepare for an examination for licensure in a recognized profession, such as medicine, dentistry, accounting, or law.

(6) The educational service is three or more academic years, is scheduled to be completed in not less than 27 months, the institution does not admit students to the educational service more than four times during a year, and the institution confers a diploma upon the student's completion of the educational service.

(7) The educational service offers training exclusively in the fine arts or performing arts such as training to be an actor, dancer, author, vocal or instrumental musician, painter, sculptor, photographer, or other similar field as may be designated by the council.

(8) The educational service is more than 30 months in length, and the total charge for the educational service is payable by the student in equal monthly installments over the entire length of the course, and the institution does not receive, nor obligate the student to pay, an advance payment for more than one month.

(9) The educational service is offered pursuant to a contract between the institution and a community college, a high school, or an employer who has the responsibility for applicable costs, and the students are not required to pay, or are not liable to pay, any part of the total charge for the educational service.

(c) The exceptions established in paragraphs (1) and (2) of

subdivision (b) do not apply if the educational service is part of a course of instruction offered to a student and the total charge or the total number of hours of instruction for the course exceeds the amount specified in the exception claimed by the institution.

(d) Beginning July 1, 1996, and at the end of each five-year period thereafter, the council shall increase or decrease the dollar amounts specified in paragraphs (1) and (2) of subdivision (b) by the cumulative change in the California Consumer Price Index, as compiled and reported by the Department of Industrial Relations, in the preceding five calendar years. The adjustment shall be rounded to the nearest hundred dollar amount. The council shall publish the adjustment in the California Register and shall inform any person, upon request, of any adjustment.

(e) An institution offering educational services described in subparagraph (A) or (B) of paragraph (2) of subdivision (b) shall not receive, and shall not obligate the student for, more than one-half of the total charge in advance of the student's beginning the educational service and the balance of the total charge before the chronological midpoint of the educational service.

(f) An institution offering educational services described in subparagraph (B) of paragraph (2) of subdivision (b) shall disclose all of the following to a prospective student:

(1) The educational service is not offered to lead to any employment in any occupational or job title.

(2) Federally guaranteed student loans or grants are not available.

(3) The institution does not offer job placement assistance.

The disclosure shall be made clearly and conspicuously in every solicitation. The disclosure shall also be made orally and in writing, in the manner described in subdivision (b) of Section 94319, before the prospective student pays or is obligated to pay for any educational services.

(g) It is the intent of the Legislature that if any exception provided in paragraph (2) of subdivision (b) is declared by a court to be invalid for any reason, all of the provisions of this article shall apply to the institutions that would otherwise be subject to that exception.

(h) This article also applies to schools subject to Section 94319.13, except as provided in that section.

(i) Section 94312 does not apply to institutions subject to this article. In the event of a conflict between any other provision of this chapter and this article, this article applies.

SEC. 4. Section 11126 of the Government Code is amended to read:

11126. (a) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing. As a condition to holding a closed session

on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void. The state body also may exclude from any public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body. Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

For the purposes of this section, "employee" shall not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees.

(b) Nothing in this article shall be construed to prevent state bodies which administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(c) Nothing in this article shall be construed to prevent an advisory body of a state body which administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters which the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(d) Nothing in this article shall be construed to prohibit a state body from holding a closed session to deliberate on a decision to be reached based upon evidence introduced in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 or similar provisions of law.

(e) Nothing in this article shall be construed to prevent any state body from holding a closed session to consider matters affecting the national security.

(f) Nothing in this article shall be construed to grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other

disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

(g) Nothing in this article shall be construed to prevent any closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests which the donor or proposed donor has requested in writing to be kept confidential.

(h) Nothing in this article shall be construed to prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

(i) Nothing in this article shall be construed to prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.

However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties which the negotiations may concern and the person or persons with whom its negotiator may negotiate.

For purposes of this subdivision, the negotiator may be a member of the state body.

For purposes of this subdivision, "lease" includes renewal or renegotiation of a lease.

Nothing in this subdivision shall preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (q).

(j) (1) Nothing in this article shall be construed to prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

(2) Nothing in this article shall be construed to prevent the Council for Private Postsecondary and Vocational Education from holding closed sessions to consider matters pertaining to the appointment or termination of the Executive Director of the Council for Private Postsecondary and Vocational Education.

(k) Nothing in this article shall be construed to prevent the Franchise Tax Board from holding closed sessions for the purpose of discussion of confidential tax returns or data the public disclosure of which is prohibited by law, or from considering matters pertaining to the appointment or removal of the executive officer of the Franchise Tax Board.

(*l*) Nothing in this article shall be construed to prevent the Board of Corrections from holding closed sessions when considering reports of crime conditions under Section 6027 of the Penal Code.

(m) Nothing in this article shall be construed to prevent the State Air Resources Board from holding closed sessions when considering the proprietary specifications and performance data of manufacturers.

(n) Nothing in this article shall be construed to prevent a state body which invests retirement, pension, or endowment funds from holding closed sessions when considering investment decisions. For purposes of consideration of shareholder voting on corporate stocks held by the state body, closed sessions for the purposes of voting may be held only with respect to election of corporate directors, election of independent auditors, and other financial issues which could have a material effect on the net income of the corporation. For the purpose of real property investment decisions which may be considered in a closed session pursuant to this subdivision, a state body shall also be exempt from the provision of subdivision (i) relating to the identification of real properties prior to the closed session.

(o) Nothing in this article shall be construed to prevent a state body, or boards, commissions, administrative officers, or other representatives that may properly be designated by law or by a state body, from holding closed sessions with its representatives in discharging its responsibilities under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 as the sessions relate to salaries, salary schedules, or compensation paid in the form of fringe benefits. For the purposes enumerated in the preceding sentence, a state body may also meet with a state conciliator who has intervened in the proceedings.

(p) Notwithstanding any other provision of law, any meeting of the Public Utilities Commission at which the rates of entities under the commission's jurisdiction are changed shall be open and public.

Nothing in this article shall be construed to prevent the Public Utilities Commission from holding closed sessions to deliberate on the institution of proceedings, or disciplinary actions against regulated utilities.

(q) Nothing in this article shall be construed to prevent a state body, based on the advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the state body in the litigation.

For purposes of this article, all expressions of the lawyer-client privilege other than those provided in this subdivision are hereby abrogated. This subdivision is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this article. For purposes of this subdivision, litigation shall be considered pending when any of the following circumstances exist:

(1) An adjudicatory proceeding before a court, an administrative body exercising its adjudicatory authority, a hearing officer, or an arbitrator, to which the state body is a party, has been initiated formally.

(2) (A) A point has been reached where, in the opinion of the state body on the advice of its legal counsel, based on existing facts

and circumstances, there is a significant exposure to litigation against the state body; or

(B) Based on existing facts and circumstances, the state body is meeting only to decide whether a closed session is authorized pursuant to subparagraph (A).

(3) Based on existing facts and circumstances, the state body has decided to initiate or is deciding whether to initiate litigation.

The legal counsel of the state body shall prepare and submit to it a memorandum stating the specific reasons and legal authority for the closed session. If the closed session is pursuant to paragraph (1), the memorandum shall include the title of the litigation. If the closed session is pursuant to paragraph (2) or (3), the memorandum shall include the existing facts and circumstances on which it is based. The legal counsel shall submit the memorandum to the state body prior to the closed session, if feasible, and in any case no later than one week after the closed session. The memorandum shall be exempt from disclosure pursuant to Section 6254.25.

For purposes of this subdivision, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

Disclosure of a memorandum required under this subdivision shall not be deemed as a waiver of the lawyer-client privilege, as provided for under Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code.

(r) Nothing in this article shall be construed to prevent a state body operating under a joint powers agreement for insurance pooling from holding a closed session to discuss a claim for the payment of tort liability or public liability losses incurred by the state body or any member agency under the joint powers agreement.

(s) Nothing in this article shall be construed to prevent the examining committee established by the State Board of Forestry, pursuant to Section 763 of the Public Resources Code, from conducting a closed session to consider disciplinary action against an individual professional forester prior to the filing of an accusation against the forester pursuant to Section 11503.

(t) Nothing in this article shall be construed to prevent an administrative committee established by the State Board of Accountancy pursuant to Section 5020 or 5020.3 of the Business and Professions Code from conducting a closed session to consider disciplinary action against an individual accountant prior to the filing of an accusation against the accountant pursuant to Section 11503. Nothing in this article shall be construed to prevent an examining committee established by the Board of Accountancy pursuant to Section 5023 of the Business and Professions Code from conducting a closed hearing to interview an individual applicant or accountant regarding the applicant's qualifications.

(u) Nothing in this article shall be construed to prevent a state body, as defined in Section 11121.2, from conducting a closed session

to consider any matter which properly could be considered in closed session by the state body whose authority it exercises.

(v) Nothing in this article shall be construed to prevent a state body, as defined in Section 11121.7, from conducting a closed session to consider any matter which properly could be considered in a closed session by the body defined as a state body pursuant to Section 11121, 11121.2, or 11121.5.

(w) Nothing in this article shall be construed to prevent a state body, as defined in Section 11121.8, from conducting a closed session to consider any matter which properly could be considered in a closed session by the state body it advises.

(x) Nothing in this article shall be construed to prevent the State Board of Equalization from holding closed sessions for either of the following:

(1) When considering matters pertaining to the appointment or removal of the executive secretary of the State Board of Equalization.

(2) For the purpose of hearing confidential taxpayer appeals or data, the public disclosure of which is prohibited by law.

(y) Nothing in this article shall be construed to prevent the California Earthquake Prediction Evaluation Council, or other body appointed to advise the Director of the Office of Emergency Services or the Governor pursuant to Section 8590 concerning matters relating to volcanic or earthquake predictions, from holding closed sessions when considering the evaluation of possible predictions.

(z) This article shall not prevent the Teachers' Retirement Board or the Board of Administration of the Public Employees' Retirement System from holding closed sessions when considering matters pertaining to the recruitment, appointment, employment, or removal of the chief executive officer or when considering matters pertaining to the recruitment or removal of the chief investment officer of the State Teachers' Retirement System or the Public Employees' Retirement System.

CHAPTER 789

An act to add Chapter 10.35 (commencing with Section 25914) to the Health and Safety Code, relating to contracts.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10.35 (commencing with Section 25914) is added to the Health and Safety Code, to read:

CHAPTER 10.35. ASBESTOS AND HAZARDOUS SUBSTANCE REMOVAL CONTRACTS

25914. The Legislature hereby finds and declares that it is the public policy of the state to ensure that work performed on behalf of the public or private entity or person be done properly to safeguard the public health and safety when removing asbestos and hazardous substances.

25914.1. For purposes of this chapter, the following definitions shall apply:

(a) "Asbestos" has the same meaning as defined in Section 6501.7 of the Labor Code.

(b) "Asbestos-related work," is defined in Chapter 6 (commencing with Section 6500) of Part 1 of Division 5 of the Labor Code, including Section 6501.8 of the Labor Code, and involves 100-square feet or more of surface area of asbestos-containing material and is such that it requires that the contractor who performs the work must be certified in accordance with subdivision (a) of Section 7058.5 of the Business and Professions Code.

(c) "Hazardous substance removal" has the same meaning as used in Section 7058.7 of the Business and Professions Code.

25914.2. (a) All asbestos-related work and hazardous substance removal shall be performed pursuant to a contract separate from any other work to be performed, when the presence of asbestos or hazardous substances is not disclosed in the bid or contract documents.

(b) All asbestos-related and hazardous substance removal work which is disclosed in the bid or contract documents shall not require a separate contract from any other work to be performed.

(c) In the event the contractor encounters on the site materials he or she reasonably believes to be asbestos or a hazardous substance, and the asbestos or hazardous substance has not been rendered harmless, the contractor may continue work in unaffected areas reasonably believed safe, and shall immediately cease work on the area affected and report the condition to the owner, or the owner's representative, or architect in writing.

(d) With regard to a public entity, if an emergency condition arises, as defined in Section 10122 or 22035 of the Public Contract Code, then all asbestos-related and hazardous substance removal shall be contracted and performed pursuant to Section 10122 or 22035 of the Public Contract Code, respectively. Contractors performing the work shall have all registration and certificates required pursuant to the Labor Code and the Business and Professions Code.

25914.3. Notwithstanding any other provision of law, a contractor who is not certified pursuant to Section 7058.6 of the Business and Professions Code may bid on a project involving asbestos related work so long as the asbestos-related work is performed by a contractor who is registered pursuant to Section 6501.5 of the Labor Code and certified pursuant to Section 7058.6 of the Business and

Professions Code.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 790

An act to amend Sections 17031.8, 17037, 17050, 17056, 17061, and 17061.5 of the Health and Safety Code, relating to housing.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17031.8 of the Health and Safety Code is amended to read:

17031.8. (a) An agency which exercises the responsibility for the enforcement of this part pursuant to Section 17050 shall submit to the Department of Housing and Community Development the information specified in subdivision (c) by June 30 of each year regarding the previous calendar year.

(b) The Department of Housing and Community Development shall gather the information specified in subdivision (c) for all permittees for which it acts as the enforcement agency and include a summary of the information from the permittees and enforcement agencies in the annual report submitted pursuant to Section 50408 regarding housing programs administered by the department, and shall submit the information specified in subdivision (c) to the Legislative Analyst pursuant to subdivision (d) of Section 17056.

(c) The following information shall be provided for purposes of subdivisions (a) and (b):

(1) The number and location of labor camps.

(2) The number and location of labor camps found operating without a permit.

(3) The number and location of inactive labor camps and the number of occupants residing in the labor camp when it was most recently occupied.

(4) The number of preoccupancy inspections, occupancy

inspections, and reinspections performed.

(5) A schedule of permit fees charged and the total amount of fees collected, and the total amount in reinspection fees collected.

(6) The number and character of any complaints received during the time the housing has been operated as a labor camp.

(7) The number and character of violations of this part, building standards published in the State Building Standards Code relating to labor camps, and other regulations adopted pursuant to this part, or conditions of the permits.

(8) The number of staff hours dedicated to the implementation of the Employee Housing Act (Part 1 (commencing with Section 17000) of Division 13).

(9) The number and location of labor camps receiving an exemption pursuant to Section 17031, 17031.3, or 17033.

SEC. 2. Section 17037 of the Health and Safety Code is amended to read:

17037. (a) Every person, or the agent or officer thereof, constructing, operating, or maintaining a labor camp shall comply with the requirements of this part, with building standards published in the State Building Standards Code relating to labor camps, and with the other regulations adopted pursuant to this part.

(b) (1) Any person operating or maintaining a labor camp without first having obtained a permit to operate from the enforcement agency shall pay double the fees prescribed for the permit to operate the camp.

(2) Any person found for a second or subsequent time within a five-year period to be operating or maintaining a labor camp without first having obtained a permit to operate from the enforcement agency shall pay 10 times the fees prescribed for the permit to operate the camp. The two or more violations referenced in this paragraph may be with regard either to the same enforcement agency or to two or more different enforcement agencies.

SEC. 3. Section 17050 of the Health and Safety Code is amended to read:

17050. (a) Except as provided in Section 18930, the Department of Housing and Community Development may promulgate rules and regulations to interpret and make specific this part. When adopted, those rules and regulations shall apply to all parts of the state.

(b) Upon written notice to the Department of Housing and Community Development, any city, county, or city and county may assume the responsibility for the enforcement of this part, for the building standards published in the State Building Standards Code relating to labor camps, and for the other regulations adopted pursuant to this part following approval by the department for that assumption.

(c) The Department of Housing and Community Development shall adopt regulations which shall set forth the conditions for assumption and may include required qualifications of local enforcement agencies. When assumption is approved, the

department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of labor camps within its jurisdiction.

(d) A city, county, or city and county may, by ordinance, establish a schedule of fees for the operation of labor camps not to exceed that which is established by the department.

(e) (1) In the event of nonenforcement of this part, of the building standards published in the State Building Standards Code relating to labor camps, or of the other rules and regulations adopted pursuant to this part, the department shall enforce this part, the building standards published in the State Building Standards Code relating to labor camps, and the rules and regulations adopted pursuant to this part in any city, county, or city and county after the department has given written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and has failed to initiate corrective measures to carry out its responsibility within 30 days of the date of the notice.

(2) On or after January 1, 1987, in the event the local enforcement agency has failed to initiate adequate and reasonable corrective measures to carry out its responsibility, as determined by the department, within 30 days of the date of notice of one or more specific examples of nonenforcement, the department, at its option, may undertake investigation and enforcement of the alleged violations of this part within the local enforcement agency's jurisdiction, and the local enforcement agency shall be liable to the department and the Attorney General for the actual costs of the investigation and enforcement by these state agencies.

(f) The department shall conduct an annual evaluation of the enforcement of this part, of the building standards published in the State Building Standards Code relating to labor camps, and of the other regulations adopted pursuant to this part by each city, county, or city and county which has assumed responsibility for enforcement. The department shall submit a written summary of the evaluation conducted pursuant to this subdivision to the Legislative Analyst on or before October 1 of each year.

(g) Except as provided in Section 18945, the department shall be sole judge as to whether the local enforcement agency is properly enforcing the provisions. Except as provided in Section 18945, the local enforcement agency shall have the right to appeal the decision to the department.

(h) Any city, county, or city and county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of these provisions. The department, upon receipt of that notice, shall assume the responsibility within 30 days.

(i) The enforcement agency may:

(1) Enter public or private properties to determine whether there exists any labor camp to which this part applies.

(2) Enter and inspect all labor camps wheresoever situated, and inspect all accommodations, equipment, or paraphernalia connected therewith.

(3) Enter and inspect the land adjacent to the labor camp to determine whether the sanitary and other requirements of this part, the building standards published in the State Building Standards Code relating to labor camps, and the other rules and regulations adopted pursuant to this part have been or are being complied with.

SEC. 4. Section 17056 of the Health and Safety Code is amended to read:

17056. (a) In every part of the state, notwithstanding assumption of responsibilities by local enforcement agencies pursuant to Section 17050, the department shall establish procedures and devote resources to locating and prosecuting the most serious violators of this part and those who refuse to apply for or obtain permits to operate pursuant to this part, as determined by the department.

(b) The department shall maximize the efforts of personnel implementing this part by seeking to use new resources and nontraditional means, by coordinating with state, local, and federal agencies and by training and coordinating with local health and building departments. The department shall schedule its activities pursuant to this subdivision in a manner so as to survey the entire state on or before July 1, 1989.

(c) All of the requirements of this part shall be performed by civil service employees of the department who, to the extent feasible, shall be bilingual in Spanish and English.

(d) The Legislative Analyst shall provide an annual report to the Legislature, as part of the report on the Governor's 1992–93 Budget, and in annual budget reports thereafter. This report shall describe in detail the implementation of this part. This report shall be based on the information collected by the department pursuant to Section 17031.8. This report shall also include the approximate level of personnel years allocated for the purposes of this section, the number of new permits to operate issued or number of prosecutions undertaken, all fines and civil penalties collected, and other relevant information. Each year, the department shall provide the information collected pursuant to Section 17031.8 for the Legislative Analyst to prepare this report. Each report also shall include proposed amendments to this part which would facilitate the provision and maintenance of housing consistent with the requirements of this part, and which would facilitate enforcement of this part.

SEC. 5. Section 17061 of the Health and Safety Code is amended to read:

17061. (a) Any person who violates, or causes another person to violate, any provision of this part is guilty of a misdemeanor, punishable by a fine of not more than one thousand dollars ($1,000), or imprisonment for not more than 60 days, or both, for each violation of this part, provided that the violation does not cause

personal injury to any person.

(b) Any person who violates, or causes another person to violate, any provision of this part, provided that the violation causes personal injury to any person, is punishable by imprisonment in the state prison for two, three, or four years, or in a county jail not exceeding one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both fine and imprisonment for each violation causing personal injury. This subdivision shall not be construed to preclude, or in any way limit, the applicability of any other law in any criminal prosecution.

(c) Any person who willfully violates any provision of this part shall be liable for a civil penalty of not less than three hundred dollars ($300), nor more than one thousand dollars ($1,000), for each violation or for each day of a continuing violation. The enforcement agency, or any person or entity affected by the violation, may institute or maintain an action in the appropriate court to collect any civil penalty arising under this subdivision.

SEC. 6. Section 17061.5 of the Health and Safety Code is amended to read:

17061.5. (a) Any person who is convicted pursuant to Section 17061 for a second or subsequent time within a five-year period or is convicted pursuant to subdivision (d) for a first or subsequent time within a five-year period after issuance of an injunction enforcing this chapter shall be punishable by a fine not to exceed six thousand dollars ($6,000) or by imprisonment not exceeding six months, or both such fine and imprisonment.

(b) Any person found in contempt of a court order or injunction pursuant to Section 17060 within a five-year period from its issuance shall be subject to civil penalties not to exceed six thousand dollars ($6,000) or by imprisonment not exceeding six months, or both such civil penalty and imprisonment.

(c) (1) If an injunction enforcing this chapter is issued within a five-year period after a conviction pursuant to subdivision (a), a finding of contempt pursuant to subdivision (b), or a prior injunction enforcing this chapter, the injunction shall provide for a civil penalty not to exceed six thousand dollars ($6,000) and all costs of enforcement, including, but not limited to, investigative costs, inspection costs, enforcement costs, attorney's fees or costs, and all other costs of prosecution.

(2) The court may also order the owner not to claim any deduction with respect to state taxes for interest, taxes, expenses, depreciation, or amortization paid or incurred, with respect to the cited structure, in the taxable year of the initial order or notice. Within 90 days after issuing the order, the court shall mail to the Franchise Tax Board a written notice of its order prohibiting the owner from claiming deductions with respect to the cited structure, in lieu of the processing of a violation by the enforcement agency in accordance with Sections 17274 and 24436.5 of the Revenue and Taxation Code.

(3) The Franchise Tax Board shall examine the tax return of the owner of the cited structure for the taxable year of the initial order or notice issued pursuant to paragraph (2). Notwithstanding Sections 19282 and 26451 of the Revenue and Taxation Code, the Franchise Tax Board shall notify the issuing court regarding the owner's compliance with the court order prohibiting the claiming of deductions with respect to the cited structure.

(d) Any person found in contempt of a court order or injunction pursuant to Section 17060, or who is convicted pursuant to Section 17061, for a second or subsequent time within a five-year period after a prior finding of contempt, a prior conviction, or the prior issuance of an injunction relating to the enforcement of this chapter, where there are violations that are determined by the trier of fact to be so extensive and of such a nature that the immediate health and safety of residents or the public is endangered and where the extent and nature of the violations are due to the defendant's habitual neglect of customary maintenance and display a flagrant lack of concern for the health and safety of residents or the public, shall be punishable by a fine not exceeding six thousand dollars ($6,000) and by imprisonment for not less than six months, but not exceeding one year, if the trier of fact finds at least three serious violations of the following categories of violations are involved:

(1) Termination, extended interruption, or serious defects of gas, water, or electric utility systems, if the interruption or termination is not caused by the tenant's failure to pay gas, water, or electric bills.

(2) Serious defects or lack of adequate space and water heating.

(3) Serious rodent, vermin, or insect infestation.

(4) Severe deterioration, rendering significant portions of the structure unsafe or unsanitary.

(5) Inadequate numbers of garbage receptacles or service.

(6) Unsanitary conditions affecting a significant portion of the structure as a result of faulty plumbing or sewage disposal.

(e) The remedies provided in subdivisions (a) to (d), inclusive, for second or subsequent violations shall apply without regard to whether the violations involved the same or different properties, or the same or different locations within a property, owned or operated by the person committing the violation.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 791

An act to amend Section 94303 of the Education Code, relating to postsecondary education.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 94303 of the Education Code is amended to read:

94303. (a) Articles 1.5 (commencing with Section 94304) and 2 (commencing with Section 94310) of this chapter, subdivision (c) of Section 94320, and Sections 94322, 94330, 94331, 94331.5, 94334, 94338, 94342, 94343, 94343.2, and 94343.5 do not apply to an institution that is accredited by one of the following:

(1) The Western Association of Schools and Colleges, if the institution meets either of the following requirements:

(A) The institution exclusively confers degrees upon the completion of a course of study of two or more years.

(B) The institution is incorporated and lawfully operates as a nonprofit public benefit corporation pursuant to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code and is not managed or administered by any entity for profit.

(2) Any nationally accredited agency recognized by the United States Department of Education, if the council has determined, subsequent to an onsite qualitative review and assessment of the institution conducted at least once every three years, as described in subdivision (d) of Section 94310, that the institution complies with all of the following:

(A) The institution meets the financial responsibility requirements set forth in subdivision (b) of Section 94311.4.

(B) The faculty of the institution meets the requirements set forth in paragraph (2) of subdivision (a) of Section 94310.

(C) The institution's average cohort default rate on guaranteed student loans for the three most recent years, as published by the United States Department of Education, does not exceed 10 percent.

(D) The institution has operated in this state for at least three years before seeking accreditation in accordance with this section.

(E) The institution submits to the council copies of the most recent IRS Form 990 and the Integrated Postsecondary Education Data System Report of the United States Department of Education.

(F) The institution pays fees in accordance with Section 94331, and subdivisions (a) and (i) of Section 94331.5.

(G) The institution exclusively confers degrees upon the completion of a course of study of two or more years.

(H) The institution is incorporated and lawfully operates as a

nonprofit public benefit corporation pursuant to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code and is not managed or administered by any entity for profit.

(b) Within 30 days of any action by any accrediting agency which establishes, reaffirms, or publicly sanctions the accreditation of a private institution operating in the state, the accrediting agency shall notify the council of that action, and provide a copy of any public statements regarding the reasons for sanctions.

CHAPTER 792

An act to add Part 1.6 (commencing with Section 439.900) to Division 1 of the Health and Safety Code, relating to health research.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Part 1.6 (commencing with Section 439.900) is added to Division 1 of the Health and Safety Code, to read:

PART 1.6. HEALTH RESEARCH FAIRNESS

439.900. This act shall be known and may be cited as the Health Research Fairness Act.

439.901. The Legislature finds and declares all of the following:

(a) The National Institutes of Health (NIH), the nation's major source of funding for medical research conducted in the United States, spends approximately 13 percent of its budget for research on conditions and diseases that are primarily women's health issues. Although it is true that the great majority of the NIH research funds are expended for studies of diseases that affect both men and women, or for fundamental research that has significance for diseases affecting all segments of our population, women have not been adequately represented in research populations in major NIH-funded studies of diseases which affect both men and women.

(b) Today many medical treatments currently used on women are based on studies conducted entirely on men. For example, although cardiovascular illness is the number one cause of death and disability in American women, women have consistently been excluded from major research studies in this area.

(c) It is estimated that 175,000 American women will develop breast cancer, and 44,000 women will die from the disease this year. Currently, one in nine women born in the United States will develop breast cancer in her lifetime.

(d) Women constitute 11 percent of all reported AIDS cases.

Eighty percent of all HIV-infected women are women of color.

(e) Osteoporosis, a condition characterized by excessive loss of bone tissue, affects an estimated 24 million Americans and results annually in an estimated $10 billion in direct medical costs. The cost of this disease will continue to escalate as the population ages and the incidence of osteoporosis increases. If current trends continue, the cost of osteoporosis treatment could be as much as $62 billion by the year 2020.

(f) Eighty percent of individuals affected by osteoporosis are women. One-half of all women over age 45 years, and 90 percent of all women over age 75 years, suffer from osteoporosis.

(g) Nearly one million couples seek medical advice or treatment for infertility. In the last 20 years, the number of infertility-related visits to doctors has nearly quadrupled. The risk of infertility is one and one-half times greater for blacks than for whites.

(h) Despite these facts, women's health issues—which are defined as diseases or conditions that are unique to women, are more prevalent or more serious in women, or for which specific risk factors or interventions differ for women—have received insufficient attention both in terms of funding and research.

(i) The best way to treat women's health problems is to prevent them from occurring, or to catch them in their earliest stages when they are most treatable. Without research into the causes and cures of diseases affecting women, these diseases cannot be effectively treated.

(j) On August 24, 1990, the NIH published a revised, strengthened "NIH/ADHMA Policy Concerning Inclusion of Women in Study Populations." That policy clearly stated that adequate numbers of women must be included in NIH-funded clinical studies, in proportion to the prevalence of the condition under study, unless an appropriate justification is provided. The revised policy also states that NIH will not fund grants that do not comply with its provisions.

(k) The majority of biomedical research funded by, or based at, the University of California is fundamental research that investigates basic life processes and disease mechanisms, often at the cellular or molecular level, and that yields benefits for all segments of our population.

439.902. (a) On or before June 30, 1992, state agencies shall adopt, and it is the intent of the Legislature that the Regents of the University of California adopt, policies based on the publication "NIH/ADHMA Policy Concerning Inclusion of Women in Study Populations," so that women and members of minority groups are appropriately included as subjects of health research projects carried out by state agencies or University of California researchers. The review of research proposals funded by state agencies or the University of California should include consideration of the appropriateness of the composition of research populations.

(b) On or before September 30, 1992, state agencies and the University of California shall transmit to the Legislature copies of the

policies adopted pursuant to this section, along with copies of the specific procedures put in place to carry out those policies.

439.903. State agencies shall, and it is the intent of the Legislature that the University of California:

(a) Provide special opportunities for funding research projects devoted to diseases, disorders, or other health conditions of particular concern to women and minorities, or in health research areas in which women and minorities have been traditionally underrepresented.

(b) At the same time, ensure that funding will enable researchers to adapt to changing population distribution of diseases.

439.904. (a) State agencies and the University of California shall report, consistent with available data, on the extent to which state funds administered by those agencies and the University of California are used to support research on diseases, disorders, or other health conditions that meet one or more of the following criteria, as determined by the state agency or the University of California:

(1) Are unique to women or minorities, more prevalent in women or minorities, or more serious for women or minorities.

(2) For which the risk factors or interventions are different for women or minorities.

(b) On or before June 30, 1992, state agencies and the University of California shall adopt procedures for collecting and classifying data on the extent to which state-funded research projects address medical issues of particular concern to women and minorities. On and after June 30, 1993, information concerning the extent to which research supported by particular programs of state agencies and the University of California addresses medical issues of particular concern to women and minorities shall be incorporated into the appropriate periodic program reports required under existing law.

439.905. It is the intent of the Legislature to encourage research on the effectiveness of RU-486 (mifepristone) in treating breast and ovarian cancer, meningioma, endometriosis, Cushing's syndrome, osteoporosis, diabetes, and AIDS.

439.906. For purposes of this part, "state agency" has the same meaning as defined in Section 11000 of the Government Code.

CHAPTER 793

An act to amend Section 984 of the Unemployment Insurance Code, relating to disability insurance.

[Approved by Governor October 9, 1991. Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 984 of the Unemployment Insurance Code is amended to read:

984. (a) (1) Each worker shall pay worker contributions at the rate determined by the director pursuant to this section with respect to wages, as defined by Sections 926, 927, and 985. On or before October 31 of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of worker contributions for the calendar year and shall notify promptly all employers of employees covered for disability insurance of the rate.

(2) Except as provided in paragraph (3), the rate of worker contributions for calendar year 1987 and for each subsequent calendar year shall be 1.45 times the amount disbursed from the Disability Fund during the 12-month period ending September 30 and immediately preceding the calendar year for which the rate is to be effective, less the amount in the Disability Fund on that September 30, with the resulting figure divided by total wages paid pursuant to Sections 926, 927, and 985 during the same 12-month period, and then rounded to the nearest one-tenth of 1 percent.

(3) The rate of worker contributions shall not exceed 1.2 percent or be less than 0.1 percent, except for calendar years 1992, 1993, and 1994. For calendar year 1992, the rate of worker contributions shall be set at 1.25 percent if on September 30, 1991, the ratio of the fund balance to total disbursements for the prior four consecutive calendar quarters falls below 45 percent. For calendar years 1993 and 1994, the rate of worker contributions shall not exceed 1.25 percent, unless on September 30 of the prior year, the ratio of the fund balance to total disbursements for the prior four consecutive calendar quarters falls below 30 percent, in which case the rate of worker contributions shall not exceed 1.3 percent. For calendar years 1993 and 1994, the rate of worker contributions shall be rounded to the nearest one-hundredth of 1 percent. The rate of worker contributions shall not decrease from the rate in the previous year by more than two-tenths of 1 percent.

(b) Worker contributions required under Sections 708 and 708.5 shall be at a rate determined by the director to reimburse the Disability Fund for unemployment compensation disability benefits paid and estimated to be paid to all employers and self-employed individuals covered by those sections. On or before November 30th

of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of contributions for the succeeding calendar year for all employers and self-employed individuals covered under Sections 708 and 708.5 and shall notify promptly the employers and self-employed individuals of the rate. The rate shall be determined by dividing the estimated benefits paid in the prior year by the product of the annual remuneration deemed to have been received under Sections 708 and 708.5 and the estimated number of persons who were covered at any time in the prior year. The resulting rate shall be rounded to the next higher one-hundredth percentage point. The rate may also be reduced or increased by a factor estimated to maintain as nearly as practicable a cumulative zero balance in the funds contributed pursuant to Sections 708 and 708.5. Estimates made pursuant to this subdivision may be made on the basis of statistical sampling, or another method determined by the director.

(c) The director's action in determining a rate under this section shall not constitute an authorized regulation.

SEC. 1.5. Section 984 of the Unemployment Insurance Code is amended to read:

984. (a) (1) Each worker, including an individual covered under Section 2784, shall pay worker contributions at the rate determined by the director pursuant to this section with respect to wages, as defined by Sections 926, 927, and 985. On or before October 31 of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of worker contributions for the calendar year and shall notify promptly all employers of employees covered for disability insurance of the rate.

(2) Except as provided in paragraph (3), the rate of worker contributions for calendar year 1987 and for each subsequent calendar year shall be 1.45 times the amount disbursed from the Disability Fund during the 12-month period ending September 30 and immediately preceding the calendar year for which the rate is to be effective, less the amount in the Disability Fund on that September 30, with the resulting figure divided by total wages paid pursuant to Sections 926, 927, and 985 during the same 12-month period, and then rounded to the nearest one-tenth of 1 percent.

(3) The rate of worker contributions shall not exceed 1.2 percent or be less than 0.1 percent, except for calendar years 1992, 1993, and 1994. For calendar year 1992, the rate of worker contributions shall be set at 1.25 percent if on September 30, 1991, the ratio of the fund balance to total disbursements for the prior four consecutive calendar quarters falls below 45 percent. For calendar years 1993 and 1994, the rate of worker contributions shall not exceed 1.25 percent, unless on September 30 of the prior year, the ratio of the fund balance to total disbursements for the prior four consecutive calendar quarters falls below 30 percent, in which case the rate of worker contributions shall not exceed 1.3 percent. For calendar years 1993 and 1994, the rate of worker contributions shall be rounded to

the nearest one-hundredth of 1 percent. The rate of worker contributions shall not decrease from the rate in the previous year by more than two-tenths of 1 percent.

(b) Worker contributions required under Sections 708 and 708.5 shall be at a rate determined by the director to reimburse the Disability Fund for unemployment compensation disability benefits paid and estimated to be paid to all employers and self-employed individuals covered by those sections. On or before November 30th of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of contributions for the succeeding calendar year for all employers and self-employed individuals covered under Sections 708 and 708.5 and shall notify promptly the employers and self-employed individuals of the rate. The rate shall be determined by dividing the estimated benefits paid in the prior year by the product of the annual remuneration deemed to have been received under Sections 708 and 708.5 and the estimated number of persons who were covered at any time in the prior year. The resulting rate shall be rounded to the next higher one-hundredth percentage point. The rate may also be reduced or increased by a factor estimated to maintain as nearly as practicable a cumulative zero balance in the funds contributed pursuant to Sections 708 and 708.5. Estimates made pursuant to this subdivision may be made on the basis of statistical sampling, or another method determined by the director.

(c) The director's action in determining a rate under this section shall not constitute an authorized regulation.

SEC. 2. A study of the worker contribution rate formula and other factors influencing the revenue and cost to the Disability Fund shall be prepared by the Director of Employment Development and completed and submitted to the Legislature on or before December 31, 1993.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 984 of the Unemployment Insurance Code proposed by both this bill and AB 248. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 984 of the Unemployment Insurance Code, and (3) this bill is enacted after AB 248, in which case Section 1 of this bill shall not become operative.

CHAPTER 794

An act to amend Sections 11346.53, 11349.1, 11349.3, and 11350 of the Government Code, and to amend Section 40727 of, and to add Section 40728.5 to, the Health and Safety Code, relating to regulations.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) According to the United States Small Business Administration, small businesses account for more than 50 percent of total private sector employment in the state, excluding sole proprietorships.

(b) According to the California Association of Independent Business, California has approximately two million small business enterprises accounting for 75 percent of the gross state product.

(c) According to the Department of Commerce 1990 Manufacturers' Survey, 57 percent of the 642 manufacturing companies included in the survey have seriously considered relocating from the state or region or restricting expansion due to regulatory issues.

(d) The preservation and well-being of small businesses generally and individually are essential to the public interest in ensuring the availability of goods and services and full employment and the future growth and prosperity of the state's economy.

SEC. 2. It is the intent of the Legislature in enacting this act to do all of the following:

(a) Prevent unnecessary or unreasonable regulations and reporting, recordkeeping, and compliance requirements affecting both small businesses generally and individual parties.

(b) Prevent unnecessary or unreasonable hardship to small businesses and individual parties.

(c) Require state agencies in the proposed adoption or amendment of administrative regulations to assess the economic impact of the regulations on small business enterprises in the state during the processes of enactment, adoption, administration, and enforcement.

(d) Require state agencies to provide evidence in the record to substantiate a determination that a rule or regulation shall have no adverse economic impact on small business.

(e) Require all air districts with populations of 250,000 or more, when proposing to adopt, amend, or repeal a rule or regulation, to perform an assessment, to the extent data are available, of the socioeconomic impacts of the adoption, amendment, or repeal of the rule or regulation.

SEC. 3. Section 11346.53 of the Government Code is amended to

read:

11346.53. (a) (1) State agencies proposing to adopt or amend any administrative regulation shall assess the potential for adverse economic impact on California small business enterprises and individuals, avoiding the imposition of unnecessary or unreasonable regulations or reporting, recordkeeping, or compliance requirements. For purposes of this paragraph, assessing the potential for adverse economic impact shall require agencies, when adopting new regulations or reviewing or amending existing regulations, to adhere to the following requirements, to the extent that these requirements do not conflict with other state or federal laws:

(A) The regulations shall be based on adequate information concerning the need for, and consequences of, proposed governmental action.

(B) The state agency, prior to submitting regulations to the Office of Administrative Law, shall consider the impact on small business when initiating, processing, and adopting regulations with consideration of industries affected.

It is not the intent of this section to impose additional criteria on agencies, above that which exists in current law, in assessing adverse economic impact on California small business enterprises, but only to assure that the assessment is made early in the process of initiation and development of proposed regulations or amendments to regulations.

(2) If a state agency, in proposing to adopt or amend any administrative regulation, determines that the action may have a significant adverse economic impact on small business, it shall include the following information in the notice of proposed action:

(A) Identification of the types of small businesses that would be affected.

(B) A description of the projected reporting, recordkeeping, and other compliance requirements that would result from the proposed action.

(C) The following statement: "The (name of agency) finds that the (adoption/amendment) of this regulation may have a significant adverse economic impact on small businesses. The (name of agency) (has/has not) considered proposed alternatives that would lessen any adverse economic impact on small business and invites you to submit proposals. Submissions may include the following considerations:

(i) The establishment of differing compliance or reporting requirements or timetables which take into account the resources available to small businesses.

(ii) Consolidation or simplification of compliance and reporting requirements for small businesses.

(iii) The use of performance standards rather than prescriptive standards.

(iv) Exemption or partial exemption from the regulatory requirements for small businesses.

(b) The state agency proposing to adopt or amend any regulation shall refer in the notice to any studies or relevant data which were relied upon in making the determination that the regulation has no adverse impact.

(c) If a state agency, in adopting or amending any administrative regulation, determines that the action will not have a significant adverse economic impact on small business, it shall make a declaration to that effect in the notice of proposed action. In making this finding, the agency shall provide, in the record, facts, evidence, documents or testimony, or other evidence upon which the agency relies to support that finding.

(d) An agency's determination and declaration that a proposed regulation may have or will not have a significant, adverse impact on small businesses shall not be grounds for the office to refuse to publish the notice of proposed action.

(e) A state agency shall also include in the notice of proposed action a statement of the potential cost impact of the proposed action on private persons or businesses directly affected, other than small businesses as defined in subdivision (e) of Section 11342, as considered by the agency during the regulatory development process. If the cost impact of the action is expected to be insignificant, or was not considered in the development process, the agency shall so indicate.

For purposes of this subdivision "cost impact" means the reasonable range of costs, or a description of the type and extent of costs, direct or indirect, that a representative private person or business necessarily incurs in reasonable compliance with the proposed action.

(f) No administrative regulation which requires a report shall apply to small businesses, as defined in subdivision (e) of Section 11342, unless the state agency adopting the regulation makes a finding that it is necessary for the health, safety, or welfare of the people of the state that the regulation apply to small businesses.

This subdivision applies only to administrative regulations adopted on or after January 1, 1988.

SEC. 4. Section 11349.1 of the Government Code is amended to read:

11349.1. (a) The office shall review all regulations adopted pursuant to the procedure specified in Article 5 (commencing with Section 11346) of Chapter 3.5 and submitted to it for publication in the California Regulatory Code Supplement and for transmittal to the Secretary of State and make determinations using all of the following standards:

(1) Necessity.
(2) Authority.
(3) Clarity.
(4) Consistency.
(5) Reference.
(6) Nonduplication.

In reviewing regulations pursuant to this section, the office shall restrict its review to the regulation and the record of the rulemaking proceeding. The office shall approve the regulation or order of repeal if it complies with the standards set forth in this section and with the provisions of this chapter.

(b) In reviewing proposed regulations for the criteria in subdivision (a) of Section 11349.1, the office may consider the clarity of the proposed regulation in the context of related regulations already in existence.

(c) The office shall adopt regulations governing the procedures it uses in reviewing regulations submitted to it. The regulations shall provide for an orderly review and shall specify the methods, standards, presumptions, and principles the office uses, and the limitations it observes, in reviewing regulations to establish compliance with the standards specified in subdivision (a). The regulations adopted by the office shall ensure that it does not substitute its judgment for that of the rulemaking agency as expressed in the substantive content of adopted regulations.

(d) The office shall return any regulation subject to this chapter to the adopting agency if any of the following occur:

(1) The adopting agency has not prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5 and has not included the data used and calculations made and the summary report of the estimate in the file of the rulemaking.

(2) The agency has not complied with Section 11346.53.

(3) The adopting agency has prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5, the estimate indicates that the regulation will result in a cost to local agencies or school districts that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, and the adopting agency fails to do any of the following:

(A) Cite an item in the Budget Act for the fiscal year in which the regulation will go into effect as the source from which the Controller may pay the claims of local agencies or school districts.

(B) Cite an accompanying bill appropriating funds as the source from which the Controller may pay the claims of local agencies or school districts.

(C) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has approved a request by the agency that funds be included in the Budget Bill for the next following fiscal year to reimburse local agencies or school districts for the costs mandated by the regulation.

(D) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has authorized the augmentation of the amount available for expenditure under the agency's appropriation in the Budget Act which is for reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 to local agencies or school districts from the unencumbered balances of other appropriations in the Budget

Act and that this augmentation is sufficient to reimburse local agencies or school districts for their costs mandated by the regulation.

(4) The proposed regulation conflicts with existing statutes, court decisions, or other provisions of law.

(e) The office shall notify the Department of Finance of all regulations returned pursuant to subdivision (d).

(f) The office shall return a rulemaking file to the submitting agency if the file does not comply with subdivisions (a) and (b) of Section 11347.3. Within three state working days of the receipt of a rulemaking file, the office shall notify the submitting agency of any deficiency identified. If no notice of deficiency is mailed to the adopting agency within that time, a rulemaking file shall be deemed submitted as of the date of its original receipt by the office. A rulemaking file shall not be deemed submitted until each deficiency identified under this subdivision has been corrected.

The provisions of this subdivision shall not limit the review of regulations under this article, including, but not limited to, the conformity of rulemaking files to the provisions of subdivisions (a) and (b) of Section 11347.3.

SEC. 5. Section 11349.3 of the Government Code is amended to read:

11349.3. (a) The office shall either approve a regulation submitted to it for review and transmit it to the Secretary of State for filing or disapprove it within 30 working days after the regulation has been submitted to the office for review. If the office fails to act within 30 days, the regulation shall be deemed to have been approved and the office shall transmit it to the Secretary of State for filing.

(b) If the office disapproves a regulation, it shall return it to the adopting agency within the 30-day period specified in subdivision (a) accompanied by a notice specifying the reasons for disapproval. Within seven calendar days of the issuance of the notice, the office shall provide the adopting agency with a written decision detailing the reasons for disapproval. No regulation shall be disapproved except for failure to comply with the standards set forth in Section 11340.1 or 11349.1 or for failure to comply with this chapter.

(c) If an agency determines, on its own initiative, that a regulation submitted pursuant to subdivision (a) should be returned by the office prior to completion of the office's review, it may request the return of the regulation. All requests for the return of a regulation shall be memorialized in writing by the submitting agency no later than one week following the request. Any regulation returned pursuant to this subdivision shall be resubmitted to the office for review within the one-year period specified in subdivision (b) of Section 11346.4 or shall comply with Article 5 (commencing with Section 11346) prior to resubmission.

(d) The office shall not initiate the return of a regulation pursuant to subdivision (c) as an alternative to disapproval pursuant to

subdivision (b).

SEC. 6. Section 11350 of the Government Code is amended to read:

11350. (a) Any interested person may obtain a judicial declaration as to the validity of any regulation by bringing an action for declaratory relief in the superior court in accordance with the provisions of the Code of Civil Procedure. The right to judicial determination shall not be affected by the failure either to petition or to seek reconsideration of a petition filed pursuant to Section 11347.1 before the agency promulgating the regulations. The regulation may be declared to be invalid for a substantial failure to comply with the provisions of this chapter, or, in the case of an emergency regulation or order to repeal, upon the ground that the facts recited in the statement do not constitute an emergency within the provisions of Section 11346.1.

(b) In addition to any other ground that may exist, a regulation may be declared invalid if either of the following exists:

(1) The agency's determination that the regulation is reasonably necessary to effectuate the purpose of the statute, court decision, or other provision of law that is being implemented, interpreted, or made specific by the regulation is not supported by substantial evidence.

(2) The agency declaration pursuant to subdivision (c) of Section 11346.53 is in conflict with substantial evidence in the record.

For purposes of this section, the record shall be deemed to consist of all material maintained in the file of the rulemaking proceeding as defined in Section 11347.3.

(c) The approval of a regulation by the office or the Governor's overruling of a decision of the office disapproving a regulation shall not be considered by a court in any action for declaratory relief brought with respect to a regulation.

SEC. 7. Section 40727 of the Health and Safety Code is amended to read:

40727. (a) Before adopting, amending, or repealing a rule or regulation, the district board shall make findings of necessity, authority, clarity, consistency, nonduplication, and reference, as defined in this section, based upon relevant information presented at the hearing.

(b) As used in this section, "necessity" means that a need exists for the regulation, or for its amendment or repeal, as demonstrated by the record of the rulemaking authority.

(c) As used in this section, "authority" means that a provision of law or of a state or federal regulation permits or requires the regional agency to adopt, amend, or repeal the regulation.

(d) As used in this section, "clarity" means that the regulation is written or displayed so that its meaning can be easily understood by the persons directly affected by it.

(e) As used in this section, "consistency" means that the regulation is in harmony with, and not in conflict with or

contradictory to, existing statutes, court decisions, or state or federal regulations.

(f) As used in this section, "nonduplication" means that a regulation does not impose the same requirements as an existing state or federal regulation unless a district finds that the requirements are necessary or proper to execute the powers and duties granted to, and imposed upon, a district.

(g) As used in this section, "reference" means the statute, court decision, or other provision of law that the district implements, interprets, or makes specific by adopting, amending, or repealing a regulation.

SEC. 8. Section 40728.5 is added to the Health and Safety Code, to read:

40728.5. (a) Whenever a district intends to propose the adoption, amendment, or repeal of a rule or regulation that will significantly affect air quality or emissions limitations, that agency shall, to the extent data are available, perform an assessment of the socioeconomic impacts of the adoption, amendment, or repeal of the rule or regulation. The district board shall actively consider the socioeconomic impact of regulations and make a good faith effort to minimize adverse socioeconomic impacts, as defined below.

(b) For purposes of this section, "socioeconomic impact" means the following:

(1) The type of industries or business, including small business, affected by the rule or regulation.

(2) The impact of the rule or regulation on employment and the economy of the region affected by the adoption of the rule or regulation.

(3) The range of probable costs, including costs to industry or business, including small business, of the rule or regulation.

(4) The availability and cost effectiveness of alternatives to the rule or regulation being proposed or amended.

(5) The emission reduction potential of the rule or regulation.

(6) The necessity of adopting, amending, or repealing the rule or regulation in order to attain state and federal ambient air standards pursuant to Chapter 10 (commencing with Section 40910).

(c) This section shall not apply to any district with a population of less than 500,000 persons.

(d) On or before June 1, 1992, each district qualifying under subdivision (c) shall enter into a contract with an independent firm to perform a review and analysis of the methods by which the district assesses socioeconomic impacts of district rules and regulations. The analysis shall include an evaluation of any statistical models and other relevant data used by the district, the proficiency by which the data are applied, and recommendations for any improvements needed to ensure the accuracy and reliability of the assessments. The analysis shall evaluate the expertise of the district in performing the assessments and shall evaluate whether the quality and accuracy of these assessments would be substantially improved if they were

performed by an independent contractor. The analysis shall compare the relative costs of contracting independently versus having the district perform the assessments.

(e) On or before October 1, 1992, the analyses by independent firms, as specified in subdivision (d), shall be completed and submitted to the Legislature and the Governor.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 795

An act to amend Section 17037 of, and to add Sections 17037.5 and 17061.9 to, the Health and Safety Code, relating to employee housing.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 17037 of the Health and Safety Code is amended to read:

17037. (a) Every person, or the agent or officer thereof, constructing, operating, or maintaining a labor camp shall comply with the requirements of this part, with building standards published in the State Building Standards Code relating to labor camps, and with the other regulations adopted pursuant to this part.

(b) (1) Any person operating or maintaining a labor camp without first having obtained a permit to operate from the enforcement agency shall pay double the fees prescribed for the permit to operate the camp.

(2) Any person found for a second or subsequent time within a five-year period to be operating or maintaining a labor camp without first having obtained a permit to operate from the enforcement agency shall pay 10 times the fees prescribed for the permit to operate the camp. The two or more violations referenced in this paragraph may be with regard either to the same enforcement agency or to two or more different enforcement agencies.

SEC. 2. Section 17037.5 is added to the Health and Safety Code,

to read:

17037.5. (a) Any person who ceases to operate or maintain a labor camp which is subject to the permit requirement pursuant to this part shall be required to annually complete and submit a Certificate of Non-Operation to the enforcement agency. The Certificate of Non-Operation shall be submitted for two years following the discontinuation of the use of any area on the property as a labor camp. The Certificate of Non-Operation shall attest under penalty of perjury that the labor camp has been destroyed, or is no longer owned or operated, or has not been and shall not be occupied by five or more employees during the calendar year.

(b) The Certificate of Non-Operation shall include the owner's name and address, the operator's name and address, the labor camp name and location, the maximum number of employees who have occupied or shall occupy the labor camp during the calendar year, and any other information considered relevant by the enforcement agency. The Certificate of Non-Operation shall be completed and submitted to the enforcement agency no later than 30 calendar days after the enforcement agency provides the form to the operator.

SEC. 3. Section 17061.9 is added to the Health and Safety Code, to read:

17061.9. (a) In addition to other remedies provided in this part, the Director of the Department of Housing and Community Development or his or her designee or an employee authorized by a local enforcement agency which has assumed jurisdiction pursuant to Section 17050, may issue a citation which assesses a civil penalty to any operator of a labor camp violating this part, or regulations promulgated hereunder, if the operator has permitted the continuation of a violation for at least 30 days after issuance of an order to correct the violation or violations from the enforcement agency. Each citation and related civil penalty assessment shall be issued no later than seven months after issuance of the order to correct which is the basis of the citation. The civil penalties provided for in this section are not in addition to the penalties established in subdivision (b) of Section 17037.

(b) The amount of any civil penalty assessed pursuant to subdivision (a) shall not exceed three hundred dollars ($300) for each violation. The civil penalties assessed pursuant to this section shall be payable to the enforcement agency, notwithstanding any other provision of law. Whether or not the violation or violations, if applicable, giving cause for the citation are corrected, payment of the civil penalty shall be remitted to the enforcement agency within 45 days of the issuance of the citation.

(c) The amount of the civil penalty shall be increased to an amount not to exceed five hundred dollars ($500) for a violation if all the following circumstances exist:

(1) The citation is for a second or subsequent violation of this part, or the regulations promulgated hereunder, for which an order to correct was issued within one year prior to issuance of the new

citation; and

(2) The original violation has continued to exist for at least six months from the date the order to correct the violation was issued or has recurred within six months from the date the order to correct the violation was issued.

(d) Any person or entity served a citation pursuant to this section may petition the director or his or her designee or the officially authorized representative of the local enforcement agency, where applicable. The petition shall be a written request briefly stating the grounds of the request. Any petition to be considered, shall be received by the department within 30 days of the date of issuance of the citation.

(e) Upon receipt of a timely and complying petition, the enforcement agency shall suspend enforcement of the citation and set a time and place for the informal hearing and shall give the recipient of the citation written notice thereof. The hearing shall commence no later than 30 days following receipt of the petition or at another time scheduled by the enforcement agency pursuant to a request by the petitioner or the enforcement agency if the enforcement agency determines that good and sufficient cause exists. If the petitioner fails to appear at the time and place scheduled for the hearing, the enforcement agency may notify the petitioner in writing that the petition is dismissed and that compliance with the terms of the citation shall occur within 10 days after receipt of the notification.

(f) The enforcement agency shall notify the petitioner in writing of its decision and the reasons therefor within 30 days following conclusion of the informal hearing held pursuant to this section. If the decision upholds the citation, in whole or in part, the petitioner shall comply with the citation in accordance with the decision within 30 days after the decision is mailed by the enforcement agency.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 796

An act to amend the heading of Part 13 (commencing with Section 5800) of Division 1 of, and to amend Sections 5800, 5801, 5802, 5803, 5804, 5805, 5810, 5811, 5812, 5813, 5814, 5825, 5830, 5831, 5832, 5841, and 5842 of, and to add Section 5815 to, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor October 9, 1991 Filed with Secretary of State October 10, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code is amended to read:

PART 13. TAXATION OF MANUFACTURED HOMES

SEC. 2. Section 5800 of the Revenue and Taxation Code is amended to read:

5800. This part shall be known and may be cited as "The Manufactured Home Property Tax Law."

SEC. 3. Section 5801 of the Revenue and Taxation Code is amended to read:

5801. (a) As used in this part, "manufactured home" means a manufactured home as defined in Section 18007 of the Health and Safety Code or a mobilehome as defined in Section 18008 of the Health and Safety Code which:

(1) Was first sold new on or after July 1, 1980.

(2) Was, at the request of the owner, and following his or her notification of the Department of Housing and Community Development and the assessor, made subject to taxation under this part.

(b) (1) "Manufactured home," as used in this part, does not include a manufactured home which has become real property by being affixed to land on a permanent foundation system pursuant to Section 18551 of the Health and Safety Code and is taxed as all other real property is taxed.

(2) Except as provided in paragraph (1), a manufactured home, otherwise subject to taxation pursuant to this part, shall not be classified as real property for property taxation purposes that would be excluded from taxation pursuant to this part.

SEC. 4. Section 5802 of the Revenue and Taxation Code is amended to read:

5802. (a) Except as provided in subdivision (b), "base year value" as used in this part means the full cash value of a manufactured home on the date the manufactured home is purchased or changes ownership. If the manufactured home

undergoes any new construction after it is purchased or changes ownership, the base year value of the new construction is its full cash value on the date on which the new construction is completed, and if uncompleted, on the lien date.

(b) The base year value of a manufactured home for which the license fee is delinquent shall be its full cash value on the lien date for the fiscal year in which it is first enrolled.

SEC. 5. Section 5803 of the Revenue and Taxation Code is amended to read:

5803. (a) "Full cash value" means the "full cash value" or the "fair market value," as determined pursuant to Section 110, of a manufactured home similarly equipped and installed, including any value attributable to a manufactured home accessory building or structure as defined in Section 18008.5 of the Health and Safety Code which is sold along with the manufactured home, giving recognition, however, to the exemption provided in subdivision (m) of Section 3 of Article XIII of the Constitution.

(b) The Legislature finds and declares that, because owners of manufactured homes subject to property taxation on rented or leased land do not own the land on which the manufactured home is located and are subject to having the manufactured home removed upon termination of tenancy, "full cash value" for purposes of subdivision (a) does not include any value attributable to the particular site where the manufactured home is located on rented or leased land which would make the sale price of the manufactured home at that location different from its price at some other location on rented or leased land. In determining the "full cash value" of such a manufactured home on rented or leased land, the assessor shall take into consideration, among other relevant factors, sales prices listed in recognized value guides for manufactured homes, including, but not limited to, the Kelly Blue Book Manufactured Housing and Mobilehome Guide and the National Automobile Dealer Association's Mobilehome Manufactured Housing Appraisal Guide.

SEC. 6. Section 5804 of the Revenue and Taxation Code is amended to read:

5804. As used in this part, "taxable value of a manufactured home" means the base year value, or the base year value as adjusted pursuant to Section 5813, plus the value of any new construction as determined pursuant to Section 5825.

SEC. 7. Section 5805 of the Revenue and Taxation Code is amended to read:

5805. (a) Notwithstanding any other provision of law, manufactured home accessories, as defined in Section 18008.5 of the Health and Safety Code, installed on a rented or leased lot with a manufactured home first sold prior to January 1, 1977, and which were subject to the state vehicle license fee, shall not be subject to local property taxation, unless the manufactured home is also subject to local property taxation pursuant to this part or the accessory is permanently affixed to the land, such as on a foundation.

(b) In accordance with subdivision (a), manufactured home accessories installed on a rented or leased lot with a manufactured home first sold prior to January 1, 1977, shall be presumed subject to the state vehicle license fee. This presumption may be rebutted by evidence that an accessory was not included in the vehicle license fee base for the manufactured home or was not otherwise subject to the vehicle license fee.

SEC. 8. Section 5810 of the Revenue and Taxation Code is amended to read:

5810. Except as otherwise provided in this part, manufactured homes shall be subject to property taxation in the same manner and to the same extent, and shall be subject to the other provisions of this division in the same manner and to the same extent as any other personal property on the roll as defined in Section 109.

SEC. 9. Section 5811 of the Revenue and Taxation Code is amended to read:

5811. The amount of local property tax on a manufactured home shall be determined by applying the appropriate assessment ratio and tax rate to the taxable value of the manufactured home. The "appropriate tax rate" is the rate determined under Section 2237 for the tax rate area in which the manufactured home is situated.

SEC. 10. Section 5812 of the Revenue and Taxation Code is amended to read:

5812. The base year value of a manufactured home which is purchased or which changed ownership shall be entered on the roll for the lien date next succeeding the date of the purchase or change in ownership. The value of any new construction shall be entered on the roll for the lien date next succeeding the date of completion of the new construction. The value of new construction in progress on the lien date shall be entered on the roll as of the lien date.

SEC. 11. Section 5813 of the Revenue and Taxation Code is amended to read:

5813. For each lien date after the lien date for which the base year value is determined, the taxable value of a manufactured home shall be the lesser of:

(a) Its base year value, compounded annually since the base year by an inflation factor, which shall be the percentage change in the cost of living, as defined in Section 2212, provided, that any percentage increase shall not exceed 2 percent of the prior year's value; or

(b) Its full cash value, as defined in Section 5803, as of the lien date, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, or other factors causing a decline in value; or

(c) If the manufactured home is damaged or destroyed by disaster, misfortune, or calamity, its value determined pursuant to (b) shall be its base year value until the manufactured home is restored, repaired or reconstructed or other provisions of law require establishment of a new base year value.

SEC. 12. Section 5814 of the Revenue and Taxation Code is amended to read:

5814. For purposes of this part, "change in ownership" and "purchase" shall have the same meanings as provided in Sections 60 to 68, inclusive, to the extent applicable. The operative dates of those sections shall be controlling in the determination of whether a change in ownership or purchase of a manufactured home has occurred.

SEC. 13. Section 5815 is added to the Revenue and Taxation Code, to read:

5815. Notwithstanding any other provision of law, a manufactured home otherwise subject to taxation pursuant to this part, which has been removed from its situs and returned to a dealer's established place of business for purposes of resale, shall not be subject to property taxation during the period it is held in the dealer's inventory, provided it remains personal property.

SEC. 14. Section 5825 of the Revenue and Taxation Code is amended to read:

5825. (a) "Newly constructed" and "new construction" means:

(1) Any substantial addition to a manufactured home since the last lien date; and

(2) Any alteration of the manufactured home which constitutes a major rehabilitation thereof or which converts the property to a different use.

(b) Any rehabilitation, renovation, or modernization which converts a manufactured home to the substantial equivalent of a new manufactured home is a major rehabilitation of that manufactured home.

(c) Notwithstanding subdivisions (a) and (b), if a manufactured home has been damaged or destroyed by misfortune or calamity, "newly constructed" and "new construction" does not mean any timely reconstruction or replacement of the manufactured home, or portion thereof, where the manufactured home after reconstruction or replacement is substantially equivalent to the manufactured home prior to damage or destruction. Any reconstruction or replacement of a manufactured home, or portion thereof, which is not substantially equivalent to the damaged or destroyed manufactured home, shall be deemed to be new construction and only that portion which exceeds substantially equivalent reconstruction or replacement shall have a new base year value determined pursuant to Section 110.1.

If a manufactured home, subject to vehicle license and registration fees pursuant to Article 6 (commencing with Section 18114) of Chapter 8 of Part 2 of Division 13 of the Health and Safety Code, is destroyed or damaged by misfortune or calamity and is replaced by a substantially equivalent manufactured home subject to local property taxation, the assessor shall determine a base year value for that replacement manufactured home so that the property taxes levied, after adjustment for any applicable exemption, shall be the

same amount as the vehicle license and registration fees for the previous manufactured home for the year prior to its destruction or damage.

(d) Notwithstanding subdivisions (a) and (b), if a manufactured home, subject to vehicle license and registration fees pursuant to Article 6 (commencing with Section 18114) of Chapter 8 of Part 2 of Division 13 of the Health and Safety Code is taken by eminent domain, acquired by a public entity, or subject to any governmental action resulting in a judgment of inverse condemnation, "newly constructed" and "new construction" shall not mean any timely replacement of that manufactured home.

If a manufactured home, subject to vehicle license and registration fees pursuant to Article 6 (commencing with Section 18114) of Chapter 8 of Part 2 of Division 13 of the Health and Safety Code, is taken by eminent domain, acquired by a public entity, or subject to any governmental action resulting in a judgment of inverse condemnation, and is replaced by a comparable manufactured home subject to local property taxation, the assessor shall determine a base year value for the replacement manufactured home so that the property taxes levied, after adjustment for any applicable exemption, shall be the same amount as the vehicle license and registration fees for the previous manufactured home in the year that manufactured home was taken, acquired, or adjudged to be inversely condemned.

(e) The assessor shall determine the new base year value for the portion of any manufactured home which has been newly constructed. The base year value of the remainder of the manufactured home assessed, which did not undergo new construction, shall not be changed. New construction in progress on the lien date shall be appraised at its full value on such date and each lien date thereafter until the date of completion at which time the entire portion of the manufactured home which is newly constructed shall be reappraised at its full value.

SEC. 15. Section 5830 of the Revenue and Taxation Code is amended to read:

5830. The assessment of any manufactured home shall be entered on the secured roll and shall be subject to all provisions of law applicable to taxes on the secured roll, provided, however:

(a) If the taxes on any manufactured home are not a lien on real property of the owner of the manufactured home pursuant to Section 2188.1, 2189, or 2189.3 and are unpaid when any installment of taxes on the secured roll becomes delinquent, the tax collector may use the procedures applicable to the collection of delinquent taxes on the unsecured roll; and

(b) If the taxes on any manufactured home which are not a lien on real property of the owner of the manufactured home remain unpaid at the time set for the declaration of default for delinquent taxes, the taxes on the manufactured home, together with any penalties and costs which may have accrued thereon while on the secured roll, shall be transferred to the unsecured roll.

(c) The taxes on manufactured homes may be paid in two installments as provided in Chapter 2.1 (commencing with Section 2700) of Part 5, notwithstanding the provisions of Section 2605 and whether or not the board of supervisors has adopted a resolution in accordance with Section 2700.

SEC. 16. Section 5831 of the Revenue and Taxation Code is amended to read:

5831. (a) Except as provided in subdivision (f), the assessor shall, upon or prior to completion of the local roll:

(1) Notify each assessee whose manufactured home's taxable value has increased of the taxable value of that manufactured home as it shall appear on the completed local roll; and

(2) Notify each assessee whose mobilehome is to be placed on the local roll pursuant to subdivision (b) of Section 5812 because its license fee has become delinquent for 120 days or more of the taxable value of the manufactured home. The notification shall also be given to the legal owner, if any, of the manufactured home, at the same time it is given to the assessee.

(b) The information given by the assessor to the assessee and legal owner, as applicable, pursuant to paragraph (1) or (2) of subdivision (a) shall include a notification of hearings by the county board of equalization, which shall include the period during which assessment protests will be accepted and the place where they may be filed. The information shall also include an explanation of the stipulation procedure set forth in Section 1607 and the manner in which the assessee may request use of this procedure.

(c) The information shall also include the full value of the property.

(d) The information shall be furnished by the assessor to the assessee personally or by regular United States mail directed to him at his latest address known to the assessor.

(e) Neither the failure of the assessee to receive the information nor the failure of the assessor to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

(f) This section shall not apply to annual increases in the valuation of property which reflect the inflation rate, not to exceed 2 percent, pursuant to Section 5813.

(g) This section does not apply to increases in assessed value caused solely by changes in the assessment ratio provided for in Section 401.

SEC. 17. Section 5832 of the Revenue and Taxation Code is amended to read:

5832. (a) Upon application, the county tax collector shall issue a tax clearance certificate or a conditional tax clearance certificate. Any tax clearance certificate issued shall be used to permit registration of used manufactured homes and for any other purposes which may be prescribed by the Controller. The certificate may indicate that the county tax collector finds that no local property tax

is due or is likely to become due, or that any applicable local property taxes have been paid or are to be paid in a manner not requiring the withholding of registration or the transfer of registration. Any conditional tax clearance certificate issued shall indicate that the county tax collector finds that a tax liability exists, the amount due, and the final date that amount may be paid before a further tax liability is incurred. The certificate shall be in such form as the Controller may prescribe, and shall be executed, issued, and accepted for clearance of registration or permit issuance on the conditions which the Controller may prescribe.

(b) Within five working days of receipt of the written demand for a conditional tax clearance certificate or tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or tax clearance certificate, showing no tax liability exists, to the requesting escrow officer. In the event the final due date of the tax clearance certificate or conditional tax clearance certificate expires within 30 days of the date of its issuance, an additional conditional tax clearance certificate or tax clearance certificate shall be completed, which has a final due date of at least 30 days beyond the date of issuance.

(c) If the tax collector fails to comply with the demand within 30 days from the date the demand is mailed, the escrow officer may close the escrow in accordance with the provisions of subdivision (m) of Section 18035 of the Health and Safety Code.

(d) Notwithstanding any provisions of law requiring the tax collector to issue a tax clearance certificate or conditional tax clearance certificate within a specified period of time, when an escrow information demand is made pursuant to Section 18035 of the Health and Safety Code for a manufactured home that has not been enrolled in the county, the tax collector shall be afforded the number of working days necessary for the assessor to determine the value of the manufactured home and for the auditor to extend tax liability.

(e) The issuance, alteration, forgery, or use of any tax clearance certificate or conditional certificate in a manner contrary to the requirements of the Controller constitutes a misdemeanor.

SEC. 18. Section 5841 of the Revenue and Taxation Code is amended to read:

5841. The Department of Housing and Community Development shall furnish to the county assessor of the county in which a manufactured home is sited, on or before the last day of each calendar month, a listing of all new registrations and titles to manufactured homes sited, or to be sited, in that county.

SEC. 19. Section 5842 of the Revenue and Taxation Code is amended to read:

5842. The board, the Department of Motor Vehicles, the Department of Housing and Community Development and any county assessor shall exchange or otherwise provide to one another any information relevant to the regulations, titling and taxation of manufactured homes. Such information shall be held confidential by

the party receiving the information, except to the extent the information is open to public inspection pursuant to Sections 408, 408.1, and 833 of the Revenue and Taxation Code, and Section 1808 of the Vehicle Code.

SEC. 20. Notwithstanding Section 2229 of the Revenue and Taxation Code, the requirements of that section relating to any exemption of property for more than five years or for more than 75 percent of the value thereof, shall not apply to any exemption made by this act. In addition, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

CHAPTER 797

An act to amend Section 1367.3 of the Health and Safety Code, and to add Sections 10119.8 and 11512.35 to the Insurance Code, relating to health coverage.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.3 of the Health and Safety Code is amended to read:

1367.3. (a) On and after January 1, 1980, every health care service plan that covers hospital, medical, or surgical expenses on a group basis shall offer benefits for the comprehensive preventive care of children. Every plan shall communicate the availability of these benefits to all group contractholders and to all prospective group contractholders with whom they are negotiating. This section shall apply to a plan which, by rule or order of the commissioner, has been exempted from subdivision (i) of Section 1367, insofar as that section and the rules thereunder relate to the provision of the preventive health care services described herein.

(b) For purposes of this section, benefits for the comprehensive preventive care of children shall be consistent with the Recommendations for Preventive Pediatric Health Care, as adopted by the American Academy of Pediatrics in September 1987, and provide for the following:

(1) Physician services for routine physical examinations.

(2) Immunizations.

(3) Laboratory services in connection with routine physical examinations.

(4) For health care service plan contracts within the scope of this section that are issued, amended, or renewed on and after January 1, 1993, screening for blood lead levels in children at risk for lead poisoning, as determined by a physician and surgeon affiliated with

the plan, when the screening is prescribed by a physician and surgeon affiliated with the plan

SEC. 2. Section 10119.8 is added to the Insurance Code, to read:

10119.8. On and after January 1, 1993, every insurer issuing, amending, or renewing a policy of individual or group disability insurance that covers hospital, medical, or surgical expenses shall offer coverage for screening for blood lead levels for covered children. This section shall not apply to specified accident, specified disease, hospital indemnity, Medicare supplement, or long-term care health insurance policies.

SEC. 3. Section 11512.35 is added to the Insurance Code, to read:

11512.35. On and after January 1, 1993, every nonprofit hospital service plan contract which is issued, amended, or renewed that covers hospital, medical, or surgical expenses shall offer coverage for screening for blood lead levels for covered children.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 798

An act to add Sections 429.13, 429.14, and 429.15 to the Health and Safety Code, and to amend Section 43101 of, and to add Sections 43056, 43152.13, and 43553 to, the Revenue and Taxation Code, relating to health.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Occupational lead poisoning is a preventable disease.

(2) Lead poisoning affects the nervous, gastrointestinal, blood-forming, and reproductive systems.

(3) Workplace lead exposures may result in take-home exposures which cause childhood lead poisoning or environmental contamination.

(4) There is an urgent need to compile and analyze available information which will enable public health officials to identify patterns of occupational lead poisoning, and recommend actions to

eliminate the threat of occupational lead poisoning.

(b) Therefore, it is the intent of the Legislature to provide a coordinated and efficient structure to deal with these issues, and to eliminate the problem of occupational lead poisoning.

(c) It is also the intent of the Legislature that the fee structure established by this act will be modified to reflect the magnitude of lead exposure in the affected industries as data concerning blood lead levels within these industries becomes available through implementation of this program.

SEC. 2. Section 429.13 is added to the Health and Safety Code, to read:

429.13. (a) The state department shall establish and maintain an occupational lead poisoning prevention program, including, but not limited to, the following:

(1) Developing a system for monitoring laboratory reports of cases of adult lead toxicity, to create an occupational lead poisoning registry.

(2) Following up reported cases of occupational lead poisoning to ascertain the source of lead exposure.

(3) Conducting investigations in cases where take-home exposure may be occurring, where there is a likelihood of identifying additional cases, or where a previously unidentified risk factor may be present.

(4) Conducting training of employers, employees, and health professionals regarding prevention of occupational lead poisoning.

(5) Making recommendations for the prevention of lead poisoning.

(b) In any situation where the activities specified in subdivision (a) may duplicate or overlap the activities of any other state department or agency, including the Department of Industrial Relations, the state department shall coordinate with the other departments or agency and take actions to avoid program and service duplication.

(c) The state department may adopt regulations to implement this section and Sections 429.14 and 429.15. Any regulations adopted shall be considered and adopted as emergency regulations in accordance with Section 11346.1 of the Government Code.

SEC. 3. Section 429.14 is added to the Health and Safety Code, to read:

429.14. (a) A fee shall be paid annually to the State Board of Equalization by employers in industries identified by the four-digit Standard Industrial Classification (S.I.C., 1987 Edition) established by the United States Department of Commerce and for which the State Board of Equalization has received information from the State Department of Health Services of documented evidence of potential occupational lead poisoning.

(b) The State Department of Health Services shall provide to the State Board of Equalization on or before the first day of November of each year, all information for the prior three-year period obtained

by the California Blood Lead Registry, regarding evidence of potential occupational lead poisoning by the Standard Industrial Classification. Based on this information, the State Board of Equalization shall determine whether an employer is within Category A of the Standard Industrial Classification or within Category B of the Standard Industrial Classification and shall implement the fee schedule set forth in subdivision (c). For the purpose of this subdivision and subdivision (c), a Category A Standard Industrial Classification code is a Standard Industrial Classification code listed in Section 429.15 for which there have been less than 20 persons with elevated blood lead levels reported to the California Blood Lead Registry in the prior three-year period. A Category B Standard Industrial Classification code is a Standard Industrial Classification code listed in Section 429.15 for which there have been 20 or more persons with elevated blood lead levels reported to the California Blood Lead Registry in the prior three-year period. An elevated blood lead level is a level greater than or equal to 25 micrograms of lead per deciliter of blood.

(c) For employers with 10 or more employees, but less than 100 employees, in a Category A Standard Industrial Classification code, the annual fee shall be one hundred seventy-five dollars ($175). For employers with 100 or more employees, but less than 500 employees, in a Category A Standard Industrial Classification code, the annual fee shall be three hundred fifty dollars ($350). For employers with 500 or more employees in a Category A Standard Industrial Classification code, the annual fee shall be eight hundred seventy-five dollars ($875). For employers with 10 or more employees, but less than 100 employees, in a Category B Standard Industrial Classification code, the annual fee shall be two hundred fifty dollars ($250). For employers with 100 or more employees, but less than 500 employees, in a Category B Standard Industrial Classification code, the annual fee shall be seven hundred dollars ($700). For employers with 500 or more employees in a Category B Standard Industrial Classification code, the annual fee shall be two thousand dollars ($2,000). For the purpose of this subdivision, an employer is any person defined in Section 25118 of the Health and Safety Code. Employers with fewer than 10 employees are not subject to any fees pursuant to this section.

(d) The annual fee imposed in subdivision (b) shall be adjusted annually by the State Board of Equalization to reflect increases or decreases in the cost of living during the prior fiscal year as measured by the Consumer Price Index issued by the United States Department of Labor or a successor agency of the federal government. This adjustment of fees shall not be subject to the requirements of Chapter 2.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) In no event shall the annual fee exceed the cost of the program described in Section 429.13. The state department may exempt from payment of fees those employers who demonstrate that lead is not

present in their places of employment. The cost of the program described in Section 429.13 shall not exceed the amount of revenue collected from the annual fee.

(f) The fee imposed pursuant to subdivision (b) shall be paid by each employer which is identified in the schedule in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code and shall be deposited in the Occupational Lead Poisoning Prevention Account of the General Fund, which is hereby created, to be expended for the purposes of the Occupational Lead Poisoning Prevention Program, including the cost of administering the fees by the State Board of Equalization, upon appropriation by the Legislature.

SEC. 4. Section 429.15 is added to the Health and Safety Code, to read:

429.15. (a) Sections 429.13 and 429.14 shall apply to the following industries:

(1) 1622 Bridges, tunnels, and elevated highways.
(2) 1721 Painting, paper hanging, and decorating.
(3) 1791 Structural steel erection.
(4) 1795 Wrecking and demolition work.
(5) 2759 Commercial printing.
(6) 2816 Inorganic pigments manufacture.
(7) 2819 Industrial inorganic chemicals.
(8) 2821 Plastics materials and resins.
(9) 2892 Explosives manufacture.
(10) 2899 Chemical preparations.
(11) 3069 Fabricated rubber products.
(12) 3087 Custom compounding of purchased plastics resins.
(13) 3089 Plastic products.
(14) 3229 Pressed and blown glass.
(15) 3231 Products of purchased glass.
(16) 3253 Ceramic walls and floor tiles.
(17) 3262 Vitreous china food utensils.
(18) 3269 Pottery products.
(19) 3313 Electrometalurgical products.
(20) 3331 Primary copper.
(21) 3339 Primary nonferrous metals, except copper and aluminum.
(22) 3341 Secondary nonferrous metals.
(23) 3356 Nonferrous rolling, drawing, extruding.
(24) 3363 Aluminum die castings.
(25) 3364 Nonferrous die castings.
(26) 3365 Aluminum foundries.
(27) 3366 Copper foundries.
(28) 3369 Nonferrous foundries.
(29) 3399 Primary metal products.
(30) 3411 Metal cans manufacture.
(31) 3431 Metal sanitary ware.
(32) 3432 Plumbing fittings and brass goods.

(33) 3441 Fabricated structural metal.
(34) 3484 Small arms.
(35) 3491 Industrial valves.
(36) 3492 Fluid power valves and hose fittings.
(37) 3494 Valves and pipe fittings.
(38) 3496 Miscellaneous fabricated wire products.
(39) 3497 Metal foil and leaf.
(40) 3585 Refrigeration and heating equipment.
(41) 3599 Machinery, except electrical.
(42) 3624 Carbon and graphite products.
(43) 3661 Telephone and telegraph apparatus.
(44) 3662 Radio and television communication equipment.
(45) 3663 Radio and television equipment.
(46) 3669 Communications equipment.
(47) 3674 Semiconductors and related devices.
(48) 3691 Storage batteries.
(49) 3692 Primary batteries, dry and wet.
(50) 3699 Electrical equipment and supplies.
(51) 3711 Motor vehicles and car bodies.
(52) 3714 Motor vehicle parts and accessories.
(53) 3721 Aircraft.
(54) 3953 Marking devices.
(55) 3812 Search and navigation equipment.
(56) 3829 Measuring and controlling devices.
(57) 5064 Electrical appliances, television, and radios.
(58) 5093 Scrap and waste materials.
(59) 7538 General automotive repair shops.
(60) 7539 Automotive repair shops.
(61) 7997 Membership sports and recreation clubs.
(62) 7999 Amusement and recreation.

(b) (1) If the state department determines that the potential for occupational lead poisoning exists in industries not covered by this section, based on new evidence, the state department shall have the authority to add Standard Industrial Classification codes by regulation. Multiple case reports of occupational lead toxicity shall be a criterion for adding Standard Industrial Classification codes covered by this section for the purpose of fee assessment.

(2) If the state department determines that lead use and lead exposure no longer exist in an industry covered by this section, based on new evidence, the state department shall delete the Standard Industrial Classification code or individual industries within a Standard Industrial Classification code by regulation. If the state department otherwise determines that the potential for occupational lead poisoning no longer exists in an industry covered by this section, based on new evidence, the state department shall have the authority to delete Standard Industrial Classification codes or individual industries with a Standard Industrial Classification code by regulation. If the state department determines that lead use and lead exposure no longer exist in the operations of an employer in an

industry covered by this section, based on evidence submitted by the employer, the state department may waive the fee of that employer.

SEC. 5. Section 43056 is added to the Revenue and Taxation Code, to read:

43056. The fee imposed pursuant to Section 429.14 of the Health and Safety Code shall be administered and collected by the board in accordance with this part.

SEC. 6. Section 43101 of the Revenue and Taxation Code is amended to read:

43101. Every person, as defined in Section 25118 of the Health and Safety Code, who is subject to the fees specified in subdivision (a) of Section 25174 of the Health and Safety Code or imposed pursuant to Section 25174.1 of the Health and Safety Code or Section 429.14 of the Health and Safety Code or the surcharge imposed pursuant to Section 25205.9 of the Health and Safety Code shall register with the board on forms provided by the board.

SEC. 7. Section 43152.13 is added to the Revenue and Taxation Code, to read:

43152.13. (a) The fee imposed pursuant to Section 429.14 of the Health and Safety Code, which is collected and administered under Section 43056, is due and payable on the last day of the second month following the end of the calendar year.

(b) Every employer subject to the fee imposed pursuant to Section 429.14 of the Health and Safety Code shall, on forms provided by the board, file an annual return and pay the proper amount of fee due.

SEC. 8. Section 43553 is added to the Revenue and Taxation Code, to read:

43553. All taxes, interest, and penalties imposed on all amounts of tax required to be paid to the state pursuant to Section 43056 shall be paid to the board in the form of remittances payable to the State Board of Equalization. The board shall transmit the payments to the Treasurer to be deposited into the State Treasury to the credit of the Occupational Lead Poisoning Prevention Account.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 799

An act to amend Sections 113, 25886, 25887, and 25894 of, and to add Article 4.6 (commencing with Section 372) to Chapter 2 of Part 1 of Division 1 of, the Health and Safety Code, and to add Sections 43507, 43152.14, and 43554 to the Revenue and Taxation Code, relating to lead poisoning.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Legislation was enacted in 1986 (Chapter 481 of the Statutes of 1986) creating the Childhood Lead Poisoning Prevention Program within the State Department of Health Services.

(b) The State Department of Health Services recently reported to the Legislature its findings and recommendations for the prevention of childhood lead poisoning in California, including, but not limited to, the following:

(1) Because of differences in metabolism and excretion of lead, children are more vulnerable to lead toxicity than adults.

(2) Exposure to even low levels of lead can result in brain damage and behavior problems that seriously impair a child's performance in school.

(3) Severe lead poisoning can result in cerebral palsy, mental retardation, and loss of muscle control.

(4) Ingestion of lead-contaminated dust and soil, lead-based paint chips, and water contaminated by lead solder in older plumbing continue to be sources of severe lead poisoning in children.

(5) Lead in soil and dust is primarily derived from automobile exhaust from leaded gasoline, industrial emissions, and lead paint.

(6) Although leaded gasoline use is declining, a large number of motor vehicles continue to use leaded gasoline. In addition, lead deposited in the environment from past leaded gasoline use persists in the environment.

(7) Hand-to-mouth exposure is the primary cause of excessive lead accumulation in children. This exposure is exacerbated by the pronounced hand-to-mouth behavior of infants and toddlers.

(c) It shall be the goal of the State of California to evaluate all children for risk of lead poisoning, to screen those children at risk, and to provide appropriate case management for lead-poisoned children.

(d) It shall also be the goal of the State of California to identify those sources of lead contamination that are responsible for lead-poisoned children so that the sources can be eliminated.

(e) It shall also be the goal of the State of California to identify and

utilize existing programs to provide appropriate case management for children found to have lead poisoning, to the extent possible.

(f) It shall also be the goal of the State of California to provide education on lead-poisoning detection and case management to health care providers throughout the state.

SEC. 2. Section 113 of the Health and Safety Code is amended to read:

113. (a) The fees or charges for the issuance or renewal of any permit, license, registration, or document pursuant to Sections 403, 436.53, 527, 1017, 1616, 1676, 1677, 2202, 2805, 4083, 11887, 23013, 25628, 25049, 25059, 25064, 25079.3, 25094, 25694, 25696, 25697, 25812.8, 25816, 25817, 25889, 26262, 26506.2, 26593.2, 26593.4, 26688, 27010, 27011, 28126, 28410, 28411, and 28702 shall be adjusted annually by the percentage change printed in the Budget Act for those items appropriating funds to the state department. After the first annual adjustment of fees or charges pursuant to this section, the fees or charges subject to subsequent adjustment shall be the fees or charges for the prior calendar year. The percentage change shall be determined by the Department of Finance, and shall include at least the total percentage change in salaries and operating expenses of the state department. However, the total increase in amounts collected under this section shall not exceed the total increased cost of the program or service provided.

(b) The state department shall publish annually a list of the actual numerical fee charges for each permit, license, certification, or registration governed by this section. This adjustment of fees and publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 3. Article 4.6 (commencing with Section 372) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 4.6. Childhood Lead Poisoning Prevention

372. This article shall be known, and may be cited as, the Childhood Lead Poisoning Prevention Act of 1991.

372.1. For purposes of this act, the following definitions apply:

(a) "Appropriate case management" means health care referrals, environmental assessments, and educational activities, performed by the appropriate person, professional, or entity, necessary to reduce a child's exposure to lead and the consequences of the exposure, as determined by the United States Centers for Disease Control, or as determined by the department pursuant to Section 372.6.

(b) "Lead poisoning" means the disease present when the concentration of lead in whole venous blood reaches or exceeds levels constituting a health risk, as specified in the most recent United States Centers for Disease Control guidelines for lead poisoning as determined by the department, or when the

concentration of lead in whole venous blood reaches or exceeds levels constituting a heath risk as determined by the department pursuant to Section 372.6.

(c) "Department" means the State Department of Health Services.

(d) "Health assessment" has the same meaning as prescribed in Section 6800 of Title 17 of the California Code of Regulations.

(e) "Screen" means the medical procedure by which the concentration of lead in whole venous blood is measured.

(f) "Health care" means the identification, through evaluation and screening, if indicated, of lead poisoning, as well as any followup medical treatment necessary to reduce the elevated blood lead levels.

(g) "Environmental lead contamination" means the persistent presence of lead in the environment, in quantifiable amounts, that results in ongoing and chronic exposure to children.

372.2. (a) After July 1, 1992, but on or before July 1, 1993, the department shall adopt regulations establishing a standard of care, at least as stringent as the most recent United States Centers for Disease Control screening guidelines, by which all children shall be evaluated for risk of lead poisoning by health care providers during each child's periodic health assessment. The regulations shall be developed in consultation with medical experts, environmental experts, appropriate professional organizations, and the public, as determined by the department.

(b) The standard of care shall provide that, upon evaluation, those children determined to be "at risk" for lead poisoning, according to the regulations adopted pursuant to subdivision (a), shall be screened.

(c) The standard of care shall provide that no child shall be screened pursuant to this article if the parent or guardian of the child refuses to consent to the screening.

(d) The standard of care shall provide that health care providers shall be responsible only for evaluation of all children, for screening of children determined to be at risk, and for medically necessary followup services.

(e) The standard of care established pursuant to this section shall not become operative before April 1, 1993.

372.3. On or after April 1, 1993, in those instances in which a child is identified with lead poisoning, the department shall ensure appropriate case management. The department may contract with any public or private entity, including local agencies, to conduct the case management.

372.4. The department shall collect and analyze all information necessary to effectively monitor appropriate case management efforts. The department shall prepare a biennial report describing the effectiveness of appropriate case management efforts. This report shall be made available to local health departments and the general public.

372.6. Notwithstanding Section 309.71, the department shall have broad regulatory authority to fully implement and effectuate the purposes of this article. The authority shall include, but is not limited to, the following:

(a) The development of protocols to be utilized in screening and the procedures for changing those protocols when more accurate or efficient technologies become available.

(b) The designation of laboratories which are qualified to analyze whole blood specimens for concentrations of lead and the monitoring of those laboratories for accuracy.

(c) The development of reporting procedures by laboratories.

(d) Reimbursement for state-sponsored services related to screening and appropriate case management.

(e) Establishment of lower concentrations of lead in whole blood than those specified by the United States Centers for Disease Control for the purpose of determining the existence of lead poisoning.

(f) Establishment of lower acceptable levels of the concentration of lead in whole blood than those specified by the United States Centers for Disease Control for the purpose of determining the need to provide appropriate case management for lead poisoning.

(g) Development of appropriate case management protocols.

(h) Notification to the child's parent or guardian of the results of blood lead testing and environmental assessment.

(i) The establishment of a periodicity schedule for evaluation for childhood lead poisoning.

372.65. The program implemented pursuant to this article shall be fully supported from the fees collected pursuant to Section 372.7. Notwithstanding the scope of activity mandated by this article, in no event shall this article be interpreted to require services necessitating expenditures in any fiscal year in excess of the fees, and earnings therefrom, collected pursuant to Section 372.7. This article shall be implemented only to the extent fee revenues pursuant to Section 372.7 are available for expenditure for purposes of this article.

372.7. (a) There is hereby imposed a fee on manufacturers and other persons formerly, presently, or both formerly and presently engaged in the stream of commerce of lead or products containing lead, or who are otherwise responsible for identifiable sources of lead, which have significantly contributed historically, currently contribute, or both have significantly contributed historically and contribute currently to environmental lead contamination.

(b) After July 1, 1992, but on or before January 1, 1993, the department shall, by regulation, establish specific fees to be assessed on manufacturers and other parties formerly, presently, or both formerly and presently engaged in the stream of commerce of lead or products containing lead, or who are otherwise responsible for identifiable sources of lead which, as determined by the department, have significantly contributed historically, currently contribute, or both have significantly contributed historically and contribute currently to environmental lead contamination.

To the maximum extent practicable, the fees shall be assessed on the basis of the following criteria:

(1) A person's past and present responsibility for environmental lead contamination.

(2) A person's "market share" responsibility for environmental lead contamination.

This section shall not apply to, and no fee shall be assessed upon, any retailer of lead or products containing lead.

(c) The fee shall be assessed and collected annually by the State Board of Equalization. The first payment of these fees shall be due on or before April 1, 1993. The annual fee assessment in subdivision (a) shall be adjusted by the department to reflect both of the following:

(1) The increase in the annual average of the California Consumers Price Index, as recorded by the California Department of Industrial Relations, for the most recent year available.

(2) The increase or decrease in the number of children in California who are receiving services pursuant to this article.

This adjustment of fees shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) (1) No fee shall be assessed upon a person if that person can demonstrate, as determined by the department, that his or her industry did not contribute in any manner, as described in this section, to environmental lead contamination.

(2) No fee shall be assessed upon a party if that party demonstrates, as determined by the department, that the lead, or the product containing lead, with which it is currently, or was historically, associated does not currently, or did not historically, result in quantifiably persistent environmental lead contamination.

(e) The fee imposed pursuant to this section shall be administered and collected by the board of Equalization in accordance with the provisions of Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code. The fees shall be deposited in the Childhood Lead Poisoning Prevention Fund, which is hereby created in the State Treasury. Moneys in the fund shall be expended for the purposes of this article, including the State Board of Equalization's costs of collection and administration of fees, upon appropriation by the Legislature. All interest earned on the moneys which have been deposited into the Childhood Lead Poisoning Prevention Fund shall be retained in that fund.

(f) The fees collected pursuant to this section and the earnings therefrom shall be used solely for the purposes of implementing this article. The department shall not collect fees pursuant to this section in excess of the amount reasonably anticipated by the department to fully implement this article. The department shall not spend more than it collects from the fees and the earnings in implementing this article. In no fiscal year shall the department collect more than sixteen million dollars ($16,000,000) in fees, as adjusted for inflation

pursuant to subdivision (b).

(g) It is the intent of the Legislature, in subsequent legislation, to appropriate and deposit into the Childhood Lead Poisoning Prevention Fund the sum of one hundred twenty-eight thousand dollars ($128,000) from the General Fund on July 1, 1992, to the Controller for allocation as loans as follows:

(1) Seventy-eight thousand dollars ($78,000) to the State Department of Health Services, for the purposes of adopting regulations to establish the fee schedule authorized by this section. The State Board of Equalization shall repay the amount of this appropriation, on or before June 30, 1993, with interest at the pooled money investment rate, from fees collected pursuant to this section.

(2) Fifty thousand dollars ($50,000) to the State Board of Equalization, for the purposes of implementing this section. The State Board of Equalization shall repay the amount of this appropriation on or before June 30, 1993, with interest at the pooled money investment rate, from fees collected pursuant to this section.

(h) Regulations adopted for fee assessment and collection pursuant to this section shall be exempt from review by the Office of Administrative Law.

SEC. 4. Section 25886 of the Health and Safety Code is amended to read:

25886. It is unlawful to manufacture, process, import, sell, deliver, hold for sale, supply, or offer for sale in this state any tableware that releases a level of lead or cadmium in violation of the standards contained in the Compliance Policy Guides 7117.06 and 7117.07 as described in 54 Federal Register 23485 or any subsequent, more stringent standards adopted by the United States Food and Drug Administration, as determined by the director.

SEC. 5. Section 25887 of the Health and Safety Code is amended to read:

25887. (a) Except as provided in subdivisions (c) and (d), each piece of tableware sold, or offered for sale, in this state shall be permanently and indelibly marked with the name of the manufacturer or importer responsible for the sale of the tableware in California.

(b) For the purposes of this section, permanently and indelibly marked means fired or manufactured into the glazed tableware.

(c) This section shall not apply to any tableware that is manufactured without lead or cadmium as an intentionally added ingredient or as an unintentional contaminant.

(d) This section shall not apply to any tableware product which is of a peculiar structure or too small to accommodate the name of the manufacturer or importer in accordance with subdivision (a), provided that the product either (1) is permanently and indelibly marked with a registered trademark which is on file with the department, or is described and depicted in a certificate of registration which is on file with the department, or (2) is part of a tableware set or pattern, one or more pieces of which are marked in

accordance with subdivision (a).

SEC. 6. Section 25894 of the Health and Safety Code is amended to read:

25894. (a) Whenever an authorized agent of the department finds, or has probable cause to believe, that any tableware has the potential to release amounts of lead or cadmium in violation of this chapter, he or she shall affix to the tableware a detention tag, embargo tag, or other similar marking, as determined appropriate by the authorized agent. The tag or other marking shall give notice that the tableware is suspected of releasing amounts of lead or cadmium in violation of this chapter and that no person shall remove or dispose of the tableware by sale or otherwise until permission for removal or disposal is given by an authorized agent of the department or the court.

(b) For the purposes of this section, an authorized agent has probable cause to believe that tableware has the potential to release amounts of lead or cadmium in violation of this chapter when, but not limited to instances when, the tableware tests positive for lead or cadmium release using the field test described in the document published by the United States Food and Drug Administration entitled Analytical Letters Vol. 21, 1988, pages 2145 to 2154, inclusive, or any other test for lead release subsequently approved for field use by the United States Food and Drug Administration and determined by the department to be at least as effective a test for lead or cadmium release as the test described in this subdivision.

(c) If a field test conducted pursuant to subdivision (b) tests positive for lead release, the department shall use the Association of Official Analytical Chemists/American Society for Testing and Material 24-hour test method, or any other test subsequently approved by the federal Food and Drug Administration determined by the department to be at least as effective a test for lead or cadmium release as the test described in this subdivision. The department shall conduct or obtain those tests within a reasonable time after embargoing affected tableware, and shall release any tableware found not to violate the standards of this chapter within a reasonable time after the laboratory test has been completed. For any food establishment, as defined in Section 27520, the department shall conduct or obtain those tests within a reasonable time, not to exceed 10 days, after embargoing affected tableware, and shall release any tableware found not to violate the standards of this chapter within 96 hours after the laboratory test has been conducted.

(d) If an item of tableware is found to violate this chapter, the manufacturer, importer, retailer, and distributor shall, at the option of the holder of the tableware, either provide the holder of the tableware with comparable replacement tableware acceptable to the holder or be liable to the holder of the tableware for the cost of purchasing comparable replacement tableware.

(e) No person shall remove, sell, or dispose of detained or embargoed tableware without permission of an authorized agent of

the department or a court.

SEC. 7. Section 43057 is added to the Revenue and Taxation Code, to read:

43057. The fee imposed pursuant to Section 372.7 of the Health and Safety Code shall be administered and collected by the board in accordance with this part.

SEC. 8. Section 43152.14 is added to the Revenue and Taxation Code, to read:

43152.14. The fee imposed pursuant to Section 372.7 of the Health and Safety Code, which is collected and administered under Section 43057, is due and payable on or before April 1 of each year for the previous calendar year.

SEC. 9. Section 43554 is added to the Revenue and Taxation Code, to read:

43554. All fees, interest, and penalties imposed and all amounts of fees required to be paid to the state pursuant to Section 43057 shall be paid to the board in the form of remittances payable to the Board of Equalization of the State of California. The board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Childhood Lead Poisoning Prevention Fund.

SEC. 10. Nothing in this act shall be construed to require the state to abate sources of environmental lead contamination that are not otherwise required by law to be abated by the state.

SEC. 11. It is the intent of the Legislature that the State Department of Health Services exercise its authority in interpreting and implementing this act, including, but not limited to, assessing and collecting fees pursuant to Section 372.7 of the Health and Safety Code, to the extent not otherwise prohibited by law.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 800

An act to amend Sections 113, 1602, 1613, 1614, 1616, 1617, and 1726.1 of, to add Sections 1600.21, 1600.22, 1600.25, 1600.35, 1602.5, and 1616.5 to, and to repeal Sections 1601, 1602.1, 1603, and 1612 of, the Health and Safety Code, relating to health services.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 113 of the Health and Safety Code is amended to read:

113. (a) The fees or charges for the issuance or renewal of any permit, license, registration, or document pursuant to Sections 403, 436.53, 527, 1017, 1616, 1616.5, 1676, 1677, 2202, 2805, 4083, 11887, 23013, 25628, 25049, 25059, 25064, 25079.3, 25094, 25694, 25696, 25697, 25812.8, 25816, 25817, 26262, 26506.2, 26593.2, 26593.4, 26688, 27010, 27011, 28126, 28410, 28411, and 28702 shall be adjusted annually by the percentage change printed in the Budget Act for those items appropriating funds to the state department. After the first annual adjustment of fees or charges pursuant to this section, the fees or charges subject to subsequent adjustment shall be the fees or charges for the prior calendar year. The percentage change shall be determined by the Department of Finance, and shall include at least the total percentage change in salaries and operating expenses of the state department. However, the total increase in amounts collected under this section shall not exceed the total increased cost of the program or service provided.

(b) The state department shall publish annually a list of the actual numerical fee charges for each permit, license, certification, or registration governed by this section. This adjustment of fees and publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 1600.21 is added to the Health and Safety Code, to read:

1600.21. "Blood collection center" means a stationary auxiliary to a blood bank which is designed, equipped, and staffed to procure human whole blood or blood components which are to be transported to the blood bank for processing, storing, and distribution.

SEC. 3. Section 1600.22 is added to the Health and Safety Code, to read:

1600.22. "Stationary" means a nonmobile room or building maintained at a fixed address.

SEC. 4. Section 1600.25 is added to the Health and Safety Code, to read:

1600.25. "Mobile unit" means a transportable auxiliary to a blood bank designed, equipped, and staffed to procure human whole blood and to transport this blood to the bank for processing, storing, and distribution.

SEC. 5. Section 1600.35 is added to the Health and Safety Code, to read:

1600.35. "Blood component" or "blood derivative" means any product produced from whole blood.

SEC. 6. Section 1601 of the Health and Safety Code is repealed.

SEC. 7. Section 1602 of the Health and Safety Code is amended to read:

1602. No person licensed by the Public Health Service, United States Department of Health and Human Services shall be required to comply with Section 1602.5, or any regulations adopted thereunder.

SEC. 8. Section 1602.1 of the Health and Safety Code is repealed.

SEC. 9. Section 1602.5 is added to the Health and Safety Code, to read:

1602.5. (a) No person shall engage in the production of human whole blood or human whole blood derivatives unless the person is licensed under this chapter and the human whole blood or human whole blood derivative is collected, prepared, labeled, and stored in accordance with both of the following:

(1) The standards set forth in the 13th Edition of "Standards for Blood Banks and Transfusion Services," as published by the American Association of Blood Banks and in effect on November 15, 1989, or any amendments thereto or later published editions or amendments thereto.

(2) Those provisions of Title 17 of the California Code of Regulations that are continued in effect by subdivision (c) or that are adopted pursuant to subdivision (b).

(b) The department may, by the adoption of regulations, establish and require compliance with requirements in addition to, or in lieu of, those in subdivision (a) as the department deems appropriate to reflect changing technology or to improve the safety of human whole blood or human whole blood derivatives.

(c) Until the time superseded by any regulation adopted pursuant to this section, all of the provisions of Group 1 (commencing with Section 950) of Subchapter 1 of Chapter 2 of Part 1 of Title 17 of the California Code of Regulations shall remain in effect with the exception of the following:

(1) Subdivisions (i) to (k), inclusive, of Section 997.

(2) Sections 999 and 1001.

(3) Subdivisions (a) to (c), inclusive, of Section 1002.

(4) Paragraphs (2) and (3) of subdivision (e) of Section 1002.

(5) Subdivisions (f) and (g) of Section 1002.

(6) Paragraphs (2) to (6), inclusive, of subdivision (h) of Section 1002.

(7) Subdivisions (i), (k), and (*l*) of Section 1002.

(8) Subdivisions (a) to (c), inclusive, of Section 1004.

(9) Sections 1010, 1012, 1013, 1014, 1024, and 1024.1.

(10) Subdivisions (a), (b), and (e) of Section 1025.

(11) Paragraphs (1) to (3), inclusive, of subdivision (c) of Section 1025.

(d) Any amendment to the 13th Edition of "Standards for Blood Banks and Transfusion Services," any later editions, or any amendments thereto, published by the American Association of Blood Banks shall become effective in California 90 days after the effective date of this section, or 90 days after publication by the association, unless the department sends written notice, within such a 90-day period, to all persons licensed under this chapter to engage in the production of human whole blood or human whole blood derivatives, indicating which portions shall not become effective.

The department may determine that no portion of any amendments or later editions shall become effective. The department shall determine that no portion of an amendment or later edition shall become effective pursuant to this section whenever the department has not received a copy of the amendment or later edition by the date it is published by the American Association of Blood Banks.

SEC. 10. Section 1603 of the Health and Safety Code is repealed.

SEC. 11. Section 1612 of the Health and Safety Code is repealed.

SEC. 12. Section 1613 of the Health and Safety Code is amended to read:

1613. Applications for licenses issued under this chapter shall be made upon forms issued by the department. The applications shall contain at least the following:

(a) The name and address of the person owning the place, establishment, or institution in which biologics production is planned.

(b) The name and address of the person to be in charge of biologics production.

(c) The types of biologics to be produced.

(d) A full description of the building, its location, facilities, equipment, and apparatus to be used in biologics production.

(e) The name and address of each blood collection center operated by the applicant and whether the applicant operates any mobile units.

(f) Any additional information as the department may require.

SEC. 13. Section 1614 of the Health and Safety Code is amended to read:

1614. If the department does not within 60 days after the filing of the application issue a license, it shall state the grounds and reasons for its refusal in writing, serving a copy upon the applicant.

The notice may be served by registered mail addressed to the applicant at his last known address.

SEC. 14. Section 1616 of the Health and Safety Code is amended to read:

1616. Each application for a license or license renewal under this chapter shall be accompanied by a fee determined by the director by regulations and in an amount sufficient to cover the cost of administering this chapter but not to exceed those costs, as specified pursuant to Section 1616.5.

Each license issued under this chapter shall expire 12 months from the date of its issuance. Application for renewal of license accompanied by the fee shall be filed with the department not less than 10 days prior to the expiration each year. Failure to make a timely renewal shall result in expiration of the license.

SEC. 15. Section 1616.5 is added to the Health and Safety Code, to read:

1616.5. (a) The fee required pursuant to Section 1616 for the calendar year commencing January 1, 1992, and for each fiscal year thereafter unless adjusted pursuant to subdivision (b), shall not exceed the following:

One thousand five hundred dollars ($1,500) for a blood bank and no more than one blood collection center operated at the same location as the blood bank. In addition and irrespective of the location of the blood collection center, a fee of five hundred dollars ($500) for each additional blood collection center operated by the blood bank up to a maximum of one thousand five hundred dollars ($1,500) for three or more blood collection centers.

(b) The maximum application and renewal fees for blood bank licenses pursuant to subdivision (a) shall be adjusted annually in the manner specified in Section 113. The adjustments shall be rounded off to the nearest whole dollar.

(c) This chapter shall not be interpreted to exempt the state, a district, city, county, or city and county, from payment of fees or from meeting the requirements established pursuant to this chapter or regulations adopted thereunder.

SEC. 16. Section 1617 of the Health and Safety Code is amended to read:

1617. (a) The department shall administer this chapter.

(b) In order to carry out this chapter, any duly authorized representative of the department may do any of the following:

(1) Enter or inspect on an announced or unannounced basis any building, premise, equipment, materials, records, or information at any reasonable time to secure compliance with, or prevent a violation of, this chapter or the regulations adopted pursuant thereto.

(2) Inspect, photograph, or copy any records, reports, test results, test specimens, or other information related to the requirements of this chapter or the regulations adopted pursuant thereto.

(3) Secure any sample, photograph, or other evidence from any building or premise for the purpose of enforcing this chapter or the regulations adopted pursuant thereto.

SEC. 17. Section 1726.1 of the Health and Safety Code is amended to read:

1726.1. (a) Any licensed pharmacy engaged in providing,

pursuant to the order of a physician and surgeon, parenteral or enteral therapies administered by a licensed registered nurse employed, or whose services are arranged for, by the pharmacy, shall be exempt from the requirements of this chapter until January 1, 1993, or the effective date of regulations adopted by the state department pursuant to this chapter for these services, whichever occurs first.

(b) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute chaptered prior to January 1, 1993, deletes or extends that date.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 801

An act to amend Section 113 of, and to add Section 1644 to, to add Chapter 4.1 (commencing with Section 1635) to Division 2 of, to amend and renumber Section 1640 of, and to amend and renumber the heading of Chapter 4.1 (commencing with Section 1640) of Division 2 of, the Health and Safety Code, relating to tissue.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 113 of the Health and Safety Code is amended to read:

113. (a) The fees or charges for the issuance or renewal of any permit, license, registration, or document pursuant to Sections 403, 436.53, 527, 1017, 1616, 1639.5, 1676, 1677, 2202, 2805, 4083, 11887, 23013, 25049, 25059, 25064, 25079.3, 25094, 25628, 25694, 25696, 25697, 25812.8, 25816, 25817, 26262, 26506.2, 26593.2, 26593.4, 26688, 27010, 27011, 28126, 28410, 28411, and 28702 shall be adjusted annually by the percentage change printed in the Budget Act for those items appropriating funds to the state department. After the first annual adjustment of fees or charges pursuant to this section, the fees or charges subject to subsequent adjustment shall be the fees or charges for the prior calendar year. The percentage change shall be determined by the Department of Finance, and shall include at least

the total percentage change in salaries and operating expenses of the state department. However, the total increase in amounts collected under this section shall not exceed the total increased cost of the program or service provided.

(b) The state department shall publish annually a list of the actual numerical fee charges for each permit, license, certification, or registration governed by this section. This adjustment of fees and publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Chapter 4.1 (commencing with Section 1635) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 4.1. TISSUE BANKS

Article 1. Definitions, Licensure, and Exceptions

1635. (a) "Donor" is an individual, living or deceased, from whom tissue is removed.

(b) "Person" is an individual, corporation, business trust, estate trust, partnership, association, state or local government, or subdivision or agency thereof, or any other legal entity.

(c) "Tissue" is any human cell, group of cells, tissue or organ including the cornea, sclera, or vitreous humor and other segments of, or the whole eye, bones, skin, arteries, sperm, blood, other fluids, and any other portion of a human body.

(d) "Tissue bank" is any place, establishment, or institution that collects, processes, stores, or distributes tissue for transplantation into human beings.

(e) "Transplantation" is the act or process of transferring tissue from a donor to the body of another human being.

(f) "State department" is the State Department of Health Services.

1635.1. (a) Except as provided in subdivision (b), every tissue bank operating in California on or after July 1, 1992, shall have a current and valid tissue bank license issued or renewed by the state department pursuant to Section 1639.2 or 1639.3.

(b) This chapter shall not apply to any of the following:

(1) The collection, processing, storage, or distribution of human whole blood or its derivatives by blood banks licensed pursuant to Chapter 4 (commencing with Section 1600) or any person exempt from licensure under that chapter.

(2) The collection, processing, storage, or distribution of tissue for autopsy, biopsy, training, education, or for other medical or scientific research or investigation, where transplantation of the tissue is not intended or reasonably foreseeable.

(3) The collection of tissue by an individual physician and surgeon from his or her patient or the implantation of tissue by an individual physician and surgeon into his or her patient. This exemption shall

not be interpreted to apply to any processing or storage of the tissue.

(4) The collection, processing, storage, or distribution of fetal tissue or tissue derived from a human embryo or fetus.

(5) The collection, processing, storage, or distribution by an organ procurement organization (OPO), as defined in Section 485.302 of Title 42 of the Code of Federal Regulations, if the OPO, at the time of collection, processing, storage, and distribution of the organ, has been designated by the Secretary of Health and Human Services as an OPO, pursuant to Section 485.305 of Title 42 of the Code of Federal Regulations, and meets the requirements of Sections 485.304 and 485.306 of Title 42 of the Code of Federal Regulations, as applicable.

(6) The storage of prepackaged, freeze-dried bone by a general acute care hospital.

1635.2. The Legislature hereby declares its intent that the collection, processing, storage, or distribution of tissue for the purpose of transplantation, as regulated by this chapter, shall be deemed a service by those persons engaged in these activities. Therefore, the collection, processing, storage, or distribution of tissue for the purpose of transplantation, as regulated by this chapter, shall not be subject to the requirements of Division 2 (commencing with Section 2101) of the Commercial Code.

Article 2. Regulation of Tissue Banks

1639. (a) The state department may adopt rules and regulations governing the administration and enforcement of this chapter.

(b) Regulations adopted by the state department may include minimum standards for the following:

(1) Safe preservation, transportation, storage, and handling of tissue acquired or used for transplantation.

(2) Testing of donors to determine compatibility when appropriate.

(3) Testing or assessment of donors to prevent the spread of disease through transplantation.

(4) Equipment.

(5) Methods.

(6) Personnel qualifications.

(7) Any other area concerning the operation or maintenance of a tissue bank, not inconsistent with this chapter, as may be necessary to carry out this chapter.

1639.1. Any person desiring a license issued pursuant to Section 1639.3 shall file with the state department a verified application on forms prescribed by the state department containing all of the following:

(a) The name of the applicant for licensure.

(b) The street address of the tissue bank. If more than one street address is occupied by the tissue bank, all occupied street addresses shall be listed.

(c) Whether the applicant is an individual, partnership, unincorporated association, or corporation.

(d) Whether the applicant does business under a fictitious name, and, if so, the fictitious name and the name of the locality wherein any fictitious name permit is filed.

(e) If the applicant is a partnership, the names of all the members of the partnership, or unincorporated association, whether general or limited.

(f) If the applicant is a corporation, the name of the officers, directors, shareholders holding a 5 percent or more interest in the corporation, and any person, partnership, or corporation who or which has the responsibility to manage or conduct the day-to-day operation of the tissue bank.

(g) The type of tissue collected, processed, stored, or distributed by the tissue bank.

(h) The names, titles, and qualifications of the persons responsible for the collection, processing, storage, or distribution of tissue by the tissue bank.

(i) Any process utilized by the tissue bank to ensure safe preservation, transportation, storage, and handling, of tissue acquired or used by the tissue bank.

(j) Any process utilized by the tissue bank to determine if, when appropriate, donors have been tested to determine compatibility.

(k) Any process utilized by the tissue bank to determine if donors have been tested or assessed for the transmission of disease through transplantation.

1639.2. (a) Each license issued pursuant to subdivision (a) of Section 1639.3 before July 1, 1992, shall expire July 1, 1993. Every other license issued pursuant to subdivision (a) of Section 1639.3 shall expire 12 months from the date of issuance.

