CHAPTER 914

An act to add and repeal Article 16.5 (commencing with Section 8385) to Chapter 2 of Part 6 of the Education Code, relating to child care, and making an appropriation therefor.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The incidence of substance exposed children is dramatically increasing in California. The 1989 Policy Analysis for California Education (PACE) report, "Conditions of Children in California," states that 10 to 15 percent of the infants born in urban public hospitals in California are addicted to drugs or alcohol.

(b) Substance exposed children, from infancy, exhibit a variety of behavioral difficulties, including, but not limited to, attention disorders, disruptive actions, and withdrawal, as well as learning disabilities and physical symptoms from congenital abnormalities. These behavioral difficulties can stem from dysfunctional family environments, as well as prenatal substance exposure.

(c) Numerous legislative task forces, policy forums, and conferences have focused on encouraging drug free pregnancies, and intervention and treatment for substance exposed infants.

(d) The population of substance exposed children enrolled in child development programs, including infant, toddler, preschool, and schoolage programs, is increasing and it is becoming necessary to provide professional training to child development staff who serve these children.

SEC. 2. Article 16.5 (commencing with Section 8385) is added to Chapter 2 of Part 6 of the Education Code, to read:

Article 16.5. Professional Development and Training for Staff Serving Substance Exposed Children

8385. The Legislature hereby recognizes that staff employed in child development programs administered by the State Department of Education need a comprehensive professional development plan to address the needs of children exposed to drugs, including alcohol, in utero and their families that emphasizes training in day-to-day teaching and caregiving strategies for these children in a group setting. It is the intent of the Legislature, therefore, to promote establishment of professional development and training systems for all child development staff serving infant, toddler, preschool, and schoolage programs.

8385.1. The Superintendent of Public Instruction, with input

from experts in identifying and serving substance exposed children, shall design a professional staff development system to accomplish the following:

(a) Compile factual information on the conditions and behaviors of substance exposed children enrolled in child development programs.

(b) Establish a cadre of trained professionals who can identify substance exposed children who are exhibiting behavioral difficulties and who can train child development staff in teaching and caregiving methods and techniques designed for the substance exposed child.

8385.2. The superintendent shall award grants to school districts, childrens' hospitals, and county agencies, based on an application and selection process developed by the superintendent, to accomplish any or all of the following:

(a) Identify and review training materials and techniques that can be used by aides, teachers, supervisors, program directors, administrators, and other staff employed in child development programs.

(b) Perform local and regional staff development activities throughout the state to present training materials and techniques identified in subdivision (a).

(c) Provide ongoing reinforcement and support to the cadre of trained professionals established in Section 8385.1 to maintain their expertise.

(d) Conduct research to develop additional materials designed to be used with substance exposed children in child development settings as those materials are needed.

8385.3. This article shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 3. The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated to the Superintendent of Public Instruction from funds received pursuant to the federal Child Care and Development Block Grant Act of 1990, established by the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508, for the purposes of administering the grant program and providing grants pursuant to Article 16.5 (commencing with Section 8385) of Chapter 2 of Part 6 of the Education Code. Administrative costs of the superintendent shall not exceed 3 percent of this appropriation.

These funds shall be made available for professional development and training for staff employed in child development programs only to the extent that the use of these funds for these purposes is incorporated into, and approved as a part of, the state plan that is required pursuant to Section 658E(a) of the federal Child Care and Development Block Grant Act of 1990.

(b) The defendant may make the request by filing with the small claims court in which the plaintiff commenced the action, at or before the time set for the hearing of that action, a declaration stating the facts concerning the defendant's action against the plaintiff with a true copy of the complaint so filed by the defendant against the plaintiff and the sum of one dollar ($1) for a transmittal fee. The defendant shall cause a copy of the declaration and complaint to be personally delivered to the plaintiff at or before the time set for the hearing of the small claims action.

(c) Upon a showing of good cause, the court may grant the motion to vacate the judgment. If the plaintiff is not present, the court shall hear the motion in the plaintiff's absence.

(d) If the motion is granted, and if all parties are present and

agree, the court may hear the case without rescheduling it. If the plaintiff is not present, the judge or clerk shall reschedule the case and give notice in accordance with Section 116.330.

(e) If the motion is denied, the defendant may appeal to the superior court only on the denial of the motion to vacate the judgment. The defendant shall file the notice of appeal with the clerk of the small claims court within 10 days after the small claims court has mailed or delivered notice of the court's denial of the motion to vacate the judgment.

(c) The clerk of the court shall enter a satisfaction of judgment at the request of the judgment debtor if the judgment debtor either (1) establishes a rebuttable presumption of full payment under subdivision (d), or (2) establishes a rebuttable presumption of partial payment under subdivision (d) and complies with subdivision (c) of Section 116.860.

(d) A rebuttable presumption of full or partial payment of the judgment, whichever is applicable, is created if the judgment debtor files both of the following with the clerk of the court in which the judgment was entered:

with the Department of Motor Vehicles a notice requesting a suspension of the judgment debtor's privilege to operate a motor vehicle.

(b) The notice shall state that the judgment has not been satisfied, and shall be accompanied by (1) a fee set by the department, (2) the judgment of the court determining that the judgment resulted from a motor vehicle accident occurring on a California highway caused by the judgment debtor's operation of a motor vehicle, and (3) a declaration that the judgment has not been satisfied. The fee shall be used by the department to finance the costs of administering this section and shall not exceed the department's actual costs.

(c) Upon receipt of a notice, the department shall attempt to notify the judgment debtor by telephone, if possible, otherwise by certified mail, that the judgment debtor's privilege to operate a motor vehicle will be suspended for a period of 90 days, beginning 20 days after receipt of notice by the department from the judgment creditor, unless satisfactory proof, as provided in subdivision (e), is provided to the department before that date.

The judgment creditor shall mail or deliver a signed copy of the acknowledgment to the judgment debtor once the judgment is satisfied.

(e) The department shall terminate the suspension, or the suspension proceedings, upon the occurrence of any of the following:

(4) A deposit with the department of the amount of the unsatisfied judgment, if the judgment debtor presents proof, satisfactory to the department, of inability to locate the judgment creditor.

(5) At the end of 90 days.

(f) When the suspension has been terminated under subdivision (e), the action is final and may not be reinstituted. Whenever the suspension is terminated, Section 14904 of the Vehicle Code shall apply. Money deposited with the department under this section shall be handled in the same manner as money deposited under subdivision (d) of Section 16377 of the Vehicle Code.

(g) No public agency is liable for any injury caused by the suspension, termination of suspension, or the failure to suspend any

person's privilege to operate a motor vehicle as authorized by this section.

The remainder of these funds shall be used for court and court-related programs. Records of these moneys shall be available for inspection by the public on request.

(d) This section and Section 116.940 shall not be applied in any manner that results in a reduction of the level of services, or the amount of funds allocated for providing the services described in Section 116.940, that are in existence in each county during the fiscal year 1989–90. Nothing in this section shall preclude the county from procuring other funding, including state court block grants, to comply with the requirements of Section 116.940.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 1714.10 of the Civil Code is amended to read:

1714.10. (a) No cause of action against an attorney for a civil conspiracy with his or her client arising from any attempt to contest or compromise a claim or dispute, and which is based upon the attorney's representation of the client, shall be included in a complaint or other pleading unless the court enters an order allowing the pleading that includes the claim for civil conspiracy to be filed after the court determines that the party seeking to file the pleading has established that there is a reasonable probability that the party will prevail in the action. The court may allow the filing of a pleading claiming liability based upon such a civil conspiracy following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. The filing of the petition, proposed pleading, and accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

(b) Failure to obtain a court order where required by subdivision (a) shall be a defense to any action for civil conspiracy filed in violation thereof. The defense shall be raised by the party charged with civil conspiracy upon that party's first appearance by demurrer, motion to strike, or such other motion or application as may be appropriate. Failure to timely raise the defense shall constitute a waiver thereof.

(c) section shall not apply to a cause of action against an attorney for a civil conspiracy with his or her client, where (1) the attorney has an independent legal duty to the plaintiff, or (2) the attorney's acts go beyond the performance of a professional duty to serve the client and involve a conspiracy to violate a legal duty in furtherance of the attorney's financial gain.

CHAPTER 920

An act to amend Section 1795.12 of the Health and Safety Code, relating to health records.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1795.12 of the Health and Safety Code is amended to read:

1795.12. (a) Notwithstanding Section 5328 of the Welfare and Institutions Code, and except as provided in Sections 1795.14 and

1795.16, any adult patient of a health care provider, any minor patient authorized by law to consent to medical treatment, and any patient representative shall be entitled to inspect patient records upon presenting to the health care provider a written request for those records and upon payment of reasonable clerical costs incurred in locating and making the records available. However, a patient who is a minor shall be entitled to inspect patient records pertaining only to health care of a type for which the minor is lawfully authorized to consent. A health care provider shall permit this inspection during business hours within five working days after receipt of the written request. The inspection shall be conducted by the patient or patient's representative requesting the inspection, who may be accompanied by one other person of his or her choosing.

(b) Additionally, any patient or patient's representative shall be entitled to copies of all or any portion of the patient records which he or she has a right to inspect, upon presenting a written request to the health care provider specifying the records to be copied, together with a fee to defray the cost of copying, which shall not exceed twenty-five cents ($0.25) per page or fifty cents ($0.50) per page for records that are copied from microfilm and any additional reasonable clerical costs incurred in making the records available. The health care provider shall ensure that the copies are transmitted within 15 days after receiving the written request.

(c) Copies of X-rays or tracings derived from electrocardiography, electroencephalography, or electromyography need not be provided to the patient or patient's representative under this section, if the original X-rays or tracings are transmitted to another health care provider upon written request of the patient or patient's representative and within 15 days after receipt of the request. The request shall specify the name and address of the health care provider to whom the records are to be delivered. All reasonable costs, not exceeding actual costs, incurred by a health care provider in providing copies pursuant to this subdivision may be charged to the patient or representative requesting the copies.

(d) This section shall not be construed to preclude a health care provider from requiring reasonable verification of identity prior to permitting inspection or copying of patient records, provided this requirement is not used oppressively or discriminatorily to frustrate or delay compliance with this section. Nothing in this division shall be deemed to supersede any rights which a patient or representative might otherwise have or exercise under Section 1158 of the Evidence Code or any other provision of law. Nothing in this division shall require a health care provider to retain records longer than required by applicable statutes or administrative regulations.

(e) This division shall not be construed to render a health care provider liable for the quality of his or her records or the copies provided in excess of existing law and regulations with respect to the quality of medical records. A health care provider shall not be liable to the patient or any other person for any consequences which result

from disclosure of patient records as required by this division. A health care provider shall not discriminate against classes or categories of providers in the transmittal of X-rays or other patient records, or copies of these X-rays or records, to other providers as authorized by this section.

Every health care provider shall adopt policies and establish procedures for the uniform transmittal of X-rays and other patient records that effectively prevent the discrimination described in this subdivision. A health care provider may establish reasonable conditions, including a reasonable deposit fee, to ensure the return of original X-rays transmitted to another health care provider, provided the conditions do not discriminate on the basis of, or in a manner related to, the license of the provider to which the X-rays are transmitted.

(f) Any health care provider described in paragraphs (4) to (10), inclusive, of subdivision (a) of Section 1795.10 who willfully violates this division is guilty of unprofessional conduct. Any health care provider described in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 1795.10 that willfully violates this division is guilty of an infraction punishable by a fine of not more than one hundred dollars ($100). The state agency, board, or commission which issued the health care provider's professional or institutional license shall consider a violation as grounds for disciplinary action with respect to the licensure, including suspension or revocation of the license or certificate.

(g) This section shall be construed as prohibiting a health care provider from withholding patient records or summaries of patient records because of an unpaid bill for health care services. Any health care provider who willfully withholds patient records or summaries of patient records because of an unpaid bill for health care services shall be subject to the sanctions specified in subdivision (f).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(f) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of

Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(g) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (h).

(h) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(i) Any person convicted of a violation of Section 656.2 or 656.3

shall be punished by a fine of not more than ten thousand dollars ($10,000) or imprisonment in the state prison or in the county jail for not to exceed more than one year, or by both that fine and imprisonment.

(j) Any person convicted of a violation of Section 658.5 shall be punished by a fine of not more than one hundred dollars ($100).

9875. Except as provided in Section 40000.8, any person who violates any provision of this chapter or any rule or regulation of the department adopted pursuant to this chapter is guilty of an infraction, punishable under Section 42001.

SEC. 7. Section 40000.8 of the Vehicle Code is amended to read:

40000.8. A violation of any of the following provisions is a misdemeanor, and not an infraction:

Section 9872, relating to the registration of vessels.

Section 9872.1, relating to unidentified vessels.

SEC. 8. Section 4 of this bill incorporates amendments to Section 668 of the Harbors and Navigation Code proposed by both this bill and SB 515. It shall only become operative if, (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 668 of the Harbors and Navigation Code, and (3) this bill is enacted after SB 515, in which case Section 3 of this bill shall not become operative.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SECTION 1. Section 668 of the Harbors and Navigation Code, as added by Section 12 of Chapter 1114 of the Statutes of 1989, is

amended to read:

668. (a) Any person who violates Section 652, 654, 654.05, 654.06, 655.2, 655.3, 659, or 663.6, or any regulations adopted by the department pursuant thereto, is guilty of a misdemeanor and shall be punished by a fine of not to exceed one hundred dollars ($100) or imprisonment in the county jail for not to exceed five days, or both, for each violation.

(b) Any person who violates subdivision (a) or (b) of Section 658 is guilty of a misdemeanor and shall be punished by a fine of not to exceed two hundred dollars ($200) for each violation.

(c) Any person who violates Section 652.5, subdivision (a) of Section 655, Sections 655.05, 656, or 656.1, subdivision (d) or (e) of Section 658, or any rules and regulations adopted by the department pursuant to subdivision (b) or (c) of Section 660, is guilty of a misdemeanor and shall be punished by a fine of not to exceed one thousand dollars ($1,000) or imprisonment in the county jail for not to exceed six months, or both, for each violation.

(d) Any person convicted of a first violation of subdivision (b), (c), (d), or (e) of Section 655, or of a violation of Section 655.4, shall be punished by a fine of not to exceed one thousand dollars ($1,000) or imprisonment in the county jail for not to exceed six months, or both. If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, an alcohol or drug education , training, or treatment program, in addition to imposing any penalties required by this code. In order to enable all persons to participate in licensed programs, every person referred to a program licensed pursuant to Section 11836 of the Health and Safety Code shall pay that program's costs commensurate with that person's ability to pay as determined by Section 11837.4 of the Health and Safety Code.

(e) Any person convicted of a second or subsequent violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of the first conviction of any of those subdivisions or subdivision (f) of Section 655, or any person convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of a separate conviction of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or a separate conviction of Section 23152 or 23153 of the Vehicle Code or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, shall be punished by a fine of not to exceed one thousand dollars ($1,000) or imprisonment in the county jail for not to exceed one year, or both. If probation is granted, the court may, as a condition of probation, require the person to do either of the following, if available in the county of the person's residence or employment:

(1) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with

Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(f) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person's county of residence or employment, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(g) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c)

of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(h) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (i).

(i) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(j) Any person convicted of a violation of Section 656.2 or 656.3 shall be punished by a fine of not to exceed ten thousand dollars ($10,000) or imprisonment in the state prison or in the county jail for not to exceed one year, or both.

(k) Any person convicted of a violation of Section 658.5 shall be punished by a fine of not to exceed one hundred dollars ($100).

In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(e) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). (f) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two

hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. (j) Any person convicted of a violation of Section 658.5 shall be punished by a fine of not more than one hundred dollars ($100).

SEC. 3. Section 2 of this bill incorporates amendments to Section 668 of the Harbors and Navigation Code proposed by both this bill and AB 1201. It shall only become operative if, (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 668 of the Harbors and Navigation Code, and (3) this bill is enacted after AB 1201, in which case Section 1 of this bill shall not become operative.

SEC. 4. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of an alcoholic beverage or under the combined influence of an alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least 18 months in a program designed to offer alcohol services to problem drinkers that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol or drug education and counseling services program pursuant to Section 23161 of the Vehicle Code, or, pursuant to Section 23166, 23171, 23176, 23181, 23186, or 23191 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter.

(c) The court may, as a condition of probation, refer a first offender to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code to attend all of the education, group counseling,

and interview sessions described in Sections 9834, 9836, and 9838 of Title 9 of the California Code of Regulations if ordered to participate in six, nine, or 12 months of program activities. Notwithstanding Section 13352.5 of the Vehicle Code, if a first offender is referred to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code, that person may participate in a program if convicted of another offense punishable under Section 23165 or 23185 of the Vehicle Code.

(d) The court may, subject to Sections 11837.2, 11837.3, and 11838.2 and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in subdivision (e) of Section 9838 of Title 9 of the California Administrative Code, if there is no increase in the costs of the program to the convicted person.

(e) As used in this chapter, except as provided in subdivision (b) for violations of Section 668 of the Harbors and Navigation Code, "program" means a program which has been recommended by the county board of supervisors to the department and possesses a valid license issued by the department.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 924

An act to add and repeal Chapter 5.6 (commencing with Section 51020) of Part 1 of Division 1 of Title 5 of the Government Code, relating to oil refineries.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.6 (commencing with Section 51020) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 5.6. CALIFORNIA OIL REFINERY AND CHEMICAL PLANT SAFETY PREPAREDNESS ACT OF 1991

51020. This chapter shall be known, and may be cited, as the California Oil Refinery and Chemical Plant Safety Preparedness Act of 1991.

51020.5. The Legislature finds and declares both of the following:

(a) Because of the potentially hazardous nature of the handling of large quantities of chemicals, and because of recent accidents involving chemical handling in other states, a greater effort is required to ensure that communities located near these facilities receive the best achievable protection which the local public fire service and other local public health and safety agencies, including, but not limited to, city and county health departments, can provide in the event of a catastrophic release of hazardous chemicals, of fire, or of explosion.

(b) Substantial legislative action has already been taken to prevent catastrophic releases of hazardous chemicals, fires, and explosions. These statutes include, but are not limited to, Chapter 6.95 (commencing with Section 25500) of Division 20 of the Health and Safety Code, pertaining to hazardous materials release response plans and inventory, risk management and prevention programs, and the California Refinery and Chemical Plant Worker Safety Act of 1990 contained in Part 7.5 (commencing with Section 7850) of Division 5 of the Labor Code. However, some steps may remain to be taken to eliminate duplication of, and resolve inconsistencies between, existing statutes and to determine where additional protection or prevention is needed.

51021. It is the intent of the Legislature, in enacting this chapter, to do both of the following:

(a) Encourage additional cooperation and coordination between local public health and safety agencies with special emphasis on both of the following:

(1) Local public fire services, because it has the primary

responsibility for protecting human life and property when catastrophic releases of hazardous chemicals, fires, or explosions occur.

(2) Operators of oil refineries and chemical plants, in order to help prevent, and if necessary, to control or mitigate, the effects of these occurrences.

(b) Minimize administrative costs necessary to carry out this act so that maximum funding shall be available to support other purposes of the act such as grants to local agencies.

(c) Nothing contained in this chapter shall be construed to grant any additional regulatory control or authority to preempt local governmental control or to amend any existing local governmental ordinance or state statute or regulation.

51021.5. As used in this chapter, the following definitions apply:

(a) "Acutely hazardous material" means any chemical designated an extremely hazardous substance which is listed in Appendix A to Part 355 of Subchapter J of Chapter I of Title 40 of the Code of Federal Regulations.

51024. (a) On or before July 1, 1993, the committee shall establish a list of priority programs, including, but not limited to, financial, technical, and training assistance to aid local public fire service and other public health and safety agencies, providing service to jurisdictions containing oil refineries and chemical plants, and preparation for potential catastrophic releases of acutely hazardous material, for fires, and for explosions. (b) As an alternative to the suspension, revocation, alteration, or amendment of an operating right or certificate, the commission may impose upon the holder a fine not to exceed five thousand dollars ($5,000). The commission may assess interest upon any fine imposed, the interest to commence upon the day the payment of the fine is delinquent. All fines and interest collected shall be deposited at least once each month in the Public Utilities Commission Transportation Reimbursement Account in the General Fund.

(c) For purposes of this section, "good cause" includes, but is not limited to, either of the following:

(1) A consistent failure of the holder of the operating right or certificate to maintain vehicles in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety, as shown by the records of the commission, the Department of Motor Vehicles, the Department of the California Highway Patrol, or the passenger stage corporation.

1033.7. (a) Upon receipt of a written recommendation from the Department of the California Highway Patrol that the certificate of a passenger stage corporation be suspended either (1) for failure to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, if that failure is either a consistent failure or presents an imminent danger to public safety, or (2) for failure to comply with the pull notice system or periodic

report requirements required by Section 1808.1 of the Vehicle Code, the commission shall, pending a hearing in the matter pursuant to subdivision (d), suspend the corporation's certificate. The department's written recommendation shall specifically indicate compliance with subdivision (c).

(b) A corporation whose certificate is suspended pursuant to subdivision (a) may obtain a reinspection of its terminal and vehicles by the department, by submitting a written request for reinstatement to the commission and paying a reinstatement fee of one hundred twenty-five dollars ($125). The department's written recommendation shall specifically indicate compliance with subdivision (c).

(b) A corporation whose certificate is suspended pursuant to subdivision (a) may obtain a reinspection of its terminal and vehicles by the department, by submitting a written request for reinstatement to the commission and paying a reinstatement fee of one hundred twenty-five dollars ($125). SEC. 9.5. Section 5378.5 of the Public Utilities Code is amended to read:

5378.5. (a) Upon receipt of a written recommendation from the Department of the California Highway Patrol that the certificate or permit of a charter-party carrier be suspended either (1) for failure to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety if that failure is either a consistent failure or presents an imminent danger to public safety,

The department's written recommendation shall specifically indicate compliance with subdivision (b).

(b) Before transmitting a recommendation pursuant to subdivision (a) to the commission, the Department of the California Highway Patrol shall notify the applicant for the charter-party carrier certificate or permit of all of the following in writing:

(i) Any person who is a "lessor" as defined in Section 372.

(j) Any person who is a "renter" as defined in Section 508.

(k) Any "salvage pool" as defined in Section 543.

SEC. 16. Section 1804 of the Vehicle Code, as amended by Section 2 of Chapter 1360 of the Statutes of 1990, is amended to read:

1804. (a) The abstract shall be made upon a form furnished or approved by the department and shall contain all necessary information to identify the defendant, including, but not limited to, the person's driver's license number, name, and date of birth, the date and nature of the offense, the vessel number, if any, of the vessel involved in the offense, the license plate number of the vehicle involved in the offense, the date of hearing, and the judgment. The abstract shall also indicate whether the vehicle involved in the offense is a commercial motor vehicle, as defined in subdivision (b) of Section 15210, whether the vehicle was of a type requiring the driver to have a certificate issued pursuant to Section 2512, 12517,

12519, 12523, or 12523.5 or any endorsement issued pursuant to paragraph (2) or (4) of subdivision (a) of Section 15278, and whether the vehicle was transporting hazardous material at the time of the offense, or whether the vessel involved in the offense was a recreational vessel, as defined in subdivision (y) of Section 651 of the Harbors and Navigation Code.

The information shall not be released to any other public or private agency, except for research and statistical summary purposes and, for those purposes, the name and address of the person and any other identifying information shall not be disclosed.

(c) The Legislature finds and declares that blood-alcohol percentages have valuable research potential in providing statistical summary information on impaired drivers but that a specific blood-alcohol percentage is only an item of evidence for purposes of criminal and licensing sanctions imposed by law. The Legislature recognizes that the accuracy of the determination of a specific blood-alcohol percentage is not the critical determination in a conviction for driving under the influence of an alcoholic beverage if the blood-alcohol percentage exceeds the statutory amount.

(d) This section shall become operative on January 1, 1992.

SEC. 17. Section 1808.1 of the Vehicle Code is amended to read:

1808.1. For purposes of this subdivision, a report is current if it was issued less than 30 days prior to the date the employer employs the driver. The report shall be reviewed, signed, and dated by the employer and maintained at the employer's place of business until receipt of the pull notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to any authorized member of the California Highway Patrol during regular business hours.

class 1, class 2, class A, or class B driver's license, class C license with an endorsement issued pursuant to paragraph (4) of subdivision (a) of Section 15278, or a certificate issued pursuant to Section 2512, 12517, 12519, 12523, or 12523.5, shall make a request to the department to participate in a pull notice system, which is a process for the purpose of providing the employer with a report showing the driver's current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver's license suspensions, driver's license revocations, or any other actions taken against the driving privilege or certificate, added to the driver's record while the employer's notification request remains valid and uncanceled.

(c) The employer of a driver of a vehicle requiring a class 1 or class 2 driver's license, or a class 3 driver's license requiring a certificate issued pursuant to Section 2512, 12517, 12519, 12523, or 12523.5 or a class A or class B driver's license, or a class C driver's license with a hazardous material endorsement, shall, additionally, obtain a periodic report from the department at least every six months, except that an employer who enrolls more than 500 drivers in the pull notice system under a single requester code shall obtain a report at least every 12 months. The employer shall verify that each employee's driver's license has not been suspended or revoked, the employee's traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the employer and maintained at the employer's principal place of business. The reports shall be presented upon demand to any authorized representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver's employment, the employer may notify the department to cancel any reports required by this section.

(e) For the purposes of the pull notice system and periodic report process required by subdivisions (b) and (c), owners, other than owner-operators as defined in Section 3557 of the Public Utilities Code, and employers who drive vehicles described in subdivisions (b) and (c), shall be enrolled as if they were employees. Family members and volunteer drivers who drive vehicles described in subdivisions (b) and (c) shall also be enrolled as if they were employees.

(f) An employer who, after receiving any driving record pursuant to this section, employs or continues to employ as a driver any person against whom a disqualifying action has been taken regarding his or her driving privilege or required driver's certificate, is guilty of a public offense, and upon conviction thereof, shall be punished by imprisonment in the county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. No funds shall be allocated under Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator which the Department of the California Highway Patrol has not certified under this section.

(h) A request to participate in the pull notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. Any employer who qualifies under Section 1812 shall be exempt from any fee required under this section. Failure to pay the fee shall result in automatic cancellation of the employer's participation in the notification services.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports in subdivision (c) to employers on a regular basis without the need for individual requests.

(j) This section shall not be construed to change the definition of "employer," "employee," or "independent contractor" for any other purpose.

(k) The employer of a driver who is employed as a casual driver is not required to enter that driver's name in the pull notice system, as otherwise required by subdivision (a). However, the employer of a casual driver shall be in possession of a report of the driver's current public record as recorded by the department, prior to allowing a casual driver to drive a vehicle requiring a class 1, class 2, class A, class B or class C driver's license with a hazardous materials endorsement, or a certificate issued pursuant to Section 2512, 12517, 12519, 12523, or 12523.5. A report is current if it was issued less than six months prior to the date the employer employs the driver. As used in this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. For purposes of this subdivision, "casual driver" does not include any driver who operates a vehicle that requires a passenger transportation endorsement.

(b) It is an infraction for any person to operate any motor vehicle in violation of any provision of a regulation adopted pursuant to this section.

The extent of the penalties shall be based on the nature of the violation and effect of the violation on the purposes of this article. (g) Whether the applicant, within the last three years, has experienced, on one or more occasions, either a lapse of consciousness or an episode of marked confusion caused by any condition which may bring about recurrent lapses, or whether the applicant has any disease, disorder, or disability which affects ability to exercise reasonable and ordinary control in operating a motor vehicle upon a highway.

The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. (c) No driver's license or driver certificate shall be valid for operating any commercial motor vehicle, as defined in subdivision (b) of Section 15210, any other motor vehicle defined in paragraph (1) or (2) of subdivision (b), or any other vehicle requiring a driver to hold any driver certificate or any driver's license endorsement under Section 15275, unless a medical certificate approved by the department, the Federal Highway Administration, or the Federal Aviation Administration, which has been issued within two years of the date of the operation of that vehicle, is within the licensee's immediate possession, and a copy of the medical examination report from which the certificate was issued is on file with the department. Otherwise the license shall be valid only for operating class C vehicles which are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, which are not commercial vehicles, as defined in subdivision (b) of Section 15210.

(d) A license or driver certificate issued prior to the enactment of Chapter 7 (commencing with Section 15200) shall be valid to operate the class or type of vehicles specified under the law in existence prior to that enactment until the license or certificate expires or is otherwise suspended, revoked, or canceled.

(e) The department may accept a certificate of driving skill that is issued by an employer, authorized by the department to issue a certificate under Section 15250, of the applicant, in lieu of a driving test, on class A or B applications, if the applicant has first qualified for a class C license and has met the other examination requirements for the license for which he or she is applying. The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in

lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) (1) Notwithstanding subdivision (b), until December 31, 1993, any person holding a valid California driver's license of any class may operate a motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M1 or M2 endorsement on that license.

(2) Notwithstanding subdivision (b), any person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this paragraph, "short-term" means 48 hours or less.

(h) No person under the age of 21 years shall be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(i) Drivers of vanpool vehicles, may operate with class C licenses, but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been convicted of reckless driving, drunk driving, or a hit and run offense in the last five years.

(j) During the implementation of this section, from January 1, 1989, through December 31, 1992, provisions of this code pertaining to persons holding class 1, 2, 3, or 4 licenses pursuant to Section 12804, shall apply to persons holding class A, B, C, M1, or M2 licenses pursuant to this section, to the extent that class A, B, C, M1, or M2 vehicles under this section fall within the definition of class 1, 2, 3, or 4 vehicles under Section 12804.

(k) A class M license issued between January 1, 1989, and December 31, 1992, shall permit the holder to operate any motorcycle, motor-driven cycle, or motorized bicycle until the expiration of the license.

(*l*) The amendments made to paragraph (2) of subdivision (a) by Chapter 1270 of the Statutes of 1989 shall become operative only after federal regulations are adopted which permit physician's assistants and nurse practitioners to complete the physicals described in that paragraph.

(m) This section shall remain in effect only until January 1, 1994, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 20. Section 12810.5 of the Vehicle Code is amended to read:

12810.5. (a) Except as otherwise provided in subdivision (b), any

person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months, or eight or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle. In applying this subdivision to a driver, if the person requests and appears at a hearing conducted by the department, the department shall give due consideration to the amount of use or mileage traveled in the operation of a motor vehicle.

(b) (1) Any class 1, class 2, class A, or class B licensed driver, except persons holding certificates pursuant to Section 2512, 12517, 12519, 12519.5, 12523, or 12523.5, or an endorsement issued pursuant to paragraph (2) or (4) of subdivision (a) of Section 15278, who is presumed to be a negligent operator pursuant to subdivision (a), and who requests and appears at a hearing and is found to have a driving record violation point count of six or more points in 12 months, eight or more points in 24 months, or 10 or more points in 36 months is presumed to be a prima facie negligent operator. However, the higher point count shall not apply if the department reasonably determines that four or more points in 12 months, six or more points in 24 months, or eight or more points in 36 months are attributable to the driver's operation of a vehicle requiring only a class 3 or class C license, and not requiring a certificate or endorsement, or a class 4 or class M license.

(2) For purposes of this subdivision, each point assigned pursuant to Section 12810 shall be valued at one and one-half times the value otherwise required by that section for each violation reasonably determined by the department to be attributable to the driver's operation of a vehicle requiring a class 1 or class 2 or class A or class B license, or requiring any certificate or endorsement described in this section.

(c) The department may require a negligent operator whose driving privilege is suspended or revoked pursuant to this section to submit proof of financial responsibility as defined in Section 16430. The proof of financial responsibility shall be filed on or before the date of reinstatement following the suspension or revocation. The proof of financial responsibility shall be maintained with the department for three years following that date of reinstatement.

(d) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute which is enacted before January 1, 1993, deletes or extends that date.

12810.5. (a) Except as otherwise provided in subdivision (b), any person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months, or eight or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle. In applying this subdivision to a driver, if the person requests and appears at a hearing conducted by the department, the department shall give due consideration to the amount of use or mileage traveled in the operation of a motor

vehicle.

(b) (1) Any class 1, class 2, class A, or class B licensed driver, except persons holding certificates pursuant to Section 2512, 12517, 12519, 12523, or 12523.5, or an endorsement issued pursuant to paragraph (2) or (4) of subdivision (a) of Section 15278, who is presumed to be a negligent operator pursuant to subdivision (a), and who requests and appears at a hearing and is found to have a driving record violation point count of six or more points in 12 months, eight or more points in 24 months, or 10 or more points in 36 months is presumed to be a prima facie negligent operator. However, the higher point count shall not apply if the department reasonably determines that four or more points in 12 months, six or more points in 24 months, or eight or more points in 36 months are attributable to the driver's operation of a vehicle requiring only a class 3 or class C license, and not requiring a certificate or endorsement, or a class 4 or class M license.

(2) For purposes of this subdivision, each point assigned pursuant to Section 12810 shall be valued at one and one-half times the value otherwise required by that section for each violation reasonably determined by the department to be attributable to the driver's operation of a vehicle requiring a class 1 or class 2 or class A or class B license, or requiring any certificate or endorsement described in this section.

(c) The department may require a negligent operator whose driving privilege is suspended or revoked pursuant to this section to submit proof of financial responsibility, as defined in Section 16430, on or before the date of reinstatement following the suspension or revocation. The proof of financial responsibility shall be maintained with the department for three years following that date of reinstatement.

(d) This section shall become operative on January 1, 1993.

SEC. 22. Section 12811 of the Vehicle Code is amended to read:

12811. (a) When the department determines that the applicant is lawfully entitled to a license, it shall issue to the person a driver's license as applied for. The license shall state the class of license for which the licensee has qualified and shall contain the distinguishing number assigned to the applicant, the date of expiration, the name, age, and mailing address of the licensee, a brief description and engraved picture or photograph of the licensee for the purpose of identification, and space for the signature of the licensee.

Each license shall also contain a space for the endorsement of a record of each suspension or revocation thereof.

The department shall use whatever process or processes, in the issuance of engraved or colored licenses, that prohibit, as near as possible, the ability to alter or reproduce the license, or prohibit the ability to superimpose a picture or photograph on the license without ready detection.

(b) The department shall provide a form which may be carried with the license by which the licensee may indicate his or her

willingness and intent to make an anatomical gift or his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code and the date that a pacemaker has been implanted. The form provided shall contain a statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code). To be effective, the statement shall be signed by the licensee. If the licensee cannot sign, the statement may be signed for the licensee at his or her direction and in his or her presence in the presence of two witnesses who shall sign the statement in his or her presence. The gift shall become effective upon the death of the licensee.

(c) No public entity or employee is liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the sticker provided pursuant to subdivision (b).

(d) No contract shall be let to any nongovernmental entity for the processing of drivers' licenses, unless the department receives two or more qualified bids from independent, responsible bidders.

SEC. 23. Section 12811.1 of the Vehicle Code is amended to read:

12811.1. (a) Upon the applicant's request, the department shall issue an adhesive backed medical information card which contains a format permitting the licensee to specify blood type, allergies, past or present medical problems, any medication being taken, the name of the licensee's doctor, the person to notify in case of an emergency, and whether the licensee is under a doctor's care.

(b) The medical information card, which shall be a different color than the anatomical gift card authorized by Section 12811, shall be the same size as a driver's license.

(a) Except as otherwise provided in subdivision (b), every identification card shall expire, unless canceled earlier, on the sixth birthday of the applicant following the date of application for the identification card. Renewal of any identification card, other than a senior citizen identification card, shall be made for a term which shall expire on the sixth birthday of the applicant following expiration of the identification card renewed, unless surrendered earlier. Any application for renewal received after 90 days after expiration of the identification card, including a senior citizen identification card, shall be considered the same as an application for an original identification card. The department shall, at the end of six years and six months after the issuance or renewal of an identification card, other than a senior citizen identification card, destroy any record of the card if it has expired and has not been renewed.

(b) Every senior citizen identification card issued pursuant to subdivision (b) of Section 13000 shall expire, unless canceled earlier, on the 10th birthday of the applicant following the date of application

for the identification card. Renewal of any senior citizen identification card shall be made for a term which shall expire on the 10th birthday of the applicant following expiration of the senior citizen identification card renewed, unless surrendered earlier. The department shall, at the end of 10 years and six months after the issuance or renewal of a senior citizen identification card, destroy any record of the card if it has expired and has not been renewed.

(c) An identification card may be issued to a person in exchange for the person's driver's license which is surrendered to the department for either of the following reasons:

(1) The person has a physical or mental condition and requests cancellation of the driver's license.

(2) The department has revoked the person's driving privilege based on the person's physical or mental condition.

That card shall be issued without the payment of any additional fee.

SEC. 26. Section 13005 of the Vehicle Code is amended to read:

13005. (a) The identification card shall resemble in appearance, so far as is practicable, a driver's license issued pursuant to this code. It shall adequately describe the applicant, bear his or her picture, and be produced in color or engraved by a process or processes that prohibit as near as possible, the ability to alter or reproduce the identification card, or prohibit the ability to superimpose a picture or photograph on the identification card without ready detection.

(b) With every identification card, the department shall provide a form which may be carried with the identification card by which the cardholder may indicate his or her willingness and intent to make an anatomical gift or his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code and the date the pacemaker has been implanted. The form provided shall contain a statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code). To be effective, the statement shall be signed by the holder of the card. If the holder of the card cannot sign, the statement may be signed for the cardholder at his or her direction and in his or her presence in the presence of two witnesses who shall sign the statement in his or her presence. The gift shall become effective upon the death of the holder of the card.

(b) The regulations adopted pursuant to Section 34501 shall establish the following exceptions to subdivision (a):

(1) A driver may be permitted or required to drive for more than the number of hours specified in subdivision (a) if the excess hours are due to snow, sleet, fog, or other adverse conditions of weather, road, or traffic. This extended driving period shall be permitted even though the adverse conditions were known before the trip began.

(1) The registered owner leases the vehicle to another person for a term of more than four months. If the lease is for more than four months, the lessee is the motor carrier.

(2) The registered owner operates the vehicle exclusively under the authority and direction of another person. If the operation is exclusively under the authority and direction of another person, that other person may assume the responsibilities as the motor carrier. If not so assumed, the registered owner is the motor carrier.

(b) Each motor carrier who, in this state, directs the operation of, or maintains, any vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where vehicles can be inspected by the department pursuant to paragraph (3) of subdivision (a) of Section 34501 and where vehicle inspection and maintenance records and driver records will be made available for inspection.

(c) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515 of any motor carrier who, at any time, operates any vehicle described in subdivision (a).

As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,100 pounds, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste hauler registration is required pursuant to Section 25163 of the Health and Safety Code. (d) (1) It is the responsibility of the motor carrier to schedule with the department the inspection required by subdivision (c). The motor carrier shall submit an application form supplied by the department, accompanied by the required fee. The fee, which is nonrefundable, is four hundred dollars ($400) per terminal, except in the case of an owner-operator, as defined in Section 3557 of the Public Utilities Code, or a nonregulated motor carrier who owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles described in subdivision (a),

(b), (d), (e), (f), or (g) of Section 34500, for which the fee shall be one hundred dollars ($100). Federal, state, and local public entities are exempt from the fee requirements of this section.

(2) The inspection term for each inspected terminal of a motor carrier shall expire 25 months from the date the terminal receives a satisfactory compliance rating, as specified in subdivision (g), and every 25 months thereafter. Applications and fees for subsequent inspections shall be submitted not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(3) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(e) It is unlawful for a motor carrier to operate any vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by paragraph (2) of subdivision (b).

(f) On and after July 1, 1992, it is unlawful for any motor carrier to operate any vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (a) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(g) Any inspected terminal which does not receive a satisfactory compliance rating is required to be reinspected within 90 days after the issuance of an unsatisfactory compliance rating. Each application for reinspection under this subdivision shall be accompanied by the fee, which is nonrefundable, specified in paragraph (1) of subdivision (d) and shall be filed within 60 days of issuance of the unsatisfactory compliance rating. If a motor carrier's Public Utilities Commission operating authority was suspended as a result of an unsatisfactory compliance rating, the department shall conduct no reinspection until requested to do so by the Public Utilities Commission.

(h) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period not to exceed six months the inspection terms beginning prior to July 1, 1990.

(i) The department shall report to the Legislature not later than

September 1, 1991, on the mandates of the California Commercial Motor Vehicle Safety Act of 1988 and the mandates of Section 34514. The department shall recommend any program adjustments that may be desirable, and shall report on any fee adjustments that may be required to fully fund biennial terminal inspections of all California truck terminals. The department shall also consider the feasibility of implementing an incentive program which would benefit truck operators with excellent safety records.

SEC. 34. Section 34505.1 of the Vehicle Code is amended to read:

34505.1. (a) Upon determining that a tour bus operator has either (1) failed to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, and, in the department's opinion, that failure presents an imminent danger to public safety or constitutes such a consistent failure as to justify a recommendation to the Public Utilities Commission or the Interstate Commerce Commission or (2) failed to enroll all drivers in the pull notice system as required by Section 1808.1, the department shall recommend to the Public Utilities Commission or the Interstate Commerce Commission that the carrier's operating authority be suspended, denied, or revoked, whichever is appropriate. For purposes of this subdivision, two consecutive unsatisfactory compliance ratings for an inspected terminal assigned because the tour bus operator failed to comply with the periodic report requirements of Section 1808.1 or the cancellation of the operator's enrollment by the Department of Motor Vehicles for nonpayment of required fees is a consistent failure. However, when recommending denial of an application for new or renewal authority, the department need not conclude that the carrier's failure presents an imminent danger to public safety or that it constitutes a consistent failure. The department need only conclude that the carrier's compliance with the safety-related matters described in paragraph (1) of subdivision (a) is sufficiently unsatisfactory to justify a recommendation for denial. The department shall retain a record, by operator, of every recommendation made pursuant to this section.

(b) Before transmitting a recommendation pursuant to subdivision (a), the department shall notify the carrier in writing of all of the following:

(1) That the department has determined that the carrier's safety record is unsatisfactory, furnishing a copy of any documentation or summary of any other evidence supporting the determination.

(2) That the determination may result in a suspension, revocation, or denial of the carrier's operating authority by the California Public Utilities Commission or the Interstate Commerce Commission.

(3) That the carrier may request a review of the determination by the department within five days of its receipt of the notice required under this subdivision. If a review is requested by the carrier, the

department shall conduct and evaluate that review prior to transmitting any notification pursuant to subdivision (a).

SEC. 35. Section 34505.6 of the Vehicle Code is amended to read:

34505.6. (a) Upon determining that a motor carrier operating any vehicle described in subdivision (a), (b), (d), (e), (f), or (g) of Section 34500 has either (1) failed to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, and, in the department's opinion, that failure presents an imminent danger to public safety or constitutes such a consistent failure as to justify a recommendation to the Public Utilities Commission or the Interstate Commerce Commission, or (2) failed to enroll all drivers in the pull notice system as required by Section 1808.1, the department shall recommend to the Public Utilities Commission or the Interstate Commerce Commission that the carrier's operating authority be suspended, denied, or revoked, whichever is appropriate. For purposes of this subdivision, two consecutive unsatisfactory compliance ratings for an inspected terminal assigned because the motor carrier failed to comply with the periodic report requirements of Section 1808.1 or the cancellation of the carrier's enrollment by the Department of Motor Vehicles for nonpayment of required fees is a consistent failure. The department shall retain a record, by operator, of every recommendation made pursuant to this section.

(b) Before transmitting a recommendation pursuant to subdivision (a), the department shall notify the carrier in writing of all of the following:

(1) That the department has determined that the carrier's safety record is unsatisfactory, furnishing a copy of any documentation or summary of any other evidence supporting the determination.

(2) That the determination may result in a suspension, revocation, or denial of the carrier's operating authority by the California Public Utilities Commission or the Interstate Commerce Commission.

(3) That the carrier may request a review of the determination by the department within five days of its receipt of the notice required under this subdivision. If a review pursuant to this paragraph is requested by the carrier, the department shall conduct and evaluate that review prior to transmitting any notification pursuant to subdivision (a).

SEC. 36. Section 34506 of the Vehicle Code is amended to read:

(g) Subdivision (a) of Section 34501.3, relating to unlawful scheduling of runs by motor carriers.

(h) Subdivision (g) of Section 34506, relating to school pupil activity buses.

SEC. 39. Section 42001.2 of the Vehicle Code is amended to read:

42001.2. (a) Every person convicted of an infraction for a violation of Section 27153.5 with a motor vehicle having a manufacturer's maximum gross vehicle weight rating of 6,001 or more pounds shall be punished by a fine for the first offense of not less than two hundred fifty dollars ($250) and not more than two thousand five hundred dollars ($2,500), and for a second or subsequent offense within one year of not less than five hundred dollars ($500) and not more than five thousand dollars ($5,000).

(b) Every person convicted of an infraction for a second or subsequent violation of Section 27153, or a second or subsequent violation of 27153.5, with a motor vehicle having a manufacturer's maximum gross vehicle weight rating of less than 6,001 pounds, shall be punished by a fine of not less than one hundred dollars ($100) nor more than two hundred fifty dollars ($250).

(c) Notwithstanding Section 40616, the penalties in subdivision (b) apply when a person is guilty of willfully violating a written

promise to correct, or willfully failing to deliver proof of correction, as prescribed in Section 40616, when an offense described in subdivision (b) was the violation for which the notice to correct was issued and the person was previously convicted of the same offense, except that costs of repair shall be limited to those specified in Section 44017 of the Health and Safety Code.

(d) Revenues collected from fines and forfeitures imposed under this section shall be allocated as follows: 15 percent to the court, 10 percent to the prosecuting agency, 25 percent to the enforcement agency, except the Department of the California Highway Patrol, and 50 percent to the air quality management district or air pollution control district in which the infraction occurred, to be used for programs to regulate or control emissions from vehicular sources of air pollution. If the enforcement agency is the Department of the California Highway Patrol, the revenues shall be allocated 50 percent to the prosecuting agency, and 50 percent to the district in which the infraction occurred. If no prosecuting agency is involved, 25 percent shall be allocated to the court.

(e) For the purposes of subdivisions (a), (b), and (c), a second or subsequent offense does not include an offense involving a different motor vehicle.

SEC. 40. Section 1 of Chapter 273 of the Statutes of 1991 is amended to read:

SECTION 1. The Legislature finds and declares all of the following:

(a) Pursuant to Article 6 (commencing with Section 53100) of Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, various local agencies and the Department of the California Highway Patrol working in conjunction with public utility telephone corporations have established local emergency telephone systems utilizing 911 as a primary access number.

(b) In recent years, domestic public land cellular radiotelephone systems have been established in various parts of California, and these systems offer an opportunity for the traveling public to seek emergency assistance, and to report threats to the public health and safety in situations where immediate access to conventional landline telephones is limited.

(c) Cellular subscribers are presently subject to an emergency telephone user surcharge and may also be required to pay added airtime charges for calls to emergency telephone services.

(d) The public interest would be served by requiring cellular radiotelephone utilities to provide their customers with free access to 911 services, and by requiring that that access be without paying the airtime charges which customarily are due for all communications on the cellular network.

SEC. 41. Sections 4.5, 5.5, 7.5, 8.5, and 9.5 of this bill incorporate amendments to Sections 1033.7, 1070.5, 3774.5, 5285.5, and 5378.5, respectively, of the Public Utilities Code proposed by both this bill and AB 842. They shall only become operative if (1) both bills are

enacted and become effective on or before January 1, 1992, but this bill becomes operative first, (2) each bill amends Sections 1033.7, 1070.5, 3774.5, 5285.5, and 5378.5 of the Public Utilities Code, and (3) this bill is enacted after AB 842, in which case Sections 1033.7, 1070.5, 3774.5, 5285.5, and 5378.5 of the Public Utilities Code, as amended by Sections 4, 5, 7, 8, and 9 of this bill, shall remain operative only until the operative date of AB 842, at which time Sections 4.5, 5.5, 7.5, 8.5, and 9.5 of this bill shall become operative.

SEC. 42. Section 32.5 of this bill incorporates amendments to Section 34501.2 of the Vehicle Code proposed by both this bill and SB 123. They shall become operative if (1) both bills are enacted and become effective on or before January 1, 1992, but this bill becomes operative first, (2) each bill amends Section 34501.2 of the Vehicle Code, and (3) this bill is enacted after SB 123, in which case Section 34501.2 of the Vehicle Code, as amended by Section 32 of this bill, shall remain operative only until the operative date of SB 123, at which time Section 32.5 of this bill shall become operative.

SEC. 43. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 44. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 45. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act, which makes necessary changes in various provisions regarding transportation, may become effective as quickly as possible during 1991, it is necessary that this act take effect immediately.

CHAPTER 929

An act to amend Section 11642 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11642 of the Health and Safety Code is amended to read:

11642. (a) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,750,000 for costs of prosecuting violations, attempts to violate, or conspiracies to violate Section 11100, 11100.1, 11104, 11105, 11379.6, or 11383 initiated after January 1, 1987. Funding under this subdivision shall not exceed twenty-five thousand dollars ($25,000) for each prosecution or joint prosecution assisted. All funds allocated to a county under this subdivision shall be distributed by it only to its prosecutorial agency, to be used solely for investigation and prosecution of these offenses. Funds distributed under this subdivision shall not be used to supplant any local funds that would, in the absence of this subdivision, be made available to support the prosecutorial efforts of counties.

Cases wholly financed or reimbursed under any other state or federal program including, but not limited to, the Asset Forfeiture Program (Section 11489), the Major Narcotic Vendors Prosecution Law (Section 13881 of the Penal Code), or the California Career Criminal Apprehension Program (Section 13851 of the Penal Code), shall not be entitled to reimbursement under this subdivision.

(b) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,750,000 for law enforcement personnel expenses, not exceeding ten thousand dollars ($10,000) per case, incurred in the investigation of violations, attempts to violate, or conspiracies to violate Section 11100, 11100.1, 11104, 11105, 11379.6, or 11383 initiated after January 1, 1987. All funds allocated to a county under this subdivision shall be distributed by it only to its law enforcement agency to be used solely for investigation and detection of these offenses. Funds distributed under this subdivision shall not be used to supplant any local funds that would, in the absence of this subdivision, be made available to support the law enforcement efforts of counties. Cases financed or reimbursed under any other state or federal program, including, but not limited to, the Asset Forfeiture Program, (Section 11489), the California Career Criminal Apprehension Program (Section 13851 of the Penal Code), or the

federal Asset Forfeiture Program (21 U.S.C. Sec. 881), shall not be entitled to reimbursement under this subdivision.

(c) (1) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,750,000 for costs incurred by, or at the direction of, state or local law enforcement agencies to remove and dispose of or store toxic waste from the sites of laboratories used for the unlawful manufacture of a controlled substance.

(2) The local law enforcement agency or Department of Justice shall notify the local health officer within 24 hours of the seizure of a laboratory used for the unlawful manufacture of a controlled substance. The local health officer shall either:

(A) Make a determination as to whether the site poses an immediate threat to public health and safety, and if so, shall undertake immediate corrective action.

(B) Notify the State Department of Health Services.

As used in this section, "counties" includes any city within a county with a population of less than 1,750,000.

The Department of Justice may adopt emergency regulations consistent with this section and the Administrative Procedure Act.

CHAPTER 930

An act to amend Section 602.3 of the Penal Code, relating to tenancies.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 602.3 of the Penal Code is amended to read:

602.3. (a) A lodger who is subject to Section 1946.5 of the Civil Code and who remains on the premises of an owner-occupied dwelling unit after receipt of a notice terminating the hiring, and expiration of the notice period, provided in Section 1946.5 of the Civil Code is guilty of an infraction and may, pursuant to Section 837, be arrested for the offense by the owner, or in the event the owner is represented by a court-appointed conservator, executor, or administrator, by the owner's representative. Notwithstanding Section 853.5, the requirement of that section for release upon a written promise to appear shall not preclude an assisting peace officer from removing the person from the owner-occupied dwelling unit.

(b) The removal of a lodger from a dwelling unit by the owner pursuant to subdivision (a) is not a forcible entry under the provisions of Section 1159 of the Code of Civil Procedure and shall

not be a basis for civil liability under that section.

(c) Chapter 5 (commencing with Section 1980) of Title 5 of Part 4 of Division 3 of the Civil Code applies to any personal property of the lodger which remains on the premises following the lodger's removal from the premises pursuant to this section.

(d) Nothing in this section shall be construed to limit the owner's right to have a lodger removed under other provisions of law.

(e) Except as provided in subdivision (b), nothing in this section shall be construed to limit or affect in any way any cause of action an owner or lodger may have for damages for any breach of the contract of the parties respecting the lodging.

(f) This section applies only to owner-occupied dwellings where a single lodger resides. Nothing in this section shall be construed to determine or affect in any way the rights of persons residing as lodgers in an owner-occupied dwelling where more than one lodger resides.

CHAPTER 931

An act to amend Sections 42250.1, 42262, and 42263 of the Education Code, relating to school facilities.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 42250.1 of the Education Code is amended to read:

42250.1. (a) From funds appropriated by the Legislature for this purpose for any fiscal year, the board shall allocate to school districts selected by the board pursuant to this section, funding for the expenses of air-conditioning equipment and insulation materials, and for the costs of installing the equipment and materials, for schools operating in the current fiscal year or planning to operate in the subsequent fiscal year on a year-round or continuous basis pursuant to Chapter 3 (commencing with Section 37400), Chapter 4 (commencing with Section 37500), or Chapter 5 (commencing with Section 37600) of Part 22.

(b) The State Allocation Board shall allocate the funds appropriated under subdivision (a) only to those school districts in which a high percentage of the pupils, or a significant number of the pupils, are enrolled in the current fiscal year or will be enrolled in the subsequent fiscal year in year-round or continuous schools as described in subdivision (a). The board shall grant preference in the allocation of those funds to those year-round or continuous schools that are both situated in climates that require air-conditioning and insulation during June, July, and August, and have a high percentage

of overcrowding of pupils. In addition, all schools participating in the demonstration program provided pursuant to Chapter 2.5 (commencing with Section 37300) of Part 22 and satisfying the criteria set forth in this subdivision shall be eligible to receive, and given priority for, the maximum allocation of funds under this section.

(c) Whenever a school district has received an allocation pursuant to this section for a school that was scheduled to begin operating year-round in the subsequent fiscal year but that did not begin operating year-round in that fiscal year, the school district shall repay the amount allocated with interest to the State School Building Fund.

(d) A school district may elect to apply for funding under this section on a basis that groups two or more qualifying schools in the district.

A school district that elects to apply for funding pursuant to this subdivision shall identify the cost for each school in that application. The total of those costs shall be the maximum amount apportioned by the state for those schools contained in that single application and that amount shall be no more than the amount that would have been apportioned to each school if each school had submitted an application individually.

(e) Funds allocated to any school district under this section may be expended only to pay the actual allowable expenses of air-conditioning equipment and insulation materials, and of the installation of air-conditioning equipment and insulation materials, at the project sites that generated the funding eligibility.

SEC. 2. Section 42262 of the Education Code is amended to read:

42262. (a) Year-round school grants awarded under this article for purposes of the implementation of multitrack year-round school programs shall be expended for the following purposes:

(1) Planning, including community activities, necessary for that implementation.

(2) One-time minor capital outlay and equipment associated with converting school facilities to multitrack year-round operation.

(3) Deferred maintenance on facilities proposed for multitrack year-round operation.

(4) Other necessary activities associated with conversion to multitrack year-round operations, including, but not limited to, curriculum revision and scheduling changes and staff development.

(b) These implementation grants are available on a one-time basis for each new multitrack year-round schoolsite, subject to application approval, in an amount up to twenty-five dollars ($25) per pupil currently enrolled in the site planned for year-round operation, as that pupil enrollment is identified in the CBEDS report transmitted to the State Department of Education by the school district.

For purposes of this subdivision, "CBEDS report" means the report transmitted by school districts to the State Department of Education for purposes of the California Basic Education Data System which exists within the department and is based upon a

single annual collection of data about school staff and pupil enrollment conducted by the department for reporting, program management, and planning purposes.

The superintendent may approve all or any portion of an application for an implementation grant, as described in subdivision (a) of this section, up to a maximum of one hundred thousand dollars ($100,000) per schoolsite. If the applications submitted exceed the appropriations available for this purpose, the amount per pupil shall be prorated by an equal amount.

(c) If a schoolsite does not operate on a multitrack year-round basis in the fiscal year subsequent to receiving a year-round implementation grant pursuant to this section, the school district shall repay the implementation grant received for that schoolsite, plus interest that the repayment amount would have earned in the Pooled Money Investment Fund, within one year following the date on which the schoolsite was to begin to operate on a multitrack year-round basis. If the grant, plus interest, is not repaid within the one-year period, the Superintendent of Public Instruction shall withhold the total amount owed pursuant to this subdivision from the apportionment to be made to that district calculated pursuant to Section 42238.

SEC. 3. Section 42263 of the Education Code is amended to read:

42263. (a) Commencing in the 1990–91 fiscal year, year-round school grants, in addition to those grants authorized under Section 42262, shall be awarded annually for the operation of multitrack year-round education programs to school districts that meet the criteria specified in this section, in addition to the criteria otherwise applicable under this article.

(b) For each fiscal year, for each schoolsite for which a school district applies for funding under this article, the district shall certify the number of pupils in excess of the capacity of the schoolsite, as determined by State Allocation Board or court-mandated pupil loading standards, for which the district elects to claim funding under this article. The excess pupil capacity calculated for purposes of this subdivision shall reflect only the additional capacity that has been generated as a result of operation on a multitrack year-round basis, and shall not reflect increased capacity generated by any other means. A school district shall be eligible for funding under this section only as to any schoolsite for which the pupil population certified by the district exceeds the capacity of the schoolsite by not less than 5 percent.

(c) To the extent funding is made available for the purposes of this section, the Superintendent of Public Instruction shall allocate to an applicant school district, for each schoolsite that qualifies for funding under subdivision (b), an amount equal to the district's share of the product of the statewide average cost avoided per pupil, as established under subdivision (e), and the number of pupils certified by the district under subdivision (b). For purposes of this subdivision, a district's share shall be determined according to the

percentage by which the number of certified pupils reflects an increase in the capacity of the schoolsite, as follows:

	District's Share
1. Less than 5%	0%
2. Equal to or greater than 5% but less than 10%	50%
3. Equal to or greater than 10% but less than 15%	67%
4. Equal to or greater than 15% but less than 20%	75%
5. Equal to or greater than 20% but less than 25%	85%
6. Equal to or greater than 25%	90%

(d) (1) The State Allocation Board shall calculate the statewide average cost avoided per pupil under Chapter 22 (commencing with Section 17700) of Part 10 through the operation of school facilities on a multitrack year-round basis, based on the following school facilities cost components:

(A) The cost of facilities construction.

(B) The cost of land acquisition.

(C) Relocation costs in connection with land acquisition.

(D) State costs incurred as a result of interest that would be paid by the state for debt service on state general obligation bond financing to construct new school facilities under Chapter 22 (commencing with Section 17700) of Part 10.

(2) The calculation of costs under subparagraphs (B) and (C) of paragraph (1) shall exclude data from the lowest quartile and the highest quartile.

(3) The State Allocation Board shall calculate the statewide average cost avoided per pupil, pursuant to this subdivision, on the basis of the 1990–91 and 1991–92 fiscal years and every two-year period thereafter. No later than December 1, 1992, and biennially thereafter, the board shall report to the Legislature the result of its calculation for the prior two-year period.

(e) For the 1990–91 and 1991–92 fiscal years, the "statewide average cost avoided per pupil," for purposes of this section, shall be one thousand one hundred fifty-one dollars ($1,151). For the 1992–93 fiscal year, and each fiscal year thereafter, the "statewide average cost avoided per pupil" shall be established by the statute that appropriates funding for the purposes of this section for that fiscal year.

(3) "Conversion date" means the banking day next preceding the date on which money, in accordance with this title, is (i) paid to a claimant in an action or distribution proceeding, (ii) paid to the official designated by law to enforce a judgment or award on behalf of a claimant, or (iii) used to recoup, setoff, or counterclaim in different moneys in an action or distribution proceeding.