(b) An application for renewal of a license issued pursuant to subdivision (a) of Section 1639.3 shall be filed with the state department not less than 30 days prior to its expiration date and shall be accompanied by the annual renewal fee required in Section 1639.5. Failure to make timely application or payment for renewal shall result by operation of law in expiration of the license on its expiration date.

(c) Upon application and payment of the required fee, a renewal license issued under subdivision (a) of Section 1639.3 shall be renewed for one- or two-year periods, at the option of the licensee, as long as the licensee has been found to be in substantial compliance with this chapter and the rules and regulations adopted under this chapter during the preceding license period.

(d) Any license issued pursuant to this chapter shall be forfeited by operation of law prior to its expiration date when one of the following occurs:

(1) The tissue bank is sold or otherwise transferred.

(2) The license is surrendered to the state department.

1639.3. (a) Upon the filing of the verified application for

licensure required by Section 1639.1, payment of the application fee in the amount required in Section 1639.5, and full compliance with this chapter and the rules and regulations adopted by the state department, the state department shall issue a license to operate a tissue bank to the applicant.

(b) If the state department finds that the applicant is not in compliance with this chapter or the rules or regulations adopted under this chapter, or if it finds that the applicant has acted in a manner which would justify the revocation or suspension of a tissue bank license as described in Section 1643, the license shall be denied.

(c) The state department may, prior to a determination under subdivision (a) that the applicant is in full compliance, but after the filing of a complete and verified application and payment of the application fee, issue a provisional license to operate a tissue bank to the applicant. The provisional license shall remain in effect until a license is either granted under subdivision (a) or denied under subdivision (b).

If this period is longer than a year from the date of filing the application for licensure, the applicant shall pay an additional annual fee of nine hundred fifty dollars ($950) in order for the provisional license to remain in effect for an additional one-year period. Failure to pay the additional annual fee shall result, by operation of law, in automatic expiration of the provisional license one year from the date of its original issuance. If the provisional license does so expire, the applicant may not continue to operate a tissue bank pending the department's determination of whether a license shall be granted or denied.

1639.4. Immediately upon the denial of any application for a license, the state department shall notify the applicant in writing. Within 20 days after the state department mails the notice, the applicant may present a written petition for a hearing to the state department. Upon receipt by the state department of the petition in proper form, the petition shall be set for hearing. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

1639.5. (a) The application and annual renewal fee for a tissue bank license shall be nine hundred fifty dollars ($950). Upon application for renewal of a license issued pursuant to subdivision (a) of Section 1639.3, the amount of the annual renewal fee required shall be determined by the period of time for which renewal is sought, which shall be either a one- or two-year period. The amount due shall be the amount prorated to the length of time the renewal is sought, based on the annual nine hundred fifty dollar ($950) fee.

(b) Notwithstanding subdivision (a), no license fee shall be required for any tissue bank operated by the state or any state agency or by a district, city, county, or city and county, or any subdivision or agency thereof.

1639.55. (a) There is hereby established in the State Treasury

the Tissue Bank License Fund. Notwithstanding any other provision of law, if, at the end of any fiscal year, the unencumbered balance in any account in the Tissue Bank License Fund exceeds 110 percent of the amount appropriated from the account for the following fiscal year, the state department shall reduce the application and annual renewal fees which are deposited into the account. The amount of the reduction shall be sufficient to reduce the unencumbered balance in the account at the end of the following fiscal year to less than 110 percent of the amount appropriated in that fiscal year. The adjustment of fees pursuant to this section shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The state department shall receive and account for all money received pursuant to this chapter and shall deposit it with the Treasurer who shall keep the money in the Tissue Bank License Fund.

(c) Moneys deposited to the credit of the Tissue Bank License Fund which are appropriated in the Budget Act or any other appropriation act for support of or expenditure by the state department shall be used by the state department to administer this chapter.

(d) Upon the request of the State Director of Health Services, the Director of Finance may make a loan to the Tissue Bank License Fund from funds appropriated from the General Fund for that purpose. The amount of any such loan shall be approved by the Director of Finance and be repaid under those terms and conditions as prescribed by the Director of Finance, but shall, in any event, be repaid not later than June 30, 1995.

1639.6. (a) In order to carry out the purpose of this chapter, any duly authorized representative of the department may do any of the following:

(1) Enter or inspect on an announced or unannounced basis any building, premise, equipment, materials, records, or information at any reasonable time to secure compliance with, or prevent a violation of, this chapter or the rules or regulations adopted by the state department.

(2) Inspect, photograph, or copy any records, reports, test results, test specimens, or other information related to the requirements of this chapter or the rules or regulations adopted by the state department.

(3) Secure any sample, photograph, or other evidence from any building or premise for the purpose of enforcing this chapter or the rules or regulations adopted by the state department.

(b) The state department may require licensed tissue banks to demonstrate satisfactory performance in a proficiency testing program approved by the state department in laboratory procedures which the tissue bank performs.

1641. Any person who violates this chapter or who willfully and repeatedly violates any rule or regulation adopted under this

chapter, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000) or by imprisonment in a county jail for a period not to exceed 180 days, or by both fine and imprisonment.

1641.1. The state department may bring an action to enjoin the violation or threatened violation of Section 1635.1 in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the state department shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss. With respect to any action brought pursuant to this section alleging actual violation of Section 1635.1, the court shall, if it finds the allegations to be true, issue its order enjoining the continuance of the violation.

Article 3. Suspension or Revocation of License

1643. The state department may suspend or revoke any license issued under this chapter for any of the following reasons:

(a) Violation by the licensee of this chapter or any rule or regulation adopted under this chapter.

(b) Aiding, abetting, or permitting the violation of any provision of this chapter, the rules or regulations adopted under this chapter or the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code).

(c) Proof that the licensee has made false statements in any material regard on the application for a tissue bank license.

(d) Conduct inimical to the public health, morals, welfare, or safety of the people of the State of California in the maintenance or operation of the premises or services for which a license is issued.

(e) Conduct prohibited under Section 367f of the Penal Code and under Section 274e of Title 42 of the United States Code.

(f) The conviction of a licensee or the person in charge of the tissue bank of any crime which is substantially related to the qualifications or duties of the licensee or the person in charge of the tissue bank or which is substantially related to the functions of the tissue bank. For purposes of this section, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action to revoke or suspend the license may be taken when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Section 1203.4 of the Penal Code permitting withdrawal of a plea of guilty and entry of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment. The director shall take into account all competent evidence of rehabilitation furnished by the

licensee or person in charge of the tissue bank.

1643.1. Proceedings for the suspension or revocation of licenses under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the state department shall have all the powers granted therein.

1643.2. The state department may temporarily suspend any license issued under this chapter prior to any hearing, when it has determined that the action is necessary to protect the public welfare. The state department shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve the licensee with an accusation. Upon receipt of a notice of defense by the licensee, the matter shall, within 15 days, be set for hearing. The hearing shall be held as soon as possible but not later than 30 days after receipt of such notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the state department has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the state department fails to make a final determination on the merits within 60 days after the original hearing has been completed.

SEC. 3. The heading of Chapter 4.1 (commencing with Section 1640) of Division 2 of the Health and Safety Code is amended and renumbered to read:

CHAPTER 4.2. DONATIONS OF ORGANS, TISSUES, OR BODY FLUIDS

SEC. 4. Section 1644 is added to the Health and Safety Code, to read:

1644. For purposes of this chapter, "donor," "person," "tissue," and "state department" shall have the meaning as defined for those terms in Section 1635.

SEC. 5. Section 1640 of the Health and Safety Code is amended and renumbered to read:

1644.5. (a) No tissues shall be transferred into the body of another person by means of transplantation, unless the donor of the tissues has been screened and found nonreactive by laboratory tests for evidence of infection with HIV, agents of viral hepatitis (HBV and HCV), human T lymphotrophic virus-1 (HTLV-1) and syphilis. The state department may adopt regulations requiring additional screening tests of donors or tissues when, in the opinion of the state department, the action is necessary for the protection of the public, donors, or recipients.

(b) Notwithstanding subdivision (a), infectious disease screening of blood and blood products shall be carried out solely in accordance with Article 2 (commencing with Section 1601) of Chapter 4.

(c) Subdivision (a) shall not apply to the transplantation of tissue from a donor who has not been tested or, with the exception of HIV, has been found reactive for the infectious diseases listed in

subdivision (a) or for which the state department has, by regulation, required additional screening tests, if both of the following conditions are satisfied:

(1) The physician and surgeon performing the transplantation has determined any one or more of the following:

(A) Without the transplantation the intended recipient will most likely die during the period of time necessary to obtain other tissue or to conduct the required tests.

(B) The intended recipient already is diagnosed with the infectious disease for which the donor has tested positive.

(C) The symptoms from the infectious disease for which the donor has tested positive will most likely not appear during the intended recipient's likely lifespan after transplantation with the tissue or may be treated prophylactically if they do appear.

(2) Consent for the use of the tissue has been obtained from the recipient, if possible, or if not possible, from a member of the recipient's family, or the recipient's legal guardian. For purposes of this section, "family" shall mean spouse, adult son or daughter, either parent, adult brother or sister, or grandparent.

(d) Tissues from donors who test reactive for agents of viral hepatitis, (HBV and HCV), human T lymphotrophic virus-1 (HTLV-1) or syphilis shall not be used in California for transplantation by means of therapeutic insemination or ingestion.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 802

An act to amend Section 30620 of, and to add Sections 30012and 30234.5 to, the Public Resources Code, relating to coastal resources.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 30012 is added to the Public Resources Code, to read:

30012. (a) The Legislature finds that an educated and informed citizenry is essential to the well-being of a participatory democracy

and is necessary to protect California's finite natural resources, including the quality of its environment. The Legislature further finds that through education, individuals can be made aware of and encouraged to accept their share of the responsibility for protecting and improving the natural environment.

(b) (1) The commission shall, to the extent that its resources permit, carry out a public education program that includes outreach efforts to schools, youth organizations, and the general public for the purpose of promoting understanding of, fostering a sense of individual responsibility for, and encouraging public initiatives and participation in programs for, the conservation and wise use of coastal and ocean resources. Emphasis shall be given to volunteer efforts such as the Adopt-A-Beach program.

(2) In carrying out this program, the commission shall coordinate with other agencies to avoid duplication and to maximize information sharing.

(c) The commission is encouraged to seek funding from any appropriate public or private source and may apply for and expend any grant or endowment funds for the purposes of this section without the need to specifically include funds in its budget. Any funding made available to the commission for these purposes shall be reported to the fiscal committee of each house of the Legislature at the time its budget is being formally reviewed.

(d) The commission is encouraged to seek and utilize interns for the purpose of assisting its regular staff in carrying out the purposes of this section and this division and, notwithstanding any other provision of law, may participate in any internship program the executive director determines to be appropriate. With respect to any internship program the commission uses, it shall make the best efforts to ensure that the participants in the program reflect the ethnic diversity of the state and are provided an educational and meaningful experience.

(e) The commission shall submit to each house of the Legislature an annual report describing the progress it is making in carrying out this section.

SEC. 2. Section 30234.5 is added to the Public Resources Code, to read:

30234.5. The economic, commercial, and recreational importance of fishing activities shall be recognized and protected.

SEC. 3. Section 30620 of the Public Resources Code is amended to read:

30620. (a) By January 30, 1977, the commission shall, consistent with the provisions of this chapter, prepare interim procedures for the submission, review, and appeal of coastal development permit applications and of claims of exemption. Such procedures shall include, but are not limited to, the following:

(1) Application and appeal forms.

(2) Reasonable provisions for notification to the commission and other interested persons of any action taken by a local government

pursuant to this chapter, in sufficient detail to assure that a preliminary review of such action for conformity with the provisions of this chapter can be made.

(3) Interpretive guidelines designed to assist local governments the commission, and persons subject to this chapter in determining how the policies of this division shall be applied in the coastal zone prior to certification of local coastal programs; provided, however, that the guidelines shall not supersede, enlarge, or diminish the powers or authority of the commission or any other public agency.

(b) Not later than May 1, 1977, the commission shall, after public hearing, adopt permanent procedures that include the components specified in subdivision (a) and those transmit a copy of such procedures to each local government within the coastal zone and shall make them readily available to the public. The commission may thereafter, from time to time, and, except in cases of emergency, after public hearing, modify or adopt additional procedures or guidelines as it determines to be necessary to better carry out this division.

(c) The commission may require a reasonable filing fee and the reimbursement of expenses for the processing by the commission of any application for a coastal development permit under this division and, except for local coastal program submittals, for any other filing, including, but not limited to, a request for revocation, categorical exclusion, or boundary adjustment, submitted for review by the commission. The funds received under this subdivision shall be expended by the commission only when appropriated by the Legislature.

CHAPTER 803

An act to amend Sections 320.5 and 321.7 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 320.5 of the Health and Safety Code is amended to read:

320.5. A State Maternal, Child, and Adolescent Health Board advisory to the director is hereby established within the State Department of Health Services.

The state board shall consist of 13 voting members. The membership shall reflect the ethnic and geographic diversity of the State of California and shall include individuals or parents of individuals who are recipients of services administered by the department, health providers, including Medical Board of California

certified or qualified physicians, and representatives of other related interests. The Governor shall appoint seven members of the state board, including a county health officer; a member of the Primary Care Clinics Advisory Committee; one family practice physician; one dentist a major part of whose practice is children's dentistry; one pediatrician; one representative of a child health advocacy organization; and one parent, who is not a health care provider, of a child eligible for health services administered by the department. The Senate Rules Committee shall appoint three members of the state board, including a pediatrician, and a parent, who is not a health care provider, of a child eligible for health services administered by the department, and an individual experienced in administering a local family planning agency. The Speaker of the Assembly shall appoint three members of the state board, including a pediatrician, a nurse specializing in child health, and an obstetrician/gynecologist. A member of the State Council on Developmental Disabilities, a member of the State Commission on Special Education, the Directors of the Departments of Health Services, Mental Health, and Social Services and the Superintendent of Public Instruction, or their designees, shall serve as ex officio, nonvoting members of the state board. The term of each member shall be three years, or for the duration that each member maintains the qualifications under which he or she was appointed, whichever is shorter.

The members of the state board shall serve without compensation but shall be reimbursed for any actual and necessary expenses incurred in connection with the performance of their duties under this article. Members who are parents of children eligible for departmental programs may additionally be reimbursed upon request for their actual and necessary costs of additional child care and lost wages. The State Department of Health Services shall provide necessary support staff and services to the state board. The state board shall utilize available department staff to carry out specific tasks enumerated in this article. The state board may hire staff for special projects provided the total budget level for board operations does not exceed the existing level, except as provided for by the director or the Legislature by statute.

The state board shall select its own chairperson from among the 13 appointed members by majority vote of the members and shall establish technical advisory committees as it deems necessary and desirable for the efficient and expeditious performance of its duties. The director may provide or the state board may request that the director provide additional technical experts and consultants to facilitate and support the work of the state board. The state board shall meet on call of the chairperson, at least once quarterly, or as often as necessary to fulfill its duties. All meetings and records of the state board shall be open to the public.

The state board shall have all of the following powers, duties and responsibilities:

(a) Recommend that independent studies, investigations, and

hearings on the health of women, children, and adolescents and the system of health services for women, children, and adolescents be conducted.

(b) Review health programs which serve women, children, and adolescents and recommend steps to facilitate service delivery.

(c) Identify deficiencies and barriers in the maternal, child, and adolescent health delivery system on a statewide basis, and recommend priorities for remedy.

(d) Review, during the development stage, any plans developed by the department for establishment of new or for major revision to, existing health programs for women, children, and adolescents and make recommendations on those plans.

(e) Receive from the department for review and comment, prior to their adoption and prior to public hearing if a public hearing is required, rules, regulations, and standards affecting maternal, child, and adolescent health. These may include, but not be limited to, the following:

(1) Review of standards for health screening, evaluation, and diagnostic procedures for community maternal, child, and adolescent health programs.

(2) Review of standards for directors of community maternal, child, and adolescent health programs.

(3) Review of standards for public and private health providers, facilities, and agencies which participate in community maternal, child, and adolescent health programs.

(f) Review and comment upon any proposed written department policies that would have a significant effect on maternal, child, and adolescent health programs as determined by the board.

(g) Review policies and develop recommendations regarding:

(1) Health goals with measurable objectives for women, children and adolescents in California.

(2) Range of services currently available and systems to assure coordination of services for women, children, and adolescents, including fiscal aspects thereof.

(h) Review reports and respond to needs and recommendations of the local boards.

(i) Work with local boards to evaluate the success of established programs and assess the potential viability of proposed programs.

The provisions of this section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

SEC. 2. Section 321.7 of the Health and Safety Code is amended to read:

321.7. Local maternal, child, and adolescent health boards are hereby established to advise governing bodies and local health officers on local programs and services affecting the health of women, children, and adolescents. The local board shall be appointed by the governing body and shall reflect the demographic

and ethnic characteristics of the geographic area served. A governing body may constitute local boards on a subcounty basis or the governing boards of more than one area may constitute boards on a multicounty basis, as appropriate. Local boards shall supersede and incorporate the local child health and disability prevention program advisory board and may supersede and incorporate any other bodies advisory to local government on maternal, child, and adolescent health programs. Each local board shall include individuals who are eligible or who are parents of children eligible for health services administered by the department, representatives from health professions and organizations concerned with maternal, child, and adolescent health, a school health representative, members of existing local groups advisory to maternal, child, and adolescent health programs in the jurisdiction, and other individuals interested in the health of women, children, and adolescents.

The local health officer, or officers in the case of a multicounty board, shall be responsible for providing support staff and services to the local board from state or federal funding presently utilized for planning and organizing maternal, child, and adolescent health services. Counties shall not be required to expend more funds than presently are being expended for the purpose of this section and shall include the costs in any annual maternal, child, and adolescent health plan is required for department approval. Local board members shall serve without compensation, except that members shall be reimbursed for actual and necessary expenses incurred in connection with the performance of their duties. Members may additionally be reimbursed upon request to the appropriate governing body for their actual and necessary additional costs of child care and lost wages.

Each local board shall have all of the following powers, duties, and responsibilities:

(a) Review the community's maternal, child, and adolescent health needs and the adequacy of health care services, programs, providers, and facilities to meet those needs.

(b) Review and comment during the development and adoption of the required annual local maternal and child health services plan. The plan shall address strategies for coordinating and integrating local maternal, child, and adolescent health programs and planning processes.

(c) Advise the appropriate governing body or bodies and local health officer or officers on methods of integration at the local level of categorical programs affecting the health of women, children, and adolescents, including, but not limited to:

(1) Proposing specific models, including funding levels, which integrate maternal and child health services at the local level which are consistent with state guidelines and the local maternal and child health plan.

(2) Disseminating information on and recommending uses of block grant funding or other financing methods which may be made

available to the local jurisdiction.

(3) Monitoring and evaluating model integrated delivery systems as to outcome and cost-effectiveness, and recommending termination or continuation of the models based on the review.

(d) Review local health statistics and program data to assess improvement in the overall health status of women, children, and adolescents.

(e) Provide formal written input on local maternal, child and adolescent health services and needs to the local health planning agencies for inclusion in plans for health services and local proposed use of available funds.

(f) Determine the concerns of consumers and local service providers in regard to maternal, child, and adolescent health.

(g) Provide input to the state board to assure that policy advice given to the department reflects local needs.

(h) Review and comment to the governing body on local implications of reports, recommendations and actions of the state board. Local individuals and organizations may respond to the actions of the local board in their jurisdiction by submitting written comments to the appropriate governing body or bodies and the appropriate local health officer or officers.

The local board may also perform any other duties relating to maternal, child, and adolescent child health which may be delegated to it by the appropriate governing body or bodies.

The provisions of this section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

SEC. 3. (a) To the extent permitted by federal law, the sum of three hundred thousand dollars ($300,000) is hereby appropriated from federal Maternal and Child Health Services Block Grant funds carried over from prior fiscal years, which are available for expenditure during the 1991–92 fiscal year and not otherwise appropriated in the Budget Act of 1991, to the State Department of Health Services for expenditure during the 1991–92 fiscal year for school-based clinics.

(b) The State Department of Health Services shall allocate funds made available by this section to existent school-based clinics that the state department determines provide comprehensive health services to adolescents that would otherwise not be received by those adolescents, at no cost or at a low cost. "Health services" for purposes of this section, include, but are not limited to, general physical exams, disease screenings, and comprehensive primary and preventive health care services.

(c) Funds appropriated pursuant to this section shall be used solely to develop the capacity of school-based clinics to find a permanent source of funding for ongoing operations through third-party payers or other means.

SEC. 4. It is the intent of the Legislature that this act authorizes

no further appropriations from federal Maternal and Child Health Services Block Grant funds other than the appropriation pursuant to Section 3.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 804

An act to amend Section 65352 of the Government Code, relating to local planning.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 65352 of the Government Code is amended to read:

65352. Prior to action by a legislative body to adopt or substantially amend a general plan, the planning agency shall refer the proposed action to all of the following entities:

(a) Any city or county, within or abutting the area covered by the proposal, and any special district which may be significantly affected by the proposed action, as determined by the planning agency.

(b) Any elementary, high school, or unified school district within the area covered by the proposed action.

(c) The local agency formation commission.

(d) Any areawide planning agency whose operations may be significantly affected by the proposed action, as determined by the planning agency.

(e) Any federal agency if its operations or lands within its jurisdiction may be significantly affected by the proposed action, as determined by the planning agency.

Each entity receiving a proposed general plan or amendment of a general plan pursuant to this section shall have 45 days from the date the referring agency mails it or delivers it in which to comment unless a longer period is specified by the planning agency.

This section is directory, not mandatory, and the failure to refer a

proposed action to the other entities specified in this section does not affect the validity of the action, if adopted.

To the extent that the requirements of this section conflict with the requirements of Chapter 4.4 (commencing with Section 65919), the requirements of Chapter 4.4 shall prevail.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 805

An act to add Section 25180.1 to, and to add Article 8.6 (commencing with Section 25198.1) to Chapter 6.5 of Division 20 of, the Health and Safety Code, and to add Section 45002.1 to, and to add Article 4 (commencing with Section 44201) to Chapter 3 of Part 4 of Division 30 of, the Public Resources Code, relating to waste.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The state contains within its borders 108 Native American Indian reservations and rancherias. They range in land area from thousands of acres to 1.3 acres. The latest United States census noted populations ranging from the thousands on a few reservations to zero inhabitants on 10 reservations.

(b) As part of a program of economic development, some tribes have proposed to develop portions of their lands as solid or hazardous waste management facilities for the recycling, disposal, treatment, or storage of wastes on those lands. Natural resources at risk of being contaminated, such as water and air supplies, are common to both Native American reservations and surrounding lands. Once polluted, they are difficult to clean up and threaten the public health and economies of both Native Americans and surrounding communities.

(c) Economic conditions in Indian country are of concern to both Native Americans and the state. The state desires to encourage tribal

economic development that does not conflict with other state policies, such as those mandating comprehensive regulation of waste treatment and storage facilities. The state's regulations regarding these facilities are in some cases more strict than federal standards governing the same field, and thus the state has an interest in ensuring that all facilities within its borders meet or exceed state standards for environmental protection.

(d) The Legislature further finds that these facilities, which are unregulated by state enforcement agencies, could cause adverse environmental "spillover effects," contaminating surface and groundwater, soil, and air used by citizens of the state both on and off reservation and rancheria lands.

(e) The Legislature finds that the state has a compelling interest in asserting authority over these waste disposal facilities to the extent that this jurisdiction is not preempted by federal law.

(f) The state recognizes that there are disagreements as to whether the state may regulate waste management facilities on Indian country. Many Native American communities believe that these issues are not subject to state jurisdiction, whereas the state believes it does have the authority to regulate these facilities. However, the state wishes to avoid jurisdictional conflicts with tribal authorities where possible. In furtherance of this goal, and to promote a spirit of cooperation, the state intends to enter into voluntary enforceable cooperative agreements with individual tribes which provide for adoption by a tribe of permitting, monitoring, enforcement, and other regulatory systems for waste facilities on tribal lands which are at least as protective of public health and safety and the environment as the system provided under state law.

(g) The Legislature finds that Californians living adjacent to Indian country should receive at least the same environmental protections as those provided all Californians.

SEC. 2. Section 25180.1 is added to the Health and Safety Code, to read:

25180.1. For purposes of this chapter, "permit" includes matters deemed to be permits pursuant to subdivision (c) of Section 25189.6.

SEC. 3. Article 8.6 (commencing with Section 25198.1) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 8.6. Development of Hazardous Waste Management Facilities on Indian Country

25198.1. As used in this article, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Indian country" has the same meaning as set forth in Section 1151 of Title 18 of the United States Code.

(b) "Tribe" means an Indian tribe, band, nation, or other organized group or community, or a tribal agency authorized by a tribe as defined herein, which is recognized as eligible for special programs and services provided by the United States to Indians

because of their status as Indians and is identified on pages 52829 to 52835, inclusive, of Number 250 of Volume 53 (December 29, 1988) of the Federal Register, as that list may be updated or amended from time to time.

(c) "Hazardous waste" has the same meaning as set forth in Sections 25117 and 25117.9.

(d) "Hazardous waste facility" has the same meaning as set forth in Section 25117.1.

(e) "Operator" means a person who operates a hazardous waste facility.

(f) "Owner" means a person who owns a hazardous waste facility.

(g) "Secretary" means the Secretary for Environmental Protection.

(h) "State" means the State of California and any agency or instrumentality thereof.

(i) "Siting" means the physical suitability of a location proposed for a hazardous waste facility.

25198.2. (a) Upon receipt of a written request from any tribe considering a proposal to construct each hazardous waste facility in that tribe's Indian country within this state, the secretary shall convene negotiations for purposes of reaching a cooperative agreement pursuant to this article, which will define the respective rights, duties, and obligations of the state and the tribe concerning the approval, development, and operation of the facility. In convening the negotiations, the secretary shall consult with the Department of Toxic Substances Control, the State Water Resources Control Board, the appropriate California regional water quality control board, the State Air Resources Board, and the appropriate air pollution control district or air quality management district.

(b) This article does not apply to any facility located on Indian country within the state if it meets all of the following requirements:

(1) The facility is owned and operated solely by a tribe.

(2) All hazardous waste accepted by the facility is generated by that particular tribe.

(3) The United States Environmental Protection Agency has approved the facility.

25198.3. (a) The secretary may enter into any cooperative agreement which meets the requirements of this article.

(b) Each cooperative agreement shall include, but shall not be limited to, all requirements determined to be necessary to meet the requirements of subdivision (e) to do all of the following:

(1) Protect water quality, as determined by the State Water Resources Control Board or the appropriate California regional water quality control board.

(2) Protect air quality, as determined by the State Air Resources Board or the appropriate air pollution control officer.

(3) Provide for proper management of hazardous materials and hazardous wastes, as determined necessary by the Department of Toxic Substances Control.

(4) In making these determinations, the state agencies shall consider any applicable federal environmental and public health and safety laws.

(c) A decision by the secretary whether to enter into such an agreement shall be based on a good faith determination concerning whether a proposed cooperative agreement meets the requirements of this article. The secretary shall take this action within 130 days of a written request by the tribe that the secretary approve a draft cooperative agreement. At least 60 days prior to determining whether to enter into such an agreement, the secretary shall provide notice, and make available for public review and comment, drafts of his or her proposed action and drafts of the findings and determinations that are required by this section. The secretary shall hold a public hearing in the affected area on the proposed action within the time period for taking that action, as specified in this section. Within 10 days after the close of the public review and comment period, the agencies shall complete the determinations required by this section and the secretary shall issue a final decision.

(d) The findings and determinations of the secretary and relevant agencies made pursuant to this section shall explain material differences between state laws and regulations and the proposed tribal or federal functionally equivalent provisions. The findings and determinations do not need to explain each difference between the state and tribal or federal requirements as long as they identify and evaluate whether the material differences meet the requirements of this article, including, but not limited to, providing at least as much protection for public health and safety and the environment as would the state requirements.

(e) Any cooperative agreement executed pursuant to this article shall provide for regulation of the hazardous waste facility through inclusion in the agreement of design, permitting, construction, siting, operation, monitoring, inspection, closure, postclosure, liability, enforcement, and other regulatory provisions applicable to a hazardous waste facility, or which relate to any environmental consequences that may be caused by facility construction or operation, that are functionally equivalent to all of the following:

(1) Article 4 (commencing with Section 13260) of Chapter 4 of, Chapter 5 (commencing with Section 13300) of, and Chapter 5.5 (commencing with Section 13370) of, Division 7 of the Water Code.

(2) Chapter 3 (commencing with Section 41700) of, Chapter 4 (commencing with Section 42300) of, and Chapter 5 (commencing with Section 42700) of, Part 4 of, and Part 6 (commencing with Section 44300) of, Division 26 of the Health and Safety Code.

(3) This chapter, Chapter 6.6 (commencing with Section 25249.5), Chapter 6.8 (commencing with Section 25300), and Chapter 6.95 (commencing with Section 25500).

(4) All regulations adopted pursuant to the statutes specified in this section.

(5) Any other provision of state environmental and public health

and safety laws and regulations germane to the hazardous waste facility proposed by the tribe.

(f) The tribal organizational structures or other means of implementing the requirements specified in subdivision (e) are not required to be the same as the state organizational structures or means of implementing its system of regulation.

(g) Neither the approval of any cooperative agreement nor amendments to the agreement, nor any determination of sufficiency provided in Section 25198.5, shall constitute a "project" as defined in Section 21065 of the Public Resources Code and shall not be subject to review pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(h) Each cooperative agreement shall provide for the incorporation of the standards and requirements germane to the protection of the environment, public health, and safety listed in subdivision (e), as enacted, or as those provisions may be amended after the effective date of the act adding this section, or after the effective date of any cooperative agreement, if those standards and requirements meet both of the following requirements:

(1) The standards and requirements do not discriminate against a tribe which has executed a cooperative agreement, or a lessee of the tribe, and is applicable to, or not more stringent than, other rules applicable to other similar or analogous facilities or operations outside Indian country.

(2) Adequate notice and opportunity for comment on the incorporation of new and amended standards or requirements is provided to the tribe, facility owner, and operator to facilitate any physical or operational changes in the facility in accordance with state law.

25198.4. (a) A tribe shall be eligible for technical assistance to the extent feasible, from the agencies specified in subdivision (b) of Section 25198.3, for the design, establishment, and implementation of a permit system, cooperative monitoring programs, a tribal enforcement system, and implementation of any other regulatory requirement.

(b) Each cooperative agreement shall provide for reasonable compensation to relevant state agencies for costs and expenses incurred by the state in connection with technical assistance provided to the tribe for the regulatory activities provided in this article, including, but not limited to, monitoring, enforcement, permitting, review, and other activities described in this article, and the reviews required by Section 25198.3, on a nondiscriminatory basis when compared with similar services to similar projects outside of Indian country.

(c) Each cooperative agreement shall provide for the sharing of appropriate data and other information between any tribal regulatory body, any federal agency, the owner or operator, and applicable state agencies, including, but not limited to, all

monitoring data collected respecting the hazardous waste facility. The agreement shall provide for confidentiality of privileged, proprietary, or trade secret information.

(d) Each cooperative agreement shall include a dispute resolution mechanism for addressing issues of contract interpretation arising out of the cooperative agreement.

(e) The parties to a cooperative agreement executed pursuant to this article may mutually agree to modifications of time periods for actions which are required by this article, except the time periods provided for public notice, review, and comment shall not be eliminated or reduced.

(f) Each cooperative agreement shall require the relevant state agencies to provide detailed comments regarding completeness within 30 days after receiving copies of applications filed for tribal and applicable federal permits with respect to the deficiencies, if any, of the application with respect to the state standards identified in Section 25198.3. The failure of any of these state agencies to provide those comments within that period shall be deemed a finding of completeness of the respective applications.

(g) Each cooperative agreement shall provide for reasonable access by state agency personnel to Indian country governed by a tribe which has executed a cooperative agreement pursuant to this article for purposes of assistance with permit application review, inspection, and monitoring of operation of a hazardous waste facility. The cooperative agreement shall also provide for reasonable access for purposes of permit application review and inspection, to the extent the state can provide that access, by tribal regulatory authorities to transfer stations, or similar facilities, located outside of Indian country and handling waste to be transferred to tribal lands.

25198.5. (a) Each cooperative agreement shall require the public agencies specified in subdivision (b) of Section 25198.3 to review any draft tribal permit and any applicable federal permit to determine whether it contains all conditions sufficient to do all of the following:

(1) Meet the functionally equivalent standards provided in the cooperative agreement, as required by subdivision (c) of Section 25198.3.

(2) Provide not less than the level of protection for public health, safety, and the environment that would have been the case if that state agency had issued the permit.

(3) Implement all feasible mitigation measures. For purposes of this paragraph, the term "feasible" has the same meaning as in Sections 21001, 21002.1, and 21004 of the Public Resources Code, and any regulations adopted pursuant to those sections.

(b) Each cooperative agreement shall provide that the tribal or federal permits issued for the hazardous waste facility meet the requirements of this section.

(c) The failure of either party to this agreement to meet the requirements of this section shall be determined to be an actionable

breach of the cooperative agreement.

(d) The election by either party to a cooperative agreement to pursue a contractual remedy shall not limit the ability of either party to assert their respective claims of jurisdiction or sovereign immunity.

(e) Entering into the cooperative agreement shall not be a basis for denying any remedy to which a party is otherwise entitled.

(f) Within 10 days of issuance of a final federal permit or tribal permit, a copy of that permit shall be provided to the California Environmental Protection Agency and the tribe having jurisdiction over the facility.

25198.6. (a) Nothing in this article shall limit or expand, or be construed to limit or expand, the jurisdiction of any state agency specified in subdivision (b) of Section 25198.3 or any tribal agency with respect to any hazardous waste facility located in Indian country, including, but not limited to, the enforcement powers and procedures available to the state or any tribe with respect to those facilities to the extent not preempted by federal law, including, but not limited to, powers and procedures contained in state or tribal statutes or regulations.

(b) The cooperative agreement shall provide that the state may exercise its enforcement powers over any hazardous waste facility project on Indian country where a cooperative agreement has been executed, subject to all of the following requirements:

(1) A violation or threatened violation of any standard or requirement set forth in Section 25198.3, or its functional equivalent in the cooperative agreement, or any condition set forth in a cooperative agreement or permit for the facility, has occurred or is occurring. For purposes of this paragraph, "threatened violation" means a condition creating a substantial probability of harm, when the probability and potential extent of harm make it reasonably necessary to take immediate action to prevent, reduce, or mitigate damages to persons, property, or natural resources.

(2) The violation or violations have been brought to the attention of the tribe and to the owner and operator of the hazardous waste facility, through written notice from the appropriate agency. The notice shall identify the specific violation or violations which are occurring or have occurred and a specific corrective or enforcement action or range of actions, including sufficient penalties. The notice shall include a specific and reasonable timeframe in which to take appropriate corrective or enforcement action.

(3) The tribe, after receiving the notice, has failed to take the action or actions, or to take other reasonable action to abate or correct the violation or violations, in a reasonable time.

(c) The functionally equivalent provisions of tribal or federal permits, as determined sufficient pursuant to Section 25198.3, together with any cooperative agreement approved pursuant to this article, shall collectively be deemed to constitute permits issued under state law for all purposes of enforcing state law.

(d) Notwithstanding subdivision (a), each of the public agencies specified in subdivision (b) of Section 25198.3 may immediately exercise its enforcement powers over any hazardous waste facility project on Indian country where a cooperative agreement has been executed, if, in the judgment of the public agency, immediate state action is required to avoid an imminent and substantial threat to public health and safety or to the environment. The state shall notify the tribe prior to taking any action pursuant to this subdivision.

25198.7. (a) The cooperative agreement shall provide that the state or tribe may bring an appropriate civil action in a court of competent jurisdiction to enforce the terms of the cooperative agreement as a contract, and shall not limit the availability to either party of any remedy at law or in equity otherwise available under California law.

(b) The cooperative agreement shall require that the tribe waive its sovereign immunity from any action brought by the state in any court otherwise having jurisdiction over the subject matter, and that the state shall waive its sovereign immunity from any action brought by the tribe, in any court otherwise having jurisdiction over the subject matter, to enforce the terms of the cooperative agreement.

25198.8. A cooperative agreement executed pursuant to this article shall be executed for the express benefit of the citizens of this state.

25198.9. Any person may commence a civil action on the person's own behalf against any of the public agencies specified in subdivision (b) of Section 25198.3, or against the secretary, who is alleged to have approved or certified the sufficiency of any cooperative agreement or permit in violation of this article. No action may be commenced under this section more than 60 days after the agency or secretary has approved or certified the sufficiency of any cooperative agreement or permit under this article.

SEC. 4. Article 4 (commencing with Section 44201) is added to Chapter 3 of Part 4 of Division 30 of the Public Resources Code, to read:

Article 4. Development of Solid Waste Management Facilities on Indian Country

44201. As used in this article, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Indian country" has the same meaning as set forth in Section 1151 of Title 18 of the United States Code.

(b) "Tribe" means an Indian tribe, band, nation, or other organized group or community, or a tribal agency authorized by a tribe as defined herein, which is recognized as eligible for special programs and services provided by the United States to Indians because of their status as Indians and is identified on pages 52829 to 52835, inclusive, of Number 250 of Volume 53 (December 29, 1988) of the Federal Register, as that list may be updated or amended from

time to time.

(c) "Solid waste" has the same meaning as set forth in Section 40191.

(d) "Solid waste facility" has the same meaning as set forth in Section 40194.

(e) "Operator" means a person who operates a solid waste facility.

(f) "Owner" means a person who owns a solid waste facility.

(g) "Secretary" means the Secretary for Environmental Protection.

(h) "State" means the State of California and any agency or instrumentality thereof.

(i) "Siting" means the physical suitability of a location proposed for a hazardous waste facility.

44202. (a) Upon receipt of a written request from any tribe considering a proposal to construct each solid waste facility in that tribe's Indian country within this state, the secretary shall convene negotiations for purposes of reaching a cooperative agreement pursuant to this article, which will define the respective rights, duties, and obligations of the state and the tribe concerning the approval, development, and operation of the facility. In convening the negotiations, the secretary shall consult with the California Integrated Waste Management Board, the State Water Resources Control Board, the appropriate California regional water quality control board, the State Air Resources Board, and the appropriate air pollution control district or air quality management district.

(b) This article does not apply to any facility located on Indian country within the state if it meets all of the following requirements:

(1) The facility is owned and operated solely by a tribe.

(2) All solid waste accepted by the facility is generated by that particular tribe.

(3) Appropriate federal agencies have approved the facility.

44203. (a) The secretary may enter into any cooperative agreement which meets the requirements of this article.

(b) Each cooperative agreement shall include, but shall not be limited to, all requirements determined to be necessary to meet the requirements of subdivision (e) to do all of the following:

(1) Protect water quality, as determined by the State Water Resources Control Board or the appropriate California regional water quality control board.

(2) Protect air quality, as determined by the State Air Resources Board or the appropriate air pollution control officer.

(3) Provide for proper management of solid wastes, as determined necessary by the California Integrated Waste Management Board.

(4) In making these determinations, the state agencies shall consider any applicable federal environmental and public health and safety laws.

(c) A decision by the secretary whether to enter into such an agreement shall be based on a good faith determination concerning

whether a proposed cooperative agreement meets the requirements of this article. The secretary shall take this action within 130 days of a written request by the tribe that the secretary approve a draft cooperative agreement. At least 60 days prior to determining whether to enter into such an agreement, the secretary shall provide notice, and make available for public review and comment drafts, of his or her proposed action and drafts of the findings and determinations that are required by this section. The secretary shall hold a public hearing in the affected area on the proposed action within the time period for taking that action, as specified, in this section. Within 10 days after the close of the public review and comment period, the agencies shall complete the determinations required by this section and the secretary shall issue a final decision.

(d) The findings and determinations of the secretary and relevant agencies made pursuant to this section shall explain material differences between state laws and regulations and the proposed tribal or federal functionally equivalent provisions. The findings and determinations do not need to explain each difference between the state and tribal or federal requirements as long as they identify and evaluate whether the material differences meet the requirements of this article, including, but not limited to, providing at least as much protection for public health and safety and the environment as would the state requirements.

(e) Any cooperative agreement executed pursuant to this article shall provide for regulation of the solid waste facility through inclusion in the agreement of design, permitting, construction, siting, operation, monitoring, inspection, closure, postclosure, liability, enforcement, and other regulatory provisions applicable to a solid waste facility, or which relate to any environmental consequences that may be caused by facility construction or operation, that are functionally equivalent to all of the following:

(1) Article 4 (commencing with Section 13260) of Chapter 4 of, Chapter 5 (commencing with Section 13300) of, and Chapter 5.5 (commencing with Section 13370) of, Division 7 of the Water Code.

(2) Chapter 3 (commencing with Section 41700) of, Chapter 4 (commencing with Section 42300) of, and Chapter 5 (commencing with Section 42700) of, Part 4 of, and Part 6 (commencing with Section 44300) of, Division 26 of the Health and Safety Code.

(3) This division.

(4) All regulations adopted pursuant to the statutes specified in this section.

(5) Any other provision of state environmental, public health, and safety laws and regulations germane to the solid waste facility proposed by the tribe.

(f) The tribal organizational structures or other means of implementing the requirements specified in subdivision (e) are not required to be the same as the state organizational structures or means of implementing its system of regulation.

(g) Neither the approval of any cooperative agreement nor

amendments to the agreement, nor any determination of sufficiency provided in Section 25198.5, shall constitute a "project" as defined in Section 21065 and shall not be subject to review pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

(h) Each cooperative agreement shall provide for the incorporation of the standards and requirements germane to the protection of the environment, public health, and safety listed in subdivision (e), as enacted, or as those provisions may be amended after the effective date of the act adding this section, or after the effective date of any cooperative agreement, if those standards and requirements meet both of the following requirements:

(1) The standards and requirements do not discriminate against a tribe which has executed a cooperative agreement, or a lessee of the tribe, and is applicable to, or not more stringent than, other rules applicable to other similar or analogous facilities or operations outside Indian country.

(2) Adequate notice and opportunity for comment on the incorporation of new and amended standards or requirements is provided to the tribe, facility owner, and operator to facilitate any physical or operational changes in the facility in accordance with state law.

44204. (a) A tribe shall be eligible for technical assistance to the extent feasible, from the agencies specified in subdivision (b) of Section 44203, for the design, establishment, and implementation of a permit system, cooperative monitoring programs, a tribal enforcement system, and implementation of any other regulatory requirement.

(b) Each cooperative agreement shall provide for reasonable compensation to relevant state agencies for costs and expenses incurred by the state in connection with technical assistance provided to the tribe for the regulatory activities provided in this article, including, but not limited to, monitoring, enforcement, permitting, review, and other activities described in this article, and the reviews required by Section 44203, on a nondiscriminatory basis when compared with similar services to similar projects outside of Indian country.

(c) Each cooperative agreement shall provide for the sharing of appropriate data and other information between any tribal regulatory body, any federal agency, the owner or operator, and applicable state agencies, including, but not limited to, all monitoring data collected respecting the solid waste facility. The agreement shall provide for confidentiality of privileged, proprietary, or trade secret information.

(d) Each cooperative agreement shall include a dispute resolution mechanism for addressing issues of contract interpretation arising out of the cooperative agreement.

(e) The parties to a cooperative agreement executed pursuant to this article may mutually agree to modifications of time periods for

actions which are required by this article, except the time periods provided for public notice, review, and comment shall not be eliminated or reduced.

(f) Each cooperative agreement shall require the relevant state agencies to provide detailed comments regarding completeness within 30 days after receiving copies of applications filed for tribal and applicable federal permits with respect to the deficiencies, if any, of the application with respect to the state standards identified in Section 44203. The failure of any of these state agencies to provide those comments within that period shall be deemed a finding of completeness of the respective applications.

(g) Each cooperative agreement shall provide for reasonable access by state agency personnel to Indian country governed by a tribe which has executed a cooperative agreement pursuant to this article for purposes of assistance with permit application review, inspection, and monitoring of operation of a solid waste facility. The cooperative agreement shall also provide for reasonable access for purposes of permit application review and inspection, to the extent the state can provide that access, by tribal regulatory authorities to transfer stations, or similar facilities, located outside of Indian country and handling waste to be transferred to tribal lands.

44205. (a) Each cooperative agreement shall require the public agencies specified in subdivision (b) of Section 44203 to review any draft tribal permit and any applicable federal permit to determine whether it contains all conditions sufficient to do all of the following:

(1) Meet the functionally equivalent standards provided in the cooperative agreement, as required by subdivision (c) of Section 44203.

(2) Provide not less than the level of protection for public health, safety, and the environment that would have been the case if that state agency had issued the permit.

(3) Implement all feasible mitigation measures. For purposes of this paragraph, "feasible" has the same meaning as in Sections 21001, 21002.1, and 21004, and any regulations adopted pursuant to those sections.

(b) Each cooperative agreement shall provide that the tribal or federal permits issued for the solid waste facility meet the requirements of this section.

(c) The failure of either party to this agreement to meet the requirements of this section shall be determined to be an actionable breach of the cooperative agreement.

(d) The election by either party to a cooperative agreement to pursue a contractual remedy shall not limit the ability of either party to assert their respective claims of jurisdiction or sovereign immunity.

(e) Entering into the cooperative agreement shall not be a basis for denying any remedy to which a party is otherwise entitled.

(f) Within 10 days of issuance of a final federal permit or tribal permit, a copy of that permit shall be provided to the California

Environmental Protection Agency and the tribe having jurisdiction over the facility.

44206. (a) Nothing in this article shall limit or expand, or be construed to limit or expand, the jurisdiction of any state agency specified in subdivision (b) of Section 44203 or any tribal agency with respect to any solid waste facility located in Indian country, including, but not limited to, the enforcement powers and procedures available to the state or any tribe with respect to those facilities to the extent not preempted by federal law, including, but not limited to, powers and procedures contained in state or tribal statutes or regulations.

(b) The cooperative agreement shall provide that the state may exercise its enforcement powers over any solid waste facility project on Indian country where a cooperative agreement has been executed, subject to all of the following requirements:

(1) A violation or threatened violation of any standard or requirement set forth in Section 44203 or its functional equivalent in the cooperative agreement, or any condition set forth in a cooperative agreement or permit for the facility, has occurred or is occurring. For purposes of this paragraph, "threatened violation" means a condition creating a substantial probability of harm, when the probability and potential extent of harm make it reasonably necessary to take immediate action to prevent, reduce, or mitigate damages to persons, property, or natural resources.

(2) The violation or violations have been brought to the attention of the tribe and to the owner and operator of the solid waste facility, through written notice from the appropriate agency. The notice shall identify the specific violation or violations which are occurring or have occurred and a specific corrective or enforcement action or range of actions, including sufficient penalties. The notice shall include a specific and reasonable timeframe in which to take appropriate corrective or enforcement action.

(3) The tribe, after receiving the notice, has failed to take the action or actions, or to take other reasonable action to abate or correct the violation or violations, in a reasonable time.

(c) The functionally equivalent provisions of tribal or federal permits, as determined sufficient pursuant to Section 44205, together with any cooperative agreement approved pursuant to this article, shall collectively be deemed to constitute permits issued under state law for all purposes of enforcing state law.

(d) Notwithstanding subdivision (a), each of the public agencies specified in subdivision (b) of Section 44203 may immediately exercise its enforcement powers over any solid waste facility project on Indian country where a cooperative agreement has been executed, if, in the judgment of the public agency, immediate state action is required to avoid an imminent and substantial threat to public health and safety or to the environment. The state shall notify the tribe prior to taking any action pursuant to this subdivision.

44207. (a) The cooperative agreement shall provide that the

state or tribe may bring an appropriate civil action in a court of competent jurisdiction to enforce the terms of the cooperative agreement as a contract, and shall not limit the availability to either party of any remedy at law or in equity otherwise available under California law.

(b) The cooperative agreement shall require that the tribe waive its sovereign immunity from any action brought by the state in any court otherwise having jurisdiction over the subject matter, and that the state shall waive its sovereign immunity from any action brought by the tribe, in any court otherwise having jurisdiction over the subject matter, to enforce the terms of the cooperative agreement.

44208. A cooperative agreement executed pursuant to this article shall be executed for the express benefit of the citizens of this state.

44209. Any person may commence a civil action on the person's own behalf against any of the public agencies specified in subdivision (b) of Section 44203, or against the secretary, who is alleged to have approved or certified the sufficiency of any cooperative agreement or permit in violation of this article. No action may be commenced under this section more than 60 days after the agency or secretary has approved or certified the sufficiency of any cooperative agreement or permit under this article.

44210. Notwithstanding this article, a cocomposting facility located in Indian country with a memorandum of agreement adopted November 29, 1989, with the California Regional Water Quality Control Board, Colorado River Basin Region 7, shall be allowed to continue to operate under the terms of that agreement until January 1, 1993, or the date the project complies with this article, whichever date is earlier.

SEC. 5. Section 45002.1 is added to the Public Resources Code, to read:

45002.1. For purposes of this division, "permit" includes matters deemed to be permits pursuant to subdivision (c) of Section 44206.

SEC. 6. Notwithstanding any other provision of law, this chapter shall not be construed to make reference to a "California Environmental Protection Agency" for the purposes of compliance with Provision 2 of Item 3400-002-044 of the Budget Act of 1991.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of the act are severable.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 806

An act to amend Section 3073.5 of the Labor Code, relating to apprenticeship.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3073.5 of the Labor Code, as added by Chapter 269 of the Statutes of 1991, is amended to read:

3073.5. The Chief of the Division of Apprenticeship Standards and the California Apprenticeship Council shall annually report through the Director of Industrial Relations to the Legislature and the public on the activities of the division and the council. The report shall contain information including, but not limited to, analyses of the following:

(a) The number of individuals, including numbers of women and minorities, registered in apprenticeship programs in this state for the current year and in each of the previous five years.

(b) The number and percentage of apprentices, including numbers and percentages of minorities and women, registered in each apprenticeship program having five or more apprentices, and the percentage of those apprentices who have completed their programs successfully in the current year and in each of the previous five years.

(c) Remedial actions taken by the division to assist those apprenticeship programs having difficulty in achieving affirmative action goals or having very low completion rates.

(d) The number of disputed issues with respect to individual apprenticeship agreements submitted to the Administrator of Apprenticeship for determination and the number of those issues resolved by the council on appeal.

(e) The number of apprenticeship program applications received by the division, the number approved, the number denied and the reason for those denials, the number being reviewed, and deficiencies, if any, with respect to those program applications being reviewed.

(f) The number of apprenticeship programs, approved by the Division of Apprenticeship Standards, that are disapproved by the California Apprenticeship Council, and the reasons for those disapprovals.

CHAPTER 807

An act to amend Sections 44223, 44233, 44243, and 44244.1 of, and to add Sections 44241 and 44242 to, the Health and Safety Code, relating to air pollution.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 44223 of the Health and Safety Code is amended to read:

44223. (a) In addition to any other fees specified in this code, the Vehicle Code, and the Revenue and Taxation Code, a county air pollution control district, air quality management district, or unified or regional air pollution control district, except the Sacramento district, which has been designated by the state board as a state nonattainment area for any pollutant emitted by motor vehicles may levy a fee of up to two dollars ($2) on motor vehicles registered within the district. A district may impose the fee only if the governing board of the district adopts a resolution providing for both the fee and a corresponding program for the reduction of air pollution from motor vehicles pursuant to, and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of, the California Clean Air Act of 1988.

(b) In districts with nonelected officials on their governing boards, a resolution adopted pursuant to subdivision (a) shall be approved by both a majority of the governing board and a majority of the board members who are elected officials.

(c) A fee imposed pursuant to this section shall become effective on either April 1 or October 1, as provided in the resolution adopted by the board pursuant to subdivision (a).

SEC. 2. Section 44233 of the Health and Safety Code is amended to read:

44233. Not more than 5 percent of the fees distributed to any district pursuant to Section 44229, or distributed by a district to any other public agency pursuant to this chapter, shall be used by the district or other public agency for administrative costs.

SEC. 3. Section 44241 is added to the Health and Safety Code, to read:

44241. (a) Fee revenues generated under this chapter in the bay district shall be subvened to the bay district by the Department of Motor Vehicles after deducting its administrative costs pursuant to Section 44229.

(b) Fee revenues generated under this chapter shall be allocated by the bay district to implement the following transportation control projects and programs that are included in the plan adopted pursuant to Sections 40233 and 40717:

(1) The implementation and enforcement of local ridesharing and employer-based trip reduction ordinances and programs.

(2) The purchase or lease of clean fuel buses for school districts and transit operators.

(3) The provision of local feeder bus or shuttle service to rail and ferry stations.

(4) The implementation and maintenance of local arterial traffic management, including, but not limited to, signal timing, transit signal preemption, bus stop relocation and "smart streets."

(5) Implementation of rail-bus integration and regional transit information systems.

(6) Implementation of demonstration projects in telecommuting, congestion pricing of highways, bridges, and public transit, and alternative fuel vehicles.

(7) Implementation of a smoking vehicles program.

(c) Fee revenue generated under this chapter shall be allocated by the district for projects and programs specified in subdivision (b) to cities, counties, the Metropolitan Transportation Commission, transit districts, or any other public agency responsible for implementing one or more of the specified projects or programs. Fee revenues shall not be used for any planning activities that are not directly related to the implementation of a specific project or program.

(d) Not less than 40 percent of fee revenues shall be allocated to the entity or entities designated pursuant to subdivision (e) for projects and programs in each county within the bay district based upon the county's proportionate share of fee-paid vehicle registration.

(e) In each county, one or more entities may be designated as the overall program manager for the county by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county. The resolution shall specify the terms and conditions for the expenditure of funds. The entities so designated shall be allocated the funds pursuant to subdivision (d) in accordance with the terms and conditions of the resolution.

SEC. 4. Section 44242 is added to the Health and Safety Code, to read:

44242. (a) Any agency which receives funds pursuant to Section 44241 shall, at least once every two years, undertake an audit of each program or project funded. The audit shall be conducted by an independent auditor selected by the bay district in accordance with Division 2 (commencing with Section 1100) of the Public Contract Code. The district shall deduct any audit costs which will be incurred pursuant to this section prior to distributing fee revenues to cities, counties, or other agencies pursuant to Section 44241.

(b) Upon completion of an audit conducted pursuant to subdivision (a), the bay district shall do both of the following:

(1) Make the audit available to the public and to the affected

agency upon request.

(2) Review the audit to determine if the fee revenues received by the agency were spent for the reduction of air pollution from motor vehicles pursuant to the plan prepared pursuant to Sections 40233 and 40717.

(c) If, after reviewing the audit, the bay district determines that the revenues from the fees may have been expended in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to that plan, the district shall do all of the following:

(1) Notify the agency of its determination.

(2) Within 45 days of the notification pursuant to paragraph (1), hold a public hearing at which the agency may present information relating to expenditure of the revenues from the fees.

(3) After the public hearing, if the district determines that the agency has expended the revenues from the fees in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to the plan prepared pursuant to Sections 40233 and 40717, the district shall withhold these revenues from the agency in an amount equal to the amount which was inappropriately expended. Any revenues withheld pursuant to this paragraph shall be redistributed to the other cities within the county, or to the county, to the extent the district determines that they have complied with the requirements of this chapter.

(d) Any agency which receives funds pursuant to Section 44241 shall encumber the funds within two years of receiving the funds.

SEC. 5. Section 44243 of the Health and Safety Code is amended to read:

44243. Fee revenues generated under this chapter in the south coast district shall be subvened to the south coast district by the Department of Motor Vehicles, after deducting its administrative costs pursuant to Section 44229, for expenditure in the following manner:

(a) Thirty cents ($0.30) of every dollar subvened shall be used by the south coast district for programs to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies which are authorized by, or necessary to implement, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(b) Forty cents ($0.40) of every dollar subvened shall be distributed by the district to cities and counties located in the south coast district, based upon their prorated share of population, to be used to implement programs to reduce air pollution from motor vehicles which are authorized by, or necessary to implement, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3. No city or county may receive funds pursuant to this subdivision unless, on or before April 1, 1992, or, for a newly incorporated city,

within 90 days of the date of incorporation, the city or county has adopted and transmitted to the south coast district an ordinance which does all of the following:

(1) Expresses support for the adoption of motor vehicle registration fees to be used to reduce air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(2) Expressly requires all fee revenues distributed to the city or county pursuant to this subdivision or subdivision (c) to be spent to reduce air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(3) Establishes an air quality improvement trust fund into which all fee revenues distributed to the city or county shall be deposited, and out of which expenditures shall be made to reduce air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

If a city or county fails to adopt an ordinance pursuant to this subdivision, the fee revenues which would be distributed to that city or county shall instead be distributed to the other cities and counties within the south coast district which have adopted an ordinance pursuant to this subdivision, based upon their prorated share of registered motor vehicles.

(c) Thirty cents ($0.30) of every dollar subvened shall be deposited by the district in an account to be used, pursuant to Section 44244, to implement or monitor programs to reduce air pollution from motor vehicles which are authorized by, or necessary to implement, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

SEC. 6. Section 44244.1 of the Health and Safety Code is amended to read:

44244.1. (a) Any agency which receives fee revenues pursuant to Section 44243 or 44244 shall, at least once every two years, be subject to an audit of each program or project funded. The audit shall be conducted by an independent auditor selected by the south coast district in accordance with Division 2 (commencing with Section 1100) of the Public Contract Code. The district shall deduct any audit costs which will be incurred pursuant to this section prior to distributing fee revenues to cities, counties, or other agencies pursuant to Sections 44243 and 44244.

(b) Upon completion of an audit conducted pursuant to subdivision (a), the south coast district shall do both of the following:

(1) Make the audit available to the public and to the affected agency upon request.

(2) Review the audit to determine if the revenues from the fees received by the agency were spent for the reduction of air pollution

from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(c) If, after reviewing the audit, the south coast district determines that the revenues from the fees may have been expended in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3, the district shall do all of the following:

(1) Notify the agency of its determination.

(2) Within 45 days of the notification pursuant to paragraph (1), hold a public hearing at which the agency may present information related to expenditure of the revenues from the fees.

(3) After the public hearing, if the district determines that the agency has expended the revenues from the fees in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3, the district shall withhold these revenues from the agency in an amount equal to the amount which was inappropriately expended. Any revenues withheld pursuant to this paragraph shall be redistributed to the other agencies or, upon approval of the district governing board, to entities specified in the work programs developed by the mobile source advisory committee, to the extent the district determines that they have complied with the requirements of this chapter.

(d) Any agency which receives fee revenues pursuant to Section 44243 or 44244 shall expend the funds within one year of the program or project completion date.

CHAPTER 808

An act to amend Section 5631 of the Public Resources Code, relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 5631 of the Public Resources Code is amended to read:

5631. The department, in cooperation with the federal government, local public agencies, and appropriate representatives of industry, may, from time to time as needed, coordinate and

conduct a statewide needs analysis in relation to the purposes of this chapter. That analysis shall include a full review of the grant program authorized pursuant to this chapter. The department shall report its findings and recommendations from any analysis, including recommendations as to funding levels and sources in connection with the grant program, to the Legislature. The department may recommend specific legislative changes to the program.

SEC. 2. Notwithstanding any provision or condition set forth in that deed dated January 20, 1977, from the State of California to the City of San Bernardino, recorded in the Office of the County Recorder in San Bernardino on February 2, 1977, as Instrument Book #9106, page 827, the City of San Bernardino may sell at current market value or trade land north of Pacific Street if all of the proceeds from the sale are used to develop new parks or to expand or improve existing parks.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the state's budget and fiscal crisis, it is necessary to give the Department of Parks and Recreation authority under this act at the earliest possible time so that it may react effectively to changed conditions. The provisions of this act are also necessary to permit the City of San Bernardino to develop and improve park facilities at the earliest possible time. It is therefore necessary that this act take effect immediately.

CHAPTER 809

An act to amend Section 17721.3 of, and to add Section 39113.5 to, the Education Code, relating to school facilities.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the governing board of each school district that constructs a new elementary school, or modernizes an existing elementary school, shall consider offering before-school or after-school child care programs at the facility as constructed or modernized.

SEC. 2. Section 39113.5 is added to the Education Code, to read:

39113.5. (a) Commencing January 1, 1992, all plans and specifications for the construction of a new or modernized elementary school building shall be designed to provide appropriate space, consistent with the needs of the attendance area of the school, to accommodate before-school and after-school child care programs.

The State Allocation Board may waive this requirement if it determines that the school district will experience an educational or financial hardship in this accommodation.

(b) For purposes of this section, first consideration in the design of space to be used for the before-school and after-school child care programs shall be within the multipurpose room.

(c) For purposes of this section, the terms "new construction" and "modernization" shall have the same meaning as those words are used in Chapter 2 (commencing with Section 17700) of Part 10.

(d) No funding shall be made available to any childcare program or facility pursuant to this chapter unless all of the following conditions are met:

(1) The program facility is open to children without regard to any child's religious beliefs or any other factor related to religion.

(2) No religious instruction is included in the program.

(3) The space in which the program is operated is not utilized in any manner to foster religion during the time used for the program.

SEC. 3. Section 17721.3 of the Education Code is amended to read:

17721.3. (a) For purposes of this chapter, "modernization" or "renovation" means any modification of an existing structure, the costs of which do not exceed 25 percent of the replacement cost of that structure.

(b) No project shall be approved for the modernization of any school facility unless and until both of the following are demonstrated to the satisfaction of the board:

(1) The project will enhance the capacity of the facility to achieve one or more educational purposes.

(2) The resulting pupil capacity of the facility, as measured in units of average daily attendance, will equal or exceed 80 percent of the facility's maximum capacity as determined under the board standards established under this chapter.

(c) No project shall be approved for the modernization of any school facility that was constructed less than 30 years prior to the date of the approval of the project applied for under this chapter.

(d) The State Allocation Board may waive the requirement in subdivision (c) if the building has been declared by the office of the State Architect to be, or is in imminent danger of becoming, a health or safety hazard to the pupils. This determination may only be made in the case of a natural disaster, for example, fire, flood, or earthquakes, or as a result of a determination by a qualified engineer, and agreed to in writing by the office of the State Architect.

CHAPTER 810

An act to amend Sections 26721, 26725, 26725.1, 26726, 26727, 26728, 26728.1, 26729, 26730, 26733.5, 26734, 26736, 26738, 26740, 26741, 26742, 26743, 26744, and 26750 of, to add Sections 26722, 26731, and 26746.1 to, and to repeal Section 26739 of, the Government Code, relating to fees.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 26721 of the Government Code is amended to read:

26721. Except as provided in this article, the fee for serving or executing any process or notice required by law or the litigants to be served is twenty-one dollars ($21), and there shall be no additional fee for substitute service when substitute service is authorized.

In any case where property has been levied upon and, pursuant to the levy, a copy of the writ of execution and a notice of levy are required by statute to be served either personally or by mail upon the judgment debtor or other person, no fee shall be charged for that service.

SEC. 2. Section 26722 is added to the Government Code, to read:

26722. The fee for serving, executing, or processing any writ or order where the levying officer is required to take immediate possession of the property levied upon is seventy-five dollars ($75).

SEC. 3. Section 26725 of the Government Code is amended to read:

26725. The fee for serving, executing, or processing a writ of attachment, writ of execution, writ of sale, or order on real estate is twenty-five dollars ($25) as to the initial service or posting of a continuous unbroken parcel or tract, and twenty-one dollars ($21) for serving a record owner other than the defendant.

SEC. 4. Section 26725.1 of the Government Code is amended to read:

26725.1. The fee for the serving or posting of any additionally required notices or orders on other parcels is ten dollars ($10) each.

SEC. 5. Section 26726 of the Government Code is amended to read:

26726. (a) The fee for keeping and caring for property under a writ of attachment, execution, possession, or sale shall not exceed seventy-five dollars ($75) when necessarily employed for any eight-hour period or any part thereof. If an additional keeper or keepers are required during these periods, the fee for the additional keeper or keepers shall be the same as fixed, but, in no event shall any one keeper receive more than one hundred fifty dollars ($150) during any 24-hour period when so employed.

(b) In addition to the fees provided by Section 26721, the fee for maintaining custody of property under levy by the use of a keeper is twenty-one dollars ($21) for each day custody is maintained after the first day.

(c) Notwithstanding any other fee charged, a keeper shall receive twenty-one dollars ($21) when pursuant to Section 26738 a levying officer prepares a not found return.

SEC. 6. Section 26727 of the Government Code is amended to read:

26727. The fee for a copy of any writ, process, paper, order, or notice actually made by him or her when required or demanded is fifty cents ($0.50) a page, except that when correct copies are furnished to him or her for use no charge shall be made for those copies.

SEC. 7. Section 26728 of the Government Code is amended to read:

26728. The fee for preparing and posting the initial notice of personal property sale under a writ of attachment, execution, or sale or order of court is twenty-one dollars ($21).

SEC. 8. Section 26728.1 of the Government Code is amended to read:

26728.1. The fee for preparing and posting additionally required notices of personal property sales is ten dollars ($10) each.

SEC. 9. Section 26729 of the Government Code is amended to read:

26729. The fee for furnishing a notice for publication is ten dollars ($10).

SEC. 10. Section 26730 of the Government Code is amended to read:

26730. The fee for conducting or postponing the sale of real or personal property as required by law or the litigant is seventy-five dollars ($75).

SEC. 11. Section 26731 is added to the Government Code, to read:

26731. Three dollars ($3) of any fee collected by the sheriff's civil division or marshal under Sections 26721, 26722, 26725, 26726, 26728, 26730, 26733.5, 26734, 26736, 26738, 26742, 26743, 26744, and 26750 of the Government Code shall be deposited in a special fund in the county treasury. A separate accounting of funds deposited shall be maintained for each depositor, and funds deposited shall be for the exclusive use of the sheriff's civil division or marshal.

Ninety-five percent of the moneys in the special fund shall be expended to supplement the costs of the depositor for the implementation, maintenance, and purchase of auxiliary equipment and furnishings for automated systems or other nonautomated operational equipment and furnishings deemed necessary by the sheriff's civil division or marshal. Five percent of the moneys in the special fund shall be used to supplement the expenses of the sheriff's civil division or marshal in administering the funds.

SEC. 12. Section 26733.5 of the Government Code is amended to

read:

26733.5. The fee for serving a writ of possession of real property on an occupant or the occupants or for posting and serving a copy on the judgment debtor, including the putting of a person in possession of the premises and removing the occupant or occupants is seventy-five dollars ($75). The fee for reposting of a notice to vacate shall be pursuant to Section 26721.

SEC. 13. Section 26734 of the Government Code is amended to read:

26734. The fee for making a levy on personal property already in possession of the officer who is holding it under attachment in the same action, is twenty-five dollars ($25).

SEC. 14. Section 26736 of the Government Code is amended to read:

26736. The fee for cancellation of the service or execution of any process or notice prior to its completion is twenty-one dollars ($21). The fee provided by this section shall not be charged where a charge is made pursuant to any other section of this article in attempting to serve or execute the process or notice.

SEC. 15. Section 26738 of the Government Code is amended to read:

26738. The fee for making a not found return on a summons, affidavit and order, order for appearance, subpoena, writ of attachment, writ of execution, writ of possession, order for delivery of personal property, or other process or notice required to be served, certifying that the person or property cannot be found within the judicial district in which the address specified is situated, is twenty-one dollars ($21).

SEC. 16. Section 26739 of the Government Code is repealed.

SEC. 17. Section 26740 of the Government Code is amended to read:

26740. The fee for the execution and delivery of a deed or certificate of redemption is ten dollars ($10).

SEC. 18. Section 26741 of the Government Code is amended to read:

26741. The fee for executing and delivering a certificate or deed of sale is ten dollars ($10).

SEC. 19. Section 26742 of the Government Code is amended to read:

26742. The fee for executing and delivering any other instrument is twenty-one dollars ($21).

SEC. 20. Section 26743 of the Government Code is amended to read:

26743. The fee for subpoenaing a witness, including a copy of the subpoena and any affidavit required to be served therewith, is twenty-five dollars ($25).

SEC. 21. Section 26744 of the Government Code is amended to read:

26744. The fee for serving or executing a bench warrant arising

from an order of appearance issued under Sections 491.160 or 708.170 of the Code of Civil Procedure is fifty dollars ($50).

SEC. 22. Section 26746.1 is added to the Government Code, to read:

26746.1. A ten dollar ($10) fee shall be assessed by the sheriff or marshal for certification of correction on each citation that requires inspection for proof of correction of any violation pursuant to Section 40616 of the Vehicle Code.

All proceeds of the fee shall be deposited in a special fund in the county treasury. A separate accounting of funds deposited shall be maintained for each depositor, and funds deposited shall be for the exclusive use of the sheriff's civil division or marshal.

Ninety-five percent of the moneys in the special fund shall be expended to supplement the costs of the depositor for the implementation, maintenance, and purchase of auxiliary equipment and furnishings for automated systems or other nonautomated operational equipment and furnishings deemed necessary by the sheriff's civil division or marshal. Five percent of the moneys in the special fund shall be used to supplement the expenses of the sheriff's civil division or marshal in administering the funds.

SEC. 23. Section 26750 of the Government Code is amended to read:

26750. (a) The fee for serving an earnings withholding order under the Wage Garnishment Law, Chapter 5 (commencing with Section 706.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, including but not limited to the costs of postage or traveling, and for performing all other duties of the levying officer under that law with respect to the levy is twenty-one dollars ($21).

(b) Except as provided in Section 26746, no additional fees, costs, or expenses may be charged by the levying officer for performing the duties under the Wage Garnishment Law, Chapter 5 (commencing with Section 706.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

CHAPTER 811

An act to add Section 67140.5 to the Education Code, relating to postsecondary education.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 67140.5 is added to the Education Code, to read:

67140.5. (a) For purposes of recruitment and the potential employment of students and former students with the State of

California, a state agency, as defined by Section 11000 of the Government Code, may request from an institution of public higher education, and the institution shall provide, the information specified in subdivision (b) relating to its students or former students.

(b) Information made available pursuant to this section is limited to the students' or former students' name, address, major field of study, and number of units completed. A state agency shall reimburse an institution of public higher education for the actual cost of providing the information. A state agency may request a tailored list, omitting any of the categories of information listed above, and the institution shall comply unless the institution determines that it would take an unreasonable amount of personnel time to comply.

(c) Prior to complying with a request from a state agency, institutions of public higher education shall inform students that state agencies may request the information specified in subdivision (b) for purposes leading to employment with the State of California.

(d) The information specified in subdivision (b) shall be released regarding any student or former student if the student or former student notifies the institution, in writing, that this information shall be released.

(e) This section shall not apply to the University of California unless the Regents of the University of California, by resolution, make that provision applicable.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 812

An act to add Section 1107 to the Evidence Code, relating to evidence.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1107 is added to the Evidence Code, to read:

1107. (a) In a criminal action, expert testimony is admissible by either the prosecution or the defense regarding battered women's syndrome, including the physical, emotional, or mental effects upon the beliefs, perceptions, or behavior of victims of domestic violence,

except when offered against a criminal defendant to prove the occurrence of the act or acts of abuse which form the basis of the criminal charge.

(b) The foundation shall be sufficient for admission of this expert testimony if the proponent of the evidence establishes its relevancy and the proper qualifications of the expert witness. Expert opinion testimony on battered women's syndrome shall not be considered a new scientific technique whose reliability is unproven.

(c) For purposes of this section, "abuse" and "domestic violence" are defined as provided in Section 542 of the Code of Civil Procedure for purposes of the Domestic Violence Protection Act.

(d) This section is intended as a rule of evidence only and no substantive change affecting the Penal Code is intended.

SEC. 2. The Legislature does not intend Section 1107 of the Evidence Code to preclude the admissibility of evidence of battered women's syndrome under other statutory or case law.

CHAPTER 813

An act relating to seismic safety.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the maintenance of cellular telephone service during and after a seismic event or other disaster is critical to the health and safety of persons injured by the event. The Legislature declares that the intent of this act is to provide the means to ensure that, to the extent feasible, service can be relied on during and after those events.

SEC. 2. (a) The Seismic Safety Commission shall administer a task force that shall develop seismic safety building performance standards that shall be used by state and local governmental agencies to evaluate applications for the construction of new cellular radio facilities that are designed exclusively or primarily to house or support cellular telephone switching equipment, transmitter or receiver antennas, and ancillary equipment. The task force shall be privately funded.

(b) The purpose of these performance standards shall be to ensure the continued availability of cellular service during and after a seismic event or other disaster.

(c) The task force shall consist of seven members. No fewer than two of the seven members shall be licensed structural engineers. The membership of the task force shall be as follows:

(1) The State Architect shall be a member of, and chair, the task force.

(2) One member shall be a member of, and appointed by, the Seismic Safety Commission.

(3) One member shall be a member of, and appointed by, the California Building Standards Commission.

(4) One member shall be appointed by the Governor.

(5) The three remaining members shall be officers of cellular telephone utilities, consisting of one officer from a wireline cellular utility, one officer from a nonwireline cellular utility, and one officer from a cellular utility (nonwireline or wireline) that is not controlled by either of the other utilities represented on the task force and that serves a Rural Statistical Area, as defined by the Federal Communications Commission, in the state. These members shall be appointed by the Cellular Carriers Association of California.

(d) The task force shall report the resultant performance standard to the Legislature by December 1, 1992. This standard shall then be recommended to the California Building Standards Commission for adoption.

SEC. 3. Buildings that house cellular radio facilities constructed after January 1, 1992, may be required to meet the standards for essential service buildings pursuant to Chapter 2 (commencing with Section 16000) of Division 12.5 of the Health and Safety Code, if so determined by the task force.

CHAPTER 814

An act to add Article 8 (commencing with Section 1263.710) to Chapter 9 of Title 7 of Part 3 of the Code of Civil Procedure, relating to schools.

[Approved by Governor October 10, 1991. Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) In many areas of the state, overcrowding in the schools has created a need for new school facilities in neighborhoods where little or no vacant land exists. School districts are compelled, therefore, to acquire property that has already been developed for residential, commercial, or industrial use.

(b) Because of the housing shortage that exists in much of the state, school districts are often reluctant to acquire residential property and displace the residents of that property. It is in the public interest to encourage alternatives, wherever feasible, to the taking of residential property for public projects.

(c) The acquisition of commercial and industrial properties, however, even when those properties are actively marketed for sale, is frequently rendered undesirable by the costs of discovering and

identifying or characterizing hazardous substances that may be present in those properties.

SEC. 2. Article 8 (commencing with Section 1263.710) is added to Chapter 9 of Title 7 of Part 3 of the Code of Civil Procedure, to read:

Article 8. Remediation of Hazardous Substances on Property to be Acquired by School Districts

1263.710. (a) As used in this article, "hazardous substance," "remedial action," "and removal" shall have the meanings accorded to those terms in Sections 25316, 25322, and 25323, respectively, of the Health and Safety Code.

(b) As used in this article, "required action" means any removal or other remedial action with regard to hazardous substances that is necessary to comply with any requirement of federal, state, or local law.

1263.720. (a) Upon petition of any party to the proceeding, the court in which the proceeding is brought shall specially set for hearing the issue of whether any hazardous substance is present within the property to be taken.

(b) If the court determines that any hazardous substance is present within the property to be taken, the court shall do all of the following:

(1) Identify those measures constituting the required action with regard to the hazardous substance, the probable cost of the required action, and the party that shall be designated by the court to cause the required action to be performed.

(2) Designate a trustee to monitor the completion of the required action and to hold funds, deducted from amounts that are otherwise to be paid to the defendant pursuant to this title, to defray the probable cost of the required action.

(3) Transfer to the trustee funds necessary to defray the probable cost of the required action from amounts deposited with the court pursuant to Article 1 (commencing with Section 1255.010) of Chapter 6 or pursuant to Section 1268.110. In the case of any payment to be made directly to the defendant pursuant to Section 1268.010, the plaintiff shall first pay to the trustee the amount necessary to defray the probable cost of the required action, as identified by the court, and shall pay the remainder of the judgment to the defendant. The total amount transferred or paid to the trustee pursuant to this paragraph shall not exceed an amount equal to 75 percent of the following, as applicable:

(A) Prior to entry of judgment, the amount deposited as the probable amount of compensation pursuant to Article 1 (commencing with Section 1255.010) of Chapter 6.

(B) Subsequent to entry of judgment, the fair market value of the property taken, as determined pursuant to Article 4 (commencing with Section 1263.310). If the amount determined as fair market

value pursuant to that article exceeds the amount deposited pursuant to Article 1 (commencing with Section 1255.010) of Chapter 6, that excess shall be available, subject to the 75 percent limit set forth in this paragraph, for transfer to the trustee for the purposes of this paragraph or for reimbursement of the plaintiff for payments made to the trustee pursuant to this paragraph. If the amount determined as fair market value pursuant to Article 4 (commencing with Section 1263.310) is less than the amount deposited pursuant to Article 1 (commencing with Section 1255.010) of Chapter 6, the plaintiff shall be entitled to a return of amounts thereby deposited, a judgment against the defendant, or both, as necessary to ensure that the total amount transferred or paid to the trustee pursuant to this paragraph not exceed an amount equal to 75 percent of the fair market value of the property taken, as determined pursuant to Article 4 (commencing with Section 1263.310).

(4) Establish a procedure by which the trustee shall make one or more payments from the funds it receives pursuant to paragraph (3) to the party causing the required action to be performed, upon completion of all or specified portions of the required action. Any amount of those funds that remains following the completion of all of the required action shall be applied in accordance with the provisions of this title that govern the disposition of the deposit amounts referred to in paragraph (3).

(c) The actual and reasonable costs of the trustee incurred pursuant to this section shall be paid by the plaintiff.

1263.730. Where the required action is caused to be performed by the plaintiff, and the amount available to the trustee under this article is insufficient to meet the actual cost incurred by the plaintiff to complete the required action, the plaintiff may either apply to the court for a new hearing regarding identification of the probable cost, or complete the required action at its own expense and bring an action against the defendant to recover the additional costs.

1263.740. The presence of any hazardous substance within a property shall not be considered in appraising the property, for purposes of Section 1263.720, pursuant to Article 1 (commencing with Section 1255.010) of Chapter 6, or pursuant to Article 4 (commencing with Section 1263.310).

1263.750. (a) Notwithstanding any action taken pursuant to this article, the plaintiff shall have available all remedies in law that are available to a purchaser of real property with respect to any cost, loss, or liability for which the plaintiff is not reimbursed under this article.

(b) If the plaintiff abandons the proceeding at any time, the plaintiff shall be entitled to compensation for the benefit, if any, conferred on the property by reason of the remedial action performed pursuant to this article. That benefit shall be applied as an offset to the amount of any entitlement to damages on the part of the defendant pursuant to Section 1268.620 or, if it exceeds the amount of those damages, shall constitute a lien upon the property, to the extent of that excess, when recorded with the county recorder

in the county in which the real property is located. The lien shall contain the legal description of the real property, the assessor's parcel number, and the name of the owner of record as shown on the latest equalized assessment roll. The lien shall be enforceable upon the transfer or sale of the property, and the priority of the lien shall be as of the date of recording. In determining the amount of the benefit, if any, neither party shall have the burden of proof.

For the purposes of this subdivision, "benefit" means the extent to which the remedial action has enhanced the fair market value of the property.

1263.760. An offer by the plaintiff to purchase the property subject to this article shall be deemed to satisfy the requirements of Section 7267.2 of the Government Code.

1263.770. This article shall only apply to the acquisition of property by school districts.

CHAPTER 815

An act to amend Sections 266, 11729, and 11730 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 266 of the Vehicle Code is amended to read:

266. A "consignment" is an arrangement under which a dealer agrees to accept possession of a vehicle of a type required to be registered under this code from an owner for the purpose of selling the vehicle and to pay the owner or the owner's designee from the proceeds of the sale.

SEC. 2. Section 11729 of the Vehicle Code is amended to read:

11729. Any dealer engaging in a consignment with an owner not licensed as a dealer, manufacturer, manufacturer branch, distributor, or a distributor branch licensed under this code, and the consignment is not otherwise prohibited by this code, shall execute a consignment agreement as prescribed by Section 11730. The failure of a dealer, when required under this section, to complete and comply with the terms of the prescribed consignment agreement for any vehicle which the dealer agrees to accept on consignment, or to pay the agreed amount to the consignor or his or her designee within 20 days after the date of sale of the vehicle, is cause for suspending or revoking the license of the dealer under paragraph (10) of subdivision (a) of Section 11705.

SEC. 3. Section 11730 of the Vehicle Code is amended to read:

11730. The consignment agreement required by Section 11729 shall contain all the following terms, phrases, conditions, and

disclosures:

(a) The date the agreement is executed.

(b) All of the following statements:

(1) "I(We), the undersigned consigner(s), hereby consign and deliver possession of my(our) vehicle, which is a (Year) _____ (Make) _____ (ID#) _____ (License) _____ (State) _____ (Mileage) _____, to (Consignee) _____ (Dealer #) _____ for the sole purpose of selling the vehicle and paying, to the consignor or his or her designee from the proceeds of the sale of the vehicle, the amount agreed upon under terms of this agreement. This agreement is effective and valid only for a period of _____ days from this date."

(2) "At the termination of this agreement, the consignee shall return the vehicle to the consignor, or, at the option of both the consignor and consignee, enter into a new agreement."

(3) "If the vehicle is sold by the consignee during the term of this agreement, the money due the consignor shall be disbursed within 20 days after the date of sale in accordance with the terms of this agreement. As used in this agreement, a "sale" occurs when the consignee either (A) receives the purchase price or its equivalent or executes a conditional sales contract for the vehicle, or (B) when the purchaser takes delivery of the vehicle, whichever occurs first."

(4) "The following information shall be completed prior to the signing of this agreement:

Current market value: $_____ Source: _____.

Outstanding liens: $_____ Lienholder: _____.

(Any difference between the outstanding amount shown and the actual payoff to the lienholder will be credited to the consignor.)

Repairs to be made: $_____ Work Order # _____.

Moneys to the consignor: _____ percent of sale price, flat fee of $_____ or the following specific formula: _____."

(5) "Within 20 days after sale, the consignee shall make an accounting to the consignor of all of the following: date of sale, repairs authorized by consignor (supported by work records), exact amount of any liens payable to lienholders, evidence of payment of any liens, and the total sales price."

(6) "The consigned vehicle is delivered to the consignee in trust for the exact terms set forth in this agreement. The consignee agrees to receive this vehicle in trust and not to permit its use for any other purpose other than contained in this agreement without the express written consent of the consignor."

(7) "Upon payment of the moneys due the consignor, the consignor agrees to furnish the consignee those documents necessary to transfer the ownership of the vehicle to the purchaser.

Signatures:

Consignor	Date
Address	
Consignee	Date
Address	"

(8) "NOTICE TO CONSIGNOR: Failure of the consignee to comply with the terms of this agreement may be a violation of statute which could result in criminal or administrative sanctions, or both. If you feel the consignee has not complied with the terms of this agreement, please contact the Department of Motor Vehicles, Division of Investigations and Occupational Licensing, Bureau of Investigations, via the local Department of Motor Vehicles office."

CHAPTER 816

An act to amend Sections 25534 and 25534.5 of, and to add Sections 25531.1 and 25535.2 to, the Health and Safety Code, relating to hazardous materials.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 25531.1 is added to the Health and Safety Code, to read:

25531.1. The Legislature finds and declares that the public has a right to know about acutely hazardous materials accident risks that may affect their health and safety, and that this right includes full and timely access to hazard assessment information, including offsite consequence analysis for the most likely hazards, which identifies the offsite area which may be required to take protective action in the event of an acutely hazardous materials release.

The Legislature further finds and declares that the public has a right to participate in decisions about risk reduction options and measures to be taken to reduce the risk or severity of acutely hazardous materials accidents.

SEC. 2. Section 25534 of the Health and Safety Code is amended

to read:

25534. (a) The administering agency shall make a preliminary determination whether there is a significant likelihood that the handler's use of an acutely hazardous material may pose an acutely hazardous materials accident risk.

(1) If the administering agency determines that there is a significant likelihood of risk pursuant to this subdivision, it shall require the handler to prepare and to submit an RMPP in accordance with a timetable based on the priority ranking established in subdivision (b).

(2) If the administering agency determines that there is not a significant likelihood of risk pursuant to this subdivision, it may require the preparation and submission of an RMPP, but need not do so if it determines that the likelihood of an acutely hazardous materials accident risk is remote.

(3) If the administering agency determines that an economic poison, as defined in Section 12753 of the Food and Agricultural Code, used on a farm or nursery may pose a risk pursuant to this subdivision, the administering agency shall first consult with the Department of Food and Agriculture or the county agricultural commissioner to evaluate whether the current RMPP is adequate in relation to the risk. This paragraph does not prohibit, or limit the authority of, an administering agency to conduct its duties under this article.

(b) The administering agency shall rank each use of an acutely hazardous material identified pursuant to paragraph (1) of subdivision (a) in terms of the relative risks associated with its use, should an acutely hazardous materials accident occur. The estimation of the relative risks posed by the use of an acutely hazardous material shall be based on worst case assumptions regarding the quantity and rate of release of the acutely hazardous material, air dispersion, toxicity, meteorological conditions, and other pertinent parameters. Based on the estimate of relative risks, the administering agency shall establish a timetable for the submission of the RMPP for the use of the acutely hazardous material.

(c) The RMPP shall be prepared within 12 months following the request made by the administering agency pursuant to this section. The RMPP shall include all of the following elements:

(1) A description of each accident involving acutely hazardous materials which has occurred at the business or facility within three years from the date of the request made pursuant to subdivision (a), together with a description of the underlying causes of the accident and the measures taken, if any, to avoid a recurrence of a similar accident.

(2) A report specifying the nature, age, and condition of the equipment used to handle acutely hazardous materials at the business or facility and any schedules for testing and maintenance.

(3) Design, operating, and maintenance controls which minimize

the risk of an accident involving acutely hazardous materials.

(4) Detection, monitoring, or automatic control systems to minimize potential acutely hazardous materials accident risks.

(5) A schedule for implementing additional steps to be taken by the business, in response to the findings of the assessment performed pursuant to subdivision (d), to reduce the risk of an accident involving acutely hazardous materials. These actions may include any of the following:

(A) Installation of alarm, detection, monitoring, or automatic control devices.

(B) Equipment modifications, repairs, or additions.

(C) Changes in the operations, procedures, maintenance schedules, or facility design.

(6) Auditing and inspection programs designed to allow the handler to confirm that the RMPP is effectively carried out.

(7) Recordkeeping procedures for the RMPP.

(d) The RMPP shall be based upon an assessment of the processes, operations, and procedures of the business, and shall consider all of the following:

(1) The results of a hazard and operability study which identifies the hazards associated with the handling of an acutely hazardous material due to operating error, equipment failure, and external events, which may present an acutely hazardous materials accident risk.

(2) For the hazards identified in the hazard and operability studies, an offsite consequence analysis which, for the most likely hazards, assumes pessimistic air dispersion and other adverse environmental conditions and which includes a clearly prepared map noting the location of the facility which shows the populations considered pursuant to Section 25534.1 and the zones of vulnerability, including the levels of expected exposure in each zone.

(e) The business shall submit to the administering agency any additional supporting technical information deemed necessary by the administering agency to clarify information submitted pursuant to subdivision (c).

(f) A handler shall maintain all records concerning an RMPP for a period of at least five years.

(g) The RMPP shall identify, by title, all personnel at the business who are responsible for carrying out the specific elements of the RMPP, and their respective responsibilities, and the RMPP shall include a detailed training program to ensure that those persons are able to implement the RMPP.

(h) The handler shall review the RMPP, and shall make necessary revisions to the RMPP at least every three years, but, in any event, within 60 days following a modification which would materially affect the handling of an acutely hazardous material.

(i) Any person who handles acutely hazardous materials and who owns or operates two or more business facilities which are substantially identical may prepare a single generic RMPP

applicable to all those facilities if the handling of the acutely hazardous materials is substantially similar at all of those facilities.

(j) The RMPP, and any revisions required by subdivision (h), shall be certified as complete by a qualified person and the facility operator.

(k) Except as specified in subdivision (d) of Section 25535, the handler shall implement all activities and programs specified in the RMPP within one year following the certification made pursuant to subdivision (j). Implementation of the RMPP shall include carrying out all operating, maintenance, monitoring, inventory control, equipment inspection, auditing, recordkeeping, and training programs as required by the RMPP. The administering agency may grant an extension of this deadline upon a showing of good cause.

(*l*) The Office of Emergency Services shall adopt, and publish for distribution, guidelines for the preparation and submission of an RMPP. In preparing the guidelines for hazard and operability studies, the office shall, at a minimum, base its procedural recommendations on those set forth in the 1985 Guidelines for Chemical Hazard Evaluation Procedures, prepared by the Center for Chemical Process Safety of the American Institute of Chemical Engineers.

SEC. 3. Section 25534.5 of the Health and Safety Code is amended to read:

25534.5. In reviewing an RMPP pursuant to subdivision (a) of Section 25535, the administering agency may have access to and review all technical information in the handler's possession which is reasonably necessary to allow the administering agency to make a determination regarding the sufficiency of the RMPP. That information may include any study or analysis conducted pursuant to subdivision (d) of Section 25534. The handler shall submit the information prepared pursuant to paragraph (2) of subdivision (d) of Section 25534 to the administering agency upon completing the studies and analysis specified in that subdivision. Information collected pursuant to subdivision (d) of Section 25534 shall not be disclosed by the administering agency except as provided in Section 25511.

SEC. 4. Section 25535.2 is added to the Health and Safety Code, to read:

25535.2. Within 15 days after the administering agency determines the RMPP is complete, the administering agency shall make the RMPP available to the public for review and comment for a period of at least 45 days. A notice briefly describing and stating that the RMPP is available for public review at a certain location shall be placed in a daily local newspaper and mailed to interested persons and organizations. The administrative agency shall consider these public comments in the review of the RMPP pursuant to Section 25535.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act or for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 817

An act to amend Section 25366.5 of the Health and Safety Code, to amend Sections 10406 and 10409 of the Public Contract Code, and to amend Section 3472 of, and to add Chapter 4 (commencing with Section 48600) to Part 7 of Division 30 of, the Public Resources Code, relating to oil, and making an appropriation therefor.

[Approved by Governor October 10, 1991 Filed with Secretary of State October 11, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 25366.5 of the Health and Safety Code is amended to read:

25366.5. (a) Any public agency operating a hazardous waste collection program, as defined in Section 25345.5, or any person operating such a program under an agreement with a public agency, or, for material received from the public as used oil, any person operating a certified used oil collection center as provided in Section 48660 of the Public Resources Code, shall not be held liable in any cost recovery action brought pursuant to Section 25360 for any waste which has been properly handled and transported to an authorized hazardous waste treatment or disposal facility at a location other than that of the collection program.

(b) Except as provided in subdivision (a), this section does not affect or modify the obligations or liabilities of any person imposed pursuant to any state or federal law.

SEC. 2. Section 10406 of the Public Contract Code is amended to read:

10406. Every procuring agency shall revise its procedures and specifications on or before July 1, 1992, for the purchase of lubricating oil and industrial oil to eliminate any exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.

SEC. 3. Section 10409 of the Public Contract Code is amended to read:

10409. Every local agency, as defined in Section 17518 of the

Government Code, shall purchase lubricating oil and industrial oil from the seller whose oil product contains the greater percentage of recycled oil, if the availability, fitness, quality, and price of the recycled oil product is otherwise equal to, or better than, virgin oil products.

SEC. 4. Section 3472 of the Public Resources Code is amended to read:

3472. The board shall maintain access to a toll-free telephone number which is to be used for the purpose of informing callers of the following:

(a) The permissible methods of recycling or disposing of used oil.

(b) The types of establishments likely to be properly equipped and authorized to accept used oil.

(c) Specific establishments located in the area of the caller that have notified the board that they are properly equipped and authorized to accept used oil.

(d) Specific oil recycling facilities in the area of the caller that are authorized by the Department of Toxic Substances Control to receive used oil and that have programs of used oil pickup.

SEC. 5. Chapter 4 (commencing with Section 48600) is added to Part 7 of Division 30 of the Public Resources Code, to read:

CHAPTER 4. CALIFORNIA OIL RECYCLING ENHANCEMENT

Article 1. Legislative Findings

48600. The Legislature finds and declares the following:

(a) The problem posed by used oil disposal requires a comprehensive, statewide response, including, but not limited to, eliminating illegal disposal, reducing landfill disposal of used oil, recycling of used oil into new uses, and the promotion of secondary markets for recycled oil products.

(b) California currently generates about 161 million gallons of used lubricating and industrial oil each year, and only about 50 percent of that oil is recycled.

(c) The scarcity of used oil collection centers and programs, and the charges imposed on consumers for recycling used oil, create economic disincentives for recycling which could be addressed through a recycling incentive program.

(d) Used oil represents a valuable state resource which should be reclaimed and recycled whenever possible. An abundance of used oil recycling alternatives exist which have been demonstrated to be environmentally safe. These alternatives need to be promoted in order to achieve the maximum use of used oil and prevent damage to the environment.

(e) It is the intent of the Legislature to reduce the illegal disposal of used oil and recycle and reclaim used oil to the greatest extent possible in order to recover valuable natural resources and to avoid damage to the environment and threats to public health.

Article 2. Short Title

48601. This chapter shall be known and may be cited as the California Oil Recycling Enhancement Act.

Article 3. Definitions

48610. Unless the context otherwise requires, the following definitions govern the construction of this chapter.

48610.5. "Bulk oil" means oil which is in nonpackaged form in containers larger than 55 gallons.

48611. "Container" means a drum, can, or other receptacle used primarily for storage or transportation of oil. "Container" does not mean the equipment in which oil is used.

48612. "Department" means the Department of Toxic Substances Control.

48613. "Fund" means the California Used Oil Recycling Fund created pursuant to Section 48653.

48614. "Industrial generator" means an entity which buys and uses lubricating oil only for equipment owned or used by the business entity. "Industrial generator" includes state or local governmental entities, as defined by Section 5902 of the Government Code. "Industrial generator" does not include motor carriers which have received oil for which a payment has not been made pursuant to Section 48650.

48616. "Industrial oil" includes, but is not limited to, any compressor, turbine, or bearing oil, hydraulic oil, metal-working oil, or refrigeration oil. Industrial oil does not include dielectric fluids.

48617. "Local government" has the same meaning as defined in Section 30109.

48618. "Lubricating oil" includes, but is not limited to, any oil intended for use in an internal combustion engine crankcase, transmission, gearbox, or differential in an automobile, bus, truck, vessel, plane, train, heavy equipment, or other machinery powered by an internal combustion engine.

48619. "Oil manufacturer" means any person or entity who bottles, cans, or otherwise packages, distributes, or sells lubricating or industrial oil.

48620. "Recycled oil" means recycled oil, as defined in subdivision (c) of Section 25250.1 of the Health and Safety Code.

48621. "Used oil" means used oil, as defined in subdivision (a) of Section 25250.1 of the Health and Safety Code. Used oil does not include articles contaminated with de minimis quantities of used oil, such as used oil filters, oily rags, and scrap metal.

48622. "Used oil collection center" means a business, governmental entity, or nonprofit organization which accepts used lubricating oil from the public and which is exempt from hazardous waste facility permit requirements pursuant to subdivision (a) of Section 25250.11 of the Health and Safety Code.

48623. "Used oil hauler" means a hazardous waste hauler registered pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code who transports used oil to a used oil recycling facility certified pursuant to Article 7 (commencing with Section 48660).

48624. "Used oil recycling facility" means a facility which is issued a hazardous waste facilities permit or grant of interim status by the department pursuant to Section 25200 or 25200.5 of the Health and Safety Code to convert used oil into recycled oil.

Article 4. Used Oil Recycling

48630. On or before October 1, 1992, the board shall adopt a used oil recycling program which promotes and develops alternatives to the illegal disposal of used oil.

48631. The used oil recycling program shall include, but is not limited to, the following:

(a) A recycling incentive system as described in Article 6 (commencing with Section 48650).

(b) Grants or loans, as specified in Section 48632.

(c) Development and implementation of an information and education program for the promotion of alternatives to the illegal disposal of used oil.

(d) A reporting, monitoring, and enforcement program to ensure that all statutes and regulations relating to used oil are properly carried out.

48632. The board may issue grants or loans pursuant to Section 48631 for only the following purposes:

(a) To local governments for providing opportunities for used lubricating oil collection, which are in addition to those included in the local used oil collection programs adopted pursuant to Article 10 (commencing with Section 48690).

(b) To nonprofit entities for projects, which may include one or more of the following programs or activities:

(1) Establishing used lubricating oil collection centers.

(2) Providing containers and other materials and supplies that the public can utilize in an environmentally sound manner to store used lubricating oil for pickup or return to a used oil collection center.

(3) Obtaining equipment and establishing procedures to comply with federal, state, and local law regarding the collection, handling, and storage of used oil.

(c) Research, testing, and demonstration projects to develop uses for recycled oil.

48633. The grants to nonprofit organizations and governmental entities authorized by subdivisions (a) and (b) of Section 48632 may include grants to offset operational expenses.

48634. In adopting the program required by this article, the board shall consider information developed pursuant to the Used Oil Collection Demonstration Grant Program Act of 1990 (Chapter 1.5

(commencing with Section 3475) of Division 3).

Article 5. Administration

48640. The board shall administer this chapter. For organizational purposes, the board may create a new division, bureau, office, or unit to administer this chapter.

48641. In addition to any other regulations which the board is required by statute to adopt, the board may adopt any other rules and regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code which the board determines may be necessary or useful to carry out this chapter or any of the board's duties or responsibilities imposed pursuant to this chapter.

48642. The board may prepare, publish, or issue printed pamphlets, which the board determines to be necessary, for the dissemination of information concerning the activities of the board pursuant to this chapter.

48643. In carrying out this chapter, the board may solicit and use any and all expertise available in other state agencies, including, but not limited to, the State Board of Equalization, and, where an existing state agency performs functions of a similar nature to the board's functions, the board may contract with or cooperate with that agency in carrying out this chapter.

Article 6. Financial Provisions

48650. (a) Beginning October 1, 1992, every oil manufacturer shall pay to the board, within 20 days of the end of each quarter, an amount equal to four cents ($0.04) for every quart, or sixteen cents ($0.16) for every gallon, of lubricating oil sold or transferred in the state, or imported into the state for use in the state in that quarter. Except as provided in subdivision (b), no payment is required for oil which meets any of the following:

(1) Oil for which a payment has already been made to the board pursuant to this section.

(2) Oil exported or sold for export from the state.

(3) Oil sold for use in vessels operated in interstate or foreign commerce by a person engaged in the business of a common or contract carrier.

(4) Oil imported into the state in the engine crankcase, transmission, gear box, or differential of an automobile, bus, truck, vessel, plane, train, or heavy equipment or machinery.

(5) Bulk oil imported into, transferred in, or sold in the state to a motor carrier, as defined in Section 408 of the Vehicle Code, and used in a vehicle designated in subdivisions (a) and (b) of Section 34500 of the Vehicle Code.

(b) An oil manufacturer shall make the payment specified in subdivision (a) for oil exempted from payment pursuant to

paragraph (2) or (3) of subdivision (a), if the oil is subsequently sold or transferred for use, or is used, in the state, and the use does not otherwise qualify the oil for exemption pursuant to subdivision (a).

48651. (a) The board shall pay a recycling incentive to every industrial generator, curbside collection program, and certified used oil collection center, for used lubricating oil collected from the public, or generated by the certified used oil collection center or the industrial generator, after April 1, 1993, and transported by a used oil hauler to a certified used oil recycling facility.

(b) The board shall pay a recycling incentive to an electric utility, as defined in Section 25108, for used lubricating oil generated after April 1, 1993, and used by the electric utility for electrical generation if the utility's use of the used lubricating oil meets the requirements of subparagraph (C) of paragraph (2) of subdivision (d) of Section 25143.2 of the Health and Safety Code and the used oil complies with the standards for recycled oil established in subdivision (c) of Section 25250.1 of the Health and Safety Code.

(c) A person or entity that generates used industrial oil shall cause that oil to be transported by a used oil hauler to a certified oil recycling facility.

48652. The board shall set the recycling incentive amount at not less than four cents ($0.04) per quart. The amount may be set at an amount higher than four cents ($0.04) if the board determines that a higher amount is necessary to promote recycling of used lubricating oil and sufficient funds are available in the fund. The board shall not change the amount of the recycling incentive until at least one year has passed since the amount was last set. The board shall continue providing recycling incentives to certified used oil collection centers at the previous rate for one month after setting the recycling incentive at a lower rate.

48653. The board shall deposit all amounts paid pursuant to Section 48650 by manufacturers, civil penalties, or fines paid pursuant to this chapter, and all other revenues received pursuant to this chapter into the California Used Oil Recycling Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the moneys in the fund are hereby continuously appropriated, without regard to fiscal year, solely as follows:

(a) To the board for expenditure for the following purposes:

(1) To pay recycling incentives pursuant to Section 48651.

(2) Except as provided in Section 48654, to pay the costs necessary to administer this chapter, including implementing the reporting, monitoring, and enforcement program pursuant to subdivision (d) of Section 48631, not to exceed three million dollars ($3,000,000) annually.

(3) To provide a reserve for contingencies, as may be available after making other payments required by this section, in an amount not to exceed one million dollars ($1,000,000).

(4) To make block grants for the implementation of local used oil

collection programs adopted pursuant to Article 10 (commencing with Section 48690) to cities, based on the city's population, and counties, based on the population of the unincorporated area of the county, in a total annual amount equal to ten million dollars ($10,000,000) or half of the amount which remains in the fund after the expenditures are made pursuant to paragraphs (1) to (3), inclusive, and subdivision (b), and pursuant to Section 48654, whichever amount is greater, multiplied by the fraction equal to the population of cities and counties which are eligible for block grants pursuant to Section 48690, and divided by the population of the state. The board shall use the latest population estimates of the state generated by the Population Research Unit of the Department of Finance in making the calculations required by this paragraph.

(b) Except as provided in Section 48654, to the department, the sum of four hundred fifty thousand dollars ($450,000) which shall be available for encumbrance until June 30, 1994, to pay the costs of the inspection program required pursuant to Section 48661. The Legislature intends that the appropriation contained in this subdivision shall be sufficient for the costs of implementing the inspection program required by Section 48661 in fiscal years 1992–93 and 1993–94. Appropriations for subsequent years shall be provided through the annual budget process.

48654. On and after July 1, 1994, the money in the fund may be expended by the board for the administration of this chapter and by the department for inspections and reports pursuant to Section 48661 only upon appropriation by the Legislature in the annual Budget Act.

48655. After all of the expenditures pursuant to Section 48653 have been made, the balance remaining in the fund shall be deposited in the Used Oil Market and Collection Promotion Account, which is hereby created in the fund.

48656. Moneys deposited in the Used Oil Market and Collection Promotion Account shall be available to the board for expenditure, upon appropriation by the Legislature, solely for implementation of subdivisions (b) and (c) of Section 48631 and Section 48660.5. The board shall not expend more than two hundred thousand dollars ($200,000) to implement Section 48660.5 and at least 40 percent of the moneys deposited in the account shall be expended for the purposes of subdivision (a) of Section 48632, at least 10 percent shall be expended for the purposes of subdivision (b) of Section 48632, and at least 20 percent shall be expended for the purposes of subdivision (c) of Section 48631.

48657. The board shall keep accurate books, records, and accounts of all of its dealings, and these books, records, and accounts are subject to an annual audit by an auditing firm selected by the board. The auditing firm or the board shall also conduct a selective audit of entities making payments to, or receiving payments from, the board to determine whether payments required by Section 48650 are being paid to the board on all lubricating oil sold in California,

and that grants and recycling incentives are being paid out properly by the board. The audit shall be made a part of the report required pursuant to Section 40507.

Article 7. Certification

48660. (a) No used oil collection center shall be eligible for payment of recycling incentives unless and until the board has certified that it is in compliance with the requirements specified in subdivision (b). Before certification, the board may require the center to submit any information that the board determines is necessary to find that the center is in compliance with those requirements. Used oil collection centers shall reapply for certification every two years. The board may cancel the certification for a center if it finds, after a public hearing, that the center is not or has not been in compliance with the requirements contained in subdivision (b). The board may withhold payment of recycling incentives for used oil collected by a center if the board finds that the center was not in compliance with the requirements contained in subdivision (b) during the time in which the used oil was collected.

(b) In order to be eligible for certification by the board and the payment of recycling incentives, the used oil collection center shall comply with all of the following:

(1) Shall accept used lubricating oil from the public at no charge during the hours that the center is open for business.

(2) Shall pay to any person an amount equal to the recycling incentive which the center will receive for used lubricating oil brought to the center in containers by the person. Nothing in this chapter prohibits any person from donating used lubricating oil to a collection center.

(3) Shall provide information to the board for informing the public of the center's acceptance of used lubricating oil.

(4) Shall provide notice to the public, through onsite signs and periodic advertising in local media, of the center's acceptance of used lubricating oil from the public. Onsite signs shall be of a design specified by the board and shall be at least two feet by three in size, easily readable from a public street, and shall include the words "Used Oil Collection Center— Recycling Incentive Paid for Used Lubricating Oil in Containers During Business Hours from Members of the Public Who Change Their Own Oil." Where local zoning ordinances prevent signs of a size consistent with this section, an onsite sign shall be of the maximum allowable size.

(c) Notwithstanding subdivision (b), a used oil collection center shall not accept more than 20 gallons of used lubricating oil, in containers not larger than five gallons, from a person each day and may refuse to accept used lubricating oil which has been contaminated in a manner other than that which would occur through normal use.

(d) Notwithstanding subdivision (b), no collection center shall

knowingly accept used oil for which a payment has not been made pursuant to Section 48650.

48660.5. (a) If the board finds that a shipment of used oil from a certified used oil collection center is contaminated by hazardous materials in excess of that which generally occurs in normal use, which renders the used oil infeasible for recycling, and requires that the used oil be destroyed at a substantially higher cost than the cost generally to recycle used oil, the board shall, upon application by the used oil collection center, reimburse the center for the additional disposal cost, subject to the eligibility requirements of subdivision (b), except as provided in subdivision (c).

(b) A certified used oil collection center is eligible for reimbursement only if it demonstrates to the satisfaction of the board all of the following:

(1) The center has established procedures to ensure that the used oil it generates and accepts from the public will not be mixed with other hazardous wastes, especially halogenated wastes. These procedures shall include, but not be limited to, instructing the public and employees that used oil shall not be mixed with other hazardous waste. The board shall not require a center to test used oil received from the public as part of these procedures.

(2) The shipment contains not more than five gallons of contaminants.

(c) In any calendar year, a used oil collection center shall be reimbursed for not more than one shipment and for not more than five thousand dollars ($5,000) in disposal costs, subject to the availability of funds pursuant to Section 48656.

48661. (a) On and after July 1, 1992, the department shall annually inspect used oil recycling facilities.

(b) Within 135 days following inspection, the department shall submit a report to the board, describing all of the following:

(1) Any violations of Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.

(2) Any corrective actions ordered or agreed to by the department.

(3) Progress by the facility in correcting violations identified in previous inspections.

(c) In the report required by subdivision (b), the department shall specifically state whether any of the following occurred:

(1) The department has identified violations of subdivision (c) of Section 25250.1 of the Health and Safety Code regarding achievement of minimum standards of purity for recycled oil.

(2) The department has identified violations of regulations requiring financial responsibility assurance for liability, closure, and postclosure obligations.

(3) Where prior contamination has been identified, the facility has an approved corrective action plan and has not been found to be in violation of its requirements.

48662. The board shall certify or recertify any used oil recycling

facility for which the board has received a report from the department pursuant to Section 48661, unless the board determines that the facility is engaged in a repeating or recurring pattern of noncompliance that poses a significant threat to public health and safety or the environment. If the board denies certification, the board may subsequently certify a facility if it determines that the facility meets the standards for certification.

Article 8. Reporting

48670. In order to be eligible for payment of a recycling incentive, an industrial generator of used lubricating oil, a used oil collection center, or a curbside collection program shall report to the board for each quarter the amount of lubricating oil purchased and the amount of used lubricating oil transported to a certified used oil recycling facility or used to generate electricity pursuant to subdivision (b) of Section 48651. The reports shall be submitted within 20 days after the end of each quarter, in the form and manner which the board may prescribe, and shall include copies of manifests or modified manifest receipts from used oil haulers. The board may provide, by regulation, for a longer reporting period for industrial generators which generate less than 1,000 gallons of used oil annually.

48671. Beginning May 1, 1992, every manufacturer who sells, or offers to sell, lubricating or industrial oil in this state shall report to the board for each month the amount of lubricating or industrial oil sold. The reports shall be submitted by the day when payment required by Section 48650 is or would be due, in the form and manner which the board may prescribe.

48672. Beginning May 1, 1992, every used oil hauler shall report to the board for each quarter the amount of used oil transported, the location to which it is transported, and the source of the used oil. The hauler shall provide estimates, where feasible, of the amount which is used lubricating oil and the amount which is used industrial oil. The reports shall be submitted within 10 days after the end of each quarter, in the form and manner which the board may prescribe.

48673. Beginning July 1, 1992, every used oil recycling facility shall report to the board for each quarter the amount of used oil received and the amount of recycled oil produced. The facility shall provide estimates, where feasible, of the amount which is used lubricating oil and the amount which is used industrial oil. The reports shall be submitted within 10 days after the end of each quarter, in the form and manner which the board may prescribe.

48674. Beginning on the first January 1 after receiving a block grant pursuant to paragraph (4) of subdivision (a) Section 48653, and on or before January 1 thereafter, each local government shall submit a report to the board, which includes any amendments to the local used oil collection program adopted pursuant to Section 48690, a description of all measures taken to implement the program, and a description of how the block grant for the previous year was

expended.

48675. The board shall establish procedures to protect any proprietary information concerning sales, purchases, and operations obtained while collecting information for carrying out this chapter.

48676. (a) The board shall establish reporting periods for the reporting of accumulated industrial and lubricating oil sales and used oil recycling rates, and each reporting period shall be six months, except that the first reporting period shall be a six-month period from July 1, 1992, to December 31, 1992, inclusive. The board shall issue a report on its determinations within 70 days of the end of each reporting period.

(b) As part of the report required pursuant to Section 40507, the board shall summarize industrial and lubricating oil sales and recycling rates, the results of programs funded pursuant to this chapter, recommendations, if any, for statutory changes to the program, including changes to the amounts of the payment required by Section 48650 and the recycling incentive, and plans for present and future programs to be conducted over the next two years.

Article 9. Enforcement

48680. (a) Except as provided in subdivision (b), in addition to any other civil or criminal penalties, any person convicted of a violation of this chapter is guilty of an infraction, which is punishable by a fine of not more than one hundred dollars ($100) per day for each day the violation occurs.

(b) Every person who, with intent to defraud, does not accurately report the amount of oil sold, collected, or transferred pursuant to Article 8 (commencing with Section 48670), who, with intent to defraud, does not make payments as required by Section 48650, or who knowingly receives or pays a recycling incentive for oil upon which a payment has not been made pursuant to Section 48650 is guilty of fraud. If the money obtained or withheld is four hundred dollars ($400) or less, the fraud is punishable by imprisonment in the county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. If the money obtained or withheld is more than four hundred dollars ($400), the fraud is punishable by imprisonment in the county jail for not more than one year or imprisonment in the state prison, by a fine not exceeding ten thousand dollars ($10,000), or twice the late or unmade payments plus interest, whichever is greater, or by both that fine and imprisonment.

(c) Any person who violates this chapter may be assessed a civil penalty by the board of not more than one hundred dollars ($100) per day for each day the violation occurs or continues, pursuant to a hearing and notice.

Article 10. Local Used Oil Collection Program

48690. A local government is eligible for a block grant pursuant to paragraph (4) of subdivision (a) of Section 48653, if it develops and submits a local used oil collection program to the board pursuant to Section 48691 and files an annual report pursuant to Section 48674. The board shall make a grant to every local government which submits a program and files an annual report unless the board finds that the program or its implementation does not comply with criteria contained in this article.

48691. (a) A local used oil collection program shall provide for used lubricating oil collection by either of the following or a combination of the two:

(1) Ensuring that at least one certified used oil collection center is available for every 100,000 residents not served by curbside used oil collection, which accepts oil from the public at no charge, at least 20 hours each week, on four days each week, of which three hours each week are outside the weekday hours of 8 a.m. through 5:30 p.m.

(2) Providing curbside collection at least once a month.

(b) A local used oil collection program shall include a public education program which shall inform the public of locally available used oil recycling opportunities.

(c) A local government may implement its used oil collection program in conjunction with other similar programs in order to improve used oil recycling efficiency.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 818

An act to add Sections 51201.5 and 51229.8 to the Education Code, relating to education.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that acquired immune deficiency syndrome (AIDS) is a growing threat

to the State of California. Since there is currently no cure and no vaccine for AIDS, education is the most effective weapon to combat the epidemic. It is, therefore, the intent of the Legislature in enacting this act to ensure that school districts provide their pupils with adequate and appropriate education on AIDS and AIDS prevention. It is also the intent of the Legislature to allow local school district governing boards to determine the appropriate grade levels and courses for AIDS instruction.

SEC. 2. Section 51201.5 is added to the Education Code, to read:

51201.5. (a) Commencing in the 1992–93 school year, school districts shall ensure that all pupils in grades 7 to 12, inclusive, or the equivalent thereof, except as otherwise provided in subdivision (c), receive AIDS prevention instruction from adequately trained instructors in appropriate courses. Each pupil shall receive the instruction at least once in junior high or middle school and once in high school. For purposes of this subdivision, "school district" includes county boards of education, county superintendents of schools, and the State Schools for the Handicapped.

(b) The required AIDS prevention instruction shall accurately reflect the latest information and recommendations from the United States Surgeon General, federal Centers for Disease Control, and the National Academy of Sciences, and shall include the following:

(1) Information on the nature of AIDS and its effects on the human body.

(2) Information on how the human immunodeficiency virus (HIV) is and is not transmitted, including information on activities that present the highest risk of HIV infection.

(3) Discussion of methods to reduce the risk of HIV infection. This instruction shall emphasize that sexual abstinence and abstinence from intravenous drug use are the most effective means for AIDS prevention, but shall also include statistics based upon the latest medical information citing the failure and success rates of condoms and other contraceptives in preventing sexually transmitted HIV infection and information on other methods that may reduce the risk of HIV transmission from intravenous drug use. Nothing in this section shall be construed to supersede Section 51533.

(4) Discussion of the public health issues associated with AIDS.

(5) Information on local resources for HIV testing and medical care.

(6) Development of refusal skills to assist pupils to overcome peer pressure and use effective decisionmaking skills to avoid high-risk activities.

(7) Discussion about societal views on AIDS, including stereotypes and myths regarding persons with AIDS. This instruction shall emphasize compassion for persons with AIDS.

(c) The governing board of each school district, each county board of education, and each county superintendent of schools, as applicable, shall provide the parent or guardian of each pupil in grades 7 to 12, inclusive, or the equivalent thereof, with written

notice explaining the purpose of the AIDS prevention instruction. The Superintendent of Public Instruction shall provide the parent or guardian of each pupil in grades 7 to 12, inclusive, or the equivalent thereof, in the State Schools for the Handicapped with written notice explaining the purpose of the AIDS prevention instruction. The notice shall specify that any parent or guardian may request that his or her child or ward not receive instruction in AIDS prevention. No pupil shall attend the AIDS prevention instruction if a written request that he or she not attend has been received by the school. For the governing boards of school districts, this notification shall accompany the reporting of rights and responsibilities required by Section 48980. If authorized by the school district governing board, a school district may require parental consent prior to providing instruction on AIDS prevention to any minor pupil.

(d) All school districts shall ensure all of the following:

(1) That instructional materials related to this instruction are available.

(2) That these instructional materials are appropriate for use with pupils of various ages and learning abilities.

(3) That these instructional materials may be used effectively with pupils from a variety of ethnic, cultural, and linguistic backgrounds, and special needs.

SEC. 3. Section 51229.8 is added to the Education Code, to read:

51229.8. County offices of education and school districts, through regional planning, joint powers agreements, or contract services, shall cooperatively plan and conduct in-service training to all teachers and school employees who provide AIDS prevention instruction. This in-service training shall be conducted periodically to enable staff to remain current with new developments in the scientific understanding of AIDS as well as with new prevention education techniques. In-service training shall be voluntary for teachers or school employees who have demonstrated expertise or have already received in-service training by the State Department of Education or the federal Centers for Disease Control, or other appropriate agency or group. The training shall be provided by persons with expertise in AIDS prevention education, including, but not limited to, school nurses or certified health educators who are qualified to provide training in AIDS education. In developing and providing the in-service training, county offices of education and school districts shall cooperate and collaborate with the AIDS Advisory Task Force in the State Department of Education. It is the intent of the Legislature that, to the extent possible, training be provided to a team of educators and parents including school board members, administrators, teachers, parents, classified personnel, and counselors.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant

to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 819

An act to amend and repeal Sections 1805.1, 1806.3, 1807.2, 1808.5, and 1810.2 of, to add Section 1803.11 to, and to repeal Sections 1805.1a, 1805.3, 1805.5, and 1808.6 of, the Civil Code, relating to consumer credit.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1803.11 is added to the Civil Code, to read:

1803.11. It shall be unlawful for any seller to solicit buyers, in any advertisement, to enter into a retail installment contract with it if the seller does not intend to sell that retail installment contract to a financing agency or other assignee, unless the advertisement clearly states the periodic rate or range of periodic rates, expressed as an annual percentage rate or a range of annual percentage rates that will be used to determine the finance charge imposed on the retail installment contract.

SEC. 2. Section 1805.1 of the Civil Code, as amended by Section 1 of Chapter 479 of the Statutes of 1988, is amended to read:

1805.1. The holder of the contract shall not charge, collect, or receive a finance charge which exceeds the dollar amount shown pursuant to subdivision (b) of Section 1803.3, except to the extent (a) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, whether or not the parties enter into an agreement pursuant to Section 1807.1, (b) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (3) permitted by Section 1805.8.

No annual fee or charge shall be made in any retail installment contract.

SEC. 3. Section 1805.1 of the Civil Code, as added by Section 1.5 of Chapter 479 of the Statutes of 1988, is repealed.

SEC. 4. Section 1805.1a of the Civil Code is repealed.

SEC. 5. Section 1805.3 of the Civil Code is repealed.

SEC. 6. Section 1805.5 of the Civil Code is repealed.

SEC. 7. Section 1806.3 of the Civil Code, as amended by Section 5 of Chapter 479 of the Statutes of 1988, is amended to read:

1806.3. (a) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to repay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge. The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred, or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar ($1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date, and provided further that in cases where the finance charge or a portion thereof is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which those payments were received.

(b) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any retail installment contract is satisfied prior to its maturity through surrender of the collateral, repossession of the collateral, redemption of the collateral after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in subdivision (a); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the collateral through disposition thereof or judgment is entered or, if the holder elects to keep the collateral in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the collateral.

(c) This section does not preclude the collection or retention by the holder of any delinquency charge made pursuant to Section 1803.6.

SEC. 8. Section 1806.3 of the Civil Code, as added by Section 5.5

of Chapter 479 of the Statutes of 1988, is repealed.

SEC. 9. Section 1807.2 of the Civil Code, as amended by Section 6 of Chapter 479 of the Statutes of 1988, is amended to read:

1807.2. The holder of a retail installment contract or contracts may, upon agreement in writing with the buyer, refinance the remaining amount owing on the contract or contracts by providing for a new schedule of installment payments. The holder may charge and contract for the payment of a refinance charge by the buyer and collect and receive the same, but such refinance charge shall be based upon the amount refinanced, plus any additional cost of insurance and of official fees incident to the refinancing, after the deduction of a refund credit in an amount equal to that to which the buyer would have been entitled under Section 1806.3 if he or she had prepaid in full his or her obligations under the contract or contracts. The agreement for refinancing may also provide for the payment by the buyer of the additional cost to the holder of the contract or contracts of premiums for continuing in force, until the maturity of the contract or contracts as refinanced, any insurance coverages provided for therein, subject to Section 1803.5. The refinancing agreement shall set forth:

(a) The amount of the existing outstanding balance to be refinanced, which consists of the remaining amount owing to be refinanced.

(b) The amount of any refund credit.

(c) The difference between subdivisions (a) and (b), which is the net outstanding balance to be refinanced.

(d) Any additional cost of insurance and of official fees to the buyer.

(e) The sum of subdivisions (c) and (d), which is the amount financed.

(f) The finance charge (1) as expressed as the annual percentage rate as defined in Regulation Z and (2) expressed in dollars.

(g) The number amount, and due dates or periods of payments scheduled to repay the indebtedness and the sum of those payments.

The items need not be stated in the sequence or order set forth above; additional items may be included to explain the computations made in determining the amount to be paid by the buyer. Where there is a consolidation of two or more contracts then Sections 1808.1 and 1808.2 shall apply. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to subdivision (f) shall be that amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

SEC. 10. Section 1807.2 of the Civil Code, as added by Section 6.5 of Chapter 479 of the Statutes of 1988, is repealed.

SEC. 11. Section 1808.5 of the Civil Code, as amended by Section 7 of Chapter 479 of the Statutes of 1988, is amended to read:

1808.5. Subject to the other provisions of Article 5 (commencing with Section 1805.1), the finance charge to be included in a

consolidated total of payments under subdivision (*l*) of Section 1808.2 shall be determined by applying the finance charge at the applicable rate to the unpaid balance under subdivision (j) of Section 1808.2, for the period from the date of the consolidation to and including the date when the final installment of the consolidated total is payable.

SEC. 12. Section 1808.5 of the Civil Code, as added by Section 7.5 of Chapter 479 of the Statutes of 1988, is repealed.

SEC. 13. Section 1808.6 of the Civil Code is repealed.

SEC. 14. Section 1810.2 of the Civil Code, as amended by Section 9 of Chapter 479 of the Statutes of 1988, is amended to read:

1810.2. Subject to the other provisions of this article, the seller or holder of a retail installment account may charge, receive and collect a finance charge as disclosed to the buyer pursuant to Section 1810.3.

SEC. 15. Section 1810.2 of the Civil Code, as added by Section 9.5 of Chapter 479 of the Statutes of 1988, is repealed.

SEC. 16. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 820

An act to amend Sections 2625 and 3417 of the Penal Code, and to amend Sections 361.5, 366.22, 366.26, and 10950 of, and to repeal Section 13702 of, the Welfare and Institutions Code, relating to minors.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 2625 of the Penal Code is amended to read:

2625. In any action brought under Section 232 of the Civil Code, and Section 366.26 of the Welfare and Institutions Code, where the action seeks to terminate the parental rights of any prisoner or any action brought under Section 300 of the Welfare and Institutions Code, where the action seeks to adjudicate the child of a prisoner a dependent child of the court, the superior court of the county in which the action is pending, or a judge thereof, shall order notice of any court proceeding regarding the action transmitted to the

prisoner.

For the purposes of this section only, the term "prisoner" includes any individual in custody in a state prison, in the California Rehabilitation Center, or a county jail, or who is a ward of the Department of the Youth Authority or who, upon a verdict or finding that the individual was insane at the time of committing an offense, or mentally incompetent to be tried or adjudged to punishment, is confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private treatment facility.

Service of notice shall be made pursuant to Section 235 of the Civil Code or Section 337 or 366.23 of the Welfare and Institutions Code, as appropriate.

Upon receipt by the court of a statement from the prisoner or his or her attorney indicating the prisoner's desire to be present during the court's proceedings, the court shall issue an order for the temporary removal of the prisoner from the institution, and for the prisoner's production before the court. No proceeding may be held under Section 232 of the Civil Code or Section 366.26 of the Welfare and Institutions Code and no petition to adjudge the child of a prisoner a dependent child of the court pursuant to subdivision (a), (b), (c), (d), (e), (f), (i), or (j) of Section 300 of the Welfare and Institutions Code may be adjudicated without the physical presence of the prisoner or the prisoner's attorney, unless the court has before it a knowing waiver of the right of physical presence signed by the prisoner or an affidavit signed by the warden, superintendent or other person in charge of the institution, or his or her designated representative stating that the prisoner has, by express statement or action, indicated an intent not to appear at the proceeding.

In any other action in which a prisoner's parental or marital rights are subject to adjudication, an order for the prisoner's temporary removal from the institution and for the prisoner's production before the court may be made by the superior court of the county in which the action is pending, or by a judge thereof. A copy of the order shall be transmitted to the warden, superintendent, or other person in charge of the institution not less than 48 hours before the order is to be executed. The order shall be executed by the sheriff of the county in which it shall be made, whose duty it shall be to bring the prisoner before the proper court, to keep the prisoner safely, and when the prisoner's presence is no longer required, to return the prisoner to the institution from which he or she was taken; the expense of executing the order shall be a proper charge against and shall be paid by, the county in which the order shall be made.

The order shall be to the following effect:

County of _____ (as the case may be).

The people of the State of California to the warden of _____:

An order having been made this day by me, that A. B. be produced in this court as a party in the case of _____, you are commanded to deliver A. B. into the custody of _____ for the purpose of (recite

purposes).

Dated this _____ day of _____, 19____.

When a prisoner is removed from the institution pursuant to this section, the prisoner shall remain in the constructive custody of the warden, superintendent, or other person in charge of the institution.

SEC. 2. Section 3417 of the Penal Code is amended to read:

3417. (a) Subject to reasonable rules and regulations adopted pursuant to Section 3414, the Department of Corrections shall admit to the program any applicant whose child was born prior to the receipt of the inmate by the department, if all of the following requirements are met:

(1) The applicant has a probable release or parole date with a maximum time to be served of six years, calculated after deduction of any possible good time credit.

(2) The applicant was the primary caretaker of the infant prior to incarceration. "Primary caretaker" as used in this chapter means a parent who has consistently assumed responsibility for the housing, health, and safety of the child prior to incarceration. A parent who, in the best interests of the child, has arranged for temporary care for the child in the home of a relative or other responsible adult shall not for that reason be excluded from the category, "primary caretaker."

(3) The applicant had not been found to be an unfit parent in any court proceeding. An inmate applicant whose child has been declared a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code shall be admitted to the program only after the court has found that participation in the program is in the child's best interest and that it meets the needs of the parent and child pursuant to paragraph (3) of subdivision (e) of Section 361.5 of the Welfare and Institutions Code. The fact that an inmate applicant's child has been found to come within Section 300 of the Welfare and Institutions Code shall not, in and of itself, be grounds for denying the applicant the opportunity to participate in the program.

(b) The Department of Corrections shall deny placement in the community treatment program if it determines that an inmate would pose an unreasonable risk to the public, or if any one of the following factors exist, except in unusual circumstances or if mitigating circumstances exist, including, but not limited to, the remoteness in time of the commission of the offense:

(1) The inmate has been convicted of any of the following:

(A) A sex offense listed in Section 667.6.

(B) A sex offense requiring registration pursuant to Section 290.

(C) A violent offense listed in subdivision (c) of Section 667.5.

(D) Arson as defined in Sections 450 to 455, inclusive.

(E) The unlawful sale or possession for sale, manufacture, or transportation of controlled substances as defined in Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code, if large scale for profit as defined by the department.

(2) There is probability the inmate may abscond from the program as evidenced by any of the following:

(A) A conviction of escape, of aiding another person to escape, or of an attempt to escape from a jail or prison.

(B) The presence of an active detainer from a law enforcement agency, unless the detainer is based solely upon warrants issued for failure to appear on misdemeanor Vehicle Code violations.

(3) It is probable the inmate's conduct in a community facility will be adverse to herself or other participants in the program, as determined by the Director of Corrections or as evidenced by any of the following:

(A) The inmate's removal from a community program which resulted from violation of state laws, rules, or regulations governing Department of Corrections' inmates.

(B) A finding of the inmate's guilt of a serious rule violation, as defined by the Director of Corrections, which resulted in a credit loss on one occasion of 91 or more days or in a credit loss on more than one occasion of 31 days or more and the credit has not been restored.

(C) A current written opinion of a staff physician or psychiatrist that the inmate's medical or psychiatric condition is likely to cause an adverse effect upon the inmate or upon other persons if the inmate is placed in the program.

(c) Nothing in this section shall be interpreted to limit the discretion of the Director of Corrections to deny or approve placement when subdivision (b) does not apply.

(d) The Department of Corrections shall determine if the applicant meets the requirements of this section within 30 days of the parent's application to the program. The department shall establish an appeal procedure for the applicant to appeal an adverse decision by the department.

(e) The department may, in its discretion, admit a pregnant inmate to the program prior to the birth of the child if it determines that the admission would otherwise comply with this chapter, and there is space available.

SEC. 3. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum time period not to exceed 12 months. The court also shall make findings pursuant to subdivision (a) of Section 366. When counseling or other treatment services are ordered, the parent shall be ordered to participate in those services, unless the parent's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the

minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.

(2) That the parent is suffering from a mental disability that is described in Section 232 of the Civil Code and that renders him or her incapable of utilizing those services.

(3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents or guardian or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.

(4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which

indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the child if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 18-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between parent and child through collect phone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings

affecting the minor pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If a court, pursuant to paragraph (2), (3), (4), or (5) of subdivision (b), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26 it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

SEC. 4. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the court, at the 18-month hearing, shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a

substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing the detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.6 and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the minor is not returned to a parent or guardian at the 18-month hearing, the court shall develop a permanent plan. The court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it that the minor is not adoptable and has no one willing to accept legal guardianship, the court may order that the minor remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the 18-month hearing. The court shall also order termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor. The court shall determine whether reasonable services have been offered or provided to the parent or guardian.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents or other members of his or her extended family since the time of placement. Although the extended family of each minor shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the minor's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the

capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

SEC. 5. Section 366.26 of the Welfare and Institutions Code, as amended by Section 7.5 of Chapter 1530 of the Statutes of 1990, is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Section 4600 of the Civil Code is not applicable to these proceedings. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 221.20, 222.10, and 7017 of the Civil Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently sever the parent or parents' rights and order that the child be placed for adoption.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) The court shall terminate parental rights only if it determines by clear and convincing evidence that it is likely that the minor will be adopted. If the court so determines, the findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not

be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to Section 366.21 or Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days. During this 60-day period, the public agency responsible for seeking adoptive parents, for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor's membership in a sibling group, or the presence of a diagnosed

medical, physical, or mental handicap, or the minor is the age of seven years or more.

(4) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read

and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(k) An order by the court directing that a hearing pursuant to this section be held is not an appealable order, but may be the subject of review by extraordinary writ.

SEC. 6. Section 10950 of the Welfare and Institutions Code is amended to read:

10950. If any applicant for or recipient of public social services is dissatisfied with any action of the county department relating to his or her application for or receipt of public social services, if his or her application is not acted upon with reasonable promptness, or if any person who desires to apply for public social services is refused the opportunity to submit a signed application therefor, and is dissatisfied with that refusal, he or she shall, in person or through an authorized representative, without the necessity of filing a claim with the board of supervisors, upon filing a request with the State Department of Social Services or the State Department of Health Services, whichever department administers the public social service, be accorded an opportunity for a state hearing.

Priority in setting and deciding cases shall be given in those cases in which aid is not being provided pending the outcome of the

hearing. This priority shall not be construed to permit or excuse the failure to render decisions within the time allowed under federal and state law.

Notwithstanding any other provision of this code, there is no right to a state hearing when either (1) state or federal law requires automatic grant adjustments for classes of recipients unless the reason for an individual request is incorrect grant computation, or (2) the sole issue is a federal or state law requiring an automatic change in services or medical assistance which adversely affects some or all recipients.

For the purposes of administering health care services and medical assistance, the State Director of Health Services shall have those powers and duties conferred on the Director of Social Services by this chapter to conduct state hearings in order to secure approval of a state plan under applicable federal law.

The State Director of Health Services may contract with the State Department of Social Services for the provisions of state hearings in accordance with this chapter.

As used in this chapter, "recipient" means an applicant for or recipient of public social services except aid exclusively financed by county funds or aid under Article 1 (commencing with Section 12000) to Article 6 (commencing with Section 12250), inclusive, of Chapter 3 of Part 3, and under Article 8 (commencing with Section 12350) of Chapter 3 of Part 3, or those activities conducted under Chapter 6 (commencing with Section 18350) of Part 6.

SEC. 7. Section 13702 of the Welfare and Institutions Code is repealed.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 821

An act to amend Sections 21190 and 21191 of the Public Resources Code, and to amend Sections 5106 and 5107 of the Vehicle Code, relating to environmental protection.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 21190 of the Public Resources Code is amended to read:

21190. There is in this state the California Environmental Protection Program, which shall be concerned with the preservation and protection of California's environment. In this connection, the Legislature hereby finds and declares that, since the inception of the program pursuant to the Marks-Badham Environmental Protection and Research Act, the Department of Motor Vehicles has, in the course of issuing environmental license plates, consistently informed potential purchasers of those plates, by means of a detailed brochure, of the manner in which the program functions, the particular purposes for which revenues from the issuance of those plates can lawfully be expended, and examples of particular projects and programs that have been financed by those revenues. Therefore, because of this representation by the Department of Motor Vehicles, purchasers come to expect and rely that the moneys paid by them will be expended only for those particular purposes, which results in an obligation on the part of the state to expend the revenues only for those particular purposes.

Accordingly, all funds expended pursuant to this division shall be used only to support identifiable projects and programs of state agencies, cities, cities and counties, counties, districts, the University of California, private nonprofit environmental and land acquisition organizations, and private research organizations which have a clearly defined benefit to the people of the State of California and which have one or more of the following purposes:

(a) The control and abatement of air pollution, including all phases of research into the sources, dynamics, and effects of environmental pollutants.

(b) The acquisition, preservation, restoration, or any combination thereof, of natural areas or ecological reserves.

(c) Environmental education, including formal school programs and informal public education programs. The State Department of Education may administer moneys appropriated for these programs, but shall distribute not less than 90 percent of moneys appropriated for the purposes of this subdivision to fund environmental education programs of school districts, other local schools, state agencies other than the State Department of Education, and community

organizations. Not more than 10 percent of the moneys appropriated for environmental education may be used for State Department of Education programs or defraying administrative costs.

(d) Protection of nongame species and threatened and endangered plants and animals.

(e) Protection, enhancement, and restoration of fish and wildlife habitat and related water quality, including review of the potential impact of development activities and land use changes on that habitat.

(f) The purchase, on an opportunity basis, of real property consisting of sensitive natural areas for the state park system and for local and regional parks.

(g) Reduction or minimization of the effects of soil erosion and the discharge of sediment into the waters of the Lake Tahoe region, including the restoration of disturbed wetlands and stream environment zones, through projects by the California Tahoe Conservancy and grants to local public agencies, state agencies, federal agencies, and nonprofit organizations.

SEC. 2. Section 21191 of the Public Resources Code is amended to read:

21191. (a) The California Environmental License Plate Fund which supersedes the California Environmental Protection Program Fund is continued in existence in the State Treasury, and consists of the moneys deposited in the fund pursuant to any provision of law. The Legislature shall establish the amount of fees for environmental license plates, which shall be not less than forty dollars ($40) for the issuance or twenty-five dollars ($25) for the renewal of an environmental license plate.

(b) The Controller shall transfer from the California Environmental License Plate Fund to the Motor Vehicle Account in the State Transportation Fund the amount appropriated by the Legislature for the reimbursement of costs incurred by the Department of Motor Vehicles in performing its duties pursuant to Sections 5004, 5004.5, and 5022 and Article 8.5 (commencing with Section 5100) of Chapter 1 of Division 3 of the Vehicle Code. The reimbursement from the California Environmental License Plate Fund shall only include those additional costs which are directly attributable to any additional duties or special handling necessary for the issuance, renewal, or retention of the environmental license plates.

(c) The Controller shall transfer to the post fund of the Veterans' Home of California, established pursuant to Section 1047 of the Military and Veterans Code, all revenue derived from the issuance of prisoner of war special license plates pursuant to Section 5101.5 of the Vehicle Code less the administrative costs of the Department of Motor Vehicles in that regard.

(d) The Director of Motor Vehicles shall certify the amounts of the administrative costs of the Department of Motor Vehicles in subdivision (c) to the Controller.

(e) The balance of the moneys in the California Environmental License Plate Fund shall be available for expenditure only for the exclusive trust purposes specified in Section 21190, upon appropriation by the Legislature. However, all moneys derived from the issuance of commemorative 1984 Olympic reflectorized license plates in the California Environmental License Plate Fund shall be used only for capital outlay purposes.

(f) All proposed appropriations for the program shall be summarized in a section in the Governor's Budget for each fiscal year and shall bear the caption "California Environmental Protection Program." The section shall contain a separate description of each project for which an appropriation is made. All such appropriations shall be made to the department performing the project and accounted for separately.

(g) The budget the Governor presents to the Legislature pursuant to subdivision (a) of Section 12 of Article IV of the California Constitution shall include, as proposed appropriations for the California Environmental Protection Program, only projects and programs recommended for funding by the Secretary of the Resources Agency pursuant to subdivision (a) of Section 21193. The Secretary of the Resources Agency shall consult with the Secretary for Environmental Protection before making any recommendations to fund projects pursuant to subdivision (a) of Section 21190.

SEC. 3. Section 5106 of the Vehicle Code is amended to read:

5106. (a) Except as provided in Section 5101.7, in addition to the regular registration fee, the applicant shall be charged a fee of forty dollars ($40).

(b) In addition to the regular renewal fee for the vehicle to which the plates are assigned, the applicant for a renewal of the plates shall be charged an additional fee of twenty-five dollars ($25). However, applicants for renewal of prisoner-of-war special license plates issued pursuant to Section 5101.5 shall not be charged the additional renewal fee under this subdivision.

(c) Notwithstanding subdivision (b), when payment of renewal fees is not required as specified in Section 4000, the holder of any environmental license plate may retain the plate upon payment of an annual fee of twenty-five dollars ($25). The fee shall be due at the expiration of the registration year of the vehicle to which the environmental license plate was last assigned.

(d) Notwithstanding Section 9265, the applicant for a duplicate environmental license plate or a duplicate, replacement commemorative 1984 Olympic reflectorized license plate shall be charged a fee of thirty dollars ($30).

SEC. 4. Section 5107 of the Vehicle Code is amended to read:

5107. (a) All revenue derived from the fees provided for in this article shall be deposited in the California Environmental License Plate Fund.

(b) Not more than fifty cents ($0.50) of the amount collected from each applicant pursuant to Section 5106 on and after January 1, 1992,

shall be set aside for use, upon appropriation by the Legislature, by the Resources Agency for the purpose of increasing public awareness of the environmental license plate program through the mass media. The agency shall utilize radio, television, newspapers, and billboards for that purpose. This subdivision shall remain operative only until January 1, 1995.

CHAPTER 822

An act to amend Section 40501 of, to amend and renumber Section 40501.1 of, and to add Section 40501.1 to, the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 40501 of the Health and Safety Code is amended to read:

40501. (a) The south coast district board shall appoint a hearing board, or may authorize the board of supervisors of each county included, in whole or in part, within the south coast district to appoint a hearing board in accordance with Article 1 (commencing with Section 40800) of Chapter 8. The hearing board shall have the powers and duties vested in the hearing board of a county district, except as modified in this article. In addition, the hearing board has the same powers and duties with respect to plans for the control of emissions of air contaminants required by a district rule or regulation as it has for permits for authority to construct or operate any article, machine, equipment, or other contrivance required by the south coast district board.

(b) The granting of variances shall be processed by the hearing board in the county in which the variance is applicable unless the applicant and the hearing board agree otherwise, and shall be granted in conformance with the rules and regulations of the south coast district, and, except as modified by this article, with Article 2 (commencing with Section 42350) of Chapter 4 of Part 4, with respect to the granting of variances or the appeal of decisions.

SEC. 2. Section 40501.1 of the Health and Safety Code is amended and renumbered to read:

40501.3. (a) Notwithstanding any other provision of this division, the south coast district board may authorize, by resolution, the holding of single-member hearings by the chairman of the hearing board and any other member or alternate designated by the hearing board, under the conditions specified in this section.

(b) Single-member hearings shall be authorized, when stipulated

to by the executive officer and the petitioner, only for the purpose of hearing petitions for emergency variances pursuant to Section 42359.5, interim variances pursuant to Section 42351, short variances and modifications of a schedule of increments of progress of a duration not to exceed 60 days pursuant to Section 40825, interim authorizations pursuant to Section 42351.5, and modifications of variances pursuant to Section 42356 which do not modify the final compliance date.

(c) The procedure for conducting single-member hearings shall be the same as for hearings before the full board and all legal requirements, including notice requirements, findings, and conditions, shall apply, except that the single member may take action on any matter properly before the member.

(d) A single-member hearing decision may be contested by (1) any person who, in person or through a representative, appeared at the single-member hearing, or (2) any person who informed the air pollution control officer of the nature of his concern prior to the hearing, or (3) any person who for good cause was unable to do either (1) or (2). If a decision is contested under this subdivision, the matter shall be reheard by the full board within 10 days of the decision. The clerk of the hearing board shall notify the petitioner, the executive officer, and all members of the public who appeared at the hearing of any contest of a decision. The notice shall be in writing and sent by first-class mail, postage prepaid, to the address supplied by the person who appeared, unless the right to the notice is affirmatively waived on the record.

SEC. 3. Section 40501.1 is added to the Health and Safety Code, to read:

40501.1. (a) On or before July 1, 1992, the south coast district board shall retire the current hearing board and appoint in its place a new hearing board with the following membership and qualifications:

(1) One member admitted to the practice of law in this state, with two or more years of practice, preferably with litigation experience.

(2) One member who is an engineer with a bachelor's degree from an accredited college in chemical, mechanical, environmental, metallurgical, or petroleum engineering, with two or more years of practical experience, and preferably who is a professional engineer registered pursuant to the Professional Engineers Act (Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code).

(3) One member who is a licensed physician, with two or more years of practical experience, preferably in the fields of epidemiology, physiology, toxicology, or related fields.

(4) Two public members.

(b) In recruiting the hearing board members, the district board shall engage in positive outreach throughout the south coast district. In making these appointments, the district board shall receive recommendations of an advisory committee whose responsibility shall be to review and make recommendations to the appropriate

district board committee, which in turn shall finalize recommendations on which the district board shall act in making appointments to the hearing board. The advisory committee shall be composed of one representative appointed by each of the Counties of Los Angeles, Orange, Riverside, and San Bernardino, and the City of Los Angeles. Members of the advisory committee shall be appointed for one-year terms. Recommendations of the advisory committee shall not be binding on the district board.

(c) When the south coast district board first appoints the new hearing board, the attorney and engineer members shall serve terms of two years each and the medical and public members shall serve terms of three years each. Thereafter, each member's term shall be three years.

(d) In the temporary absence of a member and that person's alternate, the hearing board chair, or the chair's designee, may appoint a qualified alternate or any former hearing board member to serve for a period of up to three months plus that period of additional time required to conclude proceedings on which the temporary member deliberated.

(e) The district budget shall have a line item to provide necessary staff and other support dedicated to the hearing board. The services provided by that staff shall include assistance to the public and small business as set forth in subdivision (b) of Section 40448.

SEC. 4. Notwithstanding Section 40501.1 of the Health and Safety Code, members of the current hearing board of the South Coast Air Quality Management District shall continue to serve in their official capacity on those matters in which hearings are in progress on the date the current hearing board is retired, and until those matters are decided pursuant to Article 4 (commencing with Section 40860) of Chapter 8 of Division 26 of the Health and Safety Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to a substantial increase in the workload of the hearing board of the South Coast Air Quality Management District, in order to enable the hearing board to conduct its proceedings in a fair manner, process variances expeditiously, improve consistency in the administrative decisionmaking process, and protect the due process rights of parties before the board, it is necessary that this act take effect immediately.

CHAPTER 823

An act to add Sections 5506.9, 5538.9, and 5539.9 to the Public Resources Code, relating to parks and recreation.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 5506.9 is added to the Public Resources Code, to read:

5506.9. (a) Proceedings for the formation of a regional park and open-space or regional open-space district with boundaries coterminous with those of Los Angeles County may be initiated by resolution of the Board of Supervisors of the County of Los Angeles adopted after a hearing noticed in accordance with Section 6064 of the Government Code, in lieu of the petition and proceedings related to the petition as specified in this article.

(b) For purposes of this section and Sections 5538.9 and 5539.9, "the regional district" means a district that contains all of the territory within Los Angeles County, including all incorporated cities.

(c) The resolution described in subdivision (a) shall do all of the following:

(1) Name the regional district and state the reasons for forming it.

(2) Specify that the Board of Supervisors of the County of Los Angeles shall act, ex officio, as the governing body of the regional district. The provisions of this article pertaining to district directors do not apply, and all powers and authority of the regional district shall be vested in the board of supervisors in its capacity as the governing body of the regional district.

(3) Describe the territory to be included in the proposed regional district.

(4) Describe the methods by which the district will be financed.

(5) Specify that all revenue generated by the regional district, including the proceeds from the issuance of any bonds, shall be allocated among all affected public agencies within the district, for expenditure consistent with the purposes of this article, to adequately address the needs defined in Section 5539.9. For the purposes of this section, "all affected public agencies" means the County of Los Angeles, all incorporated cities within the county, and any regional state agency established for the purpose of acquiring land for park, recreation, open-space, and conservation purposes.

(6) Call and give notice of an election to be held in the proposed regional district for the purpose of determining whether the proposed regional district shall be created and established.

(7) State that, in each of the first 20 years after the date an

assessment is levied pursuant to subdivision (c) of Section 5539.9, a minimum of 80 percent of all proceeds of assessments levied by the regional district shall be used for capital outlay projects, including, but not limited to, acquisition and improvement of real property. For purposes of this subdivision, capital outlay projects include the servicing of bonds issued pursuant to Section 5539.9.

(8) Include an expenditure plan consisting of a list of capital outlay projects including acquisition areas and a general description of proposed outlays for operations and maintenance to be funded over a 20-year period of time from the date on which the assessment is first levied with proceeds of assessments levied by the regional district.

(9) State the proposed rate and method of apportionment to be used in levying annual assessments for all categories of property.

(10) Include any other matters determined to be necessary by the board of supervisors.

(d) The regional district shall be created and established if a majority of voters voting on the proposition vote in favor of creating the district.

(e) No proceeds from any bonds issued pursuant to Section 5539.9 shall be used for any operations, maintenance, or servicing purposes, except that bond proceeds may be used to pay all costs incidental to the preparation and issuance of the bonds.

(f) Any funds generated by the district and used for maintenance and servicing shall be used only to maintain and service capital outlay projects funded pursuant to this section. Funds provided for maintenance and servicing shall be used to supplement existing levels of service and not to fund existing levels of service.

(g) Assessments shall be levied not longer than the last maturity date of any bonds issued pursuant to Section 5539.9 and shall be levied not longer than 30 years from the date on which the assessment is first levied.

SEC. 2. Section 5538.9 is added to the Public Resources Code, to read:

5538.9. If the regional district is created and established in Los Angeles County, officers and employees of the County of Los Angeles may act, ex officio, as officers and employees of the regional district and may discharge the authority and responsibility specified in this article. The County of Los Angeles may provide the services and facilities needed to carry out the functions of the regional district. Proceeds of assessments levied pursuant to Section 5539.9 may be used to reimburse the county for the actual costs of these services and facilities.

SEC. 3. Section 5539.9 is added to the Public Resources Code, to read:

5539.9. (a) In addition to the authority conferred in Section 5539.5, all provisions of the Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code), except Sections 22605, 22609, and 22610

of, and Chapter 3 (commencing with Section 22620) of Part 2 of Division 15 of, the Streets and Highways Code, are, to the extent not inconsistent with or superseded by this section, applicable to the regional district if created and established in Los Angeles County, except as follows:

(1) Article 2 (commencing with Section 22605) of Chapter 2 of Part 2 of Division 15 of the Streets and Highways Code shall not apply.

(2) No changes shall be made pursuant to Chapter 3 of Part 2 of Division 15 of the Streets and Highways Code or Section 5572 of this code with respect to the rate and method of apportionment of assessments, the use of proceeds of assessments, the use of proceeds of bonds, and the territory included within the district, except that the governing body may correct errors in assessments, rule on appeals of assessments against particular parcels, and annually adjust the assessments levied against particular parcels of real property to reflect changes in the uses of those parcels.

(3) No changes shall be made to the rate and method of apportionment of any assessment approved by the voters and levied pursuant to this section.

(4) Article 4 (commencing with Section 22565) of Chapter 1 of Part 2 of Division 15 of the Streets and Highways Code shall apply to a regional district created pursuant to Section 5506.9, and, in addition to the items listed in that article, the annual report shall include all of the following:

(A) Changes in the total number of parcels assessed and changes in the number of parcels with respect to use code.

(B) Amount of funds to be generated by the regional district in the next fiscal year.

(C) The proposed allocation of funds for maintenance and servicing for the next fiscal year.

(D) The disposition of funds generated by the regional district in the current fiscal year. Whenever the public interest or convenience requires, the regional district may, at the discretion of its governing body, use any or all provisions of that act to carry out any purpose of the regional district.

(b) For the purposes of the regional district, any notice required to be published pursuant to the Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code) or pursuant to Section 5511 shall be published pursuant to Section 6064 of the Government Code.

(c) Notwithstanding subdivision (a), the governing body of the regional district shall not levy any assessment pursuant to the Landscaping and Lighting Act of 1972 unless a proposition authorizing the regional district to levy the assessments is first approved by a majority of the voters voting on the proposition. The Board of Supervisors of Los Angeles County may consolidate a proposition submitted to the voters pursuant to this subdivision into a single ballot measure with the proposal to determine whether to

create and establish a regional district pursuant to paragraph (6) of subdivision (c) of Section 5506.9. Notwithstanding Section 5518, the County Counsel of the County of Los Angeles shall prepare the language in the ballot label. The proposition shall specify the matters set forth in the resolution adopted pursuant to subdivision (c) of Section 5506.9, except paragraph (6) thereof. Notwithstanding any other provision in the Landscaping and Lighting Act of 1972, any assessments proposed pursuant to that act shall be deemed levied upon approval of a majority of the voters voting on the proposition.

(d) (1) Notwithstanding any other provisions in the Landscaping and Lighting Act of 1972, all proceeds of assessments levied or bonds issued by the regional district shall be allocated in accordance with paragraphs (5) and (8) of subdivision (c) of Section 5506.9.

(2) No levy of any additional assessments pursuant to this section, including any levy of any assessment beyond the maximum time periods for which assessments are authorized pursuant to Section 5506.9, may be authorized unless a proposition, including the provisions specified in paragraphs (5), (8), and (9) of subdivision (c) of Section 5506.9, is approved by a majority of the voters in the regional district voting on the proposition. Any future expenditure plan shall include a division of funds between capital outlay and maintenance and servicing, and a list of capital outlay projects and acquisition areas. No future expenditure plan shall contain any provision which could impair the payment of debt service on bonds or other evidence of indebtedness previously issued pursuant to this section. Notwithstanding any provision of the Landscaping and Lighting Act of 1972, any assessment levied pursuant to this section may include an annual amount to pay the costs of maintenance and servicing of the capital outlay projects funded pursuant to Section 5506.9, and may be collected in annual installments.

(e) Prior to the election required by subdivision (c), the Board of Supervisors of Los Angeles County may undertake proceedings on behalf of the proposed regional district in accordance with Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code to create an assessment district with the same boundaries as the proposed regional district. Hearings required pursuant to Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code may be consolidated with those required pursuant to this division. Those proceedings shall be deemed to be the proceedings required by Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code.

(f) The governing body may exempt from the assessment any uninhabited parcel substantially used in agriculture and any parcel enforceably restricted as open-space land during the time in which the parcel is so used or restricted, if the governing body determines that these parcels will not benefit from the expenditure of the proceeds of assessments.

(g) The formation of a regional district with boundaries coterminous with those of Los Angeles County is not subject to

Section 5517.1 or to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code).

(h) Notwithstanding any other provision in the acts specified in Section 5539.5 and in subdivision (a), the net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

(i) Analysis and review of the measure submitted to the voters pursuant to subdivision (c) shall be carried out pursuant to Section 3781 of the Elections Code.

(j) The Legislature hereby finds and declares that the land acquisition, improvements, and services provided by the regional district, if created and established, will specially benefit the properties assessed and the persons paying the assessments authorized in this section in at least the following respects:

(1) Enhanced recreational opportunities and expanded access to recreational facilities for all residents throughout the district.

(2) Improved quality of life for all communities in the district by protecting, restoring, and improving the district's irreplaceable beach, wildlife, park, and open-space land.

(3) Preservation of mountains, foothills, and canyons and development of public access to these lands throughout the district.

(4) Protection of historical and cultural assets of the region.

(5) Increased economic activity and expanded employment opportunities within the regional district.

(6) Increased property values, resulting from the effects specified in this subdivision.

(7) Provision of benefits to all properties within the county, including positive impacts on air and water quality, capacity of roads, transportation and other public infrastructure systems, schools, and public utilities.

(k) The Legislature also finds and declares the following:

(1) The expansion, restoration, and improvement of park, recreation, beach, and open-space lands throughout Los Angeles County benefits all residents in the county.

(2) Protection, restoration, and improvement of these lands are vital to the quality of life for all residents in Los Angeles County.

(3) Increased park and recreation opportunities in the densely populated and heavily urbanized areas of Los Angeles County are vital to the health and well-being of all residents in the county, and providing these opportunities is a high priority.

(4) The protection and enhancement of the recreational opportunities provided by Los Angeles County's beaches, shoreline, and mountains must be included within the expenditure plan specified in subdivision (c) of Section 5506.9 in order to provide benefits to each resident of the county. The Legislature also finds and declares that, consistent with Division 23 (commencing with Section

33000), the Santa Monica Mountains Conservancy is a unique and valuable environmental, educational, and recreational resource; that as the last large undeveloped area within the greater Los Angeles metropolitan region it provides essential relief from the urban environment; and that the preservation and protection of this resource is in the public interest; and the Legislature further finds and declares that the acquisition of open-space lands by the conservancy provides a necessary benefit to each and every resident of Los Angeles County.

(5) The population of Los Angeles County continues to grow at an increasing rate, and already is far behind other urban areas in the state in providing adequate park, recreation, and open-space facilities for its residents. Creation of a regional park and open-space district with boundaries coterminous with those of Los Angeles County is critical to help address the growing and unmet park and recreation needs in Los Angeles County. It is, therefore, vital that Los Angeles County act immediately to address these issues.

SEC. 4. If any provision of this act or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 824

An act to amend Section 13823.95 of the Penal Code, relating to sexual assault.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 13823.95 of the Penal Code is amended to read:

13823.95. No costs incurred by a qualified health care professional, hospital, or other emergency medical facility for the examination of the victim of a sexual assault, as described in the protocol developed pursuant to Section 13823.5, when the examination is performed, pursuant to Sections 13823.5 and 13823.7, for the purposes of gathering evidence for possible prosecution, shall be charged directly or indirectly to the victim of the assault. Those costs shall be treated as local costs and charged to the local governmental agency in whose jurisdiction the alleged offense was committed.

Bills for these costs shall be submitted to the law enforcement agency in the jurisdiction in which the alleged offense was committed which requests the examination.

The law enforcement agency in the jurisdiction in which the alleged offense was committed which requests the examination has the option of determining whether or not the examination will be performed in the office of a physician and surgeon.

CHAPTER 825

An act to amend Sections 1193.6 and 1194 of, and to add Section 1194.2 to, the Labor Code, relating to minimum wage.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1193.6 of the Labor Code is amended to read:

1193.6. (a) The department or division may, with or without the consent of the employee or employees affected, commence and prosecute a civil action to recover unpaid minimum wages or unpaid overtime compensation, including interest thereon, owing to any employee under this chapter or the orders of the commission, and, in addition to these wages, compensation, and interest shall be awarded reasonable attorney's fees, and costs of suit. The consent of any employee to the bringing of this action shall constitute a waiver on the part of the employee of his or her cause of action under Section 1194 unless the action is dismissed without prejudice by the department or the division.

(b) The amendments made to this section by the act adding this subdivision only shall apply to civil actions commenced on or after January 1, 1992.

SEC. 2. Section 1194 of the Labor Code is amended to read:

1194. (a) Notwithstanding any agreement to work for a lesser wage, any employee receiving less than the legal minimum wage or the legal overtime compensation applicable to the employee is entitled to recover in a civil action the unpaid balance of the full amount of this minimum wage or overtime compensation, including interest thereon, reasonable attorney's fees, and costs of suit.

(b) The amendments made to this section by the act adding this subdivision only shall apply to civil actions commenced on or after January 1, 1992.

SEC. 3. Section 1194.2 is added to the Labor Code, to read:

1194.2. (a) In any action under Section 1193.6 or Section 1194 to recover wages because of the payment of a wage less than the minimum wage fixed by an order of the commission, an employee shall be entitled to recover liquidated damages in an amount equal to the wages unlawfully unpaid and interest thereon. Nothing in this subdivision shall be construed to authorize the recovery of liquidated

damages for failure to pay overtime compensation.

(b) Notwithstanding subdivision (a), if the employer demonstrates to the satisfaction of the court that the act or omission giving rise to the action was in good faith and that the employer had reasonable grounds for believing that the act or omission was not a violation of any provision of the Labor Code relating to minimum wage, or an order of the commission, the court may, in its discretion, refuse to award liquidated damages or award any amount of liquidated damages not exceeding the amount specified in subdivision (a).

(c) This section only shall apply to civil actions commenced on or after January 1, 1992.

CHAPTER 826

An act to add Article 7.5 (commencing with Section 69630) to Chapter 2 of Part 42 of the Education Code, relating to postsecondary education.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Article 7.5 (commencing with Section 69630) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 7.5. Child Development Teacher Loan Assumption Program

69630. The Legislature finds and declares all of the following:

(a) There is a growing shortage of trained child development professional teachers, and a growing turnover of trained teachers leaving early childhood education for better paying professions. According to the 1989 National Child Care Staffing Study conducted by the California Child Care Employee Project:

(1) Nearly half of all child care teachers leave their jobs each year, many to seek better paying jobs. Sixty-six percent of teaching staff nationally view child care as a career, and not merely a job, but cannot provide for a family on a child care teacher's salary.

(2) The national average hourly wage for child care teaching staff in 1988 was five dollars and thirty-five cents ($5.35) per hour, or nine thousand three hundred sixty-three dollars ($9,363) annually. The 1988 national poverty threshold for a family of three was nine thousand four hundred thirty-one dollars ($9,431) annually.

(3) Fifty-seven percent of child care teachers nationally earned less than five dollars ($5) per hour, and most received no health, dental, retirement, or cost-of-living benefits.

(4) Despite gains in overall formal education and experience, the child care profession was paid less in 1988 than in 1977. Wages have declined 27 percent in the last 10 years.

(5) Nationally, 25 percent of full-time child care teachers work a second job to avoid poverty.

(6) The effects of staff turnover on children are severe: children are less engaged in social activities with peers and spend more time in aimless wandering patterns without contact with teachers. Children affected by staff turnover scored lower on the Peabody Picture Vocabulary Test compared with children with more stable teaching staff.

(7) There are few incentives for child care teachers to obtain more education training or experience because of poor working conditions.

(b) The Legislature hereby recognizes the severe shortage of, and the loss of, high-quality early childhood educators to other professions. The Legislature therefore promotes expansion of current federal and state college loan assumption and deferment programs in order to attract outstanding early childhood teachers into the public schools and community-based programs serving young children.

(c) The Legislature recognizes and declares that every child deserves quality early childhood experiences in environments with teachers who address his or her intellectual, social, emotional, physical, and cognitive needs.

(d) The Legislature recognizes that high turnover rates and unqualified teachers negatively impact the learning abilities, self-esteem, and sense of security of young children.

(e) The Legislature finds that child care professionals are in the bottom 10 percent of California wage earners, and that many are on the threshold of poverty, and that, therefore, incentives must be established to help quality early childhood teachers stay in the field.

(f) It is the intent of the Legislature that a teacher loan assumption program be designed to strongly encourage persons to enter into the field of early childhood education. This program shall be administered by the Student Aid Commission with participation by community colleges and public and private four-year higher education institutions.

(g) It is further the intent of the Legislature that applicants of the Child Development Teacher Loan Assumption Program shall work in licensed child care programs serving children at least 50 percent of whose families are eligible for state or federal child care subsidies or whose family income falls below 85 percent of the state median income. Federal and state child care subsidies, include, but are not limited to, those subsidies received pursuant to the Greater Avenues for Independence Act (GAIN) (Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code), the Transitional Child Care Program (Article 8 (commencing with Section 11500) of Chapter 2 of Part 3 of Division

9 of the Welfare and Institutions Code), Title IV-A, including AFDC Income Disregard (42 U.S.C. Sec. 601 et seq.), the Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq., including Sec. 602(a)(8)(A)(iv)), the Head Start Act (42 U.S.C. Sec. 9831 et seq.), federal child care and development block grants, and state-subsidized programs under the State Department of Education. Families who receive private subsidies may also be eligible if the family's income falls below 85 percent of the state median income.

69631. There is hereby established the Child Development Teacher Loan Assumption Program, to be administered by the Student Aid Commission with participation by students attending the California Community Colleges and public and private four-year higher education institutions. Participants shall agree to teach or supervise in the field of child care and development in exchange for assumption of both state and federal loans.

69632. (a) For purposes of this article, "licensed children's center" means a public school district-based, nonprofit community-based, or private proprietary program licensed by the State Department of Social Services under the health and safety requirements of Title 22 of the California Code of Regulations or administered by the State Department of Education under Title 5 of the California Code of Regulations. Licensed children's centers include federal and state-subsidized and nonsubsidized child care, child development, or preschool programs serving children part-day or full-day.

(b) Teachers and supervisors working in nonsubsidized licensed child care programs shall certify that at least 50 percent of the families of children participating in the program are either eligible for federal or state child care subsidies or the families' income falls below 85 percent of the state median income.

69633. (a) Participants shall either be working toward an approved course of study leading to the Regular Children's Center Instructional Permit or shall hold the Regular Children's Center Instructional Permit and be enrolled in an academic program leading to a baccalaureate degree, including the program requirements to obtain the Supervisory Children's Instructional Permit.

(b) Participants shall be selected on the basis of their outstanding academic ability, which shall include, but not be limited to, overall high school grade point average, academic test scores, letter of recommendation from the student's department advisor, and college grade point average.

(c) Participants shall be enrolled in at least 12 semester units or the equivalent each semester and maintain satisfactory progress of a "C" grade point average or above.

(d) Exceptions to the minimum enrollment requirement include participants who are employed as teacher aides, instructional aides, or teacher assistants in child care and development programs,

including college laboratory infant and child care centers, or students who work full time in a different field. These participants shall maintain at least half time status as defined by the institution attended in order to qualify for the loan assumption program.

(e) Advanced notification and written request shall be submitted to, and approved by, the Student Aid Commission before the applicant may transfer to another institution.

(f) Participants may apply for a leave of absence only in case of emergency or natural causes such as serious illness or pregnancy which prevents participation. A leave of absence may be approved for no more than one academic year.

69634. (a) (1) After verification to an authorized school official and the Student Aid Commission that a participant has completed, or will complete by the end of the current semester, a minimum of 12 credit units toward the Regular Children's Center Instructional Permit or the Supervisory Children's Center Permit, a conditional warrant for loan assumption shall be signed by the participant agreeing to teach or supervise full time for two years in a licensed children's center which serves children at least 50 percent of whose families are eligible for state or federal child care subsidies or whose family income falls below 85 percent of the state median income.

(2) After each year of work in a licensed children's center, participants shall certify to the Student Aid Commission that at least 50 percent of the families of children participating in the program are either eligible for federal or state child care subsidies or the families' income falls below 85 percent of the state median income. Certification by the participant may include verification from the center that parents of children participating in the program receive federal or state child care subsidies or meet the income guideline. For purposes of determining whether the 50 percent low income eligibility requirement is met, a licensed children's center may utilize both the number of families receiving federal or state child care subsidies and the number of families whose income falls below 85 percent of the state median income. The participant's warrant shall remain valid even if the licensed children's center subsequently ceases to meet the 50 percent eligibility requirement.

(b) Participants shall be required to teach or supervise with the same employer for each year of loan assumption, and employment shall be consecutive for the two-year loan assumption program. A year of employment may be based on either a calendar year or school year. A participant shall submit an employment verification form after each year of teaching or supervisory service, to be completed by an authorized school official and to be submitted to the Student Aid Commission before the participant is eligible for loan assumption. Participants shall be required to provide their designated service within three years of completing the coursework for the instructional or supervisory permit for each consecutive year.

(c) Loans eligible for assumption include the Stafford Student Loan Program, the Perkins Loan Program, Supplemental Loans for

Students, the Loan Consolidation Program, or any other loan program approved by the Student Aid Commission.

(d) Participants shall demonstrate that they have received, or have been approved to receive, loans which are eligible for assumption.

69635. (a) It is the intent of the Legislature that 100 loan assumption warrants be awarded each year. It is the intent of the Legislature that the Student Aid Commission attempt to recruit and select some applicants for loan assumption who have proficient bilingual skills.

(b) Eighty percent of these warrants shall be granted to participants working toward a Regular Children's Center Instructional Permit.

(c) Twenty percent of these warrants shall be granted to participants working toward a Supervisory Children's Center Instructional Permit.

(d) For participants awarded the Regular Children's Center Instructional Permit, the state shall assume up to one thousand dollars ($1,000) of the participant's outstanding liability under one or more of the loan programs designated in subdivision (c) of Section 69634 for each of the two years of teaching required, to a maximum of two thousand dollars ($2,000).

(e) For participants awarded the Supervisory Children's Center Instructional Permit, the state shall assume up to two thousand dollars ($2,000) of the participant's outstanding liability under one or more of the loan programs designated in subdivision (c) of Section 69634 for each of the two years of teaching or supervisory service required, to a maximum of four thousand dollars ($4,000).

69636. (a) To the extent permitted by federal law, federal funds received, designated for, or permitted to be used for the training, retention, or improvement of quality in the child care profession shall be used to fully fund the Child Development Teacher Loan Assumption Program on an annual basis.

(b) In order to accomplish the purposes set forth in subdivision (a), commencing January 1, 1992, the Controller, the State Department of Education, or any other state agency receiving funds from the Child Care Development Block Grant Act of 1990, (P.L. 97-35), shall make these funds available to the Student Aid Commission for this program only to the extent this program is incorporated into, and approved in, the state plan, established pursuant to subsection (a) of Section 658E of Subchapter C as contained in Section 5082 of the Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508).

(c) The State Department of Education shall enter into an interagency agreement with the Student Aid Commission to allocate federal funds received annually for purposes of this program. Commencing in 1992, the Student Aid Commission shall retain unexpended funds to be used for future loan assumption obligations.

(d) On or before January 1, 1995, and every three years thereafter,

the Student Aid Commission shall report to the State Department of Education regarding the federal funding level required to maintain 100 loan assumption awards. The Student Aid Commission and the State Department of Education shall work together through the budget process to ensure that the appropriate funding level is met. The State Department of Education shall notify the Student Aid Commission of any revision to the federal funding level and shall reflect this revision in the state plan.

(e) This article shall not be implemented unless and until federal funds are made available for the purposes of implementing this article.

69637. The Student Aid Commission shall administer the Child Development Teacher Loan Assumption Program. This includes determining the criteria for ineligible loans, repayment obligations on outstanding loans, delinquent or defaulted loans, loan balance verification, and the process for loan assumption payments, including loan payoff priorities. The Student Aid Commission shall also determine criteria for requirements related to participant status or changes in status.

It is the intent of the Legislature that the Student Aid Commission consult with child care and development representatives of statewide organizations and colleges regarding the development of the program.

69638. The Student Aid Commission shall disseminate information about the Child Development Teacher Loan Assumption Program to eligible institutions of higher education, including private colleges and universities, the University of California, the California State University, and the California Community Colleges.

69639. The Student Aid Commission shall report to the Governor and Legislature by January 1, 1995, on the Child Development Teacher Loan Assumption Program, to assess the following:

(a) Number of applicants annually.

(b) Number of participants annually.

(c) Types of children's programs selected by participants.

(d) Rate of compliance with academic and employment requirements.

(e) Participating institutions of higher education.

(f) Needs assessment for program growth based on the eligible pool of applicants.

(g) Participation and success rates for each permit.

CHAPTER 827

An act to add Section 1373.18 to the Health and Safety Code, and to add Sections 10133.2, 10133.3, and 11512.04 to the Insurance Code, relating to health coverage.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1373.18 is added to the Health and Safety Code, to read:

1373.18. Whenever any health care service plan, except a specialized health care service plan, negotiates and enters into a contract with providers to provide services at alternative rates of payment of the type described in Sections 10133 and 11512 of the Insurance Code, and enrollee copayments are to be based upon a percentage of the fee for services to be rendered, the amount of the enrollee copayment shall be calculated exclusively from the negotiated alternative rate for the service rendered. No health care service plan or provider, negotiating and entering into a contract pursuant to this section, shall charge or collect copayment amounts greater than those calculated in accordance with this section.

This section shall become operative on January 1, 1993.

SEC. 1.5. Section 10133.2 is added to the Insurance Code, to read:

10133.2. When any disability insurer negotiates and enters into a contract with professional or institutional providers to provide services at alternative rates of payment of the type described in Sections 10133 and 11512 of the Insurance Code, the amount of patient copayment shall be calculated exclusively from the negotiated alternative rate for the service rendered. No disability insurer or professional or institutional provider, negotiating and entering into a contract pursuant to this section, shall charge or collect copayment amounts greater than those calculated in accordance with this section.

This section shall become operative on January 1, 1993.

SEC. 2. Section 10133.3 is added to the Insurance Code, to read:

10133.3. When any self-insured governmental plan, as defined in Section 12671, negotiates and enters into a contract with professional or institutional providers to provide services at alternative rates of payment of the type described in Sections 10133 and 11512 of the Insurance Code, the amount of patient copayment shall be calculated exclusively from the negotiated alternative rate for the service rendered. No self-insured governmental plan or professional or institutional provider, negotiating and entering into a contract pursuant to this section, shall charge or collect copayment amounts greater than those calculated in accordance with this section.

This section shall become operative on January 1, 1993.

SEC. 3. Section 11512.04 is added to the Insurance Code, to read:

11512.04. When any nonprofit hospital service plan negotiates and enters into a contract with professional or institutional providers to provide services at alternative rates of payment of the type described in Sections 10133 and 11512 of the Insurance Code, the amount of patient copayment shall be calculated exclusively from the negotiated alternative rate for the service rendered. No nonprofit hospital service plan or professional or institutional provider, negotiating and entering into a contract pursuant to this section, shall charge or collect copayment amounts greater than those calculated in accordance with this section.

This section shall become operative on January 1, 1993.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 828

An act to amend Section 3482.5 of the Civil Code, relating to nuisance.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3482.5 of the Civil Code is amended to read:

3482.5. (a) (1) No agricultural activity, operation, or facility, or appurtenances thereof, conducted or maintained for commercial purposes, and in a manner consistent with proper and accepted customs and standards, as established and followed by similar agricultural operations in the same locality, shall be or become a nuisance, private or public, due to any changed condition in or about the locality, after it has been in operation for more than three years if it was not a nuisance at the time it began.

(2) No activity of a district agricultural association that is operated in compliance with Division 3 (commencing with Section 3001) of the Food and Agricultural Code, shall be or become a private or public nuisance due to any changed condition in or about the locality, after it has been in operation for more than three years if it was not a nuisance at the time it began. This paragraph shall not apply to any

activities of the 52nd District Agricultural Association that are conducted on the grounds of the California Exposition and State Fair, nor to any public nuisance action brought by a city, county, or city and county alleging that the activities, operations, or conditions of a district agricultural association have substantially changed after more than three years from the time that the activities, operations, or conditions began.

(b) Paragraph (1) of subdivision (a) shall not apply if the agricultural activity, operation, or facility, or appurtenances thereof obstruct the free passage or use, in the customary manner, of any navigable lake, river, bay, stream, canal, or basin, or any public park, square, street, or highway.

(c) Paragraph (1) of subdivision (a) shall not invalidate any provision contained in the Health and Safety Code, Fish and Game Code, Food and Agricultural Code, or Division 7 (commencing with Section 13000) of the Water Code, if the agricultural activity, operation, or facility, or appurtenances thereof constitute a nuisance, public or private, as specifically defined or described in any of those provisions.

(d) This section shall prevail over any contrary provision of any ordinance or regulation of any political subdivision of the state.

(e) For purposes of this section, the term "agricultural activity, operation, or facility, or appurtenances thereof" shall include, but not be limited to, the cultivation and tillage of the soil, dairying, the production, cultivation, growing, and harvesting of any agricultural commodity including timber, viticulture, apiculture, or horticulture, the raising of livestock, fur bearing animals, fish, or poultry, and any practices performed by a farmer or on a farm as incident to or in conjunction with those farming operations, including preparation for market, delivery to storage or to market, or delivery to carriers for transportation to market.

CHAPTER 829

An act to add Chapter 12.7 (commencing with Section 25967) to Division 20 of the Health and Safety Code, relating to tobacco distribution.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.7 (commencing with Section 25967) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 12.7. TOBACCO DISTRIBUTION

25967. (a) The Legislature hereby finds and declares the following:

(1) Smoking is the single most important source of preventable disease and premature death in California.

(2) Smoking is responsible for one-quarter of all death caused by fire.

(3) Tobacco-related disease places a tremendous financial burden upon the persons with the disease, their families, the health care delivery system, and society as a whole.

(4) Despite laws in at least 44 states prohibiting the sale of tobacco products to minors, each day 3,000 children start using tobacco products in this nation. Children under the age of 18 consume 947 million packages of cigarettes in this country yearly.

(5) The earlier a child begins to use tobacco products, the more likely it is that the child will be unable to quit.

(6) More than 60 percent of all smokers begin smoking by the age of 14, and 90 percent begin by age 19.

(7) Use of smokeless tobacco products among minors in this state is increasing.

(8) Smokeless tobacco or chewing tobacco is harmful to the health of individuals and may cause gum disease, mouth or oral cancers, increased tooth decay and leukoplakia.

(9) Tobacco product advertising and promotion are an important cause of tobacco use among children. More money is spent advertising and promoting tobacco products than any other consumer product.

(10) Distribution of tobacco product samples and coupons is a recognized source by which minors obtain tobacco products, beginning the addiction process.

(11) It is the intent of the Legislature that keeping children from beginning to use tobacco products in any form and encouraging all persons to quit tobacco use shall be among the highest priorities in disease prevention for the State of California.

(b) It is unlawful for any person, agent, or employee of a person in the business of selling or distributing smokeless tobacco or cigarettes from engaging in the nonsale distribution of any smokeless tobacco or cigarettes to any person in any public building, park or playground, or on any public sidewalk, street, or other public grounds.

(c) For purposes of this section:

(1) "Nonsale distribution" means to give smokeless tobacco or cigarettes to the general public at no cost, or at nominal cost, or to give coupons or rebate offers for smokeless tobacco or cigarettes to the general public at no cost or at nominal cost. Distribution of tobacco products or coupons or rebate offers in connection with the sale of another item, including tobacco products, cigarette lighters, magazines, or newspapers shall not constitute nonsale distribution.

(2) "Smokeless tobacco" means (A) a loose or flat, compressed cake form of tobacco that may be chewed or held in the mouth or (B) a shredded, powdered, or pulverized form of tobacco that may be inhaled through the nostrils, chewed, or held in the mouth.

(3) "Public building, park, playground, sidewalk, street, or other public grounds" means any structure or outdoor area which is owned, operated, or maintained by any public entity, including, but not limited to: city and county streets and sidewalks, parade grounds, fair grounds, public transportation facilities and terminals, public reception areas, public health facilities, public recreational facilities, and public office buildings.

(d) Any person who violates this section shall be liable for a civil penalty of not less than two hundred dollars ($200) for one act, five hundred dollars ($500) for two acts, and one thousand dollars ($1,000) for each succeeding violation. Each distribution of a single package, coupon, or rebate offer to an individual member of the general public in violation of this section shall be considered a separate violation.

(e) Nothing contained in this section or any other provision of law shall invalidate an ordinance of, or be construed to prohibit the adoption of an ordinance by, a city or county regulating distribution of smokeless tobacco or cigarette samples within its boundaries which is more restrictive than this section. If this occurs, the more restrictive local ordinance shall control to the extent of any inconsistency between it and this section.

(f) This section shall not apply to any public building, park, playground, sidewalk, street, or other public grounds where minors are prohibited by law. This section also shall not apply to any public building, park, playground, sidewalk, street, or other public grounds leased for private functions where minors are denied access by a peace officer or licensed security guard on the premises.

CHAPTER 830

An act to amend Sections 7321, 7324, 7326, 7330, 7332, 7334, and 7335 of the Business and Professions Code, relating to cosmetology, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 7321 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7321. The board shall admit to examination for a license as a cosmetologist to practice cosmetology any person who has made application to the board in proper form, paid the fee required by this

chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in cosmetology from a school approved by the board.

(2) Practiced cosmetology as defined in this chapter outside of this state for a period of five years.

(3) Holds a license as a barber in this state and has completed a cosmetology crossover course in a school approved by the board.

(4) Completed a barbering course in a school approved by the board and has completed a cosmetology crossover course in a school approved by the board.

(5) Completed the apprenticeship program in cosmetology specified in Article 4 (commencing with Section 7332).

SEC. 1.5. Section 7321 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7321. The board shall admit to examination for a license as a cosmetologist to practice cosmetology any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in cosmetology from a school approved by the board.

(2) Practiced cosmetology as defined in this chapter outside of this state for a period of time equivalent to the study and training of a qualified person who has completed a course in cosmetology from a school the curriculum of which complied with requirements adopted by the board. Each three months of practice shall be deemed the equivalent of 100 hours of training for qualification under paragraph (1) of this subdivision.

(3) Holds a license as a barber in this state and has completed a cosmetology crossover course in a school approved by the board.

(4) Completed a barbering course in a school approved by the board and has completed a cosmetology crossover course in a school approved by the board.

(5) Completed the apprenticeship program in cosmetology specified in Article 4 (commencing with Section 7332).

SEC. 2. Section 7324 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7324. The board shall admit to examination for a license as an esthetician to practice skin care, any person who has made application to the board in proper form, paid the fee required by this

chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in skin care from a school approved by the board.

(2) Practiced skin care, as defined in this chapter, outside of this state for a period of 18 months.

(3) Completed the apprenticeship program in skin care specified in Article 4 (commencing with Section 7332).

SEC. 2.5. Section 7324 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7324. The board shall admit to examination for a license as an esthetician to practice skin care, any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in skin care from a school approved by the board.

(2) Practiced skin care, as defined in this chapter, outside of this state for a period of time equivalent to the study and training of a qualified person who has completed a course in skin care from a school the curriculum of which complied with requirements adopted by the board. Each three months of practice shall be deemed the equivalent of 100 hours of training for qualification under paragraph (1).

(3) Completed the apprenticeship program in skin care specified in Article 4 (commencing with Section 7332).

SEC. 3. Section 7326 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7326. The board shall admit to examination for a license as a manicurist to practice nail care, any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in nail care from a school approved by the board.

(2) Practiced nail care, as defined in this chapter, outside of this state for a period of 10½ months.

(3) Completed the apprenticeship program in nail care specified in Article 4 (commencing with Section 7332).

SEC. 3.5. Section 7326 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7326. The board shall admit to examination for a license as a manicurist to practice nail care, any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 10th grade in the public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course in nail care from a school approved by the board.

(2) Practiced nail care, as defined in this chapter, outside of this state for a period of time equivalent to the study and training of a qualified person who has completed a course in nail care from a school the curriculum of which complied with requirements adopted by the board. Each three months of practice shall be deemed the equivalent of 100 hours of training for qualification under paragraph (1).

(3) Completed the apprenticeship program in nail care specified in Article 4 (commencing with Section 7332).

SEC. 4. Section 7330 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7330. The board shall admit to examination for a license as an electrologist to practice electrolysis, any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 12th grade or an accredited senior high school course of study in public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course of training in electrolysis from a school approved by the board.

(2) Practiced electrolysis, as defined in this chapter, for a period of 18 months outside of this state within the five years immediately preceding application.

(3) Completed the apprenticeship program in electrology specified in Article 4 (commencing with Section 7332).

SEC. 4.5. Section 7330 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7330. The board shall admit to examination for a license as an electrologist to practice electrolysis, any person who has made application to the board in proper form, paid the fee required by this chapter, and is qualified as follows:

(a) Is not less than 17 years of age.

(b) Has completed the 12th grade or an accredited senior high school course of study in public schools of this state or its equivalent.

(c) Is not subject to denial pursuant to Section 480.

(d) Has done any of the following:

(1) Completed a course of training in electrolysis from a school approved by the board.

(2) Practiced electrolysis, as defined in this chapter, for a period of 18 months outside of this state within the time equivalent to the study and training of a qualified person who has completed a course in electrolysis from a school the curriculum of which complied with requirements adopted by the board. Each three months of practice shall be deemed the equivalent of 100 hours of training for qualification under paragraph (1).

(3) Competed the apprenticeship program in electrology specified in Article 4 (commencing with Section 7332).

SEC. 5. Section 7332 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7332. An apprentice is any person who is licensed by the board to engage in learning or acquiring a knowledge of barbering, cosmetology, skin care, nail care, or electrology, in a licensed establishment under the supervision of a licensee approved by the board.

SEC. 6. Section 7334 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7334. (a) The board may license as an apprentice in barbering, cosmetology, skin care, or nail care any person who has made application to the board upon the proper form, has paid the fee required by this chapter, and who is qualified as follows:

(1) Is over 16 years of age.

(2) Has completed the 10th grade in the public schools of this state or its equivalent.

(3) Is not subject to denial pursuant to Section 480.

(4) Has submitted evidence acceptable to the board that any training the apprentice is required by law to obtain shall be conducted in a licensed establishment and under the supervision of a licensee approved by the board.

(b) The board may license as an apprentice in electrolysis any person who has made application to the board upon the proper form, has paid the fee required by this chapter, and who is qualified as follows:

(1) Is not less than 17 years of age.

(2) Has completed the 12th grade or an accredited senior high school course of study in schools of this state or its equivalent.

(3) Is not subject to denial pursuant to Section 480.

(4) Has submitted evidence acceptable to the board that any training the apprentice is required by law to obtain shall be conducted in a licensed establishment and under the supervision of a licensee approved by the board.

(c) All persons making application as an apprentice in barbering

shall also complete a minimum of 39 hours of preapprentice training in a facility approved by the board prior to serving the general public.

(d) All persons making application as an apprentice in cosmetology, skin care, nail care, or electrology shall also complete minimum preapprentice training for the length of time established by the board in a facility approved by the board prior to serving the general public.

(e) Apprentices may only perform services on the general public for which they have received technical training.

(f) Apprentices shall be required to obtain at least the minimum hours of technical instruction and minimum number of practical operations for each subject as specified in board regulations for courses taught in schools approved by the board, in accordance with Sections 3074 and 3078 of the Labor Code.

SEC. 7. Section 7335 of the Business and Professions Code, as added by Chapter 1672 of the Statutes of 1990, is amended to read:

7335. The license of an apprentice shall expire two years from the date the license was issued, or on the date the apprentice is issued a license following the license examination, or if the apprentice fails the license examination twice, on the date the results of the second examination are issued, whichever occurs first.

No person holding a license as an apprentice shall work more than three months after completing the required training without applying for and taking the examination for licensure.

SEC. 8. Section 1.5 of this bill incorporates amendments to Section 7321 of the Business and Professions Code proposed by both this bill and AB 1161. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 7321 of the Business and Professions Code, and (3) this bill is enacted after AB 1161, in which case Section 7321 of the Business and Professions Code, as amended by AB 1161, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 9. Section 2.5 of this bill incorporates amendments to Section 7324 of the Business and Professions Code proposed by both this bill and AB 1161. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 7324 of the Business and Professions Code, and (3) this bill is enacted after AB 1161, in which case Section 7324 of the Business and Professions Code, as amended by AB 1161, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 10. Section 3.5 of this bill incorporates amendments to Section 7326 of the Business and Professions Code proposed by both this bill and AB 1161. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2)

each bill amends Section 7326 of the Business and Professions Code, and (3) this bill is enacted after AB 1161, in which case Section 7326 of the Business and Professions Code, as amended by AB 1161, shall remain operative only until the operative date of this bill, at which time Section 3.5 of this bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 11. Section 4.5 of this bill incorporates amendments to Section 7330 of the Business and Professions Code proposed by both this bill and AB 1161. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 7330 of the Business and Professions Code, and (3) this bill is enacted after AB 1161, in which case Section 7330 of the Business and Professions Code, as amended by AB 1161, shall remain operative only until the operative date of this bill, at which time Section 4.5 of this bill shall become operative, and Section 4 of this bill shall not become operative.

SEC. 12. This act shall become operative on January 1, 1993.

CHAPTER 831

An act to amend Sections 9301, 9314, 9316, 9405, 9408, 9412, 9417, 9419, and 9521 of, to add Sections 9044, 9356, 9357, 9358, 9359, and 9403.5 of, to add Article 4 (commencing with Section 9201) to Chapter 3 of Division 9 of, to repeal and add Article 2 (commencing with Section 9161) and Article 3 (commencing with Section 9181) of Chapter 3 of Division 9 of, to repeal and add Sections 9352, 9413, and 9420 of, and to repeal Article 4 (commencing with Section 9211), Article 5 (commencing with Section 9241), and Article 6 (commencing with Section 9271) of Chapter 3 of Division 9 of, the Public Resources Code, relating to resource conservation.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 9044 is added to the Public Resources Code, to read:

9044. The Imperial Irrigation District may exercise the powers of a resource conservation district under this division in any area within its boundaries in which there is no resource conservation district organized and operating.

SEC. 2. Article 2 (commencing with Section 9161) of Chapter 3 of Division 9 of the Public Resources Code is repealed.

SEC. 3. Article 2 (commencing with Section 9161) is added to Chapter 3 of Division 9 of the Public Resources Code, to read:

Article 2. Initiation

9161. (a) A new district may be formed pursuant to this chapter.

(b) A proposal to form a district may be made by a petition of registered voters or by the adoption of a resolution of application.

9162. A proposal to form a new district may be made by petition which shall do all of the following:

(a) State that the proposal is made and request that proceedings be taken for the formation pursuant to this chapter.

(b) Set forth a description of the boundaries of the territory to be included in the district.

(c) Set forth the methods by which the district will be financed.

(d) State the reasons for forming the district.

(e) Propose a name for the district.

(f) Designate not more than three persons as chief petitioners, setting forth their names and mailing addresses.

(g) State whether the formation is consistent with the sphere of influence of any affected city or affected district.

(h) Specify the number of members, whether five, seven, or nine, of the initial board of directors and the method of their selection, as provided by Article 4 (commencing with Section 9201).

9163. (a) Before circulating any petition, the chief petitioners shall publish a notice of intention which shall include a written statement not to exceed 500 words in length, setting forth the reasons for forming the district. The notice shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the territory proposed to be included in the district. If the territory proposed to be included in the district is located in more than one county, publication of the notice shall be made in at least one newspaper of general circulation in each of the counties.

(b) The notice shall be signed by at least one, but not more than three, chief petitioners and shall be in substantially the following form:

"Notice of Intent to Circulate Petition

Notice is hereby given of the intention to circulate a petition proposing to form the _____ (name of the district). The reasons for the proposal are: _____."

(c) Within five days after the date of publication, the chief petitioners shall file with the executive officer of the local agency formation commission of the principal county a copy of the notice together with an affidavit made by a representative of the newspaper in which the notice was published certifying to the fact of publication.

(d) After the filing required pursuant to subdivision (c), the petition may be circulated for signatures.

9164. The petition shall be signed by not less than 10 percent of

the registered voters residing in the area to be included in the district, as determined by the local agency formation commission pursuant to subdivision (h) of Section 56375 of the Government Code. The provisions of Sections 41 and 44 of the Elections Code shall govern the signing of the petition and the format of the petition.

9165. A petition may consist of a single instrument or separate counterparts. The chief petitioner or petitioners shall file the petition, including all counterparts, with the executive officer of the local agency formation commission of the principal county within six months of the date on which the chief petitioner or petitioners filed the affidavit with the executive officer pursuant to subdivision (c) of Section 9163.

9166. (a) Within 30 days after the date of filing a petition, the executive officer of the local agency formation commission shall cause the petition to be examined and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

(b) If the certificate of the executive officer shows the petition to be insufficient, the executive officer shall immediately give notice by certified mail of the insufficiency to the chief petitioners. That mailed notice shall state in what amount the petition is insufficient. Within 15 days after the date of the notice of insufficiency, the chief petitioners may file with the executive officer a supplemental petition bearing additional signatures.

(c) Within 10 days after the date of filing a supplemental petition, the executive officer shall examine the supplemental petition and certify in writing the results of his or her examination.

(d) The executive officer shall sign and date a certificate of sufficiency. That certificate shall also state the minimum signature requirements for a sufficient petition and show the results of the executive officer's examination. The executive officer shall mail a copy of the certificate of sufficiency to the chief petitioners.

9167. (a) A proposal to form a new district may also be made by the adoption of a resolution of application by the legislative body of any county or city which contains territory proposed to be included in the district. Except for the provisions regarding signers and signatures, a resolution of application shall contain all of the matters specified for a petition in Section 9162. Before submitting a resolution of application, the legislative body shall conduct a public hearing on the resolution.

(b) Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the county or city.

(c) At the hearing, the legislative body shall give any person an opportunity to present his or her views on the resolution.

(d) The clerk of the legislative body shall file a certified copy of the resolution of application with the executive officer of the local agency formation commission of the principal county.

9168. Once the chief petitioners have filed a sufficient petition or

a legislative body has filed a resolution of application, the local agency formation commission shall proceed pursuant to Chapter 5 (commencing with Section 56825) of Part 3 of Division 3 of Title 5 of the Government Code.

SEC. 4. Article 3 (commencing with Section 9181) of Chapter 3 of Division 9 of the Public Resources Code is repealed.

SEC. 5. Article 3 (commencing with Section 9181) is added to Chapter 3 of Division 9 of the Public Resources Code, to read:

Article 3. Election and Formation

9181. (a) If the local agency formation commission approves the formation of a district, with or without amendment, wholly, partially, or conditionally, the executive officer shall mail a copy of the resolution of the commission's determinations to the board of supervisors of each county within which territory of the proposed district lies. Within 35 days following the adoption of the commission's resolution, the board of supervisors shall call and give notice of the election to be held in the proposed district. If the proposed district lies in more than one county, the board of supervisors shall call and give notice of the election to be held in the territory of the proposed district which lies in that county.

(b) The election shall be held on the next regular or special election date not less than 113 nor more than 150 days after the date the board of supervisors calls and gives notice of the election.

(c) Notice of the election shall be published pursuant to Section 6061 of the Government Code in a newspaper of general circulation circulated within the territory of the proposed district which lies in the county.

9182. (a) Notwithstanding Section 9181, if the board of supervisors of the principal county finds that the petition filed with the executive officer of the local agency formation commission pursuant to Section 9165 has been signed by not less than 80 percent of the registered voters residing within the area to be included within the district, the board may dispense with an election, adopt the resolution required pursuant to Section 9188, and designate the members of the board of directors pursuant to Article 4 (commencing with Section 9201).

(b) Notwithstanding Section 9181, if the local agency formation commission approves a consolidation or reorganization pursuant to Section 56839 of the Government Code which results in the formation of a district without an election, the commission may designate the members of the board of directors from the membership of the board of directors of any of the consolidated or reorganized districts pursuant to subdivision (k) of Section 56844 of the Government Code. The terms of office of the directors shall be determined pursuant to Section 23506 of the Elections Code.

9183. (a) Within five days after the district formation election has been called, the board of supervisors of each county within which

territory of the proposed district lies shall transmit by registered mail a written notification of the election call to the executive officer of the local agency formation commission of the principal county. The written notice shall include the name and a description of the proposed district and may be in the form of a certified copy of the resolution adopted by the board of supervisors calling the district formation election.

(b) The executive officer of the local agency formation commission shall submit an impartial analysis of the proposed district formation to the officials in charge of conducting the district formation election, pursuant to Section 56859 of the Government Code.

9184. (a) (1) The chief petitioners, the agency filing the resolution, or any member or members of the board of supervisors authorized by the board, any individual voter or bona fide association of citizens entitled to vote on the district formation proposition, or any combination of these voters and associations of citizens, may file with the elections official of the principal county a written argument for or a written argument against the proposed district formation.

(2) Arguments shall not exceed 300 words in length. Based on the time reasonably necessary to prepare and print the text of the proposition, analysis, arguments, and sample ballots and to permit the 10-day public examination period as provided in Section 3795 of the Elections Code for the particular election, the elections official of the principal county shall fix and determine a reasonable date prior to the election after which no arguments for or against the measure may be submitted for printing and distribution to the voters pursuant to Section 9185. Notice of the date fixed shall be published by the elections official pursuant to Section 6061 of the Government Code. Arguments may be changed until and including the date fixed by the elections official.

(b) If more than one argument for or more than one argument against the proposed district formation is filed with the elections official within the time prescribed, the elections official shall select one of the arguments for printing and distribution to the voters.

In selecting the arguments, the elections official shall give preference and priority in the order named to the arguments of the following:

(1) Chief petitioners or the agency filing the resolution.

(2) The board of supervisors or any member or members of the board authorized by the board.

(3) Individual voters or bona fide associations of citizens or a combination of these voters and associations.

(c) When the elections official of the principal county has selected the arguments for and against the measure which will be printed and distributed to the voters, he or she shall send copies of the argument in favor of the measure to the authors of the argument against, and copies of the argument against to the authors of the argument in favor. The authors may prepare and submit rebuttal arguments not

exceeding 250 words. The rebuttal arguments shall be filed with the elections official of the principal county not more than 10 days after the final date for filing direct arguments. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut and shall be titled "Rebuttal to Argument in Favor of Measure (or Proposition) _____" or "Rebuttal to Argument Against Measure (or Proposition) _____," the blank spaces being filled in only with the letter or number, if any, which designates the measure. Words used in the title shall not be counted when determining the length of any rebuttal argument.

9185. (a) The officials in charge of conducting the election shall cause a ballot pamphlet concerning the district formation proposition to be voted on to be printed and mailed to each voter entitled to vote on the district formation question at least 10 days prior to the date of the election. The ballot pamphlet is "official matter" within the meaning of Section 10010 of the Elections Code. Section 3795 of the Elections Code shall apply to the materials required to be contained in the ballot pamphlet.

(b) The ballot pamphlet shall contain the following in the order prescribed:

(1) The complete text of the proposition.

(2) The impartial analysis of the proposition submitted by the executive officer of the local agency formation commission.

(3) The argument for the proposed district formation.

(4) The rebuttal to the argument in favor of the proposed district formation.

(5) The argument against the proposed district formation.

(6) The rebuttal to the argument against the proposed district formation.

9186. The notice of the election published pursuant to subdivision (c) of Section 9181 shall contain all of the following:

(a) The date of the election.

(b) The name of the proposed district.

(c) The purposes for which the district is to be formed.

(d) A statement that the first directors will be elected at that election or will be appointed, as the case may be, if the district is formed.

(e) A description of the boundaries of the proposed district.

9187. (a) Except as otherwise provided in this division, the formation election and the election of members of the district board shall be held and conducted in accordance with the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code).

(b) If less than a majority of the votes cast at the election is in favor of forming the district, the board of supervisors of the principal county shall declare the proceedings terminated.

9188. If the majority of the votes cast at the election is in favor of forming the district, the board or boards of supervisors shall by

resolution entered on its minutes declare the district duly organized under this division, giving the name of the district, and the purposes for which it is formed, and describing its boundaries. If the district lies in more than one county, the clerk of the board of supervisors of the principal county shall transmit a certified copy of the resolution to the clerk of the board of supervisors of each of the other counties in which the district lies.

9189. Immediately after adoption of a resolution pursuant to Section 9188, the clerk of the board of supervisors of the principal county shall transmit a certified copy of the resolution along with a remittance to cover the fees required by Section 54902.5 of the Government Code to the executive officer of the local agency formation commission. The executive officer shall complete the proceedings pursuant to Chapter 8 (commencing with Section 57200) of Part 4 of Division 3 of Title 5 of the Government Code.

9190. (a) No informality in any proceeding, including informality in the conduct of any election not substantially affecting adversely the legal rights of any person, shall invalidate the formation of any district.

(b) The validity of the formation and organization of a district shall not be contested in any proceeding commenced more than 60 days after the date that the formation of the district is complete.

SEC. 6. Article 4 (commencing with Section 9211) of Chapter 3 of Division 9 of the Public Resources Code is repealed.

SEC. 7. Article 4 (commencing with Section 9201) is added to Chapter 3 of Division 9 of the Public Resources Code, to read:

Article 4. Initial Board of Directors

9201. The initial board of directors of a district formed on or after January 1, 1992, shall be determined pursuant to this article.

9202. In the case of a district which contains only unincorporated territory in a single county, the district board may be elected or may be appointed by the county board of supervisors.

9203. In the case of a district which contains only unincorporated territory in more than one county, the district board may be elected or may be appointed by the boards of supervisors of the counties in which the district is located. If the district board is appointed by the boards of supervisors, they shall appoint directors according to the proportionate share of population of that portion of each county within the district, provided that each board of supervisors shall appoint at least one director.

9204. In the case of a district which contains unincorporated territory and the territory of one or more cities, the district board may be elected or appointed by the county board of supervisors and the city councils in which the district is located. If the district board is to be appointed, the board of supervisors and the city council or councils shall appoint directors according to the proportionate share of population of that portion of the county and each city within the

district, provided that the board of supervisors and each city council shall appoint at least one director.

9205. In the case of a district which includes only incorporated territory within a single city, the district board may be elected or appointed by the city council.

9206. In the case of a district which includes only incorporated territory in more than one city, the district board may be elected or appointed by the city councils in which the district is located. If the district board is appointed, the city councils shall appoint directors according to the proportionate share of population of that portion of each city within the district. However, each city council shall appoint at least one director.

SEC. 8. Article 5 (commencing with Section 9241) of Chapter 3 of Division 9 of the Public Resources Code is repealed.

SEC. 9. Article 6 (commencing with Section 9271) of Chapter 3 of Division 9 of the Public Resources Code is repealed.

SEC. 10. Section 9301 of the Public Resources Code is amended to read:

9301. (a) The board of directors shall consist of five, seven, or nine directors. The number of directors may be changed by resolution adopted by a majority of the members of the board of directors after publication of notice of the intended change at least once in a newspaper of general circulation published in each county in which the district is located.

(b) If the number of directors is increased, the new positions shall be treated as vacancies and shall be filled as provided in Section 9317, except that if the board of directors is appointed as provided in subdivision (b) of Section 9314, then the new positions shall be filled in the same manner pursuant to Section 9316. If the number of directors is decreased, the terms of the directors in office on the date of the resolution adopted pursuant to subdivision (a) shall not be reduced.

(c) The directors first elected shall take office immediately upon qualifying.

SEC. 11. Section 9314 of the Public Resources Code is amended to read:

9314. (a) The term of office of the directors, except those first elected, shall be four years. The expiration of the term of any director does not constitute a vacancy, and the director shall hold office until his or her successor has qualified.

(b) (1) As an alternative to the election of directors, the board of directors may, by a resolution presented to the board of supervisors of the principal county, request the board of supervisors to appoint directors, except those first elected. In any election year, the board of directors shall file its request with the board of supervisors no later than 125 days prior to the election. A copy of the resolution shall be furnished to the official responsible for conducting the election at the time it is presented to the board of supervisors of the principal county. The board of supervisors shall, by ordinance, appoint

directors, after consultation with the board of supervisors of any other county which contains any part of the district, from those candidates who have filed an application with the board of supervisors. Each application shall include the signatures of 10 qualified voters of the district, a statement that there shall be no election for that district, and any other information specified by the board of supervisors. If the directors are to be appointed, a notice of election shall not be published, but a notice of vacancy shall be posted pursuant to Section 54974 of the Government Code.

(2) Appointment of directors by the board of supervisors does not affect the status of a district as an independent special district.

(3) If the board of supervisors does not conduct interviews of potential candidates or make an appointment within 60 days after the expiration of the term, the board of directors may make the appointment.

(c) It is the intent of the Legislature to encourage districts to opt for selection of directors by election, but where directors are appointed pursuant to subdivision (b), it is the intent of the Legislature that the board of supervisors solicit recommendations from within the district, including public, private, and nonprofit entities, and appoint only applicants determined by the board of supervisors to have a demonstrated interest in soil and water conservation. In selecting directors pursuant to subdivision (b), the board of supervisors shall endeavor to achieve balanced representation on the board of directors of the district. In order to avoid undue financial burdens to districts and to thereby promote the objectives of this division, the Legislature hereby encourages counties to waive or minimize the charges for costs of elections conducted pursuant to this division.

SEC. 12. Section 9316 of the Public Resources Code is amended to read:

9316. In case of a vacancy in the office of director appointed pursuant to Section 9314, the vacancy shall be filled, as provided in Section 9314, by appointment for the unexpired term by the board of supervisors of the principal county.

SEC. 13. Section 9352 of the Public Resources Code is repealed.

SEC. 14. Section 9352 is added to the Public Resources Code, to read:

9352. (a) Directors shall be registered voters in the state.

(b) Except as provided in subdivision (d), directors shall (1) reside within the district and either own real property in the district or alternatively have served, pursuant to the district's rules, for two years or more as an associate director providing advisory or other assistance to the board of directors, or (2) be a designated agent of a resident landowner within the district.

(c) If the board of directors has provided for selection of directors by division, these residency requirements shall apply to the division the director represents, rather than to the district as a whole.

(d) The Legislature finds and declares that the primary function

of the Suisun Resource Conservation District and Grasslands Resource Conservation District in maintaining wildlife and wetland habitats will be impaired unless there is adequate opportunity for participation by landowners on the boards of directors of those districts. The Legislature further finds and declares that, because of the natural conditions prevailing in the territory of those districts, the majority of privately owned lands therein are owned by persons residing outside the districts. Therefore, owners of land within the Suisun Resource Conservation District and Grasslands Resource Conservation District, or their agents, may serve on the respective boards of directors thereof, regardless of whether they are residents of the district. For purposes of this subdivision, ownership of land shall be determined from the last equalized assessment roll of the county or counties within which the district is situated.

SEC. 15. Section 9356 is added to the Public Resources Code, to read:

9356. (a) Except as provided in subdivision (b), directors shall be elected at large.

(b) A district may, by ordinance, provide for election of directors by division. In order to reduce election costs, the divisions shall be established along the boundaries of existing voting precincts. Prior to adopting a resolution pursuant to this subdivision, the text of the proposed resolution, including proposed division boundaries, shall be published pursuant to Section 6066 of the Government Code, together with notice of the hearing at which the resolution will be considered. At the time stated in the notice for the hearing, the board of directors shall consider the proposal and shall hear any and all objections thereto. If, after the hearing, the board determines it to be in the best interests of the district, it shall adopt the resolution as proposed or as amended at the hearing. Directors in office at the time of adoption of the resolution shall remain in office until the next general district election, at which a director shall be elected to each division established by the resolution. The directors elected at that election shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire on noon on the last Friday in November of the next even-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the last Friday in November of the second even-numbered year after the year in which the meeting is held.

(c) If it is proposed to change the number of directors of a district divided into divisions, or if it is proposed to change the number of divisions in a district, that change shall be conditional upon adoption by the board of directors of a new or revised resolution under subdivision (b) and the provisions and procedures of subdivision (b) shall be applicable thereto.

(d) Notwithstanding subdivisions (b) and (c), in any district in which directors are appointed pursuant to Section 9314, the board of

supervisors of the principal county shall make the appointments by division, as called for in the resolution adopted pursuant to subdivision (b), in lieu of the election specified in subdivision (b), and those appointments shall become effective, and the terms of existing directors shall expire, on the same date as if the directors were elected.

SEC. 16. Section 9357 is added to the Public Resources Code, to read:

9357. Members of county boards of supervisors shall not be eligible to simultaneously hold office as a district director.

SEC. 17. Section 9358 is added to the Public Resources Code, to read:

9358. Nomination of candidates shall be in writing and signed by at least five landowners of the district. Nominations shall be filed with the clerk of the board of supervisors of the principal county.

SEC. 18. Section 9359 is added to the Public Resources Code, to read:

9359. Except as election of directors by division may be provided pursuant to Section 9356, all registered voters in a district shall be qualified electors and eligible to vote in district elections.

SEC. 19. Section 9403.5 is added to the Public Resources Code, to read:

9403.5. The directors may establish and charge fees for services provided by the district to, and upon the request of, persons or governmental entities. No fee shall exceed the cost reasonably borne by the district in providing the service.

SEC. 20. Section 9405 of the Public Resources Code is amended to read:

9405. The directors may acquire by purchase, lease, contract, or gift all lands and property necessary to carry out the plans and works of the district. The directors may acquire conservation easements as provided in Chapter 4 (commencing with Section 815) of Title 2 of Part 2 of Division 2 of the Civil Code on lands within the district. A district acquiring a conservation easement shall prepare a management plan for the easement which fully describes the intent and legal obligations respecting the easement and which shall be consistent with the goals of the State Soil Conservation Plan and other policies adopted pursuant to Section 9108.

SEC. 21. Section 9408 of the Public Resources Code is amended to read:

9408. (a) The directors may cooperate and enter into contracts or agreements with the state, the United States, any county, any city, any other resource conservation or other public district in this state, any person, or the commission, in furtherance of the provisions of this division, and to that end may use any funds available to the district as provided in this chapter, and may accept and use contributions of labor, money, supplies, materials, or equipment useful for accomplishing the purposes of the district.

(b) Districts may cooperate with counties and cities on resource

issues of local concern. It is the intent of the Legislature to encourage districts to facilitate cooperation among agencies of government to address resource issues of local concern.

(c) Districts may cooperate with federal, state, and local agencies and owners of private lands under the agreement between the California Association of Resource Conservation Districts and various public and private entities known as the coordinated resource management and planning memorandum of understanding.

SEC. 22. Section 9412 of the Public Resources Code is amended to read:

9412. Each district may provide technical assistance to private landowners or land occupants within the district to support practices that minimize soil and related resource degradation. When in the judgment of the directors it is for the benefit of the district so to do, they may give assistance to private landowners or land occupants within the district in seeds, plants, materials and labor, and may loan or rent to any such private landowner or land occupant agricultural machinery or other equipment. No such assistance shall be given or any such loans made unless the landowner or land occupant receiving the aid or assistance agrees to devote and use the aid or assistance on his or her lands within the district in furtherance of objectives of the district and in accordance with district plans or regulations. Notwithstanding the fact that the landowner or land occupant is also a director, any landowner is qualified to and may receive assistance or loans under this section.

SEC. 23. Section 9413 of the Public Resources Code is repealed.

SEC. 24. Section 9413 is added to the Public Resources Code, to read:

9413. (a) Each district may develop districtwide comprehensive annual and long-range work plans as provided in this section. These plans shall address the full range of soil and related resource problems that are found to occur in the district.

(b) The long-range work plans may be adopted and updated every five years, in accordance with a standard statewide format which shall be established by the commission. Districts may amend the long-range plan prior to the five-year update in order to address substantive changes occurring since the adoption of the most recent long-range work plan. The long-range plans shall serve the following functions:

(1) Identification of resource issues within the district for purposes of local, state, and federal resource conservation planning.

(2) Establishment of long-range district goals.

(3) Provision of a framework for directors to identify priorities for annual district activities.

(4) Provision of information to federal, state, and local governments and the public concerning district programs and goals.

(5) Setting forth a basis for evaluating annual work plan achievements and allocating available state funding to the district.

(6) Involvement of other agencies and organizations in the

district planning process in order to help ensure support in implementing district plans.

(c) The annual work plans may be adopted on or before March 1 of each year in a format which shall be consistent with the district's long-range work plan. The annual work plans shall serve the following functions:

(1) Identification of high priority actions to be undertaken by the district during the year covered by the plan.

(2) Identification of the person or persons responsible for undertaking each planned task, how it will be performed, when it will be completed, what constitutes completion, and the cost.

(3) Demonstration of the relationship of annual tasks to the long-range district goals identified in the long-range work plan.

(4) Provision of assistance to the local field office of the Soil Conservation Service of the United States Department of Agriculture in adjusting staff and program priorities to match district goals.

(5) Informing the public of the district's goals for the year.

(6) Involvement of other agencies and organizations in the district planning process in order to help ensure support in implementing district plans.

(7) Provision of a basis for assisting the commission in determining district eligibility for state funding under this division.

(d) A district may prepare an annual district report. The annual district report shall be completed on or before September 1 of each year in a format consistent with the long-range and annual plans, so that progress made during the reporting period towards district goals can be readily determined. The annual report shall serve the following functions:

(1) To report on the district's achievements during the reporting period to the commission, the department, the board of supervisors of any county in which the district is located, and any agency that reviews district requests for funding assistance.

(2) To increase public awareness of district activities.

(3) To compare district accomplishments during the reporting period with annual work plan objectives for that period and to identify potential objectives for the next annual work plan.

SEC. 25. Section 9417 of the Public Resources Code is amended to read:

9417. (a) The directors of any district may cooperate with the directors of any other district in respect to matters of common interest or benefit to the districts. An association of resource conservation districts may be organized to facilitate that cooperation, to provide for the loan of equipment and tools by one district to another, and for the making of investigations and studies and the carrying out of projects of joint interest to the districts participating therein.

(b) It is the intent of the Legislature to encourage districts to organize in countywide or regional associations for the purposes of

(1) providing coordinated representation of districts before federal, state, and local governmental agencies and (2) coordinating program planning, funding, and delivery of services.

SEC. 26. Section 9419 of the Public Resources Code is amended to read:

9419. (a) The directors may engage in activities designed to promote a knowledge of the principles of resource conservation throughout the district and for that purpose may develop educational programs both for children and for adults. In the development of those programs, the directors may authorize the giving of awards and prizes for outstanding achievement.

(b) Each district may develop and disseminate or utilize conservation education programs for use in kindergarten through grade 12. As an option to developing these programs independently, it is the intent of the Legislature to encourage both collaboration with other organizations and incorporation of elements of existing programs.

(c) A district may conduct workshops on the relationships between soil and related resource problems and their effects on other resources, such as wildlife and water quality.

(d) A district may sponsor programs that address land use practices which reduce water and wind erosion, soil contamination, soil salinity, agricultural land conversion, loss of soil organic matter, soil subsidence, and soil compaction and associated poor water infiltration.

SEC. 27. Section 9420 of the Public Resources Code is repealed.

SEC. 28. Section 9420 is added to the Public Resources Code, to read:

9420. The board of directors of a district may appoint advisory committees to provide technical assistance in addressing soil and related resource problems, to assist in coordinating conservation programs and activities, and to share information relating to the functions or purposes of the district. Representatives of state, federal, and local governmental agencies, including school districts, as well as private organizations, may serve on these advisory committees.

SEC. 29. Section 9521 of the Public Resources Code is amended to read:

9521. (a) Except as provided in subdivision (b), the treasury of the principal county is the depository of all of the funds of the district.

(b) As an alternative to using the county treasury as depository, a district may adopt a resolution transferring responsibility for the district treasury to the board of directors of the district, which shall deposit district funds as provided in Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. Following adoption of the resolution, the provisions of this article relating to the county treasurer and county treasury shall not apply to the district.

CHAPTER 832

An act to amend Sections 1568.01, 1568.021, 1568.03, 1568.04, 1568.06, 1568.063, 1568.07, 1568.072, 1568.082, and 1568.0831 of, and to add Sections 199.716, 1568.065, 1568.066, 1568.067, and 1568.0823 to, the Health and Safety Code, relating to residential care facilities for persons with chronic life-threatening illness.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 199.716 is added to the Health and Safety Code, to read:

199.716. (a) The state department may provide supplemental funding to residential AIDS shelters in accordance with Section 199.715, as long as that section is operative, and to residential care facilities for persons with a chronic, life-threatening illness, which are licensed in accordance with Chapter 3.01 (commencing with Section 1568.01) of Division 2.

(b) A residential AIDS shelter which receives a supplemental grant and subsequently is licensed as a residential care facility for persons with a chronic, life-threatening illness prior to the end of the grant period shall be entitled to the full amount of the supplemental grant.

SEC. 2. Section 1568.01 of the Health and Safety Code is amended to read:

1568.01. For purposes of this chapter, the following definitions shall apply:

(a) "Activities of daily living" means housework, meals, laundry, taking medication, money management, appropriate transportation, correspondence, telephoning, dressing, feeding, toileting, bathing, grooming, mobility, and related tasks.

(b) "Care and supervision" means the facility assumes responsibility for, or provides or promises to provide in the future, ongoing assistance with activities of daily living without which a resident's physical health, mental health, safety, or welfare would be endangered.

(c) "Chronic, life-threatening illness" means HIV disease or AIDS.

(d) "Department" means the State Department of Social Services.

(e) "Director" means the Director of Social Services.

(f) "Family dwelling" includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned

unit developments.

(g) "Fund" means the Residential Care Facilities for Persons with Chronic Life-Threatening Illness Fund created by subdivision (c) of Section 1568.05.

(h) "Placement agency" means any state agency, county agency, or private agency which receives public funds, in part, to identify housing options for persons with chronic, life-threatening illness and refers these persons to housing.

(i) "Residential care facility" means a residential care facility for persons with chronic, life-threatening illness who are 18 years of age or older.

(j) "Six or fewer persons" does not include the licensee or members of the licensee's family or persons employed as facility staff.

SEC. 3. Section 1568.021 of the Health and Safety Code is amended to read:

1568.021. (a) If the applicant for a license or renewal of a license for a residential care facility handles or will handle any money of a resident of the facility, the applicant or licensee shall file or have on file with the department a bond issued by a surety company admitted to do business in this state in a sum to be fixed by the department based upon the magnitude of the operations of the applicant or licensee, but which sum shall not be less than one thousand dollars ($1,000), running to the State of California and conditioned upon his or her faithful and honest handling of the money of residents of the facility.

(b) The failure of any licensee under this chapter to maintain on file with the department a bond in the amount prescribed by the department or the embezzlement by a licensee of trust funds of a resident of the facility shall constitute cause for the revocation of the license.

(c) This section shall not apply if the licensee handles moneys of residents of the facility in amounts less than fifty dollars ($50) per person and less than five hundred dollars ($500) for all persons in any month.

(d) The director may grant a partial or total variance from the requirements of this section if the director finds that compliance with them is so onerous that a residential care facility will cease to operate, and if the director also finds that money of the residents received or cared for in the facility has been, or will be, deposited in a bank in this state, in a trust company authorized to transact a trust business in this state, or in a savings and loan association in this state, upon condition that the money may not be withdrawn except on authorization of the person or a representative who is legally authorized to make financial decisions on behalf of the person.

SEC. 4. Section 1568.03 of the Health and Safety Code is amended to read:

1568.03. (a) No person, firm, partnership, association, or corporation within the state and no state or local public agency shall operate, establish, manage, conduct, or maintain a residential care

facility in this state without first obtaining and maintaining a valid license therefor, as provided in this chapter.

(b) A facility may accept or retain residents requiring varying levels of care. However, a facility shall not accept or retain residents who require a higher level of care than the facility is authorized to provide. Persons who require 24-hour skilled nursing intervention shall not be appropriate for a residential care facility.

(c) This chapter shall not apply to the following:

(1) Any health facility, as defined in Section 1250.

(2) Any clinic, as defined in Section 1200.

(3) Any arrangement for the receiving and care of persons with chronic, life-threatening illness by a relative, guardian or conservator, significant other, or close friend; or any arrangement for the receiving and care of persons with chronic, life-threatening illness from only one family as respite for the relative, guardian or conservator, significant other, or close friend, if the arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the department.

(d) The director may waive the requirement for licensure under this chapter for any house, institution, hotel, foster home, shared housing project, or other similar facility that is limited to providing housing, meals, transportation, housekeeping, or recreational and social activities, or that has residents independently accessing supportive services as long as no resident thereof requires any element of care and supervision or protective supervision.

(e) The director may bring an action to enjoin the violation or threatened violation of this section in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss. The court shall, if it finds the allegations to be true, issue its order enjoining continuance of the violation.

SEC. 5. Section 1568.04 of the Health and Safety Code is amended to read:

1568.04. Any person desiring issuance or renewal of a license for a residential care facility under this chapter shall file with the department, pursuant to regulations adopted by the department, an application. The application shall be made on a form furnished by the department and shall include, but not be limited to, all of the following:

(a) Evidence satisfactory to the department of all of the following:

(1) The ability of the applicant to comply with this chapter and of rules and regulations adopted pursuant to this chapter by the department. Where there is an application for renewal of a license, evidence satisfactory to the department that the licensee has substantially complied, during the term of the previous license, with

this chapter and with the rules and regulations adopted pursuant to this chapter.

(2) The applicant has sufficient financial resources to maintain the standards of service required by regulations adopted pursuant to this chapter.

(3) Following the department's adoption of regulations specifying the levels of care to be provided under this chapter, the applicant's ability to meet regulatory requirements for the level of care the facility intends to provide.

(4) Compliance or ability to comply with Section 1568.02.

(b) Disclosure of the applicant's prior or present service as an administrator, general partner, corporate officer or director of, or as a person who has held or holds a beneficial ownership of 10 percent or more in, any residential care facility or in any clinic or facility licensed pursuant to Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), or Chapter 3 (commencing with Section 1500).

(c) Disclosure of any revocation or other disciplinary action taken, or in the process of being taken, against a license held or previously held by the entities specified in subdivision (b).

(d) Any other information as may be required by the department for the proper administration and enforcement of this chapter.

(e) A signed statement that the person desiring issuance or renewal of a license has read this chapter and the regulations adopted pursuant to this chapter and understands the statute and regulations applicable to a residential care facility.

SEC. 6. Section 1568.06 of the Health and Safety Code is amended to read:

1568.06. (a) Upon initial application for licensure, residential care facilities shall be provided a printed copy of all applicable regulations for the operation of these facilities by the department, without charge. The department shall provide all licensees with copies of proposed changes in regulations applicable to residential care facilities prior to public hearings on those proposed changes, and copies of all adopted changes in regulations applicable to residential care facilities immediately upon their adoption.

(b) As a requirement for licensure, an applicant shall attend a two-day orientation given by the department which outlines the applicable rules and regulations and the scope and responsibility for operation of a residential care facility. The orientation shall include information on relevant community services.

SEC. 7. Section 1568.063 of the Health and Safety Code is amended to read:

1568.063. Immediately upon the denial of any application for a license, the department shall notify the applicant in writing. Within 15 days after the department mails the notice of denial, the applicant may present his or her written petition for a hearing to the department. Upon receipt by the department of the petition in proper form, the petition shall be set for hearing.

SEC. 8. Section 1568.065 is added to the Health and Safety Code, to read:

1568.065. (a) Proceedings for the suspension, revocation, or denial of a license under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all those powers granted by the provisions. In the event of conflict between this chapter and those provisions of the Government Code, this chapter shall prevail.

(b) In all proceedings conducted in accordance with this section, the standard of proof to be applied shall be by the preponderance of the evidence.

(c) The department shall commence and process licensure revocations under this chapter in a timely and expeditious manner. Notwithstanding a contrary provision in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the Office of Administrative Hearings shall give priority calendar preference to licensure revocation hearings pursuant to this chapter, particularly where the health and safety of the clients are in question.

(d) Notwithstanding Section 11510 of the Government Code, witnesses subpoenaed at the request of the department for a hearing conducted pursuant to this article who attend a hearing may be paid by the department witness fees and mileage as provided by Section 68093 of the Government Code. In addition, the department may pay actual, necessary, and reasonable expenses in an amount not to exceed the per diem allowance payable to a nonrepresented state employee on travel status. The department may pay witness expenses pursuant to this section in advance of the hearing.

(e) (1) The withdrawal of an application for a license or a special permit after it has been filed with the department shall not deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license or a special permit upon any ground provided by law or to enter an order denying the license or special permit upon any such ground.

(2) The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.

(f) (1) If an application for a license indicates, or the department determines during the application review process, that the applicant previously was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3 (commencing with Section 1500), Chapter 3.3 (commencing with Section 1569), Chapter 3.4 (commencing with

Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall cease any further review of the application until two years shall have elapsed from the date of the revocation. The cessation of review shall not constitute a denial of the application for purposes of Section 1568.062, this section, or any other provision of law.

(2) If an application for a license indicates, or the department determines during the application review process, that the applicant had previously applied for a license under any of the chapters listed in paragraph (1) and the application was denied within the last year, the department shall cease further review of the application under either of the following circumstances:

(A) In cases where the applicant petitioned for a hearing, the department shall cease further review of the application until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(B) In cases where the department informed the applicant of his or her right to petition for a hearing as specified in Section 1568.063 and the applicant did not petition for a hearing, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(3) The department may continue to review the application if it has determined that the reasons for the denial of the application were due to circumstances and conditions which either have been corrected or are no longer in existence.

SEC. 9. Section 1568.066 is added to the Health and Safety Code, to read:

1568.066. (a) The department may prohibit a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee or prospective employee who has:

(1) Violated, aided, or permitted the violation by any other person of this chapter or of any rules or regulations adopted under this chapter.

(2) Engaged in conduct which is inimical to the health, welfare, or safety of either an individual, in or receiving services from the facility, or the people of the State of California.

(3) Been denied an exemption to work or to be present in a facility, when that person has been convicted of a crime as defined in Section 1568.09.

(4) Engaged in any other conduct which would constitute a basis for disciplining a licensee.

(b) The employee or prospective employee, the facility, and the licensee shall be given written notice of the basis of the action of the department and of the right to a hearing of the employee, or prospective employee. The notice shall be served either by personal service or by registered mail. Within 15 days after the department

serves the notice, the employee or prospective employee may file with the department a written request for a hearing. If the employee or prospective employee fails to file a written request for a hearing within the prescribed time, the action of the department shall be final.

(c) The department may require that an employee or prospective employee not work or be present in a facility pending a final decision of the matter when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(d) Upon receipt by the department of a written request for a hearing, a hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department.

(e) A licensee's failure to comply with the department's prohibition of employment or presence in the facility shall be grounds for disciplining the licensee pursuant to Section 1568.082.

SEC. 10. Section 1568.067 is added to the Health and Safety Code, to read:

1568.067. (a) No license issued pursuant to this chapter shall have any property value for sale or exchange purposes and no person, including any owner, agent, or broker, shall sell or exchange any license for any commercial purpose.

(b) (1) Each residential care facility licensed under this chapter shall reveal its license number in all advertisements, publications, or announcements made with the intent to attract clients or residents.

(2) Advertisements, publications, or announcements subject to the requirements of paragraph (1) shall include, but not be limited to, those contained in a newspaper or magazine, consumer report, announcement of intent to commence business, telephone directory yellow pages, professional or service directory, or radio or television commercial.

SEC. 11. Section 1568.07 of the Health and Safety Code is amended to read:

1568.07. (a) (1) Within 90 days of initial licensure, the department shall inspect the facility to evaluate compliance with rules and regulations and to assess the facility's continuing ability to meet regulatory requirements.

(2) The department may take appropriate remedial action as provided for in this chapter.

(b) (1) Every licensed residential care facility shall be periodically inspected and evaluated for quality of care by a representative or representatives designated by the director. Evaluations shall be conducted at least annually and as often as necessary to ensure the quality of care being provided.

(2) During each licensing inspection the department shall

determine if the facility meets regulatory standards, including, but not limited to, providing residents with the appropriate level of care based on the facility's license, providing adequate staffing and services, updated resident records and assessments, and compliance with basic health and safety standards.

(3) If the department determines that a resident requires a higher level of care than the facility is authorized to provide, the department may initiate a professional level of care assessment by an assessor approved by the department. An assessment shall be conducted in consultation with the resident, the resident's physician and surgeon, and the resident's case manager, and shall reflect the desires of the resident, the resident's physician and surgeon, and the resident's case manager. The assessment also shall recognize that certain illnesses are episodic in nature and that the resident's need for a higher level of care may be temporary.

(4) The department shall notify the residential care facility in writing of all deficiencies in its compliance with this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility.

(5) Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection in the county in which the facility is located.

(c) Any duly authorized officer, employee, or agent of the department may, upon presentation of proper identification, enter and inspect a licensed residential care facility or a residential care facility which has applied to be licensed, at any time, with or without advance notice, to secure compliance with, or to prevent a violation of, this chapter.