(4) "Distribution proceeding" means a judicial or nonjudicial proceeding for the distribution of a fund in which one or more foreign-money claims is asserted and includes an accounting, an assignment for the benefit of creditors, a foreclosure, the liquidation or rehabilitation of a corporation or other entity, and the distribution of an estate, trust, or other fund.

(5) "Foreign money" means money other than money of the United States of America.

(6) "Foreign-money claim" means a claim upon an obligation to pay, or a claim for recovery of a loss, expressed in or measured by a foreign money.

(7) "Money" means a medium of exchange for the payment of obligations or a store of value authorized or adopted by a government or by intergovernmental agreement.

(8) "Money of the claim" means the money determined as proper pursuant to Section 676.4.

(9) "Person" means an individual, a corporation, government or governmental subdivision or agency, business trust, estate, trust, joint venture, partnership, association, two or more persons having

a joint or common interest, or any other legal or commercial entity.

(10) "Rate of exchange" means the rate at which money of one country may be converted into money of another country in a free financial market convenient to or reasonably usable by a person obligated to pay or to state a rate of conversion. If separate rates of exchange apply to different kinds of transactions, the term means the rate applicable to the particular transaction giving rise to the foreign-money claim.

(11) "Spot rate" means the rate of exchange at which foreign money is sold by a bank or other dealer in foreign exchange for immediate or next day availability or for settlement by immediate payment in cash or equivalent, by charge to an account, or by an agreed delayed settlement not exceeding two days.

(12) "State" means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or insular possession subject to the jurisdiction of the United States.

676.2. (a) This title applies only to a foreign-money claim in an action or distribution proceeding.

(b) This title applies to foreign-money issues even if other law under the conflict-of-laws rules of this state applies to other issues in the action or distribution proceeding.

676.3. (a) The effect of this title may be varied by agreement of the parties made before or after commencement of an action or distribution proceeding or the entry of judgment.

(b) Parties to a transaction may agree upon the money to be used in a transaction giving rise to a foreign-money claim and may agree to use different moneys for different aspects of the transaction. Stating the price in a foreign money for one aspect of a transaction does not alone require the use of that money for other aspects of the transaction.

676.4. (a) The money in which the parties to a transaction have agreed that payment is to be made is the proper money of the claim for payment.

(b) If the parties to a transaction have not otherwise agreed, the proper money of the claim, as in each case may be appropriate, is one of the following:

(1) The money regularly used between the parties as a matter of usage or course of dealing.

(2) The money used at the time of a transaction in international trade, by trade usage or common practice, for valuing or settling transactions in the particular commodity or service involved.

(3) The money in which the loss was ultimately felt or will be incurred by the party claimant.

676.5. (a) If an amount contracted to be paid in a foreign money is measured by a specified amount of a different money, the amount to be paid is determined on the conversion date.

(b) If an amount contracted to be paid in a foreign money is to be measured by a different money at the rate of exchange prevailing on a date before default, that rate of exchange applies only to

payments made within a reasonable time after default, not exceeding 30 days. Thereafter, conversion is made at the bank-offered spot rate on the conversion date.

(c) A monetary claim is neither usurious nor unconscionable because the agreement on which it is based provides that the amount of the debtor's obligation to be paid in the debtor's money, when received by the creditor, shall equal a specified amount of the foreign money of the country of the creditor. If, because of unexcused delay in payment of a judgment or award, the amount received by the creditor does not equal the amount of the foreign money specified in the agreement, the court or arbitrator shall amend the judgment or award accordingly.

676.6. (a) A person may assert a claim in a specified foreign money. If a foreign-money claim is not asserted, the claimant makes the claim in United States dollars.

(b) An opposing party may allege and prove that a claim, in whole or in part, is in a different money than that asserted by the claimant.

(c) A person may assert a defense, setoff, recoupment, or counterclaim in any money without regard to the money of other claims.

(d) The determination of the proper money of the claim is a question of law.

676.7. (a) Except as provided in subdivision (c), a judgment or award on a foreign-money claim shall be stated in an amount of the money of the claim.

(b) A judgment or award on a foreign-money claim is payable in that foreign money or, at the option of the debtor, in the amount of United States dollars which will purchase that foreign money on the conversion date at a bank-offered spot rate.

(c) Assessed costs shall be entered in United States dollars.

(d) Each payment in United States dollars shall be accepted and credited on a judgment or award on a foreign-money claim in the amount of the foreign money that could be purchased by the dollars at a bank-offered spot rate of exchange at or near the close of business on the conversion date for that payment.

(e) A judgment or award made in an action or distribution proceeding on both (1) a defense, setoff, recoupment, or counterclaim and (2) the adverse party's claim, shall be netted by converting the money of the smaller into the money of the larger, and by subtracting the smaller from the larger, and specify the rates of exchange used.

(f) A judgment substantially in the following form complies with subdivision (a):

"IT IS ADJUDGED AND ORDERED, that Defendant _____ pay to Plaintiff _____
(insert name) (insert name)
the sum of _____
(insert amount in the foreign money)
plus interest on that sum at the rate of
_____ percent a year or,
(insert rate - see Section 676.9)
at the option of the judgment debtor, the number of United States dollars which will purchase the
_____ with interest due, at
(insert name of foreign money)
a bank-offered spot rate at or near the close of business on the banking day next before the day of payment, together with assessed costs of
_____ United States dollars."
(insert amount)

(g) If a contract claim is of the type covered by subdivision (a) or (b) of Section 676.5, the judgment or award shall be entered for the amount of money stated to measure the obligation to be paid in the money specified for payment or, at the option of the debtor, the number of United States dollars which will purchase the computed amount of the money of payment on the conversion date at a bank-offered spot rate.

(h) A judgment shall be entered in foreign money in the same manner, and has the same effect as a lien , as other judgments. It may be discharged by payment.

676.8. The rate of exchange prevailing at or near the close of business on the day the distribution proceeding is initiated governs all exchanges of foreign money in a distribution proceeding. A foreign-money claimant in a distribution proceeding shall assert its claim in the named foreign money and show the amount of United States dollars resulting from a conversion as of the date the proceeding was initiated.

676.9. (a) With respect to a foreign-money claim, recovery of prejudgment or pre-award interest and the rate of interest to be applied in the action or distribution proceeding, except as provided in subdivision (b), are matters of the substantive law governing the right to recovery under the conflict-of-laws rules of this state.

(b) The court or arbitrator shall increase or decrease the amount of prejudgment or pre-award interest otherwise payable in a judgment or award in foreign money to the extent required by the law of this state governing a failure to make or accept an offer of settlement or offer of judgment, or conduct by a party or its attorney causing undue delay or expense.

(c) A judgment or award on a foreign-money claim bears interest at the rate applicable to judgments of this state.

676.10. (a) If an action is brought to enforce a judgment of another jurisdiction expressed in a foreign money and the judgment is recognized in this state as enforceable, the enforcing judgment shall be entered as provided in Section 676.7, whether or not the foreign judgment confers an option to pay in an equivalent amount of United States dollars.

(b) A foreign judgment may be enforced in accordance with Title 11 (commencing with Section 1710.10) of Part 3.

(c) A satisfaction or partial payment made upon the foreign judgment, on proof thereof, shall be credited against the amount of foreign money specified in the judgment, notwithstanding the entry of judgment in this state.

(d) A judgment entered on a foreign-money claim only in United States dollars in another state shall be enforced in this state in United States dollars only.

676.11. (a) Computations under this section are for the limited purposes of the section and do not affect computation of the United States dollar equivalent of the money of the judgment for the purpose of payment.

(b) For the limited purpose of facilitating the enforcement of provisional remedies in an action, the value in United States dollars of assets to be seized or restrained pursuant to a writ of attachment, garnishment, execution, or other legal process, the amount of United States dollars at issue for assessing costs, or the amount of United States dollars involved for a surety bond or other court-required undertaking, shall be ascertained as provided in subdivisions (c) and (d).

(c) A party seeking process, costs, bond, or other undertaking under subdivision (b) shall compute in United States dollars the amount of the foreign money claimed from a bank-offered spot rate prevailing at or near the close of business on the banking day next preceding the filing of a request or application for the issuance of process or for the determination of costs, or an application for a bond or other court-required undertaking.

(d) A party seeking the process, costs, bond, or other undertaking under subdivision (b) shall file with each request or application an affidavit or certificate executed in good faith by its counsel or a bank officer, stating the market quotation used and how it was obtained, and setting forth the calculation. Affected court officials incur no liability, after a filing of the affidavit or certificate, for acting as if the judgment were in the amount of United States dollars stated in the affidavit or certificate.

676.12. (a) If, after an obligation is expressed or a loss is incurred in a foreign money, the country issuing or adopting that money substitutes a new money in place of that money, the obligation or the loss is treated as if expressed or incurred in the new money at the rate of conversion the issuing country establishes for the payment of like obligations or losses denominated in the former money.

(b) If substitution under subdivision (a) occurs after a judgment

or award is entered on a foreign-money claim, the court or arbitrator shall amend the judgment or award by a like conversion of the former money.

676.13. Unless displaced by particular provisions of this title, the principles of law and equity, including the law merchant, and the law relative to capacity to contract, principal and agent, estoppel, fraud, misrepresentation, duress, coercion, mistake, bankruptcy, or other validating or invalidating causes supplement its provisions.

676.14. This title shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this title among states enacting it.

676.15. If any provision of this title or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of this title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

676.16. This title applies to actions and distribution proceedings commenced on or after January 1, 1992.

SEC. 2. Section 2101 of the Code of Civil Procedure is amended to read:

2101. (a) Notices of liens, certificates, and other notices affecting federal tax liens or other federal liens must be filed in accordance with this title.

(b) Notices of liens upon real property for obligations payable to the United States and certificates and notices affecting the liens shall be filed for record in the office of the recorder of the county in which the real property subject to the liens is situated.

(c) Notices of federal liens upon personal property, whether tangible or intangible, for obligations payable to the United States and certificates and notices affecting the liens shall be filed as follows:

(1) If the person against whose interest the lien applies is a corporation or a partnership whose principal executive office is in this state, as these entities are defined in the internal revenue laws of the United States, in the office of the Secretary of State.

(2) If the person against whose interest the lien applies is a trust that is not covered by paragraph (1), in the office of the Secretary of State.

(3) If the person against whose interest the lien applies is the estate of a decedent, in the office of the Secretary of State.

(4) In all other cases, in the office of the recorder of the county where the person against whose interest the lien applies resides at the time of filing of the notice of lien.

CHAPTER 933

An act to amend Section 22300 of the Public Contract Code, relating to public contracts.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 22300 of the Public Contract Code is amended to read:

22300. (a) Provisions shall be included in any invitation for bid and in any contract documents to permit the substitution of securities for any moneys withheld by a public agency to ensure performance under a contract, provided that substitution of securities provisions shall not be required in contracts in which there will be financing provided by the Farmers Home Administration of the United States Department of Agriculture pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. Sec. 1921 et seq.), and where federal regulations or policies, or both, do not allow the substitution of securities. At the request and expense of the contractor, securities equivalent to the amount withheld shall be deposited with the public agency, or with a state or federally chartered bank in California as the escrow agent, who shall then pay such moneys to the contractor. Upon satisfactory completion of the contract, the securities shall be returned to the contractor.

(b) Alternatively, the contractor may request and the owner shall make payment of retentions earned directly to the escrow agent at the expense of the contractor. At the expense of the contractor, the contractor may direct the investment of the payments into securities and the contractor shall receive the interest earned on the investments upon the same terms provided for in this section for securities deposited by the contractor. Upon satisfactory completion of the contract, the contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the owner, pursuant to the terms of this section. The contractor shall pay to each subcontractor, not later than 20 days of receipt of the payment, the respective amount of interest earned, net of costs attributed to retention withheld from each subcontractor, on the amount of retention withheld to insure the performance of the contractor.

(c) Securities eligible for investment under this section shall include those listed in Section 16430 of the Government Code, bank or savings and loan certificates of deposit, interest bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed to by the contractor and the public agency.

The contractor shall be the beneficial owner of any securities substituted for moneys withheld and shall receive any interest

thereon.

Failure to include these provisions in bid and contract documents shall void any provisions for performance retentions in a public agency contract.

For purposes of this section, the term "public agency" shall include, but shall not be limited to, chartered cities.

(d) The Legislature hereby declares that the provisions of this section are of statewide concern and are necessary to encourage full participation by contractors in public contract procedures.

(e) The escrow agreement used hereunder shall be null, void, and unenforceable unless it is substantially similar to the following form:

ESCROW AGREEMENT FOR
SECURITY DEPOSITS IN LIEU OF RETENTION

This Escrow Agreement is made and entered into by and between

_____
_____ whose address is _____
_____ hereinafter called "Owner,"
_____ whose address is _____
_____ hereinafter called "Contractor"
and
_____ whose address is _____
_____ hereinafter called "Escrow Agent."

For the consideration hereinafter set forth, the Owner, Contractor, and Escrow Agent agree as follows:

(1) Pursuant to Section 22200 of the Public Contract Code of the State of California, Contractor has the option to deposit securities with Escrow Agent as a substitute for retention earnings required to be withheld by Owner pursuant to the Construction Contract entered into between the Owner and Contractor for _____ in the amount of _____ dated _____ (hereinafter referred to as the "Contract"). Alternatively, on written request of the contractor, the owner shall make payments of the retention earnings directly to the escrow agent. When Contractor deposits the securities as a substitute for Contract earnings, the Escrow Agent shall notify the Owner within 10 days of the deposit. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention under the terms of the Contract between the Owner and Contractor. Securities shall be held in the name of _____, and shall designate the Contractor as the beneficial owner.

(2) The Owner shall make progress payments to the Contractor for such funds which otherwise would be withheld from progress payments pursuant to the Contract provisions, provided that the Escrow Agent holds securities in the form and amount specified above.

(3) When the owner makes payment of retentions earned directly

to the escrow agent, the escrow agent shall hold them for the benefit of the contractor until such time as the escrow created under this contract is terminated. The contractor may direct the investment of the payments into securities. All terms and conditions of this agreement and the rights and responsibilities of the parties shall be equally applicable and binding when the owner pays the escrow agent directly.

(4) Contractor shall be responsible for paying all fees for the expenses incurred by Escrow Agent in administering the Escrow Account and all expenses of the Owner. These expenses and payment terms shall be determined by the Owner, Contractor and Escrow Agent.

(5) The interest earned on the securities or the money market accounts held in escrow and all interest earned on that interest shall be for the sole account of Contractor and shall be subject to withdrawal by Contractor at any time and from time to time without notice to the Owner.

(6) Contractor shall have the right to withdraw all or any part of the principal in the Escrow Account only by written notice to Escrow Agent accompanied by written authorization from the Owner to the Escrow Agent that Owner consents to the withdrawal of the amount sought to be withdrawn by Contractor.

(7) The Owner shall have a right to draw upon the securities in the event of default by the Contractor. Upon seven days' written notice to the Escrow Agent from the owner of the default, the Escrow Agent shall immediately convert the securities to cash and shall distribute the cash as instructed by the Owner.

(8) Upon receipt of written notification from the Owner certifying that the Contract is final and complete, and that the Contractor has complied with all requirements and procedures applicable to the Contract, Escrow Agent shall release to Contractor all securities and interest on deposit less escrow fees and charges of the Escrow Account. The escrow shall be closed immediately upon disbursement of all moneys and securities on deposit and payments of fees and charges.

(9) Escrow Agent shall rely on the written notifications from the Owner and the Contractor pursuant to Sections (4) to (6), inclusive, of this agreement and the Owner and Contractor shall hold Escrow Agent harmless from Escrow Agent's release and disbursement of the securities and interest as set forth above.

CHAPTER 934

An act to amend Section 6154 of the Business and Professions Code, Sections 750, 750.4, 1871.4, 1872, 1872.3, 1872.83, 1877.1, 1877.3, 1877.5, and 11880 of, and to amend and renumber Section 11670 of, the Insurance Code, to amend Sections 62.6, 4903, 4906, 5401.7, and 5501 of the Labor Code, and to amend Section 549 of the Penal Code, relating to business practices, and making an appropriation therefor.

SEC. 2. Section 750 of the Insurance Code, as added by Section 9 of Chapter 116 of the Statutes of 1991, is amended to read:

750. (a) Except as provided in Section 750.5, any person acting individually or through his or her employees or agents, who engages in the practice of processing, presenting, or negotiating claims, including claims under policies of insurance, and who offers, delivers, receives, or accepts any rebate, refund, commission, or other consideration, whether in the form of money or otherwise, as compensation or inducement to or from any person for the referral or procurement of clients, cases, patients, or customers, is guilty of a crime.

(b) (1) A violation of subdivision (a) is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine.

(2) A second or subsequent conviction is punishable by imprisonment in the state prison.

(c) Nothing in this section shall prohibit a licensed collection or lien agency from receiving a commission on the collection of delinquent debts nor prohibits the agency from paying its employees

1871.4. (a) It is unlawful to do any of the following:

(1) Make or cause to be made any knowingly false or fraudulent material statement or material representation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(2) Present or cause to be presented any knowingly false or fraudulent written or oral material statement in support of, or in opposition to, any claim for compensation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(3) Knowingly assist, abet, solicit, or conspire with any person who engages in an unlawful act under this section.

(4) Make or cause to be made any knowingly false or fraudulent statements with regard to entitlement to benefits with the intent to discourage an injured worker from claiming benefits or pursuing a claim.

SEC. 5. Section 1872 of the Insurance Code, as amended by Chapter 116 of the Statutes of 1991, is amended to read:

1872. There is created within the department a Bureau of Fraudulent Claims to enforce the provisions of Sections 1871.1 and 1871.4, and Section 549 of the Penal Code, and to administer the provisions of Article 3 (commencing with Section 1873).

SEC. 6. Section 1872.3 of the Insurance Code, as amended by Chapter 116 of the Statutes of 1991, is amended to read:

1872.3. (a) If by its own inquiries or as a result of complaints, the Bureau of Fraudulent Claims has reason to believe that a person has engaged in, or is engaging in, an act or practice that violates Section 1871.1 or 1871.4, or Section 549 of the Penal Code, the commissioner in his or her discretion (1) may make those public or private investigations within or outside of this state that he or she deems necessary to determine whether any person has violated or is about to violate any provision of Section 1871.1 or 1871.4, or Section 549 of the Penal Code, or to aid in the enforcement of this chapter, and (2) may publish information concerning any violation of this chapter.

(b) For purposes of any investigation under this section, the commissioner or any officer designated by the commissioner may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner deems relevant or material to the inquiry, as provided by Section 12924.

(c) If any matter that the commissioner seeks to obtain by request is located outside the state, the person so requested may make it available to the commissioner or his or her representative to be examined at the place where it is located. The commissioner may designate representatives, including officials of the state in which the matter is located, to inspect the matter on his or her behalf, and he or she may respond to similar requests from officials of other states.

(d) Except as provided in subdivision (e), the department's papers, documents, reports, or evidence relative to the subject of an investigation under this section shall not be subject to public inspection for so long a period as the commissioner deems reasonably necessary to complete the investigation, to protect the person investigated from unwarranted injury, or to serve the public interest. Furthermore, those papers, documents, reports, or evidence shall not be subject to subpoena or subpoena duces tecum until opened for public inspection by the commissioner, unless the commissioner otherwise consents or, after notice to the commissioner and a hearing, the superior court determines that the public interest and any ongoing investigation by the commissioner would not be unnecessarily jeopardized by compliance with the subpoena duces

tecum.

(e) The Bureau of Fraudulent Claims shall furnish all papers, documents, reports, complaints, or other facts or evidence to any police, sheriff, or other law enforcement agency, when so requested, and shall assist and cooperate with those law enforcement agencies.

SEC. 7. Section 1872.83 of the Insurance Code, as added by Chapter 116 of the Statutes of 1991, is amended to read:

1872.83. (a) The commissioner shall ensure that the Bureau of Fraudulent Claims aggressively pursues all reported incidents of probable workers' compensation fraud, as defined in subdivision (a) of Section 1871.4 and Section 549 of the Penal Code, and forwards to the appropriate disciplinary body the names, along with all supporting evidence, of any individuals licensed under the Business and Professions Code who are suspected of actively engaging in fraudulent activity. The Bureau of Fraudulent Claims shall forward to the Insurance Commissioner or the Director of Industrial Relations, as appropriate, the name, along with all supporting evidence, of any insurer, as defined in subdivision (c) of Section 1877.1, suspected of actively engaging in the fraudulent denial of claims.

(b) To fund increased investigation and prosecution of workers' compensation fraud, there shall be an annual assessment as follows:

(1) The aggregate amount of the assessment shall be determined by the Fraud Assessment Commission, which is hereby established. The commission shall be composed of five members consisting of two representatives of self-insured employers, one representative of insured employers, one representative of workers' compensation insurers, and the President of the State Compensation Insurance Fund, or his or her designee.

The Governor shall appoint members representing self-insured employers, insured employers, and insurers. The term of office of members of the commission shall be four years, and a member shall hold office until the appointment of a successor. However, the initial terms of three of the members appointed by the Governor shall expire, respectively, on December 31, 1992, December 31, 1993, and December 31, 1994. The President of the State Compensation Insurance Fund shall be an ex officio, voting member of the commission. Members of the commission shall receive one hundred dollars ($100) for each day of actual attendance at commission meetings and other official commission business, and shall also receive their actual and necessary traveling expenses incurred in the performance of commission duties. Payment of per diem and travel expenses shall be made from the Workers' Compensation Fraud Account in the Insurance Fund, established in paragraph (4), upon appropriation by the Legislature.

(2) In determining the aggregate amount of the assessment, the Fraud Assessment Commission shall consider the advice and recommendations of the Bureau of Fraudulent Claims and the commissioner.

(3) The aggregate amount of the assessment shall be collected by the Director of Industrial Relations pursuant to Section 62.6 of the Labor Code. The Fraud Assessment Commission shall annually advise the Director of Industrial Relations, not later than March 15, of the aggregate amount to be assessed for the next fiscal year.

(4) The amount collected, together with the fines collected for violations of the unlawful acts specified in Section 1871.4 and Section 549 of the Penal Code, shall be deposited in the Workers' Compensation Fraud Account in the Insurance Fund, which is hereby created, and may be used, upon appropriation by the Legislature, only for enhanced workers' compensation fraud investigation and prosecution as provided in this section.

(c) (1) For each fiscal year, the total amount of revenues derived from the assessment pursuant to subdivision (b) shall, together with amounts collected pursuant to fines imposed for unlawful acts described in Section 1871.4 and Section 549 of the Penal Code, not be less than three million dollars ($3,000,000). Any funds appropriated by the Legislature pursuant to subdivision (b) that are not expended in the fiscal year for which they have been appropriated shall be applied to satisfy for the immediately following fiscal year the minimum total amount required by this subdivision.

(2) This subdivision shall cease to be operative on January 1, 1994, unless a later enacted statute, enacted prior to January 1, 1994, deletes or extends that date.

(d) After incidental expenses, 50 percent of the funds to be used for the purposes of this section shall be provided to the Bureau of Fraudulent Claims of the Department of Insurance for enhanced investigative efforts and 50 percent of the funds shall be distributed to district attorneys, pursuant to a determination by the commissioner with the advice and consent of the bureau and the Fraud Assessment Commission, as to the most effective distribution of moneys for purposes of the investigation and prosecution of workers' compensation insurance fraud cases. Each district attorney seeking a portion of the funds shall submit to the commissioner an application setting forth in detail their proposed use of any funds provided. Any district attorney receiving funds pursuant to this subdivision shall submit an annual report to the commissioner with respect to the success of their efforts. Upon receipt, the commissioner shall provide copies to the bureau and the Fraud Assessment Commission of any application, annual report, or other documents with respect to the allocation of money pursuant to this subdivision. These documents shall be public records.

(d) In establishing a reasonable attorney's fee, consideration shall be given to the responsibility assumed by the attorney, the care exercised in representing the applicant, the time involved, and the

results obtained.

(e) At the initial consultation, an attorney shall furnish the employee a written disclosure form promulgated by the administrative director which shall clearly and prominently describe the procedures available to the injured employee or his or her dependents. The disclosure form shall describe this section, the range of attorney's fees customarily approved by the appeals board, and the attorney's fees provisions of Section 4064 and the extent to which an employee may receive compensation without incurring attorney's fees. The disclosure form shall include the telephone number of the Office of Benefit Assistance and Enforcement together with the statement that the employee may receive answers at that number to questions concerning entitlement to compensation or the procedures to follow to receive compensation. A copy of the disclosure form shall be signed by the employee and the attorney and sent to the employer, or insurer or third-party administrator, if either is known, by the attorney within 15 days of the employee's and attorney's execution thereof.

Upon the filing of the application, the appeals board shall, where the applicant is represented by an attorney or other representative, serve a conformed copy of the application showing the date of filing and the case number upon applicant's attorney or representative. The applicant's attorney or representative shall, upon receipt of the conformed copy, forthwith serve a copy of the conformed application upon all other parties to the claim. If the applicant is unrepresented, a copy thereof shall forthwith be served upon all adverse parties by the appeals board.

A second or subsequent conviction is punishable by imprisonment in the state prison.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 20. (a) The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated from the General Fund to the Workers' Compensation Fraud Account in the Insurance Fund, as a loan, and is hereby appropriated from that account for the purposes of Section 1872.83 of the Insurance Code. The Department of Insurance shall reimburse the amount of the transfer, plus interest at the same rate of interest as that earned by moneys in the Pooled Money Investment Account during the term of the loan, from the proceeds of the assessment collected pursuant to Section 62.6 of the Labor Code. The loan, plus interest, shall be repaid in full no later than one year from the date on which the loan was made.

(b) The Fraud Assessment Commission, in determining the aggregate amount of the assessment for the 1992-93 fiscal year pursuant to subdivision (b) of Section 1872.83 shall consider the need for repayment of the loan provided in subdivision (a) and the financing of Section 1872.83 in the 1992-93 fiscal year.

CHAPTER 935

An act to amend Section 11713.1 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(b) Advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except sales tax, vehicle registration fees, certificate of compliance or noncompliance fees not exceeding twenty-five dollars ($25) pursuant to any statute, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed thirty-five dollars ($35).

(c) Exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer documentary preparation charge.

For purposes of this subdivision, "newspaper display advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(d) Represent the dealer documentary preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) Fail to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer documentary preparation charge, which charges shall not exceed thirty-five dollars ($35) for the documentary preparation charge and twenty-five dollars ($25) for the certificate of compliance or noncompliance pursuant to any statute, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(f) Advertise for sale as new any new vehicle of a line-make for which the dealer does not hold a franchise.

This subdivision does not apply to any transaction involving a mobilehome as defined in Section 396, a recreational vehicle as defined in Section 18010.5 of the Health and Safety Code, a commercial coach as defined in Section 18012 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012, or a commercial vehicle as defined in Section 260.

(g) Sell a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term "free" includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) Advertise vehicles and related goods or services with intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(j) Use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) Advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) To advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to any of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a "commercial purchaser" means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who

purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as "added mark-up."

(r) Advertise any underselling claim, such as "we have the lowest prices" or "we will beat any dealer's price," unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, "incentive" means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) To display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

SEC. 2. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

The dealer documentary preparation charge shall not exceed thirty-five dollars ($35).

(c) Exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer documentary preparation charge.

(f) Advertise for sale as new any new vehicle of a line-make for which the dealer does not hold a franchise.

This subdivision does not apply to any transaction involving a mobilehome as defined in Section 396, a recreational vehicle as defined in Section 18010.5 of the Health and Safety Code, a commercial coach as defined in Section 18012 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012, or a commercial vehicle as defined in Section 260.

(g) Sell a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to

highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term "free" includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) Advertise vehicles and related goods or services with intent not to supply reasonably expectable demand, unless the advertisement discloses a limitation of quantity.

(j) Use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) Advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) Advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a "commercial purchaser" means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. (s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

SEC. 3. The Legislature finds and declares that a motor vehicle dealer's cost and invoice price advertising has the capacity to confuse the public by erroneously leading it to believe that the advertised dealer cost or invoice price is the dealer's actual cost. The provisions of subdivision (n) of Section 11713.1 of the Vehicle Code, as operative on the day prior to the effective date of the amendments made to Section 11713.1 by this act, or other disclosures of reasonable length cannot (1) adequately dissipate the confusing character of cost or invoice price advertising, (2) explain to the general public complex factors affecting a dealer's actual cost, including manufacturer's holdbacks and incentive programs, or (3) provide a basis for accurately estimating the difference between invoice price or advertised dealer cost and the dealer's actual cost for a vehicle, which usually cannot be determined at the time the vehicle is advertised for sale.

SEC. 4. This act shall apply only to advertisements made on or after the effective date of this act. This act and the legislative history

and record of this act may not be admissible or considered for any purpose in connection with any action or proceeding involving an advertisement made before the effective date of this act.

SEC. 5. Section 2 of this bill incorporates amendments to Section 11713.1 of the Vehicle Code proposed by both this bill and SB 245. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1992, (2) each bill amends Section 11713.1 of the Vehicle Code, and (3) this bill is enacted after SB 245, in which case Section 1 of this bill shall not become operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) No Branch 4 registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying organisms or nondecay fungi on a wood shake or shingle roof until an inspection has been made. All inspections performed by Branch 4 registered companies or licensees shall be limited to the wood shakes or shingles on wood shake or shingle roofs and may only be performed for purposes of detecting the presence or absence of (1) wood destroying organisms such as decay fungi on the wood shakes or shingles and resulting decay, or (2) nondecay fungi such as mold, mildew, lichen, or moss on the wood shakes or shingles.

(d) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall take effect.

(e) Whenever a report is filed pursuant to subdivision (c), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested, and, upon payment of an appropriate search fee.

(f) All work recommended by a Branch 4 registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on that report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 937

An act to amend Sections 1522, 1568.09, 1569.17, and 1596.871 of the Health and Safety Code, and to amend Section 11105.3 of the Penal Code, relating to care facilities.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or

persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 222.40 of the Civil Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b), and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of

sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

SEC. 1.5. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the

operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to

remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 222.40 of the Civil Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an

order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil

liability or unemployment insurance liability as a result of that denial or termination.

SEC. 2. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with chronic, life-threatening illness may pose a risk to the residents' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the residents. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, friend or family member and provides direct care and supervision to that resident only at the request of the resident. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with residents shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the

person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the persons' employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction

following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

SEC. 2.5. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall

notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the residents. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, friend or family member and provides direct care and supervision to that resident only at the request of the resident. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with residents shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the

Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the persons' employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility as specified in subdivision (c) if the director has substantial

and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 3. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex

offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department

may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

SEC. 3.5. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction

following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 4. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to

operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(7) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing,

and who possess a current credential or permit issued by the commission. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the child day care facility.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to

remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a or 273d, or Section 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(g) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

SEC. 4.5. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure

from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the

commission. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the child day care facility.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a or 273d, or Section 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(g) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1596.8897, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 5. Section 11105.3 of the Penal Code is amended to read:

11105.3. (a) Notwithstanding any other provision of law, a

human resource agency or an employer may request from the Department of Justice records of all convictions or any arrest for which the person is released on bail or on his or her own recognizance pending trial, involving any sex crimes, drug crimes, or crimes of violence of a person who applies for a license, employment, or volunteer position, in which he or she would have supervisory or disciplinary power over a minor or any person under their care. The department shall furnish the information to the requesting employer and shall also send a copy of the information to the applicant.

(b) Any request for records under subdivision (a) shall include the applicant's fingerprints, which may be taken by the requester, and any other data specified by the department. The request shall be on a form approved by the department, and the department may charge a fee to be paid by the requester for the actual cost of processing the request. However, no fee shall be charged a nonprofit organization or any agency responsible for the licensing of facilities pursuant to Article 1 (commencing with Section 1500) of Chapter 3, Chapter 3.2 (commencing with Section 1569), and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code for processing the request. The department shall destroy an application within six months after the requested information is sent to the employer and applicant.

(c) A human resource agency may request from the Department of Justice full criminal history records, to the extent those records are otherwise available under Section 226.55 of the Civil Code, or Section 1522 of the Health and Safety Code, for persons who apply to the agency to adopt a child or to be a foster parent. Requests for criminal history information obtained pursuant to this subdivision shall be used only for the purposes stated and in compliance with any requirements or conditions provided in those sections.

(d) The department shall adopt regulations to implement the provisions of this section.

(e) As used in this section, "employer" means any nonprofit corporation or other organizations specified by the Attorney General which employs or uses the services of volunteers in positions in which the volunteer or employee has supervisory or disciplinary power over a child or children.

(f) As used in this section, "human resource agency" means a public or private entity, excluding any agency responsible for licensing of facilities pursuant to the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500)), the California Residential Care Facilities for the Elderly Act (Chapter 3.2 (commencing with Section 1569)), Chapter 3.01 (commencing with Section 1568.01), and the California Child Day Care Facilities Act (Chapter 3.4 (commencing with Section 1596.70)) of Division 2 of the Health and Safety Code, responsible for determining the character and fitness of a person who is (1) applying for a license, employment, or as a volunteer within the human services field that involves the care and security of children, the elderly, the

handicapped, or the mentally impaired, or (2) applying to adopt a child or to be a foster parent.

(g) As used in this section, "sex crime" means a conviction for a violation or attempted violation of Section 220, 261, 261.5, 264.1, 267, 272, 273a, 273d, 285, 286, 288, 288a, 289, 314, 647.6, or former Section 647a, or subdivision (d) of Section 647, or commitment as a mentally disordered sex offender under former Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(h) As used in this section, "drug crime" means any crime described in the California Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code), provided that, except as otherwise provided in subdivision (c), no record of a misdemeanor conviction shall be transmitted to the requester unless the subject of the request has a total of three or more misdemeanor or felony convictions defined in this subdivision or subdivision (g) within the immediately preceding 10-year period.

(i) As used in this section, "crime of violence" means any felony or misdemeanor conviction within 10 years of the date of the employer's request under subdivision (a), for any of the offenses specified in subdivision (c) of Section 667.5 or a violation or attempted violation of Chapter 3 (commencing with Section 207), Chapter 8 (commencing with Section 236), or Chapter 9 (commencing with Section 240) of Title 8 of Part 1, provided that, except as otherwise provided in subdivision (c), no record of a misdemeanor conviction shall be transmitted to the requester unless the subject of the request has a total of three or more misdemeanor or felony convictions defined in this subdivision or subdivision (g) within the immediately preceding 10-year period.

(j) Conviction for a violation or attempted violation of an offense committed outside the State of California is a sex crime, drug crime, or crime of violence if the offense would have been a crime as defined in this section if committed in California.

(k) Any criminal history information obtained pursuant to this section is confidential and no recipient shall disclose its contents other than for the purpose for which it was acquired.

(c) An identification of cost-effective and economically feasible measures for water conservation and reclamation, their resulting detriments and benefits, and the impacts on amounts of downstream surface water supply and immediately adjacent groundwater supply.

(d) An evaluation of other significant impacts, including impacts within the service area and downstream on fish and wildlife habitat, water quality, energy use, and other factors of either local or statewide concern or interstate concern, where applicable. Alternatives should be designed to minimize impacts on other beneficial users currently being served both within and without the service area and to result in improved overall water management.

(e) A schedule prepared by the supplier to implement those water management practices that it determines to be cost-effective and economically feasible. Priority shall be given to those water management practices, or combination of practices, that offer lower incremental costs than expanded or additional water supplies.

CHAPTER 939

An act to add Section 25618 to the Public Resources Code, relating to vehicles.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The operation of automobiles and light duty trucks is the

primary source of both California's air pollution and the state's dependence on foreign oil.

(b) The ever increasing number of vehicles operating in the state and the increasing number of vehicle miles driven annually causes about 40 percent more gasoline to be consumed in California today than in 1970.

(c) California, particularly areas of the state currently not in compliance with federal or state air quality regulations, would benefit from significant reductions in the volume of smog and pollution components created when vehicles burn gasoline and diesel fuel in internal combustion engines.

(d) Operating electric and other low-emission vehicles in California can contribute substantially to air quality improvements and reduce the state's oil dependency. Electric vehicle operation reduces pollution emissions by over 90 percent when compared to gasoline-powered vehicles, including the emissions produced when generating the power to charge electric vehicle batteries.

(e) California's electric utilities provide the power for electric vehicles in generating plants operating under strict environmental controls and using a wide variety of readily available fuels.

SEC. 2. It is the policy of the State of California to support development and commercialization of ultra low- and zero-emission electric vehicles within the state, and development of the necessary infrastructure to support extensive use of those vehicles throughout the state. This policy is intended to accelerate and facilitate the use of a substantial number of electric vehicles in California in order to more quickly attain significant reductions in air pollution, improve energy conservation, and reduce the state's dependence on oil, particularly imported oil.

SEC. 3. Section 25618 is added to the Public Resources Code, to read:

25618. (a) The commission shall facilitate development and commercialization of ultra low- and zero-emission electric vehicles and advanced battery technologies, as well as development of an infrastructure to support maintenance and fueling of those vehicles in California. Facilitating commercialization of ultra low- and zero-emission electric vehicles in California shall include, but not be limited to, the following:

(1) The commission may, in cooperation with county, regional, and city governments, the state's public and private utilities, and the private business sector, develop plans for accelerating the introduction and use of ultra low- and zero-emission electric vehicles throughout California's air quality nonattainment areas, and for accelerating the development and implementation of the necessary infrastructure to support the planned use of those vehicles in California. These plans shall be consistent with, but not limited to, the criteria for similar efforts contained in federal loan, grant, or matching fund projects.

(2) In coordination with other state agencies, the commission

shall seek to maximize the state's use of federal programs, loans, and matching funds available to states for ultra low- and zero-emission electric vehicle development and demonstration programs, and infrastructure development projects.

(b) Priority for implementing demonstration projects under this section shall be directed toward those areas of the state currently in a nonattainment status with federal and state air quality regulations.

CHAPTER 940

An act to amend Section 30794 of the Streets and Highways Code, relating to bridges.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 30794 of the Streets and Highways Code is amended to read:

30794. (a) The department may establish exclusive or preferential use of lanes on the new Dumbarton Bridge and the San Mateo Bridge and the approaches to those bridges for high-occupancy vehicles.

(b) For the purposes of this section, the new Dumbarton Bridge is that portion of State Highway Route 84 between the new Dumbarton Bridge Toll Plaza on the east side of the bay and the intersection of University Avenue on the west side of the bay.

(c) For the purposes of this section, the new Dumbarton Bridge approaches are all of the following:

(1) That portion of State Highway Route 84 between State Highway Route 101 and the bridge on the west side of the bay, known as the "Route 84 connection."

(2) That portion of University Avenue between Kavanaugh Drive and State Highway Route 84, known as the "University Avenue connection."

(3) That roadway, known as the Marsh Road connection, sometimes called the Northerly Connector, to be built from the intersection of Haven Avenue and Marsh Road, proceeding in an easterly direction to State Highway Route 84, extending along a 100-foot wide right-of-way, formerly subject to an easement held by the San Francisco Water Department.

(4) That portion of State Highway Route 84 between State Highway Route 880 and the bridge on the east side of the bay.

(d) As used in this section, "high-occupancy vehicle" means any vehicle containing two or more persons, except that the department may increase that number to three or more pursuant to subdivision (e).

(e) (1) The department shall, for purposes of this section, develop criteria for high-occupancy vehicle lanes and the occupancy requirements for vehicles using those lanes which include, but are not limited to, all of the following:

(A) Traffic congestion based on the vehicles per hour per lane rate.

(B) Highway safety.

(C) Traffic volume forecasts.

(D) Available support facilities for high-occupancy vehicles, including, but not limited to, park-and-ride lots and transit facilities.

(E) Traffic enforcement safety.

(F) Conformity with vehicle occupancy requirements of the surrounding area, particularly those for connecting high-occupancy vehicle routes.

(G) Maximum utilization of lanes.

(H) Consistency with objectives and strategies of congestion management agencies.

(I) Conformity with regionally adopted transportation control measures, approved air quality management plans, and regional transportation plans.

(2) The department shall, using the criteria developed pursuant to paragraph (1), prepare an engineering analysis of the requirements for high-occupancy vehicles and both existing and planned high-occupancy vehicle lanes on the bridges and the approaches to the bridges. Any proposed increase in the number of occupants required for a vehicle to come within the definition a high-occupancy vehicle shall be implemented only after consulting with the Metropolitan Transportation Commission and holding a public meeting.

(3) The department shall notify the Legislature, at least 30 days prior to holding the public meeting required by paragraph (2), of any proposed increase in the number of occupants required for a vehicle to come within the definition of a high-occupancy vehicle.

CHAPTER 941

An act relating to tidelands and submerged lands granted by the state to the City of Long Beach, and in this connection, to amend Section 6 of Chapter 138 of the Statutes of 1964 (First Extraordinary Session), and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. (a) The State Lands Commission is authorized to negotiate and execute, on behalf of the State of California, a contract with a private contractor and the City of Long Beach for the implementation by the contractor and the City of Long Beach of an optimized waterflood program for the Long Beach Unit. Neither this act nor the contract shall supersede or amend in any respect the existing contractors' agreements for Tracts 1 and 2 of the Long Beach Unit (except to extend their terms), the Long Beach Unit Agreement, the Long Beach Unit Operating Agreement, or any other existing contract relating to the drilling for, developing, extracting, processing, taking, or removing of oil, gas, and other hydrocarbons from Tracts 1 and 2 of the Long Beach Unit.

(b) As used in this act:

(1) "Commission" means the State Lands Commission.

(2) "City" means the City of Long Beach.

(3) "Contractor" means a person or entity contracting with the commission and the city pursuant to subdivision (a).

(4) "Chapter 138" means Chapter 138 of the Statutes of 1964, First Extraordinary Session.

SEC. 2. (a) The contract authorized pursuant to Section 1 shall obligate the contractor to bear, in the first instance, the State of California's share of incremental costs. The contractor shall satisfy this obligation by making payments to the city reimbursing the state for the revenue it otherwise loses as a result of implementing the program.

(b) (1) The contract shall include a method agreed upon by the commission and the contractor for determining the volumes of oil produced from the Long Beach Unit that constitute base production and incremental production. The contract shall obligate the state to pay monthly to the contractor 50 percent of the state's share of net profits attributable to incremental production from Tracts 1 and 2 during the first eight years of the optimized waterflood program and 49 percent during year nine and each year thereafter of the optimized waterflood program. The contract shall also obligate the state to pay monthly to the city, after the contractor has been compensated for its forebearance of the state's share of incremental costs as provided in the contract, the following percentages of the state's share of net profits attributable to incremental production from Tract 1:

(A) During the first four years of the optimized waterflood program, zero percent.

(B) During years five to eight, inclusive, of the optimized waterflood program, 3.75 percent.

(C) During year nine and each year thereafter of the optimized waterflood program, 8.5 percent.

(2) These payments shall be made monthly to the contractor and to itself by the city prior to any distribution between the commission

and the city from "remaining oil revenue," as defined in Section 4 of Chapter 138.

(c) The contract shall grant to the contractor the powers, duties, and authority necessary to accomplish the optimized waterflood program as are agreed to by the commission and the contractor and which shall be consistent with Chapter 138, as supplemented by this act, and with the Long Beach Unit Agreement and the Long Beach Unit Operating Agreement.

(d) The contract shall provide, as part of the consideration to be paid to the State of California by the contractor, the quitclaim of state oil and gas leases 308 and 309 covering tide and submerged lands in Santa Barbara County. Those lands, when they become fully vested in the state, free of the quitclaimed leases, shall be subject to the restrictions on leasing for the extraction of oil and gas applicable to those lands listed in subdivision (b) of Section 6871.2 of the Public Resources Code or any successor statute applicable to those lands.

SEC. 3. (a) In order to implement the optimized waterflood program, the contractor and the city shall prepare plans of development for the Long Beach Unit. Each plan shall cover a period of five years and shall be reviewed and replaced every two years. Each plan also shall include for each of its first two years all of the matters required to be included in annual plans of development and operation as provided by Section 5 of Chapter 138. The plans shall be subject to review and revision by the commission for consistency with good oil field practice, the optimized waterflood program, and the Long Beach Unit and Unit Operating Agreements and environmental and safety concerns. Subject to subdivision (c) of Section 5 of Chapter 138 and subdivision (j) of this section, the contractor and the city shall revise the plan to incorporate the changes ordered by the commission where the commission has found the changes to be necessary to assure that the plan (1) is consistent with good oil field practice, (2) is consistent with the optimized waterflood program, (3) is consistent with the Long Beach Unit and Unit Operating Agreements, or (4) does not involve significant safety or environmental risks. The contractor or the city, or both, may apply to a court of competent jurisdiction for review of the changes ordered by the commission. Subject to subdivision (c) of Section 5 of Chapter 138, the plan adopted by the contractor and the city with whatever changes are ordered by the commission shall go into effect and remain in effect, subject to any additional approvals that may be required by the Long Beach Unit Agreement, unless and until a court of competent jurisdiction determines in the exercise of its independent judgment that any changes ordered by the commission are not reasonable. In the event of such a judicial determination, the plan shall be altered as ordered by the court.

(b) The contract shall provide for the interim modification by the contractor and the city of the five-year plans of development from time to time, as necessary or appropriate, subject to review and revision by the commission in accordance with subdivision (a).

(c) The contractor and the city shall prepare annually a one-year plan for the implementation of the current five-year plan of development in accordance with the requirements of subdivision (a) of Section 5 of Chapter 138. The one-year plan shall consist of the applicable portion of the five-year plan described in subdivision (b), plus a budget of intended expenditures. The contract shall provide that any budgetary disputes between the contractor and the city are to be resolved by the commission in accordance with the contract. The contract shall also provide for the commission to resolve any such budgetary disputes that may arise in connection with any modifications to an annual plan. Subject to subdivisions (a) and (d), if applicable, the one-year plans of development may be modified in accordance with the procedures set out in the contract.

(d) Each proposed budget and each proposed modification to a budget included in an annual plan shall be subject to review and revision by the commission for consistency with the current five-year plan. Subject to subdivision (c) of Section 5 of Chapter 138, subdivision (j) of this section, and the limitations set forth in the contract, the contractor and the city shall revise each budget or modification to a budget to incorporate changes ordered by the commission where the commission has found the changes to be necessary to assure the consistency of the budget with the five-year plan. The city may apply to a court of competent jurisdiction for review of the changes ordered by the commission. Subject to subdivision (c) of Section 5 of Chapter 138 and the limitations set forth in the contract, the budget or the modification to a budget adopted by the contractor and the city with whatever changes are ordered by the commission shall go into effect and remain in effect, subject to any additional approvals that may be required by the Long Beach Unit Agreement, unless a court of competent jurisdiction determines in the exercise of its independent judgment that any changes ordered by the commission are not reasonable. In the event of such a judicial determination, the budget shall be altered as ordered by the court.

(e) The adoption of an annual plan provided for in subdivisions (c) and (d), and any and all modifications thereof, shall constitute the adoption of that plan or modification by the state, subject to the rights of the state under subdivision (d), and the city for all purposes, including Article 4 of the Long Beach Unit Agreement, and the contract shall provide for the state, the city, and the contractor to take any actions which may be necessary to cause each such annual plan to be approved, if required, in accordance with the Long Beach Unit Agreement.

(f) Subject to the approval, if required, of any parties to the Long Beach Unit Agreement other than the state, the city, or the contractor, the city, acting with the consent of the contractor, may cause the expenditure of funds for Long Beach Unit operations in excess of the amount of any category of expenditures provided for in the budget of an annual plan, up to a maximum of 120 percent of

the budgeted amount for that category.

(g) In order to carry out the purposes of this section and to effect a speedy determination of any disagreement between the commission and either, or both, the contractor and the city, the Superior Court for the County of Los Angeles shall give any proceeding filed in that court under this section priority over other civil matters, and any court of competent jurisdiction in which the proceeding is filed shall have the power to issue appropriate temporary orders.

(h) This section shall become inoperative upon the termination of the contractual provisions relating to the optimized waterflood program for the Long Beach Unit. Subdivisions (b), (d), and (g) of Section 5 of Chapter 138 shall be inoperative during the period this section remains operative.

(i) The contract shall specify time periods for the reviews and revisions by the commission provided for in this section.

(j) The contract shall provide the contractor with the discretionary authority to undertake expenditures up to a maximum annual amount provided in the contract subject only to a more limited review by the commission as provided in the contract.

SEC. 4. (a) If the optimized waterflood program has not been terminated in accordance with the provisions of the contract authorized in Section 1 by January 1, 1995, the terms of the existing contractors' agreements for Tracts 1 and 2 of the Long Beach Unit shall be extended, as of June 30, 1995, to the date on which the Long Beach Unit Agreement is terminated, notwithstanding anything to the contrary in Chapter 138, any other provision of law, the Long Beach City Charter, or any law or ordinance of the city. However, nothing in this act shall limit the application of any law or regulation which is intended to protect or may protect the environment. If the contracts are extended, each of the parties that is a contractor or a person comprising a contractor under the contractors' agreement for Tracts 1 and 2 as of January 1, 1995, shall have the option, but not the obligation, to continue its interest for the extended term, provided that it exercises its option in writing by June 30, 1995. The contractor described in Section 1 of this act shall have the obligation to assume the extended term of any contractor or any person comprising a contractor that does not so exercise the option to extend.

(b) Subdivision (f) of Section 3 of Chapter 138 is inapplicable to the extensions referred to in subdivision (a) of this section.

SEC. 5. Notwithstanding any provision of subdivision (e) of Section 4 of Chapter 138, the city shall, for a period of eight years, commencing January 1, 1992, retain 50 percent of the interest earned for the preceding calendar year on the "reserve for subsidence contingencies" as established pursuant to subdivision (f) of Section 4 of Chapter 138, in addition to the one million dollars ($1,000,000) retained by the city from remaining oil revenue, as so defined. Commencing January 1, 2000, for a period of four years, the city shall pay to the state 50 percent of the interest earned on the "reserve for

subsidence contingencies." Neither the city nor the state shall be entitled to retain or receive any further interest earned in the "reserve for subsidence contingencies" if the optimized waterflood program is terminated in accordance with the contract authorized in Section 1. In that event, the money shall remain in the "reserve for subsidence contingencies." The sums retained by the city shall be utilized by the city in accordance with the provisions of Section 6 of Chapter 138.

SEC. 6. The Legislature hereby finds that, notwithstanding the retention by the City of Long Beach and the state of a portion of the interest earned on the "reserve for subsidence contingencies" pursuant to Section 5, the "reserve for subsidence contingencies" will contain sufficient funds to pay any and all of the claims, judgments, and costs enumerated in subdivision (f) of Section 4 of Chapter 138.

SEC. 7. The Legislature finds and declares that the provisions of this act are necessary for the promotion of the public interest and are of statewide concern. To the extent that any provision of this act conflicts with Chapter 138, any other provision of law, the Long Beach City Charter, or any law or ordinance of the city, the provisions of this act shall prevail. However, nothing in this act shall limit the application of any law or regulation which is intended to protect or may protect the environment. No person or entity shall have liability to any other person or entity by reason of the preparation, execution, or delivery of any and all contracts provided for in this act. However, nothing in this act shall relieve any person or entity from liabilities imposed by those contracts or for operations conducted pursuant to those contracts.

SEC. 8. Section 6 of Chapter 138 of the Statutes of 1964 (First Extraordinary Session) is amended to read:

Sec. 6. The Legislature hereby finds that the remaining oil revenue hereinabove allocated to the City of Long Beach is needed and can be economically utilized by the city for the fulfillment of the trust uses and purposes described in the acts of 1911, 1925, and 1935 and described as follows in this act, which are hereby found to be matters of state, as distinguished from local, interest and benefit.

(a) The construction, reconstruction, improvement, repair, operation and maintenance of works, lands, waterways, and facilities necessary for the harbor within the boundaries of the harbor district of the city (as those boundaries were defined on April 1, 1956).

(b) The construction, reconstruction, repair, operation, and maintenance of streets, roadways, bridges, and bridge approaches within the boundaries of, or reasonably necessary to provide immediate access to, the harbor district (as such boundaries were defined on April 1, 1956).

(c) The construction, reconstruction, repair, operation, and maintenance of the bulkheads, piers, earthfills, streets, roadways, bridges, bridge approaches, buildings, structures, recreational facilities, landscaping, parking lots, and other improvements on or

adjacent to the Long Beach tidelands or on or adjacent to the Alamitos Beach Park Lands for the benefit and use of those tidelands or the Alamitos Beach Park Lands.

(d) The construction, reconstruction, repair, operation, and maintenance of small boat harbors, marine stadiums, maritime museum, marine parks, beaches, waterways, and related facilities, on or adjacent to the Long Beach tidelands or on or adjacent to the Alamitos Beach Park Lands, or on or adjacent to aquatic recreational areas of the aforesaid nature.

(e) The acquisition, filling, improvement, rehabilitation, and disposal of lands, which have, prior to January 1, 1964, been damaged by subsidence, located in the City of Long Beach westerly of Alamitos Avenue, easterly of the harbor district and southerly of Ocean Boulevard (as those streets and that district now exist).

(f) The acquisition of property or the rendition of services reasonably necessary to the carrying out of the foregoing uses and purposes.

(g) In addition to the foregoing, expenditures for any other use or purpose of state, as distinguished from purely local, interest and benefit which are in fulfillment of those trust uses and purposes described in the acts of 1911, 1925, and 1935, and which are approved in advance by the State Lands Commission.

(h) As to any expenditure of oil revenue for a capital improvement involving an amount in excess of one hundred thousand dollars ($100,000) proposed to be made under subdivisions (a) to (f), inclusive, of this section, the City of Long Beach shall file with the State Lands Commission an adequate detailed description of such capital improvement not less than 60 days prior to the time of any disbursement therefor or in connection therewith. The description shall specify, in addition, the particular subdivision or subdivisions of this section which the city deems applicable and its reasons, if necessary, for regarding such expenditure as being so authorized. The commission shall have 60 days after the time of such filing within which to notify the city that such capital improvement is not authorized by any of such subdivisions. In the event the commission so notifies the city, a copy of the opinion of the Attorney General (or other legal counsel of the commission) upon which such disapproval has been based shall be delivered to the city. In the event the commission notifies the city that such capital improvement is not authorized, the city shall not disburse any oil revenue for or in connection with that capital improvement for a period of 30 days following such notice, during which period or afterwards the State Lands Commission may seek any judicial relief in any court of competent jurisdiction which it deems appropriate.

In order to carry out the purposes of this section and to effect a speedy determination of any disagreement between the city and the commission, the Superior Court of the State of California for the County of Los Angeles (in the event such proceeding is filed in that court) shall give any proceeding filed by the city or state under this

section priority over other civil matters.

SEC. 9. Sections 2 to 8, inclusive, of this act shall become operative only if the State Lands Commission executes on behalf of the State of California the contract referred to in subdivision (a) of Section 1 of this act.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement an urgently needed optimized waterflood program for the Long Beach Unit at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 942

An act to amend Sections 800.4, 800.40, 800.49, 800.88, 800.100, 800.301, and 800.302 of, and to add Sections 800.35, 800.36, and 800.37 to, the Civil Code, to amend Section 1161a of the Code of Civil Procedure, to add Section 65863.12 to the Government Code, to amend Section 18038.7 of the Health and Safety Code, and to amend Sections 459 and 460 of the Penal Code, relating to floating homes.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 800.4 of the Civil Code is amended to read:

800.4. "Floating home marina" means an area where five or more floating home berths are rented, or held out for rent, to accommodate floating homes, but does not include a marina where 10 percent or fewer of the berths are leased or held out to lease to floating homes nor a marina or harbor (a) which is managed by a nonprofit organization, the property, assets, and profits of which may not inure to any individual or group of individuals, but only to another nonprofit organization; (b) the rules and regulations of which are set by majority vote of the berthholders thereof; and (c) which contains berths for fewer than 25 floating homes.

SEC. 2. Section 800.35 is added to the Civil Code, to read:

800.35. (a) The management of a floating home marina may enter a floating home, which is owned by the marina, only upon the prior written consent of the renter, except:

(1) In case of an emergency.

(2) Upon reasonable notice and during regular business hours, to make necessary or agreed repairs.

(3) When the homeowner has abandoned the premises.

(4) Pursuant to court order.

(b) The management of a floating home marina may enter a

floating home, not owned by the marina, only upon prior written consent, except:

(1) In case of an emergency.

(2) When the homeowner has abandoned the premises.

(3) Pursuant to a court order.

SEC. 3. Section 800.36 is added to the Civil Code, to read:

800.36. (a) A floating home not owned by a floating home marina shall be deemed abandoned by the homeowner, and the lease shall terminate, if the floating home marina gives written notice of its belief of abandonment as provided in this section and the homeowner fails to give the marina written notice, prior to the date of termination specified in the marina's notice, stating that he or she does not intend to abandon the floating home and stating an address at which the homeowner may be served by certified mail in any action for unlawful detainer of the marina.

(b) The marina may give a notice of belief of abandonment to the homeowner pursuant to this section only where the rent on the marina has been due and unpaid for at least 45 consecutive days and the marina management reasonably believes that the homeowner has abandoned the floating home. The date of termination of the lease shall be specified in the marina's notice and shall be not less than 15 days after the notice is served personally or, if mailed, not less than 18 days after the notice is deposited in the mail.

(c) The marina's notice of belief of abandonment shall be personally delivered to the homeowner or sent by first-class mail, postage prepaid, to the homeowner at his or her last known address and, if there is reason to believe that the notice sent to that address will not be received by the homeowner, also to such other address, if any, known to the marina where the homeowner may reasonably be expected to receive the notice.

(d) The notice of belief of abandonment shall be in substantially the following form:

Notice of Belief of Abandonment

To:

_____

(Name of homeowner)

_____

(Address of homeowner)

This notice is given pursuant to Section 800.36 of the Civil Code concerning the floating home marina leased by you at _____ (state location of the property by address or other sufficient description). The rent on this marina has been due and unpaid for 45 consecutive days and the marina believes that you have abandoned the floating home.

The floating home will be deemed abandoned within the meaning of Section 1951.2 of the Civil Code and your lease will terminate on _____ (here insert a date not less than 15 days after this notice is

served personally or, if mailed, not less than 18 days after this notice is deposited in the mail) unless before that date the undersigned receives at the address indicated below a written notice from you stating both of the following:

(1) Your intent not to abandon the floating home.

(2) An address at which you may be served by certified mail in any action for unlawful detainer of the floating home marina.

You are required to pay the rent due and unpaid on this marina as required by the lease, and your failure to do so can lead to a court proceeding against you.

Dated: _____

_____

(Signature of marina manager/owner)

_____

(Type or print name of marina manager/owner)

_____

(Address to which the homeowner is to send notice)

(e) The floating home shall not be deemed to be abandoned pursuant to this section if the homeowner proves any of the following:

(1) At the time the notice of belief of abandonment was given, the rent was not due and unpaid for 45 consecutive days.

(2) At the time the notice of belief of abandonment was given, it was not reasonable for the marina to believe that the homeowner had abandoned the floating home. The fact that the marina management knew that the homeowner left personal property on the floating home does not, of itself, justify a finding that the marina management did not reasonably believe that the homeowner had abandoned the floating home.

(3) Prior to the date specified in the marina's notice, the homeowner gave written notice to the lessor stating his or her intent not to abandon the floating home and stating an address at which he or she may be served by certified mail in any action for unlawful detainer of the marina.

(4) During the period commencing 45 days before the time the notice of belief of abandonment was given and ending on the date the lease would have terminated pursuant to the notice, the homeowner paid to the marina all or a portion of the rent due and unpaid.

(f) Nothing in this section precludes the marina or the homeowner from otherwise proving that the floating home has been abandoned by the homeowner within the meaning of Section 1951.2.

(g) Nothing in this section precludes the marina from serving a notice requiring the homeowner to pay rent or quit as provided in Section 800.71 at any time permitted by that section, or affects the time and manner of giving any other notice required or permitted by law. The giving of the notice provided by this section does not satisfy the requirements of Sections 1161 and 1162 of the Code of Civil

Procedure.

SEC. 4. Section 800.37 is added to the Civil Code, to read:

800.37. A floating home which is owned by a floating home marina shall be deemed abandoned according to the procedures and requirements of Section 1951.3.