(d) No licensee shall discriminate or retaliate in any manner against any person receiving the services of the facility of the licensee, or against any employee of the facility, on the basis, or for the reason, that a person or employee or any other person has initiated or participated in an inspection pursuant to Section 1568.071.

(e) Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, agent, or resident of a residential care facility, of an impending or proposed inspection or evaluation of that facility by personnel of the department, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

SEC. 12. Section 1568.072 of the Health and Safety Code is amended to read:

1568.072. (a) The department shall adopt, amend, and repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any

reasonable rules, regulations, and standards as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the department to exercise the powers and perform the duties conferred upon it by this chapter, not inconsistent with state law.

(b) Regulations for a license shall prescribe standards of safety and sanitation, for the physical plant, as well as for the basic care and supervision, personal care, and services to be provided by a facility.

(c) Regulations shall specify the application and licensing process, the range of services, alternative methods for providing those services, the appraisal and assessment process, and facility staffing and training requirements.

(d) Regulations shall allow for the development of new and innovative community programs.

SEC. 13. Section 1568.082 of the Health and Safety Code is amended to read:

1568.082. (a) The department may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(1) Violation by the licensee of this chapter or of the rules and regulations adopted pursuant to this chapter.

(2) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted pursuant to this chapter.

(3) Conduct which is inimical to the health, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(4) The provision of services beyond the level the facility is authorized to provide, or accepting or retaining residents who require services of a higher level than the facility is authorized to provide.

(b) The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension, and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

(c) In any case where the department orders the licensee to remove a resident who has a health condition or health conditions which cannot be cared for within the limits of the license or special

permit or requires inpatient care in a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), the licensee shall do all of the following:

(1) Prepare and submit to the department a written plan for relocation of the client or resident, in a form acceptable to the department.

(2) Comply with all terms and conditions of the approved relocation plan.

(3) Provide any other information as may be required by the department for the proper administration and enforcement of this section.

SEC. 14. Section 1568.0823 is added to the Health and Safety Code, to read:

1568.0823. (a) Any person who violates this chapter, or who willfully or repeatedly violates any rule or regulation adopted under this chapter, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), or by imprisonment in the county jail for a period not to exceed 180 days, or by both fine and imprisonment.

(b) Operation of a residential care facility without a license shall be subject to a summons to appear in court.

(c) Notwithstanding any other provision of this chapter, the district attorney of every county, and the city attorneys in those cities which have city attorneys who have jurisdiction to prosecute misdemeanors pursuant to Sections 71099 and 72193 of the Government Code, shall, upon their own initiative or upon application by the department or its authorized representative, institute and conduct the prosecution of any action for violation within his or her county of this chapter.

SEC. 15. Section 1568.0831 of the Health and Safety Code is amended to read:

1568.0831. (a) (1) Whether or not unrelated persons are living together, a residential care facility which serves six or fewer persons shall be considered a residential use of property for the purposes of this chapter. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant to this chapter.

(2) For the purpose of all local ordinances, a residential care facility which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the residential care facility is a business run for profit or differs in any other way from a family dwelling.

(3) This section shall not be construed to prohibit any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of a residential care facility which serves six or fewer persons as long as the restrictions are identical to those applied to other family dwellings

of the same type in the same zone.

(4) This section shall not be construed to prohibit the application to a residential care facility of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity if the ordinance does not distinguish residential care facilities which serve six or fewer persons from other family dwellings of the same type in the same zone and if the ordinance does not distinguish residents of residential care facilities from persons who reside in other family dwellings of the same type in the same zone.

(5) No conditional use permit, zoning variance, or other zoning clearance shall be required of a residential care facility which serves six or fewer persons which is not required of a family dwelling of the same type in the same zone.

(6) Use of a family dwelling for purposes of a residential care facility serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent these sections are applicable to residential care facilities serving six or fewer persons.

(b) No fire inspection clearance or other permit, license, clearance, or similar authorization shall be denied to a residential care facility because of a failure to comply with local ordinances from which the facilities are exempt under subdivision (a), provided that the applicant otherwise qualifies for the fire clearance, license, permit, or similar authorization.

(c) For the purposes of any contract, deed, or covenant for the transfer of real property executed on or after January 1, 1979, a residential care facility which serves six or fewer persons shall be considered a residential use of property and a use of property by a single family, notwithstanding any disclaimers to the contrary.

(d) Nothing in this chapter shall authorize the imposition of rent regulations or controls for licensed residential care facilities.

(e) Licensed residential care facilities shall not be subject to controls on rent imposed by any state or local agency or other local government or entity.

SEC. 16. (a) The State Department of Social Services shall adopt any regulations required pursuant to this act as emergency regulations on or before March 31, 1992, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) Any regulations adopted pursuant to this act deemed to be necessary for the immediate preservation of the public peace, health, and safety or general welfare, and no additional finding to that effect shall be required.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district

because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 833

An act to amend Sections 8903 and 19842 of the Government Code, relating to state employment.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 8903 of the Government Code is amended to read:

8903. When traveling to and from a session of the Legislature, or when traveling to and from a meeting of a committee of which he or she is a member, or when traveling pursuant to any other legislative function or responsibility as authorized or directed by the rules of the house of which he or she is a member or by the joint rules, when that travel is by a common carrier of passengers, a Member of the Legislature shall be entitled to reimbursement for the actual costs of travel by the common carrier. If the member travels by other means and common carrier service is available and feasible he or she shall be reimbursed in the amount of the fare of available common carrier service. If common carrier service is unavailable or not feasible, a member shall be reimbursed at a rate not to exceed the rate established by the Department of Personnel Administration for the reimbursement of officers and employees of the state pursuant to Section 19820. No mileage shall be allowed or paid for travel in a conveyance owned or provided by and at the expense of a public agency. As used in this section, "common carrier" means carrier by aircraft, railroad, bus, or vessel.

SEC. 2. Section 19842 of the Government Code is amended to read:

19842. (a) For the purpose of facilitating either the recruitment of professional and technically trained persons to fill positions for which there is a shortage of qualified applicants or hiring to achieve goals developed pursuant to Section 19790, the department may authorize payment of all or a part of the travel expense of applicants who are called for interview and all or a part of the travel and moving expense of persons who change their place of residence to accept employment with the state. These payments shall be authorized only upon the certification of the appointing power and the department that the expenditure is necessary in order to recruit qualified persons needed by the state.

If, for reasons that do not meet the approval of the state department concerned, the employee or applicant for employment does not accept or continue the employment for a period of two years, he or she shall reimburse the state department for the moving and travel expenses for the full or proportionate amount.

For the purposes of this section, satisfactory reasons for not completing two years of employment shall be death, prolonged illness, disability, unacceptability of the applicant or employee to the state department, and similar eventualities beyond the control of the applicant or employee.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 834

An act to amend Section 6 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to the San Bernardino County Flood Control District.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 6. (a) (1) The legal title to all property acquired under this act shall immediately and by operation of law vest in the district, and shall be held by the district, in trust for, and is hereby dedicated and set apart to, the uses and purposes set forth in this act.

(2) The board of supervisors may hold, use, acquire, manage, occupy and possess the property, as provided by this act.

(3) The board of supervisors may determine, by resolution duly entered in its minutes, that any real or personal property held by the district is no longer necessary to be retained for the uses and purposes of the district, and may thereafter sell or otherwise dispose of the property, or lease the property.

(b) Notwithstanding subdivision (a), the board of supervisors may manage the property in accordance with Article 7.5 (commencing with Section 25515) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code, if all of the following conditions are met:

(1) The property was not acquired through eminent domain.

(2) The board, prior to offering the property for development by a joint venture, transmits a written offer to sell or lease the property pursuant to Section 54222 of the Government Code.

(3) The board finds, based on substantial evidence in the record, both of the following:

(A) The property was not acquired for purposes of development or management pursuant to Article 7.5 (commencing with Section 25515) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code.

(B) The property is no longer needed for district purposes, including flood protection or water conservation.

(4) The board submits the management plan for the property to the planning agency having jurisdiction to determine whether it is consistent with all of the following:

(A) The city or county general plan, specific plan, and other plans or policies adopted for the area within which the property is located, including any plans and regulations adopted pursuant to Chapter 4 (commencing with Section 8400) of Part 2 of Division 5 of the Water Code.

(B) The city or county zoning ordinances, regulations, and policies adopted for the area within which the property is located.

(C) The city or county building regulations and policies adopted for the area within which the property is located.

(c) Notwithstanding subdivisions (a) and (b), no property shall be acquired by the district for purposes of development or management pursuant to Article 7.5 (commencing with Section 25515) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code.

CHAPTER 835

An act to amend, repeal, and add Section 6871.2 of, and to add Section 6872.5 to, the Public Resources Code, relating to state lands.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 6871.2 of the Public Resources Code is amended to read:

6871.2. Except as provided in Sections 6872 and 6872.1, the commission shall not enter into any lease for the extraction of oil and gas from state-owned tide and submerged lands within the areas to which this section is applicable.

This section is applicable only to the lands within the following described areas, but does not prohibit operations or activities under any state oil and gas leases of any portion or portions of the tide and submerged lands to which this section is applicable and which leases are in effect on January 1, 1955, nor does it prohibit renewals or extensions of any such leases in accordance with the provisions thereof.

(a) All those tide or submerged lands situated in the areas of the County of Los Angeles described as follows:

Area No. 1: Beginning at the point of intersection of the ordinary high water mark of the Pacific Ocean with the southerly point of Point Fermin; thence in a generally northerly and westerly direction along the ordinary high water mark to the Ventura County line; thence due south three nautical miles to a point in the Pacific Ocean; thence in a generally easterly and southerly direction parallel to the ordinary high water mark to a point in the Pacific Ocean three nautical miles due south from the point of beginning; thence due north to the point of beginning.

Area No. 2: The tide and submerged lands surrounding the Islands of San Clemente and Santa Catalina waterward of the ordinary high water mark of the Pacific Ocean on these islands to a distance three nautical miles therefrom.

(b) All those tide and submerged lands being in the County of Santa Barbara and lying within an area beginning at the point of intersection of the ordinary high water mark of the Pacific Ocean with the westerly line of that certain 408.60 acres, more or less, tract of land shown as belonging to the University of California, Santa Barbara College, upon that certain map thereof, recorded in Book 29 at page 143 Record of Surveys, in the Office of the Santa Barbara County Recorder; thence in a general easterly direction along the ordinary high water mark of the Pacific Ocean to a point distant 500 feet westerly from, measured at right angles thereto, the southerly prolongation of the easterly line of that certain tract of land deeded

to Nino Brambilla, et ux., by that certain deed, recorded April 2, 1947, in Book 724 at page 353 of Official Records, in the county recorder's office; thence due south to a point in the Pacific Ocean three nautical miles from the ordinary high water mark; thence in a general westerly direction, parallel with the ordinary high water mark of the Pacific Ocean to a point due south from the point of beginning; thence due north to the point of beginning, and all those tide and submerged lands being in the County of Santa Barbara and lying within an area beginning at the point of intersection of the ordinary high water mark of the Pacific Ocean with the westerly line of Tract 2879 (leased from the state by Union Oil Company), thence northerly and westerly along the ordinary high water mark of the Pacific Ocean to a point at the intersection of the Pacific Ocean and the common boundary line between the Counties of San Luis Obispo and Santa Barbara.

(c) All those tide and submerged lands being in the County of San Luis Obispo and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of San Luis Obispo and Santa Barbara; thence northerly and westerly along the ordinary high water mark of the Pacific Ocean and San Luis Obispo Bay to a point at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of San Luis Obispo and Monterey; thence northwest along the prolongation of the common boundary line to a point in the Pacific Ocean, the point being the most westerly boundary line of the County of San Luis Obispo; thence in a southerly and easterly direction along the westerly boundary of the County of San Luis Obispo to a point in the Pacific Ocean where the westerly boundary of the County of San Luis Obispo intersects with the common boundary between the Counties of San Luis Obispo and Santa Barbara; thence due east to the point of beginning.

(d) All those tide and submerged lands being in the Counties of Monterey and Santa Cruz and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of Monterey and San Luis Obispo; thence northerly and westerly along the ordinary high water mark of the Pacific Ocean and the Bay of Monterey to a point at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of Santa Cruz and San Mateo; thence southwest along the prolongation of the common boundary line to a point in the Pacific Ocean, the point being the most westerly boundary line of the County of Santa Cruz; thence in a southerly and easterly direction along the westerly boundary of the Counties of Santa Cruz and Monterey to a point in the Pacific Ocean where the westerly boundary of the County of Monterey intersects with the common boundary between the Counties of Monterey and San Luis Obispo; thence due east to the point of beginning.

(e) All those tide and submerged lands being in the Counties of Humboldt and Mendocino and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the south line of Township 5 South, Humboldt Base Line; thence northerly and westerly along the ordinary high water mark of the Pacific Ocean to the intersection of the high water mark and the north line of Township 1 North, Humboldt Base Line; thence due west to a point in the Pacific Ocean, the point being three nautical miles from the ordinary high water mark; thence in a southerly and easterly direction, parallel to and three nautical miles distant from the high water mark to a point due west from the point of beginning; thence due east to the point of beginning.

(f) Until January 1, 1995, all those tide and submerged lands situated in San Mateo, San Francisco, Marin, Sonoma, Napa, Alameda, Santa Clara, and Del Norte Counties, and all those tide and submerged lands situated in Solano and Contra Costa Counties except those situated east of the parallel Carquinez Bridges (Interstate 80).

(g) All those tide and submerged lands surrounding the Islands of Anacapa, Santa Cruz, Santa Rosa, and San Miguel waterward of the ordinary high water mark of the Pacific Ocean on these islands to a distance three nautical miles therefrom.

(h) All other tide or submerged lands situated in Santa Barbara, Los Angeles, and Orange Counties not under lease on January 1, 1992, unless prior authorization is granted by act of the Legislature, or except in the case of a national emergency as determined by the commission.

This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 2. Section 6871.2 is added to the Public Resources Code, to read:

6871.2. Except as provided in Sections 6872 and 6872.1, the commission shall not enter into any lease for the extraction of oil and gas from state-owned tide and submerged lands within the areas to which this section is applicable.

This section is applicable only to the lands within the following described areas, but does not prohibit operations or activities under any state oil and gas leases of any portion or portions of the tide and submerged lands to which this section is applicable and which leases are in effect on January 1, 1955, nor does it prohibit renewals or extensions of any such leases in accordance with the provisions thereof.

(a) All those tide or submerged lands situated in the areas of the County of Los Angeles described as follows:

Area No. 1: Beginning at the point of intersection of the ordinary high water mark of the Pacific Ocean with the southerly point of Point Fermin; thence in a generally northerly and westerly direction along the ordinary high water mark to the Ventura County line;

thence due south three nautical miles to a point in the Pacific Ocean; thence in a generally easterly and southerly direction parallel to the ordinary high water mark to a point in the Pacific Ocean three nautical miles due south from the point of beginning; thence due north to the point of beginning.

Area No. 2: The tide and submerged lands surrounding the Islands of San Clemente and Santa Catalina waterward of the ordinary high water mark of the Pacific Ocean on these islands to a distance three nautical miles therefrom.

(b) All those tide and submerged lands being in the County of Santa Barbara and lying within an area beginning at the point of intersection of the ordinary high water mark of the Pacific Ocean with the westerly line of that certain 408.60 acres, more or less, tract of land shown as belonging to the University of California, Santa Barbara College, upon that certain map thereof, recorded in Book 29 at page 143 Record of Surveys, in the Office of the Santa Barbara County Recorder; thence in a general easterly direction along the ordinary high water mark of the Pacific Ocean to a point distant 500 feet westerly from, measured at right angles thereto, the southerly prolongation of the easterly line of that certain tract of land deeded to Nino Brambilla, et ux., by that certain deed, recorded April 2, 1947, in Book 724 at page 353 of Official Records, in the county recorder's office; thence due south to a point in the Pacific Ocean three nautical miles from the ordinary high water mark; thence in a general westerly direction, parallel with the ordinary high water mark of the Pacific Ocean to a point due south from the point of beginning; thence due north to the point of beginning.

(c) All those tide and submerged lands being in the County of San Luis Obispo and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of San Luis Obispo and Santa Barbara; thence northerly and westerly along the ordinary high water mark of the Pacific Ocean and San Luis Obispo Bay to a point at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of San Luis Obispo and Monterey; thence northwest along the prolongation of the common boundary line to a point in the Pacific Ocean, the point being the most westerly boundary line of the County of San Luis Obispo; thence in a southerly and easterly direction along the westerly boundary of the County of San Luis Obispo to a point in the Pacific Ocean where the westerly boundary of the County of San Luis Obispo intersects with the common boundary between the Counties of San Luis Obispo and Santa Barbara; thence due east to the point of beginning.

(d) All those tide and submerged lands being in the Counties of Monterey and Santa Cruz and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of Monterey and San Luis Obispo; thence northerly and westerly along the

ordinary high water mark of the Pacific Ocean and the Bay of Monterey to a point at the intersection of the ordinary high water mark of the Pacific Ocean and the common boundary line between the Counties of Santa Cruz and San Mateo; thence southwest along the prolongation of the common boundary line to a point in the Pacific Ocean, the point being the most westerly boundary line of the County of Santa Cruz; thence in a southerly and easterly direction along the westerly boundary of the Counties of Santa Cruz and Monterey to a point in the Pacific Ocean where the westerly boundary of the County of Monterey intersects with the common boundary between the Counties of Monterey and San Luis Obispo; thence due east to the point of beginning.

(e) All those tide and submerged lands being in the Counties of Humboldt and Mendocino and lying within an area beginning at the intersection of the ordinary high water mark of the Pacific Ocean and the south line of Township 5 South, Humboldt Base Line; thence northerly and westerly along the ordinary high water mark of the Pacific Ocean to the intersection of the high water mark and the north line of Township 1 North, Humboldt Base Line; thence due west to a point in the Pacific Ocean, the point being three nautical miles from the ordinary high water mark; thence in a southerly and easterly direction, parallel to and three nautical miles distant from the high water mark to a point due west from the point of beginning; thence due east to the point of beginning.

(f) All those tide and submerged lands surrounding the Islands of Anacapa, Santa Cruz, Santa Rosa, and San Miguel waterward of the ordinary high water mark of the Pacific Ocean on these islands to a distance three nautical miles therefrom.

This section shall become operative January 1, 1995.

SEC. 3. Section 6872.5 is added to the Public Resources Code, to read:

6872.5. The commission may modify the boundaries of existing leases to encompass all of a field partially contained within the existing lease subject to the following conditions:

(a) The commission finds that the modification will permit more efficient utilization of state resources.

(b) Those parts of the field within areas added to the existing lease may not be developed except from upland sites or from existing offshore facilities within the original lease boundaries.

SEC. 4. It is the intent of the Legislature that nothing in this act shall affect the authority of the State Lands Commission to lease rights-of-way for pipelines or utilities or other means for necessary ingress, egress, or access to the appropriate facilities.

CHAPTER 836

An act to add Section 3965.1 to the Food and Agricultural Code, relating to fairs.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 3965.1 is added to the Food and Agricultural Code, to read:

3965.1. Notwithstanding subdivision (d) of Section 3965 or Section 4051, the board may, with the approval of the department, enter into the following types of contracts:

(a) Revenue generating contracts.

(b) Revenue generating contracts involving hazardous activities, as determined by the department, as long as adequate insurance coverage is provided, as determined by the department in consultation with the Department of General Services.

CHAPTER 837

An act to amend Section 19501 of, and to add Section 19501.5 to, the Food and Agricultural Code, relating to agriculture.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 19501 of the Food and Agricultural Code is amended to read:

19501. Cattle, calves, horses, mules, sheep, swine, goats, or poultry shall be slaughtered by the methods prescribed in this section. No state agency shall contract for, purchase, procure, or sell all or any portion of any animal, unless that animal is slaughtered in conformity with this chapter. This chapter applies to any person engaged in the business of slaughtering animals enumerated in this section, or any person slaughtering any such animal when all, or any part of, that animal is subsequently sold or used for commercial purposes.

All cattle, calves, horses, mules, sheep, swine, goats, or poultry shall be slaughtered by either of the following prescribed methods:

(a) The animal shall be rendered insensible to pain by a captive bolt, gunshot, electrical or chemical means, or any other means that is rapid and effective before being cut, shackled, hoisted, thrown, or cast, with the exception of poultry which may be shackled.

(b) The animal shall be handled, prepared for slaughter, and slaughtered in accordance with ritual requirements of the Jewish or any other religious faith that prescribes a method of slaughter whereby the animal suffers loss of consciousness by anemia of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument.

This section does not apply to the slaughter of spent hens and small game birds, as defined by the department by regulation.

SEC. 2. Section 19501.5 is added to the Food and Agricultural Code, to read:

19501.5. (a) The department shall, on or before December 31, 1993, adopt regulations to implement Section 19501 as to the slaughter of poultry, and, thereafter, enforce those regulations.

(b) The regulations adopted under subdivision (a) shall apply to any person engaged in the business of slaughtering poultry, or to any person slaughtering poultry when all, or any part of, the poultry is subsequently sold or used for commercial purposes, except as provided in Section 19501. However, the department shall not utilize personnel to enforce those regulations with respect to any poultry plant in this state exempted from Chapter 2 (commencing with Section 24651) of Part 1 of Division 12 by Section 24712, 24713, or 24714.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 838

An act to add Section 1276.5 to the Penal Code, relating to bail bonds.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1276.5 is added to the Penal Code, to read:

1276.5. (a) At the time of an initial application to a bail bond licensee for a bail bond which is to be secured by a lien against real property, the bail bond licensee shall provide the property owner with a written disclosure statement in the following form:

"DISCLOSURE OF LIEN AGAINST REAL PROPERTY DO NOT SIGN THIS DOCUMENT UNTIL YOU READ AND UNDERSTAND IT!
THIS BAIL BOND WILL BE SECURED BY REAL PROPERTY YOU OWN OR IN WHICH YOU HAVE AN INTEREST. THE FAILURE TO PAY THE BAIL BOND PREMIUMS WHEN DUE OR THE FAILURE OF THE DEFENDANT TO COMPLY WITH THE CONDITIONS OF BAIL COULD RESULT IN THE LOSS OF YOUR PROPERTY!"

(b) The disclosure required in subdivision (a) shall be made in 14-point bold type by either of the following means:

(1) A separate and specific document attached to or accompanying the application.

(2) A clear and conspicuous statement on the face of the application.

(c) The property owner shall be given a completed copy of the disclosure statement and of the note and deed of trust or other instrument creating the lien against real property prior to the execution of any instrument creating a lien against real property. The failure to fully comply with subdivision (a) or (b), or this subdivision, shall render the deed of trust or other instrument creating the lien against real property voidable.

(d) Within 30 days after notice is given by any individual, agency, or entity to the surety or bail bond licensee of the expiration of the time for appeal of the order exonerating the bail bond, or within 30 days after the payment in full of all moneys owed on the bail bond obligation secured by any lien against real property, whichever is later in time, the bail bond licensee shall deliver to the property owner a fully executed and notarized reconveyance of title, a certificate of discharge, or a full release of any lien against real property to secure performance of the conditions of the bail bond. If a timely notice of appeal of the order exonerating the bail bond is filed with the court, that 30-day period shall begin on the date the determination of the appellate court affirming the order exonerating the bail bond becomes final. Upon the reconveyance, the licensee shall deliver to the property owner the original note and deed of trust, security agreement, or other instrument which secures the bail bond obligation. If the licensee fails to comply with this subdivision, the property owner may petition the superior court to issue an order directing the clerk of the superior court to execute a full reconveyance of title, a certificate of discharge, or a full release of any lien against real property created to secure performance of the conditions of the bail bond. The petition shall be verified and shall allege facts showing that the licensee has failed to comply with this subdivision.

(e) The violation of this section shall make the violator liable to the person affected by the violation for all damages which that person may sustain by reason of the violation plus statutory damages

in the sum of three hundred dollars ($300). The property owner shall be entitled, if he or she prevails, to recover court costs and reasonable attorney's fees as determined by the court in any action brought to enforce this section.

CHAPTER 839

An act to amend Section 52 of the Civil Code, and to amend Section 422.8 of the Penal Code, relating to hate crimes.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 52 of the Civil Code is amended to read:

52. (a) Whoever denies, aids or incites a denial, or makes any discrimination, distinction, or restriction on account of sex, color, race, religion, ancestry, national origin, or blindness or other physical disability contrary to Section 51 or 51.5, is liable for each and every offense for the actual damages, and any amount that may be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damage but in no case less than two hundred fifty dollars ($250), and any attorney's fees that may be determined by the court in addition thereto, suffered by any person denied the rights provided in Section 51 or 51.5.

(b) Whoever denies the right provided by Section 51.7, or aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right and, in addition, the following:

(1) An amount to be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damages.

(2) A civil penalty of ten thousand dollars ($10,000) to be awarded to the person denied the right provided by Section 51.7. In the case of multiple offenders, the ten thousand dollar ($10,000) civil penalty shall be prorated between them.

(3) Attorney fees as may be determined by the court.

(c) Whenever there is reasonable cause to believe that any person or group of persons is engaged in conduct of resistance to the full enjoyment of any of the rights hereby secured, and that conduct is of that nature and is intended to deny the full exercise of the rights herein described, the Attorney General, any district attorney or city attorney, or any person aggrieved by the conduct may bring a civil action in the appropriate court by filing with it a complaint. The complaint shall contain the following:

(1) The signature of the officer, or, in his or her absence, the individual acting on behalf of the officer, or the signature of the

person aggrieved.

(2) The facts pertaining to the conduct.

(3) A request for preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or persons responsible for the conduct, as the complainant deems necessary to ensure the full enjoyment of the rights herein described.

(d) Whenever an action has been commenced in any court seeking relief from the denial of equal protection of the laws under the Fourteenth Amendment to the Constitution of the United States on account of race, color, religion, sex, national origin, or blindness or other physical disability, the Attorney General or any district attorney or city attorney for, or in the name of, the people of the State of California may intervene in the action upon timely application if the Attorney General or any district attorney or city attorney certifies that the case is of general public importance. In that action the people of the State of California shall be entitled to the same relief as if it had instituted the action.

(e) Actions under this section shall be independent of any other remedies or procedures that may be available to an aggrieved party.

(f) Any person claiming to be aggrieved by an alleged unlawful practice in violation of Section 51 or 51.7 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code.

(g) Nothing in this section shall be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever to any new or existing establishment, facility, building, improvement, or any other structure, or to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

Nothing in this section shall require any person renting, leasing, or otherwise providing real property for compensation to modify his or her property in any way, or provide a higher degree of care for a blind or other physically disabled person than for a person who is not physically disabled.

SEC. 2. Section 52 of the Civil Code is amended to read:

52. (a) Whoever denies, aids or incites a denial, or makes any discrimination, distinction, or restriction on account of sex, color, race, religion, ancestry, national origin, or blindness or other physical disability contrary to Section 51 or 51.5, is liable for each and every offense for the actual damages, and any amount that may be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damage but in no case less than two hundred fifty dollars ($250), and any attorney's fees that may be determined by the court in addition thereto, suffered by any person denied the rights provided in Section 51 or 51.5.

(b) Whoever denies the right provided by Section 51.7, or aids,

incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right and, in addition, the following:

(1) An amount to be determined by a jury, or a court sitting without a jury, for exemplary damages.

(2) A civil penalty of twenty-five thousand dollars ($25,000) to be awarded to the person denied the right provided by Section 51.7.

(3) Attorney fees as may be determined by the court.

(c) Whenever there is reasonable cause to believe that any person or group of persons is engaged in conduct of resistance to the full enjoyment of any of the rights hereby secured, and that conduct is of that nature and is intended to deny the full exercise of the rights herein described, the Attorney General, any district attorney or city attorney, or any person aggrieved by the conduct may bring a civil action in the appropriate court by filing with it a complaint. The complaint shall contain the following:

(1) The signature of the officer, or, in his or her absence, the individual acting on behalf of the officer, or the signature of the person aggrieved.

(2) The facts pertaining to the conduct.

(3) A request for preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or persons responsible for the conduct, as the complainant deems necessary to insure the full enjoyment of the rights herein described.

(d) Whenever an action has been commenced in any court seeking relief from the denial of equal protection of the laws under the Fourteenth Amendment to the Constitution of the United States on account of race, color, religion, sex, national origin, or blindness or other physical disability, the Attorney General or any district attorney or city attorney for or in the name of the people of the State of California may intervene in the action upon timely application if the Attorney General or any district attorney or city attorney certifies that the case is of general public importance. In that action the people of the State of California shall be entitled to the same relief as if it had instituted the action.

(e) Actions under this section shall be independent of any other remedies or procedures that may be available to an aggrieved party.

(f) Any person claiming to be aggrieved by an alleged unlawful practice in violation of Section 51 or 51.7 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code.

(g) Nothing in this section shall be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever to any new or existing establishment, facility, building, improvement, or any other structure, or to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant

to other laws.

Nothing in this section shall require any person renting, leasing, or otherwise providing real property for compensation to modify his or her property in any way, or provide a higher degree of care for a blind or other physically disabled person than for a person who is not physically disabled.

(h) For the purposes of this section, "actual damages" means special and general damages. This subdivision is declaratory of existing law.

SEC. 3. It is the intent of the Legislature to modify the prerequisite for injunctive relief under Section 52 of the Civil Code. By providing a civil remedy for the classes of persons specifically identified in Sections 51, 51.7, and 52 of the Civil Code, the Legislature does not intend to limit the availability of this remedy for any other form of discrimination which is prohibited by these sections.

SEC. 4. Section 422.8 of the Penal Code is amended to read:

422.8. Except as otherwise required by law, nothing in this title shall be construed to prevent or limit the prosecution of any person pursuant to any provision of law.

SEC. 5. Section 2 of this bill incorporates amendments to Section 52 of the Civil Code proposed by both this bill and SB 98. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 52 of the Civil Code, and (3) this bill is enacted after SB 98, in which case Section 1 of this bill shall not become operative.

CHAPTER 840

An act to amend Sections 36961, 36991, 38701, 38739, 38801, 38812, 38926, 39183, 39711, 39721, 39731, 39741, 39751, 39761, and 39771 of, and to add and repeal Section 62062.2 of, the Food and Agricultural Code, relating to dairy products.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 36961 of the Food and Agricultural Code is amended to read:

36961. Lowfat frozen dairy dessert is the food prepared by freezing while stirring a pasteurized mix containing skim milk, concentrated skim milk, nonfat dry milk, whole milk, cream, or edible dried whey, or any combination of those ingredients, and any of the following optional ingredients: water; edible proteins derived from milk; fruit or fruit juices, or both; eggs and egg products; nut meats; any safe and suitable stabilizers, emulsifiers, and nutritive

sweetening agents and nonnutritive sweeteners as specified in Title 21 of the Code of Federal Regulations.

SEC. 2. Section 36991 of the Food and Agricultural Code is amended to read:

36991. Frozen yogurt, lowfat frozen yogurt, and nonfat frozen yogurt are frozen dairy products. They shall be made from milk, with or without added milk solids, flavoring, or seasoning, which has been pasteurized and afterwards fermented by one or more strains of Lactobacillus bulgaricus, including yogurt strains, Streptococcus thermophilus and Lactobacillus acidophilus. They shall not be pasteurized following fermentation. Fruits may be added before or after the mix is pasteurized and cultured. That product may contain safe and suitable stabilizers or emulsifiers as specified in Title 21 of the Code of Federal Regulations. It shall have a titratable acidity of not less than 0.5 percent expressed as lactic acid, except when flavoring is added that contains no fruit or fruit flavoring the titratable acidity may be reduced to not less than 0.30 percent expressed as lactic acid, contain not more than 10 coliform bacteria per gram, contain not more than 10 colonies per gram each of molds, yeasts, and other fungi, and be free of any other objectionable bacteria which may impair the quality of the product. The product shall weigh not less than 4.0 pounds per gallon.

SEC. 3. Section 38701 of the Food and Agricultural Code is amended to read:

38701. Sour cream dressing is a product which is made from pasteurized market cream, with added milk solids derived from market milk, to which any strain, or two or more strains, of lactic acid producing organisms has been added to give it a distinct lactic acid flavor. It shall contain not less than 16 percent of milk fat and not less than 24 percent of total milk solids. It may contain salt and harmless edible stabilizers, emulsifiers, and coagulating enzymes as specified in Title 21 of the Code of Federal Regulations.

SEC. 4. Section 38739 of the Food and Agricultural Code is amended to read:

38739. Whipped topping made from nonfat yogurt shall comply with the following standards:

(a) The product shall contain not less than 25 percent nonfat yogurt by weight.

(b) The product shall contain edible oil or fat other than milk fat and not less than 4 percent or more than 10 percent edible oil or fat from all sources.

(c) The product shall be sold in the frozen state and thawed prior to use. It shall weigh not less than two pounds per gallon.

(d) The product may contain nutritive carbohydrate sweeteners and may be characterized by the addition of flavoring ingredients.

(e) The product may contain harmless edible stabilizers and emulsifiers as specified in Title 21 of the Code of Federal Regulations.

(f) The product may contain fruit juices, harmless flavoring, and harmless coloring.

(g) The product shall be pasteurized.

SEC. 5. Section 38801 of the Food and Agricultural Code is amended to read:

38801. Sour half-and-half or light sour cream is a pasteurized market milk product which has been fermented by the addition of pure cultures of one or more strains of lactic acid bacteria so that the product contains a minimum of 0.20 percent acidity calculated as lactic acid. It may contain added milk solids which are derived from market milk, salt, harmless edible stabilizers, emulsifiers, or coagulating enzymes as specified in Title 21 of the Code of Federal Regulations. It shall contain not less than 6 percent, or more than 12 percent, milk fat. It may contain safe and suitable nutritive sweeteners and ingredients that extend the shelf life of the product. If nutritive sweetener in an amount sufficient to characterize the product is added without the addition of characterizing flavoring, the name of the product on the label shall be preceded by the word "sweetened." Each fluid ounce serving shall, within the limits of good manufacturing practice, contain at least 175 international units of vitamin A.

SEC. 6. Section 38812 of the Food and Agricultural Code is amended to read:

38812. Sour half-and-half dressing shall be sold in containers of at least one-half gallon capacity except when it contains seasoning, fruit, vegetable, seafood, meat, cheese or spice which imparts a distinct flavor to the dressing, in which case it may be sold to consumers in containers of any size. It may contain a harmless edible stabilizer as specified in Title 21 of the Code of Federal Regulations.

SEC. 7. Section 38926 of the Food and Agricultural Code is amended to read:

38926. Nondairy frozen dessert shall comply with the following standards:

(a) The product shall contain not less than one-half of 1 percent of edible oil or fat other than milk fat.

(b) The product shall contain 1.3 pounds of food solids per gallon at the time of sale to the consumer.

(c) The product may contain harmless edible stabilizers and emulsifiers as specified in Title 21 of the Code of Federal Regulations.

(d) The product may contain nutritive carbohydrate sweeteners.

(e) The product may contain fruit or fruit juices, nut meats, harmless flavoring, and harmless coloring.

(f) The product shall not contain more than 75,000 bacteria or 10 coliform bacteria per gram.

SEC. 8. Section 39183 of the Food and Agricultural Code is amended to read:

39183. Imitation ice milk shall contain not less than 2 percent of edible oil or fat, and harmless edible stabilizer as specified in Title 21 of the Code of Federal Regulations.

SEC. 9. Section 39711 of the Food and Agricultural Code is amended to read:

39711. UHT milk and UHT cream is market milk or market cream processed and packaged pursuant to Section 39701. A harmless edible stabilizer as specified in Title 21 of the Code of Federal Regulations may be added to UHT milk or UHT cream.

SEC. 10. Section 39721 of the Food and Agricultural Code is amended to read:

39721. UHT lowfat milk is market milk, evaporated market milk, condensed market milk, or dried market milk, or any combination thereof, processed and packaged pursuant to Section 39701. It may contain harmless edible stabilizers as specified in Title 21 of the Code of Federal Regulations. UHT lowfat milk shall be homogenized.

SEC. 11. Section 39731 of the Food and Agricultural Code is amended to read:

39731. UHT nonfat milk is the product which results from the complete or partial removal of milk fat from market milk. It shall be processed and packaged pursuant to Section 39701. It may contain harmless edible stabilizers as specified in Title 21 of the Code of Federal Regulations. UHT nonfat milk shall be homogenized. The product may be called "nonfat milk" or "skim milk."

SEC. 12. Section 39741 of the Food and Agricultural Code is amended to read:

39741. UHT flavored milk is market milk, evaporated market milk, condensed market milk, or dried market milk, or any combination of them, which contains harmless sweetening, chocolate, chocolate syrup, or other harmless syrup or flavoring, or any combination of these syrups or flavorings, and harmless edible stabilizers as specified in Title 21 of the Code of Federal Regulations. It is homogenized, processed, and packaged pursuant to Section 39701.

SEC. 13. Section 39751 of the Food and Agricultural Code is amended to read:

39751. UHT flavored cream is market cream to which nonfat dry milk solids derived from market milk have been added, which contains harmless flavoring or syrup, or any combination of harmless flavorings or syrups, and harmless edible stabilizers as specified in Title 21 of the Code of Federal Regulations and harmless stabilizing salts. It is homogenized, processed, and packaged pursuant to Section 39701.

SEC. 14. Section 39761 of the Food and Agricultural Code is amended to read:

39761. UHT flavored lowfat milk is market milk, evaporated market milk, condensed market milk, or dried market milk, or any combination thereof, which contains harmless sweetening, chocolate, chocolate syrup, or other harmless syrup or flavoring, or any combination of these syrups or flavorings, and harmless edible stabilizers as specified in Title 21 of the Code of Federal Regulations. UHT flavored lowfat milk shall be homogenized, processed, and packaged pursuant to Section 39701.

SEC. 15. Section 39771 of the Food and Agricultural Code is

amended to read:

39771. UHT flavored drink is milk or skim milk, evaporated, condensed, or dried milk, or nonfat milk solids, or any combination thereof, which contains harmless sweetening, chocolate, chocolate syrup, or other harmless syrup or flavoring, or any combination of these syrups or flavorings, and harmless edible stabilizer as specified in Title 21 of the Code of Federal Regulations. It may be homogenized and shall be processed and packaged pursuant to Section 39701.

SEC. 16. Section 62062.2 is added to the Food and Agricultural Code, to read:

62062.2. (a) The director, through the hearing process and upon determining that an emergency exists, may provide for a temporary increase in the minimum prices of milk established pursuant to this chapter on any or all classes of milk except classes 4a and 4b. This temporary increase of prices shall be separately stated in the stabilization and marketing plan and shall be in effect for not more than 12 months from the date of the adoption of the increase.

(b) For purposes of this section, "emergency" means the existence of a critical condition, as determined by the director, that arises suddenly and unexpectedly, such as, but not limited to, a prolonged dry period, drought, or freeze, that causes severe economic distress to a significant portion of milk producers for an extended period of time as a result of rapid increases in operating costs.

(c) This section shall only be operative when a pooling plan, as provided in Chapter 3 (commencing with Section 62700), is in effect.

(d) The director may adopt, along with any price increase enacted under this section, an additional program in the stabilization and marketing plan or the pooling plan, or both, to encourage the availability of market milk for usage by all classes of milk except classes 4a and 4b.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends that date.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 841

An act to amend Section 4416 of, and to add Section 4008.5 to, the Business and Professions Code, relating to pharmacies, and making an appropriation therefor.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 4008.5 is added to the Business and Professions Code, to read:

4008.5. (a) As used in this section "pharmacy technician" means an individual who assists a registered pharmacist in a pharmacy in the performance of his or her pharmacy related duties as specified in subdivision (b).

(b) Notwithstanding any other provision of law, a pharmacy technician may perform packaging, manipulative, repetitive, or other nondiscretionary tasks, while assisting, and while under the direct supervision and control of, a registered pharmacist.

(c) This section does not authorize the performance of any tasks specified in subdivision (b) by a pharmacy technician without a registered pharmacist on duty, nor does this section authorize the use of a pharmacy technician to perform tasks specified in subdivision (b) except under the direct supervision and control of a registered pharmacist.

(d) This section does not authorize a pharmacy technician to perform any act requiring the exercise of professional judgment by a registered pharmacist.

(e) The board shall adopt regulations to specify tasks pursuant to subdivision (b) which a pharmacy technician may perform under the direct supervision and control of a registered pharmacist. Any pharmacy that employs a pharmacy technician to perform tasks specified in subdivision (b) shall do so in conformity with the regulations adopted by the board pursuant to this subdivision.

(f) (1) No person shall act as a pharmacy technician without first being registered with the board as a pharmacy technician. The board shall issue a certificate to an applicant who has met any of the following requirements:

(A) Has obtained an Associate of Arts degree in a field of study directly related to the duties performed by a pharmacy technician.

(B) Has completed a course of training specified by the board.

(C) Is eligible to take the board's pharmacist licensure examination.

(D) Has provided satisfactory proof to the board of one year's experience performing the tasks specified in subdivision (b) while employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital, for an inmate of a

correctional facility, or experience deemed equivalent by the board.

(2) The performance of duties by a registered pharmacy technician shall be under the direct supervision and control of a registered pharmacist. The pharmacist on duty shall be directly responsible for the conduct of a pharmacy technician. A pharmacy technician may perform the duties, as specified in subdivision (b) only under the immediate, personal supervision and control of, a registered pharmacist. Any pharmacist responsible for a pharmacy technician shall be on the premises at all times, and the pharmacy technician shall be within the pharmacist's view. A pharmacist shall indicate verification of the prescription by initialing the prescription label before the medication is provided to the patient.

(3) The board shall adopt regulations pursuant to this section for the registration of pharmacy technicians. Proof of the qualifications of any applicant for registration as a pharmacy technician shall be made to the satisfaction of the board and shall be substantiated by evidence as may be required by the board.

The board shall conduct a criminal background check of the applicant to determine if an applicant has committed acts which would constitute grounds for denial of registration, pursuant to this chapter or Chapter 2 (commencing with Section 480) of Division 1.5. The board may suspend or revoke any registration issued pursuant to this section on any ground specified in Section 4350.5.

(4) The board shall adopt regulations pursuant to this subdivision for the specification of training courses for pharmacy technicians.

(5) Paragraphs (1) to (4), inclusive, of this subdivision shall not apply to persons employed or utilized as a pharmacy technician to assist in the filling of prescriptions for an inpatient of a hospital or for an inmate of a correctional facility.

(g) (1) The ratio of pharmacy technicians performing the tasks specified in subdivision (b) to registered pharmacists shall not exceed one to one, except that this ratio shall not apply to personnel performing clerical functions pursuant to Section 4008.4. This ratio is applicable to all practice settings except for an inpatient of a licensed health facility, a patient of a licensed home health agency, as specified in paragraph (2), an inmate of a correctional facility of the Department of the Youth Authority or the Department of Corrections, and for a person receiving treatment in a facility operated by the State Department of Mental Health, the State Department of Developmental Services, or the Department of Veterans Affairs.

(2) The board may adopt regulations establishing the ratio of pharmacy technicians performing the tasks specified in subdivision (b) to registered pharmacists applicable to the filling of prescriptions for an inpatient of a licensed health facility and for a patient of a licensed home health agency. Any ratio established by the board pursuant to this subdivision shall allow, at a minimum, at least one pharmacy technician for each pharmacist, except that this ratio shall not apply to personnel performing clerical functions pursuant to

Section 4008.4.

SEC. 2. Section 4416 of the Business and Professions Code is amended to read:

4416. The amount of fees and penalties prescribed by this chapter, except as otherwise provided, is that fixed by the board according to the following schedule:

(a) The fee for a nongovernmental pharmacy license shall be three hundred forty dollars ($340) and may be increased to four hundred dollars ($400).

The fee for a nongovernmental pharmacy annual renewal shall be one hundred seventy-five dollars ($175) and may be increased to two hundred fifty dollars ($250).

(b) The fee for processing remodeling plans and inspecting a remodeled pharmacy shall be one hundred thirty dollars ($130) and may be increased to one hundred seventy-five dollars ($175).

(c) The fee for the pharmacist examination shall be one hundred fifty-five dollars ($155) and may be increased to one hundred eighty-five dollars ($185).

(d) The fee for regrading an examination shall be seventy-five dollars ($75) and may be increased to eighty-five dollars ($85). If an error in grading is found and the applicant passes the examination, the regrading fee shall be refunded.

(e) The fee for a pharmacist license and biennial renewal shall be one hundred fifteen dollars ($115) and may be increased to one hundred fifty dollars ($150).

(f) The fee for a wholesaler permit and annual renewal shall be five hundred fifty dollars ($550) and may be increased to six hundred dollars ($600).

(g) The fee for a hypodermic license and renewal shall be ninety dollars ($90) and may be increased to one hundred twenty-five dollars ($125).

(h) The fee for examination and investigation for an exemption certificate under Sections 4050.5 and 4050.7 shall be seventy-five dollars ($75) and may be increased to one hundred dollars ($100).

(i) The fee for an exemption certificate and annual renewal under Sections 4050.5 and 4050.7 shall be one hundred ten dollars ($110) and may be increased to one hundred fifty dollars ($150).

(j) The fee for an out-of-state drug distributor's license and annual renewal issued pursuant to Section 4084.6 shall be five hundred fifty dollars ($550) and may be increased to six hundred dollars ($600).

(k) The fee for registration and annual renewal of providers of continuing education shall be one hundred dollars ($100) and may be increased to one hundred thirty dollars ($130).

(*l*) The fee for evaluation of continuing education courses for accreditation shall be set by the board at an amount not to exceed forty dollars ($40) per course hour.

(m) The fee for evaluation of applications submitted by graduates of foreign colleges of pharmacy or colleges of pharmacy not recognized by the board shall be one hundred sixty-five dollars

($165) and may be increased to one hundred seventy-five dollars ($175).

(n) The fee for an intern license or extension shall be sixty-five dollars ($65) and may be increased to seventy-five dollars ($75). The fee for transfer of intern hours or verification of licensure to another state shall be fixed by the board not to exceed twenty dollars ($20).

(o) The board may, by regulation, provide for the waiver or refund of the additional fee for the issuance of a certificate where the certificate is issued less than 45 days before the next succeeding regular renewal date.

(p) The board shall collect all accrued and unpaid renewal fees and the applicable penalty fees for a pharmacist license that has been delinquent for more than one year.

(q) The fee for the reissuance of any permit, license, or certificate, or renewal thereof, which has been lost or destroyed or reissued due to a name change is thirty dollars ($30).

The fee for the reissuance of any permit, license, or certificate, or renewal thereof, which must be reissued because of a change in the information, is sixty dollars ($60) and may be increased to one hundred dollars ($100).

(r) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall seek to maintain a reserve in the Pharmacy Board Contingent Fund equal to approximately one year's operating expenditures.

(s) The fee for any applicant for a clinic permit is three hundred forty dollars ($340) and may be increased to four hundred dollars ($400) for each permit. The annual fee for renewal of the permit is one hundred seventy-five dollars ($175) and may be increased to two hundred fifty dollars ($250) for each permit.

(t) The board shall charge a fee for the processing and issuance of a registration to a pharmacy technician and a separate fee for the biennial renewal of the registration. The registration fee shall be twenty-five dollars ($25), and may be increased to fifty dollars ($50). The biennial renewal fee shall be twenty-five dollars ($25), and may be increased to fifty dollars ($50).

CHAPTER 842

An act to amend Sections 86, 777, and 778 of the Harbors and Navigation Code, and to add Chapter 18 (commencing with Section 42900) to Part 3 of Division 30 of the Public Resources Code, relating to waste.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Harbors and Navigation Code is amended to read:

86. (a) The local public agency shall certify to the department that for any small craft harbor or boating facility project which is, or has been, funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3, or a harbor constructed with funds from the State Lands Commission from tidelands oil revenues, adequate restroom and sanitary facilities, parking, refuse disposal, vessel pumpout facilities as required pursuant to Section 776, walkways, oil recycling facilities, receptacles for the purpose of separating, reusing, or recycling all solid waste materials, and other necessary shoreside facilities sufficient for the use and operation of all vessels using the harbor or facility are provided or provide written findings showing why the facility cannot certify to these conditions.

(b) No city, county, or district, which has received or is receiving money under this division for the construction or improvement of small craft harbors which provides facilities for the operation of commercial fishing vessels registered pursuant to Article 4 (commencing with Section 7880) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, shall prohibit the commercial operation and use of those facilities by commercial passenger fishing vessels of the same or similar displacement, which are licensed pursuant to Section 7920 of the Fish and Game Code, or the use by private recreational vessels unless otherwise expressly provided by law, unless the city, county, or district provides, elsewhere in the same harbor, alternative, equivalent facilities available at comparable cost for the commercial operation and use of commercial passenger fishing vessels and private recreational vessels or unless the city, county, or district adopts written findings showing why the existing facility cannot accommodate the operation of commercial fishing vessels, including commercial passenger fishing vessels, or private recreational vessels and why the facility cannot be modified to do so or why alternative, equivalent facilities cannot be provided in the same harbor to accommodate those operations. This subdivision does not require a facility to accept an application for the operation of an additional commercial passenger fishing boat at that facility if the harbor provides alternative, equivalent, adequate, safe facilities at comparable cost for the operation and use of commercial passenger fishing boats or if accommodations for the operation of the additional commercial passenger fishing boat are not reasonably available at the facility under the contract or agreement.

For the purposes of this subdivision, an alternative, equivalent facility in the same harbor shall provide, at comparable cost, adequate restroom and sanitary facilities, parking, refuse disposal,

walkways, power and water service, and other shoreside facilities and equivalent docks, water channels, navigation aids, and weather protection, including, but not limited to, breakwaters, which are equivalent to the facility funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3.

(c) Any loan, grant, contract or agreement, or plan funded pursuant to Section 70, 70.2, 70.8, 71.4, 72.5, or 76.3 for any small craft harbor or boating facility project shall provide for construction, development, or improvement of facilities to substantially meet the provisions of subdivisions (a) and (b) and to provide vehicular access roads to the harbor or facility, as recommended by the Department of Transportation pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code, unless the reasons for not meeting those provisions and recommendations are set forth in the contract or agreement with the department, or an addendum thereto.

(d) During the term of any existing or new loan contract made pursuant to Section 71.4 or 76.3, or any existing or new contract or agreement pursuant to Section 70, 70.2, or 70.8, the department shall supervise and monitor compliance with subdivisions (b) and (c) and the operation and maintenance of the harbor or facility to assure that the planning, construction, development, or improvement fully complies with this section and the contract or agreement terms and conditions.

(e) For the purposes of this chapter and Chapter 2 (commencing with Section 70), any harbor or facility which is the subject of a contract or agreement as described in subdivision (d), is under the jurisdiction of the department.

SEC. 2. Section 777 of the Harbors and Navigation Code is amended to read:

777. (a) Vessel pumpout facilities for the transfer and disposal of sewage from marine sanitation devices, floating restrooms, and onshore toilets shall be operated and maintained in a manner that will prevent the discharge of any sewage to the waters of the state and shall be maintained in good working order and regularly cleaned.

(b) Every vessel pumpout facility shall have a notice posted on the facility identifying the city, county, local public health officer, or boating law enforcement officer responsible for enforcing this chapter pursuant to Section 779, with the telephone number where a violation of subdivision (a) may be reported.

(c) Any violation of this section is a misdemeanor. In addition, any violation of this section is subject to any remedy provided for in Chapter 5 (commencing with Section 13300) of Division 7 of the Water Code.

SEC. 3. Section 778 of the Harbors and Navigation Code is amended to read:

778. The state board shall adopt standards for the location, construction, operation, and maintenance of vessel pumpout

facilities.

SEC. 4. Chapter 18 (commencing with Section 42900) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 18. CALIFORNIA SOLID WASTE REUSE AND RECYCLING ACCESS ACT OF 1991

Article 1. Short Title and Findings and Declarations

42900. This chapter shall be known and may be cited as the California Solid Waste Reuse and Recycling Access Act of 1991.

42901. The Legislature finds and declares as follows:

(a) Cities and counties must divert 50 percent of all solid waste by January 1, 2000, through source reduction, recycling, and composting activities.

(b) Diverting 50 percent of all solid waste requires the participation of the residential, commercial, industrial, and public sectors.

(c) The lack of adequate areas for collecting and loading recyclable materials that are compatible with surrounding land uses is a significant impediment to diverting solid waste and constitutes an urgent need for state and local agencies, to address access to solid waste for source reduction, recycling, and composting activities.

Article 2. Definitions

42905. As used in this chapter, "development project" means any of the following:

(a) A project for which a building permit will be required for a commercial, industrial, or institutional building, marina, or residential building having five or more living units, where solid waste is collected and loaded and any residential project where solid waste is collected and loaded in a location serving five or more units.

(b) Any new public facility where solid waste is collected and loaded and any improvements for areas of a public facility used for collecting and loading solid waste.

Article 3. Ordinances

42910. (a) Not later than March 1, 1993, after holding a public hearing, the board shall adopt a model ordinance for adoption by any local agency relating to adequate areas for collecting and loading recyclable materials in development projects.

(b) The board shall consult with representatives of the League of California Cities, County Supervisors Association of California, American Planning Association, American Institute of Architects, private and public waste services, building construction and management, and retail businesses in developing the model ordinance.

(c) Not later than January 1, 1993, the board shall distribute the draft model ordinance to all local agencies and other interested parties for review. Any comments shall be submitted to the board by February 1, 1993, for consideration at the public hearing of the board to adopt the ordinance.

42911. (a) By September 1, 1993, each local agency shall adopt an ordinance relating to adequate areas for collecting and loading recyclable materials in development projects.

(b) If by September 1, 1993, a local agency has not adopted an ordinance for collecting and loading recyclable materials in development projects, the model ordinance adopted pursuant to Section 42910 shall take effect on that date and shall be enforced by the local agency and have the same force and effect as if adopted by the local agency as an ordinance.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 843

An act to add Chapter 12.5 (commencing with Section 42620) to Part 3 of Division 30 of the Public Resources Code, relating to solid waste, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.5 (commencing with Section 42620) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 12.5. SCHOOLSITE SOURCE REDUCTION AND RECYCLING

42620. (a) The Legislature finds as follows:

(1) There are 1,029 school districts and 7,170 schools in California.

(2) Source reduction and recycling programs in the schools will significantly assist cities and counties in meeting the solid waste diversion goals set for 1995 and the year 2000, by Section 41780.

(3) Source reduction and recycling programs in the schools will also educate children on the importance of these activities, and will teach them waste management skills that will last throughout their

lives.

(b) The Legislature, therefore, declares that school districts throughout the state should be assisted in establishing and implementing source reduction and recycling programs.

42621. The board shall develop and implement a source reduction and recycling program for school districts which shall include, but not be limited to, the following elements:

(a) A survey of school districts throughout the state to determine which districts already have recycling programs and which need those programs.

(b) Development of a model waste reduction and recycling program for school districts.

(c) Providing training for school districts on how to implement recycling programs.

(d) Providing ongoing technical and informational assistance for school districts implementing source reduction and recycling programs.

(e) Establishment of a repository of literature and teaching materials from other states and institutions which have instituted recycling programs for their waste stream.

(f) Determining the types of equipment needed by school districts to implement recycling programs.

(g) Providing assistance to school districts in locating markets for their recyclable materials.

(h) Development and implementation of a tracking system to determine the amount of materials collected and recycled in each school district.

(i) Disseminating information to school districts on office equipment and other items which are made from recycled materials and which are available for purchase by school districts.

42622. The source reduction and recycling program for school districts developed pursuant to Section 42621 shall, to the extent feasible, be designed to complement and further the educational goals of the supplementary educational materials developed pursuant to Section 42603, and the integrated waste management issues addressed within the science framework developed by the State Board of Education.

42623. On and after March 31, 1994, the board shall, in the report required to be prepared pursuant to Section 40507, report on the status and effectiveness of school district source reduction and recycling programs implemented pursuant to this chapter and shall make recommendations on administrative and legislative changes to improve the program's effectiveness.

SEC. 2. The sum of one hundred twenty-five thousand dollars ($125,000) is hereby appropriated from the Integrated Waste Management Account in the Integrated Waste Management Fund to the California Integrated Waste Management Board to develop and implement a school district source reduction and recycling program pursuant to Chapter 12.5 (commencing with Section 42620) of Part

3 of Division 30 of the Public Resources Code.

CHAPTER 844

An act to add Sections 1603.1 and 5650.1 to the Fish and Game Code, relating to fines and penalties, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1603.1 is added to the Fish and Game Code, to read:

1603.1. (a) Every person who violates Section 1603 is subject to a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation.

(b) The civil penalty imposed for each separate violation pursuant to this section is separate, and in addition to, any other civil penalty imposed for a separate violation pursuant to this section or any other provision of law.

(c) In determining the amount of any civil penalty imposed pursuant to this section, the court shall take into consideration the nature, circumstance, extent, and gravity of the violation. In making this determination, the court may consider the degree of toxicity and volume of the discharge, whether the effects of the violation may be reversed or mitigated, and with respect to the defendant, the ability to pay, the effect of any civil penalty on the ability to continue in business, any voluntary cleanup efforts undertaken, any prior history of violations, the gravity of the behavior, the economic benefit, if any, resulting from the violation, and any other matters the court determines justice may require.

(d) Every civil action brought under this section shall be brought by the Attorney General upon complaint by the department, or by the district attorney or city attorney in the name of the people of the State of California, and any actions relating to the same violation may be joined or consolidated.

(e) In any civil action brought pursuant to this chapter in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it is not necessary to allege or prove at any stage of the proceeding any of the following:

(1) That irreparable damage will occur if the temporary restraining order, preliminary injunction, or permanent injunction is not issued.

(2) The remedy at law is inadequate. The court shall issue a temporary restraining order, preliminary injunction, or permanent injunction in a civil action brought pursuant to this chapter without

the allegations and without the proof specified in this paragraph or paragraph (1).

(f) All civil penalties collected pursuant to this section shall not be considered fines or forfeitures as defined in Section 13003 and shall be apportioned in the following manner:

(1) Fifty percent shall be distributed to the county treasurer of the county in which the action is prosecuted. Amounts paid to the county treasurer shall be deposited in the county fish and wildlife propagation fund established pursuant to Section 13100.

(2) Fifty percent shall be distributed to the department for deposit in the Fish and Game Preservation Fund. These funds may be expended to cover the costs of any legal actions or for any other law enforcement purpose consistent with Section 9 of Article XVI of the California Constitution.

SEC. 2. Section 5650.1 is added to the Fish and Game Code, to read:

5650.1. (a) Every person who violates Section 5650 is subject to a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation.

(b) The civil penalty imposed for each separate violation pursuant to this section is separate, and in addition to, any other civil penalty imposed for a separate violation pursuant to this section or any other provision of law.

(c) In determining the amount of any civil penalty imposed pursuant to this section, the court shall take into consideration the nature, circumstance, extent, and gravity of the violation. In making this determination, the court may consider the degree of toxicity and volume of the discharge, whether the effects of the violation may be reversed or mitigated, and with respect to the defendant, the ability to pay, the effect of any civil penalty on the ability to continue in business, any voluntary cleanup efforts undertaken, any prior history of violations, the gravity of the behavior, the economic benefit, if any, resulting from the violation, and any other matters the court determines justice may require.

(d) Every civil action brought under this section shall be brought by the Attorney General upon complaint by the department, or by the district attorney or city attorney in the name of the people of the State of California, and any actions relating to the same violation may be joined or consolidated.

(e) In any civil action brought pursuant to this chapter in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it is not necessary to allege or prove at any stage of the proceeding any of the following:

(1) That irreparable damage will occur if the temporary restraining order, preliminary injunction, or permanent injunction is not issued.

(2) The remedy at law is inadequate. The court shall issue a temporary restraining order, preliminary injunction, or permanent injunction in a civil action brought pursuant to this chapter without

the allegations and without the proof specified in this paragraph or paragraph (1).

(f) All civil penalties collected pursuant to this section shall not be considered fines or forfeitures as defined in Section 13003 and shall be apportioned in the following manner:

(1) Fifty percent shall be distributed to the county treasurer of the county in which the action is prosecuted. Amounts paid to the county treasurer shall be deposited in the county fish and wildlife propagation fund established pursuant to Section 13100.

(2) Fifty percent shall be distributed to the department for deposit in the Fish and Game Preservation Fund. These funds may be expended to cover the costs of legal actions or for any other law enforcement purpose consistent with Section 9 of Article XVI of the California Constitution.

CHAPTER 845

An act to amend Sections 2207, 2714, 2770, 2773.1, 2774, and 2774.4 of the Public Resources Code, relating to mining.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 2207 of the Public Resources Code is amended to read:

2207. (a) The owner, lessor, lessee, agent, manager, or other person in charge of any mining operation of whatever kind or character within the state shall forward to the State Geologist not later than July 1, 1991, and every year thereafter not later than an anniversary date established by the State Geologist, upon forms which will be furnished by the board, a report which identifies all of the following:

(1) The name, address, and telephone number of the person, company, or other owner of the mining operation.

(2) The name, address, and telephone number of a designated agent who resides in this state, and who will receive and accept service of all orders, notices, and processes of the lead agency, board, State Geologist, or court.

(3) The location of the mining operation, its name, and starting with the 1992 report, its mine number as issued by the Bureau of Mines or the State Geologist, its section, township, range, latitude, longitude, and approximate boundaries of the mining operation marked on a United States Geological Survey 7½-minute or 15-minute quadrangle map.

(4) The lead agency.

(5) The approval date of the mining operation's reclamation plan.

(6) The mining operation's status as active, idle, reclaimed, or in the process of being reclaimed.

(7) The commodities produced by the mine and the type of mining operation.

(8) Proof of annual inspection by the lead agency, starting with the 1992 report.

(9) Proof of financial assurances, starting with the 1992 report.

(10) Ownership of the property, including government agencies, if applicable, by the assessor's parcel number, and total assessed value of the mining operation.

(11) The approximate permitted size of the mining operation subject to Chapter 9 (commencing with Section 2710), in acres.

(12) The approximate total acreage of land newly disturbed by the mining operation during the previous calendar year.

(13) The approximate total of disturbed acreage reclaimed during the previous calendar year.

(14) The approximate total unreclaimed disturbed acreage remaining as of the end of the calendar year.

(15) The total production for each mineral commodity produced during the previous year.

(16) A copy of any approved reclamation plan and any amendments or conditions of approval to any existing reclamation plan approved by the lead agency.

(b) The person submitting the report pursuant to subdivision (a) shall forward to the lead agency, as defined in Section 2728, not later than July 1, 1991, and every year thereafter not later than the anniversary date established by the State Geologist, upon forms which will be furnished by the board, a report which provides all of the information specified in paragraphs (1) to (14), inclusive, of subdivision (a).

(c) Subsequent reports shall include only changes in the information submitted for the items described in subdivision (a), except that, instead of the approved reclamation plan, the reports shall include any reclamation plan amendments approved during the previous year. The reports shall state whether review of a reclamation plan, financial assurances, or an interim management plan is pending under subdivision (b), (c), (d), or (h) of Section 2770, or whether an appeal before the board or lead agency governing body is pending under subdivision (e) or (h) of Section 2770. The State Geologist shall notify the person submitting the report and the owner's designated agent in writing that the report and the fee required pursuant to subdivision (d) have been received, specify the anniversary date by which the mining operation shall submit reports subsequent to 1991, specify the mining operation's mine number if one has not been issued by the Bureau of Mines, and notify the person and agent of any deficiencies in the report within 90 days of receipt. That person or agent shall have 30 days from receipt of the notification to correct the noted deficiencies and forward the revised reports to the State Geologist and the lead

agency. Any person who fails to comply with this section, or knowingly provides incorrect or false information in reports required by this section, may be subject to an administrative penalty as provided in subdivision (c) of Section 2774.1.

(d) (1) The board shall impose, by regulations adopted by May 1, 1991, pursuant to paragraph (2), an annual reporting fee on, and method for collecting annual fees from, each active or idle mining operation. The maximum fee for any single mining operation shall not exceed two thousand dollars ($2,000) annually and shall not be less than fifty dollars ($50) annually.

(2) The board shall adopt, by emergency regulations, a schedule of fees authorized under paragraph (1). In establishing the schedule of fees to be paid by each active and idle mining operation, the fees shall be calculated on an equitable basis reflecting the size and type of operation. The board shall also consider the total assessed value of the mining operation, the acreage disturbed by mining activities, and the acreage subject to the reclamation plan. For fiscal year 1991–92, the total revenue generated by the reporting fees established pursuant to paragraph (1) shall not exceed one million one hundred thirty-two thousand dollars ($1,132,000), which shall be adjusted in fiscal years 1992–93 and 1993–94 to reflect increases in the cost of living, as measured by the United States Department of Labor Consumer Price Index. Beginning in fiscal year 1994–95, the total revenue generated by the reporting fees for subsequent fiscal years shall not exceed a base of one million dollars ($1,000,000), as adjusted for the cost of living beginning with fiscal year 1991–92 and annually thereafter. Beginning in fiscal year 1992–93, the board shall automatically adjust the fees each fiscal year to conform with the revenue levels prescribed by this section and appropriated by the Legislature. If the department determines that the revenue collected during the preceding fiscal year was greater or less than the applicable base amount, plus the appropriate cost of living adjustments, the board shall adjust the fees to compensate for the over collection or under collection of revenues.

(3) The emergency regulations adopted pursuant to paragraph (2) or subsequent adjustments to the annual fees, shall be adopted by the board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(4) The reporting fees established pursuant to paragraph (1) shall be deposited in the Mine Reclamation Account, which is hereby created. Any fees, penalties, interest, fines, or charges collected by the department, State Geologist, or board pursuant to this chapter or Chapter 9 (commencing with Section 2710) shall be deposited in the Mine Reclamation Account. The money in the fund shall be available to the department, the State Geologist, and the board, upon

appropriation by the Legislature, solely to carry out this section and Chapter 9 (commencing with Section 2710), and up to three hundred thousand dollars ($300,000) shall be available to the department upon appropriation by the Legislature to contract for preparation of the report required by Section 2774.6.

(5) In case of late payment of the reporting fee, a penalty of not less than one hundred dollars ($100) or 10 percent of the amount due, whichever is greater, plus interest at the rate 1½ percent per month, computed from the delinquent date of the assessment until and including the date of payment, shall be assessed. New mining operations which have not submitted a report are required to submit a report prior to commencement of operations. The new operation shall submit its fee according to the reasonable fee schedule adopted by the board, and the month that the report is received shall become that operation's anniversary month.

(e) The lead agency may impose a fee upon each mining operation to cover the reasonable costs incurred in implementing this chapter and Chapter 9 (commencing with Section 2710).

(f) For purposes of this section, "mining operation" means any operation as defined in Section 2735, unless excepted by Section 2714.

(g) Any information in reports submitted pursuant to subdivision (a) which includes or otherwise indicates the total mineral production, reserves, or rate of depletion of any mining operation shall not be disclosed to any member of the public, as defined in subdivision (f) of Section 6252 of the Government Code. Other portions of the reports are public records unless excepted by statute. Statistical bulletins based on these reports and published under Section 2205 shall be compiled to show, for the state as a whole and separately for each lead agency, the total of each mineral produced therein. In order not to disclose the production, reserves, or rate of depletion from any identifiable mining operation, no production figure shall be published or otherwise disclosed unless that figure is the aggregated production of not less than three mining operations. If the production figure for any lead agency would disclose the production, reserves, or rate of depletion of less than three mining operations or otherwise permit the reasonable inference of the production, reserves, or rate of depletion of any identifiable mining operation, that figure shall be combined with the same such figure of not less than two other lead agencies without regard to the location of the lead agencies. The bulletin shall be published annually by June 30 or as soon thereafter as practicable.

SEC. 2. Section 2714 of the Public Resources Code is amended to read:

2714. This chapter does not apply to any of the following activities:

(a) Excavations or grading conducted for farming or onsite construction or for the purpose of restoring land following a flood or natural disaster.

(b) Prospecting for, or the extraction of, minerals for commercial

purposes and the removal of overburden in total amounts of less than 1,000 cubic yards in any one location of one acre or less.

(c) Surface mining operations that are required by federal law in order to protect a mining claim, if those operations are conducted solely for that purpose.

(d) Any other surface mining operations that the board determines to be of an infrequent nature and which involve only minor surface disturbances.

(e) The solar evaporation of sea water or bay water for the production of salt and related minerals.

SEC. 3. Section 2770 of the Public Resources Code is amended to read:

2770. (a) Except as provided in this section, no person shall conduct surface mining operations unless a permit is obtained from, a reclamation plan has been submitted to and approved by, and financial assurances for reclamation have been approved by, the lead agency for the operation pursuant to this article.

(b) Any person with an existing surface mining operation who has vested rights pursuant to Section 2776 and who does not have an approved reclamation plan shall submit a reclamation plan to the lead agency not later than March 31, 1988. If a reclamation plan application is not on file by March 31, 1988, the continuation of the surface mining operation is prohibited until a reclamation plan is submitted to the lead agency. For purposes of this subdivision, reclamation plans may consist of all or the appropriate sections of any plans or written agreements previously approved by the lead agency or another agency, together with any additional documents needed to substantially meet the requirements of Sections 2772 and 2773 and the lead agency surface mining ordinance adopted pursuant to subdivision (a) of Section 2774, provided that all documents which together were proposed to serve as the reclamation plan are submitted for approval to the lead agency in accordance with this chapter.

(c) If a person with an existing surface mining operation has received lead agency approval of its financial assurances for reclamation prior to January 1, 1991, the lead agency shall administratively review those existing financial assurances in accordance with subdivision (d) prior to January 1, 1992. The review of existing financial assurances shall not be considered a project within the meaning of Division 13 (commencing with Section 21000). Any person with an existing surface mining operation which does not have financial assurances that received lead agency approval prior to January 1, 1991, shall submit financial assurances for reclamation for review in accordance with subdivision (d).

(d) The lead agency's review of reclamation plans submitted pursuant to subdivision (b) or of financial assurances pursuant to subdivision (c) is limited to whether the plan or the financial assurances substantially meet the applicable requirements of Sections 2772, 2773, and 2773.1, and the lead agency surface mining

ordinance adopted pursuant to subdivision (a) of Section 2774, but in any event the lead agency shall require that financial assurances for reclamation be sufficient to perform reclamation of lands remaining disturbed. Reclamation plans or financial assurances judged to substantially meet these requirements shall be approved by the lead agency for purposes of this chapter. Reclamation plans or financial assurances judged as not substantially meeting these requirements shall be returned to the operator within 60 days. The operator has 60 days to revise the plan or financial assurances to address identified deficiencies, at which time the revised plan or financial assurances shall be returned to the lead agency for review and approval. Except as specified in subdivision (e) or (i), if the reclamation plan remains unapproved by July 1, 1990, or if the financial assurances remain unapproved by January 1, 1992, the continuation of the surface mining operation is prohibited until a reclamation plan and financial assurances for reclamation are approved by the lead agency.

(e) Any person who, based on the evidence of the record, can substantiate that a lead agency has either (1) failed to act according to due process or has relied on considerations not related to the specific applicable requirements of Sections 2772, 2773, and 2773.1, and the lead agency surface mining ordinance adopted pursuant to subdivision (a) of Section 2774, in reaching a decision to deny approval of a reclamation plan or financial assurances for reclamation, (2) failed to act within a reasonable time of receipt of a completed application, or (3) failed to review and approve reclamation plans or financial assurances as required by subdivisions (c) and (d), may appeal that action or inaction to the board.

(f) The board may decline to hear an appeal if it determines that the appeal raises no substantial issues related to the lead agency's review pursuant to this section.

(g) Appeals that the board does not decline to hear shall be scheduled and heard at a public hearing within 45 days of the filing of the appeal, or any longer period as may be mutually agreed upon by the board and the person filing the appeal. In hearing an appeal, the board shall only determine whether the reclamation plan or the financial assurances substantially meet the applicable requirements of Sections 2772, 2773, 2773.1, and the lead agency surface mining ordinance adopted pursuant to subdivision (a) of Section 2774. A reclamation plan or financial assurances judged to meet these requirements shall be approved. A reclamation plan or financial assurances judged not to meet these requirements shall be returned to the person filing the appeal with a notice of deficiencies, who shall be granted, once only, a period of 30 days, or a longer period mutually agreed upon by the operator and the board, to correct the noted deficiencies and submit the revised reclamation plan or the revised financial assurances to the lead agency for review and approval.

(h) Within 90 days of a surface mining operation becoming idle,

as defined in Section 2727.1, the operator shall submit to the lead agency for review and approval, an interim management plan. The review and approval of an interim management plan shall not be considered a project within the meaning of Division 13 (commencing with Section 21000). The approved interim management plan shall be considered an amendment to the surface mining operation's approved reclamation plan, for purposes of this chapter. The interim management plan shall provide measures the operator will implement to maintain the site in compliance with this chapter, including, but not limited to, all permit conditions.

The interim management plan may remain in effect for a period not to exceed five years, at which time the lead agency shall do one of the following:

(1) Renew the interim management plan for another period not to exceed five years, if the lead agency finds that the surface mining operator has complied fully with the interim management plan.

(2) Require the surface mining operator to commence reclamation in accordance with its approved reclamation plan.

In any event, financial assurances required by Section 2773.1 shall remain in effect during the period the surface mining operation is idle. If the surface mining operation is still idle after expiration of its interim management plan, the surface mining operation shall commence reclamation in accordance with its approved reclamation plan.

Within 60 days of the receipt of the interim management plan, or a longer period mutually agreed upon by the lead agency and the operator, the lead agency shall review and approve the plan in accordance with its ordinance adopted pursuant to subdivision (a) of Section 2774, so long as the plan satisfies the above requirements, and so notify the operator in writing. Otherwise, the lead agency shall notify the operator in writing of any deficiencies in the plan. The operator shall have 30 days, or a longer period mutually agreed upon by the operator and the lead agency, to submit a revised plan.

The lead agency shall approve or deny approval of the revised interim management plan within 60 days of receipt. If the lead agency denies approval of the revised interim management plan, the operator may appeal that action to the lead agency's governing body, which shall schedule a public hearing within 45 days of the filing of the appeal, or any longer period mutually agreed upon by the operator and the governing body.

Unless review of an interim management plan is pending before the lead agency, or an appeal is pending before the lead agency's governing body, a surface mining operation which remains idle for over one year after becoming idle as defined in Section 2727.1 without obtaining approval of an interim management plan shall be considered abandoned and the operator shall commence and complete reclamation in accordance with the approved reclamation plan.

(i) Any enforcement action which may be brought against a

surface mining operation for operating without an approved reclamation plan, financial assurance, or interim management plan, shall be held in abeyance pending review pursuant to subdivision (b), (c), (d), or (h) or the resolution of an appeal filed with the board pursuant to subdivision (e), or with a lead agency governing body pursuant to subdivision (h).

SEC. 4. Section 2773.1 of the Public Resources Code is amended to read:

2773.1. (a) Lead agencies shall require financial assurances of each surface mining operation to ensure reclamation is performed in accordance with the surface mining operation's approved reclamation plan, as follows:

(1) Financial assurances may take the form of surety bonds, irrevocable letters of credit, trust funds, or other forms of financial assurances specified by the board pursuant to subdivision (e), which the lead agency reasonably determines are adequate to perform reclamation in accordance with the surface mining operation's approved reclamation plan.

(2) The financial assurances shall remain in effect for the duration of the surface mining operation and any additional period until reclamation is completed.

(3) The amount of financial assurances required of a surface mining operation for any one year shall be adjusted annually to account for new lands disturbed by surface mining operations, inflation, and reclamation of lands accomplished in accordance with the approved reclamation plan.

(4) The financial assurances shall be made payable to the lead agency and the State Geologist. However, if a surface mining operation has received approval of its financial assurances from a public agency other than the lead agency, the lead agency shall deem those financial assurances adequate for purposes of this section, or shall credit them toward fulfillment of the financial assurances required by this section, if they are made payable to the public agency, the lead agency, and the State Geologist and otherwise meet the requirements of this section. In any event, if a lead agency and one or more public agencies exercise jurisdiction over a surface mining operation, the total amount of financial assurances required by the lead agency and the public agencies for any one year shall not exceed that amount which is necessary to perform reclamation of lands remaining disturbed. For purposes of this paragraph, a "public agency" may include a federal agency.

(b) If the lead agency or the board, following a public hearing, determines that the operator is financially incapable of performing reclamation in accordance with its approved reclamation plan, or has abandoned its surface mining operation without commencing reclamation, either the lead agency or the State Geologist shall do all of the following:

(1) Notify the operator by personal service or certified mail that the lead agency or the State Geologist intends to take appropriate

action to forfeit the financial assurances and specify the reasons for so doing.

(2) Allow the operator 60 days to commence or cause the commencement of reclamation in accordance with its approved reclamation plan and require that reclamation be completed within the time limits specified in the approved reclamation plan or some other time period mutually agreed upon by the lead agency or the State Geologist and the operator.

(3) Proceed to take appropriate action to require forfeiture of the financial assurances if the operator does not substantially comply with paragraph (2).

(4) Use the proceeds from the forfeited financial assurances to conduct and complete reclamation in accordance with the approved reclamation plan. In no event shall the financial assurances be used for any other purpose. The operator is responsible for the costs of conducting and completing reclamation in accordance with the approved reclamation plan which are in excess of the proceeds from the forfeited financial assurances.

(c) Financial assurances shall no longer be required of a surface mining operation, and shall be released, upon written notification by the lead agency, which shall be forwarded to the operator and the State Geologist, that reclamation has been completed in accordance with the approved reclamation plan. If a mining operation is sold or ownership is transferred to another person, the existing financial assurances shall remain in force and shall not be released by the lead agency until new financial assurances are secured from the new owner and have been approved by the lead agency in accordance with Section 2770.

(d) The lead agency shall have primary responsibility to seek forfeiture of financial assurances and to reclaim mine sites under subdivision (b). However, in cases where the board is not the lead agency pursuant to Section 2774.4, the State Geologist may act to seek forfeiture of financial assurances and reclaim mine sites pursuant to subdivision (b) only if both of the following occurs:

(1) The financial incapability of the operator or the abandonment of the mining operation has come to the attention of the State Geologist.

(2) The lead agency has been notified in writing by the State Geologist of the financial incapability of the operator or the abandonment of the mining operation for at least 15 days, and has not taken appropriate measures to seek forfeiture of the financial assurances and reclaim the mine site; and one of the following has occurred:

(A) The lead agency has been notified in writing by the State Geologist that failure to take appropriate measures to seek forfeiture of the financial assurances or to reclaim the mine site shall result in actions being taken against the lead agency under Section 2774.4.

(B) The State Geologist determines that there is a violation which amounts to an imminent and substantial endangerment to the public

health, safety, or to the environment.

(C) The lead agency notifies the State Geologist in writing that its good faith attempts to seek forfeiture of the financial assurances have not been successful.

The State Geologist shall comply with subdivision (b) in seeking forfeiture of financial assurances and reclaiming mine sites.

(e) The board may adopt regulations specifying financial assurance mechanisms other than surety bonds, irrevocable letters of credit, and trust funds, which the board determines are reasonably available and adequate to ensure reclamation pursuant to this chapter, but these mechanisms may not include financial tests.

SEC. 5. Section 2774 of the Public Resources Code is amended to read:

2774. (a) Every lead agency shall adopt ordinances in accordance with state policy which establish procedures for the review and approval of reclamation plans and financial assurances and the issuance of a permit to conduct surface mining operations, except that any lead agency without an active surface mining operation in its jurisdiction may defer adopting an implementing ordinance until the filing of a permit application. The ordinances shall establish procedures requiring at least one public hearing and shall be periodically reviewed by the lead agency and revised, as necessary, in order to ensure that the ordinances continue to be in accordance with state policy.

(b) The lead agency shall conduct an inspection of a surface mining operation within six months of receipt by the lead agency of the surface mining operation's report submitted pursuant to Section 2207, solely to determine whether the surface mining operation is in compliance with this chapter. In no event shall a lead agency inspect a surface mining operation less than once in any calendar year. The lead agency may cause such an inspection to be conducted by a state-registered geologist, state-registered civil engineer, state-licensed landscape architect, or state-registered forester, who is experienced in land reclamation and who has not been employed by the mining operation in any capacity during the previous 12 months. All inspections shall be conducted using a form developed by the department and approved by the board. The operator shall be solely responsible for the reasonable cost of the inspection. The lead agency shall notify the State Geologist within 30 days of completion of the inspection that the inspection has been conducted. The notice shall contain a statement regarding the surface mine's compliance with this chapter, shall include a copy of the completed inspection form, and shall specify which aspects of the surface mining operations, if any, are inconsistent with this chapter. If the surface mining operation has a review of its reclamation plan, financial assurances, or an interim management plan pending under subdivision (b), (c), (d), or (h) of Section 2770, or an appeal pending before the board or lead agency governing body under subdivision (e) or (h) of Section 2770, the notice shall so indicate. The lead agency shall

forward to the operator a copy of the notice, a copy of the completed inspection form, and any supporting documentation, including, without limitation, any inspection report prepared by the geologist, civil engineer, landscape architect, or forester.

(c) Prior to approving a surface mining operation's reclamation plan, financial assurances, including existing financial assurances reviewed by the lead agency pursuant to subdivision (c) of Section 2770, or any amendments, the lead agency shall submit the plan, assurances, or amendments to the State Geologist for review. The lead agency shall certify to the State Geologist that the reclamation plan complies with the applicable requirements of Article 1 (commencing with Section 3500) of Chapter 8 of Division 2 of Title 14 of the California Code of Regulations, as in effect at the time the reclamation plan is submitted to the State Geologist for review.

(d) The State Geologist shall have 45 days to prepare written comments, if the State Geologist so chooses. The lead agency shall evaluate written comments received from the State Geologist during the 45-day comment period. The lead agency shall prepare a written response describing the disposition of the major issues raised. In particular, when the lead agency's position is at variance with the recommendations and objections raised in the State Geologist's comments, the written response shall address, in detail, why specific comments and suggestions were not accepted. Copies of any written comments received and responses prepared by the lead agency shall be forwarded to the operator.

(e) Lead agencies shall notify the State Geologist of the filing of an application for a permit to conduct surface mining operations within 30 days of such an application being filed with the lead agency. By July 1, 1991, each lead agency shall submit to the State Geologist for every active or idle mining operation within its jurisdiction, a copy of the mining permit required pursuant to Section 2774, and any conditions or amendments to those permits. By July 1 of each subsequent year, the lead agency shall submit to the State Geologist for each active or idle mining operation a copy of any permit or reclamation plan amendments, as applicable, or a statement that there have been no changes during the previous year. Failure to file with the State Geologist the information required under this section shall be cause for action under Section 2774.4.

SEC. 6. Section 2774.4 of the Public Resources Code is amended to read:

2774.4. (a) If the board finds that a lead agency either has (1) approved reclamation plans or financial assurances which are not consistent with this chapter, (2) failed to inspect or cause the inspection of surface mining operations as required by this chapter, (3) failed to seek forfeiture of financial assurances and to carry out reclamation of surface mining operations as required by this chapter, (4) failed to take appropriate enforcement actions as required by this chapter, (5) intentionally misrepresented the results of inspections required under this chapter, or (6) failed to submit information to

the department as required by this chapter, the board shall exercise any of the powers of that lead agency under this chapter, except for permitting authority.

(b) If, no sooner than three years after the board has taken action pursuant to subdivision (a), the board finds, after a public hearing, that a lead agency has corrected its deficiencies in implementing and enforcing this chapter, and the rules and regulations adopted pursuant to this chapter, the board shall restore to the lead agency the powers assumed by the board pursuant to subdivision (a).

(c) Before taking any action pursuant to subdivision (a), the board shall first notify the lead agency of the identified deficiencies, and allow the lead agency 45 days to correct the deficiencies to the satisfaction of the board. If the lead agency has not corrected the deficiencies to the satisfaction of the board within the 45-day period, the board shall hold a public hearing within the lead agency's area of jurisdiction, upon a 45-day written notice given to the public in at least one newspaper of general circulation within the city or county, and directly mailed to the lead agency and to all surface mining operators within the lead agency's jurisdiction who have submitted reports as required by Section 2207.

(d) Affected surface mining operators shall have the right, at the public hearing, to present oral and written evidence on the matter being considered. The board may, at the public hearing, place reasonable limits on the right of affected surface mining operators to question and solicit testimony.

(e) If, after conducting the public hearing required by subdivision (c), the board decides to take action pursuant to subdivision (a), the board shall, based on the record of the public hearing, adopt written findings which explain all of the following:

(1) The action to be taken by the board.

(2) Why the board decided to take the action.

(3) Why the action is authorized by, and meets the requirements of, subdivision (a).

In addition, the findings shall address the significant issues raised, or written evidence presented, by affected surface mining operators or the board. The transcript of testimony and exhibits, together with all papers and requests filed in the proceedings, shall constitute the exclusive record for decision by the board.

(f) The lead agency or affected surface mining operator who has presented oral or written evidence at the public hearing before the board pursuant to subdivision (d) may obtain review of the board's action taken pursuant to subdivision (a) by filing in the superior court a petition for writ of mandate within 30 days following the issuance of the board's decision. Section 1094.5 of the Code of Civil Procedure governs judicial proceedings pursuant to this subdivision, except that in every case the court shall exercise its independent judgment. If a petition for a writ of mandate is not filed within the time limits set by this subdivision, the board's action under subdivision (a) shall not be subject to review by any court or agency.

CHAPTER 846

An act to amend Sections 17706, 17717.5, 17717.7, 17722, 17724, 17725, 17729, 17740.2, 17742.3, 39005, 39006, 39007, and 39101 of, to add Sections 17741.1, 17741.2, and 39001 to, and to repeal Sections 39000, 39100, and 39158 of, the Education Code, relating to school facilities.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) The school facilities construction requirements set forth in the Leroy F. Greene Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code) are too lengthy, too complex, and overly controlled by the various state agencies involved in the review and approval process. As a result, school facilities are overcrowded due to delays in building additional facilities and the quality of education received by pupils suffers. Further, the construction costs are higher due to inflation driven cost increases during the period of delay. Moreover, the services of state and school district staff are diverted to deal with delays that arise in a long and complex application process.

(2) A streamlining of the approval process set forth in the Leroy F. Greene Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code) is necessary to efficiently provide the children of the state with needed classrooms. The multiple steps currently required in the review process should be dramatically reduced by replacing state review with local self-certification combined with audits and credible sanctions for noncompliance by school districts. It is the intent of the Legislature that the State Allocation Board take the actions necessary to achieve that result.

(3) The school construction process should be streamlined further by increasing local authority over the approval of site acquisition and of plans and specifications for school facilities construction. It is the intent of the Legislature that the State Department of Education and the Department of General Services take the actions necessary to achieve that result.

(b) It is the intent of the Legislature that the streamlining process described in subdivision (a) be accomplished through this act and through subsequent legislation enacted in 1992.

SEC. 2. Section 17706 of the Education Code is amended to read:

17706. (a) The board shall not enter into any lease with respect to an application for replacing inadequate school facilities unless it first has investigated and made a finding, or the governing board of a self-certifying district, as applicable, first certifies that it has

investigated and made a finding, consistent with guidelines adopted by the board, that one or both of the following conditions exists:

(1) It would not be economical or good practice to rehabilitate those facilities.

(2) The school facilities are inadequate due to their susceptibility to repeated flooding. The board shall develop and adopt regulations that define inadequacy of school facilities on the basis of susceptibility to repeated flooding. The building area of any facility found to be inadequate pursuant to this subdivision shall be excluded, for the purposes of any application for the replacement of any facility, from the calculation under this chapter of the area of adequate school construction existing in the applicant school district.

(b) The self-certifying district shall maintain documentation of each investigation and finding it conducts pursuant to subdivision (a) as may be required by the board, and the investigation and finding shall be subject to subsequent audit as the board may direct.

(c) For purposes of this chapter, a "self-certifying district" as to any project to be funded under this chapter, is an applicant district that provides 50 percent or more of the cost of the project from funding sources other than any state program administered by the board.

SEC. 3. Section 17717.5 of the Education Code is amended to read:

17717.5. (a) The board may approve, in whole or in part, an application submitted by a school district under Section 17717 or 17720 in an amount not exceeding the amount applied for as the board may deem appropriate.

(b) The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make apportionments of project funding not exceeding in the aggregate the total amount determined by the board under subdivision (a) for the portion or portions of the project for which the board determines the district is ready to proceed. Subsequent to the board's approval of a project, any requirement imposed by the board that the compliance of the project with building cost or area standards and related guidelines adopted by the board be established as a condition of the apportionment of funds under this chapter shall be satisfied, as to a project for a self-certifying district, by the certification by the district of that compliance. In addition, the board shall not require that estimates of average daily attendance be updated as to that project more often than once every 12 months subsequent to the board's approval of the project. The self-certifying district shall maintain documentation of the compliance certified pursuant to this subdivision as may be required by the board, and that compliance shall be subject to subsequent audit as the board may direct.

(c) Whenever a district files an application, the board shall require the district to submit to the board and the State Department of Education a five-year plan for construction and rehabilitation of school facilities, and to obtain the written approval of the

department that the plan complies with standards that are established by the department for this purpose to ensure that the applicant district has adequately anticipated its school facilities needs and identified funding sources as necessary to meet those needs. The plan may be adjusted to reflect adjusted growth targets.

(d) The board shall not approve any application under this chapter after January 1, 1990, unless accompanied by a study examining the feasibility of implementing in the district a year-round multitrack educational program that is designed to increase pupil capacity in the district or in overcrowded high school attendance areas by at least 20 percent.

(e) The board may waive subdivision (d) or the requirements of Section 17717.7, or both, if a school district demonstrates that these requirements will result in a particular educational or financial hardship to the district. Further, the board shall waive subdivision (d), if it finds that there is clear hardship to a district due to declining enrollment or no growth.

SEC. 4. Section 17717.7 of the Education Code is amended to read:

17717.7. (a) Notwithstanding any other provision of this chapter, priority for the approval of project funding for new construction under this chapter, shall be as follows:

(1) First priority for construction funds shall be given to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would be constructed to operate on a multitrack year-round basis.

(2) Second priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(3) Third priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project to operate on a multitrack year-round basis.

(4) Fourth priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(5) Fifth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would not operate on a multitrack year-round basis.

(6) Sixth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would not operate on a multitrack year-round basis.

(b) The board shall not restrict the availability of funding for construction of multitrack year-round schools, from any funding

source available to the State School Building Lease-Purchase Fund, but shall make approval of project funding for those projects the first priority in accordance with this section.

(c) "Substantial enrollment," for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and any of the grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and any of grades 1 to 12, inclusive, in the high school attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (c) of Section 17741.1, in accordance with that section.

(d) Notwithstanding any other provision of this section, the State Allocation Board may continue to implement any year-round school priority provisions for hardships adopted prior to September 1, 1990.

SEC. 5. Section 17722 of the Education Code is amended to read:

17722. Except as provided in Section 17741, the board shall not approve any new school facilities for any applicant school district or county superintendent of schools until it first has made a determination that the applicant will utilize all existing facilities and sites to the extent economically and practically feasible. The board may also require the applicant to explore cooperative efforts with adjacent districts or, in the case of county superintendents of schools, with adjacent county superintendents of schools, in order that all existing or planned facilities in the general area of need shall be utilized.

SEC. 6. Section 17724 of the Education Code is amended to read:

17724. (a) The board shall not authorize the selection of any school site, or a contract for the construction of any new school building, or for any addition to, or alteration of, any existing building, for lease-purchase to any school district, unless the applicant district has obtained the written approval of the State Department of Education that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to subdivisions (b) and (c), respectively, of Section 39101.

(b) A self-certifying district shall comply with subdivision (a) by certifying to the State Department of Education and the board that the site selection, and the building plans and specifications, comply with the standards adopted by the department pursuant to

subdivisions (b) and (c), respectively, of Section 39101. The self-certifying district shall maintain documentation of the determinations made pursuant to this subdivision as required by the board. Those determinations shall be subject to subsequent audit by the State Department of Education in accordance with this section.

(c) The State Department of Education shall conduct random audits of the information certified by self-certifying districts pursuant to subdivision (b), using generally accepted auditing principles, at any time to ensure compliance with the law.

(d) If any information certified by a self-certifying district pursuant to subdivision (b) is found by the department to contain any material inaccuracy, the department shall so notify the board. The board shall thereupon impose both of the following penalties:

(1) Pursuant to a repayment schedule approved by the board of no more than five years, the district shall repay to the board, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to acquire any site that was selected in material violation of the standards adopted by the department pursuant to subdivision (b) of Section 39101, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The board shall prohibit the district from exercising the self-certifying authority under subdivision (b) under any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1), whichever occurs later.

(e) Any school district against which the board imposed the penalties under paragraphs (1) and (2) of subdivision (d) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(f) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process

under this chapter unless one or more violations are discovered.

SEC. 7. Section 17725 of the Education Code is amended to read:

17725. (a) The board shall not authorize a contract for the construction of any new school, or for the addition to, or reconstruction or alteration of, any existing building, for lease-purchase to any school district unless the applicant district has submitted plans therefor to the Department of General Services and obtained the written approval of the department pursuant to Article 3 (commencing with Section 39140) of Chapter 1 of Part 23.

(b) The board, or the self-certifying district, as applicable, shall certify the compliance of a project with Sections 39002, 39002.5, and 39003, with Division 13 (commencing with Section 21000) of the Public Resources Code, and with any other provision of law that applies to that project, but may require documentation of compliance only as to requirements that are applicable under this chapter. Notwithstanding any other provision of law, for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code, the applicant district shall be deemed to be the "lead agency" with regard to any project funded for that district under this chapter.

SEC. 8. Section 17729 of the Education Code is amended to read:

17729. (a) The board shall authorize the applicant school district to act as its agent in the performance of acts specifically approved by the board and all acts required pursuant to Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3. That authorization shall include, but is not limited to, the selection of school sites, the securing of appraisals, the contracting for architectural services, the advertisement for construction bids and the entering into of contracts therefor and the purchase of furniture and equipment.

(b) If, pursuant to the authority granted under subdivision (a), a self-certifying district submits to the board two or more independent appraisals and certifies to the board that the appraisals were performed by appraisers licensed or certified in accordance with Part 3 (commencing with Section 11300) of Division 4 of the Business and Professions Code and were obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17741.2. In addition, the board shall use any of those appraisals, including an appraisal that is not the highest bid appraisal, for the purposes of this section, except that the board may substitute, for the results of those appraisals, the results of one or more independent appraisals, which may include an appraisal performed by the Department of General Services, obtained by the board for that purpose.

(c) If, pursuant to the authority granted under subdivision (a), any bid reported to the board by a self-certifying district as the lowest responsible bid for a construction contract does not exceed the cost limit established by the board for that purpose, and the district

certifies to the board that the bid was obtained in accordance with standards and procedures imposed by the board for that purpose, the district shall not be required to document its compliance with those standards and procedures except as specified in Section 17741.2.

SEC. 9. Section 17740.2 of the Education Code is amended to read:

17740.2. Where 75 percent or more of the total cost of a project approved under this chapter, not including the portion of the project cost funded by the district matching share required under Section 17705.5, is to be funded by the applicant district from sources other than any state program administered by the board, the area of the allowable new building construction for that project, and the amount of the building cost allowed for that project under this chapter, shall each be increased by 5 percent, plus 1 percent for each 1 percent by which that local contribution exceeds 75 percent.

SEC. 10. Section 17741.1 is added to the Education Code, to read:

17741.1. (a) Notwithstanding any other provision of this chapter, the following determinations shall be made by a self-certifying district, in the manner specified in this chapter and in accordance with the standards governing those determinations that are adopted by the board, for the purpose of calculating the district's eligibility for project funding under this chapter:

(1) The total allowable building area for which the district is eligible for project funding under this chapter.

(2) The district's area of existing adequate school construction, including, but not limited to, the conducting of field inspections for this purpose.

If requested by the applicant district, the board shall provide assistance to the district in preparing the necessary documents for self-certification pursuant to this chapter.

(b) The area determinations made by a self-certifying district pursuant to subdivision (a) shall be certified by the district in its application for project funding and shall be used by the board as the basis for project funding eligibility, except to the extent of any information that the board finds is demonstrated, pursuant to the information certified and any other documentation available to the board from prior project funding applications for that district, to be materially inaccurate, regardless of whether the inaccuracy was intended. No later than 30 calendar days after receipt of the determinations certified pursuant to subdivision (a), the board shall notify the district of any inaccuracies identified under this subdivision.

(c) Each self-certifying district shall maintain documentation of the determinations described in subdivision (a) as required by the board. Those determinations shall be subject to subsequent audit as the board may direct.

(d) All estimates of average daily attendance for a self-certifying district for the purposes of this article shall be made by the district in accordance with the standards governing those estimates that are

adopted by the board. Each determination made by a self-certifying district pursuant to this subdivision shall be reviewed for accuracy by the board or by the county office of education in the county in which the district is located. In the event that the review is performed by the board, that review shall be completed no later than 45 calendar days subsequent to the board's receipt from the district of all documentation necessary for that purpose.

SEC. 10.5. Section 17741.2 is added to the Education Code, to read:

17741.2. (a) The State Allocation Board shall conduct random audits of the information certified by self-certifying districts pursuant to this chapter, except as to any determinations that are made under subdivision (d) of Section 17741.1 or that are subject to audit by the State Department of Education pursuant to Section 17724, using generally accepted auditing principles, at any time to ensure compliance with the law.

(b) If any information submitted by a self-certifying district in its certification of funding eligibility for any project is found by the board to contain any material inaccuracy, any building area constructed as a result, in excess of the building area to which the district was entitled for purposes of that project, shall be included in the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter. In addition, the board shall impose both of the following penalties:

(1) Pursuant to a repayment schedule approved by the board, the district shall repay to the board of no more than five years, for deposit in the State School Building Lease-Purchase Fund, an amount equal to the amount of project funding allocated under this chapter to construct that excess building area, together with interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. The amount of any repayment owing under this paragraph for any fiscal year, which is not repaid otherwise by the district, shall be withheld by the board from any project funding that otherwise would be allocated to that district under this chapter in that fiscal year. As to any repayment obligation remaining for that fiscal year, the board shall notify the Superintendent of Public Instruction, who shall withhold the amount of that remaining obligation from the apportionments to be made to the district from the State School Fund in that fiscal year.

(2) The information that otherwise may be certified under this chapter by a self-certifying district shall be made by the board under any subsequent applications for project funding, rather than by the applicant district, for a period of up to five years following the date of the finding of a material inaccuracy, or until the district's repayment of the entire amount owing under paragraph (1),

whichever occurs later.

(c) Any school district against which the board imposes the penalties under paragraphs (1) and (2) of subdivision (b) may submit for binding determination by an arbitrator the issue of whether the penalties imposed are disproportionate to the inaccuracy certified by the district. Except as otherwise provided by this chapter, the procedure governing the arbitration shall be as set forth in Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(d) It is the intent of the Legislature that audits as described in this section not interfere with the application and construction process under this chapter unless one or more violations are discovered.

SEC. 11. Section 17742.3 of the Education Code is amended to read:

17742.3. In determining its area of adequate school construction, the board, by a unanimous vote of all members present, or a self-certifying district, as applicable, may exclude the square footage of any facility that it determines to be no longer usable for school purposes, in accordance with standards adopted by the board for this purpose. The self-certifying district shall maintain documentation of the calculation certified pursuant to this subdivision as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct.

SEC. 11.5. Section 39000 of the Education Code is repealed.

SEC. 12. Section 39001 is added to the Education Code, to read:

39001. Prior to commencing the acquisition of real property for a new school site or an addition to an existing school site, the governing board of a school district shall evaluate the property at a public hearing using the site selection standards established by the State Department of Education pursuant to subdivision (b) of Section 39101. The governing board may direct the district's advisory committee established pursuant to Section 39296 to evaluate the property pursuant to those site selection standards and to report its findings to the governing board at the public hearing.

SEC. 13. Section 39005 of the Education Code is amended to read:

39005. (a) The requirements set forth in this section are designed to promote the safety of pupils, comprehensive community planning, and greater educational usefulness of school sites.

(b) Before acquiring title to property for a new school site, or for an addition to a present site, as to any site that is within two miles, measured by air line, of any point on an airport runway or a potential runway included in an airport master plan that is nearest the site, the governing board of each school district, including any district governed by a city board of education, shall give the Department of Transportation written notice of the proposed acquisition and shall submit any information required by the department. If the Department of Transportation is no longer in operation, the school district governing board shall, in lieu of notifying the Department of

Transportation, notify the United States Department of Transportation or any other appropriate agency, in writing, of the proposed acquisition for the purpose of obtaining from the department or other agency any information or assistance that it may desire to give.

The Department of Transportation shall investigate the proposed site and, within 30 working days after receipt of the notice, shall submit to the governing board a written report and its recommendations concerning acquisition of the site. The governing board shall not acquire title to the property until the report of the Department of Transportation has been received. If the report does not favor the acquisition of the property for a school site or an addition to a present school site, the governing board shall not acquire title to the property until 30 days after the department's report is received and until the department's report has been read at a public hearing duly called after 10 days' notice published once in a newspaper of general circulation within the school district or, if there is no such newspaper, in a newspaper of general circulation within the county in which the property is located.

SEC. 14. Section 39006 of the Education Code is amended to read:

39006. Notwithstanding Section 39005, immediately after receiving notice of a proposed acquisition of property that is within two miles, measured by air line, of that point on an airport boundary that is nearest the site, the Department of Transportation shall make an investigation and report to the school district governing board within 25 days after receipt of the notice. As part of the investigation, the Department of Transportation shall give notice thereof to the owner and operator of the airport who shall be granted the opportunity to comment upon the proposed school site.

Notwithstanding Section 39005, if the report of the Department of Transportation required by that section does not favor the acquisition of the property for a school site, or an addition to a present school site, the governing body shall not acquire title to the property until 30 days after the department's report is received and until the department's report has been read at a public hearing duly called after 10 days' notice by publication in a newspaper of general circulation within the school district or, if there is no such newspaper, in a newspaper of general circulation within the county in which the property is located.

SEC. 15. Section 39007 of the Education Code is amended to read:

39007. (a) Except as provided in subdivision (b), if the Department of Transportation, in its report submitted to a school district governing board pursuant to Section 39005 or 39006, does not favor acquisition of a proposed site that is within two miles of the center line of an active runway, no state funds, school district funds, or funds of the county in which the district lies shall be granted, apportioned, allowed, or expended, in connection with that site, for school site acquisition or school building construction, or for expansion of existing sites and buildings.

(b) This section does not apply to sites acquired prior to January 1, 1966, nor to any additions or extensions to those sites.

(c) If the recommendation of the Department of Transportation is unfavorable, the recommendation shall not be overruled without the express approval of the State Allocation Board.

SEC. 16. Section 39100 of the Education Code is repealed.

SEC. 17. Section 39101 of the Education Code is amended to read:

39101. The State Department of Education shall:

(a) Upon the request of the governing board of any school district, advise the governing board on the acquisition of new school sites and, after a review of available plots, give the governing board in writing a list of the recommended locations in the order of their merit, considering especially the matters of educational merit, safety, reduction of traffic hazards, and conformity to the land use element in the general plan of the city, county, or city and county having jurisdiction. The governing board may purchase a site deemed unsuitable for school purposes by the State Department of Education only after reviewing the department's report on proposed sites at a public hearing. The department shall charge the school district a reasonable fee for each school site reviewed not to exceed the actual administrative costs incurred for that purpose.

(b) Develop standards for use by a school district in the selection of school sites, in accordance with the objectives set forth in subdivision (a). The department shall investigate complaints of noncompliance with site selection standards and shall notify the governing board of the results of the investigation. If that notification is received prior to the acquisition of the site, the governing board shall discuss the findings of the investigation in a public hearing.

(c) Establish standards for use by school districts to ensure that the design and construction of school facilities are educationally appropriate and promote school safety.

(d) Upon the request of the governing board of any school district, review plans and specifications for school buildings in the district. The department shall charge governing boards of school districts, for the review of plans and specifications, a reasonable fee not to exceed the actual administrative costs incurred for that purpose.

(e) Upon the request of the governing board of any school district, make a survey of the building needs of the district, advise the governing board concerning the building needs, suggest plans for financing a building program to meet the needs. The department shall charge the district, for the cost of the survey, a reasonable fee not to exceed the actual administrative costs incurred for that purpose.

(f) Provide information relating to the impact or potential impact upon any school site of hazardous substances, solid waste, safety, hazardous air emissions, and other information as the department may deem appropriate.

SEC. 18. Section 39158 of the Education Code is repealed.

SEC. 19. (a) The State Allocation Board shall cause standards to

be developed, and appropriate forms to be revised or established, to assist school districts to make the determinations and certifications described in Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code. No later than November 1, 1992, the board shall distribute to each school district in this state copies of the standards and forms prepared pursuant to this section, together with detailed instructions, and training materials, to facilitate compliance with those standards and the use of those forms.

(b) It is the intent of the Legislature that the State Allocation Board consult with the Joint Committee on School Facilities in the development and implementation of standards, forms, instructions, and materials pursuant to subdivision (a).

SEC. 20. Nothing in this act shall be construed to affect in any manner the validity or enforceability of any action taken by the State Allocation Board in implementation of Article 1.5 (commencing with Section 10115) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code.

CHAPTER 847

An act to amend Section 1547.1 of, and to add Chapter 1.5 (commencing with Section 1020) to Part 1 of, Division 2 of the Water Code, relating to water.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature makes all of the following findings and declarations regarding voluntary water transfers:

(a) Water transfers from areas of surplus water supplies to water deficient areas have been discouraged by the following factors:

(1) Challenges to the underlying water right when a transfer is proposed.

(2) Delays in processing water transfers deny the benefits of a transfer during a particular season.

(3) Processing costs of short-term water transfers are high compared to the benefits.

(4) Third-party economic and social impacts in the area from which water is transferred.

(b) New and innovative methods are needed to encourage water transfers and to fully utilize existing supplies of water.

SEC. 2. The Legislature makes all of the following findings and declarations regarding voluntary water leases:

(a) The lease of water to areas of the state with water deficiencies shall be encouraged and assisted by all state agencies.

(b) Water leases will aid water deficient areas during droughts

and at other times by replenishing local and regional water supplies.

(c) Water leases protect areas of origin by preserving water rights for the future needs of these areas.

(d) Water leases will more fully utilize existing water supplies through conservation.

(e) Water leasing will reduce the time and cost of processing short-term water transfers.

(f) Water leasing will encourage water transfers by separating water transfer issues from challenges to the underlying water right.

(g) Water leasing will enhance fish and wildlife values by increasing instream flows below the point of diversion of the lessor and by increasing delta outflow in the Sacramento-San Joaquin Delta.

(h) Third-party economic and social impacts of water transfers will be minimized if the amount of water leased is limited to 25 percent of the water available to a district or individual water right holder.

SEC. 3. Chapter 1.5 (commencing with Section 1020) is added to Part 1 of Division 2 of the Water Code, to read:

CHAPTER 1.5. WATER LEASES

1020. Water may be leased for a period not to exceed five years to assist water conservation efforts pursuant to the terms and conditions of this chapter. The terms and conditions of this chapter are not applicable to water leases or transfers governed by other provisions of law.

1021. (a) The water subject to a water lease agreement shall be water that is subject to a water right of the lessor. The amount of water leased shall not exceed 25 percent of the water that would have been applied or stored by the lessor in the absence of the lease agreement in any given hydrological year.

(b) Each lease agreement shall include enforceable terms which will ensure that the water lease will not injure any legal user of water and will not unreasonably affect fish, wildlife, or other instream beneficial uses.

(c) This chapter applies only to surface water appropriated pursuant to the Water Commission Act (Chapter 586 of the Statutes of 1913, as amended) or this code, or to water appropriated prior to December 19, 1914.

1022. If the water subject to the lease is held by a water district or a water company, hereafter collectively referred to as the district, the following provisions apply:

(a) The governing body of the district may, by a resolution adopted and entered in its minutes, determine that the district should lease water pursuant to this chapter, or, if otherwise required by law, determine that an election should be held to lease water pursuant to this chapter. The district shall administer any water lease and determine whether water is in excess of the needs of the district

and is available for a lease.

(b) Any water lease administered by the district shall include provisions to achieve all of the following:

(1) Establish a schedule for district water users to provide written notice of the intention to participate in a water lease.

(2) Establish a minimum price for the water available for leasing to maintain the financial integrity of the district and enter into leases for that water at market values at or above the minimum price.

(3) Annually distribute the net monetary proceeds to water users in the district who have participated in the water leases, according to district water allocation policies, after first deducting district costs. These costs include, but are not limited to, the cost of the water, whether or not water is delivered, the costs of conveyance, distribution and development facilities, lease administration, and other appropriate district costs apportioned to water users in the district who forgo the use of district water to participate in the water lease.

1024. (a) Nothing in this chapter authorizes the sale of any water right or the modification of any water right or contract.

(b) No right in any water, water contract, or water right shall be acquired by a use permitted under this chapter.

(c) (1) When any person entitled to the use of water under an appropriative right fails to use all or any part of the water because of water conservation efforts and leases that conserved water under this chapter, any such cessation of, or reduction in, the use of the appropriated water that is leased is deemed equivalent to a reasonable beneficial use of water to the extent of that cessation of, or reduction in, use. No forfeiture of the appropriative right to the water conserved shall occur upon the lapse of the forfeiture period applicable to water appropriated pursuant to the Water Commission Act (Chapter 586 of the Statutes of 1913, as amended) or this code, or to water appropriated prior to December 19, 1914.

(2) The state board may require any lessor of water who seeks the benefit of this chapter to file periodic reports describing the extent and amount of the reduction in water use due to water conservation efforts. To the maximum extent possible, the reports shall be made a part of other reports required by the state board relating to the use of water. Failure to file the reports shall deprive the user of water of the benefits of this chapter.

(3) For purposes of this chapter, "water conservation" means the use of less water to accomplish the same purpose or purposes of use allowed under the existing appropriative right. Where water appropriated for irrigation purposes is not used by reason of land fallowing or crop rotation, the reduced usage shall be deemed water conservation for purposes of this section.

1024.5. This chapter does not limit any review of the lessee's use of the leased water.

1025. If the lessor or lessee is a water district, the water lessor shall file a notice with the state board of the water lease agreement and

include in the notice all of the following:

(a) A copy of the lease agreement.

(b) Any water permit or license number.

(c) A description of the environmental conditions in the lease, permit, and license which protect fish and wildlife.

(d) A statement of how the lease will assist water conservation efforts of the lessor.

(e) An agreement undertaken by the lessor and the lessee which specifies how the environmental protection terms and conditions in the permit, license, or lease, and the applicable conditions established pursuant to Section 1029 for the permit, license, or other water right, will be complied with for the duration of the lease.

1025.5. (a) If both the lessor and lessee are private parties, the lessor shall file an application with the state board for approval of the lease agreement and shall include in the application both of the following:

(1) The information and materials described in subdivisions (a) to (e), inclusive, of Section 1025.

(2) Other information which the state board determines is necessary to review the application.

(b) The state board, after providing notice and opportunity for a hearing, may approve the lease if, in the judgment of the state board, the lease would not operate to injure the legal users of water or unreasonably affect fish, wildlife, or other instream beneficial uses.

1025.7. Water leases pursuant to this chapter are not subject to Chapter 10 (commencing with Section 1700) or Chapter 10.5 (commencing with Section 1725) of Part 2.

1026. The lead agency shall not approve a water lease until 30 days after the state board provides written public notice, including notice by personal delivery or registered mail to legal users of water which may be affected by the lease, as identified by the state board, the Department of Fish and Game, and any party requesting special notice of water leases pursuant to this chapter. The water lessor shall pay a reasonable fee, in an amount determined by the state board, for the cost of providing the notice.

1027. (a) Any water lease agreement entered into pursuant to this chapter involving the transfer of water from the Sacramento-San Joaquin Delta shall provide outflow consistent with the carriage water requirements determined by the department to be necessary for the transfer of the water subject to the lease to maintain the water quality which would exist in the delta without the transfer undertaken in connection with the water lease.

(b) Any water lease agreement providing for the lease of water from a lessor north of the Sacramento/San Joaquin Delta to a lessee south of the Sacramento/San Joaquin Delta shall provide for an amount of water for delta salt water repulsion and environmental purposes as administratively prescribed by the state board in proportion to all similar requirements for delta exports.