SEC. 5. Section 800.40 of the Civil Code is amended to read:

800.40. The management shall give a homeowner written notice of any increase in his or her rent at least 30 days before the date of the increase, and the reason for the increase, including the basis for any calculation used in determining the amount of the increase.

SEC. 6. Section 800.49 of the Civil Code is amended to read:

800.49. (a) The management may only demand a security deposit on or before initial occupancy and the security deposit may not be in an amount or value in excess of an amount equal to two months' rent that is charged at the inception of the tenancy, in addition to any rent for the first month. In no event shall additional security deposits be demanded of a homeowner following initial occupancy.

(b) After the homeowner has promptly paid to the management within five days of the date the amount is due, all of the rent, utilities, and reasonable service charges for any 12-consecutive-month period subsequent to the collection of the security deposit by the management, or upon resale of the floating home, whichever occurs earlier, the management shall, upon the receipt of a written request from the homeowner, refund to the homeowner the amount of the security deposit within 30 days following the end of the 12-consecutive-month period of prompt payment or the date of the resale of the floating home.

(c) In the event that the interest in the floating home marina is transferred to any other party or entity, the successor in interest shall have the same obligations of management contained in this section with respect to the security deposit.

(d) The management shall not be required to place any security deposit collected in an interest-bearing account or to provide a homeowner with any interest on the security deposit collected.

(e) This section applies to all security deposits collected on or after January 1, 1991.

SEC. 7. Section 800.88 of the Civil Code is amended to read:

800.88. An heir or joint tenant who gains ownership of a floating home in the floating home marina through the death of the owner of the floating home who is a homeowner shall have the right to sell the floating home to a third party in accordance with this article, but only if all the homeowner's responsibilities and liabilities to the management regarding rent, utilities, and reasonable maintenance of the floating home and its premises which have arisen after the transfer of ownership to the heir or joint tenant have been satisfied up until the date the floating home is resold.

SEC. 8. Section 800.100 of the Civil Code is amended to read:

800.100. (a) When the owner of a floating home marina enters

into a written listing agreement with a licensed real estate broker, as defined in Article 1 (commencing with Section 10130) of Chapter 2 of Part 1 of Division 4 of the Business and Professions Code, for the sale of the marina or offers to sell the marina to any party, the owner shall provide written notice by first-class mail or by personal delivery to the president, secretary, and treasurer of the resident organization, not less than 30 days but no more than one year prior to entering into any written listing agreement for the sale of the marina, or making any offer to sell the marina to any party. An offer to sell a marina shall not be construed as an offer under this subdivision unless it is initiated by the marina owner or his or her agent.

(b) An owner of a floating home marina is not required to comply with subdivision (a) unless the following conditions are met:

(1) The resident organization has first furnished the marina owner or marina manager a written notice of the name and address of the president, secretary, and treasurer of the resident organization to whom the notice of sale shall be given.

(2) The resident organization has first notified the marina owner or manager in writing that the marina residents are interested in purchasing the marina. The initial notice by the resident organization shall be made prior to a written listing or offer to sell the marina by the marina owner, and the resident organization shall give subsequent notice once each year thereafter that the marina residents are interested in purchasing the marina.

(3) The resident organization has furnished the marina owner or marina manager a written notice, within five days, of any change in the name or address of the officers of the resident organization to whom the notice of sale shall be given.

(c) Nothing in this section affects the validity of title to real property transferred in violation of this section, although a violation shall subject the seller to civil action pursuant to Article 9 (commencing with Section 800.200) by homeowner residents of the marina or by the resident organization.

(d) Nothing in this section affects the ability of a licensed real estate broker to collect a commission pursuant to an executed contract between the broker and the floating home marina owner.

(e) This section does not apply to any of the following:

(1) Any sale or other transfer by a marina owner who is a natural person to any relation specified in Section 6401 or 6402 of the Probate Code.

(2) Any transfer by gift, devise, or operation of law.

(3) Any transfer by a corporation to an affiliate. As used in this paragraph, "affiliate" means any shareholder of the transferring corporation, any corporation or entity owner or controlled, directly or indirectly, by the transferring corporation, or any other corporation or entity controlled, directly or indirectly, by any shareholder of the transferring corporation.

(4) Any transfer by a partnership to any of its partners.

(5) Any conveyance resulting from the judicial or nonjudicial foreclosure of a mortgage or deed of trust encumbering a floating home marina or any deed given in lieu of such a foreclosure.

(6) Any sale or transfer between or among joint tenants or tenants in common owning a floating home marina.

(7) The purchase of a floating home marina by a governmental entity under its powers of eminent domain.

SEC. 9. Section 800.301 of the Civil Code is amended to read:

800.301. A resident may advertise the sale or exchange of his or her floating home or, if not prohibited by the terms of an agreement with the management or ownership, may advertise the rental of his or her floating home by displaying a sign in the window of his or her floating home stating that the floating home is for sale or exchange or, if not prohibited, for rent by the owner of the floating home or his or her agent. The sign shall state the name, address, and telephone number of the owner of the floating home or his or her agent, and shall be 24 inches in width and 18 inches in length.

SEC. 10. Section 800.302 of the Civil Code is amended to read:

800.302. The ownership or management shall not show or list for sale a floating home owned by a resident without first obtaining the resident's written authorization. The authorization shall specify the terms and conditions regarding the showing or listing.

SEC. 11. Section 1161a of the Code of Civil Procedure is amended to read:

1161a. (a) As used in this section:

(1) "Manufactured home" has the same meaning as provided in Section 18007 of the Health and Safety Code.

(2) "Mobilehome" has the same meaning as provided in Section 18008 of the Health and Safety Code.

(3) "Floating home" has the same meaning as provided in subdivision (d) of Section 18075.55 of the Health and Safety Code.

(b) In any of the following cases, a person who holds over and continues in possession of a manufactured home, mobilehome, floating home, or real property after a three-day written notice to quit the property has been served upon the person, or if there is a subtenant in actual occupation of the premises, also upon such subtenant, as prescribed in Section 1162, may be removed therefrom as prescribed in this chapter:

(1) Where the property has been sold pursuant to a writ of execution against such person, or a person under whom such person claims, and the title under the sale has been duly perfected.

(2) Where the property has been sold pursuant to a writ of sale, upon the foreclosure by proceedings taken as prescribed in this code of a mortgage, or under an express power of sale contained therein, executed by such person, or a person under whom such person claims, and the title under the foreclosure has been duly perfected.

(3) Where the property has been sold in accordance with Section 2924 of the Civil Code, under a power of sale contained in a deed of trust executed by such person, or a person under whom such person

claims, and the title under the sale has been duly perfected.

(4) Where the property has been sold by such person, or a person under whom such person claims, and the title under the sale has been duly perfected.

(5) Where the property has been sold in accordance with Section 18037.5 of the Health and Safety Code under the default provisions of a conditional sale contract or security agreement executed by such person, or a person under whom such person claims, and the title under the sale has been duly perfected.

(c) Notwithstanding the provisions of subdivision (b), a tenant or subtenant in possession of a rental housing unit which has been sold by reason of any of the causes enumerated in subdivision (b), who rents or leases the rental housing unit either on a periodic basis from week to week, month to month, or other interval, or for a fixed period of time, shall be given written notice to quit pursuant to Section 1162, at least as long as the term of hiring itself but not exceeding 30 days, before the tenant or subtenant may be removed therefrom as prescribed in this chapter.

(d) For the purpose of subdivision (c), "rental housing unit" means any structure or any part thereof which is rented or offered for rent for residential occupancy in this state.

SEC. 12. Section 65863.12 is added to the Government Code, to read:

65863.12. (a) Prior to the conversion of a floating home marina to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a floating home marina or cessation of use of the land as a floating home marina, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the floating home marina to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced floating home marina residents, the report shall address the availability of adequate replacement housing in floating home marinas and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each floating home in the floating home marina at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the closure or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each floating home in the floating home marina at the same time as the notice of the change is provided to the residents pursuant to subdivision (f) of Section 800.71 of the Civil Code.

(d) When the impact report is filed prior to the closure or cessation of use, the person or entity filing the report or any resident may request, and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced floating home marina residents to find adequate housing in a floating home marina. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation.

(f) If the closure or cessation of use of a floating home marina results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2 of Title 5 to cover any costs incurred by the local agency in implementing this section. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning variance under which the floating home marina has operated, or as a result of any other zoning or planning decision, action, or inaction. However, a state or local governmental agency is not required to take steps to mitigate the adverse impact of the change pursuant to subdivision (e).

(j) This section applies to any floating home marina as defined in Section 800.4 of the Civil Code, and to any marina or harbor (1) which is managed by a nonprofit organization, the property, assets, and profits of which may not inure to any individual or group of individuals, but only to another nonprofit organization; (2) the rules and regulations of which are set by majority vote of the berthholders thereof; and (3) which contains berths for fewer than 25 floating homes.

SEC. 13. Section 18038.7 of the Health and Safety Code is amended to read:

This section shall not apply in the event there is substantial damage to the manufactured home, mobilehome, commercial coach, truck camper, or floating home other than wear and tear from normal usage.

In addition, no deficiency judgment shall lie in any event under a deed of trust or mortgage or note on a floating home serving as a dwelling for not more than four families given to a lender to secure payment of a loan which was in fact used to pay for all or part of the

purchase price of that dwelling occupied, entirely or in part, by the purchaser.

SEC. 14. Section 459 of the Penal Code is amended to read:

459. Every person who enters any house, room, apartment, tenement, shop, warehouse, store, mill, barn, stable, outhouse or other building, tent, vessel, as defined in Section 21 of the Harbors and Navigation Code, floating home, as defined in subdivision (d) of Section 18075.55 of the Health and Safety Code, railroad car, locked or sealed cargo container, whether or not mounted on a vehicle, trailer coach, as defined in Section 635 of the Vehicle Code, any house car, as defined in Section 362 of the Vehicle Code, inhabited camper, as defined in Section 243 of the Vehicle Code, vehicle as defined by the Vehicle Code, when the doors are locked, aircraft as defined by Section 21012 of the Public Utilities Code, or mine or any underground portion thereof, with intent to commit grand or petit larceny or any felony is guilty of burglary. As used in this chapter, "inhabited" means currently being used for dwelling purposes, whether occupied or not. A house, trailer, vessel designed for habitation, or portion of a building is currently being used for dwelling purposes if, at the time of the burglary, it was not occupied solely because a natural or other disaster caused the occupants to leave the premises.

SEC. 15. Section 460 of the Penal Code is amended to read:

460. (a) Every burglary of an inhabited dwelling house, vessel, as defined in the Harbors and Navigation Code, which is inhabited and designed for habitation, floating home, as defined in subdivision (d) of Section 18075.55 of the Health and Safety Code, or trailer coach, as defined by the Vehicle Code, or the inhabited portion of any other building, is burglary of the first degree.

(b) All other kinds of burglary are of the second degree.

(c) This section shall not be construed to supersede or affect Section 464 of the Penal Code.

SEC. 16. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 11478 of the Welfare and Institutions Code is amended to read:

11478. All state, county, and local agencies shall cooperate in the enforcement of any child support obligation or to the extent required under the state plan under Section 11475.2 and Section 1650 of the Code of Civil Procedure, spousal support orders and in the location of parents who have abandoned or deserted children, irrespective of whether the children are or are not receiving aid to families with dependent children, and shall, on request, supply the county department, the Department of Justice, any county probation officer, the district attorney of any county in this state, or the California Parent Locator Service with all information on hand relative to the location, income, or property of any absent parents, spouses, or former spouses, notwithstanding any other provision of law making the information confidential, and with all information on hand relative to the location and prosecution of any person who has, by means of false statement or representation or by impersonation or other fraudulent device, obtained aid for a child under this chapter.

SEC. 2. Section 11478.1 is added to the Welfare and Institutions Code, to read:

11478.1. (a) It is the intent of the Legislature to protect individual rights of privacy, and to facilitate and enhance the effectiveness of the child and spousal support enforcement program, by ensuring the confidentiality of support enforcement records, and to thereby encourage the full and frank disclosure of information relevant to all of the following:

(1) The establishment or maintenance of parent and child relationships and support obligations.

(2) A document requested by a person who wrote, prepared, or furnished the document may be examined by or disclosed to that person or his or her designee.

(3) The payment history of an obligor pursuant to a support order may be examined by or released to the court, the obligor, or the person on whose behalf enforcement actions are being taken or that person's designee.

(4) Public records subject to disclosure under the Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of the Government Code) may be released.

(5) After a noticed motion and a finding by the court, in a case in which enforcement actions are being taken, that release or disclosure to the obligor is required by due process of law, the court may order a public entity, which possesses an application, paper, document, or record as described in subdivision (b) to make that item available to the obligor for examination or copying, or to disclose to the obligor the contents of that item. Article 9 (commencing with Section 1040) of Chapter 4 of Division 3 of the Evidence Code shall not be applicable to proceedings under this part.

(6) To the extent not prohibited by federal law or regulation, information indicating the existence or imminent threat of a crime against a minor child, or location of a concealed or abducted child or the location of the concealing or abducting person, may be disclosed to any appropriate law enforcement agency, or to any state or county child protective agency, or may be used in any judicial proceedings to prosecute that crime or to protect the child.

(7) The social security number, most recent address, and the place of employment of the absent parent may be released to an authorized person as defined in Section 653(c) of Title 42 of the

United States Code, only if the authorized person has filed a request for the information, and only if the information has been provided to the California Parent Locator Service by the federal Parent Locator Service pursuant to Section 653 of Title 42 of the United States Code.

(d) (1) "Administration and implementation of the child and spousal support enforcement program," as used in this section, means the carrying out of the state and local plans for establishing, modifying, and enforcing child support obligations, enforcing spousal support orders, and determining paternity pursuant to Part D (commencing with Section 651) of Subchapter IV of Chapter 7 of Title 42 of the United States Code and this article.

(2) For purposes of this section, "obligor" means any person owing a duty of support.

(e) Any person who willfully, knowingly, and intentionally violates this section is guilty of a misdemeanor.

(f) Nothing in this section shall be construed to compel the disclosure of information relating to a deserting parent who is a recipient of aid under a public assistance program for which federal aid is paid to this state, if that information is required to be kept confidential by the federal law or regulations relating to the program.

SEC. 3. Section 11478.5 of the Welfare and Institutions Code is amended to read:

11478.5. (a) There is in the Department of Justice the California Parent Locator Service and Central Registry which shall collect and disseminate all of the following, with respect to any parent who has deserted or abandoned any child, spouse, or former spouse:

(1) The full and true name of such parent together with any known aliases.

(c) (1) To effectuate the purposes of this section, and notwithstanding any other provision of California law, regulation, or tariff, and to the extent permitted by federal law, the California Parent Locator Service and Central Registry may request and shall receive from public utilities, as defined in Section 216 of the Public Utilities Code, customer service information, including the full name, address, telephone number, date of birth, and social security number of customers of the public utility, to the extent that this information is stored within the computer data base of the public utility.

(2) In order to protect the privacy of utility customers, a request to a public utility for customer service information pursuant to this section shall meet the following requirements:

(3) The public utility may charge a fee to the California Parent Locator Service and Central Registry for each search performed pursuant to this subdivision to cover the actual costs to the public utility for providing this information.

(4) No public utility, or official or employee thereof, shall be subject to criminal or civil liability for the release of customer service information as authorized by this subdivision.

(d) Notwithstanding Section 14202 of the Penal Code, any records established pursuant to this section shall be disseminated only to the Department of Justice, the central registry of this state and other states as defined by federal law and regulations, district attorneys, probation departments, locator services of other states, the federal Parent Locator Service and official child support enforcement agencies, the county department administering aid to families with dependent children, and courts or local agencies having jurisdiction in support, adoption, dependency, or abandonment proceedings or actions, or reimbursement proceedings for the support of juveniles who are in out-of-home placement for the purposes set out in Section 11478 and this section.

(e) (1) At no time shall any information received by the California Parent Locator Service and Central Registry be disclosed to any person, agency, or other entity, other than those persons, agencies, and entities specified pursuant to Section 11478, this section, or any other provision of law.

(2) This subdivision shall not affect the right to discovery between parties in any action to establish, modify, or enforce child support, spousal support, or family support.

(g) The State Department of Social Services and the Department

of Justice shall implement the provisions of this section regarding public utilities, as defined by Section 216 of the Public Utilities Code, only where there is a reasonable likelihood that the cost of obtaining customer service information from public utilities pursuant to this section would be less than the additional collections obtained through use of that information.

(h) This section shall be construed in a manner consistent with the other provisions of this article.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 944

An act to amend Sections 8516 and 8516.1 of the Business and Professions Code, and to amend Sections 11891, 11893, and 12998 of the Food and Agricultural Code, relating to pest control.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section, and Section 8519, apply only to wood destroying pests or organisms, but do not apply to work conducted under a Branch 4 license.

(b) No registered company or licensee shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before

work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (h).

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood destroying pests or organisms exist.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, roof framing that includes the eaves, rafters, fascias exposed timbers, exposed sheathing, ceiling joists, and attic walls, or other parts subject to attack by wood destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions, roof leaks, and insufficient ventilation are to be reported.

(8) Indication or description of any areas that are inaccessible or not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

(9) Recommendations for corrective measures.

(10) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(11) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an

original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection which is evident.

(2) The conditions that are present which are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separate report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify paragraphs (1) and (2) of subdivision (c). Additionally, the form shall explain paragraphs (1) and (2) of subdivision (c) conditions and the difference between those conditions. In no event, however, shall conditions described pursuant to paragraph (2) of subdivision (c) be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a

property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (9), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(i) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

This section shall become operative on July 1, 1989.

SEC. 2. Section 8516.1 of the Business and Professions Code is amended to read:

8516.1. (a) This section applies only to work conducted under a Branch 4 license.

(b) No Branch 4 registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying organisms or nondecay fungi on a wood shake or shingle roof until an inspection has been made. All inspections performed by Branch 4 registered companies or licensees shall be on properties that are not offered for sale, lease, or exchange, and shall be limited to the wood shakes or shingles on wood shake or shingle roofs and may only be performed for purposes of detecting the presence or absence of (1) wood destroying organisms such as decay fungi on the wood shakes or shingles and resulting decay, or (2) nondecay fungi such as mold, mildew, lichen, or moss on the wood shakes or shingles.

(c) All Branch 4 registered companies shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be

prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following items shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of the inspection reports and completion notices as provided in subdivision (e).

(4) The address or location of the property.

(5) A general description of the building inspected.

(6) A diagram or sketch of the roof inspected indicating thereon the type and approximate location of any infection of wood destroying organisms or nondecay fungi.

(7) Information regarding conditions usually deemed likely to lead to infection of wood destroying organisms and nondecay fungi.

(8) Recommendations for corrective measures.

(9) Information regarding the wood preservative to be used for control of the wood destroying organisms and nondecay fungi as set forth in subdivision (a) of Section 8538.

(d) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall take effect.

(e) Whenever a report is filed pursuant to subdivision (c), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested, and, upon payment of an appropriate search fee.

(f) All work recommended by a Branch 4 registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on that report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

SEC. 3. Section 11891 of the Food and Agricultural Code is amended to read:

11891. Every person who violates this division, or any regulation issued pursuant to this division, is guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or by imprisonment of not less than 10 days nor more than six months, or

by both that fine and imprisonment. Each violation constitutes a separate offense.

SEC. 4. Section 11893 of the Food and Agricultural Code is amended to read:

11893. Any person who violates this division, or any regulation issued pursuant to this division, is liable civilly in an amount not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000) for each violation. Any money recovered under this section shall be paid into the Department of Pesticide Regulation Fund for use by the department in administering and enforcing this division pursuant to Section 11513, and in administering Division 7 (commencing with Section 12501).

SEC. 5. Section 12998 of the Food and Agricultural Code is amended to read:

12998. Any person who violates this division relating to pesticides, or any regulation issued pursuant to a provision of this division relating to pesticides, is liable civilly in an amount not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000) for each violation. Any person who commits a second or subsequent violation that is the same as a prior violation or similar to a prior violation or whose intentional violation resulted or reasonably could have resulted in the creation of a hazard to human health or the environment or in the disruption of the market of the crop or commodity involved, is liable civilly in an amount not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) for each violation. Any money recovered under this section shall be paid into the Department of Pesticide Regulation Fund for use by the department in administering this division, and Division 6 (commencing with Section 11401).

CHAPTER 945

An act to amend Sections 8574.4 and 8670.21 of the Government Code, relating to oil spills.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 8574.4 of the Government Code is amended to read:

8574.4. State agencies designated to implement the contingency plan shall account for all state expenditures made under the plan with respect to each oil spill. Expenditures accounted for under this section from an oil spill in marine waters shall be paid from the Oil Spill Response Trust Fund created pursuant to Section 8670.46. All other expenditures accounted for under this section shall be paid

from the State Water Pollution Cleanup and Abatement Account in the State Water Quality Control Fund provided for in Article 3 (commencing with Section 13440) of Chapter 6 of Division 7 of the Water Code. If the party responsible for the spill is identified, that party shall be liable for the expenditures accounted for under this section, in addition to any other liability which may be provided for by law, in an action brought by the Attorney General. The proceeds from any such action for a spill in marine waters shall be paid into the Oil Spill Response Trust Fund.

SEC. 2. Section 8670.21 of the Government Code is amended to read:

8670.21. (a) The administrator shall attempt to negotiate an agreement with the Coast Guard by December 31, 1991, for a vessel traffic service (VTS) system to protect the harbors of the state. The administrator may include in the agreement provisions for vessel traffic monitoring and communications systems for areas of the coast outside of harbors or negotiate a separate agreement. Any such separate agreement shall be negotiated by December 31, 1993. The purpose of the vessel traffic service and the vessel traffic monitoring and communications systems shall be to aid navigation by providing satellite tracking, radar, or other information regarding ship locations and traffic to prevent collisions and groundings.

(b) If the administrator cannot negotiate an agreement on VTS systems pursuant to subdivision (a) by December 31, 1991, the administrator shall, in consultation with the Coast Guard, develop a plan for implementing vessel traffic service systems pursuant to subdivision (a) for the Ports of Los Angeles and Long Beach, the harbors of San Francisco, San Pablo and Suisun Bays, and the Santa Barbara Channel, and any other areas where establishing a vessel traffic service system or vessel monitoring and communications system is recommended by the Coast Guard. The plan shall provide for the regions described in this subdivision, and any other system and regions recommended by the Coast Guard, or recommended by the administrator and approved by the Coast Guard. The plan shall be completed by December 31, 1992. Only systems which will be operated by the Coast Guard, or have direct communication with a Coast Guard officer who has Captain of the Port enforcement authority, shall be included in the plan. The system shall be installed and in operation by December 31, 1993. The plan shall be amended to reflect changes in Coast Guard recommendations, operations, and changes in the agreements specified in subdivision (a). If the administrator cannot comply with this deadline, he or she shall report to the Legislature on the reasons. The plan shall, to the extent allowable given federal requirements, provide for the best achievable protection.

(c) The administrator shall attempt to provide funding for a VTS and vessel monitoring and communications system through voluntary funding by the maritime industry. If agreement on voluntary funding has not been reached by July 1, 1992, the

administrator shall establish a revenue system that reflects the commercial maritime activity of each of the respective harbors or areas for which there is a VTS or vessel monitoring and communications system. Using this revenue system, the administrator shall fund the VTS system and vessel monitoring and communications system. The moneys collected pursuant to this subdivision shall be deposited in the Vessel Safety Account, which is hereby created in the Oil Spill Prevention and Administration Fund. Moneys in the Vessel Safety Account are continuously appropriated solely to carry out the purposes of this section. Other than the fees imposed by this subdivision, no funds from the Oil Spill Prevention and Administration Fund may be used to pay for VTS or vessel traffic monitoring and communication systems. The administrator shall adopt regulations to implement this subdivision. The administrator may adopt regulations prohibiting barges and tankers from accepting or unloading oil at marine terminals if a barge or tanker is not in compliance with required vessel traffic service and vessel traffic monitoring and communications system equipment.

(d) (1) The Marine Exchange of Los Angeles and Long Beach Harbors may operate a VTS system if it is approved by the Coast Guard and certified by the administrator as meeting the requirements of this chapter. The marine exchange shall cooperate fully with the administrator in the development and implementation of the VTS system required by this section. Upon certification by the administrator that, pursuant to this section, the Coast Guard has commenced operation of a VTS system for the Ports of Los Angeles and Long Beach, the authorization for the marine exchange to operate a VTS system shall terminate.

(2) The Port of Los Angeles and the Port of Long Beach may impose fees upon all covered vessels for the funding of a VTS system operated by the marine exchange.

(3) A covered vessel shall not assert any claim against the marine exchange or any officer, director, employee, or representative of the marine exchange for any damage, loss, or expense, including any rights of indemnity or other rights of any kind, sustained by the covered vessel or its owners, agents, charterers, operators, crew, or third parties arising out of, or connected with, directly or indirectly, the marine exchange's operation of the vessel traffic service, even though resulting in whole or in part from negligent acts or omissions of the marine exchange or any officer, director, employee, or representative of the marine exchange.

(4) Each covered vessel shall defend, indemnify, and hold harmless the marine exchange and its officers, directors, employees, and representatives from any and all claims, suits, or actions of any nature by whomsoever asserted, even though resulting or alleged to have resulted from negligent acts or omissions of the marine exchange or an officer, director, employee, or representative of the marine exchange.

(5) Nothing in this subdivision shall affect liability or rights which

may arise by reason of the gross negligence or intentional or willful misconduct of the marine exchange or an officer, director, employee, or representative of the marine exchange in the operation of the vessel traffic service.

(6) The marine exchange and its officers and directors are subject to Section 5047.5 of the Corporations Code to the extent that the marine exchange meets the criteria specified in that section.

(7) Nothing in this section shall be deemed to include the marine exchange or its officers, directors, employees, or representatives within the definition of "responsible party" pursuant to subdivision (n) of Section 8670.3 for purposes of this chapter.

(8) On or before July 31, 1993, and on or before July 31 of each odd-numbered year thereafter, the marine exchange shall submit a report containing a complete description of the VTS system operated by the marine exchange to the administrator appointed pursuant to Section 8670.4. Upon receiving this report, the administrator shall determine, after a public hearing, whether the elements and operation of the VTS system are consistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23 and the standards for the statewide vessel traffic service systems plan developed pursuant to subdivision (b). If the administrator determines that the VTS system is inconsistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23 or with the statewide vessel traffic service systems plan developed pursuant to subdivision (b), the administrator shall issue an order to the marine exchange specifying modifications to the VTS system to eliminate the inconsistencies. If the marine exchange has not complied with an order within six months of issuance, the administrator may, in addition to or in lieu of other enforcement actions authorized by this chapter, and after a public hearing, administratively revoke the authorization contained in this section for the marine exchange to operate a VTS system. If authorization for the marine exchange to operate a VTS system is revoked, the administrator shall take any action necessary to expeditiously establish a VTS system for the Ports of Los Angeles and Long Beach. The action may include the assessment of fees on vessels, port users, and ports, and needed expenditures, as provided in subdivision (c).

(e) All other vessel traffic service and vessel traffic monitoring and communications systems deemed necessary by the administrator, but not approved by the Coast Guard, shall not be included in the plan until receiving specific approval by the Legislature.

(f) For the purposes of this section, "vessels" means vessels as defined in Section 21 of the Harbors and Navigation Code.

(g) It is the intent of the Legislature that VTS systems and vessel traffic monitoring and communications systems be completed and operated by the Coast Guard, except that in the case of Los Angeles and Long Beach Harbors, a VTS system may be operated by the

Marine Exchange of Los Angeles and Long Beach Harbors pursuant to subdivision (d).

SEC. 2. Section 12962 of the Insurance Code is amended to read:

12962. The commissioner shall make an annual report to the Legislature and to the Governor on or before October 1. The report shall include:

(2) The number of insurers reporting policies written for each class during the calendar year.

(3) For each class, the number of insurers reporting a combined loss ratio of 100 percent or more, and the number reporting a combined loss ratio of under 100 percent.

(4) An analysis of adjustments made to loss reserves for prior years.

(5) The change in any item required to be included by paragraphs (1) to (4), inclusive, from the immediately prior year.

(b) An analysis of the activities of the Department of Insurance in implementing the provisions of Proposition 103 on the November 8, 1988, General Election Ballot, as set forth in Article 10 (commencing with Section 1861.01) of Chapter 9 of Part 2 of Division 1.

(d) An analysis on the results of the program to reduce the number of uninsured motorists and the relationship to affordable private passenger vehicle liability insurance rates pursuant to Sections 4750.2 and 4750.4 of the Vehicle Code.

(e) The requirements of this section shall be satisfied if the analysis required by this section is included in the annual report to the Governor required by Section 12960, and a copy of that report is provided to the Legislature.

SEC. 3. Section 11580.10 of the Insurance Code is amended to read:

11580.10. Any liability insurer issuing or renewing an automobile liability policy or a motor vehicle liability policy within the meaning of subdivision (a) of Section 16054 of the Vehicle Code shall provide written notice to the named insured of the policy identification number that may be used for verifying financial responsibility for purposes of Section 16028 of the Vehicle Code. This notice may be provided in a written binder, if any, or in the policy documents provided upon issuance or renewal of the policy. The insurer shall provide at least two copies of the notice to the insured and shall, upon request and payment of the reasonable cost thereof, provide additional copies.

This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 3.5. Section 1808 of the Vehicle Code is amended to read:

1808. Notwithstanding Sections 16005 and 20012, and except as provided in Sections 1808.4, 1808.5, 4750.2, and 4750.4, all records of the department relating to the registration of vehicles, other information contained on an application for a driver's license, abstracts of convictions, and abstracts of accident reports required to be sent to the department in Sacramento, except for abstracts of accidents where, in the opinion of a reporting officer, another individual was at fault, shall be open to public inspection during office hours. All abstracts of accident reports shall be available to law enforcement agencies and courts of competent jurisdiction.

SEC. 4. Section 4750.2 is added to the Vehicle Code, to read:

4750.2. (a) The department shall conduct a study of methods for verifying financial responsibility with respect to vehicles being registered or reregistered. The insurance industry, the insurance trade industry, and consumer groups shall be invited to participate in the study and to cooperate with the department in providing information necessary to the conduct of the study. Any information provided by an insurer for purposes of the study shall, except as provided in Section 4750.4, be kept confidential by the department.

(b) The department shall prepare and transmit to the Legislature, on or before April 1, 1992, an interim report which shall include, but not be limited to, all of the following:

(1) Alternatives for verifying financial responsibility, together with the cost of each alternative.

(2) Methods used by other states for similar verification, and the results of those methods.

(3) The recommended method of verification.

(4) An implementation plan to permit evaluation of the recommended method.

(c) The department shall prepare and transmit to the Legislature, on or before December 1, 1992, a final report containing the results of the evaluation and recommendations for implementation of a verification program.

SEC. 5. Section 4750.4 is added to the Vehicle Code, to read:

4750.4. Information provided by an insurer to the department pursuant to Section 11580.10 of the Insurance Code and Section 4750.2 of this code shall be made available only to law enforcement agencies for law enforcement purposes.

SEC. 6. Section 16028 is added to the Vehicle Code, to read:

16028. (a) (1) Every person who drives a motor vehicle required to be registered in this state upon a highway, or who drives a moped upon the highway, shall, when requested by a peace officer pursuant to subdivision (c) or (d), provide evidence of financial responsibility for the vehicle.

(2) Every person who drives a motor vehicle subject to registration upon private property shall, when requested by a peace officer pursuant to subdivision (c) or (d), provide evidence of financial responsibility for the vehicle.

Except as otherwise provided in this subdivision and subdivision (e), any person who violates this subdivision is guilty of an infraction and shall be punished for each offense by a fine of ninety-five dollars ($95) and an additional penalty assessment of twenty-five dollars ($25). If (A) the citation is issued pursuant to subdivision (c) on a notice to appear for violation of Section 23152, and (B) the driver is convicted of violating Section 23152, then the penalty upon conviction for violation of paragraph (1) or (2) of this subdivision is a fine of two hundred dollars ($200) and an additional penalty assessment of sixty dollars ($60). Each defendant shall be fined and assessed a penalty assessment in the amount specified in this section, upon conviction, unless the court determines that in the interests of justice the fine and the penalty assessment should be reduced. Any reduction of the fine and penalty assessment shall be in the same proportion and the court shall state the reasons for reducing the fine and assessment on the record.

In lieu of the fine and penalty assessment otherwise assessable under this subdivision, the court may permit the defendant to perform community service designated by the court.

(b) (1) For purposes of this section, "evidence of financial responsibility" shall be in writing and means any of the following:

(A) The name of the insurance or surety company which issued the automobile liability policy, motor vehicle liability policy, or bond meeting the requirements of Section 16056, in effect for the vehicle, and the number of the insurance policy or surety bond.

(B) If the owner is a self-insurer as provided in Section 16052 or a depositor as provided in Section 16054.2, the certificate or deposit number issued by the department.

(C) An insurance covering note, as specified in Section 382 of the Insurance Code.

(D) A showing that the vehicle is owned or leased by, or under the direction of, the United States or any public entity, as defined in Section 811.2 of the Government Code.

(2) For purposes of this section, "evidence of financial responsibility" also includes the identifying symbol issued to a highway carrier by the Public Utilities Commission pursuant to Section 3543 of the Public Utilities Code and displayed on the motor vehicle.

(3) For purposes of this section, "evidence of financial responsibility in writing" may be satisfied by writing the name of the insurance company or surety company and the policy number or surety bond number on the motor vehicle registration card issued by the Department of Motor Vehicles.

(c) Whenever a notice to appear is issued for any alleged violation of this code, except a violation specified in Chapter 9 (commencing with Section 22500) of Division 11 or any local ordinance adopted pursuant thereto, the cited driver shall furnish written evidence of financial responsibility, as defined by subdivision (b), upon request of the peace officer issuing the citation. The peace officer shall request and write the driver's evidence of financial responsibility on the notice to appear, except where the peace officer is unable to write the driver's evidence of financial responsibility on the notice to appear due to an emergency that requires his or her presence elsewhere. If the cited driver fails to provide evidence of financial responsibility at the time the notice to appear is issued, the peace officer may issue the driver a notice to appear for violation of subdivision (a). The notice to appear for violation of subdivision (a) shall be written on the same citation form as the original violation.

(d) Whenever a peace officer is summoned to the scene of an accident which is reportable pursuant to Section 16000, the driver of any motor vehicle which is in any manner involved in the accident, shall furnish written evidence of financial responsibility as defined by subdivision (b), upon the request of the peace officer making the report. If the driver fails to provide evidence of financial responsibility when requested, the peace officer may issue the driver a notice to appear for violation of subdivision (a).

(e) A person cited in a notice to appear for violation of subdivision (a) may personally appear before the clerk of the court, as designated in the notice to appear, and provide written evidence of financial responsibility in a form consistent with subdivision (b) showing that the driver was in compliance with Section 16020 at the time the notice to appear for violating subdivision (a) was issued. In lieu of a personal appearance, the person may submit written evidence of financial responsibility by mail to the court. Upon receipt

by the clerk of written evidence of financial responsibility in a form consistent with subdivision (b), further proceedings on the notice to appear for the violation of subdivision (a) of Section 16028 shall be dismissed.

(f) If a driver cited for a violation of subdivision (a) is, at the time of issuance of the notice to appear, driving a motor vehicle owned, operated, or leased by the employer of the driver and driven with the permission of the employer, this section and Sections 16031 and 16032 apply to the employer rather than the driver. In that case, the notice to appear shall be issued to the employer, rather than the driver, and the driver may sign the notice to appear on behalf of the employer and shall notify the employer of the citation within five days after the issuance thereof.

(g) Penalty assessments collected pursuant to subdivision (a) shall be deposited in the county's Courthouse Temporary Construction Fund established pursuant to Section 76001, 76002, 76003, 76004, 76005, or 76006 of the Government Code.

(h) Any penalty assessment imposed pursuant to any other provision of law shall not be imposed on the additional penalty assessment provided in subdivision (a).

(i) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 7. Section 16028.1 is added to the Vehicle Code, to read:

16028.1. (a) Whenever there is probable cause to arrest a driver for a violation of this code, except a violation specified in Chapter 9 (commencing with Section 22500) of Division 11 or any local ordinance adopted pursuant thereto, the peace officer shall request the driver to furnish written evidence of financial responsibility, as defined by subdivision (b) of Section 16028. The driver shall furnish the written evidence of financial responsibility upon request of the peace officer. If the driver fails to provide evidence of financial responsibility when requested, the peace officer may issue the driver a notice to appear for violation of subdivision (a) of Section 16028.

(b) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 8. Section 16030 is added to the Vehicle Code, to read:

16030. (a) Each municipal and justice court shall each month select a current random sample of not to exceed 1 percent of notices to appear upon which evidence of financial responsibility has been written pursuant to subdivision (b) or (e) of Section 16028. Copies of the citations selected shall be transmitted to the department for verification. When an insurance or surety company or policy or bond number has been used as evidence of financial responsibility, the department shall verify the existence of the indicated insurance or surety coverage with the insurer or surety by negative verification.

For purposes of this subdivision, "negative verification" means that an insurer or surety shall be required to notify the department,

upon inquiry by the department, only if the insurer or surety determines that no insurance policy or bond issued by it was in force at the time for which the department is inquiring.

(b) There shall be no liability on the part of, and no cause of action of any nature shall arise against, any insurer or surety, its authorized representatives, its agents, its employees, or any person furnishing or failing to furnish or incorrectly furnishing, verifying, or reporting the existence or nonexistence of insurance or surety coverage to the department in response to the negative verification process.

(c) If the department determines that a cited driver provided erroneous evidence of financial responsibility pursuant to subdivision (c) of Section 16028, the department shall mail to any such driver a notice of intent to suspend the driver's license of that driver. Fifteen days after mailing the notice, the department shall immediately suspend the driver's license, unless the driver has, prior to that date, established proof of financial responsibility, as specified in Section 16021, with the department. The suspension shall remain in effect until the person establishes financial responsibility with the department or until three years from the commencement of the suspension, whichever occurs first. During this three-year period, the suspension shall be reimposed for failure to maintain proof of financial responsibility in the same manner as specified in Article 3 (commencing with Section 16050).

This subdivision does not apply to a driver who is driving a motor vehicle owned, operated, or leased by the employer of the driver and driven with the permission of the employer.

(d) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 9. Section 16031 is added to the Vehicle Code, to read:

16031. (a) The notices to the department authorized by subdivisions (a) and (b) of Section 40509 shall be given in all instances of failure to appear or pay a fine for violation of subdivision (a) of Section 16028. Notwithstanding Section 13365, the department, except as provided in subdivision (b), shall suspend the driving privilege of any person for whom this notification is received, as provided in Section 13365, regardless of whether there are prior notifications of violations of Section 40509 in the person's driving record.

(b) Where (1) a driver's employer is made responsible for a violation of subdivision (a) of Section 16028 pursuant to subdivision (e) of Section 16028 and (2) notice is provided to the department pursuant to subdivision (a) or (b) of Section 40509 for failure of the employer to appear or pay a fine on account of the violation, the department shall not thereafter renew the registration of the vehicle involved in the offense, if the employer is the owner of the vehicle, until the employer establishes and maintains proof of financial responsibility for the vehicle in the manner prescribed by Section 16034.

(c) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 10. Section 16033 is added to the Vehicle Code, to read:

16033. (a) No public entity or employee is liable for any loss, detriment, or injury resulting directly or indirectly from failing to request evidence of financial responsibility or inaccurately recording that evidence under Section 16028, or as a result of the driver producing false or inaccurate financial responsibility information.

(b) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 11. Section 16034 is added to the Vehicle Code, to read:

16034. (a) Every person convicted of a violation of subdivision (a) of Section 16028 shall, within 60 days of the conviction, file with the department and thereafter maintain for a period of three years, proof of financial responsibility in the same manner as specified in Article 3 (commencing with Section 16050). If proof of financial responsibility is established by filing evidence that the person obtained an automobile or motor vehicle liability policy or bond, and coverage under the policy or bond terminates, the insurer or surety shall inform the department of the date of termination.

(b) The department shall obtain the record of persons convicted of violations of subdivision (a) of Section 16028 from the courts as provided in Section 1803.

(c) For purposes of this section, a conviction shall be deemed to have occurred if the criteria of Section 13103 or 13105 are satisfied.

(d) Except as provided in subdivision (e) of Section 16028, the department shall suspend, effective 30 days from mailing a notification of intent to suspend, the driving privileges of any person who fails to file or maintain proof of financial responsibility as required by this section. The suspension shall remain in effect so long as there is a lack of compliance with the requirements of this section.

(e) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 12. Section 16072 of the Vehicle Code is repealed.

SEC. 13. Section 16072 is added to the Vehicle Code, to read:

16072. (a) The suspension of the driving privilege of a person as provided in Section 16070 shall not be terminated until: (1) one year has elapsed from the date of actual commencement of the suspension, or the person has paid a penalty fee to the department in the amount of two hundred fifty dollars ($250), and (2) the person files proof of financial responsibility as provided in Chapter 3 (commencing with Section 16430). The suspension shall be reinstated if the person fails to maintain proof of financial responsibility for three years from the date of actual commencement of the suspension.

(b) If a suspension has been imposed under Section 16070 and one

year has elapsed from the date of suspension actually commenced, that suspension shall be terminated if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the accident for which proof of financial responsibility was required to be established. The department may reimpose the suspension of the driving privilege of a person under Section 16070 if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the extent provided in Chapter 2 (commencing with Section 16250) and has given proof of financial responsibility as provided in Chapter 3 (commencing with Section 16430).

(c) Notwithstanding Chapter 2 (commencing with Section 42200) of Division 18, all revenues derived from the penalty fees provided in subdivision (a) shall, after deduction by the department of the costs incurred by the department in administering this section, be deposited in the Financial Responsibility Penalty Account in the General Fund. The balance in this fund each July 1, which is not subject to appropriation as provided in Section 12980 of the Insurance Code, shall revert to the General Fund.

SEC. 14. Section 16076 of the Vehicle Code is repealed.

SEC. 15. Section 16076 is added to the Vehicle Code, to read:

16076. (a) The department shall notify every person whose driving privilege is suspended, pursuant to Section 16070, of that person's right to apply for termination of the suspension under Section 16072.

(b) For purposes of subdivision (a), the department shall prepare and publish a printed summary. The printed summary may contain, but is not limited to, the following wording:

"If your driving privilege is suspended due to involvement in an accident while you were uninsured, you may apply for termination of the suspension at any office of the Department of Motor Vehicles, accompanied with proof of financial responsibility, payment of a penalty fee of two hundred fifty dollars ($250), and unless already paid, payment of a reissuance fee of fifteen dollars ($15). The suspension will not be terminated if any other suspension or revocation action has been taken against your driving privilege."

SEC. 16. Section 3 and Sections 6 to 15, inclusive, of this act shall become operative only if SB 941, AB 1375, AB 2041, or any combination of those bills, is also enacted and becomes effective on or before January 1, 1992.

SEC. 17. The sum of one million fifty-six thousand dollars ($1,056,000) is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund as a loan to the Department of Motor Vehicles for purposes of carrying out Sections 4 to 16, inclusive, of this act. The moneys appropriated by this section are a loan from the Motor Vehicle Account in the State Transportation Fund. The Department of Motor Vehicles shall, from funds in the Financial Responsibility Penalty Account in the General Fund, reimburse the Motor Vehicle Account in the State Transportation

Fund for this loan together with interest paid at the same rate as interest earned on moneys in the Pooled Money Investment Account.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 947

An act to amend Section 10249.2 of, and to add and repeal Article 9 (commencing with Section 10260) to Chapter 3 of Part 1 of Division 4 of, the Business and Professions Code, relating to real estate.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 10249.2 of the Business and Professions Code is amended to read:

10249.2. The sale or lease, or the offering for sale or lease, of lots or parcels in a subdivision situated outside of this state shall be governed by Article 6 (commencing with Section 10237) and by Chapter 1 (commencing with Section 11000) of Part 2, insofar as applicable, except that Section 10237.6 shall not be applicable to an accessible urban subdivision, as defined in Section 10249.11, or a qualified resort vacation club, as defined in Section 10260.

SEC. 2. Article 9 (commencing with Section 10260) is added to Chapter 3 of Part 1 of Division 4 of the Business and Professions Code, to read:

Article 9. Qualified Resort Vacation Clubs

10260. A "qualified resort vacation club" shall be deemed to be a time-share project as defined in Section 11003.5 irrespective of how interests in the club may be qualified for offering in another state or jurisdiction. No permit may be issued under this article for a qualified resort vacation club unless the commissioner determines that the project conforms to each of the following:

(a) A project for which real property or other interests are sold or offered for sale, each incorporating access (in accordance with the

purchaser's ownership interest) to the reservation of use and occupancy of any accommodations at any resort property which is part of the project, irrespective of the one, or any one, of those distinct resort properties in which the individual purchaser or owner holds or may hold an ownership interest; and in which, by acquiring the interest the use of that interest is committed to the reservation and management system cited in subdivision (d).

That reservation access shall be without priority among owners at the resort property at which that applicant for a reservation holds an ownership interest, or at any other resort property that is part of the project after a limited period of time which may be reserved exclusively for owners who hold ownership interests at that specific resort property, and then uniformly applied among all owners irrespective of the resort properties in which they hold an ownership interest.

The interest shall be (1) an undivided real property interest in a dwelling unit or structure containing more than one dwelling unit, as a tenant in common with other purchasers of undivided interests which have an attached nonseverable membership interest pursuant to subdivision (g) of Section 11004.5 providing rights of access to each and every resort property which is part of the project, or (2) as determined by the commissioner, a similar interest pursuant to the law of the jurisdiction in which the resort property outside the United States is located.

Nothing contained herein shall preclude an interest in a resort property in a qualified resort vacation club from being classified as interests in real property or other classification as may be permitted under applicable law.

(b) A project in which there are included dwelling units located outside of this state, and in which there may also be included dwelling units located inside of this state.

(c) A project in which a system exists for allocation of all costs and expenses (1) for the operation and management of a reservation system for more than one resort property, and including each resort property which is part of the project, pursuant to which all owners may reserve use and occupancy of accommodations at any resort property which is part of the qualified resort vacation club, and (2) for the operation, maintenance, repair, and management of the individual resort properties.

(d) A project which includes a sufficient number of dwelling units to accommodate the aggregate rights of use or occupancy of all owners, and provides a system for the reservation and management of those accommodations, which system, in the opinion of the commissioner, provides adequately for the reservation and management of more than one resort property and including each resort property which is part of the project.

(e) The offering will be accompanied by a full and detailed disclosure, on a form included within the permit, that the purchase of an interest should be based on the value of the interest as a

vacation or leisure time experience and not as an appreciating investment or an expectation of resale.

(f) A project in which, on and after the closing of the first sale subject to this article of an interest in that resort property, there is no blanket encumbrance affecting land on which any resort property which is part of the project is situated.

(g) A project for which the initial permit application shall include not less than 175 dwelling units, and not less than 8,750 time-share use periods. For the purposes of this section, a time-share use period shall be considered to be the minimum time segment measured in days for which units in that resort property may be reserved for use, but not less than seven days. Nothing in this section shall prohibit a reservation system from being implemented in any qualified resort vacation club that permits actual use and use periods shorter than seven days.

(h) A project in which there is more than one resort property, each situated at a distinct geographic location, providing time-share use periods of residential accommodations for member use, and common areas at each resort property which include an amenity package of recreational or health facilities specified in the offering, except that an initial application may be approved where only one such resort property exists or is being developed if the commissioner determines that the applicant has demonstrated an intent through the planning process, or other organizational preparation, to develop one or more additional resort property sites.

(i) A project in which interests in each resort property which is part of the offering shall be offered for sale, and initially managed by the applicant for a permit under this article or a holding company of the applicant or a subsidiary of either the applicant or its holding company.

If upon renewal of any permit under this article, the commissioner determines that any resort property is not managed by the applicant or a subsidiary of the applicant or its holding company, that factor shall be considered in determining whether the application for renewal conforms to subdivision (h) of Section 11018 or Section 11018.5.

(j) As used in this section, the following terms have the following meanings:

(1) "Individual resort property" means the time-share use periods in dwelling units and common areas situated at distinct geographic locations.

(2) "Project" means all of the individual resort properties comprising a qualified resort vacation club.

10261. No person acting as a principal or agent shall in this state sell or lease, or offer for sale or lease, interests in a qualified resort vacation club, except as provided in this article, in Article 6 (commencing with Section 10237), Article 8 (commencing with Section 10249) and Chapter 1 (commencing with Section 11000) of Part 2, insofar as is applicable.

10262. Section 10249.7 shall apply to a qualified resort vacation club project insofar as that statute pertains to a subdivision described in Section 11004.5.

10263. (a) The commissioner may adopt regulations reasonably necessary to enforce this article, which may incorporate by reference the regulations for time-share projects.

(b) In consideration of the different characteristics of qualified resort vacation club projects, the regulations to be adopted by the commissioner under this article may vary from some of the requirements of those regulations referred to in subdivision (a), where in the judgment of the commissioner the variations will continue to give rights, remedies, benefits, and protections to owners of interests in qualified resort vacation clubs.

10264. On or before January 1, 1995, the department shall submit a preliminary report to the Legislature and on or before January 1, 1996, the department shall submit a final report to the Legislature on the effectiveness of this article in the regulation of the marketing of qualified resort vacation clubs including, but not limited to: the number of permit applications received; the number of permit applications issued; the size, characteristics, and scope of the projects; information on the regulatory or enforcement problems experienced; and, in the case of the final report, recommendations on whether or not to continue the program and, if the recommendation is to continue the program, any proposed changes to the law, regulations, or related program requirements.

10265. (a) This article shall remain in effect only until January 1, 1997, and as of that date is repealed unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

(b) The repeal of this article shall not affect or prevent the commissioner from issuing, amending, or renewing any permit pursuant to the requirements of this article as this article reads on December 31, 1996, for the continued operation of a qualified resort vacation club for which an original permit was issued prior to January 1, 1997.

(c) The repeal of this article shall not affect or prevent the commissioner from issuing, renewing, or amending any permit pursuant to the requirements of this article as this article reads on December 31, 1996, for a qualified resort vacation club for which an original permit was issued prior to January 1, 1997, for the purpose of continuing the phased development of the project, which allows the commissioner to approve the addition of units subject to this part at existing resort properties which are part of the project, or at new resort properties which become part of the project.

CHAPTER 948

An act to amend Section 1347 of the Penal Code, relating to children.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1347 of the Penal Code is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other law, the court in any criminal proceeding, upon written notice of the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 10 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant, and attorneys, and communicated to the courtroom by means of closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of an alleged sexual offense committed on or with the minor.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial which causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary in order to obtain the minor's testimony.

(3) The equipment available for use of closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) If the court orders the use of closed-circuit television, two-way closed-circuit television shall be used, except that if the impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, of paragraph (2) of subdivision (b), is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness even if two-way closed-circuit television is used, one-way closed-circuit television may be used. The prosecution shall give the defendant at least 30 days written notice of the prosecution's intent to seek the use of one-way closed-circuit television, unless good cause is shown to the court why this 30-day notice requirement should not apply.

(d) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless two-way or one-way closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(e) When the court orders the testimony of a minor to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence

of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on videotape in addition to being stenographically recorded. The videotape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant, and his or her attorney during ordinary business hours. The videotape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any videotape which is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(f) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5, a nonuniformed bailiff, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or any of the facts of the case with the minor during this meeting.

(h) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section shall

prohibit the court from ordering the minor to be brought into the courtroom for a limited purpose including the identification of the defendant or defendants as the court deems necessary.

(i) The examination shall be under oath, and the defendant shall be able to see and hear the minor witness and if two-way closed-circuit television is used, the defendant's image shall be transmitted live to the witness.

(j) Nothing in this section shall affect the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(k) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

SEC. 2. The amendments to Section 1347 of the Penal Code made by this act shall only apply to offenses alleged to have been committed on or after January 1, 1992.

CHAPTER 949

An act relating to county health services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (2) The county agrees to forego receipt of payment from the state during the 1991–92 and 1992–93 fiscal years for certain state-mandated local programs as specified in subdivision (b), until the total amount foregone by all counties equals the total amount of the appropriation in Section 1 of this act.

(3) The county shall continue to submit reimbursement claims, as defined in Section 17522 of the Government Code, so that the

Controller may determine the amounts of the reimbursement foregone.

(4) The county waives any right to submit any future claims for reimbursement of amounts foregone.

(b) The Department of Finance shall annually determine the specific state-mandated local programs for which counties will forego reimbursement, and shall notify the Controller of those determinations. The Controller shall withhold reimbursement for the costs of those programs until the combined amount foregone by all of the counties participating in the County Medical Services Program during the 1990-91 fiscal year is equal to the amount received by the County Medical Services Program from the appropriation in Section 1 of this act. Provision 2 of Item 8885-101-001 of the Budget Act of 1990, or a similar provision in any subsequent Budget Act, shall not apply to the amounts identified by the Controller as having been foregone by the participating counties pursuant to this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue the orderly and timely administration of the county health programs funded in whole or in part through the expenditures authorized pursuant to Section 16709 of the Welfare and Institutions Code, it is necessary that this act take effect immediately.

SEC. 19. Section 12084 of the Penal Code, as added by Section 8.1 of AB 664, is amended to read:

12084. (a) As used in this section, the following definitions shall control:

(1) "Agency" means a sheriff's department in a county of less than 200,000 persons, according to the most recent federal decennial census which elects to process purchases, sales, or transfers of firearms.

(2) "Seller" means the seller or transferor of a firearm.

(3) "Purchaser" means the purchaser or transferee of a firearm.

(4) "Purchase" means the purchase, sale, or transfer of a firearm.

(5) "Department" means the Department of Justice.

(6) "LEFT" means the Law Enforcement Firearms Transfer Form consisting of the transfer form utilized to purchase a firearm in accordance with this section.

(b) As an alternative to completing the sale or transfer of a firearm through a licensed dealer pursuant to Section 12082 in order to comply with the provisions of subdivision (d) of Section 12072, the parties to the purchase of a firearm may complete the transaction through an agency in accordance with this section in order to comply with the provisions of subdivision (d) of Section 12072.

(c) (1) LEFTs shall be prepared by the State Printer and shall be furnished to agencies on application at a cost to be determined by the Department of General Services for each 100 leaves in quintuplicate, one original and four duplicates for the making of carbon copies. The original and duplicate copies shall differ in color, and shall be in the form provided by this section. The State Printer, upon issuing the LEFT, shall forward to the department the name and address of the agency together with the series and sheet numbers on the LEFT. The LEFT shall not be transferable.

(2) The department shall prescribe the form of the LEFT. It shall be in the same exact format set forth in Sections 12077 and 12082, with the same distinct formats for firearms that are pistols, revolvers, and other firearms capable of being concealed upon the person and for firearms that are not pistols, revolvers, and other firearms capable of being concealed upon the person, except that instead of the listing of information concerning a dealer, the LEFT shall contain the name, telephone number, and address of the law enforcement agency.

(3) The original of each LEFT shall be retained in consecutive order. Each book of 50 originals shall become the permanent record of transactions that shall be retained not less than three years from the date of the last transaction and shall be provided for the inspection of any peace officer, department employee designated by the Attorney General, or agents of the federal Bureau of Alcohol, Tobacco and Firearms upon the presentation of proper identification.

(4) Ink shall be used to complete each LEFT. The agency shall ensure that all information is provided legibly. The purchaser and seller shall be informed that incomplete or illegible information delays purchases.

(5) Each original LEFT shall contain instructions regarding the procedure for completion of the form and the routing of the form. The agency shall comply with these instructions which shall include the information set forth in this subdivision.

(6) One firearm transaction shall be reported on each LEFT.

(d) The following procedures shall be followed in processing the purchase:

(1) Without waiting for the conclusion of any waiting period to elapse, the seller shall immediately deliver the firearm to the agency solely to complete the LEFT. Upon completion of the LEFT, the firearm shall be immediately returned by the agency to the seller without waiting for the waiting period to elapse.

(2) The purchaser shall be required to present clear evidence of his or her identity and age, as defined in Section 12071, to the agency. The agency shall require the purchaser to complete the original and one copy of the LEFT. An employee of the agency shall then affix his or her signature as a witness to the signature and identification of the purchaser.

(3) Two copies of the LEFT shall, on that date of purchase, be placed in the mail, postage prepaid to the department at Sacramento. The third copy shall be provided to the purchaser and the fourth copy to the seller.

(4) The department shall examine its records, as well as those records that it is authorized to request from the State Department of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) If the department determines that the copies of the LEFT submitted to it pursuant to paragraph (3) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or the firearm to be purchased, or if any fee required pursuant to paragraph (6) is not submitted by the agency in conjunction with submission of the copies of the LEFT, or if the department determines that the person is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the agency of that fact. Upon notification by the department, the purchaser shall submit any fee required pursuant to paragraph (6), as appropriate, and if notification by the department is received by the agency at any time prior to delivery of the firearm, the delivery of the firearm shall be withheld until the conclusion of the waiting period described in paragraph (7).

(6) The department and the agency may both charge a fee not to exceed the actual cost of processing the purchaser sufficient to reimburse both of the following:

(A) The agency for processing the transfer.

(B) The department for providing the information. The department shall charge the same fee as it would charge a dealer

pursuant to Section 12082. All sums received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund.

(7) The firearm shall not be delivered to the purchaser as follows:

(A) Prior to January 1, 1996, within 15 days of application for the purchase or, after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of a corrected LEFT, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of the submission to the department of corrected copies of the LEFT, whichever is later. On or after January 1, 1996, within 10 days of the application for purchase of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), or within 10 days of submission to the department of any fees required pursuant to this subdivision, or within 10 days of the submission to the department of corrected copies of the LEFT, whichever is later.

(B) Unless unloaded.

(C) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, unless securely wrapped or in a locked container.

(D) Unless the purchaser presents clear evidence of his or her identity and age to the agency.

(E) Whenever the agency is notified by the department that the person is in a prohibited class described in Section 12021 or 12021.1 or Section 8100 or 8103 of the Welfare and Institutions Code.

(F) Unless done at the agency's premises.

(G) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, commencing October 1, 1993, unless the purchaser presents to the seller a basic firearm safety certificate.

(e) The action of a law enforcement agency acting pursuant to Section 12084 shall be deemed to be a discretionary act within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(f) Whenever the Department of Justice acts pursuant to this section as it pertains to firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, its acts or omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(g) Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the LEFT is

guilty of a misdemeanor.

SEC. 20. Article 8 (commencing with Section 12800) is added to Chapter 6 of Title 2 of Part 4 of the Penal Code, to read:

Article 8. Basic Firearm Safety Instruction and Certificate

12800. (a) The Legislature finds and declares as follows:

(1) Although California has a 15-day waiting period and background check for the acquisition and purchase of pistols, revolvers, and firearms capable of being concealed upon the person, a demonstrated knowledge of firearms safety is not required. Therefore, a person is able to obtain one of these firearms in California without having any idea of how to safely use, handle, or store it.

(2) In contrast, it is necessary for an individual to complete a firearms-related hunter safety course before a hunting license is issued. It has been documented that this program has saved lives, and has been beneficial to sportsmen and firearms owners.

(3) It is inconsistent for a person to have to go through a firearms-related hunter safety course before being able to use a firearm to hunt, yet not be required to have any basic knowledge about the safe handling and operation of pistols, revolvers, and other firearms capable of being concealed upon the person before acquiring them.

(b) The Legislature further finds and declares as follows:

(1) It has been documented that firearms accidents are one of the leading causes of accidental deaths for children ages 14 years and under. Almost all of the firearms involved in these accidents are pistols, revolvers, or other firearms capable of being concealed upon the person.

(2) On average, one child 18 years of age or under is accidentally killed, and 10 are injured, by a firearm every day across the United States.

(3) Firearm wounds to children who are 16 years of age and under have increased 300 percent in major urban areas since 1986.

(4) In 1987, the last year for which statistics are available, there were 44 accidental firearms deaths among California children 18 years of age and younger.

(5) Although statistics are not kept for injuries resulting from accidental shootings, it is estimated that for every firearms death, there are at least five nonfatal firearms injuries. Using this figure, it is estimated that approximately 220 California children were injured in nonfatal accidental shootings in 1987.

(6) Research has indicated that easy access in homes to loaded pistols, revolvers, and other firearms capable of being concealed upon the person is a chief contributing factor in unintentional shootings of children. Nearly 8,700,000 youngsters in the United States have access to pistols, revolvers, and other firearms capable of being concealed upon the person.

(7) Educating purchaser and transferees of pistols, revolvers, and other firearms capable of being concealed upon the person would make them more aware of their responsibilities as gun owners and help to eliminate the ignorance or neglect that lead to children playing with a loaded pistol, revolver, and other firearms capable of being concealed upon the person.

(c) It is, therefore, the intent of the Legislature, in enacting this article, to require in this state that purchasers and transferees of pistols, revolvers, and other firearms capable of being concealed upon the person obtain a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms, methods for childproofing those firearms, and the responsibilities associated with ownership of those firearms.

(d) It is further the intent of the Legislature, in enacting this article, to establish a program that would help to eliminate the potential for accidental deaths and injuries, particularly those involving children, which are caused by the unsafe handling of pistols, revolvers, and other firearms capable of being concealed upon the person.

12801. As used in this article, "basic firearms safety certificate" means the certificate issued to persons who have complied with this article.

12802. (a) No basic firearms safety certificate shall be issued to any person unless that person has complied with this article. Proof of compliance with this article shall be forwarded to the Department of Justice as frequently as the department may determine.

(b) It is the intent of the Legislature to require a basic firearms safety certificate for persons who anticipate the purchase or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person. This requirement of a certificate is not intended to be a requirement for the mere possession of a firearm.

12803. (a) Beginning on January 1, 1993, and prior to July 1, 1993, the Department of Justice shall do all of the following:

(1) Develop the course content and instructional materials for a basic firearms safety course. The course shall consist of not less than two, nor more than four, hours of instruction, including, but not limited to, instruction in the following areas as they pertain to pistols, revolvers, and other firearms capable of being concealed upon the person:

(A) The safe use, handling, and storage of those firearms.

(B) Methods for childproofing those firearms.

(C) The laws applicable to the carrying and handling of those firearms.

(D) The responsibilities of ownership of those firearms.

(2) Develop an instructional manual and, if the department deems necessary, audiovisual materials, to be issued to an instructor certified by the department. The department shall make the instructional manual available to firearms dealers licensed pursuant to Section 12071, who shall have it available to the general public.

Essential portions of the manual may be included in the pamphlet described in Section 12080.

(3) Prescribe a minimum level of skill, knowledge, and competency to be required of all basic firearms safety instructors, and develop and provide the guidelines to be used to certify the instructors.

(4) Develop an objective test on the subject matter of the basic firearms safety course. The objective test shall be based on the instructional manual referred to in paragraph (2). There shall be no less than five distinct versions of the objective test. The purpose of the objective test shall be to ensure knowledge of basic firearms safety. The test shall consist of not less than 20, nor more than 30, questions. An applicant shall respond successfully to at least 75 percent of the total number of questions in order to pass the test.

(b) The department shall solicit input from any reputable association or organization which has, as one of its objectives, the promotion of firearms safety in the development of the basic firearms safety course.

(c) The department shall periodically update the curriculum of the basic firearms safety course, instructional materials, the basic firearms safety manual, the objective test, and guidelines for certifying basic firearms safety instructors, as needed.

(d) The department shall develop basic firearms safety certificates to be issued by the department, or an instructor certified by the department, to those persons who have complied with this article.

(e) The department shall ensure that the course shall be available to persons at convenient times and locations in a person's county of residency by January 1, 1993.

(f) The Department of Justice shall be immune from any liability arising from implementing this section.

12804. (a) The department shall maintain adequate records on who has successfully completed the basic firearms safety course or otherwise complied with this article.

(b) Proficiency in the use of any pistol, revolver, or other firearm capable of being concealed upon the person shall not be a prerequisite to acquiring the basic firearms safety certificate.

(c) No person shall be required to complete the course more than once, except that any person who has completed the course and is unable to produce the certificate shall be required to take the course again unless a duplicate certificate is issued pursuant to Section 12807.

12805. (a) The department shall designate as a basic firearms safety instructor any person certified by a nationally recognized organization that fosters safety in firearms or any person found by the department to be competent to give instruction in the basic firearms safety course established pursuant to this article, if the person is otherwise qualified pursuant to Section 12803.

(b) The department shall designate as a basic firearms safety

instructor, dealers licensed pursuant to Section 12071 or their employees if they otherwise are qualified to act as instructors. Where the license is issued in the name of a corporation or partnership, then the managing officer or partner shall be designated as instructors if they are otherwise qualified pursuant to Section 12803.

(c) The department shall revoke the certification of any instructor when the department determines that it is in the best interests of the state to do so.

(d) Upon successful completion of the basic firearms safety course, which shall be conditioned solely upon the attendance of the course as specified in Section 12803, a person shall immediately be issued a basic firearms safety certificate by the instructor.

(e) The instructor may also administer the objective test referred to in Section 12809 at the site where the basic firearms safety course is given. Any person receiving a passing grade, as specified in Section 12803, on the test shall be immediately issued a basic firearms safety certificate by the instructor. Any person who fails to pass the test administered by the course instructor, shall be given additional instructional materials by the instructor and be told that they may not retake the test under any circumstance until 24 hours have elapsed.

(f) Instructors shall forward to the department the names of those persons who have received basic firearms safety certificates, the method by which the person obtained the basic firearms safety certificate, and assure that originals or photocopies of the objective test, or any version thereof, are not made available to applicants for the objective test, whether or not they pass the objective test.

(g) Instructors shall notify applicants for the basic firearms safety certificate that they may be issued a basic firearms safety certificate by attending the basic firearms safety course, by passing the objective test, or are exempt from this article by virtue of subdivision (b) of Section 12081.

12806. (a) A fee to cover the costs of giving the basic firearms safety course instruction and issuance of the basic firearm safety certificate may be charged by the instructor to each person participating and receiving instruction in basic firearms safety. The department may impose a charge not to exceed ten dollars ($10) for each person participating and receiving instruction in the basic firearms safety course to cover the department's cost in carrying out this article as determined annually by the department. The instructor of the course shall collect and submit the charge to the department to be deposited into the Firearms Safety Training Fund Special Account as provided in subdivision (b).

(b) All money received by the department pursuant to this article shall be deposited in the Firearms Safety Training Fund Special Account, which is hereby created in the General Fund and continuously appropriated for expenditure by the department for the costs incurred pursuant to this article.

12807. (a) In case of loss or destruction of a basic firearms safety

certificate, a duplicate certificate shall be issued by the department.

(b) A fee, not to exceed five dollars ($5), may be charged by the department to each person applying for a duplicate certificate.

12808. Upon application to the department, the department shall certify any existing firearms safety course or program which provides, as a minimum, as part of its curriculum, instruction in all of the subject matters in accordance with the basic firearms safety course established pursuant to this article, and shall authorize the course or program to issue basic firearms safety certificates to those who complete the course or program.

12809. (a) Any person who has reason to believe that he or she does not need to complete the basic firearms safety course may take an objective test on the subject matter of the basic firearms safety course from an instructor certified by the department. The objective test shall contain written notice to the applicant on the top of the first page that he or she may not take the test more than twice within a six-month period.

(b) Any person receiving a passing grade on the test shall be immediately issued a basic firearms safety certificate by the instructor. When the objective test is being administered, the certified instructor may only give administrative instructions. Any person who fails to pass the objective test upon the first attempt shall be given additional instructional materials by the instructor such as a videotape or booklet. The person may not retake the objective test under any circumstances until 24 hours have elapsed after the failure to pass the objective test upon the first attempt. The person failing the test on the first attempt shall take another version of the test upon the second attempt. All tests shall be taken from the same instructor except upon permission of the department, which shall be granted only for good cause shown. The instructor shall make himself or herself available to the applicant during regular business hours in order to retake the test. If the person fails the objective test upon a second attempt, then the person shall attend the basic firearms safety course pursuant to Section 12805 in order to be issued a basic firearms safety certificate.

(c) The Department of Justice shall set the fee for taking the objective test and issuance of the basic firearms safety certificate at an amount commensurate with the actual cost to the department, but not to exceed twenty dollars ($20), ten dollars ($10) of which shall be forwarded to the department to cover its costs. The fee paid shall entitle the applicant to take the objective test twice if necessary. Commencing with the 1992–93 fiscal year, the department may submit a budget change proposal to the Department of Finance if funds beyond those funds otherwise appropriated to the department are required for the startup costs of the programs specified in this article. The Department of Finance shall transfer funds from a nongeneral fund special account used by the Department of Justice to the Firearms Safety Training Fund Special Account as a loan of those funds. Any funds received by the department pursuant to the

budget change proposal submitted pursuant to this section shall be immediately reimbursed from the Firearms Safety Training Fund Special Account as funds in that account are available back to the nongeneral fund special account from which the funds were borrowed.

(d) (1) If a dealer licensed pursuant to Section 12071 or his or her employee, or where the managing officer or partner is certified as an instructor pursuant to this article, he or she shall also comply with all of the following provisions:

(A) Designate a separate room or partitioned area for a person to take the objective test.

(B) Maintain adequate supervision to assure that no acts of collusion occur while the objective test is being administered.

(C) If the firearm is a pistol, revolver, or other firearm capable of being concealed upon the person, it shall not be delivered unless the dealer provides the purchaser or transferee instructions at the time of delivery on how to operate the firearm, including, but not limited to methods of loading and unloading the firearm, and the location of any safety on the firearm and how the safety operates.

(2) If the provisions specified in subparagraphs (A) and (B) of paragraph (1) cannot be complied with, the applicant shall be advised that he or she may take the objective test wherever the basic firearms safety course is being offered.

SEC. 21. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 22. (a) Section 3 of this bill incorporates amendments to Section 12001 of the Penal Code proposed by both this bill and AB 242. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 12001 of the Penal Code, and (3) this bill is enacted after AB 242, in which case Section 12001 of the Penal Code, as amended by AB 242, shall remain operative only until the operative date of this bill, at which time Section 3 of this bill shall become operative, and Section 2 of this bill shall not become operative.

(b) (1) Section 6 of this bill incorporates amendments to Section 12071 of the Penal Code proposed by both this bill and AB 242. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1992, (2) each bill amends Section 12071 of the Penal Code, and (3) AB 2029 and SB 134 are not enacted or as enacted do not amend that section, and (4) this bill is enacted after AB 242, in which case Section 12071 of the Penal Code, as amended by AB 242, shall remain operative only until the operative date of this bill, at which time Section 6 of this bill shall become operative, and Sections 5, 7, 8, 9, 10, 11, and 12 of this bill shall not become operative.

(2) Section 7 of this bill incorporates amendments to Section 12071

of the Penal Code proposed by both this bill and SB 134. The LEFT shall not be transferable.

(2) The department shall prescribe the form of the LEFT. It shall be in the same exact format set forth in Sections 12077 and 12082, with the same distinct formats for firearms that are pistols, revolvers, and other firearms capable of being concealed upon the person and for firearms that are not pistols, revolvers, and other firearms capable of being concealed upon the person, except that instead of the listing of information concerning a dealer, the LEFT shall contain the name, telephone number, and address of the law enforcement agency.

(3) The original of each LEFT shall be retained in consecutive order. Each book of 50 originals shall become the permanent record of transactions that shall be retained not less than three years from

the date of the last transaction and shall be provided for the inspection of any peace officer, department employee designated by the Attorney General, or agents of the federal Bureau of Alcohol, Tobacco and Firearms upon the presentation of proper identification.

(4) Ink shall be used to complete each LEFT. The agency shall ensure that all information is provided legibly. The purchaser and seller shall be informed that incomplete or illegible information delays purchases.

(5) Each original LEFT shall contain instructions regarding the procedure for completion of the form and the routing of the form. The agency shall comply with these instructions which shall include the information set forth in this subdivision.

(6) One firearm transaction shall be reported on each LEFT.

(d) The following procedures shall be followed in processing the purchase:

(1) Without waiting for the conclusion of any waiting period to elapse, the seller shall immediately deliver the firearm to the agency solely to complete the LEFT. Upon completion of the LEFT, the firearm shall be immediately returned by the agency to the seller without waiting for the waiting period to elapse.

(2) The purchaser shall be required to present clear evidence of his or her identity and age, as defined in Section 12071, to the agency. The agency shall require the purchaser to complete the original and one copy of the LEFT. An employee of the agency shall then affix his or her signature as a witness to the signature and identification of the purchaser.

(3) Two copies of the LEFT shall, on that date of purchase, be placed in the mail, postage prepaid to the department at Sacramento. The third copy shall be provided to the purchaser and the fourth copy to the seller.

(4) The department shall examine its records, as well as those records that it is authorized to request from the State Department of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) If the department determines that the copies of the LEFT submitted to it pursuant to paragraph (3) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or the firearm to be purchased, or if any fee required pursuant to paragraph (6) is not submitted by the agency in conjunction with submission of the copies of the LEFT, or if the department determines that the person is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the agency of that fact. Upon notification by the department, the purchaser shall submit any fee required pursuant to paragraph (6), as appropriate, and if notification by the department is received by the agency at any

time prior to delivery of the firearm, the delivery of the firearm shall be withheld until the conclusion of the waiting period described in paragraph (7).

(6) The department and the agency may both charge a fee not to exceed the actual cost of processing the purchaser sufficient to reimburse both of the following:

(A) The agency for processing the transfer.

(B) The department for providing the information. The department shall charge the same fee as it would charge a dealer pursuant to Section 12082. All sums received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund.

(7) The firearm shall not be delivered to the purchaser as follows:

(A) Prior to January 1, 1996, within 15 days of application for the purchase or, after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of a corrected LEFT, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of the submission to the department of corrected copies of the LEFT, whichever is later. On or after January 1, 1996, within 10 days of the application for purchase of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), or within 10 days of submission to the department of any fees required pursuant to this subdivision, or within 10 days of the submission to the department of corrected copies of the LEFT, whichever is later.

(B) Unless unloaded.

(C) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, unless securely wrapped or in a locked container.

(D) Unless the purchaser presents clear evidence of his or her identity and age to the agency.

(E) Whenever the agency is notified by the department that the person is in a prohibited class described in Section 12021 or 12021.1 or Section 8100 or 8103 of the Welfare and Institutions Code.

(F) Unless done at the agency's premises.

(G) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, commencing July 1, 1993, unless the purchaser presents to the seller a basic firearm safety certificate.

(e) The action of a law enforcement agency acting pursuant to Section 12084 shall be deemed to be a discretionary act within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(f) Whenever the Department of Justice acts pursuant to this

section as it pertains to firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, its acts or omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(g) Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the LEFT is guilty of a misdemeanor.

The people of the State of California do enact as follows:

SECTION 1. Section 12027 of the Penal Code is amended to read:

12027. Section 12025 does not apply to, or affect, any of the following:

(a) (1) (A) Any peace officer, listed in Section 830.1 or 830.2, whether active or honorably retired, other duly appointed peace officers, honorably retired peace officers listed in subdivision (c) of Section 830.5, full-time paid peace officers of other states and the federal government who are carrying out official duties while in California, or any person summoned by any of these officers to assist in making arrests or preserving the peace while he or she is actually engaged in assisting that officer. Any peace officer described in this paragraph who has been honorably retired shall be issued an identification certificate by the agency from which the officer has retired. (B) Any officer retired after January 1, 1981, shall have an endorsement on the identification stating that the issuing agency approves the officer's carrying of a concealed firearm.

(C) No endorsement or renewal endorsement issued pursuant to paragraph (2) shall be effective unless it is in the format set forth in subparagraph (D), except that any peace officer listed in subdivision (f) of Section 830.2 or in subdivision (c) of Section 830.5, who is retired between January 2, 1981, and on or before December 31, 1988, and who is authorized to carry a concealed firearm pursuant to this section, shall not be required to have an endorsement in the format set forth in subparagraph (D) until the time of the issuance, on or after January 1, 1989, of a renewal endorsement pursuant to paragraph (2).

The agency from which a peace officer is honorably retired may, upon initial retirement of that peace officer, or at any time subsequent thereto, deny or revoke, for good cause the retired officer's privilege to carry a concealed firearm.

(3) An honorably retired peace officer listed in subdivision (c) of Section 830.5 authorized to carry concealed firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. (2) A retired peace officer may have his or her privilege to carry a concealed firearm revoked or denied by violating any departmental rule, or state or federal law that, if violated by an officer on active duty, would result in that officer's arrest, suspension, or removal from the agency.

(b) (1) An endorsement may be revoked or denied by the issuing agency only upon a showing of good cause. Good cause shall be determined at a hearing, as specified in subdivision (d).

(2) An endorsement may be revoked only after a hearing, as specified in subdivision (d). Any retired peace officer whose endorsement is to be revoked shall have 15 days to respond to a notice of that hearing, pursuant to this paragraph, as specified in subdivision (d). Any officer retired after January 1, 1981, shall have an endorsement on the identification certificate stating that the issuing agency approves the officer's carrying of a loaded firearm.

No endorsement or renewal endorsement issued pursuant to paragraph (2) shall be effective unless it is in the format set forth in subparagraph (D) of paragraph (1) of subdivision (a) of Section 12027, except that any peace officer listed in subdivision (f) of Section 830.2 or in subdivision (c) of Section 830.5, who is retired between January 2, 1981, and on or before December 31, 1988, and who is authorized to carry a loaded firearm pursuant to this section, shall not be required to have an endorsement in the format set forth in subparagraph (D) of paragraph (1) of subdivision (a) of Section 12027 until the time of the issuance, on or after January 1, 1989, of a renewal endorsement pursuant to paragraph (2).

Nothing in this paragraph shall be construed to prohibit cities and counties from enacting ordinances requiring alarm agents to register their names.

(6) Uniformed employees of private patrol operators and private investigators licensed pursuant to Chapter 11.5 (commencing with Section 7512) of Division 3 of the Business and Professions Code while acting within the course and scope of their employment.

the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. Refusal to allow a peace officer to inspect a firearm pursuant to this section constitutes probable cause for arrest for violation of this section.

(f) As used in this section, "prohibited area" means any place where it is unlawful to discharge a weapon.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

As used in this subdivision, "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(2) A violation of this section is justifiable when a person who possesses a firearm reasonably believes that he or she is in grave danger because of circumstances forming the basis of a current restraining order issued by a court against another person or persons who has or have been found to pose a threat to his or her life or safety. This paragraph may not apply when the circumstances involve a reciprocal restraining order issued pursuant to Section 4359 of the Civil Code absent a factual finding of a specific threat to the person's life or safety. It is not the intent of the Legislature to limit, restrict, or narrow the application of current statutory or judicial authority to apply this or other justifications to defendants charged with violating Section 12025 or of committing other similar offenses.

Upon trial for violating this section, the trier of fact shall determine whether the defendant was acting out of a reasonable belief that he or she was in grave danger.

(k) Nothing in this section is intended to preclude the carrying of a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

(B) The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

Any officer retired after January 1, 1981, shall have an endorsement on the identification certificate stating that the issuing agency approves the officer's carrying of a loaded firearm.

No endorsement or renewal endorsement issued pursuant to paragraph (2) shall be effective unless it is in the format set forth in subparagraph (D) of paragraph (1) of subdivision (a) of Section 12027, except that any peace officer listed in subdivision (f) of Section 830.2 or in subdivision (c) of Section 830.5, who is retired between January 2, 1981, and on or before December 31, 1988, and who is authorized to carry a loaded firearm pursuant to this section, shall not be required to have an endorsement in the format set forth in subparagraph (D) of paragraph (1) of subdivision (a) of Section 12027 until the time of the issuance, on or after January 1, 1989, of a renewal endorsement pursuant to paragraph (2).

A copy of the order shall be submitted to the Department of Justice. Upon receipt of the order, the department shall delete any reference to the prohibition against firearms from the person's state summary criminal history information.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 546 of the Code of Civil Procedure is amended to read:

546. (a) The court may issue ex parte any of the orders set forth in subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the plaintiff and the defendant any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the plaintiff and the defendant an order determining the temporary custody of the child. In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be dissolved, on the earliest day that the business of the court will permit, but not later than 20 days or, if good cause appears to the court, 25 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own motion shorten the time for service on the defendant of the order to show cause.

The temporary restraining order shall set forth on its face a notice in substantially the following form:

"NOTICE TO DEFENDANT: If you do not appear at the court hearing specified herein, the court may grant the requested orders for a period of up to 3 years without further notice to you."

The court may issue an ex parte order pursuant to this subdivision, excluding one party from a residence or dwelling only when the affidavit in support of an application for the order affirmatively shows facts sufficient for the court to ascertain that the plaintiff has a right under color of law to possession of the premises.

(b) The presiding judge of the superior court in each county shall designate not less than one judge, commissioner, or referee to be reasonably available to orally issue, by telephone or otherwise, emergency protective orders at all times when the superior court is not in session. A judge, commissioner, or referee so designated may issue an ex parte emergency protective order when a police or

sheriff's officer or a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, asserts reasonable grounds to believe that a person is in immediate and present danger of domestic violence, based upon the person's allegation of a recent incident of abuse or threat of abuse. The order may consist of any of the orders set forth in paragraphs (2), (3), and (6) of subdivision (a) of Section 4359 of the Civil Code, as well as an order determining the temporary care and control of any minor children of the endangered person and the person against whom the order is sought. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that an immediate and present danger of domestic violence exists and that an emergency protective order is necessary to prevent the occurrence or recurrence of domestic violence. The police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered person resides.

(4) The following statement: "To the Protected Party: This order will last only until the date and time noted above. If you wish to seek continuing protection, you will have to apply for an order from the court, at the address noted above, when it opens. You may seek the advice of an attorney as to any matter connected with your application for any future court orders. The attorney should be consulted promptly so that he or she may assist you in making your application. To the Restrained Party: This order will last until the date noted above. The protected party may, however, obtain a more permanent restraining order when the court opens. You may seek the advice of an attorney as to any matter connected with the application. The attorney should be consulted promptly so that he or she may assist you in responding to the application."

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to the protected party. A copy also shall be filed with the court as soon as practicable after issuance.

An emergency protective order shall expire not later than the close of judicial business on the second day of judicial business

following the day of its issue.

The availability of an emergency protective order shall not be affected by the fact that the endangered person has vacated the household to avoid abuse.

A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer or peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2 of the Penal Code, acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

(c) A judge, commissioner, or referee designated pursuant to subdivision (b) may issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, based upon an allegation of a recent incident of abuse or threat of abuse by that family or household member. The order may consist of any of the orders authorized in Section 213.5 of the Welfare and Institutions Code, and may include provisions placing the temporary care and control of the endangered child and any other minor children in the family or household with the parent or legal guardian of the endangered child who is not a restrained party. The order shall expire not later than the close of judicial business on the second day of judicial business following the day of its issue. The order shall be issued without prejudice to any party.

A judge, commissioner, or referee may issue an emergency protective order pursuant to this subdivision only upon a finding that reasonable grounds have been asserted to believe that a child is in immediate and present danger of abuse and that an emergency protective order is necessary to prevent the occurrence or recurrence of abuse. The police or sheriff's officer requesting the order shall reduce it to writing, and shall sign the order. The order shall include all of the following:

(1) A statement of the grounds asserted for the order.

(2) The date and time the order expires.

(3) The address of the superior court for the district or county in which the endangered child resides.

(4) The following statement: "This order will last only until the date and time noted above. A more permanent restraining order under Section 213.5 of the Welfare and Institutions Code may be applied for from the court, at the address noted above, when it opens. The advice of an attorney may be sought in connection with the application for a more permanent restraining order."

The parent or legal guardian of the endangered child who is not a restrained party, or any person having temporary custody of the endangered child, may apply for a more permanent restraining

order under Section 213.5 of the Welfare and Institutions Code when the court opens.

The Judicial Council shall prescribe the form of the order and any other documents required by this subdivision. The statement required in paragraph (4) shall be printed in English and Spanish.

The officer who requested the emergency protective order, while on duty, shall carry copies of the order.

The emergency protective order shall be served upon the restrained party by the officer, if the restrained party can reasonably be located, and a copy shall be given to any parent or legal guardian of the endangered child who is not a restrained party, if he or she can be reasonably located, or to any person having temporary custody of the endangered child. A copy also shall be filed with the court as soon as practicable after issuance.

The availability of an emergency protective order shall not be affected by the endangered child's leaving the household to avoid abuse.

A police or sheriff's officer shall use every reasonable means to enforce an emergency protective order issued pursuant to this subdivision. A police or sheriff's officer acting pursuant to this subdivision shall not be held civilly or criminally liable if he or she has acted in good faith with regard thereto.

(c) A judge, commissioner, or referee designated pursuant to subdivision (b) may issue an ex parte emergency protective order when a police or sheriff's officer asserts reasonable grounds to believe that a child is in immediate and present danger of abuse by a family or household member, based upon an allegation of a recent incident of abuse or threat of abuse by that family or household member. SEC. 2. Section 547 of the Code of Civil Procedure is amended to read:

547. The court may issue upon, notice and a hearing, any of the following orders:

(a) (1) Any of the orders set forth in paragraphs (1), (4), and (5) of subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the petitioner and the respondent, any of the orders set forth in paragraphs (2), (3), (5), and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the petitioner and the respondent an order determining the temporary custody of the child. After notice and a hearing, the court may order the exclusion of one party from the common dwelling of both parties or from the dwelling of the other party on a finding only that physical or emotional harm would otherwise result to the other party or any person under the care, custody, or control of the other party or to any minor child of the parties or of the other party.

(2) Any of the orders set forth in paragraphs (2) and (3) of subdivision (a) of Section 4359 of the Civil Code. After notice and a hearing, the court may order the exclusion of one party from the common dwelling of both parties or from the dwelling of the other

party on a finding only that physical or emotional harm would otherwise result to the other party or any person under the care, custody, or control of the other party or to any minor child of the parties or of the other party.

(b) Where there exists a presumption that the respondent is the natural father of any minor child, pursuant to Section 7004 of the Civil Code, and the child is in the custody of the petitioner, the court may order a party to pay any amount necessary for the support and maintenance of the child if such an order would otherwise be authorized in an action brought pursuant to Part 7 (commencing with Section 7000) of Division 4 of the Civil Code; however, any order pursuant to this subdivision shall be without prejudice in any such action.

(c) An order that restitution be paid to the family or household member for loss of earnings and out-of-pocket expenses, including, but not limited to, expenses for medical care and temporary housing, incurred as a direct result of the abuse or any actual physical injuries sustained therefrom; an order that restitution be paid by petitioner for out-of-pocket expenses incurred by a party as a result of any order issued ex parte which is found by the court to have been issued upon facts shown at a noticed hearing to be insufficient to support the order; or an order requiring that the respondent shall pay any public or private agency for the reasonable cost of providing services to a family or household member required as a direct result of the abuse inflicted by the respondent or any actual injuries sustained therefrom.

(d) An order requiring any party to participate in counseling with a licensed mental health professional, or through other community programs and services that provide appropriate counseling, including, but not limited to, mental health or substance abuse services, where it is shown that the parties intend to continue to reside in the same household or have continued to reside in the same household after previous instances of domestic violence. The court may also order a restrained party to participate in batterer's treatment counseling. Where there has been a history of domestic violence between the parties and a protective order is in effect, at the request of the party protected by the order, the parties shall participate in counseling separately and at separate times. The court shall fix the costs and shall order the entire cost of the services to be borne by the parties in the proportion as the court deems reasonable. Prior to issuing the court order requiring counseling, the court shall find that the financial burden created by the court order for counseling does not otherwise jeopardize a party's other financial obligations.

(e) An order for the payment of attorneys' fees and costs of the prevailing party.

SEC. 3. Section 550 of the Code of Civil Procedure is amended to read:

550. (a) The court shall order the petitioner or the attorney for

the petitioner to deliver, or the county clerk to mail, a copy of any order, or extension, modification, or termination thereof granted pursuant to this chapter, by the close of the business day on which the order, extension, modification or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the petitioner or the attorney for the petitioner, having jurisdiction over the residence of the petitioner and such other locations where the court determines that acts of domestic violence against the petitioner are likely to occur. In addition, the court shall order the county clerk to provide, without cost, to a petitioner five certified, stamped, and endorsed copies of any order, extension, modification, or termination thereof granted pursuant to this chapter.

Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to this chapter to any law enforcement officer responding to the scene of reported domestic violence. Any restraining order against domestic violence issued pursuant to this chapter may, upon request of the petitioner, be served upon the respondent by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the action. The moving party shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and transmit to the issuing court.

(b) Upon receipt of a copy of a restraining order issued pursuant to subdivision (a) of Section 546 of the Code of Civil Procedure, or paragraph (2) of subdivision (a) of Section 547 of the Code of Civil Procedure, and predicated on paragraph (2), (3), or (6) of subdivision (a) of Section 4359 of the Civil Code, together with the subsequent proof of service thereof, the local law enforcement agency having jurisdiction over the residence of the plaintiff shall immediately notify the Department of Justice regarding the name, race, date of birth, and other personal descriptive information as required by a form prescribed by the Department of Justice, the date of issuance of the order, and the duration of the order or its expiration date. However, proof of service of the restraining order shall not be required for purposes of this subdivision if the restraining order indicates on its face that both parties were personally present at the hearing where the order was issued and that, pursuant to subdivision (g), no proof of service is required.

The petitioner's failure to provide local law enforcement with personal descriptive information regarding the person restrained does not invalidate the restraining order.

(c) If a court issues a modification, extension, or termination of the order described in subdivision (b), the court shall notify the law enforcement agency having jurisdiction over the residence of the plaintiff. The law enforcement agency shall then immediately notify the Department of Justice.

(d) There shall be no civil liability on the part of, and no cause of action shall arise against, an employee of a local law enforcement agency or the Department of Justice, acting within the scope of his or her employment, if a person described in subdivision (g) of Section 12021 of the Penal Code unlawfully purchases or receives or attempts to purchase or receive a firearm and a person is injured by that firearm or a person who is otherwise entitled to receive a firearm is denied a firearm and either wrongful action is due to the failure of a court to provide the notification provided for in this subdivision.

(e) If any person named in a restraining order issued pursuant to this section has not been served personally with the order but has received actual notice of the existence and substance of that order through personal appearance in court to hear the terms of the order from the court, no additional proof of service shall be required for enforcement of that order.

(f) The court, in issuing a restraining order predicated on paragraph (2) of subdivision (a) of Section 547 of this code or on paragraph (2), (3), or (6) of subdivision (a) of Section 4359 of the Civil Code, and where both parties are present in court, shall inform both the petitioner and respondent of the terms of the order, including notice that the respondent is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and including notice of the penalty for violation.

(g) The judicial forms for temporary restraining orders and restraining orders issued after a hearing shall contain a statement in substantially the following form:

"NO ADDITIONAL PROOF OF SERVICE SHALL BE REQUIRED IF THE FACE OF THIS FORM INDICATES THAT BOTH PARTIES ARE PERSONALLY PRESENT AT THE HEARING WHERE THE ORDER WAS ISSUED."

(h) It shall be a rebuttable presumption that the proof of service was signed on the date of service.

SEC. 4. Section 12021 of the Penal Code is amended to read:

12021. Upon notification by the department, the dealer shall submit corrected copies of the register to the department, or shall submit any fee required pursuant to subdivision (d), or both, as appropriate and, if notification by the department is received by the dealer at any time prior to delivery of the firearm to be purchased or transferred, the dealer shall withhold delivery until the conclusion of the waiting period described in Sections 12071 and 12072.

(e) The term "series" includes all other models that are only variations, with minor differences, of those models listed in subdivision (a), regardless of the manufacturer.

(f) This section is declaratory of existing law, as amended, and a clarification of the law and the Legislature's intent which bans the weapons enumerated in this section, the weapons included in the list promulgated by the Attorney General pursuant to Section 12276.5, and any other models which are only variations of those weapons with minor differences, regardless of the manufacturer. The Legislature has defined assault weapons as the types, series, and models listed in this section because it was the most effective way to identify and restrict a specific class of semiautomatic weapons.

SEC. 3. Section 12276.5 of the Penal Code is amended to read:

12276.5. (a) Upon request by the Attorney General filed in a verified petition in a superior court of a county with a population of more than 1,000,000, the superior court shall issue a declaration of temporary suspension of the manufacture, sale, distribution, transportation, or importation into the state, or the giving or lending of a firearm alleged to be an assault weapon within the meaning of Section 12276 because the firearm is either of the following:

(1) Another model by the same manufacturer or a copy by another manufacturer of an assault weapon listed in subdivision (a), (b), or (c) of Section 12276 which is identical to one of the assault weapons listed in those subdivisions except for slight modifications or enhancements including, but not limited to: a folding or retractable stock; adjustable sight; case deflector for left-handed shooters; shorter barrel; wooden, plastic or metal stock; larger magazine size; different caliber provided that the caliber exceeds .22 rimfire; or bayonet mount. The court shall strictly construe this paragraph so that a firearm which is merely similar in appearance but not a prototype or copy cannot be found to be within the meaning of this paragraph.

(2) A firearm first manufactured or sold to the general public in California after June 1, 1989, which has been redesigned, renamed, or renumbered from one of the firearms listed in subdivision (a), (b), or (c) of Section 12276, or which is manufactured or sold by another company under a licensing agreement to manufacture or sell one of the firearms listed in subdivision (a), (b), or (c) of Section 12276, regardless of the company of production or distribution, or the country of origin.

(b) Upon the issuance of a declaration of temporary suspension by the superior court and after the Attorney General has completed the notice requirements of subdivisions (c) and (d), the provisions of

subdivision (a) of Section 12280 shall apply with respect to those weapons.

(c) Upon declaration of temporary suspension, the Attorney General shall immediately notify all police, sheriffs, district attorneys, and those requesting notice pursuant to subdivision (d), shall notify industry and association publications for those who manufacture, sell, or use firearms, and shall publish notice in not less than 10 newspapers of general circulation in geographically diverse sections of the state of the fact that the declaration has been issued.

(d) The Attorney General shall maintain a list of any persons who request to receive notice of any declaration of temporary suspension and shall furnish notice under subdivision (c) to all these persons immediately upon a superior court declaration. Notice shall also be furnished by the Attorney General by certified mail, return receipt requested (or substantial equivalent if the person who is to receive the notice resides outside the United States), to any known manufacturer and California distributor of the weapon which is the subject of the temporary suspension order or their California statutory agent for service. The notice shall be deemed effective upon mailing.

(e) After issuing a declaration of temporary suspension under this section, the superior court shall set a date for hearing on a permanent declaration that the weapon is an assault weapon. The hearing shall be set no later than 30 days from the date of issuance of the declaration of temporary suspension. The hearing may be continued for good cause thereafter. Any manufacturer or California distributor of the weapon which is the subject of the temporary suspension order has the right, within 20 days of notification of the issuance of the order, to intervene in the action. Any manufacturer or California distributor who fails to timely exercise its right of intervention, or any other person who manufactures, sells, or owns the assault weapon may, in the court's discretion, thereafter join the action as amicus curiae.

(f) At the hearing, the burden of proof is upon the Attorney General to show by a preponderance of evidence that the weapon which is the subject of the declaration of temporary suspension is an assault weapon. If the court finds the weapon to be an assault weapon, it shall issue a declaration that it is an assault weapon under Section 12276. Any party to the matter may appeal the court's decision. A declaration that the weapon is an assault weapon shall remain in effect during the pendency of the appeal unless ordered otherwise by the appellate court.

(g) The Attorney General shall prepare a description for identification purposes, including a picture or diagram, of each assault weapon listed in Section 12276, and any firearm declared to be an assault weapon pursuant to this section, and shall distribute the description to all law enforcement agencies responsible for enforcement of this chapter. Those law enforcement agencies shall make the description available to all agency personnel.

(h) The Attorney General shall promulgate a list that specifies all firearms designated as assault weapons in Section 12276 or declared to be assault weapons pursuant to this section. The Attorney General shall file that list with the Secretary of State for publication in the California Code of Regulations. Any declaration that a specified firearm is an assault weapon shall be implemented by the Attorney General who, within 90 days, shall promulgate an amended list which shall include the specified firearm declared to be an assault weapon. The Attorney General shall file the amended list with the Secretary of State for publication in the California Code of Regulations.

Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, pertaining to the adoption of rules and regulations, shall not apply to any list of assault weapons promulgated pursuant to this section.

(i) The Attorney General shall adopt those rules and regulations that may be necessary or proper to carry out the purposes and intent of this chapter.

However, if the person presents proof that he or she lawfully possessed the assault weapon prior to June 1, 1989, or prior to the date it was specified as an assault weapon, and has since either registered the firearm and any other lawfully obtained firearm subject to this chapter pursuant to Section 12285 or relinquished them pursuant to Section 12288, a first-time violation of this subdivision shall be an infraction punishable by a fine of up to five hundred dollars ($500), but not less than three hundred fifty dollars ($350), if the person has otherwise possessed the firearm in compliance with subdivision (c) of Section 12285. (c) Notwithstanding Section 654 or any other provision of law, any person who commits another crime while violating this section may receive an additional, consecutive punishment of one year for violating this section in addition and consecutive to the punishment, including enhancements, which is prescribed for the other crime.

(d) Subdivisions (a) and (b) shall not apply to the sale to, purchase by, or possession of assault weapons by the Department of Justice, police departments, sheriffs' offices, marshals' offices, the Department of Corrections, the California Highway Patrol, the California State Police, district attorneys' offices, or the military or naval forces of this state or of the United States for use in the discharge of their official duties; nor shall anything in this chapter prohibit the possession or use of assault weapons by sworn members of these agencies when on duty and the use is within the scope of their duties.

SEC. 8. Section 12078 of the Penal Code, as amended by Chapter 5 of the Statutes of 1991, is amended to read:

12078. (a) The preceding provisions of this article do not apply to deliveries, transfers, or sales of firearms made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to deliveries, transfers, or sales of firearms made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by those governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser or transferee is employed, identifying the purchaser or transferee as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase or transfer. The certification shall be delivered to the seller or transferor at the time of purchase and transfer and the purchaser or transferee shall identify himself or herself as the person authorized in the certification. On the day the sale, delivery, or transfer is made, where a peace officer is receiving the firearm, and a dealer is not the seller or transferor, or is not otherwise the person responsible for the delivery of the firearm, the peace officer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made, where a dealer is the seller, transferor, or otherwise responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077. The reports which peace officers shall complete shall be provided to them by the department at cost. All receipts from the sale of these forms shall be deposited into the Dealer's Record of Sale Special Account of the General Fund. No report need be submitted to the Department of Justice where a peace officer receiving the firearm received it from his or her employer in accordance with the applicable rules, regulations, or procedures of the employer.

(b) Section 12070 and subdivisions (c) and (d) of Section 12072 shall not apply to deliveries, sales, or transfers of firearms between or to importers and manufacturers of firearms licensed to engage in such business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(c) Subdivision (d) of Section 12072 shall not apply to the infrequent transfers of firearms by gift, bequest, intestate succession, or other means by one individual to another where both individuals are members of the same immediate family.

As used in this subdivision, immediate family member includes the third lineal degree of consanguinity.

(d) Subdivision (d) of Section 12072 shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days in duration.

(e) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery of a firearm to a gunsmith for service or repair.

(f) Section 12070 shall not apply to the sale, delivery, or transfer of firearms by manufacturers or importers licensed pursuant to Chapter 44 (commencing with Section 921) of Chapter 18 of the United States Code and the regulations issued pursuant thereto to dealers licensed pursuant to Section 12071.

As used in this paragraph, the term "infrequent" shall not be construed to prohibit different local chapters of the same nonprofit corporation from conducting auctions or similar events, provided the individual local chapter conducts the auctions or similar events infrequently. It is the intent of the Legislature that different local chapters, representing different localities, be entitled to invoke the exemption created by this paragraph, notwithstanding the frequency with which other chapters of the same nonprofit corporation may conduct auctions of similar events.

(2) Subdivision (d) of Section 12072 shall not apply to the transfer of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, if the firearm is donated for an auction or similar event described in paragraph (1) and the firearm is delivered to the nonprofit corporation immediately preceding, or contemporaneous with, the auction or similar event.

(3) The waiting period described in Sections 12071 and 12072 shall not apply to a dealer who delivers a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, at an auction or similar event described in paragraph (1), as authorized by subparagraph (C) of paragraph (1) of subdivision (b) of Section 12071. Within 48 hours of the sale, delivery, or transfer, the dealer shall forward by prepaid mail to the Department of Justice a report of the same as is indicated in paragraph (3) of subdivision (a) of Section 12077.

SEC. 8.1. Section 12078 of the Penal Code, as amended by Chapter 5 of the Statutes of 1991, is amended to read:

Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser or transferee is employed, identifying the purchaser or transferee as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase or transfer. The certification shall be delivered to the seller or transferor at the time of purchase and transfer and the purchaser or transferee shall identify himself or herself as the person authorized in the certification. On the day the sale, delivery, or transfer is made, where a peace officer is receiving the firearm, and either a dealer is not the seller or transferor, or is not otherwise the person responsible for the delivery of the firearm, or the transfer or sale is not conducted through a law enforcement agency pursuant to Section 12084, the peace officer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made, where the transfer is conducted pursuant to Section 12084, the law enforcement agency shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12084. The reports which peace officers shall complete shall be provided to them by the department at cost. All receipts from the sale of these forms shall be deposited into the Dealer's Record of Sale Special Account of the General Fund. No report need be submitted to the Department of Justice where a peace officer receiving the firearm received it from his or her employer in accordance with the applicable rules, regulations, or procedures of the employer.

(b) Section 12070 and subdivisions (c) and (d) of Section 12072 shall not apply to deliveries, sales, or transfers of firearms between or to importers and manufacturers of firearms licensed to engage in such business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(c) Subdivision (d) of Section 12072 shall not apply to the

infrequent transfers of firearms by gift, bequest, intestate succession, or other means by one individual to another where both individuals are members of the same immediate family.

As used in this subdivision, immediate family member includes the third lineal degree of consanguinity.

(d) Subdivision (d) of Section 12072 shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days in duration.

(e) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery of a firearm to a gunsmith for service or repair.

(f) Section 12070 shall not apply to the sale, delivery, or transfer of firearms by manufacturers or importers licensed pursuant to Chapter 44 (commencing with Section 921) of Chapter 18 of the United States Code and the regulations issued pursuant thereto to dealers licensed pursuant to Section 12071.

(g) (1) Subdivision (d) of Section 12072 shall not apply to the infrequent sale or transfer of a firearm, other than a pistol, revolver, or other firearm capable of being concealed upon the person, at auctions or similar events conducted by nonprofit mutual or public benefit corporations organized pursuant to the Corporations Code.

As used in this paragraph, the term "infrequent" shall not be construed to prohibit different local chapters of the same nonprofit corporation from conducting auctions or similar events, provided the individual local chapter conducts the auctions or similar events infrequently. It is the intent of the Legislature that different local chapters, representing different localities, be entitled to invoke the exemption created by this paragraph, notwithstanding the frequency with which other chapters of the same nonprofit corporation may conduct auctions of similar events.

(2) Subdivision (d) of Section 12072 shall not apply to the transfer of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, if the firearm is donated for an auction or similar event described in paragraph (1) and the firearm is delivered to the nonprofit corporation immediately preceding, or contemporaneous with, the auction or similar event.

(3) The waiting period described in Sections 12071 and 12072 shall not apply to a dealer who delivers a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, at an auction or similar event described in paragraph (1), as authorized by subparagraph (C) of paragraph (1) of subdivision (b) of Section 12071. Within 48 hours of the sale, delivery, or transfer, the dealer shall forward by prepaid mail to the Department of Justice a report of the same as is indicated in paragraph (3) of subdivision (a) of Section 12077.

(h) Section 12070 and subdivision (d) of Section 12072 shall not apply to the loan of a firearm for the purposes of shooting at targets if the loan occurs on the premises of a target facility which holds a

business or regulatory license or on the premises of any club or organization organized for the purposes of practicing shooting at targets upon established ranges, whether public or private, if the firearm is at all times kept within the premises of the target range or on the premises of the club or organization.

SEC. 9. Section 12082 of the Penal Code, as amended by Chapter 5 of the Statutes of 1991, is amended to read:

12082. A person shall complete any sale or other transfer of a firearm through a dealer licensed pursuant to Section 12071 in accordance with this section in order to comply with subdivision (d) of Section 12072. The Attorney General shall adopt regulations under this section to allow the seller or transferor and the purchaser or transferee to complete a sale or other transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and of Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of records. The register shall state the name and address of the seller or transferor of the firearm in addition to any other information required by Section 12077. The seller or transferor shall deliver the firearm to the dealer who shall retain possession of that firearm. The dealer shall then deliver the firearm to the purchaser or transferee, if it is not prohibited, in accordance with the provisions of subdivision (c) of Section 12072. If the dealer cannot legally transfer the firearm to the purchaser or transferee, the dealer shall forthwith, without waiting for the conclusion of the waiting period described in Sections 12071 and 12072, return the firearm to the transferor or seller. The dealer shall not return the firearm to the seller or transferor when to do so would constitute a violation of subdivision (a) of Section 12072. If the dealer cannot legally return the firearm to the transferor or seller, then the dealer shall forthwith deliver the firearm to the sheriff of the county or the chief of police or other head of a municipal police department of any city or city and county who shall then dispose of the firearm in the manner provided by Sections 12028 and 12032. The purchaser or transferee may be required by the dealer to pay a fee not to exceed ten dollars ($10), plus the fee which the Department of Justice may charge pursuant to subdivision (d) of Section 12076. Nothing in these provisions shall prevent a dealer from charging a smaller fee. The fee that the department may charge is the fee that would be applicable pursuant to subdivision (d) of Section 12076, if the dealer was selling, transferring, or delivering a firearm to a purchaser or transferee without any other parties being involved in the transaction.

A violation of this section by a dealer is a misdemeanor.

SEC. 10. Section 8103 of the Welfare and Institutions Code is amended to read:

8103. (a) (1) No person who after October 1, 1955, has been adjudicated by a court of any state to be a danger to others as a result of mental disorder or mental illness, or who has been adjudicated to be a mentally disordered sex offender, shall purchase or receive, or

(2) The court shall immediately notify the Department of Justice of the court order finding the person to be a person described in paragraph (1).

(c) (1) No person who has been found, pursuant to Section 1026 of the Penal Code or the law of any other state or the United States, not guilty by reason of insanity of any crime other than those described in subdivision (b) shall purchase or receive, or attempt to purchase or receive, or shall have in his or her possession, custody, or control any firearm or any other deadly weapon unless the court of commitment has found the person to have recovered sanity, pursuant to Section 1026.2 of the Penal Code or the law of any other state or the United States.

(2) The court shall immediately notify the Department of Justice of the court order finding the person to be a person described in paragraph (1). The court shall also notify the Department of Justice when it finds that the person has recovered his or her sanity.

(d) (1) No person found by a court to be mentally incompetent

to stand trial, pursuant to Section 1370 or 1370.1 of the Penal Code or the law of any other state or the United States, shall purchase or receive, or attempt to purchase or receive, or shall have in his or her possession, custody, or control any firearm or any other deadly weapon, unless there has been a finding with respect to the person of restoration to competence to stand trial by the committing court, pursuant to Section 1372 of the Penal Code or the law of any other state or the United States.

(2) The court shall immediately notify the Department of Justice of the court order finding the person to be mentally incompetent as described in paragraph (1). The court shall also notify the Department of Justice when it finds that the person has recovered his or her competence.

(e) (1) No person who has been placed under conservatorship by a court, pursuant to Section 5350 or the law of any other state or the United States, because the person is gravely disabled as a result of a mental disorder or impairment by chronic alcoholism shall purchase or receive, or attempt to purchase or receive, or shall have in his or her possession, custody, or control any firearm or any other deadly weapon while under the conservatorship if, at the time the conservatorship was ordered or thereafter, the court which imposed the conservatorship found that possession of a firearm or any other deadly weapon by the person would present a danger to the safety of the person or to others. Upon placing any person under conservatorship, and prohibiting firearm or any other deadly weapon possession by the person the court shall notify the person of this prohibition.

(2) The court shall immediately notify the Department of Justice of the court order placing the person under conservatorship and prohibiting firearm or any other deadly weapon possession by the person as described in paragraph (1). The notice shall include the date the conservatorship was imposed and the date the conservatorship is to be terminated. If the conservatorship is subsequently terminated before the date listed in the notice to the Department of Justice or the court subsequently finds that possession of a firearm or any other deadly weapon by the person would no longer present a danger to the safety of the person or others, the court shall immediately notify the Department of Justice.

(3) All information provided to the Department of Justice pursuant to paragraph (2) shall be kept confidential, separate, and apart from all other records maintained by the department, and shall be used only to determine eligibility to purchase or possess firearms or other deadly weapons. Any person who knowingly furnishes any such information for any other purpose is guilty of a misdemeanor. All such information concerning any person shall be destroyed upon receipt by the Department of Justice of notice of the termination of conservatorship as to that person pursuant to paragraph (2).

(f) (1) No person who has been (A) taken into custody as provided in Section 5150 because that person is a danger to himself,

herself, or to others, (B) assessed within the meaning of Section 5151, and (C) admitted to a designated facility within the meaning of Sections 5151 and 5152 because that person is a danger to himself, herself, or others, shall own, possess, control, receive, or purchase, or attempt to own, possess, control, receive, or purchase any firearm for a period of five years after the person is released from the facility. A person described in the preceding sentence, however, may own, possess, control, receive, or purchase, or attempt to own, possess, control, receive, or purchase any firearm if, at or prior to being released, the person is certified by the professional person in charge of the facility or his or her designee to be a person who is likely to use firearms in a safe and lawful manner or if the superior court has, pursuant to paragraph (4), upon petition of the person, found, by a preponderance of the evidence, that the person is likely to use firearms in a safe and lawful manner.

(2) For each person subject to this subdivision, the facility shall immediately, on the date of admission, submit a report to the Department of Justice, on a form prescribed by the department, containing information which includes, but is not limited to, the identity of the person and the legal grounds upon which the person was admitted to the facility.

Any report prescribed by this subdivision shall be confidential, except for purposes of the court proceedings described in this subdivision and for determining the eligibility of the person to own, possess, control, receive, or purchase a firearm. The state summary criminal history may state that the person is prohibited from owning, possessing, controlling, receiving, or purchasing a firearm under this subdivision or any other provision of law.

(3) Prior to, or concurrent with, the discharge, the facility shall inform a person subject to this subdivision that he or she is prohibited from owning, possessing, controlling, receiving, or purchasing any firearm for a period of five years. Simultaneously, the facility shall inform the person that he or she may petition a court, as provided in this subdivision, for an order permitting the person to own, possess, control, receive, or purchase a firearm.

(4) Any person who is subject to paragraph (1) may petition the superior court of his or her county of residence for an order that he or she may own, possess, control, receive, or purchase firearms. At the time the petition is filed, the clerk of the court shall set a hearing date and notify the person, the Department of Justice, and the district attorney. The People of the State of California shall be the respondent in the proceeding and shall be represented by the district attorney. Upon motion of the district attorney, or on its own motion, the superior court may transfer the petition to the county in which the person resided at the time of his or her detention, the county in which the person was detained, or the county in which the person was evaluated or treated. Within seven days after receiving notice of the petition, the Department of Justice shall file copies of the reports described in Section 8103 with the superior court. The

reports shall be disclosed upon request to the person and to the district attorney. The district attorney shall be entitled to a continuance of the hearing to a date of not less than 14 days after the district attorney was notified of the hearing date by the clerk of the court. Notwithstanding any other provision of law, declarations, police reports, including criminal history information, and any other material and relevant evidence which is not excluded under Section 352 of the Evidence Code, shall be admissible at the hearing under this section. If the court finds by a preponderance of the evidence that the person would be likely to use firearms in a safe and lawful manner, the court may order that the person may own, control, receive, possess, or purchase firearms. A copy of the order shall be submitted to the Department of Justice. Upon receipt of the order, the Department of Justice shall delete any reference to the prohibition against firearms from the person's state summary criminal history information.

(g) (1) No person who has been certified for intensive treatment under Section 5250, 5260, or 5270.15 shall own, possess, control, receive, or purchase, or attempt to own, possess, control, receive, or purchase any firearm for a period of five years.

Any person who meets the criteria contained in subdivision (e) or (f) who is released from intensive treatment shall nevertheless, if applicable, remain subject to the prohibition contained in subdivision (e) or (f).

(2) For each person certified for intensive treatment under paragraph (1), the facility shall immediately submit a report to the Department of Justice, on a form prescribed by the department, containing information regarding the person, including, but not limited to, the legal identity of the person and the legal grounds upon which the person was certified. Any report submitted pursuant to this paragraph shall only be used for the purposes specified in paragraph (2) of subdivision (f).

(3) Prior to, or concurrent with, the discharge of each person certified for intensive treatment under paragraph (1), the facility shall inform the person of that information specified in paragraph (3) of subdivision (f).

(4) Any person who is subject to the prohibition contained in paragraph (1) may fully invoke the provisions of paragraph (4) of subdivision (f).

(h) For all persons identified in subdivisions (f) and (g), facilities shall report to the Department of Justice as specified in those subdivisions, except facilities shall not report persons under subdivision (g) if the same persons previously have been reported under subdivision (f).

Additionally, all facilities shall report to the Department of Justice upon the discharge of persons from whom reports have been submitted pursuant to subdivision (f) or (g).

(i) Every person who owns or possesses or has under his or her custody or control, or purchases or receives, or attempts to purchase

or receive, any firearm or any other deadly weapon in violation of this section is guilty of a felony which is punishable by imprisonment in the state prison, or in the county jail for not more than one year, and which is subject to subdivision (b) of Section 17 of the Penal Code.

(j) "Deadly weapon," as used in this section, has the meaning prescribed by Section 8100.

CHAPTER 956

An act to amend Section 12071 of, and to add Section 12035 to, the Penal Code, relating to firearms.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Children's Firearm Accident Prevention Act of 1991.

SEC. 2. Section 12035 is added to the Penal Code, to read:

12035. (a) As used in this section, the following definitions shall apply:

(1) "Locking device" means a device which temporarily prevents the firearm from functioning.

(2) "Loaded firearm" has the same meaning as set forth in subdivision (g) of Section 12031.

(3) "Child" means a person under 14 years of age.

(4) "Great bodily injury" has the same meaning as set forth in Section 12022.7.

(5) "Locked container" has the same meaning as set forth in subdivision (d) of Section 12026.2.

(b) (1) Except as provided in subdivision (c), a person commits the crime of "criminal storage of a firearm of the first degree" if he or she keeps any loaded firearm within any premise which is under his or her custody or control and he or she knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian and the child obtains access to the firearm and thereby causes death or great bodily injury to himself, herself, or any other person.

(2) Except as provided in subdivision (c), a person commits the crime of "criminal storage of a firearm of the second degree" if he or she keeps any loaded firearm within any premise which is under his or her custody or control and he or she knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian and the child obtains access to the firearm and thereby causes injury, other than great bodily injury, to himself, herself, or any other person, or

exhibits the firearm either in a public place or in violation of Section 417.

(c) Subdivision (b) shall not apply whenever any of the following occurs:

(1) The child obtains the firearm as a result of an illegal entry to any premises by any person.

(2) The firearm is kept in a locked container or in a location which a reasonable person would believe to be secure.

(3) The firearm is carried on the person or within such a close proximity thereto so that the individual can readily retrieve and use the firearm as if carried on the person.

(4) The firearm is equipped with a locking device.

(5) The person is a peace officer or a member of the armed forces or national guard and the child obtains the firearm during, or incidental to, the performance of the person's duties.

(6) The child obtains, or obtains and discharges, the firearm in a lawful act of self-defense or defense of another person, or persons.

(7) The person who keeps a loaded firearm on any premise which is under his or her custody or control has no reasonable expectation, based on objective facts and circumstances, that a child is likely to be present on the premise.

(d) Criminal storage of a firearm is punishable as follows:

(1) Criminal storage of a firearm in the first degree, by imprisonment in the state prison for 16 months, or 2 or 3 years, by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine; or by imprisonment in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine.

(2) Criminal storage of a firearm in the second degree, by imprisonment in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine.

(e) If the person who allegedly violated this section is the parent or guardian of a child who is injured or who dies as the result of an accidental shooting, the district attorney shall consider, among other factors, the impact of the injury or death on the person alleged to have violated this section when deciding whether to prosecute an alleged violation. It is the Legislature's intent that a parent or guardian of a child who is injured or who dies as the result of an accidental shooting shall be prosecuted only in those instances in which the parent or guardian behaved in a grossly negligent manner or where similarly egregious circumstances exist. This subdivision shall not otherwise restrict, in any manner, the factors that a district attorney may consider when deciding whether to prosecute alleged violations of this section.

(f) If the person who allegedly violated this section is the parent or guardian of a child who is injured or who dies as the result of an accidental shooting, no arrest of the person for the alleged violation of this section shall occur until at least seven days after the date upon

which the accidental shooting occurred.

In addition to the limitation contained in this subdivision, a law enforcement officer shall consider the health status of a child who suffers great bodily injury as the result of an accidental shooting prior to arresting a person for a violation of this section, if the person to be arrested is the parent or guardian of the injured child. The intent of this subdivision is to encourage law enforcement officials to delay the arrest of a parent or guardian of a seriously injured child while the child remains on life-support equipment or is in a similarly critical medical condition.

(g) (1) The fact that the person who allegedly violated this section attended a firearm safety training course prior to the purchase of the firearm that is obtained by a child in violation of this section shall be considered a mitigating factor by a district attorney when he or she is deciding whether to prosecute the alleged violation.

(2) In any action or trial commenced under this section, the fact that the person who allegedly violated this section attended a firearm safety training course prior to the purchase of the firearm that is obtained by a child in violation of this section, shall be admissible.

SEC. 3. Section 12071 of the Penal Code is amended to read:

authority, shall be displayed on the premises where it can easily be seen.

(3) No firearm shall be delivered:

On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 10 days of the application for the purchase of any other firearm, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 10 days of the submission to the department of corrected copies of the register, or within 10 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later.

(B) Unless unloaded and securely wrapped or unloaded and in a locked container.

(4) No pistol, revolver, or other firearm capable of being concealed upon the person or imitation thereof, or placard advertising the sale or other transfer thereof, shall be displayed in any part of the premises where it can readily be seen from the outside.

(5) The licensee shall agree to and shall act properly and promptly in processing transfers of firearms pursuant to Section 12082.

(6) The licensee shall comply with Sections 12073 and 12077 and subdivisions (a) and (b) of Section 12072.

(7) The licensee shall post conspicuously within the licensed premises the following warning in block letters not less than three inches in height:

"IF YOU LEAVE A LOADED FIREARM WITHIN THE REACH OR EASY ACCESS OF A CHILD, YOU MAY BE FINED OR IMPRISONED, OR BOTH, IF THE CHILD GAINS ACCESS TO, AND IMPROPERLY USES, THE FIREARM."

(8) All persons who receive a statewide gun show license shall

publicly display the license at any gun show at which the licensee conducts activities as authorized pursuant to subparagraph (B) of paragraph (1).

(c) As used in this article, "clear evidence of his or her identity and age" includes, but is not limited to, a motor vehicle operator's license, a state identification card, an armed forces identification card, an employment identification card which contains the bearer's signature and photograph, or any similar documentation which provides the seller reasonable assurance of the identity and age of the purchaser.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 962

An act to add Chapter 2.8 (commencing with Section 15814.30) to Part 10b of Division 3 of Title 2 of the Government Code, and to amend Section 25402.1 of the Public Resources Code, relating to state buildings, and making an appropriation therefor.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The legislature finds and declares all of the following:

(a) State facilities are the largest energy users in the state, with two hundred sixty-five million dollars ($265,000,000) in utility costs in the 1989–90 calendar year.

(b) Significant opportunities exist to reduce energy consumption in state facilities by cost-effective measures, including adherence to building standards, more accurate measurement of energy consumption, and state purchase of commodities with lowest life cycle costs.