1028. In any proceeding pursuant to Section 1029, the court shall

determine issues relating to the lease and the effects of the water transfer pursuant to the lease on the legal users of water and on fish and wildlife, but any request or petition to permanently change the water right which may be subject to the lease shall be heard in a separate proceeding.

1029. Division 13 (commencing with Section 21000) of the Public Resources Code applies to water lease agreements authorized by this chapter. For purposes of that division, the lessor is the lead agency, except that if the lessor is a private party and the lessee is a water district, the lessee is the lead agency. If both the lessor and the lessee are private parties, the state board is the lead agency.

1030. During the term of the water lease, the state board shall monitor the lease, as appropriate. The state board shall initiate proceedings, if appropriate, to enforce the terms and conditions of water leases, and permits and licenses or water use authority to ensure that the water lease does not operate to injure any legal user of the water or unreasonably affect fish, wildlife, or other instream beneficial uses.

SEC. 4. Section 1547.1 of the Water Code is amended to read:

1547.1. Every person filing a petition for permission to make a transfer of water or water rights pursuant to Section 386, 1010, 1011, or 1025.5 or Chapter 10.5 (commencing with Section 1725) for use outside of the basin in which the water originates shall pay to the board at the time of filing the petition a fee equal to 25 percent of the amount computed by using the schedules in Article 1 (commencing with Section 1525).

CHAPTER 848

An act to amend Sections 1569.23, 1569.615, and 1569.62 of, and to add Sections 1569.171, 1569.235, 1569.613, 1569.616, and 1569.617 to, the Health and Safety Code, relating to residential care facilities for the elderly, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1569.171 is added to the Health and Safety Code, immediately following Section 1569.17, to read:

1569.171. Prior to issuance to any person of a certificate of completion of the administrator certification program pursuant to Section 1569.616, the department shall secure from an appropriate law enforcement agency a criminal record to determine if the person has been convicted of a crime other than a minor traffic violation. Based upon the criminal record information received, the department shall take appropriate action as provided for in Section

1569.17.

SEC. 2. Section 1569.23 of the Health and Safety Code is amended to read:

1569.23. (a) As a requirement for licensure, the applicant shall demonstrate that he or she has successfully completed a certification program approved by the department.

(b) The certification program shall be for a minimum of 40 hours of classroom instruction and include a uniform core of knowledge which shall include all of the following:

(1) Law, regulations, policies, and procedural standards that impact the operations of residential care facilities for the elderly.

(2) Business operations.

(3) Management and supervision of staff.

(4) Psychosocial need of the elderly residents.

(5) Physical needs for elderly residents.

(6) Community and support services.

(7) Use, misuse, and interaction of drugs commonly used by the elderly.

(8) Resident admission, retention, and assessment procedures.

(c) Successful completion of the certification program shall be demonstrated by passing a written test and submitting a fee of one hundred dollars ($100) to the department for the issuance of a certificate of completion.

(d) The department shall establish by regulation the program content, the testing instrument, process for approving certification programs, and criteria to be used for authorizing individuals or organizations to conduct certification programs. These regulations shall be developed with the participation of provider organizations.

(e) This section shall apply to all applications for licensure unless the applicant provides evidence that he or she has a current license for another residential care facility for the elderly which was initially licensed prior to July 1, 1989, or has successfully completed an approved certification program within the prior five years.

(f) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, or other person serving in a like capacity, or the designated administrator of the facility shall provide evidence of successfully completing an approved certification program.

SEC. 3. Section 1569.235 is added to the Health and Safety Code, to read:

1569.235. As a requirement for licensure, the applicant shall attend an orientation given by the department which outlines the applicable rules and regulations, and the scope and responsibility for operation of a residential care facility for the elderly.

SEC. 4. Section 1569.613 is added to the Health and Safety Code, to read:

1569.613. Any person who becomes an administrator of a residential care facility for the elderly on or after January 1, 1992, shall, at a minimum, comply with all of the following:

(a) Be at least 21 years of age.

(b) Provide documentation of having successfully completed a certification program approved by the department.

(c) Have a high school diploma or pass a general educational development test as described in Article 3 (commencing with Section 51420) of Chapter 3 of Part 28 of the Education Code.

(d) Obtain criminal record clearance as provided for in Sections 1569.17 and 1569.171.

SEC. 5. Section 1569.615 of the Health and Safety Code is amended to read:

1569.615. (a) Notwithstanding Section 1569.62, and until legislation is enacted establishing an administrator certification program, an administrator of a residential care facility, if other than the licensee, shall be required to successfully complete the certification program provided for pursuant to Section 1569.23. In those cases where the individual is both the licensee and the designated administrator of a facility, and the individual is exempt from the requirements of Section 1569.23 as a licensee, the individual shall comply with the requirements of this subdivision as the designated administrator unless he or she qualifies for the exemption provided for in subdivision (b).

(b) An individual designated as the administrator of a residential care facility for the elderly who holds a valid license as a nursing home administrator issued in accordance with Chapter 8.5 (commencing with Section 3901) of Division 2 of the Business and Professions Code shall be exempt from this section.

(c) Individuals designated as the administrator of a residential care facility for the elderly on or after January 1, 1991, shall comply with this section by July 1, 1991. Failure to comply with this section shall constitute cause for revocation of the license.

(d) This section shall become operative on January 1, 1991.

(e) This section shall be operative only until regulations are adopted implementing the administrator certification program pursuant to Section 1569.616.

SEC. 6. Section 1569.616 is added to the Health and Safety Code, to read:

1569.616. (a) (1) An administrator of a residential care facility for the elderly shall be required to successfully complete a department approved certification program prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, or a licensed nursing home administrator, the individual shall comply with the requirements of this section unless he or she qualifies for one of the exemptions provided for in subdivision (b).

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility where the individual is functioning as the administrator.

(b) Individuals seeking exemptions under paragraph (2) of subdivision (a) shall meet the following criteria and fulfill the

required portions of the certification program, as the case may be:

(1) An individual designated as the administrator of a residential care facility for the elderly who holds a valid license as a nursing home administrator issued in accordance with Chapter 8.5 (commencing with Section 3901) of Division 2 of the Business and Professions Code shall be required to complete the areas in the uniform core of knowledge required by this section which pertains to the law, regulations, policies, and procedural standards that impact the operations of residential care facilities for the elderly, the use, misuse, and interaction of medication commonly used by the elderly in a residential setting, and resident admission, retention, and assessment procedures, equal to 12 hours of classroom instruction. An individual meeting the requirements of this paragraph shall not be required to take a written test.

(2) In those cases where the individual was both the licensee and administrator on or before July 1, 1991, the individual will be required to complete all the areas specified for the certification program but shall not be required to take the written test required by this section. Those individuals exempted from the written test shall be issued a conditional certification which is valid only as being the administrator of the facility for which the exemption was granted.

(A) As a condition to becoming an administrator of another facility the individual shall be required to pass the written test provided for in this section.

(B) As a condition to applying for a new facility license, the individual shall be required to pass the written test provided for in Section 1569.23.

(c) (1) The administrator certification program shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of residential care facilities for the elderly.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the elderly.

(E) Community and support services.

(F) Physical needs for elderly persons.

(G) Use, misuse, and interaction of medication commonly used by the elderly.

(H) Resident admission, retention, and assessment procedures.

(2) Successful completion of the administrator certification program shall be demonstrated by passing a written test administered by the department.

(d) The department shall issue a certificate upon receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one

hundred dollars ($100) shall be charged by the department to cover the costs for the issuance of a certificate.

(3) Documentation of passing the written test, unless exempt from the written test pursuant to subdivision (b).

(4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a residential care facility for the elderly. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in paragraph (1) of subdivision (c).

(2) Every administrator of a residential care facility for the elderly is required to complete the continuing education requirements of this subdivision whether he or she is certified according to subdivision (a) or (b).

(3) Certificates issued under this section shall expire on the certificate holder's birthday. The department may send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension.

(6) A certificate which is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(g) (1) The department may revoke a certificate issued under

this section for any of the following:

(A) Procuring a certificate by fraud or misrepresentation.

(B) Knowingly making or giving any false statement or information in conjunction with the application for issuance of a certificate.

(C) Criminal conviction unless an exemption is granted pursuant to Section 1569.17.

(h) The certificate shall be considered forfeited under the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1569.50.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1569.58.

(i) (1) The department shall establish, by regulation, the program content, the testing instrument, the process for approving certification programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification programs and continuing education courses. These regulations shall be developed in consultation with provider organizations, and shall be made available at least six months prior to the deadline required for certification.

(2) The department shall prepare and maintain an updated list of approved training vendors.

(3) The department may inspect training programs and continuing education courses to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(4) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(5) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee not to exceed one hundred dollars ($100) every two years for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(j) This section shall be operative upon regulations being adopted by the department to implement the administrator certification program as provided for in this section.

SEC. 7. Section 1569.617 is added to the Health and Safety Code, to read:

1569.617. (a) There is hereby created in the State Treasury, the Residential Care Facility for the Elderly Fund from which moneys,

upon appropriation of the Legislature, shall be expended by the department for the purpose of administering this article, including the administrator certification program. The sum of one hundred fifty thousand dollars ($150,000) is hereby transferred from the General Fund to this fund and is hereby appropriated from the fund for expenditure in the 1991–92 fiscal year.

(b) The fund shall consist of specific appropriations that the Legislature sets aside for use by the fund and all fees, penalties, and fines collected pursuant to this article.

(c) From the fund, over a three-year period, the department shall repay to the General Fund one hundred fifty thousand dollars ($150,000) plus interest earned on this amount at the rate earned by the Pooled Money Investment Account. Repayments made pursuant to this section shall be made from those fees paid pursuant to Section 1569.616 in the implementation of the administrator certification program.

SEC. 8. Section 1569.62 of the Health and Safety Code is amended to read:

1569.62. (a) The director shall ensure that licensees, administrators, and staffs of residential care facilities for the elderly have appropriate training to provide the care and services for which a license or certificate is issued.

(b) The department shall develop jointly with the Department of Aging, with input from provider organizations, requirements for a uniform core of knowledge within the required 20 hours of continuing education for administrators, and their designated substitutes, and for recertification of administrators of residential care facilities for the elderly. This knowledge base shall include, as a minimum, basic understanding of the psychosocial and physical care needs of elderly persons and administration. The department shall develop jointly with the Department of Aging, with input from provider organizations, a uniform resident assessment tool to be used by all residential care facilities for the elderly. The assessment tool shall, in lay terms, help to identify resident needs for service and assistance with activities of daily living.

The departments shall develop a mandatory training program on the utilization of the assessment tool to be given to administrators and their designated substitutes.

SEC. 9. Any regulations required to be adopted by the department pursuant to this act shall be adopted as emergency regulations on or before March 1, 1992, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, except that for the purpose of adopting emergency regulations, any regulations adopted pursuant to this chapter are hereby deemed to be necessary for the immediate preservation of the public peace, health and safety or general welfare, and no additional findings to that effect shall be required.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 849

An act to add Chapter 3.5 (commencing with Section 42160) to Part 3 of Division 30 of the Public Resources Code, relating to solid waste.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the disposal of major appliances and other large metallic discards in solid waste landfills needlessly uses scarce landfill capacity. The Legislature further finds and declares that major appliances, automobile bodies and parts, and other large metallic items can be effectively separated from the waste stream and recycled. Therefore, the Legislature finds and declares that the purpose of this act is to decrease the disposal of recyclable metallic discards at solid waste landfills and to increase recycling of those products.

SEC. 2. Chapter 3.5 (commencing with Section 42160) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 3.5. METALLIC DISCARDS

Article 1. Definitions

42160. The definitions in this article govern the construction of this chapter.

42161. "Metallic discard" means any large metal article or product, or any part thereof, including, but not limited to, metal furniture, machinery, major appliances, electronic products, and wood-burning stoves.

42162. "Salvage" means the controlled removal of metallic discards from the solid waste stream at a permitted solid waste facility for the express purpose of recycling or reuse.

42163. "Recycling residue" means nonhazardous residue or residue treated to be nonhazardous that is a direct result of metals recovery operations for the express purposes of recycling.

42164. "Solid waste landfill" means a solid waste landfill, as defined in Section 46027.

42165. "Vehicle" means any device used for transportation. "Vehicle" includes bicycles, airplanes, and other transportation devices not used on highways, and automobiles and other vehicles, as defined in Section 670 of the Vehicle Code.

42166. "Major appliance" means any domestic or commercial device, including, but not limited to, a washing machine, clothes dryer, hot water heater, dehumidifier, conventional oven, microwave oven, stove, refrigerator, freezer, air-conditioner, trash compactor, and residential furnace.

42167. "Materials which require special handling" means sodium azide canisters in unspent air bags which are determined to be hazardous by federal and state law or regulation, encapsulated polychlorinated biphenyls (PCBs) in major appliances, and chlorofluorocarbons (CFCs) injected in air-conditioning/refrigeration units or any other hazardous waste or hazardous material regulated by the Department of Toxic Substances Control.

42168. "Solid waste facility" means a solid waste facility as defined in Section 40194.

Article 2. Disposal of Metallic Discard

42170. (a) After January 1, 1994, no solid waste facility shall accept for disposal any major appliance, vehicle, or other metallic discard which contains enough metal to be economically feasible to salvage as determined by the solid waste facility operator.

(b) After January 1, 1994, no person shall place a major appliance or other metallic discard in mixed municipal solid waste or dispose of a major appliance or other metallic discard in or on land, except for a solid waste landfill operator who complies with subdivision (a). This material shall be delivered to a facility to process for reuse or recycling, placed in a solid waste facility for salvage, or disposed of at a solid waste landfill if economically infeasible to salvage.

(c) Notwithstanding any other provision of law, any solid waste facility operator who salvages major appliances, vehicles, other metallic discards or other recyclables shall not be required to revise the solid waste facilities permit to implement these activities.

(d) This section shall be subject to enforcement pursuant to Chapter 1 (commencing with Section 45000) of Part 5.

42171. The board shall evaluate the use of recycling residue for use as solid waste landfill cover materials or for use as extenders for currently used cover material. If used as daily cover or as extenders to daily cover, recycling residues shall have all of the physical characteristics required by regulations for cover materials adopted pursuant to Section 43020. The results of this evaluation shall be reported pursuant to Section 42950.

42172. The board shall conduct its evaluation of recycling residue

in consultation with the Department of Toxic Substances Control, the State Air Resources Board, the State Water Resources Control Board, and any other agency having pertinent jurisdiction. Recycling residue used as daily cover or as extenders in daily cover shall meet performance standards and requirements for cover material as specified in Sections 17682, 17683, and 18211 of Title 14 of the California Code of Regulations.

Article 3. Processing Metallic Discards

42175. On or after January 1, 1994, materials which require special handling shall be removed from major appliances and vehicles in which they are contained prior to crushing for transport or transferring to a baler or shredder for recycling.

42176. On or before January 1, 1993, and with existing funds, the board shall develop and submit a management plan to the Legislature for the removal of materials which require special handling from major appliances and vehicles. The plan shall specify how the removal of materials which require special handling should be financed and administered. The plan shall also specify what, if any, state agency approvals are to be required of those persons removing these materials.

Article 4. Fees and Surcharges for Recycling Residue

42185. No city or county shall impose any fees, except facility operating fees, state-mandated fees, or fees pursuant to Sections 41901, 41902, 41903, and 43213, or surcharges on the disposal of recycling residue generated from the metals recovery and reuse of major appliances, vehicles, and other metallic discards, provided the residue is not delivered to the solid waste facility mixed with other solid waste.

CHAPTER 850

An act relating to public social services.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that when possible the State of California should seek to obtain federal matching funds in order to preserve needed public services.

(b) It is the intent of the Legislature that the State Department of Health Services in cooperation with the State Department of Social Services take advantage of provisions of federal law which

allow state medicaid programs to obtain federal matching funds for personal care services provided to eligible individuals.

(c) It is the intent of the Legislature that the State Department of Health Services and the State Department of Social Services jointly devise a plan which would make it possible to bill the Medi-Cal program for personal care services rendered through the In-Home Supportive Services program.

(d) It is the intent of the Legislature that the implementation of this act shall not decrease the funding available to existing Medi-Cal services.

SEC. 2. The State Department of Health Services and the State Department of Social Services, in consultation with appropriate legislative staff, shall investigate obtaining federal medicaid matching funds for personal care services provided to eligible recipients through the IHSS program that will not result in net General Fund expenditure increases when fully implemented.

CHAPTER 851

An act relating to resources, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The State of California is a participant in the Central Valley Habitat Joint Venture, a geographic division of the North American Waterfowl Management Plan, which has identified the need to establish 120,000 acres of new wetlands in the Central Valley and to improve the habitat on publicly owned wetlands.

(b) The State of California is developing "Guidelines for the Establishment and Use of Mitigation Banks," which will facilitate meeting requirements to mitigate for wetlands damage caused by state construction projects. In order for state agencies to participate in mitigation banking, it is necessary to identify state-owned lands that are suitable for mitigation bank sites.

(c) Those state-owned sites suitable for wetlands restoration not needed for public purposes can serve to relieve pressures on private property to meet wetlands restoration goals in the Central Valley.

SEC. 2. (a) The Director of Fish and Game shall conduct a survey of state-owned wetlands and nonwetlands suitable for restoration larger than 100 acres in the Sacramento Valley and the San Joaquin Valley.

(b) In conducting the survey, the director shall seek information from the State Lands Commission, the Department of Parks and

Recreation, the Department of Water Resources, and the Department of Transportation. Each state agency shall prepare a list of properties of more than 100 acres owned by the state agency in the Sacramento Valley and the San Joaquin Valley, and depict those properties on 15-minute quadrangle maps of the United States Geological Survey.

(c) The director shall consult with appropriate federal agencies, including the Bureau of Reclamation, the Bureau of Land Management, the Fish and Wildlife Service, and the Forest Service.

(d) The director, or his or her representative, in conducting the survey, shall do the following:

(1) Determine what information and resources are already available from departments or agencies in order to reduce the cost of the lands survey.

(2) Determine what resources and information may be available from other public and private agencies in order to reduce the cost of the lands survey.

(3) Clarify that the purpose of the lands survey is not a definitive mapping of wetlands for regulatory purposes.

(4) Identify state-owned lands most suitable for wetlands restoration due to elevations, existence of levees, available sources of water, and proximity to existing wetlands that are protected.

(5) Prepare and submit a report on the survey to the Legislature and the Governor not later than January 1, 1994.

(e) The Department of Fish and Game shall provide for the costs of the study from within its existing resources.

SEC. 3. Any contract entered into for the expenditure of funds that are appropriated to the Department of Fish and Game from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund to carry out activities for the purposes of the Central Valley Habitat Joint Venture with any entity, which may include a nonprofit organization, are not subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

CHAPTER 852

An act to add Section 740.4 to the Public Utilities Code, relating to public utilities.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Legislative Analyst has reported that factors including a national recession, reductions in federal defense spending, and the

California drought have negatively affected tax revenue sources, including corporate, sales, and income tax revenues.

(b) A correlation exists between declining state revenues and the general economic health and competitiveness of the state.

(c) Increased economic development, business retention, and recruitment resources must be identified to assist in both building and maintaining California's economic strength and competitiveness.

(d) Findings of a recent study by a major southern California utility report:

(1) Industrial recruitment and retention are major program components of most out-of-state economic development agencies.

(2) Public utilities located outside of California have established close working relationships with local and state agencies and private industry in support of economic development.

(e) Public utilities have a role in maintaining the economic vitality of the state, and that role can include collaboration with governmental entities in furthering the competitiveness of California business.

SEC. 2. Section 740.4 is added to the Public Utilities Code, to read:

740.4. (a) The commission shall authorize public utilities to engage in programs to encourage economic development.

(b) Reasonable expenses for economic development programs, as specified in this section, shall be allowed, to the extent of ratepayer benefit, when setting rates to be charged by public utilities electing to initiate these programs.

(c) Economic development activities may include, but not be limited to, the following:

(1) Community marketing and development.

(2) Technical assistance to support technology transfer.

(3) Market research.

(4) Site inventories.

(5) Industrial and commercial expansion and relocation assistance.

(6) Business retention and recruitment.

(7) Management assistance.

(d) This section shall not be interpreted to permit the funding of economic development activities which benefit any affiliated companies or parent holding companies beyond that which is authorized by law as of January 1, 1992.

(e) This section shall not authorize the commission to establish discriminatory rates for the purpose of attracting or benefiting specific industries or business entities, except that incentives may be provided for the benefit of industries or business entities located within the boundaries of enterprise zones or economic incentive areas in accordance with the provisions of Chapter 12.8 (commencing with Section 7070) and Article 1 (commencing with Section 7080) of Chapter 12.9 of Division 7 of Title 1 of the

Government Code.

(f) It is the intent of the Legislature that the Public Utilities Commission, in implementing this chapter, shall allow rate recovery of expenses supporting economic development programs within the geographic area served by any public utility to the extent the utility incurring or proposing to incur, those expenses demonstrates that the ratepayers of the public utility will derive a benefit from those programs. Further, it is the intent of the Legislature that expenses for economic development programs incurred prior to the effective date of this chapter, which have not been previously authorized to be recovered in rates, shall not be subject to rate recovery.

CHAPTER 853

An act to add Sections 68081 and 76141 to the Education Code, relating to postsecondary education.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 68081 is added to the Education Code, to read:

68081. A student who is enrolled in a state government legislative or executive fellowship program administered by the state or the California State University is entitled to resident classification at the California State University during the period of the fellowship.

SEC. 2. Section 76141 is added to the Education Code, to read:

76141. (a) In addition to the nonresident tuition fee established pursuant to Section 76140, a community college district may charge to nonresident students who are both citizens and residents of a foreign country an amount not to exceed the amount that was expended by the district for capital outlay in the preceding fiscal year divided by the total full-time equivalent students of the district in the preceding fiscal year. Any fee charged pursuant to this section shall not exceed 50 percent of the nonresident tuition fee established pursuant to Section 76140. Any student who can demonstrate economic hardship or who is a victim of persecution or discrimination in the country in which the student is a citizen and resident is exempt from this fee.

For purposes of this subdivision, the governing board of each community college district that chooses to impose the charge authorized by this section shall adopt a definition of economic hardship that encompasses the financial circumstances of a person who is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Income/State Supplementary Program, or a general assistance program.

(b) Revenue from any fee charged pursuant to this section shall be expended only for purposes of capital outlay, maintenance, and equipment.

CHAPTER 854

An act to amend Sections 5001 , 5003, 5004, 5005, 5006, and 5008 of, and to add Sections 5001.5, 5005.3, and 5013 to, the Insurance Code, relating to earthquake insurance.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 5001 of the Insurance Code is amended to read:

5001. As used in this chapter:

(a) "Commissioner" means the Insurance Commissioner.

(b) "Fund" means the California Residential Earthquake Recovery Fund.

(c) "Residential property" means any of the following when located in this state and used primarily for residential purposes:

(1) Any privately owned single-family residential structure, including, but not limited to, (A) individually owned manufactured homes, as defined in Section 18007 of the Health and Safety Code and (B) factory-built housing, as defined in Section 19971 of the Health and Safety Code, as long as the factory-built housing is privately owned and consists of a single-family residential dwelling.

(2) Individually owned condominium units.

(3) Two-unit residential structures, if at least one of the units is owner occupied.

(4) The owner-occupied unit or units of three- and four-unit residential structures.

(5) Individually owned mobilehomes, as defined in subdivision (a) of Section 18008 of the Health and Safety Code, but not including a recreational vehicle or commercial coach.

"Residential property" does not include real property used for any commercial, industrial, or business purpose, except (A) a single-family structure rented for individual residential purposes or (B) other residential property described in this subdivision, a part of which is also used secondarily for an in-home office or other business purpose as defined by regulations which shall be adopted by the commissioner. It does not include property owned by any public entity. It does not include property being financed under the Veterans' Farm and Home Purchase Act of 1943 or the Veterans' Farm and Home Purchase Act of 1974, commonly known as the Cal-Vet Farm and Home Loan Program.

(d) "Residential property insurance" means insurance covering the loss, destruction, or damage of residential property. It includes policies purchased by an association of condominium owners covering against the loss, destruction, or damage of residential units. It does not include insurance covering contents or personal property.

SEC. 2. Section 5001.5 is added to the Insurance Code, to read:

5001.5. (a) The commissioner shall, by regulation, define "structure" and "covered structural damage" for the purpose of establishing the extent and types of damage that are covered by this chapter, and exclusions from coverage. Covered structural damage shall relate directly to the habitability of the residential property. The definition of structure shall include the residential dwelling itself, including installations that allow or facilitate access to the dwelling by handicapped persons. The definition of structure shall not include outbuildings, walkways, sidewalks, patios, decks, swimming pools, spas, fences, satellite dishes, landscaping, other decorative features, or features or installations that are not essential to habitability.

(b) The commissioner shall, by regulation, define "qualifying earthquake events" for the purpose of determining those seismic events that qualify for coverage under this chapter. Damage not caused by a qualifying earthquake event shall not be covered by this chapter.

SEC. 3. Section 5003 of the Insurance Code, as amended by Chapter 81 of the Statutes of 1991, is amended to read:

5003. (a) Every insured shall at the time of paying the premium for the policy of residential property insurance on property located within the state, pay the earthquake surcharge established by the commissioner. Every association of condominium owners shall pay the earthquake surcharge for its condominium owners. Every insurer shall, at the time of collecting such premium, collect this surcharge. The insurer shall state on the billing statement, as an item separate from the premium, the amount of the surcharge as determined by the commissioner. The surcharge, in addition to the fee required by subdivision (b), shall be shown on the invoice as part of the total amount due from the insured. If the policy provides for the payment of premium on an installment basis, an insurer may collect and remit the surcharge on an installment basis as well. In no event shall an insurer be required to transmit funds in satisfaction of any surcharge obligation that is owed and unpaid by an insured if the transmittal of those funds would make the insured delinquent in meeting the obligations of the policy of residential property insurance. The commissioner shall adopt regulations to implement this subdivision.

(b) Every insurer shall, at the time of collecting the premium for the policy of residential property insurance on property located within the state, collect, along with the earthquake surcharge, an appropriate fee to recover the cost of the insurers', agents', and brokers' administrative expenses for collecting the surcharge. The

fee for the costs shall be filed with the commissioner, and shall be deemed approved unless it is disapproved within 30 days of submission. In the first year of the program, in no event shall the fee exceed one dollar ($1). On October 1, 1992, an insurer may submit to the commissioner a request for approval of a fee to recover the insurer's administrative costs. The fee that may be charged after the first year shall not be subject to the one dollar ($1) limit but in no event shall exceed the cost of the insurer's administrative expenses.

(c) The surcharge shall be transmitted to the Treasurer within 30 days of the end of the month within which the surcharge was collected. These surcharges shall be held in a segregated, interest-bearing account on behalf of the fund with all the accrued interest being remitted to the fund on a monthly basis, but in no event more than 30 days after the end of the month. The Treasurer shall deposit the remitted funds into the fund. The insurer shall transmit to the commissioner the name of the person from whom the surcharge is collected, the names of the insureds who have failed to pay, and other relevant information required by the commissioner. The insurer shall retain the fee collected under subdivision (b) for its administration.

(d) Every residence for which the surcharge is collected shall be provided payments as provided by this chapter in the event of earthquake damage to the residence.

(e) An insurer's obligations under an insurance contract shall not be limited or abrogated by an insured's failure to pay the surcharge.

(f) (1) Except as provided in paragraphs (2) and (3), neither an insurer, an agent or broker, nor the fund shall be liable to a policyholder for the return of the surcharge, or any part thereof, after it has been paid, on account of the termination or cancellation of the underlying policy of residential property insurance.

(2) A surcharge on a policy of residential property insurance purchased by a lender as a result of a borrower or mortgagor's failure to purchase, maintain, or provide evidence of a policy of residential property insurance in accordance with the terms of the loan agreement, mortgage, or note and deed of trust shall be refunded in full by the insurer when the policy is canceled with no earned premium and the surcharge has not been transmitted to the fund.

(3) In the case where the surcharge has been transmitted to the fund, the department shall credit to the insurer the surcharge less the costs to the fund of processing the surcharge remittance and refund. In this case, the insurer shall only be required to refund the portion of the surcharge that it has received from the fund.

(g) (1) In the case of a condominium development or other residential property for which the policy of residential property insurance is purchased by an association or a group of two or more owners, or by a single owner for both units of a two-unit residential property, the surcharge shall be computed and collected on a per-unit basis.

(2) In the event of a claim against the fund by any claimant who

has paid a surcharge based on the computation method of this subdivision, deductibles and maximum limits on payments shall be applied on a per-unit basis.

(3) Payments by the fund to a condominium association claimant shall be made to the condominium association that is the named insured under the residential property insurance policy issued to the condominium association. Payments by the fund to other claimants for whose property residential property insurance was purchased by an association or group of two or more owners shall be made to the association or group as the case may be.

(4) The commissioner shall adopt regulations to implement this subdivision.

SEC. 4. Section 5004 of the Insurance Code, as amended by Section 2 of Chapter 104 of the Statutes of 1991, is amended to read:

5004. (a) The commissioner shall establish the surcharge to be collected pursuant to Section 5003. The surcharge shall be established as follows:

(1) The commissioner shall provide for different surcharges for different risks based upon the earthquake risk for the location and the risk presented by the type and age of the residential property. The commissioner also shall establish a single, fixed surcharge for property insured by policies of residential property insurance purchased by a lender as a result of a mortgagor's failure to purchase, maintain, or provide evidence of, a policy of residential property insurance in accordance with the terms of the mortgage or note and deed of trust. The commissioner may establish a reduced surcharge for residential property specifically designed or retrofitted to withstand earthquake damage provided that the reduction is based on evidence of identifiable and achievable retrofit procedures which reduce the cost of loss from seismic activity.

(2) Except as provided by paragraph (3), the surcharge for a single residence shall not be lower than twelve dollars ($12) or higher than sixty dollars ($60).

(3) The commissioner may adjust the surcharge annually to reflect extraordinary changes in the risk, temporary or extraordinary changes in the condition of the fund, and changes in residential construction costs. However, no annual increase may be made under this paragraph in excess of the increase in the Engineering News Record construction cost index.

(b) The commissioner shall immediately report to the policy committees of the Legislature with jurisdiction over insurance and to the Joint Legislative Budget Committee upon establishing or increasing the surcharge or fee as authorized by this section.

SEC. 5. Section 5005 of the Insurance Code, as added by Chapter 104 of the Statutes of 1991, is amended to read:

5005. (a) The fund shall make payment for structural damages as provided in this chapter to owners of residential property located within the state other than for losses caused by fire, subject to the following limits:

(1) Payment for structural damage is limited to a maximum of fifteen thousand dollars ($15,000) per occurrence.

(2) The payments shall be subject to a deductible equal to one-half of 1 percent of the amount of fire coverage as stated in the policy of residential property insurance, or, if there is no stated amount per unit of residential property, then the fair market value of the residence, excluding land value, but in no case less than one thousand dollars ($1,000), and in no case more than three thousand five hundred dollars ($3,500).

(b) The amount established by subdivision (a) shall be adjusted annually by the commissioner to reflect changes in the construction cost for residential structures.

(c) Except as provided by subdivision (b) of Section 5008, payments from the fund shall apply only for property for which the surcharge was collected. The property shall remain eligible for payments for the period for which the underlying residential property insurance is in effect. The commissioner shall adopt regulations to accommodate payment of surcharges prior to the first renewal date of residential property insurance occurring after commencement of operation of the fund.

(d) The fund shall not make payments to the extent that any loss or damage is covered by any privately purchased policy of insurance. Insurers may submit earthquake insurance rating plans which include deductibles varying in relation to insured values and payments provided under this chapter.

(e) Payments shall not be made by the fund for any loss which is not reported within 90 days after the event causing the loss, except as provided by regulations issued by the commissioner.

The commissioner shall provide an explanation of this requirement, in 10-point type boldface type, with the notice required by Section 5009.

SEC. 6. Section 5005.3 is added to the Insurance Code, to read:

5005.3. All covered structural damage to a residential structure that is caused by a qualifying earthquake event shall give rise to a single claim under the fund. No person or policyholder shall submit, or receive payment by the fund for, more than one claim per residential structure, per qualifying earthquake event.

SEC. 7. Section 5006 of the Insurance Code, as amended by Chapter 104 of the Statutes of 1991, is amended to read:

5006. (a) The commissioner may contract with insurers, licensees of the department, or other persons or entities for the provision of adjustment services. Any person or entity that provides adjustment services shall submit its recommendations to the commissioner, and any payment made on the claim shall be paid by the fund to the claimant.

(b) The commissioner may use a portion of the fund to purchase reinsurance. The commissioner is authorized to contract with insurance brokers and reinsurance providers to obtain reinsurance coverage, and receive reinsurance claims payments, in connection

with the expected liabilities of the fund.

SEC. 8. Section 5008 of the Insurance Code, as amended by Chapter 81 of the Statutes of 1991, is amended to read:

5008. (a) This chapter shall apply to every policy of residential property insurance issued or renewed on or after January 1, 1992, insuring residential property in the state, for losses arising from earthquakes occurring on or after January 1, 1992.

(b) Notwithstanding subdivision (a), payments shall be provided by the fund to owners of residential property located in the state if the residential insurance policy was in effect on January 1, 1992, and the next time for collection of premiums within the meaning of subdivision (a) of Section 5003 has not occurred. However, this subdivision does not apply to residential insurance policies for which the next time of collection of premiums is after December 31, 1992.

(c) The surcharge and fee imposed by this chapter shall not be subject to the gross premiums tax and are not premiums for any other purpose, including the payment of commissions.

SEC. 9. Section 5013 is added to the Insurance Code, to read:

5013. (a) After the program has been in operation for five years, the commissioner shall conduct a study of program operations and report the results of that study to the Governor and the Legislature. The scope of the study and report shall include, but not be limited to, the condition of the fund, an evaluation of the functioning of the program in terms of its stated purposes, and a recommendation of whether the program should be continued, and if it should be continued, an analysis of any changes in program operations that may be necessary to better fulfill its purposes. The report shall be submitted no later than January 31, 1997.

(b) The commissioner shall, within 120 days following any seismic event that results in the payment of claims by the fund, submit to the Legislature a concise written report of program operations related to that seismic event. The commissioner shall submit to the Legislature, one year following a major seismic event that results in payment of claims from the fund, a detailed report of program operations related to the seismic event. The reports required by this subdivision shall include, but not be limited to, a report of progress on payment of claims, a report of payments made and anticipated by the fund, and a general assessment of the functioning of the fund in response to the seismic event.

CHAPTER 855

An act to amend Section 2688 of, and to add Sections 2661.5 and 2673 to, the Business and Professions Code, relating to physical therapy, and making an appropriation therefor.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 2661.5 is added to the Business and Professions Code, to read:

2661.5. (a) In any order issued in resolution of a disciplinary proceeding before the committee, the committee may request the administrative law judge to direct any licensee found guilty of unprofessional conduct to pay to the committee a sum not to exceed the actual and reasonable costs of the investigation and prosecution of the case.

(b) The costs to be assessed shall be fixed by the administrative law judge and shall not in any event be increased by the committee. When the committee does not adopt a proposed decision and remands the case to an administrative law judge, the administrative law judge shall not increase the amount of the assessed costs specified in the proposed decision.

(c) When the payment directed in an order for payment of costs is not made by the licensee, the committee may enforce the order of payment by bringing an action in any appropriate court. This right of enforcement shall be in addition to any other rights the committee may have as to any licensee directed to pay costs.

(d) In any judicial action for the recovery of costs, proof of the committee's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(e) (1) Except as provided in paragraph (2), the committee shall not renew or reinstate the license or approval of any person who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the committee may, in its discretion, conditionally renew or reinstate for a maximum of one year the license or approval of any person who demonstrates financial hardship and who enters into a formal agreement with the committee to reimburse the committee within that one year period for those unpaid costs.

(f) All costs recovered under this section shall be deposited in the Physical Therapy Fund as a reimbursement in either the fiscal year in which the costs are actually recovered or the previous fiscal year, as the committee may direct.

SEC. 2. Section 2673 is added to the Business and Professions Code, to read:

2673. The committee shall provide, on or before September 30,

1992, the Business and Professions Committee of the Senate and the Health Committee of the Assembly with a report on investigation and enforcement actions pursuant to this chapter. This report shall identify the following:

(a) The number of individuals who have been investigated or disciplined pursuant to this chapter, by category of investigation and enforcement action.

(b) The cost of an investigation or enforcement action pursuant to this chapter on an individual case basis.

(c) The percentage of funds derived from an increase in fees pursuant to Senate Bill 483 of the 1990–91 Regular Session that will be used for investigational, enforcement, and related activities by the board and committee.

SEC. 3. Section 2688 of the Business and Professions Code is amended to read:

2688. The amount of fees provided in connection with licenses or approvals for the practice of physical therapy is as follows:

(a) The application fee for a physical therapist's license shall be fixed by the examining committee at not more than fifty dollars ($50). The application fee for an applicant under Section 2653 shall be fixed by the committee at not more than one hundred dollars ($100).

(b) The examination and reexamination fees for the physical therapist examination and the physical therapist assistant examination shall be the actual cost to the committee of the purchase and grading of each written examination, plus the actual cost to the committee of administering each examination.

(c) The initial license fee for a physical therapist license shall be eighty dollars ($80), unless a lower fee is fixed by the committee.

(d) The renewal fee for a physical therapist license shall be eighty dollars ($80), unless a lower fee is fixed by the committee.

(e) A fee to be set by the committee of not more than fifty dollars ($50) shall be charged for each application for approval as a physical therapist assistant.

(f) A fee of eighty dollars ($80) shall be charged for the issuance of and for the renewal of each approval as a physical therapist assistant, unless a lower fee is fixed by the committee.

(g) Notwithstanding Section 163.5, the delinquency fee shall be 50 percent of the renewal fee in effect.

(h) The duplicate wall certificate fee shall not exceed twenty dollars ($20). The duplicate renewal receipt fee shall not exceed twenty dollars ($20).

(i) The endorsement or letter of good standing fee is thirty dollars ($30).

CHAPTER 856

An act to amend Sections 16724, 16730, 16731, 16731.5, 16740, 16741, and 16754.3 of, and to add Section 16724.6 to, the Government Code, relating to state bonds, and making an appropriation therefor.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 16724 of the Government Code is amended to read:

16724. The bond act shall contain all of the following provisions:

(a) A statement of the total amount of bonds authorized to be issued and the purpose for which the proceeds from the sale of the bonds may be used.

(b) The creation of a committee and fund, and the naming of the board as these items are defined in Section 16722.

(c) A statement that the bonds are valid obligations of the state and a pledge of the full faith and credit of the state for the punctual payment of both principal and interest thereof.

(d) An appropriation from the General Fund in the State Treasury of the sum annually as shall be necessary to pay the principal and interest on the bonds as they become due and payable.

(e) A requirement that there be collected annually in the same manner and at the same time as other state revenue is collected the sum, in addition to the ordinary revenues of the state, as is required to pay the principal and interest on the bonds; and a provision making it the duty of all officers charged by law with any duty in regard to the collections of the revenue to do and perform each and every act which is necessary to collect that additional sum.

(f) If the bond act provides that the fund shall have any receipts other than the proceeds of the sale of bonds, the proceeds of interim financing, or the investment earnings on the proceeds of bond sales or interim financing, then the bond act shall also specify whether those receipts shall be transferred to the General Fund as a reimbursement for debt service payments or be used for the same purpose for which the proceeds of the sale of the bonds may be used.

(g) A provision incorporating the provisions of this chapter, and a declaration that the provisions hereof are included in the act as though set out in full therein.

(h) A statement that the bonds may be refunded in accordance with Article 6 (commencing with Section 16780), and that approval of the authorization of the bonds by the electors includes approval of any bonds issued to refund the bonds originally issued.

(i) A statement that notwithstanding any other provision of the bond act, or of the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2

of the Government Code), if the Treasurer sells bonds pursuant to this bond act that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law, or take any other action with respect to the investment and use of those bond proceeds, as may be required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

(j) A statement that the board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312, for the purposes of carrying out the bond act. The amount of the request shall not exceed the amount of the unsold bonds that the committee has by resolution authorized to be sold for the purpose of carrying out the bond act. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with the bond act.

SEC. 1.5. Section 16724.6 is added to the Government Code, to read:

16724.6. There is hereby transferred from any bond fund created for the proceeds of sales of state general obligation bonds, the amounts necessary to reimburse the Treasurer for actual expenses incurred in: (1) administering loans from the Pooled Money Investment Account to the bond fund, (2) assuring bond program compliance with federal laws and regulations related to tax-exempt government obligations by tracking arbitrage and expenditures, calculating and remitting federal rebates and penalties, investing bond sale proceeds, establishing and maintaining special accounting systems, and providing such other services the Treasurer determines are necessary to maintain the tax-exempt status of the bonds.

SEC. 2. Section 16730 of the Government Code is amended to read:

16730. Upon request of the board, supported as required in the bond act, the committee shall determine the necessity or desirability of obtaining interim financing pursuant to Section 16312 or 16313 and of issuing any bonds authorized to be issued and the amount of interim financing or bonds then to be obtained or issued and sold. Successive issues of bonds may be authorized and sold and shall be designated by an appropriate number or other designation. It is not necessary that all of the bonds authorized to be issued be sold at any one time.

SEC. 3. Section 16731 of the Government Code is amended to read:

16731. Whenever the committee determines that the sale of all

or any part of the bonds authorized to be issued is necessary or desirable, it shall adopt a resolution to that effect. The resolution shall specify as to the bonds then to be sold:

(a) The aggregate number, aggregate par value, denominations and the date of the bonds to be then sold. The denominations shall be in the sum of one thousand dollars ($1,000), or multiples of that sum. The date appearing on the bonds shall be deemed to be the date of issuance for all purposes of this chapter, irrespective of the actual date of delivery of the bonds and the payment of the purchase price of the bonds.

(b) The dates of maturity, and the amount of the bonds maturing at each date of maturity, which amounts need not be equal, but which dates shall be at annual or semiannual intervals, and the first of which dates of maturity shall be not more than five years, and the last of which dates of maturity shall be not more than 45 years, after the date of the bonds.

(c) Whether or not the bonds are to be subject to redemption at the option of the board prior to maturity, and, if so, the provisions for the redemption, the manner of the call thereof, and the price or prices at which the bonds shall be subject to redemption.

(d) The annual rate, or rates, of interest which the bonds to be issued shall bear, which may be in multiples of one-eighth or one-twentieth of 1 percent, payable semiannually, but not in excess of 11 percent, which rate or rates may be determined at the time of the sale of the bonds.

(e) The interest payment dates.

(f) The technical form and language of the bonds.

(g) Whether or not the right is reserved to make delivery in the form of temporary or interim bonds, certificates, or receipts, exchangeable for definitive bonds when executed and available for delivery, and if the right is reserved the denominations and form of the temporary securities.

(h) Whether the bonds are to be issued in coupon form or in fully registered form, or both, and whether or not any coupon bonds are to be subject to registration, and if so, whether the registration is to be as to principal only, or as to both principal and interest, or in either of the forms at the option of the holder, and the form and all of the terms and conditions of the registration. If the registration is provided for, coupon bonds may be interchanged for registered bonds and registered bonds for coupon bonds, and all of the provisions of this chapter with reference to the payment of bonds and interest coupons shall be subject to the terms and conditions of the registration with respect to the payment of registered bonds and the interest on registered bonds.

(i) All other terms and conditions of the bonds and of the execution, issuance, and sale of the bonds, which shall be consistent with all of this chapter.

SEC. 3.5. Section 16731.5 of the Government Code, as added by Senate Bill 392 of the 1991–92 Regular Session, is amended to read:

16731.5. (a) Notwithstanding any other provision of this chapter, the committee may provide for the issuance of all or part of the bonds authorized to be issued as zero coupon or capital appreciation bonds. The committee shall adopt a resolution finding that issuance of these bonds is necessary and desirable, directing the Treasurer to arrange for preparation of the requisite number of suitable bonds, and specifying other provisions relating to the bonds including the following:

(1) The date, number, denominations, and aggregate par value of the bonds payable at maturity. The aggregate par value may be represented by bond certificates in denominations as the committee deems appropriate, but not less than one thousand dollars ($1,000).

(2) The dates of maturity and the aggregate amounts of the bonds maturing on each of these dates. Determination of maturity dates and amounts by the committee shall be made upon recommendation of the Treasurer to provide the maximum benefit to potential purchasers and to respond to the expected demand for the bonds. Whenever the committee determines to issue bonds from any authorized bond act as zero coupon or capital appreciation bonds, and to issue bonds from the same authorization at the same time pursuant to Section 16731, the committee may comply with the requirements of subdivision (b) of Section 16731 by taking into account all the bonds of the same authorization being issued at the same time.

(3) The interest rate or rates, and interest payment dates applicable to the bonds. Zero coupon bonds may bear a zero rate of interest, and capital appreciation bonds may bear a stated rate of interest payable only at maturity, compounded at the same rate, which rate or rates may be determined at the time of sale of the bonds. The rate of interest borne by these bonds, or the nominal interest rate taking into account the original issue discount of these bonds, when bearing a zero interest rate, shall not exceed 11 percent per annum.

(4) Any provisions for the redemption of the bonds prior to their stated maturity.

(5) The technical form and language of the bonds.

(6) All other terms and conditions of the bonds and of their execution, issuance, and sale, deemed necessary and appropriate by the committee.

(b) Notwithstanding any other provision of this chapter, when the committee determines to issue bonds as zero coupon or capital appreciation bonds, all of the following shall apply:

(1) The bonds may be sold at negotiated sale at a price below the par value in a manner consistent with paragraph (3) of subdivision (a). If the committee determines to issue other bonds authorized by the same bond act at the same time as zero coupon or capital appreciation bonds are issued, the other bonds may also be sold at negotiated sale with a discount of not more than 3 percent of the par amount thereof.

(2) For purposes of determining the principal amount of bonds of any voted authorization outstanding, in the case of any bonds which are zero coupon or capital appreciation bonds and do not provide for payment of interest on the bond prior to maturity, the principal amount of the bonds shall be the cash price paid by the initial purchasers of the bonds to the state, and deposited in the fund, plus the amount of any costs of issuance of the bonds. Within 30 days of the delivery of any zero coupon or capital appreciation bonds, the Treasurer shall submit to the committee a certificate stating the principal amount of bonds of each issue, calculated as stated in this subdivision, which have been sold, and the certification shall be conclusive for all purposes under this chapter and the constitution.

(3) The committee may arrange to utilize the services of investment banks, commercial banks, savings and loans or other financial institutions, or other advisers as it may deem appropriate to publicize and assist in the marketing and sale of zero coupon or capital appreciation bonds.

(c) When zero coupon or capital appreciation bonds are issued pursuant to this section, the debt service payments on the bonds should continue to be managed in a manner consistent with the state's policy of retiring general obligation bonds in an orderly efficient manner. It is the expectation of the Legislature that the authority provided by this section will not be used to defer debt service payments as a means of preserving General Fund moneys for short-term purposes. The committee shall provide in the resolution authorizing the issuance of zero coupon or capital appreciation bonds that the state shall set aside, in a separate trust fund within the State Treasury, an amount in each year representing the amount of interest accrued during that year to be payable at the maturity of the bonds, with these payments to be deemed a payment of debt service on the bonds.

SEC. 4. Section 16740 of the Government Code is amended to read:

16740. After the adoption by the committee of any resolution in conformity with Section 16731, the Treasurer shall arrange for the preparation of the requisite number of suitable bonds, in accordance with the resolution, and in so doing shall arrange for the imprinting thereon of the interest rates and other appropriate matter after the sale of the bonds and the awarding thereof to the successful bidder.

SEC. 5. Section 16741 of the Government Code is amended to read:

16741. All bonds shall bear the facsimile signature of the Governor, the facsimile signature of the Controller, and the facsimile signature of the Treasurer, and each of the bonds shall bear an impress or a facsimile of the Great Seal of the State of California. Each such signature shall be that of the person who shall be in office at the date of authorizing the affixing thereof. Bonds and coupons so executed, when sold, shall be valid and binding notwithstanding any of these persons having ceased to hold their respective offices before

the issuance and delivery of the bonds.

SEC. 6. Section 16754.3 of the Government Code is amended to read:

16754.3. (a) The bonds specified in the resolution shall be sold by the Treasurer, at the time fixed by the Treasurer, and upon the notice that the Treasurer may deem advisable, or at the time to which the sale shall have been so continued, either at public sale, upon sealed bids, to the bidder whose bid will result in the lowest interest cost on account of those bonds or by negotiated sale if the Treasurer determines it will result in a lower interest cost. The Treasurer may sell the bonds at a price below the par value thereof, but the discount on bonds so sold shall not exceed 3 percent of the par value. The interest, if any, accrued to the date of delivery of, and payment for, the bonds shall be added to the sale price of the bonds in any case.

(b) The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the true interest cost method. The net interest cost of each bid shall be determined by ascertaining the total amount of interest which the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the interest rate or rates specified in the bid, less the total amount of the premium, if any (or plus the total amount of the discount, if any), offered by the bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the true interest cost method, the bonds shall be awarded to the bidder submitting the lowest interest rate bid determined by the nominal interest rate that, when compounded semiannually and used to discount the debt service payments on the bonds to the date of the bonds, results in an amount equal to the price bid for the bonds, excluding interest accrued to the date of delivery. Under either method the sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of the temporary securities.

(c) This section shall apply to any bonds authorized at any statewide election held at any time after the effective date of this section. Section 16754 shall apply only to bonds authorized at elections held before the effective date of this section.

SEC. 7. Section 3.5 of this act shall only become operative if Senate Bill 392 is enacted during the 1991 portion of the 1991–92 Regular Session.

CHAPTER 857

An act to amend Section 87302 of, to add Section 87501 to, and to repeal Sections 89503.5, 89505.5, and 89507 of, the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 87302 of the Government Code is amended to read:

87302. Each Conflict of Interest Code shall contain the following provisions:

(a) Specific enumeration of the positions within the agency, other than those specified in Section 87200, which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest and for each such enumerated position, the specific types of investments, business positions, interests in real property, and sources of income which are reportable. An investment, business position, interest in real property, or source of income shall be made reportable by the Conflict of Interest Code if the business entity in which the investment or business position is held, the interest in real property, or the income or source of income may foreseeably be affected materially by any decision made or participated in by the designated employee by virtue of his or her position.

(b) Requirements that each designated employee, other than those specified in Section 87200, file statements at times and under circumstances described in this section, disclosing reportable investments, business positions, interests in real property and income. The information disclosed with respect to reportable investments, interests in real property, and income shall be the same as the information required by Sections 87206 and 87207. The first statement filed under a Conflict of Interest Code by a designated employee shall disclose any reportable investments, business positions, interests in real property, and income. An initial statement shall be filed by each designated employee within 30 days after the effective date of the Conflict of Interest Code, disclosing investments, business positions, and interests in real property held on the effective date of the Conflict of Interest Code and income received during the 12 months before the effective date of the Conflict of Interest Code. Thereafter, each new designated employee shall file a statement within 30 days after assuming office, or if subject to State Senate confirmation, 30 days after being appointed or nominated, disclosing investments, business positions, and interests in real property held on, and income received during the 12 months before, the date of assuming office or the date of being

appointed or nominated, respectively. Each designated employee shall file an annual statement, at the time specified in the Conflict of Interest Code, disclosing reportable investments, business positions, interest in real property and income held or received at any time during the previous calendar year or since the date the designated employee took office if during the calendar year. Every designated employee who leaves office shall file, within 30 days of leaving office, a statement disclosing reportable investments, business positions, interests in real property, and income held or received at any time during the period between the closing date of the last statement required to be filed and the date of leaving office.

(c) Specific provisions setting forth any circumstances under which designated employees or categories of designated employees must disqualify themselves from making, participating in the making, or using their official position to influence the making of any decision. Disqualification shall be required by the Conflict of Interest Code when the designated employee has a financial interest as defined in Section 87103, which it is reasonably foreseeable may be affected materially by the decision. No designated employee shall be required to disqualify himself or herself with respect to any matter which could not legally be acted upon or decided without his or her participation.

(d) For any position enumerated pursuant to subdivision (a), an individual who resigns the position within 45 days following initial appointment is not deemed to assume or leave office, provided that during the period between appointment and resignation, the individual does not make, participate in making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position.

SEC. 2. Section 89501 is added to the Government Code, to read:

89501. Notwithstanding subdivision (n) of Section 87500, members of state licensing or regulatory boards, bureaus, or commissions shall file their statements of economic interest required by this chapter with their agency which shall make and retain a copy and forward the original to the commission which shall be the filing officer.

SEC. 3. Section 89503.5 of the Government Code is repealed.

SEC. 4. Section 89505.5 of the Government Code is repealed.

SEC. 5. Section 89507 of the Government Code is repealed.

SEC. 6. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 858

An act to amend Sections 4343, 4344, 4345, 4346, 4347, 4348, 4349, 4350, 4351, and 4352 of, and to amend the heading of Chapter 4 (commencing with Section 4343) of Part 3 of Division 4 of, and to add Sections 4350.5 and 4352.5 to, the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 4 (commencing with Section 4343) of Part 3 of Division 4 of the Welfare and Institutions Code is amended to read:

CHAPTER 4. PRIMARY INTERVENTION PROGRAM

SEC. 2. Section 4343 of the Welfare and Institutions Code is amended to read:

4343. The Legislature recognizes that prevention and early intervention services have long been slighted in the community mental health programs and has identified, as a goal of the Bronzan-McCorquodale program, the prevention of serious mental disorders and psychological problems. It is the intent of the Legislature to establish throughout the state a school-based primary intervention program designed for the early detection and prevention of emotional, behavioral, and learning problems in primary grade children with services provided by child aides or unpaid volunteers under the supervision of mental health professionals. The Legislature recognizes the documented significant improvement of children who have participated in the program over time. The goal of the primary intervention program is to help young children derive maximum profit from the school experience and, in so doing, prevent later-life problems of school failure, unemployment, delinquency, criminal behavior, and substance abuse.

SEC. 3. Section 4344 of the Welfare and Institutions Code is amended to read:

4344. Primary intervention programs shall be developed in accordance with the guidelines and principles set forth in this chapter. To this end, school districts, publicly funded preschool programs, and local mental health programs may implement primary intervention programs with available funds, or may jointly apply to the State Department of Mental Health to be considered for grant programs outlined in this chapter.

SEC. 4. Section 4345 of the Welfare and Institutions Code is

amended to read:

4345. The Director of Mental Health shall develop guidelines for primary intervention programs in accordance with the following:

(a) School-based programs shall serve children in grades kindergarten through three.

(b) The programs may serve children beyond grade three who could benefit from the program but the number of children accepted into the program from grades four and above shall not represent more than 15 percent of the total number of children served.

(c) The programs may serve children enrolled in a publicly funded preschool program.

(d) The programs shall serve children referred by either a screening process, a teacher, school-based mental health professionals, other school personnel who have had opportunities to observe children in interpersonal contacts, or parents. If a screening process is utilized, behavior rating scales shall constitute the primary instrument from which referrals to primary intervention programs are made. To a more limited extent, observations of children working on structured tasks and standardized projective tests may also be used.

(e) The programs may include a parent involvement component.

(f) Before acceptance of a child into a primary intervention program, parental consent is required.

SEC. 5. Section 4346 of the Welfare and Institutions Code is amended to read:

4346. (a) Each primary intervention program shall have a core team consisting of school-based mental health professionals, including credentialed school psychologists, school counselors, school social workers, or local mental health program professionals, or a combination thereof, and child aides.

(b) The school-based mental health professionals shall be responsible for accepting referred children into the program, supervision of the child aides, assignment of a child to an aide, evaluation of progress, and determination of termination from the program. The mental health professionals shall supervise the scoring and interpretation of screening and assessment test data, conduct conferences with parents, and evaluate the effectiveness of individual aides.

(c) Where three or more child aides are utilized at a program site, one shall be designated as the senior aide, who shall be responsible for communication among school personnel, and for the administrative functions of scheduling with aides and teachers, arranging case conferences, and maintaining records. The senior aid shall not function as supervisor of the other child aides.

(d) Child aides, under supervision of the school-based mental health professional, shall conduct weekly play sessions with children served in the primary intervention programs. Child aides may be salaried school aides, unpaid volunteers or other persons with time and interest in working with young children, and who may be

provided stipends to meet expenses.

(e) All aides shall undergo a time-limited period of training that is focused on the main intervention strategies of the particular program and is provided prior to direct contacts with the children served in the primary intervention programs. Training shall, at a minimum, include basic child development, crisis intervention, techniques of nondirective play, other intervention skills appropriate to identified problem areas, and instruction in utilizing supervision and consultation.

SEC. 6. Section 4347 of the Welfare and Institutions Code is amended to read:

4347. School districts or publicly funded preschools receiving funds under this chapter shall demonstrate a capability for referral to appropriate public and private community services. The referrals shall be made through contacts with families in response to information regarding the need for referral arising from the child aide sessions.

SEC. 7. Section 4348 of the Welfare and Institutions Code is amended to read:

4348. (a) (1) Subject to the availability of funding each year, the State Department of Mental Health shall award primary intervention program grants pursuant to a request for proposal consistent with the provisions of this chapter.

(2) In counties over 100,000 in population, each application shall be the product of a proposal developed jointly between the local mental health program and a school district or publicly funded preschool. The grant award shall be administered by the local mental health program.

(3) In counties 100,000 in population and under, an application may be submitted pursuant to paragraph (2) or by the county superintendent of schools on behalf of one or more school districts, or by a school district. If an application is submitted by the county superintendent of schools or by a school district, the county office of education or the school district shall administer the grant and the application shall include evidence satisfactory to the department that adequate mental health training and consultation will be provided at each program site.

(b) Prior to dissemination of a request for proposal, the department shall establish a maximum figure for the amount of program funds available per project site and for the number of sites that may be funded per school district or regional area. The department shall be guided in its decisions by the availability of uncommitted funds designated for the primary intervention program.

(c) Primary intervention program grants shall be funded from funds allocated to the State Department of Mental Health for primary intervention programs in accordance with Section 11489 of the Health and Safety Code, and from moneys allocated from the General Fund and other funding sources.

(d) Upon approving a primary intervention grant, the State Department of Mental Health shall contract with the grant recipient to provide a primary intervention program for a period of one year, subject to annual renewal for an additional two years.

(e) Costs of a primary intervention program shall be financed on a basis of:

(1) A maximum of 50 percent from primary intervention program grant funds or a maximum established by the department, whichever is less.

(2) At least 50 percent from a combination of school district or preschool and local mental health program funds.

(f) The school district or preschool share may be in-kind contributions, including staff, space, equipment, materials, and reasonable administrative services.

(1) Contributed space to be used for child aide sessions must be comfortable, attractive, and engaging to young children. Small individual rooms are preferable.

(2) Space to be used for group meetings and consultation sessions may also be contributed.

(3) Equipment and materials may be contributed if they include items that encourage child participation in nondirective play.

(g) The local mental health program share may include either the cost of the mental health professionals as described in subdivision (b) of Section 4346 or the contribution of professional staff to provide case consultation to the child aides and assistance in child aide training.

SEC. 8. Section 4349 of the Welfare and Institutions Code is amended to read:

4349. The State Department of Mental Health shall, on the basis of applications submitted pursuant to a request for proposal, select recipients of primary intervention program grants based on the following criteria:

(a) Availability of professional and other program staff with related experience and interest in early intervention.

(b) Reasonable evidence of future stability of the program and its personnel.

(c) Representation of a wide range of economic, ethnic, and cultural populations.

(d) Demonstration of strong support by the teaching, pupil services, and administrative personnel at the school or preschool and by the local mental health program.

(e) Assurance that grants would supplement existing local resources.

SEC. 9. Section 4350 of the Welfare and Institutions Code is amended to read:

4350. (a) The role of the school district or preschool in each approved primary intervention program shall be to do all of the following:

(1) Arrange for mental health professionals based at the program

site to supervise program staff and procedures. These persons may be either pupil personnel staff or local mental health program staff.

(2) Recruit and train child aides.

(3) Screen and assess children in accordance with guidelines established by the department.

(4) Provide individual and group play sessions to selected children in accordance with guidelines established by the department.

(5) Provide space and equipment for child aide sessions with children and for staff meetings.

(6) Establish and maintain program records.

(7) Prepare program reports in accordance with guidelines established by the department.

(8) Submit periodic statements of program grant fund expenditures to the local mental health program for reimbursement in accordance with the approved program budget.

(b) The role of the local mental health program in each approved jointly proposed primary intervention program shall be to:

(1) Administer state program grant funds awarded by the department by contracting with the school district or preschool to provide a primary intervention program in accordance with this chapter and the joint proposal of the local mental health program and the school district or preschool as approved by the department.

(2) Contribute professional staff to the program to do both of the following:

(A) Assist the school district or preschool in the recruiting and initial training of child aides.

(B) Provide ongoing case consultation and training to the child aides at regular intervals at the program site.

(3) Ensure access to appropriate mental health treatment services available within the county's program for those children in the program and their families who require services that are beyond the scope and purposes of the primary intervention program.

(c) The role of the State Department of Mental Health in each approved primary intervention program shall be to:

(1) (A) Develop a contract with the local mental health program for provision of a primary intervention program in accordance with this chapter and the joint proposal of the local mental health program and school district or preschool as approved by the department.

(B) Develop contracts with the county superintendent of schools or a school district for provision of a primary intervention program in accordance with this chapter and the proposal submitted by the county superintendent of schools or a school district pursuant to paragraph (3) of subdivision (a) of Section 4348.

(2) Develop contracts with school districts or local mental health programs to permit the establishment of technical assistance centers to support in the timely and effective implementation of the primary intervention programs. Technical assistance centers shall be in

districts which have successfully implemented programs over a period of time.

(3) Disburse program grant funds to the local mental health program or county superintendent of schools or school district in accordance with terms of the contract.

(4) Conduct visits to each program site at least once during the first year of funding, and thereafter as necessary, in order to determine compliance with this chapter and the contract and to determine training needs of program staff.

(5) Provide for periodic training workshops for program staff.

(6) Establish guidelines for program procedures, screening and assessment of children, records, and reports.

SEC. 10. Section 4350.5 is added to the Welfare and Institutions Code, to read:

4350.5. (a) School districts or county superintendents of schools proposing to serve as grant recipients pursuant to paragraph (3) of subdivision (a) of Section 4348 shall perform the functions described in subdivision (a) of Section 4350.

(b) The county office of education or school district subject to subdivision (a) shall ensure the provision of adequate initial and ongoing case consultation and training for child aides at regular intervals at each program site from qualified mental health professionals.

SEC. 11. Section 4351 of the Welfare and Institutions Code is amended to read:

4351. The department shall provide for training of program personnel. Funds for this purpose may be appropriated under Section 11489 of the Health and Safety Code, through other special funds, or through the state budget. Training of program personnel may be contracted out to programs designated by the State Department of Mental Health appropriate to provide these services.

SEC. 12. Section 4352 of the Welfare and Institutions Code is amended to read:

4352. (a) The State Department of Mental Health shall conduct a review of each primary intervention program at least once during the first year of funding, and thereafter as necessary.

(b) The purposes of the reviews are program improvement and compliance with the guidelines set forth in this chapter. The review procedure shall be adequately flexible for application to primary intervention programs of varying sizes and models.

(c) The State Department of Mental Health may contract for the conducting of reviews with programs appropriate for providing these services. Funds may be appropriated for this purpose pursuant to Section 11489 of the Health and Safety Code, from other special funds, or through the annual Budget Act.

SEC. 13. Section 4352.5 is added to the Welfare and Institutions Code, to read:

4352.5. Up to 10 percent of the total state funds available annually for the primary intervention program from all sources may be

utilized by the department for administration, training, consultation, and evaluation.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to detect and prevent emotional, behavioral, and learning problems in primary grade children at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 859

An act to add Section 10147 to the Business and Professions Code, to add Section 2079.9 to the Civil Code, and to add Chapter 13.4 (commencing with Section 8893) to, Division 1 of Title 2 of the Government Code, relating to seismic safety.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 10147 is added to the Business and Professions Code, to read:

10147. (a) On or before January 1, 1993, the Seismic Safety Commission shall develop, adopt, and publish a Commercial Property Owner's Guide to Earthquake Safety for distribution to licensees for purposes of Section 2079.9 of the Civil Code and, upon request, to any member of the general public.

(b) In developing the guide, the Seismic Safety Commission shall consult with the Office of Emergency Services, the Division of Mines and Geology of the Department of Conservation, the Department of Real Estate, and other interested agencies and persons.

(c) The commission shall, to the extent possible, rely on currently available data to develop the guide. To the extent necessary, the commission may contract for the development and production of the guide. The commission shall update the contents of the guide whenever it determines that information within the guide is sufficiently inaccurate or incomplete so as to reduce the effectiveness of the guide. The commission shall charge a fee to cover the costs of production, distribution, development, and updating the guide.

(d) The guide shall include, but need not be limited to, all of the following:

(1) Maps and information on geologic and seismic hazard conditions in the state.

(2) Explanations of typical structural and nonstructural earthquake hazards.

(3) Recommendations for mitigating the hazards of an earthquake, including references and explanations of what constitutes "adequate wall anchorage" as defined in Section 8893.1 of the Government Code.

(4) A statement that there are no guarantees of safety or damage prevention that can be made with respect to a major earthquake and that only precautions, such as retrofitting, can be taken to reduce the risk of various types of earthquake damage. For purposes of preparing the statement, the commission shall confer with insurers and design professional associations.

SEC. 2. Section 2079.9 is added to the Civil Code, to read:

2079.9. (a) If a Commercial Property Owner's Guide to Earthquake Safety described in Section 10147 of the Business and Professions Code is delivered to a transferee in connection with the transfer of real property, including property specified in Section 1102 or under Chapter 7.5 (commencing with Section 2621) of Division 2 of the Public Resources Code, a seller or broker is not required to provide additional information concerning, and the information shall be deemed to be adequate to inform the transferee regarding, geologic and seismic hazards, in general, as described in the guide, that may affect real property and mitigating measures that the transferee or seller might consider.

(b) Notwithstanding subdivision (a), nothing in this section increases or decreases the duties, if any, of sellers, their brokers or agents under this article or under Chapter 7.5 (commencing with Section 2621) or Chapter 7.8 (commencing with Section 2690) of Division 2 of the Public Resources Code, or alters the duty of a seller, agent, or broker to disclose the existence of known hazards on or affecting the real property.

SEC. 3. Chapter 13.4 (commencing with Section 8893) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 13.4. HAZARDOUS BUILDING WALL ANCHORAGE LAW

Article 1. Legislative Findings

8893. (a) The Legislature finds and declares that buildings constructed of precast concrete wall construction (commonly referred to as tilt-up buildings) or reinforced masonry buildings with inadequate wall anchorage to wood frame floors or roofs continue to pose a serious threat to public safety and the economic viability of the State of California because of their potential for damage and collapse during earthquakes.

(b) The Legislature further finds and declares that in areas affected by past earthquakes, buildings with walls that were properly anchored to floors or roofs suffered less earthquake damage, less earthquake collapse, and fewer hazards to life.

(c) Therefore, it is the intent of the Legislature that this chapter shall ensure that earthquake hazards of all precast concrete or

reinforced masonry buildings with inadequate wall anchorage to wood frame floors or roofs in the State of California are mitigated.

Article 2. Adequate Wall Anchorage

8893.1. (a) For purposes of this chapter, "adequate wall anchorage" means a connection between the wall and the floor, or between the wall and the roof construction, of a precast concrete or reinforced masonry building with wood frame floors or roof, which is capable of resisting the horizontal forces specified in Section 2312(g) or Section 2310 of the 1988 Edition of the Uniform Building Code of the International Conference of Building Officials. If adequate wall anchorage is achieved within three years from the date of receipt of notice pursuant to this chapter then compliance as specified in Section 8893.4 shall be deemed to have been achieved.

(b) Adequate wall anchorage shall not be accomplished by use of toe nails or nails subject to withdrawal or by wood ledgers or framing used in cross-grain bending or cross-grain tension. If adequate wall anchorage is achieved within three years from the date of receipt of notice pursuant to this chapter then compliance as specified in Section 8893.4 shall be deemed to have been achieved.

(c) Adequate wall anchorage shall include continuous ties or struts between diaphragm chords to distribute the horizontal forces specified in Section 2310 or Section 2336 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials, whichever is greater. If adequate wall anchorage is achieved within three years of receipt of notice pursuant to this chapter then compliance as specified in Section 8893.4 shall be deemed to have been achieved.

8893.2. On and after January 1, 1993, the transferor, or his or her agent, of any precast concrete or reinforced masonry building with wood frame floors or roofs, built before January 1, 1975, which is located within any county or city shall, as soon as practicable before the sale, transfer, or exchange, deliver to the purchaser a copy of the Commercial Property Owner's Guide to Earthquake Safety described in Section 10147 of the Business and Professions Code.

8893.3. This article does not apply to any of the following:

(a) Transfers which are required to be preceded by the furnishing to a prospective transferee of a copy of a public report pursuant to Section 11018.1 of the Business and Professions Code.

(b) Transfers pursuant to court order, including, but not limited to, transfers ordered by a probate court in the administration of an estate, transfers pursuant to a writ of execution, transfers by a trustee in bankruptcy, transfers by eminent domain, or transfers resulting from a decree for specific performance.

(c) Transfers to a mortgagee by a mortgagor in default, transfers to a beneficiary of a deed of trust by a trustor in default, transfers by any foreclosure sale after default, transfers by any foreclosure sale after default in an obligation secured by a mortgage, transfers by a

sale under a power of sale after a default in an obligation secured by a deed of trust or secured by any other instrument containing a power of sale, or any subsequent transfer by a mortgagor or beneficiary of a deed of trust who accepts a deed in lieu of foreclosure or purchases the property at a foreclosure sale.

(d) Transfers by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust.

(e) Transfers from one coowner to one or more coowners.

(f) Transfers made to a spouse, or to a person or persons in the lineal line of consanguinity of one or more of the transferors.

(g) Transfers between spouses resulting from a decree of dissolution of a marriage, from a decree of legal separation, or from a property settlement agreement incidental to either of those decrees.

(h) Transfers by the Controller in the course of administering the Unclaimed Property Law, Chapter 7 (commencing with Section 1500) of Title 10 of Part 3 of the Code of Civil Procedure.

(i) Transfers under Chapter 7 (commencing with Section 3691) or Chapter 8 (commencing with Section 3771) of Part 6 of Division 1 of the Revenue and Taxation Code.

(j) Transfers for which the transferee has agreed in writing that the building or structure will be demolished within one year of the date of transfer.

8893.4. If the transferee has received notice pursuant to this chapter and has not brought the building or structure into compliance within three years of that date, the owner shall not receive payment from any state assistance program for earthquake repairs resulting from damage during an earthquake until all other applicants have been paid.

8893.5. No transfer of title shall be invalidated on the basis of a failure to comply with this chapter.

CHAPTER 860

An act to add Article 22 (commencing with Section 20360) to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, relating to transportation.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Traffic congestion and the air pollution resulting from vehicle emissions creates an unhealthy environment for the people of California, demonstrating the need for multimodal transportation systems in urban areas which will improve mobility, contribute to

better air quality, reduce traffic congestion, and lessen the consumption of fossil fuels.

(2) Certain rail transit technologies presently employed in urban California do not reflect the latest technological features potentially available through advanced rail systems, such as magnetic levitation, monorail, and other advanced rail systems, which may have environmental benefits and may be less expensive to construct, operate, and maintain.

(3) Public resources for the construction of rail transit systems, while substantially augmented by the recent adoption by the voters of such measures as Propositions 108, 111, and 116, are still inadequate to fund the implementation of advanced rail transit technologies needed to address traffic congestion and air pollution.

(4) The ability of local transportation agencies, which are responsible for providing local rail transit service, to deliver to the commuting public advanced rail transit technologies will be enhanced by a private sector program involving innovative agreements providing for private entities to undertake all or a portion of the study, planning, design, development, acquisition, installation, construction, and leasing of those rail systems and related intermodal facilities utilizing in whole or part private sources of financing.

(5) The Los Angeles County Transportation Commission has requested legislation that would allow it to seek proposals from the private sector for agreements to assist in implementing those rail systems and related facilities, including, but not limited to, systems to link the Los Angeles International Airport with the Palmdale Regional Airport and to link the eastern and western portions of the San Fernando Valley.

(6) The Los Angeles County Transportation Commission should be authorized to undertake, and the Department of Transportation should be required to assist in, the development through private sector initiatives of locally approved rail transit systems and related facilities that implement advanced rail transit technologies.

(b) In order to accomplish these purposes, the Legislature has enacted Article 22 (commencing with Section 20360) of Chapter 1 of Part 3 of Division 2 of the Public Utilities Code.

SEC. 2. Article 22 (commencing with Section 20360) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 22. Los Angeles County Transportation Commission

20360. This article applies to contracts by the Los Angeles County Transportation Commission for rail transit facilities.

20361. As used in this article, the following terms have the definitions provided:

(a) "Commission" means the Los Angeles County Transportation Commission.

(b) "Department" means the Department of Transportation.

(c) "Protection from competition" means any contractual provision that is necessary to protect the project revenues required to repay the costs to study, plan, design, build, acquire, install, operate, and maintain rail transit systems and related facilities, and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities.

20362. (a) Notwithstanding any other provision of law, the commission may solicit proposals from, and negotiate and enter into agreements with, private entities for the study, planning, design, development, acquisition, installation, construction, leasing, and warranty of rail transit systems that implement advanced rail transit technology and related works of improvements, including passenger loading or intermodal facilities.

(b) A procurement pursuant to this article, or a procurement for the purposes specified in this article commenced prior to January 1, 1992, is valid if all of the following requirements are met:

(1) The commission shall make a finding by a two-thirds vote of all of its members that a specific procurement is in the best interests of the public.

(2) A request for proposals shall identify all significant evaluation factors.

(3) The commission shall establish reasonable procedures for technical evaluation of the proposals received and selection of proposals for the purposes of negotiations and entering into an agreement.

(4) The commission may negotiate and enter into agreements with proposers whose projects the commission determines meet the objectives of the requests for proposals. The decisions of the commission shall be discretionary, shall be based on a finding that the decisions made are in the best interest of the public, and shall be final.

(5) The commission shall conduct noticed public hearings, as follows:

(A) Prior to selecting a proposal or proposals for negotiation, hear public comments on and objections to the proposals received. Following consideration of those public comments and objections, the commission and shall accept, reject, or accept with conditions a proposal or proposals for negotiation of a proposed agreement; and

(B) Subsequent to selecting a proposal or proposals and prior to entering into an agreement, hear public comments on and objections to the terms and conditions of the proposed agreement. Following consideration of those public comments and objections, the commission shall approve, disapprove, or approve with conditions the proposed agreement or agreements.

(c) The commission shall make every effort to encourage the production in the Los Angeles area of rail transit equipment and materials procured pursuant to this article, unless federal funds are used for development of the rail transit system, in which case the commission shall encourage that local production to the extent

allowed by federal law.

20363. For purposes of facilitating these projects, the agreements may include provisions for the lease of facilities, rights-of-way, and airspace, exercise of the power of eminent domain to facilitate the purposes of the agreements, the granting of development rights and opportunities, the granting of necessary easements and rights of access, the issuance of permits and other authorizations, protection from competition, the sharing of costs and liabilities, remedies in the event of default of either of the parties, granting of other contractual and real property rights, and other provisions determined necessary to ensure the financing, development, and operation of feasible facilities.

20364. (a) The commission may exercise any power it possesses to facilitate the implementation of rail transit systems and related facilities pursuant to this article.

(b) Any agreement for the operation of rail transit systems constructed pursuant to this article shall be consistent with applicable law.

20365. (a) The commission and the department may enter into agreements with each other that define the responsibilities of each party in implementing the program pursuant to this article. The department may exercise any power it possesses to facilitate the implementation of, and use of rights-of-way for, rail transit systems and related facilities pursuant to this article.

(b) At the request of the commission, the department shall lease to the commission for up to 99 years, pursuant to subdivision (c), and the commission may sublease to third parties in accordance with this article, the use of areas above or below that portion of existing state highways and any portion other than the traveled portion of the right-of-way of state highways, to be directly used for rail transit systems, intermodal facilities, and related commercial development, so long as the improvements are feasible from an engineering standpoint, in conformity with established safety design standards, not in conflict with improvements to the affected state highway the department reasonably contemplated at the time of the lease, consistent with good ecological and environmental planning, and not in conflict with the zoning regulations of the local government concerned.

(c) The commission shall pay to the department one dollar ($1) per year for 35 years in consideration for the lease. Thereafter, the commission shall pay to the department an amount equal to 50 percent of the fair market value of the remainder of the lease.

(d) The revenues the commission receives from any sublease shall reflect a fair market return over the term of the sublease, giving consideration to the improvements, dedications, fees, and other contributions the sublessee agrees to make for the rail transit system, intermodal facilities and other public facilities, and shall be deposited in a special fund, kept separate and apart from other funds, and used solely to pay or reimburse the commission for all costs it has incurred

or will incur in connection with the development, operation, and maintenance of the rail transit system to which the sublease is related. However, if revenues exceed those costs and an adequate reserve for anticipated future costs, the department shall be entitled to the excess revenues.

20366. Projects authorized by this article shall do all of the following:

(a) Provide an opportunity to utilize advanced rail transit technology.

(b) Retain for the commission the authority to establish fare rates.

(c) Require no funding from the transactions and use tax revenues of the commission or from state funds directly for construction of rail transit systems and related facilities during the construction period of the rail transit system. However, nothing in this subdivision precludes the use or commitment of funds in connection with any guaranty, insurance policy, letter of credit agreement, or other credit enhancement or liquidity arrangement issued by the commission for the payment of interest, principal, and premiums on any loan, lease, bond, certificate of participation or other obligation, or evidence of indebtedness incurred in connection with the construction of the rail transit system and related facilities.

(d) In the County of Los Angeles, include a system linking the Los Angeles International Airport with the Palmdale Regional Airport. Any agreement entered into by the commission pursuant to this article shall also include an option that may be exercised by the commission to develop a system linking the eastern and western portions of the San Fernando Valley based upon an analysis that includes all of the following comparisons:

(1) The public costs of the system proposed in the option to those of any other system serving the same corridor proposed by the commission.

(2) The potential impacts on noise and air quality of the system proposed in the option to those of any other system serving the same corridor proposed by the commission.

(3) The time schedule for completion of construction of the system proposed in the option to that of any other system serving the same corridor proposed by the commission.

(e) Provide new service to commuters and an economic benefit to the public.

20367. All contracts entered into pursuant to this article shall include a requirement that the contractor exercise good faith efforts to achieve the disadvantaged business enterprise participation goals to be established for each contract by the commission in accordance with that agency's disadvantaged business enterprise program. The overall participation goal for the total dollar value of contracts awarded pursuant to this article shall be not less than 20 percent for disadvantaged business enterprises.

20368. A project constructed pursuant to this article is a public works project for purposes of Section 1720 of the Labor Code.

20369. Construction or operation of a project may require the relocation, replacement, or alteration of facilities of another public agency or private owner. The costs of that relocation, replacement, or alteration shall be borne by the commission and the facility owner in the same manner and proportion as they would be borne by the department and a facility owner with respect to state highways pursuant to Sections 680 and 700 to 711, inclusive, of the Streets and Highways Code.

CHAPTER 861

An act to add Section 14670.9 to the Government Code, relating to state lands.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 14670.9 is added to the Government Code, to read:

14670.9. (a) Notwithstanding Sections 11011 and 14670, and Section 118 of the Streets and Highways Code, the Director of General Services, with the approval of the State Public Works Board, may lease for a period of no longer than 66 years, to the City of San Jose, the County of Santa Clara, or a public authority formed by the City of San Jose or the County of Santa Clara, the following real property:

Approximately 102 acres of vacant land located in the northerly side of the east campus of Agnews State Hospital, County of Santa Clara. The southerly line of this parcel shall be located on Center Road.

The lease shall be for current market value and upon those terms and conditions and with such reservations and exception which in his or her opinion may be in the best interest of the state. The lease shall not permit the construction of any permanent building within 400 feet of the nearest hospital building.

(b) Net revenues generated by the lease of the parcel of Agnews State Hospital land as described in subdivision (a), shall be deposited as follows:

(1) Fifty percent in the General Fund.

(2) Fifty percent in the special account of the Department of Developmental Services.

"Net revenues," as used in this section, means cash and the cash value of any compensation other than cash.

It is the intent of the Legislature that the appropriations from this account shall be for the purposes of nonrecurring expenditures within the State Department of Developmental Services such as

capital expenditures for developmental centers and startup of new state or private developmental services facilities.

(c) Notice of every public auction or bid opening shall be posted on the property to be leased and shall be published in a newspaper of general circulation published in the county in which the real property to be leased is situated. The lease of property pursuant to this section is exempt from the provisions of Sections 21100 to 21174, inclusive, of the Public Resources Code.

(d) As to any property leased pursuant to this section, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, below a depth of 500 feet, without surface rights of entry.

SEC. 2. The Legislature finds and declares that the provision of decent and affordable housing for state employees, persons who have disabilities, and persons who are elderly, is a public purpose of great statewide importance.

CHAPTER 862

An act relating to public utilities.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Public Utilities Commission shall not increase, or approve an increase in, rates for electrical services for agricultural and, if applicable, pumping customers by an amount more than the system average rate increase before June 1, 1992.

The State Energy Resources and Development Commission shall conduct an analysis of the economic implications of higher rates to agricultural class customers and the various alternatives available to them to reduce their electricity demands or to develop alternative, less expensive, power sources, and shall submit the analysis to the Legislature before June 1, 1992.

CHAPTER 863

An act to amend Section 15051 of the Health and Safety Code, relating to health facility construction inspectors.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public. Structural, fire, and panic safety elements and details shall be inspected by the statewide office through its contracts with the Department of General Services and the office of the State Fire Marshal.

(e) The statewide office shall approve one or more classes of inspectors that shall include, but not be limited to, all of the following:

(1) "A" inspectors, who may inspect all phases of construction, including, but not limited to, structural.

(2) "B" inspectors, who may inspect all phases of construction, except structural.

(3) "C" inspectors, who may inspect all phases of construction projects that the statewide office determines do not materially alter the mechanical, electrical, architectural, or structural integrity of the health facility.

CHAPTER 864

An act to amend Sections 15043 and 15051 of the Health and Safety Code, relating to hospital buildings.

[Approved by Governor October 11, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 15043 of the Health and Safety Code is amended to read:

15043. (a) The statewide office shall pass upon and approve or reject all plans for the construction or the alteration of any hospital building, independently reviewing the design to assure compliance with the requirements of this chapter. The statewide office shall review the structural systems and related details, which shall include the independent review of the geological data, through its contract with the Department of General Services. Geological data shall be reviewed by an engineering geologist, and structural design data shall be reviewed by a structural engineer.

(b) Whenever the statewide office finds a violation of this chapter which requires correction, a citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 1.5. Section 15043 of the Health and Safety Code is amended to read:

15043. (a) The statewide office shall pass upon and approve or reject all plans for the construction or the alteration of any hospital building, independently reviewing the design to assure compliance with the requirements of this chapter. The statewide office shall review the structural systems and related details, which shall include the independent review of the geological data. Geological data shall be reviewed by an engineering geologist, and structural design data shall be reviewed by a structural engineer.

(b) Whenever the statewide office finds a violation of this chapter which requires correction, a citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 2. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be

responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public. Structural, fire, and panic safety elements and details shall be inspected by the statewide office through its contracts with the Department of General Services and the office of the State Fire Marshal. Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 2.5. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued

to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 2.6. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public. Structural, fire, and panic safety elements and details shall be inspected by the statewide office through its contracts with the Department of General Services and the office of the State Fire Marshal.

Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

(e) The statewide office shall approve one or more classes of inspectors that shall include, but not be limited to, all of the following:

(1) "A" inspectors, who may inspect all phases of construction, including, but not limited to, structural.

(2) "B" inspectors, who may inspect all phases of construction, except structural.

(3) "C" inspectors, who may inspect all phases of construction projects that the statewide office determines do not materially alter the mechanical, electrical, architectural, or structural integrity of the health facility.

SEC. 2.7. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall

provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

(e) The statewide office shall approve one or more classes of inspectors that shall include, but not be limited to, all of the following:

(1) "A" inspectors, who may inspect all phases of construction, including, but not limited to, structural.

(2) "B" inspectors, who may inspect all phases of construction, except structural.

(3) "C" inspectors, who may inspect all phases of construction projects that the statewide office determines do not materially alter the mechanical, electrical, architectural, or structural integrity of the health facility.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 15043 of the Health and Safety Code proposed by both this bill and AB 47. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 15043 of the Health and Safety Code, and (3) this bill is enacted after AB 47, in which case Section 1 of this bill shall not become operative.

SEC. 4. (a) Section 2.5 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by both this bill and AB 47. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 15051 of the Health and Safety Code, (3) AB 1230 is

not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 47, in which case Sections 2, 2.6, and 2.7 of this bill shall not become operative.

(b) Section 2.6 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by both this bill and AB 1230. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 15051 of the Health and Safety Code, (3) AB 47 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 1230 in which case Sections 2, 2.5, and 2.7 of this bill shall not become operative.

(c) Section 2.7 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by this bill, AB 47, and AB 1230. It shall only become operative if (1) all three bills are enacted and become effective on January 1, 1992, (2) all three bills amend Section 15051 of the Health and Safety Code, and (3) this bill is enacted after AB 47 and AB 1230, in which case Sections 2, 2.5, and 2.6 of this bill shall not become operative.

CHAPTER 865

An act to amend Sections 14950 and 14951 of, and to add Sections 14963 and 14964 to, the Government Code, and to amend Sections 15001, 15040, 15043, 15047, 15051, 15052, 15053, 15055, 15056, 15080, 18901, 18921, 18929, 18930, and 18941.5 of, to add Section 18934.7 to, to add Chapter 6 (commencing with Section 18949.1) to Part 2.5 of Division 13 of, and to repeal Section 15057 of, the Health and Safety Code, relating to architecture, development, and construction.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) There are more than 30 state offices involved in the regulation of the design and construction industry which fall within the jurisdiction of five of the Governor's cabinet secretaries.

(b) This fragmented governmental structure provides no single point of accountability or authority capable of streamlining and improving the overall regulatory system which leads to inconsistent and inefficient regulation which results in time delays and increased costs.

(c) Although the design and construction industry is the largest economic force in California with $45.7 billion in activity and over 600,000 people employed, the current governmental regulatory system does not afford the design and construction industry a single

point of authority capable of addressing the waste and duplication in this area of governmental regulation.

(d) In 1987, the Governor established the State and Consumer Services Agency Task Force on Design and Construction Policy which included architects, engineers, contractors, developers, and representatives from various state departments and which recommended that one solution to the problem would be to establish a single authority responsible for administering state design, construction, regulatory, capital outlay activities, and real estate activities.

(e) The state must build over 2,000 classrooms in the next 10 years just to keep class sizes equal to what they are today, but it takes twice as long to build a school today as it did in the 1960's.

SEC. 2. Nothing in this act is intended to expand the overall regulatory authority of the state agencies affected by the act. In that regard, this act shall not subject private development projects that would not otherwise be subject to state agency review or approval to state agency review or approval on or after the effective date of this act.

SEC. 3. Section 14950 of the Government Code is amended to read:

14950. There is in the Department of General Services a State Architect who shall report directly to the director. He or she shall be appointed by the Governor with the approval of the Senate for a term of four years commencing with January 15 next following the general election at which a Governor is elected, and he or she shall hold office until appointment and qualification of his or her successor or until 150 days shall have elapsed since the expiration of the term for which he or she was appointed, whichever first occurs; but he or she may be dismissed by the Governor, with or without cause, at any time. The Governor may fill any vacancy in the Office of State Architect for the unexpired portion of the term, but the appointment shall be subject to approval of the Senate at the next regular session of the Legislature.

No person shall be eligible for the Office of State Architect who has not, for a period of five years next preceding his or her appointment, held a certificate to practice architecture in California issued by the California State Board of Architectural Examiners.

The State Architect shall not engage in the private practice of architecture or in a managing capacity in any private business or enterprise. The salary of the State Architect shall be as provided by Article 1 (commencing with Section 11550) of Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4. Section 14951 of the Government Code is amended to read:

14951. The Department of General Services shall succeed to the powers, duties, and functions with respect to architectural services previously vested in the Division of Architecture or the State Architect of the Department of Public Works.

The State Architect has general charge, under the Department of General Services, of the erection of all state buildings and shall have an inspector assigned to each building during its construction.

It shall be the policy of the state that one of the prime considerations in the design of state buildings shall be the conservation of energy resources needed to heat, cool, and light these buildings; along with usefulness, environmental quality, aesthetic effect, and all matters relating to fire protection and fire safety.

In determining the requirements necessary to comply with this policy, the owning and operating costs for the anticipated life of the building shall be used rather than initial cost only.

SEC. 5. Section 14963 is added to the Government Code, to read:

14963. The duties and functions formerly conducted by the State Fire Marshal that relate to construction, school, plan checking, and construction inspection are hereby transferred to the Office of the State Architect.

SEC. 6. Section 14964 is added to the Government Code, to read:

14964. (a) The duties and functions formerly conducted by the Office of the State Architect and the State Fire Marshal that relate to hospital plan checking and construction inspection are hereby transferred to the Office of Statewide Health Planning and Development. These duties include, but are not limited to, those specified in Division 12.5 (commencing with Section 15000) of the Health and Safety Code.

(b) The qualifications for the personnel reviewing fire and life safety aspects of schools and hospitals within the Office of the State Architect and the Office of Statewide Health Planning and Development shall be the same as those qualifications required of personnel formerly reviewing fire and life safety aspects of those facilities within the Office of the State Fire Marshal. It shall continue to be the responsibility of the State Fire Marshal to provide a high level of ongoing professional development and training for the personnel reviewing fire and life safety aspects of schools and hospitals within the Office of the State Architect and the Office of Statewide Health Planning and Development.

(c) The qualifications for the personnel reviewing and inspecting structural safety aspects of hospitals at the Office of Statewide Health Planning and Development shall be the same as those qualifications required of personnel formerly reviewing and inspecting structural safety aspects of hospitals at the Office of the State Architect.

(d) From July 1, 1992, until July 1, 1994, both the Office of Statewide Health Planning and Development and the Office of the State Architect shall report quarterly to the Legislature and the interested public on the status of average length of plan review and approval for hospitals and schools respectively.

SEC. 7. Section 15001 of the Health and Safety Code is amended to read:

15001. It is the intent of the Legislature that hospitals, which

house patients who have less than the capacity of normally healthy persons to protect themselves, and which must be reasonably capable of providing services to the public after a disaster, shall be designed and constructed to resist, insofar as practical, the forces generated by earthquakes, gravity, and winds. In order to accomplish this purpose, the Legislature intends to establish proper building standards for earthquake resistance based upon current knowledge, and intends that procedures for the design and construction of hospitals be subjected to independent review. It is the intent of the Legislature to preempt from local jurisdictions the enforcement of all building standards published in the State Building Standards Code relating to the regulation of hospital projects and the enforcement of other regulations adopted pursuant to this chapter, and all other applicable state laws, including the plan checking and the inspection of the design and details of the architectural, structural, mechanical, plumbing, and electrical systems, and the observation of construction. The Office of Statewide Health Planning and Development shall assume these responsibilities by establishing, maintaining, and operating separate, but coordinated, plan review and field inspection units within the office.

It is the intent of the Legislature that where local jurisdictions have more restrictive requirements for the enforcement of building standards, other building regulations, and construction supervision, these requirements shall be enforced by the state.

It shall be the responsibility of each local jurisdiction to keep the Office of Statewide Health Planning and Development advised as to the existence of any more restrictive local requirements. Where a reasonable doubt exists as to whether the requirements of the local jurisdiction are more restrictive, the effect of these requirements shall be determined by the Building Safety Board.

It is further the intent of the Legislature that the Office of Statewide Health Planning and Development, with the advice of the Building Safety Board, may conduct research directed toward the reduction or elimination of earthquake safety hazards in hospital buildings, including contracting with any department of engineering at any public or private university in California to conduct research directed toward the reduction or elimination of earthquake safety hazards in hospital buildings.

SEC. 8. Section 15040 of the Health and Safety Code is amended to read:

15040. The statewide office shall observe the construction of, or addition to, any hospital building or the reconstruction or alteration of any hospital building, as it deems necessary to comply with this chapter for the protection of life and property.

SEC. 9. Section 15043 of the Health and Safety Code is amended to read:

15043. The statewide office shall pass upon and approve or reject all plans for the construction or the alteration of any hospital building, independently reviewing the design to assure compliance

with the requirements of this chapter. The statewide office shall review the structural systems and related details, which shall include the independent review of the geological data. Geological data shall be reviewed by an engineering geologist, and structural design data shall be reviewed by a structural engineer.

SEC. 9.5. Section 15043 of the Health and Safety Code is amended to read:

15043. (a) The statewide office shall pass upon and approve or reject all plans for the construction or the alteration of any hospital building, independently reviewing the design to assure compliance with the requirements of this chapter. The statewide office shall review the structural systems and related details, which shall include the independent review of the geological data. Geological data shall be reviewed by an engineering geologist, and structural design data shall be reviewed by a structural engineer.

(b) Whenever the statewide office finds a violation of this chapter which requires correction, a citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 10. Section 15047 of the Health and Safety Code is amended to read:

15047. All fees shall be paid into the State Treasury and credited to the Hospital Building Account, in the Architecture Public Building Fund, and are continuously appropriated without regard to fiscal years for the use of the statewide office, subject to approval of the Department of Finance, in carrying out this chapter. Adjustments in the amounts of the fees, as determined by the statewide office and approved by the Department of Finance, shall be made within the limits set in Section 15046 in order to maintain a reasonable working balance in the account.

SEC. 11. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

SEC. 11.5. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

SEC. 11.6. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the

supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

(e) The statewide office shall approve one or more classes of inspectors that shall include, but not be limited to, all of the following:

(1) "A" inspectors, who may inspect all phases of construction, including, but not limited to, structural.

(2) "B" inspectors, who may inspect all phases of construction, except structural.

(3) "C" inspectors, who may inspect all phases of construction projects that the statewide office determines do not materially alter the mechanical, electrical, architectural, or structural integrity of the health facility.

SEC. 11.7. Section 15051 of the Health and Safety Code is amended to read:

15051. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the statewide office. Except as otherwise provided in subdivision (b), the inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the statewide office, from performing the duties of an inspector.

(b) Where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15048, the inspector need only be satisfactory to the statewide office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) In approving any inspector, the statewide office shall consult with the Department of General Services.

(d) The statewide office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

Whenever the statewide office finds a violation of this chapter which requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being

violated.

(e) The statewide office shall approve one or more classes of inspectors that shall include, but not be limited to, all of the following:

(1) "A" inspectors, who may inspect all phases of construction, including, but not limited to, structural.

(2) "(B)" inspectors, who may inspect all phases of construction, except structural.

(3) "(C)" inspectors, who may inspect all phases of construction projects that the statewide office determines do not materially alter the mechanical, electrical, architectural, or structural integrity of the health facility.

SEC. 12. Section 15052 of the Health and Safety Code is amended to read:

15052. From time to time, as the work of construction or alteration progresses and whenever the statewide office requires, the architect or structural engineer, or both, in charge of construction or registered engineer in charge of other work, the inspector on the work, and the contractor shall each make a report, duly verified by him or her, upon a form prescribed by the statewide office showing, of his or her own personal knowledge, that the work during the period covered by the report has been performed and materials used and installed are in accordance with the approved plans and specifications, setting forth such detailed statements of fact as are required by the statewide office.

The term "personal knowledge," as used in this section and as applied to the architect or registered engineer, or both, means personal knowledge which is the result of such general administration of construction as is required and accepted of, and for, these persons in the construction of buildings. These persons shall, however, use reasonable diligence to obtain the information required.

The term "personal knowledge," as applied to the inspector, means the actual personal knowledge of the inspector obtained by his or her personal observation of the work of construction at the construction site in all stages of progress.

The term "personal knowledge," as applied to the contractor, means the personal knowledge which is obtained from the construction of the building. The exercise of reasonable diligence to obtain the facts is required.

SEC. 13. Section 15053 of the Health and Safety Code is amended to read:

15053. Upon written request to the statewide office by the governing board or authority of any hospital, the statewide office shall make, or cause to be made, an examination and report on the structural condition of any hospital building subject to the payment by the governing board or authority of the actual expenses incurred by the statewide office.

SEC. 14. Section 15055 of the Health and Safety Code is amended

to read:

15055. Except as provided in Section 13985.80 of the Government Code, the statewide office shall from time to time make such rules and regulations as it deems necessary, proper, or suitable to effectually carry out this chapter. The statewide office shall also adopt and submit building standards for approval pursuant to Article 3 (commencing with Section 13985.50) of Chapter 2 of Part 4.5 of Division 3 of Title 2 of the Government Code relating to seismic structural safety for hospital buildings.

SEC. 15. Section 15056 of the Health and Safety Code is amended to read:

15056. The statewide office may enter into any agreements and contracts with any qualified person, department, agency, corporation, or legal entity, as determined by the statewide office, when necessary in order to facilitate the timely performance of the duties and responsibilities relating to the review and inspection of architectural, mechanical, electrical, and plumbing systems of hospital buildings to be constructed or altered or buildings under construction or alteration.

If the statewide office determines that the structural review of plans for a hospital building cannot be completed without undue delay, the statewide office may enter into contractual agreements with private structural engineers or local governments for the purpose of facilitating the timely performance of the duties and responsibilities relating to the review and inspection of plans and specifications of the structural systems of hospital construction projects.

The statewide office, with the advice of the Building Safety Board, shall prepare regulations, containing qualification criteria, for implementing the contractual agreement provisions of this section.

SEC. 16. Section 15057 of the Health and Safety Code is repealed.

SEC. 17. Section 15080 of the Health and Safety Code is amended to read:

15080. There is in the statewide office a Building Safety Board which shall advise and, except as provided in Section 13985.103 of the Government Code, shall act as a board of appeals with regard to seismic safety of hospitals. The Director of the Office of Statewide Health Planning and Development shall appoint the members of the Building Safety Board, which shall advise and, except as provided in Section 13985.103 of the Government Code, shall act as a board of appeals in all matters relating to the administration and enforcement of building standards relating to hospital buildings during construction or alteration projects published in the State Building Standards Code and the other provisions of this chapter.

SEC. 18. Section 18901 of the Health and Safety Code is amended to read:

18901. (a) This part shall be known and may be cited as the State Building Standards Law.

(b) The Building Standards Commission shall continue within the

State and Consumer Services Agency.

SEC. 19. Section 18921 of the Health and Safety Code is amended to read:

18921. (a) The appointed members of the commission shall be selected from, and represent the public, design professions, the building and construction industry, local government building officials, fire and safety officials, and labor in accordance with the following:

(b) Four members shall be appointed from among the professions and industries concerned with building construction as follows:

(1) An architect.

(2) A mechanical or electrical engineer or fire protection engineer.

(3) A structural engineer.

(4) A licensed contractor.

(c) Three members shall be appointed from among the general public at least one of whom shall be a physically handicapped person.

(d) One member shall be appointed from organized labor in the building trades.

(e) One member shall be appointed who is a local building official.

(f) One member shall be appointed who is a local fire official.

(g) At least one member of the commission shall be experienced and knowledgeable in barrier free architecture and aware of, and sensitive to, the requirements necessary to ensure public buildings are accessible to, and usable by, the physically handicapped.

(h) At least one member of the commission shall be experienced and knowledgeable in building energy efficiency standards.

As used in this section, "physically handicapped" means persons who have permanent mobility impairments which affect ambulation due to cerebral palsy, poliomyelitis, spinal cord injury, amputation, and other conditions or diseases which reduce mobility or require the use of crutches, canes, or wheelchairs.

SEC. 20. Section 18929 of the Health and Safety Code is amended to read:

18929. (a) The commission shall receive proposed building standards from state agencies for consideration in an annual code adoption cycle. The commission shall develop regulations setting forth the procedures for the annual adoption cycle. The regulations shall ensure the following:

(1) Adequate public participation in the development of building standards prior to submittal to the commission for adoption and approval.

(2) Adequate notice to the public in written form of the compiled building standards and their justification.

(3) Adequate technical review of proposed building standards and accompanying justification by advisory bodies appointed by the commission.

(4) Adequate time for review of recommendations by advisory

bodies prior to action by the commission.

(5) The procedures shall meet the intent of the Administrative Procedure Act and Section 18930.

(b) Where this section is in conflict with other provisions of the Building Standards Law, the intent of these provisions shall prevail.

(c) The provisions of this section shall not apply to any regulations adopted by the Department of Housing and Community Development that apply directly to the implementation or enforcement of building standards.

SEC. 21. Section 18930 of the Health and Safety Code is amended to read:

18930. (a) Any building standard or administrative regulations that apply directly to the implementation or enforcement of building standards adopted by state agencies shall be submitted, to and approved by, the State Building Standards Commission prior to codification. Prior to submission to the commission, building standards or administrative regulations that apply directly to the implementation or enforcement of building standards adopted by state agencies shall be adopted in compliance with the procedures specified in Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. Building standards adopted by state agencies and submitted to the commission for approval shall be accompanied by an analysis written by the adopting agency which shall, to the satisfaction of the commission, justify the approval thereof in terms of the following criteria:

(1) The proposed building standards or administrative regulations that apply directly to the implementation or enforcement of building standards do not conflict with, overlap, or duplicate other building standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

(2) The proposed building standard is within the parameters established by enabling legislation and is not expressly within the exclusive jurisdiction of another agency.

(3) The public interest requires the adoption of the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

(4) The proposed building standard or administrative regulations that apply directly to the implementation or enforcement of building standards is not unreasonable, arbitrary, unfair, or capricious, in whole or in part.

(5) The cost to the public is reasonable based on the overall benefit to be derived from the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

(6) The proposed building standard or administrative regulations that apply directly to the implementation or enforcement of building standards is not unnecessarily ambiguous or vague, in whole or in part.

(7) The applicable national specifications, published standards, and model codes have been incorporated therein as provided in this part, where appropriate.

(A) If a national specification, published standard, or model code does not adequately address the goals of the state agency, a statement defining the inadequacy shall accompany the proposed building standard when submitted to the commission.

(B) If there is no national specification, published standard, or model code that is relevant to the proposed building standard, the state agency shall prepare a statement informing the commission and submit that statement with the proposed building standard.

(8) The format of the proposed building standards or administrative regulations that apply directly to the implementation or enforcement of building standards is consistent with that adopted by the commission.

(9) The proposed building standard, if intended to promote fire and panic safety, has the written approval of the State Fire Marshal.

(b) In reviewing building standards or administrative regulations that apply directly to the implementation or enforcement of building standards submitted for its approval, the commission shall consider only the following:

(1) Except as provided in subdivision (b) of Section 11342.3 of the Government Code, the record of the proceedings of the adopting agency.

(2) The evidence submitted to, and considered by, the adopting agency.

(3) The record of public comment that results from the commission's digest of proposed regulations.

(c) The commission shall give great weight to the determinations and analysis of the adopting agency on each of the criteria for approval set forth in subdivision (a). Any factual determinations of the adopting agency shall be considered conclusive by the commission unless the commission specifically finds, and sets forth its reasoning in writing, that the factual determination is arbitrary and capricious or substantially unsupported by the evidence considered by the adopting agency.

Whenever the commission makes a finding, as described in this subdivision, it shall return the standard to the adopting agency for a reexamination of its original determination of the disputed fact.

(d) Whenever a building standard is principally intended to protect the public health and safety, its adoption shall not be a "factual determination" for purposes of subdivision (c). Whenever a building standard is principally intended to conserve energy or other natural resources, the commission shall consider or review the cost to the public or benefit to be derived as a "factual determination" pursuant to subdivision (c). Whenever a building standard is intended to promote fire and panic safety, each agency shall, unless adopted by the State Fire Marshal, submit the building standard to the State Fire Marshal for prior approval.

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a), that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of the building standard or administrative regulations that apply directly to the implementation or enforcement of building standards, the commission shall not consider or review whether the adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

SEC. 22. Section 18934.7 is added to the Health and Safety Code, to read:

18934.7. On or before January 1, 1993, the commission shall adopt, approve, codify, and publish by reference in the California Building Standards Code the building standards in Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials to provide minimum standards for buildings specified in that appendix, except for buildings subject to building standards adopted pursuant to Part 1.5 (commencing with Section 17910).

SEC. 23. Section 18941.5 of the Health and Safety Code is amended to read:

18941.5. (a) The building standards contained in the Uniform Fire Code of the International Conference of Building Officials and the Western Fire Chiefs Association, Inc., the Uniform Building Code of the International Conference of Building Officials, Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, the Uniform Plumbing Code of the International Association of Plumbing and Mechanical Officials, the National Electrical Code of the National Fire Protection Association, the Uniform Mechanical Code of the International Conference of Building Officials and the International Association of Plumbing and Mechanical Officials as referenced in the California Building Standards Code shall apply to all occupancies throughout the state and shall become effective 180 days after publication in the California Building Standards Code by the commission, or at a later date after publication established by the commission.

(b) Amendments, additions, and deletions to the California Building Standards Code adopted by a city, county, or city and county pursuant to subdivision (c) or pursuant to Section 17958.7, together with all applicable portions of the California Building Standards Code, shall become effective 180 days after publication of the California Building Standards Code by the commission, or at a later date after publication established by the commission.

(c) Neither the State Building Standards Law contained in this part, nor the application of building standards contained in this section, shall limit the authority of a city, county, or city and county to establish more restrictive building standards reasonably necessary because of local climatic, geological, or topographical conditions. The governing body shall make the finding required by Section 17958.7 and the other requirements imposed by Section 17958.7 shall apply

to that finding. Nothing in this section shall limit the authority of fire protection districts pursuant to subdivision (a) of Section 13869.7. Further, nothing in this section shall require findings required by Section 17958.7 beyond those currently required for more restrictive building standards related to housing.

(d) No model code made applicable to any additional occupancy shall apply to any project which has been submitted for a building permit prior to the effective date of that model code.

SEC. 24. Chapter 6 (commencing with Section 18949.1) is added to Part 2.5 of Division 13 of the Health and Safety Code, to read:

CHAPTER 6. REGULATIONS

18949.1. Any responsibilities of the State Architect to adopt regulations relating to building standards are hereby transferred to the commission.

18949.2. (a) Any responsibilities of the State Fire Marshal to adopt, through a formal rulemaking process as provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, relating to building standards, including, but not limited to, Sections 13108, 13143, 13143.6, and 13211, are hereby transferred to the commission.

(b) The State Fire Marshal shall remain the state agency responsible for developing building standards to implement the state's fire and life safety policy. In its role as the fire and life safety standard developing agency, the State Fire Marshal shall continue its existing activities and forums designed to facilitate compromise and consensus among the various individuals and groups involved in development of the state's codes related to fire and life safety.

(c) The state's fire and life safety building standards, as developed by the State Fire Marshal and as adopted by the commission, shall continue to be based on the state's fire and life safety policy goals and mandates as they existed prior to the enactment of this chapter and as they are amended.

(d) The role of the commission in reviewing and adopting fire and life safety building standards shall be strictly limited to a technical review of those standards, through a process integrated with the technical review of all other state building standards, and a determination as to whether those standards conform to the requirements of Section 18930 commonly known as the "nine point criteria."

(e) The commission may not rewrite or modify any fire or life safety building standard without the express mutual agreement of the State Fire Marshal. If the State Fire Marshal does not agree with the modification of a fire or life safety building standard as proposed by the commission, the authority of the commission shall be limited to disapproval of the standard, pursuant to the "nine point criteria" in Section 18930.

18949.3. Any responsibilities of the Office of Statewide Health

Planning and Development to adopt regulations relating to building standards, including, but not limited to, responsibilities specified in Division 12.5 (commencing with Section 15000), are hereby transferred to the commission.

18949.4. The State Energy Resources Conservation and Development Commission shall submit building standards to the commission for review and approval pursuant to Section 18930 in accordance with the time schedule established by the State Building Standards Commission.

18949.5. Any responsibilities of the Department of Housing and Community Development to adopt regulations relating to buildings standards are hereby transferred to the commission.

18949.6. (a) The commission shall adopt regulations setting forth the procedure for the adoption of building standards and administrative regulations that apply directly to the implementation or enforcement of building standards.

(b) Regulatory adoption shall be accomplished so as to facilitate the triennial adoption of the specified model codes pursuant to Section 18928.

(c) The regulations shall allow for the distribution of proposed building standards and regulatory changes to the public for review in compliance with the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code) and for the acceptance of responses from the public.

(d) Proposed building standards shall be evaluated by qualified technical bodies comprised of representatives of appropriate state regulatory agencies and representative of affected private sector groups. At a minimum, separate technical bodies shall be established for the review of standards and regulations relating to health facilities and schools. These bodies shall make recommendations to the commission for approval, disapproval, or modification to the proposed regulations.

SEC. 25. Section 9.5 of this bill incorporates amendments to Section 15043 of the Health and Safety Code proposed by both this bill and AB 1039. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 15043 of the Health and Safety Code, and (3) this bill is enacted after AB 1039, in which case Section 9 of this bill shall not become operative.

SEC. 26. (a) Section 11.5 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by both this bill and AB 1039. It shall only become operative if (1) both bills are enacted and become effective January 1, 1992, (2) each bill amends Section 15051 of the Health and Safety Code, (3) AB 1230 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 1039, in which case Sections 11, 11.6, and 11.7 of

this bill shall not become operative.

(b) Section 11.6 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by both this bill and AB 1230. It shall only become operative if (1) both bills are enacted and become effective January 1, 1992, (2) each bill amends Section 15051 of the Health and Safety Code, (3) AB 1039 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 1230 in which case Sections 11, 11.5, and 11.7 of this bill shall not become operative.

(c) Section 11.7 of this bill incorporates amendments to Section 15051 of the Health and Safety Code proposed by this bill, AB 1039, and AB 1230. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1992, (2) all three bills amend Section 15051 of the Health and Safety Code, and (3) this bill is enacted after AB 1039 and AB 1230, in which case Sections 11, 11.5, and 11.6 of this bill shall not become operative.

CHAPTER 866

An act to amend Sections 128, 546, and 1219 of the Code of Civil Procedure, and to amend Section 12028.5 of, and to add Section 1203.11 to, the Penal Code, and to amend Section 8102 of the Welfare and Institutions Code, relating to domestic violence.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 128 of the Code of Civil Procedure is amended to read:

128. (a) Every court shall have the power to do all of the following:

(1) To preserve and enforce order in its immediate presence.

(2) To enforce order in the proceedings before it, or before a person or persons empowered to conduct a judicial investigation under its authority.

(3) To provide for the orderly conduct of proceedings before it, or its officers.

(4) To compel obedience to its judgments, orders, and process, and to the orders of a judge out of court, in an action or proceeding pending therein.

(5) To control in furtherance of justice, the conduct of its ministerial officers, and of all other persons in any manner connected with a judicial proceeding before it, in every matter pertaining thereto.

(6) To compel the attendance of persons to testify in an action or proceeding pending therein, in the cases and manner provided in

this code.

(7) To administer oaths in an action or proceeding pending therein, and in all other cases where it may be necessary in the exercise of its powers and duties.

(8) To amend and control its process and orders so as to make them conform to law and justice.

(b) Notwithstanding Section 1211 or any other law, if an order of contempt is made affecting an attorney, his or her agent, investigator, or any person acting under the attorney's direction, in the preparation and conduct of any action or proceeding, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, the violation of which is the basis of the contempt except for the conduct as may be proscribed by subdivision (b) of Section 6068 of the Business and Professions Code, relating to an attorney's duty to maintain respect due to the courts and judicial officers.

(c) Notwithstanding Section 1211 or any other law, if an order of contempt is made affecting a public safety employee acting within the scope of employment for reason of the employee's failure to comply with a duly issued subpoena or subpoena duces tecum, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "public safety employee" includes any peace officer, firefighter, paramedic, or any other employee of a public law enforcement agency whose duty is either to maintain official records or to analyze or present evidence for investigative or prosecutorial purposes.

(d) Notwithstanding Section 1211 or any other law, if an order of contempt is made affecting the victim of a sexual assault, where the contempt consists of refusing to testify concerning that sexual assault, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

(e) Notwithstanding Section 1211 or any other law, if an order of contempt is made affecting the victim of domestic violence, where the contempt consists of refusing to testify concerning that domestic violence, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, the term "domestic violence" means abuse perpetrated against any of the following:

(1) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.