(c) It is in the interest of the people of the State of California to implement all cost-effective and feasible energy efficiency measures in state facilities, in order to reduce the cost to taxpayers of maintaining state operations, to reduce air pollution resulting from energy generation, and to promote market development of new energy efficiency technologies.

SEC. 2. Chapter 2.8 (commencing with Section 15814.30) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 2.8. ENERGY EFFICIENCY IN PUBLIC BUILDINGS

15814.30. (a) All new public buildings for which construction begins after January 1, 1993, shall be models of energy efficiency and shall be designed, constructed, and equipped with all energy efficiency measures, materials, and devices that are feasible and cost-effective over the life of the building or the life of the energy efficiency measure, whichever is less.

(b) In determining which energy efficiency measures, materials, and devices are feasible and cost-effective over the life of the building, the State Architect and the Department of General Services shall consult with the State Energy Resources Conservation and Development Commission.

(c) For purposes of this section, "cost-effective" means that savings generated over the life of the building or the life of the energy efficiency measure, whichever is less, shall exceed the cost of purchasing and installing the energy efficiency measures, materials, or devices by not less than 10 percent.

15814.31. All existing public buildings, when renovated or remodeled, shall be retrofitted to meet the minimum standards, consistent with subdivision (d) of Section 2-5301 of Title 24 of the California Code of Regulations (California Building Code), established pursuant to Division 15 (commencing with Section 25000) of the Public Resources Code applicable to the building.

15814.32. (a) Any new public building for which construction begins after January 1, 1992, shall include meters or other technologies to measure the energy used at the building.

(b) The Department of General Services shall develop and submit to the Legislature on or before December 1, 1992, a plan under which energy use at existing individual public buildings can be identified accurately.

15814.33. On or before July 1, 1992, the Department of General Services, in conjunction with the State Energy Resources Conservation and Development Commission, shall do the following:

(a) Review the standard leases used by the state and shall adopt revisions to the standard leases which are designed to maximize energy savings in buildings leased by the state.

(b) Submit to the appropriate policy committees of the Legislature a report that identifies ways to improve energy efficiency in buildings leased by the state. The report shall assess the prevalence of revisions to state building leases during lease negotiations, which result in reduced energy savings or increased energy use and shall recommend ways to minimize these revisions.

15814.34. (a) The Legislature finds and declares all of the following:

(1) The state purchases a number of commodities, including, but not limited to, lighting fixtures, heating, ventilation and air-conditioning units, and copiers, that cumulatively account for a significant portion of the energy consumed by state operations.

(2) The state can realize significant energy savings and reduced energy costs by purchasing brands or models of commonly used commodities with low life cycle costs.

(3) Commodities necessary for state operations may be purchased directly by the state department or agency using the commodity, or may be purchased by the Department of General Services on behalf of other state departments or agencies.

(4) In order to increase energy efficiency and reduce costs to the taxpayers of the state, the state should make every reasonable effort to identify and purchase those commodities that have the lowest life cycle cost and meet the operational requirements of the state.

(b) The Department of General Services shall, on an ongoing basis, do all of the following:

(1) Identify commodities purchased by the department that, individually or on a statewide basis, consume a significant amount of energy.

(2) For each commodity identified pursuant to paragraph (1), determine the life cycle cost of the following:

(A) The brand or model of the commodity purchased by the department.

(B) The brand or model of the commodity that has the lowest life cycle cost, provided it is available for purchase by the state and meets all operational specifications of the state.

(3) Consult with the Energy Resources Conservation and Development Commission in the development and revision of one or more methods of determining the life cycle costs of commodities.

(c) In order to assist other agencies and departments in identifying commodities with the lowest life cycle costs, the Department of General Services shall distribute the following to all state agencies and departments:

(1) A list of those commodities with the lowest life cycle costs, as determined pursuant to paragraph (2) of subdivision (b).

(2) The method or methods used by the Department of General Services to determine the life cycle costs of commodities.

(d) The method or methods used by the Department of General Services to calculate the life cycle costs of commodities shall be designed to be easily understood and used by purchasing agents and other personnel in making purchasing decisions.

(e) Notwithstanding any other provision of law, all state agencies and departments shall purchase those commodities identified pursuant to subdivision (b) that have the lowest life cycle costs and that meet the applicable specifications, and shall make every reasonable effort to identify and purchase other commodities with the lowest life cycle costs.

(f) "Life cycle cost" for the purposes of this section, means the total cost of purchasing, installing, maintaining, and operating a device or system during its reasonably expected life. It includes, but is not necessarily limited to, capital costs, labor costs, energy costs, and operating and maintenance costs.

15814.35. The energy efficiency provisions of this chapter apply only to those public buildings in which energy costs exceed ten thousand dollars ($10,000) per year.

SEC. 3. Section 25402.1 of the Public Resources Code is amended to read:

25402.1. In order to implement the requirements of subdivisions (a) and (b) of Section 25402, the commission shall do all of the following:

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by residential and nonresidential buildings. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Establish a formal process for certification of compliance options for new products, materials, and calculation methods which provides for adequate technical and public review to ensure accurate, equitable, and timely evaluation of certification applications. Proponents filing applications for new products, materials, and calculation methods shall provide all information needed to evaluate the application that is required by the commission. The commission shall publish annually the results of its certification decisions and instructions to users and local building officials concerning requirements for showing compliance with the building standards for new products, materials, or calculation methods. The commission may charge and collect a reasonable fee from applicants to cover the costs under this subdivision. Any funds received by the commission for purposes of this subdivision shall be deposited in the Energy Resources Programs Account and, notwithstanding Section 13340 of the Government Code, are continuously appropriated to the commission for the purposes of this subdivision. Any unencumbered portion of funds collected as a fee for an application remaining in the Energy Resources Programs Account after completion of the certification process for that application shall be returned to the applicant within a reasonable period of time.

(c) Include a prescriptive method of complying with the standards, including design aids such as a manual, sample calculations, and model structural designs.

(d) Conduct a pilot project of field testing of actual residential buildings to calibrate and identify potential needed changes in the modeling assumptions to increase the accuracy of the public domain computer program specified in subdivision (a) and to evaluate the impacts of the standards, including, but not limited to, the energy savings, cost effectiveness, and the effects on indoor air quality. The pilot project shall be conducted pursuant to a contract entered into by the commission. The commission shall consult with the participants designated pursuant to Section 9202 of the Public Utilities Code to seek funding and support for field monitoring in

each public utility service territory, with the University of California to take advantage of its extensive building monitoring expertise, and with the California Building Industry Association to coordinate the involvement of builders and developers throughout the state. The pilot project shall include periodic public workshops to develop plans and review progress. The commission shall prepare and submit a report to the Legislature on progress and initial findings not later than December 31, 1988, and a final report on the results of the pilot project on residential buildings not later than June 30, 1990. The report shall include recommendations regarding the need and feasibility of conducting further monitoring of actual residential and nonresidential buildings. The report shall also identify any revisions to the public domain computer program and energy conservation standards if the pilot project determines that revisions are appropriate.

(e) Certify, not later than 180 days after approval of the standards by the State Building Standards Commission, an energy conservation manual for use by designers, builders, and contractors of residential and nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

(5) Instructions for use of the computer program for calculating energy consumption in residential and nonresidential buildings.

(6) The prescriptive method for use as an alternative to the computer program.

(f) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of those services.

(g) Subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant

thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department, unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to the building.

(2) Where there is no local building department, the commission shall enforce subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto, the commission may provide enforcement after furnishing 10 days' written notice to the local building department.

(4) A city, county, or city and county may, by ordinance or resolution, prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by that enforcement.

(5) No construction of any state building shall commence until the Department of General Services or the state agency that otherwise has jurisdiction over the property reviews the plans for the proposed building and certifies that the plans satisfy the minimum standards established pursuant to subdivision (a) or (b) of Chapter 2.8 (commencing with Section 15814.30) of Part 10b of Division 3 of Title 2 of the Government Code, Section 25402, and this section which are applicable to the building.

(h) Subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to those buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of city or county energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section, if the city or county files the basis of its determination that the standards are

cost effective with the commission and the commission finds that the standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections. If, after two or more years after the filing with the commission of the determination that those standards are cost effective, there has been a substantial change in the factual circumstances affecting the determination, upon application by any interested party, the city or county shall update and file a new basis of its determination that the standards are cost effective. The determination that the standards are cost effective shall be adopted by the governing body of the city or county at a public meeting. If, at the meeting on the matter, the governing body determines that the standards are no longer cost effective, the standards shall, as of that date, be unenforceable and no building permit or other entitlement shall be denied based on the noncompliance with the standards.

(i) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of the regulations.

(j) If a dispute arises between an applicant for a building permit, or the state pursuant to paragraph (5) of subdivision (g), and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(k) Nothing in Section 25130, 25131, or 25402, or in this section prevents enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to September 16, 1977.

SEC. 4. Notwithstanding Sections 13340 and 16361 of the Government Code, and to the extent permitted by federal law, the sum of forty thousand dollars ($40,000) of the money in the Federal Trust Fund, which is created by Section 16360 of the Government Code, received by the state from federal oil overcharge funds in the Petroleum Violation Escrow Account, as defined by Section 155 of the Further Continuing Appropriations Act of 1983 (P.L. 97-377) or other federal law, and from federal oil overcharge funds available pursuant to court judgments or federal agency orders, is hereby appropriated to the Department of General Services for review and revision of standard leases used by the state to maximize energy savings in state leased buildings and for a report to the Legislature identifying ways to improve energy efficiency in these buildings pursuant to Section 15814.33 of the Government Code.

SEC. 5. Funds appropriated for purposes of this act shall be

disbursed by the Controller, subject to approval by the Director of Finance as to which court judgment or federal agency order is the proper source of those funds.

CHAPTER 963

199.21. (a) Any person who negligently discloses results of an HIV test, as defined in Section 26, to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3 or any other statute that expressly provides an exemption to this section, shall be assessed a civil penalty in an amount not to exceed one thousand dollars ($1,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(b) Any person who willfully discloses the results of an HIV test, as defined in Section 26, to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3 or any other statute that expressly provides an exemption to this section, shall be assessed a civil penalty in an amount not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(c) Any person who willfully or negligently discloses the results of an HIV test, as defined in Section 26, to a third party, in a manner

which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3 or any other statute that expressly provides an exemption to this section, which results in economic, bodily, or psychological harm to the subject of the test, is guilty of a misdemeanor, punishable by imprisonment in the county jail for a period not to exceed one year or a fine of not to exceed ten thousand dollars ($10,000) or both.

(d) Any person who commits any act described in subdivision (a) or (b) shall be liable to the subject for all actual damages, including damages for economic, bodily, or psychological harm which is a proximate result of the act.

(e) Each disclosure made in violation of this chapter is a separate and actionable offense.

(f) Except as provided in Article 6.9 (commencing with Section 799) of Chapter 1 of Part 2 of the Insurance Code, the results of an HIV test, as defined in Section 26, which identifies or provides identifying characteristics of the person to whom the test results apply, shall not be used in any instance for the determination of insurability or suitability for employment.

(g) "Written authorization," as used in this section, applies only to the disclosure of test results by a person responsible for the care and treatment of the person subject to the test. Written authorization is required for each separate disclosure of the test results, and shall include to whom the disclosure would be made.

(h) Nothing in this section limits or expands the right of an injured subject to recover damages under any other applicable law. Nothing in this section shall impose civil liability or criminal sanction for disclosure of the results of tests performed on cadavers to public health authorities or tissue banks.

(i) Nothing in this section imposes liability or criminal sanction for disclosure of an HIV test, as defined in Section 26, in accordance with any reporting requirement for a diagnosed case of AIDS by the state department or the Centers for Disease Control under the United States Public Health Service.

This statistical summary shall not include the identity of individual donors or identifying characteristics which would identify individual donors.

(k) "Disclosed," as used in this section, means to disclose, release, transfer, disseminate, or otherwise communicate all or any part of any record orally, in writing, or by electronic means to any person or entity.

(*l*) When the results of an HIV test, as defined in Section 26, are included in the medical record of the patient who is the subject of the test, the inclusion is not a disclosure for purposes of this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program.

(e) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which

controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

CHAPTER 966

An act to amend Sections 54711, 54716, and 54718 of, and to add Section 54719 to, the Government Code, and to amend Sections 3114.3, 6616, 8671, 8831, 10102, 10110.1, 10427, 22501, 22525, 22530, 22569, and 22608 of, and to repeal Section 22608.1 of, the Streets and Highways Code, relating to assessments.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 54711 of the Government Code is amended to read:

54711. (a) No benefit assessment shall be levied pursuant to this chapter unless it meets all of the following requirements:

(1) The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service. Except as provided in subdivision (d) or (e) of Section 54715, in the case of a benefit assessment for flood control services, the benefit may be determined on the basis of the proportionate storm water runoff from each parcel. In the case of an assessment for the maintenance of streets, roads, or highways, the benefit may be in proportion to the estimated traffic volume to be generated by each parcel assessed, or any other reasonable basis as determined by the legislative body. In the case of an assessment to cure bond fund deficiencies pursuant to Section 54710.3, all parcels subject to the assessment may be assumed to benefit equally from the jurisdiction's improved ability to finance special benefit projects through assessments at lower cost, due to the added security provided by the assessment levied pursuant to this chapter.

(2) The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service, except that the legislative body may, by resolution, determine that the estimated cost of work authorized pursuant to subdivision (b) of Section 54710 is greater than can be conveniently raised from a single annual assessment and order that the estimated cost shall be raised by an assessment levied and collected in installments over a period not to exceed five fiscal years.

(3) The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied.

(b) This section does not limit or prohibit the levy or collection of any other fee, charge, or tax for the provision of services, except that a maintenance district formed pursuant to Chapter 7 (commencing with Section 1550) of Division 2 of the Streets and Highways Code may impose an assessment pursuant to this chapter only as an

alternative to imposing a property tax for the provision of street lighting services.

SEC. 2. Section 54716 of the Government Code is amended to read:

54716. (a) For the first fiscal year in which a benefit assessment is proposed to be imposed pursuant to this chapter, the legislative body shall cause a written report to be prepared and filed with the clerk of the local agency which shall contain all of the following information:

(1) A description of the service proposed to be financed through the revenue derived from the assessment.

Every covered vessel shall report to the marine exchange the vessel's name, call sign, location, course, speed, destination, estimated time of arrival, and any impairment to the operation or navigation of the vessel and shall maintain continuous radio monitoring or communication with the marine exchange on the radio channel dedicated to the vessel traffic service whenever the covered vessel is within the VTS area.

446.5. The Ports of Los Angeles and Long Beach may impose fees upon all covered vessels within the VTS area to pay the cost of operating the vessel traffic service.

447. The vessel traffic service shall be advisory in nature. Nothing in this article relieves, or is intended to relieve, any vessel, its owners, agents, charterers, operators, or other responsible or designated parties of command of the vessel or of any responsibilities they would otherwise have respecting the navigation and operation of any vessel. Each vessel within the VTS area shall be responsible for its safe navigation in accordance with the International Regulations for Preventing Collisions at Sea (1972) and any other international and local rules and regulations.

449.3. The marine exchange shall cooperate fully with the administrator appointed pursuant to Section 8670.4 of the Government Code in the development and implementation of the vessel traffic service system required by Section 8670.21 of the Government Code. Upon certification by the administrator that, pursuant to Section 8670.21, the Coast Guard has commenced operation of a vessel traffic service system for the Los Angeles/Long Beach harbor, the authorization contained in Section 445 for the marine exchange to operate a vessel traffic service is revoked.

449.5. (a) If the authorization for the marine exchange to operate its vessel traffic service is not revoked pursuant to Section 449.3 on or before July 1, 1993, and every two years thereafter, the marine exchange shall submit a complete description of the vessel traffic service to the administrator. After a public hearing, the administrator shall determine whether the elements and operation of the vessel traffic service are consistent with the harbor safety plan for the Los Angeles/Long Beach harbor developed pursuant to Section 8670.23 of the Government Code and the standards of a statewide vessel traffic service plan or system developed pursuant to Section 8670.21 of the Government Code.

(b) If, pursuant to subdivision (a), the administrator determines that the vessel traffic service is inconsistent with the harbor safety plan for the Los Angeles/Long Beach harbor developed pursuant to Section 8670.23 of the Government Code and the standards of a statewide vessel traffic service plan or vessel traffic monitoring and communications system developed pursuant to Section 8670.21 of the Government Code, the administrator shall issue an order to the marine exchange which specifies modifications to the vessel traffic service to eliminate the inconsistencies.

(c) If the marine exchange has not complied with an order within six months of issuance, then the administrator, after a public hearing, may take any or all of the following actions:

(1) Impose on the marine exchange an administrative fine of not more than five thousand dollars ($5,000) for each day the marine exchange does not comply with the administrator's order.

(2) Administratively revoke the authorization provided to the

marine exchange by Section 445 to operate the vessel traffic service.

(d) If authorization for the marine exchange to operate the vessel traffic service is revoked pursuant to this section, the administrator shall take any action that is necessary to expeditiously establish a vessel traffic service for Los Angeles/Long Beach harbor. The action may include the assessment of fees on vessels, port users, and ports, and make needed expenditures, as provided in subdivision (c) of Section 8670.21.

SEC. 3. The Legislature declares that, in enacting this act, and specifically in establishing the geographic limits of the vessel traffic system area as that relates to the reporting and communication requirements for covered vessels within that area, the Legislature intends to exercise the powers of the state to the fullest extent permitted by law.

If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 970

An act to add and repeal Section 61601.16 of the Government Code, relating to community services districts.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.16 is added to the Government Code, to read:

61601.16. (a) In addition to the powers which may be exercised pursuant to this chapter, the board of directors of a district in the County of Mendocino may, pursuant to Section 61601, exercise the powers and duties of a planning commission within the territorial jurisdiction of the district if authorized by the legislative body of the city or county pursuant to Section 65101. Notwithstanding any other provision of law, in the County of Mendocino, service as a member of the board of directors of a district shall not be considered incompatible with service as a member of a planning commission.

(b) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the County of Mendocino.

The facts constituting the special circumstances are:

In the County of Mendocino, there are several community services districts that serve areas which have special land use issues. In order to provide more local participation in land use planning and development decisions in these areas, the Board of Supervisors of the County of Mendocino may wish to appoint the members of the boards of directors of the community services districts to serve as area planning commissioners. However, service as both a member of the board of directors of a community service district and as a member of an area planning commission may be deemed incompatible and may lead to the forfeiture of the first office. In order to prevent the inadvertent forfeiture of offices by local officials in the County of Mendocino, the enactment of this statute is necessary.

The notice shall inform the person that a report will be used and the source of the report, and shall contain a box that the person may check off to receive a copy of the credit report. If the consumer indicates that he or she wishes to receive a copy of the report, the user shall request that a copy be provided to the person when the user requests its copy from the credit reporting agency. [Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) That postsecondary education serves an important public purpose by providing the knowledge and skills necessary for individuals to successfully participate in, and contribute to, today's complex society.

(2) In order to achieve that goal, it is necessary to provide broad educational opportunities for individuals who wish to attend postsecondary educational institutions.

(3) To make those opportunities available to individuals who, due to financial needs, might otherwise not be able to take advantage of those opportunities, it is in the public interest to provide need-based scholarships to those individuals.

(4) The preservation, enhancement, and restoration of natural resources are vital to maintain the high quality of life in this state.

(b) In enacting Section 5024 of the Vehicle Code, the Legislature is establishing a collegiate license plate program, which will allow all California accredited postsecondary educational institutions to participate in a program involving the issuance of special commemorative license plates. The money received through this voluntary program, after deducting all costs to the state, will be held in trust and used only for providing need-based postsecondary education scholarships and for the protection and preservation of the environment. Thus, the program will provide broad benefits to the people of this state at no cost to the taxpayers since the money for the entire program is voluntarily contributed.

SEC. 2. Section 5024 is added to the Vehicle Code, to read:

5024. (a) Any person described in Section 5101 may also apply for a set of commemorative collegiate reflectorized license plates, and the department shall issue those special license plates in lieu of the regular license plates. (b) Any public or private postsecondary educational institution in the state, which is accredited or has been accepted as a recognized candidate for accreditation by the Western Association of Schools and Colleges, may indicate to the department its decision to be included in the commemorative collegiate license plate program and submit its distinctive design for the logotype, motto, symbol, or other design. However, no public or private postsecondary educational institution may be included in the program until not less than 5,000 applications are received for license plates containing that institution's logotype, motto, symbol, or other design. Each participating institution shall collect and hold applications for collegiate license plates until it has received at least 5,000 applications. Once the institution has received at least 5,000 applications, it shall submit the applications, along with the necessary fees, to the department. Upon receiving the first application, the institution shall have one calendar year to receive the remaining required applications. If, after that one calendar year, 5,000 applications have not been received, the institution shall refund to all applicants any fees or deposits which have been collected. The requisite number of applications may only be submitted to the department by March 31 of any given calendar year.

(c) In addition to the regular fees for an original registration, a renewal of registration, or a transfer of registration, the following commemorative collegiate license plate fees shall be paid:

(1) Fifty dollars ($50) for the initial issuance of the plates. These plates shall be permanent and shall not be required to be replaced.

(2) Forty dollars ($40) for each renewal of registration which includes the continued display of the plates.

(3) Fifteen dollars ($15) for transfer of the plates to another vehicle.

(4) Thirty-five dollars ($35) for replacement plates, if the plates become damaged or unserviceable.

(d) When payment of renewal fees is not required as specified in Section 4000, or when the person determines to retain the commemorative collegiate license plates upon sale, trade, or other release of the vehicle upon which the plates have been displayed, the person shall notify the department and the person may retain the plates.

(e) Of the revenue derived from the additional special fees provided in this section, less costs incurred by the department pursuant to this section, one-half shall be deposited in the California Collegiate License Plate Fund, which is hereby created, and one-half shall be deposited in the Resources License Plate Fund, which is hereby created.

(f) The money in the California Collegiate License Plate Fund is, notwithstanding Section 13340 of the Government Code, continuously appropriated to the Controller for allocation as follows:

(1) To the governing body of participating public institutions in the proportion that funds are collected on behalf of each, to be used for need-based scholarships, distributed according to federal student aid guidelines.

(2) With respect to funds collected on behalf of accredited nonprofit, private, and independent colleges and universities in the state, to the California Student Aid Commission for grants to students at those institutions, in the proportion that funds are collected on behalf of each institution, who demonstrate eligibility and need in accordance with the California Educational Opportunity Grant program pursuant to Article 3 (commencing with Section 69530) of Chapter 2 of Part 42 of Division 5 of Title 2 of the Education Code, but who did not receive an award based on a listing prepared by the California Student Aid Commission.

(g) The scholarships and grants shall be awarded without regard to race, religion, creed, sex, or age.

(h) The money in the Resources License Plate Fund is available, upon appropriation, for the purposes of natural resources preservation, enhancement, and restoration.

A warrant, check, or electronic fund transfer is not valid until it is signed or authorized, numbered, and recorded by the county auditor, except as provided in subdivision (c).

(b) Any person entitled to the receipt of benefits may authorize the payment of the benefits to be directly deposited by electronic

fund transfer into the person's account at the financial institution of the person's choice under a program for direct deposit by electronic transfer established by the treasurer. The direct deposit shall discharge the system's obligation in respect to that payment.

(d) This section shall become operative January 1, 1996.

SEC. 20. Section 17537.2 of the Business and Professions Code is amended to read:

17537.2. The following, when used as part of an advertising plan or program defined in Section 17537.1, are deceptive and constitute unfair trade practices:

(a) When, in order to utilize the incentive, the recipient is requested to pay any money to any person or entity named or referred to in the offer, or to purchase, rent, or otherwise pay that person or entity for any product or service including a deposit, whether returnable or not, whether payment is for an item, a service, shipping, handling, insurance or payment for anything.

Notwithstanding the preceding paragraph, when the offered incentive is a certificate or coupon redeemable for transportation, accommodations, recreation, vacation, entertainment, or like services, the offer may place a condition on the use of the incentive which requires the recipient to pay directly to the transportation company, the accommodation, recreation, vacation or entertainment facility, or similar direct provider of like services, a refundable deposit, not to exceed fifty dollars ($50), to reserve space

availability or admission, only if the deposit shall be returned in United States dollars immediately upon the recipient's arrival at the location of the provider to whom the recipient paid the deposit. If the incentive is such a certificate or coupon, and if government-imposed taxes directly related to the service being provided are not included in the incentive, the offer itself, in close proximity to the description of the incentive which is evidenced by the certificate or coupon, shall disclose those government-imposed taxes which will be the recipient's responsibility and the approximate dollar amount of those taxes. A deposit from the recipient may be collected to cover the cost of those government-imposed taxes.

(b) Stating or implying in the offer that the recipient is one of a selected group to receive a particular incentive or one or more of a group of incentives, without clearly and conspicuously disclosing in close proximity to the statement or implied statement of selection the total number of persons in that select group or the odds of receiving the incentive or incentives. Statements of selection which require such disclosure include such phrases as "you are a finalist," "we are sending this to a limited number of people," "either you or another named person has won the major prize," "if you do not respond, your incentive will be given to someone else."

(c) Stating or implying in the offer that the recipient is likely to receive one or more of the offered incentives because other named people have already received other named incentives, unless the offer clearly and conspicuously discloses in close proximity to the statement the recipient's odds of receiving the identified incentive.

(d) When the solicitation states or implies that the recipient is likely to receive an incentive which has a normal retail price which is higher than that of another named incentive unless that statement is true. For purposes of this section, a list of incentives implies that the incentives are in descending or ascending order of value unless the solicitation clearly and conspicuously negates the implication in close proximity to the list.

(e) Describing an incentive or incentives in an untrue or misleading manner. Untrue or misleading descriptions include those which imply that the incentive being offered is of greater fair market value or of a different kind or nature than a recipient would be led to believe from a reasonable reading of the offer, or which lists the recipient's name in close proximity to a specific incentive unless the offer clearly and conspicuously discloses immediately next to or immediately under or above the recipient's name the recipient's odds of receiving the specific incentive.

(f) Subdivision (a) shall not apply to an incentive constituting an opportunity to stay at a hotel or other resort accommodations at a discount from the standard rate for the hotel or resort accommodations, if all of the following conditions are met:

(1) The fee to utilize the incentive and the requirement, if any, to attend a sales presentation are clearly and conspicuously disclosed in close proximity to the description of the offered incentive.

(2) The accommodations to be occupied by the recipient of the incentive are within the boundaries of the property on which the accommodations offered for sale are located.

(3) The incentive is not offered in conjunction with any other incentive or incentives or as one or more of a group of incentives.

CHAPTER 984

An act to amend Sections 46010 and 46010.5 of, and to add Sections 2550.3, 2550.4, 42238.7, 42238.8, and 46010.2 to, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby recognizes the existing link between attendance and the amount of apportionment revenue earned by schools. The Legislature also recognizes that the current funding system for average daily attendance encourages schools to classify questionable absences as apportionment absences because of the otherwise potential loss in revenue.

The Legislature recognizes that frequent absence from school, excused or unexcused, has an adverse effect on a pupil's learning ability because pupils not only fall behind in their studies and miss concepts and relationships that are critical to understanding any subject, they also miss important socialization experiences. The Legislature also recognizes that when absentees return to school, they require more individual attention from their teachers, thus depriving regular attendees of the teachers' full attention. The Legislature, however, does recognize that there are legitimate reasons for absences, as listed in Sections 46010 and 48205 of the Education Code.

The Legislature advocates a simplified attendance accounting system for calculating apportionments that would motivate schools and districts to develop and implement programs and strategies that would increase actual pupil attendance for apportionment and pupil achievement purposes. The Legislature recognizes that a simplified system for attendance accounting and bookkeeping procedures would make time available for attendance personnel to implement incentive strategies for improving attendance.

The Legislature further recognizes that poor school attendance is the most frequently identified characteristic of pupils who are potential dropouts. The Legislature also recognizes that, statistically, pupils leaving school prior to graduation face higher unemployment rates and lower wages and earnings than other workers, are more likely to require public assistance, and are more susceptible to

engaging in criminal activity.

It is the intent of the Legislature to encourage school districts and county offices of education to develop and implement strategies and activities that emphasize the importance of school attendance and that encourage pupils to attend school regularly. It is also the intent of the Legislature to encourage school districts to use an attendance accounting procedure that promotes accountability and the most efficient and effective use of public funds. It is also the intent of the Legislature, in enacting this act, to offer an alternative definition of average daily attendance, using actual attendance and a one-time modification of base revenue limits for the purpose of determining base revenue limits only, and actual attendance plus a factor representing each district's base year rate of apportionable excused absences for all other purposes, thereby offering the option of avoiding the current verification of absence process for apportionment purposes.

SEC. 2. Section 2550.3 is added to the Education Code, to read:

2550.3. Each county superintendent of schools, as a condition of apportionment, shall report separately to the Superintendent of Public Instruction, not later than July 1, 1992, the actual attendance and apportionable absences for the schools maintained by the county superintendent for each full school month in the 1990–91 school year.

Each report shall be prepared in accordance with instructions and on forms prescribed by the Superintendent of Public Instruction.

SEC. 3. Section 2550.4 is added to the Education Code, to read:

2550.4. Commencing January 1, 1993, any county office of education may request the Superintendent of Public Instruction to make a one-time base revenue limit adjustment for the next fiscal year, provided that the request is made before April 15 preceding the fiscal year for which the adjustment is to be made. In response to each request, the Superintendent of Public Instruction shall, subject to the approval of the Director of Finance, make a one-time adjustment to the base revenue limit of each county office of education for those programs which, prior to the adjustment year, were authorized in subdivision (b) of Section 46010 and in Section 46010.5 to report certain absences for apportionment credit. Those one-time adjustments shall apply for the fiscal year for which the request for adjustment was made, and for each fiscal year thereafter, but not for any prior year, and shall be accomplished by revision of the prior fiscal year base revenue limits calculated for those programs, as follows:

(a) Determine revised base revenue limits for the fiscal year prior to the first year of adjustment for each of the programs. Each revised base revenue limit shall equal funding received for the program for that prior fiscal year that is directly attributable to the original base revenue limit for that program, divided by the actual attendance for that program in that prior fiscal year.

(b) If the actual attendance as a percentage of the program's total apportionment attendance in that prior fiscal year is lower than the

corresponding statewide average percentage in the 1990–91 school year for programs of the same type, the divisor shall be the product of the program's total apportionment attendance in the prior year, multiplied by the statewide average percentage of actual attendance for those programs in 1990–91.

SEC. 4. Section 42238.7 is added to the Education Code, to read:

42238.7. The governing board of each school district, as a condition of apportionment, shall report separately to the Superintendent of Public Instruction, not later than July 1, 1992, the actual attendance and apportionable absences for the schools maintained by the district for each full school month in the 1990–91 school year.

Each report shall be prepared in accordance with instructions and on forms prescribed by the Superintendent of Public Instruction.

SEC. 5. Section 42238.8 is added to the Education Code, to read:

42238.8. Commencing January 1, 1993, any school district may request the Superintendent of Public Instruction to make a one-time base revenue limit adjustment for the next fiscal year, provided that the request is made before April 15 preceding the fiscal year for which the adjustment is to be made. In response to each request, the Superintendent of Public Instruction shall, subject to the approval of the Director of Finance, make a one-time adjustment to the base revenue limit of each school district. That one-time adjustment shall apply for the fiscal year for which the request for adjustment was made, and for each fiscal year thereafter, but not for any prior year, and shall be accomplished by revision of the prior fiscal year base revenue limit calculated for each school district, as follows:

(a) Determine a revised base revenue limit for the fiscal year prior to the first year of adjustment for each school district. That revised base revenue limit shall equal the amount of funding received by the school district for that prior fiscal year that is directly attributable to the original base revenue limit for the district, divided by the actual attendance for that district in that prior fiscal year.

(b) If the actual attendance as a percentage of the district's total apportionment attendance in that prior year is lower than the corresponding statewide average percentage for elementary school districts, high school districts, or unified school districts, as applicable to the requesting district, in the 1990–91 school year, the divisor shall be the product of the district's total apportionment attendance in the prior year, multiplied by the statewide average percentage of actual attendance for districts of the same type in 1990–91.

SEC. 6. Section 46010 of the Education Code is amended to read:

46010. (a) The total days of attendance of a pupil upon the schools and classes maintained by a school district, or schools or classes maintained by the county superintendent of schools during the fiscal year shall be the number of days school was actually taught for not less than the minimum schooldays during the fiscal year less the sum of his absences.

(b) The absence of a pupil from school or class shall be excused

for the purposes of Section 48260 and shall not, in any county office of education or school district that has not had its base revenue limit adjusted pursuant to Section 2550.4 or Section 42238.8, respectively, be deemed an absence in computing the attendance of a pupil if that absence was:

(1) Due to his or her illness.

(2) Due to quarantine under the direction of a county or city health officer.

(3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered.

(4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

(5) For the purpose of jury duty in the manner provided for by law.

(6) Due to exclusion from school pursuant to Section 3381 of the Health and Safety Code, so long as the absence is not more than five schooldays pursuant to Section 46010.5.

"Immediate family," as used in this subdivision, has the same meaning as that set forth in Section 45194 except that references therein to "employee" shall be deemed to be references to "pupil."

The provisions of this subdivision shall not apply in the case of pupils attending summer school, adult schools, and classes, or regional occupational centers and programs other than pupils concurrently enrolled in a regular high school program and a regional occupational center or program.

SEC. 7. Section 46010.2 is added to the Education Code, to read:

46010.2. In county offices of education and school districts that have had their base revenue limits adjusted pursuant to Section 2550.4 or Section 42238.8, respectively, the following shall apply:

(a) For the purpose of determining "increases in enrollment" pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution, as required by paragraph (e) of subdivision (2) of Section 41204, the total days of attendance by pupils in schools and classes maintained by a county office of education or school district shall, in the school year that their one-time base revenue limit adjustment is made pursuant to Section 2550.4 or 42238.8, respectively, be separately calculated both as if subdivision (b) of Section 46010 did and did not apply to them. The amount resulting from the application of subdivision (b) of Section 46010 shall be used in comparison with the year prior to the one-time base revenue limit adjustment only. The amount calculated without applying subdivision (b) of Section 46010 shall be used in comparison with the year subsequent to the one-time revenue limit adjustment.

(b) For all other purposes than determining base revenue limit apportionments and increases in enrollment as provided in subdivision (a), the total days of attendance by pupils in schools and classes maintained by a county office of education or school district

shall first be calculated according to subdivision (a) of Section 46010, and then increased by the same percentage of apportionable absences authorized pursuant to subdivision (b) of Section 46010 for that county office of education or school district in the 1990-91 school year. This amount shall not exceed the corresponding statewide average in that year, for county offices of education or elementary school districts, high school districts, or unified school districts, as applicable, of the number of days of attendance by pupils in the 1990-91 school year, calculated as provided in subdivision (a) of Section 46010.

SEC. 8. Section 46010.5 of the Education Code is amended to read:

46010.5. The county office of education or the governing board of the school district of attendance shall exclude any pupil who has not been immunized properly pursuant to Chapter 7 (commencing with Section 3380) of Division 4 of the Health and Safety Code. In any county office of education or school district that has not had its base revenue limit adjusted pursuant to Section 2550.4 or Section 42238.8, respectively, the first five schooldays of the exclusion shall not be deemed an absence in computing average daily attendance if the following conditions are complied with:

(a) The governing board of the district notifies the parent or guardian of the pupil that they have two weeks to supply evidence either that the pupil has been properly immunized, or that the pupil is exempted from the immunization requirement pursuant to Section 3385 or Section 3386 of the Health and Safety Code.

(b) The governing board of the district, in that notice, refers the parent or guardian of the pupil to the pupil's usual source of medical care to obtain the immunization, or if no usual source exists, either refers the parent or guardian to the county health department, or notifies the parent that the immunizations will be administered at a school of the district.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 10. The sum of forty-five thousand dollars ($45,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for administrative costs associated with the implementation of the alternative attendance accounting system required by this act.

SEC. 11. Prior to January 1, 1993, the State Department of Education shall review and prepare findings regarding the potential impact of this act upon the distribution of lottery funds to educational entities, the equalization of funding between school districts, and the distribution and amount of funding pursuant to Section 8 of Article XVI of the California Constitution. The department shall report the findings to the Director of Finance for his or her guidance in exercising the approval authority granted to him or her in Sections 2550.4 and 42238.8 of the Education Code, pursuant to Sections 3 and 5 of this act.

CHAPTER 985

An act to amend Sections 1570.2, 1570.7, and 1580 of the Health and Safety Code, and to amend Sections 14521 and 14529 of the Welfare and Institutions Code, relating to adult day health care.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1570.2 of the Health and Safety Code is amended to read:

1570.2. The Legislature hereby finds and declares that there exists a pattern of overutilization of long-term institutional care for elderly persons , and that there is an urgent need to establish and to continue a community-based system of quality adult day health care which will enable elderly persons to maintain maximum independence. While recognizing that there continues to be a substantial need for facilities providing custodial care, overreliance on this type of care has proven to be a costly panacea in both financial and human terms, often traumatic, and destructive of continuing family relationships and the capacity for independent living.

It is, therefore, the intent of the Legislature in enacting this chapter and related provisions to provide for the development of policies and programs which will accomplish the following:

(a) Assure that elderly persons are not institutionalized inappropriately or prematurely.

(b) Provide a viable alternative to institutionalization for those elderly persons who are capable of living at home with the aid of appropriate health care or rehabilitative and social services.

(c) Establish adult day health centers in the community for this purpose, which will be easily accessible to all participants, including the economically disadvantaged elderly person, and which will provide outpatient health, rehabilitative, and social services necessary to permit the participants to maintain personal independence and lead meaningful lives.

(d) Include the services of adult day health centers as a benefit under the Medi-Cal Act, which shall be an initial and integral part in the development of an overall plan for a coordinated, comprehensive continuum of optional long-term care services based upon appropriate need.

(e) Establish a rural alternative adult day health care program which is designed to meet the special needs and requirements of rural areas to enable the implementation of subdivisions (a) through (d), inclusive, for all Californians in need of those services.

SEC. 2. Section 1570.7 of the Health and Safety Code is amended to read:

1570.7. As used in this chapter:

(a) "Adult day health care" means an organized day program of therapeutic, social, and health activities and services provided pursuant to this chapter to elderly persons with functional impairments, either physical or mental, for the purpose of restoring or maintaining optimal capacity for self-care. Provided on a short-term basis, adult day health care serves as a transition from a health facility or home health program to personal independence. Provided on a long-term basis, it serves as an option to institutionalization in long-term health care facilities, when 24-hour skilled nursing care is not medically necessary or viewed as desirable by the recipient or his or her family.

(b) "Adult day health center" or "adult day health care center" means a licensed and certified facility which provides adult day health care.

(c) "Elderly" or "older person" means a person 55 years of age or older, but also includes other persons who are chronically ill or impaired and who would benefit from adult day health care.

(d) "Individualized plan of care" means a plan designed to provide recipients of adult health care with appropriate treatment in accordance with the assessed needs of each individual.

(e) "License" means a basic permit to operate an adult day health center. With respect to a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), "license" means a special permit, as defined by Section 1251.5, empowering the health facility to provide adult day health care services.

(f) "Maintenance program" means procedures and exercises that are provided to a participant, pursuant to Section 1580, in order to generally maintain existing function. These procedures and exercises are planned by a licensed or certified therapist and are provided by a person who has been trained by a licensed or certified therapist and who is directly supervised by a nurse or by a licensed or certified therapist.

(g) "Planning council" or "council" means an adult day health care planning council established pursuant to Section 1572.5.

(h) "Restorative therapy" means physical, occupational, and speech therapy, and psychiatric and psychological services, that are planned and provided by a licensed or certified therapist. The

therapy and services may also be provided by an assistant or aide under the appropriate supervision of a licensed therapist, as determined by the licensed therapist. The therapy and services are provided to restore function, when there is an expectation that the condition will improve significantly in a reasonable period of time, as determined by the multidisciplinary assessment team.

(i) "State review committee" or "committee" means the Long-Term Care Committee established pursuant to Section 1572.

(j) "Department" or "state department" means the Department of Aging or the State Department of Health Services as specified in the interagency agreement between the two departments.

SEC. 3. Section 1580 of the Health and Safety Code is amended to read:

1580. The state department shall adopt and may from time to time amend or repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the reasonable rules and regulations as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the state department to exercise the powers and perform the duties conferred upon it by this chapter, not inconsistent with any statute of this state. The regulations shall prescribe standards of safety and sanitation for the physical plant of adult day health centers and standards for the quality of adult day health care services, including, but not limited to, staffing with duly qualified personnel and average daily staffing requirements. For the purposes of computing average daily attendance staffing requirements, maintenance programs for elderly persons shall, as of January 1, 1992, be included in the calculation for monthly total hours of services provided. In adopting the regulations, the state department shall take into account the physical and mental capabilities and needs of the persons to be served, and consideration shall be given to flexible application of safety and sanitation standards, if necessary, to be consistent with the legislative intent of establishing adult day health care programs in locations easily accessible to economically disadvantaged older persons. Program standards contained in regulations adopted pursuant to this section shall be those specified in Chapter 8.7 (commencing with Section 14520) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 4. Section 14521 of the Welfare and Institutions Code is amended to read:

14521. It is the intent of the Legislature in enacting this chapter to establish adult day health care as a Medi-Cal benefit and allow persons eligible to receive the benefits under Chapter 7 (commencing with Section 14000) of this part, and who have medical or psychiatric impairments, to receive adult day health care services. It is the intent of the Legislature in authorizing this Medi-Cal benefit to establish and continue a community-based system of quality day health services which will (1) ensure that elderly persons not be institutionalized prematurely and inappropriately, (2) provide

appropriate health and social services designed to maintain elderly persons in their own homes, (3) establish adult day health centers in locations easily accessible to the economically disadvantaged elderly person , and (4) encourage the establishment of rural alternative adult day health care centers which are designed to make adult day health care accessible to impaired Californians living in rural areas.

SEC. 5. Section 14529 of the Welfare and Institutions Code is amended to read:

14529. (a) The multidisciplinary health team conducting an assessment shall consist of at least the individual's personal physician or a staff physician, or both, a registered nurse, and a social worker.

(b) For the initial assessment, the multidisciplinary health team shall also include a physical therapist and an occupational therapist. In addition, when the need is identified by a physician or nurse, qualified consultants with skills in recreational therapy, speech language pathology, or dietary assessment shall serve as team members.

(c) The multidisciplinary team described in subdivision (b) shall conduct an initial assessment. At the time of reassessment, if an individual plan of care has been developed by the physical therapist or the occupational therapist, they shall reassess the participant to determine any ongoing or different needs for physical therapy or occupational therapy services. If it is determined that no further physical therapy or occupational therapy is needed, the physical therapist and the occupational therapist shall not be required to sign the treatment plan. For further reassessments, the nurse or physician shall determine if the physical therapist or occupational therapist is needed.

(d) The assessment team shall:

(1) Determine the medical, psychosocial, and functional status of each participant.

(2) Develop an individualized plan of care, including goals, objectives, and services designed to meet the needs of the person, which shall be signed by each member of the multidisciplinary team, except that the signature of only one physician member of the team shall be required.

(3) At least biannually reassess the participant's individualized plan care and make any necessary adjustments to the plan.

(4) If the initial assessment or any subsequent reassessment shows that restorative therapy is needed, acute rehabilitative treatment shall be provided by the appropriate licensed or certified personnel.

(5) If the initial assessment or any subsequent reassessment shows that restorative therapy is not needed, the multidisciplinary team shall determine whether the participant requires maintenance program services and if the team finds that the participant requires these services, the multidisciplinary team shall develop an individual maintenance program as part of the plan of care.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 986

An act to amend Sections 1067.07, 1067.08, 1067.09, 1067.10, 1067.12, and 1067.17 of, and to add Articles 10.5 (commencing with Section 930) and 15.5 (commencing with Section 1077) to Chapter 1 of Part 2 of Division 1 of, the Insurance Code, relating to insurance.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

930. The provisions of this article shall apply to all domestic, foreign, and alien insurers doing business in this state.

The information filed with the National Association of Insurance Commissioners shall be in the same format and scope as that required by the commissioner and shall include the signed jurat page and the actuarial certification. Any amendments and addendums to the annual statement filing subsequently filed with the commissioner shall also be filed with the National Association of Insurance Commissioners.

(b) Foreign insurers that are domiciled in a state which has a law substantially similar to subdivision (a) of this section shall be deemed in compliance with this section.

932. In the absence of actual malice, members of the National Association of Insurance Commissioners, their duly authorized committees, subcommittees, and task forces, their delegates, National Association of Insurance Commissioners' employees, and all

others charged with the responsibility of collecting, reviewing, analyzing, and disseminating the information developed from the filing of the annual statement convention blanks shall be acting as agents of the commissioner under the authority of this article and shall not be subject to civil liability for libel, slander, or any other cause of action by virtue of their collection, review, and analysis or dissemination of the data and information collected from the filings required herein.

933. All financial analysis ratios and examination synopses concerning insurers that are submitted to the department by the National Association of Insurance Commissioners' Insurance Regulatory Information System are confidential and may not be disclosed by the department.

934. The commissioner may suspend, revoke, or refuse to renew the certificate of authority of any insurer failing to file its annual statement with the National Association of Insurance Commissioners when due or within any extension of time which the commissioner, for good cause, may grant.

SEC. 2. Section 1067.07 of the Insurance Code is amended to read:

1067.07. (a) If a member insurer is an impaired domestic insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer, that are approved by the commissioner, and that are, except in cases of court-ordered conservation or rehabilitation, also approved by the impaired insurer, do any of the following:

(1) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer.

(2) Provide moneys, pledges, notes, guarantees, or other means proper to effectuate paragraph (1) and assure payment of the contractual obligations of the impaired insurer pending action under paragraph (1).

(3) Loan money to the impaired insurer.

(b) (1) If a member insurer is an impaired insurer, whether domestic, foreign, or alien, and the insurer is not paying claims timely, then subject to the preconditions specified in paragraph (2), the association shall, in its discretion, either:

(A) Take any of the actions specified in subdivision (a), subject to the conditions therein.

(B) Provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition therefor under claims of emergency or hardship in accordance with standards proposed by the association and approved by the commissioner.

(2) The association shall be subject to the requirements of paragraph (1) only if subparagraphs (A) and (B) apply:

(A) The laws of its state of domicile provide that until all payments of or on account of the impaired insurer's contractual obligations by all guaranty associations, along with all expenses thereof and interest on all of those payments and expenses, shall have been repaid to the guaranty associations or a plan of repayment by the impaired insurer shall have been approved by the guaranty associations, all of the following apply:

(i) The delinquency proceeding shall not be dismissed.

(ii) Neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management.

(iii) It shall not be permitted to solicit or accept new business or have any suspended or revoked license restored.

(B) Either clause (i) or (ii) applies:

(i) The impaired insurer is a domestic insurer, and it has been placed under an order of rehabilitation by a court of competent jurisdiction in this state.

(ii) The impaired insurer is a foreign or alien insurer, and all of the following apply:

(I) It has been prohibited from soliciting or accepting new business in this state.

(II) Its certificate of authority has been suspended or revoked in this state.

(III) A petition for rehabilitation or liquidation has been filed in a court of competent jurisdiction in its state of domicile by the commissioner of the state.

(c) If a member insurer is an insolvent insurer, the association shall, in its discretion, either do those things described in paragraph (1) or in paragraph (2):

(1) (A) Guaranty, assume, or reinsure, or cause to be guaranteed, assumed or reinsured, the policies or contracts of the insolvent insurer; or

(B) Assure payment of the contractual obligations of the insolvent insurer; and

(C) Provide those moneys, pledges, guarantees, or other means as are reasonably necessary to discharge the duties.

(2) With respect only to life insurance policies, provide benefits and coverages in accordance with subdivision (d).

(d) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b), or paragraph (2) of subdivision (c), the association shall, with respect to only life insurance policies:

(1) Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer, for claims incurred:

(A) With respect to group policies, not later than the earlier of the next renewal date under the policies or contracts or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to the policies.

(B) With respect to individual policies, not later than the earlier

of the next renewal date, if any, under the policies or one year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to such policies.

(2) Make diligent efforts to provide all known insureds or group policyholders, with respect to group policies, 30 days notice of the termination of the benefits provided.

(3) With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of paragraph (4), if the insureds had a right under law of the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(4) (A) In providing the substitute coverage required under paragraph (3), the association may offer either to reissue the terminated coverage or to issue an alternative policy.

(B) Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(C) The association may reinsure any alternative or reissued policy.

(5) (A) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(C) Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(6) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner or by a court of competent jurisdiction.

(7) The association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued

or alternative policy shall cease on the date that coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(e) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b) or under subdivision (c) with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with subparagraph (C) of paragraph (2) of subdivision (b) of Section 1067.02.

(f) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the association's obligations under the policy or coverage under this article with respect to that policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this article.

(g) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners arising after the entry of that order.

(h) The protection provided by this article shall not apply where any guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(i) In carrying out its duties under subdivisions (b) and (c), the association may, subject to approval by the court, do either of the following:

(1) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the association's duties under this article, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of the permanent policy or contract liens, to be in the public interest.

(2) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(j) If the association fails to act within a reasonable period of time as provided in subparagraph (B) of paragraph (1) of subdivision (b), and subdivisions (c) and (d), the commissioner shall have the powers and duties of the association under this article with respect to impaired or insolvent insurers.

(k) The association may render assistance and advice to the commissioner, upon his or her request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(*l*) The association shall have standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this article. That standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation of the insurer's policyholders.

(m) (1) Any person receiving benefits under this article shall be deemed to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of this article, whether the benefits are payments of or on account of contractual obligations, continuation of coverage or provision of substitute or alternative coverages. The association may require an assignment to it of those rights and cause of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this article upon that person.

(2) The subrogation rights of the association under this subdivision shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this article.

(3) In addition to paragraphs (1) and (2), the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to such policy or contracts.

(n) The association may do any of the following:

(1) Enter into contracts necessary or proper to carry out the provisions and purposes of this article.

(2) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under Section 1067.08 and to settle claims or potential claims against it.

(3) Borrow money to effect the purposes of this article. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets.

(4) Employ or retain an executive director and other persons necessary to handle the financial transactions of the association, and to perform other functions necessary or proper under this article provided that the executive director shall be subject to the approval of the commissioner.

(5) Take legal action necessary to avoid payment of improper

claims.

(6) Exercise, for the purposes of this article and to the extent approved by the commissioner, the powers of a domestic life insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under this article.

(o) The association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

SEC. 3. Section 1067.08 of the Insurance Code is amended to read:

1067.08. (a) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than 30 days after prior written notice to the member insurers and shall accrue interest at 10 percent per annum on and after the due date.

(b) There shall be two assessments, as follows:

(1) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of subdivision (e) of Section 1067.11. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under Section 1067.07 with regard to an impaired or an insolvent insurer.

(c) (1) The amount of any class A assessment shall be determined by the board and may be made on a pro rata or non-pro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. A non-pro rata assessment shall not exceed two hundred fifty dollars ($250) per member insurer in any one calendar year. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(2) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for those calendar years by all assessed member insurers.

(3) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this article.

Classification of assessments under subdivision (b) and computation of assessments under this subdivision shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(d) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which that assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(e) (1) The total of all assessments upon a member insurer for either account shall not in any one calendar year exceed one percent of the insurer's average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

(2) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(f) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

(g) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this article, to consider the amount reasonably necessary to meet its assessment obligations under this article.

(h) The association shall issue to each insurer paying an assessment under this article, other than class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or date of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in the form and for the

amount, if any, and period of time as the commissioner may approve.

SEC. 4. Section 1067.09 of the Insurance Code is amended to read:

1067.09. (a) (1) The association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon the commissioner's written approval or unless he or she has not disapproved it within 30 days.

(2) If the association fails to submit a suitable plan of operation within 120 days following the effective date of this article or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate those reasonable rules necessary or advisable to effectuate the provisions of this article. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(b) All member insurers shall comply with the plan of operation.

(c) The plan of operation shall, in addition to requirements enumerated elsewhere in this article, do all of the following:

(1) Establish procedures for handling the assets of the association.

(2) Establish the amount and method of reimbursing members of the board of directors under Section 1067.06.

(3) Establish regular places and times for meetings including telephone conference calls of the board of directors.

(4) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors.

(5) Establish the procedures whereby selections for the board of directors will be made and submitted to the commissioner.

(6) Establish any additional procedures for assessments under Section 1067.08.

(7) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(d) The plan of operation may provide that any or all powers and duties of the association, except those under paragraph (3) of subdivision (n) of Section 1067.07 and Section 1067.08, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. That corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this subdivision shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this article.

SEC. 5. Section 1067.10 of the Insurance Code is amended to

read:

1067.10. In addition to the duties and powers enumerated elsewhere in this article:

(a) The commissioner shall:

(1) Upon request of the board of directors, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer.

(2) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time; notice to the impaired insurer shall constitute notice to its shareholders, if any; the failure of the insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this article.

(3) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator.

(b) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. The forfeiture shall not exceed 5 percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars ($100) per month.

(c) Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if the appeal is taken within 60 days of the final action being appealed. If a member company is appealing an assessment, the amount assessed shall be paid to the association and available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction.

(d) The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of this article.

SEC. 6. Section 1067.12 of the Insurance Code is amended to read:

1067.12. (a) Nothing in this article shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(b) Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under Section 1067.07. Records of the negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent

jurisdiction. Nothing in this subdivision shall limit the duty of the association to render a report of its activities under Section 1067.13.

(c) For the purpose of carrying out its obligations under this article, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to Section 1067.07. Assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this article. Assets attributable to covered policies, as used in this subdivision, are that proportion of the assets which the reserves that should have been established for such policies bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(d) (1) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, and policyowners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the insolvent insurer. In the determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(2) No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under Section 1067.07 with respect to the insurer have been fully recovered by the association.

(e) (1) If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under the order shall have a right to recover on behalf of the insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (2) to (4), inclusive.

(2) No such distribution shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) Any person who was an affiliate that controlled the insurer at the time the distributions were paid shall be liable up to the amount of distributions he or she received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared, shall be liable up to the amount of distributions he or she would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they

shall be jointly and severally liable.

(4) The maximum amount recoverable under this subdivision shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(5) If any person liable under paragraph (3) is insolvent, all its affiliates that controlled it at the time the distribution was paid, shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

SEC. 7. Section 1067.17 of the Insurance Code is amended to read:

1067.17. (a) No person, including an insurer, agent, or affiliate of an insurer shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, which uses the existence of the California Life Insurance Guaranty Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by the California Life Insurance Guaranty Association Act. Provided, however, that this section shall not apply to the California Life Insurance Guaranty Association or any other entity which does not sell or solicit insurance.

(b) Within 180 days of the effective date of this article, the association shall prepare a summary document describing the general purposes and current limitations of the article and complying with subdivision (c). This document shall be submitted to the commissioner for approval. Sixty days after receiving approval, no insurer may deliver a policy or contract described in paragraph (1) of subdivision (b) of Section 1067.02 to a policyholder or contractholder unless the document is delivered to the policy or contract holder prior to or at the time of delivery of the policy or contract except if subdivision (d) applies. The document should also be available upon request by a policyholder. The distribution, delivery, or contents or interpretation of this document shall not mean that either the policy or the contract or the holder thereof would be covered in the event of the impairment or insolvency of a member insurer. The description document shall be revised by the association as amendments to the article may require. Failure to receive this document does not give the policyholder, contractholder, certificate holder, or insured any greater rights than those stated in this article.

(c) The document prepared under subdivision (b) shall contain a clear and conspicuous disclaimer on its face. The commissioner shall promulgate a rule establishing the form and content of the disclaimer. The disclaimer shall do all of the following:

(1) State the name and address of the life insurance guaranty

association and insurance department.

(2) Prominently warn the policyholder or contractholder that the California Life Insurance Guaranty Association may not cover the policy or, if coverage is available, it will be subject to substantial limitations and exclusions and conditioned on continued residence in the state.

(3) State that the insurer and its agents are prohibited by law from using the existence of the California Life Insurance Guaranty Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance.

(4) Emphasize that the policyholder or contractholder should not rely on coverage under the California Life Insurance Guaranty Association when selecting an insurer.

(5) Provide other information as directed by the commissioner.

(d) No insurer or agent may deliver a policy or contract described in paragraph (1) of subdivision (b) of Section 1067.02, and excluded under subparagraph (A) of paragraph (2) of subdivision (b) of Section 1067.02 from coverage under this article unless the insurer or agent, prior to or at the time of delivery, gives the policyholder or contractholder a separate written notice which clearly and conspicuously discloses that the policy or contract is not covered by the California Life Insurance Guaranty Association. The commissioner shall by rule specify the form and content of the notice.

SEC. 8. Article 15.5 (commencing with Section 1077) is added to Chapter 1 of Part 2 of Division 1 of the Insurance Code, to read:

Article 15.5. Administrative Supervision

1077. As used in this article:

(a) "Insurer" means and includes every person engaged as indemnitor, surety, or contractor in the business of entering into contracts of life or disability insurance or of annuities.

(5) The insurer is continuing to transact insurance or write business after its license has been revoked or suspended by the commissioner.

(6) The insurer, by contract or otherwise, has unlawfully, or has in violation of an order of the commissioner, or has without first having obtained written approval of the commissioner, if approval is required by law, done any of the following:

(a) All domestic life or disability insurers.

(b) Any other life or disability insurer doing business in this state whose state of domicile has asked the commissioner to apply the provisions of this article as regards that insurer.

1077.2. (a) An insurer may be subject to administrative supervision by the commissioner if, upon examination or at any other time it appears in the commissioner's discretion that any of the following applies:

(1) The insurer's condition renders the continuance of its business hazardous to the public or to its insureds.

(2) The insurer appears to have exceeded its powers granted under its certificate of authority and applicable law.

(3) The insurer has failed to comply with the applicable provisions of the Insurance Code.

(4) The business of the insurer is being conducted fraudulently.

(5) The insurer gives its consent.

(b) If the commissioner determines that the conditions set forth in subdivision (a) exist, the commissioner shall do all of the following:

(2) Furnish to the insurer a written list of the requirements to abate this determination.

(3) Notify the insurer that it is under the supervision of the commissioner and that the commissioner is applying and effectuating the provisions of the article. The action by the commissioner shall be subject to review pursuant to Section 12940.

(c) If placed under administrative supervision, the insurer shall have 60 days, or another period of time as designated by the commissioner, to comply with the requirements of the commissioner subject to the provisions of this article.

(d) If it is determined after notice and hearing that the conditions giving rise to the supervision still exist at the end of the supervision period specified above, the commissioner may extend the period.

(e) If it is determined that none of the conditions giving rise to the supervision exist, the commissioner shall release the insurer from

supervision.

1077.3. (a) Notwithstanding any other provision of law, and except as set forth in this section, proceedings, hearings, notices, correspondence, reports, records, and other information in the possession of the commissioner or the department relating to the supervision of any insurer are confidential except as provided by this section.

(b) The personnel of the department shall have access to these proceedings, hearings, notices, correspondence, reports, records, or information as permitted by the commissioner.

(c) The commissioner may open the proceedings or hearings or disclose the notices, correspondence, reports, records, or information to a department, agency, or instrumentality of this or another state of the United States if the commissioner determines that the disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States.

(d) The commissioner may open the proceedings or hearings or make public the notices, correspondence, reports, records, or other information if the commissioner deems that it is in the best interest of the public or in the best interest of the insurer, its insureds, creditors, or the general public.

(e) This section does not apply to hearings, notices, correspondence, reports, records, or other information obtained upon the appointment of a receiver for the insurer by a court of competent jurisdiction.

1077.4. During the period of supervision, the commissioner or his or her designated appointee shall serve as the administrative supervisor. (*l*) Make any material change in management.

(m) Increase salaries and benefits of officers or directors or the

preferential payment of bonuses, dividends, or other payments deemed preferential.

1077.5. During the period of supervision the insurer may contest an action taken or proposed to be taken by the supervisor specifying the manner wherein the action being complained of would not result in improving the condition of the insurer by requesting reconsideration by the commissioner. Denial of the insurer's request upon reconsideration entitles the insurer to seek judicial review under Section 12940.

1077.6. Nothing contained in this article shall preclude the commissioner from initiating judicial proceedings to place an insurer in conservation, rehabilitation, or liquidation proceedings or other delinquency proceedings, however designated under the laws of this state, regardless of whether the commissioner has previously initiated administrative supervision proceedings under this article against the insurer.

1077.7. The commissioner may adopt reasonable rules necessary for the implementation of this article.

1077.8. Notwithstanding any other provision of law, the commissioner may meet with a supervisor appointed under this article and with the attorney or other representative of the supervisor, without the presence of any other person, at the time of any proceedings or during the pendency of any proceeding held under authority of this article to carry out the commissioner's duties under this article or for the supervisor to carry out his or her duties under this article.

1077.9. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the commissioner or the department or its employees or agents for any action taken by them in the performance of their powers and duties under this article.

(b) In addition to subdivision (a), if the court grants probation to any person punished under Section 23170, the court, may, in its discretion, order as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. In lieu of the minimum term of imprisonment specified in subdivision (a), the court shall impose as a condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. The court shall not order the treatment prescribed by this subdivision unless the person makes a specific request and shows good cause for the order, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each

person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

(c) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23170 who has not previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, and unless the person is ordered to participate in and complete a program under subdivision (b), the court shall impose as a condition of probation that the person participate, for at least 18 months and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Any person who has previously completed a 12-month or 18-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code shall not be eligible for referral pursuant to this subdivision unless a 30-month licensed program is not available for referral in the county of the person's residence or employment. The program shall provide for persons who cannot afford the program fee pursuant to paragraph (2) of subdivision (a) of Section 11837.4 of the Health and Safety Code in order to enable those persons to participate. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

SEC. 3. Section 23176 of the Vehicle Code is amended to read:

23176. (a) If the court grants probation to any person punished under Section 23175, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 180 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (7) of subdivision (a) of Section 13352.

(b) In addition to subdivision (a), if the court grants probation to any person punished under Section 23175, the court may, in its discretion, order as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. In lieu of the

minimum term of imprisonment in subdivision (a), the court shall impose as a condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. The court shall not order the treatment prescribed by this subdivision unless the person makes a specific request and shows good cause for the order, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (7) of subdivision (a) of Section 13352.

(c) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23175 who has not previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, and unless the person is ordered to participate in, and complete, a program under subdivision (b), the court shall impose as a condition of probation that the person participate, for at least 18 months and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Any person who has previously completed a 12-month or 18-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code shall not be eligible for referral pursuant to this subdivision unless a 30-month licensed program is not available for referral in the county of the person's residence or employment. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (7) of subdivision (a) of Section 13352.

SEC. 4. Section 23186 of the Vehicle Code is amended to read:

23186. If the court grants probation to any person punished under Section 23185, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court

shall impose as conditions of probation that the person be subject to all of the provisions of either subdivision (a) or (b), as follows:

(a) Be confined in the county jail for at least 120 days and pay a fine of at least three hundred ninety dollars ($390) but not more than five thousand dollars ($5,000). (3) Pursuant to Section 13352.5, have the privilege to operate a motor vehicle be suspended for one year by the Department of Motor Vehicles and, after that one-year period, if the person gives proof of ability to respond in damages as defined in Section 16430 to the Department of Motor Vehicles, have the privilege restricted by the Department of Motor Vehicles for two additional years to necessary travel to and from that person's place of employment, and to and from the treatment program described in paragraph (4) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. The Department of Motor Vehicles shall not revoke the person's privilege to operate a motor vehicle under Section 13352, as provided in Section 13352.5, unless the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1.

(4) Either of the following:

(A) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment, as designated by the court. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion

of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subparagraph is a basis for reducing any other probation requirement or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Many of the Vehicle Code sentencing provisions were not changed to reflect the provisions of Chapter 803 of the Statutes of 1989, and are causing confusion for courts when rendering sentence and for the Department of Motor Vehicles when assessing the duration of driver's license suspensions and revocations. In order to clarify this situation at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 991

An act to add Section 10320.5 to the Public Contract Code, relating to public contracts.

The people of the State of California do enact as follows:

SECTION 1. Section 10320.5 is added to the Public Contract Code, to read:

However, if the contract requires an acceptance test, interest shall be computed from a date no later than the first day of the successful acceptance test period. Unless otherwise provided for in the contract, periodic payments shall commence upon acceptance of the equipment or, if the contract requires an acceptance test, as of the first day of the successful acceptance test period. Late charges shall accrue for any periodic payment not made to the contractor or its assigns from either the payment date provided in the contract or 60 days following the receipt of a valid invoice for the periodic payment, whichever is later. However, in the event any invoice is received prior to the equipment acceptance date, the receipt date of the

invoice shall be construed to be the equipment acceptance date. Late charges under this section shall be assessed using the interest rate as specified in Section 926.17 of the Government Code.

(b) The Department of General Services shall be authorized to refinance installment purchase contracts when, in the determination of the department, it is financially beneficial to the state to do so.

SEC. 3. Part 8 (commencing with Section 19000) is added to Division 9 of the Probate Code, to read:

PART 8. PAYMENT OF CLAIMS, DEBTS, AND EXPENSES FROM REVOCABLE TRUST OF DECEASED SETTLOR

CHAPTER 1. GENERAL PROVISIONS

19000. As used in this part:

(a) "Claim" means a demand for payment for any of the following, whether due, not due, or contingent, and whether liquidated or unliquidated:

(1) Liability of the deceased settlor, whether arising in contract, tort, or otherwise.

(2) Liability for taxes incurred before the deceased settlor's death, whether assessed before or after the deceased settlor's death, other than property taxes and assessments secured by real property liens.

(3) Liability for the funeral expenses of the deceased settlor.

(b) "Claim" does not include a dispute regarding title to specific property alleged to be included in the trust estate.

(c) "Claimant" means a person who may have a claim, as defined in subdivision (a), against trust property and who has filed a timely

claim pursuant to Section 19100.

(d) "Trust" means a trust described in Section 18200, or, if a portion of a trust, that portion that remained subject to the power of revocation at the deceased settlor's death.

(e) "Deceased settlor" means a deceased person who, at the time of his or her death, held the power to revoke the trust in whole or in part.

(f) "Debts" means all claims, as defined in subdivision (a), all expenses of administration, and all other proper charges against the trust estate, including taxes.

19001. (a) Upon the death of a settlor, the property of the deceased settlor that was subject to the power of revocation at the time of the settlor's death is subject to the claims of creditors of the deceased settlor's estate and to the expenses of administration of the estate to the extent that the deceased settlor's estate is inadequate to satisfy those claims and expenses.

(b) The deceased settlor, by appropriate direction in the trust instrument, may direct the priority of sources of payment of debts among subtrusts or other gifts established by the trust at the deceased settlor's death. Notwithstanding this subdivision, no direction by the settlor shall alter the priority of payment, from whatever source, of the matters set forth in Section 11420 which shall be applied to the trust as it applies to a probate estate.

19002. (a) Except as expressly provided, this part shall not be construed to affect the right of any creditor to recover from any revocable trust established by the deceased settlor.

(b) Nothing in this part shall be construed as a construction or alteration of any claims procedure set forth under Part 4 (commencing with Section 9000) of Division 7.

19003. (a) At any time following the death of the settlor, and during the time that there has been no filing of a petition to administer the estate of the deceased settlor in this state of which the trustee has actual knowledge, the trustee may file with the court a proposed notice to creditors. Upon the court's assignment of a proceeding number to the proposed notice, the trustee shall publish and serve notice to creditors of the deceased settlor in the form and within the time prescribed in Chapters 3 (commencing with Section 19040) and 4 (commencing with Section 19050). That action shall constitute notice to creditors of the requirements of this part.

(b) The filing shall be made with the superior court for the county in this state where the deceased settlor resided at the time of death, or if none, in any county in this state in which trust property was located at the time of the settlor's death, or if none, in the county in this state that was the principal place of administration of the trust at the time of the settlor's death.

(c) Nothing in subdivision (a) affects a notice or request to a public entity required by Chapter 7 (commencing with Section 19200).

19004. If the trustee files, publishes, and serves notice as set forth

in Section 19003, then:

(a) All claims against the trust shall be filed in the manner and within the time provided in this part.

(b) A claim that is not filed as provided in this part is barred from collection from trust assets.

(c) The holder of a claim may not maintain an action on the claim against the trust unless the claim is first filed as provided in this part.

19005. The trustee may at any time pay, reject, or contest any claim against the deceased settlor or settle any claim by compromise, arbitration, or otherwise. The trustee may also file a petition in the manner set forth in Chapter 2 (commencing with Section 19020) to settle any claim.

19006. (a) If a trustee of a trust established by the deceased settlor files, publishes, and serves notice as provided in Section 19003 the protection from creditors afforded that trustee and trust shall also be afforded to any other trusts established by the deceased settlor and the trustees and beneficiaries of those trusts.

(b) If the personal representative of the deceased settlor's estate has published notice under Section 8120 and given notice of administration of the estate of the deceased settlor under Chapter 2 (commencing with Section 9050) of Part 4 of Division 7, the protection from creditors afforded the personal representative of the deceased settlor's estate shall be afforded to the trustee and to the beneficiaries of the trust.

(c) In the event that, following the filing and publication of the notice set forth in Section 19003, there shall be commenced any proceeding under which a notice pursuant to Section 8120 is required to be published, then the trustee shall have a right of collection against that estate to recover the amount of any debts paid from trust assets that would otherwise have been satisfied (whether by law or by direction in the deceased settlor's will or trust) by the property subject to probate proceedings.

19007. Nothing in this part shall determine the liability of any trust established by the deceased settlor as against any other trust established by that settlor, except to the extent that the trustee of the other trust shall file, publish, and serve the notice specified in Section 19003 and thereafter seek a determination of relative liability pursuant to Chapter 2 (commencing with Section 19020).

19008. If there is no proceeding to administer the estate of the deceased settlor, and if the trustee does not file a proposed notice to creditors pursuant to Section 19003 and does not publish notice to creditors pursuant to Chapter 3 (commencing with Section 19040), then the liability of the trust to any creditor of the deceased settlor shall be as otherwise provided by law.

19009. Nothing in this part shall be construed to permit or require disclosure of the existence of the trust or the contents of any of its provisions to any creditor or beneficiary except as that creditor or beneficiary may otherwise be entitled to that information.

19010. Nothing in this part imposes any duty on the trustee to

initiate the notice proceeding set forth in Section 19003, and the trustee is not liable for failure to initiate the proceeding under this part.

19011. (a) The Judicial Council may prescribe the form and contents of the petition, notice, claim form, and allowance or rejection form to be used pursuant to this part. The allowance or rejection form may be part of the claim form.

(b) Any claim form adopted by the Judicial Council shall inform the claimant that the claim must be filed with the court and a copy mailed or delivered to the trustee. The claim form shall include a proof of mailing or delivery of a copy of the claim to the trustee, which may be completed by the claimant.

19012. (a) This part applies to claims against any deceased settlor who dies on or after January 1, 1992.

(b) The applicable law in effect before January 1, 1992, continues to apply to claims against any deceased settlor who dies before January 1, 1992.

CHAPTER 2. PETITION FOR APPROVAL AND SETTLEMENT of CLAIMS AGAINST DECEASED SETTLOR

19020. At any time after the filing and first publication of notice pursuant to Chapter 3 (commencing with Section 19040), and after expiration of the time to file claims provided in that chapter, a trustee or beneficiary may petition the court under this chapter to approve either of the following:

(a) Allowance, compromise, or settlement of any claims that have not been rejected by the trustee under the procedure provided in this part and for which trust property may be liable.

(b) An allocation of any amounts due by reason of an action described in subdivision (a) to two or more trusts which may be liable for the claims.

19021. The petition shall be filed in that county as may be determined pursuant to Section 19003. In the event this action seeks approval of allocation to two or more trusts for which the notice proceeding in Section 19003 would prescribe superior courts for more than one county, the court located in the county so prescribed for the trustee initiating the proceeding under this chapter shall have jurisdiction.

19022. (a) A proceeding under this chapter is commenced by filing a verified petition stating facts showing that the petition is authorized under this chapter and the grounds of the petition.

(b) The petition shall set forth a description of the trust and the names of claimants with respect to which action is requested and a description of each claim, together with the requested determination by the court with respect to the claims, provided, however, that this section does not require the filing of a copy of the trust or disclosure of the beneficial interests of the trust. That petition shall also set forth the beneficiaries of the trust, those claimants

whose interest in the trust may be affected by the petition, and the trustees of any other trust to which an allocation of liability may be approved by the court pursuant to the petition.

(c) The clerk shall set the matter for hearing.

19023. At least 30 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place of the hearing and a copy of the petition to be served on each of the claimants whose interests in the estate may be affected by the petition in the manner provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure.

19024. At least 30 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place of the hearing, together with a copy of the petition, to be mailed to each of the following persons who is not a petitioner:

(a) All trustees of the trust and of any other trusts to which an allocation of liability may be approved by the court pursuant to the petition.

(b) All beneficiaries affected.

(c) The personal representative of the deceased settlor's estate, if any is known to the trustee.

(d) The Attorney General, if the petition relates to a charitable trust subject to the jurisdiction of the Attorney General, unless the Attorney General waives notice.

19025. (a) If any claimant, beneficiary, or trustee fails timely to file a written pleading upon notice, then the case is at issue, notwithstanding the failure. The case may proceed on the petition and written statements filed by the time of the hearing, and no further pleadings by other persons are necessary. The claimant, beneficiary, or trustee who failed timely to file a written pleading upon notice may not participate further in the proceeding for the determination requested, and that claimant, beneficiary, or trustee shall be bound by the decision in the proceeding.

(b) The court's order, when final, shall be conclusive as to the liability of the trust property with respect to the claims at issue in the petition. In the event of a subsequent administration of the estate of the deceased settlor, that order shall be binding on the personal representative of the estate of the deceased settlor as well as all claimants and beneficiaries who had notice of the petition.

19026. The court may dismiss a petition if it appears that the proceeding is not reasonably necessary for the protection of the interests of the trustee or any beneficiary of the trust.

19027. (a) The court in its discretion may make any orders and take any other action necessary or proper to dispose of the matters presented by the petition.

(b) If the court determines that the assets of the trust estate are insufficient to pay all debts, then the court shall order payment in the manner specified by Section 11420.

19028. An appeal may be taken from the grant or denial of any final order made under this chapter.

19029. The court may, on its own motion or on request of a trustee or other person interested in the trust, appoint a guardian ad litem in accordance with Section 1003.

19030. In a case involving a charitable trust subject to the jurisdiction of the Attorney General, the Attorney General may petition under this chapter.

CHAPTER 3. PUBLICATION OF NOTICE

19040. (a) Publication of notice pursuant to this section shall be for at least 15 days. Three publications in a newspaper published once a week or more often, with at least five days intervening between the first and last publication dates, not counting the first and last publication dates as part of the five-day period, are sufficient. Notice shall be published in a newspaper of general circulation in the city, county, or city and county in this state where the deceased settlor resided at the time of death, or if none, in the city, county, or city and county in this state wherein trust property was located at the time of the settlor's death, or if none, in the city, county, or city and county in this state wherein the principal place of administration of the trust was located at the time of the settlor's death. If there is no newspaper of general circulation published in the applicable city, county, or city and county, notice shall be published in a newspaper of general circulation published in this state nearest to the applicable city, county, or city and county seat, and which is circulated within the applicable city, county, or city and county. If there is no such newspaper, notice shall be given in written or printed form, posted at three of the most public places within the community. For purposes of this section, "city" means a charter city as defined in Section 34101 of the Government Code or a general law city as defined in Section 34102 of the Government Code.

(b) The caption of the notice, the deceased settlor's name, and the name of the trustee shall be in at least 8-point type, the text of the notice shall be in at least 7-point type, and the notice shall state substantially as follows:

NOTICE TO CREDITORS

OF _____

#_____

SUPERIOR COURT OF CALIFORNIA

COUNTY OF _____

Notice is hereby given to the creditors and contingent creditors of the above-named decedent, that all persons having claims against the decedent are required to file them with the Superior Court, at

_____, and mail a copy to _____, as trustee of the trust dated _____ wherein the decedent was the settlor, at _____, within the later of four months after _____ (the date of the first publication of notice to creditors) or, if notice is mailed or personally delivered to you, 30 days after the date this notice is mailed or personally delivered to you. A claim form may be obtained from the court clerk. For your protection, you are encouraged to file your claim by certified mail, with return receipt requested.

_____

(name and address of trustee or attorney)

(c) An affidavit showing due publication of notice shall be filed with the clerk upon completion of the publication. The affidavit shall contain a copy of the notice, and state the date of its first publication.

19041. The Legislature finds and declares that to be most effective, notice to creditors should be published in compliance with the procedures specified in Section 19040. However, the Legislature recognizes the possibility that in unusual cases due to confusion over jurisdictional boundaries or oversights the notice may inadvertently be published in a newspaper which does not meet these requirements. Therefore, to prevent a minor error in publication from invalidating what would otherwise be a proper proceeding, the Legislature further finds and declares that notice published in a good faith attempt to comply with Section 19040 shall be sufficient to provide notice to creditors and establish jurisdiction if the court expressly finds that the notice was published in a newspaper of general circulation published within the city, county, or city and county and widely circulated within a true cross section of the community in which the deceased settlor resided or wherein the principal place of administration of the trust was located or the property was located in substantial compliance with Section 19040.

CHAPTER 4. ACTUAL NOTICE TO CREDITORS

19050. (a) If the trustee has knowledge of a creditor of the deceased settlor, the trustee shall give notice to the creditor, unless notice is not required pursuant to Section 19054. The notice shall be given as provided in Section 1215. For the purpose of this subdivision, a trustee has knowledge of a creditor of the deceased settlor if the trustee is aware that the creditor has demanded payment from the deceased settlor or the trust estate.

(b) The provision of notice under this chapter is in addition to the publication of notice under Section 19040.

19051. (a) Except as provided in subdivision (b) or (c), the notice shall be given within four months after the first publication of notice under Section 19040.

(b) If the trustee first has knowledge of a creditor less than 30 days before expiration of the time provided in subdivision (a), the notice shall be given within 30 days after the trustee first has knowledge of the creditor.

(c) If the trustee first has knowledge of a creditor after expiration of the time provided in subdivision (a), the notice shall be given within 30 days after the trustee first has knowledge of the creditor.

19052. The notice shall be in substantially the following form:

NOTICE TO CREDITORS

OF _____

#_____

SUPERIOR COURT OF CALIFORNIA

COUNTY OF _____

Notice is hereby given to the creditors and contingent creditors of the above-named decedent, that all persons having claims against the decedent are required to file them with the Superior Court, at _____, and mail or deliver a copy to _____, as trustee of the trust dated _____ wherein the decedent was the settlor, at _____, within the later of four months after _____ (the date of the first publication of notice to creditors) or, if notice is mailed or personally delivered to you, 30 days after the date this notice is mailed or personally delivered to you, or you must petition to file a late claim as provided in Section 19103 of the Probate Code. A claim form may be obtained from the court clerk. For your protection, you are encouraged to file your claim by certified mail, with return receipt requested.

(Date of mailing this notice if applicable)	(name and address of trustee or attorney)

19053. (a) If the trustee believes that notice to a particular creditor is or may be required by this chapter and gives notice based on that belief, the trustee is not liable to any person for giving the notice, whether or not required by this chapter.

(b) If the trustee fails to give notice required by this chapter, the trustee is not liable to any person for that failure, unless a creditor establishes all of the following:

(1) The failure was in bad faith.

(2) Neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the proceedings

under Chapter 1 (commencing with Section 19000) sooner than one year after publication of notice to creditors under Section 19040, and payment would have been made on the creditor's claim if the claim had been properly filed.

(3) Within 16 months after the first publication of notice under Section 19040, the creditor did both of the following:

(A) Filed a petition requesting that the court in which the proceedings under Chapter 1 (commencing with Section 19000) were initiated make an order determining the liability of the trustee under this subdivision.

(B) At least 30 days before the hearing on the petition, caused notice of the hearing and a copy of the petition to be served on the trustee in the manner provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure.

(c) Nothing in this section affects the liability of the trust estate, if any, for the claim of a creditor, and the trustee is not liable to the extent the claim is paid out of the trust estate.

(d) Nothing in this chapter imposes a duty on the trustee to make a search for creditors of the deceased settlor.

19054. Notwithstanding Section 19050, the trustee need not give notice to a creditor even though the trustee has knowledge of the creditor if either of the following conditions is satisfied:

(a) The creditor has filed a claim as provided in this part.

(b) The creditor has demanded payment and the trustee elects to treat the demand as a claim under Section 19153.

CHAPTER 5. TIME FOR FILING CLAIMS

19100. (a) A claimant shall file a claim before expiration of the later of the following times:

(1) Four months after the first publication of notice to creditors under Section 19040.

(2) Thirty days after the date actual notice is mailed or personally delivered to the creditor, if notice is given within the time provided in subdivision (a) or (b) of Section 19051.

(b) Notwithstanding Section 19103, a reference in another statute to the time for filing a claim means the time provided in paragraph (1) of subdivision (a), unless the provision or context requires otherwise.

19101. A vacancy in the office of the trustee that occurs before expiration of the time for filing a claim does not extend the time.

19102. A claim that is filed before expiration of the time for filing the claim is timely even if acted on by the trustee or the court after expiration of the time for filing claims.

19103. (a) Upon petition by a claimant and upon giving notice of hearing in the manner and to the person set forth in Section 19024, the court may allow a claim to be filed after expiration of the time provided in Section 19100 if it appears that either of the following conditions are satisfied:

(1) Neither the claimant nor the attorney representing the claimant in the matter had actual knowledge of the proceeding under this part more than 15 days before expiration of the time provided in Section 19100, and the claimant's petition was filed within 30 days after either the claimant or the claimant's attorney had actual knowledge of the proceeding whichever occurred first.

(2) Neither the claimant nor the attorney representing the claimant in the matter had knowledge of the existence of the claim more than 15 days before expiration of the time provided in Section 19100 and the claimant's petition was filed within 30 days after either the claimant or the claimant's attorney had knowledge of the existence of the claim whichever occurred first.

(b) The court shall not allow a claim to be filed under this section more than one year after the date of first publication of notice to creditors under Section 19040. Nothing in this subdivision authorizes allowance or approval of a claim barred by, or extends the time provided in, Section 353 of the Code of Civil Procedure.

(c) The court may condition the claim on terms that are just and equitable. The court may deny the claimant's petition if a distribution to trust beneficiaries or payment to general creditors has been made and it appears the filing or establishment of the claim would cause or tend to cause unequal treatment among beneficiaries or creditors.

(d) Regardless of whether the claim is later established in whole or in part, property distributed under the terms of the trust subsequent to an order settling claims under Chapter 2 (commencing with Section 19020) and payments otherwise properly made before a claim is filed under this section are not subject to the claim. Except to the extent provided in Chapter 12 (commencing with Section 19400) and subject to Section 19053, the trustee, distributee, or payee is not liable on account of the prior distribution or payment.

19104. (a) Subject to subdivision (b), if a claim is filed within the time provided in this chapter, the claimant may later amend or revise the claim. The amendment or revision shall be filed in the same manner as the claim.

(b) An amendment or revision may not be made to increase the amount of the claim after the time for filing a claim has expired. An amendment or revision to specify the amount of a claim that, at the time of filing, was not due, was contingent, or was not yet ascertainable, is not an increase in the amount of the claim within the meaning of this subdivision. An amendment or revision of a claim may not be made for any purpose after the earlier of the following times:

(1) The time the court makes an order approving settlement of the claim against the deceased settlor under Chapter 2 (commencing with Section 19020).

(2) One year after the date of the first publication of notice to creditors under Section 19040. Nothing in this paragraph authorizes

allowance or approval of a claim barred by, or extends the time provided in, Section 353 of the Code of Civil Procedure.

CHAPTER 6. FILING OF CLAIMS

19150. (a) A claim may be filed by the claimant or a person acting on behalf of the claimant.

(b) A claim shall be filed with the court and a copy shall be mailed to the trustee. Failure to mail a copy to the trustee does not invalidate a properly filed claim, but any loss that results from the failure shall be borne by the claimant.

19151. (a) A claim shall be supported by the affidavit of the claimant or the person on behalf of the claimant stating:

(1) The claim is a just claim.

(2) If the claim is due, the facts supporting the claim, the amount of the claim, and that all payments on and offsets to the claim have been credited.

(3) If the claim is not due or contingent, or the amount is not yet ascertainable, the facts supporting the claim.

(4) If the affidavit is made by a person other than the claimant, the reason it is not made by the claimant.

(b) The trustee may require satisfactory vouchers or proof to be produced to support the claim. An original voucher may be withdrawn after a copy is provided. If a copy is provided, the copy shall be attached to the claim.

19152. (a) If a claim is based on a written instrument, either the original or a copy of the original with all endorsements shall be attached to the claim. If a copy is attached, the original instrument shall be exhibited to the trustee on demand unless it is lost or destroyed, in which case the fact that it is lost or destroyed shall be stated in the claim.

(b) If the claim or a part of the claim is secured by a mortgage, deed of trust, or other lien that is recorded in the office of the recorder of the county in which the property subject to the lien is located, it is sufficient to describe the mortgage, deed of trust, or lien and the recording reference for the instrument that created the mortgage, deed of trust, or other lien.

19153. The Judicial Council may adopt a claim form which shall inform the creditor that the claim must be filed with the court and a copy mailed or delivered to the trustee. Any such claim form shall include a proof of mailing or delivery of a copy of the claim to the trustee which may be completed by the creditor.

19154. (a) Notwithstanding any other provision of this part, if a claimant makes a written demand for payment within the time specified in Section 19100, the trustee may waive formal defects and elect to treat the demand as a claim that is filed and established under this part by paying the amount demanded.

(b) Nothing in this section limits application of the doctrines of waiver, estoppel, laches, or detrimental reliance or any other

equitable principle.

CHAPTER 7. CLAIMS BY PUBLIC ENTITIES

19200. (a) Except as provided in this chapter, a claim by a public entity shall be filed within the time otherwise provided in this part. A claim not so filed is barred, including any lien imposed for the claim.

(b) As used in this chapter, "public entity" has the meaning provided in Section 811.2 of the Government Code, and includes an officer authorized to act on behalf of the public entity.

19201. (a) Notwithstanding any other statute, if a claim of a public entity arises under a law, act, or code listed in subdivision (b):

(1) The public entity may provide a form to be used for the written notice or request to the public entity required by this chapter. Where appropriate, the form may require the decedent's social security number, if known.

(2) The claim is barred only after written notice or request to the public entity and expiration of the period provided in the applicable section. If no written notice or request is made, the claim is enforceable by the remedies, and is barred at the time, otherwise provided in the law, act, or code.

(b)

Waxman-Duffy Prepaid Health Plan Act (Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code)	Section 9202 of the Probate Code

19202. (a) If the trustee knows or has reason to believe that the deceased settlor received health care under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, the trustee shall give the State Director of Health Services notice of the deceased settlor's death in the manner provided in Section 215.

(b) The director has four months after notice is given in which to file a claim.

19203. If property in the trust is distributed before expiration of the time allowed a public entity to file a claim, the public entity has a claim against the distributees to the full extent of the public entity's

claim or each distributee's share of the distributed property, as set forth in Section 19402, whichever is less. The public entity's claim against distributees includes interest at a rate equal to that earned in the Pooled Money Investment Account pursuant to Article 4.5 (commencing with Section 16480) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code, from the date of distribution or the date of filing the claim by the public entity, whichever is later, plus other accruing costs as in the case of enforcement of a money judgment.

19204. Nothing in this chapter shall be construed to affect the order of priority of debts provided for under other provisions of law.

19205. This chapter does not apply to liability for the restitution of amounts illegally acquired through the means of a fraudulent, false, or incorrect representation, or a forged or unauthorized endorsement.

CHAPTER 8. ALLOWANCE AND REJECTION OF CLAIMS

19250. When a claim is filed, the trustee shall allow or reject the claim in whole or in part.

19251. (a) Any allowance or rejection shall be in writing. The trustee shall file the allowance or rejection with the court clerk and give notice to the claimant, together with a copy of the allowance or rejection, as provided in Section 1215.

(b) The allowance or rejection shall contain the following information:

(1) The name of the claimant.

(2) The date of the settlor's death.

(3) The total amount of the claim.

(4) The amount allowed or rejected by the trustee.

(5) A statement that the claimant has 90 days from the time the notice of rejection is given, or 90 days after the claim becomes due, whichever is later, in which to bring an action on a claim rejected in whole or in part.

(c) The Judicial Council shall prescribe an allowance or rejection form, which may be part of the claim form. Use of a form prescribed by the Judicial Council is deemed to satisfy the requirements.

(d) This section does not apply to a demand the trustee elects to treat as a claim under Section 19154.

19252. The trustee shall have the power to pay any claim or portion of a claim and payment shall constitute allowance of the claim to the extent of the payment. The trustee shall have the power to compromise any claim or portion of a claim. If the trustee or the attorney for the trustee is a claimant of the deceased settlor, the trustee shall have the same powers regarding allowance, rejection, payment, or compromise set forth in this chapter.

19253. (a) A claim barred by the statute of limitations may not be allowed by the trustee.

(b) The filing of a claim tolls the statute of limitations otherwise

applicable to the claim until the trustee gives notice of allowance or rejection.

(c) The allowance of a claim further tolls the statute of limitations as to the part of the claim allowed until the allowed portion of the claim is paid.

(d) Notwithstanding the statute of limitations otherwise applicable to a claim, if an action on a rejected claim is not commenced or if the matter is not referred to a referee or to arbitration within the time prescribed in Section 19255, it is forever barred.

19254. If within 30 days after a claim is filed the trustee has refused or neglected to act on the claim, the refusal or neglect may, at the option of the claimant, be deemed equivalent to the giving of a notice of rejection on the 30th day.

19255. (a) A rejected claim is barred as to the part rejected unless the claimant brings an action on the claim or the matter is referred to a referee or to arbitration within the following times, excluding any time during which there is a vacancy in the office of the trustee:

(1) If the claim is due at the time of giving the notice of rejection, 90 days after the notice is given.

(2) If the claim is not due at the time of giving the notice of rejection, 90 days after the claim becomes due.

(b) In addition to any other county in which an action on a rejected claim may be commenced, the action may be commenced in the county or city and county wherein the principal place of administration of the trust is located.

(c) The claimant shall file a notice of the pendency of the action or the referral to a referee or to arbitration with the court clerk in the trust proceeding, together with proof of giving a copy of the notice to the trustee as provided in Section 1215. Personal service of a copy of the summons and complaint on the trustee is equivalent to the filing and giving of the notice.

(d) Any property distributed by the trustee under the terms of the trust after 120 days from the later of the time the notice of rejection is given or the claim is due and before the notice of pendency of action or referral or arbitration is filed and given, is not subject to the claim. Neither the trustee nor the distributee is liable on account of the distribution.

(e) The prevailing party in the action shall be awarded court costs and, if the court determines that the prosecution or defense of the action against the prevailing party was unreasonable, the prevailing party shall be awarded reasonable litigation expenses, including attorney's fees. For the purpose of this subdivision, the prevailing party shall be the trustee if the creditor recovers an amount equal to or less than the amount of the claim allowed by the trustee, and shall be the creditor if the creditor recovers an amount greater than the amount of the claim allowed by the trustee.

CHAPTER 9. CLAIMS ESTABLISHED BY JUDGMENT

19300. (a) Except as provided in Section 19303, after the death of the settlor all money judgments against the deceased settlor on a claim against the deceased settlor or against the trustee on a claim against the decedent or the trust estate are payable in the course of administration and are not enforceable against property in the trust estate of the deceased settlor under the Enforcement of Judgments Law (Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure).

(b) Subject to Section 19301, a judgment referred to in subdivision (a) shall be filed in the same manner as other claims.

19301. When a money judgment against a trustee in a representative capacity becomes final, it conclusively establishes the validity of the claim for the amount of the judgment. The judgment shall provide that it is payable out of property in the deceased settlor's trust estate in the course of administration. An abstract of the judgment shall be filed in the trust administration proceedings.

19302. (a) Notwithstanding the death of the settlor, a judgment for possession of trust property or a judgment for sale of trust property may be enforced under the Enforcement of Judgments Law (Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure). Nothing in this subdivision authorizes enforcement under the Enforcement of Judgments Law against any property in the trust estate of the deceased settlor other than the property described in the judgment for possession or sale.

(b) After the death of the settlor, a demand for money that is not satisfied from the trust property described in a judgment for sale of property shall be filed as a claim in the same manner as other claims and is payable in the course of administration.

19303. If trust property of the deceased settlor is subject to an execution lien at the time of the settlor's death, enforcement against the property may proceed under the Enforcement of Judgments Law (Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure) to satisfy the judgment. The levying officer, as defined in Section 680.260 of the Code of Civil Procedure, shall account to the trustee for any surplus. If the judgment is not satisfied, the balance of the judgment remaining unsatisfied is payable in the course of administration.

19304. (a) An attachment lien may be converted into a judgment lien on property in the trust estate subject to the attachment lien, with the same priority as the attachment lien, in either of the following cases:

(1) Where the judgment debtor dies after entry of judgment in an action in which the property was attached.

(2) Where a judgment is entered after the death of the defendant in an action in which the property was attached.

(b) To convert the attachment lien into a judgment lien, the levying officer shall, after entry of judgment in the action in which

the property was attached and before the expiration of the attachment lien, do one of the following:

(1) Serve an abstract of the judgment, and a notice that the attachment lien has become a judgment lien, on the trustee or other person holding property subject to the attachment lien.

(2) Record or file in any office where the writ of attachment and notice of attachment are recorded or filed an abstract of the judgment and a notice that the attachment lien has become a judgment lien. If the attached property is real property, the plaintiff or the plaintiff's attorney may record the required abstract and notice with the same effect as if recorded by the levying officer.

(c) After the death of the settlor, any members of the deceased settlor's family who were supported in whole or in part by the deceased settlor may claim an exemption provided in Section 487.020 of the Code of Civil Procedure for property levied on under the writ of attachment if the right to the exemption exists at the time the exemption is claimed. The trustee may claim the exemption on behalf of members of the deceased settlor's family. The claim of exemption may be made at any time before the time the abstract and notice are served, recorded, or filed under subdivision (b) with respect to the property claimed to be exempt. The claim of exemption shall be made in the same manner as an exemption is claimed under Section 485.610 of the Code of Civil Procedure.

CHAPTER 10. ALLOCATION OF DEBTS BETWEEN TRUST AND SURVIVING SPOUSE

19320. If it appears that a debt of the deceased settlor has been paid or is payable in whole or in part from property in the deceased settlor's trust, then the trustee, the surviving spouse, the personal representative, if any, or a deceased settlor's probate estate, or a beneficiary may petition for an order to allocate the debt.

19321. A petition under Section 19320 shall include a statement of all of the following:

(a) All debts of the deceased settlor and surviving spouse known to the petitioner that are alleged to be subject to allocation and whether paid in whole or in part or unpaid.

(b) The reason why the debts should be allocated.

(c) The proposed allocation and the basis for allocation alleged by the petitioner.

19322. If it appears from the petition under Section 19320 that allocation would be affected by the value of the separate property of the surviving spouse and any community property and quasi-community property not administered in the trust, and if an inventory and appraisal of the property has not been provided by the surviving spouse, the court shall make an order to show cause why the information should not be provided.

19323. (a) At least 30 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place

of the hearing and a copy of the petition to be served on the surviving spouse in the manner provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure.

(b) At least 30 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place of hearing, together with a copy of the petition, to be mailed to each of the following persons who are not petitioners:

(1) All trustees of the trust and of any trusts to which an allocation of liability may be approved by the court pursuant to the petition.

(2) All beneficiaries affected.

(3) The personal representative of the deceased settlor's estate, if any is known to the trustee.

(4) The Attorney General, if the petition relates to a charitable trust subject to the jurisdiction of the Attorney General, unless the Attorney General waives notice.

19324. (a) The trustee, the personal representative, if any, of a deceased settlor's probate estate, and the surviving spouse may provide for allocation of debts by agreement so long as the agreement substantially protects the rights of other interested persons. The trustee, the personal representative, or the spouse may request and obtain court approval of the allocation provided in the agreement.

(b) In the absence of an agreement, each debt of the deceased settlor shall be apportioned based on all of the property of the spouses liable for the debt at the date of death that is not exempt from enforcement of a money judgment, in the proportion determined by the value of the property less any liens and encumbrances at the date of death, adjusted to take into account any right of reimbursement that would have been available if the property were applied to the debt at the date of death, and the debt shall be allocated accordingly.

19325. On making a determination as provided in this chapter, the court shall make an order that:

(a) Directs the trustee to make payment of the amounts allocated to the trust by payment to the surviving spouse or creditors.

(b) Directs the trustee to charge amounts allocated to the surviving spouse against any property or interests of the surviving spouse that are in the possession or control of the trustee. To the extent that property or interests of the surviving spouse in the possession or control of the trustee are insufficient to satisfy the allocation, the court order shall summarily direct the surviving spouse to pay the allocation to the trustee.

19326. Notwithstanding any other statute, funeral expenses and expenses of last illness, in the absence of specific provisions in a will or trust to the contrary, shall be charged against the deceased settlor's probate estate and thereafter, against the deceased settlor's share of the trust and shall not be allocated to or charged against, the community share of the surviving spouse, whether or not the surviving spouse is financially able to pay the expenses and whether

or not the surviving spouse or any other person is also liable for the expenses.

CHAPTER 11. LIABILITY OF SETTLOR'S SURVIVING SPOUSE

19330. If proceedings are commenced under this part for the settlement of claims against the trust, and the time for filing claims has commenced, any action upon the liability of the surviving spouse under Chapter 3 (commencing with Section 13550) is barred to the same extent as provided for claims under this part, except as to the following:

(a) Any creditor who commences judicial proceedings to enforce a claim and serves the surviving spouse with the complaint prior to the expiration of the time for filing claims.

(b) Any creditor who has or who secures the surviving spouse's acknowledgment in writing of the liability of the surviving spouse for the claim.

(c) Any creditor who files a timely claim in the proceedings for the administration of the estate of the deceased spouse.

CHAPTER 12. DISTRIBUTEE LIABILITY

19400. Subject to Section 353 of the Code of Civil Procedure, if there is no proceeding to administer the estate of the deceased settlor, and if the trustee does not file a proposed notice to creditors pursuant to Section 19003 and does not publish notice to creditors pursuant to Chapter 3, then a beneficiary of the trust to whom payment, delivery, or transfer of the deceased settlor's property is made pursuant to the terms of the trust is personally liable, to the extent provided in Section 19402, for the unsecured claims of the creditors of the deceased settlor's estate.

19401. Subject to Section 19402, if the trustee filed a proposed notice to creditors pursuant to Section 19003 and published notice to creditors pursuant to Section 19040, and if the identity of the creditor was known to, or reasonably ascertainable by, the trustee within four months of the first publication of notice pursuant to Section 19040, then a person to whom property is distributed is personally liable for the claim of the creditor, without a claim first having been filed, if all of the following conditions are satisfied:

(a) The claim of the creditor was not merely conjectural.

(b) Notice to the creditor was not given to the creditor under Chapter 4 (commencing with Section 19050) and neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the administration of the trust estate sooner than one year after the date of first publication of notice pursuant to Section 19040.

(c) The statute of limitations applicable to the claim under Section 353 of the Code of Civil Procedure has not expired at the time of commencement of an action under this section.

19402. (a) In any action under this chapter, subject to Section 353 of the Code of Civil Procedure, the distributee may assert any defenses, cross-complaints, or setoffs that would have been available to the deceased settlor if the settlor had not died.

(b) Personal liability under this chapter is applicable only to the extent the claim of the creditor cannot be satisfied out of the trust estate of the deceased settlor and is limited to a pro rata portion of the claim of the creditor, based on the proportion that the value of the property distributed to the person out of the trust estate bears to the total value of all property distributed to all persons out of the trust estate. Personal liability under this chapter for all claims of all creditors shall not exceed the value of the property distributed to the person out of the trust estate. As used in this chapter, the value of the property is the fair market value of the property on the date of its distribution, less the amount of any liens and encumbrances on the property at that time.

19403. Nothing is this chapter affects the rights of a purchaser or encumbrancer of property in good faith and for value from a person who is personally liable under this section.

CHAPTER 993

An act to add Section 22035.5 to the Public Contract Code, relating to public contracts.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 22035.5 is added to the Public Contract Code, to read:

22035.5. In counties that are under court order to relieve justice facility overcrowding, the procedures and restrictions specified in Section 20134 shall apply to all contracts issued under this chapter.

CHAPTER 994

An act to amend Section 8429 of the Education Code, to amend Sections 18986.2, 18986.3, 18986.11, 18986.15, 18986.20, 18986.21, and 18986.30 of, to amend and renumber Sections 18986.22 and 18986.23 of, and to add Section 18986.22 to, the Welfare and Institutions Code, and to repeal Section 1.2 of Chapter 1252 of the Statutes of 1977, relating to children.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 8429 of the Education Code is amended to read:

8429. The advisory committee established pursuant to Section 8286 shall also perform the following functions with regard to this article:

(a) Review the establishment of all child care and employment funds, and gather public information as to the appropriateness and effectiveness of their implementation.

SEC. 8. Section 99312 of the Public Utilities Code is amended to read:

Prior to approving any claim filed under this section, the transportation planning agency, or the county transportation commission in a county with such a commission, shall make a finding that the transportation services contracted for under subdivision (c) are responding to a transportation need not otherwise being met within the community or jurisdiction of the claimant and that, where appropriate, the services are coordinated with the existing transportation service.

(d) Payments to counties, cities, and transit districts for their administrative and planning cost with respect to transportation services under subdivision (c).

(e) Notwithstanding any other provision of this chapter, a claimant for funds pursuant to subdivision (c) may also receive payments for capital expenditures to acquire vehicles and related equipment, bus shelters, bus benches, and communication equipment for the transportation services.

SEC. 12. Section 99405 of the Public Utilities Code is amended to read:

(c) The 50-percent limitation shall not apply to the allocation to a city, county, or transit district for services under contract pursuant to subdivision (c) or (d) of Section 99400. The city, county, or transit district shall be subject to Section 99268.3, 99268.4, 99268.5, or 99268.9, as the case may be, and shall be deemed an operator for purposes of those sections, or shall be subject to regional, countywide, or county subarea performance criteria, local match requirements, or fare recovery ratios adopted by resolution of the transportation planning agency or the county transportation commission for those services.

(1) In adopting the performance criteria, local match requirements, or fare recovery ratios, the transportation planning agency or the county transportation commission may adopt the criteria of Section 99268.3, 99268.4, 99268.5, or 99268.9, or any combination or all of them.

(2) If a transportation planning agency or county transportation commission has adopted performance criteria, local match requirements, or fare recovery ratios, the rules and regulations of the agency or commission shall apply, and Sections 99205.7 and 99241, subdivision (a) of Section 99247, and Section 99268.8 shall not apply.

(d) The 50-percent limitation shall not apply to funds allocated under this article to a city or county with a population of less than 5,000, and, notwithstanding Section 99400, the city or county may claim funds under this article for transportation services, including associated capital, planning, and administrative costs, without contracting with another entity.

SEC. 14. Section 199.11 is added to the Streets and Highways Code, to read:

199.11. It is the intent of the Legislature that the commission continue to allocate funds pursuant to Sections 199 and 199.1, notwithstanding the current availability of rail bond funds, consistent both with voter approval of Proposition 5 at the June 4, 1974, direct primary election and with the commitments made by the commission in the 1988 State Transportation Improvement Program. This action is necessary because the bond funds are of a one-time, temporary nature, while guideway funds are available on an ongoing basis, as are the needs of that program.

CHAPTER 996

An act to amend Sections 543 and 544 of, and to add Sections 11515.1 and 24007.6 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 543 of the Vehicle Code is amended to read:

543. "Salvage pool" means a person engaged exclusively in the business of disposing of total loss salvage vehicles or recovered stolen

vehicles sent to it by, or on behalf of, insurance companies, authorized adjusters, leasing companies, self-insured persons, or financial institutions.

SEC. 2. Section 544 of the Vehicle Code is amended to read:

544. "Total loss salvage vehicle" means a vehicle of a type subject to registration which has been wrecked, destroyed, or damaged, to such an extent that the owner, leasing company, financial institution, or the insurance company which insured the vehicle, considers it uneconomical to repair the vehicle and because of this, the vehicle is not repaired by or for the person who owned the vehicle at the time of the event resulting in damage.

SEC. 3. Section 11515.1 is added to the Vehicle Code, to read:

11515.1. A salvage pool shall sell a vehicle only with a salvage certificate, except pursuant to subdivision (f) of Section 11515.

SEC. 4. Section 24007.6 is added to the Vehicle Code, to read:

24007.6. Except for vehicles sold to a dealer or for the purpose of being wrecked or dismantled or sold exclusively for off-highway use, a salvage pool shall do both of the following:

(a) Give the notice required by subdivisions (a) and (b) of Section 5900.

(b) Notify the buyer that California law requires that the buyer obtain a certificate of compliance or noncompliance and to register the vehicle with the department, and that failure to comply will result in a lien against any vehicle owned by the buyer pursuant to Section 10876 of the Revenue and Taxation Code, enforceable pursuant to Section 10877 of the Revenue and Taxation Code and Article 6 (commencing with Section 9800) of Chapter 6 of Division 3. Receipt of the notice required by this paragraph shall be evidenced by the signature of the buyer.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 997

An act relating to special education.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Senate Subcommittee on Mental Health, Developmental Disabilities and Genetic Diseases, the Senate Subcommittee on the Rights of the Disabled, and the Assembly Subcommittee on Mental Health and Developmental Disabilities recently published a report entitled "The Next Step: Empowering California's Developmental Disabilities Community--A Study of the Lanterman Developmental Disabilities Services Act." In developing their findings and recommendations, the subcommittees utilized testimony taken during 15 hearings held throughout California in 1989–90.

The report noted that "In the area of education, there are a number of interagency barriers that prevent the goals of inclusion, appropriate education services, and integrated learning." The report also noted that "Parents complain that IEP's are school-driven not student driven. Few school districts include students with developmental disabilities into regular classrooms with appropriate support service as federal law requires. Most districts still place these students in segregated programs. In either case, students with developmental disabilities often must travel great distances to attend school."

In response, the report made the following recommendation: "Educational opportunities for all children should be provided in integrated neighborhood schools and regular classrooms with necessary support services for children with special needs."

(b) It is therefore the intent of the Legislature to identify model school programs which provide integrated education for disabled pupils in their neighborhood schools. In addition, it is the intent of the Legislature to identify the extent to which all special education pupils are integrated on regular schoolsites and in regular classrooms.

SEC. 2. (a) The Superintendent of Public Instruction shall develop and disseminate a report that profiles model school programs that demonstrate the successful integration of special education pupils into regular school programs. As a part of that report, the Superintendent of Public Instruction shall identify effective teaching practices, strategies, and adaptations that have been utilized in planning and providing opportunities for the integration of special education pupils into their neighborhood schools.

(b) The report shall include a list of research and training

publications and videos to guide school administrators, teachers, parents, and pupils interested in developing similar programs. The superintendent shall publish this report by January 1, 1993. The report shall be provided to all school districts, county offices of education, school principals, special education local planning areas, and special education community advisory committees.

(c) The purpose of the report is to educate local communities about new and successful education practices regarding the integration of special education pupils, including severely handicapped pupils, into regular education programs. This report will provide important information to parents, teachers, and school administrators about successful models that now exist statewide and how these models work. Furthermore, it is the purpose of this report to stimulate community interest in integration as a positive and desirable activity for all pupils and all schools and to guide local school districts and county offices of education in developing their own integration programs and services for special education pupils.

(d) It is the intent of the Legislature that, to the extent permitted by federal law, no more than seventy-five thousand dollars ($75,000) of the funds appropriated pursuant to Schedule (b) of Item 6110-161-890 of Section 2.00 of the Budget Act of 1992–93 be used to develop and disseminate this report.

SEC. 3. The Superintendent of Public Instruction shall report to the Legislature by January 1, 1993, on the following special education indicators:

(a) The number of special education pupils in California who are educated in special education classrooms for all or part of their day.

(b) The number of schoolsites or centers in California that exclusively serve special education pupils.

(c) The progress in integrating pupils in regular classrooms and on regular schoolsites since implementation of Public Law 94-142.

(d) The number of special education pupils who attend their neighborhood school.

CHAPTER 998

An act to amend Sections 3950, 4181, and 4188 of, to amend the heading of Chapter 7 (commencing with Section 4650) of Division 4 of, to add Sections 4651, 4652, 4653, 4654, 4655, 4656, and 4657 to, and to repeal and add Section 4650 of, the Fish and Game Code, relating to game, and making an appropriation therefor.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3950 of the Fish and Game Code is amended to read:

3950. SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. [Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the closure of inpatient psychiatric units in acute care hospitals has, in several regions of the state, resulted in a shortage of psychiatric beds for Medi-Cal beneficiaries.

SEC. 2. Article 4 (commencing with Section 14640) is added to Chapter 8.8 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 4. Acute Psychiatric Health Facility Allocations

14640. (a) The State Department of Mental Health shall allocate funds for the provision of mental health services to Medi-Cal eligible persons over 20 years of age to counties of over one million population that own and operate an acute psychiatric health facility, and in which the number of general acute care hospital psychiatric beds is 50 or less. Counties receiving allocations pursuant to this subdivision may contract with privately operated psychiatric health facilities, or with freestanding psychiatric hospitals which have been certified to provide care to Medi-Cal eligible persons.

(b) Payments made from the allocation established under subdivision (a) shall be made according to state established reimbursement formulas for mental health services, and shall be funded through moneys initially transferred from the State Department of Health Services and subsequently appropriated to the State Department of Mental Health under Item 4440-101-001 of the annual Budget Act.

(c) Allocations made pursuant to subdivision (a) shall not exceed the General Fund share of expenditures made under the Medi-Cal program for acute psychiatric inpatient care units in general acute care hospitals in the subject county during the 1989–90 state fiscal year. Payments shall be made only to the extent that those inpatient units have ceased operation in subsequent years and the capacity has not been replaced by capacity in other general acute care hospitals.

SEC. 2. Funds sufficient to provide the allocations described in Section 14640 of the Welfare and Institutions Code shall be transferred from Item 4260-101-001 of the Budget Act of 1991 to Item 4440-101-001 of the Budget Act of 1991.

SEC. 3. It is the intent of the Legislature that allocations made pursuant to Section 14640 of the Welfare and Institutions Code in the 1992–93 fiscal years and future fiscal years, be funded from Item 4440-101-001 of the annual Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 1001

An act to add Section 1941.4 to the Civil Code, and to add Section 788 to the Public Utilities Code, relating to telephone service.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there are numerous problems associated with the implementation of the Federal Communications Commission's order to deregulate telephone inside wiring installation and maintenance, and that significant confusion has resulted with respect to the assumption of the responsibility for needed repairs.

The Legislature further finds and declares that there is a need to give direction to those Californians who do not own the property in which they dwell, because there are no specific guidelines governing the responsibility to assess the cost to install and maintain telephone wiring.

On October 24, 1990, the California Public Utilities Commission issued Decision No. 90-10-064 regarding regulatory treatment of several inside telephone wiring issues, and stated that "(w)e believe legislation should be passed to clarify the respective responsibilities of landlords and tenants, and we will work to that end."

SEC. 2. Section 1941.4 is added to the Civil Code, to read:

1941.4. The lessor of a building intended for the residential occupation of human beings shall be responsible for installing at least one usable telephone jack and for placing and maintaining the inside telephone wiring in good working order, shall ensure that the inside telephone wiring meets the applicable standards of the most recent National Electrical Code as adopted by the Electronic Industry Association, and shall make any required repairs. The lessor shall not restrict or interfere with access by the telephone utility to its

telephone network facilities up to the demarcation point separating the inside wiring.

"Inside telephone wiring" for purposes of this section, means that portion of the telephone wire that connects the telephone equipment at the customer's premises to the telephone network at a demarcation point determined by the telephone corporation in accordance with orders of the Public Utilities Commission.

SEC. 3. Section 788 is added to the Public Utilities Code, to read:

788. On or before March 1, 1992, and annually thereafter, every telephone corporation operating within a service area shall issue to each of its residential subscribers in the service area, in a manner and form approved by the commission, a notice containing the following information:

(a) An explanation of the responsibilities of the subscriber and telephone corporation in relation to the customer's inside telephone wiring, as that term is defined by and pursuant to Section 1941.4 of the Civil Code, including an explanation of lessor and tenant obligations.

(b) An explanation of the telephone corporation's procedures and charges for determining and notifying the subscriber of whether a malfunction in its telephone wire is located in the telephone corporation's telephone network, or is located in the subscriber's inside telephone wiring, including customer-provided equipment.

(c) If the telephone corporation offers any services to maintain or repair a subscriber's inside telephone wiring, a full description of the types of services offered, including the rates, charges, and conditions for these services, and whether those services are offered by nonutility providers.

CHAPTER 1002

An act to amend Section 29795 of the Elections Code, relating to elections.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 29795 of the Elections Code is amended to read:

29795. Every person who is entrusted with money or things of value for the purpose of promoting or defeating any initiative, referendum, or recall petition or any measure which has qualified for the ballot is a trustee of the money or things of value. If a person wrongfully appropriates the money or things of value to any use or purpose not in the due and lawful execution of the trust, the person shall be punishable by a fine not exceeding five thousand dollars

($5,000), or by imprisonment in the state prison for 16 months or two or three years or in a county jail not exceeding one year, or by both such fine and imprisonment. The following expenses are within the due and lawful execution of the trust:

(a) Securing signatures to initiative, referendum, or recall petitions.

(b) Circulating initiative, referendum, or recall petitions.

(c) Holding and conducting public meetings.

(d) Printing and circulating prior to an election:

(1) Specimen ballots.

(2) Handbills.

(3) Cards.

(4) Other papers.

(e) Advertising.

(f) Postage.

(g) Expressage.

(h) Telegraphing.

(i) Telephoning.

(j) All salaries and expenses of:

(1) Campaign managers.

(2) Lecturers.

(3) Solicitors.

(4) Agents.

(5) All persons employed in transacting business at headquarters or branch offices, if the business transacted is related to promoting or defeating an initiative, referendum, or recall petition or any measure which has qualified for the ballot.

(k) Maintaining headquarters and branch offices.

(*l*) Renting of rooms for the transaction of the business of an association.

(m) Attorney's fees and other costs in connection with litigation where the litigation arises directly out of any of the following:

(1) Activities related to promoting or defeating an initiative, referendum, or recall petition or any measure which has qualified for the ballot.

(2) The enactment, by the initiative process, of any ordinance, charter amendment, statute, or constitutional amendment.

(3) An election contest or recount.

(4) A violation of state or local campaign, disclosure, or election laws.

The amendment of this section by adding subdivision (m) thereto, made at the 1991–92 Regular Session of the Legislature, does not constitute a change in, but is declaratory of, the existing law.

Expenses for food, clothing, shelter and other personal needs of the trustee are not within the due and lawful execution of the trust. However, expenses for travel and necessary accommodations for the trustee are within the due and lawful execution of the trust, if the travel and accommodations are related to promoting or defeating an initiative, referendum, or recall petition or any measure that has

qualified for the ballot.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1003

An act to amend Section 473 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 473 of the Code of Civil Procedure is amended to read:

473. The court may, in furtherance of justice, and on such terms as may be proper, allow a party to amend any pleading or proceeding by adding or striking out the name of any party, or by correcting a mistake in the name of a party, or a mistake in any other respect; and may, upon like terms, enlarge the time for answer or demurrer. The court may likewise, in its discretion, after notice to the adverse party, allow, upon such terms as may be just, an amendment to any pleading or proceeding in other particulars; and may upon like terms allow an answer to be made after the time limited by this code.

When it appears to the satisfaction of the court that the amendment renders it necessary, the court may postpone the trial, and may, when the postponement will by the amendment be rendered necessary, require, as a condition to the amendment, the payment to the adverse party of such costs as may be just.

The court may, upon such terms as may be just, relieve a party or his or her legal representative from a judgment, order, or other proceeding taken against him or her through his or her mistake, inadvertence, surprise, or excusable neglect. Application for this relief shall be accompanied by a copy of the answer or other pleading proposed to be filed therein, otherwise the application shall not be granted, and shall be made within a reasonable time, in no case exceeding six months, after the judgment, order or proceeding was taken; provided, however, that, in the case of a judgment, order or other proceeding determining the ownership or right to possession

of real or personal property, without extending the six-months period, when a notice in writing is personally served within the State of California both upon the party against whom the judgment, order or other proceeding has been taken, and upon his or her attorney of record, if any, notifying that party and his or her attorney of record, if any, that the order, judgment or other proceeding was taken against him or her and that any rights the party has to apply for relief under the provisions of Section 473 of the Code of Civil Procedure shall expire 90 days after service of the notice, then the application shall be made within 90 days after service of the notice upon the defaulting party or his or her attorney of record, if any, whichever service shall be later. No affidavit or declaration of merits shall be required of the moving party. Notwithstanding any other requirements of this section, the court shall, whenever an application for relief is made no more than six months after entry of judgment, is in proper form, and is accompanied by an attorney's sworn affidavit attesting to his or her mistake, inadvertence, surprise, or neglect, vacate any (1) resulting default entered by the clerk against his or her client, and which will result in entry of a default judgment, or (2) resulting default judgment entered against his or her client, unless the court finds that the default was not in fact caused by the attorney's mistake, inadvertence, surprise, or neglect. The court shall, whenever relief is granted based on an attorney's affidavit of fault, direct the attorney to pay reasonable compensatory legal fees and costs to opposing counsel or parties.

Whenever the court grants relief from a default or default judgment based on any of the provisions of this section, the court may: (1) impose a penalty of no greater than one thousand dollars ($1,000) upon an offending attorney or defaulting party, (2) direct that an offending attorney pay an amount no greater than one thousand dollars ($1,000) to the State Bar Client Security Fund or (3) grant such other relief as is appropriate.

However, where the court grants relief from a default or default judgment pursuant to this section based upon the affidavit of the defaulting party's attorney attesting to the attorney's mistake, inadvertence, surprise, or neglect, the relief shall not be made conditional upon the attorney's payment of compensatory legal fees or costs or monetary penalties imposed by the court or upon compliance with other sanctions ordered by the court.

The court may, upon motion of the injured party, or its own motion, correct clerical mistakes in its judgment or orders as entered, so as to conform to the judgment or order directed, and may, on motion of either party after notice to the other party, set aside any void judgment or order.

CHAPTER 1004

An act to amend Sections 3068.1 and 3070 of the Civil Code, and to amend Sections 22513 and 22658 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 3068.1 of the Civil Code is amended to read:

3068.1. (a) Every person has a lien dependent upon possession for the compensation to which the person is legally entitled for towing or storage of any vehicle subject to registration which has been authorized to be removed by a public agency. The lien is deemed to arise on the date of possession of the vehicle. Possession is deemed to arise when the vehicle is removed and is in transit. A person seeking to enforce a lien for the storage and safekeeping of a vehicle shall impose no charge exceeding that for one day of storage if, 24 hours or less after the vehicle is placed in storage, a request is made for the release of the vehicle. If the request is made more than 24 hours after the vehicle is placed in storage, charges may be imposed on a full, calendar-day basis for each day, or part thereof, that the vehicle is in storage.

(b) If the vehicle has been determined to have a value of over three hundred dollars ($300) pursuant to Section 22670 of the Vehicle Code, but not exceeding one thousand dollars ($1,000), the lien shall be satisfied pursuant to Section 3072. Lien-sale proceedings pursuant to this chapter shall commence within 15 days of the date the lien arises. No storage shall accrue beyond the 15-day period unless lien-sale proceedings have commenced.

(c) If the vehicle has been determined to have a value exceeding one thousand dollars ($1,000) pursuant to Section 22670 of the Vehicle Code, the lien shall be satisfied pursuant to Section 3071. The storage lien may be for a period not exceeding 60 days or, if an application for an authorization to conduct a lien-sale has been filed pursuant to Section 3071 within 30 days after the lien arises, a period not exceeding 120 days.