(2) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 7 (commencing with Section 7000) of Division 4 of the Civil Code).

SEC. 2. Section 546 of the Code of Civil Procedure is amended to read:

546. (a) The court may issue ex parte any of the orders set forth in subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the plaintiff and the defendant any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the plaintiff and the defendant an order determining the temporary custody of the child. In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be dissolved, on the earliest day that the business of the court will permit, but not later than 20 days or, if good cause appears to the court, 25 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own motion shorten the time for service on the defendant of the order to show cause.

The temporary restraining order shall set forth on its face a notice in substantially the following form:

"NOTICE TO DEFENDANT: If you do not appear at the court hearing specified herein, the court may grant the requested orders for a period of up to 3 years without further notice to you."

The court may issue an ex parte order pursuant to this subdivision, excluding one party from a residence or dwelling only when the affidavit in support of an application for the order affirmatively shows facts sufficient for the court to ascertain that the plaintiff has a right under color of law to possession of the premises.

(b) The presiding judge of the superior court in each county shall designate not less than one judge, commissioner, or referee to be reasonably available to orally issue, by telephone or otherwise, emergency protective orders at all times whether or not the superior court is in session. A judge, commissioner, or referee so designated may issue an ex parte emergency protective order when a police or sheriff's officer or a peace officer of the Department of Parks and Recreation, as defined in subdivision (h) of Section 830.2 of the Penal Code, asserts reasonable grounds to believe that a person is in immediate and present danger of domestic violence by a family or household member, based upon the person's allegation of a recent incident of abuse or threat of abuse by that family or household member. The order may consist of any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the

Civil Code, as well as an order determining the temporary care and control of any minor children of the endangered person and the person against whom the order is sought. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that an immediate and present danger of domestic violence exists and that an emergency protective order is necessary to prevent the occurrence or recurrence of domestic violence. The police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered person resides.

(4) The following statement: "To the Protected Party: This order will last only until the date and time noted above. If you wish to seek continuing protection, you will have to apply for an order from the court, at the address noted above. You may seek the advice of an attorney as to any matter connected with your application for any future court orders. The attorney should be consulted promptly so that he or she may assist you in making your application. To the Restrained Party: This order will last until the date noted above. The protected party may, however, obtain a more permanent restraining order from the court. You may seek the advice of an attorney as to any matter connected with the application. The attorney should be consulted promptly so that he or she may assist you in responding to the application."

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to the protected party. A copy also shall be filed with the court as soon as practicable after issuance.

An emergency protective order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue.

The availability of an emergency protective order shall not be affected by the fact that the endangered person has vacated the household to avoid abuse.

A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, shall use every reasonable means to enforce an

emergency protective order issued pursuant to this subdivision. A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

(c) A judge, commissioner, or referee designated pursuant to subdivision (b) may issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, based upon an allegation of a recent incident of abuse or threat of abuse by that family or household member. The order may consist of any of the orders authorized in Section 213.5 of the Welfare and Institutions Code, and may include provisions placing the temporary care and control of the endangered child and any other minor children in the family or household with the parent or legal guardian of the endangered child who is not a restrained party. The order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that a child is in immediate and present danger of abuse and that an emergency protective order is necessary to prevent the occurrence or recurrence of abuse. The police or sheriff's officer requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered child resides.

(4) The following statement: "This order will last only until the date and time noted above. A more permanent restraining order under Section 213.5 of the Welfare and Institutions Code may be applied for from the court, at the address noted above. The advice of an attorney may be sought in connection with the application for a more permanent restraining order."

The parent or legal guardian of the endangered child who is not a restrained party, or any person having temporary custody of the endangered child, may apply for a more permanent restraining order under Section 213.5 of the Welfare and Institutions Code from the court.

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to any parent or legal guardian of the endangered child who is not a restrained party, if he or she can be reasonably located, or to any person having temporary custody of the endangered child. A copy also shall be filed with the court as soon as practicable after issuance.

The availability of an emergency protective order shall not be affected by the endangered child's leaving the household to avoid abuse.

A police or sheriff's officer shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

SEC. 3. Section 546 of the Code of Civil Procedure is amended to read:

546. (a) The court may issue ex parte any of the orders set forth in subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the plaintiff and the defendant any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the plaintiff and the defendant an order determining the temporary custody of the child. In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be dissolved, on the earliest day that the business of the court will permit, but not later than 20 days or, if good cause appears to the court, 25 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own motion shorten the time for service on the defendant of the order to show cause.

The temporary restraining order shall set forth on its face a notice in substantially the following form:

"NOTICE TO DEFENDANT: If you do not appear at the court hearing specified herein, the court may grant the requested orders for a period of up to 3 years without further notice to you."

The court may issue an ex parte order pursuant to this subdivision, excluding one party from a residence or dwelling only when the affidavit in support of an application for the order affirmatively shows facts sufficient for the court to ascertain that the plaintiff has a right under color of law to possession of the premises.

(b) The presiding judge of the superior court in each county shall designate not less than one judge, commissioner, or referee to be reasonably available to orally issue, by telephone or otherwise, emergency protective orders at all times whether or not the superior court is in session. A judge, commissioner, or referee so designated may issue an ex parte emergency protective order when a police or sheriff's officer or a peace officer of the Department of Parks and

Recreation, as defined in subdivision (h) of Section 830.2 of the Penal Code, asserts reasonable grounds to believe that a person is in immediate and present danger of domestic violence based upon the person's allegation of a recent incident of abuse or threat of abuse. The order may consist of any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the Civil Code, as well as an order determining the temporary care and control of any minor children of the endangered person and the person against whom the order is sought. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that an immediate and present danger of domestic violence exists and that an emergency protective order is necessary to prevent the occurrence or recurrence of domestic violence. The police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (h) of Section 830.2 of the Penal Code, requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered person resides.

(4) The following statement: "To the Protected Party: This order will last only until the date and time noted above. If you wish to seek continuing protection, you will have to apply for an order from the court, at the address noted above. You may seek the advice of an attorney as to any matter connected with your application for any future court orders. The attorney should be consulted promptly so that he or she may assist you in making your application. To the Restrained Party: This order will last until the date noted above. The protected party may, however, obtain a more permanent restraining order from the court. You may seek the advice of an attorney as to any matter connected with the application. The attorney should be consulted promptly so that he or she may assist you in responding to the application."

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to the protected party. A copy also shall be filed with the court as soon as practicable after issuance.

An emergency protective order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue.

The availability of an emergency protective order shall not be affected by the fact that the endangered person has vacated the household to avoid abuse.

A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (h) of Section 830.2 of the Penal Code, shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (h) of Section 830.2 of the Penal Code, acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

(c) A judge, commissioner, or referee designated pursuant to subdivision (b) may issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, based upon an allegation of a recent incident of abuse or threat of abuse by that family or household member. The order may consist of any of the orders authorized in Section 213.5 of the Welfare and Institutions Code, and may include provisions placing the temporary care and control of the endangered child and any other minor children in the family or household with the parent or legal guardian of the endangered child who is not a restrained party. The order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that a child is in immediate and present danger of abuse and that an emergency protective order is necessary to prevent the occurrence or recurrence of abuse. The police or sheriff's officer requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered child resides.

(4) The following statement: "This order will last only until the date and time noted above. A more permanent restraining order under Section 213.5 of the Welfare and Institutions Code may be applied for from the court, at the address noted above. The advice of an attorney may be sought in connection with the application for a more permanent restraining order."

The parent or legal guardian of the endangered child who is not a restrained party, or any person having temporary custody of the endangered child, may apply for a more permanent restraining order under Section 213.5 of the Welfare and Institutions Code from

the court.

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to any parent or legal guardian of the endangered child who is not a restrained party, if he or she can be reasonably located, or to any person having temporary custody of the endangered child. A copy also shall be filed with the court as soon as practicable after issuance.

The availability of an emergency protective order shall not be affected by the endangered child's leaving the household to avoid abuse.

A police or sheriff's officer shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

SEC. 4. Section 1219 of the Code of Civil Procedure is amended to read:

1219. (a) Except as provided in subdivisions (b) and (c), when the contempt consists of the omission to perform an act which is yet in the power of the person to perform, he or she may be imprisoned until he or she has performed it, and in that case the act shall be specified in the warrant of commitment.

(b) Notwithstanding any other law, no court may imprison or otherwise confine or place in custody the victim of a sexual assault for contempt when the contempt consists of refusing to testify concerning that sexual assault.

(c) In a finding of contempt for a victim of domestic violence who refuses to testify, the court shall not incarcerate the victim, but may require the victim to attend up to 72 hours of a domestic violence program for victims or require the victim to perform up to 72 hours of appropriate community service, provided that in a subsequent finding of contempt for refusing to testify arising out of the same case, the court shall have the option of incarceration pursuant to subdivision (a).

(d) As used in this section:

(1) "Sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

(2) "Domestic violence" means abuse perpetrated against any of the following:

(A) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.

(B) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 7 (commencing with Section 7000) of Division 4 of the Civil Code).

SEC. 5. Section 1203.11 is added to the Penal Code, to read:

1203.11. A probation or parole officer or parole agent of the Department of Corrections may serve any process regarding the issuance of a temporary restraining order or other protective order against a person committed to the care of the probation or parole officer or parole agent when the person appears for an appointment with the probation or parole officer or parole agent at their office.

SEC. 6. Section 12028.5 of the Penal Code is amended to read:

12028.5. (a) As used in this section, the following definitions shall apply:

(1) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(2) "Domestic violence" is abuse perpetrated against any of the following:

(A) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.

(B) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 7 (commencing with Section 7000) of Division 4 of the Civil Code).

(3) "Deadly weapon" means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (c) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (d) of Section 830.2, and a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which

the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (e), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (c), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any firearm or other deadly weapon which has been taken into custody which has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(d) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, or by a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (i), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(e) In those cases where a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 10 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned.

(f) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the domestic violence incident. In the event the person whose firearm or other deadly weapon was

seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(g) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(h) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(i) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(j) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 7. Section 12028.5 of the Penal Code is amended to read:

12028.5. (a) As used in this section, the following definitions shall apply:

(1) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(2) "Domestic violence" is abuse perpetrated against any of the following:

(A) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.

(B) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 7 (commencing with Section 7000) of Division 4 of the Civil Code).

(3) "Deadly weapon" means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (c) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (d) of Section 830.2, and a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, and a member of a private postsecondary educational institution police department which has executed a memorandum of understanding between the local law enforcement agency and the institution pursuant to subdivision (c) of Section 830.32, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm or other deadly weapon a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (e), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (c), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any firearm or other deadly weapon which has been taken into custody which has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(d) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, or by a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in

subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (i), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(e) In those cases where a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 10 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned.

(f) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the domestic violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(g) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(h) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(i) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be

disposed of as provided in Section 12028.

(j) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 8. Section 8102 of the Welfare and Institutions Code is amended to read:

8102. (a) Whenever a person who has been detained or apprehended for examination of his or her mental condition or who is a person described in Section 8100 or 8103, is found to own, have in his or her possession or under his or her control, any firearm whatsoever, or any other deadly weapon, the firearm or other deadly weapon shall be confiscated by any law enforcement agency or peace officer, who shall retain custody of the firearm or other deadly weapon.

"Deadly weapon," as used in this section, has the meaning prescribed by Section 8100.

(b) Upon confiscation of any firearm or other deadly weapon from a person who has been detained or apprehended for examination of his or her mental condition, the peace officer or law enforcement agency shall notify the person of the procedure for the return of any firearm or other deadly weapon which has been confiscated.

Where the person is released without judicial commitment, the professional person in charge of the facility, or his or her designee, shall notify the person of the procedure for the return of any firearm or other deadly weapon which may have been confiscated.

Health facility personnel shall notify the confiscating law enforcement agency upon release of the detained person, and shall make a notation to the effect that the facility provided the required notice to the person regarding the procedure to obtain return of any confiscated firearm.

(c) Upon the release of a person without judicial commitment as described in subdivision (b), the confiscating law enforcement agency shall have 10 days, unless good cause is shown, to initiate a petition in the superior court for a hearing to determine whether the return of a firearm or other deadly weapon would be likely to result in endangering the person or others, and to send a notice advising the person of his or her right to a hearing on this issue.

(d) The law enforcement agency shall inform the person that he or she has 30 days to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond will result in a default order forfeiting the confiscated firearm or weapon. For the purpose of this subdivision, the person's last known address shall be the address provided to the law enforcement officer by the person at the time of the person's detention or apprehension.

(e) If the person responds and requests a hearing, the court clerk shall set a hearing, no later than 30 days from receipt of the request. The court clerk shall notify the person and the district attorney of the date, time, and place of the hearing.

(f) If the person does not respond within 30 days of the notice, the law enforcement agency may file a petition for order of default.

(g) If the law enforcement agency does not initiate proceedings within the 10-day period, it shall make the weapon available for return.

SEC. 9. Section 3 of this bill incorporates amendments to Section 546 of the Code of Civil Procedure proposed by both this bill and AB 108. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 546 of the Code of Civil Procedure, and (3) this bill is enacted after AB 108, in which case Section 546 of the Code of Civil Procedure, as amended by AB 108, shall remain operative only until the operative date of this bill, at which time Section 3 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 10. Section 7 of this bill incorporates amendments to Section 12028.5 of the Penal Code proposed by both this bill and SB 1126. It shall only become operative if (1) both bills are enacted and become effective January 1, 1992, (2) each bill amends Section 12028.5 of the Penal Code, and (3) this bill is enacted after SB 1126, in which case Section 6 of this bill shall not become operative.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 867

An act to amend Sections 1596.806, 1596.842, 1596.855, 1596.871, and 1596.96 of, and to repeal and add Section 1596.869 of, the Health and Safety Code, relating to child care programs.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.806 of the Health and Safety Code is amended to read:

1596.806. (a) A room used as a classroom by a schoolage child

care program shall not be required to meet the square footage or toilet requirements for child day care centers if the program is operated on either of the following:

(1) A functioning schoolsite in the same facilities that have housed school children during the day, before or after school hours, or before and after school hours.

(2) A functioning schoolsite in facilities certified as usable as a classroom for instruction. A building owned by a school district, the state, or the schoolage child care program may meet the certification requirement if either of the following is provided to the department:

(A) Evidence that the building was approved as a classroom by the office of the State Architect.

(B) A certification statement signed by the superintendent of the schools, or his or her designee, in the district where the schoolage child care program is located, that the classroom building is of sufficient size to accommodate public instruction. The school district may make this certification regardless of the ownership of the classroom.

(b) School grounds, other than rooms used as classrooms, used by a schoolage child care program operated on a functioning schoolsite pursuant to either paragraph (1) or (2) of subdivision (a) shall be exempt from all of the following requirements imposed by the department on child day care facilities:

(1) Fencing, outdoor activity space, toilet, and isolation space requirements.

(2) Requirements to have exclusive use of the outdoor activity space or exclusive use of children's rest rooms also used by students located on school grounds.

(c) The exemptions pursuant to subdivisions (a) and (b) shall continue during school vacation and intersession periods.

(d) For purposes of this section, "schoolage child care program" means a program for children who are four years and nine months or older and are currently enrolled in a school or are dependent children living within the same household as a child attending a school, operated by an entity that contracts with the school to provide staff and program. "Schoolage child care program" includes, but is not limited to, a program pursuant to Article 22 (commencing with Section 8460) or Article 23 (commencing with Section 8485) of Chapter 2 of Part 6 of the Education Code.

SEC. 2. Section 1596.842 of the Health and Safety Code is amended to read:

1596.842. Following approval by the department of a list of provider rights, the Community Care Licensing Division shall print and distribute in person, to individuals or to groups, and by other appropriate methods of distribution, a list of provider rights which shall include, but not be limited to, the following:

(a) Site visit rights:

(1) The right to require licensing field staff to identify themselves.

(2) The right to be advised of the type of the visit, whether

renewal, complaint, plan of correction, prelicensing, or some other type. When a site visit is made to investigate a complaint, the site visit rights described in paragraphs (4) and (9) shall be applicable at the completion of the investigation.

(3) The right to be treated as a professional and with dignity and respect.

(4) The right to receive an accurate report of the evaluator's findings listing each observed deficiency. Each deficiency shall be separately numbered, so as to clearly indicate the number of deficiencies, shall be accompanied by a number which corresponds to a section of law or licensing regulation, and shall include a description of the evaluator's observation which led to the finding of a deficiency. The description of the evaluator's observation shall include a clear explanation of why the existing condition constitutes a deficiency, unless the description of the observation provides such an explanation.

(5) The right to review licensing laws, regulations, and policy.

(6) The right to an impartial investigation of all complaints.

(7) The right, at the time of the visit, to determine and develop a plan of correction for deficiencies cited.

(8) The right to use the licensing report (LIC 809) as a means to agree or disagree with cited deficiencies.

(9) The right to an exit interview upon completion of the visit and to receive a signed copy of the LIC 809.

(10) The right to be informed on the LIC 809 of the evaluator's supervisor and his or her telephone number.

(11) The right of access to the public file on any facility and the right to purchase a copy at a reasonable cost.

(b) Initial appeal rights:

(1) The right, without prejudice, to appeal any decision, any failure to act according to law or regulation, or any failure to act within any specified timeline, through the licensing agency up to the deputy director.

(2) The right to request a meeting with district office administrators to discuss any licensing issue and with notice to bring any person to the meeting.

(3) The right to due process and the option of bringing a representative to any administrative action.

(c) The right to file a formal complaint, and receive a written response to that complaint within 30 days, for any licensing issue not covered by subdivision (b), including, but not limited to, inappropriate behavior of department employees.

(d) The department shall, by June 30, 1992, mail to all licensees a copy of this section and a full and complete copy of the appeals procedure developed to implement subdivision (b).

(e) The department shall, on all forms it requires or recommends that providers use, all notices of regulations or departmental policy, and all notices to implement this section, clearly label the department as the source of the material, including the name of the

department, the name of the division responsible for implementing this chapter, and the address of that division.

SEC. 3. Section 1596.855 of the Health and Safety Code is amended to read:

1596.855. (a) Upon attendance at an orientation meeting, as described in Section 1596.845, an applicant shall be provided, without charge, a printed copy of all applicable regulations by the department, a copy of Section 1596.842, and a copy of the appeals procedure specified in subdivision (b) of Section 1596.842.

(b) The department shall mail, without charge, printed copies of all revisions of regulations to all resource and referral programs funded under Section 8210 of the Education Code, and to any association of child care agencies which requests to receive revisions of regulations.

SEC. 4. Section 1596.869 of the Health and Safety Code is repealed.

SEC. 5. Section 1596.869 is added to the Health and Safety Code, to read:

1596.869. Directors of combination child day care facilities shall be included in the teacher-child ratio during periods when they are actively supervising children and on the same basis that any other director of a day care center may be included in the teacher-child ratio.

SEC. 6. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine

contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(7) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the child day care facility.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision.

If no convictions are recorded, the department shall provide the licensee with a statement of the fact that there are no convictions within 10 working days of receipt of this information from the Department of Justice. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a

reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a or 273d, or Section 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

(g) For the purposes of compliance with this section, the department shall permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred from one licensed facility to another licensed facility within that office or is being transferred to another state licensing district office. The individual or the applicant shall provide the name and address of the former facility or the license number of the former facility when requesting a transfer of criminal records clearance.

SEC. 7. Section 1596.96 of the Health and Safety Code is amended to read:

1596.96. (a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days of an applicant's submission of a complete application on all applications for a license to operate a day care facility for children by an organization which possesses a current valid license to operate a day care facility for children at another site. Applicants shall note on the application, or in a cover letter to the application, that they possess a current valid license at another site, and the number of that license.

(b) The department shall request a fire safety clearance from the appropriate fire marshal within five days of receipt of an application described in subdivision (a). The department shall request criminal records clearance within five days of receipt of an application described in subdivision (a), unless the clearance requirement has been otherwise satisfied by transfer of clearance under subdivision (g) of Section 1596.871.

(c) If the department for any reason is unable to comply with subdivision (a), it shall, within 60 days of receipt of the application described in subdivision (a), grant a provisional license to the applicant to operate for a period not to exceed six months. While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided the department knows of no life safety risks,

the criminal records clearances, if applicable, are complete, and the fire safety clearance is complete. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(d) If the department does not issue a provisional license pursuant to subdivision (c), the department shall issue a notice to the applicant identifying whether the provisional license has not been issued due to the existence of a life safety risk, lack of a fire safety clearance, lack of a criminal records clearance, failure to complete the application, or any combination of these reasons. If a life safety risk is identified, the risk preventing the issuance of a provisional license shall be clearly explained. If a lack of the fire safety clearance or lack of criminal records clearance is identified, the notice shall include the dates on which the department requested the clearance and the current status of those requests, the fire marshal's name and telephone number to whom a fire safety clearance request was sent, and the names of individuals for whom criminal records clearances are lacking. If failure to complete the application is identified, the notice shall list all of the forms or attachments which are missing or incorrect. This notice shall be sent to the applicant no later than 60 days after the applicant filed the application. If the reasons identified in the notice are corrected, the department shall issue the provisional license within five days after the corrections are made.

(e) The department shall, immediately after January 1, 1992, develop expedited procedures necessary to implement subdivisions (a), (b), (c), and (d).

(f) The department shall, immediately after January 1, 1992, develop an appeal procedure for applicants under this section for both denial of licenses and delay in processing applications.

CHAPTER 868

An act to amend Section 16500.5 of the Welfare and Institutions Code, relating to public assistance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Intensive in-home family preservation programs can reduce

the cost of foster care by keeping families together.

(b) Local child welfare social workers are constrained in their efforts to keep families together and avoid foster care placement for abused children because there are insufficient in-home services available at the county level for these children and their families.

(c) According to estimates by the State Department of Social Services, 63,800 children will reside in foster care in the 1990–91 fiscal year due to abuse and neglect. This figure is 76 percent higher than the number of children placed in foster care in the 1985–86 fiscal year.

(d) It is the policy of the State of California that abused and neglected children should be served in their own homes whenever possible in order to prevent foster care placement and to preserve family unity, and that reasonable efforts be made to prevent the need for out-of-home placement.

(e) Preliminary results of implementation of the family preservation services programs pursuant to Section 16500.5 of the Welfare and Institutions Code have shown that the programs are successful in reducing both the number of children placed and the cost to the state, paid from the General Fund, for services to these children and their families.

(f) It is imperative that the State of California recognize that its efforts to keep families safely together and prevent foster care placement will continue to be severely hampered unless the availability of family-centered services is increased at the local level so that alternatives to foster care placement are readily available.

SEC. 2. Section 16500.5 of the Welfare and Institutions Code is amended to read:

16500.5. (a) (1) The Legislature hereby declares its intent to encourage the continuity of the family unit by:

(A) Providing services to families to avoid or limit out-of-home placement of children through a family preservation program serving children who are at imminent risk of placement and would be eligible for AFDC-FC if they were placed out of their own homes.

(B) Providing supportive services for those children within the meaning of Sections 361 and 364 when they are returned to the family unit or when a minor will probably soon be within the jurisdiction of the juvenile court pursuant to Section 330.

(C) Providing counseling and support designed to eradicate the situation that necessitated intervention.

(2) The Legislature finds that maintaining abused and neglected children in foster care grows increasingly costly each year, and that adequate funding for family services which might enable these children to remain in their homes is not as readily available as funding for foster care placement.

(3) The Legislature further finds that other state bodies have addressed this problem through various systems of flexible reimbursement in child welfare programs that provide for more intensive and appropriate services to prevent foster care placement

or significantly reduce the length of stay in foster care.

(4) Accordingly, it is the intent of the Legislature in enacting this section to establish a system of flexible reimbursement in order to evaluate its potential as an efficient, economical, and effective alternative to out-of-home placement of children.

(b) (1) (A) (i) Any county, subject to the approval of the State Department of Social Services, may claim, on an annual basis, a portion of the state's share, and to the extent permitted, the federal share, of that county's AFDC-FC expenditures pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 330, 361, and 364, in advance, provided the county conducts a program of family reunification and family maintenance services for families receiving these services pursuant to Sections 300, 330, 364, and, as permitted by the department, children subject to Sections 601, 602, 726, and 727 of this code, and Section 7572.5 of the Government Code.

(ii) The department or a participating county may terminate a county's participation in the program upon 30 days' notice if the project is deemed unsuccessful by either party.

(iii) For each fiscal year, a participating county may claim in advance an amount not to exceed an actual dollar amount which shall not exceed 25 percent of the projected state's share, and to the extent permitted, the federal share, of AFDC-FC funds to be expended by that county pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 330, 361, and 364.

(iv) The specific amount of funds to be advanced each year shall be determined by projecting the state share of AFDC-FC General Fund expenditures, and to the extent permitted, the federal share of AFDC-FC expenditures for abused or neglected children supervised and placed by the county welfare department pursuant to Sections 300, 330, 361, and 364, for each of the program years based upon state, and to the extent permitted, federal expenditures for AFDC-FC for the previous five years.

(B) If the county's total AFDC-FC General Fund expenditures and, to the extent permitted, the federal share of AFDC-FC expenditures, added to the amount expended from the advance to the county exceeds, by more than 5 percent, the county's total projected AFDC-FC General Fund expenditures and, to the extent permitted, the federal share of AFDC-FC expenditures for that fiscal year, the county shall fund that portion of the overage in excess of 5 percent on a 100 percent basis. If the sum of a participating county's total AFDC-FC General Fund expenditures and, to the extent permitted, the federal share of AFDC-FC expenditures for their children, added to the amount expended from the advance to the county, is less than the total projected AFDC-FC General Fund expenditures and, to the extent permitted, the federal share of AFDC-FC expenditures for their children for that fiscal year, the county shall receive 25 percent of the amount of the savings.

(2) A participating county's share of expenditures in excess of the

projected total may be reduced upon approval of the department and the Department of Finance based on consideration of any unanticipated factors which result in higher than projected AFDC-FC expenditures for children described in subparagraph (A) of paragraph (1). These factors may include, but need not be limited to, all of the following:

(A) The impact of substance abuse.

(B) Poverty and economic indicators.

(C) Modifications of statutes and regulations.

(3) Services which may be provided under this program may include, but are not limited to, counseling, mental health treatment and substance abuse treatment services, parenting, respite, day treatment, transportation, and homemaking. Each county that chooses to provide mental health treatment and substance abuse treatment shall identify and develop these services in consultation with county mental health treatment and substance abuse treatment agencies. Additional services may include those enumerated in Sections 16506.1 and 16507.1. The services to be provided pursuant to this section may be determined by each participating county. Each county may contract with individuals and organizations for services to be provided pursuant to this section. Each county shall utilize available private nonprofit resources in the county prior to developing new county-operated resources when these private nonprofit resources are of at least equal quality and costs as county-operated resources and shall utilize available county resources of at least equal quality and cost prior to new private nonprofit resources.

(4) Participating counties authorized by this subdivision shall provide specific programs of direct services based on individual family needs as reflected in the service plans to families of the following:

(A) Children who are dependent children not taken from physical custody of their parents or guardians pursuant to Section 364.

(B) Children who are dependent children removed from the physical custody of their parents or guardian pursuant to Section 361.

(C) Children who it is determined will probably soon be within the jurisdiction of the juvenile court pursuant to Section 330.

(D) Upon approval of the department, children who have been adjudged wards of the court pursuant to Sections 601 and 602.

(E) Upon approval of the department, families of children subject to Sections 726 and 727.

(F) Upon approval of the department, children who are determined to require out-of-home placement pursuant to Section 7572.5 of the Government Code.

(5) The services shall only be provided to families whose children will be placed in out-of-home care without the provision of services or to be children who can be returned to their families with the provision of services.

(6) The services selected by any participating county shall be reasonable and meritorious and shall demonstrate cost effectiveness and success at avoiding out-of-home placement, or reducing the length of stay in out-of-home placement. A county shall not expend more funds for services under this subdivision than that amount which would be expended for placement in out-of-home care.

(7) The program in each county shall be deemed successful if it meets the following standards:

(A) At least 75 percent of the children receiving services remain in their own home for six months after termination of services.

(B) During the first year after services are terminated:

(i) At least 60 percent of the children receiving services remain at home one year after services are terminated.

(ii) The average length of stay in out-of-home care of children selected to receive services who have already been removed from their home and placed in out-of-home care is 50 percent less than the average length of stay in out-of-home care of children who do not receive program services.

(C) Two years after the termination of family preservation services:

(i) The average length of out-of-home stay of children selected to receive services under this section who, at the time of selection, are in out-of-home care, is 50 percent less than the average length of stay in out-of-home care for children in out-of-home care who do not receive services pursuant to this section.

(ii) At least 60 percent of the children who were returned home pursuant to this section remain at home.

(8) Funds used for services provided under this section shall supplement, not supplant, child welfare services funds available for services pursuant to Sections 16506.1 and 16507.1.

(9) Each county participating in the program authorized by this section shall only continue to utilize the advance fund-claiming mechanism specified in paragraph (1) if the department finds the county has demonstrated the successful outcome of the county program, based on the criteria for success specified in paragraph (7).

(10) The department shall submit a report to the Legislature that includes data from each participating county demonstrating to what extent each has met the criteria specified in this section. An interim report shall be submitted by the department no later than six months after the conclusion of the three pilot projects with a final report to be submitted after pilot project completion. Programs authorized after the original pilot projects shall submit data to the department upon the department's request. Subsequent reports to the Legislature on the programs administered pursuant to this section shall be included with the child welfare system report to the Legislature.

(c) (1) A county welfare department social worker or probation officer may, pursuant to an appropriate court order, return a dependent minor or ward of the court removed from the home

pursuant to Section 361 to his or her home, with appropriate interagency family preservation program services.

(2) The county probation department may, with the approval of the State Department of Social Services, through an interagency agreement with the county welfare department, refer cases to the county welfare department for the direct provision of services under this subdivision.

(d) State foster care funds shall remain within the administrative authority of the county welfare department and shall be used only for placement services or placement prevention services or county welfare department administrative cost related to the interagency family preservation program.

(e) To the extent permitted by federal law, any federal funds provided for services to families and children may be utilized for the purposes of this section.

(f) A county may establish family preservation programs that serve one or more geographic areas of the county, subject to the approval of the State Department of Social Services.

SEC. 3. The Director of Finance, upon notification of the Joint Legislative Budget Committee and a determination that expansion of projects authorized by Section 16500.5 of the Welfare and Institutions Code will result in savings to the General Fund, may authorize the transfer of funds from subdivision (a) of Item 5180-101-001 of the Budget Act of 1991, Chapter 118 of the Statutes of 1991, as follows:

(a) An amount, cumulatively not to exceed three hundred eighty thousand dollars ($380,000) to subdivision (b) of Item 5180-001-001, to monitor and evaluate existing family maintenance and family reunification services as part of a program established by Section 16500.5 of the Welfare and Institutions Code and to review, approve, and evaluate new county programs established under this section pursuant to Chapter 91 of the Statutes of 1991. The amount of the transfer shall be determined based on projected workload data submitted by the State Department of Social Services.

(b) An amount, cumulatively not to exceed twenty million dollars ($20,000,000) to paragraph (1) of subdivision (a) of Item 5180-151-001, Social Services Program-Child Welfare Services, in order to advance funds to counties to conduct a program of family reunification and family maintenance services pursuant to Section 16500.5 of the Welfare and Institutions Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the widest range of emergency services to distressed children and families as soon as possible, and to rapidly initiate services to prevent the disruption or destruction of the family unit, it is necessary for this act to take effect immediately.

CHAPTER 869

An act to add Sections 11011.16 and 14660.1 to the Government Code, relating to state property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11011.16 is added to the Government Code, to read:

11011.16. The inventory prepared pursuant to Section 11011.15 shall contain the following additional information:

(a) A description of the exact current and projected use of, and the extent of the use for, each property included therein that has been identified by the Department of General Services as warranting further development consideration.

(b) An estimated value for each property located in a metropolitan area that either has commercial applications or is not currently in use or has no projected use and that has been identified by the department as warranting further development consideration.

SEC. 2. Section 14660.1 is added to the Government Code, to read:

14660.1. (a) Notwithstanding subdivision (b) of Section 14669, the Director of General Services, on behalf of the state, may enter into an agreement to convert an existing lease or leases for real property located in the City of Sacramento into a lease-purchase agreement for the purpose of acquiring office and parking facilities, and any other improvements, betterments, and facilities related thereto to provide office space for any state agency. The total purchase price, excluding financing costs, shall not exceed the market value as determined by the Department of General Services. The state may incur costs of financing, including, but not limited to, interest during acquisition of these facilities, interest payable on any interim loan from the Pooled Money Investment Account pursuant to Section 16312 or 16313, a reasonably required reserve fund, and the costs of issuance of interim financing or permanent financing, planning funds, and funds for environmental documents that may be necessary for acquisition of these facilities.

(b) The Director of General Services may proceed with acquisition pursuant to subdivision (a) if the total cost through ownership based on an analysis of savings to the state over a period commensurate with the useful life of the building, including the factoring in of the cost of the building, is determined to be of significant savings to the state. In order to ensure that the requirements of this subdivision are met, the Department of General

Services shall provide, through the Department of Finance, the Joint Legislative Budget Committee with a report concerning the cost-effectiveness required by this subdivision prior to entering into any lease-purchase agreement at which point the chairperson of the committee may recommend in favor of or against entering into the agreement. The report shall also include information regarding the quality of construction of the building, including seismic safety, handicap access, and other standards required of a state-occupied building.

(c) Revenue bonds, negotiable notes, and negotiable bond anticipation notes may be issued by the State Public Works Board pursuant to the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800)), to finance the acquisition of an office building and parking facilities, and any other improvements, betterments, and facilities related thereto, as specified in subdivision (a).

(d) The amount of the revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold shall equal the cost of acquisition and related costs, including financing, of the complex and facilities.

(e) The amount of negotiable bond anticipation notes sold shall not exceed the amount of revenue bonds and negotiable notes authorized by this section. Any augmentation of the approved project costs shall be subject to Section 13332.11. The board may borrow funds for project costs from the Pooled Money Investment Account pursuant to Section 16312 or 16313.

(f) The Director of General Services may lease the complex and facilities financed with the proceeds of the revenue bonds, negotiable notes, or negotiable bond anticipation notes from the board pursuant to this section for use by any state agency.

(g) The Director of General Services shall not utilize this section for more than one project as outlined in the report provided for in subdivision (b). Any other agreements shall be entered into as otherwise provided for in this article.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The state is currently obligated pursuant to a long-term lease to occupy a newly constructed office building and facilities related thereto. Occupancy of the building is imminent upon completion of tenant improvements. The conversion of the state's lease obligation to a lease-purchase obligation will provide significant cost savings to the state over the term of the lease and future savings from state ownership of valuable office space. In order for the state to take advantage of the potential cost savings and to improve the state's real property inventory, it is necessary that this act go into effect immediately.

CHAPTER 870

An act to amend Section 2836.1 of, and to add Section 2746.51 to, the Business and Professions Code, and to add Sections 10353 and 11512.07 to the Insurance Code, relating to nursing, and making an appropriation therefor.

[Approved by Governor October 11, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The protection and promotion of the people of California, including the prevention of disease, is a goal shared by all Californians.

(2) In order to progress toward this goal, comprehensive, quality perinatal health care services must be readily available to mothers and their infants.

(3) Perinatal health care services help promote the health of the mother during and after pregnancy and seek to ensure the health of the baby.

(4) The promotion of maternal-child health represents a potentially immense savings to the people of California in both human and financial terms, since it means health promotion and disease prevention at the earliest possible time.

(5) An important resource for quality perinatal services currently exists in California in the state's certified nurse-midwives and nurse practitioners.

(6) These health care providers are already skilled, trained, and licensed to deliver a broad range of perinatal services, and currently provide these services in a wide variety of settings.

(7) Fuller access to these providers, however, is often blocked by factors, such as a lack of reimbursement for their services and a lack of authority for them to prescribe needed medications.

(b) In enacting this act, it is the intent of the Legislature to provide expectant and new mothers fuller access to much needed perinatal health care services.

SEC. 2. Section 2746.51 is added to the Business and Professions Code, to read:

2746.51. Neither this chapter nor any other provision of law shall be construed to prohibit a certified nurse-midwife from furnishing drugs or devices when all of the following apply:

(a) The drugs or devices are furnished incidentally to the provision of family planning services, as defined in Section 14503 of the Welfare and Institutions Code, or are furnished incidental to the provision of routine health care or perinatal care, as defined in subdivision (d) of Section 284 of the Health and Safety Code,

rendered to essentially healthy persons within a facility specified in subdivision (a), except in the case of sole practitioners, and subdivision (b), (c), (d), (i), or (j) of Section 1206 of, a clinic as specified in Section 1204 of, a general acute care hospital as defined in subdivision (a) of Section 1250 of, or a special hospital specified as a maternity hospital in subdivision (f) of Section 1250 of, the Health and Safety Code.

(b) The certified nurse-midwife is functioning pursuant to a standardized procedure, as defined by current law in Section 2725. The standardized procedure shall be developed and approved by the supervising physician and surgeon, the certified nurse-midwife, and the facility administrator or his or her designee.

(c) The standardized procedure covering the furnishing of drugs or devices shall specify which certified nurse-midwife may furnish drugs or devices, which drugs or devices may be furnished, under what circumstances, the extent of physician and surgeon supervision, the method of periodic review of the certified nurse-midwife's competence, including peer review, and review of the provisions of the standardized procedure.

(d) The furnishing of drugs or devices by a certified nurse-midwife occurs under physician and surgeon supervision. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of the standardized procedure, (2) approval of the standardized procedure, and (3) availability by telephonic contact at the time of patient examination by the certified nurse-midwife.

(e) For purposes of this section, no physician and surgeon shall supervise more than four certified nurse-midwives at one time.

(f) Drugs or devices furnished by a certified nurse-midwife shall not include controlled substances under the California Uniform Controlled Substances Act, (Division 10 (commencing with Section 11000) of the Health and Safety Code) and shall be further limited to those drugs agreed upon by the certified nurse-midwife and physician and surgeon and specified in the standardized procedure.

(g) The board has certified in accordance with subdivision (h) that the certified nurse-midwife has satisfactorily completed (1) at least six month's physician and surgeon supervised experience in the furnishing of drugs or devices and (2) a course in pharmacology covering the drugs or devices to be furnished under this section. The board shall establish the requirements for satisfactory completion of this subdivision.

(h) The furnishing of drugs or devices by certified nurse-midwives is conditional on the issuance by the board of a number to the applicant who has successfully completed the requirements of subdivision (g). The number shall be included on all transmittals of orders for drugs or devices by the certified nurse-midwife. The board shall make the list available to the California State Board of Pharmacy. The board shall charge the

applicant fees for application, renewal, and penalty for failure to timely renew that are equal to the fees charged to nurse practitioners pursuant to Section 2836.3.

(i) Furnishing of drugs or devices by a certified nurse-midwife means the act of making a pharmaceutical agent or agents available to the patient in strict accordance with a standardized procedure.

SEC. 3. Section 2836.1 of the Business and Professions Code is amended to read:

2836.1. Neither this chapter nor any other provision of law shall be construed to prohibit a nurse practitioner from furnishing drugs or devices when all of the following apply:

(a) The drugs or devices are furnished incidentally to the provision of family planning services, as defined in Section 14503 of the Welfare and Institutions Code, or are furnished incidental to the provision of routine health care or perinatal care, as defined in subdivision (d) of Section 284 of the Health and Safety Code, rendered to essentially healthy persons within a facility specified in subdivision (a), except sole practitioners, and subdivision (b), (c), (d), (i), or (j) of Section 1206 of, a clinic as specified in Section 1204 of, a general acute care hospital specified in subdivision (a) of Section 1250 of, or a special hospital specified as a maternity hospital in subdivision (f) of Section 1250 of, the Health and Safety Code.

(b) The nurse practitioner is functioning pursuant to a standardized procedure, as defined by current law in Section 2725. The standardized procedure shall be developed and approved by the supervising physician and surgeon, the nurse practitioner, and the facility administrator or his or her designee.

(c) The standardized procedure covering the furnishing of drugs or devices shall specify which nurse practitioners may furnish drugs or devices, which drugs or devices may be furnished, under what circumstances, the extent of physician and surgeon supervision, the method of periodic review of the nurse practitioner's competence, including peer review, and review of the provisions of the standardized procedure.

(d) The furnishing of drugs or devices by a nurse practitioner occurs under physician and surgeon supervision. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of the standardized procedure, (2) approval of the standardized procedure, and (3) availability by telephonic contact at the time of patient examination by the nurse practitioner.

(e) For purposes of this section, no physician and surgeon shall supervise more than four nurse practitioners at one time.

(f) Drugs or devices furnished by a nurse practitioner shall not include controlled substances under the California Uniform Controlled Substances Act, (Division 10 (commencing with Section 11000) of the Health and Safety Code) and shall be further limited to those drugs agreed upon by the nurse practitioner and physician and surgeon and specified in the standardized procedure.

(g) The board has certified in accordance with Section 2836.3 that the nurse practitioner has satisfactorily completed (1) at least six month's physician and surgeon-supervised experience in the furnishing of drugs or devices and (2) a course in pharmacology covering the drugs or devices to be furnished under Section 2836.1. The board shall establish the requirements for satisfactory completion of this subdivision.

SEC. 4. Section 10353 is added to the Insurance Code, to read:

10353. (a) Every policy of disability insurance issued, amended, or renewed on or after January 1, 1992, that offers coverage for perinatal services shall contain a provision providing for direct reimbursement to certified nurse-midwives and nurse practitioners for perinatal services. The certified nurse-midwife or nurse practitioner may collect payment for any unpaid portion of his or her fee, as provided for under the plan for other providers.

(b) For purposes of this section, "direct reimbursement" means that after the enrollee files a claim for the perinatal service provided by the certified nurse-midwife or nurse practitioner, the plan pays the certified nurse-midwife or nurse practitioner directly.

SEC. 5. Section 11512.07 is added to the Insurance Code, to read:

11512.07. (a) Every nonprofit hospital service plan contract issued, amended, or renewed on or after January 1, 1992, that offers coverage for perinatal services shall contain a provision providing for direct reimbursement to certified nurse-midwives and nurse practitioners for perinatal services. The certified nurse-midwife or nurse practitioner may collect payment for any unpaid portion of his or her fee as provided for under the plan for other providers.

(b) For purposes of this section, "direct reimbursement" means that after the enrollee files a claim for the perinatal service provided by the certified nurse-midwife or nurse practitioner, the plan pays the certified nurse-midwife or nurse practitioner directly.

(c) This section shall not be construed as requiring payment from individual recipients where prohibited by federal law or the state Medicaid plan.

CHAPTER 871

An act to amend Sections 19440 and 19596.1 of, to add Article 5.5 (commencing with Section 19520) to Chapter 4 of Division 8 of, to repeal and add Article 5 (commencing with Section 19510) of Chapter 4 of Division 8 of, and to repeal Sections 19440.5, 19441.5, 19442, and 19442.5 of, the Business and Professions Code, relating to horseracing.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the current system of regulating stewards is not adequately protecting the integrity of horseracing in California and that the selection, examination, and evaluation of stewards and other track officials should be reformed in the manner prescribed in this act.

SEC. 2. Section 19440 of the Business and Professions Code is amended to read:

19440. (a) The board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the board shall include, but not be limited to, all of the following:

(1) Adopting rules and regulations for the protection of the public and the control of horseracing and parimutuel wagering.

(2) Administration and enforcement of all laws, rules, and regulations affecting horseracing and parimutuel wagering.

(3) Adjudication of controversies arising from the enforcement of those laws and regulations dealing with horseracing and parimutuel wagering.

(4) Licensing of each racing association and all persons, other than the public at large, who participate in a horserace meeting with parimutuel wagering.

(5) Allocation of racing dates to qualified associations in the best interests of the people of California in accord with the intent of this chapter.

(b) The board may delegate to stewards appointed pursuant to Article 5 (commencing with Section 19510) any of its powers and duties that are necessary to carry out fully and effectuate the purposes of this chapter.

SEC. 3. Section 19440.5 of the Business and Professions Code is repealed.

SEC. 4. Section 19441.5 of the Business and Professions Code is repealed.

SEC. 5. Section 19442 of the Business and Professions Code is repealed.

SEC. 6. Section 19442.5 of the Business and Professions Code is repealed.

SEC. 7. Article 5 (commencing with Section 19510) of Chapter 4 of Division 8 of the Business and Professions Code is repealed.

SEC. 8. Article 5 (commencing with Section 19510) is added to Chapter 4 of Division 8 of the Business and Professions Code, to read:

Article 5. Stewards and Racing Officials

19510. (a) Every steward and racing official not required to be licensed under Article 4 (commencing with Section 19480) shall be licensed by the board pursuant to this article. Any license issued pursuant to this article shall include a current photograph of the licensed person.

(b) No person required to be licensed pursuant to this article may participate in any capacity in any horserace meeting without a valid and unrevoked license. The board shall determine the fixed license fee which shall be paid in order to receive a license pursuant to this article.

(c) As used in this section, "racing official" means the starter, timer, paddock judge, horseshoe inspector, horse identifier, official veterinarian, racing veterinarian, associate judge, placing judge, patrol judge, clerk of scales, clerk of the course, and any other person acting as an official at any horseracing meeting.

19511. (a) The stewards' committee is hereby created to advise the board with respect to matters relating to stewards and racing officials.

(b) The stewards' committee shall consist of seven members, selected by the board, as follows:

(1) One member of the board, designated by the board who shall act as chairperson of the committee.

(2) One member who shall be an active steward with the greatest seniority as a steward within this state.

(3) Two members selected from a list of five names submitted by the California Jockey and Drivers Guild.

(4) One member selected from a list of three names submitted by all tracks and fairs holding racing meetings located south of the Tehachapi mountains.

(5) One member selected from a list of three names submitted by all tracks and fairs holding racing meetings located north of the Tehachapi mountains.

(6) One member selected from a list of three names submitted by all of the breed organizations recognized by the board.

(c) The initial terms of the steward member and the Jockey and Drivers Guild members shall be two years. The initial terms of northern and southern track and fair members shall be three years. The initial term of the breed organizations member shall be four years. All subsequent terms of all members, except the chairperson, shall be four years.

(d) The committee shall meet regularly at least six times during every fiscal year and shall hold extra meetings on the call of the chairperson or a majority of the committee. Four members of the committee shall constitute a quorum. The vote of a majority of the committee is necessary for the transaction of the business of the committee.

19512. (a) The board shall require applicants for license as a

steward to pass both a written and an oral examination.

(b) The board may admit to examination any person who meets all of the following qualifications:

(1) Has not been convicted of a crime involving moral turpitude or of a felony.

(2) Has been given a physical examination by a licensed physician and surgeon within 60 days prior to the date of application for the steward's examination, indicating at least 20-20 vision or vision corrected to at least 20-20, and normal hearing ability.

(3) Possesses at least one of the following qualifications:

(A) Has at least five years of experience in the parimutuel horseracing industry as a licensed trainer, jockey, or driver.

(B) Has at least 10 years of experience in the California parimutuel horseracing industry as a licensed owner whose experience, knowledge, ability, and integrity relative to the industry are known to the board.

(C) Has at least three years of experience as a licensed racing official, racing secretary, assistant racing secretary, or director of racing.

(D) Has experience in the horseracing industry of a character and for a length of time sufficient, as determined by the board, to qualify the person as having experience substantially equivalent to the experience described in subparagraph (A), (B), or (C).

19513. (a) The board shall prepare both written and oral examinations. All examinations shall be standardized and, in the case of oral examinations, tape recorded. Written examinations may be administered by members of the board staff. Oral examinations shall be conducted by a panel of not less than three board members.

(b) The board shall provide a detailed outline of the subjects to be covered by the oral and written examinations for a license to every person who requests the outline.

(c) The results of the oral and written examinations for stewards licenses shall be a public record.

19514. Racing officials shall be licensed by the board pursuant to rules and regulations that the board may adopt, and upon payment of a license fee fixed and determined by the board.

19515. An original license issued under this article shall be issued for a period of the calendar year in which it is issued, and shall be renewable for a period, not to exceed three years, which the board may, by regulation, establish. The board may establish a license fee schedule consistent with the different period for which these licenses may be granted.

The license shall be valid at all horseracing meetings in this state during the period for which it is issued, unless it is suspended or revoked prior to the expiration of the period.

19516. The board may, at any time, require the removal of any racing official or employee in any case where it has reason to believe that the official or employee has been guilty of any dishonest practice in connection with horseracing, has failed to comply with any

condition of the licensee's license, or has violated any law or any rule or regulation of the board.

19517. (a) The board, upon due consideration, may overrule any steward's decision if a preponderance of the evidence indicates any of the following:

(1) The steward mistakenly interpreted the law.

(2) New evidence of a convincing nature is produced.

(3) The best interests of racing and the state may be better served.

(b) However, any decision pertaining to the finish of a race, as used for purposes of parimutuel fund distribution to winning ticketholders, may not be overruled. Furthermore, any decision pertaining to the distribution of purses may be changed only if a claim is made in writing to the board by one of the involved owners or trainers, and a preponderance of the evidence clearly indicates to the board that one or more of the grounds for protest, as outlined in regulations adopted by the board, has been substantiated. The chairperson of the board may issue a stay of execution pending appeal from a steward's decision if the facts justify the action.

19518. (a) (1) The board shall contract with persons licensed as stewards pursuant to this article to perform the duties of stewards at horseracing meets. Contracts shall be upon any terms that the board and the stewards may mutually agree upon and may contain different rates of compensation based upon the experience of the steward.

(2) The board shall establish a committee of at least two board members to meet at least quarterly with representatives of the stewards, so that recommendations of the stewards can be discussed as necessary. These meetings may be scheduled the same day as regular board meetings or at the convenience of the board. Representatives of associations may attend and participate in these meetings, or portions thereof, when items directly affecting the associations are discussed.

(3) The board shall provide remuneration, including any fringe benefits, to stewards, to the official veterinarian, and for the costs of laboratory testing relating to horseracing.

(b) Stewards and other racing officials appointed or approved by the board, and while performing duties required by this chapter or by the board, shall be entitled to the same rights and immunities granted public employees by Article 3 (commencing with Section 820) of Chapter 1 of Part 2 of Division 3.6 of Title 1 of the Government Code.

(c) The Legislature finds and declares that the services performed by stewards at horseracing meetings are unique and cannot be performed adequately, competently, or satisfactorily by civil service personnel, and that the services cannot be adequately rendered by an existing public agency and do not duplicate the function of an existing public agency. Stewards shall be personal service contractors of the board and shall not be civil service employees.

SEC. 9. Article 5.5 (commencing with Section 19520) is added to Chapter 4 of Division 8 of the Business and Professions Code, to read:

Article 5.5. Other Licenses

19520. (a) Every person not required to be licensed under Article 4 (commencing with Section 19480) who participates in, or has anything to do with, the racing of horses, including a horse owner, jockey, driver, apprentice, exercise boy, agent trainer, obvserver, stable foreman, groom, valet, horseshoer, stable watchman, and every employee of a parimutuel department, shall be licensed by the board pursuant to rules and regulations that the board may adopt, and upon the payment of a license fee fixed and determined by the board. Any license issued pursuant to this article shall include a current photograph of the licensed person.

(b) No person required to be licensed by this article may participate in any capacity in any horserace meeting without a valid and unrevoked license authorizing the participation.

19521. An original license issued pursuant to this article shall be issued for a period of the calendar year in which it is issued, and shall be renewable for a period, not to exceed three years, which the board may, by regulation, establish. The board may establish a license fee schedule consistent with the different period for which the licenses may be granted. The license shall be valid at all horseracing meetings in this state during the period for which it is issued, unless it is suspended or revoked prior to the expiration of the period.

19522. The board shall also set forth requirements for the position of satellite facility supervisor for all satellite wagering facilities operated by the state or on public land. The satellite facility supervisor shall, among other things, monitor the performance of licensees at the facilities.

19523. The board may, at any time, require the removal of any racing official or employee in any case where it has reason to believe that the official or employee has been guilty of any dishonest practice in connection with horseracing, has failed to comply with any condition of the licensee's license, or has violated any law or any rule or regulation of the board.

SEC. 10. Section 19596.1 of the Business and Professions Code, as amended by Chapter 345 of the Statutes of 1991, is amended to read:

19596.1. Notwithstanding any other provision of law, the board may authorize an association conducting a race meeting to accept wagers on the results of out-of-state harness or quarter horse feature races or stake races and, with the board's approval and with the concurrence of the horsemen's organization contracting with the association, other designated harness or quarter horse races during the period it is conducting the racing meeting, if the following conditions are met:

(a) The authorization complies with federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title

15 of the United States Code.

(b) Wagering is offered only within the racing inclosure and only within 36 hours of the running of the out-of-state feature race.

(c) On a day during a racing meeting on which live races are not being run, the out-of-state feature race has a gross purse of at least one hundred thousand dollars ($100,000).

CHAPTER 872

An act to amend Sections 33334.2, 33334.3, 33334.6, and 33413 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes which are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner which would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency

has complied with subdivision (b) of this section.

(2) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or

adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions which are directly related to programs or activities authorized under subdivision (e) of this section.

The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on the provisions of this paragraph. Agencies which make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies which make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding. If an agency is determined by a court to have knowingly or negligently misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney fees and shall be required to allocate not less

than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purpose of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to the provisions of Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if the improvements directly and specifically improve or increase the community's supply of low- or moderate-income housing.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that such use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is

always of benefit to a project. Unless the legislative body finds before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

SEC. 2. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds which are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing and improving the community's supply of low- and moderate-income housing shall be held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund and any repayments or other income to the agency for loans, advances, or grants, of any kind from the Low and Moderate Income Housing Fund, shall accrue to and be deposited in, the fund and may only be used in the manner prescribed for the Low and Moderate Income Housing Fund.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase, improve, and preserve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to defray the costs of production, improvement, and preservation of low- and moderate-income housing and that the amount of money spent for planning and general administrative activities associated with the development, improvement, and preservation of that housing not be disproportionate to the amount actually spent for the costs of production, improvement, or preservation of that housing. The agency shall determine annually that the planning and administrative expenses are necessary for the production, improvement, or preservation of low- and moderate-income housing.

(e) (1) Planning and general administrative costs which may be paid with moneys from the Low and Moderate Income Housing

Fund are those expenses incurred by the agency which are directly related to the programs and activities authorized under subdivision (e) of Section 33334.2 and are limited to the following:

(A) Costs incurred for salaries, wages, and related costs of the agency's staff or for services provided through interagency agreements, and agreements with contractors, including usual indirect costs related thereto.

(B) Costs incurred by a nonprofit corporation which are not directly attributable to a specific project.

(2) Legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of a specific project which are authorized under subdivision (e) of Section 33334.2 and which are incurred by a nonprofit housing sponsor are not planning and administrative costs for the purposes of this section, but are instead project costs.

(f) The requirements of this subdivision apply to all new or substantially rehabilitated housing units developed or otherwise assisted, with moneys from the Low and Moderate Income Housing Fund, pursuant to an agreement approved by an agency on or after January 1, 1988. Except to the extent a longer period of time may be required by other provisions of law, the agency shall require that housing units subject to this subdivision shall remain available at affordable housing costs to persons and families of low or moderate income and very low income households for the longest feasible time, but for not less than the following periods of time, except as provided in Section 33334.13:

(1) Fifteen years for rental units. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (A) the replacement units are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (B) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(2) Ten years for owner-occupied units. However, the agency may permit sales of owner-occupied units prior to the expiration of the 10-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program which establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund.

The agency shall require the recording in the office of the county recorder of covenants or restrictions implementing this subdivision for each parcel or unit of real property subject to this subdivision. Notwithstanding any other provision of law, the covenants or

restrictions shall run with the land and shall be enforceable, against the original owner and successors in interest, by the agency or the community.

(g) "Housing," as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912. The definitions of "lower income households" and "very low income households" in Sections 50079.5 and 50105 shall apply to this section. "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) "Increasing, improving, and preserving the community's supply of low- and moderate-income housing," as used in this section and in Section 33334.2, includes the preservation of rental housing units assisted by federal, state, or local government on the condition that units remain affordable to low- and moderate-income households, including very low income households, for a specified period of time, beyond the date the subsidies and use restrictions could be terminated and the assisted housing units converted to market rate rentals. In preserving these units the agency shall require the units remain affordable to persons and families of low- and moderate-income and very low income households for the longest feasible time. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (1) the replacement units in another location are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (2) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(i) Agencies that have more than one project area may satisfy the requirements of this section by allocating, in any fiscal year, less than 20 percent in one project area, if the difference between the amount allocated and the 20 percent required, is instead allocated, in that same fiscal year, to the Low and Moderate Income Housing Fund from tax increment revenues from other project areas. Prior to allocating funds pursuant to this subdivision, the agency shall make the finding required by subdivision (g) of Section 33334.2.

SEC. 3. Section 33334.6 of the Health and Safety Code is amended to read:

33334.6. (a) The Legislature finds and declares that the provision of housing is itself a fundamental purpose of the Community Redevelopment Law and that a generally inadequate statewide supply of decent, safe, and sanitary housing affordable to persons and families of low or moderate income, as defined by Section 50093, threatens the accomplishment of the primary purposes of the Community Redevelopment Law, including job creation, attracting new private investments, and creating physical, economic, social, and environmental conditions to remove and prevent the recurrence of blight. The Legislature further finds and declares that the provision and improvement of affordable housing,

as provided by Section 33334.2, outside of redevelopment project areas can be of direct benefit to those projects in assisting the accomplishment of project objectives whether or not those redevelopment projects provide for housing within the project area. The Legislature finds and determines that the provision of affordable housing by redevelopment agencies and the use of taxes allocated to the agency pursuant to subdivision (b) of Section 33670 is of statewide benefit and of particular benefit and assistance to all local governmental agencies in the areas where the housing is provided.

(b) This section is applicable to all project areas, or portions of project areas, which are not subject to Section 33334.2, except that a project area, or portion of a project area, for which a resolution was adopted pursuant to subdivision (i) of Section 33334.2 is subject to this section. Project areas subject to this section which are merged are subject to the requirements of both this section and Section 33487. The deposit of taxes into the Low and Moderate Income Housing Fund in compliance with either this section or Section 33487 shall satisfy the requirements of both sections in the year those taxes are deposited.

(c) Except as otherwise permitted by subdivisions (d) and (e), not less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 from project areas specified in subdivision (b) for the 1985–86 fiscal year and each succeeding fiscal year shall be deposited into the Low and Moderate Income Housing Fund established pursuant to Section 33334.3 and used for the purposes set forth in Section 33334.2, unless the agency, by resolution, makes one of the findings described in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 33334.2, except that the authority to make the finding specified in paragraph (3) of subdivision (a) of that section shall expire as specified in that paragraph. Subdivisions (b) and (c) of Section 33334.2 apply if an agency makes any of those findings.

(d) In any fiscal year, the agency may deposit less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund if the agency finds that the difference between the amount deposited and the amount required by subdivision (c) is necessary to make payments under existing obligations of amounts due or required to be committed, set aside, or reserved by the agency during that fiscal year and which are used by the agency for that purpose. For purposes of this section, "existing obligations" means the principal of, and interest on, loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the agency to finance or refinance, in whole or in part, any redevelopment project existing on, and created prior to January 1, 1986, and contained on the statement of existing obligations adopted pursuant to subdivision (f). Obligations incurred on or after January 1, 1986, shall be deemed existing obligations for purposes of this section if the net proceeds are used to refinance existing obligations contained on the statement.

(e) In each fiscal year prior to July 1, 1996, the agency may deposit less than the amount required by subdivisions (c) and (d) into the Low and Moderate Income Housing Fund if the agency finds that the deposit of less than the amount required by those subdivisions is necessary in order to provide for the orderly and timely completion of public and private projects, programs, or activities approved by the agency prior to January 1, 1986, which are contained on the statement of existing programs adopted pursuant to subdivision (f). Approval of these projects, programs, and activities means approval by the agency of written documents which demonstrate an intent to implement a specific project, program, or activity and is not limited to final approval of a specific project, program, or activity.

(f) Any agency which deposits less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund pursuant to subdivision (d) or (e) shall adopt prior to September 1, 1986, by resolution, after a noticed public hearing, a statement of existing obligations or a statement of existing programs, or both.

(1) The agency shall prepare and submit the proposed statement to the legislative body and to the Department of Housing and Community Development prior to giving notice of the public hearing. Notice of the time and place of the public hearing shall be transmitted to the Department of Housing and Community Development at least 15 days prior to the public hearing and notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the community once a week for at least two successive weeks prior to the public hearing. The legislative body shall maintain a record of the public hearing.

(2) A copy of the resolution adopted by the agency, together with any amendments to the statement of the agency, shall be transmitted to the Department of Housing and Community Development within 10 days following adoption of the resolution by the agency.

(3) A statement of existing obligations shall describe each existing obligation and, based upon the best available information, as determined by the agency, list the total amount of the existing obligation, the annual payments required to be made by the agency pursuant to the existing obligation, and the date the existing obligation will be discharged in full.

(4) A statement of existing programs shall list the specific public and private projects, programs, or activities approved prior to January 1, 1986, which are necessary for the orderly completion of the redevelopment plan as it existed on January 1, 1986. No project, program, or activity shall be included on the statement of existing programs unless written evidence of the existence and approval of the project, program, or activity prior to January 1, 1986, is attached to the statement of existing programs.

(g) If, pursuant to subdivision (d) or (e), the agency deposits less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 in the 1985–86 fiscal year or any subsequent fiscal year in the Low and Moderate Income Housing Fund, the amount equal

to the difference between 20 percent of the taxes allocated to the agency pursuant to Section 33670 for each affected project and the amount deposited that year shall constitute a deficit of the project. The agency shall adopt a plan to eliminate the deficit in subsequent years as determined by the agency.

(h) The obligations imposed by this section, including deficits, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(i) In any litigation to challenge or attack a statement of existing obligations, the decision by the agency after the public hearing to include an existing obligation on the statement of existing obligations, or the decision by the agency after the public hearing to include a project, program, or activity on the statement of existing programs, the court shall uphold the action of the agency unless the court finds that the agency has abused its discretion. The Legislature finds and declares that this standard of review is necessary in order to protect against the possible impairment of existing obligations, programs, and activities because agencies with project areas adopted prior to January 1, 1977, have incurred existing obligations and have adopted projects, programs, and activities with the authority to receive and pledge the entire allocation of funds authorized by Section 33670.

SEC. 4. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project which is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable

housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with the housing element cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years.

The plan shall include estimates of the number of new or rehabilitated residential units to be developed within the project area and the number of units for very low income households and low- and moderate-income households which will be developed in order to meet the requirements of paragraph (2). The plan shall also include estimates of the number of agency developed residential units which will be developed during the next five years if any, and the number of units for very low income households and, low- and moderate-income households which will be developed during the same period of time to meet the requirements of paragraph (1). If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low income, moderate income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except to the extent a longer period of time may be required by other provisions of law. If land on which those dwelling units are located is deleted from the project

area, the agency shall continue to require that those units remain affordable as specified in the previous sentence. These requirements shall be made enforceable in the same manner as provided in subdivision (e) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to two replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 873

An act to amend, repeal, and add Section 8051.1 of, to amend Sections 8051.2 and 8388 of, and to add Section 1068 to, the Fish and Game Code, relating to fishing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the sea urchin fishery is important to the people of California. It harvests a resource, once considered a nuisance and which the state attempted to eradicate. It provides, on a sustained yield, a valuable food product for export to Japan and Asia, thereby helping to reduce the nation's trade imbalance while providing the state with income and employment for fishermen, shoreworkers, and support business, and is now the state's third largest fishery. The Legislature declares that in order to: assist this new fishery; foster cooperation between sea urchin divers and receivers and the Department of Fish and Game; better protect, manage, and enhance the sea urchin fishery; foster improvements in sea urchin diver safety; and maximize the economic and employment benefits of this fishery to the state and the nation; that the department should make a one-time grant to a California nonprofit organization representing a majority of the licensed sea urchin fishermen for the purpose of conducting programs for industry and public education, conservation and enhancement, safety, and communications, including communications in other languages, for the benefit of foreign receivers and exporters, consistent with the state's goal of protection, wise management, utilization, and enhancement of the sea urchin fishery and resource.

It is the Legislature's intent that the grant to the nonprofit organization of sea urchin divers and receivers shall be limited to two years and shall not be renewed. It is further the intent of the Legislature that the Department of Fish and Game shall fully recover all of the administrative costs incurred by the department in implementing this act.

SEC. 2. Section 1068 is added to the Fish and Game Code, to read:

1068. (a) Beginning November 1, 1991, the director shall make a grant in installments to a nonprofit organization of sea urchin divers in an amount not to exceed four hundred thousand dollars

($400,000), for the organization to accomplish the following purposes:

(1) To establish a communications network among sea urchin divers, through a periodic newsletter and such other means as are deemed necessary and appropriate by the organization, providing divers with information on policies, procedures, statutes, and regulations affecting the sea urchin fishery, meeting announcements, and for other information the department reasonably requests to be transmitted to sea urchin divers.

(2) To establish an education program for sea urchin divers and the public on the conservation and utilization of sea urchins.

(3) To work with the director's Sea Urchin Advisory Committee in developing an industry consensus on measurements.

(4) To establish a sea urchin diver safety program.

(5) To identify areas for recommendation to the director's Sea Urchin Advisory Committee for sea urchin enhancement.

(6) To develop a program to improve compliance with regulations and assistance to the department in the prevention of poaching.

The grant shall be paid, upon submission and approval of an annual budget, in quarterly installments, in amounts deemed appropriate by the department, upon the submission to the department of progress reports which demonstrate the continued achievements of the organization toward the intended goals.

(b) Prior to making the grant, the director shall verify from the nonprofit organization's bylaws that it is established for, among other purposes, the protection, conservation, enhancement, and promotion of the sea urchin fishery, and that its membership, including its board of directors, is composed solely of licensed commercial sea urchin divers.

(c) The grant shall be funded from revenues received pursuant to subdivision (b) of Section 8051.1 until March 1, 1994. The department shall estimate the revenues to be received pursuant to subdivision (b) of Section 8051.1 on a quarterly basis. If the department determines that the revenue to be received will not be sufficient to fund the amount of the grant, including departmental overhead charges, which shall be recovered in full, the department shall reduce the amount of the grant accordingly.

SEC. 3. Section 8051.1 of the Fish and Game Code is amended to read:

8051.1. (a) Commencing January 1, 1992, every person who is required to pay a landing tax for sea urchins pursuant to Sections 8041 and 8042 shall pay, in addition to the landing taxes determined in accordance with the schedule in Section 8051, an additional landing tax of one-half cent ($0.005) for each pound, or fraction thereof, of sea urchins, determined as provided in Section 8042. Those persons shall be responsible for the total amount of taxes payable to the department pursuant to this section and shall remit that amount to the department with all other taxes due and payable. However, those

persons shall deduct an amount equal to one-quarter of one cent ($0.0025) of the tax payable pursuant to this subdivision for each pound, or fraction thereof, of sea urchins, from payments made to divers for sea urchins, as listed on forms issued pursuant to Section 8043.

(b) Commencing January 1, 1992, in addition to the additional landing tax authorized pursuant to subdivision (a), every person who is required to pay a landing tax for sea urchins pursuant to Sections 8041 and 8042 shall pay an additional landing tax of one-half cent ($0.005) for each pound, or fraction thereof, of sea urchins, and shall deduct the amount of that tax from payments made to divers for sea urchins as listed on forms issued pursuant to Section 8043, and shall remit that amount to the department with all other landing taxes due and payable.

(c) This section shall become inoperative on March 1, 1994, and as of January 1, 1995, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 8051.1 is added to the Fish and Game Code, to read:

8051.1. (a) Every person who is required to pay a landing tax for sea urchins pursuant to Sections 8041 and 8042 shall pay, in addition to the landing taxes determined in accordance with the schedule in Section 8051, an additional landing tax of one-half cent ($0.005) for each pound, or fraction thereof, of sea urchins, determined as provided in Section 8042.

(b) This section shall become operative on March 1, 1994, and shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1996, deletes or extends that date.

SEC. 5. Section 8051.2 of the Fish and Game Code is amended to read:

8051.2. (a) The landing tax collected pursuant to Section 8051.1 shall be deposited in the Fish and Game Preservation Fund and 60 percent of the revenue deposited shall be used solely for the Sea Urchin Resources Enhancement Program in support of the recommendations of the committee established by subdivision (c) and other sea urchin resource enhancement measures as provided in the annual Budget Act. The remaining 40 percent of the revenue shall be used solely for research and management activities to monitor and maintain the sea urchin resource. The department shall maintain internal accountability necessary to ensure that all restrictions on the expenditure of Sea Urchin Resources Enhancement Program funds and research and management funds are met.

(b) An amount, not to exceed 15 percent of the total annual revenues deposited in the fund pursuant to subdivision (a), may be used by the department for the administration of the Sea Urchin Resources Enhancement Program and the research and

management activities, including any reasonable and necessary expenses.

(c) The Commercial Sea Urchin Advisory Committee in existence on the effective date of the act that amends this section at the 1991–92 Regular Session of the Legislature, which consists of 12 members selected by the director, shall be continued in existence and renamed the director's Sea Urchin Advisory Committee. One member shall be chosen from the personnel of the department. Ten members shall be selected, with alternates, from nominations submitted by sea urchin fishermen and processors and by associations representing the commercial sea urchin industry of California. Five of the industry members shall be from northern California, two representing divers and three representing processors. At least one of the northern California processor representatives shall reside in a geographical area other than Fort Bragg. Five of the industry members shall be from southern California, three representing divers and two representing processors. All of the California diver representatives shall reside in different geographical areas of the state. The area marine coordinator from the University of California at Davis shall be the other member.

For the money available to the Sea Urchin Resource Enhancement Program, the committee may annually submit to the department proposed projects and a budget for the program. The department, after conducting a public review and discussion, shall incorporate all or part of the proposed projects and budget recommendations in its submittal to the Governor's Budget.

(d) The department shall submit to the Legislature a report of its findings and recommendations for enhancement of the sea urchin resource on or before January 1, 1993, including the recommendations of the director's Sea Urchin Advisory Committee regarding enhancement of the sea urchin resource.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 6. Section 8388 of the Fish and Game Code is amended to read:

8388. (a) No female angel shark measuring less than 42 inches in total length or 15¼ inches in alternate length and no male angel shark measuring less than 40 inches in total length or 14½ inches in alternate length may be possessed, sold, or purchased, except that 10 percent of the angel sharks in any load may measure not more than ½ inch less than the minimum sizes specified herein.

(b) Angel shark total length shall be measured from the anterior end of the head to the tip of the tail while the fish is lying in a position of natural repose. When measuring total length or alternate length, the tip of the tail may be laid flat against the surface of the measuring device. Angel shark alternate length shall be measured from the point where the leading edge of the first dorsal fin meets the back to the tip of the tail. Angel sharks may be constrained from lateral

movement during measurement by restraining devices approved by the department.

(c) Angel sharks taken in gill or trammel nets shall be landed (brought ashore) with at least one intact pelvic fin and the tail fin attached.

(d) Angel sharks taken in gill or trammel nets shall not be transferred to or from another vessel, except that angel sharks may be transferred to or from vessels with a department observer on board. An observer shall observe and make a written record of that transfer.

SEC. 7. The sum of four hundred thousand dollars ($400,000) is hereby appropriated to the Department of Fish and Game, from the Fish and Game Preservation Fund, from funds received pursuant to Section 8051.2 of the Fish and Game Code, for the purposes of this act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Department of Fish and Game to immediately initiate a grant program with a nonprofit sea urchin divers' association, and thereby effect and encourage the continued protection, management, and enhancement of the sea urchin fishery and the safety of those involved in this fishery, and to protect angel sharks it is necessary that this act take effect immediately.

CHAPTER 874

An act to add Part 9 (commencing with Section 44470) to Division 26 of the Health and Safety Code, relating to environmental protection.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Part 9 (commencing with Section 44470) is added to Division 26 of the Health and Safety Code, to read:

PART 9. HALOGENATED REFRIGERANTS

44470. (a) The Legislature finds and declares the following:

(1) For the first time in human history, the use and disposal of certain manmade products are actively destroying a layer of the earth's atmosphere without which human life cannot continue to exist.

(2) These products, known as chlorofluorocarbons and halons,

have already begun to deplete the ozone layer which protects human and other life forms from cancer-causing ultraviolet radiation. Above California, the ozone shield has been depleted about 3 percent over the last 20 years.

(3) On January 1, 1989, a 24-nation agreement (the Montreal Protocol) became effective, calling for the reduction in use of most CFCs and halons, and the Environmental Protection Agency has issued regulations designed to freeze production of these products at current levels.

(4) The Montreal Protocol was amended in 1990 calling for a reduction of CFC manufacturing to 50 percent of 1986 levels by 1995, further reduction to 15 percent of 1986 levels by 1997, and complete elimination by the year 2000. Due to the severity of the ozone depletion problem, however, this phaseout schedule is to be reviewed in 1992 with the objective of accelerating it still further.

(5) It is essential to the health and safety of all Californians to take such steps as are necessary to further decrease and halt the destruction of the ozone layer by CFCs and halons.

(b) The Legislature further finds and declares the following:

(1) CFCs and halons contribute actively to global warming trends which could dramatically affect the economy and stability of California, including the flooding of coastal lands, loss of crop winters, and destruction of coastal wetlands and forests.

(2) Twenty-five percent of the total amount of CFCs produced every year in the United States are needlessly released into the atmosphere through mobile air-conditioning servicing, maintenance, and leaking.

(3) CFC-12 accounts for 46 percent of California's contribution to ozone depletion from CFCs. Emissions from mobile air-conditioners are estimated to account for 27 percent of all of California's CFC-12 emissions.

(4) Actions required by the federal Clean Air Act amendments of 1990 (Public Law 101-549) will result in programs which require the recycling of CFCs used as refrigerants in existing motor vehicles and stationary systems, beginning in 1992. The severity of the ozone depletion problem, however, compels us to shift to the use of alternative refrigerants as soon as possible.

(5) Most vehicle manufacturers have indicated that they can equip a portion or all of their vehicle fleets with an alternative refrigerant by the mid- to late 1990s, if alternative products successfully complete toxicity testing by the Environmental Protection Agency by 1992.

(c) It is the intent of the Legislature by the enactment of this part to phase out the use of CFC-based refrigerants in mobile air-conditioning systems by banning the sale of any new automobile, truck, or other motor vehicle in California which utilizes CFC-based refrigerants after January 1, 1995, except as otherwise specified in subdivision (b) of Section 44473.

44471. (a) This part applies to products containing or

manufactured with CFC-11, CFC-12, and HCFC-22 which have an ozone depletion potential (ODP) of greater than .1, and have been identified by the Environmental Protection Agency as substances controlled by the Montreal Protocol on Substances that Deplete the Ozone Layer. Any reference in this part to CFC, or CFCs, means these substances.

(b) As used in this part, "vehicle air-conditioner" means mechanical vapor compression refrigeration equipment used to cool the driver's or passenger compartment of any motor vehicle.

44472. (a) On and after January 1, 1993, and prior to January 1, 1994, not more than 90 percent of the new 1993 model year or later motor vehicles equipped with vehicle air-conditioners which are certified for sale, sold, or offered for sale in this state shall utilize CFC-based products described in subdivision (a) of Section 44471.

(b) On and after January 1, 1994, and prior to January 1, 1995, not more than 75 percent of the new 1994 model year or later motor vehicles equipped with vehicle air-conditioners which are certified for sale, sold, or offered for sale in this state shall utilize those CFC-based products.

(c) On or after September 1, 1994, not more than 10 percent of all model year 1995 vehicles shall utilize those CFC-based products.

(d) On and after January 1, 1995, no person or business shall certify for sale, sell, or offer to sell a new 1995 or later model year motor vehicle equipped with a vehicle air-conditioner utilizing those CFC-based products.

44473. (a) Manufacturers of all motor vehicle models described in Section 44472 shall submit quarterly records and an annual report to the state board detailing the percentage of new models certified for sale, sold, or offered for sale in California with CFC-alternative mobile air-conditioning systems not using the CFC-based products enumerated in subdivision (a) of Section 44471. Compliance with Section 44472 shall be based on the total number of new motor vehicle models with non-CFC-based vehicle air-conditioners certified for sale, sold, or offered for sale versus the total number of new motor vehicle models with vehicle air-conditioners certified for sale, sold, or offered for sale in California each year.

(b) Each of the deadlines set forth in Section 44472 may be extended for a period of not more than two years upon a determination by the state board that chemical or technological alternatives to CFC-based products are not yet available and in sufficient supply, or that manufacturers of new motor vehicles require additional time to redesign vehicle air-conditioning systems.

(c) The state board shall adopt regulations by March 1, 1992, providing for the enforcement of this part.

44474. Any person or business that violates this part is liable for a civil penalty of five hundred dollars ($500) per incident, not to exceed five thousand dollars ($5,000) per day.

CHAPTER 875

An act to add Section 5012.2 to the Public Resources Code, relating to parks.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 5012.2 is added to the Public Resources Code, to read:

5012.2. (a) Notwithstanding any other provision of law, subsequent to the creation of an easement for a roadway connecting to Mulholland Drive through the Mulholland Scenic Corridor and Topanga State Park or other state-owned parkland, the department may impose conditions and restrictions on the development of the roadway thereon and upon contiguous portions of Mulholland Drive if the director finds that geologic or other circumstances exist which cause or may cause substantial damage to state-owned park resources.

(b) Notwithstanding any other provision of law, these conditions and restrictions, including the imposition of, and compliance with, these conditions and restrictions, shall not constitute a new project or otherwise affect the validity of recorded tract maps or other entitlements, shall supersede, preempt, and replace any conditions, restrictions, or other requirements imposed on, or in connection with those tract maps and other entitlements to the extent inconsistent with these conditions and restrictions, and shall not in any way jeopardize previously approved projects or cause a reopening of a previously completed environmental review process. This subdivision shall not be of any legal effect, for the purpose of superseding and preempting any locally imposed conditions, unless the owner of the property subject to locally imposed conditions shall pay the amount of the estimated cost savings as a result of superseding the locally imposed conditions to the Los Angeles County Transportation Commission for traffic mitigation within the San Fernando Valley Statistical Area, as defined in Section 11093 of the Government Code, on or before December 31, 1991.

CHAPTER 876

An act to add and repeal Article 6 (commencing with Section 52770) of Chapter 11 of Part 28 of the Education Code, relating to the California Youth Entrepreneur Program.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 52770) is added to Chapter 11 of Part 28 of the Education Code, to read:

Article 6. California Youth Entrepreneur Program

52770. There is hereby established the California Youth Entrepreneur Program. The intent of this article is to initiate the development of effective entrepreneur programs in participating high school, regional occupational centers, and unified school districts in areas of low socioeconomic status for pupils who are at least 16 years of age.

52771. The Superintendent of Public Instruction shall conduct a comprehensive three-year program to encourage pupil involvement in entrepreneurial activities. The superintendent shall select local entrepreneur programs to be funded, beginning July 1, 1992, in school districts, regional occupational centers, or county offices of education that apply, pursuant to a process to be developed by the superintendent which meets the requirements of Section 52772 and the Job Training Partnership Act, Public Law 97-300.

52772. School districts and county offices of education may submit applications to the superintendent for grants to develop and implement programs for pupil participation in entrepreneurial activities. Each school district or county office of education that wishes to apply shall do all of the following:

(a) Submit a plan outlining the proposed development of the entrepreneur program, including, but not limited to, a description of how the program will operate. Applicants shall be encouraged to collaborate with the business departments of local colleges and universities in developing the local plan.

(b) Serve pupils, in the program, who are economically disadvantaged, as defined in the Job Training Partnership Act, Public Law 97-300, as it exists on January 1, 1992, and who are susceptible to frequent absenteeism, truancy, or tardiness, or who are at risk of dropping out of school, for among other reasons, pregnancy or marriage, financial need, the lack of basic skills, or low self-esteem.

(c) Demonstrate that the program will be under direct supervision and control of the applicant school district, regional occupational center, or county office of education.

(d) Demonstrate that the program is designed to do the following:

(1) Introduce the fundamentals of entrepreneurship, and provide business education, support, and resources that are not monetary, including, but not limited to, books, cash registers, and models, for pupils to start their business.

(2) Introduce pupils to a variety of university faculty, staff, students, alumni, and representatives of the business community.

(3) Identify areas of individual pupil needs and provide resources and referrals to meet those needs.

(4) Support the development of entrepreneurial curriculum, expertise, and guidance.

52773. (a) Grants shall be awarded in accordance with the following requirements:

(1) Applicants must ensure that California Youth Entrepreneur Program participants be composed of no less than 90 percent economically disadvantaged pupils who are at least 16 years of age.

(2) The superintendent shall ensure that the application describes the program, including, but not limited to, provisions that ensure that participating pupils will learn money-management skills, economic realities and work ethics of servicing customers, time management, essential elements of managing human resources, and the fiscal resources that will be used to implement the program.

(b) Each participating school district, regional occupational center, or county office of education shall annually provide a 50 percent matching contribution of funds from local resources, exclusive of any state funding. Local resources of matching contributions may include, but are not limited to, funds provided by local businesses and industry.

52774. The superintendent shall develop criteria to evaluate the local entrepreneur program or programs operated under this article. The superintendent shall conduct program and fiscal review to do all of the following:

(a) Ensure that funds allocated pursuant to this article are expended toward the purposes of this article.

(b) Determine the effectiveness of the program and quality and effectiveness of improvements in programs that result from the activities of the California Youth Entrepreneur Program.

52775. This article shall become inoperative on July 1, 1995, and, as of January 1, 1996, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1996, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. It is the intent of the Legislature that each program grant be awarded to school districts and county offices of education selected to participate for a three-year period. The total amount of the program grant shall be based on the number of pupils enrolled in schools participating in the California Youth Entrepreneur Program.

SEC. 3. (a) It is the intent of the Legislature that the program specifications and the pupil population served by Article 6

(commencing with Section 52270) of Chapter 11 of Part 28 of the Education Code conform to the requirements of programs authorized by the federal Job Training Partnership Act (P.L. 97-300).

(b) The State Job Training Coordinating Council, established pursuant to Chapter 4.5 (commencing with Section 15035) of Division 8 of the Unemployment Insurance Code, is hereby encouraged to make the program established pursuant to Article 6 (commencing with Section 52270) of Chapter 11 of Part 28 of the Education Code one of its statewide funding priorities, pursuant to its authority to allocate fiscal resources under Section 15037 of the Unemployment Insurance Code.

(c) The council also is hereby encouraged to use funds available to it from the federal Job Training Partnership Act pursuant to paragraph (1) of subdivision (e) of Section 15037 of the Unemployment Insurance Code, for the support of local entrepreneur programs, including, but not limited to, technical assistance in the development and implementation of those local programs.

CHAPTER 877

An act to add Section 4108 to the Food and Agricultural Code, and to amend Section 830.3 of the Penal Code, relating to expositions and fairs, and making an appropriation therefor.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 4108 is added to the Food and Agricultural Code, to read:

4108. The Executive Director of the California Museum of Science and Industry may appoint the chief and assistant chief of museum security and safety, who shall have the powers of peace officers as specified in Section 830.3 of the Penal Code. These peace officers shall provide police and security services to keep order and preserve the peace and safety of persons and property at the California Museum of Science and Industry and at Exposition Park on a year-round basis.

SEC. 2. Section 830.3 of the Penal Code is amended to read:

830.3. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. These peace officers may carry firearms only if

authorized and under those terms and conditions as are specified by their employing agencies:

(a) Persons employed by the Division of Investigation of the Department of Consumer Affairs and investigators of the Medical Board of California and the Board of Dental Examiners, who are designated by the Director of Consumer Affairs, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 160 of the Business and Professions Code.

(b) Voluntary fire wardens as are designated by the Director of Forestry pursuant to Section 4156 of the Public Resources Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 4156 of that code.

(c) Employees of the Department of Motor Vehicles designated in Section 1655 of the Vehicle Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 1655 of that code.

(d) Investigators of the California Horse Racing Board designated by the board, provided that the primary duty of these peace officers shall be the enforcement of Chapter 4 (commencing with Section 19400) of Division 8 of the Business and Professions Code and Chapter 10 (commencing with Section 330) of Title 9 of Part 1 of the Penal Code.

(e) The State Fire Marshal and assistant or deputy state fire marshals appointed pursuant to Section 13103 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 13104 of that code.

(f) Inspectors of the food and drug section as are designated by the chief pursuant to subdivision (a) of Section 216 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 216 of that code.

(g) All investigators of the Division of Labor Standards Enforcement, as designated by the Labor Commissioner, provided that the primary duty of these peace officers shall be enforcement of the law as prescribed in Section 95 of the Labor Code.

(h) All investigators of the State Departments of Health Services, Social Services, Mental Health, Developmental Services, Alcohol and Drug Programs and the Office of Statewide Health Planning and Development, and the Public Employees' Retirement System, provided that the primary duty of these peace officers shall be the enforcement of the law relating to the duties of his or her department, or office. Notwithstanding any other provision of law, investigators of the Public Employees' Retirement System shall not carry firearms.

(i) The Chief of the Bureau of Fraudulent Claims of the Department of Insurance and those investigators as designated by

the chief, provided that the primary duty of those investigators shall be enforcement of Section 556 of the Insurance Code.

(j) Employees of the Department of Housing and Community Development designated under Section 18023 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 18023 of that code.

(k) Investigators of the office of the Controller, provided that the primary duty of these investigators shall be the enforcement of the law relating to the duties of that office. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(*l*) Investigators of the Department of Corporations designated by the Commissioner of Corporations, provided that the primary duty of these investigators shall be enforcement of the provisions of law administered by the Department of Corporations. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(m) Persons employed by the Contractors' State License Board designated by the Director of Consumer Affairs pursuant to Section 7011.5 of the Business and Professions Code, provided that the primary duty of these persons shall be the enforcement of the law as that duty is set forth in Section 7011.5, and in Chapter 9 (commencing with Section 7000) of Division 3, of that code. The Director of Consumer Affairs may designate as peace officers not more than three persons who shall at the time of their designation be assigned to the special investigations unit of the board. Notwithstanding any other provision of law, the persons designated pursuant to this subdivision shall not carry firearms.

(n) The chief and coordinators of the Law Enforcement Division of the Office of Emergency Services.

(o) Investigators of the Office of the Secretary of State, designated by the Secretary of State, provided that the primary duty of these peace officers shall be the enforcement of the law as prescribed in Chapter 3 (commencing with Section 8200) of Division 1 of Title 2 of the Government Code and Section 12172.5 of that code. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(p) The Deputy Director for Security, as designated by Section 8880.38 of the Government Code, and all lottery security personnel assigned to the California State Lottery and designated by the director, provided that the primary duty of any of those peace officers shall be the enforcement of the laws related to assuring the integrity, honesty, and fairness of the operation and administration of the California State Lottery.

(q) Investigators employed by the Investigation Division of the Employment Development Department, designated by the director of the department, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth

in Section 317 of the Unemployment Insurance Code.

Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(r) The chief and assistant chief of museum security and safety of the California Museum of Science and Industry, as designated by the executive director pursuant to Section 4108 of the Food and Agricultural Code, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 4108 of the Food and Agricultural Code.

CHAPTER 878

An act to amend Section 743 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 743 of the Public Utilities Code is amended to read:

743. (a) As used in this section, "steel producer" means a producer of steel products in California which in 1981 or any subsequent year produced at least 75,000 tons of rolled or finished steel and which has a maximum demand for electricity of 4,000 kilowatts or more at one plant location. Any steel producer which transfers any substantial amount of employment from its facilities in this state to any out-of-state facility or otherwise substantially reduces employment at its facilities in this state below the June 30, 1985, level, or fails to maintain and make reasonable and prudent investments in its facilities, as determined by the commission, is ineligible for any electric rate established pursuant to this section.

(b) As used in this section, "frozen food processor" means a corporation or person engaged in the processing of food in California, which food is classified according to the Standard Industrial Classification Manual, 1972, in Industry No. 2037 and Industry No. 2038 of Group 203, of Food and Kindred Products Major Group 20, as specified in Section 2900.3 of Title 7 of the Code of Federal Regulations. "Processing of food" includes the postprocessing storage of frozen food in a warehouse, or other facility, until the frozen food leaves the control or responsibility of the frozen food processor or until the frozen food processor no longer has an obligation to store the food.

(c) As used in this section, "system average rate" means total jurisdictional revenues of the electrical corporation divided by total jurisdictional sales.

(d) Every electrical corporation furnishing electricity to a steel

producer, frozen food processor, or other heavy-industry customer, as determined and specified by the electrical corporation, shall prepare and file tariffs providing rates which shall be lower than the system average rate and take into consideration all of the following:

(1) Specific service requirements of individual customers, including, but not limited to, reliability, interruptability, quantity of use, and requirements of voltage.

(2) Incentives to achieve conservation, improvements in efficiency, and time-of-day load shifting.

(3) Implementation at the option of the customer.

(4) Cost of service.

(e) The commission shall consider and approve tariffs which shall be consistent with this section and which shall be in effect on and after July 1, 1992.

(f) The commission may approve contracts between an electrical corporation and its heavy industrial customers as determined by the electrical corporation, of not more than ten years' duration, in which the electrical corporation buys from the heavy industrial customer the right to interrupt the customer's service on short notice, as determined by the commission. The payment mechanism may include a discounted rate for service. In approving and determining the reasonableness of these contracts, the commission may consider, among other things, the price paid by the electrical corporation for the right to interrupt, the value of that right to the utility system and its ratepayers, and the benefits to the ratepayers and the people of the state of retaining heavy industrial customers. Throughout the term of any of these contracts, the commission shall have the right to amend the contract. Every contract subject to this subdivision shall include a provision indicating that the contract is subject to amendment by the commission as provided in this subdivision. This subdivision does not supersede the requirement of subdivision (d) that the commission establish a heavy industrial tariff.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 879

An act to add Chapter 12.5 (commencing with Section 50835) to Part 2 of Division 31 of the Health and Safety Code, relating to housing.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.5 (commencing with Section 50835) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 12.5. CALIFORNIA HOME AND HOMEOWNERSHIP AND OPPORTUNITY FOR PEOPLE EVERYWHERE (HOPE FOR CALIFORNIA PROGRAM)

50835. (a) The Legislature finds and declares all of the following:

(1) In 1990, the Cranston-Gonzalez National Affordable Housing Act was enacted by the Congress and President of the United States as Public Law 101-625. The act affirms as a national goal that every American family be able to afford a decent home in a suitable environment. The act authorizes fifty-two billion dollars ($52,000,000,000) of expenditures on housing and community development during federal fiscal years 1991 and 1992.

(2) Titles II and IV of the National Affordable Housing Act enacted the HOME Investment Partnerships Act programs and the Homeownership and Opportunity for People Everywhere (HOPE) program, respectively. A requirement of the HOME and HOPE legislation is that a portion of the funding for each recipient project shall be matched by funds from nonfederal sources in order to carry out the homeownership program.

(b) In enacting this chapter, it is therefore the intent of the Legislature to provide a mechanism for California to fulfill the nonfederal matching funds requirements.

50836. (a) Local government agencies may exempt, for a period of up to 20 years, from local taxes, fees, or assessments, any housing project owned or operated by a nonprofit entity, a for-profit entity, a limited equity cooperative, or any other entity which qualifies for, and receives, federal aid under either Title II or IV of the Cranston-Gonzalez National Affordable Housing Act (Public Law 101-625).

(b) Redevelopment agencies which use their non-low- and moderate-income funds to participate in funding projects which also receive funding pursuant to either Title II or IV of the Cranston-Gonzalez National Affordable Housing Act (Public Law 101-625) shall include that activity in their annual reports prepared pursuant to Section 33080.1.

(c) The California Housing Insurance Fund may use its resources to assist nonprofit corporations exempt from federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code, redevelopment agencies, local finance agencies, and for-profit corporations which receive funding pursuant to either Title II or IV of the Cranston-Gonzalez National Affordable Housing Act (Public Law 101-625).

50837. (a) The Advisory Task Force on Affordable Housing is hereby created in the Department of Housing and Community Development to provide advisory recommendations on methods by which state housing programs may be restructured in order to benefit the greatest number of Californians by obtaining maximum federal funding under the Cranston-Gonzalez National Affordable Housing Act (Public Law 101-625), and, particularly, under Titles II and IV thereof. As part of the report, the Treasurer shall study, and report to the task force, about how the state bond programs can be counted as part of the nonfederal match and how they might specifically fund the HOME and HOPE programs.

(b) The members of the task force shall include the Director of Housing and Community Development, who shall serve as chairperson of the task force, the Controller, the Treasurer, the Director of the Department of Veterans Affairs, and the Executive Director of the California Housing Finance Agency, or their respective designees. The task force shall meet as deemed necessary by the chairperson.

(c) Each member of the task force shall serve without compensation, but shall be reimbursed for actual and necessary expenses incurred in the performance of his or her duties by his or her respective public agency.

(d) The task force shall be supported by a reasonable amount of staff time, which shall be provided by the agencies represented on the task force to the extent feasible within their existing resources.

(e) The task force may request data from, and shall utilize the technical expertise of, other state agencies.

(f) On or before April 15, 1992, the task force shall submit its written report to the Legislature.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 880

An act to amend Sections 700, 900.7, 1592, 1855.1, 1855.2, 1855.3, 1855.4, and 1855.5 of, and to add Section 12921.2 to, the Insurance Code, relating to insurance, and making an appropriation therefor.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 700 of the Insurance Code is amended to read:

700. (a) A person shall not transact any class of insurance business in this state without first being admitted for that class. Admission is secured by procuring a certificate of authority from the commissioner. The certificate shall not be granted until the applicant conforms to the requirements of this code and of the laws of this state prerequisite to its issue.

(b) The unlawful transaction of insurance business in this state in willful violation of the requirement for a certificate of authority is a public offense punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by fine not exceeding one hundred thousand dollars ($100,000), or by both, and shall be enjoined by a court of competent jurisdiction on petition of the commissioner.

(c) After the issuance of a certificate of authority, the holder shall continue to comply with the requirements as to its business set forth in this code and in the other laws of this state.

(d) Where a hearing is held under this section the proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

(e) The commissioner shall either issue or deny an application for a certificate of authority within 180 calendar days after the date of the application.

(f) The commissioner and his or her authorized representative shall be prohibited from seeking a waiver to extend the 180 calendar day period specified in subdivision (e), nor shall the applicant be permitted to waive that period.

SEC. 2. Section 900.7 of the Insurance Code is amended to read:

900.7. The statements required by Section 900 shall be filed, in quadruplicate, by the insurer with the office of the department in Los Angeles. Upon receipt of the four copies, the commissioner shall ensure that one copy is maintained at the department's office in Los Angeles, one copy at the department's office in San Francisco, and one copy at the department's office in Sacramento.

SEC. 3. Section 1592 of the Insurance Code is amended to read:

1592. The statement required by Section 1591 shall be verified in the manner prescribed in Sections 903 and 903.5 and there shall be filed therewith the certificate of each trustee in the United States holding trusteed assets of the alien insurer, showing the description and amount of the trusteed assets, and the purpose for which they are held. The statement shall be filed in quadruplicate by the alien insurer with the office of the department in Los Angeles. Upon receipt of the four copies, the commissioner shall ensure that one copy is maintained at the department's office in Los Angeles, one copy at the department's office in San Francisco, and one copy at the department's office in Sacramento.

The commissioner may at other times require any admitted alien insurer to file with him or her similar statements, showing the information specified in Section 1591 with respect to such other date as he or she may prescribe.

SEC. 4. Section 1855.1 of the Insurance Code is amended to read:

1855.1. It is the intent of the Legislature in enacting this article to promote competition in the insurance business and provide a means whereby insurance consumers can more easily comparison shop for insurance coverage by allowing insurance advisory organizations to develop and draft for use by all insurers in California common forms, coverages, endorsements, and manuals for insurance policies and bonds.

SEC. 5. Section 1855.2 of the Insurance Code is amended to read:

1855.2. As used in this article, "advisory organization" means every group, association, or other organization of insurers, whether located within or outside of this state, that develops and prepares policy or bond forms, or manuals, for use by admitted insurers, carries on research relative to the development and preparation of policy and bond forms, and acts in an advisory, as distinguished from a ratemaking, capacity.

Every advisory organization shall, prior to operation, file with the commissioner (a) a copy or its constitution, its articles of agreement or association, or its certificate of incorporation, and its bylaws, rules, and regulations governing its activities, (b) a list of its members, and (c) the name and address of a resident of this state upon whom notices or orders of the commissioner or process issued at his or her direction may be served. Every advisory organization shall thereafter promptly notify the commissioner of every material change in the documents required to be filed with the commissioner.

SEC. 6. Section 1855.3 of the Insurance Code is amended to read:

1855.3. Two or more insurers may cooperate with and act in concert with others as members of an advisory organization with respect to any matters pertaining to the preparation or making of insurance policy or bond forms, or manuals, or carrying on of research relative to the preparation and development of policy or bond forms, or manuals.

SEC. 7. Section 1855.4 of the Insurance Code is amended to read:

1855.4. Members and subscribers of advisory organizations may

use the policy or bond forms, or manuals, of advisory organizations, either consistently or intermittently, but, except for insurers having common ownership or management, shall not agree with each other or others to adhere thereto. The fact that two or more admitted insurers, whether or not members or subscribers of an advisory organization, use, either consistently or intermittently, the policy or bond forms, or manuals, prepared by an advisory organization, shall not be sufficient in itself to support a finding that an agreement to adhere to those forms or manuals exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of an agreement to adhere to those forms or manuals.

SEC. 8. Section 1855.5 of the Insurance Code is amended to read:

1855.5. (a) All insurance policy or bond forms, or manuals of an advisory organization shall prior to being used by insurers be submitted in writing to the commissioner for his or her consideration and approval, together with any information the commissioner may reasonably require. All of those documents shall be available for public inspection at the office of the commissioner. The commissioner shall approve only those policy forms or bonds forms, or manuals, that are found by him or her to contemplate activities and practices that are not unfair, unreasonable, or otherwise inconsistent with the provisions of this code.

(b) Upon submission of any policy forms or bond forms, or manuals, the commissioner may review them, and if after a hearing, at which representatives of consumers and other interested parties may participate, upon not less than 10 days' notice to an advisory organization he or she finds that the policy forms or bond forms, or manuals, are unfair or unreasonable, or are otherwise inconsistent with the provisions of this chapter, he or she may issue a written order to the advisory organization specifying in what respect the policy forms, bond forms, or manuals, are unfair or unreasonable or otherwise inconsistent with the provisions of this chapter and disapprove the use of the forms or manuals. Notwithstanding the provisions of this section, if the commissioner fails to act within 90 days of the submission of a proposed policy or bond form, or manual by an advisory organization, the policy or bond form, or manual, shall be deemed approved. For good cause, and after a hearing, at which representatives of consumers and other interested parties may participate, upon not less than 10 days' notice to the advisory organization, the commissioner may revoke approval of any policy form or bond form or manual.

(c) Nothing in this chapter shall be interpreted to allow an advisory organization to set or establish rates for any insurance coverage, policy endorsement, or bond.

SEC. 9. Section 12921.2 is added to the Insurance Code, to read:

12921.2. All public records of the department and the commissioner subject to disclosure under Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code shall be available for inspection and copying pursuant to those

provisions at the offices of the department in the City and County of San Francisco, in the City of Los Angeles, and in the City of Sacramento. Adequate copy facilities for this purpose shall be made available. Notwithstanding any other provision of law, a person requesting copies of these records shall receive the copies from employees of the department and the fee charged for the copies shall not exceed the actual cost of producing the copies. Notwithstanding Section 6256 of the Government Code, any public record submitted to the department as computer data on an electronic medium shall, in addition to any other formats, be made available to the public pursuant to this section through an electronic medium.

CHAPTER 881

An act to amend Section 50965 of the Government Code, relating to retirement.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 50965 of the Government Code is amended to read:

50965. (a) The award shall consist of one hundred dollars ($100) per month for life reduced proportionately for service less than 20 years.

(b) (1) A supplemental amount, not to exceed fifty dollars ($50), may be added to the award, based on an actuarial analysis of the condition of the fund as determined by the board. The amount shall be reviewed annually by the board to ensure that it remains consistent with the maintenance of adequate actuarial reserves.

(2) Supplemental payments shall not commence until any outstanding loan to the Volunteer Firefighters Length of Service Award System has been repaid to the General Fund.

CHAPTER 882

An act to add Section 74351.5 to the Government Code, relating to courts.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 74351.5 is added to the Government Code, to read:

74351.5. The San Diego Municipal Court may establish a "900" telephone number or numbers for traffic, misdemeanor, and other telephonic arraignment, for court scheduling, and for rendering tentative civil decisions, provided the court provides an alternative method of obtaining the service or information in a timely manner and informs individuals of this alternative in the message, where technically and economically feasible, preceding the "900" information. The proceeds from these "900" telephone numbers shall be continuously and solely appropriated to the use of the San Diego Municipal Court for staff, information, and data processing services for the purposes specified in this section.

CHAPTER 883

An act to amend Section 754 of, and to add and repeal Section 755 of, the Evidence Code, and to amend, add, and repeal Section 68562 of the Government Code, relating to courts.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 754 of the Evidence Code is amended to read:

754. (a) As used in this section, "deaf or hard-of-hearing person" means a person with a hearing loss so great as to prevent his or her understanding language spoken in a normal tone, but does not include a hard-of-hearing person provided with, and able to fully participate in the proceedings through the use of, an assistive listening system or computer-aided transcription equipment provided pursuant to Section 54.8 of the Civil Code.

(b) In any civil or criminal action, including any action involving a traffic or other infraction or any juvenile court proceeding, or any proceeding to determine the mental competency of a person, or any administrative hearing, where a party or witness is a deaf or

hard-of-hearing person and the deaf or hard-of-hearing person is present and participating, the proceedings shall be interpreted in a language that the deaf or hard-of-hearing person understands by a qualified interpreter appointed by the court, tribunal, hearing officer, or other appropriate authority, or as agreed upon by the parties.

(c) For purposes of this section, "appointing authority" means a court, department, board, commission, agency, licensing or legislative body, or other body for proceedings requiring a qualified interpreter.

(d) For the purposes of this section, "interpreter" includes, but is not limited to, an oral interpreter, a sign language interpreter, or a deaf-blind interpreter, depending upon the needs of the deaf or hard-of-hearing person.

(e) For purposes of this section, "intermediary interpreter" means a deaf, hard-of-hearing, or hearing person who is able to assist in providing an accurate interpretation between spoken English and sign language or between variants of sign language or between American Sign Language and other foreign languages by acting as an intermediary between the deaf person and the qualified interpreter.

(f) For purposes of this section, "qualified interpreter" means an interpreter who has been certified as competent to interpret court proceedings by a testing organization, agency, or educational institution approved by the Judicial Council as qualified to administer tests to court interpreters for the deaf or hard-of-hearing.

(g) In the event that the appointed interpreter is not familiar with the deaf or hard-of-hearing person's use of particular signs or his or her particular variant of sign language, the court or other appointing authority shall, in consultation with the deaf or hard-of-hearing person or his or her representative, appoint an intermediary interpreter.

(h) Prior to July 1, 1992, the Judicial Council shall conduct a study to establish the guidelines pursuant to which it shall determine which testing organizations, agencies, or educational institutions will be approved to administer tests for certification of court interpreters for the deaf and hard-of-hearing. It is the intent of the Legislature that the study obtain the widest possible input from the public, including, but not limited to, educational institutions, the judiciary, linguists, members of the State Bar, court interpreters, members of professional interpreting organizations, and members of the deaf and hard-of-hearing communities. After obtaining public comment and completing its study, the Judicial Council shall publish these guidelines and shall approve one or more entities to administer testing for court interpreters for the deaf and hard-of-hearing. Initial approval of testing entities by the Judicial Council shall occur prior to July 1, 1992.

Commencing July 1, 1992, court interpreters for the deaf or hard-of-hearing shall meet the qualifications specified in subdivision (f).

(i) Persons appointed to serve as interpreters under this section shall be paid, in addition to actual travel costs, the prevailing rate paid to persons employed by the court to provide other interpreter services unless such service is considered to be a part of the person's regular duties as an employee of the state, county, or other political subdivision of the state. Payment of the interpreter's fee shall be a charge against the county, or other political subdivision of the state, in which such action is pending. Payment of the interpreter's fee in administrative proceedings shall be a charge against the appointing board, agency, commission, or licensing authority.

(j) No statement, written or oral, made by a person who is deaf or hard-of-hearing in reply to a question of a peace officer, or any other person having a prosecutorial function in any criminal or quasi-criminal investigation or proceeding, may be used against that deaf or hard-of-hearing person unless the statement was made knowingly, voluntarily, and intelligently and was accurately interpreted, or the court makes a special finding that the statement was made knowingly, voluntarily, and intelligently.

(k) In obtaining services of an interpreter for the purpose of obtaining a statement subject to subdivision (j), priority shall be given to first obtaining a qualified interpreter.

(*l*) Nothing in subdivision (j) or (k) shall be deemed to supersede the requirement of subdivision (b) for use of a qualified interpreter for deaf or hard-of-hearing persons participating as parties or witnesses in a trial or hearing.

(m) In any action or proceeding in which a deaf or hard-of-hearing person is a participant, the court or administrative authority shall not commence proceedings until the appointed interpreter is in full view of and spatially situated to assure proper communication with the deaf or hard-of-hearing person or persons involved as participants.

(n) Each superior court shall maintain a current roster of qualified interpreters certified pursuant to subdivision (f).

SEC. 2. Section 755 is added to the Evidence Code, to read:

755. (a) In any proceeding in a civil action for which a record is being made, excluding any action prosecuted in small claims court, in which a party does not proficiently speak or understand the English language and that person is present, an interpreter shall be present to interpret the proceedings in a language that the person understands, and to assist communication between the person and his or her attorney. The interpreter shall be selected from the list of recommended interpreters published pursuant to Article 4 (commencing with Section 68560) of Chapter 2 of Title 8 of the Government Code, unless good cause is found by the judge for the appointment of an interpreter not on the recommended list.

(b) During any medical examination, requested by an insurer or by the defendant, of a person who is a party to a civil action and who does not proficiently speak or understand the English language, conducted for the purpose of determining damages in a civil action,

an interpreter shall be present to interpret the examination in a language that the person understands. The interpreter shall be selected from the list of recommended interpreters published pursuant to Article 4 (commencing with Section 68560) of Chapter 2 of Title 8 of the Government Code.

(c) The fees of interpreters utilized under subdivision (a) shall be paid as provided in Section 68092 of the Government Code. The fees of interpreters utilized under subdivision (b) shall be paid by the insurer or defendant requesting the medical examination.

(d) (1) In any civil action in which an interpreter is required under subdivision (a), the court shall not commence proceedings until the appointed interpreter is present and situated near the party and his or her attorney.

(2) The record of, or testimony concerning, any medical examination conducted in violation of subdivision (b) shall be inadmissible in the civil action for which it was conducted or any other civil action.

(e) This section does not prohibit the presence of any other person to assist a party.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 3. Section 68562 of the Government Code is amended to read:

68562. (a) Any appropriation that provides funding for court interpreter services shall identify the county and the court interpreter programs to which it applies. For each county thus designated, beginning one year after the effective date of the designation, the State Personnel Board shall establish, maintain, and publish a list of recommended court interpreters, and the trial courts of each county shall utilize only the services of those recommended interpreters unless good cause is found by the judge for the appointment of an interpreter not on the recommended list.

In establishing a list of recommended court interpreters, the State Personnel Board shall select from a list of qualified candidates who have successfully demonstrated proficiency, both written and oral, in an examination conducted by the State Personnel Board. The courts may also impose additional testing requirements and consider additional standards, as necessary for equity or to recognize local conditions.

The State Personnel Board shall establish minimum standards of proficiency of language skills, both written and oral, in both English and the language to be interpreted. In establishing these criteria, the State Personnel Board shall take into account standards adopted by the Judicial Council to ensure a court interpreter's understanding of the technical terminology and procedures used in the courts. The State Personnel Board shall administer an appropriate examination and shall publish and make available to every trial court a list of recommended interpreters as frequently as needed to ensure that

qualified interpreters are available. The State Personnel Board shall also administer a separate specialty examination for knowledge of medical terminology, and shall publish and make available to every trial court a list of recommended interpreters who have passed the specialty examination as frequently as needed to ensure that these interpreters are available.

(b) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 4. Section 68562 is added to the Government Code, to read:

68562. (a) Any appropriation that provides funding for court interpreter services shall identify the county and the court interpreter programs to which it applies. For each county thus designated, beginning one year after the effective date of the designation, the State Personnel Board shall establish, maintain, and publish a list of recommended court interpreters, and the trial courts of each county shall utilize only the services of those recommended interpreters unless good cause is found by the judge for the appointment of an interpreter not on the recommended list.

In establishing a list of recommended court interpreters, the State Personnel Board shall select from a list of qualified candidates who have successfully demonstrated proficiency, both written and oral, in an examination conducted by the State Personnel Board. The courts may also impose additional testing requirements and consider additional standards, as necessary for equity or to recognize local conditions.

The State Personnel Board shall establish minimum standards of proficiency of language skills, both written and oral, in both English and the language to be interpreted. In establishing these criteria, the State Personnel Board shall take into account standards adopted by the Judicial Council to ensure a court interpreter's understanding of the technical terminology and procedures used in the courts. The State Personnel Board shall administer an appropriate examination and shall publish and make available to every trial court a list of recommended interpreters as frequently as needed to ensure that qualified interpreters are available.

(b) This section shall become operative on January 1, 1993.

CHAPTER 884

An act to amend Section 1981 of the Education Code, relating to county community schools.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1981 of the Education Code is amended to read:

1981. The county board of education may enroll in community schools any of the following:

(a) Pupils who have been expelled from a school while attending either continuing classes, opportunity classes, or alternative classes.

(b) Pupils who have been referred to county community schools by a school district as a result of the recommendation by a school attendance review board or pupils whose school districts of attendance have, at the request of the pupil's parent or guardian, approved the pupil's enrollment in a county community school.

(c) Pupils who are probation-referred pursuant to Sections 300, 601, 602, and 654 of the Welfare and Institutions Code, or who are on probation or parole and who are not in attendance in any school.

(d) Homeless children.

SEC. 2. Notwithstanding Item 6110-106-001 of Section 2.00 of the Budget Act of 1991, as set forth in Chapter 118 of the Statutes of 1991, Provision 8 of that item shall not apply to the enrollment of any homeless child in a county community school pursuant to subdivision (d) of Section 1981 of the Education Code.

CHAPTER 885

An act to amend Section 25187 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department determines that any person has violated, is in violation of, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or

any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department may issue an order specifying a schedule for compliance or correction. An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department may also include any more stringent requirement which the department determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department, may, within 10 days after service of the order, request a hearing by filing with the department a notice of defense. A notice of defense shall be deemed filed within the 10-day period provided by this subdivision if it is postmarked within that 10-day period. If no notice of defense is filed within the time

limits provided by this subdivision, the order shall become final.

(e) If a person served with an order pursuant to subdivision (c) chooses to resolve the content, terms, or conditions of the order directly with the department and does not file an administrative or judicial appeal, the person may request, and the department shall prepare, a written statement, which the department shall amend into the order, which explains the violation and the penalties applied, including the nature, extent, and gravity of the violation and a brief description of any mitigating circumstances and any explanations by the respondent. Any amendment to include the written statement prepared pursuant to this subdivision does not constitute a new order and does not create new appeal rights.

(f) Any hearing requested under subdivision (d) shall be conducted by an independent hearing officer, in accordance with the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation and the various abatement and cleanup remedies which are appropriate in the given circumstances and which are consistent with the primary emphasis of protecting the public health and safety and the environment. After conducting any hearing requested under subdivision (d), the hearing officer shall, within 30 days after the case is submitted, issue a decision, including any order, if appropriate. The hearing officer's decision, including any order issued therewith, shall be served by the department on each party by personal service or by certified mail.

(g) Any provision of an order issued under subdivision (a) shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the hearing officer under subdivision (f). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole shall take effect upon issuance by the department and a request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (f). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the hearing officer.

(h) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the

decision or order or for other remedies. Except as otherwise specified in this section, Section 1094.5 of the Code of Civil Procedure shall govern the proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

SEC. 2. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department or a local health officer authorized pursuant to Section 25187.7 determines that any person has violated, is in violation of, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department or an authorized local health officer determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department or authorized local health officer may issue an order specifying a schedule for compliance or correction and imposing an administrative penalty for any violation of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter.

(1) An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department or authorized local health officer determines that those plans and policies are not less

stringent than this chapter and regulations adopted pursuant to this chapter. The department or authorized local health officer may also include any more stringent requirement which the department or authorized local health officer determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(2) In an order proposing a penalty pursuant to this section, the department shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed civil penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and on the regulated community as a whole.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department or authorized local health officer may, within 15 days after service of the order, request a hearing by filing with the department or authorized local health officer a notice of defense. The notice shall be filed with the office that issued the order. A notice of defense shall be deemed filed within the 15-day period provided by this subdivision if it is postmarked within that 15-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(e) If a person served with an order pursuant to subdivision (c) chooses to resolve the content, terms, or conditions of the order directly with the department or authorized local health officer and does not file an administrative or judicial appeal, the person may request, and the department or authorized local health officer shall prepare, a written statement, which the department or authorized local health officer shall amend into the order, which explains the violation and the penalties applied, including the nature, extent, and gravity of the violations and a brief description of any mitigating circumstances and any explanations by the respondent. Any amendment to include the written statement prepared pursuant to this subdivision does not constitute a new order and does not create new appeal rights.

(f) Except as provided in subdivision (g), any hearing requested

under subdivision (d) shall be conducted within 90 days after receipt of the notice of defense by an administrative law judge of the Office of Administrative Hearings of the Department of General Services in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the authority granted to an agency by those provisions.

(g) Any provision of an order issued under subdivision (a), except the imposition of an administrative penalty, shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the department under subdivision (e). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole, except the imposition of an administrative penalty, shall take effect upon issuance by the department. A request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (e). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the department.

(h) A decision issued pursuant to this section may be reviewed by the court pursuant to Section 11523 of the Government Code. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the department if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(i) Except as otherwise provided in subdivisions (j) and (k), all administrative penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

(j) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the city or county whose local health officer imposed the penalty and shall be deposited into a special account which may be expended to fund the activities of the local health officer in enforcing this chapter pursuant to Section 25180, after the director determines that the local agency enforcement of this section is fair and reasonable.

(k) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the department and deposited in the Hazardous Waste Control Account for expenditure by the department, upon appropriation by the

Legislature, in connection with activities of local health officers.

SEC. 3. Section 2 of this bill incorporates amendments to Section 25187 of the Health and Safety Code proposed by both this bill and SB 966. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 25187 of the Health and Safety Code, and (3) this bill is enacted after SB 966, in which case Section 1 of this bill shall not become operative.

CHAPTER 886

An act to amend Sections 25187, 25189.2, and 25189.5 of, to add Section 25110.2 to, to add and repeal Section 25187.7 of, and to repeal Section 25189.3 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Administrative penalties have been found to be very effective enforcement tools that significantly improve business and industry compliance with laws and regulations.

(b) The Health and Safety Code currently authorizes specified local agencies to enforce hazardous waste laws, but administrative penalty authority is limited to the Department of Toxic Substances Control.

(c) It is believed that local agency administrative penalty authority may significantly improve local agency enforcement efforts and the compliance record of generators, transporters, and facilities subject to this authority.

(d) Hazardous waste law is complex and requires significant training and expertise to understand and interpret. Local agency administrative penalty authority should only be given to, and used by, personnel who have met minimum training requirements.

(e) The Department of Toxic Substances Control should establish, through regulation, minimum requirements for county qualification to participate in the pilot program to be established by this act and provide ongoing coordination and oversight of the delegated programs.

(f) Therefore, it is the intent of the Legislature, in enacting this act, to establish a limited five-year pilot program to assess the effectiveness of local agencies' use of administrative enforcement authority in the hazardous waste enforcement program, to establish the pilot program with enforcement and compliance as the goal

rather than using the program as a primary source of revenue generation, to require the Department of Toxic Substances Control to provide training for, and to conduct oversight of, the participating counties, to limit administrative authority to class II violations (toxi-tickets, field orders, and desk orders), to require an independent assessment of the program, and to require reports to the Governor, the California Environmental Protection Agency, the Legislature, and the Department of Toxic Substances Control, on the effectiveness of the program, with recommendations for further action by the administration and the Legislature.

SEC. 2. Section 25110.2 is added to the Health and Safety Code, to read:

25110.2. "Authorized local health officer" means a local health officer authorized by the department pursuant to Section 25187.7.

SEC. 3. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department or a local health officer authorized pursuant to Section 25187.7 determines that any person has violated, is in violation of, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department or an authorized local health officer determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department or authorized local health officer may issue an order specifying a schedule for compliance or correction and imposing an administrative penalty for any violation of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter.

(1) An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted

pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department or authorized local health officer determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department or authorized local health officer may also include any more stringent requirement which the department or authorized local health officer determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(2) In an order proposing a penalty pursuant to this section, the department shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and on the regulated community as a whole.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department or authorized local health officer may, within 15 days after service of the order, request a hearing by filing with the department or authorized local health officer a notice of defense. The notice shall be filed with the office that issued the order. A notice of defense shall be deemed filed within the 15-day period provided by this subdivision if it is postmarked within that 15-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(e) Except as provided in subdivision (f), any hearing requested under subdivision (d) shall be conducted within 90 days after receipt of the notice of defense by an administrative law judge of the Office of Administrative Hearings of the Department of General Services in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the authority granted to an agency by those provisions.

(f) Any provision of an order issued under subdivision (a), except the imposition of an administrative penalty, shall take effect upon

issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the department under subdivision (e). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole, except the imposition of an administrative penalty, shall take effect upon issuance by the department. A request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (e). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the department.

(g) A decision issued pursuant to this section may be reviewed by the court pursuant to Section 11523 of the Government Code. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the department if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(h) Except as otherwise provided in subdivisions (i) and (j), all administrative penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

(i) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the city or county whose local health officer imposed the penalty and shall be deposited into a special account which may be expended to fund the activities of the local health officer in enforcing this chapter pursuant to Section 25180, after the director determines that the local agency enforcement of this section is fair and reasonable.

(j) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the department and deposited in the Hazardous Waste Control Account for expenditure by the department, upon appropriation by the Legislature, in connection with activities of local health officers.

SEC. 4. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department or a local health officer authorized pursuant to Section 25187.7 determines that any person has violated, is in violation of, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or

any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department or an authorized local health officer determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department or authorized local health officer may issue an order specifying a schedule for compliance or correction and imposing an administrative penalty for any violation of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter.

(1) An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department or authorized local health officer determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department or authorized local health officer may also include any more stringent requirement which the department or authorized local health officer determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(2) In an order proposing a penalty pursuant to this section the department shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed civil penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and

on the regulated community as a whole.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) (1) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department or authorized local health officer may, within 15 days after service of the order, request a hearing by filing with the department or authorized local health officer a notice of defense. The notice shall be filed with the office that issued the order. A notice of defense shall be deemed filed within the 15-day period provided by this subdivision if it is postmarked within that 15-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(2) If a person served with an order pursuant to subdivision (c) chooses to resolve the content, terms or conditions of the order directly with the department or authorized local health officer and does not file an administrative or judicial appeal, the person may request, and the department or authorized local health officer shall prepare, a written statement, which the department or authorized local health officer shall amend into the order, which explains the violation and the penalties applied, including the nature, extent, and gravity of the violations and a brief description of any mitigating circumstances and any explanations by the respondent. Any amendment to include the written statement prepared pursuant to this subdivision does not constitute a new order and does not create new appeal rights.

(e) Except as provided in subdivision (f), any hearing requested under subdivision (d) shall be conducted within 90 days after receipt of the notice of defense by an administrative law judge of the Office of Administrative Hearings of the Department of General Services in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the authority granted to an agency by those provisions.

(f) Any provision of an order issued under subdivision (a), except the imposition of an administrative penalty, shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the department under subdivision (e). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole,

then the order as a whole, except the imposition of an administrative penalty, shall take effect upon issuance by the department. A request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (e). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the department.

(g) A decision issued pursuant to this section may be reviewed by the court pursuant to Section 11523 of the Government Code. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the department if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(h) Except as otherwise provided in subdivisions (i) and (j), all administrative penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

(i) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the city or county whose local health officer imposed the penalty and shall be deposited into a special account which may be expended to fund the activities of the local health officer in enforcing this chapter pursuant to Section 25180, after the director determines that the local agency enforcement of this section is fair and reasonable.

(j) Fifty percent of the penalties collected from actions brought by local health officers pursuant to this section shall be paid to the department and deposited in the Hazardous Waste Control Account for expenditure by the department, upon appropriation by the Legislature, in connection with activities of local health officers.

SEC. 5. Section 25187.7 is added to the Health and Safety Code, to read:

25187.7. (a) The department may delegate some of the authority granted to the department in Sections 25187 and 25189.2 to a local health officer, but shall not delegate the authority specified in subdivision (f) of Section 25187, through a delegation agreement negotiated between the department and the governing body of the local health agency of the local health officer. The department may delegate authority to issue administrative orders for only the following:

(1) Orders for enforcement actions against class II violations, as defined in the regulations adopted by the department pursuant to this section, committed by hazardous waste generators, hazardous waste transporters, and facilities deemed to hold a permit-by-regulation pursuant to the regulations adopted by the department.

(2) Orders for violations of this chapter or the regulations adopted

to implement this chapter.

(b) The department shall provide ongoing coordination and regular evaluation of each participating local agency. Each local health officer operating under such a delegation agreement shall annually submit a report to the department on the status of orders issued under the authority of that delegation agreement. The report prepared by the local health officer shall contain, at least, the data necessary for the task force to prepare the reports required in subdivision (e). The department shall adopt regulations defining the criteria for eligibility for a local health officer to receive a delegation of authority pursuant to this section and other procedures necessary to implement this section. The department may rescind the delegation of authority if the local health officer does not maintain eligibility for authorization under these regulations. The regulations shall include, but are not limited to, a requirement that the local health officer consult with the district attorney for the county on the development of policies to be followed by the local health officer in exercising the authority delegated pursuant to this section and the minimum training required for the staff of local health officers participating in the pilot program established pursuant to this section. The regulations shall also include provisions to ensure that a person shall not be subject to an order issued by the department and by an authorized local health officer for the same act, violation, or failure to act. The regulations shall also include a requirement that the local agency have the ability to represent itself in administrative appeal hearings.

(c) The department may delegate authority pursuant to subdivision (a) to local health officers in not more than eight counties, as part of a five-year pilot program.

(d) (1) On or before January 1, 1995, the department shall establish a task force consisting of two representatives from each of the following groups:

(A) The regulated community affected by the delegation of authority made pursuant to this section.

(B) The department.

(C) Environmental organizations.

(D) Local jurisdictions.

(2) The task force shall evaluate the pilot program delegating authority to local health officers pursuant to this section and shall prepare an initial report on or before July 1, 1995, that contains recommendations to the department and the Legislature regarding extending and expanding the pilot program established by this section. The task force shall also prepare a final report on the pilot program on or before September 1, 1996. At a minimum, the report shall consider any changes in the amount of time necessary to bring violators into compliance with this chapter, in the percent of identified violations addressed through formal enforcement actions, and in the total penalties assessed. The task force shall consider the pilot program to have met its objectives if there is a 10-percent

reduction in the amount of time necessary to bring a violator into compliance with this chapter, and a 10-percent reduction in the number of repeat violations, as measured after the term of the pilot program.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 6. Section 25189.2 of the Health and Safety Code is amended to read:

25189.2. (a) Any person who makes any false statement or representation in any application, label, manifest, record, report, permit, or other document, filed, maintained, or used for purposes of compliance with this chapter, is liable for a civil penalty not to exceed twenty-five thousand dollars ($25,000) for each separate violation or, for continuing violations, for each day that the violation continues.

(b) Except as provided in subdivision (c), any person who violates any provision of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is liable for a civil penalty not to exceed twenty-five thousand dollars ($25,000) for each violation of a separate provision or, for continuing violations, for each day that the violation continues.

(c) Any person who disposes, or causes the disposal of, any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter is liable for a civil penalty of not more than twenty-five thousand dollars ($25,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court or, in the case of an administrative action, a hearing officer, may direct. Each day on which the deposit remains is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the department, a hearing officer, or a court of competent jurisdiction for the cleanup.

(d) No person may be liable for a civil penalty imposed under this section and for a civil penalty imposed under Section 25189 for the same act or failure to act.

(e) Liability under this section may be imposed in a civil action or liability may be imposed administratively pursuant to Section 25187.

SEC. 7. Section 25189.3 of the Health and Safety Code is repealed.

SEC. 8. Section 25189.5 of the Health and Safety Code is amended to read:

25189.5. (a) The disposal of any hazardous waste, or the causing thereof, is prohibited when the disposal is at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter.

(b) Any person who is convicted of knowingly disposing or causing the disposal of any hazardous waste, or who reasonably

should have known that he or she was disposing or causing the disposal of any hazardous waste, at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(c) Any person who knowingly transports or causes the transportation of hazardous waste, or who reasonably should have known that he or she was causing the transportation of any hazardous waste, to a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(d) Any person who knowingly treats or stores any hazardous waste at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(e) The court shall also impose upon a person convicted of violating subdivision (b), (c), or (d) a fine of not less than five thousand dollars ($5,000) or more than one hundred thousand dollars ($100,000) for each day of violation except as further provided in this subdivision. If the act which violated subdivision (b), (c), or (d) caused great bodily injury or caused a substantial probability that death could result, the person convicted of violating subdivision (b), (c), or (d) may be punished by imprisonment in the state prison for up to 36 months, in addition to the term specified in subdivision (b), (c), or (d), and may be fined up to two hundred fifty thousand dollars ($250,000) for each day of violation.

(f) For purposes of this section, except as otherwise provided in this subdivision, "each day of violation" means each day on which a violation continues. In any case where a person has disposed or caused the disposal of any hazardous waste in violation of this section, each day that the waste remains disposed of in violation of this section and the person has knowledge thereof is a separate additional violation, unless the person has filed a report of the disposal with the department and is complying with any order concerning the disposal issued by the department, a hearing officer, or court of competent jurisdiction.

SEC. 9. The Legislature finds and declares that this act furthers the purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986.

SEC. 10. Section 4 of this bill incorporates amendments to Section 25187 of the Health and Safety Code proposed by both this bill and SB 669. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends

Section 25187 of the Health and Safety Code, and (3) this bill is enacted after SB 669, in which case Section 3 of this bill shall not become operative.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 887

An act to add Sections 87100.1 and 87103.6 to the Government Code, relating to the Political Reform Act of 1974, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 87100.1 is added to the Government Code, to read:

87100.1. (a) A registered professional engineer or licensed land surveyor who renders professional services as a consultant to a state or local government, either directly or through a firm in which he or she is employed or is a principal, does not have a financial interest in a governmental decision pursuant to Section 87100 where the consultant renders professional engineering or land surveying services independently of the control and direction of the public agency and does not exercise public agency decisionmaking authority as a contract city or county engineer or surveyor.

(b) For purposes of this section, the consultant renders professional engineering or land surveying services independently of the control and direction of the public agency when the consultant is in responsible charge of the work pursuant to Section 6703 or 8703 of the Business and Professions Code.

(c) Subdivision (a) does not apply to that portion of the work that constitutes the recommendation of the actual formula to spread the costs of an assessment district's improvements if both of the following apply:

(1) The engineer has received income of two hundred fifty dollars ($250) or more for professional services in connection with any parcel included in the benefit assessment district within 12 months

prior to the creation of the district.

(2) The district includes other parcels in addition to those parcels for which the engineer received the income.

The recommendation of the actual formula does not include preliminary site studies, preliminary engineering, plans, specifications, estimates, compliance with environmental laws and regulations, or the collection of data and information, utilized in applying the formula.

SEC. 2. Section 87103.6 is added to the Government Code to read:

87103.6. Notwithstanding subdivision (c) of Section 87103, any person who makes a payment to a state agency or local government agency to defray the estimated reasonable costs to process any application, approval, or any other action, including but not limited to, holding public hearings and evaluating or preparing any report or document, shall not by reason of the payments be a source of income to a person who is retained or employed by the agency.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Public agencies are being forced to delay action or impose moratoria on requests for certain types of discretionary approvals because they have insufficient staff to evaluate such requests. This is having an adverse effect on the ability to provide adequate public services and housing for the citizens of this state. In order to enable state and local agencies to recover fees from project applicants for services necessary to process applications, approvals, or actions by the agencies and expend those fees for those services it is necessary for this act to take effect immediately.

CHAPTER 888

An act to amend Sections 1522, 1540.2, 1568.09, 1569.145, 1569.17, 1569.314, 1569.406, 1569.47, and 1596.8915 of, and to add Sections 1568.0823, 1568.092, 1569.70, and 1596.8715 to, the Health and Safety Code, relating to care facilities.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or fewer children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the

operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints may be on a card provided by the State Department of Social Services or by a local law enforcement office for the purpose of obtaining a permanent set of fingerprints. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice.

Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision. If no convictions are recorded, the department shall provide the licensee with a statement of the fact that there are no convictions within 10 working days of receipt of this information from the Department of Justice. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon

notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions. The applicant shall submit these fingerprints to the licensing agency or other approving authority. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If any arrests or convictions are recorded, the department shall provide the licensee with a statement of that fact. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of

sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial

or termination.

SEC. 1.5. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or

corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another

crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 222.40 of the Civil Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of

Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section

may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 2. Section 1540.2 of the Health and Safety Code is amended to read:

1540.2. Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, agent, or resident of a community care facility, of an impending and unannounced site visit to that facility by personnel of the department is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

SEC. 3. Section 1568.0823 is added to the Health and Safety Code, to read:

1568.0823. Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, agent, or resident of a residential care facility for persons with a chronic, life-threatening illness of an impending and unannounced site visit to that facility by personnel of the department, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

SEC. 4. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of

staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the residents. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, friend or family member and provides direct care and supervision to that resident only at the request of the resident. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with residents shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than 20 days following employment, residence, or initial presence in the residential care facility. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the persons' employment, remove the person from the

residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 4.5. Section 1568.09 of the Health and Safety Code is

amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the residents. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, friend or family member and provides direct care and supervision to that resident only at the request of the resident. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with residents shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in

subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the persons' employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the

judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 5. Section 1568.092 is added to the Health and Safety Code, to read:

1568.092. (a) The department may prohibit a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee or prospective employee who has:

(1) Violated, or aided or permitted the violation by any other person of, any provisions of this chapter or of any rules or regulations promulgated under this chapter.

(2) Engaged in conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from

the facility, or the people of the State of California.

(3) Been denied an exemption to work or to be present in a facility, when that person has been convicted of a crime as defined in Section 1568.09.

(4) Engaged in any other conduct which would constitute a basis for disciplining a licensee.

(b) The employee or prospective employee, the facility, and the licensee shall be given written notice of the basis of the department's action and of the employee's or prospective employee's right to a hearing. The notice shall be served either by personal service or by registered mail. Within 15 days after the department serves the notice, the employee or prospective employee may file with the department a written request for a hearing. If the employee or prospective employee fails to file a written request for a hearing within the prescribed time, the department's action shall be final.

(c) The department may require that an employee or prospective employee not work or be present in a facility pending a final decision of the matter, when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(d) Upon receipt by the department of a written request for a hearing, a hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department.

(e) A licensee's failure to comply with the department's prohibition of employment or presence in the facility shall be grounds for disciplining the licensee pursuant to Section 1568.082.

SEC. 6. Section 1569.145 of the Health and Safety Code is amended to read:

1569.145. This chapter does not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any facility conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

(d) Any house, institution, hotel, congregate housing project for the elderly, or other similar place that is limited to providing one or more of the following: housing, meals, transportation, housekeeping, or recreational and social activities; or that have residents independently accessing supportive services; provided, however, that no resident thereof requires any element of care and supervision or protective supervision as determined by the director. This subdivision shall not include a home or residence that is described in subdivision (f).

(e) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(f) (1) Any arrangement for the care and supervision of a person or persons by a family member.

(2) Any arrangement for the care and supervision of a person or persons from only one family by a close friend, whose friendship preexisted the contact between the provider and the recipient, and both of the following are met:

(A) The care and supervision is provided in a home or residence chosen by the recipient.

(B) The arrangement is not of a business nature and occurs only as long as the needs of the recipient for care and supervision are adequately met.

(g) Any similar facility determined by the director.

(h) For purposes of this section, "family member" means any spouse, by marriage or otherwise, child or stepchild, by natural birth or by adoption, parent, brother, sister, half-brother, half-sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, first cousin, or any person denoted by the prefix "grand" or "great," or the spouse of any of these persons.

(i) A person shall not be exempted from this chapter's licensure requirements if he or she has been appointed as conservator of the person, estate of the person, or both, if the person is receiving care and supervision from the conservator as regulated by this chapter, unless the conservator is otherwise exempted under other provisions of this section.

SEC. 7. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing,

grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than 20 days following employment, residence, or initial presence in the residential care facility for the elderly. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, that licensee or facility shall not incur any civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 7.5. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the

Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a

conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 8. Section 1569.314 of the Health and Safety Code is amended to read:

1569.314. A residential care facility for the elderly shall not require residents to purchase medications, or rent or purchase medical supplies or equipment, from any particular pharmacy or other source.

This section shall not preclude a residential care facility for the elderly from requiring that residents who need assistance with the purchasing, storing, or taking of medications comply with the facility's policies and procedures regarding storage of medications and methods of assisting residents with the taking of medications, if the policies and procedures are reasonably necessary and meet the intent of state or federal regulations.

SEC. 9. Section 1569.406 of the Health and Safety Code is amended to read:

1569.406. Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, agent, or resident of a

residential care facility for the elderly of an impending and unannounced site visit to that facility by personnel of the department, except for a site visit prior to licensing the facility, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

SEC. 10. Section 1569.47 of the Health and Safety Code is amended to read:

1569.47. (a) "Placement agency" means any county welfare department, county social service department, county mental health department, county public guardian, general acute care hospital discharge planner or coordinator, state-funded program or private agency providing placement or referral services, conservator pursuant to Part 3 (commencing with Section 1800) of Division 4 of the Probate Code, conservator pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code, and regional center for persons with developmental disabilities which is engaged in finding homes or other places for the placement of elderly persons for temporary or permanent care.

(b) A placement agency shall not place individuals in licensed residential care facilities for the elderly when the individual, because of his or her health condition, cannot be cared for within the limits of the license or requires inpatient care in a health facility. Violation of this subdivision is a misdemeanor.

(c) A placement agency or employee of a placement agency shall not place, refer, or recommend placement of a person in a facility providing care and supervision, or protective supervision, unless the facility is licensed as a residential care facility for the elderly or is exempt from licensing under Section 1569.145. Violation of this subdivision is a misdemeanor.

(d) Any employee of a placement agency who knows, or reasonably suspects, that a facility which is not exempt from licensing is operating without a license shall report the name and address of the facility to the department. Failure to report as required by this subdivision is a misdemeanor.

(e) The department shall investigate any report filed under subdivision (d). If the department has probable cause to believe that the facility which is the subject of the report is operating without a license, the department shall investigate the facility within 10 days after receipt of the report.

(f) A placement agency shall notify the appropriate licensing agency of any known or suspected incidents which would jeopardize the health or safety of residents in a residential care facility for the elderly. Reportable incidents include, but are not limited to, all of the following:

(1) Incidents of physical abuse.

(2) Any violation of personal rights.

(3) Any situation in which a facility is unclean, unsafe, unsanitary, or in poor condition.

(4) Any situation in which a facility has insufficient personnel or incompetent personnel on duty.

(5) Any situation in which residents experience mental or verbal abuse.

SEC. 11. Section 1569.70 is added to the Health and Safety Code, to read:

1569.70. It is the intent of the Legislature to develop and implement a plan to establish three levels of care under the residential care facility for the elderly license, subject to future Budget Act appropriations and statutory authorization to implement levels of care.

(a) The guidelines for the development of these levels of care are:

(1) Level I-Base care and supervision. Residents at this level are able to maintain a higher degree of independence and need only minimum care and supervision, as defined, and minimal personal care assistance.

(2) Level II-Nonmedical personal care. Residents at this level have functional limitations and psychosocial needs requiring not only care and supervision but frequent assistance with personal activities of daily living and active intervention to help then maintain their potential for independent living.

(3) Level III-Health related assistance. Residents at this level require the services of lower levels and rely on the facility for extensive assistance with personal activities of daily living. This level may include residents who also require the occasional services of an appropriate skilled professional due to chronic health problems and returning residents recovering from illness, injury, or treatment which required placement in facilities providing higher levels of care.

These levels are to be based on the services required by residents at each level due to their functional limitations.

(b) The levels of care plan shall include:

(1) Guidelines for meeting requirements at each level of care by utilizing appropriate community and professional services. Options shall be provided to allow facilities to meet resident needs by accessing community services or hiring appropriate staff.

(2) Assessment procedures for facility evaluation of residents' level of care needs.

(3) Process for ensuring the individual facility's ability to serve clients at each level of care they intend to provide.

(4) Recommendations for a supplemental rate structure based on the services required at Levels II and III to be provided for residents who need those levels of care and are recipients of SSI/SSP. These rates shall be in addition to the basic SSI/SSP rate for providing care supervision and shall reflect actual costs of operation for residential care facilities for the elderly.

(5) Procedures for assessment and certification of SSI/SSP

recipients, by county social services departments to allow for administration of the supplemental rate structure.

(6) Procedures for evaluating and monitoring the appropriateness of the levels of care determined for SSI/SSP recipients.

(c) Implementation of the levels of care system shall consider the applicability of the 1985 level of care report developed by the Health and Welfare Agency, so as to ensure continuity in the residential care facility for the elderly program as outlined under this chapter.

SEC. 12. Section 1596.8715 is added to the Health and Safety Code, to read:

1596.8715. If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1596.8897, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 13. Section 1596.8915 of the Health and Safety Code is amended to read:

1596.8915. Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, or agent of a child day care facility of an impending and unannounced site visit to that facility by personnel of the department, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

SEC. 14. Section 1.5 of this bill incorporates amendments to Section 1522 of the Health and Safety Code proposed by both this bill and AB 1797. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 1522 of the Health and Safety Code, and (3) this bill is enacted after AB 1797, in which case Section 1 of this bill shall not become operative.

SEC. 15. Section 4.5 of this bill incorporates amendments to Section 1568.09 of the Health and Safety Code proposed by both this bill and AB 1797. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 1568.09 of the Health and Safety Code, and (3) this bill is enacted after AB 1797, in which case Section 4 of this bill shall not become operative.

SEC. 16. Section 7.5 of this bill incorporates amendments to Section 1569.17 of the Health and Safety Code proposed by both this bill and AB 1797. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 1569.17 of the Health and Safety Code, and (3) this bill is enacted after AB 1797, in which case Section 7 of this bill shall not become operative.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 889

An act to amend Section 65583 of, and to add Sections 65588.5 and 65589.7 to, the Government Code, relating to housing elements.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include the following:

(1) An analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including, land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures.

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) An analysis of any special housing needs, such as those of the handicapped, elderly, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) An analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. "Assisted housing developments," for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. "Assisted housing developments" shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project by project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used

to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available and the utilization of moneys in a Low and Moderate Income Housing Fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify adequate sites which will be made available through appropriate zoning and development standards and with public services and facilities needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, emergency shelters, and transitional housing in order to meet the community's housing goals as identified in subdivision (b). Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall provide for sufficient sites with zoning which permits owner-occupied and rental multifamily residential use by right, including density and development standards, which could accommodate and facilitate the feasibility of housing for very

low and low-income households. For purposes of this paragraph, the phrase "use by right" shall mean the use does not require a conditional use permit, except when the proposed project is a mixed-use project involving both commercial and residential uses. Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.

(2) Assist in the development of adequate housing to meet the needs of low-income and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing.

(4) Conserve and improve the condition of the existing affordable housing stock.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, or color.

(6) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) The analysis and program for preserving assisted housing developments required by the amendments to this section enacted by the Statutes of 1989 shall be adopted as an amendment to the housing element by July 1, 1992.

(e) Failure of the department to review and report its findings pursuant to Section 65585 to the local government between July 1, 1992, and the next periodic review and revision required by Section 65588, concerning the housing element amendment required by the amendments to this section by the Statutes of 1989, shall not be used as a basis for allocation or denial of any housing assistance administered pursuant to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code.

SEC. 2. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, and scheduled programs for the preservation, improvement, and development of housing. The

housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include the following:

(1) An analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures.

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) An analysis of any special housing needs, such as those of the handicapped, elderly, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) An analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. "Assisted housing developments," for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. "Assisted housing developments" shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project by project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state

financing and subsidy programs when available and the utilization of moneys in a Low and Moderate Income Housing Fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify adequate sites which will be made available through appropriate zoning and development standards and with public services and facilities needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, emergency shelters, and transitional housing in order to meet the community's housing goals as identified in subdivision (b). Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall provide for sufficient sites with zoning that permits owner-occupied and rental multifamily residential use by right, including density and development standards that could accommodate and facilitate the feasibility of housing for very low and low-income households. For purposes of this paragraph, the phrase "use by right" shall mean the use does not require a conditional use permit, except when the proposed project is a mixed-use project involving both commercial and residential uses. Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, or color.

(6) (A) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(B) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with

other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) The analysis and program for preserving assisted housing developments required by the amendments to this section enacted by the Statutes of 1989 shall be adopted as an amendment to the housing element by July 1, 1992.

(e) Failure of the department to review and report its findings pursuant to Section 65585 to the local government between July 1, 1992, and the next periodic review and revision required by Section 65588, concerning the housing element amendment required by the amendments to this section by the Statutes of 1989, shall not be used as a basis for allocation or denial of any housing assistance administered pursuant to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code.

SEC. 3. Section 65588.5 is added to the Government Code, to read:

65588.5. A copy of the report required by subdivision (b) of Section 65400 shall be submitted to the Department of Housing and Community Development within 30 days after receipt by the legislative body.

SEC. 4. Section 65589.7 is added to the Government Code, to read:

65589.7. The housing element adopted by the legislative body and any amendments made to that element shall be delivered to all special districts that provide water services at retail or sewer services and to other private entities that provide water services at retail or sewer services within the territory of the legislative body. When allocating or making plans for the allocation of available and future resources or services designated for residential use, each special district providing water services at retail or sewer services and other private entities providing water services at retail or sewer services, shall grant a priority for the provision of these available and future resources or services to proposed housing developments which help meet the city's, county's, or city and county's share of the regional housing need for lower income households as identified in the housing element adopted by the legislative body and any amendments made to that element. This section is intended to neither enlarge nor diminish the existing authority of a city, county or city and county in adopting a housing element. Failure to deliver a housing element adopted by the legislative body or amendments made to that element, to a special district or private entity providing water services at retail or sewer services shall not invalidate any action or approval of a development project. The special districts which provide water services at retail or sewer services related to development, as defined in subdivision (e) of Section 56426, are included within this section.

As used in this section, "water services at retail" means supplying water directly to the end user or consumer of that water, and does not include sale by a water supplier to another water supplier for resale.

SEC. 5. The additional requirements and duties created by Sections 1, 2, and 4 of this act shall be applicable upon the next amendment or periodic review of the housing element by the legislative body.

SEC. 6. Section 2 of this bill incorporates amendments to Section 65583 of the Government Code proposed by both this bill and AB 1929. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 65583 of the Government Code, and (3) this bill is enacted after AB 1929, in which case Section 1 of this bill shall not become operative.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 890

An act to add Section 701.6 to the Public Utilities Code, relating to public utilities.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 701.6 is added to the Public Utilities Code, to read:

701.6. (a) The commission may authorize gas and electrical corporations to include in ratepayer-supported research and development programs, activities that relate to improving the energy efficiency of manufactured housing and mobilehomes if those programs are evaluated in accordance with the guidelines established by Section 740.1. The commission may develop a program involving utilities, representatives of the manufactured housing and mobilehome industries, and organizations representing

senior citizens and consumers to increase the construction and marketing of energy efficiency measures for mobilehomes and manufactured housing.

(b) The commission may authorize gas and electrical corporations to provide incentives to seniors, low-income households, and others who buy new manufactured homes, or mobilehomes, which incorporate energy efficient measures.

(c) The commission may authorize gas and electrical corporations to recover through rates the reasonable costs associated with the programs specified in subdivisions (a) and (b).

(d) The commission shall report to the Legislature on the status of utility programs to support the construction and purchase of energy efficient manufactured homes and mobilehomes, and on energy savings achieved or expected to be achieved as a result of these utility programs. The first report shall be submitted to the Legislature on January 1, 1994, additional reports shall subsequently be submitted on a biennial basis, and a final report shall be submitted to the Legislature on January 1, 1998.

CHAPTER 891

An act to amend Section 41712 of the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 41712 of the Health and Safety Code is amended to read:

41712. (a) On or before January 1, 1992, the state board shall adopt regulations to achieve the maximum feasible reduction in reactive organic compounds emitted by consumer products, if the state board determines that adequate data exists for it to adopt the regulations.

(b) The state board shall not adopt regulations pursuant to subdivision (a) unless the regulations are technologically and commercially feasible, and necessary to carry out this division. The state board shall consider the effect that the regulations proposed for health benefit products will have on the efficacy of those products in killing or inactivating agents of infectious diseases such as viruses, bacteria, and fungi, and the impact the regulations will have on the availability of health benefit products to California consumers.

(c) For purposes of this section, a "consumer product" means a chemically formulated product used by household and institutional consumers, including, but not limited to, detergents; cleaning

compounds; polishes; floor finishes; cosmetics; personal care products; home, lawn, and garden products; disinfectants; sanitizers; and automotive specialty products; but does not include paint, furniture coatings, or architectural coatings.

(d) (1) Prior to adopting regulations pursuant to this section governing health benefit products, including, but not limited to, disinfectants, the state board shall consider any recommendations received from federal, state, or local public health agencies and medical experts in the field of public health.

(2) Within 30 days after the adoption of any regulation pursuant to this section governing health benefit products, the state board shall prepare and submit to the Legislature and the Governor a report which summarizes any recommendations received pursuant to paragraph (1) and any conclusions made by the state board concerning the recommendations.

(3) For purposes of this subdivision, the following definitions apply:

(A) "Health benefit product" means an antimicrobial product registered with the Environmental Protection Agency.

(B) "Medical expert" means a physician, including a pediatrician, a microbiologist, or a scientist involved in research related to infectious disease and infection control.

(e) Prior to January 1, 1994, a district shall adopt no regulation relating to a consumer product which is different than any regulation adopted by the state board for that purpose.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The State Air Resources Board issued draft regulations on July 9, 1991, proposing volatile organic compound limits for aerosol disinfectants. These regulations may be adopted in December of this year. In order for this act to provide timely policy guidance to the State Air Resources Board, it must become effective prior to December 1991. It is necessary, therefore, that this act take effect immediately as an urgency statute.

CHAPTER 892

An act to amend Sections 9350.6, 9354, 22600, 22840, 22840.2, and 50956 of, to add Sections 20340, 20492.3, 20654.2, and 75052.5 to, and to repeal and add Section 21338 of, the Government Code, relating to retirement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 9350.6 of the Government Code is amended to read:

9350.6. "Compensation" and "salary" mean the remuneration paid in cash out of funds controlled by the state, excluding mileage, reimbursement for expenses incurred in the performance of official duties, and any per diem allowance paid in lieu of such expenses.

Notwithstanding any other provision of the chapter, for purposes of computing a retirement allowance or benefit of a Member of the Legislature, the salary used shall be the highest salary received by the Member of the Legislature while in office.

SEC. 1.5. Section 9354 of the Government Code is amended to read:

9354. The Legislators' Retirement Fund in the State Treasury is hereby established. All moneys received by this system pursuant to this chapter shall be deposited in the fund, and all retirement allowances, benefits, optional settlements, and other obligations or payments payable by this system pursuant to this chapter shall be paid from the fund. Costs of administration shall be paid from annual appropriations from earnings on the fund. Notwithstanding Section 13340, all moneys in the fund are continuously appropriated without regard to fiscal years.

SEC. 2. Section 20340 is added to the Government Code, to read:

20340. A person who is employed under the Senate Fellows, the Assembly Fellows, or the Executive Fellows programs is excluded from membership.

SEC. 2.5. Section 20492.3 is added to the Government Code, to read:

20492.3. Notwithstanding any other provision of law, every employee who enters or reenters service with a contracting agency on and after January 1, 1992, shall immediately become a member of this system irrespective of any probationary period, if the employee would otherwise be eligible for membership. The system shall not exclude employees, or groups of employees, solely on the basis of their status as probationary employees.

SEC. 3. Section 20654.2 is added to the Government Code, to read:

20654.2. If a nonmember, as defined in Section 21215.1, withdraws accumulated contributions in accordance with Section 21215, the member may redeposit those contributions pursuant to this article.

SEC. 4. Section 21338 of the Government Code is repealed.

SEC. 5. Section 21338 is added to the Government Code, to read:

21338. (a) A member retiring for service may elect to have the actuarial equivalent of his or her unmodified service retirement allowance paid in two parts as follows:

(1) A temporary annuity in an amount specified by the member but which shall not result in a reduction to his or her unmodified allowance by more than 50 percent.

(2) A life income consisting of his or her service retirement annuity plus the pension provided by the actuarial value of his or her current and prior service pensions remaining after providing the temporary annuity in paragraph (1).

(b) The temporary annuity under subdivision (a) shall not be subject to further optional settlement under this article and shall be payable monthly under one of the following methods of payment, as designated by the member:

(1) As an addition to his or her monthly life income beginning on his or her effective date of retirement and continuing until the member reaches age 59½ or any whole age between ages 60 and 68, as designated by the member at the time of his or her retirement. If his or her death occurs prior to that age, the commuted value of any remaining installments shall be paid to his or her designated beneficiary in a lump sum.

(2) As an addition to his or her monthly life income beginning at least one year after his or her effective date of retirement and at any whole age between ages 60 and 68, as designated by the member at the time of his or her retirement, and continuing until the member's death.

Notwithstanding any other provision of this part, a member whose allowance would be limited under Section 415 of the Internal Revenue Code shall be paid a temporary annuity benefit in an amount and beginning on a date determined by the board which shall, to the extent possible, cause the member's allowance to be under the Section 415 limits and provide him or her with a lifetime allowance which is actuarially equivalent to that which he or she would have received had the Section 415 limits not been applied.

SEC. 6. Section 22600 of the Government Code is amended to read:

22600. The Old Age and Survivors' Insurance Revolving Fund is continued in existence. Notwithstanding Section 13340, all money in the revolving fund is appropriated without regard to fiscal years to the board to carry out the provisions of this part.

SEC. 7. Section 22840 of the Government Code is amended to read:

22840. For all plans which the board has approved or entered into

a contract, there shall be maintained in the State Treasury a Public Employees' Contingency Reserve Fund to which shall be credited, from time to time as determined by the board, amounts determined by the board and contributed under Section 22826 to provide an adequate contingency reserve. The income derived from any dividends, rate adjustments, or other refunds by a plan shall be credited to the fund.

The board may invest funds in the Public Employees' Contingency Reserve Fund in accordance with the provisions of law governing its investment of the Retirement Fund.

The Public Employees' Contingency Reserve Fund may be utilized to defray increases in future rates, to reduce the contributions of employees and annuitants and the employers, or to increase the benefits provided by any plan to the extent that amounts in the account are derived from that plan, as determined from time to time by the board. Notwithstanding Section 13340, all moneys in the fund are continuously appropriated without regard to fiscal years for those purposes to the extent of all amounts credited to it other than the employers' contribution for administrative expenses, and for administrative expense to the extent of the employers' contribution for that purpose.

The total credited to the Public Employees' Contingency Reserve Fund at any time, for all purposes other than administrative expense, shall be limited, in the manner and to the extent the board may find to be most practical, to a maximum of 10 percent of the total of the contributions of the employers and employees and annuitants in any fiscal year. The board may undertake any action as will insure that the maximum amount prescribed for the fund is approximately maintained.

Board rules adopted pursuant to Section 22810 to minimize the impact of adverse selection because of enrollment of annuitants may provide for deposit in and disbursement to carriers from the Public Employees' Contingency Reserve Fund of the portion of the contributions otherwise payable directly to the carriers by the Controller under Section 22841 as may be required for that purpose. The fund is appropriated for that purpose in addition to the other purposes specified in this section. The deposits shall not be included in applying the limitations, prescribed in this section, on total amounts which may be deposited in or credited to the fund.

SEC. 8. Section 22840.2 of the Government Code is amended to read:

22840.2. (a) There is in the State Treasury a Public Employees' Health Care Fund, the purpose of which is to fund the health benefits plan or plans administered or approved by the board pursuant to the authority conferred on the board by this part. The board shall have the exclusive control of the administration and investment of the Public Employees' Health Care Fund.

(b) The Public Employees' Health Care Fund shall consist of the following:

(1) Any self-funded or minimum premium plan premiums paid by public agencies, the state and enrolled employees, annuitants, and family members, including premiums paid directly for continuation coverage authorized under the Consolidated Omnibus Budget and Reconciliation Act of 1986 or as thereafter amended, and as authorized by this part.

(2) Any other health plan premiums paid by public agencies.

(3) Any reserve moneys from terminated plans designated by the board for payment to self-funded or minimum premium plans.

(c) The board may invest funds in the Public Employees' Health Care Fund pursuant to the law governing its investment of the retirement fund. The board may authorize its investment staff or may contract with independent investment professionals to manage the investments of this fund.

(d) Income, of whatever nature, earned on the Public Employees' Health Care Fund during any fiscal year, shall be credited to the fund.

(e) Notwithstanding Section 13340, the Public Employees' Health Care Fund is continuously appropriated, without regard to fiscal years, to pay benefits and claims costs, to pay the costs of administering self-funded or minimum premium plans, to refund those who made direct premium payments, and to pay such other costs as the board may determine as necessary, consistent with its fiduciary duty.

(f) The Legislature finds and declares that the Public Employees' Health Care Fund is a trust fund held for the exclusive benefit of enrolled employees, annuitants, and family members and the health plan carriers, insurers, and those contracting to provide medical and hospital care services.

SEC. 9. Section 50956 of the Government Code is amended to read:

50956. (a) The Volunteer Firefighters Length of Service Award Fund is hereby created and established in the State Treasury. All moneys received by the award system pursuant to this chapter shall be deposited in the fund. Notwithstanding Section 13340, the moneys in the fund are continuously appropriated to the board, without regard to fiscal years, for payment of the costs of administration of this chapter and for the payment of awards pursuant to this chapter.

(b) The State Treasurer shall be custodian of the fund, subject to the exclusive control of the board as to administration and investment of the fund. All payments from the fund shall be made upon warrants drawn by the Controller upon demands made by the board.

SEC. 10. Section 75052.5 is added to the Government Code, to read:

75052.5. If the nonmember withdraws accumulated contributions in accordance with Section 75052, the member may redeposit those contributions pursuant to this part.

SEC. 11. A legislative employee who elects, because of

Proposition 140 of the 1990 general election, to retire on or after January 1, 1991, and prior to July 1, 1991, either pursuant to Section 20817 of the Government Code or otherwise, within 120 days following the separation date, may, within 60 days after the effective date of this section, enroll in a health benefits plan pursuant to Part 5 (commencing with Section 22751) of Division 5 of Title 2 of the Government Code and, thereupon, shall be deemed to have been enrolled on the date of separation from employment.

This section shall remain operative only until December 31, 1991, and, as of that date, is repealed, unless a later enacted statute deletes or extends that date.

SEC. 12. A legislative employee who is both an exempt employee, as defined in paragraph (1) of subdivision (a) of Section 22816.7 of the Government Code, and an annuitant, as defined in subparagraph (B) of paragraph (2) of subdivision (a) of Section 22816.7, or a state employee, as defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 22816.7 of the Government Code, but who, prior to resignation, was not enrolled in a health benefits plan under Part 5 (commencing with Section 22751) of Division 5 of Title 2 of the Government Code, and who elects, because of Proposition 140 of the 1990 general election, to resign, on or after January 1, 1991, and prior to July 1, 1991, or who is laid off may enroll, within 60 days after the effective date of this section, in a health benefits plan pursuant to Part 5 and, thereupon, shall continue coverage pursuant to subdivision (b) or (c) of Section 22816.7 of the Government Code, and shall be deemed to have been enrolled on the date of separation from employment, if he or she would, pursuant to Section 22816.7, otherwise be eligible for enrollment or coverage and direct payment of premiums.

This section shall remain in effect only until December 31, 1991, and, as of that date, is repealed, unless a later enacted statute deletes or extends that date.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that legislative employees at risk of losing benefits may be assisted at the earliest possible time, it is necessary that this bill take effect immediately.

CHAPTER 893

An act to amend Sections 5101.5 and 22511.5 of, and to add Sections 324.5, 5007, and 22511.55 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 324.5 is added to the Vehicle Code, to read:

324.5. A "former prisoner of war" is any person who, while serving as a member of the United States Armed Forces, as a member of the Philippine Commonwealth Armed Forces, as a part of a United States Expeditionary Force, or as a United States civilian, was held as a prisoner of war by forces hostile to the United States during any armed conflict and is currently a resident of California.

SEC. 2. Section 5007 is added to the Vehicle Code, to read:

5007. (a) The department shall, upon application and without additional fees, issue a special identification license plate or plates to a disabled person or disabled veteran, pursuant to procedures adopted by the department.

(b) The special identification plates issued to a disabled person or disabled veteran shall run in a regular numerical series which shall include one or more unique two-letter codes reserved for disabled person license plates or disabled veteran license plates. The International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641 commonly known as the "wheelchair symbol" shall be depicted on each plate unless, at the time of application, the applicant requests the issuance of plates without that symbol.

(c) Prior to issuing any disabled person or disabled veteran a special identification license plate, the department may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(d) The special identification license plate shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle registration, whichever occurs first.

SEC. 3. Section 5101.5 of the Vehicle Code is amended to read:

5101.5. (a) Any person otherwise eligible under this article who is a former prisoner of war may apply for special license plates for the vehicle under this article. The special plates assigned to the vehicle shall run in a separate numerical series and shall have inscribed on the plate the letters "POW" and four numbers that shall

be two and three-quarters inches in height. The department shall, pursuant to this article, reserve and issue the license plates provided for by this section only to persons who show by satisfactory proof his or her former prisoner of war status. Any person otherwise issued license plates within this series pursuant to this article prior to January 1, 1982, may retain them.

(b) In addition to the regular fees for an original registration or renewal of registration, the additional fees specified in Sections 5106 and 5108, as applicable, shall be paid.

SEC. 4. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) (1) Any disabled person or disabled veteran displaying special identification license plates issued under Section 5007 or a placard issued under Section 22511.55 shall be allowed to park for unlimited periods in any of the following zones:

(A) In any restricted zone described in subdivision (e) of Section 21458 or on streets upon which preferential parking privileges and height limits have been given pursuant to Section 22507.

(B) In any parking zone that is restricted as to the length of time parking is permitted as indicated by a sign erected pursuant to a local ordinance.

(2) Any disabled person or disabled veteran shall be allowed to park in any metered parking space without being required to pay any parking meter fees.

(3) This subdivision does not apply to any zone for which state law or ordinance absolutely prohibits stopping, parking, or standing of all vehicles, or which the law or ordinance reserves for special types of vehicles.

(b) Any disabled person or disabled veteran shall be allowed to park a vehicle displaying a special identification disabled person license plate or placard issued by a foreign jurisdiction with the same parking privileges authorized in this code for any vehicle displaying a special identification license plate or placard issued by the Department of Motor Vehicles.

SEC. 5. Section 22511.55 is added to the Vehicle Code, to read:

22511.55. (a) (1) Any disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special identification license plate or plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rear view mirror or, if there is no rear view mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the department and shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the "wheelchair symbol."

(2) The department may establish procedures for the issuance

and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the department on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period.

As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(3) The fee for an original application or renewal application is six dollars ($6).

(4) Except as provided in paragraph (5), no person is eligible for more than one placard at any time.

(5) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) Prior to issuing any disabled person or disabled veteran a distinguishing placard, the department may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(c) Any person who is temporarily disabled for a period of less than six months may apply for a placard as prescribed in subdivision (a).

(d) The distinguishing placard shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle registration, whichever occurs first.

CHAPTER 894

An act to amend Sections 4461, 22511.5, and 40000.7 of, and to add Sections 22511.55 and 22511.56 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 4461 of the Vehicle Code is amended to read:

4461. (a) No person shall lend any certificate of ownership, registration card, license plate, special plate, or permit issued to him or her if the person desiring to borrow it would not be entitled to its

use, nor shall any person knowingly permit its use by one not entitled to it.

(b) No person to whom a disabled person placard has been issued shall lend the placard to any other person, nor shall any disabled person knowingly permit the use of the placard by one not entitled to it. A person to whom a disabled person placard has been issued may permit another person to use the placard only while in the presence or reasonable proximity of the disabled person for the purpose of transporting the disabled person. A violation of this subdivision is a misdemeanor.

(c) Except for the purpose of transporting disabled persons as specified in subdivision (b), no person shall display any disabled person placard that was not issued to him or her or that has been canceled or revoked pursuant to Section 22511.6. A violation of this subdivision is a misdemeanor.

(d) For the purposes of subdivisions (b) and (c), "disabled person placard" means a placard issued pursuant to Section 22511.5.

SEC. 2. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) (1) Any disabled person or disabled veteran operating or using a vehicle shall be allowed to park for unlimited periods in either of the following zones:

(A) Any restricted zone described in subdivision (e) of Section 21458 or on streets upon which preferential parking privileges and height limits have been given pursuant to Section 22507.

(B) Any parking zone that is restricted as to the length of time parking is permitted, as indicated by a sign erected pursuant to a local ordinance.

(2) Any disabled person or disabled veteran shall be allowed to park in any metered parking space without being required to pay any parking meter fees.

(3) This subdivision does not apply to any zone for which state law or local ordinance absolutely prohibits stopping, parking, or standing of all vehicles, or which the law or ordinance reserves for special types of vehicles or to the parking of any vehicle that is involved in the operation of a street vending business.

(b) As a condition to this privilege, the parked vehicle shall display a distinguishing license plate which shall be issued for the vehicle registered to the disabled person or disabled veteran, or for a vehicle not registered to the disabled person or disabled veteran, but which is used primarily to transport a disabled person or disabled veteran, and which would otherwise qualify for a distinguishing license plate if the vehicle were registered to the disabled person or disabled veteran.

The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by that department.

(c) (1) Any disabled person or disabled veteran may also apply to the Department of Motor Vehicles for the issuance of a distinguishing placard. The placard may be used in lieu of the

distinguishing license plate for parking purposes described in subdivision (a) when suspended from the rear view mirror or, if there is no rear view mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the Department of Motor Vehicles, shall include instructions for its lawful use, and shall incorporate within those instructions a summary of the penalties applying to its unlawful use.

(2) The Department of Motor Vehicles may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the Department of Motor Vehicles on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period.

As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(3) The fee for an original application or renewal application shall be six dollars ($6).

(4) Except as provided in paragraph (5), no person is eligible for more than one placard at any time.

(5) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(d) Prior to issuing any disabled person or disabled veteran a distinguishing license plate or placard, the Department of Motor Vehicles may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(e) Any person who is temporarily disabled for a period of less than six months may apply for a placard as prescribed in subdivision (c).

(f) Any disabled person or disabled veteran shall be allowed to park a vehicle displaying a distinguishing disabled person license plate or placard issued by a foreign jurisdiction with the same parking privileges authorized in this code for any vehicle displaying a distinguishing license plate or placard issued by the Department of Motor Vehicles.

(g) The distinguishing license plate or placard shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle

registration, whichever occurs first.

SEC. 3. Section 22511.55 is added to the Vehicle Code, to read:

22511.55. (a) (1) Any disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special identification license plate or plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rear view mirror or, if there is no rear view mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the department, shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the "wheelchair symbol," shall include instructions for its lawful use, and shall incorporate within those instructions a summary of the penalties for its unlawful use.

(2) The department may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the department on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period.

As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(3) The fee for an original application or renewal application is six dollars ($6).

(4) Except as provided in paragraph (5), no person is eligible for more than one placard at any time.

(5) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) Prior to issuing any disabled person or disabled veteran a distinguishing placard, the department may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(c) Any person who is temporarily disabled for a period of less than six months may apply for a placard as prescribed in subdivision (a).

(d) The distinguishing placard shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle registration,

whichever occurs first.

SEC. 4. Section 22511.56 is added to the Vehicle Code, to read:

22511.56. Any person using a distinguishing placard issued pursuant to Section 22511.5 for parking as permitted by that section shall, upon request of any peace officer or person authorized to enforce parking laws, ordinances, or regulations, present identification and evidence of the issuance of that placard to that person.

(b) Failure to present the requested identification and evidence of the issuance of that placard shall be a rebuttable presumption that the placard is being misused and that the associated vehicle has been parked in violation of the provisions of Section 22511.5.

(c) In addition to any other applicable penalty for the misuse of a placard, the officer or parking enforcement person may confiscate a placard being used for parking purposes that benefit any person other than the person to whom the placard was issued by the Department of Motor Vehicles. A placard lawfully used by a person transporting a disabled person pursuant to subdivision (b) of Section 4461 shall not be confiscated.

SEC. 5. Section 40000.7 of the Vehicle Code is amended to read:

40000.7. A violation of any of the following provisions is a misdemeanor, and not an infraction:

(a) Section 2416, relating to regulations for emergency vehicles.

(b) Section 2800, relating to failure to obey an officer's lawful order or submit to a lawful inspection.

(c) Section 2800.1, relating to fleeing from a peace officer.

(d) Section 2801, relating to failure to obey a firefighter's lawful order.

(e) Section 2803, relating to unlawful vehicle or load.

(f) Section 2813, relating to stopping for inspection.

(g) Subdivisions (b) and (c) of Section 4461 and subdivisions (b) and (c) of Section 4463, relating to disabled person placards.

(h) Section 4462.5, relating to deceptive or false evidence of vehicle registration.

(i) Section 4463.5, relating to deceptive or facsimile license plates.

(j) Section 5105.5, relating to environmental license plates.

(k) Section 5500, relating to the surrender of registration documents and license plates before dismantling may begin.

(*l*) Section 5753, relating to delivery of certificates of ownership and registration when committed by a dealer or any person while a dealer within the preceding 12 months.

(m) Section 5901, relating to dealers and lessor-retailers giving notice.

(n) Section 5901.1, relating to lessors giving notice and failure to pay fee.

(o) Section 8802, relating to the return of canceled, suspended, or revoked certificates of ownership, registration cards, or license plates, when committed by any person with intent to defraud.

(p) Section 8803, relating to return of canceled, suspended, or

revoked documents and license plates of a dealer, manufacturer, remanufacturer, transporter, dismantler, or salesman.

SEC. 6. (a) The Department of Motor Vehicles shall conduct a study comprising a statistically valid sample which cross-references death records and the records of the department for the issuance and renewal of distinguishing parking placards to disabled persons pursuant to subdivision (c) of Section 22511.5 of the Vehicle Code for purposes of ascertaining the extent of the unauthorized continued use and renewal of those placards subsequent to the death of the disabled persons to whom originally issued.

(b) The department shall report its findings, conclusions, and recommendations to the Legislature on or before July 1, 1992.

SEC. 7. The Department of Motor Vehicles shall design the disabled person and disabled veteran distinguishing placard so as to inhibit the unlawful reproduction in order to ensure the integrity of the disabled person and disabled veteran placard program.

SEC. 8. (a) Section 2 of this act shall become operative only if Assembly Bill 274 is not enacted.

(b) Sections 3 and 4 of this act shall become operative only if Assembly Bill 274 is enacted and becomes operative and relates to vehicle placards for disabled persons.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 895

An act to add Section 7186 to, and to repeal and add Chapter 3.9 (commencing with Section 7185) of Part 1 of Division 7 of, the Health and Safety Code, relating to the terminally ill.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.9 (commencing with Section 7185) of Part 1 of Division 7 of the Health and Safety Code is repealed.

SEC. 2. Chapter 3.9 (commencing with Section 7185) is added to Part 1 of Division 7 of the Health and Safety Code, to read:

CHAPTER 3.9. NATURAL DEATH ACT

7185. This act shall be known and may be cited as the Natural Death Act.

7185.5. (a) The Legislature finds that an adult person has the fundamental right to control the decisions relating to the rendering of his or her own medical care, including the decision to have life-sustaining treatment withheld or withdrawn in instances of a terminal condition or permanent unconscious condition.

(b) The Legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

(c) The Legislature further finds that, in the interest of protecting individual autonomy, such prolongation of the process of dying for a person with a terminal condition or permanent unconscious condition for whom continued medical treatment does not improve the prognosis for recovery may violate patient dignity and cause unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the person.

(d) In recognition of the dignity and privacy that a person has a right to expect, the Legislature hereby declares that the laws of the State of California shall recognize the right of an adult person to make a written declaration instructing his or her physician to withhold or withdraw life-sustaining treatment in the event of a terminal condition or permanent unconscious condition, in the event that the person is unable to make those decisions for himself or herself.

(e) The Legislature further declares that, in the absence of controversy, a court normally is not the proper forum in which to make decisions regarding life-sustaining treatment.

(f) To avoid treatment that is not desired by a person in a terminal condition or permanent unconscious condition, the Legislature declares that this chapter is in the interest of the public health and welfare.

7186. As used in this chapter, unless the context otherwise requires:

(a) "Attending physician" means the physician who has primary responsibility for the treatment and care of the patient.

(b) "Declaration" means a writing executed in accordance with the requirements of subdivision (a) of Section 7186.5.

(c) "Health care provider" means a person who is licensed, certified, or otherwise authorized by the law of this state to administer health care in the ordinary course of business or practice of a profession.

(d) "Life-sustaining treatment" means any medical procedure or intervention that, when administered to a qualified patient, will serve only to prolong the process of dying or an irreversible coma or persistent vegetative state.

(e) "Permanent unconscious condition" means an incurable and

irreversible condition that, within reasonable medical judgment, renders the patient in an irreversible coma or persistent vegetative state.

(f) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(g) "Physician" means a physician and surgeon licensed by the Medical Board of California or the Board of Osteopathic Examiners.

(h) "Qualified patient" means a patient 18 or more years of age who has executed a declaration and who has been diagnosed and certified in writing by the attending physician and a second physician who has personally examined the patient to be in a terminal condition or permanent unconscious condition.

(i) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

(j) "Terminal condition" means an incurable and irreversible condition that, without the administration of life-sustaining treatment, will, within reasonable medical judgment, result in death within a relatively short time.

7186.5. (a) An individual of sound mind and 18 or more years of age may execute at any time a declaration governing the withholding or withdrawal of life-sustaining treatment. The declaration shall be signed by the declarant, or another at the declarant's direction and in the declarant's presence, and witnessed by two individuals at least one of whom may not be a person who is entitled to any portion of the estate of the qualified patient upon his or her death under any will or codicil thereto of the qualified patient existing at the time of execution of the declaration or by operation of law. In addition, a health care provider, an employee of a health care provider, the operator of a community care facility, an employee of an operator of a community care facility, the operator of a residential care facility for the elderly, or an employee of an operator of a residential care facility for the elderly may not be a witness.

(b) A declaration shall substantially contain the following provisions:

DECLARATION

If I should have an incurable and irreversible condition that has been diagnosed by two physicians and that will result in my death within a relatively short time without the administration of life-sustaining treatment or has produced an irreversible coma or persistent vegetative state, and I am no longer able to make decisions regarding my medical treatment, I direct my attending physician, pursuant to the Natural Death Act of California, to withhold or withdraw treatment, including artificially administered nutrition

and hydration, that only prolongs the process of dying or the irreversible coma or persistent vegetative state and is not necessary for my comfort or to alleviate pain.

If I have been diagnosed as pregnant, and that diagnosis is known to my physician, this declaration shall have no force or effect during my pregnancy.

Signed this _____ day of _____, _____.

Signature _____

Address _____

The declarant voluntarily signed this writing in my presence. I am not a health care provider, an employee of a health care provider, the operator of a community care facility, an employee of an operator of a community care facility, the operator of a residential care facility for the elderly, or an employee of an operator of a residential care facility for the elderly.

Witness _____

Address _____

The declarant voluntarily signed this writing in my presence. I am not entitled to any portion of the estate of the declarant upon his or her death under any will or codicil thereto of the declarant now existing or by operation of law. I am not a health care provider, an employee of a health care provider, the operator of a community care facility, an employee of an operator of a community care facility, the operator of a residential care facility for the elderly, or an employee of an operator of a residential care facility for the elderly.

Witness _____

Address _____

(c) A physician or other health care provider who is furnished a copy of the declaration shall make it a part of the declarant's medical record and, if unwilling to comply with the declaration, promptly so advise the declarant.

7187. A declaration shall have no force or effect if the declarant is a patient in a skilled nursing facility as defined in subdivision (c) of Section 1250, or a long-term health care facility as defined in subdivision (a) of Section 1418, at the time the declaration is executed unless one of the two witnesses to the declaration is a patient advocate or ombudsman as may be designated by the State Department of Aging for this purpose pursuant to any other applicable provision of law.

7187.5. A declaration becomes operative when (a) it is communicated to the attending physician and (b) the declarant is diagnosed and certified in writing by the attending physician and a second physician who has personally examined the declarant to be in a terminal condition or permanent unconscious condition and no longer able to make decisions regarding administration of life-sustaining treatment. When the declaration becomes operative,

the attending physician and other health care providers shall act in accordance with its provisions or comply with the transfer requirements of Section 7190.

7188. (a) A declarant may revoke a declaration at any time and in any manner, without regard to the declarant's mental or physical condition. A revocation is effective upon its communication to the attending physician or other health care provider by the declarant or a witness to the revocation.

(b) The attending physician or other health care provider shall make the revocation a part of the declarant's medical record.

7189. Upon determining that the declarant is in a terminal condition or permanent unconscious condition, the attending physician who knows of a declaration shall record the determination and the terms of the declaration in the declarant's medical record and file a copy of the declaration in the record.

7189.5. (a) A qualified patient may make decisions regarding life-sustaining treatment as long as the patient is able to do so.

(b) This chapter does not affect the responsibility of the attending physician or other health care provider to provide treatment for a patient's comfort care or alleviation of pain.

(c) The declaration of a qualified patient known to the attending physician to be pregnant shall not be given effect as long as the patient is pregnant.

7190. An attending physician or other health care provider who is unwilling to comply with this chapter shall take all reasonable steps as promptly as practicable to transfer care of the declarant to another physician or health care provider who is willing to do so.

7190.5. (a) A physician or other health care provider is not subject to civil or criminal liability, or discipline for unprofessional conduct, for giving effect to a declaration in the absence of knowledge of the revocation of a declaration.

(b) A physician or other health care provider, whose action under this chapter is in accord with reasonable medical standards, is not subject to criminal prosecution, civil liability, discipline for unprofessional conduct, administrative sanction, or any other sanction if the physician or health care provider believes in good faith that the action is consistent with this chapter and the desires of the declarant expressed in the declaration.

7191. (a) A physician or other health care provider who willfully fails to transfer the care of a patient in accordance with Section 7190 is guilty of a misdemeanor.

(b) A physician who willfully fails to record a determination of terminal condition or permanent unconscious condition or the terms of a declaration in accordance with Section 7189 is guilty of a misdemeanor.

(c) An individual who willfully conceals, cancels, defaces, or obliterates the declaration of another individual without the declarant's consent or who falsifies or forges a revocation of the declaration of another individual is guilty of a misdemeanor.

(d) An individual who falsifies or forges the declaration of another individual, or willfully conceals or withholds personal knowledge of a revocation under Section 7188, with the intent to cause a withholding or withdrawal of life-sustaining treatment contrary to the wishes of the declarant, and thereby, because of that act, directly causes life-sustaining treatment to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for unlawful homicide as provided in Chapter 1 (commencing with Section 187) of Title 8 of Part 1 of the Penal Code.

(e) A person who requires or prohibits the execution of a declaration as a condition for being insured for, or receiving, health care services is guilty of a misdemeanor.

(f) A person who coerces or fraudulently induces an individual to execute a declaration is guilty of a misdemeanor.

(g) The sanctions provided in this section do not displace any sanction applicable under other law.

7191.5. (a) Death resulting from the withholding or withdrawal of a life-sustaining treatment in accordance with this chapter does not constitute, for any purpose, a suicide or homicide.

(b) The making of a declaration pursuant to Section 7186.5 does not affect in any manner the sale, procurement, or issuance of any policy of life insurance or annuity, nor does it affect, impair, or modify the terms of an existing policy of life insurance or annuity. A policy of life insurance or annuity is not legally impaired or invalidated by the withholding or withdrawal of life-sustaining treatment from an insured, notwithstanding any term to the contrary.

(c) A person may not prohibit or require the execution of a declaration as a condition for being insured for, or receiving, health care services.

(d) This chapter creates no presumption concerning the intention of an individual who has revoked or has not executed a declaration with respect to the use, withholding, or withdrawal of life-sustaining treatment in the event of a terminal condition or permanent unconscious condition.

(e) This chapter does not affect the right of a patient to make decisions regarding use of life-sustaining treatment, so long as the patient is able to do so, or impair or supersede a right or responsibility that a person has to effect the withholding or withdrawal of medical care.

(f) This chapter does not require any physician or other health care provider to take any action contrary to reasonable medical standards.

(g) This chapter does not condone, authorize, or approve mercy killing or assisted suicide or permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

(h) The rights granted by this chapter are in addition to, and not in derogation of, rights under any other statutory or case law.

7192. In the absence of knowledge to the contrary, a physician or other health care provider may presume that a declaration complies with this chapter and is valid.

7192.5. An instrument governing the withholding or withdrawal of life-sustaining treatment executed in another state in compliance with the law of that state or of this state is valid for purposes of this chapter.

7193. A Durable Power of Attorney for Health Care shall prevail over a declaration executed pursuant to this chapter unless expressly provided otherwise in the Durable Power of Attorney for Health Care.

7193.5. The following instruments shall be given effect pursuant to the provisions of this chapter:

(a) An instrument executed before January 1, 1992, that substantially complies with subdivision (a) of Section 7186.5.

(b) An instrument governing the withholding or withdrawal of life-sustaining treatment executed in another state that does not comply with the law of that state but substantially complies with the law of this state.

7194. If any provision of this chapter or its application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

7194.5. To the extent that a provision of this chapter conforms to the Uniform Rights of the Terminally Ill Act, that provision shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

SEC. 3. Section 7186 is added to the Health and Safety Code, to read:

7186. As used in this chapter, unless the context otherwise requires:

(a) "Attending physician" means the physician who has primary responsibility for the treatment and care of the patient.

(b) "Declaration" means a writing executed in accordance with the requirements of subdivision (a) of Section 7186.5.

(c) "Health care provider" means a person who is licensed, certified, or otherwise authorized by the law of this state to administer health care in the ordinary course of business or practice of a profession.

(d) "Life-sustaining treatment" means any medical procedure or intervention that, when administered to a qualified patient, will serve only to prolong the process of dying or an irreversible coma or persistent vegetative state.

(e) "Permanent unconscious condition" means an incurable and irreversible condition that, within reasonable medical judgment, renders the patient in an irreversible coma or persistent vegetative state.

(f) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(g) "Physician" means a physician and surgeon licensed by the Medical Board of California or the Osteopathic Medical Board of California.

(h) "Qualified patient" means a patient 18 or more years of age who has executed a declaration and who has been diagnosed and certified in writing by the attending physician and a second physician who has personally examined the patient to be in a terminal condition or permanent unconscious condition.

(i) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

(j) "Terminal condition" means an incurable and irreversible condition that, without the administration of life-sustaining treatment, will, within reasonable medical judgment, result in death within a relatively short time.

SEC. 4. Section 3 of this bill, which adds Section 7186 to the Health and Safety Code, shall become operative only if both this bill and Assembly Bill 1332 are enacted and become effective on January 1, 1992, in which case Section 7186 of the Health and Safety Code, as added by Section 2 of this bill, shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for any costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 896

An act to amend Sections 2433, 2436.5, 2444, 2500, and 2503.5 of the Civil Code, relating to powers of attorney.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 2433 of the Civil Code is amended to read:

2433. (a) A printed form of a durable power of attorney for health care that is sold or otherwise distributed in this state for use by a person who does not have the advice of legal counsel shall

provide no other authority than the authority to make health care decisions on behalf of the principal and shall contain, in not less than 10-point boldface type or a reasonable equivalent thereof, the following warning statement:

WARNING TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. Before executing this document, you should know these important facts:

This document gives the person you designate as your agent (the attorney in fact) the power to make health care decisions for you. Your agent must act consistently with your desires as stated in this document or otherwise made known.

Except as you otherwise specify in this document, this document gives your agent the power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive.

Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped or withheld if you object at the time.

This document gives your agent authority to consent, to refuse to consent, or to withdraw consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of your desires and any limitations that you include in this document. You may state in this document any types of treatment that you do not desire. In addition, a court can take away the power of your agent to make health care decisions for you if your agent (1) authorizes anything that is illegal, (2) acts contrary to your known desires, or (3) where your desires are not known, does anything that is clearly contrary to your best interests.

This power will exist for an indefinite period of time unless you limit its duration in this document.

You have the right to revoke the authority of your agent by notifying your agent or your treating doctor, hospital, or other health care provider orally or in writing of the revocation.

Your agent has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

Unless you otherwise specify in this document, this document gives your agent the power after you die to (1) authorize an autopsy, (2) donate your body or parts thereof for transplant or therapeutic or educational or scientific purposes, and (3) direct the disposition of your remains.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

(b) The printed form described in subdivision (a) shall also

include the following notice: "This power of attorney will not be valid for making health care decisions unless it is either (1) signed by two qualified adult witnesses who are personally known to you and who are present when you sign or acknowledge your signature or (2) acknowledged before a notary public in California."

(c) A durable power of attorney prepared for execution by a person resident in this state that permits the attorney in fact to make health care decisions and that is not a printed form shall include one of the following:

(1) The substance of the statements provided for in subdivision (a) in capital letters.

(2) A certificate signed by the principal's lawyer stating: "I am a lawyer authorized to practice law in the state where this power of attorney was executed, and the principal was my client at the time this power of attorney was executed. I have advised my client concerning his or her rights in connection with this power of attorney and the applicable law and the consequences of signing or not signing this power of attorney, and my client, after being so advised, has executed this power of attorney."

(d) If a durable power of attorney includes the certificate provided for in paragraph (2) of subdivision (c) and permits the attorney in fact to make health care decisions for the principal, the applicable law of which the client is to be advised by the lawyer signing the certificate includes, but is not limited to, the matters listed in subdivision (a).

SEC. 2. Section 2436.5 of the Civil Code is amended to read:

2436.5. (a) This section applies only to a durable power of attorney for health care that satisfies one of the following requirements:

(1) The power of attorney was executed after January 1, 1984, but before January 1, 1992.

(2) The power of attorney was executed on or after January 1, 1992, and contains a warning statement that refers to a seven-year limit on its duration.

(b) Unless a shorter period is provided in the durable power of attorney for health care, a durable power of attorney for health care described in subdivision (a) expires seven years after the date of its execution unless at the end of the seven-year period the principal lacks the capacity to make health care decisions for himself or herself, in which case the durable power of attorney for health care continues in effect until the time when the principal regains the capacity to make health care decisions for himself or herself.

SEC. 3. Section 2444 of the Civil Code is amended to read:

2444. (a) Notwithstanding Section 2433, on and after January 1, 1986, a printed form of a durable power of attorney for health care may be sold or otherwise distributed if it complies with Section 2433 as amended by Section 5 of Chapter 312 of the Statutes of 1984, with Section 2433 as amended by Chapter 403 of the Statutes of 1985, or with Section 2433 as in effect at the time of sale or distribution.

However, any printed form of a durable power of attorney for health care printed on or after January 1, 1986, that is sold or otherwise distributed in this state for use by a person who does not have the advice of legal counsel shall comply with Section 2433 as in effect at the time of printing.

(b) Notwithstanding Section 2432, a printed form of a durable power of attorney for health care may be sold or otherwise distributed if it complies with Section 2432 as originally enacted, or with Section 2432 as subsequently amended. However, any printed form of a durable power of attorney for health care printed on or after January 1, 1986, shall comply with the requirements of Section 2432 in effect at the time of printing.

(c) A durable power of attorney for health care executed on or after January 1, 1986, is not invalid if it complies with Section 2432 as originally enacted or as subsequently amended. Subject to Section 2436.5, a durable power of attorney for health care executed on or after January 1, 1986, using a printed form that complied with Section 2433 as amended by Section 5 of Chapter 312 of the Statutes of 1984, or with Section 2433 as amended by Chapter 403 of the Statutes of 1985, is as valid as if it had been executed using a printed form that complied with Section 2433 as thereafter amended.

SEC. 4. Section 2500 of the Civil Code is amended to read:

2500. The use of the following form in the creation of a durable power of attorney for health care under Article 5 (commencing with Section 2430) of Chapter 2 is lawful, and when used, the power of attorney shall be construed in accordance with this chapter and shall be subject to Article 5 (commencing with Section 2430) of Chapter 2; provided, however, that the use of a form previously authorized by this section (at the time it was so authorized) remains valid.

STATUTORY FORM DURABLE POWER OF ATTORNEY FOR HEALTH CARE
(California Civil Code Section 2500)

WARNING TO PERSON EXECUTING THIS DOCUMENT

THIS IS AN IMPORTANT LEGAL DOCUMENT WHICH IS AUTHORIZED BY THE KEENE HEALTH CARE AGENT ACT. BEFORE EXECUTING THIS DOCUMENT, YOU SHOULD KNOW THESE IMPORTANT FACTS:

THIS DOCUMENT GIVES THE PERSON YOU DESIGNATE AS YOUR AGENT (THE ATTORNEY IN FACT) THE POWER TO MAKE HEALTH CARE DECISIONS FOR YOU. YOUR AGENT MUST ACT CONSISTENTLY WITH YOUR DESIRES AS STATED IN THIS DOCUMENT OR OTHERWISE MADE KNOWN.

EXCEPT AS YOU OTHERWISE SPECIFY IN THIS DOCUMENT, THIS DOCUMENT GIVES YOUR AGENT THE POWER TO CONSENT TO YOUR DOCTOR NOT GIVING TREATMENT OR STOPPING TREATMENT NECESSARY TO

KEEP YOU ALIVE.

NOTWITHSTANDING THIS DOCUMENT, YOU HAVE THE RIGHT TO MAKE MEDICAL AND OTHER HEALTH CARE DECISIONS FOR YOURSELF SO LONG AS YOU CAN GIVE INFORMED CONSENT WITH RESPECT TO THE PARTICULAR DECISION. IN ADDITION, NO TREATMENT MAY BE GIVEN TO YOU OVER YOUR OBJECTION AT THE TIME, AND HEALTH CARE NECESSARY TO KEEP YOU ALIVE MAY NOT BE STOPPED OR WITHHELD IF YOU OBJECT AT THE TIME.

THIS DOCUMENT GIVES YOUR AGENT AUTHORITY TO CONSENT, TO REFUSE TO CONSENT, OR TO WITHDRAW CONSENT TO ANY CARE, TREATMENT, SERVICE, OR PROCEDURE TO MAINTAIN, DIAGNOSE, OR TREAT A PHYSICAL OR MENTAL CONDITION. THIS POWER IS SUBJECT TO ANY STATEMENT OF YOUR DESIRES AND ANY LIMITATIONS THAT YOU INCLUDE IN THIS DOCUMENT. YOU MAY STATE IN THIS DOCUMENT ANY TYPES OF TREATMENT THAT YOU DO NOT DESIRE. IN ADDITION, A COURT CAN TAKE AWAY THE POWER OF YOUR AGENT TO MAKE HEALTH CARE DECISIONS FOR YOU IF YOUR AGENT (1) AUTHORIZES ANYTHING THAT IS ILLEGAL, (2) ACTS CONTRARY TO YOUR KNOWN DESIRES, OR (3) WHERE YOUR DESIRES ARE NOT KNOWN, DOES ANYTHING THAT IS CLEARLY CONTRARY TO YOUR BEST INTERESTS.

THE POWERS GIVEN BY THIS DOCUMENT WILL EXIST FOR AN INDEFINITE PERIOD OF TIME UNLESS YOU LIMIT THEIR DURATION IN THIS DOCUMENT.

YOU HAVE THE RIGHT TO REVOKE THE AUTHORITY OF YOUR AGENT BY NOTIFYING YOUR AGENT OR YOUR TREATING DOCTOR, HOSPITAL, OR OTHER HEALTH CARE PROVIDER ORALLY OR IN WRITING OF THE REVOCATION.

YOUR AGENT HAS THE RIGHT TO EXAMINE YOUR MEDICAL RECORDS AND TO CONSENT TO THEIR DISCLOSURE UNLESS YOU LIMIT THIS RIGHT IN THIS DOCUMENT.

UNLESS YOU OTHERWISE SPECIFY IN THIS DOCUMENT, THIS DOCUMENT GIVES YOUR AGENT THE POWER AFTER YOU DIE TO (1) AUTHORIZE AN AUTOPSY, (2) DONATE YOUR BODY OR PARTS THEREOF FOR TRANSPLANT OR THERAPEUTIC OR EDUCATIONAL OR SCIENTIFIC PURPOSES, AND (3) DIRECT THE DISPOSITION OF YOUR REMAINS.

THIS DOCUMENT REVOKES ANY PRIOR DURABLE POWER OF ATTORNEY FOR HEALTH CARE.

YOU SHOULD CAREFULLY READ AND FOLLOW THE WITNESSING PROCEDURE DESCRIBED AT THE END OF THIS FORM. THIS DOCUMENT WILL NOT BE VALID UNLESS YOU COMPLY WITH THE WITNESSING PROCEDURE.

IF THERE IS ANYTHING IN THIS DOCUMENT THAT YOU DO

NOT UNDERSTAND, YOU SHOULD ASK A LAWYER TO EXPLAIN IT TO YOU.

YOUR AGENT MAY NEED THIS DOCUMENT IMMEDIATELY IN CASE OF AN EMERGENCY THAT REQUIRES A DECISION CONCERNING YOUR HEALTH CARE. EITHER KEEP THIS DOCUMENT WHERE IT IS IMMEDIATELY AVAILABLE TO YOUR AGENT AND ALTERNATE AGENTS OR GIVE EACH OF THEM AN EXECUTED COPY OF THIS DOCUMENT. YOU MAY ALSO WANT TO GIVE YOUR DOCTOR AN EXECUTED COPY OF THIS DOCUMENT.

DO NOT USE THIS FORM IF YOU ARE A CONSERVATEE UNDER THE LANTERMAN-PETRIS-SHORT ACT AND YOU WANT TO APPOINT YOUR CONSERVATOR AS YOUR AGENT. YOU CAN DO THAT ONLY IF THE APPOINTMENT DOCUMENT INCLUDES A CERTIFICATE OF YOUR ATTORNEY.

1. DESIGNATION OF HEALTH CARE AGENT. I, _____

(Insert your name and address)

do hereby designate and appoint _____

(Insert name, address, and telephone number of one individual only as your agent to make health care decisions for you None of the following may be designated as your agent: (1) your treating health care provider, (2) a nonrelative employee of your treating health care provider, (3) an operator of a community care facility, (4) a nonrelative employee of an operator of a community care facility, (5) an operator of a residential care facility for the elderly, or (6) a nonrelative employee of an operator of a residential care facility for the elderly)

as my attorney in fact (agent) to make health care decisions for me as authorized in this document. For the purposes of this document, "health care decision" means consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat an individual's physical or mental condition.

2. CREATION OF DURABLE POWER OF ATTORNEY FOR HEALTH CARE. By this document I intend to create a durable power of attorney for health care under Sections 2430 to 2443, inclusive, of the California Civil Code. This power of attorney is authorized by the Keene Health Care Agent Act and shall be construed in accordance with the provisions of Sections 2500 to 2506, inclusive, of the California Civil Code. This power of attorney shall not be affected by my subsequent incapacity.

3. GENERAL STATEMENT OF AUTHORITY GRANTED. Subject to any limitations in this document, I hereby grant to my agent full power and authority to make health care decisions for me to the same extent that I could make such decisions for myself if I had the capacity to do so. In exercising this authority, my agent shall make health care decisions that are consistent with my desires as

stated in this document or otherwise made known to my agent, including, but not limited to, my desires concerning obtaining or refusing or withdrawing life-prolonging care, treatment, services, and procedures.

(If you want to limit the authority of your agent to make health care decisions for you, you can state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") below You can indicate your desires by including a statement of your desires in the same paragraph.)

4. STATEMENT OF DESIRES, SPECIAL PROVISIONS, AND LIMITATIONS.

(Your agent must make health care decisions that are consistent with your known desires You can, but are not required to, state your desires in the space provided below You should consider whether you want to include a statement of your desires concerning life-prolonging care, treatment, services, and procedures You can also include a statement of your desires concerning other matters relating to your health care. You can also make your desires known to your agent by discussing your desires with your agent or by some other means If there are any types of treatment that you do not want to be used, you should state them in the space below. If you want to limit in any other way the authority given your agent by this document, you should state the limits in the space below If you do not state any limits, your agent will have broad powers to make health care decisions for you, except to the extent that there are limits provided by law.)

In exercising the authority under this durable power of attorney for health care, my agent shall act consistently with my desires as stated below and is subject to the special provisions and limitations stated below:

(a) Statement of desires concerning life-prolonging care, treatment, services, and procedures:

_____

_____

_____

_____

_____

_____

_____

_____

(b) Additional statement of desires, special provisions, and limitations: _____

_____

_____

_____

_____

_____

_____

_____

_____

(You may attach additional pages if you need more space to complete your statement. If you attach additional pages, you must date and sign EACH of the additional pages at the same time you date and sign this document)

5. INSPECTION AND DISCLOSURE OF INFORMATION RELATING TO MY PHYSICAL OR MENTAL HEALTH. Subject to any limitations in this document, my agent has the power and authority to do all of the following:

(a) Request, review, and receive any information, verbal or written, regarding my physical or mental health, including, but not limited to, medical and hospital records.

(b) Execute on my behalf any releases or other documents that may be required in order to obtain this information.

(c) Consent to the disclosure of this information.

(If you want to limit the authority of your agent to receive and disclose information relating to your health, you must state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") above.)

6. SIGNING DOCUMENTS, WAIVERS, AND RELEASES. Where necessary to implement the health care decisions that my agent is authorized by this document to make, my agent has the power and authority to execute on my behalf all of the following:

(a) Documents titled or purporting to be a "Refusal to Permit Treatment" and "Leaving Hospital Against Medical Advice."

(b) Any necessary waiver or release from liability required by a hospital or physician.

7. AUTOPSY; ANATOMICAL GIFTS; DISPOSITION OF REMAINS. Subject to any limitations in this document, my agent has the power and authority to do all of the following:

(a) Authorize an autopsy under Section 7113 of the Health and Safety Code.

(b) Make a disposition of a part or parts of my body under the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code).

(c) Direct the disposition of my remains under Section 7100 of the Health and Safety Code.

(If you want to limit the authority of your agent to consent to an autopsy, make an anatomical gift, or direct the disposition of your remains, you must state the limitations in paragraph 4 ("Statement of Desires, Special Provisions, and Limitations") above.)

8. DURATION.

(Unless you specify otherwise in the space below, this power of attorney will exist for an indefinite period of time.)

This durable power of attorney for health care expires on ____

(Fill in this space ONLY if you want to limit the duration of this power of attorney.)

9. DESIGNATION OF ALTERNATE AGENTS.

(You are not required to designate any alternate agents but you may do so. Any alternate agent you designate will be able to make the same health care decisions as the agent you designated in paragraph 1, above, in the event that agent is unable or ineligible to act as your agent. If the agent you designated is your spouse, he or she becomes ineligible to act as your agent if your marriage is dissolved.)

If the person designated as my agent in paragraph 1 is not available or becomes ineligible to act as my agent to make a health care decision for me or loses the mental capacity to make health care decisions for me, or if I revoke that person's appointment or authority to act as my agent to make health care decisions for me, then I designate and appoint the following persons to serve as my agent to make health care decisions for me as authorized in this document, such persons to serve in the order listed below:

A. First Alternate Agent _____

_____

(Insert name, address, and telephone number of first alternate agent)

B. Second Alternate Agent _____

_____

(Insert name, address, and telephone number of second alternate agent)

10. NOMINATION OF CONSERVATOR OF PERSON.

(A conservator of the person may be appointed for you if a court decides that one should be appointed. The conservator is responsible for your physical care, which under some circumstances includes making health care decisions for you You are not required to nominate a conservator but you may do so The court will appoint the person you nominate unless that would be contrary to your best interests. You may, but are not required to, nominate as your conservator the same person you named in paragraph 1 as your health care agent You can nominate an individual as your conservator by completing the space below)

If a conservator of the person is to be appointed for me, I nominate the following individual to serve as conservator of the person ____

_____

(Insert name and address of person nominated as conservator of the person)

11. PRIOR DESIGNATIONS REVOKED. I revoke any prior durable power of attorney for health care.

DATE AND SIGNATURE OF PRINCIPAL

(YOU MUST DATE AND SIGN THIS POWER OF ATTORNEY)

I sign my name to this Statutory Form Durable Power of Attorney for Health Care on _____ at
(Date)

_____, _____.
(City) (State)

_____
(You sign here)

(THIS POWER OF ATTORNEY WILL NOT BE VALID UNLESS IT IS SIGNED BY TWO QUALIFIED WITNESSES WHO ARE PRESENT WHEN YOU SIGN OR ACKNOWLEDGE YOUR SIGNATURE IF YOU HAVE ATTACHED ANY ADDITIONAL PAGES TO THIS FORM, YOU MUST DATE AND SIGN EACH OF THE ADDITIONAL PAGES AT THE SAME TIME YOU DATE AND SIGN THIS

POWER OF ATTORNEY)

STATEMENT OF WITNESSES

(This document must be witnessed by two qualified adult witnesses None of the following may be used as a witness: (1) a person you designate as your agent or alternate agent, (2) a health care provider, (3) an employee of a health care provider, (4) the operator of a community care facility, (5) an employee of an operator of a community care facility, (6) the operator of a residential care facility for the elderly, or (7) an employee of an operator of a residential care facility for the elderly At least one of the witnesses must make the additional declaration set out following the place where the witnesses sign.)

(READ CAREFULLY BEFORE SIGNING. You can sign as a witness only if you personally know the principal or the identity of the principal is proved to you by convincing evidence.)

(To have convincing evidence of the identity of the principal, you must be presented with and reasonably rely on any one or more of the following:

(1) An identification card or driver's license issued by the California Department of Motor Vehicles that is current or has been issued within five years

(2) A passport issued by the Department of State of the United States that is current or has been issued within five years

(3) Any of the following documents if the document is current or has been issued within five years and contains a photograph and description of the person named on it, is signed by the person, and bears a serial or other identifying number

(a) A passport issued by a foreign government that has been stamped by the United States Immigration and Naturalization Service

(b) A driver's license issued by a state other than California or by a Canadian or Mexican public agency authorized to issue drivers' licenses.

(c) An identification card issued by a state other than California

(d) An identification card issued by any branch of the armed forces of the United States

(4) If the principal is a patient in a skilled nursing facility, a witness who is a patient advocate or ombudsman may rely upon the representations of the administrator or staff of the skilled nursing facility, or of family members, as convincing evidence of the identity of the principal if the patient advocate or ombudsman believes that the representations provide a reasonable basis for determining the identity of the principal.)

(Other kinds of proof of identity are not allowed.)

I declare under penalty of perjury under the laws of California that the person who signed or acknowledged this document is personally known to me (or proved to me on the basis of convincing evidence) to be the principal, that the principal signed or acknowledged this durable power of attorney in my presence, that the principal appears to be of sound mind and under no duress, fraud, or undue influence, that I am not the person appointed as attorney in fact by this document, and that I am not a health care provider, an employee of a health care provider, the operator of a community care facility, an employee of an operator of a community care facility, the operator of a residential care facility for the elderly, nor an employee of an

operator of a residential care facility for the elderly.

Signature: _____ Residence Address: _____
Print Name: _____ _____
Date: _____ _____

Signature: _____ Residence Address: _____
Print Name: _____ _____
Date: _____ _____

(AT LEAST ONE OF THE ABOVE WITNESSES MUST ALSO SIGN THE FOLLOWING DECLARATION.)

I further declare under penalty of perjury under the laws of California that I am not related to the principal by blood, marriage, or adoption, and, to the best of my knowledge, I am not entitled to any part of the estate of the principal upon the death of the principal under a will now existing or by operation of law.

Signature: _____

Signature: _____

STATEMENT OF PATIENT ADVOCATE OR OMBUDSMAN

(If you are a patient in a skilled nursing facility, one of the witnesses must be a patient advocate or ombudsman The following statement is required only if you are a patient in a skilled nursing facility—a health care facility that provides the following basic services: skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis. The patient advocate or ombudsman must sign both parts of the "Statement of Witnesses" above AND must also sign the following statement)

I further declare under penalty of perjury under the laws of California that I am a patient advocate or ombudsman as designated by the State Department of Aging and that I am serving as a witness as required by subdivision (f) of Section 2432 of the Civil Code.

Signature: _____

SEC. 5. Section 2503.5 of the Civil Code is amended to read:

2503.5. (a) Subject to Section 2436.5, a statutory form durable power of attorney for health care executed on or after January 1, 1986, using a form that complied with Section 2500 as originally enacted, or as amended by Chapter 403 of the Statutes of 1985, or as amended by Chapter 1543 of the Statutes of 1988, or as amended by Chapter 331 of the Statutes of 1990, is as valid as if it had been executed using a form that complied with the requirements of Section 2500 as in effect at the time of execution.

(b) Notwithstanding Section 2501, a statutory form durable power

of attorney for health care executed on or after January 1, 1986, is not invalid if it contains the warning using the language set forth in Section 2500 as originally enacted, or as amended by Chapter 403 of the Statutes of 1985, or as amended by Chapter 1543 of the Statutes of 1988, or as amended by Chapter 331 of the Statutes of 1990, instead of the warning using the language set forth in that section as in effect at the time of execution.

(c) For the purposes of subdivision (c) of Section 2503, on and after January 1, 1986, a printed statutory form durable power of attorney for health care may be sold or otherwise distributed if it contains the exact wording of the form set out in Section 2500 as originally enacted, or the exact wording of the form set out in Section 2500 as amended by Chapter 403 of the Statutes of 1985, or as amended by Chapter 1543 of the Statutes of 1988, or as amended by Chapter 331 of the Statutes of 1990, including the warning and instructions, and nothing else; but any printed statutory form durable power of attorney for health care printed on or after January 1, 1992, that is sold or otherwise distributed in this state for use by a person who does not have the advice of legal counsel shall contain the exact wording of the form set out in Section 2500 in effect at the time of printing, including the warning and instructions, and nothing else.

CHAPTER 897

An act to amend Section 214.2 of, and to add Section 532.2 to, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 214.2 of the Revenue and Taxation Code is amended to read:

214.2. (a) As used in Section 214.1, "facilities in the course of construction" shall include the demolition or razing of a building with the intent to replace it with facilities to be used exclusively for religious, hospital, or charitable purposes.

(b) As used in Section 214.1, "facilities in the course of construction" shall include definite onsite physical activity connected with construction or rehabilitation of a new or existing building, to be used exclusively for religious, hospital, or charitable purposes. Activity as described in the preceding sentence having been commenced and not yet finished, unless abandoned, shall establish that a building is "under construction" for the purposes of Section 5 of Article XIII of the California Constitution. Construction shall not be considered "abandoned" due to reasonable causes and

circumstances beyond the assessee's control, that occur notwithstanding the exercise of ordinary care and the absence of willful neglect.

SEC. 2. Section 532.2 is added to the Revenue and Taxation Code, to read:

532.2. Notwithstanding Section 532, the assessor may assess as escaped property any property for which a welfare exemption was granted while that property was "in the course of construction," as defined in Section 214.2, if either of the following occurs:

(a) Construction is abandoned.

(b) Upon completion of the construction, the property is used other than exclusively for religious, hospital, or charitable purposes.

SEC. 3. The Legislature finds and declares that the amendments to Section 214.2 of the Revenue and Taxation Code made by this act do not constitute a change in, but are declaratory of, existing law.

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, the requirements of that section relating to any exemption of property for more than five years or for more than 75 percent of the value thereof, shall not apply to any exemption made by this act. In addition, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

CHAPTER 898

An act to amend Section 1346 of, and to add Section 1374.15 to, the Health and Safety Code, relating to health care service plans.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1346 of the Health and Safety Code is amended to read:

1346. The commissioner shall administer and enforce this chapter.

The commissioner shall have the following powers:

(a) Recommend and propose the enactment of any legislation necessary to protect and promote the interests of the public, subscribers, enrollees, and providers of health care services in health care service plans in the State of California.

(b) Provide information to federal and state legislative committees and executive agencies concerning plans.

(c) Assist, advise, and cooperate with federal, state, and local agencies and officials to protect and promote the interests of plans, subscribers, enrollees, and the public.

(d) Study, investigate, research, and analyze matters affecting the

interests of plans, subscribers, enrollees, and the public.

(e) Hold public hearings, subpoena witnesses, take testimony, compel the production of books, papers, documents, and other evidence, and call upon other state agencies for information to implement the purposes, and enforce this chapter.

(f) Conduct audits and examinations of the books and records of plans and other persons subject to this chapter, and may prescribe by rule or order the following:

(1) The form and contents of financial statements required under this chapter.

(2) The circumstances under which consolidated statements shall be filed.

(3) The circumstances under which financial statements shall be audited by independent certified public accountants or public accountants.

(g) Conduct necessary onsite medical surveys of the health delivery system of each plan.

(h) Propose, develop, conduct, and assist in educational programs for the public, subscribers, enrollees, and licensees.

(i) Promote and establish standards of ethical conduct for the administration of plans and undertake activities to encourage responsibility in the promotion and sale of plan contracts and the enrollment of subscribers or enrollees in the plans.

(j) Advise the Governor on all matters affecting the interests of plans, subscribers, enrollees, and the public.

(k) Determine that investments of a plan's assets necessary to meet the requirements of Section 1376 are acceptable. For those purposes, reinvestment in the plan and investment in any obligations set forth in Article 3 (commencing with Section 1170) of, and Article 4 (commencing with Section 1190) of, Chapter 2 of Part 2 of Division 1 of the Insurance Code shall be considered acceptable. All other assets shall be invested in a prudent manner.

SEC. 2. Section 1374.15 is added to the Health and Safety Code, to read:

1374.15. Any health care service plan shall, upon request by any public entity or political subdivision of the state with whom it has entered into a contract, disclose within a reasonable time period, not to exceed 60 calendar days, the method and data used in calculating the rates of payment for the contract.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 899

An act to amend Sections 11347.1 and 11347.3 of, and to add Section 11342.5 to, the Government Code, relating to administrative regulations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11342.5 is added to the Government Code, to read:

11342.5. Any action by the Department of Finance to adopt and update, as necessary, instructions to any state or local agency for the preparation, development, or administration of the state budget, including any instructions included in the State Administrative Manual, shall be exempt from this chapter.

SEC. 2. Section 11347.1 of the Government Code is amended to read:

11347.1. (a) Upon receipt of a petition requesting the adoption, amendment, or repeal of a regulation pursuant to this article, a state agency shall notify the petitioner in writing of the receipt and shall within 30 days deny the petition indicating why the agency has reached its decision on the merits of the petition in writing or schedule the matter for public hearing in accordance with the notice and hearing requirements of this article.

(b) A state agency may grant or deny such a petition in part, and may grant any other relief or take any other action as it may determine to be warranted by the petition and shall notify the petitioner in writing of this action.

(c) Any interested person may request a reconsideration of any part or all of a decision of any agency on any petition submitted. The request shall be submitted in accordance with Section 11347 and include the reason or reasons why an agency should reconsider its previous decision no later than 60 days after the date of the decision involved. The agency's reconsideration of any matter relating to a petition shall be subject to the provisions of subdivision (a).

(d) Any decision of a state agency denying in whole or in part or granting in whole or in part a petition requesting the adoption, amendment, or repeal of a regulation pursuant to this article shall be in writing and shall be transmitted to the Office of Administrative Law for publication in the California Regulatory Notice Register at the earliest practicable date. The decision shall identify the agency, the party submitting the petition, the provisions of the California Code of Regulations requested to be affected, reference to authority to take the action requested, the reasons supporting the agency determination, an agency contact person, and the right of interested

persons to obtain a copy of the petition from the agency.

SEC. 3. Section 11347.3 of the Government Code is amended to read:

11347.3. (a) Every agency shall maintain a file of each rulemaking which shall be deemed to be the record for that rulemaking proceeding. The file shall include:

(1) Copies of any petitions received from interested persons proposing the adoption, amendment or repeal of the regulation, and a copy of any decision provided for by subdivision (d) of Section 11347.1, which grants a petition in whole or in part.

(2) All published notices of proposed adoption, amendment, or repeal of the regulation, and an updated informative digest, the initial statement of reasons, and the final statement of reasons.

(3) The determination, together with the supporting data required by paragraph (5) of subdivision (a) of Section 11346.5.

(4) The determination, together with the supporting data required by subdivision (b) of Section 11346.53.

(5) The estimate, together with the supporting data and calculations, required by paragraph (6) of subdivision (a) of Section 11346.5.

(6) All data and other factual information, any studies or reports, and written comments submitted to the agency in connection with the adoption, amendment, or repeal of the regulation.

(7) All data and other factual information, technical, theoretical, and empirical studies or reports, if any, on which the agency is relying in the adoption, amendment, or repeal of a regulation, including any cost impact estimates as required by Section 11346.53.

(8) A transcript, recording or minutes of any public hearing connected with the adoption, amendment, or repeal of the regulation.

(9) The date on which the agency made available to the public for 15 days prior to the adoption, amendment, or repeal of the regulation the full text as required by subdivision (c) of Section 11346.8 if the agency made changes to the regulation noticed to the public.

(10) The text of regulations as originally proposed and the modified text of regulations, if any, that were made available to the public prior to adoption.

(11) Any other information, statement, report or data which the agency is required by law to consider or prepare in connection with the adoption, amendment, or repeal of a regulation.

(12) An index or table of contents which identifies each item contained in the rulemaking file. The index or table of contents shall include an affidavit or a declaration under penalty of perjury in the form specified by Section 2015.5 of the Code of Civil Procedure by the agency official who has compiled the rulemaking file, specifying the date upon which the record was closed, and that the file or the copy, if submitted, is complete.

(b) Every agency shall submit to the office with the adopted regulation, the rulemaking file or a complete copy of the rulemaking

file.

(c) The agency file of the rulemaking proceeding shall be made available by the agency to the public, and to the courts in connection with the review of the regulation.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the availability of necessary information on decisions on petitions proposing the adoption, amendment, or repeal of state regulations, and to ensure the efficient preparation of the state budget, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 900

An act to amend Sections 43000 and 43000.5 of the Health and Safety Code, and to add Sections 25000.5, 25309.1, 25324, and 25325 to the Public Resources Code, relating to fuel, and making an appropriation therefor.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 43000 of the Health and Safety Code is amended to read:

43000. The Legislature finds and declares as follows:

(a) The emission of air pollutants from motor vehicles is the primary cause of air pollution in many parts of the state.

(b) The control and elimination of those air pollutants is of prime importance for the protection and preservation of the public health and well-being, and for the prevention of irritation to the senses, interference with visibility, and damage to vegetation and property.

(c) The state has a responsibility to establish uniform procedures for compliance with standards which control or eliminate those air pollutants.

(d) Vehicle emission standards applied to new motor vehicles, and to used motor vehicles equipped with motor vehicle pollution control devices, are standards with which all motor vehicles shall comply.

(e) Dependence on petroleum based fuels in motor vehicles not only contributes to substantial degradation of air quality and risk to public health, but also impedes the state's progress toward the petroleum use reduction goal prescribed in Section 25000.5 of the Public Resources Code.

SEC. 2. Section 43000.5 of the Health and Safety Code is amended

to read:

43000.5. The Legislature further finds and declares as follows:

(a) Despite the significant reductions in vehicle emissions which have been achieved in recent years, continued growth in population and vehicle miles traveled throughout California have the potential not only to prevent attainment of the state standards, but in some cases, to result in worsening of air quality.

(b) The attainment and maintenance of the state air quality standards will necessitate the achievement of substantial reductions in new vehicle emissions and substantial improvements in the durability of vehicle emissions systems.

(c) The burden for achieving needed reductions in vehicle emissions should be distributed equitably among various classes of vehicles, including both on- and off-road vehicles, light-duty cars and trucks, and heavy-duty vehicles, to accomplish improvements in both the emissions level and in-use performance and durability of all new motor vehicles.

(d) The state board should take immediate action to implement both short- and long-range programs of across-the-board reductions in vehicle emissions and smoke, including smoke from heavy-duty diesel vehicles, which can be relied upon by the districts in the preparation of their attainment plans or plan revisions pursuant to Sections 40911, 40902, and 40925.

(e) In order to attain the state and federal standards as expeditiously and equitably as possible, it is necessary for the authority of the state board to be clarified and expanded with respect to the control of motor vehicles and motor vehicle fuels.

SEC. 3. Section 25000.5 is added to the Public Resources Code, to read:

25000.5. (a) The Legislature finds and declares that overdependence on the production, marketing, and consumption of petroleum based fuels as an energy resource in the transportation sector is a threat to the energy security of the state due to continuing market and supply uncertainties. In addition, petroleum use as an energy resource contributes substantially to the following public health and environmental problems: air pollution, acid rain, global warming, and the degradation of California's marine environment and fisheries.

(b) Therefore, it is the policy of this state to fully evaluate the economic and environmental costs of petroleum use, and the economic and environmental costs of other transportation fuels, including the costs and values of environmental externalities, and to establish a state transportation energy policy that results in the least environmental and economic cost to the state. In pursuing the "least environmental and economic cost" strategy, it is the policy of the state to exploit all practicable and cost-effective conservation and improvements in the efficiency of energy use and distribution, and to achieve energy security, diversity of supply sources, and competitiveness of transportation energy markets based on the least

environmental and economic cost.

(c) For the purposes of this section, "petroleum based fuels" means fuels derived from liquid unrefined crude oil, including natural gas liquids, liquified petroleum gas, or the energy fraction of methyltertiarybutylether (MTBE) or other ethers that is not attributed to natural gas.

SEC. 4. Section 25309.1 is added to the Public Resources Code, to read:

25309.1. Commencing January 1, 1992, as part of the biennial report required by Section 25309, the commission shall include a forecast of statewide and regional transportation energy demand for a 5-, 12-, and 20-year planning horizon for the following scenarios:

(a) A forecast of energy use reasonably expected to occur through currently planned and adopted energy efficiency, conservation, and alternative fuels programs.

(b) A forecast of energy use under a maximum petroleum use reduction scenario, assuring achievement of maximum feasible transportation energy efficiency and conservation measures and maximum feasible fuel diversity.

(c) A forecast of energy use under a "least environmental and economic cost" scenario, including the costs and values of externalities. The least environmental and economic cost scenario shall, in addition to conventional economic data, utilize assessments of costs and values associated with environmental quality, life-cycle energy and environmental costs, energy diversity, and energy security, and to the extent feasible integrate the costs and values associated with the following:

(1) Air pollution, water pollution, global warming, and other adverse environmental impacts of transportation energy exploration, development, production, and use.

(2) Future price changes in energy resources and supply disruptions, including the effects of price changes and supply disruptions on business and commerce and public welfare.

(3) Considerations of energy security and preparedness, including the costs of maintaining access to foreign energy supplies.

(4) Maintaining state and federal strategic energy reserves.

SEC. 5. Section 25324 is added to the Public Resources Code, to read:

25324. The commission, in consultation with the State Air Resources Board, the California Transportation Commission, the Office of Planning and Research, air pollution control districts and air quality management districts, affected industries, and the public, shall identify and evaluate energy programs which might be used to achieve the forecast of energy use under a least environmental and economic cost scenario, as described in subdivision (c) of Section 25309.1. The programs shall include, but not be limited to, the following:

(a) Conservation programs.

(b) Economic and regulatory incentives, including congestion

charges.

(c) Accelerated introduction of nonpetroleum based vehicles and fueling facilities, and accelerated sale of nonpetroleum based fuels.

(d) Transportation control measures, including energy efficient integrated transportation and land use planning.

SEC. 6. Section 25325 is added to the Public Resources Code, to read:

25325. Based on the information and evaluation developed in Sections 25309.1 and 25324, and consultation with affected public and private entities, the commission shall report the results of the evaluation to the Legislature, including long-range and interim targets for transportation energy use reduction and fuel diversity, which shall be designed to achieve the least environmental and economic cost forecast required pursuant to subdivision (c) of Section 25309.1.

SEC. 7. Notwithstanding Sections 13340 and 16361 of the Government Code, and to the extent permitted by federal law, the sum of two hundred sixty thousand dollars ($260,000) of the money in the Federal Trust Fund, which is created by Section 16360 of the Government Code, received by the state from federal oil overcharge funds in the Petroleum Violation Escrow Account, as defined by Section 155 of the Further Continuing Appropriations Act of 1983 (P.L. 97-377) or other federal law, and from federal oil overcharge funds available pursuant to court judgments of federal agency orders, is hereby appropriated to the State Energy Resources Conservation and Development Commission, to support implementation of this act.

SEC. 8. The funds appropriated by this act shall be disbursed by the Controller, subject to approval by the Director of Finance as to which court judgment or federal agency order is the proper source of those funds.

CHAPTER 901

An act to add Article 2 (commencing with Section 8899.18) to Chapter 14 of Division 1 of Title 2 of the Government Code, to amend Section 5002 of the Insurance Code, relating to seismic safety, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 8899.18) is added to Chapter 14 of Division 1 of Title 2 of the Government Code, to read:

Article 2. Alfred E. Alquist Earthquake Act

8899.18. This article shall be known and may be cited as the Alfred E. Alquist Earthquake Act.

8899.19. The Legislature finds and declares all of the following:

(a) The Legislature unanimously passed Senate Bill 1835, which was enacted into law as Chapter 782 of the Statutes of 1990, for the purpose of addressing personal injury, death, and property damage of impending earthquakes.

(b) It is critical for the health and safety of Californians that funding should be made available as quickly as possible for the implementation of Chapter 782 of the Statutes of 1990.

(c) The grant award authorized by Section 8899.21 and funded pursuant to this article is not a gift of public funds, but rather a collaborative project between the state and the grant award recipient to commercialize technologies that will predict earthquakes or mitigate their impact for the purpose of protecting the health and welfare of the citizens of the state.

8899.20. The definitions contained in this section shall govern the construction of this article, unless the context requires otherwise:

(a) "EREC" means the Earthquake Research Evaluation Conference established pursuant to Section 8899.11.

(b) "Fund" means the Alfred E. Alquist Earthquake Fund.

8899.21. (a) For the purpose of expediting the development of emerging technologies and encouraging rapid technology transfer, not more than five grant awards shall be made for the 1991–92 fiscal year to commercialize technologies that will predict earthquakes or mitigate their impact. Grant awards may be made to public, nonprofit, not for profit, or private entities.

(b) The Office of Competitive Technology in the Department of Commerce shall implement this section with the advice of the Division of Mines and Geology in the Department of Conservation and the Seismic Safety Commission. The competitive technology advisory committee shall also advise the Office of Competitive Technology in implementing this section.

(c) Within 90 days of the effective date of this section, the Office of Competitive Technology shall issue a solicitation, pursuant to regulation, inviting project proposals to be submitted no later than 120 days from the date of the request for proposal of solicitation.

(d) A project shall at least do the following:

(1) Lead to the commercialization of technologies that will predict earthquakes or mitigate their impact.

(2) Include significant matching contributions from a California company.

(3) Meet any other requirements that the department determines are consistent with the purposes of this section.

(e) The Office of Competitive Technology shall evaluate project proposals which shall at least include a peer review and an oral review. The Director of Commerce upon recommendation from the

Office of Competitive Technology, shall select projects for funding which best achieve the purposes of this section.

(f) A grantee shall submit quarterly progress reports and participate in oral project reviews during the term of the grant.

(g) Projects shall be eligible for additional grant funds only upon successful project performance and the availability of additional earthquake research development program funds.

(h) The Department of Commerce may adopt regulations to implement the grant program authorized by this section. The Department of Commerce shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1, and for purposes of that chapter, including Section 11349.6, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall be repealed within 180 days after their effective date, unless the Department of Commerce complies with Chapter 3.5 (commencing with Section 11340) of Part 1 as provided in subdivision (e) of Section 11346.1. Upon issuing the request for proposal, the office shall publish this fact along with the deadline for grant proposals in the newspapers with the greatest circulation in the major cities in the state, as determined by the office. Upon issuing the request for proposal, the office shall also transmit this information to the Secretary of the Senate and the Chief Clerk of the Assembly for publication in the journals of each house of the Legislature. The request for proposal shall contain a clear description of the criteria to be used to select the projects which are to receive funding pursuant to this chapter.

8899.23. (a) There is hereby created the Alfred E. Alquist Earthquake Fund, which is a special fund in the State Treasury.

(b) Notwithstanding Section 13340, money in the fund established by subdivision (a) is continuously appropriated, without regard to fiscal years, for the purposes of this chapter.

8899.24. (a) The Controller shall transfer an amount not to exceed seven hundred fifty thousand dollars ($750,000) from the Pooled Money Investment Account as a loan to the fund for the purpose of implementing this chapter.

(b) (1) The money lent pursuant to subdivision (a) shall be repaid from the California Residential Earthquake Recovery Fund, with interest calculated at the rate earned by the Pooled Money Investment Fund.

(2) The amount of the loan made pursuant to subdivision (a) shall be repaid in full with interest on or before the earlier of either of the following:

(A) January 1, 1997.

(B) When the balance of the California Residential Earthquake Recovery Fund reaches one billion five hundred million dollars ($1,500,000,000).

8899.25. The Controller shall distribute twenty-five thousand dollars ($25,000) from the fund to the Seismic Safety Commission for the purpose of conducting the EREC pursuant to Sections 8899.12, 8899.13, 8899.14, and 8899.15.

8899.26. The Controller, on the effective date of this section, shall transfer seven hundred twenty-five thousand dollars ($725,000) from the fund to the Competitive Technology Fund to administer and provide grant awards pursuant to Section 8899.21. From the amount transferred, an amount not more than 15 percent of the total of the transferred amount and matching contributions may be spent on support.

SEC. 2. Section 5002 of the Insurance Code is amended to read:

5002. (a) There is hereby created the California Residential Earthquake Recovery Fund, which is a special fund which, notwithstanding Section 13340 of the Government Code, is continuously appropriated for the purposes of this chapter. The fund shall be administered by the commissioner.

(b) The purpose of the fund shall be to provide payments for structural damage caused by earthquakes to California residential real property.

(c) Money in the fund shall be used exclusively for the following purposes:

(1) Payment for structural damages to residential property caused by earthquakes as provided by this chapter.

(2) Payment of expenses of administering this chapter. Expenses of administering this chapter shall be paid only from the fund.

(3) Payment of expenses of insurers for other persons or entities incurred in connection with the adjustment of claims under this chapter.

(4) The purchase of reinsurance where authorized by this chapter.

(5) The expenses of issuance and the repayment of revenue bonds that may be authorized for the purposes of this chapter.

(6) The reduction of earthquake hazards by retrofitting dwellings pursuant to Section 5002.5.

(7) Funding for purposes of the Alfred E. Alquist Earthquake Act (Art. 2 (commencing with Sec. 8899.17), Ch. 14, Div. 1, Title 2, Gov. C.).

(d) Money in the fund shall be invested and reinvested as part of the Pooled Money Investment Account, however, the fund and its interest shall not be available for transfers pursuant to Section 16310 of the Government Code. Nothing in this subdivision shall be construed as preventing the making of grants pursuant to Article 2 (commencing with Section 8899.18) of Chapter 14 of Division 1 of Title 2 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the resources to achieve seismic safety through implementation of the use of current and emerging technologies and to fill gaps in scientific and engineering capabilities needed to further mitigate earthquake hazards at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 902

An act to add Section 6254.11 to the Government Code, and to add Section 42303.2 to the Health and Safety Code, relating to air pollution.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 6254.11 is added to the Government Code, to read:

6254.11. Nothing in this chapter requires the disclosure of records that relate to volatile organic compounds or chemical substances information received or compiled by an air pollution control officer pursuant to Section 42303.2 of the Health and Safety Code.