SEC. 2. Section 3070 of the Civil Code is amended to read:

3070. (a) Whenever the possessory lien upon any vehicle is lost through trick, fraud, or device, the repossession of the vehicle by the lienholder revives the possessory lien but any lien so revived is subordinate to any right, title, or interest of any person under any sale, transfer, encumbrance, lien, or other interest acquired or secured in good faith and for value between the time of the loss of possession and the time of repossession.

(b) It is a misdemeanor for any person to obtain possession of any vehicle or any part thereof subject to a lien pursuant to the provisions

of this chapter by trick, fraud, or device.

(c) It is a misdemeanor for any person claiming a lien on a vehicle to knowingly violate any provisions of this chapter.

(d) (1) Any person who improperly causes a vehicle to be towed or removed in order to create or acquire a lienhold interest enforceable under this chapter, or who violates subdivision (c), shall forfeit all claims for towing, removal, or storage, and shall be liable to the owner or lessee of the vehicle for the cost of removal, transportation, and storage, damages resulting from the towing, removal, transportation, or storage of the vehicle, attorneys' fees, and court costs.

(2) For purposes of this subdivision, "improperly causing a vehicle to be towed or removed" includes, but is not limited to, engaging in any of the following acts, the consequence of which is the towing or removal of a vehicle:

(A) Failure to comply with Section 10650, 10652.5, or 10655 of the Vehicle Code.

(B) Misrepresentation of information described in subdivision (b) of Section 10650 of the Vehicle Code.

(E) Failure by the owner or operator of a facility used for the storage of towed vehicles to display, in plain view at all cashiers' stations, a sign not less than 17 by 22 inches in size with lettering not less than one inch in height, disclosing all storage fees and charges in force, including the maximum daily storage rate.

(b) It is a misdemeanor for the owner or operator of a tow truck

to stop at the scene of an accident or near a disabled vehicle for the purpose of soliciting an engagement for towing services, either directly or indirectly, or to furnish any towing services, unless summoned to the scene, requested to stop, or flagged down by the owner or operator of a disabled vehicle or requested to perform the service by a law enforcement officer or public agency pursuant to that agency's procedures.

(c) It is a misdemeanor for the owner or operator of a tow truck to move any vehicle from a highway, street, or public property without the express authorization of the owner or operator of the vehicle or a law enforcement officer or public agency pursuant to that agency's procedures, when the vehicle has been left unattended or when there is an injury as the result of an accident.

The owner or operator of such a vehicle may contact a law enforcement agency or other public agency on behalf of a motorist, but may not refer a motorist to a tow truck owner or operator, unless the motorist is a member of the motor club, the motorist is referred to a tow truck owner or operator under contract to the motor club, and, if there is a dispatch facility which services the area and is owned or operated by the motor club, the referral is made through that dispatch facility.

(2) A tow truck operator employed by a law enforcement agency or other public agency.

(3) A tow truck owner or operator acting under contract with a law enforcement or other public agency to abate abandoned vehicles, or to provide towing service or emergency road service to motorists while involved in freeway service patrol operations, to the extent authorized by law.

SEC. 4. Section 22658 of the Vehicle Code is amended to read:

22658. (a) Except as provided in Section 22658.2, the owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a vehicle parked on the property to the nearest public garage under any of the following circumstances:

(1) There is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, and the sign may also indicate that a citation may also be issued for the violation.

(2) The vehicle has been issued a notice of parking violation, and 96 hours have elapsed since the issuance of that notice.

(3) The vehicle is on private property and lacks an engine, transmission, wheels, tires, doors, windshield, or any other major part or equipment necessary to operate safely on the highways, the owner or person in lawful possession of the private property has notified the city police or county sheriff, as appropriate, and 24 hours have elapsed since that notification.

(4) The lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.

(b) The person causing removal of the vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner of the vehicle, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to comply with paragraph (1), (2), or (3) of subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).

(f) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company

that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle and (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

(h) A towing company may impose a charge of not more than one-half of the regular towing charge for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property. The regular towing charge may only be imposed after the vehicle has been removed from the property and is in transit.

(i) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than that which would have been charged for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company in the city or county in which is located the private property from which the vehicle was, or was attempted to be, removed.

If a request to release a vehicle is made within eight hours from the time the vehicle is brought into the storage facility, regardless of the calendar date, the storage charge shall be for only one day. Not more than one day's storage charge may be required for any vehicle released the same day that it is stored.

(j) Any person who charges a vehicle owner a towing, service, or storage charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.

(k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank credit card or cash for payment of towing and storage by a registered owner or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient moneys on the premises to accommodate, and make change in, a reasonable monetary transaction.

Credit charges for towing and storage services shall comply with Section 1748.1 of the Civil Code. Law enforcement agencies may include the costs of providing for payment by credit when making agreements with towing companies as described in subdivision (i).

(*l*) (1) A towing company shall not remove a vehicle from private property without first obtaining written authorization from the property owner or lessee, or an employee or agent thereof, who shall be present at the time of removal. General authorization to remove vehicles at the towing company's discretion shall not be delegated to a towing company or its affiliates except in the case of a vehicle unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or

exit from, the private property.

(2) If a towing company removes a vehicle without written authorization and that vehicle is unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or exit from, the private property, the towing company shall take, prior to the removal of that vehicle, a photograph of the vehicle which clearly indicates that parking violation. The towing company shall keep one copy of the photograph taken pursuant to this paragraph, and shall present that photograph to the owner or an agent of the owner, when that person claims the vehicle.

(3) Any towing company, or any affiliate of a towing company, which removes a vehicle from private property without first obtaining written authorization from the property owner or lessee, or an employee or agent thereof, who is present at the time of removal, except as permitted by paragraph (1), is liable to the owner of the vehicle for four times the amount of the towing and storage charges, in addition to any applicable criminal penalty, for a violation of paragraph (1).

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1005

An act to amend Sections 10479, 10479.5, 10480, 10481, 10489.2, 10489.3, 10489.4, 10489.5, 10489.7, and 10489.8 of, to amend and renumber Section 10489.10 of, and to add Sections 10489.15 and 10489.95 to, the Insurance Code, relating to insurance, and making an appropriation therefor.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 10479 of the Insurance Code is amended to read:

10479. The commissioner shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment

contracts of every admitted life insurer, except that in the case of an alien insurer such valuation shall be limited to its insurance transactions in the United States, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in the calculation of such reserves. In calculating such reserves, he or she may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien insurer, he or she may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

SEC. 2. Section 10479.5 of the Insurance Code is amended to read:

10479.5. When the commissioner has valued the reserve liabilities of an insurer as provided by this article, he or she may upon request of the insurer issue his or her official certificate or certificates describing the reserve liability and the valuation thereof as he or she has determined. For issuing an original certificate, the commissioner shall require, in advance, a fee as specified by the commissioner in lawful money of the United States, plus the actual cost to the department of making the valuation on which the certificate is based including, but not limited to, the aggregate salaries computed on an hourly basis for the time actually spent thereon by all of the department personnel.

SEC. 3. Section 10480 of the Insurance Code is amended to read:

10480. On or before the first day of March of each year every domestic incorporated life insurer shall furnish the commissioner the necessary data for determining the valuation of all its policies outstanding on the last preceding thirty-first of December.

SEC. 4. Section 10481 of the Insurance Code is amended to read:

10481. Every admitted foreign life insurer shall, upon the written demand of the commissioner, furnish him or her, at such time as he designates, the requisite data for determining the valuation of all its policies then outstanding.

SEC. 5. Section 10489.15 is added to the Insurance Code, to read:

10489.15. (a) Every life and disability insurer doing business in this state shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by regulation are computed appropriately, are based on assumptions that satisfy contractual provisions, are consistent with prior reported

amounts, and comply with applicable laws of this state. The commissioner, by regulation, shall define the specifics of this opinion and add any other items deemed to be necessary to its scope.

(b) (1) Every life and disability insurer, except as exempted by or pursuant to regulation, shall also annually include in the opinion required by subdivision (a), an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by regulation, when considered in light of the assets held by the insurer with respect to the reserves and related actuarial items, including, but not limited to, the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the insurer's obligations under the policies and contracts, including, but not limited to, the benefits under and expenses associated with the policies and contracts.

(2) The commissioner may provide by regulation for a transition period for establishing any higher reserves that the qualified actuary may deem necessary in order to render the opinion required by this section.

(c) The opinion required by either subdivision (a) or subdivision (b) shall be governed by all of the following provisions:

(1) The opinion shall be submitted with the annual statement reflecting the valuation of the reserve liabilities for each year ending on or after December 31, 1992.

(2) The opinion shall apply to all business in force, including individual and group life and disability insurance, in form and substance acceptable to the commissioner as specified by regulation.

(3) The opinion shall be based on standards adopted from time to time by the Actuarial Standards Board and on any additional standards that the commissioner may by regulation prescribe.

(4) In the case of an opinion required to be submitted by a foreign or alien insurer, the commissioner may accept the opinion filed by that insurer with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to an insurer domiciled in this state.

(5) For the purposes of this section, "qualified actuary" means a member in good standing of the American Academy of Actuaries who meets the requirements set forth in regulations of the commissioner.

(6) The qualified actuary shall be liable for damages to any person caused by his or her negligence or other tortious conduct for any act, error, omission, decision, or conduct with respect to the actuary's opinion.

(7) Disciplinary action by the commissioner against the insurer or the qualified actuary shall be defined in regulations by the commissioner.

(8) (A) Any memorandum or other material submitted by the insurer to the commissioner in support of the opinion shall be kept

confidential by the commissioner and shall not be made public, provided, however, that the memorandum or the other material may be released by the commissioner (i) to any party, with the written consent of the insurer, or (ii) to the American Academy of Actuaries upon the academy's written request and statement that the memorandum or the material is required for professional disciplinary proceedings and that the academy will observe procedures satisfactory to the commissioner to preserve the confidentiality of the memorandum or the other material. The entirety of the confidential memorandum shall lose its confidential status on the occurrence of any of the following events: the citation of any part of the confidential memorandum by the insurer in its marketing efforts, the citation of any part of the confidential memorandum by the insurer before any governmental agency other than a state insurance department, or the release of any part of the confidential memorandum by the insurer to any news medium.

(B) Notwithstanding subparagraph (A), the confidential memorandum shall be subject to subpoena (i) on the commissioner's consent, or (ii) after notice to the commissioner and all other interested parties and a hearing in which the superior court determines that (I) the need for the subpoena outweighs the interests of the insurer or actuary in preventing release of the confidential memorandum and the other material, and (II) the public interest and any ongoing investigation or proceeding conducted by the commissioner will not be unnecessarily jeopardized by compliance with the subpoena.

(d) The opinion required by subdivision (b) shall be governed by all of the following provisions:

(1) A memorandum, in form and substance acceptable to the commissioner as specified by regulation, shall be prepared to support each actuarial opinion.

(2) If the insurer fails to provide a supporting memorandum at the request of the commissioner within a period specified by regulation or the commissioner determines that the supporting memorandum provided by the insurer fails to meet the standards prescribed by the regulations or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the insurer to review the opinion and the basis for the opinion and prepare supporting memorandum as is required by the commissioner.

SEC. 6. Section 10489.2 of the Insurance Code is amended to read:

10489.2. Except as otherwise provided in Sections 10489.3, 10489.4, and 10489.95, the minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation methods defined in Sections 10489.5, 10489.6, 10489.9, and 10489.95, 3½ percent per annum interest, except that the interest specified in subdivisions (c) and (d) may be used for certain annuity and pure endowment contracts, 4 percent per annum interest for

10489.3. Except as provided in Section 10489.4, the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the compliance date of Section 10489.3, and for all annuities and pure endowments purchased on or after the compliance date of Section 10489.3, under group annuity and pure endowment contracts, shall be the commissioners reserve valuation methods defined in Sections 10489.5 and 10489.6, and the following tables and interest rates:

(d) For all annuities and pure endowments purchased prior to

(e) For all annuities and pure endowments purchased on or after January 1, 1980, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the Group Annuity Mortality Table for 1971 or any group annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of these tables approved by the commissioner, and 7½ percent per annum interest.

SEC. 8. Section 10489.4 of the Insurance Code is amended to read:

10489.4. (a) The interest rates used in determining the minimum standard for the valuation of all life insurance policies issued in a particular calendar year, on or after the operative date of Section 10163.2, all individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982, all annuities and pure endowments purchased in a particular calendar year on or after January 1, 1982, under group annuity and pure endowment contracts, and the net increase, if any, in a particular calendar year after January 1, 1982, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in subdivision (b).

(b) (1) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of 1 percent:

(A) For life insurance:

$$I = .03 + W\ (R_1 - .03) + W/2\ (R_2 - .09)$$

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W (R - .03)$$

Where
R_1 is the lesser of R and .09,
R_2 is the greater of R and .09,
R is the reference interest rate defined in subdivision (d) or (e) of this section, and
W is the weighting factor defined in subdivision (c) of this section.

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (B), the formula for life insurance stated in (A) shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of 10 years and the formula for single premium immediate annuities stated in (B) shall apply to annuities and guaranteed interest contracts with guarantee duration of 10 years or less.

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in (B) shall apply.

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, the formula for single premium immediate annuities stated in (B) shall apply.

(2) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of 1 percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of the operative date of Section 10163.2.

(c) Weighting Factors.

(1) The weighting factors referred to in the formulas stated above are given in the following tables:

(A) Weighting Factors for Life Insurance:

Guarantee Duration (Years)	Weighting Factors
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(B) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options:

.80

(C) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in (B), shall be as specified in tables (i), (ii), and (iii) below, according to the rules and definitions in (iv), (v), and (vi):

(i) For annuities and guaranteed interest contracts valued on an issue year basis:

Guarantee Duration (Years)	Weighting Factor for Plan Type A	B	C
5 or less	.80	.60	.50
More than 5, but not more than 10	.75	.60	.50
More than 10, but not more than 20	.65	.50	.45
More than 20	.45	.35	.35

(ii) For annuities and guaranteed interest contracts valued on a change-in-fund basis, the factors shown in (i) above increased by:	.15	.25	.05

(iii) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change-in-fund basis which do not guarantee interest rates on considera-

tions received more than 12 months beyond the valuation date, the factors shown in (i) or derived in (ii) increased by:	.05	.05	.05

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of 20 years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) as an immediate life annuity, or (4) no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either (1) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change-in-fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change-in-fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the

annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(d) The reference interest rate referred to in subdivision (b) of this section shall be defined as follows:

(1) For all life insurance, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year next preceding the year of issue, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(2) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(3) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee duration in excess of 10 years, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee duration of 10 years or less, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(5) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, except as stated in (2) above, the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc.

(e) In the event that the Monthly Average of the Composite Yield on Seasoned Corporate Bonds is no longer published by Moody's Investors Service, Inc., or in the event that the National Association of Insurance Commissioners, or its successor, determines that Moody's Corporate Bond Yield Average—Monthly Average

Corporates as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners, or its successor, and approved by regulation promulgated by the commissioner, may be substituted.

(f) This section shall apply to all certificates and contracts issued by a fraternal benefit society.

SEC. 9. Section 10489.5 of the Insurance Code is amended to read:

10489.5. Except as otherwise provided in Sections 10489.6, 10489.9, and 10489.95, reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) of (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; except that such net level annual premium shall not exceed the net level annual premium, on the 19-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one-year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in Section 10489.9, be the greater of the reserve as of such policy anniversary calculated as described in the first paragraph of this section and the reserve as of such policy anniversary calculated as described in the first paragraph

of this section, but with (i) the value defined in subparagraph (a) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Sections 10489.2 and 10489.4 shall be used.

Reserves according to the commissioners reserve valuation method for (1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; (3) disability and accidental death benefits in all policies and contracts; and (4) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of the preceding paragraphs of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

SEC. 10. Section 10489.7 of the Insurance Code is amended to read:

10489.7. (a) In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, be less than the aggregate reserves calculated in accordance with the methods set forth in Sections 10489.5, 10489.6, 10489.9, and 10489.93 and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

(b) In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by Section 10489.15.

SEC. 11. Section 10489.8 of the Insurance Code is amended to read:

10489.8. Reserves for any category of policies, contracts or benefits as established by the commissioner may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the

corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard provided in this article may, with the approval of the commissioner, adopt any lower standard of valuation, but not lower than the minimum provided in this article. However, for the purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by Section 10489.15 shall not be deemed to be the adoption of a higher standard of valuation.

SEC. 12. Section 10489.10 of the Insurance Code is amended and renumbered to read:

10489.93. In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in Sections 10489.5, 10489.6, and 10489.9, the reserves which are held under any such plan must:

(a) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and

(b) Be computed by a method which is consistent with the principles of this Standard Valuation Law, as determined by regulations promulgated by the commissioner.

(c) Nothing contained in this section shall be construed as requiring or providing for the prior approval by the commissioner of individual life insurance policy forms prior to the time such policy forms are marketed, issued, delivered, or used in this state.

Notwithstanding any other provision in the laws of this state, any policy, contract, or certificate providing life insurance under any such plan must be filed with the commissioner before it can be marketed, issued, delivered or used in this state.

SEC. 13. Section 10489.95 is added to the Insurance Code, to read:

10489.95. The commissioner shall adopt a regulation concerning the minimum standards applicable to the valuation of disability insurance.

CHAPTER 1006

An act to amend Sections 1156, 1156.5, 1163, 1165, and 1190 of the Harbors and Navigation Code, relating to pilots, and making an appropriation therefor.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1156 of the Harbors and Navigation Code is amended to read:

1156. The board may appoint, fix the compensation of, and from time to time adjust the compensation of, an executive director who is exempt from the civil service laws, an administrative assistant/secretary, and other employees as may be necessary.

SEC. 2. Section 1156.5 of the Harbors and Navigation Code, as amended by Chapter 282 of the Statutes of 1991, is amended to read:

1156.5. The executive director shall serve at the pleasure of the board and shall be under the direct supervision of the board. The term of office to which the executive director is appointed is five years. The first person appointed to the position of executive director shall be initially appointed by a vote of at least four members of the board. Following the initial appointment, the executive director and subsequent executive directors may be appointed, reappointed, or removed from office only by a vote of at least four members of the board, including at least one industry member, one pilot member, and one public member. The board may delegate to the executive director any of the following functions:

(a) The administration of personnel employed by the board, in accordance with the civil service laws.

(b) To serve as treasurer of the board and keep, maintain, and provide the board with all statements of accounts, records of receipts, and disbursements of the board in accordance with law.

(c) The issuance and countersigning of licenses, which shall also be signed by the president of the board.

(d) The administration of matters and the maintenance of files pertaining to actions taken against licenses issued by the board.

(e) The investigation of and reporting on a navigational incident or other matter for which a license issued by the board may be revoked or suspended.

(f) To work with the pilot evaluation committee to recommend to the board improvements in the pilot training program.

(g) Under the direction of the board, to coordinate with other state and federal agencies charged with protecting the environment and with the oil and hazardous chemical shipping industry.

(h) Any other function, task, or duty as may reasonably be assigned by the president of the board, including, but not limited to,

performing research and obtaining documents and other evidence for board activities, including rate hearings.

SEC. 3. Section 1163 of the Harbors and Navigation Code is amended to read:

1163. (a) (1) Each retired or disabled pilot shall receive, as a monthly pension, that amount which is one hundred forty-four dollars ($144) multiplied by the number of full years of service he or she performed as a pilot licensed under this division.

(2) A pilot who retires or becomes disabled shall not begin to receive his or her pension until the benefit year next following the date on which he or she retires or becomes disabled.

(3) No retired pilot shall receive benefits pursuant to the pension plan in any benefit year unless his or her resignation as an active pilot specifying a proposed date of retirement was submitted, in writing, to the board, prior to December if his or her retirement is to be effective the first day of the following January or prior to June if his or her retirement is to be effective the first day of the following July. His or her resignation shall become effective on either January 1 or July 1 as specified in the written resignation.

(4) If a retired or disabled pilot who is receiving a pension dies without a surviving spouse, the successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(b) (1) The surviving spouse of a deceased pilot who would be eligible for a pension pursuant to subdivision (c) of Section 1164 shall receive, as a monthly pension, three-fourths of the amount that his or her deceased spouse would have received as a pension pursuant to this section had he or she lived.

(2) If a retired or disabled pilot receiving a pension dies, the surviving spouse shall continue to receive the full pension to which his or her deceased spouse was entitled for the balance of the benefit year, after which he or she shall receive the amount specified in paragraph (1).

(3) When a surviving spouse receiving a pension dies, his or her successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(c) For the purposes of the computations described in paragraph (1) of subdivision (a), six months or more of service by a pilot shall be considered a full year.

SEC. 4. Section 1165 of the Harbors and Navigation Code is amended to read:

1165. (a) In addition to, and concurrently with, the basic pilotage rate described in Section 1190, a charge shall be levied for pilotage services at a rate necessary to provide the benefits to be paid out pursuant to the pension plan. The additional rate shall be determined as follows:

(1) On December 1 and June 1 of each year, the number of persons eligible to receive benefits under the plan, their identities, the amount each shall be entitled to receive, and the total amount

to be paid out to all such persons during each month of the next six-month period shall be determined by the fiduciary agent.

(2) After the total amount to be paid out monthly under the plan has been determined, the rate necessary to provide that amount each month shall be calculated. The rate shall be based upon the volume of shipping, in gross registered tons, handled by pilots licensed under this division for the 12-month periods ending the previous September 30 and the previous March 31, respectively. The rate shall be expressed as mills per gross registered ton and shall be calculated to the nearest one-hundredth of a mill.

(3) Based on the above calculations, if the total amount to be paid out yearly exceeds one million dollars ($1,000,000), the rate shall be established so that the pension plan shall produce maximum revenues of one million dollars ($1,000,000) per year, and the benefits shall be reduced accordingly.

(b) The rate determined pursuant to paragraphs (1), (2), and (3) of subdivision (a) shall become effective on January 1 of the following year with respect to the September 30 calculations, and on July 1 of that year with respect to the March 31 calculations, and shall be in effect for the succeeding six-month period.

(c) Revenues for any month or year are the amounts to be received pursuant to the pension plan for pilotages during that month or year.

(d) Benefits pursuant to the new rate calculations shall be paid commencing in February and August of each year and shall continue through, and include, July of the same year and January of the following year. The period during which benefits are paid is the benefit year.

SEC. 5. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 49.20 mills per high gross registered ton. This additional charge of 49.20 mills may be augmented in accordance with either or both of the following:

(A) There shall be an incremental rate of 0.68 additional mill for each pilot appointed by the board in excess of 56 pilots.

(B) There shall be an incremental rate of 0.46 additional mill for each one hundred thousand dollars ($100,000) authorized by the board specifically for the pilot's cost of obtaining a new pilot boat.

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a

pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter's Point to the south. The rate for pilotage to or from the high seas to or from a point past the Southern Pacific Bridge or Hunter's Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

CHAPTER 1007

An act to repeal Section 895 of the Civil Code, and to add and repeal Section 1161.2 of the Code of Civil Procedure, relating to real property.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) It is the policy of the State of California to promote open access to public records. It is in the interest of the public to assure, to the greatest extent possible, that there is open public access to court records, including civil case files.

(2) It is the policy of this state that access to public records be limited or restricted only under compelling circumstances.

(3) There exists in the State of California a crisis due to unscrupulous eviction defense services which utilize records of court filings in civil cases to solicit and defraud tenants.

(4) Unscrupulous eviction defense services function by reviewing the previous day's filings of unlawful detainer actions each day. Representatives arrive at the tenant's door long before the tenant is served with the summons and complaint. Clients are solicited with promises of two to seven months of rent-free living. Fraudulent bankruptcies and false "Arrieta" claims are often filed, without the client's informed consent. Tenants are rarely advised of their rights and legal options.

(5) Unscrupulous eviction defense services cause delay in evictions by filing defective or fraudulent pleadings which may eventually result in unfair judgments against tenants. The result of

these actions may cause economic harm to landlords, lead to increased rental rates, and contribute to increases in homelessness and other economic hardships for both landlords and tenants.

(6) There are many law firms and organizations, such as those funded by the federal Legal Services Corporation, which provide competent, thorough, and ethical legal advice and representation to tenants. These organizations do not find it necessary to solicit clients at their homes but instead respond to requests for legal assistance.

(7) Because of the proliferation of unscrupulous eviction defense services and the labor-intensive nature of criminal investigations, criminal prosecution has not successfully deterred this activity.

(8) The denial of public access to court files in unlawful detainer cases for the first 30 days after the complaint is filed would have a minimal impact on the public's right to inspect court records. However, it would be a significant impediment to unscrupulous eviction defense services whose ability to recruit clients depends upon early access to the tenant at a time when the tenant has not had the opportunity to seek proper legal counseling.

(9) The following are goals of the Legislature, in enacting this act:

(A) To reduce the number of pleadings and "Arrieta" claims which are incorrectly completed or contain false or fraudulent information.

(B) To reduce the number of bankruptcy claims which are filed while an unlawful detainer action is pending against the person filing for bankruptcy.

(C) To ensure that those with good cause, including, but not limited to, newspaper publishers, continue to have reasonable access to court files.

(b) It is the intent of the Legislature to create a narrow exception to the important policy that the public should have free and open access to court files. Because of the crisis caused by unscrupulous eviction defense services, it is necessary to restrict public access to files during the first 30 days after an unlawful detainer action is filed. It is the further intent of the Legislature that this exception not be expanded to cover long periods of time and that it not be extended to cover other types of cases.

SEC. 2. Section 895 of the Civil Code is repealed.

SEC. 3. Section 1161.2 is added to the Code of Civil Procedure, to read:

1161.2. (a) In any case filed under this chapter, the clerk of a court shall not allow access to the court file, index, register of actions, or other court records until 30 days following the date the complaint is filed, except pursuant to an ex parte court order upon a showing of good cause therefor. However, the clerk of the court shall allow access to the court file to a party in the action, an attorney of a party in the action, or any other person who (1) provides to the clerk the names of at least one plaintiff, one defendant, and the address, including the apartment, unit, or space number, if applicable, of the subject premises, or (2) provides to the clerk the name of one of the

parties or the case number and can establish through proper identification that he or she resides at the subject premises.

(b) For purposes of this section "good cause" includes, but is not limited to, the gathering of newsworthy facts by a person described in Section 1070 of the Evidence Code. It is the intent of the Legislature that a simple procedure be established to request the ex parte order described in subdivision (a).

(c) Upon the filing of any case so restricted, the clerk of the court shall mail notice to each defendant named in the action. The notice shall be mailed to the address provided in the complaint. The notice shall contain a statement that an unlawful detainer complaint (eviction action) has been filed naming that party as a defendant, and that access to the court file will be delayed for 30 days except to a party, an attorney for one of the parties, or any other person who (1) provides to the clerk the names of at least one plaintiff and one defendant in the action and provides to the clerk the address, including any applicable apartment, unit, or space number, of the subject premises, or (2) provides to the clerk the name of one of the parties in the action or the case number and can establish through proper identification that he or she lives at the subject premises. The notice shall also contain a statement that access to the court index, register of actions, or other records is not permitted until 30 days after the complaint is filed, except pursuant to an ex parte order upon a showing of good cause therefor. The notice shall contain on its face the name and phone number of the county bar association and the name and phone number of an office funded by the federal Legal Services Corporation which provides legal services to low-income persons in the county in which the action is filed. The notice shall state that these numbers may be called for legal advice regarding the case. The notice shall be issued between 24 and 48 hours of the filing of the complaint, excluding weekends and holidays. One copy of the notice shall be addressed to "all occupants" and mailed separately to the subject premises. The notice shall not constitute service of the summons and complaint.

(d) Notwithstanding any other provision of law, the court shall, upon adoption of a resolution by the board of supervisors requiring such a fee, charge an additional fee for filing a first appearance by the plaintiff in an amount equal in the aggregate to the actual cost of complying with this section, but which shall not exceed a maximum of four dollars ($4). This fee shall be included as part of the total filing fee for actions filed under this chapter.

(e) This section shall operate as a three-year pilot project applicable only to the municipal courts in the San Diego Judicial District and the Counties of Los Angeles, Orange, and Alameda.

(f) (1) The Judicial Council of California shall consult with the presiding judges of the municipal courts in the pilot counties after two years to determine if there has been a reduction in the filing of false or defective pleadings in those courts. The Judicial Council shall also consult with the presiding judges of the bankruptcy courts in

those jurisdictions to determine if the pilot project has resulted in a decrease in the filing of bankruptcies by tenant defense services. The Judicial Council shall report its findings and recommendations to the Legislature on or before February 1, 1994.

(2) The pilot project shall be deemed a success if it does both of the following:

(A) Reduces, in the view of presiding judges of the municipal courts involved in the project, the number of pleadings or "Arrieta" claims which are incorrectly completed or contain false or fraudulent information by at least 15 percent, or reduces the number of bankruptcy cases which are filed while an unlawful detainer action is pending against the person who files the bankruptcy by at least 15 percent.

(B) Ensures that those with good cause, including, but not limited to, newspaper publishers have access to files.

The Judicial Council shall examine the extent to which requests for access to files are granted or denied, and, if denied, the reason for the denial of access.

(g) This section shall be repealed on January 1, 1995 unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1008

An act to amend Sections 1871 and 1871.1 of, and to add Sections 1872.85, 1872.95 to, the Insurance Code, relating to insurance.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1871 of the Insurance Code, as added by Chapter 116 of the Statutes of 1991, is amended to read:

1871. The Legislature finds and declares as follows:

(a) That the business of insurance involves many transactions which have potential for abuse and illegal activities. There are numerous law enforcement agencies on the state and local levels charged with the responsibility for investigating and prosecuting fraudulent activity. This chapter is intended to permit the full

utilization of the expertise of the commissioner and the department so that they may more effectively investigate and discover insurance frauds, halt fraudulent activities, and assist and receive assistance from federal, state, local, and administrative law enforcement agencies in prosecution of persons who are parties in insurance frauds.

(b) That insurance fraud is a particular problem for automobile policyholders; fraudulent activities account for 15 to 20 percent of all auto insurance payments. Automobile insurance fraud is the biggest and fastest growing segment of insurance fraud and contributes substantially to the high cost of automobile insurance with particular significance in urban areas.

(c) That prevention of automobile insurance fraud will significantly reduce the incidence of severity and automobile insurance claim payments and will therefore produce a commensurate reduction in automobile insurance premiums.

(d) That workers' compensation fraud harms employers by contributing to the increasingly high cost of workers' compensation insurance and self-insurance and harms employees by undermining the perceived legitimacy of all workers' compensation claims.

(e) That prevention of workers' compensation insurance fraud may reduce the number of workers' compensation claims and claim payments thereby producing a commensurate reduction in workers' compensation costs. Prevention of workers' compensation insurance fraud will assist in restoring confidence and faith in the workers' compensation system, and will facilitate expedient and full compensation for employees injured at the workplace.

(f) That health insurance fraud is a particular problem for health insurance policyholders. Although there are no precise figures, it is believed that fraudulent activities account for billions of dollars annually in added health care costs nationally. Health care fraud causes losses in premium dollars and increases health care costs unnecessarily.

SEC. 2. Section 1871.1 of the Insurance Code is amended to read:

(1) Knowingly present or cause to be presented any false or fraudulent claim for the payment of a loss, including payment of a loss under a contract of insurance.

(b) (1) Every person who violates paragraph (1), (2), (3), (4), (5), or (6) of subdivision (a) of this section is punishable by imprisonment in the state prison, for two, three, or five years, or by a fine not exceeding fifty thousand dollars ($50,000), or by both, unless the value of the fraud exceeds fifty thousand dollars ($50,000), in which event the fine may not exceed the value of the fraud.

(2) Every person who violates paragraph (7), (8), (9), or (10) of subdivision (a) of this section is guilty of a public offense.

(A) Where the claim or amount at issue exceeds four hundred dollars ($400), the offense upon conviction is punishable by imprisonment in the state prison for two, three, or five years, or by a fine not exceeding fifty thousand dollars ($50,000), or by both, unless the value of the fraud exceeds fifty thousand dollars ($50,000), in which event the fine may not exceed the value of the fraud, or by imprisonment in a county jail not to exceed one year or a fine of not more than one thousand dollars ($1,000), or both such fine and imprisonment.

(c) Notwithstanding any other provision of law, probation shall not be granted to, nor shall the execution or imposition of a sentence be suspended for, any adult person convicted of felony violations of

this section who has been previously convicted of felony violations of this section as an adult under charges separately brought and tried two or more times. The existence of any fact which would make a person ineligible for probation under this subdivision shall be alleged in the information or indictment, and either admitted by the defendant in an open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

Except where the existence of such fact was not admitted or found to be true or the court finds that a prior felony conviction was invalid, the court shall not strike or dismiss any prior felony convictions alleged in the information or indictment.

This subdivision does not prohibit the adjournment of criminal proceedings pursuant to Division 3 (commencing with Section 3000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(d) Any person who violates subdivision (a) and who has a prior felony conviction of the offense set forth in that subdivision or in Section 548 of the Penal Code, shall receive a two-year enhancement for each prior felony conviction in addition to the sentence provided in subdivision (b). The existence of any fact which would subject a person to a penalty enhancement shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(e) This section shall not be construed to preclude the applicability of any other provision of criminal law that applies or may apply to any transaction.

SEC. 3. Section 1872.85 is added to the Insurance Code, to read:

1872.85. Every admitted disability insurer or other entity liable for any loss due to health insurance fraud doing business in this state shall pay an annual fee to be determined by the commissioner, but not to exceed ten cents ($0.10) annually for each insured under an individual or group insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent health insurance claims. After incidental expenses, 50 percent of those funds received from the assessment fee per insured shall be distributed to the Bureau of Fraudulent Claims of the Department of Insurance for enhanced investigative efforts, and 50 percent of the funds shall be distributed to local district attorneys, according to population, for investigation and prosecution of health insurance fraud cases. The funds received under this section shall be deposited into the Insurance Fund and be expended and distributed when appropriated by the Legislature.

In the course of its investigation, the Bureau of Fraudulent Claims shall aggressively pursue all reported incidents of probable fraud and, in addition, shall forward to the appropriate disciplinary body

the names of any individuals licensed under the Business and Professions Code who are convicted of engaging in fraudulent activity along with all relevant supporting evidence.

SEC. 4. Section 1872.95 is added to the Insurance Code, to read:

1872.95. The commissioner shall prepare an annual report, which shall be a public record, with respect to the receipts, expenditures, and activities of the Bureau of Fraudulent Claims for the year just ended. The report shall be submitted to the Governor and to the Legislature no later than January 31 of the following year. This report shall not contain any individually identifiable information.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1009

An act to add Chapter 6.5 (commencing with Section 1781.1) to Part 2 of Division 1 of the Insurance Code, relating to insurance, and making an appropriation therefor.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.5 (commencing with Section 1781.1) is added to Part 2 of Division 1 of the Insurance Code, to read:

CHAPTER 6.5. REINSURANCE INTERMEDIARIES

1781.1. This chapter shall be known and may be cited as the Reinsurance Intermediary Act.

1781.2. As used in this chapter:

(a) "Actuary" means a person who is a member in good standing of the American Academy of Actuaries, the Casualty Actuarial Society, or the Society of Actuaries, and is qualified to sign statements of actuarial opinion on loss reserves.

(b) "Controlling person" means any person, firm, association, or corporation who directly or indirectly has the power to direct or cause to be directed, the management, control, or activities of a reinsurance intermediary.

(c) "Insurer" means any person, firm, association, or corporation admitted by the commissioner as an insurer in this state.

(d) "Licensed producer" means a licensed insurance agent, broker, or reinsurance intermediary.

(e) "Qualified United States financial institution" means an institution that meets all of the following criteria:

(1) Is organized or (in the case of a domestic office of a foreign banking organization) licensed, under the laws of the United States or any state thereof.

(2) Is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies.

(3) Has been determined by either the commissioner or the Securities Valuation Office of the National Association of Insurance Commissioners, to meet standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner.

(f) "Reinsurance intermediary" means a reinsurance intermediary-broker or a reinsurance intermediary-manager.

(g) "Reinsurance intermediary-broker" means any person, other than an officer or employee of the ceding insurer, firm, association, or corporation that solicits, negotiates, or places reinsurance cessions or retrocessions on behalf of a ceding insurer without the authority or power to bind reinsurance on behalf of that insurer.

(h) "Reinsurance intermediary-manager" means any person, firm, association, or corporation that has authority to bind, or manages all or part of the assumed reinsurance business of, a reinsurer (including the management of a separate division, department, or underwriting office) and acts as an agent for the reinsurer whether known as a reinsurance intermediary-manager, manager, or other similar term. However, "reinsurance intermediary-manager" does not include any of the following:

(1) An employee of the reinsurer.

(2) A domestic manager of a United States branch of an alien reinsurer.

(3) An underwriting manager that, pursuant to contract, manages all or any portion of the reinsurance operations of the reinsurer, that is under common control with the reinsurer, that is subject to Article 4.7 (commencing with Section 1215) of Chapter 2, and the compensation of which is not based on the volume of premiums written.

(4) The manager of a group, association, pool, or organization of insurers which engage in joint underwriting or joint reinsurance and that are subject to examination by the insurance regulatory agency or official of the state in which the manager's principal business office is located.

(i) "Reinsurer" means any person, firm, association, or corporation admitted in this state as an insurer with the authority to

assume reinsurance.

(j) "Violation" means the failure of a reinsurance intermediary, or an insurer or reinsurer for whom the reinsurance intermediary was acting, to comply with any provision of this chapter.

1781.3. (a) No person, firm, association, or corporation shall act as a reinsurance intermediary-broker in this state unless licensed as follows:

(1) If the reinsurance intermediary-broker maintains an office, (either directly or as a member or employee of a firm or association, or an officer, director, or employee of a corporation) in this state, the reinsurance intermediary-broker shall be a licensed producer in this state.

(2) If the reinsurance intermediary-broker does not maintain an office in this state, the reinsurance intermediary-broker shall be a licensed producer in this state or another state having a law substantially similar to this chapter or shall be licensed in this state as a nonresident reinsurance intermediary.

(b) No person, firm, association, or corporation shall act as a reinsurance intermediary-manager:

(1) For a reinsurer domiciled in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(2) In this state, if the reinsurance intermediary-manager maintains an office either directly or as a member or employee of a firm or association, or as an officer, director, or employee of a corporation in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(3) In another state for a nondomestic admitted insurer, unless the reinsurance intermediary-manager is a licensed producer in this state or in another state having a law substantially similar to this chapter or the person is licensed in this state as a nonresident reinsurance intermediary.

(c) The commissioner may require a reinsurance intermediary-manager subject to subdivision (b) to do both of the following:

(1) File a fidelity bond issued by an admitted surety in an amount determined by the commissioner for the protection of the reinsurer.

(2) Maintain an errors and omissions policy in an amount acceptable to the commissioner.

(d) (1) The commissioner may issue a reinsurance intermediary license to any person, firm, association, or corporation that has complied with the applicable requirements of this chapter. This license, when issued to a firm or association, authorizes all the members of the firm or association and any designated employees to act as reinsurance intermediaries under the license, and all these persons shall be named in the application and any supplements thereto. This license, when issued to a corporation, authorizes all of the officers, and any designated employees and directors thereof to act as reinsurance intermediaries on behalf of the corporation, and all these persons shall be named in the application and any

supplements thereto.

(2) If the applicant for a reinsurance intermediary license is a nonresident, it shall be a condition precedent to receiving or holding a license that (A) the applicant shall designate the commissioner as his or her agent for service of process in the manner, and with the same legal effect, provided for by this chapter for designation of service of process upon unauthorized insurers and (B) the applicant shall furnish the commissioner with the name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting the applicant as a nonresident reinsurance intermediary may be served. A licensee subject to this paragraph shall promptly notify the commissioner in writing of every change in its designated agent for service of process, and any change shall not become effective until acknowledged by the commissioner.

(3) Any application for licensure as a reinsurance intermediary under this subdivision shall be made on a form prescribed by the commissioner and shall be accompanied by an application fee of two hundred fifty dollars ($250).

(e) The commissioner may refuse to issue a reinsurance intermediary license if, in his or her judgment, the applicant, any person named on the application, or any member, principal, officer, or director of the applicant, is determined by the commissioner not to be trustworthy, or that any controlling person of the applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of a reinsurance intermediary license, or has failed to comply with any prerequisite for the issuance of such a license. Upon written request therefor, the commissioner shall furnish the applicant with a summary of the basis for refusal to issue a reinsurance intermediary license, which document shall not be subject to inspection as a public record.

(f) Licensed attorneys at law when acting in their professional capacity as such shall be exempt from this section.

(g) A reinsurance intermediary-manager, when acting in that capacity and in compliance with this chapter, shall not be required to separately comply with Article 5.4 (commencing with Section 769.80) of Chapter 1 (if added by Senate Bill 1039 of the 1991–92 Regular Session) in order to engage in conduct authorized by both this chapter and that article.

1781.4. Transactions between a reinsurance intermediary-broker and the insurer it represents in that capacity shall only be entered into pursuant to a written authorization specifying the responsibilities of each party. The authorization shall, at a minimum, contain provisions specifying all of the following rights and obligations:

(a) The insurer may terminate the reinsurance intermediary-broker's authority at any time.

(b) The reinsurance intermediary-broker shall render accounts to the insurer accurately detailing all material transactions, including

information necessary to support all commissions, charges, and other fees received by, or owing to, the reinsurance intermediary-broker, and remit all funds due to the insurer within 30 days of receipt.

(c) All funds collected for the insurer's account will be held by the reinsurance intermediary-broker in a fiduciary capacity in a bank which is a qualified United States financial institution.

(d) The reinsurance intermediary-broker will comply with Section 1781.5.

(e) The reinsurance intermediary-broker will comply with written standards established by the insurer for the cession or retrocession of all insured risks.

(f) The reinsurance intermediary-broker will disclose to the insurer any relationship with any reinsurer to which insured risk will be ceded or retroceded.

1781.5. (a) For at least 10 years after expiration of each contract of reinsurance transacted by a reinsurance intermediary-broker, the reinsurance intermediary-broker shall keep a complete record for each transaction, including all of the following:

(1) The type of contract, limits, underwriting restriction, classes or risks, and territory.

(2) The period of coverage, including effective and expiration dates, cancellation provisions, and the notice required for cancellation.

(3) Reporting and settlement requirements for balances.

(4) The rate used to compute the reinsurance premium.

(5) The names and addresses of assuming reinsurers.

(6) The rates of all reinsurance commissions, including the commissions on any retrocession, handled by the reinsurance intermediary-broker.

(7) Related correspondence and memoranda.

(8) Proof of placement.

(9) Details regarding retrocession handled by the reinsurance intermediary-brokers, including the identity of retrocessionaires and the percentage of each contract assumed or ceded.

(10) Financial records, including, but not limited to, premium and loss accounts.

(11) If the reinsurance intermediary-broker procures a reinsurance contract on behalf of an admitted ceding insurer directly from the assuming reinsurer, the record of the transaction shall include written evidence that the assuming reinsurer has agreed to assume the risk. If the reinsurance intermediary-broker procures a reinsurance contract on behalf of an admitted ceding insurer that is placed through a representative of the assuming reinsurer, other than an employee thereof, the record of the transaction shall include written evidence that the reinsurer has delegated binding authority to the representative.

(b) The insurer shall have access and the right to copy and audit all accounts and records maintained by the reinsurance intermediary-broker related to its business in a form usable by the

insurer.

1781.6. (a) An insurer shall not engage the services of any person, firm, association, or corporation to act as a reinsurance intermediary-broker on its behalf unless the person is licensed as required by subdivision (a) of Section 1781.3.

(b) An insurer may not employ an individual who is employed by a reinsurance intermediary-broker with which it transacts business unless the reinsurance intermediary-broker is under common control with the insurer and subject to Article 4.7 (commencing with Section 1215) of Chapter 2.

(c) The insurer shall annually obtain a copy of statements of the financial condition of each reinsurance intermediary-broker with which it transacts business.

1781.7. Transactions between a reinsurance intermediary-manager and the reinsurer it represents in that capacity shall only be entered into pursuant to a written contract specifying the responsibilities of each party and which shall be approved by the reinsurers's board of directors. Before a reinsurer assumes or cedes business through such a producer, a true copy of the approved contract shall be filed with the commissioner. The contract shall, at a minimum, contain provisions setting forth the following terms and conditions:

(a) The reinsurer may terminate the contract for cause upon written notice to the reinsurance intermediary-manager. The reinsurer may suspend the authority of the reinsurance intermediary-manager to assume or cede business during the pendency of any dispute regarding the cause for termination.

(b) The reinsurance intermediary-manager shall, not less than quarterly, render calendar-year-basis and underwriting-year-basis accounts to the reinsurer accurately detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the reinsurance intermediary-manager, and shall remit all funds due under the contract to the reinsurer on not less than a quarterly basis.

(c) All funds collected for the reinsurer's account shall be held by the reinsurance intermediary-manager in a fiduciary capacity in a bank the accounts of which are insured by an agency or instrumentality of the United States. The reinsurance intermediary-manager may retain no more than three months' estimated claims payment and allocated loss adjustment expenses. Unless the funds held for each reinsurer by the reinsurance intermediary-manager in the fiduciary account are reasonably and readily ascertainable from its books of account and records, and the bank's books of account and records, the reinsurance intermediary-manager shall maintain a separate bank account for each reinsurer that it represents. Notwithstanding the foregoing, the reinsurance intermediary-manager shall maintain a separate bank account for each reinsurer that it represents which is in receivership or liquidation or which the commissioner determines to be in an

impaired financial condition.

(d) For at least 10 years after expiration of each contract of reinsurance transacted by the reinsurance intermediary-manager, the reinsurance intermediary-manager shall keep a complete record for each transaction showing all of the following:

(1) The type of contract, limits, underwriting restrictions, classes or risks, and territory.

(2) The period of coverage, including effective and expiration dates, cancellation provisions and notice required for cancellation, and disposition of outstanding reserves on covered risks.

(3) The reporting and settlement requirements with respect to balances.

(4) The rate used to compute the reinsurance premium.

(5) The names and addresses of reinsurers.

(6) The rates of all reinsurance commissions, including the commissions on any retrocessions handled by the reinsurance intermediary-manager.

(7) Related correspondence and memoranda.

(8) Proof of placement.

(9) Details regarding retrocessions handled by the reinsurance intermediary-manager, as permitted by subdivision (d) of Section 1781.9, including the identity of retrocessionaires and the percentage of each contract assumed or ceded.

(10) Financial records, including, but not limited to, premium and loss accounts.

(11) If the reinsurance intermediary-manager places a reinsurance contract on behalf of a ceding insurer directly from the assuming reinsurer, written evidence that the assuming reinsurer has agreed to assume the risk. If the reinsurance intermediary-manager procures a reinsurance contract on behalf of an admitted ceding insurer that is placed through a representative of the assuming insurer, other than an employee thereof, written evidence that the reinsurer has delegated binding authority to the representative.

(e) The reinsurer shall have access and the right to copy all accounts and records maintained by the reinsurance intermediary-manager related to its business in a form usable by the reinsurer.

(f) The contract cannot be assigned in whole or in part by the reinsurance intermediary-manager.

(g) The reinsurance intermediary-manager shall comply with the written underwriting and rating standards established by the insurer for the acceptance, rejection, or cession of all risks.

(h) The contract shall set forth the rates, terms, and purposes of commissions, charges, and other fees which the reinsurance intermediary-manager may levy against the reinsurer.

(i) If the contract permits the reinsurance intermediary-manager to settle claims on behalf of the reinsurer, it shall contain all of the following provisions:

(1) All claims shall be reported to the reinsurer in a timely manner.

(2) A copy of the claim file shall be sent to the reinsurer at its request or as soon as it becomes known that the claim (A) has the potential to exceed the lessor of an amount determined by the commissioner or the limit set by the reinsurer, (B) involves a coverage dispute, (C) may exceed the reinsurance intermediary-manager's claims settlement authority, or (D) is open for more than six months, unless the reinsurer agrees in writing to waive this requirement, in which event the reinsurance intermediary-manager shall annually provide the reinsurer with an exhibit identifying and describing each open claim.

(3) All claim files will be joint property of the reinsurer and the reinsurer intermediary-manager. However, upon an order of liquidation of the reinsurer these files shall become the sole property of the reinsurer or its estate, except when the reinsurance intermediary-manager is also managing the claim files for other reinsurers. In that event the reinsurance intermediary-manager shall simultaneously and immediately provide the liquidator with copies of all the claim files. With respect to claim files pertaining solely to a reinsurer in liquidation, the reinsurance intermediary-manager shall have reasonable access to and the right to copy the files on a timely basis.

(4) Any settlement authority granted to the reinsurance intermediary-manager may be terminated for cause upon the reinsurer's written notice to the reinsurance intermediary-manager or upon the termination of the contract. The reinsurer may suspend the settlement authority during the pendency of the dispute regarding the cause of termination.

(j) If the contract provides for a sharing of interim profits by the reinsurance intermediary-manager, interim profits shall not be paid until one year after the end of each underwriting period for property business and five years after the end of each underwriting period for casualty business (or a later period set by the commissioner for specified lines of insurance) and not until the adequacy of reserves on remaining claims has been verified pursuant to subdivision (c) of Section 1781.9.

(k) The reinsurance intermediary-manager shall annually provide the reinsurer with a statement of its financial condition prepared by an independent certified accountant and annually shall provide the reinsurer with a certification from an independent certified public accountant that the reinsurance intermediary-manager's allocations of premiums and losses to the reinsurer have been made on a timely and proper basis.

(*l*) The reinsurer shall periodically and at least semiannually conduct an onsite review of the underwriting and claims processing operations of the reinsurance intermediary-manager.

(m) The reinsurance intermediary-manager shall disclose to the reinsurer any relationship it has with any insurer prior to ceding or

assuming any business with the insurer pursuant to the contract.

(n) Within the scope of its actual or apparent authority, the acts of the reinsurance intermediary-manager shall be deemed to be the acts of the reinsurer on whose behalf it is acting.

1781.8. The reinsurance intermediary-manager shall not do any of the following:

(a) Directly or indirectly receive any compensation for the placement of retrocessions on behalf of the reinsurer.

(b) Bind any retrocession which would increase the contractual limit made available to the reinsurance intermediary-manager by the reinsurer. However, the reinsurance intermediary-manager may bind retrocessions which reduce or limit the commitments made on behalf of the reinsurer by the reinsurance intermediary-manager. The reinsurance intermediary-manager shall promptly inform the reinsurer of the terms, conditions, and retrocessionaires of such a retrocession arranged for its account.

(c) Commit the reinsurer to participate in reinsurance syndicates.

(d) Appoint any producer without assuring that the producer is lawfully licensed to transact the type of reinsurance for which he or she is appointed.

(e) Without prior approval of the reinsurer, pay or commit the reinsurer to pay a claim, net of retrocessions, that exceeds the lesser of an amount specified by the reinsurer or 1 percent of the reinsurer's policyholders' surplus as of December 31 of the last complete calendar year.

(f) Collect any payment from a retrocessionaire or commit the reinsurer to any claim settlement with a retrocessionaire, without prior approval of the reinsurer. If prior approval is given, a report must be promptly forwarded to the reinsurer.

(g) Jointly employ an individual who is employed by the reinsurer, unless the reinsurance intermediary-manager is under common control with the reinsurer that is subject to Article 4.7 (commencing with Section 1215) of Chapter 2.

(h) Appoint a subreinsurance intermediary-manager.

1781.9. (a) A reinsurer shall not engage the services of any person, firm, association, or corporation to act as a reinsurance intermediary-manager on its behalf, unless the person is licensed as required by subdivision (b) of Section 1781.3.

(b) A reinsurer shall annually obtain a copy of statements of the financial condition of each reinsurance intermediary-manager which the reinsurer has engaged prepared by an independent certified accountant in a form acceptable to the commissioner.

(c) If a reinsurance intermediary-manager establishes loss reserves, the reinsurer shall annually obtain the opinion of an actuary attesting to the adequacy of loss reserves or losses incurred on the business produced by the reinsurance intermediary manager. This opinion shall be in addition to any other required loss reserve certification. For purposes of this section, a reinsurance intermediary-manager shall not be considered as establishing loss

reserves when the reinsurance intermediary-manager only utilizes loss reserves which are the reinsurer's share of loss reserves established by the ceding insurer, provided that the ceding insurer has obtained the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the reinsurance intermediary-manager.

(d) Binding authority for participation in reinsurance syndicates shall rest with an officer of the reinsurer who shall not be affiliated with the reinsurance intermediary-manager.

(e) Within 30 days of termination of a contract with a reinsurance intermediary-manager, the reinsurer shall provide written notification of the termination to the commissioner.

(f) A reinsurer shall not appoint to its board of directors, any officer, director, employee, controlling shareholder, or subproducer of its reinsurance intermediary-manager. This subdivision shall not apply to relationships governed by Article 4.7 (commencing with Section 1215) of Chapter 2.

1781.10. (a) A reinsurance intermediary shall be subject to examination by the commissioner. The commissioner shall have access to all books, bank accounts, and records of each reinsurance intermediary in a form usable to the commissioner.

(b) A reinsurance intermediary-manager may be examined as if it were the reinsurer.

1781.11. (a) A reinsurance intermediary, insurer, or reinsurer found by the commissioner to be in violation of this chapter, after a hearing conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code by an administrative law judge either chosen under Section 11502 of the Government Code or appointed by the commissioner, shall be subject to all of the following:

(1) For each separate violation, a penalty in an amount not exceeding five thousand dollars ($5,000).

(2) Be subject to revocation or suspension of its license or certificate of authority.

(b) Nothing contained in this section shall affect the right of the commissioner to impose or issue any other penalties or orders authorized by law.

(c) Nothing contained in this chapter shall in any manner limit or restrict the rights of policyholders, claimants, creditors, or other third parties or confer any rights upon those persons or otherwise limit any other authority required or authorized to be exercised under this code by the commissioner.

1781.12. The commissioner may adopt reasonable rules and regulations for the implementation and administration of this chapter.

1781.13. No insurer or reinsurer may continue to utilize the services of a reinsurance intermediary on and after January 1, 1992, unless utilization is in compliance with this chapter.

CHAPTER 1010

An act to add and repeal Section 50465 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 50465 is added to the Health and Safety Code, to read:

50465. (a) The Legislature hereby finds and declares all of the following:

(1) The Cranston-Gonzales National Affordable Housing Act of 1990 (Public Law 101-625) was enacted to reaffirm the long-established national commitment to decent, safe, and sanitary housing for every American.

(2) The Cranston-Gonzales National Affordable Housing Act of 1990 (Public Law 101-625) requires each state and unit of local government to prepare a comprehensive housing affordability strategy, referred to as a "housing strategy," in order to apply for, and receive, specified federal housing assistance.

(3) Sections 50450, 50451, and 50452 require the department to prepare the California Statewide Housing Plan, which contains a statement of housing goals, policies, and objectives, and to biennially update the plan.

(4) Sections 65302 and 65580 of the Government Code require cities and counties to adopt housing elements containing an assessment of housing needs, including their share of the regional housing need, and also containing a five-year program of actions necessary to meet those needs.

(b) It is the intent of the Legislature to do all of the following:

(1) Provide for a coordinated system of housing planning within the State of California by the department, cities, counties, local housing agencies, and the California Housing Finance Agency. This system shall meet the requirements of state and federal law, provide consistent housing goals and objectives, and establish a method for assessing, evaluating, and monitoring the degree of progress and accomplishment in meeting those goals and objectives.

(2) Minimize the amount of additional work necessary to prepare the housing strategy by utilizing existing data, documents, and procedures, to the extent they meet the requirements of law, and fulfill the intent to develop a coordinated system of housing planning with adequate evaluation and monitoring.

(3) Assist communities through the housing strategy to meet their fair share of regional housing needs.

(c) (1) The department shall prepare a draft housing strategy

which incorporates both a strategy to maximize the receipt of federal funds as well as a comprehensive needs assessment by September 1, 1991, which shall be widely distributed.

(2) The department shall hold public hearings by September 15, 1991, in places which are geographically dispersed throughout the state.

(3) The department shall prepare a final draft which addresses the written comments received at the public hearings conducted pursuant to paragraph (1) by October 31, 1991. The final document shall be published and the department shall append a summary of the comments and any changes made in response to the comments to the final document when submitting it to the United States Department of Housing and Urban Development.

(d) In accordance with subdivision (c), the department shall prepare the housing strategy for the State of California required by Sections 105, 107, and 108 of the Cranston-Gonzales National Affordable Housing Act of 1990 (Public Law 101-625), in cooperation with the California Housing Finance Agency, the California Tax Credit Allocation Committee, and the Department of Veterans Affairs.

(e) The department shall consult with a group of individuals having expertise in housing, including, but not limited to, representatives of cities, counties, housing authorities, redevelopment agencies, realtors, lenders, senior housing advocates, low-income housing advocates, and private for profit and nonprofit housing developers, to receive recommendations on all, but not limited to, the following:

(1) Procedures for amendments, performed evaluations, and revisions of the Comprehensive Housing Affordability Strategy.

(2) Methodology for gathering and maintaining housing needs data and housing inventory data.

(3) Procedures and practices for administration of state and federal funds.

(4) Procedures for meeting new federal matching requirements which will maximize the receipt of federal funds.

(5) A priority system for the allocation of funds in accordance with the state's housing needs.

(6) Procedures for improving the housing planning by the State of California, cities, counties, and local housing agencies.

(f) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because federal law requires the adoption of a housing strategy, and because it is in the public interest to commence work on that strategy at the earliest time in order to ensure the receipt of the

maximum amount of federal housing assistance, it is necessary that this act take effect immediately.

CHAPTER 1011

An act to add Article 14.5 (commencing with Section 51865) to Chapter 5 of Part 28 of the Education Code, relating to education.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Distance learning instructional technologies present California with excellent opportunities to accomplish important long-range educational objectives efficiently.

(b) Distance learning is changing educational boundaries that traditionally have been defined by location and by institution. Using distance learning technology, classrooms now can extend to pupils in other schools, in other cities, in other states, and in other nations. A high school course in advanced mathematics may be taught by a university professor in a live, interactive situation linking high school pupils in inner-city areas of Los Angeles, Boston, Detroit, and rural areas of California.

(c) California is far behind other states in statewide planning and policy development for distance learning. As a result, the benefits of distance learning are not being shared equitably throughout the state, its educational resources are not being used as efficiently as they might be, the potential of distance learning technologies to meet broader school and college reform goals is not being maximized, and outmoded statutes and policies block full utilization of those new technologies.

(d) The federal Office of Technology Assessment concluded in a 1989 report that the recent expansion of distance learning has provided a unique opportunity for collaboration and resource sharing by educators from various institutional, instructional, and geographic locations. Joint activities by representatives from public schools, higher education, and the private sector have multiplied significantly during the past five years, seeking to use distance learning as a means to respond to the need for improved educational services. Distance learning technology has been used successfully in many states to provide educational services for geographically isolated schools and for underserved or advanced pupils. States are now using that technology as a means of solving other educational deficiencies, including inadequacies in faculty and staff development, parental involvement, and cultural relations.

(e) High school graduates from rural counties in California are

significantly less likely than high school graduates statewide to be eligible for admission to a four-year college or university. Among the primary reasons for those differing rates of eligibility for admission to California's colleges and universities are that many small rural high schools are isolated and do not have enough pupils to support the advanced or specialty courses offered by larger or less isolated schools, and that some schools are not able to supply the resources or qualified staff necessary to offer courses in certain areas, including, but not limited to, science, foreign language, and mathematics.

(f) California has no formal state policy on the use of distance learning. Because of this, no policies are in place for the appropriation of funding, coordination among service providers and users, or the establishment of guidelines for faculty and administration.

(g) Chapter 14 (commencing with Section 11300) of Part 7 of the Education Code, which became effective January 1, 1990, directed the California Postsecondary Education Commission to develop a state policy on the use of distance learning technology in education, to be considered and, if appropriate, adopted, by the Legislature. The state policy recommended by the commission is set forth in Section 2 of this act.

(h) The California Planning Commission for Educational Technology was established to develop, prior to January 1, 1992, a state master plan for educational technology in the public elementary and secondary schools, and in public postsecondary educational institutions, taking into account, and building upon, existing district, regional, and statewide educational technology plans. The expanded use of distance learning technology is an important objective of the statewide planning effort.

SEC. 2. Article 14.5 (commencing with Section 51865) is added to Chapter 5 of Part 28 of the Education Code, to read:

Article 14.5. California Distance Learning Policy

51865. (a) It is the intent of the Legislature that legislation be enacted to implement the policy objectives set forth in this section with regard to distance learning. For purposes of this article, "distance learning" means instruction in which the pupil and instructor are in different locations and interact through the use of computer and communications technology. Distance learning may include video or audio instruction in which the primary mode of communication between pupil and instructor is instructional television, video, telecourses, or any other instruction that relies on computer or communications technology.

(b) Distance learning should be utilized by the state to achieve the following educational goals:

(1) Equity in education, which requires that every pupil in California's public schools, and every adult in the state, have equal access to educational opportunities, regardless of where he or she

lives or how small a school the pupil attends.

(2) Quality in education, which would be enhanced through the creative application of telecommunications, as pupils are given the opportunity to interact with pupils from other cultures and geographical locations, and with outstanding educators from other educational institutions.

(3) Diversity among educational institutions, which has been recognized in California through the support of various types of public educational institutions as well as of independent and private colleges and universities. Distance learning technology permits greater diversity in the means of instruction and in the delivery of educational and training services to an adult population that is more and more likely to seek education outside of the traditional baccalaureate program designed for four consecutive years on a full-time basis shortly after graduating from high school.

(4) Efficiency and accountability, which receive increasing emphasis as state budget resources become increasingly restricted. Distance learning technologies can be effective only through the cooperative efforts of individuals from different institutions, a collaboration that has the potential to reduce costs and increase efficiency. A technology-integrated educational delivery system would allow for the electronic transmittal of files and reports, thus providing the information needed for accountability more rapidly and at a lower cost, and for video teleconferencing for state and local education and other government agencies, thereby diminishing travel requirements.

(c) To the extent that funding is made available for this purpose, a coordinated distance learning system should be developed to serve the following high priority education needs:

(1) The enhancement of work force skills and competency in the adult population.

(2) The expansion of adult education classes in English as a second language, in response to the growing level of unmet need for that instruction.

(3) The enhancement of curriculum to meet the needs of high-risk pupils who would be likely to drop out of traditional classroom programs.

(4) The expansion of course offerings in subjects that include, but are not limited to, foreign languages, science, and mathematics, to rural and inner-city secondary schools that are unable to provide the college preparatory and enrichment courses that their pupils require and that other secondary schools provide.

(5) The expansion of course offerings at community colleges and off-campus centers to better serve students in all parts of the state. This expansion should include university-level courses, to better serve community college students who seek a university-level education but do not have the financial resources to transfer to a university.

(6) The establishment of staff development courses for

elementary school, secondary school, and community college teachers who otherwise might be unable to participate in training opportunities.

(7) The enhancement of curriculum through an increased communication capability on the part of schools, colleges, and universities, providing the opportunity for those institutions to receive various types of supplementary educational programs, conduct exchanges with business, industry, and government, participate in live lectures and conferences on special topics, and increase cooperation and communication with other educational institutions.

(d) The state should encourage the use of multiple technologies in distance learning education, including microwave, satellite, and public/private switched network delivery systems. Priority in this regard should be placed upon interconnecting the various delivery systems, while providing educators with the opportunity to experiment with each alternative distance learning technology.

(e) The state shall recognize the value of regional networks serving regional needs, as well as the value of a statewide network.

(f) In expanding the use of distance learning technology, the state should emphasize the delivery of education and training services to populations currently not receiving those services, the ease of access by educational institutions to the technology, and the lower cost over time of providing instruction through distance learning rather than on site.

(g) The state should employ incentives, rather than requirements, to induce educational institutions to expand their utilization of distance learning technologies.

(h) The state should ensure that the same standards are applied to distance learning for course and program quality, course content, pupil achievement levels, and coherence of curriculum that are currently applied for those purposes to traditional classroom instruction at public educational institutions.

(i) The state should encourage collaboration between the private sector and educational institutions in the use of technology, both to enhance the quality of education in the classroom and to expand the delivery of educational services to the worksite.

CHAPTER 1012

An act to amend Sections 12164.5, 12165, 12166, and 12167 of, and to add Section 12167.1 to, the Public Contract Code, relating to solid waste.

[Approved by Governor October 13, 1991 Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 12164.5 of the Public Contract Code is amended to read:

12164.5. (a) It is the intent of the Legislature that for the current state waste paper collection program, the California Integrated Waste Management Board shall provide participating locations with public information awareness and training to state and legislative employees. Additionally, the California Integrated Waste Management Board shall provide training for personnel, including but not limited to, state and buildings and grounds personnel, responsible for the collection of waste materials. This training shall include, but is not limited to, educating and training the personnel concerning the separation and collection of recyclable materials.

(b) It is also the intent of the Legislature that the California Integrated Waste Management Board continue the current state waste paper collection program and use this program as a model to develop a plan for other waste materials generated by state and legislative employees.

(c) It is also the intent of the Legislature that the department, in consultation with the California Integrated Waste Management Board, shall submit a new recycling plan, which includes but is not limited to, the collection and sale of waste materials generated by state and legislative employees. This plan shall be submitted to the appropriate legislative policy committees on or before August 31, 1990. The plan may be phased in utilizing those office facilities and collecting those waste materials most conducive to operation of a source separation program, but shall be fully implemented by June 1, 1991.

SEC. 2. Section 12165 of the Public Contract Code is amended to read:

12165. (a) After implementing a recycling plan pursuant to subdivision (c) of Section 12164.5, the California Integrated Waste Management Board shall establish, implement, and maintain a recycling plan for the Legislature, which may include all legislative offices and individual members' district offices; all state offices whether in state-owned buildings or leased facilities in Sacramento, Los Angeles, and San Francisco Counties; and in any other areas that the board determines to be feasible. The plan shall include the provisions for the recycling of office paper, corrugated cardboard,

newsprint, beverage containers (as defined in Section 14503 of the Public Resources Code), waste oil, and any other material at the discretion of the board.

(b) The collection program for each product and each location shall be reevaluated by the board on or before January 1, 1994. Subsequently, the board, upon the determination that inclusion of any particular material type would result in a net revenue loss to the state, shall have the discretion to exclude that material from the program, and shall report its conclusions and recommendations to the Legislature. In determining the net revenue loss for the collection of a specified waste material, the board shall include the avoided cost to dispose of the waste material. The plan shall provide either for the collection and sale of materials to private brokers, recycling plants, or nonprofit organizations, or the operation of these entities by the state, or a combination thereof. The plan shall be implemented at the earliest possible date.

(c) The board shall provide participating locations with public awareness information and training to state and legislative employees, including, but not limited to, the proper separation and disposal of recyclable resources. Additionally, the board shall provide training for personnel, including, but not limited to, state buildings and grounds personnel, responsible for the collection of waste materials. This training shall include, but is not limited to, educating and training the personnel concerning the separation and collection of recyclable materials.

(d) No individual, group of individuals, state office, agency, or its employees shall establish a similar collection program or enter into agreement for a similar program unless approved by the board.

SEC. 3. Section 12166 of the Public Contract Code is amended to read:

12166. The California Integrated Waste Management Board may contract as necessary for the recycling of products which have been returned pursuant to Section 12165.

SEC. 4. Section 12167 of the Public Contract Code is amended to read:

12167. Revenues received from this plan or any other activity involving the collection and sale of recyclable materials in state and legislative offices located in state-owned and state-leased buildings, such as the sale of waste materials through recycling programs operated by the California Integrated Waste Management Board or in agreement with the board, shall be used to offset recycling program costs. Any remaining revenues not expended during a fiscal year shall be used to offset recycling program costs in the following year.

SEC. 5. Section 12167.1 is added to the Public Contract Code, to read:

12167.1. Upon approval by the California Integrated Waste Management Board, state agencies and institutions may use moneys derived from the sale of recyclable materials for the purposes of

offsetting recycling program costs. Information on the quantities of recyclable materials collected for recycling shall be provided to the board on an annual basis according to a schedule determined by the board and participating agencies.

SEC. 6. The Legislature hereby finds and declares that there is an urgent need to reduce the amount of mixed paper waste going to the state's overflowing landfills.

SEC. 7. The California Integrated Waste Management Board shall submit recommendations to the Legislature by January 1, 1993, concerning programs which are needed to encourage high levels of recycling for mixed paper waste. As used in this act, "mixed paper waste" means paper stock that consists of a clean sorted mixture of various quantities of paper containing less than 10 percent ground wood stock.

CHAPTER 1013

An act to amend Section 109 of the Business and Professions Code, relating to consumer affairs.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 109 of the Business and Professions Code is amended to read:

109. (a) The decisions of any of the boards comprising the department with respect to setting standards, conducting examinations, passing candidates, and revoking licenses, are not subject to review by the director, but are final within the limits provided by this code which are applicable to the particular board, except as provided in this section.

(b) The director may initiate an investigation of any allegations of misconduct in the preparation, administration, or scoring of an examination which is administered by a board, or in the review of qualifications which are a part of the licensing process of any board. A request for investigation shall be made by the director to the Division of Investigation through the chief of the division or to any law enforcement agency in the jurisdiction where the alleged misconduct occurred.

(c) The director may intervene in any matter of any board where an investigation by the Division of Investigation discloses probable cause to believe that the conduct or activity of a board, or its members or employees constitutes a violation of criminal law.

The term "intervene," as used in paragraph (c) of this section may include, but is not limited to, an application for a restraining order or injunctive relief as specified in Section 123.5, or a referral or

request for criminal prosecution. For purposes of this section, the director shall be deemed to have standing under Section 123.5 and shall seek representation of the Attorney General, or other appropriate counsel in the event of a conflict in pursuing that action.

CHAPTER 1014

An act to amend Section 309 of the Health and Safety Code, relating to genetic disease testing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 309 of the Health and Safety Code is amended to read:

309. (a) It is the policy of the State of California to make every effort to detect, as early as possible, phenylketonuria and other preventable heritable or congenital disorders leading to mental retardation or physical defects.

The state department shall establish a genetic disease unit, which shall coordinate all programs of the state department in the area of genetic disease. The unit shall promote a statewide program of testing information and counseling services and shall have the responsibility of designating tests and regulations to be used in executing this program. The tests shall be in accordance with accepted medical practices and shall be administered to each child born in California at such time as the state department has established appropriate regulations and testing methods. The state department may provide laboratory testing facilities or contract with any laboratory which it deems qualified to conduct tests required under this section. However, notwithstanding Section 309.5, provision of laboratory testing facilities by the state department shall be contingent upon the provision of funding therefor by specific appropriation to the Genetic Disease Testing Fund enacted by the Legislature. If moneys appropriated for purposes of this section are not authorized for expenditure to provide laboratory facilities, the state department may nevertheless contract to provide laboratory testing services pursuant to this section and shall perform laboratory services, including, but not limited to, quality control, confirmatory, and emergency testing, necessary to ensure the objectives of this program.

(b) The state department shall charge a fee for any tests performed pursuant to this section. The amount of the fee shall be established and periodically adjusted by the director in order to meet the costs of this section.

(c) The state department shall inform all hospitals or physicians and surgeons, or both, of required regulations and tests and may alter or withdraw any of these requirements whenever sound medical practice so indicates.

(d) This section shall not apply if a parent or guardian of the newborn child objects to a test on the ground that the test conflicts with his or her religious beliefs or practices.

(e) The genetic disease unit is authorized to make grants or contracts or payments to vendors approved by the state department for all of the following:

(1) Testing and counseling services.

(2) Demonstration projects to determine the desirability and feasibility of additional tests or new genetic services.

(3) To initiate the development of genetic services in areas of need.

(4) To purchase or provide genetic services from any sums as are appropriated for this purpose.

(f) The genetic disease unit shall evaluate and prepare recommendations on the implementation of tests for the detection of hereditary and congenital diseases, including, but not limited to, cystic fibrosis and congenital adrenal hyperplasia. Followup reports on the evaluations and recommendations shall be included in the annual report prepared by the director pursuant to Section 153.

It is the intent of the Legislature that funds for the support of the evaluations and recommendations required pursuant to this subdivision, and for the activities authorized pursuant to subdivision (e), shall be provided in the annual Budget Act appropriation from the Genetic Disease Testing Fund.

(g) Health care providers which contract with a prepaid group practice health care service plan that annually has at least 20,000 births among its membership, may provide, without contracting with the state department, any or all of the testing and counseling services required to be provided under this section or the regulations adopted pursuant thereto, if the services meet the quality standards and adhere to the regulations established by the state department and the plan pays that portion of a fee established under this section which is directly attributable to the state department's cost of administering the testing or counseling service and to any required testing or counseling services provided by the state for plan members. The payment by the plan, as provided in this subdivision, shall be deemed to fulfill any obligation the provider or the provider's patient may have to the state department to pay a fee in connection with the testing or counseling service.

(h) The adoption of regulations pursuant to this section shall be deemed to be an emergency, and necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding subdivision (h) of Section 11346.1 and Section 11349.6 of the Government Code, the director shall transmit regulations adopted pursuant to this section directly to the Secretary

of State for filing. The regulations shall be filed by the Secretary of State as emergency regulations and shall become effective immediately.

(i) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state department pursuant to this section shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the state department.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue protecting public health through genetic screening, while staying within the available budget by changing to the vendor method of compensating health care providers, it is necessary that this act take effect immediately.

(2) Make the court, public guardian, public officer, or public agency, or the employee or agent thereof, liable, in either a personal or official capacity, for damages to a conservatee, conservator, the conservatorship of a person or an estate, or any other person or entity.

Every person convicted under this section who has previously been convicted of an offense enumerated in Section 12001.6, or of any crime made punishable under this chapter, shall serve a term of at least three months in a county jail, or, if granted probation, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned for a period of at least three months.

The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(b) Subdivision (a) shall not apply to any of the following:

(1) Peace officers listed in Section 830.1 or 830.2, whether active or honorably retired, other duly appointed peace officers, honorably retired peace officers listed in subdivision (c) of Section 830.5, full-time paid peace officers of other states and the federal government who are carrying out official duties while in California, or any person summoned by any of those officers to assist in making arrests or preserving the peace while the person is actually engaged in assisting that officer. (2) A retired peace officer who retired after January 1, 1981, shall petition the issuing agency for renewal of his or her privilege to carry a loaded firearm every five years. An honorably retired peace officer, described in paragraph (1), retired prior to January 1, 1981, shall not be required to obtain an endorsement from the issuing agency to carry a firearm. The agency from which a peace officer is honorably retired may, upon initial retirement of the peace officer, or at any time subsequent thereto, deny or revoke, for good cause, the retired officer's privilege to carry a firearm.

(3) An honorably retired peace officer listed in subdivision (c) of Section 830.5 authorized to carry loaded firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. Retired federal officers or agents shall provide the sheriff with certification from the agency from which they retired certifying their service in the state, the nature of their retirement, and indicating the agency's concurrence that the retired federal officer or agent should be accorded the privilege of carrying a loaded firearm.

Upon approval, the sheriff shall issue a permit to the retired federal officer or agent indicating that he or she may carry a loaded firearm in accordance with this paragraph. The permit shall be valid for a period not exceeding five years, shall be carried by the retiree while carrying a loaded firearm, and may be revoked for good cause.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal, and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

(3) Harbor police officers designated pursuant to Section 663.5 of the Harbors and Navigation Code.

(d) Subdivision (a) shall not apply to any of the following who have been issued a certificate pursuant to Section 12033. Security guards and alarm agents en route to or from their residences or employer-required range training. Nothing in this paragraph shall be construed to prohibit cities and counties from enacting ordinances requiring alarm agents to register their names.

(6) Uniformed employees of private patrol operators and private investigators licensed pursuant to Chapter 11.5 (commencing with Section 7512) of Division 3 of the Business and Professions Code while acting within the course and scope of their employment.

(e) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized

to examine any firearm carried by anyone on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. Refusal to allow a peace officer to inspect a firearm pursuant to this section constitutes probable cause for arrest for violation of this section.

(f) As used in this section, "prohibited area" means any place where it is unlawful to discharge a weapon.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

(i) Nothing in this section shall prevent any person from carrying a loaded firearm in an area within an incorporated city while engaged in hunting, provided that the hunting at that place and time is not prohibited by the city council.

(j) (1) Nothing in this section is intended to preclude the carrying of any loaded firearm, under circumstances where it would otherwise be lawful, by a person who reasonably believes that the person or property of himself or herself or of another is in immediate, grave danger and that the carrying of the weapon is necessary for the preservation of that person or property. As used in this subdivision, "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(2) A violation of this section is justifiable when a person who possesses a firearm reasonably believes that he or she is in grave danger because of circumstances forming the basis of a current restraining order issued by a court against another person or persons who has or have been found to pose a threat to his or her life or safety. This paragraph may not apply when the circumstances involve a reciprocal restraining order issued pursuant to Section 4359 of the Civil Code absent a factual finding of a specific threat to the person's life or safety. It is not the intent of the Legislature to limit, restrict, or narrow the application of current statutory or judicial authority to apply this or other justifications to defendants charged with violating Section 12025 or of committing other similar offenses.

Upon trial for violating this section, the trier of fact shall determine

whether the defendant was acting out of a reasonable belief that he or she was in grave danger.

(k) Nothing in this section is intended to preclude the carrying of a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

(*l*) Nothing in this section shall prevent any person from having a loaded weapon, if it is otherwise lawful, at his or her place of residence, including any temporary residence or campsite.

(B) The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

CHAPTER 1025

An act to amend Sections 3520, 3707, and 3708 of the Elections Code, relating to elections.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 3520 of the Elections Code is amended to read:

3520. (a) Each section of the petition shall be filed with the elections official of the county or city and county in which it was circulated, but all sections circulated in any county or city and county shall be filed at the same time. Once filed, no petition section shall be amended except by order of a court of competent jurisdiction.

(b) Within eight days, excluding Saturdays, Sundays, and holidays, after the filing of the petition, the elections official shall determine the total number of signatures affixed to the petition and shall transmit this information to the Secretary of State. If the total number of signatures filed with all elections officials is less than 100 percent of the number of qualified voters required to find the petition sufficient, the Secretary of State shall so notify the proponents and the elections officials and no further action shall be taken in regard to the petition.

(c) If the number of signatures filed with all elections officials is 100 percent or more of the number of qualified voters needed to declare the petition sufficient, the Secretary of State shall immediately so notify the elections officials.

(d) Within 30 days after this notification, excluding Saturdays, Sundays, and holidays, the elections official shall determine the number of qualified voters who have signed the petition. If more than 500 names have been signed on sections of the petition filed with an elections official, the elections official shall use a random sampling technique for verification of signatures, as determined by the Secretary of State. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the elections official shall be given an equal opportunity to be included in the sample. The random sampling shall include an examination of at least 500 or 3 percent of the signatures, whichever is greater. In determining from the records of registration what number of qualified voters have signed the petition, the elections official may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(e) The elections official, upon the completion of the examination, shall immediately attach to the petition, except the signatures thereto appended, a certificate properly dated, showing

the result of the examination and shall immediately transmit the petition, together with the certificate, to the Secretary of State. A copy of this certificate shall be filed in the elections official's office.

(f) If the certificates received from all elections officials by the Secretary of State establish that the number of valid signatures does not equal 95 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to have failed to qualify, and the Secretary of State shall immediately so notify the proponents and the elections officials.

(g) If the certificates received from all elections officials by the Secretary of State total more than 110 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to qualify as of the date of receipt by the Secretary of State of certificates showing the petition to have reached the 110 percent, and the Secretary of State shall immediately so notify the proponents and the elections officials.

SEC. 2. Section 3707 of the Elections Code is amended to read:

3707. Except as provided in Section 3708, within 30 days from the date of filing of the petition, excluding Saturdays, Sundays, and holidays, the elections official shall examine the petition, and from the records of registration ascertain whether or not the petition is signed by the requisite number of voters. A certificate showing the results of this examination shall be attached to the petition.

In determining the number of valid signatures, the elections official may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

The elections official shall notify the proponents of the petition as to the sufficiency or insufficiency of the petition.

If the petition is found insufficient, no further action shall be taken. However, the failure to secure sufficient signatures, shall not preclude the filing of a new petition on the same subject, at a later date.

If the petition is found sufficient, the elections official shall certify the results of the examination to the board of supervisors at the next regular meeting of the board.

SEC. 3. Section 3708 of the Elections Code is amended to read:

3708. (a) Within 30 days from the date of filing of the petition, excluding Saturdays, Sundays, and holidays, if, from the examination of petitions pursuant to Section 3707, more than 500 signatures have been signed on the petition, the elections official may use a random sampling technique for verification of signatures. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the elections official shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of at least 500 or 3 percent of the signatures, whichever is greater.

(b) If the statistical sampling shows that the number of valid

signatures is within 95 to 110 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the elections official shall examine and verify each signature filed.

(c) In determining from the records of registration, what number of valid signatures are signed on the petition, the elections official may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(d) The elections official shall attach to the petition, a certificate showing the result of this examination, and shall notify the proponents of either the sufficiency or insufficiency of the petition.

(e) If the petition is found insufficient, no action shall be taken on the petition. However, the failure to secure sufficient signatures shall not preclude the filing later of an entirely new petition to the same effect.

(f) If the petition is found to be sufficient, the elections official shall certify the results of the examination to the board of supervisors at the next regular meeting of the board.

CHAPTER 1026

An act to amend Sections 5103, 5125, and 5125.1 of the Civil Code, relating to family law.

[Approved by Governor October 13, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the public policy of this state that marriage is an equal partnership and that spouses occupy a confidential and fiduciary relationship with each other, whereby each spouse places trust and confidence in the integrity, honesty, and fairness of the other spouse. Therefore, by this act, the Legislature intends to clarify the management standards controlling Sections 5103 and 5125 of the Civil Code.

SEC. 2. Section 5103 of the Civil Code is amended to read:

5103. (a) Subject to subdivision (b), either husband or wife may enter into any transaction with the other, or with any other person, respecting property, which either might if unmarried.

(b) Except as provided in Sections 143, 144, 146, and 16040 of the Probate Code, in transactions between themselves, a husband and wife are subject to the general rules governing fiduciary relationships which control the actions of persons occupying confidential relations with each other. This confidential relationship imposes a duty of the highest good faith and fair dealing on each spouse, and neither shall take any unfair advantage of the other. This confidential relationship is a fiduciary relationship subject to the

same rights and duties of nonmarital business partners, as provided in Sections 15019, 15020, 15021, and 15022 of the Corporations Code, including the following:

(1) Providing each spouse access at all times to any books kept regarding a transaction for the purposes of inspection and copying.

(2) Rendering upon request, true and full information of all things affecting any transaction which concerns the community property. Nothing in this section is intended to impose a duty for either spouse to keep detailed books and records of community property transactions.

(3) Accounting to the spouse, and holding as a trustee, any benefit or profit derived from any transaction by him or her without the consent of the other spouse which concerns the community property.

SEC. 3. Section 5125 of the Civil Code is amended to read:

5125. (a) Except as provided in subdivisions (b), (c), and (d) and Sections 5110.150 and 5128, either spouse has the management and control of the community personal property, whether acquired prior to or on or after January 1, 1975, with like absolute power of disposition, other than testamentary, as the spouse has of the separate estate of the spouse.

(b) A spouse may not make a gift of community personal property, or dispose of community personal property for less than fair and reasonable value, without the written consent of the other spouse. This subdivision does not apply to gifts mutually given by both spouses to third parties and to gifts given by one spouse to the other spouse.

(c) A spouse may not sell, convey, or encumber community personal property used as the family dwelling, or the furniture, furnishings, or fittings of the home, or the clothing or wearing apparel of the other spouse or minor children which is community personal property, without the written consent of the other spouse.

(d) Except as provided in subdivisions (b) and (c), and in Section 5127, a spouse who is operating or managing a business or an interest in a business that is all or substantially all community personal property has the primary management and control of the business or interest. Primary management and control means that the managing spouse may act alone in all transactions but shall give prior written notice to the other spouse of any sale, lease, exchange, encumbrance, or other disposition of all or substantially all of the personal property used in the operation of the business (including personal property used for agricultural purposes), whether or not title to that property is held in the name of only one spouse. Written notice is not, however, required when prohibited by the law otherwise applicable to the transaction.

Remedies for the failure by a managing spouse to give prior written notice as required by this subdivision are only as specified in Section 5125.1. A failure to give prior written notice shall not adversely affect the validity of a transaction nor of any interest

transferred.

(e) Each spouse shall act with respect to the other spouse in the management and control of the community property in accordance with the general rules governing fiduciary relationships which control the actions of persons having relationships of personal confidence as specified in Section 5103, until such time as the property has been divided by the parties or by a court. This duty includes the obligation to make full disclosure to the other spouse of all material facts and information regarding the existence, characterization, and valuation of all assets in which the community has or may have an interest and debts for which the community is or may be liable, and to provide equal access to all information, records, and books that pertain to the value and character of those assets and debts, upon request.

SEC. 4. Section 5125.1 of the Civil Code is amended to read:

5125.1. (a) A spouse has a claim against the other spouse for a breach of the fiduciary duty imposed by Section 5125 or 5127 that results in impairment to the claimant spouse's present undivided one-half interest in the community interest, including, but not limited to, a single transaction or a pattern or series of transactions, which transaction or transactions have caused or will cause a detrimental impact to the claimant spouse's undivided one-half interest in the community estate.

(b) A court may order an accounting of the property and obligations of the parties to a marriage and may determine the rights of ownership in, the beneficial enjoyment of, or access to, community property, and the classification of all property of the parties to a marriage.

(c) A court may order that the name of a spouse shall be added to community property held in the name of the other spouse alone or that the title of community property held in some other title form shall be reformed to reflect its community character, except with respect to any of the following:

(1) A partnership interest held by the other spouse as a general partner.

(2) An interest in a professional corporation or professional association.

(3) An asset of an unincorporated business if the other spouse is the only spouse involved in operating and managing the business.

(4) Any other property, if the revision would adversely affect the rights of a third person.

(d) (1) Except as provided in paragraph (2), any action under subdivision (a) shall be commenced within three years of the date a petitioning spouse had actual knowledge that the transaction or event for which the remedy is being sought occurred.

(2) An action may be commenced under this section upon the death of a spouse or in conjunction with an action for legal separation, dissolution of marriage, or nullity without regard to the time limitations set forth in paragraph (1).

(3) The defense of laches may be raised in any action brought under this section.

(4) Except as to actions authorized by paragraph (2), remedies under subdivision (a) apply only to transactions or events occurring on or after July 1, 1987.

(e) In any transaction affecting community property in which the consent of both spouses is required, the court may, upon the motion of a spouse, dispense with the requirement of the other spouse's consent if both of the following requirements are met:

(1) The proposed transaction is in the best interest of the community.

(2) Consent has been arbitrarily refused or cannot be obtained due to the physical incapacity, mental incapacity, or prolonged absence of the nonconsenting spouse.

(f) Any action may be brought under this section without filing an action for dissolution of marriage, legal separation, or nullity, or may be brought in conjunction with the action or upon the death of a spouse.

(g) Remedies for breach of the fiduciary duty by one spouse as set out in Section 5103 shall include, but not be limited to, an award to the other spouse of 50 percent, or an amount equal to 50 percent, of any asset undisclosed or transferred in breach of the fiduciary duty plus attorney's fees and court costs. However, in no event shall interest be assessed on the managing spouse.

(h) Remedies for the breach of the fiduciary duty by one spouse when the breach falls within the ambit of Section 3294 shall include, but not be limited to, an award to the other spouse of 100 percent, or an amount equal to 100 percent, of any asset undisclosed or transferred in breach of the fiduciary duty.

CHAPTER 1027

An act to amend Sections 36003, 36107, 36201, 36301, 36302, 36400, 36401, 36402, and 36500 of, to repeal and add Division 25 (commencing with Section 35000) of, and to repeal Chapter 4 (commencing with Section 35040) of Division 25 of, the Public Resources Code, relating to ocean resources.

[Approved by Governor October 14, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Division 25 (commencing with Section 35000) of the Public Resources Code is repealed.

SEC. 2. Division 25 (commencing with Section 35000) is added to the Public Resources Code, to read:

DIVISION 25. COASTAL RESOURCES AND ENERGY ASSISTANCE

CHAPTER 1. GENERAL PROVISIONS

35000. This division shall be known and may be cited as the Coastal Resources and Energy Assistance Act.

35001. The Legislature finds and declares that it is essential that the state, in cooperation with local governments, invest a portion of federal revenues derived from the extraction of publicly owned, nonrenewable offshore energy resources for the sound protection and management of the state's renewable ocean and coastal resources.

35002. The Legislature further finds and declares that the federal government's accelerated and expanded federal offshore leasing program, in conjunction with the State Lands Commission's submerged lands leasing program, have placed a greater strain on state and local government efforts to plan for and manage the ocean and coastal impacts caused by offshore oil and gas development.

35003. The Legislature further finds and declares, therefor, that a portion of federal revenues derived from the extraction of offshore energy resources should be expended by the state to further the following goals:

(a) Provision of financial assistance to coastal counties and cities affected by federal and state offshore energy development.

(b) Assistance to local governments to exercise their responsibility for improving the management of the state's coastal resources.

CHAPTER 2. DEFINITIONS

35020. "Coastal city" means a city or port district which lies, in whole or in part, within the coastal zone.

35021. "Coastal county" means a county or city and county which lies, in whole or in part, within the coastal zone.

35022. "Coastal zone" means the coastal zone as defined in Section 30103.

35023. "Local coastal program" means a local coastal program as defined in Section 30108.6.

35024. "Secretary" means the Secretary of the Resources Agency.

CHAPTER 3. COASTAL COUNTY AND CITY OFFSHORE ENERGY ASSISTANCE

35030. (a) The secretary, after consulting with the California Coastal Commission and the State Lands Commission concerning offshore energy activities, shall award grants to coastal counties and cities to be used for the purposes of planning, assessment, mitigation, permitting, monitoring and enforcement, public services and

facilities, and for other activities related to offshore energy development, consistent with the requirements of the state's coastal management program.

(b) Prior to receiving grants under this chapter, each coastal county and city shall submit a report to the secretary describing how the funds are to be expended. Before submitting the report, each coastal county and city shall provide opportunities for the public to review and comment on the report and shall hold at least one public hearing on the report.

35031. Any funds appropriated in accordance with subdivision (a) of Section 35050 and not expended as described in Section 35030, may be awarded by the secretary for technical and financial assistance to coastal counties and cities with approved local coastal programs to help them exercise effectively their responsibility for improving the management of the state's coastal resources. Technical and financial assistance shall be made available to coastal counties and cities to do any of the following:

(a) Protect wetlands, flood plains, estuaries, beaches, dunes, and fish and wildlife and their habitat within coastal areas.

(b) Minimize the loss of life and property in coastal flood-prone, storm surge, geologic hazard, and erosion-prone areas.

(c) Provide public access to the coast for recreational purposes, to acquire coastal view sheds, and to preserve and restore historic, cultural, and aesthetic coastal sites.

(d) Facilitate the process for siting major facilities along the coast related to fisheries, recreation, and ports and other coastal dependent commercial uses, giving full consideration to environmental concerns as well as the need for economic development.

(e) Promote other coastal management improvements determined by the secretary to be consistent with the state's coastal management program.

35032. The secretary, in cooperation with the California Coastal Commission, shall develop and implement a competitive application process to award coastal counties and cities financial and technical assistance pursuant to this chapter on or before July 1, 1992.

35033. Any financial assistance provided to local governments under this chapter may not exceed 50 percent of the cost of carrying out the project.

35034. On an annual basis, the secretary shall review and assess county and city expenditures under this program. Not more than one hundred thousand dollars ($100,000) of the funds appropriated pursuant to subdivision (a) of Section 35050 may be used by the secretary to defray administrative costs.

CHAPTER 4. LOCAL MARINE FISHERIES IMPACT PROGRAM

35040. The Legislature hereby finds that California's commercial fishing industry is a vital component of the state's economy, and that

this industry has been impacted by offshore oil and gas activities and state and federal marine safety and pollution abatement mandates. The Legislature further finds that the financial impacts of these activities and programs have seriously jeopardized the viability of the California fishing industry. The Legislature hereby establishes the Local Marine Fisheries Impact Program to address these impacts.

The Legislature further finds that this program shall not be considered to be mitigation for these impacts, and that by the enactment of this chapter, the state is not assuming responsibility for mitigating impacts to the fishing industry arising from offshore oil and gas activities. The Legislature further finds and declares that this program is a proper use of funds and that the program serves a necessary public purpose.

35041. (a) The secretary may grant funds appropriated for fishing vessel safety, survey, and pollution abatement equipment to any commercial fisherman, licensed under Section 7850 of the Fish and Game Code, who operates or owns a fishing vessel operated in areas off the coast of this state.

(b) The secretary may also grant funds to individuals and state agencies, contract for services or research, or enter into interagency agreements to address impacts on California's commercial fishing industry from offshore oil and gas and other competing activities and legislative mandates. Funds expended for this purpose may implement programs to address area, gear, and technology development; vessel and gear staging and repair space; fishing vessel safety, survey, and survival equipment; fuel conservation, and resource assessment; fisheries marketing assistance; and the promotion of a fisheries development corporation.

(c) Procedures for the administration of grants under this chapter shall be adopted by the secretary only after providing adequate opportunity for public review and comment. However, those procedures are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

35043. This chapter shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 3. Section 36003 of the Public Resources Code is amended to read:

36003. (a) No authority is created under this division, nor shall any of its purposes or provisions be used by any public or private agency or person, to delay or deny any existing or future project or activity during the preparation and delivery of the report and plan required by this division.

The advisory committee shall review the draft of the report and plan of the task force and shall advise the task force in its preparation.

(2) If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of the local agency and the claimant.

(3) The local agency's written response to the claim, as further documented, shall be submitted to the claimant within 15 days after receipt of the further documentation or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

(c) (1) For claims of over fifty thousand dollars ($50,000) and less than or equal to three hundred seventy-five thousand dollars ($375,000), the local agency shall respond in writing to all written claims within 60 days of receipt of the claim, or may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the local agency may have against the claimant.

(2) If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of the local agency and the claimant.

(3) The local agency's written response to the claim, as further documented, shall be submitted to the claimant within 30 days after receipt of the further documentation, or within a period of time no greater than that taken by the claimant in producing the additional information or requested documentation, whichever is greater.

(d) If the claimant disputes the local agency's written response, or the local agency fails to respond within the time prescribed, the claimant may so notify the local agency, in writing, either within 15 days of receipt of the local agency's response or within 15 days of the local agency's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon a demand, the local agency shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(e) Following the meet and confer conference, if the claim or any portion remains in dispute, the claimant may file a claim as provided in Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the running of the period of time within which a claim must be filed shall be tolled from the time the claimant submits his or her written claim pursuant to subdivision (a) until the time that claim is denied as a

In no event shall these fees or expenses be paid by state or county funds.

(3) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of trial de novo.

(c) The court may, upon request by any party, order any witnesses to participate in the mediation or arbitration process.

CHAPTER 1031

An act to amend Section 66645 of the Government Code, and to amend Section 30413 of the Public Resources Code, relating to energy.

[Approved by Governor October 14, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 66645 of the Government Code is amended to read:

66645. (a) In addition to the provisions of Sections 25302, 25500, 25507, 25508, 25514, 25516.1, 25519, 25523, and 25526 of the Public Resources Code, the provisions of this section shall apply to the commission and the State Energy Resources Conservation and Development Commission with respect to matters within the statutory responsibility of the latter.

(b) After one or more public hearings, and prior to January 1, 1979, the commission shall designate those specific locations within the Suisun Marsh, as defined in Section 29101 of the Public Resources Code, or the area of jurisdiction of the commission, where the location of a facility, as defined in Section 25110 of the Public Resources Code, would be inconsistent with this title or Division 19 (commencing with Section 29000) of the Public Resources Code. The following locations, however, shall not be so designated: (1) any property of a utility that is used for such a facility or will be used for the reasonable expansion thereof; (2) any site for which a notice of intention to file an application for certification has been filed pursuant to Section 25502 of the Public Resources Code prior to January 1, 1978, and is subsequently approved pursuant to Section 22516 of the Public Resources Code; and (3) the area east of Collinsville Road that is designated for water-related industrial use on the Suisun Marsh Protection Plan Map. Each designation made pursuant to this section shall include a description of the boundaries of those locations, the provisions of this title or Division 19 (commencing with Section 29000) of the Public Resources Code with which they would be inconsistent, and detailed findings concerning the significant adverse impacts that would result from development of a facility in the designated area. The commission shall consider the conclusions, if any, reached by the State Energy Resources Conservation and Development Commission in its most recently promulgated comprehensive report issued pursuant to Section 25309 of the Public Resources Code. The commission also shall request the assistance of the State Energy Resources Conservation and Development Commission in carrying out the requirements of this section. The commission shall transmit a copy of its report prepared pursuant to this subdivision to the State Energy Resources

Conservation and Development Commission.

(c) The commission shall revise and update the designations specified in subdivision (b) not less than once every five years. The provisions of subdivision (b) shall not apply to any sites and related facilities specified in any notice of intention to file an application for certification filed pursuant to Section 25502 of the Public Resources Code prior to designation of additional locations made by the commission pursuant to this subdivision.

(d) Whenever the State Energy Resources Conservation and Development Commission exercises its siting authority and undertakes proceedings pursuant to the provisions of Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code with respect to any thermal powerplant or transmission line to be located, in whole or in part, within the Suisun Marsh or the area of jurisdiction of the commission, the commission shall participate in those proceedings and shall receive from the State Energy Resources Conservation and Development Commission any notice of intention to file an application for certification of a site and related facilities within the Suisun Marsh or the area of jurisdiction of the commission. The commission shall analyze each notice of intention and, prior to commencement of the hearings conducted pursuant to Section 25513 of the Public Resources Code, shall forward to the State Energy Resources Conservation and Development Commission a written report on the suitability of the proposed site and related facilities specified in that notice. The commission's report shall contain a consideration of, and findings regarding, the following:

(1) If it is to be located within the Suisun Marsh, the consistency of the proposed site and related facilities, with the provisions of this title and Division 19 (commencing with Section 29000) of the Public Resources Code, the policies of the Suisun Marsh Protection Plan (as defined in Section 29113 of the Public Resources Code) and the certified local protection program (as defined in Section 29111 of the Public Resources Code) if any.

(2) If it is to be located within the area of jurisdiction of the commission, the consistency of the proposed site and related facilities with the provisions of this title and the San Francisco Bay Plan.

(3) The degree to which the proposed site and related facilities could reasonably be modified so as to be consistent with this title, Division 19 (commencing with Section 29000) of the Public Resources Code, the Suisun Marsh Protection Plan, or the San Francisco Bay Plan.

(4) Such other matters as the commission deems appropriate and necessary to carry out Division 19 (commencing with Section 29000) of the Public Resources Code.

SEC. 2. Section 30413 of the Public Resources Code is amended to read:

30413. (a) In addition to the provisions set forth in subdivision (f) of Section 30241, and in Sections 25302, 25500, 25507, 25508, 25510,

25514, 25516.1, 25523, and 25526, the provisions of this section shall apply to the commission and the State Energy Resources Conservation and Development Commission with respect to matters within the statutory responsibility of the latter.

(b) The commission shall, prior to January 1, 1978, and after one or more public hearings, designate those specific locations within the coastal zone where the location of a facility as defined in Section 25110 would prevent the achievement of the objectives of this division; provided, however, that specific locations that are presently used for such facilities and reasonable expansion thereof shall not be so designated. Each such designation shall include a description of the boundaries of those locations, the objectives of this division which would be so affected, and detailed findings concerning the significant adverse impacts that would result from development of a facility in the designated area. The commission shall consider the conclusions, if any, reached by the State Energy Resources Conservation and Development Commission in its most recently promulgated comprehensive report issued pursuant to Section 25309. The commission shall transmit a copy of its report prepared pursuant to this subdivision to the State Energy Resources Conservation and Development Commission.

(c) The commission, after it completes its initial designations in 1978, shall, prior to January 1, 1980, and once every two years thereafter until January 1, 1990, revise and update the designations specified in subdivision (b). After January 1, 1990, the commission shall revise and update those designations not less than once every five years. Those revisions shall be effective on January 1, 1980, or on January 1 of the year following adoption of the revisions. The provisions of subdivision (b) shall not apply to any sites and related facilities specified in any notice of intention to file an application for certification filed with the State Energy Resources Conservation and Development Commission pursuant to Section 25502 prior to designation of additional locations made by the commission pursuant to this subdivision.

(d) Whenever the State Energy Resources Conservation and Development Commission exercises its siting authority and undertakes proceedings pursuant to the provisions of Chapter 6 (commencing with Section 25500) of Division 15 with respect to any thermal powerplant or transmission line to be located, in whole or in part, within the coastal zone, the commission shall participate in those proceedings and shall receive from the State Energy Resources Conservation and Development Commission any notice of intention to file an application for certification of a site and related facilities within the coastal zone. The commission shall analyze each notice of intention and shall, prior to completion of the preliminary report required by Section 25510, forward to the State Energy Resources Conservation and Development Commission a written report on the suitability of the proposed site and related facilities specified in that notice . The commission's report shall contain a consideration of, and

findings regarding, all of the following:

(1) The compatibility of the proposed site and related facilities with the goal of protecting coastal resources.

(2) The degree to which the proposed site and related facilities would conflict with other existing or planned coastal-dependent land uses at or near the site.

(3) The potential adverse effects that the proposed site and related facilities would have on aesthetic values.

(4) The potential adverse environmental effects on fish and wildlife and their habitats.

(5) The conformance of the proposed site and related facilities with certified local coastal programs in those jurisdictions which would be affected by any such development.

(6) The degree to which the proposed site and related facilities could reasonably be modified so as to mitigate potential adverse effects on coastal resources, minimize conflict with existing or planned coastal-dependent uses at or near the site, and promote the policies of this division.

(7) Such other matters as the commission deems appropriate and necessary to carry out this division.

(e) The commission may, at its discretion, participate fully in other proceedings conducted by the State Energy Resources Conservation and Development Commission pursuant to its powerplant siting authority. In the event the commission participates in any public hearings held by the State Energy Resources Conservation and Development Commission, it shall be afforded full opportunity to present evidence and examine and cross-examine witnesses.

(f) The State Energy Resources Conservation and Development Commission shall forward a copy of all reports it distributes pursuant to Sections 25302 and 25306 to the commission and the commission shall, with respect to any report that relates to the coastal zone or coastal zone resources, comment on those reports, and shall in its comments include a discussion of the desirability of particular areas within the coastal zone as designated in such reports for potential powerplant development. The commission may propose alternate areas for powerplant development within the coastal zone and shall provide detailed findings to support the suggested alternatives.

CHAPTER 1032

An act to amend Sections 4848 and 4883 of, and to add Section 4856 to, the Business and Professions Code, relating to veterinary medicine.

[Approved by Governor October 14, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 4848 of the Business and Professions Code is amended to read:

4848. (a) (1) The board shall, by means of examination, ascertain the professional qualifications of all applicants for licenses to practice veterinary medicine in this state and shall issue a license to every person whom it finds to be qualified. No license shall be issued to anyone who has not demonstrated his or her competency by examination.

(2) The examination shall consist of both of the following:

(A) A national examination consisting of both of the following:

(i) The basic examination.

(ii) The clinical competency test.

(B) A California state board examination.

The examinations may be given at the same time or at different times as determined by the board. For examination purposes, the board may make contractual arrangements on a sole source basis with organizations furnishing examination material as it may deem desirable and shall be exempt from Section 10115 of the Public Contract Code.

(3) The national examination may be waived by the board in any case in which it determines that the applicant has taken and passed a national examination for licensure in another state substantially equivalent in scope and subject matter to the national examination last given in California before the determination is made, and has achieved a score on the out-of-state examination at least equal to the score required to pass the national examination administered in California.

(4) Nothing in this chapter shall preclude the board from permitting a person who has completed a portion of his or her educational program, as determined by the board, in a veterinary college, recognized by the board under Section 4846, to take any examination or any part thereof prior to satisfying the requirements for application for a license established by Section 4846.

(b) The board may waive the examination requirements of subdivision (a), and issue a license to an applicant to practice veterinary medicine, surgery, and dentistry, if the applicant meets all of the following requirements and would not be denied issuance of a license by any other provision of this code:

(1) The applicant is licensed in one or more other states in which the board has determined that he or she has taken and passed both parts of the national examination, and a written practical or written practice examination, equivalent in scope and subject matter to the California state board examination.

(2) The applicant has been lawfully and continuously engaged in the practice of veterinary medicine, surgery, and dentistry for four years or more in one or more states immediately preceding filing his or her application for licensure in this state.

(3) The applicant has graduated from a veterinary college recognized by the board under Section 4846. In the case of an applicant who is not a graduate of a veterinary college recognized by the board, he or she shall possess a certificate issued by the Educational Commission for Foreign Veterinary Graduates of the American Veterinary Medical Association which was issued as a result of, among other things, passing the Clinical Proficiency Examination administered by the Educational Commission for Foreign Veterinary Graduates.

(4) The board determines that no disciplinary action has been taken against the applicant by any public agency concerned with the practice of veterinary medicine and that the applicant has not been the subject of adverse judgments resulting from the practice of veterinary medicine which the board determines constitutes evidence of a pattern of incompetence or negligence.

(5) The applicant passes a practicing veterinarian examination administered by the board or a committee or organization authorized by the board. It may be oral or practical or clinical in nature and full consideration shall be given to the duration and character of the applicant's practice.

SEC. 2. Section 4856 is added to the Business and Professions Code, to read:

4856. (a) All records required by law to be kept by a veterinarian subject to this chapter, including, but not limited to, records pertaining to diagnosis and treatment of animals and records pertaining to drugs or devices for use on animals, shall be open to inspection by the board, or its authorized representatives, during an inspection as part of a regular inspection program by the board, or during an investigation initiated in response to a complaint that a licensee has violated any law or regulation that constitutes grounds for disciplinary action by the board. A copy of all those records shall be provided to the board immediately upon request.

(b) Equipment and drugs on the premises, or any other place, where veterinary medicine, veterinary dentistry, or veterinary surgery is being practiced, or otherwise in the possession of a veterinarian for purposes of that practice, shall be open to inspection by the board, or its authorized representatives, during an inspection as part of a regular inspection program by the board, or during an investigation initiated in response to a complaint that a licensee has violated any law or regulation that constitutes grounds for

disciplinary action by the board.

SEC. 3. Section 4883 of the Business and Professions Code is amended to read:

4883. The board may deny, revoke, or suspend a license or assess a fine as provided in Section 4875 for any of the following:

The record of the conviction is conclusive evidence thereof. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The board may order the license suspended or revoked, or assess a fine, or decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

(2) The use of or prescribing for or administering to himself or herself, any controlled substance; or the use of any of the dangerous drugs specified in Section 4211, or of alcoholic beverages to the extent, or in any manner as to be dangerous or injurious to a person licensed under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person so licensed to conduct with safety the practice authorized by the license; or the conviction of more than one misdemeanor or any felony involving the use, consumption or self-administration of any of the substances referred to in this section or any combination thereof and the record of the conviction is conclusive evidence; a plea or verdict of guilty or a conviction following a plea of nolo

contendere is deemed to be a conviction within the meaning of this section; the board may order the license suspended or revoked or assess a fine, or may decline to issue a license, when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

An act to amend Section 211 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 14, 1991. Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 211 of the Revenue and Taxation Code is amended to read:

211. (a) The exemption of fruit- and nut-bearing trees until four years after the season in which they were planted in orchard form and grapevines until three years after the season in which they were planted in vineyard form is as specified in subdivision (i) of Section 3 of Article XIII of the Constitution. For purposes of exemption pursuant to this subdivision, any fruit- or nut-bearing tree, or any grapevine, severely damaged during the exemption period by the December 1990 freeze so as to require pruning to the trunk or bud union to establish a new shoot as a replacement for the damaged tree or grapevine, shall be considered a new planting in orchard or vineyard form.

(b) The exemption of timber is as specified in subdivision (j) of Section 3 of Article XIII of the Constitution and Section 436.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, the requirements of that section relating to any exemption of property for more than five years or for more than 75 percent of the value thereof, shall not apply to any exemption made by this act. In addition, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to preserve the appropriate tax treatment of vital agricultural resources severely damaged by recent natural disasters, it is necessary that this act take effect immediately.

CHAPTER 1035

An act to amend Section 1202.5 of the Public Utilities Code, relating to railroads.

[Approved by Governor October 14, 1991. Filed with Secretary of State October 14, 1991.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202.5 of the Public Utilities Code is amended to read:

1202.5. In prescribing the proportions in which the expense of construction, reconstruction, alteration, or relocation of grade separations shall be divided between railroad or street railroad corporations and public agencies, in proceedings under Section 1202, the commission, unless otherwise provided in this section, shall be governed by the following standards:

(a) Where a grade separation project, whether initiated by a public agency or a railroad, will not result in the elimination of an existing grade crossing, located at or within a reasonable distance from the point of crossing of the grade separation, the commission shall require the public agency or railroad applying for authorization to construct such grade separation to pay the entire cost.

(b) Where a grade separation project initiated by a public agency will directly result in the elimination of one or more existing grade crossings, located at or within a reasonable distance from the point of crossing of the grade separation, the commission shall apportion against the railroad 10 percent of the cost of the project. The remainder of such costs shall be apportioned against the public agency or agencies affected by such grade separation.

(c) Where a grade separation project initiated by a railroad will directly result in the elimination of an existing grade crossing, located at or within a reasonable distance from the point of crossing of the grade separation, the commission shall apportion 10 percent of the cost, attributable to the presence of the highway facilities, against the public agency or agencies affected by the project, and the remainder thereof to the railroad or railroads applying for authorization to construct such grade separation.

(d) Where the project consists of an alteration or reconstruction of an existing grade separation for the purpose of increasing the capacity of the structure for highway purposes, the commission shall apportion 10 percent of the cost against the railroad and the balance against the public agency or agencies affected by the grade separation. There shall be no apportionment of cost to the railroad if it did not bear any of the cost of the original project, in which case the public agency or agencies shall pay 100 percent of the cost of the alteration or reconstruction of the grade separation. An allocation of funds set aside pursuant to Section 190 of the Streets and Highways

Code may be made for such a project notwithstanding subdivision (d) of Section 2454 of the Streets and Highways Code.

Where the project consists of an alteration or reconstruction of an existing grade separation for the purpose of increasing the capacity of the structure for railway purposes, the commission shall apportion 10 percent of the cost against the public agency or agencies affected and the balance against the railroad applying for authorization to alter or reconstruct the grade separation. There shall be no apportionment of cost to the public agency or agencies if the agency or agencies did not bear any of the cost of the original project, in which case the railroad shall pay 100 percent of the cost of the alteration or reconstruction of the grade separation.

(e) In the event the commission finds that a particular project does not clearly fall within the provisions of any one of the above categories, the commission shall make a specific finding of fact on the relation of the project to each of the categories, and in apportioning the costs, it shall assess against the railroad a reasonable percentage, if any, of the cost not exceeding the percentage specified in subdivision (b), dependent on the findings of the commission with respect to the relation of the project to each category. The remainder of such cost shall be apportioned against the public agency or agencies affected by the project.

(f) In the event the commission finds that the respective shares of any apportionment should be divided between two or more railroads or two or more public agencies, the commission, to the extent that it has jurisdiction to do so in a particular proceeding before it, shall divide the shares between the railroads or the public agencies, or both, on any reasonable basis, to be decided by the commission, but in so doing shall follow the standards hereinabove prescribed for apportionment between railroads and public agencies, respectively.

(g) The standards herein prescribed for apportionment of costs of grade separations shall not be applicable where federal funds are used. On such projects, the apportionments shall be in accordance with federal law and the rules, regulations, and orders of the federal agency administering such law, where applicable.

(h) No provision of this section or of the Public Utilities Code shall be construed as in any way limiting the right of public agencies or railroads to negotiate agreements apportioning costs of grade separations, and the validity of any and all such agreements is hereby recognized for all purposes regardless whether the method of apportionment prescribed therein conforms to the standards hereinabove prescribed.

As used in this section "public agency" includes a separation of grade district, as well as the state, a county, city, or other political subdivision.

CHAPTER 1036

An act to amend Sections 17052.5 and 23601.5 of the Revenue and Taxation Code, and to amend Section 9 of Chapter 1291 of the Statutes of 1989, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 14, 1991 Filed with Secretary of State October 14, 1991]

The people of the State of California do enact as follows:

SECTION 1. Section 17052.5 of the Revenue and Taxation Code is amended to read:

17052.5. (a) For taxable years beginning on or after January 1, 1990, and before January 1, 1994, there shall be allowed as a credit against the "net tax" (as defined by Section 17039), an amount equal to 10 percent of the cost of a solar energy system installed on premises, used for commercial purposes, which are located in California and which are owned by the taxpayer during the taxable year. For purposes of taxpayers who lease a solar energy system pursuant to subdivision (j), the tax credit shall apply only to the principal recovery portion of lease payments, as defined in subdivision (*l*), for the term of the lease not to exceed 10 years, which are made during the taxable year, and to the amounts which are expended on the purchased portion of the solar energy system, including installation charges, during the taxable year.

(b) (1) The solar energy tax credit shall be claimed on the state income tax return for the taxable year in which the solar energy system was installed.

(2) The solar energy tax credit may not be claimed for any solar energy system with a generating capacity in excess of 30 megawatts for any taxable year, or portion thereof, for which the Internal Revenue Code does not allow at least a 10-percent tax credit for solar energy systems with a generating capacity in excess of 30 megawatts which is equivalent in scope to the credit available under the Internal Revenue Code for the 1989 calendar year.

(c) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed in subdivision (a).

(d) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit shall be reduced by any grant provided by a public entity for that system.

(e) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and the amount of any grant provided by a utility or public agency for the solar energy system. The basis adjustment shall be made for the taxable year for which the

credit is allowed.

(f) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(g) In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(h) In the case where the credit allowed under this section exceeds the "net tax," the excess may be carried over to reduce the "net tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(i) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(j) Taxpayers who lease a solar energy system installed on premises in California shall receive a tax credit as provided in subdivision (a), if the lessee can confirm, if necessary, by a written document signed by the lessor that (1) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (2) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the State Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(k) The State Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish limits on the eligible costs of solar energy systems in terms of dollars per kilowatt and guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria shall include, but are not limited to, minimum requirements for safety, market readiness, reliability, and durability of solar energy systems. Any solar energy system with a generating capacity in excess of 100 kilowatts is eligible for the credit only if the owner of the solar energy system first obtains a finding from the commission that the system is eligible for the credit under the guidelines and criteria established pursuant to this subdivision. Any solar energy system certified by the commission pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code shall be deemed eligible for the credit. The Franchise Tax Board shall prescribe those regulations as may be necessary to carry out the purposes of this section.

(*l*) The State Energy Resources Conservation and Development Commission may obtain a claimant's social security number or taxpayer identification number through its tax credit application and certification process for purposes of identifying a qualifying taxpayer

to the Franchise Tax Board. The social security number and identification number so obtained shall be used exclusively for state tax administrative purposes.

(m) For purposes of this section, the following definitions shall apply:

(1) "Installed" means placed in a functionally operative state.

(2) "Cost" includes equipment, installation charges, and compensation paid to the owner of burdened property in connection with the acquisition of a solar easement, as defined in Section 801.5 of the Civil Code, and the fees for the recording of the easement. In the case of a system which is leased, "cost" means the principal recovery portion of lease payments, which is the cost incurred by the taxpayer in acquiring the solar energy system, excluding interest charges and maintenance expenses.

"Cost" does not include interest charges and costs associated with the acquisition of an easement other than a solar easement.

"Cost" includes all components to carry out the intended use of the system if they are an integral part of the system.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(o) This section shall remain in effect only until December 1, 1994, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (h), until the credit has been exhausted.

(p) Notwithstanding subdivision (a) and paragraph (1) of subdivision (b), a taxpayer who, on or before the end of a taxable year, has commenced construction, or made expenditures, associated with the installation of a solar energy system, shall be eligible in that taxable year for the tax credit to the extent of the cost paid or incurred during that taxable year for the construction or expenditures for which a credit is otherwise allowable by this section, if the installation is completed on or before the end of the sixth month of the taxpayer's next taxable year.

SEC. 9. Section 84001 of the Education Code is amended to read:

84001. It is the intent of the Legislature that the administration of the laws governing the financial support for the California Community Colleges be conducted within the purview of the following principles and policies:

The system of public support for the California Community Colleges should be designed to strengthen and encourage local responsibility for control of community college education. Community college districts should be so organized that they can facilitate the provision of full educational opportunities for all who attend. Local control is best accomplished by the development of strong, vigorous, and properly organized local administrative units. It is the state's responsibility to create or facilitate the creation of local districts of sufficient size to properly discharge local responsibilities and to spend the tax dollar effectively.

The system of public support for the California Community Colleges should assure that state, local, and other funds are adequate for the support of a realistic funding level. It is unrealistic and unfair to the less wealthy districts to provide for only a part of the financing necessary for an adequate educational program.

The system of public support should permit and encourage community college districts to provide and support improved district organization and educational programs. The system of public support should prohibit the introduction of undesirable organization and educational practices, and should discourage any such practices now in effect. Improvement of programs in particular districts is in the interests of the state as a whole as well as of the people in individual districts, since the excellence of the programs in some districts will tend to bring about program improvement in other districts.

The system of public support should make provision for the apportionment of state funds to local districts on a strictly objective basis that can be computed as well by the local districts as by the state. The principle of local responsibility requires that the granting of discretionary powers to state officials over the distribution of state aid and the granting to these officials of the power to impose undue restriction on the use of funds and the conduct of educational programs at the local level be avoided.

The system of public support for the California Community

Colleges should effect a partnership between the state and community college districts, with both participating equitably in accordance with their relative ability. The respective abilities should be combined to provide a financial plan between the state and the districts for public support.

The system of public support for the California Community Colleges should provide for essential educational opportunities for all who attend. Provision should be made in the financial plan for adequate financing of all educational services.

The broader based taxing power of the state should be utilized to raise the level of financial support in the properly organized but financially weak districts of the state, thus contributing greatly to the equalization of educational opportunity for the students residing therein. It should also be used to provide a minimum amount of guaranteed support to all districts, for this state assistance serves to develop among all districts a sense of responsibility to the entire system of public education in the state.

SEC. 10. Section 84501 is added to the Education Code, to read:

84501. Notwithstanding any other provision of law, commencing with the 1991–92 fiscal year, the term "community college average daily attendance" (ADA) means full-time equivalent student (FTES) as that term is defined by regulations adopted by the Board of Governors of the California Community Colleges.

No allowances to increase their average daily attendance in those classes over the prior year's base shall be provided unless all districts are fully funded, in accordance with regulations of the Board of Governors of the

15814.21. (a) In addition to revenues calculated for apportionment to community college districts pursuant to Section 84700 of the Education Code, if a community college capital outlay project has been approved by the Board of Governors of the California Community Colleges, the Chancellor of the California Community Colleges shall apportion state aid equal to the amount necessary for each district to meet its energy service contract obligation determined pursuant to this chapter. It is the intent of the Legislature that these funds be appropriated annually as a part of the state's general apportionment funds for the community colleges.

(b) If a community college district enters into an energy service contract with the Public Works Board pursuant to this chapter, the district shall, as a part of that energy service contract, authorize the chancellor and Controller to withhold from its annual apportionment the amount of funds necessary to satisfy its annual

energy service contract obligation to the Public Works Board. The agreement shall include authorization to withhold the additional apportionment amount and the amount determined to be the district's proportional share of the energy service contract obligation as determined pursuant to subdivision (a). The authorization shall have precedence over other expenditure obligations of the district. The chancellor shall certify the amounts, by district, to the Controller. The Controller shall withhold the amount so reported for each district and shall, acting on behalf of each district, transfer the appropriate amount from Section B of the State School Fund to the Public Works Board for the purpose of payment of the debt service obligation for the bonds sold to finance the projects.