SEC. 2. Section 42303.2 is added to the Health and Safety Code, to read:

42303.2. (a) An air pollution control officer, at any time, may, for the purpose of permitting or enforcement actions, require from the in-state or out-of-state supplier, wholesaler, or distributor of volatile organic compounds or chemical substances the use of which results in air contaminants subject to regulation or enforcement by the district, customer lists and chemical types and quantities of those compounds and substances as specified by the district pursuant to subdivision (b) which are purchased by, or on order for, a specified source operator within the district.

The supplier, wholesaler, or distributor shall disclose the information required pursuant to this section to the district.

(b) Prior to implementing subdivision (a), an air pollution control officer shall prepare a comprehensive list of volatile organic compounds or chemical substances the use of which results in the emission of air contaminants which are subject to regulation or enforcement by the district.

(c) (1) Any officer or employee of the district or of a district contractor, or former officer or employee, who, by virtue of that employment or official position has possession of, or has access to, any confidential information that is a trade secret, customer list, or supplier name acquired pursuant to this section, and who, knowing that the disclosure of the information to the general public is prohibited by this section, knowingly and willfully discloses the

information in any manner to any person not entitled to receive it, is guilty of a misdemeanor punishable by a six month county jail term and a fine not to exceed one thousand dollars ($1,000).

(2) Any officer or employee of the district or of a district contractor, or former officer or employee, who, by virtue of that employment or official position has possession of, or has access to, any other confidential information acquired pursuant to this section, and who, knowing that the disclosure of the information to the general public is prohibited by this section, and who, knowing that the disclosure of the information to the general public is prohibited by this section, knowingly and willfully discloses the information in any manner to any person not entitled to receive it, is guilty of a misdemeanor punishable by a 10-day county jail term or a fine not to exceed five hundred dollars ($500).

(d) The penalties provided in subdivision (c) shall be in addition to any existing civil penalties and remedies available under the law.

(e) Except for the purposes of any enforcement or permit action, and except for information obtained from an independent source, all information received or compiled by an air pollution control officer from a supplier, wholesaler, or distributor pursuant to subdivision (a) is confidential for the purposes of Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, and shall not be disclosed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 903

An act to add Part 2.75 (commencing with Section 10750) to Division 6 of the Water Code, relating to water.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Part 2.75 (commencing with Section 10750) is added to Division 6 of the Water Code, to read:

PART 2.75. GROUNDWATER RESOURCES

10750. This part applies only to local agencies whose jurisdiction includes the following groundwater basins subject to "critical conditions of groundwater overdraft" as identified by the Department of Water Resources' Bulletin 118-80, p. 3, as revised December 24, 1982: Pajaro Valley Basin; Cuyama Valley Basin; Ventura Central Basin; Eastern San Joaquin County Basin; Chowchilla Basin; Madera Basin; Kings Basin; Kaweah Basin; Tulare Lake Basin; Tule Basin; and Kern County Basin.

10751. (a) As used in this part, "local agency" means any city, county, district, agency, or other political subdivision of the state for the local performance of governmental or proprietary functions within limited boundaries.

(b) As used in this part, "groundwater" and "groundwater resources" do not include those subsurface waters incidentally produced in connection with, or as a result of, natural resource extraction activities when the disposal of those subsurface waters is regulated by state or federal law.

10752. Any local agency which is authorized by law to provide water service and is exercising that authority may, by ordinance, or by resolution if the local agency is not authorized to act by ordinance, establish programs for the management of groundwater resources within the area in which that water service is being provided.

10753. Prior to the adoption of a groundwater management program, the governing board of the local agency shall hold a public hearing, after publication of notice pursuant to Section 6066 of the Government Code, on the proposed groundwater management program. At the hearing, the board may alter the program or require further study on the program and continue the hearing. At the conclusion of the hearing, the board may adopt a resolution of intention to adopt and implement the program.

10754. After the conclusion of the hearing, and if the governing board of the local agency adopts a resolution of intention, copies of the groundwater management program shall be circulated to each owner of a water extraction, storage, or distribution facility within the local agency. Upon written request, any other interested person shall be provided with a copy of the program.

10755. After the adoption of a resolution of intention, the governing board of the local agency shall hold a second hearing and shall consider protests to the implementation of the program. Any time prior to the conclusion of the hearing, any landowner within the local agency may file a written protest or withdraw a protest previously filed.

10756. (a) A protest by a landowner shall include the landowner's signature and a description of the land owned sufficient to identify the land. A public agency owning land is deemed to be a landowner for the purpose of making a written protest.

(b) The secretary of the local agency shall compare the names and

property descriptions on the protest against the property ownership records of the county assessor.

10757. A majority protest shall be determined to exist if the governing board of the local agency finds that the protests filed and not withdrawn prior to the conclusion of the second hearing represents more than 50 percent of the assessed value of the land within the local agency. If the board finds that a majority protest exists, the groundwater management program shall be abandoned and no new program shall be considered by the board for a period of one year following the date of the second hearing. If a majority protest has not been filed, the board, within 35 days after the conclusion of the second hearing, may adopt an ordinance or resolution to implement the program.

10758. A local agency authorized to establish programs for the management of groundwater resources pursuant to this part may, for that purpose, enter into a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

10759. A local agency which establishes a program for the management of groundwater resources pursuant to this part may fix and collect fees for the extraction of groundwater to pay the expenses incurred by the local agency for purposes of groundwater management including, but not limited to, administrative expenses and real costs associated with the acquisition of replenishment water.

10760. For purposes of groundwater management, a local agency authorized to establish programs for the management of groundwater resources pursuant to this part may exercise any of the powers of a water replenishment district under Part 4 (commencing with Section 60220) of Division 18 and may levy a water replenishment assessment in accordance with Part 6 (commencing with Section 60300) of Division 18.

10761. Before a local agency may levy a water replenishment assessment as authorized in Section 10760 or may otherwise fix and collect fees for the extraction of groundwater pursuant to this part, the local agency shall hold an election on the proposition of whether or not the local agency shall be authorized to levy a water replenishment assessment or to fix and collect fees for the extraction of groundwater. The local agency shall be authorized if a majority of the votes cast at the election is in favor of the proposition. The election shall be conducted in the manner prescribed by the principal act of the local agency.

10762. No local agency shall exercise the powers authorized by this part within the boundaries of another local agency providing water service to any or all of the lands within its boundaries, without the prior agreement of the governing body of that other local agency.

10763. All local agencies with overlapping boundaries which conduct groundwater management programs pursuant to this part shall, at least annually, meet for the purpose of coordinating their groundwater management programs.

10764. If a local agency annexes land subject to a groundwater management program of another local agency, the local agency annexing the land shall continue to comply with the groundwater management program for the annexed property.

10765. This part does not preempt, negate, affect, or imply the existence of any powers of a local agency in other groundwater basins of the state to establish programs for the management of groundwater resources.

10766. This part is in addition to, and not a limitation on, any powers of a local agency otherwise granted by law.

10767. This part does not exempt any local agency formed under any act requiring the approval of its leases, contracts, or issuance of securities by the Treasurer from obtaining the report, investigation, and approval of the Treasurer as required by that act or by the District Securities Investigation Law of 1965 (Chapter 2.5 (commencing with Section 58750) of Division 2 of Title 6 of the Government Code).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 904

An act to add Part 7 (commencing with Section 14940) to Division 12 of the Health and Safety Code, relating to cigarette lighters.

[Approved by Governor October 12, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Part 7 (commencing with Section 14940) is added to Division 12 of the Health and Safety Code, to read:

PART 7. CIGARETTE LIGHTERS

14940. The Legislature finds and declares that unreasonable risks of death and serious bodily injury are caused by fires started by the operation of cigarette lighters by children. The Legislature further finds and declares that these risks are sufficiently severe to require the enactment of standards to reduce the risks.

14941. As used in this part, the following terms shall have the following meanings:

(a) "Cigarette lighter" means a device used to light cigarettes, cigars, and pipes, but does not mean a match. "Cigarette lighter" includes a device, such as a watch, that may be used to light cigarettes, cigars, and pipes even though it is primarily used for other purposes. "Cigarette lighter" does not include lighters that are refillable and have a gross fueled weight of at least 35 grams.

(b) "Operate" means the ability to cause a cigarette lighter to ignite.

(c) "Special design" means a design of a cigarette lighter that results in the cigarette lighter being significantly difficult for children under five years of age to operate.

14942. (a) The State Fire Marshal shall adopt regulations by January 1, 1994, that specify standards for the special design of cigarette lighters, using an 80 percent acceptance criterion with respect to safety features that prevent operation of the lighters by children five years of age or younger. The State Fire Marshal shall select a test protocol from those which have been submitted, on or before the effective date of this act, to the Consumer Products Safety Commission of the United States. If federal standards for the special design of cigarette lighters are adopted, the federal standard shall take precedence over a regulation adopted pursuant to this section, and the regulation shall have no force or effect.

(b) Each manufacturer shall provide for the testing of its products that are subject to this section, through laboratories approved by the State Fire Marshal, and shall bear the cost of product testing according to the approved plan and test protocol. The State Fire Marshal may collect fees from manufacturers to pay for the application and approval process in conjunction with administering this section. Fees collected pursuant to this section shall be deposited into the Cigarette Lighter Safety Account in the General Fund, which is hereby created. Moneys in that account shall be available, upon appropriation by the Legislature, for reimbursement of the State Fire Marshal's costs in processing applications and approvals under this section. This section shall remain operative only if and when federal standards for the special design of cigarette lighters for the purpose stated in this section are not in effect.

14943. (a) No person shall sell, offer for sale, or distribute a cigarette lighter that does not comply with the standards adopted by the State Fire Marshal pursuant to Section 14942.

(b) Any person who violates subdivision (a) is guilty of an infraction and shall be punished by a fine of up to one hundred dollars ($100) for each cigarette lighter that is sold in violation of subdivision (a).

(c) This section shall not become operative until the State Fire Marshal adopts standards pursuant to Section 14942 and shall be operative only when those regulations are in effect as provided in subdivision (a) of Section 14942.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 905

An act to amend Section 21082.1 of, and to add Section 21092.5 to, the Public Resources Code, relating to environmental quality.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. (a) Section 21082.1 of the Public Resources Code is amended to read:

21082.1. (a) Any draft environmental impact report, environmental impact report, or negative declaration prepared pursuant to the requirements of this division shall be prepared directly by, or under contract to, a public agency.

(b) This section is not intended to prohibit, and shall not be construed as prohibiting, any person from submitting information or other comments to the public agency responsible for preparing an environmental impact report, draft environmental impact report, or negative declaration. The information or other comments may be submitted in any format, shall be considered by the public agency, and may be included, in whole or in part, in any report or declaration.

(c) The lead agency shall do all of the following:

(1) Independently review and analyze any report or declaration required by this division.

(2) Circulate draft documents which reflect its independent judgment.

(3) As part of the adoption of a negative declaration or certification of an environmental impact report, find that the report or declaration reflects the independent judgment of the lead agency.

SEC. 2. Section 21092.5 is added to the Public Resources Code, to read:

21092.5. (a) At least 10 days prior to certifying an environmental impact report, the lead agency shall provide a written proposed response to a public agency on comments made by that agency which conform with the requirements of this division. Proposed responses shall conform with the legal standards established for

responses to comments on draft environmental impact reports. Copies of responses or the environmental document in which they are contained, prepared in conformance with other requirements of this division and the guidelines adopted pursuant to Section 21083, may be used to meet the requirements imposed by this section.

(b) The lead agency shall notify any public agency which comments on a negative declaration, of the public hearing or hearings, if any, on the project for which the negative declaration was prepared. If notice to the commenting public agency is provided pursuant to Section 21092, the notice shall satisfy the requirement of this subdivision.

(c) Nothing in this section requires the lead agency to respond to comments not received within the comment periods specified in this division, to reopen comment periods, or to delay acting on a negative declaration or environmental impact report.

SEC. 3. The amendments to Section 21082.1 of the Public Resources Code made by this act, and the provisions of Section 21092.5 of the Public Resources Code, apply only to projects for which notice has not been provided pursuant to Section 21092 of the Public Resources Code as of January 1, 1992.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 906

An act to add Article 1.5 (commencing with Section 1750) to Chapter 1 Part 7 of Division 2 of the Labor Code, to add Section 19102 to, and to add Article 1.8 (commencing with Section 20104.70) to Chapter 1 of Part 3 of Division 2 of, the Public Contract Code, relating to public works.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 1750) is added to Chapter 1 of Part 7 of Division 2 of the Labor Code, to read:

Article 1.5. Right of Action

1750. (a) (1) The second lowest bidder, and any person, firm, association, trust, partnership, labor organization, corporation, or other legal entity which has, prior to the letting of the bids on the public works project in question, entered into a contract with the second lowest bidder, that suffers damage as a proximate result of a competitive bid for a public works project, as defined in subdivision (b), not being accepted due to the successful bidder's violation, as evidenced by the conviction of the successful bidder therefor, of any provision of Division 4 (commencing with Section 3200) or of the Unemployment Insurance Code, may bring an action for damages in the appropriate state court against the violating person or legal entity.

(2) There shall be a rebuttable presumption that a successful bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of this code or of the Unemployment Insurance Code, or of both, was awarded the bid because that successful bidder was able to lower the bid due to this violation or these violations occurring on the contract for public work awarded by the public agency.

(b) For purposes of this article:

(1) "Public works project" means the construction, repair, remodeling, alteration, conversion, modernization, improvement, rehabilitation, replacement, or renovation of a public building or structure.

(2) "Second lowest bidder" means the second lowest qualified bidder deemed responsive by the public agency awarding the contract for public work.

(3) The "second lowest bidder" and the "successful bidder" may include any person, firm, association, corporation, or other legal entity.

(c) In an action brought pursuant to this section, the court may award costs and reasonable attorney's fees, in an amount to be determined in the court's discretion, to the prevailing party.

(d) For purposes of an action brought pursuant to this section, employee status shall be determined pursuant to Division 4 (commencing with Section 3200) with respect to alleged violations of that division, pursuant to the Unemployment Insurance Code with respect to alleged violations of that code, and pursuant to Section 2750.5 with respect to alleged violations of either Division 4 (commencing with Section 3200) or of the Unemployment Insurance Code.

(e) The right of action established pursuant to this article shall not be construed to diminish rights of action established pursuant to Section 19102 of, and Article 1.8 (commencing with Section 20104.70) of Chapter 1 of Part 3 of Division 2 of, the Public Contract Code.

(f) A second lowest bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of the

Labor Code or of the Unemployment Insurance Code, or both, within one year prior to filing the bid for public work, and who has failed to take affirmative steps to correct that violation or those violations, is prohibited from taking any action authorized by this section.

SEC. 2. Section 19102 is added to the Public Contract Code, to read:

19102. (a) (1) The second lowest bidder, and any person, firm, association, trust, partnership, labor organization, corporation, or other legal entity which has, prior to the letting of the bids on the public works project in question, entered into a contract with the second lowest bidder, may bring an action in superior court if that entity suffers damages as a result of the bid of the second lowest bidder for any contract subject to this part not being accepted due to the successful bidder's violation, as evidenced by the conviction of the successful bidder therefor, of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or of both.

(2) There shall be a rebuttable presumption that a successful bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or of both, was awarded the bid because that successful bidder was able to lower the bid due to this violation or these violations occurring on the contract for public work awarded by the public agency.

(b) In an action brought pursuant to this section, the court may award costs and reasonable attorney's fees, in an amount to be determined in the court's discretion, to the prevailing party.

(c) For purposes of an action brought pursuant to this section:

(1) Employee status shall be determined pursuant to Division 4 (commencing with Section 3200) of the Labor Code with respect to alleged violations of that division, pursuant to the Unemployment Insurance Code with respect to alleged violations of that code, or pursuant to Section 2750.5 of the Labor Code with respect to alleged violations of either Division 4 (commencing with Section 3200) or of the Unemployment Insurance Code, or of both.

(2) "Second lowest bidder" means the second lowest qualified bidder deemed responsive by the public agency awarding the contract for public work.

(3) The "second lowest bidder" and the "successful bidder" may include any person, firm, association, corporation, or other legal entity.

(d) A second lowest bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or both, within one year prior to filing the bid for public work, and who has failed to take affirmative steps to correct that violation or those violations, is prohibited from taking any action authorized by this section.

SEC. 3. Article 1.8 (commencing with Section 20104.70) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 1.8. Damages Related to Competitive Bidding

20104.70. (a) (1) The second lowest bidder, and any person, firm, association, trust, partnership, labor organization, corporation, or other legal entity which has, prior to the letting of the bids on the public works project in question, entered into a contract with the second lowest bidder, may bring an action in superior court if that entity suffers damages as a result of the bid of the second lowest bidder for any contract subject to this part not being accepted due to the successful bidder's violation, as evidenced by the conviction of the successful bidder therefor, of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or of both.

(2) There shall be a rebuttable presumption that a successful bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or of both, was awarded the bid because that successful bidder was able to lower the bid due to this violation or these violations occurring on the contract for public work awarded by the public agency.

(b) In an action brought pursuant to this section, the court may award costs and reasonable attorney's fees, in an amount to be determined in the court's discretion, to the prevailing party.

(c) For purposes of an action brought pursuant to this section:

(1) Employee status shall be determined pursuant to Division 4 (commencing with Section 3200) of the Labor Code with respect to alleged violations of that division, pursuant to the Unemployment Insurance Code with respect to alleged violations of that code, or pursuant to Section 2750.5 of the Labor Code with respect to alleged violations of either Division 4 (commencing with Section 3200) or of the Unemployment Insurance Code, or of both.

(2) "Second lowest bidder" means the second lowest qualified bidder deemed responsive by the public agency awarding the contract for public work.

(3) The "second lowest bidder" and the "successful bidder" may include any person, firm, association, corporation, or other legal entity.

(d) A second lowest bidder who has been convicted of a violation of any provision of Division 4 (commencing with Section 3200) of the Labor Code or of the Unemployment Insurance Code, or both, within one year prior to filing the bid for public work, and who has failed to take affirmative steps to correct that violation or those violations, is prohibited from taking any action authorized by this section.

CHAPTER 907

An act to amend Sections 66424.6 and 66452.6 of, and to add Section 66463.1 to, the Government Code, relating to subdivisions.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 66424.6 of the Government Code is amended to read:

66424.6. (a) When a subdivision, as defined in Section 66424, is of a portion of any unit or units of improved or unimproved land, the subdivider may designate as a remainder that portion which is not divided for the purpose of sale, lease, or financing. Alternatively, the subdivider may omit entirely that portion of any unit of improved or unimproved land which is not divided for the purpose of sale, lease, or financing. If the subdivider elects to designate a remainder, the following requirements shall apply:

(1) The designated remainder shall not be counted as a parcel for the purpose of determining whether a parcel or final map is required.

(2) For a designated remainder parcel described in this subdivision, the fulfillment of construction requirements for improvements, including the payment of fees associated with any deferred improvements, shall not be required until a permit or other grant of approval for development of the remainder parcel is issued by the local agency or, where provided by local ordinance, until the construction of the improvements, including the payment of fees associated with any deferred improvements, is required pursuant to an agreement between the subdivider and the local agency. In the absence of that agreement, a local agency may require fulfillment of the construction requirements, including the payment of fees associated with any deferred improvements, within a reasonable time following approval of the final map and prior to the issuance of a permit or other grant of approval for the development of a remainder parcel upon a finding by the local agency that fulfillment of the construction requirements is necessary for reasons of:

(A) The public health and safety; or

(B) The required construction is a necessary prerequisite to the orderly development of the surrounding area.

(b) If the subdivider elects to omit all or a portion of any unit of improved or unimproved land which is not divided for the purpose of sale, lease, or financing, the omitted portion shall not be counted as a parcel for purposes of determining whether a parcel or final map is required, and the fulfillment of construction requirements for offsite improvements, including the payment of fees associated with any deferred improvements, shall not be required until a permit or

other grant of approval for development is issued on the omitted parcel, except where allowed pursuant to paragraph (2) of subdivision (a).

(c) The provisions of subdivisions (a) and (b) providing for deferral of the payment of fees associated with any deferred improvements shall not apply if the designated remainder or omitted parcel is included within the boundaries of a benefit assessment district or community facilities district.

(d) A designated remainder or any omitted parcel may subsequently be sold without any further requirement of the filing of a parcel map or final map, but the local agency may require a certificate of compliance or conditional certificate of compliance.

SEC. 2. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is required to expend one hundred twenty-five thousand dollars ($125,000) or more to construct, improve, or finance the construction or improvement of public improvements outside the property boundaries of the tentative map, excluding improvements of public rights-of-way which abut the boundary of the property to be subdivided and which are reasonably related to the development of that property, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

The amount of one hundred twenty-five thousand dollars ($125,000) shall be increased by the registrar of contractors according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the State Allocation Board at its January meeting. The adjustment by the registrar of contractors shall be effective on the first day of the month occurring more than 30 calendar days after the registrar of contractors makes that adjustment. The adjusted amount shall apply to tentative and vesting tentative maps whose applications were received after the effective date of the adjustment.

"Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings,

street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) (1) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) The length of time specified in paragraph (1) shall be extended for up to three years, but in no event beyond January 1, 1992, during the pendency of any lawsuit in which the subdivider asserts, and the local agency which approved or conditionally approved the tentative map denies, the existence or application of a development moratorium to the tentative map.

(3) Once a development moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires pursuant to subdivision (a) may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. The period of extension

specified in this subdivision shall be in addition to the period of time provided by subdivision (a). Prior to the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium includes a water or sewer moratorium, or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, including the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium shall also be deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because of either of the following:

(1) The condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(2) The condition necessitates acquisition of real property or any interest in real property from a public agency, other than the city or county that approved or conditionally approved the tentative map, and that other public agency fails or refuses to convey the property interest necessary to satisfy the condition. However, nothing in this subdivision shall be construed to require any public agency to convey any interest in real property owned by it. A development moratorium specified in this paragraph shall be deemed to have been imposed either on the date of approval or conditional approval of the tentative map, if evidence was included in the public record that the public agency which owns or controls the real property or any interest therein may refuse to convey that property or interest, or on the date that the public agency which owns or controls the real property or any interest therein receives an offer by the subdivider to purchase that property or interest for fair market value, whichever is later. A development moratorium specified in this paragraph shall extend the tentative map up to the maximum period as set forth in subdivision (b), but not later than January 1, 1992, so long as the public agency which owns or controls the real property or any interest therein fails or refuses to convey the necessary property interest, regardless of the reason for the failure or refusal, except that the development moratorium shall be deemed to terminate 60 days after the public agency has officially made, and communicated to the subdivider, a written offer or commitment

binding on the agency to convey the necessary property interest for a fair market value, paid in a reasonable time and manner.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period, as provided by ordinance, but shall not be less than one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. At any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 3. Section 66463.1 is added to the Government Code, to read:

66463.1. Multiple parcel maps filed pursuant to Section 66426 relating to an approved or conditionally approved tentative map may be filed prior to the expiration of the tentative map if either condition is satisfied:

(a) The subdivider, at the time the tentative map is filed, provides a written notice to the advisory agency or the local agency of the subdivider's intention to file multiple parcel maps on the tentative map.

(b) After filing of the tentative map, the local agency and the subdivider concur in the filing of multiple parcel maps.

In providing the notice specified in subdivision (a), the subdivider shall not be required to define the number or configuration of the proposed multiple parcel maps. The filing of a parcel map on a portion of an approved or conditionally approved tentative map shall not invalidate any part of the tentative map. The right of the subdivider to file multiple parcel maps shall not limit the authority of the local agency to impose reasonable conditions relating to the filing of multiple parcel maps.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the

Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 908

An act to amend Sections 14509.3, 14560, 14575, 14580, 14581, and 14581.5 of, to add Sections 14537.5, 14549.5, 14575.1, and 14587.5 to, and to add and repeal Section 14575.1 of, the Public Resources Code, relating to beverage containers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 12, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 14509.3 of the Public Resources Code is amended to read:

14509.3. "Cullet" means scrap glass that is derived from postfilled food, drink, or beverage container glass producted or imported for sale in the state.

SEC. 1.5. Section 14537.5 is added to the Public Resources Code, to read:

14537.5. On or before January 10, 1992, in conjunction with the submittal of the 1992–93 Budget Act to the Legislature, the Department of Finance shall submit a report to the Legislature and the Governor which reviews the department's administrative expenditures pursuant to this division and makes recommendations, to the extent necessary, for legislative, budgetary, and administrative actions which may be taken to reduce administrative costs.

SEC. 2. Section 14549.5 is added to the Public Resources Code, to read:

14549.5. On or before November 1, 1991, the department shall recalculate the commingled rate for refund values glass beverage containers and postfilled containers paid to curbside recycling programs and recycling centers. As part of the recalculation of refund values pursuant to this section, the department shall strive to assure the most accurate commingled rate feasible, taking into account seasonal variations in the amount of beverage containers and postfilled containers collected by curbside recycling programs and recycling centers and any other relevant factors. It is the intent of the Legislature in enacting this section that, in order to protect the solvency of the fund and the account, the commingled rate calculated by the department shall ensure that refund values are not paid from the fund for nonbeverage container glass.

SEC. 3. Section 14560 of the Public Resources Code is amended to read:

14560. (a) On and before October 31, 1989, every beverage distributor shall pay the department, for deposit into the fund, a redemption payment of one cent ($0.01) for every beverage container sold or offered for sale in this state by the distributor. On and before October 31, 1989, every beverage container sold or offered for sale in this state has a minimum refund value of one cent ($0.01), and any applicable redemption bonus, as defined pursuant to Section 14523 and calculated pursuant to Section 14581, as those sections read on January 1, 1989.

(b) (1) Except as provided in subdivisions (d), (e), (f), and (h), on and after November 1, 1989, every beverage distributor shall pay the department, for deposit into the fund, a redemption payment of two cents ($0.02) for every beverage container sold or offered for sale in this state by the distributor. On and after November 1, 1989, a beverage container with a capacity of 24 fluid ounces or more shall be considered as two beverage containers for purposes of redemption payments and refund values.

(2) On and after November 1, 1989, but not on or after December 31, 1989, every beverage container sold or offered for sale in this state has a minimum refund value of one cent ($0.01), and any applicable redemption bonus, as defined pursuant to Section 14523 and calculated pursuant to Section 14581, as those sections read on January 1, 1989.

(c) Except as provided in subdivisions (d), (e), and (h), on and after January 1, 1990, every beverage container sold or offered for sale in this state has a minimum refund value of five cents ($0.05) for every two beverage containers redeemed and two cents ($0.02) for every single or unpaired beverage container redeemed in a single transaction.

(d) (1) From the effective date of the act amending this section until January 1, 1993, the department shall periodically review the fund and the account to ensure that there are adequate funds in the fund and the account to pay the refund values and other disbursements required by this division.

(A) If the department determines, pursuant to a review made pursuant to paragraph (1) that there may be inadequate funds to pay the refund values and necessary disbursements required by this division, it shall immediately notify the Chairs of the Natural Resources Committees of the Senate, the Natural Resources Committee of the Assembly, the Ways and Means Committee of the Assembly, and the Budget and Fiscal Review Committee of the Senate of the need for urgent legislative action.

(B) On or before 180 days after the notice is sent pursuant to subparagraph (A), the department may eliminate expenditures from the account as necessary, according to the order of priorities specified in Section 14581, to ensure there are adequate funds in the fund and the account to pay the refund values and other disbursements required by this division.

(C) If the department determines that there will not be adequate

funds in the fund or the account for the payment of the refund values and other disbursements required in this division, the department shall increase the redemption payment by an additional one-half cent ($0.005) for a total redemption payment of two and one-half cents ($0.025) per beverage container. The department shall provide at least 60-days notice to distributors of a redemption payment increase made pursuant to this subparagraph. Prior to increasing redemption payments pursuant to this subdivision, the director of the department shall make available to the public written findings with supporting data which show the reasons which necessitate the increase. The findings and supporting data shall be reviewed by the Department of Finance. No increase pursuant to this subparagraph shall take effect prior to March 1, 1992.

(2) If, at any time after the department has increased the redemption payment pursuant to subparagraph (C) of paragraph (1), the department determines that the increase in the redemption payment is no longer needed to ensure that there are adequate funds to pay the refund values and other disbursements required by this division for the ensuing 180 days, plus a 10 percent reserve, the department shall reduce the redemption payment by not more than one-half cent ($0.005). The department shall provide to distributors at least 60-days notice of a redemption payment decrease made pursuant to this paragraph.

(e) On and after January 1, 1993, every beverage container sold or offered for sale in this state has a minimum refund value of five cents ($0.05) for every beverage container redeemed, except as provided in subdivision (h), if the redemption rate for that type of beverage container is less than 65 percent, as determined by the procedure set forth in subdivision (f).

(f) Except as provided in subdivision (h), on and after January 1, 1993, every distributor shall pay the department for deposit into the fund, a minimum redemption payment of three cents ($0.03) for every beverage container sold or offered for sale in this state if both of the following conditions are met for that specific type of beverage container:

(1) For the reporting period beginning January 1, 1992, and ending June 30, 1992, the redemption rate determined pursuant to Section 14551 for that type of beverage container is less than 65 percent.

(2) The average redemption rate for the highest two of any four reporting periods, the fourth period of which is the period ending June 30, 1992, is less than 65 percent.

(g) Except as provided in subdivisions (d) and (h), once any redemption payment is established for any type of beverage container, the redemption payment shall not be decreased based upon the redemption rate.

(h) The redemption payment for a specific type of beverage container established pursuant to subdivision (f) shall be decreased to not less than two and one-half cents ($0.025) per beverage

container if the redemption rate for that type of beverage container is 80 percent or more during all of four consecutive reporting periods and the refund value for that type of beverage container shall be five cents ($0.05) for every two beverage containers redeemed and two cents ($0.02) for every single or unpaired beverage container redeemed in a single transaction. The decrease shall occur six months following the end of the fourth reporting period. If the redemption rate for that type of beverage container thereafter falls below 65 percent for any two of any four consecutive reporting periods, the redemption payment for that type of beverage container shall be increased to three cents ($0.03) per container until a redemption rate of 80 percent or more, during all of four consecutive reporting periods, is established for that type of beverage container and the refund value for that type of beverage container shall be five cents ($0.05) for each beverage container redeemed.

(i) This section does not apply to any refillable beverage container.

(j) (1) Any certified processor or recycling center who submits a claim to the department or a processor, respectively, for a refund value established or revised by the act amending this section during the 1989–90 Regular Session, on any beverage container purchased by the processor or received by the recycling center before October 2, 1989, at that session is guilty of fraud, and the department may impose a civil penalty of up to ten thousand dollars ($10,000) upon the processor or recycling center and may revoke the certification of the processor or recycling center.

(2) Each certified processor and recycling center shall submit an affidavit to the department on or before October 17, 1989. The affidavit shall attest that the processor or recycling center will not submit a claim for a refund value established by the act amending this section, which is higher than the refund value actually paid by the processor or recycler on any beverage container purchased or received before October 2, 1989.

SEC. 4. Section 14575 of the Public Resources Code is amended to read:

14575. (a) Except as provided in subdivision (b), if any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, at least equal to the difference between the scrap value offered by a statistically significant sample of container manufacturers, beverage manufacturers, processors, or willing purchasers, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost for certified recycling centers, excluding those recycling centers receiving a convenience incentive payment, and certified processors which did not receive convenience incentive payments in the year in which the processing fee is calculated or

recalculated, of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (c).

(2) A reasonable financial return for recycling centers and processors, calculated pursuant to subdivision (c).

(b) Notwithstanding subdivision (a), any processing fee established by the department on or before January 1, 1992, shall use a recycling cost which is equal to or less than the recycling cost calculated by the department on or before January 1, 1991, pursuant to paragraphs (1) and (2) of subdivision (a). In no event shall a recycling cost exceed one thousand one hundred seven dollars ($1,107) per ton.

(c) On or before January 1, 1991, or on the earliest practicable date thereafter, and on or before January 1 annually thereafter, the department shall calculate weighted statewide average values for the amounts specified in paragraphs (1) and (2) of subdivision (a) for each type of container material sold and a new processing fee, which shall be effective on that same date.

(d) A processing fee established pursuant to this section shall be based upon all of the following:

(1) The average scrap values paid by willing purchasers during the 1990 calendar year for the initial calculation and the average scrap values paid by willing purchasers during the calendar year directly preceding the year in which the processing fee is calculated for any subsequent calculation. Any processing fee established by the department on or before January 1, 1992, for glass beverage containers shall not include the average scrap value paid for mixed color cullet by willing purchasers who are not glass container manufacturers.

(2) The latest available data indicating the volumes of beverage containers collected by certified processors and recycling centers.

(3) The actual recycling costs for certified recycling centers and processors, as determined pursuant to paragraph (1) of subdivision (a) for the 1989 calendar year for the initial calculation, and for the second calendar year preceding the year in which the processing fee is calculated for any subsequent calculation.

(e) Every six months, or more frequently as determined to be necessary by the department, the department may adjust a processing fee established pursuant to this section if both of the following occur:

(1) The department determines that the average statewide scrap values paid by willing purchasers are less than the average scrap values used as the basis for the processing fee calculation.

(2) The department determines that adjusting the processing fee is necessary to further the objectives of this division.

(f) The calculations of the statewide weighted average values and processing fee made pursuant to subdivision (c) shall be based on audited surveys of the costs specified in subdivision (a) at existing

certified recycling centers, reverse vending machines, and processors, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and, if the container is not recyclable, local disposal fees. The processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. Except for the first calculation of a processing fee made pursuant to this section, 60 days prior to the annual calculation of the processing fee, the department shall submit a report to the Chairman of the Assembly Natural Resources Committee and the Chairman of the Senate Natural Resources and Wildlife Committee. The report shall include a summary of the fluctuations of costs and scrap values necessitating the recalculation. The report shall also highlight changes in markets, new technologies, and other business and economic factors. The report shall include a description of the average per container statewide costs of recycling beverage containers, by each material type, for the following recycling systems, including a description of any assumptions used to allocate undifferentiated costs among material types, and a brief statement of the reason for the adoption of these assumptions:

(1) Automated recycling centers.

(2) Staffed recycling centers.

(3) Recycling centers established since September 29, 1988.

(4) Recycling centers established prior to September 29, 1988.

(5) Recyclers receiving convenience incentive payments, as feasible.

(6) Nonprofit dropoff programs.

(7) Curbside recycling programs.

(g) (1) Except as provided in paragraph (2), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the

Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) The department shall pay the processing fees collected on redeemed containers to processors, in the same manner as it pays refund values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the Redemption Account created pursuant to Section 14580. The department shall not use processing fees collected on unredeemed beverage containers to pay all or a portion of the processing costs determined pursuant to subdivision (a). The processor shall pay the recycling center that portion of the processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(h) When assessing processing fees pursuant to subdivision (c), the department shall assess the processing fee on each container sold, by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled. When calculating and assessing processing fees the department also shall not assume that redemption bonuses will be kept by recycling centers or locations.

(i) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

SEC. 5. Section 14575.1 is added to the Public Resources Code, to read:

14575.1. (a) One or before December 1, 1991, the department shall calculate the difference between the following:

(1) The total processing fee payments for plastic beverage containers received from beverage manufacturers.

(2) The total payments made by the department to reimburse certified recyclers and processors for the cost to collect plastic beverage containers.

In determining the calculation, the department shall use data from the first nine months of 1991, or from whatever most recent reporting period is available.

The difference between paragraphs (1) and (2) shall be annualized by the department to estimate the total amount of processing fee overpayment for plastic beverage containers during 1991.

(b) No later than December 1, 1991, the department shall announce the difference determined by the calculation in subdivision (a). The amount of this difference shall be placed in a fund to be used to pay certified processors pursuant to subdivision

(c).

(c) Commencing January 1, 1992, the department shall pay certified processors an amount equal to one hundred ten dollars ($110) per ton for all empty plastic beverage containers until the fund is depleted. Thirty days prior to the depletion of the fund, the department shall notify any willing purchaser of empty plastic beverage containers that the fund will be depleted.

(d) If prior to depletion of the funds referred in subdivisions (b) and (c) a willing purchaser offers to purchase empty plastic beverage containers in an amount equal to or more than the recycling cost for empty plastic beverage containers determined by subdivision (a) of Section 14575, less the amount calculated pursuant to subdivision (c), a processing fee on plastic beverage containers shall not be imposed pursuant to Section 14575.

(e) The department shall monitor the average statewide scrap value of empty plastic beverage containers on a monthly basis to determine whether the statewide average scrap value is equal to or more than the recycling cost for plastic beverage containers determined pursuant to subdivision (a) of Section 14575.

(f) If the department determines that the average statewide scrap value paid for empty plastic beverage containers deviates by more than 10 percent from the cost to recycle empty plastic beverage containers determined pursuant to subdivision (a) of Section 14575, the department shall immediately provide written notification of the deviation for that monthly period and the amount of that deviation to any willing purchaser.

(1) If the deviation from the average statewide scrap value results in an amount less than the cost of recycling empty plastic beverage containers determined by subdivision (a) of Section 14575, a willing purchaser shall correct the deficiency by payment of the amount necessary to maintain the average statewide scrap value for that monthly period. The failure to correct the notice of deficiency within 30 days of the receipt of the notice shall cause the department to notify all willing purchasers and all beverage manufacturers using plastic beverage containers that a processing fee may be imposed. If the deviation is not corrected, after notice has been given pursuant to this paragraph, the department shall impose a processing fee pursuant to Section 14575 which includes any amount necessary, including any amount in arrears, to cover the cost of recycling empty plastic beverage containers.

(2) If the deviation from the average statewide scrap value results in an amount more than the total cost to recycle empty plastic beverage containers determined by subdivision (a) of Section 14575, the department shall immediately provide written notification to all willing purchasers that an excess occurred for that monthly period and the amount of such excess. The willing purchaser shall receive a credit in the amount of such excess payment for any future monthly period wherein in the average statewide scrap value is not maintained.

(g) Nothing in this section is intended to affect any pending litigation in which the department is a party of record.

(h) This section shall remain in effect until December 31, 1992, and as of that date is repealed unless a later statute amends or repeals that date.

SEC. 6. Section 14580 of the Public Resources Code is amended to read:

14580. (a) Except as provided in subdivision (d), the department shall deposit all amounts paid as redemption payments by distributors pursuant to Section 14574, processing fees paid pursuant to Section 14575, civil penalties or fines paid pursuant to Section 14541 or subdivision (c) of Section 14591, and all other revenues received into the California Beverage Container Recycling Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the moneys in the fund are hereby continuously appropriated to the department for expenditure without regard to fiscal year for the following purposes:

(1) The payment of refund values to processors pursuant to Section 14573.

(2) For a reserve for contingencies, which shall not be greater than an amount equal to one-fourth of the total amount paid to processors pursuant to Section 14573 during the preceding calendar year, plus any interest earned on that amount.

(b) The moneys in the fund may be expended by the department for the administration of this division only upon appropriation by the Legislature in the annual Budget Act.

(c) After all of the expenditures pursuant to subdivisions (a) and (b) have been made, the balance remaining in the fund shall be deposited in the Redemption Account, which is hereby created as a subaccount in the fund. Notwithstanding Section 13340 of the Government Code, the moneys in the Redemption Account are hereby continuously appropriated to the department, without regard to fiscal year, for the purposes specified in Section 14581. The moneys in the Redemption Account may be expended by the department only upon appropriation by the Legislature in the annual Budget Act.

(d) The department shall deposit all amounts paid as processing fees pursuant to Section 14575 for glass beverage containers into the Glass Processing Fee Account, which is hereby created in the fund. The moneys in the Glass Processing Fee Account may be expended by the department only upon appropriation by the Legislature in the annual Budget Act.

SEC. 7. Section 14581 of the Public Resources Code is amended to read:

14581. The department shall periodically calculate and pay the refund values required in subdivisions (a), (b), (c), (e), and (h) of Section 14560 and may thereafter expend any additional funds remaining in the account, as specified in subdivision (c) of Section

14580, in the following order of priority:

(a) The department shall annually expend seven million five hundred thousand dollars ($7,500,000) of the amount deposited in the account for urban, rural, aquatic, and recreational litter abatement and recycling activities, and for grants with statewide private nonprofit entities for recycling information, education, and promotion. The seven million five hundred thousand dollars ($7,500,000) which the department may expend beginning January 1, 1990, pursuant to this paragraph, is a base amount, and, on and after January 1, 1991, the department shall adjust this base amount annually to reflect increases or decreases in the cost of living, as measured by the Department of Labor or a successor agency of the United States government. The funds for urban, rural, and recreational litter abatement and recycling activities shall be expended in the form of grants issued to local conservation organizations. Six million dollars ($6,000,000) of this amount shall be expended in the form of grants, as specified by the department, to certified community conservation corps, either existing or those established in the future, designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the city or the city and county has a population, as determined by the last federal census, of more than 250,000 persons. Any grants provided pursuant to this paragraph shall not comprise more than 75 percent of the annual budget of a community conservation corps.

(b) After making the expenditure specified in subdivision (a), the department may annually expend up to fifteen million dollars ($15,000,000) of the amount deposited in the account for making convenience incentive payments, pursuant to Section 14585, until January 1, 1993.

(c) After making the expenditures specified in subdivisions (a) and (b), the department may annually expend, until June 30, 1990, up to two million dollars ($2,000,000) for contracts with certified recycling centers located in convenience zones for advertising and promotion.

SEC. 8. Section 14581.5 of the Public Resources Code is amended to read:

14581.5. (a) The department shall expend the funds in the Glass Processing Fee Account to pay the processing fee for redeemed glass beverage containers to each processor, as specified in subdivision (c) of Section 14575. The processor shall pay the recycling center that portion of the processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (c) of Section 14573.5.

(b) On or before January 1, 1991, or the earliest practicable date thereafter, the department shall establish a market development program for users and sellers of glass cullet. The department shall establish the market development program in accordance with the following criteria:

(1) Within 45 days after receiving a request for payment, the

department shall pay a market development payment to a container manufacturer who purchases cullet from certified processors and who uses cullet in the manufacture of beverage containers, if the container manufacturer provides proof to the department of the amount of the cullet purchased, in tons, the identity of the certified processor from whom the cullet was purchased, the percentage use of cullet in the manufacture of beverage containers, and any other documentation that the department may require. The container manufacturer shall also provide an affidavit from the processor attesting to the number of tons sold to the container manufacturer and the date of delivery of the cullet.

(2) Within 45 days after receiving a request for payment, the department shall pay a market development payment to a processor who provides satisfactory proof to the department that the processor sold the cullet to a willing purchaser, other than a container manufacturer, who will reuse the cullet. For purposes of this paragraph, "satisfactory proof" means a shipping report showing the amount of cullet sold in tons, and an affidavit which is from the processor that states that the cullet will be reused, which describes the anticipated end use, and which contains any other documentation that the department may require.

(3) The department shall not pay a market development payment for any cullet which is, or is likely to be, disposed of by landfill. The department may pay a market development payment only for cullet derived from material previously sold to consumers in this state.

(4) Any person who claims a market development payment for cullet which is ineligible for a payment is in violation of this division.

(c) In determining the amount of the market development payment, the department shall consider all of the following:

(1) The anticipated amount of excess funds available in the Glass Processing Fee Account in the coming quarter.

(2) Current scrap values.

(3) The amount of the processing fee then in effect.

(4) Recycling and redemption rates for glass.

(d) The department shall determine the amount of the market development payment on or before January 1 and July 1 of each year, based on the tonnage of cullet sold or purchased. The determination made on or before January 1 shall be paid from January 1 to June 30, inclusive, and the determination made on or before July 1 shall be paid from July 1 to December 31, inclusive. If there are insufficient funds in the Glass Processing Fee Account to make anticipated payments, the department may, in its sole discretion, terminate the market development program or reduce the payment amount until adequate funds are restored to the Glass Processing Fee Account. To avoid potential stockpiling of glass cullet, the department may determine not to publish or otherwise announce the amount of the market development payment in advance.

(e) (1) The establishment of the market development program, including the determination of the market development payment,

and the analysis made pursuant to subdivision (c), is exempt from the requirements concerning the adoption of regulations in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) If the department determines that it is necessary to adopt, amend, or repeal regulations to implement this section and Section 14575, the regulations shall be adopted as emergency regulations and are exempt from subdivision (c) of Section 14536. The Office of Administrative Law shall consider these regulations to be necessary for the immediate preservation of the public peace, health and safety, and the general welfare for purposes of Section 11349.6 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, the emergency regulations adopted or amended pursuant to this section and Section 14575 shall be repealed 180 days after the regulations' effective date, unless the department complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) If insufficient money is available in the Glass Processing Fee Account to initially fund the market development program at a level determined by the department to be necessary to accomplish the purposes of this section, the department may expend up to fifteen million dollars ($15,000,000) from the Redemption Account from January 1, 1991, to December 31, 1991, inclusive, for purposes of initially funding the market development program. The department shall repay the amount expended from the Redemption Account on or before June 30, 1994, with interest at the Pooled Money Investment Fund rate from the funds in the Glass Processing Fee Account.

(g) The department shall develop procedures for reducing processing fee payments for beverage manufacturers based on projected tonnage of cullet utilized, and reducing the subsequent market development payments paid by container manufacturers providing containers to beverage manufacturers.

(h) Any container manufacturer who receives a market development payment pursuant to this section shall provide a credit to purchasers of glass beverage containers against the purchase price of a glass beverage container in an amount equal to the market development payment received by the container manufacturer.

SEC. 9. Section 14587.5 is added to the Public Resources Code, to read:

14587.5. Notwithstanding any other provision of law, for the 1991–92 fiscal year, the department shall not expend more than two million seven hundred fifty thousand dollars ($2,750,000) for statewide advertising.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty

for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to encourage the reuse of redeemed beverage containers, thereby protecting public safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 909

An act relating to criminal fines.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds that the "day-fine system" of imposing fines has been successful in the countries of Sweden and West Germany, and in the past year in the United States in Staten Island, New York and Phoenix, Arizona. The Legislature further finds that the fine punishment should be proportionate to the severity of the offense but equally impact individuals with differing financial resources. The Legislature further finds and declares that the implementation of a pilot program in California which is designed to use a similar day-fine system would serve as a test for a fairer method in California of dispensing criminal justice and as a program which possibly could help alleviate the presently overcrowded conditions of our county jails.

SEC. 2. (a) The Judicial Council may establish in one county in which the board of supervisors by resolution agrees to the participation by the county, a two-year pilot program which shall implement a day-fine system commencing on July 1, 1992, and ending on July 1, 1994.

(b) Notwithstanding any other provision of law, if a person is convicted of a misdemeanor in the pilot county, any fine imposed shall be determined under this section. There shall be no minimum fine, and the maximum fine shall not exceed ten thousand dollars ($10,000) for each offense for which the defendant is convicted. The court shall use a percentage formula for allocation of the fines to various funds, including those established by Sections 1463 and 1464 of the Penal Code. There shall not be any penalty assessments, but those funds to which penalty assessments are distributed shall be

included in the percentage formula in proportion to that amount provided for under present law. This section shall not be applicable to infractions.

(c) In the pilot county, the presiding judge of the superior court, the presiding judge of the municipal court, and the other municipal court judges, or if there are more than three municipal court judges, then three municipal court judges appointed by the presiding judge, the district attorney, the public defender, and a member of the Judicial Council shall constitute a planning group to devise a set of scales of day-fine units for misdemeanors ranked according to their gravity. Specific conduct of the offender, including prior offenses, may be included in establishing the scale. After ranking the crimes, each offense shall be assigned a presumptive number of day-fine units. Each offense shall also be assigned a mitigating and aggravating number of units. The number of units for an offense shall not exceed the maximum number of jail days permitted under the applicable code section for the offense. This planning group shall also determine a daily allowance for each dependent.

(d) This section shall not apply to juvenile cases tried under the Juvenile Court Law.

(e) When assessing a day fine, the court shall locate the conviction charge by the code section on the scale prepared under subdivision (c). The court shall use the presumptive units unless the court determines there are aggravating or mitigating factors. If there are aggravating or mitigating factors, the court may use the aggravating or mitigating units.

The net daily income of the offender is the reported gross income divided by the period of time that income covers less one-third for offenders above the federal poverty line and less one-half for offenders below the federal poverty line. This sum shall be reduced by the daily allowance for the number of dependents of the offender. The number of persons for whom an offender is financially responsible is the sum of the offender plus all other persons who derive sole support from his or her income. For an offender who is a dependent, the number includes the head of the household and each supported family member, including the offender.

The day fine for each offense for which there is a conviction is the product of the day-fine units times the net daily income adjusted for the number of dependents.

(f) The fine order shall be deemed a money judgment for the fine. The county agency in charge of collections shall enforce the judgment. If the agency determines that installment payments are necessary, the number of payments shall be as few as possible, and the total fine amount shall be collected in the shortest time possible. If the agency has to use the civil process of the court to collect the fine, they shall be awarded costs and attorney's fees. The agency shall closely monitor the offender's performance, and take immediate action for nonpayment. Additionally, if the convicted person is on probation and the fine is a condition of probation, the court may

revoke probation for willful nonpayment.

(g) Notwithstanding any other provision of law, the court may order the production of income tax records or other income documents in order to determine net daily income.

SEC. 3. The pilot program shall seek to accomplish the following three goals:

(a) Demonstrate that a day-fine system can be implemented in California courts.

(b) Determine what effects the change from a fixed fine to a day-fine system will have on current fining practices.

(c) Determine what penalties day fines displace.

SEC. 4. The Judicial Council may apply for nonstate foundation funds to implement and evaluate the pilot program.

SEC. 5. This act shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

CHAPTER 910

An act to amend Sections 3579 and 26638.12 of the Government Code, and to amend Sections 150, 830.3, 830.7, and 13510 of the Penal Code, relating to peace officers.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 3579 of the Government Code is amended to read:

3579. (a) In each case where the appropriateness of a unit is an issue, in determining an appropriate unit, the board shall take into consideration all of the following criteria:

(1) The internal and occupational community of interest among the employees, including, but not limited to, the extent to which they perform functionally related services or work toward established common goals, the history of employee representation with the employer, the extent to which the employees belong to the same employee organization, the extent to which the employees have common skills, working conditions, job duties, or similar educational or training requirements, and the extent to which the employees have common supervision.

(2) The effect that the projected unit will have on the meet and confer relationships, emphasizing the availability and authority of employer representatives to deal effectively with employee organizations representing the unit, and taking into account factors such as work location, the numerical size of the unit, the relationship of the unit to organizational patterns of the higher education

employer, and the effect on the existing classification structure or existing classification schematic of dividing a single class or single classification schematic among two or more units.

(3) The effect of the proposed unit on efficient operations of the employer and the compatibility of the unit with the responsibility of the higher education employer and its employees to serve students and the public.

(4) The number of employees and classifications in a proposed unit, and its effect on the operations of the employer, on the objectives of providing the employees the right to effective representation, and on the meet and confer relationship.

(5) The impact on the meet and confer relationship created by fragmentation of employee groups or any proliferation of units among the employees of the employer.

(b) There shall be a presumption that professional employees and nonprofessional employees shall not be included in the same representation unit. However, the presumption shall be rebuttable, depending upon what the evidence pertinent to the criteria set forth in subdivision (a) establishes.

(c) There shall be a presumption that all employees within an occupational group or groups shall be included within a single representation unit. However, the presumption shall be rebutted if there is a preponderance of evidence that a single representation unit is inconsistent with the criteria set forth in subdivision (a) or with the purposes of this chapter.

(d) Notwithstanding the foregoing provisions of this section, or any other provision of law, an appropriate group of skilled crafts employees shall have the right to be a single, separate unit of representation. Skilled crafts employees shall include, but not necessarily be limited to, employment categories such as carpenters, plumbers, electricians, painters, and operating engineers. The single unit of representation shall include not less than all skilled crafts employees at a campus or at a Lawrence Laboratory.

(e) Notwithstanding the foregoing provisions of this section, the only appropriate representation units including members of the academic senate of the University of California shall be either a single statewide unit consisting of all eligible members of the senate, or divisional units consisting of all eligible members of a division of the senate. In addition to the limitations of subdivision (q) of Section 3562, the scope of representation of any divisional unit shall be limited to those matters which have customarily been determined on a division basis, but the employer shall consult with the exclusive representative of a division on matters which would be within the scope of representation or consultation of a statewide representative. When 35 percent of the eligible members of the academic senate are represented by an exclusive representative or representatives in divisional units, the board, on petition of a representative or of an organization comprised of those representatives, shall conduct an election to determine if the eligible members of the entire senate

wish thereafter to be represented by a representative or organization in a single unit on all matters within the scope of representation. Any other exclusive representative or organization of representatives or any employee organization meeting the requirements of subdivision (a) of Section 3577 shall be entitled, on petition, to appear on the ballot, and in the event no choice receives a majority of the votes cast, the runoff provisions of subdivision (a) of Section 3577 shall be applicable.

(f) The board shall not determine that any unit is appropriate if it includes, together with other employees, employees who are defined as peace officers pursuant to subdivisions (c) and (d) of Section 830.2 of the Penal Code.

SEC. 2. Section 26638.12 of the Government Code is amended to read:

26638.12. This article shall become inoperative on June 30, 1997, and, as of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends those dates. Upon the repeal of this article, Sections 74194 and 74195 shall cease to be inoperative.

SEC. 3. Section 150 of the Penal Code is amended to read:

150. Every able-bodied person above 18 years of age who neglects or refuses to join the posse comitatus or power of the county, by neglecting or refusing to aid and assist in taking or arresting any person against whom there may be issued any process, or by neglecting to aid and assist in retaking any person who, after being arrested or confined, may have escaped from arrest or imprisonment, or by neglecting or refusing to aid and assist in preventing any breach of the peace, or the commission of any criminal offense, being thereto lawfully required by any uniformed peace officer, or by any peace officer described in Section 830.1 or in subdivision (a), (b), (c), (d), (e), or (f) of Section 830.2 of the Penal Code who identifies himself or herself with a badge or identification card issued by the officer's employing agency, or by any judge, is punishable by fine of not less than fifty dollars ($50) nor more than one thousand dollars ($1,000).

SEC. 4. Section 830.3 of the Penal Code is amended to read:

830.3. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. These peace officers may carry firearms only if authorized and under those terms and conditions as specified by their employing agencies:

(a) Persons employed by the Division of Investigation of the Department of Consumer Affairs and investigators of the Medical Board of California and the Board of Dental Examiners, who are designated by the Director of Consumer Affairs, provided that the

primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 160 of the Business and Professions Code.

(b) Voluntary fire wardens designated by the Director of Forestry and Fire Protection pursuant to Section 4156 of the Public Resources Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 4156 of that code.

(c) Employees of the Department of Motor Vehicles designated in Section 1655 of the Vehicle Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 1655 of that code.

(d) Investigators of the California Horse Racing Board designated by the board, provided that the primary duty of these peace officers shall be the enforcement of Chapter 4 (commencing with Section 19400) of Division 8 of the Business and Professions Code and Chapter 10 (commencing with Section 330) of Title 9 of Part 1 of this code.

(e) The State Fire Marshal and assistant or deputy state fire marshals appointed pursuant to Section 13103 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 13104 of that code.

(f) Inspectors of the food and drug section designated by the chief pursuant to subdivision (a) of Section 216 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 216 of that code.

(g) All investigators of the Division of Labor Standards Enforcement designated by the Labor Commissioner, provided that the primary duty of these peace officers shall be enforcement of the law as prescribed in Section 95 of the Labor Code.

(h) All investigators of the State Departments of Health Services, Social Services, Mental Health, Developmental Services, Alcohol and Drug Programs and the Office of Statewide Health Planning and Development, and the Public Employees' Retirement System, provided that the primary duty of these peace officers shall be the enforcement of the law relating to the duties of his or her department, or office. Notwithstanding any other provision of law, investigators of the Public Employees' Retirement System shall not carry firearms.

(i) The Chief of the Bureau of Fraudulent Claims of the Department of Insurance and those investigators designated by the chief, provided that the primary duty of those investigators shall be enforcement of Section 1871.1 of the Insurance Code.

(j) Employees of the Department of Housing and Community Development designated under Section 18023 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section

18023 of that code.

(k) Investigators of the office of the Controller, provided that the primary duty of these investigators shall be the enforcement of the law relating to the duties of that office. Notwithstanding any other law, except as authorized by the Controller, the peace officers designated pursuant to this subdivision shall not carry firearms.

(*l*) Investigators of the Department of Corporations designated by the Commissioner of Corporations, provided that the primary duty of these investigators shall be enforcement of the provisions of law administered by the Department of Corporations. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(m) Persons employed by the Contractors' State License Board designated by the Director of Consumer Affairs pursuant to Section 7011.5 of the Business and Professions Code, provided that the primary duty of these persons shall be the enforcement of the law as that duty is set forth in Section 7011.5, and in Chapter 9 (commencing with Section 7000) of Division 3, of that code. The Director of Consumer Affairs may designate as peace officers not more than three persons who shall at the time of their designation be assigned to the special investigations unit of the board. Notwithstanding any other provision of law, the persons designated pursuant to this subdivision shall not carry firearms.

(n) The chief and coordinators of the Law Enforcement Division of the Office of Emergency Services.

(o) Investigators of the Office of the Secretary of State designated by the Secretary of State, provided that the primary duty of these peace officers shall be the enforcement of the law as prescribed in Chapter 3 (commencing with Section 8200) of Division 1 of Title 2 of, and Section 12172.5 of, the Government Code. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(p) The Deputy Director for Security designated by Section 8880.38 of the Government Code, and all lottery security personnel assigned to the California State Lottery and designated by the director, provided that the primary duty of any of those peace officers shall be the enforcement of the laws related to assuring the integrity, honesty, and fairness of the operation and administration of the California State Lottery.

(q) Investigators employed by the Investigation Division of the Employment Development Department designated by the director of the department, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 317 of the Unemployment Insurance Code.

Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(r) Notwithstanding any other provision of this section, a peace officer authorized by this section shall not be authorized to carry firearms by his or her employing agency until that agency has

adopted a policy on the use of deadly force by those peace officers, and until those peace officers have been instructed in the employing agency's policy on the use of deadly force.

Every peace officer authorized pursuant to this section to carry firearms by his or her employing agency shall qualify in the use of the firearms at least every six months.

SEC. 5. Section 830.3 of the Penal Code is amended to read:

830.3. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. These peace officers may carry firearms only if authorized and under those terms and conditions as specified by their employing agencies:

(a) Persons employed by the Division of Investigation of the Department of Consumer Affairs and investigators of the Medical Board of California and the Board of Dental Examiners, who are designated by the Director of Consumer Affairs, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 160 of the Business and Professions Code.

(b) Voluntary fire wardens designated by the Director of Forestry and Fire Protection pursuant to Section 4156 of the Public Resources Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 4156 of that code.

(c) Employees of the Department of Motor Vehicles designated in Section 1655 of the Vehicle Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 1655 of that code.

(d) Investigators of the California Horse Racing Board designated by the board, provided that the primary duty of these peace officers shall be the enforcement of Chapter 4 (commencing with Section 19400) of Division 8 of the Business and Professions Code and Chapter 10 (commencing with Section 330) of Title 9 of Part 1 of this code.

(e) The State Fire Marshal and assistant or deputy state fire marshals appointed pursuant to Section 13103 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 13104 of that code.

(f) Inspectors of the food and drug section designated by the chief pursuant to subdivision (a) of Section 216 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 216 of that code.

(g) All investigators of the Division of Labor Standards

Enforcement designated by the Labor Commissioner, provided that the primary duty of these peace officers shall be enforcement of the law as prescribed in Section 95 of the Labor Code.

(h) All investigators of the State Departments of Health Services, Social Services, Mental Health, Developmental Services, Alcohol and Drug Programs and the Office of Statewide Health Planning and Development, and the Public Employees' Retirement System, provided that the primary duty of these peace officers shall be the enforcement of the law relating to the duties of his or her department, or office. Notwithstanding any other provision of law, investigators of the Public Employees' Retirement System shall not carry firearms.

(i) The Chief of the Bureau of Fraudulent Claims of the Department of Insurance and those investigators designated by the chief, provided that the primary duty of those investigators shall be enforcement of Section 1871.1 of the Insurance Code.

(j) Employees of the Department of Housing and Community Development designated under Section 18023 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 18023 of that code.

(k) Investigators of the office of the Controller, provided that the primary duty of these investigators shall be the enforcement of the law relating to the duties of that office. Notwithstanding any other law, except as authorized by the Controller, the peace officers designated pursuant to this subdivision shall not carry firearms.

(*l*) Investigators of the Department of Corporations designated by the Commissioner of Corporations, provided that the primary duty of these investigators shall be enforcement of the provisions of law administered by the Department of Corporations. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(m) Persons employed by the Contractors' State License Board designated by the Director of Consumer Affairs pursuant to Section 7011.5 of the Business and Professions Code, provided that the primary duty of these persons shall be the enforcement of the law as that duty is set forth in Section 7011.5, and in Chapter 9 (commencing with Section 7000) of Division 3, of that code. The Director of Consumer Affairs may designate as peace officers not more than three persons who shall at the time of their designation be assigned to the special investigations unit of the board. Notwithstanding any other provision of law, the persons designated pursuant to this subdivision shall not carry firearms.

(n) The chief and coordinators of the Law Enforcement Division of the Office of Emergency Services.

(o) Investigators of the Office of the Secretary of State designated by the Secretary of State, provided that the primary duty of these peace officers shall be the enforcement of the law as prescribed in Chapter 3 (commencing with Section 8200) of Division 1 of Title 2

of, and Section 12172.5 of, the Government Code. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(p) The Deputy Director for Security designated by Section 8880.38 of the Government Code, and all lottery security personnel assigned to the California State Lottery and designated by the director, provided that the primary duty of any of those peace officers shall be the enforcement of the laws related to assuring the integrity, honesty, and fairness of the operation and administration of the California State Lottery.

(q) Investigators employed by the Investigation Division of the Employment Development Department designated by the director of the department, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 317 of the Unemployment Insurance Code.

Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(r) The chief and assistant chief of museum security and safety of the California Museum of Science and Industry, as designated by the executive director pursuant to Section 4108 of the Food and Agricultural Code, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 4108 of the Food and Agricultural Code.

(s) Notwithstanding any other provision of this section, a peace officer authorized by this section shall not be authorized to carry firearms by his or her employing agency until that agency has adopted a policy on the use of deadly force by those peace officers, and until those peace officers have been instructed in the employing agency's policy on the use of deadly force.

Every peace officer authorized pursuant to this section to carry firearms by his or her employing agency shall qualify in the use of the firearms at least every six months.

SEC. 5.3. Section 830.3 of the Penal Code is amended to read:

830.3. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. These peace officers may carry firearms only if authorized and under those terms and conditions as specified by their employing agencies:

(a) Persons employed by the Division of Investigation of the Department of Consumer Affairs and investigators of the Medical Board of California and the Board of Dental Examiners, who are designated by the Director of Consumer Affairs, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 160 of the Business and Professions Code.

(b) Voluntary fire wardens designated by the Director of Forestry and Fire Protection pursuant to Section 4156 of the Public Resources Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 4156 of that code.

(c) Employees of the Department of Motor Vehicles designated in Section 1655 of the Vehicle Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 1655 of that code.

(d) Investigators of the California Horse Racing Board designated by the board, provided that the primary duty of these peace officers shall be the enforcement of Chapter 4 (commencing with Section 19400) of Division 8 of the Business and Professions Code and Chapter 10 (commencing with Section 330) of Title 9 of Part 1 of this code.

(e) The State Fire Marshal and assistant or deputy state fire marshals appointed pursuant to Section 13103 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 13104 of that code.

(f) Inspectors of the food and drug section designated by the chief pursuant to subdivision (a) of Section 216 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 216 of that code.

(g) All investigators of the Division of Labor Standards Enforcement designated by the Labor Commissioner, provided that the primary duty of these peace officers shall be enforcement of the law as prescribed in Section 95 of the Labor Code.

(h) All investigators of the State Departments of Health Services, Social Services, Mental Health, Developmental Services, Alcohol and Drug Programs, the Department of Toxic Substances Control, and the Office of Statewide Health Planning and Development, and the Public Employees' Retirement System, provided that the primary duty of these peace officers shall be the enforcement of the law relating to the duties of his or her department, or office. Notwithstanding any other provision of law, investigators of the Public Employees' Retirement System shall not carry firearms.

(i) The Chief of the Bureau of Fraudulent Claims of the Department of Insurance and those investigators designated by the chief, provided that the primary duty of those investigators shall be enforcement of Section 1871.1 of the Insurance Code.

(j) Employees of the Department of Housing and Community Development designated under Section 18023 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 18023 of that code.

(k) Investigators of the office of the Controller, provided that the primary duty of these investigators shall be the enforcement of the

law relating to the duties of that office. Notwithstanding any other law, except as authorized by the Controller, the peace officers designated pursuant to this subdivision shall not carry firearms.

(*l*) Investigators of the Department of Corporations designated by the Commissioner of Corporations, provided that the primary duty of these investigators shall be enforcement of the provisions of law administered by the Department of Corporations. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(m) Persons employed by the Contractors' State License Board designated by the Director of Consumer Affairs pursuant to Section 7011.5 of the Business and Professions Code, provided that the primary duty of these persons shall be the enforcement of the law as that duty is set forth in Section 7011.5, and in Chapter 9 (commencing with Section 7000) of Division 3, of that code. The Director of Consumer Affairs may designate as peace officers not more than three persons who shall at the time of their designation be assigned to the special investigations unit of the board. Notwithstanding any other provision of law, the persons designated pursuant to this subdivision shall not carry firearms.

(n) The chief and coordinators of the Law Enforcement Division of the Office of Emergency Services.

(o) Investigators of the Office of the Secretary of State designated by the Secretary of State, provided that the primary duty of these peace officers shall be the enforcement of the law as prescribed in Chapter 3 (commencing with Section 8200) of Division 1 of Title 2 of, and Section 12172.5 of, the Government Code. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(p) The Deputy Director for Security designated by Section 8880.38 of the Government Code, and all lottery security personnel assigned to the California State Lottery and designated by the director, provided that the primary duty of any of those peace officers shall be the enforcement of the laws related to assuring the integrity, honesty, and fairness of the operation and administration of the California State Lottery.

(q) Investigators employed by the Investigation Division of the Employment Development Department designated by the director of the department, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 317 of the Unemployment Insurance Code.

Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(r) Notwithstanding any other provision of this section, a peace officer authorized by this section shall not be authorized to carry firearms by his or her employing agency until that agency has adopted a policy on the use of deadly force by those peace officers, and until those peace officers have been instructed in the employing agency's policy on the use of deadly force.

Every peace officer authorized pursuant to this section to carry firearms by his or her employing agency shall qualify in the use of the firearms at least every six months.

SEC. 5.5. Section 830.3 of the Penal Code is amended to read:

830.3. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 of the Penal Code as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. These peace officers may carry firearms only if authorized and under those terms and conditions as specified by their employing agencies:

(a) Persons employed by the Division of Investigation of the Department of Consumer Affairs and investigators of the Medical Board of California and the Board of Dental Examiners, who are designated by the Director of Consumer Affairs, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 160 of the Business and Professions Code.

(b) Voluntary fire wardens designated by the Director of Forestry and Fire Protection pursuant to Section 4156 of the Public Resources Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 4156 of that code.

(c) Employees of the Department of Motor Vehicles designated in Section 1655 of the Vehicle Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 1655 of that code.

(d) Investigators of the California Horse Racing Board designated by the board, provided that the primary duty of these peace officers shall be the enforcement of Chapter 4 (commencing with Section 19400) of Division 8 of the Business and Professions Code and Chapter 10 (commencing with Section 330) of Title 9 of Part 1 of this code.

(e) The State Fire Marshal and assistant or deputy state fire marshals appointed pursuant to Section 13103 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 13104 of that code.

(f) Inspectors of the food and drug section designated by the chief pursuant to subdivision (a) of Section 216 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 216 of that code.

(g) All investigators of the Division of Labor Standards Enforcement designated by the Labor Commissioner, provided that the primary duty of these peace officers shall be enforcement of the law as prescribed in Section 95 of the Labor Code.

(h) All investigators of the State Departments of Health Services, Social Services, Mental Health, Developmental Services, Alcohol and Drug Programs, the Department of Toxic Substances Control, and the Office of Statewide Health Planning and Development, and the Public Employees' Retirement System, provided that the primary duty of these peace officers shall be the enforcement of the law relating to the duties of his or her department, or office. Notwithstanding any other provision of law, investigators of the Public Employees' Retirement System shall not carry firearms.

(i) The Chief of the Bureau of Fraudulent Claims of the Department of Insurance and those investigators designated by the chief, provided that the primary duty of those investigators shall be enforcement of Section 1871.1 of the Insurance Code.

(j) Employees of the Department of Housing and Community Development designated under Section 18023 of the Health and Safety Code, provided that the primary duty of these peace officers shall be the enforcement of the law as that duty is set forth in Section 18023 of that code.

(k) Investigators of the office of the Controller, provided that the primary duty of these investigators shall be the enforcement of the law relating to the duties of that office. Notwithstanding any other law, except as authorized by the Controller, the peace officers designated pursuant to this subdivision shall not carry firearms.

(*l*) Investigators of the Department of Corporations designated by the Commissioner of Corporations, provided that the primary duty of these investigators shall be enforcement of the provisions of law administered by the Department of Corporations. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(m) Persons employed by the Contractors' State License Board designated by the Director of Consumer Affairs pursuant to Section 7011.5 of the Business and Professions Code, provided that the primary duty of these persons shall be the enforcement of the law as that duty is set forth in Section 7011.5, and in Chapter 9 (commencing with Section 7000) of Division 3, of that code. The Director of Consumer Affairs may designate as peace officers not more than three persons who shall at the time of their designation be assigned to the special investigations unit of the board. Notwithstanding any other provision of law, the persons designated pursuant to this subdivision shall not carry firearms.

(n) The chief and coordinators of the Law Enforcement Division of the Office of Emergency Services.

(o) Investigators of the Office of the Secretary of State designated by the Secretary of State, provided that the primary duty of these peace officers shall be the enforcement of the law as prescribed in Chapter 3 (commencing with Section 8200) of Division 1 of Title 2 of, and Section 12172.5 of, the Government Code. Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(p) The Deputy Director for Security designated by Section 8880.38 of the Government Code, and all lottery security personnel assigned to the California State Lottery and designated by the director, provided that the primary duty of any of those peace officers shall be the enforcement of the laws related to assuring the integrity, honesty, and fairness of the operation and administration of the California State Lottery.

(q) Investigators employed by the Investigation Division of the Employment Development Department designated by the director of the department, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 317 of the Unemployment Insurance Code.

Notwithstanding any other provision of law, the peace officers designated pursuant to this subdivision shall not carry firearms.

(r) The chief and assistant chief of museum security and safety of the California Museum of Science and Industry, as designated by the executive director pursuant to Section 4108 of the Food and Agricultural Code, provided that the primary duty of those peace officers shall be the enforcement of the law as that duty is set forth in Section 4108 of the Food and Agricultural Code.

(s) Notwithstanding any other provision of this section, a peace officer authorized by this section shall not be authorized to carry firearms by his or her employing agency until that agency has adopted a policy on the use of deadly force by those peace officers, and until those peace officers have been instructed in the employing agency's policy on the use of deadly force.

Every peace officer authorized pursuant to this section to carry firearms by his or her employing agency shall qualify in the use of the firearms at least every six months.

SEC. 6. Section 830.7 of the Penal Code is amended to read:

830.7. The following persons are not peace officers but may exercise the powers of arrest of a peace officer as specified in Section 836 during the course and within the scope of their employment, if they successfully complete a course in the exercise of those powers pursuant to Section 832:

(a) Persons designated by a cemetery authority pursuant to Section 8325 of the Health and Safety Code.

(b) Persons regularly employed as security officers for institutions of higher education, recognized under subdivision (a) of Section 94310.1 of the Education Code, if the institution has concluded a memorandum of understanding, permitting the exercise of that authority, with the sheriff or chief of police within whose jurisdiction the institution lies.

(c) Persons regularly employed as security officers for health facilities, as defined in Section 1250 of the Health and Safety Code, which are owned and operated by cities, counties, and cities and counties, if the facility has concluded a memorandum of understanding, permitting the exercise of that authority, with the sheriff or chief of police within whose jurisdictions the facility lies.

(d) Employees of the California Department of Forestry and Fire Protection designated by the Director of Forestry and approved by the Secretary of the Resources Agency.

(e) Employees of the Public Utilities Commission assigned to the Transportation Division, designated by the division director and approved by the commission, to the extent necessary to enforce the provisions of the Public Utilities Code. These employees may exercise the power to serve warrants as specified in Sections 1523 and 1530 during the course and within the scope of their employment, if they receive a course in the exercise of those powers pursuant to Section 832.

(f) Persons regularly employed as inspectors, supervisors, or security officers for transit districts, as defined in Section 99213 of the Public Utilities Code, if the district has concluded a memorandum of understanding permitting the exercise of that authority, with, as applicable, the sheriff, chief of police, or California Highway Patrol within whose jurisdiction the district lies. For purposes of this subdivision, the exercise of peace officer authority may include the authority to remove a vehicle from a railroad right-of-way as set forth in Section 22656 of the Vehicle Code.

SEC. 7. Section 13510 of the Penal Code is amended to read:

13510. (a) For the purpose of raising the level of competence of local law enforcement officers, the commission shall adopt, and may from time to time amend, rules establishing minimum standards relating to physical, mental, and moral fitness which shall govern the recruitment of any city police officers, peace officer members of a county sheriff's office, marshals or deputy marshals of a municipal court, peace officer members of a county coroner's office notwithstanding Section 13526, reserve officers, as defined in subdivision (a) of Section 830.6, police officers of a district authorized by statute to maintain a police department, peace officer members of a police department operated by a joint powers agency established by Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, regularly employed and paid inspectors and investigators of a district attorney's office, as defined in Section 830.1, who conduct criminal investigations, or peace officer members of a district, in any city, county, city and county, or district receiving state aid pursuant to this chapter, and shall adopt, and may from time to time amend, rules establishing minimum standards for training of city police officers, peace officer members of county sheriff's offices, marshals or deputy marshals of a municipal court, peace officer members of a county coroner's office notwithstanding Section 13526, reserve officers, as defined in subdivision (a) of Section 830.6, police officers of a district authorized by statute to maintain a police department, peace officer members of a police department operated by a joint powers agency established by Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, regularly employed and paid inspectors and investigators of a district attorney's office, as

defined in Section 830.1, who conduct criminal investigations, and peace officer members of a district which shall apply to those cities, counties, cities and counties, and districts receiving state aid pursuant to this chapter. Those rules shall be adopted and amended pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The commission shall conduct research concerning job-related educational standards and job-related selection standards to include vision, hearing, physical ability, and emotional stability. Job-related standards which are supported by this research shall be adopted by the commission prior to January 1, 1985, and shall apply to those peace officer classes identified in subdivision (a). The commission shall consult with local entities during the conducting of related research into job-related selection standards.

(c) For the purpose of raising the level of competence of local public safety dispatchers, the commission shall adopt, and may from time to time amend, rules establishing minimum standards relating to the recruitment and training of local public safety dispatchers having a primary responsibility for providing dispatching services for local law enforcement agencies described in subdivision (a), which standards shall apply to those cities, counties, cities and counties, and districts receiving state aid pursuant to this chapter. These standards also shall apply to consolidated dispatch centers operated by an independent public joint powers agency established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code when providing dispatch services to the law enforcement personnel listed in subdivision (a). Those rules shall be adopted and amended pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As used in this section, "primary responsibility" refers to the performance of law enforcement dispatching duties for a minimum of 50 percent of the time worked within a pay period.

(d) Nothing in this section shall prohibit a local agency from establishing selection and training standards which exceed the minimum standards established by the commission.

SEC. 8. (a) Section 5 of this bill incorporates amendments to Section 830.3 of the Penal Code proposed by both this bill and AB 1196. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 830.3 of the Penal Code, (3) SB 51 is not enacted or as enacted does not amend this section, and (4) this bill is enacted after AB 1196, in which case Sections 4, 5.3, and 5.5 of this bill shall not become operative.

(b) Section 5.3 of this bill incorporates amendments to Section 830.3 of the Penal Code proposed by both this bill and SB 51. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 830.3 of the Penal Code, (3) AB 1196 is not enacted or as enacted does not amend

that section, and (4) this bill is enacted after SB 51 in which case Sections 4, 5, and 5.5 of this bill shall not become operative.

(c) Section 5.5 of this bill incorporates amendments to Section 830.3 of the Penal Code proposed by this bill, AB 1196, and SB 51. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1992, (2) all three bills amend Section 830.3 of the Penal Code, and (3) this bill is enacted after AB 1196 and SB 51, in which case Sections 4, 5, and 5.3 of this bill shall not become operative.

CHAPTER 911

An act to amend Sections 72608, 72609, 72645, 72646, 72649, 72703, 72704, 72704.5, 72705, 72708.5, 72750.4, 72750.5, 72751, 72751.1, 72751.5, 72752, 72753, 72754, 72755, 72762, 72766, 72767, 72769, 72770, 72771, 72772, 72773, 72774, 72775, 72778, 72779, 72780, 72781, 72783, 72784, 74905, 74907, 74909, and 74912 of, to amend and renumber Sections 72717, 72717.5, and 72718 of, and to add Sections 72763 and 72768 to, the Government Code, relating to courts.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 72608 of the Government Code is amended to read:

72608. Certain classes of positions prescribed in Article 1.5 (commencing with Section 72620), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), and Article 4 (commencing with Section 72750) of this chapter are deemed to be related in job and compensation to position classifications included in the Los Angeles County Code, and in the case of certain classes of positions, to the administrative series included in Section 69894.1. In order to maintain the relationship of compensation and employee rights and benefits between such officers and attachés of municipal courts and county or superior court employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee rights and benefits for related classes of court positions, the provisions of this section shall govern salary adjustments and employee rights and benefits for officers and attachés of municipal courts in Los Angeles County.

On the effective date of any amendment to such code adjusting the salary of a county employee classification listed in the table of positions set forth in this section, or on the effective date of a resolution or ordinance by the board of supervisors approving interim salary adjustments for superior court classes pursuant to

Section 69894.2, the salary of the related municipal court position listed opposite thereto shall be adjusted an equivalent number of schedules or steps in a schedule in the salary schedule to which such position is attached. If the level of compensation established by any such salary adjustment is not reflected in the salary schedule number provided for any court classification, the adjustment shall apply to each position in such classification on the effective date of the act fixing such salary schedule number. Classes of positions in the Performance-Based Pay Plan shall be compensated and adjusted in accordance with provisions approved by the board of supervisors.

Likewise, the salary of any court classification being enumerated in Article 1.5 (commencing with Section 72620), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), or Article 4 (commencing with Section 72750) of this chapter for the first time as an amendment to this chapter shall be adjusted as necessary on the effective date of such amendment to provide the same relationship to the county classification to which it is attached as that established when the court classification was approved in accordance with the provisions of Section 72607.

Table of Positions

Municipal Court Class	County or Superior Court Class
Officer Series	
Marshal	Commander
Assistant Marshal	Commander
Commander, Marshal	Commander
Captain, Marshal	Captain
Lieutenant, Marshal	Lieutenant
Sergeant, Marshal	Sergeant
Deputy Marshal IV	Deputy Sheriff IV

Data Processing Specialist I, M.C., NCS	Data Processing Specialist I

All classes of positions approved by a majority of the judges of the municipal court and the board of supervisors for inclusion in the Los Angeles County Performance-Based Pay Plan will be compensated in accordance with the provisions of this plan as set forth in Part 3, Chapter 6.08, of the Los Angeles County Code. All of these provisions are applicable to participants in the marshal's department, except that for the marshal, the appointing authority is the municipal court judges of Los Angeles County, and for all other participants in the marshal's department, the authority is the marshal. For purposes of PBP administration only, the appointing authority for the court administrator, Los Angeles Judicial District, is the court's executive committee. The court administrator, is the appointing authority for all other participants in the Los Angeles Judicial District.

The presiding judge, the immediate past presiding judge (if still a member of the Los Angeles Municipal Court) and the assistant presiding judge will confer with the court administrator to establish new performance goals and evaluate the completion of previously established goals; these judges will then rate the court administrator's performance using the PBP rating categories established in the county code. The presiding judge shall present this rating to the executive committee for ratification at its July meeting. In the event that the executive committee does not act upon the rating, the presiding judge shall forward the rating to the CAO for inclusion in the Los Angeles Municipal Court's Merit Salary Increase Guideline. In the event a rating is not completed, the court administrator's salary will be adjusted in accordance with the Los Angeles Municipal Court Merit Increase Guideline based on a "fully meets expectations" rating.

Any existing special pay provision applicable to court classes included in PBP and which is expressed in terms of additional

schedules of compensation will be converted to a percentage basis in accordance with the county's plan which equates each schedule with 2.75 percent.

Salary adjustments made pursuant to this section shall be on an interim basis and shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

Officers and attachés of municipal courts in Los Angeles County shall be entitled to all employee rights, programs and benefits, including, but not limited to, paid medical plans, management incentive, pay for performance, deferred compensation plans, flexible benefit plans, and early separation programs, parking and cafeteria privileges, longevity pay, shooting allowance, uniform and equipment allowance, and the same rights to meet with those entities which prescribe their compensation, that are provided for or made applicable to the related Los Angeles County and county clerk/superior court employee classification. Participation in management incentive early separation programs and pay for performance shall be established by joint action and approval of a majority of the board of supervisors and a majority of the judges of the court, except in the Los Angeles Judicial District where such joint action shall be approved by a majority of the board of supervisors and a majority of the court's executive committee.

Bonus Level I assignments of deputy marshals are as follows:

Nineteen positions—assistant commander, small division.

Twelve positions—court supervisor.

Nine positions—field supervisor.

Nine positions—office supervisor.

Three positions communications and fleet management supervisor.

One position—training officer.

One position—real estate levy/bookkeeping section supervisor.

Bonus Level II assignments of deputy marshals are as follows:

One position security liaison and investigations.

Deputy marshals with Bonus Level I assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level I positions. Deputy marshals with Bonus Level II assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level II positions.

In addition to the salary adjustment otherwise provided by this section, persons employed in the classifications of executive secretary, M.C., senior management secretary, M.C., and secretary to the presiding judge shall receive a one-time only two-schedule salary increase effective January 1, 1989. The resulting salary rate shall constitute the base rates for subsequent salary adjustments.

In addition to the salary provided by the applicable performance-based pay provisions, a 16.5 percent bonus shall be paid to no more than one position of deputy court administrator in the Los Angeles Municipal Court who is admitted to practice law before all courts in California and required to render legal opinions and provide legal advice to the court administrator and judges.

Any deputy clerk grade I, II, III, or IV who, in addition to a regular courtroom assignment, is required to operate and monitor electronic recording equipment to produce the official record of the court proceedings shall receive a two-schedule increase in compensation while so engaged. Effective January 3, 1989, any Deputy Clerk IV assigned to a courtroom, who in addition to his or her regular duties, is required to operate and monitor electronic recording equipment to produce a record of court proceedings shall receive an increase of eight standard salary levels while so engaged. However, in no event shall a person who is receiving additional compensation for performing duties involving greater skill and responsibility as described in subdivision (b) of Section 72705 and subdivisions (j), (k), and (*l*) of Section 72755 be eligible to receive additional compensation pursuant to this subdivision, except for a deputy clerk grade III assigned to the regular duties of a deputy clerk grade IV as provided in subdivision (i) of Section 72755.

SEC. 2. Section 72609 of the Government Code is amended to read:

72609. Except where otherwise provided by law, officers and attachés of municipal courts in Los Angeles County shall receive a monthly salary at a rate specified in the Los Angeles County Code as follows:

The term "schedule" used herein refers to the salary schedule of the Los Angeles County Code. The term "range" used herein refers to the Performance-Based Pay Plan of Los Angeles County.

SEC. 3. Section 72645 of the Government Code is amended to read:

72645. The marshal shall appoint all of the following:

(a) One assistant marshal. The marshal shall make the appointment from the peace officer members of the marshal's office of the rank of lieutenant or higher and the appointee shall serve solely at the pleasure of the marshal. Section 72649 does not apply to the appointment to, nor removal of a person from, this position, but all other provisions of Section 72649 apply. Upon removal by the marshal for any reason other than that which would be cause for the discharge of any other member, an appointee shall revert to the rank held by the appointee prior to his or her appointment to the position of assistant marshal.

(b) Three commanders. Upon the occurrence of a vacancy, any succeeding appointment to this position may be made by the marshal at his or her sole discretion. At that time and thereafter, Section 72649 shall not be applicable to the appointment to, nor removal of, a person from, this position, but all other provisions of Section 72649 shall be applicable. The marshal shall make this appointment from the peace officer members of his or her office of the rank of lieutenant or higher, and the appointee shall serve solely at the pleasure of the marshal. Upon removal by the marshal for any reason other than that which would be cause for the discharge of any other member, an appointee shall revert to the rank held prior to appointment as commander.

(c) Nine captains.

(d) Twenty-eight lieutenants.

(e) Forty sergeants.

(f) Six hundred forty-four deputy marshals; except that the number of deputy marshals shall be reduced by the number of deputy marshal IV positions required to be retained pursuant to Section 72645.5.

(g) Twenty-seven deputy marshal trainees. Appointments to the positions shall be made from civil service lists resulting from open competitive examinations, provided that notwithstanding Section 72649, the appointees shall be subject to a 12-month period of probation.

(h) Four deputy marshal-matrons, each of whom shall have completed a course of training which meets the requirements of the POST commission for a specialized law enforcement basic certificate.

(i) Two deputy clerk-custody officers.

(j) Ten legal services specialists, marshal, each of whom shall receive monthly compensation at the same rate specified for the county's class of security officer II.

SEC. 4. Section 72646 of the Government Code is amended to read:

72646. The marshal shall appoint:

(a) One head, fiscal and administrative services, marshal.

(b) One senior staff assistant, marshal.

(c) One executive secretary, marshal. Appointment to this position shall be at step 3 of the schedule.

(d) Three staff assistants, marshal.

(e) One management secretary, marshal.

(f) One principal clerk.

(g) One supply and reproduction supervisor, marshal.

(h) Two senior secretaries, marshal.

(i) Nine administrative clerks.

(j) One supervising payroll clerk, marshal.

(k) One supply and reproduction assistant, marshal.

(*l*) Sixty deputy clerks, grade III.

(m) Three secretaries, marshal.

(n) Fifty-two deputy clerks, grade II.

(o) Eight deputy clerks, grade I.

(p) Such deputies who shall be keepers, as may be reasonably required pursuant to law, at the fee allowed by law for keeping property.

(q) Five marshal's dispatchers.

(r) One safety officer, marshal.

(s) One head personnel technician, marshal.

(t) One assistant head, fiscal and administrative services, marshal.

(u) One personnel technician, marshal.

(v) One senior payroll clerk, marshal.

(w) Three payroll clerks, marshal.

(x) One light vehicle driver, marshal.

SEC. 5. Section 72649 of the Government Code is amended to read:

72649. Except where this title otherwise provides, all deputies and other employees of the marshal of municipal courts, Los Angeles County, may be appointed, removed, suspended, or discharged for cause by the marshal, subject in such appointment, removal, suspension, or discharge to all civil service provisions applicable to the personnel of the office of sheriff, Los Angeles County:

(a) Whenever reference to a numbered salary schedule is made in any section of this article, the schedule found in the code of the County of Los Angeles shall apply.

(b) Unless otherwise specifically provided, each person appointed to a position, the compensation of which is fixed by reference to the salary schedule, shall, for the first six months of service, receive monthly the rate of compensation specified in the first step of the

salary schedule for the position to which he is appointed. Upon the first day of the month following six months' continuous service in a class, the initial rate of compensation of such person shall be increased to the next higher step of the salary schedule for the position occupied. On and after the first day of the month following each ensuing 12 months of such service such compensation shall be increased to the rate specified in the next higher step of the salary schedule for the position occupied until such compensation equals the sum specified in step 5 of such schedule.

(c) When any person in the service of the court or of the marshal is appointed or promoted to another office or position in such service compensated at a higher numbered schedule, he shall receive step 1 of such schedule if step 1 is at least one step higher than the salary received in the office or position relinquished; but if not, he shall receive initially that step of the schedule pertaining to such office or position which will provide a one-step increase in his compensation. Provided, whenever a person occupying a permanent superior position is supervising a subordinate and the subordinate is receiving compensation at a rate equal to or greater than that which the superior is receiving, the person occupying the superior position shall be entitled to be advanced in steps to the highest salary paid to the highest ranking subordinate which he supervises plus one dollar ($1).

(d) Notwithstanding the above, each person appointed to a peace officer position set forth in Section 72608, 72640, or 72645 shall be entitled to the same salary step placement during his employment by the marshal and upon appointment, promotion or demotion as an employee of the marshal, as he would receive if he were employed in a related position in the classified service of the County of Los Angeles.

(e) Persons appointed to deputy marshal shall, upon the first day of the month following completion of six years' service including at least two years in a court-related assignment and eighteen months in a field assignment, receive monthly the rate of compensation specified in Step 6 of the schedule.

(f) When any person is demoted to another office or position he shall receive the fifth step rate of salary for the position to which he is demoted, except that if such demotion is due to disciplinary action, the appointing power may indicate any step rate of the lower position which provides compensation not higher than that last previously received by such person.

SEC. 6. Section 72703 of the Government Code is amended to read:

72703. The clerk may appoint:

(a) One deputy clerk who shall be assigned as chief, systems division; and an additional eleven deputy clerks who shall be assigned as division chiefs, operations.

(b) Eighteen deputy clerks who shall be senior court managers, and one additional deputy clerk who shall be assigned as assistant

chief, systems division.

(c) Eight deputy clerks who shall be principal administrative assistants, municipal court.

(d) One deputy clerk who shall be personnel administrator, municipal court.

(e) Four deputy clerks who shall be personnel technicians, municipal court.

(f) Six deputy clerks who shall be personnel assistant, municipal court.

(g) Sixteen deputy clerks who shall be senior administrative assistants, municipal court.

(h) Five deputy clerks, who shall be administrative assistants, municipal court.

(i) Three deputy clerks who shall be accounting technicians, municipal court.

(j) Seven deputy clerks who shall be staff assistants, municipal court.

(k) Five deputy clerks who shall be accountants, municipal court.

(*l*) Seven deputy clerks who shall be intermediate accountants, municipal court.

(m) Four deputy clerks who shall be senior accountants, municipal court.

(n) Eleven deputy clerks who shall be account clerks, municipal court.

(o) One deputy clerk who shall be assistant capital projects manager, municipal court.

(p) One deputy clerk who shall be capital projects manager, municipal court.

(q) One deputy clerk who shall be court information officer, municipal court.

(r) Three deputy clerks who shall be head personnel technicians, municipal court.

(s) One deputy clerk who shall be a judicial management intern, municipal court.

(t) One deputy clerk who shall be managing court reporter, municipal court.

(u) One deputy clerk who shall be a personnel clerk, municipal court.

(v) One deputy clerk who shall be a principal personnel assistant, municipal court.

(w) Three deputy clerks who shall be senior personnel assistants, municipal court.

(x) One deputy clerk who shall be a procurement assistant II, municipal court.

(y) One deputy clerk who shall be a supervising accountant, municipal court.

(z) One deputy clerk who shall be a warehouse manager, municipal court.

(aa) Four deputy clerks who shall be warehouse workers II,

municipal court.

(bb) Three deputy clerks who shall be warehouse worker aides, municipal court.

(cc) Forty deputy clerks who shall be court managers, municipal court.

(dd) Two deputy clerks who shall be graphic artists, municipal court.

SEC. 7. Section 72704 of the Government Code is amended to read:

72704. The clerk may also appoint:

(a) One hundred fifty-seven deputy clerks grade IV, plus one additional such deputy clerk for each judge in excess of 88 and each commissioner or traffic referee in excess of 22 to which the court is or may become entitled by law.

(b) One deputy clerk who shall be secretary to the presiding judge.

(c) One deputy clerk who shall be executive secretary, Los Angeles Municipal Court.

(d) One deputy clerk who shall be senior management secretary, municipal court.

(e) Fourteen deputy clerks who shall be senior judicial secretaries and who shall receive a monthly salary at the same rate specified for the superior court class of senior judicial secretary. Appointments to the positions shall be at step 3 of the schedule.

(f) One hundred ten deputy clerks grade III.

(g) Three hundred sixty-three deputy municipal court clerks grade II.

(h) Eleven deputy clerks, who shall be senior secretaries II, municipal court.

(i) Six deputy clerks who shall be secretaries, municipal court.

(j) Four deputy clerks who shall be management secretaries, municipal court.

(k) Three deputy clerks who shall be facilities services assistants, municipal court.

(*l*) Two deputy clerk who shall be procurement aides, municipal court.

(m) One deputy clerk who shall be a facilities planning assistant, municipal court.

(n) One deputy clerk who shall be statistical analyst.

(o) Three deputy clerks who shall be staff development specialists, municipal court.

(p) One deputy clerk who shall be a municipal court clerk trainee.

(q) Five deputy clerks who shall be clerical aides.

(r) Thirty-three deputy clerks who shall be deputy clerk supervisors.

(s) One deputy clerk who shall be a general maintenance supervisor, municipal court.

(t) Two deputy clerks who shall be general maintenance workers, municipal court.

SEC. 8. Section 72704.5 of the Government Code is amended to read:

72704.5. The clerk may also appoint:

(a) One deputy clerk who shall be computer operations supervisor, municipal court.

(b) One deputy clerk who shall be a data conversion supervisor I, municipal court.

(c) Two deputy clerks who shall be senior data conversion equipment operators.

(d) Twenty-four deputy clerks who shall be data systems analysts II, municipal court.

(e) Three deputy clerks who shall be data systems analysts I, municipal court.

(f) Two deputy clerks who shall be supervising computer operators, municipal court.

(g) Four deputy clerks who shall be computer systems operators, municipal court.

(h) Two deputy clerks who shall be computer equipment operators, municipal court.

(i) Two deputy clerks who shall be senior data control clerks, municipal court.

(j) Six deputy clerks who shall be data control clerks, municipal court.

(k) Twelve deputy clerks who shall be data systems coordinators, municipal court.

(*l*) Five deputy clerks who shall be senior program and systems analysts.

(m) One deputy clerk who shall be principal programmer analyst.

(n) Nine deputy clerks who shall be senior programmer analysts, municipal court.

(o) One deputy clerk who shall be a systems programmer, municipal court.

(p) Two deputy clerks who shall be telecommunications technicians.

(q) One deputy clerk who shall be a senior telecommunications systems engineer, municipal court.

(r) One deputy clerk who shall be a data processing specialist I, municipal court.

(s) One deputy clerk who shall be an EDP staff aide, municipal court.

SEC. 9. Section 72705 of the Government Code is amended to read:

72705. Whenever reference to a numbered salary schedule is made in any section of this article, the schedule found in the Salary Ordinance of the County of Los Angeles shall apply.

(a) Any deputy clerk of grade I classification who is regularly required to work on Saturdays and Sundays, or any deputy clerk who is required regularly to work a night shift shall receive a two-schedule increase in basic compensation. A night shift is a tour

of duty which commences after 2 p.m. and prior to 6 a.m.

(b) Not more than 29 deputy clerks grade IV or municipal court clerk trainees, while assigned to duties in divisions of the court requiring greater skill and responsibility, and, at each branch court of three or more divisions, one deputy clerk grade III assigned to supervise not less than 15 deputy clerks shall receive a two-schedule increase in compensation, provided that such branch court or division in said branch shall not have more than two such deputy clerk positions compensated under this provision at any one time.

(c) Unless otherwise specifically provided, each person appointed to a position set forth in Sections 72702, 72702.5, 72703, 72704, and 72704.5 shall be entitled to the same rights, privileges and benefits allowed Los Angeles County employees as provided in Chapter 1 of Ordinance 6222 of the County of Los Angeles (Title 6, Los Angeles County Code). Any person appointed, promoted, or demoted to another office or position in such service, shall be compensated at the schedule provided for said appointment, promotion, or demotion in Chapter 1 of Ordinance 6222 (Title 6, Los Angeles County Code).

SEC. 10. Section 72708.5 of the Government Code is amended to read:

72708.5. The judges of the court may appoint as many interpreters, not exceeding two, and as many law clerks, not exceeding seven, as the business of the court may require. Two of the law clerks may be appointed supervising law clerks. Employees appointed pursuant to this section shall hold office at the pleasure of the judges and shall receive the same compensation as is paid to the respective class of employees in the Superior Court of Los Angeles County. They shall be members of any retirement system which includes attachés of the court.

SEC. 11. Section 72717 of the Government Code is amended and renumbered to read:

72627. The judges of the municipal courts of Los Angeles County may appoint one chief staff attorney, planning and research, municipal courts. The chief staff attorney shall hold office at the pleasure of the judges of the municipal courts.

SEC. 12. Section 72717.5 of the Government Code is amended and renumbered to read:

72627.5. (a) The chief staff attorney, planning and research, municipal courts, may appoint:

(1) One assistant chief staff attorney, planning and research.

(2) Seven staff attorneys II, planning and research.

(3) One senior secretary III, muni ct, who shall receive a monthly salary at the rate specified for senior judicial secretary.

(4) One senior secretary II, municipal courts.

(5) One stenographer, municipal courts.

(6) Fifteen legal research assistants, planning and research.

(7) Three planning analyst aides, planning and research.

(8) Two senior planning analysts, planning and research.

(9) One data systems analyst I, municipal courts.

(10) One data systems analyst II, municipal courts.

(11) One head of management services, planning and research.

(12) Three principal program analysts.

(b) The chief staff attorney may appoint a staff attorney I in lieu of a staff attorney II on a one-for-one substitute basis.

(c) The chief staff attorney may appoint a senior planning analyst in lieu of a staff attorney II on a one-to-one substitute basis.

(d) The positions appointed pursuant to this section shall not be deemed civil service positions. Each person appointed to these positions shall serve at the pleasure of the chief staff attorney.

SEC. 13. Section 72718 of the Government Code is amended and renumbered to read:

72628. The judges of the municipal courts of Los Angeles County may appoint one senior judicial secretary, who shall serve at the pleasure of the judges.

SEC. 14. Section 72750.4 of the Government Code is amended to read:

72750.4. In each municipal court district having eight judges authorized by law, the officers and attachés shall be appointed, as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Seventeen deputy municipal court clerks I.

(b) Seventeen deputy municipal court clerks II.

(c) Fourteen deputy clerks III, M.C.

(d) Twelve deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to Section 72400 or 72757.

(e) One senior judicial secretary, M.C.

(f) Five assistant chief deputy clerks, M.C.

(g) One occupant of an assistant chief deputy clerk position as set forth in this section shall be designated by the court administrator as assistant court administrator and shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 15. Section 72750.5 of the Government Code is amended to read:

72750.5. In each municipal court district having seven judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Eleven deputy municipal court clerks I.

(b) Thirteen deputy municipal court clerks II.

(c) Nine deputy clerks III, M.C.

(d) Nine deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to

Section 72400 or 72757.

(e) One senior judicial secretary.

(f) Five assistant chief deputy clerks, M.C.

(g) One occupant of an assistant chief deputy position as set forth in this section shall be designated by the court administrator as assistant court administrator and shall receive a monthly salary eight schedules less than the schedule for the court administrator of the court.

SEC. 16. Section 72751 of the Government Code is amended to read:

72751. In each municipal court district having six judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Ten deputy municipal court clerks I.

(b) Twelve deputy municipal court clerks II.

(c) Eight deputy clerks III, M.C.

(d) Nine deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to Section 72400 or 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 17. Section 72751.1 of the Government Code is amended to read:

72751.1. In each municipal court district having five judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Nine deputy municipal court clerks I.

(b) Eleven deputy municipal court clerks II.

(c) Nine deputy clerks III, M.C.

(d) Seven deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to Section 72400 or 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of said court.

SEC. 18. Section 72751.5 of the Government Code is amended to read:

72751.5. In each municipal court district having four judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Nine deputy municipal court clerks I.

(b) Eleven deputy municipal court clerks II.

(c) Nine deputy clerks III, M.C.

(d) Six deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to Section 72400 or 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 19. Section 72752 of the Government Code is amended to read:

72752. In each municipal court district having three judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Nine deputy municipal court clerks I.

(b) Eleven deputy municipal court clerks II.

(c) Nine deputy clerks III, M.C.

(d) Five deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner or traffic referee appointed pursuant to Section 72400 or 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 20. Section 72753 of the Government Code is amended to read:

72753. In each municipal court district having two judges authorized by law the officers and attachés shall be appointed as follows:

There shall be one court administrator who shall be the clerk appointed by the judges of the court.

The clerk may appoint:

(a) Six deputy municipal court clerks I.

(b) Eight deputy municipal court clerks II.

(c) Six deputy clerks III, M.C.

(d) Three deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner appointed pursuant to Section 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 21. Section 72754 of the Government Code is amended to read:

72754. In each municipal court district having one judge authorized by law the officers and attachés shall be appointed and compensated as follows:

There shall be one court administrator who shall be the clerk

appointed by the judge of the court.

The clerk may appoint:

(a) Three deputy municipal court clerks I.

(b) Four deputy municipal court clerks II.

(c) Four deputy clerks III, M.C.

(d) Two deputy clerks IV, M.C., plus one additional such deputy clerk for each commissioner appointed pursuant to Section 72757.

(e) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

SEC. 22. Section 72755 of the Government Code is amended to read:

72755. In those positions for which this article provides a multistep rate of compensation, the provisions of this section shall apply.

(a) Except in the case of transfer, demotion, promotion or where otherwise specifically provided, original appointments to such positions shall be at the rate designated for step 1 of the salary schedule pertaining to the position occupied.

(b) The initial rate of compensation shall be increased to the next higher step of the schedule applicable to the position occupied upon the completion of six months' continuous service in the same position. Upon the completion of each ensuing 12 months of such service, such compensation shall be increased to the rate specified in the next higher step of the salary schedule for the position occupied until such compensation equals the sum specified in the highest step of such schedule.

(c) A step advancement shall not be granted to any person if his or her superior finds that his or her work has been unsatisfactory and so notifies the Civil Service Commission.

(d) When a person is promoted to a position on a multistep basis, he or she shall receive the first-step rate in the salary schedule of the new position which results in an increase in salary.

(e) A person demoted to a lower position shall be entitled to receive whichever of the following rates is lower:

(1) The highest step of the salary schedule pertaining to the position to which he or she is demoted.

(2) The same rate of pay which he or she was receiving prior to demotion.

(f) The appointing power who demotes a person for disciplinary reasons may specify any step rate in the salary schedule pertaining to the lower position except that it shall not be higher than the step rate held by the employee in the higher position.

(g) If a person begins employment between the 1st and 15th of any calendar month, inclusive, his or her step advancement shall be calculated from the first day of that month. Where a person begins employment on or after the 16th day of a calendar month, the step advancement shall be calculated from the first of the next month.

(h) Upon demotion, a person shall retain the anniversary date

held in the higher position.

(i) Any deputy clerk grade III who is necessarily assigned to the regular duties of a deputy clerk grade IV because of an absence of such deputy clerk grade IV shall, for any period of such assignment in excess of 30 calendar days, receive compensation at the rate of that higher numbered salary schedule which will increase his or her basic compensation by four schedules.

(j) One deputy clerk I, II, or III in each municipal court of six judges or less, who having passed the stenographic skills proficiency examination given by the County of Los Angeles for the county position of stenographer, shall be entitled to receive a bonus equivalent to a four-schedule salary increase when regularly required to provide stenographic and secretarial services to the judge or judges of the court.

(k) Not more than one deputy clerk grade IV in each municipal court having six judges or fewer, or two such deputy clerks grade IV in each municipal court having seven judges or more, while assigned to duties in divisions of the court requiring greater skill and responsibility shall receive a two-schedule increase in compensation.

(*l*) Not more than a total of two deputy clerks I, II, or III in each municipal court, while assigned to duties in divisions of the court requiring greater skill and responsibility, shall receive a two-schedule increase in compensation while so assigned. However, in no event shall a deputy clerk who is receiving additional compensation pursuant to subdivision (j) receive the compensation prescribed by this subdivision.

SEC. 23. Section 72762 of the Government Code is amended to read:

72762. In the Alhambra Municipal Court District, the officers and attachés shall be appointed as follows:

(a) There is one court administrator who shall be the clerk appointed by the judges of the court.

(b) The clerk may appoint:

(1) Fourteen deputy municipal court clerks II.

(2) Six deputy clerks III, M.C.

(3) Four deputy clerks IV, M.C.

(4) Three supervising deputy clerks I, M.C.

(5) Three supervising deputy clerks II, M.C.

(6) Three student workers.

(7) One student professional worker.

(8) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of the court.

(c) The court administrator shall hold office at the pleasure of the judges of that court. This subdivision applies to vacancies occurring on or after January 1, 1991.

SEC. 24. Section 72763 is added to the Government Code, to read:

72763. In the Antelope Municipal Court District, the officers and the attachés shall be appointed, as follows:

(a) There is one court administrator who shall be the clerk appointed by the judges of that court.

(b) The clerk may appoint:

(1) Nine deputy municipal court clerks I.

(2) Eleven deputy municipal court clerks II.

(3) Nine deputy clerks III, M.C.

(4) Seven deputy clerks IV, M.C.

(5) One accountant, M.C.

(6) Two student workers.

(7) Two supervising deputy clerks II, M.C.

(8) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of that court.

SEC. 25. Section 72766 of the Government Code is amended to read:

72766. In the Citrus Municipal Court District, the officers and attachés shall be appointed, as follows:

(a) There is one court administrator who shall be the clerk appointed by the judges of that court and who shall hold office at the pleasure of the judges of that court.

(b) The clerk may appoint:

(1) Fourteen deputy municipal court clerks I.

(2) Fifteen deputy municipal clerks II.

(3) Six deputy clerks III, M.C.

(4) Eleven deputy clerks IV, M.C.

(5) One senior secretary III, Muni Ct.

(6) Twelve student workers.

(7) Three supervising deputy clerks I, M.C.

(8) Three supervising deputy clerks II, M.C.

(9) Four assistant chief deputy clerks, M.C.

(10) One assistant court administrator who shall receive a monthly salary eight schedules less than the schedule specified for the court administrator of that court.

SEC. 26. Section 72767 of the Government Code is amended to read:

72767. In the Compton Municipal Court District, the officers and attachés shall be appointed, as follows:

(a) There is one court administrator who shall be the clerk appointed by the judges of that court and who shall hold office at the pleasure of the judges of that court.

(b) The clerk may appoint:

(1) Thirty-two deputy municipal court clerks I.

(2) Thirty deputy municipal court clerks II.

(3) Twenty deputy clerks III, M.C.

(4) Fourteen deputy clerks IV, M.C.

(5) One administrative assistant, M.C.

(6) Four assistant chief deputy clerks, M.C.

(7) One data systems analyst II, M.C.

(8) One head departmental personnel technician.

(9) Two principal clerks, Los Angeles.
(10) One senior judicial secretary, Muni Ct.
(11) One senior secretary III, Muni Ct.
(12) One student professional worker.
(13) Four student workers.
(14) Five supervising deputy clerks I, M.C.
(15) Five supervising deputy clerks II, M.C.

SEC. 45. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the

provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 912

An act to amend Section 13519 of the Penal Code, relating to peace officer training.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 13519 of the Penal Code is amended to read:

13519. (a) The commission shall implement by January 1, 1986, a course or courses of instruction for the training of law enforcement officers in California in the handling of domestic violence complaints and also shall develop guidelines for law enforcement response to domestic violence. The course or courses of instruction and the guidelines shall stress enforcement of criminal laws in domestic violence situations, availability of civil remedies and community resources, and protection of the victim. Where appropriate, the training presenters shall include domestic violence experts with expertise in the delivery of direct services to victims of domestic violence, including utilizing the staff of shelters for battered women in the presentation of training.

As used in this section, "law enforcement officer" means any officer or employee of a local police department or sheriff's office, any peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, any peace officer of the University of California Police Department, as defined in subdivision (c) of Section 830.2, or any peace officer of the California State University Police Departments, as defined in subdivision (d) of Section 830.2.

(b) The course of basic training for law enforcement officers shall, no later than January 1, 1986, include adequate instruction in the procedures and techniques described below:

(1) The provisions set forth in Title 5 (commencing with Section 13700) relating to response, enforcement of court orders, and data collection.

(2) The legal duties imposed on police officers to make arrests and offer protection and assistance including guidelines for making felony and misdemeanor arrests.

(3) Techniques for handling incidents of domestic violence that minimize the likelihood of injury to the officer and that promote the safety of the victim.

(4) The nature and extent of domestic violence.

(5) The legal rights of, and remedies available to, victims of

domestic violence.

(6) The use of an arrest by a private person in a domestic violence situation.

(7) Documentation, report writing, and evidence collection.

(8) Domestic violence diversion as provided in Chapter 2.6 (commencing with Section 1000.6) of Title 6 of Part 2.

(9) Tenancy issues and domestic violence.

(10) The impact on children of law enforcement intervention in domestic violence.

(11) The services and facilities available to victims and batterers.

(12) The use and applications of this code in domestic violence situations.

(13) Verification and enforcement of temporary restraining orders when (A) the suspect is present and (B) the suspect has fled.

(14) Verification and enforcement of stay-away orders.

(15) Cite and release policies.

(16) Emergency assistance to victims and how to assist victims in pursuing criminal justice options.

The guidelines developed by the commission shall also incorporate the foregoing factors.

(c) (1) All law enforcement officers who have received their basic training before January 1, 1986, shall participate in supplementary training on domestic violence subjects, as prescribed and certified by the commission.

(2) Except as provided in paragraph (3), the training specified in paragraph (1) shall be completed no later than January 1, 1989.

(3) The training for peace officers of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, shall be completed no later than January 1, 1992, and the training for peace officers of the University of California Police Department and the California State University Police Departments, as defined in Section 830.2, shall be completed no later than January 1, 1993.

Local law enforcement agencies are encouraged to include, as part of their advanced officer training program, periodic updates and training on domestic violence. The commission shall assist where possible.

(d) The course of instruction, the learning and performance objectives, the standards for the training, and the guidelines shall be developed by the commission in consultation with appropriate groups and individuals having an interest and expertise in the field of domestic violence. The groups and individuals shall include, but shall not be limited to, the following: one representative each from the California Peace Officers' Association, the Peace Officers' Research Association of California, the State Bar of California, the California Women Lawyers' Association, and the State Commission on the Status of Women; two representatives from the commission; two representatives from the California Alliance Against Domestic Violence; two peace officers, recommended by the commission, who are experienced in the provision of domestic violence training; and

two domestic violence experts, recommended by the California Alliance Against Domestic Violence, who are experienced in the provision of direct services to victims of domestic violence. At least one of the persons selected shall be a former victim of domestic violence.

The commission, in consultation with these groups and individuals, shall review existing training programs to determine in what ways domestic violence training might be included as a part of ongoing programs.

(e) Forty thousand dollars ($40,000) is appropriated from the Peace Officers Training Fund in augmentation of Item 8120-001-268 of the Budget Act of 1984, to support the travel, per diem, and associated costs for convening the necessary experts.

CHAPTER 913

An act to add and repeal Section 39615 to the Health and Safety Code, relating to air pollution.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 39615 is added to the Health and Safety Code, to read:

39615. (a) On or before January 1, 1993, the state board, in consultation with districts, the Bureau of Automotive Repair, the Department of Transportation, and the California Highway Patrol, shall prepare and submit to the Legislature and the Governor a report which identifies actions which could be taken by state, regional, and local governments, and the private sector, to reduce air pollution from, or expedite the removal from the state's streets and highways of, high emission motor vehicles which cause or contribute to excessive air pollution. The report shall include recommendations and a plan of action and shall take into account the technical feasibility, costs, and air quality benefits which would occur as a result of the actions identified in the report, as well as the costs to people who own high emission vehicles, and what effect such a plan would have on them.

(b) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.
